Election & Political Litigation

When it comes to defending the principle of "one person, one vote" fundamental to American democracy, Arnold & Porter is a recognized frontrunner. Our seasoned Election & Political Litigation team has an exemplary success rate over multiple election cycles, prioritizing the rule of law over partisan outcomes. We have represented prominent advocacy organizations, concerned citizens and government officials in challenging state and federal laws that restrict voting rights and hinder free and fair elections—gerrymandering, voter ID laws, felony disenfranchisement, attempted census manipulation for partisan gain, and more. We develop smart strategies to navigate state and federal court systems and working closely with our top-tier appellate practice to address shifting Supreme Court perspectives, help ensure the fundamental right to vote remains free of improper restraints.

1 | We were the first firm to argue successfully that a state voter
ID law violated Section 2 of the Voting Rights Act.

2 | Consecutive *Financial Times*' Innovative Lawyers—Rule of Law and Access to Justice awards for our work on census and gerrymandering cases.

4 | Number of *National Law Journal* Political Activism/First Amendment Trailblazers (2020) on our team—the highest concentration of any firm.

I am currently admitted to practice in the United States Supreme Court, the United States Courts of Appeal for the Fourth and Fifth Circuits, the United States District Courts of

Maryland and Arkansas, and to the state bars and courts of Georgia (1987), Maryland (1990), and the District of Columbia (1990).

3. Immediately following law school, I served for a year as judicial clerk to the Honorable Myron H. Thompson, United States District Judge for the Middle District of Alabama. As clerk to Judge Thompson, I routinely dealt with complex civil rights litigation.

4. From October 1987 until the end of 1989, I was an attorney with the Little Rock, Arkansas law firm of Youngdahl & Youngdahl, P.A., where I practiced labor and civil rights law. The firm served as counsel to international and local labor unions throughout the South and Southwest. I was involved extensively in complex employment litigation, and appeared before federal courts in the states of Arkansas, Texas, Louisiana, Mississippi, Oklahoma, New Mexico, Georgia, New York, and Missouri.

5. Since January 1990, I have been an attorney with the American Civil Liberties Union Foundation of Maryland, initially directing the organization's Eastern Shore legal program, and since 2005, as the organization's Legal Director. As an ACLU attorney, I practice exclusively civil rights and constitutional law. During my tenure here, I have supervised and served as counsel in dozens of civil rights and civil liberties cases in addition to the instant case, the great majority in federal court. During my years at the ACLU, I have worked extensively on voting rights and redistricting issues, including serving as counsel in Section 2 cases that led to history-making success by Black candidates on Maryland's Eastern Shore, such as *Cane v. Worcester County*, *Marylanders for Fair Representation v. Schaefer*. Currently, I serve as a lead counsel in *Caroline County Branch of the NAACP v. Town of Federalsburg* and *Wicomico County Branch of the NAACP v. Wicomico County*, both voting rights cases pending in this Court. Additionally, through two decades I have worked collaboratively with civil rights activists and local governments around the state following each decennial census to ensure that the redistricting process is conducted in

compliance with the Voting Rights Act, as the ACLU and NAACP did successfully in Baltimore County in 2001 and as we attempted unsuccessfully to do in 2021. Unfortunately, as discussed at greater length below, the County's rejection of our extensive analysis calling attention to Voting Rights Act violations in the County's 2021 redistricting plan led to our need to undertake this litigation.

6. Due to the small staff of the Maryland ACLU, our legal program operates by enlisting the cooperation of private firm attorneys in each case in which litigation is undertaken, enabling the ACLU to greatly expand the number of cases in which the organization provides counsel to civil rights litigants. In all ACLU cases, a staff attorney serves as co-counsel with our "cooperating attorneys", thus requiring staff counsel on each case to meet all ethical obligations owed to clients and the courts as counsel of record. Due to my years of experience co-counseling ACLU cases with lawyers at private law firms, I have developed skill at providing efficient, quality representation to ACLU clients through partnerships with private firms. Thus, in cases like the instant case in which a large law firm devotes substantial personnel and resources to representation of ACLU clients, I am able to minimize time expended by ACLU personnel on general litigation of the matter, and to focus our time on areas in which our particular expertise is most useful. In other cases, where, for example, we co-counsel a case with a small firm practitioner, ACLU staff lawyers and personnel often are substantially more involved in the case. Generally, however, ACLU staff are the first point of contact for the clients, serve as experts on civil rights law and litigation, and provide oversight for the organization's cases.

7. In the course of this case, I worked with other ACLU personnel, including attorney Tierney Peprah and paralegals Amy Cruice and Elsha Aemero. Their qualifications are as follows:

a) Tierney Peprah is a 2015 graduate of the University of Maryland Law School, who went on to earn an LL.M. in Child and Family Law from Loyola University Chicago School of Law.

Prior to coming to the ACLU of Maryland, she worked for over three years as a Law Guardian with the New Jersey Office of the Public Defender, where she represented children in abuse and neglect litigation and obtained a certification as a child welfare law specialist. Based on her experience representing children and as a civil rights advocate, Ms. Peprah published a book in 2021 called: Fostering False Identity: The Child Welfare System's Design of Social Control of the Black Family. She speaks and writes frequently on racial justice issues. She left the ACLU and the United States in 2023, and now resides with her family in Ghana.

b) Amy Cruice has been a paralegal at the ACLU of Maryland for 23 years, taking on increasing responsibility over time for case investigation and client communications, as well as legal program management. In 2006, the Daily Record newspaper recognized Ms. Cruice as its paralegal of the year, through its "Unsung Heroes" program. Ms. Cruice is a 2000 graduate of Michigan State University, with a B.A. in Criminal Justice.

c) Elsha Aemero is a 2022 graduate of the George Washington University with a special interest in voting rights and democracy. From January through May of 2022, she served as a Voting Rights Intern at the ACLU of Maryland, where she provided research and paralegal services in this litigation, among other redistricting matters. She currently attends law school at Columbia University School of Law.

C. Rates of Compensation Sought

8. Lawyers at public interest organizations like the ACLU do not have regular billing rates, as we work on a salary basis and do not bill our clients for representation. When we are successful in litigation, however, we recover at prevailing market rates under statutory fee provisions. ACLU recovery of fees is crucial to the organization's ability to continue providing quality legal representation to victims of civil rights and civil liberties violations.

9. The current hourly rates for ACLU personnel who worked on this matter are as follows:

Deborah Jeon	$650
Tierney Peprah	$350
Amy Cruice	$220
Elsha Aemero	$220

Based upon my knowledge of the local legal community, these rates reflect rates below those typically charged by other attorneys and paralegals of comparable backgrounds within the Maryland market -- even for work that is not performed on a risky, contingent basis such as this.

D. Work for Which Compensation is Sought

10. During the course of my work on this case, I kept contemporaneous notes of the services and hours expended by me personally, and I supervised timekeeping by other ACLU personnel. Appended hereto as Exhibit 1 is an itemization of work by all ACLU personnel, indicating time for which compensation is sought, as well as showing discounted time. In accordance with the Court's Rules and Guidelines, we have organized this itemization on a phase-by-phase basis, with records organized chronologically within each phase. Our work on this litigation can be broadly categorized into six litigation phases: (i) Case Development, Investigation, and Administration; (ii) Pleadings; (iii) Motion for Preliminary Injunction; (iv) Response to Court's Injunction Order; (v) Litigation over Remedial Map; and (vi) Fee Petition. All of this time was spent on work necessary to the case, but I have nevertheless chosen not to seek reimbursement for all of our time, in my exercise of billing judgment.

11. The ACLU was first contacted by the Baltimore County Branch of the NAACP about County redistricting during the summer of 2021, in anticipation of the U.S. Census Bureau's release of County level Census data in mid-August. NAACP officials were keenly aware that the

County's diversifying population would make it possible for the redistricting process to afford more opportunities for Black residents. We discussed this issue with NAACP branch leadership, and upon release of the Census data quickly began analyzing the data and working with demographer William Cooper to explore plan options that would enhance racial fairness in the County's election system.

12. Following review of Redistricting Commission hearings and materials, and based on Mr. Cooper's expert analysis, the NAACP and ACLU began reaching out to County Officials, including the Commission, the County Council, and the County Attorney, beginning in September 2021. In these communications, we raised concern about the lack of attention being paid to Voting Rights Act compliance in the County's development of its redistricting plan, and we proposed alternative options demonstrating ways the County could ensure its redistricting plan was racially fair, in compliance with the Voting Rights Act. As the Redistricting Committee and County Council continued conducting hearings throughout the fall, we engaged thoroughly in this process, seeking to persuade County officials of legal flaws in their proposals in order to ward off the need for this legal challenge. Regrettably, however, the County rebuffed our efforts, electing to move forward with adoption of its unlawful redistricting plan on December 20, 2021. By its terms, the adopted plan was scheduled to take effect at the end of January, for use in the 2022 elections.

13. Given the compressed schedule between the County's consideration and adoption of its redistricting plan and the 2022 election, we began preparing to litigate the matter simultaneously with our advocacy efforts against the County's proposal, so that we could be prepared if litigation was required. During the fall, I worked intensively with Andrew Freeman from Brown, Goldstein & Levy to prepare for litigation -- investigating the issues, engaging with individuals and organizations that wanted to align with the NAACP to challenge any unlawful plan, working with

experts on analyses needed to support a court challenge, and drafting the Complaint, which we filed on December 21, 2021.

14. In recruiting pro bono counsel for this case, we faced several challenges. First, based on my long experience recruiting cooperating counsel in civil rights cases, and in voting rights work specifically, I knew that, after the retirement of C. Christopher Brown from practice at Brown, Goldstein & Levy,[1] there was no Baltimore lawyer or law firm with experience representing plaintiffs in voting rights litigation that would be able to jump in on short notice. This was especially true given the timing of the case: the need for intensive work at the end of the year when most lawyers are unavailable to take on new pro bono projects, with the winter holidays looming and ACLU offices scheduled to be closed for the last week of December. For all of these reasons, I reached out to recruit John Freedman of Arnold & Porter, a nationally-recognized expert on voting rights litigation, to assist us. In light of the urgency of the matter, Arnold & Porter quickly put together a team of lawyers to assist on an emergency basis, and then worked collaboratively with us over the holiday period to prepare papers necessary to seek a preliminary injunction, which we sought as soon as the Court allowed, in mid-January.

15. The work required for filing of this motion was extensive, entailing factual and legal research, briefing, work with experts and interested parties on reports and declarations, attendance at court hearings for presentation of evidence and argument, ultimately leading to the Court's entry of an injunction finding Baltimore County's adopted redistricting plan in violation of the Voting Rights Act, and prohibiting its use for the upcoming election. Thereafter, we worked with experts and the plaintiffs – in accordance with the Court's direction – to evaluate the remedial

[1] Mr. Brown, the founding partner of Brown, Goldstein & Levy and the ACLU of Maryland's longtime General Counsel, was Maryland's premiere voting rights lawyer for decades. In nearly all voting rights cases in which I have worked over the course of my ACLU career up until his retirement due to illness, he was my co-counsel.

plan proposed by the County to address its Voting Rights Act violation and to propose alternatives to better advance the goals of racial fairness. We also participated in briefing and court proceedings concerning remedial options. Ultimately, the Court accepted the County's proposed plan to remedy its Voting Rights Act violation, rather than the Plaintiffs' alternative proposals. As a result, we have tailored this attorneys' fees request to omit charges for work on the remedial plan, including only time necessarily expended to secure and implement the Court's injunction against the County's use of its original adopted plan, and work following adoption of the final remedial plan.

E. Deductions Made to the Fee Petition

16. As detailed below, the reductions we are making to this fee request are substantial.

17. Cuts in personnel for whom fees are sought: We are excluding from this request all time spent on the case by ACLU staff outside the legal department, including policy analyst Justin Nalley and organizer Lorena Diaz, who worked with local residents and provided testimony during the County legislative process opposing the County's unlawful redistricting plan.

18. Categories of work for which deductions in time are being made: In order to ensure that attorneys' fees are sought only for that portion of the case that it is undisputed we prevailed, we are voluntarily cutting all time spent in the remedial part of the case. This constitutes a reduction of 84.1 hours of time actually expended on the matter by ACLU staff, at a value of $47,315.

19. Reductions in the rates being charged – As noted in the plaintiffs' memorandum, all of the Arnold & Porter attorneys are charging rates in this fee petition that are discounted very significantly from the rates they regularly charge to their paying clients.

F. Total Time and Fees Sought and Deductions Made

20. Below are two charts, organized by phase, showing ACLU time sought in this petition, and deductions being made. First, is a chart showing time for which the ACLU is seeking compensation:

Litigation Phase	Hours	Fees
Case Development, Investigation, Administration	129.2	$82,126
Pleadings	62.4	$40,560
Motion for Preliminary Injunction	297.0	$159,716
Response to Court's Injunction Order	7.4	$4,360
Fee Petition	50.0	$25,896.50
Total	546.0	$312,658.50

Time reasonably expended on the case, but for which compensation is not sought, is here:

Litigation Phase	Hours	Fees
Case Development and Investigation	1.0	$350
Pleadings	0	0
Motion for Preliminary Injunction	0	0
Remedial Map	84.1	$47,315
Response to Injunctive Order	0	0
Fee Petition	0	0
Total	85.1	$47,665

21. In sum, the ACLU is requesting reimbursement for fees of **$312.658.50**, covering **546** hours of time expended by ACLU personnel. Excluded from the request are 85.1 hours, valued at $47,665. The American Civil Liberties Union has not received any payment for its work in this case, having been engaged by the plaintiffs on a *pro bono* basis.

G. Litigations Costs Paid by the ACLU

22. In addition to our time, the ACLU has outstanding unreimbursed litigation costs of $40,000 paid to Plaintiffs' expert witness Dr. Matthew Barreto for work he performed on his initial

report and testimony relied upon by the Court in reaching its decision granting a Preliminary Injunction for the Plaintiffs. A retention agreement for this expense is attached as Exhibit 2 to this Declaration.

I declare under penalty of perjury that the foregoing is true and correct.

Re: Baltimore County Redistricting Litigation

Dear Professor Barreto:

I am writing to follow up on our conversation regarding my firm's interest in utilizing your expert services in the above-referenced matter. This letter describes the arrangement whereby you agree to undertake to assist Brown, Goldstein & Levy, LLP and the ACLU of Maryland in connection with our representation of the Baltimore County NAACP and other organizations and individuals in a Voting Rights Act challenge to Baltimore County's redistricting of its councilmanic districts following the 2020 Census.

Your employment by Brown, Goldstein & Levy and the ACLU of Maryland contemplates that you and others working at your direction will assist plaintiffs' attorneys in this VRA suit. You have represented that you have no conflicts of interest that would prevent you from carrying out your duties under this contract and agree that you will not undertake new work that would require you to withdraw from this agreement. Your fees (inclusive of the fees for others working under your direction) for conducting all research and preparing an expert report will be $40,000 plus expenses, plus additional fees for time spent (a) preparing a rebuttal report, (b) hours participating in deposition or trial testimony, including preparation or practice, and (c) traveling to and attending depositions or hearings at the following rates: Matt Barreto—$400/hr.; Kassra Oskooii—$250/hr.; Michael Rios—$100/hr. The $40,000 fee will be due on the following schedule: $15,000 upon commencement of your work; $15,000 upon completion of first draft of your report; and $10,000 upon completion of final draft of your report. Please direct all invoices to my attention, including documentation for expenses incurred. If we are able to reach a settlement with Baltimore County or otherwise decide not to proceed prior to your preparing your initial report, you agreed to cap your fees at $20,000.

At some point, our firm may name you and/or Dr. Oskooii as a testifying expert in this litigation. Until such time as you or he are named, all communications between you and any attorney or staff of this firm, our co-counsel, or our clients in connection with your employment shall be regarded as confidential and made solely for the purpose of assisting counsel in giving legal advice. Thus, such communications will be covered by the attorney-client privilege and attorney work-product doctrine.

In addition, all notes, workpapers, schedules, analyses, and other documents that you prepare or obtain pursuant to this arrangement are held by you solely for our convenience and subject to our unqualified right to instruct you with respect to possession and control. All workpapers and other documents prepared by you or under your direction belong to Brown, Goldstein & Levy, LLP and the ACLU of Maryland. Thus, you must immediately return all documents, records, and workpapers covered by this arrangement to us at our request.

As part of the agreement to provide services in this matter, you must immediately notify us upon the occurrence of any of the following events:

(1) a request by anyone other than an attorney with this firm or our co-counsel to examine, inspect, or copy any documents or records covered by this arrangement;

(2) the receipt of any subpoena, summons, or court order which requires you or your firm or employer to produce any documents or records covered by this arrangement;

(3) a request by anyone other than an attorney with this firm or our co-counsel that you disclose any of the information you have obtained as part of your investigation; and/or

(4) the receipt of any subpoena, summons, or court order that requires you or your firm or employer to disclose any of the information you have obtained as part of your investigation.

Thank you for agreeing to be of assistance in connection with this matter. If this agreement meets with your approval, please sign and return the signature page. I may be reached at 410-404-4888. I look forward to our further discussions.

Sincerely,

Andrew D. Freeman

A. FREEMAN DECLARATION

EXHIBIT C

UNITED STATES DISTRICT COURT
DISTRICT OF MARYLAND
(Northern Division)

BALTIMORE COUNTY BRANCH OF THE NATIONAL ASSOCIATION FOR THE ADVANCEMENT OF COLORED PEOPLE, *et al.*, Plaintiffs, v. BALTIMORE COUNTY, MARYLAND, Defendant.	Civil Action No. LKG-21-03232

DECLARATION OF ANDREW D. FREEMAN

1. I, Andrew D. Freeman, am over 18 years of age and am competent to testify. I submit this declaration in support of Plaintiffs' Motion for an Award of Attorneys' Fees and Costs in this case.

Background

2. I have been a member of the bar of the State of Maryland since 1986 and of this Court and the United States Court of Appeals for the Fourth Circuit since 1987. I have been a partner in the Baltimore-based law firm of Brown, Goldstein & Levy since 1994 and was previously an associate with the firm from 1987 through 1993. Before that, I was a law clerk to the Honorable Norman P. Ramsey of this Court. I am an honors graduate of Harvard College and Stanford Law School.

3. My law practice primarily consists of litigation on behalf of plaintiffs, including civil rights cases (including claims for racial discrimination, gender discrimination, disability rights, wrongful convictions, police excessive force, and other constitutional violations), as well as other litigation in which attorneys' fees are awarded to prevailing plaintiffs, such as actions

brought on behalf of consumers under both state and federal law. I have successfully litigated hundreds of cases in federal and state trial and appellate courts, including numerous civil rights cases in this Court.

4. In 2012 to 2013, at the invitation of then-Chief Judge Chasanow, I served on the Fee Petition Subcommittee of the Bench-Bar Committee of this Court that provided the proposed recommendations that, in turn, became the Court's amendments to Appendix B in 2014 (the most recent amendment to Appendix B). I also served on panels regarding obtaining attorneys' fees awards at the Maryland Partners for Justice Conference in 2010 and 2011. I have experience in litigating attorneys' fees, including obtaining a fee award of $1.5 million in this Court. *See Thompson v. HUD*, Civ. Action No. MJG-95-309, 2001 WL 1636517 (D. Md. Dec. 12, 2001) (Report & Recommendation of Grimm, M.J.), adopted by Judge Garbis in a Memorandum and Order Re Award of Fees and Costs (Feb. 28, 2002).

5. My litigation and advocacy efforts have been recognized by selection as a Fellow of the American College of Trial Lawyers (since 2014), by Chambers USA as a ranked attorney in Litigation: General Commercial in Maryland (since 2020), and with an AV (highest) rating by Martindale-Hubbell Law Directory (since 1996). I have been included among Lawdragon's 500 Leading Lawyers in America (2021–23), 500 Leading Litigators in America (2023–24), 500 Leading Plaintiff Employment and Civil Rights Lawyers (2021–23), and 500 Leading Plaintiff Employment Lawyers in America (2018–20). I was selected as the Maryland Trial Lawyer of the Year for 2000 by the Maryland Trial Lawyers Association. My peers voted me the *Best Lawyers* Baltimore Lawyer of the Year for Civil Rights for 2024, for Bet-the -Company Litigation for 2023, for Litigation - Labor and Employment for 2022, for Personal Injury Litigation – Plaintiffs for 2020, for Mass Tort Litigation/Class Actions – Plaintiffs for 2014 and 2019, and for

Employment Law – Individuals for 2018. I have been included in *Best Lawyers in America* in most or all of the following categories every year since 2012: Appellate Practice, Bet-the-Company Litigation, Civil Rights, Commercial Litigation, Employment Law (Individuals), Labor & Employment Litigation, Mass Tort Litigation/Class Actions (Plaintiffs), and Personal Injury Litigation (Plaintiffs). I have been selected as a "Maryland Super Lawyer" every year since 2007 and a "Top 100 Maryland Super Lawyer" in 2018 and 2023. I received a Leadership in Law award from the Daily Record in 2006, a Champion of Justice Award from the Legal Aid Bureau in 2009, and the Robert M. Bell Award for Leadership in Public Service from the University of Baltimore Students for Public Interest Law in 2010. I have also been honored by the Lawyers Committee for Civil Rights Under Law, the Maryland Food Committee, and the Coalition to End Childhood Lead Poisoning.

6. Marie Bauer, a paralegal-law clerk at Brown, Goldstein & Levy who assisted me in working on the motion for a preliminary injunction, was, at the time, a third-year law student at the University of Maryland Francis King Carey School of Law.

7. Brown, Goldstein & Levy has been honored as Maryland's "Pro Bono Firm of the Year" by the Maryland State Bar Association's Pro Bono Resource Center and as the nation's "Civil Rights Firm of the Year" by the National Law Journal, and the firm received the "Outstanding Achievement Award in the Field of Fair Housing" from the Washington Lawyers' Committee for Civil Rights, among other awards.

Brown Goldstein & Levy's work on this case

8. In the late summer and fall of 2021, Deborah Jeon of the American Civil Liberties Union of Maryland reached out to me for assistance in convincing Baltimore County to draw a County Council district map that complied with the Voting Rights Act and to be available to

assist in litigating the case if the County refused to do so. In the past, Brown, Goldstein & Levy's founding partner, C. Christopher Brown, had worked extensively on Voting Rights Act cases, often as co-counsel with Ms. Jeon. Mr. Brown was in declining health in 2021 (he died in December of that year). In part out of respect for what Mr. Brown had achieved in previous cases, I agreed to work with the ACLU of Maryland on this case. While I have extensive experience litigating civil rights cases, this was my first VRA case. Because Brown, Goldstein & Levy is a relatively small firm (with 20 attorneys) and because the firm had already committed substantial resources to several other large civil rights cases, we were not able to assign other attorneys to the case. Accordingly, the ACLU reached out to Arnold & Porter, which has far greater experience in VRA cases and far greater resources, to be co-lead counsel in the case.

9. Initially, I worked with Ms. Jeon to review maps that the Plaintiffs' expert, William Cooper prepared for the ACLU of Maryland and the Baltimore County NAACP to submit to the Baltimore County Redistricting Commission. We reached out to the County Attorney in an attempt to convince the County Council to comply with the Voting Rights Act and avert the need for a lawsuit.

10. As it became apparent that the County Council planned to enact a map that packed Black voters into one district and cracked them between other districts, so Black voters would have a chance to elect the candidate of their choice in just one district out of seven, I worked with Ms. Jeon to coordinate the individuals and groups interested in being plaintiffs, to identify potential experts, and to draft a Complaint to have ready to file shortly after the County enacted such a map.

11. On December 21, 2021, one day after the County passed Bill 103-21 into law, Arnold & Porter, the ACLU, and Brown Goldstein & Levy, as co-counsel for Plaintiffs, filed suit

in this Court on behalf of Black citizens of Baltimore County and civil organizations promoting civil rights and election fairness. The Complaint sought a declaration that Bill 103-21 violates the Voting Rights Act, an injunction prohibiting Baltimore County from holding elections under Bill 103-21, and an order mandating a redistricting plan for the election of members of the County Council and Board of Education that comports with the Voting Rights Act, 52 U.S.C § 10301, as well as with all other relevant constitutional and statutory requirements.

12. Following the filing of the Complaint, I worked with co-counsel to draft a Motion for Preliminary Injunction to enjoin use of Bill 103-21 in future elections. In addition to assisting in the drafting and editing of the memorandum in support of the motion for preliminary injunction, I worked extensively with the experts and other individuals who provided declarations in support of that motion. I was the lead counsel at the hearing on February 15, 2022, presenting argument and Plaintiffs' witnesses and cross-examining the County's witnesses.

13. The Court granted Plaintiffs' Motion for Preliminary Injunction on February 22, 2022.

14. After the Court granted Plaintiffs' Motion for Preliminary Injunction, my co-counsel and I informed clients and the public about the decision. Pursuant to the Court's direction to the parties to file a joint status report setting forth their respective views on how this matter should proceed, on or before March 8, 2022, I worked on drafting that status report.

15. Late on the night of March 8, 2022, the County filed a remedial map that it claimed complied with the Court's February 22 Order. After reviewing that map (as we would have had to do regardless of the County's next step), Plaintiffs and their counsel concluded that the remedial map continued to violate the Voting Rights Act. We presented further evidence and argument in support of that contention in advance of, at, and following an evidentiary hearing on

March 11. On March 25, 2022, the Court granted the County's motion and approved the remedial map. Plaintiffs are not seeking to recover fees related to litigation over the remedial map.

16. Following the Court's March 25, 2022 Order, I worked with co-counsel on preparing a fee petition for the portions of this case on which Plaintiffs had prevailed. We filed a Motion for Attorneys' Fees (ECF No. 85) on June 6, 2022. While Plaintiffs were preparing a memorandum in support of that motion, a panel of the Fourth Circuit issued an opinion in *Stinnie v. Holcomb*, No. 21-1756. That case presented many of the same issues as this case regarding plaintiffs' right to attorneys' fees when a governmental entity had changed the applicable law in response to the entry of a preliminary injunction. The Fourth Circuit panel held that binding Circuit precedent precluded an award of attorneys' fees in this circumstance, but, recognizing that that precedent was out of step with later developments in the law, Judge Harris wrote a concurrence urging *en banc* review. Over the County's opposition, Plaintiffs sought an extension of time and then a stay (both of which the Court granted) to await the *en banc* Fourth Circuit's decision in *Stinnnie*. Following the Fourth Circuit's *en banc* decision in *Stinnie* in August 2023, 77 F.4th 200 (4th Cir. 2023)(*en banc*),I have worked with co-counsel on revising Plaintiffs' fee petition. I have also reviewed, edited, and organized Brown, Goldstein & Levy's fee records and drafted this declaration. I also took the lead for the Plaintiffs in an unsuccessful mediation with Magistrate Judge Copperthite.

The hourly rates sought are reasonable and within Baltimore market rates for attorneys of comparable skill and experience.

17. I am familiar with the hourly rates that other Maryland law firms charge for litigation in the Baltimore region. To set our firm's rates and to file fee petitions in our cases (as well as others in which I've served as fees counsel), I keep track of rates charged by other attorneys by talking with my peers and by reading surveys of firms' fees, fee petitions filed by

other firms (on behalf of both plaintiffs and defendants), and court opinions regarding fees. Brown, Goldstein & Levy uses that information to be sure that our rates are within the range of market rates charged by comparable firms for comparable work in the Baltimore region.

18. Brown, Goldstein & Levy charges our fee-paying clients $725 an hour for our senior partners, including me, for representation in litigation in courts throughout Maryland. If Debbie Jeon were a partner at BGL, that is the hourly rate we would charge for her time.

19. For attorneys with experience comparable to Tierney Peprah (a 2015 law school graduate), we charge $525 an hour for representation in litigation in courts throughout Maryland.

20. For our paralegals and law clerks, Brown, Goldstein & Levy charges from $250 to $300 an hour, depending on their experience. Our current rate for a law clerk/paralegal in her third year of law school, as Ms. Bauer was when she worked on this case, would be $250. Nonetheless, we are seeking only $220 an hour for her time.

21. I am confident that all of the rates by Plaintiffs for time spent by attorneys, paralegals, and law clerks at Brown, Goldstein & Levy and at the ACLU of Maryland are at or below market rates for attorneys and other professionals of comparable experience in the Baltimore region.

22. Clients regularly pay Brown, Goldstein & Levy at our full hourly rates (i.e., the rates described above, in paragraphs 18–20). Judges and arbitrators in Maryland have approved BGL's full hourly rates in civil rights matters. See, e.g., *Rivera v. Mo's Fisherman Exchange, Inc.*, Case No. ELH-15-1427 (D. Md. Oct. 11, 2018), ECF Nos. 169-3, 170 (approving settlement in Fair Labor Standards Act collective action where BGL petitioned for attorneys' fees at its customary 2018 hourly rates). Following contested fee petition briefing in an arbitration proceeding in 2020, the Honorable James R. Eyler (Ret.) awarded (in early 2021) attorneys' fees

at BGL's regular 2020 market rates; and in 2015, an arbitrator in *Johnson v. Hooters of America, LLC* awarded plaintiff the firm's then-regular rates.

23. On information and belief, the regular hourly rates charged by McGuire Woods (the firm hired by Baltimore County to represent it in this case) are substantially higher than Plaintiffs are seeking for Baltimore attorneys of comparable experience. For example, on information and belief, McGuire Woods currently charges substantially in excess of $800 an hour to its regular fee-paying clients for time spent by Ava Lias-Booker, Baltimore-based lead counsel for the County, who graduated from law school the same year Deborah Jeon and I did (1986). Although McGuire Woods charged a reduced and blended rate of $650 an hour to Baltimore County in this case (a rate set in late 2021 or early 2022), it did so by "blending" the rates of its partners whose regular rates exceed $650 an hour with those of its associates whose regular rates are lower. Plaintiffs sought to confirm McGuire Woods's regular hourly rates for the attorneys and paralegals who worked on this case by propounding a subpoena to McGuire Woods in May 2022 and requests for production of documents and interrogatories to the County in June 2022, but McGuire Woods and the County refused to provide that information.

24. I am familiar with the litigation departments of most if not all of the major Baltimore law firms as well as the small and medium law firms that take on civil rights cases and are potential co-counsel with the Maryland ACLU. Other than my late law partner, C. Christopher Brown (who died in 2021), and the ACLU of Maryland's Deborah Jeon, I am not aware of any attorney based in Baltimore who had significant experience representing plaintiffs in Voting Rights Act cases prior to January 2022.

25. Based upon my knowledge and expertise as described above, it is my opinion that the rates sought by Plaintiffs' counsel in this case are reasonable, reflecting rates at or below the value of services by lawyers of their experience and caliber in the Baltimore market.

The time spent by Brown, Goldstein & Levy on this matter was reasonably necessary to Plaintiffs' success in obtaining preliminary injunction that led to the County revising its councilmanic districts.

26. Attached as Exhibit 1 to this declaration is a printout of the contemporaneous time records reflecting the time that Marie Bauer (a law clerk at Brown, Goldstein & Levy) and I spent on this matter for which Plaintiffs seek compensation. All this time was reasonably and necessarily spent to obtain the preliminary injunction entered by this Court on February 22. 2022, as well as on settlement negotiations and mediation and on this fee petition. We have organized that time into litigation phases, for which the hours spent and fees sought are summarized as follows:

Litigation Phase	Hours	Fees
Case Development and Investigation	24.3	$17,617.50
Pleadings	7.3	$5,292.50
Motion for Preliminary Injunction	142.4	$102,179.50
Response to Court's Injunction Order	9.1	$6,597.50
Fee Petition	80.1	$58,072.50
Alternative Dispute Resolution	19.4	$14,065.00
Total	282.7	$203,824.50

27. Attached as Exhibit 2 is a printout of the contemporaneous time records reflecting the time spent on this matter by Brown, Goldstein & Levy for which Plaintiffs do *not* seek compensation. This includes all time spent related to Plaintiffs' response to the County's remedial map and the Court's Order of March 11, 2022 (including ECF Nos. 68 and 75 and the hearing on March 21, 2022). We have organized that time into the same litigation phases, for which the hours spent and fees incurred but not sought are summarized as follows:

Litigation Phase	Hours	Fees
Case Development and Investigation	31.8	$23,055.00
Pleadings	1.3	$794.00
Motion for Preliminary Injunction	2.4	$750.00
Remedial Map	44.8	$32,480.00
Fee Petition	8	$2,527.50
Alternative Dispute Resolution	0.1	$72.50
Total	80.7	$59,679.00

28. Attached as Exhibit 3 is a listing of the expenses incurred by Brown, Goldstein & Levy in support of this case, a total of $595.43 spent on service of process (after the County Attorney informed me that he could not accept service by e-mail), electronic legal research, and the transcript of the first preliminary injunction hearing, all of which was reasonably and necessarily expended in support of the Complaint and successful Motion for Preliminary Injunction.

I declare under penalty of perjury that the foregoing is true and correct.

C. SMITH DECLARATION

EXHIBIT E

UNITED STATES DISTRICT COURT
DISTRICT OF MARYLAND
(Northern Division)

BALTIMORE COUNTY BRANCH OF THE NATIONAL ASSOCIATION FOR THE ADVANCEMENT OF COLORED PEOPLE, *et al.*, Plaintiffs, v. BALTIMORE COUNTY, MARYLAND, Defendant.	Civil Action No. LKG-21-03232

DECLARATION OF CYRIL V. SMITH

1. I, Cyril V. Smith, am over 18 years of age and am competent to testify. I submit this declaration to provide my personal knowledge regarding the fee award sought by Plaintiffs in the above-referenced matter. I have neither sought nor received any compensation for preparing or providing the facts set forth in this declaration.

2. I am a partner at the law firm Zuckerman Spaeder LP in Baltimore, Maryland, where I have practiced law since 1990, after beginning my career with the Washington, D.C. law firm of Dickstein, Shapiro & Morin. I graduated from Dartmouth College in 1981 and from the University of Virginia School of Law in 1986. I primarily represent plaintiffs and defendants in large, complex civil litigation. I have litigated numerous cases in the U.S. District Court for the District of Maryland, the U.S. Court of Appeals for the Fourth Circuit, Maryland state courts, and other federal courts throughout the country.

3. I am a Fellow of the American College of Trial Lawyers (2017 to present) and a member and Past President of the Maryland Chapter of the Federal Bar Association. Among other awards, I have been recognized by Chambers USA as among America's Leading Lawyers for Business in the field of Litigation: General Commercial in Maryland, as a Maryland "Super Lawyer" from 2010 to present, and in The Best Lawyers in America for Commercial Litigation and Legal Malpractice Law from 2011 to present. The *National Law Journal* named me as a "Trailblazer" in 2017, and *Law360* selected me as its Benefits MVP of the Year in 2022. I am AV Peer Review Rated by Martindale-Hubbell, and, in 2009, I received a Leadership in Law Award from *The Daily Record*.

4. Zuckerman Spaeder has offices in both Washington, D.C., and Baltimore.

5. As a partner and member of Zuckerman Spaeder's Partnership Board and former member of its Executive Committee, I am directly involved in setting our firm's billing rates, so I keep myself familiar with the rates other attorneys and paralegals are charging in Baltimore, Washington, D.C., and surrounding areas. In addition, I previously served as a member of the Fee Petition Subcommittee of the U.S. District Court for the District of Maryland's Bench-Bar Liaison Committee, which in 2013 surveyed the rates charged by Maryland firms, and in that role, I personally reviewed dozens of fee petitions filed and decided in this Court, as well as fee petitions filed in the Maryland state courts. In the course of representing both plaintiffs and defendants over the past 35 years, I have also been involved in numerous proceedings in which lawyers for the prevailing party sought to recover fees and expenses from the other parties pursuant to contractual or

statutory fee shifting provisions. Finally, I have submitted and received approval for a number of fee petitions in civil matters before this Court and Maryland state courts. I am thus very familiar with market rates for attorneys and paralegals in Baltimore and throughout Maryland.

6. I am familiar with the work of Arnold & Porter ("A&P"), Brown, Goldstein & Levy ("BGL"), and the ACLU of Maryland ("ACLU"). Like my firm, A&P and BGL represent plaintiffs and defendants in large, complex civil litigation. A&P is regarded as one of the leading law firms in America. BGL is widely regarded as among the best law firms in Baltimore and the State of Maryland. A&P and BGL also have nationally recognized civil rights practices, with BGL being particularly known for its disability and fair housing practices and A&P known, among other things, for its voting rights practice. The ACLU of Maryland is also widely respected as the leading voice for civil rights in Maryland and for its superb team of attorneys. I share others' high regard for both firms and for the ACLU.

7. The attorneys who participated in this case against Baltimore County—Andrew Freeman of BGL; Deborah Jeon and Tierney Peprah of the ACLU; and John Freedman, Mark Colley, Michael Mazzullo, and Youlia Racheva of A&P—are all highly-credentialed attorneys. I am personally familiar with the work of Andrew Freeman, whom I consider to be a superb lawyer, and I am familiar with the work of all three firms/organizations, which, as noted above, I hold in high regard.

8. I have been informed that the Plaintiffs are seeking compensation at the following hourly rates: $725 for BGL partner Andrew Freeman (a 1986 law school

graduate), $650 for Deborah Jeon (a 1986 law school graduate), $350 for Tierney Peprah (2015 graduate), $787 for John Freedman (1995 graduate), $760 for Mark Colley (1980 graduate), $536 for Michael Mazzullo (2019 graduate), $502 for Youlia Racheva (2021 graduate), and $220 for paralegals.

9. All of the hourly rates sought are at or below the hourly rates that my firm, Zuckerman Spaeder, generally charges clients for Baltimore attorneys of comparable experience, and for our paralegals. Most of those rates (including the rates sought for Mr. Freeman, Mr. Freedman, and Ms. Jeon) are substantially below Zuckerman Spaeder's market rates in Baltimore. All those rates are also at or below the market rate for comparable attorneys and paralegals in the Baltimore region who perform work similar to that performed by Plaintiffs' attorneys in this complex litigation.

10. All the rates sought for Arnold & Porter attorneys and paralegals are at the 2023 "Fitzpatrick Matrix" rates approved by the D.C. Circuit and published by the U.S. Attorney's Office for the District of Columbia. Those rates are presumptively reasonable for complex civil litigation in the District of Columbia and are well below the market rates charged by firms such as Zuckerman Spaeder and Arnold & Porter to their fee-paying clients in D.C.

11. I have also reviewed the time records and total fees sought by the Plaintiffs. In a complex case such as this, which required expedited drafting of a complaint and briefing of a hard-fought motion for preliminary injunction (including working with multiple experts to draft their declarations and present their testimony at a contested hearing), the use of a team of four partners (who were not all available at the same time)

and three associates is not unusual and presents advantages in being able to quickly and effectively complete the necessary tasks. It is my opinion that the time for which Plaintiffs seek compensation – a total of approximately 1,100 hours on the tasks related to the complaint and initial preliminary injunction, together with approximately 350 hours on a contested fee petition that involved novel issues relating to prevailing party status – is reasonable and appropriate, and that the total fees sought of approximately $900,000 (plus expenses) are also reasonable and appropriate.

I declare under penalty of perjury that the foregoing is true and correct.

DECLARATION OF MITCHELL Y. MIRVISS

1. I, Mitchell Y. Mirviss, am competent to testify from my own personal knowledge regarding the facts set forth in this Declaration. I have been asked to provide my personal knowledge regarding the fee award sought by Plaintiffs in the above-referenced matter. I have neither sought nor received any compensation for preparing or providing the facts set forth in this declaration.

2. I am a partner at the law firm of Venable LLP in Baltimore, Maryland, where I have practiced law since 1990, and in its Washington, D.C. office. Before coming to Venable, I worked at the Legal Aid Bureau, Inc. for four-and-a-half years in its Baltimore office. I graduated *magna cum laude* from Yale University in 1978 and graduated *cum laude* from Harvard Law School in 1985. I have been a member of the Maryland bar since 1985. I have litigated numerous cases in the United States District Court of Maryland, the United States Court of Appeals for the Fourth Circuit, Maryland state courts, and in federal courts throughout the country. I co-chair Venable's appellate

advocacy group and have extensive experience in such matters as constitutional and civil rights, children's rights, class actions, jurisdiction, punitive damages, attorney-client privilege, intentional torts, and malpractice.

3. I have received numerous professional honors and awards, including being listed in Chambers USA for appellate litigation in Maryland since 2022; in the Best Lawyers in America in the category of Appellate Practice since 2013; by Benchmark Appellate as a Circuit Litigation Star in 2011 and 2013 (where I was named as one of the top three appellate practitioners); and as a Maryland Super Lawyer for appellate advocacy in 2007–2008, 2013–2018, and 2021–2023, as well as for commercial litigation in 2007; receiving the Daily Record's Influential Marylanders award in 2012 and its Maryland Leadership in Law Award in 2004; and receiving the Maryland Legal Services Corporation's Arthur W. Machen, Jr. Award (for "extraordinary commitment to increasing access to justice and improving the legal services delivery system for low-income Marylanders") in 2011 and Disability Rights Maryland's Lorraine Sheehan Lifetime Achievement Award in 2023 for my work on disability rights, civil rights, and children's rights.

4. As a partner at Venable, I am involved in setting my billing rates, so I keep myself familiar with the rates that other attorneys are charging in the Baltimore region, and in surrounding areas in Maryland. contractual or fee-shifting provisions. I am thus familiar with market rates for attorneys and paralegals in Baltimore and across Maryland.

5. I am familiar with the work of Arnold & Porter ("A&P"), Brown, Goldstein & Levy ("BGL"), and the ACLU of Maryland ("ACLU"). Like Venable, A&P and BGL represent parties in complex civil litigation and have offices in Baltimore and the District of Columbia. A&P is one of the leading law firms in America. BGL is among the best and most highly regarded law firms in Baltimore and Maryland. In addition to top-notch civil litigation practices, A&P and BGL have nationally recognized civil-rights practices. The ACLU of Maryland is the leading voice for civil rights in Maryland and is also known for its superb team of attorneys.

6. The attorneys who participated in this case against Baltimore County—Andrew D. All of those rates are at or below the market rate for comparable attorneys and paralegals in the Baltimore region.
