- 57. Four members of the Commission are appointed by the legislative leaders of the two largest political parties in each house of the legislature. *Id.* The fifth member is selected by the four appointed members by an affirmative vote of at least three. *Id.*
- 58. Article II, Section 43(6) states that the Commission "shall complete redistricting as soon as possible following the federal decennial census, but no later than November 15th of each year ending in one. At least three of the voting members shall approve such a redistricting plan. If three of the voting members of the commission fail to approve a plan within the time limitations provided in this subsection, the supreme court shall adopt a plan by April 30th of the year ending in two in conformance with the standards set forth in subsection (5) of this section."
- 59. Under RCW 44.05.100, "[i]f three of the voting members of the commission fail to approve and submit a plan within the time limitations provided in subsection (1) of this section, the supreme court shall adopt a plan by April 30th of the year ending in two. Any such plan approved by the court is final and constitutes the districting law applicable to this state for legislative and congressional elections, beginning with the next election held in the year ending in two. This plan shall be in force until the effective date of the plan based on the next succeeding federal decennial census or until a modified plan takes effect as provided in RCW 44.05.120(6)."
- 60. State legislative redistricting plans in Washington State must adhere to the requirements set out in RCW 44.05.090. And to the extent consistent with the equal-population requirement, insofar as practical: (a) District lines should be drawn so as to coincide with the boundaries of local political subdivisions and areas recognized as communities of interest. The number of counties and municipalities divided among more than one district should

be as small as possible; (b) Districts should be composed of convenient, contiguous, and compact territory. Land areas may be deemed contiguous if they share a common land border or are connected by a ferry, highway, bridge, or tunnel. Areas separated by geographical boundaries or artificial barriers that prevent transportation within a district should not be deemed contiguous; (c) Whenever practicable, a precinct shall be wholly within a single legislative district. RCW 44.05.090.

51.6%.

Joint Pretrial Statement and [Proposed] Order 13 No. 3:22-cv-05035-RSL

81. According to adjusted 2020 Census data, Commissioner Walkinshaw's October 25, 2021 legislative map proposal for LD14 had a total population of 157,252. According to the 2020 Census, LD14 had an HVAP of 67.8%. According to the 2020 ACS 5-Year estimates, LD14 had an HCVAP of 53.0%, and according to the 2019 5-Year ACS estimates, LD14 had an HCVAP of

- 82. In House Concurrent Resolution 4407 ("HCR 4407"), the legislature amended the map submitted by the Commission to the Washington Supreme Court; it added 7 Census Blocks to Legislative District 15 and removed 2 Census Blocks. Each of the added and removed Census Blocks had zero (0) population.
- 83. When HCR 4407 was brought up for a vote in the Washington State House, the House Majority Leader, the first of three representatives to speak about the measure before it was voted upon, stated that, "[T]hese [changes] are technical in nature" and that "As a legislature, we really have two options in this redistricting process. If we do nothing, then the maps come into being without our vote. But they come into being without those changes that were recommended by the county commissioners. By making these—by adopting this resolution, we adopt the maps as well as the changes that were suggested by the county commissioners, which are important to get done." The House Minority Leader, the final of three representatives to speak, said, "We have looked at these, checked with our staff, and believe them to not make a partisan difference . . . I'm guessing that many of these very minor adjustments would have been either never recognized or corrected by the mapmakers in previous years."

- 84. When HCR 4407 was brought up for a vote in the Washington State Senate, the Senate Majority Leader, the first senator to speak about the measure, began his speech by stating that "I want to start by talking about what this resolution is not. It is not an approval of the redistricting map and the redistricting plans; it's not an endorsement of that plan. The Legislature does not have the power to approve or endorse the redistricting plan that the Redistricting Commission approved. What we do have the power to do is to make minor changes. And that brings us to what this resolution does. This resolution makes over 70 small changes to the redistricting plan. They're minor, mostly technical changes. Almost all of them were recommended by the county auditors, who are the local elections officials. And they help to make the maps work better."
- 85. LD 15 in the Enacted Plan has a Hispanic or Latino CVAP of 50.02% and a white CVAP of 44.9% according to 2019 5-Year ACS estimates. LD 15 in the Enacted Plan has a Hispanic or Latino CVAP of 51.5% and a white CVAP of 43.2% according to 2020 5-year ACS estimates.

#### IV. ISSUES OF LAW

## The following are the issues of law to be determined by the court:

- 1. Whether Plaintiffs have established the three *Gingles* preconditions to establish a discriminatory results claim under Section 2 VRA including:
  - a. Whether the Latino community in the Yakima Valley region is sufficiently large and geographically compact to constitute a majority in a single-member district;
  - b. Whether the Latino community in the Yakima Valley region is politically cohesive;
  - c. Whether the white majority in the Yakima Valley region votes sufficiently as a bloc to enable it, absent special circumstances, usually to defeat the Latino community's preferred candidates.
- 2. Whether the totality of the circumstances shows that LD15 has the effect of denying Latino voters in the Yakima Valley region an equal opportunity to participate in the political processes and to elect their candidates of choice.
- 3. Whether Plaintiffs are prevailing parties entitled to attorneys' fees under 42 U.S.C. § 1988 and 52 U.S.C. § 10310(e).
- 4. Plaintiffs contend that Intervenor-Defendants did not raise Nos. 11 and 12 below as affirmative defenses in their Answer, and have thus waived these arguments.
- 5. Secretary Hobbs does not have any objections, additions, or changes to Plaintiffs' statement of issues of law.

Joint Pretrial Statement and [Proposed] Order 20 No. 3:22-cv-05035-RSL

# **Intervenor-Defendants raise these further questions of law:**

- 6. Whether LD15 was adopted with the intent to discriminate on the basis of race, national origin, and/or language minority group status and has a discriminatory effect on that basis by intentionally cracking Latino voters to ensure that Latino voters in the region are unable to elect their candidates of choice.
- 7. Whether Section 2 of the Voting Rights Act of 1965 applies to redistricting. *See Abbott v. Perez*, 138 S. Ct. 2305, 2335 (2018) (Thomas, J. concurring) (opining that it does not).
- 8. Whether Plaintiffs seek a lawful remedy. Specifically, whether Plaintiffs' requested remedy violates the Fourteenth Amendment to the U.S. Constitution by requiring a map drawn on the basis of race.
  - 9. Whether Plaintiffs are able to establish the elements required for injunctive relief.
- 10. Whether Plaintiffs seek inappropriate relief, including relief that is not within any of the present Defendants' authority to accomplish.
- 11. Whether Section 2 of the Voting Rights Act protects political parties via correlations between race and politics, or whether it is only available to protect against the specified government actions "on account of race." *See, e.g., Greater Birmingham Ministries v. Sec'y of State of Ala.*, 992 F.3d 1299, 1330 (11th Cir. 2021) ("[T]he challenged law must have caused the denial or abridgement of the right to vote on account of race.").
- 12. Whether Section 2 of the Voting Rights Act, 52 U.S.C. § 10301, establishes a private right of action.
- 13. Finally, if the map is stricken, the appropriate state entity to be given the first opportunity to redraw Legislative District 15.

# Dr. Matthew Barreto

University of California, Los Angeles 3345 Bunche Hall Los Angeles, CA 90095

Dr. Barreto may testify as a non-retained expert about efforts by the Latino community to obtain a Latino opportunity district in the Yakima Valley region, voting patterns of Latino and white voters in the Yakima Valley region, Latino voter turnout patterns, the maps considered and adopted by the 2021 Washington Redistricting Commission, and alternative configurations of legislative districts in the Yakima Valley region.

Plaintiffs properly disclosed Dr. Barreto as a non-retained expert under FRCP 26. Dr. Barreto was included in Plaintiffs' initial disclosures (sent March 3, 2022) as well as supplemental disclosures and Plaintiffs' expert disclosure filed with the Court (Dkt. 104). In addition, the parties had time to conduct discovery on Dr. Barreto. Dr. Barreto produced documents in his possession in response to a subpoena, and a deposition of Dr. Barreto was scheduled by both the State and Intervenors but twice canceled.

### Objections:

The State does not object to Dr. Barreto testifying as a non-retained expert so long as his testimony is limited to opinions that were formed during the course of his participation in the relevant events of the case, and only to those opinions which were properly disclosed. *See Guarantee Tr. Life Ins. Co. v. Am. Med. & Life Ins. Co.*, 291 F.R.D. 234, 237 (N.D. Ill. 2013). The State also does not object to Dr. Barreto testifying as a fact witness.
