4 doing sort of nodding their head, they say -- the next  
5 thing come out of their mouth, I don't know where he or  
6 she heard that from.

7 My answer to them more often than not is that  
8 they heard it from your house, ma'am or sir. That's where  
9 they heard it, and so you need to get a grip. And we go  
10 from there. Because I mean, it's just that blatant. And  
11 now it's just out there, and it's been out there since I  
12 think Donald Trump stuff. I really do believe that. And  
13 nobody can make me not believe that. I mean, he turned --  
14 he turned the monsters loose. And now they want to bring  
15 it back in. It's too late.

16 Q. Can you give me just a few examples of what you  
17 perceived to be racism within Galveston County over the  
18 past five, ten years?

19 A. What I perceive to be racism?

20 Q. Racist, yes.

21 A. Racist. Just simply by the way that when I was  
22 working, you know, part time for organizations we were  
23 helping people with rental assistance or assistance for  
24 any kind of emergency, getting their lights and water and  
25 stuff like that on, and I knew where the pots of money was

1 | supposed to be coming, there are chunks of money that was  
2 | set aside by the federal government for those kinds of  
3 | programs.

4 |                   And I knew that Galveston County got some,  
5 | and they were using the money to send people to the border  
6 | or wherever they were building this fence, to build the  
7 | fence. They used the money. Mark Henry did that, and I  
8 | can't remember how many hundreds of thousands of dollars  
9 | he did that with.

10 |           Q. Do you know if any of that money actually left  
11 | the county and went to the boarder?

12 |           A. They went to the -- he paid the people to go  
13 | build the fence that's not built yet.

14 |           Q. But do you -- do you have any personal knowledge  
15 | of whether any of that actually occurred?

16 |           A. No personal knowledge.

17 |           Q. Okay. When we were talking about the -- I  
18 | believe it was the Carver Center that was closed as an  
19 | election site, voting site.

20 |           A. Um-hmm.

21 |           Q. Do you know why it was closed for that -- for  
22 | that term in 2020?

23 |           A. Oh, I don't --

24 |                           MS. CHEN: Objection, speculation.

25 |           Q. If you know.

1           A. Well, I really don't know, but I really thought  
2 it was to keep us from voting.

3           Q. Okay.

4           A. Make it more difficult for minorities to vote.

5           Q. Do you believe that minority residents in  
6 Galveston County have different needs than non-minority  
7 groups in Galveston County?

8           A. You know, that all -- that's -- that all -- see,  
9 that's a whole different argument there for people I  
10 believe in politics because, believe it or not, really  
11 poor Anglo people need the same thing that really poor  
12 Black people need, whether they know it themselves or not.  
13 The needs are there. They're human beings, period.

14           Q. And that -- the same thing is true in your  
15 opinion for anybody who is Latino regardless of their  
16 cultural makeup? The Latino minority --

17           A. If the human needs there.

18                           MS. CHEN: Objection, vague.

19                           THE COURT REPORTER: And what was that  
20 answer?

21           A. If the human needs are there.

22 BY MS. OLALDE:

23           Q. So you think it's more of socioeconomic issue?

24                           MS. CHEN: Objection, misstatements  
25 testimony.

1 A. Well not all -- not always.

2 Q. Right.

3 A. Not always, no.

4 Q. Are there other factors that could contribute  
5 apart from economics?

6 A. Well, you know, the other factors come in to that  
7 but, you know, that's like -- that's where education comes  
8 in. And it's across the board.

9 Q. When you say, "across the board," you mean?

10 A. With every group of people.

11 Q. Okay. Anything else?

12 A. Not that I can think of.

13 Q. Sure. You said you weren't familiar with League  
14 City area much, but just to circle back and clarify. Are  
15 you aware of the racial demographics in League City?

16 A. No, I'm not, no.

17 Q. You're aware of the voting trends or the voting  
18 demographics -- how people vote in League City?

19 A. No, but I believe primarily they -- I don't know  
20 but I think they're more republicans over there than  
21 democrats.

22 Q. Okay. And the base -- what's the basis for that  
23 belief?

24 A. The economic -- economy over there is different.

25 Q. Okay. I know that you had said that you had seen

1 horrible signs in peoples' yards in Santa Fe back in the  
2 60s. Are you aware of the demographics of Santa Fa --  
3 racial demographics in Santa Fe today?

4 A. No, but I do know they have more whites than  
5 blacks.

6 Q. Okay. And what's the basis for that knowledge?

7 A. That is the base -- well, for that knowledge?  
8 Oh, by just virtue of -- just drive through, you know.

9 Q. Okay. So you're driving through Santa Fe?

10 A. Um-hmm. Um-hmm.

11 Q. Okay. And is -- is it in your capacity of your  
12 -- with your job today that you'd be driving through Santa  
13 Fe?

14 A. No, usually I'm just going some place, you know,  
15 to a game or something.

16 Q. Okay.

17 A. Um-hmm.

18 Q. GI -- switching to Galveston Island. Are you  
19 aware of the racial demographics on Galveston Island  
20 today?

21 A. No, I'm not.

22 Q. Okay. And I have to ask the same set of  
23 questions, right. So are you aware of how people in  
24 Galveston Island are voting today?

25 A. No because I haven't paid those statistics any

1 attention.

2 Q. Okay. Alright, thank you, Ms. Courville. I  
3 appreciate all of your time today. That's the last of my  
4 questions for today.

5 A. Okay, but let me -- let me say something because  
6 I remember --

7 Q. Sure.

8 A. -- during the conversation when you asked me had  
9 I -- I believe it was a text, had I ever texted Stephen  
10 Holmes' office. And when I was reading one of those  
11 e-mails I thought, I remember when I did do a text with  
12 his secretary. I can't remember her name right now, but  
13 that was on the day that they were having the meeting  
14 trying to find out when the -- when -- where the meeting  
15 would be actually.

16 Because they kept changing the time of the  
17 meeting. That's what it was. And that's that, and I  
18 don't know if people discovered that or not -- discovered  
19 because you probably would have a copy of it, I guess, a  
20 text.

21 Q. But did you provide those text messages to  
22 counsel?

23 A. Well, all my text I did.

24 Q. Okay.

25 A. So if you don't have it I guess it wasn't there.

1 Q. Okay.

2 A. Because those kind of things I tend to delete.

3 Q. Gotcha. And you don't recall her name, but you  
4 initiated a text with Commissioner Holmes' --

5 A. That was his office, and she -- yeah, and she  
6 would be the one to answer a text, yes.

7 Q. Right. And so do you know if this was  
8 Commissioner Holmes' work cell phone or do you know what  
9 phone it was that you were texting?

10 A. It was -- it was the secretary.

11 Q. Okay.

12 A. It was the secretary.

13 Q. Okay.

14 A. It was his secretary -- Michelle. Her name is  
15 Michelle.

16 Q. Okay.

17 A. Michelle Watson. It finally came to me, yes.

18 Q. Sure. And so you would have had her cell phone  
19 number from prior contacts or?

20 A. Probably because she attend school board  
21 meetings.

22 Q. Okay.

23 A. She had kids attending school.

24 Q. And so you texted Ms. Watson to find out when the  
25 November 12th meeting would occur?

1 A. When -- what time it was going to be because they  
2 kept changing the time.

3 Q. Was there anything else that maybe you texted  
4 with her about?

5 A. No, I've been racking my brain about that and  
6 that's the only one I can think of.

7 Q. Okay. Alright. Well, thank you very much. I  
8 appreciate all your time today.

9 A. Oh, you're welcome.

10 MS. CHEN: And I'll just ask a few  
11 questions, it won't take very long.

12 E X A M I N A T I O N

13 BY MS. CHEN:

14 Q. But to start out, you had talked about being an  
15 advocate for a school bond that was passed last year --

16 A. Yes.

17 Q. -- is that right?

18 A. Um-hmm.

19 Q. What members of your community did you engage  
20 with to advocate for that school bond?

21 A. Oh, that -- they were -- there was just a  
22 conglomerate of -- of community members who were in  
23 churches. You know, we -- we would pass out little slips,  
24 you know, to them saying school bond -- school bond coming  
25 up and this will be the amount and this is what it's for.

1 | Getting ready to build at that time, I believe, the three  
2 | elementary schools. That's primarily what we did, uh-hmm.

3 | Q. And did that include Black members of your  
4 | community?

5 | A. Yes, everybody.

6 | Q. And that would include Hispanic and Latino --

7 | A. Yes.

8 | Q. -- that lives in the community as well?

9 | A. Yes. Whoever had kids, we thought, would be  
10 | going to the school, yes.

11 | Q. Would you say that a majority of the students in  
12 | those schools were racial minorities?

13 | A. Yes. Yeah.

14 | Q. And would you say that Black and Latino voters  
15 | have shared policy priorities regarding education?

16 | A. Yes. Yeah. And primarily what it is, is that we  
17 | all want the same thing for our children. We want them to  
18 | have a good, round -- rounded education. Yes. And to  
19 | be -- to be ready to face the real world once they get out  
20 | of school.

21 | Q. And so you saw people coming together to support  
22 | the school bond --

23 | A. Absolutely. And they did in a big way. They've  
24 | done that twice.

25 | Q. When was the other time?

1 A. You know, we just did the other one about two  
2 months ago now, I think.

3 Q. Um-hmm.

4 A. That we voted to -- did we vote in November?  
5 What is this? This is March.

6 Q. Um-hmm.

7 A. And we had to vote -- we voted in November again  
8 I think.

9 Q. Um-hmm.

10 A. For another school bond to build a brand new La  
11 Marque high school, and it passed for the same reason and  
12 we did it the same way. We just appealed to the parents  
13 of the kids who we thought would be going to the schools  
14 or who were already in the schools. And the majority of  
15 them are minorities.

16 Q. Okay.

17 A. Um-hmm, but they voted for it.

18 Q. And you also testified earlier or that -- sorry  
19 rewind.

20 How would you describe Commissioner Holmes'  
21 basic support in your community?

22 A. How would I describe it? Personal, approachable,  
23 visible, and he's a listener. And -- is that what you're  
24 talking about?

25 Q. Right. Do you find he makes efforts to reach out

1 | to Black and African American voters?

2 | A. And everybody else. Oh, you should see I -- it's  
3 | amazing. If he were to walk in a room with a group of  
4 | White women and men, they're all over him, they're all  
5 | over him. They appreciate him --

6 | Q. Um-hmm.

7 | A. -- they appreciate him and his efforts. And  
8 | these are not -- those are not majorities.

9 | Q. Um-hmm.

10 | A. I mean, those are majority folks. He just has  
11 | that kind of a -- he has that kind of a personality, and  
12 | he's been around for a while and he shows up. He shows  
13 | up.

14 | Q. You had mentioned that Dr. Armstrong was not as  
15 | available to the community?

16 | A. Not -- he cant be.

17 | Q. Have you ever been a part of a community  
18 | organization or board with Dr. Armstrong?

19 | A. You know I forgot when we were talking about  
20 | Dr. Armstrong early that, yes, I was the -- I still am  
21 | the president of the foundation that's called right now,  
22 | the Reverend Robert Felder, Robert E. Jones Felder  
23 | Foundation. Before now, before two years ago, the name of  
24 | the foundation was the McKinney Memorial United Methodist  
25 | Church Foundation.

1 We changed the name but we never changed the  
2 focus of it. The focus of it was to provide scholarships  
3 for young people once they graduated from high school and  
4 in the area, primarily in La Marque and Texas City to the  
5 school of their choice. It was only \$500 per scholarship,  
6 but we did that.

7 Dr. Robert -- Robin Armstrong was invited to  
8 serve as one of our trustees, and he agreed to do that;  
9 and we believed that he really wanted, you know, to be a  
10 member of that organization because, actually, his family  
11 grew up in that church. And so and we all like him, he's  
12 a nice person, and so he said, Yes, I'll serve. But he  
13 couldn't, he didn't have the time. We kept him on -- on  
14 as a trustee for two and a half years or so and then on  
15 the third year we said, Well, he can't make meetings. And  
16 by then they had put him on as some commissioner or some  
17 something that had to do with medicine on the state level,  
18 the state level.

19 So we knew then that Dr. Robin Armstrong was  
20 never going to be able to come to one of our meetings so  
21 we had to kick him out the door. Dear, Dr. Armstrong,  
22 yeah, we're relieving you as one of our commissioners.  
23 But we thought he would be a good one, but he just didn't  
24 have the time.

25 So what was your question, that he wouldn't

1 | have time to attend some of these community functions?

2 | No, he doesn't. He doesn't have the time.

3 | Q. Um-hmm.

4 | A. If you're in charge of three or four nursing  
5 | homes, they're your nursing homes -- and he's also the  
6 | director, I believe, of the hospital in the Mainland --  
7 | used to be Mainland Hospital, which is now part of the  
8 | HCA, Houston something -- what is HCA? Houston something  
9 | Health -- HCA that -- well, anyway, he's over that now, so  
10 | no, he didn't have time. He won't have time to be a  
11 | commissioner. He won't. He won't have time to listen to  
12 | people, answer -- answer phone calls, e-mails, or nothing.

13 | Q. And he's lived in the county for some time,  
14 | right?

15 | A. He's in Friendswood, I believe; so that -- you  
16 | know, that part of it's Galveston County --

17 | Q. Um-hmm.

18 | A. -- and part of it is Harris County. Friendswood.

19 | Q. But in all that time you have not seen him be as  
20 | engaged with the community?

21 | A. No. No, I have not.

22 | Q. You also mentioned earlier that you felt the  
23 | commissioner's court was intentionally denying folks the  
24 | right to vote.

25 | A. Yes.

1 Q. That it was intentionally racist.

2 A. Yes.

3 Q. And that was part of a discussion of keeping  
4 Galveston red.

5 A. Yes.

6 Q. Do you recall?

7 A. Yes.

8 Q. Can you explain how you think keeping Galveston  
9 red relates to intentional racism and denying people the  
10 right to vote?

11 A. Keeping Galveston red, the county is keeping in  
12 lockstep with the State of Texas who is big on being red,  
13 one of the red states. As -- as Georgia or any of the  
14 other southern states that are red. That's -- that's --  
15 that's what they do. And if you are a red county in a red  
16 state, that probably gives you a little bit of an edge in  
17 terms of being able to get certain amenities from the  
18 state that some of the other counties would not get, the  
19 democratic counties, or, well, they don't call them  
20 democratic, they call them blue. The blue counties --

21 Q. Um-hmm.

22 A. -- so keeping it red -- yeah, so keeping it red  
23 and what -- I don't know if that -- is that answering your  
24 question? Am I getting to it?

25 Q. Well, I wanted to know how that related to what

1 | you said about intentional racism. Because you also said  
2 | that, that was related to be intentionally racist.

3 | A. Well, when you think of the term red, that's what  
4 | it is. It's the confederacy of -- that's how I see it.  
5 | That's what I relate it to, and that is racist. I mean,  
6 | that whole idea of we're the confederate, you know, we  
7 | beat the other people or whatever, it's just crazy; and in  
8 | my head it's crazy.

9 | I can't even wrap my head around the  
10 | connotations of things like that anymore, but a red state  
11 | is a racist state. It's like the red stands for racist.

12 | Q. Are you saying that you associate the republican  
13 | party, the red party with the confederacy from the U.S.  
14 | Civil War?

15 | A. You bet. I do. And -- yeah, no doubt about it.  
16 | No doubt about it. And it really got to be -- you know,  
17 | it's always been like a small murmur of things, but  
18 | since -- since Donald Trump, I mean, it's out there,  
19 | that's what it is. I mean, look, if that guy could turn  
20 | this whole nation into one -- one race of people, it would  
21 | be white Anglo Christians or however they put it.

22 | And I don't understand how any Christian, no  
23 | matter the color of the skin could think like they think.  
24 | A Christian is a Christian, never mind what color you are,  
25 | the color of your skin. That's a philosophy, that's an

1 | idea. But you got to be -- to get along with him and his  
2 | folk, you got to be White, some kind of Christian, and I'm  
3 | going, Why are they using that word Christian? It's  
4 | nothing Christian about that. There's nothing Christian  
5 | about killing women just because they're woman. Yeah, but  
6 | that's what they do.

7 | Q. So the confederacy also came up in an earlier  
8 | exhibit, do you know of any issues involving things like  
9 | showing somebody the confederacy, confederate monuments in  
10 | Galveston County?

11 | A. There have been -- there have been issues, yes,  
12 | with monuments here on the island wanting to move them or  
13 | wanting to remove flags or -- and I really didn't get  
14 | into, you know, all of it; but, yes, there have been some  
15 | real issues with the confederacy right here on this  
16 | island. It's absolutely unbelievable.

17 | Q. Do you know if any commissioners or the county  
18 | judge supported removal of these statues or was against  
19 | the confederate monuments?

20 | A. What I could read in the paper they were against  
21 | having them removed --

22 | Q. Um-hmm.

23 | A. -- to be sure they didn't want them to be  
24 | removed. So I guess the answer to that would be, you  
25 | know, yeah. Well, you said were they against them, no,

1 | they were for them.

2 | Q. Do you recall Commissioner Holmes' position?

3 | A. He was -- he was wanting to do the right thing

4 | with that. He was listening to his constituents. The

5 | other folks had constituents, too, on both sides. I mean,

6 | on both sides of the -- of the issue. They had Black

7 | folks saying, you know, the confederate flag is not okay.

8 | They had some White folks saying confederate flags are not

9 | okay, that kind of thing, that, that war ended, you know,

10 | and yada, yada, yada.

11 | So and Commissioner Holmes would have come --

12 | come down on the -- on the side of what's right, what's

13 | fair, and what's right.

14 | Q. Thank you.

15 | A. That's it?

16 | Q. Can you give me just a second to --

17 | A. Okay.

18 | Q. -- to take a look at my notes.

19 | Alright, I think that, that concludes my  
20 | questions.

21 | A. Okay.

22 | Q. Thank you so much, Ms. Courville.

23 | A. You're more than welcome.

24 | E X A M I N A T I O N

25 | BY MS. OLALDE:

1 Q. Couple of follow ups.

2 A. Sure.

3 Q. On the school bonds that was to build three new  
4 elementary schools in La Marque, correct?

5 A. Only one of the school's sitting on La Marque's  
6 land actually, on the land that's in the La Marque -- La  
7 Marque area, the La Marque City.

8 Q. Um-hmm.

9 A. The other three are in Texas City. But the whole  
10 school system, all of the schools belong to Texas City,  
11 but they all have names for La Marque. Because it's  
12 really -- it's strange, it's like La Marque is still, even  
13 as I speak, an ISD but within Texas City controlling the  
14 money. That's what it comes out to.

15 Texas City controls our bank account, but the  
16 buildings and all that, they control the money; and they  
17 control the land in term -- well, the land -- if they have  
18 to get land it has to be in La Marque. That was the whole  
19 issue, remember, before when I said it was about our land  
20 and it was about our money? I was not kidding nor was I  
21 lying.

22 The new La Marque building will be built  
23 where the old La Marque is sitting right now, and they're  
24 building a stadium and a sports complex also. And it's  
25 plenty land for that to happen on, but it's on the La

1 Marque side. But I would be TC's school district or  
2 however. You're looking confused and we are confused  
3 every day and I work over there.

4 Q. So then just really fast. The new stadium that  
5 they're building would be open to both La Marque students  
6 and Texas City students?

7 A. It's going to be -- it's going to be the  
8 competition track and so if they have track meets or  
9 competition anything, because the stadium that Texas City  
10 has cannot have that happen, it's not big enough or it's  
11 not regulated. Don't get me started with all of the  
12 regulation track and the regulations this and all of that.  
13 Yes.

14 Q. Okay.

15 A. But everybody will be using it. So they will  
16 have two stadiums. They will have the La Marque stadium  
17 and the Stingray Stadium. Well, this is a Stingaree La  
18 Marque Stadium where they're having now are for Palmer  
19 Highway, yeah.

20 Q. Okay. And you -- who did you work with to  
21 support these bonds?

22 A. The general community.

23 Q. Okay.

24 A. Yeah, the general community and, of course, it's  
25 -- it's always a school board who will ask people to

1 support, you know, because it had to be -- you know, the  
2 taxpayers. So it's the whole -- we had I don't know how  
3 many meetings for all of these school bonds informing  
4 people of what was going to happen.

5 Q. Okay. But when it comes to working to get these  
6 school bonds, it was meant just to service anyone in the  
7 area regardless of race, right?

8 A. You bet.

9 Q. Okay.

10 A. Um-hmm.

11 Q. And you didn't care who you worked with to  
12 support the bonds if they --

13 A. Oh, no.

14 Q. -- were White, Black, Latino?

15 A. No.

16 Q. Okay.

17 A. Uh-uh.

18 Q. I don't believe we had previously talked about  
19 the foundation for Robert E. -- the Robert E. Jones  
20 Foundation.

21 A. Um-hmm.

22 Q. That was previously had the name of -- it was  
23 McKinney?

24 A. McKinney Memorial United Methodist, yes --

25 Q. Okay.

1 A. -- um-hmm.

2 Q. Okay. And is that a church?

3 A. It's a church.

4 Q. Okay.

5 A. It's -- it's a Methodist church in La Marque.

6 Q. And how long have you been involved with it?

7 A. Since 1986.

8 Q. Okay. And you're -- what is your -- have you  
9 ever held, like, an officer position or anything like  
10 that?

11 A. Several, you know, in the church. Yeah, in the  
12 church organizations, several of them. The United  
13 Methodist Women, and right now I'm the president of that  
14 foundation.

15 Q. Okay.

16 A. I could be several other things but I chose not  
17 to be because y'all need to training some of these young  
18 people to do what I've been doing. We need some young  
19 blood here. And so what happens there I found, though, is  
20 that they die and that, you know, that grieves me that  
21 people won't -- they won't take up the mantle and make it  
22 work, they'll just let it die. Whatever it is, it doesn't  
23 matter.

24 Q. But the foundation --

25 A. I've taught some Sunday school there.

1 Q. Yeah.

2 A. And I've taught -- yeah, and I've done a lot of  
3 things for that church over the years.

4 Q. With respect to the scholarships, those were  
5 awarded to students in the area?

6 A. Yeah, they graduated. We started out trying to  
7 give a scholarship to La Marque students, Texas City  
8 students, Hitchcock, Dickinson, but then our money got  
9 little. So now we just concentrate on the ones who are at  
10 the Texas City/La Marque school district. Yeah.

11 Q. And the scholarships are given out regardless of  
12 race, correct?

13 A. Oh, yeah. Yeah, they -- we have this  
14 application, you fill out the application, and if they get  
15 all of the requirements done, like sending in transcripts  
16 and -- and writing a little essay that they have to write,  
17 and getting three letters of references to us in that,  
18 yes, we don't care who they are.

19 Q. Okay. And do you happen to remember the dates  
20 that Dr. Robin Armstrong was a trustee of the foundation?

21 A. I don't. I really -- I'm having a hard time with  
22 that one. I don't remember exactly. I can look at my  
23 notes for you and get it for you. My notes at home.

24 Q. Just to the best that you can recall sitting here  
25 today.

1           A. This is 2023 and I tell you how we could track  
2 it. Whenever he got put on that something that has to do  
3 with the Medical Society for the State of Texas, for the  
4 state that was when -- about the time that we said he has  
5 to go, and he had been on for three years at that time.  
6 And that -- I don't know when that was.

7           Q. Do you --

8           A. That -- that was not -- it hasn't been that long  
9 ago.

10          Q. It's okay if you don't remember.

11          A. I'm going to say five years. Five years maybe.

12          Q. Do you know who filled his role when he was let  
13 go?

14          A. Let go of -- of our -- our organization?

15          Q. Who -- who became a trustee to replace him when  
16 he was let go.

17          A. Because we had so many at that time, there were  
18 three of them when we let go --

19          Q. Okay.

20          A. -- we didn't replace any of them. We still have  
21 seven.

22          Q. Okay.

23          A. Um-hmm.

24          Q. You had -- you had testified recently about what  
25 red means and it definitely brings up the connotation of

1 the confederacy --

2 A. Um-hmm.

3 Q. -- correct?

4 A. Yes.

5 Q. But would you agree with me that not all  
6 republicans are racist?

7 A. Oh, oh for sure not all republicans are racist.

8 Q. Okay.

9 A. I do agree with that.

10 Q. And not all Republicans practice Christian faith?

11 A. No, that's just what -- what's his name? Donald  
12 Trump says.

13 Q. Right.

14 A. That's what he wants.

15 Q. Right. But do you -- you don't believe that Joe  
16 Giusti is racist, do you?

17 A. I don't even know him. I know his name.

18 Q. Okay.

19 A. But I don't know Joe that well.

20 Q. But you don't have any reason to believe that he  
21 is?

22 A. That he is racist?

23 Q. Yeah.

24 A. I don't know.

25 Q. Okay. What about Commissioner Apffel? Do you

1 believe he's racist?

2 A. That's the lawyer. Probably do.

3 Q. Okay. But do you --

4 A. But I don't know. I'm just saying that.

5 Q. Okay. Dr. Armstrong -- Dr. Armstrong, do you  
6 believe he's racist?

7 A. Dr. Armstrong -- Dr. Armstrong is probably not  
8 racist, but he doesn't practice the same policy ideas and  
9 things that I do, but that doesn't mean that he's racist.

10 Q. Sure.

11 A. That means that the man doesn't have time to deal  
12 with it. And there are a lot of White folk like that,  
13 they just don't have the time and we're not high on their  
14 priority list --

15 Q. R.

16 A. -- at all. Um-hmm. So there -- I'm telling you,  
17 my grandfather was White, so -- look, and he loved us all.  
18 And most of us kind of look like me, some of them look  
19 like him, but most of us look like me. All twelve of us.  
20 So I'm not saying all White folk are racist, that is not  
21 what I'm saying at all.

22 There are some White folk -- oh God, I had --  
23 my best friend at Methodist was -- was a White young  
24 woman. She's a nurse and a beautiful person inside and  
25 out, just beautiful. Yeah, and I miss her a lot. I've

1 had some real good White friends, yeah. And, no, they not  
2 all racist. And not all Galveston County White folk are  
3 racist.

4 Q. Okay. Thank you. That's all of my questions for  
5 today. Thank you.

6 A. I don't think y'all are racist.

7 Q. We appreciate --

8 A. I don't think you're racist.

15 TYLER DRUMMOND,  
16 having been first duly sworn, testified as follows:

17 E X A M I N A T I O N

18 BY MR. MANCINO:

19 Q. Good morning, Mr. Drummond.

20 A. Good morning.

21 Q. What do you do for a living?

22 A. I'm the chief of staff to the Galveston  
23 County Judge.

24 Q. And how long have you been in that position?

25 A. Since July of 2013.

1 Q. Where were you born?

2 A. Littleton, New Hampshire.

3 Q. And when were you born?

4 A. August 21st, 1985.

5 Q. Did you go to college?

6 A. I went, yes.

7 Q. Where?

8 A. Southern New Hampshire University in  
9 Manchester, New Hampshire.

10 Q. Did you receive a degree?

11 A. Yes.

12 Q. What type of degree?

13 A. A bachelors of arts.

14 Q. Uh-huh.

15 What did you do next by way of  
16 education, if anything?

17 A. Graduated from Vermont Law School in May of  
18 2012.

19 Q. Are you admitted to any state bar as an  
20 attorney?

21 A. No, sir.

22 Q. Have you ever practiced law with your legal  
23 education?

24 A. No, sir.

25 Q. Okay. And I take it you're currently not

1 practicing law in any capacity?

2 A. Correct.

3 Q. Okay. Now, can you summarize for me your  
4 work history after college?

5 A. I worked for State Farm Insurance right after  
6 college and was a property and casualty producer and  
7 worked for them for a short time period during law  
8 school. And -- and after law school, I went to work  
9 for the New Hampshire Republican State Committee.

10 Q. Was there a -- a -- a gap between college and  
11 law school during which you worked at State Farm?

12 A. There was a gap between college and law  
13 school. Yeah, I think -- I -- I can't specifically  
14 recall the gap, but, yes, there was.

15 Q. Okay. So when did you graduate from law  
16 school?

17 A. May of 2012.

18 Q. Okay. I think I asked you that. Thank you.

19 And so during law school you worked some  
20 part time as a State Farm producer?

21 A. Yeah. For -- I think my -- maybe in 2009.

22 Q. Okay.

23 A. Yeah.

24 Q. And that's property casualty lines?

25 A. Yes.

1 Q. What sort of training did you undergo to  
2 become a producer for State Farm?

3 A. I was licensed. I took the exam in 2009,  
4 2008.

5 Q. And when you say "the exam," what do you  
6 mean?

7 A. The New Hampshire property and casualty exam,  
8 the insurance producer's exam. I don't specifically  
9 know the exact name or can't recall the exact name.

10 Q. Okay.

11 A. Yeah.

12 Q. So they -- they quiz you on topics relating  
13 to insurance including the law regulating the  
14 insurance industry?

15 A. Correct.

16 Q. Got it.

17 And when did you start working with the  
18 New Hampshire Republican State Committee?

19 A. Summer of 2013 -- I'm -- I'm sorry -- summer  
20 2012.

21 Q. 2012?

22 A. Yeah. I apologize.

23 Q. So a few months after you graduated law  
24 school?

25 A. Correct.

1 Q. Okay. How did you get that job?

2 A. I was involved in New Hampshire Republican  
3 Party politics.

4 Q. Leading up to taking that position?

5 A. Correct.

6 Q. What was your involvement in New Hampshire  
7 Republican Party politics?

8 A. I was the vice chairman of the Grafton County  
9 Republican Committee and the chairman of the Northern  
10 Grafton County Republican Committee.

11 Q. And how did you fall into those positions  
12 of -- as -- what was it -- vice chairman of the  
13 Grafton Republican Committee and chairman of the  
14 Northern Grafton Republican Committee?

15 A. Elected by the membership.

16 Q. Okay. So have you been active in Republican  
17 politics your entire adult life?

18 A. Yes.

19 Q. Okay. And what did you do as the vice  
20 chairman of the Grafton Republican committee?

21 A. Assisted with the monthly meetings of the  
22 committee and the work of the party.

23 Q. Okay. I mean, I take it that was a part-time  
24 position?

25 A. Yeah. It was a volunteer position.

1 Q. Okay. You weren't paid?

2 A. No.

3 Q. Okay.

4 A. No.

5 Q. And same question as with respect to your  
6 role as chairman of the Northern Grafton Republican  
7 Committee.

8 A. Volunteer position.

9 Q. Okay. And so what sort of Republican  
10 political issues did you deal with when you had that  
11 vice chairman and chairman position.

12 Do you remember?

13 A. Campaigns.

14 Q. Supporting Republican candidates who are  
15 running for office?

16 A. Correct.

17 Q. Okay. What -- what was your title when you  
18 were working with the New Hampshire Republican State  
19 Committee?

20 A. I can't specifically recall. It was one of  
21 two things. It was either regional field  
22 representative or regional field director.

23 Q. Uh-huh.

24 A. I can't specifically recall, though.

25 Q. Was that a paid position?

1 A. Yes.

2 Q. Okay. What sort of -- I assume in -- in that  
3 role, whatever your title was with the New Hampshire  
4 Republican State Committee, you encountered political  
5 issues, correct?

6 A. That was in lead-up to the 2012 presidential  
7 campaign in November 2012.

8 Q. Okay.

9 A. So it was working with the party apparatus  
10 for the -- for that campaign.

11 Q. Okay. So you were -- you were working with  
12 the New Hampshire Republican State Committee to assist  
13 the Republican candidate who was running for  
14 president?

15 A. Yeah. I think on the Republican side --  
16 sorry -- this -- I had to admit someone --

17 Q. Okay.

18 A. -- on the Republican, they call it the  
19 "Victory Program." That's what the RNC calls that, I  
20 believe.

21 Q. Okay. And was -- was your work in that  
22 capacity limited to New Hampshire?

23 A. Yes.

24 Q. Okay. So you weren't traveling to other  
25 states --

1 A. No.

2 Q. -- to assist?

3 A. No.

4 Q. Okay. So in point of time, which was your  
5 last position? Was it chairman of the Northern  
6 Grafton Republican Committee?

7 A. No, those are volunteer -- those weren't  
8 employment positions.

9 Q. Okay. Both volunteer, okay.

10 And when did -- how long did that  
11 volunteer position or positions last?

12 A. I did not serve in those capacities when I  
13 was working for the state Republican party, so it  
14 would have been around the time I got hired for --

15 Q. Got it, okay.

16 (Speaking simultaneously.)

17 Q. (BY MR. MANCINO) All right. And so how long  
18 were you working for the New Hampshire Republican  
19 State Committee? You joined there in summer 2012?

20 A. Yes, so it would be the winter of 2012 after  
21 the general election, is when I ended employment in  
22 that role.

23 Q. Okay. Got it.

24 And why -- why did you end your  
25 employment?

1 A. The campaign was over.

2 Q. What did you do next?

3 A. I joined back on with the State Republican  
4 Committee in the capacity of a test system of the  
5 special election for state representative in early  
6 2013, a few months after I left.

7 Q. Okay.

8 A. Came back on in a different role.

9 Q. And you stayed in that position until you  
10 moved to Texas?

11 A. There may have been a month gap in between  
12 that and the move to Texas, because that was, again,  
13 for a special election that was held that spring. I  
14 can't remember the specific days or months that that  
15 ended.

16 Q. Yeah.

17 A. Yeah.

18 Q. Yeah. That's all --

19 (Speaking simultaneously.)

20 A. But that was my last position paid that I had  
21 before I moved to Texas, correct.

22 Q. (BY MR. MANCINO) Got it.

23 In -- in any of these positions, paid or  
24 volunteer, with the Republican committees in New  
25 Hampshire, did you get involved in redistricting?

1 A. No, sir.

2 Q. Okay. You know what redistricting is, don't  
3 you?

4 A. Yes.

5 Q. What's your understanding of that term?

6 A. It's a process that happens every 10 years.

7 Q. What kind of process?

8 A. Of aligning districts to contour to the  
9 populations, the growing population that the census  
10 gets every decade.

11 Q. Okay. So it's a process that typically will  
12 happen every ten years in your experience?

13 A. From my understanding.

14 Q. Okay. So do you have -- before going to  
15 Texas, did you have -- have any other positions or  
16 jobs that we haven't discussed?

17 A. I may -- I may have had a position, but it  
18 was -- it would have been a family -- like my father,  
19 a connected business with my dad.

20 Q. Uh-huh.

21 A. You know, nothing related to any of the  
22 insurance or political stuff.

23 Q. Okay.

24 A. Yeah.

25 Q. Were you born in New Hampshire?

1 A. I was.

2 Q. Okay. Did you live at any -- well, you went  
3 to school in Vermont, right?

4 A. (Nodding head.)

5 Q. While you were in law school, did you do any  
6 political work in Vermont?

7 A. In Vermont, no.

8 Q. Okay. Did you run for any political office?

9 A. I did.

10 Q. What -- what did you run for?

11 A. In 2012 -- I was on the ballot in  
12 November 2012 for the Grafton County Register-Deeds.

13 Q. Uh-huh. Did you win?

14 A. No, I did not.

15 Q. Oh, that's too bad.

16 Any other political work or -- or  
17 elective office?

18 A. Yes. I later ran for -- I don't recall if it  
19 was late 2012 or early 2013, I ran for Littleton  
20 School Board. I can't remember the SAU. They call  
21 them SAUs, school administrative units, up there.

22 Q. Okay.

23 A. I can't remember the number, but it was the  
24 Littleton School Board -- and won. I didn't have an  
25 opponent.

1 Q. Yeah?

2 A. Yeah.

3 Q. Better to be lucky than good sometimes.

4 Now, I have here that you've worked as a  
5 small claims court mediator?

6 A. That was in law school. That was an  
7 externship --

8 Q. Uh-huh.

9 A. -- people call it.

10 Q. And, again, volunteer basis?

11 A. Volunteer, yeah. That was part of my  
12 schooling, so it wasn't employment.

13 Q. Got it.

14 So you're a native New Englander?

15 A. Yes, sir.

16 Q. All right. And so you're not a native Texan?

17 A. No.

18 Q. What attracted you to Texas?

19 A. Shortly after the campaign I just started  
20 applying for work, and this is a position I found and  
21 applied for.

22 Q. How did you find out about the position? And  
23 the position we're talking about is chief of staff to  
24 the Judge?

25 A. I was originally hired as deputy chief of

1 staff --

2 Q. Okay.

3 A. -- for policy and communications.

4 Q. And how did you hear about that opening?

5 A. I don't recall. I don't recall specifically  
6 how I stumbled upon that.

7 Q. Okay. But in any event, you applied for the  
8 position?

9 A. Uh-huh.

10 Q. And you got hired?

11 A. Correct.

12 Q. Who hired you?

13 A. The position was with Commissioner Ken Clark  
14 and Commissioner Ryan Dennard, two county  
15 commissioners on the Commissioners Court at the time.

16 Q. So -- well, who was the chief of staff to --  
17 to whom you were a deputy?

18 A. He didn't -- Judge Henry did not have a chief  
19 of staff --

20 Q. Okay.

21 A. -- at that time.

22 Q. But in that role as deputy chief of staff for  
23 policy and communications, you reported to  
24 Commissioners Clark and Dennard?

25 A. Correct.

1 Q. Not to Judge Henry?

2 A. Correct.

3 Q. I see. Okay.

4 And can you tell us what you did in that  
5 capacity as deputy chief of staff for policy and  
6 communications?

7 A. I assisted them with assignments that they  
8 would assign to me at the time and press releases.

9 Q. Okay. What sort of assignments? Give us --  
10 give us a couple of examples.

11 A. Since I had an insurance background, they had  
12 me assist them looking at the County's property and  
13 casualty insurance coverages.

14 Q. Very important topic down here in Galveston.

15 A. Absolutely, yeah.

16 Q. Anything else that comes to mind?

17 A. Not that I can specifically recall.

18 Q. Okay. Then you moved over to become chief of  
19 staff to Judge Henry?

20 A. Yes.

21 Q. Was that the next position --

22 A. Correct.

23 Q. -- in Galveston?

24 A. Yes.

25 Q. When was that?

1           A.    I don't specifically recall the date.  Less  
2 than a year.

3           Q.    Okay.  We'll come back to that --

4           A.    Okay.

5           Q.    -- in -- in a minute.

6           A.    Sure.

7           Q.    Well, a few minutes.

8                        So do you do any other -- do you have  
9 any other form of employment or do any other work  
10 outside of your role as chief of staff to Judge Henry?

11          A.    Yes.

12          Q.    And what sort of work is that?

13          A.    Political consulting.

14          Q.    Okay.  And how do you -- how do you -- how do  
15 you perform your political consulting work?

16                        Do you have a -- do you have a LLC?  A  
17 corporation?  Is it a sole proprietorship?  I'm just  
18 looking for the form of the business.

19          A.    It's an LLC.

20          Q.    Okay.  Does it have a name?

21                        MS. OLALDE:  At this point I'm going to  
22 object, and I'm going to instruct the witness not to  
23 answer to any questions that probe into his political  
24 work, including the name of the business.

25                        MR. MANCINO:  On what basis may I ask?

1 MS. OLALDE: First Amendment privilege.

2 MR. MANCINO: All right.

3 Q. (BY MR. MANCINO) From what location do you do  
4 your political consulting work?

5 MS. OLALDE: Objection; vague.

6 A. Out of my home.

7 Q. (BY MR. MANCINO) Is that full-time, part-time  
8 work?

9 A. Part time.

10 Q. About how many hours a week do you devote to  
11 it?

12 A. Varies.

13 Q. Varies from what to what?

14 MS. OLALDE: Objection; calls for  
15 speculation.

16 MR. MANCINO: I just -- I -- I think the  
17 appropriate approach is just to either say "objection"  
18 or "objection to form."

19 You don't need to, you know, give the  
20 reasons for it unless I inquire because that could be  
21 suggestive to the witness.

22 MS. OLALDE: No, no, no. And I  
23 certainly don't want to make any suggestions to the  
24 witness, but I also don't want to have any confusion  
25 later on as to what my objection is on the record.

1                   So we can have an agreement to disagree  
2                   on that, but I am going to pose my objections as I see  
3                   fit.

4                   MR. MANCINO: Your record -- your  
5                   objections are preserved pursuant to the Federal Rules  
6                   of Civil Procedure, which also require that they be  
7                   succinct and nonsuggestive.

8                   MS. OLALDE: That was a one-word  
9                   objection, sir.

10                  MR. MANCINO: So, you know, objecting  
11                  and saying it's speculative or -- or --

12                                 (Speaking simultaneously.)

13                  MS. OLALDE: Well, you certainly  
14                  wouldn't want the witness to -- to speculate on the  
15                  record, right?

16                  MR. MANCINO: He'll let me know if he  
17                  is. He doesn't need to be coached to do so.

18                  MS. OLALDE: And I'm certainly not  
19                  coaching him, sir, and I will preserve my objections  
20                  as I see fit.

21                  Q.     (BY MR. MANCINO) Mr. Drummond, what kinds of  
22                  services do you provide as a political consultant by  
23                  category, if you can?

24                  A.     Digital advertising and consulting.

25                  Q.     And anything else -- you know, what -- what

1 is included within consulting?

2 Do you advise on press releases, for  
3 example?

4 A. Yes.

5 Q. Do you work on speeches for clients?

6 A. Yes.

7 Q. Do you help clients post on social media?

8 A. Yes.

9 Q. Do you organize events for clients?

10 A. Yes.

11 Q. Over -- you know, do you organize  
12 advertising? I guess that would be the digital  
13 advertising aspect?

14 A. Digital advertising, yes.

15 Q. Okay. Do you conduct any statistical work on  
16 behalf of clients?

17 A. What do you mean by "statistical"?

18 Q. Well, say, analyzing voting data.

19 A. Analyzing voting -- what do you mean by that?

20 Q. Well, because -- do you know what voting data  
21 is?

22 A. Yes.

23 Q. Like voting results?

24 A. Voting results?

25 Q. Yeah.

1 A. Yes.

2 Q. Okay. Do you, as part of your work as a  
3 consultant, analyze voting result data?

4 A. For clients?

5 Q. Yes.

6 A. No.

7 Q. Okay. Do you analyze demographics for  
8 clients?

9 A. No.

10 Q. Okay. Do you give advice on topics like how  
11 to appeal to certain communities within an area?

12 A. No.

13 Q. Okay. Do you do opposition research?

14 A. I have.

15 Q. Okay. And just generally, how do you -- how  
16 do you do opposition research?

17 MS. OLALDE: At this point I'm going to  
18 object. I think this delves a little bit too much  
19 into his process in political -- his political  
20 functions. And object on the basis of First Amendment  
21 privilege and instruct the witness not to answer.

22 MR. MANCINO: Okay.

23 Q. (BY MR. MANCINO) Do you have any training in  
24 the areas in which you get engaged as a political  
25 consultant?

1 A. Experience.

2 Q. Okay. Okay.

3 So, for example, we talked about  
4 statistical analysis.

5 Are you a statistician in any -- in any  
6 sense?

7 A. No.

8 Q. Okay. Have you ever studied statistics?

9 A. I may have had a class in college on it. I  
10 don't recall.

11 Q. Yeah. Well, we all had classes like that we  
12 don't remember.

13 A. Correct.

14 Q. Now, with -- without delving into what you  
15 may have done for them, have you done political  
16 consulting work for any of the commissioners on the  
17 Commissioners Court for Galveston County?

18 MS. OLALDE: Again, I'm going to object  
19 on the basis of First Amendment privilege, that it  
20 delves too far into political actions within the  
21 County and within Mr. Drummond's experience.

22 MR. MANCINO: Okay.

23 Q. (BY MR. MANCINO) Are you a member of any  
24 community organizations?

25 A. I can't specifically recall. I may be a

1 member of like the Clear Creek Republican Women's Club  
2 or something, but I -- I don't know the -- off the top  
3 of my head. I can't remember all of them.

4 Q. But you've -- you've gone to meetings of the  
5 Clear Creek Republican Women's Club?

6 A. Yeah.

7 Q. Okay. Are you a member of any lodges like a  
8 Masonic lodge?

9 A. No.

10 Q. Are you a member of a church?

11 A. No.

12 Q. Are you a member of the -- any branch of the  
13 NAACP operating in Texas?

14 A. No.

15 Q. Have you heard of an organization called  
16 "LULAC"?

17 A. Yes.

18 Q. Are you a -- a member of LULAC?

19 A. No.

20 Q. Okay. Have you ever been a member of LULAC  
21 or any branch of the NAACP?

22 A. No.

23 Q. Okay. So, Mr. Drummond, if -- if -- if you  
24 were to answer any of the questions about your  
25 political consulting work to which your counsel has

1 directed you not to answer, would that affect your  
2 ability to conduct your political consulting work?

3 A. Yes.

4 Q. In what way?

5 A. It would show my speech.

6 Q. How so?

7 A. Loss of clients, both political and  
8 nonpolitical.

9 Q. What nonpolitical clients -- when you say  
10 "nonpolitical clients," what are you referring to?

11 Is that --

12 A. Prospective client --

13 Q. Is that different from --

14 A. Prospective clients.

15 Q. I'm sorry, let me --

16 A. Sorry.

17 Q. I'll try not to --

18 A. I apologize. I'm sorry.

19 Q. -- intrude on you, because I've been doing it.

20 So let's do the same so Mendy has a clear record for  
21 us.

22 So when you say "nonpolitical clients,"  
23 you -- what do you mean?

24 A. The prospective clients that aren't purely  
25 political.

1 Q. Okay.

2 A. Like digital advertising to a small business.

3 Q. Oh, okay.

4 A. Yeah.

5 Q. Okay. So if -- if -- if it was on the record  
6 of this deposition for purposes of educating the judge  
7 in our case about the background of the-- of  
8 witnesses, for you to -- to tell us who your  
9 Republican clients were, if any, on the Commissioners  
10 Court, you think that would have a adverse consequence  
11 to your business?

12 A. Yes.

13 Q. Okay.

14 A. It would have a chilling effect on my speech.

15 Q. Okay. And why -- and why do you think that?

16 MS. OLALDE: Objection; asked and  
17 answered.

18 A. Because I do.

19 Q. (BY MR. MANCINO) Okay. Are you compensated  
20 for your political consulting work?

21 A. Yes.

22 Q. Okay. How do you charge?

23 A. I don't have a specific formula for -- for  
24 that. Varies.

25 Q. Okay. Varies on the assignment?

1 A. (Nodding head.)

2 Q. Okay. But is it typically an hourly rate or  
3 sometimes it's a fixed fee?

4 A. It's never an hourly rate.

5 Q. Okay. And if a person holding a political  
6 office or a candidate hires you for a political  
7 consulting, doesn't that officeholder or candidate  
8 have to file expenditure reports that would list you  
9 as a payee?

10 A. Yes.

11 Q. Okay. And those are publicly filed  
12 documents, to your knowledge?

13 A. To my knowledge.

14 Q. Okay. So somebody could look that up and  
15 find out who your clients have been?

16 Well, could look it up and see if you  
17 are one of the political consultants that a  
18 officeholder or a candidate hired, correct?

19 A. Correct.

20 Q. Okay. Do you have any employees, other than  
21 yourself, in your political consulting work?

22 A. No.

23 Q. Okay. Are you a member of organizations like  
24 Proud Boys?

25 A. No.

1 Q. Oath Keepers?

2 A. No.

3 Q. Okay. And beyond being chief of staff to  
4 Judge Henry, are you active in Republic -- Texas  
5 Republican politics?

6 A. No.

7 Q. Okay. So how did you come to work for Judge  
8 Henry as his chief of staff?

9 A. Between the deputy chief of staff, the chief  
10 of staff transition?

11 Q. I -- I assume that would be the case, but if  
12 it's not, let me know.

13 A. I worked -- like we stated earlier, I had two  
14 commissioners that I kind of worked for. And Judge  
15 Henry -- there was another chief of staff, who I can't  
16 think, it was technology and something, he was a  
17 deputy chief of staff --

18 Q. Uh-huh.

19 A. -- who worked -- and Judge Henry was his  
20 direct supervisor.

21 He had left the County. And I wanted  
22 just one boss rather than more than one. So I asked,  
23 hey, can -- can we maybe create this chief of staff  
24 role and I'll just come work for you? And that's what  
25 happened.

1 Q. Okay. And -- and did you work with Judge  
2 Henry to create the chief of staff role?

3 A. At the time, yeah.

4 Q. And -- and what -- what did you do to create  
5 that role?

6 I mean, basically you were starting from  
7 scratch, because it was -- it wasn't -- you -- you  
8 were replacing somebody who was a deputy chief with  
9 specific duties and you were taking on --

10 A. It was a new role.

11 Q. -- the chief of staff -- a new role, yeah.

12 So how did you -- how did you shape what  
13 you would be doing as chief of staff?

14 A. It was so long ago, I don't specifically  
15 recall.

16 Q. Okay. What -- -- what -- as you sit here  
17 today, what are your duties and responsibilities as  
18 chief of staff to Judge Henry?

19 A. Main responsibility, to assist Judge Henry in  
20 his duties.

21 Q. Whatever those duties may entail?

22 A. Yeah.

23 Q. And can you tell -- tell us, you know, what  
24 sorts of things you've done for Judge Henry in your  
25 role as chief of staff?

1           A.    Assisted in the management of the County  
2 departments, assist with the budget process.

3           Q.    Anything else?

4           A.    It's -- you know, changes every day.

5           Q.    How would you describe your working  
6 relationship with Judge Henry?

7                   MS. OLALDE:  Objection; vague.

8           A.    It's good.

9           Q.    (BY MR. MANCINO)  Okay.

10                   MR. MANCINO:  And it was a good  
11 objection.  It was a vague question.

12                   MS. OLALDE:  That's part of the process,  
13 right?  If it is vague, you can fix it.

14                   MR. MANCINO:  No, I would have -- I  
15 would have defined that.

16                   MS. OLALDE:  I'm sure, yeah, eventually.

17                   MR. MANCINO:  But in any event, let me  
18 put a finer point on it.

19           Q.    (BY MR. MANCINO)  Is yours a collaborative  
20 relationship with Judge Henry, in your opinion?

21                   MS. OLALDE:  Objection; vague.

22                   THE WITNESS:  Do I answer when you  
23 object or --

24                   MS. OLALDE:  If I object, you can still  
25 answer to the extent you understand his question.

1 THE WITNESS: Okay.

2 MS. OLALDE: If you don't understand his  
3 question, just ask him to clarify.

4 A. Collaborative in the sense of what?

5 Q. (BY MR. MANCINO) Well, does -- is -- is he  
6 the kind of boss who says, okay, Tyler, today I want  
7 you to do this, that and this other thing; as opposed  
8 to some -- let's discuss what we're going to be doing  
9 over the next week or so on this project?

10 A. He and I routinely communicate about ongoing  
11 projects and different things going on.

12 Q. Okay.

13 A. And I get direction from that input.

14 Q. Got it. Okay.

15 And in your role as chief of staff to  
16 Judge Henry, do you think it's your obligation to pass  
17 along information to Judge Henry that you think might  
18 be relevant to his duties as county judge?

19 A. Yes.

20 Q. Okay. And he has the expectation that you  
21 would pass along such information too, doesn't he?

22 MS. OLALDE: Objection; calls for  
23 speculation.

24 A. I would assume so.

25 Q. (BY MR. MANCINO) Well, in your experience,

1 | has he -- has he exhibited a recognition that he

2 | want -- that you should be providing him

3 | information --

4 | A. Yes.

5 | Q. -- if you think it would be --

6 | A. Yes.

7 | Q. -- relevant to his duties? Okay.

8 | (Discussion off the record.)

9 | Q. (BY MR. MANCINO) So coming back to your  
10 | duties, apart from management of county -- helping  
11 | assisting in the management of County departments and  
12 | assisting in the budget process and things that might  
13 | change every day, can you tell us what, if any, other  
14 | duties you have as chief of staff?

15 | A. The projects vary day-to-day. So I -- I  
16 | assist in things that might come up that need  
17 | assistance on.

18 | Q. Give us a couple examples of projects that  
19 | have come up recently.

20 | A. For example, working to move projects within  
21 | the timeline as specified with the American Rescue  
22 | Plan working with the CFO, county engineer; you know,  
23 | another project to show the varying degree is, you  
24 | know, trying to move the process forward to upgrade  
25 | County facilities and renovations.

1                   So that's what I mean by the varying  
2 responsibilities that -- depends what the issue is and  
3 what needs attention given to it at the time, and it  
4 changes every day.

5           Q.    Okay. Thank you.

6           Looking backwards a few years in time,  
7 was one project that you worked on for Judge Henry the  
8 redistricting process in 2021?

9           A.    Yes.

10          Q.    Okay. And in connection with the -- let's  
11 call it the 2021 -- 2021 redistricting process. Is  
12 that okay?

13          A.    Yes.

14          Q.    Okay. In connection with the 2021  
15 redistricting process, how did you assist Judge Henry?

16          A.    By getting the initial consultation put  
17 together with legal counsel for -- to facilitate the  
18 meeting with him and legal counsel, to start the  
19 process, or initial discussion you'd call it.

20          Q.    And once that happened, did you, then, have  
21 other duties in connection with the 2021 redistricting  
22 process?

23          A.    Other duties?

24          Q.    Yeah.

25          A.    Yes.

1 Q. What were they?

2 A. Coordinate the process to meet the deadlines  
3 that were given to us by the Texas Secretary of  
4 State's office.

5 Q. And -- and how did you execute your duties to  
6 coordinate the process per those deadlines?

7 A. I -- I don't understand the question. Can  
8 you be more specific.

9 Q. Yeah. Well, I'm just taking what you've told  
10 us.

11 A. Okay.

12 Q. You said you were -- one of your duties was  
13 to coordinate the process, and by "process" you were  
14 referring to the 2021 redistricting process pursuant  
15 to the deadlines that the Texas Secretary of State  
16 gave you, right?

17 A. Yeah.

18 Q. Okay. So what did you do in that respect?

19 A. We received a notification from the Texas  
20 Secretary of State of redistricting having to happen  
21 by a certain date, and that's what I meant by the  
22 processes to make sure that we can meet that deadline.  
23 Because it -- from my recollection, it was a very  
24 tight turnaround from where we were.

25 Q. And around when did you receive that notice?

1 A. I don't specifically recall the date.

2 Q. Would it be around sometime in November of  
3 2021?

4 MS. OLALDE: Objection; asked and  
5 answered.

6 A. Yeah. I don't specifically -- I know it was  
7 a tight deadline and it was around that time period,  
8 but I don't specifically recall the date.

9 Q. (BY MR. MANCINO) Okay. Well, in relation to  
10 that aspect of the work you did helping to coordinate,  
11 when did the -- your work getting the initial  
12 consultation done? Let me back up.

13 When -- when were you helping to  
14 initiate communications with potential consultants?

15 A. To the extent that the direction I received  
16 was to have -- to give direction to our general  
17 counsel to reach out to redistricting counsel to start  
18 talking about the potential process of redistricting  
19 in 2021.

20 Q. Okay.

21 A. So coordination from my -- was that  
22 directive.

23 Q. Okay. And so once you got counsel in place,  
24 did your role end?

25 A. That's why we hired counsel, to manage the

1 process.

2 Q. Okay. So you had no involvement from that  
3 point -- from the point in which counsel was hired  
4 until the point that you got the directive from the  
5 Texas Secretary of State in this 2021 redistricting  
6 process?

7 A. I don't recall. If I -- it was very limited,  
8 the role that I played in -- in that time period.

9 Q. Okay. Anybody on -- any employee of  
10 Galveston County report to you?

11 A. Directly?

12 Q. Let's start with that, yes.

13 A. Okay. The employees in my office that report  
14 directly to me is our executive assistant and our  
15 office coordinator.

16 Q. And who are they? What are their names?

17 A. Dianna Martinez is our office coordinator,  
18 and Linda Liechty is our executive assistant.

19 Q. Okay. And they ultimately work for Judge  
20 Henry but they report through you?

21 A. Correct.

22 Q. Okay. And do you have any indirect reports?

23 A. In my capacity as Judge Henry's chief of  
24 staff, the County department heads/directors would  
25 indirectly report to me.

1 Q. Okay. Does anyone report directly to Judge  
2 Henry and does not report through you? I guess the --  
3 the budget heads?

4 A. I think -- I know this for a fact, the  
5 veterans treatment court coordinator reports directly  
6 to him. I don't have any involvement in that.

7 Q. Okay. As chief of -- as Judge Henry's chief  
8 of staff, is it part of your duties to communicate  
9 with the commissioners?

10 A. Yes.

11 Q. And on what sort of topics do you communicate  
12 with the commissioners on?

13 A. All sorts of topics.

14 Q. I'm sorry?

15 A. All sorts of topics.

16 Q. Give us some examples.

17 A. Budget. Other issues that might come up.

18 Q. Is it fair to say that from time to time,  
19 you're a liaison between Judge Henry and the  
20 commissioners?

21 A. At times, yes.

22 Q. Okay. And when you act in that liaison role,  
23 do you do so at the express direction of Judge Henry?

24 A. Sometimes.

25 Q. And sometimes not?

1 A. Correct.

2 Q. And -- and when you're not doing it at the  
3 express direction of Judge Henry, why are you doing  
4 it?

5 MS. OLALDE: Objection; vague. Calls  
6 for speculation.

7 MR. MANCINO: Again, I'd ask you not to  
8 coach the witness.

9 MS. OLALDE: I'm not trying to coach the  
10 witness. What I'm trying to do is make sure that we  
11 have a clear record. And if you ask for something  
12 that involves, you know, a time period after he said  
13 various things, I don't know what it is you're asking  
14 about.

15 MR. MANCINO: Can you, Mendy, please  
16 read the question back to the witness.

17 (The requested portion was read.)

18 MS. OLALDE: Same objection.

19 A. Yeah, I don't know.

20 Q. (BY MR. MANCINO) Okay. Do you -- do you  
21 speak with some commissioners more than others?

22 A. Yes.

23 Q. Okay. With -- with which others do you  
24 communicate more? With which commissioners do you  
25 communicate more?

1 A. Darrell Apffel.

2 Q. And who does that leave out?

3 A. The rest of them.

4 Q. Armstrong?

5 A. (Nodding head.)

6 Q. Holmes?

7 And who is the fourth?

8 A. Joe Giusti. But you asked who I speak more  
9 to verse the others. I speak to the others as well  
10 routinely.

11 Q. Got it.

12 A. Uh-huh.

13 Q. Okay. With respect to Commissioner Holmes,  
14 what topics do you routinely talk to him on?

15 A. Commissioner Holmes and I have a great  
16 working relationship. I routinely, almost on a weekly  
17 basis, call him and update him on different projects  
18 going on in the County to keep him updated on the  
19 varying things that are going on.

20 Q. And every time you update him on something,  
21 do you do a e-mail to yourself recounting what you and  
22 he discussed?

23 A. No.

24 Q. Have you ever done that?

25 A. Once.

1 Q. And when was that?

2 A. It wasn't done immediately after our

3 conversation.

4 Q. And what did the e-mail reflect?

5 A. I'd have to have it in front of me.

6 Q. Who asked you to prepare that e-mail?

7 A. I don't recall.

8 Q. But somebody did?

9 A. I don't recall.

10 Q. You don't recall?

11 A. I don't recall specifically --

12 MS. OLALDE: Objection, asked and

13 answered -- hold on.

14 Q. (BY MR. MANCINO) Okay. Generally who do you

15 recall --

16 MS. OLALDE: Hold on, hold on -- I need

17 to get my record -- my objection on the record. That

18 was asked and answered --

19 (Speaking simultaneously.)

20 MR. MANCINO: Not while a question was

21 pending.

22 MS. OLALDE: No, no, no, no, no. I was

23 interrupted. I've asked the witness to wait until

24 I've stated my objection, and we all have to take

25 turns. That's the only way this is going to work.

1 Q. (BY MR. MANCINO) So you -- you had a -- you  
2 had -- was it one conversation or multiple  
3 conversations that you wrote about in that e-mail?

4 A. I don't recall. I'd have to see the e-mail.

5 Q. Okay. And as you sit here today, you don't  
6 recall who asked you to prepare that e-mail?

7 MS. OLALDE: Objection; asked and  
8 answered.

9 A. Correct.

10 Q. (BY MR. MANCINO) Was it one of the attorneys?

11 A. I don't recall.

12 Q. And you prepared that e-mail in connection  
13 with the 2021 redistricting process.

14 Isn't that the case?

15 A. I'm sorry, what was the question again?

16 Q. You -- you -- the e-mail that you prepared  
17 concerning a conversation or conversations with  
18 Commissioner Holmes had to do with the 2021  
19 redistricting process, correct?

20 A. Possibly. Do you have a copy of the e-mail  
21 for me to review?

22 Q. So you don't -- you don't remember what that  
23 e-mail concerned.

24 Is that your testimony?

25 MS. OLALDE: Objection; misstates

1 testimony. Asked and answered.

2 I think he's asked to look at the e-mail  
3 like five times. If you want to quiz him about it  
4 without showing it to him, well, I guess it's your  
5 depo.

6 Q. (BY MR. MANCINO) Okay. Do you attend  
7 commissioner court meetings?

8 A. Yes.

9 Q. Regularly?

10 A. Yes.

11 Q. Okay. Are there any that you do not attend?

12 A. If I have a scheduling conflict.

13 Q. Okay. And when do the commissioner court  
14 meetings take place?

15 Is there a special day of the month that  
16 they tend to occur?

17 A. Are you asking about regular meetings or  
18 special meetings?

19 Q. Both.

20 A. Regular meetings are occurring every other  
21 Monday morning at, I believe, 9:30 a.m., varying  
22 between the Galveston County courthouse in Galveston  
23 Island and the North County Annex in League City. It  
24 alternates. Special meetings are held routinely in  
25 the North County Annex in League City.

1 Q. Okay. And why -- why are special meetings  
2 routinely held in the North County Annex in League  
3 City?

4 A. I don't know.

5 Q. Okay. That was the way it was done when you  
6 joined the team?

7 A. No. It -- there was a change, but I don't  
8 remember when it was made.

9 Q. Okay. And what was the nature of the change?

10 A. I don't know.

11 Q. Well, was it that the -- even the special  
12 meetings took place in Galveston city and then that  
13 was changed to hold them up in League City?

14 A. From as far as I can recall, the special  
15 meetings were always held up in the north part of the  
16 county at the North County Annex.

17 Q. Okay. Do you have any responsibilities  
18 regarding outreach to constituents?

19 A. No.

20 Q. Okay. Who on Judge Henry's staff does?

21 A. The communications director.

22 Q. And remind me of that person's name?

23 A. Today?

24 Q. Yeah.

25 A. Spencer Lewis.

1 Q. And who was Mr. Lewis's predecessor?

2 A. Zachary Davidson.

3 Q. Okay. Where is Zachary Davidson today?

4 A. I don't know. Today? I don't know where  
5 he's at right now.

6 Q. Okay. But he left his job with the -- with  
7 Judge Henry, correct?

8 A. We promoted him.

9 Q. To what?

10 A. The Commissioners Court promoted him.

11 Q. Oh. To what?

12 A. The government relations director.

13 Q. For the County?

14 A. Uh-huh.

15 Q. So is he still in that position?

16 A. Yes, sir.

17 Q. Oh, okay. So he's in Galveston County?

18 A. Yes.

19 Q. Okay. Do you travel around the county on  
20 business for Judge Henry?

21 A. At times.

22 Q. And where have you traveled on -- on business  
23 for Judge Henry? What parts?

24 A. All -- all over the county.

25 Q. Okay. So you've been to Bolivar --

1 A. Yes.

2 Q. -- Peninsula?

3 I'm not sure I'm pronouncing that right,

4 but --

5 A. It is, yeah, Bolivar.

6 Q. Oh, it is?

7 A. Yeah.

8 Q. Okay.

9 A. Yeah.

10 Q. And La Marque?

11 A. Yes.

12 Q. Texas City?

13 A. Yes.

14 Q. Dickinson?

15 A. Yes.

16 Q. Galveston city?

17 A. Yes.

18 Q. Okay. Have you been to the Carver Park area

19 of La Marque?

20 A. Possibly. I don't recall.

21 Q. Okay. What is Carver Park?

22 A. It's a park.

23 Q. Ever heard of Commissioner Holmes -- Holmes's

24 annual senior barbecue?

25 A. I have.

1 Q. Have you attended?

2 A. Never been invited.

3 Q. You never crashed it?

4 A. No.

5 Q. Okay. So is it fair to say that you've made  
6 it your business as chief of staff to learn about the  
7 various neighborhoods and communities within the  
8 county?

9 A. To an extent.

10 Q. And when you say "to an extent," what -- what  
11 do you mean?

12 A. Just as I'm the liaison to Judge Henry with  
13 the Commissioners Court, I assist in working with the  
14 municipal governments and other entities with issues  
15 that they have going on that they need assistance  
16 with.

17 Q. Okay. Working with, as you are the chief of  
18 staff with Judge Henry, have you become familiar with  
19 what constitutes his base of support within the  
20 county?

21 A. Yes.

22 Q. Okay. And how would you describe his base of  
23 support within Galveston County?

24 A. It's changed over the years.

25 Q. How has it changed?

1           A.    It's varying.  I mean, politically speaking,  
2 primary-wise, it's changed since I first came on to  
3 today, where in 2014 and 2018 he had very close  
4 primary elections and didn't have an opponent in 2020.

5           Q.    Okay.

6           A.    So I'd say his base has grown in his  
7 Republican primary voters' support in that respect.

8           Q.    Okay.  So Republican primary voters are part  
9 of Judge Henry's base today, you'd say?

10          A.    Republicans.

11          Q.    Republicans?

12          A.    Uh-huh.

13          Q.    Okay.  Anyone else who you identify as part  
14 of Judge Henry's base?

15          A.    Well, I haven't identified.  I just have the  
16 knowledge that he's got a Republican base.

17          Q.    Okay.  Okay.  Would you -- would you -- do  
18 you consider Galveston's -- Galveston County's African  
19 American voting population to be part of Judge Henry's  
20 base?

21          A.    Maybe.

22          Q.    How -- how is it a maybe?

23          A.    He had the second highest vote total in the  
24 November 2022 election out of any other state or  
25 federal official.  So I don't know how to explain

1 that.

2 Q. What percentage of that vote was made up by  
3 African American voters?

4 A. I don't know.

5 Q. Okay. So you're speculating as to whether or  
6 not the African American community is part of his  
7 base?

8 A. I -- yeah, I think it's more -- I don't know  
9 what -- how that breakdown is.

10 Q. Okay.

11 A. Uh-huh.

12 Q. What about the -- the Latino community? Same  
13 question. Are they part of Judge Henry's base?

14 A. I don't know.

15 Q. Okay. As part of your -- your job,  
16 Mr. Drummond, as chief of staff to Judge Henry, do you  
17 keep track of analytical data that exists?

18 A. No.

19 Q. Okay. Does anyone on his staff do that?

20 A. I don't know.

21 Q. Okay. For example, in your travels around  
22 Galveston County, have you observed that there are  
23 certain areas that are more affluent than others from  
24 a socioeconomic perspective?

25 A. I don't know.

1 Q. You've not noticed that?

2 A. I --

3 Q. Okay.

4 A. I don't know.

5 Q. Have you noticed any communities within  
6 Galveston County that seem to have a concentration of  
7 African American people?

8 A. I don't know.

9 Q. You can't pick out one area for me?

10 A. I'd be speculating.

11 Q. Okay. Any information that you track about  
12 the relative access to healthcare among the population  
13 of Galveston County?

14 A. No.

15 Q. Okay. Now, do you track at any -- let --  
16 let's go back to the 2021 redistricting process.

17 In connection with that process, were  
18 you seeing any types of voting data?

19 A. No.

20 Q. Not at all?

21 A. Not that I can recall.

22 Q. Okay. Did you see any kinds of census data?

23 A. I did not see any type of census data, no.

24 Q. Okay. Did you, on behalf of Judge Henry,  
25 reach out to anyone within the County government in

1 search of voting data, census data?

2 A. I don't recall.

3 Q. Okay. Why don't we look at Tab 72.

4 MS. OLALDE: Counsel, will this be  
5 digital --

6 (Discussion off the record.)

7 (Marked Drummond Exhibit No. 1.)

8 Q. (BY MR. MANCINO) I can give you a hard copy,  
9 too, if you'd like.

10 A. Yeah, whatever -- whatever is easiest.

11 MR. MANCINO: One for you. One for the  
12 witness.

13 MS. OLALDE: Thank you.

14 Here you go.

15 Q. (BY MR. MANCINO) Okay. So you've been handed  
16 what's being marked as Exhibit 1 on your deposition,  
17 Mr. Drummond.

18 And just for the record, it's an e-mail  
19 from Tyler Drummond to Dwight Sullivan dated March 11,  
20 2022, and it's Bates No. DEFS 00011925 to 926.

21 Take a moment and read this,  
22 Mr. Drummond.

23 Do you recognize this e-mail?

24 A. Yeah, I mean, I don't specifically recall it,  
25 but reading it has helped.

1 Q. Okay. And having read it and refreshed  
2 yourself a little bit, what does this e-mail reflect?

3 A. The canvas report from the March 2022  
4 primary --

5 Q. Okay. So you --

6 (Speaking simultaneously.)

7 Q. (BY MR. MANCINO) I'm sorry.

8 A. -- broken down by each candidate race,  
9 "candidate" meaning -- "race" meaning campaign  
10 candidates.

11 Q. Okay. And you were looking for that data?

12 A. Typically it is posted on galvestonvotes.org  
13 and I made the request because it was not uploaded  
14 online for public view at that time.

15 Q. Okay.

16 A. Yeah.

17 Q. And you made the request of Dwight Sullivan?

18 A. He's the County clerk.

19 Q. Okay. And why were you looking for that  
20 information?

21 A. That's a good question. I can't specifically  
22 remember.

23 Q. Okay. Would it be more likely than not that  
24 Judge Henry was looking for that data and asked you to  
25 get it for him?

1 MS. OLALDE: Objection, calls for  
2 speculation.

3 A. Maybe. I don't know.

4 Q. (BY MR. MANCINO) Okay. Let's look at Tab 62.  
5 You can put that to one side.

6 A. Okay.

7 MS. OLALDE: Hold on.

8 Q. (BY MR. MANCINO) Take it home as a souvenir  
9 if you want.

10 (Discussion off the record.)

11 Q. (BY MR. MANCINO) Okay. This one we're doing  
12 online because it's very voluminous.

13 A. They just pulled it up in front of me.

14 Q. Okay. And it's a -- for the record, a Nathan  
15 Sigler e-mail to Tyler Drummond dated December 10,  
16 2021?

17 (Marked Drummond Exhibit No. 2.)

18 Q. (BY MR. MANCINO) And it's -- it starts at  
19 Bates number DEFS 000323 and continues on for a  
20 substantial number of pages.

21 MS. OLALDE: Counsel, is he going to be  
22 able to scroll and look at it, or how does that work?

23 MR. MANCINO: I have no clue. I assume.

24 MS. OLALDE: Table, how do we -- how do  
25 we get it to where he can look at the document?

1 (Discussion off the record.)

2 Q. (BY MR. MANCINO) Are you able to control it?

3 A. Yeah. It's slow.

4 Q. Okay.

5 Do you have any idea what that data is  
6 that's attached to this e-mail?

7 A. No. It's just -- is that what all 300 pages  
8 are, is just the Excel?

9 Q. Okay. Okay. Well, let's go back to your  
10 e-mail because that's really what I wanted to --

11 A. Okay.

12 Q. -- talk to you about.

13 Do you recognize this e-mail? Well, let  
14 me put it differently.

15 Did you receive this e-mail from

16 Mr. Sigler?

17 A. It shows that I did.

18 Q. Okay. And am I correct when I say that he  
19 was sending you data you had requested sorted by, one,  
20 census tract; two, block groups; three, blocks; four,  
21 commissioner precincts?

22 A. Yes.

23 Q. Okay. Why were you requesting that data?

24 A. I don't recall. It was December 10, 2021.

25 Q. Okay. And it includes some census data, does

1 | it not?

2 | A. I don't know.

3 | Q. Well, it says census tract. What does --

4 | what does that mean to you?

5 | A. It says it, but I don't know what that means,

6 | and I don't know what the attachments -- that would be

7 | that or not.

8 | Q. Okay. So as you sit here today, you don't

9 | know why you were asking for this?

10 | A. I can't recall.

11 | Q. Okay. But you agree with me that this is an

12 | instance in which you were trying to access data

13 | relating to Galveston County?

14 | A. After the redistricting vote, which is

15 | December 10, 2021.

16 | Q. So the answer is "yes"?

17 | A. Yeah.

18 | Q. Okay. And then let's look at Tab 64, which

19 | is an e-mail again from Nathan Sigler to -- well, at

20 | the top it's an e-mail from Mr. Sigler to Dwight

21 | Sullivan dated August 2, 2022. And below that is an

22 | e-mail from Wendi Fragoso to Mr. Drummond here dated

23 | July 29, 2022.

24 | And that's marked as Exhibit 3 on your

25 | deposition.

1 (Marked Drummond Exhibit No. 3.)

2 Q. (BY MR. MANCINO) Did you receive the e-mail?

3 A. I -- do I still have remote access to view  
4 the whole document?

5 (Discussion off the record.)

6 Q. (BY MR. MANCINO) So, Mr. Drummond, why was  
7 Ms. Fragoso sending you a master list of the confirmed  
8 polling locations for November via Exhibit 3?

9 A. I don't recall.

10 Q. Do you recall whether around that time, there  
11 were some changes underway concerning polling  
12 locations?

13 A. I don't recall.

14 Q. Okay. Are you aware of any changes in  
15 polling locations, specifically the reduction of  
16 locations having taken place within the last year or  
17 two?

18 A. I don't.

19 Q. Okay. What did you do to prepare for your  
20 deposition today, Mr. Drummond?

21 A. Met with my counsel, legal counsel.

22 Q. And who was that?

23 A. They're sitting in the room today.

24 Q. Okay. And who are they?

25 A. Joe Russo --

1 MS. OLALDE: Angie.

2 A. Angie and --

3 MS. RASCHKE ELTON: Jordan.

4 A. Jordan.

5 Q. (BY MR. MANCINO) For how long did you meet  
6 with them?

7 A. A few hours, maybe.

8 Q. Okay. And when -- when was that, yesterday?

9 A. No. Last week.

10 Q. Okay. Was it just the -- the one time?

11 A. We had met one time prior, but that was only  
12 for, I think, 30 minutes.

13 Q. Okay. So you -- you know that we're here  
14 because of a lawsuit that's been filed against Judge  
15 Henry and the County and others perhaps, right?

16 A. Yes.

17 Q. All right. Do you have a general  
18 understanding of what the litigation is about?

19 A. Yes.

20 Q. What is that understanding?

21 A. A challenge to the redistricting maps adopted  
22 by the Commissioners Court.

23 Q. In November 2021 as -- that was when they  
24 were adopted?

25 A. Yes.

1 Q. Okay. And do you -- do you have a general  
2 understanding of the basis on which those maps are  
3 being challenged in the -- in this litigation?

4 A. No.

5 Q. Okay. Have you looked at the complaint?

6 A. No.

7 Q. Okay. Now, we -- in connection with your --  
8 your preparation, did you review any documents, or  
9 were you shown any documents?

10 A. Yes.

11 Q. Okay. And did any of those -- did you read  
12 any of those documents?

13 A. Yes.

14 Q. All right. Did any of those documents  
15 refresh your memory in some fashion?

16 A. Yes.

17 Q. Okay. Which ones?

18 A. I know the one specifically was about the  
19 e-mail about Commissioner Holmes I sent to myself.

20 Q. Okay. So like within the past week, you have  
21 had occasion to look at that e-mail you wrote to  
22 yourself concerning conversations with Commissioner  
23 Holmes, correct?

24 A. No. It was just that one occasion last week  
25 that I looked at it.

1 Q. Well, that's what I'm talking about.

2 A. Uh-huh.

3 Q. And you read that e-mail?

4 A. Yes.

5 Q. And it refreshed your memory?

6 A. Helped refresh it, yes.

7 Q. Okay. So who asked you to write that e-mail?

8 A. That was not refreshed.

9 Q. But was it refreshed that you, all by your  
10 lonesome, didn't decide to write that e-mail?

11 MS. OLALDE: Objection; argumentative.

12 Asked and answered.

13 A. Yeah. I -- I can't recall the individual who  
14 asked me to -- to write that e-mail.

15 Q. (BY MR. MANCINO) Okay.

16 A. Yeah.

17 Q. Any other documents that you looked at  
18 refresh your memory?

19 A. Not off the top of my head. I'd have to  
20 re-look at them again.

21 Q. Okay. I'm going to move on to another topic,  
22 and if you'd like to take a short break, happy to  
23 accommodate you.

24 A. I'm good.

25 Q. Great.

1                   So --

2                   (Discussion off the record.)

3                   MR. MANCINO: Okay. Let's take a short  
4 break for -- and then we'll come back on the record in  
5 a few minutes.

6                   MS. OLALDE: Okay. No problem with  
7 that, the only thing is when are we going to get back,  
8 because we do want to make sure that this keeps moving  
9 during the day. That's the only concern that we have,  
10 is that it gets drawn out like some of the other  
11 depositions have.

12                   So how much time do we need?

13                   MS. CHEN: Would ten minutes be all  
14 right?

15                   MS. OLALDE: Ten minutes. All right.  
16 10:32? Okay.

17                   THE VIDEOGRAPHER: Time is 10:24.

18                   Off the record.

19                   (Break from 10:22 a.m. to 10:37 a.m.)

20                   THE VIDEOGRAPHER: The time is 10:37.

21 Back on the record.

22                   Q. (BY MR. MANCINO) Mr. Drummond, you appreciate  
23 that notwithstanding our short break, you're still  
24 under oath?

25                   A. Yes, sir.

1 Q. Okay. And do you understand that having been  
2 sworn in and giving the oath, that you've obligated  
3 yourself to give true and accurate testimony?

4 A. Yes.

5 Q. Okay. It's as if you were sitting in front  
6 of the judge, right?

7 A. Yes, sir.

8 Q. Okay. So I'd like to come back, briefly, to  
9 the political consultancy point.

10 MS. OLALDE: Uh-huh.

11 MR. MANCINO: And two things: One is  
12 just preserving on the record our disagreement on the  
13 assertion of First Amendment privilege with respect to  
14 line -- that line of questions.

15 Q. (BY MR. MANCINO) But then just to follow up,  
16 make a record, and so, Mr. Drummond, is it the case  
17 that you have provided political consulting work on  
18 behalf of Commissioners Apffel, Giusti, Clark, and  
19 Henry?

20 MS. OLALDE: We're objecting on the  
21 basis of First Amendment privilege, also asked and  
22 answered, and instructing the witness not to answer.

23 Q. (BY MR. MANCINO) Are you aware that  
24 Commissioner Apffel told us that you did political  
25 consulting work for him?

1 A. No.

2 Q. Okay. So you're still not going to just  
3 answer yes or no as to whether you provided political  
4 consulting work to those three -- those four  
5 commissioners -- the three commissioners and Judge  
6 Henry?

7 MS. OLALDE: Same objection.

8 THE VIDEOGRAPHER: Go off the record  
9 real quick. 10:38, off the record.

10 (Break from 10:38 a.m. to 10:39 a.m.)

11 THE VIDEOGRAPHER: The time is 10:39.  
12 Back on the record.

13 MS. RICHARDSON: And Petteway  
14 plaintiffs -- Valencia Richardson for Petteway  
15 plaintiffs. We are going to join in NAACP plaintiffs'  
16 reservation.

17 MS. MEZA: And the United States as  
18 well.

19 Q. (BY MR. MANCINO) Mr. Drummond, earlier we  
20 confirmed that you are -- had some involvement in the  
21 2021 redistricting process, right?

22 A. Correct.

23 Q. Okay. So let's come back to that -- that  
24 line.

25 Around when did you first realize that

1 the commissioner precinct boundaries within Galveston  
2 County would need to be re -- readjusted in 2021?

3 A. I don't recall.

4 Q. Okay. Do you recall having been informed  
5 that was -- that was the case in sometime in 2020,  
6 that this -- that there would have to be a  
7 redistricting process undertaken in 2021?

8 A. I do recall that. I do recall that  
9 redistricting needed to happen after the census was  
10 completed.

11 Q. Okay. And the census was underway in 2020,  
12 correct?

13 MS. OLALDE: Objection; calls for  
14 speculation.

15 A. Yeah. I believe so. I mean, I don't know  
16 that process, the -- the start and end date of it,  
17 but --

18 Q. (BY MR. MANCINO) Okay.

19 A. -- yes.

20 Q. But your best recollection is, is that that  
21 census was going on in 2020?

22 A. It happens every ten years.

23 Q. Okay. So you -- I know you were not around  
24 in 2011, but are you, as you sit here today, aware  
25 that Galveston County had undergone a redistricting

1 process regarding commissioner precincts' boundaries  
2 in 2011?

3 A. I'm not familiar with the commissioner  
4 precinct redistricting in 2011.

5 Q. What are you familiar with?

6 A. I do know that they had -- during that  
7 process, there was a redistricting of, I think,  
8 justice of the peace and constable precincts.

9 Q. Could that have been in 2013?

10 A. Possibly.

11 Q. Okay. So let's -- I'm -- let's focus on  
12 2011.

13 A. Okay.

14 Q. And, you know, as you, you know, coming in in  
15 2013 as Judge Henry's chief of staff, I imagine you  
16 probably under -- undertook some steps to educate  
17 yourself about the political history, recent political  
18 history in Galveston County?

19 A. I was not Judge Henry's chief of staff when I  
20 got hired in 2013.

21 Q. But you became his chief of staff in 2013?

22 A. Yeah, towards the end of 2013, maybe.

23 Q. Okay.

24 A. I was originally hired as the deputy chief of  
25 staff and I worked for Commissioner Dennard and

1 Commissioner Clark.

2 Q. Okay. So in either of those two roles or as  
3 chief of staff to Judge Henry, did you undertake to  
4 become at least somewhat familiar with the recent  
5 political history within Galveston County as it  
6 related to redistricting?

7 A. No.

8 Q. Not at all?

9 A. No.

10 Q. Okay. So are you -- as you sit here today,  
11 are you totally unaware that the Department of  
12 Justice, on behalf of the United States Government,  
13 refused to give preclearance to Galveston County's  
14 redistricting map in 2011?

15 A. I'm aware of that today.

16 Q. Okay. So you know that happened, right?

17 A. Today, yes.

18 Q. Okay. Do you have an understanding of why  
19 preclearance was denied by the Department of Justice?

20 A. No.

21 Q. Okay. Have you ever seen the Department of  
22 Justice's letter expressing their reasons why they  
23 were not going to preclear the 2011 redistricting  
24 maps?

25 A. No.

1 Q. Okay. Let's look at Tab 8.

2 (Marked Drummond Exhibit No. 4.)

3 Q. (BY MR. MANCINO) Now, one of the things you  
4 told me and the rest of us is that your role in the  
5 2021 redistricting process started with your  
6 facilitating the process to locate counsel, correct?

7 A. Excuse me one moment.

8 Can I exit out of this white list of --

9 (Discussion off the record.)

10 MR. MANCINO: Mendy, can you read the  
11 question?

12 (The requested portion was read.)

13 A. To the best of my recollection.

14 Q. (BY MR. MANCINO) That's accurate?

15 A. To the best of my recollection.

16 Q. Okay. So you have in front of you Tab 8,  
17 which is Exhibit 4 on your deposition.

18 And take a moment, not to -- you know,  
19 you don't have to read every line, but just look at it  
20 to see if you can familiarize yourself with what's  
21 here.

22 MR. MANCINO: And while Mr. Drummond is  
23 doing that, I'll just note that the cover e-mail at  
24 the top is from Mr. Drummond to Bob Boemer dated  
25 July 23rd, 2018, and it starts with Bates

1 No. DEFS 00029122 and extends to 2912 -- 136.

2 Do you recognize Exhibit 4,

3 Mr. Drummond?

4 A. It's over four years ago. I don't...

5 Q. (BY MR. MANCINO) Did you finish your answer?

6 A. Yeah. It's so long ago I don't specifically

7 recall this.

8 Q. Generally recall it?

9 A. No.

10 Q. Okay. So -- but you see that there -- you're

11 sending an e-mail to Bob Boemer, right?

12 A. That's what it shows.

13 Q. Okay. And your counsel produced this

14 document to us as a record from the archives of -- of

15 Galveston County.

16 You don't have any reason to believe

17 that this does -- is not an accurate and authentic

18 e-mail with an attached letter?

19 A. No.

20 Q. Okay. So who is Bob Boemer at this time?

21 A. At the time, I believe his title was the

22 director of the county legal.

23 Q. Okay. So if you look at the attachment, it's

24 a -- a letter dated July 16, 2018, from a law firm

25 called Allison, Bass & Magee, LLP, and has a stamp

1 showing it was received by the Galveston County judge  
2 on July 20, 2018.

3 And I'll represent to you that this is a  
4 letter that is promoting this law firm to be counsel  
5 to the County for an upcoming redistricting.

6 Have you ever heard of the firm Allison,  
7 Bass & Magee?

8 A. Yes.

9 Q. Who are they?

10 A. They're a local government specialty or  
11 boutique law firm, whatever the term would be, in  
12 Austin, Texas.

13 Q. Okay. And this firm is representing Judge  
14 Henry today in a -- some type of matter, isn't it?

15 A. Possibly.

16 Q. Okay. But you don't know about that?

17 A. I may. I don't know off the top of my head  
18 what matters they're still representing us on, and  
19 so...

20 Q. Okay.

21 A. Yeah.

22 Q. All right. So looking at this, this letter  
23 clearly got its way to you and then you passed it on  
24 to Mr. Boemer.

25 Is that a fair statement?

1           A.    I was copied on the e-mail from Dianna  
2           Martinez, our office coordinator, who had received  
3           this in the mail.

4           Q.    Uh-huh.

5           A.    And she sent it to us, and I forwarded it to  
6           Bob Boemer, our director of the legal department.

7           Q.    Do you know whatever happened to this effort  
8           by the Allison, Bass & Magee firm to get hired as  
9           redistricting counsel?

10          A.    I do not.

11          Q.    Okay.  Were they -- did the County end up  
12          using them in any capacity in connection with the 2021  
13          redistricting?

14          A.    I don't believe so.

15          Q.    Okay.  Did you discuss this proposal with  
16          anybody?

17          A.    Not that I can recall.

18          Q.    Okay.  So -- so by the time 2020 rolled  
19          around, you knew that the census was underway,  
20          correct?

21          A.    Yes, I believe so.

22          Q.    Okay.  And you figured that once the census  
23          was done, Galveston County would have to go through  
24          another redistricting process, correct?

25                   MS. OLALDE:  Objection; asked and

1 answered.

2 A. Yes.

3 Q. (BY MR. MANCINO) Okay. Because the -- the  
4 census would reveal that there were population changes  
5 and that would trigger an obligation to redraw  
6 precincts?

7 A. I don't know.

8 Q. Is that your understanding of how the process  
9 starts?

10 A. The -- my understanding, the process is --  
11 it's done by the census and then there's a  
12 redistricting process that happens. I've never been  
13 involved in a redistricting process before, so...

14 Q. What about in 2013, do you recall being  
15 involved in some fashion in a redistricting involving  
16 justice of the peace and constable precinct lines?

17 A. From my understanding at the time, when I --  
18 it was towards the back end. And I believe there was  
19 litigation already happening, so I was not engaged in  
20 that process at all.

21 Q. Okay. Now, who is Cheryl Johnson?

22 A. She's the Galveston County tax assessor  
23 collector.

24 Q. Okay. In this time frame in -- in late  
25 twenty-- I want to focus on the time frame of late

1 2020, early 2021. Okay?

2 A. Okay.

3 Q. Did you have any communications with  
4 Ms. Johnson concerning either the census or  
5 redistricting?

6 A. I recall there was an e-mail.

7 Q. An e-mail? From who?

8 A. There was an e-mail exchange from Cheryl.

9 Q. Stating what, in general?

10 A. I can't recall it off the top of my head  
11 without reviewing it.

12 Q. You didn't look at it during your prep  
13 session?

14 A. I may have, but I don't remember the specific  
15 details as we sit here today.

16 Q. Okay.

17 A. I'd have to look at it.

18 Q. So as you sit here today, you don't -- that  
19 e-mail came to mind in response to my question, right?

20 MS. OLALDE: Objection; asked and  
21 answered.

22 A. Yes, sir.

23 Q. (BY MR. MANCINO) Okay.

24 A. Yeah, I recall looking at it last week.

25 Q. Okay.

1 A. Yeah.

2 Q. But you don't know whether it involved the  
3 census or redistricting.

4 Is that your testimony?

5 A. I don't know which one it involved or if it  
6 involved both.

7 Q. Okay.

8 A. Yeah.

9 Q. Let's pull Tab 17, which will be marked as  
10 Exhibit 5.

11 (Marked Drummond Exhibit No. 5.)

12 MR. MANCINO: And for the record,  
13 it's an e-mail from Cheryl Johnson to Judge Henry,  
14 Messrs. Apffel, Giusti, Holmes, Clark, and copying  
15 Mr. Drummond and several others. And it's got Bates  
16 No. DEFS 00003805 and has attachments as well.

17 Q. (BY MR. MANCINO) Mr. Drummond, you've been  
18 handed Exhibit 5 on your deposition.

19 Do you recognize this e-mail?

20 Let us know when you're done.

21 A. Okay.

22 Q. Did you receive this copy of the e-mail from  
23 Ms. Johnson dated January 14, 2021?

24 A. I was copied on it.

25 Q. Did you read it when -- when it came to you?

1 | A. I don't recall.

2 | Q. Okay. She says with -- "With redistricting  
3 | around the corner, I thought it may be helpful for  
4 | each of you to have the lists of registered voters  
5 | across the county (by precinct) which automatically  
6 | provides county commissioner lists and the  
7 | JP/constable listings."

8 | Did I read that correctly?

9 | A. Where are you reading that from?

10 | Q. First paragraph.

11 | A. Yes, you did.

12 | Q. Okay. So she says with -- redistricting is  
13 | around the corner.

14 | Was that what you thought at the -- at  
15 | the time in January 2021?

16 | A. I don't -- I don't know what I thought at  
17 | that time.

18 | Q. Okay. Do you know what, if anything, was  
19 | done with the list of registered voters that she  
20 | attached to her e-mail?

21 | A. No.

22 | Q. Did you do anything with it?

23 | A. I don't believe so.

24 | Q. Okay. Why was she copying you if you weren't  
25 | going to do anything with this e-mail and the

1 attachment? Do you know?

2 MS. OLALDE: Objection; calls for  
3 speculation.

4 A. The other individuals copied here Seth  
5 Collins, Yesenia Jaurez, Michelle Annye Watson are all  
6 the single member staff members for each commissioner.  
7 So it wasn't just me; it was all the Commissioners  
8 Court staff members that were copied on this e-mail.

9 Q. (BY MR. MANCINO) Okay. But you don't  
10 remember doing anything with this e-mail or the data  
11 attached?

12 A. Yeah, I don't recall.

13 Q. Okay. Do you know what, if anything, any --  
14 any of the other recipients may have done with it?

15 A. I don't.

16 Q. Okay. Do you know whether Ms. Johnson's  
17 e-mail kick-started any activity within the County  
18 government to prepare for redistricting?

19 A. I don't recall.

20 Q. Okay. Now, am I correct that in your role as  
21 his chief of staff, you saw that one of the first  
22 things that Judge Henry did in respect of the prospect  
23 of having to go through a redistricting --  
24 redistricting process in 2021 was to get Dale Oldham  
25 involved?

1 MS. OLALDE: Objection; compound.

2 Vague.

3 A. Yeah, can you rephrase the question?

4 Q. (BY MR. MANCINO) What -- what about it don't  
5 you understand?

6 A. I guess repeat the question, then.

7 Q. Okay.

8 A. Okay.

9 MR. MANCINO: Mendy, can you kindly...

10 (The requested portion read.)

11 MS. OLALDE: Same objection.

12 A. Yeah, I don't know.

13 Q. (BY MR. MANCINO) Okay. Do you know who Dale  
14 Oldham is?

15 A. Yes.

16 Q. Who is he?

17 A. He's a redistricting attorney.

18 Q. What does he do?

19 A. Redistricting.

20 Q. And, well, what does that -- what does that  
21 mean to you? Did he ever explain to you how he -- he  
22 performs his job as a redistricting attorney?

23 A. No.

24 Q. Okay. Did you do any investigation into him?

25 A. No.

1 Q. Did you ask anyone about him?

2 A. I don't recall. Maybe.

3 Q. Okay. You had conversations with Mr. Oldham,  
4 didn't you?

5 A. Yes.

6 Q. Okay. We'll get into those.

7 A. Okay.

8 Q. But were all those by phone or -- or were  
9 some by Zoom?

10 A. I don't specifically recall, could have been  
11 a mix of both.

12 Q. Okay. Let's pull Tab 11.

13 (Marked Drummond Exhibit No. 6.)

14 A. Are we done with this e-mail?

15 Q. (BY MR. MANCINO) Yeah.

16 A. Okay.

17 MR. MANCINO: And this will be Exhibit 6  
18 on Mr. Drummond's deposition. And it starts with an  
19 e-mail from Paul Ready to Dale Oldham dated  
20 November 25, 2020, and has Bates No. DEFS 00028158 and  
21 attaches --

22 THE WITNESS: Thank you.

23 MR. MANCINO: -- a contract for legal  
24 services.

25 Q. (BY MR. MANCINO) I'm focusing your attention

1 in the first instance, Mr. Drummond, on the e-mail.

2 So if you can look at that.

3 A. Okay.

4 Q. Okay. Now, earlier you said that you had  
5 facilitated reaching out to potential counsel,  
6 correct?

7 A. Yes.

8 Q. Okay. And so you got involved, didn't you,  
9 in the reach-out to Mr. Oldham?

10 A. I was given directive from Judge Henry to  
11 have Paul Ready reach out to Dale Oldham.

12 Q. Okay. What did Judge Henry tell you to do?

13 A. To have Paul Ready reach out to Dale Oldham.

14 Q. Did he tell you who Dale Oldham was?

15 A. Yeah, I don't recall. Maybe.

16 Q. Okay.

17 A. It was a few years ago so -- I'm trying to  
18 remember. He could have.

19 Q. Well, how else did you find out how to get  
20 ahold of Dale Oldham if Judge Henry didn't tell you  
21 who he was?

22 A. My directive was to request Paul Ready, our  
23 general counsel for the County, to reach out to him.

24 Q. Okay. So Mr. Ready notes in the -- toward  
25 the end of the first paragraph of his e-mail that "you

1 already have a great baseline from the 2010-cycle."

2 What did you understand that to be a  
3 reference to?

4 A. I don't know.

5 Q. You didn't understand that to mean a  
6 reference to the redistricting process that started in  
7 2010 and continued into 2011?

8 MS. OLALDE: Objection; asked and  
9 answered. Calls for speculation.

10 A. Yeah, I didn't know what that was. I don't  
11 know.

12 Q. (BY MR. MANCINO) Did you ever come to  
13 understand what Mr. Oldham's involvement had been in  
14 the 2010, 2011 redistricting process?

15 A. No.

16 Q. No?

17 A. He was the attorney but beyond that, no.

18 Q. So you did have an understanding that he had  
19 a role in that redistricting process?

20 MS. OLALDE: Objection; asked and  
21 answered; and argumentative.

22 A. To rephrase my answer, what I'm getting at is  
23 I don't know to the extent of what his involvement was  
24 other than being an attorney for them.

25 Q. (BY MR. MANCINO) Okay. Do you know if he had

1 a role in drawing the maps in 2011 which were rejected

2 by the Department of Justice?

3 MS. OLALDE: Objection; asked and

4 answered.

5 A. Yeah. I don't know.

6 Q. (BY MR. MANCINO) I'm sorry?

7 A. I don't know what the -- what role he had.

8 Q. Okay.

9 A. Yeah.

10 Q. Okay. That's -- did Mr. Ready -- well,

11 obviously Mr. Ready was able to find Mr. Oldham,

12 correct?

13 A. From e-mail, yes.

14 Q. Okay. So after this e-mail went out between

15 Mr. Ready and Mr. Oldham on November 25th, 2020,

16 copying you, what happened next with respect to the

17 involvement of Mr. Oldham in the 2021 redistricting

18 process?

19 A. I know with respect to my involvement, I

20 think after this, there was further down the line a

21 phone call that occurred, but I don't know the

22 specific dates off the top of my head.

23 Q. Okay. And that was a phone call in which you

24 participated?

25 A. I was one of the participants, yes.

1 Q. Who were the other participants?

2 A. Judge Henry, I believe Darrell Apffel, if I'm  
3 recollecting the correct phone call, Paul Ready, our  
4 general counsel, and Mr. Oldham.

5 Q. Okay. And were you there just to observe,  
6 that is, listen?

7 A. Generally, when Judge Henry has conference  
8 calls and different things, he likes to have me sit  
9 in.

10 Q. Why?

11 A. In case he needs to assign stuff to me to  
12 help assist him with after the fact.

13 Q. Okay. Does he from time to time ask you to  
14 sit in on things so that he can have a -- a second  
15 person who might remember what happened in that phone  
16 call?

17 MS. OLALDE: Objection; calls for  
18 speculation.

19 A. Possibly.

20 Q. (BY MR. MANCINO) All right. So did you make  
21 any notes on this -- on the occasion of this phone  
22 call with Mr. Oldham, Judge Henry, Mr. Apffel, and  
23 others?

24 A. I don't believe so. Not to my recollection.

25 Q. Okay. Were you given any assignments flowing

1 from that conversation?

2 A. No, not to my knowledge.

3 Q. After that conversation, what happened next  
4 as it relates to Mr. Oldham's possible involvement in  
5 the Galveston County 2021 redistricting process?

6 A. From my recollection at that time, we had our  
7 general counsel working with him with the process.  
8 Since I'm not licensed to practice law, I generally,  
9 once it comes to the legal issues, I really have our  
10 general counsel handle those for us, when it comes to  
11 the management of stuff like anything regarding legal  
12 work.

13 Q. Okay. So you -- in your position, you're not  
14 providing legal advice to Judge Henry?

15 A. No, sir.

16 Q. Okay. And so your general counsel at the  
17 time was Mr. Ready?

18 A. Yes, sir.

19 Q. Now, is -- is he a -- a -- an employee of the  
20 County?

21 A. No.

22 Q. He's got his own law practice?

23 A. Yes.

24 Q. And as part of that law practice, he performs  
25 general counsel duties for the County?

1 A. Yes.

2 Q. Okay. And you -- you've worked with him from  
3 time to time?

4 A. Yes.

5 Q. Okay. So what's your memory as to what  
6 happened once the baton was passed to Mr. Ready to  
7 deal with Mr. Oldham?

8 MS. OLALDE: And, again, I know that we  
9 have an ongoing dispute of -- over privilege. I  
10 understand that the question asks for procedural  
11 stuff, but to the extent any conversations were had  
12 that could be attorney-client privilege, which would  
13 have involved Dale Oldham, I would just ask the  
14 witness not to answer. With that respect, otherwise  
15 you can answer.

16 MR. MANCINO: I -- I don't understand  
17 the relevance of your objection to this question that  
18 says --

19 MS. OLALDE: I want to make sure --

20 MR. MANCINO: -- what happened once the  
21 baton was passed.

22 MS. OLALDE: I just want --

23 MR. MANCINO: What did Mr. Ready do --

24 MS. OLALDE: You said that you didn't  
25 understand --

1 MR. MANCINO: -- in the e-mail --

2 MS. OLALDE: -- and the basis for it is

3 I just want to make sure that privileged

4 communications don't accidentally come out, because

5 sometimes -- you know, sometimes that happens.

6 So I do want to make sure that we're on

7 top of the ball on that. And that was the basis for

8 my objection.

9 MR. MANCINO: Thank you.

10 MS. OLALDE: You're welcome.

11 A. Mr. Ready was working with Mr. Oldham on the

12 redistricting project.

13 Q. (BY MR. MANCINO) Okay. And was Mr. Oldham

14 brought into the team to work on the 2021

15 redistricting process?

16 A. From my recollection, I believe, yes, the

17 County ended up retaining his services.

18 Q. Okay. Let's look at Tab 14, which will be

19 Exhibit 7.

20 (Marked Drummond Exhibit No. 7.)

21 Q. (BY MR. MANCINO) Is -- is it on your screen?

22 A. Yes, it is. Yes.

23 Q. Okay. It's just a one-pager?

24 A. Yeah. It's all on the screen.

25 Q. Okay. So what is this? What is Exhibit 7?

1 THE WITNESS: I have it right here.

2 MS. OLALDE: It's a two-page.

3 A. This looks like a calendar scheduling on the  
4 County's Outlook e-mail system for a meeting.

5 Q. (BY MR. MANCINO) And from this e-mail -- or  
6 from this calendar scheduling document, can you tell  
7 what the subject of the meeting was and the date on  
8 which it was to take place?

9 A. The date, December 16th, 2020. The subject  
10 line up top, "Invitation: Galveston County  
11 redistricting." Organizer, Paul Ready, general  
12 counsel. And then Judge Henry, myself.

13 And that e-mail -- that's probably Dale  
14 Oldham's e-mail, if I'm -- I don't want to make  
15 assumptions. I know I'm not supposed to, but I  
16 believe that's Dale Oldham.

17 Q. Okay.

18 A. Yeah.

19 Q. And does this reflect that phone conversation  
20 that you told us about just a few minutes ago?

21 A. From the best of my recollection, yes.

22 Q. Okay.

23 A. Yes.

24 Q. So it would have been in this time frame of  
25 mid-December 2020?

1 | A. Correct.

2 | Q. Okay. Now, I don't want to get into -- well,  
3 | was this a -- a -- a -- a phone call to discuss  
4 | whether Mr. Oldham should be retained or could be  
5 | retained in connection with the redistricting process?

6 | A. I can't recall the -- if this happened after  
7 | that e-mail with Paul Ready that he copied me on or  
8 | not.

9 | Q. Yeah.

10 | A. Did it?

11 | Q. I believe so, yes.

12 | A. Yes. This would have been in follow-up to  
13 | discuss whatever Paul Ready and Dale Oldham had been  
14 | working out from this e-mail that you showed me  
15 | previously.

16 | Q. Okay. Was there a discussion on that phone  
17 | call of what services Mr. Oldham would provide?

18 | A. I believe so.

19 | Q. Okay. Do you recall what services Mr. Oldham  
20 | said he could provide?

21 | A. Not specifically, outside of retaining him  
22 | for the redistricting. Like specific services I can't  
23 | recall.

24 | Q. Okay.

25 | A. Yeah.

1 Q. Was there a discussion of price?

2 A. Possibly. I can't recall the specifics. It  
3 was two year -- two years ago, over two years ago, so  
4 it could have.

5 Q. Okay. Did Judge Henry have anything to say  
6 on this call?

7 For example, did he -- did he explain to  
8 Mr. Oldham what he was looking for through having  
9 Oldham work on the redistricting process?

10 A. Possibly. I don't recall the specifics in  
11 the conversation.

12 Q. Okay. Do you recall a discussion on this  
13 call of Precinct 3?

14 MS. OLALDE: Objection to the extent  
15 that this request would reveal attorney-client  
16 privileged data or information, communications with  
17 Mr. Oldham, and instruct the witness not to answer to  
18 that extent. Otherwise, you can answer.

19 Q. (BY MR. MANCINO) Can you figure that out?  
20 Can you answer?

21 A. You asked if I recall if Precinct 3 was  
22 brought up?

23 Q. Yeah.

24 A. Was that your question?

25 Q. Yeah.

1 A. No, I can't recall.

2 Q. Okay. Was the Bolivar Peninsula a topic that  
3 came up?

4 MS. OLALDE: Object --

5 Q. (BY MR. MANCINO) And I don't know what, you  
6 know, may have been said about it.

7 A. Yeah.

8 Q. Just the topic.

9 A. Sure.

10 MS. OLALDE: And, again, I'm going to  
11 object to the specifics of conversations with  
12 Mr. Oldham on the basis of attorney-client privilege  
13 and instruct the witness not to answer to the extent  
14 that your answer would contain any communications that  
15 occurred. Otherwise, you can answer.

16 MS. VALL-LLOBERA: Petteway plaintiffs  
17 would like to preserve our prior objections to any  
18 communications related to Dale Oldham as those issues  
19 before the court, we would just like to --

20 (Discussion off the record.)

21 MS. VALL-LLOBERA: Petteway plaintiffs  
22 would like to preserve our prior objection to this  
23 privilege claim just based on prior decisions  
24 currently before the court regarding Dale Oldham's  
25 attorney-client privilege status, so...

1 MS. MEZA: And the United States joins  
2 in that preservation of objection.

3 MR. MANCINO: Okay. Let's look at  
4 Tab 12.

5 (Marked Drummond Exhibit No. 8.)

6 (Discussion off the record.)

7 Q. (BY MR. MANCINO) Okay. Tab 12 is now going  
8 to be Exhibit 8.

9 (Discussion off the record.)

10 Q. (BY MR. MANCINO) And it's an e-mail from Paul  
11 Ready to an e-mail address dloesq, I believe, at  
12 aol.com. And from other information, we've learned  
13 that that's Dale -- I'll represent that that's Dale  
14 Oldham's e-mail address.

15 And it's a chain of e-mails, is it not,  
16 Mr. Drummond?

17 A. It appears, yes.

18 Q. Okay. And you're on these e-mails at  
19 least --

20 A. Some.

21 Q. -- at some point in the chain?

22 A. Yes. I'm copied on some of the e-mails in  
23 this chain.

24 Q. Okay. What was -- what was -- what was this  
25 e-mail chain concerning itself with as it relates to

1 the retention of Mr. Oldham?

2 A. From reading Paul's e-mail on January 14th,  
3 it was to get in place an engagement agreement.

4 Q. Okay. And then at the top, it says: "The  
5 County Judge is eager to get your engagement in  
6 place."

7 Do you see that?

8 A. Yes, sir.

9 Q. Was that your understanding as of January 14,  
10 2021, concerning Judge Henry?

11 A. I don't recall, but that could have been a  
12 communication placed between Judge Henry and the  
13 general counsel.

14 Q. Okay. And then in the lower e-mail,  
15 Mr. Ready -- Ready -- I'm sorry -- says: "Yes, sir.  
16 If you don't mind I would like to have Judge Henry  
17 and/or his chief of staff on the line as well in case  
18 it might make things more efficient."

19 So is that -- did you participate on a  
20 phone call around this time that included Judge Henry,  
21 Mr. Ready, and Mr. Oldham?

22 A. Is this a reference to the phone call that we  
23 just -- you just showed me an exhibit on? Paul Ready  
24 sent that e-mail on December 15th. This phone call  
25 happened on December 16th.

1 Q. Right.

2 So that would be the -- the phone  
3 conversation that ensued following this e-mail dated  
4 December 15, 2020, from Mr. Ready to Dale Oldham,  
5 copying you and Judge Henry, right?

6 A. That would be my assumption from the record.

7 Q. Okay. Do you -- okay. Well, I already asked  
8 you about what you remembered on that call, so we can  
9 move on.

10 Let me ask you -- just going to go --  
11 depart from the line of questioning for a minute,  
12 Mr. Drummond.

13 At any point did you have discussions  
14 with Judge Henry about what his objectives were  
15 concerning the 2021 redistricting process?

16 A. I recall a conversation, but the topic wasn't  
17 specifically to go over his objectives. I believe it  
18 was brought up in a conversation.

19 Q. Okay. And what do you remember about that  
20 conversation?

21 A. That he wanted the precincts --

22 THE WITNESS: Sorry, I have to admit  
23 somebody. Okay.

24 A. -- wanted the precincts, the populations, to  
25 be as equal and then wanted a -- this idea of a

1 coastal precinct merging Bolivar Peninsula with  
2 Galveston Island.

3 Q. (BY MR. MANCINO) Anything else?

4 A. And that if it achieved a partisan  
5 all-Republican Commissioners Court, then that would be  
6 acceptable.

7 Q. Okay. And did you understand that last point  
8 to mean that in order to ensure a full Republican  
9 Commissioners Court pop -- the then existing  
10 Precinct 3 would have to be dramatically changed?

11 A. I didn't know how to take that because he --  
12 we hadn't looked and he didn't know what any census  
13 that of -- was at that time. So I didn't know how the  
14 impact would be on the different precincts.

15 Q. Okay. But at some later point in time you  
16 came to understand that there would be a dramatic  
17 change to Precinct 3?

18 A. From my recollection, that happened once the  
19 maps were drawn and discussed.

20 Q. And such a dramatic change did, in fact,  
21 occur to Precinct 3?

22 A. In the approved -- the map that was adopted,  
23 correct.

24 Q. Okay. Do you know what neighborhoods or  
25 communities that had been in the preexisting

1 Precinct 3, which after the adoption of the 2021 map,  
2 were no longer within Precinct 3?

3 A. No, I did not.

4 Q. Okay. You never looked at, compared the maps  
5 between the -- the 2021 approved map and the benchmark  
6 map?

7 MS. OLALDE: Objection just to the --  
8 are you talking about for a particular purpose or -- I  
9 just want to make sure the record is clear, I'm sorry.

10 MR. MANCINO: Yeah, yeah.

11 Q. (BY MR. MANCINO) Comparing them to see what  
12 the changes -- how Precinct 3 was changed from the  
13 benchmark map that existed from at least 2011 as  
14 compared to the approved map in 2021?

15 MS. OLALDE: Objection; vague.

16 But you can answer.

17 A. I did not analyze the maps to see which  
18 communities were moved and placed out of it, but it's  
19 apparent based off of the -- right on the shift in  
20 where the lines were in regards to the new boundaries.  
21 But I never did an analysis to look specifically into  
22 neighborhoods or -- going back to your first question.

23 Q. (BY MR. MANCINO) Okay. Did anybody --

24 MS. OLALDE: Objection --

25 Q. (BY MR. MANCINO) -- do such an analysis?

1 MS. OLALDE: Objection; calls for

2 speculation.

3 A. Yeah, I don't know.

4 Q. (BY MR. MANCINO) Was Mr. Oldham ultimately  
5 retained --

6 MS. OLALDE: Objection; asked and  
7 answered.

8 Q. (BY MR. MANCINO) -- to represent the County?

9 MS. OLALDE: I'm sorry.

10 Objection; asked and answered.

11 Apologize.

12 A. Yes.

13 Q. (BY MR. MANCINO) And when -- when was that  
14 retention made official?

15 A. I don't know the specific date or time.

16 (Speaking simultaneously.)

17 A. It would have been --

18 Q. I'm sorry. It looks like you stopped because  
19 I distracted you, sorry.

20 It would have been?

21 A. On Commissioners Court agenda.

22 Q. Okay. In or around April of 2021 ring a  
23 bell?

24 A. I don't -- I don't remember the specific time  
25 frame.

1 Q. Okay. Who is John Ferguson?

2 A. He is a reporter.

3 Q. In 2021, for whom did he report?

4 A. I believe he worked as a reporter of the  
5 Galveston Daily News. I don't know if it was with any  
6 other publications.

7 Q. Okay. He's now with another news outlet,  
8 right?

9 A. He's now with the Houston Chronicle, from  
10 what I believe.

11 Q. Okay. You keep in touch with him at all?

12 A. I think I may have talked to him once or  
13 twice maybe, less than a handful of times since he's  
14 made the move. He's the night reporter for the  
15 Houston Chronicle so...

16 Q. That's got to be an interesting beat.

17 So -- but coming back to 2021, you  
18 communicated with him about what was going on in  
19 connection with the 2021 redistricting process, right?

20 A. Maybe. I may have. I don't specifically  
21 recall the -- when the communications were and to what  
22 effect.

23 Q. Okay. But you at least remember the fact  
24 that there was some communication at some point in  
25 time with him?

1           A.    There may have, John and I talked frequently.  
2           He was the local reporter that covered County  
3           government in Galveston County.

4           Q.    Okay.  So when he called to -- to chat, you  
5           were responsive to him?

6           A.    Sometimes.

7           Q.    Okay.  Well, depending on what the questions  
8           are, right?

9           A.    Yes.

10          Q.    Okay.  So let's look at --

11                   MR. MANCINO:  Is this Tab 20?  Is it  
12           Tab 20?  I think it's -- yeah.  All right.  Yeah, it's  
13           got to be.

14                   Tab 20, which will become Exhibit 9 on  
15           Mr. Drummond's deposition.

16                   (Marked Drummond Exhibit No. 9.)

17                   MR. MANCINO:  And the cover e-mail at  
18           the top is an e-mail from Mr. Drummond -- I mean, I'm  
19           sorry -- from Mr. Davidson to Mr. Drummond dated  
20           April 7th, 2021, and there's other e-mails in this  
21           chain as well.

22                   THE WITNESS:  Okay.

23                   Q.    (BY MR. MANCINO)  Have you -- what is  
24           Exhibit 9?

25                   A.    Is that what this is, Exhibit 9?

1 Q. Yes.

2 A. A chain of e-mails between John Wayne  
3 Ferguson and our general counsel and our communication  
4 director.

5 Q. Okay.

6 (Discussion off the record.)

7 Q. (BY MR. MANCINO) So Mr. Ferguson, having been  
8 sent a document by Mr. Ready in response to  
9 Mr. Ferguson's request for a copy of the letter  
10 commissioners approved retaining Dale Oldham and  
11 Holtzman Vogel Josefiak Torchinsky for redistricting,  
12 says first, "That was amazingly fast. Thank you."

13 You see that?

14 A. Uh-huh.

15 Q. And then in the e-mail just above it, he  
16 says -- he asks, "Is this the Dale Oldham that worked  
17 with the late Thomas Hofeller?"

18 Do you see that?

19 A. I do.

20 Q. Okay. And then Mr. Davidson then brought you  
21 into the loop, correct?

22 A. He forwarded me the e-mail.

23 Q. Okay. Did you understand what Mr. Ferguson  
24 was asking as it relates to the late Thomas Hofeller?

25 A. I do not believe so.

1 Q. Okay. Have you ever heard of Thomas  
2 Hofeller?

3 A. I may have.

4 Q. Okay. What -- what do you remember having  
5 heard about him?

6 A. I think it may have been involving in  
7 redistricting that he may have been involved in  
8 different parts of the country possibly, a news  
9 article. I can't specifically recall how.

10 Q. Did you have an understanding that Mr. Oldham  
11 worked with Mr. Hofeller before Mr. Hofeller's death?

12 MS. OLALDE: Objection; vague as to  
13 time.

14 A. Yeah, I don't specifically recall.

15 (Discussion off the record.)

16 Q. (BY MR. MANCINO) Do you know whether anybody  
17 got back to Mr. Ferguson concerning his question about  
18 Mr. Hofeller?

19 A. I do not.

20 Sometimes we would -- let me add to  
21 that. Sometimes we would call Mr. Ferguson. Instead  
22 of an e-mail communication back, we'd pick up the  
23 phone and call him.

24 Q. Okay. And then you would look for his  
25 articles in the Daily News, see if -- if you're -- if

1 | you got -- if your name gets mentioned?

2 | A. Yeah. We'd read all the -- we'd read the --  
3 | I read the Galveston Daily News almost on a daily  
4 | basis.

5 | Q. Kind of part of your job, isn't it?

6 | A. Stay on top of what's going on in the  
7 | community.

8 | Q. Yeah.

9 | (Discussion off the record.)

10 | Q. (BY MR. MANCINO) Okay. Let's look at Tab 24.

11 | (Marked Drummond Exhibit No. 10.)

12 | MR. MANCINO: Which is Exhibit 10, and  
13 | it's a -- a news article by Mr. Ferguson dated  
14 | April 7, 2021.

15 | MS. OLALDE: I'm sorry, he doesn't have  
16 | it up yet. I apologize.

17 | THE WITNESS: Yeah, it's not on my  
18 | screen.

19 | MR. MANCINO: I was just reading it into  
20 | the record.

21 | MS. OLALDE: Oh, okay, got you.

22 | MR. MANCINO: Entitled "Galveston County  
23 | turns to GOP consultant for redistricting help."

24 | (Discussion off the record.)

25 | Q. (BY MR. MANCINO) Did you read this article by

1 Mr. Ferguson on or around the date that it was  
2 published?

3 Do you see the reference,  
4 Mr. Ferguson -- I mean Mr. Drummond to -- on the third  
5 page of the exhibit to the effect that Hofeller has  
6 been accused of creating gerrymandered maps in favor  
7 of Republican candidates?

8 A. I do see that.

9 Q. Were you aware of that accusation?

10 A. Prior to reading this?

11 Q. Yes.

12 A. I don't recall.

13 Q. Okay. And then he writes: "Hofeller and  
14 Oldham also were connected to former President Donald  
15 Trump's efforts to exclude non-citizens from the 2020  
16 Census."

17 Do you see that?

18 A. Yes, I do see that.

19 Q. Did you -- had you heard about that before  
20 reading it in this article?

21 A. I don't believe so. I don't recall.

22 Q. Okay. So in the April e-mail exchanges  
23 between -- that occurred with Mr. Ferguson, it  
24 mentioned the commissioner meeting in April regarding  
25 the retention of Mr. Oldham and -- and a law firm.

1 | Does that help center you on when that  
2 | firm was officially engaged?

3 | A. The e-mail from John Wayne Ferguson was  
4 | April 7th asking for a copy of the letter that was  
5 | approved. I still don't know the specific date when  
6 | that was approved.

7 | Q. Okay.

8 | A. I don't know if it was that day or what day  
9 | prior to.

10 | Q. Okay. But fair to say your recollection is  
11 | it was around that time frame?

12 | A. My assumption would be based on this e-mail  
13 | exchange that would have occurred prior to this e-mail  
14 | around that time.

15 | Q. Okay. Did you have any role in -- in  
16 | finalizing an engagement letter with Mr. Oldham?

17 | A. I don't believe so.

18 | Q. Okay. Did you have any role in helping to  
19 | get the engagement of Mr. Oldham and his colleagues  
20 | approved by the Commissioners Court?

21 | A. I don't recall.

22 | Q. Okay. So after that, the engagement of  
23 | Mr. Oldham and his colleagues, what, if anything, were  
24 | you involved in concerning the 2021 redistricting  
25 | process, that you can recall? Like, what was the next

1 thing?

2 A. From my recollection, I -- I feel the  
3 recollection of that there was a big gap or time  
4 period of inactivity based on the -- there were some  
5 kind of fight or some issue with the Census Bureau  
6 releasing data.

7 I don't know what specifics were  
8 involved around that, but I do know there was a delay,  
9 and I know that based off of common knowledge in  
10 reading news articles and -- and whatnot, so I believe  
11 there was a gap.

12 Q. Okay. And then what happened, as far as you  
13 were involved, after that gap period?

14 A. When the -- meaning when the data was finally  
15 released?

16 Q. Yes.

17 A. To get the process -- to get the  
18 redistricting counsel involved in starting the  
19 process.

20 Q. Let's look at Tab 25, Exhibit 11.

21 (Marked Drummond Exhibit No. 11.)

22 MR. MANCINO: Sorry.

23 Q. (BY MR. MANCINO) And you should be seeing an  
24 e-mail to you from Cheryl Johnson dated May 20th,  
25 2021.

1 Did you --

2 A. Can -- is that the total page?

3 MS. OLALDE: You're going to get paper.

4 It's just -- thank you.

5 A. What's below? Okay, I -- I couldn't see the  
6 whole document.

7 Q. (BY MR. MANCINO) Yeah. I'm glad that your  
8 counsel handed you the hard copy.

9 A. Thank you.

10 Q. Did you receive this e-mail from Ms. Johnson  
11 on or about May 20th, 2021?

12 A. That's what the document shows.

13 Q. Okay. And in the third paragraph, she asks  
14 you, Mr. Drummond: "Do you have any timeline  
15 expectations yet?"

16 When you received that, did you  
17 understand that she was referencing redistricting  
18 timeline expectations?

19 A. Possibly.

20 Q. Okay.

21 A. Yeah.

22 Q. And did you respond to her?

23 A. I don't recall. I don't know if there was a  
24 e-mail reply exchanged or a phone call that may have  
25 occurred.

1 Q. Okay. Now, was there any timeline  
2 established, hard or soft, by the County in connection  
3 with the 2021 redistricting process?

4 A. I don't recall.

5 Q. Let's look at Tab 26, Exhibit 12.

6 (Marked Drummond Exhibit No. 12.)

7 MR. MANCINO: And it starts at -- with  
8 an e-mail at the top -- well, it doesn't start, but  
9 there's -- the top e-mail is from Cheryl Johnson to  
10 Robin Eldridge dated May 20th, 2021. And it's Bates  
11 range is DEFS 00004178 through 4180.

12 Q. (BY MR. MANCINO) Do you see what Ms. Johnson  
13 says to Robin Eldridge on the top e-mail of  
14 Exhibit 12, she writes: "No problem. Tyler wrote to  
15 the attorney to obtain a timeline for the County.  
16 Once I have that, I will send to you."

17 Did you, Mr. Drummond, in or around May  
18 of 2021 write to the County's attorney to obtain a  
19 timeline for the completion of the redistricting  
20 process in 2021?

21 A. I don't recall. If I did, it would be in the  
22 records.

23 Q. What records?

24 A. The County e-mail system.

25 Q. Okay. You don't -- you remember seeing

1 any -- any e-mail that shows that you did reach out to  
2 the attorneys to request a timeline?

3 A. Not that I can recall.

4 Q. Okay. Let's look at Tab 67, then. And this  
5 is a privilege log. And I'm focused on the entry 67.  
6 It's at the top of the first page, and I'll represent  
7 to you that this is what -- well, you're an attorney,  
8 so you --

9 A. I'm not an attorney.

10 Q. Well, you studied law, so I -- forget it.  
11 Sorry. Let me start again.

12 This is a page out of a privilege log  
13 that the attorneys who work for the County shared with  
14 us. And Item 67 --

15 A. When you say "Item 67," is that document ID  
16 number 67?

17 Q. Yeah. Yeah. Exactly.

18 MS. OLALDE: It's Page 13.

19 Q. (BY MR. MANCINO) You know, and it's  
20 identifying an e-mail that's being withheld from  
21 production. So we don't have this e-mail.

22 But the privilege note says -- excuse  
23 me -- "Communication from Judge Henry's Chief of Staff  
24 to Galveston County General Counsel, with a copy to  
25 Galveston County Tax Assessor re: requesting update on

1     redistricting counsel's progress."

2                     Do you see that?

3             A.     I do see that.

4                     (Marked Drummond Exhibit No. 13.)

5             Q.     (BY MR. MANCINO) Okay. Does that refresh  
6     your recollection that you were on an e-mail among the  
7     general -- County general counsel and the County tax  
8     assessor regarding an effort to obtain from  
9     redistricting counsel an update on their progress?

10             A.     Refreshes my memory that an e-mail was sent.

11             Q.     Okay.

12             A.     But as to --

13             Q.     Did you ever get any update on what the  
14     progress was in -- toward the end of May 2021 --

15             A.     I don't --

16             Q.     -- in the work of the attorneys preparing the  
17     2021 redistricting maps?

18                     MS. OLALDE: Objection; vague. I assume  
19     you're asking as to time.

20                     MR. MANCINO: I'm sorry?

21                     MS. OLALDE: Objection; vague. And I  
22     just want to make sure you're asking as to time only,  
23     correct, not communications?

24                     MR. MANCINO: Yeah. For now, yeah.

25             A.     The log shows that there was an exchange of

1 e-mails back and forth from the same subject line,  
2 so...

3 Q. (BY MR. MANCINO) Uh-huh.

4 And do you see that same subject line  
5 coming up in other log entries here?

6 A. Yes.

7 Q. Okay. So in this time frame of late  
8 May 2020, having looked at these --

9 A. 2021.

10 Q. -- communications -- 2021. Let me start  
11 again.

12 So, Mr. Drummond, having in mind these  
13 communications we've just looked at, including the log  
14 entry, can you tell me whether there existed a  
15 timeline around this late May 2021 period for the  
16 completion of the 2021 redistricting maps by the  
17 County's consultants?

18 A. You're asking me looking at this log if I can  
19 tell you if there was a timeline developed?

20 Q. Yeah.

21 A. I can't tell you based on looking at this  
22 log. I can't recall.

23 Q. Okay. But -- so as you sit here today, you  
24 still don't recall whether there was a timeline?

25 MS. OLALDE: Objection; vague as to

1 | time.

2 | A. Yeah. I don't know.

3 | Q. (BY MR. MANCINO) Okay. Now, do you know when  
4 | the candidate filing deadline was for the March 2022  
5 | primary elections?

6 | A. I know the time period.

7 | Q. Okay. What's your understanding?

8 | A. From my understanding, it's generally from  
9 | mid-November to mid-December. It's about a 30-day  
10 | period.

11 | Q. Okay. And -- and -- and that's the -- a --  
12 | around a 30-day period in which candidates need to  
13 | file if they're going to run for an office?

14 | A. From my understanding, yes.

15 | Q. Okay. And was it your understanding that in  
16 | order to be ready for that filing candidate time  
17 | frame, November to December, the maps had to be in  
18 | place before then?

19 | A. No. I didn't know specific timelines that if  
20 | they had to be done at the beginning or if it could be  
21 | done in the middle or towards the end, I didn't -- I  
22 | didn't know.

23 | Q. Okay. So is it fair to say it wasn't your  
24 | job to be worrying about how quickly or how slowly the  
25 | redistricting map drawing process was going?

1 A. This project was assigned to counsel at this  
2 time and there was no data from the Census Bureau, so  
3 there --

4 Q. Okay. So you -- you -- it wasn't your job to  
5 worry about a timeline, then.

6 Is that what you're telling me?

7 MS. OLALDE: Objection; asked and  
8 answered. And objection; vague as to time.

9 A. At this time we didn't know if we were even  
10 going to get census data or if redistricting could be  
11 taking place that year.

12 Q. (BY MR. MANCINO) Okay. Did there come a time  
13 that you got census data?

14 A. Yeah. We received it at some point or it got  
15 released at some point.

16 Q. Okay. When was the date -- census data  
17 released?

18 A. I don't recall the specific dates. I do  
19 recall the time frame. Maybe late summer, early fall.

20 Q. Of 2021?

21 A. Yes, sir.

22 Q. Okay. Let's go to Tab 29.

23 (Marked Drummond Exhibit No. 14.)

24 MR. MANCINO: And this will be

25 Exhibit 14.

1 Q. (BY MR. MANCINO) What is Exhibit 14,

2 Mr. Drummond?

3 A. An e-mail to myself from a link to the -- to

4 a website, census.gov.

5 Q. And what was in that link?

6 A. Based on towards the end of the e-mail, it

7 would have been redistricting file Texas.

8 Q. Okay. And why were you accessing and copying

9 that -- that link in your August 13, 2021, e-mail to

10 yourself, which is Exhibit 14?

11 A. I don't recall.

12 Q. You don't -- did you -- did you access the

13 data through that link?

14 A. I do recall opening it and not knowing how to

15 navigate through the system. It's pretty complicated,

16 what they publish.

17 Q. So why -- why did you e-mail it to yourself?

18 A. I -- I don't recall why.

19 Q. Okay. You weren't going to do anything with

20 it, were you?

21 A. No.

22 Q. Okay. Did you -- once you saw that link and

23 that data was released, did you reach out to anyone to

24 talk about how this will affect the redistricting

25 process timeline?

1 A. Possibly. I don't recall.

2 Q. Did you have conversations with anyone on  
3 that subject?

4 A. About the release of the data?

5 Q. Yeah.

6 A. Possibly with counsel.

7 Q. Which counsel?

8 A. Redistricting counsel.

9 Q. And remind me who that is?

10 A. Dale Oldham.

11 Q. Okay. And who -- and was he working with  
12 other attorneys?

13 A. I do know we retained a law firm in addition  
14 to his legal services.

15 Q. Okay. Do you remember the name?

16 A. I don't remember their full name. I just  
17 know they're referred to Holtzman Vogel.

18 Q. Okay.

19 A. I think there's more names that go with it.

20 Q. Well, that's good enough that you remembered  
21 two.

22 A. Yeah.

23 Q. So -- now, did you discuss the census data --  
24 census data with Commissioner Apffel in or around  
25 August of 2021?

1           A.    Well, I didn't -- I couldn't access it.  I  
2    didn't know what I was looking at.

3           Q.    Did you send him the link?  Do you know?

4           A.    I don't recall.

5           Q.    Did you share the link with anyone else, any  
6    other commissioner, that is?

7           A.    I don't recall.

8           Q.    Okay.  Let's go to Tab 31.

9                               (Marked Drummond Exhibit No. 15.)

10          Q.    (BY MR. MANCINO)  Exhibit 15.

11                               Exhibit 15, Mr. Drummond, is an e-mail  
12    from Cheryl Johnson to the commissioners attaching  
13    voter counts in their precincts districts.

14                               Now, I'm not sure that you're on this  
15    e-mail, Mr. Drummond.

16                               But let me ask you:  Did you in or  
17    around late August 2021 see any current voter counts  
18    in the commissioners precincts/districts?

19          A.    I don't recall receiving this or seeing that  
20    data.

21          Q.    Okay.  And you see the attachment, what -- is  
22    that the data you're referring to?

23          A.    Yes, sir.

24          Q.    Okay.  Is -- so Ms. Johnson sent this to an  
25    address that's commissioners.

1                   Is there an e-mail address within the  
2 County that goes to all the commissioners  
3 automatically?

4           A.    Maybe.  IT would -- information technology is  
5 the one that manages e-mail addresses and LISTSERVs.

6           Q.    Okay.  Now, she says in this e-mail, "I hope  
7 this helps you moving forward" -- strike that.

8                   As the census data was released in  
9 August of 2021 -- we've established that, correct?

10          A.    From what you've shown me, yes.

11          Q.    Okay.  Once that came out, what's the next  
12 thing that you were involved in as it relates to the  
13 2021 redistricting process?

14          A.    From my recollection there was -- I don't  
15 know if this was corrected in the release in August or  
16 not, but there was still issues with data that was  
17 released.  So I don't know if that's within the same  
18 time period that this data was released in August or  
19 if that was maybe a different release that happened  
20 earlier in the year.

21          Q.    Uh-huh.

22          A.    I don't know if you know what I'm referring  
23 to, about regards to the detailed data of release from  
24 the census.

25          Q.    Okay.

1 A. I think there's disputes going on in the  
2 federal court system over it.

3 Q. Now, how did you come to get an understanding  
4 about those issues relating to the census data?

5 A. Reading politico.com and different websites  
6 that I kind of routinely just read for my own kind of  
7 news gathering.

8 Q. Okay. Now, did there come a time that that  
9 issue sorted itself out, that issue with the data that  
10 you just referenced?

11 A. It did. I just don't know when --

12 Q. Okay.

13 A. -- if it was in August or later. Yeah.

14 Q. Okay. So let's assume it was after the --  
15 the date on which the census data was first released  
16 in August, so that gets -- that issue gets resolved  
17 somehow, right?

18 A. I -- from my understanding, yes.

19 Q. Okay. And what did you do next in -- as it  
20 relates to your involvement in the 2021 redistricting  
21 process?

22 A. From my recollection, reached out to our  
23 general counsel and asked them to get moving on  
24 redistricting.

25 Q. And did you do that?

1 MS. OLALDE: Objection; asked and  
2 answered.

3 A. I -- I believe I did, but, you know, I can't  
4 specifically recall. I'm under the belief that I did  
5 do that.

6 Q. (BY MR. MANCINO) Okay. Let's look at Tab 32.  
7 (Marked Drummond Exhibit No. 16.)

8 Q. (BY MR. MANCINO) Exhibit 16. And this is  
9 a -- a document accepting a conference call re  
10 redistricting with attendees Judge Henry, Commissioner  
11 Apffel, Paul Ready, and Dale Oldham, and I'm showing  
12 as the organizer Seth Collins and attendees Dianna  
13 Martinez and Tyler Drummond dated September 8th, 2021.

14 Did you participate on this conference  
15 call?

16 A. I believe so, yes.

17 Q. What was the subject matter of the call  
18 beyond redistricting?

19 A. Redistricting.

20 Q. I'm sorry?

21 A. The subject would have been redistricting.

22 Q. Okay. Do you recall whether any specific  
23 topic concerning redistricting was discussed on this  
24 call?

25 A. No, I do not.

1 MS. OLALDE: Objection --

2 THE WITNESS: Sorry.

3 MS. OLALDE: He answered.

4 A. No, I don't recall.

5 Q. (BY MR. MANCINO) Okay. Did anyone -- did you  
6 make any notes concerning this call?

7 A. No.

8 Q. Did you write any e-mails to yourself as an  
9 aide-memoire concerning what was discussed on the  
10 call?

11 A. I don't recall.

12 Q. Okay. Does anyone keep minutes of calls like  
13 this?

14 A. No.

15 Q. Okay. Is there a reason why nobody keep --  
16 takes notes or keeps minutes, in your experience, when  
17 there's discussions among the commissioners and staff?

18 A. I don't know.

19 Q. Have you ever been instructed that you should  
20 not make notes and keep notes?

21 A. No.

22 Q. Okay. So this shows a call on September 8th,  
23 correct, 2021?

24 A. Yes, sir.

25 Q. All right. Let's go to the next tab,

1 Exhibit 17.

2 (Marked Drummond Exhibit No. 17.)

3 Q. (BY MR. MANCINO) This is Tab 33, and this  
4 reflects a conference call with Paul Ready and Dale  
5 Oldham re redistricting. It says it's tentative,  
6 September 13th, 2021.

7 You're not listed as an attendee,  
8 Mr. Drummond. Any reason to -- why you wouldn't have  
9 been invited to a call about redistricting with  
10 Mr. Oldham?

11 (Discussion off the record.)

12 MR. MANCINO: Oh, 32-A, I'm sorry.

13 Thank you.

14 A. I'm sorry, can you repeat the question?

15 Q. (BY MR. MANCINO) I was just wondering why --  
16 if you know, why you were not included as an attendee  
17 on this call.

18 A. Because I wasn't responsible for  
19 redistricting. I'm not an attorney.

20 Q. Let's take a few-minute break, because I want  
21 to pare down my exhibits, if I can.

22 MS. OLALDE: Okay.

23 THE VIDEOGRAPHER: The time is 12:03.

24 Off the record.

25 (Break from 12:03 p.m. to 12:16 p.m.)

1 THE VIDEOGRAPHER: The time is 12:16.

2 Back on the record.

3 Q. (BY MR. MANCINO) Okay. So, Mr. Drummond,  
4 before we broke, we -- we looked at two exhibits, 16  
5 and 17, showing that phone calls were set up with  
6 certain individuals in attendance.

7 And Exhibit 16 is one, I think dated  
8 September 8, 2021, in which you were an attendee, and  
9 we talked about that.

10 And then Exhibit 17 is a call that was  
11 scheduled for September 13, 2021, to which you were  
12 not invited, and your explanation as to why you  
13 weren't invited to that second call reflected in  
14 Exhibit 17 is that -- is because you're not an  
15 attorney, right?

16 A. No. Going back to what I said on the record  
17 was that I'm -- I -- this wasn't a project I was in  
18 charge of and that I'm not an attorney.

19 Q. Okay.

20 A. Both;

21 Q. But on other occasions, they -- somebody saw  
22 fit to invite you and draw you into a conversation  
23 concerning the redistricting process. Why would that  
24 be?

25 MS. OLALDE: Objection; calls for

1 speculation.

2 A. I don't know.

3 Q. (BY MR. MANCINO) Okay. But you did

4 participate in more than one conversation with

5 Mr. Ready, with Mr. Oldham, with Judge Henry and

6 perhaps other commissioners about the redistricting

7 process, correct?

8 A. Yes.

9 Q. Okay. And -- and in those in which you --

10 those conversations in which you participated, you

11 took no notes, drafted no memos, sent no e-mails to

12 yourself concerning what was discussed, correct?

13 A. I believe so, yes.

14 Q. Okay.

15 A. Correct.

16 Q. So looking at September 17th, which is the

17 record of -- of a conference call to which you were

18 not invited, would you have seen --

19 A. I don't have that.

20 MS. OLALDE: Which exhibit was that?

21 MR. MANCINO: Exhibit 17.

22 MS. OLALDE: 17. So I had it at the

23 bottom. There you go.

24 THE WITNESS: I'm sorry, I thought you

25 said exhibit -- September 17th.

1 MS. OLALDE: He may have.

2 MR. MANCINO: Yeah. No, Exhibit 17.

3 THE WITNESS: I apologize.

4 MR. MANCINO: Okay. No, that's quite  
5 all right.

6 Q. (BY MR. MANCINO) So this is a conference  
7 call with Paul Ready and Dale Old -- Oldham. Would  
8 you have seen this on the County's calendar, that this  
9 conference call had been scheduled, even -- even  
10 though you were not invited?

11 A. No.

12 Q. Okay. So there were conferences with  
13 Mr. Oldham involving Judge Henry to which you were not  
14 invited, correct?

15 MS. OLALDE: Objection; asked and  
16 answered.

17 A. I don't know. Maybe.

18 Q. (BY MR. MANCINO) Okay. Did Judge Henry  
19 report to you following a conference call like that to  
20 tell you what had been discussed?

21 A. I don't recall.

22 Q. Okay. All right. So we're into mid to late  
23 September 2021, at least in the flow of the exhibits,  
24 so what I want to get -- get you to focus on briefly  
25 again is this question of a timeline for completing

1 the redistricting process.

2 | And if we could pull up Exhibit 13  
3 | again?

4 | (Discussion off the record.)

5 | Q. (BY MR. MANCINO) And it's the privilege log  
6 | exhibit, and it's -- and your copy, Mr. Drummond,  
7 | would be Page 15, so I'm look -- Item 73 is the  
8 | document ID.

9 | Are you there yet?

10 | A. Yes, sir.

11 | Q. Okay. In the -- so this is -- the date given  
12 | is September 18th, 2021, 6:55 p.m. It's an e-mail  
13 | from you, Tyler Drummond, to Paul Ready. And then you  
14 | see the file name, author, redistricting.mag.

15 | Does that mean anything to you?

16 | A. No.

17 | Q. Okay. Now, look at the privilege note. It  
18 | says: "Communication from Judge Henry's chief of  
19 | staff" -- that's you -- "to Galveston County general  
20 | counsel re concerns about redistricting legal strategy  
21 | in relation to census data and legal questions about  
22 | redistricting's interplay with County public hearing  
23 | requirements."

24 | What was the -- what did you understand  
25 | the interplay between redistricting with County --

1 County public hearing requirements, independent of  
2 your communication with Mr. Ready?

3 A. I don't know. I didn't write that note.

4 Q. Okay. Were you getting worried in mid to  
5 late September 2021 that the redistricting process was  
6 dragging on and that you might run out of time?

7 A. I don't recall.

8 Q. Okay. I mean, I -- I know you said -- you  
9 say you weren't involved in the redistricting process  
10 because you're not an attorney, but you were the  
11 chief -- the -- Judge Henry's chief of staff.

12 So would that be the sort of thing you  
13 would worry about --

14 MS. OLALDE: Objection --

15 Q. (BY MR. MANCINO) -- and, you know, and talk  
16 to Judge Henry about if you thought that, you know,  
17 the timeline is -- is -- is -- is not being realized?

18 MS. OLALDE: Objection; vague, compound,  
19 and misstates prior testimony.

20 A. If I had the concern, I would have raised it.

21 Q. (BY MR. MANCINO) Okay. And at any point, you  
22 know, starting from mid-2021 until the end of 2021,  
23 did you harbor concerns about whether or not a  
24 timeline to complete the redistricting process could  
25 be met?

1 A. I don't recall.

2 Q. Okay.

3 MR. MANCINO: Why don't we break at that  
4 point --

5 MS. OLALDE: Okay.

6 MR. MANCINO: -- and, you know, go have  
7 lunch and then come back refreshed.

8 THE VIDEOGRAPHER: The time is 12:24.  
9 Off the record.

10 (Break from 12:24 p.m. to 1:17 p.m.)

11 THE VIDEOGRAPHER: The time is 1:17.  
12 Back on the record.

13 Q. (BY MR. MANCINO) Good afternoon,  
14 Mr. Drummond.

15 A. Good afternoon.

16 Q. Now, I know you're not a practice --  
17 practicing attorney, but I'm going to ask these  
18 questions in your capacity as an employee of the  
19 County and the judge's chief of staff. Okay?

20 In connection with the 2021  
21 redistricting process, was Galveston County under a  
22 legal obligation to hold a public hearing to -- for  
23 the purpose of allowing the public to comment on  
24 proposed maps?

25 MS. OLALDE: Objection to the extent it

1 calls for a legal conclusion.

2 A. I don't know.

3 Q. (BY MR. MANCINO) Speak up, please.

4 A. I don't know.

5 Q. You don't know. Okay.

6 Well, was it the County's practice to  
7 hold a public hearing on matters of significance such  
8 as the consideration of adopting redistricting maps?

9 A. Not to my knowledge.

10 Q. Okay. If a special hearing -- or is it  
11 called a special meeting?

12 A. Meeting.

13 Q. Okay. In -- in the case of a special  
14 meeting, does public notice need to be accomplished in  
15 advance of the meeting?

16 A. Yes.

17 Q. Okay. What are -- what are the guidelines  
18 relating to that notice, as far as you understand  
19 them?

20 A. 72-hour public notice requirement.

21 Q. Okay. And do you have a role within the  
22 County in connection with those public notices?

23 A. No.

24 Q. You don't review them?

25 A. The notification?

1 Q. Yes.

2 A. I do not post them or publicize them.

3 Q. Okay. And where are they posted?

4 A. At the courthouse -- county courthouse, the  
5 front steps, there's a bulletin board where public  
6 notices are posted. And then it is sent out and  
7 distributed through a LISTSERV on -- that's managed  
8 through Dianna Martinez in our office.

9 Q. Okay. And the County courthouse is in  
10 Galveston city?

11 A. The County courthouse is in Galveston,  
12 correct.

13 Q. Okay. Okay. Now, in connection with -- is  
14 it the case that a public meeting was held to consider  
15 the two maps proposed by the County in connection with  
16 the 2021 redistricting process?

17 A. There was a Commissioners Court meeting,  
18 correct.

19 Q. Okay. Were you involved in setting up that  
20 meeting in any way?

21 A. What do you mean by "setting up"?

22 Q. Arranging for a place to hold the meeting,  
23 for example.

24 A. No. I -- the special meeting's designated  
25 where it always takes place.

1 Q. And that is where?

2 A. In League City.

3 Q. And where specifically in League City?

4 A. Some would call it the North County Annex  
5 some call it the Calder Annex. It's the same thing.

6 Q. Okay.

7 A. Uh-huh.

8 Q. Now, in connection with the public meeting  
9 connected with the 2021 redistricting process that you  
10 just mentioned, did you have any involvement in  
11 drafting the meeting notice or agenda?

12 A. Drafting, no.

13 Q. Yes.

14 Did you have any role in reviewing,  
15 commenting on, editing that notice and agenda?

16 A. In reviewing, yes.

17 Q. Okay. And so you did review it?

18 A. I review -- yes, in connection to my job.

19 Q. Okay. Who prepared the initial draft?

20 A. That would be our office coordinator, Dianna  
21 Martinez.

22 Q. Okay. Who besides yourself reviewed it?

23 A. That, I do not specifically know or remember  
24 who else would have reviewed it.

25 Q. With respect to that specific notice and

1 agenda, did you have any comments?

2 A. Not that I can recall.

3 Q. Okay. Let's go to Tab 40, which will be, I  
4 believe, Exhibit 18.

5 (Marked Drummond Exhibit No. 18.)

6 (Discussion off the record.)

7 Q. (BY MR. MANCINO) Mr. Drummond, you're going  
8 to have handed to you Exhibit 18 on your deposition.  
9 And it's a -- it's a multipage document, the first  
10 page of which is an e-mail from Veronica Van Horn to  
11 Paul Ready, copying you, dated October 26, 2021.

12 And the subject says "RE: 2010 census  
13 redistricting order." And then in the body of the  
14 e-mail, it lists a number of documents, a copy of  
15 which is attached to this e-mail.

16 And, you know, just glance through just  
17 to get a feel for what's attached, because I don't  
18 have many questions on the attachments, if any.

19 Have you seen this e-mail before,  
20 Exhibit 18?

21 A. I don't specifically recall it, but it says  
22 here I was copied on it.

23 Q. Okay. What's this about? Why -- why -- why  
24 was this information compiled in this e-mail?

25 A. I don't recall.

1 Q. Who -- did you have conversations with  
2 Mr. Ready about whether somebody was requesting  
3 documentation concerning the 2010 map drawing process?

4 MS. OLALDE: I'm going to object to the  
5 extent your answer would include privileged  
6 attorney-client communications, and instruct you not  
7 to answer to that extent.

8 A. I don't know why I was copied on that e-mail  
9 from Veronica.

10 Q. (BY MR. MANCINO) Okay. And as you told us  
11 earlier, you had really no knowledge about what  
12 happened in 2010 and 2011 with respect to the  
13 redistricting process that took place in that time  
14 frame?

15 A. It's something I never dove into or got  
16 briefed on in my capacity.

17 Q. Okay. Let's go to Tab 41, Exhibit 19.

18 A. Are you done with this?

19 Q. Yeah.

20 A. Okay.

21 (Marked Drummond Exhibit No. 19.)

22 Q. (BY MR. MANCINO) Exhibit 19 is an e-mail  
23 dated October 29, 2021, from Zach Davidson to Tyler  
24 Drummond, CC'ing Jed Webb. And the subject is:  
25 "Public Comment Webpage," Bates No. DEFS 00003891.

1 Do you recognize this e-mail,  
2 Mr. Drummond?

3 A. I do.

4 Q. What is it?

5 A. It's an outline of information to be listed  
6 on creating a public comment page on the County's  
7 website.

8 Q. Were you involved in setting up that portal?

9 A. I was involved --

10 Q. For -- for public comment web page.

11 A. I was involved in directing staff to get it  
12 set up.

13 Q. Okay. And what did that entail?

14 A. Directing them to get with IT and put the  
15 information as outlined here on the website.

16 Q. Okay. And what was the purpose of  
17 establishing that public comment web page?

18 A. To give a medium for the public to see the  
19 proposed maps and to provide public comment.

20 Q. Okay. Did that web page get up and running  
21 at any point in time?

22 A. From my recollection, yes.

23 Q. Do you know when?

24 A. I do not remember.

25 Q. Okay. Was anyone tasked with tracking

1 | comments as they came in onto the web page?

2 | A. Tracking? I don't know if it was -- is the  
3 | term I would define it as in the task.

4 | Q. What term would you use?

5 | A. Manage, receive, and just compile the  
6 | comments as they were coming in.

7 | Q. Okay. And then who was responsible for --  
8 | for doing that compilation?

9 | A. That would be the individual who e-mailed me  
10 | here, Zachary Davidson.

11 | Q. Okay. And do you know in what manner Zachary  
12 | Davidson compiled comments?

13 | MS. OLALDE: Objection; calls for  
14 | speculation.

15 | A. Yeah, I don't.

16 | Q. (BY MR. MANCINO) I'm sorry?

17 | A. I don't know. I don't recall.

18 | Q. Okay. Did you ever see a collection of all  
19 | of the comments that were submitted to the web page?

20 | A. I believe I did see a -- the stack of them, a  
21 | physical copy of them.

22 | Q. Okay. And -- and who prepared the stack for  
23 | you to look at?

24 | A. Would have been Zach Davidson.

25 | Q. Okay. At -- at your request?

1 A. I don't recall.

2 Q. Well, why did -- why did he get you a stack  
3 of the -- of some of the comments submitted through  
4 the web page?

5 MS. OLALDE: Objection; misstates  
6 testimony.

7 A. Yeah, I didn't say he said some. I said he  
8 compiled the printout of all the comments.

9 Q. (BY MR. MANCINO) Uh-huh.

10 A. And I'm saying I don't recall because I could  
11 have requested it, or he could have done it on his  
12 own.

13 Q. Okay. What did you do with the compilation?

14 A. I believe I reviewed some of them.

15 Q. And anything else?

16 A. Not that I can recall.

17 Q. Did -- did you or anyone, to your knowledge,  
18 review the comments that were coming in on the web  
19 page and, in turn, tallying up which comment was in  
20 favor of the proposed plan -- or, a proposed plan and  
21 which comment was in opposition?

22 A. No. No, I didn't do that.

23 Q. Okay. Did you ever see anything like that?

24 A. Maybe. Not that I can recall, though.

25 Q. Okay. When -- when did you get the

1 compilation of comments which you reviewed?

2 A. I don't recall when I would have received  
3 them.

4 Q. Okay. Was it after the meeting was held?

5 A. I don't specifically recall the timeline.

6 Q. Okay. Did you brief -- excuse me -- brief  
7 Judge Henry on the content of any of the comments?

8 A. I don't recall. Maybe. I could have.

9 Q. But you don't know one way or the other if  
10 you did so?

11 A. Correct. I'm not saying no, because I may  
12 have. I don't remember.

13 Q. Okay. Let's go to Tab 42, Exhibit 20.

14 (Marked Drummond Exhibit No. 20.)

15 (Discussion off the record.)

16 MR. MANCINO: Exhibit 20.

17 MS. OLALDE: Actually, I'm sorry, let me  
18 write -- so we don't get them mixed up.

19 Q. (BY MR. MANCINO) Let's focus on the cover  
20 e-mails first. And at the top, it's an e-mail from  
21 Paul Ready to you, Mr. Drummond, copying Ms. Van Horn.  
22 Subject is: "Forwarding: modified inventory."

23 I've written over it. And it looks like  
24 there's attachments to it referencing precinct maps.

25 Do you recognize these -- the e-mails

1 that are on the first page of Exhibit 20?

2 A. Yeah.

3 Q. What is it?

4 A. Information required -- from my  
5 understanding, it's information required for Nathan to  
6 post the maps through his GIS system on the County's  
7 website.

8 Q. Okay. And what -- what's the GIS system?

9 A. It's a -- it's a mapping system, from my  
10 understanding.

11 Q. Okay. And what -- so Nathan Sigler was  
12 involved in the mapping process?

13 A. Nathan Sigler is the County's GIS technician,  
14 and to the extent of this e-mail, he was from my  
15 recollection getting the Map 1 and Map 2 published on  
16 the County's website through the GIS system.

17 Q. Okay. And if you turn the page, you'll see  
18 some maps here. You may have to page through a little  
19 bit.

20 A. There's no maps.

21 Q. Here, hand it to me. I'll help you out.

22 (Discussion off the record.)

23 MS. RICHARDSON: It's on the second page  
24 of the electronic version.

25 MR. MANCINO: Oh, is the electronic

1 version up?

2 MS. OLALDE: It is.

3 Q. (BY MR. MANCINO) Oh, okay. Take a look at  
4 that. That's the official Exhibit 20.

5 Do you recognize these -- the maps there?

6 A. I only see one map on my screen.

7 Q. Yeah, scroll down.

8 A. Yes.

9 Q. Did you look at these maps at or around the  
10 time you received the e-mail from Mr. Ready?

11 A. Possibly.

12 Q. Okay. Did you discuss the -- these maps with  
13 anybody?

14 A. Not to my recollection.

15 Q. Okay.

16 A. I'm trying to recall if this was the first  
17 time I saw the maps.

18 Q. Okay.

19 A. I can't seem to remember if this was the  
20 first time or not.

21 Q. Okay. This is October 29, 2021.

22 So with that date in mind, do you think  
23 that the maps attached to Exhibit 20 are the maps that  
24 ended up being posted on the County's website --

25 MS. OLALDE: Objection --

1 Q. (BY MR. MANCINO) -- or web page?

2 MS. OLALDE: Objection; calls for  
3 speculation.

4 A. It's the information I provided to Nathan to  
5 put on the website.

6 Q. (BY MR. MANCINO) Okay.

7 A. Yeah.

8 Q. For purposes of depicting the -- the two  
9 proposed maps on the web page?

10 A. Correct.

11 Q. Got it.

12 A. I didn't have any other thing to give him  
13 other than what was provided here.

14 Q. Okay. Let's go to Tab 43, Exhibit 21.

15 (Marked Drummond Exhibit No. 21.)

16 Q. (BY MR. MANCINO) Which at the top is an  
17 e-mail from Paul Ready to you and Ms. Van Horn  
18 forwarding Map 1 and Map 2 boundary files, also dated  
19 October 29, 2021; this one at 12:10 p.m.

20 Were you a recipient of the -- of this e-mail?

21 THE WITNESS: It's a different one.

22 MS. OLALDE: Yeah. I'm waiting for this  
23 one.

24 A. Yes. This was sent to me and Veronica  
25 Van Horn.

1 Q. (BY MR. MANCINO) And in -- in the version of  
2 this e-mail that you received, it had attachments,  
3 correct? Data concerning Map 1 and Map 2?

4 A. Yes. There's two ZIP files -- ZIP files  
5 attached.

6 Q. All right. And did you follow Mr. Ready's  
7 request and forward that material in the e-mail to  
8 Nathan?

9 A. I don't recall. I believe so.

10 MR. MANCINO: Let's go to Tab 44,

11 Exhibit 22.

12 Q. (BY MR. MANCINO) At the top it has a e-mail  
13 from -- well, it's from Mr. Oldham's e-mail address  
14 dated October 29, 2021, 2:48 p.m., copying Tom Bryan,  
15 geodemo.com or Tom at bryangeodemo.com and forward  
16 missing files from Map 1 and attachments Map 2 files  
17 JPG Map 1 files JPG.

18 And then below that is an e-mail in which  
19 you're copied, Mr. Drummond. Do you see that?

20 (Marked Drummond Exhibit No. 22.)

21 A. Yes, I'm copied on the e-mail on  
22 October 29th.

23 Q. Okay. And what was -- what's your  
24 understanding of what Mr. Sigler was communicating in  
25 his e-mail to Dale Oldham?

1 A. Says "We're missing the cpg. and dbf. file."

2 Q. Yeah. Did those end up getting delivered?

3 A. I don't recall.

4 Q. Okay. And in Nathan's e-mail to Dale, he

5 says, "It was a pleasure speaking with you."

6 Were you -- were you on that call?

7 A. I don't recall.

8 Q. Okay. And you see the -- the CC to that, Tom

9 at bryangeodemo.com. I believe that's a reference to

10 Tom Bryan. Have you heard that name before?

11 A. I don't recall. Possibly.

12 Q. But nothing -- it doesn't ring a bell?

13 A. The name rings a bell, but I don't know

14 definitively why or how.

15 Q. Why or how? I'm not --

16 A. Like, I don't know -- so the name, I may

17 have -- the name may be familiar. I'm just trying to

18 remember what -- what his capacity was --

19 Q. Okay.

20 (Speaking simultaneously.)

21 A. -- process.

22 Q. (BY MR. MANCINO) So nothing is coming to

23 mind?

24 A. I'd have to speculate to do that.

25 Q. Okay. Tab 45, which is going to be

1 Exhibit 23, is another series of e-mails, the second  
2 one of which you're copied on.

3 The top one is from Mr. Sigler to  
4 Mr. Davidson, subject, FW Modified Inventory, Bates  
5 DEFS 00028192.

6 (Marked Drummond Exhibit No. 23.)

7 Q. (BY MR. MANCINO) Again, my question to you,  
8 Mr. Drummond, is do you recognize Exhibit 23 and the  
9 attachments?

10 A. I don't know if I was on the e-mail with the  
11 attachments. You see Nathan sent this e-mail  
12 October 29th at 1:22 p.m. to Zachary Davidson --  
13 actually to Zachary Smith, copied me on it, modified  
14 inventory.

15 I don't see where attachments are had  
16 there. And at the top the e-mail that you're  
17 referencing is dated shortly thereafter, 2 minutes  
18 later, where he just sends it to Zach with the  
19 attachments and I'm not copied this time.

20 Q. Okay.

21 A. So I don't recall if I remember seeing these  
22 attachments or not.

23 Q. Yeah. Well, on the e-mail you're referencing  
24 on which you're a copy recipient and the one below it  
25 on which you're a copy recipient --

1 (Speaking simultaneously.)

2 A. Is that the one we just looked at?

3 Q. (BY MR. MANCINO) It says, "Note, please see  
4 attached." And then -- so, I mean, does that refresh  
5 your memory that you had probably received an e-mail  
6 with attachments?

7 A. It's a possibility, yes.

8 Q. All right. Let's go to Tab 46, Exhibit 24.

9 (Marked Drummond Exhibit No. 24.)

10 Q. (BY MR. MANCINO) At the top an e-mail from  
11 Tom at bryangeodemo.com to Dale Oldham and several  
12 other people.

13 (Discussion off the record.)

14 Q. (BY MR. MANCINO) Now, you're on in -- in the  
15 first e-mail of this chain, you're a copy recipient?

16 A. I don't -- I'm just on the first page. Okay.

17 Q. Well, on -- look at the Bates No. 11260. So  
18 it would be like the third page.

19 A. You're referencing the e-mail from Jed Webb?

20 Q. Yes.

21 A. Yes, I'm copied on that.

22 Q. Okay. Two questions, really. First, why --  
23 why are you still being copied on these e-mails when  
24 you weren't involved in the redistricting process?

25 MS. OLALDE: Objection; calls for

1 speculation.

2 A. I don't know why Jed attached me to that  
3 e-mail.

4 Q. (BY MR. MANCINO) And the second question is,  
5 there's another reference to Tom Bryan. Does that  
6 help in any way to refresh your memory as to who he  
7 was?

8 A. Only speculation of who -- who he was.

9 Q. Okay. Well, in this case, we'll take it for  
10 what it's worth. What's your speculation?

11 A. They had some involvement with redistricting  
12 with Dale.

13 Q. Okay. But you don't know for sure?

14 A. A hundred percent, no.

15 Q. All right. So when you received this e-mail  
16 and any attachments did you, you know, spend any  
17 significant time reviewing it?

18 A. No. I was out of town during this time  
19 period.

20 Q. Where were you?

21 A. New Hampshire.

22 Q. Oh. On vacation?

23 A. My father and brother are -- their birthdays  
24 are October 23rd and 24th, and so I was home visiting  
25 my family and celebrating their birthdays.

1 Q. Oh, nice. Oh -- oh, how many days were you  
2 away?

3 A. Maybe a week.

4 Q. Okay. Let's look at Tab 46-A and I guess  
5 that will be Exhibit 25.

6 (Marked Drummond Exhibit No. 25.)

7 Q. (BY MR. MANCINO) Have you seen Exhibit 25  
8 before, either in this form or in a virtual form?

9 A. Yeah, I've seen the post.

10 Q. Okay. What is it?

11 A. It's a Facebook post from Judge Henry's  
12 campaign page.

13 Q. And what -- what's the -- the post  
14 concerning?

15 A. Redistricting.

16 Q. And what's depicted on the first page of  
17 Exhibit 25?

18 A. Maps 1 and 2.

19 Q. And are these the two maps that were  
20 submitted to the Commissioners Court for review and  
21 approval as part of the 2021 redistricting process?

22 A. I believe so.

23 Q. Okay. Did you have any role in helping Judge  
24 Henry prepare this post?

25 MS. OLALDE: I'm going to object that

1 this is a campaign issue and instruct the witness not  
2 to answer on the basis of First Amendment privilege.

3 MR. MANCINO: It's a campaign issue? In  
4 the sense that Judge Henry was campaigning for these  
5 maps?

6 MS. OLALDE: He testified that this is  
7 his campaign page, and that's why I made the  
8 objection.

9 MR. MANCINO: Okay. Well, we don't  
10 accept that objection. And particularly with --

11 MS. OLALDE: Well, the objection is not  
12 for you. It's for the record --

13 (Speaking simultaneously.)

14 MR. MANCINO: -- Commissioner Apffel's  
15 testimony, I think any such objections have been  
16 waived.

17 So let me just ask a couple questions,  
18 you know, subject to you shutting me down.

19 Q. (BY MR. MANCINO) As part of your work as a  
20 political consultant, did you help Judge Henry prepare  
21 this posting that's reflected in Exhibit 25?

22 MS. OLALDE: Again, I'm going to object  
23 on the basis of First Amendment privilege and ask the  
24 witness not to answer.

25 Q. (BY MR. MANCINO) So this -- this web page

1 that has Judge Henry's post on it, isn't that used for  
2 official County notices?

3 A. The -- the link?

4 Q. No, not the link. Whatever -- well, whatever  
5 link this -- Judge Henry's post was posted to.

6 A. That's the public comment link, correct?

7 Q. No, I'm not referring to that -- to the -- to  
8 that link that's in blue.

9 A. Uh-huh.

10 Q. No.

11 This, Exhibit 25, was posted somewhere,  
12 was it not?

13 A. Yeah. This was posted on his campaign  
14 Facebook page.

15 Q. Oh, okay.

16 And this concerns a matter of County  
17 business, doesn't it, that is, the consideration and  
18 approval of redistricting maps?

19 A. Yes.

20 Q. Okay. So that's County business, wouldn't  
21 you think?

22 A. I don't know.

23 Q. What do you mean you don't know?

24 MS. OLALDE: Why don't you just give me  
25 a minute, one minute, and we can confer.

1 MR. MANCINO: Okay.

2 MS. OLALDE: And kind of clear this up  
3 for you, because I don't want to make an issue out of  
4 something that's not an issue.

5 MR. MANCINO: Okay.

6 MS. OLALDE: Is that okay?

7 Go off the record.

8 THE VIDEOGRAPHER: The time is 1:50.  
9 Off the record.

10 (Break from 1:50 p.m. to 1:54 p.m.)

11 THE VIDEOGRAPHER: The time is 1:54.  
12 Back on the record.

13 Q. (BY MR. MANCINO) Okay. My last -- the  
14 pending question was: "What do you mean you don't  
15 know?"

16 So -- so let me -- let me put a question to  
17 you.

18 Concerning Exhibit 25, this post by Judge Mark  
19 Henry that contains the two maps and -- and then  
20 comments as well, where was that posted?

21 A. On Facebook.

22 Q. And whose Facebook page?

23 A. Judge Mark Henry's campaign Facebook page or  
24 personal Facebook page.

25 MS. OLALDE: And just for the record, we

1 are withdrawing our objection that was previously  
2 raised to this exhibit.

3 MR. MANCINO: To this exhibit?

4 MS. OLALDE: To this exhibit. The --  
5 the last objection prior to our most recent break that  
6 discussed First Amendment privilege, that is the one  
7 that we are withdrawing.

8 MR. MANCINO: Yeah. Okay.

9 Q. (BY MR. MANCINO) So, Mr. Drummond, did you  
10 help Judge Henry prepare this Facebook page post?

11 A. Possibly, yes.

12 Q. Okay. But you --

13 A. It was --

14 Q. What --

15 A. -- October --

16 Q. -- did your help entail?

17 A. Posting it for him.

18 Q. Oh, okay.

19 Did you review the content and give him  
20 comments?

21 A. That's a possibility.

22 Q. Okay. What comments, looking at it now, did  
23 you provide Judge Henry?

24 A. I don't -- I don't recall what comments, if  
25 any, I've given to him on that post.

1 Q. Okay. Can you tell when -- when this was  
2 posted?

3 A. October 29th, 2021.

4 Q. Okay. So in the first sentence, Judge Henry  
5 writes: "Galveston County Commissioners Court will be  
6 voting on new commissioner precincts in the coming  
7 weeks."

8 What was your understanding of what  
9 the -- what the timing of the public meeting would be  
10 in relation to the posting on Facebook of this message  
11 on October 29th?

12 A. I don't know.

13 Q. Had there -- had a date been selected by  
14 then, do you know, a target date?

15 A. I don't know specifically if this occurred  
16 before or after the correspondence from the Texas  
17 Secretary of State's office.

18 Q. I'll represent this was before.

19 A. Okay.

20 So, no, I don't know the timeline.

21 Q. Okay. Just a couple follow-up questions on  
22 your political consulting business.

23 And are -- do you have the permission  
24 from Galveston County to conduct your public  
25 consulting business on County time?

1 A. I have permission with Judge Henry on my  
2 outside employment activities, and we have a record  
3 understanding of me having flex-time hours.

4 Q. Okay. Do you -- do you conduct any of your  
5 political consulting business on County property in  
6 your office?

7 A. No, sir.

8 Q. How do you -- how do you conduct that  
9 business?

10 A. At home.

11 Q. Okay. And mostly over the computer or phone?

12 A. Yes.

13 Q. Okay. And are those devices your own  
14 personal devices?

15 A. Yes.

16 Q. Okay. Did you apply for a PPP loan?

17 A. Yes.

18 Q. In the amount of roughly 20,000?

19 A. I don't specifically recall the amount.

20 Q. Okay. But you did apply for a loan in some  
21 amount?

22 A. Yes.

23 Q. Okay. And did you -- did you -- was that  
24 loan granted?

25 A. Yes.

1 Q. Okay. Has that been -- has that loan been  
2 forgiven?

3 A. Yes.

4 Q. Okay. And was the purpose of the loan to  
5 allow your political consulting firm to keep on an  
6 employee, to retain an employee?

7 A. I don't recall --

8 Q. Okay.

9 A. -- the purpose.

10 Q. Well, is there any other reason that you  
11 could have applied for a PPP loan other than for  
12 employee retention purposes?

13 A. Possibly. I don't --

14 Q. Okay. And the only employee of your  
15 political consulting firm is you, right?

16 A. Yes, sir.

17 Q. Okay. So to the extent that I'm right that  
18 the rationale provided for the PPP loan was to retain  
19 an employee, that employee was you. Is that fair?

20 MS. OLALDE: Objection.

21 MR. MANCINO: I don't think I got an  
22 answer.

23 A. To the extent you provided, yes.

24 Q. (BY MR. MANCINO) Okay. Let's turn to Tab 47,  
25 Exhibit 26.

1 (Marked Drummond Exhibit No. 26.)

2 Q. (BY MR. MANCINO) Do you have it in front of  
3 you?

4 MS. OLALDE: It is on the screen, just  
5 we're holding out for the -- I think she's going to  
6 pass the paper.

7 Q. (BY MR. MANCINO) Exhibit 26 has at the top an  
8 e-mail. It's a e-mail from Mark Henry to Tyler  
9 Drummond dated November 2, 2021.

10 Have you seen this before?

11 A. Yes.

12 Q. What is it?

13 A. An advisory from the Texas Secretary of  
14 State's office.

15 Q. Concerning what?

16 A. Redistricting.

17 Q. Okay. And Judge Henry is e-mailing this to  
18 you, forwarding it to you.

19 What, if anything, did you do in  
20 response?

21 A. I don't recall specifically what I did in  
22 response to this.

23 Q. What, in general, did you do?

24 A. Would have read it.

25 Q. Okay. And was this a -- a significant

1 | advisory from your perspective?

2 | A. Yes.

3 | Q. Why?

4 | A. Because it created deadlines in regards to  
5 | the redistricting process.

6 | Q. Okay. And what were the deadlines that it  
7 | created?

8 | A. I can't specifically recall the dates.

9 | Q. Uh-huh.

10 | A. But I believe it put the timeline within a  
11 | very short time period of when receiving this e-mail.

12 | Q. Okay. And the timeline to do what?

13 | A. Do redistricting.

14 | Q. Okay. To -- to hold the public meeting with  
15 | proper notice and have the maps considered and  
16 | approved?

17 | MS. OLALDE: Objection; form.

18 | A. I don't know the specifics of the  
19 | requirements. I just know that the deadline was  
20 | significantly moved up.

21 | Q. (BY MR. MANCINO) Okay. Did the receipt of  
22 | this e-- of this advisory from the Texas Secretary of  
23 | State create some panic within the County in terms of  
24 | having to accelerate work on the redistricting  
25 | process?

1 A. I can't speak to the panic on behalf of the  
2 County.

3 Q. How about yours?

4 A. It definitely concerned the -- the quick  
5 turnaround with the deadline that was given.

6 Q. Yeah.

7 So let's look at Tab 48, Exhibit 27.

8 (Marked Drummond Exhibit No. 27.)

9 (Discussion off the record.)

10 Q. (BY MR. MANCINO) And it's an e-mail from you  
11 to Mr. Sigler, to Mr. Oldham dated November 2, 2021.  
12 And I know I've been inconsistent on giving Bates  
13 numbers, so forgive me. But the Bates number at the  
14 first page is DEFS 00030150.

15 Have you seen Exhibit 27 before?

16 A. I believe so, yes.

17 Q. What is it?

18 A. It's an e-mail from myself to Nathan Sigler  
19 and Dale Oldham, informing them to get with Veronica  
20 Van Horn, which is our legal services coordinator, and  
21 informing them that the redistricting deadline has  
22 been moved to November 13th.

23 Q. And your directive "Get with Veronica," what  
24 did you mean to convey with those words?

25 A. I don't know because I don't have the context

1 of the e-mail below that I was forwarding to them.

2 Q. Mr. Drummond, we heard yesterday from Judge  
3 Henry that he preferred to complete the redistricting  
4 before the candidate filing period.

5 Did he discuss that preference with you?

6 A. Not that I can recall.

7 Q. Okay. This advisory from the Texas Secretary  
8 of State, did it create a deadline?

9 MS. OLALDE: Objection; asked and  
10 answered.

11 A. It gave a deadline of November 13th.

12 Q. (BY MR. MANCINO) And that was expressed in  
13 the advisory, that specific date?

14 A. From my recollection of the advisory.

15 Q. Okay. Wasn't just a -- a reminder to  
16 redistrict before the candidate filing opened?

17 A. I don't know.

18 Q. I'm sorry?

19 A. I -- I don't know.

20 Q. Okay. And you had told us earlier that you  
21 knew that the candidate filing period was from around  
22 mid-November to mid-December, right?

23 A. In that time period, correct.

24 Q. Okay. So the filing period extended over  
25 about 30 days?

1 A. Yes.

2 Q. Okay. And was the -- that filing period  
3 commencing on November 13th, to your knowledge?

4 A. I don't recall.

5 Q. Okay. All right. Just so we have it in the  
6 record, let's go to Exhibit 28, which is Tab 46b.

7 (Marked Drummond Exhibit No. 28.)

8 (Discussion off the record.)

9 Q. (BY MR. MANCINO) Have you seen Exhibit 28  
10 before?

11 A. Yes.

12 Q. Okay. And, I'm sorry, what -- what is this?  
13 Is this the Texas Secretary of State advisory that you  
14 testified about before?

15 A. That's what it appears to be, yes.

16 Q. Okay. And when it came in, did you read it?

17 A. Yes.

18 Q. Okay. And it -- was it on the basis of this  
19 advisory that -- in the e-mail you wrote on November  
20 2nd, 2021, and said that redistricting has to be done  
21 before 11/13?

22 A. Yes.

23 Q. Okay. Now, let's go to Exhibit 29, which is  
24 Tab 49.

25 (Marked Drummond Exhibit No. 29.)

1 Q. (BY MR. MANCINO) And it's an e-mail at the  
2 top from you to Dale Oldham, Nathan Sigler, dated  
3 November 2, 2021, at 3:23 p.m.

4 Is this an e-mail by which you forwarded  
5 it -- forwarded to Mr. Oldham and Mr. Sigler an e-mail  
6 regarding the Texas Secretary of State advisory?

7 A. Yes.

8 Q. Okay. And you say in your e-mail to those two  
9 gentlemen, "We need to get these maps done this week."

10 And I note that your e-mail was sent on a  
11 Tuesday, so you were telling them that the maps had to  
12 be done that -- that week in order to meet what you  
13 believed was a November 13th deadline?

14 A. Yes.

15 Q. Okay. In the event -- were the maps  
16 completed within the time frame you demanded?

17 A. I don't recall.

18 Q. Okay. So while this is going on, were there  
19 things happening elsewhere around trying to schedule a  
20 public meeting?

21 A. I believe we had a -- I believe we had a date  
22 of 11/9 for a meeting, originally.

23 Q. Can you explain what you mean by that?

24 A. I believe there was direction giving the  
25 setup of a special meeting, and I believe that date

1 was eventually set for 11/9.

2 Q. Okay. And do you recall who wanted 11/9 as  
3 the date?

4 A. I don't -- I don't recall who wanted that.

5 Q. And was somebody also looking for a venue to  
6 host a -- a meeting on the 9th of November?

7 A. A venue to host?

8 Q. The public meeting on the maps.

9 A. No.

10 Q. Okay. I have -- do you recall anyone  
11 suggesting that Judge McCumber's courtroom could be a  
12 venue for the special meeting?

13 A. That was the core -- the normal process of  
14 the venue for special meetings, was that courtroom.

15 Q. Oh, so Judge McCumber's courtroom was the --  
16 the normal venue for special meetings?

17 A. Yes, sir.

18 Q. Okay.

19 A. In the North County Annex, that's the room  
20 that it was located in, was her courtroom.

21 Q. Okay. Got it.

22 And what happened? Was -- was that  
23 courtroom available?

24 A. I don't recall.

25 Q. Okay. Why was -- why was November 9th being

1 targeted --

2 MS. OLALDE: Objection.

3 Q. (BY MR. MANCINO) -- as a date for the special  
4 meeting?

5 MS. OLALDE: Objection; asked and  
6 answered.

7 A. I don't recall why that date was picked.

8 Q. (BY MR. MANCINO) Did it have to do with  
9 availability of any commissioners?

10 A. It could have. Commissioner Clark was sick  
11 at the time, going through cancer treatment and had  
12 treatments, so...

13 Q. So when did the special meeting take place?

14 A. My recollection it happened on November 12th,  
15 if I'm not mistaken.

16 Q. Okay. And where was the meeting held? In  
17 what room?

18 MS. OLALDE: Objection; asked and  
19 answered.

20 A. The North County Annex in Judge McCumber's  
21 courtroom.

22 Q. (BY MR. MANCINO) It -- okay. So it actually  
23 was held in Judge McCumber's courtroom?

24 A. Yes.

25 Q. Okay. And why -- why was the meeting

1 postponed from November 9th to November 12th?

2 A. I can't specifically recall why it was  
3 postponed.

4 Q. Any general memory?

5 A. The orders may have not been ready.

6 Q. Okay. Did Commissioner Clark make it to the  
7 meeting on November 12th?

8 A. Wow, I really can't remember that one.

9 Q. Okay.

10 A. So I don't recall.

11 MR. MANCINO: What are we on? What  
12 exhibit?

13 MS. GARRETT: 30.

14 MR. MANCINO: 30. Let's go to Tab 56,  
15 which is Exhibit 30.

16 (Marked Drummond Exhibit No. 30.)

17 THE WITNESS: Thank you.

18 Q. (BY MR. MANCINO) Do you know what Exhibit 30  
19 is?

20 A. An e-mail from my assistant, Dianna Martinez.

21 Q. Concerning what?

22 A. Special meeting draft agenda for  
23 November 9th, 2021.

24 Q. Did you have a hand in drafting this notice?

25 MS. OLALDE: Objection; asked and

1 answered.

2 MR. MANCINO: Well, he has it in front  
3 of him now.

4 A. I reviewed it.

5 Q. (BY MR. MANCINO) I'm sorry?

6 A. I reviewed it.

7 Q. Okay. Make any changes?

8 A. Not to my recollection.

9 Q. Okay. Did you attend this special meeting on  
10 November --

11 MR. MANCINO: What was the date?

12 Q. (BY MR. MANCINO) -- 12th?

13 A. Yes.

14 Q. Okay. How many people attended the meeting,  
15 roughly, by your estimation?

16 A. It was busier than usual. I -- off the top  
17 of my head, I don't know if that number would be 100  
18 or 150.

19 Q. Where -- where were you located during the  
20 meeting?

21 A. I was up on the side of the room at one  
22 point, and I also assisted by walking through the  
23 hallways at another point and going into a -- the  
24 breakroom that had some folks sitting in there.

25 Q. Okay. So there was an overflow of people --

1 A. Yes.

2 Q. -- into the hallway and this other room?

3 A. Yes.

4 Q. Okay. And I take it, you know, all of the  
5 spaces within the courtroom were occupied by people?

6 A. Yes.

7 Q. Okay. What was the atmosphere like?

8 A. People had -- you know, unpleasant, I guess.  
9 People were pretty upset.

10 Q. Yeah. And why were people pretty upset?

11 A. I don't know specifically why each person was  
12 upset.

13 Q. Well, what -- what comments led you to  
14 believe people were upset?

15 A. On the chain -- the proposed changes to the  
16 Commissioners Court precincts.

17 Q. Okay. What -- what complaints were made  
18 about any of the changes that you can remember?

19 A. Complaints that were made publicly in the  
20 meeting?

21 Q. Yes.

22 A. People stating that the -- there was a  
23 dilution of their vote, of their voice. Some  
24 complaints about just unhappy with having the precinct  
25 number change, some unhappy with the community that

1 | used to have one commissioner and now having two  
2 | commissioners, some unhappy with going from maybe two  
3 | commissioners in the city to one. It was a mix.

4 | Q. On the point about dilution of vote, who made  
5 | that comment? Do you recall?

6 | A. I don't recall who made that comment.

7 | Q. Do you recall individuals stating that both  
8 | maps would result in the dilution of the voting  
9 | powder -- power of African Americans?

10 | A. I don't recall that specific argument from  
11 | that day.

12 | Q. How about the dilution of the voting power of  
13 | Latinos?

14 | A. I do not recall.

15 | Q. Well, when you heard that comment about the  
16 | dilution of votes in -- what are we, maybe I can find  
17 | the precise language -- a dilution of their vote, of  
18 | their voice, okay. Let me -- let me restart it.

19 | So you -- you came away with the view  
20 | that there were people who were upset about the maps  
21 | because it would result -- the changes would result in  
22 | a -- in a dilution of their vote, their voice,  
23 | correct?

24 | MS. OLALDE: Objection; incomplete  
25 | statement of testimony.

1 A. There was multiple objections raised that day  
2 to the maps, and there was multiple testimony in  
3 support as well. So I can't remember the specifics of  
4 each.

5 Q. (BY MR. MANCINO) Okay. And the -- the  
6 hearing, the comments, the discussion was -- was --  
7 was that taped?

8 A. I believe so.

9 Q. Okay.

10 A. It's a practice that we do every  
11 Commissioners Court.

12 Q. Okay. Does the Commissioner Court have a  
13 transcript of that special meeting?

14 A. I don't know.

15 Q. Okay. So how -- how -- what was your  
16 understanding of how voters' voice and the -- and  
17 their vote would be diluted by a map change?

18 A. I don't know.

19 Q. Okay. Now, before that -- that special  
20 meeting commenced -- well, strike that.

21 Do you -- do you have an understanding  
22 as to why the Commissioners Court was holding a public  
23 meeting on the topic of which of the two maps should  
24 be adopted?

25 A. Yes.

1 Q. And what -- what's that understanding?

2 A. Is that a public meeting would need to take  
3 place for them to be able to adopt the maps.

4 Q. Well, does the special meeting serve any  
5 function other than that, such as -- such as allowing  
6 the commissioners to hear comments and arguments and  
7 decide which way based on that they're going to vote?

8 A. Yes.

9 Q. Okay. Now, did Judge Henry come into the  
10 special meeting with an open mind?

11 A. I don't know.

12 MS. OLALDE: Objection; calls for  
13 speculation.

14 Q. (BY MR. MANCINO) And, in fact, he had already  
15 thrown his significant weight behind Map Proposal 2,  
16 hadn't he?

17 A. Yes.

18 Q. Okay. So he was committed to Map Proposal 2  
19 well in advance of the special meeting on  
20 November 12th?

21 MS. OLALDE: Objection; calls for  
22 speculation.

23 A. I don't know.

24 Q. (BY MR. MANCINO) Well, you knew, you saw his  
25 web post, right?

1 A. Yes.

2 Q. Pretty -- pretty unequivocal commitment to  
3 wanting Map Proposal 2 enacted, wasn't it?

4 A. You're asking me if his mind could have been  
5 changed, and I'm saying I don't know. It could have  
6 from that meeting.

7 Q. Okay. Let's go to Tab 61.

8 MR. MANCINO: And what exhibit?

9 MS. GARRETT: 31.

10 MR. MANCINO: 31.

11 (Marked Drummond Exhibit No. 31.)

12 Q. (BY MR. MANCINO) And before we look at that  
13 exhibit, do you -- do you know whether Judge Henry  
14 told other commissioners before the meeting, special  
15 meeting on November 12th, that his preferred map was  
16 Map 2?

17 A. I don't recall.

18 Q. Okay. Did you talk to any of the other  
19 commissioners about which map they might favor?

20 A. I don't recall.

21 Q. Okay. Okay. Exhibit 31.

22 Do you recognize Exhibit 31?

23 A. Yes.

24 Q. What is it?

25 A. It's an e-mail I sent to myself on

1 November 30th, 2021.

2 Q. On what subject?

3 A. Commissioner Holmes.

4 Q. What about Commissioner Holmes were you

5 recording in this e-mail?

6 A. Some of my communications with him.

7 Q. What communications specifically?

8 A. Communications regarding redistricting.

9 Q. Okay. Anything else?

10 A. It's all involving redistricting.

11 Q. And your communications with Commissioner

12 Holmes?

13 A. Yes.

14 Q. Okay. Did you draft a similar e-mail

15 concerning your discussions with Judge Henry

16 concerning redistricting?

17 A. No.

18 Q. Did you draft a similar e-mail concerning

19 your discussions with Commissioner Giusti concerning

20 redistricting?

21 A. No.

22 Q. And you had conversations with Commissioner

23 Giusti concerning redistricting, didn't you?

24 A. Possibly. I don't recall.

25 Q. Really?

1 | You had communications with Judge Henry

2 | concerning redistricting, didn't you?

3 | A. Yes.

4 | Q. And you had communications with Commissioner

5 | Clark concerning redistricting, correct?

6 | A. Yes, I believe so.

7 | Q. Did you prepare an e-mail concerning those

8 | communications?

9 | A. No, I don't believe so.

10 | Q. And you had -- and you had discussions with

11 | Commissioner Apffel concerning the redistricting

12 | process, too, didn't you?

13 | A. Yes.

14 | Q. Did you write a similar e-mail about your

15 | conversations with Commissioner Apffel?

16 | A. No, I don't believe so.

17 | Q. Okay. Now, you -- when -- over what period

18 | of time did you draft this e-mail?

19 | A. Sorry, what -- what period of time did I

20 | draft it?

21 | Q. Yeah, yeah.

22 | It's dated November 30, 2021, correct?

23 | A. Yes, sir.

24 | Q. Okay. Did you write this entire e-mail on

25 | that date in one sitting?

1 A. I don't recall.

2 Q. Okay. So you may have started the e-mail on  
3 November 30th, 2021, worked on it for a bit, saved the  
4 draft, and then came back to it to add to it?

5 A. Well, the e-mail was sent on November 30th,  
6 so it would have been -- that would have been the  
7 final product on November 30th.

8 Q. At this time, at 1:37, but what about earlier  
9 before you actually sent it?

10 A. Yeah, I don't know.

11 MS. OLALDE: Objection; asked and  
12 answered.

13 Q. (BY MR. MANCINO) Okay. So who's seen this  
14 e-mail besides you?

15 And that is -- let me -- let me focus  
16 on, you know, apart from the 15 lawyers that are in  
17 this room, focusing on the time period before this  
18 e-mail got produced by the defendants to us. You  
19 know, let's say three months ago or whenever the time  
20 period was.

21 With whom did you share this e-mail?

22 A. I don't know.

23 Q. Did you -- did you show it to anybody?

24 A. I don't know.

25 Q. Did you show this to your attorneys?

1 MS. OLALDE: You're asking about prior  
2 to production? Is that what you're asking about?

3 MR. MANCINO: Yeah.

4 A. I don't believe so.

5 Q. (BY MR. MANCINO) Did you -- did you give a  
6 copy of this e-mail to your attorneys in connection  
7 with their effort to search for and then produce  
8 documents in this litigation?

9 A. This would have come from my -- from the  
10 discovery, yes.

11 Q. Okay. And to -- to what e-mail account did  
12 you send this e-mail?

13 A. My County e-mail.

14 Q. Okay.

15 A. I believe.

16 Q. Okay. And did you have -- after  
17 November 30th, 2021, and the time at which this was  
18 pulled in the discovery process, did you have any  
19 occasion to revisit this e-mail, to come back to it,  
20 to look at it, to remind yourself what you wrote about  
21 Commissioner Holmes?

22 A. No, I don't believe so.

23 Q. Okay. And now having looked at it, who told  
24 you to write this e-mail? And I'm looking for the  
25 name of the person.

1 | A. Yeah, I don't recall who asked me to write  
2 | it.

3 | Q. Okay. Did that make you a little  
4 | uncomfortable being asked to write a e-mail about  
5 | Commissioner Holmes in this manner?

6 | A. No.

7 | Q. No.

8 | Why is that?

9 | Why would you single out Commissioner  
10 | Holmes to, behind his back, write an e-mail about your  
11 | communications with him?

12 | MS. OLALDE: Objection; argumentative.  
13 | Also misstates evidence and testimony.

14 | A. I believe there was an accusation that he was  
15 | not involved in this process whatsoever, he was  
16 | excluded. And that was very inaccurate from my  
17 | interactions with him.

18 | Q. (BY MR. MANCINO) And from whom did you hear  
19 | that accusation?

20 | A. That, I can't specifically recall, if it was  
21 | one of the groups represented here today in a filing  
22 | or if it was Commissioner Holmes himself. I can't  
23 | recall.

24 | Q. Okay. But somehow this accusation came to  
25 | your attention?

1 A. Yes.

2 Q. And you decide, I'm going to show him, making  
3 accusations like that, I'm going to set the record  
4 straight?

5 MS. OLALDE: Objection; argumentative.

6 A. Yeah, no.

7 Q. (BY MR. MANCINO) That wasn't your motive?

8 A. My motive was --

9 MS. OLALDE: Objection -- hold on.

10 Objection to the -- vague,  
11 argumentative.

12 You can answer.

13 A. I wanted to retain my knowledge at the time  
14 of what had gone on.

15 Q. (BY MR. MANCINO) Why?

16 A. So that false narrative wouldn't be  
17 perpetuated.

18 Q. So you were going to stand up and wave your  
19 e-mail around and say to everyone, that's a false  
20 narrative, I kept Commissioner Holmes in the loop  
21 every minute of every day?

22 A. No.

23 MS. OLALDE: Objection -- hold on.

24 THE WITNESS: I'm sorry.

25 MS. OLALDE: Just give me a second

1 because with that type of question, I am going to be  
2 objecting. I am objecting; it's argumentative.

3 Q. (BY MR. MANCINO) On the first paragraph,  
4 Mr. Drummond, you say: "During the redistricting  
5 process when Dale Oldham was visiting with the  
6 Commissioners on Maps 1 & 2, I contacted Commissioner  
7 Holmes throughout the process to inquire whether he  
8 was getting all the information he wanted/needed in  
9 the process."

10 When -- around when was it during the  
11 redistricting process that Dale -- Dale Oldham was  
12 visiting with the commissioners?

13 A. I don't recall the specific time.

14 Q. Matter of days? Was he there a week? Was he  
15 there in person?

16 A. I don't know. I wasn't there.

17 Q. Okay. How do you know Mr. Oldham visited  
18 with Commissioner Holmes?

19 A. My e-mail says when Dale Oldham was visiting  
20 with the commissioners.

21 Q. So are you implying that he also met with  
22 Commissioner Holmes, but you don't know for sure?

23 MS. OLALDE: Objection. What time  
24 period are you asking about? At the time that the  
25 e-mail was sent or today?

1 MR. MANCINO: No, at the time he wrote  
2 the e-mail.

3 MS. OLALDE: Okay.

4 A. At the time I was under that impression.

5 Q. (BY MR. MANCINO) Okay. And was it during  
6 that time frame, however limited it was that  
7 Mr. Oldham was visiting the commissioners, that you  
8 contacted Commissioner Holmes to inquire about whether  
9 he was getting all the information he wanted/needed in  
10 the process?

11 A. Yeah, I don't recall the time --

12 Q. How many times did you contact Commissioner  
13 Holmes throughout the process?

14 A. Commissioner Holmes and I routinely speak  
15 almost on a weekly basis, sometimes more than once.

16 Q. Okay. So if Mr. Oldham was visiting the  
17 commissioners over the course of one week, you  
18 probably had one communication, two at most, with  
19 Commissioner Holmes?

20 MS. OLALDE: Objection; calls for  
21 speculation --

22 MR. MANCINO: I want his memory.

23 MS. OLALDE: -- and also misstates prior  
24 testimony.

25 A. I don't -- I don't recall how many times we

1 | communicated --

2 | Q. (BY MR. MANCINO) Okay.

3 | A. -- during that time.

4 | Q. Where is his office?

5 | A. Whose?

6 | Q. Holmes.

7 | A. At the Mid County Annex in Texas City.

8 | Q. Okay. So did you meet with him during this  
9 | time frame that you're talking about in this first  
10 | paragraph of Exhibit 31 in his office?

11 | A. No.

12 | Q. Did you meet him outside his office?

13 | A. I don't believe so.

14 | Q. How did you communicate with him?

15 | A. Telephone.

16 | Q. Did you initiate the call or did he?

17 | A. I can't recall.

18 | Q. Okay. Now, what you don't say in this  
19 | paragraph is what Commissioner Holmes' response was  
20 | when you made this inquiry about whether he was  
21 | getting all the information he wanted or needed in the  
22 | process, correct?

23 | A. Yes.

24 | Q. Okay. So that wasn't important enough for  
25 | you to include in the e-mail, correct?

1 MS. OLALDE: Objection; argumentative.

2 A. I -- I don't know how to -- saying  
3 Commissioner Holmes's response was not important? Is  
4 that what you want me to --

5 Q. (BY MR. MANCINO) Well, you didn't --

6 A. What's your question?

7 Q. -- you didn't record when your memory was  
8 fresh about any contacts you had with Commissioner  
9 Holmes, how he responded to your inquiries; isn't that  
10 right?

11 A. Correct.

12 Q. Okay. And then in the second paragraph, you  
13 say, yeah, you contacted -- this is prior to posting  
14 Maps 1 and 2, and I'm paraphrasing just to speed  
15 things up.

16 You asked him -- you asked  
17 commissioner -- you contacted Commissioner Holmes to  
18 ask if he had any objections and to inform him that  
19 "we had created the page on the website to allow for  
20 public comment to be submitted directly online."

21 And then you say, "He said he had no  
22 objections and thanked me for keeping him informed."

23 When was that communication that you're  
24 referencing in the second paragraph of Exhibit 31?

25 A. I don't recall the specific date.

1 Q. Okay. Do you recall anything about that  
2 communication other than what you've written here in  
3 the second paragraph of Exhibit 31?

4 A. Other than communicating with him about  
5 putting a public comment page on the County website.

6 Q. Okay. So when you write -- and this is the  
7 last sentence. You -- you write, "He said he had no  
8 objection and thanked me for keeping him formed --  
9 informed."

10 What -- what -- he had no objections to  
11 what? Is it to the posting of the maps?

12 A. To the posting of the maps for public comment  
13 on the website.

14 Q. Oh. Okay. Okay. Okay.

15 Did you think he'd have an objection to  
16 that since he had to hold a special meeting anyway and  
17 publicize it?

18 A. No.

19 Q. Okay. Now, let's -- this -- the third  
20 paragraph, little more extensive. Let me see if I can  
21 tease something out that's worth asking about.

22 Okay. So you -- this -- and, again, I'm  
23 paraphrasing, and -- and I'm not meaning to put words  
24 in your mouth, but this paragraph concerns events  
25 happening after the Texas Secretary of State advisory

1 | came down and then setting a deadline as you state  
2 | here for the Court to adopt redistricting within  
3 | 11 days of the issuance of their guidance, right? Did  
4 | I capture the substance of that first paragraph?

5 | A. That's --

6 | Q. First sentence, I'm sorry.

7 | A. That's what the paragraph suggests.

8 | Q. Okay. And then you contact the Commissioner  
9 | Holmes to inform him of that which we just went over,  
10 | and you told him that "we were planning to hold a  
11 | special meeting to discuss and consider adopting a  
12 | map."

13 | And then he asks if the location of the  
14 | meeting was going to be at the same location we always  
15 | hold special meetings, the North County Annex in  
16 | League City. Did -- is that what he asked?

17 | A. Yeah, he may think -- from my recollection  
18 | and those notes, he had made that ask, where is it  
19 | going to be located.

20 | Q. Okay. So he asked where is it going to be  
21 | located?

22 | A. Yes, sir.

23 | Q. Now, did he have the power to direct at which  
24 | County facility the meeting would be held?

25 | A. No, but he could have made a different

1 request.

2 Q. Okay. So is that what you mean when you say  
3 he never voiced an opposition or countered with a  
4 request to host the meeting down in Galveston at the  
5 County courthouse?

6 A. Correct.

7 Q. Okay. Now, what you -- what you don't say  
8 here is that in response to your telling him that  
9 the -- the meeting is going to be held in the North  
10 County Annex in League City, he said, hey, that's  
11 great that's the ideal location.

12 You didn't write that, did you?

13 A. Because he didn't communicate that.

14 Q. Okay. Fair enough.

15 So you don't know whether or not he  
16 agreed that the North County Annex was an appropriate  
17 venue for this special meeting, do you?

18 A. No.

19 Q. Okay. Look -- I'm reading to myself  
20 Paragraph 4, so bear with me.

21 Okay. So this -- you say, you know,  
22 after the redistricting meeting where Map 2 was  
23 adopted, I followed up with Commissioner Holmes the  
24 following week and informed him that we were beginning  
25 the process of cleaning up the voting precincts with

1 | the boundaries of the adopted map.

2 | What -- can you explain what the process  
3 | of cleaning up the voting precincts entailed?

4 | A. Commissioner Clark was working with Nathan  
5 | Sigler on I guess, making changes to the voting --  
6 | voter precincts. I don't know what their specific  
7 | term is.

8 | Q. Okay.

9 | A. So my inquiry to Commissioner Holmes was,  
10 | hey, Commissioner Clark's going to introduce Nathan,  
11 | would you like to have input and be part of that  
12 | process.

13 | Q. Okay. Did somebody ask you to ask him that?

14 | A. No. Actually, again, it goes into my routine  
15 | conversations that I had with him over different  
16 | topics.

17 | Q. And you write that he said he did not have  
18 | any interest in participating, correct?

19 | A. Yeah, he said that.

20 | Q. Okay. And in writing this -- this -- this  
21 | fourth paragraph, did -- are you intending to impute  
22 | something to Commissioner Holmes for -- for declining  
23 | this invitation to participate in this cleaning up  
24 | process?

25 | MS. OLALDE: Objection; vague.

1 Confusing.

2 You can answer.

3 A. No.

4 Q. (BY MR. MANCINO) Okay. So, I mean, was there  
5 anything insidious in his refusing or -- or declining  
6 the opportunity to participate in this process, in  
7 your mind?

8 A. No.

9 Q. Okay. And when did that meeting or  
10 conversation take place, the one that -- that you  
11 talked about in the fourth paragraph here?

12 A. I don't specifically recall the dates, but it  
13 says after the adoption.

14 Q. Okay. And -- and I take it -- and correct me  
15 if I'm wrong, Mr. Drummond, that you didn't intend  
16 this e-mail to be a verbatim transcript of everything  
17 that Commissioner Holmes said to you?

18 A. Correct.

19 Q. Okay. He, I would imagine, said a lot more  
20 than what you captured in Exhibit 31; is that correct?

21 A. I don't know.

22 Q. I'm sorry?

23 A. Yeah, I don't recall.

24 Q. Oh, you don't recall. Okay.

25 A. Could have.

1 Q. So in these -- in these communications that  
2 you were having with Commissioner Holmes, did  
3 Commissioner Holmes ever say anything to you about  
4 whether he thought a lot of people would be attending  
5 the special meeting on November 12th?

6 A. I don't recall.

7 Q. You don't recall whether he gave you a  
8 heads-up, saying, we're going to have a lot of folks  
9 here tonight, anything like that?

10 A. No. And I think that's why I went to the  
11 third paragraph here addressing where the location was  
12 going to be held, because we had a discussion about  
13 that.

14 Q. About what? About how many people were  
15 attending?

16 A. Yeah, and the location.

17 Q. Okay. Now, you didn't say that in  
18 Exhibit 31, that you discussed with him something  
19 about how many people were attending?

20 A. I didn't, because we didn't discuss it.

21 Q. Okay.

22 A. That's what I'm referring to.

23 Q. Oh, okay. Now, in the event on -- on  
24 November 12th, the courtroom wasn't big enough to  
25 accommodate everyone, was it?

1 A. Correct.

2 Q. Okay. Did some people have difficulty  
3 hearing what was going on? I mean, could you see that  
4 or hear complaints from the crowd to that effect?

5 A. I don't know, no.

6 Q. Okay. Have you -- have you been in a special  
7 meeting where more people were in attendance than  
8 attended the November 12th special meeting?

9 A. Not that I can recall.

10 Q. Okay. This was kind of an unprecedented  
11 crowd, at least from your perspective?

12 A. Yes.

13 Q. Okay. Okay.

14 MR. MANCINO: Let's take a short break  
15 so I can decide that I'm done and be able to pass the  
16 witness.

17 THE VIDEOGRAPHER: The time --

18 MR. MANCINO: Yeah, five should be  
19 enough.

20 THE VIDEOGRAPHER: The time is 2:31.

21 We're off the record.

22 (Break from 2:52 p.m. to 3:09 p.m.)

23 THE VIDEOGRAPHER: The time is 3:09.

24 Back on the record.

25 Q. (BY MR. MANCINO) Mr. Drummond, I want to

1 bring you back to Exhibit 20, which we talked briefly  
2 about.

3 And we've asked Alexa to scroll down to  
4 what is one -- Page 187 of the PDF.

5 MS. OLALDE: I think you're going to  
6 have to look at it on the screen --

7 MR. MANCINO: Yes.

8 MS. OLALDE: -- because I don't think  
9 the paper has numbers.

10 THE WITNESS: I see movement.

11 Q. (BY MR. MANCINO) Do you have the spreadsheet  
12 in front of you? Does it look like this?

13 MS. OLALDE: No.

14 A. No.

15 MS. OLALDE: It doesn't have the --  
16 (Discussion off the record.)

17 MR. MANCINO: Are we there?

18 MS. OLALDE: I think so. Can you --  
19 just --

20 MR. MANCINO: Yeah.

21 MS. OLALDE: Is there a Bates number at  
22 the bottom or something that we can --

23 MR. MANCINO: You know, on these Excel  
24 spreadsheets, apparently it doesn't do that.

25 MS. OLALDE: Sorry.

1 Q. (BY MR. MANCINO) Anyway, so, Mr. Drummond,  
2 taking you back to Exhibit 20, we've pointed you to  
3 a -- a page in the attached spreadsheets. It's  
4 called -- has -- to the extent it has a title, it's up  
5 in the -- toward the top on the left-hand side, and  
6 it's called "pop pivot."

7 Now, we've talked about this exhibit  
8 earlier, and it looks like these -- this data  
9 originated from Mr. Oldham and went to Paul Ready, and  
10 then you got copied on it too at some point. And  
11 you've already told us what you remember about this  
12 and what you did with it.

13 But focusing on the page we're on --

14 MR. MANCINO: And, again, is it 187 of  
15 the PDF?

16 MS. GARRETT: Uh-huh.

17 Q. (BY MR. MANCINO) Did you look at this --

18 A. I don't recall --

19 Q. -- spreadsheet, this chart?

20 A. I don't recall reviewing that.

21 Q. Okay. Let me -- let me ask you about a few  
22 elements in it to see if it refreshes -- if -- if you  
23 know what I'm talking about and if it refreshes your  
24 recollection.

25 Now, if you go right under the words

1 "pop pivot," do you see that? There is the word  
2 "original" and then next to that is -- are the  
3 initials "CVAP."

4 Do you know what "CVAP" means?

5 A. No.

6 Q. All right. And do you see that -- that the  
7 rows -- at the top the row is titled "Original" and  
8 below it the row is titled "Map 1" and below that the  
9 row is entitled "Map 2."

10 Do you -- do you see that?

11 A. Yes.

12 Q. Okay. Do you understand that to be a  
13 reference to the two maps that were being worked on by  
14 Mr. Oldham for purposes of the 2021 redistricting  
15 process?

16 A. I would have to assume so.

17 Q. Okay. And then going across, does -- if I  
18 told you that CVAP in Column B stands for Citizen  
19 Voting Age Population, would that refresh your memory?

20 A. No.

21 Q. Okay. And then going off to the right and  
22 looking at -- let's look at the Map 1. There's the  
23 columns toward the right, which are shaded red and  
24 green.

25 Do you see that?

1 A. I'm sorry, which -- which column are you on,  
2 the original first or Map 1?

3 Q. On Map 1.

4 A. Okay.

5 Q. And the third column from the right and it  
6 says "percentage BN" --

7 MR. MANCINO: Is that BNV?

8 MS. CHEN: H.

9 MR. MANCINO: H. B --

10 Q. (BY MR. MANCINO) Do you know what BNHVAP  
11 stands for?

12 A. I don't know.

13 Q. If I told you that it stands for the percent  
14 of "Black NonHispanic Voting Age Population," would  
15 that refresh your memory?

16 A. No.

17 Q. Okay. Okay. Do you have any idea what the  
18 shading represents, the red and green shading that  
19 I've pointed you to?

20 A. I do not know.

21 Q. Okay. Thank you.

22 MR. MANCINO: Okay. Here. All right.  
23 Let me...

24 Q. (BY MR. MANCINO) Let's go --

25 MR. MANCINO: I'm sorry, what's my next

1 exhibit?

2 (Discussion off the record.)

3 Q. (BY MR. MANCINO) I'm going to direct you to  
4 Exhibit 32, which is behind Tab 53.

5 (Marked Drummond Exhibit No. 32.)

6 Q. (BY MR. MANCINO) Do you recognize Exhibit 32?

7 A. An e-mail from myself to John Wayne Ferguson.

8 Q. Now, what is it that you were e-mailing to  
9 Mr. Ferguson?

10 A. The Excel spreadsheet that we just looked at  
11 in the prior exhibit.

12 Q. The Excel spreadsheet from Exhibit --

13 MR. MANCINO: What was it 30? 20?

14 MS. GARRETT: 20.

15 Q. (BY MR. MANCINO) -- from Exhibit 20 that we  
16 were just looking at?

17 A. Yes.

18 Q. Okay.

19 A. That's what it appears to be.

20 Q. And -- and just for the record, Mr. Ferguson  
21 at this time was a reporter for the Daily News?

22 A. Yes.

23 Q. Okay. And why were you sending him this  
24 spreadsheet data?

25 A. I don't recall. He requested it, most

1 likely.

2 Q. How would he have known that this spreadsheet  
3 data was in your hands?

4 Remember this came originally from Dale  
5 Oldham and then got e-mailed up to Paul Ready and to  
6 you.

7 A. I don't know the context surrounding leading  
8 up to him getting this data or how the request would  
9 have come. I can't recall how that went about.

10 Q. Okay. But you, in fact, e-mailed this to  
11 Mr. Ferguson, this data?

12 A. That's what it shows, yes.

13 Q. Okay. And did you request that he keep it  
14 confidential in any way?

15 A. I don't recall. And I doubt it. He's a  
16 reporter, so nothing is really confidential --

17 Q. Such a promise might not be worth the paper  
18 it's written on?

19 A. Yeah.

20 Q. Okay. Good.

21 So do you know whether you were acting  
22 at anyone's request in sending this -- this data to  
23 Mr. Ferguson?

24 A. That's the part I don't recall.

25 Q. Okay. Now, before -- before you sent this

1 data to Mr. Ferguson, did you make an effort to find  
2 out what these initials stood for?

3 A. I don't --

4 Q. Did -- did you make an effort to find out  
5 what the import of this chart was?

6 A. I don't -- I don't recall at that time.

7 Q. Okay. Do you know what, if anything,  
8 Mr. Ferguson did with this information?

9 A. I do not recall.

10 Q. Okay. Do you know whether this data that we  
11 found -- that was contained in Exhibit 30 that we  
12 looked at and which in Exhibit 32 you sent to  
13 Mr. Ferguson was ever public -- made public on the  
14 County's website?

15 A. I don't recall.

16 Q. Okay. All right. This information, though,  
17 was developed in connection with the work that the  
18 County's consultants were doing on redistricting,  
19 correct?

20 MS. OLALDE: Objection; calls for  
21 speculation.

22 A. I received this from the County's  
23 redistricting counsel.

24 Q. (BY MR. MANCINO) Uh-huh. Okay.

25 But you don't recall whether it was

1 counsel who said, send this to Ferguson?

2 MS. OLALDE: Objection; asked and  
3 answered.

4 A. Yeah, no.

5 Q. (BY MR. MANCINO) All right. Let's go to  
6 Exhibit 33, Tab 21.

7 (Marked Drummond Exhibit No. 33.)

8 Q. (BY MR. MANCINO) Bear with me.

9 (Discussion off the record.)

10 MR. MANCINO: Oh, Page 21. I'm sorry.

11 (Discussion off the record.)

12 Q. (BY MR. MANCINO) So I want to go back in time  
13 to the 2013 time frame. And I believe earlier in the  
14 deposition you had a memory that there had been some  
15 redistricting going on.

16 Do you recall that testimony?

17 A. Yes.

18 Q. Okay. Now, was it under consideration to  
19 change up the justice of the peace and constable  
20 positions in 2013 by reducing them?

21 A. Yeah. Yeah. Again, just brand new in the  
22 process starting at the end of July 2013.

23 Q. Okay.

24 A. So I --

25 Q. Did you -- were you -- did you hear about a

1 Supreme Court case called "Shelby County versus  
2 Holder"?

3 A. I don't.

4 Q. Yeah. And this is a case, when it was  
5 ultimately decided, in which the Supreme Court found  
6 Section 5 of the Voting Rights Act to be  
7 unconstitutional.

8 Does that help refresh your memory at  
9 all?

10 A. I may have recalled it, but I --

11 Q. Okay.

12 A. Not specifically.

13 Q. All right. And -- and another impact of that  
14 Shelby versus Holder decision was to eliminate the  
15 preclearing -- preclearance process under which  
16 certain communities had to get the Justice Department  
17 to preclear changes in their -- in their districting  
18 maps.

19 That ring a bell?

20 A. No, I don't --

21 Q. Okay.

22 A. -- recall.

23 Q. Did you -- did Joe Nixon -- you know who Joe  
24 Nixon was at that time?

25 A. Yes, sir.

1 Q. He was outside counsel to the County?

2 A. At the time in 2013?

3 Q. Yes.

4 A. Yes.

5 Q. Okay. Did Joe Nixon inform you and Judge  
6 Henry not to move on redistricting constables and  
7 justices of the peace until after the Shelby County  
8 decision?

9 MS. OLALDE: Objection. And, again,  
10 this is -- I don't know if you're reading from a  
11 document or -- or what. But to the extent that there  
12 is attorney-client privileged communications that  
13 would be involved in your answer, please, I instruct  
14 you not to answer to that extent.

15 MR. MANCINO: Yeah. I'm -- I'll just,  
16 you know, tell you what I'm reading --

17 MS. OLALDE: Yeah, just to help out a  
18 little bit for that.

19 MR. MANCINO: -- which is that  
20 apparently Judge Henry testified to that effect at the  
21 Petteway 1 trial.

22 A. I'm sorry, can you clarify? Judge Henry  
23 testified that Joe Nixon told him and I?

24 Q. (BY MR. MANCINO) Him and you, yeah, to hold  
25 off on redistricting JP and constables until after the

1 Supreme Court decided Shelby versus Holder?

2 MS. OLALDE: Is there something you can  
3 show him to -- or -- or is he supposed to take your  
4 representation about that?

5 How do you want to handle that? Again,  
6 just for the scope of the privilege issue so I can  
7 properly assess that --

8 MR. MANCINO: I don't have the testimony  
9 with me.

10 MS. OLALDE: Sure.

11 MR. MANCINO: I've just been -- you  
12 know, it's been represented to me that that was what  
13 Judge Henry testified in the Petteway 1 trial.

14 A. I don't know what you're referring to.

15 Q. (BY MR. MANCINO) Okay.

16 A. I don't remember.

17 Q. All right. Exhibit --

18 MS. GARRETT: 33.

19 MR. MANCINO: 33?

20 MS. GARRETT: Uh-huh.

21 Q. (BY MR. MANCINO) Let's go to Tab 7.

22 Exhibit 33 is an article by Harry [verbatim] Rice  
23 entitled "Galveston County may run afoul of Voting  
24 Rights Act."

25 And the article is being forwarded by

1 | Mr. Drummond to Ryan Dennard, copying Mark Henry and  
2 | it is dated August 21, 2013.

3 | A. It's actually not true. It was sent by Ryan  
4 | Dennard to me --

5 | Q. (BY MR. MANCINO) Oh, I'm sorry.

6 | A. -- not from me to him, and it was done by  
7 | Harvey Rice.

8 | Q. Didn't I say Harvey Rice?

9 | A. And you said -- and you said the e-mail was  
10 | sent by me to --

11 | Q. Oh, yeah. No, we can correct that.

12 | So this is an e-mail that was sent to  
13 | you by Ryan Dennard --

14 | A. Uh-huh.

15 | Q. -- attaching this article by Mr. Rice?

16 | A. Yes.

17 | Q. Did you read this article?

18 | A. Most likely. Commissioner Dennard was my  
19 | direct boss at that time, so --

20 | Q. Uh-huh.

21 | A. -- I probably did read it.

22 | Q. Okay. And he writes that: "The action makes  
23 | Galveston County the first local government in the  
24 | Houston region and possibly in Texas to make a change  
25 | that would have been unlawful before a recent U.S.

1 Supreme Court decision that weakened the Voting Rights  
2 Act."

3 Did you have that understanding of the  
4 effect of the redistricting action being taken in  
5 Galveston County would have?

6 MS. OLALDE: Objection; vague and  
7 confusing.

8 A. I -- I don't know.

9 Q. (BY MR. MANCINO) Okay. All right. Do you  
10 know -- have you ever heard of the -- hold on, bear  
11 with me. I'm just looking for the name.

12 Has anyone -- someone by the name of  
13 Adam Kincaid?

14 A. What -- what was the question?

15 Q. Do you -- do you know anyone by the name of  
16 Adam Kincaid?

17 A. I don't know.

18 Q. Have you heard of an organization called the  
19 Republican -- National Republican Redistricting Trust?

20 A. Not that I can recollect.

21 Q. Okay.

22 MR. MANCINO: Thanks.

23 Have I covered everything?

24 (Discussion off the record.)

25 MR. MANCINO: Tab 23, okay.

1 Let's go to Exhibit 34, Tab 23.

2 (Marked Drummond Exhibit No. 34.)

3 Q. (BY MR. MANCINO) Do you recognize Exhibit 34?

4 MS. OLALDE: Counsel, the exhibit you  
5 handed me has two e-mails attached to it. Was that  
6 intentional?

7 MR. MANCINO: I don't know.

8 MS. OLALDE: Okay. I just wanted to  
9 make sure for --

10 MR. MANCINO: Are they consecutive?

11 MS. OLALDE: They are not.

12 (Discussion off the record.)

13 A. So it's an e-mail from me to our general  
14 counsel.

15 Q. (BY MR. MANCINO) Yeah. And what -- what is  
16 it you were sending to him?

17 A. I don't know. The subject is PIA.

18 Q. Any idea what that means?

19 A. Public Information Act.

20 Q. Oh. Well, knowing that the subject is  
21 Private Information Act [verbatim], does that suggest  
22 to you why you were sending this material to Mr. Ready  
23 [verbatim]?

24 Had there been a public information  
25 request made?

1 A. You just -- you referred to it as Private  
2 Information Act. It's Public Information Act.

3 Q. Well, however you described it.

4 A. Okay. Yeah, I would -- I don't recall the  
5 context of the request that was made here that created  
6 this communication in --

7 Q. Okay. If you look at -- go into the Bates  
8 number at the bottom, 29190, yeah, about four or five  
9 pages in, there's an e-mail from Paul Ready to Dianna  
10 Martinez, copying you, among others, April 1, 2021.

11 And Paul writes: "Dianna, the attached  
12 document is the backup for the redistricting counsel  
13 agenda item. I have reviewed it and approved."

14 And it contains the Holtzman Vogel  
15 engagement letter and additional information.

16 Do you see that?

17 A. Yes.

18 Q. So was this the backup documentation for the  
19 County Commissioner Courts meeting to consider the  
20 retention of the Holtzman Vogel offer?

21 A. I don't know, other than the statement from  
22 Paul that this is the backup.

23 Q. Okay. And did it come to your attention that  
24 for some reason, this backup documentation for that  
25 agenda item for the meeting that in which the

1 | retention of the Holtzman firm would be considered

2 | didn't make into the public record?

3 | A. I'm sorry, rephrase the question.

4 | Q. Yes.

5 | Did you ever hear or learn that the --

6 | the Holtzman's engagement letter and this other

7 | documentation, which was backup for the agenda item

8 | for the Commissioner Court to consider retaining this

9 | firm didn't make it into the public record?

10 | A. I don't -- I don't recall.

11 | Q. Okay. Do you -- do you recall forwarding

12 | this same documentation to Mr. Ferguson who made a

13 | request for it?

14 | A. I don't recall off the top of my head that I

15 | did.

16 | Q. Okay. All right. Let me just -- we touched

17 | on this before, and by "this," I mean your

18 | communications with Dale Oldham. And I just want to

19 | make a record of -- ask you some questions about

20 | topics that you may have discussed with Mr. Oldham --

21 | Oldham, okay.

22 | So Mr. Oldham was retained by the County

23 | to assist with the redistricting process?

24 | A. Yes.

25 | Q. And you had communications with him from time

1 to time?

2 A. Yes.

3 Q. Including telephone conversations?

4 A. Yes.

5 Q. Okay. In -- in any of your discussions with  
6 Mr. Oldham, did you discuss a topic like the  
7 redistricting criteria to be applied in drawing new  
8 maps for Galveston County?

9 MS. OLALDE: I'm going to object to any  
10 communications that would have occurred with  
11 Mr. Oldham that contain, you know, privileged  
12 information.

13 So to the extent you had a conversation  
14 with Mr. Oldham that delved into substantive issues  
15 like counsel has asked about, I'm going to instruct  
16 you not to answer. Otherwise, you can answer.

17 MS. RICHARDSON: Petteway plaintiffs are  
18 going to reserve, again, their objection to that --  
19 the substance of that privilege claim.

20 MS. MEZA: And the United States joins  
21 in that reservation.

22 MR. MANCINO: And me too.

23 A. Can you restate that question --

24 Q. (BY MR. MANCINO) Sure.

25 A. -- before the objection?

1 Q. In -- in -- in any of your communications  
2 with Mr. Oldham, concerning the redistricting work  
3 that he was performing, did you discuss what  
4 redistricting criteria, if any, he was using?

5 MS. OLALDE: Same objection.

6 A. Not that I can recall.

7 Q. (BY MR. MANCINO) Okay. Did you discuss with  
8 Mr. Oldham any population analyses he might have run?

9 MS. OLALDE: I'm going to object. It's  
10 the same basis for the objection, counsel. Would you  
11 like to repeat everything out, or can we just say  
12 same? Is that cool with you?

13 MR. MANCINO: Yeah, that's fine.

14 MS. OLALDE: Same instruction as well.

15 MS. RICHARDSON: Same reservation.

16 A. Again, not that I can recall.

17 Q. (BY MR. MANCINO) In any of these  
18 communications -- strike that.

19 When you were talking with Mr. Oldham, there  
20 were occasions when other -- others were present on  
21 the call?

22 A. Yes.

23 Q. Okay. In any of those conversations, was  
24 there a discussion about whether and how Mr. Oldham  
25 would pull population out of benchmark Precinct 3 and

1 split it up among Precincts 1, 2 and 4?

2 MS. OLALDE: Same First Amendment --

3 sorry, same attorney-client privileged objection.

4 And same instruction.

5 A. Yeah, not that I can recall.

6 Q. (BY MR. MANCINO) Did you discuss with

7 Mr. Oldham, or overhear discussions between Mr. Oldham

8 and somebody else, about whether he did an analysis of

9 black voting age population and Latin voting age

10 population in Precinct 3?

11 MS. OLALDE: Same objection based on

12 attorney-client privilege; also work product.

13 And same instruction.

14 MR. MANCINO: Okay.

15 A. Not that I can recall.

16 Q. (BY MR. MANCINO) Okay. Now, thinking back to

17 what we've covered today, including your interaction

18 with Commissioner Holmes at a time when he was

19 commissioner -- well, strike that.

20 Having in mind our prior discussion about

21 Precinct 3, the benchmark Precinct 3, were you aware

22 that Precinct 3, again before the adoption of this new

23 map, had a substantial black and Latino population?

24 A. Yes.

25 Q. And were you aware that the voters, including

1 | black and Latino voters in Precinct 3, had voted for

2 | Commissioner Holmes for many years prior to 2021?

3 | A. Aware in the extent that he's been elected

4 | since I believe 1998.

5 | Q. Okay. So does this refresh your memory --

6 | strike that, because I can't remember if I already

7 | asked this so I'll just ask it straight out.

8 | Do you know what the term

9 | "majority-minority district" means in the voting

10 | context?

11 | A. Yes.

12 | Q. Okay. What does it mean to you?

13 | A. The majority of voters are minority citizens.

14 | Q. Okay. And as a result, have the electoral

15 | power to vote for a candidate of their choice and

16 | elect that candidate?

17 | A. I don't know.

18 | Q. Okay. Was one of the objectives in the 2021

19 | redistricting in Galveston -- Galveston County to

20 | eliminate a majority-minority district in Precinct 3?

21 | A. No.

22 | Q. How do you know that?

23 | A. From my prior testimony on the objectives

24 | that you asked me at the beginning of today.

25 | Q. What was in Mr. Oldham's mind?

1 A. I don't know.

2 Q. Okay. Was the effect of this change to  
3 Precinct 3 to eliminate a majority-minority voting  
4 district?

5 A. I'm sorry, the effect?

6 Q. Yes.

7 A. Meaning the end result?

8 Q. Yes. That, as now constituted, Precinct 3  
9 will no longer have a majority-minority -- will no  
10 longer be a majority-minority voting precinct.

11 A. Yeah, I don't know.

12 Q. Okay.

13 MR. MANCINO: That's all from me. Thank  
14 you.

15 E X A M I N A T I O N

16 BY MS. MEZA:

17 Q. Before we start, are you okay going for a  
18 little while, or would you like to take a break?

19 A. I'm -- I'm good to keep going.

20 Q. Okay. Great.

21 Good afternoon, Mr. Drummond. I'm going  
22 to ask you a few questions and do my best not to  
23 overlap with anything that you have already answered.

24 So I would like to start with the  
25 appointment made when the Precinct 4 seat became

1 vacant.

2 So Commissioners Court Precinct 4 seat  
3 became vacant in May 2022 following Commissioner  
4 Clark's death; is that correct?

5 A. Following his passing.

6 Q. His passing, yes.

7 What rules or procedures does the County  
8 have in place to fill an unexpected vacancy on the  
9 Commissioners Court?

10 A. I don't know of any.

11 Q. Okay. Who is responsible for filling a  
12 vacancy on the Commissioners Court?

13 A. The County judge.

14 Q. And how soon after the seat became vacant did  
15 the process of filling the vacancy begin?

16 A. I can't recall to that timeline.

17 Q. Did that process begin before the vacancy --  
18 before the vacancy?

19 A. I can't recall if it happened before the  
20 vacancy or at the time of the vacancy.

21 Q. Do you recall whether Judge Henry was  
22 considering any individuals for a potential vacancy of  
23 the Precinct 4 Commissioners Court seat?

24 A. Do I recall him considering individuals?

25 Q. Yes.

1 A. Yes.

2 Q. And before the seat became vacant?

3 A. Before it became vacant. I can't recall to  
4 that.

5 Q. Okay.

6 A. Maybe, but I can't recall if it happened when  
7 it happened or if it was before or right before.

8 Q. Okay. And what specific role did you play in  
9 filling the vacancy of the Precinct 4 seat?

10 A. I think the role I played was talking to  
11 Judge Henry about it.

12 Q. And what specifically did you discuss with  
13 Judge Henry regarding the vacancy?

14 A. Elected officials that may live in the  
15 precinct.

16 Q. For what purpose did you discuss elected  
17 officials that may live in the district?

18 A. I don't -- I think the purpose of that was  
19 for him to be thinking about what he was going to do  
20 in that appointment process.

21 Q. Okay. So to identify potent -- prospective  
22 individuals to fill the vacancy?

23 A. Yeah. People who live in Precinct 4.

24 Q. Okay. And what factors, other than whether  
25 or not they lived in Precinct 4, were considered in

1 identifying a candidate was -- I'm sorry, strike that.

2 What factors was Judge Henry considering  
3 in filling -- in finding a candidate to fill the  
4 vacancy in Precinct 4?

5 MS. OLALDE: Objection; calls for  
6 speculation but to the extent you know you can answer.

7 A. Yeah, I don't know what factors he was taking  
8 into consideration.

9 Q. (BY MS. MEZA) So the only communications you  
10 had with him regarding the vacancy in Precinct 4  
11 included identifying individuals who lived in -- in  
12 the precinct?

13 A. Yes.

14 Q. Okay. And to your knowledge, were multiple  
15 individuals considered for the vacancy?

16 A. I gave multiple names.

17 Q. How many did you -- how many individuals did  
18 you identify?

19 A. I don't know. I can't remember specifically  
20 how many.

21 Q. Was it more than 20?

22 A. No.

23 Q. Was it more than ten?

24 A. No.

25 Q. Was it more than five?

1 A. Maybe.

2 Q. Maybe.

3 A. Yeah.

4 Q. So somewhere between five and ten  
5 individuals?

6 A. Correct.

7 Q. Okay. Do you remember anyone specifically  
8 that you identified?

9 A. Robert Griffon, Friendswood city councilman.

10 Q. Okay. Anyone else?

11 A. Billy Enochs, who is a former Friendswood  
12 city councilman and ran in the primary for county  
13 commissioner Precinct 4 in 2018.

14 Q. Okay.

15 A. If I got that timeline correct.

16 Q. So do you know whether -- and we'll go back  
17 to the additional names --

18 A. Yeah.

19 Q. -- you identified.

20 But do you know whether Commissioner  
21 Clark identified the initial individual you -- you  
22 identified, Robert from -- Robert --

23 A. Griffon.

24 Q. -- Griffon from Friendswood city?

25 A. Friendswood city council.

1 Q. Yeah.

2 Did Commissioner Clark do anything with  
3 that name in terms of did he reach out to Mr. Griffon  
4 or consider him?

5 A. Commissioner Clark?

6 MS. OLALDE: Hold on. Objection; calls  
7 for speculation. But are you going to rephrase?

8 MS. MEZA: I am going to rephrase.

9 MS. OLALDE: Okay.

10 Q. (BY MS. MEZA) Did commissioner -- did Judge  
11 Henry -- did Judge Henry reach out to Mr. Griffon  
12 related to the vacancy in Precinct 4?

13 A. I don't know.

14 Q. Okay. Did Judge Henry reach out to Billy  
15 Enochs regarding the vacancy in Precinct 4?

16 A. I don't know.

17 Q. Okay. And what additional names did you  
18 identify and give to Judge Henry regarding of  
19 individuals who lived in -- in Precinct 4?

20 A. I can't remember specifically additional  
21 names, but I did have additional names that I gave to  
22 him.

23 Q. Okay.

24 A. And I -- yeah.

25 Q. Did you discuss these prospective

1 individuals' race when you were identifying them for  
2 the vacancy?

3 A. No.

4 Q. Did Judge Henry keep you updated on his  
5 communications with any potential candidates to fill  
6 the Precinct 4 vacancy?

7 A. Outside of discussion of names, he really  
8 didn't fill me in on many details after that.

9 Q. Okay. And when you provided him that list of  
10 five to ten names, was that all at once or did you  
11 identify these people over a period of time?

12 A. I recall it to be over a short period of  
13 time.

14 Q. What was the period of time?

15 A. Short -- short period of time.

16 Q. Several days or several weeks?

17 A. A few days.

18 Q. A few days.

19 In addition to those names you  
20 identified for Judge Henry, do you know if any  
21 specific individuals contacted Judge Henry about the  
22 vacancy or their interest in the vacancy?

23 A. Who contacted Judge Henry?

24 Q. Yes.

25 A. Yeah. Congressman Randy Weber's wife,

1 Brenda Weber, contacted Judge Henry a year before  
2 Commissioner Clark died.

3 Q. Okay.

4 A. Which was -- which we found very off-putting.

5 Q. And other than that contact, was there any  
6 other individual who reached out to Judge Henry  
7 regarding the vacancy?

8 A. I'm not aware of specifically any that I can  
9 recall that reached out to him.

10 Q. Okay.

11 A. I had two reach out to me; and that was the  
12 two names I gave you, Robert Griffon and Billy Enochs.

13 Q. Okay. So -- so they reached out to you and  
14 they were also among the names that you provided to  
15 Judge Henry?

16 A. I believe, yeah.

17 Q. Yes?

18 A. Yes.

19 Q. Okay. Was Robin Armstrong among the names  
20 you identified for Judge Henry?

21 A. Yeah, he could have been one of the names.

22 Q. You're not certain whether or not he was on  
23 the list of names you provided to Judge Henry?

24 A. Correct. I can't remember if I'm the one who  
25 offered his name as someone who lives in the district

1 | or if it came from Judge Henry or from somebody else.

2 | Q. Okay. Did Judge Henry let you know that he  
3 | was going to contact Robin -- Robin Armstrong  
4 | regarding the vacancy or his interest in filling the  
5 | vacancy?

6 | A. That he was going to contact him?

7 | Q. Yes.

8 | A. I don't recall that.

9 | Q. When did you first learn that Robin -- Robin  
10 | Armstrong was being considered by Judge Henry to fill  
11 | the vacancy?

12 | A. I do recall Judge Henry telling me that they  
13 | had spoken. So I don't recall him saying, I'm going  
14 | to reach out him. I recall him saying, I spoke to  
15 | Robin.

16 | Q. Okay. Did he tell you what they spoke about?

17 | A. No.

18 | Q. Did he indicate to you that Dr. Armstrong had  
19 | expressed interest in the vacancy during that  
20 | conversation?

21 | A. I don't recall.

22 | Q. When did you learn that Judge Henry had  
23 | decided on filling the vacancy with Dr. Armstrong?

24 | A. I don't recall the timeline when he made that  
25 | decision.

1 Q. Was Commissioner Apffel involved in any of  
2 the communications regarding filling the vacancy in  
3 Precinct 4?

4 A. Not from my recollection.

5 Q. Was Commissioner Giusti involved in any of  
6 the -- in any of the communications regarding filling  
7 the vacancy in Precinct 4?

8 A. Not from my recollection.

9 Q. Okay. Was Commissioner Holmes involved in  
10 any of the communications regarding filling the  
11 vacancy in Precinct 4?

12 A. Not from my recollection.

13 Q. When you were identifying prospective  
14 candidates that lived in Precinct 4, were you doing  
15 this in your capacity as Judge Henry's chief of  
16 staff --

17 A. Yes.

18 Q. -- or as a political consultant?

19 A. As his chief of staff.

20 Q. Other than the fact that they lived in  
21 Precinct 4, what other factors were you considering  
22 when you were identifying prospective candidates to  
23 fill the vacancy?

24 MS. OLALDE: Objection; asked and  
25 answered.

1                   You can answer.

2           A.    Yeah, I think I already answered that  
3 question. I just said -- said I was identifying  
4 elected officials who lived in the precinct.

5           Q.    (BY MS. MEZA) Okay. Are you aware of any  
6 county level minority candidates who ran successfully  
7 in a primary election in Galveston County?

8                   MS. OLALDE: Objection; vague as to  
9 time.

10          A.    In a contested primary?

11          Q.    (BY MS. MEZA) Yes.

12          A.    A Republican primary?

13          Q.    Yes.

14          A.    Patricia Grady.

15          Q.    And what office did she run for?

16          A.    District judge.

17          Q.    District judge.

18                   Do you recall what primary or what  
19 election that was, what year?

20          A.    I don't recall specifically. I want to say  
21 2014 or '16, but I don't recall which one.

22          Q.    And what is Ms. Grady's race?

23          A.    Hispanic.

24          Q.    Hispanic.

25                   Mr. Drummond, when did you first learn

1 about this lawsuit challenging the 2021 Commissioners  
2 Court redistricting plan?

3 A. I don't recall the specific day or time when  
4 that happened.

5 Q. How did you first learn about the lawsuit?

6 A. From our general counsel.

7 Q. Were you provided any specific instructions  
8 related to preserving records or documents?

9 A. Yes.

10 Q. What instructions were you provided?

11 A. We were provided a copy of the -- I don't  
12 know what you would call it, a discovery or  
13 prelitigation filing that says, you may be getting  
14 sued and so preserve documents.

15 Q. Okay. And what did you do after receiving  
16 those instructions?

17 A. We preserved -- preserved documents.

18 Q. And who provided you those instructions?

19 A. Our general counsel.

20 Q. Paul Ready?

21 A. Yes.

22 Q. And you're aware that some of your records  
23 were searched and produced to plaintiffs in this  
24 litigation, correct?

25 A. Yes.

1 Q. Did you personally take any actions to search  
2 your documents or records that were produced in this  
3 litigation?

4 A. Yes.

5 Q. What did you do personally?

6 A. I searched -- I'm sorry. I didn't mean to  
7 interrupt you.

8 Q. No, please go ahead.

9 A. I searched my personal phone records, my  
10 personal computer and personal e-mail records, and  
11 also searched the County cell phone that I have.

12 Q. Okay. What about your official County e-mail  
13 account?

14 A. Those records are retained in the information  
15 technology department, and they have a system where  
16 they're able to take your -- the terms of art being  
17 requested and pull them into what you received.

18 Q. Okay. So you didn't take any specific  
19 task -- you didn't undertake any specific tasks  
20 related to the search of your official County e-mail?

21 A. I did search, but then I also, same with  
22 everybody else, had County IT come in on the County  
23 system, the computer and the e-mail, and search  
24 everything.

25 Q. Okay.

1 A. And capture everything.

2 Q. What did you do to search your County e-mail  
3 address?

4 A. Entered the terms -- the search terms in.

5 Q. You entered the search terms and then yielded  
6 a number of e-mail -- e-mails; is that correct?

7 A. From my recollection.

8 Q. And what did you do with the product of your  
9 searches?

10 A. I believe I started to retain copies of them  
11 to give to Ms. Van Horn, but then they informed us  
12 that they're just going to go in and pull it all out  
13 automatically.

14 Q. Okay. What about records other than e-mail  
15 on your office computer?

16 A. Same. They have access and they pulled  
17 everything.

18 Q. So they ran the search terms and pulled? You  
19 didn't identify them on your own?

20 A. All documents in the drives on the computer,  
21 on the desktop, everything got pulled.

22 Q. Okay. Do you use any cloud-based storage  
23 related to your work for the County?

24 A. No.

25 Q. Do you use any storage -- file storage, like

1 DropBox or Google Drive, related with your work for  
2 the County?

3 A. No.

4 Q. Okay. With respect to your personal e-mail,  
5 did the same process happen where there was a search  
6 conducted and e-mails were pulled?

7 MS. OLALDE: Objection; asked and  
8 answered.

9 A. A search was conducted, and any discoverable  
10 documents were handed over.

11 Q. (BY MS. MEZA) Who conducted the search of  
12 your personal e-mail?

13 MS. OLALDE: Objection; asked and  
14 answered.

15 A. I did.

16 Q. (BY MS. MEZA) How did you conduct that  
17 search?

18 MS. OLALDE: Objection; asked and  
19 answered.

20 A. Per the instructions of the search terms that  
21 were being asked.

22 Q. (BY MS. MEZA) Did you identify any responsive  
23 e-mails in your personal e-mail?

24 A. I did not.

25 Q. And did you search one personal e-mail

1 account or more?

2 A. I searched them all.

3 Q. How many e-mail -- personal e-mail accounts  
4 did you search?

5 A. Two.

6 Q. Two.

7 And what are those personal e-mail  
8 accounts?

9 A. Drummond.Tyler@Gmail, and a  
10 Tyler.Drummond@Outlook or MSN. I don't use it.

11 Q. And what about your -- your personal e-mail,  
12 did you -- I'm sorry. Excuse me. Strike that.

13 Your personal computer, did you run a  
14 similar search on the records in your personal  
15 computer?

16 MS. OLALDE: Objection; asked and  
17 answered.

18 A. Yes.

19 Q. (BY MS. MEZA) Did you identify any responsive  
20 documents on your personal computer?

21 A. I did not have any.

22 Q. In going back to your personal e-mail, did  
23 you delete any e-mails from your personal e-mail  
24 account regarding redistricting?

25 A. No.

1 Q. And as far as your personal computer, did you  
2 delete any records or documents on your personal  
3 computer related to redistricting?

4 A. No.

5 Q. Do you have -- how many phones do you have  
6 for use in your role as chief of staff for Judge  
7 Henry?

8 A. Three.

9 Q. Can you identify what those phone lines are?

10 A. I have my County landline, I have a County  
11 cell phone, and I have my personal cell phone.

12 Q. And you use your personal cell phone for  
13 County business?

14 A. I will get phone calls to my County cell  
15 phone because I don't bring my County cell phone with  
16 me everywhere. Otherwise, I would get phone calls  
17 at -- all days.

18 Q. Okay. Did you search your County's -- excuse  
19 me.

20 Did you search your County cell phone  
21 for any relevant text messages?

22 A. Yes.

23 Q. Did you identify any relevant text messages?

24 A. No.

25 Q. Did you delete any texts from your County

1 cell phone?

2 MS. OLALDE: Objection; vague.

3 Q. (BY MS. MEZA) Did you delete any responsive  
4 texts from your County cell phone?

5 A. No.

6 Q. Did you search your personal cell phone for  
7 any responsive text messages?

8 A. Yes.

9 Q. Did you identify any responsive text  
10 messages?

11 A. No.

12 Q. Did you delete any responsive text messages  
13 on your personal phone?

14 A. No.

15 Q. Do you ever use messaging apps like WhatsApp,  
16 Signal, or Slack for County business?

17 A. No.

18 Q. Do you know whether Judge Henry has a County  
19 cell phone?

20 A. He does not.

21 Q. So I just wanted to go back to the 2021  
22 redistricting cycle. I know you weren't with the  
23 County at the time of the 2011 redistricting cycle.

24 But over the course of the 2021  
25 redistricting cycle, was the previous cycle, the

1 | 2011-2012 cycle discussed?

2 | A. Not that I can recall.

3 | Q. Do you recall whether the number of public  
4 | hearings that were held in 2011-2012 redistricting  
5 | cycle, whether the number of public hearings were  
6 | discussed?

7 | A. No.

8 | Q. Do you recall whether the timeline during the  
9 | 2011-2012 redistricting cycle was discussed?

10 | A. No.

11 | Q. Were the maps that had been proposed during  
12 | the 2011-2012 redistricting cycle discussed?

13 | A. Not that I recall.

14 | Q. So we looked at a document, Exhibit 11, where  
15 | Ms. Johnson e-mailed you -- well, we can refer back to  
16 | it in case you'd like to do that. It's Exhibit 11.

17 | So here Ms. Johnson relays to you that  
18 | she's been in contact with the Census Bureau about the  
19 | status of the 2020 census data.

20 | Did you independently inquire at any  
21 | time with the Census Bureau or anyone else about when  
22 | the 2020 census data would be released?

23 | A. No.

24 | Q. Did, at any point, Mr. Oldham or your counsel  
25 | inform you that the 2020 census had been released?

1 A. Possibly. I don't recall, though.

2 Q. Do you recall whether you made Judge Henry  
3 aware that the census -- that the 2020 census data had  
4 been released?

5 MS. OLALDE: Objection to the extent it  
6 calls for speculation.

7 But you can answer.

8 A. Yeah. Maybe, but I don't recall.

9 Q. (BY MS. MEZA) So we looked at Exhibit 14 --  
10 what was marked a little -- Exhibit 14, that e-mail  
11 you sent to yourself with the census link.

12 A. Uh-huh.

13 Q. You said you went to the website and tried to  
14 look at the data; is that correct?

15 A. From my recollection, I believe I did, yes.

16 Q. Okay. Did you forward this link or apprise  
17 Judge Henry that the data had been released?

18 MS. OLALDE: Objection; asked and  
19 answered.

20 A. If I forwarded the link, there would be a  
21 record of it, so I don't believe I did, from my  
22 recollection. And we most likely did have a  
23 conversation that the data was released, but I don't  
24 recall.

25 Q. (BY MS. MEZA) So did at any point prior to

1 the November 12th, 2021, special session, did you and  
2 Judge Henry discuss scheduling more than one public  
3 hearing to get input on the redrawing of the  
4 Commissioners Court precincts?

5 A. I -- I don't recall that.

6 Q. Did you and Judge Henry ever discuss  
7 gathering public input regarding the Commissioners  
8 Court redistricting?

9 A. Yes.

10 Q. What did you discuss regarding public input  
11 on the redistricting plans?

12 A. The -- the public input link on the website.

13 Q. Whose idea was the -- the public input link  
14 on the website?

15 A. I -- I don't remember who came up with that.

16 Q. It wasn't -- was it you?

17 A. It could have been --

18 MS. OLALDE: Objection; asked and  
19 answered.

20 A. It could have been. That's why -- I don't  
21 know if it was me or Zach Davidson, our communications  
22 director, or Judge Henry. I couldn't tell you.

23 Q. (BY MS. MEZA) Okay. Did you have discussions  
24 with anyone about posting -- in addition to posting  
25 the maps, about posting a breakdown of racial

1 | demographics on the web page?

2 | A. Not that I can recall.

3 | Q. Was there any notice given to the public that  
4 | this portal for public input was going to be available  
5 | on the County website?

6 | A. I can't specifically recall what was done to  
7 | announce that.

8 | Q. Was there any discussion that there should be  
9 | public notice regarding the portal for public comment  
10 | on the web page?

11 | A. Discussion with who?

12 | Q. With you and Judge Henry or anyone else that  
13 | was involved in creating and posting the public  
14 | portal.

15 | A. Yeah, I believe I just testified that I -- we  
16 | discussed it.

17 | Q. That you discussed?

18 | A. Putting public comment on the website.

19 | Q. What about giving the public notice that that  
20 | portal would be available?

21 | A. I can't -- I can't specifically recall how it  
22 | was -- how the public was notified, if it was done by  
23 | press release or on the County's social media sites.  
24 | I -- I don't know.

25 | Q. So going back to the time when Judge Henry

1 instructed you to reach out to Paul Ready and ask him  
2 to contact Dale Oldham, were any of the other  
3 commissioners informed that Dale Oldham was being  
4 considered as redistricting counsel?

5 MS. OLALDE: Objection; calls for  
6 speculation.

7 You can answer to the extent you know.

8 A. I don't -- I don't recall.

9 Q. (BY MS. MEZA) Those are all my questions,  
10 Mr. Drummond. Thank you.

11 MS. RICHARDSON: We can take a break or  
12 we can power through. It's up to you.

13 THE WITNESS: Just power through, if  
14 you're --

15 MS. RICHARDSON: I'm good, yeah. Unless  
16 anyone else needs a break as well.

17 The court reporter, are you okay?

18 E X A M I N A T I O N

19 BY MS. RICHARDSON:

20 Q. Okay. So, Mr. Drummond, my name is Valencia  
21 Richardson. I represent the Petteway plaintiffs in  
22 the Petteway lawsuit in this case.

23 And I'm going to be mostly asking you  
24 follow-up questions and I'll have -- from our prior  
25 conversation today.

1                   And so I'm going to start by pulling up,  
2           Alexa, in the Campaign Legal Center private folder,  
3           Petteway 1 trial transcript.

4                   And that's -- let's mark that as  
5           exhibit -- I'm not sure where we are.

6                   MS. OLALDE: 35.

7                   MS. RICHARDSON: 35. Thank you.

8                   It's a large document, so it might take  
9           a sec for them to pull it up.

10                   (Marked Drummond Exhibit No. 35.)

11           Q.    (BY MS. RICHARDSON) Okay. I'll represent to  
12           you that this is the trial transcript that we  
13           discussed earlier in the 2013 Petteway case against  
14           the JP/constables' districts. And that is Day 3 trial  
15           transcript, and we're going to be looking at Mark  
16           Henry's testimony in that case.

17                   MS. RICHARDSON: So, Alexa, if you will  
18           go down to Page 277.

19           Q.    (BY MS. RICHARDSON) Okay. And so read here,  
20           before --

21           A.    Can I pull this closer to me a little bit?

22           Q.    Absolutely. I'm blind --

23           A.    Okay.

24           Q.    -- and I can barely see this, so --

25           A.    Oh, thank you. They maximized it.

1 Q. Absolutely.

2 Before I ask you questions about this,  
3 just to recall your earlier testimony, you -- you  
4 testified you started in about mid-2013?

5 A. End of July 2013.

6 Q. Okay. And then I can represent to you the  
7 Petteway lawsuit was around that time as well as the  
8 JP/constables lawsuit.

9 And you recalled that redistricting  
10 process in earlier testimony; is that correct?

11 A. I recall there was litigation going on.

12 Q. Yeah. Okay.

13 And so here starting at Line 3, you can  
14 see the question that was asked to him about Shelby  
15 County coming out in June of 2013.

16 Do you see that?

17 A. On Line 3?

18 Q. Yeah. Line -- starting Line 3.

19 A. Uh-huh.

20 Q. And then you go down to Judge Henry's answer.  
21 And can you just read that starting at Line 7?

22 A. Read his entire answer?

23 Q. Uh-huh. It's shorter than it looks.

24 A. Sure. [As read]: "Well, in 2011 I was. In  
25 2013, we didn't get that far down the road. Somewhere

1 March or April time frame, when I would start pushing  
2 the issue with Mr. Nixon about maps, he started  
3 saying: Well, hang on, you know, Shelby's going to  
4 come out, and anything we do may have to be changed  
5 after that. So let's just wait until Shelby County  
6 comes out."

7 Q. Okay. And so based on the question, he's  
8 referring to wait until the JP -- until Shelby County  
9 comes out to redistrict the JP precincts; is that  
10 correct?

11 MS. OLALDE: Hold on. We started in the  
12 middle of a conversation, so if you can just let him  
13 maybe read a little bit so he understands the --

14 MS. RICHARDSON: I'm happy to let him  
15 read, uh-huh, the context, yeah.

16 MS. OLALDE: I don't know if, Alexa, if  
17 you have to give him control over the document.

18 (Discussion off the record.)

19 A. You're saying go to the page prior?

20 Q. (BY MS. RICHARDSON) Yeah.

21 A. Okay.

22 Q. And then where we left off.

23 Okay. So now I'll ask you that question  
24 again.

25 So Judge Henry in this conversation, was

1 referring to waiting until 2013 to re -- after Shelby  
2 County to redistrict the JP/constables precincts; is  
3 that correct?

4 A. I mean, I don't have any personal knowledge  
5 on what he's testifying to. He's talking about a time  
6 frame of March and April 2013, before I ever started.  
7 I mean, other than what I read...

8 Q. It says JP precincts up there, though, on  
9 Line 6?

10 A. It says "JP redistricting."

11 Q. Okay.

12 A. Yeah.

13 Q. Yeah.

14 And so do you recall that Joe Nixon told  
15 Judge Henry and the County to wait until after Shelby  
16 County came out to redistrict the JP/constables  
17 precincts?

18 A. I don't, because, again, from his answer,  
19 this was done in March or April 2013, which was prior  
20 to the time of me starting my employment with the  
21 County.

22 Q. Okay. Thank you.

23 Do you recall that occurring after your  
24 employment with the County?

25 A. No. I -- I was so new, I -- they didn't put

1 me into --

2 Q. Any -- yeah.

3 A. -- the contentious issues going on at the  
4 time.

5 Q. Got you.

6 A. Yeah.

7 Q. I'd like to turn back to Exhibit 28.

8 MS. RICHARDSON: It's going to be that  
9 advisory, so you can see -- you can quickly look.

10 MS. OLALDE: Okay. Do you want paper or  
11 do you want to read it on the screen?

12 THE WITNESS: Paper might be faster.

13 MS. OLALDE: Sure. There you go.

14 THE WITNESS: Okay.

15 Q. (BY MS. RICHARDSON) And then if we could turn  
16 to Page 2.

17 A. Sure.

18 Q. Okay. And let me know when you're ready.

19 A. Okay.

20 Q. Okay. Do you see that section that says  
21 "County Commissioners Precincts"?

22 A. I do.

23 Q. And it discusses, you know, Article V,  
24 Section 18(b) of the Texas Constitution requires each  
25 county to be divided into four commissioner precincts.

1                   You see that paragraph?

2           A.    Yes.

3           Q.    And then at the end, it says, therefore the  
4   Commissioners Court must be redistricted by  
5   November 13th, 2021, the first day of the  
6   candidate-filing period for the primary election.

7                   Do you understand that -- do you  
8   understand that deadline to refer to redistricting in  
9   time for the candidacy filing period for the -- for  
10   the March 2022 primary?

11          A.    Yes.  I understood that to infer them putting  
12   a deadline on county commissioner precinct  
13   redistricting based on the first page, third  
14   paragraph --

15          Q.    Uh-huh.

16          A.    -- last sentence where they say in regards to  
17   the Legislature allowing the Secretary of State to  
18   adopt different timelines for redistricting.

19          Q.    But you see there on the section we just read  
20   it refers to the -- the Texas Constitution that  
21   sets -- that sets the -- the requirements for  
22   Commissioner Court redistricting?

23          A.    Yes.  I understand that to put the  
24   requirement of the redistricting needing to happen.

25          Q.    Okay.  So the deadline isn't -- the deadline

1 is set by State law, not just the Secretary of State;

2 is that correct?

3 MS. OLALDE: Objection; calls for a  
4 legal conclusion. Also, asked and answered.

5 Q. (BY MS. RICHARDSON) I'm going -- I'm  
6 asking -- I'm never going to ask based on -- you for a  
7 legal conclusion because you're not a lawyer. I'm  
8 going to always ask based on your personal opinion and  
9 understanding.

10 A. Thank you.

11 Q. Uh-huh. So if you -- you can answer the  
12 question.

13 A. With regards that deadline set by State law?

14 Q. Yes.

15 A. I -- I don't know.

16 Q. Okay. But it says there that the Texas  
17 Constitution regards the Commissioners Court  
18 precincts.

19 MS. OLALDE: I'm sorry, are you finished  
20 with the question?

21 MS. RICHARDSON: I am.

22 MS. OLALDE: Okay. So objection; asked  
23 and answered.

24 A. I understand the reference to the  
25 Constitution that require that each County be divided

1 into four commissioner precincts. I didn't take -- I  
2 didn't read that article or section of the  
3 Constitution.

4 Q. (BY MS. RICHARDSON) You -- the March 2022  
5 primary was always going to happen, as you understand  
6 it, correct?

7 A. No.

8 Q. You didn't think the -- there was going to be  
9 a primary for the -- the 2022 elections?

10 A. From -- from my understanding, is there --  
11 there's been -- maybe back in 2012 there was a delay  
12 in the primary --

13 Q. Uh-huh.

14 A. -- based on redistricting at that time in the  
15 state.

16 Q. Uh-huh.

17 A. So we didn't know if that was going to happen  
18 this time around based on the delay of the census  
19 data.

20 Q. But there was going to be a primary?

21 A. There was eventually going to be a primary --

22 Q. You didn't know if it was going to be in  
23 March?

24 A. Correct.

25 Q. But you knew there was going to be a primary

1 in 2022 because there was going to be elections in  
2 2022?

3 A. Yes.

4 Q. And candidates had to know what districts  
5 they lived in, correct?

6 A. Yes.

7 Q. Ahead of the primary so that they can know  
8 which district they're going to run in?

9 A. Yes.

10 Q. Okay. So is -- wasn't it foreseeable that  
11 there would be a filing period approximately around  
12 that time because of the election year pending?

13 MS. OLALDE: Objection; calls for  
14 speculation.

15 A. I think that was the -- that was the time --  
16 that was the set timeline, right? December 13th is  
17 the end of the filing period.

18 Q. (BY MS. RICHARDSON) Uh-huh.

19 A. We didn't know if it was going to change or  
20 not.

21 Q. But it would always be November at the  
22 earliest, right?

23 MS. OLALDE: Objection; asked and  
24 answered.

25 A. From my understanding, is last time

1     redistricting was done in the state of Texas, there  
2     was a change in the filing deadline dates and the  
3     actual primaries.

4           Q.     (BY MS. RICHARDSON) But that would have been  
5     a later change to move the deadline down. Am I  
6     correct?

7           A.     Correct. It would have moved the deadline  
8     beyond November to December. It would have pushed it  
9     past to a later date.

10     Q.     And so I'll rephrase my earlier question just  
11     to make it clear.

12                     Then the November filing period, it  
13     was -- the filing period for the primary in 2022 was  
14     always going to be at least in November?

15                     MS. OLALDE: Objection; asked and  
16     answered.

17           A.     Yes.

18           Q.     (BY MS. RICHARDSON) Thank you.

19                     MS. RICHARDSON: We can take that  
20     exhibit down.

21     Q.     (BY MS. RICHARDSON) I'd also like to revisit  
22     Exhibit 7.

23                     MS. RICHARDSON: I'm sorry about that  
24     stack.

25                     MS. OLALDE: It's a very heavy stack.

1 [REDACTED] Here you go.

2 [REDACTED] This one?

3 [REDACTED] MS. RICHARDSON: Uh-huh.

4 [REDACTED] Q. (BY MS. RICHARDSON) Mr. Drummond, so we  
5 talked about this earlier. You talked about this with  
6 Mr. Mancino, that this was a meeting you had regarding  
7 redistricting in December 2020 with Paul Ready, it  
8 appears Dale Oldham and Judge Henry; is that -- is  
9 that right?

10 [REDACTED] A. Yes.

11 [REDACTED] Q. And the topic was redistricting for the  
12 twenty -- the 2021 year redistricting cycle?

13 [REDACTED] A. Yes.

14 [REDACTED] Q. That was the first meeting you had with Dale  
15 Oldham and Judge Henry regarding redistricting?

16 [REDACTED] MS. OLALDE: Objection; asked and  
17 answered.

18 [REDACTED] A. From my recollection, yes.

19 [REDACTED] Q. (BY MS. RICHARDSON) Do you recall having  
20 meetings with other commissioners and Dale Oldham  
21 regarding the 2021 redistricting cycle?

22 [REDACTED] MS. OLALDE: Objection; asked and  
23 answered.

24 [REDACTED] A. I don't specifically recall.

25 [REDACTED] Q. (BY MS. RICHARDSON) In this meeting, were you

1 | provided instructions by Mark Henry about discussions  
2 | with other commissioners regarding the 2021  
3 | redistricting cycle?

4 | A. I don't specifically recall.

5 | Q. In this meeting, did Mark Henry express to  
6 | you your -- his preferences regarding redistricting  
7 | during the 2021 redistricting cycle?

8 | A. At this meeting, I don't specifically recall.

9 | Q. In any subsequent meetings did Mark Henry  
10 | express to you his preferences about how the map  
11 | should look regarding -- in the 2021 redistricting  
12 | cycle?

13 | MS. OLALDE: Objection; vague.

14 | Q. (BY MS. RICHARDSON) And I can give you  
15 | examples.

16 | Did he give you -- for example, did he  
17 | communicate to you any examples about the redrawing --  
18 | drawing the coastal precinct, for example?

19 | A. You mean giving me examples of what it would  
20 | look like --

21 | Q. Oh --

22 | A. -- or just saying he wanted a coastal  
23 | precinct?

24 | Q. I apologize. I'm giving you examples of what  
25 | I'm asking.

1 A. Okay.

2 Q. So did he communicate to you any preferences  
3 with respect to drawing a coastal precinct for the  
4 new -- the new map?

5 A. Yeah. I -- and I believe I may have  
6 testified earlier under his questioning that Judge  
7 Henry gave me some objectives, which that was the  
8 first one, having a coastal precinct; and the second  
9 was, is to make the district -- or commissioners'  
10 precincts aligned close to population.

11 Q. Uh-huh, yes, that's exactly --

12 A. Okay.

13 Q. -- what I'm asking about, thank you.

14 A. Okay.

15 Q. So did you communicate those preferences to  
16 any of the other commissioners?

17 MS. OLALDE: Objection; asked and  
18 answered, I believe.

19 MS. RICHARDSON: I don't believe it's  
20 been asked but we can --

21 MS. OLALDE: Well --

22 Q. (BY MS. RICHARDSON) But if you don't mind  
23 answering.

24 A. I don't recall. I know Darrell -- Darrell  
25 Apffel and I had a conversation --

1 Q. With respect to --

2 A. -- I believe.

3 Q. -- those objectives?

4 A. Yes.

5 Q. What about you and Commissioner Giusti?

6 A. I don't recall.

7 Q. What about you and Commissioner Holmes?

8 A. Again, I don't recall that.

9 Q. Okay. And I just have to tick off the list.

10 A. Sure.

11 Q. What about you and Commissioner Clark?

12 A. I -- again, I don't recall. The only  
13 conversation is one specific I recall is Darrell  
14 Apffel.

15 Q. Okay. And your conversation with Darrell  
16 Apffel, would that have occurred subsequent to your  
17 conversation with Mark Henry?

18 A. From my recollection, I think it happened in  
19 the same meeting that Darrell attended with us.

20 Q. Okay. Did Judge Henry ever instruct you  
21 during the redistricting -- the 2021 redistricting  
22 process to communicate his preferences to the other  
23 commissioners with respect to redistricting criteria  
24 and any -- and his objectives about redistricting?

25 MS. OLALDE: Objection; compound.

1 Vague.

2 You can answer.

3 A. Yeah, I don't recall that directive.

4 Q. (BY MS. RICHARDSON) Okay. Did Mark Henry  
5 give you any other instructions with respect to  
6 communicating with the commissioners during the  
7 redistricting cycle?

8 A. Not that I can recall.

9 Q. Okay. Okay.

10 Let's see. Then I would like to recall  
11 Exhibit 25.

12 MS. RICHARDSON: And, Alexa, while we're  
13 talking about this exhibit, we can go ahead and mark  
14 as Exhibits 30 -- I guess we're on 36 and 37, and  
15 the -- Maps 1 -- Map 1 and Map 2, respectively, and  
16 then I'll pull those up in a second.

17 Q. (BY MS. RICHARDSON) But in the meantime, we  
18 can look -- take a look at Exhibit 25.

19 So that is -- I don't -- it's not on the  
20 screen, but if you --

21 A. I have it right here.

22 Q. You have it in front of you?

23 A. Uh-huh.

24 Q. The Facebook post -- post we discussed,  
25 correct --

1 A. Yes.

2 Q. -- earlier? And those have the two map  
3 proposals?

4 A. It appears they have Map 1 and 2 attached to  
5 it.

6 Q. Okay. Yeah, and was -- and that wasn't your  
7 first time reviewing the maps before they were  
8 published on Facebook, correct?

9 A. I don't believe it was the first time we'd  
10 seen the maps, correct.

11 Q. Okay. Thank you.

12 Then let's pull up Exhibit 36.

13 (Marked Drummond Exhibit No. 36.)

14 A. Are we done with this one?

15 Q. (BY MS. RICHARDSON) We are done with this  
16 one.

17 A. Okay.

18 Q. It was just a quick little refresher.

19 A. Okay.

20 Q. So that's Map 1. We're looking at  
21 Exhibit 36. That's Map 1 that you saw on the Facebook  
22 post, correct?

23 A. I believe so, yes.

24 Q. The proposed map? And I'll represent to you  
25 I pulled this off of --

1 A. You pulled it off --

2 Q. -- the County agenda meeting minutes from the  
3 November 12th hearing.

4 A. It appears to look like the same map that was  
5 posted on the Facebook post.

6 Q. Okay. So I'll just start with this map,  
7 then, get into a little discussion about it.

8 What was your opinion on Map 1?

9 A. Yeah, I don't know.

10 Q. What is your opinion on Map 1 currently?

11 A. I don't know.

12 Q. Do you understand it to retain Precinct 3 as  
13 a majority-minority district?

14 A. I don't know.

15 Q. Okay. Can you explain more, why don't you  
16 know?

17 A. You're asking me about my opinion of it at  
18 the time. I don't remember it, and it's been so far  
19 along since redistricting, I don't -- I haven't  
20 reconsidered Map 1.

21 Q. At the time, did you consider map -- the  
22 Map 1 as a viable option for adoption?

23 A. I'm not a -- I don't have a vote in  
24 Commissioners Court.

25 Q. But as a voter in Galveston County, you have

1 an opinion on how maps are drawn, correct?

2 A. Yes.

3 Q. And so I'm just asking what is your opinion,  
4 you know, as a voter in Galveston County, subject to  
5 these precinct lines shown on Map 1?

6 A. I supported Map 2.

7 Q. Okay. Okay. Then we can pull up Map 2.

8 MS. RICHARDSON: Alexa, can you go to  
9 Exhibit 37?

10 (Marked Drummond Exhibit No. 37.)

11 Q. (BY MS. RICHARDSON) Okay. Is this Map 2?  
12 I'll represent to you again I pulled this from the  
13 twenty -- the November 12th agenda.

14 A. Yes.

15 Q. Okay. So you said you supported Map 2. Can  
16 you explain why?

17 A. It creates a coastal precinct.

18 Q. Referring specifically to Precinct 2?

19 A. Yes.

20 Q. Why did you want to create a coastal  
21 precinct?

22 A. There's a lot of alignment with coastal  
23 issues in those communities.

24 Q. Can you explain some of that alignment?

25 A. The County's functions is to work closely

1 with the General Land Office on coastal issues, beach  
2 access, beach maintenance, dune maintenance, and  
3 having a commissioner represent all those interests I  
4 think was a good public policy decision.

5 Q. Do you know if voters ever expressed a  
6 preference for a coastal precinct? And, sorry, I'll  
7 clarify. Voters other than you.

8 A. Yes.

9 Q. Who -- what -- what do you know about voters  
10 who expressed a preference about a coastal precinct?

11 A. From some of the review I did with the public  
12 comment, when I testified earlier about the public  
13 comments.

14 Q. Uh-huh.

15 Do you know if any minority residents in  
16 Galveston County expressed a view about a coastal  
17 precinct?

18 A. I don't recall.

19 Q. Do you know if any minority voters expressed  
20 a view about Map 2?

21 A. From being in the public meeting, there was  
22 testimony and opinions about Map 1 and 2 from  
23 residents.

24 Q. What do you recall the opinions -- about the  
25 opinions? Sorry.

1 A. There was some folks in attendance that were  
2 not in favor of Map 1 or 2.

3 Q. Uh-huh. Do you understand why they weren't  
4 in favor of either map?

5 A. They gave their own reasonings in their  
6 public comment testimony at the meeting.

7 Q. What do you -- what did you understand the  
8 reasoning to be?

9 A. I think I testified to that earlier about  
10 their representation on Commissioners Court.

11 Q. So we talked -- and you did talk earlier --  
12 we talked earlier about the -- about Precinct 3.

13 Do you understand Map 2 -- now we can  
14 call it Map 2 or the adopted map synonymously -- to  
15 maintain Precinct 3 as a -- as a majority-minority  
16 precinct, looking at this map?

17 A. I'm sorry, what -- what was the question  
18 specifically?

19 Q. I can repeat it.

20 Do you understand --

21 A. Thank you.

22 Q. -- Precinct 3 to be maintained as a  
23 majority-minority precinct under Map 2?

24 A. I don't know.

25 Q. Okay. Do you understand any precinct to be

1 viable as a majority-minority precinct under Map 2?

2 A. I don't know.

3 Q. I'll represent to you that in 2011 -- we  
4 talked earlier the Department of Justice objected to  
5 the map that was passed in 2011. And one of the  
6 reasons I'll represent -- and we can look at the  
7 document if you would like -- was because the --  
8 because Bolivar Island was drawn into Precinct 3.

9 Is it correct that both of these maps  
10 draw Bolivar Island into a different precinct?

11 MS. OLALDE: I'm sorry, I couldn't  
12 understand your question.

13 What was it?

14 MS. RICHARDSON: I asked him --

15 MS. OLALDE: Right. And I'm just  
16 asking --

17 MS. RICHARDSON: -- his opinion about  
18 the maps that Bolivar Island being drawn into a new --  
19 into Galveston Island.

20 MS. OLALDE: Object as to period of  
21 time.

22 MS. RICHARDSON: In 2021.

23 A. Okay. Map 1 and 2 do have -- make changes to  
24 Bolivar Peninsula's commissioner district.

25 Q. (BY MS. RICHARDSON) Uh-huh.

1                   And were you aware that that was a  
2 primary objection by the Department of Justice as a  
3 reason why they objected to the map in 2011?

4                   MS. OLALDE: Objection; asked and  
5 answered.

6           A.     Yeah, I don't.

7           Q.     (BY MS. RICHARDSON) Okay.

8                   MS. RICHARDSON: If we can zoom into  
9 Map 2 just a little bit, if we can zoom in at the  
10 intersection of 3, 4, and 1. And actually just a  
11 little further south. I'm sorry, like show us more  
12 green where it says "La Marque."

13           Q.     (BY MS. RICHARDSON) So zooming in, I'm going  
14 to ask you a little bit of questions about geography.  
15 You know the area a lot better than I do.

16                   So do you see where it -- where  
17 La Marque is?

18           A.     Yes.

19           Q.     Okay. Do you see Texas City?

20           A.     Yes.

21           Q.     Which precincts are they located in now?

22           A.     La Marque is in Precinct 2. I don't know if  
23 that's all of Texas City in Precinct 1 or not.

24           Q.     Yeah. So in the -- the map is a little  
25 blurry, but I can represent to you that La Marque is

1 actually split three ways into -- into these three  
2 precincts, 4, 2, and 1.

3 A. Okay.

4 Q. Do you understand that La Marque has -- are  
5 you aware that La Marque has a substantial minor --  
6 minority population?

7 MS. OLALDE: Objection; asked and  
8 answered.

9 MS. RICHARDSON: I don't believe we  
10 asked specifically about La Marque.

11 MS. OLALDE: We did talk about  
12 La Marque's population earlier today.

13 Q. (BY MS. RICHARDSON) You can still answer.

14 A. I don't know the specific demographic makeup  
15 of the city other than what may have been claimed in  
16 this litigation.

17 Q. Uh-huh. Right.

18 Your general understanding. I'm not  
19 asking for a number.

20 MS. OLALDE: Objection; asked and  
21 answered.

22 A. Yeah. I don't know --

23 Q. (BY MS. RICHARDSON) Okay.

24 A. -- if it's majority minority or not, if  
25 that's what you're trying to ask.

1 Q. That is what I'm asking you.

2 A. I don't know for a fact if that's true or  
3 not.

4 Q. Okay. Do you know if maintaining minority  
5 communities in the same Commissioners Court precinct  
6 was a goal of the County?

7 MS. OLALDE: Are you asking about 2011?

8 MS. RICHARDSON: In 2021.

9 MS. OLALDE: Objection; asked and  
10 answered.

11 A. I don't know.

12 Q. (BY MS. RICHARDSON) Okay. Was it a goal of  
13 yours?

14 A. I didn't have any goals for redistricting.

15 Q. Okay. I'll rephrase.

16 Was it a preference of yours?

17 A. I didn't have a preference.

18 Q. Okay. Other than the coastal precinct?

19 A. Correct.

20 Q. Okay. I'm just making sure I don't repeat  
21 any questions.

22 Okay. In your opinion, did the  
23 commissioners take into consideration public comment  
24 about the maps?

25 A. I don't know.

1 Q. Okay. Do you think that certain public  
2 comments were more important than others?

3 MS. OLALDE: Objection; calls for  
4 speculation.

5 A. Yeah, no.

6 Q. (BY MS. RICHARDSON) Did anyone express  
7 concern about the public input process?

8 A. I don't recall.

9 Q. Okay. Did anyone express concern, for  
10 example, that the -- the public needed to be involved  
11 more in the redistricting process?

12 A. I don't recall.

13 Q. Okay. I'm going to make Exhibit 38. And  
14 it's going to be --

15 MS. RICHARDSON: Alexa, it's the exhibit  
16 marked Defendant DFES Bates No. 16268.

17 (Marked Drummond Exhibit No. 38.)

18 Okay. And let's zoom in, because I'm as  
19 nearsighted as possible so I know I need to see.

20 Q. (BY MS. RICHARDSON) Let me -- I can -- I'll  
21 let you review this. But while you're reviewing it,  
22 I'll represent to you this is an e-mail -- it's an  
23 e-mail chain, actually, the first one at the bottom  
24 from Stephanie Swanson, League of -- League of Women  
25 Voters of Texas dot org -- LWV stands for League of

1 | Women Votes -- to the commissioners plus Judge Henry.

2 | Do you see that there?

3 | A. Yes.

4 | Q. And then attach -- it's -- describes a letter

5 | attached from the League of Women Voters of the Bay

6 | Area and the Texas Civil Rights Project regarding

7 | public input in the redistricting process; is that

8 | right?

9 | A. I don't see the attached letter.

10 | Q. I'm about to show you the attached letter.

11 | Don't worry.

12 | A. Okay.

13 | Q. But do you see that it says that a letter is

14 | attached to that e-mail?

15 | A. Yes.

16 | Q. And then you see the next part of the chain,

17 | it's you forwarding this or replying to this, to

18 | Stephen Holmes?

19 | A. Forwarding it to Commissioner Holmes.

20 | Q. Okay. So that's right?

21 | MS. RICHARDSON: Alexa, for the next

22 | exhibit, is that 40? It will be the document

23 | marked -- labeled Bates stamp 11908.

24 | Is it 39?

25 | THE REPORTER: I think so.

1 MS. RICHARDSON: Thank you.

2 (Marked Drummond Exhibit No. 39.)

3 Q. (BY MS. RICHARDSON) All right. And then I'll  
4 represent to you that's the attached letter, if you  
5 want to take a second to review it and let us know...

6 Do you recall this letter?

7 A. Yes, I do now.

8 Q. Okay.

9 A. Can I get access to scroll down?

10 Q. Absolutely.

11 MS. RICHARDSON: Alexa, would you mind?

12 DOCUMENT TECH: Sure, you have it now,

13 Mr. Drummond.

14 THE WITNESS: Thank you.

15 A. Okay.

16 Q. (BY MS. RICHARDSON) Okay. So do you  
17 recall -- you -- you recall receiving this letter?

18 A. I do recall, yes.

19 Q. How did you receive it if it wasn't addressed  
20 to you directly?

21 A. It was sent to Judge Henry.

22 Q. Oh, and you received it because it was sent  
23 to Judge Henry?

24 A. Yes.

25 Q. Do you get some of his e-mails or...

1 A. On occasion I monitor his e-mails.

2 Q. Uh-huh.

3 And this came -- this jumped out at you?

4 A. Yes.

5 Q. Why?

6 A. It was involving redistricting.

7 Q. Okay. Did you read the letter when you saw  
8 it?

9 A. I can't recall, but I would assume yes.

10 Q. Okay. And you -- and we can go -- we don't  
11 have to go back to 38, but you remember we just saw  
12 that e-mail where you forwarded it to Commissioner  
13 Holmes; is that right?

14 A. Yes.

15 Q. Why did you forward it to Commissioner  
16 Holmes?

17 A. This refreshed my memory he and I -- it was  
18 probably during one of our conversations that we  
19 typically have in communicating about County business.  
20 And I brought this up, have you seen this?

21 And he said, no, I didn't get a copy.

22 That's why I sent the email and said,  
23 hey, it looks like they copied you on this as well.

24 Q. Uh-huh. I see.

25 And that discussion -- did your

1 discussion involve any of the topics in this letter?

2 A. No. It involved did you receive the letter.  
3 He wanted me to forward it to him.

4 Q. Okay. And so looking at this letter, do --  
5 you see -- well, actually you stopped at the perfect  
6 page. It says here --

7 MS. RICHARDSON: Can you scroll down  
8 just so I can put the page number on the record,  
9 Alexa? On page -- I think that's, yeah,  
10 Defendants 11909.

11 Q. (BY MS. RICHARDSON) It says provide a genuine  
12 and meaningful opportunities for public comment.

13 Did you -- do you recall seeing these  
14 concerns stated in this letter?

15 MS. OLALDE: Objection; vague as to  
16 time, and asked and answered.

17 MS. RICHARDSON: I mean, the letter  
18 could have only been sent at a certain time period,  
19 so --

20 MS. OLALDE: No, I mean, because you've  
21 talked about him seeing it at different time periods.  
22 So I just wanted to make sure your question was at the  
23 time.

24 Q. (BY MS. RICHARDSON) At any time that you  
25 saw -- do you recall seeing the -- the concerns listed

1 in this letter about meaningful opportunities for  
2 public comment?

3 A. I recall receiving the letter.

4 Q. Uh-huh.

5 And you -- do -- and -- but not the  
6 specific concerns addressed to them -- in them,  
7 rather?

8 A. No. That's why my prior testimony just a few  
9 moments ago, I couldn't specifically recall the  
10 concerns that were raised about public comment or  
11 the --

12 Q. Uh-huh.

13 A. -- you know, the involvement of public  
14 comment.

15 So I get this letter, forward to  
16 Commissioner Holmes, and I -- I don't know where it  
17 got forwarded after that.

18 Q. Okay. Did you rate -- so you wouldn't have  
19 addressed this letter at all?

20 A. I would have forwarded it to counsel.

21 Q. Uh-huh.

22 A. Based on the -- the e-mail said --  
23 October 29th is when this came in?

24 Q. We can go back and --

25 MS. RICHARDSON: Alexa, you can go back

1 | to 39 -- or, I'm sorry, 38, just to get the date  
2 | right.

3 | A. So I -- I can't recall if I had forwarded to  
4 | counsel or Judge Henry had forwarded it to counsel.

5 | Q. (BY MS. RICHARDSON) Okay. And by "counsel"  
6 | that would have included whom?

7 | A. Would have been either Paul Ready --

8 | Q. Uh-huh.

9 | A. -- or Paul Ready and Dale Oldham.

10 | Q. Okay. So they would have received this  
11 | letter, though, in any event, you believe?

12 | A. If it got forwarded, yes.

13 | Q. Okay. To your knowledge, were any of the  
14 | recommendations in the letter implemented?

15 | A. I don't know.

16 | Q. Okay. Do you recall -- to your knowledge did  
17 | the commissioners respond to any of the concerns  
18 | outlined in the letter?

19 | A. I don't recall.

20 | Q. And other than Commissioner Holmes, do you  
21 | recall discussing this letter with any other  
22 | commissioner?

23 | A. I don't recall.

24 | Q. And now that I've sort of jogged your memory,  
25 | do you recall now any other concerns relayed to you

1 regarding the public input process?

2 A. No, I still don't recall.

3 Q. If you had received any complaints about the  
4 public input process, would you have responded to  
5 them?

6 MS. OLALDE: Objection; calls for  
7 speculation.

8 A. I would have responded or forwarded them to  
9 counsel.

10 Q. Would you have raised any of the concerns to  
11 any of the commissioners?

12 MS. OLALDE: Objection; calls for  
13 speculation.

14 Q. (BY MS. RICHARDSON) Or Judge Henry, I should  
15 add, just so we can be complete.

16 A. I would have given it to Judge Henry.

17 Q. Okay. Okay. I think I'm actually very close  
18 to done.

19 MS. RICHARDSON: Okay. I actually think  
20 I am done, but if you don't mind giving me five  
21 minutes just to look over and we can run to --

22 THE WITNESS: Okay.

23 MS. RICHARDSON: -- since we powered  
24 through it, but can we go off the record?

25 THE VIDEOGRAPHER: The time is 4:55.

1 Off the record.

2 (Break from 4:56 p.m. to 5:08 p.m.)

3 THE VIDEOGRAPHER: The time is 5:08 --  
4 sorry -- 5:07. Back on the record.

5 Q. (BY MS. RICHARDSON) Okay, Mr. Drummond. I  
6 just have like less than a handful of questions left  
7 to ask you, and then we are getting out of here.

8 I'd like to pull up Exhibit 37 again,  
9 Map 2.

10 MS. RICHARDSON: Okay. And we'll do a  
11 little bit of zooming in. I'd like to just like zoom  
12 in, and this is mostly for my blind eye's sake  
13 mostly -- exactly right.

14 Q. (BY MS. RICHARDSON) So, Mr. Drummond, I have  
15 a few more questions about just the geography a little  
16 bit.

17 So we were talking earlier about the  
18 need for a coastal precinct. You recall that  
19 testimony?

20 A. Yes.

21 Q. Do you see, you know -- Texas City is on the  
22 coast, correct?

23 A. No.

24 Q. Are -- can you explain what that coastline is  
25 then?

1 A. They're in Galveston Bay.

2 Q. Okay. So they're -- but they are on --  
3 they're on the bay side of the --

4 A. They're in the bay. They're not on the  
5 coast.

6 Q. Yes, so but they're on the bay?

7 A. Yep.

8 Q. Okay. Thank you. I'll -- yeah, then I'll  
9 stick to that more technical term, they're on the bay.

10 A. Okay.

11 Q. I was using coastal more colloquially.

12 And, also, there are other parts of  
13 Precinct 1 that are in the bay, Galveston Bay, as  
14 well, right?

15 A. Yes.

16 Q. Okay. Precinct 1 has a shoreline, then, that  
17 leads into a bay, correct?

18 A. Precinct 1 is in Galveston Bay.

19 Q. So in that -- and so it has a shoreline on  
20 Galveston that leads into the Galveston Bay, correct?

21 A. Yes.

22 Q. Okay. And so precinct -- or Galveston Bay  
23 and the surrounding communities, they also are subject  
24 to storm surges, correct?

25 A. To my understanding, yes.

1 Q. And they also have issues with dune

2 maintenance, for example?

3 A. No.

4 Q. Okay. Do they have beach access issues?

5 A. No.

6 Q. Do they have other issues related to being on

7 a bay leading into the ocean?

8 MS. OLALDE: Objection; confusing.

9 Vague.

10 A. Yeah, I mean -- they have other issues of

11 being in a bay?

12 Q. (BY MS. RICHARDSON) Uh-huh.

13 What are some of the issues related to living

14 on the shore of Galveston -- Galveston Bay?

15 A. I think you just identified the main issue.

16 MS. OLALDE: Yeah. Sorry, I was

17 objecting --

18 (Speaking simultaneously.)

19 THE WITNESS: Sorry.

20 MS. OLALDE: Hold on, I was going to

21 object as to vague and confusing again, but go ahead.

22 MS. RICHARDSON: Yeah, I mean, if he's

23 confused, he can ask me to clarify.

24 MS. OLALDE: Yeah, no, no, no. I'm

25 making my objections for the record --

1 (Speaking simultaneously.)

2 A. I'm very confused by your question.

3 Q. (BY MS. RICHARDSON) You're confused by my  
4 question?

5 A. Yeah.

6 Q. Just asking just so that we're not, again,  
7 coaching like earlier --

8 A. Sure --

9 (Speaking simultaneously.)

10 (Reporter clarification.)

11 MS. OLALDE: Right, I do want to make  
12 sure my objections are preserved for the record. And  
13 if you're asking what are the issues on -- I don't  
14 even know what that means. And so -- it's actually a  
15 great conversation time, for you to clarify your  
16 question so that we can get a clear record.

17 MS. RICHARDSON: Yeah, I understand, and  
18 I -- and with all due respect, it's what he  
19 understands the question to be, so I just want to make  
20 sure.

21 Q. (BY MS. RICHARDSON) And if you do, then  
22 you -- you can ask for clarification -- if you don't,  
23 I'm sorry, you can ask for clarification.

24 A. I'm confused because you're interchanging  
25 coastal issues with --

1 MS. OLALDE: Let's wait and --

2 THE WITNESS: Okay.

3 MS. OLALDE: -- let's have a question  
4 pending.

5 Q. (BY MS. RICHARDSON) Okay. What are issues  
6 related -- what are some issues that concern the  
7 communities that are on the coast -- on the shore of  
8 Galveston Bay?

9 A. Coastal would be tidal storm surge within the  
10 bay, windstorm.

11 Q. Okay.

12 A. Yeah.

13 Q. Does Galveston Bay get hurricanes?

14 A. Hurricanes come from the Gulf Coast.

15 Q. Do they reach the bay?

16 A. Yes.

17 Q. Thank you.

18 MS. RICHARDSON: I have no further  
19 questions.

20 MS. OLALDE: We will preserve  
21 [verbatim].

22 THE WITNESS: It's done?

23 MS. OLALDE: Yeah.

24 THE VIDEOGRAPHER: The time is 5:12.

25 Off the record.

8 JOSEPH GIUSTI,  
9 having been first duly sworn, testified as follows:

10 EXAMINATION

11 QUESTIONS BY MR. GEAR:

12 Q. Good morning, Mr. Giusti. So before we get  
13 started I wanted to kind of talk about some of the  
14 guidelines for the deposition. Have you ever been  
15 deposed before?

16 A. Yes, sir.

17 Q. And when were you deposed?

18 A. Several -- several years ago.

19 Q. And was that a civil or criminal matter?

20 A. Civil.

21 Q. And what was that matter concerning?

22 A. Automobile accidents when I was a police  
23 officer working accidents.

24 Q. So were you a witness or were you one of the  
25 main parties?

1 A. As a witness.

2 Q. Okay. So during the deposition I'll be asking  
3 questions and you'll be providing answers. The court  
4 reporter will be taking down questions and your  
5 answers, so we will need to provide verbal responses.  
6 Is that clear?

7 A. Yes, sir.

8 Q. Okay. And give me a chance to ask the  
9 complete question, and I'll give you a chance to answer  
10 completely. That way we won't be talking over each  
11 other. Is that understood?

12 A. Yes, sir.

13 Q. You may hear your attorney make an objection,  
14 and unless you are directed not to answer my question,  
15 you will be expected to provide a complete and accurate  
16 answer. Is that fair?

17 A. Yes.

18 Q. If you don't hear a question, let me know, and  
19 I'll be happy to repeat it.

20 A. Yes, sir.

21 Q. Is that okay?

22 A. Yep.

23 Q. All right. And if at any time you want to  
24 correct an answer or give a more complete answer, just  
25 let me know, and I'll stop the deposition, you know,

1 my -- my questions, and give you an opportunity to  
2 correct or complete your answer. Is that clear?

3 A. Yes.

4 Q. Is there anything today that would prevent you  
5 from answering the questions honestly?

6 A. No, sir.

7 Q. Is there any type of medication that you're on  
8 that would prevent you from answering the questions  
9 honestly and completely today?

10 A. Nope.

11 Q. Do you have any type of illness that would  
12 prevent you from answering questions completely and  
13 honestly today?

14 A. No.

15 Q. So if you need to take a break at any time  
16 during the deposition, just let me know, and the only  
17 thing that I would ask is that you complete the answer  
18 that is before you, and then I'll make time to give you  
19 a break, okay?

20 A. Yes, sir.

21 Q. All right. So just some simple background  
22 questions to start off. Were you born and raised in  
23 Galveston County?

24 A. I was.

25 Q. And where were you born?

1 A. Galveston Island. St. Mary's Hospital.

2 Q. And where do you currently live?

3 A. Santa Fe, Texas.

4 Q. And did you attend college?

5 A. Briefly.

6 Q. Where did you attend college?

7 A. Galveston College and College of the Mainland.

8 Q. Okay. And so from your answer I take it you  
9 didn't complete --

10 A. No, sir, I did not.

11 Q. -- your college education. So at what time  
12 period were you attending college?

13 A. 1977 to '80, roughly.

14 Q. And when you -- when you left college, did you  
15 begin working?

16 A. I actually began working while still in  
17 college.

18 Q. Okay. Can you give me a description of the  
19 type of work that you performed leading up to your  
20 position as county commissioner?

21 A. Yes, sir. I started off, of course, jobs as a  
22 kid, and then out of high school I worked as a security  
23 officer at University of Texas Medical Branch for a  
24 very short period of time until I was hired by  
25 Galveston Police Department, which I did for 25 years.

1 Q. And when were you hired by the Galveston  
2 Police Department?

3 A. March of 1978.

4 Q. Okay. And how long did you serve as a police  
5 officer?

6 A. Twenty -- well, 25 years full-time there, and  
7 then I was in their reserves for another six years. I  
8 then did private security during that time frame, and  
9 then I went into the -- one of the Galveston County  
10 constable's office for six years as a chief deputy.

11 Q. Okay. So let's break that out a little bit.  
12 It's my understanding that you served as a motorcycle  
13 police officer.

14 A. Yes, sir.

15 Q. And how long did you serve as a motorcycle  
16 police officer?

17 A. 12 years full-time, 18 probably off and on  
18 with escorts and other things.

19 Q. And was that in Galveston Island?

20 A. Yes, sir.

21 Q. Okay. And then my understanding also is that  
22 you served as a Galveston SWAT --

23 A. Yes, sir.

24 Q. -- officer?

25 A. Correct.

1 Q. How long did you serve in --

2 A. 12 -- 12 years.

3 Q. Okay. And just briefly regarding the  
4 motorcycle officer that you served for 12 years in  
5 Galveston, can you tell me what that involved and where  
6 your patrol would take you to on a daily basis?

7 A. Pretty much the entire island. Mostly east  
8 of -- where it's covered by the seawall, east of 103rd  
9 Street if you would. Most of the duties were traffic  
10 related, monitoring traffic, working the traffic  
11 accidents when we were on duty. That was the biggest  
12 part of it.

13 Q. So is it fair to say that during your course  
14 of employment as a motorcycle police officer that you  
15 learned the island and the populations and where they  
16 were?

17 A. Yes, sir.

18 Q. Okay. And as a SWAT officer, were your  
19 functions the same or were they different?

20 A. No. SWAT was a part-time job that utilized us  
21 when they needed us. We trained once a month, roughly,  
22 and then we'd come in whenever they needed us. They'd  
23 activate us. So it was really a lot different. And  
24 what that entailed was hostage-type situations,  
25 barricaded suspects, things along that nature.

1 Q. Okay. And so when you said that you served as  
2 a police officer -- a motorcycle police officer, I  
3 believe you said pretty much the entire county, or was  
4 it the entire --

5 A. City.

6 Q. City.

7 A. City of Galveston.

8 Q. Okay. Did your patrol take you to areas like  
9 La Marque, Texas City, or other areas outside of the  
10 city of Galveston?

11 A. No, sir. Not on a regular basis.

12 Q. Okay. So during your time as a motorcycle  
13 police officer, were you involved in any type of  
14 community policing?

15 A. Not as a motorcycle officer, but when I left  
16 motorcycles.

17 Q. Okay. Were you involved in community policing  
18 while you were in the SWAT position?

19 A. Same answer. Those are -- those ran along  
20 pretty much the same time frame.

21 Q. Uh-huh.

22 A. The SWAT and the motorcycle.

23 Q. Okay.

24 A. Probably from 1980 to '92, '93, that time  
25 frame.

1 Q. So you indicated that you were a -- you were  
2 in the position of deputy chief constable.

3 A. Yes.

4 Q. Is that an elected position?

5 A. No. Not as -- not as the chief deputy, no.

6 Q. Okay. And when did that career begin?

7 A. 2009.

8 Q. And how long did you serve?

9 A. Six years.

10 Q. And so same question for deputy chief counsel.  
11 Constable. Sorry. Were you involved in any community  
12 policing related to that position?

13 A. We did some with the community as far as just  
14 going to events and touching base, and, you know, we'd  
15 go to the schools and do some things. We'd work school  
16 zones from time to time, just off and on. As far as  
17 community policing, when I was with Galveston PD after  
18 the motorcycle I spent ten years in the community  
19 service division.

20 Q. Oh, okay. And so what did that involve?

21 A. Everything meeting with the public, some  
22 public information with the public, reaching out to the  
23 public, D.A.R.E. program. I taught the D.A.R.E.  
24 program, taught the G.R.E.A.T. program for several  
25 years, which was a drug program and the gang program

1 | that we taught here. Did that for six, seven years I  
2 | guess of that time, also while doing my other duties as  
3 | community service officer which entailed, you know,  
4 | just community policing in general, going out in the  
5 | neighborhoods, going to groups, talking to groups, and  
6 | just building a relationship between the PD and the  
7 | community.

8 | Q. And did that take you outside of Galveston  
9 | Island for the community policing?

10 | A. No, sir, not really, other than just going to  
11 | trainings occasionally. No.

12 | Q. Okay. And you mentioned two programs, and  
13 | just I wanted to be clear for the record. The D.A.R.E  
14 | program, what exactly is that?

15 | A. Drug resistant -- it's a drug resistance  
16 | program.

17 | Q. Okay. You mentioned gangs.

18 | A. Yeah. G.R.E.A.T. is Gang Resistance Education  
19 | and Training.

20 | Q. Okay. And as the deputy chief constable what  
21 | were your responsibilities?

22 | A. Basically to kind of oversee the office, make  
23 | sure everybody was on the schedule and doing what they  
24 | were supposed to be doing, and also I did different  
25 | writs and things that would come through the office

1 just like the deputies would.

2 Q. And was there any attempts to conduct public  
3 outreach as a deputy chief constable?

4 A. We'd go to meetings and stuff in the evenings  
5 as may would request us, but as far as us actually  
6 being a part of any kind of formal outreach, not  
7 really.

8 Q. Okay. And so just moving backwards, when you  
9 were in the community service -- did you say community  
10 service division?

11 A. Yes.

12 Q. Was there any public attempts to reach out to  
13 the minority black and Hispanic communities on  
14 Galveston Island?

15 A. Yes, sir.

16 Q. And what did that involve?

17 A. Normally what we'd do is we'd be -- we'd work  
18 through the churches, through the African-American  
19 churches, through the Hispanic churches, and we'd go  
20 talk to them and just basically tell them what we do as  
21 a police department. We'd answer their concerns if  
22 something was going on. We -- normally I wouldn't be  
23 by myself.

24 It was -- if it was something big going  
25 on, like something had happened involving an officer

1 | that negatively impacted the police department and hurt  
2 | the community in some way, we would go out to the  
3 | community. Not just me. I would usually be with a  
4 | captain or a chief, and we would go and talk to the  
5 | community and just let them know the information that  
6 | we had that we could release based on investigations  
7 | and things like that.

8 | Q. And so all of your positions as a police  
9 | officer, deputy chief counsel -- or constable,  
10 | motorcycle officer, and in the SWAT position, is it  
11 | fair to say that you learned where the various racial  
12 | demographic populations were in -- on Galveston Island  
13 | during your career?

14 | A. Yes, sir.

15 | Q. So let's talk about organizations, if any,  
16 | that you are a member of. Are you a member currently  
17 | of any organization?

18 | A. Yes, sir.

19 | Q. And can you tell me what those organizations  
20 | are?

21 | A. I'm a member of the Tucker Lodge here in  
22 | Galveston, Serenity Lodge in Santa Fe, both of which  
23 | are Masonic lodges.

24 | Q. Any other organization?

25 | A. I don't think so right now.

1 Q. Okay. And so the Tucker Lodge, what is that?

2 A. It's a Masonic lodge.

3 Q. All right. And which makes you a Mason.

4 A. Yes, sir.

5 Q. All right. How long have you been a Mason?

6 A. Since 1987.

7 Q. And the Serenity Lodge?

8 A. Serenity Lodge, yes, sir.

9 Q. Is that also a Masonic lodge?

10 A. It is.

11 Q. Okay. So have you left or disassociated from  
12 any organizations over the past ten years?

13 MS. OLALDE: Objection; form.

14 THE REPORTER: I heard, "Objection;  
15 form," but didn't hear after that.

16 MS. OLALDE: Overbroad.

17 THE WITNESS: Yes.

18 Q. (By Mr. Gear) And what organizations would  
19 those be?

20 A. I had joined Oath Keepers for a very short  
21 period of time and left.

22 Q. And so when did you join the Oath Keepers?

23 A. In 2014.

24 Q. What is the Oath Keepers?

25 A. Well, my understanding of it at the time was

1 | just what it says. You promise -- you swear to keep an  
2 | oath that you took, which to me was an honorable thing.  
3 | You know, when you take an oath -- every one of us in  
4 | this room has had an oath and basically swore to uphold  
5 | that oath. My understanding was it's exactly what it  
6 | was.

7 | Q. And so when you say promise to keep an oath  
8 | that you took, do they have a specific oath that you  
9 | are required to give when joining the Oath Keepers?

10 | A. I don't recall.

11 | Q. But in any event you gave an oath?

12 | A. I gave an oath to the Constitution of the  
13 | United States, the State of Texas on several occasions  
14 | as a police officer, as -- as a commissioner, as a  
15 | constable, given oath several times.

16 | Q. And so focusing on the Oath Keepers, how long  
17 | were you a member of the Oath Keepers?

18 | A. Probably three to four months. Well, let me  
19 | rephrase that. Three to four months that I will claim.  
20 | I probably had a membership that lasted a year that I  
21 | paid for.

22 | Q. Okay. So let's talk about that for a second.  
23 | So there's a membership --

24 | A. Yes.

25 | Q. -- requirement. And do you have to fill out

1 forms to become an Oath Keeper?

2 A. I'm sure I did.

3 Q. And do you have to pay a fee?

4 A. I think it was 10 to 15 bucks for the year.

5 Could be wrong.

6 Q. And how many times while a member of the Oath

7 Keepers did you pay that fee to renew your membership?

8 A. Never.

9 Q. And that membership is for one year, the fee?

10 A. Yes, sir.

11 Q. Do you get a membership card?

12 A. Yeah. I'm sure.

13 Q. So it's my understanding that the Oath Keepers

14 was an organization that actively recruited its

15 members. Were you recruited?

16 A. I was somewhat recruited, but it was more from

17 a friend just mentioning them.

18 Q. So when you say "somewhat recruited," what do

19 you mean?

20 A. Well, once he mentioned it, I kind of, I

21 guess, inquired about it and then got some stuff from

22 them.

23 Q. Okay. And who was this friend?

24 A. I don't recall. I had a couple of friends, I

25 think, that were probably members at one time as police

1 | officers.

2 | Q. Okay. So based on your knowledge you're aware  
3 | that there were friends who were police officers that  
4 | were also members of the Oath Keepers?

5 | A. Yes.

6 | Q. How many friends are we talking about?

7 | A. Two or three.

8 | Q. Are they still active members of the Oath  
9 | Keepers, if you know?

10 | A. I doubt it.

11 | Q. And --

12 | A. Because by now they'd be all retired by many  
13 | years.

14 | Q. Do you recall the names of any of these  
15 | friends?

16 | A. I don't. I mean, it was -- one was a fairly  
17 | close friend. I'm trying to think who it was. And  
18 | then there were a couple others that I just knew that  
19 | were part of it somehow.

20 | Q. Okay. And during your one-year membership  
21 | with the Oath Keepers, did you attend any events?

22 | A. No.

23 | Q. Did you sign on to any Zoom calls? Did you --  
24 | were there any events that -- other than physically  
25 | being there that you attended?

1 A. No.

2 Q. So why did you join the Oath Keepers?

3 A. Well, like I said, it just -- it sounded good  
4 at the time, you know, an organization that says  
5 let's live up to our -- our oath that we took.

6 Q. So let me just clarify that a little bit more.  
7 So what about the Oath Keepers sounded good?

8 A. Just the idea of here's an organization that  
9 says that we all believe in the same thing, the same  
10 oath that we all took, and what we're doing is  
11 promising to live up to the oath that we took.

12 Q. And what is it that you believed in when you  
13 took the oath?

14 MS. OLALDE: Objection; vague.

15 THE WITNESS: Can you restate that or --

16 Q. (By Mr. Gear) Let me restate that. When you  
17 took the oath to become an Oath Keeper, you testified  
18 that "We all believed in the same thing." What is it  
19 that you believed in?

20 MS. OLALDE: Objection; asked and  
21 answered.

22 THE WITNESS: We believed basically that  
23 we had an oath to live up to and we were going to do  
24 it, our oath that we took for the PD, the constable's  
25 office, all the different oaths we've taken over the

1 years.

2 Q. (By Mr. Gear) So you identified two or three  
3 friends that were police officers at the time that were  
4 members of the Oath Keepers. What, if any, other  
5 Galveston County elected officials are you aware of  
6 that are Oath Keepers?

7 A. None.

8 Q. What, if any, Galveston County elected  
9 officials are you aware of that used to be Oath  
10 Keepers?

11 A. None.

12 Q. And so -- and I'm sorry if you've said this  
13 already. What year did you leave the Oath Keepers?

14 A. It was two or three months probably after I  
15 joined, which I joined probably near the end of '14.  
16 It had been a few months after that that I just -- and  
17 when I say resigned or quit or whatever, the membership  
18 ran for the year I'm assuming, but I got online, read a  
19 few blogs or posts or whatever they were at the time,  
20 and started seeing stuff I didn't like.

21 Q. What did you see?

22 A. Just anti-government things, and then anti-law  
23 enforcement things as well, and it was supposed to be a  
24 group of law enforcement and military, and it just  
25 seemed to be just going the wrong darn direction, and

1 | so I just quit following it.

2 | Q. So did you -- at any time did you publicly  
3 | disclose that you were an Oath Keeper?

4 | A. I did.

5 | Q. When was that?

6 | A. In my campaign of 2015, I guess. '14, '15.

7 | Q. And how did you go about doing that?

8 | A. It was on some campaign literature.

9 | Q. That you published?

10 | A. Yes.

11 | Q. And what did that campaign literature say?

12 | A. It's -- under memberships and things it just  
13 | said Oath Keepers, as well as a bunch of other things.

14 | Q. So in 2015 you were still identifying as an  
15 | Oath Keeper.

16 | A. Early 2015.

17 | Q. So let me change the subject, focusing on your  
18 | election as county commissioner.

19 | A. Okay.

20 | Q. So what date were you first elected to the  
21 | county commission?

22 | A. The actual election day?

23 | Q. Date.

24 | A. November 6 of 2015, I guess.

25 | Q. Okay. And have you held that position since

1 2015?

2 A. Yes, sir.

3 Q. And which commission precinct were you elected  
4 to?

5 A. Precinct 2.

6 Q. And how many times have you run for reelection  
7 for that position?

8 A. Just my third time recently.

9 Q. And so you were elected in 2015. When would  
10 the reelection campaigns have been?

11 A. It's a four-year term.

12 Q. Four-year term. Okay. So the most recent  
13 period would have been, what, 2022?

14 A. November.

15 Q. November.

16 A. Yeah.

17 Q. And so in 2014, based on your experience, your  
18 understanding, what was the racial demographic makeup  
19 of Precinct 2?

20 A. Honestly I don't know the exact makeup. I've  
21 always felt the precinct was pretty well split,  
22 probably more Caucasian, maybe 45 -- 40, 45 percent  
23 Caucasian. And then -- well, maybe more than that,  
24 actually, in the old precinct. 50 percent, maybe even  
25 60 percent Caucasian.

1 MS. OLALDE: I'm just going to object at  
2 this point and ask the witness not to speculate.

3 THE WITNESS: Okay. That's what I'm  
4 doing.

5 Q. (By Mr. Gear) And so was there black and  
6 Hispanic community in Precinct 2 when you ran for --

7 A. Yes.

8 Q. -- county commissioner?

9 A. Yes.

10 Q. And can you tell me the areas that the black  
11 and Hispanic community predominantly lived in?

12 A. Hitchcock, Texas, and Freddiesville, which  
13 Freddiesville is kind of a -- it's not really a town.  
14 It's just an area, mainly. And then on Galveston  
15 Island itself, the areas between 45th and 103rd I would  
16 guess.

17 Q. So you identified Hitchcock and Freddiesville.  
18 Can you tell me in 2014 what other cities or towns made  
19 up Precinct 2 generally?

20 A. La Marque, Texas City, Santa Fe, Bayou Vista,  
21 Tiki Island, and of course Galveston and some of League  
22 City.

23 Q. So --

24 A. And Dickinson.

25 Q. Go ahead.

1 A. And Dickinson and League City also.

2 Q. All right. So out of those cities and towns,  
3 could you tell me what you believed made up the core of  
4 Precinct 2, your support?

5 MS. OLALDE: Objection; form, vague.

6 Q. (By Mr. Gear) Let me -- let me restate that.  
7 So out of the cities and towns that you identified,  
8 what do you believe made up the core of your voter  
9 support?

10 MS. OLALDE: Objection; form.

11 THE WITNESS: Caucasians. Is that what  
12 you mean? As far as the racial makeup?

13 Q. (By Mr. Gear) So you believe that Caucasians  
14 made up the core of your voter support in Precinct 2.

15 A. Yes.

16 MS. OLALDE: Wait. I think he was asking  
17 you to clarify if that was what your question was, and  
18 so I think that was what the conversation was. So if  
19 you can just make it clear as to what you mean by  
20 "core," I think it will help the interrogation.

21 (Reporter clarification)

22 MS. CHEN: And this is Sarah Chen. I'd  
23 just like to ask that you not be testifying today.

24 MS. OLALDE: No, no, no. Absolutely not.  
25 I'm not testifying at all, but I think it's very

1 important that the record is clear, and I think that's  
2 everybody's goal here. So if the record becomes  
3 unclear, I think it's everybody here are all of our  
4 goals to make sure that it's not vague, not  
5 speculative, and not unclear. So let's get -- let's  
6 get going.

7 Q. (By Mr. Gear) So let me just start over. Do  
8 you believe that the core of your voter support in  
9 Precinct 2 was Caucasian voters?

10 A. Yes.

11 Q. So when you campaigned for county commissioner  
12 in 2014, how did you go about campaigning?

13 A. Attending community events, literature that  
14 was sent out, you know, mailers, things like that.

15 Q. And what events -- if you can recall, what  
16 events did you attend?

17 A. Gosh, I don't recall.

18 Q. So let's move forward to the 2022 election  
19 campaign. What events did you attend then?

20 A. Very few. I was unopposed.

21 Q. So also in 2022 would you have considered the  
22 core of your voter support in Precinct 2 Caucasian  
23 voters?

24 A. Yes.

25 Q. And when you said very few events, did you say

1 you didn't recall the events that you attended?

2 A. On the very few events?

3 Q. Yes, in 2022.

4 A. It would have been -- of course, there were no  
5 debates because I was unopposed, so there were none of  
6 that. The events I attended pretty much would have  
7 been Chamber of Commerce-type events.

8 Q. And are you a member of any of the Chamber of  
9 Commerce?

10 A. Yes.

11 Q. And can you tell me which Chambers of Commerce  
12 you are a member of?

13 A. Galveston, Santa Fe, and Hitchcock.

14 Q. And are you a board member on the Chamber of  
15 Commerce or --

16 A. I was.

17 Q. Okay. And so in Santa Fe, when were you a  
18 board member?

19 A. I don't recall the exact dates or anything.  
20 It would have been probably 2010 --

21 Q. Okay.

22 A. -- to '15 or so.

23 Q. And you said Hitchcock as well?

24 A. Yes.

25 Q. Can you tell me the dates that you were a

1 board member for Chamber of Commerce in Hitchcock?

2 A. 2015 to '19 maybe.

3 Q. And I think you also said Galveston.

4 A. I'm not on the board of Galveston. Just a  
5 member.

6 Q. Okay. And when did you join as a member for  
7 the Galveston Chamber of Commerce?

8 A. Probably five years ago.

9 Q. And you're currently a member now?

10 A. Yes.

11 Q. You indicated materials that you distributed  
12 during your election campaign.

13 A. Yes.

14 Q. Were those materials in any other language  
15 other than English?

16 A. No.

17 Q. Did you have an election campaign staff to  
18 assist you during your campaign in 2022?

19 A. Yes.

20 Q. And can you identify by name the staff that  
21 you had assisting you?

22 A. Jeff Yates, Sarah Lauer, L-a-u-e-r I believe,  
23 Barry Kaplan.

24 Q. Anyone else?

25 A. Tyler Drummond.

1 Q. Can you identify the racial/ethnic background  
2 of -- of Jeff Yates?

3 A. Caucasian.

4 Q. Of Ms. Lauer?

5 A. Same.

6 Q. Barry Kaplan?

7 A. Same.

8 Q. And Tyler Drummond?

9 A. Same.

10 Q. And Tyler Drummond, just to be clear, I  
11 believe is staff for Judge Henry?

12 A. Correct.

13 Q. Do you have an office location as county  
14 commissioner?

15 A. I do.

16 Q. And where is that office location?

17 A. I have two main offices. Well, one main  
18 office and then a couple other smaller offices. The  
19 main office is in Santa Fe on Highway 6.

20 Q. So the main office is in Santa Fe on  
21 Highway 6. Where are the two other locations?

22 A. One is here at the old courthouse, 722 Moody.

23 Q. And that's the Galveston courthouse?

24 A. The old -- the old courthouse, yeah, the main  
25 courthouse.

1 Q. And where is the other location?

2 A. In Bolivar. It's kind of just a -- really  
3 more of a shared closet than anything.

4 Q. So for the main office do you have a staff?

5 A. I do.

6 Q. And can you identify the names of your staff  
7 in the main office?

8 A. It's one person. Yesenia Bracamontes Juarez.

9 Q. You said Bracamontes?

10 A. Uh-huh.

11 Q. Juarez?

12 A. Juarez.

13 Q. Okay. And the ethnic or racial background of  
14 Yesenia is?

15 A. Latina.

16 Q. Latina. Okay. And then you identified one  
17 office in Bolivar. Do you have staff there?

18 A. No. It's a broom closet.

19 Q. And you also identified one office in the old  
20 courthouse.

21 A. Yes.

22 Q. Do you have staff there?

23 A. Just Yesenia when she comes down to it.

24 Q. Okay. So does she travel with you when you  
25 go --

1 A. For meetings and such, yes.

2 Q. And I just want to remind you that when I'm  
3 asking questions -- and sometimes I pause, and I  
4 apologize for that. Give me a chance to complete my  
5 question, and then I'll give you a complete opportunity  
6 to respond.

7 A. Yes, sir.

8 Q. All right. And how long has Yesenia been your  
9 staff member?

10 A. Since probably May of 2015. '16.

11 Q. Okay. So she was your staff during the 2021  
12 redistricting process?

13 A. Yes.

14 Q. So let's start with the main office at the old  
15 courthouse. Do you have a personal computer that you  
16 bring to the main office when you are conducting work?

17 A. The main office is not the old courthouse.  
18 It's the one on Highway 6, the main office.

19 Q. Okay. Thank you for that clarification. So  
20 when you go to the main office, do you have a personal  
21 computer that you take to the main office to conduct  
22 work?

23 A. Not to conduct work, but I do have a personal  
24 computer.

25 Q. Okay. Do you ever take that personal computer

1 to the main office when you go?

2 A. It's -- it stays there.

3 Q. Okay. And do you conduct work on the personal  
4 computer that is in your main office?

5 A. No.

6 Q. Do you have a work computer that's set up in  
7 the main office?

8 A. Yes.

9 Q. And do you have a landline that's set up in  
10 the main office?

11 A. Yes.

12 Q. And so let's focus on the -- on the work  
13 computer first. During the course of this litigation,  
14 have you had an opportunity to look at the requests for  
15 production of documents that have been submitted by the  
16 United States?

17 A. Yes.

18 Q. And during the course of this litigation, in  
19 the main office did you have an opportunity to look --  
20 to search your work computer to determine if there were  
21 any documents that were responsive to this litigation  
22 matter?

23 A. What I did when I received the information to  
24 keep everything was touch base with our attorney and  
25 advise him that I had it and that it needed to be done,

1 and I'm supposing what he did was get with IT with --  
2 for all of us and do exactly that.

3 Q. And so they went to your main office and  
4 conducted the search?

5 A. Wherever IT does it from.

6 Q. And just so I'm clear, do you have an IT  
7 department, or are you saying that your attorney, you  
8 know, conducted the search through their IT department?

9 A. Galveston County IT department.

10 Q. Okay.

11 A. My assumption is that our attorney did it  
12 through IT.

13 Q. Okay. And so it's your understanding that  
14 your attorney conducted a search of your work computer  
15 through the Galveston County IT department.

16 A. Yes.

17 Q. And did you -- were you able to see the  
18 results of that search?

19 A. No.

20 Q. Do you know if the results of that search were  
21 turned over to your attorney?

22 A. I don't know.

23 Q. Yesenia -- does she have a personal work  
24 computer?

25 A. Yes.

1 Q. At the main office?

2 A. Yes.

3 Q. And is that different from the work computer  
4 that you have?

5 A. It's a different computer.

6 Q. Okay. And did the IT department also conduct  
7 a search of her work computer?

8 A. I don't know.

9 Q. Did you ask them to conduct a search of her  
10 work computer?

11 A. I did not.

12 Q. Did the IT department also conduct a search of  
13 your landline work phone?

14 A. I don't know.

15 Q. Did you ask them to conduct a search of your  
16 landline work phone?

17 A. No, sir. Like I said, I turned it over to our  
18 attorney, and that's where it went.

19 Q. So is it your testimony that you're unclear  
20 exactly what search was conducted in your main office  
21 for documents that may be responsive to this  
22 litigation?

23 A. That's correct.

24 Q. Do you have a personal computer at home?

25 A. I do.

1 Q. Do you ever conduct work on that personal  
2 computer at home?

3 A. On occasion.

4 Q. Did you identify that for your attorneys to  
5 conduct a search of your personal computer to determine  
6 if there were documents that may be responsive to this  
7 litigation?

8 A. No, sir.

9 Q. Are they aware that you have a personal  
10 computer at home that may have documentation that is  
11 responsive to -- that may be responsive to this  
12 litigation?

13 MS. OLALDE: Objection; form, misstates  
14 testimony.

15 MR. GEAR: Let me see if I can restate  
16 it.

17 MS. OLALDE: Sure.

18 Q. (By Mr. Gear) Did you identify your home  
19 personal computer to your attorneys and indicate to  
20 them that it may have documentation that -- that may be  
21 responsive to this litigation?

22 A. No, because I know there wasn't anything about  
23 this on there.

24 Q. And how do you know that?

25 A. I never received any information regarding any

1 of this on my home computer.

2 Q. So during the 2021 redistricting process, did  
3 you receive emails or text messages related to -- in  
4 any capacity related to redistricting on your home  
5 computer?

6 A. No.

7 Q. Did you send emails or text messages related  
8 to the 2021 redistricting process from your home  
9 computer?

10 A. No.

11 Q. Did you conduct Zoom calls or Teams calls from  
12 your home computer related to the 2021 redistricting  
13 process?

14 A. No, sir.

15 Q. And I believe you testified that you had a  
16 personal cell phone?

17 A. Yes.

18 Q. And do you ever conduct work on your personal  
19 cell phone?

20 A. Yes.

21 Q. And do you send emails or text messages  
22 related to work from your personal cell phone?

23 A. Text messages, yes.

24 Q. Okay. And did you provide access to your  
25 personal cell phone to your attorneys so that they can

1 search the text messages to determine if there may be  
2 documents or texts that are responsive to this  
3 litigation matter?

4 A. No. But with that said, I didn't receive any.

5 Q. So during the 2021 redistricting process did  
6 you send any texts related to redistricting to anyone?

7 A. No.

8 Q. Do you have any social media accounts?

9 A. I do.

10 Q. And can you -- can you identify each and every  
11 social media account that you currently have?

12 A. I have a personal Facebook, and then there is  
13 a campaign Facebook.

14 Q. Anything else?

15 A. No.

16 Q. So regarding the campaign Facebook, during the  
17 2021 redistricting process did you post any comments on  
18 your campaign Facebook related to the 2021  
19 redistricting?

20 A. Not that I recall.

21 Q. Did you check your campaign Facebook to  
22 determine if you had posted anything related to  
23 redistricting?

24 A. I did not check the campaign Web page. I  
25 don't -- I don't run it. I don't pay attention to it.

1 Q. Did you identify the campaign Web page to your  
2 attorneys and provide them with access so that they  
3 could check to see if there was any responsive  
4 documents?

5 A. No, sir.

6 Q. And you also indicated that you had a Facebook  
7 page.

8 A. Yes.

9 Q. Separate from the campaign --

10 A. Correct.

11 Q. -- Facebook page. During the 2021  
12 redistricting process did you post any -- did you post  
13 any comments related to the 2021 redistricting process?

14 A. Yes.

15 Q. And did you receive comments related to your  
16 posts during the 2021 redistricting process? And I'm  
17 talking about the Facebook page.

18 A. Probably.

19 MS. OLALDE: And, Counsel, just for the  
20 record, we did have a search as a public page. There  
21 were three hits that will be produced today. But if  
22 you would like we can take a break and we can show you  
23 as well.

24 MR. GEAR: Why don't we take a break --

25 MS. OLALDE: Sure.

1 MR. GEAR: -- so we can do that.

2 Can we go off the record, please?

3 THE VIDEOGRAPHER: Going off record. The  
4 time is 10:06.

5 (Recess from 10:06 to 10:11)

6 THE VIDEOGRAPHER: We're back on the  
7 record. Time is 10:11.

8 MR. GEAR: Thank you.

9 Q. (By Mr. Gear) So while we were off the record  
10 your counsel showed me a Facebook post where you posted  
11 Map 1 and Map 2 on your Facebook.

12 A. Yes, sir.

13 Q. Do you recall receiving any responses related  
14 to that Facebook post?

15 A. One of the -- one of them was a shared post  
16 that I shared from Judge Henry. There was a comment on  
17 there asking a question about were constables and JPs  
18 going to be affected by this, and I think I answered at  
19 the time, "Not yet, if it happens," you know. There  
20 was -- then I reposted, and I believe I did get a  
21 couple of comments back, but I do not recall what they  
22 said.

23 Q. And did you provide those comments on your  
24 Facebook page to your attorney?

25 A. Yes.

1 Q. And that's something that they're --

2 MS. OLALDE: It's in the process, yes.

3 Q. (By Mr. Gear) So let's change subjects and  
4 talk about the 2021 redistricting process and what, if  
5 any, type of training you received. So let me start  
6 off by asking you what, if any, experience do you have  
7 with redistricting prior to the 2021 redistricting  
8 process.

9 A. None.

10 Q. So take me through the steps you took to  
11 prepare for the 2021 commissioners court redistricting  
12 cycle.

13 A. Basically in the hiring of the firm to do our  
14 redistricting I just, of course, voted for that, and  
15 that -- that was the majority of it, honestly, to allow  
16 them to do their job.

17 Q. So was any individual or group training  
18 provided to the commissioners court?

19 A. Not that I recall, no.

20 Q. Such as training on map software?

21 A. No.

22 Q. Were you provided with map software?

23 A. No.

24 Q. Did you have an occasion to review any  
25 materials related to the prior redistricting cycle,

1 | such as the 2011-2012 cycle?

2 | A. No, sir.

3 | Q. Did you take time or did you have an occasion  
4 | to review any materials related to previously adopted  
5 | redistricting criteria?

6 | A. No, sir.

7 | Q. Were you aware that redistricting criteria had  
8 | been previously adopted during prior commissioner court  
9 | redistricting cycles?

10 | A. Not -- no, not aware of it, I guess.

11 | Q. And when you say you guess, what do you mean?

12 | A. I don't know.

13 | MR. GEAR: Zach, can we pull up  
14 | Exhibit 1?

15 | MS. OLALDE: Is that two copies, or is  
16 | that one?

17 | MR. GEAR: It's one copy. I'm sorry.

18 | MS. OLALDE: No worries.

19 | MR. GEAR: I only made three copies. Let  
20 | me know when it pops up on your computer.

21 | MS. OLALDE: Do you want me to change his  
22 | view so that he sees it on his computer, or did you  
23 | want -- because he's got the paper in front of him.

24 | MR. GEAR: Sure. Whatever works best for  
25 | you.

1 MS. OLALDE: Yeah. We figured we would  
2 use the digital exhibits when we had somebody who  
3 didn't have paper.

4 MR. GEAR: Okay.

5 Q. (By Mr. Gear) So let's identify this document  
6 for the record. Do you see the -- at the very top what  
7 the date of this document is?

8 A. Yes, sir.

9 Q. And can you read that for the record?

10 A. 7th day of May, 2011.

11 Q. And it's the -- it's from the commissioners  
12 court of Galveston County, Texas, and it was when it  
13 convened at a regularly scheduled meeting with the  
14 following members present: Mark Henry, Patrick Doyle,  
15 Kevin O'Brien, Stephen Holmes, Kenneth Clark, and  
16 Dwight Sullivan. Do you see that?

17 A. Yes, sir.

18 Q. And do you see how this document is titled?

19 A. Yes, sir.

20 Q. And how is it titled?

21 A. Galveston County Resolution Adopting Criteria  
22 For Use in Redistricting 2011 process.

23 Q. So I want to direct your attention to  
24 paragraph 3 in this document, which is defendant's --  
25 which has Defendants Bates stamp 00015167. Can you

1 read paragraph 3 for the record?

2 A. Make sure I'm on the right paragraph here.

3 "Whereas, it is the intent of the county to comply with  
4 the Voting Rights Act and with all other relevant law,  
5 including Shaw versus Reno jurisprudence and the  
6 consent judgment and election orders in Hoskin versus  
7 Hannah, et al."

8 Q. What do you personally know about the Voting  
9 Rights Act as it applies to redistricting for Galveston  
10 County?

11 A. Very little. Nothing, actually.

12 Q. What do you know about other relevant laws as  
13 they apply to the redistricting process for Galveston  
14 County?

15 MS. OLALDE: Objection to the form to the  
16 extent you're asking for any kind of a legal opinion.

17 Go ahead. You can answer.

18 (Reporter clarification)

19 Q. (By Mr. Gear) And I'm asking for your  
20 understanding of what laws you were -- you were  
21 attempting to comply with when going through the 2021  
22 redistricting process.

23 A. The Voting Rights Act, which I know nothing  
24 about, really, other than it's supposed to be fair and  
25 impartial I guess is the way I would answer that.

1 Q. And directing your attention to the next  
2 paragraph, can you read that for the record, please?

3 A. "Whereas, a set of established redistricting  
4 criteria will serve as a framework to guide the county  
5 in the consideration of redistricting plans; and."

6 Q. And so during the 2021 redistricting process,  
7 was there -- did you have an occasion to discuss a set  
8 of redistricting criteria with the other commissioners  
9 in the commissioner court?

10 A. What do you mean by the "criteria"?

11 Q. Do you understand what redistricting criteria  
12 is?

13 A. Yes, to some degree.

14 Q. So based on your understanding, what is  
15 redistricting criteria?

16 A. That the population parameters be met, that  
17 it's done without bias or anything else. Just you  
18 divvy up the county into four equal portions based on  
19 population.

20 Q. Would you agree that it's a framework to guide  
21 the county in the consideration of its redistricting  
22 plans?

23 MS. OLALDE: Objection; vague.

24 THE WITNESS: Yes.

25 Q. (By Mr. Gear) And turning the page to page 2,

1 | which is Defendants 00015168, I would like you to take  
2 | a look at No. 2 where it indicates "Communities of  
3 | interest should be maintained in a single district,  
4 | where possible, and attempts should be made to avoid  
5 | splitting neighborhoods." During the 2021  
6 | redistricting process, was that something that the  
7 | commissioners court and you took into consideration?

8 | A. May I read it?

9 | Q. You can. I apologize.

10 | A. Okay, sir. Can you reask?

11 | Q. Sure. During the 2021 redistricting process,  
12 | was communities -- maintaining communities of interest  
13 | something that you and the commissioners court took  
14 | into consideration during the process?

15 | MS. OLALDE: Objection; compound.

16 | Go ahead.

17 | THE WITNESS: The -- no. And the reason  
18 | I say no is that we hired a firm basically to do -- to  
19 | keep things legal and aboveboard and the way they  
20 | should be done. My main concern was just that, that it  
21 | be done legally.

22 | Q. (By Mr. Gear) Are you aware of any  
23 | criteria -- redistricting criteria, excuse me, that was  
24 | developed by the commissioners court for the 2021  
25 | redistricting process?

1 A. Not that I recall.

2 Q. Did you discuss redistricting criteria with  
3 any of the other commissioners during the 2021  
4 redistricting process?

5 A. Yes, to some degree, I guess, during the  
6 meetings we had.

7 Q. And what meetings are you referring to?

8 A. We had a meeting I guess in September.

9 Q. And who was present during that meeting?

10 A. The first meeting would have been myself, Paul  
11 Ready, Mr. Oldham. I don't remember if he was in  
12 person or on Zoom. I think he was there in person. I  
13 don't remember. And that's all I recall.

14 Q. Yourself, Paul Ready, who is the county  
15 attorney?

16 A. Yes.

17 Q. And Mr. Oldham, who is the redistricting  
18 consultant?

19 A. Correct.

20 Q. And that was September. Do you remember the  
21 day?

22 A. I don't.

23 Q. And did you receive any materials during that  
24 meeting related to redistricting criteria?

25 MS. OLALDE: I'm going to object to any

1 | request for attorney-client privileged communications  
2 | or attorney-client privileged work product. To the  
3 | extent you're asking about facts, the witness can  
4 | answer.

5 | But otherwise I will instruct you not to  
6 | answer.

7 | THE WITNESS: Okay.

8 | MR. GEAR: And we will reserve our  
9 | arguments that we do not believe that attorney-client  
10 | privilege applies to Dale Oldham as the redistricting  
11 | consultant.

12 | MS. OLALDE: He's an attorney, but yes.

13 | MS. CHEN: And if you'd like to see -- we  
14 | sent a letter yesterday to Joseph Russo --

15 | THE REPORTER: I can't hear whoever is  
16 | talking right now.

17 | MS. CHEN: Sarah Chen. And I'm just  
18 | noting that we sent a letter with piecemeal on this  
19 | privilege point to Joseph Russo yesterday. If you  
20 | would like to see it, we're happy to send it to you as  
21 | well.

22 | MS. OLALDE: Thank you, Sarah. I think  
23 | this is probably something that the court needs to  
24 | resolve at this point, though. I do understand that  
25 | you sent a letter.

1 Q. (By Mr. Gear) So did you receive any written  
2 materials related to criteria during the September  
3 meeting?

4 MS. OLALDE: Objection to any  
5 attorney-client privileged communications or  
6 attorney-client -- attorney work product that may have  
7 been addressed or discussed during this meeting.

8 If you're looking only at facts, you may  
9 answer only to the extent you have particular facts to  
10 share but not communications.

11 Q. (By Mr. Gear) So the question is did you  
12 receive any materials.

13 A. I -- probably. I don't recall what.

14 Q. Do you recall what was discussed related to  
15 redistricting criteria?

16 MS. OLALDE: Objection, same instruction  
17 to the witness not to reveal any attorney-client  
18 privileged communications or work product.

19 MR. GEAR: And, again, we reserve the --  
20 our argument that attorney-client privilege is not --  
21 does not apply to Dale Oldham.

22 Q. (By Mr. Gear) So following the September  
23 meeting with yourself, Mr. Ready, and Mr. Oldham, did  
24 you have any discussions with commissioners related to  
25 redistricting criteria?

1 A. I don't recall, sir.

2 Q. Based on your understanding, was there a  
3 decision made to establish redistricting criteria?

4 A. I don't recall that either.

5 Q. So, again, was there redistricting criteria  
6 that was established, adopted, during the 2021  
7 redistricting process?

8 MS. OLALDE: Objection; asked and  
9 answered.

10 THE WITNESS: I don't recall.

11 Q. (By Mr. Gear) Is there any redistricting  
12 criteria that you would have considered important  
13 during the 2021 redistricting process?

14 A. Yes, sir. I think the important things would  
15 have been leveling out the populations, also trying to  
16 draw lines that the public understood as far as knowing  
17 who their commissioners are. The old lines were kind  
18 of confusing at times as to where precincts started and  
19 where they ended.

20 Q. Anything else?

21 A. That's the majority. That's it.

22 Q. And so you mentioned Mr. Oldham, the  
23 redistricting consultant. Did the county's post-2020  
24 census redistricting processes begin at the April 5th,  
25 2021, commissioners court?

1 MS. OLALDE: Objection; speculation.

2 You can answer. You can answer.

3 MR. GEAR: Well, let me rephrase that.

4 MS. OLALDE: Sure.

5 Q. (By Mr. Gear) When did the 2021 redistricting  
6 process begin for the commissioners court?

7 A. It would have been about the time frame you  
8 mentioned. The exact -- sounds about right.

9 Q. And so what was the name of the redistricting  
10 firm that you and the commissioners ultimately decided?

11 A. I don't recall the name of the firm. I just  
12 remember Mr. Oldham.

13 Q. And what was your understanding of the  
14 services that Mr. Oldham would provide to the county  
15 commissioners?

16 A. That he would take the census that we were  
17 getting in, and he would take that -- the numbers from  
18 that and basically lay it out and give us a couple of  
19 options to choose from on what he determined was the  
20 best and legal maps that he could come up with.

21 Q. And other than Mr. Oldham, was there any other  
22 consultant that you personally dealt with during the  
23 2021 redistricting process?

24 A. He had a -- he had a demographer, I guess,  
25 that did the map -- the actual map drawing, but I never

1 | really dealt with him.

2 | Q. Did you meet with that demographer at all in  
3 | any capacity?

4 | A. Not that I recall, other than on the Zoom  
5 | meeting, I believe.

6 | Q. Is that the same September Zoom meeting that  
7 | you referred to?

8 | A. No. That would have been later.

9 | Q. Do you recall the time period in which he was  
10 | involved?

11 | A. October I want to say.

12 | Q. I'm sorry. Did you say you don't recall his  
13 | name?

14 | A. I do not.

15 | Q. Did that demographer provide you with any  
16 | written information or maps of any kind?

17 | A. We did look at a couple of maps on Zoom.

18 | MS. OLALDE: And, again, I'm going to ask  
19 | that the witness not reveal any attorney-client  
20 | privileged communications or work product and instruct  
21 | him not to answer to that extent.

22 | MR. GEAR: And, again, we reserve our  
23 | rights that to -- against the claim that  
24 | attorney-client privilege applies to Dale Oldham.

25 | Q. (By Mr. Gear) So did you have an opportunity

1 | to communicate with Dale Oldham prior to the April 5th,  
2 | 2021, commissioners court meeting where he was hired?

3 | A. Not that I recall.

4 | Q. When did you -- when were you informed that  
5 | the firm of Dale Oldham would be hired to handle the  
6 | 2021 redistricting process?

7 | MS. OLALDE: Objection; form.

8 | THE WITNESS: I don't recall. About  
9 | April time frame, I guess.

10 | Q. (By Mr. Gear) So prior to the hiring of  
11 | Mr. Oldham, did you have an opportunity to review any  
12 | materials related to his redistricting firm?

13 | A. I don't recall. I think we did, but I don't  
14 | recall.

15 | Q. Were there any other redistricting firms that  
16 | were considered during that time period in April?

17 | A. I believe so.

18 | Q. Do you recall the names of those redistricting  
19 | firms?

20 | A. I do not.

21 | Q. Do you know why the decision was made to go  
22 | with the firm of Dale Oldham?

23 | A. One thing that was mentioned was that he had  
24 | previously been involved with the county and that he  
25 | was familiar with Galveston County.

1 Q. Who was involved in that -- I'm sorry. Go  
2 ahead.

3 A. I remembered something.

4 Q. Sure.

5 A. No, I remember that.

6 Q. Who was involved in that discussion?

7 A. The court, commissioners court.

8 Q. And when did that discussion take place?

9 A. I don't recall.

10 Q. Was it during a public meeting or --

11 A. It would have been during an executive  
12 session.

13 Q. And other than --

14 THE WITNESS: Which I guess at this point  
15 I can talk about things that occur in executive  
16 session?

17 MS. OLALDE: Let's -- let's not talk  
18 about things that occurred in executive session. We  
19 can take a break and we can consult with other counsel  
20 about those, but please don't reveal them on the  
21 record.

22 THE WITNESS: Okay.

23 Q. (By Mr. Gear) And I just want to be clear  
24 when this executive session took place. Can you -- can  
25 you tell me generally the dates?

1 A. April. Maybe before.

2 Q. And other than the -- were all the  
3 commissioners present during this executive session?

4 A. I don't recall. Probably.

5 Q. Was anyone else present during this executive  
6 session?

7 A. I would assume. I can't say that for sure,  
8 no.

9 Q. Was your staff member, Yesenia, present during  
10 this executive session?

11 A. No.

12 MS. OLALDE: Yesenia.

13 THE WITNESS: Yesenia.

14 Q. (By Mr. Gear) Yesenia. Thank you. I'm  
15 terrible with names.

16 A. Me too.

17 Q. So other than the commissioners in executive  
18 session, did you discuss the hiring of Dale Oldham with  
19 anyone else?

20 MS. OLALDE: Objection to the extent your  
21 response would contain any attorney-client privileged  
22 information, attorney-client work product, or any  
23 conversations held in executive session. Otherwise you  
24 can answer.

25 Q. (By Mr. Gear) And let me just be clear.

1 Avoiding any discussions you may have had with your  
2 attorneys, did you discuss the hiring of Dale Oldham  
3 with anyone else?

4 A. No.

5 Q. So following the hiring of Dale Oldham -- and  
6 I believe we pinned down the date around April 5th of  
7 2021 -- were you involved in any communications  
8 regarding establishing guidelines for the commissioners  
9 court redistricting process?

10 MS. OLALDE: Objection; asked and  
11 answered.

12 Go ahead.

13 THE WITNESS: Not that I recall.

14 Q. (By Mr. Gear) I believe we talked about  
15 criteria.

16 A. Yes.

17 Q. And I'm asking you about guidelines related to  
18 timing now. Does that change your answer at all?

19 A. It would have been just when asked probably by  
20 Mr. Oldham.

21 Q. And the -- that discussion took place during  
22 the meetings that you've identified?

23 A. Yes.

24 Q. And were there any discussions related to  
25 guidelines for redistricting -- the 2021 redistricting

1 process that were discussed in public, in a public  
2 commissioners court meeting?

3 A. Not that I recall.

4 Q. Were there any guidelines related to the  
5 timing of the commissioners court redistricting process  
6 that were formally adopted as a resolution by the  
7 commissioners court?

8 MS. OLALDE: Objection; form.

9 Go ahead.

10 THE WITNESS: Not that I recall.

11 Q. (By Mr. Gear) Were there any guidelines that  
12 were reduced to writing by the commissioners court?

13 A. Not that I recall.

14 Q. Can you explain what, if any, guidelines for  
15 the 2021 redistricting process were discussed amongst  
16 the commissioners?

17 MS. OLALDE: Objection to the extent your  
18 question calls for any response that would reveal  
19 discussions with Mr. Oldham or in executive session.  
20 Otherwise you can answer.

21 MR. GEAR: Again, we reserve the -- our  
22 right to raise the argument that attorney-client  
23 privilege does not apply to Mr. Oldham.

24 Q. (By Mr. Gear) But if you can answer --

25 A. That I don't recall.

1 Q. So just to be clear, your answer has been you  
2 don't recall if any guidelines were reduced to writing.  
3 Does that mean they weren't reduced to writing?

4 MS. OLALDE: Objection; asked and  
5 answered.

6 THE WITNESS: It means I don't recall.

7 Q. (By Mr. Gear) So in 2021 were you or your  
8 staff involved in a nonpublic communication with the  
9 commissioners court staff related to the adoption of  
10 redistricting criteria?

11 A. Not that I recall.

12 Q. In 2021 was there any public discussion by the  
13 commissioners court related to adopting redistricting  
14 criteria?

15 A. The really only public discussions I remember  
16 is when the approval occurred, that -- the day of that  
17 meeting, the special meeting. That's --

18 Q. So you're talking about the November 12th --

19 A. November, yes, sir.

20 Q. -- 2021 special session?

21 A. Yes, sir.

22 Q. Where the commissioners court plan was  
23 adopted?

24 A. Yes, sir.

25 Q. And what redistricting criteria was discussed

1 | during the special session?

2 | MS. OLALDE: I'm sorry. Special -- not  
3 | executive session. You're talking about the special  
4 | meeting?

5 | MR. GEAR: The November 12th, 2021,  
6 | special session.

7 | THE WITNESS: It's -- I don't remember us  
8 | discussing criteria at that point either. It was more  
9 | of a public comment at that point and approval of the  
10 | maps.

11 | Q. (By Mr. Gear) So did I misunderstand you to  
12 | say that there was some discussion of redistricting  
13 | criteria during the 2021 special session, the  
14 | November 12th?

15 | A. I probably just said it wrong because there  
16 | wasn't. Not that I recall. I think it was more just  
17 | public comment.

18 | Q. What, if any, reasons are you aware of related  
19 | to why redistricting criteria was not adopted during  
20 | the 2021 redistricting process?

21 | MS. OLALDE: Objection. Sorry.  
22 | Objection; form.

23 | THE WITNESS: I think the biggest -- I  
24 | think the biggest issue of the entire process was  
25 | timing because the census coming out so late and us

1 | being under the gun basically to get it done. I think  
2 | that was probably the largest aspect of any of it, was  
3 | just the timing that we had to get -- get things done.

4 | Q. (By Mr. Gear) So are you testifying that it  
5 | was the timing that prevented you from establishing  
6 | redistricting criteria?

7 | MS. OLALDE: Objection; form.

8 | THE WITNESS: That's my understanding of  
9 | it.

10 | Q. (By Mr. Gear) So during the prior  
11 | redistricting process -- and I'm talking about 2011,  
12 | 2012 -- were you aware that criteria was formally  
13 | adopted as a resolution by the commissioners court?

14 | A. No, sir, I was not.

15 | Q. And I think I misstated. That it was -- that  
16 | it was discussed, but it was not formally adopted in  
17 | 2011, 2012.

18 | A. I had no idea.

19 | Q. And we looked at Exhibit 1, which was that --

20 | A. Yes, sir.

21 | Q. -- redistricting criteria.

22 | A. Correct.

23 | Q. And had you ever seen that document before?

24 | A. No, sir.

25 | Q. So going back to the dates and times for the

1 | 2021 redistricting process, so during the 2011  
2 | redistricting cycle were you aware that the  
3 | commissioners court set forth dates and times for  
4 | public meetings across the county to give residents a  
5 | clear timeline for consideration of the proposed plans?

6 | MS. OLALDE: Objection; form.

7 | THE WITNESS: In the 2011 you said?

8 | Q. (By Mr. Gear) 2011.

9 | A. No, sir, I was not aware of that.

10 | Q. Was there any effort by the commissioners  
11 | court during the 2021 redistricting process to set  
12 | forth dates and times for public hearings across the  
13 | county to give residents a clear timeline for  
14 | consideration of the proposed plans?

15 | A. Not to my knowledge.

16 | Q. Do you know why there was no effort to create  
17 | a clear timeline so that the public could participate  
18 | in the consideration of the plans?

19 | MS. OLALDE: Objection; misstates  
20 | testimony.

21 | THE WITNESS: I -- I think it was the  
22 | timeline. By the time we received the maps and then  
23 | when we got notification that they had to be approved,  
24 | there just didn't seem to be time to -- I mean, it was  
25 | already a special meeting we were having to call to do

1 approval on the maps, and I think it was just really a  
2 timing issue more than anything.

3 MR. GEAR: Could we take a one-minute  
4 break?

5 MS. OLALDE: Sure.

6 MR. GEAR: Can we go off the record,  
7 please?

8 (Recess from 10:42 to 10:54)

9 THE VIDEOGRAPHER: We're back on the  
10 record, marks the beginning of Media Unit No. 2. The  
11 time is 10:54.

12 Q. (By Mr. Gear) So I think where we left off,  
13 Commissioner Giusti, was we were talking about  
14 timelines. Based on your knowledge, was there any  
15 redistricting timelines that were posted to the county  
16 website?

17 A. Not to my knowledge.

18 Q. And so who on the commissioners court would be  
19 responsible for establishing redistricting timelines  
20 during the 2021 redistricting process?

21 A. I would think Judge Henry.

22 Q. And based on your knowledge, Judge Henry did  
23 or did not establish the timeline?

24 A. I don't know.

25 Q. And so without a timeline, who was in charge

1 of making sure that the map would be adopted in a  
2 timely manner?

3 MS. OLALDE: Objection; form.

4 Q. (By Mr. Gear) You can answer.

5 A. I guess without the timeline adopting in a  
6 timely manner, there again, like I mentioned earlier,  
7 the timing on it, the way we got the maps, we received  
8 the maps, and then we received notification it had to  
9 be adopted by, I guess, November the 13th. I think  
10 that was the date that it had to be adopted by. And so  
11 that really put us up against -- really pressured us  
12 into getting the maps adopted.

13 Q. So you said you received notification that it  
14 had to be adopted by November 13th. What form was that  
15 notification in?

16 A. I believe it was an email from the secretary.  
17 I didn't receive it personally. I think from the  
18 Secretary of State is where it came from, but I would  
19 be lying if I told you for sure.

20 Q. So prior to receiving the email were you aware  
21 of the timelines necessary to adopt the 2021  
22 redistricting plan?

23 A. No.

24 Q. And so I believe you testified that you ran  
25 for reelection in 2022.

1 | A. Yes, sir.

2 | Q. Correct? And you were a candidate in the 2022  
3 | primary, correct?

4 | A. Yes, sir.

5 | Q. And as a candidate for the 2022 primary, were  
6 | you aware of the Texas law that specifies that the  
7 | dates that candidates must apply for the office they  
8 | are running for -- were you aware of the dates that the  
9 | candidates must apply by when they're running for  
10 | office?

11 | A. Yes, sir.

12 | Q. And do you know approximately what those dates  
13 | were?

14 | A. For commissioner it was sometime I want to say  
15 | December 11th maybe of that year.

16 | Q. And so you were aware of those candidate  
17 | qualifying dates, correct?

18 | A. Yes, roughly.

19 | Q. And did you discuss the candidate qualifying  
20 | period with any of the other commissioners prior to  
21 | receiving the email from the Secretary of State I  
22 | believe you testified to?

23 | A. No, sir.

24 | Q. Would you agree that the redistricting plan  
25 | would have had to have been completed prior to the

1 candidate qualifying period?

2 MS. OLALDE: Objection; form.

3 THE WITNESS: Yes.

4 Q. (By Mr. Gear) And so the existence of a  
5 deadline to pass a redistricting plan was not a  
6 surprise to you?

7 MS. OLALDE: Objection; asked and  
8 answered.

9 THE WITNESS: The deadline that we  
10 received -- I'm sorry. Ask again.

11 Q. (By Mr. Gear) So you were -- you were aware  
12 of the candidate qualifying period.

13 A. Yes, sir.

14 Q. And were you aware that the redistricting plan  
15 had to be completed prior to that candidate qualifying  
16 period?

17 MS. OLALDE: Same objection.

18 THE WITNESS: I would assume that it  
19 would have to be unless they moved the election.

20 Q. (By Mr. Gear) Okay. And I'm sorry if I asked  
21 this, but we are kind of running back through this. Do  
22 you know what that candidate -- candidate qualifying  
23 period was when you were running for commissioner in  
24 2022?

25 MS. OLALDE: Same objection.

1                   Go ahead.

2                   THE WITNESS: December -- I want to say  
3 around the 11th or so that year.

4           Q.     (By Mr. Gear) And --

5           A.     Let me -- can I clarify?

6           Q.     Sure. Please.

7           A.     When you say the period -- qualifying period,  
8 are you talking about the filing deadline or are you  
9 talking about the months leading -- or weeks or months  
10 leading up to that that you have to live in that  
11 precinct?

12          Q.     Talking about the filing deadline.

13          A.     Yeah. December 11th roughly.

14          Q.     And so, again, you were aware that there was a  
15 deadline where the redistricting plan had to be  
16 completed when you were running for commissioner in  
17 2022.

18          A.     Yes.

19                   MS. OLALDE: Objection; asked and  
20 answered.

21                   Just let me get my objection out.

22                   THE WITNESS: I'm sorry.

23                   MS. OLALDE: Let him finish his --

24          Q.     (By Mr. Gear) And the answer to that was yes?

25          A.     Yes.

1 THE WITNESS: Sorry.

2 Q. (By Mr. Gear) So let me change the subject  
3 and talk about COVID during the 2021 redistricting  
4 process. So as I understand it, from May 28, 2021, to  
5 December 31st, 2021, the commissioners court conducted  
6 21 biweekly public meetings. Does that sound right?

7 A. Yes.

8 Q. Were these meetings open to the public?

9 A. Give me a second to think on that. The --  
10 give me your time frame again.

11 Q. May 28th, 2021, to December 31st, 2021.

12 A. Yes.

13 Q. And the public was allowed to attend these  
14 meetings without face masks during that time period?

15 A. I don't recall, but I would guess yes.

16 Q. And between May 28th, 2021, to December 31st,  
17 2021, were there any public meetings canceled due to  
18 COVID concerns?

19 A. Not that I recall.

20 Q. So between April 5th, the regular meeting  
21 where the redistricting consultant was hired, to  
22 November 12th, 2021, which was the date of the special  
23 session where the maps -- map was -- redistricting plan  
24 was adopted, did you participate in any private  
25 discussions with other members of the commissioners

1 court or their staff about changes to commissioners  
2 court procedures due to COVID?

3 MS. OLALDE: Objection; long and  
4 confusing date. I'm sorry.

5 Q. (By Mr. Gear) Did you participate in any  
6 discussions with other commissioners about changing the  
7 redistricting process due to COVID concerns?

8 A. No, sir.

9 Q. Were there any policies or procedures that  
10 were adopted during the redistricting process -- and  
11 I'm talking about the 2021 redistricting process --  
12 specifically to address COVID concerns?

13 A. No, sir.

14 Q. Were there any written communications  
15 regarding changes to the commissioners court meetings  
16 or procedures due to concerns related to COVID?

17 A. No, sir.

18 Q. Were there any changes to the commissioners  
19 court's approach to the 2021 redistricting cycle due to  
20 concerns related to COVID?

21 A. No, sir.

22 Q. So did you participate in any communications  
23 regarding conducting public workshops prior to the  
24 release of the census data? And I'm talking about the  
25 2020 census data.

1 A. I don't recall.

2 Q. Were there any public workshops where the  
3 community was allowed to participate prior to the  
4 release of the 2020 census data related to the  
5 redistricting?

6 A. I don't think so, no. I don't recall, but no.

7 Q. So would you agree that providing public  
8 hearings before the release of the census would have  
9 provided an opportunity for citizens to present  
10 relevant testimony concerning their local preferences  
11 for redistricting changes?

12 MS. OLALDE: Objection; form.

13 THE WITNESS: Before the release of the  
14 census I don't -- I don't think we could have really  
15 known much at that point as far as what was going to  
16 change.

17 Q. (By Mr. Gear) So would you agree that  
18 providing public hearings before the release of the  
19 census would have provided an opportunity for citizens  
20 to present relevant testimony concerning their  
21 communities of interest?

22 A. Yes.

23 Q. Would you agree that providing public hearings  
24 before the release of the census data would have  
25 promoted public awareness of the commissioners court

1 | redistricting process?

2 | A. Yes.

3 | Q. And so did you participate in any  
4 | communications with anyone regarding the decision to  
5 | conduct only one special session during the  
6 | redistricting process?

7 | A. No.

8 | Q. How was that decision made to conduct one  
9 | special session? And I'm talking about the  
10 | November 12th, 2021.

11 | A. Based on --

12 | MS. OLALDE: Objection. Objection; form.

13 | You can answer.

14 | THE WITNESS: Based on, like I said,  
15 | timing to when we received maps and when we were told  
16 | it had to be done.

17 | Q. (By Mr. Gear) And who would have made that  
18 | ultimate decision?

19 | A. Judge Henry.

20 | Q. And did you participate in any discussions  
21 | related to when the special session would take place?

22 | A. Other than maybe receiving a phone call to ask  
23 | my availability, no.

24 | Q. And who else was on that phone call?

25 | A. It would have just been myself and maybe one

1 of the judge's assistants.

2 Q. And do you know the name of the judge's  
3 assistant?

4 A. Probably Linda --

5 Q. Linda?

6 A. -- Liechty. Liechty.

7 Q. Liechty. Okay. And do you recall the date  
8 around when this phone call occurred?

9 A. No, sir. It would have been between the time  
10 period of the maps and the deadline when we did -- when  
11 we did the meeting.

12 Q. And was there any reasons provided to you  
13 regarding scheduling the November 12th, 2021 -- strike  
14 that.

15 | Were there any reasons provided to you as  
16 | to why only one special session would be conducted for  
17 | the redistricting process? Was there any reasons  
18 | provided to you?

19 | MS. OLALDE: Objection; form.

20 | THE WITNESS: No, sir.

21 | Q. (By Mr. Gear) Did you ask if there would be  
22 | any additional redistricting public hearings conducted  
23 | other than the November 12th, 2021, special session?

24 | A. No, sir.

25 | Q. Did you have any concerns about there only

1 | being one special session for the 2021 redistricting  
2 | process?

3 | A. It was posted. We did, of course, hit social  
4 | media and things with it, get it out there. Were there  
5 | concerns? I wouldn't call it concerns. Would I have  
6 | liked to have seen more? Yes.

7 | Q. And did you raise those -- that -- did you  
8 | raise that issue with other commissioners that you  
9 | would have liked to have seen more public hearings  
10 | related to the 2021 redistricting process?

11 | A. No, sir.

12 | Q. And why not?

13 | A. There again, we were bumping the timeline. I  
14 | don't think we could have done it at any other time  
15 | because of the timeline and I think availability of  
16 | commissioners to be there.

17 | Q. And when you say "availability," just so the  
18 | record is clear, what do you mean?

19 | A. Possibly being out of town or other things.  
20 | It takes, you know, of course, 72 hour minimum to set  
21 | up a meeting. Of course, we had longer than that,  
22 | which, you know, as they were calling around asking --  
23 | Ms. Linda was calling asking for availability. I'm  
24 | always available. And so when it came out as being the  
25 | 12th for the meeting, I just assumed that was due to

1 the fact that maybe a couple guys were out of town.

2 Q. Was there any attempts to schedule an earlier  
3 date for the redistricting special session where the  
4 commissioners would vote to adopt the plan?

5 A. I don't know.

6 Q. And who would be responsible for setting the  
7 date of the special session meeting?

8 A. Judge Henry.

9 Q. So following the April 5th, 2021,  
10 commissioners court meeting, can you identify each and  
11 every date you met with other commissioners to discuss  
12 redistricting?

13 MS. OLALDE: Objection; form.

14 Q. (By Mr. Gear) Do you understand my question?

15 A. No, sir. Please repeat.

16 Q. So I'm trying to determine how many times and  
17 on what dates you met with other commissioners to  
18 discuss the 2021 redistricting process. Can you  
19 identify those dates for me?

20 A. The only time I can really think of is the  
21 October date when we had the meeting with the maps. I  
22 was with Commissioner Holmes and Mr. Oldham.

23 Q. And that's October 2021?

24 A. Yes, sir.

25 Q. And I'm sorry. Who was present? You said

1 Commissioner Holmes?

2 A. Commissioner Holmes, myself, I believe Tyler  
3 Drummond, and possibly Jed Webb.

4 Q. Who is Jed Webb?

5 A. Jed was -- at the time Jed -- Jed is gone now  
6 from the county, but at the time Jed was the -- kind of  
7 a communication guy but more governmental relations.

8 Q. And I believe you indicated that there was  
9 a -- that you had met with the demographer, the  
10 redistricting demographer?

11 A. He was on Zoom.

12 Q. And so the October 2021 meeting, was that a  
13 Zoom meeting or was that an in-person meeting?

14 A. Mostly in person, but the demographer, I  
15 believe, was Zoom with maps.

16 Q. And was that during that same October '21  
17 meeting where the demographer was on Zoom?

18 A. Yes.

19 Q. Was there anyone else present such as staff,  
20 your staff, for example?

21 A. No, sir.

22 Q. So can you tell me what was discussed during  
23 the October 2021 meeting?

24 MS. OLALDE: Objection, and instruct the  
25 witness not to answer with respect to any

1 attorney-client privileged information or work product  
2 data that was shared during the meeting.

3 MR. GEAR: And, again, we'll reserve the  
4 claim that the attorney-client privilege does not apply  
5 to Dale Oldham. And you're directing him not to  
6 answer?

7 MS. OLALDE: I am.

8 Q. (By Mr. Gear) Can you tell me during that  
9 October 2021 meeting with the individuals you  
10 identified whether or not there were any text messages  
11 or emails that were exchanged prior to that meeting?

12 A. Not that I recall.

13 Q. Can you tell me following that meeting was any  
14 of the information that you discussed during that  
15 meeting reduced to a written form of any kind?

16 A. Not that I'm aware of other than the maps.

17 Q. So maps were shared with the commissioners  
18 that were present?

19 A. Yes.

20 Q. And would this -- would the October 2021  
21 meeting have occurred prior to the posting of the plans  
22 on the county website?

23 A. I believe so.

24 Q. Did you personally prepare anything in writing  
25 to memorialize your communication during this meeting?

1 A. No, sir.

2 Q. Are you aware of anyone reducing the  
3 discussions during the October 2021 meeting to written  
4 form?

5 A. No, sir.

6 MR. GEAR: Zach, could we put up  
7 Exhibit 2?

8 Q. (By Mr. Gear) I'll give you a chance to look  
9 at that. Have you ever seen this document before, sir?

10 A. Yes.

11 Q. And the sent date is Tuesday, October 19th,  
12 2021. Do you see that?

13 A. Yes.

14 Q. And it's from Darrell Apffel. Do you see  
15 that?

16 A. Correct.

17 Q. And do you see who it's to?

18 A. Yes.

19 Q. And do you see your name in that line of  
20 emails?

21 A. Yes, sir.

22 Q. And can you read the first part of this for  
23 me?

24 A. "Joe and I are in a redistricting meeting  
25 today. Seth will attend on our behalf. Where is the

1 meeting going to be? The below email does not state a  
2 place. Thanks. Darrell Apffel, county commissioner."

3 Q. Did you respond to this email at all?

4 A. I don't believe so, no, sir.

5 Q. And just to be clear, underneath that there's  
6 also an email chain. Do you see that --

7 A. Yes, sir.

8 Q. -- on October 14th?

9 A. I do.

10 Q. And that's October 14th, 2021. And do you see  
11 that you're also on that email chain?

12 A. Yes, sir.

13 Q. Did you respond to the October 14th, 2021,  
14 email chain?

15 A. Not that I recall.

16 Q. And so the October 19th dates -- you were --  
17 you were previously testifying about an October 2021  
18 meeting. Does that refresh your memory as to when the  
19 date of the meeting actually took place?

20 A. Give me just a second here.

21 Q. Sure.

22 A. I do -- to go back on what you asked earlier  
23 about the bottom half of that, I'm pretty sure I did  
24 respond to that on October the 14th just saying, "Yes,  
25 I would like to participate in the forming of the

1 courthouse security committee."

2 Q. And did you participate in that meeting on  
3 October 19?

4 A. No.

5 Q. And why didn't you participate in that meeting  
6 on October 19th?

7 A. That was the date, I believe, of the meeting  
8 up in West County that we were just discussing.

9 Q. The meeting that involved Mr. Holmes,  
10 yourself, Mr. Webb, Tyler Drummond?

11 A. Yes.

12 MS. OLALDE: Objection to form, misstates  
13 testimony.

14 You left out Dale Oldham.

15 MR. GEAR: And Mr. Oldham. I didn't mean  
16 to do that.

17 THE WITNESS: Yes.

18 Q. (By Mr. Gear) So do you recall any other  
19 meetings that may have taken place or communications  
20 that may have taken place by phone or by Zoom with any  
21 of the other commissioners regarding the 2021  
22 redistricting process?

23 A. No, sir.

24 Q. Do you recall communicating with Commissioner  
25 Holmes specifically regarding the 2021 redistricting

1 process?

2 A. Just while we were sitting in that meeting.

3 Q. And did you -- did you speak with him either  
4 by phone or by Zoom or in person other than the meeting  
5 you identified?

6 A. Not that I recall, no, sir.

7 MR. GEAR: Zach, can we put up Exhibit 3,  
8 please?

9 Q. (By Mr. Gear) I'll give you a chance to look  
10 at that. So for the record this is Defendants Bates  
11 Stamp No. 00017099 to 17100. Have you had a chance to  
12 look at that document, sir?

13 A. Yes, sir.

14 Q. And looking at the very top on the first page,  
15 can you tell me who this is from?

16 A. Linda Liechty.

17 Q. And can you tell me who it was sent to?

18 A. Paul Ready.

19 Q. And regarding the subject matter, can you tell  
20 me what that states, please?

21 A. Conference call with Commissioner Joe Giusti.

22 Q. And it says "Paul, FYI: 10:00 a.m. on  
23 September 13th has been confirmed with Commissioner  
24 Giusti and Mr. Oldham." Do you see that?

25 A. Yes.

1 Q. And did you meet with Mr. Oldham on

2 September 13th, do you recall?

3 A. Yes.

4 Q. And who else was present during that meeting

5 if you recall?

6 A. Mr. Ready, and that's all I remember.

7 Q. And where did that meeting take place?

8 A. I believe it was on Pecan, the address on

9 Pecan, which is Judge Henry's conference room.

10 Q. And the previous meeting that you talked

11 about, the October 19th meeting, was that also in Judge

12 Henry's conference room?

13 A. Yes.

14 Q. Okay. And what was the purpose of the meeting

15 on September 10th?

16 MS. OLALDE: Again, I understand your

17 question. I just want to instruct the witness not to

18 reveal any substance of any conversations.

19 Otherwise, please answer.

20 MR. GEAR: Let me make that question --

21 MS. OLALDE: Yeah.

22 MR. GEAR: -- a little bit clearer.

23 MS. OLALDE: Yeah. Just being careful.

24 Q. (By Mr. Gear) So on September 10th did you

25 meet with --

1 A. 13th.

2 Q. September 13th. Thank you. Did you meet with  
3 Attorney Ready and Mr. Oldham?

4 A. I don't remember if Mr. Oldham was in person  
5 or Zoom, but yes.

6 Q. But he did attend the meeting and --

7 A. Yes.

8 Q. And was that meeting related to the 2021  
9 redistricting process?

10 A. Yes.

11 Q. And did you receive any materials related to  
12 the redistricting process prior to the September 13th  
13 meeting?

14 A. Not that I recall.

15 Q. Did you receive any materials while you were  
16 present during the September 13th meeting that relate  
17 to the 2021 redistricting process?

18 MS. OLALDE: Objection; form.

19 THE WITNESS: Not that I recall.

20 Q. (By Mr. Gear) So what did you discuss during  
21 that September 13th meeting?

22 MS. OLALDE: Objection. And I'm going to  
23 instruct the witness not to answer about any  
24 attorney-client privileged communications or contain  
25 work product that was discussed in the meeting.

1 MR. GEAR: We reserve our right to raise  
2 the argument that attorney-client privilege is not --  
3 does not apply to Mr. Oldham.

4 Q. (By Mr. Gear) So other than the  
5 September 13th meeting and the October 19th meeting  
6 which you've identified, did you meet at any other  
7 times with Mr. Oldham?

8 A. I think initially when we hired him he was at  
9 that meeting.

10 Q. And did you have any discussions with  
11 Mr. Oldham prior to hiring him?

12 A. No, sir.

13 Q. So other than the fact that he was present at  
14 the commissioners court meeting, you didn't have any  
15 independent conversation with him.

16 A. Correct.

17 MR. GEAR: Can we put up Exhibit 4,  
18 please, Zach?

19 Q. (By Mr. Gear) Can you identify this document  
20 for me, please? Have you seen it before I guess I  
21 should ask.

22 A. I don't recall seeing it before.

23 Q. And for the record this is Defendants Bates  
24 Stamp No. 00015162. Can you tell me -- can you read  
25 the subject line for me, please?

1 A. "Conference call with Paul Ready and Dale  
2 Oldham re redistricting."

3 Q. And the start date?

4 A. September -- Monday, September 13th, 2021, at  
5 10 a.m.

6 Q. And this is the meeting that you were  
7 referring to when you --

8 A. Yes, sir.

9 Q. So following the April 5th, 2021,  
10 commissioners court meeting where the redistricting  
11 consultant was hired, can you identify for me the  
12 dates, if any, where you met with other commissioners  
13 court staff to discuss the 2021 redistricting process?

14 MS. OLALDE: Objection; form.

15 THE WITNESS: I don't recall any other  
16 times that I met with commissioners or staff.

17 Q. (By Mr. Gear) Do you recall any times that  
18 you met with commissioner staff related to the 2021  
19 redistricting process?

20 A. No, sir.

21 Q. And Yesenia is your staff.

22 A. Yesenia. Yes.

23 Q. Yesenia. I'll get it right before the end of  
24 this deposition.

25 Was she involved at all in the 2021

1 redistricting process assisting you?

2 A. No, sir. I mean, she's on this memo as an  
3 attendee, but I don't remember if she was or not, to be  
4 honest. I don't think she was.

5 Q. Do you have any recollection if Yesenia  
6 reduced the discussions that took place during this  
7 meeting into any written form?

8 A. No.

9 Q. Just so I'm clear on the record, so  
10 September 13th and October 19th, 2021, were the only  
11 dates that you met with Dale Oldham? Is that correct?

12 A. Yes, sir, other than the initial hiring.

13 Q. Where you did not have any independent  
14 discussion --

15 A. Correct.

16 Q. So during the time -- strike that. So did you  
17 have an opportunity to present your preferences  
18 regarding the changes you wanted to see for Precinct 2  
19 during the 2021 redistricting process?

20 MS. OLALDE: Objection. I'm going to  
21 instruct the witness not to answer with respect to  
22 conversations that were had with Mr. Oldham.

23 Otherwise, you can answer. Based on  
24 attorney-client privileged work product.

25 THE WITNESS: That would have been our

1 | conversations.

2 | Q. (By Mr. Gear) Let me -- let me change the  
3 | frame of that question.

4 | What preferences did you want to see --  
5 | what changes did you want to see to Precinct 2 during  
6 | the 2021 redistricting process?

7 | A. Me personally, there were a couple of things.  
8 | One was to level out the population amongst the  
9 | precincts. Two was probably to, as I mentioned  
10 | earlier, clarify the lines as to who was where to make  
11 | it easier for the public to understand who their  
12 | commissioners were, to keep my house in my precinct and  
13 | to keep my mom and dad's house in my precinct.

14 | Q. Anything else?

15 | A. Nope.

16 | Q. I believe you testified to this previously  
17 | about confusion as to where the commissioners' lines  
18 | fell in the previous redistricting plan. What are you  
19 | basing that concern upon?

20 | A. I guess we -- just personal experience. We  
21 | would get phone calls from constituents requesting  
22 | help, and it would be things that weren't -- that were  
23 | on the edge of my precinct but not in my precinct, or  
24 | vice versa, they were in my precinct and they were  
25 | calling someone else because the lines at times were --

1 I'm not going to say fuzzy, but just they were kind of  
2 squiggly, and so, you know, it may take part of a  
3 street and not the whole street or part of a  
4 neighborhood and not the whole neighborhood.

5 Q. So -- and you're talking about the  
6 commissioner court precinct lines, correct?

7 A. Yes, sir.

8 Q. And would you agree that those commissioner  
9 court precinct lines had been in place from 2012 to  
10 2021 until the newest plan was adopted?

11 A. Yes, sir.

12 Q. And you indicated that you at times received  
13 calls from constituents who were confused about which  
14 commissioner they needed to call.

15 A. Correct.

16 Q. Did you -- did you record those calls in any  
17 manner?

18 A. No, sir.

19 Q. Did you reduce the -- those concerns by  
20 constituents in a written form in any manner?

21 A. No, sir.

22 Q. How many times between 2014 to 2021 would you  
23 say you got a call related to concerns about -- from  
24 constituents related to concerns about which  
25 commissioner they needed to speak to?

1 MS. OLALDE: Objection; form.

2 Go ahead.

3 THE WITNESS: The concerns weren't about  
4 which commissioner. The concerns were drainage or  
5 whatever the case may be.

6 Q. (By Mr. Gear) Okay.

7 A. But they didn't know which commissioner to  
8 call, and so I would field a lot of calls, which was  
9 fine. And if I could help them I would. But normally  
10 what would happen is I would help them and then I would  
11 pass that on to their commissioner that they were  
12 calling so they could follow up on it.

13 Q. Did you see that as problematic in some way?

14 A. Not for me, but for the constituents I could  
15 see where it could be an issue not knowing what  
16 precinct you were in. But it wasn't a problem for us.  
17 I mean, we just took care of it and moved along.

18 Q. So following the April 5th commissioners court  
19 meeting again where the consultant was hired, can you  
20 identify each and every date where you personally met  
21 with the county engineer -- I believe his title is  
22 engineer tech/GIS specialist -- Nathan Sigler?

23 MS. OLALDE: Objection; form.

24 Q. (By Mr. Gear) And let me. Let me correct  
25 that question.

1 | Did you meet with Nathan -- Nathan Sigler  
2 | during the 2021 redistricting process?

3 | A. Probably. And I know I -- as far as the  
4 | number of times you asked me about, I have no idea how  
5 | many number of times because I would go to Nathan for  
6 | different things other than redistricting. As far as  
7 | for redistricting, I know -- and I don't know if I met  
8 | with him or called him, but I asked him for a hard copy  
9 | of the map.

10 | Q. So let's start with the number of times that  
11 | you spoke with Mr. Sigler regarding the 2021  
12 | redistricting process. Can you give me an idea?

13 | A. Once, I believe.

14 | Q. And do you recall whether that was an  
15 | in-person meeting or a meeting that took place by  
16 | phone?

17 | A. Probably in person as I was leaving the area,  
18 | just stopping in and saying, "Give me a copy of the  
19 | map."

20 | Q. And do you have an idea as to when that  
21 | person -- in-person meeting would have occurred during  
22 | the 2021 redistricting process?

23 | A. Sometime pretty soon after we received the  
24 | maps. So between the end of October and first of  
25 | November.

1 Q. And why did you go to Mr. Sigler to get a copy  
2 of the maps?

3 A. He's the map guy.

4 Q. But is he the same demographer or map guy as  
5 you testified that -- that attended the meetings by  
6 Zoom with Mr. Oldham?

7 A. No, sir.

8 Q. And so he's the map guy for the county.

9 A. Yes, sir.

10 Q. Okay. And did you also receive maps from the  
11 demographer that works with Mr. Oldham?

12 A. I don't recall other than seeing it on Zoom.  
13 I don't remember if I got a physical copy from them or  
14 not.

15 Q. And what maps do you recall receiving from  
16 Mr. Sigler?

17 A. Map 1 and Map 2.

18 Q. And do you have any personal knowledge whether  
19 other commissioners contacted Mr. Sigler to receive  
20 Map 1 and Map 2?

21 A. I don't, no.

22 Q. Did you express any of your redistricting  
23 preferences to Mr. Sigler during the 2021 redistricting  
24 process?

25 A. No, sir.

1 Q. Was there anyone else present during the  
2 personal meeting that you had with Mr. Sigler during  
3 the 2021 redistricting process?

4 A. I don't recall.

5 Q. Can you tell me what was discussed between you  
6 and Mr. Sigler during the 2021 redistricting process?

7 A. I would have just asked him for a copy of  
8 Map 1 and 2 with something more clarifying than the  
9 stuff I saw on Zoom, as far as being able to -- a  
10 larger map to where I could identify streets and what  
11 have you.

12 Q. When you say something you saw on Zoom,  
13 you're talking -- you are referencing during the  
14 meeting you had with Mr. Oldham?

15 A. Yes.

16 Q. Or -- that's a yes?

17 A. Yes.

18 Q. Did Mr. Sigler assist you in any other way  
19 other than to provide you with maps during the 2021  
20 redistricting process?

21 A. No, sir.

22 Q. Did you exchange any emails or texts with  
23 Mr. Sigler related to the 2021 redistricting process?

24 A. No, sir, not that I recall.

25 Q. So following the April 5th, 2021,

1 commissioners court meeting, can you identify each and  
2 every date that you personally met with the county  
3 engineer? And I believe his name was Michael Shanahan.

4 MS. OLALDE: Objection; form.

5 THE WITNESS: Can you ask that again?

6 Q. (By Mr. Gear) What's the name of the county  
7 engineer?

8 A. Michael Shannon.

9 Q. And did you meet with Michael Shannon during  
10 the 2021 redistricting process in any capacity to  
11 receive assistance? Strike that. Terrible question.

12 During the 2021 redistricting process did  
13 you meet with Michael Shanahan [sic] to discuss  
14 redistricting?

15 A. No.

16 Q. Did you call Mr. Shanahan during the 2021  
17 redistricting process to discuss redistricting in any  
18 capacity?

19 A. No.

20 Q. Did you exchange emails or text messages with  
21 Mr. Shanahan during the 2021 redistricting process  
22 related to redistricting?

23 A. No.

24 Q. Did you participate in any Zoom calls or Teams  
25 calls with Mr. Shanahan related to the 2021

1 | redistricting process?

2 | A. No, sir.

3 | Q. During the 2021 redistricting process are you  
4 | personally aware of any other commissioners that met  
5 | with Michael Shanahan regarding the 2021 redistricting  
6 | process?

7 | A. No, sir.

8 | Q. I believe I asked you this before. During the  
9 | 2021 redistricting process were you provided with any  
10 | type of redistricting software?

11 | A. No, sir.

12 | Q. Was redistricting software available to you if  
13 | you chose to draw plans for the 2021 redistricting  
14 | process?

15 | A. Not to my knowledge.

16 | Q. Did you draw or did you attempt to draw any  
17 | redistricting plans during the 2021 redistricting  
18 | process?

19 | A. No, sir.

20 | Q. Other than Map 1 and Map 2, how many  
21 | redistricting plans did you review during the  
22 | redistricting process? I'm talking about 2021.

23 | MS. OLALDE: I'm going to object and  
24 | instruct the witness not to answer as to the  
25 | attorney-client privilege or work product discussions

1 with Mr. Oldham, but if it comes down to just a number,  
2 which I believe is what the question is asking, the  
3 witness can answer as to number.

4 Q. (By Mr. Gear) And that was the question, how  
5 many plans did you review during the 2021 redistricting  
6 process.

7 A. I want to say at some point I saw four.

8 Q. And can you tell me -- did you see all those  
9 plans at one time, or did you see them over a course or  
10 period?

11 A. I think at one time.

12 Q. Can you tell me where you saw the four  
13 plans -- the four 2021 redistricting plans, when did  
14 you review those plans?

15 MS. OLALDE: And I'm going to object as  
16 to attorney-client privilege and work product and ask  
17 the witness not to reveal any attorney-client  
18 privileged communications or any attorney-client work  
19 product and instruct him not to answer.

20 MR. GEAR: So to be clear, the question  
21 was when did he review the plans. I didn't ask him  
22 about details or discussions related --

23 MS. OLALDE: As to date -- as to date you  
24 can answer.

25 THE WITNESS: I believe it was in one of

1 the -- the two meetings we discussed.

2 Q. (By Mr. Gear) Do you recall which meeting it  
3 was?

4 A. I don't, sir.

5 Q. So I believe previously you testified that you  
6 saw plans during the October 2021 meeting.

7 A. Yes, sir. That's what I recall.

8 Q. Does that refresh your recollection as to when  
9 you saw those plans?

10 A. I'm guessing that's when, but just a guess.

11 Q. And your attorney will tell you she doesn't  
12 want you to guess.

13 A. Right.

14 Q. Did you see any plans during the September  
15 meeting?

16 A. I don't recall.

17 Q. Are you familiar with the Red Apple, Texas  
18 Legislative Council redistricting software?

19 A. No, sir.

20 Q. Did you have any personal knowledge as to  
21 whether or not Commissioner Clark was drawing plans  
22 during the 2021 redistricting process?

23 A. No, sir.

24 Q. Did you see any plans that were drawn by  
25 Commissioner Clark during the 2021 redistricting

1 process?

2 MS. OLALDE: Objection; form.

3 Go ahead.

4 THE WITNESS: Not that I recall.

5 Q. (By Mr. Gear) Did you see any plans --  
6 redistricting plans related to the 2021 redistricting  
7 process that were drawn by any other commissioners  
8 prior to the adoption of the commissioners court plan?

9 A. Not that I recall.

10 Q. At any time during the redistricting  
11 process -- and I'm talking about the 2021 redistricting  
12 process just to be clear -- were you asked by anyone to  
13 draw your own plans?

14 A. No, sir.

15 Q. So I want to change the subject now and talk  
16 about the public outreach during the 2021 redistricting  
17 process. Did the commissioners court conduct any  
18 public meetings related to redistricting between  
19 April 5th, 2021, which is when the consultant was  
20 hired, to the date of the special session, which was  
21 November 12th, 2021?

22 A. No, sir.

23 Q. So based on your personal knowledge, did any  
24 of the commissioners ask you to attend any public  
25 meetings to discuss redistricting outside of the

1 regularly scheduled commissioners court hearings?

2 A. No, sir.

3 Q. Did you personally make any attempts to reach  
4 out to members of the black and Hispanic community in  
5 Galveston County to determine their position on Maps 1  
6 and 2?

7 A. No, sir.

8 Q. Did you make any attempts to obtain the view  
9 of your constituents related to Map 1 and Map 2?

10 A. Just with the Facebook post.

11 Q. And you're talking about your Facebook post.

12 A. Yes, sir. And sharing Judge Henry's Facebook  
13 post.

14 Q. Do you recall what groups or individuals  
15 responded to your Facebook post?

16 A. I don't recall.

17 Q. Do you recall how many responses you received  
18 related to your Facebook post?

19 A. One or two. It wasn't many.

20 Q. Do you recall what response you received, what  
21 was the content of that response?

22 A. I do not.

23 Q. Do you recall if they supported or opposed the  
24 plan?

25 A. I do not.

1 Q. During the redistricting process, did the  
2 commissioners court as a whole attempt any public  
3 outreach to the black and Hispanic communities in  
4 Galveston County?

5 A. Not that I'm aware of, no, sir.

6 Q. So at some point you received public comment  
7 related to Map 1 and 2, correct?

8 A. Yes.

9 Q. Can you tell me what, if any, concerns the  
10 public expressed related to Maps 1 and 2?

11 A. Through emails I received, I guess the main  
12 concerns were lack of representation based on the new  
13 maps.

14 Q. What do you mean by "lack of representation  
15 based on the new maps"?

16 A. People not feeling that they would be properly  
17 represented by someone of a different race.

18 Q. So are you referring to concerns about the way  
19 the precinct lines were drawn?

20 A. Yes, sir.

21 Q. And the -- when you say "represented by  
22 someone of a different race," are you referring to  
23 Commissioner Holmes?

24 A. No. Referring to myself and other  
25 commissioners.

1 Q. So do you recall the content of those  
2 comments?

3 A. Basically just, "We want things to stay the  
4 way they are. We don't want any change. Commissioner  
5 Holmes is doing a great job for us. He sees our  
6 problems because he is also African-American."

7 Q. And did you respond to any of those comments?

8 A. I did not.

9 Q. Why not?

10 A. Most of them were cut and paste, the same  
11 comment just cut and pasted several times, and my  
12 opinion of a cut-and-paste email is if you're not going  
13 to take it to even change it a little bit, how big a  
14 concern it really is to you.

15 Q. So based on your personal knowledge, what was  
16 your understanding of black community support in  
17 Galveston County for Map 1?

18 A. For Map 1 I don't --

19 Q. Yes.

20 A. I never heard anybody that I recall saying,  
21 "Oh, I like Map 1 over Map 2." There may have been a  
22 couple, but it wasn't many.

23 Q. So based on your personal knowledge, what was  
24 your understanding of Hispanic community support for  
25 Map 1?

1 A. There again, I'm not -- don't know. I didn't

2 really see any support for Map 1 or Map 2.

3 Q. Based on your personal knowledge, what was

4 your understanding of black community support for

5 Map 2?

6 A. Not -- didn't support it, didn't want change.

7 Q. Based on your personal knowledge, what was

8 your understanding of Hispanic community support for

9 Map 2?

10 A. Same.

11 Q. They didn't support it, didn't want change?

12 A. From -- from what little Hispanic response I

13 got. It didn't seem like as many Hispanics responding

14 as African-Americans.

15 Q. And so when you indicated that you received

16 email responses, was that in relation to the posting of

17 Map 1 and 2 to the county website, or did you receive

18 them on some other personal or work emails?

19 A. No. It was on county website.

20 Q. Do you know generally how many comments you

21 received in total?

22 A. I want to say in the neighborhood of 40.

23 Q. So based on those 40 responses that you are

24 aware of, how many of those actually supported Map 1?

25 A. I don't recall.

1 Q. Based on your awareness of the 40 emails that  
2 were received, how many of those actually supported  
3 Map 2?

4 A. I don't recall.

5 Q. Did you have any communications with any of  
6 the other commissioners related to the comments that  
7 were received on the county website?

8 A. No, sir.

9 Q. Did anyone from the public submit proposed  
10 plans to the commissioners court during the 2021  
11 redistricting process?

12 A. I don't recall.

13 Q. Who would that have been submitted to if -- if  
14 that were to occur?

15 A. It could have been submitted to any one of us  
16 just sent in with an email.

17 Q. Would it have been the procedure if a  
18 commissioner received -- well, strike that.

19 So if a community member submits a  
20 redistricting plan, what is the procedure if it goes to  
21 an individual commissioner?

22 A. There is really no written procedure, but I  
23 think what would normally happen is that would be  
24 distributed to the judge's office.

25 Q. And would the judge then be responsible to

1 distribute it to the rest of the commissioners?

2 A. I would assume.

3 Q. And based on your -- go ahead.

4 A. But at some point, you know, the question  
5 would come in are we discussing this and now do we have  
6 more than three people involved in the discussion where  
7 we're violating the law.

8 Q. And you're talking about the quorum?

9 A. Yes, sir. As it not being in an open meeting.

10 Q. So was there an effort to avoid creating a  
11 quorum during -- at any time during the 2021  
12 redistricting process?

13 A. No, sir.

14 Q. So when you talk about the law related to  
15 quorums, during the process, for example, I believe the  
16 October 2021 meeting where you met with Dale Oldham and  
17 you were present and Tyler Drummond and Jed Webb was  
18 also present, was that set up in a manner to avoid  
19 violating the -- the law that applies to quorums?

20 MS. OLALDE: Objection; form.

21 THE WITNESS: Yes, I would assume it is.  
22 That's the reason that on lots of different occasions  
23 we'll only have two commissioners together for  
24 different things. So if we're hiring -- for instance,  
25 if we're hiring our engineer, when we hired him, when

1 we're interviewing people that we're hiring, we'll only  
2 have two of us in the room.

3 Q. (By Mr. Gear) And so when those individual  
4 meetings take place, is there an effort to inform  
5 commissioners who weren't present about what was  
6 discussed in those meetings?

7 A. No.

8 Q. Why not?

9 A. Because then that would be violating the  
10 letter of it, I believe.

11 Q. So during the 2021 redistricting process, you  
12 met twice with Dale Oldham and others. Are you aware  
13 of the dates or were you made aware of the dates where  
14 other commissioners met with Mr. Oldham?

15 A. I want to say they were the same time, same  
16 basic dates. Exact times I'm not positive about.

17 Q. So changing the subject matter, I wanted to  
18 talk a bit about the concept of coastal precincts.  
19 From 2014 to 2021, 2014 being the date that you were  
20 elected, what, if any, public communications were you  
21 aware of related to supporting the creation of a  
22 coastal precinct?

23 MS. OLALDE: Objection; form.

24 THE WITNESS: Not aware of any.

25 Q. (By Mr. Gear) Was the commissioners court

1 | involved in any communications from 2014 to 2021

2 | related to the creation of a coastal precinct?

3 | A. Not that I'm aware of.

4 | Q. Were you involved with any of the

5 | commissioners in private communications regarding the

6 | creation of a coastal precinct between 2014 and 2021?

7 | A. Are we talking prior to the maps coming out?

8 | Q. Let me restate my question just so we're

9 | clear.

10 | So I'm asking you for a date range, 2014,

11 | when you were elected, to 2021, when the maps were

12 | ultimately adopted. Were you involved in any private

13 | discussions with any of the other commissioners on the

14 | court related to the creation of a coastal precinct?

15 | MS. OLALDE: I'm going to object and ask

16 | the witness not to answer with respect to any

17 | attorney-client privilege or to any work product,

18 | shared communications.

19 | And otherwise you can answer.

20 | THE WITNESS: Not that I recall.

21 | Q. (By Mr. Gear) Was there any records of any

22 | kind distributed by any of the county commissioners

23 | related to the creation of a coastal precinct between

24 | 2014 to 2021?

25 | A. Not that I recall.

1 Q. Were there any written proposals or analysis  
2 developed by the commissioners court as a result of --  
3 related to the concept of the creation of a coastal  
4 precinct?

5 MS. OLALDE: Objection; form.

6 Q. (By Mr. Gear) Do you understand my question?

7 A. Not that I recall.

8 Q. So was any type of analysis ever done by the  
9 commissioners court regarding the development of a  
10 coastal precinct?

11 MS. OLALDE: Objection; form.

12 And to the extent your answer would  
13 contain any attorney-client privilege or attorney work  
14 product information or communication, I would instruct  
15 you not to answer, but otherwise you may answer.

16 THE WITNESS: Not that I recall.

17 Q. (By Mr. Gear) So based on your knowledge,  
18 have there been any surveys or public polls conducted  
19 by the commissioners court to determine the interest in  
20 establishing a coastal precinct?

21 A. Not that I recall.

22 Q. So during the 2021 redistricting process, did  
23 you engage in any communications with elected officials  
24 in the City of Galveston related to the creation of a  
25 coastal precinct?

1 A. No, sir.

2 Q. Did you engage in any communications with  
3 elected officials from the Bolivar Peninsula related to  
4 the creation of a coastal precinct?

5 A. No, sir.

6 Q. Did you engage in any communications with the  
7 Galveston Chamber of Commerce related to the creation  
8 of a coastal precinct? And again I'm talking about  
9 this 2021.

10 A. Right. No, sir.

11 Q. Did you engage in any communications with the  
12 Bolivar Peninsula related to the creation of a coastal  
13 precinct?

14 MS. OLALDE: Objection; asked and  
15 answered.

16 THE WITNESS: No, sir.

17 Q. (By Mr. Gear) And I may repeat questions from  
18 time to time, and that's not intentional. It's not an  
19 attempt to throw you off. And feel free to tell me if  
20 you believe you've answered the question before.

21 So during the 2021 redistricting process,  
22 did the commissioners court as a whole engage in any  
23 communications with elected officials from any of the  
24 cities in the City of Galveston related to the creation  
25 of a coastal precinct?

1 A. No, sir.

2 Q. Do you have any personal knowledge of any  
3 commissioner or staff -- or their staff engaging in  
4 communications with elected officials in any of the  
5 cities in Galveston related to the creation of a  
6 coastal precinct?

7 A. No, sir.

8 Q. Do you have any personal knowledge of any  
9 commissioner or their staff engaging in communications  
10 with any Chambers of Commerce from the various cities  
11 in Galveston County related to the creation of a  
12 coastal precinct?

13 A. No, sir.

14 MR. GEAR: Could we put up Exhibit 5,  
15 please, Zach?

16 Q. (By Mr. Gear) I'll give you a chance to look  
17 at this document. For the record, this is a news  
18 article, Political Buzz, that's titled Does the Coast  
19 Want a Single, and then it's from Daily News, the  
20 Galveston -- Galveston County, Texas. And do you see  
21 the date on that document?

22 A. November 10th.

23 Q. November 10th, 2021. So in the first  
24 paragraph of this document it talks about the creation  
25 of a coastal precinct perhaps for the first time in

1 history. Do you see that?

2 A. I do.

3 Q. So based on your knowledge, has there ever  
4 been a single coastal precinct in Galveston County?

5 A. Based on my knowledge, I don't know.

6 Q. So drawing your attention to paragraph 4.

7 A. Yes, sir.

8 Q. Can you read the beginning of that paragraph  
9 where it starts "But do the communities"?

10 A. "But do the communities that would be mashed  
11 into a single precinct want to be lumped in with their  
12 coastal neighbors?"

13 Q. Did you receive any comments from constituents  
14 for -- during the comments that were posted to the  
15 county website regarding concerns about being lumped  
16 into a coastal precinct?

17 A. I don't recall.

18 Q. Can you read the very next -- very next  
19 sentence, please?

20 A. "The verdict is still out, even with just two  
21 days before commissioners are scheduled to vote on the  
22 new maps."

23 Q. And, again, this article is dated  
24 November 10th, 2021. Were you aware prior to the  
25 adoption of the commissioners court plan on

1 November 12th, 2021, that there were concerns about  
2 Map 1 and Map 2?

3 MS. OLALDE: Objection; form.

4 THE WITNESS: Can you ask that again,  
5 please?

6 Q. (By Mr. Gear) Sure. Were you aware that  
7 there were concerns from the Bolivar Peninsula about  
8 the potential adoption of Map 2?

9 MS. OLALDE: Objection; form.

10 THE WITNESS: No, sir. Can I have a  
11 couple minutes to finish reading this?

12 Q. (By Mr. Gear) Sure.

13 A. Thanks.

14 Q. Just let me know when you're done.

15 MS. OLALDE: I'm just --

16 THE REPORTER: I'm sorry. I can't hear  
17 you.

18 MS. OLALDE: Sorry. I was just letting  
19 counsel know that our upstairs cafeteria closes at  
20 1 p.m.

21 (Discussion off the record)

22 Q. (By Mr. Gear) Have you seen this article  
23 before?

24 A. I don't recall it. I might have. I just  
25 don't recall it.

1 Q. Were you aware of any public comments from the  
2 Bolivar Peninsula that the majority of the people would  
3 like to keep Darrell Apffel as their commissioner?

4 A. No, sir.

5 Q. Do you know who Brenda Flanagan is?

6 A. I do.

7 Q. And who is Brenda Flanagan?

8 A. Brenda is a citizen of Bolivar, and I believe  
9 she's involved with the Chamber of Commerce over there.

10 Q. And she was the president of the Chamber of  
11 Commerce for a time?

12 A. I think she was the president and maybe at  
13 this time she was the president.

14 Q. And were you aware that the Chamber of  
15 Commerce in Bolivar was conducting a meeting on  
16 Thursday night where the members were attempting to  
17 come to some resolution on the -- on their position on  
18 the 2021 redistricting plan?

19 MS. OLALDE: Objection; form.

20 THE WITNESS: Just from reading this  
21 letter.

22 Q. (By Mr. Gear) Did you have any discussions  
23 with any other commissioners related to this meeting  
24 that was going to take place on Thursday? And again  
25 this article is dated November 10th, so that would have

1 | been November 11th, 2021?

2 | A. No, sir.

3 | Q. And again to be clear, the commissioners voted  
4 | on -- to adopt the plan on November 12th, 2021,  
5 | correct?

6 | A. Yes, sir.

7 | Q. Okay. Were you invited to attend the meeting  
8 | that took place on Thursday, November 11, 2021?

9 | A. I don't recall.

10 | Q. Did you discuss the pending meeting with any  
11 | other commissioners or their staff? And I'm talking  
12 | about the November 11th, 2021, meeting in Bolivar.

13 | A. I don't recall.

14 | Q. Were you aware prior to the adoption of the  
15 | November 2021 commissioners court plan that there were  
16 | concerns about competing -- strike that.

17 | Were you aware prior to the adoption of  
18 | the November 12th, 2021, commissioners court plan that  
19 | citizens on Bolivar were -- were concerned about being  
20 | lumped into a single coastal precinct?

21 | MS. OLALDE: Objection; form and asked  
22 | and answered.

23 | Go ahead.

24 | THE WITNESS: No, sir.

25 | Q. (By Mr. Gear) And I asked you were you aware

1 | prior to the adoption of the plan. At any point after  
2 | the adoption of the plan were you -- did you become  
3 | aware that there were concerns by the citizens of  
4 | Bolivar Peninsula about being joined into a coastal  
5 | precinct?

6 | A. After the fact, yes, sir.

7 | Q. And what were those concerns?

8 | A. Just what -- just what it kind of states  
9 | there, that, you know, they're the little guy on the  
10 | block and they don't think they get the attention they  
11 | deserve.

12 | Q. And how did you learn about these concerns?

13 | A. I heard from a couple of residents. Just they  
14 | called me. And then also I went over to a meeting in  
15 | Bolivar. I don't remember when that was, but I went  
16 | with Commissioner Apffel and something the chamber set  
17 | up, and I went and met with them.

18 | Q. And I believe you just said you don't recall  
19 | the date of that meeting.

20 | A. No idea.

21 | Q. Do you recall what was discussed during that  
22 | meeting?

23 | A. Basically just what we talked about, you know,  
24 | them -- them being the little guy on the block and not  
25 | getting much attention when they think -- when they

1 feel they need more of our representation.

2 Q. Was there any concern expressed that it might  
3 be better for them to have two commissioners  
4 representing them as opposed to one?

5 A. No. I don't think they wanted two  
6 commissioners. I think they wanted their own  
7 commissioner just for Bolivar.

8 Q. Well, under the prior plan did they have more  
9 than one commissioner representing them?

10 A. No.

11 Q. And the commissioner under the prior plan  
12 would have been Commissioner Apffel?

13 A. Correct.

14 Q. Okay. And under the adopted plan you are now  
15 the commissioner that represents the interests of the  
16 Bolivar Peninsula, correct?

17 A. Yes, sir.

18 Q. And the meeting that you attended would have  
19 been after the adopted plan and when you were the  
20 commissioner representing the Bolivar Peninsula,  
21 correct?

22 A. Yes, sir.

23 MR. GEAR: So, Zach, could you put up  
24 Exhibit 6, please?

25 Q. (By Mr. Gear) I'll give you a chance to take

1 a look at that. So Exhibit 6 is a Crystal Beach Local  
2 News article. Have you ever seen this article before?

3 A. Yes, sir, I believe I have.

4 Q. And do you see the picture on the first page?

5 A. Yes, sir.

6 Q. And just to be clear, this is a three-page  
7 document, and the first page contains a picture. Would  
8 you agree that that's Commissioner Apffel on the first  
9 page?

10 A. Yes, sir.

11 Q. And can you read the caption below the  
12 picture, please?

13 A. "Commissioner Apffel reviewed the two  
14 redistricting proposals."

15 Q. It also indicates that "Commissioner Apffel  
16 reviewed the two redistricting proposals to be voted on  
17 by the commissioners court the following day. In  
18 either case, Mr. Apffel would no longer represent the  
19 Bolivar Peninsula; however, he vowed to work closely  
20 with the commissioners -- with the new commissioner to  
21 help him understand the issues unique to this area."

22 Were you aware that Commissioner Apffel  
23 was going to meet with the Bolivar Chamber of Commerce  
24 prior to the adoption of the 2021 commissioners court  
25 redistricting plan?

1 A. I really don't recall it.

2 Q. Did you discuss the pending meeting with  
3 Commissioner Apffel prior to his meeting with the  
4 Bolivar Peninsula Chamber of Commerce?

5 MS. OLALDE: Objection; form.

6 The pending meeting?

7 MR. GEAR: I can --

8 MS. OLALDE: Thank you.

9 MR. GEAR: -- rephrase that.

10 Q. (By Mr. Gear) Did you discuss the  
11 November 11th, 2021, meeting that Commissioner Apffel  
12 was planning on attending with Commissioner Apffel?

13 A. I don't recall.

14 Q. Do you know why Commissioner Apffel would  
15 present the two plans to the Bolivar Peninsula prior to  
16 the plans being adopted?

17 MS. OLALDE: Objection; form.

18 THE WITNESS: I'm assuming they asked  
19 him.

20 Q. (By Mr. Gear) Do you know for a fact that he  
21 was requested to attend the meeting?

22 A. I do not.

23 Q. Did you personally reach out to any of the  
24 Chamber of Commerce in any of the cities in Galveston  
25 prior to the 2021 redistricting plan being adopted?

1 A. No, sir.

2 Q. Did you attend any public meetings similar to  
3 this related to presenting the two plans that had been  
4 posted to the county website?

5 A. Not that I recall. Nothing I would have  
6 hosted myself.

7 Q. Do you know if any commissioner attended and  
8 presented the proposed plans to the Chamber of Commerce  
9 on Galveston Island?

10 A. Not that I'm aware of.

11 MR. GEAR: Zach, could you put up  
12 Exhibit 7, please?

13 Q. (By Mr. Gear) I think we referred to your  
14 Facebook post several times during the course of this  
15 deposition, and I've handed you what's been marked as  
16 Exhibit 7. Can you identify this for the record,  
17 please?

18 A. This is a post that I commented on or shared  
19 from Judge Henry.

20 Q. And is this from your Facebook post?

21 A. Yes, sir, it would be, I believe.

22 Q. And can you tell me the date that this was  
23 posted?

24 A. Looks like October 31st.

25 Q. At 5:28 p.m.?

1 A. Yes, sir. Originally from -- Judge Henry's  
2 was October 29th.

3 MR. GEAR: And I believe -- again, I  
4 believe we've discussed this on and perhaps off the  
5 record that you will be providing us with the Facebook  
6 posts and the comments that go along with it.

7 MS. OLALDE: I -- we did email that. In  
8 fact, I emailed that just during the deposition. I  
9 know you probably haven't had a chance to see it, yeah,  
10 but it's the same thing that you just handed  
11 Mr. Giusti.

12 Q. (By Mr. Gear) So did you post anything else  
13 on social media related to redistricting other than  
14 what we're looking at here?

15 A. Not that I recall, no, sir.

16 Q. And other than the two or three comments that  
17 you received on social media posts, your Facebook post,  
18 do you recall receiving any other comments related to  
19 the 2021 redistricting process that would have come on  
20 your social media posts?

21 A. No, sir.

22 Q. So did you ever have -- during the course of  
23 the 2021 redistricting process, did you have an  
24 occasion to speak with Commissioner Holmes regarding  
25 the creation of a coastal precinct?

1 MS. OLALDE: I'm sorry. What was the  
2 time frame? I apologize.

3 MR. GEAR: During the 2021 redistricting  
4 process.

5 MS. OLALDE: Okay. And I'm going to  
6 object to the extent you're -- the substance of your  
7 question would contain the attorney-client privileged  
8 communications or work product information.

9 Otherwise you may answer.

10 Q. (By Mr. Gear) And I want to be clear that --  
11 being careful to avoid any discussions that may have  
12 taken place with attorneys, did you have an occasion to  
13 speak with Mr. Holmes regarding the creation of a  
14 coastal precinct during the 2021 redistricting process?

15 MS. OLALDE: And the same objection.

16 MR. GEAR: And again we will -- I'll  
17 reserve our claim that the 2021 redistricting process  
18 and attorney-client privilege does not apply to Dale  
19 Oldham.

20 Q. (By Mr. Gear) But you can answer.

21 A. Not that I recall. It would -- had we  
22 discussed that, it would have been during that --

23 MS. OLALDE: Okay. I'm going to just --

24 THE WITNESS: So there you go.

25 MS. OLALDE: -- ask you not to testify

1 | about anything that would have been discussed during  
2 | those meetings. Thank you.

3 | Q. (By Mr. Gear) So changing the subject now,  
4 | you're saying that you've commented on the posted plan.  
5 | So the posted plan -- when was it actually posted to  
6 | the county website?

7 | A. I'm not positive. Based on Judge Henry's post  
8 | on the 29th, I'm assuming that's about the same time it  
9 | went live because his post basically is telling people,  
10 | "Here's the plan. Comments, please."

11 | Q. So focusing on the October 29th date, is it  
12 | correct that the commissioners court posted Maps 1 and  
13 | 2 to the county website?

14 | A. Yes.

15 | Q. Were you involved in those discussions to post  
16 | Map 1 and 2 to the county website?

17 | A. Not that I recall.

18 | Q. Were you involved in the decision-making  
19 | process in any capacity to post Maps 1 and 2 to the  
20 | county website?

21 | A. Not that I recall.

22 | Q. When did you -- when were you made aware that  
23 | Maps 1 and 2 would be posted to the county website?

24 | A. I want to say the day they were posted or even  
25 | the day after.

1 Q. And who is responsible for posting Maps 1 and  
2 to the county website?

3 A. I would guess it came through Judge Henry's  
4 office. I know I'm not supposed to guess.

5 Q. It would be Judge Henry's responsibility and  
6 decision to post Maps 1 and 2 to the county website?

7 MS. OLALDE: Objection; form.

8 Q. (By Mr. Gear) Let me rephrase that. Would it  
9 be Judge Henry's decision to post Maps 1 and 2 to the  
10 county website?

11 MS. OLALDE: Objection; form.

12 THE WITNESS: Not positive, but I  
13 would -- I would think that it is.

14 Q. (By Mr. Gear) Were you surprised when Maps 1  
15 and 2 were posted to the county website on  
16 October 29th?

17 A. No.

18 MS. OLALDE: Objection.

19 THE WITNESS: Sorry.

20 MS. OLALDE: It's okay.

21 Objection; form and misstates prior  
22 testimony.

23 But go ahead.

24 Q. (By Mr. Gear) Well, I asked you were you  
25 surprised.

1 A. No.

2 Q. But you had no advance notice that the maps  
3 were going to be posted, Maps 1 and 2, to the county  
4 website on October 29th?

5 A. Not --

6 MS. OLALDE: Objection; form.

7 Hold on.

8 THE WITNESS: Not that I recall.

9 Q. (By Mr. Gear) Did you have any discussions  
10 with any of the commissioners on the court regarding  
11 the date as to when the Maps 1 and 2 would be posted on  
12 the county website?

13 MS. OLALDE: Objection; form.

14 THE WITNESS: Not that I recall.

15 Q. (By Mr. Gear) Did you have any discussions  
16 with any of the commissioners on the court regarding  
17 why Map 1 and 2 were being posted to the county  
18 website?

19 A. Not that I recall.

20 Q. Did you have any discussion with any of the  
21 county commissioners related to the four commissioner  
22 court plans that you saw as to which of those plans  
23 would be posted to the county website on October 29th?

24 MS. OLALDE: Objection; form, compound.

25 And to the extent your answer would

1 contain any conversations that occurred during meetings  
2 with Dale Oldham, I'll instruct the witness not to  
3 answer based on privilege, attorney-client and also  
4 work product.

5 Q. (By Mr. Gear) Let me rephrase that just so  
6 it's not compound.

7 Did you have any decision-making -- were  
8 you involved in the decision-making process regarding  
9 which of the four plans that you saw would be placed --  
10 posted to the county website on October 29th?

11 A. No, sir.

12 Q. Did you have a preference as to which of the  
13 plans that you had reviewed should be posted on the  
14 county website on October 29th?

15 MS. OLALDE: Objection; form.

16 But go ahead.

17 THE WITNESS: I don't recall the other  
18 plans to know which ones I would prefer, to be honest.  
19 I don't recall what they were.

20 Q. (By Mr. Gear) Okay. Fair enough. When you  
21 first saw the posting of Maps 1 and 2, did they include  
22 complete precinct data for each of the commissioners  
23 court precincts?

24 MS. OLALDE: Objection; form.

25 THE WITNESS: I don't believe so. As far

1 as -- please clarify that for me, would you?

2 Q. (By Mr. Gear) So you have the plans  
3 themselves, and then you have the demographic data.  
4 Did the posted plans include the demographic data for  
5 each of the commissioners courts when it was first  
6 posted on October 29th?

7 MS. OLALDE: Objection; form.

8 THE WITNESS: No, sir, I don't believe  
9 so.

10 Q. (By Mr. Gear) Do you know when or if the  
11 demographic data was ever posted to the county website  
12 along with the plans?

13 A. I don't believe it was.

14 Q. When you first saw the posted Maps 1 and 2 on  
15 the county website, was it a still image, or was it an  
16 image that you could manipulate in any way?

17 A. It was an image that could be manipulated, not  
18 necessarily moved lines around, but as far as zooming  
19 in and zooming out.

20 Q. Okay. So other than being able to zoom in and  
21 zoom out, was there any other features that were  
22 associated with the posted plans when they were first  
23 posted?

24 A. Not that I recall.

25 Q. Did you receive any calls or comments from

1 | constituents regarding their lack of ability to review

2 | the plan data associated with posted plans 1 and 2?

3 | A. No, sir. I don't remember any of those.

4 | Q. Did you receive any comments posted to your

5 | Facebook page, your personal Facebook page, after

6 | Maps 1 and 2 were posted?

7 | A. There were a couple --

8 | MS. OLALDE: Objection; asked and

9 | answered.

10 | But go ahead.

11 | THE WITNESS: Yeah. Asked and answered.

12 | There were a couple. What they said I don't recall.

13 | Q. (By Mr. Gear) And those were the two or three

14 | comments that you --

15 | A. Yes.

16 | MS. OLALDE: Objection; misstates prior

17 | testimony.

18 | Go ahead.

19 | Q. (By Mr. Gear) And your answer was yes? You

20 | can answer. I'd ask that you give a verbal answer.

21 | A. Yes. As stated before, the two or three

22 | comments that I said were there.

23 | Q. Thank you.

24 | MS. OLALDE: You just have to say yes or

25 | no on the record --

1 THE WITNESS: I know.

2 MS. OLALDE: -- because the court  
3 reporter can't take a head nod.

4 Q. (By Mr. Gear) So was it Nathan Sigler that  
5 provided you with copies of Maps 1 and 2?

6 A. Nathan did provide copies after they were  
7 posted because, like I said, I wanted better maps to  
8 see what was where.

9 Q. And if I remember correctly, you don't recall  
10 the dates that he provided you with those, but it would  
11 have been after the maps were posted?

12 A. Yes, sir. Fairly soon after.

13 Q. Did he provide you with the demographic data  
14 for each precinct as well?

15 A. No, sir, not that I recall.

16 Q. Did you ever receive a full set of the  
17 demographic data for each of the commissioners court  
18 precincts after the maps were posted?

19 A. No, sir. I don't recall that.

20 Q. Were you concerned in any way that you weren't  
21 seeing how the demographic data broke down in the  
22 individual commissioner court precincts after the Map 1  
23 and 2 were posted?

24 A. No, sir.

25 Q. Did you request the demographic data for each

1 of the commissioners court precincts after the maps  
2 were posted?

3 A. No, sir.

4 Q. So you testified that you received  
5 approximately 40 comments related to the posted plans  
6 Map 1 and 2. Do you recall that testimony?

7 A. Yes, sir.

8 Q. Did the commissioners court ever discuss the  
9 public comments that were being received from  
10 constituents?

11 MS. OLALDE: Objection; form.

12 Q. (By Mr. Gear) And I'm talking about during  
13 the 2021 redistricting process.

14 MS. OLALDE: Are you talking about in a  
15 public, like the entire court, or...

16 MR. GEAR: Let's start off with public.

17 Q. (By Mr. Gear) Did they ever publicly discuss  
18 the comments that were being received by constituents  
19 relating to the posting of Maps 1 and 2?

20 A. No, sir, not that I recall.

21 Q. Did they ever privately discuss the comments  
22 related to the posting of Map 1 and 2 by the  
23 constituents? That was a terrible question.

24 Did they -- did the commissioners court  
25 ever privately discuss the comments that were received

1 | from constituents related to the posting of Maps 1 and

2 | 2?

3 | A. No, sir, not that I recall.

4 | Q. So what, if any, changes that you're aware of

5 | were made as a result of the comments that were

6 | received from constituents related to the posting of

7 | Maps 1 and 2?

8 | A. Changes to the maps?

9 | Q. To either Map 1 or 2.

10 | A. No, sir.

11 | Q. Is that no, no changes were made?

12 | A. Not that I recall, no, sir.

13 | MR. GEAR: Can you pull up Exhibit 8 for

14 | me, Zach, please?

15 | Q. (By Mr. Gear) We discussed the special  
16 | session, the November 12th, 2021, date. I'll give you  
17 | a chance to look at this first before we identify it  
18 | for the record.

19 | And maybe after this it will be a good  
20 | time to take a break.

21 | MS. OLALDE: Yeah, I think so.

22 | Q. (By Mr. Gear) Can you tell me what this  
23 | document is?

24 | A. Yes, sir. It's a special meeting agenda  
25 | posted November 9th, 2021.

1 Q. Based on your knowledge, was the special  
2 session for the commissioners court meeting ever  
3 scheduled for an earlier date other than November 12th,  
4 2021?

5 A. Based on what I'm looking at, yes, sir.

6 Q. Do you know why the special session wasn't  
7 conducted on November 9th, 2021? And I'm talking about  
8 this -- the plan to discuss the Maps 1 and 2.

9 A. Correct. I do not recall why.

10 Q. Do you recall if there was any discussion  
11 amongst commissioners about conducting the special  
12 session on November 9th, 2021?

13 A. I don't recall it, sir.

14 Q. Do you recall if there was any discussion  
15 amongst commissioners regarding changing the  
16 November 9th, 2021, date to discuss Maps 1 and 2?

17 A. No, sir.

18 Q. Are you aware of any reasons why the special  
19 session was not conducted on November 9th, 2021 --

20 A. I don't --

21 Q. -- to discuss --

22 A. Sorry. I don't recall, sir.

23 Q. Forgive me if I asked you this question  
24 before. Were you involved in any discussions with  
25 other commissioners related to setting the special

1 session to discuss and adopt either Map 1 or 2 for the  
2 November 12th, 2021, special session?

3 MS. OLALDE: Objection; form.

4 Q. (By Mr. Gear) Do you understand my question?

5 A. No, sir. Yes, sir, I understood.

6 Q. Okay. And the answer was you were not?

7 A. No, sir, I was not.

8 Q. Were you involved in any discussions regarding  
9 where the November 12th, 2021, special session would be  
10 conducted?

11 A. No, sir.

12 Q. Do you know if your staff was involved in any  
13 discussions regarding where the November 12th, 2021,  
14 special session would be conducted?

15 A. No, sir.

16 Q. Did you receive any written materials  
17 regarding reasons for conducting the special session --  
18 and I'm talking about the November 12th, 2021, special  
19 session -- at the annex building?

20 A. No, sir. Normally when we do special meetings  
21 that's where it's at. But did I receive anything  
22 stating a reason? No, sir.

23 Q. Do you know when the decision was made to  
24 conduct the November 12th, 2021, special session was  
25 made? Do you know when that decision was made?

1 A. I do not.

2 Q. Is there a procedure on the commissioners  
3 court that helps to inform commissioners about the  
4 dates scheduled for special sessions?

5 A. I don't believe there is a real procedure for  
6 it. As I mentioned earlier, Ms. Linda Liechty will  
7 call around and ask availability of us commissioners.

8 Q. Did anyone call you to ask you for your  
9 availability for the November 12th, 2021, special  
10 session?

11 A. I'm sure.

12 Q. And that would have been --

13 A. Ms. Linda.

14 Q. And did you reduce that phone call to written  
15 form of any kind?

16 A. No, sir. She will normally follow that up by  
17 the meeting notice.

18 MR. GEAR: Why don't we take the time and  
19 go off the record and take a break.

20 THE VIDEOGRAPHER: Going off. The time  
21 is 12:31.

22 (Lunch recess from 12:31 to 1:20)

23 THE VIDEOGRAPHER: We're back on the  
24 record, marks beginning of Media Unit No. 3. Time is  
25 1:20.

1 Q. (By Mr. Gear) I hope you had a good lunch.

2 We're back on the record.

3 I wanted to go back to one of your  
4 previous discussions about comments that you received  
5 by email related to the posted plans. Do you recall  
6 that testimony generally?

7 A. Yes, sir.

8 Q. So -- and just so we can clarify for the  
9 record, when the Map 1 and 2 was posted to the county  
10 website, was that posted to a portal of some type?

11 A. Yes, it was.

12 Q. And the comments that were received, did they  
13 come into that portal?

14 A. I believe they did.

15 Q. And who was responsible for reviewing the  
16 comments that came into the portal, if you know?

17 A. IT, I think, would be the logical person to do  
18 that. I know there were others, you know. We had  
19 access to that.

20 Q. And did you access the portal during the  
21 period of 2021 redistricting process to see the 40  
22 comments that you previously testified about?

23 A. The 40 comments I received were emails that I  
24 received in my office.

25 Q. Okay. So those came in on your work computer.

1 A. Those came in, yes, sir.

2 Q. Okay. So -- and you turned those 40 comments  
3 over to your attorney during the course of this  
4 litigation?

5 A. Yes, sir. They were there, and he was aware  
6 that they were there.

7 Q. Okay. The comments that came into the  
8 county's portal --

9 A. Yes.

10 Q. -- can you tell me approximately how many of  
11 the -- how many comments were received to that portal?

12 A. I really don't know. I wish I could tell you.  
13 I can't.

14 Q. Okay. But I believe you said you had access  
15 to that portal.

16 A. Yes.

17 Q. And did you access that portal during the  
18 redistricting process to review those comments?

19 A. I did at one point and looked at a few. They  
20 were not necessarily in support of one map or the  
21 other, but there were a lot of supportive on changing.  
22 And I guess, you know, in retrospect several were for  
23 Map 2, I guess it was. There were some for Map 1, some  
24 for Map 2, several against, of course. So it was a  
25 pretty good mix, I think, if I remember right. And I

1 checked -- I looked at it early on before there were  
2 many comments there.

3 Q. Do you have an idea of how many comments  
4 ultimately were received by that portal?

5 A. I do not know.

6 Q. When you said you reviewed a few, do you have  
7 a general idea how many of the comments you actually  
8 reviewed?

9 A. Probably 15.

10 Q. So of those 15 comments, can you tell me how  
11 many expressed support for Map 1?

12 A. Out of 15, just in my head, no, because I  
13 would be guessing.

14 Q. Okay. Out of those 15 comments, can you  
15 testify how many opposed Map 2?

16 A. I want to say they were pretty evenly split  
17 as, you know, in favor of and against as a total.

18 Q. So at some point you -- you said there were  
19 many comments, so at some point you stopped looking at  
20 the portal?

21 A. Yes, sir.

22 Q. And why did you stop looking at the portal?

23 A. They were repetitive of what was being said.  
24 Like I said, it seemed to be going pretty evenly split.

25 Q. So I believe -- and correct me if I'm wrong,

1 | please. I believe you indicated that the emails that  
2 | you received, the 40 comments, there were no changes  
3 | made to Maps 1 or 2 as a result of those comments. Do  
4 | you recall that testimony?

5 | A. Yes, sir.

6 | Q. So for the comments that went into the county  
7 | portal, based on your knowledge, were there any changes  
8 | made to Map 1 or Map 2 as a result of reviewing those  
9 | comments? And I'm talking about the commissioner court  
10 | reviewing those comments.

11 | A. No, sir.

12 | Q. We also talked prior to the break about a  
13 | coastal precinct. Do you know, based on your personal  
14 | knowledge, where the idea of the creation of a coastal  
15 | precinct came from?

16 | A. I am not positive of that, where it came from.

17 | Q. Of the four maps that you reviewed, do you  
18 | recall which of those you thought were the best maps  
19 | for the commissioners court plan?

20 | A. The only thing I remember is the two that we  
21 | ultimately decided between. I don't remember what the  
22 | other two really were, didn't look at them long enough  
23 | or hard enough, I guess.

24 | Q. And did you favor either Map 1 or Map 2 over  
25 | the other?

1 A. Initially, no. I liked the idea of a coastal  
2 precinct.

3 Q. You said initially no. Was there a point  
4 during the redistricting process where you favored one  
5 map over the other?

6 A. As it moved along after the first day or two  
7 and it was, I guess -- I don't remember by whom --  
8 brought to my attention about it being a coastal  
9 precinct and the benefits -- some of the benefits  
10 instead of having one commissioner that is responsible  
11 for the coast.

12 Q. Did you ever hear any concerns during the 2021  
13 redistricting process that Commissioner Apffel was not  
14 doing a sufficient job representing the Bolivar  
15 Peninsula?

16 A. No, sir, not at all.

17 MS. OLALDE: Objection.

18 THE WITNESS: Sorry.

19 MR. GEAR: Objection as to vagueness and  
20 concerns from whom.

21 Q. (By Mr. Gear) Let me clarify. Did you ever  
22 hear any -- any concerns expressed by your constituents  
23 that Commissioner Apffel was not adequately  
24 representing the interests of the Bolivar Peninsula?

25 A. No, sir.

1 Q. Did you ever hear any concerns expressed by  
2 your constituents that the residents of Galveston  
3 Island were not being adequately represented by their  
4 commissioner?

5 A. No, sir.

6 Q. And so prior to the break you talked about the  
7 goals for redistricting as you saw them, and I believe  
8 you indicated that keeping your parents in your  
9 district, keeping yourself in your district in part was  
10 part of those goals. Do you recall that testimony?

11 A. Yes, sir.

12 Q. And I just want to be clear for the record,  
13 and forgive me if I left anything out. I'm not  
14 intending to do that. Can you completely state what  
15 your goals were during the 2021 redistricting process?

16 MS. OLALDE: Objection; asked and  
17 answered.

18 Go ahead.

19 THE WITNESS: Basically as I stated, to  
20 level the populations amongst the precincts, to have  
21 lines that were easier -- precinct lines, commissioner  
22 precinct lines that were easier for the public to know  
23 which precincts they were in. One goal was for me to  
24 still live in my precinct, and another was I wanted to  
25 keep my mom and dad in my precinct.

1 Q. (By Mr. Gear) Did you speak with any other  
2 commissioners during the 2021 redistricting process  
3 regarding continuing to live in their precinct under  
4 the adopted plan?

5 A. No, sir.

6 Q. Do you have any personal knowledge if other  
7 commissioners shared the same concern about being able  
8 to continue to live in their precinct under the adopted  
9 plan?

10 A. No, sir.

11 Q. Have you ever talked to Commissioner Holmes  
12 about the needs of his constituents in Precinct 3?

13 MS. OLALDE: Objection; form, overbroad,  
14 just wondering about period of time.

15 Q. (By Mr. Gear) Let me -- let me narrow the  
16 time down. During the 2021 redistricting process.

17 A. No, sir.

18 Q. And then let me expand that time. From any  
19 time period that you were elected as a commissioner to  
20 the adoption of the commissioners court plan in 2021,  
21 did you ever discuss with Commissioner Holmes the --  
22 any issues related to the needs of his constituents in  
23 Precinct 3, Commissioners Court Precinct 3?

24 A. No, sir, not that I recall.

25 Q. Are you familiar with the socioeconomic

1 conditions of his constituents in Precinct 3?

2 A. Not totally but somewhat, yes.

3 Q. And what is it that you're familiar with?

4 A. I know there is some lower income people in  
5 the precinct, but I think that's pretty well scattered  
6 about because I know in Precinct 2 I have quite a few  
7 lower income folks as well.

8 Q. Would you agree that the needs of the lower  
9 income constituents differ from the more wealthy  
10 constituents in your precinct?

11 A. Yes.

12 Q. And would you also agree that that would be  
13 true for Precinct 3?

14 A. Yes.

15 Q. Does Galveston County, for instance, have food  
16 deserts? Have you ever heard of the term "food  
17 deserts"?

18 A. Yes, sir, I have.

19 Q. Do you have food deserts in Precinct 3?  
20 Precinct 2? I'm sorry.

21 A. Yes. It's a shared area, if you would, with 2  
22 and 3.

23 Q. And are those food deserts generally in the  
24 lower income areas?

25 A. It is.

1 Q. And that would be a prime example of a  
2 difference in the needs of constituents within  
3 Precinct 2 and Precinct 3, correct?

4 A. Yes.

5 Q. Do you have public housing in Precinct 2?

6 A. Yes.

7 Q. I mean, the prior plan Precinct 2, just to be  
8 clear.

9 A. By "public housing," are we talking just  
10 Section 8 in general or --

11 Q. Subsidized housing.

12 A. Subsidized.

13 Q. Section 8.

14 A. Yes.

15 Q. And I'm not sure how they do it in Galveston  
16 County.

17 A. Yes. Well, there are, if you would, block  
18 housing or apartment complexes in some instances that  
19 are all subsidized, and then there's individual  
20 households that are actually subsidized. And so, yes,  
21 to answer your question.

22 Q. And subsidized housing would be another issue  
23 that distinguishes the needs of lower income residents  
24 as opposed to the more wealthier residents in  
25 Precinct 2 and 3, correct?

1 A. Yes, sir.

2 Q. And have you ever talked to Commissioner  
3 Holmes about the need for subsidized housing in either  
4 Precinct 2 or 3, Commissioner Court Precinct 2 or 3?

5 A. No, sir. I don't recall any conversations  
6 about that.

7 Q. Have you ever discussed with any of the county  
8 commissioners during your time as an elected  
9 official -- elected county commissioner the issues of  
10 food deserts in either Precinct 3 or Precinct 2?

11 A. No, sir.

12 Q. Prior to the break we talked for a bit about  
13 the special session, the November 12th, 2021, special  
14 session, so I would like to talk about that a little  
15 bit. Did you know prior to November 12th, 2021, that  
16 the annex building -- is it the Calder annex building  
17 just so I'm clear for the record?

18 A. The North County annex, Calder?

19 Q. Yes.

20 A. Yeah.

21 Q. And that's where the special session was  
22 conducted, correct?

23 A. Yes.

24 Q. And did you know that the Calder annex was  
25 under construction prior to November 12th, 2021?

1 A. Yes.

2 Q. Did you know what type of construction was  
3 taking place at the Calder annex prior to  
4 November 12th, 2021?

5 A. Not totally.

6 Q. What was your understanding?

7 A. I knew we were in the process of redoing the  
8 buildings, but as far as what phase of that it was in I  
9 wasn't sure. That was kind of an ever moving target,  
10 if you would.

11 Q. How long had the construction been going on  
12 prior to November 12th?

13 A. A few months maybe.

14 Q. Did that involve construction both inside and  
15 outside the building?

16 A. I don't recall anything inside the building at  
17 that time.

18 Q. Do you recall construction taking place to the  
19 parking lot outside of the annex building?

20 A. I believe so.

21 Q. And do you recall on November 12th, 2021,  
22 whether that construction was still ongoing?

23 A. I believe it was.

24 Q. Do you recall what parking -- parking was  
25 available outside of the Calder annex building on

1 November 12th, 2021?

2 A. I'm sorry. I don't remember.

3 Q. But you do recall that there was construction  
4 going on?

5 A. Yes. Yes.

6 Q. Based on that construction overall, were there  
7 any accommodations made by the commissioners court to  
8 accommodate the individuals that would attend the  
9 November 12th, 2021, special session?

10 A. Not to my knowledge.

11 Q. Is it fair to say that on the date of the  
12 special session that there was little or no parking  
13 available at the annex parking lot or in the annex  
14 parking lot?

15 A. I couldn't speak to that because I came in  
16 through a back entrance, through the constable's  
17 office, and so I never really saw the front parking  
18 lot.

19 Q. Commissioners have access to a different  
20 parking lot?

21 A. It's not really a different parking lot. It's  
22 kind of parked against the curb and just a different  
23 door.

24 Q. Okay. Do you recall if any of the doors to  
25 the Calder annex were closed as a result of

1 construction during the November 12th, 2021, special  
2 session?

3 A. I don't know, sir.

4 Q. Did you receive any complaints from any of the  
5 constituents that attended the November 12th, 2021,  
6 special session regarding the unavailability of parking  
7 at the Calder annex?

8 A. No, sir. I don't recall it. Nobody came to  
9 me personally with a complaint. I don't remember if  
10 anybody in the crowd mentioned it or not.

11 Q. So let's -- strike that. So prior to the 2021  
12 special session, November 12th, 2021, special session,  
13 was there any discussion with any commissioners or  
14 their staff related to the anticipated turnout for the  
15 special session where the map would ultimately be  
16 adopted?

17 A. No, sir, not that I'm aware of.

18 Q. Did you have any anticipation as to what type  
19 of turnout you would see for the November 12th, 2021,  
20 special session?

21 A. I think I felt it would be a fairly heavy  
22 turnout.

23 Q. And were you wrong on that?

24 A. No, sir.

25 Q. Were you aware of the African-American

1 | community's significant interest in attending the 2021  
2 | special session prior to the special session?

3 | A. I can't say I guess. So, yes, I was aware.

4 | Q. And how did you become aware of their interest  
5 | in attending this special session?

6 | A. I don't recall that.

7 | Q. Did you become aware of that by any written  
8 | documentation?

9 | A. No, sir.

10 | Q. Did you receive phone calls related to the  
11 | interest of the African-American community attending  
12 | the special session? And again I'm talking about the  
13 | November 12th, 2021, special session.

14 | A. No, sir, not that I recall.

15 | Q. Prior to the November 12, 2021, special  
16 | session, were you aware of the significant interest of  
17 | the Hispanic community's interest to attend the special  
18 | session?

19 | A. Along the same lines, yes.

20 | Q. Do you recall where you learned that there was  
21 | interest in the Hispanic community to attend the  
22 | special session?

23 | A. No, sir.

24 | Q. Were you involved in any of the discussions to  
25 | set the November 12th, 2021, special session at

1 1:30 p.m. on a Friday?

2 A. No, sir.

3 Q. Did you have any concerns that setting it at

4 1:30 p.m. on a Friday would make it difficult for

5 middle and lower class citizens who work during the day

6 to actually attend the special session?

7 A. No, sir.

8 Q. So based on your anticipation that there would

9 be a significant turnout during the special session,

10 what, if any, accommodations -- additional

11 accommodations did the commissioners court make to

12 accommodate the potential crowd?

13 A. I think one thing that was done was Ms. Linda

14 Liechty again was -- there was a separate room open

15 because the room where we do the meetings isn't that

16 large. It was a separate room that was opened up that

17 had video set up in that room, as well as Ms. Linda

18 going up and down the halls signing people up that

19 wanted to speak.

20 Q. So let's talk about the -- and it's a

21 courtroom where the special session was conducted?

22 A. Yes.

23 Q. Let's talk about the courtroom itself. What

24 is the capacity -- the, lack of better word, people

25 capacity of the courtroom at the Calder annex?

1 A. Not knowing exactly, I'd say it's probably 60  
2 people or so.

3 Q. And in the courtroom itself, was there a sound  
4 system that was set up?

5 A. I know we have our sound system, but I don't  
6 recall if there was another sound system that was set  
7 up for the public or not.

8 Q. Do you recall any of the constituents that  
9 were in attendance complaining about not being able to  
10 hear the commissioners during the special session?

11 A. I remember there were people in the room at  
12 the time that were, you know, doing the motion with  
13 their hand that were in the back of the room like  
14 trying to hear.

15 Q. Does that help refresh your recollection as to  
16 whether or not there was a sound system that was set up  
17 during the special session?

18 A. I don't remember. Usually there is I want to  
19 say. I just don't recall.

20 Q. And you indicated that there was an additional  
21 room that was opened up.

22 A. Yes.

23 Q. What's the seating capacity in the additional  
24 room?

25 A. That I do not know. I don't know how the room

1 was set.

2 Q. And I believe you testified that there was a  
3 sound system set up in the --

4 A. There was audiovisual in there to where, you  
5 know, they can watch what the proceedings were.

6 Q. Do you recall if there was -- the crowd that  
7 was in attendance was so large that it flowed out into  
8 the hallway?

9 A. It did.

10 Q. And was there any accommodations made for  
11 individuals that were seated out in the hallway or  
12 standing?

13 A. Seated, because I know there were some chairs  
14 brought up from wherever they brought them from. I  
15 think another court or somewhere, not the courtroom,  
16 but the court office or -- there were some chairs  
17 brought into that area because there were several  
18 elderly folks that needed to sit down.

19 Q. So other than bringing out chairs for the  
20 elderly, were there any other accommodations made for  
21 the elderly and/or the handicapped?

22 A. Not that I'm aware of.

23 Q. Does -- the Calder annex, is that located in  
24 League City?

25 A. Yes.

1 Q. And is there any public transportation that  
2 runs to and from the area of the Calder annex?

3 MS. OLALDE: Objection; vague.

4 MR. GEAR: Well, let me see if I can  
5 clarify that.

6 MS. OLALDE: Thank you.

7 Q. (By Mr. Gear) Does League City offer any  
8 public transportation?

9 A. I don't think League City does. There is a --  
10 what's the name of it? Connect Transit. I'm not sure  
11 of their routes or anything else, though.

12 Q. So just to clarify, are you saying there may  
13 be a train or subway that runs --

14 A. No, no, no. Not a train. It's a bus.

15 Q. A bus. Okay.

16 A. It is a bus.

17 Q. Got it.

18 A. Wrong neck of the woods for a subway or train.

19 Q. I'm used to being in DC.

20 A. Right.

21 Q. But you don't know the routes of the --

22 A. No, sir, I do not.

23 Q. So what is the distance from the Calder annex  
24 to the Galveston courthouse, the distance, travel?

25 A. From the annex to the courthouse in Galveston?

1 Q. Yes, sir.

2 A. Give me a second here. Probably, just a rough  
3 guess, 26 miles.

4 Q. So generally during the special session do you  
5 recall how many people spoke in favor of proposed Map 1  
6 or 2?

7 A. During the special meeting I believe it was  
8 one person speaking in favor.

9 Q. And do you recall generally -- because I know  
10 you didn't go through and count every person that was  
11 in the -- in the building at the time. Do you recall  
12 generally how many constituents -- Galveston citizens  
13 were -- attended the special session?

14 MS. OLALDE: Objection; calls for  
15 speculation.

16 But you can answer.

17 THE WITNESS: It would be speculation  
18 because I do not recall.

19 Q. (By Mr. Gear) More than a hundred?

20 A. Less than a hundred, more than 50.

21 Q. So the courtroom itself I believe you  
22 testified holds about 60 people.

23 A. Yes.

24 Q. Was that filled to capacity?

25 A. Roughly, yes.

1 Q. The hallways, I believe you testified that  
2 there was overflow into the hallways.

3 A. Yes.

4 Q. Was it crowded in those hallways during the  
5 special session?

6 A. As far as I know it looked crowded from where  
7 I was sitting.

8 Q. Did you have an occasion to go into the  
9 overflow room that you described to see what the  
10 attendance was like in the overflow room?

11 A. No, sir.

12 Q. Do you know if the overflow room was filled to  
13 capacity?

14 A. I do not know.

15 Q. So during the special session, the  
16 November 12th, 2021, special session, what, if any,  
17 justification or rationale did the commissioners  
18 provide the attendees of the hearing related to  
19 adopting proposed Map 2?

20 A. I'm sorry. Repeat that.

21 Q. During the special session -- and right now  
22 all I'm talking about is the 2021 special session.

23 A. Yes, sir.

24 Q. During that special session, what, if any,  
25 justification or reason did the commissioners provide

1 to the attendees for adopting proposed Map 2?

2 A. Honestly I don't remember if there was any  
3 reason given.

4 Q. Did you speak? I'm sorry. Did I cut you off?  
5 I'm sorry.

6 A. No, not really. No, sir, I don't believe I  
7 did. I mean, I might have said a couple words, but I  
8 don't remember what that would have been. And I don't  
9 know if it would have been about this is a reason I'm  
10 choosing this map over this map. I just don't recall  
11 it.

12 Q. Do you recall if Judge Henry spoke regarding  
13 the rationale for adopting Map 2 during the special  
14 session?

15 A. I don't recall it.

16 Q. Do you recall if Commissioner Clark spoke  
17 regarding the reasons for adopting Map 2 during the  
18 special session?

19 A. I do not recall.

20 Q. Do you recall if Commissioner Apffel spoke  
21 during the special session regarding the reasons for  
22 adopting Map 2?

23 A. I don't recall.

24 Q. What position on proposed Maps 1 and 2 did  
25 Commissioner Holmes take, if you recall?

1 A. If I remember correctly, I don't think he  
2 wanted either map.

3 Q. Did he express those concerns to you?

4 A. He expressed them in that meeting.

5 Q. Do you recall what he -- what he said during  
6 that meeting?

7 A. Not -- not verbatim, not word for word. I  
8 took it that there again less change was better. I  
9 don't think he wanted his precinct to change at all.  
10 It was just a perception that I got from it.

11 Q. Based on your understanding of the  
12 redistricting process, was there a way to adopt a  
13 proposed plan without making large-scale changes to  
14 Commissioner Holmes' precinct?

15 MS. OLALDE: Objection; vague.

16 Q. (By Mr. Gear) Based on your knowledge.

17 A. I think Map 1 -- looking at the face value of  
18 Map 1, although it added real estate, I don't think it  
19 significantly changed a lot of his precincts other than  
20 picking up the Bolivar Peninsula.

21 Q. And you voted for Map 2, correct?

22 A. I did.

23 Q. Why did you ultimately choose Map 2 over  
24 Map 1?

25 A. The idea of the coastal precinct was the

1 | selling point for me.

2 | Q. Did Map 1 also provide an option for a coastal  
3 | precinct?

4 | A. Not Map 1 by itself. Had Map 1 been tweaked  
5 | to where all of Galveston Island would have been part  
6 | of it, but then that would have totally changed the  
7 | map.

8 | Q. Was there any discussion about tweaking Map 1  
9 | to include all of Galveston Island?

10 | A. No, sir.

11 | MS. OLALDE: Object.

12 | THE WITNESS: Sorry.

13 | MS. OLALDE: Objection to the extent that  
14 | you're going to be asking about any communications with  
15 | Mr. Oldham. But if you want --

16 | THE REPORTER: I'm sorry. I couldn't  
17 | hear you.

18 | MS. OLALDE: I said I objected with  
19 | respect to any requests for privileged communications  
20 | or communications with Mr. Oldham, and I asked counsel  
21 | to clarify the timing of his question.

22 | Q. (By Mr. Gear) And, again, we're talking about  
23 | the 2021 special session. But for this question let's  
24 | expand that during the 2021 redistricting process. Was  
25 | there any discussions, excluding Dale Oldham or

1 Mr. Ready, related to tweaking Map 1 to accommodate the  
2 concerns of Commissioner Holmes?

3 MS. OLALDE: Objection; vague as to  
4 participants.

5 But you can answer.

6 THE WITNESS: Not that I'm aware of.

7 Q. (By Mr. Gear) So I believe you testified that  
8 the -- that only one individual spoke in support of  
9 either Map 1 or Map 2. Which one was it, if you  
10 recall? Which -- which plan was it?

11 A. Which plan? I think it was 2, and I think  
12 there were two people that spoke in favor, but not  
13 totally sure of that, and I think it was Map 2 that  
14 they were in favor of.

15 Q. So the constituents that spoke in opposition  
16 to Map 2, do you recall why they opposed it generally?

17 MS. OLALDE: Objection. Objection; form.  
18 Go ahead.

19 Q. (By Mr. Gear) I want to make sure you  
20 understand my question, so if only one person spoke in  
21 support of -- of Map 2 did you say?

22 A. I believe it was 2, yes, sir.

23 Q. Then that leaves all of the other constituents  
24 who spoke. And do you recall approximately how many  
25 constituents or residents spoke during the special

1 session?

2 A. No, sir. As I mentioned before, it was 50 to  
3 a hundred, you know, quite a few that spoke.

4 Q. And I believe you indicated that it was  
5 Ms. Liechty that -- am I pronouncing her name  
6 correctly?

7 A. Oh, Linda Liechty.

8 Q. Linda Liechty that went out and gathered names  
9 of people that were interested in speaking?

10 A. Yes, sir.

11 Q. Did you ever see that list of people that were  
12 interested in speaking?

13 A. I did not.

14 Q. Okay. But certainly you were a commissioner  
15 I'll say podium -- on the podium, for lack of better  
16 words, that listened to the input from constituents  
17 during the special session, correct?

18 A. Yes.

19 Q. Do you recall any of the comments that were  
20 made regarding the opposition to the plan? And just to  
21 clarify that, Map 1 and Map 2.

22 A. Between the two maps I don't believe there was  
23 really people for 1 or people for 2, or opposed to 1  
24 but not opposed to 2. I think the people that spoke  
25 were opposed to 1 and 2.

1 Q. Okay.

2 A. At least that was the gist that I got from it.

3 Q. And at any time during the special session did  
4 commissioners gather to discuss the opposition that was  
5 being presented to Map 1 and Map 2?

6 A. No, sir.

7 Q. Was there any consideration made by the  
8 commissioners either during or following the special  
9 session to tweak the plan in response to the opposition  
10 to Map 1 or Map 2?

11 A. No, sir.

12 Q. Can you tell me why -- why not?

13 MS. OLALDE: Objection; calls for  
14 speculation.

15 But you can answer as to your own  
16 personal knowledge.

17 THE WITNESS: Well, at that point it was  
18 time for the vote. Because of the timeline it was due.

19 Q. (By Mr. Gear) And previously you said that  
20 there were -- you received both comments on your work  
21 computer and you received comments in the county  
22 website portal. And just so I'm clear and the record  
23 is clear, were any changes made to either Map 1 or  
24 Map 2 as a result of those comments?

25 A. No, sir.

1 MS. OLALDE: Objection; asked and  
2 answered.

3 Q. (By Mr. Gear) Do you know if the Galveston  
4 County courthouse was available on November 12th, 2021?

5 A. I do not know.

6 Q. Who would be -- who would know that, whether  
7 it was available on November 12th, 2021?

8 A. The judge's office, and I would think the  
9 sheriff's office that works the door there would know  
10 if it was occupied or not after the fact.

11 Q. Did you make any inquiries with any of the  
12 other commissioners or the -- or Judge Henry regarding  
13 the availability of the -- of the county courthouse in  
14 Galveston for the special session on November 12th,  
15 2021?

16 A. I did not.

17 Q. Based on your knowledge, was the Galveston  
18 County Courthouse under construction on November 12th,  
19 2021?

20 A. No, sir, it was not.

21 Q. Based on your knowledge, does the Galveston  
22 County Courthouse normally have a sound system set up  
23 during your meetings?

24 A. Yes, sir.

25 Q. And in addition to the sound system is there

1 also a video system that's set up?

2 A. Yes, sir.

3 Q. Okay. And I understand your answer, but are  
4 there TVs set up so that people in the back can see the  
5 commissioner court's discussion during special sessions  
6 or regular meetings?

7 A. Yes, sir. Not out of that room, but --

8 Q. Okay.

9 MS. OLALDE: Go ahead. Just got to give  
10 me a minute.

11 THE WITNESS: I'm sorry.

12 Q. (By Mr. Gear) Does the Galveston County  
13 Courthouse have the ability to handle overflow? Does  
14 it have overflow rooms?

15 A. It's -- it has a large hallway in front of the  
16 court. Not necessarily an overflow room, but -- and  
17 not a hallway, but more of a lobby.

18 Q. Okay. Does that lobby at the Galveston County  
19 Courthouse have a higher capacity -- a greater capacity  
20 to handle larger crowds than the Calder annex building?

21 A. It can hold more, but when it -- when we've  
22 had anything before there that has a decent size crowd,  
23 it can interfere with the operation of the tax office,  
24 which is right across the lobby, and so we try not to  
25 do that very often with that area.

1 Q. And you said it would interfere with the  
2 operations of the tax office?

3 A. Yes, sir, which is directly across the hallway  
4 from commissioners court.

5 Q. Does the City of Galveston have public  
6 transportation?

7 A. Yes.

8 Q. Do you know if there are buses that run near  
9 or in front of the Galveston County Courthouse?

10 A. Yes.

11 Q. So based on your knowledge, did Commissioner  
12 Holmes have any concerns about setting the  
13 November 12th special session at the Calder annex  
14 building?

15 A. Not that I'm aware of.

16 Q. Based on your knowledge, did Commissioner  
17 Holmes request that that be -- special session be  
18 delayed for any time period?

19 A. Not that I recall.

20 Q. If he would make that request, do you know who  
21 he -- who would be -- who he would have to make that  
22 request to?

23 A. I'm sure it would go to Judge Henry's office.

24 MR. GEAR: Zach, can you pull up the  
25 Exhibit 9, please?

1 Q. (By Mr. Gear) So I'm showing you what's been  
2 previously marked as Apffel Exhibit No. 28, and it has  
3 a date of January 5th, 2023, on it. Do you see the  
4 language down in the bottom right-hand corner Previous  
5 Galveston Commissioners Court Precincts?

6 A. Yes, sir.

7 Q. And Precincts is cut off.

8 A. Right.

9 Q. Do you have any -- any doubt that this was the  
10 previous plan that existed between 2012 and 2021 when  
11 the plan was adopted?

12 A. No, sir. It looks correct.

13 Q. Okay. So I believe I asked you previously did  
14 you -- at any point did you review the demographic data  
15 of the previous redistricting plan?

16 A. No, sir.

17 Q. And did you review the data -- strike that.  
18 So looking at Exhibit 9, can you tell me what cities  
19 made up the core of Precinct 2?

20 A. Yes, sir. Galveston, Tiki Island, Bayou  
21 Vista, Hitchcock, Santa Fe, Dickinson, Texas City, La  
22 Marque, League City.

23 Q. And can you do the same for Precinct 3, which  
24 cities made up the core of Precinct 3?

25 A. Galveston, La Marque, Texas City, Hitchcock,

1 Dickinson, and I don't remember if he went all the way  
2 into League City or not. I think he might have had a  
3 piece of League City.

4 Q. So during the -- strike that. At any point  
5 during the 2021 redistricting process did you have any  
6 communications with any of the other commissioners or  
7 their staff regarding maintaining your core cities in  
8 Precinct 2?

9 MS. OLALDE: Objection. I would ask the  
10 witness not to answer to reveal any privileged  
11 communications, attorney-client privileged  
12 communications, or attorney work product and any  
13 conversations where Mr. Oldham was involved.

14 But other than that you may answer.

15 Q. (By Mr. Gear) So let's start with did you  
16 have any discussions.

17 A. Not that I recall.

18 Q. During the 2021 redistricting process did you  
19 have any discussions with Commissioner Holmes regarding  
20 maintaining the core of Precinct 3?

21 A. Not that I recall.

22 Q. So are you familiar with the Carver Park area  
23 in Precinct 3?

24 (Reporter clarification)

25 Q. (By Mr. Gear) Are you familiar with the

1 Carver Park area in Precinct 3?

2 A. Vaguely, yes.

3 Q. And what do you know about Carver Park?

4 A. Not a lot, to be honest.

5 Q. Did your work as a police officer take you

6 through that area at all?

7 A. No, sir.

8 Q. Was that any -- was that one of the areas that

9 you were involved at all in community outreach when you

10 were a police officer?

11 A. No, sir.

12 Q. Would it be fair that Carver Park is a heavily

13 populated African-American area?

14 A. I believe it is.

15 Q. Do you know the socioeconomic status of the

16 residents that generally live in Carver Park?

17 A. I think it's lower income.

18 Q. Are you familiar with Voting Precinct 336 that

19 under the prior plan was in Precinct 3?

20 A. I'm not familiar with it.

21 Q. Do you know does Carver Park have a -- did it

22 have a voting precinct under the prior plan?

23 A. I'm not positive what it had.

24 Q. Okay.

25 A. Do you mean a polling location?

1 Q. Did it have a polling location?

2 A. I think Carver Park was a polling location.

3 Q. Okay. And is -- with the polling location is  
4 there a voting precinct that's associated with that  
5 polling location?

6 A. Can you --

7 Q. Am I saying that correctly?

8 A. No, I don't think so. Can you clarify?

9 Q. So the polling locations generally have voting  
10 precincts in them, correct?

11 A. Well, they -- one polling location usually  
12 handles several precincts.

13 Q. Okay. And do you know what precincts the  
14 Carver Park polling place handled?

15 A. I do not, because since we changed our system  
16 several years ago anyone anywhere in the county can  
17 vote anywhere. So if you're at work on the north side  
18 of the county you can go vote there. It doesn't make a  
19 difference where you are.

20 Q. So under the prior plan, Exhibit 9, were you  
21 aware that Precinct 3 had a majority-minority black and  
22 Hispanic voting age population?

23 A. Yes.

24 Q. And under the prior plan were you aware that  
25 that majority-minority black Hispanic voting age

1 population was in place since Commissioner Holmes was  
2 appointed to the commissioner's position?

3 A. No, sir, I guess I never knew really when.

4 Q. Were you aware that the black and Hispanic  
5 voting age population also had a majority black and  
6 Hispanic registered voter population in Precinct 3  
7 under the prior plan?

8 A. Yes.

9 Q. Did you discuss the fact that precinct --  
10 strike that.

11 During the 2021 redistricting process,  
12 did you have any discussions with any of the  
13 commissioners regarding Precinct 3 being a majority  
14 black and Hispanic voting age population?

15 MS. OLALDE: I am going to object. And I  
16 understand that the question is "did you," and I just  
17 want to make sure that the witness understands not to  
18 reveal any privileged communications or work product  
19 that was discussed in any meetings.

20 MR. GEAR: And I will first say that I  
21 asked you, "Did you have discussion with  
22 commissioners?"

23 And I will renew our objection and  
24 preserve our right to challenge any -- any  
25 communication that took place with Dale Oldham because

1 | it's our position that attorney-client privilege with

2 | Dale Oldham does not apply here. So --

3 | THE WITNESS: Can you repeat the question

4 | after all that?

5 | MR. GEAR: I was afraid you were going to

6 | say that.

7 | Can you read that question back, please?

8 | THE REPORTER: "During the 2021

9 | redistricting process, did you have any discussions

10 | with any of the commissioners regarding Precinct 3

11 | being a majority black and Hispanic voting age

12 | population?"

13 | THE WITNESS: No.

14 | Q. (By Mr. Gear) During the 2021 redistricting

15 | process, did you have any discussions with any of the

16 | commissioners or their staff regarding Precinct 3

17 | having a majority-minority black and Hispanic

18 | registered voter population?

19 | A. No.

20 | Q. During the 2021 redistricting process, did you

21 | have any discussions with Commissioner Holmes regarding

22 | maintaining the majority-minority black and Hispanic

23 | voting age population in his precinct?

24 | MS. OLALDE: And again I am going to

25 | instruct the witness not to answer only with respect to

1 attorney-client privileged communications or work  
2 product that might have been discussed during any  
3 meetings with Mr. Oldham.

4 MR. GEAR: And we'll continue to preserve  
5 our right to challenge that attorney-client privilege  
6 applies to Dale Oldham in that situation.

7 Q. (By Mr. Gear) Can you answer that question?

8 A. No, I don't recall talking to Commissioner  
9 Holmes.

10 Q. Do you recall Commissioner Holmes raising any  
11 concerns about maintaining the black and Hispanic  
12 voting age -- voting strength in Precinct 3 with the  
13 commissioners court as a whole?

14 MS. OLALDE: Same instruction.

15 Please do not answer with respect to any  
16 attorney-client privileged communications, any work  
17 product shared during any meetings with Mr. Oldham.

18 THE WITNESS: At our special meeting  
19 November the 12th, Commissioner Holmes raised quite a  
20 few concerns about a lot of different aspects of that.

21 Q. (By Mr. Gear) What type of concerns did he  
22 raise?

23 A. Just that it was watering down the vote of the  
24 black and Hispanic community, African-American and  
25 Hispanic community, the maps were, and, you know,

1 | vehemently opposed to every one of them, from my  
2 | recollection of it.

3 | Q. Did you personally have an opinion as to  
4 | whether or not proposed map was, as you testified,  
5 | watering down the black and Hispanic population in  
6 | Precinct 3?

7 | A. As I testified to what I took from his words  
8 | basically, did I have an opinion on that? No, I don't  
9 | think that's the case.

10 | Q. Did you respond in any -- any way to  
11 | Commissioner Holmes' concerns during the special  
12 | session?

13 | A. No.

14 | Q. Did you respond in any way to Commissioner  
15 | Holmes' concerns following the special session?

16 | A. No.

17 | Q. So -- and I believe you also indicated that  
18 | Commissioner Holmes was opposed to both maps and he  
19 | expressed concerns also about Map 2.

20 | A. (Moving head up and down.)

21 | Q. Do you recall what concerns he expressed about  
22 | Map 2 as it relates to the majority-minority black and  
23 | Hispanic voting age population in his precinct?

24 | A. I really don't recall exactly what was said on  
25 | it.

1 Q. Do you recall if -- I'm sorry.

2 A. No, go ahead. Go ahead.

3 Q. Do you recall if any of the commissioners  
4 commented or made a -- gave him a response to either of  
5 his concerns for Map 1 and Map 2 during the special  
6 session?

7 A. I do not recall.

8 Q. Do you recall if any commissioners spoke to  
9 you following the special session regarding  
10 Commissioner Holmes' concerns for either Map 1 or  
11 Map 2?

12 A. No, sir, I don't believe so.

13 Q. Do you have an opinion as to Commissioner  
14 Holmes' position regarding the watering down of the  
15 black and Hispanic voting age population for Map 2?

16 MS. OLALDE: Objection; asked and  
17 answered.

18 MR. GEAR: I believe I asked him for  
19 Map 1.

20 Q. (By Mr. Gear) But if I didn't, can you answer  
21 that question?

22 A. Can you repeat that, please?

23 Q. Do you have an opinion as to Commissioner  
24 Holmes' position regarding Map 2 watering down the  
25 black and Hispanic majority-minority voting age

1 population in Precinct 3? And I'm talking about Map 2.

2 MS. OLALDE: Same objection.

3 Go ahead.

4 THE WITNESS: I think the minority  
5 precincts in that area will still be represented well  
6 by our current commissioners regardless of who is  
7 actually representing them. You brought up food  
8 deserts a while ago and other issues. And, you know,  
9 as I stated then, we both have those issues right now  
10 or before the previous map. And so we share those  
11 issues anyway. Were we both working on them? Yeah.  
12 We're both trying to do things about it trying to help.  
13 Does a minority see things different than I do? I  
14 would dare say yes. But can I take a problem and  
15 analyze that problem and try to help with it to the  
16 best of my ability? Absolutely.

17 Q. (By Mr. Gear) Do you have an opinion as to  
18 whether or not the minority black and Hispanic  
19 population in Precinct 3 should have an ability to  
20 elect the candidate of their choice?

21 MS. OLALDE: Objection; vague as to  
22 timeline.

23 Q. (By Mr. Gear) Under the adopted plan.

24 A. Under the adopted plan, yes. And I think  
25 that's just a matter of finding the right candidates to

1 run in those precincts.

2 Q. Would you agree that under the prior plan that  
3 the candidate of choice that was elected by the  
4 constituents in Precinct 3 was Commissioner Holmes?

5 A. Yes.

6 Q. And that Commissioner Holmes was the  
7 commissioner in Precinct 3 from 1999 to the present?

8 A. Yes.

9 Q. Did you ever -- strike that. Was there --  
10 during the 2021 redistricting process, were you aware  
11 of any criticism of Commissioner Holmes' ability to  
12 represent his constituents in Precinct 3?

13 A. No, sir.

14 Q. In fact, I believe you testified that you  
15 heard some very -- you heard some positive things about  
16 Commissioner Holmes in Precinct 3.

17 A. Absolutely.

18 Q. Can you tell me what those were?

19 A. The positive things that I heard?

20 Q. Yeah.

21 A. He -- he's been a friend since I've been on  
22 the court, and he and I vote quite a bit the same on a  
23 lot of situations from the time I got there, and  
24 knowing that his constituents love him, they do,  
25 because he's done a good job for them.

1 Q. Not only does his constituents love him, they  
2 elected him consistently for the position in Precinct  
3 3; is that correct?

4 MS. OLALDE: Objection; asked and  
5 answered.

6 Go ahead.

7 THE WITNESS: Yes.

8 Q. (By Mr. Gear) Do you have an opinion under  
9 the adopted plan whether or not the constituents in  
10 Precinct 3 should continue to have the ability to elect  
11 the candidate of their choice?

12 A. Under the adopted plan Precinct 3?

13 Q. Yes.

14 A. Yes.

15 Q. Do you have an opinion as to whether or not  
16 Commissioner Holmes has the ability to win in the  
17 adopted Precinct 3?

18 A. I believe he can, and I believe that because  
19 he is probably the most fiscal conservative candidate  
20 on the court, and he is well-known because he's been  
21 there so many years, and I think he'll have a lot of  
22 support in the Precinct 3 with the new lines. I really  
23 believe that. And with Texas having done away with  
24 straight ticket voting, more people look at individuals  
25 as opposed to just pulling a straight ticket like they

1 used to be able to do.

2 Q. Would you agree under the adopted plan that  
3 Precinct 3 is no longer a majority-minority black and  
4 Hispanic -- no longer has a majority-minority black and  
5 Hispanic voting age population?

6 A. Yes, I would agree.

7 Q. Do you have an opinion whether or not it was  
8 necessary to reduce Precinct 3 under the adopted plan  
9 to eliminate the majority-minority black and Hispanic  
10 voting age population?

11 MS. OLALDE: Objection; argumentative.

12 You may answer.

13 THE WITNESS: Based on going back to  
14 sheer numbers of population, I don't know. I just  
15 don't know how else it could have been done, to be  
16 honest. And from a layman's perspective, not knowing  
17 where all the numbers are and looking at the maps that  
18 were presented to us, I don't know how that could have  
19 changed much.

20 Q. (By Mr. Gear) So just so the record is  
21 clear -- and I don't mean to be argumentative. You're  
22 not necessarily a layman. You are one of the  
23 commissioners responsible for the 2021 redistricting  
24 process, correct?

25 A. Correct.

1 Q. Did you have an ability during the 2021  
2 redistricting process to determine what the numbers  
3 looked like for the prior and the adopted plan?

4 MS. OLALDE: Objection; vague as to what  
5 the numbers is.

6 Q. (By Mr. Gear) Well, we talked about you don't  
7 know what the numbers are, correct?

8 A. Correct.

9 Q. What -- what did you mean by that?

10 A. I don't -- as far as where the minority  
11 population is, I know on bulk -- I know the old  
12 Precinct 3, right in the middle of it, there was a  
13 large minority precinct in La Marque and Texas City.  
14 Other than that, to level out the population, I don't  
15 know where you would go to pick up the population and  
16 still keep a minority-majority. And when I say  
17 "layman," I'm not a demographer.

18 Q. Sure. Did you have any discussions during the  
19 2021 redistricting process with any of the  
20 commissioners regarding maintaining Precinct 3 as a  
21 majority-minority precinct? And I'm talking about  
22 black and Hispanic.

23 A. No, sir, not that I recall.

24 Q. Are you aware of any efforts to maintain, by  
25 any of the commissioners or anyone responsible for

1 drawing the 2021 redistricting plans, efforts to  
2 maintain Precinct 3 as a majority-minority black and  
3 Hispanic precinct?

4 A. Not that I'm aware of.

5 Q. Did you have any concerns about Precinct 3  
6 losing its majority-minority black and Hispanic voting  
7 age population?

8 A. No, sir, I don't think I had any concerns  
9 about it.

10 MR. GEAR: Zach, could you pull up  
11 Exhibit 10, please?

12 Q. (By Mr. Gear) I'll give you a chance to look  
13 at this before I start asking questions.

14 A. Yes, sir.

15 Q. When you're ready, have you seen this document  
16 before? And just to be clear for the record, it's --  
17 has Defendants Bates Stamp No. 00011471 to 00011473.  
18 It's a three-page document. Have you seen this  
19 document before?

20 A. I don't believe I've seen this particular  
21 document.

22 Q. Okay. So let's just identify it for the  
23 record what it is. Do you know what this is?

24 A. Yes, sir.

25 Q. And what is it?

1           A.    It's an order approving a redistricting plan  
2 for Galveston County Commissioners Court.

3           Q.    And it's dated the 12th day of November, 2021?

4           A.    Yes, sir.

5           Q.    Which would have been the date of the special  
6 session?

7           A.    Yes, sir.

8           Q.    And you see who signed it on the first page at  
9 the bottom?

10          A.    Yes, sir.

11          Q.    Judge Henry and judge -- and Commissioner  
12 Apffel.

13          A.    Yes, sir.

14          Q.    And so the third page, which is identified  
15 with Defendants Bates stamp 0011473, can you tell me  
16 what this is?

17          A.    It's marked Galveston County -- or Galveston,  
18 Texas, Map 2.

19          Q.    And based on the -- based on the order  
20 establishing new commissioner precinct boundaries, are  
21 you confident that this is the adopted plan?

22          A.    Yes, sir.

23          Q.    So under the adopted plan -- and you can  
24 certainly look at Exhibit 9 as a comparison. Can you  
25 tell me what cities now make up the core of Precinct 3

1 under the adopted plan?

2 A. Not a great map, but looking at it, a small  
3 section of Friendswood, League City, and Dickinson it  
4 looks like.

5 MS. OLALDE: I'm sorry. Just for the  
6 record, do you need a clearer copy? You said it's not  
7 a great copy.

8 MR. GEAR: It's a copy that was up on the  
9 computer.

10 MS. OLALDE: Let's take a look.

11 MR. GEAR: I don't actually see the  
12 screen, so --

13 MS. OLALDE: He sees himself here, but  
14 just one second. I apologize. So I see Exhibit Share.  
15 And we are on No. 10? Is it 10?

16 MR. GEAR: Yes. Is that a better version  
17 of it?

18 MS. OLALDE: Let's see. Oh, it's still  
19 black and white.

20 THE WITNESS: I think we're good.

21 MS. OLALDE: Okay.

22 Q. (By Mr. Gear) So were you done answering that  
23 question at this point?

24 A. Yes.

25 Q. So under the adopted plan, did the adopted

1 plan shift Precinct 3 north and inland to an area of  
2 the county where the population is predominantly white?

3 A. Yes.

4 Q. Were most of the cities of La Marque, Santa  
5 Fe, Hitchcock shifted to your commissioners court  
6 Precinct 2 under the adopted plan? Do you need me to  
7 read those again?

8 A. Well, yes, if you would.

9 Q. Was the -- was most of the city of La Marque  
10 shifted to Precinct 2 under the adopted plan?

11 A. No. Now I wish we had a better map.

12 Q. Is La Marque in Precinct 2 under the adopted  
13 plan?

14 A. Part of it.

15 Q. And when you say "no," what do you mean by  
16 that?

17 A. It -- I think more of it was probably shifted  
18 to Precinct 1.

19 Q. So in any event, La Marque is no longer in  
20 Precinct 3?

21 A. Correct.

22 Q. Under the adopted plan? Was the city of Santa  
23 Fe shifted to Precinct 2 under the adopted plan?

24 A. It was already in 2.

25 Q. All of the -- the entire city of Santa Fe was

1 in Precinct 2 under -- under the prior plan? And,  
2 again, here's Exhibit 9 if you need a comparison.

3 A. It was -- it previously was all in 2. Now  
4 part of it is in 4 now.

5 Q. So the city was -- and we're talking about  
6 Santa Fe was split between Precincts 2 and 4?

7 A. Yes.

8 Q. The city of Hitchcock -- was the city of  
9 Hitchcock -- most of the city of Hitchcock moved into  
10 Precinct 2 under the adopted plan?

11 A. Still about the same amount of Hitchcock as it  
12 was before. Some is now Precinct 4.

13 Q. So under the previous plan the city of  
14 Hitchcock was in Precinct 3?

15 A. Two and 3.

16 Q. And now under the adopted plan the city of  
17 Hitchcock is no longer in Precinct 3?

18 A. Correct.

19 Q. So under the adopted plan was Precinct 3's  
20 eastern part of League City moved into Precinct 1,  
21 eastern portion of League City?

22 A. Of 3? I'm sorry. Ask that again.

23 Q. Under the adopted plan was Precinct 3's  
24 eastern portion of League City moved into Precinct 4?  
25 And, again, Exhibit 9 has --

1           A.    Refer back to it a little bit.  But it was --  
2           that eastern portion was Precinct 4 previously.  Well,  
3           I'm sorry.  The eastern portion was always Precinct 1,  
4           but then it butted up to Precinct 4.  Now it butts up  
5           to 3.

6           Q.    Under the previous plan was the city of  
7           Hitchcock -- any portion of the city of Hitchcock in  
8           Precinct 3, Commissioners Court Precinct 3?

9           A.    Yes.

10          Q.    And under the adopted plan are any portions of  
11          the city of Hitchcock in Precinct 3?

12          A.    No.

13          Q.    And the city of Dickinson -- under the  
14          previous plan was the city of Dickinson in Precinct 3?

15          A.    Yes.

16          Q.    And under the adopted plan is the city of  
17          Dickinson now -- does the city of Dickinson continue to  
18          be in Precinct 3?

19          A.    Part of it, I believe, yes.

20          Q.    And are you aware of the racial makeup of the  
21          city of La Marque?

22          A.    Actual numbers I'm not positive.

23          Q.    Is it primarily --

24          A.    I would think --

25          Q.    -- African-American and Hispanic?

1 A. -- primarily African-American and Hispanic.

2 Q. And what about the city of Santa Fe? Are you  
3 aware of the racial makeup of the city of Santa Fe?

4 A. Mostly white.

5 Q. And does it have a significant Hispanic  
6 population as well?

7 A. Quite a few. Couldn't break down numbers for  
8 you, though.

9 Q. Okay. What about the city of Hitchcock? Are  
10 you aware of the racial makeup of the city of  
11 Hitchcock?

12 A. African-American. It's pretty mixed actually.  
13 African-American, white, and Hispanic mostly.

14 Q. Do you have an idea of how many voting  
15 precincts were in Precinct 3 under the previous plan?

16 A. I do not.

17 Q. Do you -- were you involved in any discussions  
18 with any other commissioners related to removing any of  
19 the voting precincts from Precinct 3 during the  
20 adoption of the adopted plan? Let me ask that question  
21 again. Sorry.

22 Are you aware if any voting precincts  
23 were shifted out of Precinct 3 under the adopted plan?

24 A. I'm not sure. No, sir. Not that I'm aware  
25 of.

1 Q. Based on your knowledge, was it necessary to  
2 draw a plan that shifted out the cities that we just  
3 finished discussing?

4 A. Based on my knowledge, I don't know.

5 Q. Do you have an opinion as to whether or not  
6 the cities that we just discussed could have remained  
7 in Precinct 3 and met the goals that you described  
8 about equalizing the population?

9 A. I think under Map 1 that would have gotten  
10 closer to what you're asking.

11 Q. And you voted for Map 2, correct?

12 A. I did.

13 Q. So -- and I understand that you testified that  
14 you received comments from your constituents. Did any  
15 of your constituents provide you with any comments,  
16 including phone calls, emails, text messages, regarding  
17 what changes they would like to see made to the  
18 commissioners court precinct lines during the 2021  
19 redistricting process?

20 A. Not that I recall.

21 MR. GEAR: Can you pull up Exhibit 11,  
22 Zach?

23 Q. (By Mr. Gear) I'll give you a chance to look  
24 at this. For the record as you're looking at it, this  
25 is marked with Defendants Bates Stamp No. 00011042 to

1 00011047. It's a six-page document. Have you seen  
2 this? Well, first let's describe this for the record.  
3 Looking at page with the Bates stamp 011042, this is an  
4 email, correct?

5 A. Yes, sir.

6 Q. Have you seen this email before?

7 A. Yes, sir, I want to say I have.

8 Q. Do you know who Leslie Clift is?

9 A. I do not.

10 Q. And that's who sent this email, correct?

11 A. Correct.

12 Q. And can you tell me what date this email was  
13 sent on?

14 A. November 10th.

15 Q. And who was this email sent to?

16 A. It was sent to Judge Henry, Commissioner  
17 Apffel, myself, Commissioner Holmes, and Commissioner  
18 Clark.

19 Q. And the subject matter was the redistricting  
20 maps, correct?

21 A. Correct.

22 Q. So in this email it indicates that Leslie  
23 Clift is a Galveston County resident. Or Galveston  
24 Island resident. Do you see that?

25 A. Yes.

1 Q. This email attaches a letter, which is also  
2 attached to this exhibit. In the email Leslie Clift  
3 indicates that "I am concerned current efforts have not  
4 done enough to preserve communities of interest." Did  
5 you respond to this email?

6 A. I did not.

7 Q. Do you know if any of the commissioners  
8 responded to this email?

9 A. I do not.

10 Q. Why didn't you respond to this email?

11 A. I don't recall.

12 Q. What, if any, steps did you take to address  
13 the concerns from constituents about not doing enough  
14 to preserve communities of interest?

15 A. I'm sorry. I was still reading. Can you --

16 Q. What, if any, steps did you take to address  
17 concerns by constituents about not doing enough to  
18 preserve communities -- communities of interest?

19 Excuse me.

20 A. I didn't really do anything.

21 Q. Okay. Looking at paragraph 3, it indicates "I  
22 do not want the Bolivar Peninsula included in  
23 Precinct 3." Do you see that?

24 A. I do.

25 Q. What, if any, steps did you take to address

1 | concerns from constituents about not including Bolivar

2 | Peninsula into Precinct 3?

3 | A. I did not.

4 | Q. You didn't take any steps?

5 | A. No.

6 | Q. And turning to page 2, what's marked as  
7 | Defendants Bates Stamp No. 11043, have you seen this  
8 | attached letter before?

9 | A. I don't remember this one. I may have, but I  
10 | just don't recall it.

11 | Q. What, if any, steps did you take as a  
12 | commissioner to ensure that there would be meaningful  
13 | opportunities for public comments?

14 | A. Well, at the point of where we hit -- you  
15 | know, the deadlines came running up on us, there  
16 | weren't many opportunities for the public comment at  
17 | that point.

18 | Q. So other than what you've testified to, the  
19 | posting of Map 1 and 2, were there any other efforts  
20 | made by the commissioners court as a whole to provide  
21 | meaningful input from the Galveston County community?

22 | A. No, sir.

23 | Q. What, if any, steps did you take to ensure  
24 | transparency throughout the redistricting process? And  
25 | I'm talking about the 2021 redistricting process.

1 A. Other than the posting of the maps and such,  
2 that was about it.

3 MR. GEAR: Can we go off the record for  
4 one minute?

5 How much time have I expended?

6 THE VIDEOGRAPHER: Going off the record,  
7 2:39.

8 (Recess from 2:39 to 2:45)

9 THE VIDEOGRAPHER: We're back on the  
10 record, marks the beginning of Media No. 4. The time  
11 is 2:45.

12 Q. (By Mr. Gear) I wanted to backtrack a little  
13 bit and ask you -- and I don't think I asked you for  
14 the record. During your campaigns for county  
15 commissioner, have you always run as a republican?

16 A. Yes, sir.

17 Q. At any point during your political life have  
18 you been a democrat?

19 A. No, sir.

20 Q. Independent?

21 A. I like to think of myself pretty much as an  
22 independent. As I mentioned earlier, some of my early  
23 votes along with Commissioner Holmes, it was just he  
24 and I against everybody else it seemed like, and I  
25 thought those were fairly independent votes actually.

1 Exactly what it was, I don't remember.

2 Q. Okay. I was going to ask you what issues.  
3 You don't recall.

4 A. I don't recall.

5 Q. All right. So I wanted to talk a little bit  
6 about the differences between Galveston Island and the  
7 Bolivar Peninsula. So based on your experience as a  
8 commissioner and a lifelong resident of Galveston, what  
9 types of businesses and industries are operated on  
10 Galveston Island?

11 A. Well, of course, as far as the largest  
12 businesses you have University of Texas Medical Branch  
13 with the medical facilities. The Port of Galveston  
14 used to be the largest employer at one point, but  
15 that's many, many years ago. And, of course, still the  
16 maritime industry is pretty big over on this side. The  
17 similarities I guess would be the tourism and the  
18 beaches and just a lot of rentals and things like that.

19 Q. There are rental properties on Galveston  
20 Island?

21 A. Yes, as well as Bolivar.

22 Q. Is there a certain area on Galveston Island  
23 where rentals occur, or is it dispersed?

24 A. It's really -- now it's really dispersed.  
25 It's -- that's one of Galveston's problems now

1 | actually, is middle income housing, because there's so  
2 | many rentals that it's gotten pretty cost prohibitive  
3 | for the normal person just to buy a home.

4 | Q. And when you talked about the Port of  
5 | Galveston, is that where the cruise ships are?

6 | A. The cruise ships along with the other trade  
7 | and things that are hauled in and out of the port.

8 | Q. And when you referenced the maritime industry,  
9 | what does that involve?

10 | A. That -- the port. Basically the port, Texas  
11 | A&M on Pelican Island, which is a maritime university,  
12 | the things that are going on on Pelican Island, as well  
13 | as the port side, which is dry docks, things like that.

14 | Q. And I couldn't help but notice that it looks  
15 | like there's an oil industry here as well.

16 | A. There is. Not so much Galveston Island, but  
17 | the county itself, Texas City. The petrochemical  
18 | industry is huge in Texas City.

19 | Q. Is there any connection to the oil industry to  
20 | Galveston Island? If that makes sense.

21 | A. It does. Not so much. It's mostly on the  
22 | mainland. We do have freight that comes through here,  
23 | you know, pipes, piping and things like that. But it's  
24 | mostly in Texas City as far as the petrochemical  
25 | industry through the Port of Texas City.

1 Q. Let's talk a little bit about Bolivar island.

2 Or the peninsula.

3 A. Peninsula.

4 Q. Is Bolivar incorporated or unincorporated?

5 A. All unincorporated.

6 Q. And what are the major industries or  
7 businesses that are operated on the Bolivar Peninsula?

8 A. Probably the biggest industry is tourism, you  
9 know, with the beaches and the rentals there, and then  
10 I would say the fishing industry is pretty large.

11 Q. Anything else?

12 A. That's the majority of it really.

13 Q. Rental properties?

14 A. Yes.

15 Q. So tourism and --

16 A. Yeah. Those go kind of hand in hand really.

17 Q. Now that you are the commissioner for  
18 Bolivar -- for the Bolivar Peninsula, do you know what  
19 the racial demographics are for Bolivar -- the Bolivar  
20 Peninsula?

21 A. I can't give you an actual breakdown, but it's  
22 a pretty high white percentage I would say along with  
23 Hispanic. I'm sorry.

24 Q. No.

25 A. I don't -- I don't really know of much

1 African-American population on the peninsula.

2 Q. Is it fair to say that the Bolivar Peninsula  
3 is predominantly Anglo?

4 A. Yes.

5 Q. So I believe we started this out a few hours  
6 ago when you testified that you were born in Galveston.

7 A. Yes, sir.

8 Q. What would the racial demographics for  
9 Galveston Island -- or what do the racial demographics  
10 for Galveston Island look like based on your knowledge?

11 MS. OLALDE: Objection; vague as to time.

12 Q. (By Mr. Gear) Let's talk about 2021.

13 A. I think now predominantly Latino.

14 Q. Does it have a significant African-American  
15 population as well?

16 A. I think African-American and white, Caucasian,  
17 are about even.

18 Q. Would you -- would it be fair to say that  
19 Galveston Island is majority black and Hispanic?

20 A. I think so.

21 Q. So does the Galveston County website have a  
22 posting about the Bolivar Peninsula regarding what  
23 activities are available on the peninsula that you're  
24 aware of?

25 A. The Galveston County website? I don't --

1 Q. Well, I guess I should -- I should reask that  
2 in a way -- is there a posting in Galveston County  
3 including on the Bolivar Peninsula about what type of  
4 activities are available on the Bolivar Peninsula?

5 A. The Chamber of Commerce there does have a  
6 website that talks about what there is to do basically  
7 and, you know, the rental properties available and  
8 different -- a lot of RV parks, that sort of stuff.

9 Q. And in addition to the RV parks, is there any  
10 other -- and what you've testified to already, are  
11 there any other businesses or industries that are  
12 described by the chamber of county -- Chamber of  
13 Commerce website?

14 A. Some restaurants, several restaurants,  
15 seafood-type restaurants mostly, a couple of Mexican  
16 restaurants that are pretty good if you make it that  
17 way, and just a big store, if you would. That's the  
18 name of it, The Big Store. Of course, they carry  
19 pretty much everything.

20 Q. So let's talk about some of the similarities  
21 between Galveston Island and the Bolivar Peninsula.  
22 Are you aware of any similarities between the two?

23 A. Quite a few. The tourism aspect of it, the  
24 beaches, of course, the fishing that's, you know --  
25 that's advertised and it's done in both locations, the

1 rental properties as mentioned, the -- just quite a  
2 few. I mean, a lot of the people are even the same  
3 hardiness, if you would, you know, on the coast,  
4 weathering storms, things like that, what I mean by  
5 that.

6 Q. So when we talk about storms, weathering  
7 storms, what are the major concerns on the Bolivar  
8 Peninsula?

9 A. Other than storms? Beach erosion, which comes  
10 with the storms, which is the same here on Galveston  
11 Island. A couple of their larger issues right now are  
12 sanitary sewer and --

13 Q. That's on the peninsula, correct?

14 A. On the peninsula. And water delivery.

15 Q. And based on your knowledge, what are the --  
16 other than storms, what are the concerns for Galveston  
17 Island as you would describe it?

18 A. I think probably -- I'm not going to guess,  
19 but probably I would say law enforcement concerns  
20 because of the influx of tourism, which we have the  
21 same issue over there on the peninsula. I didn't  
22 mention that. But there's different times of the year,  
23 of course some busier than others. Galveston is more  
24 of a year-round tourist spot I want to say to where the  
25 heavy influx is -- in Galveston is more often than

1 Bolivar because of different festivals that are hosted  
2 over here that they don't have on the peninsula.

3 Q. So is Bolivar -- is the Bolivar Peninsula a  
4 more seasonal tourist attraction?

5 A. I believe it is. There's -- as far as the  
6 beaches go, yes, Galveston is not as seasonal. It's  
7 heavy -- heavier in the summertime, of course, but it's  
8 more of a year-round, whereas Bolivar's year-round is  
9 the families that will rent the house that will come  
10 in, whereas Galveston has a lot more hotels and a lot  
11 more options for people to stay and a lot more  
12 festivals, the Mardi Gras and all sorts of other  
13 things.

14 Q. So as the new commissioner for the Bolivar  
15 Peninsula, have you met with elected officials to  
16 discuss concerns specific to the Bolivar Peninsula?

17 A. Yes. And really the only elected officials  
18 over there that are elected just in Bolivar is -- I  
19 don't know if they're elected, to be honest. Yeah,  
20 they're elected. Is their -- their board for their  
21 fire department. Other than that, there's no elected  
22 officials really to speak of.

23 Q. Okay.

24 A. It's -- because it's all unincorporated.

25 Q. So how does their government operate if --

1 A. Their government is the county.

2 Q. Their government is the county?

3 A. Yes.

4 Q. Okay. And so going back to my original  
5 question, did you -- as the new commissioner for the  
6 Bolivar Peninsula, have you met with officials over  
7 there to discuss their concerns specific to the Bolivar  
8 Peninsula?

9 A. Yes.

10 Q. And if I understood you correctly, that would  
11 have been the fire department?

12 A. Partly fire department, but through the  
13 chamber we've met with a lot of business owners over  
14 there as well, a couple of meet and greet type  
15 situations where we'd go in and Commissioner Apffel is  
16 still involved, kind of holding my hand while I meet  
17 the people and learn more about it.

18 Q. So the fact that the government on the Bolivar  
19 Peninsula is the county, that's actually a difference  
20 between Bolivar and Galveston Island as well, correct?

21 A. Yes.

22 Q. Can you tell me a little bit about or discuss  
23 what the Galveston Island government consists of?

24 A. Mayor/city council form of government, city  
25 manager form of government. They have a city manager

1 | that runs the city basically for the mayor and council.  
2 | They have a park board that runs -- that takes care of  
3 | the beaches. And not only do they take care of the  
4 | beaches, they control HOT taxes and things like that  
5 | right now, HOT taxes being hotel occupancy tax. They  
6 | do pretty much any service the city provides, the City  
7 | of Galveston does, including transportation as was  
8 | talked about earlier. They do water and sewer, trash  
9 | pickup.

10 | Q. For the peninsula?

11 | A. No. For the city of Galveston.

12 | Q. For the city of Galveston. Okay.

13 | A. Only.

14 | Q. So the county itself, and being the government  
15 | for the Bolivar Peninsula, you talked about issues  
16 | related to beach erosion. Does the Galveston County  
17 | government deal with those issues on the Bolivar  
18 | Peninsula?

19 | A. We do with the assistance from the general  
20 | land office as far as the erosion and things like that  
21 | go. The cleaning of the beaches we do, you know, we  
22 | being the county.

23 | Q. And the general land office, is that -- that's  
24 | a county office?

25 | A. No. The general land office is a state

1 office.

2 Q. State office. Okay.

3 A. The beaches in Texas belong to the State of  
4 Texas.

5 Q. Okay.

6 A. For the most part. And so we have to clean  
7 them and maintain them and do things like that, but  
8 overall anything we do pretty much has to go through  
9 the general land office for approvals. When beach  
10 re-nourishment happens, a lot of times the monies and  
11 stuff, grants, will come through the general land  
12 office.

13 Q. So when it comes to beach maintenance or beach  
14 erosion, what, if any, responsibilities does the  
15 Bolivar Peninsula specifically have to those issues?

16 A. The peninsula as in the government for the  
17 peninsula?

18 Q. Yes.

19 A. Basically we clean -- like I said, we clean  
20 the beaches. We do the maintenance on the beaches. If  
21 an erosion issue occurs, we work with the different  
22 state agencies to help address those. Right now we're  
23 in the process of -- the one main highway that runs  
24 through there, Highway 87, we're in the process of  
25 working with TxDOT on redoing that highway again

1 | because it tends to wash out in a couple of places.

2 | And so that's --

3 | Q. And that's the Galveston County government.

4 | A. That's the county working with the state, with  
5 | the Texas Department of Transportation.

6 | Q. The land commission I believe.

7 | A. Kind of, sort of. TxDOT is different from the  
8 | land commission, but --

9 | Q. Okay.

10 | A. -- general land office is separate from the  
11 | land commission. So it's crazy. And you have the  
12 | railroad commission that has nothing to do with  
13 | railroads.

14 | Q. So just so I'm clear and the record is clear,  
15 | TxDOT you said?

16 | A. TxDOT, Texas Department of Transportation.  
17 | They do the highways.

18 | Q. Okay.

19 | MR. GEAR: Zach, can you pull up  
20 | Exhibit 12, please?

21 | Q. (By Mr. Gear) I will give you a chance to  
22 | take a look at it. Have you seen this article before?

23 | A. I believe I have, yes, sir.

24 | Q. And for the record can you tell me what this  
25 | is?

1 A. It is again from the Crystal Beach Local News.

2 It's Apffel introduces Joe Giusti as new commissioner.

3 Q. And do you recall when that meeting occurred?

4 A. I'm looking for a date on it. I want to say  
5 sometime in December.

6 Q. I see a date of December 7th, 2021.

7 A. That sounds right.

8 Q. That refreshes your recollection?

9 A. That sounds about right, yes, sir.

10 Q. Okay. Specifically for this article I wanted  
11 you to take a look at the Bolivar Peninsula Townhall.  
12 You see where it says that on the first page? Right  
13 next to the picture.

14 A. Yes, yes, yes.

15 Q. Okay. And I wanted to kind of go through some  
16 of the issues that are identified here. During the  
17 meeting where you were introduced, did -- was issues  
18 related to Bolivar Peninsula discussed during that  
19 meeting?

20 A. Yes, sir.

21 Q. Okay. And one of those issues was the Bolivar  
22 Beach sticker fund?

23 A. Yes, sir.

24 Q. And is that an issue that's specific to the  
25 Bolivar Peninsula?

1 A. It is.

2 Q. So that would have nothing to do with  
3 Galveston Island, correct?

4 A. That's correct.

5 Q. Mobile restroom trailers, is that an issue  
6 that's specific to the Bolivar Peninsula?

7 A. It is.

8 Q. And, again, would that have anything to do  
9 with Galveston Island?

10 A. No, sir. Not that particular one, no.

11 Q. And to finish that sentence, it says "Four new  
12 mobile restroom trailers will be installed in the three  
13 previous locations, one with additional trailer in  
14 the" --

15 A. Gilchrist.

16 Q. -- "Gilchrist area." And, again, that is  
17 specific to Bolivar Peninsula.

18 A. That's correct.

19 Q. The next issue that was discussed during that  
20 meeting was "New beach porta-potty provider, United  
21 States Service for Beaumont, to provide better service.  
22 Elevated water tank almost complete." And if I didn't  
23 read that correctly it says "Elevated water tank almost  
24 complete."

25 A. Yeah. That's two different subjects.

1 Q. Okay.

2 A. Porta-potties and water tank.

3 Q. Okay.

4 A. It kind of reads as one.

5 Q. It kind of did. The porta-potty issue, is  
6 that unique to the Bolivar Peninsula?

7 A. Yes, sir.

8 Q. And the elevated water tank, is that also  
9 unique to the Bolivar Peninsula?

10 A. Yes, sir.

11 Q. And the next one is GLO. What is GLO?

12 A. General land office.

13 Q. Okay. Which is what you were --

14 A. Yes, sir.

15 Q. -- talking about. Okay. "Still waiting for  
16 permit to build fishing pier at Rollover, probably a  
17 year out. Concrete driveways, beach access points,  
18 crowd control." Is that an issue that's unique to the  
19 Bolivar Peninsula?

20 A. I wouldn't say it's unique to the peninsula,  
21 but it's specific to the peninsula.

22 Q. So in this specific incident or in this  
23 specific situation are they talking about Bolivar  
24 Peninsula, or are they talking about --

25 A. Yes. Yes, sir.

1 Q. Okay. And the next issue that was discussed  
2 was beach raking permit from Corps --

3 A. Corps of Engineers.

4 Q. -- Corps of Engineers. And then to finish  
5 that it says "Expected by March/April 2022. TxDOT,"  
6 which you also identified, "Hwy 87 embarkment: awaiting  
7 approval from GLO." Is that an issue that is unique to  
8 the Bolivar Peninsula?

9 A. Yes, sir.

10 Q. And is it fair to say that those were the  
11 issues that were discussed with the Bolivar Chamber of  
12 Commerce during the first meeting you had with them on  
13 the Bolivar Peninsula?

14 A. Yes, sir, that would be the majority of it.

15 Q. When you say "the majority," was there any  
16 other issues that were --

17 A. There were other things that did come up,  
18 minor things, nuisance abatement-type issues on certain  
19 properties and things like that, you know.

20 Q. Again, those issues would be unique to the  
21 Bolivar Peninsula?

22 A. Yes. Well, yes.

23 Q. So I'm almost done with my questions. I want  
24 to just switch the subject here and talk about  
25 Commissioner Robin Armstrong. Were you involved in the

1 | appointment process for Commissioner Robin Armstrong?

2 | A. In the initial appointment, no.

3 | Q. Explain to me what you mean by that, please.

4 | A. If I remember correctly, it was Judge Henry's  
5 | appointment, but then we approved it at some point as  
6 | the court.

7 | Q. So what you're describing -- and correct me if  
8 | I'm wrong -- is that you voted on whether or not to  
9 | appoint Commissioner Armstrong?

10 | A. Yes.

11 | Q. And that was done in a public meeting?

12 | A. Yes.

13 | Q. And do you recall the date of that public  
14 | meeting?

15 | A. I do not.

16 | Q. Do you recall which commissioners were present  
17 | during that vote?

18 | A. No, sir, I don't.

19 | Q. Do you recall how the vote went amongst the  
20 | commissioners and the judge?

21 | A. I do not.

22 | Q. What the results of the vote was?

23 | A. I don't.

24 | Q. Do you recall if Commissioner Holmes voted for  
25 | or against?

1 A. I don't.

2 Q. Do you -- you suggested it, but I just want to  
3 make sure I'm clear. Can you describe the appointment  
4 process, how that actually works?

5 A. The initial -- this was new to all of us. The  
6 initial appointment was Judge Henry appointing  
7 Commissioner Armstrong, and then it was affirmed, I  
8 guess. If I'm remembering correctly, it was affirmed  
9 by the court once that occurred. After that occurred,  
10 is that -- is that what you're wanting to know, or is  
11 there more to it?

12 Q. I'm just trying to understand what the process  
13 is. So as you explain it it helps me to understand.

14 A. Okay.

15 Q. And so the appointment process, you said Judge  
16 Henry appoints Commissioner Armstrong. Is there a pool  
17 of applicants? Are you participating in deciding which  
18 applicant would be appointed?

19 A. No, sir.

20 Q. So the initial process is -- falls on Judge  
21 Henry to make the appointment.

22 A. Correct.

23 Q. And your involvement basically was the ability  
24 to vote --

25 A. The affirmation --

1 Q. -- up or down.

2 A. -- of his appointment.

3 Q. Of his appointment. Do you know during the  
4 appointment process whether or not there's any attempt  
5 to reach out to the Galveston County community to  
6 understand their position on whether or not  
7 Commissioner Armstrong should or should not be  
8 appointed?

9 A. Not that I'm aware of.

10 Q. Based on your personal knowledge, do you know  
11 whether or not there was any outreach to the minority  
12 black and Hispanic community regarding the appointment  
13 process for Commissioner Armstrong?

14 A. Not that I'm aware of.

15 Q. Did you have any discussions with Commissioner  
16 Holmes leading up to the appointment of Robin  
17 Armstrong?

18 A. No, sir.

19 Q. Did you have any discussion with any of the  
20 commissioners leading up to the appointment of  
21 Commissioner Armstrong?

22 A. No, sir. I -- no.

23 Q. Was Commissioner Armstrong involved in any  
24 aspect of the 2021 redistricting plan?

25 A. No, sir.

1 Q. Is it fair to say that Commissioner Armstrong  
2 is solely selected and then voted -- well, strike that.

3 Is it fair to say that Commissioner  
4 Armstrong as an applicant is solely selected by Judge  
5 Henry?

6 A. Yes, initially.

7 Q. Does the community in Galveston County have  
8 any input into the appointment process of, in this  
9 case, Commissioner Armstrong?

10 A. I'm sure they can send emails or make phone  
11 calls to Judge Henry and make recommendations.

12 Q. And let's -- let's focus on that for a second.  
13 Was there any advertisements or community outreach to  
14 let the Galveston County community know that Judge  
15 Henry was considering the appointment of  
16 commissioner -- of Robin Armstrong?

17 A. Not that I'm aware of.

18 Q. So if you could clarify for me, how during the  
19 process could a resident of Galveston County provide  
20 input if there was -- strike that.

21 What I'm trying to understand is was  
22 there any process during the appointment process which  
23 would have allowed the Galveston County community to  
24 provide input that you're aware of.

25 A. I wasn't part of that process, so I'm not

1 | aware of it.

2 | Q. And you certainly didn't see any public  
3 | outreach related to the appointment of commissioner --  
4 | of Robin Armstrong; is that correct?

5 | A. That is correct.

6 | Q. Do you know if -- based on your personal  
7 | knowledge, do you know if Judge Henry made any attempts  
8 | to reach out to the black and Hispanic community in  
9 | Galveston County to receive input regarding Robin  
10 | Armstrong and the potential appointment?

11 | A. I do not know.

12 | Q. Do you -- based on your personal knowledge, do  
13 | you know if commissioner -- sorry -- Judge Henry  
14 | reached out to any constituents in Galveston County to  
15 | solicit their input on the potential appointment of  
16 | Robin Armstrong?

17 | A. I do not know that.

18 | Q. And were there any public hearings that you  
19 | are personally aware of related to the potential  
20 | appointment of Robin Armstrong?

21 | A. No, sir, not that I'm aware of.

22 | Q. And you said there was a vote taken by the  
23 | commissioners during a public hearing related to the  
24 | appointment of Commissioner Armstrong, correct?

25 | A. I believe there was.

1 Q. And that -- I'm sorry.

2 A. Don't know if it was a public hearing or just  
3 a vote on commissioners court, to be honest. I don't  
4 know.

5 Q. Do you recall if it was during a special  
6 session or regular scheduled?

7 A. I would think it would be a regular scheduled  
8 meeting, but I do not know.

9 Q. And all of the regular scheduled meetings are  
10 open to the public?

11 A. Correct.

12 Q. How did you vote regarding the appointment of  
13 Robin Armstrong?

14 A. I believe I voted to approve. And the reason  
15 I say I believe is I think we voted on it. And if we  
16 did, I voted for it.

17 Q. And can you tell me the reasons, based on your  
18 personal knowledge, why you voted in favor of Robin  
19 Armstrong to be appointed to the commissioners court?

20 A. I know Dr. Armstrong. I haven't known him  
21 that well for long, but I have known him. I know that  
22 he was active politically before and that he was active  
23 in the community, and he has a very good reputation in  
24 the community as being a very fine doctor as well as a  
25 good family guy and everything that goes along with

1 being a good quality human being.

2 Q. So other than being a good doctor, what is  
3 your personal knowledge regarding other activities that  
4 he participated in in the Galveston County community?

5 A. It mainly is being a doctor. That was the  
6 majority of it. And then also with his involvement, I  
7 guess, politically.

8 Q. And when you say political involvement, can  
9 you clarify what you mean by it?

10 A. He ran for state senate not too terribly long  
11 ago.

12 Q. Do you know when, approximately?

13 A. The last election. The last primary I should  
14 say.

15 Q. And I don't know what the date of that --

16 A. That would have been March of '21.

17 Q. March of '21.

18 A. '21? March of '22. Yeah, March of '22.

19 Q. Were you involved -- March of 2022. Were you  
20 involved in his political campaign at all?

21 A. No, sir.

22 Q. Do you recall how long his appointment as  
23 commissioner lasts?

24 A. It was until the end of term.

25 Q. And do you recall what the end of term is?

1 A. It would have been December 31st, this past.

2 Q. December 31st. So is he still a county  
3 commissioner to this day?

4 A. He is.

5 Q. But the term has expired?

6 A. He's in a new term now.

7 Q. Okay. Did he run?

8 A. Yes, sir. He was elected.

9 Q. And can you tell me which commissioners court  
10 precinct he was appointed and then elected to?

11 A. Precinct 4.

12 Q. And can you tell me what the racial  
13 demographic makeup is of Precinct 4?

14 A. I'm not positive. I think it's a pretty mixed  
15 precinct.

16 Q. Mixed as in?

17 A. Mixed as in African-American to white to  
18 Hispanic, Latino, probably heavier on the white side.

19 Q. Did you have an opportunity to look at his  
20 election results?

21 A. Did not.

22 Q. Did you conduct any analysis -- independent  
23 analysis as to who his core supporters were in  
24 Precinct 4?

25 A. No, sir.

1 Q. Did you have any discussions with Commissioner  
2 Armstrong about how he went about campaigning in  
3 Precinct 4?

4 A. I don't recall having any discussions on that.

5 Q. Do you know if he had a campaign staff? Did  
6 you have an opportunity to speak with anyone on his  
7 campaign staff?

8 A. I don't know whether he did.

9 MR. GEAR: If we can take a five-minute  
10 break, ten-minute break, I might be in a position where  
11 I'm ready to pass to other counsel. So can we go off  
12 the record?

13 THE VIDEOGRAPHER: Going off the record.  
14 The time is 3:20.

15 (Recess from 3:20 to 3:31)

16 THE VIDEOGRAPHER: We're back on the  
17 record. Time is 3:31.

18 MR. GEAR: I'm prepared to pass to other  
19 counsel, but for the record the United States reserves  
20 its rights to reopen this deposition based on the  
21 objections -- the privilege objections and the fact  
22 that we reserved our right to dispute that the claim of  
23 privilege does not apply to Dale Oldham in this  
24 situation. I understand that there's -- that this is  
25 now before the court, but the United States reserves

1 | its right to reopen this deposition based on whatever  
2 | ultimate decision there is to that. And I pass to  
3 | other counsel.

4 | MS. RICHARDSON: Good afternoon. Can  
5 | y'all hear me or see me? Do we need to go off the  
6 | record to start, or are we good? Are we good to go?

7 | MS. OLALDE: Yes, ma'am.

8 | MS. RICHARDSON: Okay. Fantastic.

9 | EXAMINATION

10 | QUESTIONS BY MS. RICHARDSON:

11 | Q. Commissioner, my name is Valencia Richardson,  
12 | and I represent the Petteway plaintiffs in this case,  
13 | so that includes Terry Petteway, Constable Derreck  
14 | Rose, Penny Pope, Sonny James, and Michael Montez. So  
15 | I'll just be asking you -- don't worry. I'm not going  
16 | to take another five hours. I'm going to ask you a few  
17 | more questions and then a few follow-up questions from  
18 | the conversation today.

19 | And I would like to get started by  
20 | marking an exhibit, our first exhibit. Give me one  
21 | moment.

22 | MS. OLALDE: I'm showing you that on my  
23 | computer.

24 | THE WITNESS: Okay.

25 | MS. RICHARDSON: Okay. So exhibit I

1 believe -- is that 13? Should be available to you now.

2 MS. OLALDE: Valencia, this is Angie.

3 I'm just trying to get it pulled up so he can see it.

4 MS. RICHARDSON: No worries. Just let me  
5 know when you're ready. And I'm also going to set up  
6 the next exhibit for you as well so you can look at  
7 them at the same time, Exhibit 14.

8 MS. OLALDE: I don't know how to do that.

9 MS. RICHARDSON: Oh, not -- I mean just  
10 one after the other. Look at the first one. Then look  
11 at the second one.

12 MS. OLALDE: And it is pulled up.

13 Q. (By Ms. Richardson) All right. Fantastic.  
14 I'm going to start with what's now marked as Exhibit 13  
15 to this deposition. Do you see that, Commissioner  
16 Giusti?

17 A. I do.

18 Q. Okay. Do you recognize this email?

19 A. I do.

20 Q. Okay. Do you see the date on it? Could you  
21 tell us the date?

22 A. October 29th, 2021.

23 Q. And were you one of the folks to whom it was  
24 sent?

25 A. Yes and no.

1 Q. Can you explain what that means?

2 A. It's -- my email address on it is wrong.

3 Q. Oh, okay. But it was intended to be sent to  
4 you?

5 A. Yes.

6 Q. Okay. And you recognize the email?

7 A. Yes.

8 Q. Okay. Can you tell us what this email is?

9 A. I'm sorry. Repeat?

10 Q. Could you tell us what this -- what this email  
11 is?

12 A. It is an email to Judge Henry and all the  
13 commissioners with a letter attached from the League of  
14 Women Voters of the Bay Area and Texas Civil Rights  
15 Project.

16 Q. Okay. And then can you go to Exhibit 14?

17 MS. OLALDE: I apologize. We are --  
18 we're learning this.

19 MS. RICHARDSON: As all of us are. Trust  
20 me. I'm very new to Veritext as well. You can take  
21 some time to review it if you need to.

22 MS. OLALDE: You can scroll up and down.

23 THE WITNESS: Right. Got you.

24 (Discussion off the record)

25 Q. (By Ms. Richardson) And just let me know when

1 you've reviewed it.

2 A. Okay. Okay.

3 Q. Okay. Do you recognize the document marked as  
4 Exhibit 14?

5 A. I do.

6 Q. Okay. Can you tell us what it is?

7 A. It is an email sent to Judge Henry and the  
8 commissioners court.

9 Q. Is it the attachment to that email marked as  
10 Exhibit 13, the letter that was attached?

11 A. It is.

12 Q. Thank you. Did you read this -- did you read  
13 this letter at the time it was sent to you?

14 MS. OLALDE: Objection; misstates the  
15 record. He didn't receive it because it was not his  
16 email address.

17 Q. (By Ms. Richardson) Did you receive this  
18 letter eventually?

19 A. Eventually as in recently.

20 Q. How recently?

21 A. A couple days.

22 Q. You didn't receive it at the time you -- at  
23 the time it was sent?

24 A. Not that I recall, no.

25 Q. Okay. We'll move on. I'm going to introduce

1 Exhibit 15.

2 Before I do that, Commissioner, do you  
3 recall speaking to anyone after the hearing on  
4 November 12th?

5 A. I don't recall.

6 Q. Did you speak to -- did anyone reach out to  
7 you after the November 12th hearing?

8 A. Reach out as in what time frame?

9 Q. After the November 12th hearing between --  
10 immediately after. We'll start with that.

11 A. Not that I recall.

12 Q. In the weeks after?

13 A. Not that I recall really.

14 Q. Okay. I'll introduce Exhibit 15.

15 MS. OLALDE: We have it pulled up.

16 THE WITNESS: Okay.

17 Q. (By Ms. Richardson) Okay. Do you recognize  
18 this email?

19 A. I do.

20 Q. This was sent to you, correct?

21 A. Yes.

22 Q. Correct. And this was sent to you from Kenny  
23 Wiley, correct?

24 A. Yes.

25 Q. The reporter for the Houston Chronicle?

1 A. Correct.

2 Q. He -- and it says here he's working on a piece  
3 about the -- Galveston County's recent battle over  
4 redistricting. Did I get that right?

5 A. Yes.

6 Q. Okay. Did you -- and it seems he's asking you  
7 to meet with him to discuss the redistricting in  
8 Galveston County; is that correct?

9 A. Correct.

10 Q. Did you ever speak to Mr. Wiley?

11 A. I don't believe I did.

12 Q. Did you ever speak to any other reporters  
13 about the redistricting process?

14 A. No.

15 Q. Okay.

16 A. Not that I recall. I mean, everything at this  
17 point was being referred between legal and  
18 communications director.

19 Q. At what point was everything being referred to  
20 legal?

21 A. I don't recall. Sometime after the vote, but  
22 exactly when I'm not positive.

23 Q. At what point were all inquiries being  
24 referred to the communications team?

25 A. I'm sorry. Repeat it again.

1 Q. Sure. You stated, I believe, that at some  
2 point after the November 12th hearing inquiries were  
3 being referred to the communications department; is  
4 that correct?

5 A. Communications and legal, yes.

6 Q. And legal. And I asked you at what point did  
7 the commission start referring inquiries to the  
8 communications department.

9 A. And I don't recall.

10 Q. Okay. Thank you. Did you speak with any  
11 members of the community after the redistricting  
12 hearing?

13 A. I don't recall it.

14 Q. Did you speak with any members or  
15 representatives of the NAACP?

16 A. Not that I recall.

17 Q. Did you speak to any members or  
18 representatives of LULAC?

19 A. No, not that I recall.

20 Q. Did you speak to Terry Petteway?

21 A. I don't remember talking to Terry. He -- I'm  
22 pretty sure he was at the room that day too, the day we  
23 voted.

24 Q. Did you speak with Michael Montez after the  
25 hearing?

1 A. No.

2 Q. Did you speak with Sonny James after the  
3 hearing?

4 A. No.

5 Q. Did you speak with Penny Pope after the  
6 hearing?

7 A. No.

8 Q. Did you speak with Derreck Rose after the  
9 hearing?

10 A. No.

11 Q. Okay. I'm going to mark Exhibit 16. I will  
12 let you know when it's available. Okay. It's  
13 available. And let me know when you have it pulled up  
14 because it's a larger document and there's only --  
15 there's specific points I want to point you to.

16 MS. OLALDE: It is pulled up.

17 Q. (By Ms. Richardson) All righty. So just take  
18 a look at the front page, and then we can go down to  
19 page 9. And let me know when you get to page 9.

20 MS. OLALDE: He might want to look at  
21 what it is --

22 MS. RICHARDSON: Sure.

23 MS. OLALDE: -- first, on the first page,  
24 the title of the document.

25 THE WITNESS: Good point.

1 Q. (By Ms. Richardson) And I'll -- while you're  
2 looking, I'll represent to you that it is Petteway  
3 plaintiffs' responses to defendants' discovery  
4 requests. And, Commissioner, when you're ready if you  
5 don't mind looking at Point B on page 9.

6 A. Point B you said?

7 Q. Yes. Where it begins, "The Honorable Derreck  
8 Rose," and you can just read that first sentence into  
9 the record for us.

10 A. Okay.

11 Q. Do you see it says here "The Honorable Derreck  
12 Rose recalls that, shortly after the November 12, 2021,  
13 hearing, he made phone calls to Commissioners Apffel  
14 and Giusti to express his disappointment"? Does  
15 that -- does that statement refresh your memory about a  
16 conversation you had with Constable Rose?

17 A. It -- vaguely, yes. I think I did speak with  
18 Derreck.

19 Q. Do you remember what -- when you spoke with  
20 Constable Rose?

21 A. I really don't, no.

22 Q. Okay. It says here shortly after the hearing.  
23 Does that sound correct to you?

24 A. It does.

25 Q. Do you remember what you talked about with

1 Constable Rose?

2 A. I think he just expressed his disappointment  
3 in I think the way the room was set up and the fact  
4 that it was done in the small room -- a smaller room at  
5 Calder annex.

6 Q. Okay. Do you recall if he -- what your  
7 response to that conversation was?

8 A. I don't recall.

9 Q. Did you express agreement with his complaints  
10 or sympathy with his complaints, for example?

11 A. I think I just more listened to him and heard  
12 his complaints, and I did sympathize with it because  
13 the room was small.

14 Q. Do you recall hearing other complaints about  
15 the room setup on November 12th after the hearing?

16 A. I don't really recall after the hearing, but  
17 during the hearing itself there was rumblings in the --  
18 in the audience there about the room itself and the  
19 size and all that.

20 Q. Okay. Do you remember now hearing from other  
21 constituents about the complaints about the  
22 November 12th hearing?

23 A. I'm sorry. Please ask that again.

24 Q. Sorry. Can you hear me better?

25 A. Yes.

1 Q. Do you recall hearing from other Galveston  
2 residents, aside from your conversation with Constable  
3 Rose, about the November 12th hearing, any complaints  
4 about that hearing -- the hearing?

5 A. No, not so much after the hearing really.  
6 That's, you know -- I guess it was -- I guess a lot of  
7 people didn't figure why complain at that point because  
8 it was already done, so I don't remember hearing from  
9 anyone about it.

10 Q. Okay. I would like to move back in time a  
11 little bit, if you'll indulge me, to your first  
12 campaign for county commission. Is that -- am I  
13 correct you first ran in 2010? Is that --

14 A. Yes.

15 Q. That's correct? Who did you run again in --  
16 against in 2010?

17 A. It was the primary election that I ran against  
18 Kevin O'Brien.

19 Q. And did Kevin O'Brien win that primary or you?

20 A. He did.

21 Q. Okay. And then you -- you ran for reelection  
22 in 2014; is that correct? Or not reelection. You  
23 reran, rather, in 2014, correct?

24 A. Correct.

25 Q. Why did you decide to run again?

1 A. I guess just because I thought that I could do  
2 the job and I could do it well.

3 Q. Did you win that 2014 --

4 A. I did.

5 Q. -- primary?

6 A. I did.

7 Q. Okay. Did you have the support of any of the  
8 commissioners during your 2014 campaign?

9 A. No.

10 Q. Did you have the support of Judge Henry?

11 A. No.

12 Q. Okay. I'm going to mark another exhibit,  
13 Exhibit 17, and I'll let you know when it's ready.  
14 Okay. You should -- you can -- you should be able to  
15 look at it now. And if you don't mind letting me know  
16 when it's pulled up since I can't see anything from  
17 here.

18 MS. OLALDE: Sure. It is pulled up.

19 THE WITNESS: Yep.

20 Q. (By Ms. Richardson) Okay. This is an article  
21 from the Galveston Daily News titled Giusti Accused of  
22 Earning County Pay on Private Job. Do you -- do you  
23 recognize this article?

24 A. I do.

25 Q. Do you recognize it from May 2014?

1 A. I do.

2 Q. Okay. I'm going to ask you to scroll down to  
3 the fourth page. And before I ask you about the --  
4 I'll back up for a second.

5 Can you describe the issue raised in this  
6 article?

7 A. The -- basically the article was about me  
8 campaigning while on duty, I guess.

9 Q. During your time as a deputy constable?

10 A. Yes.

11 Q. Okay. And this was during the campaign in  
12 2014 for your election to the county commissioners  
13 court?

14 A. Correct.

15 Q. Okay. And on page 4 it says -- this is a  
16 quote from your attorney at the time? Is that correct?  
17 Criss?

18 A. Correct.

19 Q. And it says "'This is Ken Clark's method of  
20 operation,' Criss said." Susan Criss, for the record,  
21 correct? Did you believe at the time that this was a  
22 story planted by Ken Clark during your campaign?

23 A. Between him and Commissioner O'Brien, yes.

24 Q. Okay. What made you believe that?

25 A. His, as was said by Susan Criss, kind of

1 method of operation.

2 Q. Can you describe what method of operation  
3 means or your understanding of method of operation?

4 A. Kind of the way he does business.

5 Q. You're referring -- "he" refers to Ken Clark?

6 A. Yes.

7 Q. Could you describe what you mean by "the way  
8 he does business" or -- yeah, did business?

9 A. Plays a lot of politics. Played a lot of  
10 politics. I'm sorry. He is deceased, unfortunately.

11 Q. Uh-huh.

12 A. He had the reputation of doing what it takes  
13 to win, and him supporting my opponent went along with  
14 this.

15 Q. Thank you for that clarification. And so you  
16 ran for reelection in 2018; is that correct?

17 A. Correct.

18 Q. Okay. Did you have a primary opponent in 2018  
19 as well?

20 A. Yes.

21 Q. That was also Kevin O'Brien. Am I correct?

22 A. Kevin O'Brien, yes.

23 Q. Okay. I'm sorry. Were you saying something?

24 A. I said Kevin O'Brien came back again.

25 Q. Okay. Okay. I actually think I might have

1 accidentally reintroduced the same, so we'll skip  
2 Exhibit 18, but I am going to introduce now Exhibit 19.  
3 Exhibit 18 is the same article from Exhibit 17. My  
4 apologies for that confusion. So just go to  
5 Exhibit 19, and let me know when it's pulled up.

6 MS. OLALDE: It's pulled up.

7 THE WITNESS: It is.

8 Q. (By Ms. Richardson) Thanks so much. It  
9 says -- this is another Galveston Daily News article  
10 titled With History of Close Races, Giusti, O'Brien  
11 Square Off Again. Do you recognize this article?

12 A. I do.

13 Q. It says from January 29th of 2018, correct?

14 A. Yes.

15 Q. This article occurred during your 2018 primary  
16 campaign?

17 A. Yes.

18 Q. Okay. Did you have the support of the  
19 commissioners during the 2018 campaign?

20 A. Not really.

21 Q. Including Judge Henry?

22 A. I didn't really have any support.

23 Q. Okay. Can you go to page 3?

24 A. Okay.

25 Q. On page 3 there is a discussion here about

1       them -- you, Commissioner Apffel, and Commissioner  
2       Holmes voting against a resolution to demand a  
3       \$1.2 million -- \$1.2 million in attorneys' fees from  
4       former District Court Judge Lonnie Cox. Does that  
5       sound right to you?

6           A.     Yes.

7           Q.     Can you explain the resolution and why Judge  
8       Henry was seeking attorneys' fees from District Judge  
9       Lonnie Cox?

10          A.     Well, the suit was basically -- the original  
11       suit was between Judge Cox and Judge Henry, and Judge  
12       Henry wanted the county to be reimbursed for legal fees  
13       on it, and that's what the resolution was about, and  
14       voted against it.

15          Q.     Why did you vote against it?

16          A.     I guess partly the main reason I voted against  
17       it was I never believed the suit should have -- it was  
18       never necessary to begin with. If they both would have  
19       sat down early on and just discussed their differences  
20       on the issue that caused it, they could have resolved  
21       it.

22          Q.     Did Mark Henry support your 2018 campaign for  
23       commissioners court?

24          A.     No.

25          Q.     Did your vote against Mark Henry on this issue

1 affect his support for your campaign in 2018?

2 MS. OLALDE: Objection; calls for  
3 speculation.

4 Q. (By Ms. Richardson) You can speak to your  
5 personal knowledge or belief.

6 A. I don't think so.

7 Q. Why didn't Mark Henry, in your opinion,  
8 support your campaign in 2018?

9 A. I don't know.

10 Q. We'll change the subject, and I'm going to  
11 take you a little bit back in time again.

12 Commissioner, are you aware of the  
13 county's -- are you generally aware of the county's  
14 history of Voting Rights Act lawsuits in the last two  
15 redistricting cycles?

16 A. Not really.

17 Q. Okay. Are you -- are you aware of the 2011  
18 lawsuit against the county regarding the commissioners  
19 court precincts?

20 A. Yes.

21 Q. What do you know about that suit?

22 A. I know the county redistrict. When they  
23 redistrict, they cut from eight down to four and  
24 totally changed that map around quite a bit, and that's  
25 about the extent of my knowledge on it.

1 Q. You're referring to the JP and constables  
2 precincts?

3 A. That's correct.

4 Q. Okay. And you said you are generally aware of  
5 the JP constable precincts lawsuit?

6 A. Say again.

7 Q. Are you aware -- generally aware of the JP and  
8 constables precinct lawsuit?

9 A. Yes.

10 Q. And you -- am I correct you were a deputy  
11 constable at the time of that lawsuit? Am I correct?

12 A. That's correct.

13 Q. What were your thoughts about the lawsuit at  
14 the time it was filed?

15 A. I didn't really give it a whole lot of thought  
16 because I knew the direction -- or at least I felt I  
17 knew the direction that the county was trying to go by  
18 reducing numbers. I never actually agreed with that,  
19 about reducing the numbers, but I knew why they were  
20 doing it, to save money.

21 Q. Why -- why didn't you agree with reducing the  
22 number of JP and constable precincts?

23 A. Well, my law enforcement background, I don't  
24 think you should ever reduce law enforcement.

25 Q. I'm going to introduce Exhibit 20, and it's

1 already up, so just let me know when you pull it up,  
2 and then we can go through it together.

3 A. Okay. It's pulled up.

4 Q. Okay. I'll represent to you this is a 1992  
5 consent decree between the Department of Justice and  
6 Galveston County. Can you -- can you read that first  
7 sentence under the introduction, just the first  
8 sentence?

9 A. "This voting rights case was filed on  
10 January 10, 1992, alleging that the implementation of  
11 elections for the unprecleared voting changes for  
12 justice of the peace and constable, JP/constable,  
13 precincts was in violation of Section 5 of the Voting  
14 Rights Act, amendments to the United States  
15 Constitution and Section 2 of the Voting Rights Act."

16 Q. Okay. Are you aware that in 1992 the county  
17 entered into a consent decree with the Department of  
18 Justice to establish JP and constable districts that  
19 complied with the Voting Rights Act?

20 A. I'm not aware of it.

21 Q. Okay. Are you aware about -- of the court  
22 order that established the precincts for the county  
23 commissioners' districts after the 2011 redistricting  
24 process?

25 A. I wasn't aware of it.

1 Q. Okay. Were you aware -- so it's safe to say  
2 you were not aware of the prior court orders with  
3 respect to the Voting Rights Act against the county  
4 during the 2021 redistricting cycle?

5 A. I wasn't aware of it.

6 Q. Is it also safe to say that those prior court  
7 orders were not considered when redistricting in 2021?

8 MS. OLALDE: Objection; calls for  
9 speculation.

10 Q. (By Ms. Richardson) You can answer.

11 A. I don't know.

12 Q. And just a couple more questions. We can take  
13 down that exhibit.

14 Do you know who Wayne Johnson was?

15 A. I do.

16 Q. Who was Wayne Johnson?

17 A. Wayne Johnson was the commissioner before  
18 Commissioner Holmes, and he was also a assistant  
19 district attorney in Galveston County.

20 Q. What district did Wayne Johnson represent?

21 A. Precinct 3.

22 Q. Okay. Are you aware that Wayne Johnson  
23 represented -- has represented -- represented Precinct  
24 3 when it first became a majority-minority precinct?

25 A. I wasn't aware that he was the first

1 representative of that precinct, not aware of when the  
2 changes occurred.

3 Q. Okay. Are you aware that since Wayne Johnson  
4 has -- since from Wayne Johnson -- strike that. I'll  
5 rephrase. It's been a long day.

6 Were you aware that from Wayne Johnson's  
7 first election until the redistricting -- until Steve  
8 Holmes' election there have only been African-American  
9 representatives of that precinct?

10 A. Yes. Just the two of them.

11 MS. RICHARDSON: I think I have no more  
12 further questions, but if you don't mind if we can go  
13 off the record and take a quick five-minute break.

14 THE VIDEOGRAPHER: Off the record, 4:06.

15 (Recess from 4:06 to 4:20)

16 THE VIDEOGRAPHER: Back on the record.

17 Time is 4:20.

18 Q. (By Ms. Richardson) Commissioner Giusti, just  
19 a little while ago we discussed the history of Wayne  
20 Johnson and Stephen Holmes representing Precinct 3. Do  
21 you recall that conversation?

22 A. I do.

23 Q. Okay. Under the new map Precinct 3 no  
24 longer -- is no longer drawn the way it was drawn when  
25 Wayne Johnson and Stephen -- and now Stephen Holmes as

1 they have represented it; is that correct?

2 A. That is correct.

3 Q. Are you concerned at all about losing  
4 Precinct 3 as a district that has historically been  
5 represented by black commissioners?

6 A. No, I'm not really that concerned about it,  
7 and the reason I'm not is because I really feel I know  
8 anything that I picked up personally I will represent  
9 them to the best of my ability and do, I think, a great  
10 job for them. I've always gotten along well with  
11 people and I continue -- want to continue to do that.  
12 Now, do people feel differently? Will they need to get  
13 to know me? Absolutely. Will they need to get to know  
14 Commissioner Apffel that picked up a lot and  
15 Commissioner Armstrong that picked up a lot in that  
16 area? Yes.

17 As far as Commissioner Holmes in the new  
18 precinct -- and I know this isn't part of your  
19 question, but I think he is very electable in the new  
20 precinct.

21 Q. What do you form that opinion on?

22 A. On -- on Commissioner Holmes himself, the fact  
23 that he's been around for a long time, the fact that he  
24 is a fiscal conservative, and without straight ticket  
25 voting in Texas anymore, I think he can attract a lot

1 of voters that will just vote for him.

2 Q. In your opinion, are there racial tensions in  
3 Galveston County?

4 A. I think there's racial tensions in the entire  
5 country.

6 Q. Including Galveston County?

7 A. Yes.

8 Q. Have you ever experienced racial tensions in  
9 Galveston County?

10 A. Can you give me an example, please?

11 Q. Absolutely. Have you ever witnessed or read  
12 about in the news or otherwise heard of a racial  
13 conflict --

14 MS. OLALDE: Objection.

15 Q. (By Ms. Richardson) -- that occurred in  
16 Galveston County?

17 MS. OLALDE: Sorry.

18 Objection; vague as to time and scope,  
19 overbroad.

20 Q. (By Ms. Richardson) And we can start time --  
21 with the time period we can start in the last five  
22 years.

23 A. I probably have heard of a few things, yes.

24 Q. Can you recall any incidents?

25 A. Not specifically, no.

1 Q. From your past work as a deputy constable, did  
2 you experience any racial incidents?

3 A. Not as a constable, no.

4 Q. During your work as a police officer?

5 A. During the years as a police officer, yes, I  
6 would say I probably did.

7 Q. Can you recall any examples?

8 A. There again, nothing real specific. Just kind  
9 of a -- it would have been way, way long ago because  
10 near the end of my career, for several years I was in  
11 community service, and things at that point -- when I  
12 experienced racial tensions at that point, it was  
13 trying to diffuse the racial tensions.

14 Q. Were there many instance where you were trying  
15 to diffuse racial tensions?

16 A. It wasn't many. It was a few. For the most  
17 part Galveston PD got along real well with the  
18 community, and Galveston has always been a very diverse  
19 community.

20 Q. Have any of your constituents ever expressed  
21 concerns about racism?

22 A. No.

23 Q. Have you ever asked your constituents about  
24 concerns they might have about racism?

25 A. No. I mean, let me clarify. Other than some

1 of the emails we were receiving on the redistricting,  
2 which was talking about racism and things. Other than  
3 that, no.

4 Q. All righty.

5 MS. RICHARDSON: I will pass the witness,  
6 but before I do I would also -- Petteway plaintiffs  
7 would also reserve the right to reopen this deposition  
8 based on the resolution of the issue with respect to  
9 Dale Oldham and reserve our objection to defendants'  
10 claim of attorney-client privilege as Dale Oldham was a  
11 map consultant and not an attorney on this case.

12 But at this point I have no further  
13 questions.

14 THE WITNESS: Thank you.

15 EXAMINATION

16 QUESTIONS BY MR. SILBERSTEIN:

17 Q. All right. Mr. Giusti, thanks so much for  
18 your time today. I'm Andrew Silberstein with NAACP. I  
19 just have some more questions for you. Hopefully this  
20 won't last too long. So just a couple intro questions  
21 we always cover.

22 Did you -- did you meet with anyone to  
23 prepare for this deposition?

24 A. Yes.

25 Q. Who did you meet with?

1 A. I met with Ms. Angie and Shawn.

2 Q. Is that Shawn Sheehy?

3 A. Yeah, Sheehy. Sheehy, Sheehy.

4 Q. And where did you all meet?

5 A. At the -- Greer's offices in League City.

6 Q. When, approximately, have you -- have you met  
7 with them?

8 A. Twice. Once yesterday and once December,  
9 early December.

10 Q. And how long were those meetings,  
11 approximately?

12 A. First meeting maybe an hour, yesterday maybe  
13 three.

14 Q. And what was your purpose in meeting with  
15 them? To prepare for the deposition?

16 A. Absolutely. Prepare for the deposition.

17 Q. Did you review any documents --

18 A. Yes.

19 Q. -- at those meetings? What kind of documents?

20 A. Some of the same -- a couple of the same  
21 things we went through today, emails, memos, things.

22 Q. Did you read the complaint in the matter?

23 A. Yes.

24 Q. And the interrogatories? Did you read those?

25 A. Yes, I believe so. Yes.

1 Q. And how did you review them?

2 A. Paper, read them.

3 Q. Did you take notes or anything on them?

4 A. No.

5 Q. Did any of them help to refresh your memory of  
6 events?

7 MS. OLALDE: Objection; vague as to  
8 "them."

9 Q. (By Mr. Silberstein) I'll rephrase. Did any  
10 of the documents you reviewed help to refresh your  
11 recollection of the events leading up to the 2021  
12 redistricting?

13 A. Yes.

14 Q. How else did you prepare for the deposition  
15 today?

16 A. That was it, really.

17 Q. Just the two meetings --

18 A. Yes.

19 Q. -- with your attorneys. Okay. Thank you. So  
20 I just want to move on to the 2021 maps that were  
21 enacted. You said earlier that you wanted a map with  
22 more detail than the one you saw in your October 19th  
23 Zoom meeting with the other commissioners --

24 A. Yes.

25 Q. -- so that you could see street names?

1 Remember that?

2 A. Correct.

3 Q. Why did you want to look at the map in more  
4 detail?

5 A. I guess to see where the lines actually were.

6 Q. What were you looking for in the specific  
7 street names? Just the boundary lines?

8 A. Yeah, the boundaries.

9 Q. Did you want to change something in particular  
10 about the lines?

11 A. No, sir.

12 Q. And did you only see a map on the Zoom, or did  
13 you receive any physical copies?

14 A. I received physical copies when I went to  
15 Nathan Sigler after the maps were out on online.

16 Q. And when was that?

17 A. October -- I don't know the exact day I went  
18 to him, but it was after October 29th or whenever it  
19 was.

20 Q. When you reviewed the maps via Zoom, did you  
21 save any screenshots, anything like that?

22 A. No.

23 Q. Didn't take any pictures?

24 A. No, sir.

25 Q. Did you have any notes from the meeting?

1 A. No.

2 Q. Did you ever share any ideas or opinions about  
3 the maps to Commissioner Holmes in 2021?

4 MS. OLALDE: Objection. And I will  
5 instruct the witness not to answer with respect to any  
6 kind of attorney-client privileged conversations or  
7 attorney work product that was discussed during a  
8 meeting with Mr. Oldham.

9 Otherwise you can answer.

10 THE WITNESS: With Commissioner Holmes,  
11 not that I recall.

12 Q. (By Mr. Silberstein) Earlier you said that  
13 when a community member submitted a redistricting plan,  
14 you said there's really not a written procedure if  
15 someone emailed the redistricting proposal to the  
16 judge's office. Is that true?

17 A. I think so, yes.

18 Q. But if you distributed -- if Holmes  
19 distributed the maps to the rest of the commissioners,  
20 at some point you knew the question would come in  
21 and -- sorry. Let me rephrase.

22 If Judge Henry distributed the maps to  
23 the rest of the commissioners -- and I'm just quoting  
24 him -- "At some point, you know, the questions would  
25 come in are we discussing this and now do we have more

1 than three people involved in the discussion where we  
2 are violating as it not being an open meeting." Did  
3 you mean when you said that that you were aware that if  
4 the judge circulates official documents to the  
5 commissioners for discussion that that could constitute  
6 an open meeting?

7 MS. OLALDE: Objection; vague and unclear  
8 and compound, and I'm not sure where that quote is  
9 from.

10 But to the extent you understand you can  
11 answer.

12 THE WITNESS: Yes, but I didn't really  
13 understand the question either.

14 Q. (By Ms. Richardson) Okay. I'll rephrase it.  
15 I'm just quoting what you said earlier today in the --  
16 in the deposition. Earlier in the deposition today --  
17 I'll read it again -- you said, about Judge Henry  
18 distributing the maps, "At some point, you know, the  
19 question would come in are we discussing this and now  
20 do we have more than three people involved in the  
21 discussion of where we're violating as it not being an  
22 open meeting." Do you remember that?

23 A. I vaguely remember it. Exact context of the  
24 original question of that I don't recall.

25 Q. And just to be clear, did you mean that you're

1 aware that if the judge circulates official documents  
2 to all the commissioners for discussion that that could  
3 constitute an open meeting?

4 A. If -- it wouldn't constitute an open meeting.  
5 It would constitute a violation of the open meeting if  
6 we're discussing it without a posted meeting.

7 Q. Did you -- so the commissioners court decided  
8 in 2020 not to remove the confederate monument in front  
9 of the Galveston County Courthouse. Do you remember  
10 that?

11 A. Yes.

12 Q. There were many attempts by black --  
13 African-American residents and Commissioner Holmes to  
14 have it removed, right?

15 A. Yes.

16 Q. Do you remember that as well?

17 A. Yes.

18 Q. Why didn't you support the removal?

19 A. Personally I don't believe in removing  
20 anything that represents history, and so I was -- I was  
21 against all the statues that were coming down across  
22 the country.

23 Q. Why do you -- could you elaborate on why you  
24 were -- why you opposed taking down statues?

25 A. I think we learn from our history.

1 Q. What kind of things do you think we have  
2 learned from the confederate statue?

3 A. I think we learned from the history of that  
4 that it's something we never want to repeat, and if you  
5 forget your history, you'll repeat it.

6 Q. Sitting here right now can you think of any  
7 reason that African-American constituents would want to  
8 remove the statue honoring confederate soldiers?

9 A. I can see where it would be offensive to some  
10 people. I think the most offensive thing about that  
11 statue, though, was the plaque that was on it, and I  
12 instructed our facilities director to remove that  
13 plaque, which he did.

14 Q. Could you describe the plaque?

15 A. It -- it was basically honoring the good  
16 fight, da, da, da, da, da. The most offensive thing  
17 about it to me was the fact that on the plaque it said  
18 fighting for a worthy cause.

19 Q. So are you solely responsible for the removal  
20 the plaque?

21 A. It was kind of mentioned by someone at some  
22 point. I don't remember who. But I'm the one that  
23 went to facilities and said, "Take it down."

24 Q. I'm just going to shift gears to the next  
25 topic. I just want to talk about your membership with

1 the Oath Keepers.

2 So you said you were a member of the Oath  
3 Keepers for how long?

4 A. A few months.

5 Q. And what are the Oath Keepers? How would you  
6 describe them?

7 A. I would describe them differently now than  
8 when I was joining. Now I would describe them as, I  
9 guess, kind of an insurgent organization of a bunch of  
10 crazy folk, if I can use that term.

11 Q. Well, what about -- what about them is crazy?

12 A. I think just their -- their views on wanting  
13 to overthrow the government and things it seems like is  
14 the way they've gone, and they've become racist and  
15 just -- you know, when you're attacking people, it's  
16 just not right, plain and simple.

17 MR. SILBERSTEIN: I want to introduce  
18 Tab 4, Exhibit 21. We don't have any paper copies.

19 THE WITNESS: Come on, now.

20 MR. SILBERSTEIN: Sorry about that.

21 THE WITNESS: Okay.

22 Q. (By Mr. Silberstein) Take a minute to review  
23 that.

24 A. Okay.

25 MS. OLALDE: Counsel, what's the date of

1 the article?

2 MR. SILBERSTEIN: July 14, 2022.

3 MS. OLALDE: Thank you. Do you want him  
4 to read the whole article or just --

5 MR. SILBERSTEIN: Yeah.

6 Q. (By Mr. Silberstein) Have you had a chance to  
7 review?

8 A. Not totally.

9 MS. OLALDE: It's several pages, so it  
10 would take some time, but it's whatever you guys want  
11 to do.

12 MR. SILBERSTEIN: I think if -- you know,  
13 if you let him have a chance.

14 Q. (By Mr. Silberstein) I just want to ask what  
15 would you say the Oath Keepers principles are  
16 generally.

17 A. Honestly I don't know at this point. Yeah, I  
18 don't know at this point.

19 Q. When you say "at this point," at -- at the  
20 point when you joined, what would you have said they  
21 were?

22 A. A group that was there to remind people to  
23 uphold the oath of office that they took, be it  
24 military, be it law enforcement, or whatever the case  
25 was.

1 Q. I would just like to introduce Tab 5,  
2 Exhibit 22.

3 A. Okay.

4 Q. Just take a moment to review.

5 MS. OLALDE: Counsel, is this --

6 Q. (By Mr. Silberstein) Could you scroll down to  
7 page 4?

8 MS. OLALDE: Counsel, what's the date of  
9 this article? Or is this an article or --

10 MR. SILBERSTEIN: This is the -- this is  
11 the -- on page 4 is the Oath Keepers' pledge.

12 Q. (By Mr. Silberstein) Do you -- do you  
13 recognize this?

14 A. I'm not there yet, still scrolling.

15 MR. SILBERSTEIN: And, Counsel, it's a  
16 report by the nonprofit organization the  
17 Anti-Defamation League.

18 MS. OLALDE: Do you know the date of it?

19 MR. SILBERSTEIN: 2015. I don't have the  
20 exact date.

21 MS. OLALDE: Thank you.

22 Q. (By Mr. Silberstein) Mr. Giusti --  
23 Mr. Giusti, earlier in your testimony you said that you  
24 were part of the Oath Keepers in 2015?

25 A. '14, '15, somewheres in there. I'm not sure

1 of exact dates, but early on.

2 Q. So did you take this -- this pledge --

3 A. No.

4 Q. -- when you joined?

5 A. No.

6 Q. Do you agree with these principles?

7 MS. OLALDE: Which principles? Just to  
8 be clear for the record.

9 MR. SILBERSTEIN: The principles laid out  
10 on page 4 of the Oath Keepers -- the orders the Oath  
11 Keepers refuse under the Oath Keepers' pledge.

12 MS. OLALDE: Numbers one through ten?

13 MR. SILBERSTEIN: One through ten.

14 THE WITNESS: No, but they sound pretty  
15 farfetched.

16 Q. (By Mr. Silberstein) So none of these  
17 scenarios seem very likely to you?

18 A. No.

19 Q. If not this pledge, what kind of pledge did  
20 you have to make when you joined the Oath Keepers?

21 MS. OLALDE: Objection; asked and  
22 answered.

23 THE WITNESS: I don't recall a specific  
24 pledge to the Oath Keepers. My pledge was to the  
25 constitution of the United States and the state -- you

1 know, the pledges we take as police officers and as  
2 commissioners, for that matter.

3 Q. (By Mr. Silberstein) As a member of the Oath  
4 Keepers, what sort of activities did you engage in, if  
5 any?

6 A. I read a few blogs or posts or whatever they  
7 were at the time, might have been before they invented  
8 the word "blog."

9 Q. And I would like to introduce Tab 6,  
10 Exhibit 23.

11 A. I have it up.

12 Q. This is an ABC13 article dated September 8,  
13 2022, addressing your participation in the Oath  
14 Keepers. Is that -- is that accurate?

15 A. Yes, sir.

16 Q. Here you explain that you joined the Oath  
17 Keepers because, quote, it made sense to uphold the  
18 constitution, end quote. Do you remember --

19 A. Yes, sir.

20 Q. -- this interview?

21 A. Uh-huh.

22 Q. Do you recall having said that?

23 A. I do.

24 Q. What does that mean to you, upholding the  
25 constitution?

1           A.    The constitution of the United States and the  
2    State of Texas, the laws that we live under.

3           Q.    Could you describe some kind of activities you  
4    might do to uphold the constitution or --

5           A.    Pretty much just doing my job that I swore to  
6    do.

7           Q.    Are you aware whether the constitution  
8    prohibits discrimination on the basis of race or  
9    national origin?

10          A.    Yes.

11                   MS. OLALDE:  Objection; argumentative.

12                   Give me a chance to object.

13          Q.    (By Mr. Silberstein)  Are you aware whether  
14    the constitution -- are you aware whether the  
15    constitution prohibits discrimination on the basis of  
16    race or national origin?

17                   MS. OLALDE:  Objection; argumentative.

18          Q.    (By Mr. Silberstein)  You may answer.

19          A.    Yes.

20          Q.    Do you know who Stewart Rhodes is?

21          A.    From the articles.

22          Q.    Are you equally determined to uphold all  
23    sections of the constitution?

24          A.    Yes.

25          Q.    Have you joined any other groups or made any

1 other oaths that focus on enforcing the constitution's  
2 prohibit -- prohibition against racial discrimination?

3 MS. OLALDE: Objection; vague, unclear.

4 You can answer to the extent you  
5 understand it.

6 THE WITNESS: Not that I recall.

7 Q. (By Mr. Silberstein) Are you aware whether  
8 Section 2 of the Voting Rights Act also prohibits  
9 discrimination on the basis of race?

10 MS. OLALDE: Objection; argumentative,  
11 calls for a legal conclusion.

12 You can answer.

13 THE WITNESS: Yes.

14 Q. (By Mr. Silberstein) Mr. Giusti, do you  
15 understand what racially polarized voting is?

16 A. Not really. I should say no. I mean no.

17 Q. Okay. So you don't understand it.

18 A. No.

19 Q. Did you ever see a racially polarized voting  
20 analysis?

21 A. No, sir.

22 Q. You've never seen one in your position as  
23 commissioner or of anything representing the county?

24 MS. OLALDE: Objection; unclear, vague,  
25 and he already testified that he doesn't understand

1 what that is.

2 But you can answer to the extent that you  
3 understand.

4 THE WITNESS: Not that I'm aware of.

5 Q. (By Mr. Silberstein) And has anyone ever  
6 discussed before me right now racially polarized voting  
7 with you?

8 A. No, sir.

9 Q. Do you understand that when there is racially  
10 polarized voting, the county may have an obligation to  
11 draw a district where racial minorities can elect a  
12 candidate of their choice?

13 MS. OLALDE: Objection; compound,  
14 unclear, asks for a legal conclusion, and he's already  
15 testified that he doesn't understand what racially  
16 polarized voting is.

17 But you can answer to the extent that you  
18 understand.

19 THE WITNESS: Yeah, don't know.

20 Q. (By Mr. Silberstein) Do you and your fellow  
21 commissioners usually discuss an issue or educate  
22 yourselves fully on an issue before making a decision?

23 MS. OLALDE: Objection; calls for  
24 speculation to the extent he's asking about anybody  
25 other than yourself.

1                   You can answer as to your own personal  
2 knowledge.

3                   THE WITNESS: To my knowledge, we do some  
4 research. We don't really discuss things because of  
5 the regulations, the laws that -- you know, we can  
6 discuss maybe to one other commissioner, but past that  
7 we really can't.

8           Q.    (By Mr. Silberstein) What kind of regulations  
9 and laws are you referring to?

10           A.   Basically to having three of us or more  
11 discussing an issue would be a quorum.

12           Q.   Do you find meeting with your fellow  
13 commissioners helpful in making decisions related to  
14 the commissioners court?

15           A.   Yes.

16           Q.   Do you find discussion and education amongst  
17 fellow commissioners generally leads to better results?

18           A.   Yes.

19           Q.   Do you find that input from your constituents  
20 helps -- helps you as a commissioner?

21           A.   Yes.

22           Q.   Do you find that input from the public leads  
23 to better results for the commissioners court?

24           A.   Yes.

25           Q.   Earlier you said you reviewed some of the

1 public comments submitted on the county website  
2 regarding 2021 redistricting; is that right?

3 A. That's correct.

4 Q. How did you review them? In what format?

5 A. Email. I'm sorry. On the county -- it was on  
6 the county website on my computer at work.

7 Q. And could you describe some of the comments --  
8 public comments you received?

9 A. Similar to the ones that were read in the  
10 exhibits earlier. They were pretty much similar to  
11 that as far as, "We don't want this to happen. We  
12 don't want change." Some of them that were on there  
13 were, "I prefer Map 1. I prefer Map 2." The gist of  
14 it.

15 Q. How did you select which ones to review?

16 A. Which emails to review?

17 Q. Yeah.

18 A. Like I mentioned earlier, I went in fairly  
19 early in the process and read a few because that's all  
20 that was there fairly early.

21 Q. Did you directly receive any of these public  
22 comments?

23 A. I received emails.

24 Q. So these are separate from the public comments  
25 on --

1 A. Separate, correct.

2 Q. -- the county website?

3 A. Correct.

4 Q. Commissioner Apffel mentioned that Judge  
5 Henry's office printed some copies of the public  
6 comments. Did you ever get any of those physical  
7 copies?

8 A. Gosh, I don't recall.

9 Q. And did each commissioner have access to go  
10 directly and view the public comments themselves?

11 A. I believe --

12 MS. OLALDE: Objection; calls for  
13 speculation.

14 Q. (By Mr. Silberstein) To the best of your  
15 knowledge, did each commissioner have that access?

16 A. I believe so.

17 Q. How many of the public comments would you say  
18 you reviewed?

19 MS. OLALDE: Objection; asked and  
20 answered.

21 THE WITNESS: I'd say 15 or so.

22 Q. (By Mr. Silberstein) Is there a reason you  
23 didn't review all of them?

24 MS. OLALDE: Objection; asked and  
25 answered.

1 THE WITNESS: Mainly what was there when

2 I was looking.

3 Q. (By Mr. Silberstein) Why -- why didn't you  
4 ever go back to the public comment page to look again  
5 and maybe see if there were more public comments  
6 posted?

7 A. I think it was probably a time issue, if you  
8 would, more than anything. I got the gist of what the  
9 comments were and what they were going to be, and that  
10 gave me a pretty good understanding of what the public  
11 was saying about it.

12 Q. Could you describe that gist a little bit in  
13 your own words?

14 A. Like I said earlier, some were for, some were  
15 against different maps. I wouldn't say the majority,  
16 but a good number were against either map.

17 Q. Did you respond to any of these comments?

18 A. Did not.

19 Q. Why did you never respond?

20 A. I didn't want to get into a match with anyone,  
21 if you would.

22 Q. To your knowledge, were any of the other  
23 commissioners responsive to public comments?

24 A. Not to my knowledge.

25 Q. Wasn't the idea kind of behind these public

1 | comments that they should be considered just as

2 | comments at a public hearing might be?

3 | A. I would think.

4 | Q. That is each commissioner would -- as in a

5 | public hearing, they would hear their comments, each

6 | commissioner would read the comments, and comment

7 | possibly on the comments?

8 | MS. OLALDE: Objection; calls for

9 | speculation.

10 | THE WITNESS: Normally in a public

11 | hearing we do not respond to comments that are coming

12 | in to us.

13 | Q. (By Mr. Silberstein) But you do hear all of

14 | those comments.

15 | A. We hear.

16 | Q. Who tracked these public comments? Who told

17 | you how many there were for or against a current map?

18 | A. I don't recall that.

19 | Q. And you said in a special meeting or other

20 | public meeting the public is able to make comments,

21 | correct?

22 | A. Yes.

23 | Q. And you would listen to all those public

24 | comments given during a commissioners court meeting.

25 | A. Yes.

1 Q. So it's a bit different to receive public  
2 comments via an online Web portal than, say, in a live  
3 public session in commissioners court?

4 A. Yes. I would say it was for me.

5 Q. Would you say that, you know, that's amplified  
6 by not -- not having read all of the comments in their  
7 entirety?

8 A. For me I would say that's because when you're  
9 reading something you're not getting the feeling, any  
10 emotion of the speaker.

11 Q. So feeling an emotion I think -- you know,  
12 there was probably a lot of feeling and emotion at the  
13 November special session?

14 A. Yes.

15 Q. Is that right? When you were gearing up to go  
16 to the meeting and when you got there and saw  
17 everybody, did you expect to see so many people at the  
18 meeting?

19 A. I expected -- I didn't know how many, of  
20 course, but I did expect a fairly large crowd.

21 Q. What was your initial reaction to seeing so  
22 many people at the meeting?

23 A. That it was a good thing that the public was  
24 involved in one of our meetings to that extent.

25 Q. How about when you saw that they were kind of

1 | trailing out into the hallway and couldn't quite fit  
2 | into the main room?

3 | A. I was at that point wishing we had a larger  
4 | room.

5 | Q. Do you recall any of the testimony that people  
6 | made during that time, any testimony by any of your  
7 | specific constituents, anyone you knew personally?

8 | A. Not really what was said. I don't really  
9 | recall exactly what was said. I do remember there were  
10 | a couple of people that were very animated, if you  
11 | would. There were some very good speakers that came to  
12 | the microphone and made their points, if you would. I  
13 | think I might have known one person in the crowd, maybe  
14 | two, that were actually speaking.

15 | Q. Could you speak to anything specifically that  
16 | was said?

17 | A. I don't recall.

18 | Q. And earlier I think you said that nearly every  
19 | single person -- I think you said everybody other than  
20 | one or two speakers supported -- did not support either  
21 | of the maps and that only one or two people supported  
22 | Map 2; is that correct?

23 | A. Correct.

24 | Q. Did any of the people testifying describe  
25 | their communities of interest and how Commissioner

1 Holmes had represented those communities?

2 A. I believe they did.

3 Q. Do you remember any specific things that

4 people said about Commissioner Holmes?

5 A. Like I mentioned earlier, they love the guy.

6 Q. Anything specific they said about their

7 communities, how they would be represented without him?

8 A. Yes. They did mention that they thought it

9 would not be as -- they would not be as well

10 represented with someone else.

11 Q. Do you remember any specific reasoning they

12 provided about why they wouldn't be as well

13 represented?

14 A. I don't recall.

15 Q. So I would like to introduce Tab 46,

16 Exhibit 24. It's a pretty big document. This is the

17 transcript of the hearing from November 12th.

18 A. Okay.

19 Q. If you could go to page 54.

20 A. I'm sorry. Page 54?

21 Q. Yes. Page 54. Sorry. Page 55. I'm going to

22 represent to you that this is a transcript of the

23 November 12th, 2021, special meeting in the Calder

24 annex on redistricting. Do you want to take a few

25 moments just to verify that this is an accurate

1 transcript to the best of your knowledge?

2 A. Give me a couple minutes.

3 Q. Take your time.

4 A. Okay.

5 Q. This looks -- looks good to you?

6 A. Yes, sir.

7 Q. Do you recognize -- recognize some of the  
8 things that were said?

9 A. Yes, sir.

10 Q. So could you start reading out loud from line  
11 14 on page 55 where Reverend Sykes begins to speak?

12 A. "I want to say good afternoon to all that are  
13 assembled. I left Galveston, Texas, almost 23 years  
14 ago. I know Joe really well. Me and him worked for  
15 the police department together in Galveston. Recently,  
16 come home about six months ago to only discover that  
17 the same thing was going on 23 years ago is the same  
18 thing that's going on today. Excuse me if I get  
19 emotional because it's personal to me. Not only  
20 personal, but it's personal to everybody that's  
21 present.

22 "This county has facilitated that -- has  
23 facilities that are large enough to hold a crowd that's  
24 in here and outside, and on Friday at 1:30 they want to  
25 have a meeting because they didn't think we were going

1 | to show up. But I'm here to tell you I'm back in town  
2 | as the pastor of Gethsemane Missionary Baptist Church  
3 | in Galveston. I reside in the city of Texas City, so  
4 | I'm a Galveston County boy because I graduated from  
5 | Texas City High School, born and raised in Galveston,  
6 | and I come by here today to tell you that we really  
7 | don't appreciate, but God is not slack or sleeping in  
8 | what is happening in this county. And if you don't  
9 | believe that we are God's children, keep doing what  
10 | you're doing."

11 | Q. Thank you. Is Reverend Sykes' reference to  
12 | knowing Joe, is that a reference to you?

13 | A. Yes.

14 | Q. Do you know what he's referring to when he  
15 | says the same thing that's happening now -- that that  
16 | same thing that was going on 23 years ago is the same  
17 | thing that's going on today?

18 | A. Not specifically, no.

19 | Q. Do you have any ideas what he might be  
20 | referring to as somebody you knew personally?

21 | A. No. I knew Reverend Sykes pretty well back  
22 | then. And as far as anything going on 23 years ago, I  
23 | really don't know what he would be referring to, any  
24 | specific incident or anything.

25 | Q. Would it make sense that it's the kind of

1 | redistricting lawsuits and problems that my colleague,

2 | Ms. Richardson, asked you about?

3 | MS. OLALDE: Objection; calls for

4 | speculation.

5 | THE WITNESS: It could be.

6 | Q. (By Mr. Silberstein) Now, how did you react

7 | to these comments?

8 | A. I listened intently. I understood what Timmy

9 | was saying, to the point of not really knowing what he

10 | was talking about 23 years ago, but just the fact that

11 | he's back in town and he's active, which is great, and,

12 | you know, he's a friend.

13 | Q. As your friend, how did his comments make you

14 | feel about the proceedings --

15 | A. I wish he would have called and talked to me

16 | sooner as a friend.

17 | Q. What do you think you could have told him?

18 | MS. OLALDE: Objection; calls for

19 | speculation.

20 | But you can answer to the extent you

21 | understand.

22 | THE WITNESS: My comments to him

23 | basically would have been, "Help me with a plan

24 | that" -- and I'm talking way sooner actually because at

25 | this point we're up against the timelines that we felt

1 | there was nothing we could do with.

2 | Q. (By Mr. Silberstein) What kind of plan could  
3 | he have helped you develop do you think?

4 | MS. OLALDE: Objection; calls for  
5 | speculation.

6 | THE WITNESS: Something that -- that  
7 | would have leveled our population and still possibly  
8 | kept the minority block more intact.

9 | Q. (By Mr. Silberstein) So do you think if you  
10 | had coordinated a bit more frequently with some of your  
11 | constituents it might have been possible to make that  
12 | happen?

13 | MS. OLALDE: Objection; calls for  
14 | speculation.

15 | THE WITNESS: Had we gotten more with the  
16 | public and with our demographer and everyone else,  
17 | maybe we could have talked more.

18 | Q. (By Mr. Silberstein) By talking more, what do  
19 | you think you might have accomplished?

20 | MS. OLALDE: Objection; calls for  
21 | speculation.

22 | THE WITNESS: I don't know, honestly,  
23 | because it -- when it boils down to breaking out the  
24 | population, I don't know, don't know if anything could  
25 | have really been done differently.

1 Q. (By Mr. Silberstein) You said you wished that  
2 he had reached out to you much sooner. Is that right?

3 A. Yes.

4 Q. And the special meeting, it was only announced  
5 72 hours before it happened?

6 A. That sounds about right.

7 Q. Do you recall anyone else specifically  
8 addressing you during the special meeting?

9 A. There was a lady that said she lived in my  
10 precinct, but I don't recall her name or anything else,  
11 that it kind of focused on me, I guess.

12 Q. Do you recall anything specifically that she  
13 said?

14 A. No, other than, "We're watching you and what  
15 you do," type of thing.

16 Q. Was she African-American?

17 A. I don't believe so.

18 Q. By watching you and watching what you do, what  
19 do you -- what do you mean exactly by that?

20 MS. OLALDE: Objection; calls for  
21 speculation.

22 THE WITNESS: Yeah, that -- that would be  
23 up to her what she meant by it, of course. I took it  
24 to mean like, "We're watching your vote and how you  
25 do."

1 Q. (By Mr. Silberstein) Could you go to page 64  
2 of this same exhibit? Let me know when you've gotten  
3 that.

4 A. Yeah. Give me a minute. I put some pages in  
5 backwards somehow, so -- I guess I did it. Back on  
6 track. 64.

7 Q. Are you there, page 64?

8 A. I am on 64.

9 Q. Great. So at the bottom of page 64, this  
10 is -- this is midway through a long quote from  
11 Commissioner Holmes beginning on page 62. Do you  
12 recall that -- him speaking at the -- at the special  
13 session?

14 A. I do.

15 Q. So I'm just going to read out a portion of  
16 this -- portion of this statement by Mr. Holmes. "But,  
17 you know -- and I don't know who chose the maps to go  
18 online. I don't know how they got designed. The  
19 people aren't honest with me. I did have an  
20 opportunity to meet with the lawyer. But I knew the  
21 fix was in when the lawyer already knew what the deal  
22 was, because he said, 'I want you to draw your own  
23 map.' That's the same thing he did to me ten years  
24 ago."

25 Do you recall that Commissioner Holmes

1 brought two map proposals with him to the meeting?

2 A. It could be the other two maps I was referring  
3 to when I said four.

4 Q. Just to clarify, you're referring to earlier  
5 in your testimony about having reviewed four maps?

6 A. That could be the other two.

7 Q. So you had an opportunity to review  
8 Mr. Holmes' two maps sometime in October on your Zoom  
9 meetings --

10 A. I don't --

11 Q. -- with the other commissioners?

12 A. I don't recall when it was, to be honest, if  
13 it was then or if it was at this meeting when he  
14 brought them. But I just knew I thought I had seen  
15 four maps.

16 Q. Do you recall any other specific instances of  
17 reviewing Mr. Holmes's two maps?

18 MS. OLALDE: Objection; misstates  
19 testimony about having reviewed the maps.

20 But go ahead.

21 THE WITNESS: No, sir.

22 Q. (By Mr. Silberstein) Did you consider  
23 Mr. Holmes' proposals at all?

24 A. Didn't have a lot of time to look at them, the  
25 maps he brought to the meeting, but I think -- just

1 from glancing I think one of them was our previous map.

2 Q. I would like to direct you to page 80. All  
3 the pages right now are more of Mr. Holmes' testimony.

4 So I would like to read you a portion near the end of  
5 it. "Commissioner Giusti, I saw you quoted in the  
6 paper yesterday saying that you'll still represent  
7 them. But it's not the fact that you'll represent  
8 them. It's the fact that they don't get to pick the  
9 candidate of their choice. That's what it's about.

10 It's not about that other stuff. This is their life."

11 How did you react to this statement?

12 A. I was -- I'm not going to say offended by it  
13 because it made sense what he was saying, but -- and  
14 the fact that he says it's not the fact that I'm not  
15 going to represent them, because he knew I would  
16 represent them, but I guess my thought in my head at  
17 the time was, "Well, what makes you think I won't be  
18 their choice?"

19 Q. So how did this statement make you feel?

20 MS. OLALDE: Objection; asked and  
21 answered and relevance.

22 THE WITNESS: Yeah. Just like I said, I  
23 wasn't really offended, but taken aback by it a little  
24 bit.

25 Q. (By Mr. Silberstein) You said you understood

1 what he meant. What did you mean by that? What did  
2 you think Commissioner Holmes meant by -- by this  
3 statement?

4 A. That I would represent the people, he didn't  
5 have a doubt that I would represent them. His  
6 questioning was would I be their choice, and, like I  
7 said, what makes you think I wouldn't be their choice?

8 Q. Do you understand what Commissioner Holmes  
9 meant specifically by "pick the candidate of their  
10 choice"?

11 MS. OLALDE: Objection; asked and  
12 answered.

13 THE WITNESS: I guess elect would be my  
14 guess what picked means, or choose who to run and then  
15 elect.

16 Q. (By Mr. Silberstein) I would like to take us  
17 back to earlier in the hearing, back to page 3. Have  
18 we all gotten there, Mr. Giusti?

19 A. Yes. Yes.

20 Q. So as you can see at the top of page 3 it  
21 shows a quote from County Judge Henry, and if you skip  
22 down to line 7, County Judge Henry says, "I'm going to  
23 speak at this tone. That's all I can do. I'm not  
24 going to scream. I don't have a microphone." And  
25 going down to line 12, he continues, "I will clear you

1 | out. If you make a noise, I will clear you out of  
2 | here. I've got constables here."

3 | Do you recall him making these  
4 | statements?

5 | A. I do.

6 | Q. What did you think at the time of Judge  
7 | Henry's statements?

8 | A. I did not think it was personally the thing to  
9 | do. I didn't think it was the way to treat people. I  
10 | mean, asking them to quiet down is one thing, but it to  
11 | me was a little aggressive.

12 | Q. Had you ever heard Judge Henry speak like this  
13 | before to his constituents?

14 | A. I've heard him in court before, not  
15 | necessarily those words, of course, but cutting people  
16 | off on the -- that are doing the public speaking when  
17 | they run out of time and that sort of stuff and being  
18 | kind of gruff about it.

19 | Q. Clearing people out of meetings, had you  
20 | experienced that before?

21 | MS. OLALDE: Objection.

22 | Do you mean the statement --

23 | MR. SILBERSTEIN: I'll rephrase.

24 | MS. OLALDE: Yeah.

25 | Q. (By Mr. Silberstein) Judge Henry clearing

1 | people out of meetings, has he ever done this before in  
2 | your experience as a commissioner or before?

3 | A. I don't recall.

4 | Q. Has he ever before, in your time as a  
5 | commissioner, threatened the use of constables on  
6 | people at public hearings?

7 | MS. OLALDE: Objection to the  
8 | characterization as a threat.

9 | But you can answer.

10 | THE WITNESS: Not necessarily a constable  
11 | because normally when our meetings are at 722 Woody,  
12 | the courthouse, it's sheriff deputies. But with that  
13 | said, there -- I do vaguely remember a time when he  
14 | would call the deputy into the room.

15 | Q. (By Mr. Silberstein) So in the past he's used  
16 | sheriff deputies at the regular meeting hall to --

17 | A. Yes.

18 | Q. And just for the record, in those instances  
19 | he's used the sheriff deputy to threaten to clear  
20 | people out of the -- out of the room.

21 | MS. OLALDE: Objection to the  
22 | characterization of threat.

23 | You can answer to the best of your  
24 | knowledge.

25 | THE WITNESS: It wouldn't have been like

1 a big group of people. It would have been individuals  
2 basically, I think, from my recollection.

3 Q. (By Mr. Silberstein) We're going to skip back  
4 down to page 54. Again, a little bit of technical  
5 difficulties. Page 55. So here again on line 10  
6 another quote from County Judge Henry I'll read aloud.  
7 "Just remind everyone that is out in the hallway and in  
8 line we won't be able to hear with you all talking over  
9 the speaker."

10 Do you remember a reason for why --

11 A. It was very loud in the room, and it did make  
12 it hard to hear the speakers when people were in the  
13 hallways talking, and there was just a buzz in the  
14 room, if you would.

15 Q. Why didn't anyone attempt in that moment to  
16 get microphones?

17 A. I don't know.

18 Q. Are you aware whether had redistricting  
19 meetings been scheduled earlier during a regularly  
20 scheduled meeting that it would have taken place at the  
21 Galveston County Courthouse?

22 MS. OLALDE: Objection; vague, confusing,  
23 calls for speculation.

24 But you can answer.

25 THE WITNESS: Had it been scheduled at

1 | the courthouse, of course we would have had microphones  
2 | and such there. There again, though, the timing of the  
3 | issue, I don't know why it fell the way it did.

4 | Q. (By Mr. Silberstein) By the timing of the  
5 | issue of why the --

6 | A. Us having to pass the maps from the time we  
7 | got it.

8 | Q. So the timing had something to do with having  
9 | it at Galveston County Courthouse -- or at the special  
10 | meeting place rather than Galveston County Courthouse.

11 | A. I cannot really speak to that because I didn't  
12 | schedule it.

13 | MS. OLALDE: May I ask the videographer  
14 | how long we've been on, please?

15 | THE VIDEOGRAPHER: Six hours, 17 minutes.

16 | MS. OLALDE: Thank you.

17 | Q. (By Mr. Silberstein) If the -- if the special  
18 | hearing had been held at the Galveston County  
19 | Courthouse, there would have been more space, correct?

20 | A. Yes.

21 | Q. And it wasn't the public's responsibility to  
22 | obtain microphones or adequate space for the hearing,  
23 | right?

24 | A. No.

25 | Q. So going back to County Judge Henry's

1 statements, do you think it was reasonable for Judge  
2 Henry to threaten the constituents that he would clear  
3 them out of the meeting hall?

4 MS. OLALDE: Objection to the  
5 characterization of threaten.

6 You can answer.

7 THE WITNESS: I guess he was a little  
8 gruff, and it's not the way I would have done it, but  
9 something did need to be said to quiet the crowd down  
10 because it was very hard to hear speakers at certain  
11 points because of the crowd noise.

12 Q. (By Mr. Silberstein) Do you think the tone of  
13 Judge Henry was -- let me rephrase.

14 Do you think the way Judge Henry  
15 addressed the crowd was an adequate way to lead to  
16 better public discussion and better public input for  
17 the maps?

18 MS. OLALDE: Objection; confusing.

19 THE WITNESS: I don't know. Like I said,  
20 I wouldn't have done it that way, but that's me.

21 Q. (By Mr. Silberstein) Do you think this  
22 meeting one day before the deadline to adopt new maps  
23 provided a meaningful opportunity to consider  
24 constituents' feedback?

25 A. Not totally, but then again, with the deadline

1 | we were placed under, I don't think we had a lot of  
2 | time to do much else.

3 | Q. Do you think this meeting one day before the  
4 | deadline to adopt new maps provided a meaningful  
5 | opportunity to incorporate changes to the maps based on  
6 | constituents' feedback?

7 | A. With the timeline we were against I don't  
8 | think so because we would not have had time to post  
9 | another meeting before the deadline.

10 | Q. Earlier in your testimony we spoke about the  
11 | majority-minority precinct, and you said it couldn't be  
12 | maintained, correct?

13 | A. Something to that effect, yes.

14 | Q. And you said that from your layman's  
15 | perspective you didn't -- you didn't understand where  
16 | you could add people to that precinct and still  
17 | maintain the district; is that correct?

18 | MS. OLALDE: Objection; states testimony  
19 | out of context.

20 | But to the extent he's asking if you  
21 | recall prior testimony you can answer.

22 | THE WITNESS: I do recall -- ask again,  
23 | please.

24 | Q. (By Mr. Silberstein) Earlier in your  
25 | testimony you said that from a layman's perspective you

1 didn't understand how you would be able to add people  
2 during this redistricting process to the precinct and  
3 still maintain the precinct; is that correct?

4 MS. OLALDE: Same objection.

5 THE WITNESS: Still maintain the  
6 minority-majority of that precinct.

7 Q. (By Mr. Silberstein) So just to be clear, you  
8 didn't think you could add people to the  
9 majority-minority precinct and still maintain that  
10 precinct; is that correct?

11 MS. OLALDE: Objection; confusing.

12 You can answer to the extent you  
13 understand.

14 THE WITNESS: The same answer. You know,  
15 add people and still maintain minority-majority I think  
16 would have been difficult.

17 Q. (By Mr. Silberstein) Did you ask anybody  
18 about how to preserve the majority-minority precinct?

19 A. I don't believe I did.

20 Q. I recognize that earlier in your testimony you  
21 stated that you aren't a demographer. But redrawing  
22 the commissioner precinct lines is one of your duties  
23 as a commissioner; is that correct?

24 A. Yes.

25 MS. OLALDE: Objection; calls for

1 speculation, and it also misstates prior testimony.

2 THE WITNESS: Yes, which we did through  
3 the hiring of a firm.

4 Q. (By Mr. Silberstein) Did you think it was  
5 sufficient to delegate the entirety of the process to a  
6 third-party constituent?

7 MS. OLALDE: Objection; calls --  
8 misstates prior testimony about the --

9 MR. SILBERSTEIN: Let me rephrase the  
10 question.

11 MS. OLALDE: Yeah, go for it.

12 Q. (By Mr. Silberstein) Did you think it was  
13 sufficient to delegate the redistricting process to a  
14 third-party consultant?

15 MS. OLALDE: Objection; misstates  
16 testimony.

17 You can answer.

18 THE WITNESS: With the census data coming  
19 in the way it did late, the -- I don't -- you know,  
20 there was -- I don't know -- I don't think we could  
21 have done much different than the way we did it by  
22 hiring a professional to come in and do it.

23 Q. (By Mr. Silberstein) Did you think once you  
24 all hired the consultant in April that then your  
25 responsibility for the way the maps were drawn was --

1 was done?

2 A. With the exception of when the maps were  
3 coming back, choosing between the maps basically.

4 Q. Did you think that once the consultants were  
5 hired your responsibility for the way the maps complied  
6 with the law, that that was also finished?

7 MS. OLALDE: Objection; form.

8 Go ahead.

9 THE WITNESS: Ask me again, please.

10 Q. (By Mr. Silberstein) Did you think that once  
11 you all hired a third-party consultant, that your  
12 responsibility for the way in which the maps complied  
13 with the law was now over, that you no longer had that  
14 responsibility?

15 A. I thought the reason we hired them was because  
16 they know the law, they know how to do redistricting,  
17 and so the responsibility ultimately falls on us when  
18 we do the approvals.

19 Q. Did you have any kind of checks or balances to  
20 ensure that the third-party consultants were, in fact,  
21 complying with the law?

22 A. No, sir.

23 Q. Particularly in light of the 2011 rejected  
24 submission by Mr. Oldham, did you have any kind of  
25 hesitancy with the fact that he -- you don't have any

1 checks or balances on -- on the maps?

2 MS. OLALDE: Objection. Objection;  
3 confusing and misstates prior testimony about his  
4 knowledge about the 2011 process.

5 But you can answer.

6 THE WITNESS: Yeah, I just -- I didn't  
7 really have a lot of knowledge of the 2011 process, or  
8 really any knowledge of the 2011 process. I didn't  
9 know that they had used Mr. Oldham. But as far as what  
10 the outcomes of all that was and any problems with it,  
11 I really wasn't aware of any.

12 Q. (By Mr. Silberstein) When did you find out  
13 that the court had used Mr. Oldham in 2011?

14 A. During the hiring process.

15 Q. Just sometime in April of 2021?

16 A. Yeah. Yes.

17 Q. When did you first find out that there had  
18 been lawsuits over the maps that Mr. Oldham proposed in  
19 2011?

20 A. In 2011 I knew of the constable and JP  
21 precinct contested there.

22 Q. When did you find out that those lawsuits had  
23 been over the fact that the maps were considered by the  
24 people suing as racially discriminatory?

25 MS. OLALDE: Objection; confusing, vague.

1 THE WITNESS: I guess it was mentioned at  
2 some point 2011, 2012, the reasons for the suit.

3 Q. (By Mr. Silberstein) One second. Did you  
4 know -- did you know that Oldham prepared the maps in  
5 2011 that were ultimately rejected by the Department of  
6 Justice?

7 MS. OLALDE: Objection; vague as to time.

8 THE WITNESS: I knew he had prepared  
9 them, but I did not know that they were rejected, I  
10 guess.

11 Q. (By Mr. Silberstein) When you found out that  
12 Oldham had been involved in the 2011 process when  
13 considering his proposal in 2021, did that give you  
14 pause?

15 A. No. Just the idea that he had history with  
16 the county, had knew our population would make me think  
17 that he'd do a good job.

18 Q. When you were discussing hiring Mr. Oldham in  
19 April 2021, did anybody indicate to you that the maps  
20 he had previously prepared in 2011 had been rejected?

21 A. Not that I recall. And we're also -- now that  
22 I'm thinking about it we're getting into executive  
23 session issues.

24 Q. Well, does that seem like it would be relevant  
25 information that maybe should have been conveyed to you

1 in your deliberation of hiring him?

2 A. I would think.

3 Q. Did you ever consider a proposal for  
4 redistricting services at the law firm Allison Bass  
5 Magee?

6 A. I think we did.

7 Q. Are you familiar with that law firm --

8 A. I am.

9 Q. -- Allison Bass Magee? Do they do work for  
10 the county?

11 A. They do.

12 Q. What -- what kind of work do they typically do  
13 for the county?

14 A. Different legal work. They defend a lot of  
15 suits against the county.

16 Q. Are you generally satisfied with their work?

17 A. Yes.

18 Q. What kind of suits have they defended in the  
19 past for you?

20 A. Going to test my memory here. Things  
21 involving the sheriff's office normally. We had  
22 some -- we were sued a while back over a death in the  
23 jail that was medical, and they were -- we were being  
24 sued, as well as our former medical jail -- jail  
25 medical provider, and they were in the defense of the

1 county in that suit. And actually suing the medical  
2 provider as well, I believe.

3 Q. To your knowledge, was their redistricting  
4 proposal considered seriously?

5 A. I don't recall.

6 Q. Do you remember why the court didn't offer  
7 them the contract to perform redistricting services in  
8 2021?

9 A. Don't recall, and that would have been in  
10 executive session.

11 Q. After 2021 -- after the 2021 redistricting map  
12 was adopted, Precinct 2 gained portions of Bayou Vista;  
13 is that right?

14 A. I already had Bayou Vista.

15 Q. Could you describe some of the portions of --  
16 portions of area that Precinct 2 gained?

17 A. East Galveston Island, all of Bolivar  
18 Peninsula, lower part of Texas City wrapping around to  
19 the east side of Texas City, the chemical plants going  
20 up 6th Street in Texas City near the Texas City dike.  
21 It's a pretty -- actually it's a pretty unpopulated  
22 area in Texas City. It's mostly industrial.

23 Q. And how do you know what matters to your new  
24 constituents?

25 A. What matters now, or what do you mean?

1 Q. What kind of issues are most important to your  
2 new constituents that you have now absorbed with the  
3 new maps?

4 A. The main issues in Bolivar, which is where  
5 most of the issues are because it is unincorporated,  
6 like I mentioned earlier, of course the erosion, the  
7 law enforcement on the beaches on the peninsula itself,  
8 sanitary sewer, and water delivery. That's the biggest  
9 issues there now.

10 Q. You mentioned Bolivar being very heavily  
11 unincorporated.

12 A. The whole thing is unincorporated.

13 Q. Is that not the same with Galveston Island?

14 A. No. Galveston is incorporated by a  
15 municipality of City of Galveston.

16 Q. So the issues are a little bit different?

17 A. The resolutions are a little bit different.  
18 But we work with the City of Galveston helping with  
19 their issues as well.

20 Q. How long have you lived in Santa Fe?

21 A. 36 years maybe, 35. 35.

22 Q. Could you describe the demographic makeup of  
23 your community there in Santa Fe?

24 A. Santa Fe is predominantly white, a good  
25 scattering of Latinos, a few blacks, not many. The

1 African-American's not a very big population.

2 Q. Do you know one of your constituent's named  
3 Bob Wright or his wife, Deanna Wright?

4 A. I do know Bob Wright. Deanna I don't know.

5 Q. Do you know him well?

6 A. No. I know him well enough to where he'll  
7 stop by the office from time to time with a problem or  
8 things like that.

9 Q. What kind of problems has he stopped by with?

10 A. Oh, gosh. I don't recall.

11 Q. And how do you know him?

12 A. I don't recall how I met him.

13 Q. What kind of issues do the people who live in  
14 Santa Fe and the residents of Bolivar share?

15 A. In certain portions of Santa Fe, not in the  
16 incorporated city limits, but in the unincorporated  
17 area they share a lot of the same problems as far as  
18 permits, nuisance abatement type issues. That's the  
19 majority of it. Road and drainage is probably the  
20 biggest parts of it.

21 Q. And when is your next election?

22 A. '26.

23 Q. Do you plan to run again?

24 A. I don't know.

25 Q. How --

1 A. I wasn't going to run this time.

2 Q. How was your -- how would you say your  
3 constituency has changed under the new map?

4 A. More rural, more unincorporated. I  
5 wouldn't -- I shouldn't say more rural because Bolivar  
6 is not really that rural anymore. It's really more of  
7 what used to be a sleepy fishing village that is now a  
8 pretty thriving beach community. So it's changed by  
9 adding more workload to what I've got with the added  
10 responsibility of more beaches, more roads, more -- I  
11 went from about a hundred miles -- a little over a  
12 hundred miles of unincorporated roadway to probably 200  
13 miles of unincorporated roadway.

14 Q. Would you say the -- how would you describe  
15 how the racial makeup has changed?

16 A. Honestly I don't think it's changed that much.  
17 I think I've -- and I'm not sure exactly where. I  
18 don't know if I could put my finger on it other than  
19 portions of Galveston where I picked up some minority.

20 Q. So would you say it's more or less republican?

21 A. Probably less republican.

22 Q. And how do you communicate with constituents  
23 about their needs? Do you host events?

24 A. On occasion we'll do some stuff, but not --  
25 not very often, to be honest. We'll do -- we just

1 | recently did a citizens appreciation where we hosted a  
2 | big party and sent it out to everybody on Facebook, on  
3 | different platforms, do up fliers around the county  
4 | saying, "Y'all come visit with us. Come ask questions.  
5 | Come sit down and visit with us."

6 | Q. Is that how you typically promote your events?

7 | A. Pretty much. It's the cheapest way.

8 | Q. And what organizations do you generally work  
9 | with when you host these events?

10 | A. Occasionally I'll work with Lighthouse Charity  
11 | Team as far as cooking skills and that sort of stuff,  
12 | but normally we just do them on our own.

13 | Q. Do you generally address constituent concerns  
14 | at events or office hours?

15 | A. Both.

16 | Q. Earlier in your testimony you noted that  
17 | Commissioner Apffel was holding your hand as you  
18 | transitioned to representing Bolivar Peninsula; is that  
19 | correct?

20 | A. Correct.

21 | Q. Can you provide examples of how he's  
22 | supporting you?

23 | A. Yes. The one article about -- that was in the  
24 | Crystal Beach bulletin, taking me over, hosting a  
25 | meeting with the Chamber of Commerce, introducing me to

1 | the players, if you would, in Bolivar, who is who that  
2 | can ask you the questions that's very involved in that  
3 | community.

4 | Q. Have you had any similar events with  
5 | Commissioner Holmes absorbing some of his constituents?

6 | A. No. I don't think I've absorbed really that  
7 | many of his constituents, though, with the way my lines  
8 | hit.

9 | Q. Have you reached out to Commissioner Holmes  
10 | about the transition of some of his constituents to  
11 | your precinct?

12 | A. I have not.

13 | Q. Why -- why haven't you reached out to him?

14 | A. I was kind of waiting for him to give me a  
15 | call.

16 | Q. Have you done any outreach specific to the new  
17 | areas within your precinct other than the one you  
18 | just --

19 | A. Other than Bolivar, no, which is the -- really  
20 | the lion's share of it other than Galveston Island,  
21 | which Galveston I'm in every day. I didn't go through  
22 | the precinct every day. I know a lot of people in  
23 | Galveston being from there, being born and raised  
24 | there, and so I do -- I have reached out to the city  
25 | council and just let them know, "I'm here if you need

1 anything."

2 Q. Have you reached out to Galveston NAACP?

3 A. I have not.

4 Q. How about LULAC?

5 A. I have not.

6 Q. So --

7 A. I do have the LULAC president, though, on my  
8 Facebook. And, in fact, she supported a Cinco de Mayo  
9 festival that they do every year. I don't know if that  
10 counts for nothing, but --

11 Q. Sounds fun.

12 A. It is.

13 Q. Earlier in your testimony you mentioned being  
14 a member of two Masonic lodges?

15 A. Masonic, yes, sir.

16 Q. What kind of activities do those organizations  
17 do?

18 A. The -- I haven't been real active in them, to  
19 be honest. I need to get active again. You've heard  
20 of the Shriners?

21 Q. I have not.

22 A. You haven't heard of the Shriners, the Shrine  
23 Temple, the Shriners Burns Hospital down the road here?  
24 Shriners are a part of that. You have to be a Mason  
25 before you can be a Shriner, before you can join the

1 Shrine. So it's mostly philanthropic-type stuff.  
2 It's -- basically the saying for the organization is we  
3 take a good man and make him better.

4 Q. Could you describe the demographics of the two  
5 lodges, the Serenity Lodge I think you mentioned and  
6 the Galveston Lodge?

7 A. I would say -- I haven't been in the Galveston  
8 Lodge in a long time, but I would say mostly white with  
9 a good amount of Hispanics/Latinos memberships  
10 scattered in. African-Americans traditionally have  
11 their own lodges.

12 Q. Are there any other elected officials that are  
13 also members of the Serenity Lodge?

14 A. Not commissioners, but elected officials, yes.

15 Q. Could you name any?

16 A. Two offhand I would say Constable Fullen and  
17 just recently out of office Judge Mike Nelson.

18 Q. Do you interact with Constable Fullen and  
19 Judge Mike Nelson a lot?

20 A. Well, not so much Judge Nelson anymore. He's  
21 having health issues. But Constable Fullen, yes.

22 Q. Sorry to hear that. Earlier we mentioned Bob  
23 Wright. Is he a member of either the Serenity or  
24 Galveston Lodge?

25 A. I don't know.

1 Q. Would you say you're on friendly terms with  
2 Mr. Wright?

3 A. I think so.

4 Q. To your knowledge, are there other members of  
5 the Oath Keepers who are also members of the Masonic  
6 lodge?

7 MS. OLALDE: Objection; misstates prior  
8 testimony, assumes facts not in evidence as to other  
9 members of the Oath Keepers.

10 But you can answer to the best of your  
11 knowledge.

12 Q. (By Mr. Silberstein) I will rephrase. To  
13 your knowledge, are there members of the Oath Keepers  
14 who are members of the Masonic lodge?

15 A. Not that I'm aware of.

16 Q. To your knowledge, are there members of -- are  
17 there members or former members of the Ku Klux Klan who  
18 are also members of the Masonic lodge?

19 A. Not that I'm aware of.

20 Q. To your knowledge, are there any  
21 African-American members in the Serenity Lodge?

22 MS. OLALDE: Objection; asked and  
23 answered.

24 THE WITNESS: Not that I'm aware of.

25 Q. (By Mr. Silberstein) A bit of a segue, are

1 | you aware of any other county -- I'll rephrase.

2 | Are you aware of any county-level

3 | minority candidates who have successfully run in a

4 | republican primary?

5 | A. In a primary. Trying to think. Just can't

6 | recall any.

7 | Q. How about in a general election? Any

8 | county-level minority candidates who have successfully

9 | run in a general election as a republican?

10 | A. I just can't think of any offhand.

11 | Q. Prior to November 2021, how familiar were you  
12 | with Bolivar Peninsula?

13 | A. Somewhat familiar. From many, many years ago  
14 | when I was with Galveston PD and teaching the D.A.R.E.  
15 | program, one of my assignments was the school in  
16 | Bolivar, which is part of Galveston ISD.

17 | Q. And previously Precinct 2 covered parts of  
18 | Galveston Island. Did you work at all with the Texas  
19 | General Land Office regarding projects on the coast?

20 | A. Yes.

21 | Q. What sort of projects?

22 | A. Just nourishment projects, things like that.

23 | Not so much on Galveston Island itself, but as a  
24 | commissioner with the other commissioners with the  
25 | peninsula somewhat on the island, but not so much on

1 the island. Mostly the peninsula.

2 Q. Would you say you had a pretty good working  
3 relationship with the general land office?

4 A. Yes.

5 Q. Stepping back to Santa Fe, prior to the most  
6 recent redistricting, was Santa Fe the largest  
7 incorporated community in Precinct 2 in terms of  
8 population?

9 A. No. I believe it would be the portion of  
10 Galveston Island.

11 Q. So just to clarify, though, you represented  
12 the majority of Santa Fe but not the majority of  
13 Galveston Island; is that correct?

14 A. That's correct.

15 Q. And what are the major industries in Santa Fe?

16 A. It's really -- it's more of a bedroom  
17 community for people who work at the plants. As far as  
18 industry itself, there really isn't much.

19 Q. Can you clarify what kind of plants you're --

20 A. I'm sorry. The chemical plants, Texas City,  
21 Chocolate Bayou.

22 Q. Is tourism a big industry in Santa Fe?

23 A. No.

24 Q. Is fishing a big industry?

25 A. Nope.

1 Q. Are there any universities located in Santa  
2 Fe?

3 A. Nope.

4 Q. Any ports?

5 A. Nope.

6 Q. What are the major issues facing the community  
7 of Santa Fe?

8 A. The city itself I would say growth, as far as  
9 unincorporated area I would say growth, and for both of  
10 them drainage. That's probably the biggest issues.

11 Q. Is any part of Santa Fe on the Galveston  
12 coastline?

13 A. On the -- the unincorporated areas on West  
14 County, not Santa Fe proper, is not on the coast as in  
15 the beach, but it does have coastal marsh in part of  
16 the bay.

17 Q. So is it accurate to say that beach erosion is  
18 not a major issue for Santa Fe?

19 A. True.

20 Q. Are windstorms a major issue for Santa Fe?

21 A. Yes.

22 Q. How about water delivery?

23 A. No. Well, let me -- let me take that back.

24 As far as development of new neighborhoods, water  
25 delivery is an issue because out of the area that's

1 covered by the water control district, it's pretty much  
2 well and septic. The subsidence district is getting  
3 more involved with wells because of subsidence.

4 Q. In the newly adopted map, is the city of  
5 Galveston the largest incorporated community in  
6 Precinct 2?

7 A. Yes.

8 Q. Is the city of Galveston significantly larger  
9 than the city of Santa Fe as a population?

10 A. Yes.

11 Q. If I were to represent to you that according  
12 to the 2020 census Galveston city had roughly 53,000  
13 people and the city of Santa Fe had about 13,000, do  
14 you have any reason to disagree?

15 A. No.

16 Q. Would you say that the population center of  
17 your commissioner precinct has shifted considerably as  
18 a result of the 2021 redistricting?

19 A. Yes.

20 MS. OLALDE: You have to give me a  
21 chance --

22 THE WITNESS: I'm sorry.

23 MS. OLALDE: Go ahead.

24 Q. (By Mr. Silberstein) And earlier we looked at  
25 the two proposed maps for 2021 redistricting, Maps 1

1 and Maps 2. Under Map 1, would the population center  
2 of your precinct have shifted as much?

3 A. I'm sorry. Under Map 1? I'm trying to  
4 envision it.

5 Q. The one that had all of Galveston Island --

6 A. No, it would not have shifted as much.

7 Q. So let's just turn back to the September phone  
8 call you said you had with Dale Oldham. Exhibit 4  
9 showed the calendar invitation. And this is my final  
10 line of question itself. We're almost there.

11 Did you review any -- any census data  
12 during that call?

13 MS. OLALDE: Objection. I'm going to ask  
14 the witness not to answer as it would reveal any  
15 attorney-client privileged communications and/or  
16 attorney work product communications that were shared  
17 in the meeting with Mr. Oldham.

18 MR. SILBERSTEIN: We're going to reserve  
19 our arguments on the attorney-client privilege issue  
20 that they're not privileged communications.

21 MS. OLALDE: Just one second.

22 Mister -- the videographer, how much time  
23 is left?

24 THE VIDEOGRAPHER: 11 minutes.

25 MS. OLALDE: Thank you.

1 Q. (By Mr. Silberstein) Did you review any  
2 census data during that call?

3 MR. SILBERSTEIN: I'm going to keep  
4 asking questions in order to clarify the record and  
5 reserve our rights to reopen the deposition on these  
6 and other questions.

7 MS. OLALDE: I understand. And I  
8 understand what you have to do, but if you could reask  
9 the question. Sorry.

10 Q. (By Mr. Silberstein) Did you review any  
11 census data during the call?

12 MS. OLALDE: I'm going to object on the  
13 basis of attorney-client privilege and attorney work  
14 product and instruct the witness not to answer.

15 Q. (By Mr. Silberstein) Did you discuss the  
16 meaning of any census data?

17 MS. OLALDE: Again, I'm going to object  
18 on the basis of attorney-client privilege and attorney  
19 work product and instruct the witness not to answer as  
20 to conversations that were had with the attorney who  
21 was retained to provide legal advice.

22 THE REPORTER: Could you speak up,  
23 please?

24 MS. OLALDE: Certainly. I apologize.  
25 It's late in the day. We've been going for a while.

1 MR. SILBERSTEIN: That it is.

2 MS. OLALDE: I apologize. I'm objecting  
3 on the basis of attorney-client privilege and attorney  
4 work product and instructing the witness not to answer.

5 Q. (By Mr. Silberstein) And I'm only asking  
6 about your understanding here. Did you understand the  
7 need to redistrict due to population imbalances?

8 MS. OLALDE: Objection.

9 Are you asking for understandings  
10 based -- what are you asking? Vague, confusing.

11 Q. (By Mr. Silberstein) In -- in the 2021  
12 redistricting process, did you understand that there  
13 was a need to redistrict due to population imbalances?

14 A. Yes.

15 Q. Did -- during your calls -- during your calls  
16 with the other commissioners, did you ever discuss  
17 traditional redistricting -- what traditional  
18 redistricting criteria were?

19 MS. OLALDE: Objection; asked and  
20 answered. I'm going to instruct the witness not to  
21 answer to the extent any conversations took place  
22 before -- or with Mr. Dale Oldham on the basis of  
23 attorney-client privilege and also attorney work  
24 product.

25 But to the extent your answer does not

1 incorporate those communications you may answer.

2 THE WITNESS: With the other  
3 commissioners, I do not recall that.

4 Q. (By Mr. Silberstein) As you sit right here  
5 today, can you name any traditional redistricting  
6 criteria?

7 MS. OLALDE: Objection; asked and  
8 answered.

9 You can answer.

10 THE WITNESS: The population, the idea of  
11 trying to make the precinct lines understandable by the  
12 public. That's the majority of it.

13 Q. (By Mr. Silberstein) In the September call  
14 with Mr. Oldham and other commissioners pending your  
15 October meeting with Mr. Holmes, did you ever discuss  
16 the U.S. constitution?

17 MS. OLALDE: Again, I'm going to object  
18 on the basis of attorney-client privilege and attorney  
19 work product and instruct the witness not to answer as  
20 to communications had in meetings with Mr. Oldham.

21 MR. SILBERSTEIN: We'll reserve our  
22 arguments. These are not privileged communications.

23 Q. (By Mr. Silberstein) In the September call  
24 with Mr. Oldham and the other commissioners and in your  
25 October meeting with Mr. Holmes, did you discuss policy

1 objectives? If so, what were those objectives?

2 MS. OLALDE: I'm objecting as to  
3 compound. I'm also objecting to a request for  
4 attorney-client privileged communications and attorney  
5 work product and instructing the witness not to answer  
6 with respect to communications in meetings with  
7 Mr. Oldham, privileged communications in meetings with  
8 Mr. Oldham.

9 MR. SILBERSTEIN: We will reserve our  
10 arguments. These are not privileged communications.

11 Q. (By Mr. Silberstein) In the -- in the two  
12 meetings we've been discussing did you discuss  
13 political objectives?

14 MS. OLALDE: I'm going to object on the  
15 basis of attorney-client privilege, attorney work  
16 product, and instruct the witness not to answer with  
17 respect to communications -- privileged communications  
18 that took place with Mr. Oldham about redistricting.

19 Q. (By Mr. Silberstein) Can you extend -- can  
20 you answer to the extent not privileged the objectives  
21 that you discussed with the other commissioners about  
22 the 2021 redistricting?

23 MS. OLALDE: Just to be clear for the  
24 record, you're asking about anything that did not take  
25 place in the meeting with Dale Oldham?

1 MR. SILBERSTEIN: Anything, whether in or  
2 out of the meeting, to the extent it is not privileged  
3 communications with Mr. Oldham.

4 MS. OLALDE: Instruct the witness not to  
5 answer to the extent it's attorney-client privilege or  
6 discussion of attorney work product in a conversation  
7 with Mr. Oldham about 2021 redistricting.

8 To the extent you had communications that  
9 were outside of these meetings with Mr. Oldham, you can  
10 answer.

11 THE WITNESS: Not that I recall.

12 Q. (By Mr. Silberstein) And in these two  
13 meetings we've been discussing again, did you discuss  
14 the need or desire for a coastal precinct?

15 MS. OLALDE: Again, same objection and  
16 instruction.

17 Can we -- is it okay if -- will you be  
18 arguing that we waived anything if I don't talk for --  
19 okay. Same objection.

20 MR. SILBERSTEIN: I am okay with that.  
21 Yes.

22 MS. OLALDE: Same objections. I see --  
23 for the record, I see nods from all counsel, right?  
24 Yes. All counsel. Same objection, same instruction.

25 MR. SILBERSTEIN: And we're reserving our

1 arguments, same arguments on our end.

2 MS. OLALDE: For the record I am nodding.

3 Q. (By Mr. Silberstein) Can you answer about the  
4 need or desire for a coastal precinct with -- to the  
5 extent non-privileged communications with the other  
6 commissioners?

7 MS. OLALDE: And just for the record, I  
8 am -- that would entail conversations that were not had  
9 with Dale Oldham, and same objection, same instruction  
10 for conversations that were had with Dale Oldham.

11 So if it was outside of a conversation  
12 with Dale Oldham, you can answer.

13 THE WITNESS: Can I get clarification?  
14 At what point?

15 Q. (By Mr. Silberstein) At any point during  
16 your -- during the 2021 redistricting process.

17 A. After the maps came out, there was a little  
18 bit of discussion -- I don't remember who with -- about  
19 the fact that, "Wow, a coastal precinct."

20 Q. So the first discussion about a coastal  
21 precinct came after the maps were enacted?

22 A. From my end, yes.

23 Q. Back to the two meetings we've been  
24 discussing, did you discuss the communities of interest  
25 during these meetings? Specifically did you discuss

1 | the impact of any proposed changes on communities of  
2 | interest?

3 | MS. OLALDE: I'm going to object on the  
4 | basis of attorney-client privilege and work product and  
5 | am instructing the witness not to answer. Same  
6 | objection, same instruction.

7 | MR. SILBERSTEIN: We are, again,  
8 | reserving our arguments that these are not privileged  
9 | communications.

10 | Q. (By Mr. Silberstein) But to the extent that  
11 | these -- to the extent that these are not privileged  
12 | and not -- and they are with your other commissioners,  
13 | did you discuss communities of interest, specifically  
14 | how the proposed changes affected the communities of  
15 | interest?

16 | MS. OLALDE: And again, for the record,  
17 | that would be communications that were not with -- that  
18 | did not include Mr. Oldham.

19 | THE WITNESS: Not that I recall.

20 | MS. OLALDE: Mr. Videographer, how much  
21 | time do we have left?

22 | THE VIDEOGRAPHER: Two minutes remain.

23 | MS. OLALDE: Two minutes. Can you give  
24 | us a 30-second countdown?

25 | MR. SILBERSTEIN: It's perfect.

1 Q. (By Mr. Silberstein) In the -- in the 2021  
2 redistricting process, did you receive racial  
3 demographic information from Mr. Oldham or any other  
4 redistricting counsel?

5 MS. OLALDE: Same objection and same  
6 instruction, which is attorney-client privilege,  
7 attorney work product, and instructing the witness not  
8 to answer.

9 Q. (By Mr. Silberstein) Did you receive racial  
10 demographic info from Paul Ready?

11 MS. OLALDE: I am going to instruct the  
12 witness not to answer as to communications with counsel  
13 for the county on the basis of attorney work product  
14 and also attorney-client privilege.

15 I instruct you not to answer.

16 Q. (By Mr. Silberstein) Did you receive any  
17 racial demographic information from Nathan Sigler?

18 A. Not that I recall. I mean, no. I mean, I  
19 don't think so.

20 Q. How about from another member of commissioners  
21 court or any of their staff?

22 A. No.

23 Q. You never received racial demographic  
24 information from anybody?

25 A. Not that I recall.

1 MS. OLALDE: Objection. Objection.

2 To the extent your answer would involve  
3 any kind of attorney-client privileged information,  
4 attorney work product, I instruct you not to answer.  
5 Otherwise you can answer.

6 THE WITNESS: Outside of that, not that I  
7 recall.

8 MR. SILBERSTEIN: Well, we won't need a  
9 countdown because the moment has come. But as you  
10 know, NAACP plaintiffs will reserve the right to keep  
11 the deposition open pending determination of the  
12 attorney-client privilege issues by the court. Do you  
13 have any questions?

14 MS. OLALDE: Defendants will reserve.

15 MR. SILBERSTEIN: That concludes the  
16 deposition.

17 THE VIDEOGRAPHER: Going off the video  
18 record. The time is 6:01.

1                   VIDEOGRAPHER: The time is 9:09 on  
2                   January 17, 2023. This is Media Unit 1, the  
3                   video-recorded deposition, County Judge Mark Henry,  
4                   taken by counsel for Plaintiff in the matter of The  
5                   Honorable Terry Petteway, et al. versus Galveston  
6                   County, et al., filed in the United States District  
7                   Court for the Southern District of Texas,  
8                   No. 3:22-CV-00057.

9                   The location of this deposition is at  
10                  Greer, Herz & Adams. My name is Daniel Alpizar  
11                  representing Veritext. I'm the videographer. The court  
12                  reporter is Janalyn Elkins from the firm Veritext.

13                  The court reporter may now swear in the  
14                  witness.

15                                 MARK ALLEN HENRY,  
16                  having been duly sworn, testified as follows:

17   EXAMINATION

18                  Q. (BY MS. KLEIN) Good morning, Judge Henry and  
19                  thank you for being with us today. Can you state your  
20                  full name for the record, please?

21                  A. Mark Allen Henry.

22                  Q. My name is Hilary Klein, and I represent the  
23                  NAACP Plaintiffs in this matter. I'm going to start  
24                  this morning by asking you a few questions. After I'm  
25                  done the other representatives from the other Plaintiffs

1 groups are going to ask you a few more. We are going to  
2 do our best to minimize any -- or eliminate any overlap  
3 in those questions so we don't have to keep you any  
4 longer than necessary.

5 Judge Henry, you've been deposed before,  
6 right?

7 A. Yes.

8 Q. How many times about?

9 A. Twenty.

10 Q. Okay. So I will briefly go over a few  
11 expectations of how the deposition should proceed. This  
12 should all sound pretty familiar.

13 First, the court reporter making the  
14 record, Ms. Elkins, is going to need verbal responses,  
15 so nods will not work. Second, to make a clear record,  
16 it's important we don't interrupt each other. I promise  
17 not to interrupt you if you promise to wait until I'm  
18 finished a question before answering it.

19 If I ask a question and you don't  
20 understand, please ask me to clarify or rephrase. If  
21 you answer the question, I will assume you understood  
22 it.

23 MS. KLEIN: Oh, I need to wear a mic. Does  
24 the court reporter need me to start over?

25 (Discussion off the record.)

Page 7

1 Q. (BY MS. KLEIN) And your lawyer may object to  
2 some of my questions. And unless he instructs you not  
3 to answer, you still have to answer the question.

4 Does all of that make sense?

5 A. Yes, it does.

6 Q. You've heard it 20 times before I'm sure.

7 Is there any reason that you might not be  
8 able to give full and truthful testimony today?

9 A. No.

10 Q. Have you had any alcohol?

11 A. Not today, no.

12 Q. Not today.

13 Any medications that might interfere with  
14 your memory?

15 A. No.

16 Q. Okay. Do you understand that you can't  
17 communicate with anybody while this deposition is going  
18 on except for your attorney about privilege issues?

19 A. Yes.

20 Q. Okay. And you understand that's by email,  
21 text, like any kind of communication about the subject  
22 of the deposition?

23 A. Yes.

24 Q. Okay. And if you need a break at any point  
25 during the deposition, please let us know. We will, of  
Page 8

1 course, accommodate that. If a question is pending,  
2 I'll ask you just to answer the question and then we can  
3 go on break.

4 Judge Henry, when did you first learn about  
5 this litigation?

6 A. I -- well, I assumed it was coming because of  
7 comments made by Commissioner Holmes. But the first I  
8 heard of it, I guess, was when we got notice of it or  
9 possibly -- that's all I can think of is when we got  
10 notice of the litigation.

11 Q. In the spring of 2022?

12 A. That would be about right.

13 Q. When you say, "assumed it was coming," when did  
14 you assume it was coming?

15 A. You mean when did I make an assumption that it  
16 was coming or when did I believe it to be coming?

17 Q. When did you make an assumption it was coming?

18 A. After Commissioner Holmes' comments in the  
19 court.

20 Q. And that -- and you're -- when you say in  
21 court, which court meeting was that?

22 A. Commissioner's Court in November of '21.

23 Q. Did you prepare for this deposition today?

24 A. I did.

25 Q. How?

Page 9

1 A. With counsel.

2 Q. Okay. Did you meet with anybody besides  
3 counsel in preparing for this?

4 A. No. No.

5 Q. Okay. About how many times -- I don't want to  
6 know what you talked about.

7 A. Sure.

8 Q. But about how many times did you meet?

9 A. Twice.

10 Q. For about how long each time?

11 A. The first time was probably an hour and a half.  
12 The second time was probably three hours.

13 Q. Did you review any documents to prepare for  
14 today?

15 A. Yes.

16 Q. Did you bring in any of those today with you?

17 A. I did not.

18 Q. Which documents did you look over?

19 A. They were documents that they actually showed  
20 me. There's nothing that I brought with me or had in my  
21 possession.

22 Q. Are you aware that other individuals have  
23 already been deposed in this matter?

24 A. Yes.

25 Q. Have you talked with them about their  
Page 10

1 testimony?

2 A. No, I have not.

3 Q. Any other ways other than meeting with your  
4 attorney, other than reviewing documents that you  
5 prepared for today?

6 A. No.

7 Q. Did you review documents other than with your  
8 attorney?

9 A. No.

10 Q. You were born in Houston, Texas, correct?

11 A. That's correct.

12 Q. When did you first move to Galveston?

13 A. I have never lived in Galveston.

14 Q. Galveston County?

15 A. When I left active duty in 1995.

16 Q. Where do you live specifically right now?

17 A. League City.

18 Q. And what's your current employment?

19 A. County judge, Galveston County.

20 Q. Do you have any other source of income other  
21 than the county judge salary?

22 A. I own an aviation company. It doesn't really  
23 pay me anything, but I own the company. My wife runs  
24 it.

25 Q. And you identify as White; is that correct?  
Page 11

1 A. I do.

2 Q. I would like to talk a little bit about your  
3 duties as county judge. The county judge is the  
4 presiding officer of the Commissioner's Court, right?

5 A. That is correct.

6 Q. What does that mean? For example, what are  
7 your responsibilities in that role?

8 A. That would really be everything from preparing  
9 the agenda, not me specifically, but my office would  
10 notice the public meeting in accordance with state law,  
11 make sure that, you know, in some cases that we have a  
12 quorum there. We have a commissioners who take  
13 vacations in or out. So without a quorum, we wouldn't  
14 be able to conduct any business.

15 And then your question was specific to  
16 Commissioner's Court, right?

17 Q. Correct.

18 A. And then the actually running the meeting of  
19 the Commissioner's Court.

20 Q. What about outside of Commissioner's Court, do  
21 you have duties as a county judge outside of that?

22 A. Lots of them.

23 Q. Can you give me an idea?

24 A. Sure. I'm the chief elected official. I am  
25 responsible for preparing and presenting a budget every

1 year. I have judicial functions. I have executive  
2 functions. I can order evacuations during hurricanes,  
3 for example. I run veterans court for the County. I do  
4 all facilities. We are either directly responsible for  
5 or in partnership with the state do all road  
6 improvements.

7 Q. Okay.

8 A. So anyway. The list goes on and on.

9 Q. Big job.

10 A. It is a big job.

11 Q. Okay. Then going back to the meetings, are you  
12 responsible for scheduling those regular meetings?

13 A. Yes.

14 Q. How often do those occur?

15 A. We have them every other week. I have tried  
16 unsuccessfully to meet once a week, but I have not  
17 gotten three votes for that so far.

18 Q. What about special meetings, are you  
19 responsible for calling those?

20 A. Yes, I am. But to be clear, any --  
21 Commissioner's Court is required to meet once a month.  
22 So anything in addition to that is considered a special  
23 meeting.

24 Q. And what factors go into deciding whether a  
25 special meeting is needed?

1 | A. Anything that cannot wait -- a county of our  
2 | size really can't operate on one meeting a month. So we  
3 | have to have what would be technically a special meeting  
4 | every other week, if nothing else, to approve payroll.

5 | Q. And how often do you have regular meetings  
6 | usually?

7 | A. Once a month by constitution.

8 | Q. Do you ever have more than one regular meeting  
9 | per month?

10 | A. No.

11 | Q. Who decides the date for the special meetings?

12 | A. I guess that would be my office. But they're  
13 | consistently on Monday mornings.

14 | Q. And the specific time of day that it will  
15 | happen, who decides that?

16 | A. My office, myself.

17 | Q. Is there any kind of vote by the Commissioner's  
18 | Court on when these special meetings are going to  
19 | happen?

20 | A. No.

21 | Q. Who decides where a special meeting will be  
22 | held?

23 | A. That would be me or my office.

24 | Q. And what factors go into deciding where to hold  
25 | a special meeting?

1 A. Any meeting that's not the regular meeting is  
2 held in League City.

3 Q. Who decided that?

4 A. Me.

5 Q. Doesn't have to happen in League City; is that  
6 correct?

7 A. No. It can happen anywhere that we have  
8 adequate facilities and audio visual.

9 Q. Before you became county judge in 2010, do you  
10 know where the County Commissioner's Court held special  
11 meetings regularly?

12 A. No.

13 Q. So among your responsibilities, redrawing the  
14 Commissioner's Court precinct boundaries is also among  
15 your responsibilities as part of the Commissioner's  
16 Court?

17 A. Yes.

18 Q. All right. Turning back to meetings, how is it  
19 decided which topics will be covered in a particular  
20 meeting?

21 A. We put out a request to all departments and,  
22 really, elected officials if they have anything that  
23 needs to go on the agenda or any commissioner can put  
24 anything on the agenda at any time.

25 Q. And when you say, "the agenda," is that the  
Page 15

1 same thing as the notice for the meeting?

2 A. No. Not in my terminology, no.

3 Q. Okay. Talk to me about how meetings are  
4 noticed.

5 A. They must be posted publicly and we do it  
6 online as well at least 72 hours prior to the meeting.

7 Q. And what is posted?

8 A. The notice of the meeting and then we should  
9 also have an agenda attached to the notice.

10 Q. Does the agenda ever change after the notice is  
11 posted?

12 A. It can't.

13 Q. Okay. Why not?

14 A. Okay. It could if we re-noticed for a new time  
15 and place.

16 Q. All right. So you mentioned that you post them  
17 physically, I understood it, and then online as well?

18 A. At the courthouse, correct.

19 Q. Where is the physical posting?

20 A. At the county courthouse.

21 Q. On an outside -- on a bulletin board or  
22 something?

23 A. Yes, it's visible both outside and inside.

24 Q. Okay. For the online notice, do you know if  
25 all residents in Galveston are able to access the online  
Page 16

1 notice?

2 A. No, I do not know that.

3 Q. Do you think all -- would you feel confident  
4 saying, yes, every single Galveston resident can access  
5 an online notice?

6 A. Anyone with a computer would be able to on --  
7 access online, yes.

8 Q. Do you feel confident that everyone in  
9 Galveston has access to a computer with internet?

10 A. I have no way of knowing.

11 Q. Are you confident that all of them or is it  
12 fair to say maybe some people don't?

13 MR. RUSSO: Objection, asked and answered.

14 Q. (BY MS. KLEIN) Okay. Do you know what  
15 percentage of Galveston County residents might have  
16 access to the internet at home beyond access through a  
17 smart phone?

18 A. No, I have no way of knowing.

19 Q. Are you aware of any research or studies  
20 regarding the extent of internet access in the county?

21 A. No.

22 Q. Okay. Do you recall recently a few months ago  
23 that a federal grant was awarded to one of the local  
24 libraries in Galveston?

25 A. No.  
Page 17

1 Q. Are you aware of that?

2 Back to your role as county judge, are you  
3 required to undergo training as county judge?

4 A. Yes.

5 Q. What does that training entail?

6 A. Six -- a minimum of 16 hours per year.

7 Q. And what are the topics of that training?

8 A. They vary. The Texas Association of Counties  
9 puts together the training program and then, therefore,  
10 they are generally the one who selects the topics.

11 They have to be approved by the Court of  
12 Criminal Appeals, I believe. So they are -- they put  
13 together the agenda, they have it approved by the Court  
14 of Criminal Appeals, and then they present the training.

15 Q. Has this training included training on the  
16 requirements of Texas's open meeting laws?

17 A. That is a separate training that you take once  
18 you're elected before you take office.

19 Q. Are you familiar with the Secretary of State's  
20 guidance on Texas's open meeting laws?

21 A. I assume that's the training that I took in  
22 2010, yes.

23 Q. Have you had any training on open meeting law  
24 since 2010?

25 A. Not that I recall.  
Page 18

1 Q. Do the open meeting laws ever change?

2 A. I do not know.

3 Q. So you don't receive any updated training on  
4 open meeting laws?

5 A. I'll make an assumption that if they change the  
6 open meeting law, we would get trained on that in  
7 training, but that's an assumption. It's not happened,  
8 to my knowledge.

9 Q. Okay. I would like to show you a document now.

10 A. Yes.

11 Q. I'll ask -- Alexa is going to help us with the  
12 document today. So pull up Tab No. 96. And this will  
13 be marked Exhibit 1.

14 (Exhibit No. 1 was marked.)

15 Q. (BY MS. KLEIN) And it will show up -- it  
16 should show up on your screen in a minute. We're going  
17 to do screen share so that you don't have to worry about  
18 moving things around yourself.

19 But while we do that, if you want to see  
20 another part of a document, please instruct the -- Alexa  
21 to scroll to that part as if you had it in your hand.

22 A. Okay.

23 Q. So do you recognize -- have you ever seen this  
24 document before?

25 A. Not with -- again, this looks similar to the  
Page 19

1 training I had received in 2010.

2 Q. You might have seen a prior version of this?

3 A. That would be my assumption, yes.

4 Q. Okay. And just for the record, this document

5 says, (Reading:) Ken Paxton, the Attorney General of

6 Texas Open Meetings Act Handbook 2023 -- 2022.

7 So you might have seen the 2010 version of

8 this when you had that training?

9 A. Correct.

10 Q. Okay. We can take that document down.

11 Is it correct that each Commissioner's

12 Court meeting has to have time for public comment?

13 A. Yes.

14 Q. Is it your experience that individuals

15 regularly come to Commissioner's Court meetings to

16 provide that public comment?

17 A. It's rare.

18 Q. How often do people come?

19 A. Ten percent of the time, 20 percent of the time

20 maybe.

21 Q. Do they come to speak on specific agenda items?

22 MR. RUSSO: Objection, calls for

23 speculation.

24 THE WITNESS: They --

25 Q. (BY MS. KLEIN) I'll rephrase.

Page 20

1 A. Okay.

2 Q. When they come, in your experience, when you  
3 hear them comment, are the comments related to agenda  
4 items that have been included on the agenda?

5 A. Probably half the time.

6 Q. Okay. The other half, what kind of things do  
7 they comment on when they're not commenting on agenda  
8 items?

9 A. It's really all over the place. Everything  
10 from my husband is having an affair to we want more  
11 water parks. I mean, there's -- there's nothing on the  
12 agenda and they get three minutes to speak about  
13 anything they wish.

14 Q. How far in advance must those notices we talked  
15 to that append the agenda, how far in advance must those  
16 notices be publicly released for regular meetings?

17 A. Seventy-two hours.

18 Q. And is it the same for special meetings as  
19 well?

20 A. It is.

21 Q. This is a minimum time, right?

22 A. This is a minimum time.

23 Q. Has your office ever released notice with more  
24 advance time than the minimum requirement?

25 MR. RUSSO: Objection, calls for  
Page 21

1 speculation.

2 You can answer, if you know.

3 THE WITNESS: It would be unusual because  
4 we're waiting for department heads to get their  
5 information to us. So we're trying to give them all the  
6 time we can to get their items on the agenda.

7 Q. (BY MS. KLEIN) Would your office release  
8 notice without you knowing that they have released the  
9 notice without you approving it, for example?

10 A. I would not think so.

11 Q. So do you think your answer to that was  
12 speculating as to whether the timing of notices were --

13 A. Let me ask -- to clarify the question, are you  
14 saying do they notice meetings without me knowing about  
15 it?

16 Q. Yeah.

17 A. No, they don't do that.

18 Q. Do you see any -- would you see any benefit to  
19 giving more notice for meetings than the 72 hours?

20 MR. RUSSO: Object as vague and ambiguous.

21 You can answer.

22 THE WITNESS: I wouldn't see any benefit to  
23 that.

24 Q. (BY MS. KLEIN) So you wouldn't see any benefit

25 to giving more people time to review the agenda? Page 22

1 A. It's going to come at the expense of department  
2 heads having less time to get things on the agenda.

3 Q. Let's assume there's a time when your  
4 department heads have their acts together, they're  
5 getting you things four or five days ahead of time. The  
6 agenda is set. Would you see a benefit to releasing the  
7 agenda earlier than that 72 hours?

8 A. No.

9 Q. So you don't think that the public would have  
10 more time to, for example, research items on the agenda?

11 A. Three days is a fair amount of time.

12 Q. What about if somebody wants to come to a  
13 meeting, they would have more time to rearrange their  
14 schedules with more notice? You don't agree with that?

15 A. Which is why we have them consistently every  
16 other Monday morning.

17 Q. But special meetings?

18 A. I think you're using special meetings in a  
19 terms that is not really what you mean. Anything other  
20 than the first Commissioner's Court of the month held in  
21 the county seat is a special meeting. We have -- every  
22 two weeks we have court. So every other court is a  
23 special meeting.

24 Q. But you still don't think -- just to clarify,  
25 you still don't think having more time to research an  
Page 23

1 agenda topic, rearrange a schedule if there's something  
2 on the agenda a person wants to come give public comment  
3 on, you don't think more time for notice would give a  
4 benefit to someone wanting to do that?

5 A. It's every other week into perpetuity. I don't  
6 know how much more notice they would need.

7 Q. But they don't know what is actually going to  
8 be discussed until you post that notice; is that right?

9 MR. RUSSO: Object, calls for speculation.

10 THE WITNESS: Probably since, you know, we  
11 don't know.

12 Q. (BY MS. KLEIN) So if somebody doesn't come to  
13 a public meeting every Monday, but they monitor what the  
14 agendas are saying, you don't think there's any benefit  
15 to them seeing what's going to be discussed on a  
16 particular Monday so that they can, for example,  
17 research, rearrange their schedule to go if they have a  
18 job and they want to get off from work, you don't see  
19 any benefit to them having more than 72-hours notice for  
20 that kind of thing?

21 MR. RUSSO: Objection, vague and ambiguous.

22 THE WITNESS: Again, it would come at the  
23 expense of not being able to get other county business  
24 conducted. And three days is what the state says  
25 we're -- we have to give.

1 Q. (BY MS. KLEIN) How would it come at the  
2 expense of getting other county business conducted?

3 MR. RUSSO: Objection, calls for  
4 speculation. It's vague and ambiguous.

5 You can answer.

6 THE WITNESS: We're waiting for the  
7 department heads to get their agenda items on.

8 Q. (BY MS. KLEIN) Assume that all the department  
9 heads have their agendas to you four or five days ahead  
10 of time -- actually, strike that.

11 Assume there's one agenda item and it is  
12 known five days in advance, everything I said before,  
13 somebody wants to see and research the agenda item,  
14 somebody wants to rearrange their schedule to go, you do  
15 not see any benefit in issuing earlier notice for  
16 Galveston residents to be able to prepare and come  
17 provide public notice on an agenda item? You see no  
18 benefit?

19 MR. RUSSO: Object as vague and ambiguous,  
20 Incomplete hypothetical.

21 You can answer.

22 THE WITNESS: I don't see any benefit.

23 Q. (BY MS. KLEIN) Do you ever informally  
24 publicize a meeting before 72 hours?

25 A. I don't know how you would informally notice a  
Page 25

1 meeting.

2 Q. For example, Facebook?

3 A. I don't run a Facebook page, so -- but I don't  
4 think so.

5 Q. Do you have a Facebook page for your official  
6 profile?

7 A. Yes.

8 Q. Who runs that?

9 A. Probably Zach Davidson.

10 Q. Do you decide what's posted on that?

11 A. It would be -- he would just get permission to  
12 make sure that I'm -- but it's going to be such things  
13 as Merry Christmas and have a great Veteran's Day and  
14 those kinds of things.

15 Q. When you say, "get permission," what does that  
16 entail?

17 A. He would say, "Are you going to do a Veteran's  
18 Day post?" And so, of course, I would say yes.

19 Q. Does he show you the post before he makes them?

20 A. Sometimes. Not always.

21 Q. Let's talk a little bit more about your staff.  
22 Who is Zach Davidson?

23 A. He has been the communications manager,  
24 director, whatever, and he is now transitioning into  
25 being the government affairs person.

1 Q. Does he report to you?

2 A. Yes.

3 Q. About how many people report to you?

4 A. Are you talking about directly in my office or  
5 county-wide?

6 Q. Let's start with your office. How many people  
7 report to you directly in your office?

8 A. Approximately seven.

9 Q. Does anybody work in your office that doesn't  
10 report directly to you?

11 A. Yes. Oh, wait a minute. Does anybody work in  
12 my office --

13 Q. Your office that does not directly report to  
14 you?

15 A. The economic director would report to all  
16 Commissioner's Court, not just to me, and he works in my  
17 office.

18 Q. Who are the seven that report directly to you?

19 A. Dianna Martinez, Linda Liechty, Tyler Drummond,  
20 Zach Davidson, Spencer is brand new and I'm forgetting  
21 his last name, Scott Deferry, Chris James, and Richard  
22 Astro, so it'd be eight.

23 Q. What about Jed Webb, the director of government  
24 relations?

25 A. He knows no longer with the county.  
Page 27

1 Q. When he was with the county, did he report to  
2 you?

3 A. Yes.

4 Q. So for those that report to you, do you  
5 directly supervise all of them?

6 A. To the extent they need supervision, yes.

7 Q. Do they act on your behalf ever?

8 A. Probably.

9 Q. So, for example, do they ask for information  
10 from other county departments on your behalf?

11 A. Oh, sure.

12 Q. And what are the circumstances they would do  
13 something on your behalf?

14 A. I don't know. I mean, Tyler is certainly  
15 involved in assisting with the budget, which is a very  
16 complex and time-consuming task.

17 Q. So we talked about your office. Other than  
18 those eight individuals, are there other individuals  
19 that work in your office that don't report directly to  
20 you?

21 A. No.

22 Q. So outside of your office, what were you  
23 referring to when you mentioned there might be people  
24 outside of your office who would report to you?

25 A. Well, we've got approximately 600 employees  
Page 28

1 that report to Commissioner's Court. So as the  
2 presiding officer of the Commissioner's Court, they  
3 would in some capacity report to me.

4 Q. What about the general counsel, Paul Ready,  
5 does he report to you?

6 A. He reports to Commissioner's Court.

7 Q. When somebody reports to Commissioner's Court,  
8 how in your mind is that different from them reporting  
9 directly to you?

10 A. Because I cannot by myself tell Paul to go do  
11 something or anyone who's a Commissioner's Court report.  
12 I need to have that direction from the entire court or  
13 at least the majority of the court.

14 Q. So if you're going to ask Paul to get some  
15 information about something for you, does that ever  
16 happen where you need Paul to get information?

17 A. Sure. But I think just getting information --  
18 any commissioner could ask anyone for information and  
19 they would get that. That's -- that's not giving  
20 direction to go start a project or continue a project.

21 Q. Okay. Are there any other things you could ask  
22 or any commissioner could ask Paul Ready that wouldn't  
23 require everybody to, for example, have a vote, take a  
24 vote on it?

25 MR. RUSSO: Let me just make sure that the  
Page 29

1 witness understands.

2 Don't disclose a specific conversations  
3 between you and Paul such as giving examples in this, so  
4 based on attorney-client privilege. But other than that  
5 you can answer.

6 Q. (BY MS. KLEIN) That's right. I don't want to  
7 know your private conversations with the general counsel  
8 I'm just talking in broad terms here. So broadly  
9 getting information for you is one category. Any  
10 commissioner can ask Paul I heard you say.

11 A. Yes.

12 Q. Is there any broad category that the general  
13 counsel can do for you that any commissioner can ask,  
14 but it doesn't require, you know, a vote, per se?

15 A. Short of just getting some kind of information,  
16 not really. Because if you're -- if you're going past  
17 getting information, it seems to me you're giving  
18 direction and direction would have to come from a  
19 majority of the court.

20 Q. What about sharing information with others?  
21 Can any commissioner ask Paul to share information with  
22 others?

23 A. If it wasn't privileged or in somehow  
24 detrimental to the county's best interest, I suppose.

25 Q. Have you ever done that, to your knowledge?  
Page 30

1 A. Have I ever done what?

2 Q. Asked Paul Ready to share information with  
3 someone?

4 A. I'm sure I have relating to probably various  
5 lawsuits.

6 Q. So is it fair to say in general -- going back  
7 to those eight people that report to you, is it fair to  
8 say those eight individuals work at your direction?

9 A. Yes.

10 Q. Is there any circumstance when they wouldn't be  
11 working at your explicit direction in their official  
12 capacities?

13 A. I guess I wouldn't know that. I mean, I would  
14 not know if they're doing something I didn't ask them to  
15 do.

16 Q. Yeah. Are you worried that that's happening or  
17 do you feel confident?

18 A. Not with my current staff, I wouldn't think I  
19 would have a problem.

20 Q. Are you -- do they keep you updated on their  
21 work on a regular basis?

22 A. To the extent that they have something that  
23 requires updating, yes. But, you know, administrative  
24 assistant is largely processing payments and vouchers  
25 and things like that.

1 Q. How do they keep you updated when they have to  
2 update you?

3 A. Usually, they see me in the office. We're all  
4 right there in a very small office.

5 Q. Do they ever do it by email?

6 A. I suppose they could. It's -- that's not  
7 common, but I suppose they could.

8 Q. Have they even a little bit?

9 A. Ever? I'm sure they have at some point.

10 Q. I know it's hard. We're talking in  
11 generalities. I just want to get a sense of how your  
12 office works.

13 What about text, do they ever text your  
14 private phone with updates?

15 A. They on occasion would text and say call me  
16 when you're free.

17 Q. So which of your staff, if any, assisted with  
18 the redistricting of Commissioner's Courts that occurred  
19 in 2021?

20 A. In the --

21 Q. Sorry, Commissioner Court precincts in 2021,  
22 excuse me.

23 A. You mean the specific process of the  
24 redistricting? I don't think any of them would have  
25 been assisting in that.

1 Q. Not drawing the lines but coordinating the  
2 entire process; setting up the meetings, you know,  
3 retaining counsel if you retain counsel, those  
4 administrative things I'm talking about.

5 A. Tyler Drummond would have been helpful in that.  
6 And I do not -- since Jed is gone, I don't recall what  
7 his role was, if he even had one, so I wouldn't be able  
8 to help with what Jed did or didn't do.

9 Q. What about your -- you mentioned Dianna  
10 Martinez, did she help with the administrative tasks  
11 relating to the 2021 redistricting of commissioner  
12 precincts?

13 A. She may have. It probably would have been more  
14 Linda just because she's in the exact same office as --  
15 Dianna -- oh, and I forget about Veronica. So I have  
16 another reportee, Veronica. They're on the island and  
17 the rest of us are on the mainland, so the rest of us,  
18 you know, see each other every day.

19 Q. Where is your office on the mainland?

20 A. In League City.

21 Q. So who is on the mainland? And I mean, -- I'm  
22 sorry, the island you mean Galveston, right?

23 A. Correct.

24 Q. But who's on Galveston?

25 A. Dianna and Veronica.

1 Q. Why are they in a different building?

2 A. That's the county seat. That's where we have  
3 the regular Commissioner's Court and that's where their  
4 offices are. They just always have been.

5 Q. And how did your offices come to be in League  
6 City, you said?

7 A. Yes. We've had an office in League City for  
8 eight years or more.

9 Q. How did you come to have an office in League  
10 City?

11 A. Because I could tell that request for meetings  
12 when given an option, it was overwhelming that North  
13 County was where people preferred to meet.

14 Q. How did you -- can you give me more detail as  
15 to how you came to that understanding?

16 A. Just by request. When someone -- you know, we  
17 meet with people all the time, engineers, architects,  
18 all kinds of people, and we would say what's most  
19 convenient for you and they would say something up  
20 north.

21 So we're going way back now. But in '11  
22 or '12 probably we had a vacant office in the Calder  
23 annex, which is a county building, and so we kind of  
24 took over that office, and it very quickly became the  
25 preferred location for meetings.

1 Q. And when you say, "the preferred location," are  
2 you speaking of vendors that work for the county?

3 A. Some would be vendors. Some would be  
4 department heads, some would be constituents. So, you  
5 know, we meet with virtually anybody that wants to meet.

6 Q. Talk to me about constituents and this meeting  
7 location. How did you come to understand whether  
8 constituents preferred the League City office?

9 A. We just asked where would you prefer to meet.

10 Q. How did you ask?

11 A. How? Where would you prefer to meet?

12 Q. So when somebody wanted to meet with you, you  
13 would ask them?

14 A. What's most convenient for you, yes.

15 Q. And you noticed over time more of the people  
16 that wanted to meet with you preferred the main land?

17 A. Not that much time, very quickly, yes.

18 Q. So going back to -- I guess it's nine now  
19 people that report to you? Do you recall if any of them  
20 were around for the redistricting of commissioners'  
21 precincts in 2011?

22 A. Veronica would have been with the county, but  
23 at that time she would have been in county legal. I  
24 think Dianna worked for me then, Zach didn't, and the  
25 rest of them would not have.

1 Q. I'm going to switch gears here and ask you a  
2 little bit about your political career.

3 You first ran for political office in 2003  
4 for Congress, right?

5 A. Correct.

6 Q. And you ran as a Republican?

7 A. I did.

8 Q. You were heavily involved in Galveston County  
9 Republican Party at that time; is that correct?

10 A. A little bit before and a lot after.

11 Q. How did -- how did -- what was your involvement  
12 after you ran for Congress?

13 A. In Galveston County? I became precinct chair.  
14 I volunteered for any candidate who wanted to volunteer  
15 and just did everything I could.

16 Q. And then a few years later in 2010 you ran for  
17 county judge the first time, correct?

18 A. Correct.

19 Q. And you ran as a Republican?

20 A. Correct.

21 Q. And you won?

22 A. I did.

23 Q. Do you remember if Commissioner's Court  
24 redistricting was part of your campaign platform in  
25 2010?

1           A. I would be surprised if I even knew that was a  
2 thing in 2010.

3           Q. Okay. I am going to jog your memory a little  
4 bit --

5           A. Okay.

6           Q. -- because this is not a memory test and I'm  
7 asking about stuff that happened a long time ago.

8                   MS. KLEIN: So Alexa, if we can could pull  
9 up Tab 12.

10                           (Exhibit No. 2 was marked.)

11           Q. (BY MS. KLEIN) This is one of the 20 depositions  
12 that you gave, the depositions you gave. It's the 2013  
13 deposition in the Petteway litigation, and we're going  
14 to take it to --

15                   MR. RUSSO: The first Petteway litigation.

16                   THE WITNESS: Yeah.

17           Q. (BY MS. KLEIN) The first Petteway litigation.

18                   MS. KLEIN: We're going to take it to  
19 Page 20 of that transcript, Alexa, when you have it up.

20                   THE WITNESS: Is Alexa a person or is that  
21 that program? I really don't know. Is that a program  
22 or a person?

23                   MS. KLEIN: It is a person --

24                   THE WITNESS: Okay.

25                   MS. KLEIN: -- and she just has a very nice

1 name --

2 THE WITNESS: Okay.

3 MS. KLEIN: -- for this purpose.

4 Q. (BY MS. KLEIN) So we'll go to Page 20 around  
5 line 11.

6 MR. RUSSO: How do I tell what page I'm on?  
7 Are we all seeing the same page?

8 MS. KLEIN: We're all seeing the same  
9 thing. And in the top corner you can see 20.

10 Q. (BY MS. KLEIN) So the -- actually start at  
11 Line 8. And I'll just read it out for you.

12 The question: Did you advocate during your  
13 campaign any specific ideas on you would want to  
14 redirect Commissioner's Court?

15 And the answer: Only to make it more  
16 fairly representative. Had been told and was -- and  
17 later confirmed that in 2001 they had packed Precinct 4  
18 with so many -- which it's largely Republican in  
19 Precinct 4, -- but they were out of balance within  
20 months after passing the plan.

21 Do you remember giving this deposition?

22 A. Specifically, no. But that sounds like  
23 something I would say. So I can say yes.

24 Q. Okay. So this -- so this has jogged your  
25 memory a bit?

1 A. Yes.

2 Q. Okay. Great.

3 MS. KLEIN: You can take it down, Alexa.

4 Thank you.

5 Q. (BY MS. KLEIN) So I'll ask you that question  
6 now that your -- again, not a memory test.

7 So Commissioner's Court redistricting was  
8 part of your campaign platform when you ran in 2010,  
9 right?

10 A. I don't --

11 MR. RUSSO: Object. It misstates the  
12 record.

13 But you can answer.

14 THE WITNESS: Yeah, I don't -- my belief  
15 and guess at this point would be that this was told to  
16 me by Commissioner Clark and that -- again, I don't  
17 think I campaigned on that in 2010. But I may have. I  
18 just don't think I did. I don't think I knew enough to  
19 know that. But I did know that they redistricted  
20 Precinct 4 to be barely within limits and out of balance  
21 very quickly.

22 Q. (BY MS. KLEIN) If you had been asked at that  
23 time by -- do you remember being asked by any  
24 constituents at that time about the Commissioner's  
25 Court?

1 A. In 2010?

2 Q. Yeah.

3 A. No.

4 Q. So do you think your testimony that we just  
5 read was incorrect?

6 A. What was the date of that testimony?

7 MS. KLEIN: Alexa, can we pull that up  
8 again?

9 Q. (BY MS. KLEIN) It was in 2013, but I do not  
10 know specifically.

11 A. Oh, okay. That makes sense. I had had a lot  
12 of time to go over information from 2010 to 2013.

13 Q. Right. But the question --

14 A. This is 2013.

15 Q. Sorry, I don't mean to talk over you.

16 MS. KLEIN: Alexa, can you keep it up,  
17 please?

18 THE WITNESS: Can we go to the page before  
19 this one?

20 Q. (BY MS. KLEIN) Yeah, let's -- yeah,  
21 absolutely. Page 19. So this is taken in 2013. What's  
22 the last campaign before this deposition --

23 A. 2010.

24 Q. -- you would have ran?

25 A. 2010.

Page 40

1 Q. Okay. So we can keep scrolling up in the  
2 deposition transcript.

3 A. Justice of the peace here that I'm seeing here  
4 on that page.

5 Q. But I'm fairly confident the questioning was  
6 about that campaign. I mean, you talked about --

7 A. JP courts absolutely. I definitely campaigned  
8 on reducing the number of justice of the peace courts.

9 Q. Okay. Let's scroll back down to page 20,  
10 please.

11 So you agree this testimony is about the  
12 2010 campaign?

13 A. In 2010 I campaigned on reducing the number of  
14 justice of the peace courts.

15 Q. Okay. The question on Page 20, which is the  
16 one visible, Line 8, (Reading:) Did you advocate during  
17 your campaign any specific ideas on you would want to  
18 redistrict Commissioner's Court?

19 A. Apparently, at that time I thought so, but I  
20 don't recall that in 13 years ago.

21 Q. Do you think your memory would be better now or  
22 better in 2013 about your 2010 campaign?

23 MR. RUSSO: Object, calls for speculation.

24 THE WITNESS: Probably in 2013.

25 Q. (BY MS. KLEIN) So do you have any reason to  
Page 41

1 think your answer here was wrong other than the fact  
2 that right now you can't recall it?

3 A. No, I can't recall it. And this would have  
4 been probably input from Commissioner Clark.

5 Q. Okay.

6 MS. KLEIN: You can take it down.

7 Q. (BY MS. KLEIN) So you won again in 2014, 2018,  
8 and then, congratulations, this past 2022, right?

9 A. Correct.

10 Q. And it's correct, then, in all of these  
11 campaigns you identified as a Republican when you ran?

12 A. Right.

13 Q. So fair to say that you have identified as a  
14 Republican your entire political career?

15 A. Entire life, yes.

16 Q. Entire life. Okay.

17 Turning to your 2018 campaign, was  
18 Commissioner's Court redistricting part of your 2018  
19 campaign platform?

20 A. No.

21 Q. Do you recall if you mentioned it in any of  
22 your campaign events?

23 A. No.

24 Q. What about one-on-one conversations with  
25 constituents?

1 A. Not that I recall.

2 Q. Any -- in any campaign material sent to voters?

3 A. No.

4 Q. So by my count, you've run in four Galveston  
5 county-wide elections, right?

6 A. Yes, correct.

7 Q. Do you remember your margins of victory in  
8 these elections?

9 A. 2010 was 60/40. Now, these are numbers that  
10 may have been adjusted slightly after some mail-in  
11 ballots, but for the most part 60/40 in 2010, 66/34 in  
12 2022.

13 Q. 66, probably since COVID that kind of margin,  
14 right?

15 A. I agree.

16 Q. Okay. Do you think that 66 percent from the  
17 2022 election aligns with the partisan makeup of the  
18 county?

19 A. Probably.

20 Q. Why do you think probably?

21 A. People had a choice. So I mean, I had an  
22 opponent that ran as a Democrat so they had a choice and  
23 they selected me.

24 Q. Who do you consider to be your core supporters  
25 in the county when you run in county elections?

1 MR. RUSSO: Object, vague and ambiguous.

2 You mean today?

3 Q. (BY MS. KLEIN) Today.

4 A. Certainly, I would hope to have the votes of  
5 most Republicans, but I would also like to earn the  
6 votes of Democrats.

7 Q. But as far as the votes you actually get, who  
8 in general, are your core supporters that are -- how  
9 would you characterize the supporters that have  
10 consistently -- let's put it this way. Strike that.

11 How would you describe the Galveston County  
12 residents that have continued to vote for you from 2010  
13 all the way to 2022 in those four elections?

14 A. How do I characterize them?

15 Q. How would you describe them?

16 A. I don't know them all. I mean, 85,000 people  
17 voted. I may have met two or 3,000 of them.

18 Q. Of those two or 3,000?

19 A. I would say that they're fairly conservative,  
20 working, raising kids parents, wanting a good school,  
21 you know, good government.

22 Q. What -- what about -- you've met with those two  
23 or 3,000 in person, right?

24 A. Sure. I'm sure I've met at least that many  
25 people, yes.

1 Q. How would you characterize them in terms of  
2 demographics and specifically race?

3 A. All, I mean, really all.

4 Q. Any equal portions?

5 MR. RUSSO: Object to speculation.

6 THE WITNESS: I don't remember that.

7 Q. (BY MS. KLEIN) Would you agree they're  
8 predominantly White?

9 A. More than -- I wouldn't say predominantly.  
10 More than 50 percent, probably.

11 Q. More than 60 percent?

12 A. Don't know.

13 Q. What about their partisan affiliation, are you  
14 aware of generally whether they have a certain partisan  
15 affiliation?

16 A. They are generally Republican, but I know for a  
17 fact I had quite a few Democrats tell me they voted for  
18 me.

19 Q. In your experience have you received support  
20 from Galveston's Black community in your elections for  
21 county judge?

22 MR. RUSSO: Objection, vague and ambiguous.

23 THE WITNESS: Not without really knowing.

24 Q. (BY MS. KLEIN) You don't know who ends up  
25 supporting you in elections?

Page 45

1 A. No. How would you know?

2 Q. Do you receive endorsements?

3 A. From the Police Officers Associations.

4 Q. Have you ever received endorsements from any  
5 prominent Black leaders in Galveston?

6 A. Not that I'm aware of.

7 Q. Do you seek those endorsements?

8 A. I don't -- I don't generally seek any  
9 endorsements. I will take them if they have given  
10 unless they are objectionable. But we -- we did ask for  
11 League City POA's endorsement. I think we asked for  
12 Texas City POA.

13 Q. POA is Police --

14 A. Police Officers Association.

15 Q. Thank you. To your knowledge, have you ever  
16 received an endorsement from any leader from the Black  
17 community?

18 A. No, to my knowledge. No.

19 Q. What about the Latino community, in your  
20 recollection, have you ever received an endorsement from  
21 a leader from the Latino community?

22 A. I do not recall one.

23 Q. Okay. I'll ask you the same questions about  
24 the Latino community. In your recollection have you  
25 generally received support from Galveston's Latino

1 community in your elections for county judge?

2 A. Don't know.

3 MR. RUSSO: Object as to vague and  
4 ambiguous.

5 Q. (BY MS. KLEIN) Have you ever actively pursued  
6 support, whether it be financial, endorsements, or  
7 invitations to events from people in the Black or Latino  
8 community in Galveston?

9 A. I think I have an answer, but I need to hear  
10 the question again. What was the question?

11 Q. Sure. In your elections for county judge --

12 A. Yes.

13 Q. -- have you received support, for example, in  
14 the form of endorsements, financial support, invitation  
15 to speaking events from members of the Black or Latino  
16 community?

17 MR. RUSSO: Objection, calls for  
18 speculation.

19 THE WITNESS: The only thing I can recall  
20 at the moment is that I was pretty active in what's  
21 called Senior Share, which is a largely Black event in  
22 Texas City. I donated quite a few televisions to be  
23 raffled off or given away, actually, just by a drawing.

24 I was probably involved in that six times.

25 As I recall, they held it twice a year, summertime and  
Page 47

1 Christmastime. They stopped for COVID and I don't -- to  
2 my knowledge, have not started back up again.

3 Q. (BY MS. KLEIN) What about from other  
4 organizations outside of the Black and Latino community,  
5 are there any organizations in your runs for county  
6 judge that have consistently supported you in the form  
7 of, for example, financial donations, invitations to  
8 speaking events, endorsements?

9 A. The Republican --

10 MR. RUSSO: Object to speculation.

11 Go ahead.

12 THE WITNESS: The Republican's women's  
13 group is all I can think of.

14 Q. (BY MS. KLEIN) What about the chamber of  
15 commerce?

16 MR. RUSSO: Object as vague and ambiguous.

17 THE WITNESS: Not to get too far afield  
18 here, the chambers of commerce have come and gone so  
19 quickly, it's hard to keep up with them. So the  
20 chambers that I was a member of in 2010 are all  
21 different now.

22 So I think the chambers would say they're  
23 not a political organization, but, again, they're --  
24 they come and go so quickly it's hard to keep up with  
25 them.

1 Q. (BY MS. KLEIN) Any other organizations where  
2 you remember going to a speaking event during an  
3 election campaign season?

4 A. Organizations? In 2010 I think there was a Tea  
5 Party rally at the dog track maybe. That's about all I  
6 can think of.

7 Q. So as a lifelong member of the Republican  
8 Party, are you familiar with the 2022 Texas statewide  
9 Republican platform?

10 THE REPORTER: Can you repeat that? I  
11 couldn't hear. There was coughing.

12 MS. KLEIN: Sure. Happy to.

13 Q. (BY MS. KLEIN) So as a lifelong member of the  
14 Republican party, are you familiar with the 2022 Texas  
15 statewide Republican platform?

16 A. No. I know it exist. I'm not -- I couldn't  
17 cite it.

18 Q. So can you tell me whether that platform  
19 accurately reflects your political positions?

20 MR. RUSSO: Objection, calls for  
21 speculation.

22 THE WITNESS: Since I don't know what it  
23 is.

24 Q. (BY MS. KLEIN) Let's turn back to talking  
25 about Galveston County. How do you generally engage  
Page 49

1 with your constituents?

2 A. We -- we're accessible. We -- certainly easily  
3 to find us. We engage generally when someone asks to  
4 engage with us.

5 Q. When you say, "we," are you talking about the  
6 Commissioner's Court generally?

7 A. Everyone, sure. Certainly my office is  
8 available.

9 Q. Other than folks coming out to speak with you,  
10 asking to speak with you, is there any way you  
11 affirmatively try to engage constituents?

12 A. We have tried a couple of -- this goes back  
13 many years ago, a couple of Facebook posts of which we  
14 got trolled and which I said, well, I don't think that's  
15 really worth the -- the pain it's causing us.

16 Q. What about in person, do you ever hold events  
17 other than your regular and special meetings where  
18 constituents can come and talk with you?

19 A. Yes, I have a Fall Festival every fall which is  
20 open to the public and totally free.

21 Q. Any other events?

22 A. No, that's it. As far as an ongoing event.

23 Q. Where does the Fall Festival happen?

24 A. Walter Hall Park.

25 Q. Where is Walter Hall Park?

Page 50

1 A. On Highway 3 in League City.

2 Q. Do you have any other events in Galveston City?

3 A. City of Galveston, no.

4 Q. Bolivar Peninsula?

5 A. No.

6 Q. To your knowledge, do you have -- are you

7 familiar with -- are you familiar with Galveston City?

8 A. Sure.

9 Q. How are you familiar with?

10 A. It's the county seat.

11 Q. Are you familiar with it geographically?

12 A. Yes.

13 Q. What about the kinds of people that are living

14 there?

15 A. The kinds of people that are living in the city

16 of Galveston?

17 Q. Income level, for example?

18 A. Depends on where on the island you're talking.

19 On the west end it's going to be high. On parts of the

20 east end, it's going to be more modest.

21 Q. What about Bolivar Peninsula, are you familiar

22 with Bolivar Peninsula?

23 A. I am.

24 Q. Can you tell me about the kinds of people

25 living there?

1 MR. RUSSO: Objection, vague and ambiguous.

2 THE WITNESS: People who don't want to pay  
3 city taxes but want city services.

4 Q. (BY MS. KLEIN) Okay. What about income levels  
5 on Bolivar Peninsula?

6 A. I would think they're -- I don't know. I would  
7 think they're pretty respectable based on what it  
8 probably costs to live there.

9 Q. So respectable you would mean on the high end?

10 A. On middle to upper, yes.

11 Q. What about Freddiesville?

12 MR. RUSSO: I'm sorry. What did you say?

13 THE WITNESS: Freddiesville, it's an  
14 unincorporated part of Santa Fe.

15 I do not know much about the income level  
16 of Freddiesville.

17 Q. What about Santa Fe?

18 A. Yes, very familiar with Santa Fe.

19 Q. What's the income level of that area?

20 MR. RUSSO: Objection, calls for  
21 speculation.

22 THE WITNESS: I have no way of knowing.  
23 But, I mean, based on the size of the lots there, again,  
24 I'm going to assume that it's middle to upper.

25 Q. (BY MS. KLEIN) La Marque?  
Page 52

1 A. Yes.

2 Q. What's the income level of folks, to your  
3 knowledge?

4 A. No idea.

5 Q. Texas City?

6 A. Same as somewhere else -- same as Galveston.  
7 Parts of Texas City are probably economically depressed.  
8 Parts of Texas City are very affluent.

9 Q. League City?

10 A. League City is a bedroom community, it's going  
11 to generally be on the middle to upper end.

12 Q. And what about Dickinson?

13 A. Dickinson, same as Texas City, parts are going  
14 to be somewhat more modest and somewhat -- some other  
15 parts are going to be better off.

16 Q. What about the democratic -- demographic,  
17 excuse me, makeup of these neighborhoods? Are you  
18 familiar with the race or ethnicity that's predominant  
19 in these different neighborhoods?

20 A. I mean, not specifically, no.

21 Q. What about generally?

22 A. Generally speaking, Santa Fe is probably going  
23 to be mostly Caucasian, similar in League City. There's  
24 going to be a higher African American population in  
25 Hitchcock, La Marque, parts of Galveston, parts of Texas

1 City. Is that all you asked about? Does that cover  
2 every place you asked about?

3 Q. Bolivar Peninsula?

4 A. Bolivar is going to be mostly White.

5 Q. Freddiesville?

6 A. Freddiesville -- Freddiesville is a place I  
7 don't get too very often, so I don't know much about  
8 Freddiesville.

9 Q. La Marque?

10 A. La Marque is probably more African American.

11 Q. And Dickinson?

12 A. Dickinson -- Dickinson is probably somewhat  
13 half and a half. It's probably one of the more diverse  
14 cities.

15 Q. I mean, you see demographic data as part of  
16 your role as county judge, the presiding officer of the  
17 county, right?

18 A. Honestly, I see it when we're doing  
19 redistricting as it's presented to me and that's about  
20 it.

21 Q. Okay. I would like to just pull up a document.  
22 This is Tab 108. We're going to mark this as Exhibit 2,  
23 I guess? 3. 2 was the deposition transcript.

24 (Exhibit No. 3 was marked.)

25 Q. (BY MS. KLEIN) So Judge, do you recognize this  
Page 54

1 document?

2 A. Well, I know. I mean, I don't remember if  
3 that's what you you're asking. But it's an email  
4 from -- let's see, from Commissioner Holmes to me.

5 Q. And the lower chain?

6 A. And the lower chain would be from me to  
7 Commissioner Holmes.

8 Q. And it's Friday, February 1, 2013?

9 A. That's what it says, yes.

10 Q. And I'll just represent to you this is a  
11 document produced by your counsel in this matter, and  
12 you can tell that if you scroll to the bottom.

13 MS. KLEIN: Alexa, if you could scroll to  
14 the bottom.

15 Q. (BY MS. KLEIN) And you'll see there's this  
16 number DFS --

17 A. Yes.

18 Q. Yeah, okay. So I'll represent to you this was  
19 produced. Any reason you don't think this is an email  
20 that you actually exchanged with Commissioner Holmes?

21 A. No, it doesn't. No.

22 Q. Okay. The lower chain says, you're saying,  
23 (Reading:) This should be the demographic data. Please  
24 let me know if you have enough time to review or need us  
25 to defer.

Page 55

1 Do you remember the context of you sending  
2 this email to Commissioner Holmes?

3 A. Definitely not.

4 Q. Okay. This is an example, though, of when you  
5 might have seen demographic data, right?

6 A. It would -- it would appear so, yes.

7 Q. Okay. Do you know why this lower chain does  
8 not -- might not have been produced by your counsel in  
9 this matter?

10 MR. RUSSO: Objection, calls for  
11 speculation.

12 THE WITNESS: No way of knowing.

13 Q. (BY MS. KLEIN) So going back to the  
14 neighborhoods, you know, we talked about the income  
15 level by neighborhood. We talked about the demographic  
16 makeups of different neighborhoods in Galveston.

17 Is it fair to say that in general the Black  
18 and Latino communities in Galveston live in the poorer  
19 areas than the White communities which live in the  
20 wealthier areas like Santa Fe, for example?

21 MR. RUSSO: Objection, calls for  
22 speculation.

23 THE WITNESS: I don't know.

24 Q. (BY MS. KLEIN) You haven't noticed any  
25 patterns matching up the income levels that we talked  
Page 56

1 about before with the --

2 A. If I have, I don't remember seeing them.

3 Q. So going back to the county events, you  
4 discussed your Fall Festival. Does the county in  
5 general hold other events that you also attend?

6 A. Does the county in general hold events? The  
7 county generally doesn't sponsor events of any kind.

8 Q. So going back to the official Facebook profile  
9 we talked about before, that is still active, correct?

10 A. My official Facebook, I assume it is.

11 Q. What is it used for, to your knowledge?

12 A. To post information. It's -- it is far more  
13 used during a hurricane event or some kind of disaster,  
14 natural disaster, something like that.

15 Q. And unfortunately, that's not too rare around  
16 here.

17 A. Unfortunately, it's not too rare.

18 Q. Do you view the comments on those?

19 A. I don't.

20 Q. You mentioned posting about holidays. What  
21 kind of holidays does your staff post?

22 A. Everything. We just posted an MLK Day  
23 greeting. So we post for any recognized holiday for a  
24 couple of reasons. First, to hope everyone has a good  
25 holiday. But secondly, to let them know that county

1 offices would be closed on a county holiday.

2 Q. So 4th of July, for example?

3 A. Yes.

4 Q. And then the Texas Independence Day, San  
5 Jacinto Day?

6 A. Yes.

7 Q. What about Juneteenth?

8 A. Yes. But we only adopted that -- was that last  
9 year, '21 or '22.

10 Q. Are you certain about that?

11 A. I'm certain that we just recently adopted that  
12 as a county holiday. No, I'm not certain exactly which  
13 year it was.

14 Q. Are you certain that you post on your Facebook  
15 about it?

16 A. Yeah -- well, it would be a new one. So I  
17 don't -- no, I'm not certain. I do not maintain the  
18 page.

19 Q. Okay. Would you -- let's actually just bring  
20 up the page.

21 MS. KLEIN: I'm going to call up  
22 Document 87, Alexa. Easier to talk when you have a  
23 document in front of you, I think.

24 Q. (BY MS. KLEIN) So this is going to be a  
25 capture -- I'll represent this is going to be a capture  
Page 58

1 made recently for June to July of 2022. Are you aware  
2 of what day Juneteenth holiday happens?

3 A. No. And I don't see anything on the screen.

4 Q. I think it's coming. It might take a little  
5 time to load because it has a lot of graphics.

6 Does Juneteenth happening on or around  
7 June 19th, 18th?

8 A. Oh, I'm sorry. Yeah, I thought you meant what  
9 the county holiday -- what the day of the county holiday  
10 was.

11 Q. Yeah. Happens mid June, correct?

12 A. Right.

13 Q. And do you recall that President Biden in 2021  
14 made it a national holiday?

15 A. No.

16 Q. But you are aware that it got added recently?

17 A. Yes.

18 Q. Okay. So this is this last year 2022 --

19 MS. KLEIN: And Alexa, if you could zoom in  
20 just a little bit. So -- great.

21 Q. (BY MS. KLEIN) So this one starts if you  
22 scroll down to -- and we'll mark this as Exhibit 4.

23 (Exhibit No. 4 was marked.)

24 MS. KLEIN: There's July 26th. Keep  
25 scrolling down, please, Alexa.

1 Q. (BY MS. KLEIN) There's -- you see that's the  
2 4th of July post?

3 A. Where am I looking?

4 Q. The middle of the screen.

5 A. I see a picture of a flag. Is that the 4th of  
6 July post?

7 Q. Yeah. Can you see the writing above it?

8 A. Yes.

9 Q. (Reading:) Today we celebrate the ideals of  
10 life, liberty and the pursuit of happiness.

11 And it's made on July 4th, right?

12 A. Yes.

13 Q. Okay. So this is something your staff says,  
14 hey, can I post July 4th and you say sure?

15 A. Yes.

16 MS. KLEIN: Scroll down. And then we see  
17 June 30th. Keep scrolling. Keep scrolling, please.  
18 Now we're on page -- looks like we're on -- and you can  
19 keep scrolling. A lot of weather posts here. We were  
20 talking about that earlier. Keep scrolling until we get  
21 to June 7th.

22 Q. (BY MS. KLEIN) Did you see any Juneteenth post  
23 in that time?

24 A. No.

25 Q. Okay.  
Page 60

1 MS. KLEIN: Keep scrolling, Alexa, please.

2 Q. (BY MS. KLEIN) But then we go all the way to  
3 May 29th. Do you see that post?

4 A. I see May 30th.

5 Q. And what is the post on May 30th about?

6 A. Memorial Day.

7 Q. Okay. So fair to say you did not see a  
8 Juneteenth post last year?

9 A. That is correct.

10 Q. What about other holidays like Cinco de Mayo?

11 A. I don't know. I mean, with respect to  
12 Juneteenth, it's just -- it's not very often we add a  
13 new holiday. So I can see that as just an oversight on  
14 my staff's part.

15 Q. But you never specifically asked them to post a  
16 celebratory message about Juneteenth?

17 A. Or prohibit it either, no.

18 Q. So in late -- strike that.

19 Okay. We talked a little bit about the  
20 partisan overall makeup of the county. Are you -- do  
21 you ever receive election precinct results for general  
22 elections as part of your role as county judge?

23 A. Do I receive them as my role of county judge,  
24 no. Would we -- would we probably look at them as an  
25 elected official, I mean, you know, as having just run a

1 campaign, probably.

2 Q. Okay. So it wouldn't surprise you if you were  
3 sent to your email the election precinct results for  
4 general and primary elections?

5 A. It would surprise me because that would not be  
6 normal.

7 Q. Really?

8 A. For the -- you're talking about the precinct  
9 breakdown after the general election?

10 Q. Yes.

11 A. It would be -- I don't -- it would be unusual  
12 for me to have those e-mailed to me. I would not have  
13 any need for them.

14 Q. Okay. So you don't remember viewing them?

15 A. I have not viewed them. Are you talking about  
16 2022's election? I have not viewed them.

17 Q. Okay. What about November 2020?

18 A. November of 2020, I doubt it. What was that?  
19 Was that a presidential year? No, that was -- 2020?  
20 Yeah, that was a presidential year. So no, I wouldn't  
21 have reviewed them.

22 MS. KLEIN: Okay. We can take down this.  
23 Let's just call up Tab 20, Alexa, please.

24 (Exhibit No. 5 was marked.)

25 Q. (BY MS. KLEIN) Do you recognize this document?  
Page 62

1 A. Yes.

2 Q. What is it?

3 A. The county clerk has emailed me the election  
4 night results. I don't know why.

5 Q. Do you recall if you clicked on the link?

6 A. I would be surprised if I did. I wasn't on the  
7 ballot.

8 Q. Okay.

9 MS. KLEIN: All right. You can take it  
10 down.

11 Q. (BY MS. KLEIN) So I just want to briefly talk  
12 about a few policy decisions you've made during your  
13 tenure as county judge.

14 A. Yeah.

15 Q. The first one I would like to ask you about is  
16 issues at the border wall. Do you remember voting to  
17 send 1.8 million of Galveston's COVID relief money to  
18 the border wall in 2021?

19 A. I did.

20 Q. Does Galveston have a border -- a land border  
21 with Texas -- with Mexico? Pardon me.

22 A. Galveston County does not, no.

23 Q. Okay. Do you remember how many of the  
24 commissioners on the Commissioner's Court voted in favor  
25 of that allocation?

1 A. Off the top of my head, no. It was either --  
2 including me, it was either three or four.

3 Q. Okay. If it was only three, who would have  
4 voted against it?

5 A. Commissioner Holmes.

6 Q. I mean, budgets are often unanimously passed in  
7 Galveston, correct?

8 A. Budgets are unanimously passed, yes.

9 Q. It wouldn't surprise you if this vote for that  
10 1.8 million was 3-1 with Commissioner Holmes against?

11 A. No, I think that's correct.

12 Q. And do you know why he voted against it?

13 A. I do not.

14 Q. Is it reasonable -- would it be reasonable in  
15 your mind that he voted against it because his  
16 constituents in Precinct 3 did not favor that  
17 allocation?

18 A. I don't know.

19 Q. And that money came from the COVID relief  
20 package that Galveston received, correct?

21 A. Yes. Well, it didn't actually get spent, but  
22 that would have been the plan at that time.

23 Q. Okay. And did -- are you aware whether COVID,  
24 the COVID pandemic hit certain communities in Galveston  
25 harder than others?

1           A. I am not. Although, I know we were modelled  
2 for vaccines and for testing.

3           Q. That relief package was to pay for manpower to  
4 be sent to the border; is that right?

5           A. Expenses associated with adding protection at  
6 the border.

7           Q. Right. That 1.8 million is what I was  
8 referring to.

9           A. Okay.

10          Q. That was sent -- that was for expenses to be  
11 sent for manpower to go to the border?

12          A. It wasn't spent, but, again, yes.

13          Q. Okay, allocated. Thank you for clarifying.

14                        Do you remember who went down to the  
15 border?

16          A. It's ongoing even today. The deputy constables  
17 and deputy sheriffs, and we've had a few municipal  
18 police officers go, not many but some.

19          Q. Do the constables and sheriffs from every  
20 precinct participate in that?

21          A. I do not know. No, I don't think Constable  
22 Precinct 1 participated and I don't think Constable  
23 Precinct 3 participated.

24          Q. Do you remember if anyone representing  
25 Galveston's Latino community came before you to oppose  
Page 65

1 that 1.8 million allocation?

2 A. I don't remember.

3 Q. Turning to another decision, in 2020 you  
4 opposed the removal of a Confederate statue called the  
5 Dignified Resignation that is in front of the Galveston  
6 County Courthouse, correct?

7 A. The removal of the statue, probably, yes.

8 Q. Okay. You actually had previously voted to  
9 renovate and rededicate that statue, correct?

10 A. Was that from 2011 or 2012?

11 Q. It was before 2020.

12 A. Okay. Then that would -- most likely, yes.

13 Q. And in 2020 Stephen Holmes, Commissioner  
14 Holmes, proposed a vote to remove that Dignified  
15 Resignation statue, correct?

16 A. I believe that's correct.

17 Q. Are you aware of whether any Galveston  
18 residents were calling for its removal?

19 A. I do not remember.

20 Q. And do you remember whether that came up -- his  
21 proposal for a vote was ever seconded?

22 A. I don't -- I don't think it was, but I don't  
23 remember for sure.

24 Q. But there was never a vote on that issue,  
25 right?

1 A. I don't remember. If it didn't get seconded,  
2 there was no vote.

3 Q. Okay. Did anyone from the African American  
4 community come before you to oppose or to advocate for  
5 its removal, to your knowledge?

6 A. I don't remember.

7 Q. Do you think it should be removed?

8 A. The statute itself, no.

9 Q. Why not?

10 A. It's part of history. I mean, the plaque was  
11 removed and placed in a museum, as I recall. But let me  
12 go back to Commissioner Holmes for a minute.

13 Very unusual for this guy who's very smart  
14 to not have a plan on what to do with the statue. He  
15 just wanted it removed. No idea how to pay for it. No  
16 idea where it is going. So that was kind of unusual for  
17 Commissioner Holmes.

18 Q. Do you know why he wanted it removed?

19 A. No. I mean, you have to ask him.

20 Q. All right. Turning to language access, fair to  
21 say there are folks that speak Spanish as a primary  
22 language in Galveston?

23 A. Probably.

24 Q. Have you made any efforts to expand Spanish  
25 language access to county information?

1           A. I do not know. We -- I mean, the state  
2 dictates what we're required to provide in Spanish and  
3 we comply with that.

4           Q. All right. I have a little bit more  
5 questioning and then if you want, we can take a break if  
6 you feel or we can power through.

7                       But --

8           MR. RUSSO: Up to the witness.

9           THE WITNESS: I'm fine for now.

10           Q. (BY MS. KLEIN) Do you recognize this slogan  
11 "Keep Galveston County Red"?

12           A. That would be something the Republican Party,  
13 I'm sure, put out there.

14           Q. Do you use that slogan when you campaign?

15           A. No.

16           Q. All right. I'd like to call up a document --

17           A. I don't see how it would benefit me so if I  
18 should have, I don't.

19                       MS. KLEIN: Alexa, can you call up Tab 91?  
20 This will be Exhibit 6 for the record.

21                       (Exhibit No. 6 was marked.)

22           Q. (BY MS. KLEIN) This is another one of the  
23 Facebook posts for your Judge Mark Henry Facebook  
24 account. So do you recall encouraging voters to vote in  
25 order to, quote, Keep Galveston County Red?

1           A. I would certainly encourage voters to vote  
2 Republican, which is essentially the same as voting red,  
3 yes.

4           Q. So Keep Galveston County Red to you means keep  
5 Galveston County run by Republicans, correct?

6           A. Yes.

7           Q. Do you know where that slogan came from?

8           A. No.

9           Q. All right. If we scroll down here to the  
10 November 8th post -- first of all, this is your -- this  
11 is your Facebook account, right? We've talked about --

12          A. It's my official -- but yeah.

13          Q. Okay. Any other posts that I've shown you also  
14 look like your official account as well?

15          A. Yes.

16          Q. So that November 8th post says (Reading:) Have  
17 you voted yet? Today is election day. Your last day to  
18 vote. Polls are open until 7:00 p.m. tonight. Get out  
19 and vote Republican all the way down the ballot and keep  
20 Galveston County red.

21          A. Okay.

22          Q. This was posted at your direction?

23          A. No, but I probably would have approved it if  
24 they asked me.

25          Q. You don't remember specifically approving this  
Page 69

1 one?

2 A. No.

3 Q. Or any election posts?

4 A. No.

5 Q. But you do approve of that message?

6 A. Sure.

7 Q. When did that slogan first -- when were --

8 strike that.

9 When were you first aware of that slogan,

10 "Keep Galveston County Red"?

11 A. I have no idea. I guess it would be after

12 2010, but I have no specific idea.

13 Q. Why after 2010?

14 A. Because that that's when we turned the county

15 red.

16 Q. And that's -- just to clarify, that's when

17 Commissioner's Court flipped from majority Democrat to

18 majority Republican, correct?

19 A. Correct. And every county-wide Republican that

20 ran got elected even though that some of them shouldn't

21 have.

22 Q. Okay. So would you consider it a professional

23 goal of yours to keep Galveston County red?

24 A. I consider it a professional goal to keep my

25 job.

Page 70

1 Q. But also to keep Galveston County red?

2 A. I truly do what I can for all of the  
3 candidates. So -- so Republican candidates, of course.

4 Q. And what about personally, is it a personal  
5 goal of yours to keep Galveston County red?

6 A. I believe that we have demonstrated good  
7 governance and would like to keep it that way, yes.

8 Q. Why in your mind -- well, let me ask you this.

9 Is Galveston at any risk of not staying  
10 red?

11 A. I don't know. I wouldn't think so, but I don't  
12 know.

13 MS. KLEIN: All right. This is where we  
14 could take a break, but I'm happy to just keep on going  
15 on.

16 THE WITNESS: Keep going.

17 MS. KLEIN: Okay. Is that okay with the  
18 other parties?

19 Q. (BY MS. KLEIN) All right. We're going to  
20 switch gears a little bit. We're going to talk about --  
21 I'm going to ask you about redistricting in 2011.

22 A. Okay.

23 Q. So you served as county judge during the  
24 redrawing of Commissioner's Court precincts in 2011,  
25 right?

Page 71

1 A. Correct.

2 Q. So I'm going to talk about this and I'm going  
3 to say the 2011 redistricting process to talk about  
4 that --

5 A. Okay.

6 Q. -- and I will be talking about Commissioner's  
7 Court unless I specify otherwise.

8 A. Okay.

9 Q. Does that make sense?

10 A. So we're not -- unless you say otherwise, we're  
11 not talking about JP precincts?

12 Q. Correct.

13 A. All right. Got it.

14 Q. Do you remember signing an engagement letter  
15 with attorneys to help you with 2011 redistricting  
16 process?

17 A. Do I remember exactly doing it, no. But I  
18 remember it happening, yes.

19 MS. KLEIN: Okay. Can we please put up  
20 Tab 116? And this will be marked as Exhibit 7.

21 (Exhibit No. 7 was marked.)

22 Q. (BY MS. KLEIN) That first page says  
23 Addendum -- Agenda Item 12. Do you recognize what that  
24 might mean?

25 A. That's generally what would come before the  
Page 72

1 | backup. So the agenda item would have been No. 12 and  
2 | this would have been probably the backup for that item  
3 | for any commissioner to look at or any public member as  
4 | well.

5 | Q. When you say, "backup," do you mean the meeting  
6 | package?

7 | A. That would be a term for it, yes.

8 | Q. Okay. And is that publicly posted?

9 | A. Yes.

10 | Q. Is it publicly posted at the same time as the  
11 | agenda?

12 | A. As far as I know, yes.

13 | Q. In general, not this specific time, but in  
14 | general it's posted?

15 | A. Yes.

16 | Q. Okay. So if we scroll down to the second page,  
17 | this document is dated May 16, 2011. It's addressed to  
18 | you, right?

19 | A. Uh-huh. Yes.

20 | Q. And it says -- the subject is 2011  
21 | Redistricting of Galveston County Commissioner's  
22 | Precincts and it also says Justice of the Peace  
23 | Precincts, Constable Precincts, Election Precincts, and  
24 | Preclearance Submission Project Engagement Letter. That  
25 | is a big title.

1 A. Right.

2 Q. What is meant by preclearance there?

3 A. Not being a lawyer, I'm going to assume that  
4 this is part of the Voting Rights Act preclearance that  
5 would have been required in 2011.

6 MS. KLEIN: Okay. So let's scroll through  
7 slowly all the way to the end, Alexa.

8 Q. (BY MS. KLEIN) And this isn't a signed  
9 version. But is there any reason you would think that  
10 this is not the version that was ultimately executed?

11 A. No, that's probably it.

12 Q. Okay. Going back to the first page, and  
13 there -- that one, two, three, third paragraph says, Joe  
14 Nixon, Trey Trainor, and Dale Oldham, attorneys at law,  
15 365 per hour.

16 Do you see that?

17 A. Yes. It's just bouncing around. I see it now.

18 Q. Those were the lawyers that worked on the  
19 Galveston County commissioner's precincts for  
20 redistricting in 2011?

21 A. That is correct.

22 Q. Okay. We can take that down.

23 Do you remember what timeline restricting  
24 of commissioner's precincts had to be completed by in  
25 the 2011 redistricting process?

Page 74

1 A. It would have to have been done before the  
2 filing deadline, really the filing opening for that next  
3 election, which would have opened about November the  
4 20th maybe.

5 Q. Mid November?

6 A. Yes, in that ballpark.

7 Q. Did you also have to account for that  
8 preclearance process we talked about?

9 MR. RUSSO: Objection, calls for  
10 speculation.

11 THE WITNESS: I would assume so.

12 Q. (BY MS. KLEIN) Do you remember getting  
13 questions about why Galveston's submission was late in  
14 2011?

15 A. No.

16 Q. Okay. Let's pull up a document. This is Tab 8  
17 and it will be Exhibit 8.

18 (Exhibit No. 8 was marked.)

19 Q. (BY MS. KLEIN) Do you remember the county  
20 having to ask for expedited consideration from the DOJ  
21 during the preclearance process in 2011?

22 MR. RUSSO: Objection, asked and answered.

23 THE WITNESS: Yeah, I mean -- I can't see  
24 the --

25 Q. (BY MS. KLEIN) If you can answer the question  
Page 75

1 and we'll go to the document.

2 A. What was the question?

3 Q. Do you remember the county having asked for  
4 expedited consideration?

5 A. No.

6 Q. All right. Turning to the document Exhibit 8,  
7 let's scroll -- I want you to start reading -- this is  
8 an email chain with TJ Aulds. Do you know TJ?

9 A. I do.

10 Q. Who is he?

11 A. At that time he was with the newspaper.

12 Q. And his email on October 21st, 9:34 a.m. says,  
13 (Reading:) Judge, I texted with the DOJ yesterday.  
14 Galveston County's plan has yet to be filed. Have you  
15 heard anything from the firm as to when it's expected to  
16 be filed with filing periods set to start in less than a  
17 few weeks. It's unlikely any plan would be approved in  
18 time for the filing period. Didn't the time line --

19 A. I'm not following this. Where are you reading?

20 Q. It's the below email, Friday, October 21, 2011.

21 A. Okay. I've got it.

22 Q. Yeah. Didn't the timeline call for submission  
23 to be done in September, he asks.

24 A. Okay.

25 Q. And then if you go up, you reply, (Reading:) I  
Page 76

1 believe let me check. I was told it had been filed  
2 already.

3 And then he says, (Reading:) Judge, I went  
4 back and checked. This is the last activity by the DOJ,  
5 which was the 17th. Galveston County had not submitted  
6 its plans.

7 Do you recall this exchange?

8 A. No.

9 Q. Does this jog your memory about whether the  
10 county had submitted its 2011?

11 A. Not really. I mean, this makes it look like  
12 that they had -- but this was the October 21st. We  
13 still had six weeks.

14 Q. You still had six weeks until what?

15 A. Until what I think the deadline would have been  
16 to finish the process.

17 Q. Because of the candidate filing deadline you  
18 mentioned earlier?

19 A. Yes.

20 Q. All right. We can take that down.

21 Do you remember what, if any, public  
22 hearings took place in 2011?

23 A. We had a few. And I don't recall the exact  
24 number but at least three, maybe four. And so we would  
25 have had some public hearings various places.

Page 77

1 Q. Okay. I'm going jog your memory.

2 A. Okay.

3 Q. I know I'm asking you questions about things  
4 that happened a long time ago.

5 A. Twelve years ago, yes.

6 Q. So let's bring up Document 6. And this will be

7 Exhibit 9.

8 (Exhibit No. 9 was marked.)

9 MS. KLEIN: Thanks, Alexa.

10 Q. (BY MS. KLEIN) Have you ever seen this  
11 document before?

12 A. Probably.

13 Q. Do you recognize it sitting here?

14 A. No.

15 MS. KLEIN: Can you scroll a little bit up,  
16 Alexa?

17 Q. (BY MS. KLEIN) So the heading at the top,  
18 Beirne, Maynard & Parsons, those were your lawyers in  
19 the 2011 (inaudible)?

20 A. That's correct.

21 Q. And the address is to the Chief Voting Rights  
22 Section of the Civil Rights Division of the US  
23 Department of Justice?

24 A. Yes.

25 Q. You see that. And the subject line, Submission  
Page 78

1 Under Section 5 Voting Rights Act of 2011 Redistricting  
2 Commissioner Precincts For Galveston County Texas and  
3 Request Expedited Consideration.

4 A. Okay.

5 Q. So any reason you don't think this is the  
6 county's preclearance submission from --

7 A. No.

8 Q. And the date is October 14, 2011?

9 A. Right. But on the 21st they're saying I hadn't  
10 gotten it yet. So that's interesting dates.

11 Q. Yeah. So we're going to go to PDF page 9 of  
12 this document. And that -- so if you could scroll to  
13 PDF page 9. And F, you see F, Publicity and  
14 Participation?

15 A. Yes.

16 Q. The second paragraph starts, (Reading:) At a  
17 Commissioner's Court meeting held on August 2, 2011, the  
18 county's redistricting consultants presented a  
19 preliminary demographic report showing the results of  
20 the 2010 Census as they related to the existing  
21 commissioner's precincts.

22 Did I read that correctly?

23 A. Yes.

24 Q. And do you remember that?

25 A. Do I remember this letter or what exactly are  
Page 79

1 | you asking do I remember?

2 | Q. Do you remember that August 2, 2011 meeting?

3 | A. Not really. I'm sure it happened, but I don't  
4 | really remember it.

5 | Q. And then this second -- next paragraph

6 | (Reading:) The Commissioner's Court conducted five  
7 | public hearings.

8 | A. Okay.

9 | Q. And then you see a chart with the five public  
10 | hearings?

11 | A. Yes.

12 | Q. And then after the paragraph --

13 | MS. KLEIN: If you scroll down a little  
14 | bit, Alexa.

15 | Q. (BY MS. KLEIN) The next paragraph says,

16 | (Reading:) The Commissioner's Court met again on  
17 | August 30, 2011 and received comment from the county's  
18 | redistricting consultants and were presented with a new  
19 | proposal that incorporated changes based upon public  
20 | comment.

21 | And then if you scroll further down at the  
22 | end of that paragraph, (Reading:) This proposal was  
23 | adopted by the Commissioner Court by a vote of 3 to 2.

24 | A. Uh-huh.

25 | Q. Everything I just talked about, the August 2nd  
Page 80

1 meeting, the five public hearings, and the August 30th

2 hearing, does that comport with your memory?

3 A. To the extent I have a memory, yes.

4 Q. Is there any reason you think that was not

5 accurate?

6 A. No.

7 Q. Okay. Do you recall if you reviewed this  
8 letter and its exhibits before it was submitted to the  
9 Department of Justice?

10 A. I do not remember.

11 Q. Okay. Would you have reviewed this letter  
12 before it was submitted on the county's behalf?

13 A. I would probably have gotten a copy of it. But  
14 if we we're -- if they're saying that -- that they're  
15 under -- if they're racing against the clock, I may not  
16 have. I just don't remember.

17 Q. Okay. But you have seen -- do you recall just  
18 seeing this letter in general?

19 A. No, not in general. I mean, again, I'm going  
20 to say I probably saw it, but I sure don't remember it.

21 Q. Okay.

22 MS. KLEIN: Can we go to Page 3, please?

23 Q. (BY MS. KLEIN) What about these tables on  
24 page 3, do those look familiar to you?

25 A. No. I mean, I know what they are by looking at  
Page 81

1 them, but they don't -- they're not familiar to me.

2 Q. What are they?

3 A. They are demographic makeup of -- the first one  
4 says existing districts total population. The second  
5 one says 2011 adopted districts total population.

6 Q. So you would have reviewed this letter at some  
7 point. That was your testimony before?

8 MR. RUSSO: Objection, misstates prior  
9 testimony. Asked and answered.

10 THE WITNESS: Yeah, not necessarily. I  
11 mean, this is, you know, why we pay the lawyers to make  
12 sure it's legally compliant.

13 Q. (BY MS. KLEIN) Would you have let your lawyers  
14 submit something without you reviewing it first for  
15 accuracy?

16 MR. RUSSO: Objection, calls for  
17 speculation.

18 THE WITNESS: I certainly wouldn't prefer  
19 that. But if they were getting close to the deadline as  
20 it looks like they might have been, they might have done  
21 it without my being able to review it first.

22 Q. (BY MS. KLEIN) Would you have reviewed it  
23 afterwards to make sure it was accurate?

24 A. Probably. Probably.

25 Q. All right. Turning to the map that was passed  
Page 82

1 | in 2011, do you remember the configuration of that map  
2 | in general terms?

3 | A. No.

4 | Q. Do you remember that it added Bolivar Peninsula  
5 | to Precinct 3?

6 | A. It did? I thought Precinct 1 had Bolivar  
7 | Peninsula.

8 | Q. I'm talking about the 2011 map, not the later  
9 | map passed in --

10 | A. Oh, I'm sorry. Okay. No, I don't recall that  
11 | map.

12 | Q. Okay. Do you recall leading the effort in 2011  
13 | to add Bolivar Peninsula to Precinct 3?

14 | A. No, I don't recall that. I can sit here and  
15 | speculate as to why I think I might have done that. And  
16 | that would have -- but that would have been a JP issue  
17 | and not a commissioner issue.

18 | Q. Okay. Let's go to -- in this document let's go  
19 | to PDF page 38. These are -- we're in the exhibits of  
20 | this letter now, and some of the exhibits are news  
21 | articles.

22 | MS. KLEIN: Can you please scroll in,  
23 | Alexa?

24 | Q. (BY MS. KLEIN) So this is a Galveston Daily  
25 | News article. And we're going to -- I'm going to direct  
Page 83

1 | your attention to the first paragraph, one, two, three,  
2 | four, five. It says, (Reading:) At County Judge Mark  
3 | Henry's request, the firm revised the lines to make sure  
4 | that the Peninsula would remain in the same  
5 | commissioner's precinct as Galveston.

6 | A. Okay.

7 | Q. Is there any reason you think that that  
8 | reporting might be inaccurate?

9 | A. No.

10 | Q. And the next -- and the stated reason for that,  
11 | adding Bolivar with the population growth in the  
12 | northern part of the county around Precinct 3, do you  
13 | remember that?

14 | A. Sorry. What was the question? I was reading  
15 | the article.

16 | Q. Oh, sorry. You can -- you can stop reading it.

17 | So the stated reason for adding Bolivar to  
18 | Precinct 3 was that there had been population growth in  
19 | the northern part of the county around Precinct 3. Do  
20 | you remember that?

21 | A. Do I remember that happening or me saying it or  
22 | either? Not really to either, I guess.

23 | Q. So I mean, do you remember that being the  
24 | reason that the Bolivar Peninsula was added to  
25 | Precinct 3?

1 A. No.

2 Q. Okay. Let's go to PDF page 6 in this document.  
3 We're going to go back to that main part of the letter.

4 Here I'm going to direct your attention to  
5 this part, it's going to say subpart (n).

6 MS. KLEIN: And you can zoom in a little  
7 bit, Alexa. Thank you.

8 Q. (BY MS. KLEIN) The third paragraph -- sorry.  
9 The second -- strike that.

10 The second paragraph and it said,  
11 (Reading:) As noted in the above chart for total  
12 population for the existing districts, the majority of  
13 the population growth in Galveston County, according to  
14 the 2010 Census, occurred in current commissioner  
15 precinct four. In fact, that precinct is 17,112 people  
16 over the ideal district population causing the overall  
17 deviation to be 39.53 percent. Moreover, commissioner  
18 precincts four and two will continue to be predominant  
19 growth areas for Galveston County because of the  
20 spillover of population from Harris County.

21 Do you recall that to be the case?

22 A. That's still the case.

23 Q. Do you recall that to be one of the reasons  
24 that Bolivar Peninsula was a stated reason for adding  
25 Bolivar to Precinct 3?

1 MR. RUSSO: Objection, asked and answered.

2 THE WITNESS: No.

3 Q. (BY MS. KLEIN) Do you have any reason to think  
4 any representations made in this letter to DOJ would be  
5 inaccurate?

6 MR. RUSSO: Object to speculation.

7 You can review the entire letter if you'd  
8 like to.

9 Q. (BY MS. KLEIN) Just do you have any reason to  
10 believe that the representations --

11 A. Without having read the entire letter, if ever  
12 recently, no, I would have no way of knowing.

13 Q. Going to the -- going to the fourth dis -- the  
14 fourth paragraph, it starts, (Reading:) Similarly, in  
15 order to maintain the continuity of districts and limit  
16 the amount of voter confusion, the court attempted to  
17 maintain the core of the current districts and minimize  
18 the changes to the districts to the extent necessary to  
19 rectify the population deviations.

20 Does that statement comport with your  
21 recollection of how this 2011 map for commissioner's  
22 districts was drawn?

23 MR. RUSSO: Objection, calls for  
24 speculation.

25 THE WITNESS: That -- they wrote that, but

1 I can tell you that the -- that the changes were pretty  
2 big because of the population growth. There's no way  
3 they could have overcome that.

4 Q. (BY MS. KLEIN) What about specifically to  
5 maintain the core of current districts --

6 A. Okay.

7 Q. -- as it relates to reducing voter confusion,  
8 does that comport with your recollection? Does that  
9 make sense to you sitting here today that maintaining  
10 core districts would reduce voter confusion?

11 A. I don't know.

12 MR. RUSSO: Objection, calls for  
13 speculation.

14 THE WITNESS: I don't know how.

15 Q. (BY MS. KLEIN) So if somebody is in  
16 Commissioner Precinct 1 and you keep the core districts,  
17 they're going to probably stay in Commissioner's  
18 District 1, right?

19 MR. RUSSO: Objection, calls for  
20 speculation. It's an incomplete hypothetical.

21 THE WITNESS: Yes, but you can't. I mean,  
22 that's the whole purpose for directing. You've got to  
23 rebalance the population. So you're not going to have  
24 large numbers of people staying in their same precinct.

25 Q. (BY MS. KLEIN) So you -- but there are degrees  
Page 87

1 of that, correct?

2 A. There are degrees of what?

3 Q. Of completely -- for example, you could  
4 completely renumber the commissioner's precincts so that  
5 everybody in, you know, precinct --

6 A. Sure, you could.

7 Q. Or you could choose to do a minimal, let's say,  
8 a least change of the preexisting districts to make just  
9 minimum changes needed to equalize population, right?

10 MR. RUSSO: Objection, calls for  
11 speculation and is incomplete hypothetical.

12 You can answer, if you can.

13 THE WITNESS: You can't. I mean, the whole  
14 purpose of this is to redistribute population. You  
15 can't do that and make minimal changes.

16 Q. (BY MS. KLEIN) Why not?

17 A. Because there's too many people --

18 MR. RUSSO: Object, calls for speculation  
19 and incomplete hypothetical.

20 THE WITNESS: Too many people moving in to  
21 North County. You can't do it without having big  
22 changes.

23 Q. (BY MS. KLEIN) But it -- from this sentence,  
24 your lawyers and the county represented through its  
25 lawyers that -- and I'm reading from the fourth

1 paragraph again, (Reading:) In order to maintain the  
2 continuity of districts and limit the amount of voter  
3 confusion, the court attempted to maintain the core of  
4 the current districts and minimize the changes to the  
5 districts to the extent necessary to rectify the  
6 population deviations.

7 A. Didn't say we were successful. Just says we  
8 attempted.

9 Q. Okay. So you agree that that statement is  
10 accurate?

11 A. I agree that statement is in there.

12 Q. Is there a reason your lawyers would have put  
13 something inaccurate to a statement to the US Department  
14 of Justice?

15 MR. RUSSO: Objection, calls for  
16 speculation.

17 THE WITNESS: I don't know. I mean, I  
18 wouldn't think so.

19 Q. (BY MS. KLEIN) You were around for the 2011  
20 process, correct?

21 A. Sure.

22 Q. So you're saying today you just don't remember  
23 whether that statement was correct?

24 MR. RUSSO: Objection, asked and answered.

25 THE WITNESS: I definitely don't remember.

1 Q. (BY MS. KLEIN) But you don't believe your  
2 lawyers would have put something in here that was  
3 inaccurate and represented it on behalf of the county to  
4 the US Department of Justice, do you?

5 A. No, I wouldn't think so. But it says attempted  
6 to maintain.

7 Q. Do you remember saying that you felt the  
8 previous map from 2011 was good enough and you didn't  
9 want your counsel to start from scratch when redrawing  
10 lines?

11 A. We don't have a counsel. I do not recall that.  
12 But I may have said it. I don't know.

13 Q. Sorry. Your redistricting counsel?

14 A. Oh. Can you re-ask that question?

15 Q. Do you remember saying that the previous map  
16 from 2001 was good enough and you didn't want your  
17 redistricting counsel to start from scratch?

18 A. That the 2001 redistricting was good enough, I  
19 don't think I would have said that.

20 Q. All right. Well, let's go to page -- PDF page  
21 No. 33 in this exhibit. And that's -- look at the sixth  
22 paragraph. And this is an article dated -- of the  
23 Galveston County News dated August 1, 2011.

24 A. Yeah. I said it to start with existing is a  
25 baseline.

1 MR. RUSSO: Let her ask her question.

2 Q. (BY MS. KLEIN) (Reading:) Henry said he asked  
3 those creating the maps to start with the existing  
4 precinct lines as a baseline and make adjustments from  
5 there. Those lines were -- quote, those lines were good  
6 enough in 2001 so I am hoping they should be okay this  
7 time around, Henry said. I am hoping the firm didn't  
8 start from scratch.

9 A. Okay. Apparently, I said that in 2011.

10 Q. Do you have any reason to think that statement  
11 was reported inaccurately?

12 A. From the Daily News, yes, very well could have  
13 been.

14 Q. Would you have stopped to correct that if it  
15 had been reported inaccurately?

16 MR. RUSSO: Objection, calls for  
17 speculation.

18 THE WITNESS: Yes, we spend a lot of time  
19 asking for corrections.

20 Q. (BY MS. KLEIN) Would your counsel have  
21 appended an article with an inaccurate statement to your  
22 preclearance submission to the US Department of Justice?

23 MR. RUSSO: Objection, calls for  
24 speculation.

25 THE WITNESS: I don't know. And I don't

1 know what I meant by that statement.

2 Q. (BY MS. KLEIN) Do you dispute that you made  
3 this statement?

4 A. I can't say for sure I did or not. But the  
5 Daily News misquotes people on a regular basis.

6 Q. Do you know specifically if you're misquoted  
7 here?

8 A. No, I do not know one way or another.

9 Q. Does it sound like something you would say?

10 A. No.

11 MR. RUSSO: Objection, asked and answered.

12 Q. (BY MS. KLEIN) Do you remember if Commissioner  
13 Clark was involved at all in drawing the 2011 map?

14 A. I'm sure he was.

15 Q. Why do you say that?

16 A. That was what he liked to do.

17 Q. How was -- what was his involvement, to your  
18 knowledge?

19 A. He would have liked to have gotten down to the  
20 individual street and street address.

21 Q. What do you mean by "gotten down"?

22 A. This is what he liked to do. He liked drawing  
23 maps. He liked moving precinct lines around. I did my  
24 best to limit that as much as I could. But he would  
25 certainly have tried if he could.

Page 92

1 Q. Do you remember him providing guide maps to the  
2 redistricting counsel in the 2011 cycle?

3 A. I don't recall that. It wouldn't surprise me,  
4 but I don't recall that.

5 Q. You did not consult with any representatives of  
6 the Black or Latino community in Galveston about the  
7 2011 commissioner's map during that redistricting  
8 process, correct?

9 A. I did not specifically reach out to them. But  
10 we certainly took all input that showed up.

11 Q. And you didn't have any meetings with your two  
12 Democratic colleagues at the time on the court other  
13 than in the public hearings, right?

14 A. Not allowed to.

15 Q. Commissioner Holmes proposed a plan in 2011; is  
16 that right?

17 A. I do not remember that. He may have.

18 Q. Do you remember that plan mostly kept  
19 Precinct 3 intact without adding Bolivar Peninsula?

20 MR. RUSSO: Objection, asked and answered.

21 THE WITNESS: I don't remember maps, so I  
22 don't remember that.

23 Q. (BY MS. KLEIN) Do you remember whether you  
24 voted for his map?

25 MR. RUSSO: Objection, asked and answered.

1 Calls for speculation.

2 THE WITNESS: I don't think there was a  
3 vote on the map. Not that I remember.

4 Q. (BY MS. KLEIN) Would it surprise you if there  
5 was a vote, you voted against it?

6 A. I'd need more details as to -- was it run  
7 through the demographer? Do we know it was legally  
8 compliant? Did it meet all the criteria we had set  
9 forth? So I would want to know the answers to that  
10 first.

11 Q. I'm hoping you can provide some of that  
12 information.

13 A. Cannot.

14 Q. But you don't remember?

15 A. I do not.

16 Q. Okay. Let's talk a little bit about the  
17 process. You just mentioned criteria. Did the  
18 Commissioner's Court vote on criteria in the 2011 cycle?

19 A. I can't -- I think we did. I don't remember.

20 Q. The Commissioner's Court had voted on criteria  
21 in previous cycles, to your knowledge?

22 A. I believe that to be correct, yes.

23 Q. And -- but you don't remember whether you voted  
24 for criteria in a public meeting in the 2011 process?

25 A. I did everything that our legal counsel told us  
Page 94

1 to do. And so if they told us to adopt criteria, we  
2 did. If they didn't, I didn't.

3 Q. Okay. And it sounds like from your previous  
4 statement there were criteria used to evaluate the maps,  
5 though, correct?

6 A. Legally compliant and that encompasses a lot of  
7 things, certainly the DRA in 2011. But also the  
8 population redistribution and, like I said, legal, has  
9 to be legally compliant and legally defense able.

10 Q. Let me ask you a little bit about that. What  
11 was your understanding back in 2011 of what the Voting  
12 Rights Act would require?

13 A. I have no way of knowing. That's why I hire  
14 lawyers.

15 Q. All right. Let's go to -- let's pull up Tab 4.  
16 I'm going to show you a document that hopefully will jog  
17 your memory. This will be Exhibit 10.

18 (Exhibit No. 10 was marked.)

19 Q. (BY MS. KLEIN) All right. So this is an email  
20 from Patricia Grady to you, correct?

21 A. Correct.

22 Q. And that's August 2011?

23 A. Yes.

24 Q. That's during the process we talked about  
25 earlier?

1 A. Looks like it, yes.

2 Q. And it says, "Suggestions For Redistricting  
3 Proposal Submission," correct?

4 A. That's what she titled it, yes.

5 Q. Do you remember the context of her sending this  
6 email to you?

7 A. I do not.

8 Q. Bullet No. 2 says, (Reading:) Any plans should  
9 show the total population and voting population for  
10 Blacks, Hispanics, Asians and Anglo/other for each  
11 proposed commissioner or justice of the peace/constable  
12 precinct. If a plan is submitted without a population  
13 breakdown, the court may not have sufficient information  
14 to give it full consideration.

15 Do you know what was meant by needing that  
16 racial population breakdowns for the court to have  
17 sufficient information to give it full consideration?

18 THE WITNESS: Can I ask my attorney a  
19 question real quick.

20 MS. KLEIN: We can go off the record --  
21 answer it as best you can.

22 THE WITNESS: Well, if it relates to  
23 attorney-client privileges --

24 MS. KLEIN: We can go off the record and  
25 you can talk with him.

1 MR. RUSSO: You want to go off the record?

2 THE WITNESS: Either way. I just, you  
3 know, she's an attorney that's giving me legal advice.  
4 How did this get produced?

5 VIDEOGRAPHER: The time is 10:49. Off the  
6 record.

7 (Discussion off the record.)

8 VIDEOGRAPHER: The time is 11:06. Back on  
9 the record.

10 MR. RUSSO: So counsel, we just had  
11 discussion off the record and, of course, the issue came  
12 up prior to the break related to the document, which is  
13 marked Henry Exhibit 10 bearing Bates number  
14 DEFS00009697.

15 After consulting with the witness, it's  
16 clear this document is subject to an attorney-client  
17 privilege and we're asserting that and will seek to snap  
18 the document back.

19 MS. KLEIN: And this is Hilary Klein.  
20 Plaintiffs are reserving the right to contest that  
21 assertion of privilege made and they reserve the right  
22 to recall the witness for questions about this document  
23 upon any court determination that the privilege asserted  
24 does not apply to this document.

25 Sorry. I'll continue unless counsel has  
Page 97

1 anything else.

2 MR. RUSSO: Yeah, I'll just want to -- you  
3 know, all parties that have seen a copy of this document  
4 need to make sure to destroy it and that the intention I  
5 think is for counsel, for you, to provide a slip sheet  
6 for -- to become Exhibit 10 on this deposition.

7 MS. KLEIN: Of course. We will provide a  
8 slip sheet to the court reporter, thank you, with the  
9 document production Bates number DFS -- DEFS00009697 to  
10 the court reporter that will be substituted for the  
11 record in this case. And can I ask the defense counsel  
12 please send the claw back notice via email for our  
13 records as well?

14 MR. RUSSO: That will happen.

15 MS. KLEIN: Just because all counsel is not  
16 in this deposition right now.

17 MR. RUSSO: Understood.

18 MS. KLEIN: Thank you. One second.

19 MS. JAYARAMAN: This is Tharuni Jayaraman  
20 for United States. I join in preserving in -- I join in  
21 Ms. Klein's reservation.

22 MS. RICHARDSON: Valenica Richardson for  
23 Petteway Plaintiffs joining the NAACP Plaintiffs'  
24 reservation.

25 MR. RUSSO: Thanks, counsel.

1 MS. KLEIN: We'll send that to the court  
2 reporter. We'll copy defense counsel, obviously, on  
3 that email to the court reporter and defense counsel can  
4 let us know if the slip sheet is not acceptable.

5 MR. RUSSO: I appreciate that. Thank you.

6 MS. KLEIN: I guess it will go in the Zoom  
7 chat.

8 Q. (BY MS. KLEIN) All right. Moving on.

9 What was your understanding at the time of  
10 the 2011 redistricting processing, so specifically  
11 August 2011, of what the Voting Rights Acts would  
12 require?

13 A. I don't know if I had an understanding. And  
14 again, that's why we hired attorneys who knew it inside  
15 and out and knew to keep us compliant.

16 Q. So it's your duty to -- we talked about this  
17 earlier. It's your responsibility to preside over the  
18 proceedings of redistricting the county commissioners'  
19 districts, correct?

20 A. Correct.

21 Q. And so you -- in order to exercise that  
22 legislative function of new commissioners' precincts,  
23 you had to have an understanding of what maps would be  
24 legally compliant and what weren't, correct?

25 A. No. That's why I hired these lawyers. I mean,  
Page 99

1 there's -- that -- my understanding that is a area of  
2 practice all unto itself, that people specialize in just  
3 that area. And that's why we hired lawyers who knew  
4 that area very well.

5 Q. You at least had an understanding that the  
6 Voting Rights Act in 2011 would require maintaining at  
7 least one majority/minority precinct, Precinct 3, right?

8 A. I think that I knew that, yes, because they  
9 told me that.

10 Q. 2011 enacted --

11 MR. RUSSO: Be careful not to disclose  
12 communications --

13 THE WITNESS: Oh, yeah. Right.

14 MR. RUSSO: -- between counsel and the  
15 county in terms of legal services being provided.

16 THE WITNESS: Okay.

17 Q. (BY MS. KLEIN) That 2011 active map, was it  
18 ever used in an election?

19 A. We had -- we had adopted another map in 2013,  
20 right?

21 Q. Do you remember why you did that?

22 A. Because of a settlement with DOJ.

23 Q. Correct.

24 A. Okay.

25 Q. Do you remember that the DOJ -- well, I guess  
Page 100

1 I'm not the witness, so pardon me. But I'll represent  
2 to you that that's my understanding as well as the  
3 fact --

4 A. Okay.

5 Q. Do you remember that the DOJ objected or  
6 responded to that submission that we were looking at  
7 earlier by objecting to the 2011 enacted commissioners'  
8 plan?

9 A. That seems to be what I recall, yes.

10 Q. Were you made aware of the reasons the  
11 Department of Justice rejected that 2011 commissioner's  
12 precinct map?

13 A. If I was, at that time I don't remember what it  
14 was.

15 Q. And -- sorry. I'm just going to look at my  
16 notes for one quick thing.

17 I would like to pull up a document and this  
18 is Document Tab 11 and we'll mark it as Exhibit 11 as  
19 well.

20 (Exhibit No. 11 was marked.)

21 Q. (BY MS. KLEIN) Do you recognize this document?

22 A. Appears to be a letter from DOJ to Trey  
23 Trainor.

24 Q. Trey Trainor is one of your attorneys --

25 A. James Trainor in this letter, yes.

1 Q. Trey is his nickname?

2 A. It what he goes by. I forgot his name was  
3 James.

4 Q. Sorry. Try not to talk over each other.

5 He was one of your lawyers in that 2011  
6 redistricting process?

7 A. Correct.

8 Q. Have you seen this letter before, to your  
9 knowledge?

10 A. Maybe in 2012.

11 Q. When do you think you would have seen it?

12 A. I would assume sometime after March 5, 2012.

13 Q. I would like to go to specific -- I'm not going  
14 to have you read the whole letter but just to specific  
15 portions of it. And at the top it's from the Department  
16 of Justice. Let's go to page 2.

17 I'll represent to you that this is the  
18 letter in which DOJ conveyed to the county that they  
19 were rejecting the plan enacted in 2011.

20 A. Okay.

21 Q. So Paragraph 3, the second sentence, it starts  
22 with, (Reading:) We start with the county's failure.

23 So actually let's start at the beginning.

24 So Paragraph 3 starts, (Reading:) Based on our  
25 analysis.

Page 102

1 A. Okay.

2 Q. So (Reading:) Based on our analysis of the  
3 evidence, we have concluded that the county has not met  
4 its burden of showing that the proposed plan was adopted  
5 with no discriminatory purpose. We start with the  
6 county's failure to adopt, as it had in previous  
7 redistricting cycles, a set of criteria by which the  
8 county would be guided in the redistricting process.

9 Were you made aware that the county -- the  
10 county's 2011 map was rejected in part because the  
11 county commissioners failed to adopt redistricting  
12 criteria?

13 A. Probably at that time.

14 Q. When would you have become aware of this?

15 A. I assume after they were notified.

16 Q. And it goes on to say, (Reading:) The evidence  
17 establishes that this was a deliberate decision by the  
18 county to avoid being held to a procedural or  
19 substantive standard of conduct with regard to the  
20 manner in which it complied with the constitutional and  
21 statutory requirements of redistricting.

22 Do you agree with that statement?

23 MR. RUSSO: Objection, calls for a legal  
24 conclusion.

25 But you can answer.

1                   And speculation.

2                   Go ahead.

3                   THE WITNESS: No. I mean, I would say what  
4 I said before. The attorneys gave us direction. We  
5 followed the attorneys' direction. We did not deviate  
6 from what they told us to do or not do.

7                   Q. (BY MS. KLEIN) Do you agree that criteria  
8 would provide a, quote, procedural or substantive  
9 standard of conduct with regard to the manner in  
10 which -- and I'll paraphrase the rest, the  
11 Commissioner's Court complied with its requirements and  
12 redistricting?

13                   A. I'm sorry. What was that? Start again.

14                   Q. Do you agree that redirecting criteria would  
15 provide a procedural or substantive standard of conduct  
16 with respect to redistricting?

17                   MR. RUSSO: Objection, calls for legal  
18 conclusion and is an incomplete hypothetical.

19                   THE WITNESS: I don't know.

20                   Q. (BY MS. KLEIN) I remember reading you said  
21 once you're a process-oriented person. Does that sound  
22 like you?

23                   A. Sounds like me.

24                   Q. So do you think having a set list of criteria  
25 voted upon would provide a set procedure and substantive  
Page 104

1 standard for how redistricting should happen?

2 A. Possibly. But if the attorneys said we didn't  
3 have to do it, we didn't do it.

4 Q. Apart from what your attorney -- I don't want  
5 to know really what your attorneys were telling you.

6 You, as a process-oriented person, teaching  
7 processes as I understand it in the Air Force for 21  
8 years, you, do you think a set criteria that the court  
9 had voted on would provide a procedural or substantive  
10 standard of conduct for redistricting?

11 A. It may or may not. It depends on the criteria  
12 and if it's -- if it's -- adds value to the process or  
13 not. There are lots of things that are good but add no  
14 value.

15 Q. Do you think you, if you had created a  
16 criteria, would have added value?

17 MR. RUSSO: Objection, calls for  
18 speculation, it's an incomplete hypothetical.

19 THE WITNESS: We never did the criteria, so  
20 I don't even know what the criteria would be, so I can't  
21 really speak to something that we never did.

22 Q. (BY MS. KLEIN) You actually had considered  
23 publicly releasing criteria in the 2011 redistricting  
24 process. Do you remember that?

25 A. No.  
Page 105

1 Q. Let's go to Tab 2.

2 (Exhibit No. 12 was marked.)

3 Q. (BY MS. KLEIN) This is an email from Roxann  
4 Lewis to you on May 24, 2011, correct?

5 A. Yes. It appears so.

6 Q. And who is Roxann Lewis?

7 A. She would have worked for me at that time.

8 Q. And let's scroll to the second page. And the  
9 title of this -- so what does this look like to you?

10 A. Resolution, a non-binding resolution.

11 Q. And what is the resolution titled?

12 A. "Galveston County Resolution Adopting Criteria  
13 For Use in Redistricting 2011 Process."

14 Q. And if we scroll towards the end, I'm going to  
15 ask you to look at a few of the "whereas" clauses.

16 The fourth from the top, (Reading:)  
17 Whereas, a set of established redistricting criteria  
18 will serve as a framework to guide the County in the  
19 consideration of redistricting plans.

20 Do you agree with that?

21 A. Again, it would depend on what the criteria  
22 are. I don't know. And I -- I don't know.

23 Q. You don't think criteria would serve as a  
24 framework?

25 MR. RUSSO: Objection, asked and answered.

Page 106

1 THE WITNESS: Only if it was helpful.

2 Q. (BY MS. KLEIN) (Reading:) Whereas,  
3 established criteria will provide the County a means by  
4 which to evaluate and measure proposed plans.

5 Do you agree with that statement?

6 A. It could be true.

7 Q. Do you think as the presiding officer at the  
8 time of Commissioner's Court, you would have proposed  
9 redistricting criteria that didn't provide a framework  
10 or didn't provide a means by which to evaluate and  
11 measure plans?

12 MR. RUSSO: Objection, calls for  
13 speculation.

14 THE WITNESS: I don't know. I'm trying to  
15 figure out how the hold button works on the telephone  
16 and we're here now talking about redistricting.

17 Q. (BY MS. KLEIN) Whereas, redistricting  
18 criteria will -- the third paragraph, (Reading:)  
19 Whereas, redistricting criteria will assist the County  
20 in its efforts to comply with all federal and state  
21 laws.

22 Do you agree with that statement?

23 MR. RUSSO: Objection, asked and answered.

24 THE WITNESS: No. Without criteria, I  
25 would not know if it would assist or not.

1 Q. (BY MS. KLEIN) And then the fourth statement,  
2 (Reading:) Whereas, although it is establishing the  
3 following guidelines, the County may consider other  
4 information, factors and guidelines in making its final  
5 determination.

6 We can go to the next -- I'm not going to  
7 ask you a question about that. Let's go to the next  
8 page of this. This is PDF page 3. (Reading:) Now,  
9 therefore, be it resolved the County and its adoption of  
10 a redistricting plan for commissioner and justice of the  
11 peace/constable precincts will adhere to the following  
12 criteria.

13 So this is a list of criteria, correct?

14 MR. RUSSO: Objection, calls for  
15 speculation.

16 THE WITNESS: Looks like it.

17 Q. (BY MS. KLEIN) You were sent this email by  
18 one --

19 A. No. This is a resolution.

20 Q. You were sent this resolution in an email from  
21 your assistant, correct?

22 A. It looks like it.

23 Q. Do you remember the context in which it was  
24 sent to you?

25 A. No.  
Page 108

1 Q. Do you remember reviewing these criteria?

2 A. No.

3 Q. Do you think she would have sent these without  
4 you requesting it?

5 MR. RUSSO: Objection, calls for  
6 speculation.

7 THE WITNESS: Possibly. I don't know.

8 Q. (BY MS. KLEIN) Is it common that somebody  
9 would draft up a full resolution on your staff without  
10 you asking for them to do that?

11 A. Absolutely. Happens every week.

12 Q. In what context do they do that?

13 A. All kinds of resolutions. Again, they're  
14 nonbinding. These don't mean anything. They're for  
15 retirements, for 50th wedding anniversaries, for  
16 business of the week.

17 I mean, resolutions are -- there are  
18 multiple resolutions on every Commissioner's Court  
19 agenda, almost none of which have I ever seen before.

20 Q. And are they sent to you via email beforehand?

21 A. It would be in the backup, yes. So it would be  
22 in the backup for the agenda.

23 Q. Is -- is this being sent to you to put in the  
24 agenda?

25 MR. RUSSO: Objection, calls for  
Page 109

1 speculation.

2 THE WITNESS: I don't know why it was sent  
3 to me. Was this adopted in court? I don't even know  
4 that answer.

5 MR. RUSSO: Just let her ask her question.

6 THE WITNESS: Okay.

7 Q. (BY MS. KLEIN) So the DOJ letter said -- that  
8 we talked about before, do you remember that, talking  
9 about how no criteria was passed?

10 A. Right.

11 Q. So do you think they got that wrong or do you  
12 think they got that right?

13 A. I do not remember.

14 Q. So you're -- you're saying your staff would  
15 spend time drafting this for you when you didn't request  
16 it?

17 A. Any commissioner that wants to ask for a  
18 resolution can do that. They don't need my permission.  
19 I don't get a say in that.

20 MS. KLEIN: Let's scroll up back to the top  
21 to the cover email. All the way to the first page,  
22 Alexa, please.

23 Q. (BY MS. KLEIN) Does she -- does Roxann say  
24 this was proposed by another commissioner?

25 A. She doesn't say.  
Page 110

1 Q. She just says, (Reading:) Attached, the  
2 resolution for rules for redistricting.

3 A. Right.

4 Q. And the subject line, what does that say?

5 A. "Resolution You Need Typed."

6 Q. So is it reasonable to say that she did this at  
7 your direction?

8 A. My assumption now thinking about this is this  
9 is probably from previous redistricting cycles. We  
10 would have had it in the archives.

11 Q. And she -- why would she want that typed?

12 MR. RUSSO: Objection, calls for  
13 speculation.

14 THE WITNESS: No idea.

15 Q. (BY MS. KLEIN) Why would you want that typed  
16 rather?

17 A. I don't know that I did. But I don't know.

18 Q. Why would you want a resolution from a past  
19 redistricting cycle sent to you?

20 MR. RUSSO: Objection, calls for  
21 speculation.

22 THE WITNESS: I don't know. It has to be a  
23 starting point if we were going to do that.

24 Q. (BY MS. KLEIN) Okay. Next -- let's go to PDF  
25 page 3 of this document. And this is -- I would like to  
Page 111

1 direct your attention to --

2 MS. KLEIN: Keep on going down, Alexa.  
3 Keep on going down. Let's go to PDF page 4. That --  
4 No. 9. Thanks, Alexa.

5 Q. (BY MS. KLEIN) The redistricting plan should  
6 not -- I'm quoting here. (Reading:) The redistricting  
7 plan should not fragment a geographically compact  
8 minority community or pack minority voters in the  
9 presence of polarized voting so as to create liability  
10 under section 2 of the Voting Rights Act.

11 Does that statement comport with your  
12 understanding of what the Voting Rights Act required in  
13 2011?

14 A. Again, my understanding would be what the  
15 attorneys told us to do to be legally compliant. And I  
16 can tell you that now looking at this, we didn't pass  
17 this. This is not the format for resolutions.

18 Q. And the signature line that's blank says Mark  
19 Henry, County Judge, correct?

20 A. Which is not how they look, that's correct.

21 Q. And you were not the county judge in 2001,  
22 correct?

23 A. Correct.

24 Q. And it says, Dwight Sullivan, County Clerk,  
25 under the attest line, correct?

1 A. Right.

2 Q. Was he the county clerk in 2001?

3 A. No.

4 Q. So does this look like just a copy of a  
5 resolution that was passed in 2001?

6 A. Yes. That's my guess, yes.

7 Q. But if you weren't the county judge, why would  
8 this be a -- do you mean that the text of the resolution  
9 was copied from 2001?

10 A. Correct. Correct.

11 Q. But does it -- and it says above your signature  
12 line, (Reading:) Upon motion duly made and seconded,  
13 the above resolution was unanimously passed this blank  
14 day of blank 2011.

15 A. Right.

16 Q. So does it look like this is a draft resolution  
17 on criteria that was at one point potentially to be used  
18 in the 2011 redistricting?

19 MR. RUSSO: Objection, calls for  
20 speculation, incomplete hypothetical.

21 You can answer.

22 THE WITNESS: It appears that they took a  
23 resolution from 2001 and updated it to 2011 names. But  
24 again, this is not the format of our resolutions and  
25 that's how I know that this didn't pass or probably even  
Page 113

1 go on the agenda.

2 MS. KLEIN: All right. You can take that  
3 down. Let's pull up another document, Tab 99. And this  
4 will be Exhibit 13.

5 (Exhibit No. 13 was marked.)

6 Q. (BY MS. KLEIN) And I'll represent to you that  
7 this document is going to be a privilege log that was  
8 produced by your counsel in this matter. And I'll  
9 represent to you a privilege log is a list of documents  
10 that they have not produced to us that we requested  
11 because they are asserting a privilege.

12 So I'm going to be very careful asking you  
13 questions about this. I am not going to ask you  
14 questions about specifics that you talked about with  
15 your attorneys, specific communications.

16 I'm just going to be jogging your memory  
17 using this -- using this document. But I'm not going to  
18 ask you about any information that's not on the  
19 document, if that makes sense.

20 A. Okay.

21 Q. It's probably taking a little bit of time.

22 MS. PASTOR: Hi, Hilary, that was Tab 99?

23 MS. KLEIN: Tab 99.

24 MS. PASTOR: Okay.

25 MS. KLEIN: Okay. And we're going to go to

Page 114

1 entry 1, the first right up there, it says the family  
2 date is June 2, 2011. And -- oh, if you could --  
3 You're -- the screen -- if you could zoom out a little  
4 bit because a little bit of the screen is covered by --  
5 there we go.

6 Q. (BY MS. KLEIN) It says, (Reading:)  
7 Communication from Judge Henry to redistricting counsel  
8 requesting legal review of draft redistricting criteria.

9 Correct?

10 MR. RUSSO: Do you see that?

11 THE WITNESS: Uh-huh. Yes.

12 Q. (BY MS. KLEIN) Is it -- would it make sense  
13 that the document, Exhibit 12 that we just went over,  
14 was the criteria you sent for your counsel to review?

15 MR. RUSSO: Objection, calls for  
16 speculation.

17 THE WITNESS: I -- I don't know.

18 Q. (BY MS. KLEIN) Do you remember -- well, strike  
19 that. We can take this down.

20 So we've talked about how the DOJ objected  
21 to that and you mentioned something about a settlement,  
22 I think, earlier. Do you remember that the  
23 Commissioner's Court precinct map was redrawn in 2012?

24 A. I remember it was redrawn. I thought it  
25 was '13, but it could have been '12.

Page 115

1 Q. In 2012 or 2013?

2 A. Yes.

3 Q. Were you involved in that redrawing process?

4 A. No.

5 Q. Who was?

6 A. The lawyers, Dale Oldham, Joe Nixon.

7 Q. Did you provide input on it?

8 A. I doubt it.

9 Q. Okay. Did you approve it before it was

10 submitted for --

11 A. I'm sure they would have said this is -- this

12 will be accepted by Justice. So that's what I need to

13 hear.

14 Q. Are you aware of the 2013 Supreme Court opinion

15 called Shelby County v. Holder?

16 A. I hear them talking about it. I do not pretend

17 to know what it deals with.

18 Q. Did that decision change in any way your

19 expectations for what would be required in county

20 commissioner redistricting?

21 MR. RUSSO: Objection, calls for

22 speculation. Calls for a legal conclusion.

23 THE WITNESS: Yeah, I -- I know it's a

24 landmark case. That's about all I know about it. So

25 no, it could not have changed my idea of what we're

1 | going to do.

2 | Q. (BY MS. KLEIN) Do you remember saying that  
3 | that opinion made it easier to redistrict?

4 | MR. RUSSO: Objection, asked and answered,  
5 | calls for speculation, asks for a legal conclusion.

6 | THE WITNESS: I said it would make it  
7 | easier?

8 | Q. (BY MS. KLEIN) Yeah, do you remember saying  
9 | that?

10 | A. Only if the lawyer said it would make it  
11 | easier.

12 | Q. And just to be clear, I'm not asking you for a  
13 | legal conclusion.

14 | A. Okay.

15 | Q. Just your personal understanding.

16 | A. Okay.

17 | Q. I don't want to know whether you agree with  
18 | what your lawyers told you or you don't. I don't want  
19 | to know any of that stuff, just your understanding of  
20 | what was going on.

21 | A. I'm guessing they conveyed to me that this  
22 | would make it somewhat easier.

23 | Q. I mean, do you remember being told at the time  
24 | to hold off on new precincts -- after Shelby to hold off  
25 | on new precincts for the justice of the peace because

1 the Shelby County decision might change the  
2 requirements?

3 MR. RUSSO: Need to make sure that the  
4 witness understands don't disclose attorney-client  
5 communications that are related to providing legal  
6 services to the county.

7 THE WITNESS: Right.

8 MR. RUSSO: Other than that, you can  
9 answer.

10 THE WITNESS: Okay. Ask the question  
11 again.

12 Q. (BY MS. KLEIN) Do you remember being -- you  
13 know what, strike this. We can just move on.

14 MS. KLEIN: All right. This would be a  
15 good time if anybody needs another break or I can just  
16 keep powering through and we can break for lunch in  
17 another hour or so.

18 MR. RUSSO: I'm -- I'm okay with that.

19 THE WITNESS: I'm fine.

20 Q. (BY MS. KLEIN) We're going to move forward in  
21 time, so hopefully, things will get a little bit easier.  
22 I'm done asking you about ten years ago.

23 A. Okay.

24 Q. Let's talk about this redistricting cycle.

25 A. Okay.

1 Q. Okay. When did you become aware that Galveston  
2 County would have to redraw its commissioners' districts  
3 in 2021?

4 A. I would have known that all along.

5 Q. I'm going to refer to that process as the 2021  
6 redistricting process.

7 A. Okay.

8 Q. So do you understand that redistricting is  
9 required because the populations become --

10 A. (Inaudible).

11 MR. RUSSO: Object. Again, calls for a  
12 legal conclusion.

13 THE WITNESS: Okay.

14 MR. RUSSO: Let her finish the question  
15 first.

16 THE WITNESS: Yeah, right.

17 Q. (BY MS. KLEIN) Were you planning to redraw the  
18 commissioners' precincts even if there wasn't unequal  
19 populations that required it?

20 A. I knew there would be.

21 Q. So going back, you know, you're a  
22 process-oriented person. We talked about that earlier.  
23 I happen to be one as well.

24 So you must have thought a lot about the  
25 process for redistricting in 2021. Is that fair to say?

1 A. That's not fair to say.

2 Q. No?

3 A. I knew we had to do it. I was hoping that our  
4 lawyers would be available again and that's about the  
5 extent of it.

6 Q. So you were hoping the same lawyers would be  
7 available again?

8 A. Yes.

9 Q. Tell me why.

10 A. I had a level of trust with them that I thought  
11 they could do the job if they were interested.

12 Q. You weren't concerned that the submission had  
13 been late last time?

14 A. No.

15 Q. And that the map last time had been rejected  
16 and it had to go to litigation, you weren't concerned  
17 about that?

18 A. No.

19 Q. That didn't give you pause?

20 MR. RUSSO: Objection, asked and answered.

21 THE WITNESS: No.

22 Q. (BY MS. KLEIN) So how did you start your  
23 planning for the 2021 redistricting process?

24 A. I -- at some point in 20 -- late 2020 or early  
25 2021 I'm sure I would have asked Paul and/or Tyler to  
Page 120

1 | get ahold of Dale. I knew that Trey Trainor had become  
2 | a FEC commissioner and that Joe was his general counsel  
3 | or something. They weren't available, which concerned  
4 | me because I thought that they were pretty significant  
5 | in the process but we tracked down Dale and I was  
6 | pleased to hear that he was interested in doing the job  
7 | for us.

8 | Q. And that was late 2020, early 2021 you said --  
9 | I heard you say?

10 | A. Yes, I'm sure it was that time frame.

11 | Q. Do you remember being contacted by Galveston's  
12 | tax assessor, Cheryl E. Johnson, in late 2020 asking you  
13 | about redistricting?

14 | A. Because of a document they showed me in  
15 | preparation for this, yes, I remember now.

16 | Q. Okay. Maybe I'll show you that documentation.

17 | MS. KLEIN: Can we pull up Tab 24, Alexa?  
18 | And we'll title this Exhibit 14.

19 | (Exhibit No. 14 was marked.)

20 | Q. (BY MS. KLEIN) So this is an email from Linda  
21 | Liechty, I think is how you pronounced her name?

22 | A. Liechty.

23 | Q. Liechty, thank you. To you and Tyler Drummond  
24 | and Jed Webb and she attaches a letter. Am I getting  
25 | that right?

1 A. Yes.

2 Q. December 30, 2020?

3 A. Yes.

4 Q. And let's scroll to the next page, PDF Page 2  
5 of this exhibit. And this is a letter dated  
6 December 22nd from Cheryl E. Johnson to you and I'll  
7 just direct -- I don't want you to read the whole  
8 letter, but I'd like to just go right to the end, the  
9 last paragraph at the bottom. Do you remember getting  
10 this letter?

11 A. No, but I'm sure I did.

12 Q. The last -- the last paragraph said, (Reading:)  
13 To ensure we have the most current existing boundaries,  
14 please provide either a digital file or paper copy of  
15 current plans as soon as possible. Although the real  
16 work may not begin until the spring, it is never too  
17 early to get started on a plan of action so that  
18 implementation of 2020 redistricting plans in Galveston  
19 County is a seamless and successful effort. We look  
20 forward to working with you in 2020 redistricting.

21 MR. RUSSO: Counsel, what's the date of  
22 this letter? I'm sorry.

23 MS. KLEIN: We can scroll up.

24 THE WITNESS: I think it's December of  
25 2020.

Page 122

1 MR. RUSSO: Okay.

2 THE WITNESS: Yeah.

3 MR. RUSSO: Thank you.

4 Q. (BY MS. KLEIN) Did you take any actions after  
5 receiving this letter from Ms. Johnson?

6 A. There would be no action to take.

7 Q. Why is that?

8 A. She's asking -- I know what she's asking.  
9 She's asking for files that don't exist yet and she's  
10 also correctly asking that we don't split up apartment  
11 complexes and things like that into multiple precincts.

12 She also has to deal with city elections.  
13 So she also had a concern that is less for the county  
14 but as the voter registrar, she's got to get the  
15 districts in a -- within a city correct.

16 Q. So why was she so concerned about splitting up  
17 apartment buildings?

18 A. It's just confusing. You've got the same  
19 street address with two different voting precincts.

20 Q. And you also mentioned, you know, city  
21 districts and other things. Was she asking to  
22 coordinate on something related to other districts  
23 besides --

24 A. That's not how I read it. I read it as her  
25 asking us to get her the files as soon as we can get  
Page 123

1 them to her because then she's the voter registrar, she  
2 has to implement those addresses into the -- I can't  
3 remember the name of the system that then creates the  
4 voter card that tells you where -- what precincts you're  
5 in.

6 Q. Do you remember her asking -- all right. We  
7 can take this one down.

8 Do you remember her following up in January  
9 of the new year of 2021 about the same issue?

10 A. I don't remember that, but she may well have.

11 Q. Okay. We'll pull that up.

12 MS. KLEIN: This is Tab 26, Alexa, and it  
13 will be Exhibit 15.

14 (Exhibit No. 15 was marked.)

15 Q. (BY MS. KLEIN) So this is an email dated  
16 January 14, 2021 from Cheryl Johnson to you, correct?

17 A. Correct.

18 Q. And it also copies the other commissioners,  
19 correct?

20 A. Yes, it does.

21 Q. Do you remember receiving this email?

22 A. I don't remember it, but I don't doubt that I  
23 got it.

24 Q. And she says, (Reading:) With redistricting  
25 around the corner, I thought it may be helpful for each  
Page 124

1 of you to have the list of registered voters across the  
2 county (by precinct) which automatically provides county  
3 commissioner lists and the JP/Constable listings.

4 Do you know why she would have sent that to  
5 you?

6 A. Not really.

7 Q. Did you take any steps after receiving this  
8 email from her?

9 A. There's nothing -- again, there's nothing at  
10 this point that can be done. We don't have census data.  
11 We don't have anything.

12 Q. Could you have started making a timeline for  
13 how the redistricting process should go?

14 MR. RUSSO: Objection, calls for  
15 speculation.

16 THE WITNESS: It would strictly be an  
17 exercise because we don't have census data. So there's  
18 nothing you can do until you get census data.

19 Q. (BY MS. KLEIN) Can you -- well, what about the  
20 criteria that we just looked at a few exhibits ago? Do  
21 you need census data to pass a resolution of criteria?

22 A. We didn't pass a resolution of criteria.

23 Q. But hypothetically, would you need census data  
24 to pass a resolution of criteria?

25 MR. RUSSO: Objection, calls for  
Page 125

1 speculation and it's an incomplete hypothetical.

2 THE WITNESS: If our lawyers told us to  
3 pass a resolution for criteria, we would have done that.

4 Q. (BY MS. KLEIN) Apart from what your lawyers  
5 were telling you to do or not, your understanding, did  
6 criteria require knowing anything about census data at  
7 all?

8 MR. RUSSO: Calls for speculation and a  
9 legal conclusion.

10 THE WITNESS: You lost me. The -- the  
11 census data -- if we are going to adopt criteria, I  
12 don't guess we'd have to wait for census data.

13 Q. (BY MS. KLEIN) You don't guess. You don't  
14 think you would have had to wait?

15 MR. RUSSO: Objection, calls for  
16 speculation.

17 THE WITNESS: I don't know that it would  
18 have been passed by Commissioner's Court. So I can only  
19 speak for myself as one of five members.

20 Q. (BY MS. KLEIN) What I'm asking is did -- if  
21 you were to pass redistricting criteria as they had in  
22 the past, would you need to know census numbers in order  
23 to draft those criteria, those standards for  
24 redistricting and pass them?

25 A. Probably not.  
Page 126

1 MR. RUSSO: Objection, calls for  
2 speculation.

3 MS. KLEIN: If you could just let him --  
4 not speak over each other somehow.

5 MR. RUSSO: She's telling you to wait for  
6 me.

7 THE WITNESS: Okay.

8 Q. (BY MS. KLEIN) So you say you sought out Dale.  
9 Do you remember receiving -- Dale Oldham, rather, do you  
10 remember receiving communications from other perspective  
11 counsel for redistricting?

12 A. I do not remember getting anything else.

13 Q. Okay. Let's pull one of those documents up.  
14 This is Doc 15 and it will be Exhibit 16.

15 (Exhibit No. 16 was marked.)

16 MS. KLEIN: So Alexa, that's Tab 15.

17 Q. (BY MS. KLEIN) Just one more question on the  
18 criteria issue. I'm sorry to go back and poke around.

19 A. That's okay.

20 Q. You said, "probably." I heard you say,  
21 "probably." Is there any reason you can think of that  
22 you would need census numbers first before drafting up a  
23 set of criteria to guide the redistricting process?

24 MR. RUSSO: Object. Calls for speculation.

25 Misstates the record. It's vague and ambiguous.

1 THE WITNESS: No. I think -- you're saying  
2 do I need census data if we are going to adopt criteria,  
3 do we need to wait for census data, the answer to that,  
4 I guess, would be no.

5 Q. (BY MS. KLEIN) All right. So we have this  
6 document, Exhibit 16, pulled up. And this is an email  
7 from Dianna Martinez to you dated February 18, 2020,  
8 correct?

9 A. Correct.

10 Q. And Dianna Garza-Martinez is your office  
11 coordinator, correct?

12 A. That is correct.

13 Q. Let's scroll to the second page. And this is a  
14 letter attached, it says -- stamped with received  
15 February 14, 2020. The heading is Allison, Bass &  
16 Magee, LLP. The letter itself is dated February 6, 2020  
17 and it is addressed to you, correct?

18 A. It is.

19 Q. Did I get any of that wrong?

20 A. You got it correct.

21 Q. And the subject line is, Commissioner's Court  
22 Precinct Redistricting, right?

23 A. Correct.

24 Q. Do you remember getting this letter?

25 A. I specifically don't remember, but I'm sure I  
Page 128

1 | got it.

2 | Q. Had you discussed the need for counsel for the  
3 | 2021 redistricting process with Ms. Martinez?

4 | A. No, I doubt it.

5 | Q. Had you discussed the need for counsel with  
6 | anyone else in your office?

7 | A. At any time or on February 6th or when -- when  
8 | exactly?

9 | Q. Before you retained counsel for the 2021  
10 | process, had you talked with anybody?

11 | A. Oh, I'm sure I talked with Paul.

12 | Q. Paul?

13 | A. Ready, general counsel.

14 | Q. Do you remember reading this letter?

15 | A. I suspect I would have thrown this letter in  
16 | the trash can.

17 | Q. Why?

18 | A. Because I do not like this law firm.

19 | Q. Well, tell me why.

20 | A. Because they're bad. They're -- first of all,  
21 | let me put this in context. These guys are general  
22 | counsel for Texas Association of Counties. This is a  
23 | solicitation letter which probably violates the  
24 | professional ethics in the State of Texas. And I love  
25 | the first line of the second paragraph, "We have not

Page 129

1 | 1 received your retainer yet." Yeah, you're not going to.

2 | 2 Q. Did you share this solicitation with any of the  
3 | 3 other commissioners?

3 | 4 A. I think they sent it to all of them

4 | 5 individually.

5 | 6 Q. Did you ever discuss this -- retaining or not

6 | 7 retaining Allison, Bass & Magee for redistricting with

7 | 8 the other commissioners?

8 | 9 A. No.

9 | 10 Q. And why specifically don't -- did you not want

10 | 11 to retain this specific law firm?

11 | 12 MR. RUSSO: Objection, asked and answered.

12 | 13 THE WITNESS: He's probably my lawyer on

13 | 14 another case and so I'm trying to be careful not to

14 | 15 discuss that. So can I just leave it at I don't think

15 | 16 he does a good job?

16 | 17 Q. (BY MS. KLEIN) Sure. So the county ended up

17 | 18 retaining the firm Holtzman, Vogel, Josefiak, Torchinsky

18 | 19 to assist with the 2021 redistricting in April of 2021;

19 | 20 is that correct?

20 | 21 A. That's sounds right, yes.

21 | 22 Q. Holtzman Vogel, I'm going to refer to them just

22 | 23 with those two first names, if that makes sense.

23 | 24 A. Absolutely.

24 | 25 Q. Holtzman Vogel are the same counsel

25 | Page 130

1 | representing you in this litigation, correct?

2 | A. Correct.

3 | Q. I'm going to refer to them as redistricting  
4 | counsel going forward. Make sense?

5 | A. Yes.

6 | Q. And they were also working with Dale Oldham at  
7 | your request, correct?

8 | A. Basically, yes. I can't recall if Dale and  
9 | them worked together already or if when we retained  
10 | Dale, they agreed to work. I can't remember exactly how  
11 | it happened. But essentially, yes.

12 | Q. And so what was your -- how would you  
13 | characterize your role in coordinating the retention of  
14 | Holtzman Vogel and Dale Oldham for the 2021  
15 | redistricting process?

16 | A. I would have -- I know that we had discussions  
17 | with Dale and then -- again, I can't recall exactly how  
18 | it all worked together. But then there would have been  
19 | a retention with redistricting counsel to include Dale.  
20 | Is that your -- is that your question?

21 | Q. My question is a little bit different. What  
22 | was your role specifically distinguishing among other  
23 | commissioners?

24 | A. Re-coordinating the effort.

25 | Q. Do you remember that retaining counsel was put  
Page 131

1 | on the Commissioner's Court meeting agenda in  
2 | January 2021?

3 | A. I don't remember that, but it sounds right.

4 | Q. Okay. I can -- I can pull it up if you -- if  
5 | you need -- if you want me to. I can pull it up. I'm  
6 | willing to represent it --

7 | A. Okay.

8 | Q. -- for the record. Do you remember that that  
9 | item was deferred at that time?

10 | A. I don't remember that.

11 | Q. Okay. Do you remember why it might have been  
12 | deferred?

13 | A. Since I don't remember it being deferred, I  
14 | don't remember why.

15 | Q. All right. They were eventually -- Holtzman  
16 | Vogel, redistricting counsel, and Dale Oldham were  
17 | eventually approved and retained by the Commissioner's  
18 | Court in April of 2021. Does that timing sound right to  
19 | you?

20 | A. Sounds about right.

21 | MS. KLEIN: Let's go to Tab 31, please,  
22 | Alexa. This will be Exhibit 17.

23 | (Exhibit No. 17 was marked.)

24 | Q. (BY MS. KLEIN) Do you recognize this document?

25 | A. It appears to be one of our agendas for  
Page 132

1 April 5th in this case.

2 Q. And scroll down -- if we could scroll down to  
3 Item 11, please. And can you read Item 11?

4 A. (Reading:) Consideration of approval of an  
5 engagement of counsel based on 2020 census submitted by  
6 county judge.

7 Q. Do you recall if there's a meeting package for  
8 this meeting?

9 A. What do you mean a meeting package?

10 Q. What we talked about before, the materials  
11 associated --

12 A. Oh, the backup.

13 Q. The backup, you call it the backup. I'll call  
14 it the backup now, too.

15 Do you recall if there's a backup for this  
16 meeting?

17 A. There's a backup for every meeting, not every  
18 single item has got a backup document to go with it.

19 Q. Do you remember if this item had a backup  
20 document?

21 A. No, I don't remember.

22 Q. Okay. I'm going to actually take the time to  
23 take you to that.

24 A. Okay.

25 MS. KLEIN: Or you know, I can save the  
Page 133

1 | time if counsel is willing to represent that we don't  
2 | need to authenticate the backup that we got from the  
3 | county website.

4 | MR. RUSSO: In terms of, like, authenticate  
5 | it and ask him if it's a county --

6 | MS. KLEIN: If it's accurate, the version  
7 | that was posted on the county website is accurate.

8 | MR. RUSSO: I can't tell you that I've seen  
9 | it, frankly. So it's hard for me to make the  
10 | representation.

11 | Q. (BY MS. KLEIN) All right. That's fair. We'll  
12 | do it -- Doc 32. Just trying to save --

13 | MR. RUSSO: I understand.

14 | Q. (BY MS. KLEIN) Let's pull up Doc 32, so it  
15 | will be Exhibit 18.

16 | (Exhibit No. 18 was marked.)

17 | Q. (BY MS. KLEIN) And this -- this is a large  
18 | document so it is going to take a little bit of time.  
19 | But while we're waiting for it -- for to load, who  
20 | decides what will be in the backup?

21 | A. Dianna, although we -- you know, to the extent  
22 | possible, we like everything to have backup if we can.  
23 | Just that all things -- we don't get some things in on  
24 | time. Some things you can't really put a backup to,  
25 | appointments, for example. So some things just don't

1 | have a backup or can't -- doesn't get there quick  
2 | enough.

3 | Q. So we saw that it was Item Agenda 11. Do you  
4 | remember that?

5 | A. Yes.

6 | Q. So when this loads, it's a big file, but when  
7 | it loads, I'm going to take you to PDF pages 239, if you  
8 | could scroll to that. And it says Agenda Item 10. Do  
9 | you see that?

10 | A. Yes.

11 | Q. And if we keep scrolling please and keep  
12 | scrolling to the next page, please. And then it says  
13 | Agenda Item 12, right?

14 | A. Yes.

15 | Q. So it appears there's no backup materials for  
16 | Agenda Item 11, correct?

17 | A. Correct.

18 | Q. Do you remember why no backup materials?

19 | A. No, I have no idea.

20 | Q. So the -- for example, the -- you know, the  
21 | proposed retainer agreement was not included in this  
22 | agenda packet, correct?

23 | A. It doesn't appear that way, correct.

24 | Q. And if we go back to Exhibit 17, the agenda  
25 | itself, and you just read that. Do you remember it  
Page 135

1 | saying who the attorneys that were proposed counsel  
2 | would be?

3 | A. No, I don't remember.

4 | Q. So let's scroll to -- again, back to Agenda  
5 | Item 11. Does it say anywhere on this?

6 | A. No.

7 | Q. So would a member of the public from these  
8 | public materials know who the proposed redistricting  
9 | counsel would be?

10 | A. I wouldn't think so.

11 | Q. Is there any other way they might know who  
12 | redistricting counsel would be?

13 | MR. RUSSO: Objection, calls for  
14 | speculation.

15 | THE WITNESS: I don't know.

16 | Q. (BY MS. KLEIN) I mean, you know what  
17 | information is posted about the commissioner court  
18 | meeting you preside over before?

19 | A. Right. And we're required to publish the item  
20 | to be considered, not the details of every transaction.

21 | Q. But didn't you just say that you try to include  
22 | things whenever you can for the backup?

23 | A. Yes.

24 | Q. So do you know why you chose not to include the  
25 | draft?

1 MR. RUSSO: Objection, asked and answered.

2 THE WITNESS: It becomes a public document.

3 We're not trying to hide anything.

4 Q. (BY MS. KLEIN) But you agree you didn't --

5 it's not included in the notice material?

6 A. I agree it did not get into the backup at the

7 time of the posting.

8 Q. So someone would have to actually go to the

9 meeting to understand who the proposed counsel were

10 going to be, right?

11 A. Or what's online.

12 Q. So if somebody, say, objected to using the same

13 counsel as last redistricting cycle, they wouldn't have

14 known that unless they had chosen to show up to the

15 meeting to find out, correct?

16 MR. RUSSO: Objection, calls for

17 speculation.

18 THE WITNESS: I assume so.

19 Q. (BY MS. KLEIN) Do you think -- strike that.

20 Does it surprise you that the January 25th

21 meeting where we talked about how the item was deferred

22 that it was not in that meeting packet either?

23 MR. RUSSO: Objection, calls for

24 speculation.

25 THE WITNESS: No.

1 Q. (BY MS. KLEIN) Other than Dale Oldham, do you  
2 know of any other counsel who worked -- who represented  
3 you in the 2021 process that also specifically had  
4 worked with you in 2011 on the redistricting process?

5 A. No, I -- no.

6 Q. Do you remember what discussion, if any, there  
7 was in the April 2021 meeting where you decided to  
8 retain counsel what discussion there was at that meeting  
9 about retaining counsel?

10 A. There was no discussion. It's on consent.

11 Q. Which means it just goes to a vote?

12 A. Right.

13 Q. Do you remember the vote on this item?

14 A. I do not. Unless someone pulled it off, it was  
15 everyone present, but I don't know who was present at  
16 that meeting.

17 Q. Let's go to the meeting minutes for this.

18 That's Tab 33. And this will be Exhibit 19.

19 (Exhibit No. 19 was marked.)

20 Q. (BY MS. KLEIN) Do you want to guess who voted  
21 for and who voted against?

22 A. Was it --

23 MR. RUSSO: Objection, calls for  
24 speculation.

25 THE WITNESS: Was it removed from consent

1 agenda?

2 Q. (BY MS. KLEIN) Let's scroll to -- let's scroll  
3 to 11, Item 11 here, it says, (Reading:) Consideration  
4 of approval of an engagement of counsel based on 2020  
5 census submitted by county judge. Motion to approve  
6 consent agenda Item 11 only by County Judge Henry,  
7 seconded by Commissioner Giusti and it says passed 4-1.

8 A. Okay. So it was pulled off consent agenda and  
9 Commissioner Holmes voted against it.

10 Q. Do you know why he voted against it?

11 A. Do not.

12 Q. Was there -- if it was pulled off consent  
13 agenda, was there discussion about it?

14 A. There could have been. If it's pulled off  
15 consensual, you're allowed to discuss it now. That  
16 doesn't mean there has to be. And I'll just tell you  
17 many, many times Commissioner Holmes will say just pull  
18 it off because I'm going to vote against it.

19 Q. Okay. Do you remember if there was discussion  
20 about it in this meeting?

21 A. No, I don't remember.

22 Q. All right. So you eventually retained the  
23 counsel. I'd like to show you that engagement letter.

24 A. Okay.

25 Q. That's -- and we can pull this down. And let's  
Page 139

1 pull up Document 34. This is going to be Exhibit 20.

2 (Exhibit No. 20 was marked.)

3 Q. (BY MS. KLEIN) While we're waiting for it to  
4 load, let me ask you, what was your expectation for the  
5 scope of work your redistricting counsel would provide  
6 for you in the 2021 redistricting process?

7 A. What was my expectation about the scope of his  
8 work?

9 Q. What did you think Holtzman Vogel was going to  
10 do for you with respect to the 2021 redistricting  
11 process?

12 A. I -- well, I want to be clear that my belief  
13 was that Dale was really the person that I was hiring.  
14 Holtzman Vogel comes with him. I understand that. But  
15 that Dale would get us a legally compliant map that gets  
16 us in balance for the -- with the census data we have  
17 available.

18 Q. So your understanding was that Dale would draft  
19 the map for you?

20 A. Yes.

21 Q. Did you have the understanding he would draft  
22 several maps for you?

23 A. I don't know that I gave him an upper and lower  
24 limit. The more maps he drafts, the more he charges us.  
25 But, you know, it could be more than one.

1 Q. Did you give him any concept maps or  
2 description before he started drafting?

3 A. Concept maps, no, I don't know how to do that.  
4 Drafts -- I'm sorry. Direction --

5 MR. RUSSO: Before you complete, facts  
6 related to the representation, legal -- the legal  
7 services are okay, but don't provide or disclose  
8 communications between you and Mr. Oldham specifically  
9 related for legal services.

10 THE WITNESS: Well, I think that's what I  
11 would be answering.

12 MR. RUSSO: Well, the difference being the  
13 facts as to -- again, you talked about what he was  
14 supposed to do for you.

15 THE WITNESS: Okay.

16 MR. RUSSO: That's fine. But how he's  
17 going to do it is a different question. Do you  
18 understand?

19 THE WITNESS: Yes, I think.

20 Q. (BY MS. KLEIN) Let me separate this out. I'm  
21 not going to ask you about what Dale thought about the  
22 legal requirements. I'm not going to ask you what  
23 Mr. Oldham thought, you know, about what was legally  
24 required or advice he gave you specifically.

25 But I do want to know about, you know, the  
Page 141

1 | drafting process, just the maps and the ideas you had,  
2 | not about whether they were legal or not or anything,  
3 | but just if you had an idea geographically -- putting  
4 | all the legal stuff aside if you had an idea  
5 | geographically that you shared with Mr. Oldham when you  
6 | retained him about what the maps or proposed maps should  
7 | look like?

8 | THE WITNESS: Is that okay?

9 | MR. RUSSO: There's no question pending.  
10 | She's just making a statement so...

11 | Q. (BY MS. KLEIN) So I'll ask the question. Did  
12 | you share with him any geographic concept ideas about  
13 | what one or more proposed maps should look like?

14 | MR. RUSSO: Again, you can answer in hiring  
15 | and what the general retainage was about and for. But  
16 | specifics as to him providing legal services or  
17 | financial matters or what the facts could be related to  
18 | specific advice he was providing are off the table.

19 | THE WITNESS: Well, then I guess I can't  
20 | answer that.

21 | MS. KLEIN: Okay. I'm going to interpose,  
22 | just for the record preserve the right -- because I  
23 | understand this is related to an issue that's pending  
24 | before the Court. So -- so I'm going to just preserve  
25 | the right to ask that question again if we get a

1 | different determination from the Court in the future on  
2 | this issue. But I'm going to keep asking this line of  
3 | questions and just to preserve our rights.

4 | MR. RUSSO: I understand.

5 | MS. JAYARAMAN: Hi, this is Tharuni  
6 | Jayaraman for the United States. The United States also  
7 | joins in preserving.

8 | MS. RICHARDSON: Petteway plaintiff joins  
9 | in the reservation as well.

10 | Q. (BY MS. KLEIN) Apart from wanting a legal map,  
11 | did you have any other goals or objectives for how the  
12 | county commissioners' new precincts should look?

13 | MR. RUSSO: Same reservation in terms of  
14 | the attorney-client privilege. To the extent that you  
15 | can describe the general retainage, that's okay. I  
16 | would waive --

17 | THE WITNESS: Can I step out and ask him a  
18 | question? Because I don't know -- I just don't know if  
19 | this is privileged or not.

20 | MS. KLEIN: We can go off the record if you  
21 | want.

22 | THE WITNESS: Yes.

23 | MS. KLEIN: But before that, let me just  
24 | clarify. That question, I didn't ask anything about an  
25 | attorney anywhere. I'm just asking about Judge Henry's

1 | personal desires at the beginning of the redistricting  
2 | process putting aside all legalese. So I'll ask the  
3 | question again and see if the witness understands, you  
4 | know, he still has a confusion about privilege.

5 | MR. RUSSO: The only issue is conveying the  
6 | question I think tied up is what conveyance he's making  
7 | to Dale in that respect. If he -- if we're talking  
8 | about what he comes to the table with, all day you can  
9 | ask him that.

10 | MS. KLEIN: Okay.

11 | MR. RUSSO: Okay. That's a different  
12 | question. It doesn't involve the attorney.

13 | MS. KLEIN: Yeah, so --

14 | MR. RUSSO: I get that, so...

15 | THE WITNESS: Well, but it does. That's  
16 | who I'm conveying information to.

17 | MR. RUSSO: She's asking you a different  
18 | question, I think. What were your -- what were your  
19 | goals, I think is what she's getting at. What did you  
20 | want to do?

21 | THE WITNESS: But my goal conveyed to Dale  
22 | is okay not --

23 | MR. RUSSO: That's a different question --  
24 | separate question. What you conveyed to Dale is a  
25 | different question. What -- what was your -- your goal

1 as -- as the county judge?

2 THE WITNESS: Okay. Just me speaking for  
3 myself what I would like --

4 MR. RUSSO: Let her ask it.

5 MS. KLEIN: And so I appreciate you're  
6 trying to help and facilitate this and instruct him.

7 But if you could just let me clarify with the witness if  
8 he has confusion and then you can instruct him on  
9 privilege. I think that makes sense going forward.

10 Q. (BY MS. KLEIN) So putting aside Mr. Oldham, at  
11 the -- when you -- at the beginning of this process,  
12 right, in April when you were retaining counsel, what  
13 were your own desires -- other than just a legal map,  
14 your own desires for how the commissioners' precinct map  
15 would look?

16 A. The thing that I had -- it wasn't just in  
17 April. It was for many years before that I thought the  
18 county would benefit greatly from having one coastal  
19 precinct.

20 MS. KLEIN: All right. So can we publish  
21 that Exhibit 20, please, Alexa?

22 Q. (BY MS. KLEIN) This is an email chain between  
23 Paul Ready and Mr. Oldham and you are copied, correct?

24 A. Yes.

25 Q. It's dated April 6, 2021, correct?  
Page 145

1 A. Yes.

2 Q. And it says, (Reading:) The executed  
3 engagement letter is attached. You may be hearing from  
4 either myself or Judge Henry or his Chief of Staff,  
5 Tyler. Otherwise, let us know when it's time to start  
6 the work.

7 Correct?

8 A. Yes.

9 Q. So you were depending on counsel to advise you  
10 when to start the work?

11 A. Yes.

12 Q. And let's scroll to the next page. And let's  
13 scroll to the attachment, actually.

14 And this is a document dated January 20,  
15 2021, and the subject line is Holtzman Vogel Josefiak  
16 Torchinsky PLLC Engagement Letter. Did I get that  
17 right?

18 A. Yes.

19 Q. And if we scroll all the way to the end,  
20 please, that's your signature, correct?

21 A. Yes.

22 Q. Do you remember executing this?

23 A. Oh, goodness, no.

24 Q. So do you remember when -- and I don't want to  
25 know the specifics of your communications with counsel.

1 But do you know when you started discussing the 2021  
2 redistricting process and planning after this letter was  
3 executed?

4 A. It would have been at some point after this,  
5 but exactly when I do not remember.

6 Q. Scrolling back up to the first page of the  
7 engagement letter, which I think is, like, PDF page 3 of  
8 this document. Yeah, that's correct.

9 The second paragraph says, (Reading:)  
10 Specifically, the firm has been engaged to provide legal  
11 representation and advice regarding redistricting in  
12 Galveston County, Texas, including provision of a  
13 technical expert to draw the map. The firm will be  
14 associated with Dale Oldham, PC and representation on  
15 this matter.

16 Who's the technical expert referred to in  
17 this? Do you know?

18 MR. RUSSO: Calls for speculation.

19 THE WITNESS: I don't know.

20 Q. (BY MS. KLEIN) Does Tom Bryan ring a bell?

21 A. I heard that name in preparation for this only.  
22 That's the first time I've heard it.

23 Q. And then if we -- if we go down to the fourth  
24 paragraph, it says -- the fourth paragraph, it says,

25 (Reading:) At this time our Texas bar attorney,  
Page 147

1 Phil Gordon, assisted by Dale Oldham and Jason  
2 Torchinsky will be primarily responsible for overseeing  
3 representation.

4 Was that your understanding that those  
5 three attorneys would be overseeing the representation?

6 A. That's what's in the letter. Although, I don't  
7 recall if I've ever met Phil Gordon, so I don't -- I  
8 didn't have much to do with him, if anything.

9 Q. But you wanted -- you wanted Dale Oldham to  
10 draw your map, right?

11 A. Yes.

12 MR. RUSSO: Objection, calls for  
13 speculation.

14 Q. (BY MS. KLEIN) When you retained them, did you  
15 have an expectation that your redistricting counsel was  
16 or would be communicating with other third parties  
17 beyond you or the other commissioners about Galveston's  
18 2020 redistricting of commissioner districts?

19 A. Did I have -- what was the first part? Did I  
20 have an understanding or an expectation? What was  
21 the --

22 Q. Let's start with the first. Did you have an  
23 understanding that they would be communicating with  
24 third parties not part of the Galveston Commissioner's  
25 Court, not part of their firm but other third parties

1 about Galveston's redistricting?

2 A. I wouldn't know that I don't think.

3 Q. Did you have an expectation regarding whether  
4 they were having communications?

5 A. I assume if they needed something from  
6 somebody, they would know where to get it, but I don't  
7 know who that would be.

8 Q. Did you have an expectation that they would not  
9 be discussing redistricting -- Galveston's redistricting  
10 process with third parties?

11 A. I don't -- I don't know who the third parties  
12 are so I don't know how to answer that.

13 Q. I'll show you an example. Make it a little  
14 easier. Let's pull up Tab 56. This will be Exhibit 21.

15 (Exhibit No. 21 was marked.)

16 Q. (BY MS. KLEIN) So you're not on this email, so  
17 I'm going to represent to you that this was produced by  
18 your counsel in this litigation.

19 A. Okay.

20 Q. But it looks like it's from Adam -- a man  
21 called Adam Kincaid to -- do you recognize the  
22 dloesq@aol.com?

23 A. No.

24 Q. Okay. I will represent to you that that is  
25 Dale Oldham's email address and I'll represent that to  
Page 149

1 you because it's on other correspondence --

2 A. Okay.

3 Q. -- that you're on, and then dated September 14,  
4 2021. So this is after you retained Mr. Oldham,  
5 correct?

6 A. Yes.

7 Q. And then in the signature line it says Adam  
8 Kincaid is President and Executive Director of the  
9 National Republican Redistricting Trust, right?

10 A. That's what it says, yes.

11 Q. Do you know -- have you ever heard of the  
12 National Republican Redistricting Trust before?

13 A. No.

14 Q. And the subject says, "Galveston Report,"  
15 right?

16 A. Yes.

17 Q. And let's scroll to the next page and keep on  
18 scrolling. Zoom in a little bit. And you see on the  
19 left-hand side it says "District," the left-hand  
20 column 1, 2, 3, 4?

21 A. Okay.

22 Q. And the top says, "Galveston County  
23 Commission," correct?

24 A. Yes.

25 Q. And then it has a year 2010, 2020 in the  
Page 150

1 change, correct? That's the second column from the  
2 left.

3 A. Oh, 20 -- okay, yes.

4 Q. And then across the top it has different racial  
5 groups, right?

6 A. Yes.

7 Q. So this looks like a demographic profile of the  
8 commissioner precincts, correct?

9 A. I guess, yes.

10 Q. And the top right says, "Texas Demographic  
11 Changes"?

12 A. Yes.

13 Q. Were you aware that Mr. Oldham was receiving  
14 information from the National Republican Redistricting  
15 Trust about Galveston?

16 A. No.

17 Q. Does it surprise you?

18 A. I don't know who they are or what their role  
19 is. So I mean, I guess I don't know. I just don't know  
20 who they are.

21 Q. But considering they're a third party, right,  
22 they're not part of Galveston Commissioner's Court and  
23 they're an entity separate from your counsel, does it  
24 surprise you that he was getting Galveston specific  
25 information from a third party?

Page 151

1 A. I --

2 MR. RUSSO: Objection, asked and answered.

3 THE WITNESS: I don't know how to answer  
4 that. I don't know. It's not something that I believe  
5 we paid. So if -- if he's not charging us for it, my  
6 interest level goes down.

7 Q. (BY MS. KLEIN) How do you feel about the fact  
8 that he was getting information from the National  
9 Republican Redistricting Trust?

10 A. Again, I don't know who they are or what their  
11 role is so I don't know that I have a feeling.

12 Q. How would you feel if he was getting  
13 information from the National Democrat -- if there were  
14 a National Democratic Redistricting?

15 A. Same answer.

16 MR. RUSSO: Same objection, speculation.  
17 It's an incomplete hypothetical.

18 MS. KLEIN: So you can take this exhibit  
19 down. Thanks, Alexa.

20 Q. (BY MS. KLEIN) At the time you retained  
21 counsel in April of 2021, what was your vision, and I  
22 don't want to know what your attorneys wanted or  
23 anything, but your personal vision for the timeline for  
24 how redistricting would proceed?

25 A. It would have been, I guess, the same as the  
Page 152

1 | previous redistricting. We needed to have everything  
2 | completed by the opening of the candidate filing period.

3 | Q. And as we discussed before, that's about mid  
4 | November?

5 | A. Yes.

6 | Q. Without telling me what was discussed, you  
7 | spoke with Mr. Oldham and your general counsel,  
8 | Paul Ready, about redistricting shortly after you  
9 | executed that engagement agreement with redistricting  
10 | counsel on April, right?

11 | A. That sounds right, yes.

12 | Q. And without telling me what specifically was  
13 | discussed, but the meeting in general concerned the  
14 | timing of the process, correct?

15 | A. Yes. I'm sorry. Yes.

16 | Q. And we're going to go a little bit  
17 | chronologically here. Then in May of 2021, do you  
18 | remember Ms. Johnson from the tax assessor office  
19 | reaching out to your office again about redistricting?

20 | A. I don't doubt it happened. I don't remember  
21 | it.

22 | Q. Okay. We'll pull up that document.

23 | MS. KLEIN: Alexa, if you could pull up  
24 | Tab 38. This is going to be Exhibit 22.

25 | (Exhibit No. 22 was marked.)

1 MR. RUSSO: Another comment on questioning  
2 I'm sure.

3 MS. KLEIN: I should say, you know, it's --  
4 it's past noon. We can take a break if you want lunch  
5 or get hungry or anything.

6 THE WITNESS: Okay. Whenever is fine.

7 Q. (BY MS. KLEIN) All right. So this appears to  
8 be a May 20, 2021 email from Cheryl Johnson to Tyler  
9 Drummond, correct?

10 A. Correct.

11 Q. And Tyler Drummond is your chief of staff,  
12 correct?

13 A. Correct.

14 Q. And the third paragraph she asks Tyler,  
15 (Reading:) Do you have any timeline expectations yet?

16 A. Correct.

17 Q. Were you -- were you notified that she had made  
18 this inquiry to Tyler?

19 A. Probably.

20 Q. Do you remember if he shared any kind of  
21 timeline with her?

22 A. My assumption would be that he wouldn't be able  
23 to. Not that he wouldn't, he just couldn't.

24 Q. Why is that?

25 A. We didn't have census data yet.  
Page 154

1 Q. Did you -- were you aware of when the census  
2 data would be released at this time?

3 A. No.

4 Q. Okay. Let's pull up another document. This is  
5 Doc 30. It will be Exhibit 23.

6 (Exhibit No. 23 was marked.)

7 Q. (BY MS. KLEIN) So I'll represent to you this  
8 is a press release from the US Census Bureau. It's  
9 dated March 15, 2021. You see that?

10 A. Yes.

11 Q. And if we look at the very first paragraph,  
12 scroll down.

13 MS. KLEIN: If you could zoom in a little  
14 bit, Alexa. Thank you.

15 Q. (BY MS. KLEIN) March 15, 2021, I'm quoting  
16 here, (Reading:) In declarations recently filed in the  
17 case Ohio v. Raimondo, the US Census Bureau made clear  
18 that we can provide a legacy format summary  
19 redistricting data file to all states by mid to late  
20 August 2021.

21 Were you aware of this announcement?

22 A. I doubt it was -- I doubt I was on March 15th,  
23 but at some point I became aware of it, yes.

24 Q. Do you remember when you became aware of it?

25 A. No. Somewhere -- I mean, it would have been in  
Page 155

1 the spring or summer.

2 Q. So we just talked about -- you can take this  
3 down.

4 So in the previous exhibit, Exhibit 22,  
5 that -- that email from Cheryl Johnson to Tyler  
6 Drummond, that was from May 20, 2021. Do you think  
7 around that time you knew that the census data was being  
8 released?

9 A. Well, that census data is not the data that we  
10 can use.

11 Q. What do you mean by that?

12 A. It said that the data that we can use wouldn't  
13 be available until August of 2021.

14 Q. So the census data would become available in  
15 August 2021, correct?

16 A. That's how I read that release from the Census  
17 Bureau.

18 MS. KLEIN: Let's go back to Exhibit 22, if  
19 you don't mind, Alexa.

20 Q. (BY MS. KLEIN) And actually looking at the  
21 email below, the one between Cheryl Johnson and Tyler  
22 Drummond, you can see she has forwarded in the chain  
23 update on 2020 census data products. And if we scroll  
24 down she had asked -- it looks like she had asked the  
25 census when the 2020 census data would be released,

1 right?

2 A. Correct. Correct.

3 Q. So scrolling up, and they said August,  
4 September release date.

5 So is it fair to say that Tyler Drummond  
6 knew at least on or even maybe before May 20, 2021 that  
7 the census data would be released in August or  
8 September?

9 MR. RUSSO: Object, calls for speculation.

10 THE WITNESS: I would think so, yes.

11 Q. (BY MS. KLEIN) And he would have shared that  
12 with you?

13 A. Yes.

14 Q. Do you remember that your office followed up  
15 with your general counsel, Paul Ready, to get  
16 Ms. Johnson answers about the timeline?

17 A. I don't recall that specifically. I'm sure we  
18 did.

19 Q. Okay. And do you know what kind of timeline  
20 you would have shared with her?

21 A. My assumption would be that we would have said  
22 there's nothing we can do until we have the precinct  
23 level data.

24 Q. So tell me more about nothing you can do.

25 Could you have set a timeline based on knowing it  
Page 157

1 would -- the data was going to come out in August?

2 MR. RUSSO: Objection, calls for -- I'm  
3 sorry. Improper hypothetical or incomplete  
4 hypothetical.

5 THE WITNESS: Yeah. I don't know how you  
6 can set a timeline when you don't know for sure when  
7 you're going to have information to work with.

8 Q. (BY MS. KLEIN) But they had announced August,  
9 correct?

10 A. And they often get things wrong.

11 Q. But you could have, for example, planned to put  
12 redistricting on, you know, regular meeting agendas, for  
13 example, at that time, right?

14 A. For what purpose? No. I don't know what you  
15 would do. Once we have accurate precinct data, then  
16 it -- you know, we're not his only client,  
17 unfortunately. He's going to have to work us in with  
18 everyone else and we'll get drafts back at some point.

19 But putting it on the agenda just because  
20 the Census Bureau provides the corrected information,  
21 what would the agenda item even be? There's nothing  
22 there to do.

23 Q. You remember earlier we talked about what had  
24 happened in the 2011 process and there was that  
25 August 2, 2011 presentation about the census data in one  
Page 158

1 of the regular meetings. Do you remember that?

2 A. Not really, but, okay, I'm sure it happened.

3 Q. You know, did you plan on having a similar  
4 presentation about the census data, you know, maybe the  
5 next September meeting, for example? At this time did  
6 you make any plans like that saying, okay, the data is  
7 going to be released in August so the first regular  
8 meeting in September we'll have our presentation like we  
9 did last cycle of census demographics for the county?

10 A. No, because we wouldn't have -- we wouldn't  
11 have known for sure when to plan that. And we don't --  
12 we don't put things on the agenda six months for now.  
13 We put things on the agenda for next Monday.

14 Q. Okay. Well, let me ask you this. When the  
15 data did come out in August, did you put that on the  
16 agenda?

17 A. For what purpose? No. But I don't know what  
18 purpose we would put it on the agenda for.

19 Q. To have a meeting to describe the census data  
20 as you had, you know, last cycle in 2011, did you put  
21 that on the agenda ever?

22 A. No.

23 Q. Do you remember why not?

24 A. No one asked me -- no attorney told me we  
25 should do this.

1 Q. Did you make any announcement publicly -- not  
2 in just a meeting, but did you make any public  
3 announcement to Galveston residents about what the  
4 census data had to say about Galveston?

5 A. I don't think so.

6 Q. Did you see any analysis of that census data  
7 yourself?

8 A. When it first came out? No.

9 Q. What about later?

10 A. I suspect I would only have seen any  
11 information relating to a proposed map is my guess.

12 Q. So other than counsel, did you see any summary  
13 of the census data for Galveston?

14 A. No. Other than I did see the general  
15 population, the total population.

16 Q. When did you see that?

17 A. Whenever that came out I saw it. I'm assuming  
18 August or September.

19 Q. So turning back to Ms. Johnson, do you remember  
20 her following up again with your office after the census  
21 data was released?

22 A. I remember that she was asking for at least a  
23 part-time personnel for input data. Other than that, I  
24 don't recall anything else.

25 Q. All right. Let's pull up that document. It's  
Page 160

1 Tab 51. This will be Exhibit 24.

2 (Exhibit No. 24 was marked.)

3 Q. (BY MS. KLEIN) So this is a August 24, 2021  
4 email from Cheryl Johnson to commissioners. Do you  
5 receive emails to that email address commissioners?

6 A. I don't think so.

7 Q. And she's -- do you remember receiving this  
8 email?

9 A. I don't think I did. She's specifically  
10 talking about the individual precincts to the  
11 commissioners. I'm county-wide so I would not have been  
12 included on this.

13 Q. Okay. We can take that down. Let's -- let's  
14 put up a Document 118 and this will -- this is Tab 118.  
15 This will be Exhibit 25.

16 (Exhibit No. 25 was marked.)

17 Q. (BY MS. KLEIN) And let's scroll all the way to  
18 first one in the chain. And this is dated August 27,  
19 2021, and it's an email from Paul Ready to Mr. Oldham.  
20 And you see that email address dloesq@aol.com?

21 A. Yes. Yes.

22 Q. So it says, (Reading:) Dale, I spoke to Judge  
23 Henry about our preliminary game plan for the  
24 redistricting in Galveston County. He agrees with me  
25 that the county does not have a good data set to compare  
Page 161

1 the census data to so he wants to skip that step.

2 So you agree that you had at that time a  
3 preliminary game plan for redistricting in late August,  
4 correct?

5 A. Other than to get it done, I mean, that's about  
6 the extent of our game plan, get accurate information  
7 and get the redistricting accomplished.

8 Q. What were your plans at the time for involving  
9 the public, if any?

10 A. To the extent that I was told to involve the  
11 public, we would have done that. To the extent I was  
12 not directed to do that, I wouldn't have.

13 Q. I mean, don't you care whether your  
14 constituents are informed of policy decisions like  
15 redistricting?

16 A. They are informed. We provided maps. We  
17 provided opportunity for feedback.

18 Q. I mean, and was that done just because counsel  
19 said to or did you -- strike that.

20 Did you as the presiding officer of  
21 Commissioner's Court, as the highest elected official in  
22 Galveston County have -- apart from what your lawyers  
23 said might be legally required, did you have any concern  
24 about informing your constituents about how  
25 redistricting would proceed?

1 A. I'm sorry. Did I have any -- what was the  
2 question?

3 Q. Concerns about how -- informing the public  
4 about how redistricting would proceed?

5 A. We -- we informed the public. I mean, that's  
6 all we can do.

7 Q. Well, did you inform them about what the census  
8 had said about Galveston?

9 A. I don't think so.

10 Q. Did you inform them that maps were being  
11 drafted by counsel?

12 A. Sure, they would have known that. I mean, you  
13 have to understand that very few people show up to  
14 Commissioner's Court. So when you say the constituents,  
15 I'm not really sure who you're talking about. The  
16 people who live here or the people who show up or all of  
17 them?

18 Q. I'm talking about the people in -- who live in  
19 Galveston County when I say constituents.

20 A. Okay.

21 Q. So the people you represent in government.

22 A. Right.

23 Q. Did you -- how would they have known that maps  
24 were being drafted?

25 MR. RUSSO: Object. Calls for speculation.  
Page 163

1 THE WITNESS: Other than to access our  
2 agendas and they can also get put on a list to always  
3 get our agendas, that would have been it.

4 Q. (BY MS. KLEIN) Which agenda would that have  
5 been on?

6 A. Engagement letter back in whenever that was.

7 Q. The engagement letter -- I mean, as we talked  
8 about before, the engagement letter wasn't included in  
9 the backup, right?

10 A. It did not say who the firm was. I did say  
11 that we engaged -- that we engaged a firm, through, for  
12 redistricting.

13 Q. But did it have any information about when  
14 draft maps would start being drafted?

15 A. No.

16 Q. Did it have any information about how many maps  
17 would be drafted for proposal?

18 A. I don't think so.

19 Q. What about any information about a timeline for  
20 drafting?

21 A. We wouldn't have been able to provide a  
22 timeline at that time.

23 Q. Did it disclose to them that it would have to  
24 be done by mid November?

25 A. I don't think so.  
Page 164

1 Q. Did you ever tell them that you expected the  
2 census data to be released in August?

3 A. I couldn't have known that the census data was  
4 going to be corrected.

5 Q. So when you say they would have known that  
6 maps -- maps are being drafted, you mean that they would  
7 have had to make the assumption that because you had  
8 retained counsel at some point, that at some point by a  
9 time indeterminant, a new map would have been drafted.

10 Is that what you're saying?

11 MR. RUSSO: Objection, assumes facts.  
12 Misstates the record.

13 Go ahead.

14 THE WITNESS: I guess.

15 Q. (BY MS. KLEIN) So are you saying you did the  
16 absolute minimum your -- you thought would be required  
17 regarding involving the public?

18 A. I did at least the minimum -- you know, I can't  
19 overstate how we have no way of knowing what issues  
20 people are going to actually show up for.

21 Q. Well, let's talk about that because you are  
22 around for 2011 and there were five different public  
23 hearings and we looked at that schedule before.

24 A. Correct.

25 Q. And you were there for those, right?  
Page 165

1 A. Yes.

2 Q. So do you recall if people showed up to those?

3 A. Some showed up to the Texas City event and  
4 maybe League City. The others were lightly attended.

5 Q. But they were attended?

6 A. By more than a few people. I mean, yes.

7 Q. Is it common to have five public hearings about  
8 a single issue scheduled like there were for  
9 redistricting in 2011?

10 A. No.

11 Q. So at least with the understanding in 2011 that  
12 there would be high public interest in redistricting,  
13 correct?

14 MR. RUSSO: Objection, calls for  
15 speculation.

16 THE WITNESS: I wouldn't characterize it as  
17 high public interest.

18 Q. (BY MS. KLEIN) Well, there was an expectation  
19 there would be high public interest, correct?

20 A. There was no expectation on my part.

21 Q. Going back to the Exhibit 25, that last  
22 sentence, (Reading:) He agrees with me that the county  
23 does not have a good data set to compare the census data  
24 that to so he wants to skip that step.

25 Do you remember what that's referring to?

1 A. No.

2 Q. Okay.

3 MS. KLEIN: Just a few more questions and  
4 then we can break for lunch if people want.

5 THE WITNESS: Okay.

6 Q. (BY MS. KLEIN) Do you remember getting asked  
7 in August of 2021 by Judge Williams and Constable Rose  
8 about the plan for redistricting?

9 A. No.

10 Q. Okay. Let's pull up that document. That's  
11 Tab 41 and this will be Exhibit 26.

12 (Exhibit No. 26 was marked.)

13 Q. (BY MS. KLEIN) And this is an email from  
14 you --

15 A. Yes.

16 Q. -- to Billy Williams and Derreck Rose, correct?

17 A. Correct.

18 Q. Dated August 4, 2021? And it says, (Reading:)  
19 Good afternoon, I have been -- I'm paraphrasing here.  
20 Well, why don't you read the email actually and it will  
21 just speak for itself.

22 A. (Reading:) Good afternoon, Judge Williams and  
23 Constable Rose. I have been informed that Commissioner  
24 Clark has reached out to you to discuss redistricting.

25 I wanted to inform the both of you that the  
Page 167

1 Commissioners Court has not discussed this topic and has  
2 been waiting on the Census data before we take up these  
3 conversations. I also wanted to inform you that  
4 Commissioner Clark does not speak for Commissioners  
5 Court on redistricting.

6 Q. Do you remember why you sent this email?

7 A. Specifically, no, but I'm sure it has to do  
8 with Commissioner Clark wanting to move precinct lines.

9 Q. And you said -- why would he be talking to  
10 Judge Williams and Constable Rose about that?

11 A. I have no idea.

12 MR. RUSSO: Objection, calls for  
13 speculation.

14 THE WITNESS: Yeah, I have no idea.

15 Q. (BY MS. KLEIN) Did he -- did -- how did you  
16 hear about -- it said "I have been informed." Do you  
17 remember how you were informed?

18 A. No, I do not remember.

19 Q. Did Commissioner Clark tell you?

20 A. I doubt it.

21 Q. Why do you doubt it?

22 A. Because he tried to do things without me  
23 knowing about it.

24 Q. And you say, (Reading:) Commissioners court  
25 has not discussed this topic and has been waiting on the  
Page 168

1 census data before we take up these conversations.

2 A. Correct.

3 Q. Why had you not discussed the topic yet?

4 A. We still haven't to this day.

5 Q. What do you mean?

6 A. We still haven't discussed this topic to this  
7 day.

8 Q. Tell me more about that. What do you mean?

9 A. Even to this day we have not discussed the  
10 redistricting of JP and constables.

11 Q. But what about -- so this is specifically just  
12 talking about JP and constables?

13 A. Yes.

14 Q. Okay. All right. What about Commissioner's  
15 Court redistricting, by August 2021 had you talked with  
16 the other commissioners about the Commissioner's Court  
17 redistricting?

18 A. I don't -- it would depend and I don't recall  
19 when we got the census -- the corrected census data. So  
20 after that point, no, I would not have talked to them.  
21 I would have asked either Paul and/or Dale to contact  
22 them.

23 Q. And why would you have asked Paul and/or Dale  
24 to contact the other commissioners?

25 A. So that I don't commit an open meetings  
Page 169

1 | violation.

2 | Q. So what kind of things would you want to be  
3 | conveyed to the other commissioners without committing  
4 | an open meetings violation?

5 | A. I'm sure I would have just asked them to  
6 | provide input as to what they would like to happen --  
7 | see happen in the redistricting process.

8 | Q. All right. I want to switch gears a little  
9 | bit. Just -- I'm going to ask you a few questions about  
10 | your conversations with counsel but not the substance of  
11 | them.

12 | A. Okay.

13 | Q. I'm just going to ask you about timing, so I  
14 | don't want to know what you talked about.

15 | Between when you -- when you retained your  
16 | counsel in April 2021 and when the census was released  
17 | in August 2021, how often, if at all, did you  
18 | communicate with your redistricting counsel?

19 | A. Probably not at all. I suspect that Paul would  
20 | have just been once a month maybe saying we still have  
21 | nothing work with.

22 | Q. And what about after the census was released in  
23 | August, how -- until -- let's say until October 29th, so  
24 | between mid August and October 29th, how often would you  
25 | have met -- communicated? And by "communicated," I mean

Page 170

1 meeting, telephone, Zoom, any of that.

2 A. I would guess twice.

3 Q. Does that include email communication?

4 A. I don't think -- I don't recall emailing  
5 because I wasn't even sure of Dale's email address. I  
6 don't think I emailed Dale. So I would have just -- I  
7 would have talked to Paul because I see him generally  
8 every other week and he would have probably handled the  
9 communication to and from Dale.

10 Q. And how often would you talk to Paul about the  
11 2021 redistricting?

12 A. Often if there's something to talk about.

13 Q. And what about Tyler during that time? Again,  
14 I'm talking about August 2021 to October 29th.

15 A. It would be -- I'm guessing be the same answer.  
16 If there's something that needed to be conveyed or  
17 discussed, you know, we can speak on the phone. But I  
18 think there was large periods of time there was nothing  
19 going on.

20 Q. Did you ever meet one on one with other  
21 commissioners to discuss redistricting?

22 A. I met -- I was in a meeting with Commissioner  
23 Apfel.

24 Q. Do you remember when that was?

25 A. No. I'm thinking September because I -- may  
Page 171

1 | have actually been October because I think that we had  
2 | a -- potentially a draft map or at least he was giving  
3 | us an idea of his concept maybe.

4 | Q. Commissioner Apfel was giving an idea of his  
5 | concept?

6 | A. Dale was giving us an idea.

7 | Q. And how did you decide that Commissioner Apfel  
8 | should be in that meeting as opposed to another  
9 | commissioner?

10 | A. Probably availability.

11 | Q. What about Commissioner Stephen Holmes, was he  
12 | ever included in any meetings with you and redistricting  
13 | counsel?

14 | A. No one else was except Commissioner Apfel. I  
15 | couldn't. That would be a quorum election.

16 | Q. You mean, if there were three, it would be a  
17 | quorum?

18 | A. To even discuss it with him. If I have  
19 | discussed it with Commissioner Apfel, for me to go  
20 | discussing it with any other commissioners is an open  
21 | meetings violation.

22 | Q. So instead you had Tyler and Paul check in with  
23 | the other commissioners; is that right?

24 | A. To my understanding, the -- and was it Tyler or  
25 | was it Jed at the time -- just made sure that they were  
Page 172

1 | connected to Dale. But they all got meetings set up.

2 | And as far as I know, they all met with Dale at least --

3 | Q. So you wanted Dale to speak with every

4 | commissioner --

5 | A. Yes.

6 | Q. -- about redistricting?

7 | Was it ever shared with you what other

8 | commissioners had -- the preferences of other

9 | commissioners for redistricting?

10 | A. Other than -- because I was in there with him,

11 | Commissioner Apfel had asked that we move one line like

12 | half of a block because he was either buying a house or

13 | owned a house. Other than that, no.

14 | Q. So in that September 8th meeting, and I don't

15 | want to know the specifics of what was discussed, but

16 | you had -- you viewed maps in some manner on

17 | September 8th?

18 | A. I think so.

19 | Q. And Dale -- Commissioner Apfel was giving his

20 | preferences for where the line should be drawn?

21 | A. I believe that to be correct, yes.

22 | Q. Did you share preferences for how you wanted

23 | the lines to be drawn?

24 | A. No. I'm county lines. I honestly don't care

25 | where the lines are.

1 Q. Well, is that true because didn't -- didn't we  
2 talk about -- see statements from you in 2011 about how  
3 you wanted, you know, Bolivar connected to Precinct 3?

4 A. Well, in 2011 it may have been different.  
5 Generally -- but trying to differentiate. Precinct  
6 commissioners can get extremely protective of graveyards  
7 and schools and all the stuff.

8 I don't have that level of detailed  
9 interest. I mean, I want to make sure the lines are  
10 compliant and that everything is, you know, balanced  
11 appropriately. But since I'm county-wide, I don't --  
12 I'm not trying to make sure my grandmother's house is  
13 still in my precinct. I'm not trying to make sure all  
14 these little things they care deeply about, they don't  
15 impact me like that.

16 Q. I understand. You also said you felt strongly  
17 about this coastal precinct, right?

18 A. That's something that had been coming for  
19 years, yes.

20 Q. So is it fair to say like in general terms you  
21 carried about the configuration of the precincts?

22 A. In general terms I thought it would be far more  
23 efficient for our county to have one commissioner  
24 responsible for all coastal issues.

25 Q. And then -- the specific lines you're saying  
Page 174

1 | you didn't?

2 | A. After -- as long as -- to me, as long as we  
3 | joined Bolivar, Galveston, and that's really it, then  
4 | the rest of the lines are not that important.

5 | Q. And we'll get into this more later. But that  
6 | concept of having a coastal precinct, did you share any  
7 | other -- strike that.

8 | Did you have at the beginning of this  
9 | redistricting process in August any other conceptual  
10 | preferences other than this coastal precinct?

11 | A. Not really.

12 | MS. KLEIN: Okay. This is a good time for  
13 | us to stop if folks want to get lunch.

14 | MR. RUSSO: No worries.

15 | VIDEOGRAPHER: The time is 12:35. Off the  
16 | record.

17 | (Brief recess.)

18 | VIDEOGRAPHER: The time is 1:36. Back on  
19 | the record.

20 | Q. (BY MS. KLEIN) Judge Henry, other than the  
21 | issue of the privilege with your -- with your counsel,  
22 | did you discuss your testimony here today with anybody  
23 | else?

24 | A. No.

25 | Q. Did you talk about issues unrelated to Page 175

1 privilege regarding this testimony with your attorney  
2 during the break?

3 A. What was that question again?

4 Q. Did you talk with your attorney about your  
5 testimony ex -- but for issues other than issues of  
6 privilege?

7 A. I don't think I follow that question.

8 Q. Did you talk with your attorney about your  
9 testimony today during the break?

10 A. Briefly, very -- very minimally.

11 Q. Were those only about issues of privilege?

12 A. Yes.

13 Q. Or -- so you didn't have any discussions that  
14 were not about privilege?

15 A. Oh, yes, we talked about airplanes and a bunch  
16 of other stuff. The Dallas Cowboys.

17 Q. I'd like to revisit to one set of questions  
18 that I asked you about before and then we'll move on,  
19 but I'm going to show you a document.

20 MS. KLEIN: This is Document 119, Alexa.  
21 If you could and we'll mark it as Exhibit -- I guess  
22 it's Exhibit 27.

23 (Exhibit No. 27 was marked.)

24 Q. (BY MS. KLEIN) That should come up on your  
25 screen.

Page 176

1 A. I've got some kind of other box going on here.

2 Q. So the zoom should be on.

3 MR. RUSSO: It's some breakout request  
4 here.

5 MS. KLEIN: Okay. Do you want me to help?

6 MR. RUSSO: I think we're good.

7 THE WITNESS: Okay.

8 Q. (BY MS. KLEIN) Okay. So I'm going to present  
9 to you that this Exhibit 27 is a document or part of a  
10 document that was produced by the United States  
11 Department of Justice in this matter. But this -- I'm  
12 going to ask you about this first email exchange.

13 MS. KLEIN: And Alexa, if you could just  
14 scroll down to where this specific email chain starts.

15 THE WITNESS: Begins with Patricia Grady.

16 MS. KLEIN: Correct.

17 Q. (BY MS. KLEIN) So the first email is Patricia  
18 Grady to Roxann Lewis and looks like Patricia is asking,  
19 (Reading:) Can you please forward me the information  
20 for redistricting item? Thanks.

21 This is on June 2, 2011. And then  
22 Roxann -- the one above it, Roxann Lewis replies to  
23 Patricia saying, (Reading:) Patricia, I am attaching  
24 the document. However, I don't believe the Judge has  
25 finally approved -- officially approved this document.

Page 177

1 Let me ask him as soon as he gets in. If we are good to  
2 go, I will let you know.

3 And it's fair to say the Judge is you?

4 A. I would assume so.

5 Q. And if we scroll to the next chain, Patricia  
6 said, (Reading:) I can at least start drafting the  
7 agenda language.

8 And then the next chain up Roxann -- at  
9 9:50 a.m. Roxann says, (Reading:) Patricia, the Judge  
10 said we are good to go with the resolution I sent you  
11 for redistricting rules.

12 And then if we go further up, Patricia  
13 says, "Great."

14 So is it fair to say assume they're talking  
15 about adding this to the June 7th agenda from the  
16 subject line?

17 MR. RUSSO: Let me ask you a clarifying  
18 question. Who is Roxann Lewis?

19 THE WITNESS: She was an administrative  
20 assistant at that time.

21 MR. RUSSO: Okay. Do we need to discuss  
22 privilege on this?

23 THE WITNESS: I don't know. I mean, I  
24 don't guess I see anything in here that -- but then do  
25 we have a waiver otherwise?

1 MR. RUSSO: Well, I just -- I don't --

2 MS. KLEIN: Do you want us to go off the  
3 record so you can look at this?

4 MR. RUSSO: I think we probably should for  
5 a second.

6 MS. KLEIN: Okay. Let's go off the record.

7 VIDEOGRAPHER: The time is 1:42.

8 (Discussion off the record.)

9 VIDEOGRAPHER: The time is 1:45. Back on  
10 the record.

11 MR. RUSSO: Yeah, so right before we broke,  
12 we were talking about Exhibit 27. Based upon the  
13 representation from the Department of Justice, the  
14 document was submitted as part of this Section 5  
15 analysis and produced by the DOJ in this case. We're  
16 not -- we're not claiming privilege on this document at  
17 this time. What was the other question?

18 MS. KLEIN: Alexa, can you share the  
19 document again?

20 Q. (BY MS. KLEIN) So Judge, just to recap, we  
21 reviewed the first -- we reviewed this first chain here  
22 between Patricia Grady and Roxann Lewis. Okay. And the  
23 subject line of that is June 7th agenda. Fair to say  
24 that the redistricting criterias [sic] were at some  
25 point planned to be on the June 7th agenda; is that

Page 179

1 right?

2 MR. RUSSO: Objection, calls for  
3 speculation.

4 THE WITNESS: No, I can't say it for  
5 certain. I mean, apparently, they got that from  
6 somewhere and looked at it and I must have looked at it  
7 as well.

8 Q. (BY MS. KLEIN) And we reviewed -- we reviewed  
9 draft criteria before the lunch break, right, you  
10 remember that?

11 A. Correct.

12 Q. So you said you can't be certain. What about  
13 this makes you not certain that at some point it was  
14 planned that criteria would be discussed on the June 7th  
15 agenda?

16 A. Because I don't think it happened.

17 Q. It didn't happen. But is it fair to say it was  
18 at some point proposed?

19 A. It appears that a staff member --

20 MR. RUSSO: Object as speculation.

21 But go ahead.

22 THE WITNESS: -- probably tried to -- had  
23 that plan, yes.

24 Q. (BY MS. KLEIN) Now, Roxann says in that  
25 9:50 a.m., (Reading:) The Judge said we are good to go  
Page 180

1 with the resolution I sent you for redistricting rules.

2 Right?

3 A. Yes.

4 Q. And she's referring to you, right?

5 A. That's what she says, yes.

6 Q. Do you have any reason to think she would lie  
7 to Patricia Grady about what you had told her about  
8 being good to go with the resolution?

9 A. No, I have no reason to think that.

10 Q. Okay. Let's go PDF page 3. So that exchange,  
11 that last exchange happened at 9:50 a.m. And this is an  
12 email from you to J. Nixon at bmplip.com. Do you know  
13 who J. Nixon is?

14 A. Joe Nixon, yes.

15 Q. And it's at June 2, 2011, same day at  
16 9:59 a.m.; is that right?

17 A. Yes.

18 Q. And the subject is Galveston County Resolution,  
19 correct?

20 A. Yes.

21 Q. And you say, (Reading:) Joe, in 2011 Galveston  
22 County Commissioners Court adopted a resolution  
23 establishing the court's criteria for redistricting.

24 Attached is a copy of the proposed resolution for 2011.

25 Do you see any issues? I would like to have it on the  
Page 181

1 agenda for Tuesday.

2 Is that right?

3 A. Yes, that's what it says.

4 Q. And you sent this email, correct?

5 A. Yes, it appears so.

6 Q. And let's scroll to the next page, PDF page 4.

7 And does this document look familiar to you? And maybe

8 Alexa can slowly scroll through this on the next page.

9 A. It appears to be the same thing we looked at  
10 previously.

11 Q. Right. So I want to start with the next page,  
12 PDF page 5 of the document. And we went over this a  
13 little bit before but it says, (Reading:) Now,  
14 therefore, be it resolved that the County in its  
15 adoption of the redistricting plan for commissioner and  
16 justice of peace/constable precincts will adhere to the  
17 following criteria.

18 I would like you to take a few minutes and  
19 read the criteria 1 through --

20 MS. KLEIN: Alexa, if you could scroll  
21 down.

22 Q. (BY MS. KLEIN) -- all the way to 9 on the next  
23 page. And I encourage you to -- if you need to zoom in,  
24 ask Alexa to zoom in for you, whatever you need to do to  
25 read this. But take a few minutes and let me know when  
Page 182

1 you're done reading through that.

2 A. You just want me to read through the criteria  
3 that we didn't adopt?

4 Q. Exactly.

5 A. Okay.

6 MS. KLEIN: Alexa, can you scroll down?

7 Q. (BY MS. KLEIN) You can ask Alexa to scroll  
8 down directly.

9 A. Okay.

10 Q. So let's go back up to -- thank you for reading  
11 that. Let's go back up to the following page that has  
12 all the "whereas" clauses. This is the first page of  
13 the criteria. Keep it right there.

14 And we went over these before, but I'm  
15 going to ask you again. When I asked you before, I  
16 understood you to say you didn't know about whether you  
17 agreed with these statements because it would depend on  
18 the criteria. So now you've read a set of potential  
19 criteria for the 2011 process, so I'm going to ask you  
20 the same questions again having read those.

21 So the fourth one from the top, (Reading:)  
22 Whereas, a set of established redistricting criteria  
23 will serve as a framework to guide the County in the  
24 consideration of redistricting plans.

25 Do you agree with that statement when it  
Page 183

1 comes to the redistricting criteria you just read?

2 MR. RUSSO: Object. Incomplete  
3 hypothetical. Calls for speculation, and asked and  
4 answered.

5 THE WITNESS: We didn't adopt this. So I  
6 don't know how -- what was the question?

7 Q. (BY MS. KLEIN) Would those criteria serve as a  
8 framework?

9 A. Had we adopted them, possibly.

10 Q. What about the next one, (Reading:) Whereas,  
11 establish criteria will provide the County a means by  
12 which to evaluate and a measure proposed plan.

13 Do you agree that those criteria you just  
14 read would provide a means to evaluate and measure  
15 proposed plans?

16 A. I have no way of knowing.

17 Q. How -- why not?

18 A. We didn't adopt them. So we didn't get -- this  
19 this was copy and pasted from 2001. I mean, I did not  
20 write this. It's simply a review of what they did in  
21 2001.

22 Q. Do you think -- I mean, do you disagree with  
23 that statement that criteria would help evaluate and  
24 measure proposed plans?

25 A. It's possible it will help.  
Page 184

1 MR. RUSSO: Objection, calls for impartial

2 and incomplete hypothetical.

3 You can answer.

4 And asked and answered.

5 Q. (BY MS. KLEIN) It's possible is your answer?

6 A. Possible.

7 Q. And what about the third one -- the second one  
8 from the top, (Reading:) Whereas, redistricting  
9 criteria will assist the County in its efforts to comply  
10 with all applicable federal and state laws.

11 Do you agree with that statement in light  
12 of the criteria you just read?

13 MR. RUSSO: Object, incomplete hypothetical  
14 and assumes -- I'm sorry, asked and answered.

15 THE WITNESS: I don't see how that criteria  
16 would assist the county in its efforts to comply with  
17 the federal law.

18 Q. (BY MS. KLEIN) Why not?

19 A. Because I don't know the federal law well  
20 enough to know -- again, that's why we hire lawyers.

21 Q. Okay. Let's scroll down to .9 of the criteria.  
22 .9 says, (Reading:) The redistricting plan should not  
23 fragment a geographically compact minority community or  
24 pack minority voters in a presence of a -- of polarized  
25 voters so as to create liability under Section 2 of the  
Page 185

1 Voting Rights Act.

2 Do you know what's meant by, "should not  
3 fragment a geographically compact minority community"?

4 MR. RUSSO: Objection, calls for a legal  
5 conclusion.

6 Q. (BY MS. KLEIN) I'm not asking for a legal  
7 conclusion. I'm --

8 THE REPORTER: Hold on.

9 MS. KLEIN: Sorry, Ms. Elkins.

10 Q. (BY MS. KLEIN) I'm not going to ask you for a  
11 legal conclusion about the Voting Rights Act. I'm going  
12 to ask you for your understanding of these words as they  
13 are commonly used in the English language.

14 Do you understand the meaning of fragment a  
15 geographically compact minority computer -- community?

16 A. Yes.

17 Q. What does that mean to you?

18 A. I don't know that it needs further explanation.

19 It means don't fragment a geographically compact  
20 minority community.

21 Q. Would -- so fragment means like break apart,  
22 right?

23 A. Right.

24 Q. Okay. So let's -- and that common meaning is  
25 related to compliance under this criteria to Section 2  
Page 186

1 of the Voting Rights Act, correct?

2 MR. RUSSO: Objection, calls for  
3 speculation and calls for a legal conclusion.

4 THE WITNESS: I guess.

5 Q. (BY MS. KLEIN) Because they're in the same  
6 bullet, right?

7 A. They are.

8 Q. Okay. So let's go back up to that second from  
9 the top "whereas."

10 MS. KLEIN: Alexa, if you could scroll back  
11 up.

12 Q. (BY MS. KLEIN) So that second, you know,  
13 (Reading:) Criteria will assist the County in its  
14 efforts to comply with all applicable federal and state  
15 laws.

16 Why don't you think that criteria 9, which  
17 you have a common understanding of, would not help you  
18 to comply with federal law?

19 MR. RUSSO: Objection, asked and answered.

20 THE WITNESS: Number 9 would stand by  
21 itself. You wouldn't need this whereas of a non-binding  
22 resolution.

23 Q. (BY MS. KLEIN) Well, what is a whereas? No.  
24 I mean, you're -- you know, you've done a lot of these,  
25 right? What is a whereas?

1           A. No, I haven't done any of these. These are  
2 done by county legal or somebody else.

3           Q. What does whereas mean to you?

4           A. I think it's saying -- I don't know what  
5 whereas means. It means here.

6           Q. You know in these clauses they're setting --  
7 they're setting forth the reason to have the resolution  
8 in the first place, right?

9           A. I guess.

10          Q. So I'll ask you one more time. Do the  
11 redistricting criteria I just read, including that No.  
12 9, do you think they would assist the county in its  
13 efforts to comply with federal law?

14                   MR. RUSSO: Objection, calls for  
15 speculation, asked and answered, and calls for a legal  
16 conclusion.

17                   THE WITNESS: I don't know how putting a  
18 non-binding resolution does anything to help follow  
19 federal law.

20          Q. (BY MS. KLEIN) Is it your practice to  
21 disregard non-binding resolutions?

22          A. They're non-binding. I mean, we didn't even  
23 adopt this one.

24          Q. Is it your practice to disregard non-binding  
25 resolutions?

1 MR. RUSSO: Objection, calls for  
2 speculation. Incomplete hypothetical.

3 THE WITNESS: I don't know how you  
4 disregard something that has no legal effect.

5 Q. (BY MS. KLEIN) I'm not talking about this.  
6 I'm talking about in general. When there are  
7 non-binding resolutions, do you disregard them as --

8 A. As long as there are retirements and their 50th  
9 wedding anniversary.

10 Q. And if this had been passed, would you have  
11 seen it fit to disregard it when it suited you?

12 MR. RUSSO: Object, calls for speculation,  
13 misstates the testimony.

14 THE WITNESS: It didn't pass. It didn't  
15 get on the agenda and I'm sure that the lawyers would  
16 have done what they needed to do to comply with every  
17 federal and state law.

18 Q. (BY MS. KLEIN) So you're saying even if this  
19 resolution had been passed, are you saying if you felt  
20 the need to disregard it, you would have?

21 MR. RUSSO: Objection, calls for  
22 speculation and misstates prior testimony.

23 THE WITNESS: I don't -- this is not  
24 something I do. This is what the lawyers do.

25 Q. (BY MS. KLEIN) But this was going -- at one  
Page 189

1 point proposed to be a non-binding resolution for the  
2 Commissioner's Court to vote on, correct?

3 A. But we don't execute on this. That would be  
4 the lawyer's job.

5 Q. But the lawyers aren't the ones that were going  
6 to decide whether to pass these criteria, right?

7 A. I doubt it.

8 Q. The commissioners are the only ones that get to  
9 vote on stuff like this, right?

10 A. Sure.

11 Q. And the lawyers are working at your direction,  
12 right?

13 A. Yes.

14 Q. So if you had passed this, wouldn't you have  
15 the expectation that the lawyers you retained to do  
16 redistricting would adhere by this even if it's a  
17 non-binding resolution?

18 MR. RUSSO: Objection, calls for  
19 speculation, incomplete hypothetical.

20 THE WITNESS: I assume they would have  
21 considered it.

22 Q. (BY MS. KLEIN) If they felt that they had to  
23 disagree with this, don't you think they would have told  
24 you to amend it?

25 MR. RUSSO: Let me caution the witness,  
Page 190

1 don't provide evidence of attorney-client communication  
2 with counsel. Other than that, you can answer the  
3 question.

4 THE WITNESS: Okay. What was the question?

5 Q. (BY MS. KLEIN) If you had passed this and your  
6 attorneys thought they would have to violate these  
7 criteria, you don't think they would have told you  
8 you've got to amend this resolution because we can't  
9 follow it in executing what the county has told us to  
10 do?

11 MR. RUSSO: Objection, calls for  
12 speculation.

13 THE WITNESS: I would assume they would  
14 have just ignored it since it's non-binding.

15 Q. (BY MS. KLEIN) So your testimony today is that  
16 if this criteria had been passed, you expect your  
17 attorneys would have ignored it?

18 MR. RUSSO: Calls for speculation,  
19 misstates prior testimony.

20 THE WITNESS: You said if the attorneys  
21 were going to follow this, but it would not comply with  
22 federal and state law. In that case, yes.

23 Q. (BY MS. KLEIN) Well, let's -- okay. Let's  
24 continue to the next -- so you send these criteria --  
25 we've talked about this earlier. You actually send  
Page 191

1 these criteria to your attorney to talk about it, right?

2 A. It appears that way, yes.

3 MS. KLEIN: And let's scroll down, if you  
4 don't mind, Alexa, to that correspondence. Next page,  
5 please, and then the next page.

6 Q. (BY MS. KLEIN) So this is PDF page -- I can't  
7 tell -- 6 of 11 on Exhibit 27. So this is an email from  
8 you to J. Nixon at 9:59 a.m., correct?

9 A. Yes.

10 Q. And J. Nixon was your lawyer at the time for  
11 redistricting, correct?

12 A. Correct.

13 Q. What's his full name again?

14 A. Joe.

15 Q. Joe, thank you. And you say, (Reading:) Joe,  
16 in 2001 Galveston County Commissioners Court adopted a  
17 resolution establishing the Court's criteria for  
18 redistricting. Attached is a copy of the proposed  
19 resolution for 2011. Do you see any issues? I'd like  
20 to have it on the agenda for Tuesday.

21 And then if we scroll down, we keep  
22 scrolling down, it's the same criteria, right?

23 MS. KLEIN: Keep scrolling, Alexa. Keep  
24 going and keep going.

25 Q. (BY MS. KLEIN) And Joe Nixon replies at  
Page 192

1 11:53 a.m., (Reading:) Judge Henry, I would like to  
2 discuss the resolution with you before the  
3 Commissioner's Court adopts it. Please call my cell at  
4 your convenience including evenings and weekends. Thank  
5 you.

6 After -- so you spoke with Joe about this,  
7 correct?

8 A. I would think so.

9 Q. And after that, you decided not to put the  
10 criteria on the agenda for the June 7th meeting,  
11 correct?

12 A. It appears that way.

13 Q. And it never got on any agenda for any meeting  
14 before the 2011 map was passed, correct?

15 A. Correct.

16 Q. Okay. Do you recall if Joe Nixon ever sent you  
17 back, you know, an edited version of the criteria that  
18 you should put on the agenda?

19 A. I do not remember.

20 Q. Is it fair to say assume he didn't because  
21 nothing ever was passed?

22 MR. RUSSO: Objection, calls for  
23 speculation.

24 THE WITNESS: Had he, I'm sure we would  
25 have produced so I'm guessing he didn't.

1 Q. (BY MS. KLEIN) But, you know, had he sent a  
2 markup, that would be the version you would pass in the  
3 end, right --

4 A. Probably.

5 Q. -- because you would have wanted to?

6 MR. RUSSO: Objection, calls for  
7 speculation.

8 MS. KLEIN: Sorry, Ms. Elkins.

9 Q. (BY MS. KLEIN) So -- because you had wanted to  
10 put something on the agenda?

11 A. No, that is not accurate. I am -- I was merely  
12 saying this is what they did in 2001. Is that what we  
13 do again this time? That does not mean I wanted to do  
14 that.

15 Q. Where do you say -- where do you say that in  
16 this email chain?

17 A. Where do I -- I don't say that I want this  
18 done. I say this is what they did in 2001.

19 Q. You said, (Reading:) I would like to have it  
20 on the agenda for Tuesday.

21 Right?

22 A. If it was required.

23 Q. But that's not in this email, right?

24 A. No.

25 Q. You're saying, I'd like to have it on the  
Page 194

1 agenda. Do you see any issues with that? Right?

2 A. Correct.

3 Q. All right. I don't have any further questions  
4 on that. Thank you. We can switch gears a little bit.

5 And we'll go -- zoom back forward to 2021.

6 And we got into this a little before the map drawing

7 process. But the county posted two proposals on its

8 county website on October 29, 2021; is that right?

9 A. That seems correct, yes.

10 Q. And this website posting was done at your

11 direction, correct?

12 A. Yes.

13 Q. How -- so you decided what specifically would  
14 be included on the website; is that right?

15 A. It's typically what would be included as far as  
16 the draft maps.

17 Q. As far as the content of the website?

18 A. I don't recall if we had a separate website or  
19 if this was just part of our county website.

20 Q. Okay. Let's pull it up. This is Tab 60. It  
21 will be Exhibit 28.

22 (Exhibit No. 28 was marked.)

23 Q. (BY MS. KLEIN) Does this look familiar to you?

24 A. Yes. I just don't -- I think this was on our

25 county website. I don't think we had a dedicated

1 website just for this.

2 Q. Let's scroll down to the bottom. That URL you  
3 see at the bottom Galveston County, is that the county  
4 website?

5 A. Yes, that's the county website.

6 Q. And then it says, county-judge/redistricting.  
7 So does this mean it was kind of within your part of the  
8 county website?

9 A. It would more likely mean that my office was  
10 just the one who -- who asked that it be published.

11 Q. Okay. So fair to say you decided what content  
12 would be on this website that you had requested to be  
13 published?

14 A. Is the content just the two maps?

15 Q. Well, let's look at all the content. So  
16 there's the two maps.

17 MS. KLEIN: And then, Alexa, can you scroll  
18 down?

19 Q. (BY MS. KLEIN) And then there's this area  
20 (indicating). And then I think that's the end of it.  
21 So it's just these three pages.

22 MS. KLEIN: And Alexa, scroll back up.

23 Q. (BY MS. KLEIN) So was it your office that  
24 decided what would be included on this website?

25 A. Yes. The maps that we had available, yes.  
Page 196

1 Q. Is it typical to have a separate, you know, web  
2 page for a specific agenda item for Commissioner's  
3 Court?

4 A. No.

5 Q. Why was it done for redistricting?

6 A. Trying to get as much public comment and input  
7 as we could get.

8 Q. So I'm going to ask you about these two maps  
9 that are on here. I'm going to refer to the first one.  
10 It's titled, Galveston Texas Map on the exhibit as Map  
11 Proposal 1 and then Galveston Texas Map 2 as Map  
12 Proposal 2 or the enacted map.

13 A. Okay.

14 Q. Because I -- and let's -- does that make sense  
15 to you?

16 A. Yes.

17 Q. Okay. When did you first view a draft of any  
18 commissioner precinct plan for the 2021 process?

19 A. That would have been in October, I think.

20 Q. What about that September 8th meeting, did you  
21 see any kind of geography or concepts at that September  
22 8th meeting?

23 A. He may have had conceptual maps up there.

24 Q. Those first maps you saw in mid October -- or  
25 let's start with the concept maps in September. Were

1 | those ever made public?

2 | A. Unless they became these maps, I don't think  
3 | so. But I wouldn't know for sure. I wouldn't think so.

4 | Q. In the version that they were -- whatever they  
5 | looked like in September, were they made public?

6 | A. If they became these, obviously, yes.

7 | Q. But how they looked in September? Oh, I see  
8 | what you're saying. Okay.

9 | What about -- but they weren't actually  
10 | shown until this website was posted, right?

11 | MR. RUSSO: Objection, ambiguous.

12 | THE WITNESS: We -- we would have -- I  
13 | would have seen them a day or two beforehand before we  
14 | got them posted to the public.

15 | Q. (BY MS. KLEIN) Do you remember when this  
16 | website went up?

17 | A. Well, that's the county website. It's been  
18 | there for as long as I've been here.

19 | Q. Do you -- when I say website, I'm just going to  
20 | be talking about this specific web page. So I'll use  
21 | web page. Do you remember when this web page went up?

22 | A. Specifically, no.

23 | Q. Okay. Let's -- so you said mid October you saw  
24 | drafts of the maps. Do you remember the purpose of  
25 | those meetings?

1 A. Other -- other than for Dale to say that he  
2 felt like he was complete or close to completion, that  
3 would be about it.

4 Q. Did you give comments -- I don't want to know  
5 the specifics. But did you give comments on the maps  
6 that you expected Mr. Oldham to act upon in adjusting  
7 the lines?

8 MR. RUSSO: Just to clarify, you're talking  
9 about in October?

10 MS. KLEIN: In October, yes.

11 THE WITNESS: Probably not, only because,  
12 again, I'm not a precinct commissioner, so I don't care  
13 where my grandmother's house is. So other -- that's the  
14 kind of thing that he would have gotten. But he would  
15 not have gotten that from me.

16 Q. (BY MS. KLEIN) Would you have said -- told him  
17 whether or not you agreed with the maps during the  
18 October meeting?

19 A. Whether I agree with them?

20 Q. Yeah. Whether you liked them?

21 A. Well, I certainly liked the one that I made the  
22 motion to adopt.

23 Q. So you would have told him in that October  
24 meeting whether you liked the draft that you were  
25 seeing?

1 MR. RUSSO: Objection, calls for

2 speculation.

3 THE WITNESS: I don't know if I did or not.

4 I mean, that's what I had sort of asked for.

5 Q. (BY MS. KLEIN) If the maps didn't change  
6 between when you saw them in mid October and when they  
7 were put on this website, is it fair to say that means  
8 you probably agreed with how they looked in mid October?

9 MR. RUSSO: Objection, incomplete  
10 hypothetical.

11 THE WITNESS: Me, probably. Commissioners,  
12 maybe not.

13 Q. (BY MS. KLEIN) What do you mean,  
14 "commissioners maybe not"?

15 A. Again, you know, the commissioner cares about  
16 where the lines are drawn and I don't. So for me it was  
17 strictly I've got the coastal precinct that I thought  
18 would be advantageous to the county. And beyond that,  
19 the actual lines are for the commissioners to be okay  
20 with.

21 Q. So you were aware that, you know, Mr. Oldham  
22 was having meetings with the other commissioners  
23 separately where they were telling him whether they like  
24 those maps the way they were or not, right?

25 A. Yes.  
Page 200

1 Q. And again, you had those separately because you  
2 didn't want to have a quorum, right?

3 A. I wasn't involved in any of those individual  
4 commissioner meetings.

5 Q. Were you told about what the commissioners  
6 thought in any way about the maps?

7 A. I don't think so. My -- the only thing I can  
8 recall is precinct and we're going go to adopted maps so  
9 Galveston Texas Map 2. I wanted to make sure that  
10 Commissioner Giusti was okay with an entirely coastal  
11 precinct.

12 Q. Okay. How would -- did you talk to him  
13 directly about that?

14 A. Probably. If I didn't, it would have been  
15 through Tyler. But, you know, I don't want to make  
16 somebody take something that they don't really want.  
17 But he was fine with it.

18 Q. Okay. So you wanted to make sure -- because  
19 you -- you wanted to make sure the other -- at least  
20 Commissioner Giusti was okay with Map 2, right?

21 A. With having the entire coast line specifically,  
22 yes.

23 Q. And what about Commissioner Apfel, did you  
24 check in somehow with him to make sure he was okay with  
25 the Map 2?

1           A. Other than that one meeting we would have had  
2 with -- I think it was on Zoom, I don't recall. Other  
3 than that, I would not have had any conversations with  
4 Commissioner Apfel.

5           Q. So you probably knew from that September 8th  
6 meeting, though, that, you know, what Commissioner  
7 Apfel's preferences were, right?

8                       MR. RUSSO: Objection, misstates prior  
9 testimony.

10                      THE WITNESS: Yeah, only to the extent he  
11 might have voiced it right there.

12           Q. (BY MS. KLEIN) And so if he didn't like a  
13 coastal precinct, you would have known about from that  
14 September 8th meeting when you said, "I want this  
15 coastal precinct," right?

16                      MR. RUSSO: Speculation

17                      THE WITNESS: I would think so.

18           Q. (BY MS. KLEIN) Do you remember if that  
19 happened in that meeting?

20           A. It -- not to my recollection, no, it did not  
21 happen.

22           Q. Do you have any reason to think it didn't  
23 happen?

24           A. Do I have any reason to think what didn't  
25 happen, that --

1 Q. That when you shared the coastal precinct idea  
2 in the September 8th meeting that Commissioner Apfel,  
3 you know, didn't say whether he agreed with it or not.  
4 I mean, he would have spoken up about it if he didn't  
5 like it, right?

6 A. Absolutely. Just for clarification, either he  
7 had no preference or he was okay with it.

8 Q. Okay. And you would have known that from the  
9 September 8th meeting?

10 A. Yes.

11 Q. Okay. Thanks. Don't mean to belabor the  
12 point, but, you know, we're working with memories and  
13 everything like that.

14 I'd like to go back to the -- I'd like to  
15 show you -- go back to Exhibit -- I think it's already  
16 marked, Exhibit 13.

17 MS. KLEIN: Alexa, can we pull that up?

18 Q. (BY MS. KLEIN) This is -- and we're going to  
19 go to privilege log entry 74. This is the privilege  
20 log, again, that I'll represent to you was produced by  
21 your counsel in this matter. And again, I'm not going  
22 to ask you about the content of discussions in it. So  
23 we're going to go to log entry 74, and it's mid October,  
24 so it's October 15, 2021. Do you see that?

25 A. Yes.  
Page 203

1 Q. And it says -- and on the far right is a  
2 privilege note, (Reading:) Communication from  
3 map-drawer to redistricting counsel, re: preparation of  
4 first draft map for legal review and posing questions  
5 re: redistricting constitutional requirements and  
6 traditional redistricting criteria.

7 So this was sent from -- we can see in the  
8 columns from Tom Bryan to Jason Torchinsky. So -- and  
9 Tom Bryan, you said you -- earlier I remember you saying  
10 you heard about his name in prep.

11 A. Just recently, right.

12 Q. Okay. And he's -- and did you become aware  
13 that he was a technical expert for map drawing used  
14 during the process?

15 MR. RUSSO: Hold on a second. Do not  
16 reveal communications between yourself and attorneys in  
17 prep session. So other than that you can answer.

18 THE WITNESS: Okay.

19 MR. RUSSO: If you knew about him ahead of  
20 time, fine.

21 Q. (BY MS. KLEIN) Are you aware now standing here  
22 today that Tom Bryan was a map drawer that provided  
23 technical expertise?

24 MR. RUSSO: Same objection. On  
25 attorney-client privilege to the extent that you learned  
Page 204

1 | that during conversations with attorneys.

2 | MS. KLEIN: So an underlying fact is not  
3 | privileged just because counsel hears it.

4 | MR. RUSSO: You're asking him whether he  
5 | knows a person and --

6 | MS. KLEIN: I'm not asking --

7 | MR. RUSSO: -- he's already told you that  
8 | he learned about it in prep. You're continuing to ask  
9 | him about how he learned about it.

10 | MS. KLEIN: I want to know --

11 | MR. RUSSO: So you're out of bounds. Real  
12 | simple, you're asking about privileged communications.

13 | MS. KLEIN: I'm asking about a fact --  
14 | whether he's aware of a fact.

15 | MR. RUSSO: You can ask him other than his  
16 | communications with counsel whether he's aware of who  
17 | Tom Bryan is.

18 | MS. KLEIN: Well, we're just going to have  
19 | to agree to disagree on this point.

20 | MR. RUSSO: Well, I'm not creating a  
21 | privilege.

22 | Q. (BY MS. KLEIN) So this map that Tom Bryan sent  
23 | to Mr. Torchinsky, are you aware of whether you saw this  
24 | map before it was sent from Tom Bryan to Mr. Torchinsky?

25 | A. I doubt I did.  
Page 205

1 Q. Why do you doubt that?

2 A. Because the way I'm reading this, and I might  
3 be wrong, the way I'm reading this, this looks like the  
4 first version of a -- for a map drawer to redistricting  
5 counsel. So I would not -- I don't think I would have  
6 seen this before my attorney did.

7 Q. So when you saw a map in mid October and after  
8 this, how many times did you see draft maps before they  
9 were posted on the public website on October 29th?

10 A. Once or twice at the most.

11 Q. And are you aware, were any changes made  
12 pursuant to comments you gave in any of those meetings?

13 A. No.

14 Q. I'd like to show you Tab 64. If you could pull  
15 that up. This will be Exhibit 29.

16 (Exhibit No. 29 was marked.)

17 Q. (BY MS. KLEIN) And this email is dated  
18 October 29, 2021 at 12:09 p.m., And it's from Paul Ready  
19 to Tyler Drummond and it says, (Reading:) From Dale,  
20 please forward to Nathan in engineering and copy me. I  
21 don't have Nathan's email.

22 Did I get that right?

23 A. Yes.

24 Q. And if we look at the lower email, we see that  
25 dloesq@aol.com. That's Dale Oldham, right?

Page 206

1 A. Correct. I think so.

2 Q. And he says, (Reading:) Nathan, these are the  
3 statistics along with an Excel block assignment file.

4 I would like to look at the -- did I get  
5 that right?

6 A. Yes.

7 Q. And I'd like to look at the attachment here.  
8 And I think -- so let's scroll down and see what's  
9 attached in this here. So it has -- here's Galveston  
10 Texas Map 2 with precincts and those are voting  
11 precincts, right, the little ones, the little lines?

12 MR. RUSSO: Object to speculation.

13 THE WITNESS: I don't think so because  
14 that's not nearly enough voting precincts.

15 Q. (BY MS. KLEIN) Oh, okay. How many votes  
16 precincts are there?

17 A. I think there's 100. Well, I guess that might  
18 be 100.

19 Q. Okay. We can move on.

20 Let's go to the native file of an  
21 attachment to this.

22 MS. KLEIN: And that's doc 65, Alexa. If  
23 you could pull that up. This will be a separate  
24 Exhibit 30 because it's a native file.

25 (Exhibit No. 30 was marked.)

Page 207

1 Q. (BY MS. KLEIN) So I apologize for how small  
2 this is. But this is an Excel file that was attached to  
3 that. And you'll see below -- you see those tabs below  
4 there?

5 A. Tabs below where?

6 Q. On the bottom of the document.

7 A. Oh, yes. Yes.

8 Q. And let's look at -- do you remember seeing any  
9 data sheet like this?

10 A. No.

11 Q. Okay. Were you aware that data sheets like  
12 this were being run for the maps that were being  
13 proposed?

14 A. No.

15 Q. And can we -- are you surprised to learn that  
16 these types of statistics were being run for the maps  
17 being proposed?

18 A. No, I'm not surprised.

19 Q. Why aren't you surprised?

20 A. Why am I not -- I mean, I assume that this is  
21 kind of something that Dale might do. I don't know.

22 Q. So what kind of data analysis did you expect  
23 Dale to do?

24 A. Population.

25 Q. Anything else?

Page 208

1 | A. Voting age population. Again, that's why I  
2 | hired him. I don't -- I don't know what he does or how  
3 | to do it.

4 | Q. And what about -- let's go to the sixth tab  
5 | from the left called VTD political pivot. All the way,  
6 | the sixth from the left.

7 | A. Sixth from the left.

8 | Q. VTD political pivot. Actually, maybe -- maybe  
9 | let's go to pop pivot first. So this document -- the  
10 | columns G, H, and I, you can see BNH VAP. Do you know  
11 | what that means?

12 | MR. RUSSO: Objection, calls for  
13 | speculation.

14 | THE WITNESS: I think it's voting age  
15 | population.

16 | Q. (BY MS. KLEIN) Do you know what the BNH mean?

17 | A. I do not.

18 | Q. And what about HISP VAP in column H, do you  
19 | know what that means?

20 | A. I'm going to guess Hispanic, but I don't know  
21 | that for sure.

22 | Q. And then BNH, does black non-Hispanic, is that  
23 | a term you're familiar with?

24 | A. No.

25 | Q. But Hispanic VAP that's -- these are racial  
Page 209

1 | demographic breakdowns of the maps, correct?

2 | MR. RUSSO: Objection, calls for  
3 | speculation.

4 | THE WITNESS: Okay.

5 | Q. (BY MS. KLEIN) Have you seen anything like  
6 | this?

7 | A. I don't think I saw this in 2021.

8 | Q. You've seen this -- we talked about it with the  
9 | preclearance. You had seen it in 2011, though, right?

10 | A. Correct.

11 | Q. Let's go to the VTD political pivot. And here  
12 | do you know who Cornyn might be here?

13 | A. I'm assuming that's Senator John Cornyn.

14 | MR. RUSSO: Speculation.

15 | THE WITNESS: Oh, I'm sorry.

16 | MS. KLEIN: I'm asking him if he knows.

17 | Q. (BY MS. KLEIN) So can you say that again.

18 | A. I'm going to assume that's Senator John Cornyn.

19 | Q. And Trump, do you know who that is?

20 | A. Familiar with Trump.

21 | Q. It has -- this row G, is percent R?

22 | A. What -- what are you looking at?

23 | Q. Row -- sorry, column G, pardon me, has percent  
24 | R.

25 | A. Okay.  
Page 210

1 Q. And column M has percent R, correct?

2 A. Column N looks like it's got nothing in it.

3 Q. Column M?

4 A. Oh, Mike. Okay.

5 Q. So this looks like some sort of political data,  
6 correct?

7 MR. RUSSO: Objection, calls for  
8 speculation.

9 THE WITNESS: Yes.

10 Q. (BY MS. KLEIN) Are you surprised that Dale was  
11 running political stats on these?

12 A. And I'll say again, I -- I don't know what Dale  
13 does. This is -- this might be something he does for  
14 everybody. It wasn't because I specifically asked him  
15 to.

16 Q. Do you know why this kind of data wasn't posted  
17 with the proposed maps on the website?

18 A. I do not.

19 Q. And what about that -- what about the  
20 population data? Let's go to the first tab here.  
21 We're -- even just -- not even looking at this, but just  
22 basic population data about the proposed maps, was any  
23 of that put on the website?

24 A. What do you mean?

25 Q. For example, like, the percent deviation of  
Page 211

1 those maps, was that put on the website?

2 A. I don't remember.

3 Q. Well, let's -- you just looked at the website,  
4 right, the three pages? Did you see any of that on  
5 there?

6 A. No, but I wasn't looking for it either.

7 Q. Okay. Let me ask you, when did you decide you  
8 were going to vote for Map Proposal 2?

9 MS. KLEIN: We can take the exhibit down.

10 THE WITNESS: Well, my assumption was  
11 because it was the coastal precinct that assuming that  
12 at some point somebody had to tell me or it seems  
13 someone just told me that they were both -- both maps  
14 got the population into alignment and that they're both  
15 legally compliant, then the map with the coastal  
16 precinct would have been my preference because that was  
17 kind of the direction I had requested.

18 Q. (BY MS. KLEIN) So when did you identify that  
19 that was your preference, that map specifically?

20 A. Since I don't exactly know when I saw what got  
21 put on the website, I can't say for sure, but it would  
22 have been in the October-November time frame. Probably  
23 October.

24 Q. I would like to call up Tab 61 and this will be

25 Exhibit 31.  
Page 212

1 (Exhibit No. 31 was marked.)

2 Q. (BY MS. KLEIN) Are you aware of when  
3 Commissioner Giusti decided what map he would --

4 A. Giusti.

5 Q. Giusti, thank you. Are you aware of when  
6 Commissioner Giusti decided what map he would support?

7 A. No.

8 Q. What about Commissioner Apfel?

9 A. No.

10 Q. Do you know if they knew which one they would  
11 support before it was posted online?

12 A. I have way of knowing that.

13 Q. All right. So here this is a single Facebook  
14 post. Does this look like your profile? I'll  
15 represent that this was taken from your profile. But  
16 you recognize that that picture at the top of the post?

17 A. That sure looks like me.

18 Q. Okay. And the post says, (Reading:) Galveston  
19 County Commissioners Court will be voting on new  
20 commissioner precincts in the coming weeks. The public  
21 comment period on the proposed maps is now open and you  
22 can submit your comments by visiting.

23 And then fair to say that's the website  
24 that we were just looking at?

25 A. I would think so, yes.  
Page 213

1 Q. (Reading:) Please submit your support for  
2 proposed map 2. This map creates a much needed coastal  
3 precinct. Having a coastal precinct will ensure that  
4 those residents directly along the coast have a  
5 dedicated advocate on Commissioners Court.

6 So is it fair to say that by October 29th  
7 you had decided you're going to vote for Map 2?

8 A. Having had -- having no reason not to,  
9 probably.

10 Q. What do you mean, "no reason not to"?

11 A. In short of someone coming in and saying, hey,  
12 it turns out that Map 2 is out of population deviation,  
13 it's got a problem with something, some other problem,  
14 then, yes.

15 Q. Sorry. I'm just trying to eliminate questions  
16 we might have already covered. If you'll give me a  
17 moment.

18 A. Okay. That's fine.

19 Q. So is it true that the first time a quorum of  
20 commissioners met in the same room to discuss the draft  
21 maps was the November 12, 2021 hearing?

22 A. I believe that would be correct, yes.

23 Q. Is there any other possibility you can think of  
24 other than that hearing beforehand?

25 A. No, I don't think so.  
Page 214

1 Q. And you had taken great care to make sure that  
2 that was the first time everybody met to discuss the  
3 maps together, right?

4 A. Correct. We would not have been able to meet  
5 short of a posted meeting.

6 Q. Are you aware of whether any other commissioner  
7 prepared a proposed map that was not posted on this  
8 website?

9 A. At the November 12th meeting Commissioner  
10 Holmes introduced two maps that we saw -- all saw for  
11 the first time there.

12 Q. And when did you learn that Commissioner Holmes  
13 would have his own proposal?

14 A. When he stood up and introduced it.

15 Q. Are you -- do you know why that wasn't one of  
16 the drafts that Dale had put together in the beginning?

17 A. I do not know.

18 Q. Do you remember that Commissioner Holmes also  
19 passed out an RPV study at that November 12th hearing?

20 MR. RUSSO: Objection, calls for  
21 speculation. Vague and ambiguous.

22 MS. KLEIN: I will --

23 MR. RUSSO: At least ask him what that is.

24 Q. (BY MS. KLEIN) I'll clarify. Are you aware of  
25 what racially polaris voting study is?

1 A. No.

2 Q. All right. Let's go to the document. Can you  
3 pick up tab 79? This will be Exhibit 32.

4 (Exhibit No. 32 was marked.)

5 Q. (BY MS. KLEIN) I'm just going to scroll down  
6 to the second page of this exhibit. Does this look  
7 familiar to you?

8 A. No.

9 Q. Okay. Let's scroll back up to the first page,  
10 please. This is an email from Annye Michelle Watson to  
11 Brandy Chapman from November 12, 2021 at 4:59 p.m. And  
12 I'll represent that this is a document produced by your  
13 counsel in this matter.

14 A. Okay.

15 Q. It says, (Reading:) Good afternoon, Brandy.  
16 This is information commissioner passed out to the court  
17 today.

18 And scroll to the -- please scroll to the  
19 second page. And then -- so that doesn't ring a bell to  
20 you, this map?

21 A. I'm sure you've looked to the video. He put  
22 them up with their backs to me so I never saw these  
23 maps.

24 Q. You never saw these maps. Did he pass out any  
25 kind of hard copy to you at the meeting?

Page 216

1           A. I don't remember that. He may have, but I  
2 don't remember that.

3           Q. Scroll to the next page. This is a document  
4 titled November 8, 2021. And the third paragraph says,  
5 (Reading:) Voting patterns in Galveston County are  
6 definitely characterized by racially polarized voting.

7                       So you don't -- your testimony is that you  
8 don't know what that means?

9           A. I do not recall having heard RVP -- or RPV  
10 before today.

11          Q. What about racially polarized voting?

12          A. No, I don't think so.

13          Q. And did you ever view a racially polarized  
14 voting study? Do you ever recall reviewing a study at  
15 any point in the 2021 process?

16          A. No.

17          Q. Okay. Let's go to the conclusions. The third  
18 sentence starts, (Reading:) In recent elections which I  
19 analyzed -- sorry, back up. Do you know what, strike  
20 that.

21                       I'd like to talk a little bit more about  
22 your decision to choose Map 2. You were aware -- is it  
23 fair to say you were aware when you decided on Map 2  
24 that it would create a dramatic shift in the  
25 commissioner precinct boundary that existed at the time?

Page 217

1 | A. Yes. But that would be the nature of making  
2 | one precinct cover the coast.

3 | Q. And you were aware, right, when you chose Map 2  
4 | that it would take that then existing Precinct 3 and it  
5 | would split it into all of the four new precincts,  
6 | correct?

7 | A. I may have known that at the time. I don't  
8 | know.

9 | Q. Didn't you -- wouldn't you have looked -- let  
10 | me ask you this. Didn't you look at the existing  
11 | precinct lines during the process to see where -- where  
12 | you were starting from?

13 | A. Well, I would have known what the existing  
14 | precinct lines were. I mean, I know that Dale ensured  
15 | that everybody lived in the new precincts regardless of  
16 | which map it was. I think they all lived in the  
17 | precincts of either map.

18 | Q. So you can see that the existing Precinct 3 it  
19 | was in the middle of the county, right?

20 | A. Yes.

21 | Q. And then in the new Map 2 it got moved to the  
22 | north part of the county, right?

23 | A. Yes.

24 | Q. And all of the other precincts m1, 2, and 4 had  
25 | a chunk of that middle part of the county, right?

1 A. In the existing maps --

2 Q. In Map Proposal 2.

3 A. I'd have to go back and compare them again, but  
4 that -- that could be.

5 Q. So what's -- I mean, we can just take a look  
6 and let's go back to Exhibit 28, which is Doc 60, which  
7 is the website printout. So let's go to Map Proposal 2.  
8 You remember the old -- we don't have it up. But the  
9 old map Commissioner Precinct 3 was pretty much clean  
10 down the center of the county, right?

11 A. It was very --

12 MR. RUSSO: Objection, vague and ambiguous.

13 THE WITNESS: Sorry.

14 It was very gerrymandered, but it took up a  
15 lot of the center of the county.

16 Q. (BY MS. KLEIN) And it even extended into  
17 Galveston Island, right?

18 A. I believe that's correct, yes.

19 Q. And that's one of the things you didn't like  
20 about it; you didn't like that Galveston Island was in  
21 Precinct 3 because you wanted the single coastal  
22 precinct, right?

23 A. It wasn't just Precinct 3. It was Precinct 1,  
24 2, and 3.

25 Q. So you can see 1, 4, and 2 all have a portion  
Page 219

1 of that old Precinct 3 because all of them go into that,

2 you know, middle corridor of the county, right?

3 A. Looks like, yes.

4 Q. And you were aware of that when you were

5 considering whether to vote for Map Proposal 2, right?

6 A. Sure.

7 Q. Now, let's go to Map Proposal 1 real quick.

8 MS. KLEIN: If you could scroll up.

9 Thanks, Alexa.

10 Q. (BY MS. KLEIN) And this map proposal adds

11 Bolivar Peninsula to Precinct 3, right?

12 A. Looks like it, yes.

13 Q. And that's what the 2011 map did; it added

14 Bolivar to Precinct 3, right?

15 MR. RUSSO: Objection, calls for

16 speculation.

17 THE WITNESS: Isn't that the one that we

18 finally adopted?

19 Q. (BY MS. KLEIN) The one in 2011 that got

20 rejected.

21 A. I don't know what the map that got rejected

22 looked like.

23 Q. But you remember, we talked about it earlier,

24 how you had been the one to ask that Bolivar be added to

25 Precinct 3, right?

Page 220

1 MR. RUSSO: Misstates prior testimony.

2 THE WITNESS: I will say maybe. The map  
3 that got rejected, I don't recall it that well. So I  
4 mean, the one that gotten enacted I do.

5 Q. (BY MS. KLEIN) So are you saying that -- so  
6 what about during the process that happened in 2021?  
7 Did you go back to look at what had been rejected by the  
8 DOJ in --

9 A. No, I would have left that to the attorneys.

10 Q. You completely left that to attorneys?

11 A. Yes.

12 Q. You weren't worried that the only alternative  
13 to your Map Proposal 2 was a map that resembled the 2011  
14 rejected map?

15 MR. RUSSO: Objection, calls for  
16 speculation. Asked and answered. And misstates prior  
17 testimony.

18 THE WITNESS: I went off the attorneys that  
19 we hired to do a constitutionally compliant job.  
20 Whether that requires them to go back and review maps  
21 that were rejected or not, that's for them to do.

22 Q. (BY MS. KLEIN) But you didn't take it upon  
23 yourself to make sure the county didn't repeat the same  
24 mistake it made back in 2011?

25 A. I did not take it upon myself.  
Page 221

1 MR. RUSSO: Objection, mischaracterizes  
2 prior testimony.

3 You can answer.

4 Q. (BY MS. KLEIN) The 2011 process that -- that  
5 litigation cost the county money, right?

6 A. Correct.

7 Q. And the litigations that were filed -- the  
8 first Petteway cases, those also cost the county a  
9 pretty penny, right?

10 A. Cost money, yes.

11 Q. And one of your platforms, as I understand it,  
12 is to, you know, cut taxes for the county, right?

13 A. Which we've done 12 years in a row.

14 Q. But adding cost like litigation, that adds to  
15 the -- that adds to the county budget, right?

16 A. It's included in the budget already. And  
17 believe me, if I could get people to stop suing us, I  
18 would do it.

19 Q. So you're saying that in light of all that, you  
20 never went back to make sure you weren't repeating the  
21 same mistakes that you had made in 2011?

22 MR. RUSSO: Objection, misstates prior  
23 testimony.

24 THE WITNESS: We hire attorneys and we  
25 expect them to do their job.

1 Q. (BY MS. KLEIN) And you hired the same  
2 attorneys that you had hired in 2011?

3 A. Correct.

4 Q. And you expected to do the same job they had  
5 done in 2011, right?

6 MR. RUSSO: Objection.

7 Q. (BY MS. KLEIN) And that's why you hired Dale,  
8 you wanted him to do the same thing he did in 2011,  
9 right?

10 MR. RUSSO: Objection, misstates prior  
11 testimony.

12 THE WITNESS: I wanted him to comply with  
13 what we are required to comply with, yes.

14 Q. (BY MS. KLEIN) And did you feel that he  
15 satisfied that back in 2011 when the DOJ objected and  
16 you had to draw a new map to settle it?

17 A. Yes.

18 Q. You felt that he had complied with everything  
19 even though you had to draw a whole new map in the end?

20 A. I do not recall us drawing a whole new map. I  
21 think we made one change.

22 Q. Did you ever ask for any other options other  
23 than these two map proposals to be drafted?

24 A. If I was told that these -- that both of these  
25 were compliant with what we needed done, then no, I  
Page 223

1 would not have asked for any additional proposals.

2 Q. Did you ever ask for an option for Map Proposal  
3 2 -- please scroll down.

4 Did you ever ask for an option for Map  
5 Proposal 2 that had a coastal precinct that still kept  
6 Precinct 3 in that middle corridor we were talking about  
7 earlier?

8 A. I doubt it.

9 Q. Why do you doubt it?

10 A. I don't know why I would have done that. I  
11 mean, this creates a coastal precinct and if you're  
12 going to start moving things around, then you're going  
13 to affect the whole four precincts.

14 Q. Did you ever ask for a map that would not have  
15 split the old Precinct 3 among all four new precincts?

16 A. Every precinct had to change boundaries.  
17 Precinct 3 was underpopulated from the beginning. There  
18 was no way to keep it intact. So aside from this, this  
19 is saying that the coastal precinct was one of the  
20 things I want to get done.

21 Q. So you never asked whether there was a way to  
22 preserve -- to prevent Precinct 3 from being split  
23 amongst all four new precincts?

24 A. I do not know where the splits occurred. I did  
25 not ask for anything other than these two maps after  
Page 224

1 these were shown to me.

2 Q. What about a new -- did you ever ask -- so you  
3 never asked for a map other than this one?

4 A. The 2.

5 Q. For Map Proposal 2, you liked this when you saw  
6 it, right?

7 A. I liked the fact that it got us one coastal  
8 precinct.

9 Q. But you liked -- you didn't -- you didn't ask  
10 for the other lines to change. You must have been --  
11 you must have liked the other maps, right? Sorry. You  
12 didn't ask for the other precinct lines to change. You  
13 must have liked -- been satisfied at least with where  
14 the other precinct lines were, right?

15 A. Again, the precinct lines are far more  
16 important to the precinct commissioners than they are to  
17 me.

18 Q. But to answer my question, you must have at  
19 least been satisfied with them if you --

20 A. As long as they said that they complied with  
21 the population -- population adjustment and all the  
22 state and federal laws, that was fine.

23 Q. You were aware from the 2011 litigation,  
24 weren't you, that Precinct 3 was the only  
25 majority/minority district in the whole county, right?

1 A. Yes.

2 MR. RUSSO: Objection, speculation and  
3 calls for a legal conclusion.

4 Go ahead.

5 Q. (BY MS. KLEIN) And your answer is yes?

6 A. My answer is I was probably told that, yes.

7 Q. And you had even seen -- we talked about that  
8 preclearance letter, you know, with the preclearance  
9 letter had those tables. You had seen those, right?

10 A. Back in 2011?

11 Q. At some time before the 2021 process you had  
12 seen that preclearance letter with those --

13 A. Back in 2011, yeah.

14 Q. Okay. All right. Did you ever use an  
15 interactive version of this map?

16 A. No.

17 Q. Going onto this website, scroll again, I want  
18 you to tell me if you see any kind of data about the  
19 maps posted.

20 A. The boundaries and the precinct number.

21 Q. So the benchmark map, the preexisting map, that  
22 wasn't on here, right?

23 A. I don't know what a benchmark map is.

24 Q. When I say benchmark I mean the map that was in  
25 place in 2012 to 2021 until this map, the new one was  
Page 226

1 passed.

2 A. Oh, okay.

3 Q. So that old map from 2012 to 2021, that's not  
4 on this website, right?

5 A. It appears so.

6 Q. What would be somebody have to do if they  
7 wanted to see that during the redistricting process?

8 MR. RUSSO: Objection, calls for  
9 speculation.

10 THE WITNESS: The engineering website.

11 Q. (BY MS. KLEIN) What is the engineering  
12 website?

13 A. The county's main website. They have all the  
14 maps there. They have everything.

15 Q. Is there a link to that on this website?

16 A. Can you show me the URL?

17 Q. Then keep scrolling down maybe.

18 A. Yeah. You just remove the -- from the slash  
19 County judge redistricting on, that will get you to -- I  
20 think that gets you to the map section of engineering.

21 Q. Were there any instructions on this website  
22 about how to do that?

23 A. I don't see any.

24 Q. Okay. So what about an explanation of US  
25 Census data results for Galveston? Is there any  
Page 227

1 | explanation of census data results on this web page?

2 | A. I don't see any.

3 | Q. So if somebody wanted to see, you know, what  
4 | had changed since the 2010 census or even just what the  
5 | numbers were, what would they have to do?

6 | MR. RUSSO: Objection, calls for  
7 | speculation.

8 | THE WITNESS: I assume go to the Census  
9 | Bureau's website.

10 | Q. (BY MS. KLEIN) They couldn't get that from the  
11 | county, right?

12 | A. I do not know if ever we put that on our  
13 | website, but it was on the Census Bureau's website.

14 | Q. And there's no breakdown for each of these  
15 | maps of -- can you scroll back up. There's no breakdown  
16 | of the deviations or, you know, how many people are in  
17 | each of these precincts on these maps, right?

18 | A. I don't see that.

19 | Q. There's no racial demographic breakdown of  
20 | these maps?

21 | A. I don't see it.

22 | Q. And there's no partisan information?

23 | A. I think there's some.

24 | Q. Okay. Any other analytics on this website  
25 | about these maps other than the pictures?

Page 228

1 A. Doesn't look like it.

2 Q. So let's go back to the specific criteria that  
3 you were actually -- if any that you were using when you  
4 were deciding which map to -- which maps should be  
5 drawn.

6 So you mentioned this coastal precinct  
7 equalizing populations, I've understood, and then a  
8 general, like, legally compliant, right? Were there any  
9 other specific criteria that you were thinking about  
10 when you were giving input on what the proposed map  
11 should look like?

12 A. No.

13 Q. What about the other commissioners, do you know  
14 what criteria they might have had in mind when they were  
15 providing feedback about what the proposed map should  
16 look like?

17 A. No. Other than like I said, Commissioner Apfel  
18 had asked that a street he moved over for a house that  
19 either he owned or was buying or something like that.  
20 Other than that, I would not have known any other  
21 commissioners' requests, if they even had any.

22 Q. All right. I would like to go to another  
23 exhibit. But actually, if you would like to take a  
24 break, this is an okay time to stop.

25 A. I'm fine.  
Page 229

1 Q. Okay. You'll speak up, I guess, if you want a  
2 break.

3 A. I will.

4 Q. Okay. So this is Tab 93. And this will be  
5 Exhibit 33.

6 (Exhibit No. 33 was marked.)

7 THE REPORTER: Could I ask that the witness  
8 to keep his hands away from his face so I can hear.

9 THE WITNESS: Okay.

10 MS. KLEIN: Oh, I should have --  
11 Ms. Elkins, do you need a break? We've been going kind  
12 of a while.

13 THE REPORTER: I'm okay. I just need to  
14 make sure I can hear.

15 MS. KLEIN: Okay.

16 Q. (BY MS. KLEIN) All right. Do you recognize  
17 this document? And Alexa can zoom in if she needs to.

18 A. Since I can't see the date, is this the lawsuit  
19 from 2011 or is this the current one?

20 Q. I'll represent that this is something produced  
21 by your counsel in the current lawsuit.

22 A. Okay.

23 Q. Actually, let's just scroll to the title on the  
24 first page -- second page, I guess, is the title. The  
25 caption is rather long. Says, (Reading:) Defendants'  
Page 230

1 First Supplemental and Amended Response to the United  
2 States' First Set of Interrogatories.

3 Do you see that?

4 A. Yes.

5 Q. Does that ring a bell? Did you see this --  
6 have you seen this document before?

7 A. Yes. I would have reviewed it, yes.

8 Q. Okay. And then if we scroll all the way to the  
9 end of this document, the last page, scroll up a little  
10 bit. That's your signature on it?

11 A. Yes.

12 Q. And it says, (Reading:) I declare under  
13 penalty of perjury under the laws of the United States  
14 of America that the foregoing is true and correct and  
15 executed December 14, 2022.

16 A. Yes.

17 Q. Okay. So you signed this -- you reviewed it  
18 and signed it on December 14, 2022?

19 A. I did.

20 Q. Okay. I'm going to ask you questions about  
21 this, but I want to be clear. I don't want to know  
22 about any discussions you and your lawyers had before --  
23 before this was publicly filed. Okay. So I'm going to  
24 ask you questions about the document, but I don't want  
25 to know if you and your lawyers talked about it.

Page 231

1 A. You mean typically filed as part of -- as being  
2 responsive to the request?

3 Q. Yeah, provide --

4 A. Okay. I get it.

5 Q. Sorry, yes, providing it to us.

6 A. Okay.

7 Q. All right.

8 MS. KLEIN: So let's go to PDF page 4,  
9 please, Alexa.

10 Q. (BY MS. KLEIN) It says at the bottom there,  
11 "Responses to Interrogatories." Do you see that?

12 A. No.

13 Q. Can you scroll down a little bit?

14 A. Okay. Got it.

15 Q. And then Interrogatory No. 1 -- I'll represent  
16 interrogatory means question basically.

17 A. Okay.

18 Q. So it says, (Reading:) Identify all factors of  
19 the Galveston County Commissioners Court considered in  
20 adopting the 2021 redistricting plan.

21 You see that?

22 A. Yes.

23 Q. Okay. And then we're going to scroll down.

24 There's a lot of legalese that I'm not going to ask you  
25 about. So if we could scroll down until we get to that  
Page 232

1 first supplemental answer. Do you see that?

2 A. Yes.

3 Q. (Reading:) Without waiving any of the  
4 objections stated above, Defendants state that the  
5 Galveston County Commissioners Court considered the  
6 following factors in adopting the 2021 redistricting  
7 plan.

8 And it goes on, I'm just going to scroll  
9 through. I don't want you to read through it all. I'm  
10 going to ask you about these separately.

11 MS. KLEIN: But if -- Alexa, if you could  
12 scroll, there's one bullet point, there's 2, 3, 4, 5, 6.  
13 Do you see that six factors?

14 A. Yes.

15 Q. Okay. If you could scroll back up. Can you  
16 tell me these factors, how were these -- do you know how  
17 these factors came into being?

18 MR. RUSSO: Objection, vague and ambiguous.

19 THE WITNESS: Not really. I mean, the  
20 first one is what I've been saying all along, we have to  
21 be compliant with the law and get the population.

22 Q. (BY MS. KLEIN) Do you know when these factors  
23 in this document were, like, finalized as the factors  
24 that Defendants are representing were considered by the  
25 Commissioner's Court in adopting the 2021 plan? Do you  
Page 233

1 know when they were finalized?

2 A. No, I don't.

3 Q. Okay. Do you know if these criteria 1 to 6 are  
4 listed in order of priority?

5 A. Only -- I mean, I would say that No. 1 is the  
6 highest priority, make sure they don't do anything that  
7 they can't do. Other than that, I haven't -- I haven't  
8 seen the others to see if they are or not.

9 Q. Okay. We'll go through them and then I'll ask  
10 you the question at the end.

11 A. Okay.

12 Q. So the first factor that you said, (Reading:)  
13 Compliance with the requirements under the 14th  
14 Amendment to the US Constitution and Voting Rights Act,  
15 what was your understanding of the requirements of the  
16 Voting Rights Act in adopting the 2021 plan?

17 A. I wouldn't have one. That's, again, why we're  
18 going pay to lawyers to do their job.

19 Q. So you didn't have an understanding of what the  
20 Voting Rights Act would require when you were  
21 considering whether to adopt Map 2 or Map 1?

22 MR. RUSSO: Objection, misstates prior  
23 testimony.

24 THE WITNESS: My understanding is that the  
25 Voting Rights Act has changed some. So, no, this is not  
Page 234

1 something that I keep track of. And this is why we have  
2 a lawyer who are well versed in this area of the law.

3 Q. (BY MS. KLEIN) The second sentence says,  
4 (Reading:) In particular, the most important factor in  
5 crafting the redistricting lines for the Commissioners  
6 Court precincts was the equalization of population and  
7 to make the four Commissioners Court precincts  
8 geographically sound.

9 A. Okay.

10 Q. What does geographically sound mean?

11 A. As compact as you can get them is how I  
12 interpret this. Understanding this is a document from  
13 the court, not just from me.

14 Q. It's from your counsel.

15 A. Correct. But I think -- well, I believe on  
16 behalf of the court, not just me.

17 Q. Okay.

18 MR. RUSSO: Court meaning?

19 THE WITNESS: Commissioner's Court.

20 Q. (BY MS. KLEIN) Commissioner's Court, yeah.

21 Okay. The second factor is unified  
22 representation on Galveston Island and Bolivar  
23 Peninsula.

24 MS. KLEIN: If we scroll down, Alexa. Just  
25 make sure I got that right.

1 Q. (BY MS. KLEIN) Do you see that, the second  
2 factor?

3 A. Yes. And that was probably more important to  
4 me than the rest of the court.

5 Q. So that criteria was listed at your insistence;  
6 is that right?

7 A. It was a request. It wasn't an insistence.  
8 If -- if Dale had told me that we can't make it happen,  
9 then that's okay, then it can't happen.

10 Q. Were any other -- was uniting any other  
11 communities ever considered as a factor during the  
12 redistricting process, to your knowledge?

13 A. To my knowledge, no.

14 Q. Not by you?

15 A. Not by me anyway.

16 Q. So, like, for example, like, keeping Precinct 3  
17 together was not a factor that you felt was important?  
18 Like you had felt uniting Galveston Island and Bolivar  
19 Peninsula was important, right?

20 A. Correct.

21 Q. And you said before that you wanted one  
22 commissioner to unite all of the coast. Can you tell me  
23 why in your mind it's better for one commissioner rather  
24 than two to be attentive to these issues?

25 A. Yes. Because there are probably a dozen issues  
Page 236

1 that only affect the coastline. It is extremely  
2 difficult to even keep one commissioner really up to  
3 speed on CEPRA, GOMESA, seaweed, uncapped oil heads. I  
4 mean, there's just so many issues that only deal with  
5 the coastline that having one commissioner, and  
6 hopefully myself, able to keep our hands wrapped around  
7 it is difficult trying to get three commissioners plus  
8 myself, turned out to be impossible.

9 Q. What about just two commissioners and yourself?

10 A. The -- the fewer the better. We -- we went  
11 through this -- we go through this every day. GOMESA is  
12 a great example. It's a fund and I can't even recall  
13 now how it gets funded or what it's being used on, but  
14 every single time we have to reeducate ourselves on what  
15 it is and how to use it.

16 Q. But if you had three total, yourself and two  
17 commissioners, you'd have a majority, right?

18 A. It's not the -- it's not a majority thing.  
19 Most of our things, believe it or not, pass unanimously.  
20 It's a -- we -- you know, court hears what we have and  
21 here's what we can use it for. I'm proposing this.

22 When a county commissioner makes a  
23 recommendation I'm almost always nearly 100 percent  
24 supporting them and the rest of the court would  
25 generally say, well, it's not our precinct. If -- if  
Page 237

1 that commissioner and the Judge says that what we should  
2 do, that's what we're going to do.

3 Q. What about any studies on this issue of a  
4 single coastline precinct being better, did you ask for  
5 any studies or -- during the process on that issue?

6 A. Studies cost money and I don't need to pay  
7 somebody to tell me that having one person knowledgeable  
8 on these issues is better than two or three.

9 Q. Okay. We can scroll down. How is it that you  
10 determined that -- so the new -- strike that. Sorry.

11 So the new coastal precinct, which  
12 commissioner was going to represent that coastal  
13 precinct?

14 A. Commissioner Giusti.

15 Q. How did you decide it would be Commissioner  
16 Giusti?

17 A. I didn't. It's where his house fell. So upon  
18 Map -- Map No. 2, that's the one we adopted, Map No. 2,  
19 he lived in the coastal precinct. And that's -- at some  
20 point in that time frame I just went and said, "I want  
21 to make sure you're okay with this because I don't want  
22 to force you on it if you don't want to do it." And he  
23 said, "I'm fine with it. I like it."

24 Q. Didn't -- isn't it right that Commissioner  
25 Apfel actually represented a significant portion of the  
Page 238

1 coastline in the prior, the benchmark map?

2 A. He would have had Bolivar only. I think. Oh,  
3 now, see, I'm not even positive. He may have had part  
4 of Galveston as well. Commissioner Holmes had a part of  
5 Galveston. Commissioner Giusti had a part of Galveston.  
6 Commissioner Apfel may or may not have had part of  
7 Galveston. I don't remember. But he had Bolivar for  
8 sure.

9 Q. Did you look at any studies, for example, of  
10 what areas of the county were, like, impacted by  
11 flooding issues and try to unite them or something like  
12 that?

13 A. We get flood maps from FEMA. But I do not know  
14 how that would be helpful in our redistricting map.

15 Q. So you don't think the person that drew the map  
16 for you considered that type of thing when they decided  
17 to do a coastal precinct?

18 A. Flooding?

19 Q. Looking at, you know, that or similar studies  
20 to decide where the lines should be drawn.

21 A. I don't know.

22 Q. You never instructed anybody to do that when  
23 drawing the lines?

24 A. No.

25 Q. The third factor, let's go down to the third  
Page 239

1 factor, is -- the third factor considered was the  
2 compactness of the commissioner court precincts. What  
3 does "compactness" mean to you?

4 A. Trying to keep them as close to a square or  
5 rectangle as possible, which isn't possible but just as  
6 close as we can.

7 Q. Did you see any specific measurements of  
8 compactness when you were reviewing proposals?

9 A. Specific measurements? You mean -- I mean,  
10 population is what's going to have to drive it  
11 ultimately. But do you mean like metes and bounds or  
12 what exactly do you mean?

13 Q. So there's -- for example, there's compactness  
14 scores that are commonly used when this polls be popper  
15 (phonetic). Does that ring any bells?

16 A. No.

17 Q. Anything like that, you know, a compactness  
18 score, for example, that you can recall looking at?

19 A. No.

20 Q. This factor said -- the next sentence says,  
21 (Reading:) The commissioners wanted a map that was  
22 geographically compact. The goal was to have a map that  
23 made geographic sense, a geographically sound map.

24 So when this says the commissioners wanted  
25 a map that was geographically compact, do you know that  
Page 240

1 to have been true for the other commissioners?

2 A. Do not know.

3 Q. And then the goal was to have -- the last  
4 sentence says, (Reading:) There was a sense that the  
5 prior map looked gerrymandered.

6 Do you agree with that statement?

7 A. I do.

8 Q. What does "gerrymandered" mean to you?

9 A. Moving lines in a -- in not necessarily in a  
10 sensible manner in order to achieve a specific goal.

11 Q. And which part of the prior map looked  
12 gerrymandered?

13 A. Precinct 3. And I understand it had to be  
14 so...

15 Q. What do you mean it had to be?

16 A. My understanding from the 2011 redistricting is  
17 we had to make every effort to keep a majority/minority  
18 precinct. And the only way we could achieve that was to  
19 have the precinct look like it did.

20 Q. So you knew that by changing things the way you  
21 did in Map Proposal 2 you were getting rid of that  
22 majority/minority precinct, right?

23 MR. RUSSO: Objection, calls for  
24 speculation.

25 THE WITNESS: And what I know would have  
Page 241

1 | come to me through one of my lawyers.

2 | MR. RUSSO: Object on the basis of  
3 | attorney-client privilege. To the extent the  
4 | conversations she asked about happened with your  
5 | lawyers, do not disclose it.

6 | Q. (BY MS. KLEIN) Were you aware -- I'm not  
7 | asking you what your lawyers told you or whether you  
8 | agreed with it or whether you -- any of those  
9 | discussions.

10 | But when you chose Map Proposal 2, at that  
11 | moment in time you were aware, weren't you, that that  
12 | majority/minority Precinct 3 that you had to keep in  
13 | 2011 that you were breaking that up between all four  
14 | remaining precincts, right?

15 | MR. RUSSO: Objection to the extent it  
16 | calls for a legal conclusion. And same objection  
17 | related to attorney-client privilege.

18 | THE WITNESS: Yeah, the information would  
19 | have come from an attorney working on our behalf.

20 | MS. KLEIN: Okay. I'm going -- I'm just  
21 | going to preserve for the record that I dispute that  
22 | privilege objection and we're going to reserve the right  
23 | to call the commissioner back once we get a court  
24 | determination on it.

25 | MS. RICHARDSON: Petteway will join.

1 MS. JAYARAMAN: United States joins as  
2 well.

3 Q. (BY MS. KLEIN) Okay. The fourth factor, I'm  
4 reading from the page, considered -- was minimizing the  
5 splitting of voting precincts. Do you know what that  
6 one means?

7 A. I assume that what they are saying here is that  
8 we did not want to -- well, some voting precincts had to  
9 be split. They were overpopulated. But except for  
10 those voting precincts, trying not to split up voting  
11 precincts further.

12 Q. What -- isn't it true that the Commissioner's  
13 Court adopted voting precincts after this redistricting  
14 cycle?

15 A. I do not remember. No, I thought we did it --  
16 I thought we did it the same day.

17 Q. So you did it either the same day or after,  
18 right?

19 A. Probably.

20 Q. So if you were passing voting precincts either  
21 the same day or after, why did you have to -- that means  
22 that you were revising them, right?

23 A. We had to change some of them because we were  
24 overpopulated and you had another group threaten to sue  
25 us if we didn't get the population down to less than  
Page 243

1 5,000 per voting precinct.

2 Q. So if you were going to change them anyway, why  
3 was that a consideration when you were choosing which  
4 map to adopt to minimize splitting voting precincts that  
5 you have to change either the same day or after?

6 A. If -- I don't think I follow that. But  
7 we're not -- not we're trying to minimize the splitting  
8 of voting precincts. Some of them had to be split. So  
9 we're trying to minimize the number of voting precincts  
10 we're splitting.

11 Q. Okay. Let's scroll down. I just want to go  
12 to -- well, let's finish this and then I'm going to  
13 revisit -- I'm going to ask you a little bit more about  
14 that.

15 So it says the fifth factor considered was  
16 once Factors 1 through 4 were achieved, the  
17 commissioners wanted a precinct that included their  
18 residence, right?

19 A. Makes sense, yes.

20 Q. And the sixth factor considered by  
21 commissioners was the partisan composition of their  
22 districts.

23 A. Yes.

24 Q. What does that one mean?

25 A. If a commissioner is in a -- a leaning -- a  
Page 244

1 Republican, for example, leaning precinct, he would  
2 rather not get it changed be a Democrat leaning  
3 precinct.

4 Q. What about Commissioner Holmes? Are you aware  
5 of how his precinct, which we've already talked about,  
6 was split in the new map between four, how it would be  
7 impacted by as far as partisan composition?

8 A. This is going to come back to a conversation  
9 from my lawyer to me.

10 Q. So you were aware, but whatever you were aware  
11 of came from your attorney, right?

12 MR. RUSSO: Let me object and respond to  
13 that to the extent you have to disclose attorney-client  
14 privileged communications. And I'm going to instruct  
15 him not to answer.

16 Q. (BY MS. KLEIN) So without telling --

17 MS. KLEIN: So I'm going to reserve our  
18 prior right to recall him as we've already stated on the  
19 record several times.

20 MS. JAYARAMAN: The United States joins.

21 MS. RICHARDSON: Petteway joins.

22 Q. (BY MS. KLEIN) And so without disclosing the  
23 content of those conversations, you talked with your  
24 counsel about partisan composition?

25 A. I would more accurately describe it as he told  
Page 245

1 | me than me asking him.

2 | Q. And same thing -- you know, just to go back,  
3 | close the loop here, same thing with the racial  
4 | composition.

5 | Without disclosing the content of the  
6 | conversations you had with counsel, you had  
7 | conversations about racial composition?

8 | MR. RUSSO: Counsel, you -- I mean, I don't  
9 | know. Can you answer that question?

10 | THE WITNESS: I can simply say that the  
11 | information came from them to me.

12 | Q. (BY MS. KLEIN) Okay.

13 | A. There wasn't a request on my part.

14 | Q. Okay. We'll revisit that, I'm sure, in the  
15 | future.

16 | So how did you know all of the  
17 | commissioners' residences during the redistricting  
18 | process?

19 | A. I believe Dale asked them.

20 | Q. Were their addresses publicly disclosed  
21 | anywhere, to your knowledge, so that if somebody else,  
22 | for example, wanted to propose a map, they could make  
23 | sure to also be drawing commissioners in their precinct?

24 | A. I -- I do not know. Again, this is an issue  
25 | for the commissioners. I'm county-wide. It doesn't

1 | really affect me.

2 | Q. Was preserving the prior district lines  
3 | considered among potential criteria among this list at  
4 | any point?

5 | A. I didn't see it in there.

6 | Q. Do you know if it was ever considered?

7 | A. No, I do not.

8 | Q. Okay. So we see your signature at the end of  
9 | this. Do you know if the other commissioners reviewed  
10 | this before it was submitted?

11 | A. I do not know.

12 | Q. Did you talk to them about it to make sure this  
13 | was accurate to them before you signed it?

14 | A. Can't do that.

15 | Q. Even one on one?

16 | A. One on one but only one commissioner. The next  
17 | time I talk to another commissioner, I'm in violation of  
18 | the state law.

19 | Q. Did you have your staff confirm with them?

20 | A. No.

21 | Q. Okay. So just you signed this and you didn't  
22 | ever talk about it with another commissioner in any way?

23 | A. I did not.

24 | Q. So how do you know -- so going back up to the  
25 | top, the way -- if we could go back up to the top of  
Page 247

1 Interrogatory 1. It says -- sorry, the Interrogatory  
2 No. -- the Supplemental Response.

3 MS. KLEIN: Sorry, Alexa, just a little bit  
4 further down. Thank you.

5 Q. (BY MS. KLEIN) (Reading:) Defendants state  
6 that the Galveston County Commissioners Court considered  
7 the following factors in adopting the 2021 redistricting  
8 plan.

9 If you never talked about this with the  
10 other commissioners, how do you know that that statement  
11 is true and accurate?

12 A. That would be a question that I think that the  
13 lawyers would have posed to other commissioners.

14 Q. But you -- when you signed this document, you  
15 didn't know whether that was true, right?

16 A. Whether what is true, that if the lawyers  
17 talked to them?

18 Q. No. That the Galveston County Commissioner's  
19 Court considered these factors.

20 MR. RUSSO: Counsel, are you taking issue  
21 with the lawyers preparing the response on behalf of the  
22 County?

23 MS. KLEIN: No. I'm --

24 MR. RUSSO: -- because that's what  
25 happened.

1 MS. KLEIN: I'm asking how he knew it was  
2 true that the Commissioner's Court considered these  
3 criteria if he never was able to confirm that.

4 MR. RUSSO: You know that he's got to rely  
5 on counsel's discussions with other folks. There's  
6 one -- he's one person that's verifying the responses.  
7 This is a ridiculous line of questioning.

8 Q. (BY MS. KLEIN) I'm just -- I'm going to go  
9 through and X out things that we've already covered if  
10 you'll give me a little bit -- a moment.

11 A. Yeah, sure.

12 Q. So fair to say you never discussed these six  
13 listed criteria with the other commissioners directly?

14 A. I may have discussed them with one. But  
15 certainly not more than one.

16 Q. Did you apply these criteria when you were  
17 providing input on draft maps as they're stated here?

18 A. The first one, absolutely, and then after that  
19 the coastal precinct was the only other factor that I  
20 would have said.

21 Q. Let's -- I'm going to follow up on that voting  
22 precinct issue and then we'll move on.

23 MS. KLEIN: Alexa, could you -- can you  
24 scroll down to Interrogatory No. 2, please? Try to be  
25 quick about this.

1 Q. (BY MS. KLEIN) So Interrogatory 2, there it  
2 says, (Reading:) For each factor identified in response  
3 to Interrogatory No. 1 describe in detail how the 2021  
4 redistricting plan serves that factor.

5 Did I get that right?

6 A. I think so.

7 Q. And let's scroll down and I'd like to look at  
8 the -- I'd like to look at the answer to the first one  
9 actually. Supplemental answer, when you see  
10 supplemental answer. Scroll up. It looks like it's  
11 updated answer, rather.

12 (Reading:) So without waiving any  
13 objections stated above, the Defendants state that  
14 Galveston County's 2021 redistricting plan serves the  
15 above factors identified in response to Interrogatory  
16 No. 1 in the following ways.

17 And the first one says, (Reading:) When  
18 the Commissioners Court began redistricting the current  
19 map in effect from 2012 to 2021, it had a population  
20 deviation of 17.9 percent.

21 And then if we go all the way to the end,  
22 it says in the sentence starting, (Reading:) The  
23 current population deviation in the enacted map is  
24 1.1 percent.

25 Were you aware of that when you voted for  
Page 250

1 Map Proposal 2?

2 A. I thought it was less than that. But that's  
3 certainly within allowable tolerances.

4 Q. And then the next question -- the next sentence  
5 says, (Reading:) This map has a lower population  
6 deviation than Map Proposal 1, which is a population  
7 deviation of 2.5 percent.

8 Do you see that?

9 A. Yes.

10 Q. Were you aware of that fact when you voted for  
11 Map Proposal 2?

12 A. I doubt I was aware of the exact percentage.  
13 I'm sure I was aware that both of them complied with the  
14 population reallocation.

15 Q. Did you care that Map Proposal 2 had a smaller  
16 deviation than Map Proposal 1?

17 A. That's better, but 2.5 is also acceptable.

18 Q. Were you aware that maps with the same  
19 configuration roughly as Map Proposal 1 could have been  
20 drawn with smaller deviations?

21 MR. RUSSO: Objection, vague and ambiguous.

22 THE WITNESS: Yeah, I don't -- I don't know  
23 how I would have known that.

24 Q. (BY MS. KLEIN) You never asked anyone if that  
25 was possible?

Page 251

1 A. No.

2 Q. Let's go to the bottom -- let's go to the  
3 bottom of Page 8, please, of the interrogatory  
4 responses. I'm going to skip the discussion of the  
5 Bolivar Peninsula. I think we covered that. And I'm  
6 going to skip the question about compactness. But can  
7 you keep going to Page 9.

8 So it says, (Reading:) The enacted map  
9 successfully choose the fourth factor because it splits  
10 nine voting precincts out of a total 96 precincts.

11 Right?

12 A. Yes.

13 Q. Those 96 precincts we discussed before, those  
14 voting precincts were passed either on the same day or  
15 after the new map, correct?

16 A. That would make sense, yes.

17 Q. So do you recall that there were actually a  
18 different number of precincts before new voting  
19 precincts were enacted?

20 A. I don't follow that. What?

21 Q. There are 96 voting precincts now, but do you  
22 remember that there was a different number of voting  
23 precincts, you know, before 2021?

24 A. It should have been similar.

25 Q. Can you tell me why you were concerned about  
Page 252

1 splitting precincts if you -- if the court was just  
2 going to change the precincts anyway after the new map?

3 A. I don't think we did. I think we split the  
4 voting precincts that had overpopulation and had to be  
5 split --

6 Q. Okay.

7 A. -- in order to get below 5,000 -- I can't  
8 remember if it's people or voting age people per  
9 precinct.

10 Q. But you could change -- you could have changed  
11 the voting precinct lines any way that you wanted,  
12 right?

13 A. I suppose we could have.

14 Q. Why didn't you change them so there were no  
15 split precincts at all?

16 A. We had no choice but to split the overpopulated  
17 precincts.

18 Q. No. But why -- why couldn't you enact new  
19 voting precincts so that none of them were split between  
20 any of the county commissioner districts at all?

21 A. I'm not understanding this.

22 Q. So you can change the voting precincts to look  
23 however you want, right?

24 MR. RUSSO: Object, it calls for a legal  
25 conclusion.

1 THE WITNESS: Yeah, within reason maybe.

2 Q. (BY MS. KLEIN) They just have to comply with  
3 these --

4 A. Right.

5 Q. -- precinct number population requirements?

6 A. Right.

7 Q. You're going to get sued if you didn't do that,  
8 right?

9 So if you could have changed them, these  
10 voting precincts, to look however you wanted, if they  
11 complied the population, why didn't you enact -- you  
12 know, it says there are nine voting precincts split.  
13 Why aren't there zero voting precincts split amongst the  
14 commissioners' precincts?

15 A. Because we had to split the ones that were  
16 overpopulated. We had no choice.

17 Q. But the splits are between commissioner  
18 precincts, right, so it's one voting precinct split  
19 between two commissioner precincts?

20 A. Not necessarily, no.

21 Q. So what do you understand this to mean?

22 A. I understand this to mean we had nine -- I  
23 didn't think it was that many, but it was in the  
24 ballpark, voting precincts that had more than 5,000  
25 people in there. You can't have that. You got to split

1 it up below 5,000.

2 The best way to do that is to split it as  
3 close to middle as you can so that you're not putting  
4 4,998 to where it will just get overpopulated again in,  
5 you know, what, six months.

6 Q. What's your understanding of a split precinct?

7 MR. RUSSO: Objection, vague and ambiguous.

8 THE WITNESS: That's what I'm explaining is  
9 that it could be a precinct split between two new  
10 commissioners' precincts. But my belief here is that  
11 we're talking about overpopulated growing precincts.  
12 That's who's threatening to sue us. Then we've got to  
13 split them and bring them underneath the 5,000  
14 population.

15 Q. So your understanding of this criteria is not  
16 that a split precinct is split between two commissioner  
17 districts, but it's a split precinct from one that  
18 existed before that had to be cut in half?

19 A. Or -- correct, or cut in some manner to get it  
20 below 5,000.

21 Q. So how does that understanding relate to  
22 commissioners' precincts at all?

23 A. I do not know.

24 Q. So you actually don't quite know -- so how does  
25 this factor relate to commissioners' precincts? Page 255

1 MR. RUSSO: Objection, asked and answered.

2 THE WITNESS: Yeah, I don't know. I mean,  
3 if that's what they're talking about. I didn't write  
4 this so I'm kind of trying to answer as best I can.

5 Q. (BY MS. KLEIN) Okay. And then just scroll up.  
6 I have one more question and then we'll move on, and  
7 then I'm almost done with my questioning. But we can  
8 take a break before then if you want to.

9 Scroll down a little bit. Give me a second  
10 to get my -- you know what? Strike that. Let's go to  
11 page 9 and the "Finally." (Reading:) Finally, the  
12 enacted plan to some extent is a consequence of  
13 achieving these other factors reflects the partisan  
14 composition of Galveston County. It is, therefore, the  
15 more favorable option of the two.

16 Do you know what that sentence or that  
17 paragraph means?

18 A. Yes. They're saying that we accomplished the  
19 required objectives and in addition to that it reflects  
20 the partisan -- just what it says. Galveston County is  
21 a heavily Republican county.

22 Q. Is it completely Republican?

23 A. No, of course not.

24 Q. Of about how many -- what percentage of the  
25 voting population is not Republican?

1           A. Based on only the 2022 general election  
2 results, 34 percent.

3           Q. How many -- so did you view, you know, partisan  
4 breakdown by new Map 2 districts, commissioners'  
5 districts before you chose Map 2?

6           A. I'm sure the commissioners did, but I don't  
7 think I did.

8           Q. So you -- you didn't look at data related to  
9 this before you voted on the map?

10          A. If I did, I don't remember it. And again,  
11 that's a commissioner -- far more important to the  
12 commissioner than it is to me.

13          Q. And when you say that Map 2 reflects the  
14 partisan composition of Galveston County, you said that  
15 makes sense to you, and why does that make sense to you?

16          A. I don't think that I said Map -- well, I guess  
17 it does say Map 2. If you've got a 66 percent  
18 Republican county, it's going to be very hard to draw a  
19 map that doesn't have four Republican precinct  
20 commissioners.

21          Q. So you believe that Map Proposal 2 has all four  
22 Republican commissioner precincts, right?

23          A. Not at the moment but I suspect it will get  
24 there eventually.

25          Q. What do you mean by "eventually"?  
Page 257

1           A. Well, if it's -- if it -- if it stays the way  
2 it is, it would appear that would elect four Republican  
3 commissioners, yes.

4           Q. So if Map -- just so I understand you  
5 correctly. If the enacted map from 2021 stays in place,  
6 it will elect all four Republican commissioners, right?

7           A. I believe so, yes.

8           Q. And so that, you know, 30 percent of Democrats,  
9 they're not going to have a Democratic commissioner on  
10 the commission anymore, right?

11           A. Well, they would be dispersed county-wide.  
12 They would not be in any one location.

13           Q. So no?

14           A. No.

15           Q. Going back to your -- just thinking, going back  
16 to your slogan, you know, "Keep Galveston County Red," I  
17 mean, is that one of the reasons that you like this map,  
18 it would help keep Galveston County red?

19           A. No. I already had that with three  
20 commissioners.

21           Q. And you didn't think, you know, sealing the  
22 deal would further that objective of keep Galveston  
23 County red?

24           MR. RUSSO: Objection, vague and ambiguous.

25           THE WITNESS: It's not necessary. It's  
Page 258

1 probably helpful, but it's not necessary.

2 Q. (BY MS. KLEIN) Why would it be helpful?

3 A. Just five to zero instead of, you know, four to  
4 one.

5 Q. No more things is getting taken off the consent  
6 agenda?

7 A. Believe me, believe me, I have as many  
8 Republicans post off the consent as I do Commissioner  
9 Holmes.

10 Q. Why else would a 5-0 be helpful?

11 A. I -- from a purely political standpoint, it  
12 would be nice to have primary endorsements from all  
13 commissioners.

14 Q. Okay.

15 MS. KLEIN: This is a good time if you want  
16 to take a very brief break or we can just keep on going.

17 THE WITNESS: Anyway is fine you want to  
18 do. I'm fine. Keep going.

19 MS. KLEIN: Okay.

20 Oh, Ms. Elkins, how are you doing? Do you  
21 want to go off the record for a bit?

22 THE REPORTER: If it's going to be a lot  
23 longer.

24 MS. KLEIN: You know what? Can -- can we  
25 go off for five minutes because I actually think I might  
Page 259

1 cut things down a little bit if I can just confer with  
2 the other counsel.

3 VIDEOGRAPHER: The time is 3:16. Off the  
4 record.

5 (Brief recess.)

6 VIDEOGRAPHER: The time is 3:37. Back on  
7 the record.

8 Q. (BY MS. KLEIN) I'm just going to ask you a few  
9 follow-up questions to clarify a thing that we just went  
10 over.

11 A. Okay.

12 Q. First of all, you mentioned that you had  
13 discussed -- maybe discussed criteria with one of the  
14 commissioners but not more. Which -- which commissioner  
15 were you referring to?

16 A. I don't know if I said criteria. But as far as  
17 the process -- and maybe it was criteria. I don't  
18 recall. Commissioner Apfel.

19 Q. So we have this back and forth privilege  
20 objection and you were saying that -- when I asked you  
21 about racial data, about partisan data, you said  
22 whatever you knew you would have heard from your  
23 attorneys. Can you just specify which attorneys you're  
24 thinking of when you said your attorneys?

25 THE WITNESS: That's okay?

Page 260

1 MR. RUSSO: Yeah. I'm sorry. I'm just --

2 which conversation are you speaking about?

3 Q. (BY MS. KLEIN) Right before the break I was  
4 asking, you know, with respect to your awareness of, you  
5 know, racial breakdown by Map Proposal 2 district and  
6 your awareness of that.

7 And you said that you couldn't answer -- if  
8 I remember correctly, you said you couldn't answer  
9 because it was told to you, whatever you knew was told  
10 to you by your attorneys. Do you remember that?

11 A. Yes.

12 Q. So which is who, which attorneys is what I'm  
13 asking?

14 MR. RUSSO: You can answer that.

15 THE WITNESS: Dale Oldham primarily. To a  
16 lesser extent Joe Nixon in 2011-2012.

17 Q. (BY MS. KLEIN) Okay. And Just to clarify the  
18 privilege objection and whether or not you're going to  
19 answer, so you -- your position is you are not willing  
20 to confirm whether you were aware of any of these, you  
21 know, racial data or partisan data facts at a later date  
22 after learning them from an attorney, correct?

23 MR. RUSSO: Well, let me just tell you what  
24 my objection is. It's not to reveal conversations that  
25 he or information he got from the attorney. If he got

Page 261

1 | it later from someplace else, that's -- that's not what  
2 | we're objecting to. It's not a point in time, in other  
3 | words. It's who the conversation was with.

4 | Q. (BY MS. KLEIN) So you are not willing --  
5 | pursuant to your counsel's instruction, you are not  
6 | willing to tell me whether you were aware of a  
7 | particular fact if that fact was told to you by your  
8 | attorney?

9 | MR. RUSSO: That's like it's an  
10 | oversimplification of our objection but...

11 | THE WITNESS: And I will also say that  
12 | that's the only place I got the information from. So  
13 | there was not a point where someone else gave me  
14 | information that would not be privileged information.

15 | Q. (BY MS. KLEIN) So you are not willing to say  
16 | whether or not you were aware of a fact later if that  
17 | fact was told to you by counsel and only counsel?

18 | A. I guess, yes.

19 | MS. KLEIN: So is that attorney-client  
20 | privilege?

21 | MR. RUSSO: That's -- I think that's an  
22 | oversimplification. What we would need to get into this  
23 | is particular questions on the record or -- we've had  
24 | this conversation. You've asked questions and we've  
25 | objected. To be able to just sort of encapsulate the

Page 262

1 | argument here, I mean, you can look at the letter brief  
2 | and go into the witness with it is probably improper.  
3 | But the point is it's going to -- it dependent upon the  
4 | question that you're asking the way you're asking him.

5 | MS. KLEIN: I am going to be fully  
6 | forthright that I do not understand your privilege  
7 | objection and the basis for it. So I am trying to  
8 | understand that you are instructing your -- and you're  
9 | not the witness in this and that's why I'm talking to  
10 | him because he's following your advice.

11 | But -- and I want to make sure he  
12 | understands what he is not willing to provide. I want  
13 | to make sure the witness understands what testimony he  
14 | is not willing to provide in this deposition. So that's  
15 | why I'm going through him. I'm not trying to get  
16 | between you two.

17 | MR. RUSSO: Sure.

18 | MS. KLEIN: And I'm -- I'm just confirming  
19 | that if he was shown -- if he was shown partisan data  
20 | from his attorney, he is not willing to testify about  
21 | his awareness of that partisan data at a later date  
22 | because he says he only got it from his attorney. Am I  
23 | understanding it correctly?

24 | MR. RUSSO: No, again. That's over --  
25 | overly simplified. The point of the objection and the  
Page 263

1 | privilege is to prevent disclosure of communications  
2 | related to the provision of legal services. So to the  
3 | extent that the facts are provided with a specific  
4 | regard and primarily for the purpose of providing legal  
5 | services, those communications are not going to be  
6 | disclosed.

7 | MS. KLEIN: So if I don't -- I don't care  
8 | about the context of this. I don't care if he was --  
9 | why he was reviewing them. I don't care what questions  
10 | about legal advice he was -- I don't care about any of  
11 | that.

12 | All I want to know is if at a later date  
13 | and specifically when he was choosing Map Proposal 2, I  
14 | want to know what data he was aware of at the point he  
15 | was choosing Map Proposal 2, which I believe was, based  
16 | on our testimony, around October 29th when he made that  
17 | Facebook post.

18 | MR. RUSSO: Right. And here's the answer  
19 | to my response and this is what I've instructed the  
20 | witness. To the extent that provision of data or facts  
21 | is balled up with Mr. Oldham providing legal services,  
22 | he can't answer that question. If it's just here's some  
23 | facts, that's it. That's a different story. If it's  
24 | just here, look at the -- look at the data.

25 | MS. KLEIN: But I'm not asking for the  
Page 264

1 | context of them at all. I'm not going to follow up --

2 | MR. RUSSO: I get it. And the problem is  
3 | is that we've got to rely on the witness to say the  
4 | communication basically was part of providing legal  
5 | services, and I think he's established that.

6 | But -- so the idea or notion that, well,  
7 | you know, there are objections just based upon one thing  
8 | or another is -- again, it's oversimplifying.

9 | MS. KLEIN: All right. Maybe I'll just  
10 | probe a little bit.

11 | Q. (BY MS. KLEIN) How was the discussion of  
12 | partisan data part of the provision of legal advice? I  
13 | mean, was -- let me ask this first.

14 | Was any discussion you had with your  
15 | lawyers about partisan data part of the provision of  
16 | legal advice?

17 | A. What was that?

18 | Q. Was the -- was any -- you said that you  
19 | couldn't answer what -- you couldn't answer me what  
20 | exact partisan data you had seen when you voted for Map  
21 | Proposal 2 or before you had voted for Map Proposal 2  
22 | what you were aware of because you had learned that from  
23 | your attorney. So let me ask you this.

24 | When you learned that from your attorney,  
25 | was that part of you seeking or them providing specific  
Page 265

1 | legal advice?

2 | A. I'd say yes. It wasn't strictly -- that's it.

3 | MR. RUSSO: But that's where the privilege  
4 | applies.

5 | Q. (BY MS. KLEIN) You know -- so is your  
6 | understanding that compliance with state and federal law  
7 | relates to the partisan composition of the precincts  
8 | you'd be voting on?

9 | MR. RUSSO: Object as speculative and calls  
10 | for a legal conclusion.

11 | THE WITNESS: So I would ask again. Am  
12 | I --

13 | Q. (BY MS. KLEIN) Was -- is your understanding  
14 | based on that answer that the partisan composition of  
15 | the enacted precincts for commissioners you'd be voting  
16 | on was related to their legal compliance to whether they  
17 | were legally compliant?

18 | A. I can't say --

19 | MR. RUSSO: You responded that the  
20 | discussion that you're asking about factually relates to  
21 | the provision of legal services. That's all we can  
22 | provide you. I mean, that's where the privilege  
23 | applies. So I think we've established that.

24 | Q. (BY MS. KLEIN) So what would you say -- so if  
25 | you learned certain facts from an attorney, are you  
Page 266

1 | saying that you can never discuss that again with  
2 | anybody?

3 | A. I think that I'd be saying that I am allowed to  
4 | not discuss that with anybody.

5 | Q. So have you talked with anybody besides your  
6 | attorneys about the partisan composition of the enacted  
7 | 2021 commissioner's precinct map?

8 | A. I don't know who it would be. Honestly, most  
9 | people don't care.

10 | Q. If a constituent asked you, hey, when you voted  
11 | for Map Proposal 2, did you know that, you know, each  
12 | commissioner's precinct was going to be a Republican  
13 | precinct, how would you answer that question?

14 | A. My belief would be yes.

15 | Q. And why would your belief be yes to that  
16 | question?

17 | A. Because I simply don't think it's possible to  
18 | draw a precinct that would elect a Democrat without  
19 | making it look like a handprint as I described it.

20 | Q. And why do you believe that?

21 | A. Just based on the numbers that I see in the  
22 | general election. If 34 percent tend to vote Democrat  
23 | in a gubernatorial year and they're all spread all  
24 | across the county, you don't have 25 percent in any one  
25 | location.

1 Q. How do you know they're spread across the  
2 county? Have you seen a map -- like, a heat map of  
3 minority?

4 A. No. I'm making an assumption they're spread  
5 across the county. I know the Friendswood Democrat  
6 Party was opposing me, so there's at least some in  
7 Friendswood.

8 Q. But there's not in Santa Fe. We talked about  
9 this earlier with the different neighborhoods, right?

10 MR. RUSSO: Objection, it calls for  
11 speculation and compound. Which question do you want to  
12 ask him?

13 Q. (BY MS. KLEIN) So we talked about  
14 neighborhoods earlier. And I believe you had, you know,  
15 said that certain neighborhoods, Bolivar Peninsula,  
16 Santa Fe were predominantly White, correct?

17 A. Correct.

18 Q. And you knew that Dickinson was -- I believe  
19 you testified Dickinson was, you know, mixed White and  
20 minority and that, you know, Galveston city was  
21 predominantly minority; is that right?

22 A. On the east side. On the west side it's not,  
23 yes.

24 Q. You have an idea of where, you know, minority  
25 populations live, right?

1 A. To some extent, I suppose.

2 Q. And -- I mean, it's benchmark Precinct 3,  
3 right? Commissioner Holmes' prior district?

4 A. That would --

5 MR. RUSSO: I'm going to object, vague and  
6 ambiguous. But I don't understand the question.

7 But go ahead you can answer if you  
8 understand.

9 THE WITNESS: Are you saying -- obviously,  
10 the previous Precinct 3 elected a Democrat. Is that  
11 what you're asking?

12 Q. (BY MS. KLEIN) I'm asking whether your  
13 awareness was that -- you know, you've said that you  
14 were aware benchmark Precinct 3 was majority/minority,  
15 right?

16 A. Correct.

17 Q. So that means that a lot of the Galveston's  
18 minority, and specifically Black and Latino community,  
19 was in the old Precinct 3, right?

20 A. I do not --

21 MR. RUSSO: Object, calls for speculation.  
22 Misstates prior testimony.

23 THE WITNESS: Yeah, I don't know if it's  
24 true or not.

25 Q. (BY MS. KLEIN) It was majority. It was  
Page 269

1 majority Black/Latino before, right; you knew that from  
2 2011 redistricting?

3 A. That's not my understanding of it. My  
4 understanding of it is it's majority Democrat. I cannot  
5 say for a fact that that means only Black and Hispanic  
6 voters. There are lots of White Democrats who vote for  
7 the other guy.

8 Q. But you knew from 2011 that that benchmark  
9 Precinct 3 was majority/minority that you had to keep  
10 for -- during that redistricting cycle. We talked about  
11 this before. Do you remember?

12 A. Yes, uh-huh.

13 Q. Okay. All right. So -- and that  
14 majority/minority Precinct 3, that was electing  
15 Commissioner Holmes, correct?

16 A. It would have favored the Democratic candidate  
17 that happens to be Commissioner Holmes, yes.

18 Q. I mean, how long has Commissioner Holmes  
19 served, to your knowledge?

20 A. I think he was appointed in either '99 or 2000.

21 Q. So ten years before you got there?

22 A. Sounds right.

23 Q. So -- I mean, is it fair to say, like, this  
24 majority/minority community in the old Precinct 3, their  
25 candidate of choice was Commissioner Holmes, right?

1 MR. RUSSO: Objection, calls for

2 speculation.

3 Q. (BY MS. KLEIN) They kept on reelecting him?

4 A. I think -- yes.

5 MR. RUSSO: Speculation.

6 Q. (BY MS. KLEIN) And you said -- okay. Did you  
7 ever ask if it would be possible to create a district  
8 where a Democrat could be elected?

9 A. Did I ever ask if it was possible? I don't  
10 know that I would have done that.

11 Q. So how do you know it's impossible?

12 A. Again, I'm just going to say that if --

13 MR. RUSSO: I'm going to object, asked and  
14 answered.

15 THE WITNESS: 34 percent spread out  
16 throughout the county, you're not going to have  
17 25 percent in a single precinct area.

18 Q. (BY MS. KLEIN) But if you've never seen a heat  
19 map, how do you know that?

20 A. I am making an assumption.

21 Q. So you don't know that. You're assuming?

22 A. I do not know that.

23 Q. So you don't know that it's impossible. You  
24 just are assuming it's impossible, correct?

25 A. Yes.  
Page 271

1 MR. RUSSO: Object to speculation.

2 THE WITNESS: Correct.

3 Q. (BY MS. KLEIN) And you never asked if it would  
4 be possible, correct?

5 A. No.

6 Q. Thank you. I can move on now. I think I  
7 understand that.

8 So I'm going to go back to the website  
9 posting. And I think that this is Exhibit 28.

10 MS. KLEIN: So Alexa, do you think you  
11 could put that back up?

12 Q. (BY MS. KLEIN) And while she's posting that,  
13 maybe you could tell me, how would folks have known that  
14 this redistricting web page, I'll call this the web  
15 page, had been posted?

16 A. I do not know. We would probably -- I would  
17 assume that somebody did some kind of outreach and let  
18 people know, you know, we get pretty good traction off  
19 of Facebook. I'm fairly certain it was put there.

20 But this is a problem we have is trying to  
21 engage constituents, trying to get them interested in  
22 what's honestly kind of boring government most of the  
23 time.

24 Q. Do you remember directing anybody specifically  
25 about notifying the public about this website?

Page 272

1 A. Do I remember doing that specifically, no. But  
2 my belief is I probably would have done that. That's  
3 something I would have done.

4 Q. And where would you have done that? You  
5 mentioned Facebook and we saw that Facebook post  
6 earlier. Is there anywhere else?

7 A. We have a Twitter feed that I have never even  
8 seen before. Facebook, Twitter is probably going to be  
9 the primary possibilities.

10 Q. To your knowledge, was there any instruction to  
11 the public about when they had to post a public comment  
12 by for it to be read by the Commissioner's Court?

13 A. I don't remember. If it's not on here, I don't  
14 remember.

15 Q. And any public comments that came in, what  
16 happened to them after they were submitted?

17 A. They were collected, compiled, and sorted by  
18 probably Jed at that time.

19 Q. Did you review the comments that were  
20 submitted?

21 A. I reviewed a few. But they -- they were --  
22 they were significant. There were a lot of them. And  
23 then I got the final tally at the end.

24 Q. When you say "a few," can you estimate about  
25 how many?

1 A. Less than a dozen.

2 Q. How did you choose which ones you were going to  
3 review?

4 A. Honestly, it's when I sat down at that time,  
5 whatever the next ones to come flowing in, that's how.

6 Q. And they were sent to your email directly or  
7 somebody compiled them and sent them to you?

8 A. They would have been forwarded on.

9 Q. From -- by whom?

10 A. It may have been automatic. But if not, it  
11 would have been either Jed or Zach.

12 Q. Do you know how many comments your office had  
13 received by the time you had issued notice of the  
14 November 12, 2021 special meeting?

15 A. I knew at the time. It seems like it was 500  
16 or 515, in that ballpark.

17 Q. What about -- strike that.

18 You -- so you mentioned you received an  
19 overall breakdown. And do you recall that you shared  
20 that breakdown during the November 12, 2021 hearing?

21 A. I did.

22 Q. Do you remember the breakdown?

23 A. Exactly, no. As I recall, it was about two to  
24 one favoring Map 2.

25 Q. And you -- do you remember saying in a hearing  
Page 274

1 that there were people that did not choose a map  
2 preference; they just called you names? Do you remember  
3 that?

4 A. Yes, that happens.

5 Q. What were you referring to -- and I'm so sorry  
6 about that.

7 A. That's --

8 Q. What were you referring to when you said that?

9 A. There are people who don't really care which  
10 map it is. They just want to take shots. And that's  
11 what they do and that's fine. That's -- that's part of  
12 the job.

13 Q. How did you -- were those within, like, the  
14 dozen or so that you read?

15 A. Yeah.

16 Q. How did you know that they --

17 A. My staff would have told me. The ones that I  
18 have read were actually somewhat relevant.

19 Q. Well, tell me about the ones you read.

20 A. I just remember them saying we like the coastal  
21 county or we, you know, like Map 1 or you know -- but  
22 they were generally, you know, related to the maps.

23 Q. Did any of them -- the ones that you actually  
24 read, did they change any of your opinions on how you  
25 would vote on the map?

1 A. No. That's unlikely. It's such a small sample  
2 for such a large public policy issue.

3 Q. So did it ever occur to you that you'd want to  
4 review more than just a dozen?

5 A. Which is why I got the composition or the total  
6 at the end, yes.

7 Q. What -- what directions did you give your  
8 staff, if any, when you asked for the composition?

9 A. I assume that I would have just said, you know,  
10 I want to know the total because I think I read these  
11 out at the Commissioner's Court meeting, how many people  
12 responded, how many of them responded to a map  
13 preference and then with a -- with a map on the ratio.

14 Q. Okay. I'd like to pull up one of these. And  
15 this is Tab 80. And we are on Exhibit 34.

16 (Exhibit No. 34 was marked.)

17 Q. (BY MS. KLEIN) And this -- this is a public  
18 comment and I see its submission date is November 12,  
19 2021 at 9:24 in the morning. And the comment is from  
20 Richard Moore and it says, (Reading:) Don't go out of  
21 your way to break up the only majority minority precinct  
22 in the country. History dictates that you will get  
23 taken to court and end up wasting taxpayer money  
24 defending a totally unnecessary action. You should  
25 maintain this precinct as majority minority and make the  
Page 276

1 | minimum amount of changes necessary at existing precinct  
2 | boundaries.

3 | How was this comment categorized?

4 | A. I don't know how this one would have gotten --  
5 | because we were asking to -- did they have a preference  
6 | of Map 1 or Map 2. So I don't know how this would have  
7 | gotten categorized.

8 | Q. So you -- you said publicly 165 did not discuss  
9 | the particular map?

10 | A. So that may be one of these.

11 | Q. Did your staff tell you that -- I mean, how  
12 | would you characterize this comment as far as what this  
13 | person's preference is for commissioner's precincts?

14 | A. On November 12th that they were trying to  
15 | adopt, he's essentially saying go back and start all  
16 | over and come up with a different outcome.

17 | Q. And did your staff tell you that comments like  
18 | this had been submitted?

19 | A. Sure.

20 | Q. About how many of the -- and you didn't include  
21 | them in the breakdown, though, right?

22 | A. No, the breakdown was only if they showed a  
23 | preference for Map 1 or Map 2.

24 | Q. But if they didn't like both the maps, you  
25 | didn't give that breakdown?

1 A. I don't think I did.

2 Q. Did your staff prepare that breakdown for you?

3 A. I do not know.

4 Q. Are you aware of what proportion of the

5 comments didn't like both the maps?

6 A. No.

7 Q. Are you aware that it was a substantial number

8 of them?

9 A. If I'm not aware, I'm not aware.

10 Q. You didn't ask your staff how many didn't like

11 both of them?

12 A. No.

13 Q. If you had gotten this public comment, say,  
14 three weeks earlier, would you have been --  
15 hypothetically, would you have been able to do something  
16 about it and get another proposal in there?

17 MR. RUSSO: Objection. Incomplete  
18 hypothetical and calls for speculation.

19 THE WITNESS: Three weeks earlier I don't  
20 think we had draft maps of any kind.

21 Q. (BY MS. KLEIN) I'm saying if you -- sure. But  
22 hypothetically, if you'd gotten this comment three weeks  
23 earlier, if everything had been done three weeks  
24 earlier, would you -- and you had two maps and you got  
25 this comment and a bunch like it, would you have been

1 able to do something about it? Would that have been an  
2 option for you?

3 MR. RUSSO: Calls for speculation.  
4 Incomplete hypothetical.

5 THE WITNESS: And I don't know what "a  
6 bunch" is. What's a bunch?

7 Q. (BY MS. KLEIN) If you -- if -- let's say a  
8 significant number of comments had rejected both maps  
9 and you had gotten this with three weeks to your  
10 deadline, would you have been able to go back and ask  
11 the map drawers, hey, we need a third option because  
12 folks don't like the first two?

13 MR. RUSSO: Incomplete hypothetical, calls  
14 for speculation.

15 THE WITNESS: As I recall, and I can go  
16 back and do the math, all of the input written, in  
17 person, everything, equals less than one-half of 1  
18 percent of the county.

19 Q. (BY MS. KLEIN) But back to my question. Would  
20 you have been able to do that if you wanted?

21 A. In -- well, it's certainly a hypothetical.  
22 Three weeks prior to this if -- possibly.

23 Q. What about two weeks prior to this, would you  
24 have been able to go back and get your map drawers to  
25 draw one more option?

1 MR. RUSSO: Calls for speculation.

2 THE WITNESS: I don't know. We thought we  
3 had more time to work on this than we ended up having  
4 so...

5 Q. (BY MS. KLEIN) But we talked before the  
6 candidate deadline is mid November always, right?

7 A. No, not necessarily. But that doesn't change  
8 the fact the state changed their mind and said you have  
9 to have this on the 13th.

10 Q. The 13th is not mid November?

11 A. Exactly. Well, no. My -- the -- the candidate  
12 opening period was probably November 20th. So later  
13 November to about the 10th day of December.

14 Q. How was your understanding that it was  
15 November 20th?

16 A. There is no requirement for November 20th. My  
17 personal preference was that we have the maps adopted by  
18 the opening of the candidate filing period.

19 Q. And that's mid November, correct?

20 A. It's later November. It's -- it's going to be  
21 on the 20th to the 25th maybe, maybe after Thanksgiving.

22 Q. How would you have that understanding?

23 A. Published by the Secretary of State. The  
24 candidate filing period -- this is not -- that would not  
25 have been a hard deadline that I would have been

1 operating under up until May the -- I'm sorry, November  
2 the 9th or whenever we got the notice.

3 Q. So your understanding was that you had until  
4 November 20th?

5 A. No. Again, I wanted it done before the  
6 candidate filing period opened, which would have been  
7 November 20th or later, in that ballpark. At that time  
8 that was not a state mandate, to my knowledge.

9 Q. Okay. Let's -- let's pull up a document. I  
10 think this will help structure in a little bit more.  
11 This is Doc 57 and this will be Exhibit 35.

12 (Exhibit No. 35 was marked.)

13 Q. (BY MS. KLEIN) So this says, (Reading:) Dear  
14 County Judges, our office has released the following  
15 advisory, 2021-14.

16 This email was sent from -- it says  
17 Elections Internet on Tuesday, November 2, 2021. Do you  
18 remember receiving this email?

19 A. That's not an email I get.

20 Q. County Judges is not an email you get?

21 A. No.

22 Q. Who gets that email?

23 A. It's to Elections Internet. I have no idea who  
24 that is. That's not me.

25 Q. Do you know how -- I'll represent that this is  
Page 281

1 a document your counsel produced in this litigation.  
2 Are you saying that you don't -- you have never seen  
3 this document before?

4 A. I don't think I got it. And I don't doubt that  
5 it's a legitimate email. I'm just saying this is not --  
6 would have gone to the county clerk, Dwight Sullivan.

7 Q. Okay. Let's scroll down if we can on this  
8 email. What about this part of it? And I'll represent  
9 that this is the Election Advisory No. 2021-14 pulled  
10 from the internet. Do you remember seeing this?

11 A. No.

12 Q. Okay. We can take this down.

13 So how do you know that the deadline  
14 changed? You said that you didn't -- weren't expecting  
15 to have to do it by November 13.

16 A. I don't know what the original deadline ever  
17 was. I was just saying my preference was to have it  
18 completed by the opening of the candidate filing period.

19 Q. And you didn't know what that deadline was?

20 A. I would have known what the opening of the  
21 candidate filing period was at that time by going in and  
22 looking on the Secretary of State's website.

23 Q. Where on the Secretary of State's website?

24 A. Elections division but -- and they'll have a  
25 calendar there.

1 Q. So are you aware that the Secretary of State --  
2 are you -- are you testifying that the Secretary of  
3 State's deadline changed somewhere in the process?

4 A. It is not a deadline by the state. It was what  
5 I wanted to get accomplished.

6 Q. Okay. Are you saying that the Secretary of  
7 State deadline on the website where you have gone to  
8 look at it changed at some point?

9 A. You're losing me. I'm talking about -- you're  
10 talking about -- you're talking about a deadline imposed  
11 by the state. I'm talking about the calendar opening  
12 and closing periods for candidates to file for office.

13 Q. That's what I'm talking about too. Are -- are  
14 you of the understanding that the candidate filing  
15 deadline changed somewhere along the line in 2021?

16 A. No, I do not know if it changed or not. I  
17 don't think it did.

18 Q. So earlier you said that you thought you had  
19 more time. Why did you say that?

20 A. Because I thought we would have until the  
21 beginning of the filing period.

22 Q. When did the filing period start in 2021?

23 A. That's why you would have to look at the  
24 Secretary of State's website to see what their calendar  
25 shows.

1 Q. Okay. Let's -- so you don't -- sitting here,  
2 you don't know what date the Secretary of the State's  
3 filing deadline was. I'm sorry. The Secretary of  
4 State -- you do not -- strike that. Sorry.

5 Sitting here today, you cannot tell me what  
6 the candidate filing deadline was that the Secretary of  
7 State posted?

8 A. No. Consistently about the tenth to twelfth  
9 day of December, which means you can back that up two to  
10 three weeks before that. And I don't know the exact  
11 time frame they give.

12 Q. Okay. I'm -- we're going to come back to that.  
13 Let me just quickly ask you more about public comments,  
14 the written public comments.

15 Do you remember if any public comments had  
16 included the "Keep Galveston County Red" slogan?

17 A. Do not know.

18 Q. Can we pull up Doc 72, please. This will be  
19 Exhibit 36.

20 (Exhibit No. 36 was marked.)

21 Q. (BY MS. KLEIN) So just take a look at these  
22 comments one by one. I'll represent these are documents  
23 produced by your counsel in this litigation. The first  
24 one says, "Map 2 Keep Galveston County Red," right?

25 A. Yes.  
Page 284

1 Q. And the next one.

2 MS. KLEIN: Scroll down, Alexa, please.

3 Q. (BY MS. KLEIN) "I support Map No. 2, Keep  
4 Galveston County Red."

5 Were you informed that these types of  
6 comments have been coming in?

7 A. No. I would have been given the preference for  
8 Map 2 and that would be it.

9 Q. Do you agree that passing these maps would keep  
10 Galveston County red as these folks are saying?

11 A. It would not have required --

12 MR. RUSSO: Objection, calls for  
13 speculation.

14 THE WITNESS: It wouldn't have required  
15 passing these maps for that to happen.

16 Q. (BY MS. KLEIN) Are you aware that there were  
17 text messages sent out to folks saying, Keep -- pass  
18 Map 2, Keep Galveston County red?

19 A. I think the party did that.

20 Q. Were you told beforehand that the party was  
21 doing that?

22 A. No.

23 Q. Do you agree with them doing that?

24 A. They're a political party with the right to  
25 free speech. They can really do whatever they want.

1 Q. So they obviously thought passing Map 2 was  
2 important to keeping Galveston County red, right?

3 A. They must have.

4 MR. RUSSO: Objection, calls for  
5 speculation.

6 THE WITNESS: They must have.

7 Q. (BY MS. KLEIN) And -- I mean, are you saying  
8 you disagree with that?

9 A. No. I'm just saying I didn't have a part of  
10 it.

11 Q. But you agree that -- so you agree with it,  
12 that passing Map 2 would help keep Galveston County  
13 local government red?

14 MR. RUSSO: Objection, asked and answered.

15 THE WITNESS: Yeah, it -- it didn't hurt  
16 anything. It wasn't necessary.

17 Q. (BY MS. KLEIN) It was just helpful, I think,  
18 is what you said before?

19 A. It can be helpful, yes.

20 Q. Last cycle, do you remember saying that you  
21 discounted anything -- well, strike that.

22 Okay. Other than this website, were there  
23 any other avenues for public commentary?

24 A. For public feedback, I don't think so. But  
25 this is something that we did that we weren't able to do  
Page 286

1 in 2011. So we -- it had improved our process to  
2 this -- with this respect.

3 Q. I just want to ask you about one more document  
4 to public comments and then we can move on. Can we pull  
5 up Tab 62, please? This will be Exhibit 37.

6 (Exhibit No. 37 was marked.)

7 MS. KLEIN: So can you scroll -- zoom in so  
8 that we can just see the text on the first page of this  
9 exhibit, please, Alexa. Thanks.

10 Q. (BY MS. KLEIN) So this says from Mark Henry to  
11 Mark Henry and the subject line, Screenshot 2021-10-29,  
12 5.52.18 p.m., right?

13 A. Yes.

14 Q. So it looks like it's an email that you sent to  
15 yourself?

16 A. Yes.

17 Q. Can you -- can you scroll to the next page,  
18 please, and then just zoom in on the third page. Here  
19 zoom in on this.

20 Do you recognize this?

21 A. Not really.

22 Q. Do you know why you would have screenshot this?

23 A. No, not really. Other than -- this would be  
24 public comment. And I would have probably screenshot it  
25 and just sent it in to make sure it's part of our -- our  
Page 287

1 record.

2 Q. The top comment says, (Reading:) Something,  
3 something -- it's cut off -- split Santa Fe, my city,  
4 into at least two precincts. If so, can the map be made  
5 more clear with some of the roads to more clearly see  
6 the boundaries?

7 Do you see that?

8 A. Yes.

9 Q. Did you take any action pursuant to that  
10 comment?

11 A. I don't know what it would have been.

12 Q. Okay. We can take that one down.

13 So the -- tell me about how the hearing  
14 date of November 12th was chosen.

15 A. We were notified November the 9th, I think.  
16 And I may be wrong on the exact date, that we had to  
17 have them to the state by the 13th. So with the point  
18 that we got this unexpected short notice, we tried to  
19 get a meeting put together as quickly as we could. We  
20 still have to have it out there for 72 hours and we have  
21 to make sure we have a quorum.

22 Q. Okay. I'm going to pull up a document to kind  
23 of refresh your memory. This will be Doc 69. And if we  
24 could -- we're going to label that Exhibit 38.

25 (Exhibit No. 38 was marked.)

Page 288

1 Q. (BY MS. KLEIN) So the top email here is -- it  
2 looks -- you know, the from is a little convoluted here,  
3 but it says Liechty.

4 A. Linda Liechty.

5 Q. And then two, Dianna Martinez and Veronica Van  
6 Horn. This is your staff, right?

7 A. Correct.

8 Q. And it says, (Reading:) JH and Tyler talked  
9 this morning. Need to schedule a special meeting on  
10 Tuesday, November 9th. It's the only day Commissioner  
11 Clark is available. Judge McCumber's courtroom is  
12 available all day, but JH prefers we do it in the  
13 morning. It's about the meeting -- it's about meeting  
14 that 11/13 deadline.

15 JH, is that Judge Henry?

16 A. Yes, ma'am.

17 Q. And can you tell me about the context of this  
18 email being sent?

19 A. Okay. I was off by a few days. So apparently,  
20 it was on November 3rd they called and said you have to  
21 have it to us by the 13th. So on the 3rd we would have  
22 jumped on trying to get this wrapped up.

23 So apparently, we made an attempt to get it  
24 done on November 9th, and for reasons I'm guessing, you  
25 know, but I can't remember, we had to switch it to the

1 12th.

2 Q. I actually don't know. Do you remember why?

3 A. No, I don't. I don't know what day of the week  
4 the 9th was. Was that a -- if the 12th was a Friday.  
5 It would have been a Tuesday. It might be that we  
6 couldn't get a forum. There's nothing that tells me we  
7 couldn't do it on the 9th. We clearly wanted to and  
8 tried to get the 9th.

9 Q. What was the date you were planning on having  
10 the vote before you were informed that it had to be done  
11 by the 13th?

12 A. I don't think we had a specific date in mind  
13 yet. We were -- I mean, we still had it out for input.

14 Q. So in early November you didn't have a date for  
15 legislative action that you wanted to get done before  
16 mid to late November; is that correct?

17 A. By mid to late November, yes,

18 Q. You knew -- you know, going back to our  
19 conversation at the beginning of the day, because that  
20 regular session is usually the first Monday of the  
21 month, you knew all the time that it would have to be a  
22 special meeting, right, for this vote to happen?

23 A. Not necessarily. It could have happened during  
24 a regular session. But the regular session would have  
25 likely been the 1st, 2nd, 3rd, 4th, 5th, in that

1     ballpark. And if we didn't get this until the 3rd --  
2     again, I'll say we don't schedule Commissioner's Court  
3     months out.

4                     We generally -- if we have something  
5     that's -- like this that's got to be done, we try to  
6     round up at least three commissioners and make sure we  
7     have a quorum, make sure we have an approved meeting  
8     space and call a special meeting.

9             Q. Okay. Asking about -- asking about the Judge  
10     McCumber, who is Judge McCumber?

11             A. She's a justice of the peace in Precinct 4.

12             Q. Do you remember asking any other justices of  
13     the peace if their courtrooms might be available?

14             A. We would not do that.

15             Q. Why not?

16             A. Because it is something more than nothing to  
17     have a special meeting because of noticing requirements,  
18     audio/visual requirements. So we try to select one or  
19     two places and just use those places.

20             Q. What about the regular place at the county  
21     seat? Did you consider using that?

22             A. No.

23             Q. Why not?

24             A. It's not a -- it's not a regular session. It's  
25     a special. Every special we have is up in League City.

1 Q. Were you not allowed to have special meetings  
2 at the county seat courthouse?

3 A. No. We're allowed to have them.

4 Q. Is -- when -- where did you end up having -- so  
5 did Judge McCumber's courtroom, did that work out for  
6 you?

7 A. Yes. But apparently not on the 9th. And to  
8 this -- right now I do not know why the 9th didn't work,  
9 but it didn't, but we did use it on the 12th.

10 Q. And is that courtroom -- is that the Calder  
11 Annex, so it's the same place?

12 A. Yes, correct.

13 Q. And is that -- how big is that courtroom?

14 A. I think it seats 60 or -- it's been completely  
15 demolished now. But at the time it seated 60 to 70.

16 Q. What about the regular county seat courtroom,  
17 how many folks does that hold?

18 A. Probably 100.

19 Q. So it's bigger?

20 A. Slightly.

21 Q. What about microphones, did the -- I will call  
22 it the Calder Annex.

23 A. Okay.

24 Q. Did that have microphones?

25 A. Yes.  
Page 292

1 Q. Do you remember if they were used during that  
2 November 12th hearing?

3 A. I think they were.

4 Q. All right. I'm going to pull up the hearing  
5 transcript and that is Document 78. So we'll mark --  
6 we'll just go ahead and mark that as Exhibit 39.

7 (Exhibit No. 39 was marked.)

8 Q. (BY MS. KLEIN) Okay. Sorry. I'm just reading  
9 a moment here. So right at the beginning of that  
10 meeting, if you could scroll down pretty slowly, do you  
11 remember -- do you remember having to say that the  
12 constables were going to have to keep order during this  
13 meeting?

14 A. I don't recall saying it like that, but that is  
15 standard for every meeting.

16 Q. And do you remember if folks had trouble  
17 hearing during that meeting?

18 A. No, I don't remember.

19 Q. Do you remember how many people attended that  
20 hearing?

21 A. Probably 60. I know we kept a record. The  
22 county clerk has the record. I don't recall what it  
23 was.

24 Q. Do you remember if folks were waiting out in  
25 the hallway?

1 A. I think there were people in the hallway, yes.

2 Q. Do you know if the people in the hallway could  
3 hear you?

4 A. I do not know.

5 Q. Keep on scrolling down, please. Stop right  
6 there. On page --

7 MR. RUSSO: Sorry. Could you just give a  
8 page number?

9 Q. (BY MS. KLEIN) Page 3, Line 7 it says -- up  
10 above it says, (Reading:) Judge Henry, I'm going to  
11 speak at this tone. That's all I can do. I'm not going  
12 to scream. I don't have a microphone.

13 Do you remember saying that?

14 A. I don't think I had a microphone. But there  
15 was a microphone for public comment.

16 Q. But there was no microphone for the  
17 Commissioner's Court, right?

18 A. For the commissioners or for public comment?

19 Q. For the commissioners.

20 A. There would have been a microphone to pick up  
21 the transcript, but it would not have projected into a  
22 public address system, if that makes sense.

23 Q. What about in the regular meeting space, do the  
24 commissioners have microphones in that space?

25 A. Yes, but I think it's the same thing. I don't  
Page 294

1 think it projects to a speaker. I think it's just for  
2 recording for the audio file.

3 Q. So -- all right. Do you remember when the  
4 notice eventually went out for the November 12th  
5 hearing?

6 A. No. It would have been at least three days  
7 prior to that. But I don't remember exactly doing that.  
8 I wouldn't know.

9 Q. Okay. We can take this down. Let's put up  
10 Doc 73. And this will be Exhibit 40.

11 (Exhibit No. 40 was marked.)

12 Q. (BY MS. KLEIN) This will be Exhibit 40. And  
13 it says -- it's from Linda Liechty. She says,  
14 (Reading:) Good afternoon, all. Attached is a special  
15 meeting agenda for 11/12/21. Please note Calder Annex  
16 location in League City.

17 And the time stamp for that is 1:39 p.m.  
18 Do you see that?

19 A. Yes.

20 Q. So does this mean that the meeting notice  
21 actually went out after 1:30 p.m.?

22 A. No.

23 MR. RUSSO: Objection, calls for  
24 speculation.

25 Q. (BY MS. KLEIN) How do you know?  
Page 295

1 | A. Well, this email may have gone out after 1:30  
2 | p.m., but, again, the notification down on the island by  
3 | posting at the courthouse would have occurred before  
4 | that.

5 | Q. How do you know that?

6 | A. How do I know what?

7 | Q. How do you know that it occurred before  
8 | 1:30 p.m.?

9 | A. I trust my staff, I guess.

10 | Q. Why did it occur right at -- I mean, did it  
11 | occur right at 1:30 or earlier in the morning?

12 | A. I don't know.

13 | Q. When did you know that the special meeting was  
14 | going to be on November 12th?

15 | A. I don't know. Obviously, we had tried for the  
16 | 9th and for whatever reason that didn't work. So we  
17 | must have posted on the 9th for the 12th.

18 | Q. When did you learn that the 9th wasn't going to  
19 | work?

20 | A. I do not know. I assume it would be in these  
21 | notes somewhere, but I don't recall what the reasoning  
22 | was.

23 | Q. Are you aware of regular -- whether the regular  
24 | meeting room at the courthouse was available at any time  
25 | in the days leading up to the November 12th hearing?

1 A. I assume it would be. If it helps at all,  
2 every commissioner lives within five minutes of Calder  
3 Annex. They all prefer Calder.

4 Q. I understand that. But you never confirmed  
5 whether the larger space would have been available,  
6 right?

7 A. There was no need.

8 Q. You mentioned that people were waiting out in  
9 the hallway, though, in the Calder Annex, right?

10 A. Correct.

11 Q. And you had set up -- you had set up a specific  
12 website so that people could provide comment just for  
13 this issue, right?

14 A. Correct.

15 Q. And you testified earlier that's not typical?

16 A. That's correct.

17 Q. And in the last redistricting cycle, there were  
18 five sessions of public input in addition to the census  
19 meeting on August 2nd and then the vote meeting on  
20 August 30th where you also heard public comment; is that  
21 right?

22 A. Yes.

23 Q. And based on that, you had an understanding  
24 that redistricting is something that, you know, public  
25 input can happen at large volumes compared to other

1 agenda items, right?

2 A. And we never know what people are going to get  
3 interested in.

4 Q. But you were getting public comments posted to  
5 the website starting October 29th, right?

6 A. That seems correct.

7 Q. So you were getting a volume of comments at  
8 that time, right?

9 A. That doesn't translate into showing up.

10 Q. Doesn't it translate to how much interest there  
11 is?

12 A. We have no way of knowing. We have what I  
13 think it would be controversial agendas, no one shows up  
14 for. We have something that I think is benign, lots of  
15 people show up for.

16 Q. So -- and you had done your own Facebook  
17 posting on this and even screen shotted -- we saw a  
18 screenshot from Facebook about this, right?

19 A. Right.

20 Q. So you're telling me that you didn't prepare --  
21 for the high interest you were seeing in public comments  
22 you didn't prepare for that when thinking about getting  
23 the largest space you could for in-person public  
24 comments?

25 A. I'm telling you I had no way of knowing who is  
Page 298

1 going to show up.

2 Q. So do you consider it acceptable that people  
3 are waiting outside in the hallway during this  
4 redistricting meeting?

5 A. I didn't say it was acceptable. But that's  
6 the -- that's what we had to work with.

7 Q. Because you chose to have that to work with,  
8 right?

9 A. Because every special session we had is at the  
10 Calder Annex.

11 Q. Okay. I would like to pull up Doc 54. This is  
12 Exhibit 41.

13 (Exhibit No. 41 was marked.)

14 Q. (BY MS. KLEIN) Okay. This is -- do you  
15 recognize this document?

16 A. It's an agenda. It's an agenda item for  
17 September 7th.

18 Q. It's a special meeting, right?

19 A. That's what it's titled as. That may be a  
20 mistake if this is it at 722.

21 Q. But it looks like it's at 722. 722 Moody? And  
22 that's the county seat, right?

23 A. I'm not seeing -- I'm not seeing a location on  
24 here.

25 Q. If there's no location posted, it means it's at  
Page 299

1 the regular meeting?

2 A. Not necessarily.

3 Q. So how would somebody who wanted to go to this  
4 September 7th meeting know where to go?

5 A. I'm going to make an assumption, and that's all  
6 it is, is that this was probably held at the courthouse  
7 on the island, but I don't see that anywhere.

8 Q. Okay. So this is a special meeting that you're  
9 assuming was at the courthouse?

10 A. Yes.

11 Q. So it's --

12 A. I'm telling you this is mislabeled. It should  
13 not have been called a special meeting. There's no  
14 legal significance to calling it a regular meeting or a  
15 special meeting. So I would not get upset with my  
16 administrative people for getting the language wrong  
17 there.

18 Q. There's no legal significance, but there's a  
19 significance in where -- I mean, it sounds like there's  
20 a difference in where it will occur, right?

21 A. Regular sessions are always at the county seat  
22 at 722 Moody. All else are considered specials and  
23 occur in Calder -- at Calder.

24 Q. But that's not what this document shows, right?

25 A. If you want my opinion --  
Page 300

1 MR. RUSSO: Objection, asked and answered.

2 THE WITNESS: -- this document shows a  
3 mistake in the title.

4 Q. (BY MS. KLEIN) So you're -- you're aware that  
5 you're required under Texas law to hold special meetings  
6 in locations that can accommodate the number of persons  
7 expected to attend the meeting, right?

8 MR. RUSSO: Objection, calls for a legal  
9 conclusion.

10 THE WITNESS: Yes.

11 Q. (BY MS. KLEIN) So you're expected to  
12 develop -- I mean, is your understanding that you're not  
13 expected to make any assessment of how many people are  
14 going to be interested in a particular topic before  
15 deciding a meeting location?

16 A. There's no way --

17 MR. RUSSO: Hold on a second. Object,  
18 calls for legal conclusion and speculation and  
19 incomplete hypothetical.

20 Other than that, you can answer.

21 THE WITNESS: There's no way for us to know  
22 how many people are going to show up. Therefore, I  
23 cannot possibly make an appropriate determination of  
24 which location would be better suited.

25 Q. (BY MS. KLEIN) So wouldn't you choose the  
Page 301

1 bigger location if you just have no idea in the

2 abundance of caution?

3 A. No.

4 Q. You don't believe in the abundance of caution

5 on this?

6 A. I certainly do. I also have a practice of

7 every special meeting is at Calder because every

8 commissioner wants to drive five minutes, not 45

9 minutes.

10 Q. So you think it's more important to consider  
11 the driving time of the commissioners than having people  
12 in the hallway as they were for the November 12th  
13 meeting?

14 MR. RUSSO: Objection, misstates prior  
15 testimony.

16 THE WITNESS: No.

17 Q. (BY MS. KLEIN) Do the commissioners vote on  
18 where the meetings are going to be held?

19 A. No.

20 Q. And if you have them at the county seat, the  
21 commissioners would have to come, right?

22 A. Yes.

23 Q. So you did prioritize having it in League City  
24 over risking having individuals where you post a

25 separate website for public comment, you posted on your  
Page 302

1 Facebook and you got input on that. And that all of  
2 that is not typical for an agenda item.

3 And your testimony today is that you  
4 prioritize the driving time of commissioners over  
5 wanting to ensure an adequate amount of space for the  
6 public comment that was going to happen on these maps?

7 MR. RUSSO: Objection, misstates prior  
8 testimony.

9 THE WITNESS: The commissioners have  
10 demonstrated a preference for Calder, not just myself.  
11 All special sessions are held at Calder. I have no way  
12 of knowing how many people are going to show up.

13 Q. (BY MS. KLEIN) But you -- at that time you  
14 prioritized commissioners driving time over getting a  
15 bigger space; is that correct?

16 MR. RUSSO: Objection, asked and answered.

17 THE WITNESS: If I had had it at 722, you  
18 would be drilling about why I changed special meeting  
19 locations all of a sudden.

20 Q. (BY MS. KLEIN) And if it had happened at 722,  
21 would there have been people in the hallway waiting --

22 A. Potentially.

23 MR. RUSSO: Objection, calls for  
24 speculation.

25 THE WITNESS: Potentially.

1 Q. (BY MS. KLEIN) Would there have been as many  
2 people waiting in the hallway?

3 A. I don't know.

4 Q. Did you even see how many people were waiting  
5 in the hallway?

6 A. Could not see how many people were in the  
7 hallway from behind the blinds.

8 Q. And you also knew that last cycle they had  
9 seven meetings, but this cycle, this November -- this  
10 November 12th meeting was the only meeting where the  
11 public could in person discuss anything to do with  
12 Commissioner's Court redistricting maps. Is that it  
13 right?

14 A. Because of the short deadline given to us by  
15 the state.

16 Q. Without that deadline, had you planned already  
17 that you were going to have more than just one meeting?

18 A. I don't recall what our plan was because that  
19 jumped on us quickly. And, you know, as we've seen, we  
20 only had -- we didn't have ten days from the time we got  
21 drafts to notice to go and act.

22 Q. So you keep on saying this deadline jumped on  
23 you, and I'm just struggling to understand what changed  
24 from your understanding of the timing.

25 MR. RUSSO: Objection, asked and answered.  
Page 304

1 THE WITNESS: The notice from the state  
2 saying you must have your files to us by the 13th.

3 Q. (BY MS. KLEIN) What was your understanding of  
4 the deadline before that?

5 A. I don't know if I had an understanding of a  
6 deadline before that other than my preference that it be  
7 before candidate filing period opening.

8 Q. And what was -- and your preference for  
9 candidate filing, what preference -- what preferred date  
10 was that?

11 MR. RUSSO: Objection, asked and answered.

12 THE WITNESS: We -- whatever the date the  
13 opening of the filing period was. I don't recall what  
14 it was.

15 Q. (BY MS. KLEIN) So had you planned ahead you  
16 were going to have more than one meeting before that  
17 preferred deadline?

18 A. No way of knowing. If we could have gotten it  
19 done in one meeting, there's no reason to have  
20 additional meetings necessarily.

21 Q. So come November -- come October 29th, when you  
22 posted on that website the proposed maps, you had no  
23 plans for when you were going to hold the hearing or how  
24 many hearings there would be. Is that your testimony?

25 A. Say it again.  
Page 305

1 Q. When you posted the maps on October 29th on the  
2 website, you had no understanding of when you would have  
3 a hearing on it or whether there would be more than one  
4 hearing. Is that your testimony?

5 A. We had no idea that the deadline would get  
6 moved to the 13th. That is correct. So, therefore, we  
7 did not feel like we were in a time-sensitive situation  
8 at that time.

9 Q. Even though the candidate deadline filing  
10 starts mid to late -- your understanding was it started  
11 mid to late November?

12 A. Which is three weeks away.

13 Q. So at that time you had no plans for how many  
14 meetings you've had or when they -- those meetings would  
15 occur?

16 MR. RUSSO: Objection, asked and answered.

17 THE WITNESS: And again, if we schedule a  
18 meeting in three days, that's all it takes.

19 Q. (BY MS. KLEIN) Okay. Do you remember how many  
20 people commented during the November 12th hearing?

21 A. I do not.

22 Q. Do you remember the people who commented how  
23 many opposed Map 2?

24 A. I do not.

25 Q. Did anything -- any of the comments you heard  
Page 306

1 make you reassess your decision to vote for Map 2?

2 A. No.

3 Q. It was pretty apparent from the commentary that  
4 a lot of folks were upset that Precinct 3 was being  
5 split up, right?

6 A. I saw that, yes.

7 Q. Did that give you any pause about the maps that  
8 were being -- had been proposed?

9 A. There was no option other than Map 1 or Map 2  
10 for us to comply with the state deadline the next day.

11 Q. And that's because you had never asked -- you  
12 testified earlier you'd never asked about an option that  
13 wouldn't split up Precinct 3?

14 A. I don't believe I --

15 MR. RUSSO: Objection, calls for  
16 speculation.

17 THE WITNESS: I don't believe I said that,  
18 no.

19 Q. (BY MS. KLEIN) All right. I want to go  
20 back -- just the last thing I want to ask about. I want  
21 to go back to that Secretary of State -- actually,  
22 strike that. I want to go to Doc 111. And this is  
23 Exhibit 42.

24 (Exhibit No. 42 was marked.)

25 Q. (BY MS. KLEIN) And here, do -- this is Texas  
Page 307

1 Election Code 172-023. I know you're not a lawyer. I'm  
2 not going to be asking you for a lawyer -- lawyer's  
3 opinion or a legal opinion on this, but I do want to  
4 understand -- because you talked about the Texas  
5 Election Code earlier, I just want to understand what  
6 your understanding of this means.

7           So if we start with subsection A, an  
8 application for -- it says -- the title says, Regular  
9 Filing Period and A says, (Reading:) An application for  
10 a place on the general primary election ballot must be  
11 filed not later than 6:00 p.m. on the second Monday in  
12 December of an odd number year unless the filing  
13 deadline is extended under subchapter C.

14           Right?

15           A. Right.

16           Q. So second Monday in December, that's usually  
17 the 14th or earlier, right?

18           A. Correct.

19           Q. And then part B says, (Reading:) An  
20 application, other than an application for the office of  
21 precinct chair, may not be filed earlier than the 30th  
22 day before the date of the regular filing date.

23           Do you see that?

24           A. Yes.

25           Q. So the filing period is 30 days, right?  
Page 308

1 A. Apparently.

2 Q. And so 30 days before, you know, December 14th  
3 or earlier, that's November 14th thereabouts, right?

4 A. Yes.

5 Q. So you'd agree that under this, the candidate  
6 filing deadline starts mid November around the 14th  
7 usually?

8 MR. RUSSO: Objection, calls for legal  
9 conclusion.

10 THE WITNESS: That wasn't my recollection  
11 of when I had to file for office. But that -- that  
12 appears to be what the code says.

13 Q. (BY MS. KLEIN) And you didn't check on this  
14 when you were planning the redistricting cycle and  
15 planning with your lawyers?

16 A. I rely on staff and lawyers to tell me what I  
17 need to do and when I needed to do it.

18 Q. So you relied on -- but you said you would have  
19 a preferred deadline before the candidate filing, right?

20 A. Before the opening of the filing, which now  
21 turns out to be earlier than I realized.

22 Q. Do you think -- what about for planning for  
23 your own 2022 campaign, do you remember thinking when  
24 you had to file that paperwork?

25 A. That would have been the same -- I mean, I  
Page 309

1 worry about the deadline for me because I know I'll get  
2 it done just to make sure that I don't miss the  
3 deadline. But others I would like to have it available  
4 for the opening of the period.

5 Q. So do you think your understanding, you know,  
6 was mistaken because you hadn't been told the correct  
7 deadline by anybody?

8 A. Probably.

9 MR. RUSSO: Objection, vague and ambiguous.

10 THE WITNESS: Yeah, probably.

11 Q. (BY MS. KLEIN) Do you think when you were  
12 talking about -- go all the way back when you talked  
13 about that preliminary game plan back in August, do you  
14 think you expressed to anyone on your staff or anyone  
15 else that you have this preferred deadline of before the  
16 candidate filing period?

17 A. Probably not. We have a whole elections  
18 division that doesn't report to me and they get it  
19 wrong. So if they get it wrong, I'm certainly believing  
20 I'm going to get it wrong occasionally.

21 Q. But there was no, like, deadline in everybody's  
22 mind, like, we have to get this done by, you know,  
23 November 14th because that's when the -- or 13th because  
24 that's when the candidate deadline is.

25 A. Generally speaking, the sooner the better. But  
Page 310

1 | we didn't have any information to work with for the  
2 | longest time.

3 | Q. Why would sooner be better?

4 | A. Because it's one thing I can get done and  
5 | accomplished.

6 | Q. And you'd agree this time it was all the way to  
7 | the last minute, right?

8 | A. Yes.

9 | MS. KLEIN: I don't have any further  
10 | questions. I defer to counsel if they want to --

11 | Thank you, Judge Henry.

12 | I defer to the other counsel if they want  
13 | to go off the record to streamline questioning a little  
14 | bit.

15 | MS. JAYARAMAN: Do you mind if we go off  
16 | the record shortly?

17 | MR. RUSSO: How much time?

18 | MS. JAYARAMAN: Ten minutes?

19 | THE WITNESS: True ten or --

20 | MS. JAYARAMAN: True ten.

21 | THE WITNESS: -- or like the last five?

22 | MS. JAYARAMAN: No, no, no, true ten.

23 | MR. RUSSO: Take ten.

24 | VIDEOGRAPHER: The time is 4:37. Off the  
25 | record.

1 (Brief recess.)

2 VIDEOGRAPHER: The time is 4:49. Back on  
3 the record.

4 EXAMINATION

5 Q. (BY MS. JAYARAMAN) Good afternoon, Judge  
6 Henry.

7 A. Good afternoon.

8 Q. My name is Tharuni Jayaraman, and I'm one of  
9 the attorneys representing the United States. I have a  
10 few more questions to ask you today, and I'm going to do  
11 my best to not overlap with Ms. Klein's questions.

12 A. Okay.

13 Q. So Judge Henry, the late Commissioner Ken Clark  
14 passed away on May 8, 2022, correct?

15 A. That seems correct, yes.

16 Q. And then you appointed Robin Armstrong to fill  
17 the late Commissioner Ken Clark's seat, correct?

18 A. Correct.

19 Q. And you made that appointment on May 17, 2022;  
20 is that correct?

21 A. That sounds correct.

22 Q. If I were to represent to you that you made  
23 that appointment on May 17, 2022, do you have any  
24 doubt -- reason to doubt that?

25 A. No.  
Page 312

1 Q. And did you discuss filling the late  
2 Commissioner Ken Clark's seat with Commissioner Apfel?

3 A. No.

4 Q. Why not?

5 A. The constitution dictates that I shall fill the  
6 seat. It doesn't say that I shall consult with  
7 commissioners.

8 Q. And did you discuss filling the late  
9 Commissioner Ken Clark's seat with Commissioner Giusti?

10 A. No.

11 Q. Did you discuss with Commissioner Holmes?

12 A. No.

13 Q. And is the reason because of what you just said  
14 regarding Commissioner Apfel?

15 A. Yes.

16 Q. And did you discuss filling the late  
17 Commissioner Ken Clark's seat with any members of your  
18 staff?

19 A. I'm not clear. Are you saying did I discuss  
20 appointing them or discuss the vacancy with them?

21 Q. The vacancy.

22 A. Yes, I'm sure I did with Tyler Drummond.

23 Q. Can you describe those discussions with  
24 Mr. Drummond?

25 A. Yes. Just to put some context, the family  
Page 313

1 generally kept me out of the loop as to his actual  
2 condition, which is fair. That's -- that's their  
3 prerogative. But I did not know how good or bad  
4 Commissioner Clark was. I'm working in a complete  
5 absence of information.

6 I think the last court he appeared  
7 virtually was probably February and he looked really,  
8 really bad. So I had to make an assumption that  
9 something was going to happen, but I just had no idea of  
10 the timing.

11 So I -- I'm sure I had discussions with  
12 Tyler about, you know, who I -- who I might be  
13 considering, if that turns out to be the case.

14 Q. And those discussions with Tyler likely began  
15 in February of 2021?

16 A. Probably in the ballpark.

17 Q. And did you discuss the vacancy with any other  
18 members of your staff prior to Commissioner Clark  
19 passing?

20 A. No, I wouldn't think so.

21 Q. And after Commissioner Clark passed, did you  
22 discuss the vacancy with any members of your staff?

23 A. To some extent, yes. You know, I -- I would  
24 have wanted to know who lives in Precinct 4. I mean, I  
25 don't want to ask someone to move for what could be a

1 very short-term position.

2 Q. And so which members of your staff did you  
3 discuss?

4 A. Most likely be Tyler because he would have  
5 access to -- to voter data which would tell us where  
6 they live.

7 Q. Sorry. You said you have access to voter data?

8 A. Which gives you their address. So that's how  
9 you know where they live, what precinct they live in.

10 Q. And "they" being potential people to fill that  
11 seat?

12 A. Correct.

13 Q. Oh, okay. And did you discuss filling the  
14 vacancy with a member of the late Commissioner Clark's  
15 staff?

16 A. He didn't have a staff.

17 Q. Okay. And these discussions with Mr. Drummond  
18 that took place after Commissioner Clark passed, where  
19 did they take place?

20 A. I'm sure in our office.

21 Q. Okay. Do you have any record of those  
22 discussions?

23 A. No.

24 Q. Did you exchange any emails with any members of  
25 your staff regarding filling the vacancy?

1           A. I doubt it. I mean, we're all just right there  
2 in the same building. There's no need to email each  
3 other.

4           Q. And did you exchange any text messages with any  
5 members of your staff regarding filling the vacancy?

6           A. Same. There would be no need to do that.

7           Q. Did you discuss filling the seat of the late  
8 Commissioner Ken Clark with anyone else whom you have  
9 not yet discussed?

10          A. Yes.

11          Q. With whom?

12          A. Mayor Mike Foreman of Friendswood.

13          Q. And why did you discuss filling the vacancy  
14 with Mayor Foreman?

15          A. I wanted to see if he was interested.

16          Q. When did that discussion take place?

17          A. Somewhere -- again, I have no information to  
18 work with. I don't know what his prognosis is, so I'm  
19 kind of working in the dark. I'd say somewhere between  
20 December and February.

21          Q. So you spoke with Mr. Foreman before  
22 Commissioner Clark passed?

23          A. Yes.

24          Q. And can you describe the discussion?

25          A. I've told him the exact same thing, that I have  
Page 316

1 | no idea if and when I'm going to have to make a  
2 | decision. But if that time comes, do you have any  
3 | interest?

4 | Q. And what did he tell you?

5 | A. Absolutely not.

6 | Q. Did you discuss filling the seat of the late  
7 | Commissioner Ken Clark with anyone else?

8 | A. People called me. I did my best to avoid those  
9 | calls. This is really now after he's passed.

10 | Q. Okay.

11 | A. So -- and I just tried to avoid those phone  
12 | calls because they're not helpful.

13 | Q. What do you mean by, "they're not helpful"?

14 | A. Our congressman was trying to get his wife  
15 | appointed to the position.

16 | Q. Okay.

17 | A. And a former -- golly, I think he was the  
18 | mayor. He may have just been a city councilman of  
19 | Friendswood called saying he'd be interested and then a  
20 | former precinct commissioner also called and said he'd  
21 | be interested in it.

22 | Q. Okay. So let's start with the city councilman  
23 | of Friendswood. What is his name?

24 | A. I'm going to have to think about that one.

25 | It's been a while.

1 Q. No worries. And what was your reaction to when  
2 he approached you?

3 A. I was surprised. I mean, I like him. We have  
4 had casual interaction over the past five or six years.  
5 But I -- I guess I was surprised that I thought that he  
6 would be on the short list for an appointment because I  
7 don't know him that well honestly.

8 Q. What factors go into putting together a short  
9 list for the appointment?

10 A. For this situation, and I guess it would be for  
11 any situation, it's just the first time I've ever had to  
12 deal with it, the voters don't get a say, which is, you  
13 know, very unusual, and I have to make sure that I can  
14 look them in the eye and tell them that I did the best I  
15 could do.

16 So that would be for Commissioner  
17 Precinct 4 I need to have somebody who has got  
18 unquestionable Republican credentials.

19 Q. Any other factors?

20 A. Selfishly, I prefer someone who doesn't engage  
21 in a lot of drama.

22 Q. Okay. Anything else?

23 A. That would be -- that would be it. If I can  
24 get those two things, I've done well.

25 Q. And so the city councilman of Friendswood did  
Page 318

1 not meet those two criteria?

2 A. He may have. But that's my problem. I just  
3 did not know him that well. I don't -- I did not know  
4 anything about his voting history on city council. And  
5 again, I'm -- I'm trying to figure out when this is  
6 going to occur, if it's going to occur.

7 It would have taken a lot of the time for  
8 us to go back and look and see, you know, there are some  
9 councilmen who are quite controversial and that's not  
10 what I was looking for. I don't know if that was him or  
11 not. I just didn't know him that well.

12 Q. Did you think to research him to determine if  
13 he met your two criteria?

14 A. If he -- if I -- if I had known him better,  
15 then I think I would have known one way or the other. I  
16 just didn't know him that well.

17 Q. Did you take any steps to get to know him  
18 better?

19 A. Pretty short time frame, no. And I -- I don't  
20 know how you do that. I mean, we clearly -- he clearly  
21 hasn't asked and I don't have an answer.

22 Q. So you couldn't research his voting history on  
23 particular issues on the city council, for example?

24 A. We could have. But again, for all I know,  
25 Commissioner Clark is on the mend and he's coming back  
Page 319

1 in two weeks. So I don't -- I can't spend a lot of time  
2 on something that's a complete unknown.

3 Q. And then after Commissioner Clark passed, could  
4 you have researched the former city councilman of  
5 Friendswood?

6 A. Could have, sure.

7 Q. But you did not?

8 A. No.

9 Q. Okay. And then you also mentioned that a  
10 former precinct commissioner had approached you prior to  
11 Commissioner Clark's passing; is that correct?

12 A. Correct.

13 Q. And did that former precinct commissioner meet  
14 your two criteria?

15 A. He did not because I'm pretty sure he doesn't  
16 live in the precinct.

17 Q. Did you consider anyone -- or did anyone else  
18 approach you wanting to fill the seat of the late  
19 Commissioner Ken Clark?

20 A. Other than the congressman trying to get his  
21 wife appointed, I can't think of anybody else.

22 Q. And did you consider anyone else for filling  
23 the vacancy?

24 A. No.

25 Q. When did you decide that you were going to  
Page 320

1 appoint Commissioner Armstrong to the Commissioner's  
2 Court?

3 A. Again, before he passed and not knowing what I  
4 was going to be doing, I -- I probably sent him a text  
5 saying give me a call. You know, he's a practicing  
6 physician. The guy is busy. Give me a call when you  
7 have some time.

8 I'm sure he called back within -- probably  
9 that day if I had to guess. Said, again, "I have no  
10 idea what I'm asking and if I am, when I'm asking it to  
11 be, do you have any interest?" Because my thought was  
12 he was going to say, no, he had no interest. But he  
13 said, "Yes, I'm interested."

14 Q. And to clarify, you -- you texted him prior to  
15 Commissioner -- you texted Commissioner Armstrong prior  
16 to Commissioner Clark's passing?

17 A. Yes.

18 MS. JAYARAMAN: Counsel, has that text  
19 message been produced?

20 THE WITNESS: It was -- all it would have  
21 said was "call me."

22 MR. RUSSO: Yeah, to the extent we have it,  
23 it would have been produced. But, you know, we can  
24 look.

25 MS. JAYARAMAN: Okay. Please do. Page 321

1 Q. (BY MS. JAYARAMAN) And would you have sent

2 this text message in February of 2022?

3 A. Maybe. February, March maybe.

4 Q. And this text message was the first time you

5 approached anyone regarding filling the seat?

6 A. No. I asked Mayor Foreman first.

7 Q. Okay. And how many times did you speak with  
8 Commissioner Armstrong regarding filling the vacancy of  
9 the late Commissioner Ken Clark before you appointed  
10 him?

11 A. Probably -- well, for sure just once to say are  
12 you interested. And then after that there was no need  
13 until the commissioner passed.

14 Q. And then after the commissioner passed, how  
15 many times did you speak with Commissioner Armstrong?

16 A. Probably just once or twice.

17 Q. And when I say, "speak," I'm also including  
18 emails or text messages or communicate with.

19 A. We don't email at all. And, again, the text  
20 message, because he's a practicing physician, I would  
21 have said call me when you have some free time.

22 Q. And did Commissioner Armstrong meet the two  
23 criteria that you set forth?

24 A. Absolutely.

25 Q. Was Commissioner Armstrong's race a factor in  
Page 322

1 your decision to appoint him to the Commissioner's  
2 Court?

3 A. Not at all.

4 Q. You testified this morning that you first  
5 learned about this litigation in the spring of 2022; is  
6 that correct?

7 A. Yeah. I would assume that it was whenever we  
8 got noticed by the Plaintiffs. So if that's the spring  
9 of 2022, yes.

10 Q. Okay. And so when Commissioner Clark passed,  
11 you were aware of this litigation, right?

12 A. In the spring of 2022, possibly. So it could  
13 be.

14 Q. Okay. If I were to represent to you that the  
15 complaints in this action were filed before Commissioner  
16 Clark passed, do you have any reason to doubt that  
17 representation?

18 A. No.

19 Q. And you're a named defendant in this  
20 litigation, right?

21 A. Unless you let me off the hook.

22 Q. Do you have an understanding of what  
23 Plaintiffs' claims are in this litigation?

24 A. To the extent that the lawyers have told me  
25 what the claims are.

1 Q. Okay. And are you aware that your lawyers have  
2 argued that because you appointed someone who is Black  
3 to the Commissioner's Court, the Plaintiffs' claims are  
4 now moot?

5 A. Am I aware that they claim that?

6 Q. Yes. Are you aware that they argue that.

7 A. If it's in a filing, I'm sure I saw that.

8 Q. Okay. Judge Henry, earlier you testified that  
9 the Bolivar Peninsula is predominantly White and  
10 relatively affluent, right?

11 A. That would be my assumption, yes.

12 Q. Okay. How else would you describe the Bolivar  
13 Peninsula to someone who has no familiarity with it?

14 MR. RUSSO: Object to as vague and  
15 ambiguous as to scope.

16 THE WITNESS: It's an interesting place.  
17 There -- it seems to be where people go to escape, for  
18 lack of a better word. It is a -- an interesting place.

19 Q. (BY MS. KLEIN) So people go to escape so that  
20 there are vacation homes on the Peninsula?

21 A. There are some vacation homes on the Peninsula.  
22 There are also RVs that you don't know how they drove  
23 there and don't believe they could drive away if they  
24 had to.

25 Camping on the beach is a bit of a problem.

1 We have very limited ordinance power. So trying to keep  
2 people from just basically setting up a homestead on the  
3 beach is one of our challenges out there.

4 Q. Do you have a sense of what the major employers  
5 are on the Peninsula?

6 A. I don't know. I'm assuming the school district  
7 is the major employer. After that, fishing maybe.

8 Q. Okay. And you also testified earlier that the  
9 City of Galveston is more diverse; is that right?

10 A. Yes.

11 Q. Okay. And that there are parts that are more  
12 affluent and parts that are less affluent; is that  
13 right?

14 A. Correct.

15 Q. And do you know what the major employers in the  
16 city of Galveston are?

17 A. UT&B, I'm going to assume, is the biggest, the  
18 largest employer. The school district is probably among  
19 the major employers. The county is probably one of the  
20 larger employers, the city of Galveston. So those  
21 are for sure going to be major employers if not the top  
22 five.

23 Q. And does the city of Galveston have a shipping  
24 industry?

25 MR. RUSSO: Objection, vague and ambiguous.

1 THE WITNESS: City? I don't -- I don't  
2 think the city has much to do with the port. The port  
3 is a standalone entity. And I'm going to have to say  
4 since we have no involvement with the port, I don't  
5 really know what the structure of it is. But it's not  
6 the city.

7 Q. (BY MS. JAYARAMAN) Oh, sorry. I don't mean is  
8 it city controlled. But within the geographic  
9 boundaries of Galveston city, is there a major shipping  
10 industry?

11 A. Yes.

12 Q. Okay. And similar, within the boundaries of  
13 the city of Galveston are there oil refineries?

14 MR. RUSSO: Object as it calls for  
15 speculation.

16 THE WITNESS: I'm not aware of any oil  
17 refineries also in the city of Galveston.

18 Q. (BY MS. JAYARAMAN) Are you aware of any  
19 factories within the city limits of Galveston?

20 MR. RUSSO: Objection, vague and ambiguous.

21 THE WITNESS: There was a banana processing  
22 facility. So my best answer is not really.

23 MS. JAYARAMAN: Okay. Alexa, if we could  
24 look in the DOJ folder and if you wouldn't mind pulling  
25 up Tab 4, please.

1 Q. (BY MS. JAYARAMAN) And Judge Henry, I am  
2 showing you what has been marked as Henry Exhibit 43.

3 (Exhibit No. 43 was marked.)

4 Q. (BY MS. JAYARAMAN) And it's Bates stamped  
5 DEFS00011896.

6 A. Yeah.

7 MS. JAYARAMAN: And Alexa, if you could  
8 zoom in a little bit more on Exhibit 43.

9 Q. (BY MS. JAYARAMAN) And Judge Henry, Exhibit 43  
10 is the Commissioner's Court map that was adopted by the  
11 Commissioner's Court on November 12th. Would you agree?

12 A. I believe so, yes. That looks like it.

13 Q. Okay. And then on the right-hand side of  
14 Exhibit 43, there is a key or legend called Map 2. Do  
15 you see that?

16 MS. JAYARAMAN: Alexa, if you could scroll  
17 to the right, please, a little bit.

18 THE WITNESS: It's somewhat hard to  
19 distinguish the shades, but I do see it.

20 Q. (BY MS. JAYARAMAN) Okay. And then  
21 understanding that it's a little challenging to  
22 distinguish the shades, would you agree that  
23 Commissioner Precinct 4 is shaded in the darkest of the  
24 four colors that's there?

25 A. Yes. I would think -- yes, it appears that to  
Page 327

1 be the case.

2 Q. Okay. And then looking at that same key or  
3 legend, would you agree that Commissioner Precinct 1 is  
4 shaded in the lightest of the four colors at the top of  
5 that legend?

6 A. I think 1 and 2 look awfully similar. But I  
7 can see where Precinct 1 is so I mean...

8 Q. Okay. Let's stick with that.

9 MS. JAYARAMAN: So Alexa, if you could zoom  
10 in on this boundary line between Commissioner Precincts  
11 1 and 4, which is toward the top left of  
12 Henry Exhibit -- I'm sorry, of Exhibit 43.

13 Q. (BY MS. JAYARAMAN) And while we're -- we're  
14 doing that, during the November 12, 2021 special  
15 session, did anyone testify regarding voting  
16 Precinct 336?

17 A. I do not remember.

18 Q. Okay. And Judge Henry, I'd like to direct your  
19 attention to slightly left of where the cursor currently  
20 is. Do you see where it says 336?

21 A. Not yet.

22 Q. Okay.

23 A. Oh, down -- okay, down in Texas City?

24 Q. Yes.

25 A. Okay.  
Page 328

1 Q. So where it says -- yes.

2 A. Okay.

3 Q. And would you agree that the outline around 336  
4 is showing the boundaries of voting -- voting  
5 Precinct 336 before the Commissioner's Court map was  
6 adopted on November 12th of 2021?

7 A. I guess.

8 MR. RUSSO: Object as it calls for  
9 speculation.

10 Q. (BY MS. JAYARAMAN) Do you have a sense of the  
11 demographic makeup of voting Precinct 336?

12 A. I do not.

13 Q. Would you agree that voting Precinct 336 has  
14 the most Black residents of any voting precinct in the  
15 county?

16 MR. RUSSO: Objection, asked and answered.  
17 Calls for speculation.

18 THE WITNESS: I have no way of knowing.

19 Q. (BY MS. JAYARAMAN) Do you know what  
20 neighborhoods are in voting Precinct 336?

21 A. No.

22 Q. Would you say that parts of Texas City are in  
23 voting Precinct 336?

24 A. With this detail, I can't tell. It's possible.

25 Q. Okay. Do you know the demographic makeup of  
Page 329

1 Texas City?

2 A. No.

3 Q. Have you heard of Carver Park?

4 A. Yes.

5 Q. What is Carver Park?

6 A. Carver Park is a park. I think it's owned by  
7 the city of Texas City.

8 Q. Is Carver Park also the name of a neighborhood?

9 A. I do not know.

10 Q. Okay. Have you heard of the South Acres  
11 community?

12 A. If I have, I don't remember it.

13 MS. JAYARAMAN: Alexa, if we could take a  
14 look at Exhibit 9 again, please. And let's go ahead and  
15 go back to page 9, please.

16 Q. (BY MS. JAYARAMAN) and Judge Henry, this is  
17 going to be the table of the five public hearings that  
18 you discussed with Ms. Klein earlier today.

19 And so do you know why there were five  
20 public hearings conducted in addition to two regularly  
21 scheduled Commissioner's Court meetings during the 2011  
22 redistricting cycle?

23 A. My assumption would be that we were told to do  
24 that by our lawyers.

25 Q. Okay. So let's start with the first of the  
Page 330

1 | five public hearings that's listed on this table on  
2 | page 9 of Exhibit 9. And the first one of the five  
3 | public meetings occurred on August 15th of 2011. Do you  
4 | see that?

5 | A. Yes.

6 | Q. And why was it scheduled to start at 7:00 p.m.?

7 | A. I assume to give people --

8 | MR. RUSSO: Objection, calls for  
9 | speculation.

10 | THE WITNESS: People could come after work  
11 | if they wanted to come.

12 | Q. (BY MS. JAYARAMAN) I think you testified  
13 | earlier that your office was in charge of setting the  
14 | dates and times for these five public hearings; is that  
15 | right?

16 | A. Could have been, yes.

17 | Q. Okay. And so why was this first public --  
18 | first of the five public hearings scheduled to take  
19 | place at the Calder Road Annex?

20 | A. I don't know. I mean, we would be limited on  
21 | places we could have it again because we have to record  
22 | everything and there would be limits as to where we  
23 | could set up recording equipment and comply with, you  
24 | know, state law for the meetings.

25 | Q. And to your recollection, did everyone who  
Page 331

1 attended the first of these five public hearings speak?

2 A. No, I'm sure they didn't.

3 Q. Okay. Turn to the second which -- of the five  
4 public hearings which took place on August 16th. Why  
5 was that public hearing scheduled for 6:00 p.m.?

6 MR. RUSSO: Calls for speculation.

7 THE WITNESS: Again, I'll assume that it's  
8 so people can come after work maybe.

9 Q. (BY MS. JAYARAMAN) Turning to the third of the  
10 five public hearings scheduled for August 17th, why was  
11 that scheduled for 6:00 p.m.?

12 MR. RUSSO: Objection calls for  
13 speculation.

14 THE WITNESS: Maybe so people can come  
15 after work, same as the others.

16 Q. (BY MS. JAYARAMAN) And then turning to the  
17 fourth of the five public hearings, the one that took  
18 place on August 22nd, why was that scheduled for  
19 7:00 p.m.?

20 MR. RUSSO: Calls for speculation.

21 THE WITNESS: Same answer. So they can  
22 come to work -- after work if they go to work.

23 Q. (BY MS. JAYARAMAN) And then for the fifth of  
24 the five public hearings again scheduled for 7:00 p.m.,  
25 why was it scheduled for 7:00 p.m.?

1 MR. RUSSO: Objection, calls for  
2 speculation.

3 THE WITNESS: So people can show up after  
4 work, I guess.

5 Q. (BY MS. JAYARAMAN) And then for meetings two  
6 through five, to your recollection did everyone who  
7 attended each of those five meetings speak at those five  
8 meetings?

9 A. No.

10 MS. JAYARAMAN: Okay. Alexa, if we could  
11 scroll down to page 66 of Exhibit 9, please. One more  
12 page, please. So page 67.

13 Q. (BY MS. JAYARAMAN) Page 67 of Exhibit 9 is the  
14 list of individuals who spoke at the August 15, 2011  
15 public hearing; is that correct?

16 A. That's what it looks like.

17 MS. JAYARAMAN: And then if we could turn  
18 to the next page, please, Alexa.

19 Q. (BY MS. JAYARAMAN) And then this next page,  
20 page 68, is a list of the individuals who spoke at  
21 the -- at the August 16th, 2011 hearing; is that  
22 correct?

23 A. That's what it looks like.

24 Q. All right.

25 MS. JAYARAMAN: And then let's turn to the  
Page 333

1 | next page of Exhibit 9, please, Alexa.

2 | Q. (BY MS. JAYARAMAN) And then this next page,  
3 | page 69, is a list of the individuals who spoke at the  
4 | August 17th, 2011 public hearing; is that correct?

5 | A. That's what it looks like, yes.

6 | MS. JAYARAMAN: Okay. Alexa, if you could  
7 | somewhat slowly scroll through the next three pages of  
8 | Exhibit 9, please. So starting on the page that's  
9 | before you right now and then the next two pages after  
10 | that. That's great. Thanks, Alexa.

11 | Q. (BY MS. JAYARAMAN) So Judge Henry, you just  
12 | took a look at pages 70 through 73 of Exhibit 9. Would  
13 | you agree that this is a list of the individuals who  
14 | spoke at the August 22, 2021 public hearing?

15 | A. Appears --

16 | MR. RUSSO: Calls for speculation.

17 | THE WITNESS: Sorry. Appears that way.

18 | MS. JAYARAMAN: Okay. Alexa, if you could  
19 | same way scroll through the next four pages of  
20 | Exhibit 9, please. That's good. Thank you, Alexa.

21 | Q. (BY MS. JAYARAMAN) And Judge Henry, I believe  
22 | you testified earlier that you attended these five  
23 | public hearings; is that correct?

24 | A. I did.

25 | Q. Okay. And the four pages that we were just  
Page 334

1 | looking at, so pages 73 through 76 of Exhibit 9, are a  
2 | list of individuals who spoke at the August 23, 2011  
3 | public hearing; is that correct?

4 | MR. RUSSO: Objection, calls for  
5 | speculation.

6 | THE WITNESS: Looks like it is, yes.

7 | Q. (BY MS. JAYARAMAN) okay. During -- so I'm  
8 | going to switch to this redistricting cycle now. During  
9 | the November 12, 2021 special session at which Map 2 was  
10 | adopted, was there a sign-up sheet for folks who wanted  
11 | to speak similar to the sheets that we were just looking  
12 | at?

13 | A. Yes.

14 | MS. JAYARAMAN: And Counsel, was that  
15 | sign-up sheet produced?

16 | MR. RUSSO: I don't remember the answer to  
17 | that, but it should have been.

18 | MS. JAYARAMAN: Okay. If you could look  
19 | into that, please.

20 | MR. RUSSO: Yes.

21 | Q. (BY MS. JAYARAMAN) Judge Henry, you became  
22 | county judge in 2010, correct?

23 | A. Elected in 2010. Took office in 2011.

24 | Q. Got it. And earlier we were looking at  
25 | Exhibit 31, which was that August 29, 2021 Facebook  
Page 335

1 | post. Do you recall that?

2 | A. Yes.

3 | MS. JAYARAMAN: Okay. Alexa, why don't you  
4 | pull up Exhibit 31 as well?

5 | Q. (BY MS. JAYARAMAN) So between 2010 and  
6 | October 28, 2021, so the day before that Facebook post,  
7 | did the Commissioner's Court commission any surveys of  
8 | the public regarding the creation of a coastal precinct?

9 | A. Not to my knowledge.

10 | Q. Why not?

11 | A. Commissions -- or again, studies cost money and  
12 | I don't need to pay someone to tell me what I already  
13 | know to be true.

14 | Q. So aside from the Facebook post, Exhibit 31  
15 | that's in front of us right now, between 2010 and  
16 | October 28, 2021, which, again, is the day before this  
17 | Facebook post, did the Commissioner's Court do anything  
18 | else to determine public support for the creation of a  
19 | coastal precinct?

20 | A. Not that I'm aware of.

21 | Q. So Judge Henry, why did you select 1:30 p.m. as  
22 | a starting time for the November 12, 2021 special  
23 | session?

24 | A. I would assume that's when we could get all the  
25 | commissioners together.

1 Q. And on November 12, 2021 there was construction  
2 going around -- going on around the Calder Road Annex  
3 building, correct?

4 A. Construction on the road, I don't know. It  
5 wasn't our construction so I don't know if there was or  
6 not.

7 Q. In the complex in which the annex building is  
8 located, was there construction occurring?

9 A. Inside the annex, no, we hadn't started  
10 renovation yet.

11 Q. Okay. But some of the parking spaces around  
12 the Calder Road Annex building were fenced off on  
13 November 12, 2021; is that right?

14 A. I don't remember that.

15 Q. In November of 2020, you were aware that  
16 Galveston County was no longer required to submit its  
17 voting changes for preclearance, correct?

18 A. Probably, yes.

19 Q. Did the fact that the 2021 plan did not have to  
20 be pre-cleared factor in your decision to vote to hire  
21 Mr. Oldham?

22 A. No.

23 Q. Judge Henry, do you have a work cell phone that  
24 is separate from your personal cell phone?

25 A. I do not.  
Page 337

1 Q. To your knowledge, was your work -- was your  
2 cell phone searched for communications to be produced in  
3 this litigation?

4 A. Yes.

5 MS. JAYARAMAN: Alexa, if we could pull up  
6 Tab -- actually, one moment. Yes, if we could pull up  
7 Tab 23, please. And I believe we're going to be up to  
8 Exhibit 44.

9 (Exhibit No. 44 was marked.)

10 Q. (BY MS. JAYARAMAN) Okay. So Judge Henry, I'm  
11 showing you what has been marked as Exhibit 44, and it  
12 is Bates stamped DEFS00017099 through DEFS00017100. And  
13 the top email in Exhibit 44 is an email dated  
14 September 10, 2021 from Ms. Liechty to Mr. Ready on  
15 which Ms. Van Horn was copied. Is that correct?

16 A. Yeah. That appears correct, yes.

17 Q. Okay. And Ms. Liechty writes, (Reading:)  
18 Paul, FYI, 10:00 a.m. on Monday, 9/13, has been  
19 confirmed with Cobb Giusti and Mr. Oldham. I'll be  
20 sending out a calendar invite to all except Mr. Oldham.  
21 He requested the text with the info.

22 Do you see that?

23 A. Yes, I do.

24 MS. JAYARAMAN: Counsel, was the referenced  
25 text message collected and reviewed as part of  
Page 338

1 Defendants' document collection efforts in response to  
2 Plaintiffs' request for production?

3 MR. RUSSO: I'm sure it was, but we can  
4 check on it.

5 MS. JAYARAMAN: Okay.

6 Q. (BY MS. JAYARAMAN) Judge Henry, during the  
7 2021 redistricting process, did you communicate with  
8 Mr. Oldham through text message?

9 A. No, I don't think I have his number to this  
10 day.

11 Q. Okay. Were you aware that members of your  
12 staff were communicating with Mr. Oldham via text  
13 message during the 2021 redistricting process?

14 A. My staff was not communicating with him by text  
15 message.

16 Q. So if we go back to Exhibit 44 and that second  
17 sentence in Ms. Liechty's email, in that parenthesis she  
18 wrote, "except Mr. Oldham, he requested a text with  
19 that -- with the info." Do you see that?

20 A. Oh, she's saying that she is going to text him?

21 MR. RUSSO: Object to speculative.

22 THE WITNESS: The way I read that was that  
23 Commissioner Giusti was going to text him, but I guess  
24 I'm not clear on who's texting who here.

25 Q. (BY MS. JAYARAMAN) So she writes, (Reading:)  
Page 339

1 I'll be sending out a calendar invite to all --

2 A. Right.

3 Q. -- except Mr. Oldham. He requested a text with  
4 the info.

5 A. Okay.

6 Q. So to your knowledge, were members of your  
7 staff communicating with Mr. Oldham via text message?

8 A. Not to my knowledge.

9 Q. Did you direct members of your staff to  
10 communicate with Mr. Oldham via text message?

11 A. No, but I'm seeing this is just a calendar  
12 invite. I mean --

13 MR. RUSSO: You're not on this email.

14 THE WITNESS: Yeah, I'm not on this email,  
15 correct.

16 Q. (BY MS. JAYARAMAN) Just setting this email  
17 aside, did you direct members of your staff to  
18 communicate with Mr. Oldham via text message?

19 A. No.

20 MS. JAYARAMAN: Okay. Alexa, if we could  
21 pull up Tab 24. I believe we'll be up to Exhibit 45.

22 (Exhibit No. 45 was marked.)

23 Q. (BY MS. JAYARAMAN) And Judge Henry, I want to  
24 talk to you a bit more about the public comments that  
25 were received on that web page that you were discussing  
Page 340

1 with Ms. Klein earlier.

2 A. Okay.

3 Q. And so what I'm showing you is Exhibit 45,  
4 which is Bates stamped DEFS00003392. And Exhibit 45 is  
5 a public comment dated November 5, 2021 from someone  
6 named Debra Jones. Would you agree?

7 A. Yes.

8 Q. And Debra Jones writes, (Reading:) I do not  
9 agree with redistrict drawing. But most of all, I'm  
10 upset in the way the court is pushing the redistricting  
11 proposal through without input from the public. As of  
12 this email, there have been -- there have not been any  
13 public notice, typo in the first submission. I do not  
14 agree with No. 2 and maybe on No. 1. The public need to  
15 have input.

16 Do you see that?

17 A. I do.

18 Q. Have you -- had you seen this comment at  
19 Exhibit 45 before?

20 A. I don't recall it, no.

21 MS. JAYARAMAN: Okay. Alexa, if we could  
22 pull up 26, please. And that will be Exhibit 46.

23 (Exhibit No. 46 was marked.)

24 Q. (BY MS. JAYARAMAN) And Exhibit 46 is a -- is

25 Bate stamped DEFS00003385, and it's another public

Page 341

1 | comment. But this time it's a public comment from  
2 | someone named Judith Oppenheim also dated November 5,  
3 | 2021. Would you agree?

4 | A. Yes.

5 | Q. And Judith Oppenheim writes, (Reading:) The  
6 | interactive version does not provide any additional  
7 | detail. I'm waiting to evaluate the proposals and need  
8 | information on approximate boundaries, e.g., street  
9 | names, creeks, et cetera, or list of census districts in  
10 | order to obtain demographic data from the 2020 census  
11 | report.

12 | Do you see that?

13 | A. Yes.

14 | Q. Have you seen this comment before?

15 | A. No, not that I remember.

16 | Q. Were any changes made to the website based on  
17 | the comments that were submitted to the website?

18 | A. I don't think so, but I'm not positive.

19 | Q. Okay. Did you direct any changes to this web  
20 | page based on comments received through the web page?

21 | A. Changes to the web page?

22 | Q. Yeah, so the web page through which people  
23 | could submit their comments.

24 | A. Oh, I don't think so.

25 | Q. Okay. So just to be clear because my question  
Page 342

1 might have been a bit vague, I was asking whether based  
2 on comments you -- the comments that were received  
3 through this web page, whether the web page itself was  
4 updated?

5 A. I don't think so.

6 Q. Okay. And then I would like to take a look at  
7 one final public comment.

8 MS. JAYARAMAN: And Alexa, that's going to  
9 be at Tab 25 and will be Exhibit 47.

10 (Exhibit No. 47 was marked.)

11 Q. (BY MS. JAYARAMAN) And Exhibit 47 is going to  
12 be Bates stamped DEFS00003606, and I believe it's about  
13 to be in front of us. All right. Exhibit 47 is a  
14 public comment from someone named Risa Pippin dated  
15 November 11th of 2021; is that correct?

16 A. I think she's a Houston resident. Yes, that's  
17 correct.

18 Q. Okay. And Risa Pippin writes, (Reading:) It  
19 is grossly unfair to disenfranchise voters of color by  
20 redistricting the maps so they are not properly  
21 represented. This is completely against this country's  
22 principles of democracy.

23 Do you see that?

24 A. I do.

25 Q. Okay. And had you seen this comment before?  
Page 343

1 A. I don't think so.

2 Q. All right. Okay.

3 MS. JAYARAMAN: Alexa, if you could pull up  
4 Tab 16, please and I believe that will be Exhibit 48.

5 (Exhibit No. 48 was marked.)

6 Q. (BY MS. JAYARAMAN) Okay. And Exhibit 48 is an  
7 email -- or sorry, Exhibit 48 is Bates stamped  
8 DEFS000018653 through DEFS000018654. And the top email  
9 in Exhibit 48 is an email exchange between Paul Ready  
10 and Mr. Oldham dated April 21, 2021; is that correct?

11 A. It looks like it, yes.

12 MS. JAYARAMAN: Okay. Alexa, if we could  
13 scroll down just a little bit more so we can see the  
14 entirety of the bottom email on that page. Perfect.

15 Q. (BY MS. JAYARAMAN) So looking at the earliest  
16 email in Exhibit 48, which is at the bottom of  
17 DEFS00018653, page in front of you right now, that is an  
18 email from Paul Ready to Dale Oldham dated April 20,  
19 2021 on which you are copied. Is that correct?

20 A. Yes.

21 Q. Okay. And let's take a look next to  
22 Mr. Ready's email address in the "from" line. It says,  
23 (Reading:) Need to draw a majority minority district  
24 depending on.

25 Do you see that?

Page 344

1 A. No.

2 Q. Do you see the "from" line in that email?

3 A. Oh, from. Okay.

4 Q. Yes. And so right next to his email address,  
5 Alexa put an arrow there, it says (Reading:) Need to  
6 draw a majority minority district depending on.

7 Do you see that?

8 A. Yes.

9 Q. What did you understand the phrase, "need to  
10 draw a majority minority district depending on" to mean?

11 MR. RUSSO: Objection, calls for  
12 speculation.

13 THE WITNESS: I have no idea. This is Paul  
14 Ready writing. That's not me.

15 Q. (BY MS. JAYARAMAN) Okay. Without revealing  
16 the substance of anything that Mr. Ready told you, were  
17 there any discussions in April of 2021 regarding a need  
18 to draw a majority/minority district?

19 MR. RUSSO: Just object to make sure we're  
20 understanding that we're not revealing attorney-client  
21 communications related to such discussions.

22 THE WITNESS: Yeah, the communications with  
23 people other than -- no, it only would have been with  
24 our attorneys.

25 Q. (BY MS. JAYARAMAN) And in the last line of the  
Page 345

1 email, Mr. Ready writes, (Reading:) When can you have a  
2 quick call with the Judge and I about his questions?

3 Do you see that?

4 A. Yes.

5 Q. And then moving to Mr. Oldham's reply, he says,  
6 (Reading:) Let's talk today.

7 Do you see that?

8 A. Oh, at the bottom?

9 Q. Yes.

10 A. Let's talk today, yes, I see that.

11 Q. Okay. Did you speak with Mr. Oldham on April  
12 21, 2021?

13 A. Maybe. I have no -- no way to remember that.

14 MS. JAYARAMAN: Okay. Give me one minute.  
15 Thank you, Judge Henry. I have no further questions at  
16 this time. But consistent with prior depositions, the  
17 United States is reserving the right to keep this  
18 deposition open pending court resolution regarding the  
19 privilege issues. And I will now pass the witness on to  
20 counsel for the Petteway Plaintiffs.

21 MS. RICHARDSON: Thank you. And are you --  
22 do you -- are you okay for us to keep going or would you  
23 like to --

24 THE WITNESS: Yeah. Yes. We're good.

25 MS. RICHARDSON: Thank you.

1 MR. RUSSO: Madam Court Reporter, when you  
2 have a chance, can you tell us what the time is? I  
3 don't want to take much of your time with this but...

4 VIDEOGRAPHER: Six hours 21 minutes.

5 EXAMINATION

6 Q. (BY MS. RICHARDSON) All right. Judge Henry, I  
7 am Valencia Richardson, and I serve as counsel for the  
8 Petteway Plaintiff group.

9 A. Okay.

10 Q. And so I'll just be very brief, ask you a few  
11 questions that haven't already been asked today.

12 A. Okay.

13 Q. All righty? Thank you. So just based on our  
14 discussion, based on the whole conversation today, is it  
15 a safe to say that you were primarily responsible for  
16 redistricting the Commissioner's Court in 2021?

17 MR. RUSSO: Objection, vague and ambiguous.

18 THE WITNESS: In 2021 I would have been the  
19 person trying to make sure the process got started and  
20 finished, if that's consistent with what you're saying.

21 Q. (BY MS. RICHARDSON) You would have been the  
22 person responsible for retaining counsel, for example,  
23 for the -- to redraw the Commissioner's Court precinct?

24 A. Well, that would be Commissioner's Court  
25 approving the retention of the counsel. But I would  
Page 347

1 have been making sure that that process gets started and  
2 hope to complete it.

3 Q. You would have been responsible for hiring  
4 other redistricting advisors in order to redraw the  
5 Commissioner's Court precincts?

6 A. That would be the entire Commissioner's Court,  
7 not just me.

8 Q. Did any of the Commissioner's Court weigh in on  
9 the decision to retain counsel for the 2021  
10 redistricting cycle?

11 A. I believe we saw something earlier where  
12 Commissioner Holmes voted against it. But other than  
13 that, I'm not aware of any.

14 Q. Would any of the commissioners have any other  
15 role to play during the 2021 -- 2021 redistricting  
16 cycle?

17 A. They are all asked to give input. So I mean, I  
18 would hope that they all gave input as to what they  
19 would like to see in the maps.

20 Q. Did you determine that Holtzman Vogel, the law  
21 firm that retained -- that the county retained for the  
22 redistricting cycle would be retained on -- solely? Did  
23 you retain them on your own?

24 A. No, I can't.

25 Q. Who helped you?  
Page 348

1 MR. RUSSO: Object as asked and answered.

2 THE WITNESS: Without a vote of the  
3 Commissioner's Court I can't do anything on my own.

4 Q. (BY MS. RICHARDSON) Outside the vote on the  
5 Commissioners -- of the Commissioner's Court, did any of  
6 the commissioners weigh in on the decision?

7 MR. RUSSO: Objection, asked and answered.

8 THE WITNESS: Not that I remember, no.

9 Q. (BY MS. RICHARDSON) I am going to turn back to  
10 a previous exhibit. And I apologize, there's like an  
11 entire... apologies. I'm just searching for an old  
12 exhibit so that we don't have to reintroduce it.

13 A. Take your time.

14 Q. Can we revisit Exhibit 26 and let me know when  
15 it's up and it's screen shared.

16 So we -- we discussed this exhibit earlier.

17 A. Yes.

18 Q. Yeah. It says here, (Reading:) I also wanted  
19 to inform you that Commissioner Clark does not speak for  
20 Commissioner's Court on redistricting. Is that correct?

21 A. Yes.

22 Q. What did you mean by that?

23 A. That based on, I guess, someone told me, I  
24 don't recall who, Commissioner Clark had potentially or  
25 possibly started discussing justice of the peace

1       redistricting, which we had not as a court started.

2       Q. You discussed earlier that you never spoke with  
3       each commissioner separately; is that correct? Am I  
4       recalling that testimony correctly?

5       MR. RUSSO: Objection as vague and  
6       ambiguous.

7       THE WITNESS: I spoke with one, with  
8       Commissioner Apfel. And beyond that, I can't go in and  
9       discuss the specifics with other commissioners.

10      Q. (BY MS. RICHARDSON) But you testified earlier  
11      that Dale Oldham reached out to the individual  
12      commissioners?

13      A. Yes.

14      Q. And without disclosing the content of those  
15      discussions, did they pertain to redistricting the  
16      Commissioner's Court in 2021?

17      MR. RUSSO: Object, calls for speculation.

18      THE WITNESS: I would think so.

19      Q. (BY MS. RICHARDSON) Did he -- did Dale --  
20      before talking to the individual commissioners, did  
21      Dale Oldham speak to you first?

22      A. I would have -- I mean, I would have talked to  
23      Dale once or twice before we retained him and then I may  
24      have talked to him once after that, twice at the most.

25      Q. Was the expectation that Dale would have convey  
Page 350

1 | the information that the two of you discussed to the  
2 | other commissioners as well?

3 | A. My ask of Dale would be to get his input as to  
4 | what those individual commissioners wanted.

5 | Q. And he would have conveyed that ask to the  
6 | commissioners in prior meetings without -- with the  
7 | expectation that he convey that request to the other  
8 | commissioners in -- in their meetings with him?

9 | MR. RUSSO: Object as it calls for  
10 | speculation. Seems to me to the extent you know the  
11 | answer to that question, you may be a attorney-client  
12 | privilege issue but...

13 | Q. (BY MS. RICHARDSON) And I'll rephrase to make  
14 | it a little clearer.

15 | Was it your expectation personally that  
16 | Dale Oldham would convey the request for input to the  
17 | individual commissioners?

18 | A. Well, he's talking to them to get their input.  
19 | So he's not relaying a -- he's not conveying a request.  
20 | What he's saying, hey, what do you guys want?

21 | Q. And he would have asked that -- or he would  
22 | have conveyed that information after having spoken to  
23 | you?

24 | MR. RUSSO: Objection, calls for  
25 | speculation.

1 THE WITNESS: Yes, because as I've  
2 mentioned, commissioners have specific peculiar lines  
3 they want in certain places and I'm county-wide so I  
4 don't have those same concerns.

5 Q. (BY MS. RICHARDSON) You testified earlier that  
6 you already knew that you were voting for Map 2 before  
7 the November 12th meeting. Do I recall that testimony  
8 correctly?

9 A. I would have probably said something along the  
10 lines of since that got my coastal precinct that I had  
11 requested, all other things being equal and being  
12 compliant, that would be my preference, yes.

13 Q. Was there any consideration of Map 1 before  
14 the -- did you personally consider Map 1 as a viable  
15 option?

16 A. Sure, I looked at it. Absolutely.

17 Q. When did you decide that --

18 MR. RUSSO: Finish your question, counsel.

19 THE WITNESS: Sorry, counsel.

20 MS. RICHARDSON: That's fine. I basically  
21 finished. He answered it.

22 Q. (BY MS. RICHARDSON) When did you decide that  
23 you preferred Map 2 over Map 1?

24 A. Again, because of the coastal precinct and if I  
25 had seen that everything else was in balance and the  
Page 352

1 | lawyers told me that it's compliant, then -- then my  
2 | preference would have been for the coastal precinct map,  
3 | which I think was the No. 2.

4 | Q. How soon before the November 12th meeting  
5 | did -- did you decide? Do you recall?

6 | A. Well, again, what I am deciding is this is my  
7 | preference. But I'm open to there being a problem with  
8 | it or somebody having a compelling reason why that it's  
9 | not okay. So that didn't happen. So my belief that the  
10 | coastal precinct map was the -- served the county the  
11 | best did not change, but it could have.

12 | Q. Do you know if your preference was conveyed to  
13 | the other commissioners via Dale Oldham or any other --  
14 | or anyone else?

15 | A. I do not know.

16 | Q. You talked earlier about not wanting to  
17 | establish a quorum because of open use rules; is that  
18 | correct?

19 | A. That is correct, yes.

20 | Q. Are you referring to the Texas Open Meetings  
21 | Act?

22 | A. I am.

23 | Q. Can you describe your obligations under the  
24 | Texas Open Meetings Act?

25 | MR. RUSSO: Objection to the extent it  
Page 353

1 calls for a legal conclusion. It is vague and  
2 ambiguous.

3 MS. RICHARDSON: I'm not asking for a legal  
4 conclusion. I'm asking for his personal --

5 MR. RUSSO: Is there something you want to  
6 ask about or just the entire thing? I mean, it's a  
7 pretty big act.

8 Q. (BY MS. RICHARDSON) Can you -- okay. I can  
9 clarify.

10 Can you describe your obligations to --  
11 with respect to holding quorums under the Open Meetings  
12 Act --

13 MR. RUSSO: Objection.

14 Q. (BY MS. RICHARDSON) -- and what you believe  
15 those obligations to be? I'm not asking for his -- a  
16 legal conclusion.

17 A. Sure. We are -- anytime there's a quorum,  
18 which is three or more, we're required to notice that  
19 publicly, notice the public about what we're going to be  
20 discussing, give at least 72 hours, and have it  
21 recorded.

22 Q. Are you familiar with the term "walking  
23 quorum"?

24 A. I am.

25 Q. Can you describe your understanding of a  
Page 354

1 walking quorum?

2 A. I go to one commissioner and say, how would you  
3 vote on this, and I go to another commissioner and say,  
4 how would you vote on this, and I go to another  
5 commissioner and say, how would you vote on this.

6 Q. I would like to revisit Exhibit 1. Do you  
7 recall this exhibit?

8 A. I do.

9 Q. Okay. Can we go scroll down to Page 31? Alexa  
10 will tell us when she's ready.

11 MS. PASTOR: 31 on the PDF or 31 on  
12 document?

13 MS. RICHARDSON: 31 on the document. It's  
14 page 34 on the PDF. Thank you. Right here.

15 Q. (BY MS. RICHARDSON) Okay. So we're going  
16 to look at -- do you see this section? And I'll have  
17 her zoom in because we are looking at just the first  
18 three paragraphs.

19 A. Okay.

20 Q. Because I know my eyes are bad, so I need  
21 larger print than this.

22 MS. RICHARDSON: If you don't mind, Alexa,  
23 zooming in to just show the first three paragraphs.  
24 Okay.

25 Q. (BY MS. RICHARDSON) Do you see the second  
Page 355

1 paragraph and can you just read -- yeah, just read that  
2 second paragraph starting with Section 551.143.

3 A. (Reading:) Section 551.143 as originally  
4 written prohibited machinations to avoid complying with  
5 the act by criminalizing multiple meetings in a number  
6 less than a quorum to conspire to circumvent the Act.  
7 One example of such a so-called walking quorum was  
8 described by Esperanza Peace and Justice Center versus  
9 City of San Antonio.

10 Q. Do you understand that to be describing a  
11 walking quorum?

12 A. What it appears to be, yes.

13 Q. Okay. And then do you see the next paragraph?  
14 I'm not going to have you read this full thing but just  
15 the first sentence. It says, (Reading:) Amended  
16 Section 551.143 now prohibits discussion about an item  
17 of public business among quorum of a governmental body  
18 through a series of communications that --

19 Do you see that there?

20 A. Yes.

21 Q. Is that also describing just clarification  
22 regarding what a walking quorum is?

23 MR. RUSSO: Object. It calls for a legal  
24 conclusion and speculation.

25 Q. (BY MS. RICHARDSON) Based on your  
Page 356

1 understanding.

2 A. My understanding is yes.

3 Q. Did you knowingly engage in communications  
4 about the 2021 redistricting process with advisors in --  
5 on at least one instance and another member of a court  
6 in a way that would avoid a quorum?

7 A. Say it again.

8 Q. Did you knowingly engage in communications  
9 about the 2021 redistricting process with advisors and  
10 and on at least one instance with Commissioner Apfel in  
11 a way that would avoid a quorum?

12 A. Well, non-elected officials aren't subject to  
13 the Act. And the only communication I had was with  
14 Commissioner Apfel.

15 Q. Did you engage in your communications in a way  
16 to prevent disclosure of how the 2020 enacted map was  
17 drawn?

18 MR. RUSSO: Object as vague and ambiguous.

19 THE WITNESS: I didn't communicate with  
20 anybody. So I -- I can't have a motive for something I  
21 didn't do.

22 Q. (BY MS. RICHARDSON) Did you know that when you  
23 engaged in those communications that other members of  
24 the court were having the same conversations with the  
25 same advisors?

1           A. I am not at all clear on who we're talking  
2 about.

3           Q. I'll start with specifically Dale Oldham. Did  
4 you know that at the same time that they were -- that  
5 Dale Oldham was speaking with you, speaking with other  
6 members of the Commissioner's Court regarding the 2020  
7 redistricting cycle?

8                       MR. RUSSO: I'll object as vague and  
9 ambiguous, misstates testimony.

10                      THE WITNESS: And he would not have been  
11 deliberating that with them. He would have been seeking  
12 their input, which does not violate the Act.

13           Q. (BY MS. RICHARDSON) Why do you believe that  
14 doesn't violate the Act?

15           A. Because the deliberation is the key, as I  
16 recall it.

17           Q. But you do believe if you and two other  
18 commissioners were in the same conversation with  
19 Mr. Oldham that would have constituted a quorum?

20           A. It would --

21                      MR. RUSSO: Objection -- wait. Hold on a  
22 second. Object, calls for legal conclusion and has an  
23 incomplete hypothetical.

24           Q. (BY MS. RICHARDSON) You may answer.

25           A. If myself and two other commissioners are  
Page 358

1 together in a room, there's no question that's a quorum.  
2 It doesn't necessarily violate the Act, but it's a bad  
3 starting point.

4 Q. But -- and so that would have constituted a  
5 quorum knowing -- knowing the facts that you were  
6 discussing the 2020 redistricting cycle?

7 MR. RUSSO: Object. It misstates prior  
8 testimony.

9 THE WITNESS: That didn't happen. But I'm  
10 saying that just because there's three members present,  
11 you shouldn't do that, but that by itself is not a  
12 violation of the Act.

13 Q. (BY MS. RICHARDSON) Would it have been a  
14 violation of the Act if the three -- if you and two  
15 other commissioners were present and discussing the 2021  
16 redistricting cycle?

17 MR. RUSSO: Object, calls for a legal  
18 conclusion and also is an incomplete hypothetical.

19 Q. (BY MS. RICHARDSON) And I will restate that  
20 that in none of these questions am I asking for your  
21 legal opinion. I'm asking for your personal  
22 understanding.

23 A. My understanding is that you don't violate the  
24 Act until you deliberate a matter of county business.

25 Q. Was the 2021 redistricting cycle a matter of  
Page 359

1 county business?

2 A. Sure.

3 Q. In your opinion did you comply with Texas Open  
4 Meetings Act by holding separate meetings with each  
5 commissioner to discuss redistricting?

6 MR. RUSSO: Objection, misstates prior  
7 testimony and it's vague and ambiguous as to who is  
8 talking to who.

9 THE WITNESS: Yeah, I didn't have  
10 individual meetings with all the commissioners. Never  
11 said I did.

12 Q. (BY MS. RICHARDSON) I'll specify. Do you  
13 believe that you complied with the Texas Open Meetings  
14 Act by having Dale Oldham speak with each individual  
15 commissioner separately?

16 A. He was not deliberating the maps. He was  
17 seeking their input.

18 Q. Can you help me out here and just take us  
19 through the difference between deliberation and  
20 providing input in that -- in this context of the  
21 redistricting cycle?

22 MR. RUSSO: Objection, you're calling for a  
23 legal conclusion, incomplete hypothetical.

24 You can answer, if you know.

25 THE WITNESS: I mean, I was not on this  
Page 360

1 call so I don't know what exactly occurred. I mean, I  
2 know what I would have wanted to have occurred and that  
3 is, Dale, asked them, you know, are they okay with the  
4 lines? Do you want them moved?

5 Q. (BY MS. RICHARDSON) And was -- oh, I'm sorry.  
6 Were you finished?

7 A. No. The demographers, he's got to know what  
8 people want in order to change the lines.

9 Q. And I'm just speaking in generalities here,  
10 just the difference between what would constitute in  
11 your personal opinion deliberation that would require a  
12 public meeting versus providing input or commissioner  
13 providing input on this topic of redistricting.

14 A. A commissioner saying, "I would like my  
15 grandmother's house in my precinct" is input. Dale  
16 saying, "Hey, Commissioner Giusti said he will vote for  
17 this if you'll do this for him." That would be -- well,  
18 that's only two people, but that kind of thing would  
19 come close to -- it would be a deliberation of potential  
20 violation. It would be a violation for the  
21 commissioners, not for Dale Oldham. He's not subject to  
22 the Act.

23 Q. So based on your explanation here of  
24 deliberation and our discussion about forming a quorum,  
25 when are you required to form a public meeting under the  
Page 361

1 Texas Open Meetings Act based on your understanding?

2 A. Really any time county business has got to be  
3 conducted that requires a vote of commissioners.

4 Q. One moment. I'm just double checking because,  
5 again, I don't want to ask questions that have already  
6 been asked.

7 MS. RICHARDSON: Alexa, I would like to  
8 mark this next exhibit in the folder. The Campaign  
9 Legal Center folder is titled "Screen Capture." And  
10 that's going to now be Exhibit No. 49.

11 (Exhibit No. 49 was marked.)

12 Q. (BY MS. RICHARDSON) And while she's pulling  
13 that up, I can ask, am I recalling correctly that you  
14 said that the date of the November 12th meeting was in  
15 part caused by the November 9th notice from the state?  
16 So you scheduled the meeting after you received the  
17 November 9th notice, am I recalling that testimony  
18 correctly?

19 MR. RUSSO: Object as asked and answered  
20 and misstates prior testimony.

21 THE WITNESS: And I believe that we got the  
22 notice on the 3rd or 4th or 5th.

23 Q. (BY MS. RICHARDSON) I apologize.

24 A. But we tried to get a meeting scheduled for the  
25 9th.

Page 362

1 Q. (BY MS. RICHARDSON) And so, again, just to  
2 clarify your prior testimony, you were -- you received  
3 the notice from the state and then, thereafter --

4 A. Correct.

5 Q. -- held the public meeting on the 12th?

6 A. Tried to get it scheduled for the 9th. I don't  
7 recall the reasons we couldn't make that work. We sure  
8 tried and then did get it scheduled for the 12th.

9 Q. She's pulled up Exhibit 49 and I would like to  
10 zoom in a little bit. Again, I can't see this. So I'll  
11 just give you a moment to scroll while I represent to  
12 you what this is. This is -- and read. And so this is  
13 a capture of the web -- redistricting web page in Harris  
14 County from the 2021 redistricting process in Harris  
15 County.

16 A. Okay.

17 Q. And so I will just give you a moment to look at  
18 it. Let me know when you're ready.

19 A. I'm ready.

20 Q. Was it your understanding that all of the  
21 counties received that notice from the state at the same  
22 time?

23 A. I would assume so, but I don't know for a fact.

24 Q. There's no reason to believe that Galveston  
25 County would have received that notice later than Harris  
Page 363

1 County, for example?

2 A. I wouldn't think so.

3 Q. Okay. So I believe -- so this -- again, I'll  
4 represent to you this outlines the timeline for  
5 redistricting in Harris County for the Harris County  
6 Commissioner's Court. Do you see here the -- just the  
7 number of public meetings that were held before the  
8 November notice from the state?

9 A. Okay.

10 Q. I counted earlier nine hearings before that  
11 notice. Does that sound right to you? You can just do  
12 a little count if you want to or you can believe me.

13 A. Could be. Looks about right.

14 Q. Yeah. And then at the bottom here, can you  
15 scroll all the way to the bottom? All the way down.  
16 Okay. I think that's right. Oh, sorry, go up.

17 And the final meeting was October 28th  
18 before the -- the state notice? Do you see the final  
19 meeting on October 28th says, the following  
20 redistricting plan was adopted at this meeting?

21 A. Yes.

22 Q. Okay. Harris County held nine hearings before  
23 receiving the state notice. Why couldn't Galveston  
24 County?

25 MR. RUSSO: Objection, asked and answered.

Page 364

1 THE WITNESS: Don't know.

2 Q. (BY MS. RICHARDSON) Was it -- would it have  
3 been possible to hold more hearings in between the date  
4 of the release of the census data and at some point  
5 before November?

6 A. Meetings for what purpose? We had no maps to  
7 use to tell the public what was being considered.

8 Q. Would it have been possible to seek input from  
9 the public based on the August census data before the --  
10 before the notice in November?

11 MR. RUSSO: Objection, calls for  
12 speculation. Asked and answered.

13 THE WITNESS: Yeah, I don't know what I  
14 would do with that information.

15 Q. (BY MS. RICHARDSON) You don't know what you  
16 would do with the public input from the -- input from  
17 the public, rather, based on the August 2021 census data  
18 release?

19 A. Correct. I mean, the input specifically from  
20 2011 was mostly about the justice of the peace. It had  
21 very little to do with commissioners. So it's -- you  
22 know, you're taking input and trying to determine what  
23 you're supposed to do with it.

24 Q. The -- actually, can you describe what you mean  
25 by that? I just need -- just for clarification, what do  
Page 365

1 you mean by the label?

2 A. As she was scrolling through the sign-up list  
3 for the 2011 public hearings, I recognized the majority  
4 of those names. They were all there to complain about  
5 the reduction in the justice of peace precincts.

6 Q. Uh-huh. In Galveston County?

7 A. In Galveston County.

8 Q. And so I guess I'm asking you why we -- why  
9 Galveston County couldn't have started redistricting --  
10 the redistricting public input process after the  
11 October 2021 census data release?

12 MR. RUSSO: I'm going to object as asked  
13 and answered and calls for speculation.

14 THE WITNESS: I suppose we could have.

15 Q. (BY MS. RICHARDSON) And I am almost done. You  
16 are almost relieved. And we can close this exhibit.

17 We discussed preclearance earlier. And do  
18 you recall talking about establishing the JP and  
19 constable districts after the date of the court case,  
20 Shelby County versus Holder?

21 A. What -- what time frame are we on now?

22 Q. 2013, I apologize. So the 20 -- you spoke with  
23 Ms. Klein earlier about how the JP/constables precincts  
24 were adopted aft -- sometime after the Shelby County  
25 decision came down. Do you recall that testimony?

1           A. Again, maybe I'm confused and just don't  
2 remember. I thought we adopted JP/constable precincts  
3 in 2011. It was only the commissioners that had to be  
4 redone.

5           Q. I believe -- so maybe we'll get the timeline.  
6 The Commissioner's Court, the first redistricting cycle,  
7 well, for 2011 was the Commissioner's Court  
8 redistricting --

9           A. And JPs.

10          Q. And JPs.

11          A. Yes.

12          Q. And then Commissioner's Court was adopted, and  
13 then the -- Commissioner's Court was adopted and then  
14 there was litigation around the Commissioner's Court in  
15 2011. And then separately, though, is the JP/constables  
16 precincts that were established?

17          A. They were -- they were adopted at the same  
18 time. Effectively at the same time. I think they were  
19 within a week of each other.

20          Q. Okay. Let me -- let's go to -- we're going to  
21 return to a prior exhibit again, and it's going to go to  
22 Exhibit 2. Let me know when -- oh, it's up. Apologize.  
23 Let's turn to page 47 first.

24                   Do you see lines -- actually, let's start  
25 with line 10 just to read. This is -- again, this was a  
Page 367

1 long time ago like Ms. Klein said earlier, so it's  
2 helpful to get our dates right.

3 Do you see here the question that was asked  
4 of you when you testified earlier in some time 2012 when  
5 elected your attorneys to turn back to the justices of  
6 the peace and constable plan. Correct.

7 Does that sound right?

8 A. I forgot that it was that much later, but  
9 apparently it was.

10 Q. And then later he asks, okay -- on line 16 of  
11 page 47, (Reading:) Okay. Do you know why it was not  
12 until August of 2013 when such a plan was adopted?

13 A. Oh, okay, yeah. Yes.

14 Q. Yeah, okay. No -- no biggie. We just wanted  
15 to make sure about these -- there are a lot of lawsuits,  
16 get those all straight.

17 I'd also like to introduce our final  
18 exhibit.

19 MS. RICHARDSON: And it's, Alexa, in our  
20 folder -- actually, I might not have put it in the  
21 folder yet, so give me one moment.

22 Q. (BY MS. RICHARDSON) And while I do that, do  
23 you recall, Judge Henry, adopting a precinct map in  
24 February of 20 -- of -- for J -- and now we have  
25 multiple precincts up, JP/constable districts map in

1 February 2013?

2 A. I recall that we did it. I did not know it was  
3 that late. I thought we get it done earlier than that.  
4 But I do recall we did it.

5 Q. Do you recall that it pertained to redrawing  
6 the lines for the eight-court plan, JP court/constable  
7 plan?

8 A. The -- the map -- the map that we adopted only  
9 had four so I'm not sure the timeline of when that  
10 occurred.

11 MS. RICHARDSON: So -- Alexa, let's mark  
12 now Defendants' 29205.

13 MS. PASTOR: I see two documents ending in  
14 that Bates number. Is there one specific one?

15 MS. RICHARDSON: The one that was most  
16 recently you uploaded. Thank you. The large document.

17 Q. (BY MS. RICHARDSON) Okay. So this is now  
18 Exhibit 50, our last exhibit.

19 (Exhibit No. 50 was marked.)

20 Q. (BY MS. RICHARDSON) Do you see this email?  
21 I'll represent to you is an email produced by the  
22 Defendants' -- by defense counsel to us. And it's just  
23 a list of agenda meeting dates about redistricting in  
24 2013.

25 A. Okay.  
Page 369

1 Q. That look great to you? Okay. And then it  
2 says right here in the February 11, 2013 line, there's  
3 two lines for that, consider -- but I'll look at the  
4 second one. (Reading:) Consideration of the adoption  
5 of an order establishing boundaries of the  
6 justice/constable precincts in Galveston County --

7 A. Okay.

8 Q. -- in 2000 -- effective 2014.

9 And then can we jump all the way down to  
10 page 134. It's the attachment to this email. Okay.  
11 And do you see what this is?

12 A. Well, they're establishing boundaries of the  
13 JP/constable precincts effective January 1st of 2014.

14 Q. Okay. And can you see by the -- can you scroll  
15 down another page? Can you see on the top of this page  
16 that it was -- the -- it says that, (Reading:) It is,  
17 therefore, ordered by the Galveston County Court --  
18 Commissioner's Court of Galveston County, Texas, that  
19 effective on January 21, 2014, Galveston County shall be  
20 divided into eight justice/constable precincts.

21 A. We adopted this?

22 Q. You can scroll down to the last page of this.  
23 Oh, she's scrolling. I'm sorry. Alexa is scrolling  
24 through this. Yeah, is that your signature?

25 A. It is. So then I'm not sure when we reduced it  
Page 370

1 to four.

2 Q. If I represented to you that you reduced it to  
3 four in August of 2013, does that sound correct?

4 A. Oh, could be, yes.

5 Q. Okay. It was around that time.

6 And so Shelby County -- the Shelby County  
7 decision came down between this February order and  
8 August 2013. I can represent that to you. But does  
9 that sound correct to you?

10 A. I guess.

11 Q. Okay. If -- and before -- before this was  
12 adopted, the Department of Justice had already objected  
13 to reducing the JP/constables' precincts down to four;  
14 is that correct?

15 A. I do not recall. I don't -- I didn't think  
16 they got -- I don't think so, but I -- I might be wrong.

17 Q. Okay. And we can go back and look at the  
18 submission letter if that's helpful. It was introduced  
19 on one of these exhibits.

20 MR. RUSSO: Counsel, I think you're  
21 probably running up against the seven-hour time.

22 MS. JAYARAMAN: I have like no more than,  
23 like, five questions.

24 MR. RUSSO: Well, if I were you -- I mean,  
25 let's --

1 Q. (BY MS. RICHARDSON) I'll -- I'll just  
2 represent to you --

3 MR. RUSSO: It's getting to --

4 Q. (BY MS. RICHARDSON) -- it was in 20 -- 2011  
5 the DOJ objection. And so --

6 A. Okay.

7 Q. Okay. And so -- and afterwards you reduced --  
8 or you passed in February 2013 this map with eight  
9 constables' precincts. What would the -- what would the  
10 Commissioner's Court have done if Shelby County had a  
11 different outcome?

12 MR. RUSSO: Object, calls for speculation  
13 and asks for a legal conclusion.

14 THE WITNESS: I don't know I read any  
15 differently.

16 Q. (BY MS. RICHARDSON) And I'll clarify what I  
17 mean by different outcome. What would the  
18 Commissioner's Court have done with the JP/constable  
19 precincts if they -- if the Commissioner's Court in  
20 Galveston County was still subject to preclearance?

21 MR. RUSSO: Object, calls for speculation  
22 and asks for a legal conclusion.

23 THE WITNESS: I was trying to get JPs down  
24 to four regardless of any cases anywhere else in the  
25 country or anything else.

1 Q. (BY MS. RICHARDSON) And that was despite DOJ's  
2 prior objection to reducing it to four?

3 A. DOJ doesn't pick up the tab for eight  
4 constables that aren't needed. So, yes, regardless of  
5 their objections, I was trying to get it down to four.

6 MS. RICHARDSON: Thank you. I have no  
7 further questions. I told you I'd be brief.

8 MR. RUSSO: I appreciate that.

9 MS. RICHARDSON: And I'll -- and I  
10 apologize. I'm also going to reserve the right to hold  
11 this deposition open based on our prior conversations  
12 about Dale Oldham and the privilege issue which is  
13 currently before the Court.

14 MR. RUSSO: Okay. We'll reserve our  
15 questions for trial.

16 And Ms. Court Reporter, we would like to  
17 read and sign as well.

18 MS. JAYARAMAN: And for the record, NAACP  
19 Plaintiffs add the reservation of the Petteway  
20 Plaintiffs.

21 VIDEOGRAPHER: 6:09. Off the record.

7 DIRECT EXAMINATION

8 BY MR. NIXON:

9 Q. Tell us your name, please.

10 A. My names Stephen Holmes.

11 Q. You are commissioner in Galveston County,  
12 right?

13 A. Commissioner of Precinct 3.

14 Q. Yes, and you were appointed in 1999?

15 A. That is correct.

16 Q. And what caused you appointment?

17 A. The previous Commissioner Wayne Johnson had a  
18 heart attack in Hobby Airport and died in January of  
19 1999. By statute the county judge makes the  
20 appointment of the next County Commissioner. Jim  
21 Yarbrough was the county commissioner at that time. I  
22 was appointed by Jim Yarbrough in February of 1999?

23 Q. Okay. And then you ran immediately, right?

24 A. 2000 and 2000 at a primary, March of 2000 and  
25 a general election in November of 2000.

1 Q. And did you ever contest the primary in 2000?

2 A. I did have a contested primary and a  
3 contested general election.

4 Q. Who ran against you?

5 A. RC Williams, is the gentleman's name and the  
6 primary, and the gentleman's name in the general  
7 election escapes me at the moment.

8 Q. You had a republican opponent?

9 A. That's correct. That's correct.

10 Q. Just to be clear, today you are not a party  
11 to this lawsuit other than being on the commissioner's  
12 court?

13 A. Well, I mean I think Galveston County got  
14 sued so technically I represent Galveston County. So  
15 technically as a representative of Galveston County, I  
16 would say I probably am.

17 Q. Okay. You are, are you represented in this  
18 case by Texas Civil Rights Project?

19 A. No.

20 Q. Southern Coalition for Social Justice?

21 A. No.

22 Q. Willkie Farr & Gallagher?

23 A. No.

24 Q. Spencer and Associates?

25 A. No.

1 Q. The Department of Justice, United States  
2 Department of Justice?

3 A. No.

4 Q. The Southern District of Texas?

5 A. No.

6 Q. Okay. The Campaign Legal Center?

7 A. No.

8 Q. The UCLA Voting Rights Project?

9 A. No.

10 Q. Brazil and Dunn?

11 A. No.

12 Q. Neil Baron?

13 A. No.

14 Q. Any of the plaintiff's lawyer?

15 A. No.

16 Q. Okay. They don't represent you?

17 A. No.

18 Q. Now, you are a lawyer?

19 A. I am.

20 Q. And your bar license is currently active?

21 A. It is.

22 Q. Okay.

23 A. But I don't -- I don't practice any.

24 Q. Well, you did?

25 A. Yeah.

1 Q. You did practice law?

2 A. I did at one time in my life, yes. I was a  
3 prosecutor was mainly my practice before I became  
4 County Commissioner I practiced a little law after  
5 that, but very little.

6 Q. Have you taken a deposition?

7 A. May have taken one --

8 Q. You know the rules?

9 A. -- two.

10 Q. Right? You're obligated to tell the truth --

11 A. Well, I know that.

12 Q. And your testimony has the same weight and  
13 affect as if it does as if you were --

14 MR. HOWRY: Mr. Nixon, if we can just  
15 start this off the right way. Let him finish. If  
16 you're going to ask him questions let him finish before  
17 you interrupt him.

18 MR. NIXON: Thank you, I agree.

19 MR. HOWRY: Okay.

20 A. Yes, yes.

21 Q. You know the rules?

22 A. Generally, yes.

23 Q. Okay. You're under oath?

24 A. Yes.

25 Q. And your testimony has the same weight and

1 affect as if you were testifying live in front of the  
2 judge?

3 A. Okay.

4 Q. You understand?

5 A. Yes.

6 Q. Okay. You're obligations of a lawyer go a  
7 little bit further, don't they?

8 MR. MANCINO: Objection.

9 Q. (BY MR. NIXON) Do you have an obligation to  
10 be forthright with the Court?

11 A. What do you mean forthright, tell the truth?

12 Q. Yes. But if you know that somebody else is  
13 not telling the truth you have the obligation to bring  
14 those facts before the Court, don't you?

15 MR. HOWRY: Objection.

16 MR. MANCINO: Objection.

17 A. But I mean -- repeat the question.

18 Q. (BY MR. NIXON) As a lawyer you're an officer  
19 of the Court; is that right?

20 A. Yes.

21 Q. Okay. As an officer of the Court you have  
22 the duty to bring before the Court those facts that you  
23 know that someone else is misrepresenting; is that  
24 correct?

25 A. As it relates to this case?

1 MR. HOWRY: Objection.

2 MR. MANCINO: Objection.

3 Q. (BY MR. NIXON) As it relates to this case?

4 MR. HOWRY: Objection.

5 MR. MANCINO: Objection.

6 Q. (BY MR. NIXON) You may answer the question.

7 A. Yes.

8 Q. Now, have you read the petition of the United  
9 States of America in this case?

10 A. Is that the one filed by the Department of  
11 Justice?

12 Q. Yes.

13 A. Yeah, I think I read it way, a while back,  
14 yes.

15 Q. Okay. Now, is there anything in that  
16 petition that you found to be untrue?

17 A. I can't recall.

18 Q. Okay. Just so that we're clear, let's just  
19 start talking about your current district right. Okay.  
20 I'm going to ask you some questions about your current  
21 district. Is it what you call a minority opportunity  
22 district?

23 A. When you say current district are you talking  
24 about the maps that were passed or the district that I  
25 was actually elected when I --

1 Q. The district that you were elected in. That  
2 you currently serve in. Your --

3 MR. MANCINO: Objection to form.

4 Q. (BY MR. NIXON) Your term expires in 2024?

5 A. December 31, 2024.

6 Q. That you currently serve in a district?

7 A. That is correct.

8 Q. District 3.

9 A. Precinct.

10 Q. Precinct 3?

11 A. Yeah, uh-huh.

12 Q. I'm going to be -- I'm going to try to  
13 remember say constable Precinct 3 cause we're going to  
14 be talking about voting precincts too, so --

15 A. Yeah.

16 Q. I'll try to get --

17 A. You prefer to me don't say -- don't say  
18 constable say commissioner, please, yeah.

19 Q. Commissioner, what did I say?

20 (All parties responded constable.)

21 Q. (BY MR. NIXON) Oh, excuse me. Commissioner.  
22 Okay. Thank you.

23 All right. So the current district  
24 from which you were serving is it a minority  
25 opportunity?

1 A. I mean don't remember what your answer was  
2 when I asked you if you meant the district that the --  
3 of the maps that were adopted or district I was elected  
4 in --

5 Q. The one in which you were elected?

6 A. Yes.

7 Q. Yes. Is it a district with a majority  
8 population of African Americans?

9 A. No.

10 Q. Is it a district of a majority population of  
11 Hispanics?

12 A. When you say a majority you mean more than 50  
13 percent?

14 Q. Yes.

15 A. Yeah, no.

16 Q. Is it -- is it a district in which the  
17 majority of population is Hispanic?

18 A. More than 50 percent?

19 Q. Yes.

20 A. No.

21 Q. Is it a minority opportunity district because  
22 the African American and Hispanic population vote  
23 together?

24 MR. MANCINO: Objection to form.

25 Q. (BY MR. NIXON) You may answer.

1 A. When you say because they vote together, but  
2 you mean say majority, do you mean more than 50  
3 percent?

4 Q. Yes.

5 A. Yes.

6 Q. And that it takes a coalition of African  
7 Americans and Hispanics together in order to make it a  
8 minority opportunity district; is that right?

9 A. That's correct.

10 Q. All right. Let's go back to 2001. Until the  
11 redistricting processing then, were you involved in the  
12 redistricting processing then?

13 A. 2001?

14 Q. Yes.

15 A. Yeah.

16 Q. Okay. Did you contact the Department of  
17 Justice and ask them not to pre-clear the map proposed  
18 by the county?

19 A. No.

20 Q. Did you have any communication with anyone of  
21 the Department of Justice?

22 MR. MANCINO: Objection to form --

23 MR. HOWRY: Same objection.

24 MS. RICHARDSON: -- I'll join that  
25 objection as well.

1 Q. (BY MR. NIXON) Go ahead.

2 A. Yeah, prior to the maps being rejected by the  
3 Department of Justice, I mean --

4 Q. Yes.

5 A. -- ask your question again, please.

6 Q. Okay. Did you have any communication with  
7 the Department of Justice prior to the maps being  
8 passed by the Commissioners Court?

9 A. Well, there were a couple of maps passed,  
10 which -- which maps are you talking about --

11 Q. The first one.

12 A. -- the first set of maps?

13 Q. Yes.

14 A. I think I met with the Department of Justice  
15 at some point --

16 Q. Before?

17 A. -- after the first maps were voted on and  
18 passed.

19 Q. So let's just -- let's just make it clear,  
20 before the first maps were passed, did you have any  
21 communication at all --

22 A. No, no.

23 Q. -- with the Department of Justice?

24 A. -- I did not.

25 Q. Okay.

1 MR. HOWRY: Commissioner Holmes, let  
2 him finish as well before you start your answer.

3 THE WITNESS: Okay, Randy.

4 MR. HOWRY: All right.

5 MR. NIXON: We'll get through this.

6 Q. (BY MR. NIXON) Did anyone on your behalf have  
7 any communication with the Department of Justice prior  
8 to the first map being passed by the Commissioners  
9 Court?

10 A. Not to my recollection.

11 Q. Did you call the Department of Justice or  
12 communicate with the Department of Justice after the  
13 map was passed?

14 A. No, I don't think I had any direct  
15 communication with -- not that I can recall.

16 Q. Not afterwards?

17 A. Not that I can recall, not direct  
18 communication. I did meet with him afterwards, but --  
19 is that what you're asking?

20 Q. Yes.

21 A. Yeah, I did meet with them at some point  
22 after they were passed.

23 Q. Did you meet with them here or in DC?

24 A. Washington DC.

25 Q. You flew to Washington DC?

1 A. Yes.

2 Q. Okay. Did you charge the county for that  
3 trip?

4 A. No.

5 Q. Okay. You paid for it out of your personal  
6 funds?

7 A. I cannot recall, but I did not charge the  
8 county for it.

9 Q. Okay. Did you pay for it out of your  
10 campaign funds?

11 A. I don't think so.

12 Q. Okay.

13 A. I can't recall to be honest, to be honest  
14 with you.

15 Q. Did you come to DC at their invitation or was  
16 it your request?

17 A. I cannot recall.

18 Q. Okay. With whom did you meet?

19 A. I don't remember who all -- who all -- who  
20 everybody was that was in the room to be quite honest  
21 with you.

22 Q. The Department of Justice would have notes?

23 A. I don't know what they would have.

24 Q. Okay. Did you ask the Department of Justice  
25 not to preclear the map?

1 A. I don't know. I don't know. I can't recall  
2 if I used those words.

3 Q. What words might have you used?

4 MR. MANCINO: Objection to form.

5 MR. HOWRY: Same objection.

6 MS. RICHARDSON: Same objection.

7 A. Just the facts as it relates to the  
8 redistricting process.

9 Q. (BY MR. NIXON) You just told them about the  
10 facts?

11 A. That's what I can recall.

12 Q. Did you not like the map?

13 A. No.

14 Q. Did you think the map was unfair to you?

15 A. Yes.

16 Q. Why?

17 A. I can't recall.

18 Q. Did you request that the Department of  
19 Justice issue a letter of rejection under Section 5?

20 A. No.

21 Q. And when I say Section 5 you know what I'm  
22 talking about?

23 A. The section of the voting Rights Act.

24 Q. Right. Okay. Did you know -- you sued the  
25 county in 2011; is that correct?

1 A. Yeah, I think that was a lawsuit filed.

2 Q. All right --

3 A. If my memory serves me correctly.

4 Q. And you were a named plaintiff?

5 A. Yes.

6 Q. Okay. Who were you represented by in that  
7 case?

8 A. Jose Garza.

9 Q. Okay. Was Chad Dunn one of the lawyers in  
10 the case?

11 A. From our lawsuit, I think it was me and  
12 Patrick Doyle, I wouldn't no. No, not that I can  
13 recall, no.

14 Q. Okay. Was -- was LULAC a member of that  
15 case?

16 A. Not that I recall.

17 Q. Were there any Hispanics involved in that  
18 case --

19 MR. MANCINO: Objection to form.

20 Q. (BY MR. NIXON) -- as plaintiffs?

21 A. Not that I can recall.

22 Q. Were you concerned about -- excuse me, let me  
23 withdraw that.

24 Did you request your lawyer ask for a  
25 temporary restraining order against implementation of

1 that map?

2 A. I can't recall.

3 Q. Okay. Do you -- do you know whether or not  
4 -- do you remember whether or not the trial court  
5 issued a temporary restraining order?

6 A. To be honest with you, I can't recall.

7 Q. Okay. And do you know whether or not a three  
8 court panel was -- a three court -- three judge court  
9 was invoked?

10 A. No, I can't recall that.

11 Q. Do you know whether or not a three judge,  
12 three judge court dissolved the TRO?

13 A. I can't recall.

14 Q. Okay. Okay. Well, let me ask you this, what  
15 have you done to prepare for your deposition today?

16 A. Not really very much to be quite honest with  
17 you. I may have read over a couple of things, but --

18 Q. What were they?

19 A. -- a couple of documents and notes that I had  
20 in the redistricting process.

21 Q. What documents, identify them?

22 A. I had some handwritten notes, I read over  
23 those. That's pretty much it.

24 Q. Okay. Were they from this year or 2021 --

25 A. No -- yeah, they were from the -- yes, 2021.

1 Q. Okay.

2 A. Yeah, also did meet with counsel as well.

3 Q. Do you recall that as a result of the 2011  
4 process, the Commissioners Court adopted a second map?

5 A. Yes.

6 Q. They did that during a Commissioners Court  
7 meeting down in the Commissioners Court offices in, on  
8 the island, right?

9 A. Yes.

10 Q. During the day?

11 A. I think it was actually, if my recollection  
12 seems that it was in the evening, actually.

13 Q. Well, there would be notes that would  
14 remember (sic) that, right?

15 A. My notes?

16 Q. I mean, no, there would be -- the  
17 Commissioner Court keeps records of all those?

18 A. Yeah, yeah.

19 Q. So if it was during the day starting about  
20 10:00 o'clock there would be -- that would be reflected  
21 in the commissioners court and you would defer to  
22 whatever, whatever record they have?

23 MR. HOWRY: Objection.

24 MR. MANCINO: Join.

25 A. I don't know if I would defer to it because

1 my recollection is that when I left the meeting it was  
2 dark.

3 Q. (BY MR. NIXON) Okay. That's what you  
4 remember?

5 A. Uh-huh.

6 MR. HOWRY: Is that, yes?

7 Q. (BY MR. NIXON) You need to answer with a yes  
8 or no --

9 A. Yes, yes.

10 Q. -- thankfully it's being videoed so we get  
11 nods of the head --

12 A. Yes.

13 Q. -- but I'm going to need verbal responses.

14 A. Yes.

15 Q. -- okay. Thanks. Beasley was, you say it  
16 was in the evening?

17 A. The best of my recollection, yes -- well, it  
18 finished during the evening.

19 Q. Okay. May have started during the day?

20 A. May have.

21 Q. The records are, would be what we would refer  
22 to, right?

23 A. Yes.

24 Q. Okay. Did you vote for that map?

25 A. No.

1 Q. The second map?

2 A. No, I don't think so.

3 Q. Okay. And why not?

4 A. I can't recall.

5 Q. The Department of Justice approved that map;  
6 is that correct?

7 A. I can't recall if they were -- I can't recall  
8 at that date and that time, I can't recall if it was an  
9 approval of the Department of Justice at that date.

10 Q. Well, it had to reach approval or -- to be  
11 precleared --

12 MR. HOWRY: Objection, form.

13 MR. MANCINO: Objection.

14 MS. RICHARDSON: Same objection.

15 A. Same answer. I mean, I don't recall.

16 Q. (BY MR. NIXON) Okay. Did you further your  
17 lawsuit against the county on the basis of the second  
18 map?

19 A. Honestly, I don't recall what happened after  
20 that.

21 Q. Okay. You're aware that your attorney  
22 submitted a fee bill to Judge Hoyt, are you aware of  
23 that?

24 A. Jose Garza?

25 Q. Yeah.

1 A. I don't recall.

2 Q. Okay. Are you aware that Judge Hoyt awarded  
3 them attorney's fees?

4 A. I don't recall.

5 Q. Do you recall whether or not the award of  
6 attorneys' fees was appealed to the 5th Circuit?

7 A. No, I don't recall.

8 Q. Are you aware, do you have any recollection  
9 of what the 5th Circuit ruled?

10 A. I don't recall.

11 Q. Okay. Would it surprise you that the 5th  
12 Circuit said that you were not a prevailing party and  
13 that your attorney was not entitled to any attorneys'  
14 fees?

15 A. Would it surprise me?

16 Q. Yes.

17 A. Not necessarily.

18 Q. You were not informed of that?

19 A. I can't recall.

20 Q. Okay. All right. Now, were you involved in  
21 the effort to draw justice of the peace lines in 2013?

22 MS. RICHARDSON: Objection to  
23 relevance. You can answer.

24 A. Okay. Repeat the question, please.

25 (Whereupon the reporter reads back.)

1 A. Yeah, can you tell me what you mean by "the  
2 effort," to draw "2013 draw justice of the peace  
3 lines"?

4 Q. Well, in 2013, beginning 2013 is commissioner  
5 county had nine justice of the peace and eight  
6 constables. They redrew the lines in 2013 to eliminate  
7 five justice of the peace and four constable districts  
8 to make it four justice of the peace and four  
9 constables; do you remember that effort?

10 A. Yeah, with my map, are you asking me was I on  
11 the Commissioners Court when that happened or was I  
12 part of drawing the maps, is that; what is your  
13 question to me?

14 Q. So right now we understand what we're talking  
15 about with the Commissioners Court effort to reduce the  
16 number of JPs and redraw those lines?

17 MR. MANCINO: Objection to form.

18 Q. (BY MR. NIXON) Do you understand where --  
19 where we're talking about now?

20 A. I know what you're talking about, when it --  
21 when they got reduced, yeah.

22 Q. Yes. You were on the court at the time?

23 A. Yes.

24 Q. All right. Were you -- did you participate  
25 in any discussion pro or con about changing the JP and

1 constable lines?

2 A. Yeah, I think I probably would have been  
3 involved in the discussion against reducing the number  
4 of justices of peace and constables.

5 Q. Okay. And you opposed that?

6 A. That is correct. I opposed reducing the  
7 number, yes.

8 Q. Yes. Okay. Did you sue the county at that  
9 time?

10 A. Did I?

11 MS. RICHARDSON: Same objection to  
12 relevance.

13 A. I did not sue.

14 Q. (BY MR. NIXON) Okay. Did you participate in  
15 the meetings in which to discussions to reduce the JPs  
16 and constables taking place?

17 A. The public meetings?

18 Q. Yes.

19 A. Yes. I was there for public meetings, yes.

20 Q. Were you given the opportunity of the  
21 Commissioners Court to draw the lines yourself?

22 A. I don't recall.

23 Q. All right. Did Ryan Dennard, Commissioner  
24 Dennard at the time hand you a pen and a map and say  
25 draw four districts we don't care where they are, just

1 give us four?

2 MR. MANCINO: Objection to form.

3 MS. RICHARDSON: Same objection.

4 A. Yeah, I'm trying to -- was Ryan on the court  
5 then?

6 Q. (BY MR. NIXON) Yes.

7 A. I can't recall. Yeah, well, I can't recall  
8 if he did. I can't recall. I actually didn't -- was  
9 he on the court in 2013?

10 Q. Yes.

11 A. I can't recall, okay.

12 Q. Yes. You remember I cross examined you at  
13 trial on this issue?

14 A. In federal court, yes.

15 Q. Yes. Okay. Were you there for Ryan  
16 Dennard's testimony?

17 A. I think that I was excluded from being in the  
18 court, so I don't think --

19 Q. Somebody invoked the rules?

20 A. -- yeah, so I was not in allowed to see  
21 through -- I was not in when his testimony was --

22 Q. Well, let's go back to what, just you and  
23 Ryan Dennard. Were you given an opportunity to draw  
24 the lines?

25 A. I don't recall that.

1 Q. Okay. And if Mr -- if Mr. Dennard says that  
2 you were, are you in a position to deny that?

3 A. I can --

4 MR. MANCINO: Objection to form.

5 MS. RICHARDSON: Same objection.

6 A. I can say that I don't recall.

7 Q. (BY MR. NIXON) Okay. You just don't recall  
8 either way?

9 A. That's correct.

10 Q. Okay. Do you know whether or not the  
11 chairman of the democrat party at Galveston County was  
12 given an opportunity by Mr. Dennard to draw the lines?

13 MR. MANCINO: Objection to form.

14 MS. RICHARDSON: Same objection.

15 A. Okay. I don't know.

16 Q. (BY MR. NIXON) You weren't advised of that  
17 either by the chairman of the party or by Mr. Dennard?

18 A. I don't recall.

19 Q. Do you know whether or not Neil Baron who's  
20 here in the room was given an opportunity to draw those  
21 lines?

22 A. I don't recall that.

23 MR. MANCINO: -- objection.

24 MS. RICHARDSON: Objection to form.

25 A. I don't recall that.

1 Q. (BY MR. NIXON) Okay. You don't have any  
2 knowledge of that?

3 A. I don't even remember who the party chair  
4 was.

5 Q. Okay. Very good. Are you familiar with  
6 the -- have you seen the opinion and order of Judge  
7 Chris -- I mean, excuse me, of Judge Costa that has  
8 come out this year; this year or last year?

9 MS. RICHARDSON: It was last year.

10 Q. (BY MR. NIXON) Yeah, last year.

11 MS. RICHARDSON: Objection.

12 Q. (BY MR. NIXON) Have you see the opinion of  
13 Judge Costa?

14 MS. RICHARDSON: And then I'll -- same  
15 objection to relevance.

16 A. You ask me have I read it?

17 Q. (BY MR. NIXON) Yes.

18 A. Yeah, no. I have not.

19 Q. Have you discussed it with anyone?

20 A. Seems as if there may have been an executive  
21 session with the Commissioners Court where it was  
22 talked about.

23 Q. You're aware that Judge Costa found that  
24 there was no intent of the county of any racial --  
25 there was no racial intent of the county in redrawing

1 the JP and constable lines?

2 A. Yeah --

3 MR. MANCINO: Objection to form.

4 MS. RICHARDSON: Same objection.

5 A. -- I do not recall that.

6 Q. (BY MR. NIXON) Okay. Are you aware that the  
7 county won that lawsuit?

8 A. I was not aware, I do not recall I should  
9 say.

10 Q. Have you advised any of plaintiff's attorneys  
11 that the county won that lawsuit?

12 A. No.

13 Q. Have you advised the Court in this case that  
14 the county won that lawsuit --

15 MS. RICHARDSON: Objection to form.

16 A. You talking about --

17 Q. (BY MR. NIXON) Yes.

18 A. -- no.

19 Q. Are you aware --

20 A. -- where is the Court you talking about, the  
21 Commissioners Court?

22 Q. Yes, the county -- the county won the  
23 lawsuit?

24 A. Who did I advise, the Commissioners Court?

25 Q. No, did you advise Judge Brown?

1 MR. MANCINO: Objection to form.

2 MS. RICHARDSON: Same objection.

3 MR. HOWRY: Objection.

4 A. No.

5 Q. (BY MR. NIXON) Okay. Let's go back.

6 Let's -- let's -- let's move forward to January of  
7 2021, okay? Were you concerned about redistricting  
8 process?

9 MR. HOWRY: Objection, form.

10 MS. RICHARDSON: Same objection.

11 MR. MANCINO: I'll join.

12 A. When you say concerned, what do you mean  
13 concerned?

14 Q. (BY MR. NIXON) Were you thinking about it?

15 MR. HOWRY: Objection, form.

16 Q. (BY MR. NIXON) About how it would affect your  
17 district?

18 A. In January of 2021, I can't recall if I  
19 started being concerned at that particular time.

20 Q. Did you ask to see some census numbers or  
21 early census numbers?

22 A. No.

23 Q. Did you ask anyone at the county for -- for  
24 geographical data?

25 A. In January of 2021?

1 Q. Yes.

2 A. No.

3 Q. All right. So everybody understands the  
4 county has something called the GIF director; what is  
5 GIF?

6 A. I mean, I -- you're talking about a map  
7 drawer --

8 Q. Yes.

9 A. -- I mean, that's basically what it is.

10 Q. Yes.

11 A. If that's what talking about?

12 Q. Yes.

13 A. Yeah, if that's what you're talking about,  
14 yeah.

15 Q. County --

16 A. Yeah.

17 Q. Who's that person?

18 A. Nathan Ziegler.

19 Q. And how long have you known him?

20 A. I don't know exactly how long, but the -- the  
21 better part of 10 years.

22 Q. Anytime you've asked Nathan Ziegler for  
23 information, has he given it to you?

24 MR. MANCINO: Objection to form.

25 MS. RICHARDSON: Same objection.

1 A. I've generally not really asked him for  
2 anything, but very rarely, but, yes.

3 Q. (BY MR. NIXON) So it's always been in  
4 response of whatever you've asked?

5 A. A few times, yes. Other than one, but, yes.

6 Q. Other than one?

7 A. Yes.

8 Q. One time he was not responsive?

9 A. That is correct.

10 Q. When was that?

11 A. At some point during this process I had went  
12 to Nathan Ziegler -- well, I went to his boss really  
13 Michael Shannon about census data that was probably in  
14 September or October, late September, I think it was  
15 about census data, getting his census data for the  
16 precincts.

17 Q. What happened?

18 A. I never got it.

19 Q. Census data for your precinct?

20 A. Yeah.

21 MR. HOWRY: Make sure you're speaking  
22 up.

23 THE WITNESS: I'm sorry.

24 Q. (BY MR. NIXON) Census data for your precinct?

25 A. For the county.

1 Q. For the entire county?

2 A. Yes.

3 Q. And you never received any?

4 A. No.

5 Q. Okay. Did you go back to him a second time  
6 to say I didn't get what I asked for?

7 A. No, I went back to his -- I went back to his  
8 boss Michael Shannon and told Michael to stand down  
9 maybe a few days later and said, hey, that's okay.

10 Q. Now, you've produced to us Holmes Documents  
11 001288 through 1298?

12 MR. NIXON: Do you have a sticker?

13 THE REPORTER: Give me one second,  
14 sorry.

15 MR. HOWRY: Do you have extra copies  
16 of what you're going to show the witness?

17 MR. NIXON: Yes.

18 MS. OLALDE: We only have a couple of  
19 extra copies --

20 MR. HOWRY: Very good.

21 MR. MANCINO: Sorry. You have one  
22 that I can share with Valencia and Neil?

23 MR. NIXON: I only have three.

24 MS. RICHARDSON: I'm happy to pull it  
25 up on my computer, if you want to share that.

1 Q. (BY MR. NIXON) I just have a couple of quick  
2 questions. Ready? Commissioner, I'm going to hand you  
3 what's been marked as Holmes Exhibit 1 and ask you if  
4 you can identify that for me, please?

5 (Exhibit No. 1 marked.)

6 MS. RICHARDSON: Ms. Olalde are you  
7 going to share virtually?

8 MS. OLALDE: No, we --

9 MR. BARON: She's working on it right  
10 now. We're working on it right now, quickly.

11 MS. RICHARDSON: Okay.

12 A. Is this one of my documents?

13 Q. (BY MR. NIXON) Yes, sir.

14 A. Yes.

15 Q. What is it?

16 A. It is a census data for, looks like voting  
17 precincts of Galveston County.

18 Q. Is that county information you asked for from  
19 Mr. Shannon?

20 A. Generally, yes.

21 Q. Did you remember when you got this?

22 A. I did not get this. I did not get this from  
23 Michael Shannon.

24 Q. Who did you get it from?

25 A. If I can recall I got this off census dot

1 gov's (sic) website.

2 Q. Okay. All right. You didn't get it from

3 Mr. Shannon you got it from texas.gov?

4 A. Yes.

5 Q. Okay.

6 A. That's my recollection.

7 Q. Okay. Is that why you didn't go back to

8 Mr. Shannon you already had the information you needed?

9 A. No, I ended up getting this, I probably got  
10 this after I had that conversation with Mr. -- Mike  
11 Shannon.

12 Q. Do you remember when you got the information  
13 that's in Exhibit 1?

14 A. Yeah, it was some time in probably late  
15 September, early October. Somewhere thereabout, I  
16 don't remember exactly.

17 Q. So this is an only time Mr. Shannon failed to  
18 give you what you wanted on a timely basis?

19 A. Yeah, but, again I asked him to stand down a  
20 few days later, maybe a week later I asked him just to  
21 stand down.

22 Q. Because you already had it?

23 MS. RIORDAN: Nathan Ziegler.

24 Q. (BY MR. NIXON) Or Nathan Ziegler, did you ask  
25 Nathan Ziegler to stand down?

1 A. Yeah, I never talked to Nathan again about  
2 it.

3 Q. Okay. So you called Mr. Shannon --

4 A. No, I told him verbally when I saw him at the  
5 meeting.

6 Q. -- don't bother getting it, I got it already?

7 A. I didn't say I got it already, I said don't  
8 worry about it.

9 Q. Okay. All right. What was his response, if  
10 any?

11 A. I don't recall what his response was.

12 Q. Okay. I'm going to hand you what's been  
13 marked Holmes Exhibit 2 and ask you if you can identify  
14 that?

15 (Exhibit No. 2 marked.)

16 A. Yeah, looks like an email from Michael  
17 Shannon to me.

18 Q. (BY MR. NIXON) What's the date of that email?

19 A. February 1st.

20 Q. Of?

21 A. 2021.

22 Q. Did you ask Mr. Shannon for information?

23 A. Any additional information, or what I asked  
24 him --

25 Q. Why did he sent (sic) you that email?

1 MR. HOWRY: Objection form.

2 MS. RICHARDSON: Same objection.

3 A. -- I don't recall. It may have been related  
4 to the question I had asked before, but I don't recall.

5 Q. (BY MR. NIXON) What information did he  
6 provide to you?

7 A. Well, this looks like a map, a census map for  
8 the county, but again this is dated February 1st 2021,  
9 and the conversation I was telling you that I had with  
10 him was late September, early October --

11 Q. Right.

12 A. -- 2021, so it would have been afterwards.  
13 So if I asked him for something prior to that --

14 Q. Yes.

15 A. -- I don't recall.

16 Q. Okay. In any event Mr. Shannon sent you an  
17 email dated February 1st 2021?

18 A. Yes.

19 Q. And he says "Commissioner Holmes attached are  
20 two files showing the minority population by census  
21 block in the county, one map shows the African  
22 American/Black population and the other Hispanic  
23 population, Michael;" did you ask him for this  
24 information?

25 A. I don't recall what the -- what the reason

1 for that email was.

2 Q. Did you find this information helpful?

3 A. I don't recall the email.

4 Q. Okay. Regardless of whether or not you  
5 recall it, did you find when you -- did you consider  
6 this information in any of your thought processes  
7 regarding redistricting?

8 MS. RICHARDSON: Objection to form.

9 A. Yeah, what that may have been related to  
10 something totally different, the spending of American  
11 Rescue Plan Funds and where they can be spent, what  
12 part of the county they can be spent in.

13 Q. (BY MR. NIXON) Okay.

14 (Reporter clarification.)

15 A. They may be related to American Rescue Plan  
16 Funds or they can be spent in the county, but I don't  
17 recall.

18 MR. BARON: And it is a little  
19 difficult to hear back here --

20 THE REPORTER: It is.

21 MR. BARON: -- so you might want to  
22 try to, I know you're fully capable of projecting so.

23 THE WITNESS: You talking to me or  
24 Nixon?

25 MR. BARON: You.

1 THE REPORTER: You.

2 MR. BARON: Both of you.

3 MR. NIXON: Really you're having a  
4 hard time hearing me Neil?

5 MR. BARON: You're a little more loud  
6 than Stephen, yes. That's correct.

7 MR. NIXON: I've never been accused of  
8 anybody not being able to hear me. All right.

9 Q. (BY MR. NIXON) Is there any other information  
10 that you began to gather regarding census block  
11 information regarding black and Hispanics population in  
12 Galveston County?

13 A. Yeah, I didn't begin gathering any  
14 information about it.

15 Q. Well, you had some information in February  
16 1st?

17 A. Yeah, that was -- I don't even recall that.  
18 What the reason for that was.

19 Q. Okay. Did you begin collecting information  
20 at anytime?

21 MS. RICHARDSON: Objection to form.

22 MR. HOWRY: Join.

23 A. Yeah, I think as I said before when I asked  
24 Mr. Shannon for it and your initial Exhibit there, 1,  
25 yes. And I got that at some point off of census dot

1 gov in late September early October, somewhere

2 thereabouts.

3 Q. (BY MR. NIXON) And you're the longest serving

4 member of the Commissioners Court?

5 A. Yes, Galveston County Commissioners Court,

6 yes.

7 Q. Yes. You know that any, you may place  
8 anything on the agenda as a matter of statutory right?

9 A. Yeah, you can -- you can certainly request  
10 it, yes.

11 Q. Three days notice is all you need?

12 A. 72 hours.

13 Q. What's that, 72?

14 A. 72 hours, generally.

15 Q. 72 hours.

16 A. Generally, 72 hours, but generally the cutoff  
17 for, the statutory cutoff is 72 hours, but generally  
18 the in-house is a little bit longer.

19 Q. And you know that you've been on the  
20 Commissioners Court for 24 years --

21 A. I'm sorry.

22 MR. MANCINO: -- I'm sorry, I couldn't  
23 hear you.

24 A. Yeah, since February of 1999.

25 Q. (BY MR. NIXON) Okay.

1 (Reporter clarification.)

2 A. Yeah, I've been on Commissioners Court.

3 Q. (BY MR. NIXON) Has even one time anything you  
4 wanted, asked to be on the agenda not been on the  
5 agenda?

6 MS. RICHARDSON: Objection to form.

7 A. Yes, it has happened.

8 Q. (BY MR. NIXON) When?

9 A. Probably about a year ago.

10 Q. What did you ask to be put on the agenda?

11 A. I asked for an executive session as it  
12 relates to redistricting and it was not placed on  
13 there.

14 Q. Are you entitled to have executive sessions  
15 called?

16 A. I believe so, yes.

17 Q. You believe so?

18 A. Yes.

19 Q. Do you know that as a matter of statutory  
20 right?

21 A. No.

22 Q. Do you have any documented out ranks of your  
23 requesting a executive session?

24 A. I may have an email or so.

25 Q. You do, have you produced it in this case?

1 A. No.

2 MR. NIXON: Have you seen such an  
3 email?

4 MR. HOWRY: I don't know as I sit  
5 here.

6 MR. NIXON: Okay.

7 MR. HOWRY: You want to make a request  
8 for it, you can.

9 MR. NIXON: Yes, I do.

10 MR. HOWRY: Yeah, let's make sure  
11 that's all covered in some communication after the  
12 deposition.

13 MR. NIXON: Thank you.

14 MR. HOWRY: I'm not going to try to  
15 keep up with everything you might ask for.

16 MR. NIXON: Nor me.

17 MR. HOWRY: Okay.

18 MR. NIXON: Okay.

19 MR. HOWRY: But afterwards if we have  
20 it and it's relevant, we'll get it to you.

21 THE WITNESS: Yeah, yeah.

22 Q. (BY MR. NIXON) Okay. So --

23 A. It's also -- it's also recorded on the  
24 Commissioners Court meeting that, that same meeting.

25 Q. Oh, so you did it on a, at a meeting?

1 A. No, no, no, no, no, no, no. No, our county  
2 attorney spoke at the meeting and there was an exchange  
3 during that part of the process.

4 Q. Okay. So this is an open meeting in which  
5 you made the request for an executive session?

6 A. No, no, that's not what I said.

7 Q. Okay. Tell me. I'm not understanding,  
8 that's why I'm asking?

9 A. I said that the request was sent in prior to  
10 the meeting.

11 Q. Okay. By an email?

12 A. As I can recall, it was -- the initial  
13 request was email.

14 Q. To?

15 A. Dianna Martinez who sets up the agenda.

16 Q. Okay. And Ms. Martinez might have a copy of  
17 that email?

18 A. I don't know if she would have it or not.

19 Q. Okay. And that you believe occurred, when?

20 A. It was probably about, maybe a year or so  
21 ago.

22 Q. Did you do anything regarding follow up  
23 saying I asked for this meeting, I haven't had it.  
24 This, I'm entitled to it as my right?

25 A. Well, as I can recall it's, it's not, I

1 expect it to be on the agenda when I received the  
2 agenda that Friday, it was not on there?

3 Q. Did you object?

4 A. I think that at that point it was too late to  
5 object because it was within the 72 hours.

6 Q. All right. But you -- did you -- did you --  
7 you had -- you had public hearing, right?

8 A. Yeah, that's what I just told you that during  
9 the meeting I thought the county attorney said  
10 something that I can't recall what the exchange was,  
11 but it was in the public meeting.

12 Q. Okay. And did you object to the county  
13 attorney you're referring to names?

14 A. Paul Reading.

15 Q. Paul Reading. He's outside counsel?

16 A. Yes.

17 Q. Okay. Doesn't work for the county, he works  
18 outside the county?

19 MR. HOWRY: Objection, form.

20 Q. (BY MR. NIXON) Is that right?

21 MS. RICHARDSON: Same objection.

22 A. Yes.

23 Q. (BY MR. NIXON) Okay. So your objection was  
24 only to him, did you object to the -- anybody else on  
25 the Commissioners Court?

1 MR. MANCINO: Objection to form.

2 MS. RICHARDSON: Same objection.

3 A. It was in a public meeting.

4 Q. (BY MR. NIXON) Oh, it was in public. So  
5 everybody heard it?

6 A. Yeah, yeah.

7 Q. And it's recorded?

8 A. Yeah.

9 Q. And we can go online and look at it?

10 A. Yeah, yeah, he said something to the effect  
11 of I ask for a public meeting I said, no that's not  
12 what I asked for, something to that affect. I can't  
13 recall exactly.

14 Q. Did you ask for another one?

15 A. No.

16 Q. Why not?

17 A. Cause ultimately I got the answers I was  
18 looking for.

19 Q. What answer were you looking for?

20 A. I can't recall what it was, whatever it was I  
21 want, I got.

22 Q. Okay. So there wasn't any need for an  
23 executive sessions later?

24 A. No.

25 Q. Okay. All right. And that, and in the

1 entire time you've been on the Commissioners Court,  
2 that's the only time that you've asked for something to  
3 be put on the agenda that wasn't put on the agenda?

4 A. I would say that would probably be correct.

5 Q. Okay. Have you ever asked for districting  
6 criteria to be put on an agenda at anytime you've been  
7 a commissioner?

8 MS. RICHARDSON: Objection to form.

9 A. This cycle and the previous cycle, any cycle  
10 of the redistricting since I've been here.

11 Q. (BY MR. NIXON) Even in 2000?

12 A. I can't recall.

13 Q. Did you ask for districting criteria to be  
14 put on the agenda in the year 2000 for 2001?

15 A. I can't recall.

16 Q. Okay. Did you ask for districting criteria  
17 to be put on the agenda in the year 2011?

18 A. I can't recall.

19 Q. Did you ask for redistricting, districting  
20 criteria to be put on the agenda in the year 2021?

21 A. Can't recall.

22 Q. Okay. You know that the United States  
23 conducts a census every 10 years on the years ending in  
24 zero, right?

25 A. Yes.

1 Q. Okay. You knew that the United States was  
2 conducting a census in the year 2020?

3 A. Yes.

4 Q. You knew that the county had an obligation to  
5 redistrict the commissioners' precincts to comply with  
6 one man one vote?

7 (Reporter clarification.)

8 A. Yes.

9 Q. (BY MR. NIXON) Okay. And that you knew that  
10 the Commissioners Court received census data in the  
11 year 2021 and it had an obligation to provide new  
12 lines, comply with one man one vote in 2021?

13 A. If -- if the precincts were imbalanced, yes.

14 Q. Yes, yes. Did you look at any data early in  
15 2021 that would make you think that the precincts would  
16 be out of balance?

17 A. No. Early in 2021, no.

18 Q. At anytime in 2021?

19 A. No. The first I heard that they were not in  
20 balance was the first time I talked to Dale Odom which  
21 would have been in September 20 something, 22nd  
22 something of that nature --

23 Q. Okay.

24 A. -- of 2021 was the first I knew that they  
25 were out of balance.

1 Q. All right. First time you knew that they  
2 were out of balance was in September of 2021?

3 A. Yes.

4 Q. Okay. And you learned that information from  
5 talking to Dale Odom?

6 A. Yes.

7 Q. And Dale Odom is who in relation to county?

8 A. Dale Odom was working for the county on, in  
9 this redistricting process, was hired by the county in  
10 this redistricting process in 2021.

11 Q. And his -- was his job to advise the county  
12 as to how to redistrict in a lawful manner?

13 MR. MANCINO: Objection to form, lacks  
14 foundation.

15 A. Yeah, I don't -- sorry, repeat your question.

16 Q. (BY MR. NIXON) Was Dale Odom's  
17 responsibilities with the county, conflict with the  
18 county to advise the county how to redistrict in a  
19 lawful manner?

20 MR. MANCINO: Same objection.

21 MR. HOWRY: Objection, form.

22 A. Yeah, I believe we had a contract. As part  
23 of the contract he was part of that contract. What the  
24 contract said exactly, I don't know what it said  
25 exactly.

1 Q. (BY MR. NIXON) The county voted to hire Dale?

2 A. Majority of court, yes.

3 Q. Yeah, and Dale is a lawyer who's experienced  
4 in redistricting?

5 A. He's a lawyer.

6 Q. You don't know?

7 A. I don't know anything about his credentials.

8 Q. Okay. Was this the first conversation you  
9 ever had with Dale, was in September of 2021, I --  
10 Mr. Odom, excuse me.

11 A. As it relates to the 2021 redistricting, yes.

12 Q. You met Mr. Odom in 2011, too, didn't you?

13 A. As it relates to 2010 redistricting process?

14 Q. Yes.

15 A. You know, vaguely remember him, but...

16 Q. Right. You didn't vote for him, to hire him  
17 either time?

18 A. But I recall in 2011 was that we both hired  
19 you in straight trainer. I didn't remember necessarily  
20 hiring Dale Odom.

21 Q. Well, there was -- Mr. Odom was involved in  
22 the process in 2011?

23 A. Okay. Yeah, okay.

24 Q. You're aware of that, right?

25 A. I vaguely remember him somewhat.

1 Q. Okay.

2 A. But I don't know if I ever met him during  
3 that process.

4 Q. Okay. So the first time you were aware that  
5 the, I just want to make this really clear.

6 A. Yeah, yeah.

7 Q. And I apologize if I'm asking again?

8 A. Yeah.

9 Q. The first time you were ever made aware that  
10 the Commissioner Court Precinct lines were needed to be  
11 adjusted to comply with one man one vote, was in  
12 September of 2021?

13 A. Yeah, no. I knew that we had to comply with  
14 one man one vote. But the first time I found out about  
15 it was at the time I talked to Odom and he told me that  
16 there was imbalance and I asked for the data and he  
17 said he didn't have it.

18 MR. NIXON: Okay. Objection,  
19 nonresponsive.

20 Q. (BY MR. NIXON) At no time, prior to September  
21 '21, are you testifying under oath that you were  
22 unaware that the population in the precincts needed to  
23 be adjusted to comply with one man one vote?

24 MR. HOWRY: Hold on a second,  
25 objection, and I object to the form. I mean, that --

1 that question in and of itself had two negatives in it.  
2 I don't know how you answer the question, so I'm going  
3 to object to form.

4 MS. RICHARDSON: I'm going to join  
5 that objection.

6 Q. (BY MR. NIXON) Go ahead.

7 A. Yeah, I don't recall any prior to that time.

8 Q. No one told you beforehand?

9 A. I don't recall that, no.

10 Q. Okay. And when I mean no, I mean no person  
11 at all?

12 MR. HOWRY: Objection, form.

13 Q. (BY MR. NIXON) Not with the county or not  
14 anyone you hired on your own?

15 MR. HOWRY: Objection, form.

16 MR. MANCINO: Join.

17 MS. RICHARDSON: Same objection.

18 A. Yeah, again I don't recall prior to that  
19 time. My recollection is that the first time I heard  
20 about it and my recollection was when I talked to Dale  
21 Odom in September --

22 Q. (BY MR. NIXON) What did Dale tell you?

23 A. -- before that, I don't recall it, yeah.

24 Q. I'm sorry, I didn't mean to step on your?

25 A. Yeah, I'm done. I'm done.

1 Q. What did Dale, what did Mr. Odom tell you?

2 A. My recollection is that he said that the  
3 precincts were imbalanced and that my precinct needed  
4 to pick up 8,000 or so voters, people.

5 Q. How did you respond?

6 A. I asked, my recollection is that I asked him  
7 for the data.

8 Q. And what did he say in response to that?

9 A. I think he said, as my recollection is that  
10 he didn't have -- necessarily have it, and Paul Reading  
11 was on the call as well.

12 Q. This is a meeting or a phone call?

13 A. This is a phone call.

14 Q. Okay. Let me hand you what's been marked  
15 Holmes Exhibit 3, and ask you if you can identify that?

16 MR. HOWRY: This has two documents.

17 MS. OLALDE: Yeah, I apologize.

18 Q. (BY MR. NIXON) Can you identify Holmes  
19 Exhibit 3, please?

20 (Exhibit No. 3 marked.)

21 A. This appears to be an email from me to Linda  
22 Lichty who works in the County Judge's office  
23 scheduling a, trying to schedule a meeting with Dale  
24 Odom and Paula Reading.

25 Q. (BY MR. NIXON) Was the meeting scheduled?

1 A. Yeah, I think we -- I think we talked on  
2 September 20 or 21st.

3 Q. Okay.

4 A. Dale Odom, Paul Reading, and myself.

5 Q. Okay. And this is the -- this is the phone  
6 call which you asked for specific information?

7 A. You know, I don't remember if it was that  
8 particular phone call because we had another phone call  
9 two or three days later.

10 Q. Okay.

11 A. And it may have been that, but I don't  
12 remember which -- which call it was that I asked for  
13 that.

14 Q. Why did you have a second phone call?

15 A. Because this, the initial phone call,  
16 September 20, September 21 -- you want this back?

17 Q. No, it's part of the record.

18 A. Oh, September -- september 20, September 21,  
19 that meeting was where Odom, I -- I wasn't exactly sure  
20 what was going to transpire at the meeting. Odom asked  
21 me to draw the map how I wanted my precinct to look.  
22 And I asked, and I mean that's exactly -- I don't have  
23 any data, find anything. Can you send some data. Let  
24 me look at the data. And he may have said it at that  
25 meeting that my precinct was 8,000 short or it may have

1 been the next meeting, I can't remember, but at some  
2 point I said I don't have any data, I can't draw the  
3 maps. It may have been at that meeting I asked for the  
4 data cause I need some data to draw the map.

5 Q. Did you ask Mr. Shannon for any data at the  
6 anytime?

7 A. Yeah, I think the next day I asked Michael  
8 Shannon. Actually, I called Michael Shannon and I  
9 don't know if he was in the room with Nathan, or he  
10 brought Nathan into the room with him. And that's when  
11 I asked him I alluded to earlier and previous testimony  
12 that hey, can you guys get the data of, the precinct  
13 data of voting precinct by vote, voting precinct.

14 Q. And did they do that?

15 A. No, I never got that.

16 Q. I went online to the census bureau and got  
17 it?

18 A. What ended happen is at some point Paul  
19 Reading, Paul Reading said that Tyler, he thought Tyler  
20 had the census data, meaning Tyler Drummond, the  
21 Judge's chief of staff and that he could get it from  
22 Tyler, at some point he said that to me and he  
23 subsequently sent an email or, that had some precinct  
24 data with the Commissioners precinct data, as I can  
25 recall.

1 Q. Okay.

2 MR. HOWRY: Hey, Joe, you been going  
3 almost an hour, not quite -- and I don't like to  
4 interrupt you --

5 MR. NIXON: You'd like a break?

6 MR. HOWRY: -- but at some point in  
7 time, I like to take a break at least once an hour.

8 MR. NIXON: Let's take a break now.

9 MR. HOWRY: That's fine, thank you.

10 THE VIDEOGRAPHER: Off the record at  
11 9:59.

12 (Off the record.)

13 THE VIDEOGRAPHER: We are back on the  
14 record at 10:23.

15 Q. (BY MR. NIXON) Okay. I think where we left  
16 off you had had a conversation with Dale and -- excuse  
17 me, Mr. Odom and Mr. Reading on the phone and that  
18 there was a subsequent follow up conversation?

19 A. Yes.

20 Q. And in the first conversation you asked for  
21 certain census data?

22 A. Yes, Dale said he didn't have it.

23 Q. Okay.

24 A. Paul said he thought -- Paul Reading said he  
25 thought that Tyler Drummond had it, he would check with

1 Tyler Drummond to see if he had it. And subsequent to  
2 that I think Paul sent me an email with some type of  
3 precinct by precinct data, voting precinct by voting  
4 precinct data, but I think maybe with the, just the  
5 four commissioner precinct data.

6 Q. (BY MR. NIXON) Let me hand you what's been  
7 marked as Holmes Exhibit 4 which is an email from Paul  
8 Reading to you.

9 (Exhibit No. 4 marked.)

10 MS. OLALDE: It is two pages as the  
11 attachment.

12 Q. (BY MR. NIXON) oh, okay. Two pages. Do you  
13 remember receiving this email?

14 A. Yes.

15 Q. Okay. Is this the information that you  
16 wanted?

17 A. No.

18 Q. You wanted it broken down into voting  
19 district precincts?

20 A. That is correct.

21 Q. Okay. But what you got was the commissioner  
22 court precinct data?

23 A. Well, I also wanted.

24 MR. MANCINO: Off the record, it's not  
25 my stomach.

1 (Laughter.)

2 A. Let me read it real quick though.

3 Q. (BY MR. NIXON) Sure, take your time.

4 A. Yeah, this is what I got from Paul.

5 Q. Okay. If you had -- did you want to -- so

6 Mr. Odom asked you in this initial conversation to draw

7 a map?

8 A. Right. That's correct.

9 Q. Okay. Did you do so?

10 A. Not in the initial conversation, no.

11 Q. Subsequently?

12 A. Yes, the next -- the next -- I don't know if

13 we necessarily drew a map, but I think I outlined some

14 changes to the current map is what I did in the next

15 conversation.

16 Q. Did you send it to him?

17 A. We were actually on the phone, again we were

18 -- this is a conversation September 23, September 24

19 and we made -- and we talked about some changes to be

20 made to Precinct 3, maybe four changes.

21 Q. So in the subsequent conversation with

22 Mr. Odom was Mr. Reading on the phone?

23 A. Yes.

24 Q. And you outlined for Mr. Odom what voting

25 precincts you wanted to be moved into your district?

1 A. Yeah, yeah, but I think it was three or four  
2 changes and I don't think it was, a couple of the  
3 changes were not whole precincts they were maybe a  
4 highway split of precinct and I just cut it off at the  
5 highway, something to that affect and then I may have  
6 asked him to move maybe one full precinct.

7 Q. Okay.

8 A. It was three or four changes.

9 Q. So the changes that you -- some of the  
10 changes you included were precincts splits?

11 A. Yeah, I think maybe two. Maybe two of the  
12 changes, yes.

13 Q. No, I mean voting precincts?

14 A. Voting precinct changes, yes.

15 Q. Yeah.

16 A. Voting precincts, yeah.

17 MR. HOWRY: Commissioner Holmes, if  
18 you'll project a little bit. I know he's sitting right  
19 next to you.

20 THE WITNESS: Yeah, yeah. I got you.  
21 I got you.

22 MR. HOWRY: But I want to make sure  
23 everybody gets to hear it, thank you.

24 THE WITNESS: Yeah.

25 Q. (BY MR. NIXON:) So let me hand you what's

1 been marked as Holmes Exhibit 5 and ask you if you can  
2 identify that?

3 (Exhibit No. 5 marked.)

4 A. Yeah, this is Linda Lichty she's with -- she  
5 represents county Judges office this is an email from  
6 her to me, setting up -- setting up another meeting  
7 looks like September 23.

8 Q. (BY MR. NIXON) Okay. So the County Judges  
9 office reached out to you in, and requested another  
10 phone call with Mr. Odom and Mr. Reading in a day or  
11 two, from the first phone call?

12 A. Yes.

13 Q. Okay. Did you respond?

14 A. Yeah, I think in the email I said -- yeah,  
15 she asked me what, was September 23, at 4:00 p.m. okay  
16 with me and I said yes.

17 Q. Okay. Was that a regular phone call or Zoom  
18 call or was any kind of technical call?

19 A. Yeah, it was just a -- it was a  
20 teleconference.

21 Q. Okay. Hand you what's been marked as Holmes  
22 Exhibit No. 6, and ask you if you can identify that  
23 page?

24 (Exhibit No. 6 marked.)

25 A. Yeah, I don't think I've ever seen this one

1 before.

2 MR. MANCINO: I'm sorry?

3 Q. (BY MR. NIXON) You've not --

4 A. I don't think I've seen this document before.

5 Q. (BY MR. NIXON:) Okay. What is Holmes Exhibit  
6 No. 6?

7 MR. MANCINO: Objection to form.

8 A. What is it?

9 Q. (BY MR. NIXON) Yeah, what is -- I mean, have  
10 you seen anything like that?

11 A. It says Linda will initiate the call no later  
12 than 3:55 on Thursday.

13 Q. Did you have that call?

14 A. Yeah, yeah. Uh-huh.

15 Q. Okay. All right.

16 A. On September 23, yes.

17 Q. What was discussed?

18 A. Again, same question from Dale Odom, draw  
19 your precinct how you would like for your precinct to  
20 look.

21 Q. And is it in this call that you told him the  
22 changes, the four or five changes you wanted?

23 A. Yes, it is. Yeah, that is correct.

24 Q. Okay.

25 A. I asked him to, you know, move a precinct,

1 cut a couple precincts here and there was my request  
2 I -- yeah, maybe four -- three or four changes. It  
3 wasn't a whole bunches of changes, maybe three or four  
4 changes.

5 Q. Do you know whether or not you added enough  
6 population to your Commissioners Court district to  
7 comply with one man one vote?

8 A. At that time I did not know because I did not  
9 -- still did not have data on precincts to make that  
10 determination necessarily.

11 Q. Okay. Did you utilize the website that  
12 Mr. Reading sent you to try to obtain census data?

13 MS. RICHARDSON: Objection to form.

14 A. I don't think so. Yeah, I don't think so.

15 Q. (BY MR. NIXON:) Okay. Do you know whether  
16 the county had the census data at that time?

17 MR. MANCINO: Objection to form.

18 A. When you say the county, you mean anybody  
19 specific or just anybody in the county?

20 Q. (BY MR. NIXON) Yes.

21 MR. HOWRY: Objection to form.

22 Q. (BY MR. NIXON:) Go ahead and answer?

23 A. I don't know who would have had that.

24 Q. Did the GIF, Mr. Shannon have it?

25 A. I don't know.

1 Q. Okay. Did you ask him for it?

2 A. Yes, I looked as we restated previously when

3 we were talking, I did ask him, I did not necessarily

4 ask him I asked Nathan Ziegler.

5 Q. And then you told Nathan don't bother --

6 later you told don't bother, I got it?

7 MR. HOWRY: Objection, form.

8 MS. RICHARDSON: Objection to form.

9 A. No, I did not say that to Nathan, I said that

10 to Michael Shannon.

11 Q. Okay.

12 A. Don't worry about it.

13 Q. Don't worry about it?

14 A. Yeah.

15 Q. Okay. And you -- did you get the information

16 you got from some other source, you needed from some

17 other source?

18 A. What I wanted I did get it from census dot

19 gov.

20 Q. Okay. And that's the website that

21 Mr. Reading suggested that you go to?

22 MR. HOWRY: Objection to form.

23 A. No.

24 Q. (BY MR. NIXON) No?

25 A. No.

1 Q. You just went to census dot gov?

2 A. I just started looking for it, but I don't  
3 recall I think -- recall what Paul suggested, but  
4 whatever he suggested, what I was looking for as I can  
5 recall was not there.

6 Q. Okay. Did you ever say to Mr. Reading I need  
7 more information?

8 MR. HOWRY: Objection to form.

9 MS. RICHARDSON: Objection to form.

10 A. That -- that statement would have been made  
11 on the phone call with Dale Odom and Mr. Reading and  
12 that statement would have been, "Hey, again as I said  
13 before I missed your phone call, give me the data,  
14 precinct by precinct data," voting precinct by precinct  
15 data was my request.

16 Q. (BY MR. NIXON) Did you ever get it from  
17 Mr. Reading?

18 A. Did not get it from Dale Odom, did not get it  
19 from Mr. Reading.

20 Q. Did you get it from some source?

21 A. Got it from census dot gov.

22 Q. That's it?

23 A. Yes.

24 Q. Okay. Were you able then to draw  
25 Commissioner Court precinct maps that you preferred?

1 MR. MANCINO: Objection to form.

2 A. Did I draw?

3 Q. (BY MR. NIXON) -- were you able to with the  
4 information you received from Texas dot gov.

5 MR. MANCINO: Same objection.

6 A. No, I did not draw a map based on that  
7 because I was waiting on the map from Dale Odom that he  
8 requested that I give him details on how to draw.

9 Q. (BY MR. NIXON) Okay.

10 MR. NIXON: Objection to being  
11 nonresponsive.

12 Q. (BY MR. NIXON) Let me ask it again. Were you  
13 able to draw a map that you prefer with the information  
14 you received from census dot gov?

15 MR. MANCINO: Objection to form.

16 MS. RICHARDSON: Same objection.

17 A. Did not draw map with the information that I  
18 received from census dot gov.

19 Q. (BY MR. NIXON) Didn't ask you whether you  
20 did, we know that you did not?

21 MR. MANCINO: Objection to form.

22 MS. RICHARDSON: Objection to form.

23 Q. (BY MR. NIXON) -- I'm asking whether you were  
24 able to?

25 MR. MANCINO: Argumentative.

1 MR. HOWRY: Same. Objection, form.

2 MS. RICHARDSON: Same.

3 A. When you say able, what do you mean by able;  
4 do I have the capability to draw a map.

5 Q. (BY MR. NIXON) Yes.

6 A. No, I don't think I have that capability.

7 Q. Do you have -- did you have the information  
8 you needed from census dot gov to draw a map?

9 MR. MANCINO: Asked and answered.

10 MR. HOWRY: Objection form.

11 MS. RICHARDSON: Same objection.

12 A. Repeat your question.

13 Q. (BY MR. NIXON) Did you have the information  
14 you needed to draw a map from census dot gov?

15 MR. HOWRY: Objection, form.

16 MR. MANCINO: Same. Objection.

17 A. I could not. I don't think I have the  
18 capability to draw a map, but could I use that  
19 information to tell someone else how to draw it?

20 Q. (BY MR. NIXON:) Did you use that information  
21 to tell someone else how to draw the map?

22 A. No.

23 Q. And why not?

24 A. Because someone else draw a map for me.

25 Q. Who did?

1 A. Chad Dunn.

2 Q. When did you contact Mr. Dunn to look into  
3 drawing maps, first time?

4 A. November, 2021.

5 Q. Had you had a conversation with any of the  
6 lawyer (sic) at anytime during 2021 prior to November  
7 '21, when you hired Chad Dunn?

8 MS. RICHARDSON: Objection to form.

9 A. Yes.

10 Q. (BY MR. NIXON) Who?

11 A. Dale Odom.

12 Q. Good. Anybody else?

13 A. Paul Reading.

14 Q. Yes, anybody else?

15 A. No.

16 Q. You did not have a conversation with  
17 Ms. Chen?

18 A. About me drawing a map, no --

19 Q. About maps being drawn for your precinct?

20 A. -- no.

21 Q. Did you have a conversation with anyone at  
22 the Texas Civil Rights Project?

23 A. Yes.

24 MR. MANCINO: Objection to form.

25 Q. (BY MR. NIXON) Who?

1 MR. MANCINO: Overbroad.

2 MS. RICHARDSON: Same, objection.

3 A. Sarah Chen.

4 Q. (BY MR. NIXON) What time?

5 A. What time?

6 Q. Yeah, when?

7 A. It may have been October of 2021. I don't  
8 remember the exact date.

9 Q. What was the nature of that conversation?

10 A. As I could recall she asked me how -- I can't  
11 recall. I don't remember exactly what the conversation  
12 was.

13 Q. Did you call her or did she call you?

14 A. She reached out to me via email, initially.

15 Q. Why?

16 MR. MANCINO: Objection to form.

17 MR. HOWRY: Objection to form. Don't  
18 speculate.

19 A. It would have been in the email -- I don't  
20 know, it would have been an email.

21 MS. RICHARDSON: And before you get to  
22 the next question, maybe for the record we could get  
23 Sarah's name spelled correctly.

24 MR. NIXON: It's --

25 Q. (BY MR. NIXON) Do you know how to spell

1 Sarah's name?

2 A. Yeah, S-A-R-A-H.

3 Q. And what is her last name?

4 A. Last name is Chen, C-H-E-N.

5 Q. Okay. I'm going to hand you what's been  
6 marked as Holmes Exhibit No. 6 --

7 MR. HOWRY: We already have 6. We  
8 already have 6.

9 MR. NIXON: 7, thank you.

10 Q. (BY MR. NIXON) I'm going to hand you.

11 MR. HOWRY: Uh-huh.

12 (Exhibit No. 7 marked.)

13 Q. (BY MR. NIXON:) And ask you if you can  
14 identify that?

15 A. Yeah, these appear to be several emails back  
16 and forth between Sarah Chen and myself.

17 Q. Okay. So looks like the first email that you  
18 received was on Tuesday, September 28, 2021, where she  
19 introduces herself as an attorney with the Texas Civil  
20 Rights Project and asked you to call her; did you call  
21 her?

22 A. I can't recall.

23 Q. Did you respond to her email?

24 A. I don't think so.

25 Q. Why not?

1 A. I don't know.

2 Q. Did she email you back or email you again?

3 A. Yeah, there's an October 25, 2021, email in  
4 Exhibit 7, to me.

5 Q. She asked, "have you heard any updates on  
6 your county's redistricting plans," did you respond to  
7 her email?

8 A. I don't recall.

9 Q. Did you write an email to her on October 28,  
10 2021?

11 A. Yes, from your Exhibit 7, it appears that I  
12 did respond.

13 Q. Yes, and you wrote "I had a teleconference  
14 with redistricting counsel Dale Odom a couple weeks  
15 ago," was that true?

16 A. Did I have a teleconference with Dale Odom --

17 Q. Yes.

18 A. -- a few weeks prior to this?

19 Q. Yes.

20 A. Yes.

21 Q. Then you continued and you wrote "last week  
22 had an in person Monday and Zoom meeting, Friday with  
23 Odom;" is that true?

24 A. Yes.

25 Q. "Two maps displayed," did Mr. Odom show you

1 two maps?

2 A. Yes.

3 Q. In -- was it on the Monday in person meeting  
4 or a Zoom meeting on Friday; where he showed you those  
5 maps?

6 A. He showed me the maps at both meetings.

7 Q. "One that essentially obliterated my current  
8 precinct, another that is close to current  
9 configuration, but one area that is unacceptable and  
10 from what I know would be close to current racial  
11 percentages;" were those true statements?

12 A. As I believe them at the time, yes.

13 Q. Is it -- is a map 2, so he showed you map 1  
14 and map 2; is that right?

15 A. He showed me two maps, yes.

16 Q. Right. Map -- were those the maps that were  
17 put on the county's website?

18 A. I don't recall if they were the exact same  
19 maps.

20 Q. Were they close?

21 A. Similar, yes.

22 Q. And those were the maps that were presented  
23 at the meeting in November; is that correct?

24 A. Yes.

25 Q. Okay. So some time a couple of weeks before,

1 in October so some time in mid-October you were showed  
2 two maps one that essentially obliterated your current  
3 precinct, would that have been map 2?

4 MR. MANCINO: Objection to form.

5 MS. RICHARDSON: Same objection. I  
6 think he already testified that they weren't the same  
7 maps.

8 MR. NIXON: We don't have speaking  
9 objections here.

10 MR. MANCINO: You haven't been in  
11 deposition with counsel for the defendants.

12 (Laughter.)

13 A. Can you repeat the question, please.

14 Q. (BY MR. NIXON) Okay. On October 28 of 2021,  
15 you wrote "last week had an in person Monday and Zoom  
16 meeting Friday with Odom two maps were displayed," so  
17 your meeting would have been somewhere in mid-October  
18 of 2021; is that right?

19 A. We had an in person meeting and we had a Zoom  
20 meeting.

21 Q. Right. Those were somewhere in mid-October?

22 A. Yes.

23 Q. Okay. Two maps one that obliterated your  
24 current precinct, was that map number 2?

25 MR. MANCINO: I'll object to the form.

1 A. It was of the maps. I can't remember which  
2 one was one or which one was two to be quite honest  
3 with you, but it was one of the maps, yes.

4 Q. (BY MR. NIXON) Okay.

5 A. Yeah, it would have been the map that was --  
6 but similar to the map that was ultimately adopted by  
7 the Commissioners Court.

8 Q. Okay. I'm going to represent to you that  
9 that was map number two, map number one was the one  
10 closer to your precinct?

11 A. Okay.

12 Q. Okay. So the other map close, close to  
13 current configuration. So that was map number 1, but  
14 had one area that is unacceptable, was that the Bolivar  
15 Peninsula that was unacceptable to you.

16 MR. MANCINO: Objection to form.

17 MS. RICHARDSON: Same objection.

18 A. I don't recall.

19 Q. (BY MR. NIXON) Do you recall what area was  
20 unacceptable to you in one and one map that was close  
21 to the configuration?

22 A. I don't recall what I was referencing in the  
23 email.

24 Q. When you wrote "from what I know would be  
25 close to current racial percentages," would that have

1 been map number 1?

2 MS. RICHARDSON: Object to form.

3 MR. MANCINO: Join.

4 A. Yes.

5 Q. (BY MR. NIXON) Did you look at the racial  
6 percentages of the two maps that Mr. Odom presented to  
7 you?

8 A. I don't recall.

9 Q. Well, you wrote that one of the maps was  
10 close to the current racial percentage; is that right?

11 A. According to your Exhibit 7, yes, that is  
12 what I wrote.

13 Q. Did you look at the racial percentage?

14 A. I don't recall.

15 Q. Did anyone look at it for you?

16 A. I don't recall.

17 Q. Were you concerned about the racial make up  
18 of your precinct?

19 MR. MANCINO: Objection to form.

20 MS. RICHARDSON: Same objection.

21 A. I don't recall.

22 Q. (BY MR. NIXON) Why would you look at the  
23 racial percentages in your precinct?

24 A. Why would I look at the racial percentages of  
25 it?

1 Q. Yes.

2 MR. MANCINO: Objection to form.

3 MS. RICHARDSON: Same objection.

4 A. And the analysis of it all, I think you would  
5 want to have the, those ratios similar or the same than  
6 what they were before redistricting.

7 Q. (BY MR. NIXON) And did you represent to  
8 Ms. Chen that one of the maps was close to your current  
9 racial percentages?

10 A. That is what's written in the email.

11 Q. Okay. So you knew what the racial  
12 percentages was of your district was before  
13 redistricting and you were looking at what a possible  
14 racial percentages were after redistricting; is that  
15 correct?

16 A. I don't know what I was referencing in the  
17 email.

18 Q. Well, you use the term racial percentages,  
19 why would you use that term?

20 MR. MANCINO: Objection to form.

21 A. I don't recall.

22 Q. (BY MR. NIXON) On Friday, October 29,  
23 Ms. Chen writes to you, "Hi, Commissioner Holmes.  
24 Thank you so much for this update. Do you know if or  
25 when Commissioners Court will put redistricting on a

1 public meeting agenda so members of the public may  
2 weigh in? Please let me know if you can get any copies  
3 of maps even a screen shot or other image of a map can  
4 work I can recreate the map and get data separately;"  
5 did you read that email from her; it's right here?

6 A. I can't recall.

7 Q. Is there a reason why you can't recall?

8 A. I get lots of emails.

9 Q. Okay. Did you respond?

10 A. There's no response according to the Exhibit  
11 7?

12 Q. Okay. Do you know when the maps were put on  
13 the county's website?

14 A. End of October, October 29, 30th.

15 Q. Did the county invite responses?

16 A. I don't know.

17 Q. From the public?

18 A. I don't know.

19 Q. Did they receive responses from the public?

20 A. Yes.

21 Q. Was there a form to fill out on that website?

22 A. I don't know.

23 Q. Did you read any of the responses that the  
24 county received electronically?

25 A. I did not.

1 Q. Did you know how many responses the county  
2 received electronically?

3 A. I did not know a number, an exact number, no.

4 Q. Did anyone from your staff look it up?

5 A. No.

6 Q. How many people are on your staff?

7 A. One.

8 Q. Does she speak Spanish?

9 A. No.

10 Q. So let's go back to the next email on  
11 November 2, 2021, Ms. Chen writes "Hi, Commissioner  
12 Holmes I saw the maps are now posted on the county  
13 website. Do you have time to chat about the maps in  
14 the next couple of days? Copying Stephanie Swanson of  
15 the Legal Women Voters who has been closely monitoring  
16 Galveston County redistricting and spearheaded the  
17 letter encouraging adoption of redistricting criteria  
18 in a transparent process that we sent to you and other  
19 members of the Court last week;" did you receive that  
20 email?

21 A. According to your Exhibit 7, yes.

22 Q. Do you have any recollection of it?

23 A. I do not.

24 Q. Do -- she says that she sent redistricting  
25 criteria to your office and everyone else. Did you

1 receive her proposed redistricting criteria?

2 A. I don't recall.

3 Q. Did you -- did you receive what she describes  
4 as a transparent process that she sent to you and other  
5 members?

6 MR. MANCINO: Objection to form.

7 A. Yeah, I can't recall.

8 Q. (BY MR. NIXON) Did you ask to have  
9 districting criteria put on the county's agenda at  
10 anytime?

11 MS. RICHARDSON: Objection to form.

12 A. No.

13 Q. (BY MR. NIXON) And this, that exists from 20,  
14 January 1st 2021, through the entire redistricting  
15 process?

16 A. Yeah, I did not make the request nor agenda  
17 item, but I did speak with Tyler Drummond about items  
18 like that.

19 (Reporter clarification.)

20 Q. (BY MR. NIXON) Okay. My question was, did  
21 you ask to have it put on the agenda, did you?

22 MR. MANCINO: Asked and answered.

23 Q. (BY MR. NIXON) Did you draft any?

24 A. Did I personally draft any?

25 Q. Yes.

1 A. No.

2 Q. Did you even read the redistricting criteria  
3 that Ms. Chen may have sent to you?

4 A. I don't recall.

5 Q. Okay. So on Tuesday, November 2, you  
6 responded to Ms. Chen's email and said, "yes, I'm  
7 available I can chat this afternoon if you have time;"  
8 is that true?

9 A. From your Exhibit 7, that's what I...

10 Q. Did you have a call with Ms. Chen?

11 A. I don't recall.

12 Q. She wrote, she responded and said she was  
13 free from 4:00 to 5:00 and "feel free to call on my  
14 cell," right?

15 A. That's according to this document, yes.

16 Q. Okay. And you said "will do," looks like.  
17 Then she writes again, well, this is December 6. I'm  
18 going to stop -- I'm going to stop right there.

19 Do you recall -- if you don't recall having  
20 the conversation, do you recall anything you may have  
21 communicated to Ms. Chen?

22 MR. HOWRY: Objection, form.

23 MR. MANCINO: Join.

24 A. No.

25 Q. (BY MR. NIXON) Okay. Did you complain to her

1 about the process that was happening in Galveston  
2 County?

3 MR. HOWRY: Objection, form.

4 MS. RICHARDSON: Objection to form.

5 A. I don't recall.

6 Q. (BY MR. NIXON) Did she give you any  
7 information regarding the maps that were on the  
8 county's website?

9 A. I don't recall.

10 Q. Did you make any notes of this conversation?

11 A. No.

12 Q. We can look at some of your records, you're a  
13 pretty good notetaker, is there a reason why you didn't  
14 take notes of the conversation with Ms. Chen?

15 MR. MANCINO: Objection to form.

16 Lacks of foundation.

17 A. There's no reason I can't recall why I  
18 didn't.

19 Q. (BY MR. NIXON) She wrote to you again on  
20 December 6, and said, "Hi, Commissioner Holmes, I hope  
21 you've been well apologies for not checking in earlier,  
22 but do you have time for a quick call tonight or  
23 tomorrow?" Did you have a conversation with Ms. Chen  
24 on or about December 6 or December 7?

25 A. I can't recall.

1 Q. Okay. On March 21 she writes, "Hi,  
2 Commissioner Holmes. I hope you've been well and my  
3 apologies for not checking back in sooner after the  
4 vote on that terrible Commissioner Court now, the Texas  
5 Civil Rights Project and the Southern Coalition for  
6 Social Justice have been working with organizations in  
7 Galveston to investigate redistricting claims and we'd  
8 appreciate the chance to talk to you as one of the key  
9 players and stakeholders. Would any of the times next  
10 week work for you for a Zoom call with me, attorney Joe  
11 Kim Gonzales and CSCJ Senior counsel Hillary Klein;"  
12 did you have a Zoom call with those people?

13 A. I can't recall.

14 Q. (BY MR. NIXON) At all?

15 A. I can't recall.

16 MR. MANCINO: Objection to form.

17 Q. (BY MR. NIXON) You wrote back, "Hey Sarah,  
18 I'm available March 28 at 3:00, March 29th from 9:00 to  
19 12:00 and all day of the 31st, thank you." She  
20 responds by saying "let's plan on Tuesday March 29 at  
21 9:00 a.m.," did you receive a calendar invitation from  
22 her?

23 A. I can't recall.

24 Q. Did you have that phone call?

25 A. I can't recall.

1 Q. Did you provide her any information?

2 MR. MANCINO: Objection to form.

3 A. I can't recall.

4 Q. (BY MR. NIXON:) Did she represent some of the  
5 plaintiffs in the case, right, Ms. Chen?

6 A. I don't know.

7 Q. Did you sit down with her and help her draft  
8 a petition for anyone?

9 MR. MANCINO: Objection to form, lacks  
10 foundation.

11 A. No.

12 Q. (BY MR. NIXON) Did you give her facts that  
13 she included in the petition?

14 MR. MANCINO: Same objection.

15 A. I haven't read her petition.

16 Q. (BY MR. NIXON) "The United States of America  
17 alleges in paragraph 39 of their complaint that the  
18 same type of procedural and substantive deviations that  
19 lead to Department of Justice to object in 2012 to the  
20 2011 proposed commission, Commissioners Court  
21 redistricting plan were also present in the county's  
22 2021 redistricting process, including one a history of  
23 proposing discriminatory redistricting plans; two a  
24 failure to adopt redistricting criteria; three the  
25 delivered ongoing exclusion of the only minority

1 Commissioner from the process; and four the dismantling  
2 of the only minority opportunity to elect district; do  
3 you agree with those allegations.

4 MR. MANCINO: Objection to form.

5 A. Can you read it again?

6 Q. (BY MR. NIXON) Yes. The same type of  
7 procedural and substantive deviations that lead the  
8 Department of Justice to object in 2012 to the 2011  
9 proposed Commissioners Court redistricting plan were  
10 also present during the County's 2021 redistricting  
11 process, including one a history of proposing  
12 discriminatory redistricting plans; two, a failure to  
13 adopt redistricting criteria; three, the deliberate  
14 ongoing exclusion of the only minority Commissioner  
15 from the process; and four, the dismantling of the only  
16 minority opportunity to elect district; do you agree  
17 with those allegations?

18 MR. MANCINO: Objection to form.

19 A. I rather you ask me in one by one that way  
20 they're all clear in my mind when I answer the  
21 question.

22 Q. (BY MR. NIXON) Okay.

23 A. Yeah.

24 Q. A history of proposing discriminatory  
25 redistricting plans?

1 A. Yes.

2 Q. Do you agree with that?

3 A. Yes.

4 Q. Okay. What are the redistricting plans that  
5 you believe to be discriminatory?

6 A. Well, I think the last -- the last  
7 redistricting cycle we had a redistricting plan that  
8 was rejected by the Department of Justice.

9 Q. At your request?

10 MR. MANCINO: Objection form.

11 MR. HOWRY: Objection, form.

12 MR. MANCINO: And you interrupted the  
13 witness.

14 Q. (BY MR. NIXON) You objected to the Department  
15 of Justice and asked them to reject the plan, right?

16 MR. MANCINO: Objection to form, and  
17 asked and answered.

18 MS. RICHARDSON: Same objection.

19 A. I don't recall making an objection to the  
20 Department of Justice. What I recall is relating facts  
21 to the Department of Justice.

22 Q. (BY MR. NIXON) Okay. Well, let's just talk  
23 about that for a second. Did the Department of Justice  
24 state in it's Section 5 rejection letter that the plan  
25 was discriminatory?

1 A. In 2011?

2 Q. Yes.

3 MR. MANCINO: Objection to form.

4 A. I don't know.

5 Q. (BY MR. NIXON) In fact it didn't state the  
6 plan was discriminatory, did it --

7 MR. HOWRY: Objection form.

8 MR. MANCINO: Lacks foundation.

9 MS. RICHARDSON: Same objection.

10 A. I don't know.

11 Q. (BY MR. NIXON) The letter from the Justice  
12 Department that you referred to reject the plan because  
13 the county didn't prove a negative, a lack of  
14 discrimination --

15 MS. RICHARDSON: Objection.

16 MR. MANCINO: Objection.

17 MR. HOWRY: Objection.

18 Q. (BY MR. NIXON) And that the plan may have  
19 been retrogressive --

20 A. Okay.

21 Q. -- isn't that the reason?

22 MR. HOWRY: Is that a question? Are  
23 you asking him what the letter says?

24 Q. (BY MR. NIXON) Isn't that the reason?

25 MR. MANCINO: Objection to form, lacks

1 foundation.

2 MS. RICHARDSON: Same objection.

3 Q. (BY MR. NIXON) You can answer the question.

4 MR. HOWRY: I don't understand there's  
5 a question on the table. Are you asking him to agree  
6 that's what the letter says; if so, look at the letter  
7 and show it to him.

8 MR. MANCINO: Right.

9 Q. (BY MR. NIXON) Do you recall what the letter  
10 says?

11 A. I don't know. No, I don't.

12 Q. Okay. You're not in a position to provide  
13 any facts, demonstrate that the county had a history of  
14 proposing redistricting plans, are you?

15 MR. MANCINO: Objection, form. Lacks  
16 foundation, argumentative.

17 MR. HOWRY: Objection, form.

18 MS. RICHARDSON: Same objection.

19 A. Can you repeat the question.

20 Q. (BY MR. NIXON) Yeah. I'll ask it this way.

21 What facts do you have that the county has a history of  
22 proposing redistricting discriminatory redistricting  
23 plans?

24 A. There was a plan in 2011 that was rejected by  
25 the Department of Justice --

1 Q. That's it?

2 MR. HOWRY: -- counsel.

3 MR. MANCINO: -- counsel would you  
4 stop interrupting the witness.

5 Q. (BY MR. NIXON) I'm sorry, if I interrupted.

6 A. Yeah.

7 Q. Go ahead.

8 MR. HOWRY: You did interrupt.

9 MR. MANCINO: Yeah.

10 MR. HOWRY: Please let him finish  
11 answering his question before you try to ask your next  
12 question.

13 A. There was a plan that was rejected by the  
14 Department of Justice in 2011, county's redistricting  
15 plan in 2011. In the 90's there was a lawsuit, Hoskins  
16 and Hannah where there was a suit against the county  
17 based on the county not having districts that allowed  
18 for minorities to be elected in the justice of the  
19 peace and constable arena.

20 Q. (BY MR. NIXON) That's it?

21 A. Uh-huh.

22 MR. MANCINO: Objection to form.

23 Q. (BY MR. NIXON) You need to answer out loud?

24 A. Yes.

25 Q. Thank you. The second one is a failure to

1 adopt redistricting criteria. Did you propose any  
2 districting criteria?

3 A. I was not hired by the county to run the  
4 redistricting process, that was Hosman who was hired to  
5 do that not me. We did not adopt criteria, so I do  
6 agree that we did not adopt criteria.

7 MR. NIXON: I object to the  
8 nonresponsiveness of the answer.

9 Q. (BY MR. NIXON) I asked you if you did, if you  
10 offered to -- if you offered to the county an agenda  
11 item that included districting criteria?

12 A. Yeah.

13 MR. MANCINO: Objection to form, asked  
14 and answered.

15 MS. RICHARDSON: Objection, asked and  
16 answer.

17 A. I was not hired by the county to run the  
18 redistrict, of the next -- run the redistricting  
19 process. It was not my job or responsibility to do  
20 that.

21 Q. (BY MR. NIXON) Are you saying it wasn't your  
22 responsibility to offer districting criteria?

23 MS. RICHARDSON: Object to form.

24 A. It was redistricting counsel's  
25 responsibility.

1 Q. (BY MR. NIXON) Do you know whether there was  
2 a legal requirement to adopt districting criteria?

3 A. I don't know.

4 Q. Okay. The third one is deliberate an ongoing  
5 exclusion of the only minority commissioner from the  
6 process. Is the United States of America referring to  
7 you?

8 A. I don't know who they're referring to, you'd  
9 have to ask them.

10 Q. Is there another minority commissioner that's  
11 on the county?

12 A. What you're asking me if I'm the only  
13 minority commissioner on the Commissioners Court?

14 Q. Yes.

15 A. No, I'm not.

16 Q. Who were -- who were the other minorities on  
17 the Commissioners Court?

18 A. There's another minority on the Commissioners  
19 Court now.

20 Q. -- well, now.

21 A. Yeah.

22 Q. Okay. I'm talking about, so let me read that  
23 that again to be clear. The deliberate ongoing  
24 exclusion of the only minority commissioner from the  
25 process, or is the United States of America referring

1 to you?

2 MS. RICHARDSON: Object to form.

3 A. Yeah.

4 MR. MANCINO: Same objection.

5 A. Well, I don't know who they're referring to.

6 At that time, I was the only minority on the court.

7 Q. (BY MR. NIXON) Okay. Did you tell the United  
8 States of America that you were excluded from the  
9 redistricting process?

10 A. I don't recall.

11 Q. Were you excluded from the redistricting  
12 process?

13 MS. RICHARDSON: Object to form.

14 MR. MANCINO: Join.

15 A. Certain aspects, yes.

16 Q. (BY MR. NIXON) And certain aspects no?

17 MS. RICHARDSON: Object to form.

18 Q. (BY MR. NIXON) Is that right?

19 A. You'd have to point out which aspects you're  
20 talking about.

21 Q. Well, Mr. Odom and Mr. Reading called you on  
22 several occasions --

23 A. Yeah.

24 Q. -- and asked you to draw maps?

25 MR. MANCINO: Objection to form.

1 A. Mr. Odom never produced the map that I  
2 requested to be drawn.

3 MR. NIXON: Object to the  
4 nonresponsive to the answer.

5 Q. (BY MR. NIXON) Did you understand my  
6 question?

7 A. You can ask it again.

8 MR. HOWRY: He answered it, yeah.

9 Q. (BY MR. NIXON) We just spent the last 30, 45  
10 minutes going through your phone calls with Paul  
11 Reading, Mr. Odom, conversations with the people of the  
12 GIF department of county, your efforts to get data; you  
13 were included in the process, weren't you?

14 MR. HOWRY: Objection to form.

15 MS. RICHARDSON: Objection.

16 MR. MANCINO: Joined.

17 A. Was not included. I was not included.

18 Q. (BY MR. NIXON) Why do you feel like that?

19 MS. RICHARDSON: Objection to form.

20 A. I asked a map to be drawn a certain way,  
21 despite several requests that had that map drawn it was  
22 never produced by redistricting counsel for the county.

23 Q. (BY MR. NIXON) And that's why you feel you  
24 were excluded --

25 A. Can I finish?

1 Q. Yes, I'm sorry.

2 A. Yeah, there were maps that were placed on the  
3 county's website I was never involved in decision to  
4 place those maps on the county's website. The county  
5 decided to place maps on the website, I was never  
6 included in the decision to place, to use websites as a  
7 way to display maps, that never happened for me.

8 Q. Is that the only reason why you felt excluded  
9 because your map wasn't put up on the county's website?

10 A. I never got a map.

11 THE REPORTER: Did you --

12 Q. -- did you --

13 MR. HOWRY: Did you get the answer?

14 MS. RICHARDSON: I did object to form,  
15 sorry you probably didn't hear me.

16 MR. MANCINO: And I joined.

17 THE REPORTER: Okay.

18 Q. (BY MR. NIXON) That's why you feel excluded?

19 A. That's one of the reasons.

20 Q. Name the, any others?

21 A. I didn't give my map, I wasn't involved in  
22 the decision to place maps on the website, I wasn't  
23 involved in the system to use a website for that  
24 purpose; so, yeah, those are a couple of good reasons I  
25 think.

1 Q. Did the county use a website in 2011?

2 A. Not that I can recall. We had public  
3 hearings.

4 Q. All right. Would it have been your position  
5 to not have placed any maps on the website at all?

6 MS. RICHARDSON: Object to the form.

7 A. I think you can use websites, but in  
8 conjunction with that you have to have public hearings  
9 as well where you take your maps to the people in their  
10 communities because some people don't have access.

11 Q. (BY MR. NIXON) Well, I'm trying to understand  
12 your objection. Were you objecting that the maps were  
13 put on a website or that just your map wasn't on the  
14 website?

15 A. I never got a map so I can't say my map  
16 because I never got a map from the redistricting  
17 counsel. Mr. Odom never produced a map for me that I  
18 requested on several occasions, that never happened.

19 Q. Okay.

20 A. So to say I'm objecting because my map wasn't  
21 put up there, I never got a map. So I could not  
22 necessarily object to that because I didn't have a map.

23 Q. Now, fact is you did have a map it was drawn  
24 by Mr. Dunn, right?

25 MS. RICHARDSON: Object to the form.

1 MR. MANCINO: Join.

2 A. The county's maps were placed on the website  
3 October 29.

4 Q. (BY MR. NIXON) Did Mr. Dunn draw you a map?

5 MR. MANCINO: You, I think, you  
6 interrupted the witness again.

7 MR. HOWRY: I think you did too, did  
8 you finish your answer?

9 THE WITNESS: No, I was not finished.

10 A. The county placed the maps on the website  
11 October 29th, I did not speak to Mr. Dunn probably  
12 until, I don't know second week of November, 1st week  
13 in November?

14 Q. (BY MR. NIXON) Did Mr. Dunn draw you a map?

15 A. He did.

16 Q. Draw you a map of November 6?

17 A. I don't recall the exact date.

18 Q. Did you --

19 A. But it was after, well after the maps were  
20 placed on the website.

21 Q. -- was it the map that you wanted?

22 A. Not exactly the same -- not exactly the same  
23 map that I had asked Odom to draw for me, but similar.

24 Q. Did you hire Mr. Dunn or was he doing this as  
25 a volunteer?

1 A. No, I hired him.

2 Q. So the, so the attorney you hired and paid  
3 didn't even draw you the map that you wanted?

4 MS. RICHARDSON: Objection, form.

5 MR. HOWRY: Objection, form.

6 A. What?

7 Q. (BY MR. NIXON) You said he didn't -- Mr. Dunn  
8 didn't draw the map that you wanted?

9 A. I said it was -- that's not what I said.

10 Q. Well, tell me what you -- what you...

11 A. I said it was not exactly the same.

12 Q. As what you wanted?

13 MS. RICHARDSON: Object to form.

14 MR. MANCINO: Joined.

15 A. It was not the same map that I had wanted  
16 Mr. Odom to draw.

17 Q. (BY MR. NIXON) Did Mr. Draw -- Mr. Dunn draw  
18 a map for you that you liked better?

19 A. I didn't like one more than the other.

20 Q. Was the map Mr. Dunn drew for you acceptable?

21 A. To me?

22 Q. Yes.

23 A. Yes.

24 Q. Did he draw you more than one map?

25 A. Yes, two.

1 Q. Did you ask the county to place either of  
2 those maps on the website?

3 A. As I can recall, by the time I got the maps  
4 from him, it was only a day or so before we were  
5 actually having a meeting. The 11th, November 11 was a  
6 holiday, Veterans Day and I want to say that's maybe  
7 when I got the maps and the meeting was November 12.

8 (Reporter clarification.)

9 Q. (BY MR. NIXON) Okay. So let's go back over  
10 this timeline. You never received the map you wanted  
11 from Mr. Odom. Maps were placed on the county's  
12 website on the 29th, you waited a week and then you  
13 contacted Mr. Dunn and Mr. Dunn drew you a map that  
14 wasn't exactly what you had asked Mr. Odom to draw?

15 A. Yeah --

16 MR. MANCINO: Objection to form.

17 MS. RICHARDSON: Objection to form,  
18 compound.

19 Q. (BY MR. NIXON) Have I got all that right?

20 A. Part of it, but you don't have all the facts.

21 Q. Okay. Tell me -- tell me the facts I've left  
22 out?

23 A. Because on October 29th I found out the maps  
24 were going up and I thought they were already up.  
25 Tyler Drummond called me, the Judge's Chief of Staff

1 and in that conversation I asked Tyler Drummond, when  
2 were you going to lay a timeline out; he said he was  
3 working on a timeline and would get back to me with a  
4 timeline for all this stuff that happened.

5 Q. Did he get back with you with a timeline?

6 A. No.

7 Q. Did you call him back and say where's my  
8 timeline?

9 A. No, he called me back.

10 Q. Okay. When?

11 A. A few days later.

12 Q. Okay.

13 A. To let me know they were scheduling the  
14 meeting.

15 Q. And when did -- did he -- and did they have  
16 the meeting as scheduled on the 12th?

17 A. No, I think he initially told me that the  
18 meeting was going to be scheduled earlier than that, a  
19 couple days earlier than that.

20 Q. Do you remember this now?

21 A. Do I remember that?

22 Q. Yes.

23 A. Yes.

24 Q. Okay. Did you take notes of that?

25 A. I did.

1 Q. Okay. Why?

2 MS. RICHARDSON: Objection, form.

3 MR. MANCINO: Objection, form.

4 A. Why did I take notes of it?

5 Q. (BY MR. NIXON) Yeah.

6 A. I wanted to memorialize and remember the  
7 conversation.

8 Q. Because?

9 A. Because I wanted to remember the timeline of  
10 things that happened during this -- during -- from the  
11 time I met with Odom for -- to the time of adoption of  
12 maps.

13 Q. Because?

14 MR. MANCINO: He just told you.

15 MS. RICHARDSON: Objection, asked and  
16 answered --

17 MR. HOWRY: Asked and answered. You  
18 said your answer, he said it was the same.

19 A. Same.

20 Q. (BY MR. NIXON) Were you anticipating a  
21 lawsuit?

22 A. Uh, I knew that --

23 MR. MANCINO: Objection to form.

24 A. -- I knew that if the map, if the map -- the  
25 second map got adopted, I knew that there would be

1 probably a litigation, yes.

2 Q. (BY MR. NIXON) But not the first map?

3 MS. RICHARDSON: Object to form.

4 A. Possibly that one as well, but the second map  
5 sure.

6 Q. (BY MR. NIXON) Could you have been elected,  
7 let me ask you this. Do you believe that you could  
8 have -- you could be elected from map number 1?

9 MS. RICHARDSON: Object to form.

10 MR. MANCINO: Same objection.

11 A. Yeah, I'm -- I don't know -- I don't know if  
12 the question's really whether I could be elected or  
13 not. The question really goes to finding out if  
14 voters, whether they can still elect a candidate of  
15 their choice. So it doesn't necessarily goes to  
16 whether or not I can get elected, but it goes to the  
17 population of people of whether they can elect a  
18 candidate of their choice.

19 Q. (BY MR. NIXON) What was the African,  
20 American, and Hispanic citizen voting age percentage of  
21 voting map number 1?

22 A. I don't know.

23 Q. Was it 55 percent, right?

24 A. I don't know.

25 MS. RICHARDSON: Objection, to form.

1 Q. (BY MR. NIXON) Okay. You just don't recall  
2 that?

3 A. I don't recall.

4 Q. Okay. Well, assume with me that fact, United  
5 States of America represents that fact over 55 percent  
6 districting map number 1 to the Court, do you disagree  
7 with that?

8 (Reporter clarification.)

9 MR. NIXON: Okay.

10 MR. BARRING: The air conditioning  
11 just came on.

12 MS. RICHARDSON: While you were  
13 speaking.

14 MR. HOWRY: Mr. Nixon, if you don't  
15 mind I think our court reporter's shoulders are getting  
16 cold and she wants to put her jacket on --

17 MR. NIXON: We can take a break now --

18 MR. HOWRY: Whatever you want to do.  
19 I'm not trying to get that, I just want to give her a  
20 chance to put her jacket on if she wants to.

21 MR. NIXON: Whatever you want to do.  
22 I have no idea what time it is, if anybody needs a  
23 break.

24 (Off topic discussions about  
25 lunch/break.)

1 THE VIDEOGRAPHER: Off the record at  
2 11:16.

3 (Off the record.)

4 THE VIDEOGRAPHER: We are back on the  
5 record at 11:33.

6 Q. (BY MR. NIXON:) Okay. So the -- just to kind  
7 of go back set the stage, county put up two maps on the  
8 when site. Map one very similar to what you wanted  
9 plus Bolivar; is that right?

10 MS. RICHARDSON: Object to form.

11 MR. MANCINO: Object to form.

12 MR. HOWRY: Object to form.

13 A. I would have to compare.

14 Q. (BY MR. NIXON) You can't remember. You  
15 didn't look at any maps to prepare for your deposition  
16 today?

17 A. No.

18 Q. You didn't go back and look at map 1 and map  
19 2, what was -- what was adopted?

20 A. No, I did not.

21 Q. Did you want Bolivar in your district?

22 MS. RICHARDSON: Object to form.

23 MR. MANCINO: Same.

24 A. No.

25 Q. (BY MR. NIXON:) Why not?

1 A. I believe that communities of interest should  
2 be maintained and maintained in the same precinct.  
3 With my precinct the way it was drawn before there was  
4 no community of interest or common interest with  
5 Bolivar and the precinct that I represented prior to  
6 the redistricting.

7 (Reporter clarification.)

8 A. There was no community of interest with  
9 Bolivar and precinct that I represented prior to  
10 redistricting.

11 Q. (BY MR. NIXON) Any other reason?

12 A. It was generally it.

13 MR. HOWRY: Commissioner, a little bit  
14 louder.

15 THE WITNESS: Yes, sir.

16 MR. HOWRY: Thank you.

17 Q. (BY MR. NIXON:) Now -- thank you.

18 (Off record discussions about  
19 documents.)

20 Q. (BY MR. NIXON) Okay. The fourth allegation  
21 in the paragraph 39 of the Justice Department position  
22 is the dismantling of the only minority opportunity to  
23 elect district. Now, let's talk about that for a  
24 moment. Earlier I asked you if you thought you could  
25 be elected under map number 1 and your answer was, the

1 question to you rephrase the question the real question  
2 was whether or not the voters could a elect the  
3 candidate of their choice. So I'm going to ask you  
4 that, with regard to map number 1, could the minority  
5 voters elect a candidate of their choice?

6 MR. MANCINO: Objection, form.

7 MS. RICHARDSON: Object to form.

8 A. We'd have to go back and look at the data  
9 because I don't know.

10 Q. (BY MR. NIXON) Now, the Department of Justice  
11 says that that adds up being a 55 percent minority  
12 opportunity district, would you disagree with that?

13 MS. RICHARDSON: Object to form.

14 MR. MANCINO: Join.

15 A. I don't know the percentages so I would say I  
16 don't know.

17 Q. (BY MR. NIXON) Do you know the percentage of  
18 your district as it existed prior to redistricting?

19 A. Not exactly, no.

20 Q. You don't know?

21 A. Not exactly.

22 MS. RICHARDSON: Objection to form.

23 Q. (BY MR. NIXON) When you asked Mr. Odom to  
24 draw a map, did you know what the percentages were in  
25 the district that you drew in the map that you drew for

1 Mr. Odom?

2 A. No.

3 Q. Did you look?

4 MS. RICHARDSON: Object to form.

5 A. I didn't have any data.

6 MR. MANCINO: Commissioner Holmes,  
7 sorry. Could you please just raise your voice a little  
8 bit?

9 THE WITNESS: Sure, I'm sorry. It's  
10 like the fourth time.

11 MR. MANCINO: Like they mentioned we  
12 have the air-condition over our head.

13 THE WITNESS: Yeah, yeah.

14 MR. BARON: And Joe needs to speak up  
15 too I thought I heard something about a map that the  
16 commissioners wanted to approve.

17 MS. RICHARDSON: It was hard to hear  
18 over the air conditioning.

19 MR. MANCINO: Yeah, so I would  
20 interject an objection to form to that question.

21 MS. RICHARDSON: I'll join.

22 MR. NIXON: Oh, I see.

23 Q. (BY MR. NIXON:) I'm going to hand you what's  
24 been marked Exhibit No. 8, and ask you if you can  
25 identify that?

1 (Exhibit No. 8 marked.)

2 MR. MANCINO: Do you have another copy  
3 of the exhibit?

4 MR. NIXON: They were sending out for  
5 copies. It's Holmes 000319.

6 MS. OLALDE: I apologize we had to  
7 have that one reprinted today, we are going to share.

8 Q. (BY MR. NIXON) Through 346, can you identify  
9 what Holmes Exhibit 8 is?

10 A. Yeah, this appears to be an exchange of  
11 emails with myself and Chad Dunn and attached, the maps  
12 attached to it.

13 Q. I note that there's no date on these emails,  
14 do you know why that is?

15 MS. RICHARDSON: Object to form.

16 MR. HOWRY: Object to form.

17 MR. MANCINO: I can't hear the  
18 question, so I'll object to form.

19 Q. (BY MR. NIXON) There are no dates on these  
20 emails, do you know why that is?

21 MR. BARON: We have the AC right above  
22 us, Joe it's part of the problem.

23 MR. NIXON: I see.

24 MR. BARON: It just turned on a little  
25 while ago.

1 MR. NIXON: I'm trying not to raise my  
2 voice to Mr. Holmes so.

3 MR. BARON: It's okay. I'm just  
4 telling you the fan is literally right above our heads.

5 MR. NIXON: No one ever has ever told  
6 me that my voice was soft, before today.

7 MR. BARON: I am sorry, I didn't mean  
8 it in that way, Joe. I do apologize, there's always a  
9 first time.

10 A. Yeah.

11 Q. (BY MR. NIXON) Why's there no date on these  
12 emails?

13 MR. HOWRY: Objection, form.

14 MS. RICHARDSON: Objection to form.

15 A. It says November 11, 2021, on the first page.

16 Q. (BY MR. NIXON) That's a calendar invite.

17 A. No, it's right here.

18 Q. Okay. Did you go through -- that's the  
19 date -- that email "you've been invited to a following  
20 event 11:00 o'clock," but it says, it's sent -- there's  
21 no date on when any of these have been sent?

22 A. It's on the next page it says November 10,  
23 2021.

24 Q. Okay. I see that, but if you go to document  
25 000322, it looks like you were transmitted some maps?

1 A. Yeah.

2 Q. A demo map A and demo map E, when were you  
3 given these maps?

4 A. I don't know the exact date. I think  
5 November 11, maybe. I don't know the exact date.

6 Q. I don't want you to speculate?

7 A. Yeah, I don't know. The don't know the exact  
8 date.

9 Q. So you got a memo that was attached to that  
10 email that's dated November 6, did you receive that  
11 memo on or about November 6 from Mr. Dunn?

12 MS. RICHARDSON: Object to form.

13 A. No, I believe it would have been after that.

14 Q. (BY MR. NIXON) Why do you believe that?

15 A. Because I believe that when I got the maps it  
16 was only a day of two.

17 Q. Do you have -- these emails were from  
18 Mr. Dunn, but do you have these emails in your inbox?

19 MS. RICHARDSON: Objection, form.

20 A. No, I don't think everything in this packet  
21 is an email.

22 Q. (BY MR. NIXON) Well, this -- this on 332, it  
23 says "gmail Chad Dunn to me, attorney-client privilege  
24 information see attached." And then you got -- and you  
25 have here below, "thanks Chad, the meeting has been

1 pushed to this Friday, I'll review and touch base with  
2 you," do you see that; did you write that?

3 A. If it's in this, I would say yes.

4 Q. Do you have a date of your email?

5 MS. RICHARDSON: Objection, form.

6 Asked and answered.

7 A. If it's not contained on this document I  
8 don't know what the date was.

9 Q. (BY MR. NIXON) Do you have these emails in  
10 your files?

11 MS. RICHARDSON: Object to form, asked  
12 and answered.

13 A. This that I sent would have come from my  
14 emails.

15 Q. (BY MR. NIXON) Well, this looks like -- it  
16 looks like it came from Mr. Dunn's emails?

17 A. Okay. Well.

18 Q. But do you know why there's no date on  
19 your -- all your other emails have dates, do you know  
20 why these don't?

21 MS. RICHARDSON: Object to form, asked  
22 and answered.

23 MR. HOWRY: Object to form.

24 MR. MANCINO: I'll join that.

25 A. I do not.

1 Q. (BY MR. NIXON) Okay. Turn with me to pages  
2 323, which is a memo?

3 A. This page.

4 Q. Yes. This says "you will find attached map  
5 showing Galveston County's current and proposed County  
6 Commissioners Precinct boundaries. The packet includes  
7 maps of the existing and proposed plans overlay with  
8 racial shading for White, Black, Hispanic, Black plus,  
9 Hispanic and Asian and other voting population.

10 Also, included are the top line demographic  
11 information with citizen voting age break downs in  
12 recent past political performance in each precinct  
13 within each plan;" did you want all that information?

14 MS. RICHARDSON: Objection, form.

15 MR. HOWRY: Objection, form.

16 A. I can't recall.

17 Q. (BY MR. NIXON) Now, Mr. Dunn was your lawyer  
18 that you hired and he provided you specifically with  
19 racial data for districting in Galveston County; is  
20 that correct?

21 MS. RICHARDSON: Objection, form.

22 MR. HOWRY: Objection, form.

23 MR. MANCINO: Form.

24 A. Yes.

25 Q. (BY MR. NIXON) Did he provide any of the

1 other -- did you provide this information to any of the  
2 other Commissioners?

3 MS. RICHARDSON: Object to form.

4 A. I presented some things at the meeting that  
5 we had of Commissioners Court, what all got presented,  
6 I don't recall.

7 Q. (BY MR. NIXON) You don't recall. It would be  
8 -- there's a record of what you referred to?

9 A. Yeah, yeah.

10 Q. Okay. Mr. Dunn informs you that the  
11 population deviation within the current map is outside  
12 the allowed 10 percent range, with Precinct 2 at 9  
13 percent above ideal. Precinct 3 at 8.8 percent below  
14 for total deviation of 17.8. The other two precincts  
15 have deviations under 3 percent; do you see where he  
16 tells you that?

17 A. Yes.

18 Q. Why did he give you that information?

19 MS. RICHARDSON: Objection, form.

20 MR. HOWRY: Objection to form.

21 A. I don't know.

22 Q. (BY MR. NIXON) Were you trying to draw a map  
23 that complied with one man one vote?

24 MS. RICHARDSON: Objection, form.

25 MR. HOWRY: Objection form.

1 A. I wasn't drawing any maps.

2 Q. (BY MR. NIXON) Okay. Well, someone in your  
3 request was?

4 MS. RICHARDSON: Objection to form.

5 A. Yes.

6 Q. (BY MR. NIXON) Do you know what the allowed  
7 deviation is under one man one vote?

8 A. 10 percent.

9 Q. Does that mean 5 percent up and 5 percent  
10 down?

11 A. No deviation between the smallest and the  
12 largest.

13 MS. RICHARDSON: Objection to form, to  
14 that prior question as to that part.

15 Q. (BY MR. NIXON) Do you know what that means 10  
16 percent up -- 5 percent up and 5 percent down, that's  
17 the range as far as 10 percent goes?

18 A. I don't know what you're -- I don't know what  
19 you're referring to.

20 Q. Okay. One man one vote?

21 A. Yes, but I mean, I don't know the -- stop.

22 MR. MANCINO: Objection, form.

23 Q. (BY MR. NIXON) Okay. Was your District 3  
24 under populated by 8.8 percent?

25 MS. RICHARDSON: Objection to form.

1 A. According to this document, yes.

2 Q. (BY MR. NIXON) That's the same information  
3 Ms. Riordan gave you too, you were off about 9 percent?

4 A. No.

5 Q. Ms. Riordan didn't tell you that?

6 A. Mr. Odom --

7 MS. RICHARDSON: Form.

8 A. -- Mr. Odom talked in whole numbers not in  
9 percentages.

10 Q. (BY MR. NIXON) And he told you you were below  
11 ideal by how much?

12 A. 8,000 something, I don't remember the exact  
13 number.

14 Q. Okay.

15 A. But he didn't speak in percentages.

16 Q. Okay. In any event you knew you needed to  
17 add population to your District to comply with one man  
18 one vote?

19 MS. RICHARDSON: Objection to form.

20 And asked and answered.

21 A. I did become aware of that, yes.

22 Q. (BY MR. NIXON) Okay. So let's go down to the  
23 county proposed maps and let's see --

24 A. On the exact date --

25 Q. Yes.

1 A. -- same page.

2 Q. Yes, same page. County proposed map one  
3 makes only minor changes in the benchmark panel; what  
4 do you understand that to mean?

5 A. Well, if they're referring to the benchmark  
6 map as the existing map at that time, then exactly what  
7 it says, minor changes to the map that was existing at  
8 that time.

9 Q. So your Precinct 3 would have stayed pretty  
10 much the same?

11 MR. MANCINO: Objection to form --

12 MS. RICHARDSON: Objection form.

13 MR. MANCINO: -- lacks foundation.

14 A. That's not what it says. It says minor  
15 changes. It doesn't say it would stay the same.

16 Q. (BY MR. NIXON) Okay. The core neighborhoods  
17 within each precinct are maintained; what does that  
18 tell you?

19 MS. RICHARDSON: Objection to form.

20 MR. MANCINO: Join.

21 A. That they did not remove core precincts from  
22 the precinct, from the commissioner precinct.

23 Q. (BY MR. NIXON) So map one maintains your core  
24 portion?

25 MS. RICHARDSON: Objection to form.

1 MR. MANCINO: Join.

2 A. According to this document, yes.

3 Q. (BY MR. NIXON) Do you agree with that  
4 statement?

5 A. I don't disagree.

6 Q. The population deviation in majority minority  
7 Precinct 3 is resolved by adding heavily republican  
8 Bolivar Peninsula precincts to the west which reduces  
9 the black CVAP, CVAP in Precinct 3 to 32 percent and  
10 Black and Hispanics CVAP to 55 present.

11 I said Black and Hispanic; do you  
12 understand that the B&H means Black and Hispanic?

13 A. Yes, I do.

14 Q. Okay. So when I asked you earlier, does the  
15 map one have a Black and Hispanic CVAP in Precinct 3 at  
16 55 percent, would you agree that that's accurate?

17 MS. RICHARDSON: Objection to form.

18 MR. MANCINO: Join.

19 A. I have no reason not to believe it.

20 Q. (BY MR. NIXON) And it's your lawyer giving  
21 you this advice, right; you're going to believe him?

22 MR. HOWRY: Objection to form.

23 MS. RICHARDSON: Objection to form.

24 A. Is that a question?

25 Q. (BY MR. NIXON) Yes.

1 A. I probably would question some things, but I  
2 would not -- I don't think Chad actually prepared this,  
3 but, no, I wouldn't necessarily disagree with it.

4 Q. Okay. He sent it to you though?

5 A. Yes.

6 Q. It's his work product --

7 MS. RICHARDSON: Objection to form.

8 Q. (BY MR. NIXON) -- that you asked for?

9 A. Yes.

10 Q. It says "the district appears to continue to  
11 perform for Black and other minority voters;" do you  
12 agree with that statement?

13 MS. RICHARDSON: Objection to form.

14 A. I don't know.

15 Q. (BY MR. NIXON) Do you have any reason to  
16 disagree with it?

17 A. No.

18 Q. "County proposed map two makes dramatic  
19 changes in the map far beyond what is required to deal  
20 with population deviation?"

21 MS. RICHARDSON: Can you --

22 Q. (BY MR. NIXON) Do you agree with that  
23 statement?

24 MS. RICHARDSON: Can you, for the  
25 record just let us know where we're at on the document?

1 MR. NIXON: Oh, yeah, that's on the  
2 next page, 324.

3 A. I'm sorry, could you ask it again?

4 Q. (BY MR. NIXON) "County proposed map makes  
5 dramatic changes in the map beyond, far beyond what is  
6 required to deal with population deviation;" do you  
7 agree with that statement?

8 A. Yes.

9 Q. Okay. Let's go down to the demonstration  
10 map. "A review of Galveston County demographics and  
11 past political performance reveals that while  
12 configuring a reasonably compact precinct with over 50  
13 cent (sic) 50 percent Black CVAP is not possible;" do  
14 you agree with that statement?

15 MR. MANCINO: Objection to form.

16 MS. RICHARDSON: Objection to form.

17 MR. MANCINO: Incomplete question  
18 based on the document.

19 A. I won't disagree with it.

20 Q. (BY MR. NIXON) He continues retaining  
21 Precinct 3 as a majority minority district affective  
22 for minority voters is easily done, two demonstration  
23 maps are included;" did you receive these maps included  
24 with the emails?

25 A. Yes.

1 Q. And you received them on or about June?

2 A. I don't know --

3 Q. Excuse me, November 6?

4 A. -- no.

5 MR. MANCINO: Objection to form --

6 MS. RICHARDSON: Objection to form.

7 MR. MANCINO: -- asked and answered.

8 A. No, I recognize seeing that around November

9 11, to my recollection.

10 Q. (BY MR. NIXON) Is there anyway that you know  
11 of that we can confirm the date when you may have  
12 received these maps?

13 MS. RICHARDSON: Objection to form.

14 MR. MANCINO: Join.

15 A. I don't know how you're going to confirm,  
16 this came exactly -- this came directly, I don't know  
17 how you're going to confirm it.

18 Q. (BY MR. NIXON) Are you able to go back and  
19 look at your emails to see if there're dates on them?

20 A. Sure.

21 MS. RICHARDSON: Objection to form.

22 Q. (BY MR. NIXON) That's something we're going  
23 to ask for. Would Mr. Dunn have a copy of the email  
24 that he sent --

25 MS. RICHARDSON: Objection to form.

1 A. -- you will have to ask him that.

2 Q. (BY MR. NIXON) Did Mr. Dunn provide you with  
3 an invoice?

4 MS. RICHARDSON: Objection to form.  
5 Asked and answer.

6 A. Yes.

7 Q. (BY MR. NIXON) Would the invoice or did the  
8 invoice include the day in which he transferred --  
9 transferred these maps to you?

10 A. I don't recall.

11 Q. Do you have a copy of that invoice?

12 A. I'm not sure if I still have a copy of them.  
13 I'm not sure.

14 Q. Did you use your campaign funds to pay for  
15 his work?

16 MR. HOWRY: Objection to form.

17 MS. RICHARDSON: Objection to form.

18 MR. HOWRY: Asked and answered.

19 A. Yes.

20 Q. (BY MR. NIXON) Did you record the -- to  
21 disclose that as required under federal election  
22 campaign laws -- no, excuse me.

23 A. Yes. No, state.

24 Q. Texas --

25 A. Yeah.

1 Q. -- Election Campaign Laws?

2 MR. HOWRY: Objection.

3 MS. RICHARDSON: Objection to form.

4 A. Yes.

5 Q. (BY MR. NIXON) How, did you disclose it?

6 A. Campaign financial book.

7 Q. Did you file with the county?

8 A. Yes.

9 Q. Do you use a (c)(3), 501 (c)(3) in which to  
10 use for campaign purposes?

11 MS. RICHARDSON: Objection to form.

12 A. No.

13 Q. (BY MR. NIXON) Do you -- you don't -- do you  
14 use any kind 501(c)(4)?

15 MS. RICHARDSON: Objection to form.

16 And both of you all have gotten like a little lower on  
17 the volume. I can barely hear the two of you and I'm  
18 the closest.

19 Q. (BY MR. NIXON) Did you use a 501(c)(4)?

20 A. No.

21 Q. Do you use any kind of outside entity, a pact  
22 of any kind?

23 MS. RICHARDSON: Objection to form.

24 A. To raise campaign funds?

25 Q. (BY MR. NIXON) Yes, or raise or spend

1 campaign funds?

2 A. No, I do have a 501, a nonprofit though.

3 Q. Yes, and how do you use that?

4 A. That is Galveston County Senior Citizen's  
5 Activities, Incorporated. That's used for senior  
6 citizen benefits and Galveston County, but that's a  
7 whole --

8 Q. That's a different thing?

9 A. -- it's all a separate entity, yes.

10 Q. You have a fundraiser every year for the  
11 senior citizens?

12 A. That is correct.

13 Q. And members of the Commissioners Court have  
14 participated in helping raise funds for you?

15 MS. RICHARDSON: Objection to form --

16 A. No.

17 Q. (BY MR. NIXON) No?

18 A. No.

19 Q. Joe Giusti doesn't come?

20 A. You -- you're asking --

21 MS. RICHARDSON: Objection to form.

22 MR. MANCINO: Join.

23 A. -- you're asking in helping to raise funds  
24 for, is the question that you're asking.

25 Q. (BY MR. NIXON) Well, do they provide any

1 gifts of any kind to your 501(c)(3), for the senior  
2 citizens?

3 MS. RICHARDSON: Object to the form.

4 A. No.

5 Q. (BY MR. NIXON) Joe Giusti doesn't?

6 A. None that I can recall.

7 MS. RICHARDSON: Objection, form.

8 Q. (BY MR. NIXON) He hasn't bought a TV?

9 A. Not that I can recall.

10 Q. Did mark Henry provide you money at one time?

11 MS. RICHARDSON: Objection to form.

12 MR. MANCINO: Join.

13 A. Not that I can recall.

14 Q. (BY MR. NIXON) Because we can go back and  
15 look at those records and figure that out, right?

16 MS. RICHARDSON: Objection to form.

17 MR. MANCINO: Objection to form, lacks  
18 foundation.

19 A. Yes.

20 Q. (BY MR. NIXON) Thank you. Okay. So did you  
21 ask the county to include demonstration map A 4B in the  
22 county's meeting who we said adopted maps?

23 MS. RICHARDSON: Object form, asked  
24 and answered.

25 MR. MANCINO: Join.

1 A. I displayed two maps at the county

2 Commissioners Court meeting on November 12.

3 Q. (BY MR. NIXON) Yes, we're aware of that

4 because it's on the video?

5 A. Yeah, yeah.

6 Q. Were any of those maps actually put on the

7 agenda for formal consideration?

8 MS. RICHARDSON: Object to form, asked

9 and answered.

10 A. Could not put them on the general form of

11 consideration because it was within the 72 hours. It

12 was too late to get them on the agenda.

13 Q. (BY MR. NIXON) Had -- had you had these maps  
14 72 hours before the meeting, could you have put them on  
15 the agenda?

16 MS. RICHARDSON: Object to form.

17 A. What do you mean, put them on the agenda?

18 Q. (BY MR. NIXON) Well, you could have said I  
19 want my maps to be considered and will you place them  
20 on the agenda as maps three and four?

21 MS. RICHARDSON: Object to form.

22 Q. (BY MR. NIXON) You could have done that,  
23 right?

24 A. Yeah, but I don't think the wording, as I can  
25 recall on the agenda was not paid. Commissioners Court

1 decide map one, two, three or four, I don't recall the  
2 wording being on the agenda.

3 Q. That's not what I asked.

4 MR. NIXON: Objection to  
5 nonresponsiveness of the answer.

6 Q. (BY MR. NIXON) Do you have the maps within 72  
7 hours, could you -- I mean, do you have the legal  
8 authority to ask them to be put on the agenda for that  
9 meeting?

10 A. Yes.

11 MS. RICHARDSON: Objection to form.

12 MR. MANCINO: Objection to form.

13 Q. (BY MR. NIXON) I'm going to hand you what's  
14 been marked as Exhibit No. 9, and ask you if you can  
15 identify them.

16 (Exhibit No. 9 marked.)

17 MS. OLALDE: I apologize I'm not as  
18 fast at this as Jordan is so I'm going to drop it in  
19 the chat. Give me one quick second.

20 Q. (BY MR. NIXON) I think this is DEFS 00011474.  
21 Can you identify Exhibit No. 9, please?

22 (Exhibit No. 9 marked.)

23 A. This appears to be an email from my assistant  
24 Michelle Watson to Randy Chapman and it talks about  
25 information that I handed out at the Commissioners

1 Court meeting on November 12, in regards to maps.

2 Q. (BY MR. NIXON) Okay. So you sent your

3 information to who was, who was Randy Chapman?

4 A. I didn't send this.

5 Q. Oh, your staff did?

6 A. Yeah, my staff did. Brandy Chapman works in

7 the county clerks office. He keeps the records of

8 Commissioners Court.

9 Q. Okay. Did you want your maps to go on the

10 website?

11 MS. RICHARDSON: Object to the form.

12 MR. MANCINO: Same.

13 A. Yeah, this is November 12, at 4:59 after we

14 already had the meeting.

15 Q. (BY MR. NIXON) Right. So after the meeting

16 you said here, you gave the county the information

17 about your maps?

18 A. Gave it to her in the meeting, at the meeting

19 and my assistant followed up with an email for it so it

20 would be recorded in the records of the meeting from

21 that particular day.

22 Q. Okay. Thank you. United States of America

23 on, in paragraph 46 of their complaint, it says

24 "Commissioner Holmes the commission's only, the

25 commissioner court only minority member during the 2021

1 redistricting process has stated throughout that  
2 process he was excluded from discussions with defendant  
3 Henry and the other commissioners."

4                                   Were you excluded from discussions  
5 with defendant Henry and the other commissioners?

6                                   MS. RICHARDSON: Object to form, asked  
7 and answered.

8                   A. I never had a conversation with Judge Henry.  
9 The only conversation I had regarding redistricting was  
10 with Commissioner Apffel prior to the vote on  
11 redistricting.

12                   Q. (BY MR. NIXON) Did you have any conversation  
13 with Joe Giusti?

14                   A. Not prior to the vote of the redistricting I  
15 may have had a conversation after that, but not prior  
16 to it.

17                   Q. Now, you, all you commissioners have each  
18 other's phone numbers, right?

19                                   MS. RICHARDSON: Object to form.

20                   A. Yes.

21                   Q. (BY MR. NIXON) Emails, right?

22                                   MS. RICHARDSON: Same objection.

23                   A. Yes.

24                   Q. (BY MR. NIXON) You email and call each other  
25 regularly, correct?

1 A. No.

2 MR. MANCINO: Objection to form.

3 Q. (BY MR. NIXON) Have you ever called Mark  
4 Henry?

5 MS. RICHARDSON: Object to form.

6 A. Not that I can recall.

7 Q. (BY MR. NIXON) Not one time?

8 A. Not that I can recall.

9 MS. RICHARDSON: Same objection.

10 Q. Why not?

11 MS. RICHARDSON: Same objection.

12 MR. HOWRY: Objection, form.

13 A. My conversation's with the county judges  
14 office or with his Chief of staff, Donald Drummond.

15 Q. (BY MR. NIXON) You have his phone number?

16 A. Tyler Drummond?

17 Q. Yes.

18 A. Yes.

19 Q. Do you talk to him regularly?

20 MS. RICHARDSON: Objection to form.

21 MR. MANCINO: Objection to form.

22 A. I don't know if I would use the word  
23 regularly, but I do talk to him.

24 Q. (BY MR. NIXON) How often?

25 A. Depends on if there's an issue that is

1 pressing, it would be if that's so more often than not,  
2 if there's no pressing issue, not that often.

3 Q. Okay. You're comfortable calling him anytime  
4 you need?

5 A. Tyler Drummond?

6 Q. Yes.

7 MS. RICHARDSON: Objection to form,  
8 same objection.

9 A. Yes.

10 Q. (BY MR. NIXON) You're comfortable calling  
11 other commissioners too, right?

12 MS. RICHARDSON: Object to the form.

13 A. Yes.

14 Q. (BY MR. NIXON) Your staff works with the  
15 other commissioner's staff as well, right?

16 MR. MANCINO: Objection to form.

17 MS. RICHARDSON: Objection.

18 A. No.

19 Q. (BY MR. NIXON) No?

20 A. No.

21 Q. Your staff doesn't call the other  
22 commissioner's staff?

23 A. No.

24 MR. MANCINO: Objection to form.

25 Q. (BY MR. NIXON) Why not?

1 MS. RICHARDSON: Same objection.

2 A. If there's something that needs to be

3 discussed, I would make a call.

4 Q. (BY MR. NIXON) Okay. That goes without  
5 saying redistricting is -- is -- was at one time a  
6 pressing matter, right?

7 A. It certainly became pressing in the last week  
8 or two.

9 Q. Yes.

10 A. Prior to the vote.

11 Q. How many times have you called Tyler Drummond  
12 during that process?

13 MR. MANCINO: Objection to form.

14 A. I don't have a number, we spoke several times  
15 during the process.

16 Q. (BY MR. NIXON) Did he ever refuse to take  
17 your call?

18 A. What do you mean?

19 MR. MANCINO: Objection to form.

20 Q. (BY MR. NIXON) Like didn't answer your phone,  
21 said I'll call you back in a week?

22 A. Not --

23 MR. HOWRY: Objection to form.

24 MS. RICHARDSON: Objection, form.

25 A. -- not that I recall.

1 Q. (BY MR. NIXON) He was responsive to your  
2 request for communication, was he not?

3 MR. MANCINO: Objection to form.

4 MS. RICHARDSON: Same objection.

5 A. What do you mean responsive?

6 Q. (BY MR. NIXON) He answered your calls. He  
7 responded to your request for information?

8 A. Yeah.

9 Q. He talked to --

10 MS. RICHARDSON: Objection to form.

11 MR. MANCINO: Objection.

12 Q. (BY MR. NIXON) Right?

13 A. I don't know that I called him that often.  
14 So it was more him calling me.

15 Q. He called you?

16 A. Yes.

17 Q. And did you take his calls?

18 A. Yes.

19 MS. RICHARDSON: Objection to form.

20 Q. (BY MR. NIXON) Did you communicate about the  
21 redistricting process during those phone calls?

22 A. Yes.

23 Q. You know let's take a look at map number 1.

24 Okay. I'm going to hand you what's been marked as

25 Exhibit No. 10 and ask you if you can identify that?

1 (Exhibit No. 10 marked.)

2 A. This appears be proposed maps of one and 2.

3 Q. (BY MR. NIXON) It's from the county's  
4 website?

5 A. I don't know.

6 MS. RICHARDSON: Objection, form.  
7 Lacks foundation.

8 A. Yeah, I don't know.

9 Q. (BY MR. NIXON) All right. Do you know  
10 whether or not those maps are still available on the  
11 county's website?

12 A. I don't know.

13 Q. Okay. Does map number 1, Galveston Texas map  
14 1, this refers to the county's districting, proposed  
15 districting; was this available online on October 29,  
16 2021?

17 MS. RICHARDSON: Object to form.

18 A. Yes.

19 Q. (BY MR. NIXON) District 3, the one in the  
20 orange, the proposed district for you?

21 MS. RICHARDSON: Object to form.

22 A. Proposal Precinct 3.

23 MR. MANCINO: Objection to form.

24 Q. (BY MR. NIXON) Yes, do you live in Precinct  
25 3?

1 A. Yes.

2 MS. RICHARDSON: Object to form.

3 Q. (BY MR. NIXON) Where in map number 1 do you  
4 live?

5 A. I live in the northern part in Precinct 3.

6 Q. Is that that little area that's kind of  
7 surrounded by Precinct 4, in the purple?

8 MR. MANCINO: Objection to form.

9 MS. RICHARDSON: Objection to form.

10 A. I don't know if that's it or if it's, at the  
11 tip right there --

12 Q. (BY MR. NIXON) Okay. Your house was drawn  
13 into, your residence was drawn into map number 1,  
14 right?

15 MS. RICHARDSON: Object to form.

16 A. What do you mean drawn, what do you mean?

17 Q. (BY MR. NIXON) Your home --

18 A. Included.

19 Q. -- it was included in the Precinct?

20 A. Yes.

21 Q. 3, right?

22 A. Yes.

23 Q. Precinct 3 includes the Bolivar Peninsula; is  
24 that correct?

25 A. Yes.

1 Q. Okay.

2 A. On this map.

3 Q. On this map. If you take out the Bolivar  
4 Peninsula, is there any other objection you would have  
5 to Precinct 3?

6 MS. RICHARDSON: Object to the form.

7 MR. MANCINO: Join.

8 A. I don't know, I would have to study the map.

9 Q. (BY MR. NIXON) Okay. Did you study any maps  
10 in preparation for your deposition today?

11 MR. HOWRY: Objection form.

12 MS. RICHARDSON: Objection, form.

13 Asked and answered.

14 A. No.

15 Q. (BY MR. NIXON) What would you need to study  
16 about map number 1 in order for you to answer that  
17 question?

18 A. Yes.

19 MS. RICHARDSON: Objection to form.

20 MR. MANCINO: Join.

21 A. I would probably look at -- look at the  
22 population, look at the demographics and the population  
23 as well.

24 Q. (BY MR. NIXON) What demographics would you  
25 look at?

1 A. White, Black, Anglo, Hispanic.

2 Q. Anything else?

3 A. That would be generally it.

4 Q. Thank you.

5 A. Nothing I can think of at this time.

6 Q. Thank you. All right. I want to move and

7 talk to you about the hearing on November 12.

8 A. Yeah.

9 Q. Okay. Was that a special session?

10 A. Yes.

11 Q. Where are special sessions held?

12 MS. RICHARDSON: Objection, form.

13 Q. (BY MR. NIXON) Special sessions held, where

14 are they held?

15 A. In Commissioners Courtroom.

16 Q. Where?

17 A. Galveston. League City.

18 Q. League City?

19 A. Yeah.

20 Q. How often does the Commissioners Court have

21 their general meetings?

22 A. A regularly scheduled meetings?

23 Q. Your regularly scheduled meetings?

24 A. Every other Monday.

25 Q. Every other Monday?

1 A. Yes. We met last Friday because Monday was a  
2 holiday.

3 Q. Yes.

4 A. But generally every other Monday.

5 Q. So Monday, and now those meetings were held  
6 on Galveston Island in the Courtroom in Galveston  
7 Island; is that right?

8 MS. RICHARDSON: Objection, form.

9 A. Yes.

10 Q. (BY MR. NIXON) Are they always held, the  
11 regularly scheduled meetings in the courtroom on  
12 Galveston Island?

13 MS. RICHARDSON: Object to form.

14 A. Yes.

15 Q. (BY MR. NIXON) What time of day are the  
16 regularly scheduled meetings held?

17 A. 9:30 a.m.

18 Q. They're over when?

19 A. Depends on what's on the agenda. I mean, it  
20 could be really quick, 30 minutes, a little bit longer  
21 than an hour, but they're normally not very long  
22 meetings.

23 Q. Okay. The special sessions are always held  
24 at the annex on Calder Road; is that correct?

25 MS. RICHARDSON: Object to form.

1 A. No, not necessarily, not necessarily.

2 Q. (BY MR. NIXON) So that's where the annex is?

3 A. Calder Road, yes.

4 Q. Is the -- the greater percent of the  
5 population of Galveston County closer to the Calder  
6 Road courtroom or the Galveston Island courtroom?

7 MS. RICHARDSON: Object to form.

8 A. I'm not --

9 Q. (BY MR. NIXON) Well, you know the mostly  
10 population of the -- most of the county, right?

11 A. League City's our largest city, yes.

12 Q. And Galveston and -- the City of Galveston's  
13 the only city in Texas that's losing population that's  
14 over 50,000; is that right?

15 MS. RICHARDSON: Object to form.

16 MR. MANCINO: Join.

17 Q. (BY MR. NIXON) Did you know that?

18 A. No, I don't know.

19 Q. Did the population of Galveston city lose  
20 population between 2010 into 2020 sentence?

21 MS. RICHARDSON: Object to the form.

22 A. I can't recall.

23 Q. (BY MR. NIXON) it's on the, it would be on  
24 the website for me to get it?

25 A. Yeah.

1 Q. Okay. The special session on November 12 was  
2 held at what time of day?

3 A. It was in the afternoon, 2:00 o'clock, 1:30,  
4 2:00 o'clock.

5 Q. Did the democrat party of Galveston County  
6 send out a notice to people to come and attend?

7 A. I think so.

8 Q. You only have four commissioners at that  
9 meeting and that was because Ken, Commissioner Ken  
10 Clark had passed away?

11 A. No, he was still alive.

12 MS. RICHARDSON: Objection to form.

13 Q. (BY MR. NIXON) Oh, he was still alive?

14 A. Uh, huh.

15 Q. Was he too sick to attend?

16 MS. RICHARDSON: Objection to form.

17 A. I don't know what the reason was, why he  
18 wasn't there.

19 Q. (BY MR. NIXON) Okay. A quorum of the  
20 Commissioner's Court consists of how many?

21 A. Three.

22 Q. You had a quorum?

23 A. Yes.

24 Q. You don't have an issue with -- or let me ask  
25 it this way; do you have an issue with any of the, of

1 how the meeting was noticed and whether or not or  
2 complied with Texas Open Meetings Law?

3 MS. RICHARDSON: Objection form.

4 MR. MANCINO: Objection to form.

5 A. Yes, I do have knowledge of it.

6 Q. (BY MR. NIXON) Okay. Tell me what that is?

7 A. Yeah.

8 MS. RICHARDSON: Sorry, Mr. Holmes.

9 A. One of the things in the Texas statute is  
10 that you must hold a meeting in a place that can  
11 reasonably accommodate the crowd that is expected for  
12 that meeting. And my conversation with Tyler Drummond  
13 when he told me the meeting was scheduled in the early  
14 November, we talked about the meeting -- I asked where  
15 it would be held, he says, you know, my boss. You know  
16 where it's going to be held. I said Calder Road he  
17 said yes I said there's going to be I will be there and  
18 there will be a lot of people with me at that meeting,  
19 we'll have a large crowd. So knowing that you're going  
20 to have a large crowd the meeting should have been held  
21 in Galveston where we have a larger courtroom can  
22 accommodate several hundred people as opposed to the  
23 Calder Road annex which was under construction, much of  
24 much of the parking lot was blocked off and the room  
25 can only sit 35, 40 people. So many of the people that

1 were there that day were in the hallway standing up  
2 outside in different places. When the meeting should  
3 have been called and held in Galveston because it could  
4 easily accommodate the crowd that was expected.

5 Q. Did you attend the meeting?

6 A. I did.

7 Q. Did you state your objection and claim that  
8 this was an illegal meeting for that reason on the  
9 record?

10 MS. RICHARDSON: Object to form.

11 A. I don't know if I used the words "illegal  
12 meeting." -- yeah, yeah, --

13 Q. (BY MR. NIXON) I asked you to comply with the  
14 laws of the state, that's what I was asking?

15 A. Yeah.

16 Q. Not whether or not you liked it.

17 A. Yeah. No.

18 MR. MANCINO: Objection to form.

19 MS. RICHARDSON: Yeah, same objection.

20 A. Yeah.

21 Q. (BY MR. NIXON:) Did it comply with the laws  
22 of the state?

23 MS. RICHARDSON: Objection, form.

24 MR. MANCINO: Objection to form.

25 A. My answer to that is no.

1 Q. (BY MR. NIXON:) Okay. Did you state your  
2 objection to the meeting on the record?

3 A. That day?

4 MS. RICHARDSON: Object to form.

5 Q. (BY MR. NIXON:) Yes.

6 A. I can't recall.

7 Q. (BY MR. NIXON:) So as a commissioner you  
8 did -- you did not state to Judge Henry "I wish to be  
9 recognized, and I wish to make the objection, I wish to  
10 put my objection to the meeting on the record?"

11 MR. MANCINO: Objection.

12 Q. (BY MR. NIXON:) "And I think this is an  
13 illegal meeting for that reason?" Did you do that?

14 MS. RICHARDSON: Objection to form.

15 MR. MANCINO: Objection to form.

16 A. I did not use those words, no.

17 Q. (BY MR. NIXON:) Okay. Did you ask to be  
18 recognized for the purpose of objecting to the -- to  
19 the meeting being held at all?

20 MS. RICHARDSON: Objection, form.

21 MR. MANCINO: Same objection.

22 A. No.

23 Q. Did you ask at the meeting, that the meeting  
24 be delayed for the purpose of allowing you to put your  
25 maps on the agenda?

1 MS. RICHARDSON: Objection, form.

2 A. I mean, the communication that I had -- that  
3 I had received, well, that was the last day we could  
4 reasonably hold the meeting because everything had to  
5 be done on the 12th through the secretary of state's  
6 meeting.

7 MR. NIXON: Object to the  
8 non-responsiveness.

9 Q. (BY MR. NIXON:) Did you, on the record, ask  
10 that the meeting be delayed for three days?

11 MS. RICHARDSON: Object to form.

12 MR. MANCINO: Objection to form.

13 A. It could not have been delayed for three days  
14 because we did not -- we had to sign off --

15 Q. (BY MR. NIXON:) So let me ask you --

16 A. -- with the secretary -- with the Texas  
17 secretary of state.

18 Q. The answer to my question is no, you did not  
19 ask that the meeting be delayed?

20 A. No.

21 MS. RICHARDSON: Object to form.

22 MR. MANCINO: Objection to form.

23 Q. (BY MR. NIXON:) The United States of America  
24 alleges in paragraph 47 that during the September 23,  
25 2021 meeting with the county's redistricting counsel

1 Commissioner Holmes provided the county's redistricting  
2 counsel with his views as to those changes to precinct  
3 3 that he believed to be necessary and appropriate. Is  
4 that a true statement?

5 A. Yes.

6 MS. RICHARDSON: Objection, form.

7 MR. MANCINO: Objection to form.

8 A. Yes.

9 Q. (BY MR. NIXON:) Just quickly, is the new  
10 commissioner Dr. Armstrong?

11 A. Yeah.

12 Q. Friend of yours?

13 MS. RICHARDSON: Objection to form.

14 A. I wouldn't call him a friend, but I've known  
15 him a long time.

16 Q. (BY MR. NIXON:) Grew up together, right?

17 A. No. Uh-uh. I used to --

18 Q. You used to date his sister, right?

19 MS. RICHARDSON: Objection to form.

20 Q. (BY MR. NIXON:) And you're still good friends  
21 with his mom, right?

22 A. Yeah. We have the same birth date.

23 Q. You grew up in La Marque?

24 A. I grew up in Dickinson.

25 Q. Where did Dr. Armstrong grow up?

1 A. He grew up in West Texas City. He went to La  
2 Marque High School.

3 Q. Dr. Armstrong's father was active in the  
4 civil rights movement in Galveston County, wasn't he?

5 A. I know he was -- he was politically active.  
6 I don't know if he went back that far. I'm not sure.  
7 But he was -- I remember him being on the school board  
8 in La Marque.

9 MR. NIXON: I'm at a good spot.

10 MR. HOWRY: Yeah, let's take a lunch  
11 break.

12 THE VIDEOGRAPHER: Off the record at  
13 12:22.

14 (Off the record.)

15 THE VIDEOGRAPHER: We are back on  
16 record at 1:33.

17 Q. (BY MR. NIXON:) Commissioner, during the  
18 break your -- your lawyer asked me to make sure that I  
19 wasn't violating your space. And I -- you know, I know  
20 that there are, what, a dozen of us in this room. It's  
21 kind of a small room and we're all crowded around.

22 A. Yeah.

23 Q. I don't mean to -- to be too close to you at  
24 any time. So if -- and -- and if that happens, tell  
25 me.

1 A. Yeah.

2 Q. I -- I get it.

3 A. Yeah.

4 Q. I'm 6'4", and not small, right?

5 A. Yeah, yeah, so that's okay.

6 Q. So -- but, I mean, I only got so much space.

7 And there's enough of me to --

8 A. Yeah. But we do need to maintain a  
9 comfortable distance between the two of us.

10 Q. Tell me if you feel uncomfortable.

11 A. Yeah, absolutely.

12 Q. And then -- and then we'll do something about  
13 it, okay?

14 A. Uh-huh.

15 MR. HOWRY: And I -- I also offered on  
16 the record that if get to a place where we can't  
17 accomplish that, and also because of the noise  
18 situation, I've offered to switch spots with you so  
19 that there's a person between you it might also help  
20 with the audio, hearing both of you in this room.

21 So I'm going to be watching, too. And I've  
22 told you that I'll say something if I think you're  
23 getting in his space and I think you did a few times or  
24 two.

25 MR. NIXON: Well, I -- I really don't

1 want to do that.

2 MR. HOWRY: I understand.

3 MR. NIXON: If -- if I ever did I'm --

4 I want to tell you, I'm sorry. That is not my intent.

5 You know me, I've known you for a long time. I'm not

6 that kind of guy okay.

7 Q. (BY MR. NIXON:) Ready to go?

8 A. Yeah.

9 Q. Okay. Why are you not a plaintiff in this  
10 case?

11 MS. RICHARDSON: Objection to form.

12 MR. HOWRY: Objection, form.

13 MR. MANCINO: Objection.

14 A. Why am I not a plaintiff?

15 Q. (BY MR. NIXON:) Yes, sir.

16 MR. MANCINO: Objection.

17 MS. RICHARDSON: Same objection.

18 A. I mean, I don't -- I don't understand your  
19 question.

20 Q. (BY MR. NIXON:) Ten years ago you were a  
21 plaintiff?

22 MR. MANCINO: Objection to form.

23 A. Yes, that is correct.

24 Q. (BY MR. NIXON:) You're not a plaintiff at  
25 this time?

1 A. No, I'm not.

2 Q. Were you advised to not be a plaintiff?

3 MS. RICHARDSON: Objection, form.

4 MR. MANCINO: Objection.

5 MR. HOWRY: Objection, form. And

6 objection to the extent it calls for the

7 attorney-client privilege communications. You don't

8 have to talk about that.

9 Q. (BY MR. NIXON:) You can answer the question.

10 A. No.

11 Q. You were not advised? Is that what you're

12 saying, no, you're not going to answer the question or

13 no, no one gave you any advice?

14 A. No, I was not advised.

15 Q. Okay. Did any of the current lawyers who are

16 representing plaintiffs suggest to you that you not be

17 a plaintiff?

18 MS. RICHARDSON: Objection to form.

19 MR. MANCINO: Objection.

20 MR. HOWRY: Again, I object to the

21 extent it calls for attorney-client privileged

22 communications between any lawyer who's represented you

23 in the past. It -- it might impact that decision. If

24 it does, you don't have to talk about that

25 conversation.

1 A. I haven't since -- filed any lawsuits. I  
2 haven't -- I don't -- I don't believe I've talked to  
3 any of the lawyers in this case.

4 Q. (BY MR. NIXON:) I'm sorry, I didn't  
5 understand your answer. Who did you mean?

6 MR. MANCINO: Objection to form.

7 A. What was your question?

8 Q. (BY MR. NIXON) Did any of the lawyers who  
9 were representing plaintiffs in this case advise you  
10 not to be a plaintiff?

11 A. No.

12 MS. RICHARDSON: Objection to form.

13 A. No.

14 Q. (BY MR. NIXON:) Did you ever think about  
15 being a plaintiff in this case?

16 MR. HOWRY: Objection, form.

17 MS. RICHARDSON: Objection to form.

18 A. No, not necessarily.

19 Q. (BY MR. NIXON) Why not?

20 MS. RICHARDSON: Objection to form.

21 MR. MANCINO: Objection to form.

22 MR. HOWRY: It's -- objection. It's  
23 argumentative, as well.

24 A. I -- I don't have a reason.

25 Q. (BY MR. NIXON:) You did meet with the DOJ.

1 And you talked to them at least twice, right,  
2 immediately after the maps were passed; is that true?

3 MS. RICHARDSON: Objection, form.

4 MR. MANCINO: Join.

5 Q. (BY MR. NIXON:) Within the month?

6 MS. RICHARDSON: Same objection.

7 (Parties speaking simultaneously.)

8 MR. HOWRY: Is that a question -- is  
9 that a question or is that just a statement of fact?  
10 You don't have to answer. There's no question on the  
11 table right now, Commissioner.

12 MR. NIXON: I asked -- I ended it with  
13 "Is that true?"

14 (Reporter clarification.)

15 MS. RICHARDSON: Same objection.

16 Q. (BY MR. NIXON:) Is that true?

17 A. What -- what's the question?

18 Q. Did you meet with the DOJ in November of  
19 2021?

20 A. Did I have a conversation?

21 Q. Yes.

22 A. Yeah, I did. Yes.

23 Q. For what purpose?

24 A. They called me. I'm trying to remember the  
25 person's name. They called me to tell me they were

1 getting a lot of calls from Galveston County, and that  
2 they would be looking into it.

3 Q. Did they ask you for your opinion or  
4 thoughts?

5 A. No. I don't recall them asking me that at  
6 that time, no.

7 Q. Did they call subsequently to ask you for  
8 your opinion or facts?

9 MS. RICHARDSON: Objection to form.

10 MR. MANCINO: Objection to form.

11 A. I had a conversation with them later in the  
12 year or early in 2022. Late December, early January.

13 Q. (BY MR. NIXON:) Did you go back up to DC this  
14 -- this time around?

15 MS. RICHARDSON: Objection to form.

16 A. I did not.

17 Q. All your phone calls -- all your  
18 conversations with them were over the phone?

19 MR. MANCINO: Objection to form.

20 MS. RICHARDSON: Same objection.

21 A. Yes.

22 Q. (BY MR. NIXON:) Did anybody come down here to  
23 talk to you in person?

24 MS. RICHARDSON: Objection to form.

25 A. From the Department of Justice?

1 Q. (BY MR. NIXON:) Yes.

2 A. No.

3 Q. Any other governmental agency?

4 MS. RICHARDSON: Objection to form.

5 MR. HOWRY: Objection, form.

6 A. No.

7 Q. (BY MR. NIXON:) Did you speak to any of the  
8 lawyers who are currently representing plaintiffs about  
9 this case?

10 MS. RICHARDSON: Objection to form.

11 MR. HOWRY: Objection to form.

12 MR. MANCINO: Asked and answered.

13 A. Since the filing of this lawsuit or prior to  
14 filing of this lawsuit?

15 Q. (BY MR. NIXON:) Prior to filing the lawsuit?

16 MS. RICHARDSON: Same objection.

17 A. Well, I think at some -- at one point -- as  
18 you know already, we talked about Chad Dunn.

19 Q. (BY MR. NIXON:) Yes.

20 A. But at -- at that representation, at that  
21 time, no. I'm sorry -- I'm sorry. Sarah Chen, as  
22 well.

23 Q. Yes.

24 A. I forgot about that.

25 Q. Okay. Since the filing of the lawsuit, did

1 you talk to anyone?

2 A. No.

3 Q. You haven't talked to any of the lawyers  
4 since they filed the lawsuit?

5 MS. RICHARDSON: Objection to form.

6 A. No.

7 Q. (BY MR. NIXON:) You're aware -- aware that  
8 the lawsuit was filed almost a year ago, or a year --  
9 over a year ago, right?

10 A. Yeah, yes. Yeah, yeah.

11 Q. Okay.

12 A. Yeah.

13 Q. Did you retain all your documents, emails,  
14 notes, everything -- everything in your personal  
15 records and in your official capacity as the  
16 commissioner of records regarding anything to do with  
17 this lawsuit?

18 MS. RICHARDSON: Objection to form.

19 MR. MANCINO: Same.

20 A. Yeah. I would say so, yes.

21 Q. (BY MR. NIXON) How much --

22 A. But it was what I had.

23 Q. All right. So we just got it a few weeks  
24 ago?

25 A. Yeah.

1 Q. Why did it take so long?

2 MR. HOWRY: Objection, form.

3 MS. RICHARDSON: Objection, form.

4 A. What do you mean? What do you mean, why did  
5 it take so long?

6 MR. HOWRY: We complied with the  
7 subpoena, if that's what you're referring to.

8 Q. (BY MR. NIXON:) Do you think you have a  
9 conflict with the client -- with the county on this  
10 case?

11 MS. RICHARDSON: Objection to form.

12 A. What would that conflict be?

13 Q. (BY MR. NIXON:) Well, don't know. That's why  
14 I'm asking you. Do you agree that the county passed  
15 legal maps?

16 A. I don't agree that the county passed legal  
17 maps.

18 Q. So you have -- you have a disagreement with  
19 the county in this case? You think the plaintiffs are  
20 right?

21 MS. RICHARDSON: Objection to form.

22 MR. MANCINO: I'll join.

23 A. I think the defendants are wrong.

24 Q. (BY MR. NIXON:) The defendants are wrong.  
25 Does that mean the plaintiff are right, or no?

1           A.     The defendants are wrong.  I mean, I -- I  
2 mean, I haven't read all the pleadings in the case, to  
3 be honest with you.  So -- but what I know with the --  
4 I do know what the defendants did, and that is wrong.

5           Q.     In your opinion.  Is there anything -- well,  
6 let me ask you this.  Are you representing yourself to  
7 be a -- a redistricting expert in this case?

8           A.     Absolutely not.

9                         MS. RICHARDSON:  Objection to form.

10          Q.     (BY MR. NIXON) What?

11          A.     No.  A redistricting expert?

12          Q.     Yes, sir.

13          A.     No.  No.

14          Q.     Any other kind of expert?

15                         MS. RICHARDSON:  Same objection.

16                         MR. MANCINO:  Objection.

17                         MR. HOWRY:  Objection.  Objection,  
18 form.

19          A.     As it relates to this case?

20          Q.     (BY MR. NIXON:) Yes, sir.

21          A.     No.

22          Q.     Only as a fact witness; is that right?

23                         MR. HOWRY:  Objection, form.

24                         MS. RICHARDSON:  Objection, form.

25          A.     Well, I was subpoenaed to be here.  So

1 whoever subpoenaed me to be here would probably be  
2 better to answer that question.

3 MR. HOWRY: Volume, please.

4 THE WITNESS: Got you.

5 Q. (BY MR. NIXON:) So let me circle back to the  
6 other question I had. Do you think you have a conflict  
7 with the county over this case?

8 MS. RICHARDSON: Objection.

9 MR. HOWRY: Objection to form.

10 MS. RICHARDSON: Also asked and  
11 answered.

12 A. No.

13 Q. (BY MR. NIXON:) Why not?

14 MR. HOWRY: Objection, form. That's  
15 been asked and answered.

16 MS. RICHARDSON: Same objection.

17 MR. HOWRY: We're -- we're -- we're --  
18 we're going to really waste a lot of times when you're  
19 asking questions over and over -- over and over. So if  
20 you keep questions I'm going to start instructing him  
21 not to answer the question, this is one of those.

22 Q. (BY MR. NIXON:) Go ahead and answer it.

23 MR. HOWRY: Don't answer it. The  
24 question's already been asked and answered.

25 Q. (BY MR. NIXON:) Are you able to give us any

1 facts that Commissioner Giusti has done anything racial  
2 -- racially motivated as a commissioner?

3 MS. RICHARDSON: Object to form.

4 MR. MANCINO: Objection to form.

5 A. Has he done anything to me?

6 Q. (BY MR. NIXON:) Yes.

7 MS. RICHARDSON: Same objection.

8 MR. MANCINO: Join.

9 Q. (BY MR. NIXON:) Has he done -- has he done  
10 anything at all in relation to his official duties?

11 MS. RICHARDSON: Same objection.

12 MR. MANCINO: Objection to form.

13 A. That I don't know.

14 Q. (BY MR. NIXON:) Okay. Mark Henry, same  
15 question.

16 MR. MANCINO: Objection to form.

17 MR. HOWRY: Object to form of the  
18 question.

19 MS. RICHARDSON: Objection.

20 MR. MANCINO: Form of the question.

21 Q. (BY MR. NIXON:) Has Mark Henry done anything  
22 in his official duties with racial intent?

23 MS. RICHARDSON: Object to the form.

24 MR. MANCINO: Objection to form.

25 MS. RICHARDSON: Asked and answered.

1 A. Has he done anything to me racially, is that  
2 what you're asking me?

3 Q. (BY MR. NIXON:) Yeah. No, not personally to  
4 you. As it -- as it relates to his office of county  
5 judge?

6 A. Yeah, I don't know.

7 MR. MANCINO: Objection to form.

8 Q. (BY MR. NIXON:) You don't know?

9 A. No.

10 Q. What about any of the other commissioners?

11 MS. RICHARDSON: Same objection.

12 Q. (BY MR. NIXON:) Are you able to identify  
13 anything that they've done, racial intent, in their  
14 official duties? Any --

15 A. Any --

16 MR. MANCINO: Objection to form.

17 MS. RICHARDSON: Same objection.

18 Q. (BY MR. NIXON:) In their official duties.  
19 Not to you personally.

20 A. Yeah, I don't know.

21 Q. You don't know anything?

22 A. Yeah, I don't know whether they have or have  
23 not.

24 Q. Okay. I want to talk about the Dickinson  
25 voting location. Okay. There was an issue with --

1 with one -- one voting location in Dickinson. Do you  
2 remember what that was?

3 A. Who had an issue with it?

4 Q. Well, there was a -- it was pled that -- that  
5 one location was eliminated and then reinstated. Do  
6 you -- you recall what the issue was with that area in  
7 Dickinson?

8 MR. MANCINO: Objection to form.

9 MS. RICHARDSON: Same objection.

10 A. I think you'd have to give me a little  
11 more -- a little more information, what you're talking  
12 about.

13 Q. (BY MR. NIXON:) Okay. I will. I will.

14 Let's get back to just a couple of follow-up questions  
15 with regard to the September -- excuse me -- November  
16 12th meeting, special session.

17 A. All right.

18 Q. Okay.

19 A. Yeah.

20 Q. All right. There was an overflow room in  
21 which the meeting was live streamed in the other room;  
22 is that correct?

23 A. I -- I -- I don't recall that. I just recall  
24 a bunch of people in the hallways because I was -- I  
25 was there early so I could see people in the hallways.

1 Q. The -- with regard to that meeting, do you  
2 know whether or not that meeting was also live streamed  
3 on the internet?

4 A. It would be normal practice, but I do not  
5 know whether that one itself was live stream.

6 Q. Normal practice --

7 A. Yeah.

8 Q. -- to live stream?

9 A. Yeah.

10 Q. Do -- do -- you live stream all -- all your  
11 meetings, right?

12 A. It's normal practice, yeah.

13 Q. Okay. So not only -- not only were the  
14 people allowed to attend, but they were allowed to  
15 attend online, as well?

16 MR. MANCINO: Objection to form.

17 MS. RICHARDSON: Same objection.

18 A. Yeah. If it was live stream, yes.

19 Q. (BY MR. NIXON:) Okay. Good. There were  
20 constables at that meeting; is that correct?

21 A. Yes.

22 Q. There are constables at every single one of  
23 your meetings regardless of whoever it is, right?

24 A. No.

25 MS. RICHARDSON: Object to form.

1 A. No.

2 Q. (BY MR. NIXON:) There are not constables at  
3 your special sessions?

4 A. You asked me were there constables at every  
5 single meeting.

6 Q. Oh, maybe I should ask if -- there -- there  
7 are peace officers at every single one of your  
8 meetings, wherever they are; isn't that true?

9 A. No.

10 MS. RICHARDSON: Object to form.

11 A. No.

12 Q. (BY MR. NIXON:) Every time the Court meets  
13 there is at least one constable, deputy, constable,  
14 sheriff, deputy, sheriff. There is a peace officer at  
15 every single one of your meetings, where the five of  
16 you are gathered, right?

17 MS. RICHARDSON: Objection.

18 A. In the building or in the room where we're  
19 meeting?

20 Q. (BY MR. NIXON) Well, right outside the room,  
21 yes?

22 A. Yes, to what?

23 MR. MANCINO: Objection to form.

24 Q. (BY MR. NIXON:) Yeah.

25 MS. RICHARDSON: Join.

1 Q. (BY MR. NIXON:) In the building?

2 A. Yes, in the building. Yes.

3 Q. Or right -- or even right outside the --  
4 right outside the room? Always in the back, right?

5 MR. MANCINO: Objection to form.

6 MS. RICHARDSON: Same.

7 A. Most times, yes.

8 Q. (BY MR. NIXON:) Every time you go to a  
9 courtroom there's always a bailiff, peace officer of  
10 some kind in the courtroom, right?

11 MS. RICHARDSON: Objection, form.

12 MR. HOWRY: Objection, form,  
13 foundation.

14 MR. MANCINO: Objection.

15 A. In the commissioners' courtroom?

16 Q. (BY MR. NIXON:) I'm talking about a judicial  
17 courtroom at this point, any courtroom?

18 MS. RICHARDSON: Objection to form.

19 MR. MANCINO: Join.

20 A. Yeah, I would say most times. Yes.

21 Q. (BY MR. NIXON:) Okay. There's nothing out of  
22 the ordinary about that, is there, about having a peace  
23 officer at -- at a meeting where the Commissioners'  
24 Court has gathered?

25 MS. RICHARDSON: Objection, form.

1 A. Out of the ordinary -- ordinary?

2 Q. (BY MR. NIXON): Yes, sir.

3 A. In the -- again in the building, no, not out  
4 of the ordinary.

5 Q. Okay. How many email accounts do you have?

6 A. Email accounts?

7 Q. Yes.

8 A. I only use two mainly my county email and  
9 commissionerholmes@3 -- @gmail.com.

10 Q. Okay. How many telephone accounts do you  
11 have?

12 A. One.

13 Q. Cell phone?

14 A. Yes, and of course I have a county -- a  
15 county land line.

16 Q. Okay. Do you text?

17 A. Sometimes, yes.

18 Q. Have you texted -- have you produced all your  
19 texts regarding redistricting in this case?

20 A. Yes.

21 Q. You have. Okay. And you went back and  
22 looked, and searched all your texts?

23 A. Yes.

24 Q. Thank you. What is your internet service  
25 provider?

1 A. Internet service provider?

2 Q. Yes.

3 A. Xfinity.

4 Q. Do you have more than one?

5 A. Internet service provider?

6 Q. Yes, sir.

7 A. No.

8 Q. Have you been shown any of the Justice

9 Department's J memos?

10 MS. RICHARDSON: Objection to form.

11 A. I'm not familiar with the J memo.

12 Q. (BY MR. NIXON:) Have you been shown any of

13 the memos of the justice department, of their

14 internal -- of their investigation in this case?

15 MR. MANCINO: Objection to form.

16 MS. RICHARDSON: Objection to form.

17 A. No.

18 Q. (BY MR. NIXON:) Have you been shown any memos

19 at all from the justice department?

20 MS. RICHARDSON: Objection to form.

21 A. No.

22 Q. (BY MR. NIXON:) Documents at all from the

23 Justice Department?

24 A. No.

25 Q. Okay. Did you ever ask any of the other

1 commissioners to vote for your map?

2 MS. RICHARDSON: Object to form.

3 A. Outside of court?

4 Q. (BY MR. NIXON) No. Either -- either in or  
5 outside?

6 MS. RICHARDSON: Same objection.

7 A. I may have urged them that day that I voted.

8 Q. (BY MR. NIXON:) At the meeting?

9 A. Yeah, I may have urged them that day. But  
10 outside of that, no.

11 Q. So it would be perfectly clear, you did not  
12 ask any of the other commissioners to vote for your map  
13 at -- at any time prior to that meeting?

14 MS. RICHARDSON: Object to form, asked  
15 and answered.

16 A. Yeah, well, I think one thing that needs --  
17 needs to be clear with that question is I can only talk  
18 to one member of the commissioner's court outside --  
19 outside of that meeting concerning those maps.

20 Q. (BY MR. NIXON:) Right.

21 A. I talked to one commissioner. That was  
22 Commissioner Apffel, so if I was going to tell somebody  
23 I could only tell -- tell one person outside of that  
24 meeting.

25 Q. And that is, if you talk to more than one you

1 feel like you would be in violation of Texas Open Penal  
2 Laws?

3 A. That is correct.

4 Q. Okay. And did you ask Apffel for your map?

5 A. No, I don't think so.

6 Q. Why not?

7 A. Because he already told me how he was going  
8 to vote when we had that conversation.

9 MR. NIXON: We're at 11?

10 THE REPORTER: Yes.

11 (Exhibit No. 11 marked.)

12 Q. (BY MR. NIXON:) Okay. I'm going to hand you  
13 what's been marked as Holmes Exhibit No. 11, and ask  
14 you if you can identify that?

15 A. Yes, this appears to be an email from Roxie  
16 D. -- Roxie D. Hall Williamson to me and a host of  
17 other people.

18 Q. Who is Ms. Williamson?

19 A. She's a member of the community.

20 Q. Is she active in the NAACP?

21 A. I don't know.

22 Q. Do you know her?

23 A. Yeah.

24 Q. How long have you known her?

25 A. Probably the last -- the last few years.

1 Last couple of years. Three years, maybe.

2 Q. All right. So she sends, with this email,  
3 talking points on map proposals; is that correct?

4 A. Yes.

5 Q. And she sent these to -- are you familiar  
6 with the group at all or -- that she sent these to?

7 A. I mean, I don't know if it's a -- a formal  
8 group, but I know some of the names that are listed on  
9 there.

10 Q. Is Ms. Williamson African-American?

11 A. Yes.

12 Q. Does she live in your district?

13 A. I'm not sure where she lives.

14 Q. She might not -- but does -- does she live in  
15 Galveston County?

16 A. Yes. Well, to my knowledge, yes.

17 Q. You don't know whether or not she's your  
18 constituent?

19 A. I'm not sure.

20 Q. Okay. She -- she urges people to sign onto  
21 an advocacy letter. Do you agree this request of hers?

22 A. I don't know what the letter was.

23 Q. Okay. You didn't -- did you -- "Commissioner  
24 Holmes will be speaking on redistricting this evening."  
25 Where were you going to be speaking?

1 MR. MANCINO: Objection to form.

2 MS. RICHARDSON: Same objection.

3 A. I don't recall.

4 MR. MANCINO: And I'll note for the  
5 record that there are -- are insufficient copies of  
6 these exhibits. So some of counsel here are unable to  
7 follow the discussion.

8 MS. OLALDE: I apologize for that.  
9 Are you signed into the Zoom, are you able to see it on  
10 your screen because every exhibit's being shared on the  
11 screen.

12 MR. MANCINO: I am not, no.

13 MS. OLALDE: Okay. And so I -- I  
14 understand that -- I thought you guys had a process for  
15 sharing. And this is the first time there's been an  
16 objection to not having the exhibits to see them, but  
17 we could get a clean --

18 MR. HOWRY: But sometimes -- sometimes  
19 we'll get two copies of exhibits when it's presented,  
20 and -- and this is --

21 MS. OLALDE: It's not on -- it's not  
22 on purpose.

23 MR. HOWRY: I understand. I'm just  
24 telling you why this is different than it has been  
25 before.

1 MR. NIXON: Are you able -- you're not  
2 able to pull it up by document number?

3 MR. MANCINO: I -- I don't know that I  
4 have the capability. But I certainly don't have the  
5 facility to do it myself, so no.

6 MR. NIXON: I'm a bit of a light eye,  
7 too --

8 MR. MANCINO: Yeah.

9 MR. NIXON: -- which -- when it come to  
10 technology, so I understand. I understand. I'm sorry,  
11 if you want -- if you want I'll stop, and we'll make a  
12 copy.

13 MR. MANCINO: No, keep going.

14 MR. NIXON: Okay.

15 MR. MANCINO: Keep going.

16 MS. RICHARDSON: I'm good with this  
17 exhibit.

18 MR. MANCINO: All right.

19 MS. RICHARDSON: Thank you.

20 MS. OLALDE: Uh-huh.

21 Q. (BY MR. NIXON:) So it says that you were --  
22 it said "The Honorable County Commissioner Stephen  
23 Holmes will be speaking on redistricting this evening."  
24 This is dated November 4th -- Thursday, November 4,  
25 2021. Where were you speaking?

1 A. I don't know.

2 Q. Did you attend -- did you speak that day?

3 A. I don't recall.

4 Q. Okay. "I'm hoping he can speak to the  
5 timelines of hearings, especially opportunities for  
6 public comment during his presentation." Did you do  
7 that?

8 A. I don't recall.

9 Q. Okay. She attached an article from John  
10 Ferguson at the Galveston Daily News entitled County  
11 Redistricting might cut out one -- out -- cut out lone  
12 democrats." Excuse me.

13 "There are three maps. The current precinct  
14 map and two proposed maps are attached. Please see the  
15 talking points from -- from Stephanie Swanson. Do you  
16 know Stephanie Swanson?

17 A. That name does not ring a bell to me.

18 Q. The League of Women Voters?

19 A. I don't know that I know her personally.

20 Q. Okay. So how many times besides this did you  
21 speak to the community on redistricting?

22 A. I don't know.

23 Q. More than this one, or four or five times?

24 MR. MANCINO: Objection to form.

25 MS. RICHARDSON: Same objection.

1 A. I don't know.

2 Q. (BY MR. NIXON:) Ten times?

3 A. I don't know.

4 Q. A hundred times?

5 MR. MANCINO: Objection to form.

6 Q. (BY MR. NIXON:) Go ahead and answer.

7 A. Less than that.

8 Q. Less than that. Less than 50?

9 A. Yes.

10 Q. And you're capable of defining it any other  
11 way? Less than 50, less than 40?

12 A. Less.

13 Q. Less than 25?

14 A. I don't know.

15 Q. Okay. Fair enough. So more than once and  
16 maybe less than 40 you spoke to the community about  
17 redistricting; is that fair?

18 A. Fair.

19 MS. RICHARDSON: Object to form.

20 Q. (BY MR. NIXON:) Okay. All right. The  
21 talking points with the dial. "I support map proposal  
22 1." They were talking about the county's map proposal  
23 1 that we have earlier, which is Exhibit 10; is that  
24 correct?

25 A. I don't know.

1 Q. You don't know?

2 A. No, I don't know.

3 Q. Well, those are the two maps that the county  
4 has on the website.

5 A. But I don't know what she's talking about  
6 here, I don't know.

7 Q. Okay. She writes "This map keeps  
8 Commissioner Holmes' district somewhat intact." Do you  
9 agree with that, if she's talking about Exhibit 10?

10 A. Yes.

11 Q. Okay. "However, I do object to the Bolivar  
12 Peninsula being included in Precinct 3." Well, that  
13 was your objection, too, right?

14 A. Yes.

15 Q. Okay. She continues, "The Bolivar Peninsula  
16 is a drastically different community that is  
17 predominately White." Is that true?

18 MS. RICHARDSON: Object to form.

19 MR. MANCINO: Join.

20 A. Is the Bolivar Peninsula predominately White?  
21 Is that the question?

22 Q. (BY MR. NIXON:) Yes.

23 A. Yes, it is.

24 Q. And is that why -- is that -- is that why you  
25 objected to it being added to your district?

1 MR. MANCINO: Objection to form.

2 MS. RICHARDSON: Same objection.

3 A. No, I think my testimony has been that it  
4 lacks community of interest with the rest of the  
5 precinct.

6 Q. (BY MR. NIXON) She goes on to say, "The  
7 community has little in common with the residents that  
8 currently reside in Precinct 3, which has a large  
9 diverse population of Latinas and African-American  
10 residents." Would you agree with that statement?

11 A. Yes.

12 Q. Okay. You doing okay?

13 A. Yeah.

14 Q. Okay. Are you able to tell me a year in  
15 which it's been easier to vote than now?

16 MS. RICHARDSON: Object to form.

17 MR. MANCINO: Object. Yeah, object to  
18 form -- form, relevance.

19 A. A year which it's been easier to vote than  
20 now?

21 Q. (BY MR. NIXON:) Yes.

22 A. I don't -- I'm not sure if -- I mean, what do  
23 you mean? I don't know.

24 Q. Is it easier for people to vote now, than  
25 it's been at any other time?

1 MS. RICHARDSON: Objection, form.

2 MR. MANCINO: Objection.

3 A. In Galveston County.

4 Q. (BY MR. NIXON:) Yes, sir.

5 A. Well, there used to be many more voting  
6 locations. So I'd say there was a time when there were  
7 much -- much more voting locations and that may have  
8 been easier at that time.

9 Q. When -- when was that?

10 A. I can't give you an exact year.

11 Q. Galveston has what I call universal voting,  
12 any person can vote at any precinct, right?

13 MS. RICHARDSON: Object to form.

14 A. Yes.

15 Q. (BY MR. NIXON:) No matter where you live in  
16 Galveston County you can vote at any polling location,  
17 and that polling location can give you a ballot  
18 appropriate for your residence; is that correct?

19 A. A registered voter, yes.

20 Q. Yeah. Okay. When did they start doing that?

21 A. I don't -- don't recall.

22 MR. HOWRY: Mr. Nixon, respectfully,  
23 could I ask you to move to your left a little bit? I  
24 think you're mostly --

25 MR. NIXON: I haven't moved forward

1 since I started.

2 MR. HOWRY: You're -- you -- you lean  
3 into him when you're asking questions, when you're  
4 trying to make a point.

5 MR. NIXON: I'm sitting up straight.

6 MR. HOWRY: I'm asking you  
7 respectfully, to move to your left to create more space  
8 between yourself and my client. Thank you, sir.

9 MR. BARON: Get it on the record.

10 MR. NIXON: Okay. Can you read him  
11 back the question, please?

12 (Whereupon reporter complies.)

13 Q. (BY MR. NIXON:) Okay. So you don't recall  
14 when they started universal voting?

15 A. No.

16 Q. You voted for it, though, right?

17 A. Did I vote for it?

18 Q. Yes.

19 A. Yeah. To be able to vote at any location,  
20 yes.

21 Q. Unanimously passed at commissioners court?

22 A. Yes. Okay. I don't recall what the vote  
23 was.

24 Q. They've been having universal voting --  
25 voting for, like, more than 10 years?

1 A. I don't recall how long.

2 Q. Okay. Can you identify any year in which it  
3 has been easier to register to vote than now?

4 MS. RICHARDSON: Objection, form.

5 MR. MANCINO: Objection to form.

6 A. I'm not familiar with the laws and how they  
7 changed over the years with registering to vote, to be  
8 quite honest with you. So I couldn't give a -- a fair,  
9 accurate answer to that.

10 Q. (BY MR. NIXON) Okay. Are there any slates in  
11 Galveston County, voting slates, or recommendation  
12 slates?

13 MS. RICHARDSON: Object to form.

14 MR. MANCINO: Objection to form.

15 A. Can you be more -- can you tell me what you  
16 mean when you say that?

17 Q. (BY MR. NIXON:) Yeah. You know, I'm familiar  
18 with, like -- like, you know, in Harris County there's  
19 -- there's Stephen -- there's Steven Hotze group and  
20 there's other groups like that, or there -- I -- I  
21 mean, there's, you know, a wide variety of groups that  
22 -- that put together slates.

23 A. Yeah, I got you.

24 Q. Yeah. Are there any of those kind of slates  
25 down here --

1 MR. MANCINO: Objection to form.

2 MS. RICHARDSON: Objection to form.

3 A. Off the top of my head, I can't think of any.

4 Q. (BY MR. NIXON:) I can't, either.

5 A. Yeah.

6 Q. But I'm -- but I'm not as familiar.

7 A. Yes --

8 Q. (BY MR. NIXON:) Okay. Are the voters in  
9 Precinct 3, that is, exist now, that you currently  
10 represent, they have equal access to the polls as  
11 everybody else when it comes time to vote?

12 MS. RICHARDSON: Objection, form.

13 MR. MANCINO: Objection to form.

14 MS. RICHARDSON: Relevance.

15 A. You're talking about the precinct as it  
16 exists prior to this new map --

17 Q. (BY MR. NIXON:) Yes. Yes.

18 A. -- when you say "equal access" what do you  
19 mean?

20 Q. They can go vote any time, anywhere, the same  
21 as everybody else in the county.

22 MR. MANCINO: Objection to form.

23 MS. RICHARDSON: I'll join.

24 A. Yeah, they can vote, but I don't -- some  
25 areas, I think may need additional voting locations.

1 Q. (BY MR. NIXON:) Have you asked for that to be  
2 put on the agenda?

3 A. Yes.

4 MS. RICHARDSON: Object to form.

5 Q. (BY MR. NIXON) And has it been put on the  
6 agenda?

7 MS. RICHARDSON: Same objection.

8 A. It was objected to by the county judge and it  
9 was voted down.

10 Q. (BY MR. NIXON:) Oh, so it was put on the  
11 agenda?

12 A. Yes.

13 Q. Okay. And then the -- the additional places  
14 were not supported by the other members of -- of the  
15 Commissioners Court?

16 MS. RICHARDSON: Object to form.

17 A. Yes, that is correct.

18 Q. (BY MR. NIXON:) Why is that?

19 A. Well --

20 MR. MANCINO: Objection to form.

21 A. -- the county judge sent out an -- a email  
22 asking if any commissioners wanted any additional  
23 voting locations, I submitted two additional voting  
24 locations for it to be considered and they replied to  
25 the county judge's email.

1 Q. Okay.

2 A. That I would appreciate having these  
3 additional locations. One of the locations, the county  
4 clerk went out and said it did not comply with the --  
5 it needed some disability -- some handicap rail or  
6 something, I forget exactly what it was.

7 And the other -- the other location, when it  
8 came to a vote and -- well, when I asked the county  
9 clerk prior to the meeting he said that that location  
10 was going to be rejected because the county judge's  
11 assistant Tyler Drummond said no, we wouldn't add that  
12 location.

13 I asked that it be added when we had the  
14 meeting. The county judge was opposed to it and it was  
15 not added. That was 2020 before the presidential  
16 election.

17 Q. Okay. Did you propose any other locations?

18 A. No.

19 Q. Were there any other locations besides these  
20 two that were acceptable to you?

21 MS. RICHARDSON: Objection, form.

22 A. That were submitted that day?

23 Q. (BY MR. NIXON:) Yeah, or -- or -- or  
24 subsequent?

25 A. I'm sorry. Well, I'm sorry.

1 Q. Think about it this way.

2 A. Yeah.

3 Q. Look, I was a Baltics, too. So I understand  
4 how it goes. You know, look, if you don't like those  
5 two can I give you two others?

6 A. No, not --

7 Q. You didn't do that?

8 A. Nothing was proposed.

9 Q. By you?

10 A. Counter -- there was no counterproposal.

11 Q. Well, did you have a -- okay. No  
12 counterproposal. But did you then say, "Okay, well, if  
13 you won't accept these two, can I give you these other  
14 two?"

15 A. That wouldn't have helped the problem that I  
16 was trying to get to, which was that certain segments  
17 needed more -- another voting location.

18 Q. Okay. Are you able to identify any person  
19 who was unable to vote because those two precincts were  
20 not available?

21 MS. RICHARDSON: Object to form.

22 A. Anybody that reached out to me after that?

23 Q. (BY MR. NIXON:) Anybody that said, "I wasn't  
24 able to vote because I wasn't able to vote," where you  
25 recommended that the -- that there -- they have voting

1 locations?

2 A. Nobody said that to me, no.

3 Q. All right. Let's talk just a -- a -- a few  
4 little background questions. In Texas you get to vote  
5 on election day. And in -- in -- in Galveston County  
6 you can vote at any -- any precinct anywhere, right?

7 A. Yes.

8 MR. MANCINO: Objection, asked and  
9 answered.

10 Q. (BY MR. NIXON:) And there was an early voting  
11 period. That's about two weeks, maybe a couple days  
12 more, in which any voter can vote at any polling  
13 locations period, as well; is that correct?

14 A. Yes, I think it's 10 or 12 days.

15 Q. Yes.

16 A. Yeah, in October for 10 or 12 days.

17 Q. Okay.

18 A. Yeah.

19 Q. Right. So that's in Galveston, they can vote  
20 anywhere. Any -- any person can vote anywhere in the  
21 county during their early voting period?

22 A. Registered --

23 MS. RICHARDSON: Objection, asked and  
24 answered.

25 A. Yeah, registered voters.

1 Q. (BY MR. NIXON:) In addition, people over 65  
2 can request a mail in ballot?

3 A. Yes, and there's -- there are other reasons  
4 when you -- why you could request one, yes.

5 Q. A few -- yes. For other -- other -- other  
6 reasons that you --

7 A. But -- but 60 -- over 65, yes.

8 Q. And -- and any other way people can get  
9 ballots that you're aware of?

10 A. Other than mail and going -- and appearing at  
11 the polling place, not that I'm aware of.

12 Q. Okay. Did the minority communities in your  
13 Commissioners Court Precinct have equal access to the  
14 polling places and to mail in ballots?

15 MS. RICHARDSON: Objection to form.

16 MR. MANCINO: Objection to form.

17 A. What do you mean by equal access?

18 Q. (BY MR. NIXON:) They can go to -- they can go  
19 to the polling places the same as anyone else.

20 A. Yes.

21 MS. RICHARDSON: Same objection.

22 A. Yes, but I think there are certain challenges  
23 with some of them that may not exist in other  
24 communities.

25 Q. (BY MR. NIXON:) Which are?

1 A. Transportation, getting to the polling place,  
2 being able to get off work to go cast a vote. Things  
3 of that nature.

4 Q. Polls are open from 7:00 a.m. to 7:00 p.m.  
5 every day during early voting, right, including  
6 Saturday and Sunday?

7 A. No, that's not correct. Sundays is 8:00 to  
8 5:00.

9 Q. In Galveston County?

10 A. Yes.

11 Q. Which days were those?

12 A. I would have to look at the -- I would have  
13 to look at them, the last -- last early voting days and  
14 times to tell you that.

15 Q. Okay. And you think because some people just  
16 aren't able to -- to make it to the polls?

17 A. I think there's a possibility that there are  
18 some out there who can't, yes.

19 Q. No, no. I'm not asking about a possibility.  
20 I'm asking about an actuality.

21 A. Well --

22 MR. MANCINO: Form, objection to form.

23 MS. RICHARDSON: Objection to form.

24 Q. (BY MR. NIXON:) Is that something -- is that  
25 something -- and that you know to be true, that you

1 have constituents who are unable to go to the polls

2 because the polls aren't open long enough for them?

3 MS. RICHARDSON: Objection to form.

4 MR. MANCINO: Objection to form.

5 MR. HOWRY: Same objection.

6 A. Yes, there are some people who can't get off

7 work.

8 Q. (BY MR. NIXON:) Who?

9 A. Who can't get off work because they work past

10 8:00 to 5:00, and they can't get there. I don't have a

11 specific person.

12 Q. You don't know anybody's name?

13 A. No.

14 Q. And no one has told you that they can't vote?

15 A. Yes. That's a reasonable impediment, yes.

16 Q. Does some -- who -- who has told you that

17 they can't vote?

18 A. Yeah, I don't have the specific name, as I

19 said before.

20 Q. And you think that only applies to

21 African-Americans, that there might not be some other

22 people of other races that would have the same

23 impediment?

24 MS. RICHARDSON: Objection, form.

25 MR. MANCINO: Objection.

1 MR. HOWRY: Objection, form.

2 MR. MANCINO: Misstates testimony.

3 A. Did I say race?

4 Q. (BY MR. NIXON:) No. I asked -- yes. I asked

5 --

6 A. What race did I --

7 Q. I asked you, and you said in the

8 African-American community, in your district. That's

9 how I premised my -- prefaced my question.

10 A. There are more than African-Americans in my  
11 precinct.

12 Q. I asked about that group?

13 A. Okay. Repeat your question.

14 Q. Okay. Are there people in the  
15 African-American community, in your commissioners  
16 Precinct 3, that are unable to vote because of the  
17 early voting hours?

18 A. I believe there are some.

19 MS. RICHARDSON: Objection, form.

20 Q. (BY MR. NIXON:) Okay. "I believe there are."  
21 Do you know of any, specifically?

22 MR. MANCINO: Objection, asked and  
23 answered. Argumentative.

24 MS. RICHARDSON: Same objection.

25 A. I don't have a specific name.

1 Q. (BY MR. NIXON:) Okay. Do you know of anyone,  
2 regardless of race, who was unable to vote because of  
3 the hours?

4 A. I don't have a specific name.

5 Q. Okay. Let's talk about Sheryl Johnson's  
6 race.

7 A. Sheryl Johnson?

8 Q. Yes, she had an opponent who had an -- had an  
9 MS13 ad. This is Sheryl Johnson was doing something  
10 that would have allowed illegal aliens to vote in -- in  
11 the county. Do you recall that?

12 A. Vaguely.

13 Q. Did the voters reject the person who offered  
14 that ad against Sheryl Johnson?

15 MS. RICHARDSON: Object to form.

16 A. When you say rejected you mean did Sheryl  
17 Johnson win the election?

18 Q. (BY MR. NIXON:) Yes.

19 MR. MANCINO: Objection to form.

20 A. Sheryl Johnson won that election.

21 Q. (BY MR. NIXON) So to the extent that there  
22 was any race appeal in that race, that appeal was  
23 rejected, was it not?

24 MR. MANCINO: Objection to form.

25 A. Yeah. I wouldn't categorize it as that, no.

1 Q. (BY MR. NIXON:) Sheryl Johnson won?

2 A. That's a fact.

3 Q. And the person who made -- who made that  
4 racist -- or racial appeal lost; is that right?

5 MS. RICHARDSON: Object to form.

6 A. That's a fact.

7 Q. (BY MR. NIXON:) Okay.

8 MR. NIXON: What are we on, 12?

9 MR. HOWRY: Yeah, that's next.

10 Q. (BY MR. NIXON) Commissioner, I'm going to  
11 hand you what's been marked as Holmes Exhibit 12, some  
12 papers stapled together, and ask you if you can  
13 identify that. And these are Holmes documents 181  
14 through 191.

15 (Exhibit No. 12 marked.)

16 A. Yes, these appear to be handwritten notes of  
17 -- of various conversations and meetings in that  
18 process.

19 Q. (BY MR. NIXON) So the -- the first page, 21,  
20 is -- is entitled -- it looks like Conference Call,  
21 Dale Odom and Paul Reading and it looks like it's  
22 9/20/21; is that right?

23 A. Yes.

24 Q. Okay. This is your handwriting and your  
25 notes?

1 A. This is my handwriting, yes.

2 Q. Okay. The first little star or asterisk, or  
3 -- I don't know what -- what do you call those things,  
4 off to the left? Do you call them stars or asterisks?

5 A. I don't know I have a name for them. I just  
6 make them and I don't know if they have a name.

7 Q. I do the same thing. I just make dots.

8 A. Yeah.

9 Q. I just do a dot.

10 A. I think it's an asterisk.

11 Q. An asterisk, yeah. Okay. The first  
12 asterisk, it -- it says "Assess one plan on" -- I can't  
13 read that word, what is it?

14 A. I think it says address -- address.

15 Q. Address?

16 A. Yeah.

17 Q. That's not the -- you don't mean I address, I  
18 plan, that means what, probably plan one?

19 A. I don't -- no, I don't know.

20 Q. Do you know?

21 A. Honestly, I don't recall what that -- what  
22 that note was for.

23 Q. On what, something "from?"

24 A. "Running from." I don't know.

25 (Reading from document).

1 Q. (BY MR. NIXON:) Okay. Next asterisk, "Need  
2 to gain 8,000 people?"

3 A. Yes.

4 Q. Is that what Dale told you you needed?

5 A. Yes.

6 Q. Okay.

7 A. But then we talked about -- I kind of alluded  
8 to that earlier.

9 Q. And then the next asterisk is 87,670.5. What  
10 is that in reference to?

11 A. Ideal population.

12 Q. Well, hopefully you rounded up or down?

13 A. Yeah.

14 Q. You don't want a .5 person?

15 A. Right.

16 Q. So an ideal population, meaning if you take  
17 the population of the county and divide it by four,  
18 each district would have 87,670 people in it; is that  
19 right?

20 A. Yes.

21 Q. Okay. Deviation is still 10 percent, meaning  
22 it can be 10 percent from the highest to the lowest  
23 popular district; is that correct?

24 A. Yes.

25 Q. Okay. Is that what you understood?

1 A. Yes.

2 Q. And this is what -- who was telling you this,

3 Dale?

4 A. Dale Odom.

5 Q. It says fuzz and census numbers, what does  
6 that mean?

7 A. I don't know.

8 Q. Does that mean the census numbers were not --  
9 were fuzzy?

10 A. I don't know what it meant.

11 Q. I mean, this -- that's your verb?

12 A. Yeah, I don't know. I don't know if the -- I  
13 don't know.

14 MR. MANCINO: Note an objection to  
15 form, to that last question.

16 Q. (BY MR. NIXON) The next asterisk. "Keeps  
17 asking me what areas I would like to have." Does that  
18 -- those are your notes?

19 A. Yes.

20 Q. Who was -- who had kept asking what areas you  
21 would like to have?

22 A. Dale Odom.

23 Q. And how many times has he asked you that  
24 question?

25 A. I don't know how many.

1 Q. More than once?

2 A. I don't know.

3 Q. It's enough for you to say, "keep asking?"

4 A. That's what the note said.

5 Q. Okay. What is the next -- the next word is

6 "all." What does that mean?

7 A. I don't know.

8 Q. The next asterisk, "They have already spoken  
9 with every other member of the court." What does that  
10 mean?

11 A. That means he told me that they had already  
12 spoken to every other member of the court.

13 Q. Dale Odom told you -- and if -- I want to get  
14 this straight. When you had your phone call with Dale  
15 Odom on September 20, 2021, Dale Odom told you they  
16 have already spoken with every other member of the  
17 court?

18 A. Yes.

19 Q. Okay. And then you write an extra asterisk.  
20 "I believe every other member of the Court has seen  
21 maps with updated data." Did you write that?

22 A. Yes.

23 Q. Now, did anyone tell you that every other  
24 member of the Court has seen maps with updated data?

25 A. I don't recall.

1 Q. Do you recall that he did or --

2 A. I don't recall.

3 Q. All right. So you're not able to testify one  
4 way or another?

5 A. Yeah, I don't recall.

6 MR. MANCINO: Objection to form.

7 Q. (BY MR. NIXON:) This is your opinion?

8 A. I don't recall.

9 Q. You don't recall whether or not this is your  
10 opinion?

11 A. I don't recall.

12 Q. Okay. The next document. "Paul Reading says  
13 Tyler Drummond has the updated data, and he will call  
14 and ask him to send it to me." You wrote that?

15 A. Yes.

16 Q. What does that mean?

17 A. Exactly what it says.

18 Q. So Paul -- Paul Reading told you that Tyler  
19 Drummond has the updated data. This is on September  
20 20th of '21. And he -- and he will call Tyler and ask  
21 Tyler to send the updated data to you?

22 A. I don't have the word Tyler in there twice,  
23 but only once. But, yeah, he will -- he will call and  
24 ask him to send it -- send it to me.

25 Q. "Him" means Tyler?

1 A. Correct.

2 Q. Okay. Did Tyler do that?

3 A. Did Tyler do it?

4 Q. Yeah, send you the updated data?

5 A. No.

6 Q. Did Paul send you the updated data?

7 A. No. Paul did send a subsequent email with  
8 some data, but not the data I was requesting. And in  
9 that -- in that email I think Paul references that he  
10 had talked to Tyler in the email.

11 Q. Okay.

12 A. I think it was there earlier, actually.

13 Q. This is what we've talked about earlier this  
14 morning, right?

15 A. Yeah. Yeah. Uh-huh.

16 Q. Okay.

17 A. Uh-huh.

18 Q. Is that -- you need to say "yes" or "no."

19 A. Yes.

20 Q. Thank you.

21 A. Yeah. Yeah, yes.

22 Q. And then you have "Did not even talk about  
23 redistricting principles." Is that what you wrote?

24 A. That is what I wrote.

25 Q. So who didn't talk about it?

1 A. Neither Dale nor Paul, but I expected Dale to  
2 be the one to talk about it.

3 Q. What about you? Did you ask him, "Where are  
4 your districting principles?"

5 A. I don't recall.

6 Q. But you -- you didn't make a notation, that  
7 you actually asked them about it, though?

8 A. It is not on there, no.

9 Q. Are you -- are you able to tell us that you  
10 did or did not?

11 A. I don't recall.

12 Q. Okay. Not one way or the other?

13 A. Yes.

14 Q. Okay. The next is like 921. You just flip  
15 the page. You asked engineering if they can run  
16 precinct data?

17 A. Yes, that would have been a -- been the call  
18 that we spoke about earlier to Michael Shannon.

19 Q. Yes.

20 A. Where Nathan Ziegler ended up getting  
21 involved. That would have been that call we spoke  
22 about earlier.

23 Q. So you asked them. And then --

24 A. Uh-huh.

25 Q. -- they're -- yes.

1 A. End of September.

2 Q. They didn't get you the --

3 A. I think the -- I think the -- the day after  
4 yeah, previously.

5 Q. They didn't get you the information, either?

6 A. That's correct.

7 Q. Because you already got it from someplace  
8 else?

9 A. No.

10 Q. Well, you told them never mind?

11 A. I said, "never mind," but at that point I  
12 still didn't have it.

13 Q. Okay. I want to just make sure.

14 A. Yeah. Okay.

15 Q. All right. You're -- you're not faulting  
16 Shannon or Ziegler because they didn't get you the  
17 information, because you told them "never mind?"

18 MR. MANCINO: Objection to form.

19 MS. RICHARDSON: Objection to form,  
20 based on prior testimony.

21 A. Yeah, I'm not trying to point fingers at  
22 anybody. I'm trying to state the facts as to what  
23 happened.

24 Q. (BY MR. NIXON:) That's right. But I'm --  
25 just so you're not being critical of either of them for

1 failing to get you information?

2 A. I'm stating the facts.

3 Q. Right.

4 MS. RICHARDSON: Object to form.

5 Q. (BY MR. NIXON:) Because you told him don't

6 bother anymore?

7 A. No.

8 MS. RICHARDSON: Object to form.

9 MR. MANCINO: Objection to form.

10 Misstates the prior testimony.

11 A. Well, I don't remember -- recall the length

12 of time that had gone by, but once I didn't get it I

13 just said, "Don't worry about it."

14 Q. (BY MR. NIXON:) Did you get it from any other  
15 source, the data that you were looking for?

16 A. Yes.

17 Q. Where?

18 A. Census.gov.

19 Q. Okay. That's what I was going to -- and we  
20 talked about that earlier today?

21 A. Yes.

22 Q. Okay. Let's go to the note dated 9/23/21.

23 There's nothing I'm titling this. Well, do you know  
24 what this is?

25 A. This would have been a phone call with Dale

1 Odom and Paul Reading on September 23, 2021.

2 Q. Okay. So there were, like, four changes?

3 A. Yeah, and --

4 Q. And two alternatives?

5 A. Yeah, I think we talked about the changes  
6 earlier. I -- I -- I couldn't remember if it was three  
7 or four, but it could be four.

8 Q. Help me decipher your note.

9 A. Yeah.

10 Q. Precinct 192.

11 A. Yeah.

12 Q. What does that say?

13 A. "Boundary to south of precinct is 21st  
14 Street. Draw a line from Dickinson Avenue to Texas  
15 Avenue. Make it part of 341 or 3 -- 391, make it part  
16 of 341."

17 Q. So you wanted to split precinct 192 at  
18 Dickinson Avenue?

19 A. Yeah.

20 Q. And you wanted to make it part of precinct  
21 341?

22 A. Yes.

23 Q. Okay. Number 2, Precinct 144?

24 A. Yeah. Now, just a clarification for the  
25 record. Now, this -- I'm dictating this to Dale Odom

1 and Paul. We're not -- it's not like he's got a map  
2 and he's drawing an estimate, that I can see where he's  
3 drawing.

4 Q. Right.

5 A. Yeah.

6 Q. So --

7 A. So I'm dictating this.

8 Q. -- you had looked at a map, and you had four  
9 specific ideas, right?

10 A. Yes.

11 Q. And you were telling him "These are my  
12 ideas?"

13 A. Yes.

14 Q. The first idea is to split Precinct 192 --

15 A. Yeah.

16 Q. -- at Dickinson Avenue?

17 A. Yeah, but part of my challenge was I -- I was  
18 somewhat blind in --

19 Q. I'm just going to -- I'm sorry. I -- I -- I  
20 didn't ask that. I just simply was reaffirming what  
21 you said. I'll get to you -- the other things later.

22 MR. MANCINO: Objection to your  
23 cutting off the witness.

24 MR. HOWRY: Yeah. Yeah. Yeah.

25 MR. NIXON: I did on purpose.

1 Q. (BY MR. NIXON:) Now, let's talk about  
2 Precinct 144. "Boundary to south is FM517. Draw a  
3 line from California down 517 to Owens Drive, to" --

4 A. Melvin Huntley Drive.

5 Q. Melvin Huntley Drive. So on the -- on the --  
6 on the second change you wanted to change the  
7 boundaries of Precinct 144?

8 A. Yes.

9 Q. And you describe here what you wanted the  
10 boundaries to be?

11 A. Yes.

12 Q. Okay. And Precinct 142, you say "Boundary  
13 drawn, Palmer Highway from 21st North" -- is that  
14 North?

15 A. Yes.

16 Q. -- "to 29th Street North, make it part of  
17 Precinct 343."

18 A. Right.

19 Q. Did you want to have Precinct 142 split in  
20 the area that you describe be part of a -- precinct  
21 343?

22 A. Yeah.

23 MR. MANCINO: Objection to form.

24 MS. RICHARDSON: Object to form.

25 A. It's a major highway. It -- yeah, it runs

1 down Palmer Highway. And population on one side, and  
2 the other population on the other -- other precinct.

3 Q. (BY MR. NIXON) Okay. But the point is you  
4 wanted to split Precinct 142 as described?

5 MR. HOWRY: Objection to form.

6 A. Yes.

7 Q. (BY MR. NIXON:) Okay. And the fourth change  
8 is Precinct 232. "Either split Precinct at I-45 from  
9 Bayou to" -- what's that word?

10 A. Poche is how you pronounce it.

11 Q. -- "Poche" --

12 A. Yeah.

13 Q. -- "or move the entire precinct."

14 A. Yes, that's what it says.

15 Q. Move the entire precinct to where?

16 A. It's in Precinct 232 right now?

17 Q. Yes.

18 A. It would have been moved into Precinct 3,  
19 which would have made it Precinct 332.

20 Q. Oh, okay. So let me understand this.  
21 Galveston number of precincts is based upon who is  
22 commissioner of precinct --

23 A. Voting precincts. Yeah, voting precincts.

24 Q. Okay.

25 A. The first number is the commissioners

1 precinct.

2 Q. Okay. So with regard to the first three you  
3 wanted to split Precincts 192, 142 and 144, and add  
4 them to precinct -- Commissioner Precinct 3?

5 A. Yes.

6 Q. Okay. And you also wanted to take the  
7 entirety of Precinct 232 and add it to your precinct?

8 A. Yes.

9 Q. Either split it or add it entirely?

10 A. Yes.

11 Q. Okay. You had a couple of alternatives,  
12 Precinct 439. That was -- I guess would have been  
13 Commissioner Precinct 4?

14 A. You're catching on.

15 Q. Right. Right. I'm catching on?

16 A. Yeah, yeah.

17 MR. BARON: It's a very complicated  
18 system.

19 (Laughter.)

20 THE WITNESS: Yeah.

21 Q. (BY MR. NIXON:) So -- and it says "Extend  
22 Bayou from Sunset to Dietz Road, making it part of  
23 Precinct 389, and taking remainder of" -- I can't --

24 A. Saint Edmonds Green.

25 Q. Saint Edmonds Green, and make that part of

1 your district, as well?

2 A. Yeah, yeah.

3 Q. Those were your -- those were your changes,  
4 right?

5 A. Yeah, I don't think the -- the last two were  
6 suggested changes, just the first four.

7 Q. How -- how much of any of these changes ended  
8 up in map 1, which is Exhibit 10?

9 A. I don't know.

10 Q. Did you look to see if any of them were in  
11 map 1?

12 A. I don't think any of them are in it, but, no,  
13 I don't know.

14 Q. You don't know?

15 A. Uh-uh, I don't know.

16 Q. And we could actually take a look at map 1 in  
17 detail and figure out if --

18 A. I'm sorry.

19 Q. -- Mr. Odom did what you asked?

20 A. If you wanted to.

21 Q. Did Mr. Dunn do what you were asked with  
22 regard to these four changes?

23 A. It was a different conversation.

24 Q. That's not what I asked. You had these four  
25 changes you asked Mr. Odom to do, did Mr. Dunn do any

1 of these four changes?

2 A. Never asked.

3 MR. MANCINO: Objection to form.

4 Q. (BY MR. NIXON:) You never asked Mr. Dunn to  
5 do them?

6 A. Not these specific changes, no.

7 Q. Why not?

8 MS. RICHARDSON: Objection, form.

9 A. He had an expert and the expert was going to  
10 create the map.

11 Q. (BY MR. NIXON:) Okay. Did -- did you look to  
12 see whether or not any of what you proposed to be  
13 changed was in the Dunn map?

14 A. I think one of them -- one of the changes  
15 was, yes.

16 Q. Which one?

17 A. Moving precinct 232.

18 Q. That's it?

19 A. Yeah, I think that's it.

20 MR. HOWRY: Mr. Nixon, we've been  
21 going another hour. If we could take a short break.

22 MR. NIXON: Sure, thank you.

23 THE VIDEOGRAPHER: Off record at 2:34.

24 (Off the record.)

25 THE VIDEOGRAPHER: We're back on the

1 record at 2:55.

2 Q. (BY MR. NIXON:) Okay. Commissioner Holmes,  
3 let's go back to these four changes that you had on the  
4 conversation with Mr. Odom.

5 A. Yeah.

6 Q. All right. Were you aware of the  
7 demographics of each of the changes that you were  
8 proposing?

9 A. No.

10 Q. You were not?

11 A. No.

12 Q. Why not?

13 A. I didn't receive the data.

14 Q. Why did you draw the lines of Precinct 192  
15 and split it the way you wanted it to be done?

16 A. I can't recall.

17 Q. I mean, there were only four changes you  
18 wanted to be made. Why did you want to make these four  
19 changes?

20 A. I can't recall.

21 Q. And you were telling the court under oath  
22 that you had no idea what the demographics were of the  
23 four changes you wanted to be made?

24 A. That is correct.

25 Q. Do you know if it added 8,000 people to your

1 district?

2 A. I don't know. It was a shot in the dark.

3 Q. Let's turn the page. It looks like on

4 October 19th you had another meeting with Dale Odom and

5 Paul Reading?

6 A. Yeah, they came to my office in Texas City.

7 Q. Okay. You keep an office in Texas City?

8 A. Yes.

9 Q. Okay. You have two offices or just -- or

10 just --

11 A. Yeah, we have one in Texas City then every

12 commissioner has, like, a little --

13 Q. Cubby hole?

14 A. In Galveston.

15 Q. In Galveston?

16 A. Yeah, uh-huh.

17 Q. So you have a regular big office in Texas

18 City?

19 A. Yes, correct.

20 Q. Is -- is that where you staff works?

21 A. That's correct.

22 Q. Okay. So Mr. Odom and Mr. Reading came to

23 you; is that right?

24 A. Yes.

25 Q. Okay. You said Odom presented two maps on

1 his laptop. The first map had Precinct 3 picking up  
2 all of the island --

3 A. Currently in Precinct 1.

4 Q. -- currently in Precinct 1. Pelican Island  
5 and --

6 A. Bolivar.

7 Q. -- all of Bolivar?

8 A. Yes.

9 Q. Okay. So it would have created kind of a  
10 coastal precinct, right?

11 A. I wouldn't describe it that way, but that's  
12 what we picked up.

13 Q. Okay. Second map had Precinct 3 going no  
14 further south than Dickinson and major --

15 A. Majority.

16 Q. A majority of Precinct 3 was League City and  
17 appears part of Friendswood?

18 A. Yes.

19 Q. Okay. Did Ms. Riordan provide you any  
20 demographics for these two maps?

21 A. No.

22 Q. These two maps would kind of look like maps 1  
23 and 2 one with the final deal, final version?

24 A. Yeah. Yes, I couldn't be specific as to if  
25 -- if they were exactly the same, but they looked

1 similar. I --

2 Q. Odom --

3 A. I'm sorry.

4 Q. Go ahead.

5 A. I was going to -- I also asked him for the

6 map that I had, we just talked about, in the previous

7 notes.

8 Q. Did he provide that map to you?

9 A. No.

10 Q. Okay. Did I have the changes, map number 1,

11 have the changes that -- that you had in the previous

12 phone call, in it, in addition to Pelican Island and

13 all of Bolivar?

14 A. Did it note those precincts?

15 Q. Did -- yeah. Did it at least make --

16 A. No.

17 Q. It had -- no, it didn't?

18 A. No, no.

19 Q. Finally, you said, "Odom said he would send

20 copies of maps and data?"

21 A. Right.

22 Q. And he told you that?

23 A. Yes.

24 Q. And did he?

25 A. No.

1 Q. At no time?

2 A. No.

3 Q. Did he do it through Paul Reading?

4 A. Odom did not send me anything. I don't -- I  
5 don't recall receiving it from Paul Reading saying it  
6 was from Odom.

7 Q. Tyler Drummond, did you get anything about  
8 these maps?

9 A. No.

10 Q. Okay. And then it looks like a couple of  
11 days later, October 22, '21 --

12 A. Yeah.

13 Q. -- you had a Zoom meeting with --

14 A. Paul Reading, Zack Davidson, Dale Odom and a  
15 demographer.

16 Q. Well, you had Joe Giusti, and who's --

17 A. I'm sorry, Jeb Webb and Joe Giusti.

18 Q. Jeb Webb, Joe Giusti. Tell me who is Jeb  
19 Webb?

20 A. Jeb Webb worked for the county judge at one  
21 time.

22 Q. Which --

23 A. For the county.

24 Q. County, Judge Henry?

25 A. Yes.

1 Q. Joe Giusti, Paul Reading, Zack Davidson, who  
2 works for the county judge?

3 A. Yeah.

4 Q. David Odom, another guy and demographer?

5 A. Yeah, Jeb Webb, Joe Giusti and Zack Davidson  
6 were logging in for the Zoom meeting from the county  
7 judge's office, as I can recall.

8 Q. Okay. What was the meeting about?

9 A. It was about -- I'd have to read these notes  
10 to see. Let's see. So two maps same as I saw on 10/9  
11 from my office.

12 Q. Okay. And it says -- so the next little  
13 asterisk says --

14 A. Shows the population and racial data.

15 Q. Has population connected on the ferry?

16 A. No, no, no. No, no.

17 Q. This -- what is -- what is --

18 A. I was on the ferry when I made this call.

19 Q. Oh, you were on the ferry?

20 A. Yeah, I was on the ferry. Yeah, I was on the  
21 ferry.

22 Q. Okay. What were you doing on the --

23 A. Um.

24 Q. What were you doing on the ferry? You're  
25 going to or from Bolivar?

1 A. I was on my way from Bolivar. I had a  
2 constituent who was having an illness, and I had a need  
3 to -- to go and see about him. He lived on Bolivar. I  
4 hadn't heard from him. I'd been calling him. I needed  
5 to go see about him, to check on him.

6 Q. Okay. So let me kind of clarify that.

7 A. Yes, sir.

8 Q. Okay. Paul was not in your district?

9 A. No.

10 Q. But you say he was a -- he is or was --

11 A. No. Well, he -- he's --

12 Q. He was a constituent?

13 A. He -- he was not a constituent. He was a  
14 friend from when I was a prosecutor.

15 Q. Okay.

16 A. He was a victim in the case and I was the  
17 prosecutor, and since that time we've remained friends.

18 Q. Okay. And he was on Bolivar?

19 A. Yes.

20 Q. And you went to go --

21 A. But his -- his house was on Bolivar. But,  
22 no, he was not a constituent. He was a friend.

23 Q. Okay. So you're on the ferry. You had a  
24 Zoom meeting on the ferry?

25 A. Part of it was on the ferry. Part of it was

1 when I drove off the ferry.

2 Q. Was it with -- with your phone?

3 A. Yes.

4 Q. Okay. So you were -- okay. You had a Zoom  
5 meeting with your phone?

6 A. Yes.

7 Q. Okay. " Reading not sure where he or  
8 demographer were located?"

9 A. Yes, I was just kind of relaying the lay of  
10 the land. I'm not sure where Paul was when he -- when  
11 he Zoomed in and I'm not sure where the demographer was  
12 located.

13 Q. Okay. "I show two maps. Saying I saw on  
14 10/19, three days earlier, from my office?"

15 A. Uh-huh.

16 Q. Is that right?

17 A. Yes.

18 Q. Okay. "Showed population and racial data."  
19 That's what you're saying, that they -- they showed you  
20 the population and racial data on the maps?

21 A. Yeah, on the screen. That would have been  
22 the screen on the Zoom meeting.

23 Q. Did you write down any of the population or  
24 racial data data?

25 A. Truthfully, I -- I -- I can't recall seeing

1 it very well because I was on my phone. And I asked  
2 Paul -- my last note has I asked Paul to get the copies  
3 of the maps and the data.

4 Q. Do you know what you were looking at was  
5 population and racial data?

6 A. I'm fairly certain I wouldn't have made the  
7 note if it wasn't.

8 Q. Okay. Do you have a copy of the population  
9 and racial data that was described in those maps?

10 A. Do I have one now?

11 Q. At anytime?

12 A. Yeah.

13 Q. You do?

14 A. Yeah.

15 Q. Where is it?

16 A. Where is the --

17 Q. Population and racial data?

18 A. I received it at one time. I don't know  
19 where it is.

20 Q. Who did you get it from?

21 A. I don't recall. I don't recall if I  
22 downloaded it myself or if I got it from somebody.

23 Q. Okay.

24 A. They have further notes in here that may say  
25 I got it from somebody. I don't know.

1 Q. Well, we're going to go through all your  
2 notes.

3 A. Okay. Okay. Well, maybe we'll --

4 Q. Did -- have we gone through anything that you  
5 looked at in preparation for today yet?

6 A. Well, I looked at the -- I read these notes a  
7 little bit.

8 Q. These notes?

9 A. Yeah. A little bit, yeah.

10 Q. Okay. So this -- so what I've handed you in  
11 Exhibit -- whatever we call it, 12; Exhibit 12, this is  
12 what you reviewed in preparation for today?

13 A. Yeah, I looked at it some. I didn't read it  
14 in detail, but I looked it over.

15 Q. Anything else?

16 A. Not that I can recall specifically.

17 Q. Okay. If you -- you may have had the  
18 population and racial data on maps 1 and 2, but you  
19 don't know where they are now?

20 A. I mean, I don't -- I may have downloaded when  
21 they put it online. I mean, I don't know. But I did  
22 see it. If you're asking me did I see it, yes.

23 Q. Okay. And then did Reading -- how did he  
24 respond to your request to get copies of maps and data?

25 A. I don't recall.

1 Q. Did you get copies of maps and data from  
2 Paul?

3 A. I don't recall.

4 Q. Okay. Did you produce in this litigation  
5 whatever copies of maps and data you got?

6 A. Yes.

7 Q. From Paul as a result of this conversation?

8 A. Any email I would have had from Paul I  
9 produced in relation -- relation to this.

10 Q. Okay. All right. Let's turn the page, thank  
11 you, to 10/29/21, Tyler Drummond.

12 A. Yeah.

13 Q. "Spoke with Tyler. He called." In other  
14 words he called you, you didn't call him?

15 A. Yes.

16 Q. Okay. "He called me as he was driving to  
17 Dallas. Informed me that maps would be going up on the  
18 county website that day." Did they go up that day?

19 A. They were already up.

20 Q. All right, "said that there would be two maps  
21 displayed. The two maps that Dale Odom has shown me  
22 before. I asked about the timeline for this" --

23 A. Redistricting process.

24 Q. Yeah, "redistricting process and he said that  
25 one would be set."

1 A. One would be set.

2 Q. He said there a place for public comment on  
3 website. I asked was this" --

4 A. "Was this a contest to see which map would  
5 get the most -- more votes."

6 Q. And he said, "No." Okay. Did -- did you  
7 make these notes at the time of your conversation with  
8 Mr. --

9 A. Yeah, at or around the same time I had the  
10 conversation.

11 Q. Did you go online to look to see if the maps  
12 were up?

13 A. I think I did.

14 Q. Did the maps also contain whatever kind of  
15 data associated with them?

16 A. I can -- I can -- I'll have to look at that  
17 specific time.

18 Q. Okay. You don't -- you can't recall one way  
19 or the other, whether you looked at it or whether you  
20 looked for whether or not that information was there?

21 A. Not that -- not that particular day.

22 Q. Okay. It looks like a few days later, on  
23 November 2nd of '21, you said Tyler Drummond, I guess  
24 he called you again?

25 A. It doesn't say.

1 Q. You -- did you call him?

2 A. I don't recall.

3 Q. You don't know who initiated the  
4 conversation?

5 A. Yeah, I don't recall.

6 Q. Anyway, you had a conversation with  
7 Mr. Drummond. "Spoke with him, and he said that there  
8 was" -- I can't -- that they were --

9 A. That they were trying to --

10 Q. Trying --

11 A. -- set a special meeting for next Tuesday,  
12 11/9/21, to vote on the redistricting map.

13 Q. "He said call" --

14 A. No, "he said" --

15 Q. So "He said Clark" --

16 A. Yes.

17 Q. -- "would be out the rest of the week, and  
18 Giusti would be out next of the week and Thursday."

19 A. "Next Wednesday and Thursday."

20 Q. "Wednesday and Thursday. He said maybe I  
21 could" -- what is that?

22 A. -- "convince them at the next Tuesday meeting  
23 to not support map 2, and maybe get it to -- get the  
24 vote postponed until next Friday. Said the secretary  
25 of state" -- that's the last "secretary of state had

1 sent an email stating maps must be sent by 11/13/21.

2 Q. Okay. So you knew on November 2nd, that the

3 county had to have maps by November 13, '21?

4 A. That's what I found out, yes.

5 Q. Did Tyler suggest to you that you get  
6 Giusti -- he suggested that you get Clark and Giusti to  
7 not support map 2, and maybe get the vote postponed  
8 until next Friday?

9 A. That --

10 Q. Did you try to do either of those things?

11 A. That's not what --

12 MR. MANCINO: Objection to form.

13 Q. (BY MR. NIXON:) Oh, so what does this say?

14 "He said maybe" --

15 A. "He said Clark would be out the rest of the  
16 week, and Giusti would be out next Wednesday and  
17 Thursday."

18 Q. Okay.

19 A. "He said maybe I could convince them" --

20 Q. Who -- who are you -- who is "them?"

21 A. I don't know -- "them at the next Tuesday  
22 meeting" --

23 Q. Wait -- wait -- wait.

24 A. -- "to not support map 2."

25 Q. All right. Let's just stop. "Them." This

1 is significant. Tyler Drummond, who works for Paul  
2 Henry, county judge, has now told you -- "He said maybe  
3 I could convince them" --

4 A. "At the next Tuesday meeting" --

5 Q. -- "at the next Tuesday meeting to not  
6 support map 2."

7 A. Uh-huh.

8 Q. He's encouraging you to go get votes for your  
9 maps, or against map 2, right?

10 MR. MANCINO: Objection to form.

11 MS. RICHARDSON: Objection to form.

12 A. Yes, well, I didn't -- I didn't take it that  
13 way.

14 Q. (BY MR. NIXON:) "He said maybe I could  
15 convince them at the next Tuesday meeting to not  
16 support map 2?"

17 A. That's what I wrote down, yeah.

18 Q. That was a strategy he was giving you?

19 MR. MANCINO: Objection to form.

20 MS. RICHARDSON: Objection to form.

21 Q. (BY MR. NIXON:) Was that a strategy he was  
22 giving you?

23 MR. MANCINO: Objection to form.

24 MS. RICHARDSON: Objection to form.

25 A. I didn't take it that way.

1 Q. (BY MR. NIXON:) Well, how did you take it?

2 A. Just as it was written.

3 Q. Had you convinced them when you had won the  
4 day?

5 A. What do you mean, won the day?

6 Q. Well, you'd gotten your map, and not have map  
7 2?

8 MR. MANCINO: Objection to form.

9 MR. HOWRY: Objection to form.

10 A. On November 2, 2021, I didn't have a map.

11 Q. (BY MR. NIXON:) You also said "Maybe get  
12 it -- get the vote postponed." He gave you a strategy?

13 MR. HOWRY: Objection, form.

14 MR. MANCINO: Objection to form.

15 MS. RICHARDSON: Join.

16 Q. (BY MR. NIXON:) "Clark and Giusti might vote  
17 no on map 2, and my vote to postpone it three more  
18 days." What could you do with three more days?

19 MR. MANCINO: Objection to form.

20 MS. RICHARDSON: Join.

21 A. You would have to ask him that question.

22 Q. (BY MR. NIXON:) Well, in three days, isn't it  
23 true that you could put an agenda item with your own  
24 map up?

25 MR. MANCINO: Objection to form.

1 MS. RICHARDSON: Join.

2 A. I would have to get the county judge to call  
3 a meeting first. I can't call a meeting. Only the  
4 county judge can call the meeting. So I can't call the  
5 meeting just for a map. The county judge -- by statute  
6 sets the time and place for the meeting for  
7 commissioners court.

8 Q. (BY MR. NIXON:) So --

9 A. So only -- only the county judge could call a  
10 meeting.

11 Q. 72 hours equals three days, right?

12 A. But only --

13 MS. RICHARDSON: Objection to form,  
14 argumentative.

15 A. Only the county judge can call a meeting.

16 Q. (BY MR. NIXON:) Can three commissioners  
17 postpone a meeting?

18 A. In what way?

19 Q. And they can adjourn a meeting, too, can't  
20 they?

21 A. If you lose a quorum you can't have a  
22 meeting.

23 Q. Three commissioners have an absolute right  
24 under Robert's Rule of Order, and which the county  
25 follows to move to adjourn?

1 MS. RICHARDSON: Objection to form.

2 MR. HOWRY: Objection to form.

3 A. You can just walk out of the meeting. You  
4 can't have a meeting without a quorum. You can't take  
5 any action.

6 Q. (BY MR. NIXON:) Well, I mean, a motion to  
7 adjourn is a privileged motion; is it not?

8 A. I don't know.

9 Q. And a privileged motion comes before any  
10 other item. You have an absolute right as a member to  
11 make a motion to adjourn at any time, don't you?

12 MR. MANCINO: Object to form.

13 Q. (BY MR. NIXON:) A privileged motion?

14 A. I don't know.

15 Q. And -- and if it was supported by two other  
16 members that would be a three to two vote, you would  
17 adjourn?

18 MS. RICHARDSON: Objection to form.

19 It doesn't appear that was a question.

20 A. I don't know.

21 Q. (BY MR. NIXON:) Follow the strategy? If you,  
22 Clark and Giusti move to adjourn on the -- on the 9th  
23 you don't have a map; you haven't adopted a bad map in  
24 your mind, right?

25 MR. MANCINO: Objection to form?

1 MS. RICHARDSON: Join.

2 A. Clark wasn't going to be at the meeting.

3 Q. (BY MR. NIXON:) Okay.

4 (Reporter clarification.)

5 Q. (BY MR. NIXON:) Okay. So let's go down to  
6 next note. November 4, '21, Tyler called. So Tyler's  
7 reaching out to you; is that right?

8 A. Tyler called.

9 Q. Yes, "said they were still working on getting  
10 the meetings posted for next Tuesday." Am I reading  
11 that correctly?

12 A. Yes.

13 Q. "Said that Nathan from our engineering  
14 department was finalizing the maps and trying to get it  
15 ready."

16 A. Yeah, mapping.

17 Q. Mapping?

18 A. Mapping, yeah.

19 Q. Okay. "He said he was going to send Diana  
20 home and have her come back on" -- what is that,  
21 "Saturday" --

22 A. Uh-huh.

23 Q. -- "morning to get it posted." Why did he  
24 call to tell you all that?

25 MR. MANCINO: Objection, form.

1 MS. RICHARDSON: Objection, form.

2 MR. HOWRY: Join.

3 A. Yeah. I don't know.

4 Q. (BY MR. NIXON:) Was that information  
5 important to you?

6 A. I can't recall at the time.

7 Q. Would that have helped you develop a strategy  
8 to have caused the county to have enacted your maps?

9 MS. RICHARDSON: Objection, form.

10 Q. (BY MR. NIXON:) Or maps that you like?

11 A. I didn't have a map on the one before.

12 Q. Was that information helpful for you to  
13 develop a strategy to cause the county to adopt maps  
14 that your preferred?

15 A. I didn't have a map.

16 MR. MANCINO: Objection to form.

17 A. I didn't have a map at that time, and I  
18 didn't prefer any of the maps that had been presented.

19 Q. Is there anything that kept you from drawing  
20 a map that included the changes that you asked for?

21 MS. RICHARDSON: Objection to form.

22 MR. MANCINO: Join.

23 A. I tried to draw a map using the -- the -- the  
24 lawyer that the county had retained to do it for the  
25 Commissioners Court, it was never produced.

1 Q. Did you try to go through the county's GIS  
2 system?

3 A. No.

4 Q. Could they have drawn you a map?

5 MS. RICHARDSON: Objection to form.

6 MR. MANCINO: Join.

7 A. Possibly.

8 Q. (BY MR. NIXON:) But you never asked?

9 A. I never got the census data that I asked for  
10 at that time -- at that time. So I didn't -- no, I did  
11 not ask.

12 Q. Okay. Let's just talk about the changes  
13 you -- you -- you made with -- to Mr. Odom on the  
14 phone, who we talked about earlier, those four changes.  
15 You could call up the county engineering department and  
16 ask them to draw you a map, right?

17 A. Yeah. I could call them up and ask them,  
18 yes.

19 Q. So you could have called them up and said,  
20 "Hey, give me those four changes," right?

21 A. Yes.

22 Q. You -- you could have posted that and said,  
23 "I, as a commissioner, demand that this be put on the  
24 next agenda?"

25 A. Yeah.

1 Q. You could have done that at any time?

2 MS. RICHARDSON: Objection.

3 MR. MANCINO: Object to the form.

4 Q. (BY MR. NIXON:) Right?

5 MR. MANCINO: Compound.

6 A. I don't think I would have received it.

7 MR. NIXON: Objection, non-responsive.

8 Q. (BY MR. NIXON:) You had the -- you have the  
9 authority to ask the engineering department to draw a  
10 map for you, right?

11 A. I can ask.

12 MR. MANCINO: Objection to form.

13 Q. (BY MR. NIXON:) Okay. And the reason you  
14 didn't do it is because you didn't think you'd get it  
15 back, ever?

16 MS. RICHARDSON: Objection to form.

17 A. No, that's not why.

18 Q. (BY MR. NIXON:) Why didn't you do it?

19 A. Because when I asked for the census data, and  
20 I didn't get it, I sensed fear on behalf of the  
21 engineering department, of not helping me and -- and  
22 facing some rebuttal or retaliation from other members  
23 of the Commissioners Court for assisting me.

24 Q. (BY MR. NIXON:) You sensed fear?

25 A. Yes. So --

1 Q. Did anybody say, "I'm afraid to help you?"

2 A. No, nobody said that --

3 MS. RICHARDSON: Objection to form.

4 Q. (BY MR. NIXON:) Nobody said -- no one at --  
5 no one at the county said, "I don't want to help you  
6 because I'm afraid" --

7 MS. RICHARDSON: Object to form.

8 Q. (BY MR. NIXON:) -- "of -- of retribution from  
9 another commissioner?"

10 MS. RICHARDSON: Same objection.

11 Q. (BY MR. NIXON:) No one said that, did they?

12 MR. MANCINO: Objection to form.

13 A. No.

14 Q. (BY MR. NIXON:) No one implied it?

15 MS. RICHARDSON: Objection to form.

16 MR. MANCINO: Objection to form.

17 A. No.

18 Q. (BY MR. NIXON:) Okay. Let's turn to the --  
19 your notes on November 9th.

20 MR. HOWRY: You said November 9th?

21 MR. NIXON: Yeah.

22 MR. HOWRY: At the back?

23 MR. NIXON: November 9, '21.

24 MR. MANCINO: What -- what page?

25 MS. RICHARDSON: And that -- it might

1 be helpful --

2 MR. NIXON: 118.

3 MR. HOWRY: 188.

4 MR. NIXON: Oh, excuse me. Thank you.

5 MR. HOWRY: Okay.

6 Q. (BY MR. NIXON:) See it says -- it says "Got a

7 call from Commissioner Apffel about redistricting maps.

8 He wants to let me know that he would be voting to

9 support map 2."

10 "He said Judge Henry would jump out and make

11 a motion to approve map 2. He said he was inclined to

12 support that motion for political purposes. I informed

13 him that map 2 was discriminatory to the minority

14 voters currently in Precinct 3." Did you do that?

15 A. Did I do what?

16 Q. Inform him --

17 A. Yeah, like, I think this was part of the

18 conversation. Yes, I did tell him that.

19 Q. Okay.

20 A. Yes.

21 Q. "He stated that the minority population

22 currently in Precinct 3 was divided fairly evenly

23 amongst all" -- what is that, pets --

24 A. PCTS, precincts.

25 Q. -- "precincts" --

1 A. Yeah.

2 Q. -- "in map 2, and that Dale Odom told him  
3 this was a legal map. Also, informed me that Mike" --

4 A. Guarino.

5 Q. -- "Guarino called him and chastised him for  
6 supporting map 2. I told -- I told Commissioner Apffel  
7 that map 2 clearly runs afoul of section 2 of the I  
8 Voting Rights Act."

9 Now, let's stop right there. I'm going to  
10 finish reading the deal, but -- now, you said you  
11 weren't an expert on redistricting, right?

12 A. No. I'm not an expert, no.

13 Q. You're not an expert on what constitutes a  
14 legal map or not a legal map, are you?

15 A. Not an expert, no.

16 Q. Okay. So did anyone tell you that map 2  
17 clearly runs a file of section 2 of the Voting Rights  
18 Act?

19 A. Did anybody tell me that?

20 Q. Yes.

21 A. No, but I can read.

22 Q. But you believe --

23 A. Yes.

24 Q. -- that it did?

25 A. Yes.

1 Q. Okay. So you were giving him your opinion?

2 A. Yeah, a clear opinion.

3 Q. Okay. "And I did not want members of the  
4 Court to vote Friday?"

5 (Reporter clarification.)

6 A. Friday.

7 Q. (BY MR. NIXON) To vote Friday. And something  
8 like "Act like they" --

9 A. No, yeah, I denied members of the court to  
10 vote Friday, and act like they did not know the map is  
11 discriminatory."

12 Q. Okay. That's all one sentence. Okay. Did  
13 you ask Giusti -- I mean Apffel to join you in a motion  
14 to postpone consideration?

15 A. No.

16 Q. Did you tell them you wanted to put a hold on  
17 that item?

18 A. What do you mean, a hold?

19 Q. I mean, do you have the right from time to  
20 time to put hold on a particular item and have it moved  
21 to the next agenda?

22 MS. RICHARDSON: Table?

23 A. Yeah.

24 MR. MANCINO: Objection to form.

25 A. This conversation was November 9th.

1 Q. (BY MR. NIXON:) Yes.

2 A. Yes, the meeting was scheduled for November  
3 12th.

4 Q. Yes, three days later.

5 A. Had to have maps to the secretary of state by  
6 November 13th.

7 Q. Or what would happen?

8 A. There was no time to postpone it.

9 Q. Okay. What did you think would happen if you  
10 didn't have a map?

11 MS. RICHARDSON: Objection to form.

12 A. Yeah.

13 Q. (BY MR. NIXON:) Okay.

14 A. I don't know.

15 MR. MANCINO: Objection to form.

16 Q. (BY MR. NIXON:) "He talked," what is that,  
17 "after" --

18 A. -- "about" --

19 Q. Are we talking about what Harris County was  
20 doing to republican members, of their Commissioners  
21 Court by changing their precincts? How was Harris  
22 County doing?

23 A. I don't know.

24 Q. Well, he talked about it. Do you remember --

25 A. Yeah.

1 Q. -- what he talked to you about?

2 A. I don't recall. I don't recall. I can't  
3 recall.

4 Q. Just by the way, does Harris County have any  
5 republican members on their Commissioners Court now?

6 MS. RICHARDSON: Objection to form,  
7 relevance.

8 A. I don't know.

9 Q. (BY MR. NIXON) You have no idea what all  
10 occurred in Harris County?

11 MS. RICHARDSON: Objection to form.

12 A. I generally know some of the stuff that  
13 happened. I don't know what -- the context of what we  
14 were talking about here.

15 Q. (BY MR. NIXON) Tell me what you generally  
16 know, what happened in Harris County.

17 MR. MANCINO: Objection to form, not  
18 relevant, waste of time.

19 MS. RIORDAN: Oh, is that an objection  
20 now, waste of time?

21 MR. MANCINO: It's in the book.

22 MS. RIORDAN: Yeah, I'm sure. I  
23 remember that in federal rules.

24 A. A lawsuit regarding the redistricting  
25 process.

1 Q. (BY MR. NIXON) What about the lawsuit?

2 A. That's pretty much all I know. I haven't  
3 followed it.

4 Q. Harris County got rid of all of their  
5 republican commissioners, right?

6 A. I don't know.

7 Q. You don't know?

8 A. Uh-huh.

9 Q. Giusti told -- I mean, I told you about it,  
10 right?

11 A. No.

12 Q. Okay. "I told them this was not about  
13 republican or democrat, but about protected guarantees  
14 to minority groups in a VR rate."

15 A. "Protections guaranteed to minority groups,  
16 the Voter Rights Act, yes.

17 Q. Okay. So basically you said that the maps  
18 in -- in Galveston County was not about partisan  
19 politics, but was about protecting guaranteed minority  
20 groups a -- a commissioner on commissioners court?

21 A. No.

22 MR. MANCINO: Objection to form.

23 A. No.

24 MS. RICHARDSON: Objection to form.

25 A. Not me, but the community groups and the

1 community as guaranteed and protected by the Voter  
2 Rights Act.

3 Q. (BY MR. NIXON) Okay. So this was not about  
4 partisan politics, but it was about your position was  
5 to protect minority groups' right to elect the  
6 candidate of their choice?

7 A. Correct.

8 Q. Okay. "He said he was going to call Dale  
9 Odom and ask him if map 2 was in fact discriminatory."  
10 Is that what he told you?

11 A. Yes.

12 Q. Okay. Do you know whether or not he did?

13 A. I don't know.

14 Q. Okay. You did not have a subsequent  
15 conversation?

16 A. No.

17 Q. "Commissioner Apffel also asked if I sided the  
18 NAACP on him." Is it meaning on them, him, or --

19 A. Yeah, him.

20 Q. Him. Was the NAACP offering their public  
21 opinion with regard to the maps?

22 A. To Commissioner Apffel?

23 Q. Yes.

24 MR. MANCINO: Objection to form.

25 A. I don't know.

1 Q. (BY MR. NIXON:) Did he complain, that that  
2 was happening to him?

3 A. All I can recall if he said -- asked me did I  
4 sick the NAACP on him.

5 Q. Did you?

6 A. No.

7 Q. "Told him I've had no conversations with the  
8 NAACP."

9 A. Yeah.

10 Q. Is that true?

11 A. About him. Yeah, about him.

12 Q. About him?

13 A. Yeah.

14 Q. You did have a conversation with the NAACP?

15 A. I don't know if I had conversations. I -- I  
16 may have attended one of the meetings, but a  
17 conversation --

18 Q. Well, you had a conversation.

19 A. Yeah.

20 Q. You had emails, you had talking points, you  
21 had -- I mean, you're --

22 A. NAACP --

23 MR. MANCINO: Objection to form.

24 MS. RICHARDSON: Objection to form --

25 MR. MANCINO: Misstates the record.

1 MS. RICHARDSON: -- prior testimony.

2 Q. (BY MR. NIXON:) Ms. Williamson, I think, was  
3 her name?

4 A. Yeah, she wasn't from the NAACP.

5 Q. Oh, she had nothing to do with the NAACP?

6 A. I don't know if she has anything to do with  
7 it. But that email --

8 Q. Okay.

9 A. -- was not from the NAACP.

10 Q. All right.

11 A. He also said that the -- the -- for political  
12 purposes, that he -- he wanted to be county judge one  
13 day, and he had to vote for this map in order to be  
14 county judge.

15 Q. Now, you didn't write that down, though?

16 A. No, but I wrote political purposes. And I  
17 remember the fact that he said, well, he wanted --  
18 wanted to be county judge.

19 Q. Why do you remember that?

20 MS. RICHARDSON: Objection to form.

21 A. Because that's the second time that he said  
22 that to me on an issue with the county -- in the  
23 county.

24 Q. (BY MR. NIXON:) Okay.

25 A. The last issue was in regards to a

1 confederate statute, he told me the same thing.

2 Q. He wanted to be county judge?

3 A. So he did not want to -- he told me he would  
4 remove it. He wanted to remove the statute, but  
5 subsequently called me up and said, "If I want to -- I  
6 want to be county judge one day I cannot vote for the  
7 removal of the statute."

8 Q. Did you make a note of that anyplace?

9 A. That was probably three to four years ago. I  
10 don't recall.

11 Q. I want to you about that.

12 A. Yeah.

13 Q. I've asked you a lot of questions.

14 A. Yeah.

15 Q. A lot of answers have been "I don't recall."  
16 Why do you recall that one over anything else?

17 A. Because it's --

18 MR. MANCINO: Objection to form.

19 A. It's -- it's surprising to me that someone  
20 would choose to vote a certain way because they wanted  
21 to be county judge, or change that rule from one thing  
22 -- they're passionate about it one day, that "I want to  
23 remove this statute, I hate that thing, it's ugly," and  
24 then a few days later he you because he said he wanted  
25 to be county judge. That's -- that's not something I

1 would forget.

2 Q. (BY MR. NIXON:) Even though it happened four  
3 years ago?

4 A. Yeah, I wouldn't forget that.

5 Q. Okay. Then let's go to November 12, 2021. I  
6 -- I don't want to go through all of these, but it  
7 looks like this --

8 A. Yeah, see --

9 Q. -- is the names of people who spoke at the  
10 meeting?

11 A. Yes, yeah, this is generally the names of  
12 people who spoke and just --

13 Q. Maybe --

14 A. Brief synopsis of what they kind of said when  
15 they were there.

16 Q. You got to 37 people?

17 A. Yeah.

18 Q. Is that how many people spoke, or was there  
19 more?

20 A. I think I -- I think I made a note. I can't  
21 be positive, but I think I made a note on everybody, as  
22 well.

23 Q. Okay. Or maybe you just tired of writing  
24 stuff down?

25 A. No, no, no. I kept -- I kept going.

1 Q. Okay. All right. Did everybody who wanted  
2 to speak have a chance to speak?

3 A. I don't know.

4 Q. There wasn't somebody who said, "Hey, don't  
5 -- I'm in line, don't -- don't adjourn, I want to  
6 speak?"

7 A. Well, there wasn't necessarily a line. There  
8 was a sign up sheet that was inside of the room.

9 Q. Right.

10 A. Yeah. So I don't know that a sign up sheet  
11 was circulated to everybody that was outside of the  
12 room to say, "Hey, I want to get a chance to speak and  
13 say my peace."

14 Q. Well, you're not -- you're --

15 A. So I -- I don't -- you're asking me -- you  
16 have to get -- everybody get a chance to speak if they  
17 want to speak. So, no, I don't know because I don't  
18 know the --

19 Q. You -- and -- but you're not under -- you --  
20 you can't tell us that someone who wanted to speak  
21 didn't speak?

22 A. I can tell you that sign up sheet stayed  
23 inside of the room.

24 Q. Right. And then the -- Judge Henry called  
25 everybody who signed up?

1 A. That was in the room, that signed up on the  
2 sign up sheet inside the room, yes.

3 Q. Okay.

4 A. To my knowledge, yes.

5 Q. All right. So this was -- this was very --  
6 very important. I just want to make sure that I  
7 understand. Everybody that signed up got to speak.  
8 The sign up sheet was in the room?

9 A. It was.

10 Q. Right. Are you alleging that other people  
11 weren't allowed into the room to sign up?

12 MS. RICHARDSON: Objection, form.

13 MR. MANCINO: Join.

14 A. I don't know that everybody that was outside  
15 the room was aware of exactly what was going on and  
16 what they needed to do to have an opportunity to be  
17 heard.

18 Q. (BY MR. NIXON:) Okay. So it's a big  
19 difference about saying, "I don't know what was going  
20 on in the hallway." And saying "People in the hallway  
21 were not allowed to speak?"

22 A. I didn't say that.

23 Q. You didn't say that. And I want to make sure  
24 that that's not what you're going to testify to. I  
25 don't want you to -- I don't want to be surprised at

1 trial and have you say, "People in the hallway weren't  
2 allowed to sign up because they weren't allowed in the  
3 sign up room."

4 So I want to make clear -- was there anybody,  
5 to your knowledge, that wasn't allowed to speak who  
6 came to speak?

7 A. What I do know is the sign up sheet stayed in  
8 the room.

9 Q. How --

10 A. That -- that sign up sheet was not circulated  
11 to everybody that was outside of the room.

12 Q. Were people made aware of the fact that they  
13 needed to come sign up to speak?

14 A. Not to my knowledge.

15 Q. Were people -- was there an act of intent on  
16 behalf of anybody to not allow people to speak?

17 A. I don't know.

18 MS. RICHARDSON: Objection to form.

19 Q. (BY MR. NIXON:) You're not -- you're not  
20 telling this judge under oath that people were  
21 prevented -- were prevented from signing up?

22 MR. MANCINO: Object to form.

23 A. No, I didn't say that.

24 Q. (BY MR. NIXON:) How do you know the sheet  
25 never left the room?

1 A. Because the sheet was right by me. I was  
2 sitting on the table, they put the sheet right behind  
3 me on a little small desk. I was sitting at the table  
4 where the sign up sheet was. I was at the table, it  
5 was sitting by me.

6 Q. Did you ever get up out of your chair and  
7 walk out to the hallway and say, anybody else want to  
8 speak come sign up?

9 A. The meeting was happening while people were  
10 signing up. I needed to remain in the room to hear  
11 what was being said, make sure I knew exactly what was  
12 going on in the room.

13 Q. So what did you do ask Judge Henry, I need  
14 five seconds to go out in this hallway and ask people  
15 if they want to sign up?

16 A. No.

17 MS. RICHARDSON: Objection to form.

18 Q. (BY MR. NIXON) You didn't do that?

19 A. No.

20 Q. Do you know whether or not Tyler or anybody  
21 else at the meeting suggest to people to come sign up?

22 A. Tyler never left the room.

23 Q. You know -- are you testifying that no one  
24 walked around with a sign up sheet outside at all?

25 A. I'm testifying that the sign up sheet that

1 was inside the room remained by me the whole time.

2 Q. Okay. All right. If someone were to come in  
3 and tell you, well I walked around the hall I signed up  
4 everybody and it was a sign up sheet and I put it on  
5 the table, you -- are you in ability (sic) to say, no  
6 that absolutely did not happen?

7 Mr. MANCINO: Objection to form.

8 A. Who would that someone be?

9 Q. (BY MR. NIXON) I don't know?

10 A. Yeah, I don't know either.

11 Q. Okay. But if someone did?

12 A. Who would it be?

13 MR. MANCINO: Same objection.

14 MS. RICHARDSON: Same objection.

15 Q. (BY MR. NIXON) Someone who worked for the  
16 judge, or one of the Commissioners?

17 A. No, the Commissioners never left the room.

18 Q. Someone who worked for one of them. I don't  
19 want to give anybody a false impression that people who  
20 came to the meeting were not allowed to speak?

21 MR. HOWRY: Objection, form.

22 Q. (BY MR. NIXON) You were saying I don't want  
23 anybody to think that people who came to speak weren't  
24 allowed to speak because they didn't know to sign up;  
25 are you saying that that happened?

1 MS. RICHARDSON: Objection to form.

2 MR. MANCINO: Objection to form.

3 A. I'm saying that it was not communicated to  
4 them that they had an opportunity to speak if they want  
5 to come in and sign the sign up sheet is what I'm  
6 saying.

7 Q. (BY MR. NIXON) To your knowledge?

8 A. To my knowledge.

9 Q. Okay. You testified -- are you aware of  
10 anyone who did not have an opportunity to speak?

11 MS. RICHARDSON: Objection, asked and  
12 answered.

13 MR. MANCINO: Join.

14 MR. HOWRY: I join that as well.

15 A. No.

16 Q. (BY MR. NIXON) I'm going to hand you what's  
17 been marked as Holmes Exhibit 13 ask you if you can  
18 identify this. It is document DEFS 00029388.

19 (Exhibit No. 13 marked.)

20 A. No.

21 Q. (BY MR. NIXON) Okay. Have you ever seen  
22 Exhibit 13 before?

23 A. No.

24 Q. I just want to go to the final paragraph.

25 A. Yeah.

1 Q. "After the redistricting meeting where map  
2 two was adopted I followed up with Commissioner Holmes  
3 on the following week and informed him that we were  
4 beginning the process cleaning up the voting precincts  
5 with boundaries of the adopted map;" is that true, did  
6 he call you?

7 A. I don't recall.

8 Q. Do you have any notes of that conversation?

9 A. No.

10 Q. They're not in Exhibit 12?

11 A. Yeah, no.

12 Q. You don't have any notes of that  
13 conversation?

14 A. No.

15 Q. Okay. Are you able to testify that that did  
16 not happen?

17 A. I don't know.

18 Q. Okay. Tyler continues, "I asked him, I asked  
19 if he would like to be involved in the process and  
20 speak with our GIS tech and attorneys assisting the  
21 process and he said he did not have any interest in  
22 participating;" is that a true statement?

23 A. I don't recall that statement happening.

24 Q. You don't recall whether or not Tyler  
25 Drummond followed up with you and asked if you'd like

1 to participate in the clean up with regard to  
2 precincts?

3 A. Yeah, I don't recall, but if you ask me if  
4 that was a true statement there's a number of untrue  
5 statements that are in this document I'd be happy to  
6 talk about those.

7 MR. NIXON: Object to the answer being  
8 nonresponsive.

9 A. Yeah, yeah.

10 Q. (BY MR. NIXON) I'm just asking about this  
11 last paragraph?

12 A. Yeah, Yeah. I'm just asking if you want to  
13 talk about the rest of the document as well?

14 Q. Well, I get to be the one asking questions  
15 here, so your lawyers can ask whatever question they  
16 choose, but I was just asking about one thing?

17 A. I'm just trying to put it all in context,  
18 this whole document in context.

19 Q. It's not your privilege.

20 A. Yeah.

21 Q. I'm just asking one thing.

22 A. Yes.

23 Q. Did he call you to follow up with you and ask  
24 you if you wanted to participate in cleaning up the map  
25 with GIS and attorneys?

1 A. I don't recall answering the call.

2 Q. Are you able to testify that it didn't  
3 happen?

4 A. I don't recall any such call.

5 Q. Okay. Are you under oath saying, no, it  
6 didn't, absolutely did not happen?

7 MR. MANCINO: Objection to form.

8 MS. RICHARDSON: Objection to form.

9 A. I don't recall any such call.

10 Q. (BY MR. NIXON) Okay. Did you have interest  
11 in participating in any kind of cleaning up the maps?

12 A. After the vote?

13 Q. Yes.

14 A. No.

15 Q. Okay. I'm going to hand you what's been  
16 marked Exhibit 14 and ask you if you can identify this?

17 (Exhibit No. 14 marked.)

18 A. Yeah, it's like a forwarded email from Tyler  
19 Drummond.

20 Q. (BY MR. NIXON) Do you remember getting it?

21 A. No, I don't recall.

22 Q. Do you remember getting the email directly  
23 from Ms. Swanson?

24 A. I don't recall receiving it.

25 Q. At all?

1 A. No.

2 Q. Well, this is dated November 4, 2021, from  
3 Tyler Drummond, so he got it, right and then sent it to  
4 you?

5 MS. RICHARDSON: Objection to form.

6 A. Yeah, it looks like he forwarded it.

7 Q. (BY MR. NIXON) Right. So Ms. Swanson writes  
8 to Judge Henry, Darrell Apffel, Steven Holmes, Joe  
9 Giusti, Ken Clark, and attaches the letter, did you  
10 ever get this letter?

11 A. I don't recall receiving it.

12 Q. The letter head includes recommended  
13 districting criteria; are these the criteria that you  
14 wished the county had adopted?

15 A. Where you reading from --

16 Q. I'm just reading from the letter.

17 A. -- where's the criteria?

18 Q. From the letter?

19 A. -- where's the criteria?

20 Q. Recommended districting criteria follow  
21 advice in following order.

22 MS. RICHARDSON: Can you identify the  
23 page number.

24 Q. (BY MR. NIXON) 301. Holmes 301.

25 A. Bottom of 301?

1 Q. Yes.

2 A. -- redistricting project following order?

3 Q. Yes.

4 A. What was your question?

5 Q. Do you have any recollection at all of  
6 receiving this letter?

7 A. No.

8 MR. HOWRY: Objection, form.

9 Q. (BY MR. NIXON) Are these the type of  
10 redistricting criteria that you wish the county would  
11 have adopted?

12 MS. RICHARDSON: Objection, form.

13 A. I can't necessarily speak to the criteria, I  
14 wish we would have adopted some criteria that would  
15 conform and spell out that we were complying with the  
16 law and that certain things in regards to the integrity  
17 of the maps that were drawn was be in place.

18 Q. Are you denying that you ever got this  
19 letter?

20 A. No, no, I'm not denying that. You asked me  
21 if I remember.

22 Q. Yes. Right. Well, if you got this, I mean,  
23 you got it directly from Ms. Swanson appears and then  
24 Tyler sends it to you as well?

25 MS. RICHARDSON: Objection --

1 Q. (BY MR. NIXON:) Why didn't you just tell Mark  
2 Henry, I like these criteria put it on the agenda?

3 MS. RICHARDSON: Before you answer.  
4 Objection, form and argumentative.

5 MR. MANCINO: Join.

6 A. Yeah, I think if you look back to one of your  
7 previous exhibit -- if you could you'll see that  
8 there's a conversation between me and Tyler Drummond  
9 some time in late October where he says that he was  
10 working on putting together a timeline for the county  
11 and its redistricting process. I assume that during  
12 that timeline it would layout, one when public meetings  
13 were, when we adopt criteria and other things.

14 MR. NIXON: Object to the  
15 nonresponsive answer.

16 Q. (BY MR. NIXON:) I simply ask you why didn't  
17 you take this letter and say Mark put it on the agenda,  
18 this is what I want?

19 A. I answered your question.

20 MS. RICHARDSON: Objection, to form.

21 Q. (BY MR. NIXON) You assumed that Tyler  
22 Drummond was doing it for you?

23 MS. RICHARDSON: Same objection.

24 A. I assumed that he was good to his word.

25 MR. NIXON: Object to

1 nonresponsiveness.

2 Q. (BY MR. NIXON) Did you assume that Tyler

3 Drummond was drafting districting criteria?

4 A. That he was going to get back with me and

5 that those things would happen.

6 Q. His word, according to your note was

7 timeline, not criteria?

8 A. Yeah, that timeline would say when they would

9 lay all that stuff out, including the date and time for

10 hearing and public hearings as well --

11 Q. And you know -- so you just assumed that

12 someone else was going to do your work?

13 MS. RICHARDSON: Objection,

14 argumentative.

15 MR. HOWRY: Objection, form. That's

16 argumentative. You don't have to answer that question.

17 MR. RUSSO: Yes, he does.

18 MR. HOWRY: No, he doesn't. Who are

19 you, by the way?

20 MR. RUSSO: Counsel for defendants.

21 MR. HOWRY: Well, he's taking the

22 deposition. He answers my objections, you don't have

23 to.

24 MR. RUSSO: Counsel, we've got about

25 eight lawyers objecting in this deposition and there're

1 only three different parties.

2 MR. HOWRY: They're each party that's  
3 objecting today represents a single party, if you  
4 represent the same party he'll speak for you today  
5 unless you are taking the deposition.

6 MR. RUSSO: Your objection is noted.

7 MR. HOWRY: Okay. And so is yours.

8 MR. RUSSO: He can answer over  
9 objections just like every other witness in this case.

10 MR. HOWRY: Heard enough from you.

11 MR. RUSSO: We'll see.

12 MR. HOWRY: Yeah, we will.

13 (Laughter.)

14 MS. OLALDE: I'm going to open the  
15 door if that's okay with everybody.

16 Q. (BY MR. NIXON:) Okay. Can you read back my  
17 question, please?

18 (Whereupon reporter complies.)

19 A. My lawyers instructed me not to answer.

20 MR. HOWRY: Why don't you repeat the  
21 question, let's see if we could reset here.

22 Q. (BY MR. NIXON) Why were you expecting Tyler  
23 Drummond to do work that you could just do yourself?

24 MR. MANCINO: Objection to form.

25 MR. HOWRY: Same objection.

1 Q. As it related to redistricting criteria?

2 MS. RICHARDSON: Objection, form.

3 Argumentative.

4 A. What work are you referring to?

5 Q. (BY MR. NIXON) Redistricting criteria?

6 A. Yeah, that was the job of the attorney that  
7 we hired that carried the county through the  
8 redistricting process, not my job. The expert.

9 Q. And you paid no attention whatsoever to the  
10 letter that Ms. Swanson sent?

11 A. I did not say that.

12 Q. You don't have any recollection of it at all?

13 A. I don't recall, that's what I said.

14 Q. You didn't make a note of it in any of your  
15 notes?

16 MS. RICHARDSON: Objection, form.

17 Q. (BY MR. NIXON) Did you make a note of it in  
18 any of your notes?

19 A. That I read an email from Stephanie Swanson?

20 Q. Yes.

21 A. The notes that I have are notes related to  
22 conversations and phone calls.

23 Q. You didn't make a note Stephanie Swanson sent  
24 me some excellent districting criteria and a timeline  
25 that I am going to now ask the county judge to put on

1 the agenda?

2 MS. RICHARDSON: Objection, form.

3 Argumentative.

4 MR. MANCINO: Objection, form.

5 A. What's your question?

6 Q. (BY MR. NIXON) You didn't make a note that  
7 you had districting criteria and a timeline from  
8 Ms. Swanson that you could now just send to the county  
9 judge and say I want to put this on the agenda?

10 MS. RICHARDSON: Objection, form.

11 A. No such note.

12 Q. (BY MR. NIXON) I mean she did the work for  
13 you, why didn't you use her work?

14 MR. MANCINO: Objection to form.

15 MS. RICHARDSON: Objection to form.

16 Argumentative.

17 A. Stephanie Swanson was not retained by the  
18 county to create redistricting criteria for Galveston  
19 county.

20 Q. (BY MR. NIXON) Did you ever ask Chad Dunn to  
21 create districting criteria?

22 A. Chad Dunn?

23 Q. Yes.

24 A. By the time I talked to Chad Dunn there was  
25 no chance to create redistricting criteria, we were

1 voting on the maps in less than a week.

2 Q. Let me hand you what's been marked as Holmes  
3 Exhibit 15 and this is DEFS 00029586. Can you identify  
4 what Exhibit 15 is please?

5 (Exhibit No. 15 marked.)

6 A. Yes, looks like an email from Roxy Williamson  
7 and my reply to Roxy Williamson dated October 26, 2021.

8 (Phone ringing.)

9 Q. (BY MR. NIXON) That's mine, I don't know why  
10 it's doing that. Okay.

11 She said we're putting a letter together and  
12 then you write back, "hey, Roxy I don't have anyone in  
13 particular I want the letter sent to. Do you have a  
14 copy of the letter;" did she give you a copy of the  
15 letter?

16 A. I can't recall.

17 Q. Okay. Just is -- is Exhibit 14 the letter  
18 that she wanted to send out?

19 A. 14? The Stephanie Swanson email?

20 Q. Yes.

21 A. I don't know.

22 Q. Because 14 is a letter from Stephanie  
23 Swanson?

24 A. Yeah, this is it right here. 14, yeah.

25 Q. You were advised you were going to get a

1 letter from Stephanie Swanson and that you didn't have  
2 anybody you wanted it sent to, they asked you?

3 A. Yeah, I don't know that -- I don't know that  
4 Exhibit 14 is the same things that's, that's being  
5 referred to in Exhibit 15.

6 Q. Was there something else that you remember?

7 A. I don't know. But I don't know that they're  
8 to the same, they're referring to the same thing.

9 Q. Okay. Exhibit 14 is a letter from  
10 Ms. Swanson to the Commissioner Court?

11 A. Yes.

12 Q. Okay. I'm going to hand you what's been  
13 marked Holmes Exhibit 16, ask you if you can identify  
14 it?

15 (Exhibit No. 16 marked.)

16 MS. OLALDE: Can you hand me the  
17 folder please, thank you.

18 Q. (BY MR. NIXON:) It's Holmes 1347?

19 A. Okay.

20 Q. What is Exhibit 16?

21 A. Looks like an email from Leon Phillips  
22 referring to a bunch of, a number of people.

23 Q. Who's this group of people?

24 A. I don't know who they are.

25 Q. Well, one of them is Penny Pope?

1 A. Yeah.

2 Q. Steve McIntyre. You don't know, I mean this  
3 is --

4 A. Yeah, I know penny pope.

5 Q. -- did you forward it to all these people?

6 A. No.

7 Q. No?

8 A. Yeah, no.

9 Q. Okay. Got somebody else you don't know who  
10 this group is?

11 A. I don't know. I mean know some of the names  
12 on this group here, but I don't know if it's a, you  
13 know, club group. I guess that's my point.

14 Q. Okay. So it's -- it looks like it's from the  
15 Galveston NAACP to you and a bunch of other people; is  
16 that fair?

17 A. No, it appears to be forwarded by Leon  
18 Philips to a bunch of people which was a message from  
19 Mary Patrick.

20 Q. What is this forwarded message from Galveston  
21 NAACP?

22 A. I think -- I thought that was the sender  
23 there and this is the message that was forwarded, being  
24 forwarded.

25 Q. Is it your -- it says, "I have posted the

1 website to go to an expressed comments about the two  
2 maps that may be voted on next Tuesday. Dr. Scott,  
3 Roxy Hall Williamson, Mr. Hatter and I were on the call  
4 tonight with Commissioner Holmes and he provided great  
5 information;" were you on such a call?

6 A. I can't recall.

7 Q. What information did you provide?

8 A. I can't recall.

9 Q. Did you have notes of that conversation?

10 A. I do not.

11 Q. Did you look for notes of that conversation?

12 A. I didn't.

13 Q. Why did you not take notes of this call?

14 MS. RICHARDSON: Objection, form.

15 MR. MANCINO: Join.

16 A. No reason.

17 Q. (BY MR. NIXON:) So was Mary Patrick inviting  
18 all of these people to click on the link and provide  
19 their comments electronically?

20 MS. RICHARDSON: Objection to form.

21 Q. (BY MR. NIXON) To your knowledge?

22 A. I don't believe Mary Patrick sent this email  
23 out as I said before I think Leon Phillips sent this  
24 out. He forwarded an email that she sent.

25 Q. Okay. From Mary Patrick here it says, please

1 pass the word Dr. Scott please send out to the  
2 membership, thanks, Mary Patrick. There are two things  
3 I wanted people to say, remove Bolivar from map 1 --  
4 remove Bolivar from the map and map 2 eliminate the  
5 map? Did you support those positions?

6 A. I don't recall.

7 Q. Okay.

8 A. You talking about when I spoke with him on  
9 this?

10 Q. Yes.

11 A. Yes, I don't recall.

12 Q. Did you go back and look at any of their  
13 comments that they may have sent in electronically?

14 A. To the county's website?

15 Q. Yes, "please click on the link and provide  
16 comments?"

17 A. No.

18 Q. You didn't go back?

19 A. Yeah, I didn't provide -- I don't recall.

20 Q. Okay. I'm going to hand you what's been  
21 marked as Holmes Exhibit 17 and ask if you can identify  
22 those for me please?

23 (Exhibit No. 17 marked.)

24 A. Yeah, seems to be a response I made to an  
25 email that was sent to me by Elizabeth Dunn.

1 Q. (BY MR. NIXON) Who's Elizabeth Dunn?

2 A. Elizabeth Dunn I used to -- many, many, years  
3 ago I worked with her in the District Attorney's  
4 office.

5 Q. She reached out to you regarding the maps?

6 A. Let me see here. Yeah, she seems to be  
7 relaying to an article that was written in regards to  
8 the redistricting process.

9 Q. To which you write back, "hey, Elizabeth I'm  
10 fine and hope you're doing well thank you for reaching  
11 out and offering this assistance. We're going to fight  
12 this discriminatory plan in the Courts, I will  
13 definitely reach out if I need you."

14 Was it your intent to sue the county over  
15 this plan?

16 MS. RICHARDSON: Objection to form.

17 A. It was my intent to fight discriminatory,  
18 what I felt was a discriminatory plan.

19 Q. (BY MR. NIXON) Okay.

20 A. Any way, any legal way I could.

21 Q. Okay. All right. That did not provide a  
22 conflict between you and the county?

23 A. What didn't provide a conflict?

24 Q. This intent to fight the discriminatory plan  
25 in the Courts anyway you could?

1 MR. MANCINO: Objection to form.

2 A. What would the conflict be?

3 Q. (BY MR. NIXON) Well, let me ask you about a  
4 conflict, if you don't believe there's a conflict then  
5 that would be your answer, not me to tell you what it  
6 is?

7 A. Okay. Well --

8 MR. MANCINO: Same objection.

9 MS. RICHARDSON: Objection to form.

10 Q. (BY MR. NIXON) Do you believe that there to  
11 be a conflict?

12 A. What would the conflict be? Can you be more  
13 specific of what the conflict would be?

14 Q. (BY MR. NIXON) No, I'm asking you if you  
15 believe that there would be a conflict between you and  
16 the county over these maps?

17 A. Yes.

18 MS. RICHARDSON: Objection to form,  
19 asked and answered.

20 Q. (BY MR. NIXON) What's your answer?

21 A. Can I be -- can you be more specific about  
22 what the conflict would be?

23 Q. No.

24 A. Is my answer.

25 Q. No. No, I'm not going be more specific?

1 A. Okay.

2 Q. I just wanted to know whether you believe  
3 that it creates any kind of conflict between you and  
4 the county?

5 MS. RICHARDSON: Objection to form,

6 MR. MANCINO: Objection to form.

7 MS. RICHARDSON: Asked and answered.

8 A. I need you to be more specific about what you  
9 mean about conflict, how you define conflict.

10 Q. (BY MR. NIXON) Okay. I'm not going to be  
11 more specific, is your answer you don't think there's a  
12 conflict?

13 MS. RICHARDSON: Objection to form.

14 MR. MANCINO: Objection to form, it's  
15 unintelligible.

16 MS. RICHARDSON: And misstates prior  
17 testimony.

18 A. I didn't say that.

19 Q. (BY MR. NIXON) So there might be a conflict?

20 A. I didn't say the words that came out of your  
21 mouth.

22 Q. Well, you tell me, is or is there not a  
23 conflict between you and county regarding the  
24 redistricting?

25 MR. HOWRY: That question's been asked

1 and answered four times, he's given you the answer  
2 three times, move on counsel.

3 MR. MANCINO: Objection to form.

4 MS. RICHARDSON: Same objection.

5 Q. (BY MR. NIXON) You may answer the question.

6 A. Can you be more specific about what you mean  
7 by conflict, what that conflict would be?

8 Q. No, I just used the term conflict.

9 A. Okay.

10 Q. Are you at odds with the county over the  
11 redistricting plan?

12 A. Could you be more specific about what you  
13 mean "at odds"?

14 Q. That you intend to sue the county?

15 MR. MANCINO: Objection to form.

16 Q. (BY MR. NIXON) Do you believe a fight in  
17 court creates a conflict between you and the county?

18 MS. RICHARDSON: Objection to form.

19 A. Yeah, not necessarily. We might have  
20 difference in views, but it doesn't necessarily create  
21 a conflict.

22 MR. HOWRY: Commissioner, how you  
23 doing, you need a break?

24 THE WITNESS: No, I'm good. I'm good.

25 MR. HOWRY: You good, all right.

1 MR. NIXON: Let me talk about one  
2 document and we'll take a break.

3 MR. HOWRY: If he's good, I'm good.

4 Q. (BY MR. NIXON) Let me hand you what's been  
5 marked as Holmes Exhibit 18 and ask you to identify  
6 that?

7 (Exhibit No. 18 marked.)

8 MS. OLALDE: May I have the folder,  
9 please?

10 A. Yes, it appears to be an email from Roxy  
11 Williamson to me.

12 Q. (BY MR. NIXON) What's the date of that?

13 A. September 11, 2021.

14 Q. What is she asking you here?

15 A. Let me see here. She asked me, I'm not sure  
16 what she asked me. She says, "thank you for any  
17 information you can provide."

18 Q. It's a forwarded message from Roxy Williamson  
19 to city manager of Galveston. It says, "good afternoon  
20 could you please share the dates of city council  
21 discussions about redistricting. Open hearing dates  
22 and locations for redistricting;" why was she sending  
23 you redistricting information for the City of  
24 Galveston?

25 A. I don't know.

1 Q. Is she asking you for the same dates  
2 regarding commission?

3 A. No, all her email says to me is thank you for  
4 any information you can provide.

5 Q. Okay. Let me hand you what's been marked  
6 Holmes Exhibit 19?

7 (Exhibit No. 19 marked.)

8 A. Okay.

9 Q. (BY MR. NIXON) And ask you if you can  
10 identify it please?

11 (Exhibit No. 19 marked.)

12 A. Yes, says April 12, 2021, appears to be an  
13 email from Charles Hailey for the Galveston democrats  
14 talking about a coalition of Black democrats invites  
15 you to participate in a Zoom discussion over  
16 districting Neil Baron local democrat lawyer will be  
17 the guest speaker.

18 Q. (BY MR. NIXON) Okay. So was it sent to all  
19 democrats in Galveston County or just the African  
20 American democrats?

21 MR. MANCINO: Objection to form.

22 A. Yeah, I don't know who it went to.

23 Q. (BY MR. NIXON) Okay. Went to you though and  
24 Neil Baron who's with us here today is going to be the  
25 guest speaker to talk about redistricting and this was

1 going to be in April of 2021; is that right?

2 A. That's the date of it, yes.

3 Q. Now, is there part of this email that's  
4 redacted?

5 A. Not by me.

6 Q. Well, look right here after the quote by Andy  
7 Hailey, is that a redacted quote?

8 A. That hasn't been redacted by me.

9 Q. Okay. This looks like it went to the  
10 democrat of Galveston County group, are you a member of  
11 the democrats of Galveston county?

12 A. I am.

13 (Reporter clarification.)

14 Q. (BY MR. NIXON) Did you attend the Zoom  
15 meeting?

16 A. Honestly, I can't recall.

17 Q. Okay. I'm going to hand you what's been  
18 marked Holmes Exhibit 20 and ask you if you can  
19 identify that?

20 (Exhibit No. 20 marked.)

21 A. Yes, it's an email from Roxy D. Williamson to  
22 me October 11, 2021, appears to be inviting me to a  
23 scheduled Zoom meeting.

24 Q. (BY MR. NIXON) Did you attend the Zoom  
25 meeting?

1 A. I can't recall.

2 Q. It was on October 11, 2021?

3 A. Yeah, I don't recall.

4 Q. You don't know whether or not you spoke at  
5 the Zoom meeting?

6 A. I don't.

7 Q. Why don't we take a little break right now?

8 THE VIDEOGRAPHER: Off the record at  
9 4:08.

10 (Off the record.)

11 THE VIDEOGRAPHER: We're back on the  
12 record at 4:27.

13 Q. (BY MR. NIXON:) Okay. We're getting close  
14 Commissioner Holmes?

15 A. All right.

16 Q. I just got a few other documents to go  
17 through, but before I do that I just want to ask you  
18 obviously questions?

19 A. Yeah.

20 Q. Are you responsive to the Anglo constituents  
21 in your district as well?

22 MS. RICHARDSON: Objection to form.

23 A. Yeah, anybody in my district that needs help  
24 regardless of race.

25 Q. (BY MR. NIXON) You get calls about traffic

1 signals and potholes and beach erosion and all kinds of  
2 things from time to time, don't you?

3 A. I would say a mix of stuff like that, yes.

4 Q. And your assistant helps you and you go  
5 figure out what kind of services the county can  
6 provide, and do you provide services to other people,  
7 everybody in your district?

8 A. Yeah, or we direct them to get the help they  
9 need.

10 Q. Okay. Sometimes the City or the state?

11 A. Exactly, exactly.

12 Q. And then if need be you work with the city or  
13 state in order to help your constituent, right?

14 A. Yes, sure.

15 Q. Regardless of race?

16 A. Sure.

17 Q. Right. Rumor is that you may be the most  
18 conservative fiscal conservative member on the  
19 Commissioner's Court?

20 A. No, rumor.

21 (Laughter.)

22 Q. (BY MR. NIXON) Is that true?

23 A. No rumor.

24 Q. Is that true?

25 A. Ask the other members of the Commissioner's

1 Court, they'll tell you.

2 Q. Yeah, all right with regard to that are the  
3 other members of the Commissioner's Court responsive to  
4 their constituents regardless of race?

5 MR. MANCINO: Objection to form.

6 MS. RICHARDSON: Join.

7 A. I count answer that.

8 Q. (BY MR. NIXON) You don't know of any  
9 situation where anybody's not been helped because of  
10 the race, have you?

11 A. I do not.

12 Q. Okay. Regardless to anybody whether it's one  
13 of the commissioners or the county judge, you have not  
14 heard anything?

15 A. I have not, not based on their race, no.

CHERYL JOHNSON,

having been first duly sworn, testified as follows:

E X A M I N A T I O N

BY MS. GARRETT:

Q Good morning, Ms. Johnson. I appreciate your time today. My name is Kathryn Garrett and I'm one of the lawyers representing the NAACP Plaintiffs in this case.

Could you please state your name and full name -- or please state and spell your full name for the record?

A Cheryl Johnson, C-H-E-R-Y-L, Johnson, J-O-H-N-S-O-N.

Q Have you ever given testimony in a deposition before?

A Not that I recall.

Q Have you ever given testimony in court before?

A Yes.

Q So you have a bit of an understanding of what we're doing here today. You have been sworn in and are under oath to give accurate and truthful testimony today just as if you were in court.

Before we begin our conversation, I want to go over a few ground rules for how this deposition will proceed. If you have any questions, please let me know.

1           Today we have Molly Carter as our court  
2 reporter. She will be making a transcript of everything  
3 that occurs on the record today. To help make her job  
4 easier and to help ensure an accurate record, I ask that  
5 you give oral responses to all of my questions as opposed  
6 to non-oral responses such as nodding or shaking your  
7 head. Do you agree to do that?

8           A     Yes.

9           Q     First, if I ask you a question and you answer  
10 it, I will assume that you have understood the question.  
11 Fair enough?

12          A     Yes.

13          Q     If you aren't sure if you understand my  
14 question, please feel free to ask me and I will clarify  
15 or rephrase my question.

16                It's also important that we not interrupt or  
17 talk over each other. I'll do my best not to interrupt  
18 you when you are speaking, and in return, I ask that you  
19 wait until I finish my question before answering.

20                In addition, if your lawyer decides to object  
21 to any of my questions, they will want to do so before  
22 you answer.

23                Do you agree to do that?

24          A     Yes.

25          Q     I'm going to ask you some questions that take

1 us back in time. Other than the passage of time, is  
2 there any reason you can think of why you would not be  
3 able to accurately recall things that have happened in  
4 the past?

5 A No.

6 Q You are not on any medication that may affect  
7 your memory today; is that right?

8 A That's right, I'm not.

9 Q And you are not under the influence of anything  
10 that may affect your memory today?

11 A No, I am not.

12 Q As mentioned, your lawyer may object to some of  
13 my questions. Unless they instruct you not to answer,  
14 you still do have to answer the question. Does that make  
15 sense?

16 A Yes.

17 Q Other to -- other than to consult with your  
18 attorney about issues of privilege, you cannot  
19 communicate with anyone else about the questions I am  
20 asking or about your testimony. Do you understand that?

21 A Yes.

22 Q Is there anybody else in the room with you  
23 today?

24 A Yes.

25 Q Who is in the room with you today?

1 A Angie, Jordan and Zach.

2 Q Also, please make sure that your cell phone is  
3 turned off and that you're not able to see or view  
4 notifications during the deposition.

5 You are not allowed to consult any written,  
6 printed or electronic information unless that information  
7 is provided to you by me or others -- or other attorneys  
8 asking questions today during the deposition.

9 Do you agree to do that?

10 A Yes.

11 Q With that, do you have any documents in front  
12 of you today?

13 A No, I do not.

14 Q If you need a break at any point during the  
15 deposition, please let me know and we will accommodate  
16 that. Please note that if I have just asked you a  
17 question, I will ask you to respond before we take that  
18 break.

19 And as a final note, this case is consolidated  
20 with cases brought by Terry Petteway and other  
21 individuals, as well as the Department of Justice,  
22 against Galveston County in the Southern District of  
23 Texas. Both the Department of Justice and counsel for  
24 the Petteway Plaintiffs will have an opportunity to ask  
25 you questions later today as well.

1                   So our first question for you, how long have  
2 you lived in Galveston County?

3                   A     Since 1983.

4                   Q     Where did you grow up?

5                   A     Actually, I've been in Galveston County since  
6 1999.

7                   Q     Where did you grow up prior to moving to  
8 Galveston County?

9                   A     I grew -- I was born in New Jersey, and I grew  
10 up there and in Pennsylvania.

11                  Q     Are you affiliated with or a member of any  
12 local Galveston County organizations?

13                  A     Yes.

14                  Q     Which ones?

15                  A     The Santa Fe, Galveston, League City and  
16 Hitchcock Chambers of Commerce, the Galveston Republican  
17 Women and the Texas Gulf Coast Republican Women. I'm  
18 also associated with the Texas Assessor-Collectors  
19 Association.

20                  Q     For how long have you been a member of those  
21 organizations?

22                  A     Various amounts of time.

23                  Q     Which one have you been a member of for the  
24 longest period of time?

25                  A     The Chambers of Commerce.

1 Q Do you hold positions within these  
2 organizations?

3 A No, I do not.

4 Q How much time do you devote to these  
5 organizations generally?

6 A Typically an -- an hour a month.

7 Q For each or total?

8 A For each, depending on their meeting schedules.

9 Q Are you at all affiliated with the NAACP?

10 A No, I am not.

11 Q Are you affiliated with LULAC, the League of  
12 United Latin American Citizens?

13 A Would you repeat the question?

14 Q Yes. Are you affiliated with LULAC?

15 A No, I am not.

16 Q Can you describe your educational background?

17 A I am a professional certified collector and a  
18 certified tax office professional through the TACA, which  
19 is the Texas Association -- or Assessor-Collectors  
20 Association. I formally had a license with TDLR as a  
21 Texas assessor-collector. I am a previous real estate --  
22 licensed real estate agent in both Texas and  
23 South Carolina. I have an associate's degree from  
24 San Jacinto College.

25 Q What did you study or what was your associate's

1 degree in?

2 A Business administration.

3 Q Any education beyond the associate's degree,  
4 and the other licenses and certifications you mentioned?

5 A I've had over 300 hours in continuing education  
6 as a licensed real estate agent at various institutions,  
7 including University of North Carolina and Baylor  
8 College.

9 Q What was your first job after you earned your  
10 associate's degree?

11 A I was the director of information services at  
12 the Galveston Central Appraisal District.

13 Q What other jobs did you work after that?

14 A Tax assessor-collector.

15 Q And is that your current job in Galveston  
16 County that you're referring to?

17 A Yes, ma'am.

18 Q So to confirm, did you have any other jobs  
19 prior to your current job, other than the ones you've  
20 already mentioned?

21 A I've had prior jobs throughout my life.

22 Q What were some of those jobs?

23 A I was a real estate appraiser both in Texas and  
24 in South Carolina. I've had a small business doing  
25 demographic work for a short time period. And I've

1 worked in a variety of real estate-related fields,  
2 including architectural firms, real estate offices and  
3 real estate appraisal firms.

4 Q Can you tell me about -- a little bit more  
5 about the small business that you mentioned?

6 A It was called Demographic Profile Associates.  
7 It was strictly information that we would gather to  
8 assist governments with writing grants.

9 Q And for what years did you have that small  
10 business?

11 A I believe it was 2001 and '02.

12 Q And where was that business located?

13 A We worked from our homes.

14 Q And which -- you mentioned that you provided  
15 information to government entities; is that right?

16 A Yes, ma'am.

17 Q Which government entities did you provide that  
18 information to?

19 A The City of Bay City was our primary  
20 governmental entity that we assisted with -- with  
21 demographic work for grants.

22 Q And what kind of demographic information did  
23 you collect?

24 A Typically census data.

25 Q And then what would you do with that census

1 data when you -- how did you process it to give it to  
2 different various government entities?

3 A We would put it into charts and graphs, and  
4 sometimes summarize in paragraph form, depending on what  
5 their needs were.

6 Q What were some of those needs that they had?

7 A Obtaining grants from the federal government.

8 Q So today you work for Galveston County; is that  
9 right?

10 A I work for the voters of Galveston County.

11 Q Voters of Galveston County. And how long have  
12 you worked for the voters of Galveston County?

13 A 18 years.

14 Q And what is your job title?

15 A Galveston County tax assessor-collector.

16 Q Do you have any other titles?

17 A I'm also voter registrar.

18 Q How do those two roles or job titles overlap?

19 A By virtue of being the tax assessor-collector,  
20 I am the voter registrar.

21 Q And how did you get that job? Did you apply  
22 for it?

23 A No. I ran for public office.

24 Q When were you first elected?

25 A 2004.

1 Q And how many times have you been elected?

2 A I -- I don't remember. I guess eight times.  
3 I've served 18 years, so six times.

4 Q When were you last elected?

5 A 2020.

6 Q Did you run opposed in that election?

7 A In the primary, yes.

8 Q In the primary. And which primary was that?

9 A The Republican primary.

10 Q Have you always been a member of the Republican  
11 party?

12 A No.

13 Q When did you become a member of the Republican  
14 party?

15 A You become a member of a party by virtue of  
16 running for office in that primary or by voting in that  
17 primary in Texas.

18 Q Have you always run as a Republican in  
19 elections?

20 A No. When I was on the school board, it was a  
21 nonpartisan position.

22 Q To what extent were you involved in politics  
23 prior to your current job?

24 A I was on the school board in Clear Creek ISD  
25 for two terms -- three terms.

1 Q Do you hold any titles or positions within the  
2 Republican party?

3 A No.

4 Q How often do you attend GOP meetings as it  
5 relates to your -- or do you -- how often do you attend  
6 GOP meetings, if you attend?

7 A I've never necessarily attended a GOP meeting.

8 Q In general, can you describe your 2020 campaign  
9 process?

10 A The process? You sign up the December before  
11 to run in the primary, which I did, and you run in the  
12 primary. And I was unopposed in the November election.

13 Q Did you hold or conduct any events as part of  
14 that campaign?

15 A Yes, ma'am.

16 Q Which events did you hold?

17 A Probably too many to recall all. Campaign  
18 fundraisers predominantly. Town hall meetings. I  
19 attended candidate forums.

20 Q Did you campaign in any majority or minority  
21 neighborhoods?

22 A I don't recall.

23 Q Did you meet with any community groups?

24 A Not that I recall specifically. If a group had  
25 a forum, I certainly attended.

1 Q Did the 2011 redistricting cycle come up during  
2 your 2020 campaign at all?

3 A Not that I recall.

4 Q So as the Galveston County tax  
5 assessor-collector, what are your responsibilities  
6 generally?

7 A I assess, which is calculation, and collect  
8 taxes on properties in both Galveston and Harris  
9 counties. For 36 jurisdictions, I am the voter  
10 registrar. We also work on behalf of the -- the  
11 Secretary of State in that capacity. The Texas  
12 Department of Motor Vehicles performing registration and  
13 titling services. Texas Parks and Wildlife performing  
14 licensing of water vessels. Texas Alcoholic Beverage  
15 Commission processing liquor licenses. And that's  
16 basically all that I recall off the top of my head.

17 Q You mentioned that the voter registrar works  
18 with the Secretary of State, is that right --

19 A Yes.

20 Q -- in your role as voter registrar?

21 A Yes.

22 Q And does that -- is it -- what is your role  
23 with the redistricting process specifically for the  
24 commissioners precinct lines, either as voter registrar  
25 or tax assessor-collector?

1           A     Our primary function is to receive changes that  
2     are made to various -- various election precincts and  
3     implement those changes into the TEAM, Texas Election  
4     Administration Management system, that we are associated  
5     with through the Secretary of State. So predominantly  
6     and pretty much solely, it's updating boundaries as they  
7     are provided -- updating the entitlements associated with  
8     the boundaries that are adopted by the local governments.

9           Q     Have you used the TEAM system for the full  
10    duration of your time with Galveston County?

11          A     The Secretary of State performed an update into  
12    TEAM, I believe, in 2006 or '07. The prior system was  
13    TDRS. And before that the county had a private software  
14    company. I believe it was Netdata.

15          Q     Do you have a say or an opinion in how any of  
16    those boundaries are drawn?

17          A     No, ma'am.

18          Q     Does your office collect voter data with  
19    respect to any racial demographics of voters in Galveston  
20    County?

21          A     Only when required by the Secretary of State.

22          Q     Under what circumstances does the Secretary of  
23    State require that data to be collected?

24          A     It's actually extracted from the TEAM system.  
25    And I bel- -- I'm not certain how they identify what

1 is -- how -- how those are all specified.

2 Q Does your office collect voter data with  
3 respect to any socioeconomic demographics of voters in  
4 Galveston County?

5 A No.

6 Q Does your office collect voter data with  
7 respect to any political demographics of voters in  
8 Galveston County?

9 A The only process would be if we are requested  
10 through open records request to provide voters in the  
11 Democrat or Republican primary elections.

12 Q So of this -- of any voter data that you  
13 collect, who is this information shared with?

14 A Whoever the requester is in the open records  
15 request.

16 Q Have any of the Galveston County commissioners  
17 or county judge requested this voter data information  
18 from you?

19 MS. OLALDE: Objection, overbroad in regards to  
20 what time you're talking about.

21 MS. GARRETT: I can rephrase.

22 Q (By Ms. Garrett) During the 2021 redistricting  
23 cycle, did any of the commissioners or Judge Mark Henry  
24 request any voter data from your office?

25 A Not that I recall.

1 Q How do you communicate with localities in  
2 Galveston County on their redistricting?

3 A Typically through emails and only as a planning  
4 process, part of a planning process.

5 Q Can you describe that planning process a little  
6 bit more?

7 A In anticipation of -- since receipt of census  
8 data, we have multiple jurisdictions that have single  
9 member districts, and I will reach out to them to have --  
10 ask them to share their schedules, what their timelines  
11 might be, so that I can properly staff my office and  
12 obtain funding, if necessary, through commissioners to  
13 perform whatever changes we're going to have to make to  
14 the entitlements and the boundaries that they adopt.

15 Q So you mentioned hiring, or bringing in staff.  
16 Where do you pull in staff members from? Do you hire  
17 temporary staff? Do you bring them in from other parts  
18 of your office? What do you mean by bringing in staff or  
19 working on staff?

20 A In some instances it's bringing in current  
21 staff. We've had the same problem as everybody else in  
22 the country hiring temporary workers, but predominantly  
23 we advertise for temporary workers 24/7 on the county  
24 website.

25 Q And that's 24/7 just during redistricting or --

1 A Year-round.

2 Q -- as a general rule? Year-round?

3 A As a general rule.

4 Q And then you mentioned funding. What  
5 funding -- the fund -- what are the funding sources that  
6 your office seeks for redistricting?

7 A That would be through county commissioners and  
8 the budget process.

9 Q Who typically sets that budget?

10 A The county commissioners.

11 Q Do you get to express an opinion about what  
12 that budget should be?

13 A I submit a requested proposed budget to them.

14 Q And how often do you submit a requested budget  
15 proposal?

16 A Annually. Sometimes it has to be revised and  
17 we submit additional requests up until they actually  
18 adopt the budget, if necessary.

19 Q And is that around a similar time each year,  
20 the same month every year you submit that?

21 A Yeah. Typically begins in April.

22 Q And then what information do you typically need  
23 to put that budget together?

24 A 95 percent of my budget is staffing, and so we  
25 project -- we look at projections, look at history and

1 projections on the work that we anticipate through the  
2 next year and try to set that budget. Sometimes it's --  
3 at different times we have to hire vendors to assist us.  
4 For example, this year is mass mailout, so we will seek a  
5 vendor to help us fund the mass mailout of voter  
6 registration certificates that will occur later this  
7 year.

8 Q Can you describe the people that are in your  
9 office?

10 MS. OLALDE: Objection, vague.

11 Q (By Ms. Garrett) How many people work in your  
12 office?

13 A Counting myself, 53.

14 Q Of those 53, how many people do you directly  
15 supervise?

16 A I have direct contact with two chief deputies  
17 daily, but also a support services team.

18 Q And are they all full-time staff?

19 A Yes.

20 Q How often do you meet with those that you  
21 directly supervise?

22 A Daily.

23 Q Are those individuals involved in  
24 redistricting?

25 A I beg your pardon? Would you repeat the

1 question?

2 Q Sure. Are those individuals that you supervise  
3 involved in redistricting?

4 MS. OLALDE: Objection, vague.

5 You can answer.

6 THE WITNESS: I can answer?

7 MS. OLALDE: Uh-huh. Any time I make an  
8 objection, unless I'm instructing you not to answer, you  
9 can answer --

10 THE WITNESS: I can answer, okay.

11 MS. OLALDE: -- to the extent you understand  
12 her question.

13 A The chief deputy of business services oversees  
14 voter registration, and so her and I work together on  
15 performing the entitlement changes. The support services  
16 staff assist in the auditing once changes are made in the  
17 system, and that's three individuals.

18 Q (By Ms. Garrett) Does anyone supervise you?

19 A The voters of Galveston County.

20 Q How do you typically communicate with the other  
21 individuals in your office?

22 A In person, frequently through email. I have  
23 four different locations -- three different locations  
24 outside of Galveston and two satellite offices, so email  
25 is the primary source of communication with office staff.

1 Q How many emails do you have? Do you use your  
2 personal email for work at all?

3 A I do my very best not to use my personal email  
4 for work.

5 Q Do you ever text with members of your staff?

6 A Yes, we have county cell phones and we will  
7 text each other occasionally, predominantly during  
8 disasters when we cannot communicate effectively any  
9 other way.

10 Q And then you mentioned that you work with two  
11 chief officers daily; is that right?

12 A Would you repeat that? I'm sorry.

13 Q Is it -- am I accurate in saying that you work  
14 with two chief officers on a daily basis in your office?

15 A Chief deputies on a daily basis, if not in  
16 person, then via telephone or email.

17 Q And what are their names?

18 A LaTonya Dominic is the chief deputy of property  
19 tax and support services, and Kathleen Moreno is the  
20 chief deputy of business services.

21 Q So you mentioned that in your role as voter  
22 registrar, you work with the Texas Secretary of State.  
23 Could you describe a little bit more about that  
24 relationship?

25 A Predominantly, we receive directives from them.

1 We attend annual conferences. Some of us attend annual  
2 conferences, after -- typically at the end of summer  
3 after legislative session is when most of us attend  
4 those. Predominantly, directives we receive via email,  
5 and then they provide work to my staff, my voter  
6 registration department staff and what's called the task  
7 summary screen system of TEAM. We're an online county  
8 with the Secretary of State.

9 Q How often do you correspond with the Texas  
10 Secretary of State?

11 A As often as they correspond with me.

12 Q How often is that, typically, on an average  
13 basis?

14 A It depends on what's going on. During  
15 elections, it's frequently. Over the last several weeks,  
16 they've been holding webinars and sending out -- out  
17 schedules pretty regularly, a couple of times a week.

18 Q In 2021, did you keep track of the state  
19 legislature's actions in conducting statewide  
20 redistricting?

21 A Not really. It became too delayed. It was  
22 very hard to keep up with.

23 Q What were the reasons for that delay?

24 MS. OLALDE: Objection, calls for speculation.

25 To the extent you know, you can answer.

1           A     The census data was late this year -- or in  
2     2021. 2020 census data was not released until later than  
3     typical.

4           Q     (By Ms. Garrett) Have you ever used your  
5     personal email for work?

6           A     Occasionally to send files so that I can print  
7     them on the home printer if I'm working from home.

8           Q     So you would use it to email yourself but not  
9     others. Is that accurate?

10          A     I would say that that's accurate.

11          Q     When did you first learn about this litigation?

12          A     Which litigation? The 2011 redistricting? I  
13     think they all were rolled together.

14          Q     This current litigation that we are in this  
15     deposition for.

16          A     Whenever the newspaper put it in the --  
17     whenever it was published in the newspaper as a news  
18     article, and I do not recall when that was.

19          Q     Did you read that news article pretty shortly  
20     after it was published?

21          A     I do not recall. I would have -- I receive the  
22     paper daily.

23          Q     What news sources do you typically consult?

24          A     Do I consult? The Galveston Daily News is a  
25     local paper. The Post is another local newspaper. As

1 far as news sources that I consult, I watch the morning  
2 news. I watch sometimes the evening news. I  
3 occasionally receive smart news on my tablet.

4 Q Other than from the news, did you hear about  
5 this litigation from anyone else?

6 MS. OLALDE: Objection, overbroad.

7 You can answer.

8 THE WITNESS: I can answer?

9 MS. OLALDE: Sure.

10 A Not that I recall specifically.

11 Q (By Ms. Garrett) Are you familiar with the  
12 allegations in this litigation?

13 A Not specifically.

14 Q You mentioned that you've provided testimony in  
15 court before; is that right?

16 A Yes, ma'am.

17 Q Under what circumstances did you provide that  
18 testimony?

19 A It was a lawsuit, I believe, in 2012 in federal  
20 court in which I was named along with the Secretary of  
21 State. I believe the Plaintiff was Voting for America.

22 Q And what was that case about?

23 A The legislature had adopted rules and  
24 regula- -- or laws for volunteer deputy registrars, and I  
25 had worked with various legislators on passage of that

1 legislation.

2 Q And which legislation was at issue in that  
3 case?

4 A I don't remember specifically the chapters of  
5 the election code, but it would have been pertaining to  
6 volunteer deputy registrars.

7 Q Did you meet with anyone to prepare for this  
8 deposition?

9 A The attorneys that are present in this room,  
10 Angie and Jordan.

11 Q How many times did you meet with them?

12 A Twice.

13 Q And for how long did you meet with them?

14 A I think a couple of hours on one day and maybe  
15 four hours the next day.

16 Q And how long ago was that?

17 A Last week.

18 Q And was anybody else in the room when you met  
19 with your attorneys?

20 A Angie was in the room. Others attended via  
21 Zoom.

22 Q Who else was on Zoom when you met with Angie in  
23 preparation for this deposition?

24 A I'm not sure I know the names of everybody.

25 Jordan, Mytelka --

1 MS. OLALDE: Kathryn, I can represent to you  
2 that it was only attorneys speaking with Ms. Johnson, if  
3 that helps. She may not remember all the names.

4 A I don't remember all the names. I'm not  
5 sure who's -- I may have been introduced to everybody,  
6 but I don't recall.

7 Q (By Ms. Garrett) Are you aware that other  
8 individuals have been deposed in this matter?

9 A I have been told that, yes.

10 Q Did you speak with any of those individuals  
11 about their testimony?

12 A I did not speak with them about their  
13 testimony.

14 Q Did you review any documents in preparation for  
15 this deposition?

16 A Only those that were presented as exhibits by  
17 Angie.

18 Q What types of documents did you review?

19 A There were news articles. I think that was the  
20 predominant, I guess, column I had written. Some emails.

21 Q How did you review these documents? Did you  
22 see them on a screen? Were they on paper?

23 A They were on paper.

24 Q Did these documents refresh your memory of  
25 events and conversations?

1           A     Yes, they did.

2           Q     Which documents refreshed your recollection of  
3 the events and conversations?

4           A     Each of the documents that was presented  
5 refreshed my memory.

6           Q     So you mentioned news articles. Which -- what  
7 was -- or what were these news articles about that you  
8 reviewed?

9           A     A couple of them pertained to the primary  
10 election in 2020. Another pertained to a decision -- or  
11 actually, a vote taken by the Texas Department of Motor  
12 Vehicles board, of which I was a member. And another was  
13 a guest column that I had written.

14          Q     And what was that article that you wrote about?

15          A     We were receiving many phone calls from voters  
16 whose voter certificates had expired and they were  
17 concerned they would not be able to vote in the upcoming  
18 election. So I wrote a new information piece to inform  
19 them of what was underway, what was going on, and that  
20 was during the 2011 redistricting process.

21          Q     And then the emails that you reviewed, what  
22 were those emails related to?

23          A     Predominantly my communications with the  
24 various governments that have single member districts in  
25 Galveston County that I would be assisting with changing

1 their entitlements upon their decisions.

2 Q And what time period were these emails from?

3 A I believe the first one I wrote was in December  
4 2019.

5 Q Were the articles and emails that you reviewed  
6 in this -- it's probably best answered by your  
7 attorney -- were these produced to Plaintiffs?

8 MS. OLALDE: Yes, Ms. Garrett, they were. I'm  
9 sorry, rephrase your question and I'll do my best to  
10 answer for you.

11 MS. GARRETT: Rephrase? I can rephrase.

12 Q (By Ms. Garrett) Of the documents that  
13 Ms. Johnson reviewed, were these all produced to  
14 Plaintiffs?

15 MS. OLALDE: Everything she reviewed -- I don't  
16 know about the news articles, you'd have to speak with  
17 Sean. I think that's all publicly available anyway.

18 Q (By Ms. Garrett) How else did you prepare for  
19 this deposition?

20 A I tried to get a good night's sleep and not  
21 drink espresso.

22 Q What is your office's role in commissioners  
23 precinct redistricting in Galveston County?

24 MS. OLALDE: Objection, asked and answered.

25 But you can answer.

1 A I have no role in the decision-making process.  
2 My role is strictly in the implementation of making the  
3 changes, implementing the changes in -- in TEAM to ensure  
4 that the voting precincts were properly changed.

5 Q (By Ms. Garrett) Is that similar to statewide  
6 redistricting? Is your role similar for statewide  
7 redistricting?

8 A I'm not -- I'm not sure I understand the  
9 question.

10 Q I guess --

11 A Could you rephrase that?

12 Q Yes. Let me ask it this way. What is your  
13 office's role in statewide redistricting?

14 A We receive notification or we read in the  
15 newspaper sometimes that the legislature has acted to --  
16 and through the Secretary of State's emails as well, that  
17 the legislature has voted to approve congressional  
18 districts, House and Senate districts, and State Board of  
19 Education. And upon that notification, we have to go out  
20 and seek the maps.

21 Q What do you mean by you "have to go out and  
22 seek the maps"?

23 A Nothing was specifically provided to us, that I  
24 recall. We had to go to State of Texas websites to  
25 download the PDF files of changes.

1 Q So looking to specifically commissioners  
2 precinct redistricting, to your knowledge, who typically  
3 draws the commissioner precinct maps?

4 A The county commissioners and county judge.

5 Q And then to your knowledge, who selects the  
6 commissioners' precinct maps?

7 A The county commissioners and county judge.

8 Q You mentioned that you collect PDF files of the  
9 maps from the Secretary of State website; is that right?

10 A I'm not sure they were on the Secretary of  
11 State website. I do not recall where the link was taking  
12 us.

13 Q But you went out and you sought out the map and  
14 you received a PDF file; is that right?

15 A Yes. We would download the PDF files from  
16 links that would be provided.

17 Q And then what would you do with that PDF file?

18 A After saving it on my computer, trying to print  
19 a big enough copy that I could determine what changes  
20 would need to be made to our various voting precincts in  
21 order to implement those changes.

22 Q Was that something that you did -- you  
23 mentioned that you printed the file. So in evaluating  
24 the changes that need to be made, is that something you  
25 did by hand or did you use a computer software program?

1           A     I wish I had a computer software program. So  
2 we would take the 2011 maps and compare those manually to  
3 the adopted maps, and it was my job to identify the  
4 changes, the areas of change, so that we could begin  
5 implementation.

6           Q     How long did that typically take to make note  
7 of those changes?

8           A     This last time, not very much. Maybe  
9 overnight, a couple of days.

10          Q     What was your process for manually comparing  
11 the maps?

12          A     I'd look at the prior, at the time, existing  
13 maps and compared them to the approved maps, the adopted  
14 maps, and try to identify specific areas. We were  
15 fortunate in that the legislature moved entire election  
16 or voting precincts when they made changes, so it was a  
17 fairly simple process for us to identify what voting  
18 precincts needed to be changed for each one of the  
19 various positions.

20          Q     And again, you did this for every map that you  
21 helped implement?

22               MS. OLALDE: Objection, vague.

23          A     And I may answer that. I'm not certain I  
24 understand the question.

25               MS. OLALDE: So any time you don't understand a

1 question, you can ask her to --

2 THE WITNESS: Yes.

3 MS. OLALDE: -- clarify the --

4 A If you could clarify that.

5 Q (By Ms. Garrett) For which maps would you  
6 manually compare? Which maps did you manually compare?

7 A The -- the 2011 maps that had been adopted and  
8 that were in place at the time to the maps that were  
9 adopted for each one of the jurisdictions, for each one  
10 of the positions for the state.

11 Q How many jurisdictions did you have to compare  
12 for the state?

13 A For the state, we looked at U.S. congressional,  
14 and there were no changes in Galveston County that  
15 affected us. Texas Senate, there were no changes that  
16 affected -- well, I take that back. There could have  
17 been changes to Brandon Creighton's district, the Texas  
18 Senate position. But I looked at those only as they  
19 affected Galveston County. And Texas House, there were  
20 several changes for the Texas House, and there were  
21 multiple changes for the State Board of Education.

22 Q So is it the case that it's easier to manually  
23 compare these maps when the voting precincts are kept  
24 whole in the adopted map?

25 A Yes. Using the Texas Secretary of State's

1 | redistricting module, that was the easiest method of  
2 | making changes.

3 | Q So once you've manually compared the maps, what  
4 | is the next step?

5 | A For the state level, the next step would be to  
6 | provide a listing of changes to Ms. Moreno, and she would  
7 | provide that information to the voter registration  
8 | personnel at the time working on those changes.

9 | Q In 2021, when did you manually compare the maps  
10 | and share this information with Ms. Moreno?

11 | A To clarify, are you referring to the state and  
12 | federal changes?

13 | Q Yes.

14 | A It would have been in December 2021.

15 | Q Did you have a deadline, a strict deadline to  
16 | meet for getting those -- for finishing that manual  
17 | comparison and sharing that information with Ms. Moreno?  
18 | Was there a hard deadline?

19 | A There was a hard deadline established by the  
20 | Secretary of State for us to mail out voter registration  
21 | certificates. Those changes needed to be made in advance  
22 | of generating the file to send to the print vendor.

23 | Q Do you recall when that deadline was?

24 | A Without referring to that election advisory,  
25 | no. I believe it was mid-January.

1 Q To what extent is redistricting performed  
2 in-house?

3 THE REPORTER: In what? I'm sorry?

4 A We don't perform redistricting in-house. When  
5 I refer to redistricting, it is the process of receiving  
6 the changes, whether in the form of maps initially, maps  
7 and shapefiles, and turning those into usable --  
8 comparing those to our street range list to determine  
9 where the changes are that need to be made.

10 And I'm not sure I fully answered your  
11 question. If you want to repeat it, I can validate that.

12 MS. GARRETT: Real fast, are we all set up with  
13 Exhibit Share at this point? Do we all have access to  
14 Exhibit Share?

15 MS. OLALDE: Ms. Garrett, I do, thank you for  
16 asking.

17 Q (By Ms. Garrett) I would like to mark Tab 10 as  
18 an exhibit.

19 MS. OLALDE: I'll let you know when it pops up.

20 MS. GARRETT: Thank you.

21 THE REPORTER: May I ask who is speaking?

22 MS. OLALDE: This is Angie Olalde. I  
23 apologize. You won't see my box light up because I'm  
24 using Ms. Johnson's speaker.

25 MR. MUNK: Exhibit 1 has been introduced.

1 Q (By Ms. Garrett) Ms. Johnson, can you see  
2 Exhibit 1?

3 MS. OLALDE: Just one moment. Is there --  
4 okay. Let's see.

5 A Yes, I can see it.

6 Q (By Ms. Garrett) Do you recognize this  
7 document?

8 A It appears to be my campaign website.

9 Q I'm looking at the top of Page 2. There's a  
10 bullet point that reads "Established" -- or it mentions  
11 ways you reduce costs. In the last bullet point in that  
12 box, it reads "Established automated motor vehicle  
13 registration & tax payment processing, performed  
14 redistricting in-house." Did I read that correctly?

15 A Yes, ma'am.

16 Q In that -- as part of your campaign page, what  
17 does that mean to perform redistricting in-house?

18 A What that means to me as voter registrar is  
19 that we received maps and data, data files from the  
20 various governmental entities and updated the boundaries  
21 as appropriate to update the voter registration  
22 entitlements.

23 Q Why did you include this as part of your  
24 campaign page?

25 A Because it was an enormous task, and we saved

1 thousands of dollars, I believe, by virtue of not hiring  
2 outside vendors to make those changes.

3 Q Other than saving money, are there any other  
4 advantages to conducting redistricting in-house in this  
5 way that you were just discussing?

6 A In what I'm referencing, the advantage was, we  
7 were going to have to audit anything a vendor did anyway,  
8 so we were able to establish timelines, perform the work,  
9 and have teams put together to audit the work as the work  
10 was being performed. So it was a very efficient process.

11 Q Was redistricting completed in-house in this  
12 way both in 2011 and 2021?

13 A Yes. In 2011, it became necessary to hire a  
14 vendor to assist with Galveston Island changes because  
15 they were so complex. We did not have any vendors in  
16 this most recent update.

17 Q And your office was fully equipped to handle  
18 this redistricting process, especially with the budget  
19 and temporary staff that you were able to bring on?

20 A In 2011?

21 Q Or in 2021.

22 A We've made it work.

23 Q What were your goals for the 2021 redistricting  
24 process?

25 A To implement the changes properly.

1 Q Did you have any other goals?

2 A I think that that's a pretty sizeable goal in  
3 itself. It's a very short response, but it's a massive  
4 operation, massive task.

5 Q In 2021, how much of your time was spent on  
6 this redistricting process?

7 A From beginning to end?

8 Q Yes.

9 A Probably anywhere from 20 to 60 hours a week  
10 for several months. We only recently made changes for  
11 the City of La Marque and Texas City and College of the  
12 Mainland.

13 Q And at what point in 2021 did that 20 to 60  
14 hours a week begin? Was it January 2021? July 2021?  
15 What month, roughly, did that process begin for your  
16 office?

17 A We may have started some work in November, but  
18 predominantly, it was December.

19 Q To what extent was your office involved in  
20 redistricting prior to a map being adopted?

21 A We were not involved in the decision-making  
22 process. My only -- our only involvement or my only  
23 involvement was to determine a schedule so that I could  
24 assign staff or know when I needed staff available in  
25 order to make the changes.

1 Q How did you go about creating a schedule for  
2 redistricting?

3 A Once we identified the entities that were going  
4 to need changes, I tried to stay in touch with them --  
5 not very successfully, I will say -- to know when those  
6 changes would be expected and to plan my staffing  
7 accordingly -- accordingly. And I needed temporary  
8 workers to perform the normal duties of voter  
9 registration so that my full-time staff could make  
10 changes as necessary.

11 Q You mentioned reaching out to entities, did  
12 that include the Galveston County Commissioners Court?

13 A Yes, ma'am.

14 Q And who on the Galveston County Commissioners  
15 Court did you reach out to when you were putting together  
16 these schedules?

17 A All of the courts, the commissioners, county  
18 judge and commissioners and their chiefs of staff.

19 Q When -- do you recall when you first reached  
20 out to them for the 2021 redistricting cycle?

21 A I believe it was December 2019 when I first  
22 reached out to everybody. And then at various times as  
23 we would get notification or I would read that the  
24 government -- U.S. government was actually in the process  
25 of providing census data, I would try and reach out to

1 | them again.

2 | Q What information from these entities was most  
3 | helpful for you as you were putting together schedules?

4 | A Their timelines, what months. I believe the  
5 | very first entity that provided changes was the City of  
6 | Galveston.

7 | Q And by "timeline," do you mean timeline for  
8 | selecting the adopted map?

9 | A The timeline of implementing the maps that they  
10 | adopted.

11 | Q So did you want to know when they planned to  
12 | adopt the map?

13 | A Yes, ma'am.

14 | Q Did you want to know when they might be meeting  
15 | to discuss adoption of the map or selecting a map?

16 | A I asked for that information, and I can't say  
17 | that they were very responsive.

18 | Q Was the Galves- -- to what extent was the  
19 | Galveston County Commissioners Court responsive to your  
20 | requests in 2021?

21 | A I don't recall receiving any responses from  
22 | Galveston County Commissioners Court to my emails.

23 | MS. OLALDE: I'm sorry, we've been going about  
24 | an hour. Just whenever we get to a breaking point, could  
25 | we take a short break?

1 MS. GARRETT: We could take a break now, if  
2 that works for you.

3 MS. OLALDE: Sure.

4 MS. GARRETT: Could we go off the record?

5 THE VIDEOGRAPHER: Okay. Current time is  
6 10:16. We are now off the record.

7 (Recess.)

8 THE VIDEOGRAPHER: Current time is 10:41 a.m.,  
9 and we're now back on the record.

10 Q (By Ms. Garrett) Ms. Johnson, did you speak  
11 with anyone during the break?

12 A Yes.

13 Q With whom did you speak?

14 A To those present in the room, Jordan, Angie and  
15 Zach.

16 Q Is it still the case that only those  
17 individuals are in the room with you now?

18 A Yes, ma'am.

19 Q And is it still the case that you have no  
20 documents in front of you today?

21 A Yes, ma'am.

22 Q Do you know Nathan Sigler?

23 A Yes.

24 Q For how long have you known him?

25 A I've known him well -- well, more -- during

1 | redistricting, we developed a relationship as far as  
2 | working closer together when the redistricting for the  
3 | county began.

4 | Q And by "redistricting," you mean 2021  
5 | redistricting?

6 | A Yes. The only time that I really interact with  
7 | Nathan is when I need maps from the engineering  
8 | department, and he is -- he is my point of contact.

9 | Q Is he a point of contact when you're doing  
10 | those manual comparisons of the maps that you were  
11 | testifying about earlier?

12 | A To some extent, yes. He would provide lists of  
13 | precincts to me.

14 | Q How often during the 2021 redistricting did you  
15 | correspond with Nathan Sigler?

16 | A I would be guessing, but I would probably say  
17 | multiple times a day at times.

18 | Q And in general, how did you communicate with  
19 | him? Via email? Phone? In person?

20 | A Email would oftentimes result in an in-person  
21 | meeting receiving the maps or he would come up to our  
22 | office to answer questions and to help us use his GIS  
23 | system.

24 | Q What kinds of questions would you ask him?

25 | A Just what maps were available, what he could

1 give me, how to use the technology effectively, getting  
2 permissions for -- to use his maps. He gave me his  
3 administrative access.

4 Q And then you mentioned technology. What did  
5 the technology enable you to do with the maps?

6 A To zoom in, to oftentimes put in an address to  
7 determine what -- an area where a -- a particular voter  
8 may be located or to zoom in on a boundary.

9 Q And were you able to use that technology when  
10 you were doing the manual comparisons of the maps, or  
11 were you -- only had your eyesight for those comparisons?

12 A The comparisons were frequently performed  
13 comparing spreadsheets and then validating on the maps.

14 Q Are you aware of Nathan Sigler's communications  
15 or correspondence with any of the entities that you were  
16 looking to get in touch with during redistricting in  
17 2021?

18 A Would you repeat the beginning of that  
19 statement?

20 Q Yeah. Were you aware of Nathan Sigler  
21 corresponding with any of the entities that you were  
22 reaching out to during the 2021 redistricting process,  
23 such as the Galveston County Commissioners Court or any  
24 other entity?

25 A I'm not certain what his correspondence was

1 with the County Commissioners. We -- I would loop him  
2 into emails with the other entities when I was forwarding  
3 shapefiles to him for printed -- to obtain printed maps.

4 Q Do you know Michael Shannon?

5 A Yes, I do.

6 Q And for how long have you known Michael  
7 Shannon?

8 A For as long as he's been the county engineer.

9 Q And do you work directly with Michael Shannon?

10 A Rarely.

11 Q Rarely?

12 A Yes.

13 Q Does Michael Shannon work with any members of  
14 your staff?

15 A No.

16 Q Do you know Stephen Holmes?

17 A Yes, I do.

18 Q How long have you known Stephen Holmes for?

19 A Since I took office January 1st, 2005.

20 Q And how would you characterize your working  
21 relationship with Stephen Holmes?

22 A I'd say it's a good working relationship.

23 Q How often do you communicate with Stephen  
24 Holmes on a general basis?

25 A Six times a year, perhaps.

1 Q Did you communicate with him more during the  
2 2021 redistricting process?

3 A I do not recall talking with him at all during  
4 the redistricting process.

5 Q Do you know Darrell Apffel?

6 A Yes, ma'am, I do.

7 Q How long have you known Darrell Apffel for?

8 A I'm not certain. I probably met him about ten  
9 years ago.

10 Q How would you characterize -- or let me ask you  
11 this: How often do you communicate with Darrell Apffel  
12 for your work?

13 A For my work? Probably same amount of time as I  
14 do Stephen Holmes or any of the commissioners. Maybe a  
15 half a dozen times a year.

16 Q Would you say that's consistent for all of the  
17 county -- or Galveston County commissioners, about six  
18 times a year?

19 A As far as communicating with them directly,  
20 talking to them, likely, yes.

21 Q So there isn't one commissioner that you speak  
22 to more than the others or -- you speak to them all  
23 generally about the same amount?

24 A Yes, Mr. Giusti, Commissioner Giusti and I  
25 probably have the closest relationship.

1 Q How long have you known Commissioner Giusti  
2 for?

3 A I'm not certain. He began -- when he began  
4 working for Constable Fullen was when I first met him.

5 Q When around was that? When did he begin  
6 working for Constable Fullen?

7 A I believe Constable Fullen was elected in 2006,  
8 so it would have been probably 2007 or '08.

9 Q What sorts of topics do you communicate with  
10 Commissioner Giusti about?

11 A Community events in his particular area. He is  
12 the commissioner in the Santa Fe and West Galveston  
13 Island, and so we'd frequently bump into each other when  
14 we were at different community events.

15 Q Do you speak about community events with the  
16 other commissioners as well?

17 A If they happen to be attending an event, yes.

18 Q So you mentioned you correspond with or meet  
19 with or directly interact with the other commissioners or  
20 all the commissioners each around six times a year. What  
21 do you typically -- can you describe those interactions a  
22 little bit?

23 A There isn't really much to describe. I might  
24 see them in commissioners court. If I have an item on  
25 the agenda, then I would go to their meetings and answer

1 any questions they may have or present information to  
2 them so that they could make decisions on items that I  
3 would bring to them, such as contracts and business. Not  
4 typically budget. It was all typically in writing  
5 through the county judge's office.

6 Q So typically when you met with one commissioner  
7 or -- did you typically meet with them as a group, or did  
8 you meet with them one on one mostly?

9 A Typically I saw them in a group in a public  
10 setting like in commissioners court. It was only  
11 occasionally that I would see them outside of a  
12 professional setting.

13 Q Such as Commissioner Giusti at various social  
14 events and --

15 A Yes, ma'am.

16 Q Okay. And then -- so would you say that most  
17 of your interactions with them were in person versus over  
18 the phone or email or...

19 A I may have corresponded with them via email  
20 more than any other method of communication, but that was  
21 only for informational purposes, to share information  
22 with them.

23 Q What information did the -- or what kind of  
24 information would you share with the commissioners?

25 A Valuation information I received from the

1 Central Appraisal District. If there were legislative  
2 changes that affected decisions that they were going to  
3 make, I would try and just share whatever information I  
4 had on those items.

5 Q Did you typically expect a response when you  
6 shared this information with the commissioners?

7 A I came to never expect a response from county  
8 commissioners.

9 Q You mentioned that you would sometimes go to  
10 commissioners court to answer questions, speak about  
11 issues or topics. How -- did you attend the  
12 commissioners court meetings only when you were being  
13 asked to attend for various reasons or would you go  
14 sometimes on your own accord?

15 A I typically only attended when I had an item on  
16 the agenda.

17 Q And how would they -- how would you be invited  
18 to these meetings? Was it over email? Over the phone?  
19 Would they contact your staff? How did you know that you  
20 were requested at the meeting?

21 A I would receive an agenda and we would review  
22 it, and when I saw my item on the agenda, I would attend  
23 the meetings, if it was possible or necessary.

24 Q And what sort of items did you have -- did you  
25 see on the agenda that were for you? What sorts of

1 topics would you --

2 A Penalty and interest cases for property tax.  
3 Budget amendments at times.

4 Q Were you ever -- did you ever see an item on  
5 the agenda related to you about redistricting?

6 A I do not recall ever seeing an agenda item  
7 specific to me or my office on the agenda.

8 Q So never under the -- you didn't receive an  
9 agenda that kind of triggered for you, I should go to  
10 this meeting? Or let me rephrase.

11 You didn't see any redistricting item on the  
12 agenda that explicitly asked for you to attend the  
13 commissioners court meeting?

14 A Not that I recall.

15 Q So you mentioned that you would share all this  
16 helpful information with the commissioners, but you  
17 eventually stopped expecting a response. Did you stop  
18 expecting a response for all of your attempts to reach  
19 out to the commissioners or just some types of attempts  
20 to reach out to commissioners?

21 A I'm not sure I understand the question. When  
22 you're sharing information with people, if they had  
23 questions, then they would follow up. But I rarely  
24 received questions. I think that my emails were pretty  
25 full and informative.

1 Q Do you know Dwight Sullivan?

2 A Yes, I do.

3 Q How long have you known Dwight Sullivan for?

4 A I'm not certain when he began working for the  
5 county treasurer, but when he worked in the county  
6 treasurer's office as the chief deputy is when I first  
7 met him.

8 Q Do you ever work with him?

9 A Directly, no. We work with his office, his  
10 elections division, frequently during elections.

11 Q And what do you work with his office on related  
12 to those elections?

13 A For directly Dwight on the election board, he  
14 sets up those meetings to coordinate the elected  
15 officials and party chairs to attend those in planning  
16 for elections. And then with his staff, as part of those  
17 meetings, we establish schedules of when voter lists are  
18 needed for the different elections, and then my staff --  
19 I inform my staff of that information, and then it pretty  
20 much turns over to them. I'm only involved if a -- if an  
21 issue arises, if they need intervention or assistance.

22 Q During the 2021 redistricting process, how  
23 often would your office work with Dwight Sullivan's  
24 office? On a daily basis? Weekly basis?

25 A I did -- I rarely worked with Dwight Sullivan's

1 office directly. I can't tell -- I can't tell you how  
2 much my staff worked with them.

3 Q Do you know Mark Henry, County Judge Mark  
4 Henry?

5 A Yes, I do.

6 Q How long have you known Mark Henry for?

7 A I first met him in 2008 at a GOP dinner, I  
8 believe.

9 Q Do you interact with him about the same number  
10 of times a year that you interact with the county  
11 commissioners, about six times a year?

12 A I would say that would be a fairly accurate  
13 statement, yes.

14 Q And how would you characterize your working  
15 relationship with Mark Henry?

16 A Improved.

17 Q Can you tell me more about that?

18 A We didn't always like each other very much, and  
19 we've been both working to improve our relationship. And  
20 I'd say things have definitely improved.

21 Q And then do you know Tyler Drummond?

22 A Yes, I do.

23 Q And how long have you known Tyler Drummond for?

24 A Since he first began working for Mark Henry.

25 Q And do you ever work directly with Tyler

1 Drummond?

2 A I don't work directly with him. We will talk  
3 occasionally.

4 Q How often will you speak with him?

5 A I'm not sure specifically. Maybe once a month,  
6 depending on what's going on. During redistricting, it  
7 may have been more frequent. During budget, it may be  
8 more frequent. It just depends. We'll sometimes go  
9 weeks and weeks without talking to each other at all.

10 Q What sort of things would you talk to Tyler  
11 Drummond about?

12 A Planning, what the schedules are, what it looks  
13 like commissioners may be doing to determine what they  
14 might need from me at any given time.

15 Q Typically, were you initiating this  
16 correspondence with Tyler Drummond or would he reach out  
17 to you, or was it 50/50?

18 A I'd say it was probably 50/50.

19 Q And he -- was he generally responsive to your  
20 requests for information or correspondence?

21 A Yes. Yes. He was definitely a key point of  
22 contact to understand what was underway at the  
23 commissioners court.

24 Q Would you -- was Tyler Drummond usually your  
25 first point of contact for reaching out to the

1 | commissioners court?

2 | A Frequently, yes.

3 | Q And how did you typically communicate with  
4 | Tyler Drummond? Was it over the phone? Over email? In  
5 | person?

6 | A It was a combination of all. Probably 30  
7 | percent each type, whether it was email, telephone calls,  
8 | sometimes text messages.

9 | Q And when you met in person or spoke over the  
10 | phone, how long were your interactions with Tyler  
11 | Drummond, on average?

12 | A I would have no idea. Anywhere from 30 seconds  
13 | to 5 or 10 minutes.

14 | Q So you mentioned that he could be a good point  
15 | of contact for the commissioners court; is that right?

16 | A Yes.

17 | Q What sort of information would you request of  
18 | Tyler Drummond about the commissioners court?

19 | A Tyler was very helpful in communicating to me  
20 | what it looked like the timeline would be for the  
21 | commissioners to redraw their boundaries so that I could  
22 | make schedules, so I could schedule workers in my office.

23 | Q Do you recall what -- when he provided this  
24 | timeline to you?

25 | A Not specifically.

1 Q And what was included in that timeline that he  
2 provided to you?

3 A Perhaps the expected dates when commissioners  
4 may be making decisions or voting so that I would know  
5 that shortly thereafter I'd be receiving information.

6 Q Do you recall if he gave you an exact date  
7 during the 2021 redistricting process?

8 A I believe he let me -- he kept me informed  
9 fairly well of meeting dates, of adoption dates, so that  
10 we could plan. I can't tell you specifically when that  
11 was or what those dates were.

12 Q Do you recall what types of meetings he would  
13 provide updates on? Were these meetings with the  
14 commissioners? Were these meetings with the public? Can  
15 you just describe the meetings that he would apprise you  
16 of?

17 A Commissioners court meetings that would be  
18 agendaed. So it would be posted meetings.

19 Q And would these meetings be open to the public?

20 A Every commissioners court meeting is open to  
21 the public.

22 Q Do you recall how many commissioners court  
23 meetings there were related to the adoption of the maps  
24 in 2021?

25 MS. OLALDE: Objection, vague.

1     You can answer.

2     A     I have no idea.

3           Q     (By Ms. Garrett) So for the commissioners court  
4 meetings, you mentioned you received every single agenda  
5 for the commissioners court meeting; is that right?

6           A     As far as I know, yes.

7           Q     And then you would review every agenda that  
8 came through to you or that you received?

9           A     No. My staff would review them and highlight  
10 those items that pertained to our office and provide them  
11 to me.

12          Q     So the commissioners court did not -- other  
13 than sending you an agenda and having your staff review,  
14 did the commissioners court reach out to you about those  
15 agenda items that related to you prior to the meeting? I  
16 know that was a long question.

17          A     The commissioners did not. Occasionally Diana  
18 Martinez might reach out to me if we had requested an  
19 item on the agenda and it didn't make it in time or if it  
20 needed to be rescheduled.

21          Q     So you mentioned that Tyler Drummond would also  
22 update you on the timeline for redistricting and these  
23 meetings. How far in advance of the commissioners court  
24 meetings related to redistricting did Tyler Drummond  
25 provide you an updated timeline or updated information

1 | about these meetings?

2 | A As I recall, he would tell me that they perhaps  
3 | were going to adopt a map at a certain meeting and a  
4 | certain month. So in October, he may inform me of the  
5 | topic that was going to be coming up in November, or in  
6 | November he may inform me of a meeting that was coming up  
7 | in December. So about a month in advance, probably.

8 | Q So you learned from Tyler Drummond about  
9 | redistricting being discussed at a commissioners court  
10 | meeting prior to your staff receiving the commissioners  
11 | court meeting agenda; is that accurate?

12 | A Would you repeat that, just to make sure I  
13 | understand exactly?

14 | Q Yes. When your staff received the  
15 | commissioners court meeting agenda for November, had  
16 | Tyler Drummond already notified you that redistricting  
17 | would be discussed at that meeting?

18 | A He very likely provided a date in November that  
19 | he expected to be placed on the agenda, yes.

20 | Q And he provided that date sometime in October?

21 | A As I --

22 | MS. OLALDE: Object--

23 | THE WITNESS: I'm sorry.

24 | MS. OLALDE: Objection, asked and answered,  
25 | calls for speculation.

1        You can answer.

2        Q        (By Ms. Garrett) You can answer.

3        A        As far as I know, it was about -- he was fairly  
4        accurate in what he would inform me on those dates.

5        Q        And he told you about that meeting over the  
6        phone or in person? How did he inform you of that  
7        meeting?

8        A        I seem to recall most of that information being  
9        provided in email.

10               MS. GARRETT: I want to turn to an exhibit, now  
11        that we're all set up with Exhibit Share. Let me make  
12        sure I've got the right one here. Could we mark Tab 13  
13        as an exhibit?

14               THE REPORTER: I'm sorry, just for  
15        clarification, are we marking it as Exhibit 13?

16               MS. GARRETT: Oh, no. We'll mark it as  
17        Exhibit 2. We'll mark Tab 13 as Exhibit 2.

18        MR. MUNK: Exhibit 2 has been introduced.

19        MS. GARRETT: Thank you.

20        Q        (By Ms. Garrett) Ms. Johnson, can you let me  
21        know when you've reviewed the exhibit?

22        A        Yes, ma'am. (Reviewing document.) I sent this  
23        email and this very long set of attachments --

24        Q        Yeah.

25        A        -- with questions, yes.

1 Q So you just said you sent this email. What day  
2 did you send this email?

3 A According to the date on this, January 14th,  
4 2021.

5 Q I want to start just with the body of the email  
6 itself. You start the email with "With redistricting  
7 around the corner." What did you mean when you said  
8 redistricting was around the corner?

9 A Exactly that, that it would not be long before  
10 they were going to be faced with making decisions about  
11 their boundaries.

12 Q And when did you anticipate that process would  
13 start for the recipients in this email?

14 A Shortly after the census data was received.

15 Q I want to look at the third paragraph in the  
16 body of this email. You wrote, "Therefore, I reached out  
17 to all of the officials, including Judge Henry, not for  
18 the purpose of having any impact on your decisions,  
19 except for JP and constable, but to be included from the  
20 standpoint of providing input on whether certain proposed  
21 plans would be better planned differently."

22 Did I read that correctly?

23 A Yes, ma'am.

24 Q What did you mean when you wrote that  
25 paragraph?

1 A Precisely what it says. I wasn't trying to  
2 influence the decisions that they were going to make in  
3 the future except for their impact on the ease or  
4 difficulty of us making the changes to our various voting  
5 precincts and the entitlements. And when I refer to  
6 "entitlements," I'm talking about how each voter -- who  
7 they can vote for as far as positions and which -- let's  
8 say which -- which JP or constable, which school  
9 district, single member district, what city and so forth.

10 Q Can you say a bit more on how a proposed plan  
11 could be better planned differently?

12 MS. OLALDE: Objection, asked and answered.

13 You can answer.

14 A My only concern was that they would implement  
15 plans that were not so complicated that they would be  
16 difficult to implement, and you can -- as you can see  
17 from the next paragraph.

18 Q (By Ms. Garrett) So the next paragraph reads,  
19 "We currently have residential properties split between  
20 two precincts. You can stand on any given corner in  
21 Galveston and add multiple same as well as multiple  
22 different precincts for the city, ISD and county." Did I  
23 read that correctly?

24 A Yes, ma'am.

25 Q Would you say that this paragraph encompasses

1 possibly your main concern with having a difficult map to  
2 implement once the map is selected?

3 A It wasn't the map. It was more the boundaries  
4 that they were selecting.

5 Q You mentioned -- back to that third paragraph  
6 about providing input. What sort of input could your  
7 office provide to the recipients of this email and other  
8 entities going through redistricting?

9 A With regard to the county commissioners in this  
10 paragraph, it would be much simpler if commissioner  
11 Precinct 2 and JP Precinct 2 and constable were the same,  
12 and they are not necessarily the same.

13 Q So attached to this email -- actually, before I  
14 get to that, are these three boundaries typically the  
15 same?

16 A Not necessarily the same. If you're talking  
17 about -- JP and constable are the same, but the JP and  
18 constable numbers may or may not correspond to the county  
19 commissioner numbers.

20 Q But it's easiest for your office and your  
21 implementation of the maps if the commissioner precinct  
22 lines are the same as the JP and constable lines?

23 A Absolutely. And it's easier for the voters as  
24 well. If a voter called and was in County Commissioner  
25 Precinct 2, they could be in JP or Constable Precinct 1,

1 2, 3 or 4, and that's very confusing for voters. So from  
2 the standpoint of ease for the voters as well. And then  
3 when they were different, I'd have to make a decision on  
4 which entitlements we are putting on the voter  
5 registration certificate, because I had to communicate  
6 that information to the voters.

7 Q Would this cause confusion for voters when  
8 the -- the commissioner precinct lines were different  
9 than the JP and constable lines?

10 MS. OLALDE: Objection, asked and answered.

11 A Yes, I believe it would cause confusion.

12 Q (By Ms. Garrett) Do you know if counties often  
13 had different commissioner lines -- or if counties in  
14 Texas had JP and constable lines that were different than  
15 commissioner precinct lines? Do you know how common that  
16 was --

17 MS. OLALDE: Objection --

18 Q (By Ms. Garrett) -- or is?

19 MS. OLALDE: -- calls for speculation.

20 Q (By Ms. Garrett) To your knowledge.

21 A I have no knowledge of that at all.

22 Q And then you mentioned entitlements on voter  
23 registration certificates. Can you elaborate on what you  
24 mean by "entitlements" on those certificates?

25 MS. OLALDE: Objection. She's already answered

1 that.

2 You can answer again.

3 A So I'm a registered voter in Friendswood,  
4 Texas, and I have a certain school district entitlement,  
5 which it's not a single member district, so it's Fisd.  
6 So that code is on my voters certificate. The drainage  
7 district code is on my certificate. The county  
8 commissioner precinct, the voting precinct number is on  
9 that certificate.

10 So any -- the city precinct is on that  
11 certificate. So anybody that I'm entitled to cast any  
12 position or race, I'm entitled to cast a vote for, should  
13 be or we try and include all of those on the voter's  
14 certificate. There typically oftentimes are not enough  
15 boxes on those certificates for us to include every  
16 single position or jurisdiction that somebody can vote  
17 for.

18 Q (By Ms. Garrett) Turning to the last paragraph  
19 of this email that you wrote on January 14th, 2021, in  
20 the middle of that last paragraph you wrote, "I hope that  
21 you find this letter was both thoughtful and efficient  
22 and that working together is far better than being at  
23 odds and possibly creating difficulties that can be  
24 avoided."

25 My first question to you is, would you say that

1 | being thoughtful and efficient was a goal of yours for  
2 | the redistricting cycle?

3 | A Absolutely, yes, ma'am.

4 | Q And then what sorts of difficulties were you  
5 | hoping to avoid by communicating early with these  
6 | individuals and reaching out early?

7 | A It was my preference that county commissioners  
8 | adopted their voting precincts early on so that then that  
9 | information could be provided to the other entities and  
10 | that they would, as much as they could, align their  
11 | various single member districts with those boundaries.  
12 | It was a simpler plan to implement.

13 | Q So is it the case that the earlier a map is  
14 | adopted, the better, for not only your office but  
15 | numerous entities?

16 | MS. OLALDE: Objection, calls for speculation  
17 | and compound.

18 | You can answer to the extent you understand the  
19 | question.

20 | A If I understand your question correctly, it was  
21 | preferable that the county commissioner voting precincts  
22 | be identified early on so that other jurisdictions would  
23 | hopefully follow along with those. As I stated earlier,  
24 | we just recently changed three of our jurisdictions  
25 | single member districts. So this has been spaced out

1 over quite some time.

2 Q (By Ms. Garrett) Looking to the attachment to  
3 this email that should be on Page 2 of your exhibit, what  
4 is this document?

5 A This is the letter that I sent to all of the  
6 jurisdictions, as I recall, informing them of what was  
7 upcoming. I really thought I'd sent this in 2019, but  
8 apparently I sent it December 22nd, 2020.

9 Q And then the third paragraph of this letter,  
10 you mention, "To my knowledge, there has never been any  
11 attempt to coordinate boundaries to align with any  
12 standard such as county commissioner precinct lines or  
13 even primary roadways or natural boundaries. We have  
14 many instances of properties being split between two or  
15 more districts. This makes it extraordinarily difficult  
16 for us to accurately implement district changes."

17 Did I read that correctly?

18 A Yes, ma'am.

19 Q And what was your goal in including this  
20 paragraph in this letter to the recipients?

21 A Well, as voter registrar, my terminology is  
22 somewhat different from others, but when I view a county  
23 commissioner precinct line, that is an election -- a  
24 voting precinct, for example, Precinct 102, 304, 485 or  
25 whatever. And so my purpose in -- in including this was

1 to try and encourage everybody to be consistent and not  
2 split some of the properties. We have some properties  
3 that are split right down the middle of the property, and  
4 it creates a difficult situation for us to determine  
5 which precinct or entitlement we should be giving a  
6 specific voter if it -- if there's a split.

7 Q Did you -- so this email was sent to the  
8 Galveston County Commissioners Court; is that right?

9 A It was sent to, as I recall --

10 MS. OLALDE: Hold on. I just --

11 A -- as I state --

12 MS. OLALDE: I just want to make sure I'm  
13 understanding your question. The email, or are you  
14 talking about the attachment?

15 MS. GARRETT: The email.

16 Q (By Ms. Garrett) So looking at the exhibit, the  
17 email that was sent -- so the names in the "to" line on  
18 the first page of the exhibit.

19 A Yes, this particular email with that  
20 copy-and-paste that I had sent to the other jurisdictions  
21 was sent to county commissioners and their chiefs of  
22 staff and a couple of people that work in my office or  
23 did work in my office at the time.

24 Q And then did you receive -- or what responses  
25 did you receive to this email?

1 A I don't recall receiving any responses to this  
2 email.

3 Q At this time, did you expect or hope to receive  
4 a response?

5 A It wasn't necessary. I was sharing  
6 information. If they had additional questions, I  
7 expected them to reach out to me.

8 Q When -- when you shared information and the  
9 recipients had questions, how could they best contact you  
10 to get those questions answered?

11 MS. OLALDE: Objection, vague.

12 A They could call, they could email, they could  
13 stop by my office, so there was a variety of ways that  
14 they could reach out to me.

15 MS. GARRETT: I'd like to mark Tab 14 as an  
16 exhibit. This would be Exhibit 3.

17 MR. MUNK: Exhibit 3 has been introduced.

18 Q (By Ms. Garrett) Ms. Johnson, can you let me  
19 know when you've had a chance to review the exhibit?

20 A (Reviewing document.) I've reviewed the email.

21 Q Do you recognize this email?

22 A Yes, I do.

23 Q Can you describe what this email is? What is  
24 this email?

25 A This is an exchange of information. A reporter

1 with the Galveston Daily News was seeking copies of maps  
2 or any information that I might have on who he could  
3 obtain them from, and so I looped in people that might  
4 have that information.

5 Q Did you -- did you anticipate receiving  
6 requests like this in 2021 around the time of  
7 redistricting?

8 MS. OLALDE: Objection, calls for speculation.  
9 To the extent you know, you can answer.

10 A People ask me for all sorts of information.  
11 Most of it is not something that we even have anything to  
12 do with. It's just the most familiar with their tax  
13 assessor-collector because I've touched them so often.

14 Q (By Ms. Garrett) So your office fielded quite a  
15 few questions, it sounds like?

16 A On every topic. I'm sorry.

17 MS. OLALDE: Just give me a chance to object.

18 Q (By Ms. Garrett) You mentioned in your response  
19 to John Wayne Ferguson on April 8th, 2021, you say, "We  
20 just cleaned out all of the 2000 maps in preparation for  
21 2020 redistricting." Did I read that correctly?

22 A Yes, ma'am.

23 Q And why did you clean out the maps at this  
24 time?

25 A We no longer had need for the 2000 maps, to the

1 | decisions that were made then. We compare the 10-year  
2 | maps for each effort that we do with regard to  
3 | redistricting. So we looked at the 2000 maps in 2010,  
4 | the 2010 maps in 2020. So there was no longer a need for  
5 | the older maps.

6 | Q And what format were these 2000 maps in? Were  
7 | they electronic? On paper?

8 | A As I recall, they were predominantly paper.

9 | Q And it looks like you included Nathan Sigler,  
10 | Michael Shannon on this email; is that right?

11 | A Yes, ma'am.

12 | Q Why did you include them on this email?

13 | A Because they were the most likely individuals  
14 | to have the information that Mr. Ferguson was seeking.

15 | Q Is it typically your practice to include  
16 | individuals with more information or additional  
17 | information on emails to help respond to requests for  
18 | your office?

19 | A It is very common for me to include the proper  
20 | people that perhaps -- when Mr. Ferguson was asking for  
21 | information and I -- I responded by sharing that  
22 | information with him. This is very typical.

23 | Q We should have time for this line of  
24 | questioning before lunch. As part of your work for  
25 | Galveston County -- actually, let me ask you this: How

1 familiar are you with census data?

2 A In 2000, I was more aware of census data than I  
3 have been the most recent census data. I've just not had  
4 time to review the 2020 census data hardly at all.

5 Q When you review census data, what sorts of  
6 things do you look at when reviewing that data? Just  
7 generally, not any particular time frame.

8 A Typically total populations. I would want to  
9 know, for instance, how many additional people we have in  
10 Galveston County. That sometimes triggers legislation  
11 affecting us, and how those totals have changed from --  
12 from one census to another.

13 Q Do you know how the census data is used for  
14 redistricting at the county level?

15 A Not specifically.

16 Q Do you recall when the 2020 census data was  
17 released?

18 A As I recall, it would have been August or  
19 September. Could have been as late as October in 2021.  
20 Sometime late summer, early fall.

21 MS. GARRETT: Okay. I'd like to mark Tab 17 as  
22 exhibit -- it should be Exhibit 4.

23 MR. MUNK: Exhibit 4 has been introduced.

24 Q (By Ms. Garrett) Ms. Johnson, once you've had a  
25 chance to review, can you let me know if you recognize

1 | this document?

2 | A Yes, ma'am, I'll let you know. (Reviewing  
3 | document.) I'm familiar with this email.

4 | Q Does this email refresh your recollection about  
5 | when the census data -- or the 2020 census data was  
6 | released?

7 | A It appears it was around or about August 13th.

8 | Q I'd like to ask you, at the very top of this  
9 | email you write, "With census data now being released,  
10 | please run voter totals by district for each entity with  
11 | single member districts."

12 | First off, did I read that correctly?

13 | A Yes, ma'am.

14 | Q Okay. And then why did you take this step to  
15 | send this email and have this task be completed?

16 | A To provide more current voter totals, number of  
17 | voters in each of the precincts and districts as  
18 | appropriate, depending on the jurisdiction.

19 | Q And once -- let me ask you this: Who did you  
20 | ask to complete this task? Was it the recipients listed  
21 | in the "to" line of this email?

22 | A Yes. So Ms. Saludis was the senior voter  
23 | investigation specialist and Angela Bleyle was the  
24 | second -- the voter registration specialist. Ms. Moreno  
25 | was the chief deputy that they each reported to directly.

1 Q And once these voter totals were run, what  
2 would you do with that information?

3 A I would typically take multiple spreadsheets  
4 and combine them into totals as you see on the second  
5 page, so that others would not have to review multiple  
6 spreadsheets, but to consolidate the information in a  
7 concise manner so it'd be easy for people to understand.

8 Q Did the county commissioners request this  
9 information from your office?

10 A Not that I recall. Commissioner Clark was  
11 typically the only commissioner who was ever, for lack of  
12 a better term, down in the mud enough to want to see this  
13 information.

14 Q Did you receive a response from -- well, let me  
15 just confirm. Which information did you share with the  
16 county commissioners? The attachment to this email?

17 A I don't know that I shared this attachment. I  
18 used the attachment as an example of what I was going to  
19 do with the data I was asking my team to produce for me.

20 Q Okay. Do you recall, once you shared the voter  
21 totals with the county commissioners, what response they  
22 gave, if any?

23 A I don't recall any responses from any of them  
24 specifically. I -- I don't even know exactly when I  
25 provided this to them for a second or third time even.

1 Q But if somebody were to respond, you would have  
2 expected it to have been Ken Clark; is that right?

3 MS. OLALDE: Objection, calls for speculation.

4 A Typically, he was the one that was most  
5 interested. And who he shared that with, I -- I do not  
6 know.

7 Q Let's take a look at Tab 15.

8 MS. GARRETT: If we could mark Tab 15 as an  
9 exhibit. So Tab 15, this will be Exhibit 5.

10 MR. MUNK: Exhibit 5 has been introduced.

11 A (Reviewing document.)

12 Q (By Ms. Garrett) So Ms. Johnson, I'm looking at  
13 the bottommost email, the earliest email. Do you see  
14 it's -- well, the "from," "to" -- "from," "sent" and "to"  
15 lines are on the bottom of Page 1 and the substance of  
16 the email is on Page 2. Have you had a chance to review?

17 A Yes.

18 Q So this earliest -- or the email at the very  
19 bottom you sent on May 20th, 2021. Who did you send this  
20 email to?

21 A I sent it to the census bureau.

22 Q And why did you reach out to the -- or let me  
23 ask you this: What was your purpose for reaching out to  
24 the census bureau?

25 A Very likely, Ms. Eldridge, Robin Eldridge in

1 | the email, was the city secretary for the City of  
2 | La Marque, and she was likely asking me when they could  
3 | expect the data.

4 | Q Did Robin Eldridge give you more information  
5 | about why they were looking for this information?

6 | A Not specifically, but she could have been  
7 | responding to many of those emails that I had sent in  
8 | trying to develop a plan for her city of when they would  
9 | make their decisions. That would be logical.

10 | Q So was it part of your job to share census data  
11 | with Texas counties and municipalities?

12 | A I did not share census data with Texas  
13 | municipalities and the counties. I was sharing  
14 | projection of when the census bureau may have census data  
15 | available.

16 | Q And what was the census bureau's response to  
17 | your question?

18 | A They responded when the data products would be  
19 | available.

20 | Q Sounds like they estimated it'd be available in  
21 | August or September. Is that accurate?

22 | A Yes, ma'am, that's what she wrote, or that's  
23 | what they wrote, the public information office.

24 | Q So looking at the very top email that you sent  
25 | at 1:50 p.m. Central Time, it looks like, you forwarded

1 | this response to Tyler Drummond; is that right?

2 | A Yes, ma'am.

3 | Q Why did you forward this information to Tyler  
4 | Drummond?

5 | A The same reason that I had included Robin, to  
6 | let him know that it looks like we -- we have a date on  
7 | when we may receive the information.

8 | Q Did Tyler Drummond request this information  
9 | from you?

10 | A No.

11 | Q Did you at the time believe that this  
12 | information would be helpful to Tyler Drummond?

13 | A I assumed that this would be helpful for him to  
14 | inform the county commissioners when they could expect to  
15 | begin receiving information, so they could begin making  
16 | decisions.

17 | Q You also asked Tyler Drummond in this email,  
18 | "Do you have any timeline expectations yet?" Is that  
19 | accurate?

20 | A Yes, ma'am.

21 | Q I know we discussed a little bit earlier today  
22 | about how Mr. Drummond provided you information about the  
23 | commissioners court meeting. Do you recall what his  
24 | response was to your question here?

25 | A I'm not certain that he provided a direct

1 response to me.

2 Q Did you forward this information to anyone else  
3 at -- with the Galveston County Commissioners Court?

4 A Not that I recall. This specific email or the  
5 date that census had responded?

6 Q The information that the census bureau provided  
7 about when additional data products will be available.

8 So in other words, when you learned that, from the census  
9 bureau on May 20th that additional data products will be  
10 available and that the August/September release is the  
11 first sub-state data available, did you forward this  
12 information to anyone at the Galveston County  
13 Commissioners Court, other than Tyler Drummond?

14 A Not that I recall.

15 MS. GARRETT: Let's pull up Tab 9, and this  
16 will be Exhibit 6.

17 MR. MUNK: Exhibit 6 has been introduced.

18 Q (By Ms. Garrett) And Ms. Johnson, let me know  
19 when you've had a chance to fully review the document.

20 A (Reviewing document.) I've reviewed the email.

21 Q Do you recognize this email --

22 A Yes, I do.

23 Q -- or this email thread?

24 A Yes, I do.

25 Q Can you describe what this email thread is

1 about?

2 A So going from the beginning, it appears as  
3 though Ms. Eldridge and I had a conversation, because I  
4 state what we discussed, and I provided information to  
5 her apparently as previously discussed, the breakout of  
6 the number of voters in each of the La Marque's single  
7 member districts, and looped her into the people who  
8 would be able to assist her with other information. She  
9 thanked me for that. And then she asked when the census  
10 information was out, and I responded that I'd sent an  
11 open records request to the census bureau, and that was  
12 the previous exhibit that we -- that she was copied on.

13 At that point it was speculation because I had  
14 not yet received a response. I think there were news  
15 articles about census. It was very much in the news at  
16 the time. And that's pretty much it.

17 Also in this email thread --

18 MS. OLALDE: Hold on. Just wait for a  
19 question.

20 THE WITNESS: Okay. I'm sorry.

21 MS. OLALDE: That's okay.

22 Q (By Ms. Garrett) So on the first page, I'm  
23 looking at the second email listed.

24 A Second email. Let me get to the second email.

25 Q On the first page of the exhibit.

1           A     The last -- the second email would be on the  
2     last page of the exhibit.

3     Q     I'm looking at the email that you wrote on 2:21  
4     p.m. on Thursday, May 20th, to Robin Eldridge, where it  
5     reads, "No problem. Tyler wrote to the attorney to  
6     obtain a timeline for the county. Once I have that, I  
7     will send to you." Do you see where I'm at?

8     A     Yes, I see that.

9     Q     So here in this email, Tyler, are you referring  
10    to Tyler Drummond?

11    A     Yes, ma'am.

12    Q     And then you wrote -- you say, "Tyler wrote to  
13    the attorney." To your knowledge, who was the attorney  
14    that Tyler was -- that Tyler wrote to to obtain a  
15    timeline for the county?

16    A     I believe that was Paul Ready.

17    Q     Did you receive the timeline from Tyler  
18    Drummond?

19    A     As I recall, I received a response from Paul  
20    Ready.

21    Q     And what was Paul Ready's response?

22    A     I --

23           MS. OLALDE: I'm going to ask you not to reveal  
24    communications with counsel.

25    Q     (By Ms. Garrett) Did you have any further

1 follow-up with Tyler Drummond about this information or  
2 this timeline?

3 A Not that I recall.

4 Q When you received -- without disclosing the  
5 substance of any of your communications with Paul Ready,  
6 did you -- or what did you do with the information that  
7 you received? Did you create a timeline or a schedule?  
8 Did this inform the schedules that you were looking to  
9 create?

10 A I don't recall off the top of my head what the  
11 response was.

12 MS. OLALDE: Hold on. Hold on.

13 THE WITNESS: Yes.

14 MS. OLALDE: I need to be able to make my  
15 objections.

16 THE WITNESS: Yes, ma'am.

17 MS. OLALDE: And for that question, I was going  
18 to object as overbroad and vague.

19 So let's make sure we're giving me the time to  
20 do that, please.

21 MS. GARRETT: I think now -- I know we're a  
22 couple minutes earlier than we discussed, but now may be  
23 a good time to take a lunch break, if that works for you.

24 MS. OLALDE: Works for us, yeah.

25 MS. GARRETT: Okay. Could we go off the

1 record?

2 THE VIDEOGRAPHER: Yes. Current time is 11:50  
3 a.m. and we're now off the record.

4 (Recess.)

5 THE VIDEOGRAPHER: Current time is 12:49.  
6 We're now back on the record.

7 Q (By Ms. Garrett) Ms. Johnson, you mentioned  
8 that in response to your request for a timeline from  
9 Mr. Drummond, that you received a response from Paul  
10 Ready. What did you understand Paul Ready's role to be?

11 A He is the county's lawyer, attorney liaison,  
12 essentially. So with regard to redistricting, I don't  
13 know.

14 Q You also mentioned that Ken Clark was probably  
15 the most commissioner involved with redistricting. Is  
16 that accurate?

17 A From what I observed, yes.

18 Q And what sorts of things did you observe to  
19 lead you to draw that conclusion?

20 A He was working with the county engineering  
21 department, with specifically Nathan, on redrawing,  
22 looking at the census data and actually drawing  
23 boundaries, as I understand it.

24 Q It was your understanding that Ken Clark was  
25 drawing what kind of boundaries?

1 A Voting --

2 THE WITNESS: I'm sorry.

3 MS. OLALDE: Objection as to speculation.

4 THE WITNESS: Yes.

5 MS. OLALDE: And you can answer if you know.

6 A I know that he was involved with the actual  
7 election precincts. So after commissioners had adopted  
8 their commissioner precincts, then he was working with  
9 county engineering to actually define the specific voting  
10 precincts, the individual voting precincts.

11 Q (By Ms. Garrett) So post-redistricting, did you  
12 work directly with Ken Clark, Commissioner Clark --

13 MS. OLALDE: Objection --

14 Q (By Ms. Garrett) -- or post-adoption of the  
15 map, did you work directly with Ken Clark?

16 A Not directly. He would have phone calls -- he  
17 would call occasionally, but that was -- it was -- was  
18 rather rare. I knew that he was working with county  
19 engineering more than anybody else.

20 Q Did Commissioner Clark reach out to you with  
21 any questions in 2021 about the redistricting process?

22 A Not about the process, no.

23 Q Did he reach out with questions about anything  
24 else related to redistricting?

25 A I don't recall specifically. The only thing he

1 knew that I would have would be the number of voters in  
2 each voting precinct.

3 Q You mentioned that you stopped expecting  
4 responses to the information you were providing to  
5 various entities throughout redistricting. At what point  
6 did you stop expecting a response?

7 MS. OLALDE: Objection, misstates prior  
8 testimony.

9 A Okay. I'm not -- I'm not sure I have an answer  
10 to that. Just sometime during the process, during that  
11 year.

12 Q (By Ms. Garrett) Did you have the opportunity  
13 to provide -- or let me ask it this way: Did you or your  
14 office have the opportunity to provide input on any  
15 proposed plan during the redistricting process?

16 MS. OLALDE: Objection, asked and answered.

17 A No.

18 Q (By Ms. Garrett) To your knowledge, was anyone  
19 other than...

20 Let me ask this: So in August 2021, after the  
21 census data was released, what steps did your office take  
22 to prepare for redistricting?

23 MS. OLALDE: Objection, misstates facts.

24 And you can answer to the extent you know.

25 THE WITNESS: So I can answer that question or

1 not?

2 MS. OLALDE: You can answer, to the extent you  
3 know.

4 THE WITNESS: If you would repeat the question,  
5 yes.

6 Q (By Ms. Garrett) So it's -- the census data was  
7 released in 2021, is that right, the 2020 census data?

8 A As I recall, yes.

9 Q Did your office -- did you or your office take  
10 any actions to prepare for redistricting after that data  
11 was released?

12 A Not specifically actions. We began  
13 aggressively trying to hire temporary staff.

14 Q And what did you hire those temporary staff to  
15 do at your office?

16 A Enter applications and scan documents. The  
17 day-to-day tasks that the full-time staff would not be  
18 able to perform because they were changing street ranges.

19 Q And changing street ranges, that process began  
20 when?

21 A Once we began to receive changes from the  
22 different jurisdictions. So once the Texas legislature  
23 had adopted their boundaries, then -- and we were able to  
24 access that information, that's when we specifically  
25 began making changes in the -- in the system.

1 Q When did you receive the first change in  
2 boundaries to start making changes? Do you recall when  
3 that was?

4 MS. OLALDE: Objection, vague as to  
5 "boundaries."

6 Q (By Ms. Garrett) Let me ask it this way: When  
7 did you receive -- so after the census data was released  
8 in August 2021, when did your office receive its first  
9 newly adopted map from any jurisdiction?

10 MS. OLALDE: Objection, vague, overbroad.  
11 You can answer to the extent you're able.

12 A Once the legislature adopted their maps and we  
13 were notified by the Secretary of State. I don't  
14 remember precisely when that was without looking at the  
15 election advisory.

16 Q (By Ms. Garrett) In August 2021, did you  
17 receive any updates from the Galveston County  
18 Commissioners Court about their actions to select a new  
19 commissioners precinct map?

20 MS. OLALDE: Objection, asked and answered.  
21 You can answer.

22 A I don't think they'd made any decisions in  
23 August.

24 Q (By Ms. Garrett) Did you receive any updates  
25 about a decision-making process or any updates on the

1 timeline?

2 MS. OLALDE: Objection, asked and answered.

3 Q (By Ms. Garrett) You can answer, if you --

4 A I don't know when I received a response. I  
5 don't remember when they first approved their maps, so I  
6 can't really answer that question.

7 Q So you don't recall when the Galveston County  
8 Commissioners Court adopted their commissioner precinct  
9 map?

10 A I don't remember specifically. As I recall,  
11 Tyler communicated around October that they would adopt  
12 something around -- sometime during November or December.

13 MS. GARRETT: I'd like to mark Tab 19 as an  
14 exhibit. I believe this would be Exhibit 7.

15 MR. MUNK: Exhibit 7 has been introduced.

16 Q (By Ms. Garrett) Ms. Johnson, when you've had a  
17 chance to review, could you let me know if you recognize  
18 this document.

19 A (Reviewing document.) Yes, I recognize this  
20 document.

21 Q What is this document?

22 A This is an email which I'm sharing with the  
23 county commissioners the current voter count by election  
24 precinct as of August 13th, 2021.

25 Q Do you recall which individuals were included

1 as recipients to this email?

2 A I don't recall off the top of my head who the  
3 commissioners' distribution list included.

4 Q Did you expect any sort of response to this  
5 email?

6 A No.

7 Q Why did you send this email?

8 A To share information.

9 Q Did you receive any responses to this email?

10 A I do not recall receiving a response, no.

11 Q Did you speak with anyone about the information  
12 in this email after you sent it?

13 A I don't recall.

14 Q Do you recall if you shared the information in  
15 this email with anyone else other than the commissioners  
16 listed in the "to" line of this email?

17 A I have -- I do not recall.

18 Q After you sent this email, did you -- did you  
19 have any further -- let me ask this.

20 MS. GARRETT: I'd like to mark Tab 22 as an  
21 exhibit. I believe this would be Exhibit 8.

22 MR. MUNK: Exhibit 8 has been introduced.

23 Q (By Ms. Garrett) Ms. Johnson, when you've had a  
24 chance to review, can you let me know if you recognize  
25 this document?

1 A Okay. (Reviewing document.) I've reviewed the  
2 email.

3 Q Do you recognize this document or this email  
4 thread?

5 A Yes, I'm familiar with it.

6 Q Looking at Page 3 of this exhibit, this is an  
7 email from you to Dwight Sullivan dated September 23rd,  
8 2021; is that right?

9 A I was trying to track the -- see when I was  
10 added to this. I can't tell when -- oh, it's Thursday,  
11 September 20 -- are you talking about the Thursday,  
12 September 23rd at 2:00 o'clock p.m. email?

13 Q Yes.

14 A Yes, I sent that to Dwight Sullivan. Yes.

15 Q And in the second paragraph there in that  
16 email, you mention, "We will begin redistricting efforts  
17 for Galveston County around October 9th." Did I read  
18 that correctly? This is the first sentence in the second  
19 paragraph.

20 A Yes, you read that correctly.

21 Q What did you mean by "redistricting efforts"?

22 A As I've stated before, redistricting efforts  
23 for my office involves us identifying and then making  
24 changes to voter entitlements in the street range portion  
25 of our system.

1 Q What information did you need from Galveston  
2 County in order to start that process?

3 A We needed, number one, for them to adopt their  
4 precincts, their commissioner precincts, and then  
5 identify the election -- the voting precincts within  
6 those. That involved maps, shapefiles or access to the  
7 information in either the county's or the Central  
8 Appraisal District's GIS system.

9 Q At the time you wrote this email, did you  
10 anticipate that a commissioners' precinct map would be  
11 selected by October 9th, 2021?

12 A Based on this email string, I would have  
13 assumed -- I can only assume that we -- that I was of the  
14 impression that the county commissioners would adopt  
15 their precincts around October 9th or before October 9th.

16 Q Do you recall why you had that impression at  
17 the time?

18 A Not without looking at other documents. There  
19 could have been agenda items. I -- I can't answer that  
20 specifically.

21 Q What kinds of agenda items might be  
22 enlightening for refreshing your recollection about that?

23 A I -- if there were posted agendas, if there  
24 were news articles, if there would be something that  
25 would have caused me to believe that they would begin

1 acting in October.

2 Q If the commissioners court had adopted a  
3 precinct map by October 9th, would this have made work at  
4 your office easier in any way?

5 MS. OLALDE: Objection, overbroad and vague as  
6 to "precinct map."

7 A If you're asking me if they adopted their  
8 county commissioner precincts, we still could not have  
9 begun our work. The changes that we implemented from  
10 their maps required the adoption and establishment of  
11 actual voting precincts. And that -- without that  
12 occurring, we had nothing to do. There was nothing for  
13 us to do.

14 Q (By Ms. Garrett) Could the process to draw the  
15 voting precincts begin before the commissioners precinct  
16 map was adopted?

17 MS. OLALDE: Objection, calls for speculation,  
18 also asked and answered. She's already testified that  
19 she doesn't have anything to do with drawing precincts.

20 A I had nothing to do with that, so I wouldn't  
21 know.

22 Q (By Ms. Garrett) So you do not know whether  
23 voting precinct lines could've been drawn sooner had the  
24 commissioners court accepted -- or had the commissioners  
25 court adopted a commissioner precinct map in October as

1       opposed to November?

2               MS. OLALDE:  Objection, calls for speculation,  
3       asked and answered, also overbroad, also misstates prior  
4       testimony.

5               You can answer to the extent you know.

6               A     Answer is no.

7               MS. GARRETT:  I'd like to mark Tab 23 as an  
8       exhibit.  Looks like this will be Exhibit 9.

9               MR. MUNK:  Exhibit 9 has been introduced.

10       Q     (By Ms. Garrett) Ms. Johnson, when you've had a  
11       chance to review, do you recognize this document?

12       A     (Reviewing document.)  I do.

13       Q     And what is this document?

14       A     This is an email that I sent to Tyler Drummond  
15       providing, apparently per his request, the Galveston  
16       County voters -- number of voters by precinct.

17       Q     And do you remember why you sent this email?

18       A     No.  The only -- the -- it says, "Per your  
19       request," so that tells me that Tyler requested the  
20       information.

21       Q     Do you recall whether he told you what he would  
22       do with this information?

23       A     No.

24       Q     Do you recall if he asked you for any other  
25       information related to this request?

1 A No, not that I recall.

2 Q Did you -- were you under the impression at the  
3 time you sent this email that this information would be  
4 shared with the commissioners court?

5 MS. OLALDE: Objection, calls for speculation.

6 A I truly don't know.

7 MS. GARRETT: I'm going to mark Tab 27 as an  
8 exhibit. This will be Exhibit 10.

9 MR. MUNK: Exhibit 10 has been introduced.

10 Q (By Ms. Garrett) Ms. Johnson, when you've had a  
11 chance to review, do you recognize this document?

12 A (Reviewing document.) I'm familiar with this  
13 document.

14 Q Looking to Page 3 of the exhibit, the earliest  
15 email listed, I have a few questions for you about this  
16 one. This is an email from you dated October 28th, 2021;  
17 is that right? I guess it starts on Page 2 and goes into  
18 Page 3.

19 A Yes.

20 Q So at this point, in the first part of the  
21 second paragraph, you wrote, "Galveston County will vote  
22 next week to change county election precinct boundaries."  
23 Is that accurate?

24 A That's what it states, yes.

25 Q And then later on in that email, you write --

1 and this is at the very top of Page 3, you write, "We  
2 will begin making changes upon receipt of county  
3 commissioner maps through January 11. On that date, we  
4 must provide the midterm primary voting list to the  
5 county clerk election division. We cannot make any  
6 changes to any boundaries until we send the final list to  
7 them on February 11th, as it will adversely impact their  
8 ballot styles."

9 Did I read that correctly?

10 A Yes, ma'am.

11 Q When you say "we cannot make any changes to the  
12 boundaries," what kind of changes are you talking about  
13 here?

14 A To those particular governmental entities'  
15 boundaries.

16 Q And why did you have to -- or where did the  
17 January 11th deadline come from?

18 A From Dwight Sullivan, the county clerk. They  
19 needed us to produce the primary voting list by that  
20 date, and we could not -- we had to finish the changes to  
21 the voting precincts up to that point, and then we could  
22 begin making changes to local jurisdictions.

23 Q To your knowledge, do you -- or do you know how  
24 this deadline was selected?

25 A The January deadline? The January 11th

1 deadline?

2 Q Yes. Do you know why -- or how the  
3 January 11th deadline was selected?

4 A As I recall, that was the date that Dwight  
5 Sullivan identified he had to have the last list to  
6 create his ballot styles for the primary elections.

7 Q Do you recall if this January 11th deadline was  
8 also a deadline back in 2011 during the prior  
9 redistricting cycle?

10 A I have no idea. I believe the primary was  
11 moved in 2011 to April.

12 Q And then what -- what occurred between  
13 January 11th and February 11th such that you couldn't  
14 make changes during that time?

15 MS. OLALDE: Objection, calls for speculation.  
16 You can answer to the extent you know.

17 A After January 11th, we could begin making  
18 changes to any of those other jurisdictions that had  
19 provided changes to us. We could not make any changes  
20 specifically to any other boundaries until February 12th  
21 because there was a law, and that was during the time  
22 that the county clerk would have been testing -- doing  
23 their LMA testing and various testings that they do. I'm  
24 not that familiar with what they have to do.

25 Q (By Ms. Garrett) I want to look at the first

1 email in this exhibit now. First off -- so this is on  
2 Page 1 of the exhibit. Do you recognize the names listed  
3 in the "to" line?

4 A Are you talking about the November 3rd email?

5 Q Yes.

6 A The one at 9:20?

7 Q Yes. This is the first email listed in the  
8 exhibit dated November 3rd, 2021, at 9:20 a.m. Central  
9 Time.

10 A And what was your question again about this  
11 email?

12 Q Do you recognize the names of the recipients of  
13 this email?

14 A I recognize Paul McLarty and Nathan Sigler and  
15 Kathleen Moreno, yes.

16 Q And who was Paul McLarty?

17 A He was a decision-maker, I think the  
18 superintendent or assistant superintendent at CCISD,  
19 Clear Creek Independent School District.

20 Q Do you recognize this as an email that you  
21 wrote?

22 A I don't know that I wrote this. It doesn't  
23 have a "from." I'd be speculating, but the language, "I  
24 have included Nathan Sigler who is our mapping guru,"  
25 sounds like something I may say, but I can't say that

1 with certainty.

2 Q I will represent to you that you are listed as  
3 a custodian for this document, though the "from" line is  
4 empty. To confirm, are you unsure whether you wrote this  
5 email?

6 MS. OLALDE: Objection, asked and answered.

7 You can answer.

8 A It doesn't specifically say it's from me. And  
9 if I was the custodian of this record, I would think that  
10 it would say who it's from.

11 MS. OLALDE: She's just asking if you recall.

12 A I don't specifically recall this email.

13 MS. GARRETT: I'd like to mark Tab 21 as an  
14 exhibit.

15 MR. MUNK: Exhibit 11 has been introduced.

16 Q (By Ms. Garrett) Ms. Johnson, do you recognize  
17 this document?

18 A I'm still reviewing it. (Reviewing document.)  
19 I'm familiar with this document.

20 Q And what is this document?

21 A This is a series of emails between members of  
22 the elections division of the county clerk's office and  
23 my voter registration department, my office, as well as  
24 Ms. Hart with the Secretary of State's office.

25 Q And how long have you known Ms. Hart,

1 Ms. Kristi Hart?

2 A I don't know that I've ever actually met  
3 Ms. Hart, but I believe that she's been with Secretary of  
4 State's office at least a year and a half, maybe two  
5 years.

6 Q So in the March 5th, 2021, email from you sent  
7 at 10:53 a.m., the actual text of which I'll quote is on  
8 Page 3 of the exhibit, you wrote, "I did want you to know  
9 that I contacted the law firm as I fully expected it to  
10 have already completed entering the data." Which law  
11 firm are you referring to here?

12 A I'm trying to find that email. March 5th, so  
13 the very first email is what you're asking about?

14 Q The earliest email, yes.

15 A The law firm would have been associated with  
16 the emergency services district whose boundaries the  
17 Secretary of State assisted us with creating -- well, the  
18 entitlements that they assisted with us creating.

19 Q And then at a later email on August 26th, 2021,  
20 which starts on Page 1 of this exhibit and goes into  
21 Page 2, you followed up with the Secretary of State on  
22 this email. What was the purpose of following up in  
23 August 2021?

24 A The Secretary of State had gone into the system  
25 behind the scenes, so to speak, and added this ESD to

1 TEAM for us, which was a 24-hour action versus us  
2 manually entering every single street. And so the  
3 purpose of this was me -- for me to determine whether the  
4 Secretary of State could help us with redistricting  
5 similarly.

6 Q In the last paragraph you wrote, "Depending on  
7 the schedule (per SB 13) we may have a very short time  
8 frame if the Legislature completes its work by  
9 mid-November." Did I read that correctly?

10 A Yes, ma'am.

11 Q Can you confirm which schedule you were  
12 referring to here?

13 A Without reading SB 13, I'm not 100 percent sure  
14 what the schedule was. As I recall, the -- this was  
15 where the legislature was defining when the primary would  
16 be, when voter certificates could be mailed out and so  
17 forth. That's the best that I can recall.

18 Q And then -- and I'll ask you this: Which work  
19 by the legislature were you referring to, if you could  
20 confirm --

21 A Their effort to redistrict the congressional  
22 districts, the Texas Senate, Texas House, and State Board  
23 of Education.

24 Q And what concerns did you have, if any, about  
25 this short time frame that you mentioned?

1 A Predominantly workload related. There's a --  
2 there's a lot of work to do, particularly if we were  
3 having to change voting entitlement street by street,  
4 block by block, odd and even. It's going to take us an  
5 extraordinarily amount -- extraordinary amount of time to  
6 both make those changes and audit those to make sure that  
7 we had done everything correctly.

8 Q How much time -- is it possible to estimate how  
9 much time that takes?

10 MS. OLALDE: Objection, vague.

11 A I would -- you'd need to be more specific with  
12 your question.

13 Q (By Ms. Garrett) I can move on.

14 So when the Galveston County Commissioners  
15 Court voted on a redistrict map, what were the next steps  
16 for your office?

17 MS. OLALDE: Can you be more specific? I'm  
18 sorry. I don't want to just object. I just wanted to  
19 make sure that the record is clear as to what map you're  
20 talking about.

21 MS. GARRETT: The commissioners precinct map.

22 MS. OLALDE: Thank you.

23 A There was really nothing for us to do at that  
24 point in time until we received additional information,  
25 such as what voting precincts were to be located within

1 | each commissioner precinct. Once that list was provided,  
2 | then we needed to know -- the way that this -- the  
3 | election precincts are named, if -- if a precinct moved  
4 | from Commissioner Apffel to Commissioner Giusti, it would  
5 | go from a, say, 101 to a 201. And once we could see the  
6 | list of voting precincts that were within the county  
7 | commissioners boundaries, my next question or concern  
8 | would be, Will these names be traditionally changed as  
9 | they have in the past and renamed?

10 | We don't look at which Commissioner Precinct it  
11 | is. We look at the number. So Precinct 101 is County  
12 | Commissioner Precinct 1, 202 is Commissioner Precinct 2  
13 | and so forth. And so we would possibly, once we had that  
14 | list, be able to begin making those name changes to the  
15 | voting precincts.

16 | THE REPORTER: Excuse me. Who was the last  
17 | speaker that asked the question?

18 | MS. OLALDE: It was Angie Olalde.

19 | THE REPORTER: Thank you.

20 | Q (By Ms. Garrett) When did you have to complete  
21 | those name changes by?

22 | A In time to generate the list for the county  
23 | clerk, as well as to generate the list to mail out the  
24 | voter certificates.

25 | Q Was that the --

1           A     This was in January.

2           Q     The January 11th deadline?

3           A     Yes, ma'am.

4           Q     When you were making those name changes, did  
5 you have any contact with the commissioners court during  
6 that time period, the Galveston County Commissioners  
7 Court?

8           A     I don't recall specifically. I -- I don't  
9 recall specifically. I would've wanted them to vote to  
10 change those names. I was very uncomfortable proceeding  
11 on the assumption that we would simply change the first  
12 number. I don't remember specifically contacting them.

13          Q     What information would you have wanted from the  
14 commissioners court during that time?

15          A     The specific names of the precincts, to ensure  
16 that 101 would become 201, that 105 would become 205, if  
17 those were moved from one county commissioner's precinct  
18 to another. Without that -- although that was a logical  
19 assumption and typical change, my preference was that  
20 they took an official action.

21          Q     Did they ever provide that information to you  
22 or your office?

23          A     I believe they finally took a vote on that in  
24 December.

25          Q     So you used the phrase earlier that one of

1 your -- is it accurate to say that your office's role was  
2 to implement the maps selected by the Galveston County  
3 Commissioners Court, or I guess the map selected by the  
4 Galveston County Commissioner Court?

5 A We did not implement their map. We simply  
6 changed the voting precincts to correspond to the county  
7 commissioner numbers.

8 Q So when changing the names for the selected  
9 map, what changes -- your office needed to -- I guess,  
10 let me ask you this: How much time did it take to change  
11 the names for the adopted Galveston County commissioners  
12 precinct map?

13 MS. OLALDE: Objection, misstates testimony.

14 THE WITNESS: What was your objection? I'm  
15 sorry.

16 MS. OLALDE: You don't need to know my  
17 objection. Just answer the question.

18 THE WITNESS: Oh, yeah.

19 A So repeat your question then, please.

20 Q (By Ms. Garrett) You mentioned that your  
21 office's role -- let me back up.

22 You mentioned your office's role was to change  
23 the names --

24 A Yes.

25 Q -- of the precinct map; is that correct?

1 A Yes.

2 Q How much time did it take to implement the map  
3 that the Galveston County Commissioners Court adopted in  
4 2021, specifically the commissioner precinct map?

5 MS. OLALDE: Same objection.

6 A We did not specifically change the commissioner  
7 precincts. We changed the names of the voting precincts  
8 and in some instances split precincts according to how  
9 they were finally adopted. So we never looked at county  
10 commissioner precincts. We looked at individual voting  
11 precincts and we changed those numbers.

12 If it was a simple 101 to 201, it would take 15  
13 to 20 minutes, if the Secretary of State's redistricting  
14 module was working, which it frequently did not.

15 Q (By Ms. Garrett) How did the -- when did  
16 voters, after the -- these -- after these name changes  
17 occurred, when did voters receive updated voter  
18 registration certificates?

19 A We mailed them out in different batches. And  
20 so we would produce the list, and if we -- we started  
21 mailing them -- we weren't allowed to mail them until  
22 January. And so we would produce lists, and we worked  
23 with our vendor to release certain batches of them. So  
24 if we were certain that an entire precinct was simply  
25 renamed, we could mail those voter certificates.

1           In the instances where they were split to  
2 combines, or tweaking for census data lines to be exactly  
3 correct, those were set aside until that work could be  
4 completed. And we're still in some instances, due to  
5 redistricting of other entities, sending out voter  
6 certificates.

7           Q     Prior to the commissioners precinct map in  
8 Galveston County being adopted, did you see the two  
9 proposed maps?

10          A     I don't recall specifically. If I saw them,  
11 they were posted on a board outside the commissioners  
12 courtroom.

13          Q     But you don't recall whether you saw them?

14          A     I very likely saw them. I just don't  
15 specifically remember when I would've seen them. They  
16 would've been released to the public, and I could have  
17 seen them in the Galveston Daily News. I may have seen  
18 them on the county website. I'm not sure how else I  
19 would've seen them other than, like I said, posted  
20 outside the courtroom.

21          Q     Were you shown the maps prior to when they were  
22 shown to the public?

23          A     I do not believe so. I think I saw them at the  
24 same time.

25          Q     Would you have expected to have seen the maps

1 prior to them being shown to the public?

2 A Not necessarily. My opinion didn't -- and  
3 did -- was not going to influence their decisions.

4 Q And why do you say that? Why do you say that  
5 your opinion would not influence their decisions?

6 A I'm not sure it was as important to them what  
7 my opinion was as it was to the decisions that they were  
8 making for whatever reason, or the public's input would  
9 have had far more impact than my -- my own alone. I'm  
10 one voice.

11 Q Were you present the day that the commissioners  
12 court adopted the commissioners precinct map in 2021?

13 A No, I was not.

14 Q And why didn't you attend that meeting?

15 A We had just sent out over 220,000 tax  
16 statements, so we were kind of busy.

17 Q And you were not requested at the meeting, I  
18 take it?

19 A No.

20 MS. GARRETT: I'd like to mark Tab 29 as an  
21 exhibit.

22 MR. MUNK: Exhibit 12 has been introduced.

23 Q (By Ms. Garrett) Ms. Johnson, do you recognize  
24 this document?

25 MS. OLALDE: Just one second. It's blurry. Is

1 there -- can you read that?

2 THE WITNESS: Yes, it is a little blurry, but  
3 give me just a moment to look at this, please.

4 A (Reviewing document.) I'm familiar with this  
5 email. I wrote this email.

6 Q (By Ms. Garrett) What day did you send this  
7 email?

8 A November 9th.

9 Q I want to look at the last paragraph in this  
10 email. At the first part of that paragraph, you write,  
11 "Commissioners were supposed to meet today, Tuesday, to  
12 adopt county commissioner precincts and next week to  
13 adopt the actual county precincts." Did I read that  
14 correctly?

15 A Yes, ma'am.

16 Q Why, when you wrote this email -- or I guess  
17 prior to writing this email, why were you under the  
18 impression that the commissioners were going to meet on  
19 that Tuesday, November 9th?

20 A Without looking at a calendar, I'm not certain,  
21 but they -- they had a regularly scheduled meeting every  
22 other week, would be my assumption. But I don't know  
23 specifically. Apparently somebody or some communication  
24 or some news report had predicted that they were going to  
25 meet on Tuesday.

1 Q Do you know why they didn't meet on Tuesday,  
2 November 9th?

3 A No, I don't.

4 Q In that same paragraph, you wrote, "Nathan will  
5 be providing a listing he created for each map being  
6 considered so we will easily know which are full precinct  
7 changes and where we will be making splits. Also he will  
8 be providing maps to us."

9 Did I read that correctly?

10 A Yes, ma'am.

11 Q Can you describe what was included in those  
12 listings that Nathan provided?

13 A Nathan would provide a list showing the county  
14 commissioner precinct, the county commissioner as a  
15 heading, in which voting precincts or election precincts  
16 were included in each one, and this would be providing  
17 the specific names that they were going to be given.

18 Q And what format did you receive these listings  
19 in?

20 A He typically attached these as PDF files to  
21 emails.

22 Q Do you remember reviewing these listings for  
23 each of the proposed maps?

24 MS. OLALDE: Objection, misstates prior  
25 testimony.

1           A     And I'm not a hundred percent certain that  
2           there were lists provided for each of the maps. It says  
3           that he created a listing for each map. I don't recall  
4           seeing those lists specifically, or when I received those  
5           from him.

6           Q     (By Ms. Garrett) So you have been the county  
7           tax assessor-collector for Galveston County for quite  
8           a -- quite a while; is that right?

9           A     Yes, ma'am.

10          Q     How many redistricts -- redistricting cycles  
11          have you experienced during your time as county tax  
12          assessor-collector?

13          A     This is my second.

14          Q     So you were the tax assessor-collector and  
15          voter registrar in 2011 --

16          A     Yes, ma'am.

17          Q     -- is that right?

18          A     Yes, ma'am.

19          Q     Were your responsibilities and your office's  
20          responsibilities during the 2011 redistricting cycle  
21          similar to the responsibilities that you and your office  
22          had in 2021?

23          A     Yes, they were very similar.

24          Q     Were they at all different?

25          A     The changes were different. The JP and

1 constable precincts were combined in 2011, I believe,  
2 from eight to four precincts. And so that was a big  
3 change for the county.

4 Q Does your office -- did you or your office make  
5 any changes in light of what you -- of what you may have  
6 learned during the 2011 redistricting process?

7 A Yes. Technology had changed somewhat. The  
8 Secretary of State had come up with a redistricting  
9 module which was supposed to simplify things, which it  
10 did to some extent. We had -- I had developed a  
11 relationship with the CAD in which any time I received  
12 shape or data files, I would send it to them, and they  
13 could produce a street-by-street parcel list of all the  
14 addresses within whichever data was in the shapefile, so  
15 whether it was county voting precincts or -- call it,  
16 or -- or City of Galveston precincts.

17 So we changed the process from strictly looking  
18 at maps and physically identifying specific streets on  
19 blown-up maps to relying more on the spreadsheets of  
20 parcels from the CAD as compared to the street range  
21 lists that we were pulling out of TEAM. That's still a  
22 manual process, but a little bit more exacting, just very  
23 tedious and time-consuming. Very, very time-consuming.

24 Q In 2011, how much contact did you have with the  
25 Galveston County Commissioners Court about the timeline

1 for redistricting?

2 A I don't necessarily recall any communication  
3 about a timeline. That's an awful long time ago.

4 Q Did you share information in 2011 similar to  
5 how you shared information in 2021 with the commissioners  
6 court in Galveston County?

7 A I don't recall. I would have given them  
8 what -- any information that they requested that -- I was  
9 probably more proactive this year in this redistricting  
10 than then because I had no idea what to expect in 2011.

11 Q So in 2021, with your experience, you felt you  
12 could be more proactive about providing aid and services  
13 to various entities across various localities and  
14 municipalities?

15 A I --

16 MS. OLALDE: Objection.

17 A Yes.

18 MS. OLALDE: Compound and overbroad, but go  
19 ahead and answer if you can.

20 A I'm not sure how to answer your full question.

21 THE REPORTER: I'm sorry, I didn't hear the  
22 objection.

23 MS. OLALDE: I said compound and overbroad.

24 A So there were lessons learned from 2011, and so  
25 I tried to take the pitfalls that we had encountered then

1 and avoid them in 2021. And I believe that we were  
2 successful in that. I used the technology much more, and  
3 that was very beneficial.

4 Q (By Ms. Garrett) Can you clarify which pitfalls  
5 you were looking to avoid in 2021 and successfully did  
6 avoid in 2021?

7 A We weren't strictly using visual maps,  
8 comparing a 2000 map to a 2011 map. We were also -- had  
9 added the -- the additional benefit of the GIS system at  
10 the Central Appraisal District to actually get parcel and  
11 street addresses of every single property that was within  
12 each precinct, whatever that precinct may be. So that  
13 definitely enabled us to be more precise than just simply  
14 visually identifying a change.

15 Q What information could the Commis -- could the  
16 Galveston County Commissioners Court have provided you or  
17 your office to make your job easier during the 2021  
18 redistricting cycle?

19 MS. OLALDE: Objection, asked and answered.

20 A I think that they could have provided names of  
21 election precincts sooner, but I'm not sure, other than  
22 providing the budget so that I could hire staff. It was  
23 the -- the -- our part of the redistricting effort was  
24 spread out over a long time period, and there's limited  
25 funds available from the Secretary of State for me to be

1 reimbursed for temporary staff, so it would put a  
2 budgetary strain on my office. But they did provide the  
3 funding that I requested.

4 MS. OLALDE: Ms. Garrett, we've been going a  
5 little over an hour. When you get to a good stopping  
6 point, may we take a break, please?

7 MS. GARRETT: Yes. Let me just finish this  
8 line of questioning and then we can take a break.

9 Q (By Ms. Garrett) Were you aware in 2011 that  
10 the Department of Justice had to provide preclearance to  
11 all redistrict maps prior to them being implemented?

12 A I was aware of that, yes.

13 Q Do you recall whether -- or let me ask you  
14 this: Did that preclearance requirement impact your work  
15 at all in 2011?

16 A It -- not specifically our work. It would've  
17 perhaps changed the timelines for commissioners. They  
18 would've had to submit the maps, adopted them, submitted  
19 them, and we would've waited until that preclearance was  
20 approved, until the maps were cleared before we began  
21 anything, any work.

22 Q So it sounds like it may have delayed your  
23 process, but -- because you couldn't start your work  
24 until they had been precleared?

25 A Correct.

1 MS. GARRETT: Okay. We can -- now may be a  
2 good time to take a brief break.

3 MS. OLALDE: Thank you.

4 MS. GARRETT: Can we go off the record?

5 THE VIDEOGRAPHER: It's currently 1:59 p.m.  
6 We're off the record.

7 (Recess.)

8 THE VIDEOGRAPHER: Current time is 2:11 p.m.,  
9 and we're back on the record.

10 Q (By Ms. Garrett) Ms. Johnson, did you speak  
11 with anyone during the break?

12 A Yes.

13 Q With whom did you speak?

14 A The individuals in this room.

15 Q Was it in relation to today's deposition?

16 A No.

17 Q Is it still the case that Zach, Angie and  
18 Jordan are the only individuals in the room with you  
19 today?

20 A Yes.

21 Q And is it still the case that you have no  
22 documents in front of you for --

23 A Yes.

24 Q -- today's deposition? I just have a few more  
25 lines of questioning, and then as discussed, two other

1 groups will be asking questions as well.

2 So my first question for you in this line: As  
3 a voter registrar, is one of your duties to maintain  
4 voter rolls?

5 A Yes.

6 Q Can you describe generally how you do that?

7 A We -- we receive and I have teams of people who  
8 enter voter applications. Sometimes that means we have  
9 to add street ranges. We have a lot of development going  
10 on in Galveston County. We receive information from a  
11 variety of sources, including the TEAM system has a  
12 section called the "task summary," which a variety of  
13 tasks are listed that must be performed daily by my staff  
14 in the voter registrar department. We receive  
15 information from the district clerk, from the probate  
16 judge, from Bureau of Vital Statistics, and the  
17 appropriate work is done. Sometimes voters themselves  
18 will notify us if there's a deceased member of their  
19 family. And so it -- a variety of things are going on  
20 constantly.

21 Q How often do you process new voter  
22 registrations?

23 A We process applications every single day that  
24 they are received. And some of those do come across the  
25 task summary as DPS applications.

1 Q For what reasons may you remove a voter from  
2 the voter roll? I know you mentioned you might be  
3 notified somebody is deceased.

4 A Like if --

5 Q What other reasons?

6 A If another county or state notifies us that  
7 somebody is registered in their county or their state, we  
8 will remove them. When we receive notifications from the  
9 district clerk when people move out of county on -- as a  
10 result of a jury summons, we will send notices of  
11 confirmation to those voters to confirm they've actually  
12 moved. Sometimes those lists include people saying that  
13 they -- they cannot serve because they are noncitizens.  
14 That is very occasional, but when that -- that does  
15 happen, and so we respond. So they would be removed --  
16 they wouldn't be removed until we send a notice of  
17 examination to determine if the information we received  
18 is correct.

19 So just about everything is checked  
20 immediately, unless it's an immediate family member who  
21 informs us a family member has died.

22 Q So you mentioned a notice of examination.  
23 That's something that's sent by your office?

24 A Yes, ma'am.

25 Q And who is that sent to?

1           A     Anybody who we've received information that  
2     they've moved out of county or they're a noncitizen. I'd  
3     have to look at the actual form. I know the notice of  
4     examination is used for a potential noncitizen when we  
5     receive that information.

6           Q     But it would be sent to the voter who may be  
7     removed from the voter roll?

8           A     Yes, yes. And it could be that they are a  
9     felon, and so we try to confirm as much information as we  
10    can.

11          Q     How often do you -- let me ask you this: How  
12    many notices of examination would you estimate your  
13    office sends per day?

14          A     Per day? Less than one per day. I'd say there  
15    may be -- without looking at the statistics, I couldn't  
16    be certain, but I'd say no more than ten a month,  
17    perhaps.

18          Q     And then how often does your office typically  
19    remove voters from the voter roll?

20          A     Just when it's been confirmed or a voter fails  
21    to respond timely to a notice of examination. The only  
22    other time a voter is removed, unless they moved out of  
23    county or out of state, would be when the Secretary of  
24    State actually removes voters as a result of the mass  
25    purge being performed. I think that's every other year

1 after -- two years after you've been on the suspense list  
2 and have not voted in two federal election cycles.

3 Q So you just mentioned voters being put on a  
4 suspense list. Did I hear that right?

5 A Yes, ma'am.

6 Q What does it mean for a voter to be put on the  
7 suspense list?

8 A It simply means that we've received information  
9 that they have moved. Mail's typically been returned to  
10 our office, and so we take -- if the U.S. Postal Service  
11 provides forwarding information, we then generate a  
12 letter to confirm that they actually moved. And that  
13 places -- when you -- by virtue of mailing in that  
14 letter, that -- that places an S on their record, placing  
15 them in suspense status. It does not affect their right  
16 to vote. It simply means they need to confirm their  
17 address the next time they vote, or in response to the  
18 correspondence we send them.

19 Q So if a voter is placed in suspense, they have  
20 two avenues to remedy being placed on suspense?

21 A Yes, ma'am.

22 Q Okay. And so when a voter receives that  
23 notice -- notice of examination, how much time do they  
24 have to respond to that notification before being removed  
25 from the voter roll?

1           A     If it's in response to a change of address,  
2           they would stay in suspense up to four years before being  
3           removed by the secretary of State.  If it was they were a  
4           noncitizen, for example, we give them at least 30,  
5           typically 40 days.  They have 30 days to respond, but  
6           knowing that the U.S. Postal Service is a little bit  
7           delayed, we try and give the voter the benefit of the  
8           doubt and give them more time.

9           Q     So I want to talk to you about an advisory from  
10          the former Texas Secretary of State David Whitley back in  
11          January 2019, an advisory from Friday, January 25th.  Do  
12          you remember when David Whitley sent out that advisory  
13          concerning the citizenship status of 95,000 registered  
14          Texas voters?

15          A     I believe you just said January 25th.

16          Q     Yeah.  In January 2019, do you recall former  
17          Texas Secretary of State David Whitley sending out an  
18          advisory that questioned the citizenship status of  
19          roughly 95,000 registered Texas voters?

20          A     I don't specifically remember his advisory.  I  
21          remember it being in the press and on the news and those  
22          names showing up on our task summary list.

23          Q     How soon did those names show up on your task  
24          summary list?

25          A     They showed up the Monday after that somewhat

1 was out -- it was out in the news on a Saturday night,  
2 and the lists were received that Monday morning.

3 Q How did you respond to seeing those names on  
4 that list, or how did your office respond to that?

5 A I had already met with my staff after seeing  
6 that news report. I contacted my staff and we arranged a  
7 meeting first thing Monday morning, and we sat down and  
8 brainstormed, not knowing if we were going to receive one  
9 name, a thousand names, or how many. We put together a  
10 strategy of what we would need to do, and everybody was  
11 assigned specific tasks. That included researching those  
12 voters, confirming they were actually on our list of  
13 registered voters, and determining if we had any  
14 documents at all to validate whether they were or were  
15 not U.S. citizens.

16 Q How many Galveston County residents were  
17 included on that list?

18 A There were nearly 900 names on that list.

19 Q Do you recall generally -- or did you notice  
20 any patterns or similarities amongst the residents that  
21 were identified in that list?

22 MS. OLALDE: Objection, vague.

23 A No, but I wasn't necessarily looking at that  
24 list. My staff was. The task was to review the  
25 information and obtain documents. I'm not sure any of us

1 were looking at names. We were looking at voter unique  
2 identifiers.

3 Q (By Ms. Garrett) And what sort of documents  
4 were you -- were your staff looking into?

5 A We were seeing if we had any voter  
6 applications, if we had ever sent them any letters.  
7 Every single letter we send a voter, with rare exception,  
8 is scanned and maintained and held for a certain time  
9 period. And so we -- we searched each voter and do it a  
10 variety of ways to determine if we had any documents  
11 associated with that voter. And all of that information  
12 was gathered and clipped together and set aside for a  
13 decision to be made whether it was appropriate to send a  
14 notice of examination or not.

15 Q Did you send any notices of examination?

16 A Yes, I believe in total, we sent out 100 or 150  
17 over a two-day period. We had determined we could send  
18 out and investigate approximately 100 a day, and we  
19 pulled back the second set of the instruction. There  
20 was -- we were told to stop this middle of the second day  
21 and we were able to retrieve about half of the letters  
22 that we had prepared on the second day, from being  
23 mailed.

24 Q And who told you to stop sending letters?

25 A I don't recall whether it was a temporary

1       restraining order or we received that instruction from  
2       the Secretary of State. I don't recall specifically  
3       without going back and looking at those documents.

4       Q     Did you contact the Secretary of State at all  
5       between receiving these names and sending out the  
6       letters, or notices of examination?

7       A     I don't recall that I specifically did. I  
8       could have instructed my staff to, to validate was there  
9       anything else we needed to be looking at, but I really  
10      don't recall specifically.

11      Q     And the notices of examination that you sent  
12      with -- are these just a standard form that you sent or  
13      were they -- or were they at all edited in light of the  
14      advisory that was provided by the Secretary of State?

15      A     They were -- they were system generated, so  
16      they were form letters.

17      Q     Did you reach out to the Department of Public  
18      Safety before sending out these letters?

19      A     I do not recall that we did.

20      Q     Would you have expected to speak to the  
21      Department of Public Safety regarding these notices of  
22      examination at any point in the process of sending them?

23      A     The Secretary of State had worked with DPS in  
24      order to generate the list, so it would've been our  
25      assumption they had communicated with one another.

1 Q What was your reaction when you learned -- let  
2 me ask you this: What was your reaction when you were  
3 told to stop sending the letters?

4 A My reaction was to immediately contact my staff  
5 and cease mailing those letters and retrieve any that had  
6 not been put in the mail already.

7 Q Were you aware of other county elections  
8 officials sending letters in response to the Secretary of  
9 State's advisory?

10 A Not at that time. The lawsuit involved, I  
11 believe, a total of 17 counties, so there were other  
12 county officials that were doing the same thing that we  
13 were doing, apparently doing the research that we could,  
14 and acting according to what the election code required  
15 us to do in response to the information received.

16 Q Were you aware of any other county elections  
17 officials who did not send letters in response to the  
18 Secretary of State advisory?

19 A Not necessarily. I guess the other 254 outside  
20 of the 17 that I really -- I -- no, I was -- I had no  
21 personal knowledge of any ones that were refusing to do  
22 it, at that time.

23 Q Did you speak to anyone outside of your office  
24 prior to sending the notices of examination in response  
25 to the Secretary of State advisory in January of 2019?

1 A I believe I would have contacted -- it would  
2 have been appropriate for me to possibly reach out to the  
3 county judge or the commissioners and let them know what  
4 we were doing or what was going on. I would have  
5 possibly contacted the county sheriff to determine if  
6 they could assist us in any way with any information to  
7 determine citizenship status of the individuals on the  
8 list. But I'm guessing, based on what would've been, in  
9 my opinion today, an appropriate response at the time.

10 To try and find answers to that, I certainly reached out  
11 to my U.S. congressman to find out if they could guide --  
12 give us any guidance on how to make this determination.

13 Q So did you say that you may have reached out to  
14 the commissioners court in Galveston County, but you  
15 don't recall?

16 A I don't recall specifically doing so. It would  
17 have been appropriate for me to notify others in the  
18 county that could be affected or receive phone calls,  
19 that this is -- this is what we're doing based on the  
20 information we have received. There was a lot going on  
21 then. Whether I did that immediately or not, I just  
22 don't remember.

23 Q And when you say receiving phone calls, I -- do  
24 you mean phone calls from residents of Galveston County  
25 reaching out to their commissioners asking questions

1 | about this?

2 | A The media predominantly.

3 | Q Were you aware at the time -- were you aware in

4 | January 2019 that the Florida Secretary of State had

5 | inaccurately flagged 180,000 voters as noncitizens?

6 | A I was not aware of that at the time that we

7 | received the information. It was something I found

8 | out -- or I heard about subsequently, but I still really

9 | have no personal knowledge of what happened in Florida.

10 | Q When did you hear about what happened in

11 | Florida?

12 | A I don't recall specifically. Likely during the

13 | next 30 to 45 days.

14 | Q I want to go back to any potential

15 | communications you may have had with the commissioners

16 | court at this time. You mentioned that you anticipated

17 | the commissioners court may have received phone calls

18 | from the media; is that right? Does your office provide

19 | any guidance of what the commissioners court should say

20 | to the media typically in cases like this or...

21 | A I would never presume to instruct another

22 | elected official on what they should say to the media. I

23 | would simply -- had I sent that communication timely,

24 | then it would've been to communicate so they were at

25 | least aware and had knowledge. No elected official or

1 department head in any organization wants a surprise call  
2 and not to be aware of something of that magnitude that's  
3 going on in their -- in their county or jurisdiction.

4 It's a courtesy.

5 Q Were you aware that civil rights groups sent a  
6 letter to the Secretary of State shortly after this  
7 advisory was sent expressing alarm over this advisory?

8 A I wasn't sure that they had contacted the  
9 Secretary of State. I know that some of those groups had  
10 contacted my office and I think were trying to file  
11 temporary restraining orders to stop the action from  
12 proceeding. There was an individual from one  
13 organization, but I don't remember what that organization  
14 was that actually called me.

15 Q Do you remember when she called you, this  
16 individual?

17 A It was a gentleman, and it would have been  
18 within 24 hours of having received that list to inquire  
19 what -- what we were doing or -- everybody wanted a copy  
20 of the list. And I didn't think it was in those  
21 individuals' best interest for that list to be provided.  
22 And so basically, when everybody called me, I instructed  
23 them to file an open records request, and I would work  
24 with the -- the attorneys, the county attorneys, to  
25 determine the appropriate response.

1 Q So in 2019, in your capacity as Galveston  
2 County tax assessor-collector, you were sued regarding  
3 this advisory and response, along with the Texas  
4 Secretary of State, Texas Attorney General, and the  
5 governor of Texas; is that right?

6 A I believe that there were also at least 16, if  
7 not 17, other counties that were named in that suit.

8 Q But you were included as a Defendant in that  
9 case?

10 A Yes, I was.

11 Q And do you recall the complaints in that case?

12 A Not specifically without going back and reading  
13 that suit, but I believe the gist of it was that we had  
14 violated the constitutional rights of the individuals  
15 that we had sent those letters to.

16 Q Do you recall in that case the Plaintiffs had  
17 asserted that the actions taken by the Defendants in that  
18 case had a discriminatory effect on Hispanic Americans?

19 A I seem to recall that that was part of the  
20 complaint, yes.

21 Q What was your reaction when you saw that listed  
22 in the complaint?

23 A I went back and looked at the list, and they  
24 were not all Hispanic surnames.

25 Q And what ultimately happened with that lawsuit?

1 A The counties -- the Defendants agreed to send  
2 no more letters. That would have been the voter  
3 registrars and election administrators in the counties.  
4 So we stood down without being given permission by the  
5 court to proceed. And I believe that there was an  
6 agreement that was developed between the other parties.  
7 We were removed from the suit. And then at that point,  
8 the -- the other parties, the remaining Defendants and --  
9 worked out with the Plaintiffs an agreement on things  
10 that would change, such as the notice of examination  
11 letter was to be changed. And subsequently, it was  
12 changed later by the Secretary of State. I can't tell  
13 you specifically when.

14 Q Did you discuss this lawsuit with anyone at the  
15 commissioners court?

16 A I would have. If I did, it would have been in  
17 executive session to discuss whether legal counsel was  
18 needed.

19 Q And in that case, would you have -- would your  
20 staff have flagged for you that that was on the agenda or  
21 would you have reached out to the commissioners court  
22 about that?

23 A It would've shown up on an agenda and they  
24 likely would've notified me to appear in executive  
25 session. I would not have known they needed me in

1 executive session without being instructed that I needed  
2 to come -- to come in the room.

3 Q So you have been in your current role for about  
4 18 years now; is that right?

5 A Yes, ma'am. I'm in my 18th year right now.

6 Q Have you ever considered running for a  
7 commissioner's seat?

8 A No, ma'am.

9 Q Have you ever considered running for a  
10 different office?

11 A I've been asked, but I have not considered it,  
12 no.

13 Q Are you aware of any African American or Latino  
14 Republican county-wide elected officials?

15 A Would you repeat that again, please?

16 Q Are you aware of any African American or Latino  
17 Republican county-wide election officials?

18 A Yes, ma'am.

19 Q Who are they?

20 A Stephen Holmes is not county -- well,  
21 county-wide, right now we have Robin Armstrong. We have  
22 different JP or constables. And of course, Commissioner  
23 Holmes, but he's not county-wide. So the only -- I guess  
24 we don't have any county-wide African American or  
25 Hispanic -- well, we did have Michelle Slaughter. She

1 was a state district judge. And that's all to my  
2 knowledge.

3 I don't typically ask people whether they're  
4 Latino, Hispanic, or -- I -- I just really don't have  
5 personal knowledge of that, unless they volunteer the  
6 information.

7 Q You mentioned that you've been asked to run for  
8 other offices.

9 A Uh-huh.

10 Q Who's asked you to run for other offices?

11 A A variety of individuals. Many citizens.  
12 Also, our current County Commissioner Robin Armstrong has  
13 asked me to run for a congressional seat. Different --  
14 different people during different time periods have asked  
15 me to run for -- a lot of people have asked me to run for  
16 county judge, and I've been very happy to respond that  
17 I'm content where I'm at.

18 Q And why is it that you feel content where  
19 you're at?

20 A I believe I'm making a difference right now in  
21 the seat that I'm in and there's -- as long as -- as the  
22 work that I'm doing is making good changes and there's  
23 benefit and there's people that I can help, that this is  
24 really where I need to be.

25 Q And just a couple more questions for you,

1 Ms. Johnson, as I wrap up my questioning. Earlier today,  
2 it's my recollection that you testified that you have  
3 texted with Mr. Tyler Drummond; is that accurate?

4 A Yes, ma'am.

5 Q Did you use your personal cell phone when  
6 writing those text messages?

7 A Yes, ma'am.

8 Q Have you shared those messages with your  
9 attorney?

10 A Yes, ma'am.

11 Q Have you used your personal cell phone to text  
12 with others that we have discussed today?

13 A Different county commissioners, yes. The  
14 county judge occasionally, very rarely, but yes, I have.

15 Q Have you also shared those messages with your  
16 attorney?

17 A Yes, as they applied to this case. Yes, ma'am.

18 MS. GARRETT: Those are all of my questions for  
19 you today, Ms. Johnson. I am now going to hand the mic  
20 over to Alex Copper with the Petteway Plaintiffs, who  
21 will now have a chance to ask you some follow-up  
22 questions.

23 THE WITNESS: Thank you.

24 We cannot hear you.

25 MS. COPPER: How about now? Can you hear me

1 now, Ms. Johnson?

2 THE WITNESS: Yes. It's a little garbled.

3 MS. COPPER: Okay. Let me try changing this  
4 over -- (audio cutting out).

5 THE WITNESS: Can't hear you at all now.

6 MS. RICHARDSON: Hi. This is Valencia  
7 Richardson with the Petteway Plaintiffs. Can we go off  
8 the record while she fixes her sound so we're not burning  
9 up time?

10 MS. COPPER: Thank you, Valencia.

11 (Discussion off the record.)

12 THE VIDEOGRAPHER: Okay. Current time is 2:41.  
13 We're on the record.

14 E X A M I N A T I O N

15 BY MS. COPPER:

16 Q Hi, Ms. Johnson. My name is Alexandra Copper.  
17 I am legal counsel for the Campaign Legal Center, and I'm  
18 going to be asking you some questions today on behalf of  
19 the Petteway Plaintiffs in this case.

20 I wanted to start by actually going back to the  
21 very beginning of your deposition, a question that was  
22 asked of you when going through your basic background  
23 information, which was, when asked if you worked for  
24 Galveston County, you said that you worked for the voters  
25 of Galveston County. Do you remember saying that?

1 A Yes, ma'am.

2 Q Can you explain to me what the distinction is  
3 to you there?

4 A I don't work for county commissioners court. I  
5 do not work for the county government, so to speak,  
6 although my paychecks are actually provided through the  
7 county system, the county treasurer's office. I believe  
8 as an elected official that my responsibility and that my  
9 bosses are the 230,000 registered voters in Galveston  
10 County.

11 Q Thank you.

12 Can you tell me, have you, in your experience  
13 as voting registrar, ever seen any situations or felt  
14 like there have been times where the County itself is at  
15 odds with its voters?

16 MS. OLALDE: Objection, vague.

17 A Yes.

18 Q (By Ms. Copper) Can you tell me about those  
19 circumstances where you felt that way?

20 A Over 18 years, that's an awful big question.  
21 From my personal perspective as tax assessor-collector,  
22 they are most typically the -- the voters are very upset  
23 about the amount of taxes, and so they frequently  
24 complain about their taxes and their values that are  
25 determined by the appraisal district. And so any time

1 | there's a vote on budget or tax rates, then there's  
2 | usually some disagreement within the community on whether  
3 | they're doing all that they can to save the money that  
4 | they claim to be spending, or saving. That's probably  
5 | the biggest one.

6 | I do know that there -- through redistricting  
7 | and obviously these lawsuits, there's been some  
8 | dissatisfaction with different voters, different elected  
9 | officials that were affected by decisions in 2011, and  
10 | obviously by -- you know, by, I believe,  
11 | Commissioner Holmes and others in this most recent  
12 | redistricting.

13 | Q You mentioned dissatisfaction among voters in  
14 | both 2011 and potentially during the most recent  
15 | redistricting cycle. Can you tell me any specific  
16 | criticisms you have heard about either cycle and the maps  
17 | that were adopted as a result?

18 | A Not specifically with regard to the JP and  
19 | constables. I'm not sure that the constables that -- I  
20 | don't recall, without going back and looking at some  
21 | notes, how the determination was made of who would run  
22 | for each one of those receipt -- seats, but you went from  
23 | eight JPs and constables to four, so obviously, there  
24 | were going to be some people who would not be reelected  
25 | or would any longer represent those voters. And so there

1 was general dissatisfaction with -- by those two elected  
2 official groups on those maps and -- but specifically,  
3 people did not typically complain to me about that, so it  
4 was only what you would hear in commissioners court and  
5 testimony you read about in the newspaper.

6 Q And you mentioned Commissioner Holmes in  
7 particular in respect to the most recent redistricting  
8 process. Can you tell us any criticisms that you heard  
9 from him or about the redistricting with respect to him?

10 A I did not specifically talk to Stephen Holmes,  
11 but the general feeling and common knowledge in the  
12 community is, I think that he is of the opinion that he  
13 could not get elected in the current precinct as drawn.  
14 I didn't nec- -- and he voted against the maps, so that  
15 was an obvious position for him.

16 I didn't necessarily agree with his position.  
17 I think that he could win reelection in that precinct.

18 Q Why do you think that?

19 A Because he served the county well in the time  
20 that he's been in office.

21 Q And you think performance alone should be  
22 enough to get you reelected?

23 A In this county, yes, ma'am, I do.

24 Q Now, switching gears a little bit, if I  
25 remember correctly, you said earlier that you don't

1 recall having seen the proposed maps for this  
2 redistricting cycle before they were announced to the  
3 public. Is that accurate?

4 A Yes. I think we all somewhat saw them at the  
5 same time.

6 Q Okay. Do you remember just approximately  
7 might -- when that might have been?

8 MS. OLALDE: Objection, asked and answered.

9 A I believe that -- that it was stated that they  
10 adopted those maps in October or November.

11 Q (By Ms. Copper) Okay. And you had said that  
12 you were not present at the meeting at which they adopted  
13 those maps?

14 A No, ma'am, I was not.

15 Q And is that -- I know there was a public  
16 hearing regarding the redistricting process on  
17 November 12th, and I -- if I remember correctly, that is  
18 the meeting at which the commissioners adopted the maps.  
19 Does that sound correct to you?

20 A I -- without going back and looking at agenda,  
21 I would believe that to be true, yes.

22 Q And you were not at that November 12th meeting;  
23 is that correct?

24 MS. OLALDE: Objection, asked and answered.

25 A No, I was not at that meeting.

1 Q (By Ms. Copper) Okay. Now, again, I would like  
2 to revisit an exhibit that's already been introduced, if  
3 that's okay. If we could go ahead and pull up Exhibit  
4 Number 2. Luckily, I think you've read this all already  
5 and had a chance to talk about it a bit, so I will try to  
6 keep my questions much more tailored. But this is the  
7 January 14th email from yourself to -- looks like quite a  
8 number of people. The "to" line is to all of the county  
9 commissioners at that time; is that correct?

10 A Yes, and their chiefs of staff.

11 Q Okay. They -- the -- their chiefs of staff are  
12 the folks in addition to yourself that are CC'd; is that  
13 correct?

14 A Yes. And the blind CC would have been my chief  
15 deputy and the senior voter registration specialists who  
16 were going to be affected by this.

17 Q Okay. And now, in the first paragraph of your  
18 email, you said that redistricting is around the corner;  
19 is that correct?

20 A Yes. At that time, I assumed it would be  
21 April, as it had typically been.

22 Q And I -- from what we've discussed and you've  
23 said already, the commissioners didn't adopt their maps  
24 until October or November, as you remember; is that  
25 accurate?

1 MS. OLALDE: Objection, asked and answered.

2 A Yes, ma'am.

3 Q (By Ms. Copper) And the census data was  
4 released in August, though; is that correct?

5 MS. OLALDE: Objection, asked and answered.

6 Also vague as to "census data."

7 You can answer again.

8 A I believe that data was released in August,  
9 yes, ma'am.

10 Q (By Ms. Copper) In your experience, or from  
11 your side of things, what do you think would've taken so  
12 long then between August and November to warrant the kind  
13 of delay in coming out with the redistricting plan?

14 MS. OLALDE: Objection, calls for a lot of  
15 speculation.

16 You can answer if you can.

17 A There was a lot of data to be looked at and  
18 data that likely had to be entered into mapping, had to  
19 be coded and put into maps so decisions could be made in  
20 conformance with federal law, and I have no idea what  
21 those restrictions and laws are.

22 Q (By Ms. Copper) But it wasn't your office that  
23 was responsible for combing through and documenting all  
24 of that data.

25 A Yes.

1 Q Am I understanding that correctly?

2 Do you know who in particular was?

3 A I believe the County engineering department was  
4 predominantly responsible for entering the data into the  
5 county's system, the county's mapping system.

6 Q And would that be Mr. Sullivan and Mr. Sigler  
7 primarily?

8 A It would have been Mr. Shannon and Mr. Sigler  
9 primarily.

10 Q Apologies. Okay, Mr. Shannon and Mr. Sigler.

11 A Yes.

12 Q And was Mr. Sigler your primary point of  
13 contact in the engineering department?

14 MS. OLALDE: Objection, asked and answered.

15 A Yes, he was.

16 Q (By Ms. Copper) In your experience, what is  
17 Mr. Sigler's role with respect to redistricting,  
18 probably?

19 MS. OLALDE: Objection, calls for speculation.

20 A I don't know specifically. He has communicated  
21 to me that he had to geocode the census data into his  
22 system. I do not know specifically what that means.

23 Q (By Ms. Copper) Any data, though, that would  
24 come with respect to the redistricting maps that your  
25 office was then responsible for implementing, would those

1 maps and that data come from Mr. Sigler?

2 MS. OLALDE: Objection, vague.

3 A We didn't receive data. We received decisions.

4 Q (By Ms. Copper) Did you work with Mr. Sigler  
5 directly to implement the decisions that were made by the  
6 commissioners?

7 A No, ma'am, I did not. To imple- --

8 Q So --

9 A Well, repeat that question.

10 Q Did you work with Mr. Sigler to implement the  
11 changes that were made by the commissioners with respect  
12 to redistricting?

13 A To implement the changes that were made by  
14 commissioners, yes. But we -- neither one of us, to my  
15 knowledge, had any role in the decision-making process.

16 Q But the two of you together were then  
17 responsible, once that decision was made, for making the  
18 actual changes to the election precinct boundaries and  
19 the implementation of how that would look in terms of  
20 precinct splits, et cetera; is that correct?

21 MS. OLALDE: Objection, overbroad, vague, long,  
22 confusing.

23 You can answer if you can.

24 A It was my office's responsibility to take the  
25 changes that were provided and to enter them in the

1 system. Nathan had nothing to do with that other than  
2 providing maps and lists.

3 Q (By Ms. Copper) Okay. Now, looking at this  
4 email again, in the third paragraph of your email, I know  
5 we've discussed this language already, but you wrote that  
6 you would like to be "included from the standpoint of  
7 providing input on whether certain proposed plans would  
8 be better planned differently." Is that accurate?

9 A Yes, ma'am.

10 Q Now, you told me just a little while ago that  
11 you didn't see any of the proposed plans until they were  
12 made public; is that true?

13 A Yes, ma'am.

14 Q So even though you requested to have, as you  
15 said, input on proposed plans, did you find that you were  
16 allowed to have that kind of input during the 2021  
17 process?

18 MS. OLALDE: Objection, asked and answered  
19 multiple times.

20 A I was not con- --

21 MS. OLALDE: You can answer again.

22 A I was not consulted on any of the plans that  
23 were presented.

24 Q (By Ms. Copper) Even though, at least according  
25 to this email, you asked to be directly; is that correct?

1 MS. OLALDE: Counsel, listen, this line of  
2 questioning has been repeated over and over again. She's  
3 given you her testimony. Don't rephrase it five times  
4 and ask her to repeat it again. Move on.

5 MS. COPPER: Counsel, if you could limit your  
6 objections to the content of your objection. And again,  
7 Ms. Johnson is free to answer, even if they're  
8 duplicative and you object. So I'd like --

9 MS. OLALDE: You know what, again --

10 MS. COPPER: -- to continue with this course of  
11 action.

12 MS. OLALDE: No, no, no, no, no. If they are  
13 duplicative to the point of harassing and argumentative,  
14 I will shut it down.

15 MS. COPPER: We have not actually spoken about  
16 whether she directly -- I have not asked yet and I don't  
17 believe anyone has, whether she had specifically  
18 requested opportunities for input and that she was then  
19 denied.

20 MS. OLALDE: You -- no, no, no. You should  
21 have been listening to the first part of the deposition,  
22 because she was asked multiple times.

23 Q (By Ms. Copper) Ms. Johnson, I'm going to go  
24 ahead and ask my question one more time. Your counsel  
25 may go ahead and object, but unless she instructs you not

1 to answer, please go ahead and do so. Okay?

2 A My opinion was not considered --

3 MS. OLALDE: Wait, wait, wait. Wait for the  
4 question, please.

5 Q (By Ms. Copper) Ms. Johnson, even though in  
6 your email on January 21st you specifically requested to  
7 be allowed to provide input on those maps, you weren't  
8 able to do so during the 2021 redistricting process; is  
9 that correct?

10 MS. OLALDE: Objection, asked and answered. In  
11 fact, you have asked this question before, and it has  
12 been asked and answered.

13 Q (By Ms. Copper) You can go ahead and answer,  
14 Ms. Johnson.

15 A I asked to provide input, and I was not given  
16 an opportunity or did I provide input.

17 Q Thank you.

18 Now, looking at the letter that was attached to  
19 this email, which is -- if I remember correctly, you sent  
20 to Judge Henry on -- in December of 2020; is that  
21 accurate?

22 A I believe that this had been sent to multiple  
23 elected officials in December 2020.

24 Q To any jurisdiction in the county that was  
25 undergoing redistricting; is that right?

1 A Yes, ma'am.

2 Q Which obviously included the commissioners  
3 court?

4 A Yes, ma'am.

5 Q Now, in that letter, on the second page of  
6 it -- let's see here -- apologies. So it is the fourth  
7 paragraph down, second sentence. You wrote,  
8 "Communication will be key, thus I respectfully request  
9 that you keep us apprised of redistricting meetings. It  
10 may make our job easier to have a clearer understanding  
11 of your intentions as plans are developed." Is that  
12 accurate?

13 A That's what this states, yes, ma'am.

14 Q Do you feel, having completed the 2021  
15 redistricting process, that you had a clear understanding  
16 of the commissioners court's plans as they were  
17 developed?

18 MS. OLALDE: Objection, calls for speculation.

19 A I was aware of meetings that would be held, and  
20 that's what I asked to be apprised of.

21 Q (By Ms. Copper) Were you aware of any of the  
22 criteria that the commissioners were using to make their  
23 decisions with respect to redistricting?

24 A No, ma'am.

25 Q Even though your office is responsible for

1 maintaining all up-to-date election information; is that  
2 correct?

3 MS. OLALDE: Objection. I don't even know what  
4 that question is. She's already answered your question.

5 Q (By Ms. Copper) I'll be happy to rephrase.  
6 Ms. Johnson, even though your office is responsible for  
7 maintaining information about voting precinct boundaries  
8 as well as voter roll information; is that correct?

9 MS. OLALDE: Wait. Are you asking her to  
10 restate her last answer? You just asked her if she had  
11 any role, and then you asked her again if she had any  
12 role. I'm going to instruct the witness not to answer.  
13 Move on.

14 MS. COPPER: I'm asking her whether her office,  
15 irrespective of the redistricting process, was  
16 responsible for maintaining information and data related  
17 to election precinct splits and voter rolls, which is not  
18 the question I asked previously.

19 MS. OLALDE: If you're going to ask that  
20 question, great.

21 Go ahead and answer.

22 A We did not have access to the data that the  
23 commissioners were using to make their decisions. All I  
24 had was the lists of registered voters in each precinct.

25 Q (By Ms. Copper) Which, according to your

1 January 14th email, you sent to the commissioners; is  
2 that correct?

3 A I'm not sure I understand that question.

4 Q Looking at your email, I see an attachment to  
5 it that says "Galveston County Precinct List" with number  
6 of voters, looks like an Excel spreadsheet. And I  
7 believe in the first line of your email, you said, "I  
8 thought it may be helpful for each of you to have the  
9 list of registered voters across the county by precinct."  
10 Do you see that?

11 A Yes, ma'am. And I see the --

12 Q So your intention in sending this email was to  
13 provide data to the commissioners that could potentially  
14 be relevant for the redistricting process. Is that --

15 MS. OLALDE: Objection --

16 Q (By Ms. Copper) -- accurate?

17 MS. OLALDE: -- asked and answered. This  
18 question has been asked and answered.

19 Q (By Ms. Copper) You can go ahead and answer,  
20 Ms. Johnson.

21 A In hindsight, it was useless for me to provide  
22 this information because they were using geocoded census  
23 data, not the number of voters in each precinct. The  
24 only benefit to this was to see that there was an  
25 imbalance among the county commissioners of the total

1 number of voters in each voting precinct.

2 Q And is the balance of the number of voters in  
3 each precinct something that should be taken into  
4 consideration when redistricting?

5 MS. OLALDE: Objection, you're calling for a  
6 legal conclusion, you're calling for speculation, you're  
7 also asking a question that has already been answered.  
8 She does not know about the criteria, as she has already  
9 testified.

10 Q (By Ms. Copper) In your opinion and experience,  
11 Ms. Johnson, as the voter registrar responsible for  
12 implementing redistricting plans once adopted, what was  
13 the purpose in sending this information to them?

14 MS. OLALDE: Okay, objection, misstates prior  
15 testimony as to implement, and she's already answered  
16 this question.

17 MS. COPPER: Counsel, if you could --

18 MS. OLALDE: You just asked her -- wait. You  
19 just asked her what the purpose was. She answered your  
20 question.

21 MS. COPPER: Counsel, if you could please limit  
22 your objections to the appropriate form that is required,  
23 I would appreciate it moving forward.

24 MS. OLALDE: Ms. Cooper, I would appreciate  
25 it --

1 MS. COPPER: My last name's Copper.

2 MS. OLALDE: Okay. I apologize, because I  
3 don't have your face in front of me right now because the  
4 witness is using my computer to look at the exhibit. But  
5 Ms. Copper, if you could please refrain from asking the  
6 same questions that have already been answered, I would  
7 appreciate it.

8 Q (By Ms. Copper) Okay, Ms. Johnson, going back  
9 to this email --

10 MS. OLALDE: Her name is Ms. Johnson, not  
11 Ms. Jackson.

12 MS. COPPER: I said Ms. Johnson.

13 Q (By Ms. Copper) I know, Ms. Johnson, that you  
14 have already discussed the contents of the fourth  
15 paragraph of your email with Ms. Garrett, which is about  
16 the issue of residential property splits between voting  
17 precincts. Do you remember that?

18 A Yes, ma'am.

19 Q In your experience, did the plan the  
20 commissioners adopted in 2021 address the issue of  
21 residential precinct splits that you raised in this  
22 email?

23 MS. OLALDE: Objection, vague as to "plan."

24 A They requested at a much later date if I could  
25 identify any specific properties that had splits. The

1 issue became -- it was a moot point because these  
2 properties were not developed using census maps. They  
3 were developed using plot plans developed -- created by  
4 developers, and there was no regard for census data. And  
5 so there was really nothing that could be done about  
6 these issues, as I recall.

7 Q (By Ms. Copper) So despite raising them by  
8 virtue of being tied to the census data, it was something  
9 that you couldn't address more explicitly? Am I  
10 understanding that correctly?

11 A That they could not address more explicitly.

12 Q Okay. I'd like to pull up another exhibit that  
13 we've already discussed, which is Exhibit Number 10.  
14 Now, this is a lengthy discussion, email thread between  
15 you and Mr. Paul McLarty; is that correct?

16 A It started with others.

17 Q Okay. Looking just at the top email from --  
18 from -- I know the name is redacted, but we've  
19 established that you were the custodian identified for  
20 this email.

21 A Uh-huh.

22 Q So looking at that top email, it is addressed  
23 to Paul McLarty and Nathan Sigler; is that correct?

24 A Yes.

25 Q And in your email, you said that Mr. Sigler

1 | had -- was "currently loading geo information to perfect  
2 | the counts with regard to census data and voter rolls so  
3 | that the commissioners are able to make better decisions  
4 | on Friday, projected date to adopt." Do you see that  
5 | language?

6 | A Yes, ma'am.

7 | Q Now, this email was sent on November 3rd, which  
8 | is a -- as the subject line identifies, a Wednesday.  
9 | When you say that you expected the commissioners to make  
10 | a decision on Friday, do you remember if you meant  
11 | November 5th or 12th?

12 | A I don't recall. My projected date to adopt --  
13 | that's probably a good question. Because that was  
14 | Wednesday, I would assume it would've been November 5th.

15 | Q In the same email, I think you also said, "I  
16 | believe commissioners will adopt their maps Friday." Is  
17 | that correct?

18 | A Yes, ma'am.

19 | Q Now, to the best of your knowledge, when this  
20 | email was sent on November 3rd, there hadn't yet been a  
21 | public hearing about the proposed plans, had there?

22 | A I do not -- I could not tell you that. I -- I  
23 | do not have -- I -- I did not know that.

24 | Q You had not seen any public postings of  
25 | meetings specifically seeking public input over

1 | redistricting, though; is that correct?

2 | A Not that I recall.

3 | Q And to the best of your recollection, why did  
4 | you believe that the commissioners would adopt the  
5 | redistricting plans that Friday?

6 | A I can't tell you that, other than without  
7 | knowing what was being said in the community, what was  
8 | maybe in -- in the news -- and it could've been that they  
9 | were actually trying to move forward on that Friday. But  
10 | everything was subject to people -- certain people  
11 | getting their work done, and in this case, as this email  
12 | states, it would have been Nathan completing his  
13 | geocoding. They could not make decisions without that  
14 | occurring.

15 | Q I will represent to you that the public hearing  
16 | regarding redistricting which occurred on November 12th,  
17 | the following Friday, was not released publicly or  
18 | announced publicly until November 9th. So if you didn't  
19 | see information about this hearing in the news, where  
20 | else might you have learned it?

21 | MS. OLALDE: Objection, calls for speculation.

22 | A It would be logical that Nathan or  
23 | Commissioner Clark would've told me that.

24 | Q (By Ms. Copper) And if you knew or had the  
25 | impression by the 3rd of November that the commissioners

1 were going to meet that Friday, do you think they likely  
2 also knew that?

3 MS. OLALDE: Objection, calls for speculation.

4 A I have no idea.

5 Q (By Ms. Copper) Do you know if the  
6 commissioners or any of their staff knew at that time  
7 that they were going to address the redistricting  
8 proposal on that Friday?

9 MS. OLALDE: Again, calls for speculation,  
10 objection.

11 A I have no idea.

12 Q (By Ms. Copper) And did you know that the  
13 commissioners didn't announce the hearing that was  
14 eventually held on November 12th until November 9th, only  
15 three days before it happened?

16 A No, but that would be the 72 hours required in  
17 advance of a public meeting.

18 Q So there's a requirement to that effect?

19 A In Texas law, as I understand it, yes, ma'am.

20 Q Are there any circumstances, in your  
21 experience, where if the commissioners or county staff  
22 know that a meeting will be held more than 72 hours in  
23 advance, they give public notice sooner anyway?

24 A I don't -- everybody knows that they meet every  
25 other week right now. What's going to be an item on that

1 agenda's not known until that agenda's specifically  
2 published.

3 Q Now, looking at the very last sentence of your  
4 email, you wrote, "One thing I have asked is that the  
5 current lines remain the same as much as possible and  
6 that major thoroughfares or natural boundaries (creeks,  
7 drainage or utility easements, etc.) be used to split  
8 precincts." Did I read that accurately?

9 A Yes, ma'am.

10 Q Now, when you say that you asked that the  
11 current lines remain the same, who would you have asked?

12 A I believe it's in that other email or that  
13 letter. I asked all of the jurisdictions to consider  
14 those -- to con- -- to make those -- take those items  
15 into consideration.

16 Q So you would have asked this in -- by virtue of  
17 your December 2020 letter that was sent to all  
18 jurisdictions undergoing redistricting?

19 A Yes, ma'am.

20 Q Did you ever ask anyone in the county  
21 commissioners' staff or commissioners directly to have  
22 the current lines of the redistricting plan remain as  
23 close to the same as possible?

24 A Would you repeat that question? I did not have  
25 conversations with any of them about that.

1 Q Did you express -- other than your  
2 December 2020 letter, did you express your desire that  
3 the current lines remain the same as much as possible to  
4 anyone in the county?

5 A I would have to go back and look at that letter  
6 specifically. That's a very specific question. We --  
7 what I'm requesting there is that they didn't change the  
8 individual lines for each of the voting precincts. With  
9 100 precincts, I did not want every single line redrawn.  
10 And so that's what that means, that the current lines  
11 remain the same as much as possible, and that, as I've  
12 stated earlier, that entire precincts be moved, not that  
13 they all be totally redrawn. That would've been very  
14 difficult to implement. And they honored that request.

15 Q So there were -- there were criteria with  
16 respect to the implementation that the plan adopted that  
17 were, in your opinion, useful for commissioners or others  
18 doing redistricting to -- in the planning. Is that  
19 accurate?

20 MS. OLALDE: Objection, calls for speculation.  
21 Also calls for a legal conclusion.

22 A And I didn't understand a lot of that. It was  
23 very garbled.

24 Q (By Ms. Copper) I apologize. How is my volume  
25 now?

1 A It's not a problem with the volume. It's just  
2 your -- the voice is very garbled. It's not clear.

3 Q Okay. How -- any better?

4 A Just -- if you speak slowly, then I should be  
5 able to try and figure out what you're asking me. Thank  
6 you.

7 Q Okay. I'll do my best, and please do let me  
8 know if I'm cutting out.

9 Now, my previous question was: Did you  
10 communicate your desire that the current lines remain the  
11 same as much as possible to anyone in the county  
12 commissioner -- either a county commissioner themselves  
13 or to members of their staff with respect to the 2021  
14 redistricting process?

15 MS. OLALDE: Objection, asked and answered.

16 A If that was contained in that email, in that  
17 letter, then yes, I did. I know that I asked them to  
18 align by natural boundaries. I don't recall  
19 specifically, without going back and reading that  
20 exhibit, whether I mentioned the current lines remain the  
21 same as much as possible.

22 Q (By Ms. Copper) But there were considerations  
23 with respect to implementation of whatever map was  
24 adopted that you felt were useful for the people  
25 considering the (audio cutting out) redistricting to

1 think about during planning. Is that accurate?

2 THE REPORTER: I'm sorry, your audio is cutting  
3 out. It's a little garbled. Could you repeat that,  
4 please?

5 MS. COPPER: Sure. Could we actually -- is it  
6 okay, Ms. Johnson, would you mind if we take a  
7 five-minute break and I figure out my audio issues and we  
8 reconvene after that?

9 MS. OLALDE: We can take a break.

10 THE VIDEOGRAPHER: Okay. Current time is 3:13.  
11 We're now off the record.

12 (Recess.)

13 THE VIDEOGRAPHER: Current time is 3:21 p.m.  
14 We're now back on the record.

15 Q (By Ms. Copper) Okay, Ms. Johnson, I only have  
16 one last question for you about this exhibit and our  
17 conversation that we have been having about precinct --  
18 residential precinct splits. In your opinion, is the map  
19 that the commissioners adopted in 2021, did it maintain  
20 the current lines as much as possible?

21 MS. OLALDE: Objection, vague as to "map."

22 A As I recall, it did, if you're talking about  
23 election voting precincts.

24 Q (By Ms. Copper) Yes, ma'am.

25 Do you remember if the other proposed map also

1 maintained election precincts as much as possible?

2 A As I recall, I -- you know, I'm not 100 percent  
3 certain, because I'm not sure I ever saw any details on  
4 anything but the final plan, so I'm not 100 percent sure.  
5 I -- I didn't see any detail in those maps.

6 Q Okay. Well, I would like to switch gears a bit  
7 and show you a new exhibit.

8 MS. COPPER: Mr. Munk, in our folder, it will  
9 be marked as Docket Number DEFS00031247. Do you see that  
10 document?

11 MR. MUNK: Yes, I do.

12 MS. COPPER: Great.

13 MR. MUNK: Exhibit 13 has been introduced.

14 Q (By Ms. Copper) Do you have that exhibit in  
15 front of you, Ms. Johnson?

16 A Yes, I do.

17 Q This is a document that your attorneys produced  
18 to us yesterday, and if I'm looking at it correctly, it  
19 is a picture of a Facebook post from February 21st, 2020,  
20 from the user Cheryl E. Johnson at the handle  
21 "@VoteforCheryl2020." Is that all correct?

22 A It's a tweet, not a Facebook post.

23 Q Oh, apologies. Yes, a tweet. Other than that,  
24 is that all correct?

25 A Yes.

1 Q Now, is this handle, "@VoteForCheryl2020," your  
2 personal Twitter account or was this a campaign account?

3 A They're one and the same. It would have been a  
4 personal campaign account, Twitter account.

5 Q So you would've been the person writing this  
6 tweet, not someone on your behalf. Is that accurate?

7 A Yes, ma'am, it is.

8 Q And the tweet itself reads, "The Galveston  
9 County Tax Assessor race has reached a new low with the  
10 challenger mailing a racist flyer full of lies. Stay  
11 tuned for more!" Is that accurate?

12 A Yes, ma'am, that's what it states.

13 Q And as I mentioned, your attorneys produced  
14 this document to us yesterday. When did you first search  
15 your -- or remember that you had this document as  
16 relevant to this case?

17 A I never produced that document. I only became  
18 aware of it, was reminded of it myself, I believe,  
19 yesterday.

20 Q Okay. And were you reminded of it by your  
21 attorneys, I presume?

22 A Yes, ma'am.

23 Q I'd like to turn now to another new exhibit.

24 MS. COPPER: Mr. Munk, this is Document Number  
25 DEFS00031248.

1 MR. MUNK: Exhibit 14 has been introduced.

2 Q (By Ms. Copper) And Ms. Johnson, this is  
3 another document your attorneys produced yesterday to us,  
4 and it appears to be another tweet from your Twitter  
5 account from -- this time it's February 23rd, 2020, so  
6 two days after the first post. Is that accurate?

7 A Yes, ma'am.

8 Q And the post itself reads, "We have some nasty  
9 campaigning going down in Galveston County, Texas." Is  
10 that accurate?

11 A Yes, that's what it states.

12 Q And the post appears to link to an article from  
13 the Galveston County news titled, "Johnson: Peden ad  
14 'racist,' 'discriminatory' and 'a lie.'" Am I reading  
15 that correctly?

16 A Yes.

17 Q Okay. I'd like to turn now to another new  
18 exhibit.

19 MS. COPPER: Mr. Munk, this is in our folder  
20 titled "Johnson: Peden ad 'racist,' 'discriminatory' and  
21 'a lie'" -- or excuse me. I apologize. It's called  
22 Galveston County News 222 Article.

23 MR. MUNK: Exhibit 15 has been introduced.

24 Q (By Ms. Copper) And I know this is a lengthier  
25 article, Ms. Johnson, so please go ahead and take a

1 | moment to review. Just let me know when you're ready.

2 | A (Reviewing document.) I'm familiar with this  
3 | article.

4 | Q Is this the article from the Galveston County  
5 | News that was linked in your February 23rd tweet?

6 | A Yes, ma'am.

7 | Q Now, looking at the top of the second full  
8 | page, there's a political ad pictured; is that correct?

9 | A The campaign advertisement?

10 | Q Yes, ma'am.

11 | A That's not a PPA. It looks like a title  
12 | underneath the picture.

13 | Q I'm sorry, I don't know what you mean by that.

14 | A Well, you said is it a PPA, and it says "A  
15 | campaign advertisement paid for by Republican tax  
16 | assessor-collector candidate Jackie Peden shows an MS-13  
17 | gang member among messages about illegal immigrants  
18 | voting in Galveston County." So it's like a -- a  
19 | statement about what the picture is.

20 | Q Oh, I apologize. I mean the picture itself is  
21 | of an ad of a campaign advertisement; is that correct?

22 | A Yes. It was a flier that was mailed, yes,  
23 | ma'am.

24 | Q And this is a flier that was run against you by  
25 | your opponent in the 2020 Republican primary for tax

1 | assessor; is that correct?

2 | A Yes, ma'am.

3 | Q And looking at the ad itself, it states at the  
4 | top, "Texans can thank Cheryl Johnson for having illegal  
5 | immigrants vote in this November's election," with a  
6 | picture of a heavily tattooed Hispanic man; is that  
7 | correct?

8 | A I would assume he's Hispanic, yes, or Latino,  
9 | yes.

10 | Q Given that the focus of the ad is on illegal  
11 | immigrants, is the assumption that they are -- that it is  
12 | someone who is Hispanic?

13 | MS. OLALDE: Objection, calls for speculation.

14 | A I can only imagine that she was suggesting that  
15 | illegal immigrants or noncitizens are -- are gang members  
16 | heavily tattooed and are voting in Galveston County.

17 | Q (By Ms. Copper) Which I assume, in your  
18 | experience, is not the case; is that correct?

19 | A Not -- not the case at all in my experience.

20 | Q Now, if you scroll down to the third page of  
21 | the article, the paragraph under the large gap, it states  
22 | that the photograph used in the advertisement was not  
23 | actually of a Galveston County resident at all, but  
24 | instead, is a 2012 picture of an MS-13 gang member  
25 | incarcerated in El Salvador; is that accurate?

1 A That's what the ad -- that's what the article  
2 states, yes.

3 Q And the article also states in the paragraph  
4 right below that this image is one of the first pictures  
5 that shows up on a Google search for the gang MS-13. Is  
6 that accurate?

7 A Yes.

8 Q Now, looking at Page 4 of the article, the  
9 second paragraph, you are quoted as saying that the ad  
10 was "despicable, it is vile, and it's a lie," and that  
11 you were "offended by it." Is that accurate?

12 A Yes, ma'am.

13 Q Can you tell me, why were you offended by this  
14 ad?

15 A It suggests that noncitizens are heavily  
16 tattooed gang members and it makes it appear that every  
17 Hispanic male or somebody with tattoos is a noncitizen.  
18 I think that that's very -- I think that is despicable  
19 and vile and as well as being a lie. I know a lot of  
20 people with tattoos --

21 Q And --

22 A -- and they're not Hispanic males or gang  
23 members or noncitizens.

24 Q And in your -- and in your experience, not  
25 every Hispanic person is an illegal immigrant either; is

1 | that right?

2 | A That's right.

3 | Q And referring to your February 21st tweet, you  
4 | also described this ad as racist. Is that accurate?

5 | A As I recall, yes.

6 | Q Do you believe today that this ad is racist?

7 | A Yes, I do.

8 | Q So I know we've discussed the facts that the  
9 | man identified -- the man pictured is not identified as  
10 | Hispanic, but that appears to be what is implied; is that  
11 | correct?

12 | A Yes --

13 | MS. OLALDE: Objection, calls for speculation,  
14 | also asked and answered.

15 | A Yes. And according to the article -- actually,  
16 | he's from El Salvador.

17 | Q (By Ms. Copper) So not from Galveston County at  
18 | all?

19 | A Correct.

20 | Q Have you been the subject of other attacks  
21 | during any of your campaigns that have invoked fears of  
22 | illegal immigration or called on racial stereotypes?

23 | A I don't recall, although Ms. Peden could have  
24 | stated that I refused to remove noncitizens from the  
25 | voter roll. I don't recall any other advertisement that

1 was as -- as I would say, as despicable as this.

2 Q Was the critique that you had allowed  
3 noncitizens to remain on the voter roll a major part of  
4 the Republican primary in 2020?

5 A I don't believe it was a major part of -- of my  
6 specific campaign at all.

7 Q Were -- do you feel that you were the subject  
8 of attacks from either Ms. Peden or others during the  
9 Republican primary that focused particularly on your  
10 experience with respect to illegal immigrants and their  
11 place on the voter roll?

12 A I think definitely Ms. Peden expressed this,  
13 and I think that there were very many people who were  
14 highly offended by this.

15 Q Did you speak to others about being offended by  
16 this ad?

17 A Oh, yes, every voter that came to vote.

18 Q What did they tell you?

19 A That they didn't know they were going to vote  
20 for me until they saw this.

21 Q So the racism of this ad was something that  
22 pushed them towards voting for you and supporting you.  
23 Is that accurate?

24 A Yes, because people agreed with my opinion of  
25 this ad.

1 Q And your opinion being that it was racist and a  
2 lie?

3 A Yes.

4 Q Have you seen or heard about racial appeals in  
5 any other political campaigns in Galveston County?

6 MS. OLALDE: Objection, broad. You can answer.

7 A I don't recall specifically any other campaigns  
8 that went down this trail, no. Doesn't mean that they  
9 didn't happen, but I have no recollection of them.

10 Q (By Ms. Copper) And outside of political  
11 campaigns, have you ever witnessed or heard of any kind  
12 of instances of discrimination based on race or any --  
13 even any type of racial stereotyping in Galveston County?

14 MS. OLALDE: Objection, really broad.

15 You can answer to the extent you're able.

16 A And I might have to ask you to repeat that  
17 because it was a very broad, open-ended question, if you  
18 would, please.

19 Q (By Ms. Copper) Of course. Happy to.

20 Outside of political campaigns, have you ever  
21 witnessed or experienced or even heard about racial  
22 discrimination or stereotyping in Galveston County?

23 MS. OLALDE: Same question -- or same objection  
24 to that question.

25 A I have no personal knowledge of racial

1 stereotyping and being a major issue in Galveston County.

2 Q (By Ms. Copper) When you say you have no  
3 personal knowledge, does that mean you've never had  
4 anyone raise complaints about discrimination to you?

5 A There could've been people that have raised  
6 that issue, including the NAACP, but after a meeting with  
7 them, there was no belief on their part that that existed  
8 at all. So I -- as it pertained to me would've been my  
9 only concern. As it pertained to anybody in my office  
10 would've been my concern. I tried not to be -- play God  
11 for the rest of Galveston County.

12 Q Did you ever hear any criticisms about the 2021  
13 redistricting process as it relates to race?

14 A Not specifically. The suggestion that a  
15 minority district had been changed was all I heard, and  
16 that was the extent of it.

17 Q And what was the criticism made about the  
18 district being changed?

19 A That Commissioner Holmes' precinct had been  
20 moved sufficiently that he may not be able to be  
21 reelected.

22 Q Did you ever hear concerns that a candidate of  
23 color generally might not be able to be elected?

24 A I -- I don't think that color comes into a  
25 decision-making process for the people of Galveston

1 County, personally.

2 Q And do you think that racism is a problem in  
3 Galveston County?

4 A Very broad question. I do not believe it is a  
5 problem in Galveston County. It doesn't mean it doesn't  
6 exist. It doesn't mean it -- it isn't discussed or  
7 hasn't come up as different topics. But I don't believe  
8 it's a major issue for the residents of Galveston County.

9 Q Even if it's not a major problem, do you think  
10 that racism exists in the county?

11 A I think it would be unreasonable to assume it  
12 does not.

13 Q Okay. Thank you.

14 I'm actually going to turn now to what would be  
15 my last exhibit, which is another new exhibit.

16 MS. COPPER: It is labeled in our folder as  
17 "Big Jolly Politics - 1.8.2018 Post," Mr. Munk.

18 MR. MUNK: Exhibit 16 has been introduced.

19 Q (By Ms. Copper) Ms. Johnson, I know this is  
20 another long one, so if you wouldn't mind just taking a  
21 minute and reading this over and letting me know when  
22 you're done.

23 A (Reviewing document.) I remember authoring  
24 this. Whether it was reproduced by this online paper  
25 specifically as it was presented, I -- I can't affirm

1 without checking my files. But yes, I remember. I'm  
2 very familiar -- I'm familiar with this.

3 Q And can you tell me generally, are you familiar  
4 with the website that this is on, Big Jolly Politics?

5 A I'm vaguely familiar with it. They -- they  
6 sometimes carry articles that I write. I think they go  
7 out and they grab them and -- and publish them.

8 Q Okay. I will represent to you, just for  
9 fullness of information, that according to the website's  
10 "About" page, "Big Jolly Politics was started by David  
11 Jennings in 2009 after moving on from LoneStarTimes.com,"  
12 and "The goal was to create a website that covered local  
13 and state politics with an eye on truth first."

14 Is that your experience with this website, that  
15 it is focused on state and local politics with an eye on  
16 truth first?

17 A I don't see that printed here, but I -- from  
18 what little I know, that would be a fair summation.

19 Q And do you know David Jennings, the person  
20 that's responsible for this web page?

21 A Not personally.

22 Q So only through his publications?

23 A Yes. I don't recall if I've ever met him. I  
24 don't remember meeting him.

25 Q And am I right in understanding from this post,

1 again, with the caveat that whether your email is  
2 reproduced accurately is something you can't attest to at  
3 this moment, am I right in understanding that everything  
4 in quotes, starting with "Lov ya Bon," is quoting an  
5 email from you?

6 A As I recall, this was a guest column that I had  
7 written. And assuming that he reproduced it in its  
8 entirety, although it might have quotes, I think  
9 that that quote was -- the "Lov ya Bon," I don't see the  
10 end of that quote.

11 Q Nor do I. I assumed, based on -- that the  
12 entire rest of the article was the email from you, or it  
13 sounds like a guest column. Looking at it, can you tell  
14 me where you think your quoted language should end? My  
15 understanding was it was with the sentence "She laughed  
16 from the bottom of her gut and sings (loudly) out of  
17 tune."

18 A Yes, that would be -- as I recall, that's the  
19 way I wrapped up that article, that column, yes, ma'am.

20 Q Well, what a lovely description. She sounds  
21 like a wonderful woman.

22 A She really is.

23 Q And very briefly, can you tell me just a little  
24 bit about what is the subject of this post?

25 A Bonnie Quiroga worked for the county for many,

1 many years, including in the tax office, years before I  
2 was there. So as this says, for 32 years, she was a  
3 devoted public servant and employee of Galveston County.  
4 And she was not loyal to people as much as -- this says,  
5 "She was loyal to the people and the purpose of county  
6 government." She did not throw any punches, and I wanted  
7 people to know the person who was being assaulted in  
8 court, in -- and I don't mean physically assaulted, but  
9 was being attacked as a result of her termination by Mark  
10 Henry. It was, in my opinion, an unfair situation. She  
11 was a victim. And she dared stand up to individuals she  
12 didn't agree with, and she got fired for it. And I was  
13 trying to let people know that there was a human side to  
14 Bonnie Quiroga.

15 Q One who laughs loudly out of tune, it sounds  
16 like.

17 A Yes, ma'am.

18 Q You said that she was loyal to the people  
19 instead of the County. That is much how you envision  
20 yourself; is that accurate?

21 A Yes, yes. The people are part of the county,  
22 so, you know, I'm not loyal to county government as much  
23 as I am loyal to the people of the county. The  
24 purpose -- this is the purpose of county government. We  
25 all support the purpose of what we do.

1 Q And in your experience, have other people like  
2 Ms. Quiroga -- please tell me if I'm saying her name  
3 incorrectly. Are other people like Ms. Quiroga and  
4 yourself who are loyal to the people over the government,  
5 have they faced difficulties in county government as a  
6 result of that?

7 MS. OLALDE: Objection, calls for speculation.

8 A I -- I really don't know. There were many  
9 county employees that left, some of which were fired,  
10 after there were changes in commissioners court.

11 Q (By Ms. Copper) Speaking only from your  
12 personal experience, have you ever had difficulties,  
13 given that your loyalty is to the people instead of to  
14 the government structure of Galveston County?

15 A Yes, ma'am.

16 Q Can you tell me a little bit about that?

17 A I do not support taxpayer-funded lobbying. I  
18 do not believe government funds should be used against  
19 the people. I am a public servant first, a politician  
20 last, and that goes against the grain of most  
21 politicians, ones I consider self-serving. So I've just  
22 simply tried to be a good public servant and -- and  
23 fulfill the promises that I've made to the people from  
24 day one. That gets me into --

25 Q And --

1 A -- trouble sometimes.

2 Q -- you mentioned County Judge Henry in  
3 particular. Is he someone who in the past you felt like  
4 is maybe a politician more than a public servant?

5 MS. OLALDE: Objection, irrelevant,  
6 speculation.

7 A Judge Henry and I aren't currently at odds as  
8 we were at this time. I'd rather reserve my opinion.  
9 We're working well together right now, and I think at one  
10 point we didn't work well together at all and we were  
11 definitely in different factions of the Republican party.

12 Q (By Ms. Copper) And not to take you back to  
13 2018, but I see looking at Page 2 of the article, the  
14 third paragraph on the page, you wrote -- begin with,  
15 "You see, the county judge has a problem. He is a bully.  
16 Bullies don't want advice because they are never wrong."  
17 Is that accurate, what's written there?

18 A Yes, ma'am.

19 Q And when you refer to "the county judge,"  
20 you're talking about Judge Henry?

21 A Yes, ma'am.

22 Q Now, I understand your relationship has  
23 improved since then, but can you tell me, at the time,  
24 why did you write that he was a bully?

25 A Because he was. Bullies intimidate. They're

1 mean-spirited. I may fire somebody for nonperformance,  
2 but it's never personal, and everything with Judge Henry  
3 is very personal.

4 MS. OLALDE: I'm going to object --

5 Q (By Ms. Copper) Does that include policy  
6 work --

7 MS. OLALDE: Hold on.

8 Q (By Ms. Copper) -- or --

9 MS. OLALDE: Hold on. I'm going to place an  
10 objection to the extent that that calls for speculation.  
11 But go ahead.

12 A Was there a question?

13 Q (By Ms. Copper) Yes, ma'am. Are you aware of  
14 other instances besides the issues with Ms. Quiroga where  
15 you believe Judge Henry has ever been a bully?

16 MS. OLALDE: Again, I'm going to object to the  
17 extent the answer -- the question calls for speculation.

18 A There were a couple of IT employees and an IT  
19 director who were fired. I believe they might have  
20 disagreed based on what they've told me. Whether it was  
21 factual or not, I don't know. But they made decisions  
22 that were not -- did not conform to what the judge wanted  
23 them to do, and they no longer work for the county.

24 Q (By Ms. Copper) And you said that you've now  
25 gone through two redistricting cycles; is that correct?

1 A Yes, ma'am.

2 Q And both of those, you had to work with  
3 Judge Henry to some extent. Is that also correct?

4 A Not really. We did not -- there was no direct  
5 contact other than me requesting funding from  
6 commissioners court. When he did receive his accurate  
7 voter card, he took a picture of it and texted it to me  
8 and said, Job well done. That was very kind, but that's  
9 about the extent of it.

10 Q But you never had any direct contact with  
11 Judge Henry, he never emailed you, set up a phone call,  
12 came to meet with you about redistricting?

13 A Not that I recall.

14 Q Have you ever heard any comments from others  
15 about Judge Henry being a bully with respect to the  
16 redistricting process?

17 A I'm not sure that I've heard from anybody that  
18 he was a bully about redistricting. And so no, I -- the  
19 answer to that would be no.

20 Q You've mentioned, though, that there have been  
21 criticisms with respect to Stephen Holmes' continuing  
22 role on the commission after the new plans were adopted;  
23 is that correct?

24 MS. OLALDE: Objection, misstates prior  
25 testimony.

1 A Yes, I'd have to ask you to repeat that  
2 question. I'm not sure I really understood the question.

3 Q (By Ms. Copper) Of course. You had mentioned  
4 earlier that you had heard criticisms or complaints about  
5 the redistricting process with respect to its effect on  
6 Commissioner Holmes' district; is that correct?

7 A I've not heard complaints about it. That was a  
8 concern I think was communicated in the media and -- to  
9 the best of my recollection.

10 Q But any reports over that are things that  
11 you've heard from public reporting, not direct  
12 conversations you've had with anyone?

13 A Yeah, I've not had any direct conversations  
14 with anybody about that.

15 Q Okay. Now, Ms. Johnson, my colleague,  
16 Ms. Garrett, asked you about a couple emails, and I know  
17 we've spoken about the January 14th email where you had  
18 asked to have things like open dialogue, the ability to  
19 look at plans before -- or proposed plans. Is that  
20 accurate?

21 A Yes, I had asked for that in emails and in  
22 correspondence.

23 Q In your opinion only, if the county  
24 commissioners had involved you in the planning process  
25 with an eye towards implementation then, do you think

1 | there's a chance we might not be sitting here in  
2 | litigation over the county's map?

3 | MS. OLALDE: Objection, calls for a lot of  
4 | speculation, also for legal conclusions.

5 | You can answer to the extent it's possible.

6 | A I do not believe they could have done anything  
7 | differently to ease my implementation that regarded their  
8 | precincts. The difficulty for me was -- that would've  
9 | made it easier was had they not split voting precincts  
10 | within the county commissioner precincts. I understand  
11 | there was a need for them to do that due to population  
12 | totals, I would assume, but I don't believe that the  
13 | overall decision for county commissioner precincts in my  
14 | implementation would have been -- or Galveston County  
15 | commissioner precincts would've changed or my input  
16 | would've changed their overall big plan with regard to  
17 | the four precincts that they established.

18 | Q (By Ms. Copper) And how things shook out in  
19 | terms of precinct splits, do you think that if the  
20 | commissioners had adopted Map 1 in terms of Map 2, there  
21 | would have been any difference in the issue of precinct  
22 | splits?

23 | A As far as I know, no, because if I look at  
24 | those maps today, the areas where they split were  
25 | outside -- were in the center of the commissioner

1 |       precincts. They weren't along the boundaries that maybe  
2 |       had separated or changed Precinct 3. They were  
3 |       predominantly in the League City or South Shore Harbour,  
4 |       densely populated, new areas of development.

5 |               MS. COPPER: Okay. I believe that those are  
6 |       actually all of my questions for you, but if you don't  
7 |       mind if we take a quick five-minute break, just so I can  
8 |       confer. And then otherwise, if that's it, I will be  
9 |       happy to hand you over to my colleague, Mr. Newkirk.

10 |              THE WITNESS: Thank you.

11 |              MS. OLALDE: Thank you. We can take a break.

12 |              THE VIDEOGRAPHER: Time is 3:55. We are now  
13 |       off the record.

14 |              (Recess.)

15 |              THE VIDEOGRAPHER: Current time is 4:03 p.m.  
16 |       We're now back on the record.

17 |              MS. COPPER: Ms. Johnson, I just wanted to  
18 |       confirm that I have asked all of my questions of you and  
19 |       to thank you very much for taking the time to talk to me  
20 |       today. I'm going to pass you off to my colleague, Zach  
21 |       Newkirk for the government, who I believe is sitting in  
22 |       the same room with you.

23 |              THE WITNESS: Yes, he is. Thank you very much.

24 |                                   E X A M I N A T I O N

25 |       BY MR. NEWKIRK:

1 Q Hi. Good afternoon, Ms. Johnson. Zach Newkirk  
2 again --

3 A Good afternoon.

4 Q -- for the United -- on behalf of the United  
5 States -- also for the United States. Thanks so much for  
6 your time this afternoon. I don't anticipate --

7 THE REPORTER: Excuse me.

8 MR. NEWKIRK: Yes.

9 THE REPORTER: I am not hearing every word that  
10 you're saying. You're going to need to speak towards the  
11 microphone. I'm only hearing the loud words you're  
12 saying.

13 MR. NEWKIRK: Would it be okay to unmute  
14 myself?

15 MS. OLALDE: I have an external mic speaker.  
16 We could try that. Sometimes it works, sometimes it  
17 doesn't.

18 MR. NEWKIRK: I could try to enunciate really  
19 loudly, if that's okay. Is this all right, Ms. Carter?

20 THE REPORTER: Yes, I'm hearing you now. Thank  
21 you.

22 MR. NEWKIRK: All right. Sorry about that.  
23 Okay. I don't know what you caught, Ms. Carter, but  
24 essentially, I'm Zach Newkirk on behalf of the United  
25 States.

1 Q (By Mr. Newkirk) Ms. Johnson, thanks so much  
2 for your time. I know we've covered a lot of ground.  
3 I'll do my very best to not repeat any questions that  
4 have been asked already, so this might seem a little  
5 disjointed more so than the others. So I will just go  
6 ahead and dive in.

7 So earlier this morning you were describing a  
8 couple of the organizations that you're a part of.

9 A Uh-huh.

10 Q And just -- do you mind reminding me? There  
11 are two organizations, Republican Women -- do you mind  
12 just reminding me what they are?

13 A Galveston Republican Women and Texas Gulf Coast  
14 Republican Women.

15 Q Gotcha. And how long have you been a member of  
16 the Galveston Republican Women?

17 A Off and on since I first ran for office in  
18 2004.

19 Q Okay. And do you hold any positions in that  
20 organization?

21 A No, I do not.

22 Q And in that role as a member of Galveston  
23 Republican Women, do you ever interact with any member or  
24 past or former -- past, former or present member of the  
25 commissioners court?

1           A     There are frequently different ones that will  
2 attend the meetings occasionally, yes.

3           Q     Okay. And when you see them at these meetings,  
4 do you ever talk to them?

5           A     Yes, but typically not county business.  
6 There's too much activity going on and it just wouldn't  
7 be appropriate for us to talk shop there.

8           Q     Okay. So have you ever discussed redistricting  
9 at all?

10          A     Not at any of those meetings that I recall.

11          Q     Okay. How long have you been a member of the  
12 Gulf Coast Republican Women?

13          A     Texas Gulf -- it was created about a year and a  
14 half -- well, actually, it was created in late 2019, and  
15 so I joined at that time.

16          Q     Do you hold any positions in that organization?

17          A     No, I do not.

18          Q     In that role as a member of that organization,  
19 do you interact regularly or at all with any past, former  
20 or present members of the commissioners court?

21          A     No, and I don't actually specifically  
22 remember -- unless they were speakers, I don't ever  
23 recall them even attending the meetings.

24          Q     All right, thank you. I'll be shuffling a  
25 lot --

1 THE REPORTER: I'm sorry, I didn't hear that.

2 MR. NEWKIRK: Sorry, Ms. Carter. I just said  
3 I'll be shuffling my papers a lot, so you might hear some  
4 ambient noise, but apparently you didn't hear it.

5 Q (By Mr. Newkirk) So Ms. Johnson, you were first  
6 elected to county office in 2004, correct?

7 A Yes, sir.

8 Q And did you have a primary election that year?

9 A Well, I had a primary election, but I had no  
10 opponent.

11 Q And did you have a general election opponent?

12 A Yes, I did.

13 Q What made you first decide to run in 2004?

14 A I had been asked in 2002 to run by  
15 Commissioner Clark when the seated tax assessor-collector  
16 stepped down, and it was the different parties that were  
17 appointing the person that was going to run in November  
18 to fill an unexpired term. And so he first -- was the  
19 first person who ever asked me to run in the position,  
20 and I was not selected to run in that November election,  
21 but it stayed kind of in my mind. I watched the elected  
22 tax assessor-collector who did win that race, and made a  
23 judgment decision in 2004 that I could do a better job.

24 Q What was it like to run county-wide as a  
25 Republican in 2004?

1           A     Very difficult. At that point in time, there  
2           were no county-wide elected Republicans, and so Judge Cox  
3           and myself and a gentleman ran for sheriff, so there were  
4           three of us that were basically running together during  
5           that campaign. We were received very well, but we -- we  
6           just went to the people and ran very grass roots  
7           campaigns.

8           Q     I'm sorry, who is Judge Cox?

9           A     Judge Lonnie Cox. He's the judge of the 56th  
10          District Court. We were on the same ballot at the same  
11          time.

12          Q     So the office he was running for was for that  
13          office --

14          A     Yes.

15          Q     -- or for county judge?

16          A     For district judge, state district judge.

17          Q     When you were running in 2004, did you have a  
18          campaign staff?

19          A     Myself and my husband and my two children.

20          Q     Did you hire any outside consultants?

21          A     No, I did not.

22          Q     Did you have interns, unpaid interns?

23          A     I wish. No -- but no, I did not.

24          Q     Volunteers?

25          A     Yeah -- yes, many volunteers.

1 Q Roughly how many volunteers?

2 A Very active, probably about 25 in different  
3 parts of the county.

4 Q Was it a pretty wide geographic dispersal of  
5 your volunteer base?

6 A Yes.

7 Q Were there any areas you felt like they were  
8 not from or representing or bringing energy to your  
9 campaign?

10 A Probably Bolivar Peninsula, because it was just  
11 remote.

12 Q Moving forward to your first reelection  
13 campaign -- which would have been in 2008; is that  
14 correct?

15 A Yes.

16 Q Did you have a primary opponent that year?

17 A No, I did not.

18 Q Did you have a general election opponent?

19 A Yes, I did.

20 Q What was your general election campaign  
21 strategy in 2008?

22 A To continue the progress that we had made.  
23 I've always run on the exact same platform, even to this  
24 day; increase service, reduce costs, fight for tax --  
25 property tax relief. And so I ran on having fulfilled

1 those promises with more to be done.

2 Q And going back in time a little bit to 2004,  
3 did you hold campaign events?

4 A Oh, yes.

5 Q What sort of events?

6 A One of them that was a particular passion of  
7 mine and I continued for several years was Tax Freedom  
8 Day celebration. So the day in April or May, depending  
9 on when federal taxes were, you know, you finally reach  
10 the point you were working for yourself instead of the  
11 government, we always -- I used to do a soup and bread  
12 celebration. We were all broke. It was kind of fun.

13 Q Where -- where was that soup and bread  
14 celebration located?

15 A Wherever I could find inexpensive locations.  
16 We held it once at the Gulf Greyhound Park in their large  
17 banquet room. I think I also held it at a -- in a  
18 shopping center. I don't remember specifically which one  
19 of the stores that we were in, but the least expensive  
20 places that I could find.

21 Q And where geographically in the county?

22 A Mid-county. Those were very much mid-county,  
23 so La Marque, Texas City area.

24 Q Gotcha. And how many folks were present  
25 typically at these events, at the soup and bread

1 celebration?

2 A Yeah, anywhere from 25 to a hundred.

3 Q As part of your general election campaign, did  
4 you attend community events?

5 A Yes.

6 Q What sort of community events?

7 A Every single one that I could find.

8 Q Can you give a few examples?

9 A Every chamber luncheon, every chamber  
10 networking event. Those were typically in the morning.  
11 Mixer in the evening. I predominantly tried to attend  
12 community events. Kemah would have different events. I  
13 would go to Mardi Gras parades, 4th of July parades. I  
14 tried to spend as much time out and about in the  
15 community where the people were, so fall festivals in --  
16 like in Santa Fe. La Marque, I would go to Oktoberfest  
17 on the island. So really any place where there was  
18 something going on. The oyster cookoff in Crystal Beach  
19 was always -- or Port Bolivar was always a favorite. So  
20 really, any place where there was something going on.

21 Q You had said "Kemah." What is Kemah?

22 A Kemah is a community on the coast, on the  
23 water, not too far from where we're at right now.

24 Q Is that a...

25 A It's a city.

1 Q Oh, okay.

2 Did you engage with voters outside of these  
3 events through things like door-knocking or canvassing  
4 and passing out campaign literature, things like that?

5 A Yes, sir.

6 Q Did you target certain parts of Galveston  
7 County as areas where you could get the most votes?

8 A I went anywhere where there were people.

9 Q And any parts of the county where you didn't go  
10 to not get any -- let me rephrase.

11 Were there parts of the county that you ignored  
12 on the campaign trail for whatever reason?

13 A I can't say so. I -- there were 13 cities in  
14 Galveston County, and so I tried to make a point of  
15 attending events in each one of those cities, whatever  
16 events they were holding.

17 Q Since your first election in 2004 and your  
18 subsequent reelections in 2008, 2012, 2016, 2020, have  
19 you found your campaign strategy to remain consistent?

20 A Yes. During those time periods where I was not  
21 opposed, I would attend community events but far less,  
22 did not block walk or actually do any campaign  
23 activities, although we would still put up signs.

24 In 2020, it was the first time I had a primary  
25 opponent, so I targeted the Republican primary list of

1 voters. That was different for me. And really, I --  
2 so -- so that was -- that was very different for me,  
3 because I've never targeted Republican or Democrat. I've  
4 asked for everybody to support me.

5 Q Any other reasons why that was different for  
6 you?

7 A Other than the fact that I had a -- somebody  
8 that I had once considered a friend running against me,  
9 no, that was -- it was unusual to me to have a Republican  
10 running against a seated Republican incumbent who I felt  
11 was doing the job.

12 Q In 2012, did you have a general election  
13 opponent?

14 A No, I did not.

15 Q In 2016?

16 A I wasn't on the -- I think it was -- oh, wait a  
17 minute. So 2012, 2016, no, I had no opponent. So I went  
18 a couple of times without an opponent at all.

19 Q And in 2020, did you have a general election  
20 opponent?

21 A No, I did not.

22 Q What areas of Galveston County do you consider  
23 to be your basic support?

24 A Galveston Island for sure. Friendswood, when I  
25 look at the numbers, because that's where I live, about

1 82 percent of the voters there have always supported me.  
2 League City, there's a large number of people, but it has  
3 grown so much that I predominantly would stick to the  
4 older parts of League City rather than the newer parts of  
5 League City, because those people knew me because I'd  
6 been in office for a while, rather than new residents who  
7 did not. Kemah, Clear Lake Shores, Texas City,  
8 Dickinson. So really, a little bit of everywhere.

9 Q When you were talking about old versus new  
10 League City, can you talk a little bit more -- are you  
11 referring to length of residency or --

12 A No, it's more the way the development occurred.  
13 On the east side of I-45 is basically the older sections  
14 of League City, and that's part of where we are right  
15 now, although we're -- we're further out into the South  
16 Shore Harbour area. And then the west sections of League  
17 City are where most of the new development has occurred.

18 Q And you believe that your bases of support has  
19 remained pretty consistent over time or --

20 A I'd say it has, yes.

21 Q Can you pull up -- I actually have a hard copy  
22 if you prefer.

23 A Oh, I prefer a hard copy. Thank you.

24 Q This was previously marked as Exhibit 2, I  
25 believe, but I also have it here --

1 THE REPORTER: Sorry, I'm not hearing you. It  
2 was marked as Exhibit what?

3 THE WITNESS: 2.

4 MR. NEWKIRK: 2.

5 Q (By Mr. Newkirk) Ms. Johnson, I know we've  
6 looked at this email for quite a bit of time. I just  
7 have a couple quick follow-up questions.

8 Looking down at the second paragraph, there is  
9 a phrase in the second sentence -- I'll just go ahead and  
10 read the second sentence.

11 A Yes, please.

12 Q "Implementing these plans is a challenge,  
13 particularly since there is no coordinated effort." Did  
14 I read that correctly?

15 A Yes, sir.

16 Q What did you mean by "coordinated effort"?

17 A There was no single person -- and I think that  
18 I was hoping to be that person -- who was pooling all the  
19 different pieces together. So we had county  
20 commissioners doing their own thing, and we had the  
21 Dickinson ISD and Hitchcock ISD and the Texas City ISD  
22 school boards doing their own thing. And so we had --  
23 what I was hoping to do was pool all those various pieces  
24 together and there be a more organized effort and that  
25 would simplify our implementation.

1 Q And in your opinion, would this process of  
2 centralizing -- simplifying take a large degree of  
3 planning and time on your end?

4 A If there was not a coordinated effort, yes,  
5 there could be, and there -- there certainly was. There  
6 was not really any coordination that occurred.

7 Q Was this recommendation -- suggestion about  
8 coordinating efforts based on your experience in past  
9 redistricting cycles?

10 A Yes.

11 Q Was -- can you explain a little bit more what  
12 happened that caused you to make this suggestion?

13 A In 2011, I did not even know what single member  
14 districts we were going to have to implement. I was not  
15 that familiar with all the different governments and when  
16 their decisions may or may not be made or -- so in 2021,  
17 knowing everybody who was affected, all the different  
18 governments, as I said, I tried to pool those together so  
19 that we could have some common boundaries and so forth.

20 Q As far as you know, did the commissioners take  
21 this advice?

22 A To my knowledge, they did not take my advice.

23 Q Without speculating, do you know why not?

24 A No, I really don't.

25 Q In 2013, do you recall a redistricting process

1 that occurred at the JP and constable districts?

2 A I recall in 2011 that there was a combination  
3 that they were -- the eight were combined. Is that what  
4 you're referring to?

5 Q I'm referring to the process in 2013.

6 A There was a process in 2013?

7 Q I'll represent to you that there was a  
8 redistricting process for JP and constable districts in  
9 2013.

10 A Okay. I had assumed that that occurred in 2011  
11 when everything else was changed.

12 Q Okay. I was going to ask if you had any  
13 difficulties with that redistricting process in 2013.

14 A It would have been difficult because we were  
15 taking eight and taking it down to four, which meant  
16 combining, changing every single entitlement for all the  
17 affected voters. And we had no technology then that we  
18 could take large areas and move them at one time.

19 Q Is it fair to say that this particular  
20 recommendation that you flagged about coordinating, that  
21 is a separate issue that --

22 THE REPORTER: I'm sorry, could you speak up,  
23 please?

24 MR. NEWKIRK: I am so sorry, Ms. Carter.

25 Q (By Mr. Newkirk) So my question -- I'll just

1 rephrase it. Ms. Johnson, is it fair to say that the  
2 recommendation that I flagged here about not coordinating  
3 is a separate issue that -- from the JP constables going  
4 from eight to four?

5 A Yes.

6 Q Okay. Ms. Johnson, do you see in the second  
7 paragraph in -- in the second-to-last line, you reference  
8 in quotation marks "dot" precincts?

9 A Yes, sir.

10 Q What is a dot precinct?

11 A It would be an additional precinct that was  
12 created because you were not -- the redistricting does  
13 not allow, say, a state representative to -- or two state  
14 representatives to represent the same precinct. So dot  
15 precincts were created to break out to create separation,  
16 so that, for instance, House District 22 -- 23, we could  
17 run a complete list of whole precincts, and the dot  
18 precincts became an additional like subprecinct.

19 Q I see. So it would always be smaller than  
20 the --

21 A Much smaller, yes.

22 Q Okay. I understand.

23 Going down to the third paragraph here, we have

24 combed over this language a time today, but I just wanted

25 to ask a couple things. I'll just read this.

1 "Therefore, I reached out to all of the officials,  
2 including Judge Henry -- not for the purpose of having  
3 any impact on your decisions (except for JP and  
4 Constable) but to be included from the standpoint of  
5 providing input on whether certain proposed plans would  
6 be better planned differently." Did I read that  
7 correctly?

8 A Yes, sir.

9 Q When you say -- or when you say "provide  
10 input," can you describe to me what you mean by "input"?

11 A That they change entire precincts rather than  
12 split or combine. That if they're going to split, that  
13 they use the natural boundaries so it clearly -- so we  
14 could clearly identify different streets and entitlements  
15 for the individual voters living in those areas.

16 Q What are some other issues that arise when a  
17 voting precinct or election precinct is split?

18 A What we have to do is take the entire original  
19 precinct and define which streets go into what -- which  
20 new voting precinct. So we might -- so there could be  
21 anywhere from 200 to a thousand streets and entitlements  
22 within that precinct that we're having to separate. So  
23 it's just a very tedious, cumbersome process, and just  
24 takes a long time and leaves a lot of room for error.

25 Q Going down to the sixth paragraph of this

1 email, you write at the end of the first line, "It is  
2 relatively easy for me to know when you will meet to  
3 discuss redistricting -- not so much the other entities."

4 Did I read that correctly?

5 A Yes, sir, you did.

6 Q What is the basis of your belief that it would  
7 be relatively easy for you to know when the commissioners  
8 court is discussing redistricting?

9 A I'm on the distribution list for agendas, and  
10 so I receive that and my staff receives it.

11 Q Not so much of the other entities, though?

12 A Right.

13 Q Okay. At the end of this paragraph, you write,  
14 "I hope to avoid the use of costly contractors and  
15 implement the redistricting plans in-house." Did I read  
16 that sentence correctly?

17 A Yes, you did.

18 Q Earlier this morning we were discussing what it  
19 means to plan things in-house, and I think you had  
20 referenced Galveston Island in 2011 --

21 A Yes.

22 Q -- you had to use outside vendors. Is that  
23 what you were talking about here?

24 A Yes.

25 Q So you're not talking about the demographers or

1 the map drawers who actually draw --

2 A No. No.

3 Q Okay. Will you pull up -- this was already  
4 introduced as Exhibit 5, so there's a hard copy. I  
5 wanted to find that --

6 THE REPORTER: I'm sorry, I'm not hearing you.

7 MR. NEWKIRK: Sorry, Ms. Carter. I said we're  
8 going to pull up Exhibit 5, but I also have a hard copy  
9 that I'll distribute here. One moment.

10 A Thank you.

11 Q (By Mr. Newkirk) Again, this is a document,  
12 Ms. Johnson, that we've seen before. I just have a  
13 couple quick follow-up questions.

14 You see the email from May 20th, 2021, from you  
15 to Tyler Drummond, subject line "Asked and answered"?

16 A Yes, sir.

17 Q Looking at the second paragraph in this email,  
18 do you see where you note that the county -- I'm sorry,  
19 that "the county would have to take the lead"?

20 A Yes.

21 Q What did you mean by "county would have to take  
22 the lead"?

23 A So what my hope was is that they would identify  
24 their voting or election precincts so then that could be  
25 shared with the other jurisdictions and that any changes

1 | they would make, they would take entitle -- entire  
2 | precincts if they were going to make changes so that they  
3 | would consider those lines.

4 | Q At this point in May of 2021, did you believe  
5 | the county was going to take the lead or was that (audio  
6 | cutting out) at this point?

7 | A I was hoping -- of course, the legislature  
8 | needed to adopt the different federal and state  
9 | boundaries first, and then for them to follow that  
10 | after -- they would be the ones after that. So on a  
11 | local level, it would be my -- would've -- it was my  
12 | preference that they make their decisions first.

13 | Q As best as you can recall, did that end up  
14 | being the sequence of events?

15 | A I believe that the City of Galveston actually  
16 | adopted theirs before the county commissioners did.

17 | Q Looking at the timestamps of the email, this  
18 | one you sent to Tyler Drummond at 1:50 p.m. --

19 | A Uh-huh.

20 | Q -- you were forwarding an email received at  
21 | 1:48 p.m. Any reason in particular that it was so quick  
22 | that you forwarded --

23 | A I was so excited that the census bureau  
24 | actually responded to me.

25 | Q Had you been anticipating a response?

1 A I really didn't expect them to respond, so I  
2 was very pleased.

3 MR. NEWKIRK: That's all I have on that  
4 document.

5 Could we pull up Exhibit 9 that has already  
6 been introduced? And again, I have a hard copy that I'll  
7 distribute. One moment.

8 A Thank you.

9 Q (By Mr. Newkirk) Ms. Johnson, again, this is a  
10 document we've reviewed before. This is an email you  
11 sent Tyler Drummond on Friday, October 22nd, at -- 2021,  
12 at 3:45 p.m., subject line, "Voters in County by  
13 Precinct," with one attachment, "Galveston County Voters  
14 by Precinct August 2021." Is that accurate?

15 A Yes, sir.

16 Q Flipping to Page --

17 THE REPORTER: I'm sorry, flipping to Page  
18 what?

19 MR. NEWKIRK: I'm sorry, Ms. Carter, I had a  
20 piece of paper over my face.

21 Q (By Mr. Newkirk) Flipping the page to the  
22 attachment, do you see the date 8/13/21 at the top of  
23 these tables?

24 A Yes, I do.

25 Q Do you agree that Mr. Drummond requested this

1 information in October of 2021?

2 A Yes, based on my email.

3 Q Was this the most up-to-date data that you had  
4 that he was requesting from August?

5 A We could've run another list, but he apparently  
6 wanted the original list that I had sent to commissioners  
7 previously in August.

8 Q Do you recall if this was the first time  
9 Mr. Drummond requested the breakdown of registers voters  
10 from you or your office?

11 A I believe it may have been the only time that  
12 he requested it.

13 Q Did the timing of his request in October 2021  
14 surprise you, considering that you had previously thought  
15 redistricting was around the corner earlier that year?

16 A I didn't really consider that.

17 MR. NEWKIRK: Those are all the questions I  
18 have on that document.

19 Okay. I'll introduce an exhibit. Kathy, it's  
20 going to be saved in Exhibit Share as U.S. Tab 11. And I  
21 have a hard copy here.

22 MR. MUNK: Exhibit 17 has been introduced.

23 Q (By Mr. Newkirk) Ms. Johnson, if you want to  
24 just take a moment -- because we've not reviewed this  
25 document yet, just take a moment and tell me if you're

1 familiar with this email chain.

2 A Yes, I am.

3 Q Okay. Can you see the email -- well, actually,

4 I don't think we've talked about her yet, but who is

5 Kristi Saludis?

6 A She was the senior voter registration

7 specialist in my voter registration department.

8 Q When did she begin there?

9 A Oh, goodness. As I recall, six or seven years

10 ago.

11 Q And is she there still?

12 A No, she's not.

13 Q Do you see down in the email that she sent to

14 you dated 11/10/21, 8:45 a.m., where she writes, "There

15 is a" -- "There is a special Agenda for Friday,

16 11-12-2021"?

17 A Yes.

18 Q Was this the first time you learned about the

19 November 12th special session?

20 A I would say that that's very likely, although

21 the email that I sent on November 9th said, "I did not

22 see a posted meeting for today but they did post a

23 meeting for next week." I'm not sure that I saw that

24 specifically, but she did clarify that.

25 Q Do you see the most recent email in this chain

1 | when you asked Kristi Saludis, "Is that meeting in League  
2 | City?"

3 | A Yes.

4 | Q Why did you ask whether the meeting was in  
5 | League City?

6 | A The county commissioners meet typically in the  
7 | county courthouse on the island. They frequently hold  
8 | special called meetings in League City, the League City  
9 | Annex Building. And so without having seen that agenda,  
10 | I would not know -- have known where the meeting was to  
11 | be held.

12 | Q Did you think it might be held in Galveston in  
13 | the courthouse?

14 | A On Fridays, they rarely drive to Galveston  
15 | Island. They're frequently in League City if they have a  
16 | meeting outside of the regularly scheduled meetings.

17 | Q Are special meetings always held in League  
18 | City?

19 | A No, sir.

20 | Q Can they be held in other -- or can they be  
21 | held in Galveston, in the courthouse in Galveston?

22 | A Yes.

23 | Q In any other location that you're aware of?

24 | A I -- I don't know that they ever have, and I'm  
25 | not aware -- I don't know why they could not. They have

1 other buildings in different areas of the county.

2 Q How long have -- to the best of your memory,  
3 how long have special meetings been held in League City?

4 A Off and on, probably over the last four years,  
5 four or five years.

6 Q Do you know -- do you know, without  
7 speculating, what prompted the development of special  
8 meetings in League City?

9 MS. OLALDE: I'm going to object and ask the  
10 witness not to speculate.

11 Go ahead.

12 THE WITNESS: Oh, I can answer that?

13 MS. OLALDE: Uh-huh.

14 A I don't know specifically.

15 Q (By Mr. Newkirk) Have you ever attended a  
16 commissioners court meeting in League City?

17 A Yes, I have.

18 Q Could you describe the meeting space?

19 A It should -- the only one that I have -- well,  
20 no, there's two locations. They used to be in the old  
21 League City Annex, which is now being renovated. And the  
22 most recent one that I attended, those would be held in  
23 Judge McCumber's court, and there was seating for  
24 probably 35 people. And the space they're using now,  
25 Judge McCumber's court is in a temporary building while

1 the renovation's underway, a far less comfortable space.

2 Q In which of the locations that you just  
3 described is the one on Calder Road?

4 A They're both on Calder Road.

5 Q Oh, okay. Do you happen to know -- scratch  
6 that.

7 Have you ever attended a commissioners court  
8 meeting at the courthouse in Galveston?

9 A Yes, I have.

10 Q Can you describe that meeting space?

11 A They actually have a formal courtroom-type  
12 setting with a dais where they sit, speakers, seating.  
13 Since COVID, half the amount of seating. That they have  
14 a lot of audiovisual equipment there that makes it really  
15 comfortable for people, good sound equipment, so forth.

16 Q And that audiovisual equipment is not available  
17 in League City?

18 MS. OLALDE: Objection, calls for speculation,  
19 also overbroad.

20 Go ahead.

21 A I believe that IT brings that -- that equipment  
22 with them and sets it up.

23 Q (By Mr. Newkirk) Did you ever learn about the  
24 size of the attendance at the November 12th special  
25 session when the commissioners court maps -- map was

1 | adopted?

2 | A I saw minutes of that meeting last week that

3 | had a list of people who had spoken at that meeting.

4 | That was the first time I had seen that.

5 | Q Did the length of that list surprise you or

6 | not?

7 | A Not necessarily.

8 | Q I believe that's all I have on this.

9 | MR. NEWKIRK: I'd like to introduce another  
10 | exhibit. Kathy, it's saved as U.S. Tab 12. And again, I  
11 | have hard copies for folks here.

12 | A Thank you.

13 | Q (By Mr. Newkirk) Ms. Johnson, you see that this  
14 | is an email exchange between Nathan Sigler and you dated  
15 | Friday, November 12th, 2021, at 12:32 p.m., and there are  
16 | two attachments?

17 | A Yes, sir.

18 | Q Do you recognize this document?

19 | A I -- I do.

20 | Q And do you see where he writes, "Here are the  
21 | breakdown lists as requested"?

22 | A Yes, I see that. Yes.

23 | Q Do you recall when you requested those lists?

24 | A I'm not sure whether I requested them or if  
25 | Ms. Moreno requested them. Obviously, we had not had

1       them before this time. I don't remember specifically  
2       requesting them myself.

3           Q       Turning to the attachment -- or attachments,  
4       plural, can you go to the one with the number at the  
5       bottom right that says DEFS00020460?

6           A       Yes. Yes, sir.

7           THE REPORTER: Excuse me, while she's turning  
8       to that page, the page-flipping is right on the  
9       microphone and your voice is very far from the  
10      microphone, so I'm having a hard time picking up your  
11      voice, Mr. Newkirk.

12          MR. NEWKIRK: All right. I'll lean in some  
13      more.

14          Q       (By Mr. Newkirk) Ms. Johnson, at the very top  
15      of this page, do you see where it says 'Map 2'  
16      Commissioner Precinct By Current Voting Precincts &  
17      Splits"?

18          A       Yes, sir.

19          Q       Do you know what "Map 2" means?

20          A       It would've been one of the maps that they were  
21      considering.

22          Q       For commissioners court?

23          A       For commissioners court, yes. For commissioner  
24      precincts.

25          Q       And do you see where it says "If the Voting

1 Precinct has 'A' at the end it is a split Precinct"?

2 A Yes.

3 Q Can you describe what this chart shows us?

4 A From my perspective as the implementer of these  
5 plans, that would tell me, based on these plans, the  
6 difficulty of the task. So under Commissioner  
7 Precinct 1, it has 336, has two precincts with As,  
8 meaning two precincts would have to be split, or all the  
9 rest may require -- as in the 336, 343 and 347 would only  
10 require a name change. So from my perspective, it  
11 communicates the complexity of the task.

12 Q And stepping back a little bit, the numbers --  
13 the three-digit number, that's simply the name of the  
14 voting precinct?

15 A Yes.

16 Q Earlier today you talked about how the first  
17 digit refers to the commissioner's precinct --

18 A Yes.

19 Q -- correct? Do the other numbers, the other  
20 two digits, have any meaning to them?

21 A I do not believe they do. I'm not certain.

22 Q Okay. So it doesn't mean, for example, that  
23 they're close geographically together?

24 A No.

25 Q So 150 and 151 could be across, you know, the

1 street or --

2 A Yes.

3 Q -- (indiscernible).

4 A As far as I know I'm not aware of any  
5 particular -- it was just the order over time that  
6 they've evolved.

7 Q Looking, for example, at this first column,  
8 Commissioner's Precinct 1, about halfway down, you see  
9 165.1?

10 A Yes, sir.

11 Q What does that .1 mean? Is that one of those  
12 dot precincts?

13 A That's one of those dot precincts, yes, sir.

14 Q And can you describe, how is that different  
15 from one that has an "A" after it?

16 A It would be much smaller. So a 165-A would've  
17 originally been part of 165, but a portion, a sliver or  
18 whatever, was changed to accommodate the -- whatever  
19 elected official that that was set up for. Typically  
20 they're very small, where the other ones are entire  
21 precincts of anywhere from 500, I guess, to 5 or 6,000  
22 voters.

23 Q Looking at the column Commissioner Precinct 2,  
24 I see a couple of dot precincts. One of them says 232.1,  
25 and another says 232.3. Does the number coming after the

1 decimal place have any meaning?

2 A Not to my knowledge. My -- without looking at  
3 a map, it would probably mean they're on -- in different  
4 parts of the precinct. So the dot 1 might be on one side  
5 of it and dot 3 would be on the other side of the whole  
6 precinct, although I don't see a 232. Yes, I do,  
7 under 4.

8 Q Do you mind flipping the page to -- to what  
9 ends in 458?

10 A Okay.

11 Q And we see that this is titled "'Map 1'  
12 Commissioner Precinct By Current Voting Precincts &  
13 Splits," correct?

14 A Yes, sir.

15 Q Can you describe what this chart shows us and  
16 if it differs in any significant way from the one we were  
17 just looking at?

18 A Without putting them side by side, it's --  
19 there's -- I would guess that there's certain changes --  
20 there's certain precincts that are included in some of  
21 these lists that are in the other commissioner precincts  
22 on the other list. It looks like there's more in  
23 Precinct 3, more individual precincts in Precinct 3 than  
24 there were on the other map, and fewer for the other  
25 commissioner precincts.

1 Q Thank you. That's all I have for this  
2 document.

3 MR. NEWKIRK: I'd like to now introduce an  
4 additional document. I saved this on Exhibit Share as  
5 U.S. Tab 13.

6 THE WITNESS: Thank you.

7 THE REPORTER: While he's getting that pulled  
8 up, could we go off the record, please?

9 MR. NEWKIRK: Sure.

10 THE VIDEOGRAPHER: Okay. Current time is now  
11 4:49 p.m. We're now off the record.

12 (Recess.)

13 THE VIDEOGRAPHER: Current time is 4:57 p.m.  
14 We're now back on the record.

15 Q (By Mr. Newkirk) Okay. So we're looking at  
16 what was marked as U.S. Tab 13 -- it's now an exhibit --  
17 and you've had a chance, Ms. Johnson, to take a look at  
18 it. Do you recognize this document?

19 A Yes, I do.

20 Q And you agree that this is an email sent from  
21 you sent to Nathan Sigler on Monday, November 15th, 2021,  
22 with a subject line "Precinct List with Lots of Info"?

23 A Yes, sir.

24 Q We were also taking a look at the attachments.

25 A Yes, sir.

1 Q I also have a printed copy of the original.

2 It's not as easy to see, but I left that --

3 A (Indiscernible.)

4 Q Okay. So first looking at the body of the  
5 email, which is on the document titled -- or I'm sorry,  
6 with Bates stamp Number DEFS00016754, do you see the  
7 first sentence that you wrote, "Attempted to compile all  
8 of the various pieces based on our discussions in your  
9 previous Map 2 listing"?

10 A Yes, sir.

11 Q Do you mind taking me through the discussions  
12 that you're referring to here with Mr. Sigler, how many  
13 there were, when were they, to the best of your memory?

14 A Looking at the time of this email, I -- I  
15 really don't recall. I would imagine that those  
16 conversations took place throughout the day on that  
17 Monday.

18 Q Would any of them, to the best of your  
19 recollection, have occurred before November 12th, 2021?

20 A I -- I don't know. Nathan and I spoke to each  
21 other often, but based on the fact that the commissioner  
22 precincts were adopted on that Friday, it is very likely  
23 that this was the result of discussions to try and  
24 implement that which was voted on.

25 Q In the last paragraph where you write, "You had

1 mentioned 232.1 and 232.3 may merge into 225. Doing that  
2 would create a 5,400 voter precinct."

3 A Yes, sir, I see that.

4 Q By "5,400 voter precinct," do you mean a  
5 precinct with 5400 voters?

6 A Yes, sir.

7 Q What are some consequences to you and your team  
8 if a precinct has 5400 voters?

9 A It's common knowledge or knowledge that we  
10 just, I guess, acquired through the years that each  
11 precinct was supposed to be about the same size and that  
12 5,000 was the maximum number of voters that should be in  
13 a voting precinct. So that exceeded -- that if they  
14 combined those, that would exceed that number.

15 Q Do you know, is that 5,000 number custom or is  
16 that set by state law or something?

17 A I believe that's established in state law.

18 Q Moving towards the attachment, we have the  
19 sheet titled County Commissioner Precincts -- (audio cut  
20 out).

21 A Yes, sir.

22 Q Do you agree that two tables appear on this  
23 sheet?

24 A Yes, sir.

25 Q Looking at the table on the left, do you mind

1 going through each column and telling me what each column  
2 means?

3 A The former CC precinct would have been the  
4 former county commissioner precinct. The former precinct  
5 number then was the number of that former county  
6 commissioner precinct. The change to county commissioner  
7 precinct is specifying, based on those maps, which county  
8 commissioner precinct it would be changed to, that former  
9 precinct. Changed to precinct number, the assumption is  
10 made that we would change just the first digit, which  
11 would be, in this instance of Line 1, 103 from Precinct 1  
12 would move to Precinct 2 and become 203. And then the  
13 number of voters in Precinct 103 on November 15th was --  
14 that's the number of voters on that date when the list  
15 was generated. And then the current total voters in  
16 precinct to be split is just another information column  
17 where if there was a precinct that they were anticipating  
18 split, what the number of voters were in the original  
19 precinct.

20 Do you want me to -- you were just interested  
21 in the left-hand side?

22 Q Yeah, for now. Thank you.

23 A Okay.

24 Q That was incredibly helpful.

25 You anticipated my next question by running

1 through the first row --

2 A Uh-huh.

3 Q -- and identifying what each cell means. Going  
4 down a little bit, do you see that the number 205 and  
5 205.1 are highlighted?

6 A Yes, sir.

7 Q Do you know why they're highlighted?

8 A I don't recall why they're highlighted. I was  
9 looking to see if I can see that anywhere else. Not  
10 specifically, no. I don't give a key here to explain it.

11 Q Do you know why a full row, moving down a  
12 little bit, is fully highlighted?

13 A The next one that's highlighted is Precinct  
14 1-152 that they were discussing splitting. And so not  
15 knowing what that new named precinct would be, I had two  
16 lines there. So if they were discussing splitting  
17 Precinct 152, we would not know what the change in the  
18 number would be, if there would be one at all, or if it  
19 would be a new added precinct and to-be-decided name.

20 Q And could you tell me why underneath that 152  
21 there's a cell that's blank? Why is that blank?

22 A Because when they split, there was no former  
23 county commissioner precinct. It -- it would be assumed,  
24 if they were splitting 152, that those were former  
25 Precinct 152. But since the precinct didn't actually

1 exist with a new number, would be unspecified.

2 Q Going down a little bit further to the second  
3 highlighted row.

4 A Uh-huh.

5 Q You see underneath the 155, that's blank. But  
6 also underneath a column saying "No Change," the cell  
7 underneath that one is blank for that particular row. Do  
8 you see where I'm pointing?

9 A Yes, sir.

10 Q Do you know why that "No Change" -- the cell  
11 underneath where it says "No Change" is left blank?

12 A Probably because all of the second ones that --  
13 there are -- they are changing -- well, like they weren't  
14 necessarily changing. It would be creating likely a new  
15 number. So probably all of those should have been blank.  
16 So the one that says "No Change" above it should have  
17 been blank and the one below it that says "No Change"  
18 should've been blank, because we didn't -- we knew it was  
19 going to be something, but we didn't know what it was  
20 going to be.

21 Q Going down one row, you see a number zero in --  
22 it's no longer highlighted, but it's --

23 A Yes.

24 Q -- former Precinct Number 155.1 and then  
25 there's a number zero --

1 A Yes, sir.

2 Q -- in a couple of columns. Do you know why  
3 that -- or do you know what that zero signifies?

4 A That there were no registered voters in that --  
5 in that dot precinct on that date.

6 Q Gotcha. So to summarize, is it fair to say  
7 that the highlighted rows mean more or less that  
8 the (audio cutting out) --

9 A Split or combined.

10 Q (Audio cutting out) or combined.

11 THE REPORTER: I'm sorry. I'm sorry, your  
12 audio is cutting out and I -- could you please repeat the  
13 last question?

14 MR. NEWKIRK: I asked, is it fair to say that  
15 the highlighted rows mean that a precinct is going to be  
16 split. Then Ms. Johnson responded split or combined.

17 Q (By Mr. Newkirk) Ms. Johnson, if you could go  
18 to that other table titled "Old Precincts Available in  
19 TEAM."

20 A Yes.

21 Q Can you tell me what this table is all about?

22 A So these are all the precinct numbers that at  
23 some point in time in Galveston County's history have  
24 been used. And so this would present a list of possible  
25 precinct numbers that the commissioners could use when

1 they were splitting precincts and creating a new  
2 precinct. They could have used others, but these have  
3 actually existed in the system.

4 Q Is there a benefit to using a number that's  
5 been in the system before?

6 A Not necessarily, no, because then that -- you  
7 run out of numbers.

8 Q And some values have decimals. We've talked a  
9 bit about dot precincts, but some have values that end,  
10 for example, in .02. Does that have any significance?

11 A No. It was a naming convention, and I can't  
12 tell you why they were -- some of them were .1 and some  
13 of them were .01. It was just the way they were named at  
14 the time.

15 MR. NEWKIRK: That's all the questions I have  
16 on this document. I am nearly done.

17 I'd like to introduce, Kathy, U.S. Tab 14.

18 Q (By Mr. Newkirk) Ms. Johnson, do you recognize  
19 this email?

20 A Yes, I do.

21 Q And you agree that this is from you to a  
22 variety of people, Kristi Saludis, Stephanie Berry,  
23 George Ott and Kathleen Moreno, dated Friday, November  
24 19th, 2021, correct?

25 A Yes, sir.

1 Q We already identified Kristi Saludis. Who's  
2 Stephanie Berry?

3 A She was the -- one of the voter registration  
4 specialist.

5 Q George Ott?

6 A He was also a voter registration specialist.

7 Q Okay. And looking at the bottom of the email,  
8 you write, "Per Commissioner Clark, we are good to  
9 proceed with the following county precinct changes." Do  
10 you agree?

11 A Yes, sir.

12 Q And by "county precinct," you're referring to a  
13 voting precinct; is that --

14 A Yes, sir.

15 Q Were you in contact with Commissioner Clark  
16 before you sent this email?

17 A Yes.

18 Q Do you recall how soon before you sent this  
19 email you were in contact with him?

20 A Earlier in the day would be my guess. This is  
21 sent in the afternoon, and so likely he and I had a  
22 conversation sometime before that. It would've taken me  
23 a little bit of time to put this together.

24 Q Was his approval necessary to make changes to  
25 the voting precincts?

1 MS. OLALDE: (Indiscernible) -ation.

2 You can answer.

3 A Not specifically his approval, although he was  
4 the lead commissioner on all of the changes that were  
5 underway. I was trying to get some confirmation that we  
6 were good to proceed with the naming conventions that had  
7 been discussed. And I wanted that documented that he had  
8 given us permission to proceed with these changes.

9 Q (By Mr. Newkirk) If you were trying to look for  
10 confirmation, is there anyone -- anyone better than  
11 Commissioner Clark for that purpose?

12 A There was nobody better for that purpose, no.

13 Q You said he was the lead commissioner on these  
14 issues. Was that a official role that he had, or was it  
15 sort of an unofficial role?

16 A I believe it was a role that he happily  
17 assumed.

18 Q In this email, you also say, "I will send the  
19 spreadsheet to print and use when making changes in  
20 auditing. It will be our audit trail."

21 A Uh-huh.

22 Q Do you see that? Can you describe -- I guess  
23 rather, was there an auditing process?

24 A Yes, sir.

25 Q And how often did that process happen?

1           A     Continuously throughout the changes. Any time  
2 a change was made, we had an auditor or somebody standing  
3 by ready to confirm that everything changed properly.

4           Q     Besides voting precinct changes, what else, if  
5 anything, did the audit cover?

6           A     To some extent, that entitlements were  
7 appropriate and that they had all come over correctly.  
8 It was a list very similar to this that had an additional  
9 column that the -- two additional columns, likely, change  
10 made by who, and then audited by who.

11          Q     Who performed that audit?

12          A     Various people in the office. Sometimes it was  
13 members of -- that are -- people that are listed on this.  
14 Ms. Saludis was predominantly making the changes, with  
15 Ms. Berry and Mr. Ott doing a lot of the auditing, along  
16 with Ms. Moreno and other staff members.

17          Q     So it was an internal audit?

18          A     Yes, sir.

19          Q     Oh, okay.

20                    Looking at the table that you attach to this  
21 email, this looks similar to the exhibit that we are just  
22 looking at. Do you agree?

23          A     Yes, sir.

24          Q     Do they mean the same thing?

25          A     Yes, sir.

1 Q We've run through all the columns, or you did,  
2 rather.

3 A Yes.

4 Q Looking down on third page, DEFS0001708, column  
5 marked Former Precinct Number, it looks like Precinct 336  
6 is not in that column. This would be about a little past  
7 halfway down.

8 A Yes, sir.

9 Q Do you agree that you don't see Precinct 336  
10 there?

11 A I don't see Precinct 336 there.

12 Q Do you agree that Precinct 336 was split in the  
13 fashion of the commissioners court map?

14 A I would have to refer to the other documents.

15 Q Okay. Do you happen to know why Precinct 336  
16 does not appear on this list?

17 A Either it didn't exist or these were simple --  
18 these were county precinct changes that we could make  
19 without further action, former action -- formal action by  
20 anybody.

21 Q Thank you.

22 MR. NEWKIRK: That's all I have on this  
23 document. I have three more documents and then we'll be  
24 done.

25 Can I introduce what's marked on Exhibit Share

1 as U.S. Tab 15, Kathy?

2 Q (By Mr. Newkirk) Ms. Johnson, do you recognize  
3 this email?

4 A Yes, sir.

5 Q Do you agree that it is between you and Paul  
6 McLarty, among others, November 12th and November 15th,  
7 2021?

8 A Yes, sir.

9 Q Beginning at the sentence of the -- I think we  
10 identified him earlier, excuse me, but can you remind me  
11 who Paul McLarty is?

12 A He was an official and, I believe, an assistant  
13 superintendent at (audio cutting out) ISD.

14 Q Okay.

15 THE REPORTER: I'm sorry. I'm sorry. The  
16 paper movement is interfering with the audio, and if I  
17 just miss a little piece of a sentence, I don't get what  
18 you're saying.

19 THE WITNESS: Do you need me to repeat what I  
20 said?

21 THE REPORTER: I got -- I missed a couple of  
22 words at the beginning of the question too. It's -- we  
23 might need to go back to the other audio system. This  
24 one's not really working very good.

25 MR. NEWKIRK: Do you mind reading back just

1 what you have? My question was basically who -- who is  
2 Paul McLarty.

3 THE REPORTER: I got that, and she said he is,  
4 and then there was a little paper noise and so I heard  
5 pieces of words, but I didn't hear the answer.

6 THE WITNESS: He is an official or assistant  
7 superintendent, had some decision-making role at Clear  
8 Creek ISD.

9 MR. NEWKIRK: All right, Ms. Carter, I'm not  
10 going to touch this paper.

11 Q (By Mr. Newkirk) Ms. Johnson, reading the first  
12 sentence, you write, "You are likely sick of hearing from  
13 me but I have new information (it seems to have been  
14 changing hourly today but have something constant now)."  
15 Do you see that?

16 A Yes, sir.

17 Q What do you mean by "changing hourly"?

18 A Commissioner Clark -- I remember during that  
19 time period where Commissioner Clark would make a  
20 decision and then he would change that de- -- he'd get  
21 with Nathan, and they'd come back with different  
22 information. And eventually, I think I stopped even  
23 making notes of what they were doing until they finally  
24 reached final decision.

25 Q Final decisions about...

1 A Precinct names and so forth.

2 Q In your experience with redistricting, is it  
3 common to receive frequent updates to precinct names and  
4 conventions, or was this changing hourly unique to 2021?

5 A I had always been included at the very end of  
6 this, not in the middle. Because we had so little time,  
7 they were trying to give me as much information as they  
8 could so we could proceed, because there was going to be  
9 so much that we need to do in such a short time period.  
10 So they were trying to accommodate my request to let me  
11 change what I can so that then we can spend additional  
12 time doing more complicated work later. So I've never  
13 been included in this -- at this stage before and in the  
14 middle of -- of being provided information continuously.

15 Q I understand. And do you agree that this email  
16 exchange that we're looking at, but not touching, is only  
17 about CCISD?

18 A This was communicating to CCISD the areas that  
19 they needed to know what the precincts were going to be  
20 so that they could make decisions, the board.

21 Q But these are the voting precincts that are  
22 common to all --

23 A Yes, yes.

24 Q -- other entities?

25 A Well, they're -- as you recall, I was asking

1 these jurisdictions to try and change their boundaries in  
2 conformance with the county commissioner voting  
3 precincts, or the commiss- -- the voting precincts. And  
4 so Mr. McLarty was trying really hard to accommodate that  
5 request.

6 Q And down at your email, you write, second  
7 paragraph, "Precinct 152 will be split down South Shore  
8 Harbor Boulevard. One portion will remain 152 and the  
9 other will receive a new number by November 29th." Do  
10 you see that?

11 A Yes, sir, I do.

12 Q What's the significance of November 29th?

13 A At that point in time, that was the projected  
14 date that was being given to me where the final numbering  
15 conventions would be decided.

16 Q How -- when did you learn that November 29th  
17 was going to be that -- the day that that happened?

18 A At some point during the conversations with --  
19 with Commissioner Clark.

20 Q So would you agree that he sets the date --  
21 that date?

22 A Yes, that was the part --

23 MS. OLALDE: Objection.

24 THE WITNESS: Oh, I'm sorry.

25 MS. OLALDE: Objection, that calls for (audio

1 cutting out).

2 A It's -- and he could very well have been  
3 speculating as well that that was the target date that  
4 they were trying to make this change.

5 Q (By Mr. Newkirk) Okay.

6 THE REPORTER: Could we go off the record,  
7 please? I'm sorry, could we go off the record, please?

8 THE VIDEOGRAPHER: Current time is 5:19 p.m.  
9 We're off the record.

10 (Recess.)

11 THE VIDEOGRAPHER: Current time is 5:21 p.m.  
12 We are now back on the record.

13 MR. NEWKIRK: Kathy, I think the last thing I  
14 said is I wanted to introduce U.S. Tab 16, but we could  
15 actually scratch that and just introduce U.S. Tab 17.  
16 And this will be my last exhibit.

17 MS. GARRETT: So I just did 16.

18 MR. NEWKIRK: Oh, okay. I think you can delete  
19 it on Exhibit Share.

20 MS. GARRETT: Okay.

21 A Are you done with this one?

22 Q (By Mr. Newkirk) Yes.

23 MS. GARRETT: Sorry, I'm going to need  
24 assistance from the concierge. The option to delete is  
25 shaded out, so I can't delete it.

1 MR. MUNK: Certainly. I'll go ahead and delete  
2 that for you right now.

3 MS. GARRETT: And can you just go ahead and add  
4 17 as Exhibit 23?

5 Q (By Mr. Newkirk) Ms. Johnson, have you had a  
6 chance to review this email exchange?

7 A Yes.

8 Q And you recognize it?

9 A Yes, I do.

10 Q And you agree that this is an exchange you've  
11 had with Nathan Sigler on October 26th and 25th of 2021?

12 A Part of an exchange was between Kathleen Moreno  
13 and -- and Nathan, and then I -- I was included, and I  
14 did comment.

15 Q Okay. I'm looking at the first page. You  
16 write to Mr. Sigler that he is the best and that he's  
17 very helpful and had a professional and timely response  
18 which made him a keeper, correct?

19 A Yes, sir.

20 Q And can you describe why you were very  
21 complimentary of Mr. Sigler?

22 A Nathan was essential to this process. When he  
23 saw the few tools that we had, he went out of his way to  
24 accommodate us to give us anything that he had at his  
25 disposal in order to make our job easier.

1 Q And based on your interactions with him, do you  
2 consider him very knowledgeable about the specific steps  
3 needed to implement a redistricting plan?

4 MS. OLALDE: Objection, calls for speculation,  
5 and also a legal conclusion.

6 But you can answer to the extent you're able.

7 A I think Nathan was very knowledgeable on his  
8 part of the process, which was creating the maps and  
9 geocoding the data. And then he became very aware of  
10 what we needed in order to proceed with our part of it.

11 MR. NEWKIRK: Thank you. I just need a quick  
12 second to make sure I got everything.

13 MS. OLALDE: Do you want to go off the record?

14 MR. NEWKIRK: I think I can do it in record  
15 time on the record.

16 (Discussion off the record.)

17 MR. NEWKIRK: Just one quick question.

18 Q (By Mr. Newkirk) I -- earlier, you had said  
19 that you ran into Commissioner Giusti at community  
20 events.

21 A Yes, sir.

22 Q Do you remember saying that? What sort of  
23 community events?

24 A Many of the elected officials get together  
25 every December and have a big dinner we throw for anybody

1 who wants to come. And so we all chip in a little bit  
2 and feed typically 4 to 600 people. And so we'd also see  
3 each other at Chamber of Commerce events and -- and  
4 that -- that was predominantly the local events that  
5 would be held in -- in his particular precinct.

6 MR. NEWKIRK: Those are all the questions I  
7 have, Ms. Johnson. Thanks --

8 THE WITNESS: Okay.

9 MR. NEWKIRK: -- so much for your time.  
10 And apologies, Ms. Carter, for all the issues.

11 THE REPORTER: Thank you for working with me.

12 E X A M I N A T I O N

13 BY MS. OLALDE:

14 Q This is Angie Olalde. I just have one quick  
15 question for you, Ms. Johnson.

16 Are you aware of the scope of Nathan Sigler's  
17 work in the 2021 redistricting process? Do you know  
18 exactly what he was doing?

19 A I truly do not know exactly what he was doing.  
20 It was very technical, and I'm not a technical person.

21 Q Do you know what his instructions were in order  
22 to do work in the 2021 redistricting plan?

23 A No, I do not know what his specific  
24 instructions were.

25 MS. OLALDE: Okay. Defendants will reserve all

1 further questions.

2 THE VIDEOGRAPHER: Molly, do you need to get  
3 anything for the record or anything?

4 THE REPORTER: No, that's fine. Thank you.

5 THE VIDEOGRAPHER: Okay. Current time is 5:27  
6 p.m., and we're off the record.

7 (Discussion off the record.)

8 THE VIDEOGRAPHER: It's 5:28 p.m., and we're on  
9 the record.

10 MS. COPPER: And apologies, Ms. Johnson, I  
11 wanted to ask -- I know you had mentioned potential text  
12 message communications with Mr. Drummond about the  
13 timeline, and I wanted to ask your counsel -- we have not  
14 received any text message communications between them as  
15 part of your production, and so wanted to ask if you  
16 could send anything that was -- that you find over.

17 MS. OLALDE: Absolutely. It's my understanding  
18 that we've received any possible relevant text messages  
19 and that they've been reviewed and produced as they are  
20 requested in the lawsuit, so...

21 MS. COPPER: Thank you.

22 THE VIDEOGRAPHER: Time is 5:28 p.m., and we're  
23 off the record.

24 (Deposition concluded at 5:28 p.m.)

1 THE VIDEOGRAPHER: Today's April 26, year  
2 2023. We're going on the record, 9:25 a.m. We're here  
3 for the deposition of Ms. Lofton for a case filed in  
4 the United States District Court Southern District of  
5 Texas, Galveston Division. Could the counselors  
6 introduce themselves and who they represent?

7 MR. RUSSO: Yes. Joseph Russo, Jr. and  
8 Brandon Guerrero here on behalf of Galveston County and  
9 other defendants in the case.

10 MS. CHEN: Sarah Chen, Andrew Silberstein  
11 for NAACP plaintiffs and for witness.

12 LUCRETIA LOFTON,  
13 having been first duly sworn, testified as follows:

14 E X A M I N A T I O N

15 BY MR. RUSSO:

16 Q. Good morning, Ms. Lofton.

17 A. Good morning.

18 Q. It's -- I know your name is hyphenated. Is it  
19 okay if I call you Ms. Lofton, or is it  
20 Henderson-Lofton? What would -- what's -- what's --

21 A. Lofton is fine. It is Henderson-Lofton, but  
22 Lofton is fine.

23 Q. Okay. But is it okay with you?

24 A. Uh-huh. That's fine.

25 Q. All right. Have you ever been deposed before?

1 A. No. I have not.

2 Q. Okay. So we'll -- we'll talk about some of the  
3 -- sort of the deposition processes and, you know,  
4 hopefully we take care of any problems that -- that  
5 might arise procedurally.

6 So the -- the court reporter is here  
7 taking down everything that we say and frankly  
8 everything that's said in the room. The only way that  
9 she can do that is if -- really, we need one person  
10 speaking at a time. So sometimes I'll ask a question,  
11 and you might already know where I'm heading with it  
12 and want to intercede with an answer. And sometimes I  
13 may think you're done with an answer and may speak over  
14 you. But for purposes of the deposition and her  
15 getting the transcript right, we need to do our best to  
16 just, you know, try to let me finish a question, and  
17 I'll let you finish your answer and not speak over each  
18 other. Does that work for you?

19 A. Yes.

20 Q. Okay. If you -- you want to -- the other --  
21 verbal responses are necessary for the court reporter,  
22 so nods of the head and shakes of the head don't  
23 translate very well into the transcript. So if you can  
24 keep your responses verbal, yeses and noes, rather than  
25 shakes of the head or gestures, that's always best for

1 her. Does that work?

2 A. Yes.

3 Q. In terms of taking breaks, we'll -- we'll take  
4 breaks periodically throughout the day, and we  
5 typically maybe run an hour or so. But -- but if you  
6 need a break at any time, just let us know, and we'll  
7 do our best to take a break and get off the record and  
8 do whatever needs to be done.

9 The only -- the only thing that I would  
10 ask is if there's a question pending, as in you haven't  
11 answered the question or and -- that we wait to go off  
12 the record until -- and take a break after we get a  
13 response to -- the answer. Does that work for you?

14 A. Okay.

15 Q. Okay. The other thing -- another thing that --  
16 sometimes I ask questions that are not necessarily  
17 clear to the witness. It happens. So if you -- if I  
18 ask you a question and you don't understand it, would  
19 you do your best to just let me know? And I'll try to  
20 rephrase the question for you and hopefully it'll -- we  
21 can keep the record clear that way in understanding --  
22 all of our understandings will be clear as well. Does  
23 that work for you?

24 A. Yes.

25 Q. Okay. And I guess an important point is that

1 if you -- if we don't have that clarification, I'm, you  
2 know, going to assume that you understood what I was  
3 asking you and that we -- you know, we can move on and  
4 -- to the next question.

5 A. Okay.

6 Q. All right. Okay. If I'm asking you questions  
7 as well -- and I know that this -- we're here on behalf  
8 of NAACP Dickinson branch as well as you testifying  
9 individually on some topics.

10 But if I ask you a question and an answer  
11 can be best found in a document that you've seen or you  
12 know exists, just let me know that. And we can either  
13 refer to the document. Maybe I can find it. You know,  
14 but that way, you know, we can kind of keep -- again,  
15 keep the record clear as -- in terms of, you know,  
16 what's -- what's out there that you may be referring  
17 to. Does that work?

18 A. Okay.

19 Q. All right. So -- and I don't want to pry into  
20 sort of medication and health history, but I do need to  
21 know whether -- are you on any medications or do you  
22 have any health conditions that you feel might affect  
23 your ability to either understand my questions or  
24 provide sort of honest and truthful responses?

25 A. No.

1 Q. Okay. Good. Okay. And you understand the  
2 court reporter did swear you in, so you're under oath.  
3 And although there's no judge and jury here, the oath  
4 means the same thing as if you were testifying in front  
5 of a judge or a jury. You're just sworn to tell the  
6 truth. You understand that?

7 A. Yes.

8 Q. Okay. Perfect. Okay. Well, then so the court  
9 reporter's actually marked a -- Exhibit 1 to your  
10 deposition, Lofton Exhibit 1. And I'll represent to  
11 you that it's an amended notice of deposition for --  
12 for you and then also as a corporate representative for  
13 the Dickinson Bay Area Branch of NAACP. So my question  
14 for you is: Have you seen this document before today?

15 A. Yes.

16 Q. Okay. And I assume you saw it in preparation  
17 for your deposition?

18 A. Yes.

19 Q. Okay. And you un- -- did you understand that  
20 on page -- do you understand that you are here as a  
21 sort of representative to speak on behalf of the NAACP  
22 Dickinson Branch?

23 A. Dickinson Bay Area, yes.

24 Q. Bay Area Branch. Yes, ma'am. Okay. And do  
25 you understand -- what -- what's your understanding of

1 what that means?

2 A. That I, as the president, at the time, with the  
3 case going forward, that I represent the unit and our  
4 decision to move forward --

5 Q. Okay. That's good.

6 A. -- with joining the lawsuit.

7 Q. All right. And if you look at -- there's a --  
8 there's actually -- let's see -- one, two, three -- the  
9 fourth page in, on Exhibit 1 is a list of topics for  
10 examination. It starts there, and it runs through --

11 A. Page numbered 4 or --

12 Q. It's the fourth page. I think it actually has  
13 a 1 on the -- the page.

14 A. Under "topics for examination"? Okay.

15 Q. Yes, ma'am. I want to focus on that area. And  
16 -- and ask you if you've seen this list before today.

17 A. Yes.

18 Q. Yeah. And then did you go through the list and  
19 -- did you review the list before today?

20 A. Yes. I have.

21 Q. Okay. Do you feel like -- and, again, look  
22 through the list. It -- it continues on the fifth page  
23 and then goes on to the sixth page. There's 20 topics.  
24 Do you -- do you feel prepared to respond on the behalf  
25 of the NAACP Dickinson Bay Area Branch on these

1 topics --

2 A. Yes.

3 Q. -- reasonably? Were there any topics that you  
4 read through and you -- that you're not -- you don't  
5 feel like you're prepared to talk about?

6 A. No. There were not.

7 Q. Okay. All right. Well, then so what -- what  
8 did you do to do -- to prepare for your deposition  
9 today? What were the -- what were the -- steps did you  
10 take?

11 A. Well, I read over -- I read over this document,  
12 that I agreed to move forward with. I met with counsel  
13 -- my counsel to make sure I understood every item on  
14 here.

15 Q. Okay. Anything else?

16 A. I spoke with the unit executive committee. I  
17 spoke with the unit as a whole and --

18 Q. What -- sorry. Who was that you spoke with?  
19 You spoke with who?

20 A. The unit.

21 Q. Oh.

22 A. Executive committee and the unit as a whole.

23 Q. Got it.

24 A. I could not make a decision to move forward  
25 solely. It had to be an agreement to go forward.

1 Q. Okay. All right. When you -- and when you  
2 refer to the "unit as a whole," are you speaking about  
3 the NAACP Dickinson Bay Area Branch?

4 A. Yes.

5 Q. Okay. And it -- if you want to refer to them  
6 as "the unit" through the day, that's -- that's fine  
7 with me. I think we've got that clarification for the  
8 record now. That work?

9 A. Okay.

10 Q. Okay. And then the executive committee, how  
11 many members are on the executive committee?

12 A. There are about six.

13 Q. Is it made up of particular officers?

14 A. Yes. There are.

15 Q. And so what's the list of officers? It's a --  
16 is it -- is it president, secretary? Who -- who's on  
17 the executive committee?

18 A. So the executive committee consists of the  
19 president, the vice presidents, secretary, assistant  
20 secretary, the -- the -- what's the name -- why is it  
21 -- department chairs -- well, not department chairs.  
22 Correction. Committee chairs. And there's also the  
23 -- for some reason I'm drawing a blank -- the finance  
24 person as well.

25 Q. Okay. And is -- is that -- is the executive

1 committee set up -- is that consistent with the NAACP  
2 parent organization? Is -- do they drive that  
3 decision?

4 A. The national -- the national.

5 Q. They drive that decision as to who's the  
6 executive committee, not --

7 A. Do they drive the decision?

8 Q. As to what positions --

9 MS. CHEN: Objection, form.

10 Q. (BY MR. RUSSO) -- are on the executive  
11 committee. Let me -- let me rephrase that.

12 A. Please clarify.

13 Q. Yeah. Absolutely. And so what I'm asking is  
14 -- is -- you just had -- listed -- gave me a list of  
15 officer positions that are part of the executive  
16 committee. Could different branches have different  
17 positions that make up the executive committee, or is  
18 that driven by, you know, the parent organization?

19 A. So there's a national organization, and the  
20 units are to be set up and replicate the national.

21 Q. Yeah.

22 A. We have it -- a -- we have to do as the  
23 national level does. I can't say that each unit  
24 executive committee will consist of the same group  
25 because some have certain chair members and some don't.

1 Q. All right. Okay. Well, that makes sense.

2 A. And -- yeah. It makes the conv- -- the -- the  
3 need for that unit. Some may or may not focus on  
4 areas, certain areas.

5 Q. Okay. And I've -- I've learned through other  
6 depositions that there's certain committees set up  
7 within the organizations. What -- what committees do  
8 -- do you -- does the Dickinson Bay Area Branch have  
9 that you know of?

10 A. That I know of? There is a housing committee  
11 -- well, economic development, which includes housing.

12 Q. Okay. So that's kind of the -- it's one  
13 committee, economic development and housing?

14 A. Uh-huh. Yes. There's an education committee.

15 Q. Education. Can you think of any others?

16 A. Huh-uh. That's -- those are the two main ones  
17 for the unit.

18 Q. Okay. Is there any committee that focuses on  
19 the redistricting efforts within -- whether it be, you  
20 know, City of Galveston redistricting, Texas City, or  
21 in, like in this case, Galveston County redistricting?  
22 Is there a committee that deals with that?

23 A. No. There's not a committee that's specific  
24 for that.

25 Q. Okay.

1           A.    However, the committee -- the unit as a whole  
2           and the -- the basis of what redistricting is and how  
3           it affects different things --

4           Q.    Uh-huh.

5           A.    -- is something that education is provided.  So  
6           it kind of falls in the education department.  So we're  
7           educating on various levels.

8           Q.    Okay.  Do you know how many -- well, we'll get  
9           back to this -- that in a second.

10                                So you mentioned that you met with  
11           counsel to prep for your deposition.  How many times  
12           did you meet with counsel?

13           A.    Several.

14           Q.    You know how many?

15           A.    I know that it was at least five.

16           Q.    Okay.  And do you remember when the first time  
17           you met with counsel was approximately?

18           A.    Approximately, after deciding to go forward  
19           with the counsel, it was in 2022.

20           Q.    2022?

21           A.    Are you saying -- okay.  Let's clarify that  
22           then.

23           Q.    Yeah.  So --

24           A.    For the deposition or meeting with counsel,  
25           period?

1 Q. Yeah. Let me -- let me clarify that. So  
2 specifically what I'm talking about is meeting with  
3 counsel to prep for this deposition, for the NAA -- for  
4 the unit.

5 A. For the unit?

6 Q. Yes, ma'am.

7 A. Okay.

8 Q. How many times did you meet specifically to  
9 prep for the meeting -- for this deposition?

10 A. Yeah. It was about five times.

11 Q. Okay. And -- and so when approximately was the  
12 first time you met?

13 A. I'm not sure the exact date, but I'm sure that  
14 there is a record of it that Sarah may have.

15 Q. Okay. Do you have any record of that? Did you  
16 have it on like a meeting notes and Out- --

17 A. She --

18 Q. -- Outlook calendar? I don't --

19 A. The Out- -- the invitation that I was sent? So  
20 I'm sure it's in an e-mail somewhere.

21 Q. Okay. Was that pretty close to the -- today?  
22 30 days away, two months away? What do you think?

23 MS. CHEN: Objection, form.

24 A. Okay.

25 Q. (BY MR. RUSSO) And -- and so -- this is

1 another one of the things we should have talked about  
2 -- well, I'll rephrase the question in a second. But  
3 occasionally your counsel will lodge an objection for  
4 -- to preserve record and the judge can rule on those  
5 things later. Unless she tells you not to answer, you  
6 can still answer of the -- over the objection. It's  
7 just, you know, formality for the court.

8           So you may hear "objection, form" or  
9 something more specific throughout the examination --  
10 hopefully not -- but -- but, you know, we'll see. So  
11 that's what just happened.

12           But so -- so my question is: Relative to  
13 today, April 26th, how far back do you think you met  
14 for the -- the first time with counsel related to  
15 deposition prep?

16           A. I'm sure it is on the form. I don't want to  
17 misspeak a date.

18           Q. Okay. All right. And were all five meetings  
19 sort of close in time?

20           A. All five, no. "Close in time" -- could you  
21 specify? What do you mean by "close in time"?

22           Q. Were they within a month?

23           A. All five, no.

24           Q. All right. Well, let's talk about the first  
25 time you met with counsel. Was that in person, an

1 in-person meeting?

2 A. No.

3 Q. Okay. How did y'all meet?

4 A. Via Zoom.

5 Q. And who was on the Zoom conference?

6 A. Counsel, myself.

7 Q. Anyone else?

8 A. (Shaking head.)

9 Q. And who was -- was -- who were your lawyers  
10 that were available -- that were there?

11 A. Sarah Chen and her team.

12 Q. And you know any -- who the other team members  
13 were besides Ms. Chen?

14 A. I believe his name was David.

15 Q. David. Well, let's do it this way: Do -- how  
16 many -- how many -- many people were on the call,  
17 including you and Ms. Chen for --

18 A. Most of the call, it was two of us on the call.

19 Q. Okay. So the Zoom session, it was just you and  
20 Ms. Chen, the first Zoom session?

21 A. No. It was -- excuse me. It was myself and  
22 two other counsel.

23 Q. Okay. All right. And do you recall reviewing  
24 any -- any sort of documents in connection with  
25 preparation? Were there particular materials that you

1 reviewed that you remember today?

2 A. Reviewed documents that I signed, yes.

3 Q. Anything stick out in your mind?

4 MS. CHEN: Objection, form.

5 A. There aren't any things beyond that's what's  
6 already presented in front of me.

7 Q. (BY MR. RUSSO) Okay. All right. And then so  
8 what about the second meeting with counsel? Was that  
9 also by Zoom?

10 A. I believe so. Yeah. I'm going to say that,  
11 yes, it was -- well, even the in-person meeting to an  
12 extent was Zoom -- was Zoom as well because I had -- if  
13 Sarah was there in person, then her counterparts were  
14 on Zoom.

15 Q. Somebody else was available by Zoom?

16 A. Yes.

17 Q. Attended by Zoom. Okay. So in the second  
18 meeting, was anybody in the room with you, or -- or is  
19 it just a Zoom session and everybody talking on the  
20 computer?

21 A. It was a Zoom session.

22 Q. All right. All right. Anything about that  
23 meeting stand out in your mind in terms of reviewing  
24 documents or --

25 A. No.

1 MS. CHEN: And objection, form. And also  
2 to the extent that, you know, you can answer, you  
3 should just only say what isn't at- -- attorney-client  
4 privilege information.

5 THE WITNESS: Okay.

6 MS. CHEN: So please don't reveal any of  
7 the confidential communications that we've had.

8 THE WITNESS: Okay.

9 Q. (BY MR. RUSSO) Yeah. Okay. So then what  
10 about the -- the third meeting as far as you can  
11 recall? Was that also a Zoom session?

12 A. The third meeting was a Zoom session? May have  
13 been. I would have to clarify that looking at my --  
14 I've done a lot of meetings via Zoom --

15 Q. Understood. And so after --

16 A. -- with the --

17 Q. I understand.

18 A. Right. I've done a lot. So to be a hundred  
19 percent honest, I can't -- I would definitely have to  
20 look --

21 Q. Okay.

22 A. -- at my calendar and see which ones were --

23 Q. Right.

24 A. -- in person and which were on -- was via Zoom.

25 Q. Okay. When was the first time that you --

1 which of the -- we talked about five meetings. Again,  
2 I understand it may be five. It may be four. But when  
3 was the first time that you can recall meeting with one  
4 of your law- -- lawyers in person for prep -- for prep  
5 for the deposition?

6 A. For deposition, a week or two ago.

7 Q. Ago.

8 A. In person.

9 Q. Yes. And that was just -- was that Ms. Chen  
10 was there in person?

11 A. Yes.

12 Q. Any other people meet with you that -- in the  
13 in-person meeting?

14 A. In person, no.

15 Q. All right. So then not any other sort of  
16 membership or anything like --

17 A. No.

18 Q. -- like that, that you needed information from?

19 A. Clarify that.

20 Q. Other people like your -- for example, your  
21 secretary of the -- the unit. Was she in the meeting  
22 with you at any given time or he?

23 A. A part of the meeting?

24 Q. Yes, ma'am.

25 A. No.

1 Q. Okay. And then I think you mentioned that, in  
2 this meeting you're talking about, the first meeting  
3 with Ms. Chen in person, were there other people on  
4 Zoom session?

5 A. Her other counsel.

6 Q. Okay.

7 A. Counterparts -- well --

8 Q. Again, as far as you're aware, they all  
9 attorneys?

10 A. They're all attorneys.

11 Q. All right. Okay. And then was that the last  
12 time you met with counsel prior to your deposition?

13 A. Yes.

14 Q. About a week ago?

15 A. A week, as in last week, not -- not seven  
16 calendar days a week. Today is Wednesday, so may --  
17 well, it might be seven calendar days. I can't -- a  
18 lot has happened. Yeah. It may have been seven  
19 calendar days.

20 Q. Okay. As far as you can recall, you just had  
21 one -- one meeting in person with counsel prior to the  
22 deposition in prep for your deposition?

23 A. For deposition?

24 Q. Yes, ma'am.

25 A. Yes.

1 Q. Okay. All right. How long do those meetings  
2 usually last?

3 A. At least an hour.

4 Q. Okay. So -- now, you mentioned also in our  
5 conversation today -- sounds like you had meet -- some  
6 meetings with counsel prior to the deposition. And how  
7 many -- how many events can you think of, in your mind,  
8 where you met with lawyers in connection with this case  
9 prior to the deposition being noticed?

10 A. With the Texas Civil Rights lawyers or --

11 Q. Well, with -- with the lawyers that are  
12 representing you today.

13 A. Right. Okay. So there were several meetings.

14 Q. Okay. And it -- when would those have occur --  
15 when roughly did those occur?

16 A. After January 2022.

17 Q. Okay. And I think this -- I don't know exactly  
18 when the -- when the suit was filed. I'm thinking  
19 sometime in April of '22. Were your -- your meetings  
20 with counsel prior to that in preparation for filing  
21 suit or as a -- did you meet afterwards as well?

22 A. Can you --

23 MS. CHEN: And I'll object to the extent  
24 that you're asking for attorney-client privilege  
25 information, but you may answer.

1 Q. (BY MR. RUSSO) Yeah. I'm not asking about  
2 what y'all talked about. I'm just trying to get dates  
3 and meetings and that kind of thing.

4 A. Okay. So can you clearly ask me what you are  
5 -- are you -- I'm not quite clear on your question.

6 Q. Well, let me ask you this way: Did you meet  
7 with your counsel prior to the lawsuit being filed in  
8 this case? And, again, I -- I'm representing to you  
9 that it was -- I'm thinking it was April of 20 -- of  
10 2022.

11 A. Yes.

12 Q. Okay. And do you know how many times that  
13 occurred?

14 A. Not sure.

15 Q. Did you meet with any lawyers for other parties  
16 in the case, such as for the Department of Justice,  
17 prior to filing the suit in April of '22?

18 A. Are you asking me did I meet with the  
19 Department of Justice as -- prior to filing?

20 Q. Yes, ma'am.

21 A. At -- in the capacity as the president?

22 Q. Yes, ma'am.

23 A. No.

24 Q. All right. And I -- and we'll talk about -- I  
25 think you had conversations with the Department of

1 Justice prior to filing suit, right?

2 A. As in the individual?

3 Q. Yeah. And how do you know -- this brings up an  
4 interesting question. How do you know the difference  
5 between your capacity and just talking with the  
6 Department of Justice? Did they -- did -- in other  
7 words, did they say, "We're looking for Ms. Lofton  
8 versus someone who's a representative for the NAACP"?

9 A. I asked for clarity.

10 Q. Okay. And what'd they tell you?

11 A. They clarified.

12 Q. What'd they say?

13 A. In your individual -- this is what I'm able to  
14 -- to answer your question as that I talked to the DOJ  
15 in an individual capacity because I asked, "Are you  
16 asking me as an individual, a part of the county, or  
17 are you asking me as the NAACP president?"

18 Q. Okay. So you had some awareness back then as  
19 to the difference between the -- the two capacities  
20 that you might be in?

21 A. Yes.

22 Q. Yeah. Did -- I -- did the -- the Department of  
23 Justice ask you whether you were sort of a member of  
24 the NAACP, or what -- a role -- did they get -- clarify  
25 your role with the -- with the branch?

1 A. I don't recall.

2 Q. Okay. All right.

3 A. They were given my phone number by someone.

4 Q. Okay. All right. So what's your -- what's --

5 can you state -- what's your address?

6 A. My address?

7 Q. Current -- your address, personal?

8 A. Why is that needed?

9 Q. Well, so the -- the case revolves around where

10 people reside and where they vote, what precinct

11 they're in and that kind of thing. I don't see this

12 being sort of public record, but --

13 A. So is this for an individual capacity, or is

14 this for as a -- as a --

15 Q. Yeah. It's individual. Where -- where do you

16 reside?

17 A. In League City.

18 Q. And if you don't want anything specific --

19 A. I reside in League City.

20 Q. -- then let's do it this way. Okay. Yeah. I

21 was going to ask: What city do you live in?

22 A. League City.

23 Q. Do you -- do you -- did you ever vote in --

24 well, let me do it this way first: Did you grow up in

25 League City?

1 A. No.

2 Q. Where did you graduate from high school?

3 A. La Marque High School.

4 Q. So were you -- were you born in La Marque?

5 A. I was born in Galveston.

6 Q. On the -- one of the hospitals on the island?

7 A. There's only one.

8 Q. All right. And so attended high school through

9 La Marque. And then what'd you do after high school?

10 A. I attended College of the Mainland.

11 Q. Okay. And at the time, did you reside in La

12 Marque as well?

13 A. I resided in West Texas City. I never lived in

14 La Marque.

15 Q. Okay. You just attended -- okay. All right.

16 So then you attended College of the Mainland. Did you

17 graduate from College of the Mainland?

18 A. No. I did not.

19 Q. Did -- what'd you do after College of the

20 Mainland?

21 A. I transferred to Texas Southern University.

22 Q. Okay. Did you graduate from TS -- Texas

23 Southern?

24 A. No. I didn't.

25 Q. Did not?

1 A. Did not.

2 Q. Did you go to another institution after that?

3 A. I did.

4 Q. And where'd you go after that?

5 A. UT Arlington.

6 Q. Okay. Did you graduate from UT Arlington?

7 A. No. I did not.

8 Q. All right. All right. And then did -- what'd  
9 you do after that?

10 A. I've worked.

11 Q. Okay. So that -- after leaving UT Arlington,  
12 then you went and --

13 A. I was working the entire time.

14 Q. Okay. What -- what'd you -- does -- was it one  
15 job during the -- your time as a student or many?

16 A. No. It's one job.

17 Q. What --

18 A. I've been -- I worked in healthcare for 15  
19 years.

20 Q. Okay. And at any particular area of  
21 healthcare?

22 A. In the nursing area.

23 Q. And was your education at College of the  
24 Mainland, TSU Arlington sort of geared towards  
25 healthcare industry -- industry?

1 A. Yes.

2 Q. All right. Are you still in that -- in  
3 healthcare?

4 A. Yes.

5 Q. All right. Where do you work currently?

6 A. I work private duty.

7 Q. As a nurse?

8 A. In nursing.

9 Q. What -- what's your -- do you have a sort of  
10 title?

11 A. I am a patient care technician.

12 Q. A patient care technician?

13 A. Uh-huh.

14 Q. Do you work at any particular facility?

15 A. I'm private duty.

16 Q. Okay. How do people find you?

17 A. I'm referred.

18 Q. All right. And what is involved in that --  
19 that job?

20 A. I basically help people take care of their  
21 loved ones, assisting them with their daily care.  
22 Everything from grooming to showering, eating, several  
23 capacities.

24 Q. And -- and so this happen -- it's in someone's  
25 home and --

1 A. Typically.

2 Q. Yeah. Or what other -- how other -- how else  
3 might you treat or help with healthcare of an  
4 individual other than in their home?

5 A. Well, previously, I worked in hospitals.

6 Q. All right. Okay. And then so what's the last  
7 hospital you worked in?

8 A. Methodist.

9 Q. Was it in the Houston area?

10 A. Medical Center.

11 Q. Downtown --

12 A. Yes.

13 Q. -- Houston? And then what about prior to that?

14 A. I worked at UTMB.

15 Q. Okay. And -- and were you attending one of the  
16 colleges at the same time that you worked at UTMB?

17 A. No. Well, correction. I was.

18 Q. Okay. What was your job title at UTMB?

19 A. Emergency room tech.

20 Q. Tech. What was your -- what were your job  
21 responsibilities?

22 A. Well, when a helicopter came in, you got people  
23 off the helipad. When we had traumas, save people,  
24 CPR, help stitch, set up trauma rooms. It -- assisted  
25 with rape examination kits.

1 Q. So do you have any -- do you have like a  
2 nursing certification?

3 A. Yes, I do.

4 Q. Where'd you get that?

5 A. Texas department.

6 Q. Okay. How did you -- how long did that take  
7 you to get?

8 A. Few months.

9 Q. Two -- like two months?

10 A. A few months.

11 Q. Few.

12 A. I received that -- that's 2007.

13 Q. How does that work? You -- is it just it's a  
14 -- I just don't know much about it. Is it -- is it a  
15 -- you take a -- you study for a little while and then  
16 take a test or how does -- how does the  
17 certification --

18 A. Right. You study. You have to have classroom  
19 time. You have to have ac- -- actual practice time.

20 Q. Uh-huh.

21 A. And then you take a statement that -- course,  
22 and you have to abide by the state rules, and  
23 continuous education.

24 Q. Okay. At -- were you attending at one of the  
25 -- the education institutions, TSU Arlington, while you

1 were doing -- getting the certification?

2 A. No.

3 Q. What's -- what's the name of the certification  
4 you have?

5 A. Certified nursing assistant.

6 Q. Okay. Do you have any -- do you -- do you have  
7 any -- any degrees?

8 A. No. I do not.

9 Q. Okay. So a certified nursing assistant, is  
10 that the only certification you -- you have?

11 A. The only certification?

12 Q. Yes, ma'am.

13 A. I have a -- a certification for CPR. I have a  
14 certification for hazmat. I have a certification for  
15 -- there -- there's several certifications that I've  
16 earned along the way, yeah.

17 Q. Okay.

18 A. Been doing it for 15 years -- that are revolved  
19 around healthcare. I've attained certifications within  
20 NAACP for accomplishing things in that capacity. So  
21 certification-wise, I do a lot of continuous education,  
22 so --

23 Q. Yeah. And I know it's a -- it's a broad  
24 question.

25 A. It's very broad.

1 Q. I -- again, I -- you know, having a hard time  
2 figuring out how to ask it more directly. But just for  
3 an example, when you brought up the certification with  
4 NAACP, what types of certifications do you have through  
5 that organization?

6 A. Well, I've been trained as -- as the president,  
7 you do have to go through continuous training to make  
8 sure that you are up-to-date with the constitution of  
9 the NAACP.

10 Q. Uh-huh.

11 A. With the bylaws for the NAACP on the national  
12 level because we had to adhere to everything from the  
13 national level. And we are just working as community  
14 -- on a community level to represent that -- that -- to  
15 make sure we in alignment with the missions -- the  
16 mission and goals of the national organization.

17 So there's voting training. There is  
18 training about learning what's going on with the  
19 climate of the United States, how to be -- we are  
20 trained to be advocates.

21 Q. Okay. And -- and specifically you're -- are  
22 you trained to advocate for -- towards the goals and  
23 the missions of the NAACP?

24 A. That's -- exactly.

25 Q. And what is it -- your understanding of what

1 the goal and the mission of NAACP is, including the --  
2 I guess, the unit, right?

3 A. The unit mission is the same as the national  
4 mission.

5 Q. Right. And what is that?

6 A. Which can be found on the national Web site.

7 Q. Okay.

8 A. And that is to advocate against discriminatory  
9 practices.

10 Q. All right. Are there specific -- and in terms  
11 of becoming the president, are there specific things  
12 that they talk to you about in terms of how to advocate  
13 for --

14 A. Well --

15 Q. -- I guess, equality?

16 MS. CHEN: And I'll just object on the  
17 First Amendment internal deliberative privilege. You  
18 can answer to the extent you're not revealing anything  
19 that is, you know, strictly internal deliberations of  
20 the NAACP.

21 A. Okay. There are requirements. Each role has a  
22 capacity. And with each role, just like many other  
23 organizations, you have different obligations to  
24 fulfill.

25 Q. (BY MR. RUSSO) Uh-huh.

1 A. So I don't know how more direct to answer that  
2 question.

3 Q. Okay. Well, let -- that -- did you say they --  
4 they -- there are discussions or, I guess, one of the  
5 topics is how to deal with voting issues, yes?

6 A. Voting is a topic because there have been  
7 historically discriminatory practices.

8 Q. Okay. And it -- in terms of the mission, is it  
9 -- is it primarily geared towards equality for people  
10 of color?

11 A. Yes.

12 Q. Okay.

13 A. The minority people and people of color.

14 Q. All right. And that -- that -- from your  
15 perspective, you agree that that includes any sort of  
16 minority group. Agreed?

17 A. People of color.

18 Q. Which would be, I guess, African American?

19 A. Yes.

20 Q. And then Latinos as well?

21 A. Yes.

22 Q. And Asians?

23 A. Yes.

24 Q. Anyone who's -- is it all -- is it easier for  
25 me to say the non -- non-white citizens are included in

1 the list of people to advocate for?

2 MS. CHEN: Objection, form.

3 A. So the form -- this form does tell you exactly  
4 who we are advocating form.

5 Q. (BY MR. RUSSO) Uh-huh.

6 A. It does not say that we do not advocate for  
7 certain people.

8 Q. Okay.

9 A. So we advocate for people. Discriminatory  
10 practices have been done against people of color more  
11 persistent than others, so that's what the organization  
12 was established for.

13 Q. Is -- and is it your belief that the NAACP  
14 advocates for -- for white Americans?

15 A. Anyone discriminated against.

16 Q. Okay. And that would include discrimination as  
17 occurring against white Americans?

18 A. Anyone that's discriminated against.

19 Q. All right. Are you aware of any situations  
20 where the NAACP has advocated for white Americans who  
21 -- based upon discrimination?

22 MS. CHEN: Objection, form.

23 A. I am -- I cannot say for a fact spa- -- I can't  
24 state a fact on that.

25 Q. (BY MR. RUSSO) Okay. All right. All right.

1 So while you were at TSU, did you live in the Texas  
2 City area?

3 A. Yes.

4 Q. And then, I guess, when you attended UT  
5 Arlington, were you -- did you stay in the Texas City  
6 area, or did you move to the Dallas area?

7 A. No. I lived in Texas City.

8 Q. You did?

9 A. It was online.

10 Q. You attended remotely. Okay. Do -- when --  
11 what approximate year did you go to UT Arlington, if  
12 you recall?

13 A. 2017.

14 Q. Okay. And what year did you graduate from high  
15 school?

16 A. 2002.

17 Q. Get older every year. I do. Okay. And I  
18 think you told me you worked sort of in the healthcare  
19 industry for 15 years --

20 A. Yes.

21 Q -- is that right? When did -- so that --  
22 that's up to today?

23 A. I still currently have private duty cases, so,  
24 yes, that's up to today.

25 Q. Okay. All right. At what point in time did

1 you move to League City?

2 A. 2007 -- correction. 2015, '16. It was before  
3 that. I rented in League City before I purchased in  
4 League City, so I believe it was 2015, maybe '14.

5 Q. Okay.

6 A. Renting. Purchased in 2017.

7 Q. And did -- you remain in League City that --  
8 that whole time up until today?

9 A. What whole time?

10 Q. From the date that you rented in League City  
11 until today, April '23.

12 A. Yes.

13 Q. Okay. And during that time, did -- do you know  
14 -- did you have the opportunity to vote in the -- what  
15 I refer to as the old commissioner Precinct 3?

16 A. I voted there as often as I could.

17 Q. And I'm gathering that you -- when you were a  
18 resident in West Texas City, that your -- the resident  
19 -- your residence fell within old Precinct 3. Is that  
20 true?

21 A. Correct.

22 Q. But that's not the case in League City,  
23 correct?

24 A. Correct.

25 Q. And do you know who your commissioner was under

1 the old map in -- under the old map?

2 A. I believe the -- it was the commissioner -- I  
3 believe he passed away. I'm not sure.

4 Q. Commissioner Clark?

5 A. I believe that was his name.

6 Q. Do you recall voting for Commissioner Clark  
7 while you were in League City?

8 A. I am not sure.

9 Q. Have you ever met Commissioner Clark?

10 A. No.

11 Q. Or did you ever meet him -- now that he's  
12 deceased. No. Do you know anything about him, hear  
13 anything about him?

14 A. No.

15 Q. So in terms of if -- if he's running for office  
16 while you were in League City, you never sort of looked  
17 into what kind of person he was in terms of a  
18 representative?

19 MS. CHEN: Objection, form.

20 A. It is -- should be documented that I -- I am  
21 wri- -- I would like to clarify. Is -- what is this  
22 question specifically pertaining to? Could you make it  
23 a little more clear for me?

24 Q. (BY MR. RUSSO) Yeah. I'm just -- I guess I'm  
25 sort of trying to figure out if -- while you lived in

1 -- lived in League City and you had the opportunity to  
2 vote for a particular commissioner, who we think is  
3 Commissioner Clark, who's now deceased, that you never  
4 took the time to look into Commissioner Clark as a  
5 representative for you?

6 A. Did I research my -- the people that I was  
7 voting for?

8 Q. Yes, ma'am.

9 A. Is that what you're asking me?

10 Q. Yes, ma'am.

11 A. Yes, I did.

12 Q. Okay. Do you ever remember researching  
13 Commissioner Clark?

14 A. Whoever was on the ballot at the time that I  
15 was voting, I researched that person.

16 Q. Okay. Do you know -- sitting here, I assume  
17 you don't have any specific recollection of  
18 Commissioner Clark's --

19 A. I can't recall the exact --

20 Q. All right. How -- what's your voting history  
21 like? Are you -- do you feel like you typically vote  
22 on -- for Democrat candidates or Republican candidates,  
23 or how would you describe that?

24 A. I vote for people who align with my values.

25 Q. And are -- is there one party or the other

1 that's more in line with your values?

2 A. No.

3 Q. Okay. Have you ever voted, that you can  
4 recall, for an -- a Republican candidate?

5 A. I can't say that I have or have not.

6 Q. Okay.

7 A. I vote along with values first.

8 Q. Okay.

9 A. Don't look at parties first.

10 Q. Okay. Do you ever recall voting in a -- a  
11 Republican primary?

12 A. I don't recall that I have or I have not, so I  
13 won't give you a definite answer --

14 Q. Okay.

15 A. -- if that makes sense.

16 Q. All right. So -- and you're -- it's your  
17 belief, though, that there's really not any one party  
18 that necessarily aligns with your sort of beliefs or  
19 values?

20 MS. CHEN: Objection, form.

21 A. I believe that there's not a -- as I said, I  
22 vote for individuals who align with my values. I don't  
23 group.

24 Q. (BY MR. RUSSO) Okay. But do you believe that  
25 one of -- one of the -- traditionally -- the

1 traditional parties align more with your values than  
2 the other?

3 A. Tradition varies.

4 Q. Okay. I agree with that. But do they -- do  
5 they align with where you typically find yourself?

6 A. I can't speak on tradition because it varies.

7 Q. Yeah.

8 A. Each candidate has a different like -- and each  
9 party has shifted from one thing to the next. So, I  
10 mean, I can't give you a direct answer on that.

11 Q. Okay.

12 A. I literally look at the -- an individual and  
13 say, okay, I'm going to make my decision based on the  
14 values that align with me.

15 Q. Okay. And that's fair. I mean, walking into  
16 the -- the voting booth, I mean, it's your -- your  
17 belief that the democratic party is not going to  
18 represent you any more than the Republican party. Is  
19 that true?

20 MS. CHEN: Objection, form.

21 A. I cannot say that.

22 Q. (BY MR. RUSSO) What would you say?

23 A. I would say that I would research an individual  
24 and see who aligns with my values that is according to  
25 where I am voting at.

1 Q. Okay. Do you have any understanding of how --  
2 well, strike that.

3 Do -- all right. Looking back at  
4 Exhibit 1 --

5 A. Uh-huh.

6 Q. -- were there any areas and topics that you  
7 reviewed where you had to go and find information from  
8 other people in the organization?

9 A. Yes.

10 Q. Okay. What -- which were those, if you recall?

11 A. Anything that discuss anything prior to my  
12 position as a president.

13 Q. Okay. And -- and that's -- glad you brought  
14 that up. When did -- when were you installed as a  
15 president?

16 A. 2020.

17 Q. And when do those installations happen or  
18 elections happen? Is there a particular month, time  
19 period?

20 A. Prior to the installation, the fall prior to  
21 their -- the elections happening, you are installed the  
22 -- about January, February, the next -- the following.

23 Q. So your -- your belief is that you took over in  
24 January of 2020?

25 A. Yes.

1 Q. Or roughly, January?

2 A. Yes.

3 Q. And who was the president prior to that?

4 A. Kimberly Yancy.

5 Q. Okay. So you took over for her?

6 A. For her?

7 Q. Yes, ma'am.

8 A. I took over for the unit.

9 Q. As president, you took over her position, I  
10 guess?

11 A. Yes.

12 Q. Why'd you take over as -- run for president?

13 A. I was nominated.

14 Q. Okay. Was there any particular reason why you  
15 wanted to do it?

16 A. I was nominated.

17 Q. And the nomination was it. That's a --  
18 nominate you, and you were happy to oblige?

19 A. Well, I had completed a lot of training on the  
20 national level. I was nominated and had the support of  
21 the unit to move forward. Really encouraged, and I had  
22 the support of my family, so it is something that I  
23 take very seriously.

24 Q. Uh-huh.

25 A. So --

1 Q. Are there -- are there areas that the NAACP  
2 Dickinson Bay Area covers in terms of residences and  
3 working -- places of work?

4 A. Clarify.

5 Q. Yeah. I can -- it was a bad question. I --  
6 where do I have to live or work to be a member of the  
7 Dickinson Bay Area NAACP?

8 A. Dickinson Bay Area.

9 Q. Is there any sort of lines of what cities are  
10 included in that? How would I know?

11 A. The northern county area, so Dickinson --  
12 wherever the Mainland branch stops at, that's where the  
13 Dickinson Bay Area Branch picks up at.

14 Q. Okay. Does that include most of League City?

15 A. That is the entire League City.

16 Q. Okay. Friendswood?

17 A. Galveston County, Friendswood.

18 Q. Is there a separate branch for Harris County  
19 Friendswood?

20 A. There is a Houston branch that I would expect  
21 the Harris County to be a part of.

22 Q. Uh-huh. Okay. And then is it -- I guess it's  
23 -- is it all of Dickinson or just parts of Dickinson?

24 A. The entire Dickinson.

25 Q. Any part of Texas City?

1 A. Not to my knowledge.

2 Q. All right. And not -- not La Marque either?

3 A. That's Mainland.

4 Q. Okay. And what about Hitchcock?

5 A. Mainland.

6 Q. Santa Fe?

7 A. Mainland.

8 Q. Alvin, is that --

9 A. Not Galveston County.

10 Q. Right. It is Brazoria, but -- okay. And so  
11 that would be a separate branch?

12 A. Brazoria County.

13 Q. Okay. Do you know how many -- how many members  
14 the unit has currently?

15 A. At least 50.

16 Q. Is -- and during your time as a member and  
17 president, is that -- I mean, is number fair -- is that  
18 a number pretty consistent with -- during your time  
19 there?

20 A. It's minimum requirement to be --

21 Q. When --

22 A. -- a unit.

23 Q. When did you join the Dickinson branch?

24 A. 2017.

25 Q. Okay. Prior to joining the Dickinson branch,

1 were you a member of any other branch?

2 A. As a child, the Mainland branch.

3 Q. All right. So when would -- when did you  
4 become a member of the Mainland branch?

5 A. As a child.

6 Q. Okay. Do you have any idea how old you were?

7 A. Elementary school.

8 Q. Do you remember it?

9 A. I remember it.

10 Q. You do. What was -- what was the function  
11 like? How did you -- were you installed? I mean --

12 A. I wasn't a president at the -- as a child.

13 Q. Right. I get that. But just in terms of  
14 becoming a member, was there -- did they give you a  
15 certification? I just don't know what that was --

16 A. I was a lifetime member as a child. We did  
17 activities that educated us. I don't know how my  
18 parents signed me up, if that's what you're asking, but  
19 I was a child.

20 Q. Yeah. Okay. At -- were the -- I guess, your  
21 -- were your friends along with you or -- that were  
22 also members?

23 A. I would -- I guess the neighborhood. I don't  
24 -- have siblings, so siblings and cousins kind of --  
25 that's what my friends look like.

1 Q. Uh-huh. All right. Okay. And so you remained  
2 a member of Mainland until you moved to the League City  
3 roughly?

4 A. As an adult, I didn't have a paid membership  
5 with the Mainland branch.

6 Q. Okay. Do you know what the membership fee is  
7 each -- is it -- and is it yearly?

8 A. It's an annual fee.

9 Q. Do you know -- have any -- do you know -- what  
10 is the fee?

11 A. Are you asking me as a child or as an adult?

12 Q. Well, as a -- well, as an adult.

13 A. \$35.

14 Q. And I assume -- is it free as a child?

15 A. No.

16 Q. What is -- something less than that? What  
17 is --

18 A. \$10.

19 Q. 10 bucks. A year?

20 A. A year. Maybe 15. I'm not --

21 Q. It's been a while.

22 MS. CHEN: Inflation.

23 THE WITNESS: Right. I --

24 MR. RUSSO: Yeah. It affects everyone.

25 Q. (BY MR. RUSSO) All right. So in terms of

1 being prepared to talk about the topics, were there any  
2 documents that pe- -- that you received and reviewed?

3 A. Aside from this document?

4 Q. Yes.

5 A. For the deposition?

6 Q. Yes, ma'am.

7 A. As the president or as an individual?

8 Q. Yes, ma'am. And I -- let me -- let me ask it  
9 -- I guess try to ask it better. In -- in terms of  
10 trying to get prepared to talk about these topics, did  
11 you go -- go and gather any paperwork or review any  
12 documents in connection with any of them, that you can  
13 recall?

14 A. In terms of being prepared for this  
15 deposition --

16 Q. Yes, ma'am.

17 A. -- and the 20 items listed --

18 Q. Uh-huh.

19 A. -- did I review and gather any documents? Is  
20 that what you're asking me?

21 Q. Yes, ma'am.

22 A. Yes.

23 Q. Okay. What were they?

24 A. I -- often county records.

25 Q. Anything specific with county records?

1 A. Galveston County Health District.

2 Q. The health district records?

3 A. Yes.

4 Q. What specifically did you look at -- for the  
5 health district?

6 A. To see what areas had a greater need and where  
7 were the -- the -- where was the demographics.

8 Q. Okay. What'd you find out?

9 A. The old Precinct 3 had a greater need, and that  
10 reflected the Black and Hispanic population.

11 Q. A greater need than what?

12 A. Than other parts of the -- of the county. They  
13 utilized the resources of the county health district  
14 and the indigent -- indigency program.

15 Q. Uh-huh. So how'd you go about collecting that  
16 information?

17 A. It's online.

18 Q. What -- where specifically did you get the  
19 information?

20 A. From the Galveston County Health District.

21 Q. And what -- what data did you look at?

22 A. The demographics of what the -- the  
23 demographics of what the -- the clients that would --  
24 serves the -- I can't bel- -- I can't recall the name  
25 of the actual -- because they changed the name --

1 Coastal Wellness Center.

2 Q. Uh-huh.

3 A. I believe that's what it's called.

4 Q. Okay. Does -- is the Coastal Wellness Center  
5 one of the pieces of Galveston Health District?

6 A. Yes.

7 Q. All right. And Coastal Wellness Center, to  
8 your understanding, they do what?

9 A. Supply -- I mean, provide healthcare for  
10 indigenous people in the family.

11 Q. And is it only indigent?

12 A. To my knowledge.

13 Q. Okay. And so what specific information were  
14 you looking for from --

15 A. The demographics of the people that they serve.

16 Q. Was it demographics only?

17 A. Yes.

18 Q. So in other words, you were looking at the  
19 percentage of -- of sort of, I guess, African Americans  
20 that were serviced by the Coastal Wellness Center?

21 A. I would -- I looked at all races.

22 Q. Oh, I was just using that as an example --

23 A. Yes.

24 Q. -- when you say "demographics." Okay. So what  
25 did you -- what specifically did you look at to help

1 you conclude that Precinct 3 had a greater need?

2 A. I looked at the areas in which -- that were  
3 served, according to old Precinct 3, not the current  
4 Precinct 3 --

5 Q. Uh-huh.

6 A. -- and were the people who were there in that  
7 area utilized the facility according to the data.

8 Q. Okay. Did -- did -- and the data that you  
9 looked at, did it show specifically where people  
10 resided?

11 A. It -- it doesn't show you a -- no. It doesn't  
12 say an address, but it does say a location.

13 Q. What type of location?

14 A. City.

15 Q. Okay. So it tells you -- what you can tell  
16 from the data is the city that the person who's being  
17 provided services is from?

18 A. It tells you that the -- there is a -- it gives  
19 -- breaks down race. It breaks down age. It breaks  
20 down area in the county that is -- that the people are  
21 from and -- race, age, area of county. It may break  
22 down more than that, but that's specifically what I  
23 wanted to know.

24 Q. Uh-huh. Did you focus in on any one particular  
25 city in the data?

1 A. No. Not a city. But I did see -- notice that  
2 there were a larger population of people that utilized  
3 the resources.

4 Q. From where?

5 A. From the Dickinson and the West Texas City,  
6 Texas City area.

7 Q. So how did you know that someone was from West  
8 Texas City?

9 A. Because there's a different ZIP Code.

10 Q. So does the data break down by ZIP Code?

11 A. So it's -- it shows 77590 and 77591. So I  
12 guess that is -- yes, that's breaking down by ZIP Code.

13 Q. Okay. And so whatever data you were looking at  
14 told -- identified for you that a particular person  
15 being provided services by Coastal Wellness Center  
16 lived under this particular ZIP Code?

17 A. It showed Texas City and had 77590, 77591.

18 Q. Okay. So you could -- it -- it give you any  
19 greater detail as to where they lived geographically?

20 A. No.

21 Q. Okay. So the best you were able to do is get  
22 down to the ZIP Code area?

23 A. Right.

24 Q. Right. Do you know -- and -- and is it your  
25 testimony that you're aware of what ZIP Code is in old

1 Precinct 3?

2 A. Yes.

3 Q. Are there -- is -- to your knowledge, does old  
4 Precinct 3 break down cleanly into the various Zip  
5 Codes in Texas City?

6 MS. CHEN: Objection, form.

7 A. I can't speak a hundred percent that it breaks  
8 down -- are you asking me does the entire ZIP Code of  
9 Texas City cover Precinct 3 in old -- according to the  
10 old map?

11 Q. (BY MR. RUSSO) Well, yeah. Let me ask it this  
12 way: So you -- you've mentioned that there are more  
13 than one Zip Codes for Texas City --

14 A. Uh-huh.

15 Q. -- right? And is it true that one -- you don't  
16 have one ZIP Code in Texas City that fell at both  
17 inside and outside of Precinct 3?

18 A. Not to my knowledge.

19 Q. But you don't know?

20 A. I can't speak certain, but not to my knowledge.

21 Q. Okay. And what about -- so then, I mean, it's  
22 possible in looking at the data that some of the people  
23 you were considering to be inside Precinct 3 actually  
24 were not in Precinct 3. Would you agree?

25 A. It's possible.

1 MS. CHEN: Objection, form.

2 Q. (BY MR. RUSSO) Then -- and of course did --  
3 looking at Dickinson data, how helpful did you find  
4 that?

5 A. Very helpful. Dickinson is -- Dickinson is  
6 broken down into two sections, not on that data, but to  
7 my knowledge that I know of already.

8 Q. Okay. Is it your testimony that you could --  
9 looking at the -- you can look at the Coastal Wellness  
10 data and figure out who is inside and who is outside of  
11 Precinct 3 in Dickinson?

12 A. No. That's not my testimony.

13 Q. All right. So how did you use the Dickinson  
14 designation and ZIP Codes to be able to determine who  
15 lived inside Precinct 3 and who lived outside  
16 Precinct 3?

17 A. So there is a particular area where -- in -- in  
18 Dickinson that people utilize Coastal Wellness more  
19 than those that are outside of that area. That's an  
20 unincorporated area of Dickinson where they're not a  
21 pa- -- a part of the city but a part of the county.

22 Q. Is that shown from the data, or is that --

23 A. That's my --

24 Q. -- something you're aware of?

25 A. That's something that I'm aware of and

1 something that I've seen on other data, not  
2 specifically Coastal's data.

3 Q. Okay. So the -- part of your conclusion that  
4 people inside Precinct 3 used Coastal Health -- Coastal  
5 Wellness more is based upon your experience, perception  
6 of what's happening in the Dickinson area?

7 A. Correct.

8 Q. Okay. But, again, it's -- I mean -- and it's  
9 possible -- in fact, likely that some of the people in  
10 the Coastal Wellness data set that show a Dickinson  
11 address and a ZIP Code actually don't live in  
12 Precinct 3. Would you agree?

13 A. To the current map or the past map?

14 Q. The old -- old Precinct 3.

15 A. The old Precinct 3. It's possible.

16 Q. Okay. So would the same be true for the  
17 Galveston -- or data covering the city of Galveston?

18 A. Galveston has --

19 MS. CHEN: Objection, form.

20 A. Galveston has its own separate clinic. Well,  
21 the --

22 Q. (BY MR. RUSSO) Okay. So city of Galveston is  
23 not covered by Coastal Wellness as far as you're aware?

24 A. No. I'm not saying that. I'm saying that I  
25 know that there's a separate -- they have a -- it's a

1 facility in Galveston. There's a facility in West  
2 Texas City.

3 Q. Okay. And -- and you're aware that part of old  
4 Precinct 3 included a section of Galveston, right?

5 A. Yes.

6 Q. Are -- did you -- did you do any -- put any  
7 thought to or do any analysis of what the Coastal  
8 Wellness or division of Coastal Wellness was helping  
9 people in old Precinct 3 in Galveston?

10 A. Yes. I have -- I am aware of that.

11 Q. How did you become aware of that?

12 A. Looking at all of the data.

13 Q. And what did the data show you?

14 A. Clarify your question.

15 Q. What did you get from the data in terms of  
16 people in Galveston and use -- that lived in Precinct 3  
17 that use indigent care system?

18 A. It did not show me that the people in Galveston  
19 -- I -- I want to make sure that I'm understanding your  
20 que- -- your question correctly. Are you asking me did  
21 the data show me specific people in Galveston who  
22 utilized the Galveston County Coastal Wellness Center?

23 Q. Yes.

24 A. No. The data does not break that down in that  
25 capacity.

1 Q. Okay. All right. Why did you in prep --  
2 looking at -- at the topic areas, why did you look at  
3 the Coastal Wellness data?

4 A. That's something -- that is just knowledge that  
5 I have because I know that drawing maps and re-creating  
6 things affect people in different ways. And so one of  
7 those ways is wellness.

8 Q. Uh-huh. So -- so what was the particular  
9 reason for going to the Coastal Wellness data?

10 A. The -- the health --

11 MS. CHEN: Objection, form.

12 A. As is stated on these documents, I want to  
13 maintain -- let's see. Where we at? As a part of the  
14 unit and the capacity that we advocate, healthcare is  
15 covered. So therefore in order to be the most informed  
16 person --

17 Q. (BY MR. RUSSO) Uh-huh.

18 A. -- that I can be, I look into healthcare data  
19 as well --

20 Q. Okay.

21 A. -- and how that will affect people.

22 Q. And so were you trying to figure out, whether  
23 particularly with regard to indigent care, more people  
24 inside of Pre- -- old Precinct 3 had or accessed  
25 indigent care than those outside of Pre- -- old

1 Precinct 3? Was that the objective?

2 A. The objective was to see who were -- who were  
3 utilizing it in the Pre- -- in the old Precinct 3, yes.

4 Q. Okay. All right. And it's your belief,  
5 sitting here today, that more people inside of old  
6 Precinct 3 used Coastal Wellness services?

7 MS. CHEN: Objection, form.

8 A. To a degree.

9 Q. (BY MR. RUSSO) Sorry. What was that?

10 A. To a degree.

11 Q. To a degree?

12 A. Uh-huh.

13 Q. And so it -- you -- it's -- is it your  
14 testimony that people out -- in -- out or --  
15 sorry. Strike that.

16 Your test -- is it your testimony that  
17 more people in Precinct 3 use the Coastal Wellness  
18 indigent care services than those in old Precinct 2?

19 MS. CHEN: Objection, form.

20 A. I can't recall.

21 Q. (BY MR. RUSSO) Okay. Well, what about old  
22 Precinct 3 versus old Precinct 1?

23 MS. CHEN: Objection, form.

24 A. I can't recall.

25 Q. (BY MR. RUSSO) Okay. Do you think you've had

1 enough -- have enough -- have reviewed enough of the  
2 Coastal Wellness data to be able to draw that  
3 conclusion?

4 MS. CHEN: Objection, form.

5 A. I can't recall.

6 Q. (BY MR. RUSSO) All right. Have you prepared  
7 any -- did you prepare any report or any, you know,  
8 notes, summaries, journals of your review on this  
9 topic?

10 A. For deposition purposes?

11 Q. Yes, ma'am.

12 A. No.

13 Q. Well -- or just for your own purposes to -- in  
14 preparation for the deposition.

15 A. As the president or as an individual?

16 Q. Well, so as -- well, let me ask you this: In  
17 reviewing the Coastal Wellness material, you were  
18 looking to respond to a topic on behalf of NAACP,  
19 correct?

20 A. I was looking to stay the most informed on one  
21 of the pillars that we advocate for.

22 Q. Yeah. So my question then is: In -- in doing  
23 -- you know, looking at the Coastal Wellness materials,  
24 did you prepare any notes or journal ent- -- to --  
25 notes that -- summaries that, you know, that you used

1 to prepare you to be able to testify on the topic?

2 A. I reviewed and I made notes over what my  
3 observations were.

4 Q. Uh-huh.

5 A. Was that to -- are you asking me did I create a  
6 list of something to prepare directly for this  
7 deposition to utilize in this deposition?

8 Q. And to support what your testimony is going to  
9 be.

10 A. I made note.

11 Q. Okay. Have you provided those to your counsel?

12 A. I -- I have not provided a note -- a set of  
13 notes to my counsel, my observations.

14 Q. Okay. All right.

15 MR. RUSSO: All right. So, I mean,  
16 Sarah, can we -- if -- assuming that those are -- I  
17 think they're probably part of our request for  
18 production, but we would like to get those notes in  
19 connection with, specifically, this area of -- of her  
20 testimony, which relates to just a review of Gal- --  
21 Gulf Coast Health District and data related to who  
22 they're treating indigent care.

23 MS. CHEN: We can discuss during a break.

24 MR. RUSSO: Okay.

25 Q. (BY MR. RUSSO) Okay. So did you find anything

1 else out looking at the Gulf Coast district materials?

2 A. Can you give me a direct question?

3 Q. Well, we -- you mentioned that you were looking  
4 at to figure out indigent services provided to  
5 individuals in old Precinct 3 in reviewing the Coastal  
6 Wellness materials, right?

7 A. I was looking to see who they provided care for  
8 in the areas and, specifically, my observation, and I  
9 wanted to identify the race and the area.

10 Q. Which is, I guess, another good point. Is the  
11 -- does the Coastal Wellness data that you were look at  
12 provide the race of the person being treated?

13 A. It has a group -- it has a -- like the numbers  
14 grouped. There's data that can be broken down as  
15 indigent care people -- people who receive indigent  
16 care in there, and it does have the demographics of --

17 Q. Yeah.

18 A. -- race.

19 Q. It does provide sort of the race of the  
20 individual?

21 A. Yes.

22 Q. Okay. All right. So you -- you told me you  
23 went -- you looked at the Gulf -- the health district  
24 information for that purpose. Did you get anything  
25 else, glean anything else from the health district,

1 other than what we already talked about?

2 A. No.

3 Q. Okay. Now, did you do any other sort of  
4 research or review in connection with other topics on  
5 the Exhibit 1?

6 A. Clarify.

7 Q. Well, did you do anything similar to what you  
8 did for the Gulf Coast Health or Gulf Health --

9 A. Galveston County Healthcare.

10 Q. Galveston County. Yeah. Thank you very much.  
11 The Galveston County Health District. Did you do  
12 anything with any other Web sites or information  
13 gatherings to be able to support the deposition?

14 A. Well --

15 MS. CHEN: Objection, form.

16 A. So there's information throughout the county  
17 that's available for all different things.

18 Q. (BY MR. RUSSO) Okay. Any specific  
19 recollection of stuff that you looked at and used in  
20 preparation for your deposition?

21 A. That's a little difficult to say "yes" or "no"  
22 because this is a part of advocacy. And we are always  
23 constantly looking at these type of things as a unit  
24 and what we -- our mission and goals are. So it's -- I  
25 can't say that I -- I have singled out something for

1 deposition when this is a part of what we advocate for  
2 yearly, daily, on the regular.

3 Q. Okay. And I -- and I -- I respect that. And I  
4 am specifically trying to, you know, look at stuff that  
5 you did in preparation for your deposition, so --

6 A. So some of this knowledge is knowledge that I  
7 have prior to even going into the litigations for this.

8 MR. RUSSO: Okay. All right. We'll talk  
9 about some of that stuff later. We've been going for a  
10 little while if you're -- you want to take a short  
11 break and come back and --

12 THE WITNESS: That's fine.

13 MR. RUSSO: Is that good with you?

14 MS. CHEN: Yeah. Shall we? Just like a  
15 five-minute bathroom break?

16 MR. RUSSO: Five is fine. Yeah.  
17 Whatever.

18 THE VIDEOGRAPHER: Okay. Going off the  
19 record, 10:36.

20 (Break.)

21 THE VIDEOGRAPHER: Okay. Going back on  
22 the record, 10:46.

23 Q. (BY MR. RUSSO) Okay. Ms. Lofton, can you tell  
24 me whether -- do -- do you know what the percentage of  
25 the membership in the Dickinson Bay Area Branch are

1 Latino?

2 A. The percentage?

3 Q. Yes, ma'am.

4 A. No.

5 Q. Do you know that there are Latino members  
6 within the unit?

7 A. Yes.

8 Q. And -- and what about -- do you have white  
9 members as well?

10 A. Yes. The --

11 Q. Do you have any clue what percentage that is?

12 A. No.

13 Q. Would you -- is -- is it your belief that the  
14 majority of members in the Bay Area Dickinson branch  
15 are African American?

16 A. Is it my belief that they are?

17 Q. Yes.

18 A. I don't have access to membership, so I can't  
19 speak 100 percent to that.

20 Q. Okay. Oh, and based upon your sort of  
21 knowledge and interaction with the other members, are  
22 most of the members that you interact with, are they  
23 African American members?

24 A. It's mixed.

25 Q. It's a mix?

1 A. (Nodding head.)

2 Q. Would you say it's equal mix between African  
3 Americans and some other race?

4 A. I -- I can't -- so the people who are actively  
5 involved and the people who are membership that does  
6 not -- that's not a proper reflection of the membership  
7 as a whole -- as a whole.

8 Q. Okay. So you're saying the people that you  
9 interact with on an ongoing basis are -- may be  
10 different than the membership?

11 A. As a whole.

12 Q. Okay. All right. And as -- being a member for  
13 -- since, what, 2017, you don't have any idea or feel  
14 for, you know, what -- what would be the racial  
15 identity of the majority of the membership?

16 A. Of the majority?

17 MS. CHEN: Objection, form.

18 A. No. I can't.

19 Q. (BY MR. RUSSO) No idea?

20 A. I can't speak on the majority.

21 Q. Okay.

22 A. I don't have access to that.

23 Q. Do you know whether any of the Dickinson Bay  
24 Area Branch members vote -- voted in old Precinct 3 in  
25 the 2020 election?

1 A. Clarify your question.

2 Q. Sure. Can you tell me whether any -- any  
3 members of the NAACP Dickinson and Bay Area Branch were  
4 -- were eligible to vote in Precinct 3 -- old  
5 Precinct 3 in, let's say, 2019?

6 MS. CHEN: Objection, form.

7 A. Are you ask -- do I know how many were?

8 Q. (BY MR. RUSSO) I'm asking if you know if any  
9 were eligible to vote in Pre- -- old Precinct 3.

10 A. Yes.

11 Q. Okay. How do you know that?

12 A. Because of the service area that we cover.

13 Q. Okay. And I -- what is it that leads you to  
14 believe that specifically?

15 A. Just --

16 Q. Is it that -- is -- well, maybe I can help you.  
17 Is it because the Bay Area -- your unit covers the  
18 Dickinson area, and part of Dickinson is in Precinct 3,  
19 that you must have a member within that area?

20 A. We -- yes, yes.

21 Q. And are you -- are you aware, sitting here  
22 today, that you do have a member that lived in old  
23 Precinct 3, at least one?

24 A. Yes.

25 Q. Okay. And that's kind of what I was getting

1 at. Do you -- are there multiples that you're aware  
2 of?

3 A. To my knowledge.

4 Q. Okay. And specifically, members of your unit  
5 that would have been able to vote in old Precinct 3?

6 A. Yes.

7 Q. Okay. All right. So -- and I'm aware -- well,  
8 let me ask you this way: How closely would you say the  
9 -- you -- NAACP Dickinson Bay Area Branch works with  
10 the area LULAC organization?

11 A. Closely.

12 Q. Pretty close?

13 A. (Nodding head.)

14 Q. Are there any particular projects that you can  
15 recall since you've been a member of the unit where  
16 both those organizations work together?

17 A. Is there a particular event? Is that what  
18 you're asking?

19 Q. You can start, yes, with events. That's a --  
20 one good -- one way to look at it.

21 A. There are -- there -- we -- as nonpartisan  
22 organizations that advocate for people of color, we  
23 collectively get together in capacities to talk about  
24 how things are impacting our communities.

25 Q. How often does that happen?

1 | A. How often has it happened while I was president

2 | is what I can speak on.

3 | Q. Okay. Well, we can start -- yeah. We can

4 | start with that.

5 | A. It's been a few times.

6 | Q. there -- are there any that are unrelated to

7 | this lawsuit, to the redistricting effort that

8 | culminated in this suit?

9 | A. Unrelated to redistricting?

10 | Q. Yes.

11 | A. Yes.

12 | Q. And what were those?

13 | A. We formed a correlation [sic] to gather the

14 | -- the Hispanic and Black businesses in the area. Not

15 | specific to redistricting, though. But, I mean, just

16 | something to show that -- with the Black and brown

17 | businesses -- small businesses look like in the area.

18 | And that was compose -- composed of NAACP and LULAC.

19 | Q. Okay. And -- and when did that happen?

20 | A. Before -- before this. So I believe it was 20

21 | -- I'm not sure. I would have to look at my e-mails to

22 | really clarify the date.

23 | Q. Uh-huh.

24 | A. I don't want to misspeak a date, but, yeah, we

25 | did something that didn't have -- that -- those

1 meetings didn't have anything to do with redistricting  
2 or anything like that. It was all to support one  
3 another's communities and to show that we are united  
4 and we are in support of one another.

5 Q. Okay. Is it -- in your history with NAACP, u-  
6 -- the unit, is it -- do you remember any instances  
7 where the NAACP and LULAC's interests diverged, were  
8 different?

9 A. Not to my knowledge.

10 Q. Okay. Do you have any belief as to, you know,  
11 what -- what happens to the -- what would happen to the  
12 -- the -- in a situation where the two parties were  
13 working together on something but there wasn't  
14 divergent interest, a different interest?

15 MS. CHEN: Objection, form.

16 A. I can't speak to that. I have no knowledge  
17 of --

18 Q. (BY MR. RUSSO) You ever see that happen?

19 A. No.

20 Q. No. Does the NAACP have any marketing efforts  
21 that you're aware of that specifically target Latinos?

22 A. The NAACP marketing is inclusive. So it will  
23 not just target a specific group. It's inclusive.

24 Q. Okay. So -- but there's nothing that you can  
25 recall that is like -- that is the effort of let's --

1 let's specifically go see if we can drive up membership  
2 of Latino members?

3 A. No. The NAACP focuses with -- focuses on  
4 partnering with people with the values that align with  
5 the mission of the national organization, and they have  
6 to be nonpartisan.

7 Q. Okay. And non- -- nonpartisan, you mean  
8 they're not party related. They're not Democrat,  
9 Republican?

10 A. Right.

11 Q. Right. So -- yeah. My -- I was more asking  
12 about are -- can you -- are you aware of any efforts  
13 specifically geared towards driving up membership of  
14 Latino citizens?

15 MS. CHEN: Objection, form, asked and  
16 answered.

17 THE WITNESS: Answer?

18 Q. (BY MR. RUSSO) Yeah. You can answer.

19 A. Okay. No. I'm not aware.

20 Q. Okay. And -- and what about marketing efforts  
21 that are -- that are geared specifically towards white  
22 citizens?

23 A. Not aware.

24 Q. All right.

25 A. The marketing is not geared towards -- it's

1 inclusive marketing, so it's in- -- it's always geared  
2 towards community --

3 Q. Okay.

4 A. -- and being inclusive.

5 Q. All right. So have you ever seen any marketing  
6 materials that was in Spanish?

7 A. Yes.

8 Q. Okay. Is that something that the NAACP -- the  
9 unit in particular strives to do is create a --  
10 materials that were -- are translated into the Spanish?

11 A. The national level offers all information in  
12 several languages.

13 Q. So that would be English, right, and Spanish.  
14 Any others? What other languages?

15 A. I know that you can request. Have I seen that  
16 personally? No. But because we are in Texas and the  
17 larger two languages here is English and Spanish, then  
18 a lot of things are offered to the Texas units --

19 Q. Uh-huh.

20 A. -- in English and Spanish.

21 Q. Okay. Have you par- -- and in your time since  
22 president, have you particularly utilized any marketing  
23 materials that are in -- in Spanish?

24 A. Me directly?

25 Q. Yes, ma'am.

1           A.    I -- I don't market.  So me directly, that  
2 would be a no.

3           Q.    Okay.  Are you aware of any marketing efforts  
4 the unit's undertaken since you become president that  
5 -- that did utilize marketing material in Spanish?

6           A.    I am -- I can't speak for certain.  However, I  
7 know that the unit has marketed to -- in a capacity of  
8 Hispanic people because of what the executive committee  
9 reflects.

10          Q.    I don't really understand that.  What do you  
11 mean by that it's reflected -- or what the executive  
12 committee reflects?

13          A.    At the time, as president, there would -- I --  
14 there was a Hispanic person on the executive committee.

15          Q.    Oh.

16          A.    So I am quite sure that that person used the  
17 Spanish marketing to reach the demographic.

18          Q.    Okay.  Right.  That's what your -- that's your  
19 -- you believe that they did.  You just haven't seen  
20 it.  Would that be true?

21          A.    I'm not saying that they didn't.

22          Q.    Right.  But in terms of your belief, you  
23 believe that they would have done -- used -- marketed  
24 to -- marketing material in Spanish, but you just  
25 haven't seen it.  Agreed?

1           A.    I can't say that I haven't seen it.  It may  
2    have been something e-mailed to me in the past that I  
3    have seen.  Is it at the top of mind now -- right now?  
4    No, it's not.

5           Q.    Yeah.  So sitting here right now, you just  
6    don't recall seeing anything?

7           A.    I just don't recall.

8           Q.    Understood.  Okay.  So turning to the decision  
9    to file this suit, what is -- what -- what's your  
10   understanding or on behalf of NAACP of the -- this  
11   lawsuit?

12          A.    What's my understanding of the lawsuit?

13          Q.    Yes, ma'am.

14          A.    The lawsuit is the unit decided to join the  
15   lawsuit because of what has been shown as  
16   discriminatory practices based on race and is in  
17   alignment with our advocacy mission and goals.

18          Q.    And do you -- do you know when it was that the  
19   unit concluded that the, I guess, practices were  
20   discriminatory?

21          A.    When the unit decided -- so are you asking me  
22   did the -- when did the unit decide to move forward  
23   with the case or when did the unit decide to look at  
24   everything that was transpiring?

25          Q.    Yeah.  No.  It was more a question of when the

1 -- do you have any understanding of when the NAACP  
2 Dickinson Bay Area Branch just concluded, they reached  
3 a conclusion that the N -- there's discriminatory  
4 action that, you know, needs to be rectified in this  
5 case?

6 A. Yes.

7 Q. When -- when was that?

8 A. After the November meeting.

9 Q. After the vote?

10 A. Yes.

11 Q. Yeah. Okay. And the -- the vote, from my  
12 recollection and documentation is it was November 12th  
13 of 2021. Does that sound right to you?

14 A. Yes.

15 Q. All right. And, you know, how would you  
16 describe the injury that the -- your -- the unit is  
17 claiming in this case?

18 A. Clarify.

19 Q. How is it that the NAACP Dickinson and Bay Area  
20 Branch is injured by the -- I guess, in this case,  
21 adopting of the maps?

22 MS. CHEN: Objection to the extent it  
23 calls a legal conclusion, but you can answer.

24 A. So the unit is affected because Precinct 3 --  
25 what was Precinct 3 in the Dickinson Bay Area --

1 service area is no longer intact as it previously was,  
2 and those are the people who have historically voted,  
3 lived, and participated in the community.

4 Q. (BY MR. RUSSO) And do you have an  
5 understanding as to what it is or you believe should  
6 have been done in terms of -- let me strike that  
7 question.

8 I'm getting to, you know, what's your --  
9 what is the unit's belief in terms of what the relief  
10 should be in this case, like how -- how do we rectify  
11 this situation?

12 A. Well, I -- it is -- so as a unit, so you're  
13 asking me as a capacity as the president?

14 Q. Yes, ma'am.

15 A. So the unit's complaint is that there was not  
16 enough transparency through the process, and to rectify  
17 that, then there should be more transparency, and then  
18 there should be more options publicly given to  
19 contribute to the procedure on voting for the  
20 redistricting, the maps.

21 Q. Okay. Anything else?

22 A. There -- the unit, the community that we serve  
23 has spoken that there has not been a lot of inclusion.  
24 They don't feel heard. They don't feel seen,  
25 validated, and feel disregarded for. So as the unit

1 and what our mission is, we have to serve our community  
2 in that capacity.

3 Q. So had -- had the -- in your -- had -- in your  
4 view, had the county commissioners court provided more  
5 transparency in the process -- and is it your belief  
6 that we wouldn't be here today?

7 MS. CHEN: Objection, form.

8 A. I believe that if the community and which pays  
9 taxes was allowed to give more input about what their  
10 tax paying dollars were going to --

11 Q. (BY MR. RUSSO) Uh-huh.

12 A. -- then, no, we wouldn't be here today.

13 Q. Okay. And so if -- if the Galveston County  
14 commissioners court had listened to the citizens, we  
15 wouldn't be here today. Is that --

16 A. No.

17 MS. CHEN: Objection, form.

18 Q. (BY MR. RUSSO) No. If --

19 A. I believe that the community who was most  
20 impacted had been given an opportunity to be heard in  
21 an adequate time frame with a more transparent process  
22 and more inclusive process, then the results may have  
23 been different.

24 Q. Okay. But is that -- I mean, is that all  
25 you're asking for in terms of you just want a process

1 that's more open and more inclusive of the community?

2 Is that what you're looking for?

3 MS. CHEN: Objection, form.

4 A. As the form has stated, the -- the 20 topics, I  
5 think they answer the -- that question in a -- I mean,  
6 it's broken down in here what the complaints are, what  
7 could have been done better.

8 Q. (BY MR. RUSSO) Uh-huh.

9 A. I'm not sure if I answered your question.

10 Q. Well, I guess, the other -- other piece of this  
11 is -- is, you know, I'm wondering what -- in terms of  
12 what the commission -- commissioners court could have  
13 done -- would -- I mean, five meetings, six meetings?  
14 Would that have been more helpful to the process from  
15 your view?

16 MS. CHEN: Objection, form.

17 A. I can't put a number on there. I think that  
18 you would have to involve the community, listen to  
19 their response, give them an opportunity, and then move  
20 forward from there.

21 Q. (BY MR. RUSSO) All right. If -- do you know  
22 who it was that the -- that the unit spoke with to be  
23 -- become a party to the lawsuit?

24 A. The executive committee has to make a decision  
25 to move forward.

1 Q. And did -- to your understanding did the  
2 executive com- -- committee move to retain counsel, or  
3 did counsel talk to executive committee, or did someone  
4 else come to the executive committee and say, "Hey,  
5 this is going on; let's file suit"? Do you -- what was  
6 -- what's the process, if you know?

7 A. The process of retaining counsel, is that what  
8 you're asking me?

9 Q. (BY MR. RUSSO) That's a piece of it, yeah.  
10 But I'm trying to walk through how did you get in- --  
11 actually have the unit be part of the suit? Who talked  
12 about -- how did you -- how did those discussions come  
13 about?

14 A. The Galveston County unit, as a collective,  
15 executive committees agreed that the practices done  
16 were discriminatory based on race, and according to our  
17 missions, sought that it was in our best interest for  
18 our communities to move forward.

19 Q. So you -- and you mentioned a -- I think a  
20 Galveston County committee, or did I -- did I get that  
21 right? It was something -- Galveston County something?

22 A. The units as a collective.

23 Q. Okay.

24 A. So there's a Galveston NAACP unit. There's a  
25 Mainland, and then there's a Dickinson. So within

1 Galveston County, there are three units. So those  
2 three units' -- executive committees from each unit --  
3 because we have to talk and communicate with one  
4 another on what's going on throughout our county  
5 because the county's kind of -- it's too big to just  
6 leave for one unit to adequately and efficiently meet  
7 our mission goals and accomplish what we're supposed to  
8 accomplish on -- from a national level.

9 Q. So is there a specific way that you-all -- that  
10 you -- that NAACP -- different branches refer to the --  
11 a collection of the executive committees? Is it a  
12 Galveston County --

13 A. No.

14 Q. -- committee?

15 A. There's not a Galveston committee. There are  
16 just the each unit committees and the -- come together  
17 and talk.

18 Q. Okay. And so are -- so is it -- is it true  
19 that each -- each branch had its own committee --

20 A. Yes.

21 Q. -- executive committee meet and decide this is  
22 something we want to go forward with?

23 A. Yes.

24 Q. Yeah. And there -- and also it -- was there  
25 conversation that you're aware of that -- between the

1 three groups, that being the Galveston branch, the  
2 Dickinson Bay Area Branch, and the Mainland branch --  
3 there's a communication between the three -- three  
4 groups in agreement, "Let's go forward with this"?

5 A. Yes.

6 Q. Do you know when that happened? Was that --

7 A. November.

8 Q. -- right after the meeting?

9 A. Yes.

10 Q. Yeah. Was there any -- any formal meeting or  
11 discussion on that, or is it -- how did -- how did --  
12 how were the meetings -- how were the discussions held?

13 MS. CHEN: I'll just, yeah, object to the  
14 extent it calls for any First Amendment protected  
15 internal deliberative information, but you can answer  
16 to the extent you don't reveal those internal  
17 communications.

18 A. I don't recall exactly how the meeting was set  
19 up, but there was a meeting.

20 Q. There was a meeting. Okay.

21 A. A conversation.

22 Q. Did that involve counsel --

23 A. No.

24 Q. -- to your -- that you're aware of?

25 A. No.

1 Q. Had any of the branches, to your knowledge,  
2 obtained counsel or retain -- retained counsel at that  
3 point?

4 A. In November?

5 Q. Well, at the time that y'all had this meeting  
6 to discuss --

7 A. No.

8 Q. Do you remember how long it was after the  
9 November 12th meeting that you -- that this other  
10 meeting occurred, related to filing suit?

11 A. I don't recall.

12 Q. Okay. In terms of -- of re- -- obtaining  
13 counsel in this case, do you -- how'd that happen, if  
14 you remember, or if you're aware?

15 MS. CHEN: Objection, form. And, also,  
16 please respond only to the extent you don't reveal any  
17 confidential attorney-client communication.

18 A. I don't recall.

19 Q. (BY MR. RUSSO) Okay. All right. Okay. I'm  
20 going to jump back in time a little bit. When -- do  
21 you remember first becoming aware of the county's  
22 redistricting effort in 2021?

23 A. Clarify "aware."

24 Q. Be -- you know, gaining some sort of awareness  
25 as the -- did the -- the redistricting would be an

1 ongoing process in 2021 and something that we, you  
2 know, need to keep an eye on?

3 MS. CHEN: Objection, form.

4 A. Are you asking me when did I receive notice?

5 Q. (BY MR. RUSSO) When -- when -- when do you  
6 recall that happening? Do you -- is it early in the  
7 year, in the wintertime, January and February, or more  
8 towards the summertime? Do you remember at all?

9 A. I'm not clear on your question. I -- I'm clear  
10 on you're asking me a time frame of when did I receive  
11 -- are you asking me knowledge of the redistricting --

12 Q. Yeah.

13 A. -- or knowledge of the actual release of maps?

14 Q. No. The re- -- the knowledge of the  
15 redistricting effort and the needs of -- that, you  
16 know, redistricting would be going on?

17 A. Would start?

18 Q. Yes, ma'am.

19 A. The first thing that I recall is that there was  
20 something maybe in the newspaper that the previous  
21 attorney whose maps -- was the previous attorney was  
22 rehired whose maps were seen -- were deemed  
23 discriminatory was rehired again in -- during this same  
24 time period about redistricting.

25 Q. Okay. Let's see if I could shed some light

1 here.

2 MR. RUSSO: Go ahead and get these  
3 marked. Should be 34, 35, and 36.

4 MS. CHEN: Thank you.

5 MR. RUSSO: Uh-huh.

6 THE REPORTER: So am I marking this 2, 3,  
7 and 4 or --

8 MR. RUSSO: Yeah. That's fine. 2, 3,  
9 and 4 is perfect.

10 (Marked Lofton Exhibit Nos. 2, 3, and 4.)

11 Q. (BY MR. RUSSO) So looking at Exhibit 2 first,  
12 it's an e-mail dated April -- April 8th, 2021. Do you  
13 see that?

14 A. Yes.

15 Q. You have that in front of you. Okay. And that  
16 e-mail is from Kimberly Yancy?

17 A. Yes.

18 Q. Okay. And so at this time, Ms. -- Ms. Yancy  
19 would -- she was the -- if you look at the bottom of  
20 the -- of the back of the last page, it says she's a  
21 third vice president of the -- the unit. Is that true?

22 A. That's true.

23 Q. Okay. So do -- do you know whether -- was she  
24 sending this on behalf of the -- the unit or do -- on  
25 behalf of herself or do -- what do you -- what's your

1 knowledge there?

2 A. This came from her personal e-mail, so I would  
3 say that she's sending this on the knowledge of  
4 herself.

5 Q. Okay.

6 A. Information that came from her reviewing an  
7 article. We didn't have a meeting about it, so it was  
8 not presented as the unit.

9 Q. Yeah. And that was a question I had. Do you  
10 remember talking to Ms. Yancy about this topic prior to  
11 receiving this e-mail?

12 A. Prior to receiving the e-mail?

13 Q. Yeah.

14 A. Not to my knowledge.

15 Q. All right. Do --

16 A. I don't recall.

17 Q. Do you remember seeing the article in the  
18 Galveston Daily News prior to getting this e-mail?

19 A. Prior to the e-mail, no.

20 Q. Okay. And you are copied on that. I don't  
21 know if you found it yet, but --

22 A. I'm right up top.

23 Q. Yeah. So what -- did you have any reaction to  
24 the -- the e-mail that Ms. Yancy sent here?

25 A. I read the article and I had in good faith at

1 the -- of democracy and that things will be transparent  
2 and they will move forward accordingly and we would be  
3 known -- notified of what the process would clearly  
4 look like. Unfortunately, that didn't occur.

5 Q. So that was your belief at the time you read  
6 through this article?

7 A. Right. That we would get more notification  
8 about what the redistricting would be. It would be  
9 more inclusive. That was my hope.

10 Q. Yeah. Did you talk to anybody at -- about that  
11 specifically at the county?

12 A. At the county, no.

13 Q. What about your other or -- NAACP branches?  
14 Did they have a similar view that the belief was that  
15 transparency would hold true and --

16 A. I can't --

17 MS. CHEN: Objection, form.

18 A. I can't speak on their behalf.

19 Q. (BY MR. RUSSO) Okay. But in terms of the --  
20 of the Dickinson branch, you felt like maybe the  
21 process will be done right, acceptably to the branch?

22 MS. CHEN: Objection, form.

23 A. I felt like the process would be done  
24 transparent.

25 Q. (BY MR. RUSSO) Okay. And then Ms. Yancy seems

1 to be gearing up for a fight or they -- guess -- that's  
2 -- she says in her -- the re line, subject line, "This  
3 is all something we need -- we need to" -- in all caps  
4 -- "all fight if we can." You see that?

5 A. Yes.

6 Q. And did you agree with her that this is  
7 something we needed to fight at this time or that the  
8 unit needed to fight?

9 A. As I stated, I believed that there would be  
10 transparency through it and that there wouldn't be a --  
11 we were not -- we will be inclusive in the process.

12 Q. Okay. Then it also says at the end of her re  
13 line that this should be nonpartisan. Do you agree  
14 with that, the redistricting efforts should be  
15 nonpartisan?

16 A. Yes. Everything we do within the NAACP is  
17 focused around nonpartisan. It's advocacy.

18 Q. And I'm -- I'm wondering if you know. Did --  
19 was -- did -- was Ms. Yancy referring to the -- the  
20 effort by the NAACP as being nonpartisan, or was she  
21 talking about the redistricting effort by the county  
22 being nonpartisan? Do you know?

23 MS. CHEN: Objection, form.

24 A. I can't interpret her thoughts.

25 Q. (BY MR. RUSSO) Did -- does the -- the unit

1 have a view as to whether it believes redistricting  
2 efforts should be nonpartisan or not?

3 MS. CHEN: Objection, form.

4 A. The NAACP is nonpartisan and will only  
5 participate in things that are nonpartisan.

6 Q. (BY MR. RUSSO) Right. But do you have any  
7 feel for whether -- or any belief as to whether the  
8 redistricting effort needs to be re- -- nonpartisan?

9 MS. CHEN: Objection to form.

10 A. I'm not a redistricting expert. Does it need  
11 to be nonpartisan? Again, I'm not an expert on that,  
12 so I can't speak to that.

13 Q. (BY MR. RUSSO) Okay. All right. At the time  
14 that this was sent, that -- though you were -- now in  
15 20 -- April of '21, you were the president of Dickinson  
16 branch. True?

17 A. Correct.

18 Q. Dickinson Bay Area. All right. Do you recall  
19 speaking to Ms. -- Ms. Yancy about the -- the need to  
20 be sort of more upset about the fact of the -- the  
21 content of the article? Did y'all discuss it?

22 A. Upset or proactive?

23 Q. Well, she seems to -- she seems to be -- well,  
24 let's go with -- with your word. Did you have any  
25 talks with her about needing to be proactive at this

1 point?

2 A. I think her e-mail was very clear on where her  
3 viewpoint was. As a unit, we were being educated of  
4 what redistricting is and what it will look like. But  
5 as far as gearing up for a fight, as was stated, I  
6 can't say that the unit was not or was prepared.

7 Q. Would -- the unit was not what?

8 A. Was not prepared for a fight or was not -- was  
9 gearing up or was not gearing up. I can't speak to how  
10 she personally interpreted what we needed to do.

11 Q. Okay. Well, was the unit preparing for a -- a  
12 fight at this point?

13 A. The unit was preparing --

14 MS. CHEN: Objection, form.

15 A. -- to be educated.

16 Q. (BY MR. RUSSO) Okay. And how were you doing  
17 that?

18 A. How were we doing that?

19 Q. Yes, ma'am.

20 A. In -- by looking at how the unit needed to move  
21 going forward with educating our community on what  
22 redistricting is, how it affects us, and staying in  
23 contact with one another about, you know, what we can  
24 do, what are our options from a national level and  
25 state level.

1 Q. Uh-huh. Were there -- was there anything  
2 specific that was done in -- in April or thereafter --

3 A. In April?

4 Q. -- for the next few months? And I'm trying to  
5 sort of -- we'll get to later on with the -- the  
6 hearings. But I want to focus on the early time period  
7 after this --

8 A. After the --

9 Q. -- article came out. Was -- was there anything  
10 specifically done by the -- the unit in order to start  
11 educating members on redistricting?

12 A. Well, there was a statewide effort that was  
13 focusing on training for re- -- what redistricting is  
14 and what it will look like.

15 Q. When did that occur? Do you recall?

16 A. The statewide training?

17 Q. Yes, ma'am.

18 A. I don't know when it rolled out. I don't  
19 recall.

20 Q. How did you become aware of that statewide  
21 training?

22 A. State NAACP.

23 Q. And do you remember any specifics, materials or  
24 conferences, that occurred in connection with the  
25 statewide effort?

1 MS. CHEN: Just to the extent you can  
2 answer without revealing internal deliberations and the  
3 First Amendment piece, feel free.

4 A. The statewide effort was presented to us  
5 through the nonpartisan organizations that partnered  
6 with the NAACP to show that redistrict -- what was  
7 happening in redistricting across the state of Texas  
8 and telling us what -- you know, what it looks like and  
9 what we need to prepare for.

10 Q. (BY MR. RUSSO) Uh-huh. And I -- I've seen  
11 some material that, I think, existed in Oct- -- maybe  
12 October, and we'll talk about that later.

13 A. Uh-huh.

14 Q. But I'm curious as to -- to your recollection  
15 on behalf of the NAACP Dickinson Bay Area Branch. Do  
16 you recall anything that happened subsequent to this  
17 April e-mail but before October of 2021 related to  
18 education for -- on the redistricting effort?

19 A. There was --

20 MS. CHEN: Objection, form.

21 A. There was general information provided about  
22 redistricting to educate the unit.

23 Q. (BY MR. RUSSO) Between April and 2 -- and  
24 October, you think?

25 A. Possibly from national. I can't recall the

1 exact form.

2 Q. Okay. And I'll just -- I haven't -- I haven't  
3 seen any, so I don't --

4 A. I -- I'm not -- I can't say for certain. I  
5 don't -- I can't say "yes," and I can't say "no."  
6 There's a lot of e-mails.

7 Q. A lot of e-mails. Is that what you --

8 A. That national and state send.

9 Q. Okay. All right. But then at -- but just so  
10 I'm clear, though, at this time in April of '21, when  
11 Ms. Yancy sent this e-mail, it was the -- it wasn't  
12 belief of the unit that you were going to have a huge  
13 blowup fight at this point. Is that true?

14 A. No.

15 Q. And so just quickly, with Exhibits 3 and 4, the  
16 -- there's a couple responses to Ms. Yancy's e-mail.  
17 The first one, Exhibit 3, is a April 11th, 2021, e-mail  
18 from someone named VDRcaptain Galveston County. Do you  
19 know who that is?

20 A. Where's this?

21 Q. It's on -- on the front line on the top of the  
22 -- on Exhibit 3.

23 A. No.

24 Q. You don't know who VDRcaptain Galveston County  
25 is? No?

1 A. (Shaking head.)

2 Q. Do you remember receiving this e-mail?

3 A. Well, my name's here. I received it. Do I  
4 remember viewing it? No. I'm not -- I can't recall.  
5 But my name's here.

6 Q. Yeah. And specifically it's -- the -- the  
7 e-mail that VDRcaptain sends, it says, "Redistricting  
8 is serious business. What is the plan?" You see that?

9 A. Yes.

10 Q. Did y'all have any plan at that point, the unit  
11 have any plan?

12 MS. CHEN: Objection, form, asked and  
13 answered.

14 A. I don't recall.

15 Q. (BY MR. RUSSO) And it also says -- provides  
16 access to a TedX video. It's T-E-D, big X. Did you by  
17 chance review that?

18 A. I don't recall.

19 Q. All right. Do you -- do you remember speaking  
20 with anyone within the unit about reviewing this -- the  
21 video?

22 A. I don't recall.

23 Q. All right. In looking back at Exhibit 2 --  
24 well, strike that.

25 I'm sticking with Exhibit 3. Below the

1 -- the link to the TedX video, there's another e-mail  
2 string. It says on Thursday, April 8th, 2021. You see  
3 where I'm reading?

4 A. Uh-huh. Yes.

5 Q. And it -- at 2:25 p.m. Kimberly H. wrote --

6 A. Kimberly Yancy.

7 Q. Yancy. I'm sorry. Thank you for the  
8 correction. Yes. It's Kimberly Yancy, and it states,  
9 "This is something we should all fight." You see that?  
10 And it says, "This man helped to delete -- dilute" --  
11 in call caps -- "our vote 10 to 11 years ago." Do you  
12 see that?

13 A. Yes.

14 Q. Do you remember reading what she's writing here  
15 at the time?

16 A. I don't recall. I remember the -- receiving  
17 the first e-mail. The subsequent e-mails after that,  
18 I --

19 Q. Okay. And she goes on to write, "This demands  
20 a protest, at least in writing," and the "now" in all  
21 caps. Did -- did the unit agree that we needed to --  
22 you needed to protest at this point?

23 A. I don't recall any communication with the unit  
24 sending out something in agreement. I don't recall.

25

1 Q. Okay.

2 A. Yeah.

3 Q. All right. So it's as far -- what about you as  
4 -- you know, personally, as far as you're aware, you  
5 didn't have any -- did you have any reaction to  
6 Ms. Yancy's e-mails at this time?

7 A. As the president or as an individual?

8 Q. As an individual.

9 A. I didn't respond to it.

10 Q. I don't think you did. I haven't seen a  
11 response, but I'm just wondering if you -- if you-all  
12 talked about it, if you --

13 A. Talked, no.

14 Q. No. Did you personally agree one way or  
15 another with what Ms. Yancy was saying in terms of the  
16 need to protest?

17 A. I feel like she has some valid points.

18 Q. And what -- what points were those to -- that  
19 you thought were valid?

20 A. Well, the fact is that this same man was hired  
21 who previously drew maps in a discriminatory form that  
22 impacted the community and that our tax dollars hired  
23 this man, and so that is -- should be something  
24 alarming to where we should pay attention to what's  
25 going on.

1 Q. I didn't want to -- I don't want to cut you  
2 off.

3 A. That's it.

4 Q. Okay. Did -- did you -- do you agree, though,  
5 that a protest was in line at this point, you  
6 personally?

7 A. Me personally?

8 Q. Yes.

9 A. Protesting isn't my personal call to action.

10 Q. What -- what -- did you -- what did you feel  
11 that would be an appropriate call to action at this  
12 point in time in April?

13 A. Investigate, educate, and proceed accordingly.

14 Q. Okay. Is that -- so is that what you feel like  
15 you did, took that -- that method or mode of dealing  
16 with it?

17 A. Allowed democracy to be democ- -- an interest  
18 in democracy, yes.

19 Q. Okay. All right. And best you can recall,  
20 there were some e-mails related to sort of getting  
21 educated on the redistricting effort after the April  
22 2021 --

23 A. Yes.

24 Q. -- letter, right? Okay. I'm going to jump  
25 ahead to -- actually, well, since I marked it, let's

1 look at Exhibit 4, which is another response from -- to  
2 Ms. Yancy's e-mail from -- this one's from Lucille  
3 McGaskey. Do you know her?

4 A. No.

5 Q. All right.

6 A. Not by name.

7 Q. Okay. And she says -- her response says, "Good  
8 evening," exclamation. And it says, "Yes. You must  
9 include Comm Holmes and get info -- info from state  
10 democratic party organizations, open paren, elect,  
11 comma, NAACP, comma, et cetera, close parens." Goes on  
12 to say, "Educate yourselves on the current rules to be  
13 able to determine what the map should look like but  
14 without the current census." Does that seem somewhat  
15 in line with sort of your view of what needed to happen  
16 in terms of monitoring the redistrict -- redistricting  
17 process at this point?

18 A. With exception of the democratic party.

19 Q. With the exception of the what? The democratic  
20 party?

21 A. Makes it partisan.

22 Q. Okay. Okay. So then -- yeah. Okay. So then,  
23 I guess, make sure I understand what you're saying.  
24 Your view is gather as much information generally to  
25 educate yourself, but we're not going to go to the

1 Democratic party about that, right?

2 A. No. You should not -- it's nonpartisan.

3 Q. All right.

4 A. Should be nonpartisan efforts.

5 Q. Did you have any idea at this time -- her  
6 e-mail refers to the census -- in April of 2 -- 2021,  
7 did you have any idea of the -- what the -- she was  
8 talking about in terms of census data, when -- what was  
9 her -- she referring to? Do you know?

10 MS. CHEN: Objection, form.

11 A. Clarify.

12 Q. (BY MR. RUSSO) Yeah. Did you -- do you have  
13 any idea what she's referring to in -- when she uses  
14 the phrase "but without the current census"?

15 A. No. I can't interpret what someone else is --

16 Q. Yeah. I'm asking if you had any belief or  
17 understanding -- what's your understanding of what that  
18 meant?

19 A. To not include the census data?

20 Q. Yeah. Well, do you understand that she's --

21 A. Is --

22 Q. Your understanding, she's referring to census  
23 data?

24 A. But without the -- as it's worded, yes.

25 Q. Yes. And then she -- I mean, she -- this is

1 getting confusing, but she's referring to the fact that  
2 you can do all these efforts while not --

3 A. Without.

4 Q. -- having census -- census data, right?

5 A. Yes.

6 MS. CHEN: Objection, form.

7 Q. (BY MR. RUSSO) And specifically she's -- and  
8 from what you understand, she's saying they don't have  
9 the census data yet, so -- but we can do all these  
10 other things?

11 MS. CHEN: Objection, form.

12 A. As the form states.

13 Q. (BY MR. RUSSO) As the --

14 A. As the e-mail states?

15 Q. Yes.

16 A. Okay. So just to be clear, are you asking me  
17 am I interpreting her e-mail in the matter of saying  
18 "go look at this information without the census"?

19 Q. I -- yes. Is that -- is that what you  
20 understand she was saying to you?

21 A. To me or --

22 Q. Yeah. To -- to you as one of the reci- --  
23 recipients.

24 A. I guess I'm on the e-mail. I don't recall.

25 Q. Well, did you under -- was it your

1 understanding that the census data had not been  
2 provided and released yet in -- in April of 2021?

3 A. Yes.

4 MS. CHEN: Objection, form.

5 Q. (BY MR. RUSSO) Okay. And do you understand  
6 that -- the importance of the census data in terms of  
7 the redistricting process, right?

8 A. I understand it is a component.

9 Q. It's a, like, major component, right?

10 A. Correct.

11 MS. CHEN: Objection, form.

12 Q. (BY MR. RUSSO) Do you understand that the --  
13 that the figures, the numbers that come out by virtue  
14 of the census, are one of the primary reasons for  
15 having to do re- -- redistricting if, for no other  
16 reason, you may have to realign the populations --

17 A. Uh-huh.

18 Q. -- within the precincts, right?

19 MS. CHEN: Objection, form, calls for  
20 legal conclusion.

21 Q. (BY MR. RUSSO) If you know.

22 A. I can't make that conclusion.

23 Q. Okay. So do you have any understanding as to  
24 whether the -- the -- one of the ob- -- obligations of  
25 the county in this case in their redistricting effort

1 was to make sure that the number -- the populations in  
2 each of the precincts was relatively close?

3 MS. CHEN: Objection, form, legal  
4 conclusion.

5 A. I -- I can't make that conclusion.

6 Q. (BY MR. RUSSO) Okay. You don't know that  
7 that's one of the requirements or whether it is one of  
8 the requirements?

9 A. I can't make that -- I can't factually make  
10 that conclusion.

11 Q. Okay. Do you have a belief as to whether  
12 that's a requirement or driver of redistricting?

13 A. Do I have a belief?

14 Q. Yes, ma'am.

15 A. Maybe. It -- it can be. It can be.

16 Q. Okay. All right. Well, but it -- as you sit  
17 here, are you able to say sort of how important the --  
18 the census data and receiving that is?

19 A. Yes.

20 Q. It is important, right?

21 A. The census is very important for -- just  
22 generally. Are you asking just redistricting or --

23 Q. Yes, ma'am.

24 A. -- is -- do I understand how important that the  
25 census is?

1 Q. No. I'm more specifically talking about the --  
2 the cens- --

3 A. Redistricting?

4 Q. Yeah. And I'll -- I'll get to the question is  
5 -- maybe a better way to phrase it is: Are you aware  
6 that the census data information is really sort of the  
7 first step into figuring out whether redistricting  
8 needs to happen and how you redistrict?

9 MS. CHEN: Objection, form, legal  
10 conclusion.

11 A. I can't come to that conclusion.

12 Q. (BY MR. RUSSO) You don't know. Sitting here  
13 today, you don't know the answer to that?

14 A. I can't come to that conclusion solely based on  
15 -- on what you are presenting.

16 Q. Okay. And in April of 2021, did you have any  
17 understanding or gain any understanding as to when the  
18 county might start the redistricting process?

19 A. No.

20 Q. So, I mean, from your perspective, it could  
21 have been starting in -- in May or could have been  
22 starting later in the year? Is that true?

23 MS. CHEN: Objection, form.

24 A. I believe that the hiring of an attorney may  
25 have been telling that something was starting.

1 Q. (BY MR. RUSSO) Okay. All right. But then --  
2 but nevertheless in -- in or about this time, April,  
3 you really didn't have any idea as to where the county  
4 was in the process, right?

5 A. No.

6 Q. And whether they were waiting on census data to  
7 start their process is not something that was --  
8 crossed your mind at this time?

9 MS. CHEN: Objection, form.

10 A. I don't recall.

11 Q. (BY MR. RUSSO) Okay. All right. So let me  
12 jump ahead to October, and I saw a note that you  
13 actually spoke against the state redistricting bill in  
14 Austin in October of 2021. Do you remember that?

15 A. In Austin?

16 Q. Yes.

17 A. I was in Austin in October speaking?

18 Q. Well, let me -- I guess let me make the  
19 question broader than that, and maybe you weren't  
20 present in person. Did -- do you -- did you speak  
21 against the state redistricting bill in -- in October  
22 of 2021?

23 A. On a Zoom. Can you give me more detail?

24 Q. So the -- I think the specific hearing that I'm  
25 referencing happened on October 13th of 2021, and

1 various witnesses were there to testify as to their  
2 feelings on the redistricting bill, Senate Bill, I  
3 think, 6 at the time.

4 A. On a state level?

5 Q. Say it again.

6 A. On a state level?

7 Q. On a state level, yes, ma'am.

8 A. Oh, yes.

9 Q. Do you recall testifying at that hearing either  
10 in person or by Zoom or --

11 A. It had to be Zoom. I was not in Austin, so it  
12 had to be Zoom.

13 Q. Okay. Do you remember attending by Zoom?

14 A. Yes.

15 Q. You remember what your -- your comments --  
16 well, let me strike that.

17 How did you get involved in making -- or  
18 testifying before the -- the senate on the bill?

19 A. Well, we were aware that redistricting was  
20 happening. As I said, the state NAACP, national NAACP  
21 alerts and lets us know that redistricting is  
22 happening, and this is -- was going on across the  
23 state.

24 Q. Was -- is there any person in particular to  
25 talk to you about testifying?

1 MS. CHEN: Objection, First Amendment  
2 internal deliberations. To the extent you can answer,  
3 you can.

4 Q. (BY MR. RUSSO) Yeah. I don't --

5 A. I don't recall.

6 Q. Yeah. I'm not asking about the content of the  
7 conversation. I'm just wondering if --

8 A. I don't recall.

9 Q. Okay. Do -- were you -- were you there on  
10 behalf of the -- the unit?

11 A. I was there as an individual.

12 Q. Okay. So you weren't there --

13 A. I -- no. I redact that. I may have been there  
14 as the president. I honestly can't recall. I'm sure  
15 there's a transcript of it with my exact words.

16 Q. Well -- and do you have a copy of that  
17 transcript?

18 A. No.

19 Q. No. Do -- but for now, as you sit here today,  
20 you don't know who asked you to show up and attend the  
21 meet -- hearing or speak?

22 A. I don't believe anyone asked me. I believe  
23 that I seen that it was a availability that -- it was  
24 an opportunity to speak against or con- -- give my  
25 opinion on what I -- how I felt about the bill.

1 Q. So what -- what -- what research did you do  
2 into the bill that was pending that made you conclude  
3 that you needed to speak against it?

4 A. The general education we gain from  
5 redistricting on the state level.

6 Q. And so did all that come from the NAACP state  
7 branches -- branch? Is there more than one?

8 A. State branch?

9 Q. Yes, ma'am.

10 A. There's one state.

11 Q. One per state?

12 A. One state of Texas.

13 Q. Okay. So let me rephrase that with that  
14 understanding. Is -- the materials you looked at and  
15 examined and/or information that -- that made you  
16 believe you needed to testify come from the state level  
17 branch?

18 A. I can't say that it solely came from there. I  
19 may have received information from other nonpartisan  
20 voting organizations.

21 Q. Well, had you received that information, what  
22 organizations would that -- would that have been?

23 MS. CHEN: Objection, form.

24 Q. (BY MR. RUSSO) If you know?

25 A. I don't recall.

1 Q. And what was it specifically that you reviewed  
2 that made you conclude you needed to speak against the  
3 bill?

4 A. I don't recall.

5 Q. Did you reach any conclusions as to the -- any  
6 dilution that was occurring -- that you believed was  
7 occurring by virtue of the bill being passed?

8 A. I don't recall. I would need to look at the  
9 transcript of what I said. It's been some time.

10 Q. Okay. But said -- as you sit here today, you  
11 don't remember what your view was in terms of why you  
12 needed to speak against the bill?

13 A. Well, oh, okay.

14 MS. CHEN: Objection, form. Go ahead.

15 A. That's a more clear way of putting it.

16 Q. (BY MR. RUSSO) Okay.

17 A. Yes. The -- there was a -- the gerrymandering  
18 undertone against, which was my reasoning for speaking  
19 against the -- is that what you're asking?

20 Q. Uh-huh.

21 A. My reasoning for speaking against it?

22 Q. Yes, ma'am. Yes.

23 A. Yeah. So the -- the way that it was -- we  
24 adversely reflect -- affecting the communities in which  
25 I serve as an advocate, which -- which is our mission

1 and which is in alignment with the national and state  
2 mission. So those things stood out that that would  
3 affect the people of color, which is what the  
4 organization is based on.

5 Q. So did you -- did you -- was that conclusion  
6 reached with -- in relation to specifically areas  
7 covered by the Dickinson Bay Area Branch that were  
8 being gerrymandered?

9 MS. CHEN: Objection, form.

10 A. I don't recall.

11 Q. (BY MR. RUSSO) Okay. Do you remember having  
12 any -- any concerns or -- or beliefs that the areas in  
13 which are covered by the unit were affected by Senate  
14 Bill 6?

15 A. In October?

16 Q. Yes.

17 A. October the 13th is when it was. No. I -- we  
18 didn't learn of -- no.

19 Q. So how --

20 A. The Galveston County -- I'm sorry.

21 Q. Yeah, yeah, yeah.

22 A. The Galveston County information was -- we  
23 didn't get that information until after that, so I  
24 can't speak on that effect.

25 Q. Yeah. And that's -- so I'm trying to figure

1 out how you concluded that gerrymandering was  
2 occurring, first of all, that required you to speak out  
3 about against Senate Bill 6 as a representative of the  
4 unit?

5 MS. CHEN: Objection, form, misstates  
6 testimony.

7 Q. (BY MR. RUSSO) The -- you can answer, if you  
8 -- if you can understand the question.

9 A. What was going on across the state.

10 Q. Okay. So you were advocating for people in  
11 different areas of the state at the time?

12 MS. CHEN: Objection, form.

13 A. I can't recall.

14 Q. (BY MR. RUSSO) And do you remember how it is  
15 you became -- you were -- how you reached the  
16 conclusion that gerrymandering was occurring?

17 A. Statewide or local?

18 Q. Statewide. I'm specifically talking about the  
19 -- this -- this hearing.

20 A. The October 13th hearing?

21 Q. Yes, ma'am. Yes, ma'am.

22 A. I don't recall.

23 Q. And did you conclude that gerrymandering was  
24 occurring within the Dickinson Bay Area area?

25 MS. CHEN: Objection, form, asked and

1 answered.

2 Q. (BY MR. RUSSO) Specifically as relates to  
3 Senate Bill 6?

4 A. On October 13th?

5 Q. Yes, ma'am.

6 A. As previous stated, we were not privy to that  
7 information until after.

8 Q. Okay. So where was it you thought that  
9 gerrymandering was occurring at the time you testified  
10 in front of the senate --

11 MS. CHEN: Objection, form, asked and  
12 answered.

13 Q. (BY MR. RUSSO) -- or in relation to Senate  
14 Bill 6?

15 A. Across the state, as answered.

16 Q. Specifically, were there any areas that you  
17 recall that were needed to be challenged?

18 MS. CHEN: Objection, form, asked and  
19 answered.

20 A. As answered, I -- it was across the state,  
21 various areas.

22 Q. (BY MR. RUSSO) Okay. And -- but as you sit  
23 here today, you just don't remember which areas those  
24 were --

25 A. I just -- today I don't remember that.

1 Q. Was it throughout the state as far as you  
2 remember?

3 A. Different areas and regions of the state.

4 Q. Were there some in Houston? You recall?

5 A. I don't recall.

6 Q. So did -- did you prepare a written statement  
7 in connection with the testimony, whether that you were  
8 going to read into the record or did you have --

9 A. I probably spoke freely. I don't recall --

10 Q. All right.

11 A. -- re- -- preparing a statement.

12 Q. Did you speak to any -- any individuals other  
13 than members of the unit or the state organization  
14 NAACP --

15 A. I --

16 Q. -- about what that statement should look like?

17 A. I don't recall.

18 Q. Do you -- you have a copy of that -- if --  
19 would you have a coy of that, if it exists?

20 MS. CHEN: Objection, form.

21 A. I don't recall.

22 Q. (BY MR. RUSSO) Have you looked?

23 A. For the October 13th?

24 Q. Yes, ma'am. Materials relating to that  
25 testimony.

1           A.    No.  I can't specifically say that I have  
2 looked for October 13th.

3                   MR. RUSSO:  Okay.  All right.  Well,  
4 Sarah, that's another one of those areas we want to  
5 make sure we look at.  And, again, I think it's covered  
6 by a specific request related to redistricting.

7           Q.    (BY MR. RUSSO)  All right.  And it -- do you --  
8 as you sit here today, do you remember seeing any --  
9 having or possessing any materials related to the  
10 redistricting efforts, specifically in preparation for  
11 your testimony before the legislature -- Texas  
12 Legislature?  Is there any materials that you recall  
13 having?

14                   MS. CHEN:  Objection, form.

15           A.    I don't recall.

16           Q.    (BY MR. RUSSO)  Do you remember anybody being  
17 with you, personally, sitting on your side of the Zoom  
18 session while you were testifying with the -- the  
19 legislature?

20           A.    No one was with me.  I was in my home.

21           Q.    Okay.  And I think you told me you -- you don't  
22 have a copy of the transcript?

23           A.    No.  Do you?

24           Q.    I don't think I have a full transcript.  Do you  
25 remember what you said?

1 A. No.

2 Q. Okay. But at the time of the testimony, you  
3 believe that it was some kind of gerrymandering going  
4 on some place within the state of Texas?

5 MS. CHEN: Objection, form, misstates  
6 testimony.

7 A. I would -- I would -- I need the transcript in  
8 front of me to say -- I can't recall exactly what I  
9 said, so I can't give you a definite answer on that.

10 Q. (BY MR. RUSSO) Yeah. Best you can recall,  
11 though, that was the issue?

12 A. I can't recall exactly what I said, so I can't  
13 give you a definite answer.

14 Q. Okay. You think it was something other than  
15 gerrymandering that you talked about?

16 A. I can't recall exactly what I said, so I can't  
17 give you a definite answer.

18 MR. RUSSO: Okay. All right. Mark that.

19 MS. CHEN: Thank you.

20 (Marked Lofton Exhibit No. 5.)

21 THE WITNESS: Thank you.

22 THE REPORTER: Uh-huh.

23 MR. RUSSO: It's 22.

24 MR. GUERRERO: Uh-huh.

25 (Discussion off the record.)

1 (Marked Lofton Exhibit No. 6.)

2 Q. (BY MR. RUSSO) Okay. So Exhibit 5 is an  
3 e-mail dated Friday, October 29th, 2021. Do you see  
4 that?

5 A. Yes.

6 Q. And it -- also it has an attachment to it. It  
7 says a letter to Galveston County, dot, DOCX. Do you  
8 see that?

9 A. Yes.

10 THE WITNESS: Says the battery's low.

11 MR. RUSSO: I think he's got it over  
12 there. Think you're good now.

13 Q. (BY MR. RUSSO) All right. So Exhibit 22 --  
14 I'm sorry. Exhibit 5 has an attachment. It's a letter  
15 to Galveston County, dot, DOCX. Do you see that?

16 A. Yes.

17 Q. So do you remember see -- receiving this e-mail  
18 from Ms. Williamson back in October of '21?

19 A. Well, my e- -- my name is here, so I received  
20 it.

21 Q. You remember looking at it?

22 A. This is -- I'm reading over it now to --

23 Q. Okay.

24 A. -- refreshing my memory.

25 Q. Yeah. Feel -- again, feel free to read as much

1 of the document as you -- you need to.

2 A. Yes. I remember receiving it.

3 Q. Okay. And specifically the -- the e-mail that  
4 is in the middle of the page is from Roxy Williamson,  
5 and it's -- you're one of the recipients of that  
6 e-mail, right?

7 A. Yes.

8 Q. Okay. So you remember seeing this e-mail  
9 before today?

10 A. Before today?

11 Q. Yes, ma'am.

12 A. Yes.

13 Q. Did -- do you remember reading through it?

14 A. This e-mail?

15 Q. Yes, ma'am.

16 A. The initial one, yes. All of this, yes.

17 Q. Okay. Was -- and this letter was one of the --  
18 was part of the sort of advocacy effort that was  
19 undergoing -- ongoing behind the -- Galveston County's  
20 redistricting effort? Would you --

21 A. What's the question?

22 MS. CHEN: Objection, form.

23 Q. (BY MR. RUSSO) Was this letter part of the  
24 advocacy effort ongoing behind -- behind the scenes  
25 during the Galveston County redistricting efforts?

1 MS. CHEN: Objection, form.

2 A. I don't recall if this is the only -- I'm not  
3 -- I'm really not clear on your question. Is it -- are  
4 you asking: Is this the only component? Is this  
5 initiation? Could you --

6 Q. (BY MR. RUSSO) Well, what I'm -- I guess let  
7 me try to be more clear. Was Ms. Williamson providing  
8 you this e-mail in terms of drumming up advocacy?

9 A. For advocacy purposes?

10 Q. Yes, ma'am.

11 A. Yes. Education and advocacy, yes.

12 Q. Okay. And it also includes the -- as the  
13 e-mail goes on, there's a string of e-mails from an  
14 individual named Stephanie Swanson. Do you see  
15 those --

16 A. Yes.

17 Q. -- on Page 2 and goes on to Page 3?

18 A. Uh-huh.

19 Q. Did you know Ms. Swanson?

20 A. Do I know her?

21 Q. Yes, ma'am.

22 A. Personally, no.

23 Q. Had you met her before?

24 A. I don't recall -- the League of Women Voters.  
25 Oh, I don't recall personally meeting her. I know what

1 the organization -- familiar with what the organization  
2 is.

3 Q. Uh-huh.

4 A. Another nonpartisan organization for advocacy.

5 Q. You -- so you're aware that she's a part of a  
6 League of Women Voters organization?

7 A. Right. Correct.

8 Q. Okay. And Ms. -- Ms. Williamson's e-mail  
9 actually refers to Ms. Swanson's correspondence down  
10 below, does it not?

11 A. Yes.

12 Q. Do you remember re- -- reading through the --  
13 Ms. Swanson's correspondence?

14 A. Yes.

15 Q. All right. Okay. And I'm specifically  
16 interested in one of the comments made at the bottom.  
17 It starts on the bottom of Page 2, and she's -- where  
18 Ms. Swanson writes "given the current situation." You  
19 see that?

20 A. Yes.

21 Q. And it's -- she goes on to say, "And the fact  
22 that the commissioners court is not including the  
23 public at all in the redistricting process." Do you  
24 see that?

25 A. Yes.

1 Q. And she says, "We have opted to send them a  
2 letter requesting that they do so, open paren, linked  
3 below, close paren, and have provided them with  
4 recommendations for procedures, time lines, criteria,  
5 et cetera. " You see that?

6 A. Yes.

7 Q. And she goes on to say, "We realize that the  
8 county is unlikely to listen, but we need to provide  
9 our recommendation before the maps are drawn to help us  
10 create a record for litigation, if it comes to that."  
11 You see that?

12 A. Yes.

13 Q. So when -- was it your understanding that  
14 Ms. Swanson was preparing the letter to send to the  
15 county to create a litiga- -- for litigation?

16 MS. CHEN: Objection, form, misstates the  
17 evidence.

18 A. I -- I can't make that -- you're asking me to  
19 conclude to that?

20 Q. (BY MR. RUSSO) I'm asking if you concluded  
21 that.

22 A. No.

23 MS. CHEN: Objection, form.

24 Q. (BY MR. RUSSO) You thought that Ms. Swanson  
25 preparing the letter was from some -- for some purpose

1 other than creating a record for litigation?

2 MS. CHEN: Objection, form.

3 A. I don't recall.

4 Q. (BY MR. RUSSO) Do you remember talking to  
5 Ms. Swanson about that issue?

6 A. Frankly, no.

7 Q. Do you remember reviewing the letter that's  
8 attached to the e-mail?

9 A. Yes.

10 Q. Did you agree that it was created to, you know,  
11 provide recommendations and procedures and time lines  
12 and criteria to help create a record for litigation?

13 MS. CHEN: Objection, form.

14 A. I believe that it was created for advocacy  
15 purposes.

16 Q. (BY MR. RUSSO) And specifically would -- what  
17 was referenced, do you disagree that Ms. Swanson  
18 created the letter for purposes of litigation?

19 MS. CHEN: Objection, form, asked and  
20 answered.

21 A. I believe that it was created for advocacy  
22 purposes.

23 Q. (BY MR. RUSSO) But you disagree with her  
24 statement that this helps create a record for  
25 litigation, should it come to that?

1 MS. CHEN: Objection, form, asked and  
2 answered.

3 A. I believe that it was an attempt to be  
4 proactive for advocacy reasons.

5 Q. (BY MR. RUSSO) Were you in favor of providing  
6 the letter to Galveston County in order to, you know,  
7 provide recommendations and create a record?

8 A. Create a record?

9 Q. Yes, ma'am.

10 A. I'm in favor -- I was in favor of providing  
11 information to be inclusive and transparent. Provide a  
12 record? I can't say that I expected the outcome to be  
13 where we are today.

14 Q. Okay. So is it -- is it true that then at this  
15 time, you -- you thought that litigation was not  
16 something that was going to occur?

17 A. On October 29th?

18 MS. CHEN: Objection, form.

19 Q. (BY MR. RUSSO) Yes, ma'am.

20 A. No. I didn't think litigation was going to be  
21 -- I thought that the process would be more  
22 transparent.

23 Q. Okay. And, again, the transparency alone was  
24 something that you thought was important in terms of  
25 dealing with redistricting effort?

1 MS. CHEN: Objection, form, misstates the  
2 prior testimony.

3 A. Transparency is important dealing with  
4 community redistricting specifically because it will  
5 affect the community.

6 Q. (BY MR. RUSSO) Okay. Do you think that the  
7 -- the letter that was prepared by Ms. Swanson did  
8 create a record for litigation?

9 MS. CHEN: Objection, form.

10 A. We're here.

11 Q. (BY MR. RUSSO) Sorry?

12 A. We are here.

13 Q. Did it assist with the record-creating?

14 MS. CHEN: Objection, form calls for  
15 legal conclusion.

16 A. I can't say that it did or it didn't.

17 Q. (BY MR. RUSSO) Okay. But it -- it -- is it  
18 your understanding that one of the purposes of  
19 Ms. Swanson preparing that letter and sending it to  
20 Galveston County was to create a record for litigation?

21 MS. CHEN: Objection, form, asked and  
22 answered.

23 A. Advocacy and proactive reasons to move forward.  
24 I cannot determine her goals were primarily litigation.

25 Q. (BY MR. RUSSO) Okay. But you do agree that's

1 one of the things that she mentions in her e-mail?

2 MS. CHEN: Objection, form, asked and  
3 answered.

4 Q. (BY MR. RUSSO) True?

5 A. I believe that advocacy and proactive acts were  
6 attempted.

7 Q. But you do agree that Ms. Swanson notes in her  
8 e-mail that --

9 A. It's noted in the e-mail that that is her  
10 intent.

11 Q. Correct.

12 A. That that is her intent.

13 Q. Correct. But the -- are you telling me that --

14 A. But that is not the intent of all included.  
15 The --

16 Q. And including --

17 A. The intent of all included was for transparency  
18 and advocacy to be proactive throughout the process.

19 Q. Okay. So then it -- I mean, it's testimony --  
20 your testimony on behalf of the unit that the unit  
21 didn't agree to prepare this letter for purposes of  
22 creating a litigation record?

23 A. We didn't know we would even be in litigation.

24 Q. Right. But, again, her letter is record for  
25 litiga- --

1 A. It was proactive in an advocacy attempt.

2 Q. Right. Her letters -- her e-mail states "for  
3 creating a record for litigation if it comes to that."  
4 So she didn't know litigation was going to happen  
5 either, right?

6 A. No one did.

7 Q. But the point is -- I think what you're telling  
8 me is that the -- the unit's view of it was the letter  
9 was fine for purposes of advocacy, but not to create a  
10 record for litigation. Would you agree?

11 MS. CHEN: Objection, form.

12 A. I can't give a definite answer on that.

13 Q. (BY MR. RUSSO) You don't know?

14 A. It's not that I don't know. I cannot give a  
15 definite answer as the unit as a whole.

16 Q. So the unit may have had an objective of  
17 creating a record for litigation?

18 MS. CHEN: Objection, form.

19 A. The unit purposes are advocacy and proactive  
20 acts for transparency. It was not for litigation.

21 Q. (BY MR. RUSSO) Okay.

22 A. The unit had hope in democracy.

23 Q. All right. So at the time y'all didn't agree  
24 with Ms. Swanson's statement?

25 A. The unit goal was hope in democracy.

1 Q. Okay. Are you aware that Ms. Swanson actually  
2 sent a copy of the attached letter or similar copy of  
3 it to the county commissioners court?

4 A. If that's what's on this e-mail.

5 Q. Okay. Well, let's look quickly at Exhibit 6,  
6 which is an e-mail from Ms. Swanson to commissioners  
7 court. And it attaches the -- very similar copy of the  
8 letter that we looked at on Exhibit 22 -- I'm sorry --  
9 Exhibit 5.

10 A. Is the unit or myself cc'ed on this e-mail?

11 Q. None of you are cc'ed on this e-mail. This is  
12 just -- this is the e-mail that she sent directly to  
13 the commissioners court.

14 A. So, no, I wouldn't be aware of it.

15 Q. Okay. Yeah. And then -- so is this the first  
16 time you've seen this as far as you're aware?

17 A. That she sent this?

18 Q. Yes.

19 A. I don't recall seeing this. If I'm not cc'ed  
20 on it, then I don't recall seeing it.

21 Q. Okay. And the date here is Friday,  
22 October 29th, 2021, at 5:04 p.m. You see that?

23 A. Yes. I see that.

24 Q. And then just, you know, glancing through the  
25 attachment to the letter there, does it appear to be

1 the same letter that's attached to Exhibit 5?

2 A. I would need time to read over it.

3 Q. Okay. And, again, I'm not looking for a word  
4 to word -- word for word, but do the letters look  
5 generally close to the same?

6 A. I'm still reading.

7 MS. CHEN: Joe, while Ms. Lofton's  
8 reading, thoughts on taking a quick break soon to order  
9 lunch? And then we can do the lunch break whenever the  
10 food arrives.

11 MR. RUSSO: Yeah. Why don't we do that?  
12 You want to go off the record and have that  
13 conversation?

14 MS. CHEN: Right now?

15 MR. RUSSO: If that works. She can look  
16 at that, and we'll --

17 MS. CHEN: Okay. Thank you.

18 THE VIDEOGRAPHER: Going off the record,  
19 12:07.

20 (Break.)

21 THE VIDEOGRAPHER: Going back on the  
22 record, 12:25.

23 Q. (BY MR. RUSSO) Okay. Ms. Lofton, before we  
24 broke, you were sort of comparing exhibits -- the  
25 attachment to Exhibit 5 and the attachment to

1 Exhibit 6. Did you have a chance to look at both of  
2 those?

3 A. Yes, I did.

4 Q. Do they look relatively like similar -- like  
5 relatively similar documents?

6 A. Relatively the same, yes.

7 Q. Yeah. And as I recall, though, you said you  
8 hadn't seen Exhibit 6, you don't believe, before today.  
9 True?

10 A. No.

11 Q. Okay.

12 A. Yeah.

13 Q. All right. Okay. So then looking back at  
14 Exhibit 5, tell me if I'm -- if it's an accurate  
15 statement that one of the reasons Ms. Williams [sic]  
16 was sending the letter to you-all was to obtain support  
17 for the -- the letter attached?

18 A. Ms. Williams [sic] was sending out the letter  
19 because she was in the redistricting chair, and she was  
20 using it for education and advocacy reasons.

21 Q. Okay. And on the -- the e-mail it's -- the  
22 time of the e-mail --

23 A. Uh-huh.

24 Q. -- on Exhibit 5 says 6:10 p.m. You see that?

25 A. Yes.

1 Q. And you see -- and you recall that the time on  
2 Exhibit 6 is, what, 5:04?

3 A. Yes.

4 Q. Okay. So, I guess, reasonable then to conclude  
5 that the letter that Ms. Swanson sent to the Galveston  
6 County commissioners had already gone by the time  
7 Ms. Williamson was asking for advocacy on same or  
8 similar letter. True?

9 MS. CHEN: Objection, form. There are no  
10 time zones on Exhibit 5.

11 Q. (BY MR. RUSSO) Well, either way, if it's  
12 Central or Eastern, do you have any understanding as to  
13 whether Ms. Williamson's e-mail came before or after  
14 Ms. Swanson sent her e-mail to the commissioners court?

15 A. I know when Ms. Williamson's e-mail -- e-mail  
16 -- e-mail was sent. That's it.

17 Q. Right. And in this document reflects 6:10 --  
18 true -- 10 p.m.?

19 A. But no time zone.

20 Q. Right. Well -- and, again if it's Eastern time  
21 zone, that would have been 5:00 --

22 A. 5:00 o'clock.

23 Q. -- 10.

24 A. 10.

25 Q. Which is still after the date that -- or time

1 the e-mail was sent to the county commissioners.

2 Agreed?

3 A. Agree.

4 Q. I just want to note -- well, let me stick with  
5 this for now. So one of the sentences in her e-mail,  
6 Ms. Williamson's e-mail on Exhibit 5 -- let me see if I  
7 can find it. I'll say it's about the midpoint of the  
8 paragraph. And at the very -- if you look at the end  
9 on the right side, there's two words. It says "we  
10 are"?

11 A. Uh-huh.

12 Q. You see that?

13 A. Yes.

14 Q. And that's the sentence I want to focus on.  
15 That -- that sentence says, "We are asking that you  
16 review the letter, share with your networks, and sign  
17 on in advocacy." You see that?

18 A. Yes.

19 Q. Okay. So is it true that you reviewed the  
20 letter that was attached at the time?

21 A. Yes.

22 Q. Do you know whether you shared it with your  
23 networks?

24 A. I don't recall.

25 Q. Okay. And then it says "and sign on in

1 advocacy." Do you see that?

2 A. Yes.

3 Q. Do you agree -- do you remember whether you  
4 agreed to sign on to this letter in advocacy?

5 A. I don't re- -- I would imagine there would be a  
6 forwarded e-mail on here, attachment with that if that  
7 was the case. But I don't recall moving forward or  
8 objecting to it.

9 Q. Okay. Did -- do you remember meeting with the  
10 -- you know, I guess the executive committee or  
11 otherwise talking about wanting Ms. Williamson's  
12 request for advocacy on this letter?

13 A. Utilizing this specific template like --

14 Q. The letter specifically, yes, ma'am.

15 A. I don't recall. I -- I don't -- I can't speak  
16 for certain that -- I want to look at the recipients of  
17 the e-mail to see if they -- yeah. I don't recall.

18 Q. Okay. If you -- would it -- would that have  
19 been your practice, to meet with the committee to  
20 decide whether to sign on in advocacy of this letter?

21 A. Yes.

22 Q. And would it also have been your practice to  
23 have reviewed the letter and make sure you agree with  
24 its contents?

25 A. Yes.

1 Q. Do you know why Ms. Williamson was seeking to  
2 have groups sign on to this letter in advocacy when a  
3 copy had already been sent to the commissioners court?

4 MS. CHEN: Objection, form.

5 A. I can't speak to someone else's why.

6 Q. (BY MR. RUSSO) Yeah. I was just asking if you  
7 knew why.

8 A. Well, from the people that she has included on  
9 the form, specifically naming advocacy groups, it looks  
10 -- it appears to be an effort to show nonpartisan  
11 advocacy groups going forward in support of that.

12 Q. And is it -- is it your belief that having  
13 advocates sign on to this letter makes it look like it  
14 has more support?

15 A. It shows that the people in the community who's  
16 serving the community are in support of what is going  
17 on with the community.

18 Q. Uh-huh.

19 A. And are seeking the transparency.

20 Q. And in this case the -- they were --  
21 Ms. Williamson was seeking support after the letter had  
22 actually already been sent and drafted?

23 MS. CHEN: Objection, form.

24 Q. (BY MR. RUSSO) Agreed?

25 A. That the letter was sent on behalf of Stephanie

1 Swanson. That does not mean that other people could  
2 not send -- you cannot advocate. I mean, we're  
3 advocates.

4 Q. Yeah. Is it -- I mean, is it -- is it common  
5 to sort of have people sign on in advocacy to a letter  
6 that's already -- already been sent to, you know, the  
7 party that the complaint's about, in this case, the  
8 county?

9 MS. CHEN: Objection, form.

10 Q. (BY MR. RUSSO) Is that a common occurrence?

11 MS. CHEN: Objection, form.

12 A. Is that a common occurrence? I can't speak to  
13 that.

14 Q. (BY MR. RUSSO) Is it -- is it your  
15 understanding that by having a group sign on in  
16 advocacy, that, again, it makes the letter and the  
17 complaints within it look like it has more support than  
18 without those signatures?

19 MS. CHEN: Objection, form, asked and  
20 answered.

21 Q. (BY MR. RUSSO) I'm sorry. You can answer.

22 A. Oh, it appears, as I stated, that she was  
23 seeking more advocacy groups that are in the community  
24 to go and support things that affect the community.

25 Q. Yeah. And in this case, it meant signing on to

1 a letter that had already been drafted and submitted to  
2 the commissioners. True?

3 A. I didn't -- there does not appear to be a time  
4 line to where it had to be a date. So if an advocacy  
5 group joined after an individual sent it -- a letter,  
6 I'm not seeing where there would be an issue with that  
7 because once you get the community together of  
8 advocates that are being affected by something, then  
9 them submitting the document, there may be an agreement  
10 to something going forward that represents what they're  
11 advocating for.

12 Q. Uh-huh.

13 A. I didn't -- I'm not sure that there's a time  
14 period seeing as there aren't many time periods and  
15 transparency done throughout this process.

16 Q. All right.

17 A. It's -- can I ask you a question?

18 Q. Well, yeah. I can try to clarify for you  
19 anything.

20 A. Because I'm -- I'm -- I'm trying to get a  
21 better understanding of you asking me that question.  
22 Is that possible?

23 Q. Sure. If you don't -- yeah. If you don't  
24 understand the question, then I was asking it's  
25 effectively that is it -- is it your understanding that

1 by having advocacy groups sign on to the letter after  
2 it's already been drafted and approved by someone else  
3 and actually, in this case, sent to the county  
4 commissioners court -- the purpose of having other  
5 indivi- -- groups sign on in advocacy is to give the  
6 appearance that they're -- those advocate groups  
7 believe in legitimacy of the complaints in the letter?

8 MS. CHEN: Objection, form.

9 Q. (BY MR. RUSSO) Is that true?

10 A. I would like to clarify that you are asking me  
11 that collectively are these getting these groups  
12 together to submit a form after the fact is not -- to  
13 me this is what it sounds like you're asking me: Was  
14 it relevant to do after the fact that someone else has  
15 -- an individual has done it?

16 Q. (BY MR. RUSSO) Yeah. So -- and I'm -- I'm not  
17 really using the word "relevant" as much as just that  
18 the -- the -- why it's being done, which is -- part of  
19 my question is: The reason it's being done in this  
20 instance in particular is to -- to make it appear that  
21 there -- there's -- there is more support for the  
22 contents of the letter and the complaints in it. Would  
23 you agree?

24 A. The reason that it's being done is to show that  
25 the advocacy groups in the area that are affected by it

1 are in agreement or on board with it.

2 Q. Right.

3 A. And an individual who sent something separately  
4 is an individual sent -- sent separately.

5 Q. Right. And in this instance, as far as you're  
6 aware, the advocacy groups that signed on to the letter  
7 didn't really have anything to do with drafting it as  
8 far as you're aware?

9 A. Well, the --

10 MS. CHEN: Objection, form.

11 A. They would have to agree to sign on. You don't  
12 just sign on. And as a unit, you can't just sign on.  
13 It's not how it goes.

14 Q. (BY MR. RUSSO) Uh-huh. Is that -- you -- the  
15 typical method of dealing with this situation is to  
16 make sure you agree with the -- the content, correct?

17 A. The content, the executive committee, and then  
18 you move forward. Me, as a president, as an individual  
19 -- me, as a president, in that capacity cannot make a  
20 decision. Everything has to be collectively agreed  
21 upon.

22 Q. Okay.

23 A. Then you move forward.

24 Q. All right. And is -- I think you told me that  
25 you're not really sure what -- whether the group agreed

1 to sign on on this letter?

2 MS. CHEN: Objection, form.

3 Q. (BY MR. RUSSO) Is that your recollection right  
4 now?

5 A. I would like to see a document to show.

6 Q. Okay.

7 A. I don't have a document to speak on it, no.

8 Q. Sure. I get it. Okay. All right. Well,  
9 while we're looking at these two letters, had some  
10 other follow-up questions. Do you have -- do you know  
11 why it was that Ms. Swanson waited, I guess -- I don't  
12 know -- six months?

13 A. I can't speculate --

14 MS. CHEN: Objection, form.

15 A. -- another person's actions.

16 Q. (BY MR. RUSSO) Okay. And you're not aware of  
17 why Ms. -- Ms. Swanson sent the letter in Oc- --  
18 October?

19 A. I can't speculate another person's actions.

20 Q. Okay. Do you know -- did -- at what point --  
21 or strike that.

22 Was the e-mail from Ms. Williamson, did  
23 it have the effect of sort of raising your awareness  
24 and the need to, you know, protest or be more proactive  
25 in terms of the county's redistricting effort?

1 A. It raised my awareness that there may be some  
2 transparency issues going on, that we were not as  
3 informed as we thought we would be.

4 Q. All right. And do you -- is there anything  
5 that you can recall that happened prior to the  
6 October 29th time period where you were sort of alerted  
7 to that issue prior to October --

8 A. Prior to October 29th?

9 MS. CHEN: Objection, form.

10 Q. (BY MR. RUSSO) Yes, ma'am.

11 A. The public information -- the public newspaper  
12 article about the hiring of the -- the same person --

13 Q. Uh-huh.

14 A. -- who was in the previous case that was deemed  
15 discriminatory.

16 Q. Right. And that was back in April, right? Not  
17 a trick question. As far as you recall, it was April?

18 A. Right. Yeah. It was April, I mean.

19 Q. Yeah. But then --

20 A. From April to October there's been -- I don't  
21 recall any information that was inclusive or  
22 transparent about the redistricting process.

23 Q. All right. So was there anything about the  
24 correspondence from Ms. Williamson that -- that did  
25 alert you that we need to be more proactive in terms of

1 Galveston County's redistricting efforts?

2 MS. CHEN: Objection, form, asked and  
3 answered.

4 A. I already stated that.

5 Q. (BY MR. RUSSO) And what was it about the  
6 correspondence that made you believe we need to be more  
7 proactive?

8 A. The date. It was October 29th at that point,  
9 and we hadn't received any information or details on  
10 what -- what the redistricting would actually look  
11 like.

12 Q. Did you have some i- -- understanding as to  
13 when the redistricting efforts should end or begin?

14 A. It would occur within that year. That's all  
15 that I knew.

16 Q. Okay.

17 A. And so by then, we're in October the 29th.  
18 Voting is coming up pretty quickly. So with that time  
19 line, there should have been something disclosed to  
20 someone about the information.

21 Q. Okay. So then it's -- as you recall, your  
22 recollection is that the -- the unit's belief was that  
23 the redistricting effort had to be done before the end  
24 of the year and by that October you're getting close.  
25 Is that sort of what you're telling me?

1 MS. CHEN: Objection, form.

2 A. Yes.

3 Q. (BY MR. RUSSO) All right. So let me mark 82.

4 MS. CHEN: Thank you.

5 (Marked Lofton Exhibit No. 7.)

6 Q. (BY MR. RUSSO) So Exhibit 7 is a -- an e-mail

7 -- the top part -- an e-mail dated October 29th, 2021?

8 A. Uh-huh.

9 Q. Time is 6:32 p.m. And it's from Ms. Williamson  
10 to you, I think, right?

11 A. Correct.

12 Q. All right. She's actually responding to an  
13 earlier e-mail?

14 A. The e-mail from Exhibit 5.

15 Q. Right. And that e-mail in the middle of this  
16 first page is dated October 29th, 2 -- 2021, and it  
17 actually says 7:22 p.m. It's -- and then Lucretia  
18 Lofton wrote -- do you remember seeing this -- sending  
19 this e-mail?

20 A. Uh-huh. Yes.

21 Q. Okay. And the contents are when -- "thank you  
22 for keeping the county informed -- formed." See that?

23 A. Yes.

24 Q. All right. And it goes on to say, "We the  
25 Dickinson Bay Area NAACP unit is on board." Do you see

1 that?

2 A. Yes.

3 Q. All right. "We look forward to uniting with  
4 you and strengthening our county," right?

5 A. Yes.

6 Q. Okay. So this looks like you responded to  
7 Ms. Williamson's e-mail and agreed to sign on to the  
8 letter. Would you agree?

9 A. This is an agreement to advocacy and  
10 strengthening our knowledge and education about  
11 redistricting, yes.

12 Q. Right. Did -- well -- and specifically, I  
13 asked you is it -- were you -- were you stating that  
14 the unit was in agreement with signing on to the advo-  
15 -- the letter as an advocate?

16 A. That's not what the -- that's not what my  
17 statement says.

18 Q. Uh-huh.

19 A. It says that we -- "the unit is on board. We  
20 look forward to uniting with you and strengthening our  
21 commun- -- our county." Excuse me. So this is -- this  
22 letter is showing that we do agree with the advocacy  
23 work that she's doing --

24 Q. Uh-huh.

25 A. -- and the education work and doing whatever it

1 takes to make sure that this process is transparent and  
2 as dem- -- democracy has been written --

3 Q. Okay.

4 A. -- and executed as we hoped for.

5 Q. All right. And -- and what did you mean by  
6 saying that the -- the NAACP unit is on board? Were  
7 you not referring to signing on as an advocate to the  
8 letter?

9 A. I was referring to signing -- I was referring  
10 to agreeing to the efforts necessary to advocate for  
11 the communities affected --

12 Q. Did that -- sorry. I didn't want to cut you  
13 off.

14 A. I was agreeing to moving forward with  
15 advocating for the education of the redistricting and  
16 the transparency process and requesting that.

17 Q. Okay. But are -- is it your testimony that by  
18 saying you're on board you are not agreeing to sign on  
19 to the letter?

20 A. The letter is a part of the agree -- can you  
21 clarify what specifically -- are you asking me am I  
22 agreeing to the letter, or are you asking me am I  
23 agreeing to sign on as the unit to -- with the letter?

24 Q. Yeah. I -- well, the second part of the  
25 question is what I was asking you -- is at the time

1 that you sent the -- this e-mail to Ms. Williamson --

2 A. Uh-huh.

3 Q. -- were you agreeing to sign on as part of the  
4 letter that she attached to her prior e-mail?

5 A. In the letter that's drafted -- clarify -- yes.  
6 This is Exhibit 7 letter. That -- that is not the  
7 letter that is attached to Exhibit 6. Is that what  
8 you're speaking of? Not -- not what was -- not what  
9 Stephanie Swanson individually sent but the outline of  
10 what is happening?

11 Q. Yeah. Well, let's -- let me -- let me try to  
12 clarify this. So in Exhibit 5 that we looked at  
13 earlier --

14 A. Uh-huh.

15 Q. -- Ms. Williamson was -- sent the e-mail to  
16 various parties. You're -- one of which was you. And  
17 one of her requests was "We're asking you review this  
18 letter, share with your networks and sign on in  
19 advocacy"?

20 A. Uh-huh.

21 Q. Remember that?

22 A. Yes.

23 Q. And the attached letter was very similar to the  
24 one that's on Exhibit 6, which had previously been sent  
25 to the county, right?

1 A. Right.

2 Q. So my question is: Then you respond, and this  
3 e-mail says it's 7:22 p.m., but that can't be right --  
4 and we'll talk about it in a minute. But it says that  
5 you responded on October 29th at 7:22 p.m. Say --

6 A. Why can't it be right?

7 Q. -- "thank you" -- well, we'll talk about it.  
8 "Thank you for keeping the county informed." And then  
9 it says, "We the Dickinson Bay Area NAACP unit is on  
10 board." And so what I was trying to figure out is: If  
11 -- if that's your response to Ms. Williamson's e-mail,  
12 did being on board include you signing on to the letter  
13 that she attached to her e-mail in Exhibit 5?

14 MS. CHEN: Objection, form.

15 A. I don't recall. I -- I really would like more  
16 clarity on why the time period can't be right.

17 Q. (BY MR. RUSSO) Okay. Well, so -- so I will  
18 say that if you look at the -- the next e-mail and her  
19 responding to you up at the top --

20 A. Uh-huh.

21 Q. -- the time there is 6:32 p.m. You see that?

22 A. Uh-huh.

23 Q. She responds to you, "Ms. Lofton, thank you so  
24 much for your dedication to the community and  
25 encouraging support." You see that?

1 A. Yes. The time.

2 Q. Right.

3 A. First one is 5:10. Mine's 7:22, and that one  
4 goes back at 6:32.

5 Q. Right. And then the e-mail that you sent to  
6 her in response to her e-mail that's in Exhibit 5 says  
7 it was sent 7:22, which would have been before her  
8 response to your e-mail?

9 A. At 6:30.

10 Q. But, again, what all that means, we can talk  
11 about it. What I'm -- my -- what I'm trying to ask  
12 you, though, is: When you responded to  
13 Ms. Williamson's e-mail in Exhibit 5, was part of the  
14 -- your response that the unit is on board, did that  
15 include, as she requested, that the -- you sign on in  
16 advocacy?

17 A. Yes.

18 Q. Okay. And -- and so is it your testimony that  
19 at the time that you agreed to that, you'd already  
20 reviewed the letter?

21 A. The letter from --

22 Q. Exhibit 5.

23 A. -- Exhibit 5?

24 MS. CHEN: And I'd just like to note for  
25 the record that Exhibit 5 has this same e-mail coming

1 at 6:10 p.m. whereas Exhibit 7 says 5:10 p.m., so there

2 -- there is a time zone or other sort of --

3 THE WITNESS: This --

4 MS. CHEN: -- timing issue.

5 MR. RUSSO: Right.

6 A. So I would like to say that in order for me to

7 give the most accurate answer to that --

8 Q. (BY MR. RUSSO) Uh-huh.

9 A. -- I would need the most accurate time line.

10 Q. Well, this is what we have. These are the

11 papers. And what -- what I know -- what we've

12 established so far is that in response to

13 Ms. Williamson's e-mail you were willing to -- you told

14 her the unit is on board, right?

15 A. But the time line, as you pointed out --

16 Q. Okay. Is there -- is there some confusion or

17 some other event that happened in your mind on

18 October 29th related to signing off on that -- on a

19 letter that might be confused with this situation --

20 MS. CHEN: Objection, form.

21 Q. (BY MR. RUSSO) -- that you're aware of?

22 A. I don't recall.

23 Q. Okay. So as far as -- as you can recall, this

24 is the only situation where Ms. Williamson asks you to

25 sign on to an advocacy letter, would you agree, on Oct-

1 -- on October 29th?

2 A. I know that on October 29th, Ms. Williamson  
3 wanted to educate our unit on what redistricting is and  
4 what it looks like, and I did send her this e-mail  
5 saying that we are on board with her being able to get  
6 with the unit and educate us on the redistricting,  
7 which may be the difference in this time period.

8 Q. Right.

9 A. I'm not -- I'm not -- I'm not sure on -- I  
10 would have to look at the -- more e-mails to see  
11 exactly why -- why there's a difference in time and --  
12 is there any other e-mails between her and I that  
13 provide more conversation?

14 Q. Yeah. We'll -- we'll look -- I have other --  
15 other documents marked. Whether they're particular  
16 e-mail that explain the hour difference, I don't -- I  
17 don't know.

18 A. Because this could be -- this could easily be a  
19 response to the wrong e-mail. This could easily be a  
20 response to another e-mail that she may have sent.

21 Q. Yeah. Well --

22 A. Or it -- or it could not. So I don't want to  
23 say that it is or it isn't if I don't have the full  
24 scope of e-mails.

25 Q. Okay. Well, so all I can represent to you is

1 that this -- the e-mails we've been looking at --

2 A. Okay.

3 Q. -- including 5 and 7 were produced by your  
4 counsel --

5 A. Okay.

6 Q. -- in this case. And I -- the way I know that  
7 is it has a Bates number at the bottom.

8 A. Uh-huh.

9 Q. So this is the way I got the documents from and  
10 where they were collect -- presumably collected by  
11 y'all in terms of the effort. So, you know, somewhere  
12 out there is an e-mail that has this exact chain in it.

13 A. Okay. So then if there's no other e-mail that  
14 goes in there, then that has to be the unit being on  
15 board with whatever advocacy procedure's going forward.

16 Q. Yeah. And -- and, again, I'm not -- there's  
17 nothing tricky about this. I'm just -- what I'm trying  
18 to gather, though, is how much time you had to review  
19 the letter that Ms. Williamson sent you and then also  
20 get that before your executive committee before you  
21 agreed to sign on as an advocate to the letter. Do  
22 you --

23 A. We were already on a meeting probably.

24 Q. Okay. All right. So do you specifically  
25 remember talking to the executive committee about

1 signing on as an advocate to the letter?

2 A. October the 29th. Oh, yeah. We were already  
3 on the meeting.

4 Q. Okay. So do you remember again --

5 A. Yes.

6 Q. Okay. Getting --

7 A. Specifically this -- I do remember specifically  
8 getting the approval with the executive committee about  
9 signing on.

10 Q. Okay. All right. So then there should -- you  
11 should -- you had a meeting ongoing on Friday the 29th  
12 at roughly 6:00 or 7:00 o'clock and were able to obtain  
13 approval then, right?

14 A. There was an executive meeting that was already  
15 transpiring --

16 Q. Okay. Is that --

17 A. -- that had already transpired.

18 Q. On -- is that a Zoom session, if you recall?

19 A. Yes.

20 Q. All right. Was there any conversation that you  
21 recall about where you needed to change any of the  
22 language of the -- the letter?

23 A. I don't recall.

24 Q. Do you know whether you changed any of the  
25 language in the letter?

1 A. I don't recall.

2 Q. Okay. All right. So then when Ms. Williamson  
3 responded to you with her e-mail at the top of  
4 Exhibit 7, did you -- do you have any further response  
5 to her that you recall?

6 MS. CHEN: Objection, form.

7 A. I don't recall.

8 Q. (BY MR. RUSSO) Do you know if Ms. Williamson  
9 was in -- in contact with any of the other executive  
10 committee members for the unit at the same time dealing  
11 with this specific issue?

12 MS. CHEN: Objection, form.

13 A. This -- for Dickinson unit?

14 Q. (BY MR. RUSSO) Yes, ma'am.

15 A. Oh, I -- I can't say I know that for a fact.

16 Q. Okay.

17 A. I know that she was in communication with  
18 myself.

19 Q. All right. Looking back at Exhibit 5, are  
20 there -- on the list of people that the e-mail was sent  
21 to --

22 A. Uh-huh.

23 Q. -- are there any other people in here that are  
24 on the executive committee -- I don't want to know who  
25 they are or names and don't point to them because I

1 don't -- trying to avoid objection.

2 MS. CHEN: Appreciate it.

3 Q. (BY MR. RUSSO) But are there -- are there any  
4 other people on that list where you -- that are -- that  
5 would have been in -- involved in this conversation  
6 with you that are on sort of the executive -- the  
7 decision-making executive committee for the unit?

8 A. Outside of me?

9 Q. Yes.

10 A. On Exhibit 5? Yes.

11 Q. There are. Is there one or more?

12 A. Collectively there's more than one  
13 representative from the executive committee.

14 Q. Okay. And so -- and it -- do you remember --  
15 were you on -- on the -- in the meeting with the  
16 executive folks when you received this e-mail from  
17 Ms. Williamson, or was it some time later?

18 MS. CHEN: Objection, form.

19 A. I -- I don't recall. I'm sure the e-mail came  
20 after or something. I'm not sure.

21 MR. RUSSO: Okay. Going to go back.  
22 Tell you what. Let's -- probably a good time to check  
23 on the food's available.

24 MS. CHEN: Yeah. Sounds good.

25 MR. RUSSO: She may be back now, if that

1 works.

2 THE VIDEOGRAPHER: Off the record, 12:58.

3 (Break.)

4 (Marked Lofton Exhibit Nos. 8 and 9.)

5 THE VIDEOGRAPHER: Going back on the

6 record, 1:39 p.m.

7 Q. (BY MR. RUSSO) All right. Good afternoon.

8 A. Good afternoon.

9 Q. So the court reporter has marked Exhibits 8 and  
10 9. They actually relate to each other. Exhibit 8 is  
11 an e-mail, and Exhibit -- Exhibit 9, I believe, to be  
12 the attachment --

13 A. Okay.

14 Q. -- to that e-mail. And, again, review as much  
15 of those as you would like to, but --

16 A. I know what it is.

17 Q. You've seen those before today?

18 A. Uh-huh. I know what it is.

19 Q. Okay. Can you tell me -- the e-mail's dated  
20 March -- I'm sorry -- November 2nd of '21. And it is  
21 from you to Ms. Rice. Agreed?

22 A. Yes.

23 Q. You know Ms. -- Ms. Rice -- is that  
24 Rice-Anders?

25 A. Yes.

1 Q. Correct. So why was it you were forwarding  
2 this e-mail and PowerPoint to Ms. Rice in November of  
3 2021?

4 A. She could not access it directly. And so I  
5 forwarded to her an attempt so that she could have the  
6 PowerPoint.

7 Q. Okay. Specifically for the Mainland branch?

8 A. No. We were on a collective call about  
9 learning about -- this is the redistricting education  
10 that we were receiving as executive committees.

11 Q. Okay. So were there other -- what -- who --  
12 who were the participants in the education -- ongoing  
13 education on November 2nd?

14 A. No one participated on November 2nd. This is  
15 just when I e-mailed it. It didn't happen -- this is  
16 when I e-mailed it to her.

17 Q. Okay. So explain to me how the -- the  
18 education effort works along with your e-mail of  
19 November 2nd. Like when did the -- was there an  
20 education meeting? Was there --

21 A. Yeah. There was -- there was --

22 Q. Tell me about that.

23 A. We were -- we received an education meeting  
24 from who's noted on this, Roxy, the CROWD mapping  
25 fellow, to educate us on what the redistricting -- of

1 what it looks like, what has been occurring throughout  
2 the state, what she's been trained on, and how it would  
3 affect us and where we should be in the process and be  
4 as far as -- in the process as far as -- because  
5 already, by that time, close to voting time and we  
6 should -- close to the end of the year, and we should  
7 have had more communication and been brought up to  
8 speed on what -- about what the, presumed, presented  
9 maps would be because we did -- we were aware that  
10 redistricting would occur.

11 So this was an education piece from a  
12 nonpartisan organization to educate each unit about  
13 what redistricting is and what has been going on across  
14 the state. Yeah.

15 Q. Okay. And that's -- was that the CROWD  
16 organization?

17 A. Uh-huh. Yes.

18 Q. All right. And then --

19 A. "CROWD mapping fellow."

20 Q. Right. That's Ms. -- Ms. Williamson's na- -- I  
21 guess that's her title, right?

22 A. That was her title? Yeah. Yes.

23 Q. If you know.

24 A. That's the capacity that she was operating in,  
25 yes.

1 Q. Okay. Did she also, do -- to your knowledge,  
2 have a position with the Galveston NAACP branch at this  
3 time?

4 A. I don't know what their membership status --  
5 roster looks like.

6 Q. All right. Okay. So you forwarded this. You  
7 sent an e-mail to Ms. Rice-Anders containing this --  
8 with this PTX or a -- sorry -- PowerPoint, right?

9 A. (Nodding head.)

10 Q. Was that in preparation for an education  
11 meeting or it was af- --

12 A. It was after the meeting. She could not access  
13 the documents on her device, so she -- once I received  
14 -- I asked on the meeting, "Could you send me over a  
15 copy of this PowerPoint?" She sent it to me, and I  
16 forward it to Ms. Barbara a couple days later.

17 Q. All right. And so during the -- do you went --  
18 do you know when about -- about the meeting with  
19 Ms. Williamson occurred, the conference with her on  
20 education where she presented this material?

21 A. October 29th.

22 Q. Okay. What time was it approximately? Do you  
23 know?

24 A. I'm not sure the time.

25 Q. All right. And so what was the process in

1 connection with going through the materials that you  
2 just -- look at the PowerPoint, read through some of  
3 those items and say, you know, here's what's important  
4 to you? How did it work?

5 A. The process?

6 Q. Yes, ma'am.

7 A. No. Ms. -- as the CROWD mapping fellow she'd  
8 been training for that the entire year-plus that I know  
9 of.

10 Q. Uh-huh.

11 A. So she received very thorough education and  
12 training about that. So it wasn't just a presentation  
13 of this is what's important to you. She went through  
14 the history of redistricting, how it has affected the  
15 state historically, what -- how it has -- has affected  
16 -- what has occurred in Galveston County historically  
17 and where we were at that particular time.

18 Q. Uh-huh. Okay. So did you -- was there  
19 anything during the conversation with Ms. Williamson  
20 that, you know, you found new to you?

21 A. New to me?

22 Q. Yes.

23 MS. CHEN: Objection, form.

24 A. No. In the -- clarify. What do you -- what do  
25 you mean?

1 Q. (BY MR. RUSSO) Well, is there anything that  
2 you -- in listening to the education meeting, was there  
3 something that you'd been -- you'd heard for the first  
4 time in this one conference?

5 A. Yeah. She -- it -- a lot of it was -- it was  
6 an education piece. She had been focusing on this  
7 particular -- she was focusing on redistricting. So  
8 this was something that she was trained on and  
9 thorough. So that's not nothing that we take out  
10 specifically and work on.

11 Q. Uh-huh.

12 A. So whenever someone comes to us with the -- the  
13 education that's showing us that they've had training  
14 for an extensive amount of time and went throughout the  
15 state from different areas where redistricting has  
16 occurred and how it has affected them and how things  
17 have -- how different agencies have moved forward. And  
18 she came back with that information and educated us on  
19 where we are, where we've been, and potentially what  
20 could happen going forward.

21 Q. Yeah. And did you -- did you tell me that the  
22 -- that -- were all three branches of the NAACP that  
23 are involved in this case also involved in that me- --  
24 education meeting?

25 A. Yes.

1 Q. All right. Do you know who -- was  
2 Ms. Anders-Rice on for the Mainland branch?

3 A. Yes. She's president. It's executive -- it  
4 was the executive committees -- executive boards of  
5 each unit on this call.

6 Q. Okay. So that would have been the president,  
7 plus whatever members of the executive boards --

8 A. Whichever were would -- whichever were on  
9 boards -- members that they brought with them.

10 Q. Okay.

11 A. And that meeting was to educate the executive  
12 board and see that -- so that the executive board can  
13 see if it was of value to take back to the unit so that  
14 then Ms. Williams could come -- Ms. Williamson can come  
15 back and educate the unit individually.

16 Q. Okay. Was a member of the LULAC organization  
17 on the call to your recollection?

18 A. Strongly possible.

19 Q. Do you specifically remember them being  
20 avail- --

21 A. I don't know who was all on the e-mail.

22 Q. On the phone conference --

23 A. On the -- on the --

24 Q. -- meeting conference?

25 A. On the Zoom. Yes. I don't. I can't say yes

1 or no, but it's highly possible.

2 Q. All right. But sitting here right now, you  
3 don't -- you don't recall being on it?

4 A. I can't say that. I can't say that they were  
5 or they were not.

6 Q. Okay. Do you remember -- how -- how was the --  
7 how were you invited to attend the -- this meeting?

8 A. How was I invited? I'm pretty sure by e-mail.

9 Q. Okay. So you think you received an e-mail from  
10 Ms. Williamson likely that said we're going to have --  
11 have an education type of conference or something along  
12 those lines on this particular date, whatever day it  
13 is?

14 A. Possible. The e-mail could have went to my  
15 secretary, and the secretary could have said, "Hey,  
16 there's -- this is going to happen, so if you're  
17 available at this time." We could have all made a  
18 decision --

19 Q. Uh-huh.

20 A. -- to just get on and go forward with it  
21 because of what it was, the capacity at which she was  
22 discussing.

23 Q. Yeah. Do you know an individual by the name of  
24 Joe Compian? Have you ever met him?

25 A. Met him? He's been in proximity of different

1 events, yeah. He's been a part -- have I met him  
2 directly?

3 Q. Uh-huh.

4 A. Beyond saying names -- exchanging names and  
5 probably a handshake.

6 Q. Uh-huh.

7 A. That's it. Conversation, no.

8 Q. Do you know he's with the LULAC organization in  
9 Galveston County?

10 A. Yes.

11 Q. Was he on this meeting conference that you  
12 recall?

13 A. Not sure.

14 Q. Okay. Can't say one way or the other right  
15 now?

16 A. Can't say one way or the other.

17 Q. All right. So on the -- on -- I'm going to  
18 refer to a couple Bates number pages and, again, the  
19 Bates number pages are on the bottom just use.

20 A. Bates -- uh-huh.

21 Q. These are reference -- and I'm just going to  
22 refer to the last three --

23 A. Okay.

24 Q. -- numbers. So if you look at 903, there's a  
25 statement on top that states -- starts with the census

1 -- I'm sorry. It's actually, "How redistricting work"  
2 is on -- is on the top, and then it say -- start --  
3 starts with the sentences. See that?

4 A. Yes.

5 Q. So we talked earlier about whether you sort of  
6 -- what your understanding was in terms of the need for  
7 the census information. Did Ms. Williamson discuss  
8 that with you in this -- this meeting?

9 A. Yes.

10 Q. Okay. And what'd she tell you?

11 A. What'd she tell us?

12 MS. CHEN: Objection, form.

13 Q. (BY MR. RUSSO) Yes.

14 A. What the forms say.

15 Q. Did she just kind of read through the  
16 PowerPoint points?

17 A. And as questions as --

18 Q. Okay. And so -- do you -- is it your  
19 understanding that -- that redistricting effort does  
20 start with the census data?

21 MS. CHEN: Objection, form.

22 A. As this form states.

23 Q. (BY MR. RUSSO) As the form -- form says?

24 A. Yes.

25 Q. Okay. I mean, do you agree with that?

1 A. Yes.

2 Q. Okay. And do you know when -- when the census  
3 data was received by Galveston County in this case?

4 MS. CHEN: Objection, form.

5 A. The exact date, no.

6 Q. (BY MR. RUSSO) Do you know when it was  
7 released by the -- the government, United States?

8 MS. CHEN: Objection, form.

9 A. I'm sure Google could tell us, but I don't re-  
10 -- I can't give you the date, just rattle it off to  
11 you, no.

12 Q. (BY MR. RUSSO) Okay. All right. Well, so if  
13 I represent to you that the data was received in a --  
14 in or about August of 2021, does you -- would you sort  
15 of agree with that or does that just run counter to  
16 your expectations?

17 A. I would have to -- I mean, I -- I wouldn't be  
18 able to say "yes" or "no" without seeing it myself that  
19 this was the date that it was released.

20 Q. Okay. No understanding of that right now? No?

21 MS. CHEN: Objection, form.

22 Q. (BY MR. RUSSO) You don't have -- you have no  
23 understanding of when the data was received?

24 A. No. I don't know when the data was received.

25 Q. All right. Okay. Would you agree with me,

1       though, that if -- if the -- the redistricting effort  
2       really starts with the census data, that the earlier  
3       you receive that data, the more time you have to deal  
4       with redistricting?

5           A.    Yes.

6           Q.    I mean -- and all things being equal, you'd  
7       rather have that the data earlier than later.  Agreed?

8           A.    Yes.

9           Q.    Yeah.  And then if -- if the data is received  
10       later in the year in 2021 and the redistricting has to  
11       be done by 2021, that receipt of the information in  
12       August, you know, shortens the time line for the county  
13       to deal with redistricting.  Agreed?

14                   MS. CHEN:  Objection, form.

15           A.    Shortens the form?

16           Q.    (BY MR. RUSSO)  The time line?

17           A.    The time line?

18           Q.    Yes, ma'am.

19           A.    Yes.  However, the county has resources to mass  
20       produce things out and let people know and inform them  
21       in a timely fashion.

22           Q.    Uh-huh.

23           A.    As they did when they seeked a map drawing.

24           Q.    Yeah.  And I agree with you.  They can release  
25       the -- the maps once they're done, right?

1 MS. CHEN: Objection, form.

2 A. Again, be transparent throughout the process as  
3 well.

4 Q. (BY MR. RUSSO) Right. So -- and transparency,  
5 is it your -- when you speak of transparency, is it  
6 your view that you would have liked the county to have  
7 told you when they received the census data?

8 A. I would like to -- the county that was  
9 utilizing taxpayers' dollars to be inclusive with the  
10 community that it will be impacting as -- greatly, to  
11 include them along the process to get some type of  
12 input. So transparency, meaning in the -- the manner  
13 of making sure that the people who are going to be  
14 affected by something are well informed and are reached  
15 in methods and processes to where they are commonly  
16 utilizing.

17 Q. And is -- is one of your complaints that the  
18 county did not let you know or your group know that it  
19 had received the census data?

20 A. The complaint is that the community was not  
21 aware of what the transparency or the process looked  
22 like in the redistricting and what was going forth.  
23 That's what the complaint is.

24 Q. Okay. So it's -- it's not necessarily that the  
25 county didn't tell you they got -- when they received

1 the data?

2 A. The complaint is there's no transparency in the  
3 process or inclusiveness to the community that is  
4 greatly affected by the procedure going forward to  
5 redistricting.

6 Q. Uh-huh. And in that description of the  
7 complaint, does that include that -- that the county  
8 should or should not have let -- let you know when they  
9 received the data?

10 A. The county --

11 MS. CHEN: Objection, form.

12 A. The county should do what's best in the  
13 community's tax dollars' favor to the community that's  
14 being affected.

15 Q. (BY MR. RUSSO) So on Page 903, it also states  
16 under "Who's responsible for redistricting?" the second  
17 bullet point says "jurisdictions will usually contract  
18 with legal counsel to draw maps." See that?

19 A. Yes.

20 Q. And do you agree that that's acceptable to use  
21 legal counsel for redistricting purposes?

22 MS. CHEN: Objection, form.

23 A. Yes.

24 Q. (BY MR. RUSSO) Are you able to -- hang on one  
25 second. Do you -- do you know the difference between

1 partisan gerrymandering and racial gerrymandering?

2 MS. CHEN: Objection, form, calls for  
3 legal conclusion.

4 A. Explain your question a little more.

5 (BY MR. RUSSO) Uh-huh. Have you ever heard --  
6 heard those two terms, racial gerry- -- gerrymandering  
7 and partisan gerrymandering? Ever heard those before?

8 A. I've heard them and used them.

9 Q. Okay. And what is par- -- what does partisan  
10 gerrymandering mean to you?

11 A. Partisan is according to your political party.  
12 Gerrymandering, based on -- for an example, drawing  
13 lines based on political parties --

14 Q. Uh-huh.

15 A. -- versus -- because we're here talking about  
16 maps and drawing lines versus drawing lines -- lines  
17 based on race.

18 Q. Uh-huh. And in your -- your view, is it your  
19 position that the county engaged in racial  
20 gerrymandering or partisan gerrymandering or both? You  
21 have a position on that?

22 A. It's evident that there is racial  
23 gerrymandering.

24 Q. There is?

25 A. (Nodding head.)

1 Q. And what is it that makes you believe that?

2 A. The one minority-majority precinct split in  
3 several ways, and that one minority-majority precinct  
4 was minority majority of Black and Hispanic.

5 Q. Uh-huh.

6 A. And there was these -- the map that was used  
7 was very similar to the map that was used and proven  
8 before that was found discriminatory and also used the  
9 same person to draw the maps.

10 Q. Uh-huh.

11 A. Also, the people who were most affected by it  
12 were not communicated in a manner in which they are  
13 known for communication, which is a senior population  
14 that did not know a lot about what was going on.  
15 However, there were things on the Internet that were --  
16 a judge clearly states "Go vote for Map 2" in support  
17 of the redistricting.

18 Q. Uh-huh. Ye- --

19 A. However, the seniors in Precinct 3 -- the old  
20 Precinct 3 --

21 Q. Uh-huh.

22 A. -- typically did not have Internet access or  
23 even know how to utilize the Internet.

24 Q. Okay. And somehow the use of the Internet  
25 indicates to you that the -- the drawing of the lines

1 or redrawing of Precinct 3 is a racial gerrymandering  
2 versus partisan?

3 MS. CHEN: Objection, form.

4 A. There were a few other things that contribute  
5 to that. That's a component of it. The people in  
6 Precinct 3 -- the Black and brown people in Precinct 3,  
7 they were not given information in -- where they  
8 receive it to be aware of it. So that's why they  
9 showed up at a meeting in a mass amount in a small  
10 building --

11 Q. (BY MR. RUSSO) Uh-huh.

12 A. -- versus probably the counterpart to voting  
13 online.

14 Q. I'm trying to unpack that. I'm not sure I  
15 understand how it is that the use of the Internet leads  
16 you to conclude that -- that racial gerrymandering  
17 occurred in the county's drawing of maps.

18 A. It's a component. It's not a --

19 MS. CHEN: Objection, form.

20 Q. (BY MR. RUSSO) Sorry. It's a component? It's  
21 a component?

22 A. Yes.

23 Q. Well, would it have been better for the county  
24 not to use the Internet and --

25 MS. CHEN: Objection, form.

1           A.    It would have been better for the county to be  
2 more inclusive and more transparent about the process  
3 and reaching the community in -- which that will be  
4 impacted in a capacity in which they're able to be  
5 reached.

6           Q.    (BY MR. RUSSO) Okay. So then it's not --  
7 it's not the use of the Internet you're complaining  
8 about, I don't think. There -- your -- is it your --  
9 your issue that -- that the allegation that the county  
10 only used the Internet?

11          A.    There are 20 -- 20 reasons in this form to what  
12 the issue is.

13          Q.    I'm sorry. 20 reasons on --

14          A.    The -- the statement. The topics. It's not  
15 just that.

16          Q.    Okay. There's 20 reasons on the topic list on  
17 Exhibit 1?

18          A.    Different -- no, no, no. There's 20 different  
19 topics a part of this --

20          Q.    Uh-huh.

21          A.    -- Exhibit 1 --

22          Q.    Uh-huh.

23          A.    -- about the complaint.

24          Q.    Right.

25          A.    So it's not just to the Internet. It's the

1 different components and everything collaboratively put  
2 together, collectively put together that --

3 Q. Leads you to believe that there was racial  
4 gerrymandering?

5 A. It's the only minor-majority district --  
6 precinct that was disrupted --

7 Q. Yeah. And you're --

8 A. -- and dismantled.

9 Q. You're aware, are you not -- or maybe you're  
10 not. I don't know. What's your belief as to whether  
11 Precinct -- old Precinct 3 was -- you know, typically  
12 voted for the Democrat candidate?

13 MS. CHEN: Excuse me. Objection, form.

14 A. Clarify what your question is.

15 Q. (BY MR. RUSSO) Do you have any understanding  
16 as to whether in any particular election, precinct --  
17 in -- in Precinct 3, if Precinct 3 -- old Precinct 3  
18 voters, historically, did they elect a Republican  
19 candidate or a Democrat candidate?

20 A. I'm aware that old Precinct 3 was at -- elected  
21 a candidate that represented and reflected the  
22 community and someone who they had a relationship with  
23 and was in great community with -- they had a -- built  
24 a great rapport with the community.

25 Q. Okay. Was --

1 A. And represented the community, could understand  
2 their needs and wants for the community.

3 Q. And you don't have any understanding as to  
4 whether a particular party did well or poorly in  
5 Precinct -- old Precinct 3?

6 MS. CHEN: Objection, form.

7 A. Are you asking me that in capacity of a  
8 president or as an individual?

9 Q. (BY MR. RUSSO) Both. We'll start with the  
10 NAACP president role.

11 A. As the NAACP president role, we do not focus on  
12 party. We are nonpartisan. So my search would not be  
13 to look at who's democratic and who's Republican or  
14 liberal or other.

15 Q. Okay. So then what you're telling me is as  
16 their representative of the NAACP, you have no  
17 knowledge of whether old Precinct 3 would typically  
18 elect a Democrat candidate over a Republican candidate?

19 MS. CHEN: Objection, form.

20 Q. (BY MR. RUSSO) You have no knowledge of that?

21 A. I'm not saying that.

22 Q. Okay. Well, do you have knowledge or what's  
23 your -- what's the organization's belief as to whether  
24 old Precinct 3 typically elected Democrat versus a  
25 Republican?

1 A. Can you provide me with documentation of what  
2 the precinct has historically elected?

3 Q. Well, I could if I could run across it, but I'm  
4 wondering what you know.

5 A. I am not sure that the democratic or Republican  
6 party affected Precinct 3 in a manner that was swaying  
7 the vote. I know that in the community, from talking  
8 to people in the community, that they prefer to have a  
9 representative or someone who is relatable and looked  
10 like them and showed up in the community. That's what  
11 I know.

12 Q. Okay. And let's talk about what we know, and  
13 in old Precinct 3 -- I think you allege that  
14 Commissioner Holmes in particular has been elected in  
15 that precinct over quite a few years. Do you agree  
16 with that?

17 A. This is the first time Commissioner Holmes'  
18 name has been brought up.

19 Q. I don't know what that -- what -- why does that  
20 have anything to do with this?

21 A. You said that I alleged. I -- I haven't -- we  
22 haven't spoke Commissioner Holmes' name for --

23 Q. I'm sorry. Alleged in the -- alleged in the  
24 case. Alleged in the case. Alleged in the case.

25 A. We -- okay.

1 Q. Alleged in the -- it's alleged in the case.

2 A. Okay.

3 Q. And so if you don't know, that's okay. People  
4 -- I think -- I don't think it's -- anyone's going to  
5 dispute that there's a distinction allegation and  
6 belief that Commissioner Holmes has been elected in old  
7 Precinct 3 for many years, correct?

8 A. Correct.

9 Q. And he has consistently been a -- a -- run on  
10 the Democrat ticket. Would you agree?

11 A. I suppose.

12 Q. Do you not know?

13 A. No.

14 Q. You don't know whether Commissioner Holmes has  
15 run as a Republican or Democrat over the years?

16 A. Yes.

17 Q. Which is it?

18 A. And as an individual or as the president?

19 Q. Is your answer different? I mean, as a --

20 A. I mean, because my knowledge as the president,  
21 I don't speak on partisan. As a president, I'm not  
22 speaking on partisan. As an individual, I can tell  
23 you, yes, I've noticed that Commissioner Holmes is on  
24 the democratic side, yes.

25 Q. Yeah.

1 A. But --

2 Q. I mean, I don't -- it's -- I don't think it's  
3 going to be surprising to anyone that old Precinct 3  
4 typically elected democratic candidates. Do you agree  
5 or not?

6 MS. CHEN: Objection, form.

7 Q. (BY MR. RUSSO) I mean, that's not -- that's  
8 not highly disputed here. I mean, it really isn't.  
9 You --

10 A. It is not, so --

11 Q. I mean, you've been a -- you've been in the  
12 community for 30-plus years, right?

13 A. I have.

14 Q. So, you know, that's -- that's a known issue,  
15 right?

16 A. An issue?

17 Q. That's a known result that democratic  
18 candidates typ- -- typically get elected out of old  
19 Precinct 3.

20 A. Okay.

21 Q. Do you agree or not?

22 A. I agree that democratic candidates have been  
23 elected in Precinct 3.

24 Q. And why is it that you believe that the county  
25 commissioners redistricting maps were not changed, at

1 least in part, to allow for the county to remain  
2 Republican --

3 MS. CHEN: Objection.

4 Q. (BY MR. RUSSO) -- particularly for Pre- --  
5 Precinct 3 to elect a Republican?

6 MS. CHEN: Objection, form.

7 A. Can you rephrase that question?

8 Q. (BY MR. RUSSO) What is it that leads you to  
9 believe that -- that the commissioners court --

10 A. Uh-huh.

11 Q. -- their effort in redistricting wasn't related  
12 to trying to keep the county red, so to speak?

13 MS. CHEN: Objection, form.

14 A. It's the only district that's a minority  
15 majority.

16 Q. (BY MR. RUSSO) And it's the only --

17 A. Precinct that had the minority majority.

18 Q. And it's the only precinct that also elected a  
19 Democrat historically. Would you agree?

20 MS. CHEN: Objection, form.

21 A. It's fact.

22 Q. (BY MR. RUSSO) Yes, right? I mean, yes, we  
23 know that?

24 A. That's documented.

25 Q. Right. So -- but you've concluded that the --

1 | the efforts equate to a -- a racial -- an effort to  
2 | change votes based on race rather than party?

3 | MS. CHEN: Objection, form.

4 | A. It's the minority majority.

5 | Q. (BY MR. RUSSO) And I'm trying to figure out  
6 | why it is you believe this was -- the change in the  
7 | districting -- change in the districts -- precincts  
8 | -- sorry -- isn't related to a question of  
9 | partisanship?

10 | A. It's the only minority majority.

11 | Q. Again, that elected a democratic candidate  
12 | consistently?

13 | A. It's the only minority-majority precinct.

14 | Q. Is that it?

15 | A. It's the only minority majority and the  
16 | utilization of the same attorney that was found  
17 | discriminatory previously, along with there were not --  
18 | there was not a lot of transparency through the process  
19 | that allowed the community to be involved with the  
20 | decision that was going to affect it directly, however,  
21 | to paying their tax dollars to do so.

22 | Q. Uh-huh. So you mention that -- that -- well,  
23 | let me just show you here. Tab 93.

24 | (Discussion off the record.)

25 | (Marked Lofton Exhibit No. 10.)

1 Q. (BY MR. RUSSO) I think you mentioned earlier  
2 in one of your responses that you were aware of an  
3 Internet statement supporting Map 2 --

4 A. The Internet statement from the judge --

5 Q. Remember that?

6 A. -- encouraging people to vote for Map 2.

7 Q. Do you -- do you remember saying that?

8 A. Yes.

9 Q. Okay. And this is an e-mail -- it's marked as  
10 -- what are we on? 10.

11 THE REPORTER: 10.

12 MR. RUSSO: 10?

13 THE REPORTER: Yeah.

14 Q. (BY MR. RUSSO) -- dated November 11th, 2021.

15 A. Uh-huh.

16 Q. It's from Ms. Williamson.

17 A. Uh-huh.

18 Q. And you're copied on it, right?

19 A. Uh-huh. Yes.

20 Q. And it's forwarding an earlier e-mail from  
21 November 10th that was sent to Ms. Williamson. You see  
22 that?

23 A. I see it.

24 Q. Okay. And it states that the e-mail is  
25 noticing Galveston County to vote on redistricting this

1 Friday, November 12th, 2021. You see that?

2 A. Yes.

3 Q. And it says "calling all Galveston  
4 republicans." You see that?

5 A. Yes.

6 Q. It goes on on one -- Page 1, to say there are  
7 two maps being considered. And on Page 2, "Map 2 will  
8 add a much needed coastal district." Do you see that?

9 A. Yes.

10 Q. "And will reflect changing demographics of  
11 Galveston County." And it goes on to say, "Map 2 will  
12 also help to keep Galveston red." You see that?

13 A. Yes.

14 Q. What does that mean to you?

15 A. Red -- red --

16 MS. CHEN: Objection, form.

17 A. -- means what the form says it means.

18 Q. (BY MR. RUSSO) So --

19 A. Keep the county red. So it seems that that's  
20 what the goal is here, that -- is that what you're  
21 saying to me?

22 Q. I'm asking you what -- just more simply: What  
23 does it -- what does it mean to keep the county red  
24 from your -- your view?

25 A. In my view?

1 Q. Yes.

2 A. Keep the county red.

3 Q. And does that mean keep the county voting  
4 Republican, Democrat, vote independent? Does it have  
5 anything to do with parties?

6 MS. CHEN: Objection, form.

7 A. Red having to do with parties, and it says  
8 Republican -- "calling all republicans."

9 Q. (BY MR. RUSSO) Yeah. I know. That's in the  
10 -- that's in the content of the message?

11 A. Right. I think it's clear what the e-mail is  
12 stating.

13 Q. Which is what?

14 A. "Calling all Galveston County republicans."

15 Q. To do what?

16 A. To keep the party -- to keep the county red.

17 Q. And "red" meaning, what, Republican?

18 A. That's what represents republicans.

19 Q. Well, the -- are you aware of that reference?

20 A. Yes.

21 Q. "Yes"?

22 A. (Nodding head.)

23 Q. You know, seeing -- seeing this -- this  
24 message, you know, out on the Web, is it still your --  
25 is it your disagreement -- you just don't agree with

1 the notion that the county's effort related to keeping  
2 the county Republican?

3 A. No.

4 MS. CHEN: Objection, form.

5 Q. (BY MR. RUSSO) No. Do you know how new  
6 Precinct 3 -- is it likely to -- in your view -- you  
7 live in that precinct now, right?

8 A. No.

9 Q. You do not?

10 A. Do not.

11 Q. You live in Precinct 4?

12 A. I do.

13 Q. Okay. Do you know where new Precinct 3 is?

14 A. I do.

15 Q. Do you know whether it's likely to elect a  
16 Republican candidate over democratic candidate? Do you  
17 have any idea?

18 A. I -- I'm not sure what it would do.

19 Q. All right. What about in Precinct 4?

20 A. I'm not sure what it will do.

21 Q. Who's your candidate -- or who's the -- your  
22 commissioner in Precinct 4?

23 A. Armstrong.

24 Q. Do you know Dr. Armstrong?

25 A. Do not.

1 Q. Have you ever met -- tried to reach out to him  
2 and meet him?

3 A. I don't know him personally. I just know of  
4 his family.

5 Q. You do know his family?

6 A. (Nodding head.)

7 Q. And he's from the La Marque area, right?

8 A. (Nodding head.)

9 Q. "Yes"?

10 A. I -- yeah.

11 Q. If you don't know. I don't -- I don't -- how  
12 do you know his family?

13 A. I know a descendent of his and also that --  
14 well, yeah. A rel- -- a relative of his.

15 Q. Who is it? What -- and what relationship?

16 A. They have the same last name.

17 Q. Okay. What do you think of Dr. Armstrong as a  
18 politician?

19 A. I don't -- I don't know much about him as a  
20 politician other than he's a Republican and the  
21 disparity that I have heard from his family being  
22 detached from him. That's it.

23 Q. Okay. Who was it that discussed the disparity  
24 con -- context?

25 A. His -- I'm not at liberty to say that person's

1 name, but that I am in relationship with them and he is  
2 not connected with everyone.

3 Q. Everyone in his family?

4 A. With his same last name.

5 Q. Okay. And I'm just trying to make sure I  
6 understand you, that you're not -- are you referring to  
7 connected to the community or affected to his --  
8 connected to his family?

9 A. He's not connected to -- I mean, he might be  
10 connected to -- could -- Precinct 4, but he's not  
11 connected outside of business to La Marque. You  
12 brought up La Marque and him being from La Marque.

13 Q. Uh-huh.

14 A. But he's disconnected from his family in La  
15 Marque per se.

16 Q. Uh-huh. And that --

17 A. He might be connected to Precinct 4.

18 Q. And so you're -- and what you're -- you're  
19 basing your information, in terms of whether  
20 Dr. Armstrong is connected to La Marque, based upon  
21 some person that you have a relationship with?

22 A. Yes.

23 Q. Anything else?

24 A. Just things that I've seen. Outside of  
25 business, I haven't seen any of the relationship

1 connection --

2 Q. Uh-huh.

3 A. -- outside of business, the Armstrong Group. I  
4 believe that's what it's called.

5 Q. Okay. Outside of business, he's not connected  
6 to La Marque. Is that meaning -- are you meaning to  
7 say that through -- there's some business connection to  
8 La Marque?

9 A. He's a doctor.

10 Q. Right.

11 A. So outside of his practice and the things that  
12 he participate in business-wise, community, I am saying  
13 that from the people in the community that I have  
14 spoken with and the family members that I have spoken  
15 with, there is a disconnection.

16 Q. Between him and the family?

17 A. The community.

18 Q. His -- his family. Oh, okay.

19 A. And --

20 Q. Now you're expanding it to the community?

21 A. I said the community and the family. He's not  
22 connected to La Marque in the capacity of the previous  
23 -- well, that's not even his -- yeah. He's not --  
24 there's not a connection. Yeah. I'll leave it there.

25 Q. And you're saying, other than the fact that he

1 works there?

2 A. That he does business there.

3 Q. He -- he works there as a doctor, right?

4 A. It's business.

5 Q. What kind -- what kind of facility is it?

6 MS. CHEN: Objection, form.

7 A. He's a doctor.

8 Q. (BY MR. RUSSO) So -- and what kind of facility  
9 does he run?

10 MS. CHEN: Objection, form.

11 A. Whatever's in his capacity.

12 Q. (BY MR. RUSSO) Do you know?

13 A. I'm not sure how relevant it is.

14 Q. I -- I'm just asking if you know. Do you know  
15 what he does?

16 A. He's a doctor.

17 Q. And what specifically does he do as a doctor?

18 A. He's a medical doctor.

19 MS. CHEN: Objection, form.

20 Q. (BY MR. RUSSO) Does he have any particular  
21 practice or people that he cares for?

22 A. I don't have a document in front of me to say  
23 exactly, so I'm not sure.

24 Q. Okay. So you don't know?

25 MS. CHEN: Objection, form.

1 Q. (BY MR. RUSSO) Right?

2 A. He's a medical doctor. That's what I know.

3 Q. In order to know what specifically he does in  
4 the community, you'd have to see some paperwork?

5 A. Yes.

6 Q. And he's actually your -- the commissioner  
7 within the precinct that you vote in now, right?

8 A. Correct.

9 Q. And you haven't reached out to talk to him  
10 about any of his views on taking care of county  
11 matters, have you?

12 A. No. I have not.

13 Q. And you haven't reached out to him to talk  
14 about any of his political views either, have you?

15 A. No. I have not.

16 Q. Is there a reason why you've not done that?

17 A. Yes.

18 Q. Did you vote for commission -- Commissioner  
19 Armstrong when he ran in '22?

20 A. No.

21 Q. Why not?

22 A. Because I don't agree with the views that I  
23 already know of.

24 Q. You don't need to talk to him about what his  
25 views are. You already know them?

1 A. He's already put something out.

2 Q. What did he put out that concerns you?

3 A. So are you asking me this in an individual  
4 capacity or as the NAACP president?

5 Q. Yeah. I'm asking you what you know as an  
6 individual.

7 A. As an individual?

8 Q. Yes, ma'am.

9 A. I know that his values don't align with mine.

10 Q. In what way?

11 A. In my own personal way.

12 Q. Is there anything specific you can mention that  
13 -- where Dr. Armstrong's values differ from yours?

14 A. I don't feel the need to.

15 Q. And --

16 A. I know that his values don't align with mine.

17 Q. And -- but is there anything specific that  
18 comes to mind?

19 A. No.

20 Q. And the -- the way that you believe has --  
21 developed your belief that he has -- values don't align  
22 with yours is through what you've seen on the Internet?

23 MS. CHEN: Objection, form.

24 Q. (BY MR. RUSSO) And people you've talked to in  
25 the community?

1 A. It's through what I've heard him say out of his  
2 mouth on the Internet, yes.

3 Q. And -- and what was that specifically?

4 A. I -- I can't recall.

5 Q. Do you remember where you saw it?

6 A. On the Internet.

7 Q. You remember the topic?

8 A. (Shaking head.)

9 Q. "No"?

10 A. I can't recall.

11 Q. Do you know his -- is the fact that  
12 Commissioner Armstrong runs as a Republican one of the  
13 reasons you wouldn't vote for him?

14 A. No. Does not affect at all.

15 Q. That's not a factor?

16 A. Does not affect.

17 Q. Not a fact?

18 A. Does not affect or a factor --

19 Q. Factor?

20 A. -- for me, no.

21 Q. Okay. Just kind of a different question. In  
22 -- in connection with what you know about new  
23 Precinct 3, is it your belief that Commissioner Holmes  
24 could be reelected there?

25 A. I don't have a crystal ball. I have --

1 Q. I agree you don't have a crystal ball and --

2 A. I had hope in democracy that this process would  
3 be done transparent, so I can't -- my hope of what  
4 could happen versus the outcome of what will happen  
5 hasn't been in alignment, hence, why we are here.

6 Q. So do you believe that Commissioner Holmes  
7 could be elected in the new Precinct 3?

8 A. I'm not sure.

9 Q. Have you thought about it at all?

10 A. I'm not sure.

11 Q. You don't know if you've thought about it?

12 A. Oh, I know that I'm not sure. I've thought  
13 about it.

14 Q. You have thought about it?

15 A. And I am not sure what could happen.

16 Q. Okay. Okay. So it's possible that he can be  
17 elected in new Precinct 3 then?

18 MS. CHEN: Objection, form.

19 A. It's the land of opportunity.

20 Q. (BY MR. RUSSO) It's possible. It could  
21 happen?

22 MS. CHEN: Objection, form.

23 Q. (BY MR. RUSSO) Agreed?

24 A. I'm not sure.

25 Q. Do you have any expectation as to whether

1 Commissioner Holmes would be elect -- reelected in new  
2 Precinct 3?

3 MS. CHEN: Objection, form.

4 A. I don't have any expectation. I had an  
5 expectation for democracy to be carried out and hoped  
6 for a way for that this redistricting be transparent  
7 and includes a way that maps would include and reflect  
8 the communities that it affected.

9 Q. (BY MR. RUSSO) Yeah.

10 A. That didn't work out, so my expectations are  
11 really not valid at this point because of that, because  
12 what I expect of democracy in its truest form has not  
13 occurred.

14 Q. Is -- is your view that -- that democracy means  
15 what in this case? What has to happen?

16 A. That the community that will be impacted by it  
17 -- be inclusive and included in the procedure and that  
18 people have the opportunity to voice their rights,  
19 voice their opinions, especially tax-paying people,  
20 about what is done --

21 Q. Especially who?

22 A. The taxpayers who --

23 Q. Okay.

24 A. -- about what is done within the community that  
25 affects them.

1 Q. And which people are you talking about, race --

2 A. The people who are --

3 Q. -- race-wise? Which people are you talking  
4 about?

5 A. Those are -- according to the old Precinct 3,  
6 that impacted the -- the Black and Hispanic people.

7 Q. Okay. So, again, your view is in order for --  
8 to get this right, you have to take into account that  
9 racial -- the racial groups of African Americans and  
10 Latinos have to be put together to be able to elect  
11 their own candidate; is that right?

12 MS. CHEN: Objection, form.

13 A. That's not what I said.

14 Q. (BY MR. RUSSO) Okay. So what is it that  
15 -- how do you correct the problem? Do you go back to  
16 old Precinct 3 and that's it?

17 A. No. You --

18 MS. CHEN: Objection, form.

19 Q. (BY MR. RUSSO) You can -- you can answer.

20 A. You create an inclusive process that allows for  
21 the people in the community who will be affected by  
22 them redistricting to be a part of the process and that  
23 the maps be more inclusive and you don't use the same  
24 exact person whose maps have been deemed discriminatory  
25 in the past.

1 Q. Okay.

2 A. It's also an insult to the people --

3 Q. And that's something you knew back in April of  
4 2021, right?

5 MS. CHEN: Objection, form.

6 A. That's something that I learned.

7 Q. (BY MR. RUSSO) Well, you knew it back in April  
8 of '21, right?

9 MS. CHEN: Objection, form.

10 A. I learned it.

11 Q. (BY MR. RUSSO) In April of '21?

12 MS. CHEN: Objection, form.

13 A. I learned it.

14 Q. (BY MR. RUSSO) In April of '21?

15 MS. CHEN: Objection, form.

16 Q. (BY MR. RUSSO) True?

17 A. Yes.

18 Q. But at the time you weren't concerned about  
19 that?

20 A. That's not true.

21 Q. Well, at the time what you told me is --

22 A. At the time.

23 Q. Wait, wait, wait. Let me finish my question.

24 When you testified earlier about the article that was  
25 sent around in April of '21, you weren't concerned

1 about the process of hiring the particular counsel.

2 And you're going -- going to wait and see, you know,  
3 what happened.

4 MS. CHEN: Objection, form, misstates  
5 prior testimony.

6 Q. (BY MR. RUSSO) Is that -- is that correct?

7 MS. CHEN: Objection, form.

8 A. At -- at the time I said I had hoped that  
9 democracy would be as democracy should be, as I prior  
10 stated. My hope was that the -- it will be a process  
11 that will be inclusive and that it will not include  
12 discriminatory practices.

13 Q. (BY MR. RUSSO) But particularly -- with  
14 particular regard to who the county hired for counsel,  
15 you weren't concerned about it back in April of '21?

16 MS. CHEN: Objection, form, misstates  
17 prior testimony.

18 Q. (BY MR. RUSSO) Is that true?

19 A. There was a concern.

20 Q. There was what?

21 A. There was a concern.

22 Q. Oh, you were concerned at -- in April of '21,  
23 yes?

24 A. I stated, yes.

25 Q. Yes. Okay. But not -- the concern wasn't

1 great enough at that point to, you know, protest and  
2 have your voices heard. Agreed?

3 MS. CHEN: Objection, form.

4 A. I said I didn't protest. I said that I organi-  
5 -- I would prefer an advocacy strategy to organize and  
6 had hope in democracy, so I did clearly say that I did  
7 not protest.

8 Q. (BY MR. RUSSO) Yeah. Well, I think you told  
9 me you didn't -- you didn't think protest was a  
10 right --

11 MS. CHEN: Objection, form, misstates  
12 prior testimony.

13 Q. (BY MR. RUSSO) -- the right thing to do then?

14 A. You can refer to my prior testimony.

15 Q. Well, is that -- is that correct?

16 MS. CHEN: Objection, form.

17 A. We can refer --

18 MS. CHEN: Misstates prior testimony.

19 A. -- to my prior testimony.

20 Q. (BY MR. RUSSO) Is that -- is that a correct  
21 statement or not?

22 A. You can refer to my prior testimony.

23 Q. Okay. Was your prior testimony that you didn't  
24 believe that protesting was the right move in April?

25 MS. CHEN: Objection, form.

1 Q. (BY MR. RUSSO) As you recall?

2 A. I don't recall.

3 Q. Okay. Also on Exhibit 10 is a reference to a  
4 "much-needed coastal district." Do you see that?

5 A. Uh-huh.

6 Q. And you -- have you discounted that as a reason  
7 for redrawing Precinct 2 to be a coastal precinct?

8 MS. CHEN: Objection, form.

9 A. I'm not a map drawer. But I'm sure that there  
10 may have been other options or maybe they could have  
11 called in a collective option to people to present maps  
12 instead of one person to include a coastal  
13 precinct. Not against a coastal precinct. However,  
14 there probably is different ways to do it.

15 Q. (BY MR. RUSSO) It makes sense to get -- put  
16 the coast together, right, with one commissioner?

17 MS. CHEN: Objection, form.

18 A. I am not a map drawer. So whatever the best  
19 resolution for that would be done with a map drawer  
20 that has completely took into consideration of what the  
21 true county looks like, coastal-wise, who the -- who  
22 lives on the coast, what that community looks like,  
23 whether they are true citizens or stay -- vacationer  
24 homes, Airbnbs, all of that. Things -- it's a lot of  
25 other factors that actually go into play with that as

1 far as the coastal homes. I believe it shows like  
2 Santa Fe is a coastal district. It's not a coastal  
3 district, coastal part. One of those maps, it show  
4 that Santa Fe be part of the coastal. It's a bit  
5 inland to be coastal.

6 Q. (BY MR. RUSSO) Yeah. I think you -- yeah,  
7 Santa Fe is part of Precinct 2, which contains most of  
8 the coast of Galveston County. My question to you,  
9 though, is: Does it make sense to you that the county  
10 commissioners may want to have one commissioner dealing  
11 with areas affecting both the coast of Bolivar and the  
12 coast of Galveston?

13 MS. CHEN: Objection, form.

14 A. Why not?

15 Q. (BY MR. RUSSO) What -- you said "why not?"  
16 All right. Do you have any understanding as a -- I'm  
17 not going to ask you individually because you -- you  
18 told me that -- and your unit doesn't look at politics.  
19 So do you have any idea in terms of the voting folks  
20 -- the voting voters in Galveston County as to, you  
21 know, what percentage of -- of African American voters  
22 vote Democrat?

23 MS. CHEN: Objection, form.

24 A. Do you have a document to show me that? I  
25 don't have the numbers if you're asking me to -- do I

1 know the numbers offhand? I don't.

2 Q. Yeah. I'm not asking you for specific numbers.  
3 I'm just asking if you have a general awareness of it.

4 A. No. I don't because I don't vote all the time  
5 with a straight party or e- -- either way, so I can't  
6 say that everyone's voting -- all the African Americans  
7 I know are voting Democrat. I can't say that.

8 Q. You don't know that to be true?

9 A. I don't know that to be true.

10 Q. All right. And what about the numbers of white  
11 voters that vote Republican?

12 A. I don't have --

13 Q. Do you have any idea what that looks like in  
14 Galveston County?

15 A. In Galveston County?

16 Q. "No"?

17 A. No.

18 Q. Would the same answer be true for Latino  
19 voters?

20 A. I don't know that I know that. African  
21 Americans and Hispanic people tend to vote for people  
22 that can relate to their communities and their  
23 community needs.

24 Q. Is -- is it your view that they vote for the  
25 same person in any, you know, given races over time?

1 MS. CHEN: Objection, form.

2 Q. (BY MR. RUSSO) And I'm talking about that  
3 African American voter and the Latino voter. Do they  
4 vote for the same candidate?

5 MS. CHEN: Objection, form.

6 A. Oh, I don't -- I don't -- I'm not in the voting  
7 booth with them, so I can't tell you that -- I don't --  
8 I don't know that.

9 Q. (BY MR. RUSSO) Looking back at Exhibit 9,  
10 which was the PowerPoint, specifically on page -- the  
11 page marked 913, this is a -- this is a -- looks like a  
12 description of Slide -- says "Slide 8" on top. It say  
13 -- it also says -- the first line says "Most of the  
14 time you won't know the time line until the last  
15 minute." Do you see that?

16 A. Uh-huh.

17 Q. So do you agree with that statement, that in  
18 redistricting matters you -- the time lines that you're  
19 made aware of are typically last minute?

20 A. "Time line is September 1 through September  
21 30th. Communities will develop maps, issue public  
22 input into consideration. Texas legislation is  
23 responsible for redistricting, and maps are passed as a  
24 regular legislation. See the time line in 2020 and" --  
25 yeah. This slide says "last minute," but it also gives

1 a date of September 1 through September 30.

2 Q. Yeah. So -- but you -- do you agree in -- with  
3 Ms. -- Ms. -- with the statement here that -- that time  
4 lines are -- you're typically not going to know until  
5 the last minute what's going on with the redistricting?  
6 It's not uncommon.

7 MS. CHEN: Objection, form.

8 A. It's -- according to this slide with the time  
9 line of September 1 through September 30 --

10 Q. (BY MR. RUSSO) Uh-huh.

11 A. -- would have been the expectation. And since  
12 we were beyond that point at that time --

13 Q. Yeah. Do you agree with it, though?

14 MS. CHEN: Objection, form.

15 Q. (BY MR. RUSSO) Do you agree that most of the  
16 time you won't know of the time line until the last  
17 minute?

18 A. I agree that's what happened.

19 Q. What happened in this case?

20 A. Yes.

21 Q. All right. And this statement is "most of the  
22 time won't know." Is that true?

23 A. I've only participated once, so I can't speak  
24 on most. I've only participated --

25 Q. Okay.

1 A. -- and been aware of one time.

2 Q. All right. So then in order -- it -- you don't  
3 really have anything to compare the time line in this  
4 case to, right?

5 A. I don't.

6 Q. Okay.

7 A. This is my first time.

8 Q. Yeah. So you don't know whether it's truncated  
9 or overly quick or --

10 MS. CHEN: Objection, form.

11 Q. (BY MR. RUSSO) -- have any other way to know  
12 whether it's the usual way that redistricting's done?  
13 Is that true?

14 MS. CHEN: Objection, form.

15 A. This document gives an example.

16 Q. (BY MR. RUSSO) Yeah. The document says  
17 September 1 to 30. So what do you make of that?

18 A. We were beyond that date.

19 Q. We were what?

20 A. Beyond that date.

21 Q. Do you know why?

22 MS. CHEN: Objection, form.

23 A. Lack of transparency.

24 Q. (BY MR. RUSSO) Who told you that?

25 A. That's what we were.

1 Q. That's where we were what?

2 A. We didn't know anything. We were -- we were  
3 -- we were not informed of anything. Even on this  
4 meeting, they were like, "We've reached out. We don't  
5 know where the maps are."

6 Q. Isn't that assuming that there's actually  
7 something to share with you --

8 MS. CHEN: Objection, form.

9 Q. (BY MR. RUSSO) -- in September? Don't you  
10 have to assume that there was something that was to be  
11 shared with you in order to say that the county wasn't  
12 transparent in September?

13 A. Well, I would --

14 MS. CHEN: Objection, form.

15 A. -- think that if you hired someone in April,  
16 that by September there should be some type of results.

17 Q. (BY MR. RUSSO) Do you know whether there was a  
18 result or not?

19 A. Has no transparency.

20 Q. Do you know whether there was a result?

21 A. No transparency.

22 Q. Do you know whether there was information in  
23 September that could have been shared with you--

24 A. No. No transparency.

25 Q. That's not my question.

1 A. If there was transparency, then that would be  
2 more to know.

3 Q. That wasn't my question. As you sit here  
4 today, do you know whether there's information  
5 available to the county in September of 2021 that could  
6 have been shared with you related to redistricting?

7 MS. CHEN: Objection, form, asked and  
8 answered.

9 A. I already answered your question.

10 Q. (BY MR. RUSSO) Did you -- what -- you didn't  
11 answer my question. You answered your own question.

12 A. I presume that if you hire someone in April, by  
13 September and you -- and there be voting in November,  
14 then there should be something produced to be able to  
15 release to the public.

16 Q. And the only evidence you have of that is your  
17 presumption. True?

18 MS. CHEN: Objection, form.

19 Q. (BY MR. RUSSO) You can answer.

20 A. The evidence that I have of that is the time  
21 line, the -- the education that I received from the  
22 advocacy program and the time line I was given.

23 Q. But you don't have any evidence from the facts  
24 of this case that the county had maps drawn in  
25 September of 2021?

1 MS. CHEN: Objection, form.

2 Q. (BY MR. RUSSO) You haven't seen any, have you?

3 A. I don't recall.

4 Q. Okay. So then, again, the idea or notion that  
5 the county wasn't transparent with you in September of  
6 2021 is based on your presumption?

7 A. I don't recall.

8 MS. CHEN: Objection, form.

9 Q. (BY MR. RUSSO) You don't recall what?

10 A. I don't recall if the maps were presented to us  
11 prior to -- and if any information was presented to us  
12 prior to, so I can't give you an accurate statement on  
13 that. So to me in my personal capacity, if I don't  
14 have information and maps get rolled out, there's no  
15 transparency that has occurred.

16 Q. But you don't know that maps weren't rolled  
17 out, correct?

18 MS. CHEN: Objection, form.

19 Q. (BY MR. RUSSO) Do you know that, that maps  
20 existed that weren't rolled out?

21 MS. CHEN: Objection, form.

22 A. I am not -- could you rephrase that?

23 Q. (BY MR. RUSSO) Do you know whether or not maps  
24 existed in September of '21 that were not provided to  
25 you?

1 A. No. I'm not sure.

2 Q. You don't know?

3 A. I'm not sure. I can't say "yes" or "no"

4 because I am not sure.

5 Q. And do you think you might have seen something

6 in September of '21?

7 A. No. I don't recall.

8 Q. All right. Let me --

9 MR. RUSSO: 13 and 87.

10 MS. CHEN: Thank you.

11 (Marked Lofton Exhibit Nos. 11 and 12.)

12 Q. (BY MR. RUSSO) The document marked Exhibit 11

13 is an e-mail dated November 4th, 2021, from

14 Ms. Williamson to various recipients. You see that?

15 A. Yes.

16 Q. And in the -- the earlier string of the e-mail

17 is dated Thursday, October 4th, 2021, at 3:08 p.m., in

18 which case it's -- it's from Ms. Williamson as well.

19 Do you remember seeing this e-mail?

20 A. No. Is my name on it?

21 Q. No?

22 A. I'm not on this e-mail.

23 Q. Yeah. I don't -- I don't see you on this

24 particular e-mail, but the e-mail references that

25 "County Commissioner Stephen Holmes will be speaking on

1       redistricting this evening." Presumably that's  
2       November the 4th. So my question to you is: Do you  
3       remember attending any Zoom conferences with  
4       Commissioner Holmes related to redistricting?

5           A.    No.

6           Q.    Okay. And I -- and I -- sorry. Go ahead.

7           A.    A Zoom conference?

8           Q.    Okay.

9           A.    I'm really looking over this e-mail.

10          Q.    Yeah. Look at it.

11          A.    I don't recall this e-mail at all --

12          Q.    Okay.

13          A.    -- and any --

14          Q.    Yeah. Again, you're not on it.

15          A.    Yeah.

16          Q.    But I just wanted to know if you maybe somehow  
17       got copied on a -- and attended a Zoom conference on  
18       November 11 -- 4th.

19          A.    A Zoom conference? I don't -- who hosted this?  
20       Do you know? I don't recall the Zoom conference, and  
21       I'm looking over this e-mail to see. Yeah. I'm not on  
22       it at all.

23          Q.    Okay. You don't remember attending any Zoom  
24       conferences on or about that time?

25                   MS. CHEN: Objection, form.

1 A. I don't recall.

2 Q. (BY MR. RUSSO) All right. Okay. So then  
3 looking at Exhibit 12, it's a November -- the top part  
4 is a November 8th e-mail.

5 A. Uh-huh.

6 Q. Between you and Ms. Rice-Anders. Agreed?

7 A. Uh-huh.

8 Q. And it includes a link to Galveston County  
9 redistricting site?

10 A. Oh, okay. Yeah.

11 Q. You saw -- see that?

12 A. Uh-huh.

13 Q. Do you know what that link is to?

14 A. Yeah. She could not access the -- there should  
15 be the link to the maps.

16 Q. Yeah.

17 A. She had difficulty accessing it, so what  
18 happens is I oftentimes forward stuff to her so that  
19 she can access.

20 Q. Okay. And so then the below string on the  
21 e-mail is dated Thursday, November 4th, 2021. Again,  
22 the time is 6:41 p.m.?

23 A. Uh-huh.

24 Q. It says "Lucretia Lofton wrote." Is that your  
25 -- is that your e-mail address?

1 A. The -- where are you?

2 Q. Right below the link on the Exhibit 12.

3 A. 12. Okay. Here?

4 Q. Yeah. Below the -- below the link there's a --

5 A. I see return the -- the link to the  
6 redistricting.

7 Q. Right.

8 A. Okay.

9 Q. And there's a second string e-mail dated  
10 November 4th, 2021?

11 A. 2021.

12 Q. Uh-huh. You see that?

13 A. Wrote -- mobilize us --

14 Q. Yeah. There's a link there to -- and first of  
15 all, is that -- that your e-mail address?

16 A. Yes. That's my e-mail address.

17 Q. Okay. And so -- so you -- you wrote -- and  
18 then there's the link there. Do you know what that  
19 link is to?

20 A. The link should be to -- oh, this was going to  
21 the county. I don't recall what that link is to as --

22 Q. And I'll repre- -- represent to you that  
23 clicking on this link, it pulls up a Zoom mobilize. It  
24 doesn't pop to anything in particular.

25 A. Uh-huh.

1 Q. But I'm just wondering if -- if you were  
2 forwarding some -- a link to either Ms. Anders or  
3 someone else --

4 A. It's --

5 Q. -- during this time period related to a Zoom  
6 meeting or --

7 A. Well, Ms. Anders is on this e-mail that is  
8 talking about a Zoom meeting, so I don't know why I  
9 would -- and I'm not on this e-mail, correct?

10 Q. Right. Correct.

11 A. So, yeah, I -- there may have been a Zoom  
12 link. So this goes to a Zoom link?

13 Q. Yeah. The -- the -- if you click on the link,  
14 it actually will pull up a -- attempt to get to a Zoom  
15 area. And so, frankly, I was just trying to see if  
16 this would help you --

17 A. Yeah.

18 Q. -- remember that you attended a meeting on Zoom  
19 sometime around November 4th of 20 --

20 A. I don't.

21 Q. No?

22 A. I don't recall attending --

23 Q. Okay.

24 A. -- a meet --

25 Q. Did -- at any time between the time period

1 we're talking about, November 1st, 2nd, and the meeting  
2 at the county on November 12th --

3 A. 12th.

4 Q. -- do you remember attending any Zoom  
5 conferences where Commissioner Holmes was talking about  
6 redistricting?

7 MS. CHEN: Objection, form, asked and  
8 answered.

9 A. No.

10 Q. (BY MR. RUSSO) Okay. All right. Do you  
11 remember talking to anybody that had attended any of  
12 those types of conferences?

13 A. I don't recall.

14 Q. Do -- did you -- sitting here today, do you  
15 remember that those were -- that there were a couple of  
16 Zoom meetings with Commissioner Holmes?

17 MS. CHEN: Objection, form.

18 A. I don't recall.

19 Q. (BY MR. RUSSO) You don't remember?

20 A. I don't have any knowledge of that.

21 Q. All right.

22 A. This -- well, Exhibit 11, what you just gave to  
23 me, I --

24 Q. Yeah.

25 A. From what it says.

1 Q. But you're --

2 A. But I'm not on that e-mail, so I don't --

3 Q. Yeah. And you're -- again, I'm satisfied. I  
4 mean, it sounds like you -- you don't remember seeing  
5 the e-mail and --

6 A. I'm not on the e-mail to -- to see it.

7 Q. Right. And didn't attend the -- any  
8 conferences with -- with Commissioner Holmes, correct?

9 A. Correct.

10 Q. All right.

11 A. I don't recall any of this.

12 MS. CHEN: Joe, do you mind if we just --  
13 if we take five?

14 MR. RUSSO: Yeah. If you -- yeah.  
15 That's fine.

16 MS. CHEN: Thank you.

17 THE VIDEOGRAPHER: Off the record, 2:50.

18 (Break.)

19 (Marked Lofton Exhibit No. 13.)

20 THE VIDEOGRAPHER: Going back on the  
21 record, 3:03 p.m.

22 Q. (BY MR. RUSSO) Okay. The court reporter has  
23 marked as Exhibit 13 to your deposition a -- an article  
24 pulled from Galveston County -- or Galveston Daily  
25 News. Take a look at that. The date's kind of hard to

1 find, but it's sort of in the middle. I'll wait till  
2 you get in there. The date is right above the maps.  
3 You see that?

4 A. Uh-huh.

5 Q. It's written -- November the 9th, 2021. And  
6 it's -- the ar- -- title of the article is "County's  
7 proposed maps will break up voting power." You see  
8 that?

9 A. Yes.

10 Q. You remember seeing this article when it came  
11 out?

12 A. Yes.

13 Q. Okay. And you're actually quoted in this  
14 article, right?

15 A. Is this the -- uh-huh. Uh-huh. Yes. I am.

16 Q. Okay. And do you remember being interviewed  
17 for this article?

18 A. Yes.

19 Q. Who interviewed you?

20 A. Ferguson.

21 Q. So the person who wrote it?

22 A. The person who wrote the article.

23 Q. Yeah. I think that was John Wayne Ferguson.

24 A. Yeah. I just remember his last name.

25 Q. Okay. And it looks like most of your

1 statements appear on Page 5 --

2 A. Page 5.

3 Q. -- of 6, right?

4 A. Yes.

5 Q. Okay. So specifically, the article starts  
6 before you're quoted on Page 5. There's a sentence  
7 there that sort of sticks out. It says, "But other  
8 groups aren't sharing in that support." You see that?

9 A. Yes.

10 Q. All right. And then it goes on that "Galveston  
11 chapter of NAACP has encouraged its members -- members  
12 to submit public comments opposing the big change map."  
13 You see that?

14 A. Yes.

15 Q. To -- was that -- is that consistent with your  
16 recollection, that as of November the 9th the NAACP had  
17 encouraged members to submit comments opposing a map?

18 A. The Galveston chapter?

19 Q. Yes.

20 A. Yes. I mean, are you asking me what the  
21 Galveston chapter did to encourage their unit?

22 Q. If you know. If you know.

23 A. Oh, no. I don't. I don't know exact -- what  
24 their act orders of --

25 Q. Yeah. And -- well, and then --

1 A. -- execution were.

2 Q. We'll tie it back to the -- to your -- the  
3 unit. Your unit --

4 A. Uh-huh.

5 Q. -- that you -- had you undertaken an effort to  
6 get your membership to oppose the maps at this time?

7 A. At that time we discussed with our unit with  
8 the maps -- what the options were for the maps.

9 Q. Uh-huh.

10 A. And that we knew then to -- I believe this is  
11 after we found out about the meeting. Is this a couple  
12 days before the meeting?

13 Q. Yes. So this was November --

14 A. 9th, right.

15 Q. The article was November the 9th.

16 A. Right.

17 Q. And the meeting is coming up on the 12th.

18 A. On the 12th. So at that time we -- the  
19 executive committee encouraged the members to show up.

20 Q. Okay. And also to go -- put -- take -- if they  
21 had to, the inclination, to go ahead and put comments  
22 on the Web site as well?

23 A. No. I didn't personally encourage anyone to do  
24 that. Galveston may have, but I did not.

25 Q. Okay. Are -- are you aware sitting here do --

1 | that -- that there was an option and a place to -- to  
2 | make comments on the maps online?

3 | A. Am I aware of that now?

4 | Q. Yes, ma'am.

5 | A. Yes. Now, I am.

6 | Q. How did you become aware of that?

7 | A. I actually looked it up, and I found it. And  
8 | then I said, oh, huh, because you're probably going to  
9 | pull out my comment that I put after the fact of --

10 | Q. Uh-huh.

11 | A. -- the meeting, oh, this is what's supposed to  
12 | happen here. So me personally, after attending the  
13 | meeting, I went back and made the comment because I  
14 | realized then this is the place that you should be  
15 | making a comment and felt as an individual and as the  
16 | unit disregard -- our comment was disregarded because  
17 | the action was moved so fast.

18 | Q. Yeah. So I think -- to kind of break that  
19 | down, I think that -- and I -- the -- you actually made  
20 | a comment or posted a comment after the meeting had  
21 | occurred on November 12th, right?

22 | A. Right. After realizing that the -- I believe  
23 | that's when I seen it says "go make" -- where the judge  
24 | was saying "go make a comment, go say" -- he called --  
25 | he put a call of action to Map 2. And then I said,

1 "Oh, okay. So this is what this is supposed to be."

2 But people who already in alignment and follow him  
3 would see this and know this.

4 Q. Uh-huh.

5 A. But the people who are not wouldn't.

6 Q. Okay. All right. Let's --

7 A. Because --

8 Q. Sorry. I thought you were done.

9 A. Go ahead. Huh-uh. I'm done.

10 Q. So I was -- and I was just going to look at the  
11 actual -- the comment made at the next lines in  
12 Exhibit 13. Says "Lucretia Lofton" -- and am I saying  
13 that right, your first name?

14 A. Yeah.

15 Q. Lucretia?

16 A. Yes.

17 Q. Okay -- "Lofton, president of the Dickinson,  
18 slash, Bay Area chapter of the NAACP, said her main  
19 concern was ensuring the redistricting maps were  
20 completed legally and fairly." You see that?

21 A. Yes.

22 Q. All right. Is it -- so is it true that at the  
23 time your concerns were that the maps be legal and  
24 fair?

25 A. Yes.

1 Q. Right. And on -- how are you going to -- how  
2 were you to determine whether the maps were fair?

3 A. So as speaking in the capacity as the  
4 president --

5 Q. Uh-huh.

6 A. -- fair according to what we represent as the  
7 advocacy program that's against discriminatory  
8 practices.

9 Q. Uh-huh.

10 A. So fair in those aspects.

11 Q. All right. And was it -- was it fair as con-  
12 -- in connection with the -- the -- so the -- the goals  
13 or the membership of your unit? Is that -- is that a  
14 fair statement?

15 A. Was what fair?

16 Q. Your statement that you were concerned -- your  
17 main concern was --

18 A. Fair.

19 Q. -- ensuring the process was fair, was that it  
20 was fair to the membership and the advocacy groups that  
21 you represented?

22 A. Correct.

23 Q. All right.

24 A. Because I was speaking in capacity of the  
25 president, so it was in alignment with -- with the

1 capacity I was speaking of.

2 Q. Okay. Is there any way to -- that you had --  
3 do you have in your mind -- is there any sort of  
4 thought as to what fair would look like in terms of the  
5 population of old Precinct 3 and -- and I'll be more  
6 specific in that was -- does fair sort of mean keeping  
7 the minority voting population -- minority voting  
8 percentage at may -- maybe 60 percent?

9 MS. CHEN: Objection, form.

10 A. Can you clarify your -- your direction more  
11 direct in that?

12 Q. (BY MR. RUSSO) Yeah. I can try. I can try.  
13 So -- and I'm trying to get a quantity, a fair --

14 A. Okay.

15 Q. So -- in your -- your view. Is fair -- is --  
16 can you quantify it? Is it we want to see a 60 percent  
17 mi- -- ma- -- minority majority in precinct -- old  
18 Precinct 3? Would that be fair?

19 A. It would be fair to -- in old Precinct 3 to  
20 maintain a precinct that reflects the community.

21 Q. And is there any way to know what that would be  
22 in terms of voting strength and percentage of minority  
23 voters located there?

24 MS. CHEN: Objection, form, calls for  
25 expert testimony and legal conclusion.

1 A. Yeah. I have not --

2 Q. (BY MR. RUSSO) Yeah.

3 A. -- hid any documents or -- I'm not a voting  
4 expert of, hey, these are the numbers. This is what it  
5 looks like. That --

6 Q. Right. And I'll --

7 A. That's not my capacity.

8 Q. And to -- let me -- just so you know why I'm  
9 asking these questions -- I -- I realize you guys have  
10 experts in the case that deal with some of this. I  
11 just want to make sure I know what -- I'm not going to  
12 hear something different from a party representative in  
13 the case. So, you know, again --

14 A. Okay.

15 Q. -- I get -- I get you have experts. I just  
16 want to make sure you don't have something else to say  
17 about it.

18 A. Okay.

19 Q. Okay. So if we get to a point where our  
20 experts are dealing with stuff, just let me know that,  
21 and I'll -- I'll move on.

22 Okay. Now, the -- the next -- the next  
23 -- the last par- -- paragraph on Page 5 reads,  
24 "Commissioners plan to meet Friday to accept public  
25 comments and vote on the maps." So as -- if nothing

1 else, this article on November 9th lets the public know  
2 they're voting on the maps on Fri- -- the coming  
3 Friday, right?

4 MS. CHEN: Objection, form.

5 A. So you -- are you talking about the one that's  
6 -- after it says I'm concerned about the process --  
7 there could be more transparency in the process?

8 Q. (BY MR. RUSSO) No. I'm looking at -- I'm  
9 actually looking at this -- this next sentence where it  
10 says "Commissioners plan to meet Friday." Do you see  
11 that?

12 A. Right. I see that.

13 Q. And my question is: Does it -- this article on  
14 November 9th lets the public know -- anybody that reads  
15 it -- that reads that particular paragraph knows  
16 there's a meeting on Friday, right?

17 A. In three days, yes.

18 Q. Yeah. And then it -- it goes on to say, "The  
19 county is facing a state-imposed deadline to approve  
20 the maps by Saturday." Do you see that?

21 A. Uh-huh.

22 Q. Were you aware the county was under a  
23 state-imposed deadline that the maps had to be approved  
24 by Saturday, the 13th?

25 A. I --

1 MS. CHEN: Objection, form.

2 A. Okay. So the question is: Am I aware that the  
3 county got a deadline from the state?

4 Q. (BY MR. RUSSO) No. The question is: Were you  
5 aware at the time reading this article that the county  
6 is facing a state-imposed deadline to approve maps by  
7 Saturday, which is November the 13th? Were you aware  
8 of that at the time?

9 MS. CHEN: Objection, form.

10 A. After reading the article?

11 Q. (BY MR. RUSSO) Yes, ma'am.

12 A. The article is -- clearly says that.

13 Q. And so did you take note of that in term -- in  
14 terms of that being a -- a deadline the county had to  
15 meet?

16 A. Yes.

17 Q. All right. Okay. So then attending the  
18 meeting and prepare for the meeting and going to the  
19 meeting and speaking, you're aware the county had to  
20 get something done and to the state by the next day?

21 MS. CHEN: Objection, form.

22 Q. (BY MR. RUSSO) True?

23 A. The next day?

24 Q. Saturday.

25 A. That Saturday?

1 Q. Yeah.

2 A. Yes.

3 Q. You're -- you're aware of that?

4 A. (Nodding head.)

5 Q. Do you know -- was your -- did you-all -- did  
6 you, the unit that you represent, put out any  
7 statements related to the county's deadline being the  
8 next -- the next day after the hearing?

9 A. No. I am not aware of me personally putting  
10 out one.

11 Q. Uh-huh.

12 A. Whether my secretary or any other parties did,  
13 I can't recall.

14 Q. You don't know. Okay. All right. And are you  
15 aware of whether, you know -- strike that.

16 Did you take that into account when you  
17 attended the -- the meeting, the hearing in front of  
18 the commissioners court, that they had to vote on this  
19 and get it to the state the next -- tomorrow?

20 A. Did I take it into account with consideration  
21 of?

22 Q. Making your statements in meeting with the  
23 commissioners court.

24 A. When I was privy to the public information, I  
25 made sure I attended. It could have been the next day

1 I would have attended. Taking into account of when the  
2 state mandated it, it was unfortunate that it was such  
3 a short time period because most people who work were  
4 not able to attend that meeting on Friday in the middle  
5 of the daytime at a very small annex building in a  
6 construction site -- well, construction zone or  
7 starting of something.

8 Q. Well --

9 A. I don't know if I answered your question.

10 Q. No. It's okay. We'll talk about some of that  
11 related to the exact meeting, but I was -- my question  
12 is: You know, are -- are you aware that par- -- one of  
13 the reasons the county commissioners had to meet so  
14 quickly is that there was a state-imposed deadline on  
15 the 13th of November that they had to meet?

16 MS. CHEN: Objection, form.

17 Q. (BY MR. RUSSO) Are you aware of that?

18 A. I'm aware from the article. It would have been  
19 a great opportunity with -- in this article or if the  
20 county would have been transparent with whenever they  
21 received that deadline of not -- and letting us -- the  
22 public know that knowledge.

23 Q. Do you know when they received notice of --

24 A. I don't know because there hasn't been a lot of  
25 transparency --

1 Q. Did you --

2 A. -- which is the issue.

3 Q. Did you ask anyone at the county about when the  
4 deadline was -- became known?

5 A. The question was posed at this meeting in my  
6 -- to my knowledge.

7 Q. And what was the response?

8 A. I'm not sure. I don't recall it.

9 Q. And the question being: When do y'all -- when  
10 is the deadline? That question was asked at the  
11 meeting?

12 A. The question when -- when did we -- when was it  
13 found out that the deadline was so quick, so --

14 Q. Oh, okay. And then -- then as you sit here,  
15 you don't remember --

16 A. I don't remember what the answer was. But from  
17 what was told to me while there -- someone asked the  
18 question, "When -- when is the deadline?"

19 Q. Uh-huh.

20 A. And the people who attended were under the  
21 impression that their thoughts and words would be  
22 considered. Most people there felt really  
23 disregarded. There was a lot of eye rolling, not  
24 paying attention, no eye contact, no compassion, and no  
25 even true reception of what people said, acknowledgment

1 in any capacity.

2 Q. Uh-huh. We'll -- and we'll talk about the --

3 A. Okay.

4 Q. -- the meeting more specifically, but I -- I  
5 did want to know if you -- if you -- you -- do you  
6 recall either the county commissioners or the judge  
7 saying "We've got to get this done by tomorrow"  
8 sometime at the meeting?

9 A. I can't recall.

10 Q. Okay. All right. All right.

11 MR. RUSSO: Mark that thir- -- 14. 76.

12 THE WITNESS: Okay.

13 (Marked Lofton Exhibit No. 14.)

14 Q. (BY MR. RUSSO) So the -- the court reporter's  
15 marked Exhibit 14, which I think you have it in front  
16 of you. It's an e-mail dated Friday, November 12th,  
17 2021 --

18 A. Uh-huh.

19 Q. -- from Ms. Hall -- Williamson to, again,  
20 several recipients, and you're copied on it as  
21 well. You see that?

22 A. Yes.

23 Q. Okay. Again, you're -- review as much of the  
24 e-mail as you would like to. But this is the same day  
25 as the hearing was going to happen in Galveston County

1 Commissioners Court, from your recollection, right?

2 A. Yes.

3 Q. Now, Ms. Williamson is talking about --  
4 starting in the first line of her e-mail -- she's  
5 talking about the fact that she appreciates you -- and  
6 this is the second sentence in the -- in her ta- -- in  
7 her e-mail -- "I appreciate you taking the time to  
8 experience a bril- -- the brilliance of President Alisa  
9 Simmons." Do you -- do you see that?

10 A. Yes.

11 Q. Do you remember meeting with Ms. Simmons?

12 A. Meeting with Mrs. Simmons, president. Is she a  
13 part of the CROWD fellow?

14 Q. I -- I really don't know the answer to that.  
15 I'm sort of thinking that might be true, but I'm -- I'm  
16 wondering what you know about her.

17 A. She must be a part of the CROWD fellow to be --  
18 the content of this e-mail and what she's talking --  
19 the context of this e-mail, I would assume that this is  
20 someone that is a part of the redistricting training  
21 that Ms. Williamson was under and that has trained her.

22 Q. Yeah. Do you remember -- do you remember a  
23 meeting -- meet -- where you met or talked to  
24 Ms. Simmons?

25 MS. CHEN: Objection, form.

1 Q. (BY MR. RUSSO) Or -- or she talked to you?

2 A. I don't -- it may have been a group or  
3 meeting. I don't recall a direct -- and this mor- --  
4 this -- that morning I know I didn't see this e-mail.

5 Q. Okay. And it go -- goes on that -- it says  
6 "the brilliance of President Alisa Simmons and her  
7 stealth redistricting task force." You see that?

8 A. Yes.

9 Q. What is that?

10 A. I am going to presume that that is the people  
11 who have trained the CROWD fellow.

12 Q. Okay. Have you ever heard that -- of the task  
13 force --

14 A. No.

15 Q. -- before today? Heard of that reference?

16 A. I just know that the CROWD fellow worked with  
17 several nonpartisan advocacy programs to teach  
18 redistricting and educate her on ways to go back to the  
19 community and bring awareness and education. Does that  
20 mean that was compiled of a redistricting task force?  
21 May or may not be. I can't speak on -- on that because  
22 I don't know what in depth -- how that was for her.

23 Q. Yeah.

24 A. I'm not on that end of it.

25 Q. Okay.

1 A. I just received the information that she gave  
2 me.

3 Q. All right. Do you remember receiving  
4 information in connection with the -- a meeting around  
5 this same time?

6 A. A meeting on November the 12th?

7 Q. Around then. Obviously it wasn't --

8 A. No. I didn't have a meeting. The only meeting  
9 that we had with redistricting and the CROWD fellow was  
10 the one where the PowerPoint was provided, so which is  
11 why I am presuming that it is something associated with  
12 that.

13 Q. So you think it might have been related to the  
14 PowerPoint meeting maybe the same time?

15 A. The people who have trained her, the different  
16 organizations that puts it together and trained her.  
17 That's to the best of my knowledge.

18 Q. Okay. And she -- Ms. Williamson goes on to  
19 say, "My favorite part of the evening was strategic  
20 planning, independent nonpartisan progress." Do you  
21 see that?

22 A. Uh-huh.

23 Q. Does that refresh your recollection as to --

24 A. Doesn't.

25 Q. -- attending any meetings?

1 A. No. It doesn't.

2 Q. Okay. Skipping the next paragraph, full  
3 paragraph, and she also -- it starts, "For the  
4 pastors." You see that?

5 A. Yes.

6 Q. And it goes on, "Mr. Robert Williams  
7 coordinates the programming for Push Democracy Forward,  
8 which will offer, quote, unquote, next steps and,  
9 quote, unquote, the playbook training modules designed  
10 to assist the mobilizing efforts of the churches  
11 statewide." Do you see that?

12 A. Yes.

13 Q. So do you remember -- recall conversations  
14 relating to some -- a playbook to be active in  
15 mobilizing church efforts --

16 A. No.

17 Q. -- statewide?

18 A. No.

19 Q. No. Is -- do you know Pastor Robert Williams?

20 A. No. To me this looks like an e-mail that Roxy  
21 Williamson is collectively putting everyone that she's  
22 been working with together and sending out an e-mail  
23 and acknowledging people at different points.

24 Q. Okay. All right. Okay. So that -- that  
25 correspondence doesn't ring -- ring any bells for you?

1 No?

2 A. I mean, that morning I know I wasn't -- I  
3 didn't check that e-mail. I know that for sure. Not  
4 that morning.

5 Q. All right.

6 A. That wasn't my focus.

7 Q. Okay. So that brings us sort -- to the meeting  
8 on November the 12th. You did attend that meeting,  
9 right?

10 A. I did.

11 Q. All right. And I think you -- your -- you --  
12 correct me if I'm wrong -- maintain that it's -- the  
13 meeting room was small?

14 A. Yes.

15 Q. And you -- you believe that that limited  
16 attendance?

17 A. It was -- didn't have -- people with -- the  
18 elderly people that were on walkers and wheelchairs and  
19 stuff, it was hard for them to access and to be there,  
20 and they are -- those people are a huge part of the  
21 people who vote.

22 Q. Uh-huh. Do you -- do you know of -- have you  
23 spoken to anyone in particular who told you that they  
24 did -- weren't able to attend the meeting because they  
25 couldn't find a place to park?

1 | A. Yes.

2 | Q. Okay. Who were those people?

3 | A. My father.

4 | Q. And what did he tell you?

5 | A. He could not find anywhere to park.

6 | Q. So he left?

7 | A. No. He wasn't able to park his car anywhere.

8 | Q. So he left and --

9 | A. And he was not able to get in and --

10 | Q. So he didn't --

11 | A. No. He was -- he -- he did not leave.

12 | Q. Okay.

13 | A. He parked blocks away.

14 | Q. All right.

15 | A. But he was not able to give his comment because  
16 | of all of the overflow.

17 | Q. Okay. Well, we'll get to that. Your father --  
18 | just make sure I get this right. Your father said he  
19 | had a hard time parking, had to park a long way away,  
20 | but still attended the meeting. True?

21 | A. It was hard for him, yeah.

22 | Q. But he still attended?

23 | A. It was -- yeah.

24 | Q. Okay. So -- and my question is: Are -- have  
25 | you talked to anyone who actually said "I did -- I

1 | skipped the meeting because I didn't have a place to  
2 | park"?

3 | A. I talked to -- parking? No. An ability to get  
4 | off of work at a short notice? Yes.

5 | Q. All right. So --

6 | A. Correction.

7 | Q. Uh-huh.

8 | A. There was someone who was not able to because  
9 | they could not walk the distance.

10 | Q. Okay. Who was that?

11 | A. A community person.

12 | Q. And who was it specifically that told -- did  
13 | they -- let me -- let me try it this way: Did they  
14 | tell you that they could not park and left?

15 | A. They were not able to walk the distance to  
16 | where they would have to have parked at.

17 | Q. Okay. But that -- that's a different question.  
18 | What I'm asking you is: Are you aware of anyone who  
19 | went to the meeting --

20 | A. Uh-huh.

21 | Q. -- could not find a place to park close enough,  
22 | whether it's close enough or otherwise, and left?

23 | A. Yes.

24 | Q. Okay. And this is a person who you said was --  
25 | is -- is what -- they were -- have some kind of

1 | handicap?

2 | A. Yes.

3 | Q. Okay. Who was this person?

4 | A. Barbara Tryals.

5 | Q. Barbara?

6 | A. Tryals, T-R-Y-A-L-S.

7 | Q. Okay. So Ms. Tryals told you that she attended  
8 | a -- went to the meeting, couldn't find a place to park  
9 | and left?

10 | A. And could not walk. The problem was the  
11 | distance of walking.

12 | Q. Okay. I -- listen, I'm not disputing that she  
13 | may not be able to walk. Just if -- if we -- my  
14 | question to you is: What she told you is she showed up  
15 | at the meeting and then said "I couldn't make it" and  
16 | left?

17 | A. Correct.

18 | Q. Is that right? Yes?

19 | A. Correct.

20 | Q. Okay. Anyone else?

21 | A. Me directly, no.

22 | Q. All right. Okay. So then what -- did you get  
23 | to the meeting before it started or how far before  
24 | start -- when did you get there?

25 | A. No. Actually, the meeting was already in

1 progress. I had to park a couple blocks down and  
2 walk, so that definitely delayed me arriving to the  
3 meeting. But not a big delay, but --

4 Q. Okay. And I -- so did -- did -- did you get a  
5 seat in the room?

6 A. No. I allowed the elderly people that were  
7 there and needing to have a seat. I would not sit  
8 while they stood in agony.

9 Q. I understand. Good practice.

10 A. Absolutely not.

11 Q. So you -- you arrive at the meeting late.  
12 True?

13 A. Not late.

14 Q. It'd already started when you'd arrived, yes?

15 A. My -- the parking situation delayed me getting  
16 into the meeting on time.

17 Q. Okay. But by the time you walked in the  
18 doors --

19 A. The meeting was already started.

20 Q. -- the meeting started. And where did you  
21 stand or sort of --

22 A. In overflow.

23 Q. And that -- was that out in the hall?

24 A. Outside in the hall.

25 Q. All right. How did you -- how were you able to

1 get on the list of people to speak?

2 A. How was I able to get on the list? When I got  
3 there, I put my name on there.

4 Q. Okay. All right.

5 A. It was -- I was not "late," late, but the room  
6 was already filled --

7 Q. Right.

8 A. -- to capacity, and overflow had already  
9 occurred.

10 Q. Okay. And so after -- when you arrived, you  
11 found the list of pe- -- the list allowing for people  
12 to say their comments, right, and sign their name?

13 A. They say go for one side -- I arrived on one  
14 side. They say you had to go to the other side. Go to  
15 the other side. You go through the -- the doors, and  
16 so I went through that side. And I said -- said that I  
17 wanted to put my name on the list to speak.

18 Q. Uh-huh. And was the list inside the room?

19 A. I don't recall.

20 Q. So what did you -- do you recall having to pass  
21 up -- people up to go into the doors inside the  
22 meeting?

23 A. There was a lot of people.

24 Q. But do you recall in -- in an effort to go and  
25 sign up to speak, did you have to go inside the meeting

1 room and find someone who had the list?

2 A. I believe so. I don't really recall the -- the  
3 process of it. It was a lot going on at that time.  
4 There was a lot of people, a lot of passing out water,  
5 trying to aid people and do whatever --

6 Q. Uh-huh.

7 A. -- was best to get it done efficiently and to  
8 get in there and speak.

9 Q. Do you have any idea how many people were  
10 there? What's your estimate?

11 A. My estimate?

12 Q. Uh-huh.

13 A. Was beyond the capacity of the room. So I'm  
14 not sure what the capacity of that room is, but it was  
15 beyond the capacity of the room in both areas of  
16 overflow.

17 Q. Okay.

18 A. There was people to the front door.

19 Q. All right.

20 A. And that room is all the way in the back of the  
21 -- from the front doors all the way to the back.

22 Q. Right.

23 A. So there were people lined all the way around.

24 Q. Did -- now, so the -- do you -- did you speak  
25 to anyone who told you after the meeting that they

1 | wanted to speak at the meeting, attended the meeting,

2 | wanted to speak, but were unable to?

3 | A. There were people -- I didn't speak directly,

4 | but I did hear people say that.

5 | Q. Okay. Do you know who these people were?

6 | A. There was pe- -- it was a crowd of people.

7 | Q. Yeah.

8 | A. There's a lot of people there. I heard -- just

9 | could hear someone say, "I didn't get a chance to get

10 | up there. I wanted to say this." I could hear people

11 | saying that. Absolutely.

12 | Q. Uh-huh. And the reason why they couldn't get

13 | up there was what?

14 | MS. CHEN: Objection, form.

15 | Q. (BY MR. RUSSO) If you know?

16 | A. I don't know.

17 | Q. Okay. All right. So -- but -- but in essence,

18 | you don't know of any specific person name-wise --

19 | A. No.

20 | Q. -- who you would identify and say they were at

21 | the meeting, wanted to speak, but they didn't, they had

22 | the opportunity --

23 | A. No. I don't recall the name, no.

24 | Q. All right. Okay. So you were able -- you did

25 | get on the list to speak. True?

1 A. Yes.

2 Q. And then spoke at the meeting, right?

3 A. Yes.

4 Q. Have an exhibit for -- this is an article.

5 MS. CHEN: Thank you.

6 MR. RUSSO: 4.

7 (Marked Lofton Exhibit No. 15.)

8 Q. (BY MR. RUSSO) Exhibit 15 is an article in the

9 Mother Jones publication, dated November 18th, 2021.

10 You see that?

11 A. Yes.

12 Q. And you're actually quoted in that article on

13 pa- -- on Page 7 of 9.

14 A. Yes.

15 Q. You see that?

16 A. Yes.

17 Q. All right. And your quote states, the middle

18 of that page, "These proposed maps are a clear and

19 concise representation of gerrymandering." You

20 remember saying that?

21 A. Yes.

22 Q. And it goes on to say, "It is evident it is a

23 -- an attempt to dilute the -- the minority vote and

24 eradicate a lone representation of political

25 diversity." Do you see that?

1 A. Yes.

2 Q. And do you believe that to be true?

3 A. Yes.

4 Q. On -- is it -- is it your belief that the --

5 the maps themselves being adopted were designed to

6 eradicate political diversity in old Precinct 3?

7 A. Yes.

8 Q. So the next page -- well, I just want you to

9 just take note. Right below that it state -- there --

10 it says, "Perhaps the most affecting speaker was

11 91-year-old Reverend D.N. Benford." You see that?

12 A. Yes.

13 Q. Did you hear Reverend Benford speak?

14 A. Yes.

15 Q. So on the next page of the article, on Page 8

16 of 9, bottom of that paragraph, quotes the Reverend as

17 saying that's -- says "That's why they drew those

18 lines, Benford said, so Black folks could elect some

19 people." Do you see that?

20 A. Where -- where are we?

21 Q. Sorry. It's right at the last -- last sentence

22 on Page 9 -- 8 of 9, top paragraph?

23 A. "That's why they drew those lines, Benford

24 said, so Black folks could elect some people." Uh-huh.

25 Q. Do you agree with that -- that statement?

1 A. That's his independent thought.

2 Q. I'm just wondering. Do you -- did you hear him  
3 say that at the meeting?

4 A. I did hear him say it.

5 Q. Do you agree with what he's saying? Is it the  
6 -- the lines were drawn so that Black folks could elect  
7 some people?

8 MS. CHEN: Objection, form, asked and  
9 answered.

10 A. That is his belief.

11 Q. (BY MR. RUSSO) Okay. Did -- do you share that  
12 belief?

13 A. That is his independent belief. I don't have a  
14 belief on his belief.

15 Q. Okay. You haven't thought about it before  
16 today?

17 A. No.

18 Q. All right.

19 A. I believe he was there speaking on behalf of  
20 himself.

21 Q. Himself?

22 A. Or a minister, yeah. He didn't speak on behalf  
23 of -- I was there speaking on behalf of the NAACP.

24 Q. Uh-huh. Okay. All right. When you -- let's  
25 see. Let me give you the -- I'm trying to keep up --

1 this one.

2 (Marked Lofton Exhibit No. 16.)

3 Q. (BY MR. RUSSO) So that's a -- 80 -- Exhibit 16  
4 is a -- a carveout of the full hearing transcript but  
5 just related to your comments during the hearing.

6 A. Is this from the meeting on November 12th?

7 Q. Yes. I'll represent to you that I pulled it  
8 from the hearing transcript.

9 A. Okay. That's what I --

10 Q. Do you recall making those statements?

11 A. Uh-huh.

12 Q. Okay. And so one of your statements there is  
13 actually the second sentence, I think --

14 A. Which page are we on?

15 Q. Hold on one second.

16 A. The numbers start over.

17 Q. Yeah. I got to pull up my copy of that. It's  
18 actually on the first page of your statement.

19 A. Okay.

20 Q. It's U.S. 2857. The second indented paragraph  
21 starts, "According to the U.S. citizens bureau -- or  
22 Census Bureau." You see that?

23 A. Uh-huh.

24 Q. Okay. And so you state, "I will list the most  
25 populated citizens, Hispanic and Latino as 25.4

1 percent, African Americans are 13.2, and Asians are 3.5  
2 percent." You see that?

3 A. Yes.

4 Q. So what was the purpose of stating that in the  
5 hearing? Why did you think that that was important?

6 A. I thought that that was important because those  
7 are the -- the demographics of the -- of Precinct  
8 3. It re- -- although it was a overall angle what the  
9 minority looks like, but what the demographics of what  
10 Precinct 3 is, what is ma- -- minority majority. So it  
11 was important to know that.

12 Q. And the figures you're quoting, are they just  
13 Precinct 3, or are they across the entire county?

14 A. So this -- this was across the entire county,  
15 but to show that there is diversity in throughout the  
16 county and that the -- Precinct 3 has the most minority  
17 majority because of that.

18 Q. Yeah. Do you have any understanding as to  
19 whether old Precinct 3, when it was drawn years ago,  
20 was drawn specifically to include minority citizens  
21 within it?

22 MS. CHEN: Objection, form.

23 A. Do I have any knowing --

24 Q. (BY MR. RUSSO) You -- is there -- do you have  
25 any knowledge of that? I mean, do you -- anyone ever

1 told you that?

2 A. Anyone ever told me that?

3 Q. Yes, ma'am.

4 A. No.

5 Q. Do you know whether when old Precinct 3 was  
6 drawn that that was the objective was to, you know,  
7 include draw -- based upon the race of the individuals  
8 in -- inside of it?

9 MS. CHEN: Objection, form.

10 A. Can you rephrase your question?

11 Q. (BY MR. RUSSO) Uh-huh. Yeah. Do you know,  
12 sitting here today, whether when they -- when  
13 Precinct 3 was designed years ago, whether it was  
14 designed specifically to include specific minority  
15 groups within it?

16 A. 20 years ago?

17 MS. CHEN: Objection, form.

18 A. Do I know what the intent was 20 years ago?

19 Q. (BY MR. RUSSO) Yeah. If you --

20 A. 20-plus years ago?

21 Q. Have you heard anything about that?

22 A. No. I don't -- I can't speak to that.

23 Q. No idea?

24 A. I can't speak to that.

25 Q. All right. Okay. And you -- you state -- the

1 next sentence, you state, "These proposed maps are  
2 clear and concise representations of gerrymandering."  
3 You see that?

4 A. Yes.

5 Q. And so there were actually two maps presented  
6 at -- right?

7 A. Yes.

8 Q. Do you remember both of them, generally what  
9 they look like?

10 A. Yes.

11 Q. So why did -- why did you think Map 1 was a  
12 representation of gerrymandering?

13 A. Because -- are you asking me do I remember in  
14 detail right now what those maps look like?

15 Q. If you re- -- yeah. If you recall.

16 A. I don't recall, but I know that I can recall  
17 the summary, which is what I stated on this -- in this  
18 statement, that the only resolution feasible is to  
19 disregard both proposed map, evaluate the community,  
20 respect the true diversity within the county, and  
21 create adequate maps that truly reflect the county.

22 Q. Yeah. So -- and that's kind of where I'm  
23 heading is what is it about Map 1 that made you believe  
24 that wasn't happening?

25 A. I am not a map expert. But from the

1 information that I seen, it did not reflect -- and the  
2 lack of transparency through the process and the  
3 procedure of it, that it lacked inclusion.

4 Q. Yeah. Did -- had someone told you that the --  
5 Map 1 and the change in the design includes an  
6 inordinate amount of white voters in Precinct 3 now  
7 such that --

8 A. No one prompted me?

9 Q. -- diluted the vote?

10 A. Is that what you're asking me?

11 Q. Yes, ma'am.

12 A. No. No one prompted me on that information.

13 Q. Okay. How -- how did you figure that out?

14 A. Looking at it.

15 Q. Looking at the map?

16 A. To see, right. So being from Galveston  
17 County --

18 Q. Uh-huh.

19 A. -- and knowing that -- where the demographic of  
20 people and being here my entire life --

21 Q. Uh-huh.

22 A. -- knowing that where people reside and how  
23 things were being drawn, then I could see. And being a  
24 part of Precinct 3 most of my life, well into my adult  
25 life, I pretty much -- being in tune with my community

1 and the county knowing where people live and where --  
2 where they are.

3 Q. Uh-huh.

4 A. You can drive around and see what the -- the  
5 neighborhoods reflect, what the developments look like.

6 Q. Uh-huh.

7 A. You see when you go from one side to the other  
8 side where you are.

9 Q. Yeah. I think I probably share some of that.  
10 I actually graduated from Ball, but -- and grew up on  
11 the island. But Map 1, if you remember, I think really  
12 just sort of drew in and included Bolivar Peninsula in  
13 Pre- -- in Precinct 3.

14 A. Uh-huh.

15 Q. Do you remember that?

16 A. I can't recall. I -- I'm not going to say that  
17 I remember the maps to a T --

18 Q. Uh-huh.

19 A. -- or speak from an expert point of view.

20 Q. Okay. But is it safe to say that something in  
21 your review of the maps made you believe that -- that  
22 the way it was drawn was diluting the minority  
23 population's votes in old Precinct 3? Would that be  
24 true?

25 A. Again, the process, the lack of transparency,

1 the use of someone who's already been deemed  
2 discriminatory --

3 Q. Uh-huh.

4 A. -- and the resubmitting with a little tweak of  
5 a previous map seems to be -- me, in my capacity, would  
6 say how about let's throw everything out, in all  
7 fairness, to be more inclusive and to go about this  
8 procedure in a way to where the community, which is  
9 who's going to be most affected by it, can have a input  
10 in what it actually looks like.

11 Q. Uh-huh.

12 A. So the two -- out of the two, I don't think  
13 that the process allowed it to be a fair process to say  
14 one or the other. So as a whole, as I stated in my  
15 comment, that the most feasible thing to do would be to  
16 go back to the drawing board with it --

17 Q. Uh-huh.

18 A. -- and incorporate more experts and not utilize  
19 someone who has already been deemed discriminatory.

20 Q. Do you know if that was -- and that was what  
21 you expressed at the meeting on the 12th --

22 A. Uh-huh.

23 Q. -- of November?

24 A. Yes.

25 Q. Do you know if it's possible for the county to

1 scrap everything and start over with a deadline on the  
2 next day?

3 A. Well, if the county --

4 MS. CHEN: Objection, form. Sorry.

5 A. Yeah. Can you --

6 Q. (BY MR. RUSSO) Yeah. Do you know whether it  
7 was possible for the county to do that, given that they  
8 had a deadline to submit the maps to the state the next  
9 day?

10 A. They -- I'm not sure --

11 MS. CHEN: Objection, form.

12 A. -- if I can say what's possible with the county  
13 because I didn't -- I don't work for the county and I  
14 was not a part of that. However, the county did make a  
15 note of, in April, hiring someone who had already been  
16 deemed discriminatory and not give any other options to  
17 go forward to the people you put before the one option  
18 of a map by someone who's already -- the DOJ has  
19 already had to show that his maps did not work because  
20 of the way that they drew them the previous time.

21 Q. (BY MR. RUSSO) Uh-huh.

22 A. So I think that that selection in itself and  
23 then the lack of transparency throughout is enough to  
24 say that everything needs to be scrapped and brought  
25 back to the drawing board.

1 Q. Yeah. And my question was a little bit  
2 different, which is: Do you have any awareness,  
3 understanding, or belief as to whether the county  
4 actually could just go back to the drawing board when  
5 its --

6 A. Yes.

7 Q. -- when its maps were due to the state the next  
8 day?

9 A. Yes. Because I believe that the county should  
10 have enough knowledge to have more than just one person  
11 draw a map. With something that's so important, they  
12 should have more than one person, more than one option.  
13 So there if -- the county should have been prepared  
14 with more than one option.

15 Q. Well, there was more than one option, right?

16 A. More than one map drawing option, one person  
17 who prepared them.

18 Q. Oh, so you're saying they should have got --  
19 obtained multiple map drawers?

20 A. Yes.

21 MS. CHEN: Object --

22 Q. (BY MR. RUSSO) Are you aware of any -- any --  
23 any --

24 A. I am -- I'm not a map expert, so I'm not aware  
25 of any procedure of that. But I am aware that the

1 person that they did utilize was a discrimna- -- was  
2 already shown to be discriminatory, and he implemented  
3 a map that was pretty identical to the previous one.

4 Q. Yeah. And -- well, and based upon that comment  
5 alone, is there any map that there -- this person could  
6 have drawn that would have satisfied your unit?

7 MS. CHEN: Objection, form.

8 A. It's not my unit that needs to be satisfied.  
9 It's the community that needs to be satisfied, and  
10 there should have been --

11 Q. (BY MR. RUSSO) Well, except for -- except for  
12 this -- the unit's a party to the lawsuit, so --

13 A. In representation of the community.

14 Q. Yeah, yeah, yeah. But -- so my -- but --

15 MS. CHEN: Please let her finish her  
16 answers.

17 MR. RUSSO: Well -- well, she's kind of  
18 going off on a tangent.

19 Q. (BY MR. RUSSO) And I understand. You've --  
20 we've talked about a community, so I feel like you've  
21 had plenty of room on the record to tell me -- you  
22 know, I -- how the community feels.

23 A. Uh-huh.

24 Q. I get that.

25 A. Uh-huh.

1 Q. And I'm not trying to disrespect that in any  
2 way. But what I'm -- what I'm asking you, though, is:  
3 As a plaintiff in the lawsuit, is it your belief that  
4 -- that -- that map drawer that the county hired, given  
5 his history and known history, which you've identified  
6 as, you know, having been turned down by the Department  
7 of Justice in the past, is there anything he could have  
8 drawn that would have made you happy as a plaintiff?

9 A. You --

10 MS. CHEN: Objection, form.

11 Q. (BY MR. RUSSO) You, as a plaintiff?

12 A. I believe that there should have been more  
13 options from multiple sources and maps for expertise.

14 Q. From someone other than the map drawer that the  
15 county drew?

16 A. I believe that there should have been more  
17 options presented, more experts presented than one that  
18 was already deemed discriminatory.

19 Q. Yeah. Again -- and the options should have  
20 come from someone other than the person that the county  
21 actually hired to do the work, right, to make you  
22 happy?

23 MS. CHEN: Objection to form.

24 A. Than the person rehired after being deemed  
25 discriminatory.

1 Q. (BY MR. RUSSO) You -- you needed -- you needed  
2 someone else -- so the county needed someone else to do  
3 the work other than him --

4 A. They could have had more options. You could  
5 have had that person and another person and another  
6 person. Should have had options, especially since it  
7 was such a time-crunch and the community may not have  
8 been very receptive to what the options that may have  
9 been presented.

10 Q. Let me see.

11 MR. RUSSO: This is 41.

12 MS. CHEN: Uh-huh.

13 (Marked Lofton Exhibit No. 17.)

14 Q. (BY MR. RUSSO) So Exhibit 40 -- I'm sorry. I  
15 want to say 41, but it's Exhibit 17 -- is an e-mail  
16 from Ms. Williamson to an individual named Bruce Gear.  
17 Do you see that?

18 A. Yes.

19 Q. And it's dated December 10th, 2021?

20 A. Yes.

21 Q. Do you know who Mr. Gear is?

22 A. Department -- that's the man from the  
23 Department of Justice.

24 Q. And I'll represent to you he's -- he's actually  
25 a lawyer for the Department of Justice in this case.

1 A. Uh-huh.

2 Q. Are you aware of that before today?

3 A. Yes.

4 Q. Okay. And Ms. Williamson's e-mail lists you as  
5 a person to contact in reference to the history of  
6 redistricting in Galveston County. Do you see that?

7 A. Yes.

8 Q. So what is it you had to add to -- on the  
9 history of redistricting in Galveston County?

10 A. Ms. Williamson added me -- I don't have history  
11 because I was not a part of the Dickinson Bay Area unit  
12 with the -- in the history or at the -- in -- in the  
13 Mainland. So she just added me because she knew that I  
14 was the president and that I could possibly connect  
15 them to someone who had history.

16 Q. Okay. Did you -- did you -- were you able to  
17 do that? Did you ever connect them to someone who's --  
18 knows the history of redistricting?

19 A. I did.

20 Q. Who was that?

21 A. She passed away.

22 Q. She did?

23 A. She did.

24 Q. Oh, I'm sorry to hear that. What was her name?

25 A. Marie Jackson.

1 Q. Okay. How'd you know Ms. Jackson?

2 A. She was a part of the unit. She's a part of  
3 the executive committee.

4 Q. When'd she pass away?

5 A. Her funeral was March the 6th.

6 Q. Of this year?

7 A. Yes.

8 Q. Sorry to hear that. Do you know whether the  
9 Department of Justice spoke to Ms. Jackson?

10 A. I'm not sure.

11 Q. Okay. Did you speak --

12 A. And --

13 Q. I'm sorry.

14 A. He probably spoke with Ms. Yancy as well, as  
15 she was the president before me.

16 Q. The department probably spoke with Ms. Yancy?

17 A. Yes.

18 Q. Yeah.

19 A. I -- she's the president before me.

20 Q. Well, why would they have spoken to Ms. Yancy?

21 A. She would know history more than I would.

22 Q. Okay.

23 A. I was new to the position, fairly new to the  
24 unit.

25 Q. Yeah. Do you recall speaking to the Department

1 of Justice?

2 A. Yes.

3 Q. Do you know when that was?

4 A. No. I don't remember the date.

5 Q. All right. Give you a copy of this.

6 MS. CHEN: Thanks.

7 Q. (BY MR. RUSSO) And this is a --

8 MR. RUSSO: No. 94.

9 (Marked Lofton Exhibit No. 18.)

10 Q. (BY MR. RUSSO) This document is -- it's  
11 actually double-sided because it's so many pages.

12 A. Uh-huh.

13 MR. RUSSO: So when you're copying that,  
14 make sure that you know that.

15 Q. (BY MR. RUSSO) And I'll represent to you that  
16 Exhibit 18, what you're looking at, is a copy of  
17 responses that the Department of Justice provided to  
18 us --

19 A. Okay.

20 Q. -- in response to contention interrogatories  
21 that we sent to them. And specifically we can -- or  
22 we're asking what it was that was said by various  
23 individuals within the county that they told us they  
24 interviewed.

25 A. Uh-huh.

1 Q. So you're one of those individuals, and I  
2 wanted to get you to tell me about some of your  
3 comments. Do you remember speaking to the Department  
4 of Justice?

5 A. Yes.

6 Q. Okay. On -- look at -- we can look at Page 32  
7 is where your comments, I think, start. So at the  
8 beginning of the comments, it states, "The United  
9 States communicated with Lucretia Lofton on  
10 December 9th, 2021, and January 19th, 2022." You see  
11 that?

12 A. Uh-huh.

13 Q. All right. Does that sound right to you?

14 A. Yes.

15 Q. Okay. They go on to state you're the president  
16 of the unit of NAACP?

17 A. Yes.

18 Q. All right. It states that you were not asked  
19 for -- the NAACP was not asked for input on proposed  
20 commissioners. Do you remember telling them that?

21 A. That we're not asked for input? Okay.

22 Q. Right. You remember telling them that?

23 A. (Nodding head.)

24 Q. "Yes"?

25 A. Yes.

1 Q. And then the -- the next sentence is that you  
2 had no knowledge -- "Ms. Lofton had no knowledge of  
3 Commissioner Holmes' proposed plans"?

4 A. Correct.

5 Q. Do you see that? And do you know what plans  
6 that you're referring to?

7 A. He asked me did I have any knowledge of the  
8 plans, and I -- no.

9 Q. Okay. And you -- you have no understanding of  
10 what plans he was re- -- talking about?

11 A. I had -- I hadn't had any contact with  
12 Commissioner Holmes, so I know I didn't have any  
13 knowledge of it.

14 Q. Okay. So we don't know whether it was  
15 different maps he proposed and all that, no idea?

16 A. I had no knowledge -- whatever he proposed in  
17 the meeting, if he had any proposed maps, I -- I just  
18 knew I hadn't had any contact with Commissioner Holmes  
19 about any plans, so --

20 Q. Okay.

21 A. -- I don't have any knowledge of that.

22 Q. All right. So the next -- next statement from  
23 the department's states Ms. Lofton learned about the  
24 November 12th special session from a reporter. Do you  
25 see that?

1 A. Uh-huh.

2 Q. And you -- you believe that's true?

3 A. That is true.

4 Q. Okay. Was that Mr. Ferguson --

5 A. It was.

6 Q. -- when he interviewed you for the November 9th  
7 article, roughly, you think?

8 A. I believe so.

9 Q. All right. And it -- and the next sentence  
10 says, "She attended the special session but did not  
11 make it into the main room where the hearing was  
12 held." Do you see that?

13 A. Uh-huh.

14 Q. That's not accurate, is it?

15 A. It is not accurate.

16 Q. Because, in fact, you did make it into the  
17 room --

18 A. Make it into the room and am on recording  
19 video --

20 Q. Correct?

21 A. -- with --

22 Q. You actually spoke in the meeting room?

23 A. Right. So that is not accurate.

24 Q. Yeah. So, I mean, the -- the department's, you  
25 know, comments on whether you -- well, let me ask it

1 this way --

2 A. They maybe misunderstood --

3 Q. Yeah. Well, let me ask you this --

4 A. -- or misheard.

5 Q. Let me ask you a more direct question. Do you  
6 recall telling the Department of Justice this?

7 A. No. I do not.

8 Q. So to the extent that they recorded that, they  
9 -- it's just an inac- -- an inaccuracy. Do you agree?

10 A. I believe there may be an inaccuracy of --

11 Q. Okay.

12 A. -- recording.

13 Q. All right. It goes on, "The hearing was held  
14 in an inconvenient location and time." You testified  
15 to that earlier, right? You still agree that's true?

16 A. Yes.

17 Q. "And the meeting room was crowded." You see  
18 that?

19 A. Yes.

20 Q. All right. So looking through the -- the rest  
21 of the statement that they attribute to you -- the  
22 department does -- can you look through it and let me  
23 know if there's anything else in here that's  
24 inaccurate?

25 A. "League City is populated by a majority of

1 blacks and Hispanics" -- oh, the east side of -- okay.

2 No. I -- everything else I can recall saying.

3 Q. Okay. The only thing that you think the  
4 department got wrong on your statement was that they  
5 said you didn't make into the main room?

6 A. Yeah.

7 Q. All right.

8 A. It might have been mis- --

9 Q. Okay. Okay. So then on Page 33 at the top, it  
10 states -- you state, "The east side of Dickinson is  
11 more rural."

12 A. Yes.

13 Q. You believe that to be true?

14 A. It is. It's the county side.

15 Q. It's the what?

16 A. County side. It's not city incorporated.

17 Q. It's un- -- it's unincorporated?

18 A. With the City of Dickinson, but it's --

19 Q. Dickinson is what you're saying?

20 A. Yes.

21 Q. Okay. And is that east of I-45, or where are  
22 you talking?

23 A. East -- east of I-45.

24 Q. All right. And your belief is it's more rural  
25 because it's unincorporated?

1 A. Uh-huh.

2 Q. All right. Is that a reflection, though, of --  
3 does it include a reflection of what the properties  
4 actually look like on the east side of Dickinson, east  
5 side of I-45? Is it more rural -- strike that  
6 question.

7 Is -- is it rural because it sort of has  
8 bigger spaces based lots and less developed? Is  
9 that --

10 A. No.

11 Q. No?

12 A. It's -- it's not incorporated. The -- the east  
13 side, specifically beyond Highway 3, is unincorporated.

14 Q. East of Highway 3?

15 A. Yes. Towards 146, yes.

16 Q. Uh-huh. Okay. And do you know which specific  
17 area part of Dickinson was included in the old  
18 Precinct 3?

19 A. Which part of --

20 Q. Dickin- -- Dickinson was included in the old  
21 Precinct 3?

22 A. Well, all the part that went through Highway 3  
23 for sure. Can I speak -- can I draw you out a outline  
24 of it? No.

25 Q. Yeah. So I was trying to figure out -- well,

1 you -- you mentioned that the east side of Dickinson is  
2 more rural, less developed and populated by blacks and  
3 Hispanics?

4 A. Yes.

5 Q. Is it your understanding that that section  
6 you're referring to was included in old Precinct 3?

7 A. Yes.

8 Q. Okay. And you al- -- your belief sitting here  
9 is that League City is also on the east side populated  
10 by a majority of blacks and Hispanics?

11 A. The east side, I don't -- I think that's an  
12 overlap in what I said. I don't think that any part of  
13 League City is majority populated by Black and  
14 Hispanics.

15 Q. So you think that's another inaccuracy in this  
16 statement?

17 A. I am not sure of saying that the Dickinson --  
18 "the east side of League City is populated by a  
19 majority of blacks and Hispanics." Probably -- I -- I  
20 may have said that. Yeah.

21 Q. Okay. Do you believe that to be true sitting  
22 here today?

23 A. Yeah. I actually do.

24 Q. Okay.

25 A. Because people -- earlier you asked me was I in

1 the new Precinct 3, and people tend to presume that I  
2 am on that side of League City instead of where I am.

3 Q. Why do they presume that?

4 A. Kind of -- it's kind of consistent with my  
5 statement that the east side of League City is  
6 populated by -- it has more Black and Hispanics on that  
7 side.

8 Q. Okay.

9 A. People automatically think that that's the area  
10 of League City that I live in versus where I am.

11 Q. Uh-huh. Would you consider where we're sitting  
12 right now, South Shore Harbor, being part of the east  
13 side of League City?

14 A. Yes.

15 Q. You would. All right. Then you -- you also  
16 say that Carver Park was originally settled by  
17 Freedman. Is Carver -- was Carver Park a part of old  
18 Precinct 3?

19 A. Yes.

20 Q. And you state -- let's see. Where did I stop  
21 -- that Carver Park currently has -- currently the area  
22 is a well established middle class community made up of  
23 blacks and Hispanics?

24 A. Yes.

25 Q. You see that?

1 A. Yes.

2 Q. You believe Carver Park to include quite a few  
3 middle class?

4 A. The Armstrong area, yes. Well, that's the  
5 neighborhood area. Carver Park area, yes.

6 Q. Uh-huh. You think it's a middle class  
7 community?

8 A. At one time it was. That's the community I  
9 grew -- grew up in and at that time it was.

10 Q. Yeah. Is it still that?

11 A. Yes. Lot of seniors still there. A lot of  
12 people I grew up with still there.

13 Q. Okay. All right. So your belief is -- and as  
14 you described to the Department of Justice, that  
15 currently the Carver Park area is -- is a  
16 well-established middle class community made up of  
17 blacks and Hispanics?

18 A. Working class would probably be better than  
19 middle class.

20 Q. Well, what's the difference in your view?

21 A. In my view, middle class usually has a little  
22 more -- the -- the demographics look a little  
23 different. Working class as far as -- as is -- is a  
24 little different as far as the types of jobs, the --

25 Q. Okay. So then you -- you -- the -- the

1 Department of Justice has you saying middle class  
2 community?

3 A. Uh-huh.

4 Q. But is it your testimony now that you think  
5 it's more of a working class community?

6 A. It's a working -- it's a middle and working  
7 class commun- --

8 Q. Okay.

9 A. -- as well.

10 Q. Do you -- do you have any sort of estimation as  
11 to -- is -- I mean, I assume if you have a middle class  
12 community, then you have a -- I don't know -- upper and  
13 lower classes as well in your mind?

14 A. Uh-huh.

15 Q. Do you -- so what's the -- what differentiate  
16 -- differentiates a middle class community from a lower  
17 class community?

18 A. Economic status, I would say.

19 Q. Is there a point at which economic status, we  
20 can measure it?

21 A. Well, there's some numbers on -- available on  
22 Google --

23 Q. Uh-huh.

24 A. -- with middle class and working class, working  
25 -- and lower economic class that breaks down your

1 economics of people's income and stuff like that.

2 Q. Uh-huh. So your -- so are you -- when you say  
3 "middle class," are you talking about the income level  
4 and like house valuations or anything else?

5 A. Right.

6 Q. Okay. And so, again, you -- looking at the  
7 Carver Park area, you would say that the people who  
8 live there, their income level and, I guess, housing  
9 valuations are what you would call middle class?

10 A. Yeah.

11 Q. True?

12 A. Most of those are owners, some -- some renters  
13 but --

14 Q. Okay. How would that -- how does that -- what  
15 can you tell me about sort of the makeup of the La  
16 Marque area --

17 A. I can't.

18 Q. -- in terms of -- are they middle class, low  
19 class -- lower class? Where would you put them?

20 A. La Marque, I don't know. I never lived in La  
21 Marque. I lived in West Texas City.

22 Q. Right. I got -- got that.

23 A. Texas City and League City. I -- I can't -- La  
24 Marque is mixed.

25 Q. Mixed between lower class and middle class,

1 middle class and upper class?

2 A. You got a mix of everything. You can see  
3 mansions or you can see smaller houses.

4 Q. Yeah.

5 A. I mean, it's a mix.

6 Q. Well, most communities have something like  
7 that --

8 A. Uh-huh.

9 Q. -- in Galveston County. Wouldn't you agree?

10 A. Yes.

11 Q. And you have areas that have -- in terms of  
12 housing values, you know, values on the lower end of  
13 the spectrum, right?

14 A. Uh-huh.

15 Q. And you have houses on the higher end of the  
16 spectrum?

17 A. Correct.

18 Q. Would that be true throughout the entire  
19 county?

20 A. Yes.

21 Q. Yeah. I mean, that would include Friendswood?

22 A. Yes.

23 Q. That would include Santa Fe?

24 A. Yes.

25 Q. The Bay Area side of the county, right, same?

1 A. Yes. It --

2 Q. They got high income --

3 A. Uh-huh.

4 Q. -- income, housings, and -- and lower value  
5 housing out there as well, right?

6 A. Yeah. But the price point of lower value  
7 compared to that area and Texas City is a completely  
8 different price point.

9 Q. Okay. Well -- and let's talk about the Texas  
10 City area. You also have in Texas City, throughout the  
11 ci- -- city, you have housing values in Texas City that  
12 are on the high end of the spectrum?

13 A. Uh-huh.

14 Q. And --

15 A. On the very low.

16 Q. -- some that are on the low of it, right?

17 A. Right.

18 Q. La Marque is the same way. We talked about  
19 that, right? Would you say that Galveston's the same  
20 way?

21 A. Uh-huh. Yeah.

22 Q. Yeah. And then Hitchcock?

23 A. Yeah. I guess so.

24 Q. Yeah. Okay. Would you agree that -- that you  
25 -- in all those areas you also have people whose in --

1 incomes are on the high end of the spectrum and low end  
2 of the spectrum?

3 A. Yes.

4 Q. In all those areas?

5 A. Yes.

6 Q. You know, that -- that -- that issue is not  
7 different for -- any different for Friendswood than it  
8 is for La Marque. You got people on all sides of the  
9 spectrum. True?

10 MS. CHEN: Objection, form.

11 A. Can you directly communicate your question?

12 Q. (BY MR. RUSSO) I can try. I can try to do  
13 better. I guess what I'm asking you is: You have high  
14 income earners in every city in the county and low  
15 income earners in every -- every city in the county.  
16 Agreed?

17 A. Agreed.

18 Q. There's not one area that just has a collection  
19 of all low income earners and --

20 A. Agree.

21 Q. -- high income earners?

22 A. Agree.

23 Q. Okay. I think -- you stated, though, I think,  
24 in the Carver Park area that there's -- it's made up of  
25 blacks and Hispanics. Are there -- there -- I mean,

1 there are white residents there as well?

2 A. Yes.

3 Q. Yeah.

4 A. I can imagine so.

5 Q. Yeah. I don't know. Do you know? Have you  
6 been there lately?

7 A. Yeah. I'm there often.

8 Q. Yeah. You're there often?

9 A. Yes.

10 Q. Okay. Is that be- -- is -- was your -- is your  
11 house place -- your original residence located close to  
12 that?

13 A. Where I grew up?

14 Q. Yes, ma'am.

15 A. Yes.

16 Q. Okay. Is that the reason --

17 A. It's on Carver Street.

18 Q. Okay. So that's -- that's the reason why  
19 you're there pretty often -- you said often?

20 A. Yeah. Well, I still have family there. I  
21 still have a lot of relatives there. Yeah. So I'm  
22 still very in tuned with that community as well.

23 Q. All right. I understand. All right. What  
24 would you say if you -- you look at -- if -- just take  
25 your typical resident in the Carver Park area who's

1 also an African American and look at an African  
2 American in the La Marque area. Is there really  
3 anything that you could -- that you -- given those two  
4 locations, Carver Park and La Marque, is there anything  
5 that you can conclude that is absolutely similar --  
6 similar between those two individuals just by virtue of  
7 the fact that you know that they reside in La Marque  
8 and Carver Park?

9 MS. CHEN: Objection, form.

10 Q. (BY MR. RUSSO) Did --

11 A. Yeah. Can you please -- I -- I -- I don't  
12 understand your question.

13 Q. Yeah. It's -- it's kind of a convoluted  
14 question but really simple premise. If -- if you -- if  
15 I give you hypothetically -- and we just point to one  
16 individual who lives in the Carver Park area who's an  
17 African American --

18 A. Uh-huh.

19 Q. -- and another individual who lives in La  
20 Marque who's an African American, just by virtue of  
21 those facts, you're not going to know necessarily that  
22 those two individuals, you know, have similar  
23 interests, similar problems. You got to know more  
24 about them. Wouldn't you agree?

25 MS. CHEN: Objection, form.

1 A. We're comparing a neighborhood to a town. The  
2 Carver Park area is a neighborhood area.

3 Q. (BY MR. RUSSO) Uh-huh.

4 A. La Marque is an entire town.

5 Q. Okay. Is there a -- does that issue -- how  
6 does that --

7 A. Is that what you're asking me to do is what I'm  
8 trying to clarify?

9 Q. Yeah. I'm just saying that if you -- if you  
10 assume that you got this -- these two people.

11 A. Uh-huh.

12 Q. And the only thing similar between them is  
13 their race. They live in two different areas, which  
14 I've identified, La Marque, city of La Marque and  
15 Carver Park.

16 A. Uh-huh.

17 Q. There's no reason to assume that those two  
18 individuals have the same interests or problems, is  
19 there, just by virtue of their race?

20 MS. CHEN: Objection, form.

21 Q. (BY MR. RUSSO) Is that true?

22 A. I'm not sure what the directness of the -- the  
23 are you -- let me clarify. Are you asking me that if  
24 two individuals from -- one from West Texas City, one  
25 from La Marque, because they are Black, do they have

1 the same issues?

2 Q. Yes. Knowing nothing else about them.

3 A. Because they live in the -- knowing nothing  
4 else about them?

5 Q. Yeah.

6 A. They may have similar issues.

7 Q. May have. But there's no reason to necessarily  
8 conclude that they do?

9 MS. CHEN: Objection, form.

10 Q. (BY MR. RUSSO) True?

11 A. It's not a -- that's not farfetched. However,  
12 they --

13 Q. Wait. It's not -- I'm sorry. I didn't  
14 understand. "It's not farfetched," what do you mean by  
15 that?

16 A. To -- to -- you're asking me is it -- do --  
17 will they have similar issues?

18 Q. Should we assume they do?

19 A. Should we assume they do?

20 Q. Yes, ma'am.

21 A. You shouldn't assume anything.

22 Q. Oh, I agree with you, but I'm wondering, from  
23 your perspective --

24 A. Oh, no.

25 Q. -- would you be safe --

1 A. Oh, no. I'm not -- I'm not going to assume  
2 anything. The assumption that -- no. I'm not going to  
3 assume that.

4 Q. You'd want to know more, right?

5 A. I would want to know more.

6 Q. I -- I'm good with that. Race alone and  
7 location of residents doesn't tell you everything, does  
8 it?

9 MS. CHEN: Objection, form.

10 A. However, when you factor --

11 Q. (BY MR. RUSSO) Wait.

12 A. -- in -- when you start factoring -- factoring  
13 in different things that have affected an area, then  
14 that gives you more.

15 Q. Okay. And so -- but racial -- race alone and  
16 location of residence in Galveston County doesn't tell  
17 you everything about the similarities or differences  
18 between two people. Would you agree?

19 A. No. I wouldn't agree.

20 Q. You would not?

21 A. No.

22 Q. What does it tell you other than the -- they  
23 share race?

24 A. It gives you an informed -- the area gives you  
25 an informed decision about what the area may be

1 composed of.

2 Q. Okay. And are you making assumptions based  
3 upon what -- what -- based upon the area they come  
4 from?

5 MS. CHEN: Objection, form.

6 A. I would say so. I wouldn't think -- I think I  
7 probably would have maybe chosen a person -- a Black  
8 person from Friendswood versus a Black person from  
9 Carver Park and gave that analogy and then say do they  
10 have something in common.

11 Q. (BY MR. RUSSO) Why is that more helpful to  
12 you?

13 A. Because it's different.

14 Q. Why is it different?

15 A. Because the economic class and the -- the  
16 requirements to live in the property price point, the  
17 tax price point, all these other factors that go into  
18 place with someone who lived in Friendswood versus  
19 someone who lived in Texas City.

20 Q. Uh-huh. But you -- you agree with me that  
21 there -- again, there are low income earners in  
22 Friendswood. There are low housing values in  
23 Friendswood. True?

24 A. Right. A low income value in Friendswood may  
25 be 300,000 versus one in Texas City may be 75,000.

1 Q. But do you -- is it -- surely you're not  
2 telling me that everybody in Friendswood makes  
3 300,000-plus?

4 A. Well, you said --

5 MS. CHEN: Objection, form.

6 A. You said "property." We were talking about the  
7 values.

8 Q. (BY MR. RUSSO) Okay. Well, yeah. Then let's  
9 do it that way. Then -- okay. Let -- and I'm trying  
10 to stick with you. I thought you just changed to  
11 income.

12 A. No.

13 Q. Is it your testimony that every -- that there  
14 are no properties in Friendswood --

15 A. That is not my testimony.

16 Q. Okay.

17 A. That is not my testimony.

18 Q. I didn't think it was. I thought we'd been  
19 pretty clear that there are -- there are houses in  
20 Friendswood with low -- on a low spectrum of  
21 valuations. Agree?

22 A. Right.

23 Q. Right. So why would it -- the hypothetical of  
24 a resident in Carver -- Carver Park and comparing --  
25 who's African American who's all -- and then comparing

1       them to any individual who's African American in  
2 Friendswood, why would that be easier for you to an- --  
3 provide a response?

4       A.     Because the -- because there's -- be a typical  
5 -- there's typically a different demographic of persons  
6 that -- that person is not -- when looking at the  
7 census demographics and everything that I've looked at  
8 from that, that the Black person that lives in  
9 Friendswood versus the Black person that lives in Texas  
10 City is not -- the income is not the same. The house  
11 of -- the housing valuation is not the same. The needs  
12 are not the same as far as what their community needs  
13 are. The communities don't look alike either.

14       Q.     And are you -- are you talking -- are you  
15 talking about sort of the average individual in these  
16 two locations?

17       A.     I mean, that's all I can go off of, the  
18 average --

19       Q.     Right.

20       A.     -- of what I've seen from those numbers.

21       Q.     Right. And so -- and, again, my question was  
22 more specific than that.

23       A.     Okay.

24       Q.     Not based upon the averages that you find in  
25 any of these locations. I'm asking you that if I just

1 | give you -- if I pulled two names out of a hat, one I  
2 | tell you is in Carver -- lives in Carver Park and one I  
3 | tell you lives in La Marque --

4 | A. Uh-huh.

5 | Q. -- not telling you where, but that's -- other  
6 | than that -- they're both --

7 | A. Do I think they have similar needs?

8 | Q. Well, they're -- they're both African American.

9 | A. Do I think they have similar needs?

10 | Q. Well, here's my question.

11 | A. Okay.

12 | Q. If that's all you know, can you tell me whether  
13 | they have similar needs or are you -- or let me put it  
14 | this way: Are you comfortable testifying that they  
15 | have similar needs based upon that limited amount of  
16 | information?

17 | MS. CHEN: Objection, form, asked and  
18 | answered.

19 | A. I think I did answer that already.

20 | Q. (BY MR. RUSSO) Well, what was your response?

21 | A. Yes.

22 | Q. You're comfortable testifying that those two  
23 | people --

24 | A. May have sim- --

25 | Q. -- because of their race have similar needs?

1 A. Yes.

2 Q. Race alone defines the needs of the individual?

3 MS. CHEN: Objection, form, misstates

4 testimony.

5 A. I've answered that.

6 Q. (BY MR. RUSSO) But you agree with that?

7 A. I've answered it.

8 Q. But do you agree?

9 A. I've answered it.

10 Q. Well, this is a different question, that race

11 alone defines the needs of the individual?

12 A. Race --

13 MS. CHEN: Objection, form.

14 A. Can you reform your late -- your question?

15 Q. (BY MR. RUSSO) Yes. That race alone defines

16 the need of the individual --

17 MS. CHEN: Objection, form.

18 Q. (BY MR. RUSSO) -- under my hypothetical?

19 MS. CHEN: Objection, form, incomplete

20 hypothetical.

21 Q. (BY MR. RUSSO) It's absolutely incomplete.

22 A. Right.

23 Q. I've given you the limitations and --

24 A. It's -- it's not enough information to go off

25 of.

1 Q. Okay. So is -- is that your response, "not  
2 enough information," or are you comfortable saying  
3 "they have the same needs"?

4 A. I'm comfortable saying --

5 MS. CHEN: Objection, form.

6 A. -- that they have -- they may have similar  
7 needs, but there's not enough information to go off  
8 of --

9 Q. (BY MR. RUSSO) Okay.

10 A. -- to give you a definite answer.

11 Q. And I get that. They -- they may. We just  
12 don't know. We don't have enough information. Agreed?

13 A. Uh-huh.

14 MS. CHEN: Objection, form.

15 Q. (BY MR. RUSSO) Okay. Did you work -- are you  
16 -- did you work as a real estate agent at some point?

17 A. Yes.

18 Q. You -- do you do that now?

19 A. Yes.

20 Q. You do?

21 A. Uh-huh.

22 Q. Who's -- who do you work with?

23 A. Why does that matter?

24 Q. Well, I -- well, let's see. I could tell you  
25 why it might matter is you have an idea or inclination

1 as to values in different areas of the city -- of the  
2 county.

3 A. But when I went into this, I was not a real  
4 estate agent.

5 Q. Okay. But -- so how many years did you work as  
6 a real estate agent?

7 A. One.

8 Q. One year?

9 A. (Nodding head.)

10 Q. Does -- you think that gives you an i- -- that  
11 the work as a real estate agent over one year gives you  
12 a sort of better idea of -- better understanding of  
13 house valuations in different locations in Galveston  
14 County?

15 A. It gives me some understanding.

16 Q. Some. Better than the --

17 A. Average person --

18 Q. -- average person?

19 A. -- who's not -- who doesn't have access to  
20 information?

21 Q. Yeah.

22 A. Yeah.

23 Q. All right. So when you tell me that you've  
24 seen housing valuations of all spectrums and I --  
25 these dif- -- different cities, you're basing that on

1 your time as a real estate agent plus time in the  
2 community?

3 A. Yes.

4 Q. Would you agree? All right. Are you not  
5 currently selling any houses, though?

6 A. I am currently an agent.

7 Q. Oh, you are?

8 A. Yes.

9 Q. Oh, okay. So you've been doing it for a year?

10 A. Uh-huh.

11 Q. And you're still doing it?

12 A. And I'm still doing it.

13 Q. Okay. Do you do that as well as the sort of  
14 nursing and healthcare stuff both at the same time?

15 A. The nursing and healthcare stuff is part time.

16 Q. Okay. Okay. And so -- and where do you  
17 perform your healthcare services, not anything  
18 specific, but are there regions and areas you work in  
19 mostly?

20 A. The -- in the county.

21 Q. All over?

22 A. In Galveston County.

23 Q. All over Galveston County?

24 A. Yes.

25 Q. Okay. Is -- is it focused around the Carver

1 Park area where you grew up?

2 A. Actually don't have anyone in that area.

3 Q. No? Is there -- if you had to point to an area  
4 where you had most of your clients, where would that  
5 be?

6 A. I don't have a lot. It's part time.

7 Q. Okay. You have more than one? And I'm really  
8 not trying to pry, but --

9 A. Right now, no.

10 Q. If -- what -- what's your answer to the  
11 question of where do the majority of the people you  
12 assist in healthcare, where would -- what area of the  
13 county would they list?

14 A. West Texas City.

15 Q. West Texas City. All right. So looking back  
16 at Exhibit 18, there's some comments here that Kim  
17 Yancy made on Page 22. And specifically on Page 24,  
18 there's a couple I want to ask you about. And you can  
19 read as much as you want, but on Page 24, the -- the  
20 third paragraph down, it says Ms. Yancy was president  
21 of NAACP of Bay -- Dickinson Bay Area between 2016 and  
22 2021. Do you see that?

23 A. Yes.

24 Q. Is that correct?

25 A. No.

1 Q. No. She should -- it should say -- read --  
2 what should it say?

3 A. It should stop at 2020.

4 Q. So 2019 basically is when she stopped?

5 A. Yes.

6 Q. All right. All right. And at the bottom of  
7 Page 24, the last thing Ms. -- that this document says  
8 that Ms. Yancy says is she -- "she stated she thinks  
9 the new map was drawn to, quote, take our voice away,  
10 comma, end quote, i.e., to get the democratic, comma,  
11 Black, comma, and Latino voice out." You see that?

12 A. Yes.

13 Q. Do you agree with Ms. Yancy that part of the  
14 reason for the map change was to get the -- to  
15 eliminate the democratic voice?

16 A. That's her independent thought.

17 Q. Okay. Do you agree with it?

18 A. That's her independent thought.

19 Q. I -- I --

20 A. It's not mine.

21 Q. I totally agree that that's what Ms. Yancy told  
22 the DOJ, at least that's what they represent. What I'm  
23 asking you is: Do you agree with her?

24 A. That's not my opinion. I've stated my opinion.

25 Q. Okay. You don't agree that it had anything to

1 do with dealing with the change in the democratic vote?

2 A. I stated that my opinion was to dilute the  
3 minority-majority vote.

4 Q. Right. And had nothing to do with changing the  
5 democratic outcome?

6 A. My statement is to dilute the minority-majority  
7 vote.

8 Q. Right. And, again --

9 A. That's her comment. My comment is to reduce  
10 the -- dilute the minority-majority vote.

11 Q. Right. And it seems like she's taking it a  
12 little bit further, and the reason being is to get --  
13 to take out the Democrat voice?

14 A. That's her voice.

15 Q. Right.

16 A. That's her.

17 Q. Right.

18 A. My comment is to dilute the minority-majority  
19 vote.

20 Q. Right. But then the question is: For what  
21 purpose?

22 A. My --

23 Q. Is it to -- well, this is my question to you:  
24 You told me what you believe to be true, but what's the  
25 purpose? Is the purpose to turn Precinct 3 into a

1 Republican district or --

2 A. I'm not sure why it's --

3 MS. CHEN: Objection, form.

4 A. -- a need to --

5 Q. (BY MR. RUSSO) Right.

6 A. -- do so.

7 Q. Okay. Well, again, she says is to get -- the  
8 reason it was done is to -- to get the democratic vote  
9 out.

10 A. And Lucretia said it is to reduce the  
11 minority-majority precinct.

12 Q. Yeah. Do -- do you understand what I'm saying  
13 is a difference?

14 A. I'm completely -- I completely understand.

15 Q. Okay. All right. And I -- I think it has to  
16 do with the -- you know, sort of the reasoning behind  
17 what's happening. I don't -- again, I don't think  
18 there's a dispute that -- that there are less -- you  
19 know, there's a minority dilution in the old versus --  
20 there's a difference in old Precinct 3 and new  
21 Precinct 3, right. We can deal with that.

22 The question I have is -- and I think  
23 what Ms. Yancy is saying is that one of the things she  
24 thinks the reason that was done is to get rid of the  
25 Democrat voice?

1 A. Ms. Yancy is speaking as --

2 MS. CHEN: Objection, form.

3 A. -- an individual --

4 Q. (BY MR. RUSSO) I'm with you.

5 A. -- and not with the NAACP.

6 Q. I --

7 A. And she's going on a partisan.

8 Q. I totally understand.

9 A. And me as the representative, as the president  
10 at the time for the NAACP, was not -- was not based on  
11 partisan. It's --

12 Q. Yeah. You -- you -- you disagree with  
13 Ms. Yancy's position that this had anything to do with  
14 --

15 A. That's her individual position.

16 Q. I -- again, I agree with you. But your -- you  
17 disagree with her on that point?

18 A. That's her individual position.

19 Q. That's -- that's --

20 A. That's not the position that she -- as -- well,  
21 going forward, the Dickinson Bay Area unit that was --  
22 that's not our manner. Our manner is the  
23 minority-majority dilution of vote.

24 Q. Right. But you -- you disagree with the reason  
25 that that happened has -- has anything to do with the

1 -- to eliminate the Democrat vote?

2 A. In what capacity are you asking me that? As  
3 the president or as an individual?

4 Q. As an individual.

5 A. I'm not sure.

6 Q. You don't have a view on it?

7 A. I don't.

8 Q. Okay. I mean, it might have had something to  
9 do with the Democrat vote. You just don't know?

10 MS. CHEN: Objection, form, asked and  
11 answered.

12 A. Is that a question?

13 Q. (BY MR. RUSSO) You can answer.

14 A. Do -- was that a question?

15 Q. Yes. Yeah.

16 A. What's the -- could you state the question?

17 Q. It might have had something to do with  
18 eliminating the Democrat vote. You just don't know  
19 right now?

20 MS. CHEN: Objection, form, asked and  
21 answered.

22 A. You're asking me that -- if I know?

23 Q. (BY MR. RUSSO) What I'm asking -- well -- I'll  
24 just --

25 A. You sound like you're making a statement and

1 then putting a question mark --

2 Q. And I'm asking -- yeah. And that's -- that's  
3 -- that's, yeah, part of the process. And tell me if  
4 I'm wrong that -- that as the facts are, as you know  
5 them, the -- the change in the minority-majority might  
6 have had something to do with eliminating the Democrat  
7 vote power, but you're just not -- you don't -- you  
8 don't know whether that's true or not right now?

9 MS. CHEN: Objection, form, asked and  
10 answered.

11 Q. (BY MR. RUSSO) Do you agree with that? That's  
12 my question.

13 A. My answer is the minority-majority vote was  
14 being diluted, as a personal, as Lucretia  
15 Henderson-Lofton --

16 Q. Uh-huh. Uh-huh.

17 A. -- and as the president.

18 Q. Yeah. That wasn't my question.

19 A. I have the same viewpoint in the capacity of  
20 the president and the capacity of an individual.

21 Q. Yeah. But --

22 A. I have the same viewpoint. I'm not taking it  
23 and parsing --

24 Q. And I'm not -- I don't want you to -- I'm not  
25 asking you to change your viewpoint. I'm just -- what

1 I'm say is I'm asking you a different question than  
2 what you're answering. You've told me that you think  
3 there's a minority dilution. I get that. My question,  
4 though, to you is: Was that for the purpose -- based  
5 upon what you know, do you believe that was for the  
6 purpose of changing the partisanship of the old  
7 Precinct 3 or something else?

8 MS. CHEN: Objection, form, asked and  
9 answered.

10 Q. (BY MR. RUSSO) Do -- and do you know?

11 A. I am not basing anything based on partisan.

12 Q. What does that mean?

13 A. You asked me democratic, right?

14 Q. Right. Yes.

15 A. That's a party.

16 Q. Correct.

17 A. That's partisan.

18 Q. It is.

19 A. I am not speculating anything based on  
20 partisan. I am specu- -- my -- it's not a speculation.  
21 My -- my viewpoint is based off of minority-majority  
22 dilution. Her opinion is democratic. That is the --  
23 what was the word you used?

24 Q. Well, she said -- she was saying that "they're  
25 trying to take our voice away," and then it says,

1 "i.e., to get the democratic voice out."

2 A. I can't interpret --

3 Q. You don't know.

4 A. -- or agree with someone else's viewpoint that  
5 is not in alignment with mine.

6 Q. Okay. Do -- and is it -- is it in alignment  
7 with yours or not, with your viewpoint?

8 MS. CHEN: Objection, form, asked and  
9 answered.

10 A. I can't -- didn't I just answer that?

11 Q. (BY MR. RUSSO) Did --

12 A. I did. I said I can't.

13 Q. You can't answer it?

14 A. With someone whose viewpoint is not in  
15 alignment with mine is what I said.

16 Q. Oh, okay. So you do believe it has something  
17 to do other than -- it has something to do with  
18 something other than partisanship?

19 A. I'm not basing it on partisanship. That's  
20 my --

21 Q. You're not basing what on partisanship?

22 MS. CHEN: Objection, form.

23 A. On -- you're asking me if it has something to  
24 do with democratic based off of what Kim Yancy said.  
25 And I said my viewpoint is not based on partisanship.

1 Q. (BY MR. RUSSO) But, again, I'm sorry. I just  
2 don't understand what that means, that your viewpoint  
3 is not based on partisanship.

4 A. It's not.

5 Q. But is it -- are you trying to tell me that  
6 something else happened than partisanship? There's  
7 some other purpose than partisanship. Is that what  
8 you're trying to say?

9 A. To dilute the minority majority.

10 Q. It's -- there was some other reason than  
11 partisanship?

12 A. To dilute the minority majority.

13 Q. But why was the minority majority diluted?  
14 That's my question.

15 A. I would love to know.

16 Q. Well, are -- have you thought about whether it  
17 could have been because Precinct 3 typically voted for  
18 Democrats? That was my question.

19 MS. CHEN: Objection, form, asked and  
20 answered.

21 A. As I already stated, I -- can you re- --  
22 reframe it?

23 Q. (BY MR. RUSSO) Yeah.

24 A. Let's reframe it then.

25 Q. And I was asking --

1 A. Let's -- let's do that.

2 Q. Yeah. So I'm -- what I'm trying to understand  
3 is if -- if you've thought about the -- the reason for  
4 the change and the dilution of the minority vote has  
5 something to do with the partisanship of old  
6 Precinct 3?

7 A. I thought I --

8 MS. CHEN: Objection, form, asked and  
9 answered. I believe she stated the reason was to  
10 dilute the minor- -- the minority vote --

11 MR. RUSSO: That's again --

12 MS. CHEN: -- period.

13 MR. RUSSO: You're -- you're answering  
14 the question as bad as she is. It's not -- we've --  
15 we've -- we've established that you-all under --  
16 believe that there's a minority dissolution. I get  
17 that.

18 MS. CHEN: Dilution.

19 MR. RUSSO: Di- -- yeah. Dilution. Not  
20 dissolution. Dilution.

21 Q. (BY MR. RUSSO) My question is different than  
22 that. It's the reason for that dilution, which is --

23 A. You're asking me to assume a reason behind  
24 something I don't know.

25 Q. Yeah. I don't -- I don't want you to assume

1 anything. I'm asking if you've thought about -- if  
2 you've thought about why the minority vote was diluted  
3 by vote of the commissioners court. Is that -- have  
4 you thought about maybe it has something to do with  
5 partisanship?

6 MS. CHEN: Objection, form, asked and  
7 answered.

8 A. And I answered that I don't have a partisanship  
9 influence. I told you that my answer is that the  
10 dilution of the minority majority. The reason --

11 Q. (BY MR. RUSSO) Uh-huh.

12 A. -- behind it --

13 Q. That's what I'm asking.

14 A. -- would mean that I would have to be in the  
15 head space of those and interpret other people's  
16 thoughts. I cannot do that.

17 Q. All right. Okay. And I -- I mean, that's --  
18 that's all I was trying to figure out, if you -- if  
19 you --

20 A. And I also said I could not interpret hers as  
21 well.

22 Q. Understood. Okay. That's all I was trying to  
23 get to. On Page 25, Ms. Yancy, in the middle of her  
24 statement, the middle paragraph, she states that Ms.  
25 -- it says, "Ms. Yancy stated that Mr. Quiroga" --

1 Quiroga -- that's Q-U-I-R-O-G-A -- "is the first Latino  
2 to lead the Galveston County Community Action and that  
3 this is probably one of the first merging of the two  
4 cultures." Do you see that?

5 A. Yes.

6 Q. Do you know anything about the Galveston County  
7 Community Action?

8 A. No.

9 Q. So do you have any ability to say whether she's  
10 right about whether that's the first merging of the two  
11 cultures?

12 A. No. I don't know the history well enough to  
13 say that.

14 Q. Okay. And then Ms. -- she -- it states,  
15 "Ms. Yancy further stated that they need each other,  
16 comma, but there is not always trust." Do you agree  
17 with that?

18 A. No.

19 Q. You don't?

20 A. (Shaking head.)

21 Q. In your experience the -- the -- the Latino  
22 group and the NAACP group typically do trust each  
23 other?

24 A. That's been my experience as operating as  
25 president.

1 Q. Okay. And Ms. Yancy, has -- has she been --  
2 she was president longer than you, before you, right?

3 A. Before me.

4 Q. And then for a longer period?

5 A. And for a longer period of time. Uh-huh.

6 Q. Okay. Do you have any idea why she believes  
7 that there's not always trust between the -- the two  
8 organiza- -- the two minority groups?

9 A. That's a personal question that you have to ask  
10 her directly.

11 Q. Okay. You haven't ever talked to her about  
12 that?

13 A. I haven't had that conversation with her.

14 Q. Okay. All right. Would you agree that in  
15 terms of her affiliation for the organization -- with  
16 the organization before you and longer than you, that  
17 she might be a better judge of that situation?

18 MS. CHEN: Objection, form.

19 A. She may have different experience. That has  
20 not been my experience.

21 Q. (BY MR. RUSSO) All right.

22 A. In fact, I have had a great experience with  
23 LULAC and Hispanic people coming together, so, again,  
24 that hasn't been my experience.

25 Q. Uh-huh. Okay. All right. Let's see. Do you

1 know an individual named Keith Henry?

2 A. Oh, he's --

3 Q. Sorry. And I'm looking at -- so he's -- he's  
4 actually on this document as well on Page 17. And so,  
5 again, understanding -- and rep- -- I represent to you  
6 this is provided by the Department of Justice in  
7 connection with interviews of particular people. I'm  
8 wondering if you know who Keith Henry is.

9 A. Uh-huh.

10 Q. Yeah, yeah.

11 A. Yes. I know who Keith --

12 Q. He's a Texas City commissioner, right?

13 A. He was. I don't think --

14 Q. Okay. And at -- so the second line on Page 17  
15 and under Mr. Henry, it says, "Mr. Henry is a Texas  
16 City commissioner." He may have been -- he may have  
17 dropped that position since then. But as of the time  
18 this was -- he was -- he spoke to them, he says he was  
19 a commissioner; is that right?

20 A. Uh-huh. Yes.

21 Q. All right. Have you -- do -- have you spoken  
22 with Mr. Henry about the redistricting effort, in  
23 particular this case?

24 A. No.

25 Q. No. Have you -- was Mr. -- Mr. Henry, was he a

1 commissioner while you were a resident of -- in Texas  
2 City?

3 A. Mr. Henry is the same age as me.

4 Q. Okay.

5 A. Close in age.

6 Q. Well, so here's what I'm -- here's my question:

7 Did you have an opportunity to vote for him while you  
8 were a resident in Texas City?

9 A. No. He's the --

10 Q. No.

11 A. He was the same age as me.

12 Q. Okay.

13 A. He -- he just got a -- the commissioner of  
14 something. He hasn't been in politics --

15 Q. Not for long?

16 A. No.

17 Q. Did he graduate from La Marque High School?

18 A. He graduated from Ball.

19 Q. What year? Probably well after me.

20 A. '2.

21 Q. 2002?

22 A. Or '3.

23 Q. Yeah. Well af- --

24 A. Something like that.

25 Q. Well after me. I was long gone by then. Okay.

1 All right. So there was a couple comments that

2 Mr. Henry made and specifically on Page 20. Let me  
3 know when you're there.

4 A. I'm here.

5 Q. Okay. So let's see. One, two, three, four --  
6 seven. The seventh paragraph down in the description  
7 from the Department of Justice says --

8 A. Uh-huh.

9 Q. -- "Mr. Henry stated that Latino voters are  
10 swing voters, not reliably democratic." Do you see  
11 that?

12 A. Uh-huh.

13 Q. Do you agree with that?

14 A. His -- that had to come from somewhere.

15 Q. Okay. So you think that's based on data?

16 A. I don't know what it's based on. That's just  
17 his statement. I can't say --

18 Q. Yeah. Well, so --

19 A. -- where he got that from.

20 Q. Is that your experience as well?

21 MS. CHEN: Objection, form.

22 A. I don't go in the voting booths with people.

23 Q. (BY MR. RUSSO) No. I -- and I totally get  
24 that, and I -- I -- I presume that Mr. Henry doesn't  
25 either, but --

1           A.    Mr. Henry is a politician, so he has examined  
2           that in a little more thorough process than I have  
3           being nonpartisan.

4           Q.    Okay.  So it's -- it's -- your thought is -- I  
5           know you may not be right, but your thought is -- is  
6           that Mr. Henry may be looking at data for this?

7           A.    He may be looking at data.  Not me.

8           Q.    Okay.  You haven't?

9           A.    No.

10          Q.    All right.  And do you -- but as you sit here,  
11          do you have any belief as to whether Latino voters are  
12          swing voters and not reliably democratic, just you  
13          alone?

14          A.    No.

15          Q.    No.  And the next sentence says, "Mr. Henry  
16          stated the goal is to get 25 to 30 percent of the  
17          Latino vote."  You see that?

18          A.    Uh-huh.

19          Q.    "And 80 percent-plus of the Black vote."  Do  
20          you agree that that's sort of a goal of -- should be a  
21          goal of politicians in connection with Precinct 3 --

22          A.    That's his personal goal.

23                        MS. CHEN:  Objection, form.

24          Q.    (BY MR. RUSSO)  That's what?

25          A.    His personal goal.  I can't negate what someone

1 goals should be.

2 Q. Yeah. I just didn't know if you had any view  
3 of it yourself. All right. You haven't spoken to  
4 Mr. Henry about any of that, though?

5 A. Nope.

6 Q. Okay. I think -- turn to Page 7.

7 A. 7?

8 Q. 7. Yes, ma'am. And there's a reference there  
9 to an individual named Derek John -- Dedrick Johnson.  
10 Sorry?

11 A. Dedrick Johnson.

12 Q. You know Mayor -- Mayor Johnson?

13 A. Uh-huh.

14 Q. Is he -- he's the current mayor of Texas City,  
15 right?

16 A. Texas City, yes.

17 Q. Is he African American?

18 A. Yes.

19 Q. Do -- he's -- well, okay. Says he's also a  
20 member of the Mainland chapter of NAACP. True?

21 A. Really?

22 Q. Is that -- to your -- your knowledge; is that  
23 correct?

24 A. I'm not a Mainland member, so, I mean, who --  
25 someone disclosed his membership?

1 Q. Yeah. The Department of Justice did actually.

2 A. Wow.

3 Q. But, again, I understand the -- your -- talk to  
4 your counsel about the confidentiality issues.

5 Okay. So on Page 8 down at the bottom,  
6 the very last comment on here is on Mr. -- Mayor  
7 Johnson states -- "Mayor Johnson stated that, comma, in  
8 his opinion, comma, the adopted commissioners court  
9 plan was motivated by both partisanship and race." You  
10 see that?

11 A. No. Where are you?

12 Q. On Page 8.

13 A. Uh-huh.

14 Q. The very last -- the very last comment here.

15 A. May -- oh, I'm at a different Page 8. That's  
16 why --

17 Q. -- oh, you're on -- okay.

18 A. Where I'm at.

19 Q. I'm on Page 8 of the --

20 A. Got it.

21 Q. -- exhibit attachment. All right. So, yeah.  
22 Let me know when you're there.

23 A. Okay. I -- I'm here.

24 Q. Okay. So read that to yourself and let me know  
25 if that -- if I read it accurately.

1 A. That's what he -- I mean, that's what it reads.

2 Q. Yeah. And so do you agree with -- with Mayor  
3 Johnson's view that the -- the maps in his -- from his  
4 comments were motivated both by partisanship and race?

5 MS. CHEN: Objection, form.

6 Q. (BY MR. RUSSO) Do you think he's wrong or  
7 right on that?

8 MS. CHEN: Objection, form.

9 A. My viewpoint is there was a dilution of the  
10 minority-majority vote. Mayor Johnson has his own  
11 viewpoint just as Kim Yancy had her own viewpoint.

12 Q. (BY MR. RUSSO) Uh-huh.

13 A. Lucretia Lofton viewpoint is there's a dilution  
14 in the minority-majority vote.

15 Q. Right. And we don't -- we don't know enough to  
16 decide why. Agreed?

17 MS. CHEN: Objection, form.

18 Q. (BY MR. RUSSO) Is that true?

19 MS. CHEN: Objection, form.

20 A. Is what true?

21 Q. (BY MR. RUSSO) That we don't know enough as to  
22 why. We don't have enough information to determine  
23 why.

24 A. We are back here. Okay. My answer is --

25 Q. Well, let me ask you this way: Reading Mayor

1 Johnson's statement here, what's attributed to him --  
2 it doesn't change your view of anything; is that right?

3 A. No one -- no one's statement changes my view.

4 Q. Okay. And you --

5 A. Mayor Johnson.

6 Q. Yeah.

7 A. Anyone.

8 Q. No one --

9 A. My view is my view.

10 Q. Right. And is there anybody who could tell you  
11 that -- their view of it that would matter to you in  
12 terms of what the purpose was?

13 MS. CHEN: Objection, form.

14 A. No. I don't mean -- I don't mean that by that  
15 -- I don't mean that in that manner at all. I said  
16 that my view is my view. Now, if you can provide me  
17 with some data and some clear and concise transparent  
18 procedures that show that the intent was not to dilute  
19 the minority-majority vote, then I can be receptive.

20 Q. (BY MR. RUSSO) Yeah, yeah. That -- again, the  
21 question is different. Is there any -- is there  
22 anybody that could walk in this room and tell you that  
23 the purpose of changing from old Precinct 3 to new  
24 Precinct 3 had nothing to do with race? Is there any  
25 -- anybody that could tell you that that you would

1 believe?

2 A. Anybody?

3 Q. Any person.

4 A. Person?

5 MS. CHEN: Objection, form.

6 A. That would -- it would be great to have a  
7 commissioner court with transparency that would show  
8 and tell the public and display that to the community  
9 that would be affected by it that that's not the  
10 reason. It's not just a me thing. It's the community  
11 thing.

12 Q. (BY MR. RUSSO) Okay. So then my question is:  
13 Is there any -- I mean still stands. Is there anybody  
14 that could tell you otherwise that could say this has  
15 nothing to do with race and you would --

16 A. But that's not what they said.

17 MS. CHEN: Objection, form.

18 A. They both said race.

19 Q. (BY MR. RUSSO) Okay. Well, is there anybody  
20 that could tell you "we think it's a mixture of  
21 partisanship and race" and you'd believe it?

22 A. It's their own opinion.

23 Q. I -- I'm with you. I mean, but you've told me  
24 you've got your own opinion, and it's your opinion --

25 A. And it's my opinion.

1 Q. -- and it's not going to change. So my  
2 question is: Is there any -- is there any person on  
3 earth that you can think of that told -- if they told  
4 you, "Hey, this had nothing to do with it" --

5 A. Oh, boy.

6 MS. CHEN: Objection, form.

7 Q. (BY MR. RUSSO) -- that might change your  
8 opinion?

9 MS. CHEN: Objection.

10 Q. (BY MR. RUSSO) Are you at least open to  
11 hearing?

12 A. I'm opening to everything. That's why I was  
13 open to the democracy of the county being done in a way  
14 that would be --

15 Q. Right.

16 A. -- fair and inclusive to everyone. So I am  
17 very open, and I am very open that hopefully that this  
18 could be done in a way that shows that the community is  
19 truly able to have influence and involvement on things  
20 that affect the community, affect their voting, and  
21 affect where they live. So I'm definitely open to  
22 positive changes that it's very inclusive. I'm open  
23 for sure.

24 Q. Right. And -- but based upon all the facts as  
25 you know them, the -- you -- there's not really anybody

1 that you could identify that might change your mind  
2 on --

3 A. That's not what I said.

4 Q. -- the reason?

5 A. That's not what I said.

6 Q. You told me you were open to listening.

7 A. I'm open. Yeah. I am. That's absolutely  
8 right. I'm open. Solution based so that the community  
9 can move forward and be represented in a way to where  
10 they feel that they have been seen, heard, and not  
11 disregarded for.

12 Q. Yeah.

13 A. And their minority-majority vote has not been  
14 diluted.

15 Q. And is -- is that the key, that in this case  
16 that unless a map is drawn without change in the  
17 minority-majority view as it existed in old Precinct 3,  
18 unless that can be replicated --

19 A. No. That's not --

20 Q. -- we can't -- we can't --

21 A. That's not the case.

22 Q. Wait. Let me finish -- the -- your -- the unit  
23 is not going to be satisfied? Okay. Now you can  
24 answer.

25 A. That's not the case. The case is that a more

1 transparent procedure that is done -- could be done to  
2 be more inclusive to the community and allow the  
3 community to adequately give input and have options to  
4 -- to maps that actually vote on and given by several  
5 experts.

6 Q. And if all that happened but there was still  
7 minority dilution, would you be satisfied?

8 MS. CHEN: Objection, form.

9 A. If all that happened -- so you're saying are --  
10 can you clarify what -- what you --

11 Q. (BY MR. RUSSO) If -- if all the things you  
12 just mentioned happened -- when you've -- you've said  
13 that "there's no transparency. We weren't included in  
14 the process. You know, our voices weren't heard. They  
15 didn't consider us." If all those things happened but  
16 you still had a minority vote dilution result --

17 A. Okay.

18 Q. -- was that -- does that fix the problem?

19 A. You're asking me to speculate something that  
20 didn't occur.

21 Q. No. What I'm asking to you -- for -- from you  
22 is: Can we get away from -- well, let me ask it this  
23 way: Is there a -- is, at the end of the day, your  
24 unit going to be satisfied with any map that in any way  
25 reduces the minority-majority percentages in old

1 Precinct 3?

2 A. I can say that if there is adequate information  
3 given, maps as well, options given --

4 Q. Uh-huh.

5 A. -- then -- and will it -- no one expects it to  
6 remain exactly the same. The world does not remain  
7 exactly the same. There will have to be some  
8 adjustments. However, having a process that's more  
9 transparent with more options with community that is  
10 actually involved in the process would make the  
11 community -- if that's how it turned out, then that's  
12 what it is. But being backed into a corner and feeling  
13 like you didn't have that option, that's not -- that's  
14 directly what we advocate -- advocate against.

15 MR. RUSSO: All right. Okay. So why  
16 don't we -- can we just take five minutes? I might be  
17 done.

18 THE VIDEOGRAPHER: Okay. Going off the  
19 record, 4:54.

20 (Break.)

21 THE VIDEOGRAPHER: Going back on the  
22 record, 5:05 p.m.

23 Q. (BY MR. RUSSO) Okay. We're getting close. I  
24 promise. Just a few other questions. Do you -- based  
25 upon your knowledge of voters in Galveston County, is

1 it -- do you have any belief as to whether voters in  
2 Galveston County cast votes more based on party  
3 affiliation or is on -- or are there other reasons for  
4 why people vote?

5 MS. CHEN: Objection, form.

6 A. I would think people vote based on their --  
7 what's aligned with their belief.

8 Q. (BY MR. RUSSO) Values?

9 A. Uh-huh.

10 Q. Yeah. Do you -- do you have any belief based  
11 upon the -- you know, your understanding of the county  
12 as to whether there's, you know, people in the county  
13 are more apt -- in Galveston County to rely on party  
14 affiliation from a candidate?

15 A. I'm not sure.

16 Q. Okay. What about voter turnout? Do you have  
17 -- have you done any research as a -- on behalf of --  
18 as a representative of the unit, do y'all have any  
19 research in terms of voter turnout broken down by  
20 particular race of the voter?

21 A. Race of the voter?

22 Q. Yes, ma'am.

23 MS. CHEN: Objection, form.

24 Q. (BY MR. RUSSO) As in -- let me give you an  
25 example. There -- we would expect, you know, a 70

1 percent turnout for African American voter, 50 percent  
2 for white voter -- whatever it is. I'm just -- those  
3 are examples.

4 A. I'm su- -- I'm sure there's information maybe  
5 somewhere.

6 Q. To your knowledge has the -- your unit done any  
7 work on that, looked at it, reported on --

8 A. To my knowledge does the unit? No. Statewide?  
9 Probably so.

10 Q. Okay.

11 A. More than likely the state.

12 Q. All right. Do you have any -- yourself, have  
13 any particular belief or understanding as to what the  
14 percentage of voter turnout is by race?

15 A. No.

16 Q. All right. Do you have any understanding of  
17 whether Latino voters turn out on average less than  
18 other races?

19 A. No.

20 Q. Do you -- in terms of -- well, strike that.

21 Do you believe there's a history of  
22 official governmental discrimination in Galveston  
23 County?

24 A. Governmental discrimination?

25 Q. Yes. Official and governmental. They're kind

1 of same thing for purposes of the question.

2 A. Can you clarify governmental?

3 Q. It -- a governmental -- I'm talking about  
4 governmental entities, like a municipality in various  
5 locations in Galveston County. Galveston County  
6 itself, the entities that, you know, are in charge of  
7 governmental functions.

8 A. Would that mean like school districts and --

9 Q. We can -- we can include school districts if  
10 -- if you have examples of -- of sort of governmental  
11 or official -- official discrimination in school  
12 districts. Are you aware of that?

13 A. We get a lot of complaints of -- as the  
14 president of the NAACP, they -- they -- they get a lot  
15 of complaints about the school district --

16 Q. Any --

17 A. -- discriminatory practices.

18 Q. Any particular districts?

19 A. CCISD.

20 Q. Okay.

21 A. And Dickinson ISD. Those are my main two  
22 complaints.

23 Q. On -- do you only take the complaints from  
24 -- because -- well, strike that -- strike that.

25 We know CCISD is -- part of it's in

1 Harris County, right?

2 A. Uh-huh.

3 Q. So do you take those complaints also from  
4 residents who live in Harris County and attend CCISD  
5 schools in Harris County?

6 A. I take complaints from residents that live in  
7 League City that are in the dis- -- in the area in  
8 which we service. Now, whether the school lies in  
9 Harris -- I actually haven't -- to my recollection,  
10 there hasn't been any on the Harris side.

11 Q. Okay. So, for example -- and I don't want to  
12 know anything about a specific complaint because I just  
13 don't think it matters, but have you had complaints  
14 from people that attend Clear Brook High School?

15 A. No.

16 Q. Okay. And what about Lake, Clear Lake?

17 A. Nope. That's the Harris side.

18 Q. Yeah. That's -- those -- that's why I was  
19 asking.

20 A. Yeah. None on the Harris side. Galveston  
21 County? Absolutely.

22 Q. Okay. How often do you get those?

23 A. Quite often.

24 Q. What -- what types of complaints are they?

25 A. They are racial complaints.

1 Q. As in what specifically?

2 A. Racial bullying, children being called the N  
3 word, being -- report -- several reports being made,  
4 teachers being knowledgeable of the information and  
5 children -- students having to endure several incidents  
6 of it before something is done and not until someone  
7 reaches out to someone as a part of the NAACP. And now  
8 I'm requesting a meeting with the superintendent or  
9 assistant superintendent to get the issue resolved.

10 Q. When's the last time that happened, that you  
11 had a meeting with a superintendent in --

12 A. A assistant superintendent, it was in Dickinson  
13 ISD. That was last school year.

14 Q. Okay.

15 A. The end of the school year.

16 Q. The end of last year as in --

17 A. 20 -- what is this?

18 Q. This is '22.

19 A. '23.

20 Q. 2022 --

21 A. So --

22 Q. This is '22-'23.

23 A. I could check, but I -- I'm --

24 Q. So is your thinking that it was in the '21-'22  
25 school year?

1 A. '21-'22 because this is '22-'23, so this would  
2 be -- I believe it was the '21-'22 school year.

3 Q. Okay. Was this -- in that particular case, was  
4 it -- was it a racial issue?

5 A. It was racial -- every one of the issues have  
6 been racial issues.

7 Q. They're racial. And there's some form of  
8 discrimination taking place?

9 A. Uh-huh.

10 Q. Have you seen any increase in those, decreases  
11 in those?

12 A. Actually, I've seen an increase.

13 Q. You have?

14 A. Uh-huh. I --

15 Q. Well, is that -- did you deal with any of those  
16 complaints before you were president?

17 A. Yes. I did.

18 Q. So how -- for how long have you sort of dealt  
19 with the ISD complaints?

20 A. As knowledge -- well, dealing with them and  
21 having knowledge of them. So I had knowledge of  
22 them --

23 Q. Uh-huh.

24 A. -- before I was the president. I dealt with  
25 them directly as the president.

1 Q. And then -- but how bad -- how far back does  
2 that go year-wise?

3 A. From 2017. I became president in 2020.

4 Q. 2020. You're right.

5 A. So 2017 I was -- I had knowledge of them and  
6 was --

7 Q. Okay. And then it's your belief that you've  
8 seen an increase in complaints between 7 -- 2017 and  
9 2023?

10 A. To the present day?

11 Q. Yes, ma'am.

12 A. Yes.

13 Q. Do you have any idea why that is or why -- not  
14 any idea. That's an unfair question. What's -- do you  
15 have a belief as to why that is?

16 A. They're racial complaints, so the belief is  
17 that a race -- well, two different races are being  
18 discriminated against or --

19 Q. Are they com- -- are they complaints usually  
20 involving a -- a -- two minorities involved, or is it a  
21 -- sort of a -- for example, an African American  
22 complaint on a white teacher or student, or is it  
23 Latino student or teacher?

24 A. My most recent complaint is -- that I can think  
25 of that I did not have to attend because it was

1 resolved, which was at Clear Creek High School, a band  
2 student being called a monkey. And several times it  
3 happened till the child did not want to attend school,  
4 and then I had to got -- I -- the parent -- grandparent  
5 reached out, what should she do? I said have meetings,  
6 sit down. There's been ten meetings.

7 Q. There have been ten meetings?

8 A. "There still hasn't been no resolve. My  
9 daughter -- my granddaughter is at a point -- she's a  
10 very quiet honor roll student -- to where she doesn't  
11 want to go to school or participate in band."

12 Q. Uh-huh. Is this at the Clear Creek High School  
13 or one of --

14 A. Clear Creek High School.

15 Q. High School. Okay.

16 A. There -- I got plenty of examples.

17 Q. From ISD?

18 A. From ISD.

19 Q. So when -- what about at the municipality side  
20 of things, like the Texas City Police Department or  
21 Texas City, City of --

22 A. Texas City?

23 Q. Yes, ma'am.

24 A. I wouldn't deal with Texas City.

25 Q. Okay. And I -- let me just sort of broaden

1 this. Are you -- you aware of -- or is it your belief  
2 that there's a history of official or governmental  
3 discrimination in Galveston County based upon your  
4 personal belief?

5 A. Based upon my personal belief? I believe that  
6 there's an issue with police policing communities that  
7 they not a part of or from and they don't have any  
8 connection with. So for the most part in the county,  
9 there are -- in Texas City Police Department there are  
10 a lot of police officers who's been officers since I  
11 was a kid --

12 Q. Uh-huh.

13 A. -- that are still there that I've never really  
14 heard too many issues about that are Black and  
15 Hispanic.

16 Q. Uh-huh.

17 A. And I will say white as well. But I've never  
18 heard any issues about. I can identify more with Texas  
19 City because that's where I grew up at, and that's what  
20 I know. I know some of -- some of them retired now,  
21 but, yeah.

22 Q. Okay.

23 A. I don't know if I answered your question.

24 Q. Well, I -- you kind of did, I think. Are there  
25 -- are there any specific examples that come to mind

1 which you might consider to be governmental  
2 discrimination over the past ten years that you can  
3 think of?

4 A. Governmental discrimination? Can you give me  
5 an example?

6 Q. Well, so here's an easy example. Like this  
7 case might be considered a situation of  
8 discrimination --

9 A. Uh-huh.

10 Q. -- governmental. Put this case aside. That's  
11 what I'm talking about. That kind of thing.

12 A. Oh, so the case that was just like this one ten  
13 previous?

14 Q. In 2011?

15 A. Yeah.

16 Q. Yeah.

17 A. We can use that one.

18 Q. Okay. Anything else that comes to mind?

19 A. Outside of ISD -- my -- my biggest thing is  
20 ISD, the most -- the most knowledge that I have is ISD  
21 from the NAACP as the president and as a parent with my  
22 children being in CCISD and enduring their own racial  
23 discrimination.

24 Q. Uh-huh. Okay. Are you -- I -- I gather, I  
25 think, is it your belief that the Black and Latino

1 | minority groups in Galveston Cou- -- County bear the  
2 | effects of discrimination in, you know, various ways  
3 | like education, employment, housing, healthcare? You  
4 | believe that to be true?

5 | A. Yes.

6 | Q. Can you tell me how it is that those areas that  
7 | you believe that Black and Latino voters are  
8 | discriminated against, how does that affect or -- or  
9 | hinder their ability to be involved in the voting  
10 | process to vote?

11 | MS. CHEN: Objection, form.

12 | A. Can you --

13 | Q. (BY MR. RUSSO) Yeah. I'm specifically trying  
14 | to understand how it is that if you bel- -- if you  
15 | believe -- and I think you do -- that this -- Black and  
16 | Latino citizens in Galveston County have -- are  
17 | impacted --

18 | A. Similarly?

19 | Q. Sorry.

20 | A. Are impacted similarly?

21 | Q. Impact similar through -- through education,  
22 | employment, health, that kind of thing. But what I'm  
23 | trying to ask you is: How does -- how does that relate  
24 | to or hinder their ability to be involved in the voting  
25 | process?

1 A. It affects a lot.

2 Q. Are there any specific examples you can give  
3 me?

4 A. One -- the -- the things really overlap. You  
5 have to be educated enough to know what you're voting  
6 for to understand the process of voting to know the --  
7 the -- your options --

8 Q. Uh-huh.

9 A. -- of voting, if you can register to vote, if  
10 -- where can you go to vote, what is early voting, what  
11 does voting on election day means? If you're not in  
12 the best of health, can you have an option to do a  
13 mail-in vote? Do you -- so those type of -- of things,  
14 they overlap with one another because people don't have  
15 all of the resources all of the time.

16 Q. Uh-huh.

17 A. And then they are not as motivated to go and  
18 receive that type of information because they may not  
19 know, A, where to go, or may not be comfortable with  
20 asking people that don't resemble them and they have  
21 their same needs.

22 Q. Yeah. The -- are there any specific examples  
23 you can think of, people your -- in your answer that  
24 you're actually talking about, people that you know  
25 that have that issue, again, being -- the fact that

1 | they're, for example, have a -- aren't educated as

2 | well, the --

3 | A. Yeah.

4 | Q. -- they're hindered from being able to vote?

5 | A. Hindered from being able to vote?

6 | Q. Yes, ma'am.

7 | A. Yeah. So there are people who are felons who  
8 | think that they cannot absolute vote at all, that they  
9 | can't even register to vote.

10 | Q. You said people who have been convicted of a  
11 | felony?

12 | A. People been convicted of a felony in the past  
13 | and think that they just absolutely cannot vote.  
14 | There's people that think that because of their  
15 | different -- not having the knowledge of certain, as I  
16 | said before, locations, time periods, when to register,  
17 | how do I register? Do -- can I go to the DPS office  
18 | and register? Where can I get registered to vote at?

19 | Q. Uh-huh.

20 | A. Those -- all of those things hinder people from  
21 | voting.

22 | Q. And in those instances you just gave me, you  
23 | think that they're -- that they're -- their situation,  
24 | first of all, I guess, they're Black or Latino, but  
25 | they also have experienced some kind of discrimination

1 | that's put them in that position?

2 | A. Yes.

3 | Q. In terms of the felon that you referred to,  
4 | what was that discrimination that you're thinking  
5 | incurred?

6 | A. No. Someone told -- someone literally came to  
7 | me and said, "Well, I was told because I was a felon  
8 | I'd never be able to vote again."

9 | Q. Do you know who told them that?

10 | A. No. I didn't ask them who told them that, but  
11 | I know that they had misinformation.

12 | Q. They had what?

13 | A. Misinformation.

14 | Q. Oh, okay. But we don't know where the  
15 | information came from?

16 | A. We don't know where the information came from,  
17 | no.

18 | Q. All right.

19 | A. But I know that there is a lot of  
20 | misinformation, and they're not as comfortable coming  
21 | -- going to people who they don't see representation  
22 | with --

23 | Q. Uh-huh.

24 | A. -- to understand it, and sometimes it's even  
25 | difficult for them --

1 Q. Yeah.

2 A. -- to go forward.

3 Q. Okay. Do -- do you feel like the -- focusing  
4 in on the resid- -- Black residents of -- in Galveston  
5 County, do you think that that group of folks that have  
6 a -- different needs than other groups of people, ra-  
7 -- racial groups of people in Galveston County --

8 A. Black and -- blacks or blacks and Hispanics.

9 MS. CHEN: Objection, form.

10 Q. (BY MR. RUSSO) Well, yeah. We're talking  
11 about the -- the Black citizens of Galveston County.  
12 Do you think they have different needs than other races  
13 in Galveston County?

14 A. Yes.

15 Q. Do you also -- do they -- do you feel like they  
16 have different needs than -- well, strike that.

17 What are some of those needs?

18 A. Representation.

19 Q. And where?

20 A. Everywhere.

21 Q. Representation for -- and can you give me an  
22 example of what you mean by that? What do you mean?

23 A. So representation in areas to where they don't  
24 have knowledge in, that they can go and get to someone  
25 who is of their community --

1 Q. Uh-huh.

2 A. -- and they feel comfortable and relatable to  
3 as in, "Oh, I can go up to you and ask you a question  
4 about something and get a honest, truthful, heartfelt  
5 answer" --

6 Q. Uh-huh.

7 A. -- "because of what I have seen you do in this  
8 community."

9 Q. Yeah. So growing up in Galveston County, did  
10 you ever feel that way?

11 A. Growing up in Galveston County?

12 Q. Yes, ma'am.

13 A. Early on, sure I did. In -- in the -- in the  
14 beginning, when I became of age to realize some things  
15 that were going on, yeah. I had representation in --  
16 in -- in West Texas City. I did.

17 Q. Yeah. And you felt, I guess -- I don't know --  
18 I guess, confident enough to find the answers if you  
19 needed them?

20 A. Yes.

21 Q. Yeah.

22 A. Yeah.

23 Q. Okay. Do you think like when we're looking at  
24 the needs -- the differing needs of the Black citizens  
25 in Galveston County, do those vary by different areas

1 of the county, or are they generally, in your view, the  
2 same?

3 A. There may be variations, but they could  
4 generally be the same. I mean, the county -- well, we  
5 can start at the national level. It's just  
6 acknowledging Juneteenth on that point. So there's --  
7 there's a lot to be said with that with it being in  
8 this county particular and what Juneteenth means and  
9 people in the county not even knowing what's  
10 Juneteenth.

11 Q. Yeah. I don't know. If I didn't -- if I  
12 didn't grow up here, I imagine I wouldn't have known  
13 either. What -- what do you -- you think you would  
14 have known what Juneteenth was as -- not growing up in  
15 Texas City?

16 A. Not growing up in Texas City? Considering my  
17 family, I would have known.

18 Q. You think you would have. I -- I don't know if  
19 I would have or not. But in terms of -- so I think you  
20 sort of expanded my question to the -- to the national  
21 exposure. But do you see at different portions of Gav-  
22 -- of Black residents in different locations in  
23 Galveston County, do they have different needs that you  
24 are aware of, or are they generally the same?

25 A. They have a lot of the same needs. That --

1 | that's a -- you can't compact that to a "yes" or a  
2 | "no." I know with my family and the knowledge that I  
3 | have, based on my family, and I have educated a lot of  
4 | people throughout before that -- being in the NAACP --  
5 | be based on my family's history and helping people and  
6 | knowing that. So I can say that there could be a need  
7 | in that aspect because -- but my family is built on  
8 | history and --

9 | Q. Uh-huh.

10 | A. -- and making movement to advance --

11 | Q. Yeah.

12 | A. -- the community so it -- my outlook on that  
13 | could be a little different.

14 | Q. Yeah. And I -- I guess what -- you just  
15 | mentioned one experience for -- for your family in the  
16 | Texas City area. I guess, can you see how there --  
17 | there -- a Black resident of League City might have  
18 | different interests or needs? They might -- I guess  
19 | they might have the same interest or need. You could  
20 | -- can you see both of those situations?

21 | A. I'm a Black resident of League City, so, yes, I  
22 | can.
