My name is Barbara Sitton and I live at 2909 St. John's Avenue, which is in the historical Riverside/Avondale district.

Based on the map proposals LIME and MAROON, it appears the historic district of Riverside-Avondale is being separated, in one case in two and another in thirds. This action would be a big mistake for the City Council District and for our historic neighborhoods.

The council district and historic district have been together for decades, and the historic overlay, as defined by city council ordinance, has existed since the early 2000s. Furthermore, we've had a historical neighborhood organization since the 1970s that represents both Riverside and Avondale. They are not separate neighborhoods; they are clearly a single neighborhood and have been for generations. To separate this neighborhood would be an abysmal decision on behalf of the committee and would dilute the voting power of the people who live there.

Under Judge Howard's opinion, it was evident that ignoring the requests of the community was a factor in why the previous maps were thrown out. Today I ask that you please keep the whole Riverside-Avondale neighborhood intact. Our needs are unique in Jacksonville, and our extensive and long-lasting history makes us one of the few places with a strong shared identity. Under all other political maps: State House, State Senate, and Congressional, we are kept together. Please continue this.

I would also like to request that all of Murray Hill, Fairfax, and Lakeshore be added to the city council district. These associated neighborhoods have a long-standing relationship with Riverside-Avondale and are currently well-served under the same council member.

History matters and we need to preserve our neighborhoods and the political lines we've maintained for years. Do not split up any part of Riverside-Avondale. Thank you for your time and work.

Good afternoon,

I've come to understand that the redistricting maps initially proposed/approved by the council have been challenged by some local groups and a judge has ordered they be rerdrawn.

That being the case:
rWhy was only a 'select' committee convened to work the issue, and council members of the impacted districts not consulted?
rWhen the concern that the community of San Mateo remain a part of District 2 was raised by Councilman Ferraro, he was met with silence and dismissed by the Committee with no discussion. Why?This is a blatant disregard for the concerns of the residents of San Mateo.
rPlease explain how the City Council, with a 36% minority black membership (about 8% above the minority/black population of Jacksonville), voted 18r0 w/one abstention to approve the previous maps, but now finds itself gerrymandering the county? (Districts 2 and 7 in particular!)Why do you not fight the judge for what you already know is a fair map?

Thank you; I look forward to a response from my city servants.
Brian Morrill

Good afternoon. I'm an Historic Springfield resident. It has come to my attention that the newest map puts Riverside Avondale in one council district, but splits Springfield only 2 blocks east of the district boundaries. That doesn't make sense to me. Springfield includes two more streets to the west of Pearl Street - Perry Street and Boulevard. The split needs to be moved two streets over to the west and include all of Springfield, including the entire Springfield Historic District. I then heard the group had voted to go back to the maroon map that splits Riverside Avondale but leaves Springfield intact. Our Historic Districts have groups that work closely with the city and, in general, provide support to their communities and the unique needs of historic preservation and community revitalization. It makes no sense for *any* of our historic districts to be split up between council districts. I don't know the reasoning behind this, but I am respectfully asking you all to reconsider and make sure each historic district is in one single council district. Thanks, Debbie Thompson

Dear Council member,

I believe it's imperative that the city council retain Riverside and Avondale in one district.

These historic neighborhoods share a Historic Designation within the City of Jacksonville Planning Department which has distinct legal and procedural implications for nearly every department. It has been invaluable over the years to have a Councilperson who understands this distinction and has the expertise to navigate the City for their constituents.

Moreover, it's also critical that the district includes Memorial Park as well as the space used for RAM under the Fuller Warren bridge. These two spaces represent rhe cro n jewels of our neighborhood so need to stay with us.

Thank you for your consideration.

Our historic neighborhoods have unique issues and we are heavily dependent on having city council representation that is focused on our specific needs.

Good Afternoon,

My household strongly opposes the stunning and illrinformed proposed district map. The City and our Neighborhood will suffer from the breakup of the Springfield district. The revitalization efforts currently underway will be fractured by this plan. Needs of our neighborhood, long under resourced, will further fall on deaf ears without unified representation at City Council. All of the progress made in this neighborhood will retrograde, hurting homeowners, businesses, and the city alike.

Our neighborhood is compact with long established, well defined borders. Our neighborhood is defined by our local Historic District designation boundary and our Zoning Overlay, which the new maps introduced today do not respect. Our Historic District designation and Zoning Overlay impact our relationship with nearly every department within the city. Having a City Council representative who understands these unique issues and the nuance associated with them has proven to be integral to the revitalization of Springfield. Our neighborhood is best served by having ONE City Council representative serving Historic Springfield.

This proposal should be dead on arrival. It does not represent the interests of anyone who calls Springfield home, and these taxpayers who are driving the revitalization deserve unified representation advocating for them at city hall. Reject this redistricting map. Instead, focus on fortifying the gains this historic district has made, and work in unison, not opposition to the citizens enabling this progress.

Good Afternoon City Council Redistricting Committee,

I am writing to you to express my dismay regarding the redistricting process and the potential to split up established neighborhoods and historic districts. Jacksonville's historic districts are created to be compact with long established, well defined borders. Not only that, our neighborhoods are defined by their Historic District designation boundaries and Zoning Overlays, of which these new redistricting maps clearly do not respect.

In regard to Historic Springfield in particular, the Historic District designation and Zoning Overlay impact the neighborhood's relationship with nearly every department within the City of Jacksonville. Having a City Council representative who understands the unique issues faced by our community and the nuance associated with them has proven to be integral to the revitalization of Springfield. I'm sure the same can be said in regards to Riverside and Avondale and their relationship with their own City Councilmember through the years. Our neighborhoods are best served by having ONE City Council representative and not having our communities split up between two or more Council seats.

The Redistricting Committee should be taking the extra time and care to ensure that our historic districts and established neighborhoods remain intact. It is alarming to witness this blatant disregard and the lack of consideration given the immense responsibility and care in which this process requires.

One of the basic principles of democracy is that voters should have the opportunity to elect their representatives and those public servants should listen to and serve the needs of their constituents.

How best to achieve this? A good first step would be have impartial maps that do not shortchange certain voters due to race or class.

I do not see how the new proposed maps actually fix the problems of packing and nonrcompactness.These new maps actually make it pretty clear that our current city council redistricting committee has no intention of fixing the wrongs of the past or complying with the wishes of the judge.

Why not just use the map developed by the plaintiffs?It seems reasonable.

As a Duval taxpayer, I resent having my tax dollars spent on consultants and legal experts so that some current council members can blatantly ignore legal requirements.Please accept the plaintiffs" proposed map, not those developed by a partisan.

Jacksonville has a reputation as one of the most oppressive places in the country for black voters. Not a good look for a city that wants to attract forward facing, diverse, profitable high tech employers.

If we all work together, allowing everyone's vote to have equal impact, think what positive things could be possible in this city.

It has come to my attention that the City Council's Special Committee on Redistricting is considering district maps that would split representation of Historic Springfield into two districts, diluting the voice of our representation in the process.

My wife (a physician at UF Health) and I (a practicing attorney) chose to make Springfield our home ten years ago and have never looked back. We have seen substantial improvement and growth over that period, and Springfield's residents remain committed to continuing that growth. In order to do that it is imperative that at least one member of the Council understands and remains fully invested in our District. The proposed maps seem designed to have the opposite effect, and that is unacceptable.

I strongly object to any district maps that split representation of the Springfield Historic District.

Hello,

My name is Kaylee Carpenter, I am a small business owner and resident of Springfield. Unfortunately I will not be able to attend the Special Council Meeting tomorrow morning, so I am writing in. I have recently become aware of a proposal to split Historic Springfield into two zones, and am reaching out urging and requesting your consideration to NOT move to approve that proposal. Springfield is the definition of a “community” in all of the very best ways, and has grown immensely in recent years. As a business owner in the neighborhood, I can attest to the fact that Springfield is becoming a more and more desirable area to open a small businessr with one of the main selling points being the community and community support.

Additionally as a business owner and resident, I can attest to the aspects that the neighborhood has to overcome in order to thrive. In order to combat these issues (like public safety, blight, protection of a historic neighborhood, infrastructure improvements, ect.), it is CRUCIAL that our community members are in good working relationships with those who govern our zones.
I know that SPAR and many members of our community have dedicated countless hours to fostering relationships and having officials keyed into the issues of our community, and have visioned a path forward together. Splitting our community into two zones complicates matters and will drastically slow down the momentum that Springfield currently has.

Springfield is a vital aspect and tool in the redevelopment and revitalization of downtown. The growth of Springfield directly affects the development of downtown. Please consider the current momentum that Springfield, the community members who dedicate large parts of their life to see Springfield thrive, and the consequences that splitting Springfield will have on the growth of Jacksonville most beautiful historic neighborhood.

Thank you for your time,
Kaylee Carpenter

Good Afternoon Special Committee on Redistricting,

I appreciate the difficult task you have in front of you regarding the redistricting process. Unfortunately, I am in Tampa and cannot attend today's meeting in person. I am a previous resident of Riverside and have lived in Springfield since 2007. As many of you know, the time, effort and resources that residents have dedicated to all of our neighborhoods including the preservation and revitalization of our historic districts has been significant. We have seen major improvements in our residential areas as well as investments in our business sector and commercial corridors. Much of this work has included a unified approach with the district council member representing the district and the planning department.

Several of the recent maps have explored splitting historic areas, specifically Riverside/Avondale and Springfield into several council districts. I understand these maps may have been rejected and I hope that you will continue to support one council district for Springfield and one council district for Riverside/Avondale.

Hello,
I'm writing in regards to the recently announced proposal to divide our historic community, Springfield, between two separate city council representatives. Historic Springfield is a nationally recognized historic district, which is rare in Jacksonville and deserves to remain intact from a representative perspective.

Our neighborhood is compact with long established, well defined borders. Our neighborhood is defined by our local Historic District designation boundary and our Zoning Overlay, which the new maps proposed do not respect. Having a single City Council representative who understands the unique issues and concerns that us residents have has been integral to the revitalization of this unique neighborhood.

We chose Springfield as our home and to invest in Springfield and our community and do not agree with the current proposal to divide our neighborhood in a transparent effort to impact voting results.

Thank you,

Subject: Proposed City Council District Splitting Historic Springfield

EXTERNAL EMAIL: This email originated from a nonrCOJ email address. Do not click any links or open any attachments unless you trust the sender and know the content is safe.

Historic Springfield, as the historic designation implies, is a cohesive neighborhood with shared interests and priorities, grown for more than a century. The most recent city council redistricting map splits this neighborhood between two city council districts. This split will complicate Historic Springfield's interaction with the city council and duplicate efforts from city agencies and neighborhood representatives. I urgently ask you to reconsider and contain Historic Springfield in a single district. The proposed map does not include Springfield in a compact or logical district. It does not properly consider the economic and social interests of Historic Springfield.

Thanks.

Hello Redistricting Committee and City Council Members,
Today, shocking new proposed City Council district maps were introduced which would split the Springfield Historic District neighborhood into two parts. The City Council's Special Committee on Redistricting is scheduled to finalize new maps by tomorrow, Friday, November 4th.

Our Springfield neighborhood is compact with long established, well defined borders. Our neighborhood is defined by our local Historic District designation boundary and our Zoning Overlay, which the new maps introduced today do not respect. Our Historic District designation and Zoning Overlay impact our relationship with nearly every department within the city. Having a city council representative who understands these unique issues and the nuance associated with them has proven to be integral to the revitalization of Springfield. Our neighborhood is best served by having ONE City Council representative serving Historic Springfield.

Our family of 5 moved here in 2014 and we own a business operating in SPR with 40 employees.
Thank you for your attention to this matter,

My name is AnnrMarie KnightI reside within the Springfield Historic District

My address is 146 W 12 St., Jacksonville, FL 32206. I have lived here for 4 years.

This email is to express my your disapprovalfor the lack of communication, planning and opportunity to speak during the meeting this evening. I would have also appreciated the opportunity to express my disapproval for the proposed redistricting maps.Under no circumstances is this a feasible or good idea; Not at all. Do not divide this area into two districts because we have fought very hard and made huge gains over the decades. Historic Springfield should not have to negotiate with two city council persons for one (1) historic district

Recommendation:

1) Moving the new proposed back to the original boundaries before the changes in 2022.

2) Move the boundaries west of Ir95.

Hello,

My name is Courtney Killen and I would like to formally express my disapproval of the proposed changes to the city district map that effect Historic Springfield.

Implementing a split of the Springfield neighborhood into two separate districts creates a stall in the ongoing revitalization efforts for the community. This proposed rezoning impacts established relationships and partnerships with various city departments and organizations. The Springfield neighborhood is best served when we have a single city council member representing our interests and efforts. Additionally the new mapping essentially splits the neighborhood in half which could limit support and resources offered to Springfield and the Springfield Preservation & Revitalization community organization.

Please consider these arguments and vote against this proposed redistricting map that negatively splits Historic Springfield.

Hello,

I attended the special committee meeting today, Nov 3 2022, regarding redistricting. I offer the following thoughts for your consideration:

The city council should eliminate the optional, arbitrary policy of shaping the districts on the basis of the incumbents' residences.

1) The people of Jacksonville and its communities should be the key factors shaping the district maps – not incumbency. The rationale is clear: District maps are required to be redrawn every 10 years in order to reflect the new census data.Census data is based on people. The district maps should also be based on people.Incumbency should not be the driving force.

2) As pointed out by City Council VP Salem, it is problematic (and possibly illegal?) to shape the districts primarily on the basis of incumbents' residences without extending the same to all existing qualified candidates (running for office in the "old" districts).Moreover, it seems very wrong to accommodate some qualified candidates but not others.

3) Incumbents are tied to the "old districts" which have been deemed unfit by a judge. Using incumbents as a basis for the maps ties us to that same status quo and potentially doesn't fix the underlying problems noted by the judge.

The Unity map is our best option and should be the basis of the City Council's proposals moving forward.

The Maroon map needs a lot of work (and preferably should be scrapped).

1) The bizarre district shapes of District 14 and 7 need to be fixed. Our ordinance code requires our districts to be logical and compact.

2) The motions passed today need to be accommodated.

3) With its shape being driven by incumbency (e.g. status quo), the city council very much needs to prove that the Maroon map isn't again "packing" black voters together.We need to see the demographic numbers.

4) In line with the City of Jacksonville overall, roughly the same number of districts should be dominated by Republicans vs Democrats.

Thank you,

Tyra Smude

Over the last 10 years, Historic Springfield has progressed from an abandoned neighborhood , to one filled with families, shops, and vibrancy. The proposed map splitting the neighborhood is not only nonrsensical, it would be a deadly blow to the neighborhood and the progress that has taken place.

The neighborhood needs consistent representation, not a divided, arbitrary split.

For the sake of this community and other urban core neighborhoods that have been split by the proposed map, please reconsider.

To whom it may concern:

The current district map does not properly reflect the Springfield Historic District and therefore curbs appropriate representation, bifurcates the city council's attention to a historic district currently undergoing tremendous growth, and unnecessarily creates an untenable boundary that will undoubtedly harm residents in the apportioned area that falls in the new district but calls Springfield home.

With minimal alteration, the district map could keep the Springfield neighborhood under cohesive and singular representation which would better serve stakeholders, voters and the city at large.

I urge the city council to make such changes on Friday.

Tyler

I am writing in opposition to the proposed district map that would split the Springfield neighborhood into two parts. The neighborhood is too small to have two City Council Representatives and the second oldest neighborhood in Jacksonville deserves better.Any proposed map should follow/respect the boundaries of the historically designated district and the zoning overlay.

To the Council,

As a resident of Riverside Avondale district, I urge you to reconsider the Maroon II maps and adopt or revise the Maroon IIA map presented today as it kept Murray Hill, Riverside Avondale, Fairfax and Ortega together. Maroon IIB or IIC are also acceptable and could be tweaked for other considerations discussed, for example, San Mateo and Springfield.

The original Maroon, if revised to put Riverside and Avondale back together, should also add Murray Hill and keep us with District 14 with our historic neighbors Fairfax and Ortega.

It is my view that the residency of incumbents or candidates should not be the main focus of your decision, and removed from consideration.

I also believe it wawa a serious mistake not to seriously consider the plaintiff "unity" map. I attended two long meetings and never got a good answer as to why this was summarily dismissed.

I was a registered independent voter for 30 years (and have switched a few times to vote in primaries.) Our city elections should be less about D and R and about our citizens.

Keeping Riverside Avondale together in one district is important to the continued success of our historic district. The Maroon IIA map presented today also allows Riverside Avondale to continue its synergy with Murray Hill, Fairfax and Ortega. For instance, Riverside, Avondale , Murray Hill and Ortega have worked together in the past on issues regarding historic structures, public infrastructure and corsponsored events. Placing them in the same district, with the advocacy of one council member, will continue this productive relationship to the benefit of the neighborhoods. As a resident of Riverside Avondale district, I urge you to reconsider the Maroon II maps and adopt or revise the Maroon IIA map presented today as it kept Murray Hill, Riverside Avondale, Fairfax and Ortega together. Maroon IIB or IIC are also acceptable and could be tweaked for other considerations discussed.

The original Maroon, if revised to put Riverside and Avondale back together, should also add Murray Hill and keep us with District 14 with our historic neighbors Fairfax and Ortega.

I will echo what I have read and heard from many in District 14–keep RiversiderAvondale together and keep Murray Hill, Fairfax, Ortega, and Lakeshore in the same district with RiversiderAvondale.

Murray Hill is currently split between two districts. I think we have been wellrrepresented by both council members, but it creates sunshine law issues with community events and meetings. Would rather have the entire Murray Hill community in one district.

As a longtime Springfield resident, I have witnessed a fair amount of change and evolution. The fabric of this neighborhood is a very special secret sauce — comprised of people, businesses, personalities and spirit — all united by our history, homes and geography. We are tight knit, yet diverse. Independent as well as communityrminded. And we have unique needs as an historic district that impact every interaction at the city level. It is critical that we have a singular, knowledgeable council rep as well as the mass as a neighborhood, to care for the preservation of the character here as well as the urban core, aging infrastructure that accompanies it.

And frankly, there doesn't seem to be any benefit for this neighborhood to be split. In fact it, seems to be an affront to all who've poured so much into revitalizing and enlivening SPR over the past many years.

Please do NOT move forward with this illrconceived plan. Thank you.

I sincerely am against the redistricting of Riverside & Avondale. Why can't you people ever leave well enough alone?!?

I am a resident of the Riverside Avondale district, and as such I am urging you to reconsider the Maroon II maps and adopt or revise the Maroon IIA map presented earlier today as it keeps Murray Hill, Riverside Avondale, Fairfax and Ortega together.

Maroon IIB or IIC are also acceptable and could be tweaked for other considerations discussed.

The original Maroon, if revised to put Riverside and Avondale back together, should also add Murray Hill and keep us with District 14 with our historic neighbors Fairfax and Ortega.

And for the record, it is my view that the residency of incumbents or candidates should not be the main focus of your decision, and removed from consideration.

Please, leave the best part of Jacksonville (which is) Riverside & Avondale alone and intact. Can't the city possibly focus on another part of the city to work on? I mean, seriously!

To everyone it may concern:

The proposed City Council redistricting map that emerged today and that butchers the Historic Springfield District's integrity in the disgraceful name of gerrymandering is not at all acceptable to residents of the Historic Springfield neighborhood, whose residents form a single, diverse yet strong, compact community with well-defined borders and unique traits. In the name of everything good, rational, and decent, we must have a single common voting district from which to elect one City Council representative. I can assure you that this is a matter about which Springfielders are passionate, and you can be very certain that we will hold those who protect our interests close to our hearts, and will feel very, very differently about those who betray us by voting for this atrocious, gerrymandered butchering of our Historic District.

Members of the Redistricting Committee:

I am again writing with deep concerns about the decision to move forward with the Maroon map at today's redistricting meeting. While I appreciate the potential efforts to keep the RiversiderAvondale historic district in a single council district, I am troubled by the suggestion to divide it away from communities of similar interest, including Murray Hill., Fairfax and Ortega for what appears like blatant political reasons.

I ask you to revisit the Maroon 2A map, which preserves keeping these neighboring communities in a single district. This map, while far from perfect (particularly in dividing the Springfield neighborhood) is the best candidate from which to begin making small changes (such as uniting Springfield), and best works to keep communities of interest together, in fairly compact districts, for the foreseeable future.

Thank you again for your work. I hope you will be guided by the voices of the community, and look forward to your meeting tomorrow.

Jacksonville is a city of neighborhoods. I am writing to urge the City Council to adopt a district map which keeps the neighborhoods of Riverside, Avondale, Fairfax and Ortega, which have a long common history, within the same district, District 14. The Maroon IIA map kept these neighborhoods and Murray Hill together in the same district and deserves your support.

I attended one of the public meetings earlier this year which, we were told, were being held to get public input. Yet, the Council has perversely ignored our input. Only as a result of legal action has the Council been forced to reconsider how districts have been drawn for the next 10 years. However, you have been given an opportunity to reverse the poor decisions made previously in redistricting our city. I urge you to create a map that represents what your community members want and not one that considers the interests of candidates for Council seats or incumbents.

I further urge the Council to move away from Council Members deciding on how districts should be drawn every 10 years, and create a nonrpartisan, independent commission for this purpose in future.

Thank you for your consideration.

To whom this may concern,

As resident of Historic Springfield since 2009, I implore you to absolutely NOT split Springfield's district zoning. Our neighborhood has worked endlessly to build ourselves up beyond a reputation that has kept us down for so long. We have explored every avenue to better our part of Jacksonville and this has been possible in part by having ONE city council member as a point of contact. ONE person to hear our concerns and celebrate our successes. ONE person to help us navigate the bureaucracy and red tape.

Please, DO NOT split our neighborhood up just as we are getting our footing and beginning to flourish. Please DO NOT separate us from our neighbors, because historic preservation only works if we work together. Please DO NOT drag over one hundred years of progress into your rushed political game. Please DO NOT think redistricting Historic Springfield is an acceptable alternative to a rejected gerrymandered map. It is NOT and never will be.

Any persons voting in favor of this abomination will absolutely be blackballed in our neighborhood; not just voted out, but persona non grata in the strongest sense. You will have proven yourselves as a willing participant of why Jacksonville lags behind all other cities, once again cutting off any progress at the knees.

Please rise above this city's constant cycle of poor decisions and vote against this terribly drawn map.

Good Evening,

My name is Jill Naponelli and I reside within the Springfield Historic District.

My address is 1240 N Market St., 32206, and my husband and I have lived here since 2018. We are real estate investors and have a number of rental properties in Jacksonville. Most of them are in Springfield, but we have others in Eastside, Highlands, Lakeshore, and other neighborhoods in Jacksonville. We moved from California specifically to be a part of Springfield and to participate in the opportunity of Jacksonville advancing into a next level city.

This email is to express my disapproval for the proposed redistricting maps as it relates to Historic Springfield. I understand that the redistricting proposals have been made to right some historical wrongs, but in regards to Springfield, those efforts may inadvertently hurt those that this proposal is trying to help. There has been so much work put in by so many homeowners and businesses to help Springfield achieve its full potential. The success of Springfield will positively impact the other efforts of the work being done in Downtown, Shipyards, Eastside, Phoenix, and other neighborhoods. In order for Jacksonville to achieve its full potential, the city needs to work with these neighborhoods to determine the highest and best use based on the needs of the people living here. Splitting the historic district between two city council persons will add unnecessary bureaucracy, and will slow the growth of Springfield. It will also negatively impact the tax rolls and new business development in the area.

Thank you in advance for your consideration. Please don't hesitate to reach out if you would like to discuss further.

Best Regards,

Jill Naponelli

To whom it may concern,

If y'all are going to make concessions for current council members not filed to run for reelection but "thinking about it"(DeFoor, Pittman); along with current candidates that aren't incumbents running for office in district 2 but were moved to district 7 with the new maps(Mike Gay); or current council members children running in district 7(Gaffney Jr) then they should also be keeping Ronald Tracy Robison in District8.

District 8 is where Tracy has lived for the past several years. District 8 is his community which he is a part of. District 8 is where he has been campaigning on his own with little help from volunteers and no help from either major political party. He doesn't have any political connections on City Council to rely on for any favors. He has been spending countless hours and thousands of dollars of his own money door knocking, signature gathering and passing out yard signs in District 8 just to be moved into another City Council District.

This flies in the face of the point behind these new districts in the first place. Is the purpose to have more representative government? If so, then I recommend keeping a candidate in the district that best suites him and the people of District 8.

Respectfully,
Eric Parker

It is the committees own rules for redistricting and the Judges ruling that City Council Districts should avoid crossing the St. Johns river. Still, after speaking at all 4 of the initial meetings earlier in the year and multiple emails this time one district, District 2, is the only district to cross the river. And it crosses it at arguably the widest point. Un related to that though I do agree with district 2 continuing to have San Mateo in it because I think it's good for the community. Oceanway has more in common with San Mateo than it does in East Arlington/Ft. Caroline.

Dear CIty Counselors,

Please vote no, against any redistricting lines at this time. The greater JAX public is unhappy with the little input communities and neighborhoods of Jacksonville have been afforded at this time.

I am a resident in the Historic Springfield neighborhood and the newly proposed redistricting lines split our neighborhood completely in half, right up the middle. It is of our communal opinion and fear this new redistricting will negatively impact and conflict with our federally recognized historic designation boundary and zoning overlay. Which may negatively impact business commerce, COJ department and community working relationships as well as state and federal resources.

I request the input of the COJ HPC (Historic Preservation Committee) and SPAR(c) (Springfield Preservation and Revitalization Council) to be considered on this.

Please immediately reconsider updating and editing the newly proposed maps to include the Historic Springfield area as one whole rather than two separates.

Please respect and abide by the boundary that our community has strived to keep together. Thank you!

To the Committee,

As a long time citizen of Jacksonville, I urge you to create maps that are fair and respect the diversity of our city. Your charge is not to protect council member's jobs with gerrymandered districts but to create maps that reflect the racial composition of the city. Thank you.

To whom it may concern& The powers that be:

It has come to my attention that their is redistricting for council being proposed in a manner detrimental to our Historic Neighborhood, Springfield, JAX.

Although I am new to the neighborhood, I invested in a home here precisely for the fact that it is a historic neighborhood with great community vibes and pride.

Splitting our community among multiple Council would not give fair representation to our community.

This as each of the historic areas have unique qualities which deserve to be preserved and represented by one Council person elect whom takes pride in protecting and moving our community in a positive direction.

This is quite dismaying as a homeowner and should not even be a consideration! We will do whatever it takes to fight for our community to stay as one and have representation as a whole!!

Please consider this email as respectfully dissenting with the any new Redistricting map. The map recently agreed upon by the city council was approved by a majority of city council members, regardless of race or party, and should remain. The appeal to the court should be upheld and allow the current map to stand.

Honorable Councilmembers,

I'm writing again to ask you to please keep RiversiderAvondale together, but also to recognize that it's not just the historic neighborhood that needs this treatment. Regardless of where the neighborhood lies in our city or who inhabits it, neighborhoods are stronger together. And when our neighborhoods are strong, our city is stronger.

The Maroon Map under current considerations does just thatr maroons our neighborhoods in ways that will only serve to undermine our whole city for years to come. These are not easy questions, and we are entrusting you with many years of our future. It will be your legacy.

Good morning,

The current maroon map is going to negatively affect people who have been running for office now for more than a year. People like Ronald Tracy Robison who has been running and working to get elected for more than a year are now being moved to a different district. This is not fair to him or anyone else running for office at this time.
The Supervisor of Elections office still does not know if the signatures that have been collected will even be good for the new districts. This plan has not been thought through and the map needs to remain in place until after the election.

Council Members:

The residency of incumbents or candidates should not factor into how district boundaries are determined. To do so is plainly self serving at public expense. Public servants must put the public's best interest first. If this is not done, all of your future discussions of public service, community good, and general morality will ring hollow. This vote will be your legacy.

As a resident of Riverside Avondale district, I urge you to reconsider the Maroon II maps and adopt or revise the Maroon IIA map presented today as it kept Murray Hill, Riverside Avondale, Fairfax and Ortega together. Maroon IIB or IIC are also acceptable and could be tweaked for other considerations discussed.

The original Maroon, if revised to put Riverside and Avondale back together, should also add Murray Hill and be kept in District 14 with our historic neighbors Fairfax and Ortega. Districts should seek to combine similar areas with logical and compact boundaries as required by law.

I'm writing to voice my concern over the splitting of Historic Springfield between two proposed council districts. That seems incredibly short sighted.A Historic Neighborhood that has a zoning overlay requires the attention of a focused council person. Splitting this district feels as though the plan hasn't been completely thought through.
I voice my opposition to splitting the Historic District of Springfield between two council seats.

Dear Council Members:

I have followed the work of the Special Redistricting Committee closely.I've read the limited feedback from the public, and watched the even more limited public comments at the meetings of the committee.

I am not convinced that the committee has had sufficient time or will to craft a legally defensible map as a remedial measure.You technically have until 11/18 to produce something which the council, and our City, can take pride in.Obviously, any map that you submit by 11/8 will get more deference from Judge Howard, but deference to a bad map could be worse than no deference at all.

I am concerned that the current map voted out of the committee fails to keep Riverside/Avondale together with Fairfax, Ortega, and those portions of Murray Hill traditionally associated with the current 14. I know what I heard and read, most forcefully, from neighborhood advocates in Riverside/Avondale was their desire to be kept together and connected to those neighborhoods that together comprise a longstanding community of interest. Anyone who's ever attended their annual Luminaria event can see that community shine through.

Similar comments were made concerning the Woodstock neighborhood, presently located in District 9. Your policy choice to protect incumbents threatens to break up Woodstock. In fact, the long fingers that curl around the map to protect incumbents or, remarkably, their adult children, breaks the legal requirement of compactness.I thought we left hereditary titles behind in 1776.

I was glad to see Maxville and Baldwin linked together in most every map proposed, and in every map adopted. Those are two communities that belong together, and wholly together.

You have quite the day ahead of you. I thank you for your service to the City. I hope you will use that service today to make us proud, and not as a chance to settle scores, punish rivals, and demonstrate the qualities that placed us under judicial scrutiny in the first place.

Sincerely,

Jimmy

Dear City Council:

We moved back to Historic Springfield from Arizona because of the COMMUNITY that exists here, and the UNITY that the neighborhood has! The splitting of our neighborhood into two city council districts would be destructive to that common cause.

Our neighborhood is compact with long established, well defined borders. Our neighborhood is defined by our local Historic District designation boundary and our Zoning Overlay, which the new maps introduced today do not respect. Our Historic District designation and Zoning Overlay impact our relationship with nearly every department within the city. Having a city council representative who understands these unique issues and the nuance associated with them has proven to be integral to the revitalization of Springfield. Our neighborhood is best served by having ONE City Council representative serving Historic Springfield.

Please reconsider these boundaries for the good of our neighborhood and the ultimate good of the City of Jacksonville!

I have seen the new redistricting maps and they literally split our Historic Springfield neighborhood into two different zones. The people in my neighborhood have fought long and hard to bring this neighborhood back from it's derelict condition and would be best served to have one city council member for the entire neighborhood as someone needs to understand all the historic overlay and zoning issues specific to a nationally certified historic area.Please please consider this in your redistricting efforts, this is literally like splitting up a family.Thank you, Cherri Picard

Dear Council Members:

On Wednesday, we requested that you put Riverside and Avondale in the same council district instead of splitting our National Register Historic District into two or three separate ones.

You responded favorably, and yesterday (Thursday) you presented us with three new alternative maps ("Maroon II"), all of which were more favorable than the prior maps. We made it known that "Maroon IIrA" was by far the most favorable map because it kept all of the older historical neighborhoods togetherrr Riverside Avondale, Murray Hill, Lake Shore, Ortega, Fairfax, and Venetia.

The discussion seemed very positive about this new map. Then, out of the blue, a councilperson suggested that the three new maps be discarded, and a motion was made to return to the original Maroon map, with the possibility of keeping Riverside Avondale intact but moving it out of its historic context and into a totally different district.

This all happened so abruptly and unanimously and without any significant reason, and it caught most everyone in the audience by surprise. It appeared to some that was the plan all along. I'm sure that was not the case, but the perception weighed heavily.

Please hear our request. Please restore the the Maroon IIrA map, and make whatever minor corrections are necessary to avoid splitting Downtown and Springfield as well.

We appreciate and value the work you do, and we hope you will return that respect for our civic involvement and passion to make our city great.

Thank you,

Dear Council Members,

Keeping Riverside Avondale together in one district is important to the continued success of our historic district.

The Maroon IIA map presented on Thursday also allows Riverside Avondale to remain in D14 and continue its synergy with Murray Hill, Fairfax and Ortega.

Riverside, Avondale , Murray Hill and Ortega have worked together on issues regarding historic structures, public infrastructure and corsponsored events. Placing them in the same district, with the advocacy of one council member, will continue this productive relationship to the benefit of the neighborhoods.

It is also important to keep Springfield in one council district.

Please prioritize these neighborhood relationships in your final decisions.

Good morning,

As a 10ryear resident of and homeowner in Historic Springfield, I implore you to keep our neighborhood together in a single council district.

Our 1rsquarermile has faced many challenges over the past 30+ years, but in the past five, we have finally seen sustained momentum in commercial development and increased property values. We are tightrknit and have many passionate resident advocates who volunteer endless hours to better our neighborhood. If we are split into two council districts, it will be twice as difficult to coordinate with the City, protect our Historic inventory, and haveour needs heard and addressed.

Please keep Historic Springfield together in one council district. Please don't risk what we have worked so hard to improve.

Dear City Council Members,

As a resident of Riverside Avondale, I urge you to ensure that Riverside Avondale is fully included in one Council District. This decision will impact our community's representation in the City for the next 10 years. The committee should reconsider the Maroon II maps and adopt or revise the Maroon IIA map presented as it was compact and kept Murray Hill, Riverside Avondale, Fairfax and Ortega together. Maroon IIB or IIC are also acceptable and all could be tweaked for other considerations like ensuring the Springfield Historic District is entirely within one Council District. These are more than neighborhoods - **they are designated zoning/historic neighborhood overlays recognized by the COJ Planning Department.**

The original Maroon, if revised to put Riverside and Avondale back together, should also add Murray Hill and keep us with District 14 with our historic neighbors Fairfax and Ortega.

Sincerely,

Jeffrey Graf

To the City Council,

Our Springfield neighborhood is defined by our local Historic District designation boundary and our Zoning Overlay, which the new proposed maps do not respect.

Our Historic District designation and Zoning Overlay impact our relationship with nearly EVERY department within the city. Having a City Council representative who understands these unique issues and the nuance associated with them has proven to be integral to the revitalization of Springfield.

Our neighborhood is best served by having ONE City Council representative serving Historic Springfield.

Please do not split our neighborhood.

Thank you,

Case 3:22-cv-00493-MMH-LLL Document 79-1 Filed 11/10/22 Page 160 of 232 PageID 6094

Exhibit 1

(iii) A statement of methodology used in arriving at the particular plan recommended by the Special Committee on Redistricting.

Statement of Methodology

The methodology used in arriving at the proposed interim remedial plan for Jacksonville City Council and School Board Districts is as follows:

On May 3, 2022, several organizations and individuals filed a complaint against the City of Jacksonville and the Duval County Supervisor of Elections alleging that certain City Council and School Board districts were unconstitutional under the 14th Amendment of the U.S. Constitution as racially gerrymandered. On October 12, 2022, the federal court issued an Order in the matter of *Jacksonville Branch of the NAACP, et al v. City of Jacksonville*, 3:22-cv-493-MMH-LLL, enjoining the City from using the district lines passed in Ordinance 2022-01-E in the March 2023 elections and beyond, and ordering the City to enact and file with the Court no later than November 8, 2022, an interim remedial redistricting plan for use in all City Council and School Board elections held pending final judgment in the case.

On October 18, 2022, and in response to the Court's Order, City Council President Terrance Freeman issued a Memorandum creating a Special Redistricting Committee. He charged the Committee with obtaining legally permissible considerations for redistricting in accordance with state and federal law, and to prepare a remedial map for review by the City Council at a Special Council meeting scheduled for Friday, November 4, 2022. The Special Redistricting Committee subsequently met on October 20, 2022, where Council President Freeman noted that openness and transparency during the Court ordered redistricting process were paramount. To ensure that the public could participate in the redistricting process and provide its input and feedback on any draft maps or proposed districts, a dedicated redistricting email address – 2022redistricting@coj.net – was created for citizens to submit their input or concerns. In addition, time was specifically reserved at each Special Redistricting Committee meeting for the public to comment, and a "map chat" was scheduled for November 3. Additionally, public comment was available before the full City Council at its special meeting on November 4, 2022.

Dr. Doug Johnson, of National Demographics Corporation, was retained to work with the Planning and Development Department to create new maps for the Council's review and evaluation. These maps were to comply with state and federal law, the City Charter, Sections 5.03, 13.02, and 13.03, the City Ordinance Code, Sections 18.101 *et seq.*, and must also address the concerns laid out in the Court's October 12, 2022 Order. The specific criteria used to create the interim remedial districts included: (1) creating districts that are nearly equal in population as possible in order to satisfy the "one person/one vote" requirement; (2) arranging all districts in as logical and compact a geographical pattern as possible; (3) creating compact and contiguous districts so that the people of the City, and their varied economic, social and ethnic interests and objectives, are adequately represented in the Council; (4) creating district boundaries along Citizen Planning Advisory

Commission Committee (CPAC) region boundaries, freeways, waterways and major roads; (5) accounting for the residence of City Council and School Board incumbents who can run for re-election and not pairing these incumbents against each other; (6) considering the political and socio-economic demographics of the districts; and (7) attempting to avoid changes to the boundaries of the unchallenged districts. The race of the potential district constituents was not considered when creating the interim remedial district boundaries, nor were the 2011 district lines preserved. Although not at issue in the underlying litigation, the City attempted to complete the required analysis to confirm compliance with the Voting Rights Act of 1965 (VRA). However, the compressed timeframe within which the Council had to craft a remedial interim map, coupled with time constraints of data processing and organizational issues, the Council was not able to conduct a complete and thorough VRA analysis. Rather, it focused its attention on forming districts that complied with the 14th Amendment by not drawing lines based predominantly on race. Although the Plaintiffs' VRA methodology process and corresponding results appeared flawed, the Council did, however, review the Plaintiffs' VRA analysis and determined that the its proposed maps (referenced below) complied with the Plaintiffs' proffered Voting Rights Act analysis.

On November 1, 2022, Dr. Johnson presented four potential maps to the Special Redistricting Committee: (1) Plaintiffs' proposed map, which was presented at the October 25, 2022 City Council meeting; (2) the Maroon map; (3) the Lime map; and (4) the Orange map. The Maroon and Lime maps received the majority of the Special Redistricting Committee's and visiting Council members' support, with some members expressing support for the Orange map. Plaintiffs' proposed map did not receive any Committee or Council support. On November 2, 2022, Dr. Johnson presented three additional maps to the Committee: (1) Maroon IIA; (2) Maroon IIB; and (3) Maroon IIC. After deliberation, the Committee rejected those three maps, and selected the Maroon map, with proposed amendments, to be submitted to the Council.

The City's Planning and Development Department and/or Dr. Johnson met with any City Council and School Board members who wanted to contribute input regarding potential changes to the challenged districts. The public also provided feedback and input for consideration at the October 25, 2022 City Council meeting, November 1, 2, and 3 Special Redistricting Committee meetings, the November 3 Map Chat town hall meeting, and through the dedicated redistricting email address. As of 9:00 a.m. on November 3, 2022, the 2022Redistricting@coj.net email account received 112 emails. Public feedback and input varied, with the greatest amount of feedback relating to keeping Avondale and Riverside in a single district. All public input and feedback was either heard by, or provided to, the Special Redistricting Committee. Council and public input, along with the expertise of Dr. Johnson and the City's Planning and Development Department, drove the creation of the interim remedial plan for the challenged City Council districts. The proposed maps

were revised based upon the changes requested by the public and Council members, which were presented to the Special Redistricting Committee for its review and comments.

The proposed interim remedial plan for Jacksonville City Council and School Board District Residence Area Plans, as approved for submittal by the Special Redistricting Committee on November 3, 2022, are the culmination of numerous recommendations made by City Council members and input from the public.

(iv) An appendix of any other redistricting plans considered or created by the Special Committee on Redistricting in the process of creating the recommended plan, with the reasons for rejection of each such redistricting plan.

(a.) Plaintiffs' Map – November 1, 2022 Special Redistricting Committee Meeting

Page 12 of 21

Reasons for Rejection: Plaintiffs' Map did not keep incumbents in their current districts and paired incumbents against each other; Map disrupted the Council's current political balance between Republican and Democratic members; District 11 grouped together otherwise distinct and differentiated communities; Districts 10 and 14 did not follow the natural boundary created by interstate 295, but rather each crossed this major interstate at different points with not clear explanation; Map mixed dissimilar areas together (i.e., urban and rural areas combined in a single district); and Map modified the boundaries of unchallenged districts.

(b.) Lime Map – November 1, 2022 Special Redistricting Committee Meeting

Page 13 of 21

Reasons for Rejection: While the Committee initially favored both the Maroon and the Lime Map, it was the general consensus of the Committee that the Maroon map and any potential changes would better accomplish the group's goals, rather than the layout and structure of the Lime map. Therefore, the Maroon map was selected over the Lime map for additional changes and amendments.

(c.) Orange Map – November 1, 2022 Special Redistricting Committee Meeting

Page 14 of 21

Reasons for Rejection: The Orange Map had a large district that spanned most of the east and northeast boundary; Map was based off the Plaintiffs' map.

(d.) Maroon IIA – November 3, 2022 Special Redistricting Committee Meeting

Page 15 of 21

Reasons for Rejection: The new maps drew incumbents out of their districts; drew candidates who would be elected for office on November 8, 2022, out of the districts for which they were seeking election; and split the Springfield and downtown areas.

(e.) Maroon IIB – November 3, 2022 Special Redistricting Committee Meeting

Page 16 of 21

Reasons for Rejection: The new maps drew incumbents out of their districts; drew candidates who would be elected for office on November 8, 2022, out of the districts for which they were seeking election; and split the Springfield and downtown areas.

(f.) Maroon IIC – November 3, 2022 Special Redistricting Committee Meeting

(v) Comments and recommendations deemed necessary or advisable by the Special Committee on Redistricting to explain or illustrate the plan.

In responding to the Order of October 12, 2022, to present an interim remedial map to the federal district court by November 8, 2022, the Special Redistricting Committee ("the Committee") commenced its process with the understanding that it must not use race as a predominant factor in the design of any district unless that use of race is narrowly tailored to comply with a constitutionally permissible compelling government interest. Additionally, it was understood that, due to the timing required by the trial court, the Committee was limited in the depth of analysis, the scope of the Committee review, and the constituent input that would normally be available if the process was allowed to be conducted pursuant to the Charter, Ordinance Code and Council Rules, nor was there an opportunity for as thorough an examination of proposed alternatives to the maps as the Committee would have desired.

The Committee further framed its evaluation of the three maps (Lime, Maroon, and Orange) proposed by the retained expert, Dr. Doug Johnson, by examining the extent to which the drawn districts on those maps satisfied the following criteria:

- Creating districts that are nearly equal in population as possible in order to satisfy the "one person/one vote" requirement;
- Arranging all districts in as logical and compact a geographical pattern as possible;
- Creating compact and contiguous districts so that the people of the City, and their varied economic, social and ethnic interests and objectives, are adequately represented in the Council;
- Creating district boundaries along Citizen Planning Advisory Commission Committee (CPAC) region boundaries, freeways, waterways and major roads;

- Accounting for the residence of City Council and School Board incumbents who can run for re-election and not pairing these incumbents against each other;
- Considering the political and socio-economic demographics of the districts; and
- Attempting to avoid changes to the boundaries of the unchallenged districts.

The race of the potential district constituents was not considered when creating the interim remedial district boundaries, nor were the 2011 district lines preserved.

The Committee engaged in an initial evaluation of the Lime, Maroon, and Orange Maps, and also considered the Plaintiffs' proffered map. In doing so, the group consensus indicated that the Maroon and Lime maps were the Committee's top two preferences.

The Committee rejected the Plaintiffs' map for the following reasons:

- Map did not keep incumbents in their current districts and paired incumbents against each other;
- Map disrupted the Council's current political balance between Republican and Democratic members;
- District 11 grouped together otherwise distinct and differentiated communities;
- Districts 10 and 14 did not follow the natural boundary created by interstate 295, but rather each crossed this major interstate at different points with no clear explanation; and
- Map mixed dissimilar areas together (i.e., urban and rural areas combined in a single district)

The Committee also rejected the Orange map for the following reasons:

- Map had a large district that spanned most of the east and northeast boundary;
- Map was based off of the Plaintiffs' map.

Throughout its deliberative process, which included receiving feedback from the public (via email and in-person), the Committee also voted to direct Dr. Johnson to evaluate whether district lines in the Maroon and Lime maps could be shifted to accomplish the following:

- Permit Councilmember Pittman to remain in her current geographic district, which would also shift Councilmember Clark-Murray's district to include the Woodstock area;
- Allow for a neighborhood in the northeast corner of District 11 to be included in either District 13 or District 3 due to easier ingress and egress into that area from Districts 13 and 3, rather than District 11;
- Allow for the historic Avondale, Riverside, and, if possible, Murray Hill, areas to be in the same district, either proposed district 8, 10 or 14.

In response, Dr. Johnson presented the Committee with three variations to the Maroon Map (Maroon IIA, Maroon IIB, and Maroon IIC). The Committee ultimately rejected all three proposed revisions due to feedback from the public, as well as from their own colleagues. In particular

- The new maps drew incumbents out of their districts;
- Drew candidates who would be elected for office on November 8, 2022, out of the districts for which they were seeking election; and
- Split the Springfield and downtown areas.

The Committee subsequently voted to recommend the Maroon map to the entire Council, but with amendments made by Dr. Johnson to attempt to accomplish the following:

- Shift the Riverside and Avondale areas to District 10;
- Place the San Mateo area into District 2;
- Allow for the San Pablo area in the northeast corner of District 11 to be included in either District 13 or District 3 due to easier ingress and egress into that area from Districts 13 and 3, rather than District 11.

The Special Redistricting Committee believes that the Proposed Interim Remedial Plan appropriately, and to the extent possible, took into consideration these various criteria, the Court's Order, compliance with federal, state, and local law, as well as public and Committee requests to achieve the New Districts (2, 3, 7, 8, 9, 10, 11, 12, and 14) based on the Census Data for 2020.
