	1	А	Tad Ottman, O-t-t-m-a-n.
	2	Q	Mr. Ottman, you have been designated by the
	3		Wisconsin State Senate pursuant to Rule 30(b)(6)
	4		of the Federal Rules of Civil Procedure to appear
03:30PM	5		here today and testify on behalf of the Wisconsin
	6		State Senate with regards to all information known
	7		by the Senate or available to the Senate regarding
	8		the nine enumerated topics on the subpoena that
	9		was issued to the Wisconsin State Senate. Do you
03:30PM	10		understand that?
	11		MS. BUCHKO: Objection.
	12	А	Yes.
	13	Q	I'm showing you what's been marked
	14		MS. BUCHKO: Let me state my
03:30PM	15		objection. I realize he and I answered at
	16		the same time. But I'm objecting because
	17		he's not the only witness designated by the
	18		Senate.
	19	Q	I'll show you what's been marked as Exhibit No. 1.
03:30PM	20		Have you seen that document before?
	21	А	I have.
	22	Q	What I've shown you is a subpoena that was issued
	23		to the Wisconsin State Senate to appear here today
	24		for this deposition; is that correct?
03:31PM	25	А	Yes.

	1	Q	On the third page of this subpoena, Exhibit No.1,
	2		there is an Exhibit A. Have you been previously
	3		provided with a copy of Exhibit A?
	4	А	I have.
03:31PM	5	Q	Who did you speak with in order to prepare for
	6		your deposition here today?
	7	А	I spoke with the Senate chief clerk, I spoke with
	8		the director of the Legislative Technology
	9		Services Bureau, and I spoke with employees of
03:31PM	10		Senator Fitzgerald that were still working in the
	11		Wisconsin State Legislature during the time

	9	Q	When did you first learn that you would be a
03:33PM	10		designee to testify on behalf of the Wisconsin
	11		Senate?
	12	А	I believe it was sometime last week.
	13	Q	When last week?
	14	А	Middle part of the week. Probably Wednesday I
03:33PM	15		believe.
	16	Q	Who did you speak with?
	17	А	With Senator Fitzgerald.
	18	Q	Did Senator Fitzgerald ask you to testify on

	14	Q	How long did the meeting last?
03:34PM	15	А	About a minute.
	16	Q	If you know, why was Adam Foltz in the room?
	17	А	The conversation was with Senator Fitzgerald. I
	18		believe he was headed out of the office, so it
	19		was I grabbed him for a minute before he left
03:34PM	20		in the doorway.
	21	Q	I don't understand how that's responsive to the

	7		understood that Patrick Fuller would not be
	8		testifying for the Assembly because of similar
	9		concerns.
03:37PM	10	Q	Who is Patrick Fuller?
	11	А	He is the Assembly chief clerk.
	12	Q	Who raised concerns about immunity with regards to
	13		potential designees?
	14	А	I believe that was raised by counsel.
03:37PM	15	Q	When did you first speak with counsel about this
	16		deposition?
	17	А	I spoke with them shortly after they forwarded a

	1	А	It was the videotape summary with the notation of
	2		it. I'm not sure who prepared that.
	3	Q	You watched it? Is that what you're saying?
	4	А	No. There was a written summary of the videotape
03:46PM	5		of the video log. I'm not sure if that was
	6		prepared by the videographer or the court
	7		reporter.
	8		MS. BUCHKO: If I could help here,
	9		I think the deposition transcripts say

	11		certain they do.
	12	Q	Okay. You're referring to the transcript that
	13		refers to the fact that it's a videotape, that it
	14		was a videotape deposition?
03:46PM	15	А	That's correct.
	16	Q	Did you take any notes?
	17	А	I did not.
	18	Q	In reviewing these materials and talking to these
	19		people, did you create any notes?
03:46PM	20	А	I made one notation on a sheet of paper I had of
	21		employees who had worked in Senator Fitzgerald's
	22		office during the time I mentioned when they
	23		responded to me verbally if they had accessed the
	24		computer in the conference room.

	11	Q	Did she tell you why she accessed the
	12		redistricting computer?
	13	А	She didn't tell me that she accessed the

	9	Q	Okay. What do you know about Topic Number Nine?
03:55PM	10	А	The productions of records and data were a search
	11		performed on those computers in response to the
	12		deposition request at the end of 2011 and the
	13		beginning of 2012 that were searched over at
	14		Michael Best & Friedrich and provided to counsel
03:55PM	15		there.
	16		In response to an inquiry from the majority
	17		leader of the State Senate there were two

03:56PM	10	А	When the subpoenas requesting the information for
	11		the depositions beginning back in December of 2011
	12		were served, counsel at Michael Best asked us to
	13		search our computer for potentially responsive
	14		documents at which point I searched my hard drive

	13	А	I don't know exactly. It's my recollection that
	14		the nonresponsive pile was fairly large, but I
04:13PM	15		don't know how many documents may have been in
	16		there.
	17	Q	Approximately how many documents were in there?
	18	А	I couldn't hazard a guess about how many

04:13PM	20		were one page. I don't know how many separate

	1	MR. EARLE: I'm asking him about

	21	A It's possible, but I don't recall specifically.
	22	Q So the record is very clear, you have no
	23	recollection of deleting any E-mails about the
	24	subject of redistricting from your G Mail account
04:34PM	25	during the month of July of 2012?

	1	MS. BUCHKO: Objection, asked and

	3	A No specific recollection.
	4	Q Do you have any general recollection?
04:34PM	5	A I generally recall deleting E-mails frequently.
	6	Whether or not they had to do with redistricting
	7	or, as I discussed earlier, where they may have
	8	been, you know, an alert, a Google alert, or after

	11	А	Not that I understood.
	12	Q	What was your understanding?
	13	А	My understanding, as I mentioned earlier, was when
	14		Attorney McLeod when the subpoenas were issued
04:36PM	15		said Don't delete anything. Let's go through and
	16		find all of the documents, review them, and decide

	4		MS. BUCHKO: Object to form.
05:08PM	5		THE WITNESS: Could you repeat the

	7		(Question read)
	8	А	I don't believe so.
	9	Q	Let's look at Topic Number Eight. You have
05:09PM	10		testified I've asked you a lot of questions
	11		about Topic Number Eight. Is there anything else
	12		that you know about that's responsive to Topic
	13		Number Eight that you have not testified about
	14		here today?
05:09PM	15	А	I don't believe so.
	16	Q	Just so I'm clear, my preservation request to you
	17		applies to any document through January 31 of
	18		2013. I'm not limiting it to through your second
	19		deposition. You understand that, correct?
05:10PM	20	А	What topics are you referring to for preservation?
	21	Q	Any records related to redistricting.
	22	А	0kay.
	23	Q	0kay?
	24	А	0kay.
05:10PM	25	Q	Do you understand that?

	1	A	Yes.
	2	Q	You agree to that request?
	3	А	Subject to instruction of counsel. Yes.
	4	Q	Is there anything else on Topic Number Eight, any
05:10PM	5		information that you have to offer on behalf of
	6		the Wisconsin Senate, with regards to Topic Number
	7		Eight?
	8	А	The only thing I can think of, and I don't know if
	9		Jeff Ylvisaker testified to it, is that I believe
05:10PM	10		he took possession of those computers shortly
	11		before the end date listed here. So they were
	12		preserved at LTSB at that point.
	13	Q	Did there come a time when one of the external
	14		hard drives stopped working?
05:11PM	15	А	Not that I'm aware of.
	16	Q	Is it your testimony that the external hard drives
	17		for the two computers that you had over at the
	18		statehouse were working on the day that you turned
	19		them over to the LTSB?
05:11PM	20		MS. BUCHKO: Objection, foundation
	21		and competency.
	22	А	I don't know.
	23	Q	Well, let's take a look at that. Why don't you

	4	MS. BUCHKO: You were really close.
05:11PM	5	Q During the deposition. He indicates that the LTSB
	6	took custody back of the two computers that were
	7	assigned to you on January 28th of 2013. Does
	8	that square with your recollection?
	9	A I don't recall the specific date, but that sounds
05:12PM	10	about right.
	11	Q And you had custody of both the computer you
	12	worked on and the computer Joe Handrick worked on,
	13	correct?
	14	A They were in the custody of Senator Fitzgerald.
05:12PM	15	One of the computers was on my desk. The other,
	16	as I mentioned in my declaration, was in a third
	17	floor office with me until we moved offices at
	18	which point it moved to the conference room
	19	between the majority leader and the minority

	21	Q What date was that?
	22	A I don't recall the exact date. LTSB would have
	23	the date when they moved the computers.

	6	А	I believe so. Yes.

	8	А	It does.
	9	Q	On that date, July 31, 2012, when the two
05:13PM	10		computers were moved, were both external hard
	11		drives working?
	12	А	I don't know.
	13	Q	Did you ever check to see if the external hard
	14		drives were working?
05:13PM	15	А	The only time I recall looking at the external
	16		hard drives was during the time they were over at
	17		Michael Best. When the LTSB would bring over data
	18		or software updates, they would bring a separate
	19		external hard drive, unplug the hard drive that
05:14PM	20		was on my computer, swap in the one they brought,
	21		download the information, and then switch my hard
	22		drive back on. Because it was sitting on top of

05:26PM	10	А	I don't specifically recall. Typically when my

	18	Q	You may answer the question.
	19	А	Not that I recall.
05:30PM	20	Q	I draw your attention to Number Seven, Topic
	21		Number Seven. It reads, "Any forensic or other

	9	А	Probably less than a minute.
05:32PM	10	Q	How about Topic Number Eight?
	11	А	In terms of how much time?
	12	Q	Yes.
	13	А	I don't recall.

	1	Q	Is there anything else you can offer in testimony

	8		correct.
	9	Q	Did you save your redistricting E-mails that were

	11	А	Typically if there was an E-mail on my State

	14		would save it in my G Mail.

	6	Q	When did you first start using that computer?
	7	А	At the end of that year or the beginning of
	8		January 2011. Sometime around then. I may have
	9		logged in once over the summer to see if it
05:44PM	10		worked, but once or twice over the summer. But

05:44PM	15	А	That's correct.
	16	Q	When did you physically relocate yourself over to

	18	А	I believe that was at the end of 2010 in December.

	1		I'm not certain what data goes along with that. I

	21	Q	So on your computer you had the ability to lock it

	23	А	That's correct. Not when I turned it off. When I

	3	Q	Okay. And the same procedure with Joe's computer?
	4	А	I believe Joe's computer if it was not on

	1	<u>TAD M. OTTMAN</u> ,
	2	called as a witness, being first duly sworn,
	3	testified on oath as follows:
	4	EXAMINATION
	5	By Mr. Poland:
	6	Q Mr. Ottman, good morning.
	7	A Good morning.
	8	Q This is a continuation of the 30(b)(6) deposition
	9	that we were taking of you yesterday when we broke
09:12AM	10	yesterday evening. Do you understand that?
	11	A I do.
	12	Q All right. I'm going to ask you if you would
	13	please get Exhibit No. 1 out. Here. I'll hand it
	14	to you. This is a copy of the 30(b)(6) deposition
09:12AM	15	subpoena that was served on the Wisconsin State
	16	Senate. These are the topics that you were
	17	designated to testify to as one of the witnesses
	18	for the Senate, correct?
	19	A That's correct.
09:12AM	20	Q I would like to move to topics that we didn't
	21	discuss expressly yesterday. I believe when we
	22	left off, the last topic that Mr. Earle asked you
	23	about was Topic Number Four. I would like to move
	24	to Topic Number Three.
09:13AM	25	A Okay.

	1	Q	Do you have that in front of you?
	2	А	I do.
	3	Q	That topic is the location, possession, custody,
	4		and control of any of the three redistricting
09:13AM	5		computers between January 1, 2011 and January 31,
	6		2013. Do you see that?

09:13AM	10		avoid that as best that I can and just finish up

	12	А	0kay.
	13	Q	Now, I know that you testified yesterday in
	14		response to Mr. Earle's testimony that the
09:13AM	15		computers were when I say computers, the two
	16		computers that were assigned to the Senate,
	17		redistricting computers that those were located
	18		in Michael Best & Friedrich's offices for some
	19		period of time in 2011, correct?
09:13AM	20	А	That's correct.
	21	Q	One of them was originally issued to you and was
	22		deployed to Michael Best in approximately July
	23		2010; is that correct?

09:14AM	15	Q	All right. And that was set to back up
	16		automatically from your redistricting computer,
	17		correct?

	16	Q	Did you talk to any other members of the
	17		legislature or Senator Fitzgerald's staff about

	19	А	Not specifically about the computer. I talked to
09:28AM	20		chief of staff at the time, John Hogan, that I was
	21		going to be moving back at such and such a date.
	22	Q	At the time that you requested LTSB to move your

	3		In terms of the only other thing I can think

	1		ask us questions, What is this talking about here?
	2	Q	And were there any such documents that mentioned
	3		SB 150 in them that you actually discussed with
	4		the Michael Best attorneys?
10:42AM	5	А	I don't recall specifically.
	6	Q	Have you deleted from any of the redistricting
	7		computers documents relating to SB 150?
	8	А	Not that I recall.
	9	Q	Did you install any software on your redistricting
10:43AM	10		computer that had the effect of deleting any kind
	11		of files or data from your redistricting computer?
	12		MR. JACOB: Object as to form.
	13	А	I installed a program called CCLeaner.
	14	Q	When did you install CCLeaner on your computer?
10:43AM	15	А	I don't recall exactly. Early part of 2011 I
	16		believe.
	17	Q	Why did you install CCLeaner?
	18	А	My computer often ran particularly slow, and
	19		CCLeaner is a program that cleans out remnants of
10:44AM	20		files that reside in the short-term memory and can
	21		slow down the computer.
	22	Q	How often did you run CCLeaner on your computer?
	23	А	I don't know that I had a regular schedule. If
	24		the computer seemed to be running slow, sometimes
10:44AM	25		I would just run CCLeaner to see if it sped it up.

	2		CCLeaner on your computer?
	3	А	I don't.
	4	Q	Was it something that you did on a weekly basis or
10:44AM	5		monthly basis do you recall?
	6	А	There was no regular basis to it that I recall.
	7	Q	When was the last time that you recall running
	8		CCLeaner on your computer?
	9	А	I don't recall specifically.
10:44AM	10	Q	Do you know whether CCLeaner cleans up artifacts

	3	А	With Adam Foltz. Yes.
	4	Q	And what was the discussion you had with
10:45AM	5		Mr. Foltz?
	6	А	I just asked him if he used it or if he used a

	8		he had it on his computer at home.
	9	Q	His computer at home?
10:45AM	10	А	Uh-huh.

	19	Q	How do you recall seeing Exhibit No. 23?
11:30AM	20	А	Somebody at the Michael Best firm provided me with

	22		solely related to that E-mail.
	23	Q	The E-mail that we went over just a minute ago,

	1	RE-EXAMINATION
	2	By Mr. Earle:
	3	Q You testified in response to Mr. Poland's
	4	questions a little bit ago and to some extent
11:43AM	5	yesterday as well about how the external hard
	6	drive assigned to your computer that was kept at
	7	Michael Best was configured to back up certain
	8	files, correct?
	9	A That's correct.
11:43AM	10	Q What files?
	11	A I believe it was set to back up the map files. I
	12	don't know if it was set to back up anything else.
	13	Q What is the basis of your belief that it was
	14	configured to back up the map files and nothing
11:44AM	15	else?
	16	A Those were obviously the largest files and the
	17	ones we were most concerned about using. It's my
	18	understanding that LTSB said that that's what it
	19	would be configured to back up.
11:44AM	20	Q Did it back up any E-mail files, Outlook?
	21	A Not that I'm aware of.
	22	Q Did it back up any correspondence or non-database
	23	files related to redistricting?
	24	MS. BUCHKO: Object to form.

	16		came up or if he had questions, he would either

	1	Q	And I believe you testified that you understood
	2		the notice to apply to open meeting violations,
	3		correct?
	4	А	That's correct.
12:23PM	5	Q	Now, despite that understanding, is it accurate to
	6		say that you nevertheless continued to preserve
	7		documents that related to redistricting?
	8	А	I did.
	9	Q	Now, you had testified and I believe it's
12:23PM	10		reflected in your recent affidavit that you
	11		deleted some copies of certain map files from one
	12		of the redistricting computers that were used by
	13		Mr. Handrick. Is that accurate?
	14	А	On the computer that Mr. Handrick used. That's
12:23PM	15		correct.
	16	Q	And these were copies of documents that were
	17		previously produced. Is that accurate?
	18	А	That's correct.
	19	Q	At the time that you deleted the copies of those
12:24PM	20		previously produced documents, did you notify
	21		Mr. McLeod that you were deleting those files?
	22	А	I did not.
	23	Q	Did you notify anyone at Michael Best that you
	24		were deleting those files?
12:24PM	25	А	We were not represented by Michael Best at the

	1		time, so I didn't notify anyone there.
	2	Q	Now, Mr. Poland showed you a series of documents
	3		and E-mail communications that he had asked
	4		whether you had printed as part of the review
12:24PM	5		process. Do you recall that?
	6	А	Yes.
	7	Q	And my question is to you do you have a specific
	8		recollection as to those documents that he showed
	9		you actually printing them or are you assuming you
12:25PM	10		printed them based on the substance of the
	11		communication itself?
	12	А	There was a large volume of documents that we
	13		printed out. I don't remember specifically each
	14		document. Based on the content and based on what
12:25PM	15		I searched for, I assumed that that was part of
	16		what I printed out for review.
	17	Q	So it may have been the type of document that you
	18		would have printed? You have no specific
	19		recollection one way or another?
12:25PM	20		MR. EARLE: I'm going to object to
	21		the form of that question.
	22	А	I don't recall each individual E-mail that I
	23		printed out.
	24		MR. JACOB: That's all I have.
12:25PM	25		MS. BUCHKO: I have nothing.

	1	MR. POLAND: I have one follow-up
	2	question.
	3	<u>RE-EXAMINATION</u>
	4	By Mr. Poland:
12:26PM	5	Q Mr. Ottman, Mr. Jacob asked you whether the
	6	documents you deleted were produced, correct?
	7	A I'm not certain which
	8	Q Mr. Jacob asked you if you deleted documents,
	9	correct?
12:26PM	10	A Yes.
	11	Q And you did delete some documents, correct?
	12	A Yes.
	13	Q But those were documents you said that had been
	14	produced to the plaintiffs, correct?
12:26PM	15	A The map documents. That's correct.
	16	Q How do you know those documents were produced to
	17	the plaintiffs?
	18	A Because I sat at Joe's computer and helped copy
	19	those documents for the production disc to the
12:26PM	20	plaintiffs and verified after all of the maps had
	21	been set in a folder and copied to the disc that
	22	all of them were on the disc.
	23	Q And that was a disc that you gave to Mr. McLeod or
	24	to Mr. Olson?
12:26PM	25	A That's correct.

	1	Q Did you ever go back and look at the disc that was
	2	actually given to the plaintiffs to verify that
	3	the documents you deleted were actually produced
	4	to the plaintiffs and not just given to the
12:27PM	5	Michael Best attorneys?
	6	MR. JACOB: Objection as to form
	7	and foundation.
	8	A I don't recall.
	9	Q You don't recall ever having done that?
12:27PM	10	A I don't recall.
	11	Q Is that something that you could do now? I don't
	12	mean sitting here today. But I mean at this point
	13	in time.
	14	A I think between myself and Joe Handrick and
12:27PM	15	probably Adam we could probably look at that.
	16	Q Is that something that your current counsel has
	17	asked you to do?
	18	A No.
	19	MR. POLAND: Nothing further.
12:27PM	20	0kay.
	21	We're done.

The problem here is that the group want 70%. This is classic overkill. I am already very worried about the 65%, and now we have groups wanting 70%.

Can we see what that would look like? I assume it makes the second assembly district not much better than 50-55%.

Team,

Please take a look at the attached press release from Voces de la Frontera regarding Milwaukee's aldermanic districts. They are lobbying for a third Hispanic aldermanic district and increasing the Hispanic voting age population in the already-proposed Hispanic districts. In a 15 seat city plan the ideal population for an aldermanic district is 39,656, compared to 57,444 per assembly district.

Any thoughts on how this could tie into our current thought process regarding the south side?

Voces de la Frontera: Statement on city of Milwaukee's 2011 redistricting 6/6/2011

Contact: Jesus Salas (414) 481-9456 Christine Neumann-Ortiz (414) 736-2835

The following is testimony presented today to the Milwaukee Common Council Judiciary and Legislation Committee at Milwaukee City Hall:

On behalf of Voces de la Frontera, a state wide worker and immigrant rights membership organization which is based in Milwaukee's near Southside on 1027 South 5th St., we want to express our appreciation to the Milwaukee's City Council redistricting process which included making available to the public computers, materials and expertise by its Legislative Reference Bureau. I was one of the taxpayers that availed myself of these resources last Friday at Room 303 in Milwaukee's Municipal Building.

Before moving to Voces' recommendations, I want to take a minute to introduce myself.

My name is Jesus Salas and I have lived in Milwaukee since the late sixties. My father Manuel first came to Wisconsin in the late 1930's. My 2nd oldest brother was born in Hartford, Wisconsin in October of 1941. My father's brother, Julian, served with WI's Red Arrow Division during WWII. Although my parents would permanently relocate in Waushara County in the 1950's, my five brothers and I would all move to Milwaukee in the 1960's. After attending grad school in the mid-seventies and obtaining an advanced degree from UW-Madison in 1985, I returned to Milwaukee's near Southside where I have been living for the last 25 years. I taught at MATC for nearly 20 years. I retired in 2005 and have been a volunteer for Voces since.

First, of all, we support that part of the 15 member Aldermanic plan as made available by the City of Milwaukee Legislative Reference Bureau which responds to the dramatic increase in the Hispanic population in our community by creating two Hispanic aldermanic district, the 8th and 12th. However, we are concerned about how wards with substantial Hispanic concentrations south of those two districts are being divided up amongst various other districts and we want to study this problem and hope to work with them in finding a solution. Since Latinos represent 17% of the city's total population, the city should draw a 3rd district with significant Latino influence.

Secondly, We generally support this two reconfigured aldermanic districts with the following comments and recommendations:

a) We affirm the right of the 8th District Northern boundaries which includes the Menominee Valley.

b) We are presently reviewing your recommendation of the Northern boundaries of the 12th and the 14th. As you can see, the Northern boundaries recede southward as we move towards the lake. Some of this area South of the Menominee River is part and parcel of the economic development initiatives of these two aldermanic districts. For instance, we view the lower 'Third Ward' area as linked to the economic development of the Walker's Point neighborhood. For this reasons, we would like to communicate with district representatives, business and community leaders before we make our final recommendation on the Northern boundaries of these near Southside districts.

c) We support the Legislative Reference Bureau's recommendation for the Western boundaries of the proposed 12th District that joins both sides of Cesar Chavez Drive (formerly 16th Street) in the same aldermanic district.

d) In order to effectively respond to the dramatic increases of the Latino population in the last twenty years, we support the move of the Jackson Park neighborhood from the 8th district to the 1 lth.

Finally, in order to more effectively increase the possibilities of Latinos being elected in the proposed 8th and 12th their

voting age populations needs to be increased respectively from the 62.3% in the former and 67.6% in the latter to at least 70%. This can be done with minor changes as there are a number of adjacent wards that have majority Hispanic voting age populations:

In the 13th, Ward 260 has 53% Hispanic voting age population.

In the 14th, three adjacent wards to the 12th have majority Hispanic voting age population that exceed 60%:

-Ward 261 has 62% Hispanic voting age population

-Ward 244 has 64% Hispanic voting age population

-Ward 243 has 70% Hispanic voting age population

Again, we want to express our appreciation to making available the resources, materials and data for us to make these preliminary comments. We look forward to working with you and the Legislative Reference Bureau in reshaping the 8th and 12th Aldermanic Districts to reflect the dramatic increases of Latinos in the City of Milwaukee.

### **PRIVILEGED ATTORNEY-CLIENT COMMUNICATION**

#### **Confidentiality and Nondisclosure Related to Reapportionment**

Michael Best & Friedrich LLP ("MB&F") is currently engaged to represent the Wisconsin State Senate, by its Majority Leader Scott L. Fitzgerald ("Senate") in connection with matters relating to the reapportionment of the Wisconsin Senate, Assembly and Congressional Districts arising out of the 2010 census (the "Representation"). In connection with the Representation we have instructed certain individuals, working at our direction, to meet with certain members of the Senate for the purpose of discussing matters within the scope of the Representation. Such discussions shall be conducted for the sole purpose of assisting MB&F in rendering legal advice to the Senate and, therefore, are subject to the attorney-client and attorney work product privileges. Consistent with those privileges, such discussions are and shall remain confidential.

This letter will confirm our understanding that such discussions are and shall remain confidential and that you agree not to disclose the fact and/or contents of such discussions or any draft documents within your possession related to the subject of the Representation with persons outside of the privilege. If you have any questions regarding the foregoing, please feel free to raise those questions with me. Otherwise, in order to confirm the foregoing understanding, please sign on the line indicated below.

Sincerely,

MICHAEL BEST & FRIEDRICH LLP

Please send the latest Hispanic map and stats to Gaddie, copy me. In talking with RNC they have concerns about Citizenship and it's impact. Did Gaddie look at those and take it into account? What is the citizen hispanic vap, if you know! That is the reason for much higher. What percent elected The present and past Hispanic legislators if you know? Also please review the contiguity problems noted by RNC and verify all are legally permissable. Please respond to RNC and copy us. Thanks Jim

 Re: Hispanic

Gaddie's analysis showed that the hispanic community turns out to vote at a rate of around 14-15%, hence his recommendation that we draw the 8th Assembly District at 65% HVAP, in order for the community to control the election (the 9th AD would then be left with a HVAP of 50%). We then made the decision to draft the 8th and 9th at 57%/57% and offer an amendment at the originally drawn 65% HVAP, believing the community would take this amendment given their quest for supermajority county supervisor seats. Obviously that changed as things progressed.

Gaddie's use of ecological inference analysis (and/or double regression if he used that) will inherently build in the lower citizenship rates within the community - it shows up in their lower rates of turnout. As far as citizen HVAP is concerned, that information is not part of the census, so we must extrapolate that data using folks like Dr. Gaddie.

I would have no problem with any of the three options on 8 and 9. The issue has been community buy in. However, I am concerned Jim is trying reassess issues we have already resolved. Now is not the time for that.

I had the same thought. I thought we had resolved that we would go with the higher number unless there was support in the community for one of the other alternatives, which there now is. Further, if we were to change this on the floor, we would be substituting an alternative for which no one in the community has advocated.

Rich Zipperer contacted Bob Spindel, who is on the Milwaukee Elections Commission, about testifying in favor of the map. Bob was going to reach out to Gerard Randall and Manny Perez about them testifying as well.

Bob would like someone to call him and walk through what his testimony should cover. I thought one of the attorneys would be best for that. Bob's number is <u>414.276.6331</u>. If you mention that either Rich Zipperer or I asked to call, he will know what the call is about.

A call after 4:15 today should give him enough time to reach out to Gerard and Manny.

Is one of you able to make that call?

Thanks,

Tad

#### DRAFT TESTIMONY

#### **Bob Spindell**

- 1.) Personal Bacground.
  - a. Name, Residence, Public positions (not political)
  - b. Reviewed the Proposed Maps and am here to testify in SUPPORT.
- II.) Population.
  - Shifts in population made for some difficult choices. Here the maps satisfy all those criteria for population.
- III.) Communities of Interest.
  - a. City of Milwaukee-Important to keep it together.
    - i. Here, there are \_\_\_\_ Assembly and \_\_\_\_ Senate Districts wholly within the City.

ii.Suburban nature of parts of the County

- Some of those Suburban areas are now combined outside the County with similar areas. That is a positive.
- b. Election Official-important to try to keep things within municipal boundaries.
  - i. That too is accomplished here as I said.
- IV.) Wards.
  - a. As an election official it is best not to have wards—the unit of elections—among multiple districts. Splits in a voting unit always cause problems. That is minimized here with the wards coming after the assembly and senate districts.

 RE: Testimony from Milwaukee

All,

We need some very clear direction on who is testifying on what, and the preparation.

Let's allocate responsibilities and schedule-here are my suggestions:

1.) TAD & ADAM: Testify together at the opening. Outline has already been prepared. If there are changes, they need those tonight so they can be prepared tomorrow. 10 A.M—Conf. Call tomorrow to review their testimony.

2.) Bruskewitz: JRT spoke to already. Outline provided by JRT to Tad/Adam. Tad or Adam to discuss with her tonight and provide the details she needs and forward an appropriate outline for her (remember this may be discovered) Main Point: Population equality & Communities of interest

3.) Spindell: JRT spoke to already. Outline provided by JRT to Tad/Adam. Tad or Adam to call discuss his testimony and provide the details he needs tonight. Again, an outline can be provided but it may be discoverable. Main Point: Communities in Milwaukee kept together, Wards are best after the districts

4.) Gerard & Manny: Spindell is to call. Then follow-up by Tad or Adam. No outline yet prepared. If the agree to testify, then they will need the specifics of the districts and compare those to the prior maps. Main Point: Supportive of Minority district representation as shown on the maps

5.) MALDEF: JRT has spoken to and forwarded map proposals for evaluation. They will want to know in the morning if the proposal is acceptable, and if it is how they should go about it. We need someone to commit, and I'm not sure how that is to go forward. Main Point: Supportive of Latino districts.

6.) Esenberg: All materials have been forwarded. He will prepare his own testimony.

COMMITTEE Prep: What is the plan? What time for briefing? I assume this is just to say 'don't say much', just the points, population, communities of interest & compact, sensitivity to minority representation.

Produced 10/16/2012 (34 Total Emails)

CONFERENCE CALL: Let's do a conference call on the process at 9 a.m. Tuesday morning so we know that all is getting done. We can use my call-in,(608-807-4108; pin 53214) or and MB&F number.

Witness Line-up: 1.) Tad/Adam; 2.) Esenberg; 3.) Spindell; 4.) Gerard/Manny; 5.) Bruskewitz; 6.) MALDEF. Thoughts?

Timing: What time does it start on Wens? What room? Who will meet with the witnesses before and during the hearing?

Please let me know what you think of this. Thanks.

Communities of interest would be their topics. They are there for the "softer" subjects. Esenberg should handle constitutional issues like equal population and, if possible, the requirements of the VRA (racial minorities).

I left a voice mail for Eileen to call me back.

In terms of prepping them on specifics, what do we want them to testify on? I assume not minority districts. Communities of interest? Population trends?

Are there subjects we do not want them to touch on?

Tad & Adam,

Bob and I talked and I began to brief him. He is expecting a call from one of you to walk him thru specifics. You will need to coordinate who is going to testify, and, unfortunately, you will need to prep people on specifics. We can give them talking points, but on the specifics, you'll know better than any of us.

Also, let me know when you have talked to Eileen. Again, she should limit her comments to things she understands, but she will not know the map (nor did Bob).

Rich Zipperer contacted Bob Spindel, who is on the Milwaukee Elections Commission, about testifying in favor of the map. Bob was going to reach out to Gerard Randall and Manny Perez about them testifying as well.

Bob would like someone to call him and walk through what his testimony should cover. I thought one of the attorneys would be best for that. Bob's number is 414.276.6331. If you mention that either Rich Zipperer or I asked to call, he will know what the call is about.

A call after 4:15 today should give him enough time to reach out to Gerard and Manny.

Is one of you able to make that call?

Thanks,

between the districts. I added a couple of wards so that population was no more than 0.8% off and slightly altered the districts boundaries to provide a better balance. The respective HVAPs are noted on the map.

It appears that they simply worked off the present map and then added and subtracted a few wards. I've included the present district outline as an overlay.

The court map created districts with HVAP's of AD 8 at 58.34%, AD 9 at 22.94%, and SD 3 at approximately 28.5%.

I agree that we should stick to the previously discussed plan for passage on Tuesday.

The only outstanding issue that remains is the amendment to change "shall" to "may" in SB 150 (page 20; line 4). I have had that amendment drafted as a simple amendment to the bill.

today. Do not send things related to these requests directly to Keith as from here on I expect he will be a witness, and will be deposed and this may become public. When I get the numbers I can talk with him, rather than email.

1.) As I had speculated, the citizenship numbers are important. Can you overlay the ACS citizenship data. (American Community Survey)? I've asked Keith to talk today to Clark Benson, who worked with us the last time, to see if he can overlay that data, in the event we can not, onto the 2002 and the 60/54 districts.

2.) Can you provide the data again on the 2002 Hispanic district drawn by the court and compare it to the 60/54 & Senate district? This would be important to any decision to change anything further as obviously that district elected Hispanic representatives. I know I've had that, but could not locate it this afternoon.

3.) The problem here is that Keith believes that no matter how you draw the district, there is not an Hispanic majority district when you consider turnout, but by the same token there is no history at all of racially polarized voting. So, as a consequence he believes he can testify in support of a 60/54 and he is more comfortable with that than the 57/57.

4.) Compactness: Can you run the compactness score for the 60/54 configuration districts 7, 8, 9 and compare that to the rest of the map? Would like to see what comes of it.

5.) Wisconsin Democracy Campaign: Attached is the only alternative out there—the Wisconsin Democracy Campaign. Keith thinks this looks like our map. I'm not sure. Could you do your best to reconstruct it and then let us know what the numbers look like?

Sorry to bother you on a Sunday, but as they say this could be the 'ball game'. We want to make sure we have all we need to make the appropriate decision. If you can get this to us today or at the latest very early tomorrow morning, we can then talk and make then decide what if anything to do.

Keith,

Jim Troupis asked that I have you take a look at the amendment that was adopted in committee on the hispanic districts. Here is the link to the interactive maps: <u>http://legis.wisconsin.gov/ltsb/redistricting/bills.htm</u>

Amendment 2 was the configuration that was adopted. The HVAP in AD 8 is 60.5 % and in AD 9 it is 54%. The incumbent lives in AD 8 and AD 9 is open under all alternatives.

There was testimony by 2 different hispanic groups in favor of the configuration in amendment 2. No one that I'm aware of testified in favor of either the bill configuration (AD 8 HVAP 57.2%, AD 9 HVAP 57.2%) or in favor of amendment 1 (AD 8 HVAP 64%, AD 9 HVAP 50%).

For discussion and analysis purposes I have attempted to recreate the Democracy Campaign's map in the attachment. I first attempted to faithfully recreate what they had produced, but it appeared to be dramatically underpopulated and improperly balanced between the districts. I added a couple of wards so that population was no more than 0.8% off and slightly altered the districts boundaries to provide a better balance. The respective HVAPs are noted on the map.

It appears that they simply worked off the present map and then added and subtracted a few wards. I've included the present district outline as an overlay.

The court map created districts with HVAP's of AD 8 at 58.34%, AD 9 at 22.94%, and SD 3 at approximately 28.5%

I agree that we should stick to the previously discussed plan for passage on Tuesday.

The only outstanding issue that remains is the amendment to change "shall" to "may" in SB 150 (page 20, line 4). I have had that amendment drafted as a simple amendment to the bill.

Tad & ALL,

I just did a long email, but I think it got lost. Sorry if I am repeating myself. I just spent an hour on the phone with Keith G and we have a number of issues we need to address today. Do not send things related to these requests directly to Keith as from here on I expect he will be a witness, and will be deposed and this may become public. When I get the numbers I can talk with him, rather than email.

1.) As I had speculated, the citizenship numbers are important. Can you overlay the ACS citizenship data. (American Community Survey)? I've asked Keith to talk today to Clark Benson, who worked with us the last time, to see if he can overlay that data, in the event we can not, onto the 2002 and the 60/54 districts.

2.) Can you provide the data again on the 2002 Hispanic district drawn by the court and compare it to the 60/54 & Senate district? This would be important to any decision to change anything further as obviously that district elected Hispanic representatives. I know I've had that, but could not locate it this afternoon.

3.) The problem here is that Keith believes that no matter how you draw the district, there is not an Hispanic majority district when you consider turnout, but by the same token there is no history at all of racially polarized voting. So, as a consequence he believes he can testify in support of a 60/54 and he is more comfortable with that than the 57/57.

4.) Compactness: Can you run the compactness score for the 60/54 configuration districts 7, 8, 9 and compare that to the rest of the map? Would like to see what comes of it.

5.) Wisconsin Democracy Campaign: Attached is the only alternative out there—the Wisconsin Democracy Campaign. Keith thinks this looks like our map. I'm not sure. Could you do your best to reconstruct it and then let us know what the numbers look like?

Sorry to bother you on a Sunday, but as they say this could be the 'ball game'. We want to make sure we have all we need to make the appropriate decision. If you can get this to us today or at the latest very early tomorrow morning, we can then talk and make then decide what if anything to do.

Thanks Tad.

Keith,

Jim Troupis asked that I have you take a look at the amendment that was adopted in committee on the hispanic districts. Here is the link to the interactive maps: <u>http://legis.wisconsin.gov/ltsb/redistricting/bills.htm</u>

Amendment 2 was the configuration that was adopted. The HVAP in AD 8 is 60.5 % and in AD 9 it is 54%. The incumbent lives in AD 8 and AD 9 is open under all alternatives.

Produced 10/16/2012 (34 Total Emails)

There was testimony by 2 different hispanic groups in favor of the configuration in amendment 2. No one that I'm aware of testified in favor of either the bill configuration (AD 8 HVAP 57.2%, AD 9 HVAP 57.2%) or in favor of amendment 1 (AD 8 HVAP 64%, AD 9 HVAP 50%).

Jim was gong to call you later today to get your thoughts if you have a chance to take a look at the amendment.

Thanks,

 RE: Wisconsin Hispanic Districts

We have discussed this issue at length and decided to move forward as we have very intentionally. The purpose of introducing the map with three alternatives for these districts (8 and 9) was to solicit Hispanic community input and choose the version supported by the community. The only version for which support was offered is the 60/54 version. I find it hard to believe that we face any significant legal risk by choosing the one in the middle, having proposed three versions and sought community input. Frankly in the unlikely event that a court were to determine we were wrong and should have gone with the higher percentage, the likely remedy would be to make that single change. I don't have any objection to further analysis on this issue, but I would have a hard time supporting a change at this stage of the game. I think we have made the right decision and should go with it.

All,

To be clear for everyone, evaluating everything now and understanding what we are in for is a critical exercise. Obviously the maps will be tested very seriously in court, and equally obvious is that we can predict at this point some of those challenges. We all appreciate that there has been an enormous amount of work that has gone into this, and that the choices were made based on the best information we have had at the time.

Also, in the event the recalls are successful for the Democrats there will be a limitless war chest, I assume, to pay experts and attorneys on the other side so everyone's analysis will be tested at every turn. (Not that they don't already have that war chest in place....)

--As we discussed throughout, a key litigation strategy was to have the 3 assembly districts encompass virtually all the area in question so that a Court, even if it is concerned about percentages, can simply correct those districts within the senate district. In 1981 in the Illinois that was our strategy--we were the plaintiffs seeking only to help one representative---and the Supreme Court of Illinois took that option (a win for the party, but no change to the balance of the map).

--The citizenship issue is being played out in the Carolina's already, as well as Florida. We will need to know that information and have a very clear idea of how to approach it.

--The USDOJ is certainly going to look at the Wisconsin maps starting with their passage. It will not be surprising if AG Holder brings some type of action because Obama's Presidency could hang in the balance of how Wisconsin votes. This next week I'll try to get the legal arguments that are playing out on this and other issues from counsel around the country so we can be better prepared when they come here, as well. I'll try to circulate something later in July.

-- One benefit of having Keith on Board is that he has been and continues to be involved in other parts of the country. That provides needed insight.

--TAD---thank you for the numbers. It looks like they went to the 65/50 (poorly) map. It also looks like the Hispanic community was able to elect a representative at a lower HVAP than the proposed maps, so that certainly works against any challenge premised on electability. Tomorrow, could you look-up the blue book numbers for the elections immediately following the Court map and show the totals in primaries and general for the Hispanic District. We should continue to build the case with real elections, to the extent we can. Also, we will want to collect the data on any Aldermanic and/or

## Produced 10/16/2012 (34 Total Emails)

Supervisory districts in Milwaukee that had a Hispanic surname candidate in the past 10 years. We can then compare those results against the HVAP for those districts. Again, I am assuming those elections will show no particular animus against Hispanic candidates and show election of Hispanic candidates in areas where there were significantly lower % than the two Assembly districts of the map.

--Sound like everyone is prepared to take the risk of the districts as they are. I'll let Keith know and we should all focus on defending this map as is.

Thanks again Tad for pulling together figures.

--\*\*TAD & ADAM: Did you confirm that every one of the 'non-contiguous' items fall within the Wisconsin approved exception? Just want to make sure you've looked at each one.

Subject: Re: Wisconsin Hispanic Districts

For discussion and analysis purposes I have attempted to recreate the Democracy Campaign's map in the attachment. I first attempted to faithfully recreate what they had produced, but it appeared to be dramatically underpopulated and improperly balanced between the districts. I added a couple of wards so that population was no more than 0.8% off and slightly altered the districts boundaries to provide a better balance. The respective HVAPs are noted on the map.

It appears that they simply worked off the present map and then added and subtracted a few wards. I've included the present district outline as an overlay.

The court map created districts with HVAP's of AD 8 at 58.34%, AD 9 at 22.94%, and SD 3 at approximately 28.5%.

I agree that we should stick to the previously discussed plan for passage on Tuesday.

The only outstanding issue that remains is the amendment to change "shall" to "may" in SB 150 (page 20, line 4). I have had that amendment drafted as a simple amendment to the bill.

Subject: RE: Wisconsin Hispanic Districts

Tad & ALL,

I just did a long email, but I think it got lost. Sorry if I am repeating myself. I just spent an hour on the phone with Keith G and we have a number of issues we need to address today. Do not send things related to these requests directly to Keith as from here on I expect he will be a witness, and will be deposed and this may become public. When I get the numbers I can talk with him, rather than email.

1.) As I had speculated, the citizenship numbers are important. Can you overlay the ACS citizenship data. (American Community Survey)? I've asked Keith to talk today to Clark Benson, who worked with us the last time, to see if he can overlay that data, in the event we can not, onto the 2002 and the 60/54 districts.

2.) Can you provide the data again on the 2002 Hispanic district drawn by the court and compare it to the 60/54 & Senate district? This would be important to any decision to change anything further as obviously that district elected Hispanic representatives. I know I've had that, but could not locate it this afternoon.

3.) The problem here is that Keith believes that no matter how you draw the district, there is not an Hispanic majority district when you consider turnout, but by the same token there is no history at all of racially polarized voting. So, as a consequence he believes he can testify in support of a 60/54 and he is more comfortable with that than the 57/57.

4.) Compactness: Can you run the compactness score for the 60/54 configuration districts 7, 8, 9 and compare that to the rest of the map? Would like to see what comes of it.

5.) Wisconsin Democracy Campaign: Attached is the only alternative out there—the Wisconsin Democracy Campaign. Keith thinks this looks like our map. I'm not sure. Could you do your best to reconstruct it and then let us know what the numbers look like?

Sorry to bother you on a Sunday, but as they say this could be the 'ball game'. We want to make sure we have all we need to make the appropriate decision. If you can get this to us today or at the latest very early tomorrow morning, we can then talk and make then decide what if anything to do.

Thanks Tad.

Keith,

Jim Troupis asked that I have you take a look at the amendment that was adopted in committee on the hispanic districts. Here is the link to the interactive maps: <u>http://legis.wisconsin.gov/ltsb/redistricting/bills.htm</u>

Amendment 2 was the configuration that was adopted. The HVAP in AD 8 is 60.5 % and in AD 9 it is 54%. The incumbent lives in AD 8 and AD 9 is open under all alternatives.

Produced 10/16/2012 (34 Total Emails)

There was testimony by 2 different hispanic groups in favor of the configuration in amendment 2. No one that I'm aware of testified in favor of either the bill configuration (AD 8 HVAP 57.2%, AD 9 HVAP 57.2%) or in favor of amendment 1 (AD 8 HVAP 64%, AD 9 HVAP 50%).

Jim was gong to call you later today to get your thoughts if you have a chance to take a look at the amendment.

Thanks,

## Testimony of Person Regarding Creation of Racine/Kenosha Urban Senate District

Mr. Chairman, thank you for the opportunity to testify concerning the creation of a new "urban" Senate district that includes the citics of Racine and Kenosha.

The cities of Racine and Kenosha have roughly the same population and both are medium-sized cities bordering on Lake Michigan. Each has traditionally had a large base of manufacturing activity, where a unionized work force is present and have had more than their fair share of delicious ethnic foods (Racine has its Danish kringle and Kenosha has its Italian delicacies).

Including these two medium-sized urban centers in the same Senate district, in fact, makes more sense than the current Senate district configurations, where the cities of Racine and Kenosha each are placed in Senate districts that include most of the counties of Racine and Kenosha. Current Senate districts, (unlike the proposed Racine-Kenosha urban Senate district) couples the cities of Racine and Kenosha with much smaller, largely rural towns that have little in common with these cities. It therefore makes much more sense to place the smaller townships in the rural areas of both Racine and Kenosha County into a single Senate district while placing the urban centers of Racine and Kenosha in a single Senate district. The interests of the urban centers and the interests of the rural areas are thus much better served in one medium-sized urban and a rural Senate district.

Thank you for the opportunity to testify before the Committee today.

(2) What benefit does the State and its citizens get from moving redistricting bills so quickly?

(3) How many Democratic and Republican member pairings occur under the proposed maps?

(4) How many open seats are created by the proposed maps?

(5) Describe the major population shifts that have occurred since the 2000 census.

(6) Describe the population deviations that occur under the proposed maps.

(7) How many majority/minority districts are created under the proposed maps versus the court-drawn map from ten years ago?

I agree on the "three points". May I suggest that you leave what the Senators can say outside the meeting to Jim and me, however. That sounds better coming from us and doesn't put you in the position of to tell Senators for whom you do not work what they can say. I'd also add that this is the first time the legislature has drawn a map in nearly 30 years, which emphasizes the importance of getting this right and the greater good (e.g.,the Senate can follow its historic actions this session—balancing the budget, enhancing personal freedoms (concealed carry) and reducing size of government—with another potentially historic action here).

Redistricting is not something that we have discretion on. The Constitution requires the legislature to do this every 10 years. Only when the legislature is unable to agree do the courts step in.

Many of you weren't here 10 years ago and most of the Assembly was not here 10 years ago. But because the courts drew a fair map after the last census, we're here today in the majority in both houses. The maps we pass will determine who's here 10 years from now.

Today we're going to walk through the proposed maps and talk about how we got there.

Produced 10/16/2012 (34 Total Emails)

We have an opportunity and an obligation to draw these maps that Republicans haven't had in decades.

The process is never pain-free, no matter who draws the maps. There are always tradeoffs as you make decisions when drawing a map. The constitution and the statues lay out the principals we have to follow. What we've come up with is a fair map that meets all these criteria and which we are confident will stand up to any legal scrutiny.

- Re: Task List–Week of January 24, 2011

The following is a summary of events and actions. Please let me know categories and such to addthis is a Draft format for the future.

- I.) Experts.
  - a. Dr. R. Keith Gaddle Ph. D.: Contacted this past week by JRT and he agreed to be retained to address the political fairness (as he did in 2001). Dr. Gaddie requested an opportunity to travel to Madison to meet with Tad and Adam in order to have initial training on the computer system. He is limiting the number of States with whom he will work, and has added Wisconsin to that list. TO DO: JRT to prepare retention letter with lerms of retention this week. (Expected to be Retainer + Hourty)
  - b. Joe Handrick: JRT met with Joe Handrick at length this past week to review past work he had done and to discuss his potential retention as a Wisconsin Demographic consultant. He would provide assistance to Tad and Adam, as requested, and would work in the development of maps. I understand that the Speaker and Majority Leader would believe we should find a role for Joe, TO DO: JRT to prepare retention letter with terms of retentions this week. (Expected to be monthly retainer, hourly charges against that retainer, with unused amounts carried forward.)
  - c. Dr. Bernard Grofman Ph.D.: We are attempting to contact Dr. Grofman in order to retain him as an expert on minority redistricting. Dr. Grofman performed that task both in 1991 and 2001. It is unknown if he will offer his services during this cycle. TO DO: JRT to contact Dr. Grofman and discuss possible retention, and then report back to the Team in corning weeks.
- II. Senale Attorney Retention Policy.
  - a. Tad requested that counsel review the retention policy of the State Senale. EMM and JRT met on this on Jan. 21. TO DO: EMM to edit that policy for further review.
- III. Michael Best Trust Agreement.

1

Produced 10/16/2012 (34 Total Emails)

- EMM to provide Trust Agreement and any additional terms needed for receipt and holding of funds.
- b. Troupis Law Office Relention letters to be signed and finalized by EMM.
- IV. Mapping Room.
  - a. Policy Draft. It is important to have a set policy for access to the mapping room. TO DO: Tad and Adam to suggest guidelines. EMM &/or JRT to draft and revise those guidelines consistent with preserving privileges and accommodating both houses of the Legislature.
- V. January 31 Meeting with Major Lobbying Groups.
  - a. WMC, Realtors, Bankers and Builders have all confirmed with JRT their attendance at the meeting set for 4:30 p.m. Monday, January 31 at the Madison Club.
  - b. TO DO: Agenda must be prepared and approved this week. JRT will draft and circulate to Team for comments by Wens. January 26.
  - c. TO DO: Tad & Adam to coordinate room and all other logistics for attendance by Speaker & Majority Leader. (Refreshments? Dinner? Power Point projector & screen. Room Rental etc.)
- VI. DATA—Status & Update.
  - a. TO DO: Tad &/or Adam should provide a written update on the status of the Data, map room and such.
  - b. State Policy regarding submission of Maps: Adam raised a concern about the drafting of whole statewide maps on the State open access system. This will need to be discussed and resolved before the next State working group meeting.

## Tad,

Attached is a first draft for you and others to comment on for testimony next Friday. There are a number of exhibits. You will want to have large board (perhaps much larger than the ones to date) for some of these along with smaller copies. Both the large boards and paper copies are to be marked as exhibits and put into the record. We will want a court reporter or other method of recording fully everything that is said and we will want the record to have the exhibits in it, permanently. A Court will see these later.

A we discussed earlier today, you will want to put together a Q&A as well so we can address any concerns you have. Also, think about other exhibits that would help understand things and can be used later in Court to blunt any criticisms. We simply want a clear record that you followed the criteria and did your best. The legislation meets the legal standard, and that is all we will need.

I will be out now until mid-week, but please comment, edit etc. Sarah can coordinate as needed in my absence.

Also, don't wait until the last minute to get the exhibits ready. You should put them together, make the copies and be ready to go so you have time to practice next Thursday, if you would like.

- II.) The Legislative Maps--General
  - a. Exh. 1-The Senate Map -- Proposed
  - b. Exh. 2--- The Assembly Map--Proposed
  - c. Exh. 3-The Population Statistics of old Assembly and Senate Districts

--This is an overview of the need to adjust various districts. Describe the population trends and the need for adjustment.

d. Exh 4—2000 Population trends Map

-If we have a graphic showing where the changes occurred (a heat map of increases that would be a good exhibit to illustrate)

- III.) The New Legislative Maps—Population
  - a.) Exh. 5-Summary of Assembly Districts Population
  - b.) Exh. 6—Summary of Senate District Populations

-Describe the number and compare it to the prior court-drawn numbers to emphasize how well it has done.

- IV.) Compact & Contiguous---The New Districts.
  - a.) Exh. 7-Summary of splits

-Explain the need for splits and compare to prior maps. Point to particular cities kept together, as well as counties (need not be 'better' than in the past, just select some good ones)

b.) Describe Communities of Interest and how they are kept together.

-Racine & Kenosha.

-Madison Assembly districts

-Other examples

- V.) Minority Sensitivity—Old districts
  - A.) Past districts
    - a. Exh. 8-The 2000 Districts for Milwaukee-map

-Open by describing the minority/majority districts of the Court drawn map

i. Overall Population change—Exh. 9

-Describe the population shifts.

- ii. Minority Population Changes
  - a.) Exh. 10-Present districts Pop/VAP
  - b.) Exh. 11—Heat map—African American
  - c.) Exh. 12-Heat map-Hispanic
  - d.) Exh. 13-Comparison Heat map-2000-2010 population shifts

-Describe population shifts and movements, and note how that interplays with the loss of population

- iii. Note the likelihood of growing Hispanic populations and assumptions ` about movement.
- B.) New Districts.
  - a. African American
    - i. Exh. 9 The New Assembly Districts-Milwaukee (African American)
      - 1. Exh. 10—The minority statistics of the new districts.

The proposed Senate District is 40.8% HVAP. There was no configuration we could come up with that raised that by more than about 1 percent.

Tad & Adam,

You can let the chair know that Manny Perez and others from the Latino community will be there to testify for a 60-54 map. You will need to have a large map showing that district—you should prepare that and bring it with. You should still, I think talk about the three alternatives. That way it looks like what it is—and effective negotiation of something the community wants.

Congratulations!

Manny is talking right now to MALDEF to coordinate their testimony.

Good. I have yet to hear from Juan Carlos Ruiz, my Hispanic contact, whether Friday afternoon is confirmed. I'll let you know once I hear back from Mr. Ruiz

From my discussions with Mr. Ruiz, it appears (1) that they have a map configuration they'd like us to consider and (2) that map tries to configure several Assembly Districts to form a Senate District that comes close to their idea of what a "Hispanic Senate District" should look like. Again, I'll share that with all of you once 1 get it, if it comes before our meeting. If not, we can see it at out meeting with them.

Thanks,

Subject: RE: Fitchburg Memo - Ward Reduction Amendment

I believe Fitchburg is now OK.

I spoke with both Denise Solie and Jason (who is advising the Mayor who is out of the state today).

For some reason, they seemed to think the overall exemption provided in SB150 section 4 and the school district exemption in current law were somehow linked and the latter would negate the former. They now seem comfortable. The language added on Friday (Nothing in this paragraph shall be construed to compel a county or city to alter or redraw supervisory or aldermanic districts.".) is giving them additional comfort.

Denise will do her best to make sure no one from the city continues to claim state action is negatively affecting her cities ability to create districts they desire.

Great.

Joe, you should go back to Mayor Shawn and tell him his request is outside the "footprint" of SB 150 and suggest a way(s) for him to create Fitchburg's "second majority-minority district" if that is the Mayor's real concern. Perhaps Tad or Adam could join your conversation with Shawn.

...and if Fitchburg's issue is "occasioned by the creation of the new state legislative districts," then no amendment is necessary because SB 150 itself solves it.

The only argument in favor of fixing it is they continue to state they can't draw their districts the way they wish and create a second minority district. That's not true, but it is bad PR. "If we can get this simple addition added to SB 150, I think it will allow us to create "majority minority" aldermanic districts in Fitchburg, which would truly represent the diversity of our city for the next 10 years and the desire of our non-partisan, citizen redistricting panel." -- the Mayor (from the email below).

Ray -

I just got off the phone with the mayor and was able to follow-up on the conversation he and I had the other day.

I don't see any harm in their proposal to create a new exception to the minimal ward requirement for municipalities with multiple school districts.

There are two distinct issues here involving Fitchburg: One involves the difficulty dealing with multiple school districts and one involving a proposed legislative plan that requires wards to be divided.

The issue with the school districts is likely <u>pre-existing</u> issue and is <u>not</u> triggered by SB 150 or the state redistricting map. If it is, in fact, triggered by SB 150 or the state legislative plan, it is also fixed already by SB 150. Any ward division issues that are triggered by the state redistricting map are addressed by SB 150 Section 4 which permits the drawing of wards outside of the prescribed population ranges.

The language suggested by the city would seem to address this pre-existing issue by adding an additional exception to current law for municipalities with multiple school districts.

The other issue is whether the proposed redistricting maps force the city to alter its aldermanic seats or its efforts to create minority districts.

Please read the attached news article. This article suggests that the state redistricting plan and/or SB 150 is affecting the ability of the city to create minority districts. As I understand it SB 150 or the state redistricting proposal does not, in any way, cause any county or city to redraw any county supervisory or aldermanic district. In fact, SB 150 specifically allows wards to be drawn below the otherwise prescribed population minimums to accommodate the state plan.

Referring to the memo from Jason Schmidt, he says "Ward 15 would be divided." If this division is the result of the state redistricting proposal and/or SB 150, then the city does would be able to drop the population of the multiple wards that are created below the population threshold. If, however, he is referring to the "old" ward 15 (in place since 2001) and the need to divide that because it is in 2 school districts, then the language proposed by the city would fix that.

It was great to see you the other day in the Capitol at the Redistricting hearing. I know you've been following the issue closely.

As we discussed, we have a unique situation in Fitchburg (three school districts in our city) when it comes to the minimum ward requirement as I explained with my testimony. I have attached a backgrounder memo prepared by our city legal and planning staff that explains our issue and suggests our simple remedy for it.

If we can get this simple addition added to SB 150, I think it will allow us to create "majority minority" aldermanic districts in Fitchburg, which would truly represent the diversity of our city for the next 10 years and the desire of our non-partisan, citizen redistricting panel.

## Agreed.

There are other outstanding issues that we have elected not to address because the problems were not created by the new districts. Most prominent is the issue of prisons with populations larger than allowed by the maximum ward limits. If we were to address Fitchburg's additional concerns with current law, I don't know that we have a good answer for not addressing other concerns like prison populations.

First, the districts have not yet been approved in Milwaukee for the wards and supervisory districts, have they? So while negotiation of those are still ongoing the timing is actually a positive.

Second, all 150 affects is ward boundaries, it does affect the ultimate configuration of local aldermanic or supervisory districts. It may well be that the wards of several legislative districts will be combined for the local electoral districts. Nothing requires the lines match.

Third, just draw smaller wards at the local level and then combine them in whatever way they want.

I don't have a clue what he is talking about when he says they must oppose both in Court. Per above, that does not make sense.

Then what we are doing at the County level will be for nothing and we will have to sue both the county AND the state based on the fact that the County's tentative plan disenfranchises the Latino community. I can give you the details later. Maybe we can find out if a stipulation can be added to the bill for exceptions like ours. Not only are we fighting for proper Hispanic Representation but also to keep Republican Supervisor Joe Rice's district intact.

Again, I know it's all about the State, but we really need to figure something out with SB 150 ASAP. Your help would be greatly appreciated.

## CITY OF FITCHBURG

Administrative Offices 5520 Lacy Road Fitchburg, WI 53711-5318 Phone: (608) 270-4200 Fax: (608) 270-4212 www.city.fitchburg.wi.us

TO:	Alder Denise Solie, Redistricting Chairperson
FROM:	Jason J. Schmidt, Resource Project Planner
DATE:	July 14, 2011
SUBJECT:	Update on Fitchburg Ward Population Range Requirements

Further review of the City of Fitchburg Redistricting Map Boundaries for Example 10 and review of the current provisions of  $\S5.15$  (2) (f)(2) by our City Attorney Mark Sewell has determined that Fitchburg will not be able to claim an exemption from the Ward Population Range Requirement of 600-2100 within the current law.

The area of the North East Section of the City where Ward 15 would be divided includes both the Madison and Oregon School District. It has been determined that the major part of Fitchburg would fall into the Oregon School District and Ward 15 includes that District. The exemption provided by \$5.15(2)(f)(2) requires that this area would need to belong to a school district other than the major school district in order for this to be a valid exemption within the provisions of Wisconsin Statutes.

Based on this interpretation of the current provisions, an exemption would need to be amended into the State Statute under 5.15 (2)(f) to allow for communities with multiple school districts, supervisory districts and/or state legislative boundaries to have wards that are bounded by these different districts to be below the prescribed minimum population.

The following is proposed for  $\S5.15(2)(f) 5$ .

A city, village, or town, which is divided by three or more school districts.

Ray -

I just got off the phone with the mayor and was able to follow-up on the conversation he and I had the other day.

I don't see any harm in their proposal to create a new exception to the minimal ward requirement for municipalities with multiple school districts.

There are two distinct issues here involving Fitchburg: One involves the difficulty dealing with multiple school districts and one involving a proposed legislative plan that requires wards to be divided.

The issue with the school districts is likely <u>pre-existing</u> issue and is <u>not</u> triggered by SB 150 or the state redistricting map. If it is, in fact, triggered by SB 150 or the state legislative plan, it is also fixed already by SB 150. Any ward division issues that are triggered by the state redistricting map are addressed by SB 150 Section 4 which permits the drawing of wards outside of the prescribed population ranges.

The language suggested by the city would seem to address this preexisting issue by adding an additional exception to current law for municipalities with multiple school districts.

The other issue is whether the proposed redistricting maps force the city to alter its aldermanic seats or its efforts to create minority districts.

Please read the attached news article. This article suggests that the state redistricting plan and/or SB 150 is affecting the ability of the city to create

minority districts. As I understand it SB 150 or the state redistricting proposal does not, in any way, cause any county or city to redraw any county supervisory or aldermanic district. In fact, SB 150 specifically allows wards to be drawn below the otherwise prescribed population minimums to accommodate the state plan.

Referring to the memo from Jason Schmidt, he says "Ward 15 would be divided." If this division is the result of the state redistricting proposal and/or SB 150, then the city does would be able to drop the population of the multiple wards that are created below the population threshold. If, however, he is referring to the "old" ward 15 (in place since 2001) and the need to divide that because it is in 2 school districts, then the language proposed by the city would fix that.

http://host.madison.com/news/local/govt-and-politics/capitolreport/article\_e5c6699e-adc5-11e0-a495-001cc4c03286.html

In summary, I would encourage the committee to adopt the proposal from the city of Fitchburg as outline in the memo from Jason Schmidt.

It was great to see you the other day in the Capitol at the Redistricting hearing. I know you've been following the issue closely.

As we discussed, we have a unique situation in Fitchburg (three school districts in our city) when it comes to the minimum ward requirement as I explained with my testimony. I have attached a backgrounder memo prepared by our city legal and planning staff that explains our issue and suggests our simple remedy for it.

If we can get this simple addition added to SB 150, I think it will allow us to create "majority minority" aldermanic districts in Fitchburg, which would truly represent the diversity of our city for the next 10 years and the desire of our non-partisan, citizen

The City of Fitchburg, with a diverse population of 25,260 persons and located within three school districts, is requesting that the Legislature consider amending the proposed Redistricting Bill LRB-2296 to allow communities with multiple school districts to be able to create wards with a minimum population of 300.

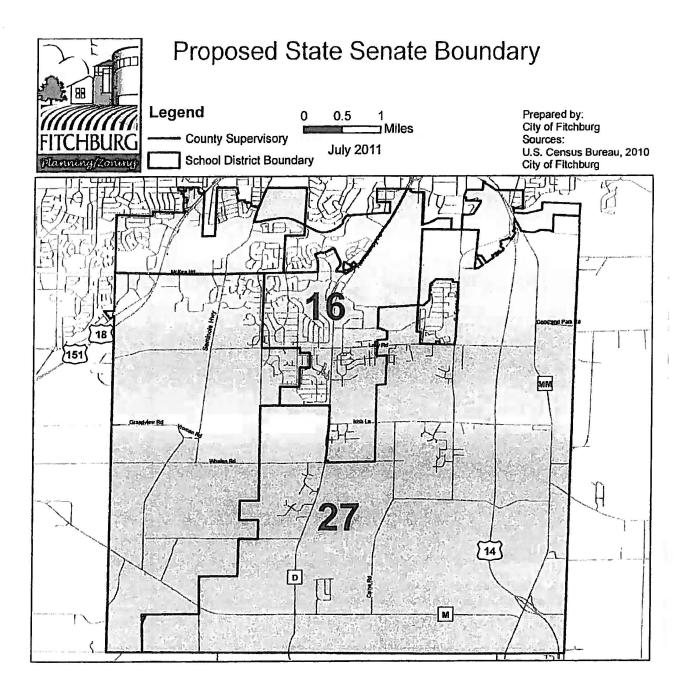

The City, over the past two months, has been diligently reviewing different ward boundary scenarios that take into account minority representation (35% of the City population is minority), school district boundaries (Verona, Oregon, and Madison Metropolitan), similar neighborhood interests and future development areas. The example that the City Ad-Hoc Redistricting Committee presented to the Common Council last night takes into account all of these goals, in addition to creating two out of four Aldermanic Districts where minority representation would be the majority.

The proposed Legislative Boundary Map, which splits the City of Fitchburg into two State Senate and State Assembly districts, alters the City's proposed Ward Map drastically. The City will now be disadvantaged in trying to create wards that are split between the two county supervisory districts, three school districts and two legislative districts.

On a personal note, I would also like to request that the committee remove new language in SB 150 found on page 13, lines 18-21. It proposes:

Except as required to reflect a municipal ward division authorized or required under s. 5.15, and except as required under subd. 3., the final plan shall not be inconsistent with the tentative plan.

This provision would allow the county tentative plan to be altered for ward purposes, but not to make changes suggested by towns, cities, and villages. Under current law, the county does a tentative plan and that plan goes to the municipalities who can make comments and suggestions. If <u>SB 150 passes as introduced</u>, the counties will no longer have the ability to alter their tentative plan based on that feedback from the towns, villages, and cities.

For example, the town of Minocqua is asking Oneida county to make a very small change to the tentative plan to move the boundary between 2 county board seats (in a way that actually makes the county plan better). The county will probably go along. If SB 150 passes as currently drafted, our town would lose this ability to even ask for this change because the county would lose the ability to adopt a final plan "inconsistent with the tentative plan."

Please remove this language as it is unnecessary towards the objectives of SB 150 and removes flexibility from local governments.

Thank you.

Ray -

A link to SB150 is above.

Based on tonight's conversation, here are some proposed changes :

1. On page 5, line 10: change the "45" back to "60" (per senator Zipperer)

2. On page 6, section 4: potential place to add exception to minimal ward size to enhance creation of wards that further the voting rights act (my suggested language is <u>underlined</u> and copied from 5.15 (1) of the statutes):

SECTION 4. 5.15 (2) (b) (intro.) of the statutes is created to read:

5.15 (2) (b) (intro.) Except for wards created to effect an act of the legislature redistricting legislative districts under article 1V, section 3, of the constitution or redistricting congressional districts, <u>wards created to</u> <u>enhance the participation of members of racial or language minority group in the political process and their</u> <u>ability to elect representatives of their choice</u>, and except as authorized under pars. (bm), (c), (e), and (f) and sub. (7), wards shall contain the following numbers of inhabitants:

3. On pages 7 and 8 is where language would need to be inserted to allow wards to be numbered 10a, 10b, 10c, etc. My suggestion is below. Also, here is possible location to put language in clarifying that this bill does not require locals to redo their aldermanic or supervisory seats. Again, my suggested language addition to the bill is <u>underlined</u>:

SECTION 9, 5.15 (4) of the statutes is amended to read:

5.15 (4) (a) Except as provided in 5.15 (4) (c), the division ordinance or resolution shall number all wards in the municipality in with unique whole numbers in consecutive order, beginning with the number one, shall designate the polling place for each ward, and shall describe the boundaries of each ward consistent with the conventions set ferth in s. 4.003. The ordinance or resolution shall be accompanied by a list of the block numbers used by the U.S. bureau of the census that are wholly or partly contained within each ward, with any block numbers partly contained within a ward identified, and a map of the municipality which illustrates the revised ward boundaries. If the legislature, in

an act redistricting legislative districts under article IV, section 3, of the constitution, or in redistricting congressional districts, establishes a district boundary within a municipality that does not coincide with the boundary of a ward established under the ordinance or resolution of the municipality, the municipal governing body shall, no later than May 15 of the 2nd year following the year of the federal decennial census on which the act is based, amend the ordinance or resolution to the extent required to effect the act. The amended ordinance or resolution shall designate the polling place for any ward that is created to effect the legislative act. Nothing in this section shall be construed to compel county or municipal governments to alter or redraw county supervisory or aldermanic districts.

Great.

Joe, you should go back to Mayor Shawn and tell him his request is outside the "footprint" of SB 150 and suggest a way(s) for him to create Fitchburg's "second majority-minority district" if that is the Mayor's real concern. Perhaps Tad or Adam could join your conversation with Shawn.

Ok?

...and if Fitchburg's issue is "occasioned by the creation of the new state legislative districts," then no amendment is necessary because SB 150 itself solves it.

The only argument in favor of fixing it is they continue to state they can't draw their

districts the way they wish and create a second minority district. That's not true, but it is bad PR. "If we can get this simple addition added to SB 150, I think it will allow us to create "majority minority" aldermanic districts in Fitchburg, which would truly represent the diversity of our city for the next 10 years and the desire of our non-partisan, citizen redistricting panel." – the Mayor (from the email below).

Guys:

See below. Fitchburg has this request outstanding and we must decide whether to "fix" Fitchburg's issue by a Senate floor amendment or not.

In my view, unless the problem that Fitchburg has is occasioned by the creation of new state legislative districts, then we should decline Fitchburg's request. We have been saying all along that SB 150's "surgery" on the local redistricting process is confined to allowing the municipalities to fix ward divisions occasioned by the state's new legislativedistricts. Fitchburg's issue, as I understand, is not with our redistricting plans, but with other portions of existing state law.

I believe that we shouldn't open the door to requests to re-write sec. 5.15 unless such a request is occasioned by the creation of new legislative districts.

Agreed?

Ray -

I just got off the phone with the mayor and was able to follow-up on the conversation he and I had the other day.

I don't see any harm in their proposal to create a new exception to the minimal ward requirement for municipalities with multiple school districts.

There are two distinct issues here involving Fitchburg: One involves the difficulty dealing with multiple school districts and one involving a proposed legislative plan that requires wards to be divided.

The issue with the school districts is likely <u>pre-existing</u> issue and is <u>not</u> triggered by SB 150 or the state redistricting map. If it is, in fact, triggered by SB 150 or the state legislative plan, it is also fixed already by SB 150. Any ward division issues that are triggered by the state redistricting map are addressed by SB 150 Section 4 which permits the drawing of wards outside of the prescribed population ranges.

The language suggested by the city would seem to address this pre-existing issue by adding an additional exception to current law for municipalities with multiple school

**EVANS 000154** 

districts.

The other issue is whether the proposed redistricting maps force the city to alter its aldermanic seats or its efforts to create minority districts.

Please read the attached news article. This article suggests that the state redistricting plan and/or SB 150 is affecting the ability of the city to create minority districts. As I understand it SB 150 or the state redistricting proposal does not, in any way, cause any county or city to redraw any county supervisory or aldermanic district. In fact, SB 150 specifically allows wards to be drawn below the otherwise prescribed population minimums to accommodate the state plan.

Referring to the memo from Jason Schmidt, he says "Ward 15 would be divided." If this division is the result of the state redistricting proposal and/or SB 150, then the city does would be able to drop the population of the multiple wards that are created below the population threshold. If, however, he is referring to the "old" ward 15 (in place since 2001) and the need to divide that because it is in 2 school districts, then the language proposed by the city would fix that.

http://host.madison.com/news/local/govt-and-politics/capitol-report/article\_e5c6699e-adc5-11e0-a495-001cc4c03286.html

In summary, I would encourage the committee to adopt the proposal from the city of Fitchburg as outline in the memo from Jason Schmidt.

Ray:

It was great to see you the other day in the Capitol at the Redistricting hearing. I know you've been following the issue closely.

As we discussed, we have a unique situation in Fitchburg (three school districts in our city) when it comes to the minimum ward requirement as I explained with my testimony. I have attached a backgrounder memo prepared by our city legal and planning staff that explains our issue and suggests our simple remedy for it.

If we can get this simple addition added to SB 150, I think it will allow us to create "majority minority" aldermanic districts in Fitchburg, which would truly represent the diversity of our city for the next 10 years and the desire of our non-partisan, citizen redistricting panel.

I have cc'd our city attorney Mark Sewell and our Redistricting Chair Alder Denise Solie in case you have any technical questions.

I think our ask is not too heavy of a lift.

Thanks for your attention, Shawn (608)628-3275

What we have available is the maps that LRB produced which aren't very detailed. LTSB (Legislative Technology Service Bureau) is working on putting a more detailed map up on the internet. I will forward the link as soon as it's available. I will check to see if the amendment will be put up on the internet or not. If not, we should be able to produce a pdf.

Do we have the final introduced versions of the maps that I can send to the Hispanics?

Do we want to also share the amendment?

Thanks. Need ASAP.

#### Dear Eric:

We received by ECF last Friday, February 24<sup>th</sup>, your personal certification that the production of documents by the legislature in response to our subpoenas and the Court's serial orders was, without exception, complete and comprehensive. Late yesterday, however, we became aware of the attached document. The original email appears to have been sent from Sen. Fitzgerald to Tad Ottman on January 20, 2011. Sen. Fitzgerald appears to have forwarded to Mr. Ottman an email notification that he had received from the American Legislative Executive Council ("ALEC") regarding a conference call to discuss redistricting.

As you know, our subpoena to Mr. Ottman contained a series of broad document production requests, several of which covered the production of this e-mail. We do not recall seeing this e-mail among the documents that were produced in response to the subpoena or to the Court's orders. If it was produced, please identify the production in which it was included. If it was not produced, please provide us with an explanation.

We look forward to your written response.

Re: Baldus, et al. v. Brennan, et al. (Case No. 11cv562)

Dear Doug:

This concerns your letter dated March 1, 2012. In that letter you address a particular email message, a copy of which was attached, and inquire whether that email message was produced by Tad Ottman in response to Plaintiffs' subpoena of December 13, 2011.

That email message was not produced in response to Plaintiffs' subpoena. It is Mr. Ottman's understanding that this email message was produced in the spring of 2011 in response to a public records request directed to the office of Senator Scott Fitzgerald. However, following its production at that time, and consistent with applicable statutes, a copy of the email message was not retained. Mr. Ottman in fact testified about such matters generally at his deposition. (See e.g., Ottman Dep., p. 163). Thus, setting aside the issue of whether the email message is otherwise responsive, the email message had not been in the possession, custody or control of Mr. Ottman for several months prior to the issuance of Plaintiffs' subpoena.

Please let me know if you have any further questions.

Sincerely,

#### Dear Eric:

We received your March 5, 2012 letter responding to our letter of March 1, 2012. We do recall Mr. Ottman's deposition testimony (as well as similar testimony by Messrs. Foltz and Handrick) that they were not instructed to retain all of the materials that they created or reviewed during the redistricting process and that, in fact, they did not do so. That testimony, however, does not explain why the January 20, 2011 e-mail attached to our March 1<sup>st</sup> letter was not produced in response to our subpoena to Mr. Ottman.

First, although your March 5<sup>th</sup> letter states that the open records request that resulted in the production of the e-mail at issue was submitted in the spring of 2011, it is our understanding that the open records request was submitted in *December* 2011. This is an important distinction, and to ensure that we have a correct understanding of the circumstances under which this e-mail was released, we ask that you identify with specificity the open records request from the spring of 2011 that Mr. Ottman believes resulted in the release of the January 20, 2011 e-mail.

Second, if in fact Mr. Ottman's January 20, 2011 e-mail was released in response to an open records request submitted in December 2011, it appears that as of that time (which postdates our December 13, 2011 subpoena to Mr. Ottman), the e-mail in question was still in existence. If Mr. Ottman did "delete" it, it was both subject to recovery and to subpocna. This raises the serious question of the breadth of the search conducted for materials in response to the subpoenas that we served on Messrs. Ottman, Foltz, and Handrick.

When an e-mail is deleted from a user's inbox, it is commonly retained in an archive or remains stored in some form on the computer, network, or e-mail server. Searching for responsive materials to our subpoenas, Messrs. Ottman, Foltz, and Handrick were obligated to search (or have someone search for them) any archives or other locations where "deleted" e-mails might be retained. Please confirm that, in fact, such archives or other locations were searched for responsive materials as the subpoenas required.

Re: Baldus, et al. v. Brennan, et al. (Case No. 11cv562)

Dear Doug:

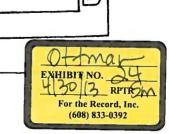

We are in receipt of your letter dated March 8, 2012, again concerning an email message dated January 20, 2011, that was not produced by Tad Ottman in response to Plaintiffs' subpoena of December 13, 2011.

Attached are copies of four separate public records requests from April and May of 2011, each of which requests email messages containing the term "ALEC" or "American Legislative Exchange Council." It is Mr. Ottman's belief that the above-referenced January 20, 2011, email message would have been produced in response to any or all of these public records requests.

As you know, Mr. Ottman testified at his deposition on December 22, 2011, that there were email communications concerning redistricting that he may not have retained on his legislative account. (Ottman Dep., p. 163). The January 20, 2011, email communication above is obviously one such email communication. Importantly, however, at no time after receipt of Plaintiffs' subpoena did Mr. Ottman delete any responsive email communications.

Finally, you have raised a question concerning whether Mr. Ottman conducted a sufficient search to locate any responsive email communications that had previously been deleted but may be stored in a separate archive or database. Mr. Ottman also testified at his deposition that the Legislative Technology Services Bureau ("LTSB") maintains the server that may contain email communications Mr. Ottman sent or received but did not save on his legislative email account. (Ottman Dep., p. 162). As you know, LTSB is a separate agency over which Mr. Ottman does not have control with respect to the records it maintains. Indeed, you have acknowledged that fact by separately subpoenaing LTSB for the records it maintains concerning redistricting.

#### **RECORDS REQUEST**

Dear Sen. Fitzgerald:

Pursuant to the state open records act, I request access to and copies of all emails sent or received by you that include the words "American Legislative Exchange Council" or "ALEC" in the subject line and/or the body of message; that were received from an employee of the American Legislative Exchange Council; and that were sent to an employee of the American Legislative Exchange Council. The time frame for this request concerns all emails that fit any of the above descriptions between November 3, 2010, and April 19, 2011. And if any attachments were included on any emails that fit the above descriptions, I would like copies of those attachments as well.

I expect a fee waiver because the information sought is in the public interest of the citizens of both Wisconsin and the United States and could potentially result in a story/stories that would enhance the public's knowledge of how the Wisconsin legislature operates.

If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act.

Thank you for your assistance.

Baldus et al. v. Brennan et al. U.S. Eastern District of Wisconsin Case No. 11-CV-562

Dear Eric:

Madison, WI 53703

Yesterday, we received your March 13, 2012 letter, by mail. Although apparently written in response to our letter of March 8, 2012, your letter does not address two of the key concerns that we identified in our March 8th letter.

First, the March 8th letter noted that the non-produced January 20, 2011 e-mail from ALEC – which, on its face, states that it relates to redistricting and was sent to Tad Ottman personally – was released in December 2011 in response to an open records request. It was therefore in existence in December 2011 and available in Senator Fitzgerald's office. Your letter fails to explain why that e-mail was not produced by Mr. Ottman in response to our subpoenas when, the day before Mr. Ottman was served with a subpoena, Senator Fitzgerald's office released the very same document in response to an open records request.

Second, your reference to Mr. Ottman's testimony that any e-mails he deleted might still be found on the LTSB's e-mail server does not explain the apparent failure to search for and produce all responsive documents, whether on that system or any other system to which your client, his employer, and his counsel had access.

You correctly note that we did, in fact, serve a subpoena on an LTSB representative. However, although the LTSB produced some documents relating to Acts 43 and 44 and legislative redistricting, it did not produce communications involving Mr. Ottman and ALEC relating to legislative redistricting. It is undeniable that the January 20, 2011 e-mail in question (and perhaps other responsive documents) was in the possession of Sen. Fitzgerald's office in December 2011. It is equally undeniable that neither that document nor any similar documents were produced to plaintiffs. The legislative employees cannot avoid the legal obligations to search all of the relevant files and archives where responsive documents might reasonably be found, and to produce responsive documents, by playing bait and switch with the location of and responsibility for producing responsive documents.

> Baldus et al. v. Brennan et al. U.S. Eastern District of Wisconsin Case No. 11-CV-562

Dear Joe and Eric:

We write to try to finally resolve the remaining questions about the legislature's discovery compliance in *Baldus, et al. v. Brennan, et al.*, which most recently arose in early March 2012, just after the trial's conclusion. We learned then that documents directed to legislative aides pertaining to redistricting were not produced in response to subpoenas that we issued. Since the Department of Justice is scheduled to file its first appellate brief with the United States Supreme Court on June 18th, we would like to wrap up the issues addressed in this letter now.

As set forth in our correspondence beginning with our letter of March 1, 2012, we first learned on February 29, 2012 that at least one document (and perhaps more) falling within the Baldus plaintiffs' subpoena to witnesses identified by the Government Accountability Board and employed or retained by the State had not been produced. Given our concerns that there potentially were other responsive documents in the State's possession, custody, or control not produced in accordance with the Baldus plaintiffs' subpoenas, we began a dialog with you in writing, by telephone, and through in-person meetings. We asked two questions: why the document we identified was not produced and whether there were remaining documents that should have been produced in discovery but were not.

Your responses to our inquiries may be summarized as follows:

#### January 20, 2011 ALEC Conference Call on Redistricting / e-mail sent to Tad Ottman

This is the document that first came to our attention on February 29, 2012 and that caused us to question whether the State had produced all documents responsive to the subpoenas served in *Baldus v. Brennan.* A copy of the e-mail is attached. The e-mail originally was forwarded to

> OFFICES IN MILWAUKEE, MADISON, WAUKESHA, GREEN BAY AND APPLETON, WISCONSIN AND WASHINGTON, D.C. GODFREY & KAHN, S.C. IS A MEMBER OF TERRALEX? A WORLDWIDE NETWORK OF INDEPENDENT LAW FIRMS.

Tad Ottman, by name, by Senator Fitzgerald because Mr. Ottman had been designated as the employee tasked with redistricting, and everyone in the office apparently forwarded any redistricting-related materials to Mr. Ottman. In response to an open records request that Senator Fitzgerald's office received some time in the spring of 2011, Mr. Ottman provided the e-mail to Senator Fitzgerald's office. Once Mr. Ottman provided the e-mail in response to the open records request, he deleted the e-mail and, you have said, did not retain a copy in either electronic or hard copy format.

On December 8, 2011, Senator Fitzgerald's office received a new open records request, from The Center for Media and Democracy, seeking records mentioning the American Legislative Exchange Council or "ALEC" and dating between October 1, 2010 and December 1, 2011. Apparently, another member of Senator Fitzgerald's staff had retained a copy of the e-mail in hard copy format, and on December 12, 2011, the January 20, 2011 ALEC e-mail was provided to The Center for Media and Democracy. After providing the document, you have said, Senator Fitzgerald's office did not retain any copies in either hard copy or electronic format. The Baldus plaintiffs served their subpoenas for deposition and *duces tecum* on Mr. Ottman between December 4 and December 13, 2011. Although all of Senator Fitzgerald's files were searched for responsive documents, you have said, this e-mail simply was overlooked and inadvertently not produced.

Mr. Ottman did not participate in the January 27, 2011 "ALEC Conference Call on Redistricting" identified in the January 20, 2011 e-mail, and he did not have any other materials in his possession, custody, or control relating to that conference call.

#### March 1, 2011 e-mail reporting on the ALEC Redistricting Working Group

A second document that we brought to your attention, which is attached, is an e-mail dated March 1, 2011. The e-mail appears to have been sent from Courtney O'Brien at ALEC and then forwarded by Senator Fitzgerald to Cindy Block the same day. The e-mail contains a discussion of an ALEC "Redistricting Working Group" and refers to the "first conference call" of the Redistricting Working Group held on January 27, 2011. This is the same date as the "ALEC Conference Call on Redistricting" identified in the January 20, 2011 e-mail.

You have said Mr. Ottman did not receive this e-mail and, as noted above, did not participate in the January 27, 2011 "ALEC Conference Call on Redistricting."

It is our understanding that this e-mail, like the January 20, 2011 e-mail, was retained by Senator Fitzgerald's office and provided in response to The Center for Media and Democracy's open records request, after which time it was not retained. Nor was it produced.

#### Records searched for responsive materials

The records that Mr. Ottman says he searched for responsive materials include both hard copy records and electronically stored information ("ESI"). Addressing the former, it is our

understanding that a separate portion of Senator Fitzgerald's office containing Mr. Ottman's desk and filing cabinets had been set up to receive and store any redistricting materials, and that in early 2011, all hard copy materials relating to redistricting were sent to the office that Mr. Ottman occupied—apparently full-time—at Michael Best & Friedrich. Once Mr. Ottman was working from an office at Michael Best, you have said, Senator Fitzgerald's office forwarded any hard copy redistricting materials to Mr. Ottman at the Michael Best office. All hard copy redistricting materials in the possession, custody, or control of Senator Fitzgerald's office, including Mr. Ottman as his state employee, should have been at Michael Best by early 2011. All of these hard copy files and documents were searched, you have said, in response to the Baldus plaintiffs' subpoenas and have been produced. Mr. Ottman also contacted the other employees of Senator Fitzgerald's office to determine if they had any materials responsive to the Baldus plaintiffs' subpoena, and any responsive materials you believe have been produced. You have said there are no remaining collections of hard copies of documents or other materials that reasonably might be expected to contain materials responsive to the Baldus plaintiffs' subpoenas that have not been searched.

Mr. Ottman also searched several different potential sources of ESI that might contain materials responsive to the Baldus plaintiffs' subpoena. *First*, responsive ESI was found on state computers at the Michael Best offices, and Mr. Ottman (and other witnesses) testified at their depositions about those computers and files. All computers at Michael Best containing potentially responsive ESI were searched, you have said, and all remaining responsive materials were produced. We use the term "remaining" specifically because, as Mr. Ottman testified at his deposition, not all ESI (or hard copy materials) pertaining to redistricting were retained. Before May 3, 2011, some materials, both in hard copy and ESI, were discarded. After May 3, 2011, however, regular document management procedures were implemented and followed and, you have said, no hard copy materials or ESI relating to redistricting were destroyed or discarded.

Second, Mr. Ottman also searched his e-mail for responsive materials. Mr. Ottman testified he maintained two e-mail accounts that he used for redistricting purposes: his State e-mail account and his own personal e-mail account. Mr. Ottman searched the inboxes of both e-mail accounts, you have said, for any responsive materials and produced those. Mr. Ottman's personal practice is to "empty" his deleted e-mail items on a daily basis, so for those e-mails that Mr. Ottman deleted, they would not have been captured in a superficial search of his e-mail inboxes.

That raises a question about whether any of the e-mails that Mr. Ottman deleted and then "emptied" from his email would have been retained on any other server or backup device. You informed us that, according to Jeff Ylvisaker of the Legislative Technology Services Bureau ("LTSB"), LTSB maintains the e-mail server for the State government e-mail accounts, and that once the holder of a State e-mail address deletes an e-mail and then "empties" the deleted items, the deleted e-mail is retained on backup tapes. The backup system was completed in July 2011, intended to function as a disaster recovery system for recent e-mail. Because the LTSB re-uses the backup tapes, they are overwritten every 28-34 days, and so any e-mail that has been deleted

from a user's inbox and then emptied from the deleted items may be irretrievable. In response to the Baldus plaintiffs' subpoena, Mr. Ottman considered going to the LTSB to ask that its electronic archives be searched for any deleted e-mail. However, Mr. Ottman said he had retained all redistricting-related e-mail after May 3, 2011, and he assumed any e-mails that he had deleted before December 2011 would have been overwritten on any backup tapes maintained by LTSB. Accordingly, he determined that asking LTSB to search its electronic archives would be futile, and so he did not request that search. In summary, Mr. Ottman believes he searched all e-mail files that were still in existence in December 2011 for responsive e-mails and produced all responsive files—without exception.

You also informed us that, in response to the subpoena *duces tecum* that the Baldus plaintiffs served on Tony Van Der Wielen of LTSB, Mr. Van Der Wielen himself searched LTSB's records for materials responsive to the Baldus plaintiffs' requests, which were essentially identical to the requests contained in the December 13, 2011 subpoena *duces tecum* to Mr. Ottman. Mr. Van Der Wielen produced all responsive materials. Mr. Van Der Wielen further has informed you that in the ten years he has been working at LTSB, he never has deleted any e-mails, and if there were any e-mails in LTSB's possession, custody, or control relating to redistricting, he would have produced them. Mr. Van Der Wielen confirmed, however, that he did not at any time search any LTSB backup tapes for potentially responsive ESI.

Third, there are shared document management system ("DMS") servers that might contain documents relating to redistricting. One of the servers is separated by caucus, such that members of the Democratic caucus have access to documents on one portion of the DMS, and the members of the Republican caucus have access to documents on another portion of the DMS. A second server is shared by the offices of all members of the legislature, although it is separated by office, such that each office only has access to its own files on the server. Mr. Ottman did not search either of these shared servers for potentially responsive documents, you have said, because they would not be expected to contain any documents that were not already available to Mr. Ottman from another source. In theory, they would be duplicative of those other documents.

Please inform us immediately if we have not correctly summarized or stated the information that you provided to us pertaining to our discussions since March 1, 2012, relating to the search for and production of materials in response to the subpoenas the Baldus plaintiffs served. As stated throughout our conversations and earlier in this letter, we wish to bring this to a conclusion. To that end, we also are enclosing affidavits for Mr. Ottman and Mr. Van Der Wielen attesting to the information that you provided. If those affidavits are accurate and complete, please have Messrs. Ottman and Van Der Wielen sign them and return them to us. If the affidavits must be modified or revised in any way, please let us know, and we will provide a version of either or both documents to you in Microsoft Word format so that you can revise them for the witnesses' signatures.

The State's pending appeal to the U.S. Supreme Court and the plaintiffs' virtually inevitable cross-appeal probably means that this case will continue for some time. The

plaintiffs' motion for fees and costs, which includes significant time spent on discovery, also remains pending. It adds significance to the discovery issues we continue to discuss and now seek to resolve. We look forward to your prompt response.

#### Re: Confidentiality and Nondisclosure Related to Reapportionment

#### Dear Mr. Ottman:

Michael Best & Friedrich LLP ("MB&F") is currently engaged to represent the Senate Republican Leadership ("Republican Leaders") in connection with matters relating to the reapportionment of the Wisconsin Senate, Assembly and Congressional Districts arising out of the 2010 census (the "Representation"). This letter will confirm our understanding concerning work performed by you in connection with the Representation. All work performed by you in connection with the Representation shall be for the sole purpose of assisting MB&F in rendering legal advice to the Republican Leaders. Said work contemplates services of a character and quality that are adjunct to our services as lawyers and you shall perform said work at our direction. Accordingly, all communications between you and MB&F, as well as communications with the Republican Leaders, and work performed by you in connection with the Representation, shall be confidential and made solely for the purpose of assisting counsel in rendering legal advice.

You will not discuss with or otherwise disclose to anyone, or with any entity, other than MB&F and the Republican Leaders, without our written authorization, the nature or content of any oral or written communications or of any information or work performed related to the Representation. You will not disclose or permit inspection of any papers or documents related to the Representation without our written authorization in advance. All work papers, records or other documents or other things regardless of their nature and the source from which they emanate, which are related to the Representation, shall be held by you solely for our convenience and subject to our own qualified right to instruct you with respect to possession and control. Any work papers or materials prepared by you, or under your direction, belong to the Republican Leaders pursuant to the Representation, and every page must be sealed or otherwise stamped "Attorney/Client Work-Product Privilege Confidential."
