**PLAINTIFFS’ DESIGNATIONS OF DEPOSITION TESTIMONY**

Pursuant to the Court’s Amended Docket Control Order dated April 28, 2023  
(Doc. 155) and Rules 11 and 13 of the Galveston Division Rules of Practice, Plaintiffs in

the above-referenced actions hereby submit designations of deposition testimony as part of their pre-trial disclosures in accordance with Federal Rule of Civil Procedure 26(a)(3). Attachment A identifies the Plaintiffs' deposition designations and counter-designations to deposition testimony designated by Defendants. Attachment B identifies Defendants' deposition designations; counter-designations to deposition testimony designated by Plaintiffs, and Plaintiffs' objections to Defendants' deposition designations.

Plaintiffs also submit the following deposition transcripts with highlighted excerpts corresponding to Plaintiffs' deposition designations and Plaintiffs' counter-designations to deposition testimony designated by Defendants, as follows:

<b>EXHIBIT NO.</b>	<b>WITNESS</b>	<b>DEPOSITION DESIGNATIONS HIGHLIGHTED IN EXHIBIT</b>
1	Barbara Anders	Plaintiffs' Designations and Counter-Designations
2	Darrell Apffel	Plaintiffs' Designations and Counter-Designations
3	Armstrong, Robin	Plaintiffs' Designations and Counter-Designations
4	Matthew Barreto	Plaintiffs' Counter-Designations to Testimony Designated by Defendants Only
5	Thomas Bryan	Plaintiffs' Designations and Counter-Designations
6	Joe Compian	Plaintiffs' Designations and Counter-Designations
7	William Cooper	Plaintiffs' Counter-Designations to Testimony Designated by Defendants Only
8	Edna Courville	Plaintiffs' Designations and Counter-Designations
9	Tyler Drummond	Plaintiffs' Designations and Counter-Designations
10	Joseph Giusti	Plaintiffs' Designations and Counter-Designations

11	Mark Henry	Plaintiffs' Designations and Counter-Designations
12	Stephen Holmes	Plaintiffs' Designations
13	Cheryl Johnson	Plaintiffs' Designations and Counter-Designations
14	Lucretia Lofton	Plaintiffs' Designations and Counter-Designations
15	Dianna Martinez	Plaintiffs' Designations and Counter-Designations
16	Dale Oldham	Plaintiffs' Designations and Counter-Designations
17	Kassra Oskooii	Plaintiffs' Counter-Designations to Testimony Designated by Defendants Only
18	Mark Owens	Plaintiffs' Counter-Designations to Testimony Designated by Defendants Only
19	Terry Petteway	Plaintiffs' Designations and Counter-Designations
20	Leon Phillips	Plaintiffs' Designations and Counter-Designations
21	Penny Pope	Plaintiffs' Designations and Counter-Designations
22	Derreck Rose	Plaintiffs' Designations and Counter-Designations
23	Michael Shannon	Plaintiffs' Designations and Counter-Designations
24	Nathan Sigler	Plaintiffs' Designations and Counter-Designations
25	Dwight Sullivan	Plaintiffs' Designations and Counter-Designations
26	Patricia Toliver	Plaintiffs' Designations and Counter-Designations
27	Jessica Trounstine	Plaintiffs' Counter-Designations to Testimony Designated by Defendants Only
28	Roxy Hall Williamson	Plaintiffs' Designations and Counter-Designations

Respectfully submitted this 18th day of July, 2023.

		Defendants' Designations/Counterdesignations				Plaintiffs' Objections
		PgFrom	LnFrom	PgTo	LnTo	
						Consolidated Plaintiffs preserve and maintain all form objections raised by Consolidated Plaintiffs' counsel during the depositions, and the inclusion of a counter-designation by Consolidated Plaintiffs is in no way intended to waive such form objections or other objections listed herein.

PROCEEDINGS

THE VIDEOGRAPHER: Today is April 21st, year 2023. We're going on the record, 9:10 a.m. We're here for the deposition of Barbara Rice Anders for a case filed in the United States District Court for the Southern District of Texas, Galveston Division.

Can the attorneys introduce themselves and who they represent?

MR. RUSSO: Yes. Joseph Russo, Jr., here on behalf of the defendants, Galveston County, and et al., other defendants; and Brandon Guerrero is with me as well who's a paralegal, and looks like Jordan Raschke Elton is online for my firm as well, so.

MS. CHEN: And Sarah Chen from the Texas Civil Rights Project and Andrew Silberstein from Willkie Farr & Gallagher for NAACP plaintiffs.

BARBARA ANDERS,  
having been first duly sworn, testified as follows:

EXAMINATION

BY MR. RUSSO:

Q. Good morning. It's Ms. Rice Anders. Right?

A. Mm-hmm.

Q. Can you go ahead and introduce yourself to the Court? State your name and --

A. My name is Barbara Jean Anders -- Rice Anders.

1 Q. Okay. And what's your current address?

2 A. My current address is 715 Second Avenue,  
3 North Texas City, Texas, and P.O. Box 1586. It's listed  
4 as my current address.

5 Q. Okay. How long have you lived at that address?

6 A. I've had that address since I think 1978.

7 Q. Okay. So definitely during the duration of  
8 this case, you've been resident of that --

9 A. I've been a resident of that --

10 Q. Yeah.

11 A. -- that address.

12 Q. All right. Do you -- have you ever had your  
13 deposition taken before?

14 A. Not as I can recall.

15 Q. All right. So do you understand you're here as  
16 the -- the representative voice for the NAACP Mainland  
17 Branch today?

18 A. Yes.

19 Q. Okay. And that you -- I assume you saw a -- or  
20 tell me if you did or didn't -- saw a deposition notice  
21 with a list of topics for you to know when you came  
22 today? Let me -- let me ask -- make it a simple  
23 question.

24 Do you recall seeing a deposition notice  
25 with a list of topics that you -- that we might ask you

1 about today?

2 A. I -- I saw a lot of different forms. I can't  
3 exactly recall everything that I saw.

4 Q. Okay. Well, and -- I'll actually give you a  
5 copy of the notice, and we can talk about it in more  
6 detail later. I was just wondering if you've seen it or  
7 recall seeing it.

8 So given that you haven't been deposed  
9 before, let's just -- we can talk about some of the  
10 ground rules and things that happen in a deposition just  
11 to make sure you're aware of those. If you -- I'm going  
12 to ask you questions. You answer as -- as -- you know,  
13 truthful and honestly. Your counsel may object between  
14 my question and your answer. Unless she instructs you  
15 not to answer, though, you typically can provide an  
16 answer. The objections, oftentimes, are just to  
17 preserve the record for -- for later. Do you understand  
18 that?

19 A. Could you repeat it again?

20 Q. Yes, ma'am.

21 A. Sorry.

22 Q. So I will ask you questions, and you're here to  
23 provide answers on behalf of the NAACP Mainland Branch.  
24 Do you understand that?

25 A. Yes.

1 Q. There may be times when I ask a question and  
2 your counsel objects on some basis or another. It  
3 doesn't necessarily mean that you're not supposed to  
4 answer unless she tells you not to. Do you understand  
5 that?

6 A. Yes.

7 Q. Okay. The court reporter swore you in, and do  
8 you understand that you're under oath to provide honest  
9 and truthful testimony just as if you were sitting in  
10 front of the judge and the jury in this case?

11 A. Yes.

12 Q. Okay. And so you're prepared to give truthful  
13 and honest testimony today?

14 A. Yes.

15 Q. All right. Did -- because the court reporter  
16 is transcribing, writing down everything that we say so  
17 that we'll have a record afterwards --

18 A. Mm-hmm.

19 Q. -- we have to -- our responses or your  
20 responses need to be verbal responses, and so shakes of  
21 the head or nods of the head don't -- don't transfer  
22 very well to her. So if you can keep your responses to  
23 "yes" or "no" and don't use gestures to answer a  
24 question, it's best for the court reporter. Is that  
25 okay with you?

1 A. That's okay.

2 Q. All right. We'll do -- I'll do my best not to  
3 speak over you, and if you let me, as I'm asking a  
4 question, get the full question out and then respond,  
5 that will help the court reporter take down what's  
6 happening in the room because she can't get two people  
7 or three people speaking at once. Do you understand  
8 that?

9 A. Yes.

10 Q. Okay. And in terms of breaks, if you need to  
11 take a break at any time, we're pretty, you know,  
12 flexible here. The only caveat to that is if you need a  
13 break, that's fine. We try to get -- make sure that we  
14 get whatever. If there's a question pending, if I ask  
15 you a question, we don't break between the question and  
16 the answer. You provide the answers, and then we can  
17 break after the answer is provided. Is that okay with  
18 you?

19 A. I -- I guess if I don't have to go on an  
20 emergency.

21 Q. Well, if -- an emergency may change everybody's  
22 situation here. Right?

23 A. Mm-hmm.

24 Q. But the point is when you're ready to take a  
25 break, let us know. All I would ask is that we get an

1 answer to any pending questions before we take a break.

2 Are you okay with that?

3 A. Yes, if it's a short enough -- I mean, if the  
4 answer that I'm going to give is going to be short  
5 enough --

6 Q. Okay.

7 A. -- that I -- that it wouldn't stop me from  
8 maybe going to the bathroom or something, if I had to.

9 Q. Yeah. Okay. I understand that.

10 A. Mm-hmm.

11 Q. And if that situation was to arise, we'll deal  
12 with it at that time. But nevertheless, we've discussed  
13 sort of the expectations, and, you know, we'll see how  
14 it goes. Is that agreeable?

15 A. Okay. That's agreeable.

16 Q. Okay. Then I understand we had your deposition  
17 set for Wednesday, and you weren't feeling well. Is  
18 that true?

19 A. Yes.

20 Q. And then how -- do you feel well enough today  
21 to be able to provide truthful and honest testimony?

22 A. Yes.

23 Q. Okay. And are you on any medications that  
24 might affect your ability to answer my questions  
25 truthfully and honestly? And let me say that I should

1 know about.

2 A. I can't say. I think I'll be able to -- maybe  
3 to answer the questions, but I don't know how the  
4 medication will affect that.

5 Q. Okay. So I'm gathering you're maybe taking  
6 some kind of medication? I'm not asking what it is.  
7 Are you taking some kind of medication currently?

8 A. Yeah, I take medication.

9 Q. Okay. And is it -- do you believe that the  
10 medication you're taking or have taken during the  
11 deposition or before the deposition is somehow going to  
12 impact your ability to listen to my questions and  
13 provide a truthful answer? Do you think the medication  
14 is going to affect that?

15 A. I can't -- I can't really give out  
16 specifications of particular medications, but I can just  
17 say I can answer the questions to the best of my  
18 ability.

19 Q. Okay. And what I'm trying to avoid is a  
20 situation where we go through your entire deposition,  
21 and then for whatever reason the answer is inaccurate or  
22 you think it needs to be changed, and then later we find  
23 out you're on some kind of medication that might  
24 affect -- impact your judgment. So that's what I'm  
25 trying to get at. Do you think -- are you on any

1 medications that you think might affect your ability to  
2 answer questions or understand the questions? For  
3 example, if you are on some kind of hallucinogenic  
4 medicine, it might impact your answers. That's what I'm  
5 trying to get at. Is there anything like that in your  
6 system that you think we should know about?

7 A. Well, I think my medical background would  
8 probably be protected, protected information, and I  
9 can't tell you exactly what all medications would do.

10 Q. Okay.

11 A. If I could do that, you know.

12 Q. Well, are -- have any of the medications you've  
13 taken, have they said maybe you shouldn't be answering  
14 questions or it might affect your ability to recall  
15 information or a historical fact?

16 A. Well, I -- I can't -- can't completely say  
17 because I don't know all -- all side effects of all  
18 medication. You're asking me something that I just  
19 can't tell you because I don't know all side effects of  
20 all medications.

21 Q. Okay.

22 A. If I'm going to be -- and you're asking me to  
23 be truthful and honest.

24 Q. I am asking you.

25 A. So asking me to give a truthful and honest

1 response to your question.

2 Q. And that's all I can ask for. At the moment I  
3 just want to make sure it's not your belief that any  
4 medications that you're on are going to impact your  
5 ability to do that?

6 A. Well, I can't make a belief because I don't  
7 know all the specific side -- side effects of all  
8 different medications, so I can't answer that. I'm --  
9 I'm -- I didn't do the research on the medi- -- on  
10 medications. I don't have all data on medications, so I  
11 can't be the one to answer those things completely.

12 Q. All right. Let me ask you this. Do you have  
13 any -- any conditions, physical conditions or other  
14 health conditions that might impact your ability to  
15 understand my questions today?

16 A. I think that might be a little hypothetical  
17 question, and I probably couldn't answer that  
18 completely. So you're wanting me to make a judgment on  
19 my own healthcare conditions today? Is that what you're  
20 asking me?

21 Q. Yes, ma'am.

22 A. And can you explain because...

23 Q. Yes, ma'am. My question is related to whether  
24 you have any health condition that might affect your  
25 ability to understand my questions. Do you anticipate

1 that being a problem today?

2 A. I'd say there would be something. I couldn't  
3 answer truthfully then and adequately because you're  
4 asking me to make an overall evaluation of my own  
5 health.

6 Q. All right.

7 A. But I can just say if you ask me something, I  
8 can answer the question to the best of my extent what I  
9 think, but I can't say the exact thing because I'm not  
10 the medical person that's in charge of that. I would  
11 say maybe you can talk to my physician or something, but  
12 I'm not going to make -- sit up here and make an overall  
13 diagnosis about my own health.

14 Q. Okay. Well, let me ask it this way, and I know  
15 I'm trying to get it to sort of make you comfortable  
16 with my concerns which are, do you anticipate that any  
17 health condition you have is going to create a problem  
18 with you understanding my questions today?

19 A. That's the same question that you just kind of  
20 asked me. It's -- you are asking me to make a decision  
21 about my overall health.

22 MS. CHEN: Joe, do you think we can go off  
23 the record for a second?

24 MR. RUSSO: Yeah, I was just going to ask  
25 you about that.

1 THE VIDEOGRAPHER: Off the record, 9:22.

2 (Recess taken.)

3 THE VIDEOGRAPHER: Going back on the  
4 record, 9:35.

5 Q. (BY MR. RUSSO) Ms. Rice Anders, okay, after --  
6 after the break -- well, before the break we were  
7 talking about asking you questions about your ability to  
8 answer my questions and understand my questions.

9 So let me ask you again after you've had a  
10 chance to discuss the situation. Did -- do you feel  
11 like -- well, let me ask it this way. Are there any --  
12 do you think you have any health conditions or on any  
13 medications that might impact your ability to understand  
14 what I'm asking you today?

15 A. I understand the question that you just asked  
16 me, and I'll be listening to try to understand the  
17 questions that you ask me and I can answer. But as to  
18 all effects of all medications, I can't say. But I can  
19 answer the question that you -- I understand what you  
20 just asked me.

21 Q. Okay. So let me see then if I can try to  
22 clarify this. You're on the medications, and you  
23 believe they might impact your ability to understand my  
24 questions, depending on what the question is?

25 MS. CHEN: Objection; misstates testimony.

1           A. My answer to you I just gave was that I don't  
2 know the side effects of every medication, so I can't --  
3 I can't -- you asked me to answer truthfully and to make  
4 a decision, and I'm answering truthfully. I say I can't  
5 understand the side effects of all particular  
6 medications and the impact they would have on any  
7 particular person. But I said I understood the question  
8 that you just asked me, and I'm answering that question.

9           Q. (BY MR. RUSSO) Okay. Do you have any reason  
10 to believe that the medication you're taking may impact  
11 your ability to understand my question? Has anybody  
12 told you that?

13          A. Would you say if my health provider -- I would  
14 have to go back and read all the literature on  
15 medications that I'm currently on.

16          Q. Yeah.

17          A. Because the medications, they would list  
18 different side effects and stuff like that of any  
19 medication that you're on. So I would have to go  
20 through the medication, read all the different things,  
21 and then ask you if there would have been something.  
22 But I understand what you're saying, and I'm answer- --  
23 trying to answer the question to the best of my  
24 abilities that you asked me.

25          Q. And that's all I can -- all I can ask for.

1                   So but -- my question, though, is, as you  
2 sit here right now without reading through the side  
3 effects of your medication, just reflecting on what you  
4 have and you know sitting here right now, is there any  
5 reason you have to believe that either a health  
6 condition you have or medication you're on presently is  
7 going to affect your ability to understand what I'm  
8 asking you? Is that something you know about right now?

9           A. So are you -- you're asking me to make my own  
10 healthcare diagnosis? Is that what you're asking me?

11          Q. I'm asking you what's in your -- what's in your  
12 head right now in terms of what knowledge do you have  
13 sitting right here right now as to whether you have may  
14 have a health condition or be on medication that may  
15 affect your ability to understand my questions?

16          A. Well, I understood what you just asked me, and  
17 I'm -- and you're trying to -- to get me to say  
18 something specifically I don't know. I can just say  
19 what I'm saying, and I can answer the questions to the  
20 best of my ability right now.

21          Q. Okay. There's -- do you have any independent  
22 reason to believe that you can't -- you wouldn't be able  
23 to understand what I'm asking you, though? Do you have  
24 any reason to believe that you might have a condition  
25 that does not allow you to understand what I'm asking

1 you?

2 A. I understand what you just asked me right  
3 there, and -- and I understand that you're trying to  
4 tell -- make me make a medical diagnosis of myself. But  
5 I can understand you can ask me the questions, and I can  
6 understand -- answer to the best of my understanding  
7 right now.

8 Q. Okay. So it's your belief that you can  
9 understand what I'm asking you. Correct?

10 A. I don't have belief about my over- -- my own  
11 overall medical health because I wouldn't just be  
12 diagnosing myself. But, you know, I can answer the  
13 questions to the truth, as truthfully as I can of what  
14 you ask me.

15 Q. Okay.

16 A. Okay?

17 Q. All right. Then you don't -- you don't have  
18 any reason to believe that you have some condition that  
19 might impact your testimony. Is that true?

20 A. You're asking me to make a medical diagnosis of  
21 myself right now, so... Okay.

22 Q. I don't want your medical diagnosis. I'm just  
23 asking about what you know, as you sit here right now,  
24 as you walked in the door. Do you have a belief that  
25 there's a condition or a medication you're on that

1 impacts your ability to understand what I'm asking you?

2 A. I can -- I understand what you're asking me  
3 right now.

4 Q. Okay.

5 A. What -- the question that you just said there,  
6 but you say as you walked in the door. I could  
7 hypothetically say as you walked in the door, you  
8 wouldn't necessarily know. You could think that you had  
9 something, but you wouldn't necessarily know whether you  
10 had cancer or whether you had some other condition. So  
11 I'm not understanding why I'm being asked to make a  
12 medical diagnosis of myself.

13 Q. Right.

14 A. But I can understand to the best of my ability  
15 the questions you're asking me, and I will answer them  
16 as truthfully as I can.

17 Q. Okay. Well, maybe I can kind of clarify what  
18 I'm asking, I guess the distinction I'm trying to draw,  
19 which is do you have any understanding as to what my  
20 vehicle that I drove in today looks like?

21 A. Well, how would I -- how would I know your  
22 vehicle? So that's the same thing I'm asking you. How  
23 would I know my overall health diagnosis?

24 Q. So the answer to the question is "no"?

25 A. I don't know what vehicle you brought in.

1 Q. Right.

2 A. But I am saying that I can answer to my best  
3 ability --

4 Q. Right.

5 A. -- the things that I'm answering right now.

6 Q. Right. And the answer to my question is "no,"  
7 you don't have any idea what kind of car I drove today.  
8 Right?

9 A. No, I don't. I mean, was I supposed to know?

10 Q. No, ma'am. No, ma'am.

11 A. Okay. Well...

12 Q. No, ma'am. But that's based on information you  
13 brought with you today. Right? But if I told you that  
14 I drive a white truck, now you have knowledge of a  
15 belief as to what I drive. Correct?

16 A. I don't have knowledge. I have what you said.  
17 I don't know whether you're being truthful or not, so I  
18 wouldn't have exactly knowledge. So I don't know. I'm  
19 going on what you're saying. I'm not understanding the  
20 line of questioning but...

21 Q. All right. But you have a -- you might have a  
22 reason to believe that I drive a white vehicle now.  
23 Would that be true?

24 A. I don't have a reason to believe you're driving  
25 just because you say it because you may not be telling

1 the truth, you know. I don't know.

2 Q. Okay. And you know what kind of vehicle you  
3 drove. Right?

4 A. I know what kind of vehicle I drove here.

5 Q. And you walked in the door with that  
6 understanding. You knew it without anybody having to  
7 tell you anything else. Correct?

8 A. I know what kind of vehicle that I drove here  
9 in.

10 Q. Right. So that's my -- that's why I'm asking  
11 you about your medical conditions, what you already  
12 know. As you sit here today, is there anything that you  
13 can think of in your -- in your mind that might tell you  
14 that there's something in your either medical health or  
15 that you're on medication that you've taken that may  
16 affect your ability to understand what I'm asking you?

17 A. Now, I don't know what type of car that's  
18 concrete and stuff and something that's not as concrete  
19 as a medical condition would have any bearing. But you  
20 just gave me two different circumstances that were not  
21 interrelated, and you want me to make a decision about  
22 that.

23 Q. No, ma'am. I'm asking you simply, in your  
24 mind, do you have any understanding as to whether you  
25 have a condition -- medical condition or taking

1 medications that might affect your ability to answer  
2 my -- understand my questions?

3 A. Now I'm saying I understand what you just asked  
4 me, and I understand that I gave you an answer that I  
5 cannot diagnose my own -- all my own -- one health  
6 medical condition.

7 Q. So you may, you may not; we're just going to  
8 have to guess about that today?

9 A. No.

10 Q. Is that true?

11 A. I don't know if it's true or not. I mean,  
12 you're just asking me to just put something in a blanket  
13 now.

14 Q. I'm just asking you.

15 A. You said, do you believe you can understand my  
16 questions? I said yes. Would you give the answer to my  
17 questions as truthfully as you possibly could answer? I  
18 said yes. And when I tried to answer them as truthfully  
19 as I possibly could answer, then it seems like I'm being  
20 directed to answer the way you want me to answer. But  
21 I'm going to answer the questions that you ask me to the  
22 best of my knowledge today. That's what I swore under  
23 oath to do.

24 Q. Yeah, and I get that.

25 A. Okay.

1 Q. The piece of the puzzle I guess I'm missing is  
2 that should I have some expectation that there's a  
3 condition you have or a medical -- you're on medication  
4 that may -- we may have to talk about later because I  
5 didn't know about it that's going to impact the  
6 deposition transcript? So that's what I'm asking you  
7 is, is there anything that you know of that might affect  
8 your ability to understand my questions or answer  
9 honestly?

10 A. I'm answering your questions as honestly as I  
11 can right now.

12 Q. Right. And -- but we don't know. I don't  
13 know. I still don't have an answer to the question.  
14 The answer to the question is you don't know. Is that  
15 true?

16 A. I'm answering the question from direct  
17 knowledge because things happen. If you're dealing  
18 about medications and stuff like that to the best of  
19 your ability, people always assume that they don't have  
20 side effects from different things, and then ten years  
21 down the line it might be talcum powder caused cancer.  
22 It might be hair dye caused cancer. So when you say  
23 stuff in a blanket, you just don't know.

24 Q. Right.

25 A. That's why -- and you're a lawyer. I presume

1 that you see. You've probably done a lot of litigation  
2 in your life, and you know that at one particular time a  
3 person may think everything is all right. Next year  
4 they done found out maybe something else is coming along  
5 with it. So if you asked me to put something in a  
6 blanket, I just told you I don't know what all  
7 everything would do. But I told you that right now, I'm  
8 answering questions to the best of my ability.

9 Q. And you don't have any belief as to any  
10 medications that you're on that are going to affect that  
11 that you know of. Is that true? That you know of right  
12 now. I'm not asking about what you might find out  
13 later. I'm just talking about right now.

14 A. I don't -- I just say I don't know, but go  
15 ahead.

16 Q. Okay. Well, I guess we'll see where the  
17 deposition takes us.

18 A. Okay.

19 Q. You know, deal with the fallout.

20 You said -- I think you told me you don't  
21 remember having a deposition taken before. Is that  
22 accurate?

23 A. I can't recall in the years that I've ever been  
24 on a deposition like this before.

25 Q. Okay. What about have you ever been a party to

1 a lawsuit, either a plaintiff or defendant?

2 A. A party to any type of lawsuit before?

3 Q. Yes, ma'am.

4 A. I -- I have been a party to a lawsuit before.

5 Q. Do you know when about that was? What year  
6 approximately?

7 A. Hmm. Well, we've -- I live in Texas City, so  
8 we've had all kind of different spills and stuff like  
9 that that I just don't remember exactly -- can't recall  
10 exact days.

11 Q. But --

12 A. But as being a party or something of being  
13 hurt, I guess it would have been that before. So I  
14 probably would have been a party to something or a  
15 plaintiff or a party to.

16 Q. Okay. Do you remember being a part of the most  
17 recent, what, I think they were referred to as the BP  
18 litigation?

19 A. The -- the -- I can't recall.

20 Q. All right. Of the matters you're thinking  
21 about that you might have been involved in, did those  
22 happen in the last ten years?

23 A. The last ten? I don't think so, as I can  
24 recall.

25 Q. Okay. So as the best you can recall right now,

1 if you had been involved in a lawsuit, it might have  
2 been as a plaintiff related to a spill or some exposure  
3 in the Texas City area? Is that what I'm hearing?

4 A. Are you just saying like individual overall  
5 plaintiffs or groups of plaintiffs? I -- I don't  
6 understand what you're really talking about.

7 Q. Okay.

8 A. But I know some of them would have been related  
9 to spills that happened in the -- in the city.

10 Q. Okay. Was it liquid spills or like the air  
11 spill into the air, do you remember?

12 A. So you...

13 Q. So, for example, there's -- let me try to  
14 clarify this for you.

15 A. So I understand what you just said. So you  
16 want me to delineate whether the spill was water or  
17 liquid or whether the spill was aerosols or something  
18 like that. I'm not an expert on environmental things,  
19 and I can't say exactly what they were.

20 Q. Okay.

21 A. So I would think you would have to get the  
22 experts that did the litigations and stuff to give you  
23 information on those particular things.

24 Q. Okay. Do you remember who your counsel was in  
25 the latest case, who represented you?

1 A. In different lawsuits before?

2 Q. In the most recent lawsuit that you were a  
3 party to, do you remember who your lawyer was?

4 A. I'm just not understanding. Is it any type of  
5 lawsuit? Are you asking broad, in-general lawsuits?  
6 It's lawsuits as a member of a particular group? Or  
7 what are you saying? Because we have different things  
8 at hand, so I want to know are you asking me something  
9 as an individual party or are you asking me something on  
10 behalf as a group party, say as it may have been a group  
11 that you may have been involved in such as the NAACP or  
12 it may have been a spill or whatever?

13 Q. And that's fair. That's exactly --

14 A. So I don't understand what you're asking.

15 Q. Let me -- let me rephrase the question. I  
16 appreciate that, you know, you drawing that distinction.

17 So you as an individual person, have you,  
18 Barbara Rice Anders, been involved in a lawsuit prior to  
19 today, to the best of your knowledge?

20 A. I said as an individual.

21 Q. Yes, ma'am.

22 A. So as an individual, to the best of my  
23 knowledge, I have been.

24 So I'm just trying to clarify. Am I going  
25 to be talking as an individual or am I going to be

1 talking about in this deposition all day as a plaintiff  
2 to the NAACP? So am I going back and forth?

3 Q. Yeah.

4 A. But you just asked me something individual. So  
5 I want to know, are we going to be doing all individual  
6 questions right now or where are we going?

7 Q. Well, again, that's a fair statement. What I'm  
8 trying to do is get a little background on you as an  
9 individual, and when I turn and we talk about the NAACP  
10 as a group, I'll let you know that.

11 Right now I'm just trying to get background  
12 on you as an individual, where you lived, what your  
13 background is like, have you been in lawsuits, that kind  
14 of thing.

15 MS. CHEN: So just to clarify, are you  
16 planning on taking the full individual deposition first  
17 and then transitioning to the 30(b)(6) transcript?

18 MR. RUSSO: No, this isn't an individual  
19 deposition. This is just you put up a witness; she's  
20 here. I just want to know a little bit about her, and  
21 that's it.

22 A. Okay.

23 Q. (BY MR. RUSSO) So my question is, you, as  
24 Barbara Rice Anders, what's -- have you ever been a  
25 party to a lawsuit as an individual before?

1 A. I answered that question before. I said I had.

2 Q. Okay. And do you know how many?

3 A. I don't know how many exactly.

4 Q. Okay. Do you know who any of the cases were  
5 against? Who was the defendant on the other side? Who  
6 was sued?

7 A. Well, and I live in an industrial area, so I  
8 would have to say I would have been -- possibly been a  
9 little -- might have been involved in some of the  
10 plant-based spills --

11 Q. Okay.

12 A. -- as a group of people, maybe for Marathon,  
13 but we have all kind of industries there, so...

14 Q. Right. And do --

15 A. And I would say as a person that lives on the  
16 coast and insurance and stuff like that, I would say I  
17 would have had litigation against specific insurance  
18 companies for property damages.

19 Q. Do you recall having litigation -- actual -- a  
20 case lawsuit filed against an insurance company or was  
21 it just a claim made to the company?

22 A. Can you specify what you mean against the claim  
23 and whatever?

24 Q. Yes, ma'am. So you understand that there's --  
25 you can file an actual lawsuit against a party, and you

1 mentioned insurance companies. You can file a lawsuit  
2 against that party. Right? Do you understand that  
3 that's part --

4 A. I understand that you can file a lawsuit  
5 against any particular party. Okay.

6 Q. Okay. And then you can also have a situation  
7 where you have a loss, your property experiences a loss,  
8 and then you send paperwork to your insurance company  
9 and say, hey, you owe me for this, and that's called a  
10 claim. You make a claim on your -- on your policy, and  
11 I'm just trying to understand, is when you're talking  
12 about a dispute with your insurance company, was there  
13 an actual lawsuit filed or was it just -- you just filed  
14 a claim with them?

15 A. I would say it would be a lawsuit for  
16 non-payment of claims.

17 Q. Okay.

18 A. If that's what you're asking me if I've ever  
19 had a lawsuit or...

20 Q. Yes, ma'am. Was that related to any of the  
21 storms, like Ike?

22 A. It would have been related to a storm.

23 Q. Was it Ike or Harvey or do you remember?

24 A. No, not Harvey. I can't recall the exact storm  
25 or occasion right now, but it would have been

1 weather-related.

2 Q. All right. In the last ten years, you think?

3 A. Do you know exactly what year -- if you're  
4 saying in the last ten years, I can't -- exactly what  
5 time Ike was -- I know when Harvey was. Ike or so would  
6 have been...

7 Q. Ike was September of 2008.

8 A. So that would have been greater than ten years  
9 right now.

10 Q. Yes.

11 A. So if you're saying within the last ten years,  
12 it might have been before that because I can't remember  
13 which specific events it was.

14 Q. Okay.

15 A. But it was not Harvey.

16 Q. Okay. Well, so let's turn and talk about your  
17 preparation for your deposition today.

18 What did you do to get ready to testify  
19 today?

20 A. I looked over -- talked with my attorney and  
21 looked -- just looked over the paperwork and stuff like  
22 that, and just prayed that I hope I can answer each  
23 question that you have to ask me today.

24 Q. That's probably the most important part, most  
25 important part of it. But really, it's not that bad.

1                   The -- so you said you met with your  
2 counsel?

3           A. Yes, I met with my counsels.

4           Q. And did you meet with anybody other than  
5 Ms. Chen, who's sitting here today?

6           A. Yes.

7           Q. Who else? Who were the other parties that you  
8 met with?

9           A. I think Andrew and -- I can't remember the  
10 attorneys that's associated with her.

11          Q. Are you thinking three people? Three other  
12 attorneys, you think?

13          A. Well, I know mostly Sarah and -- and Andrew,  
14 but maybe other attorneys. I don't know all the other  
15 attorneys, but...

16          Q. Okay. Was there anybody in any of the meetings  
17 that was not a lawyer that you recall?

18          A. What you mean?

19          Q. Did you meet with anybody in preparation for  
20 your deposition that you don't believe was a lawyer?

21          A. No. I met with my legal counsel. Are you  
22 trying to say did the legal counsel -- you have to ask  
23 the attorney about that because I don't know everybody  
24 that may or may not be a lawyer, so...

25          Q. Okay.

1 MS. CHEN: I am a lawyer, you're right.

2 A. You have to ask my legal counsel about that.

3 Q. (BY MR. RUSSO) Okay. So you don't know if any  
4 of the people you met with were not lawyers?

5 A. No. I prepped with my attorney. You know, I  
6 don't know.

7 Q. Did you talk to anybody, other than your  
8 lawyers, about the fact that you're having your  
9 deposition taken in this case?

10 A. What do you mean did I talk to anybody else?

11 Q. Did you tell anybody you were coming, that you  
12 were going to be deposed in the case?

13 A. No. I talked to my lawyers about being  
14 deposed --

15 Q. And that's it?

16 A. -- in the case.

17 Q. But anyone else?

18 A. I guess -- did I talk to somebody else or  
19 did -- the people that were listed on the sheet, we  
20 probably knew that was party to it was going to be  
21 deposed. But did you talk to them about deposed -- we  
22 knew other people was going to be deposed. I knew that  
23 probably.

24 Q. Okay. And who would you have spoken with about  
25 you being deposed? Who do you recall talking to that --

1 whether the conversation was, yeah, I'm going to be  
2 deposed or, you know, how does the deposition process  
3 work? Is there anybody that comes to your mind that you  
4 had a conversation with, other than your lawyers, about  
5 the fact that you were going to be deposed in this case?

6 A. No. The lawyers told us that we was going to  
7 be deposed and stuff.

8 Q. Well, I don't -- let me stop you there. I  
9 don't really want to know --

10 A. Because I don't know what you're saying.

11 Q. I just don't want you to disclose what your  
12 lawyer is talking to you about.

13 A. Okay. Well, okay. So I don't know.

14 Q. Let me just give you an example. So you  
15 understand that in this case one of the parties to the  
16 case is Terry Petteway. Do you understand that?

17 A. Well, you just showed me. You want me to look  
18 at that so I can see all the different parties to the  
19 case on there?

20 Q. I can show you what's been marked as Anders  
21 Exhibit 1.

22 (Exhibit No. 1 was marked.)

23 A. Okay.

24 Q. (BY MR. RUSSO) This is the style of the  
25 lawsuit.

1 A. Okay. So what you want?

2 Q. I'm asking -- I'm just -- so follow along here.

3 So if Terry Petteway is a plaintiff in the  
4 case, did you, by chance, talk to Terry Petteway about  
5 the fact that you're going to be deposed?

6 A. No.

7 Q. Okay. That's all I'm asking. And is there any  
8 other parties to this case here that you have spoken  
9 with in relation to you being deposed?

10 A. No, no, no. I ain't saying that -- spoken with  
11 or knowing about the deposition, not particularly about  
12 the deposition, but I knew that these other people were  
13 going to be deposed --

14 Q. Okay. And --

15 A. -- in this branch of this.

16 Q. In the lawsuit?

17 A. Yes, but no, so...

18 Q. Okay. So you haven't specifically talked to  
19 anybody on that list about --

20 A. Well, I talked to a lot of people on the list,  
21 but I talk to people on the list not particularly about  
22 being disposed -- deposed. And if I can't talk about --  
23 you say I can't talk about a client -- lawyer/client  
24 information, so I can't say.

25 Q. But you can tell me whether you've spoken to

1 individuals and not -- let me just make sure we're  
2 clear.

3 Right now I'm talking to you about any  
4 discussions you've had with people who are not lawyers  
5 and are not representing you or the NAACP in this  
6 lawsuit. And as an example, Ms. Chen is representing  
7 NAACP in the case. So other than lawyers --

8 A. So if she's representing NAACP in the case, I'm  
9 just going to ask you to clarify something. If she's  
10 representing NAACP and branches in the case, which I  
11 don't know if those people are on the case that she's  
12 representing that may be NAACP members, would they know  
13 something about it?

14 Q. Yeah, I wouldn't know that.

15 A. Okay. Well, I'm not understanding when you say  
16 did you talk to them or have you been in a group where  
17 they're not -- I can't talk about things in a group with  
18 their attorneys or what. So what are you exactly saying  
19 if you don't want me to be talking about the  
20 lawyer/client's privileges?

21 Q. Yeah. What I'm asking you is have you had  
22 conversations about the fact that you're going to be  
23 deposed with people who are not your lawyers in this  
24 case?

25 A. The people that are party to NAACP branches or

1 something that's represented in this case?

2 Q. Anyone. Have you spoken to anyone, other than  
3 your lawyers, about the fact that you're being deposed  
4 in this case?

5 A. Well, I can't say that I have not. I think  
6 that the people on here knew -- probably knew that  
7 people were going to be deposed on that.

8 Q. But do they know that from your conversation  
9 with them?

10 A. We're not having -- we're not having general  
11 conversations and stuff because...

12 Q. What do you mean?

13 A. General conversations about the deposition?

14 Q. Yes, ma'am.

15 A. We don't have general conversations about the  
16 deposition because we don't know what they're going to  
17 be doing, but that's what the deposition is about.

18 Q. Okay. So then the answer is no, you haven't  
19 talked to other folks particularly on that list related  
20 to the fact that you're being deposed. Is that true?

21 A. Well, I wouldn't necessarily -- I would say  
22 that they probably knew that everybody was being  
23 deposed.

24 Q. But if they knew that information, they got it  
25 from someplace, not from you. Is that true?

1 A. They could have been -- how would I know they  
2 weren't in a group setting?

3 Q. I don't know. You have to tell me that.  
4 That's why I'm asking you.

5 A. Well, then I can't --

6 Q. Have you had a group setting without your  
7 counsel available?

8 A. Well, I can't say that with no group setting  
9 without any counsel available. I can just say what I've  
10 gone with my counsel.

11 Q. Have you had any group settings without your  
12 counsel related to this case?

13 A. What do you mean?

14 Q. Have you had any group meetings without your  
15 lawyers present related to this lawsuit?

16 A. Related to the lawsuit?

17 Q. Yes, ma'am.

18 A. That's broad and general because before you  
19 even come to the lawsuit and even file the lawsuit, it  
20 has to go through people, executive boards and stuff  
21 like that. So would you have had conversations about --  
22 possibly, maybe, about retaining counsel, maybe.

23 Q. Okay.

24 A. So I'm not understanding.

25 Q. So the answer is maybe?

1           A. If you're talking about a group because the  
2 NAACP is a branch. It's a group.

3           Q. That's true. But I'm asking you, do you --  
4 Ms. Rice Anders, do you recall having a meeting with  
5 people, whoever it is, without your lawyers present  
6 related to this case?

7           A. I would say we -- I would have to have had  
8 something without.

9           Q. And do you remember when those might have been,  
10 what -- approximate dates of those meetings?

11          A. No. Probably before these things because they  
12 happened, though, that the suit was going to be filed,  
13 but I don't know the exact dates.

14          Q. Okay. But prior to the suit being filed, you  
15 think?

16          A. Well, I know it would have been prior to that  
17 they would have, and other than than those...

18          Q. All right.

19          A. I'm trying to think to my best of my knowledge  
20 because I want to be telling the truth. And like I  
21 said, on some of these things the branches may know.  
22 The branches -- when you're talking about any group  
23 settings without your attorneys and stuff.

24          Q. All right. As a representative of the NAACP,  
25 do you -- how many times did you meet with your lawyers

1 to prepare for the deposition today?

2 A. I can't recall the exact amount of times that I  
3 met with my attorneys.

4 Q. Was it more than once?

5 A. More than once.

6 Q. Okay. Ten times?

7 A. I don't know if I met with him ten times. I  
8 don't know the exact number, but it was more than once.

9 Q. Okay. Could it have been as many as ten?

10 A. I don't know the exact amount. You probably  
11 could get that from the attorney.

12 Q. I can't ask your attorney, unfortunately.

13 A. Okay. Well...

14 Q. I just have to get whatever knowledge you have  
15 on behalf of the NAACP.

16 A. I don't know the exact amount of times that I  
17 talked to my attorneys on prep and stuff, and I would  
18 say it would be greater than one. And would I say it  
19 would be greater than ten, I don't know if it was  
20 greater than ten.

21 Q. It could have been more than ten times?

22 A. It could have been more than five. If it was  
23 more than -- however I talked to my attorney, more than  
24 ten times, I'm not going to say in a box because I  
25 wouldn't be truthful. If I say it was less than ten, it

1 was more than ten, I may not be telling the truth. So  
2 if I'm telling the truth, I can't exactly recall the  
3 amount of times that I'd spoken to my legal team.

4 Q. So as --

5 A. So it was more than once. I can't exactly say  
6 whether it was greater than ten because you gave me two  
7 specifics and stuff, so I cannot say.

8 Q. Okay. But as a NAACP representative, you could  
9 have met with your lawyers more than ten times in  
10 connection with preparing specifically for this  
11 deposition?

12 A. Just overall meeting with the attorney  
13 preparing for the deposition?

14 Q. Yes, ma'am.

15 A. I don't know because you're asking me to say  
16 something, and I'm telling the truth. I ain't trying --  
17 I can't make an untruthful statement.

18 Q. And I don't --

19 A. I'm trying to tell the truth.

20 Q. I don't want you to do that either.

21 But as we sit here today, you don't know  
22 whether the number of times that you met with counsel to  
23 prepare for this deposition was more or less than ten  
24 times?

25 A. I'd say I didn't know whether it was more or

1 less.

2 Q. What about the --

3 A. It was greater than one.

4 Q. What about the amount of time spent with  
5 counsel in preparation for your deposition? Do you know  
6 how much time that you might have spent?

7 A. Are you trying to ask me about the exact number  
8 of -- I don't know what you're trying to ask me. Are  
9 you trying to ask me the exact number of billable hours  
10 that I spent with my counsel or something regarding  
11 that? I don't know. That would be something that I  
12 guess you can get somewhere down the line from them  
13 because I don't know the exact answer to that.

14 Q. Can you provide me with an estimate amount of  
15 time in hours or minutes that you spent with your  
16 lawyers in preparation for your deposition today?

17 A. I just can't guess and make up nothing. You're  
18 asking me for a guesstimation; that's something made up.

19 Q. Well, I'm asking for your best guess, based  
20 upon what you know. How much time did you spend  
21 preparing for your deposition today?

22 A. I don't just have a best guess.

23 Q. Okay. So you don't know?

24 A. You're asking me an exact time, and I said, you  
25 know, what I thought. Are you asking me about all --

1 you're asking me two different things. You're asking me  
2 about how many times did you meet with them? Secondly,  
3 you asked me how much time did I spend with them each  
4 time I met with them and stuff, which I said I didn't  
5 know those exact times. But you say you wasn't able to  
6 ask my attorney, so I guess somewhere down the line --  
7 you're an attorney. I don't know. Maybe y'all have  
8 billable hours. You may find it out. So you may get  
9 those exact times and stuff. I don't know how this  
10 goes, but I'm sure you probably would be able to find  
11 out the exact stuff. So there's no sense in me sitting  
12 here trying to lie about it.

13 Q. Okay. But as you sit here today, you do not  
14 have any estimate for the amount of time you spent with  
15 your counsel in preparation for your deposition. Is  
16 that accurate?

17 A. You asked me in a range. You say, was it more  
18 than once? I told you it was more than once. You say,  
19 was it greater than ten? I said, I don't know whether  
20 it was greater or less than ten. So I gave you an  
21 estimated time, a range. And then you asked me about  
22 how many hours I spent exactly on each time I prepped  
23 with them, and I said, I don't know exact amount of  
24 hours. Was it an hour or two hours, 30 minutes or  
25 40 minutes or two-and-a-half hours? I told you I didn't

1 know the exact time, so I'm just being truthful about  
2 what I'm saying.

3 Q. Right. And I don't -- I'm asking you if you  
4 have an estimate amount of time, not the exact.

5 A. In order to make an estimate, I have to know  
6 exact how many times because estimations are made off of  
7 timing and things spent between that time and the time  
8 that's allotted. So if I say that it was more than ten  
9 or something, if I would have said that, which I didn't  
10 say, I said I didn't know whether it was more or less,  
11 and if I knew exactly whether it was an hour or two  
12 hours and stuff, then I can say based on that specific  
13 amount of stuff this is the estimation, but I told you I  
14 couldn't -- didn't know the exact times and stuff.

15 Q. When was the --

16 A. So I'm not making that explanation [sic].

17 Q. When was the last time you met with your  
18 counsel to prepare for your deposition? What day --  
19 date?

20 A. The last time I spoke with my counsel?

21 Q. To prepare for your deposition, yes, ma'am.

22 A. I spoke with my counsel on yesterday.

23 Q. Okay. And how long did y'all talk in that  
24 meeting, conference?

25 A. I don't know because I wasn't sitting there

1 watching the time.

2 Q. Was it by phone?

3 A. I was talking to my counsel.

4 Q. By -- on the phone?

5 A. I think it was by phone, but I wasn't, you  
6 know, just looking at the time. But -- but, you know,  
7 I'm sure they would have that. I don't know.

8 Q. Okay. And so you spoke to your -- on the phone  
9 to your counsel yesterday. Was that with Ms. Chen or  
10 were there other attorneys involved? What do you  
11 recall?

12 A. I recall that I spoke with my counsel,  
13 Ms. Chen, on yesterday.

14 Q. Okay. And, again, no estimate? Do you have  
15 any estimate? Can you provide me any estimate for how  
16 long you spoke to her?

17 A. Hmm. Because when I'm talking to her, I don't  
18 think about -- I won't be thinking about time. So I  
19 don't know if it was hours or less than an hour or --  
20 or -- I don't know. I don't know the exact time.

21 Q. Okay. And the best of your recollection, it  
22 was not in person. True?

23 A. You're talking about did I meet with Sarah in  
24 person on yesterday?

25 Q. Yes, ma'am.

1 A. Ms. Chen on yesterday? No, I did not.

2 Q. Okay. All right. And what about did you -- do  
3 you recall meeting before yesterday with your lawyers to  
4 discuss preparation for your deposition? Was there --  
5 can you remember what approximate date you met with them  
6 prior to yesterday?

7 A. I have met with my counsel in person before.

8 Q. Let's -- okay. When was the last meeting in  
9 person you can recall, approximately?

10 A. What's today? Maybe -- I'm trying to get my  
11 thoughts together now. I think it was -- I think it was  
12 earlier this week. This is Friday today. So maybe  
13 Monday or something. I'm guessing. Maybe earlier this  
14 week. It could have been at the end of last -- oh, God.  
15 I'm not sure exactly.

16 Q. Okay. So if I'm correct, the -- Monday would  
17 have been the 17th of April? I think that's right, but  
18 is that your understanding?

19 A. I -- I'm trying to -- I can't remember the  
20 exact days that -- I'm just thinking that it would have  
21 been.

22 Q. Okay. Maybe this will help you recall. So we  
23 originally had your deposition set on Tuesday of this  
24 week, which was the 18th. Did you meet with your  
25 lawy- -- counsel immediately before that date and

1 setting?

2 A. I'm thinking it was -- I'm thinking it was  
3 Monday.

4 Q. All right.

5 A. But to be exact.

6 Q. Okay. And who was present at that meeting?

7 A. I just say if it was -- if it's -- because I'm  
8 just saying I think it was that day. I'm not exactly  
9 sure. But when I -- I think I just met with Ms. Chen.  
10 Are you talking about in -- who was present there?

11 Q. Yes, ma'am.

12 A. At that meeting?

13 Q. Yes, ma'am.

14 A. In person? I just said who it was, but would  
15 my other attorney have been on -- I guess like if  
16 they're on this, whatever they're on today, that you  
17 want me to say they would have been there, too?

18 Q. Yes, ma'am.

19 A. Okay. Well --

20 Q. I would include them as well.

21 A. Okay.

22 Q. So Ms. Chen was there in person? Is that what  
23 I'm understanding?

24 A. Yes.

25 Q. And then there were --

1           A. The last time I met with her, I met with her on  
2 person -- in person.

3           Q. And then at this in-person meeting with  
4 Ms. Chen, there were other people that might be  
5 available, licensing in, communicating with you on a  
6 Zoom chat or some kind of computer program. Is that  
7 true?

8           A. Probably just like y'all got -- did you say  
9 somebody was on here with you today, somebody else from  
10 your firm? Did you say that?

11          Q. There's several people, yes, ma'am.

12          A. Okay. Well, I think it would have been like  
13 that.

14          Q. Okay. Did you communicate with someone over  
15 the chat or through the computer during this meeting?

16          A. If I can recall, I think so.

17          Q. All right. So was it -- did you have a meeting  
18 with your counsel prior to this meeting which you think  
19 might have been on Monday?

20          A. Are you saying have I ever had in-person  
21 meetings with my counsel?

22          Q. In preparation for your deposition, prior to  
23 this in-person meeting that you just described for me.

24          A. Yes, I've met with my counsel before.

25          Q. In preparation for your deposition?

1           A. You got to explain. Like when I'm just talking  
2 to my counsel about stuff on here or when I'm just  
3 talking to my counsel because I'm confused about prep  
4 procedure -- preparation for the deposition and stuff  
5 like that or specifically meeting with your counsel?

6           Q. Okay.

7           A. So what you're -- what I am getting from you is  
8 that those are two different things. But if I meet with  
9 them for preposition [sic], it's not the same as me  
10 meeting -- just meeting with my counsel because -- about  
11 other stuff. So I don't know the difference when you're  
12 telling me, you know. Would you just explain that to me  
13 so I can understand what you mean? Because you keep  
14 saying meeting with them in preposition, have you ever  
15 met with your counsel and stuff like that.

16           Q. Yeah, and I'm trying to gear my questions  
17 towards the things that you would have done in an  
18 attempt to be ready to testify today as an  
19 organizational rep- -- representative for the NAACP  
20 Mainland Branch. So focus on that being the purpose of  
21 the meeting. That -- with that purpose in mind, did you  
22 have any meetings with your counsel for that purpose  
23 prior to this meeting on Monday that you just described  
24 to me?

25           A. Well, I'm a little confused on all these legal

1 terms by these meetings and stuff. So I can say that  
2 I've met with my counsel, and you're trying to make me  
3 make assumption about which -- which was what, but  
4 that's legal to me. So that's up to y'all, and I'm sure  
5 you'll get -- because those things are probably  
6 billable, I'm sure you'll get them on how they document  
7 what it was and what it wasn't. But I just know I met  
8 with my attorney several times.

9 Q. And -- okay. Let's look at the document that's  
10 marked as Exhibit 1 in front of you. Can you tell me,  
11 have you seen that document before? Go ahead and look  
12 through it as much as you need to.

13 A. (Witness perusing document.) So what you're  
14 asking me, if I've ever seen this before?

15 Q. Yes, ma'am.

16 A. I think I can recall seeing some of it before,  
17 and I can recall because this other one being notified  
18 that this deposition was going to include the new  
19 change, the date was going to include individuality or  
20 something on here and cooperative or something, and it  
21 changed from one date to the other one. Is that the  
22 notice of the change of the deposition? Was that that?

23 Q. Yes, ma'am. I'll represent to you that this is  
24 a notice of deposition that we sent to you, NAACP  
25 Mainland Branch, and it identifies topics that we would

1 like to discuss with the branch. Do you recall seeing  
2 this document before now?

3 A. I've seen -- yes, I saw these, some of these  
4 topics for examination, I think.

5 Q. Okay.

6 A. I can't recall exactly all the stuff I seen,  
7 but I can read over them and see some of the stuff.

8 Q. All right. And you were referring to the  
9 topics, the topics for examination that are on the  
10 fourth page of the document in front of you?

11 A. Are you talking about the document that's  
12 saying Exhibit A? Is that what you're talking about?

13 Q. Yeah. The page in -- actually in the middle of  
14 the page, it says, "Topics for examination." Do you see  
15 that?

16 A. Yeah, okay. I've seen that.

17 Q. And have you seen that list of topics before  
18 today?

19 A. I've seen topics.

20 Q. Okay. And is it your understanding that you're  
21 here to testify on behalf of the NAACP Mainland Branch  
22 as to these topics?

23 A. Yes.

24 Q. As the person with the most knowledge in the  
25 organization with -- for these topics? Let me ask the

1 question a little bit better.

2 As of today, do you feel like you're the  
3 person with the most knowledge on these -- the topics  
4 that are listed here?

5 A. Well -- well, I'm not saying that I'm the --  
6 that I'm the person with the most knowledge because  
7 that's an assumption on my part that I'm much smarter  
8 and know more than everyone else, but I understand what  
9 you're saying, that I'm going to be asked these  
10 questions and I'm here to testify regarding these  
11 things.

12 Q. Okay. Were there any topics on this list, 1  
13 through 20, that you feel like you can't provide  
14 testimony on on behalf of NAACP Mainland Branch?

15 A. Well, I would have to go through all of them  
16 again specifically. I think if you ask me the  
17 questions, I can answer to the best of my knowledge on  
18 some of the things --

19 Q. Okay.

20 A. -- that are here.

21 Q. Is it your understanding that to the extent  
22 that you needed to, that you had a duty to figure out  
23 the answer to some of these topics if you didn't already  
24 know the answer?

25 A. That I had a duty to?

1 Q. Yes, ma'am.

2 A. Okay. I'm not understanding what the duties  
3 entail. What type of duty are you saying that I had to  
4 figure out? Because some things that I don't have  
5 knowledge on, how would I figure them out and be  
6 truthful about? So I'm not here to speculate and think  
7 on things. I'm just here to give answers on what I can  
8 give. Now, to figure something out that I didn't have  
9 firsthand knowledge to is something different. So, now,  
10 I'm not here to speculate on anything. I'm here to  
11 answer the questions to -- that I know I can answer to  
12 the best of my knowledge. I'm not here to fact-find and  
13 discuss stuff that I wasn't privy to because if I wasn't  
14 party [sic] of it and it in there, I could be lying. So  
15 I'm not here to just overthink and say stuff.

16 Q. Were there topics on this list where you had to  
17 go find information from other people in order to cover  
18 them?

19 A. Well, some of the stuff that I'm looking at you  
20 may have, but this is some litigations and stuff like  
21 that and I don't know. You're an attorney. If you  
22 wanted to find information on stuff that I may or may  
23 not have been present on, I would think it is things  
24 that may not have been done by me, that you would locate  
25 those people and depose them yourself regarding it. I

1 don't know.

2 Q. Okay. In looking at this list, did you read  
3 through the list?

4 A. I read through some of the things briefly.

5 Q. Some of them or all of them?

6 A. I read through the list right here that you've  
7 given me, and I read through them. I looked through the  
8 list of things, and you're saying that -- I'm just going  
9 back to your question, that I'm supposed to look up  
10 people and find people and attest to something. So what  
11 you're saying, you want me to attest to second-hand  
12 knowledge about everything? Is that what you're asking  
13 me?

14 Q. That's what you're here to do. We asked -- we  
15 asked a representative from NAACP Mainland appear  
16 today --

17 A. Okay.

18 Q. -- to be able to provide testimony to the best  
19 of the organization's knowledge --

20 A. Okay.

21 Q. -- on these topics.

22 A. Okay.

23 Q. Can you do that?

24 A. I can provide information to the best of my  
25 knowledge on the topics that you ask me about on the

1 best of my knowledge that I have information regarding.

2 Q. Okay.

3 A. But what you're -- what I'm trying to get from  
4 you is I want to know are you asking me that if you said  
5 something in 1910 [sic] that I wasn't present on, that  
6 you want me to make a statement and say that it is a  
7 true statement and that it's in regards to something I  
8 may not have been in? That's what I'm asking you. Are  
9 you asking me to make statements of fact that I was not  
10 relevant to? Is that what you're asking me? I'm just  
11 trying to get some clarification on this.

12 Q. Yes, and I'm asking -- yes. The answer to your  
13 question -- I think the simple answer is yes. Are you  
14 prepared to provide answers to these --

15 A. I'm prepared to -- to do a response to the  
16 question.

17 Q. To these topics?

18 A. To the topics. To the best of my knowledge  
19 about the topics, yes.

20 Q. Are you suggesting then that if someone else  
21 from the Mainland Branch has knowledge relevant to these  
22 topics, you don't have that today necessarily?

23 MS. CHEN: Objection; form.

24 You can answer.

25 A. What I'm saying, you say if someone else --

1 could you repeat that? Because you said someone else.

2 Q. (BY MR. RUSSO) Sure. If there's -- if someone  
3 else knows something on behalf of the organization that  
4 you haven't talked to -- well, strike that.

5 Were there -- did you do anything to  
6 investigate what the response would be for these topics;  
7 "yes" or "no"?

8 A. So did I do anything to investigate what the  
9 response would be? So what you're asking me is did I --  
10 did I contact people that may not be present here that  
11 may be deceased or that may not be coherent enough or  
12 may not be something else that had privy to something,  
13 did I contact them to get true answers and stuff?  
14 Wouldn't that be if you had something that said these  
15 people may have been party to something, wouldn't it  
16 have been up to you or somebody to get them to witness  
17 that themselves [sic] because you want to have true  
18 testimony? I can answer anything on here to the best of  
19 my knowledge that I know about.

20 Q. Okay. And --

21 MS. CHEN: Joe, can we take a quick break?

22 MR. RUSSO: Anything would be helpful.

23 It's perfectly fine by me.

24 THE VIDEOGRAPHER: Off the record, 10:37.

25 (Recess taken.)

1 THE VIDEOGRAPHER: Going back on the  
2 record, 10:51.

3 Q. (BY MR. RUSSO) So Ms. Rice Anders, we were --  
4 I was asking you about the list of topics that we  
5 asked -- or planned to talk to the NAACP Mainland Branch  
6 about. You had a moment to speak with your counsel.

7 Can you tell me whether there are topics on  
8 the list that you've looked at and which required you to  
9 go find information from other people in order to answer  
10 the questions related to that topic today?

11 A. Related to a topic when it said from 2010 to  
12 present, I wasn't the president in that -- in 2010.

13 Q. Okay.

14 A. And back there. So I would have to get -- try  
15 to get information from past presidents and stuff that  
16 may have been involved in that time. And one of the  
17 past presidents would have been Dottie Jones, and I was  
18 not able to get in touch with Ms. Jones regarding that  
19 because she would have been the president at that time  
20 if you're talking about 2010 or '11 or something in that  
21 particular cycle.

22 Q. Okay. Was that the only topic where the  
23 situation -- where your response might be the same,  
24 which is you weren't able to get in touch with people  
25 who might have better knowledge than you to answer the

1 question -- the topics?

2 A. Yes. If it was -- if the question is if it was  
3 specific -- your specific information related to the  
4 topic.

5 Q. Do you have sufficient information or would  
6 you -- would you need to go find that information from  
7 other people within the branch?

8 MS. CHEN: Objection; form.

9 Q. (BY MR. RUSSO) Do you want me to rephrase  
10 that?

11 A. Yes, please.

12 Q. Okay. Do you feel like you have enough  
13 information to answer all these questions on these topic  
14 areas or are there topics here where you might have to  
15 go talk to somebody else about what the answer might be?

16 A. I would say I would have to hear some of the  
17 questions. Because at the time some of the things or  
18 documents relating to them, I may not know the answer  
19 because they would have come from someone else.

20 Q. Okay. And did you make an effort to collect  
21 information on these topics from other people, if you  
22 felt it necessary?

23 A. I -- in the past question that you asked me, I  
24 said the past president would have been -- at this time  
25 would have been Dottie Jones, and I was not able to --

1 to get in contact with Ms. -- with the past president.

2 So we have a lot of past presidents and past secretaries  
3 who may have had relevant information, but those people  
4 are older now and sick and they're not active in things  
5 like that, so --

6 Q. Okay.

7 A. -- we're not able to get with them. And I  
8 could just answer the questions and stuff to the -- to  
9 the best of my knowledge right now.

10 Q. Okay. Perfect. Did you -- are there -- do you  
11 recall -- did you speak with anybody within the NAACP  
12 Mainland organization or outside of the organization  
13 that might have information related to one of these  
14 topics in preparation for your deposition?

15 A. I would say I tried to, but...

16 Q. Okay. But you weren't able to get in touch  
17 with anyone, particularly Ms. Jones?

18 A. Particularly Ms. Jones that would have some of  
19 the information that you may be asking or the  
20 ex-secretary that may have had some of the  
21 information --

22 Q. Okay.

23 A. -- due to health-related issues and things like  
24 that, so...

25 Q. All right. So is it true then that you -- you

1 came to the deposition today with whatever knowledge you  
2 have on these topics, and that's what you prepared to  
3 cover. Is that true?

4 A. Yes, mm-hmm.

5 Q. Okay. All right. Did you review any documents  
6 in preparation for your deposition today that you can  
7 remember?

8 A. Any specific documents? Yes, I reviewed some  
9 documents.

10 Q. All right. Let me back up because there was  
11 something I wanted to ask you about that Exhibit 1.

12 Do you recall when around you received that  
13 list of topic areas?

14 A. I can't remember -- recall the exact date right  
15 now.

16 Q. All right. Do you think it was -- I don't  
17 know. Can you give me an estimate whether it was more  
18 than 30 days ago or less than 30 days ago, which would  
19 have been, I guess, March roughly 21st or 20th? Do you  
20 think it was before that or after that?

21 A. I can't recall the exact days and stuff.

22 Q. Okay.

23 A. You say you sent it to the branch, so I don't  
24 see no specific date.

25 Q. That specific document I'll represent to you

1 would have gone through your counsel, and then  
2 provided -- presumably provided to the branch through  
3 your counsel. I assume that's what happened. Is that  
4 your understanding as well?

5 A. Yes.

6 Q. Okay.

7 A. But I couldn't tell.

8 Q. All right.

9 A. I can't recall the exact specific dates or  
10 something like that.

11 Q. All right. How long have you known that you  
12 would have to show up to do -- to appear to be the  
13 representative for the Mainland Branch?

14 A. Probably -- I think it would probably maybe --  
15 to this deposition?

16 Q. Yes, ma'am.

17 A. I think it would be maybe more than 30 days or  
18 something. I'm assuming, but I can't tell you the exact  
19 date or so.

20 Q. Okay. And that's all I was asking more as a  
21 general estimate. Do you think you might have been  
22 informed that the NAACP Mainland needs to provide  
23 testimony on these topics, you think, maybe more than  
24 30 days or around that time?

25 A. I can't recall the exact time, but I just know

1 we did.

2 Q. All right. Okay. So now back to my question  
3 about reviewing documents.

4 I assume one of the documents you reviewed  
5 in preparation for your deposition was Exhibit 1.

6 Right? I think we've established that.

7 A. Yes.

8 Q. All right. And then what other documents that  
9 you recall that you looked at in preparation for your  
10 deposition today?

11 A. Okay. We had Exhibit 1, and I think we had the  
12 general overall statement of the -- the lawsuit that was  
13 filed, and I can recall maybe a letter or something that  
14 was reviewed by my attorney. I can't recall all of the  
15 different stuff. I would have to see.

16 Q. Okay. So I think you mentioned a statement of  
17 the case. Was that -- do you recall that being like a  
18 complaint or an amended complaint? Does that refresh  
19 your memory as to what you might have looked at?

20 A. Do you have a copy of that --

21 Q. I probably do.

22 A. -- so I can see?

23 MR. RUSSO: Let's mark this Plaintiff's  
24 Exhibit 2. I only have one copy of that for some  
25 reason.

1 (Exhibit No. 2 was marked.)

2 A. Yes, I've seen this before.

3 Q. (BY MR. RUSSO) Okay. Was that was doc- -- was  
4 Exhibit -- the document that's been marked as Exhibit 2,  
5 was that the document you were referring to as the  
6 statement of the case a minute ago that you reviewed?

7 A. I guess so, yes.

8 Q. All right. Was there anything in that --  
9 reading through that -- did you read through Exhibit 2?

10 A. Have I read through Exhibit 2 before?

11 Q. Yes, ma'am.

12 A. Yes, I've had an opportunity to -- to read some  
13 of the things listed.

14 Q. Okay. Do you recall -- do you recall looking  
15 at the original complaint in this case before it was  
16 filed back in the middle of 2022? Do you remember  
17 seeing it in sort of draft form?

18 A. I can't recall.

19 Q. All right. Okay. So in your more recent  
20 review of the complaint on Exhibit 2, do you -- is there  
21 anything in that document that sort of stuck out in your  
22 mind as being inaccurate?

23 A. I can't re- -- well, right now I can't recall.  
24 I would have to -- I said I saw it in brief, and I would  
25 have to read over it again.

1 Q. Okay. And then you also mentioned in your  
2 review you might have seen some letters. Is that right?

3 A. Yes.

4 Q. Okay. Do you remember approximately what the  
5 date was on those letters?

6 A. No.

7 Q. Was it an e-mail or an actual letter?

8 A. It was a -- no. It was a copy of a letter from  
9 something from maybe 2011.

10 Q. Do you remember who the letter was to or from,  
11 either way?

12 A. I think it was to the Justice Department. I'm  
13 not exactly sure. Do you have a copy of that?

14 Q. I don't know if I do or not, but I don't know  
15 that we'll need it. But I think --

16 A. If we -- are you saying -- I'm trying to think  
17 if I saw something. I would like to see whatever it is  
18 that I think I might have saw.

19 Q. Yeah, and I'm just trying to get your best  
20 recollection at this point. But as best you can recall,  
21 you think it was a letter that was sent to the  
22 Department of Justice back in, what, 2012 maybe?

23 A. Maybe.

24 Q. Okay. Is there anything else that sticks out  
25 in your mind, letter-wise or e-mail-wise, correspondence

1 that you looked at in preparation for your deposition?

2 A. So -- okay. So you're asking me did I see  
3 these in preparation for my deposition? You put some  
4 new word in there to me. Okay. So I can't recall  
5 exactly what else.

6 Q. Okay. Does seeing the documents, the  
7 amended -- or the amended notice of deposition,  
8 Exhibit 1, and then also the amended complaint which is  
9 Exhibit 2, does seeing those documents refresh your  
10 memory as to sort of how many times you met with your  
11 counsel in this case?

12 A. Are you talking about -- you said I met with  
13 my -- when I told you I met with my counsel more than  
14 once?

15 Q. (Nodding head.)

16 A. But I said -- and you said was it more than  
17 ten, and I said I didn't know, somewhere between one and  
18 that, I couldn't say more or less. So are you saying --  
19 are you asking me related to these three things that  
20 give me a time range that I may have met with my  
21 attorney? Are you saying that I got each one of these  
22 things at different times or what are you asking me?

23 Q. Yeah, I was asking you if your testimony is  
24 still the same as it was this morning now that you've  
25 seen those two documents? Has anything changed in your

1 mind as to how many times you've met with your lawyers?

2 And if the answer is no, I mean, I just want to know

3 if --

4 A. I -- I want to say between that time that I met  
5 with my lawyers, you know, within that range.

6 Q. Okay.

7 A. But I was just trying to see if you're saying I  
8 saw this or I saw this at one time and I saw this at the  
9 other time, I was just trying to figure out what kind of  
10 inference you was making.

11 Q. Yeah. Most of the time I'm not making any  
12 inferences.

13 A. Okay.

14 Q. I was just asking questions.

15 A. Okay.

16 Q. So yeah, I was just wondering if the material  
17 in front of you gave you some sort of revelation or  
18 something, you know --

19 A. Yeah.

20 Q. -- recollection as to the number of times you  
21 met. So it sounds like no?

22 A. I gave you a recollection. I said it was more  
23 than one, and I say it would have been -- may have been  
24 more than one, and you put the ten in there. That's  
25 something you put up there, and you said greater or

1 lesser than ten, and I said maybe in between the range,  
2 but I couldn't say it didn't go out the range. I said  
3 it could have been in between the range. It could have  
4 been one, it could have been five, it could have been  
5 seven, I said, in that range somewhere.

6 Q. Right. So let's turn and talk about your -- I  
7 just want to talk about your sort of individual  
8 background for a minute.

9 A. Okay.

10 Q. What -- what high -- did you grow up in  
11 Galveston County?

12 A. Yes, I did.

13 Q. You've spent your entire life in Galveston  
14 County?

15 A. Yes, I have.

16 Q. Did -- what high school did you graduate from?

17 A. Texas City High.

18 Q. Did you do any -- did you go to college after  
19 high school?

20 A. Yes, I did.

21 Q. Okay. Where did you go?

22 A. I went to Galveston Junior College. I went to  
23 UTMB-Galveston. I went to TWU. I went to the  
24 U of H-Clear Lake.

25 Q. Okay. And in -- was -- did you go to Galveston

1 Community College immediately after high school?

2 A. Yes.

3 Q. Okay. And then did you get your associate's  
4 degree from there?

5 A. Yes.

6 Q. All right. And what was that degree in?

7 A. I got an associate's degree in applied science  
8 and an associate's degree in nursing.

9 Q. In nursing?

10 A. Mm-hmm.

11 Q. Nice. Okay. And then after that was when you  
12 were going to UTMB?

13 A. I went later. After working a while, I went to  
14 UTMB School of Nursing.

15 Q. Okay. So --

16 A. Go ahead.

17 Q. Yeah. Let me try to sort of keep this in  
18 order.

19 So after you got your associate's from  
20 Galveston Community College, what did you do next? Did  
21 you go to work or go to another school?

22 A. No. I went to work in nursing.

23 Q. All right. And you worked -- did you work at  
24 UTMB?

25 A. After I finished -- after I originally finished

1 Galveston College, I went to work for UTMB for a year,  
2 and then I went to work at -- in Texas City. And then I  
3 went to work -- to the Health District, Galveston County  
4 Health District.

5 Q. Okay.

6 A. For 15 years.

7 Q. All right. So then you worked for UTMB for a  
8 period of time. How long was that?

9 A. One -- less -- one year right after coming out  
10 of school.

11 Q. And then you went to the city of Texas City?  
12 You worked at the city? Did you say city?

13 A. No. I went to work at Danforth Hospital.  
14 Danforth, they had a community hospital --

15 Q. Okay.

16 A. -- for a small time.

17 Q. All right. Was that as a nurse?

18 A. Yes.

19 Q. Okay. Was there any more specific title than  
20 nurse? Was it nurse practitioner? Nurse specialist?

21 A. Staff nurse at that time, at that particular  
22 time.

23 Q. Okay. All right. And then after that, you  
24 went to the Health District for work?

25 A. I went to work for Galveston County, well,

1 specifically for the City of Galveston but it was  
2 Galveston County, within Galveston County Health  
3 District in community health nursing, and I think that  
4 was in maybe '78.

5 Q. All right. Did you do that -- you went -- did  
6 you do that immediately after you left Danforth?

7 A. Yes, uh-huh.

8 Q. All right. What were your duties at the Health  
9 District?

10 A. I worked in public health nursing.

11 Q. And what does that entail? What do you do as a  
12 public health nurse?

13 A. You do home-based visits in the community,  
14 public health, and you do disease control, TB control,  
15 STD control. You do well-child care, things like that.  
16 But it's mostly public health, which has to do with  
17 maintaining the health of the community.

18 Q. Mm-hmm.

19 A. And so I worked there for 15 years in various  
20 communities within Galveston County.

21 Q. Did you -- while you were at the Health  
22 District, did you have any particular area that you  
23 worked or was it just anywhere in the county?

24 A. No. You had -- you had a particular area.

25 Q. Where were -- where was your area?

1           A. My first area is in -- when I worked at the  
2 Health District but -- because you had different  
3 employees. For the City of Galveston. For the City of  
4 Galveston, I worked in the City of Galveston doing  
5 public health nursing, newborn visits, home visits, and  
6 stuff like that within Galveston.

7           Q. Okay.

8           A. Within all the housing complexes in just the  
9 city.

10          Q. And so it sounds like you're telling me you had  
11 visits at individuals' homes?

12          A. Yes.

13          Q. In Galveston?

14          A. Mm-hmm, that's public health.

15          Q. What were you checking for when you visited?

16          A. You do -- you do mostly maternal and child  
17 health, babies and new mothers. You did the elderly,  
18 high blood pressure, diabetes, and stuff like that.  
19 Communicable diseases, TB control, seeing people that  
20 had communicable diseases, some VD control. We did  
21 clinics, actually saw clients in clinics to do  
22 well-child care as far as public health.

23          Q. And that's -- I'm going to -- I think you told  
24 me this. What year did you think you started at the  
25 Health District, '78 or so?

1 A. I think I started there in 1978.

2 Q. Okay. And then you worked there for 15 years?

3 A. 15 years.

4 Q. All right. During your time at the Health  
5 District, did you ever see incidences of race -- racial  
6 discrimination by Health District employees?

7 A. Well, you're talking about the period of  
8 time -- you're saying about Health District, per se,  
9 employees?

10 Q. Yes, ma'am.

11 A. Or general overall discrimination?

12 Q. No. I'm talking about people that you worked  
13 with or for.

14 A. Well, the Health District provided care to  
15 mostly indigent populations because this is Galveston  
16 County Health District. So you had a particular group  
17 of low to moderate income people that was there that  
18 they provided care for, so...

19 Q. Do you feel like for the most part that the  
20 Health District treated those patients fairly?

21 MS. CHEN: Objection; form.

22 A. I can't -- well, you had a different segment of  
23 people that kind of attended the Health District, and it  
24 was more low income minorities and stuff like that.  
25 Now, within -- being in -- that's medical healthcare.

1 | Being in medical healthcare, I would say, you know,  
2 | people had different referrals to different services and  
3 | stuff like that, you know, as getting specialty  
4 | referrals and things like that, the overall system on  
5 | where you could go for care if you were indigent created  
6 | barriers.

7 | Q. (BY MR. RUSSO) Created what, barriers?

8 | A. Because if I came, I wasn't -- couldn't go to  
9 | the specialist up the street. I had to go within the  
10 | system. So you just had one group of people that had to  
11 | go to what they considered -- they considered  
12 | substandard care, but you could go other places if you  
13 | had insurance and money and different stuff like that.  
14 | But you knew where you was going, if you was coming to  
15 | the Health District.

16 | Q. Within the Health District itself, though, do  
17 | you feel like the patients that you were seeing, they  
18 | were -- were they discriminated against based upon their  
19 | race from what you recall?

20 | A. Well, when you're seeing a particular group of  
21 | people in a certain place of care, then you can almost  
22 | adhere to that. I would say we -- my thing I would say,  
23 | we probably had poor and underprivileged people of all  
24 | color, but the majority of people there were minorities  
25 | and people that, you know, were uninsured.

1 Q. Okay. And were they specific race of

2 minorities when you say majority --

3 A. Well, it mostly --

4 Q. -- or was it mostly African Americans?

5 A. -- right, African Americans and stuff and

6 Latinos, yes.

7 Q. And then -- but there were White patients being

8 treated as well. Yes?

9 A. Well, you had some.

10 Q. Yeah. And so -- but do you -- sitting here

11 right now, do you recall any specific instances in your

12 mind where the Galveston County Health District acted,

13 you know, I guess in a discriminatory manner against one

14 of the patients based upon their race?

15 A. See, you're asking me for specific examples.

16 I'm just telling you about blocks of people and where

17 they would their healthcare at, and as to how they got

18 referrals and different resources they got. You would

19 know the difference.

20 Q. What difference? What do you mean? The

21 difference in level of healthcare?

22 A. Okay. Well...

23 Q. Strike that question. Let me make it -- let me

24 start with you.

25 Did you ever discriminate against any of

1 the individuals that you treated based upon their race?

2 A. No, I did not.

3 Q. All right. Do you -- do you know of any  
4 instances of other people you worked with that did that?

5 A. Well, I didn't work with everybody at the  
6 Health Department, because the Health Department is  
7 broad in general. So I can't speak to everybody that  
8 was employed there. I can speak to myself and some  
9 other community health nurses, but the Galveston County  
10 Health District is more than just community and public  
11 health. It has a whole medical aspect also because I  
12 can't speak exactly to what they did every day.

13 Q. Are you aware of any instances where an  
14 employee you worked with or someone you worked for, you,  
15 particularly, aware of any instances that you believe  
16 were an example of race -- discrimination based on race?

17 A. Well, what -- what -- what things that I can  
18 look at I would say if I -- if you were there -- I'm  
19 saying when you go resource route, if I'm in here as a  
20 patient and I had a lot of different complex medical  
21 problems and stuff, I might get different referrals to  
22 other type doctors or different -- doing medical  
23 equipment and stuff like that because that's provider  
24 based. So it goes according to your providers on how  
25 they divvy out your care.

1 Q. And who divvies out the care?

2 A. Your providers. When you go to your physician,  
3 he decides on what referral you're going to get. He --  
4 till today, it's still --

5 Q. Is the provider Galveston Health District?

6 A. The provider is within Galveston County Health  
7 District or a provider within any institution, public or  
8 private physicians decide -- determine what quality of  
9 care you're going to get.

10 Q. Okay. And so are you aware of any Galveston  
11 County Health District provider?

12 A. Well, that's -- that's been a long time that I  
13 was there, but I'm just saying --

14 Q. Well, let me finish my question.

15 A. Okay.

16 Q. Are you aware of any Galveston County Health  
17 District provider that you would maintain discriminated  
18 against an individual patient on the basis of their  
19 race? Are you aware of any specific instance of that or  
20 complaint lodged?

21 A. Well, I'm sure they had a lot of complaints. I  
22 didn't get them. But I don't know.

23 Q. Yeah.

24 A. Because you're asking me to tell you something.

25 Q. I'm asking you what you know. That's all I'm

1 asking.

2 A. Yeah, that's what I'm saying. You're asking me  
3 on what I know and what I thought about the Health  
4 District.

5 Q. So are you aware of any complaints lodged  
6 against the Health District for racial discrimination  
7 during your time there?

8 A. I'm aware that -- that the people probably  
9 didn't think that they had adequate access to care.

10 Q. Are you -- did anyone complain to you about  
11 that?

12 A. Did they complain directly to me? Well, I  
13 can't tell you exactly. I don't remember exactly who  
14 complained, but I would hear complaints from people  
15 saying that they didn't feel like they got the adequate  
16 referrals and stuff that they needed at that time.

17 Q. And is it -- so is it your conclusion sitting  
18 here today that the person that was complaining was  
19 being discriminated against based upon their race?

20 A. I think they would be discriminated based on  
21 their race because they have limited access to other  
22 care options. When you're a group of people in a  
23 certain place and they don't have the same care as  
24 someone else, then they have limited access to different  
25 healthcare environments. They have limited access to

1 | people like speech therapists or PT, OT, all that  
2 | because that comes provider based on what kind of care  
3 | you're actually going to get.

4 | Q. And is that -- is that response based upon the  
5 | fact that the individual doesn't necessarily have their  
6 | own coverage for healthcare or is it because the  
7 | individual's race in your mind? In other words, let me  
8 | ask you this. In the time that you worked there, were  
9 | White patients treated the same way that African  
10 | American patients were treated if they had the same  
11 | income level and the same access to healthcare, as far  
12 | as you know?

13 | A. As far as I know, they might have more access  
14 | because they're going to get different referrals.

15 | Q. And are you aware of that happening where a  
16 | White patient and a Black patient with the same access  
17 | to healthcare or same limitations to healthcare, where  
18 | the White patient received a more beneficial referral?

19 | A. It's within the healthcare systems? Of course.

20 | Q. You're aware of that specific instance?

21 | A. Well, we -- specific? Okay. I'm going to just  
22 | say with -- I come from the Health Department to where  
23 | you were grouped into one specific place that you can go  
24 | till they -- the federal government had to -- because of  
25 | all the litigations they had between unequal access to

1 | some care, that they changed Medicare things to where  
2 | people could -- they started doing Medicare with a lot  
3 | of different private providers that they didn't have  
4 | before so that people could have better access to other  
5 | care. And so you had litigations from that. I'm  
6 | sure -- you guys are attorneys. I'm sure you can find  
7 | all that out through the Medicaid -- Medicaid, different  
8 | policies and stuff that they had, that they had to  
9 | revamp the different access to care for people.

10 | Q. Is that --

11 | A. But it's just in general.

12 | Now, you're asking me about my time in  
13 | community health. It came a long time ago and bias and  
14 | different stuff. You have to realize. I told you I  
15 | worked in Galveston, and I worked for the city in  
16 | Galveston and even then a nurse, as myself, being --  
17 | doing healthcare and stuff because I had districts like  
18 | Highland and Bolivar and stuff like that. I had to go  
19 | across there to deliver care because that was my job.  
20 | So I delivered care to everybody the same way. Now, I  
21 | may have tried to deliver care, but was the care that I  
22 | was trying to do at that time received? I had been to  
23 | where you couldn't even go, and people wouldn't let you  
24 | serve them because -- because I was Black, and it was  
25 | racism. Like, if I'm coming to do blood pressures and

1 | stuff, they wasn't coming if I happened to be there.

2 | And I can recall that they couldn't go when people --

3 | even in housing, they couldn't go to Highland House,

4 | Gulf Breeze, different things like that because they

5 | only had Anglo only, but we had specific clinics in

6 | there; and so I've been on both sides of it, so...

7 | Q. Okay. And the instances you're speaking about

8 | were incidences where the patients may not have wanted a

9 | nurse that's African American. Is that what you're

10 | telling me?

11 | A. Mm-hmm, well, at that specific time because I

12 | was at that district a long time. So we have all

13 | different parts, you know, that you -- that you have

14 | to -- I mean because you're in community and public

15 | health, and you work for the city, the county, or the

16 | state, and you see everybody equally; that's your job.

17 | Q. And that's what you did. Right? You saw

18 | people equally, your patients that you worked with.

19 | True?

20 | A. Of course, true, mm-hmm.

21 | Q. And would you say that same thing is true with

22 | most of the people that worked with you during your time

23 | at the Health District, that they treated people equally

24 | just like you did?

25 | A. I can't say exactly that all of them did

1 exactly what I did. I can attest for what I did as a --  
2 as a public health nurse.

3 Q. And I'm asking you do you recall --

4 A. Now, if you would ask people from that area  
5 what other people have done, then you might get a  
6 different story, but you're asking -- I can tell you  
7 what I did.

8 Q. And you're not aware sitting here right now of  
9 any people you worked with during your time at the  
10 Health District that treated patients differently --

11 A. Well, I'm not going to say that.

12 Q. Let me finish my question.

13 A. Okay.

14 Q. -- based upon their race? That was it.

15 Do you want me to restate it?

16 A. Yeah, please restate that.

17 Q. You're not aware, as you sit here right now, of  
18 any instances where a person that you worked with  
19 treated a patient -- patients differently based upon  
20 their race. Is that true?

21 A. Are you talking about specifically just at the  
22 Health District or at other specific places?

23 Q. Right now at the Health District.

24 A. Well, I can say when I can't remember, I know  
25 the clients when you would visit they didn't want

1 certain people, you know, seeing -- they would say they  
2 didn't want them seeing their child because they didn't  
3 feel like they was treating them fairly, but I can't say  
4 exactly who those people were. So I can't make up  
5 something for other people, but just say how people --  
6 what the perception was, I don't know.

7 Q. Did you say the Kleins?

8 A. Clients.

9 Q. Clients.

10 A. Clients, uh-huh.

11 Q. Oh, okay. But you're not aware of any  
12 particular client that complained that -- that they were  
13 being treated by an employee you worked with --

14 A. So you --

15 Q. -- differently because of their race?

16 A. You're talking about names now 15 to 16 years  
17 later, so I'm not going to say that people didn't  
18 complain about certain people.

19 Q. Do you specifically remember any?

20 A. I can't just come up here and say that -- tell  
21 you their names and stuff right now.

22 Q. So the answer is no?

23 A. The answer is not necessarily no. I said I  
24 couldn't remember the names. But did people have  
25 complaints and stuff? Of course, they said complaints.

1 I said I can't just say that -- all the exact providers  
2 because I don't even know the exact providers and stuff.

3 Q. You don't know if the complaints were -- any  
4 complaints were lodged against one of the people you  
5 worked with?

6 A. But you have to ask the county because I'm sure  
7 they keep instances of that. The Health District is  
8 still in effect and stuff, and I'm sure that they have  
9 to keep internal documents about the history of  
10 complaints and stuff within their system.

11 Q. Okay.

12 A. So, you know, I'm not going to speculate on who  
13 complained against what. I would say that you would  
14 have to get that information from the Health District  
15 because it's been running. I started there in '78, and  
16 it's still a health district.

17 Q. And you don't have any recollection of any  
18 specific complaints. True?

19 A. I didn't say I have recollection. I said I  
20 didn't know who the people were.

21 Q. Who -- what recollection do you have?

22 A. So I said people didn't feel like they were  
23 having adequate healthcare.

24 Q. And that was because of their race or some  
25 other reason?

1 A. They -- they felt like because of their race  
2 they were being grouped to see a certain amount of -- a  
3 certain group of people. They didn't have access to  
4 outside care. They didn't have access to referrals.  
5 They didn't have access -- they felt like they didn't  
6 have access to deal -- do medical equipment, which is  
7 wheelchairs and different specialty stuff like that for  
8 their children. So they -- especially the mothers and  
9 stuff. They felt like they were being marginalized. If  
10 it was a preemie, they may have felt like they didn't  
11 get the same referral as this person got. So, I mean,  
12 you're -- you're asking me from a perspective with the  
13 Health District.

14 Q. Yeah, I'm asking whether you're aware of any  
15 situation at the Health District where the Health  
16 District employees discriminated against a patient based  
17 on race?

18 MS. CHEN: Objection; asked and answered.

19 Q. (BY MR. RUSSO) And I think you're telling me  
20 you're not?

21 MS. CHEN: Objection.

22 A. I didn't say. I didn't say. I told you what I  
23 said, that the perspective -- you asked me what was the  
24 perspective of the clients that were being served, and I  
25 told you what -- how those -- how they felt.

1                   Now, I also said that they keep a list of  
2 complaints and stuff that you probably could ask them,  
3 and you would find out whether they have complaints.

4           Q. (BY MR. RUSSO) Okay. You told me about that.

5           A. Okay.

6           Q. I'm asking what you know because that's the  
7 only person --

8           A. So you're asking --

9           Q. Look, ma'am, let me finish.

10          A. Okay. Mm-hmm.

11          Q. What I'm asking you is -- you're the one here  
12 being deposed.

13          A. Okay.

14          Q. Not the Health District.

15          A. Mm-hmm.

16          Q. What do you know about whether the Health  
17 District while you were there had complaints against it  
18 for discrimination based upon race --

19                   MS. CHEN: Objection; asked and answered.

20          Q. (BY MR. RUSSO) -- if anything?

21          A. I am saying that regarding -- I can't tell the  
22 exact person that may have had a complaint, but that's  
23 not to say that they didn't have complaints.

24          Q. You're just not aware of it, if they did?

25                   MS. CHEN: Objection; misstates testimony.

1 Q. (BY MR. RUSSO) Correct?

2 A. I just told you that I worked in the part of  
3 public and community health, and I'm saying that we had  
4 various parts of the Health Department. The Health  
5 Department is a multi-facet organization. They have a  
6 medical component of the Health Department. They have a  
7 community health component of the Health Department.  
8 They have a social service component of the Health  
9 Department, social service about -- with social workers  
10 and stuff, they had at that particular time. They had  
11 dental service, whether they got -- they felt like they  
12 were getting the same type of dental care and stuff, so  
13 whether they was being referred to all the same  
14 resources. So you have a multi-branch of services that  
15 they were offered, that people could be offered at the  
16 Health District.

17 Q. And as you sit here today, you're not aware of  
18 any specific complaint that an individual didn't  
19 receive, correct, healthcare that's provided by the  
20 County Health District based upon their race?

21 A. You're saying at that particular --

22 MS. CHEN: Objection; form. Give me a  
23 second. Objection; form.

24 You may answer.

25 A. I'm saying at that particular time, the

1 patients were not given the same access to healthcare.

2 Q. (BY MR. RUSSO) By who?

3 A. You asked me that. I told the person that has  
4 the more access to give you access to healthcare would  
5 be your providers.

6 Q. And --

7 A. Okay. I'm trying to explain this to you.

8 Q. Right. But are there situations where the  
9 Galveston County Health District is deciding to provide  
10 one of their patients with less healthcare due to their  
11 race?

12 A. The Galveston County Health District still  
13 provides people with their healthcare because they have  
14 Indigent Healthcare Fund, and so they still ought to  
15 meet us on how you come in and get healthcare. If -- if  
16 you were indigent, and I don't know -- you're trying to  
17 make it a race issue. It could be low to moderate  
18 income issue also. But if you came in today to get  
19 services and you came from a private physician and  
20 you -- he told you you already had this problem, and you  
21 didn't have no money to have surgery or something done,  
22 you would have to go through the Indigent Healthcare  
23 Fund with the Health District.

24 Q. And --

25 A. And then they do a screening and stuff, and

1 then they tell you whether they're going to provide the  
2 services and stuff for you, but then you have to go back  
3 and see their people at their -- within their clinics  
4 first, and they have to determine that you need the  
5 care. So you're the person -- your physician that you  
6 went to -- and I already told you -- but then you got to  
7 go back and see some other primary care physician, and  
8 then they have to refer you to the Indigent Healthcare,  
9 and then you may get to go where you need to go.

10 Q. In your experience at the Galveston County  
11 Health District, would a White patient in that situation  
12 generally receive the same referral as a patient of --  
13 that's an African American, in your experience?

14 MS. CHEN: Objection; asked and answered.

15 Q. (BY MR. RUSSO) Would they get the same  
16 referral?

17 A. I already told you that they had barriers in  
18 the amount of services that they gave. If I came --

19 Q. But if -- stop. Wait, wait, wait.

20 A. Well, you're asking me a question.

21 Q. No, I didn't ask you anything about that.  
22 Okay? I'm not asking you about different levels of care  
23 or access to care. I'm asking about the same access to  
24 care; two individuals, same access to care.

25 A. Okay.

1 Q. One's White.

2 A. Mm-hmm.

3 Q. One's Black.

4 A. Mm-hmm.

5 Q. In your experience at the Galveston County  
6 Health District, would you expect that both of those  
7 individuals would receive the same referrals or would  
8 one receive a better referral or how did you -- what was  
9 your experience telling you?

10 A. My experience --

11 MS. CHEN: Objection; asked and answered.  
12 And please let my client finish when she's answering a  
13 question.

14 MR. RUSSO: If she answers my question.

15 A. My experience is because you asked me, if two  
16 people come and one was Black and White, if you and I  
17 came and we saw a provider and one was Black and White  
18 [sic], what I'm telling you the experience would be that  
19 you would get a different level of care, a better level  
20 of care and referrals than what I would. That's what  
21 you're asking me, and that's what I'm telling you.

22 Q. (BY MR. RUSSO) You're saying the White patient  
23 would receive a better level of care than the Black  
24 patient in your experience?

25 A. And referrals.

1 Q. Because of their race?

2 A. Because of race.

3 Q. And it had nothing to do with the level of  
4 access to care? Your experience at the Galveston County  
5 Health District is that individuals with the exact same  
6 level, only difference being --

7 A. I said -- I'd say all --

8 Q. Let me finish my question. Let me finish my  
9 question.

10 The only difference between these two  
11 individuals is one's White and one's Black. Your  
12 experience is that the Black patient gets the worse  
13 referral during your time at the Galveston Health  
14 District?

15 A. I say get the worse or no referral maybe.

16 Q. So solely based upon their race?

17 A. I would say -- you're asking me my opinion. I  
18 would say race-based.

19 Q. And what do you base that on?

20 A. What I base that on is you're -- what I base it  
21 on? If you would come in and see someone, and I may  
22 have somebody that's a patient that would be -- that  
23 have developmental defects and stuff, then I would ask  
24 them, a patient, have you been to this or have you been  
25 referred to speech therapy? Does your child go to OT

1 because he don't walk? Who redid this? Why doesn't he  
2 have this type of wheelchair? Does he have this type of  
3 bed? They would say, no, nobody ever told me that. But  
4 you been coming out here all the time. So you can tell.  
5 You would know that they didn't have the same quality of  
6 care.

7 Q. Okay. Were you ever involved in what you would  
8 sort of classify as that situation where a White patient  
9 and a Black patient, same levels of -- basically income  
10 levels and access to care, were you ever involved in a  
11 situation, yourself, of any referrals or treatment  
12 provided where a Black patient received less treatment  
13 than the White patient? Did you ever do that?

14 MS. CHEN: Objection; form.

15 A. You're asking me -- you're asking me did I ever  
16 treat people different?

17 Q. (BY MR. RUSSO) Yes.

18 A. I have already told you. No, I would not treat  
19 a patient -- I have not treated a patient different. I  
20 would treat patients with the same whatever, whatever.  
21 If I saw a patient, whatever quality of care or whatever  
22 type referral or resources that they needed, I would  
23 make those.

24 Q. But your expectation is that the other people  
25 you worked with would make a different decision based

1 upon the race of the patient?

2 MS. CHEN: Objection; form.

3 Q. (BY MR. RUSSO) Is that what you're telling me?

4 A. That's -- that's what I was just telling you.

5 Referrals and different things like that from providers  
6 are different.

7 Q. Not when you're involved, but when other people  
8 are involved potentially. Correct?

9 A. I say -- I said I could attest for myself I  
10 didn't. You asked me had it ever happened. I said I  
11 have seen different levels of care that has been given  
12 when you've seen a person, so...

13 Q. All right. But there's no individual you  
14 worked with or you could point to that actually did  
15 that, provided different levels of care to similar  
16 patients based upon their race?

17 MS. CHEN: Objection; form.

18 A. Well, you're trying -- you're asking me --  
19 you're asking me about specific names and groups of  
20 people, and I don't have those right now, those specific  
21 names and groups of people for you. But you asked me  
22 how did I feel that the care was distributed, and I'm  
23 telling you.

24 Q. (BY MR. RUSSO) You think the people you worked  
25 with did it unfairly based upon race?

1 MS. CHEN: Objection; form.

2 Q. (BY MR. RUSSO) True?

3 A. You're trying to make me make an opinion. I'm  
4 just telling you what I saw within the time that I  
5 worked at the Health District, so...

6 Q. And what you saw leads you to believe that  
7 individuals you worked with discriminated against  
8 patients based upon their race. Is that true?

9 A. First of all, you only -- you only had to see a  
10 particular group of people. You didn't get all the  
11 referrals that you need. So when you're -- if you got  
12 counsel and you needed counsel referral, you would  
13 expect to be getting those things. If you needed excess  
14 treatment in home health care and different things like  
15 that, you would expect to be getting those things. If  
16 you had an autistic child, you would expect to be  
17 getting the same level of care for an autistic child  
18 irregardless to what income level, nationality, or  
19 whatever you had.

20 Q. And I'm not -- I'm not -- I'm not in  
21 disagreement with that, but that's not what my question  
22 was.

23 A. Okay.

24 Q. My question --

25 A. Because you want me to stop up here and say,

1 well, would you name a person in particular right now?

2 Q. Yeah, I do.

3 A. And then I said --

4 Q. I want to know if there's anybody in your mind  
5 that you can point to that, while you were working at  
6 the Galveston Health District, you feel like they  
7 discriminated against someone based upon their race? I  
8 want to know that.

9 A. I said -- I said it was -- sometimes you have a  
10 whole different system of racism.

11 Q. That wasn't my question.

12 A. I know what your question is --

13 Q. My question is real sim- -- my question is  
14 very --

15 A. -- and I'm not going to an- -- I'm answering  
16 your question to the best of my effect.

17 Q. Well, this is --

18 A. I actually told you that they did not get --  
19 that they did not get the same level of care. Now, you  
20 want me to ask [sic] what specific provider that didn't  
21 give them that level of care, and I said I cannot name  
22 names in particular.

23 Q. You don't -- you don't know who it was? You  
24 don't have the name of anybody who you would claim  
25 discriminated against someone based on race --

1 MS. CHEN: Objection; form.

2 Q. (BY MR. RUSSO) -- at the Health District. Is  
3 that true?

4 A. I said that I didn't have a particular name  
5 right now at this time. I didn't say that it wasn't  
6 discriminatory practices.

7 Q. Is there some note that you could keep, journal  
8 summary that you could refer to that would provide you  
9 with that revelation here today?

10 A. No, because you just told me you couldn't get a  
11 note, a form or something that would provide you with  
12 complaints or stuff that the Health Department would  
13 have.

14 Q. I'm asking you if you --

15 A. So if you want -- if what you're asking me is  
16 that you want me to go to the Health Department, up to  
17 the county, and you want me to ask them for a list of  
18 all the complaints that they have had that have been  
19 racially involved and then come back to you at this  
20 deposition and tell you how many complaints they had  
21 because you're asking me to make a specific inference.

22 Q. I'm asking you if there's any documentation --

23 A. Well, I just told you.

24 Q. Wait, wait. Stop. Please let me finish.

25 A. Okay.

1 Q. Please.

2 I'm asking you if you have in your  
3 possession any documentation that you could refer to  
4 that would allow you to answer the question about  
5 whether you experienced racial discrimination at the  
6 Galveston Health District while you worked there?

7 MS. CHEN: Objection; form.

8 A. I don't have the document at my house because  
9 that's what you asked me.

10 Q. (BY MR. RUSSO) That's what I'm asking.

11 A. You asked me for a specific document, and I'm  
12 telling you I don't have a specific document that...

13 Q. Okay. You spent 15 years at Galveston County  
14 Health District. Correct?

15 A. Yes, I did.

16 Q. And during that time, you worked in the city of  
17 Galveston and then also Bolivar?

18 A. I say -- well, that's part of -- they consider  
19 that part of Galveston, if you work for Galveston on the  
20 island. Because at that specific time, Galveston had  
21 eight community health nurses just for the island.

22 Q. Mm-hmm.

23 A. And so -- and Bolivar was, you know, part of  
24 that area also. You had to go over there --

25 Q. Yeah.

1 A. -- to Bolivar and High Island to do care also.

2 Q. Did that seem reasonable to you to keep  
3 Galveston and Bolivar together for the purpose of the  
4 Health District?

5 A. I don't know. Maybe they considered it because  
6 it's Galveston County, but they -- I don't know if it  
7 seemed relevant to me because they had other blocks that  
8 vary and stuff. That was just what they did within the  
9 city of Galveston and closest to that Health Department  
10 because we had the Health Department at the City of  
11 Galveston, and then we had the Health Department off --  
12 the Galveston County Health District that's in  
13 La Marque. So different health departments handled  
14 different areas.

15 Q. Okay.

16 A. When I left the City of Galveston as an  
17 employee, I went to the La Marque office. Galveston  
18 County Health District is in La Marque. After those  
19 three years, I went -- I mean, after the first three  
20 years in Galveston, I went to La Marque to work at the  
21 Health District there, and so I had different -- because  
22 you were previous talking about areas that I had to  
23 service, so I had different areas at different times  
24 that I serviced at Galveston County Health District --

25 Q. Okay.

1           A. -- which those areas were -- I guess you want  
2 to know that.

3           Q. Well, let me break it down first. I'll get to  
4 that definitely.

5                     Just to clarify, though, when you were in  
6 Galveston -- what do they call it, the division or  
7 section of the Health District? What do they call these  
8 areas?

9           A. Yeah, they had -- like, the City of Galveston  
10 had their part of the Health District, which I was at  
11 third floor in City Hall.

12           Q. And that -- and you also serviced Bolivar at  
13 the same time. Correct?

14           A. Yes, they service Bolivar.

15           Q. And then there's -- there's some other separate  
16 division that deals with La Marque, and then you went --  
17 that's where you worked after three years at the Health  
18 District?

19           A. Yeah, I got transferred to the mainland part.  
20 The Health Department has different areas.

21           Q. Okay. And so then where does the La Marque  
22 division service? What areas roughly?

23           A. The La Marque division pretty much serviced the  
24 areas of Texas City, La Marque, Hitchcock, Santa Fe,  
25 Bacliff -- Bacliff, some are saying Leon -- League City,

1 Friendswood.

2 Q. So that sounds like most of the mainland?

3 A. That's the mainland, uh-huh.

4 Q. So are there any other branches of the Health  
5 District?

6 A. No, no.

7 Q. No?

8 A. They had the place in -- they had -- the city  
9 of Galveston had part, and then they had the -- in  
10 Galveston they had the health medical place on 45th  
11 Street with Galveston County.

12 Q. Is that still the same situation today as far  
13 as you're aware, where there's a Galveston office and  
14 then -- or division and a La Marque mainland?

15 A. I'm not sure. They used to have an area on  
16 40th Street, and I'm not sure if that's still there.  
17 But now they have the one in -- they still have the --  
18 where they do the Health Department over in La Marque.

19 Q. All right. And so you worked for a total of  
20 15 years at the Health District. So is it true that the  
21 first three years were in the Galveston location, and  
22 then the last 12 were at La Marque?

23 A. Well, from out of the La Marque location, and  
24 you would have different areas that you -- that you  
25 service.

1 Q. Did -- what area in the La Marque location did  
2 you serve primarily, you personally?

3 A. In the La Marque area, I had -- my district  
4 basically was -- I had Dickinson -- Dickinson and  
5 League City and Bacliff.

6 Q. Okay.

7 A. But then you would have to -- you know, you  
8 service those particular areas, but you would have  
9 clinics in other areas that you would have to go to,  
10 like Santa Fe or West County Building, different things  
11 like that.

12 Q. Mm-hmm. Do you recall any general differences  
13 between patients that you would see in the Dickinson  
14 area versus the League City area and Bacliff area? Were  
15 the patients different in any way? Were they more --  
16 let's start with demographics. Did you have more of the  
17 sort of African American bunch in certain areas and  
18 White in different areas? What would you say is the  
19 distinction between the three cities you mentioned?

20 A. Well --

21 MS. CHEN: Objection; form.

22 THE WITNESS: Huh?

23 MS. CHEN: Go ahead.

24 A. Well, the areas, when I -- I moved because I  
25 had -- my main district was Dickinson and League City.

1 Of course, I had League City and it was -- and part of  
2 Dickinson, more Anglo, Bacliff, more Anglo area. They  
3 had minorities also in Dickinson. You know, you had  
4 different various populations and stuff.

5 Q. (BY MR. RUSSO) And are the -- are the  
6 individuals that go through the -- get health coverage  
7 -- or care, healthcare, through the Galveston County  
8 Health District, are they -- is it done by the level of  
9 income or indigency or not having insurance? How does  
10 one become --

11 A. Well, they can apply for the Health District,  
12 but it -- and a lot of times it goes -- they do some  
13 income-based screening as to how they pay for care maybe  
14 through the County Indigent Healthcare Fund, but they  
15 also -- when I worked for the Health District, you have  
16 different programs. And when I came to La Marque -- in  
17 La Marque I went on state, and I worked for the  
18 department of Maternal and Child Health. So my job was  
19 to see new mothers and babies. So new mothers and  
20 babies would include anyone in that area that we had --  
21 you know, we had a newborn list. We would see the  
22 mothers and babies from there. So I would have  
23 different groups of people.

24 Q. Okay. And so if you -- if the Dickinson/League  
25 City -- parts of Dickinson and League City and Bacliff

1 had more, I guess, White patients, is it true then  
2 that -- I mean, you obviously had White patients that  
3 were needing assistance from the Galveston County Health  
4 District. Is that true?

5 A. I worked for the division of Maternal and Child  
6 Health within the Galveston County Health District, and  
7 we -- when you're in Maternal and Child Health, you see  
8 all patients irregardless to income.

9 Q. Okay.

10 A. So you just -- of course, you may have had a  
11 newborn baby, and you could have been of any income  
12 level. And if you're a newborn baby was on my list, I  
13 would have to be as your public health nurse to come out  
14 and say -- or call and say, this is Barbara Rice. I'm  
15 the public health nurse from Galveston County. You have  
16 a new baby, and I want to know if you have any questions  
17 about the care, and would you like someone to call, talk  
18 to you about well-child care and the services --

19 Q. Mm-hmm.

20 A. -- that your child will be needing. So it was  
21 more of an educational thing that, you know, they need  
22 to go in at two weeks, one month, two months, whatever,  
23 to explain to new moms and stuff what they -- what type  
24 of care that they should be having with their child.

25 Q. Yeah.

1 A. So that's irregardless to income.

2 Q. All right. And irregardless of race?

3 A. And irregardless of race and income, yes, when  
4 you're in community health. That's what I did for them.

5 Q. Okay. So did you stay in the same area? I  
6 don't know what you call them, maternity type of care.  
7 Did you stay in that same area throughout your 12 years  
8 at the Health District?

9 A. Yeah, we did because we were public health, so  
10 you did Maternal and Child Health, and you did other  
11 things like TB control. And, of course, whenever a  
12 person has TB, you have to educate them around the  
13 county within -- if they were within my area, you had TB  
14 control.

15 Q. Are you saying TB, like tuberculosis?

16 A. Tuberculosis, uh-huh, control.

17 Q. Okay.

18 A. So you had different things. You had  
19 immunizations as a part, and we had to know that  
20 immunizations are available irregardless to income and  
21 things like that. So we had -- because those are public  
22 health services.

23 Q. And is it true that you provided services and  
24 checked on people of all races in the areas that you  
25 worked in would have been White, Black patients, Latino

1 patients; you treated all of them --

2 A. Mm-hmm.

3 Q. -- in your areas. True?

4 A. Mm-hmm, yes. I was Maternal and Child Health,  
5 so -- so specific areas, you learn your different areas  
6 of your operation.

7 Q. All right. So then what did you do after you  
8 left the Galveston County Health District? Did you go  
9 to employment -- continue employment? Did you go back  
10 to school? What happened next, I guess, in your life?

11 A. You asked two different questions. Did you  
12 continue employment? Did you go to school?

13 Well, in between the time that I was at the  
14 Health Department, I went to UTMB. So I went to UTMB  
15 School of Nursing. I went to TWU School of Nursing. I  
16 got a bachelor's degree in nursing at UTMB, a nurse  
17 practitioner degree from -- from TWU, and I went from  
18 UTMB --

19 Q. Let me slow down. From UTMB you got your  
20 bachelor's in nursing?

21 A. Yes.

22 Q. All right. Okay. Do you remember basically  
23 sort of what year that was? Do you have any idea?

24 A. Let's see, '90... Okay. It might have been --  
25 let's see. I started in '88, took a break. It had to

1 be maybe after -- I finished after '90 from UTMB because  
2 I went to TWU in the middle of it. I took a leave and  
3 went to TWU.

4 Q. Okay. So at the time that you went to TWU, is  
5 that Texas Women's?

6 A. Texas Women's, mm-hmm.

7 Q. Had you not completed your courses at UTMB at  
8 the time you went to TWU or had you completed your UTMB  
9 courses?

10 A. No, I hadn't finished. I took a small leave  
11 from there and went to TWU.

12 Q. All right. And then did you eventually get a  
13 degree from TWU?

14 A. I went to their nurse practitioner school.

15 Q. Okay. Did you obtain any degree or  
16 certificate?

17 A. Yes, from TWU.

18 Q. What was it? What did you get?

19 A. I'm a pediatric nurse practitioner.

20 Q. Okay. And then did you subsequently go back to  
21 UTMB and --

22 A. I finished what I started.

23 Q. All right. And then how did you end up at  
24 University of Clear Lake -- Houston-Clear Lake?

25 A. I -- when I was working at UTMB, I started to

1 work on my master's degree, the MBA, at the U of H-Clear  
2 Lake.

3 Q. In business?

4 A. Yes.

5 Q. Did you complete that course -- those courses?

6 A. Yes.

7 Q. And you obtained a master's degree?

8 A. Yes.

9 Q. Okay. Do you have any other degrees?

10 A. No.

11 Q. How long did it take to get -- you to get your  
12 master's, your MBA? How many years?

13 A. Somewhere between a year and a half or two  
14 years.

15 Q. All right.

16 A. I can't recall the exact time, but somewhere  
17 within that time.

18 Q. Do you remember what year you got your master's  
19 degree?

20 A. I think it was maybe 2001, something like that.  
21 I just can't think about the exact dates.

22 Q. I know I'm stretching it. I appreciate you  
23 dealing with me.

24 Okay. Did -- I haven't done the math to  
25 figure out how the work and the education sort of

1 coexisted. So explain to me how -- whether you left to  
2 the Health District and went to another employment and  
3 then were you -- well, let me ask you that. Did you  
4 leave the Health District and go someplace else to work?

5 A. Yes.

6 Q. And where was that?

7 A. UTMB.

8 Q. Okay. And do you know when that happened?

9 A. I think that was in maybe '95 or '96, something  
10 like that. '94, '95 or '96, somewhere within that time  
11 range.

12 Q. Okay. And that -- were you -- I think -- what  
13 was your position at UTMB in '95?

14 A. I was the nurse manager of the pediatric  
15 outpatient department.

16 Q. Okay. How long did you do that?

17 A. I think I worked for UTMB totally for -- I  
18 worked for them, I think, 13 years, but I stayed in the  
19 pediatric outpatient department for four or five years,  
20 and then I went back and went in the department of  
21 psychiatry.

22 Q. Okay. So I'm trying to get some of the math  
23 right. You think you were with the manager of  
24 pediatric -- pediatric department until roughly '99 or  
25 so --

1 A. Yes, I think so.

2 Q. -- four years? And then you went to the  
3 department of pediatrics?

4 A. No, no.

5 Q. Department of psych- --

6 A. Department of psychiatry.

7 Q. Psychiatry.

8 A. And I was there until 2008 maybe, after Ike,  
9 when they closed the psychiatric department at UTMB.

10 Q. Okay. And then where did you go after that to  
11 work?

12 A. I worked at -- I worked at Mainland Center  
13 Hospital for a short time in 2014.

14 Q. Okay. What did you do there?

15 A. I worked in the department of psychiatry,  
16 neuropsych.

17 Q. All right. And then what -- did you stay in  
18 the psychiatry area for the duration of your time at  
19 Mainland?

20 A. Yes.

21 Q. When did you -- what point did you leave  
22 Mainland?

23 A. I worked for Mainland almost a year, and I left  
24 in 2014 to stay at home and take care of my ill mother.

25 Q. Okay. All right. Did you have any sort of

1 formal employment after that? Did you work anywhere  
2 else?

3 A. I started up -- I was trying to start up my --  
4 I did some -- started on my case management business but  
5 stopped because I had to take care of my mother. So I  
6 would just do a lot of volunteer work because I had  
7 enough...

8 Q. Okay. So then you had volunteer work. Have  
9 you done that --

10 A. Mm-hmm.

11 Q. -- pretty much up till today? Is that true?

12 A. Yes.

13 Q. All right. And I guess while we're on the  
14 topic, what -- what -- is the NAACP -- well, let me get  
15 back to that. Okay. I want to talk about this first.

16 While you were at UTMB working as a manager  
17 of the pediatric department or in the department of  
18 psychiatry, did you ever -- do you recall witnessing  
19 situations where individuals you worked with at UTMB or  
20 the people above you, supervisors, did you witness  
21 discrimination based upon race?

22 A. Yes.

23 Q. Okay. And can you tell me about that?

24 A. Well, when I was in the outpatient of --  
25 department of outpatient pediatrics, what I noticed

1 about the clients and stuff, if you were a client coming  
2 in to see a provider, they would say, well -- started  
3 off with their Medicaid clients. So if they were  
4 Medicaid clients, they felt as if they would to see --  
5 actually, see faculty [sic].

6 Q. That they needed to see what?

7 A. Faculty.

8 Q. What is that, faculty --

9 A. That's the head -- you have students at UTMB  
10 and -- -

11 Q. Oh, faculty.

12 A. Mm-hmm.

13 Q. I'm sorry. I just couldn't understand with  
14 your mask on.

15 A. Okay.

16 Q. Sorry about that.

17 So you're saying the Medi- -- people that  
18 had Medicaid coverage or Medicare coverage saw the  
19 students or saw faculty? Is that what --

20 A. Well --

21 Q. Explain that to me.

22 A. Yeah. Started off like when they made -- when  
23 they do the templates and stuff, they would more often  
24 to assign them to the students versus the faculty  
25 because they would say, oh, they just got Medicaid. And

1 we had the conversation that if you got Medicaid, then  
2 the people -- the person that actually can be on  
3 Medicaid, because I think that was a perception, would  
4 have to be the faculty. So I would say what you're  
5 telling me that these people may or may not be seeing  
6 the people that need to be billed because that creates a  
7 problem. And so now we know faculty has to -- should be  
8 seen because Medicaid has specific rules on who can or  
9 cannot see their patients, whether they be seen by a  
10 licensed physician or a nurse practitioner. At this  
11 specific time they may not have included a physician  
12 assistant, but they could have a nurse practitioner.

13 So those were some of the things because  
14 people are made to say, well, they're just Medicaid  
15 patients and they kind of group you, which shouldn't --  
16 irregardless as to what type of insurance you have, it  
17 should be equally done.

18 Q. So is that an example of discrimination based  
19 upon race or is it discrimination based upon the  
20 person's coverage?

21 A. Well, it's based on coverage, but the large  
22 amount of your coverage area would be low -- some of the  
23 lower margin income people, and they can be, you know --  
24 a lot of them would be Black and Hispanic, but they  
25 could be low income, Anglo, different things, too. But

1 it just...

2 Q. Yeah. But generally speaking, would you agree  
3 that the White Medicaid patients, whether they were  
4 getting a different level of care than people who had  
5 insurance coverage, would White patients having Medicaid  
6 coverage and Black patients having Medicaid coverage,  
7 both of them were likely to be referred to a student as  
8 you remember it?

9 A. Not necessarily. Because even with today,  
10 depending on who your provider is, I could be saying  
11 that I'm not accepting Medicaid patients. You might  
12 could walk in today and say, well, they're not accepting  
13 Medicaid patients, but I may have been a long time  
14 client of yours before you had to get on Medicaid. But  
15 then, okay, well, you may have been a private-pay person  
16 then but now you're on Medicaid, so I'm going to keep  
17 all your children, but you just told me that this group  
18 of people couldn't come because you don't accept  
19 Medicaid. So is it one or is it the other?

20 Q. Yeah. Were they -- were they -- in your -- in  
21 your experience were they referring individuals to  
22 students more often if they were minority, like African  
23 American or Latinos versus the White patients?

24 A. I just was saying -- well, the more your  
25 clientele that came in that was of a particular -- that

1 was on Medicaid was a particular racial -- mm-hmm.

2 Q. Yeah. But the -- again, the issue of the  
3 amount of care they got, from what you're telling me,  
4 was more based upon whether they're on Medicare versus  
5 something else?

6 A. And if you come in and you were on Medicare or  
7 something, you were less likely to get the same  
8 referrals.

9 Q. Okay. Again, based on Medicare is the key to  
10 your example?

11 A. Mm-hmm.

12 Q. Is that true?

13 A. And with the population. Now, you could get --  
14 you can be on Medicare, and it depends on how the care  
15 is being issued out because you can be on Medicare and  
16 you can get a whole bunch of benefits, and I can be on  
17 Medicare and maybe get none. It depends on what the  
18 provider's perception is.

19 Q. And does your -- are you aware the providers  
20 again --

21 A. It depends on how your provider is going to  
22 refer you to the resources. It goes back to resource  
23 referral.

24 Q. Okay. Can you -- can you provide me any  
25 specific example of a person that you feel like was

1 | discriminated against based on race at UTMB, a patient  
2 | that was discriminated against?

3 |       A. I would say systematic, and I can't say the  
4 | exact provider's name now. But I can tell you of an  
5 | incident because doing case management, having case  
6 | management services, the Department -- Texas Department  
7 | of Health and the Case Management Division, when they  
8 | have complaints from a client about things that they're  
9 | not getting, they have to follow up on it.

10 |       So I have been a case management provider.  
11 | So sometimes the state will call and ask that you are a  
12 | case management provider within this area, so we would  
13 | like you to follow up on a specific referral and see why  
14 | this patient -- these patients are complaining that  
15 | they're not getting the services that they need from a  
16 | particular area. And so within doing so, those  
17 | referrals, you have to go and visit the provider,  
18 | different areas where they had care, and you would have  
19 | to say that the patient is saying that they're not --  
20 | don't feel like they're getting appropriate referrals  
21 | and things that they should be getting. And you would  
22 | have to follow up on what happened, and it was just  
23 | general in particular about beds and chairs and  
24 | different things like that for a handicapped child that  
25 | had never missed an appointment but was being seen

1 | within the facilities and had outgrown all their special  
2 | needs stuff. But when the mother kept saying that no  
3 | one was making referrals for the other half, things  
4 | update. So those kind of things they'll go to the State  
5 | of Texas, the division of Medicare and Medicaid and case  
6 | management. And then you have to go and, you know, see  
7 | what happened.

8 |                   So, therefore, if a person is not getting  
9 | stuff and they're making all appointments, never missed  
10 | an appointment, and if I'm going to an occupational  
11 | therapist, if I'm going to a physical therapist, if I'm  
12 | going to a physician and I'm hanging out a chair,  
13 | somebody within that area should have been doing some  
14 | type of assessment saying I have outgrown all these  
15 | things and maybe I need to order something else.

16 |           Q. Okay. And the instance you're talking about  
17 | with the individual in a wheelchair, what color was the  
18 | individual in the wheelchair?

19 |           A. Well, this individual was a -- well, just  
20 | happened to be Black.

21 |           Q. And is it your view that the reason that he  
22 | wasn't getting the care or being treated fairly was  
23 | because of his race?

24 |           A. Well, that could be an assumption, but I'm just  
25 | saying that you're needing -- you're not missing any

1 | appointments, you're keeping all your appointments, and  
2 | you're not getting any of the things. The bed, circle  
3 | electric bed, the bed was too small; the high chair was  
4 | too small; the stroller was too small; everything that  
5 | the mother said. And they was talking about, well, that  
6 | was going to cost but the mother has insurance, and the  
7 | only person that can make those things are your  
8 | providers and the people that are actually seeing you.  
9 | So they do large -- you know, patients do have a right  
10 | to complain and ask for, you know, different things.

11 | Q. So -- but it was your assumption that the  
12 | reason that this individual didn't receive the care you  
13 | thought he needed was because of his race. Is that what  
14 | you're assuming?

15 | A. That would be an assumption because you have --  
16 | you're talking about -- I would say I would be talking  
17 | about a system because I'm seeing an occupational  
18 | therapist, you should know what I can do if you're doing  
19 | your job every day. I'm seeing a physical therapist.  
20 | I'm seeing a physician. I'm going to chronic care  
21 | clinics that have to address this. So if I'm going to  
22 | multiple things and all these things are happening, I'm  
23 | not getting something happening. You know --

24 | Q. Are there any other -- are there any other  
25 | instances you might refer me to that you believe

1 demonstrate that there's a race -- there was a racially,  
2 discriminatory action taken at UTMB while you were  
3 there?

4 A. No. It just -- you know, like I said,  
5 everything probably was just -- happened to do with --  
6 you know, it's basically basic healthcare referral, so  
7 I'm just saying people get different qualities of  
8 healthcare.

9 Q. And the reasons why they get different  
10 referrals, is it your belief that race is the reason for  
11 that?

12 A. I think race has to play a role in it.  
13 That's -- you're asking my general, all belief. I can't  
14 say exactly how you're feeling or how -- why you're not  
15 following up on referrals and stuff. But I mean, and  
16 that could go from any person that's not getting  
17 specific referrals and stuff. So I say you have some  
18 barriers in healthcare, and you have some different  
19 biases in healthcare.

20 Q. Yeah. Do you -- do you have any specific facts  
21 that let you know that those shortcomings are race-based  
22 as opposed to people just not doing their job?

23 MS. CHEN: Objection; form.

24 A. Well, I'm not thinking about the -- I can't  
25 speak to what the -- I can tell when people are not

1 | doing their jobs and they're getting referrals, but when  
2 | you have systematic certain groups of people and you  
3 | see, and they come in and they come out with different  
4 | things, they're saying, well, you don't need oxygen or  
5 | you don't need this, it can be different veteran  
6 | services that comes in. I worked in the -- you know,  
7 | are you actually referring these people over to the  
8 | actual things that they need? You can -- you can  
9 | observe differences.

10 | Q. (BY MR. RUSSO) And it's your testimony that  
11 | you believe racial discrimination occurred at UTMB  
12 | against patients while you were there?

13 | A. I'll say it within healthcare systems.

14 | Q. And based upon --

15 | A. Those are --

16 | Q. -- what?

17 | A. -- those are -- that's just -- that's just  
18 | observations to me. You're saying what I thought, so  
19 | I'm just telling you.

20 | Q. It's your belief?

21 | A. I'm telling you beliefs and actions, so that's  
22 | what I'm saying.

23 | Q. Belief in what?

24 | A. I said there was a belief, and if you refer a  
25 | certain group of people to certain things and stuff, is

1 it -- it could be racial, it could be low income, it  
2 could be anything, but everybody should be treated  
3 equally and should have equal access.

4 Q. I'm not -- I'm not disagreeing with, you know,  
5 people should be treated equally. I guess what I just  
6 need to know from you is, are you here maintaining and  
7 willing to testify under oath that you observed racial  
8 discrimination at UTMB while you were there?

9 MS. CHEN: Objection; asked and answered.

10 A. I said general policies. You asked me for some  
11 things that I may have thought. Now, I'm just saying  
12 by, you know, what I observed sometimes, what I observed  
13 there, and that's the only thing I can say. You know, I  
14 can't attest to what a person's particular reason is  
15 behind something. I'm just saying.

16 Q. (BY MR. RUSSO) Okay. Let's see. How many  
17 degrees would you say you have, just to sort of sum this  
18 whole thing up?

19 A. Like I told you, I graduated from Galveston  
20 College with an associate's degree in nursing and  
21 applied science. Those are -- kind of go with the first  
22 nursing degree.

23 Q. Mm-hmm.

24 A. I have --

25 Q. You have a bachelor's from UTMB?

1           A. -- a bachelor's degree from UTMB. I have a  
2 certificate, nurse practitioner degree from TWU, and I  
3 have a master's degree in business from the University  
4 of Houston-Clear Lake.

5           Q. Okay. All right. At what point did you become  
6 a member of the NAACP?

7           A. Right now I can't recall the exact year, but  
8 I've been a member of the NAACP for more than 30 years.

9           Q. Were you always a member of the Mainland  
10 Branch?

11          A. Yes.

12          Q. All right. Let me talk to you --

13                   MR. RUSSO: Let's do this. It's 12:20.  
14 I'm about to sort of move into a topic related to the  
15 organization itself. Do you guys to want to break and  
16 take a lunch and come back or do you want to --

17                   THE WITNESS: Yeah.

18                   MS. CHEN: If you want, we can take a  
19 break.

20                   MR. RUSSO: We can go off the record.  
21 Wait, wait, wait. Before -- and for people online,  
22 let's just -- do you need an hour? Do you want  
23 45 minutes? What do you want to do?

24                   THE WITNESS: 45 minutes.

25                   MS. CHEN: 45 minutes should be sufficient.

1 We just need to make sure we can get an order in or  
2 something.

3 MR. RUSSO: We usually get like a sandwich  
4 shop, and I've got to check and see if Kathy is still  
5 here. So you just want to get back at 1:15, which is a  
6 little bit more than 45 minutes?

7 MS. CHEN: That should be fine. Thank you.

8 MR. RUSSO: Okay. All right.

9 THE VIDEOGRAPHER: Off the record, 12:22.

10 (Recess taken.)

11 THE VIDEOGRAPHER: Going back on the  
12 record, 1:26.

13 Q. (BY MR. RUSSO) Good afternoon, Ms. Rice  
14 Anders?

15 A. Mm-hmm.

16 Q. I had a couple of follow-up questions for you  
17 on an individual basis. Are you a member of any  
18 particular political party? Such as, are you Democrat  
19 party member? Republican party member?

20 A. Are you talking about my -- am I a registered  
21 in a particular party on how you vote?

22 Q. Yes, ma'am.

23 A. Democratic.

24 Q. Are you an actual party member? Like, was  
25 there a date that you would say, I became a member of

1 the Democratic party or is it just an issue of whenever  
2 you voted you feel like you're more Democratic side of  
3 things? Hang on. Strike that.

4 Are you an official Democratic party  
5 member, and, if so, when about did that start?

6 A. I'm not understanding that question. Like, do  
7 I register to vote as Democratic in general elections or  
8 Republican? Is that what you're asking?

9 Q. Well, more specific than that, do you have any  
10 sort of specific affiliation with the Democrat party in  
11 say the state of Texas?

12 MS. CHEN: Objection; form.

13 Q. (BY MR. RUSSO) Is there any membership that  
14 you might have with the Democrat party?

15 A. Like, paid membership or something?

16 Q. Yes, ma'am. I mean, whether it's paid or  
17 otherwise.

18 A. Do I -- have I ever attended Democratic  
19 meetings or something like that? Is that what -- I  
20 don't know what you're meaning.

21 Q. I'm gathering you don't have any sort of card  
22 that says, "I'm a member of the Democrat party"?

23 A. I don't have a card.

24 Q. Okay. But you typically would -- are you --  
25 would you typically vote as a Democrat on the Democrat

1 side of the ticket?

2 A. Well, you have to register for what specific  
3 party that you're going to vote in during the election  
4 that you have to declare whether you're going to be  
5 Democrat or Republican.

6 Q. Okay.

7 A. I would say I would declare that I was in the  
8 Democratic party because you have to list -- you have to  
9 elect something.

10 Q. Have you ever elected to vote in a Republican  
11 primary, so to speak, in Texas?

12 A. The primary?

13 Q. Yes, ma'am.

14 A. Not that I can recall.

15 Q. Okay. Have you ever registered with the  
16 Republican party as a voter with the Republican party --  
17 for the Republican party?

18 A. Are you talking about -- when you say  
19 registered, are you talking about registered in the  
20 primary as a Republican voter? Is that what you're  
21 saying -- asking?

22 Q. Yes, or otherwise. Again, had any dealings  
23 with the Republican party where you, you know, become a  
24 member of that organization?

25 A. Not that I can recall, if you're talking about

1 registering for a primary or something like that within  
2 the Republican party.

3 Q. But have you historically voted for a Democrat  
4 candidate over a Republican candidate?

5 A. Historically, I voted for the candidate of my  
6 choice. So what do you mean?

7 Q. Well, has -- do you typically vote for the  
8 candidate who is running as a Democrat?

9 A. I would always say that I vote for the  
10 candidate of my choice when I got in there. So are you  
11 saying that I would never, ever vote for anybody of any  
12 other party? Or what do you mean?

13 Q. Well, we can start there. Is there any  
14 circumstance under which that you would -- strike that.

15 Is it your testimony that you would never  
16 vote for a Republican candidate?

17 MS. CHEN: Objection; form.

18 A. I would say I would vote for the candidate of  
19 my choice.

20 Q. (BY MR. RUSSO) And that might be a Republican  
21 or a Democrat maybe?

22 A. I vote for the candidate of my choice. That's  
23 the only thing I could say.

24 Q. And, historically, can you recall any such time  
25 in which you did vote for a Republican candidate?

1           A. Well, I can't exactly recall because I have to  
2 look at people's qualifications and different things  
3 like that, so...

4           Q. All right. Have you ever run for political  
5 office?

6           A. Yes.

7           Q. When did that -- when did you do that?

8           A. Wow. I can't remember the exact years. It  
9 would have been maybe in the -- I guess approximately in  
10 the '80s or something. I ran for school board. I just  
11 can't remember the exact year.

12          Q. And was that Texas City Independent --

13          A. Texas City, uh-huh, ISD.

14          Q. And that's sometime in the '80s, you think?

15          A. I think it may have been in the '80s. I just  
16 can't remember the exact time right now.

17          Q. Okay. Is that the only election you can  
18 remember running in?

19          A. What are you talking about, like local  
20 elections?

21          Q. Any elections for public office.

22          A. Oh, public office. That's usually -- you're  
23 talking about city, county, state, those type things,  
24 the school board.

25          Q. Municipalities --

1 A. Municipalities.

2 Q. -- ISDs?

3 A. Mm-hmm.

4 Q. It's the only time you can recall running?

5 A. It's when I ran for school board.

6 Q. Okay. That's the only time?

7 A. That's the only time I can recall that you're  
8 saying in the ones that you listed.

9 Q. Running for the ISD position, did you have a --  
10 did you have a Republican or Democrat side for your  
11 campaign?

12 MS. CHEN: Objection; form.

13 A. Back then I can't recall right now, but...

14 Q. (BY MR. RUSSO) Okay. Did you win?

15 A. No, I didn't.

16 Q. Who -- who was the other candidates that ran  
17 against you?

18 A. Oh, it's been so long ago now. I can't really  
19 recall their names.

20 Q. Okay. Why have you not -- why was that sort of  
21 the last time you ran for office?

22 A. Because I -- why is it the last time I ran for  
23 office? Just work and life balances and stuff. No  
24 particular reason.

25 Q. I understand. Do you have any thoughts about

1 running for office in the future, political office?

2 A. I can't say I will. I can't say I won't. You  
3 just never know how circumstances are, so I can't say  
4 either way.

5 Q. Okay. All right. So let's talk about the  
6 NAACP Mainland a little bit. We'll talk about the  
7 organization structure and sort of mission operations  
8 and that kind of thing.

9 Where from -- does the NAACP Mainland  
10 Branch have a specific area from which its members come  
11 from or have to reside?

12 A. The majority of our members -- the members from  
13 the Mainland, the people will work pretty much in the  
14 area, Texas City, La Marque, and Hitchcock.

15 Q. Is there any designation or difference within  
16 the organization between the Galveston Branch and the  
17 Dickinson Branch? And what I mean by that is could you  
18 be -- if you lived in -- if you lived in Dickinson,  
19 could you be a member of the Mainland Branch or the  
20 Dickinson Branch?

21 MS. CHEN: Objection; form.

22 A. I just -- I said they have to work a little  
23 within one of the areas.

24 Q. (BY MR. RUSSO) And there's a specific confined  
25 area, exclusive area that the NAACP Mainland Branch

1 covers. Is that accurate?

2 A. We -- the Mainland Branch covers Dickinson,  
3 Hitchcock, La Marque, and Texas City. That's the  
4 Mainland Branch areas. However, I could have a person  
5 in the Mainland Branch, could have a person -- like, I  
6 could be a Mainland Branch person, and I may have some  
7 problems in Galveston. So it may run over, but we have  
8 a Galveston Branch.

9 Q. So would you be -- could you be a member of  
10 both organizations, Galveston Branch and the Mainland  
11 Branch if you wanted to?

12 A. No. Usually, you're with one branch. If they  
13 want to go to another branch, they pretty much had  
14 changed their branch affiliation if they wanted to.

15 Q. Okay. And then so, again, you said that  
16 Mainland Branch does cover Dickinson. Does the person  
17 that lives in Dickinson --

18 A. I said Mainland is Texas City, La Marque, and  
19 Hitchcock. I'm sorry if you thought I said Dickinson.  
20 I said Texas City, La Marque, Hitchcock.

21 Q. All right. So would the Dickinson Branch be  
22 able to accept any residents of Texas City?

23 A. I said the person could live or work within  
24 that area or something. So I could be in Texas -- be a  
25 resident of Texas City, and I could join the Dickinson

1 Branch.

2 Q. If you lived and worked in that area, in the  
3 Dickinson area?

4 A. Yeah.

5 Q. Okay. And, you know, I just don't know how it  
6 works, whether it's exclusive. But it sounds like what  
7 you're telling me, if you live and work in the area  
8 covered by the branch, then you can join. Right?

9 A. Yes.

10 Q. And then what, is there a fee to join?

11 A. Well, they have different fees, and I would  
12 have to go to their bylaws and constitution that tells  
13 you all the exact fees that they have, but they have  
14 membership.

15 Q. Okay.

16 A. They have different types of membership, so...

17 Q. Are there different fee rates for the different  
18 type of membership?

19 A. They have different fee rates for different  
20 types of membership.

21 Q. How many different rates are there in the  
22 Mainland Branch?

23 A. I would have to send you to national --  
24 NAAC.org [sic] membership being because we are now with  
25 the national office.

1 Q. Okay. All right. What level are you?

2 MS. CHEN: Objection; form.

3 A. That's the type of membership I have within the  
4 branch?

5 Q. (BY MR. RUSSO) Yes, ma'am.

6 A. That would be asking things that I think would  
7 be private to the NAACP members.

8 Q. Okay. But do different levels entitle you to  
9 different sort of benefits?

10 A. No.

11 Q. So is the -- is the distinction between the  
12 level of membership just an issue of monetary  
13 contribution?

14 A. I have to --

15 MS. CHEN: Objection; form.

16 A. -- send you to the national organization for  
17 their rules and regulations on membership.

18 Q. (BY MR. RUSSO) Okay. But as you sit here  
19 today, you can't -- you don't know what those are?

20 A. I said it's a bunch of different types of  
21 membership and the exact cost and money. I would send  
22 you to the membership department.

23 Q. On the fees are they charged on an annual  
24 basis?

25 A. Different fees are charged different rates.

1 Different -- I mean, they're not always annual.

2 Different fees may have different things.

3 Q. All right. And why is that, do you know?

4 A. You'd have to ask the national membership  
5 office.

6 Q. Okay. All right. As you sit here, what's  
7 the -- what's the goal of the NAACP Mainland Branch?  
8 What's its function? Why is it there?

9 A. It's to help with the educational, social,  
10 economical, and political, and areas of our population,  
11 and to really advocate against any type of  
12 discrimination in all people.

13 Q. Okay. And how does it -- how does the Mainland  
14 Branch accomplish those goals?

15 A. How does the Mainland Branch --

16 Q. Yes, ma'am.

17 A. -- accomplish those goals? Well, because we  
18 have advocacy and we have committees that address things  
19 like education. They're out in the community to see how  
20 education impacts their community, how economic  
21 development, workforce development and stuff impacts  
22 their community, and to be able to educate members of  
23 their community about different opportunities.

24 Q. Is there -- are there different sort of  
25 committees set up within the Mainland Branch to do

1 different things?

2 A. They have committees according to the national  
3 branch. We have committees on housing that deals  
4 with -- so they can find out information about housing  
5 and housing issues within the community. We have  
6 someone that's -- would be with school to find out about  
7 education of school. We have someone with workforce  
8 development that would work with that. You would want  
9 to have labor and industry that has to do with economic  
10 growth of the area and how it relates to jobs and labor,  
11 labor readiness and stuff. You'd have -- you would have  
12 healthcare as a major policy, and healthcare would come  
13 with how your environment is impacted about different  
14 various aspects of health and to -- you want to try to  
15 improve the overall health of the people within your  
16 community.

17 Q. Okay. And so are you sort of a member or head  
18 of any of those specific committees?

19 A. Well, as a president you have -- you're  
20 getting -- you know, actually kind of be a chair or  
21 access to all different aspects of different committees  
22 and input on the different things that -- you know,  
23 regarding those specific things.

24 Q. What -- what -- what year did you become the  
25 president of the Mainland Branch?

1 A. I think in 2018. 2017, 2018 thereabout.

2 Q. And was the prior president Dottie Jones?

3 A. No.

4 Q. Who was -- who was the president before you?

5 A. It was -- I think it was Mr. Harper. I can't  
6 think of his last [sic] name and -- and Cunningham.

7 Q. And do you know why --

8 A. And then --

9 Q. I'm sorry. Go ahead?

10 A. And then you would -- Dottie Jones would have  
11 been prior to those people.

12 Q. Do you know why Mr. -- Mr. Cunningham, your  
13 immediate predecessor, he was there before -- right  
14 before you as president?

15 A. No. I think it was Mr. Harper.

16 Q. And do you know why he stopped being president?

17 A. I can't speculate on why a person stops or  
18 started their presidency.

19 Q. You didn't have any conversations with him  
20 about that issue?

21 A. No. I can't say why he...

22 Q. Do you know how many members Mainland has, the  
23 Mainland Branch has?

24 A. I would -- how many members we have?

25 Q. Yes, ma'am.

1           A. I don't have exact membership rosters, but I  
2 know we would have more than 50.

3           Q. Okay. Is that about average what the  
4 membership has been since you've been president?

5           A. I didn't say that was average of what it's  
6 been. I said that we would have more than 50.

7           Q. Okay. And you have more than 50. Again, is  
8 that -- that's pretty consistent?

9           A. Well, it's -- you would have more than 50.

10          Q. The -- do you know anything about the racial  
11 makeup of the membership? The demographic makeup, is  
12 what I should say?

13          A. Well, membership is open to all races.

14          Q. Right. But do you have any idea -- do you have  
15 a notion as to what percentage you think might be  
16 African American versus Latino versus White members?

17          A. I can't tell you the exact racial makeup.

18          Q. You cannot?

19          A. Because I don't have the membership list or  
20 roster to say so.

21          Q. Okay. Are there -- are there African American  
22 members?

23          A. Are there African -- I'm a member; I'm African  
24 American.

25          Q. Okay. So we know that much. What about Latino

1 members?

2 A. You're asking me about specific membership  
3 rosters and stuff like that and names of something, and  
4 I don't have that right here.

5 Q. Okay. Are you aware whether any of your  
6 members identify as Latino?

7 A. So you're asking me about specific memberships  
8 within the thing. I would say we have a variety of  
9 members because it's open to everyone.

10 Q. So do you believe you have members who identify  
11 as Latino?

12 A. I believe that we have memberships from various  
13 races.

14 Q. Including Latinos?

15 A. Including Latino? I'm -- we have memberships  
16 from very different races.

17 Q. Right. But, again, do you know whether there  
18 are Latino members as -- that are members of the  
19 Mainland Branch?

20 A. The NAACP memberships are protected  
21 memberships, so I would say that.

22 Q. Well, I'm not asking about a specific member or  
23 any of his personal or her personal information. I'm  
24 just asking.

25 A. I was just saying we have members from

1 different races and...

2 Q. I get that. My question is a little more  
3 specific than that.

4 Can you tell me, based upon your knowledge,  
5 whether you have Latino members in the Mainland Branch?

6 A. I can tell you that we have members from  
7 different nationalities. Now, different nationalities I  
8 can -- are you making me say an assumption of that  
9 because I happen to know what a person identifies as?

10 Q. Well, again, I have to suggest that either you  
11 do know that there's a Latino member or you don't. And  
12 I'm fine either way. If you don't know that you have a  
13 Latino member, that's okay with me.

14 A. I just said that I -- that I don't have all the  
15 specific membership rosters. So you want me to tell you  
16 whether I do or do not have Latino members and stuff?  
17 Then I would have to know --

18 Q. Whether you know. I'm asking whether you know.  
19 Do you have the information enough to provide to me as  
20 to whether the Mainland Branch has any Latino members?

21 A. Well, I just know we have a vast variety of  
22 memberships within the Mainland Branch.

23 Q. Okay. And do you have the information within  
24 your personal knowledge about the nationalities of -- or  
25 the racial identity of any of those members, other than

1 your own?

2 A. So -- so what you're asking me is you want me  
3 to identify all my members and tell you what their  
4 nationalities are?

5 Q. No, no, no.

6 A. I -- I -- I --

7 Q. That's not what I asked.

8 A. But that's --

9 Q. That's not what I asked.

10 A. I'm just trying to get clearance.

11 Q. I'm trying to provide you clearance.

12 A. Okay.

13 Q. I don't -- I don't -- I'm not asking you to  
14 name every member. I'm not asking you to name which one  
15 is the --

16 A. I just told you we have a variety of members  
17 and a variety of different types of members within  
18 our...

19 Q. And that's great. That would be an answer to  
20 the question of do you have members of all different  
21 nationalities, to which I assume you'd say yes. My  
22 question is different than that.

23 Based upon what you have in your knowledge  
24 sitting here right now, do you know whether the Mainland  
25 Branch has a member that identifies as Latino?

1           A. So -- so you want me, as the president, to ask  
2 everybody what they identify as?

3           Q. No, ma'am. I'm asking you what you have --  
4 what knowledge you have right now of that question.

5           A. Well, the only thing I can say is you can ask  
6 national membership if they'll -- if they have --  
7 because we have a national membership, if they can tell  
8 you a breakdown on every person that we have, and  
9 they'll say that's protected --

10          Q. Is it fair --

11          A. -- information.

12          Q. -- to say -- I'm sorry. Is it fair to say you  
13 don't know if you have any Latino -- any members that  
14 identify as Latino? Is that fair?

15          A. It's fair to say that I said we have a variety  
16 of members from different ethnicity groups. That's  
17 exactly what I said, so...

18          Q. We're going to be here all day --

19          A. Okay.

20          Q. -- if you absolutely refuse to answer my  
21 question. It is an extremely simple question, and it's  
22 not tricky.

23          A. I know it's not tricky.

24          Q. There's no tricks.

25          A. I just told you we've got people from different

1 areas.

2 Q. I'm asking about Latino members specifically.  
3 Do you know whether you have any Latino members? That's  
4 what I'm asking you.

5 MS. CHEN: And I'll object to form, and  
6 she's not refusing to answer your question.

7 MR. RUSSO: She absolutely is. Absolutely,  
8 she is.

9 Q. (BY MR. RUSSO) It's a very simple question.  
10 Do you know whether you have Latino members in the  
11 Mainland Branch?

12 THE WITNESS: So I'm not objecting to  
13 answer his thing because national memberships and stuff  
14 go to national and stuff.

15 A. And for me to tell you exactly at this point in  
16 time what percentage of who I have as a member in my  
17 group, I just can say we have a variety of members in  
18 our group that may be from all races, Anglo, Latino,  
19 different races. I just said that.

20 Q. (BY MR. RUSSO) But do you know whether any of  
21 those people identify as Latino?

22 MS. CHEN: Objection; asked and answered.

23 A. I just asked [sic] and answered you. I said  
24 that we would have to get that because you're asking me  
25 at a specific time and stuff, that do I know exactly if

1 we have Latinos or what we have right now. I would have  
2 to have a membership list here, and tell you that we got  
3 this many people and they're Latino in here.

4 Q. Ma'am, I'm not asking you about what your list  
5 actually looks like. I'm asking you what you know.  
6 What do you know about your membership? And, again, if  
7 you don't know of any members that are Latino, then just  
8 tell me that, I don't know of any or I don't know if we  
9 have any. But you won't -- I mean, again, it's a pretty  
10 simple question.

11 A. Yeah, but you're saying I don't know if we have  
12 any. I don't know if we don't have any.

13 Q. So you don't know either way. Right?

14 MS. CHEN: Objection; form.

15 A. I just told you you can have -- actually  
16 request a copy of the membership and a breakdown in the  
17 membership from the national office.

18 Q. (BY MR. RUSSO) I'm not asking about national  
19 membership. I mean, we're getting to a point --

20 A. Well, the national has membership roles for  
21 every unit, and if they want to give you a breakdown on  
22 how many of each race we have --

23 Q. This is absolutely absurd. I mean, we're  
24 getting to a point we have to go to the judge to get the  
25 most simple and basic question answered, and I don't

1 want to do that and waste everybody's time. It's very  
2 simple. If you don't know whether you have any Latino  
3 members in the Mainland Branch, then just tell me that  
4 and we can move on. Now, you've told me four times I  
5 could go to the national people and find that out.

6 A. Yeah.

7 Q. But I'm not asking what the national knows.  
8 I'm asking what you know.

9 A. So I'm answering this person because within  
10 this unit you can register online. You don't have to  
11 come by. You can register online. I don't know who all  
12 registers online. So you're asking me a specific  
13 question that you can sit right here and register online  
14 today and say, do you have Latino members and stuff?  
15 They may say I want to be a part of the Mainland Branch.

16 Q. And do you know whether that's happened?

17 A. Well, I know people register online every day.

18 Q. Do you know what people are registering online  
19 as Latino for the Mainland Branch?

20 A. I don't get the -- I don't get the ethnicity  
21 breakdown of what they are. They're registered with the  
22 Mainland Branch.

23 Q. So you don't know of any -- by virtue of  
24 attending meetings or otherwise, don't know of any  
25 people that are in the Mainland Branch that are of

1 Latino identity?

2 MS. CHEN: Objection; form.

3 A. So now you're asking me to say something about  
4 the specific group of people that come that may be  
5 within my group? Is that what you're asking me?

6 Q. (BY MR. RUSSO) No, ma'am.

7 A. Okay.

8 Q. I'm asking whether -- have you talked to any of  
9 the members of the Mainland Branch who have told you, I  
10 identify as a Latino?

11 A. I didn't know if we had a conversation about --  
12 with members or anything, if we ask them about what do  
13 you identify as.

14 Q. So the answer is no?

15 A. I said I didn't ask them what they identify as.

16 Q. So the answer is no, you never had a  
17 conversation with anyone who said, I identify as Latino,  
18 and I'm a member of Mainland?

19 A. When people come up, they don't usually just  
20 tell me, I identify as Latino or nothing.

21 Q. So, again, no, you've never had that kind of  
22 conversation?

23 MS. CHEN: Objection; form.

24 A. I never said I never had that conversation. I  
25 said if you want to ask me something, and you just said

1 do you think that we have Latino, Anglo, different  
2 things. I told you -- I think that I told you the true  
3 answer that we have --

4 Q. (BY MR. RUSSO) I have to tell you --

5 A. -- specific.

6 Q. -- you're one of the -- probably the most  
7 noncommittal witnesses I've ever had the pleasure of  
8 deposing.

9 A. But I'm answering your questions.

10 Q. No, you're not.

11 A. You asked me something directly. You want me  
12 to tell you what you think I need to be saying.

13 Q. No.

14 A. I'm saying --

15 Q. Again, it's a very simple question. Do you  
16 know anything -- do you know whether you have any  
17 members in the Mainland Branch that identify as White?

18 A. We have people of all races, and as I say,  
19 people online and they may not necessarily say what they  
20 are. That's why you have private membership roles.

21 Q. You don't know the answer to that question  
22 either?

23 A. Because you can register online if you have  
24 private membership roles.

25 Q. You don't have that information with you today?

1           A. So I don't have -- what you're asking me is do  
2 I have a roster? Do I have a roster here? Does my  
3 roster tell me the specific racial breakdown of  
4 everybody that's in it?

5           Q. As far as I know, and the record will bear this  
6 out, I haven't mentioned a thing about a roster.

7           A. Well, I'm just saying you want me to know.

8           Q. Well, I do. Because you know why? You came to  
9 this deposition --

10          A. Mm-hmm.

11          Q. -- being the person with the most knowledge of  
12 what the NAACP --

13          A. Okay. When we --

14          Q. Let me finish.

15          A. Okay.

16          Q. -- Mainland Branch knows about these topics.

17          A. Mm-hmm.

18          Q. And I can't get you to even answer the question  
19 of whether you know you have any Latino members or White  
20 members. Again, I'm putting aside what the organization  
21 knows. I'm just asking you as an individual.

22          A. Okay. And I just told you as an individual, I  
23 don't get the specific list.

24          Q. So the answer to my question is what?

25          A. That I don't have the specific list that I can

1 go down and say this is my member; this is -- this  
2 member is White or Anglo. This is my member; this  
3 member is Chinese. This is my member; this member is  
4 Latino.

5 Q. Okay. So --

6 A. I say we have different members from various  
7 background. We don't discriminate against any type of  
8 background or racial thing, so they can be of any  
9 race --

10 Q. Okay.

11 A. -- and be a part of it.

12 Q. We've established that there are many different  
13 races in the branch, but we don't know whether there is  
14 a Latino member and/or a White member. Correct?

15 MS. CHEN: Objection; form.

16 A. I didn't say that. I said that a lot of  
17 members register online, and we don't ask them when they  
18 get in the membership roles and stuff exactly what they  
19 are.

20 Q. (BY MR. RUSSO) Okay. All right. Have it the  
21 way you want it.

22 Do you all work with members of the LULAC  
23 organization?

24 A. Yeah, I have worked with the members of LULAC.

25 Q. Do you work closely with the LULAC

1 organization?

2 MS. CHEN: Objection; form.

3 A. I work with the -- I have worked with a member  
4 of LULAC before.

5 Q. (BY MR. RUSSO) On what project?

6 A. On economics, small business, administrative,  
7 things like that.

8 Q. Anything else?

9 A. Well, lately just economics and stuff like  
10 that, and then discussing different issues and stuff  
11 regarding housing and things like that.

12 Q. Is it your understanding that the LULAC  
13 organization is geared towards the sort of, I guess,  
14 advancement or seeking equality of Latino -- Latino  
15 membership?

16 A. I'm sure that LULAC -- because I don't have  
17 their exact mission statement, but I would assume that  
18 they're on equality and equal rights and equal access  
19 and things and their rights.

20 Q. Yeah. So you don't know whether their mission  
21 statement is geared towards the sort of advancement of  
22 the Latino -- Latino population?

23 A. Well, I'm sure that may -- would be their core  
24 mission, but I don't have their exact mission statement  
25 right here. But if you have a copy of that, I would be

1 more than happy to read it to you.

2 Q. Okay. We can do that in a minute.

3 Have you ever had a situation where the  
4 interest of the NAACP member and the LULAC membership in  
5 Galveston County have diverged, they're different?

6 A. What do you mean?

7 Q. What I mean is have you ever seen a situation  
8 where the two organizations have competing interests?

9 A. Have I personally seen that we have competing  
10 interest? I haven't had an issue with having things  
11 being competed interests that I know of now. I can't  
12 say that that's totally true because you have to know  
13 their mission, what their mission statements and what  
14 their core focuses are.

15 Q. Is it your testimony that the NAACP nat- --  
16 Mainland and the LULAC organization in Galveston are  
17 aligned in every way in their goals?

18 MS. CHEN: Objection; form.

19 A. I can't make that decision on that they are  
20 aligned in everything and stuff. You're asking me  
21 something about a specific different organization, and  
22 you're asking me to make inference to some other  
23 organization.

24 Q. (BY MR. RUSSO) Are you aware of any  
25 advertising or marketing undertaken by the NAACP

1 membership specifically geared toward the Latino  
2 population?

3 A. What do you mean? Does --

4 Q. Does the NAACP Mainland Branch have advertising  
5 or marketing efforts that are geared, focused on driving  
6 up membership of Latino -- Latinos in Galveston County?

7 A. Well, the NAACP core mission is to help -- is  
8 to be inclusive. We're an inclusive organization. And  
9 so we put out -- if you go to the national web page, you  
10 would see all the -- some of the missions and policies  
11 and activity that has to do with inclusion; and so we're  
12 an inclusive organization.

13 Q. Okay. Sorry, I thought you were done.

14 Does the Mainland Branch do any of its own  
15 advertising and marketing to drive up membership?

16 A. What do you mean? Different, like, membership  
17 drives or something like that?

18 Q. That could be an example, yes.

19 A. Well --

20 Q. Yes.

21 A. We encourage people, you know, to join and  
22 stuff when we're out in the public and stuff so that  
23 people that join know that we're an inclusive  
24 organization. But we -- usually when you're doing any  
25 type of literature or putting out something, those

1 things are copyrighted through national. You have  
2 national membership goals, literature, and different --  
3 even the pamphlets that's made to join. That's all  
4 through national, trademarked through national, so...

5 Q. Sorry, I thought you were done. Is it true  
6 that the literature that you might distribute would come  
7 from the national organization related to the membership  
8 drives?

9 A. Yeah. All the stuff would come, and national  
10 sends out a lot of things on membership.

11 Q. Does the national send it out directly or does  
12 the Mainland Branch send it to its particular members?

13 MS. CHEN: Objection to form.

14 A. The things that are sent out, the membership  
15 pamphlets and stuff that are made are made by national.

16 Q. (BY MR. RUSSO) Do they actually -- does  
17 national actually send it out or mail it out or  
18 distribute it or is it distributed through the Mainland  
19 Branch?

20 A. The Mainland Branch -- if the Mainland Branch  
21 needed some membership flier and stuff, those pamphlets  
22 would come from -- through the national.

23 Q. And the Mainland Branch would distribute it?

24 A. Yes, it would come from national because  
25 national has their copyrighted stuff.

1 Q. And is that done through e-mail usually? How  
2 is it distributed to the public?

3 A. The national office has e-mails and different  
4 stuff like that. In the public, if we was in public and  
5 stuff, if I had something here on my desk and I had a  
6 sign or something, it would be national -- things from  
7 national. We have a publications division.

8 Q. Of national or of the Mainland Branch?

9 A. I just told you national. We have -- we have  
10 things that are copyrighted through national, and we  
11 have -- ordering things where you would order things  
12 from national.

13 Q. All right. But then how does it get to the  
14 members? How does the pamphlet or whatever advertising  
15 material you're getting from national, how does it get  
16 to the public in Galveston County, so to speak? Who  
17 distributes it?

18 MS. CHEN: Objection; form.

19 A. Like, if I was somewhere and it was at a  
20 conference or a table or something, just like the  
21 Red Cross and everything else that have things that are  
22 national that only put out Red Cross badges, pamphlets  
23 and stuff, or Salvation Army have stuff that's only  
24 Salvation Army, the NAACP would have stuff and that  
25 would come there and you would have your specific thing

1 set up like that.

2 Q. (BY MR. RUSSO) Okay. And so --

3 A. So the same general way that other national  
4 organizations would have things that they send down from  
5 national headquarters to all of their affiliated  
6 offices.

7 Q. And so does -- when is the last time that the  
8 Mainland Branch had a member drive?

9 A. A membership drive?

10 Q. Yes, ma'am.

11 A. Well, membership drives now, we've been -- I  
12 can't say the exact date that we've had our last  
13 membership drive, but memberships, sometimes people  
14 request memberships or if you had an activity, I think  
15 maybe -- I can't say. Maybe -- I can't say the exact  
16 date it was.

17 Q. Has it been since you were president?

18 A. Yes, of course. We're out in the public and  
19 stuff, and it may be at an event or something you have a  
20 table, and then they'll have pamphlets for members for  
21 member drives and stuff that. You would have pamphlets  
22 and stuff out there. But the organization is a  
23 well-known organization, and a lot of people sign up  
24 because they know what the organization is, and they  
25 sign up their things online.

1 Q. And you don't remember where or when the last  
2 drive was for the Mainland Branch, that was conducted by  
3 the Mainland Branch?

4 A. Well, we've been in COVID and stuff like that.  
5 So being out in public, whenever we're out, we always  
6 have a table. We was out -- if we have something in the  
7 public, we always bring in NAACP pamphlets and stuff if  
8 it's at a Juneteenth organization, if it's at any  
9 specific event.

10 Q. Have you had distribution pamphlets at a  
11 Juneteenth celebration since COVID started in 2020?

12 A. We've had other drives that we've had pamphlets  
13 out at, but not a lot because we've not done a whole lot  
14 of drives because of contact.

15 Q. Do you -- does -- does the Mainland Branch have  
16 pamphlets that are in Spanish?

17 A. They would have -- I would have to see English  
18 and Spanish. Most of them I have is English.

19 Q. Most of the ones you've seen are in English?

20 A. But we have a publication department that puts  
21 things in different languages.

22 Q. So do you recall distributing either pamphlet  
23 or membership drive material that is in Spanish on  
24 behalf of the NAACP Mainland Branch?

25 A. I can't recall that right now. I can't recall

1 the last thing because various people within the branch  
2 do membership and you have a membership department and  
3 they're distributing out there pamphlets at different  
4 times when they do their membership drive because you  
5 have a membership committee, so...

6 Q. Do y'all have any membership material or --  
7 well, let me just ask the question.

8 Do you have any membership material that  
9 you -- that is geared towards gaining membership of  
10 White members of the public?

11 A. We're non- -- we're not biased. Anyone that  
12 comes and wants to join or anybody that want to join  
13 online can join. Because if you read the historic  
14 history, NAACP was started by a lot of Whites and it was  
15 inclusive. So you can go to our website and read the  
16 fundamental history, and see how the organization  
17 started as a very diverse and inclusive organization,  
18 and we continue to have that same policy and goal right  
19 now.

20 Q. Right. But my question was a little more  
21 directed.

22 Do you recall, in the time that you've been  
23 president, having and distributing advertising  
24 membership drive types of material that's specifically  
25 geared towards the White population?

1           A. When we have a membership drive, we don't  
2 discriminate, any population that comes.

3           Q. Okay.

4           A. At any venue, at anything we do, and anywhere I  
5 am, we don't discriminate as to what population or where  
6 we are. If I'm in all -- all Anglo area and I'm NAACP,  
7 I'm going to let them know this NAACP, this is the  
8 table, it's going to be information out there, and we  
9 don't -- we like equality for all.

10          Q. Do you recall doing any membership -- well, let  
11 me strike that question.

12                         Do you just do membership drives within the  
13 areas in which your branch should be signing up members,  
14 and in this case it would be Texas City, Bacliff, and  
15 Hitchcock?

16                         MS. CHEN: Objection; form. Misstates  
17 prior testimony.

18           A. I'm not understanding that question.

19           Q. (BY MR. RUSSO) Okay.

20           A. However, I'm thinking that you're asking me  
21 would I only distribute NAACP information in the area  
22 that I serve. Is that correct?

23           Q. Yes, ma'am, on behalf of the -- on behalf of  
24 the Mainland Branch.

25           A. Okay. Since we're a national organization and

1 stuff, irregardless to where I am, that literature can  
2 be taken out, and they would join with your [sic]  
3 ZIP Code. They would route you to the branch that's in  
4 your location.

5 Q. Okay.

6 A. So...

7 Q. And in that situation -- well, strike that.

8 Let me do it this way.

9 Has the Mainland Branch ever conducted  
10 membership drives in person outside of the areas that  
11 the Mainland Branch covers, which I think you told me is  
12 Texas City, Santa Fe, Bacliff?

13 A. I said Texas City, La Marque, and Hitchcock.

14 Q. Okay. Texas City, La Marque, and Hitchcock.

15 A. You're getting that mixed up with places I've  
16 worked in the past.

17 Q. I think you're right.

18 A. Mm-hmm.

19 Q. But -- so has the Mainland Branch ever  
20 physically set in any of these other locations city-wise  
21 and distributed membership drive type of material?

22 A. Are you talking about setting up a booth  
23 specifically to do a membership drive?

24 Q. Yes, ma'am.

25 A. Because anywhere I go, if it's a person that

1 wants to be a member, I don't care from working  
2 somewhere and they ask something and they come by and  
3 they see the table and see the sign, anywhere I'm going  
4 and I'm doing something and they have an NAACP logo or  
5 table there, then that information would be given to  
6 them, and they would be able to find their place that  
7 they would go to.

8 Q. Okay. Have you ever conducted a membership  
9 drive in League City?

10 A. You're asking me specifically?

11 Q. The NAACP Mainland Branch.

12 A. No. I would think it would be Dickinson,  
13 League City. But, however, I can't say that if I was  
14 out there and if I had a table out in League City or in  
15 a park in League City, if I was out there and I was as  
16 an NAACP representative, I would have literature there,  
17 of course, that people could get if it was in League  
18 City, and I would tell them that their district would be  
19 the Dickinson Bay Area Chapter.

20 Q. Okay. But as of now, you don't recall the  
21 Mainland Branch conducting a membership drive in  
22 League City?

23 A. You're saying specific membership drive. I'm  
24 saying everywhere I go, if I have something, and  
25 somebody want to be a member, they're going to get

1 something if they ask about it.

2 Q. Do you typically carry around pamphlets and  
3 membership drive material with you wherever you go?

4 A. Sometimes depending on a requirement or  
5 something, I may have a membership -- or if I tell him  
6 right now to go to NAACP.org, and they can do their  
7 membership online.

8 Q. Is that the more likely scenario, that you can  
9 direct them to the website rather than actually hand  
10 them material?

11 A. Well, we have a new generation that's young,  
12 and they do a lot of stuff. So sometimes I go there,  
13 sometimes I have literature, a lot more than a lot. I  
14 have literature that I can give out a person, of course.

15 Q. Okay. Did -- so let's turn and talk about the  
16 lawsuit a little bit.

17 Which -- what's the Mainland Branch's  
18 understanding of what the suit is about that we're here  
19 on today?

20 A. My understanding about the suit is the  
21 redrawing of lines, the voting commissioner precinct  
22 lines. Redistricting.

23 Q. Okay. And what -- what's the -- what injuries  
24 has the Mainland Branch claims it suffered?

25 A. I'm saying people within the district in the

1 Mainland Branch have suffered because the lines have  
2 been drawn with the maps and stuff. The maps that was  
3 approved, the lines have been drawn that has cut those  
4 voting-specific precincts into three or four parts.

5 Q. And is there any difference between the injury  
6 that you're saying was suffered by the Mainland Branch  
7 membership, is there any difference between that injury  
8 for people who aren't members of the Mainland Branch who  
9 may also be minorities in the old Precinct 3?

10 MS. CHEN: Objection; calls for a legal  
11 conclusion.

12 A. The lines were drawn in a way that cut up the  
13 districts of Black and Latino votes that had a more  
14 majority population. They were cut and split into three  
15 or four different parts.

16 Q. And in terms of -- I'm sorry. Go ahead.

17 A. And by that, the candidates cannot select a  
18 candidate of their choice.

19 Q. Yeah, and I guess the wrong that you're saying  
20 was committed, wouldn't that wrong be the same and  
21 suffered the same by a person who is not a member of the  
22 NAACP Mainland Branch --

23 MS. CHEN: Objection; form.

24 Q. (BY MR. RUSSO) -- as a person who is a member  
25 of the Mainland Branch? Aren't they both suffering the

1 same --

2 MS. CHEN: Objection; form.

3 Q. (BY MR. RUSSO) -- if at all?

4 MS. CHEN: Calls for a legal conclusion.

5 A. I know that people in my branch have suffered  
6 those things, and minorities within that community that  
7 may or may not be in my branch have probably suffered  
8 the same things because the lines were redrawn. So if  
9 you live in the area, those lines were redrawn.

10 Q. (BY MR. RUSSO) Right. And that's true  
11 regardless of whether you're a Mainland Branch member or  
12 not. Right?

13 A. Well, that's why you probably may have some  
14 individuals that may have complaints, that may have  
15 filed complaint against the drawing of the maps --

16 Q. Right. And then --

17 A. -- because they may or may not be members, I  
18 don't know, but...

19 Q. So what is it --

20 A. So we're -- we're worried about the political  
21 implication for all the different people within that  
22 area.

23 Q. And what's -- what's the sort of best case  
24 scenario for the NAACP Mainland Branch? What do you  
25 expect -- if you could write your own order in this

1 case, what would you want the court to give you in  
2 relief?

3 MS. CHEN: Objection; form.

4 A. Well, I would just expect for it to be -- the  
5 maps to have been a fair process.

6 Q. (BY MR. RUSSO) And is there a particular map  
7 in your mind that meets that, those qualifications?

8 A. I'm not an expert map drawer, but I'm sure that  
9 they could have come up with some kind of way as to not  
10 dilute the voting population of certain minority groups,  
11 so...

12 Q. All right. Is it your belief that the county  
13 should just revert back to the precincts as they existed  
14 prior to the vote in November of 2021?

15 MS. CHEN: Objection; form.

16 A. I'm not an expert map drawer. I didn't draw  
17 the maps, but I think that they -- that the maps should  
18 be where people would have an opportunity to elect  
19 candidates of their choice.

20 Q. (BY MR. RUSSO) So if I wanted to know what the  
21 NAACP Mainland Branch's view of that relief should look  
22 like, should I just look at the expert reports in this  
23 case?

24 A. I think to look at the expert report, I don't  
25 know who drew the maps, but I'm sure the county --

1 whoever the county thought was an expert drew the maps  
2 that they drew, and they drew the maps that they drew  
3 racially biased because they drew the lines so that they  
4 affected a certain group of people.

5 Q. Yeah. And what I'm --

6 A. So I don't understand what you're talking  
7 about, but I'm not the expert map drawer right here.  
8 But I think they should have had some things that was  
9 open and trans- -- a little more open and transparent  
10 with information on it so we could have seen the way  
11 some of these things were being done.

12 Q. Yeah, and that's where I'm headed with this. I  
13 just want to know whether -- whether the NAACP Mainland  
14 Branch has any view of what the maps should look like,  
15 separate and apart from what your experts have said the  
16 maps should look like in this case.

17 A. So what you're asking me if the Mainland Branch  
18 NAACP had sat down and collected or drawn maps that they  
19 thought was appropriate? Is that what you're asking me?

20 Q. Yes, ma'am.

21 A. We hadn't. We hadn't sat down and drawn no  
22 maps which we think was appropriate, if that's what  
23 you're trying to get me to say. No, we have not. But  
24 we have common knowledge that maps and when you  
25 redistrict and redraw, they should be fair to the

1 constituents that you're serving.

2 Q. So do you have any knowledge as to how the  
3 NAACP Mainland Branch became a part of this lawsuit?

4 A. How we became a part of the lawsuit?

5 Q. Yes, ma'am.

6 A. Because we looked at the maps and saw that. In  
7 looking at the missions and goals of the NAACP as for  
8 equality and different things like that, that these maps  
9 were not fair. And when you have maps that are cut up  
10 like -- cut and knock out certain groups of people, you  
11 have other specific things that go along with that  
12 because it could bring up things with housing. It could  
13 bring up harm with housing, education, and different  
14 things. If you're not able to elect candidates  
15 sometimes of your choice, then other resources go other  
16 places, too. So the NAACP sees that these maps have  
17 some potential harm.

18 Q. And so how did it -- how did it come to be that  
19 the NAACP Mainland Branch was actually a plaintiff in  
20 this case? Do you recall who first approached the  
21 branch?

22 MS. CHEN: Objection; form.

23 Q. (BY MR. RUSSO) About being a plaintiff in the  
24 case?

25 A. The NAACP is a plaintiff in this case because

1 | they have standing because we have members that were  
2 | hurt after these maps were drawn like that. So what are  
3 | you asking me or what are you trying to say?

4 | Q. So I'm trying to figure out how it came to be  
5 | factually that --

6 | A. That's why -- that's why we're a plaintiff in  
7 | this.

8 | Q. How did you become a plaintiff? Did you  
9 | approach counsel? Did counsel approach you? Did you  
10 | speak to other members? Did you speak to other  
11 | organizations about being part of the suit? What can  
12 | you tell me about that?

13 | MS. CHEN: Objection; form.

14 | A. I said the NAACP had -- the Mainland Branch  
15 | NAACP had clients that was affected by this map.

16 | Q. (BY MR. RUSSO) Had clients?

17 | A. Members.

18 | Q. Members.

19 | A. Members affected by this map. So, therefore,  
20 | the NAACP Mainland Branch had their -- made their own  
21 | decision about being in this lawsuit. So what are you  
22 | asking me? Did somebody else try to put us in the  
23 | lawsuit? What are you asking?

24 | Q. Yeah, I'm asking -- what I'm trying to figure  
25 | out again, is it -- was it Mainland's decision, let's go

1 | file a suit, go find a lawyer, or was it somebody  
2 | approached Mainland about being involved in the suit?

3 | A. The Mainland Branch looked at the information  
4 | and looked at the maps and was concerned about the  
5 | people in our residence and talked with our executive  
6 | committee about what we needed to do to try to rectify  
7 | the wrong that was brought by these maps.

8 | Q. Okay. Those conversations started -- were  
9 | they -- did they start after the vote in November of  
10 | 2021 or did they start before that?

11 | A. What are you talking about?

12 | Q. Well, maybe you're not -- the vote where the  
13 | county adopted the new maps occurred in a hearing that  
14 | happened on November 12th --

15 | A. Yeah.

16 | Q. -- 2021?

17 | A. Yeah, November 21st [sic], okay.

18 | Q. So my question to you is, did the discussion  
19 | amongst the NAACP and needing the suit occur after that  
20 | hearing or had conversations happened prior to the vote  
21 | by the county?

22 | A. Are you talking about -- what are you asking  
23 | me? Did we have conversation about pursuing legal  
24 | representation before the vote was even made?

25 | Q. Yes, ma'am.

1 A. Why would we need legal representation before  
2 the vote was made because we didn't know how the maps --  
3 I mean, we didn't know what maps was going to be adopted  
4 until it was voted upon. So are you trying to ask me  
5 did we have -- get legal assistance before the county  
6 made a vote on these maps?

7 Q. Yes, ma'am, as you recall.

8 A. As I recall, when we obtained counsel, it was  
9 after these maps was drawn.

10 Q. And when was the first time that the NAACP  
11 Mainland expressed concern about the maps that the  
12 county -- well, strike that.

13 When was the first time that Mainland can  
14 recall having concerns about the redistricting effort  
15 that was being undertaken by Galveston County in 2021?

16 MS. CHEN: Objection; form.

17 A. When did we have concerns about the  
18 redistricting effort? Well, I didn't see where we got  
19 notices about the redistricting efforts and stuff. So  
20 are you asking me if we get concerns because we -- they  
21 had open forums and letters and things sent out that  
22 they was going to be discussing redistricting and stuff?  
23 I don't remember seeing any of those things where the  
24 county had public forums and stuff about the  
25 redistricting and stuff like that and showing them maps

1 prior to the discussions about the process.

2 Q. (BY MR. RUSSO) So as best you can recall, the  
3 concerns about the county's redistricting effort arose  
4 closer to the hearing date in November of 2021?

5 MS. CHEN: Objection; form.

6 A. I can't exactly recall, but I'm saying that I  
7 didn't see where the county -- and maybe you have  
8 somewhere -- the county put out a bunch of literature  
9 and stuff that you can show me. If you have a copy of  
10 that stuff that the county posted about all the hearings  
11 they were having for this redistricting process, I would  
12 like to look at that and look over it or something, if  
13 you have that here with you, where the county had all  
14 those details that posted dates, events, and stuff like  
15 that on hearings about the maps.

16 Q. (BY MR. RUSSO) Do you remember seeing any of  
17 that material?

18 A. I said I didn't remember seeing it, so I was --

19 Q. You did not?

20 A. Remember seeing what?

21 Q. Documentation as to the county's redist- --  
22 ongoing redistricting effort in 2021?

23 A. The ongoing? What do you mean the ongoing?  
24 Like, did they have community outreach meetings and  
25 stuff about that when they completely started all the

1 process?

2 Q. Well --

3 A. What are you asking?

4 Q. What I'm trying to figure out is when it was  
5 the Mainland Branches -- Mainland Branch started --  
6 gained an understanding and concerns over the fact that  
7 the Galveston County -- that Galveston County was  
8 conducting a redistricting effort in 2021? When was the  
9 Mainland Branch aware of the ongoing effort?

10 A. That they was -- when -- whenever -- I would  
11 say sometime during late October, early November, or  
12 something like that maybe. And I can't exactly recall  
13 the exact time, but I'm saying that I didn't see prior  
14 to the maps being drawn and posted that they had a lot  
15 of things on that.

16 Q. Okay.

17 MR. RUSSO: Let me go ahead and mark a  
18 couple of documents here. This is 34, Exhibit 3.

19 (Exhibit No. 3 was marked.)

20 MR. RUSSO: Go ahead and mark 35, also.

21 (Exhibit No. 4 was marked.)

22 MR. RUSSO: 36.

23 (Exhibit No. 5 was marked.)

24 MS. CHEN: I think I'm missing one of these  
25 documents. Maybe the one you marked as 4.

1 MR. RUSSO: Did I give it to you?

2 MR. GUERRERO: Yeah.

3 MS. CHEN: Thank you.

4 MR. RUSSO: Mm-hmm. One more, 83.

5 (Exhibit No. 6 was marked.)

6 MS. CHEN: This looks the same as 5.

7 Q. (BY MR. RUSSO) Okay. Let me start with the  
8 document marked as Exhibit 3. Do you have that in front  
9 of you?

10 A. Mm-hmm.

11 Q. Okay. And that's an e-mail dated Thursday,  
12 April 8th, 2021. Do you see it?

13 A. Yes.

14 Q. It's from who?

15 A. That says Kimberley -- is that Kimberley Yancy?

16 Q. Yes. Do you know Ms. Yancy?

17 A. Yes, I do.

18 Q. Okay. Do you recall receiving this e-mail?

19 A. I'm just reading it. I'll say it might have  
20 been sent to my e-mail. Looks like it was sent to my  
21 e-mail address, but I don't necessarily read all e-mails  
22 that are sent to my address.

23 Q. Okay. Is this the one you might have missed?

24 A. I miss quite a few of them.

25 Q. All right. And the subject of the e-mail is,

1 "Re: This is something we need to ALL FIGHT if we can."

2 Do you see that?

3 A. Well, I'm reading it right now.

4 Q. Okay. I'm just asking if I'm reading it

5 accurately. Do you see it?

6 A. Mm-hmm.

7 Q. And then it goes on to say "if it's not too

8 late," colon -- semicolon, "this should be nonpartisan."

9 Do you see that?

10 A. I see that. I saw what you said. I see where

11 you're reading from. Okay.

12 Q. Okay. Do you know looking at this -- this

13 e-mail, what fight it is that Ms. Yancy is suggesting

14 the recipients need to fight?

15 A. No, I can't speculate on exactly when somebody

16 is talking about what their intent was --

17 Q. Okay.

18 A. -- when they wrote something.

19 Q. Did you see the article that's included below

20 in Exhibit 3?

21 A. Yes. Seems like an order. Where is this

22 article from?

23 Q. It looks like it's from Galveston Daily News.

24 The last page of the -- I'm sorry. The second to last

25 page has the by line of John Wayne Ferguson. Do you

1 know Mr. Ferguson?

2 A. I've -- I've seen his name in there where he's  
3 written articles.

4 Q. And was Mr. Ferguson with the Galveston Daily  
5 News at the time?

6 A. Huh?

7 Q. Was Mr. Ferguson with the Galveston Daily News  
8 at the time?

9 A. You're asking. I don't know if he was or not,  
10 but I see his name on here.

11 Q. Okay.

12 A. So I can't attest whether he was working or not  
13 because I wouldn't know.

14 Q. All right. The e-mail address that's next to  
15 Mr. Ferguson's name is @galnews.com?

16 A. Okay.

17 Q. Does that tell you anything about where the  
18 article might have been --

19 A. It probably came from Galveston County Daily  
20 News, I guess.

21 Q. All right. And if you would, just look through  
22 the article a bit. I've got a question about whether  
23 this article is commenting on the Galveston County's  
24 redistricting efforts in April of 2021.

25 A. Okay. So I read that. Okay.

1 Q. So does it -- does it appear that the article  
2 is notifying -- or reporting on the Galveston County --  
3 or Galveston County's decision to hire a lawyer by the  
4 name of Dale Oldham to assist with the redistricting  
5 effort in 2021?

6 MS. CHEN: Objection; form.

7 A. Yeah. This is -- you said this was an opinion  
8 by someone else, Wayne Ferguson and stuff. I can't  
9 attest to what they exactly thought and what he exactly  
10 thought and what his article is specifically saying.

11 Q. (BY MR. RUSSO) Okay.

12 A. But I guess he's saying that the Galveston  
13 County had hired someone, if they had hired someone  
14 before the census data came out to already make maps,  
15 and they don't even have census data to tell you what  
16 the tract is going to look like. That's what I get out  
17 of this. So are you saying that someone was doing  
18 something or did somebody know some census data before  
19 the national federal agency sent out stuff because this  
20 was in February and you're already getting someone to do  
21 the stuff? Is that what they're saying?

22 Q. Well --

23 A. I'm not understanding this whole article, and I  
24 can't speculate on somebody else's intent. I can't  
25 think anything on that.

1 Q. Okay. Is it your testimony that -- or do you  
2 agree that the receipt of the census data is typically  
3 what starts the redistricting -- should start the  
4 redistricting process?

5 MS. CHEN: Objection; form.

6 Q. (BY MR. RUSSO) Do you understand that?

7 A. No. I can't say anything. I just say that  
8 this is a person that has an opinion. It was an opinion  
9 stuff of the thing. What section was this? I can't  
10 comment on nobody else's opinion because I don't know  
11 what their exact opinion or their intent of their intent  
12 of opinion was.

13 Q. Okay. Well, let's look at the first --

14 A. So you're asking me to make inference on that?

15 Q. Let's look at the first -- the second paragraph  
16 of this, the article. It states, "In a 4 to 1 vote  
17 Monday, commissioners agreed to hire Dale Oldham, a  
18 Washington-D.C.-based political consultant to help  
19 redraw the county's precinct map." Do you see that?

20 A. Yeah, it's saying the county hired somebody to  
21 redraw the maps. That's what they're saying?

22 Q. "A D.C.-based political consultant." Correct?

23 A. Mm-hmm.

24 Q. And it goes on. "Oldham helped the county with  
25 that process during 2011 and 2020, and the new maps

1 landed the county in a legal fight with the  
2 U.S. Department of Justice." Do you see that?

3 A. Yes.

4 Q. So Mr. Ferguson in his article is identifying  
5 the fact that Commissioners Court had approved hiring  
6 Mr. Oldham. True? That's what the article says?

7 A. That's -- that's what the article says.

8 Q. Right. And it also says that Mr. Oldham was  
9 involved in drawing the maps back in 2011 as well. Do  
10 you see that?

11 A. Mm-hmm. And is that the maps that -- that --  
12 so okay. That's the map that they had in 2011 that went  
13 to the Justice Department for something? Is that saying  
14 that? Does that say the Justice Department?

15 Q. Yeah. Is that how you read it? It was  
16 discussing the prior redistricting effort in 2011?

17 A. I know he got two different dates. He's got  
18 2011 and 2020. So you want me to make a legal decision  
19 about this person's intent in the map? Is that what you  
20 want to ask me?

21 Q. No. I'm just --

22 A. Or are you just asking that they -- that this  
23 is somewhere where it's showing that the county hired  
24 someone?

25 Q. Right. That was my question. Is -- looking

1 through the article, isn't it indicating to the reader  
2 that the county commissioners approved this individual  
3 to assist with the redistricting effort, basically?

4 A. Well, I guess that's what they -- I don't know  
5 that's what the intent says. Is it saying that they  
6 approved -- did they say that they approved someone that  
7 had people to go to the Justice Department in the past  
8 that -- over some maps they thought was racist? I mean,  
9 what's the intent? Is that what the county did when  
10 they approved it on 4 to 1? So are we back at the same  
11 thing again? What are you trying to say?

12 Q. Well, I'm asking -- asking you what you get out  
13 of this article in terms of what -- what Mr. Ferguson is  
14 conveying in his article, and then secondly, and I think  
15 we've already talked about that, but my next question is  
16 why do you think Ms. Yancy was providing this article  
17 and attaching this article to this list of recipients  
18 and stating in the subject line this is something we all  
19 need to fight? Why do you think --

20 MS. CHEN: Objection; form.

21 Q. (BY MR. RUSSO) -- she did that?

22 A. Okay. What I'm going to say is I don't think  
23 for Ms. Yancy, number one. And if you wanted to know  
24 what Ms. Yancy was thinking about this thing and why she  
25 wrote it, then you should call -- should have had

1 Ms. Yancy here to address this because I can't think  
2 about how somebody wrote that. I won't even make  
3 inference to what I think they wrote something.

4 Q. Okay. And is it your belief sitting here today  
5 that you didn't see this e-mail back in April of 2021?

6 A. Well, I just read the article and stuff right  
7 here that you have right there. I see my name is on  
8 here. I'm saying specifically I don't read all e-mails.  
9 I don't read a whole bunch of e-mails that I get.

10 Q. But as you sit here --

11 A. I don't read 50 percent of them maybe sometimes  
12 of my e-mails that I get. I see my name on there, but I  
13 see a bunch of everybody else's names. Did they all  
14 read the arti- -- this information and stuff? I don't  
15 know.

16 Q. Right. But as you sit here right now, you  
17 don't remem- -- can you tell me, do you remember seeing  
18 this e-mail?

19 A. I said I didn't necessarily remember seeing  
20 this e-mail. I can't remember whether I read it or not.  
21 This was in the newspaper, and I can't make inference on  
22 what somebody wrote or the intent that they wrote it.

23 Q. All right. Who's Ms. Yancy?

24 A. You gave me this article, and in the back of  
25 the article it tells you who Ms. Yancy was on here. It

1 says NAACP Dickinson Bay Area, third vice president.

2 This is what you just gave me to read. Correct?

3 Q. Yes, ma'am. And so --

4 A. Okay. So does that not explain who Ms. Yancy  
5 was?

6 Q. Well, I just want to make sure you know who she  
7 is.

8 A. Okay.

9 Q. And you understand at the time that this e-mail  
10 went around, Ms. Yancy was the president of the NAACP --  
11 or third vice president, I guess?

12 A. Well, that's what this says. I can't attest to  
13 who and who were not members of their unit at that time.  
14 I'm saying what it says on this e-mail address.

15 Q. Do you remember talking to Ms. Yancy about this  
16 e-mail and what to do about it?

17 MS. CHEN: Objection; form.

18 A. I can't recall specific individual  
19 conversations that I may or may not have with a subject  
20 person at that -- that particular time back then.

21 Q. (BY MR. RUSSO) Okay. And if you did read this  
22 e-mail, the notice of "we all need to fight" wasn't  
23 enough to jar your memory as to what was going on at the  
24 time? It wasn't that important at the time. Do you  
25 agree?

1 A. It wasn't that --

2 MS. CHEN: Objection; form.

3 A. Well, you're saying that I -- you're making an  
4 assumption that I actually read the mail at that time.  
5 So when you ask me did I not figure it's important and  
6 stuff, you're making an assumption that I read that  
7 e-mail at that time.

8 Q. (BY MR. RUSSO) Yeah. What I'm saying --

9 A. So what are you asking me, two or three things?

10 Q. One thing. If you had read the e-mail, do you  
11 think you would remember it?

12 MS. CHEN: Objection; form.

13 Q. (BY MR. RUSSO) Is that important enough?

14 A. Like I say, I can't remember everything that  
15 you may have in private conversations with people, but  
16 this was an e-mail and this is something that was in the  
17 Galveston County. And what it's saying is that the vote  
18 had already been made, so Galveston County -- talking  
19 about fighting something, the vote was -- this is about  
20 hiring a person that had some controversial things that  
21 was deemed by the Justice Department as not writing  
22 biased in 2010, and this is just saying that the county  
23 has hired the same type person to do the same thing.

24 Q. Is it --

25 A. So is that what you're trying to ask me? I

1 don't know where -- how the Commissioners Court would  
2 hire the same type person doing the same type maps  
3 because that's what we came out with that they did back  
4 then, but I see the vote that they took right there.

5 Q. Is it accurate to you to say that the NAACP  
6 Mainland Branch thought that a fight would be necessary  
7 with the county back in April of 2021 related to  
8 redistricting?

9 MS. CHEN: Objection; form.

10 A. You -- you said that this was something that  
11 came from someone else and making an assumption that I  
12 saw it, and you're asking me about the fight with the  
13 county. The county -- evidently, when county takes a  
14 vote, the vote is there. Right? The county took this  
15 vote, and they approved the people. The county took --  
16 in looking at this and what's happening before, that  
17 they had the same thing. They wanted to have the same  
18 results that they had in 2011, and I don't know whether  
19 they're saying that the county and the county's  
20 Commissioners Court were totally being racist regarding  
21 to how Black and Latinos vote. They're doing the same  
22 thing in 2021 that they did in 2011. Is that the intent  
23 of this message or whatever that you got me looking at?  
24 I can't decide. I can't speculate. I'm just seeing  
25 facts here.

1 Q. (BY MR. RUSSO) Yes. My question, though,  
2 is --

3 A. These are facts to matter, I guess.

4 Q. So my question is in April of 2021, did NAACP  
5 Mainland believe, based upon this correspondence, that a  
6 fight was going to be necessary with Galveston County  
7 related to redistricting?

8 MS. CHEN: Objection; form. Asked and  
9 answered.

10 Q. (BY MR. RUSSO) If you know?

11 A. I just now told you. You're making an  
12 assumption that I had actually read all this specific  
13 stuff. I just read it right now for you and stuff, and  
14 I just told you the answer, that what I am reading --  
15 and this is an opinion by John Ferguson, you just told  
16 me, with the Galveston News, and it's showing that the  
17 lone person that decided -- that did not vote for hiring  
18 this person that had been -- drew a map that was -- had  
19 the same kind of intent of diluting the voice of Black  
20 and Brown people in 2011, that they went ahead and voted  
21 again in 2020, and that's sad.

22 Q. Do you know whether the Mainland Branch took  
23 heed of this warning or -- strike that.

24 Do you know whether the Mainland Branch  
25 believed that a fight was going to arise between

1 Galveston County and members of your branch related to  
2 redistricting as of April 2021?

3 MS. CHEN: Objection; form. Asked and  
4 answered.

5 Q. (BY MR. RUSSO) Do you know? Do you know?

6 A. The maps were drawn and shown by this person,  
7 and they were shown at the -- in October or November.  
8 That's when we know we had a fact. You want me to  
9 speculate on something, on what we're doing before then.

10 Q. Is it --

11 A. I -- I -- I'm not...

12 Q. Is it true that you don't know whether NAACP  
13 Mainland thought a fight would be pending, coming in  
14 April of '21? Is that true?

15 MS. CHEN: Objection; form.

16 Q. (BY MR. RUSSO) You just don't know?

17 MS. CHEN: Asked and answered.

18 A. I've already answered that question to say I  
19 looked at this. I just now read it. You wanted me to  
20 answer to what the intent of the person that wrote this,  
21 what the intent of Wayne Ferguson was, and I said you  
22 should have asked those people and had them here so they  
23 could tell you the exact intent on what this was.

24 Q. (BY MR. RUSSO) I want Mainland's view of it.  
25 That's why you're here.

1           A. Okay. Well, the Mainland's view of this and  
2 what Mainland has done is after Mainland got those maps  
3 and the maps were racial and biased, just like the  
4 person that they hired before that did the same thing,  
5 then the Mainland NAACP Branch decided to file  
6 litigation because of the wrong that was done to their  
7 people after we did not have preclearance for these maps  
8 again. They just threw the same thing up here or  
9 something. That's all I can say about that.

10           Q. Well, you know preclearance was not required as  
11 of 2021?

12           A. No, it's not required. I said after it is not  
13 required.

14           Q. Okay.

15           A. So they have done the same specific thing.  
16 Okay?

17           Q. Okay. Is it Mainland's testimony that the  
18 branch didn't have concerns about the maps until they  
19 were released by the county in October?

20           MS. CHEN: Objection; form.

21           A. So you want me to speculate on something that  
22 wasn't done? Are you asking me can I speculate on  
23 something that was blind, a blind map that's not done?  
24 You want me to speculate on the map?

25           Q. (BY MR. RUSSO) No. I want you to answer the

1 question --

2 A. Okay.

3 Q. -- of whether Mainland, who you're here

4 representing --

5 A. Okay.

6 Q. -- that entity believed a fight was necessary  
7 over the maps and redistricting effort? Did that occur  
8 in April or did it occur after the maps were released in  
9 October --

10 MS. CHEN: Objection; form.

11 Q. (BY MR. RUSSO) -- from the branch's  
12 perspective?

13 A. When did that fight start? How are you going  
14 to fight something that you didn't have any -- you  
15 didn't see it yet, but you know that you're saying all  
16 these people are saying this is something to worry about  
17 because this is the same racist people, the person that  
18 drew the maps before. So you're asking me something.  
19 The maps came out before Mainland Branch has voiced  
20 their opinion, and that's why we're here about the maps.

21 Q. Did you conclude -- when you stated that the  
22 maps were being drawn by racist people --

23 A. I didn't say. I said the same people that drew  
24 these maps did the same ones in 2011 that tried to  
25 dilute the voting population of Black and Brown people

1 in Galveston County.

2 Q. And you're not calling them "racist people."

3 Right?

4 A. No. I said the same ones that drew the races  
5 [sic]. I meant the races -- the maps that diluted the  
6 racial population there.

7 Q. Okay.

8 A. Okay.

9 Q. Let's look at Exhibit 4 --

10 A. Okay.

11 Q. -- which is a response from an e-mail address  
12 that says "VDRcaptain Galveston County."

13 A. So do we know who that is?

14 Q. I was going to ask you if you know who that is.

15 A. I don't know who they're talking about  
16 VDRcaptain.

17 Q. Okay.

18 A. So --

19 Q. But you're copied on this e-mail as well.

20 Agreed?

21 A. Well, I can be copied on a lot of e-mails and  
22 stuff, so...

23 Q. Were you copied on this e-mail; "yes" or "no"?

24 A. I was copied -- I was -- let me see. Okay. I  
25 was copied on this e-mail, also.

1 Q. Okay. Do you remember reviewing it and reading  
2 it?

3 A. No. It's saying something relating to a video  
4 and stuff.

5 Q. Do you remember seeing this e-mail?

6 A. I can't recall this e-mail. I don't know if I  
7 read that e-mail or not.

8 Q. Okay. There's -- down here below the -- I  
9 think you were talking about a video link?

10 A. Well, I was just reading where it said this.

11 Q. Yeah, exactly. That's where I'm going to  
12 point. Down below that there's another date that says,  
13 "On Thursday, April 8th, 2021 at 2:25 p.m.," and again,  
14 "Kimberly Yancy," and there's a redaction and it says  
15 "wrote." Do you see where I'm reading?

16 A. Yeah, I see that.

17 Q. And there's an additional e-mail from Ms. Yancy  
18 where it starts, "Galveston County leaders and group  
19 leaders sounding the alarm," with four exclamations. Do  
20 you see that?

21 A. Well, I'm sorry. I missed that.

22 Q. Yeah. Right here under -- under the --

23 A. Group leaders, uh-huh.

24 Q. It says, "Galveston leaders," and then it says,  
25 "Sounding the alarm," and there's four exclamation

1 points. Do you see that?

2 A. I see that.

3 Q. And then it goes on, "This is something we  
4 should ALL FIGHT," and all fight is in all caps?

5 A. Mm-hmm, I see that.

6 Q. "This man helped to DILUTE," and dilute is in  
7 all caps? "Our vote 10-11 years ago." Do you see that?

8 A. I see that.

9 Q. So looking at this, what is in this e-mail,  
10 does this refresh your recollection as to whether you  
11 received it?

12 A. I said it came to my e-mail. If it came to my  
13 e-mail, it didn't go back, I probably received it. I  
14 said the question is not did I receive it. It's had I  
15 read it.

16 Q. Okay. That's a more clear question, very fair.  
17 Do you recall --

18 A. And so I don't recall -- I can't actually  
19 recall if I read it or not.

20 Q. Okay. And let me ask you this.

21 A. Mm-hmm.

22 Q. If you could, of the people that are on the  
23 e-mail there on the c- -- the carbon copy right here and  
24 then there's a big list of people, do you see there's  
25 names? Do you see those names? Do you see the list of

1 names?

2 A. You're talking about the cc down here?

3 Q. Well, yes, ma'am, and there's names and it  
4 states "Mandalyn Salazar" and then "Marsha William  
5 Rappaport," do you see those names there?

6 A. Are you talking about players here? Wait a  
7 minute. I'm missing...

8 Q. It's right here underneath Ms. Yancy's name.  
9 On the to line is Ms. Yancy --

10 A. Oh, okay.

11 Q. -- and then right below that it starts a list  
12 of people that the e-mail is to and cc'd to.

13 A. Yeah, I see e-mail to. You're talking about  
14 all these specific people down here?

15 Q. Yes. So my question to you is, do you know --  
16 can you tell me how many of the people on this list are  
17 actually also Mainland Branch members?

18 A. You're asking --

19 Q. And I don't want to know who they are. I just  
20 want to know the number, if you can look at the list and  
21 tell me.

22 MS. CHEN: Objection; form.

23 A. Okay. That's -- that's a point now counting  
24 people on the list that has to do with Mainland Branch  
25 and if I know actually Mainland Branch members. That's

1 a violation of national stuff and about -- talking about  
2 memberships. I will not count -- give information on  
3 people that I think are members.

4 Q. (BY MR. RUSSO) So you're refusing to answer  
5 that?

6 MS. CHEN: Well, I appreciate that you  
7 understand the First Amendment protections that the  
8 membership list enjoys.

9 MR. RUSSO: Yeah, I understand it.

10 Q. (BY MR. RUSSO) But are you refusing to answer  
11 my question?

12 A. I said that I would -- we have protected  
13 membership, and I will not give out any information on  
14 people that may or may not be, if I actually know people  
15 that -- all people. I can tell you one thing. I see  
16 one name on here, Barbara Rice, and I'm a member of the  
17 Mainland Branch NAACP.

18 Q. Yeah. And that's my question. Is there  
19 anybody else?

20 A. And I said that under protected membership, I  
21 will not be giving out personal information --

22 Q. I'm not asking you to tell me --

23 A. -- on who it may not be, or the number of  
24 people on this list that may be.

25 Q. I am not -- listen. I'm not asking you to tell

1 me what the names are or who they are. I'm just asking  
2 you to tell me how many are -- how many people on this  
3 list that you know of are also branch -- Mainland Branch  
4 members?

5 A. And I'm saying that I can't adequately recall  
6 everybody that's on here that are Mainland Branch  
7 members.

8 Q. Okay. So you don't know? Do you see any  
9 members -- do you see any names on that list that you  
10 know are also Mainland Branch members?

11 MS. CHEN: So I'll keep objecting to this  
12 as getting very, very close to the First Amendment  
13 privilege.

14 MR. RUSSO: I understand it might be  
15 getting close, but I'm not asking about any personal  
16 information. I think we're entitled to know what other  
17 people -- how many other people from the branch received  
18 this e-mail.

19 MS. CHEN: I don't think you are because  
20 it's frankly not relevant to your case.

21 MR. RUSSO: Relevance is not an objection.  
22 Are you objecting on relevance?

23 MS. CHEN: I'm objecting because the First  
24 Amendment test requires you to show that this isn't  
25 actually necessary for your case.

1 MR. RUSSO: Okay. The First Amendment also  
2 requires that we show that we're chilling speech, and  
3 how is chilling speech of any of these people happening  
4 when I'm not asking about anybody's name? I'm only  
5 asking are there other people on the list.

6 MS. CHEN: You're asking for information  
7 that could reveal their identities.

8 MR. RUSSO: There's no way for me to know  
9 who those people are, and you know that.

10 Q. (BY MR. RUSSO) So the simple answer is --  
11 question from me is, ma'am, are you refusing to answer  
12 that question based upon advice of counsel?

13 A. I'm not refusing to answer the question. I  
14 just answered your question. I said I cannot tell you  
15 exactly because people can register by e-mail or online.  
16 So I cannot tell you who is actually a member of  
17 Mainland Branch NAACP as of this date, were they a  
18 current member or whatever. That's what you're asking  
19 me, and I'm just telling you exactly what I know.

20 Q. Do you see anyone on the list? Don't tell me  
21 who it is, and don't point to them. Do you see anyone  
22 on the list that's also a Mainland Branch member?

23 MS. CHEN: Same objection.

24 A. Because people have a right to go down and  
25 register privately and stuff at this particular date and

1 time because you're talking about a particular date and  
2 time on the 27th [sic]. Are you wanting me to attest to  
3 a person actually may be a member or not of something?  
4 I cannot tell you that.

5 Q. You don't -- you don't see any?

6 A. People -- membership -- comes and renew their  
7 memberships at different times, so I can't tell you  
8 exactly if a person is a member or not a member at that  
9 particular time and date.

10 Q. But as of -- as of April of 2021, you were the  
11 president of Mainland. True?

12 A. Okay. So as of April of '21, I was the  
13 president of Mainland Branch. And as of April of '21, I  
14 cannot tell you the exact name and list of members that  
15 we had at that particular time.

16 Q. I don't want a list. I don't want a list of  
17 members. I just want to know if on this e-mail other  
18 members are included?

19 MS. CHEN: Objection; form. Asked and  
20 answered, first Amendment privilege.

21 Q. (BY MR. RUSSO) And if you don't know, then  
22 just tell me you don't know.

23 A. I just told you as of that date, I cannot tell  
24 you whether people are exact members of the Mainland  
25 NAACP. That's what I just told you. So you asked me

1 the same thing over. I said as of this date, I cannot  
2 tell you if a person was a current member of the  
3 Mainland Branch NAACP at that time. That's just what I  
4 asked [sic] you.

5 Q. Okay.

6 A. But you asked me, and that's what I told you.

7 Q. So you can't identify anybody on the list that  
8 might have been a Mainland Branch member as of April of  
9 '21. Correct?

10 MS. CHEN: Objection; misstates prior  
11 testimony.

12 A. I said I don't know.

13 Q. (BY MR. RUSSO) You don't know?

14 A. Yeah. I said I cannot tell you whether their  
15 membership was current at that particular time.

16 Q. Okay. Let's look at -- let me ask you this.  
17 Can you tell me whether the Mainland Branch agreed  
18 that -- in April of '21, that this -- which is referred  
19 to in Kimberley Yancy's e-mail, "This is something we  
20 should ALL FIGHT. This man helped to DILUTE our vote  
21 10-11 years ago"? Did the Mainland Branch agree with  
22 that at this time?

23 MS. CHEN: Objection; form.

24 A. You just asked me that question a while ago,  
25 and that's saying that I remember because these are all

1 chains of e-mail and stuff, if I remember reading the  
2 particular first e-mail and different things at that  
3 time and different change. You're asking me to relate  
4 to the same person that I have just answered in the  
5 past.

6 Q. (BY MR. RUSSO) Okay.

7 A. Okay?

8 Q. And so you don't know. Correct? You don't  
9 know whether the Mainland had any agreement on that  
10 e-mail -- with the e-mail?

11 A. You're asking me if Mainland people are writing  
12 out stuff and what other people are saying? You're  
13 asking me to take full agreement on the e-mail and  
14 stuff? I can't take agreement on what everybody else is  
15 writing. One specific person wrote this, somebody else  
16 wrote that, and you want me to have agreements with  
17 everything. I don't know what their intent was at that  
18 time or whatever.

19 Q. So you can't tell me what Mainland Branch's  
20 position was on the content of this e-mail, true, in  
21 April of '21?

22 MS. CHEN: Objection; form, asked and  
23 answered.

24 A. Okay. So I'm saying this is written by someone  
25 else and people have commented on -- on these, and I

1 can't just testify to their -- what they thought or what  
2 they were commenting on.

3 Q. (BY MR. RUSSO) Okay. Let's look at  
4 Exhibit 5 --

5 A. Okay.

6 Q. -- which is another response to the same  
7 e-mail --

8 A. Mm-hmm.

9 Q. -- related to the -- it has the same subject  
10 line, "Re: This is something we all -- we need to ALL  
11 FIGHT if we can." Do you see that?

12 A. Yes, I see that. Who was the first notice  
13 from? Okay. I see.

14 Q. Lucille McGaskey?

15 A. Yes.

16 Q. Do you know Ms. McGaskey?

17 A. Yes, I do.

18 Q. How do you know her?

19 A. Just knowing her. I think she used to work at  
20 different things and housing and just a community  
21 worker.

22 Q. And she states in her -- in this e-mail of  
23 April 11th, 2021, it says, "Good evening! Yes, you must  
24 include Commissioner Holmes and get info from state  
25 Democratic party, organizations (LULAC, NAACP,

1 et cetera)." Do you see that?

2 A. Yes, I do.

3 Q. Did you agree with that position in April of  
4 '21?

5 MS. CHEN: Objection; form.

6 A. That's someone else's opinion on what they  
7 wrote. That's not something that I sent out as the  
8 president. So you want me to agree with everybody  
9 else's opinion and stuff? You're asking to agree on  
10 something else somebody wrote and somebody else's  
11 opinion that was responding.

12 Q. (BY MR. RUSSO) Yeah. What I'm asking is, did  
13 the Mainland Branch have a position on what -- the  
14 content of this e-mail?

15 A. Did you see a response from the Mainland Branch  
16 president somewhere here?

17 Q. No. I see that you're copied on the e-mail.

18 A. Okay. You see that I'm copied on the e-mail.  
19 Did you see a response from the Mainland Branch  
20 president regarding the e-mail?

21 Q. Did you respond?

22 A. I don't even know if I seen it. I was asked,  
23 did you see this? You're saying what somebody else  
24 responds to, you want me to attest to everything else  
25 somebody else said.

1 Q. Did you respond?

2 A. Do you --

3 Q. Did Mainland Branch respond to this e-mail?

4 A. I didn't even -- I said I didn't even remember  
5 seeing the e-mail, and this is like chain of response  
6 from different people that definitely had read the  
7 e-mails and stuff, and you have a chain of responses to  
8 them right now. So, you know...

9 Q. Do you know whether you responded?

10 A. I don't think I responded. If I can't remember  
11 recalling receiving it, I can't recall saying a  
12 response.

13 Q. Is it your testimony that had you agreed with  
14 the position taken in these e-mails, you would have  
15 responded?

16 MS. CHEN: Objection; form.

17 A. When we have responses and stuff that's going  
18 on, we take our things under our executive branch. I  
19 don't just respond after stuff in a mass thing like  
20 this. So you're asking me something that I cannot  
21 answer. You're asking me to respond on other people's  
22 responses and stuff. This is their opinions on what  
23 needs to be happening and stuff, and you're asking me to  
24 make a decision or response for my whole group regarding  
25 other people's responses.

1 Q. (BY MR. RUSSO) Yeah. I'm trying to figure out  
2 whether Mainland Branch had an opinion of the  
3 redistricting effort back in April of 2021. Was the  
4 branch concerned?

5 A. This -- this was about the hiring of the person  
6 to maybe start the redistricting process in 2021. This  
7 is about the response to who someone hired at that time  
8 and if the redistricting process that they was doing  
9 something beforehand before they started that, and that  
10 they was going to vote for somebody to make maps  
11 earlier. And so you would be asking me if we had a  
12 response to them, something that they already voted in,  
13 the map drawers.

14 Q. Yeah. Well, I'm asking you, though, do you  
15 know whether the branch had any concerns about what the  
16 county was doing in its redistricting effort as early as  
17 April?

18 A. Well, looking at this paper and stuff, I see  
19 this stuff now. But did they put out a public meeting  
20 and stuff and saying that we're thinking about hiring  
21 this person. Y'all need to come over and protest. Do  
22 y'all want to -- that we're fixing to hire the other  
23 person, Dale Oldham, again off of taxpayers' money to do  
24 this map and stuff because one commissioner objected.

25 MS. CHEN: We've been going for about

1 almost two hours. Do you want to take a break?

2 THE WITNESS: Yeah.

3 MR. RUSSO: Yeah, I was just about to do  
4 that. Are you guys ready to take a break?

5 MS. CHEN: Yeah, let's do that.

6 THE VIDEOGRAPHER: Off the record, 3:14.

7 (Recess taken.)

8 THE VIDEOGRAPHER: Back on the record,  
9 3:30 p.m.

10 Q. (BY MR. RUSSO) So do you recall sitting here  
11 today when it was -- well, strike that. Let me do this.

12 A. Huh?

13 Q. Let me -- I'm going to give you another exhibit  
14 here, it's 13.

15 (Exhibit No. 7 was marked.)

16 MR. RUSSO: Let me get these three marked  
17 as well. 80 and 81.

18 (Exhibit Nos. 8 and 9 were marked.)

19 MS. CHEN: Thank you.

20 MR. RUSSO: All right. Print two copies of  
21 82. I don't see it in here.

22 MR. GUERRERO: 82.

23 MR. RUSSO: I'm going to need it in a  
24 minute.

25 Q. (BY MR. RUSSO) Okay. If you would take a look

1 at -- before we jump to Exhibit 7, I want to look at  
2 what's been marked as Exhibit 8 and 9.

3 A. Huh? Oh, okay.

4 Q. So Exhibit 8 you have in front of you?

5 A. Mm-hmm.

6 Q. Looks like a document that's dated -- an e-mail  
7 dated "Tuesday, November 2nd, 2021." Do you see that?

8 A. Mm-hmm.

9 Q. Do you see that, 8:41?

10 A. Yes.

11 Q. And the subject is redistricting from Lucretia  
12 Lofton? Did I say that right?

13 A. Yes, uh-huh.

14 Q. And to -- I think that's you. Is that your  
15 e-mail address?

16 A. Yes, that's my e-mail address.

17 Q. And then it has an attachment, "Redistricting  
18 101 - Fellows." It's a PPTX file, which is a  
19 PowerPoint.

20 A. Mm-hmm.

21 Q. And I believe the PowerPoint has been attached  
22 to your deposition as Exhibit 9.

23 A. Yes.

24 Q. Okay. So my first question is, what were the  
25 circumstances under which Ms. Lofton was conveying this

1 information to you?

2 A. If -- if -- I'm -- I'm trying to think. I  
3 think she might have been conveying this information  
4 because they were going to have -- someone was giving an  
5 in-service or something regarding this redistricting  
6 here.

7 Q. Mm-hmm. Do you remember that to be the case?  
8 Do you remember attending an in-service around November  
9 of 2021?

10 A. I'm not sure if -- if the Galveston Branch had  
11 something or what, but this looked like some information  
12 on just a little PowerPoint, a little education of stuff  
13 about redistricting.

14 Q. Right. And did -- who is Ms. Lofton?

15 A. She's the Dickinson Bay Area president.

16 Q. Okay. And you two know each other?

17 A. Yes, of course.

18 Q. And is it common for you two to sort of share  
19 information like this particularly around this time as  
20 the redistricting effort was going on at the county?

21 A. I'm trying to think if this was something -- if  
22 the Galveston office may have had something going, and I  
23 may not have had this information, and she might have  
24 sent it to me.

25 Q. Okay. But is it -- am I correct that your

1 thinking is it was given to you in some connection to  
2 something you were going to attend?

3 A. It was a PowerPoint regarding redistricting.

4 Q. Okay. What did you do with the PowerPoint?

5 A. Just looked at the PowerPoint when they was  
6 talking about just a basic thing about what  
7 redistricting is and stuff like that.

8 Q. Do you recall looking at it and reviewing it  
9 with -- with someone in the Galveston Branch or with  
10 Ms. Lofton?

11 A. If I can recall, it might have been -- I don't  
12 know because the things with the Galveston Branch, if  
13 they have executive meetings or something like that and  
14 if they had criteria, then it might have been something  
15 that was privileged in the executive meeting from one --  
16 one organization to the other.

17 Q. Do you know whether this information was shared  
18 generally with the Mainland Branch membership?

19 A. What do you mean, a class or something on  
20 redistricting?

21 Q. Or was it just forwarded to the membership that  
22 you know of?

23 A. No. This looks like something, some  
24 information that she sent to me. I would have to see  
25 something else besides this attachment to be exactly

1 clear about what it was.

2 Q. Okay. On the first page of Exhibit 9, which is  
3 the PowerPoint --

4 A. Uh-huh.

5 Q. -- look at it again -- the bottom of it says --  
6 there's a name, "Roxy D. Hall Williamson," and it says,  
7 "CROWD Mapping Fellow." Do you see that?

8 A. Yes.

9 Q. Do you know Ms. Williamson?

10 A. Yes, I do.

11 Q. And what was her role in or about November of  
12 2021? Was she involved with NAACP, I guess, to be more  
13 exact?

14 MS. CHEN: Objection; form.

15 A. I think she was -- Roxy was doing class -- I  
16 mean some type of class in-services about redistricting.

17 Q. (BY MR. RUSSO) Okay. And do you -- do you --  
18 is this a PowerPoint provided by Ms. Williamson or  
19 created by Ms. Williamson, do you know?

20 A. I can't -- well, it has her name on it, but I  
21 don't know if she's the one who created it or not. I  
22 can't say because I just got this, so I can't just say  
23 it was created by her. But it looked like it was  
24 something that she did.

25 Q. Okay. Do you know whether -- do you know what

1 you did with this PowerPoint? Did you read through it  
2 at the time in November of 2021?

3 A. November the 2nd? If I got the thing on what  
4 it was preclearance or something like that, then I would  
5 have read through this. This is just a basic  
6 information about what redistricting is.

7 Q. Okay. I want to look at page -- there's Bates  
8 numbers on the bottom of these pages. Do you see them  
9 right here, right there at the bottom?

10 A. Is that 10 right there?

11 Q. Yes, ma'am.

12 A. Okay.

13 Q. And then there's one there. So I want to look  
14 at the page that is the last three digits that are  
15 marked 903.

16 A. Oh, 903 is at the front? Okay.

17 Q. So at the very top of that slide it says, "How  
18 Redistricting Works." Do you see that?

19 A. Mm-hmm.

20 Q. And it states -- it starts with the census. We  
21 talked a little bit about this earlier, and I just  
22 wanted to know if you agree or the Mainland Branch  
23 agrees that redistricting generally starts with the  
24 census data coming in?

25 MS. CHEN: Objection; form.

1 Q. (BY MR. RUSSO) Do you agree with that?

2 A. I can't just say that I agree with this. This  
3 is something that someone else put out.

4 Q. Okay.

5 A. I don't know if it's -- the census -- the new  
6 census track shifts and changes in population and stuff  
7 like that, but, you know...

8 Q. Is it your understanding that you need the  
9 census data to really sort of undertake the  
10 redistricting effort?

11 A. What do you mean? Do you mean to redraw lines  
12 and stuff?

13 Q. Yes, ma'am.

14 A. You need some type of criteria because you  
15 have -- don't you have rules about when you need to  
16 redistrict? Do you have any information about the rules  
17 or percentages or changes in voting patterns or when you  
18 need to do redistricting?

19 Q. Right. What's your understanding of that in  
20 terms of one of the rea- -- well, strike that.

21 Are you aware that one of the reasons that  
22 redistricting occurs is to rebalance the population and  
23 the various districts after a ten-year period?

24 A. It depends because you're asking me if I'm  
25 aware that it occurs because of shifts and change in

1 population?

2 Q. That's one of the things and reasons it  
3 happens. Right?

4 A. Shifts and changes in population.

5 Q. Yes, ma'am. Do you agree with that?

6 A. Well, you have federal rules on the different  
7 changes and shifts in population when you have to  
8 redistrict, don't you? Do you have a copy of something  
9 like that?

10 Q. Well, we can stick with the PowerPoint slide  
11 which actually says -- underneath it starts, "The  
12 census," again. I'm on page Bates No. 903.

13 A. Okay.

14 Q. It says, "The census helps track population  
15 growth and where people move."

16 A. Mm-hmm.

17 Q. "Election districts must be redrawn every ten  
18 years to balance their population." Does the Mainland  
19 Branch NAACP have any understanding as to whether that's  
20 an accurate statement?

21 MS. CHEN: Objection; form.

22 A. You're making me conclude to a legal something  
23 now, a legal rule. The Mainland Branch, I would say, is  
24 official. The Mainland Branch, I see it says changes in  
25 population, but they have specific amount of changes in

1 population. When you do this, it's broad and general.  
2 It just says a change in population. That could mean  
3 anything. But you probably have rules on what  
4 percentage changed in populations from one area to the  
5 next that you probably need to be doing redistricting.

6 Q. (BY MR. RUSSO) Okay.

7 A. So this is kind of broad and general. So what  
8 are you asking me? Am I -- do I agree with every  
9 specific thing that's on this paper?

10 Q. No. I'm --

11 A. Is that what you're saying?

12 Q. No, ma'am.

13 A. Oh, okay.

14 Q. I'm asking whether the Mainland Branch has any  
15 understanding of -- that one of the reasons  
16 redistricting is done is to comply with the need to  
17 generally equalize populations amongst the different  
18 districts over time. Do you have any understanding of  
19 that?

20 MS. CHEN: Objection; form.

21 A. I just said that they probably have rules on  
22 what specific changes in population. What percentage  
23 change you could have from one population shift to the  
24 other when it would require you to redistrict that area.

25 Q. (BY MR. RUSSO) Yeah. You have a general

1 understanding?

2 A. I have a general understanding of that. They  
3 have rules and regulations regarding to when you should  
4 be redistricting a certain population or area.

5 Q. And to be able to do that, it makes sense then  
6 that knowing what the population is, according to the  
7 census, within each of those boundaries is something you  
8 need to know?

9 MS. CHEN: Objection; form.

10 Q. (BY MR. RUSSO) Correct?

11 A. Well, I'm not a map specialist and stuff. So  
12 whoever is drawing, I don't know what all criteria they  
13 use. I don't know if they completely use that or if  
14 they are drawing something ahead of time, they're using  
15 statistics from somewhere else, if you're drawing  
16 something earlier ahead of time before you have them or  
17 you're using statistics from other places that you have  
18 in the county that's Galveston County, have some  
19 statistics that they give somebody before the shift in  
20 population before the census come out. I don't know  
21 what you're specifically asking. For somebody to -- are  
22 you saying for somebody to make a determination, they  
23 have to make it by changes in census in population?

24 Q. Well, I'm asking is it your understanding, on  
25 behalf of the Mainland Branch, that the need to analyze

1 data from the census means that the cen- -- receiving  
2 the census data is where the work starts in terms of  
3 redrawing lines? Do you need that data in order to  
4 start the process of redistricting?

5 MS. CHEN: Objection; form.

6 Q. (BY MR. RUSSO) If you know?

7 A. Are you asking me if I need that data because  
8 you just gave me something a while ago that say you  
9 didn't have the data and you assigned somebody to start  
10 it over? I'm not understanding this line of  
11 questioning, really.

12 Q. You don't have to understand it.

13 A. Okay.

14 Q. All you have to do is understand my questions.  
15 So --

16 A. So does Galveston County think that they need  
17 the census to redraw or did they just use some other  
18 kind of stuff to hire somebody and redraw instead of  
19 redrawing them earlier? I -- that's what I want to know  
20 about the line of questioning.

21 Q. Well, my question is what is the -- what is  
22 Mainland's view of it? Do you agree that --

23 A. Mainland -- Mainland -- Mainland --

24 MS. CHEN: Let him finish his question.

25 A. Oh, I'm sorry.

1 Q. (BY MR. RUSSO) That's okay. Do you agree that  
2 you need the census data in order to figure out whether  
3 redrawing the boundaries is necessary?

4 MS. CHEN: Objection; form.

5 Q. (BY MR. RUSSO) And, again, if you don't know,  
6 that's okay. I just -- what does -- does Mainland have  
7 a view of that?

8 A. My view goes alongside what the federal laws  
9 are regarding redistricting.

10 Q. Do you know what the federal law is related to  
11 redistricting?

12 A. The way -- well, I guess it would be changes in  
13 population shift with -- up to a certain percentage.

14 Q. Shown by the data released on the census.  
15 Correct?

16 MS. CHEN: Objection; form.

17 A. I don't know. If you have a copy of that where  
18 you can show it to me, I can read it and give you an  
19 honest opinion on that.

20 Q. (BY MR. RUSSO) Well, yeah. I'm wondering -- I  
21 just want to know what you walked into the room with  
22 knowing.

23 A. Well, I just told you. You asked me was this  
24 just said on Page 3. You told me to look at Page 3.

25 Q. Right.

1           A. And it says that they would change according to  
2 changes in the population, and I said they were redrawn  
3 every year to balance the population, and I said they  
4 probably have specific criteria for when they need to do  
5 it. That's the only thing I said.

6           Q. Yeah. Do you know when the census data was  
7 released by the government in 2021?

8                   MS. CHEN: Object.

9           A. I can't tell you the exact date that the census  
10 data was released and received by the different  
11 authorities, county and state authorities within this  
12 area.

13           Q. (BY MR. RUSSO) Do you have any idea whether it  
14 was in a particular part of the year? Was it in April  
15 of '21 or was it in September of '21? Do you have  
16 any --

17           A. I would have to know --

18                   MS. CHEN: Objection; form.

19           A. -- the exact deadline that the census stuff was  
20 due and when they sent it out. I cannot tell you that  
21 because I'm not the one that, you know -- I don't have  
22 knowledge of when they sent the census material out to  
23 all the government entities.

24           Q. (BY MR. RUSSO) Okay. You told me something  
25 earlier that when we were talking -- bless you. Let me

1 start that again.

2 You mentioned something earlier when we  
3 were talking about the April 2021 e-mails, and I thought  
4 you said at this point the county hadn't -- didn't have  
5 the census data, so how were they working on  
6 redistricting. Did you know that in April of '21?

7 A. Well, I thought that you showed --

8 MS. CHEN: Objection; form.

9 A. Okay. I'm sorry. I thought that you showed me  
10 something, and maybe I could be mistaken. I thought you  
11 showed me something about somebody read something about  
12 September. And so that was the question that I asked  
13 you because you gave me something, I thought, that said  
14 may have had a September date or something like that  
15 when it came, and I asked you the question whether this  
16 is September date that they said where you were saying  
17 something about April. I was asking you --

18 Q. (BY MR. RUSSO) Okay.

19 A. -- about that, so --

20 Q. And that --

21 A. -- I don't know.

22 Q. That's fair. Again, I just asked for your best  
23 understanding.

24 A. Now, you were telling me to make a comment on  
25 something somebody else had wrote, and I said I couldn't

1 comment on what somebody else had wrote. But listen, if  
2 what they wrote here, they're telling me some date, and  
3 now you're trying to say -- tell me to say something  
4 about the other date. I'm just wanting to go with --  
5 because you're giving me different papers that people  
6 done wrote to read.

7 Q. Do you have any -- do you have any independent  
8 understanding of when the census data was obtained by  
9 Galveston County in 2021?

10 MS. CHEN: Objection; asked and answered.

11 A. I can't tell the exact date that they got the  
12 information from the census bureau.

13 Q. (BY MR. RUSSO) Okay.

14 A. Because I wasn't privy to that same information  
15 on that same date that Galveston County or the state or  
16 nobody else got it. So I couldn't just sit here and  
17 tell the truth that I have the exact date that they got  
18 the information.

19 Q. So on -- back looking at the document marked  
20 903, it also says, "Who's responsible for  
21 redistricting?" And it goes on to have a bullet point  
22 that says, "Elected officials (Fox in charge of the  
23 henhouse.)" Do you know what that means?

24 A. No. What -- I don't know what that means. I  
25 can't attest to what somebody wrote as to what it means.

1 Q. Right. And that was my question. Do you know  
2 what it -- what it means to put sort of the "Fox in  
3 charge of the henhouse"? Do you know what that  
4 reference is?

5 A. This is not a PowerPoint that I have written  
6 and stuff, and so I don't know what the person that  
7 wrote that intent was when they put that in parentheses.  
8 I can't speculate on what's on someone else meant by  
9 writing something like that.

10 Q. I was going to ask you if you agree with that  
11 statement, but if you don't know --

12 A. I can't agree.

13 Q. -- what it means, then no agreement either way.  
14 Right?

15 A. Everybody's interpretation of something would  
16 be different, so I can't speculate on something that  
17 someone else wrote and what that means.

18 Q. Okay. All right. But it does appear that  
19 Ms. Williamson or whoever put this PowerPoint together  
20 believes that elected officials dealing -- being  
21 responsible for redistricting is like putting a fox in  
22 charge of the henhouse?

23 A. I can't speculate on what -- if Ms. -- you're  
24 speculating that now that Ms. Washington [sic] actually  
25 wrote this and that that was her summation, I can't

1 speculate on what somebody else thought or what they  
2 wrote or something like that.

3 Q. Do you remember --

4 A. You have to call Ms. Williams [sic] and ask her  
5 what that means.

6 Q. So do you know -- do you remember reviewing any  
7 of this with Ms. Williamson now that you've looked at a  
8 couple of pages?

9 A. Review- -- talking about reviewing it in person  
10 with Ms. Williams?

11 Q. Or on a Zoom session or in a phone meeting?

12 A. I had -- I had things on redistricting before  
13 with the NAACP, so I'm not sure if I've had things that  
14 specifically was with her or someone else or Houston or  
15 Arlington or what. So I don't know.

16 Q. Okay. The next line on 4- -- on 903 also says,  
17 "Jurisdictions will usually contract with legal counsel  
18 to draw maps." Do you see that?

19 A. Yes, I see that.

20 Q. Okay. Do you have any sort of view -- strike  
21 that.

22 Does Mainland have any view on whether the  
23 county of Galveston should have contracted with legal  
24 counsel to draw its maps in 2021?

25 A. I'm not a county commissioner, and they make

1 the decisions on what they want to do, and I can't  
2 speculate on what -- the county commissioners right  
3 here.

4 Q. So if they made the decision to retain counsel,  
5 you're fine with that?

6 MS. CHEN: Objection; form.

7 A. I didn't say -- I didn't say I was fine with  
8 it. I said they made the decision. It didn't say  
9 Barbara was fine because Barbara didn't make that  
10 decision. But I said they said they usually contract.  
11 They didn't say they always. They said they usually.  
12 We have the sentence in there, usually a jurisdiction  
13 will usually contract with a legal person. That means  
14 they may or they may not contract. So I guess you're  
15 saying Galveston decided that they would contract with  
16 legal counsel to draw the maps.

17 Q. (BY MR. RUSSO) And according to this  
18 PowerPoint, it's not uncommon for jurisdictions to use  
19 legal counsel in terms -- in drafting maps for  
20 redistricting purposes?

21 MS. CHEN: Objection; form.

22 Q. (BY MR. RUSSO) Do you agree?

23 A. I can't speculate on this, something that I  
24 didn't work. It said usually. It didn't say always.  
25 And so I can't speculate as to what Galveston County

1 wanted to do with their time.

2 Q. Well, you know they did retain counsel to help  
3 with the redistricting effort. Right?

4 A. Well, that's what you showed me in the paper  
5 that I referred back to while ago about September and  
6 April.

7 Q. And if we -- if we believe what's on the  
8 PowerPoint, it's not an uncommon occurrence for  
9 jurisdictions to do that. Correct?

10 A. Well, I just told you. You want me to believe  
11 everything that I see, but you just told me -- I just  
12 told you I didn't know about a fox and a henhouse and  
13 different stuff like that. And so they also say you can  
14 use sophisticated software and stuff, you'd have  
15 different things. I think those are summaries of what  
16 they thought people may do.

17 Q. So let me ask you this: You know the -- have  
18 you heard the term gerrymandered?

19 A. Okay. In the PowerPoint that you just gave me  
20 that I went through --

21 Q. Wait, wait, wait. If you want to rely on the  
22 PowerPoint, that's fine, but I'm asking --

23 A. I mean, you said have I ever heard of the term,  
24 but you just gave me something with the gerrymander.

25 Q. Let me ask the question first.

1 A. Uh-huh.

2 Q. We'll talk about that page, but I'm just  
3 asking. Right now I just want to know if you have an  
4 understanding of what the term gerrymandered means?

5 A. Well, that's when lines are drawn to favor one  
6 particular group of people or something, a party or  
7 something like that.

8 Q. Yeah. And can you -- can you identify  
9 generally a gerrymandered map by just looking at it?

10 MS. CHEN: Objection; form.

11 Q. (BY MR. RUSSO) Just look at the map and say  
12 that looks gerrymandered? Is that possible from your  
13 definition?

14 A. From my -- are you asking me if I look at a map  
15 and can I just look at a map and make an assumption that  
16 it's been gerrymandered and stuff?

17 Q. Or conclude that it's gerrymandered.

18 A. Why would I be able to conclude that? Because  
19 I would have no -- just looking at a map, I have no  
20 specific census data, no shift, no population, nothing  
21 to compare it with. So why would I make that  
22 conclusion? That's exactly what was on the website at  
23 the county, just some maps with no kind of data and  
24 stuff. Why would I make a conclusion whether that was a  
25 good map at that time or anything to comment? Because

1 you have nothing else to go along with that.

2 Q. So you need additional information, besides  
3 just looking at the map, to know whether it was a  
4 gerrymandered map. Is that agreeable?

5 A. I would suspect the person would have because  
6 you just asked me about having to have system data and  
7 stuff to draw a map, so you have to have something to  
8 make sure that maps are changing and moving and lines  
9 are drawn.

10 Q. Yeah. So looking at Page 909 now, the last  
11 three digits marked 909, which is what you were looking  
12 at earlier --

13 A. Uh-huh.

14 Q. -- there is a discussion about "Gerrymandering  
15 and Redistricting Gone Wrong" is the title. Do you see  
16 that?

17 A. I see that.

18 Q. And it states, "The practice of drawing  
19 district lines to favor one party or group of people  
20 over another." Do you see that?

21 A. I'm reading it. Go ahead.

22 Q. Okay. And then there's -- it cites two forms,  
23 partisan and racial. Do you see that?

24 A. I see that.

25 Q. Do you know the difference between those two,

1 partisan gerrymandering and racial gerrymandering?

2 A. Okay. Do you have something that explains it?

3 I will expect that, since there's no explanation, you're  
4 asking for an opinion. I would think that racial may be  
5 doing when you're trying to change the group of one  
6 di- -- the population of one direct -- one group of  
7 people over another one when you're trying to shift that  
8 population so they have less of an intent to vote or  
9 something. I don't know. Shift populations in that  
10 way.

11 Q. Based on the race of the people in the  
12 population?

13 A. Possibly. So if you're saying racial, but I  
14 would like to see some definitions. Do you have the  
15 definitions of partisan and racial? Because this is  
16 just plain and blank.

17 Q. I don't. I'm just asking you if you know, if  
18 you know when this -- when it refers to two types of  
19 gerrymandering, one being racial and one being partisan,  
20 if you -- if you know the difference?

21 A. Partisan may be doing -- sounds like it -- I  
22 don't know if it is because I don't know what the intent  
23 of that was. Sounds like it could be political party  
24 based.

25 Q. Mm-hmm.

1           A. And I don't know, but if I had some more stuff,  
2 because you're just giving a group or something, and the  
3 person that may have been giving the workshop may have  
4 been explaining some of these things. I don't know.  
5 Because it's --

6           Q. You don't remember the conversation?

7           A. I don't remember the conversation right now.

8           Q. Okay.

9           A. So I don't know what these -- just looking at  
10 this would mean.

11          Q. So are you uncomfortable right now making an  
12 attempt to state what partisan gerrymandering means to  
13 you?

14                   MS. CHEN: Objection; form.

15          A. That will be my specific opinion, so I would  
16 like to see what's the direct reasoning and wording of  
17 it.

18          Q. (BY MR. RUSSO) Okay. Does it sound reasonable  
19 to you that partisan gerrymandering might relate to  
20 drawing lines favoring one party -- political party over  
21 another political party? Does that make sense?

22          A. Oh, it makes sense.

23                   MS. CHEN: Objection; form.

24          A. That -- that -- that depends on what the person  
25 that wrote the intent was. So I would have to -- like I

1 say, if I had the specific definitions and stuff, then I  
2 probably could expound on it. Do you have that?

3 Q. (BY MR. RUSSO) Again, I don't -- I don't have  
4 any specific definitions --

5 A. Okay.

6 Q. -- of racial versus political gerrymandering,  
7 but I do have a question for you. Have you heard the  
8 phrase in the county or just outside the county,  
9 frankly, of -- that -- well, strike that.

10 Have you heard individuals use the phrase  
11 either verbally or through social media "turn the county  
12 red" in connection with Galveston County?

13 MS. CHEN: Objection; form.

14 A. What do you mean have I seen something like  
15 that?

16 Q. (BY MR. RUSSO) Have you?

17 A. Have I read it or seen it?

18 Q. Read it, seen it, heard about it. Have you  
19 heard people saying that within Galveston County?

20 A. I -- I can't recall because people put all kind  
21 of things out on Facebook and stuff like that, so I  
22 can't say it -- cannot say that some things like that  
23 have not been out there because people post different  
24 things.

25 Q. Do you have any understanding of what is meant

1 by the phrase "turn the county red" in connection with  
2 elections in Galveston County?

3 MS. CHEN: Objection; form.

4 Q. (BY MR. RUSSO) What does that mean to you?

5 A. "Turn the county red"? Well, I would have to  
6 see what the person was they're talking about between  
7 red and blue, Democrat and Republican. I -- I don't  
8 know what the intent was. I don't know.

9 Q. Okay.

10 A. So you mentioned colors and stuff. I can't  
11 just say something in the contents of colors and  
12 speculation and stuff like that. That would be  
13 speculating, and I'm not trying here to think. I'm here  
14 to try to tell the truth about something, so I'm not  
15 trying to think on what somebody has done.

16 Q. So you've heard in all your years on the --  
17 being involved in or knowing about politics and voting,  
18 that the color red, is it typically associated with the  
19 Republican party?

20 A. I don't -- I don't know because parties change  
21 things.

22 Q. And is the color blue typically associated with  
23 the Democrat party?

24 A. Are you talking about historical? I'm not  
25 sure.

1 Q. Or even currently.

2 A. Well, different people have different things  
3 that they -- that they say about parties and  
4 affiliations, and they have different things. And,  
5 well, when you're on TV, they have red states. Whenever  
6 you're on the news, it's showing this is a red state and  
7 this is a blue state. And when they're on the news and  
8 they're giving election statistics and stuff and  
9 probabilities and stuff like that, they always said they  
10 can turn this red and this may be Republican, and they  
11 can turn this blue and it may be Democrat.

12 Q. Okay. And you've seen --

13 A. So if you're talking about in terms of what I  
14 see on the news or something like that, I would see  
15 people make inference to that, so I don't know.

16 Q. Yeah. I mean, you've seen that. Right?  
17 You've seen -- you're talking about a general election,  
18 watching on the news, and if a state votes for the  
19 Republican candidate, they turn the state red on the  
20 graphic? You've seen that. Right? I think that's what  
21 you were just referring to.

22 A. If you look at the evening news, you'll see in  
23 the elections they're flipping stuff, but I just guess  
24 that's an inference of what they're doing.

25 Q. Well, so --

1 A. So -- but when a person uses something  
2 themselves, I don't know what they mean.

3 Q. Right.

4 A. So I can't speculate on what the intent of what  
5 the person was saying.

6 Q. In connection with the -- if the term "turn the  
7 county red" is used in Galveston County in association  
8 with elections, would it be your understanding that the  
9 idea is to put Republican candidates in office?

10 MS. CHEN: Objection; form.

11 A. You're trying to get me to speculate on what  
12 somebody said right there, so I'm not going to speculate  
13 on things.

14 Q. (BY MR. RUSSO) Yeah.

15 A. I can just say.

16 Q. Do you have any belief one way or another as to  
17 whether, you know, "turn the county red" is a reference  
18 to putting Republican candidates in office?

19 MS. CHEN: Objection; form.

20 A. Well, it depends on whether people are sending  
21 out posts and stuff like that and their elected  
22 officials and stuff. I don't know what the intent would  
23 be or what they would have -- what they mean, I don't  
24 know.

25 Q. (BY MR. RUSSO) Mm-hmm.

1           A. You asked me -- first you asked me did I see  
2 it, and now you're wanting me to speculate on everything  
3 that other people are doing on social media and  
4 different places like that. I don't know. They put  
5 everything in the paper and in the social media and all  
6 that, so...

7           Q. Do you know -- you know the county commission-  
8 -- commissioners adopted the revised maps after the  
9 meeting on November 12th, 2021. Right? You were there?

10          A. Yes, mm-hmm.

11          Q. Now, in looking at the map, do you believe that  
12 the map that was adopted by the Galveston County in 2021  
13 resulted from partisan gerrymandering?

14          MS. CHEN: Objection; form. Calls for a  
15 legal conclusion.

16          A. You're trying to ask me why they drew the maps  
17 their certain way? I can only tell you of the maps that  
18 were elected, they were -- diluted the voting powers of  
19 Black and Browns in certain precincts and made them not  
20 be able to elect the candidate of their choice.

21          Q. (BY MR. RUSSO) Do you have any belief as to  
22 what -- whether the maps that were adopted by the  
23 Commissioners Court were drawn to turn the county red?

24          MS. CHEN: Objection; form.

25          Q. (BY MR. RUSSO) Do you have any belief in that

1 | one way or another?

2 |       A. It's -- if you -- I'm just saying the maps that  
3 | was adopted and drawn deleted [sic] the voting --  
4 | deleted the voting power of the Black and Latino people  
5 | in the district, so it had the effect to change the  
6 | voting constituencies in those areas.

7 |       Q. Okay. So you've identified what you believe is  
8 | the effect, which is a different question but you've  
9 | stated it on the record, which I'm -- that's fine.

10 |               My question to you is, do you think that  
11 | that map was a result of attempts to change the maps so  
12 | that Republicans would be elected in each of the  
13 | districts, precincts?

14 |       A. Well, if you look at the statistics of the new  
15 | drawn maps that's accepted, they make it hard for you to  
16 | elect different people. If you look at the racial  
17 | breakdown and stuff like that, then I don't know, but I  
18 | can't say what the exact intent of these maps were. I'm  
19 | talking about the results of the maps.

20 |       Q. Mm-hmm.

21 |       A. So Galveston County commissioners drew them. I  
22 | think they could have had a lot better alternatives that  
23 | they could've done and they didn't, and this is the  
24 | effect that they have.

25 |       Q. Are you aware of any specific intention that

1 was on the part of any specific commissioner to  
2 discriminate against voters on the basis of race when  
3 they cast their vote on November 12th, 2021?

4 MS. CHEN: Objection; form.

5 A. I don't understand what you mean by that  
6 question.

7 Q. (BY MR. RUSSO) Okay. Well, let me try it  
8 again.

9 Are you aware of any specific statement,  
10 record made by any of the commissioners or Judge Henry  
11 that demonstrate to you that that particular member  
12 intended to discrimination against voters on the basis  
13 of race when they enacted the map in November of 2022 --  
14 '21, sorry?

15 A. Well, do you know if any of them made any  
16 statements about, like you were just asking me, about  
17 wanting to turn the county red or anything like that?  
18 Have you ever seen anything like that to where they made  
19 the Black and Brown people may vote in the cohesionist  
20 Democrats and stuff? Do you think somebody made  
21 statements or anything like that or just the idea of  
22 diluting different voting populations and stuff had that  
23 intent? So you're asking me to go in somebody else's  
24 head and say what they intended to do.

25 Q. Do you have --

1           A. Because they voted 4 to 1 on getting somebody  
2 to draw the same kind of favoring map, so, you know...

3           Q. Do you have any -- do you have any thought or  
4 belief as to whether Commissioner Giusti intended to  
5 discriminate against voters on the basis of race when he  
6 adopted the map in November of 2021?

7                       MS. CHEN: Objection; form.

8           A. Well, you're asking me about one particular  
9 person.

10          Q. (BY MR. RUSSO) Right.

11          A. One person didn't --

12          Q. He's a commissioner, and he cast a vote.

13          A. Okay. But what I'm telling you is one person  
14 didn't adopt that map. It was a group of them.

15          Q. Right. So --

16          A. And I can't tell what his intent was of that  
17 thing.

18          Q. You don't know what his intent was?

19          A. You're trying to make me go in somebody's head  
20 and say this was their intent. I said that they drew  
21 the map. They looked at the map. They probably had  
22 census and stuff because you said it was sent to them.  
23 They probably had some knowledge on how these shifts in  
24 population was going to dilute votes and stuff because  
25 you just told me, I guess, that the county commissioners

1 got census data and stuff so they had knowledge that  
2 maybe the public didn't have and stuff like that. They  
3 hired people, so they probably knew the exact things and  
4 stuff that the map was going to do because they had that  
5 knowledge. That's their job. They're supposed to be  
6 knowing.

7 Q. Is it your belief that Commissioner Giusti knew  
8 that he was -- intended --

9 MS. CHEN: Objection; form.

10 A. I'm just not talking about one particular  
11 person. I just said the commissioner because it don't  
12 take one commissioner to do something. It takes all the  
13 commissioners. And I think they had -- had the  
14 information about the maps, the demographics about the  
15 maps and everything else because you say they hired an  
16 expert. So they knew right then the intent and the  
17 consequences that these maps would have.

18 Q. (BY MR. RUSSO) Right. And are you saying that  
19 they enacted the map -- and I'm going to stick with  
20 Commissioner Giusti for a minute. Do you know him, by  
21 the way?

22 A. I -- I -- I know the name.

23 Q. Do you know who he is, if you saw him on the  
24 street?

25 A. I don't know if I would know him. I haven't

1 seen him enough to be seeing him on the street.

2 Q. Okay.

3 A. So --

4 Q. So safe to say you never -- you don't recall --  
5 you never spoke to him about the redistricting effort,  
6 other than like at the meeting?

7 A. At the meeting, no.

8 Q. Okay. Is the same true with  
9 Commissioner Apffel? You never -- you haven't spoken to  
10 him?

11 A. I never -- I didn't speak to Apffel.

12 Q. What about Commissioner Clark? Did you speak  
13 to him at all about the redistricting effort or plan in  
14 2021, other than -- he wasn't at the meeting. So do you  
15 recall speaking to Commissioner Clark at all about  
16 redistricting in 2021?

17 A. No.

18 Q. What about Judge Henry? Did you ever speak to  
19 him about redistricting?

20 A. Are you talking about -- when you're saying  
21 speak to them, are you talking about having  
22 conversations with them about being on any forums or  
23 something with them about it, being on any type of  
24 forums and stuff? What do you exactly mean about  
25 speaking to them about the redistricting? Because the

1 things were put out, and they was voted on it in just a  
2 few days.

3 Q. Right. So do you recall -- let's start with  
4 you personally, and we'll put aside the Mainland Branch  
5 for a minute. Okay? Did you personally reach out and  
6 speak to Judge Henry, Commissioner Apffel,  
7 Commissioner Giusti, or Commissioner Clark in relation  
8 to the redistricting effort that was occurring in 2021?

9 MS. CHEN: Objection; form.

10 A. I -- I did not speak to them.

11 Q. (BY MR. RUSSO) Okay. And then what about  
12 Commissioner Holmes?

13 A. Personally speaking?

14 Q. Yes, ma'am.

15 A. I did not personally speak to  
16 Commissioner Holmes, but Commissioner Holmes was on a  
17 forum about redistricting that I saw. But no, I did not  
18 reach out and speak specifically because these maps came  
19 out and you didn't have a lot of public -- time for  
20 public input and stuff because none of the meetings were  
21 listed and none of them -- nobody had time to come in  
22 and come in on the -- on the maps in a public section  
23 and stuff like that.

24 Q. Okay. Now, let's look at it from the  
25 broader -- the broader answer, an answer on the broader

1 scope of Mainland NAACP, which would include the  
2 membership. Are you aware of any specific  
3 correspondence with Judge Henry related to the 2021  
4 redistricting effort undertaken by the county?

5 A. What type of correspondence? Did he send you a  
6 correspondence or something? What do you mean  
7 correspondence?

8 Q. Well, did you send Judge Hen- -- did anyone  
9 send Judge Henry an e-mail that you're aware of?

10 A. Well, I don't know what people do in their  
11 personal life. I can't say whether they send e-mails  
12 out. You're trying to make me think of something broad  
13 and general. I can't testify for everybody in the  
14 Mainland area, the NAACP, or in the county.

15 Q. What about phone calls? Have you heard of any  
16 NAACP Mainland member that told you they called  
17 Judge Henry?

18 A. Well, I don't know what people do in their  
19 private conversations and stuff, whether they're talking  
20 to Judge Henry. I can't get up here and say that people  
21 call or they talk to or they met with and stuff. I  
22 wasn't with them. I can't say. I can't attest to  
23 nobody else's private conversations.

24 Q. And you haven't heard about anything about that  
25 either?

1           A. I can't attest to nobody's private  
2           conversations, so I do not know. But if you know and  
3           you want to tell me or if you have some correspondence  
4           and stuff? Because I don't know what you're talking  
5           about.

6           Q. Okay. But you don't recall sitting here right  
7           now that anybody spoke to you personally about the fact  
8           that they called Judge Henry in connection with the  
9           redistricting effort in 2021. Is that true?

10                   MS. CHEN: Objection; form.

11           A. So are you trying to say did I speak with  
12           somebody or somebody told me in a private conversation?  
13           I can't recall that.

14           Q. (BY MR. RUSSO) Okay.

15           A. That they spoke with Judge Henry. If I have,  
16           when I get through with this private conversation with  
17           you, I probably won't remember half the stuff that you  
18           done asked me to say today.

19           Q. Understood. And -- okay. So the same question  
20           in connection with Commissioner Giusti. Have you spoken  
21           to anybody that's an NAACP Mainland member that  
22           mentioned speaking with Commissioner Giusti during the  
23           2021 redistricting effort?

24           A. No. People don't generally call and tell you  
25           when they spoke to someone. That's between them and

1 their private conversation, and I can't attest to a  
2 private conversation a person had with anyone.

3 Q. Okay. And then what about Commissioner Apffel,  
4 the same answer?

5 A. The same answer. I can't tell you if anybody  
6 spoke to Commissioner Apffel because I can only tell you  
7 what Barbara done. I can't tell you what anybody else  
8 does.

9 Q. Okay. And then Commissioner Clark, same  
10 answer, you don't know if anybody spoke to him?

11 A. I don't know, and I'm sure that they're  
12 commissioners and they probably speak to all kind of  
13 constituents and stuff. So I don't know.

14 Q. But if that happened with a Mainland member,  
15 you don't know? You're not aware of it?

16 A. Do you think a Mainland member is going to sit  
17 there and call you and tell you, I just talked to  
18 somebody? These people have individual, private lives.  
19 They do a lot of stuff in their private area. So I'm  
20 not privy to what they do, and I can't attest to  
21 something that somebody did or said they did, whether  
22 they did it or not or whatever. So I can't attest to  
23 that, so I can't make no statements on nobody else.

24 Q. And just understand. I mean, some of the  
25 questions I'm asking may be just totally nonsensical to

1 you, but I have to know going into trial that I'm not  
2 going to have a Mainland NAACP member step into the  
3 bench and say, I talked to Joe Giusti and he said all  
4 these wonderful things about the maps. That's what I'm  
5 trying to get to.

6 A. Okay.

7 Q. So --

8 A. But you can't --

9 Q. Wait, wait, wait. Just let me finish.

10 A. Okay. "Let me finish," okay.

11 Q. Let me finish.

12 A. Sorry.

13 Q. And so -- and you're the person here that --  
14 you're the only person I get to talk to today on behalf  
15 of Mainland, and so I just need an answer. That's why  
16 I'm asking questions. I don't want -- I don't want  
17 something else to come up at trial. I'm asking you if  
18 you know of any of those types of conversations. I  
19 don't want any surprises. That's why I'm asking these  
20 questions. Do you understand that?

21 A. Okay. Mm-hmm.

22 Q. Okay.

23 A. And I'm answering them to the best of my  
24 knowledge to tell you if they came up and said, I can't  
25 tell you nothing about it because I have no knowledge of

1 their personal conversations with anybody.

2 Q. Right. And I'm going to accept that, except  
3 just understand. We don't need to get in a big  
4 discussion about the law or the legal process.

5 A. Mm-hmm.

6 Q. But that's the subpoena we sent --

7 A. Mm-hmm.

8 Q. -- to Mainland -- or not subpoena. The notice  
9 with topics on it --

10 A. Mm-hmm.

11 Q. -- that's -- that asked Mainland to provide us  
12 with the person who can speak for the organization.

13 A. Okay.

14 Q. And so that's why -- that's why the response  
15 should cover the whole organization. That's what we're  
16 trying to get to.

17 A. Okay. You can speak for some things on  
18 organization, but you cannot speak for a person's  
19 individual opinions. You're a lawyer and stuff. You're  
20 on the Bar. You -- can't nobody at your association  
21 that's over you come out and tell you everything they're  
22 speaking for you. So I can't speak for what a person  
23 does individually, and I don't know everything. I'm not  
24 with them 24 hours a day, and I'm not privy to say  
25 everything that they have done or said. So I can just

1 tell you to the best of my knowledge that I don't know  
2 if these people have done those things.

3 Q. Okay.

4 A. Of you're talking about individual people.

5 MS. CHEN: And you can rely on our  
6 responses to request for production and for  
7 interrogatories -- or disclosures for the identities of  
8 the individuals who have organizational information.

9 MR. RUSSO: Except for this, that she's  
10 here to talk about communications with -- from the  
11 organization.

12 MS. CHEN: Okay.

13 MR. RUSSO: So if any of these people on  
14 this list are in the organization and they step up and  
15 say, hey, I had a bunch of conversations with these  
16 people, we're going to have a problem.

17 MS. CHEN: Right. I think we're making a  
18 distinction of the communications by the organization,  
19 which she's answered, versus communications by anyone  
20 who might be a member in their free time, not on behalf  
21 of the organization.

22 MR. RUSSO: Okay. Well, we'll cross that  
23 bridge when we come to it, I guess.

24 MS. CHEN: We likely won't, so rest  
25 assured.

1 MR. RUSSO: I appreciate that.

2 Q. (BY MR. RUSSO) Okay. So I think you have an  
3 understanding as to sort of why my questions are what  
4 they are.

5 A. Okay. I understand what you're saying, but I  
6 was just making sure that I -- I just don't have control  
7 over -- some people I don't even know that's a member.

8 Q. Understood.

9 A. So -- most of the members, I don't know them.  
10 So you can't attest to what they are saying or doing or  
11 not saying or doing and stuff.

12 Q. Mm-hmm.

13 A. People be on Facebook. They're doing all this  
14 stuff. You don't have control of people's personal life  
15 because they're specific members of an organization.

16 Q. Right. Do you -- so we talked about  
17 conversations with the commissioners and Judge Henry.  
18 Is it your contention that the -- well, strike that.

19 Let me ask you this question. Do you know  
20 an individual named Keith Henry?

21 A. Keith Henry? Was that Keith Henry that just  
22 ran for -- used to be city commissioner because we have  
23 different people, so you have different names. So I'm  
24 not sure.

25 Q. He's on the Texas City -- one of the

1 commissioners there. Do you know who I'm speaking  
2 about?

3 A. He was on Texas City council.

4 Q. Was he on -- was Mr. Henry on city council that  
5 you're aware of?

6 MS. CHEN: Objection; form.

7 Q. (BY MR. RUSSO) Do you know what I'm talking  
8 about? Keith Henry, do you know a person by that name?

9 A. I've heard of a Keith Henry, and I've known  
10 some Keith Henrys. And what was the second question you  
11 asked about him?

12 Q. What association did he have with -- with Texas  
13 City that you're aware of?

14 A. Was he a past city commissioner? Is that the  
15 Keith? Because people have similar names. So is that  
16 the past person that you're talking about?

17 Q. Yeah, I think that's -- I think that's correct,  
18 but I just want to know if that's consistent with your  
19 memory.

20 A. I said maybe he was a past commissioner with  
21 Texas City.

22 Q. Yeah, I think he was. And what about a person  
23 by the name of Dedrick Johnson?

24 A. Are you asking me do I know Dedrick Johnson?

25 Q. Yes. Yes, ma'am.

1 A. Are you speaking of Dedrick Johnson? Because  
2 some people have duplicate names. Are you talking about  
3 Dedrick Johnson who's the mayor of Texas City?

4 Q. Yes, ma'am. Do you know him?

5 A. Of course, I know the mayor of Texas City.

6 Q. Okay. And he's a member of Mainland NAACP.

7 Correct?

8 A. You're asking me to give you our information on  
9 members and stuff, which I can't.

10 Q. Right. And if you're not -- if you --

11 A. Do -- you can ask -- you can ask those --

12 Q. I'll withdraw --

13 A. -- either one of those people, are those  
14 members and --

15 Q. I'll withdraw the question because I clearly  
16 have the information.

17 Have you ever spoken with Mayor Johnson  
18 about the maps involved in this case and the  
19 redistricting effort by the county?

20 A. Have I ever spoken with him about the maps?  
21 Not that I can recall in general conversation.

22 Q. All right. Do you have any evidence or what  
23 evidence do you point to that the maps adopted by the  
24 county commissioners in November of 2021 were a result  
25 of a product of racial gerrymandering?

1 MS. CHEN: Objection; form. Calls for a  
2 legal conclusion.

3 A. Well, I would say if you -- if you look at the  
4 maps and how they were split up and the breakdown of the  
5 amount of percentage of Anglo and stuff because you're  
6 doing those statistics that were in a select place and  
7 how many they're in now, you can see how the districts  
8 have been split and cracked, have been split.

9 Q. (BY MR. RUSSO) Okay. And that's the effect of  
10 the map. But, again, do you --

11 A. It was made to dilute a certain group of  
12 individuals.

13 Q. And was -- do you -- what's your belief as to  
14 whether the sort of the purpose or underlying intention  
15 in passing the maps was a result of partisan  
16 gerrymandering versus racial gerrymandering? Do you  
17 have a belief one way or another?

18 MS. CHEN: Objection; form. Calls for a  
19 legal conclusion.

20 A. Yeah. I'm saying going on the statistics that  
21 we have. When you look at the statistics, you will show  
22 the dilution of different ethnicity groups with the new  
23 drawing of the maps.

24 Q. (BY MR. RUSSO) Okay. Which is a different  
25 question. Again, I agree with you that your testimony

1 relates to the changes in the data --

2 A. The changes in --

3 Q. -- and the effects of the -- the difference of  
4 the effect of the map of the population. I'm giving you  
5 that.

6 My question, though, relates to in passing  
7 the map by the Commissioners Court, do you have a view  
8 as to whether -- a belief one way or another? Do you  
9 think it was based on partial gerry- -- partisanship, as  
10 in let's turn the county red, or was it based on race as  
11 in we would rather not have the Latino and Black  
12 population be able to vote anymore?

13 MS. CHEN: Objection; form. Legal  
14 conclusion.

15 Q. (BY MR. RUSSO) Do you have any understanding  
16 and belief as to what the Commissioners Court's view  
17 was?

18 A. Well, if you look at the statistics, you can  
19 just look at the statistics of maps and see what effects  
20 they had on them.

21 Q. Okay.

22 A. You -- if people vote cohesionly together and  
23 if the one particular group in 3 might have been voting  
24 leaning more Democratic, now they don't have enough  
25 people to even vote for a candidate of their choice as

1 | it was there. So effectively, you've probably done both  
2 | if you look at the map.

3 | Q. So in terms of what the intention was in voting  
4 | and approving on the map, you point to the effects as  
5 | showing what the intentions were. Is that correct?

6 | MS. CHEN: Objection; form.

7 | A. Well, I'm looking at the effect of -- what the  
8 | effect of the map had on particular groups of people.

9 | Q. (BY MR. RUSSO) Okay. And in terms of trying  
10 | to figure out why the commissioners did what they did,  
11 | you would principally look at what the effect of the  
12 | maps was to determine intention. Correct?

13 | MS. CHEN: Objection; form.

14 | A. The commissioners had an opportunity to do all  
15 | kind of maps and provide feedback in an adequate way  
16 | that they did not do with the people of their community.  
17 | So they could have drawn the maps in different ways so  
18 | they didn't have to move or shift population like that,  
19 | but they voted on maps and stuff that did.

20 | Q. (BY MR. RUSSO) And --

21 | A. So they can talk about their intent and what  
22 | happened.

23 | Q. And correct me if I'm wrong. So then do you  
24 | agree with the statement that the Commissioners Court  
25 | passed and adopted the map in November of 2021 in spite

1 of the fact that it had the effect of diminishing voting  
2 power in Precinct 3? Do you agree with that?

3 MS. CHEN: Objection; form.

4 Q. (BY MR. RUSSO) They did it even though they --  
5 they might have known the effect?

6 A. They had to -- they had more than anybody else  
7 had because they had all the statistics and stuff and  
8 what the maps was going to do. They didn't put that out  
9 to the public so they could see it. So they were aware.  
10 They hired the map drawing people. They could ask them.  
11 They could see what the calls and what the effects would  
12 be when they had different scenarios and stuff, so...

13 Q. And in spite of all that, they adopted the map  
14 anyway.

15 A. They --

16 Q. Is that an accurate characterization --

17 A. Well --

18 Q. -- of Mainland's position?

19 MS. CHEN: Objection; form.

20 Q. (BY MR. RUSSO) In spite of the knowledge of  
21 the effects of the maps, they adopted them?

22 MS. CHEN: Objection; form.

23 A. Well, you -- you -- you have to ask them.  
24 They're the ones who took the vote. So you know exactly  
25 what happened. They took the vote, and in spite of all

1 | the information that they had and the intent that the  
2 | effect that it would have on particular groups of  
3 | people, they adopted them anyway.

4 | Q. (BY MR. RUSSO) Understood. And that's your  
5 | principal complaint related to the Commissioner Court's  
6 | actions --

7 | MS. CHEN: Objection; form.

8 | Q. (BY MR. RUSSO) -- in approving the map. True?

9 | MS. CHEN: Objection; form.

10 | A. I'm saying you're making me repeat. I'm just  
11 | saying what the intent, what the overall effect of the  
12 | maps were.

13 | Q. (BY MR. RUSSO) Right.

14 | A. So they know -- they would know what their  
15 | intent was for the maps. So --

16 | Q. So if -- I'm sorry. Go ahead. I didn't want  
17 | to cut you off.

18 | A. No, that's okay.

19 | Q. Okay. Did you -- have you ever heard of the --  
20 | has anyone ever told you, explained to you that the  
21 | Commissioners Court wanted to put in place a coastal or  
22 | district or precinct that oversaw all of the land in  
23 | front of Galves- -- including all of the city of  
24 | Galveston and Bolivar and wanted that in the one  
25 | precinct because it would unite the coast of Galveston

1 County? Have you ever heard that explanation?

2 A. Well, I heard -- I heard them say that it was a  
3 coastal precinct. They put down it was a coastal  
4 precinct, but they didn't put the cause and effect of  
5 making that coastal precinct. My question, if it was a  
6 coastal precinct and they wanted to maintain a coastal  
7 precinct, I have some questions about that because I  
8 live in Texas City, and I see ships going across Texas  
9 City all the time in a coastal precinct, and I had  
10 Bacliff saying all that and I see a coast over there.

11 So they picked up Bolivar and all these  
12 different places, but I'm seeing the Battleship Texas  
13 come through Texas City and saying Leon and Bacliff,  
14 that's coastal. So if they were going to do a coastal  
15 area, is that the only coastal way that they had to chop  
16 up this, that they couldn't do it and add Bolivar and  
17 everything else over there and stuff to make a coastal  
18 precinct? I may not be understanding what's coastal  
19 because I was thinking when I go out and look at the  
20 dock and stuff and watch ships pass by all the time,  
21 it's some coastal right there, too.

22 So they probably have the option to do  
23 something maybe with, you know, saying Leon or with  
24 Bacliff or Texas City. They could have probably drawn  
25 the maps the other way. So if you're going to take in a

1 true coastal precinct, it's the other people on the  
2 coast, too.

3 Q. So is it your testimony that people that live  
4 in Texas City are on the coast?

5 A. I say it's water. They're talking about --  
6 they're talking about the coastal water. They're  
7 talking about Galveston coastal area around there. But  
8 I was saying we have Ship Channels and stuff, and I  
9 think they go through Galveston. The last time I rode  
10 the ferry, we went through. We go across the border way  
11 to get there.

12 Q. Because it's all connected?

13 A. Well, what maybe they're saying it's not. But  
14 I'm just saying I don't -- like I say, I don't  
15 understand the specific water-bound areas and stuff like  
16 that.

17 Q. Mm-hmm.

18 A. But I thought Galveston County was -- they  
19 consider it the Gulf Coast. Every time I look at stuff  
20 from the Worksource or something like that, they can say  
21 Gulf Coast. So I'm not understanding the particular  
22 way, but I guess they know because they had experts, but  
23 I don't know.

24 Q. So you don't -- you don't really have an  
25 understanding of what -- what is meant by coastal? What

1 is a coastal precinct?

2 MS. CHEN: Objection; form.

3 A. Well, I understand -- what I understand is if  
4 they're talking about coastal and waterways and stuff,  
5 why are you picking up specific bodies of water and  
6 stuff?

7 Q. (BY MR. RUSSO) Well, have you ever heard of  
8 the term intracoastal waterway?

9 A. Well...

10 Q. You heard of that?

11 A. Well, I heard the word on the bottom [sic] of  
12 that when you said intra, and you still used the word  
13 coastal.

14 Q. Right.

15 A. Okay.

16 Q. And what is an intracoastal waterway?

17 A. Well, I don't know. But when you said intra,  
18 you used that. But I was just saying if they had  
19 different areas and they want to keep all people that  
20 had water coming by --

21 Q. Right.

22 A. But when they mentioned we're considered the  
23 Gulf Coast, so anything around here is considered the  
24 Gulf Coast.

25 Q. What is it that makes you believe, if you

1 believe this, that the place where the water meets the  
2 edge of Texas City is considered a coast? Why do you  
3 believe that?

4 A. I said it was a body of water.

5 Q. Okay. So it may not be a coast?

6 A. I said -- I said that they're just looking  
7 keeping everything on the water and stuff together.

8 Q. It may not be?

9 A. And then they go all the way around. You have  
10 to determine what they think.

11 Q. No.

12 A. They call the whole League City part of the  
13 Gulf Coast area and stuff. They call Santa Fe part of  
14 the Gulf Coast. So if you're talking about what's Gulf  
15 Coast and water, if we're saying the word Gulf Coast  
16 because that's what you do, if I go to Worksource, they  
17 say, what district do y'all live in? It's in the Gulf  
18 Coast area. Okay. So --

19 Q. So, again, is it --

20 A. -- it's a terminology of what I -- I don't know  
21 what they was talking about. But I guess they're the  
22 ones that had the map drawers. They was the ones that  
23 decided what they was going to do. All I know is it's  
24 diluted the voting power of Black and Brown people.

25 Q. Right. And the Commissioners Court passed it

1 in spite of that?

2 MS. CHEN: Objection; form.

3 Q. (BY MR. RUSSO) That's all you know. True?

4 A. Well, you -- y'all got the vote. You got the  
5 vote on how they voted and stuff. They're the ones had  
6 to -- they're the ones that passed laws over there.

7 Q. But I want to stick with this coastal deal  
8 again just for a second.

9 A. Well, I don't know about coastal, but they said  
10 they was just keeping everything closer together. It's  
11 the same thing. They keep putting Bolivar and stuff  
12 like that, people on the coastal area and stuff. So  
13 that's what they said, but I understand the policy and  
14 what that thing had to do with the voting population of  
15 specific areas.

16 Q. Mm-hmm. Yeah. So is it true in your belief  
17 that there's -- that the coast of Galveston County  
18 includes the area that's inside Galveston Bay?

19 A. I don't --

20 Q. Is that your belief?

21 A. I don't know what it is. They're the ones that  
22 got the -- they're the ones determined what they wanted  
23 to include coastal, as a coastal.

24 Q. Okay.

25 A. But I said when they're doing something,

1 they're the ones that put up signs there and stuff.  
2 You're in the Gulf Coast. You go down here, you're in  
3 the Gulf Coast. You can be somewhere where there ain't  
4 no land, and the county of Galveston have you in the  
5 Gulf Coast area. So okay.

6 Q. Okay. Sorry.

7 A. No, it's not what I think. It's what they  
8 think and where they want to put stuff and do stuff.

9 Q. Do you know whether the -- do you know the  
10 Texas General Land Office with the State of Texas has  
11 control over the coast region and beaches in Galveston?  
12 Do you know that or not?

13 MS. CHEN: Objection; form.

14 A. What does that have to do? General Land  
15 Office --

16 Q. (BY MR. RUSSO) No. Wait, wait, wait. Just  
17 listen to my question.

18 A. Okay.

19 Q. Do you know that the Texas General Land Office,  
20 an entity that is created by the Texas Legislature  
21 generally has control and say-so over what happens on  
22 the beaches in Galveston? Do you know that or not?

23 MS. CHEN: Objection; form.

24 A. Are you asking me if I know everything about  
25 the Texas Legislature and the GLO? I know the GLO has

1 land because the GLO -- of some things, but I don't know  
2 everything the GLO is in control of.

3 Q. (BY MR. RUSSO) Okay.

4 A. And so what are you asking me about the GLO?  
5 Did the GLO vote on changing these precincts?

6 Q. Well, I'm asking you whether you know whether  
7 or not the GLO has control over Galveston's beaches and  
8 the beaches in front of -- in Port Bolivar and Highland?

9 A. I don't know exactly what because you have  
10 to -- I'd have to get somebody from the GLO to come down  
11 here and tell me exactly what they have control over.

12 Q. All right.

13 A. But the GLO have a lot of control over land,  
14 housing, federal funding and stuff that goes out to  
15 rebuild stuff in these areas.

16 Q. Does the GLO have control over Texas City  
17 areas, to your knowledge?

18 A. I said the GLO has control over a lot of  
19 different federal fundings and stuff, General Land  
20 Office and stuff as it relates to when they're doing  
21 stuff with disasters and stuff on how things are --  
22 resources are allocated, so...

23 Q. And to your knowledge, where does the GLO --

24 A. I don't know wherever they go.

25 Q. Wait a minute. Let me finish.

1 A. Oh.

2 Q. To your knowledge -- do you have any knowledge  
3 or understanding as to whether the GLO controls funds  
4 over the city of Galveston and its beaches, or do they  
5 have control over funds all over the place? Do you  
6 know?

7 A. If it's the Texas General Land Office, I'm sure  
8 they have control of land all over the state of Texas.  
9 It's just not in Galveston County because you're talking  
10 about the General Land Office.

11 Q. Mm-hmm. And are you --

12 A. And I'm not an expert on the General Land  
13 Office. But if you need an expert and you need to know  
14 about all these things, you can call somebody from the  
15 GLO. Maybe they have a little office here. Or you can  
16 call Austin and get all the information about the GLO or  
17 somebody from the county because they would have to know  
18 that. You can call one of the commissioners and they  
19 would tell you if they have any authorization or have  
20 been bound by anything with the GLO. But I'm not going  
21 to sit here and be an expert on Galveston County and the  
22 GLO.

23 Q. What we should do is defer to the county in  
24 terms of what the GLO's jurisdiction is and whether it  
25 makes sense to join Galveston and Bolivar. Is that what

1 you're telling me?

2 MS. CHEN: Objection; form.

3 A. No, I didn't say that. I said if you want to  
4 know from the GLO what they control, you need to be  
5 contacting the GLO.

6 Q. (BY MR. RUSSO) Okay.

7 A. Because I'm sure that they got specific rules  
8 on how they -- their land requirements and what they  
9 control. And so that's not for Barbara that's not an  
10 official at the GLO to determine in these proceedings  
11 right here. And I'm not -- I don't think the GLO is the  
12 one who is drawing redistricting lines here. So I don't  
13 know why I'm being asked about what the GLO does because  
14 they didn't draw the lines. Galveston County  
15 Commissioners Court drew the maps and the lines. Now,  
16 if you're telling me right now that the GLO done it,  
17 then you -- they didn't draw these lines. I don't even  
18 understand why we're going on about the GLO.

19 Q. Well, again, I asked you earlier whether you're  
20 aware of the statement or allegation that the county  
21 believed and commissioners believed that having a single  
22 commissioner covering a Gulf coastal precinct made  
23 sense. Have you heard that before today?

24 MS. CHEN: Objection; form.

25 A. No.

1 Q. (BY MR. RUSSO) This is the first?

2 A. I don't know what they are talking about in  
3 their meetings or stuff there. You can't make me  
4 testify to stuff that I have not heard and have I heard  
5 about it before today. I'm not going to get into the  
6 GLO and the county and the beaches and stuff. I'm sure  
7 they have a lot of land and laws as in regards to the  
8 right-of-way areas in Galveston and Crystal Beach and  
9 stuff like that. The right to be able to go on the  
10 beach and access beach but people put up private lines  
11 and stuff like that so you can't get across them. So if  
12 you want to talk to the GLO, you need to talk to GLO  
13 about all the different waterways and stuff in Galveston  
14 and Brazoria County.

15 Q. And so if the county's view of the adopted maps  
16 is that it's a good idea to have a single commissioner  
17 over a coastal precinct regarding all the coast, you're  
18 not the person to ask about whether that's a valid  
19 purpose. Is that right?

20 MS. CHEN: Objection; form.

21 Q. (BY MR. RUSSO) Is that right? We should -- we  
22 shouldn't ask you about that?

23 MS. CHEN: Objection; form.

24 A. I'm not -- I'm not the expert on that. So if  
25 you want the expert to come in here and testify why the

1 county should have that, if the county have an expert,  
2 he wants you to sit in here to testify about why they  
3 have these maps and stuff like that, then they can come  
4 in here and do that. But I'm sure that they could have  
5 drew some kind of lines that would have been different,  
6 that they would have not diluted the voting power of the  
7 Black and Latino people --

8 Q. (BY MR. RUSSO) Do you --

9 A. -- within these communities.

10 Q. And do you have any evidence of that? What's  
11 your evidence of that?

12 A. I just asked you -- you asked me that a while  
13 ago. I said you can look up the racial background  
14 because they had all the information about how, when  
15 they changed these maps, that they was going to change  
16 the voting population in these different areas and  
17 stuff, how they was going to change. So I'm sure  
18 because you know they didn't put none of that out for  
19 the people to see, but I'm sure they have it.

20 So if you have some information like that  
21 that you can show me where it's -- that you've seen to  
22 think it's fair and stuff, okay, that it didn't change.  
23 I'm just telling you about how the lines are.

24 Q. Do you -- what's your belief, if you have one,  
25 as to what percentage of African American voters vote

1 Democrat generally?

2 MS. CHEN: Are you asking -- sorry -- in  
3 her individual or NAACP capacity?

4 Q. (BY MR. RUSSO) We'll start individual.

5 A. Okay.

6 Q. Do you have a belief?

7 A. I don't -- I don't have a belief, but I'm sure  
8 because, you know, the county usually keeps statistics  
9 and stuff. I'm sure they have numbers on that, and I  
10 don't know if you might have the numbers with you on  
11 what -- because you know they have Galveston County  
12 votes and stuff like that on what -- particularly  
13 what -- how people of color vote. How many voted  
14 Democrat and whatever. I may think they vote Democrat,  
15 and it depends on where the people are, so...

16 Q. Okay. Sorry. Do you have any -- as a  
17 representative of Mainland NAACP, do you have any  
18 belief as to what percentage of Black voters in  
19 Galveston County typically vote Democrat?

20 A. I would have to look at the Galveston County  
21 statistics. They have statistics on the website. We  
22 vote all the time, and those voters, saying they track  
23 the voting population by statistics because you -- when  
24 they come in to vote, they can tell a person. They got  
25 you broke down how many 18-years-olds, how many

1 20-year-olds, how many folks over 60, what's the  
2 population and stuff. So I would like to refer to a  
3 paper like that, and then if you want me to make a  
4 precise thing on how they vote.

5 Q. Is it your belief that the population of voters  
6 in any given election is tracked by the race of the  
7 voter? Do you think that that's tracked in each  
8 election, the person's race?

9 MS. CHEN: Objection; form.

10 A. You're asking me an opinion and stuff.

11 Q. (BY MR. RUSSO) No, no, no. Wait, wait, wait.  
12 I don't want your opinion.

13 A. I'm saying that they have -- I'm saying that  
14 they have -- usually have statistics. Everything now is  
15 statistics, and I would have to call the  
16 Galveston County voting thing to see what their  
17 statistics would be.

18 Q. But you don't have -- independent of that,  
19 Mainland doesn't have a view as to the percentage of  
20 African American voters that vote Democrat. Is that  
21 what you're telling me? Absent what you would have to  
22 go find someplace else?

23 A. Well, I could tell you for the past elections  
24 and stuff.

25 Q. I want your --

1           A. Are we talking about in the elections from when  
2 they have voted -- the only -- when they have elected a  
3 Democratic person, they have elected  
4 Commissioner Holmes, but I can't tell you exactly what  
5 people do when they vote, go into voting booths.

6           Q. Right. But does Mainland have any estimation  
7 as to what --

8           A. I don't have -- I don't have an estimation and  
9 stuff. I'm not keeping specifics to statistics on how  
10 people vote.

11          Q. Okay. And then what about for Latino voters?  
12 Do you have any estimate as to what percentage of --

13          A. Well, if I had statistics, I'd have  
14 statistics --

15          Q. Wait, wait. Let me finish.

16          A. Okay. Okay.

17          Q. Do you have any estimation as to what  
18 percentage of Latino voters vote Democrat in any general  
19 election in Galveston County?

20          A. Well, when they were voting in the precinct  
21 that was dismantled, they -- the Black and the Latino in  
22 Precinct 3 seem to have voted in a cohesion because they  
23 kept electing a candidate of their choice with their --  
24 and it was Democrat, so I can't tell. But looking at  
25 percentages...

1 Q. Do you base that conclusion about cohesion on  
2 the fact that in this case Commissioner Holmes was  
3 elected year after year? Is that where you're getting  
4 that information?

5 A. Well, that must have been the candidate of  
6 their choice because people tend to vote for the  
7 candidates of their choice when they're there.

8 Q. And do you know what -- what percentage of  
9 Latino voters voted for Commissioner Holmes?

10 A. Well, they -- they voted -- well, I can't say  
11 all the different things because I had to know. They  
12 would have to have that breakdown. They would have to  
13 have that breakdown. You're asking me to give you  
14 information that I don't have from the voting pool.

15 Q. Okay.

16 A. So I can't sit here and lie and make that thing  
17 [sic].

18 Q. All right. Well, let me ask you. I want you  
19 to look at the next page of that sheet. It's 910. Do  
20 you see it?

21 A. Uh-huh, I got it. Mm-hmm.

22 Q. And there's a written description here.

23 A. Uh-huh.

24 Q. And I'm interested in the -- midway through  
25 this description it starts "African American" --

1 A. Uh-huh.

2 Q. -- "communities overwhelmingly support," do you  
3 see that?

4 A. Uh-huh.

5 Q. Right here. Don't write on it.

6 A. Oh, okay. "Overwhelmingly support."

7 Q. She's going -- it's an exhibit, so just hang on  
8 a second.

9 A. Okay.

10 Q. But that -- read that sentence to yourself, and  
11 then I'm going to ask you, do you agree that "African  
12 American communities overwhelmingly support Democratic  
13 candidates (90 to 95 percent)"?

14 A. And that's an analysis? I would say -- 90 to  
15 95 percent. I would say sometimes, but these are things  
16 that I'm just seeing. I don't know because I didn't see  
17 the statistics myself, but somebody did. But they  
18 usually kind of vote maybe Democratic.

19 Q. Okay. All right.

20 A. But this is something somebody wrote.

21 Q. Then it goes on and says, "and Hispanic  
22 communities also support Democratic candidates," and it  
23 says, "(70 to 75 percent)." Do you see that?

24 A. I see that.

25 Q. Do you have any belief as to whether that's a

1 true statement in Galveston County?

2 A. I just said that they vote together to elect  
3 the candidates of their choice, and in different areas  
4 and stuff, you know, when you have a high incident of  
5 Black and Latino within the area that was changed and  
6 stuff. So within this area, I would say that they vote  
7 to elect people of their choice together.

8 Q. But do you have any belief as to whether 75 to  
9 70 percent is an accurate number in terms of --

10 A. Well, I didn't look at the statistics. How  
11 would I -- it seems like it may be, but you're asking me  
12 to make a determination on something that I hadn't  
13 looked at, but I'm sure you have these statistics  
14 somewhere.

15 Q. Again, understand sort of what I'm doing here.

16 A. Uh-huh.

17 Q. I just got to know what trial is going to look  
18 like. I just want to know what Mainland's view  
19 of whether the statement --

20 A. Well, I said that they --

21 Q. Let me finish.

22 A. Okay.

23 Q. I'm trying to figure out what Mainland's view  
24 of these statements are. And if -- I'm perfectly fine  
25 with the testimony, we don't know, we have to go look at

1 the statistical information. I'm okay with that.

2 A. Okay.

3 Q. What I don't want to happen is, again, we get  
4 to trial and all of a sudden Mainland's view is, oh,  
5 yeah, 75 to 70 percent based upon what I'm reading. You  
6 understand what I'm saying?

7 A. I said that the Black and Latino people vote --  
8 generally vote together to elect candidates of their  
9 choice.

10 Q. Mm-hmm. And the reason you say that is because  
11 you used an example, Commissioner Holmes had been  
12 elected in old Precinct 3 year after year. Is that  
13 true?

14 MS. CHEN: Objection; form.

15 A. Well, that's just one thing. It's not all the  
16 time, but I'm saying they usually vote to try to get the  
17 candidates of their choice in their area.

18 Q. (BY MR. RUSSO) What else? Is there anything  
19 else that makes you believe that -- that -- if you  
20 believe this, that African American voters and Hispanic  
21 voters are cohesive? What other evidence do you have to  
22 support that?

23 A. Because in this area they have some of the same  
24 things regarding as to economics. They have some of the  
25 same houses [sic] as the -- issues as economic housing,

1 | education and stuff. So they have some of the same  
2 | things. They have the same thing as when you come to  
3 | economic development, workforce development. It's the  
4 | same thing. So you're trying to help the marginal  
5 | people to do better. So, yeah, they have some of the  
6 | same basic ideas and needs.

7 | Q. All right. Let's see what else we can look at.

8 | On Page 914 --

9 | A. Okay.

10 | Q. -- the heading on 914 says, "Traditional  
11 | Redistricting Criteria."

12 | A. Mm-hmm.

13 | Q. Can you tell me, on behalf of Mainland, which,  
14 | if any, of these criteria that Galveston County  
15 | Commissioners Court failed to use -- allegedly failed to  
16 | use in the passing of adopting the map in November of  
17 | 2021?

18 | MS. CHEN: Objection; form. Calls for a  
19 | legal conclusion.

20 | A. So are you -- so are you saying that -- what  
21 | are you asking on this? Like, they're -- they --  
22 | preserving communities of interest? They changed those  
23 | communities of interest because they split the  
24 | communities, and so you have different -- when you split  
25 | the communities and stuff, you -- you change -- you

1 | didn't keep -- you didn't keep that preserved.

2 | Q. (BY MR. RUSSO) Okay. So that's one of the  
3 | items you think the Commissioners Court didn't use?

4 | A. And then like I say, we have similar problems  
5 | like respecting the core value of the people and things  
6 | in housing and different stuff like that, the same  
7 | problems that we have.

8 | Q. Okay. Which criteria are you pointing to?

9 | A. With respecting cores.

10 | Q. Oh, the district cores?

11 | A. The district cores right there, that the area  
12 | they had was in, because they had core values in housing  
13 | and education and different things like that. They  
14 | completely changed the political bound area. They  
15 | didn't respect the bound areas that they had and had  
16 | been with the majority of things and that.

17 | Q. Mm-hmm.

18 | A. They didn't respect those when they redrew  
19 | them. If they had -- if they're talking about equal  
20 | population, they're talking about the overall population  
21 | on, like, 50 percent of Black and Brown people, and they  
22 | went to less than those percentage of population in each  
23 | one of the things and then they didn't show, I guess,  
24 | compactness would be areas of -- areas that was close  
25 | together. They just drew that coastal thing. I guess

1 | they have some similar areas, but they're not close. So  
2 | it's just different. It's different criteria that they  
3 | would be looking at. If you read all the specific  
4 | things that you can just go through them and say that  
5 | they didn't adhere to those things, I think.

6 | Q. Are there any criteria listed on this page that  
7 | you think they did follow?

8 | MS. CHEN: Objection; form.

9 | A. That's an -- that's an opinion. You just asked  
10 | me about going through the population, and some of  
11 | them -- I just said some of them that I thought. I  
12 | don't know because they didn't put out no criteria. Had  
13 | they put out that we're going to try to -- to keep these  
14 | things together, we're going to go through each one of  
15 | these criteria. But I didn't see no -- these criterias  
16 | listed with a definition of what the criteria was and  
17 | present it to the public before they did these different  
18 | things. I didn't see them have no open meetings and  
19 | stuff about all these different criterias to where they  
20 | want to check that when they drew the maps, it didn't  
21 | have any effect on these.

22 | Q. (BY MR. RUSSO) So do you have any  
23 | understanding of what the criteria descriptions here  
24 | mean?

25 | MS. CHEN: Objection; form.

1 A. Do you have a list? Because they have forums.

2 Do you have a list that I can see that explains all the  
3 different districts?

4 Q. (BY MR. RUSSO) No, ma'am, I don't have a list.

5 A. Okay.

6 Q. My question, though, is, do you know what -- do  
7 you know what these criteria mean?

8 A. The criteria? The criteria, that when they're  
9 redistricting, that they might have set out from the  
10 government that when you're redistricting you should  
11 keep these things -- these areas in respect to when  
12 you're redoing redistricting maps. I'm saying I don't  
13 even know if the county did this or what their  
14 definition is because we didn't get no -- get out -- set  
15 out nothing with no criteria that they was going to try  
16 to adhere to in this redistricting process.

17 Q. Okay. So as you sit here, then you don't  
18 really know whether -- what criteria they followed and  
19 didn't follow on this page. Is that true?

20 A. I didn't say that. I said like keeping the  
21 population cen- -- thing. I say preserving community of  
22 interest. You just asked me a bunch of things, and I  
23 just told you what those things were. Some of them,  
24 what they were.

25 Q. Right. But then I asked you if you knew what

1 they meant and --

2 A. And I explained that to you what I thought they  
3 meant.

4 Q. Okay.

5 A. But they have specific guidelines on what they  
6 meant. What I'm saying is the county could've put the  
7 list on here and could've checked off the boxes that  
8 they did that like they do for other specific places  
9 that they do. Like, when they have school board and  
10 stuff like that and they have these list of criterias  
11 and stuff and they have open meetings and stuff before.  
12 The county could've did those certain things, and I  
13 might be mistaken. They might have done it, but I  
14 didn't see it.

15 Q. And if the county believes that they did  
16 utilize and stick to some of these criteria that you  
17 think they didn't stick to, who should --

18 A. Well, I --

19 Q. Wait.

20 A. Oh, okay.

21 Q. Should we listen to what the county has to say  
22 about that or should we refer to Mainland NAACP?

23 MS. CHEN: Objection; form.

24 A. Oh, this is not a -- this is not a Mainland  
25 NAACP. These criterias usually come from the

1 redistricting. These are redistricting criteria, and  
2 they usually have definitions of them.

3 Q. Listen to my question, though.

4 If the county maintains in this suit that  
5 they complied with some of these redistricting criteria  
6 that you maintain they didn't comply with, should we  
7 defer to the county on that issue or should we listen to  
8 the NAACP Mainland as to whether the criteria were met?

9 MS. CHEN: Objection; form.

10 A. Did the county have open meetings to where they  
11 list these criterias and what they meant and check them  
12 off so the people can see? Did they do that?

13 Q. (BY MR. RUSSO) That wasn't my question.

14 A. Okay. But that's my question to you.

15 Q. My question is, if the county believes that  
16 they did comply with some of these redistricting  
17 criteria that you said they didn't comply with --

18 A. I said that was my opinion.

19 Q. Again, let me finish.

20 A. Mm-hmm.

21 Q. -- should we defer to the county's view of how  
22 they applied the redistricting criteria or should we  
23 defer to the NAACP Mainland's view of the redistricting  
24 criteria and utilization of the same?

25 MS. CHEN: Objection; form.

1           A. I'm not an expert. They're the one who did it.  
2       So they -- they used what they thought was their  
3       criteria, and that's why we have the maps that are  
4       unfair right now. So whatever this criteria that they  
5       did, I would like to see that. Do you have the criteria  
6       that they used in writing anywhere that I can look at  
7       and read over so I can read how they adhered to this  
8       criteria? Do you have any of that for me to look at  
9       over there and see, so I can read it?

10          Q. (BY MR. RUSSO) Well, what we can -- I can't  
11       answer that question for you.

12          A. Okay.

13          Q. Again, the point is -- I'm trying to make is  
14       the NAACP Mainland Branch's view of how these criteria  
15       are applied and whether they were applied correctly --

16          A. Well, I don't --

17          Q. -- wait -- more important than the county's  
18       view of it when they were actually involved in drawing  
19       the maps and looking at the data?

20                 MS. CHEN: Objection; form.

21          Q. (BY MR. RUSSO) Who should we defer to?

22                 MS. CHEN: Objection; form.

23          A. I didn't draw the maps. The Mainland Branch  
24       NAACP didn't draw the maps. The Mainland NAACP didn't  
25       have this criteria.

1 Q. (BY MR. RUSSO) The county drew the map.

2 A. So if the county had this criteria, then they  
3 can come show where they already did it. They should  
4 have the stuff right here so I can read and say, we went  
5 through all these redistricting criteria and this is  
6 what we got because you're using something from a map  
7 and you're asking me about it from a PowerPoint did they  
8 do all that.

9 Q. Did you --

10 A. The county -- the county needs to tell me  
11 whether they did all this.

12 Q. Did you ask any of those questions about  
13 criteria before you filed suit in this case?

14 MS. CHEN: Objection; form.

15 Q. (BY MR. RUSSO) Of the county?

16 A. You just asked me a while ago did I talk to the  
17 county. The county didn't send out nothing.

18 Q. So the answer --

19 A. The county didn't want to send that, and I told  
20 you a while ago I did not talk to nobody over at the  
21 county. I said --

22 Q. So in terms of --

23 A. -- that we looked at the terms of their maps.

24 Q. And --

25 A. And the terms of their maps came out. That is

1 why we filed a lawsuit.

2 Q. All right. And as -- when you filed a lawsuit,  
3 Mainland did not talk to the county about whether they  
4 used criteria or whether they felt like they complied  
5 with the traditional redistricting criteria. Is that  
6 right?

7 MS. CHEN: Objection; form.

8 A. I just told you that I did not call. You asked  
9 me that a while ago. Did I talk to anybody over there  
10 at the county. You went through Clark, you went through  
11 Commissioner Mark Henry. You went through Giusti. You  
12 went through all them different people, and I told you  
13 that I did not talk to any of them people. You asked me  
14 the same thing. I'm telling you the same thing. I did  
15 not talk to any one of those people over there.

16 Q. (BY MR. RUSSO) Okay.

17 A. Now, I did not see any of this criteria listed  
18 anywhere of any open meetings that they were going to  
19 use, and they did not give the community an opportunity  
20 to have input on these maps.

21 Q. Okay. So let me look at the document marked  
22 916, the document with Bates No. 916.

23 A. Okay.

24 Q. The top of it reads, "Political Subdivision  
25 Boundaries & Communities of Interest." Do you see that?

1 A. Mm-hmm. Mm-hmm.

2 Q. I want to ask you at the bottom in bold, the  
3 bottom community of interest criteria. It says,  
4 "Neighborhoods are the most common." Do you see that?

5 A. I see that.

6 Q. At the very bottom?

7 A. Right here it's the last one.

8 Q. Yes, ma'am.

9 A. Okay.

10 Q. It's just bolded. I'm making sure you see it.

11 A. Mm-hmm.

12 Q. And so are you aware of the -- I want to have  
13 you think about for a second old map Precinct 3. All  
14 right? And it includes areas of Dickinson in it, and  
15 also areas of La Marque. Correct?

16 A. Yes.

17 Q. But La Marque and Dickinson are not neighbors,  
18 true, in terms of cities? They don't touch each other?

19 A. Well, do you know anything about --

20 MS. CHEN: Objection; form.

21 THE WITNESS: Oh, excuse me.

22 A. When I go down Highway 3 and I leave right  
23 by -- or when I pass the subdivision, it says leaving  
24 Texas City on Highway 3 before you get to that light. I  
25 think it's Hughes Road and entering before that, and

1 entering Dickinson. So we -- I'm not understanding what  
2 you mean that Texas City don't touch and stuff.

3 Q. (BY MR. RUSSO) Well, I didn't say Texas City.  
4 I said La Marque.

5 A. Okay. La Marque.

6 Q. La Marque doesn't -- La Marque is not a  
7 neighbor with Dickinson. Would you agree with that, as  
8 far as you're aware?

9 A. So -- so -- but La Marque is not a neighbor of  
10 Dickinson.

11 Q. Is that true? Are you aware of that? I don't  
12 know. If you don't know, that's fine.

13 A. I know where -- somewhere where La Marque is.  
14 Well, I have a different take on that, but it's not  
15 connecting. And I don't know if it's not connecting to  
16 different -- to Dickinson because you have to look at  
17 the La Marque bound areas and how they turn and go  
18 before they go towards 646. They may or may not be  
19 connected to Dickinson because Dickinson may -- could  
20 turn up in that area down there, so I don't know.

21 Q. I'll confess to you. I --

22 A. Other than that, if I'm not looking at bound  
23 areas, I cannot say that La Marque is not connected --

24 Q. Okay.

25 A. -- because I don't know all of La Marque's

1 specific bound area.

2 Q. All right.

3 A. Okay.

4 Q. So as you sit here today, you just don't know  
5 the answer to the question of whether La Marque and  
6 Dickinson are neighbors?

7 A. I said unless I see the maps of the bound areas  
8 of La Marque and all the maps of the bound areas of  
9 Dickinson, I cannot make that inference that La Marque  
10 is not because I would be lying if I said I knew that  
11 they were or were not connected.

12 Q. Do you have any feeling as a resident of the  
13 Texas City area for years and years and years where  
14 citizens of La Marque typically work? Where are they  
15 employed generally? What's your belief on that?

16 A. Well, people in La Marque, they're --

17 MS. CHEN: Objection; form.

18 A. I don't know where everybody in every house is  
19 employed in La Marque because La Marque expands a long  
20 way. La Marque goes all the way out by some areas and  
21 it's still La Marque. They go all the way out by  
22 The Wayne Johnson Center and stuff like that. So I  
23 can't tell you where everybody in La Marques lives -- or  
24 works.

25 Q. (BY MR. RUSSO) You don't have any general

1 impression of where?

2 A. Well, because you have different areas that are  
3 still zoned as La Marque. So when you're asking me,  
4 you're asking me to make some broad and different. You  
5 can say people in this area in La Marque and stuff, they  
6 may work different things. But if I'm looking at the  
7 whole La Marque and stuff, you got people in La Marque  
8 that may be in more foreign areas. They may work in  
9 more their interest and stuff like that. They may go  
10 down I-45 to Houston and stuff. You can't tell where  
11 everybody works. I couldn't tell you where people live  
12 in Texas City, where everybody in Texas City -- I've  
13 been there all my life -- works.

14 Q. Based upon what you know of the areas and  
15 boundaries of old Precinct 3, did it include areas --  
16 affluent areas of La Marque as well as the more lower  
17 income areas of La Marque?

18 A. Well, since Precinct 3 went to -- included some  
19 of Hitchcock also, it's different areas that they may  
20 include. So I can't tell about everybody's income.  
21 You're trying to make me make something broad and  
22 general, and I don't have everybody's income and stuff  
23 just because you...

24 Q. Yeah. I'm just asking if you have a feel for  
25 it as a 30-year, 40-plus-year resident.

1           A. Well, as a 30 and 40 percent [sic] resident and  
2 as living -- having Dickinson, La Marque, and working in  
3 community health, I have a different take on bound areas  
4 and where people live.

5           Q. Okay. And you don't really have any belief --  
6 understanding as to where they -- whether affluent areas  
7 in La Marque were included in Precinct -- old Precinct 3  
8 as well as the -- what might be considered lower income  
9 areas of La Marque? You don't have any feel for whether  
10 those all were put into one?

11                   MS. CHEN: Objection; form.

12           A. Well, because you have different people in  
13 La Marque. I just answered that. I'm not on -- people,  
14 all areas, you have lower income people that live in  
15 La Marque. You have higher income people that live in  
16 La Marque.

17           Q. (BY MR. RUSSO) Mm-hmm.

18           A. So that's in any city. Any city you go to, you  
19 have lower income people in this area, and you have a  
20 very high income people in this area; League City also.

21           Q. Mm-hmm.

22           A. So...

23           Q. All right.

24           A. Okay.

25           Q. Do you have any -- any belief in terms of like

1 housing prices in those two areas, La Marque versus  
2 Dickinson? Or is one area typically something you would  
3 consider to be more affluent or less affluent in either  
4 one of those cities?

5 MS. CHEN: Objection; form.

6 A. Because that's making me make an opinion on the  
7 cause of housing, and as population grows and stuff and  
8 new subdivisions develop, then you have higher income  
9 houses than you even having population growth. So I  
10 can't attest to how much the housing values are in  
11 different cities.

12 Q. (BY MR. RUSSO) Okay.

13 A. In the cities in their bound areas.

14 Q. Understood. Okay. I marked earlier Exhibit 7.

15 A. Okay. On back to 7, whew.

16 Q. It's an e-mail dated Thursday, November 4th,  
17 2021, from Roxy Williamson.

18 A. Did we not go over this before?

19 Q. No, ma'am. We set it aside.

20 A. Okay.

21 Q. And you're copied on this e-mail as well, I  
22 believe. Or, actually, it's to you. Is that true?

23 A. Oh, I see my name on here, mm-hmm.

24 Q. Okay. And do you remember seeing this e-mail  
25 back in November of '21?

1           A. I -- redistricting. Okay. I -- I can't be  
2           sure, but I knew it was -- so this is saying that they  
3           had a past redistricting workshop on 2021. This was  
4           done on -- sent out on the 4th. Right? Okay.

5           Q. November 4th, yes, ma'am.

6           A. Okay.

7           Q. So there's a couple of things on the e-mail. I  
8           just want to see if you generally remember receiving it,  
9           and then I can ask you a question on it.

10          A. Well, I see it came to my e-mail. I'm trying  
11          to think if I had specifically read it and... So wait a  
12          minute. So I -- I can't remember this map. I'm not  
13          saying that I did or did not. I just can't completely  
14          recall right now.

15          Q. Okay. So my first question is -- relates to  
16          the section down below at the bottom part of the map --

17          A. The map.

18          Q. -- that's of the front, first page, and it  
19          states in the second full paragraph, it starts with,  
20          "The Honorable County Commissioner," do you see where  
21          I'm referring to, the second --

22          A. Yes, uh-huh.

23          Q. And it goes on to say, "Stephen Holmes will be  
24          speaking on redistricting this evening (signup  
25          information attached)." So it seems to be indicating

1 that Commissioner Holmes was speaking about  
2 redistricting on November 4th, that evening. Do you  
3 remember attending a meeting --

4 A. Okay. Where was he speaking because it says  
5 something. Do they tell where you're...

6 Q. Well, do you know whether you attended this,  
7 say, Zoom meeting?

8 A. Okay. But there's nowhere on here that's  
9 saying where the Zoom meeting is. It says something is  
10 attached. Do you see it?

11 Q. I don't -- this is an e-mail I have.

12 A. Oh, okay. Well...

13 Q. So my question to you is --

14 A. I'm saying --

15 Q. -- do you -- do you recall attending a meeting  
16 at that time with Commissioner Holmes?

17 A. I -- Commissioner Holmes was on a meeting with  
18 the Democrats, but I don't know if that was a meeting or  
19 something like that, that he was talking about  
20 redistricting and stuff with the Texas Women Democrats  
21 or something. So I don't know about this because this  
22 doesn't tell anything. It says some stuff, but it  
23 doesn't tell where you're going to have a meeting or it  
24 don't say anything.

25 Q. Do you recall attending a meeting, a Zoom

1 meeting with Commissioner Holmes prior to the  
2 Commissioners Court adopting the maps?

3 A. He said he was going to be talking something  
4 about redistricting. I think, if I'm not mistaken, that  
5 he may have had something on -- I don't know whether it  
6 was Texas Democratic Women. I don't know when that was.  
7 I don't know what it was. So I can't recall whether it  
8 was before or after or what, but I'm trying to make  
9 sense of this.

10 Q. As you sit here today, you have no recollection  
11 of attending a Zoom meeting where Commissioner Holmes  
12 was discussing redistricting in November of 2021?

13 MS. CHEN: Objection; form.

14 A. No.

15 THE WITNESS: Huh?

16 A. I didn't just tell you that. I just said I  
17 thought he had a meeting on some -- I don't know if it  
18 was a Texas Democratic something, but I can remember him  
19 talking about something on there. I just don't know  
20 when it was.

21 Q. (BY MR. RUSSO) Was it a Zoom meeting?

22 A. Well, I hadn't been in no person. It would  
23 have had to have been some Zoom, but not this.

24 Q. Do you recall what Commissioner Holmes talked  
25 about?

1           A. Well, it had to be something about -- no, I  
2           can't definitely recall, but it might have been just  
3           talking to -- in general with the -- I don't know if it  
4           was Texas Women Democrats. I don't know what it was.  
5           It was something. I had nothing to do with that.

6           Q. All right. So you do -- let me just see if I  
7           get it straight. You do recall attending a meeting  
8           where Commissioner Holmes was speaking about  
9           redistricting, but as you sit here today, you don't  
10          recall what he was talking about specifically?

11          A. Well --

12                   MS. CHEN: Objection; form.

13          A. -- if he was talking about redistricting, but I  
14          can't remember the exact stuff because people be asking  
15          questions and stuff on that, if I logged in. But I just  
16          can't say exactly what it was, everything, because I  
17          also would have been on Zoom meetings and stuff like  
18          that, but it would have had to be something about  
19          redistricting.

20          Q. (BY MR. RUSSO) Okay. Was there only one  
21          meeting that you recall being on with  
22          Commissioner Holmes?

23          A. If it was -- if it was -- if he was on there,  
24          it would have been on -- he, I guess, would have been  
25          maybe a guest speaker. I don't know. I can't recall

1 the exact thing.

2 Q. All right. Do you know who was putting on the  
3 meeting?

4 A. I just said I thought it might have been Texas  
5 Women -- I don't know -- Democrats or something like  
6 that. I don't know what flyer or something. I can't  
7 really recall.

8 Q. Was there any discussion about a need to, you  
9 know, show up and discuss with the Commissioners Court  
10 your feelings about the proposed maps?

11 MS. CHEN: Objection; form.

12 A. I can't recall whether it was something on  
13 that. I just see where -- what is this, something about  
14 current maps that were available or something, but...

15 Q. (BY MR. RUSSO) Okay.

16 A. The only time you had the maps or something  
17 they got on there, you was supposed to -- if you saw the  
18 maps, you were supposed to write some kind of comment on  
19 the maps.

20 Q. Okay. And you do recall getting an e-mail  
21 about going to make a comment about the maps on the  
22 county's website?

23 A. Well, I remember either in -- I don't know if  
24 it was in the news or somewhere else that they had maps  
25 or something that was supposed to have been on the

1 county's website.

2 Q. Okay. So looking back at Exhibit 7, which is  
3 the Thursday, November 4th e-mail?

4 A. Mm-hmm.

5 Q. Again, focusing down below, the paragraph  
6 before the one we read about Commissioner Holmes  
7 speaking, it starts, "For those of you prepared to sign  
8 on to the advocacy letter," do you see that?

9 A. Yes.

10 Q. All right. And it goes on, "Please forward  
11 your logos and signatories to me or Steph Swanson so we  
12 can update the letter illustrating the depth of our  
13 community support." Do you see that?

14 A. Yeah, I see that.

15 Q. Okay. Do you recall that Ms. Williamson  
16 asks -- asked several of the organizations, NAACP  
17 Dickinson, Galveston, Mainland to sign on to a letter  
18 that was going to be submitted to the county  
19 commissioners in November of 2021?

20 A. Well, I see that right now that -- that this  
21 letter is saying that.

22 Q. Yeah. Do you remember it happening at the  
23 time?

24 A. About with the advocacy letter?

25 Q. Yes, ma'am.

1           A. I can't recall the advocacy letter or if we --  
2           our branch signed the advocacy letter because we would  
3           have to talk to them about it and stuff, and I don't  
4           know. Do you have a copy of that?

5           Q. Well --

6           A. Or signatures or something that went to the  
7           thing that I could see?

8           Q. So let me do this. Let me show you, this is  
9           86.

10                           (Exhibit No. 10 was marked.)

11           Q. (BY MR. RUSSO) So you've been handed a copy of  
12           Exhibit 10, which is -- the cover on that document is an  
13           e-mail from Stephanie Swanson dated October 29th, 2021.  
14           My first question to you is, do you know Stephanie  
15           Swanson? Do you know who she is?

16           A. I'm not sure if I know who Stephanie is. Just  
17           off hand, I can't remember Stephanie.

18           Q. Okay. Her title on the e-mail says, underneath  
19           her -- I guess signature line says, "Issue Chair of  
20           Redistricting, League of Women Voters, Texas." Do you  
21           see that on the first page?

22           A. Yes, I do.

23           Q. All right. Does that help you remember her at  
24           all?

25           A. Well, no, it really doesn't because if I seen

1 Stephanie -- I'm not going to say I have never seen  
2 Stephanie or anything like that. I'm just saying I  
3 can't recall.

4 Q. Okay. Understood. And so this cover e-mail --

5 A. Mm-hmm.

6 Q. -- is -- attaches a letter that was sent to the  
7 Commissioners Court, which is the second page through  
8 the end of the document. It's signed -- or has a  
9 signature blank for "Barbara Murray, President of the  
10 League of Women Voters of the Bay Area." Do you see  
11 that?

12 A. Mm-hmm.

13 Q. And Sarah Chen's name is on there, too.

14 A. Mm-hmm.

15 Q. Do you see that?

16 A. Yes, mm-hmm.

17 Q. So -- so this -- this letter appears to have  
18 been sent to the Commissioners Court by Ms. Swanson on  
19 October 29th, 2021.

20 A. Mm-hmm.

21 Q. Right? My question to you, though, is, do you  
22 recall seeing the letter, the content of this letter in  
23 a request for additional signatures from Ms. Roxy  
24 Williamson for a similar letter to be sent to the  
25 Commissioners Court in November of 2021?

1           A. So you're saying do I have a copy of this  
2 letter beforehand that was sent to the court? What are  
3 you asking?

4           Q. Not before. This would be afterwards.

5           A. Why would you say it was the 29th, and you gave  
6 me something on the 4th? So that's confusing me.

7           Q. So here's my question.

8           A. Mm-hmm.

9           Q. Okay? This letter -- let's make sure we  
10 understand the timeline. This letter was submitted to  
11 the Commissioners Court by Ms. Swanson on October 29th,  
12 2021. Right?

13          A. Okay, mm-hmm.

14          Q. Do you recall receiving a request from  
15 Ms. Williamson later in time in November around the 4th,  
16 attaching a letter similar to this one requesting that  
17 NAACP Mainland sign off or sign on to a similar letter?

18          A. Well, I -- this is the note that you're saying  
19 on the 4th, that you're saying that she sent out by  
20 mailbox requesting a logo. So I don't see in this  
21 attachment as -- see something as this attachment that  
22 that letter was there. Is that what you're saying?

23          Q. I'm asking you if you remember receiving it,  
24 receiving a letter like this.

25          A. And I'm saying to you, I don't see an

1 attachment to this, so...

2 Q. Do you remember receiving a letter like this in  
3 November of 2021?

4 A. Okay. From Roxy?

5 Q. Yes, ma'am.

6 A. I can't say that I did or didn't, but I'm  
7 saying that she's asking about it and I don't see an  
8 attachment with a letter on here.

9 Q. Okay. So if you received it, you're just not  
10 recalling that that happened. Correct?

11 A. But I see a request for the logo and people  
12 with the letter, if you had kind of... Do you have a  
13 copy of that letter with signatures on it?

14 Q. I don't know that it was ever submitted because  
15 I haven't seen a copy, but I do know because we've seen  
16 the e-mails from Ms. Williamson in November of 2021,  
17 that she was asking for sign-ons, signatures to a letter  
18 to be sent to Galveston County. Do you remember that  
19 being true, as you sit here right now?

20 A. Well, I see right here where she was asking for  
21 it, but what I'm telling you, I don't see a copy of the  
22 letter. So you're asking me to talk about something, if  
23 I saw a copy of the letter if I had the letter and  
24 stuff. I'm just saying I can't recall, and I'm asking  
25 you did they get a letter and did it come to

1 Galveston County? Did Galveston County get a letter  
2 with the signatures on it?

3 Q. I haven't run into that letter if it did. But  
4 my question to you was, do you remember getting a copy  
5 of that letter and a request from Ms. Williamson to sign  
6 on --

7 MS. CHEN: Objection; form. Asked and  
8 answered.

9 A. I see a request saying something about the  
10 letter, to be able to send a signature so it can go on  
11 the advocacy letter, and I'm just trying to see if, you  
12 know, if the advocacy letter, indeed, came over.

13 Q. (BY MR. RUSSO) Okay.

14 A. And if we sent a request. Because if it went  
15 to the county, somebody should have a copy of it.

16 Q. Yeah. You --

17 A. I just want to see if our logo was sent in  
18 response or something to it.

19 Q. Okay. Do you -- did Ms. Williamson typically  
20 ask for request and sign on in advocacy efforts of  
21 Mainland NAACP?

22 MS. CHEN: Objection; form.

23 Q. (BY MR. RUSSO) Was it typical for her to do  
24 that?

25 A. Is it typical?

1 Q. Yes.

2 A. Well, I can't say to specific executive stuff  
3 that comes to the NAACP whether she does or not. That  
4 would be, like, privileged things.

5 Q. Okay.

6 A. And I -- you know, if I could see the letter  
7 that's either signed and stuff, I can verify that it  
8 may -- maybe I've seen, but I don't have nothing to go  
9 on. I just have something -- and I don't have a copy of  
10 the letter and stuff. I see the e-mail.

11 Q. All right. Do you -- do you -- looking back at  
12 Exhibit 7 --

13 A. Mm-hmm.

14 Q. -- and the content --

15 A. Mm-hmm.

16 Q. -- of Exhibit 7 --

17 A. Yeah.

18 Q. -- again, was the sentence we read related  
19 to -- for those of you who are -- for those of you  
20 prepared to sign on to the advocacy letter, do you  
21 remember reading that statement from this e-mail?

22 A. I can't recall when I read this, but I would  
23 have to say -- I would have to see advocacy letter for  
24 me to say if you're going to be proposed to sign on it,  
25 so...

1 Q. Okay. And at this moment in time, you don't  
2 know whether you received it -- do you know whether you  
3 received this e-mail?

4 A. Well, it says it came to my e-mail address on  
5 here.

6 Q. Okay. Do you remember getting a request from  
7 Ms. Williamson?

8 A. Well, it's saying it came from Ms. Williamson,  
9 but anything, like you said, is a request to sign on to  
10 an advocacy letter, and I don't see the advocacy letter  
11 and when that request was sent because it looked like it  
12 was sent here -- I don't know if it was sent before or  
13 what because I'd be speculating reading this.

14 Q. Yeah.

15 A. Mm-hmm.

16 Q. Okay. Do you have any belief or understanding  
17 as to why Ms. Williamson was requesting sign-on to an  
18 advocacy letter to be sent to the county?

19 A. Well, it seems like from reading this, the  
20 advocacy letter, it's talking about -- let's see. Well,  
21 you don't know what the advocacy letter -- because it's  
22 saying for you all, and I don't have the advocacy  
23 letter.

24 Q. Right. Do you have any belief as to why she  
25 was sending you that letter and requesting sign-on by

1 various groups?

2 MS. CHEN: Objection; form. Asked and  
3 answered.

4 A. You're asking me to make a specific thing about  
5 the advocacy letter that I don't have here. So if I saw  
6 the advocacy letter, I could tell you specifically what  
7 the request was. That's why I was asking you do you  
8 have a copy of the advocacy letter that was sent to the  
9 Commissioners Court by Ms. Williams?

10 Q. (BY MR. RUSSO) Right. And again --

11 A. Because it seems like it had a workshop here on  
12 the 21st, and this is on the 29th, and then on the  
13 bottom it's saying on the 4th. So it's got two or  
14 three -- I guess she's saying on the 3rd, this is what  
15 she wrote. It seemed like a follow-up to something the  
16 way this is done. It's talking about a redistricting  
17 workshop on the 28th from Galveston city council, and  
18 then it's going on the 4th, it seems like it's a  
19 continuation or something.

20 Q. You're correct. Is it your belief that  
21 Ms. Williamson was updating you-all in terms of what was  
22 going on in the redistricting effort?

23 A. It could have been. You have two different  
24 dates. It's sent out on the 4th and there's information  
25 about the 4th, but we also have something about a

1 workshop that was passed on the 28th, so...

2 Q. All right. And that e-mail reflects it was  
3 sent on the 4th of November?

4 A. Yes.

5 Q. At 2:33?

6 A. Mm-hmm.

7 Q. And the e-mail below reflects it was sent  
8 Thursday, November 4th at 3:08?

9 A. That's saying when the workshop was. So I'm  
10 not sure what I can attest to because the paper is a  
11 little confusing, but...

12 Q. All right. So as you sit here today, you don't  
13 know whether the Mainland Branch signed off on -- signed  
14 on to any correspondence --

15 A. I'd just have to see.

16 Q. -- it intended to go to the Galveston County  
17 Commissioners Court. True?

18 A. I'd have to see the letter and see about a lot  
19 of stuff that's on there, if we sent a correspondence to  
20 it if you have it, whether it went to it.

21 Q. But independent -- you don't have any  
22 independent recollection of that happening, though, as  
23 you sit here right now?

24 A. I don't have a copy of the letter. So if I see  
25 a copy of the letter, I can say that we would have sent

1 it.

2 Q. Okay.

3 A. It's local. I would just like to see the  
4 specific letter.

5 Q. You have no independent recollection of signing  
6 on to -- agreeing to sign on to a letter that was  
7 intended to go to the Commissioners Court in November of  
8 2021. Is that true?

9 A. I mean, I'm being asked now to say something  
10 broad and general. I'd like to see whether -- if I had  
11 a letter that I was signing on to.

12 Q. Right. But, again, my question to you is, as  
13 you sit here right now, you don't have any recollection  
14 of being asked to sign on?

15 A. Well, you have -- you see it says for those of  
16 you prepared to sign the advocacy letter. So it's got a  
17 highlight, and I'm trying to see when did the advocacy  
18 letter come and did we get to read that advocacy letter  
19 and then make a definition [sic] to sign on with it.

20 Q. Right. But do you remember receiving the  
21 letter yourself?

22 A. I just said I don't see a letter. I don't see  
23 it's referencing a letter right here on there.

24 Q. Do you remember receiving one, a letter?

25 A. You just asked me that. I said I don't see a

1 copy of the letter or --

2 Q. Listen. Listen to my question.

3 A. Okay.

4 Q. You've told me three times you don't see one.

5 A. No. You're asking me did I sign a letter, so  
6 you're asking me if I signed a letter.

7 Q. I'm asking if you remember doing that.

8 A. Okay. I just told you I don't remember signing  
9 a letter, but I'm not saying I didn't sign a letter. I  
10 said I can't recall. But if I find a letter, I'll get a  
11 letter to my attorney if it come up here. You're asking  
12 me at this point in time did I remember signing on to  
13 it.

14 Q. Yeah, and that's fine. All I was asking is  
15 whether you remember doing it.

16 A. Mm-hmm.

17 MR. RUSSO: Why don't we take a quick  
18 break, and then we need to figure out how much time is  
19 left on the record and then -- if that's okay with you.

20 MS. CHEN: A quick break is fine.

21 THE VIDEOGRAPHER: Off the record, 5:35.

22 (Recess taken.)

23 (Exhibit Nos. 11-13 were marked.)

24 THE VIDEOGRAPHER: Going back on the  
25 record, 5:50 p.m.

1 Q. (BY MR. RUSSO) Ms. Rice Anders, I appreciate  
2 your patience today.

3 The court reporter has marked as Exhibit 13  
4 an e-mail document with the Bates number on the bottom  
5 that's NAACP 1362, the last four digits on the Bates  
6 number. Do you have that in front of you?

7 A. I'm sorry. What was the number?

8 Q. The last four digits were 1362.

9 A. Oh, that's the wrong one.

10 Q. I'm sorry, 1361.

11 A. Okay. Yes.

12 Q. And that's an e-mail dated Thursday,  
13 November 11th, 2021. Do you see that?

14 A. Yes.

15 Q. All right. Okay. And there's an e-mail  
16 address that says BMT NAACP. Is that related to the  
17 Mainland Branch, or do you know?

18 A. I don't know what that is. No, I don't know.

19 Q. Okay. Do you remember receiving this e-mail on  
20 November 11th of 2021?

21 A. I don't remember seeing this, and I was not  
22 listed on the people that received this e-mail either.

23 Q. Okay. As far as you're aware, the BMT NAACP,  
24 that's not Mainland Branch?

25 A. No.

1 Q. Does it reflect -- are you able to tell me what  
2 that might be? What branch it might be?

3 A. No. No, I can't say.

4 Q. All right. So another question I have is  
5 related to there's an entry of NAACP 6219 right here on  
6 the top. Do you see that reference?

7 A. Yes, I see that reference.

8 Q. And does that strike you as a branch number?

9 A. Maybe. It's possible to be branch number.

10 Q. Do you know who 6219 is?

11 A. I can't specifically say. I wouldn't exactly  
12 know. We have over 2,000-and-something branches, so I  
13 wouldn't know an exact branch number.

14 Q. Do you know the branch number for the Mainland  
15 Branch?

16 A. 6201.

17 Q. Okay. All right. All right. So let's look  
18 at -- let's see. Exhibit 13 -- I'm sorry. Exhibit 11  
19 is a copy of your statement made at the hearing in front  
20 of the Commissioners Court on November 11th, 2021. Do  
21 you remember attending that hearing?

22 A. Yes.

23 Q. Do you know what time you got there?

24 A. No, I can't recall the exact time I got there  
25 now.

1 Q. Did you get there early ahead of the meeting or  
2 right up against when the meeting was about to start?

3 A. Yeah, kind of close to -- to, I think, when the  
4 meeting was starting. But I can't tell you the exact  
5 time that we had in between when I got there and before  
6 it started.

7 Q. And did you have a seat inside the room or  
8 where were you? Where did you attend?

9 A. I did.

10 Q. You found a seat inside?

11 A. I found it, mm-hmm.

12 Q. Okay. And this was just -- even though you  
13 showed up pretty close to when the meeting started, you  
14 found a seat inside?

15 MS. CHEN: Objection; form.

16 A. Well, I said I can't tell exactly when I got to  
17 the meeting, but I got a seat, an aisle seat inside of  
18 the meeting.

19 Q. (BY MR. RUSSO) Did somebody save you a seat or  
20 there was just one open when you got there?

21 A. I -- I think someone got up or something. I  
22 can't recall.

23 Q. Okay.

24 A. But I got a seat inside.

25 Q. All right. So do you -- do you know, as you

1 sit here, of any -- any person who attended the meeting  
2 that wanted to speak to the Commissioners Court but  
3 didn't have the opportunity to do that?

4 A. Well, I would say that from sitting inside, a  
5 lot of people were signing up, but a lot of people was  
6 outside, you know, because I went to the bathroom. They  
7 was out there, and they couldn't get in. So I don't  
8 know if they had an opportunity to sign up or speak or  
9 not because it was a lot of people there coming, trying  
10 to get there, I guess.

11 Q. And I understand it was crowded, but are you  
12 aware of anyone who told you, I wanted to speak but I  
13 didn't have a chance to?

14 A. Well, coming out, a lot of people were saying  
15 that they didn't have an opportunity to get inside the  
16 room because it was too crowded, and the room was small  
17 and then the halls was narrow. And so the room, there  
18 wasn't enough space. The people was lined up down the  
19 halls and stuff in there and...

20 Q. Did any of those people tell you, I didn't get  
21 a chance to speak, although I wanted to?

22 A. Well, they said they couldn't get in.

23 Q. Did they --

24 A. That it was too crowded. The conditions were  
25 crowded. It wasn't enough space in there. They

1 | couldn't even get into the area.

2 | Q. Okay. There's -- but understand, there's a  
3 | difference between being able to get into the -- into  
4 | the room and sit there and listen to the comments?

5 | A. Mm-hmm.

6 | Q. It's a whole different problem if someone  
7 | wanted to speak, but they didn't have a chance to do  
8 | that. Are you aware? Did anyone tell you that  
9 | specifically?

10 | A. I can't recall exactly the people that had  
11 | comments on that coming out, but they were saying  
12 | because they couldn't get in the room and they felt like  
13 | they knew the room was too small, that they didn't want  
14 | the people to get in and be able to voice their opinion  
15 | about the maps because I guess the people that came  
16 | intended to voice their opinion, but it was people that  
17 | couldn't get into the area.

18 | Q. Right. But did anybody tell you they didn't  
19 | have a chance to speak?

20 | A. Well, they said they couldn't get in the area,  
21 | so they couldn't get in there to sign up to speak.

22 | Q. So is it your testimony --

23 | A. So and I can't say --

24 | Q. Wait, wait, wait.

25 | MS. CHEN: Please let her finish.

1 A. Oh.

2 Q. (BY MR. RUSSO) You're not listening to my  
3 question, and you've been doing it all day talking all  
4 over the record.

5 A. Okay.

6 Q. So listen to what I'm asking you.

7 A. Mm-hmm.

8 Q. Did anyone tell you that they wanted to speak  
9 but did not have the opportunity to do that?

10 MS. CHEN: Objection; asked and answered.

11 A. I can't say the exact name of the people that  
12 said it, but on the way coming out, people were very  
13 upset and they were saying they didn't have an  
14 opportunity to voice their vote opinions because they  
15 could not get into the room, that the area was not large  
16 enough, and some elderly people was on walkers and  
17 different stuff like that and they was trying to get in  
18 there and stand in halls and stuff, and they said the  
19 place wasn't large enough to have something of that  
20 magnitude there.

21 Q. (BY MR. RUSSO) Okay. So your testimony --

22 A. So they felt like their voices could not be  
23 heard because they were not able to get into the room.

24 Q. Okay. So you're telling me that people told  
25 you that they wanted to speak but weren't able to?

1 A. There was a complaint on the outside.

2 Q. That people were not able to speak at the  
3 meeting?

4 A. Because they couldn't get inside. A lot of  
5 them couldn't get inside the building.

6 Q. Let me ask you. Did people that were -- that  
7 wanted to speak, were they able to walk up to the podium  
8 from outside the room? Did anybody do that?

9 A. Well, some people --

10 MS. CHEN: Objection; asked and answered.

11 A. You're talking about -- you're talking about  
12 two different things.

13 Q. (BY MR. RUSSO) Huh-uh.

14 A. You're talking about people that was lined up  
15 in the hall, and you're talking about some people was  
16 still lined up outside because the building was crowded,  
17 that they wasn't even being able to get into the  
18 building because the hallways were crowded, which  
19 probably would have created -- I don't know why the fire  
20 marshal didn't come with a fire hazard with people  
21 jammed up in there, so...

22 Q. Did you see people come to speak at the podium  
23 from outside the room when their name was called?

24 A. I see -- I saw people hollering because  
25 everybody that was in that room couldn't sit in that

1 | room that spoke. Some of the people was lined up in the  
2 | halls and stuff, and I guess the other people might say  
3 | their names or something and they would try to come up  
4 | there because they was trying to walk in the room and  
5 | sign the paper and then go back out.

6 | Q. So you saw people that would, even though they  
7 | were standing in the hallway, they had an opportunity if  
8 | their name was called to go speak as well?

9 | A. Yeah, if they -- if they heard their names and  
10 | stuff, but people came from -- some people came from out  
11 | in the hall because everybody was not inside the room.

12 | Q. Okay. And so the other thing I've heard is  
13 | that there was no place to park at this site. Do you  
14 | know of anyone who didn't go to the meeting because they  
15 | couldn't find a place to park?

16 | A. Well, because the place was under construction,  
17 | you couldn't go down the sides. You could park in the  
18 | front in a little bit, but they had a lot of  
19 | construction so the parking was really bad there. And  
20 | when the people were coming in, they had to circle and  
21 | stuff. I don't know because I wasn't out there the  
22 | whole time, but I'm sure that some people circle and  
23 | stuff and if they had to walk a long way, it wasn't  
24 | accessible, I wouldn't say, to the people unless they  
25 | could park in front because the parking was full, too.

1 Q. All right. But sitting here today, you're not  
2 aware of anybody that told you, I tried to park,  
3 couldn't find a spot, and left specifically. Is that  
4 true?

5 A. Well, I say people commented that it was hard  
6 for them to find spots, and people were circling around.  
7 When I -- when I got there myself, I had to circle  
8 around several times before somebody -- and wait before  
9 somebody got out that may have been paying some other  
10 thing and stuff, and I finally got a parking spot  
11 further down to walk in. And so it was a big problem  
12 with parking there just because, you know, like I'm  
13 saying, they had construction and stuff going on.

14 Q. Right. And you've --

15 A. And then the other people that was coming in to  
16 do other business with the county because all that was  
17 still open, so it was -- it was -- it was a chaotic  
18 little mess.

19 Q. So you were able to park and find a seat  
20 actually in the room. True?

21 A. I would say I got in the room.

22 Q. And other people who had to circle or find a  
23 parking place also made it to the meeting. Correct?

24 A. Well, I don't know about everybody else because  
25 I can't speak for everybody else. I can speak that I

1 got there, and then I went in the room and standed [sic]  
2 up, and I don't know if somebody moved or what, but I  
3 got a seat in the room.

4 Q. Yeah. All right. With Exhibit 11, it's a copy  
5 of your statement.

6 A. Mm-hmm.

7 Q. Particularly the comments that you made at the  
8 hearing, and really I just want you to confirm that  
9 that's -- those are your words as made at the hearing.

10 A. First I got to -- see, I'm Barbara Anders,  
11 Mainland Branch, ACC [sic]. So I think it should be  
12 NAACP up there, but it says ACC all the way down this  
13 paper.

14 Q. Mm-hmm. All right. So the third -- that third  
15 paragraph says -- starts, "So what I want to know is,"  
16 do you see that?

17 A. Mm-hmm.

18 Q. After the -- after the comma after "again," it  
19 says, "so we have some concerns about how that map was  
20 fitting with the inclusion of Bolivar Peninsula again."  
21 Do you see that?

22 A. Yes.

23 Q. So you had concerns about why Bolivar was in  
24 this Precinct 3 on one of the maps?

25 A. How -- how they were redistricting one of the

1 maps with Bolivar Peninsula. They had two maps, and  
2 that was something that was similar to the map that was  
3 drawn in 2011, similar.

4 Q. Right.

5 A. I guess that the -- they went to the  
6 Justice Department.

7 Q. Was there concern that there were -- that there  
8 were too many White people from the Bolivar Peninsula  
9 that would have then been added to Precinct 3? Was that  
10 one of your concerns?

11 A. Well, the concern was the maps because they  
12 didn't have enough information on the maps or how they  
13 would be -- that particular district would be diluting  
14 the population, is what it was doing in 2003. Plus,  
15 they didn't put all the maps back up there --

16 Q. Did you conclude --

17 A. -- so that was a concern.

18 Q. Did you conclude at the time when you were  
19 having a conversation, making your comments, that adding  
20 people from Bolivar would dilute the population of  
21 Precinct 3 because there were an excessive number of  
22 White people that lived in Bolivar? Is that your  
23 conclusion?

24 MS. CHEN: Objection; form.

25 A. That wasn't my conclusion. That was the last

1 time they put forth the map that had similar stuff.

2 That was the conclusion that they had from the

3 Justice Department, I guess.

4 Q. (BY MR. RUSSO) All right. So your conclusion  
5 at the time, the comments were that adding Bolivar was  
6 not fair. It was diluting the pop- -- the voting  
7 abilities?

8 A. They had the potential. They had the potential  
9 to dilute the voting population. Because at that point  
10 in time, they put up a bunch of maps with no statistics.  
11 So you had to go on potentials because you didn't put up  
12 there this is how the population is going to change, and  
13 you're going to put on their maps and stuff on the  
14 website and stuff about anything. Before we had no type  
15 of changes to that map. You had no statistics to go  
16 with these maps. You just had pictures.

17 Q. But you concluded that it must be deleting --  
18 diluting the voting power in Precinct 3 because --

19 A. Yeah, I said --

20 Q. -- it was your understanding that the  
21 population in Bolivar was primarily White?

22 MS. CHEN: Objection; form. Asked and  
23 answered.

24 A. I said it had no statistics. I said that the  
25 map was seen to be similar to something that they had

1 before, and the same company had drew the map. Looked  
2 like they just put something up that they did before.  
3 But I'm saying that the county didn't offer any type of  
4 statistics with this particular map. So when they're  
5 saying, do you like Map No. 1 or do you like Map No. 2,  
6 you can't make a reasonable thing of which map you want  
7 because you had no statistics to go along with the maps.

8 Q. (BY MR. RUSSO) And your conclusion was that  
9 you didn't want Map No. 1 or No. 2. Correct?

10 A. I had no statistics, so I couldn't make a  
11 logical reference on the maps because you had no  
12 statistics for the maps.

13 Q. But you concluded that dilution was occurring  
14 based upon what your knowledge of the population of  
15 Port Bolivar. Is that right?

16 A. No. You're trying --

17 MS. CHEN: Objection; form.

18 A. You're trying to say that I made the  
19 conclusion. I said the map looked similar to the maps  
20 that had been presented before that was objected by the  
21 Justice Department when preclearance was still in. I  
22 said these maps had no particular information on  
23 population growth or anything else and how it would  
24 change the demographics of their precinct.

25 Q. (BY MR. RUSSO) Mm-hmm.

1           A. So if they put up something and say, y'all just  
2 vote on this without you even knowing what you're voting  
3 on basically.

4           Q. Mm-hmm. Again, as of the meeting, your  
5 conclusion was there was a vote --

6           A. No. What I said --

7           Q. Wait, wait.

8           A. Oh, okay.

9           Q. Let me ask you the question.

10          A. But you're not letting me finish.

11          Q. Well, I haven't asked a question.

12          A. But you were saying --

13          Q. I haven't asked a ques- -- I have not asked a  
14 question.

15          A. Okay. Go ahead.

16          Q. I haven't asked you anything yet.

17          A. Okay.

18          Q. Okay. Let me look at Exhibit 12.

19                   MS. CHEN: I have a question. What's the  
20 time? You can ask your question, I guess, while we're  
21 waiting for that.

22                   MR. RUSSO: I don't know if he's got --

23                   THE VIDEOGRAPHER: Yeah, 19 minutes. Let's  
24 see here.

25          Q. (BY MR. RUSSO) So do you recognize Exhibit 12?

1 THE VIDEOGRAPHER: 6:58.

2 Q. (BY MR. RUSSO) Have you seen Exhibit 12 before  
3 today?

4 A. This is a newspaper -- coming from a newspaper.

5 Q. Yeah. It's an article dated April 16th of  
6 2022, and you're quoted in it which is where the  
7 question I'm -- the area I'm going to focus on, which is  
8 the fourth full paragraph down on the first page. It  
9 starts with the word, "Original lines were developed."

10 A. Yes.

11 Q. Okay. And it states, "Original lines were  
12 developed in order to give voters an opportunity to  
13 elect candidates of their choice. The will of the  
14 voters should prevail in how decisions are made and  
15 resources are allocated." Do you remember stating that?

16 A. I remember this.

17 Q. Okay. Were you --

18 MS. CHEN: Before you continue, you can  
19 feel free to finish your questions on this exhibit, but  
20 then I think we'll be over the seven hours.

21 MR. RUSSO: Well, we'll figure it out.

22 Q. (BY MR. RUSSO) When you state the "original  
23 lines were developed in order to give voters an  
24 opportunity to elect candidates," is it accurate to say  
25 that the original lines were developed in order to give

1 minority voters an opportunity to elect a candidate of  
2 their choice?

3 MS. CHEN: Objection; form.

4 A. Okay. This is -- this statement is a statement  
5 I had given or written, some of it, of the statement  
6 that I said.

7 Q. (BY MR. RUSSO) Okay. And your -- when you  
8 state the "original lines," what were you referring to?  
9 Was it the old Precinct 3?

10 A. No. What I -- what I -- what I specifically  
11 said is that, historically, people didn't have a  
12 decision in where they live because of redlining and  
13 stuff like that. And original lines were drawn with the  
14 people and where they live in the county. Because in  
15 the old days, historically, Black and Brown people had  
16 to live in certain parts of the -- lived in certain  
17 parts of the county. So, historically, original  
18 lines -- I don't have the exact statement that I made on  
19 this. They were -- those districts were drawn because  
20 that's where people lived, and so we came from the  
21 original lines. And so they gave people opportunity to  
22 do -- to elect candidates of their choice because they  
23 lived in a specific area from redlining and different  
24 stuff like that. We didn't have an opportunity to  
25 choose where we lived. We had to live in specific

1 | areas. So, historically, when lines were drawn, they  
2 | were different.

3 | Q. They were what?

4 | A. The lines -- when the historical lines were  
5 | drawn, they were different. And I specifically said on  
6 | this thing because this is some of what I said, it's a  
7 | newspaper article, but I could give you the full  
8 | statement or copy of what I wrote. I said that people  
9 | should be able to elect their candidates. Candidates  
10 | shouldn't be able to elect their people. And in the  
11 | drawing of these lines, it seems like the candidates are  
12 | electing their voters versus the voters being able to  
13 | elect some of their candidates.

14 | Q. Okay. So there's -- someplace there's a more  
15 | complete statement that this was taken from?

16 | A. I would say so.

17 | Q. Do you have a copy of that?

18 | A. Do I have a copy of it?

19 | Q. Yes, ma'am.

20 | A. I would look for the copy of the statement that  
21 | I -- complete statement that I wrote.

22 | Q. Yeah. Okay. Did you write it specifically for  
23 | this article or was the statement just one that you had  
24 | written and made and then got added to this document?

25 | A. No. That asked for a statement. I gave a

1 statement, and I'll look for a copy of that statement  
2 and I'll give it to my attorney so she can read exactly  
3 what I said.

4 Q. Okay. All right. Well, I appreciate that.

5 MR. RUSSO: I'm going to pass the witness  
6 at this time.

7 A. Okay. Thank you.

8 MS. CHEN: Thank you, and I'll reserve  
9 questions for trial. I'd like to read and sign and also  
10 order a rush copy, please.

11 THE VIDEOGRAPHER: Off the record, 6:16.

12 THE REPORTER: Mr. Russo, would you also  
13 like to order it rush?

14 MR. RUSSO: Yes, please.

15 (Proceedings concluded.)

REPORTER'S CERTIFICATION

ORAL AND VIDEOTAPED DEPOSITION OF

BARBARA ANDERS

APPEARING AS CORPORATE REPRESENTATIVE OF

PLAINTIFF NAACP MAINLAND BRANCH

APRIL 21, 2023

-----

15 I, Velma C. LaChausse, Shorthand Reporter and  
 16 Notary Public in and for the State of Texas, hereby  
 17 certify to the following:

18 That the witness, BARBARA ANDERS, was duly sworn by  
 19 the officer and that the transcript of the oral  
 20 deposition is a true record of the testimony given by  
 21 the witness;

22 That the deposition transcript was submitted on  
 23 \_\_\_\_\_ to the witness or to the attorney  
 24 for the witness for examination, signature and return to  
 25 me by \_\_\_\_\_;

1           That pursuant to information given to the  
2 deposition officer at the time said testimony was taken,  
3 the following includes counsel for all parties of  
4 record:

5 Ms. Sarah Chen, Counsel for NAACP Mainland Branch  
6 Plaintiff;

7 Mr. Joseph R. Russo, Jr., Counsel for Defendants;

8           That \$\_\_\_\_\_ is the deposition officer's  
9 charges to the Defendant for preparing the original  
10 deposition transcript and any copies of exhibits;

11           I further certify that I am neither counsel for,  
12 related to, nor employed by any of the parties or  
13 attorneys in the action in which this proceeding was  
14 taken, and further that I am not financially or  
15 otherwise interested in the outcome of the action.

16           Certified to by me this 26th of April, 2023.

2 \* \* \*

3 THE VIDEOGRAPHER: Good morning.  
4 We're going on record at 9:17 a.m. Today's date is  
5 January 5, 2023. This is Media 1 of the video  
6 recorded deposition of Darrell Apffel.

7 Ms. Court Reporter, please swear in  
8 the witness.

9 DARRELL APFFEL,  
10 having been first duly sworn, testified as follows:

11 EXAMINATION

12 BY MS. VALL-LLOBERA:

13 Q. Good morning, Mr. Apffel.

14 A. Good morning.

15 Q. Could you please state your name for the  
16 record and spell it?

17 A. Darrell Apffel, D-A-R-R-E-L-L, A-P-F-F-E-L.

18 Q. Good morning. And thank you again for your  
19 time today.

20 My name is Diana Vall-Llobera. I work at  
21 the law firm Wilkie Farr & Gallgher. And I'm  
22 joined by co-counsel, Sarah Chen, from Texas Civil  
23 Rights Project, and Andrew Silberstein, who is also  
24 working for Wilkie Farr.

25 We are the attorneys for the Plaintiff, in

1 Dickinson Bay Area Branch NAACP, Galveston Branch  
2 NAACP, Mainland Branch NAACP, Galveston LULAC  
3 Council 151, Edna Courville, Joe Compian, and Leon  
4 Phillips versus Galveston County, Texas, the  
5 Honorable Mark Henry, Dwight D. Sullivan.

6 This case is consolidated with the cases  
7 brought by Terry Petteway, and other individuals,  
8 as well as the case brought by the Department of  
9 Justice in Galveston County, in the Southern  
10 District of Texas.

11 Counsel for Petteway and DOJ will also have  
12 the opportunity to ask question after I'm done,  
13 before your counsel asks any questions that he may  
14 have.

15 Before we start with questions, I wanted to  
16 go over a few expectations for today. If anything  
17 I say is unclear or if you have any questions, let  
18 me know.

19 So, first, today, we have with us our court  
20 reporter --

21 MS. VALL-LLOBERA: Sorry.

22 THE REPORTER: Amy Prigmore.

23 Q. (BY MS. VALL-LLOBERA) -- Amy, thank you.  
24 She'll be making a transcript of everything that  
25 occurs in the deposition today.

1           To ensure that -- an accurate record and  
2           help Amy with the written transcript, I ask that  
3           you give verbal responses to all my questions, as  
4           opposed to simply shaking or nodding your head.

5           Do you agree?

6           A. I agree.

7           Q. To make a clear record, it's also important  
8           that we not interrupt or talk over each other.  
9           I'll try my best not to interrupt you when you're  
10          responding, and I'll ask that you wait until I  
11          finish my question before giving your answer.

12          Will you do that?

13          A. Yes.

14          Q. I will be asking you questions about your  
15          knowledge of certain events.

16          If you could help clarify the record by  
17          being clear when you don't know something or you  
18          can't recall something, versus when the answer is  
19          no, that will help make the record clear.

20          I'll ask you to clarify between those  
21          responses, if your answer is unclear to me.

22          You have been sworn in, which means that  
23          you're under oath, and you have an obligation to  
24          give accurate and truthful testimony today. If I  
25          ask you a question and you don't understand, let me

1 know and I will clarify or rephrase.

2 If you do not ask for clarification, I will  
3 assume you understood my question and that you are  
4 answering the question I've asked.

5 Do you understand?

6 A. Yes.

7 Q. Is there any reason that you might not be  
8 able to give full and truthful testimony today?

9 A. No.

10 Q. Are you currently on any medication that may  
11 affect your testimony?

12 A. No.

13 Q. Have you consumed any alcohol today?

14 A. No.

15 Q. Do you understand that you can't communicate  
16 with anyone else about the deposition, whether in  
17 person, e-mail, text message, Zoom, or any other  
18 way, about your testimony or the questions I'm  
19 asking, while your deposition is being taken today,  
20 other than to consult with your attorney about  
21 issues of privilege?

22 A. Okay.

23 Q. If you need a break at any point during the  
24 deposition, please let me know and we will  
25 accommodate that. If I have just asked you a

1 question, I will ask you to respond to that  
2 question before we take a break.

3 Is that clear?

4 A. It's clear. But I'll rely on my lawyer what  
5 we do.

6 Q. Have you been deposed before?

7 A. One time.

8 Q. When did that deposition take place?

9 A. I don't know.

10 Q. More or less, when did this occur?

11 A. Seven, eight years ago.

12 Q. What were you deposed before?

13 A. I'm a plaintiffs personal injury lawyer. I  
14 had a medical malpractice case. Under the statute,  
15 you have to give notice of filing suit, and that  
16 tolls the statute of limitations for 75 days. There  
17 was an issue whether or not the -- we were within  
18 that tolling period.

19 Q. I understand.

20 Did this case involve the Voting Rights Act?

21 A. No.

22 Q. Did it involve any allegations of racial  
23 discrimination?

24 A. No.

25 Q. Have you taken depositions before?

1 A. Hundreds.

2 Q. Did any of those cases involve the Voting  
3 Rights Act?

4 A. No.

5 Q. Did any of those cases involve racial  
6 discrimination?

7 A. No.

8 Q. Did you meet with anyone to prepare for this  
9 deposition?

10 A. My lawyer.

11 Q. And what was the purpose of meeting with  
12 your counsel to prepare for that -- for this  
13 deposition?

14 A. Preparation.

15 Q. When did you meet with your attorney?

16 A. Yesterday.

17 Q. Where did you meet?

18 A. His office.

19 Q. For how long did you meet?

20 A. Two hours.

21 Q. Did you meet for -- with your attorney to  
22 prepare for this deposition any other time, other  
23 than yesterday?

24 A. One time.

25 Q. What was the previous time -- what was the

1 other time that you met?

2 A. I don't remember. A couple of weeks ago.

3 Q. Where did you meet that time?

4 A. My lawyer's office.

5 Q. And for how long did you meet during that --

6 A. 30 minutes.

7 Q. And I'll remind you, let me finish my

8 question, even if you know where it's going, just

9 to keep the record clear.

10 A. I'm sorry.

11 Q. Did you review any documents in preparation

12 for the deposition?

13 A. Some discovery.

14 Q. What types of documents did you review?

15 A. Some discovery.

16 Q. When you say some discovery, do you mean --

17 could you elaborate?

18 A. Your interrogatories with -- and our

19 answers.

20 Q. Okay. Did you review any other documents?

21 A. Couple of my e-mails, maybe. Documents that

22 were produced to you.

23 Q. Do you -- do you recall roughly what number

24 of documents you reviewed?

25 A. Less than five.

1 Q. Did these documents refresh your memory of  
2 events, conversations, and the like?

3 A. Only those e-mails.

4 Q. How else did you prepare for this  
5 deposition?

6 A. I went to bed last night early and got up,  
7 so that I would be fresh.

8 Q. Okay. We're going to move to some questions  
9 about your personal background.

10 Where were you born?

11 A. Galveston, Texas.

12 Q. Island or a county?

13 A. The island.

14 Q. Okay.

15 A. St. Mary's Hospital.

16 Q. And where did you grow up?

17 A. Galveston Island, Galveston County.

18 Q. Okay. Have you ever lived on Bolivar?

19 A. Never have.

20 Q. Where do you currently live?

21 A. League City, Texas.

22 Q. And how long have you lived there?

23 A. Since 2012.

24 Q. And what area of League City do you live in?

25 Does -- is it a neighborhood with a name or any

1 more --

2 A. Tuscan Lakes.

3 Q. Could you describe your professional  
4 background a little bit?

5 A. I'm a lawyer. This May will be 36 years.  
6 I've been in private practice all of those years.  
7 My 31-year-old son is my law partner. I am also in  
8 business with my 28-year-old son. We own a lumber  
9 yard together.

10 Q. Do you identify as a Republican?

11 A. I do.

12 Q. When did you first become involved in  
13 politics?

14 A. 2003.

15 Q. Have you always identified as a Republican?

16 A. I have not.

17 Q. In 2003, did you identify as a Democrat?

18 A. I did.

19 Q. What years did you identify as a Democrat?

20 A. 2003 to 2013, I was the Democratic JP of  
21 then Precinct 7.

22 Q. And JP stands for Justice of the Peace?

23 A. Yes.

24 Q. What caused you to switch parties?

25 A. The move of the population in Galveston

1 County.

2 Q. Why would the shift in population in  
3 Galveston party affect your political affiliation?

4 A. Because you -- you run on a party ticket.  
5 And if the majority is -- you believe is one way or  
6 another, that's the ticket you choose, in my  
7 opinion.

8 Q. So you have run for elected office, correct?

9 A. Many times.

10 Q. When was your first run?

11 A. January 2004. I was appointed in 2003, and  
12 ran -- had to -- for a -- un -- un -- what do you  
13 call it, unfinished term of the then Justice of the  
14 Peace. And so I had to then immediately file to  
15 run.

16 Q. Who appointed you?

17 A. The then Commissioners Court.

18 Q. Was that the decision by the whole  
19 Commissioners Court?

20 A. Yes, I believe.

21 Q. When you first ran in -- you said 22 --  
22 January 2004?

23 A. Yes, ma'am.

24 Q. Was there a primary or did you run  
25 against -- were you opposed?

1           A. I was opposed -- someone else filed, and  
2 then dropped out.

3           Q. Okay. Could you describe the campaigning  
4 process for that first election? I -- I'll be more  
5 specific.

6                     Did you announce a campaign formally?

7           A. Possibly. I don't remember.

8           Q. Where did you -- did you campaign?

9           A. Attending events in my communities.

10          Q. What kind of events?

11          A. Back then, I was -- my children were  
12 younger. And so it would have been football  
13 booster, baseball booster, those types of events.  
14 Foot -- you know, high school, and school events.

15          Q. Did you -- did you put on any events?

16          A. I did not.

17          Q. Okay. Did any groups put on events  
18 specifically for your campaign?

19          A. Not that I recall.

20          Q. And when -- a little earlier, you referred  
21 to your communities, is -- like events in your  
22 communities.

23          A. Uh-huh.

24          Q. What -- what was your community?

25          A. Well, Texas City, during that time, from --

1 we moved to Texas City and raised our children, and  
2 were there 17 years, from 1997 to 2012.

3 And so, that encompassed that time I was the  
4 Justice of the Peace.

5 Q. When you were Justice of the Peace, what  
6 geographic area constituted your -- your  
7 constituency?

8 A. There was nine Justice of the Peace  
9 precincts back then -- eight, but one with two  
10 places.

11 And so I was Precinct 5. I said 7 earlier,  
12 but I think it was 5, Precinct 5. And it was  
13 basically Texas City proper.

14 Q. I see. When you say Texas City proper, what  
15 do you mean?

16 A. From 45 -- I-45, which goes from Galveston  
17 to Houston, east, to the bay. And from the middle  
18 of Texas City, which is Palmer Highway, or 9th  
19 Avenue North, to the Dickinson bayou -- no,  
20 possibly a little further, but not much. That was  
21 it.

22 Q. And how long did you serve as Justice of the  
23 Peace?

24 A. Until 2013, I believe.

25 Q. So about 12 years?

1 A. That's right. Ten years.

2 Q. And how many election cycles was that?

3 A. So I ran in four. I was reelected in '8,  
4 and I can't remember how it went. If I -- I was  
5 reelected in '12, and then they redistricted, or  
6 how that went. I think that's how it went.

7 Q. So how did you further develop your  
8 community ties, when you were Justice of the Peace?

9 A. I was born and raised in Galveston County,  
10 and I was very active and involved in my children,  
11 and their school, and the community. And that's --  
12 and the church. That's how I -- I was active.

13 Q. Earlier, you mentioned football games.

14 Is that how you were involved in your kids'  
15 school?

16 A. I mean, you know, you -- not -- that's one  
17 way. But I mean, that's -- once they're in high  
18 school, you know, they -- they both -- they -- all  
19 three played baseball, football, and soccer.

20 Q. Were you ever in contact with the NAACP or  
21 LULAC?

22 A. I don't understand the question.

23 Q. When we are referring to your ties to the  
24 community, you referred to football games and your  
25 children's school and church. And I have some

1 follow-up questions about your general statement  
2 that you had ties to the community, other than  
3 those.

4 So, were you affiliated with any local  
5 organizations?

6 A. Affiliated as in a member of the NAACP? Or  
7 what do you mean by that, affiliated? I don't know  
8 what that means.

9 Q. More generally, were you affiliated --  
10 or were you a member of any other local  
11 organizations?

12 A. No.

13 Q. Any --

14 A. I'm not a very social person.

15 Q. No social clubs, no political organizations?

16 A. Not that I'm -- not that I recall, no.

17 Q. What church did you attend?

18 A. I was born and raised a Catholic, and went  
19 to St. Patrick's Elementary School. And graduated  
20 from the Catholic high school.

21 So I went to Catholic churches, until I  
22 married my wife in June of 1986. And we then  
23 started attending non-denominational church.

24 And I've been to several. But most  
25 recently, we are members of The Fellowship in

1 Texas City.

2 Q. In your role as Justice of the Peace, did  
3 you interact with the commissioners in their  
4 official capacity?

5 MR. RUSSO: Did you what? Sorry?

6 THE WITNESS: Interact.

7 Q. (BY MS. VALL-LLOBERA) Did you interact?

8 MR. RUSSO: Interact, sorry.

9 A. I mean, I'm going to say no.

10 Q. (BY MS. VALL-LLOBERA) Do you recall who the  
11 commissioners were around that time frame?

12 A. Eddie Janek, Eddie Barr, Stephen Holmes, and  
13 Judge Jim Yarbrough.

14 And then I was -- oh, and I -- that's only  
15 four. So, I'm missing one. Anyway, there's one  
16 missing.

17 Q. What about Ken Clark?

18 A. Ah, Mr. Clark, yes.

19 Q. So, thinking about, let's say, 2009 or 2010,  
20 were there Democrats on the Commissioners Court?

21 A. 2009, yes. 2010, no.

22 Q. What changed between 2009 and 2010?

23 A. The population. That was the big swing in  
24 the Galveston County.

25 Q. I see. So, in 2008 or 2009, then, how many

1 Democrats were on the Commissioners Court?

2 A. The judge and three commissioners.

3 Q. Okay. And in 2011, how many Democrats were  
4 there?

5 A. It was just the opposite. It was one  
6 Democrat, and three commissioners, Republican.

7 Q. In 2008, when you identified as a Democrat,  
8 did you work closely with the Democratic -- the  
9 Democrat commissioners?

10 A. You know, I may have misspoke, because it --  
11 because those terms are -- are staggered. So  
12 they're -- while the Republican judge took office  
13 in 2010, there might have still been two Democratic  
14 commissioners until their term in '12.

15 Q. Maybe we can rephrase a little more  
16 generally.

17 Was there a shift in the Commissioners Court  
18 from more Democratic to more Republican, between  
19 2005 and 2012?

20 A. Yes.

21 Q. Okay. Between that time period, did you  
22 work closely with any of the commissioners that --  
23 or the judge that identified a Democrat?

24 A. Patrick Doyle was my law partner.

25 Q. Did you share policy positions with him?

1 A. No.

2 Q. Did you share policy positions with the  
3 other commissioners?

4 A. No. I wasn't on the Court then.

5 Q. So you didn't -- so you didn't work with any  
6 of them in your official capacity?

7 A. As the JP?

8 Q. Correct.

9 A. No.

10 Q. So, in 2011, the County Commissioners Court  
11 sought to redistrict both the commissioner court --  
12 Commissioners Court, and the Justice of the Peace  
13 constable lines.

14 Do you recall this redistricting process?

15 A. Yes.

16 Q. Are you aware that in connection with the  
17 2010 census, a process was started to reconsider  
18 and, if necessary, redraw the Galveston  
19 Commissioners Court precinct maps?

20 A. Yes.

21 Q. Are you aware that a separate process was  
22 also started to reconsider, and, if necessary,  
23 redraw, the Galveston County Justice of the Peace  
24 and constable precinct maps?

25 A. Yes.

1 Q. Let's start with the Commissioners Court  
2 redistricting process in 2011.

3 Were you involved in that redistricting  
4 process?

5 A. No.

6 Q. Were you involved in your official capacity  
7 as a Justice of the Peace with either redrawing of  
8 the Commissioners Court lines, or the Justice of  
9 the Peace constable lines?

10 A. No.

11 Q. So you were not involved in proposing  
12 changes to the map?

13 A. No.

14 Q. And you had no involvement in promoting the  
15 adoption of any of the draft maps?

16 A. Correct.

17 Q. Were you aware of public hearings for these  
18 maps?

19 A. Possibly. I just can't recall.

20 Q. Did you attend any of the public hearings?

21 A. Not that I recall.

22 Q. So, as Justice of the Peace, you wouldn't  
23 have been informed of these hearings, that might  
24 affect your seat?

25 A. Would I have been informed? I was informed,

1 along the way, what they were doing, I'm going to  
2 say, to me. So, yes, I knew. But I don't recall  
3 any hearings, public meetings.

4 Q. I'm going to look at my notes for a moment.

5 Who informed you about the update in the  
6 redistricting process?

7 A. No one. I mean, it's just what you -- what  
8 I would know and understand, and hear, and feel,  
9 and...

10 Q. Where would you learn this information?

11 A. I can't answer that. I don't know. I don't  
12 know how to tell you.

13 Q. Do you read the Galveston Daily News?

14 A. Oh, possibly in the -- maybe there. Yes,  
15 that's a great spot for public information,  
16 possibly it was there.

17 Q. Do you -- do you read other newspapers,  
18 likes Houston Chronicle?

19 A. I do not.

20 Q. Do you read other news publications, local  
21 or otherwise?

22 A. I don't remember of any others at the time.  
23 There might have been the Texas City Sun. There  
24 was a little paper in Texas City at the time.

25 Q. Did you know that as part of the

1       redistricting process, the county held five public  
2       hearings on the proposed changes?

3             A.   Huh, I don't recall that.

4             Q.   Did you know that over 300 people attended  
5       just one of those sessions?

6             A.   Obviously not.

7             Q.   Are you familiar with the term,  
8       redistricting criteria?

9             A.   No.

10            Q.   Were you aware of -- excuse me.  
11                Are you currently familiar with the term,  
12       redistricting criteria?

13            A.   You would have to just tell me what it is  
14       and then I can tell you if I know what it is.

15            Q.   I'm going to shift gears to the Justice of  
16       the Peace constable redistricting.

17                What was your involvement in the 2011  
18       redistricting process?

19            A.   Zero.

20            Q.   Did you speak with any commissioners or the  
21       judge, or their staff?

22            A.   I spoke with one commissioner that the --  
23       the then, my predecessor, the then commissioner,  
24       Ryan Dennard, one time, in my JP office, about the  
25       redistricting.

1 Q. What did you discuss?

2 A. I don't want to combine -- I don't want to  
3 consolidate nine precincts to four.

4 Q. So you opposed consolidation?

5 A. I didn't oppose it. That, to me, sounds  
6 like I went out and did something. I was against  
7 it.

8 Q. Why were you against it?

9 A. Because I knew that it was going to affect  
10 my ability to be elected.

11 Q. Were you concerned about losing your elected  
12 position?

13 A. No. I just wanted to continue to serve.

14 Q. So --

15 A. Let me rephrase that. It was going to  
16 affect my ability to be reelected as a Democrat.

17 Q. At this point, had you seen proposed maps  
18 that would affect your ability to run as a  
19 Democrat?

20 A. I don't recall seeing maps.

21 Q. So, was this a general concern, that any  
22 changes could affect your ability to run as a  
23 Democrat?

24 A. Well, it was different, because it was a  
25 consolidation of precincts. So it -- that was

1 going to be put two JPs into one precinct.

2 Q. So, you recall one conversation with  
3 Commissioner Dennard, but you don't recall -- but  
4 am I understanding correctly that you don't recall  
5 participating in the process?

6 A. I didn't participate.

7 Q. Did you -- and you didn't participate as a  
8 private citizen, either?

9 A. No.

10 Q. What did the Commissioners Court propose to  
11 change about the Justice of the Peace lines?

12 A. Consolidation.

13 Q. From how many to how many?

14 A. Well, from -- from -- it's nine, because one  
15 was two places. So from nine to four.

16 Q. And you didn't attend any public hearings  
17 related to that?

18 A. I don't recall any, no.

19 Q. Do you recall that several Justices of the  
20 Peace sued the county in 2011 over its proposal?

21 A. I do.

22 Q. What was your involvement in the lawsuit?

23 A. I was not a party.

24 Q. Did you have any other involvement in the  
25 lawsuit?

1 A. I did not.

2 Q. What was your opinion of the lawsuit?

3 A. I had -- I did not have one.

4 Q. Did you support the lawsuit?

5 A. I did not. I mean, I don't -- again, I was  
6 not a party.

7 Q. In your personal capacity, did you support  
8 the lawsuit to stop consolidation?

9 MR. RUSSO: Objection; asked and  
10 answered.

11 Q. (BY MS. VALL-LLOBERA) You may answer the  
12 question.

13 A. So, support the lawsuit, I don't know what  
14 that means. I mean, I -- I was not a party. I did  
15 not participate. So that's -- that's all I know.

16 Q. Did you make any statements -- let me  
17 rephrase.

18 Did you make any public statements opposing  
19 that the -- the redistricting planning?

20 A. I don't recall.

21 Q. Did you know that in 2011, the Voting Rights  
22 Act required Galveston County to seek and obtain  
23 preclearance from the Department of Justice for  
24 enacting new precinct lines for Commissioners  
25 Courts or JPs and constables?

1 A. Now, that's a very broad general statement.

2 So the answer is yes, I knew that, but I don't know

3 what that means.

4 Q. What do you understand about that

5 question --

6 A. I don't know what it means. I know that

7 it's no longer required, and that that lawsuit was

8 taken -- the lawsuit was about that, and the county

9 won.

10 Q. What is no longer required?

11 A. Preclearance.

12 Q. What is your understanding of the Voting

13 Rights Act?

14 A. I don't have an understanding. I mean, one

15 man, one vote.

16 Q. Did you know that pursuant to Section 5 of

17 the Voting Rights Act, the county submitted a

18 preclearance letter with proposed maps subject to

19 the DOJ's approval?

20 A. No.

21 MR. RUSSO: Object as vague.

22 Q. (BY MS. VALL-LLOBERA) Excuse me, I

23 didn't --

24 MR. RUSSO: Vague.

25 Q. (BY MS. VALL-LLOBERA) Were you aware that

1 the county submitted a preclearance letter with  
2 proposed maps to the DOJ, pursuant to Section 5 of  
3 the Voting Rights Act?

4 MR. RUSSO: Vague and ambiguous.

5 A. Was I aware? Maybe. But I don't recall.

6 Q. (BY MS. VALL-LLOBERA) But you did  
7 understand that the DOJ had to approve the new maps  
8 before they could be enacted.

9 Is that correct?

10 A. Not -- not specifically. I just knew what  
11 you said was the law.

12 Q. What did you understand preclearance to  
13 mean?

14 A. I don't -- in the common sense, to me, it  
15 means they had to approve it. But I don't know.

16 Q. Do you know that the Department of Justice  
17 rejected the county's submission?

18 A. No. It obviously didn't matter.

19 Q. Why is that?

20 A. Because the Federal court ruled that what  
21 they did was sufficient and legal.

22 Q. Did you know that the attorney, Dalton  
23 Oldham, was part of the team hired by the county to  
24 prepare that preclearance proposal?

25 A. No.

1 MS. VALL-LLOBERA: I would like to  
2 introduce an exhibit. It's going to be Tab 2.  
3 Thank you.

4 (Voices en sotto.)

5 MS. VALL-LLOBERA: So I am  
6 introducing Exhibit 1, which was produced as  
7 Defendants DEFS00010522.

8 Q. (BY MS. VALL-LLOBERA) This --

9 (Exhibit 1 is marked.)

10 MR. RUSSO: Sorry, Counsel. For  
11 clarity, you're going to mark this as Apffel  
12 Exhibit 1, or maybe you sort of need to --

13 MS. VALL-LLOBERA: Apffel Exhibit 1.  
14 Thank you.

15 Q. (BY MS. VALL-LLOBERA) This is an e-mail  
16 from Patricia Grady, legal liaison to Judge Henry,  
17 attaching a document entitled, Order Enjoining the  
18 Implementation of Voting Changes.

19 The date on this e-mail is November 22,  
20 2011.

21 Is that correct?

22 A. Yes.

23 Q. Do you recognize this e-mail?

24 A. No.

25 Q. Do you see that you are a recipient of this

1 e-mail, in the to line, on the first page?

2 A. Yes.

3 Q. If you turn to the next page -- the next  
4 three pages, that show the attachment, do you  
5 recognize this document?

6 A. This letter? Do I recognize it?

7 Q. Yes, and the attached order.

8 A. I recognize -- no.

9 Q. Did you respond?

10 A. The answer is no, to the letter. I'll read  
11 the order.

12 (The witness peruses the document.)

13 A. I don't recognize it, no.

14 Q. (BY MS. VALL-LLOBERA) Going back to the  
15 first page that shows the e-mail, why did you  
16 receive this e-mail?

17 A. I guess because --

18 MR. RUSSO: Objection; speculation.

19 A. -- I was the JP. It looks like it went to  
20 all Justice of the Peace constables and  
21 commissioners.

22 Q. (BY MS. VALL-LLOBERA) Did you read the  
23 attached order at the time?

24 A. Not that I recall.

25 Q. Do you usually read your e-mails?

1 A. All the time.

2 Q. Do you usually read the attachments to  
3 e-mails?

4 A. I do.

5 Q. You mentioned a few moments ago that it  
6 didn't matter -- it -- the preclearance issue  
7 didn't matter because the maps were -- were -- the  
8 Court ultimately made a decision that affected  
9 that? Am I -- am I recalling that correctly?

10 A. We've been four precincts since those maps  
11 were redrawn, in whatever year that was. And I  
12 know that the Federal court just finally ruled in  
13 favor of the county.

14 Q. And to clarify my understanding, is it your  
15 contention that a Federal court approved Galveston  
16 County's 2011 redistricting maps?

17 MR. RUSSO: Object as vague and  
18 ambiguous.

19 A. I don't -- I don't know that.

20 Q. (BY MS. VALL-LLOBERA) Going back to the  
21 2011 maps, you knew that -- you stated previously  
22 that you understood that the Voting Rights Act  
23 required Galveston County to seek and obtain  
24 preclearance from the DOJ, correct?

25 A. Generally. You stated that, and I said I

1 know something -- I've heard that. That's about  
2 all I know about it.

3 Q. In 2011, were you familiar with the  
4 requirements of the Voting Rights Act relating to  
5 redistricting?

6 A. No.

7 Q. What was your understanding of what the  
8 Voting Rights Act required?

9 A. Like I said, best way I know is, one man,  
10 one vote. But I don't -- don't really know.

11 MS. VALL-LLOBERA: I would like to  
12 introduce the next Exhibit 2, which is going to be  
13 Tab 3.

14 (Exhibit 2 is marked.)

15 (Voices en sotto.)

16 THE WITNESS: Do we have others on  
17 zoom?

18 MS. VALL-LLOBERA: Yes, sir.

19 MR. RUSSO: There are other counsel  
20 there.

21 THE WITNESS: And are those lawyers  
22 that are going to be questioning me, or are the  
23 lawyers that are questioning me here?

24 MR. RUSSO: I don't know the answer  
25 to that.

1 THE WITNESS: Well, so, where --  
2 where is the lawyers? Where are they?

3 MR. RUSSO: See, they're attending  
4 right here, on our screen.

5 Q. (BY MS. VALL-LLOBERA) So, Mr. --  
6 Mr. Apffel, there may be additional questions from  
7 counsel for DOJ or counsel for Petteway, at the end  
8 of my questioning.

9 A. And they're on Zoom?

10 Q. Correct.

11 A. Okay.

12 Q. So, I'm introducing exhibit -- Apffel  
13 Exhibit 2. This is an e-mail from -- excuse me.  
14 This is a letter from the DOJ explaining the  
15 rejection of the preclearance submission we just  
16 discussed. It's dated March 5, 2012.

17 Is that the correct date?

18 A. Yes.

19 Q. Have you seen this before?

20 A. I don't recall.

21 Q. Were you aware of this document?

22 A. I don't remember being, but possibly.

23 Q. Do you recall the preclearance submission  
24 being rejected?

25 A. I don't.

1 Q. I would like you to turn your attention to  
2 some of the DOJ's reasoning for rejecting the  
3 county's submission.

4 So -- excuse me one moment.

5 On page 2 of the letter, in the second full  
6 paragraph, the first sentence said -- I'll read the  
7 first sentence. It says: Based on our analysis of  
8 the evidence, we have concluded that the county has  
9 not met its burden of showing that the proposed  
10 plan was adopted with no discriminatory purpose.

11 Did I read that correctly?

12 A. Yes.

13 Q. I'll read the next two sentences: We start  
14 with the county's failure to adopt, as it had in  
15 previous redistricting cycles, a set of criteria by  
16 which the county would be guided in the  
17 redistricting process. The evidence establishes  
18 that this was a deliberate decision by the county  
19 to avoid being held to a procedural or substantive  
20 standard of conduct with regard to the manner in  
21 which it complied with the constitutional and  
22 statutory requirements of redistricting.

23 Did I read that correctly?

24 A. Yes.

25 Q. Were you aware that the county had adopted

1 | criteria during previous redistricting cycles to  
2 | guide the redistricting process?

3 | A. It -- that sounds like you're saying they  
4 | did. Are you -- are you saying they did have a  
5 | criteria? I don't know. I wasn't involved.

6 | Q. Starting at the page -- top of page 3, I'll  
7 | read a sentence that begins on the first full  
8 | paragraph: That this retrogression in minority  
9 | voting strength in Precinct 3 is neither required  
10 | nor inevitable heightens our concern that the  
11 | county has not met its burden of showing that the  
12 | change was not motivated by any discriminatory  
13 | purpose.

14 | Did I read that correctly?

15 | A. Yes.

16 | Q. Do you understand that sentence?

17 | A. Do not.

18 | Q. Do you understand what the term,  
19 | retrogression in minority voting strength, means?

20 | A. I do not.

21 | Q. Do you know what that phrase refers to?

22 | MR. RUSSO: Objection; asked and  
23 | answered.

24 | Q. (BY MS. VALL-LLOBERA) All right. Outside  
25 | of the specifics of this redis -- this 2011

1 redistricting order, do you understand the concept  
2 of retrogression in minority voting strength?

3 A. No.

4 Q. One moment.

5 Now moving on from that document, I know the  
6 proposed consolidation of -- let me rephrase.

7 I understand the proposing -- the proposed  
8 consolidation of Justice of the Peace and constable  
9 precincts from eight to five, four or five, ended  
10 up in court. And I don't want to get too deep into  
11 that right now. But I do want to ask a few more  
12 questions about 2013.

13 Do you recall that the Commissioners Court  
14 adopted Justice of the Peace and constable maps in  
15 early 2013 that maintained eight precincts for each  
16 position?

17 A. No.

18 (Voices en sotto.)

19 MS. VALL-LLOBERA: I'm introducing  
20 Apffel Exhibit 3. This is a very long document, so  
21 we only have two versions. But it's available on  
22 Exhibit Share.

23 (Exhibit 3 is marked.)

24 Q. (BY MS. VALL-LLOBERA) Okay. So, the first  
25 page is an e-mail from Paul Ready to Tyler

1 Drummond, dated October 26, 2021.

2 Is that correct?

3 A. Yes.

4 Q. Okay. The subject is Re: 2010 census  
5 redistricting order.

6 Is that correct?

7 A. Yes.

8 Q. So are you a recipient of this e-mail?

9 A. No.

10 Q. Let me make sure the record is clear. This  
11 is an e-mail from Veronica Van Horn to Paul Ready  
12 and copying Tyler Drummond.

13 Is that correct?

14 A. Yes.

15 Q. I want to turn your attention to Bates  
16 number DEFS00929338. So, if there -- they are in  
17 numerical order.

18 A. 299 -- what?

19 Q. 29338.

20 A. Okay.

21 Q. This is an order establishing the boundaries  
22 of the justice constable precincts in Galveston  
23 County to be effective January 1, 2014.

24 Did I read that correctly from the box on  
25 the first page -- or on that page? Excuse me.

1 A. Uh-huh, yes.

2 Q. And this is dated February 11, 2013, on  
3 the -- the first line of this -- of this page.

4 Is that correct?

5 A. Yes.

6 Q. Does this refresh your memory about the  
7 adoption of a -- let me rephrase.

8 Does this refresh your memory about the  
9 Commissioners Court establishing these boundaries?

10 A. No. You just said they kept eight and that  
11 confused me. I -- this is what I recall, is they  
12 went to four, because I lost my place.

13 Q. Okay. We'll get to when they get to four,  
14 but in early 2013, they set boundaries for eight,  
15 according to this document.

16 A. Okay. I believe you.

17 Q. So as these conversations were happening  
18 about redrawing the lines, you were not -- is it  
19 accurate to say that you weren't monitoring the  
20 process closely?

21 A. I had an ear and an eye towards all of this,  
22 but I had no involvement. I had no corporation.  
23 And I just waited for -- to see what happened.

24 Q. Other than the conversation you had with  
25 Commissioner Dennard, did you have other

1 conversations about these JP or constable lines?

2 A. No.

3 Q. What ultimately happened with the Justice of  
4 the Peace constable lines?

5 A. They were consolidated.

6 Q. Can you state how many constable lines --  
7 how many -- into how many?

8 A. Four.

9 Q. Why did the map consolidate to four  
10 precincts, instead of five, as suggested in 2011?

11 A. I don't know.

12 MR. RUSSO: Objection; speculation.

13 Q. (BY MS. VALL-LLOBERA) So, you were just a  
14 passive observer while your political future was  
15 threatened by consolidation?

16 A. I didn't see my political future as  
17 threatened. I saw it as a change of the current  
18 times via population, and I would deal with it  
19 accordingly.

20 Q. I would like to --

21 A. And I did.

22 Q. And you did what?

23 A. Dealt with it accordingly.

24 Q. How did you deal with it?

25 A. I'm now the Republican commissioner.

1 Q. Can you -- well, let me rephrase.

2 Once the new lines for Justice of the Peace  
3 were -- were redrawn, what -- what happened to your  
4 seat?

5 A. It -- the flame burned out, if you will, at  
6 the end of 2013.

7 Q. Can you say that again?

8 A. The flame -- it -- it ended, in -- at the  
9 end of '13.

10 Q. And why did it end?

11 A. Because they consolidated.

12 Q. Did your seat disappear?

13 A. Yes. It went from Precinct 7 to Precinct 1,  
14 I believe.

15 Q. Did you automatically lose your seat, when  
16 that happened?

17 A. Yes.

18 Q. Did you run under the new map for Justice of  
19 the Peace?

20 A. I did.

21 Q. Who did you run against?

22 A. Penny Pope.

23 Q. And who is Penny Pope?

24 A. I don't know. I mean, she was a -- she was  
25 the other JP that consolidated with me.

1 Q. So, to clarify, you ran as a, you know,  
2 Justice of the Peace from your precinct, against  
3 a -- an also then sitting Justice of the Peace of a  
4 different precinct?

5 A. Correct.

6 Q. Was this -- would -- excuse me. Was she  
7 Democrat?

8 A. Yes.

9 Q. Did you -- was -- did you run against her in  
10 a primary?

11 A. I did.

12 Q. And who won?

13 A. She did.

14 Q. Were there any other people in that primary  
15 base?

16 A. Not that I recall.

17 Q. Did she go on to win the general election?

18 A. She was unopposed, as I believe. So the  
19 answer is yes.

20 Q. Do you recall the margin of victory for  
21 Penny Pope in the primary against you?

22 A. No.

23 Q. Why do you think you lost?

24 A. I don't know.

25 Q. Is Penny Pope African-American?

1 A. She is.

2 Q. Was the -- was the new precinct that you  
3 were running in a majority minority?

4 A. I don't know what that means.

5 Q. Was the new precinct that you were running  
6 in -- let me rephrase.

7 Did the precinct that you were running in  
8 for Justice of the Peace against Penny Pope have a  
9 population that was more than 50 percent white?

10 MR. RUSSO: Objection; calls for  
11 speculation.

12 A. Yeah, I don't know.

13 Q. (BY MS. VALL-LLOBERA) Do you recall what  
14 the constituency was, for your new -- for the new  
15 precinct that you ran in?

16 A. I just can't remember the lines. No, I  
17 don't remember.

18 Q. You have referred to changes in population  
19 earlier today. Can -- can you describe what the  
20 constituency was like for Precinct 5, when you ran  
21 and lost against Penny Pope?

22 MR. RUSSO: Object as vague.

23 A. Yeah, I don't know. I...

24 Q. (BY MS. VALL-LLOBERA) Do you recall what  
25 geographic areas were within Precinct 5?

1 A. That's what I said, I don't remember the  
2 lines.

3 Q. So you ran as a Democrat, correct?

4 A. That's what I said, yes.

5 Q. But another Democrat won the seat, correct?

6 A. That's what I said, yes.

7 Q. After you lost your seat, did you stay  
8 politically involved?

9 A. I did.

10 Q. Was there a gap between when you were  
11 Justice of the Peace and when you ran for  
12 commissioner?

13 A. One year, two years, something like that.

14 Q. How did you stay politically involved?

15 A. I switched parties, in the year 2015, and  
16 identified myself as a Republican, and ran on the  
17 2016 ticket.

18 Q. Did you stay connected with the community,  
19 even when you weren't a Justice of the Peace?

20 A. It's really about community.

21 MS. VALL-LLOBERA: I would like to  
22 introduce one more exhibit at this time.

23 MR. RUSSO: For the day?

24 MS. VALL-LLOBERA: Yeah. No.

25 THE WITNESS: Thank you.

1 MS. VALL-LLOBERA: For this moment.

2 THE WITNESS: I'm so glad we're  
3 done.

4 MR. RUSSO: Just trying to get a  
5 commitment out of you.

6 MS. VALL-LLOBERA: I'm going to  
7 introduce Tab 4. I'm introducing Apffel Exhibit 4.

8 (Exhibit 4 is marked.)

9 Q. (BY MS. VALL-LLOBERA) This is a printout  
10 from the Galveston County website.

11 Does this look familiar to you?

12 A. It does.

13 Q. Do you recognize this biography?

14 A. I do.

15 Q. I want to direct your attention to the  
16 second page of this printout, the next-to-last  
17 paragraph. About two, three, four, five -- on the  
18 fifth line, starting in the middle, I'm going to  
19 read a sentence out loud.

20 During his tenure, Darrell worked closely  
21 with the Galveston County Commissioners in trying  
22 to resolve the much opposed redistricting  
23 consolidation.

24 Do you recognize this sentence?

25 A. I do.

1 Q. How did you work closely with the Galveston  
2 County Commissioners, in trying to resolve the much  
3 opposed redistricting consolidation?

4 A. I asked Ryan Dennard to come to my JP office  
5 and have a meeting with me, and tried to get him to  
6 not consolidate the precincts, which I've  
7 previously referenced to you.

8 Q. And you think that constitutes working  
9 closely with the Galveston County Commissioners?

10 A. That's -- that's what I did. So, if you  
11 don't think so, that's up to you. I'm -- but  
12 that's -- yes, that's what I did.

13 Q. So in 2023 --

14 A. It was closer than anybody else, because the  
15 rest were suing.

16 Q. So in 2023, the redistricting consolidation  
17 process that began in 2011 is still a relevant  
18 experience?

19 A. I'm sorry, I don't understand the question.

20 Q. So this is in your 2023 biography, correct?

21 A. Okay.

22 Q. And -- and you think your experience,  
23 working with Commission Dennard is still a relevant  
24 experience today in your role as commissioner?

25 A. I never said I had experience. You're --

1 what are -- I don't call that experience. I  
2 don't -- I'm not -- I've told you all about it, I  
3 don't know, I don't profess to know.

4 And so, while I said that, I don't call that  
5 experience, or whatever you're calling it.

6 Q. Why did you include this sentence in your  
7 biography?

8 A. That's a -- not -- I don't recall. I hate  
9 this biography. I need to change it. It needs  
10 updating.

11 Q. Were you proud of your work as a justice of  
12 the precinct?

13 A. More than you'll ever know.

14 Q. Why do you refer to the redistricting  
15 consolidation as being much opposed?

16 A. Where in here did it say that?

17 Q. The end of the sentence, yes. It says --

18 A. Yeah, I don't -- again --

19 Q. -- you're trying to --

20 A. -- I don't -- I don't know. I -- I stand by  
21 the statement. It's an accurate statement. It was  
22 very much opposed, obviously based for all the  
23 reasons you've described.

24 And the closely working was what I did with  
25 Ryan Dennard to try to convince him otherwise.

1 Q. Who are the opponents?

2 A. What are you talking about?

3 Q. Who opposed the consolidation?

4 A. I don't remember the parties. I remember it  
5 was Constable Montez, Constable Petteway. I  
6 believe Penny Pope was -- was -- I don't remember.  
7 You have that, I'm sure. You can tell me and I'll  
8 agree.

9 Q. Would you agree that black and Latino  
10 Justice of the Peace and constables, thought the  
11 consolidation was racially discriminatory?

12 MR. RUSSO: Objection; vague and  
13 ambiguous, calls for speculation.

14 A. I don't recall if that's -- that's what --  
15 that's why they -- I thought it was about  
16 consolidation, and the -- the amount of work and  
17 all of that.

18 MS. VALL-LLOBERA: I think this  
19 would be an appropriate time to take a ten-minute  
20 break.

21 THE VIDEOGRAPHER: Off the record at  
22 10:14.

23 MR. RUSSO: Sir -- in the future,  
24 sir, can we wait until we get agreement to go off  
25 the record.

1 THE VIDEOGRAPHER: Okay.

2 MR. RUSSO: And just -- just so we  
3 know --

4 THE REPORTER: Are we still on?

5 MR. RUSSO: No, we can go off.

6 (Break.)

7 THE VIDEOGRAPHER: Back on the  
8 record at 10:30. Please proceed.

9 THE WITNESS: I had one  
10 clarification statement. I just read my bio. I  
11 like this bio. I'm sorry. This was not the one I  
12 was thinking.

13 Now, I do object to the young guy in  
14 this picture. But other than that, it's all good.

15 Q. (BY MS. VALL-LLOBERA) Thank you for that  
16 clarification.

17 MS. VALL-LLOBERA: I would like to  
18 introduce Tab 39, the next exhibit. This exhibit,  
19 I don't have a hard copy, but it is available on  
20 Exhibit Share.

21 MR. RUSSO: I'll put this in front  
22 of him.

23 MS. VALL-LLOBERA: Thank you.

24 It's going to be Apffel Exhibit 5.

25 (Exhibit 5 is marked.)

1 Q. (BY MS. VALL-LLOBERA) Do you see that, a  
2 news article is in front of you as Apffel  
3 Exhibit 5?

4 A. Uh-huh.

5 Q. And the title of this is, judge -- Judges  
6 Oppose Proposed Redistricting Plans, correct?

7 A. Uh-huh, correct.

8 Q. And the date is August 17, 2011?

9 A. Yes.

10 Q. So this is an article from the Galveston  
11 Daily News, regarding the 2011 redistricting plan.  
12 And I would like you to -- excuse me.

13 Does this look familiar to you?

14 A. I know the guy.

15 Q. Have you -- do you recall reading this?

16 A. No.

17 THE VIDEOGRAPHER: One minute. Do  
18 you have a phone on you?

19 THE WITNESS: No, I don't.

20 THE VIDEOGRAPHER: Okay. It's  
21 been -- probably yours.

22 Q. (BY MS. VALL-LLOBERA) If you scroll to  
23 page 2 of 5 in this exhibit, there is a quote by  
24 you that I would like to read.

25 I think it -- this is towards the bottom, so

1 it's the --

2 A. Hang on. I'm just reading my -- the whole  
3 article, to get oriented.

4 (The witness peruses the document.)

5 A. Okay.

6 Q. (BY MS. VALL-LLOBERA) Okay. On -- towards  
7 the bottom of page 2, there is a quote by you, that  
8 says, quote, I think it does a disservice to the  
9 people of Texas City, or vice versa, end quote.  
10 Precinct 5 Justice of the Peace, Darrell Apffel, a  
11 Democrat, set up the first redistricting plan, open  
12 quote and parenthetical, the Court, close  
13 parentheses, is for serving the people in the local  
14 community, close quote.

15 Did I read that correctly?

16 A. Yes.

17 Q. Did you make this statement?

18 A. Absolutely.

19 Q. So you were making public statements in  
20 opposition to the consolidation plan?

21 A. What -- what -- obviously I made this  
22 statement. I mean, I trust that the paper put that  
23 there. I don't recall it specifically, but I still  
24 stand by that.

25 Q. Did you make other public comments?

1           A. If you want to show me, possibly. But I  
2 don't recall.

3           Q. Earlier, you also mentioned that  
4 Commissioner Doyle was your law partner.

5           Is that correct?

6           A. Yes.

7           Q. And he was your law partner at the time that  
8 the 2011 redistricting was occurring, correct?

9           A. Yes.

10          Q. And so, his seat was also in jeopardy,  
11 correct?

12          A. I don't remember that.

13          Q. You mentioned --

14          A. No -- the answer is no, I don't think so.

15          Q. Was he also a Democrat?

16          A. Yes, he was a Democrat, yes. Mine was not  
17 about Democrat or Republican. Mine was about work,  
18 as I told you previously. And that's exactly what  
19 this statement says.

20          Q. Can you elaborate how it was about work?

21          A. Because I was thinking that the more JP  
22 precincts, the -- the -- the better for the -- the  
23 people.

24                 And they were saying, we don't need eight,  
25 there's not enough work for eight, we only need

1 four.

2 Q. And who is they?

3 A. The -- the Court, that you've been referring  
4 to. The people that you've been saying that I --  
5 that I talked to.

6 Q. The Commissioners Court?

7 A. Yeah.

8 Q. Going back to the meeting you had with  
9 Commission Dennard, what specifically did you tell  
10 him about the consolidation?

11 A. My -- I was arguing numbers. I was argue --  
12 you know, that we have -- we each have, I don't  
13 know the number, 5,000 cases a year, you're going  
14 to double -- while you may save the -- some money,  
15 by consolidating two elected officials' salaries to  
16 one, you're going to need twice the staff to  
17 handle -- because it's still -- you're just taking  
18 two 5,000 cases, and putting them to 10. So you're  
19 going to have the same amount of work.

20 So, stuff like that. I was arguing for  
21 keeping eight, because of the workload, in my  
22 opinion.

23 Q. And how did consolidation do a disservice to  
24 the local community, in your opinion?

25 A. It didn't, as it turned out. It's been

1 great.

2 Q. When you made these public statements  
3 against it, saying it would be a disservice, why --  
4 why would it be a disservice?

5 A. Again, because you had two -- you had a  
6 precinct, and those people in the San  
7 Leon/Bacliff/Bay Shore area, went to the -- to the  
8 Bacliff annex for their court.

9 Those people in Precinct 5, which was my  
10 precinct, went to the -- to the -- the -- the  
11 courthouse on Texas Avenue, in Texas City.

12 So, as it -- as it -- I thought they were  
13 going to have to -- they were going -- all the  
14 people in Texas City were going to have to drive to  
15 Bacliff to go to court, or all the people in  
16 Bacliff were going to have to drive to Texas City  
17 to go to court.

18 As it turned out, the one judge go -- holds  
19 court in both places. So it didn't turn out to be  
20 a problem.

21 Q. Did you and Commissioner Doyle discuss the  
22 redistricting process?

23 A. I don't recall doing that, no.

24 Q. Did you discuss how the changes in  
25 population might affect your -- both your elected

1 seats?

2 A. I don't remember it being about changing  
3 population back then.

4 Q. What do you recall it being about?

5 A. Consolidation of lines, of precincts. They  
6 wanted to go from eight to four.

7 Q. And how would the redrawing of maps  
8 potentially affect Commissioner Doyle?

9 A. I don't know that. I was -- I was worried  
10 about my Precinct 5 Justice of the Peace precinct.

11 Q. Moving on from your time as Justice of the  
12 Peace -- excuse me.

13 Earlier -- earlier today, you said that  
14 consolidation would affect your ability to be  
15 reelected as a Democrat.

16 Is that accurate?

17 A. Say it again. What did I -- what, now?

18 Q. Did you think consolidation would affect  
19 your ability to be reelected as a Democrat?

20 A. No. I ran again.

21 Q. You said -- you said earlier that  
22 consolidation would affect your ability to be  
23 reelected as a Democrat.

24 Were you mistaken when you made that  
25 statement in your -- earlier in your deposition

1 today?

2 A. I don't -- I don't recall saying that. No,  
3 I don't recall saying it. I obviously ran again.  
4 And so...

5 Q. So, moving on from your time as Justice of  
6 the Peace, when did you decide to run for  
7 Precinct 1 commissioner?

8 A. I don't remember, but it was -- I --  
9 sometime in 2000 -- early 2015. Maybe '14. It  
10 might have been -- I just don't remember. It might  
11 have been -- it was late '14, early '15.

12 Q. Why did you decide to run?

13 A. Because I have a heart of service. I love  
14 representing the people, and I enjoy what I do.

15 Q. Why didn't you run for Justice of the Peace  
16 again?

17 A. Because I had been the Justice of the Peace  
18 for however many years that was, 10 years, 11  
19 years. And I had heard that Ryan Dennard was not  
20 going to run again, and so I chose that seat.

21 Q. Did anybody in the organization encourage  
22 you to run?

23 A. No.

24 Q. You decided to run on your own?

25 A. Yes.

1 Q. So nobody supported your decision to run?

2 A. My wife, my preacher. Many people supported  
3 my decision to run. But those were -- come to mind  
4 first.

5 Q. Who -- who else did you speak to about  
6 running before you announced your candidacy?

7 A. Goodness, I -- I just don't recall. I don't  
8 recall.

9 Q. You said you decided to run because of a  
10 heart -- heart of service.

11 Did I get that correctly, roughly?

12 A. Yes.

13 Q. Was there any specific political issues that  
14 made you want to run?

15 A. No.

16 Q. Were you unhappy with the Commissioners  
17 Court -- the commissioners then on the  
18 Commissioners Court?

19 A. Meaning, I -- no. I -- I mean, I was  
20 unhappy that they did what they did because I  
21 opposed it. But that's it. I wasn't unhappy when  
22 I was then moved on to run for a different office.

23 MS. VALL-LLOBERA: I would like  
24 it -- to introduce an exhibit.

25 (Voices en sotto.)

1 MS. VALL-LLOBERA: This is Tab 43.

2 And this is being introduced as Apffel Exhibit 6.

3 (Exhibit 6 is marked.)

4 MS. VALL-LLOBERA: Here, Counsel.

5 MR. RUSSO: Thank you.

6 Q. (BY MS. VALL-LLOBERA) So, Mr. Apffel, this  
7 is a printout from -- from Twitter dated  
8 January 24, 2016, -- excuse me, Facebook.

9 A. Facebook, yeah.

10 Q. This is a post by you, correct?

11 A. I don't remember it. Let me read it.

12 (The witness peruses the document.)

13 A. Okay. I -- I recall this.

14 Q. (BY MS. VALL-LLOBERA) The first sentence  
15 refers to the Galveston County Republican  
16 leadership PAC putting out a mailer for claiming,  
17 quote, I am successful and therefore not a  
18 conservative, close quote.

19 Do you recall that?

20 A. Do I recall being successful, and not -- I  
21 don't know what you're asking.

22 Q. Do you recall the mailer?

23 A. I don't. But, no. I won a hard-fought  
24 fight. So there was no doubt there were mailers,  
25 and all of that. But...

1 Q. What's the connection between being  
2 successful and, therefore, not a conservative?

3 A. In my -- in my opinion, you shouldn't run  
4 for office if you have skeletons in your closet. I  
5 had no skeletons in my closet, and so the best they  
6 had -- they, my opponents -- was to say that I was  
7 a successful lawyer and, therefore, because I was  
8 successful, I was not a conservative.

9 I hope I answered your question.

10 Q. Who were your opponents?

11 A. Tim Paulissen, the League City mayor, and  
12 Barbara Meeks, the -- was our other opponent.  
13 There was three of us.

14 Q. Are they both Republicans?

15 A. Yes.

16 Q. Did you run as a Republican?

17 A. I did.

18 Q. Did -- did both of those individuals run  
19 against you?

20 MR. RUSSO: Objection; asked and  
21 answered.

22 A. Yeah. I mean, it was -- it was the three of  
23 us in the race.

24 Q. (BY MS. VALL-LLOBERA) So other than the  
25 candidates, did you have other opponents?

1           A. Oh, gosh, I mean, that's just the way it is  
2 in an election.

3           Yeah, I mean, I can't name any. There was  
4 those four -- there was those for one candidate,  
5 those for another candidate, and those for me. So  
6 I would call those that were for the other two, my  
7 opponents.

8           Q. So scrolling a little -- little on this --  
9 this same Facebook post, you state, quote, because  
10 this PAC was set up by County Judge Mike Henry and  
11 Ryan Dennard and Ken Clark's first assistant Tyler  
12 Drummond, close quote.

13           Did County Judge Mike Henry oppose your  
14 candidacy?

15           A. He did.

16           Q. Did the then sitting commissioner, Ryan  
17 Dennard, oppose your candidacy?

18           A. He did.

19           Q. And did Ken Clark oppose your candidacy?

20           A. He did.

21           Q. Why did -- let me rephrase.

22           Who did Judge Henry support?

23           A. Tim Paulissen.

24           Q. Did Judge Henry ever tell you why he didn't  
25 support you?

1 A. No.

2 Q. What was your understanding of why he didn't  
3 support you?

4 A. You know, I cannot stand to be disliked, and  
5 I never knew why, at the time, they opposed me,  
6 because I was a conservative as a Democrat, and I  
7 was a conservative as a Republican.

8 And the proof is in the pudding that it  
9 doesn't matter your party affiliation. It's the  
10 people choose you. And you represent the people.

11 Q. Have you ever asked Judge Henry why he  
12 opposed you?

13 A. No. You can ask him.

14 Q. The next sentence refers to being their  
15 puppet -- quote, their puppet to fulfill their  
16 political agendas and self-promotion.

17 Are you referring to Judge Henry, Ryan  
18 Dennard, and Ken Clark.

19 A. I got to see that. Where are you swear --

20 Q. It's the next line, after the one I just  
21 read. I'll read the full quote: Because I won't  
22 be their puppet to fulfill their political agendas  
23 and self-promotion.

24 A. Okay. So, I don't know what you're asking.

25 Q. Who --

1 A. The puppet is referring to me, and you --

2 Q. Who -- whose puppet would you be?

3 A. Well, according -- I was saying I -- they --  
4 they -- I was not going to be their puppet, is what  
5 I was referring to.

6 Q. And define, their.

7 A. The three you just said, in that -- you  
8 asked that question. But I don't -- I don't see  
9 that in there, so I don't know what you -- where  
10 are you -- I've got to find it.

11 Q. Sure. So I can read the fuller section.  
12 It's right after what I just read: So, because the  
13 PAC was set up by County Judge Mark Henry and Ryan  
14 Dennard and Ken Clark with assistance from Tyler  
15 Drummond to attack me. Why? Because I won't be  
16 their puppet to fulfill their political agendas and  
17 self-promotion.

18 A. Okay. Yeah. Again, you got to understand,  
19 you're in a fight. You -- you're in a fight. And  
20 so, it's speaking -- it's speaking figuratively  
21 about a fight. And so, they were against me, and  
22 so, that's -- that's why I put that.

23 I felt like they thought that Tim Paulissen  
24 would be a better fit for them. And so that's why  
25 I -- I write like that. I don't even remember this

1 PAC, or anything about it.

2 Q. And so you said Paul -- who would be a  
3 better fit?

4 A. They thought that -- my opponent. They were  
5 for my opponent. That's what I'm saying.

6 Q. Which -- Paulissen? Is that --

7 A. Yes.

8 Q. Why would Paulissen be a better fit for  
9 them?

10 A. Oh, again, I don't -- I said they thought.  
11 I don't -- I have no idea. I thought I would be a  
12 better fit. And as it turned out, I've been a  
13 wonderful fit.

14 Q. You also refer a little lower down to,  
15 broken government. Quote, a vote for me gets rid  
16 of the broken government, close quote.

17 A. That was my campaign theme.

18 Q. How was the government broken?

19 A. It's fixed.

20 Q. In terms of your campaign, how is the  
21 government broken at this time?

22 A. I -- I can't really give you any specific  
23 instances of that. I can't remember why we used  
24 the, fixing our broken government.

25 But we only obviously used it as the

1 challenger, and not as the incum -- once -- once I  
2 was reelected, it was -- we dropped that,  
3 obviously, because as the incumbent, I had fixed  
4 it.

5 So I don't remember specific instances,  
6 other than I wasn't a part of, quote, that team.

7 Q. Who was part of, quote, that team?

8 A. The -- the three you referenced. The three  
9 you had referenced. Judge -- Judge Henry and  
10 Commissioner Dennard and Commissioner Clark.

11 Q. Were there other people that -- excuse me.

12 Were there other elected officials on that  
13 team?

14 A. No. Because at the time,  
15 Commissioner Giusti was a commissioner, and I  
16 believe he supported me.

17 And Commissioner Holmes was the other. And  
18 while I -- I think he supported me, too. But -- I  
19 think he supported me, too.

20 Q. So your recollection is that  
21 Commissioner Holmes supported you, even though he  
22 was a Democrat and you ran as a Republican?

23 A. Well, again, what -- well, yeah, I mean,  
24 there's a ton -- when I say supported me, I mean,  
25 again, you can ask him, but I feel like he was a

1 supporter.

2 Q. So earlier you stated that you switched  
3 parties, correct?

4 A. Yes, ma'am.

5 Q. Did your policies change, when you switched  
6 parties?

7 MR. RUSSO: Object as vague.

8 A. Yeah, I don't know what that means.

9 Q. (BY MS. VALL-LLOBERA) Other than -- or what  
10 does it mean to switch parties?

11 A. You pay your thousand dollars to the  
12 Republican party instead of paying it to the  
13 Democratic party, to run for office.

14 Q. What else -- did anything else change when  
15 you -- when you made that difference, that change?

16 A. I'm still the same old guy in the same old  
17 clothes that I was then.

18 Q. You referred to yourself as conservative,  
19 earlier.

20 Has your base changed?

21 A. The population changed. My base has not.

22 Q. How would you describe your base?

23 A. Friends, family, and constituents who  
24 believe that I protect them as taxpayers of  
25 Galveston County.

1 Q. Protect them from what?

2 A. Protect their dollar --

3 Q. Would you describe yourself --

4 A. -- that they pay.

5 Q. Would you describe yourself as a fiscal  
6 conservative?

7 A. Absolutely, I -- yes.

8 Q. How did you build support from the  
9 Republican party when you switched from Democrat to  
10 Republican?

11 A. You know, it's -- it's all about Darrell  
12 Apfel, the person, it's not about your  
13 affiliation. It's -- it's the same people, that --  
14 that you go see. It's the same people that you  
15 represent.

16 And so that -- so when you say how -- yeah,  
17 that's the best way I can describe it.

18 Q. So, is your understanding that your base  
19 switched from voting Democrat, to voting  
20 Republican, to continue electing you?

21 A. I don't understand the question.

22 Q. When you referred to changes in the  
23 population, do you mean an influx of Republicans  
24 or what -- what do you mean?

25 A. So, I spent 17 years in Texas City, which at

1 the time of my election, was more -- probably more  
2 Democrat than Republican. But I don't -- don't  
3 hold me to that, but that's what I believe.

4 I had moved to League City, and -- which is  
5 obviously more Republican than Democrat. The  
6 precinct in which I was running for encompassed  
7 both of those areas. Still does.

8 Clearly, for me to win, the people of  
9 Texas City had to vote Republican, cross over and  
10 vote in the Republican primary to vote for me, and  
11 they did. And they will. And I'm living proof.

12 Texas City caused me to win my election.

13 Q. So it's your contention that Democrats had  
14 to cross party lines to vote for you?

15 A. No. My contention is that people,  
16 regardless of their affiliation, do what it takes  
17 to vote for the person they want. And I was that  
18 guy. And Stephen Holmes could be, too.

19 Q. This is a three-way race between you and  
20 Barbara Meeks and Mr. Paulissen, correct?

21 A. Yes, ma'am.

22 Q. Did you win outright?

23 A. I was in a runoff.

24 Q. Who were you in a runoff with?

25 A. Paulissen.

1 Q. Did Barbara Meeks endorse anybody?

2 A. Me.

3 Q. Okay. Do you recall your margin of victory  
4 against Paulissen in the runoff?

5 A. I do not. I just know it was a W.

6 Q. Let me look at my notes here.

7 Okay. When you ran for the commissioner  
8 seat, how -- how did you announce your candidacy?

9 A. I believe I did a press release, that's what  
10 I recall, and sent it to the paper.

11 Q. How did you campaign?

12 A. Boots on the ground.

13 Q. Was campaigning for the Commissioners Court  
14 different from campaigning for the Justice of the  
15 Peace?

16 A. Only in the sense that I was unopposed,  
17 always, as a Justice of the Peace. And I was  
18 opposed for commissioner.

19 Q. Did any organizations put on events for you?

20 A. I don't know what that -- I don't recall  
21 organizations putting on events for me, but I could  
22 be wrong.

23 Q. Did any individuals host campaign events for  
24 you?

25 A. Well, sure. I mean, we would have meet and

1 greets in community -- you know, in people's homes.  
2 That's a wonderful way of boots on the ground, to  
3 get pockets of people to come to support you, and  
4 learn you, and know you.

5 So, yes, I had meets and greets, as I  
6 recall. I -- that's -- that's what I -- yeah. But  
7 organizations, I -- I don't recollect anyone. I  
8 don't know what that means, really.

9 Q. Did you ever reach out to the NAACP?

10 A. No.

11 Q. Did you ever reach out to LULAC?

12 A. Yes. Actually -- actually, possibly, the  
13 NAACP -- I don't remember. That's a better way.  
14 Possibly the NAACP.

15 Q. Could you tell me about your outreach to  
16 LULAC?

17 A. It wasn't -- it was more of an outreach from  
18 them, as I recall. And it -- that's what I recall.

19 Q. So they reached out to you about your  
20 campaign?

21 A. As I recall.

22 Q. What -- what did they say in their outreach?

23 A. I mean, just we want to support you as the  
24 person. I think I went and spoke to them.

25 Q. Why -- why did you speak to LULAC?

1 A. Because they asked me to.

2 Q. Why did LULAC support you?

3 MR. RUSSO: Objection; speculation.

4 A. I don't know.

5 Q. (BY MS. VALL-LLOBERA) What issues did you  
6 campaign on?

7 A. There was really no issues, other than I  
8 would be a fiscal conservative and protect each of  
9 the taxpayers' money as if it was their own, and  
10 that I would be a voice for them. I would be an  
11 ear for them. I would be eyes for them.

12 That's pretty much it.

13 Q. So you said you recall LULAC reaching out to  
14 you.

15 Did they endorse you in -- in this race?

16 A. I don't -- I want to say yes, but I just --  
17 I better say I don't remember.

18 Q. Did any other groups endorse you?

19 A. Groups?

20 Q. So, did any churches endorse you?

21 A. No, I didn't -- no.

22 Q. Did any businesses endorse you?

23 A. I mean, businesses via the people, I would  
24 have to say yes. I mean, I had endorsements, but I  
25 just can't tell you who they were.

1 Q. How do you normally communicate for your  
2 role as commissioner? And specifically, do you use  
3 e-mail for official business?

4 A. Absolutely.

5 Q. Do you use a private e-mail account?

6 A. I do not. I have a law office account, and  
7 I have a Galveston County account.

8 Q. And do you use your law office account for  
9 communications in your role as commissioner?

10 A. I do not.

11 Q. So your -- your legal business e-mail  
12 account has no e-mails related to your role as a  
13 commissioner?

14 A. It does not. We had -- we did a search of  
15 all of the terms and requests that you-all had, and  
16 it was zero.

17 Q. Do you have a work phone?

18 A. My cell phone.

19 Q. I should clarify.

20 Do you have a phone dedicated for your  
21 commissioner duties?

22 A. I do.

23 Q. Do you have a personal phone, as well?

24 A. No. If you're talking about county, no.

25 I -- so, I have a -- I don't know what you're

1 asking. I have a law office phone number, and I  
2 have a commissioner phone number and I have my cell  
3 phone.

4 Q. Do you use all three of those to conduct  
5 official business, as a commissioner?

6 A. I guess you could say that I do, yes, but  
7 mostly the land lines.

8 Q. Do you text, regarding official business?

9 A. I typically do not, no.

10 Q. But sometimes, yes?

11 A. Have I, maybe.

12 Q. Do you use any other messaging platform --  
13 platform, like WhatsApp or Signal, other  
14 applications to send messages?

15 A. I use WhatsApp, but only for my friends.

16 Q. You don't use any other applications like  
17 that for -- in your role as commissioner?

18 A. No. Like, I use -- are you talking about,  
19 like, Facebook? I mean, I use Facebook, but that's  
20 it, not -- nothing else. No Twitter, no -- all  
21 those things y'all talk about, I don't know any of  
22 those.

23 Q. You -- you no longer use Twitter?

24 A. Did I use Twitter?

25 Q. You no longer use Twitter?

1           A. That's assuming -- that's saying I did, and  
2 I don't even know that I did. I don't recall ever  
3 using Twitter.

4           If I did, I dangerously tried it. And if  
5 there's a tweet out there, goodness, I don't  
6 remember it. But I don't know how to do that.

7           Q. Okay. You have Facebook, though, correct?

8           A. I do.

9           Q. You still use Facebook?

10          A. Love it.

11          Q. Do you use any other sites like Instagram,  
12 TikTok?

13          A. No.

14          Q. Do you work more closely with any of the  
15 other commissioners, currently on the Commissioners  
16 Court?

17          A. I work with them all equally close.

18          Q. Including the judge?

19          A. I do.

20          Q. Are there any particular issues that, you  
21 know -- that matter to your -- your constituents,  
22 and the constituents of one of the other  
23 commissioners?

24          A. I don't understand.

25          Q. Are there -- are there any commissioners

1 with whom you -- you have an overlap in issues  
2 specific to your constituency?

3 A. Well, we all -- if you're talking about,  
4 like, drainage and roads and -- sure, all of them.  
5 We all overlap. I guess that's what you -- yeah.

6 Q. Are there any issues that are unique to your  
7 constituents?

8 A. Yes. I -- I -- my precinct is -- was  
9 70 percent unincorporated. So, because it was  
10 that, you know, many of the other -- most -- not  
11 many -- not most.

12 All of the other commissioners, except  
13 Giusti, Giusti has some unincorporated areas as  
14 well. And now a little more, with having Bolivar.

15 So, as an un -- having that kind of  
16 unincorporated areas, you become the police chief,  
17 the fire chief, the mayor, the city councilman.  
18 You become all of those things for all of those  
19 people who don't have a municipality to assist  
20 them.

21 So, in that regard, that's how I'm  
22 different, and I have issues different.

23 Q. So, would you say you have more  
24 responsibilities as a commissioner, than the  
25 others?

1 A. I wouldn't say that. They just differ.

2 Q. Are there other responsibilities that they  
3 have that you don't?

4 A. No. Well, I don't -- not that I am aware  
5 of, that I can give you a specific instance.

6 Q. Okay.

7 A. I'm the hardest working one there is.

8 No, it's just a joke.

9 Q. Describe the geographic boundaries of  
10 District 1, when you ran in 2016. And -- and by  
11 that, I mean, more or less what areas or  
12 neighborhood.

13 A. I like to describe it as, when I ran from  
14 the Kemah Seabrook bridge, all the way to High  
15 Island, and from Galveston Bay, which is the bay  
16 shore, to Highway 3.

17 So it was the east -- so I called it from  
18 High -- doing it in the reverse, from High Island  
19 all the peninsula, and then you skipped the  
20 southern part of Texas City, and it became the  
21 northern part of Texas City, all the way up the bay  
22 shore, and then a sweeping curve of the east side  
23 of League City.

24 Q. Could you describe your community under  
25 those lines?

1 A. I don't understand.

2 Q. Could you describe your constituency?

3 A. No. I don't know the -- great people.

4 Q. Did you know the racial makeup of your  
5 precinct?

6 A. I do not.

7 Q. Did you know the socioeconomic status of the  
8 people who lived in your precinct?

9 A. I do not.

10 Q. Do you know the level of education of people  
11 who lived in your precinct?

12 A. I do not. None of that matters to me.

13 Q. What did these different communities and  
14 areas that you've discussed have in common?

15 A. Quite frankly, they were very different.

16 Q. How so?

17 A. The people -- the people of Texas City are  
18 middle class, blue collar plant workers, very  
19 community oriented, very good solid people.

20 The people of the bay shore are, I will say,  
21 less fortunate. And the socioeconomic of them is  
22 obviously less, but still have all the same needs  
23 and wants and desires and family orientation that  
24 the people of Texas City do.

25 And then, the east side of League City,

1 which encompasses the rest of my -- I would say are  
2 middle class to -- I hate to use the word upper  
3 class, because I don't believe any of us are upper  
4 class; I think we're all -- middle class,  
5 self-employed, entrepreneurial-type folks.

6 I hope that describes it.

7 Q. Could you describe the people of Bolivar  
8 peninsula?

9 A. I would say they're more of the retired, and  
10 folks like those in the east side of League City.

11 Q. In what areas did more racial minorities  
12 live?

13 A. I don't -- I left out Dickinson, by the way.  
14 There's -- I have part -- east side of Dickinson as  
15 well. And so I would say that Texas City,  
16 Dickinson, and the bay shore.

17 Q. Are those areas majority minority?

18 A. I don't know what that means.

19 Q. Majority minority is -- I use the term  
20 majority minority to refer to an area where the  
21 population is less than 50 percent white.

22 A. So to -- like, the majority of the people  
23 are less than 50 percent white?

24 Q. The --

25 A. Is that -- is that what you're saying?

1 Q. So the majority minority is a shorthand way  
2 of referring to an area where the majority of the  
3 people identify as a minority race.

4 A. I mean, I don't know -- so I don't know  
5 that. I don't know what that means.

6 MR. RUSSO: Objection; speculation.

7 A. I don't know. But certainly you can --  
8 there's -- those numbers are available, I'm sure.

9 Q. (BY MS. VALL-LLOBERA) Are you familiar with  
10 the term, community of interest?

11 A. No.

12 Q. Have you heard this term before?

13 A. I -- have I -- have I heard the term?  
14 Possibly. But I don't know even how you're using  
15 it, or what it -- I don't know how it would relate  
16 to this. But...

17 Q. How do you ensure that you -- let me  
18 restate.

19 Referring to your time -- your first term as  
20 commissioner, until the lines changed, so part way  
21 through your second term, how did you ensure you're  
22 representing constituent needs?

23 A. I have an open door policy to my office. I  
24 move about the community as a whole, and I've never  
25 heard anyone say they couldn't access me.

1 Q. Did you hold events?

2 A. Events? Like, what do you mean?

3 Q. Would you host meet and greets, or anything  
4 when -- outside of a campaigning context?

5 A. I've had some town hall meetings at the  
6 volunteer fire departments, in conjunction with  
7 the -- another -- like the neighborhood watch, or  
8 something, you know.

9 So I would announce a town hall, because  
10 they were holding something. And so -- but I  
11 attend those types of things.

12 Q. Were you more aligned with one commissioner  
13 or another?

14 A. No.

15 Q. So, politically, were most votes unanimous?

16 A. I don't -- what do you mean?

17 Q. With reference to politics, were you more  
18 aligned politically with any commissioner?

19 A. No.

20 Q. Were your votes, as a -- the -- excuse me.

21 Were the votes of the Commissioners Court  
22 unanimous?

23 MR. RUSSO: Object as vague and  
24 ambiguous.

25 A. I would say most of the time.

1 Q. (BY MS. VALL-LLOBERA) So in instances where  
2 votes were not unanimous, do you recall any -- any  
3 typical breakdown of votes was -- or --

4 A. We all vote our convictions. And so, you  
5 know, there may be something that the majority  
6 feels is important as a whole, to the county, that  
7 I think is not. And so -- and -- and vice versa,  
8 for any of us.

9 Q. So with reference to your campaign earlier,  
10 you -- you stated that Judge Henry did not support  
11 your campaign. But you recall that, for example,  
12 Commissioner Giusti did support your campaign.

13 Does that -- do you recall --

14 A. Saying that? Yes, absolutely.

15 Q. So do those differences still exist?

16 A. No. I believe that when I came on the  
17 Court, I made the Court a cohesive unit. There was  
18 a lot of fighting and bickering, and I pride myself  
19 in taking claim that the Court is very cohesive,  
20 and works as a unit, and a body, for the betterment  
21 of all.

22 Q. How did you achieve that?

23 A. I'm that kind of guy.

24 Q. Could you be more specific about how you --

25 A. I really can't --

1 Q. -- made it cohesive?

2 A. -- without tooting my own horn. I'm just --  
3 I'm a people person. I'm -- I'm a sensible person.  
4 I'm a sincere person. And I can make -- I hate to  
5 use the word, make. I can -- pride myself in  
6 bringing people together, to work together.

7 Q. Have you ever posed -- opposed Judge Henry?

8 A. Opposed him with -- how so?

9 Q. Have you ever disagreed with Judge Henry on  
10 a vote?

11 A. Many times.

12 Q. Have you ever voted with Stephen Holmes  
13 against others?

14 A. Many times -- many -- many is probably -- I  
15 don't know. You know, ten times or more -- ten  
16 times or so, with each.

17 Q. Can -- can you give a specific example?

18 A. No, I can't -- you -- with -- with Holmes,  
19 or with the judge?

20 I can't with either, actually, but you can  
21 certainly find them. And if they were in front of  
22 me, I would tell you, oh, yeah, I remember this  
23 one.

24 Q. Okay. You said you've often -- wait.

25 You stated that you have voted with Stephen

1 Holmes against others on more than one occasion,  
2 correct?

3 A. Well, then -- and I would say that I've  
4 voted against Judge Henry more times than I've  
5 voted for something for Commissioner Holmes.

6 But Commissioner Holmes hadn't had anything  
7 that he was -- that was -- to cause that, so to  
8 speak. I remember more times voting against  
9 Judge Henry.

10 Q. Can you provide an example?

11 A. No, I can't. I can tell you that I -- I get  
12 pissy, and I've gotten pissy with him on -- openly,  
13 and in the public, because he got pissy with me  
14 first.

15 And so they're out -- those things are  
16 there. But we aired our differences, we voted, and  
17 we move on. And it's never brought up again, and  
18 we -- sometimes, in this business, you have to  
19 agree to disagree, and move on.

20 Q. Are there particular policy positions that  
21 you and Judge Henry disagree on?

22 A. No.

23 Q. Are there any recurring -- recurring policy  
24 positions that you and Commissioner Holmes agree on  
25 consistently?

1 A. I would say most.

2 Q. I want to talk about a couple of specific  
3 votes.

4 The Commissioners Court decided in 2020 not  
5 to remove the Confederate monument in front of  
6 Galveston County courthouse.

7 Do you recall that?

8 A. I do.

9 Q. And this was despite attempts by Black  
10 residents and Commissioner Holmes to have it  
11 removed, correct?

12 A. Yes.

13 Q. During the special session about this,  
14 various people spoke out against the statue.

15 Do you recall that?

16 A. I do.

17 Q. In fact, 16 people spoke out against the  
18 statue.

19 Does that sound right?

20 A. I -- if you -- if you say so. I don't  
21 remember. But, okay.

22 Q. Did you support removal?

23 A. No. I voted against removal.

24 Q. Why didn't you support the removal?

25 A. Be -- because they've been there as long as

1 | they've been there. The history -- they certainly  
2 | didn't affect my children. And I believe that  
3 | history is an important part for our children to  
4 | understand and learn.

5 | Q. What did you -- what did you understand was  
6 | the reason Commissioner Holmes and others wanted to  
7 | remove the statue?

8 | MR. RUSSO: Object as vague.

9 | A. Yeah, I don't know. I never understood it.

10 | Q. (BY MS. VALL-LLOBERA) Earlier, you said  
11 | that you -- it certainly didn't affect your  
12 | children, regarding the Confederate statue.

13 | What did you mean by that?

14 | A. Meaning that history is important for -- for  
15 | our children to understand and know.

16 | Q. Did you think the statue affected other  
17 | people's children?

18 | A. No.

19 | Q. What did you understand was the argument  
20 | against the statue?

21 | A. I don't -- I don't really know it.

22 | Q. Did you listen to the people who supported  
23 | removing the statue?

24 | A. Absolutely.

25 | Q. Did you understand their concerns?

1 A. Obviously, at that time, I did, yes, of  
2 course. But I don't recall what they were.

3 Q. I think earlier you said you didn't  
4 understand what the argument was, for removing  
5 the --

6 A. And I don't now. You're saying -- you're  
7 asking me did I listen to them, and I'm saying  
8 sure. And I absorbed what they said, and I voted  
9 accordingly.

10 Q. In July 2021, you wanted to vote to approve  
11 Judge Henry's disaster declaration and approve the  
12 emergency spending for, quote, border security  
13 issues, quote.

14 Do you recall that?

15 A. I did. I do.

16 Q. But you weren't able to -- to approve that  
17 declaration because of Zoom issues.

18 Is that correct? Does that ring any bells?

19 A. I -- that -- I remember right as a vote was  
20 happening, I was on Zoom -- I was in a Zoom meeting  
21 and I got disconnected. But I don't recall -- and  
22 it was about a vote, but -- and maybe it was that  
23 one. So, yes, maybe so.

24 Q. Why did you think this was a good use of  
25 county resources?

1 A. Because we have a border crisis, whether you  
2 believe it or not. And that -- those people,  
3 coming across the border, we get affected all the  
4 way in Galveston County. There are -- there  
5 have -- since we paid for the constables to go  
6 assist the Edwards County Sheriff's Office, there  
7 have been arrests and stops of people from  
8 Galveston County, there, and with illegal  
9 immigrants, and people -- and illegal immigrants on  
10 their way to Galveston County.

11 So I thought it was a good use of funds. In  
12 fact -- that's it. I don't have anything else.

13 Q. What evidence did you have prior to sending  
14 the funds?

15 A. What evidence did I have?

16 Q. You mentioned that you sent some constable  
17 resources.

18 A. Uh-huh.

19 Q. What -- what caused you to do that?

20 A. The county judge, Judge Tully Shahan, of  
21 Edwards County -- I'm sorry, of Kinney County, is a  
22 personal friend of mine. And he and I had  
23 conversations about the crisis there, at the  
24 border.

25 And he -- he asked for assistance, and so

1 that's -- that was my evidence.

2 Q. Did you think this was a more pressing issue  
3 than other local issues in Galveston County?

4 A. No. We've handled the local issues equally  
5 as strong.

6 Q. All right. I want to turn now to  
7 redistricting in 2021. You're aware this case  
8 concerns the 2021 Commissioner Court redistricting  
9 process, correct?

10 A. Yes, ma'am.

11 Q. Have you read the complaint in this matter?

12 A. I can't say that I have.

13 Q. And you're aware that the Galveston County  
14 Commissioner precinct lines were redrawn pursuant  
15 to a map approved by the Galveston County  
16 Commissioners Court on November 12, 2021.

17 Is that correct?

18 A. Yes, ma'am.

19 Q. Do you understand that redistricting occurs  
20 when population imbalances need to be corrected due  
21 to changes in the census that comes out every ten  
22 years?

23 A. Yes.

24 Q. Are you aware that in connection with the  
25 2020 census, a process was commenced to reconsider

1 and, if necessary, redraw the Galveston  
2 Commissioners Court precinct maps?

3 A. Yes.

4 Q. I'm going to refer to this as the 2021  
5 redistricting process, to -- for clarity.

6 Did Galveston County undertake any steps,  
7 either in advance of the 2020 census results --  
8 excuse me, let me restate.

9 Did Galveston County undertake any steps in  
10 advance of the 2020 census results to consider  
11 whether any changes needed to be made to the then  
12 existing precinct maps?

13 A. No. As I recall, we were waiting for the  
14 census to -- to know the population.

15 Q. As far as you understood, no action needed  
16 to be taken before the census came out?

17 A. As far as I understood, yes.

18 Q. Would you please describe what steps the  
19 county took in reacting to the 2020 census results?

20 A. I don't even remember when they came out or  
21 what reaction there was.

22 Q. Okay. One moment.

23 MS. VALL-LLOBERA: Could we take  
24 just a four-minute break?

25 THE WITNESS: Let's just wait here.

1 Let's do it.

2 MS. VALL-LLOBERA: Could -- could we  
3 go off the record for --

4 THE VIDEOGRAPHER: Are we in  
5 agreement?

6 MR. RUSSO: Yes.

7 THE VIDEOGRAPHER: Off the record  
8 11:26.

9 (Break.)

10 THE VIDEOGRAPHER: Back on the  
11 record 11:28. Please proceed.

12 Q. (BY MS. VALL-LLOBERA) When did the  
13 redistricting process for 2021 begin?

14 A. I guess you could say with the approval of  
15 the contract with the Holtzman Vogel law firm.

16 MS. VALL-LLOBERA: Okay. I would  
17 like to introduce Tab 7 as the next exhibit. And  
18 that's going to be Apffel Exhibit 7.

19 (Exhibit 7 is marked.)

20 MR. RUSSO: Thank you.

21 Q. (BY MS. VALL-LLOBERA) So, Mr. Apffel, this  
22 is a January 14, 2021, e-mail, from Cheryl Johnson,  
23 the Galveston County tax assessor collector, to  
24 Judge -- Judge Henry, the four commissioners, and  
25 staff members.

1 A. Okay.

2 Q. Does -- did I state that correctly? Do you  
3 want to take a moment to look at the names?

4 A. No, you said that. I see it, yes.

5 Q. You are a recipient to this e-mail, correct?

6 A. Yes.

7 Q. Is this the first time you heard about the  
8 2021 redistricting proc -- process?

9 A. I don't even recall this. But -- so I  
10 would -- it's more in close -- it's more earlier in  
11 time than what I just referred to, so...

12 Q. Did you read this e-mail?

13 A. Yes, I recall seeing it.

14 Q. Did you review the attachments?

15 A. I don't remember that, but I'm sure I did,  
16 because I told you I do, and I do.

17 Q. What is your understanding as to why Cheryl  
18 Johnson sent this e-mail?

19 A. I don't -- I don't know.

20 Q. If you look at the body of the e-mail  
21 itself, Ms. Johnson refers to, quote, working  
22 together, close quote, on redistricting.

23 A. Okay.

24 Q. She also refers to, quote, being at odds,  
25 close quote.

1 A. Where do you see that?

2 Q. Okay. It's the last paragraph -- there we  
3 go. Thank you.

4 A. I see it.

5 Q. It's the last paragraph, quote, I hope you  
6 find that this letter was both thoughtful and  
7 efficient, and that working together is far better  
8 than being at odds and possibly creating  
9 difficulties that can be avoided, close quote.

10 Do you see that?

11 A. I do.

12 Q. What was your understanding of what  
13 difficulties might be avoided?

14 A. I don't have an understanding. I -- I don't  
15 read that that way. I read that as, hey, I'm  
16 sending you all this. It's better that we all work  
17 together than to be at odds. And like a -- it  
18 doesn't say we are at odds.

19 Q. Did you respond to this e-mail?

20 A. I don't think I did, no.

21 Q. Did you take any action in response to this  
22 e-mail?

23 A. I didn't see it as -- I saw it as  
24 rhetorical.

25 Q. Did you review the letter that she included

1 in her e-mail, which is on page 2 of the exhibit?

2 A. I don't specifically recall it. But as I  
3 read it, it somewhat refreshes my recollection,  
4 like I saw it in a...

5 Q. Who is responsible for leading the process  
6 of redistricting?

7 A. I would say the county judge.

8 Q. So, Judge Henry?

9 A. Yes.

10 Q. And his staff?

11 A. Yes. I mean, the -- yes.

12 Q. Are there any other offices or agencies  
13 involved?

14 A. Ultimately, all of us.

15 Q. Did you ever ask Commissioner Clark about  
16 redistricting?

17 A. Yes.

18 Q. What did you discuss?

19 A. Well, we're jumping way ahead, but if you  
20 want to go there.

21 So he was -- I was in a meeting with him and  
22 Dale Oldham. Ken Clark was the longest serving  
23 member of the court. His institutional knowledge  
24 of Galveston County was phenomenal.

25 Q. When did this meeting with

1 Commissioner Clark and Dale Oldham take place?

2 A. I don't know. In the fall, before the maps  
3 were approved, if you...

4 Q. The fall of 2021?

5 A. Yes. I only had one in-person meeting with  
6 Dale Oldham, so...

7 Q. And it was this meeting?

8 A. Yes.

9 Q. Who else was there?

10 A. Me, Dale Oldham, Ken Clark, Tyler -- Tyler  
11 Drummond, and Paul Ready. And on the TV was our  
12 expert map demographer.

13 Q. Where did this meeting take place?

14 A. The county judge's conference room.

15 Q. And you said fall 2021, before the maps were  
16 adopted, correct?

17 A. Yes.

18 Q. Could you be more precise, August or  
19 September or October --

20 A. Well, it's in the discovery, isn't it? I  
21 thought it was -- I thought those dates were  
22 listed, but possibly -- could I be -- yeah, August  
23 or September. I don't remember those dates, but...

24 Q. And the -- Judge Henry was there, or no?

25 A. No.

1 Q. So, this meeting took place in his  
2 conference room, but he was not there?

3 A. Correct. That's -- it's a central meeting  
4 place.

5 Q. Do you regularly have meetings in his  
6 conference room without him there?

7 A. Of course. We all do. It's a county  
8 building. It's a -- it's my conference room, too.

9 Q. What did you discuss?

10 A. The maps and population.

11 MR. RUSSO: Let me just caution the  
12 witness about revealing attorney-client privileged  
13 communications, and that specifically is  
14 communications between Mr. Oldham, Mr. Ready,  
15 advising the county as to legal issues for which  
16 they were retained.

17 THE WITNESS: Okay.

18 MR. RUSSO: But other than that, you  
19 can answer.

20 MS. CHEN: And to that, we'll also  
21 state on the record our argument against that  
22 assertion of attorney-client privilege with respect  
23 to conversations with Dale Oldham, on redistricting  
24 matters, as we've discussed. And our letter to the  
25 judge --

1 MR. RUSSO: Yeah, I'm -- I mean I'm  
2 obviously aware that there is a letter out there  
3 for the judge to make decisions on what needs to be  
4 disclosed.

5 But just so the witness understands  
6 that, you know, we're not going to -- he's not  
7 going to be able to disclose attorney-client  
8 privileged communications between those two  
9 specific individuals for the services the client  
10 retained to provide.

11 MS. CHEN: Certainly. And we'll  
12 continue to state our assertions for the clarity of  
13 the record and ask questions accordingly.

14 MR. RUSSO: Understood.

15 Q. (BY MS. VALL-LLOBERA) You mentioned this  
16 was your first in-person -- your only in-person  
17 meeting with Mr. Oldham, correct?

18 A. Yes.

19 Q. You also mentioned earlier that there is a  
20 contract approved with the Vogel firm?

21 A. And Mr. Oldham, yes.

22 Q. Were you aware that the law firm, Allison  
23 Bass Magee, submitted a proposal to Judge Henry, to  
24 be hired as redistricting counsel?

25 A. I think I was, yes.

1 Q. Did you review that proposal?

2 A. I don't recall. But in pops Dale Oldham,  
3 and you asked me earlier, did I know that he -- or  
4 whatever. And I didn't.

5 And so it was at that time that I knew Dale  
6 Oldham assisted the county ten years prior.

7 Q. So before signing the -- before the  
8 Commissioners Court signed the contract with Dale  
9 Oldham in 2021, you were unaware that he had helped  
10 with the 2011 redistricting?

11 A. Uh-huh, yes.

12 Q. Were you aware that this -- well, let me  
13 restate.

14 Going back to the proposal by Burger --  
15 Bickerstaff, were you aware -- oh, excuse me.  
16 Thank you.

17 Returning to the proposal by Allison Bass  
18 Magee, were you aware that this was sent to  
19 Judge Henry, in -- around February 2020?

20 A. I believe I was. And that's what I'm  
21 saying, that's when I learned -- that's when I  
22 looked at the -- the options we had, and learned  
23 that Dale Oldham had helped in 2010.

24 Q. Did you review this proposal?

25 A. I'm sorry?

1 Q. Did -- did you review that proposal?

2 MR. RUSSO: Objection; vague.

3 A. As I said, I don't recall.

4 Q. (BY MS. VALL-LLOBERA) Did -- did you  
5 consider Allison Bass Magee for this job?

6 A. Of course. They -- they do a lot of things  
7 for us.

8 Q. How did you consider them?

9 A. Well, I'm just -- it's on my assumption that  
10 they -- that they do a lot of work for us, so that  
11 I -- if they submitted a proposal, I know -- while  
12 I don't independently recollect seeing it, I know  
13 that if it was presented, we would have considered  
14 it.

15 MS. VALL-LLOBERA: I would like to  
16 introduce Tab 9. It's going to be Apfel  
17 Exhibit 8.

18 MR. RUSSO: Thank you.

19 (Exhibit 8 is marked.)

20 Q. (BY MS. VALL-LLOBERA) This is a  
21 February 18, 2020, e-mail to Mark Henry, regarding  
22 the Commissioners Court redistricting.

23 Did I read that correctly?

24 A. Yes.

25 Q. So, if you turn the page, you'll see that

1 attached to this e-mail is a proposal. And I want  
2 to turn to the last page of that proposal. It's  
3 the last page of the exhibit.

4 A. I was just scanning it. Okay.

5 Q. At the -- at the end of this page, right  
6 before the executed line, it says: The total fixed  
7 fee for services is \$62,500.

8 Do you see that?

9 A. Yes.

10 Q. Does this -- does this exhibit refresh your  
11 recollection about this proposal?

12 A. Yes, it does.

13 Q. Have you seen it before?

14 A. I believe I have, but I still don't recall.

15 Q. So I would like to turn your attention to  
16 page 2 of the proposal, which is page 4 of the  
17 exhibit.

18 A. Okay.

19 Q. No. 2, towards the top of the page, says:  
20 In rebalancing that population, additional care  
21 must be given under the Voting Rights Act of 1965  
22 so that minority residents within the jurisdiction  
23 compose a sizable portion of the overall  
24 population. The boundaries drawn to accomplish  
25 numerical balance cannot neither fragment, dilute,

1 or unfairly compact that minority population to  
2 restrict the minority's ability to have an impact  
3 on the outcome of an election within the  
4 commissioner precinct where the minority population  
5 is located.

6 Did I read that correctly?

7 A. You did.

8 Q. What did you understand by this paragraph?

9 A. Well, it's referring to the Voting Rights  
10 Act of 1965, that I still am not clear on. But  
11 what I understood that to mean is we have to follow  
12 the law in redistricting.

13 And so while I didn't break down the law  
14 specifically, I knew that that's what we were  
15 hiring people to do. And we did.

16 Q. Beneath that, 2-A, 2-B, and 2-C, there are  
17 three -- there's a few definitions.

18 Could you read the first one out loud, for  
19 the record?

20 A. What are you talking about, A?

21 Q. A, yes.

22 A. "Cracked" or "fragmented" meaning that large  
23 concentrations of minority voters cannot be divided  
24 into several commissioner precincts, rather than  
25 left intact in a single or even multiple

1 commissioners court precincts.

2 Did I read that correctly?

3 Q. Yes. Did that definition -- did you  
4 understand that definition?

5 A. That all goes to the law. And so, I  
6 didn't -- I didn't -- I trusted the people that we  
7 hired to -- to look at the population and draw the  
8 maps in -- as equal as we could get them, and  
9 follow the bounds of the law.

10 Q. Do you understand what packed or stacked  
11 mean in the context --

12 A. I do not.

13 Q. -- of redistricting?

14 Returning to page 5 of their proposal,  
15 towards the top, there is a heading that says,  
16 steps in redistricting.

17 Do you see that?

18 A. I do.

19 Q. This has a proposal -- you know, a proposed  
20 timeline.

21 Did you review this at the time?

22 A. Same answer. I don't remember specifically.

23 Q. Were --

24 A. Again, this is -- this is two firms touting  
25 their experience and ability to redistrict for us.

1 And so I was looking at these for price and

2 experience and -- to make my decision.

3 Q. All right.

4 A. I assumed we would always follow the law. I

5 didn't need to know the steps. I knew that we

6 would.

7 Q. Were you aware that the law firm Bickerstaff  
8 submitted a proposal to Ken Clark to be hired as  
9 redistricting counsel in January of 2020?

10 A. Not if it was just submitted to him, no.

11 Q. So you did not see a proposal from bur --  
12 Bickerstaff?

13 A. Not that I recall.

14 MS. VALL-LLOBERA: I would like to  
15 introduce Tab 8.

16 THE WITNESS: 9.

17 MR. RUSSO: It's Tab 9 -- Tab 8, not  
18 exhibit.

19 THE WITNESS: Oh.

20 MS. VALL-LLOBERA: Thank you for  
21 keeping track.

22 I would like to introduce Apffel  
23 Exhibit 9.

24 (Exhibit 9 is marked.)

25 Q. (BY MS. VALL-LLOBERA) This is January 29,

1 2020, e-mail from David Mendez to Ken Clark,  
2 regarding redistricting estimate for Galveston  
3 County.

4 If you turn to the second page of this  
5 exhibit, there is a proposal for redistricting.

6 Have you seen this before?

7 A. Not that I recall.

8 Q. If you turn to the third page, there is an  
9 actual budget.

10 Do you see that?

11 A. Hang on just a second.

12 (The witness peruses the document.)

13 A. Okay.

14 Q. (BY MS. VALL-LLOBERA) Does seeing this  
15 exhibit refresh your recollection about this  
16 proposal?

17 A. No.

18 Q. On the last page, do you see what the total  
19 is for their proposal? It's towards the bottom.

20 A. Yeah, I see that number. 50,370.

21 Q. And do you see, as part of this proposal on  
22 this page, there's a section, Section 5, towards  
23 the middle of the page, that refers to public  
24 hearings?

25 A. Yeah, I do.

1 Q. Would it be unusual for only one  
2 commissioner to get a proposal?

3 A. No.

4 Q. Did you receive any proposals?

5 A. No.

6 Q. Going back to the approval of the contract  
7 with Vogel and Oldham, when was -- when was  
8 Mr. Oldham's contract approved?

9 A. I believe -- I believe in April.

10 Q. April 2021?

11 A. Yes, ma'am.

12 Q. What kind of services does Mr. Oldham  
13 provide?

14 A. Again, it was all about determining --  
15 looking at the population and having his  
16 demographer draw the maps, to equalize the  
17 population.

18 Q. Okay. What did you know about the  
19 redistricting process?

20 A. Nothing.

21 Q. Did you see a proposal from him?

22 A. That we approved? That -- that we  
23 ultimately approved? Yes, I saw that.

24 Q. Do you recall how much that proposal was  
25 for?

1           A. 80 or \$90,000, but only 25,000 for mapping.  
2           And what I liked about that one was it -- it -- if  
3           there -- those people -- these two that you've  
4           shown me were just about mapping.

5                     That one said not only will we draw the maps  
6           for you, we will handle your litigation as part of  
7           it.

8           Q. Did you expect litigation?

9           A. Absolutely not.

10          Q. So why was that a factor in hiring Oldham?

11          A. Because it -- it would make good business  
12          sense to me that not only did -- these people were  
13          putting their money where their mouth is to say,  
14          our maps were going to be within the bounds of the  
15          law, so much that we will -- we will handle any  
16          litigation as part of our fees.

17          Q. Did it strike you as odd, that they would  
18          include litigation -- expected litigation --

19          A. No. It struck --

20          Q. -- as part of their proposal?

21          A. -- it struck me as good, that, hey, look,  
22          it's a guarantee, a warranty of the work.

23          Q. What did you know about Mr. Oldham's  
24          background, at this time?

25          A. Nothing.

1 Q. Did -- did you --

2 A. I knew -- I knew that he had assisted the  
3 county in the maps before. That's what I had found  
4 out.

5 Q. You knew that for --

6 A. Prior to approval.

7 Q. Okay. Did you know that he helped prepare  
8 the 2011 submission that culminated with the DOJ  
9 rejecting the county's preclearance submission?

10 A. That's too specific. No, I didn't know -- I  
11 don't know that.

12 Q. Who made the decision to hire Mr. Oldham?

13 A. The Court.

14 Q. How was that decision made?

15 A. Vote of the -- a vote, in open court, on  
16 a -- whatever day.

17 Q. Did that occur at a special session or a  
18 regular session?

19 A. I seem to recall at a regular session.

20 Q. Does the county have a requirement to seek  
21 out requests for proposals for third-party vendor  
22 contracts like the redistricting work?

23 A. I think that possibly falls under  
24 professional services. But you're getting beyond  
25 my pay grade.

1 I trust that -- that all of our departments  
2 and department heads follow the law with regard to  
3 competitive bid process and distinguish what has to  
4 be and what doesn't.

5 And so by the time I ever see it to vote on  
6 it, that's all been handled.

7 Q. Did you put out -- excuse me.

8 Did the Commissioners Court put out a  
9 request for proposals for the redistricting work?

10 A. I don't know.

11 (Voices en sotto.)

12 Q. (BY MS. VALL-LLOBERA) Did you reach out to  
13 Mr. Oldham to prepare his proposal?

14 A. No.

15 Q. Do you know how this proposal came to the  
16 Commissioners Court?

17 A. No.

18 Q. Has the Commissioners Court ever saw a  
19 request for proposal for other third-party  
20 contracts?

21 A. In general?

22 Q. (Counsel nods head.)

23 A. Thousands.

24 Q. So the Commissioners Court itself -- the  
25 Commissioners Court itself, when -- when they're

1 entering into -- into contracts, or approving  
2 contracts, does that usually follow a request for  
3 proposal process?

4 A. Like I say, I -- it -- we absolutely follow  
5 the competitive bid process. So there are  
6 certain -- I would say most items fall under that,  
7 and have to have a RFQ and RFP -- request for  
8 qualifications, request for proposal -- and an  
9 opening -- opening bid process.

10 Some things fall under, as I understand,  
11 professional services and other things that the law  
12 allows you not to have to go through that process,  
13 and we have done that as well.

14 But either way, it's all done, based upon  
15 our department and department heads, for following  
16 the -- the government code.

17 Q. You mentioned earlier that it's not uncommon  
18 for proposals to be sent to individual  
19 commissioners.

20 Is that right?

21 A. I was specifically thinking of Ken Clark.

22 Q. Did Commissioner Clark regularly receive  
23 proposals to him directly?

24 A. No, but --

25 MR. RUSSO: Object to speculation.

1           A. Yeah. Ken -- I noticed that he was in  
2 El Paso and saw this man at Bickerstaff, and  
3 that's -- and they discussed it.

4           So, Ken, because of his tenure on the court,  
5 he had relationships with people far beyond many.  
6 And so -- so they would -- they -- they were  
7 sending it to him, with -- because they had had a  
8 discussion.

9           Q. (BY MS. VALL-LLOBERA) When you  
10 get sent -- when you get sent such a proposal, are  
11 there any laws requiring that you to send them to  
12 the county attorneys or other staff?

13          A. I don't think so, no.

14          Q. Is there -- is it best practice to send  
15 proposals to county attorneys or staff, if you  
16 receive them?

17                   MR. RUSSO: Objection; speculation.

18          A. Yeah. I mean, I -- I don't know that that's  
19 a best practice, because it -- you know, we, as  
20 commissioners, get -- I don't know the word, I'm  
21 going to use the word hustled -- all the time, for  
22 one thing or another.

23                 And many times you just say yes, yes, yes,  
24 and -- and move on. And -- and so -- so it's  
25 not -- it's not, there's no way that we present

1 everything.

2 I think that we all expect, as fellow  
3 commissioners, to filter out, and -- and if we --  
4 but certainly, everyone has the right to present  
5 anything they want.

6 Q. (BY MS. VALL-LLOBERA) The 2020 census data  
7 came out in August 2021, correct?

8 A. Did you give me a month there? I'm sorry.

9 Q. August 2021.

10 A. I don't recall that. But I know that we  
11 were waiting -- we had approved the contract, and  
12 we were waiting for census data.

13 Q. What actions did you take with regards to  
14 redistricting, between the approval of that  
15 contract with Mr. Oldham, and when the census data  
16 came out?

17 A. Nothing.

18 Q. What awareness did you have of Mr. Oldham  
19 working on redistricting?

20 A. None.

21 Q. Did you have any conversations with  
22 Mr. Oldham regarding that -- excuse me.

23 Did you have any conversations with  
24 Mr. Oldham after the contract was signed, before  
25 the census data came out?

1 A. No, not that I recall.

2 Q. Did you have -- did you have any  
3 conversations with the other commissioners about  
4 redistricting during this time?

5 A. No.

6 Q. Why didn't you do any work before the census  
7 data came out?

8 MR. RUSSO: Objection speculation.

9 A. I was a -- somewhat of a freshman on the  
10 Court, and I had not experienced any of the  
11 redistricting. And so, I did not know what to  
12 expect or how -- how to proceed.

13 Wait. That was -- that was...

14 Q. (BY MS. VALL-LLOBERA) Did you -- did you  
15 seek out any information regarding the  
16 redistricting process?

17 A. No.

18 Q. What steps did you take to -- to fill in  
19 this knowledge gap of yours, regarding the  
20 redistricting process?

21 A. I asked Judge Henry -- typically, in the  
22 past, I believe that Ken Clark was the one  
23 commissioner that assisted with the redistricting.

24 And so I asked Judge Henry, hey, when  
25 redistricting kicks off, if it kicks off, would you

1 include me?

2 Because I wanted to be included.

3 Q. What did Judge Henry say?

4 A. Absolutely. We need to schedule a meeting  
5 with Dale Oldham. And when that happens, I'll let  
6 you know.

7 Q. Did that meeting take place?

8 A. It did.

9 Q. When did that meeting take place?

10 A. I don't remember -- I'm -- I'm guessing at  
11 or about -- after the census data came out, a phone  
12 conference was set up between me and Dale Oldham,  
13 and our other attorney, Paul Ready, and Mark Henry  
14 and Tyler Drummond.

15 And I participated in that call.

16 Q. So did this meeting occur at your request?

17 A. No.

18 Q. So they were including you in a meeting,  
19 at --

20 A. At my request.

21 Q. All right.

22 A. The way I understood it was, okay -- at some  
23 point, I had said, I would like to be in  
24 redistricting with you, Judge Henry, if -- as  
25 things move along.

1           And so, he set up a first phone conference  
2           to get started sometime after that, and they  
3           included me.

4           Q. Did you prepare for that phone conference?

5           A. No.

6           Q. What other steps did you take to learn more  
7           about redistricting, other than asking Judge Henry  
8           to be included?

9           A. That's it.

10          Q. Did you reach out to Mr. Oldham, about  
11          redistricting, once the contract was signed?

12          A. Only -- only that call that I have just  
13          previously referenced.

14          Q. Did you request that call with Mr. Oldham?

15          A. No, no. So are you saying did I reach out  
16          other than that? No.

17          Q. Why didn't you take more steps?

18          A. Because the steps were identified in that  
19          phone conference of what was going to be happen.

20          Q. And what steps were those?

21                           MR. RUSSO: Again, advise the  
22          witness not to disclose conversations with  
23          Mr. Oldham, and Mr. Ready, to the county, related  
24          to legal analysis of dealing with redistricting.

25                           MS. VALL-LLOBERA: And we -- and

1 | we'll again preserve our arguments, as to what --

2 | A. What -- what was going to happen -- the what  
3 | is that he and his firm had an expert who would  
4 | look at the census data and create maps equalizing  
5 | the population among the precincts. That's what I  
6 | understood.

7 | Q. (BY MS. VALL-LLOBERA) So during that  
8 | September conference call, they already had a  
9 | mapping expert.

10 | Is that correct?

11 | A. I don't know that.

12 | Q. Who was speaking to you about who --

13 | A. The lawyers. The lawyers, identifying the  
14 | procedure that was going to take place.

15 | Q. You just said he and his firm had an expert.

16 | A. Yeah. I now know, because I ended up  
17 | meeting with him in that meeting I referred you to,  
18 | the only other meeting I had, where the expert was  
19 | on the Zoom.

20 | And did he specifically mention him then? I  
21 | don't recall.

22 | Q. When did you first see the census data?

23 | A. I don't recall. When it came out.

24 | Well, when you say did -- yeah, I -- I don't  
25 | ever remember seeing the data, like in a big

1 thick -- I remember talking about the data.

2 Q. When do you first recall talking about the  
3 census data that came out, in August 2021?

4 A. I don't recall -- I don't have a date.

5 Q. Who did you speak to the census data about?

6 A. Tyler Drummond.

7 Q. Did you understand that there would need to  
8 be shifts in the map lines, due to the changes in  
9 population?

10 A. I'm not sure I understand your question.  
11 But if you're saying, did we have to redraw the  
12 lines to equalize the population, that's what I  
13 understood.

14 Q. Were any steps taken at that time to notify  
15 Galveston County residents of the census release?

16 A. I don't know.

17 Q. Were any steps taken to inform Galveston  
18 County residents that the County Commissioner map  
19 would need to be redrawn to account for  
20 population -- population shifts?

21 A. I feel like at -- be -- yes. But there --  
22 at the chamber luncheons, at the -- at the --  
23 whatever events that -- mostly chamber luncheons,  
24 as commissioners would go, they would inform --  
25 they would stand up and introduce themselves, and

1 | inform the people that the census data is now out

2 | and we will have to equalize the population.

3 | Q. When you say, chamber meetings, is that per  
4 | commissioners?

5 | A. No. Many times --

6 | Q. What --

7 | A. -- several of us go to the same chamber  
8 | luncheon.

9 | Q. What -- is that the Chamber of Commerce?

10 | A. Yes. We have 13 of them.

11 | Q. 13 of them. What is --

12 | A. Well, maybe not 13. There's 13 cities, and  
13 | probably eight or nine chambers. Some work  
14 | together.

15 | Q. So, there was no -- excuse me.

16 | Was this an informal notification process?

17 | A. I -- I don't know that to be what you're --  
18 | you asked me did -- did -- did we take any steps.

19 | And I was just saying, I can seem to recall people  
20 | talk -- talking about it at the meetings to the  
21 | public.

22 | Q. Do you recall any -- do you recall any  
23 | specific Chamber of Commerce luncheons, or the  
24 | dates?

25 | A. No.

1 Q. Do you recall how many you attended in that  
2 time frame?

3 A. No.

4 Q. You mentioned --

5 A. Less than a handful.

6 Q. Did you make an announcement about the need  
7 to equalize population at any other group events?

8 A. I did not, no.

9 Q. Did you make that statement in other  
10 settings, such as church, or school, or these other  
11 community events that you attend?

12 A. No. I wasn't out campaigning for anything,  
13 redistricting wise.

14 MS. VALL-LLOBERA: Okay. I would  
15 like to introduce Tab 11. This is going to be  
16 Apffel Exhibit 10.

17 (Exhibit 10 is marked.)

18 Q. (BY MS. VALL-LLOBERA) This is an August 24,  
19 2021, e-mail from Cheryl Johnson to the  
20 commissioners, with the subject line, current voter  
21 count by precinct.

22 Is that correct?

23 A. What -- what -- which -- current voter count  
24 by precinct is what it says, yes.

25 Q. The subject line.

1 A. Yes. Yes, I saw this document.

2 Q. The first line of this e-mail reads: Since  
3 we are nearing the time to redistrict, I wanted you  
4 to have the most current voter counts in your  
5 precinct's district. I hope this helps you moving  
6 forward, close quote.

7 Do you recall this e-mail?

8 A. I do. I don't recall the e-mail. I recall  
9 receiving the numbers.

10 Q. So turning the page to those numbers, did  
11 you notice this voter population imbalance at the  
12 time of reading this e-mail?

13 A. That's when it became real for me, that --  
14 what we needed to do.

15 Q. What did you need to do?

16 A. Equalize the population among the four  
17 precincts.

18 Q. Did you talk to anyone about redistricting  
19 in response to this e-mail?

20 A. None -- none other than -- I don't -- so I  
21 don't know when I had the meeting with Dale Oldham,  
22 on the telephone, if it was before this or after  
23 this. But that's the only talk I had about  
24 starting a process.

25 MS. VALL-LLOBERA: I would like to

1 introduce Tab 12. This is Apffel Exhibit 11.

2 (Exhibit 11 is marked.)

3 Q. (BY MS. VALL-LLOBERA) This is an e-mail  
4 from Cheryl Johnson to the commissioners, as well  
5 as some staff. It's dated August 24, 2021 -- oh,  
6 excuse me --

7 A. 27.

8 Q. Excuse me. This is an August 27, 2021,  
9 e-mail from Seth Collins to you.

10 Is that correct?

11 A. Correct.

12 Q. Do you recall this e-mail?

13 A. I think I do, yeah.

14 Q. Who is Seth Collins?

15 A. He was my policy and constituent advisor at  
16 the time.

17 Q. Is he still your policy and constituent  
18 advisor?

19 A. No.

20 Q. Is he still a member of your staff?

21 A. No.

22 Q. So turning to the data that he attached,  
23 what does this data show?

24 MR. RUSSO: Object as vague.

25 A. Yeah, I don't know what you're -- what

1 you're asking, but...

2 Q. (BY MS. VALL-LLOBERA) Take a moment to --

3 A. You're talking about -- what page are you  
4 on?

5 Q. On the first page of the data, which is  
6 page 4 of this exhibit, the Excel is titled, 2020  
7 Galveston County Vote Totals.

8 So page 4 of the exhibit would be one tab in  
9 the Excel, and the next page is another tab in the  
10 Excel --

11 A. Uh-huh.

12 Q. -- and so forth.

13 A. I asked him for the data, but I don't -- I'm  
14 not sure why, what I was using it for.

15 I think I wanted to know the -- the -- I  
16 don't remember why.

17 Q. So if you look at the bottom of the first  
18 page of the data, which says Precinct 1 on the top  
19 right.

20 A. Uh-huh.

21 Q. At the -- towards the bottom, there's some  
22 totals. And it shows a net gain -- a line that  
23 says, net gain.

24 Do you see that?

25 A. I do.

1 Q. What is this referring to?

2 A. I have no idea.

3 Q. Okay. And for Precinct 2, on the next page,  
4 there's a line item that refers to net loss.

5 Do you see that?

6 A. I do.

7 Q. And the next page, there is a -- for  
8 Precinct 3, net gain.

9 Do you see that row?

10 A. I do.

11 Q. And on the next page, there is one more row  
12 for net loss, for Precinct 4.

13 A. Yeah, we were looking at how to equal -- how  
14 that the population was going -- by vote, was going  
15 to equal out, is what I believe I asked.

16 Q. So on the next page, there is a tab on this  
17 Excel that, on the top right, says, precinct number  
18 changes. And there's some color coding.

19 A. Uh-huh.

20 Q. Do you recall what the color coding refers  
21 to?

22 A. No.

23 Q. Who prepared this Excel?

24 A. I don't know. I'm -- I don't know.

25 Q. Did Seth Collins prepare it, and send it to

1 you?

2 A. I don't know.

3 Q. Would it have been within his role to  
4 prepare data like this for you?

5 A. Yeah -- yeah.

6 Q. Turning to the next page, this title -- this  
7 page is titled, Registered Voters By Commissioner  
8 Precinct as of August 13, 2021.

9 What does the color shading refer to here?

10 A. I don't -- I have no -- I don't know.

11 Q. And so, you did not prepare this Excel?

12 A. No. But I was --

13 Q. Did --

14 A. I had Seth helping me. But I don't remember  
15 our intent and purpose, other than for my own  
16 information.

17 Q. What information were you trying --

18 A. Trying to figure out what -- how the -- how  
19 the -- we would equalize the precincts.

20 Q. So, on --

21 A. And which ones I could give up, because I  
22 knew I was going to have to give up. And looking  
23 at the number of active voters, trying to say,  
24 okay, well, we could give up -- if we gave up  
25 Bolivar, for example, we would be giving up so many

1 votes -- excuse me, so many residents.

2 Q. On the next page, the last page of the  
3 exhibit, there's another chart similar, also  
4 showing the four precincts and some color coding.

5 Do you see that?

6 A. Uh-huh.

7 Q. Do you see the key on the top right, with  
8 the names of the four commissioners?

9 A. Yes.

10 Q. Do those -- does that key correlate to the  
11 shading in the charts on these two pages?

12 A. Yes.

13 Q. Were you working to try to rebalance the --  
14 the district, the precincts?

15 MR. RUSSO: Objection; asked and  
16 answered.

17 A. Yeah, I -- I was just doing -- I'm a visual  
18 printout sort of guy. And so I was needing to see  
19 it by voting precincts, and -- and commissioner  
20 precincts.

21 Q. (BY MS. VALL-LLOBERA) Were you personally  
22 manipulating this Excel to try different variations  
23 of redrawing the maps?

24 A. Not -- no, I never touched it. I don't know  
25 how -- I wouldn't know how.

1 Q. So a member of your staff prepared this?

2 MR. RUSSO: Objection; speculation,  
3 asked and answered.

4 A. Yeah, I -- I don't know who prepared it.  
5 But I know that Seth sent it to me.

6 Q. (BY MS. VALL-LLOBERA) Do you know what  
7 these geographic areas that the -- that these  
8 numbered precincts correspond to?

9 A. For my precinct, I do.

10 Q. So when you were looking at these proposals,  
11 you had a sense for what communities or what --  
12 what geographic areas you were thinking of breaking  
13 out?

14 A. The only thing I was trying to do was break  
15 out Bolivar peninsula, because it did not make  
16 sense for me -- for a 20-minute meeting to drive  
17 four hours.

18 And so, I was trying -- I was hoping there  
19 would be enough population there that I could give  
20 up, to better geographically fix the problem I had.

21 Q. So you did not want to represent Bolivar?

22 A. No, that's not -- that's -- that's the wrong  
23 statement. I would love to continue to represent  
24 Bolivar.

25 But I thought it would make better use of

1 | all of our time, if, unfortunately, someone else  
2 | did it, based on a redraw.

3 | And redraws needed to happen, and I had too  
4 | many people that -- and so I thought that was a  
5 | logical place to give up.

6 | Q. Was the impulse -- was your -- was your  
7 | desire to draw Bolivar out of your map driven by  
8 | the logistics of getting there?

9 | A. Only.

10 | Q. Only -- just to -- to clarify, so that was  
11 | the only motivating factor for you wanting to draw  
12 | Bolivar out of your precinct?

13 | A. That's it.

14 | MR. RUSSO: Object as vague.

15 | MS. VALL-LLOBERA: I would like to  
16 | introduce Tab 13. Here you go, Counsel.

17 | MR. RUSSO: Thank you.

18 | MS. VALL-LLOBERA: This is  
19 | exhibit -- excuse me, Apffel Exhibit 12.

20 | (Exhibit 12 is marked.)

21 | Q. (BY MS. VALL-LLOBERA) So this is an  
22 | August 30, 2020, e-mail from Paul Ready to Linda  
23 | Liechty. And the subject is, call request, hyphen,  
24 | Galveston County redistricting.

25 | Did I read that correctly?

1 A. Yes.

2 Q. Do you recall receiving the e-mail from  
3 Ms. Liechty about scheduling this meeting with Dale  
4 Oldham?

5 A. No, but it -- I don't doubt that this is  
6 what caused us to have that meeting I referenced.

7 Q. Am I pronouncing her name correctly? Is  
8 that Liechty?

9 A. Liechty.

10 Q. Liechty, thank you.

11 Do you recall reading the forwarded e-mail  
12 below, from Paul Ready?

13 A. Yes.

14 Q. Have you received any communication from  
15 Ready about redistricting in any other format  
16 previously?

17 A. No. This was our kickoff.

18 Q. Returning to the second page of this  
19 exhibit, I want to read a line from Mr. Ready's  
20 initial e-mail: Our first step needs to be an  
21 online meeting or conference call with you, me,  
22 Judge Henry and Commissioner Apffel.

23 Do you see that?

24 A. Yes.

25 Q. And the you refers to Mr. Oldham, correct?

1 A. I guess.

2 Q. Who -- who is the recipient of this e-mail?

3 A. Yeah, Dale Oldham.

4 Q. Why was this -- why was meeting with you the  
5 first step?

6 A. Because they had received the census data,  
7 and it would -- we had approved the contract with  
8 the -- him and his firms, much earlier. And it was  
9 time to begin discussing redistricting.

10 Q. But only with Judge Henry and you, from the  
11 Commissioners Court?

12 A. Yeah. Because as I told you, it's the  
13 judge's duty and responsibility to handle  
14 redistricting, in my opinion.

15 And more than two people would be a quorum.  
16 And so, on many occasions, the judge will invite a  
17 commissioner to a meeting for informational  
18 purposes.

19 And -- and -- and he had done that, I knew,  
20 with Ken Clark, in redistricting before. And I  
21 asked that I be that one.

22 Q. Did you know that Mr. Ready and Mr. Oldham  
23 were setting up similar online meetings or  
24 conference calls with the other commissioners, to  
25 discuss redistricting?

1 A. After this, or at some point -- yeah, I knew  
2 that they were going -- everyone was going to be  
3 talked to. That's how we do.

4 Q. And did all the commissioners meet with  
5 Mr. Oldham?

6 A. As far as I know, yes.

7 MS. VALL-LLOBERA: I would like to  
8 introduce Tab 14. I'm introducing Apffel  
9 Exhibit 13.

10 (Exhibit 13 is marked.)

11 Q. (BY MS. VALL-LLOBERA) This is an Outlook  
12 invitation, dated September 8, 2021. The attendees  
13 are listed as you, Mr. Ready, Seth Collins, and  
14 Veronica Van Horn.

15 Do you see that?

16 A. I do.

17 Q. And the subject line -- in the subject line,  
18 it states, conference call re: Redistricting;  
19 attendees, colon, Judge Henry, Commissioner Apffel,  
20 Paul Ready, and Dale Oldham.

21 Do you see that?

22 A. Yes.

23 Q. Did this meeting take place?

24 A. That's the telephone conference call that I  
25 previously described, yes.

1 Q. And I believe --

2 A. I'm assuming. I only had one, and I'm  
3 assuming this is the same.

4 Q. And who was present at -- during that call?

5 A. It was for -- it was -- I -- I was by  
6 myself, so it was a phone call.

7 Q. Who was on the call?

8 A. Me; Mr. Ready; the judge, Judge Henry; and  
9 Tyler Drummond.

10 Q. Okay. Seth Collins didn't attend?

11 A. No.

12 Q. Was there an agenda for this call?

13 A. No.

14 Q. Did you take -- did you make any notes?

15 A. No.

16 Q. Did anyone take minutes?

17 A. I wasn't there to -- I didn't. I was by  
18 myself. It was a call, so I don't know where  
19 everybody was.

20 Q. Okay. Did anybody say they were taking  
21 notes?

22 A. No.

23 Q. How long did this meeting last?

24 A. I think -- I can unequivocally say less than  
25 30 minutes, but I don't know exactly.

1 Q. Did you discuss your meeting with Mr. Oldham  
2 with any of the other commissioners?

3 A. No.

4 Q. Did any other commissioner discuss their  
5 meeting with Mr. Oldham with you?

6 A. No.

7 Q. You mentioned this was not your only meeting  
8 with Mr. Oldham, correct?

9 A. Correct.

10 Q. How many meetings did you have with  
11 Mr. Oldham?

12 A. This -- if you call this a meeting, I -- I  
13 had two. This was a phone conference, and the  
14 other was an in-person.

15 Q. Were those the only times you met with  
16 Mr. Oldham, regarding redistricting?

17 A. The only times I ever spoke to him, to this  
18 day.

19 Q. In the September -- excuse me.

20 | Were you aware that Mr. Oldham would be  
21 | meeting with other commissioners individually,  
22 | regarding the same topic?

23 | A. You've asked me that, and I -- I don't know.

24 | Yes, I understood that he -- but that was  
25 | later. That was not -- not like at this phone

1 conference. But after that, when he met with me, I  
2 was aware that he was going to meet with everyone.

3 Q. At this September 8, 2021, meeting, did  
4 Mr. Oldham provide an overview of the 2021  
5 redistricting process?

6 A. I -- I'm not sure, but when you say that, I  
7 don't know.

8 Q. Did he provide an overview of the 2011  
9 redistricting process?

10 A. No, we didn't discuss it.

11 Q. Did you discuss the 2011 redistricting  
12 process at all?

13 A. No.

14 Q. Back to the 2021 redistricting process.

15 Did he provide an overview of the process,  
16 such as referring a -- to a timeline?

17 MR. RUSSO: Counsel, asked and  
18 answered.

19 A. Yes. I mean, he -- we talked about what  
20 ultimately was going to happen, and what -- what  
21 happened, I should say.

22 Q. (BY MS. VALL-LLOBERA) Did you identify  
23 deadlines by which redistricting had to occur?

24 A. We knew that it had to have --

25 MR. RUSSO: Let me just interpose

1 the objection.

2 On attorney-client privilege  
3 grounds, in terms of, you know, the -- what the  
4 process -- what or -- what you were doing, is --  
5 has already been stated, frankly, on the record.

6 But just be very careful here about  
7 revealing conversations between counsel and the  
8 county, related to the redistricting effort.

9 Other than that, you can answer,  
10 which is a very fine line.

11 A. My understanding was that we were behind,  
12 because the census data had taken so long to come  
13 out, and that we needed to finish by the end of the  
14 year.

15 And so, that timeline was established, just  
16 because of my understanding. That's the only  
17 timeline we knew -- I knew of.

18 Q. (BY MS. VALL-LLOBERA) At this meeting,  
19 you -- did you review the census data?

20 A. Like I said, I didn't have a stack in front  
21 of me. We -- I -- and Mr. Oldham talked to us  
22 about certain things, the population and so forth,  
23 that...

24 Q. At this time, you -- you already knew that  
25 the populations would have to be rebalanced,

1 correct?

2 A. That was my general understanding, yes, of  
3 the whole redistricting every ten years, period.

4 Q. Did Mr. Oldham talk to you about  
5 redistricting criteria?

6 MR. RUSSO: Objection. Don't --  
7 objection, based on privilege, and instruct the  
8 witness not to answer.

9 MS. VALL-LLOBERA: And we'll reserve  
10 our arguments that these conversations are not  
11 privileged.

12 MR. RUSSO: The objection is on the  
13 record.

14 MS. VALL-LLOBERA: We'll have  
15 several of these questions. Would you be amenable  
16 to stipulating that you object and we'll preserve  
17 our arguments, without reiterating our full  
18 arguments?

19 MR. RUSSO: Without you re --  
20 reiterating your arguments? I mean, I -- my  
21 objection stands. Whether you argue against it or  
22 not, doesn't matter.

23 I mean, if you want to ask all the  
24 questions, I'll pose the objection as -- as  
25 necessary. I -- I understand you don't agree with

1 | our position, but I don't -- you know, it's  
2 | deposition procedure. I just need to make sure I  
3 | maintain my -- and preserve the objections for the  
4 | record.

5 | Q. (BY MS. VALL-LLOBERA) Did -- without  
6 | revealing the substance of any conversations with  
7 | counsel, as we sit here today, what is your  
8 | understanding of traditional redistricting  
9 | criteria?

10 | A. The county grows by people. The precincts  
11 | become imbalanced by people. And we are required  
12 | to continually balance the representation of the  
13 | people.

14 | Q. Specifically, how do you have to rebalance  
15 | the populations?

16 | A. In my simple little way --

17 | MR. RUSSO: Let me object -- just  
18 | let me interpose -- interpose the objection on  
19 | attorney-client privilege grounds. And you've  
20 | heard the basis before.

21 | So don't reveal conversations or  
22 | information you've learned from Dale, related to  
23 | the redistricting effort.

24 | A. Well, my simple understanding is to -- to  
25 | redraw the lines to balance the population, to be

1 within compliance with the law.

2 Q. (BY MS. VALL-LLOBERA) Is the only criteria  
3 for redistricting that the numbers line up?

4 A. I don't know.

5 Q. You've stated that the imbalances needed to  
6 be corrected, based on population shifts.

7 What -- do you need to consider anything  
8 other than population numbers, in redrawing maps?

9 A. I don't --

10 MR. RUSSO: Same objection on  
11 attorney-client privilege grounds.

12 To the extent you can answer without  
13 revealing conversations between the county, you,  
14 and any of your counsel, you can answer.

15 MS. VALL-LLOBERA: And we  
16 preserve --

17 A. I trust that the people we hired to do the  
18 job, do it in compliance with the law.

19 Q. (BY MS. VALL-LLOBERA) Are there any other  
20 factors considered in drawing the maps?

21 A. I don't know.

22 Q. Earlier, you stated that you were looking  
23 to -- to cut Bolivar.

24 Was that a factor that you were considering  
25 in redrawing the maps?

1 A. No, I wasn't looking to cut Bolivar. I  
2 wasn't looking to cut anyone. I was understanding  
3 that in order to balance the -- the four precincts,  
4 that I would have to give up something and give it  
5 to someone else, to -- to make that -- to  
6 accomplish that.

7 And so, that's -- that's what I understood.

8 Q. When looking at what areas you could peel  
9 off of your district, what factors did you  
10 consider?

11 A. I've told you, that made sense to me. And  
12 part of that analysis, in -- the -- the Excel  
13 spreadsheet, I was trying to see how many -- I was  
14 trying to see the numbers by the voting precincts  
15 to say, okay, we can give up this -- 103 and 104,  
16 because I have to -- for a 20-minute meeting in  
17 by -- in High Island, I have to drive four hours,  
18 because of the ferry, the geographical split  
19 between the -- the island and the peninsula.

20 But -- so, it was -- I was thinking, okay,  
21 this -- this is what makes sense. If I've got to  
22 give something up, I'll give up this.

23 Q. Did you consider any other factors?

24 A. I wasn't --

25 MR. RUSSO: Object as vague.

1 A. -- considering factors. I was just looking  
2 at numbers.

3 Q. (BY MS. VALL-LLOBERA) Did Mr. Oldham  
4 discuss any factors?

5 MR. RUSSO: Objection.

6 I'll instruct the witness not to  
7 answer, based upon attorney-client privilege.

8 Q. (BY MS. VALL-LLOBERA) If a constituent  
9 asked you about the redistricting process and asked  
10 what kind of things you were thinking about in  
11 redrawing the maps, what would you have said --  
12 what would you say?

13 A. I would say our county grew by whatever  
14 number, 80,000 people, whatever the number was. I  
15 don't remember the number.

16 And the law requires us to balance the  
17 precincts, based on that population, and we've  
18 hired a law firm and a demographer to -- to do that  
19 for us the best way possible to be within the  
20 bounds of the law.

21 Q. Did you discuss the Voting Rights Act?

22 A. Never.

23 MR. RUSSO: Objection.

24 What -- what are you talking about?

25 Are you talking about a meeting with -- who are --

1 with who?

2 Q. (BY MS. VALL-LLOBERA) Referring still to  
3 the September 8, 2021, meeting, and your other  
4 meeting with Mr. Oldham, the in-person conference,  
5 did you discuss the Voting Rights Act?

6 MR. RUSSO: I'm going to object to  
7 that and instruct the witness not to answer based  
8 upon attorney-client privilege.

9 MS. VALL-LLOBERA: We'll preserve  
10 our arguments that these are not protected  
11 communications.

12 A. And for clarification, when I said never, it  
13 was because I thought you were talking about  
14 constituents still. I didn't have those  
15 conversations.

16 Q. (BY MS. VALL-LLOBERA) Did you discuss the  
17 U.S. Constitution?

18 MR. RUSSO: Objection. Instruct the  
19 witness not to answer, based on attorney-client  
20 privilege.

21 MS. VALL-LLOBERA: And we preserve  
22 our arguments.

23 Q. (BY MS. VALL-LLOBERA) Without revealing the  
24 substance -- without -- without revealing the  
25 substance of any conversations with counsel, as we

1 sit here today, what is your understanding of the  
2 Voting Rights Act?

3 A. I've answered that twice.

4 Q. Without revealing the substance of any  
5 conversations with counsel, as we sit here today,  
6 what is your understanding of the requirements of  
7 the U.S. Constitution with regard to redistricting?

8 A. I don't know.

9 Q. Did you discuss policy objectives with  
10 Mr. Oldham?

11 MR. RUSSO: Same objection,  
12 attorney-client privilege, instruct the witness not  
13 to answer.

14 MS. VALL-LLOBERA: And we preserve  
15 our arguments that these are not privileged  
16 communications.

17 Q. (BY MS. VALL-LLOBERA) Did you discuss  
18 policy objectives with the other commissioners?

19 A. No.

20 MR. RUSSO: Wait. Let me clarify  
21 it. When? Anytime?

22 Q. (BY MS. VALL-LLOBERA) Okay. I'll rephrase.  
23 Did you discuss policy objectives with other  
24 commissioners during -- between the two meetings  
25 you had with Mr. Oldham?

1 A. No.

2 Q. During your two meetings with Mr. Oldham  
3 that we previously referred to, did you discuss  
4 political objectives?

5 A. No.

6 Q. During those two meetings, did you discuss  
7 the need or desire for a coastal precinct?

8 MR. RUSSO: Let me object, and  
9 instruct the witness not to answer that question,  
10 based on attorney-client privilege.

11 MS. VALL-LLOBERA: And we preserve  
12 our arguments that these are not privileged.

13 Q. (BY MS. VALL-LLOBERA) Did you run an RPV  
14 analysis -- excuse me.

15 Separate from these two meetings, did you  
16 run an RPV analysis?

17 MR. RUSSO: Objection; vague and  
18 ambiguous.

19 A. I don't know what -- I don't understand the  
20 question.

21 Q. (BY MS. VALL-LLOBERA) RPV stands for  
22 racial -- racially polarized voting.

23 Are you familiar with the term, racially  
24 polarized voting?

25 A. I am not.

1 Q. Have you heard this term before?

2 A. I have not.

3 Q. So Mr. Oldham and you did not discuss an RPV  
4 analysis in either of these meetings?

5 MR. RUSSO: Let me object based upon  
6 the attorney-client privilege, and instruct the  
7 witness not to answer.

8 MS. VALL-LLOBERA: And we preserve  
9 our arguments that these are not privileged  
10 communications.

11 Q. (BY MS. VALL-LLOBERA) Have you ever seen an  
12 RPV analysis?

13 A. No.

14 Q. Generally --

15 A. Maybe, but I didn't know what I was looking  
16 at.

17 Q. When might you have seen an RPV analysis?

18 MR. RUSSO: Object as ambiguous.

19 A. During the process --

20 MR. RUSSO: And again, are you  
21 talking about in the conversation with his  
22 attorneys --

23 MS. VALL-LLOBERA: Generally.

24 MR. RUSSO: -- or any time?

25 Q. (BY MS. VALL-LLOBERA) Generally, when might

1 have you --

2 MS. VALL-LLOBERA: The witness  
3 stated that he may have seen an RPV analysis, in  
4 answer to my question, have you ever seen an RPV  
5 analysis.

6 MR. RUSSO: Okay.

7 Q. (BY MS. VALL-LLOBERA) So my follow-up  
8 questions, still in the context of have you ever  
9 seen an RPV analysis, was, when might you have seen  
10 one.

11 MR. RUSSO: Again --

12 A. I wouldn't know.

13 MR. RUSSO: -- we can't -- he's not  
14 going to answer a question as to whether he saw an  
15 RPV analysis with his lawyers present.

16 So other than that, he can answer  
17 your question.

18 Q. (BY MS. VALL-LLOBERA) Has anyone ever tried  
19 to explain RPV to you?

20 MR. RUSSO: Again, same objection.  
21 It's not limited to conversations with lawyers and  
22 counsel.

23 To the extent you can answer the  
24 question without referring to communications in  
25 consultation with lawyers and counsel on that

1 question, you can answer.

2 MS. VALL-LLOBERA: Underlying facts  
3 learned by a witness are not privileged just  
4 because they were conveyed by counsel.

5 MR. RUSSO: But --

6 MS. VALL-LLOBERA: I am merely  
7 stating --

8 MR. RUSSO: We can -- we can  
9 have the --

10 MS. VALL-LLOBERA: -- for the  
11 record --

12 MR. RUSSO: We can have the  
13 colloquy, if you'd like to. The problem is, is  
14 that I -- I don't know whether he's had  
15 conversations with lawyers, and I need to make sure  
16 that what he's telling you does not come from a  
17 conversation with counsel, in terms of how  
18 they're -- they're going to do redistricting  
19 effort, or even related to our conversations  
20 dealing with this case.

21 A. Well, I don't recall. So let's -- well,  
22 that will -- I don't know.

23 MR. RUSSO: I mean, do you  
24 understand what I'm saying, Counsel? It's very  
25 possible that we looked at an RPV count between the

1 two of us.

2 Surely not claiming that's something  
3 you're entitled to know.

4 I'm -- so I'm suggesting you clean  
5 your questions up at least a little bit, so that  
6 it -- we don't have to keep doing this.

7 Q. (BY MS. VALL-LLOBERA) Did you consider the  
8 impact on minority populations when you were going  
9 through the redistricting process?

10 A. I would have to say yes.

11 Q. How?

12 A. I knew that equalizing the population was  
13 going to change precinct lines. But I never saw it  
14 as a deterrent for someone to represent the people  
15 or win office.

16 Q. How did that relate to impacting minority  
17 populations?

18 A. I don't understand your question.

19 MS. VALL-LLOBERA: If the court  
20 reporter could read --

21 A. You said did I consider it. And I said yes.  
22 Now, this question is a follow-up to that or I  
23 don't --

24 MS. VALL-LLOBERA: Could you read  
25 his -- and Mr. Apfel's answer to my prior

1 question. The question was: Did you consider

2 the -- the impact on minority populations?

3 Could you read back his response?

4 THE REPORTER: Just a moment.

5 (The requested portion of the record

6 was read by the court reporter.)

7 Q. (BY MS. VALL-LLOBERA) So you knew that

8 changing precinct lines would impact minority

9 populations?

10 MR. RUSSO: Objection; vague and

11 ambiguous, calls for speculation.

12 Q. (BY MS. VALL-LLOBERA) How would changing

13 the precinct lines impact minority populations?

14 MR. RUSSO: Calls for speculation.

15 A. No, it doesn't change minority populations.

16 The minorities still live in the same area. It

17 just adds more people.

18 And unfortunately for Commissioner Holmes,

19 these more people ended up being of a different

20 party. But he could switch parties and run for

21 office and still represent the same people, like I

22 did.

23 Q. (BY MS. VALL-LLOBERA) Was it a goal -- was

24 it one of -- was it a goal of yours, to put people

25 into Mr. -- Commissioner Holmes' district that were

1 of a different political party?

2 A. Never.

3 Q. Did anybody -- did anyone ask you for your  
4 preferences regarding redrawing maps?

5 A. My preferences -- I -- I'm going to say no.

6 Q. Did you share any political preferences?

7 A. I did not.

8 MR. RUSSO: Objection; vague.

9 Q. (BY MS. VALL-LLOBERA) Did you propose any  
10 geographic modifications?

11 A. Other than those that I -- we've talked  
12 about, giving up Bolivar to equalize the numbers,  
13 no. For my -- I only talked about my precinct.

14 Q. Did others share with you their preferences  
15 regarding how the maps should be redrawn?

16 MR. RUSSO: Could you --

17 A. Not -- only in the sense of a vote, on the  
18 day we approved it.

19 Q. (BY MS. VALL-LLOBERA) Did anybody propose  
20 any geographic modifications to the maps, to you?

21 A. Would -- I don't understand your question.

22 Q. Did constituents or others come to you with  
23 proposals on how to modify the maps?

24 A. They did not.

25 Q. Did anybody -- did anybody else come to you

1 with proposals on how to modify the maps?

2 A. They did not.

3 Q. In your communications -- in your meetings  
4 with Mr. Oldham, did you discuss geographic  
5 modifications to the maps?

6 MR. RUSSO: Again, same objection  
7 related to attorney-client communications, specific  
8 to the legal services, and the relationship -- the  
9 legal services relationship in providing counsel to  
10 the county.

11 A. Can you read me that question one more time,  
12 please?

13 Q. (BY MS. VALL-LLOBERA) In your two meetings  
14 with Mr. Oldham, did anyone propose geographic  
15 modifications to the maps, to -- to the existing  
16 map?

17 A. The demographer would -- did, in the -- the  
18 in-person meeting.

19 Q. How many -- how many maps did you -- did you  
20 see?

21 A. We didn't have maps in that meeting. He was  
22 just discussing how to balance the -- the  
23 population, among the four precincts, and you --  
24 you know, clicking on this one to move it, saying  
25 if we move this one, that will bring down the

1 number in Precinct 4 and add to Precinct 3. If we  
2 can click out 103 and 104, and add them to  
3 Precinct 2, that will get -- that will get you in  
4 Precinct 1, where you need to be.

5 And he was showing it. That's the only --  
6 that was it.

7 Q. Did you share with Mr. Oldham, or his  
8 mapping expert, what your ideal map would look  
9 like?

10 A. I didn't draw a map. Jay did --

11 MR. RUSSO: Hold on. Just -- hang  
12 on a second.

13 THE WITNESS: I'm sorry.

14 MR. RUSSO: Please let me interpose  
15 an objection related to attorney-client privilege.

16 Same objection with that line of  
17 questioning. Do not discuss communications between  
18 the county and its counsel.

19 MS. VALL-LLOBERA: And we preserve  
20 our arguments that these communications are not  
21 privileged.

22 Q. (BY MS. VALL-LLOBERA) Did Mr. Oldham ask  
23 you what your ideal map would look like?

24 MR. RUSSO: Objection, based upon  
25 attorney-client privilege.

1 MS. VALL-LLOBERA: And we preserve

2 our arguments that these are not privileged

3 communications.

4 Q. (BY MS. VALL-LLOBERA) Were you asked about

5 what factors you thought were important?

6 MR. RUSSO: Same objection.

7 Objection, based on attorney-client privilege.

8 MS. VALL-LLOBERA: And we preserve

9 our arguments that these are not privileged

10 communications.

11 Q. (BY MS. VALL-LLOBERA) How long was the

12 phone call with Mr. Oldham?

13 A. I've answered that. Certainly less than 30

14 minutes.

15 Q. And the --

16 A. But I don't recall how long.

17 Q. And the in-person meeting?

18 A. Hour and a half, hour.

19 Q. When you were -- when you were discussing

20 proposed changes to the maps with the mapping

21 expert, did you see a map that you liked?

22 A. I didn't see a map.

23 Q. Did you discuss communities of interest?

24 A. I don't know what that means.

25 Q. Did you discuss the impact of any proposed

1 changes on any specific communities or groups of  
2 people?

3 MR. RUSSO: Object, based upon  
4 attorney-client privilege.

5 MS. VALL-LLOBERA: And we preserve  
6 our arguments that these aren't privileged  
7 communications.

8 Q. (BY MS. VALL-LLOBERA) Did you discuss the  
9 impact of any proposed changes on Bolivar, and the  
10 constituents that live there?

11 MR. RUSSO: Object, based on  
12 attorney-client privilege.

13 MS. VALL-LLOBERA: And -- and we  
14 preserve our arguments that these are not  
15 privileged communications.

16 Q. (BY MS. VALL-LLOBERA) Did you discuss the  
17 impact of any proposed changes on people of color,  
18 specifically on black and brown residents in  
19 Galveston County?

20 MR. RUSSO: Object, based upon  
21 attorney-client privilege.

22 MS. VALL-LLOBERA: We preserve our  
23 arguments that these are not privileged  
24 communications.

25 Q. (BY MS. VALL-LLOBERA) Earlier, you said, we

1 didn't have -- earlier, you said you didn't have  
2 maps in the meeting, that you were just discussing  
3 how to balance the population. And you referred to  
4 the map drawn -- clicking on precincts.

5 What -- what was he clicking on?

6 MR. RUSSO: Let me object, based  
7 upon attorney-client privilege.

8 A. I -- what --

9 MR. RUSSO: And instruct you not to  
10 answer.

11 MS. VALL-LLOBERA: And we preserve  
12 our arguments that these were not privileged  
13 communications.

14 Q. (BY MS. VALL-LLOBERA) What were you looking  
15 at during this meeting?

16 MR. RUSSO: Object, based upon  
17 attorney-client privilege. Instruct the witness  
18 not to answer.

19 MS. VALL-LLOBERA: We preserve our  
20 arguments that these were not privileged  
21 communications.

22 Q. (BY MS. VALL-LLOBERA) Previously, you said  
23 you did not look at a map during this meeting, but  
24 you did meet with a mapping expert.

25 What were you looking at?

1 MR. RUSSO: Same objection, based on  
2 attorney-client privilege.

3 MS. VALL-LLOBERA: And preserve --

4 MR. RUSSO: And let me ask you a  
5 clarifying question for the record.

6 Was the expert that was there, to  
7 your knowledge, there on behalf of the --  
8 Mr. Oldham --

9 THE WITNESS: Absolutely.

10 MS. VALL-LLOBERA: Counsel --

11 MR. RUSSO: -- as part -- as part of  
12 his work?

13 THE WITNESS: Absolutely.

14 MS. VALL-LLOBERA: Excuse me, are  
15 you --

16 MR. RUSSO: I'm clarifying the  
17 privilege being asserted. The expert there, was  
18 there at the behest of the counsel.

19 MS. CHEN: And performing a service  
20 for the county.

21 MR. RUSSO: As a -- as a lawyer.

22 MS. CHEN: As a policy --

23 MR. RUSSO: Brought in by a lawyer.

24 MS. CHEN: -- (unintelligible)

25 legislative critical objective --

1 MR. RUSSO: I'm sure you have  
2 consulted --

3 MS. CHEN: And we have plenty of  
4 reasons to (unintelligible) --

5 MR. RUSSO: -- experts that we'll  
6 see later in the case. Do you understand how  
7 consulting experts work?

8 MS. VALL-LLOBERA: Well, and I'd  
9 actually -- actually --

10 MS. CHEN: You understand that if we  
11 have to reopen this deposition, if you --

12 MR. RUSSO: You do what you need to  
13 do, Counsel. I preserve the privilege. If you're  
14 surprised by the -- what's happening here today --

15 MS. VALL-LLOBERA: Counsel, excuse  
16 me.

17 MR. RUSSO: -- you haven't been  
18 here.

19 MS. VALL-LLOBERA: You'll -- you'll  
20 have your --

21 MS. CHEN: Actually, you are  
22 surprised by our --

23 (Multiple voices.)

24 MR. RUSSO: I'm not, which is  
25 exactly why I'm preserving the record.

1 MS. VALL-LLOBERA: You'll have the  
2 opportunity to ask him questions and clarify. If  
3 you want to --

4 MR. RUSSO: Again, I'm clarifying  
5 for you, because you have not done that.

6 MS. VALL-LLOBERA: Unless you want  
7 to clarify that he has misspoken, this is not the  
8 moment to clarify or explain your arguments to your  
9 client.

10 MR. RUSSO: No. I'm just clarifying  
11 that the individual that he referred to as an  
12 expert was there at the behest of the firm.

13 MS. VALL-LLOBERA: I don't need you  
14 to restate on the record to me.

15 MR. RUSSO: Actually, you do, all of  
16 us do in the room, so we understand that he is  
17 disclosing or you're asking him to disclose  
18 conversations between an expert who was there on  
19 behalf of the law firm.

20 MS. CHEN: Performing a policy  
21 legislative function of a governing body.

22 MR. RUSSO: A -- again, you can say  
23 that all day long. The individual -- the fact of  
24 the matter is, the county is entitled to attorneys,  
25 just like your clients are.

1                   And you are, by all means, going to  
2                   assert an objection if I asked you what you talked  
3                   to your client about.

4                   MS. CHEN: And our clients are not  
5                   governmental entities.

6                   MR. RUSSO: If you think a  
7                   governmental entity is not entitled to  
8                   attorney-client privileges, I would love to see  
9                   case law on that.

10                   MS. CHEN: We can continue with  
11                   questioning.

12                   Q. (BY MS. VALL-LLOBERA) Who is the expert  
13                   that attended this meeting with Mr. Oldham, the  
14                   map -- excuse me.

15                   Who is the mapping expert that attended this  
16                   meeting?

17                   A. I don't remember his name.

18                   Q. Had you met him before this meeting?

19                   A. No.

20                   Q. Have you spoken with him anytime outside of  
21                   that meeting?

22                   A. No.

23                   Q. Did you see any draft maps before they were  
24                   posted on the Commissioners Court website?

25                   A. I saw those maps, before they were posted on

1 the Commissioners Court.

2 Q. When did you see those maps?

3 A. Within a day or hour before posting.

4 Q. You didn't see those maps before -- you  
5 didn't -- so you didn't see those maps before that?

6 A. Not that I recall, no.

7 Q. Did you see other draft maps before that?

8 A. No.

9 Q. Did anybody ask you to review Map 1 or Map 2  
10 before they were posted on the website?

11 A. I don't think they asked me to review. But  
12 I think that I saw them. So I wasn't re -- seeing  
13 them to review them. I was just seeing them as  
14 the -- the maps.

15 Q. Let me -- let me read my notes a moment.

16 Did you prefer Map 1 or Map 2?

17 A. When?

18 Q. When you first saw the two proposed maps,  
19 did you have a preference between Map 1 and Map 2?

20 A. I can't -- I was considering them. I can't  
21 say that.

22 To be honest, do you have those maps, that I  
23 could look at again? A comparison?

24 MS. VALL-LLOBERA: I think this  
25 actually would be a good moment to break for lunch.

1 We --

2 THE WITNESS: Okay.

3 MS. VALL-LLOBERA: Since I see it's  
4 almost 1:00 o'clock.

5 MR. RUSSO: How much time are you  
6 thinking you need?

7 MS. VALL-LLOBERA: Well, can we go  
8 off the record?

9 THE VIDEOGRAPHER: Do we have  
10 agreement of counsel?

11 MR. RUSSO: Yes.

12 THE VIDEOGRAPHER: Off the record at  
13 12:52.

14 (Break.)

15 THE VIDEOGRAPHER: Back on the  
16 record at 1405. Please proceed.

17 Q. (BY MS. VALL-LLOBERA) Welcome back,  
18 Mr. Apfel.

19 A. Thank you.

20 Q. So picking up right where we left off, we  
21 were discussing the 2021 redistricting process  
22 that took place, you know, after the census data  
23 came out, through that -- that fall.

24 Were you aware that Commissioner Holmes  
25 received the National Republican Redistricting

1 Trust numbers from Mr. Oldham?

2 A. I don't even -- no, I guess -- I don't know  
3 what that means, and I -- so, no.

4 Q. So you did not get redistricting information  
5 from the National Republican Redistricting Trust?

6 A. No.

7 Q. Did you receive demographic information from  
8 Mr. Oldham?

9 A. Can you be more specific?

10 Q. Did you receive racial demographic  
11 information from Mr. Oldham?

12 A. I wasn't concerned about race.

13 Q. But did Mr. Oldham provide you with any  
14 racial demographic information?

15 A. Huh-uh, not that I recall. Other than in  
16 our discussions and -- I mean, but no -- no, I  
17 don't even recall that.

18 Q. I'm a bit unclear. You did discuss racial  
19 demographics in your discussions --

20 A. No. That's why I say, I don't recall that.  
21 It was just population.

22 Q. So you saw demographics on a TV screen?

23 A. What's -- so what's demographics? I -- I  
24 don't know what demographics are.

25 Q. So racial demographic -- did you see

1 information that showed the race of the people who  
2 lived in certain areas of Galveston County, as part  
3 of your redistricting process?

4 A. No. We were looking at population, and how  
5 to equalize that.

6 Q. Did you look at the percentages of  
7 African-Americans or Hispanics in the county?

8 A. No.

9 Q. Are you -- are you aware -- currently, this  
10 day, are you aware of the percentage of  
11 African-Americans and Hispanics in Galveston  
12 County?

13 A. I'm not.

14 Q. Are you aware of the percentage of  
15 African-Americans or Hispanics in your precinct  
16 today?

17 A. I'm not. I probably should be, but I'm not.

18 Q. Were you aware of the percentage of  
19 African-Americans and Hispanics in your precinct  
20 before the redistricting? Like -- excuse me, the  
21 map in place before redistricting?

22 A. I'm not.

23 Q. During the August and September 2021 time  
24 period, to your knowledge, did any of the other  
25 commissioners or Judge Henry, or their staffs, have

1 any other meetings about redistricting?

2 A. To my knowledge, no.

3 Q. So they didn't meet with Mr. Oldham, to your  
4 knowledge?

5 A. Oh, I thought you meant other than, to my  
6 knowledge. To my knowledge --

7 Q. I can rephrase --

8 A. Okay.

9 Q. -- so it's clearer.

10 To your -- to your knowledge, did any of the  
11 other commissioners or Judge Henry, or their  
12 staffs, have other meetings or conversations about  
13 redistricting with Mr. Oldham, or his staff?

14 A. After -- at or about the time we had -- that  
15 I had mine?

16 Q. Correct.

17 A. My understanding -- I didn't witness it.

18 But my understanding was, he was there to -- for  
19 two days, to meet with me, Mr. Clark,  
20 Commissioner Holmes, Commissioner Giusti, and  
21 Judge Henry.

22 Q. Okay. And to your knowledge, did the  
23 commissioners or did Judge Henry's other staff have  
24 other meetings or conversations about  
25 redistricting, other than those meetings with

1 Mr. Oldham and his staff?

2 A. Not to my knowledge.

3 Q. Did you discuss redistricting with any other  
4 commissioner?

5 A. Not that I recall. Not -- not -- no, not  
6 that I recall. Other than Commissioner Clark, in  
7 that meeting that he was in with me, that's it.

8 MS. VALL-LLOBERA: So I would like  
9 to introduce the next exhibit, which is going to be  
10 tab --

11 MS. CHEN: Tab 19, right? Or --

12 MS. VALL-LLOBERA: Yes, but --  
13 excuse me, could you repeat the last answer?

14 THE REPORTER: Just a moment.

15 (The requested portion of the record  
16 was read by the court reporter.)

17 Q. (BY MS. VALL-LLOBERA) Was this  
18 redistricting process a big part of your workload  
19 at this time?

20 A. No.

21 MS. VALL-LLOBERA: All right. I  
22 would like to introduce Tab 19, as the next  
23 exhibit, which is Apffel Exhibit 14.

24 MR. RUSSO: Thank you.

25 (Exhibit 14 is marked.)

1 Q. (BY MS. VALL-LLOBERA) This is an  
2 October 19, 2021, e-mail, from you to various  
3 people, with the subject line, courthouse security  
4 committee.

5 Have I read -- have I represented that  
6 correctly?

7 A. Uh-huh. Yes.

8 Q. Okay. The bottom e-mail is about a  
9 courthouse security committee, which --

10 A. Correct.

11 Q. -- we don't need to read in detail. But I  
12 want to turn your attention to the first sentence  
13 of your e-mail above, which says: Joe and I are in  
14 redistricting meetings today.

15 Did I read that correctly?

16 A. Yes.

17 Q. Can you tell me about those meetings?

18 A. So, I think that I thought that I was going  
19 to be in with Joe. Typically -- it's kind of weird  
20 how it all falls -- used to fall out.

21 But like, if two commissioners need to meet,  
22 it was always Joe and I meeting. And it was always  
23 Clark and Holmes meeting.

24 And so this -- this day, I thought I was  
25 meeting with Joe, and Clark came. This is the

1 meeting I'm -- this is the meeting -- I had no  
2 other meetings.

3 So, I was thinking Joe -- and Joe and I were  
4 asked to be on this courthouse committee. And so,  
5 that's why, you know, I thought we were -- we were  
6 in there together.

7 Q. And just to clarify for the record, Joe  
8 refers to Commissioner Joe Giusti, right?

9 A. I'm sorry, yes. Yes, that's correct.

10 Q. You -- you said that normally you and  
11 Commissioner Giusti would attend meetings together?

12 A. We just kind of shake -- shook out that way,  
13 for some reason. Yes, they -- they always group --  
14 if -- if -- if they needed two commissioners to  
15 meet with someone, it was always -- they would pick  
16 me and Joe.

17 Q. Was it unusual -- did it strike you as  
18 unusual that you ended up attending this meeting  
19 with Commissioner Clark?

20 A. Oh, no. Not at all.

21 Q. Did you attend -- let me rephrase.

22 What kinds of other situations would you do  
23 this kind of -- let -- let me rephrase.

24 Like, could you provide examples of when you  
25 and Commissioner Giusti might meet?

1           A. All kinds. Our health benefits, our AUL  
2 plan. You know, we had just --

3           Q. What does AUL stand for?

4           A. It's -- it's our alternative retirement  
5 system. We don't pay into social security, we pay  
6 into a -- I don't know what the AUL stands for, but  
7 it's for that.

8           You know, we just -- if we have to meet with  
9 a ven -- the vendor to -- to discuss the AUL plan,  
10 it may be Joe and I. Or if we have to meet with  
11 the health benefits people, it may be Joe and I.  
12 Those -- those kind of things.

13           Those are what come to mind right now. It  
14 was -- it was one other that we just did  
15 recently -- or the jail, the jail medical. We had  
16 a jail medical contract. You know, so -- you know.

17           And so they will meet with two and bring  
18 them up to speed, and then meet with two others and  
19 bring them up to speed, so that when we're together  
20 in court, we can discuss.

21           Q. So those kinds of, you know, smaller  
22 meetings, are -- are done in the ordinary course of  
23 business?

24           A. Yes.

25           Q. What role did Cheryl Johnson -- let me

1 rephrase.

2 We spoke earlier about Cheryl Johnson.

3 What role did Cheryl Johnson have, in the  
4 redistricting process, if any?

5 A. I don't know her role. She's the -- you  
6 know, the -- she's the reg -- what is she, the  
7 official registrar, or was she the -- she's the  
8 voter registration department.

9 Q. Okay.

10 A. She's one of the -- she's like Ken Clark in  
11 that regards. She's very knowledgeable and, you  
12 know, been there a long time and --

13 Q. So her signature line, so you don't have to  
14 go back to the exhibits, says that she's the  
15 Galveston County tax assessor collector.

16 A. Yeah, I know. But as the tax assessor, she  
17 has duties and responsibilities as voter registrar,  
18 I believe, voter --

19 Q. And so, did she have any role in  
20 redistricting?

21 A. No, other than preparing what they prepared  
22 in Exhibit 7. That's all I'm -- I'm aware of.

23 Q. So, other than the exhibits that might  
24 include that -- other than what you've seen today  
25 in the exhibits, did you have any communications

1 with her on -- about redistricting?

2 A. No.

3 Q. Okay. Who else -- who else was involved in  
4 the redistricting process?

5 A. Nathan Sigler was -- as our mapping guy.  
6 And I can't think of anybody else.

7 MS. VALL-LLOBERA: I would like to  
8 introduce Tab 20, as our next exhibit. And this is  
9 going to be Apffel Exhibit 15.

10 There you go, Counsel.

11 MR. RUSSO: Thank you.

12 (Exhibit 15 is marked.)

13 Q. (BY MS. VALL-LLOBERA) So this is -- this is  
14 an October 29, 2021, e-mail from Stephanie Swanson  
15 to Judge Henry and the four commissioners. The  
16 subject line is, Galveston County redistricting.

17 A. Uh-huh.

18 Q. Is that correct?

19 A. Yes.

20 Q. Do you recognize this document?

21 A. Yes. I got this exact same document from a  
22 constituent of mine, Leslie Clift. So the only  
23 thing that had changed was her signature. So I had  
24 gotten it twice. I got it from legal and the  
25 voters, and I got it from Leslie Clift.

1 Q. What is this letter that is attached?

2 A. I -- you know, it's a community activist  
3 informational letter.

4 Q. And how did you react to this e-mail and the  
5 attached letter?

6 A. I acknowledged it. I mean...

7 Q. Did you respond to this e-mail?

8 A. In this one? No, I did not. I did, to  
9 Ms. Clift's.

10 Q. Did you have additional communications -- or  
11 did you have any other communications with  
12 Ms. Swanson?

13 A. No.

14 Q. Did you -- what did you do with this  
15 information?

16 A. I processed it and believed that it was all  
17 being taken care of through our legal counsel, in  
18 the drafting of the maps.

19 Q. What made you believe that it was being  
20 taken -- taken care of by your legal counsel?

21 A. I still believe it. I mean, I believe that  
22 we have great -- a great map that's in compliance  
23 with the spirit of the law.

24 Q. Did you discuss this e-mail with the other  
25 commissioners?

1 A. Not that I recall, no.

2 Q. Did you discuss the letter with the other  
3 commissioners?

4 A. No, not that I recall.

5 Q. Why not?

6 A. No reason. I mean, like I said, I was -- I  
7 believed that we -- we were doing -- we were taking  
8 care of business.

9 Q. Did you review the redistricting criteria  
10 that was recommended in this letter?

11 A. Not -- I mean, ish, yes. I see stuff like  
12 this coming from the League of Women Voters much  
13 like your lawsuit. It's your opinion of what  
14 should have been, versus what has to be.

15 Q. What do you understand -- what's your  
16 understanding of what has to be, with regards to  
17 redistricting?

18 A. That you take the census data, and you look  
19 at population and you equal the -- the precincts  
20 within a 5 percent of -- I think that it's not a  
21 margin of error -- differential, and you draw maps  
22 accordingly.

23 Q. Did the Commissioners Court adopt  
24 redistricting criteria?

25 A. I don't know what -- what that means.

1 Specifically -- no. I mean, I've told you  
2 everything we did. So, are you saying did we --  
3 did someone draft a redistricting criteria that we  
4 voted on? No.

5 Q. You mentioned a margin of 5 percent.

6 Where -- where do you get that knowledge  
7 from?

8 A. I don't -- I don't know. And maybe I'm  
9 incorrect. Maybe I'm incorrect. But that's what I  
10 seem to recall, was that there was a -- you had to  
11 get all of the precincts within 5 percent of one  
12 another, on numbers.

13 MS. VALL-LLOBERA: I would like to  
14 move on to Tab 1, to introduce Tab 1 as the next  
15 exhibit. So introducing Apffel Exhibit 16.

16 (Exhibit 16 is marked.)

17 Q. (BY MS. VALL-LLOBERA) This is May -- excuse  
18 me. This is a May 24, 2011, e-mail, from Roxann  
19 Lewis to Mark Henry, with the subject, resolution  
20 you needed typed.

21 Have I read that correctly?

22 A. I wasn't paying attention. What are -- or  
23 Galveston County resolution adopting criteria? Is  
24 that what you read? What did you read? Are you --

25 Q. So this is a May 24, 2011, e-mail, from

1 Roxann Lewis to Mark Henry, with the subject,  
2 resolution you needed typed.

3 A. Yes, you read that correct.

4 Q. The -- the next page shows a document  
5 titled, Galveston County Resolution Adopting  
6 Criteria for Use in Redistricting 2011 Process.  
7 And it's a -- it's a draft, it's about three pages  
8 long.

9 Do you see that?

10 A. I do.

11 Q. Had you seen this document before?

12 A. No.

13 Q. Take a moment to review this criteria, and  
14 the criteria itself begins on page 2.

15 (The witness peruses the document.)

16 A. Oh, it's 10 percent, not 5. So I was  
17 incorrect.

18 (The witness peruses the document.)

19 A. Okay.

20 Q. (BY MS. VALL-LLOBERA) So I want to turn  
21 your attention to Criteria 2, in Judge Henry's  
22 draft, that says that community -- quote,  
23 Communities of interest should be maintained in a  
24 single district where possible, and attempts should  
25 be made to avoid splitting neighborhoods, end

1 quote.

2 And there are some -- some elaboration on  
3 that afterwards.

4 Did I read that correctly?

5 A. Yes.

6 Q. And I want to turn your attention to  
7 Criteria 4: Although it is recognized that  
8 existing districts will have to be altered to  
9 reflect new population distribution, any  
10 redistricting plan should, to the extent possible,  
11 be based on existing districts.

12 Have I read that correctly?

13 A. You did.

14 Q. I want to turn your attention to Criteria  
15 No. 8.

16 Could you read that one out loud for the  
17 record?

18 A. The redistricting plan should be narrowly  
19 tailored to avoid retrogression in the position of  
20 racial minorities and language minorities, as  
21 defined in the Voting Rights Act, with respect to  
22 the effective exercise of the electoral franchise.

23 Q. Okay. And finally, if I could turn your  
24 attention to Criteria 9.

25 And could you read that one for the record?

1           A. The redistricting plan should not fragment a  
2 geographically compact minority community or pack  
3 minority voters in the presence of polarized voting  
4 so as to create liability under Section 2 of the  
5 Voting Rights Act.

6           Q. Thank you.

7                    Would you generally support Judge Henry's  
8 2011 draft redistricting criteria?

9           A. I don't -- when I read the -- the  
10 resolution, it looks exactly like what we did.  
11 The -- the exact ones you went over, 2 -- anyway,  
12 the four you just went over are the four we've  
13 discussed by way of vocabulary terms that I told  
14 you I don't know what they mean. So...

15           Q. So you did -- but you did -- excuse me.

16                    You did discuss these topics and factor in  
17 this -- this criteria in your redistricting process  
18 for 2021?

19           A. Well, is that a question? Because you --  
20 you've asked me those questions specifically about  
21 all of this for three-and-a-half hours. So I don't  
22 know the -- I stand on everything I've told you,  
23 with regard to those things.

24                    So, is this a new question? Because I don't  
25 know what -- I'm...

1 Q. I believe earlier, you -- let me rephrase.

2 Here's a written document listing out some  
3 factors, which I have been referring to as  
4 redistricting criteria.

5 A. Uh-huh.

6 Q. Did the -- did you have any kind of guiding  
7 documents like this, during the 2021 redistricting  
8 process?

9 A. And the answer was no, we -- that I know of,  
10 we didn't adopt -- this is what I would have  
11 envisioned, when I gave you my answer about, we --  
12 the court didn't adopt anything. Excuse me.

13 And this says this was for use in the 2011  
14 process. So I don't know of one for...

15 Q. Okay. Would you agree that -- excuse me.

16 But it would be fair to say that -- excuse  
17 me.

18 I would like to return to the previous  
19 exhibit, which is the League of Women Voters  
20 letter, in Exhibit 15, right? Oh, Exhibit 15.

21 So this letter also contained a proposed  
22 timeline, and I would like to turn your attention  
23 to page 3 of the exhibit.

24 Did you review this timeline, when the  
25 League -- Ms. Swanson sent this?

1 A. I mean, I'm familiar with it, yes. But I  
2 see this as her opinion as to what we should do.

3 Q. How does this timeline compare to what  
4 actually occurred in the 2021 redistricting  
5 process? I -- I should be more specific.

6 She sent this e-mail on October 29, 2021.  
7 At this point in time, when you received this  
8 letter, how did this timeline compare to what had  
9 occurred, to date, in the 2021 redistricting  
10 process?

11 A. Everything had happened, except the  
12 receive -- receiving of the proposed maps and the  
13 publication to the public, on October 29th, I  
14 think -- or no, I don't remember.

15 Somewhere right in here is when the maps  
16 were posted on the county's website for comment, of  
17 which we got 534, by the way. That's -- that's  
18 bigger than any public meeting you said we had in  
19 2011.

20 Q. Could you state that again?

21 A. To which we got 534 comments to the maps.

22 Q. Through the public comments portal?

23 A. Yes. Yeah.

24 Q. Great. Okay.

25 So earlier, when we were referring to -- to

1 numbers, do you recall that there were five here --  
2 public -- public hearings in advance of the 2011  
3 redistricting?

4 A. No, you told me that. And mentioned 301, or  
5 something, that -- so I was saying --

6 Q. 300 at one of those five?

7 A. Yes.

8 Q. At this point in time, so we're talking  
9 about on October 29, 2021, had any public hearings  
10 been held regarding the 2021 redistricting?

11 A. I don't remember if the -- if the maps had  
12 been posted or not. If -- they were either posted  
13 just before this, or just after this.

14 Q. Did you propose that a public hearing be  
15 scheduled?

16 A. No.

17 Q. Who -- who decided that?

18 A. Decided what?

19 Q. Who decided to set the public hearing that  
20 ultimately took place on November 12, 2021 --  
21 excuse me.

22 Who decided to schedule the special session  
23 that took place on November 12, 2021?

24 A. Oh, the judge does that. The judge puts  
25 that on the -- sets the meetings.

1 | And we were up against a timeline, at that  
2 | point, that --

3 | Q. Why was that?

4 | A. Because we were -- we were thinking we had  
5 | till the end of the year. Then we were told we had  
6 | to approve the maps by, like, the next day, or --  
7 | they -- it was my understanding that we had -- we  
8 | had a deadline to approve.

9 | Q. When did you learn that the timeline  
10 | changed?

11 | A. With -- within days. Maybe -- maybe within  
12 | two weeks. Right about this time --

13 | Q. Uh-huh.

14 | A. -- is when we knew.

15 | Q. And who told you, that the --

16 | A. The --

17 | Q. -- timeline had to be moved up?

18 | A. The AG, the -- the State. I'm not -- I'm  
19 | not sure who told us, but it came down from...

20 | Q. So why did -- why did you think you had  
21 | until the end of year to complete the process?

22 | A. Well, that's just what I assumed, was the --  
23 | that we had to -- maybe it was not the first -- the  
24 | end of the year. Maybe it was some other date.

25 | But certainly within a -- two weeks, we were

1 | told the deadline is this day, to approve a map.

2 | And it was just thrown on us, quickly.

3 | MS. VALL-LLOBERA: I would like to  
4 | introduce the next exhibit. While that's  
5 | getting -- I'm sorry. It's going to be Tab 21.  
6 | But a couple of follow-ups.

7 | Q. (BY MS. VALL-LLOBERA) So you -- you  
8 | mentioned the end of the year. So --

9 | A. So I'm guessing it was just the end of the  
10 | year. But there was a timeline that was beyond  
11 | what was handed down quickly by the -- I think it  
12 | came from the legislature.

13 | Q. Who -- did -- did any -- do you recall any  
14 | specific person communicating to you a timeline  
15 | that comported with the end of the year?

16 | A. No. I was -- no.

17 | Q. Okay. And between your Justice of the Peace  
18 | and commissioner, you know, campaigns, you ran for  
19 | office several times, right?

20 | A. Yes.

21 | Q. And you're aware there was candidate filings  
22 | deadlines?

23 | A. Yes.

24 | Q. Which -- which -- and those deadlines  
25 | precede the actual election date, or race day,

1 right?

2 A. I think it's December. It's in December.

3 Q. So December for a March race, let's say?

4 A. Yes.

5 Q. Okay. So -- so if there is a March primary,

6 you usually have to file by December?

7 A. I believe December 1st is the first day to

8 file. And I don't know if it's 20 -- the 31st

9 or -- yeah, but --

10 Q. And do you know --

11 A. -- the filing deadline is over in December

12 for the March primary.

13 Q. So you are familiar with, you know,

14 deadlines proceeding actual races, correct?

15 A. Actual what?

16 Q. The actual -- actual election dates, right?

17 A. Yes.

18 Q. Okay.

19 A. And I think -- maybe it was December 1st,

20 the day -- the first day to file to run, was what

21 I -- we thought the date was going to be.

22 And as I recall, the legislature upped it by

23 45 days, so that they could redraw -- adopt --

24 people could adopt maps and get the -- the

25 precincts redrawn in time for a December 1st

1 filing, beginning.

2 MS. VALL-LLOBERA: All right. I  
3 would like to introduce Tab 21. This is Apffel  
4 Exhibit 17.

5 (Exhibit 17 is marked.)

6 Q. (BY MS. VALL-LLOBERA) This is an  
7 October 30, 2021, e-mail from Kurt Otten, to -- to  
8 you, copying Seth Collins, correct?

9 A. Uh-huh, yes.

10 Q. And who is Kurt Otten?

11 A. Mayor of Clear Lake Shores, Texas.

12 Q. And what is he e-mailing you about?

13 A. A few concerns or questions.

14 Q. Okay. Your response to him, on  
15 October 30th, at 7:32 a.m., says, quote, Was crazy  
16 busy this week with redistricting, close quote.

17 Did I read that correctly?

18 A. Yes.

19 Q. And his question above says -- asks you if  
20 you are for the redistricting changes, correct?

21 A. Correct.

22 Q. Did you respond to this e-mail?

23 A. I guess not.

24 Q. You guess not?

25 A. I don't know. Did I? I mean, if you have

1 it, show me. But I don't -- I don't -- I would  
2 think that it would be here if I did.

3 Q. Do you recall meeting with Mr. Otten about  
4 the concerns that he references below?

5 A. I -- I'm still meeting with him today about  
6 things. So I don't specifically recall what this  
7 was about, at the time.

8 Q. And when you say you're crazy busy, what did  
9 you mean?

10 A. You know, I -- I probably want to make  
11 myself appear busier than I am. So -- so I -- you  
12 know, I -- it just meant that, hey, I -- sorry I  
13 didn't get to you this week, but I will talk to you  
14 next week.

15 Q. Were you in any kind of redistricting  
16 meetings this week?

17 A. Well, this was a Saturday, so I was catching  
18 up to e-mails from the week before. And so when  
19 did -- I don't remember the time.

20 It was right in here that we were -- we  
21 ended up adopting the maps on November the 12th.  
22 And we ended up publishing the maps, you know.

23 So it was probably just a lame excuse,  
24 because it was -- I was not doing anything by  
25 this -- unless I was -- and I don't remember the

1 date.

2 I'm -- no, I had already met with Dale.

3 So --

4 Q. So other than the two meetings that you had  
5 with Mr. Oldham that we discussed previously, you  
6 didn't -- you weren't doing any work related to  
7 redistricting?

8 A. No.

9 Q. When did you first see the two proposed  
10 maps?

11 A. I think I answered that. But with -- within  
12 a day or so of when we published them.

13 Q. Did you know that Map 1 was referred to as  
14 the minimum change plan, and Map 2 was referred to  
15 as the optimal GO plan?

16 A. I think I've heard that, yes.

17 Q. Did you refer to them this way?

18 A. No.

19 Q. When did you first learn that Precinct 1  
20 would be losing Bolivar under both proposed Map 1  
21 and proposed Map 2?

22 A. Well, I think it was kind of understood that  
23 I was going to -- that was a -- because I was going  
24 to have to give up some area, that they were going  
25 to take that first, because of the geographical

1 | hindrance that I had.

2 | Q. So, would it be fair to say it was your idea  
3 | to eliminate Bolivar from Precinct 1?

4 | A. It was a -- it was an idea, that -- I don't  
5 | know if I was the first to float it or not. But  
6 | what it did was create a Gulf Coast district that  
7 | became really intriguing to everybody.

8 | Q. Could you be more specific on who the idea  
9 | of a coastal precinct was intriguing to?

10 | A. Well, I say everybody. I'm just meaning  
11 | that was the map that ultimately was -- that --  
12 | well, both of them -- I think both of those maps  
13 | were Gulf Coast districts.

14 | So, it was -- so it just kind of happened,  
15 | in the -- in the equalization of the population.  
16 | And then it would -- it became a, well, this is  
17 | a -- this is a great idea because of all of the  
18 | coastal issues.

19 | And then the judge took it. And I'm sure  
20 | you've seen he put the -- when he posted the maps  
21 | on, and he proposed -- he -- what's the word, not  
22 | proposed -- supported Map 1 for that reason.

23 | Q. All right. I would like to look at those  
24 | proposed maps with you.

25 | MS. VALL-LLOBERA: And that's going

1 to be Tab 23, we want to produce that.

2 A. Took me an hour to hand -- I asked for those  
3 an hour ago.

4 MR. RUSSO: She's trying to build up  
5 the suspense.

6 MS. VALL-LLOBERA: So this is going  
7 to be Apffel Exhibit 18.

8 (Exhibit 18 is marked.)

9 Q. (BY MS. VALL-LLOBERA) I'm handing you a  
10 copy of the proposed maps as they appeared on  
11 Galveston County's website.

12 A. Correct.

13 Q. Do these look familiar to you?

14 A. They do.

15 Q. So did you prefer one map to the other, when  
16 you first saw these maps?

17 A. I can't say that I did initially, no.

18 Q. What was your reaction when you saw these  
19 two maps for the first time?

20 A. That my precinct was almost the same, except  
21 for the Bolivar Peninsula.

22 Q. Your precinct was almost the same under  
23 both.

24 Is that what you're saying?

25 A. Yes. You said what was my reaction to the

1 maps, and I said that my precinct was almost the  
2 same, except for the Bolivar Peninsula.

3 Q. Your precinct changed a little bit more with  
4 Map 2, though, correct?

5 A. It did, because the -- it -- yes, it did.

6 Q. And were you -- were you satisfied with  
7 either of these maps, for your precinct?

8 A. I think I had them both -- you know, I did  
9 not make up my mind. I just took them under  
10 consideration and waited for the public comments.

11 Q. Okay. Earlier, you mentioned a -- reviewing  
12 over 500 public comments.

13 Is that correct?

14 A. I didn't say I reviewed them. I said we  
15 had.

16 Q. So you received over 500 comments?

17 A. That was my understanding.

18 Q. Uh-huh. And this was through an online  
19 portal, correct?

20 A. However we got them, yeah. Yes, that's how  
21 it was.

22 Q. They were handwritten comments, right?

23 A. No. No, they were, absolutely, through  
24 the -- online, clicking on them.

25 Q. So who tracked the incoming public comments?

1 A. I believe Tyler Drummond -- you know, the  
2 Judge's office, and his staff.

3 Q. And were they -- who was reviewing the  
4 comments?

5 A. I believe Tyler Drummond, and the Judge's  
6 staff, Zach Davidson.

7 Q. Did you review the comments that -- excuse  
8 me.

9 Did you review all the comments that were  
10 submitted through the website?

11 A. Drop the word all, and maybe some. But not  
12 all.

13 Q. Did you review any of the comments that were  
14 submitted through the website?

15 A. Yes.

16 Q. How did you personally get access to the  
17 public comments that was submitted?

18 A. They were printed, and on a -- top of a file  
19 cabinet in the judge's office. And they were  
20 keeping track of them.

21 Q. How did you select which ones to read?

22 A. I just read through them. I would read  
23 through them.

24 Q. Did anybody give you a selection of public  
25 comments to read?

1 A. No. Like -- no.

2 Q. So nobody give you a stack of comments that  
3 referred to you, or a stack of comments in support  
4 of the map, and opposing the map? They --

5 A. They might have been categorized as fors and  
6 against.

7 Q. Okay.

8 A. But I don't -- I don't remember exactly.

9 Q. What was the purpose of this public comments  
10 portal?

11 A. In my opinion, that was to serve the purpose  
12 of the public meetings, public hearings.

13 Q. But at a public hearing, each of the  
14 commissioners and the judge would hear each public  
15 comment, right?

16 A. I don't believe that the public hearings  
17 have all of the commission -- I don't think the --  
18 the court convenes in session to have that public  
19 hearing. But I -- I could be wrong.

20 Q. Whenever you have a regular session, or a  
21 special meeting, is there always public comment at  
22 the end?

23 A. We do it at the beginning. But yes, ma'am,  
24 three -- three-minute public comment.

25 Q. Do the commissioners and the judge all stay

1 present to hear those public comments?

2 A. Absolutely. They're very important.

3 Q. So the idea of the public comments portal  
4 was to replace and function like they would at a  
5 public hearing, correct?

6 A. No. In fact, people come to Commissioners  
7 Court all the time to express their comments,  
8 questions, or concerns, about a particular matter.  
9 And that's what public -- public comment is about.

10 So, if you will, in fact, for the month that  
11 the maps were out, or whatever the time period was,  
12 if we had three meetings, in essence, if anyone  
13 wanted to come and speak, they could have.

14 Not counting the meeting where it was on the  
15 agenda to approve -- approve a map, and...

16 Q. Were there any meetings of the Commissioners  
17 Court between when these maps were posted online  
18 and the meeting in which they were ultimately  
19 adopted?

20 A. And that's -- I don't know those dates. But  
21 it would be easy enough to determine. It is --  
22 they either -- they either were or they weren't.  
23 And I just...

24 Q. So there was no public hearing on these  
25 proposed maps, correct?

1 A. Other than those I've just described, and  
2 what I believe -- I don't know what a public -- if  
3 there's a definition of public hearing, that I  
4 don't know of. But...

5 Q. So you reviewed --

6 A. Social media, in 2021 -- excuse me, in --  
7 was -- is far more public than it was in 2011. So,  
8 I felt like it was sufficient, as public notice and  
9 comment period.

10 Q. So -- excuse me.

11 Did anyone report to you how many comments  
12 were coming in favor of Map 1 or in favor of Map 2,  
13 or against both of the maps?

14 A. I don't remember. But I seem to recollect  
15 that they -- the majority were for Map 2.

16 Q. And you said you reviewed some comments that  
17 came in through the portal, correct?

18 A. Yeah. But -- but I can't tell what they  
19 were, or what -- I mean, it was not like for a  
20 specific reason. I was just looking at --

21 Q. But --

22 A. -- to see what some of the comments were  
23 like.

24 Q. So you would just grab a -- a random stack  
25 to get a sense of what was going on?

1 A. That's it.

2 Q. What was the purpose of this public comments  
3 portal, if not for the commissioners to personally  
4 review the public comments?

5 A. I believe that's what it was for, was for --

6 Q. But you didn't review them?

7 A. I -- I -- other than what I have described  
8 it, yes, I did.

9 Q. Did Judge Henry, or other members of his  
10 staff, expect -- express -- express a preference  
11 for either map before the special session?

12 A. Yes.

13 Q. Which map did they prefer?

14 A. Judge Henry. And I mean, he -- when he  
15 posted them -- he posted them, and then I think he  
16 went on his Facebook page and per -- what's the  
17 word; not promoted it, what's the word -- stated it  
18 was the map of his choice.

19 He -- he went -- the paper -- the paper  
20 published an article. And it stated, in -- in the  
21 Galveston Daily News article, that he was -- he was  
22 going to support Map 2.

23 Q. Did he tell you why he -- excuse me.

24 Did he state why he supported Map 2?

25 A. At the meeting, at the adoption, after all

1 of the comments and questions and concerns of the  
2 people were finished, he referenced -- as I recall,  
3 he referenced the comments, and made a motion to  
4 adopt Map 2.

5 So I think I answered your question, did he  
6 tell us why. It was based on the comments, and the  
7 Gulf Coast district that he liked.

8 Q. Either map would have a Gulf Coast district,  
9 though --

10 A. That's true.

11 Q. -- correct?

12 A. No.

13 Q. Oh. Of course. Thank you.

14 Did anyone try to convince you to support  
15 Map 2?

16 A. No. I -- I made my own decision.

17 Q. Why did you ultimately vote for Map 2?

18 A. Because I believed it was the best map to  
19 equalize the population. And it created the  
20 coastal district, which allowed one commissioner to  
21 have the entire Gulf Coast district to deal with  
22 coastal issues, coastal agencies. And that was my  
23 governing -- governing drive.

24 Q. When considering these two maps, did you  
25 consider the political -- the safety of your

1 |     precinct seat?

2 |     A. Safety?

3 |     Q. Were you concerned, at all, about your  
4 |     precinct becoming less Republican?

5 |     A. No, I did not worry about that.

6 |     Q. Was that a fact -- was the partisanship a  
7 |     factor in your evaluation of these maps?

8 |     A. Not at all.

9 |             Q. Did you visit Bolivar to promote the  
10 |            proposed maps, or to discuss the proposed maps?

11 |            A. I did not. No. I'm just trying to think  
12 |            back to the chamber. The chamber -- I believe the  
13 |            Bolivar chamber posted them on their website. But  
14 |            there was no opinions of mine, or anyone else's, as  
15 |            to which -- which map.

16 |                     MS. VALL-LLOBERA: Let's introduce  
17 |            Tab 24, to refresh Mr. Apffel's -- excuse me,  
18 |            Mr. Apffel's memory.

19 |                     MR. RUSSO: Objection to sidebar.  
20 |                     I'm kidding. I saw your fingers off  
21 |            the thing.

22 |                     MS. VALL-LLOBERA: This is going to  
23 |            be Apffel Exhibit 19.

24 |                     (Exhibit 19 is marked.)

25 |            Q. (BY MS. VALL-LLOBERA) So,

1 Commissioner Apffel, this is a printout from a  
2 website, Crystal Beach local news. It describes  
3 the Bolivar Chamber of Commerce annual meeting in  
4 2021.

5 Do you recognize this article?

6 A. I do.

7 Q. Have you seen it before?

8 A. Possibly.

9 Q. Do you recall attending this meeting?

10 A. I do.

11 Q. Did it take place at Bolivar?

12 A. It did.

13 Q. But --

14 A. Jose's Cantina, in the back room.

15 Q. The article references a presentation by you  
16 on the proposed maps, and notes that you would not  
17 represent Bolivar under either map.

18 Do you recall this presentation?

19 A. It -- it wasn't a presentation. It was --  
20 I'm trying to think what the meeting -- what the  
21 meeting was about, looking up top.

22 Oh, it did. So they asked me to come: The  
23 meeting agenda included a year-end review of the  
24 chamber and a presentation from Commissioner Apffel  
25 about the announced redistricting of the county

1 precincts.

2 That's correct.

3 Q. What -- what do you recall about your  
4 presentation?

5 A. Well, much like it says, I wasn't promoting  
6 one or the other. I was telling them that either  
7 one, I was no longer going to be their  
8 commissioner. And I think I even said -- yes: I  
9 vow to work closely with the new commissioner to  
10 help him understand the issues.

11 So I -- one would have been Stephen Holmes,  
12 and one would have been Joe Giusti. And I wasn't  
13 selecting for the people. I was saying I will --  
14 they will be great, and I will work with them  
15 closely for a smooth transition.

16 Q. How did people at this meeting react to the  
17 fact that you wouldn't represent Bolivar under  
18 either map?

19 A. They were sad.

20 Q. Did others at this -- excuse me.

21 Did people at that meeting express a desire  
22 for a coastal precinct?

23 A. They liked the idea very much. It --  
24 Bolivar, more than anywhere, needed this district  
25 to be like this.

1           And like I said, it was ingenious. It just  
2 kind of developed. It -- no one even thought about  
3 it. The judge thought about it when it happen --  
4 when he saw a map of it.

5           And from -- from the beach access dune  
6 protection plan, where you have from zero to  
7 25 feet of protection by the GLO, and you have  
8 25 feet to 200 feet of protection by the GLO, and  
9 you have 200 feet to a thousand feet protection by  
10 the GLO, all that protection is different.

11           But it's the same for the guys and gals in  
12 Galveston, from that -- the -- the -- the beach  
13 access dune protection, to beach raking.

14           We have sargassum, which is commonly known  
15 as seaweed, that comes in. And we have to -- to  
16 rake our beaches.

17           The beach raking, Galveston had the proper  
18 Corps of Engineers permit to rake the beaches, to  
19 protect the sea turtles, and all of the different  
20 birds. And we, Galveston County, did not.

21           And we -- we applied for that permit, and it  
22 took five years, and we just are getting it, I'm  
23 proud to say.

24           But -- so from beach raking, dune  
25 protection, it just goes on and on, the types of

1 issues that were so identical that it made total  
2 sense for the people of Bolivar.

3 Because they always felt slighted over  
4 there, it's just people's -- it's just human  
5 nature. And it was like, why does Galveston have  
6 this and we don't? Why does Galveston have this  
7 and we don't?

8 So it -- they all believed -- this is a long  
9 answer to, they all believed that it was very  
10 important, that they liked the idea.

11 Q. Earlier in this deposition, you said that  
12 you took pride in making the Commissioners Court  
13 cohesive, once you joined in 2016.

14 A. Uh-huh.

15 Q. Did you feel that the commissioners could  
16 not represent these interests, when Galveston and  
17 Bolivar were represented by different  
18 commissioners?

19 A. Well, no, because then we did. I did for  
20 six years. So, it could be done. It has been  
21 done. It wasn't that it -- that's not the type of  
22 cohesiveness I was talking about.

23 I mean, as far as I know, the Court  
24 supported Ryan Dennard, my predecessor, for  
25 anything he needed for the Bolivar Peninsula while

1 he was in office. And they certainly did the same  
2 for me.

3 So, that -- that's not what -- the  
4 cohesiveness I was referring to. The -- so I think  
5 your question was --

6 Q. Wouldn't it be helpful to the people of the  
7 Bolivar Peninsula to have more commissioners who  
8 care about the same issues, because it affects  
9 their constituents as well?

10 A. No, that's -- for all the reasons I've  
11 previously stated, it was a brilliant idea, because  
12 of the community interest of those that live along  
13 the -- the coast.

14 We -- our whole county is a coastal county.  
15 But those who live along the exact coast have very  
16 interesting issues.

17 Q. And so, you cared about the -- the -- you  
18 know, the unique needs of -- the community  
19 interests of these group of people who lived on  
20 Bolivar and Galveston Island?

21 A. Correct, the whole coastline.

22 Q. But you --

23 A. Go ahead.

24 Q. But you didn't factor in the community  
25 interests of other -- other constituents that lived

1 | in Galveston County, such as African-Americans or  
2 | Latino?

3 | A. Is that the type of community interest  
4 | you're referring to? I -- I -- those -- they don't  
5 | have the community -- they don't have the same  
6 | interest where we're talking about right now.

7 | Q. So -- so, if I understand your testimony  
8 | correctly, you're saying that it was important that  
9 | there be a commissioner that represents the -- this  
10 | coastal community interest, right? The --

11 | A. Correct.

12 | Q. And so, is it important for there to be a  
13 | commissioner that represents the community  
14 | interests of different populations, such as  
15 | minority voters?

16 | A. Sure. But -- and I actually ended up with  
17 | one of the voting precincts of what was  
18 | Commissioner Holmes before.

19 | And I certainly know that I can protect  
20 | and -- and -- those -- those minorities com --  
21 | community interests, whatever they may be. If  
22 | we're just talking in general terms, if that's what  
23 | community interest means.

24 | Q. And what are the community interests of  
25 | the -- the African-American and Hispanic voters

1 | that are in your precinct?

2 | A. The juvenile justice system. The -- taking  
3 | care of the children. The -- the truancy laws for  
4 | the children of those districts.

5 | I would say that the -- that the -- the  
6 | truancy rate is higher in those -- in those areas,  
7 | than they are in other areas.

8 | But as far as roads and bridges, drainage,  
9 | parks, taxes, law enforcement, their interests are  
10 | the same.

11 | MS. VALL-LLOBERA: Okay. I would  
12 | like to introduce Tab 25 as the next exhibit.

13 | Here, Counsel.

14 | MR. RUSSO: Thank you.

15 | MS. VALL-LLOBERA: And this is going  
16 | to be Exhibit 20, Apffel Exhibit 20.

17 | (Exhibit 20 is marked.)

18 | Q. (BY MS. VALL-LLOBERA) So, Commissioner,  
19 | this is a November 1, 2021, e-mail thread between  
20 | you and Brenda Flanagan.

21 | Who -- did I describe that correctly?

22 | A. Yes, Brenda Flanagan, a very good friend and  
23 | constituent on the Bolivar Peninsula.

24 | Q. Okay.

25 | A. And the chamber president.

1 Q. Do you recognize this e-mail?

2 A. I do.

3 Q. Did -- let's see. So in this e-mail, she  
4 asks who the commissioner would be on Map 1 and  
5 Map 2.

6 And you explained to her that, quote, It  
7 would be Stephen Holmes -- excuse me: On Map 1, it  
8 would be Stephen Holmes, but on Map 2, it would be  
9 Joe Giusti.

10 I read that correctly?

11 A. Yes, ma'am.

12 Q. You also state, quote, The judge is for a  
13 unified Gulf Coast district. So I guess he will be  
14 pushing the Map 2, close quote.

15 Is that right?

16 A. Uh-huh, yes.

17 Q. Did she respond to this e-mail, or did you  
18 have further communications with her about  
19 redistricting?

20 A. No, I didn't. I mean, other than -- I was  
21 trying to see the date of this meeting, if this was  
22 before this, or this was before this (indicating).

23 And this meeting doesn't say when it was.  
24 So if this meeting came after this, I had further  
25 communication with her.

1           If this meeting came before, then I didn't.

2                   MR. RUSSO: And for the record,  
3 you're referring to the meeting referenced in  
4 Apffel 19.

5                   THE WITNESS: The town hall, yes,  
6 that's correct, in Apffel 19.

7           Q. (BY MS. VALL-LLOBERA) She also asked if  
8 there would be a workshop on the redistricting.  
9 But you didn't respond to that in your e-mail to  
10 her.

11                   Do you recall why you didn't answer that  
12 question?

13           A. I don't. On that point, it would be -- will  
14 there be one -- I guess, no, I missed that...

15           Q. And the -- to save you the trouble, the  
16 chamber of commerce -- that meeting we just  
17 referred to from Exhibit 19, that took place on  
18 November 10th or 11th. So after this e-mail  
19 thread.

20           A. Okay. So then I did have further contact  
21 with her, because she was at this meeting. That's  
22 her sitting in the middle, with her back to us.

23           Q. Did you discuss Ms. Flanagan's request  
24 regarding a workshop with anybody?

25           A. No.

1 Q. I'd like to show you another constituent  
2 comment.

3 MS. VALL-LLOBERA: This is going to  
4 be Tab 26. This is going to be Apffel Exhibit 21.

5 (Exhibit 21 is marked.)

6 Q. (BY MS. VALL-LLOBERA) This is a public  
7 comment, dated November 8, 2021. It shows kind in  
8 the middle of the page that the name of the person  
9 submitting it Kim L. Kitchen.

10 Does that sound correct? Does that look  
11 correct to you?

12 A. Yeah. Can we come back on another day for  
13 seven hours of testimony for that, regarding that?  
14 But anyway...

15 Q. With your counsel's permission.

16 Could you read the comment for the record?

17 A. You have got to be kidding. You talk about  
18 a blatant gerrymander to seal Darrell Apffel's  
19 seat. What streets are now part of Darrell's and  
20 Stephen Holmes? You paid this guy well, Mark. I'm  
21 sure your new besti. Darrell appreciates all your  
22 help and your buddy who drew out the maps.

23 Q. Who is Kim Kitchen?

24 A. Who is Kim Kitchen? So, Kim Kitchen is the  
25 worst enemy in my life. She -- when I ran for

1 office, the Rollover Pass was a subject of  
2 contention. That was an inlet between the Gulf of  
3 Mexico, and the bay -- the bay of -- East Bay,  
4 Galveston.

5 It was an open body of water. It was a  
6 recreational area that people used. And the State  
7 and the GLO decided they were going to close the  
8 pass, because -- we referred to it as, the pass.

9 The Commissioners Court had to -- I'm sorry,  
10 the State had to use eminent domain to take some  
11 people's property, and -- and had a interlocal  
12 agreement with the County of Galveston to assist in  
13 the contract of closing the pass. This is in 2013,  
14 '14.

15 Kim Kitchen was a -- an opponent of closing  
16 the pass.

17 All of that that I just described to you  
18 took place by vote of the Commissioners Court  
19 before I started running for office in 2015.

20 In 2015, she approached me about my position  
21 with regard to the pass. I told her that all of --  
22 it's all done, and there's no turning it back.

23 But there was lawsuits, there was appeals,  
24 of -- all over the closure of the pass. Those all  
25 ultimately have been dismissed by the District

1 Courts or the Supreme Court, depending on where it  
2 went.

3 Kim Kitchen decided, after I was elected,  
4 that I was not doing enough, and thought that the  
5 campaign promise I made was I was going to reverse  
6 all of that, that had taken place before my term.  
7 And so, she became a very mad person at me.

8 And if you just go to her Facebook page, you  
9 could find tons.

10 In the meantime, as I used to drive her to  
11 and from Bolivar Peninsula, with my wife, giving  
12 her a ride, she got a car. She was doing great.  
13 She had a car accident.

14 And I made the mistake of, no good deed goes  
15 unpublished, attempting to represent her in  
16 connection with that accident.

17 Q. I see. And to be clear, she was a  
18 constituent of yours, right?

19 A. No.

20 Q. She -- she did not live in your precinct?

21 A. No.

22 Q. Okay. Did --

23 A. That I recall. No, she -- she -- yeah, she  
24 must have, because I'll get there, or -- or ended  
25 up in the precinct.

1           So, the only bad review that Apffel Legal  
2 Law Firm has had in 35 years of doing business was  
3 from Kim Kitchen, because the -- the -- her  
4 personal injury case was taking longer than she  
5 thought it should, and so she terminated me.

6           Q. I see.

7           A. I tried to help her in a lawsuit, and she  
8 didn't believe that I did the right thing with  
9 regard to the Rollover Pass. And she has been on  
10 my case ever since.

11           Also, right at this time, she filed to run  
12 against me, in my reelection, which would have been  
13 in December of '20 -- of '19. December of '19, she  
14 filed to run against me for the primary in March of  
15 '20.

16           Q. So she filed as a Republican?

17           A. And she filed as a Republican.

18           Q. Okay.

19           A. But she did it with no filing fee and with  
20 signatures. And her signatures go to the county  
21 judge for certification.

22           The county judge removed himself and had  
23 Cheryl Johnson, the registrar, check the  
24 signatures. And they were not enough.

25           And so she didn't get on the ballot, so more

1 gas on the fire. So, anyway, only person that I  
2 know of that doesn't like me.

3 Q. I -- I -- I think I have heard enough about  
4 Kim Kitchen for one deposition.

5 Is this the first time you've seen this  
6 public comment?

7 A. No, I've seen it.

8 Q. Did somebody give you this?

9 A. I don't remember.

10 Q. Do -- you don't recall how you got -- how  
11 you -- who gave you the version of this that you  
12 read, previously --

13 A. I want to say probably it was in that stack,  
14 or came from the judge's office who was monitoring  
15 them, and they told me.

16 But this one clearly went out the window and  
17 in the trash, because it was just very biased.

18 MS. VALL-LLOBERA: Okay. I would  
19 like to introduce Tab 27 as the next exhibit. I  
20 think I referred to this one earlier today. This  
21 is going to be Apffel Exhibit 22.

22 (Exhibit 22 is marked.)

23 Q. (BY MS. VALL-LLOBERA) This is an e-mail  
24 from Leslie Clift, to Judge Henry and the  
25 commissioners, regarding the redistricting maps.

1 And it's dated November 10th.

2 A. Correct.

3 Q. Have you seen this before?

4 A. Yes. And that's how I knew I had seen the  
5 League of Women Voters letter because I thought it  
6 was interesting that she was taking the exact same  
7 letter, updating it, and changing the signature.

8 And so, it appeared to be -- then it really  
9 made me think, okay, this is a setup.

10 Q. What do you mean by a setup?

11 A. As if the -- these -- someone didn't like  
12 the way that we were doing it and was going to put  
13 self-serving documents out there to later come back  
14 and use.

15 Q. What do you mean by, self-serving documents?

16 A. Well, back to what I told you. Your opinion  
17 is that all of these things needed to be done. My  
18 opinion is that we hired the people to do the -- do  
19 it within -- within the bounds of law, and -- and  
20 in the spirit of the law. And so, we did that.

21 And so, this is one opinion of how it should  
22 be done, versus the way that we did it.

23 Q. Would you --

24 A. But I don't know Leslie Clift.

25 Q. What do you think the spirit of the law is?

1 A. For the tenth time, respectfully, equalizing  
2 the population within a 10 percent margin  
3 differential, and -- and redrawing the lines  
4 accordingly.

5 Q. And you said you didn't know who Leslie  
6 Clift is, correct?

7 A. I may. But at this moment, I can't place  
8 her. And I didn't recall her then, either.

9 MS. VALL-LLOBERA: I would like to  
10 introduce the next exhibit, which is Tab 28. This  
11 is Apffel Exhibit 23.

12 (Exhibit 23 is marked.)

13 MS. VALL-LLOBERA: Here.

14 MR. RUSSO: Thank you.

15 Q. (BY MS. VALL-LLOBERA) This is your response  
16 to Leslie Clift, copying --

17 A. Yes.

18 Q. -- the judge and commissioners.

19 You write to her, quote, Thank you. I think  
20 you're a bit confused. I would be happy to discuss  
21 with you on phone.

22 Did I read that correctly?

23 A. Correct. I respond to everybody. I do not  
24 let any e-mail go unresponded. Except, I think did  
25 on this one.

1 I -- this was a group. When it's a  
2 constituent, I specifically -- but it was too  
3 much to try to -- I felt like she had this all  
4 messed up, and so I offered for her to call me, but  
5 she didn't.

6 Q. Did she you respond to this e-mail?

7 A. Not that I'm aware of.

8 Q. Did you have any more communications with  
9 Ms. Clift?

10 A. She didn't call me.

11 Q. So you didn't have any more communications  
12 with her?

13 A. No.

14 Q. In this e-mail, you describe her as a bit  
15 confused.

16 Can you elaborate on why you described her  
17 as a bit confused?

18 A. Because she was saying, I don't want Bolivar  
19 in Precinct 3. And then she was saying, if only  
20 provided two options, I support Map 1, which keeps  
21 Holmes.

22 So, I felt like she was, on the one hand,  
23 saying she didn't want Holmes as her commissioner.  
24 On the other hand, she was saying she wanted to  
25 keep Holmes.

1           So that was my -- why I thought she was  
2 confused.

3           Q. You mentioned you responded to all  
4 constituent e-mails, correct?

5           A. Correct.

6           Q. Did you respond to all the constituent  
7 messages that came in through the portal for the  
8 constituents that lived in your precinct?

9           A. No, I did not.

10          Q. Why not?

11          A. Because it wasn't set up for commenting. It  
12 was set up for those people to tell us.

13          Q. I want to shift gears to the November 12,  
14 2021, special meeting.

15                 Do you recall the -- this meeting?

16          A. Yes.

17          Q. Generally, who sets the agenda for  
18 Commissioners Court's meetings?

19          A. The judge drafts the agenda, and anyone who  
20 needs an item put on the agenda can -- has to have  
21 it sponsored by one of the commissioners.

22          Q. Does the judge ask the commissioners for --  
23 whether they want to add anything to the agenda?

24          A. It's -- no. It's assumed, week in and week  
25 out, if you want -- you're welcome to present

1 anything to his office to be on the agenda.

2 Q. Do you generally see a draft agenda  
3 circulated before it's published on the county  
4 website?

5 A. 72 hours in advance.

6 Q. Do -- do the commissioners view a draft of  
7 that agenda before it's put on the website --

8 A. No.

9 Q. -- or all at the same time?

10 A. All at the same time. And it's all put on  
11 the consent agenda. But each meeting, before the  
12 meeting, we can pull anything we want pulled, to --  
13 to -- to make an action item.

14 Q. Let me try to understand the process.

15 So 72 hours before the meeting, the agenda  
16 is posted on the website with consent agenda items.

17 Is that correct?

18 A. And some action items, sometimes.

19 Q. Okay.

20 A. Yeah, sometimes there's action items, for  
21 whatever reason. But most everything goes on a  
22 consent agenda for expediency, with the  
23 understanding any commissioner can say, I want to  
24 pull that and talk about it, because I have  
25 questions or concerns or comments.

1 Q. And you can do that even before it's been  
2 posted on the agenda as a consent item?

3 A. It's done as -- yes, it's done the morning  
4 of. The judge says -- yes, when he makes the  
5 motion for the consent items, with the exception of  
6 blank, No. 1, 10, 11, 12, have been pulled. And  
7 then we -- those goes immediately to action items.

8 Q. So did Judge Henry decide to schedule the  
9 special meeting to discuss redistricting?

10 A. I mean, he always -- they keep up with the  
11 timelines. And, yes, they...

12 Q. To your knowledge, why was only one meeting  
13 scheduled to discuss redistricting?

14 A. What do you mean? I don't -- I don't -- I  
15 mean, that -- that goes -- that's your -- that goes  
16 back to -- that -- I don't know what you're saying.

17 I mean, are you -- are you referring to,  
18 like, public hearings again? Or are you...

19 Q. So, earlier we talked about the public  
20 hearings they held in 2011. In 2011, they also  
21 discussed redistricting at Commissioners Court  
22 meetings.

23 And so my -- my question to you here is, why  
24 was only one meeting scheduled, on which 2021  
25 redistricting was on -- on the agenda?

1 A. Okay. So, to go back, like we've talked  
2 about already, I considered the social media  
3 posting and the comment period the pub -- the  
4 public hearings that you're referring to.

5 I consider the -- the action to approve a  
6 map a public hearing as well. But that was  
7 necessitated by the fact that we had to meet and  
8 vote on a map.

9 So why was only one, because we needed to  
10 vote and -- we needed to meet and vote on a map.

11 And of course, we knew it would be a public  
12 hearing at that same time.

13 Q. So you mentioned social media posting.

14 Was there a different way that you were  
15 getting constituent responses, other than the  
16 portal --

17 A. I don't --

18 Q. -- Facebook comments or Facebook posts?

19 A. No. I know that -- Galveston County has a  
20 Web page and a Facebook page. I believe that the  
21 portal was set up through the Web page. But -- and  
22 I -- I believe they were posted on the Galveston  
23 County Facebook page, too. But I'm -- I don't  
24 recall.

25 Q. And did you post on social media about the

1 maps?

2 A. No, I didn't. I -- I felt like I did, but

3 I -- I looked and I don't see it.

4 Q. Were you in any private Facebook groups that  
5 discussed the maps?

6 A. No.

7 Q. Or any other private online organizations?

8 A. No.

9 Q. Did you promote this meeting to your  
10 constituents?

11 A. No -- no more than the normal notice process  
12 that we -- that the county uses.

13 Q. So, other than the county posting the  
14 meeting -- the notice of a meeting before --  
15 beforehand, you didn't take any steps to promote  
16 it? You didn't post about it on Facebook or send  
17 any e-mail blasts to your constituents, anything  
18 like that?

19 A. None of those things you've just mentioned.  
20 But I consider all the things that I did, that  
21 you've pointed out, as promoting a meeting about  
22 maps.

23 Q. Were you aware that Judge Henry initially  
24 planned for the meeting to be on November 9, 2021?

25 A. I don't recall that.

1 Q. Did you -- let me -- let me restate that.

2 And you said you didn't see any drafts of  
3 the agenda before it was published, correct?

4 A. Correct. I never do. And when it's  
5 published on the website, it's also sent to each  
6 commissioner, as, here's the agenda.

7 MS. VALL-LLOBERA: I would like to  
8 introduce Tab 31. I have about three more  
9 exhibits, and then we'll take a break. Thank you.  
10 This is going to be Apffel Exhibit 24.

11 (Exhibit 24 is marked.)

12 MR. RUSSO: Thank you.

13 Q. (BY MS. VALL-LLOBERA) This is a  
14 November 10, 2021, e-mail, that contains the final  
15 agenda attached to it.

16 Is that accurate?

17 A. Yes.

18 Q. Okay. So turning to the agenda itself,  
19 which is page 3 of the exhibit, this meeting was  
20 scheduled for 1:30 p.m.

21 Is that correct?

22 A. Yes.

23 Q. Is it -- is it routine to have meetings  
24 during normal business hours?

25 A. Of course.

1 Q. Are all --

2 A. Yes.

3 Q. -- meetings during normal business hours?

4 A. All of them.

5 Q. The regular and the special meetings?

6 A. 9:30, at regulars. And 1:30 to 3:30 on

7 specials.

8 Q. Isn't it hard for people with day jobs to

9 attend meetings?

10 MR. RUSSO: Objection; speculation.

11 A. I -- I mean, I don't know. I mean, the --

12 they're -- they're posted online, and -- and

13 they're available to watch.

14 Q. (BY MS. VALL-LLOBERA) Are Commissioners

15 Court meetings well attended, generally?

16 A. No.

17 Q. So, with reference to the meeting itself, on

18 November 12th, did you expect so many people to

19 attend?

20 A. I'm going to have to say I didn't.

21 Q. So you were surprised at the number of

22 people that appear --

23 A. Yes.

24 Q. -- that were there?

25 What was your reaction to seeing so many

1 | people at the meeting that they couldn't fit in the  
2 | meeting room?

3 | A. Well, I didn't -- I didn't contemplate that,  
4 | or -- realize that, until after it -- when it  
5 | became a complaint.

6 | Q. But you did notice that the meeting room was  
7 | full, correct?

8 | A. Oh, yes. But I'm saying I didn't know there  
9 | was a complaint that people were outside. Of  
10 | course, I knew, after those spoke, then some had to  
11 | come in to speak. But...

12 | Q. Do you recall what any of the people  
13 | testifying said?

14 | A. Mostly --

15 | MR. RUSSO: They testified?

16 | MS. VALL-LLOBERA: Excuse me.

17 | MR. RUSSO: I didn't know. I --  
18 | they don't swear people in, do you?

19 | THE WITNESS: No.

20 | MR. RUSSO: I didn't think so.

21 | Q. (BY MS. VALL-LLOBERA) During the public  
22 | comment portion of the meeting, do you recall what  
23 | people generally stated?

24 | A. What a great guy that Commissioner Holmes  
25 | was, is, has been, will be, and that they hated

1 that he was a victim of the new population.

2 Q. Do you recall -- let me rephrase.

3 Can you explain what you mean by victim of  
4 the new population?

5 A. Meaning, based on the redrawing of the lines  
6 to equalize the population, it was clear that he  
7 was not going to be able to maintain a Democratic  
8 seat.

9 Q. Did you think he would not be able to win  
10 under Map 1?

11 A. I think he can win under either map, just  
12 like I did.

13 Q. Can you elaborate on that?

14 A. As I previously told you, the people are who  
15 elect you -- and remember my analysis three hours  
16 ago, about Texas City bringing me.

17 So, while you have a large number of what  
18 I'll call straight Republican voters that live in  
19 the north county, there are the people that have an  
20 option of, regardless of party affiliation, going  
21 and voting for you, to be their representative.

22 Q. One moment. So you don't think party  
23 affiliation matters for commissioners?

24 Let me rephrase that.

25 You don't think a commissioner's party

1 affiliation affects their policy positions?

2 A. Okay. I'm not sure I'm understanding your  
3 question.

4 I think Stephen Holmes -- affects their  
5 pol -- you're talking about -- I don't know. You  
6 got -- you got to be a little -- a little more  
7 detailed.

8 Q. You stated that you thought  
9 Commissioner Holmes could win by using the same  
10 method you did, by switching party affiliation.

11 Did -- did I understand that correctly?

12 A. Yes.

13 Q. So, is it the case that you don't think it  
14 matters how many Republicans or Democrats are in  
15 any -- any particular precinct?

16 A. Well, sure, if you -- if you could  
17 gerrymander up a Democratic precinct, that would be  
18 lovely. But that's not what we're supposed to do.  
19 We're supposed to divide the -- the population  
20 equally.

21 And it's no one's fault that Galveston  
22 County is now a -- very Republican. It just is a  
23 nature of the -- the world's politics. So -- but  
24 in light of that, I still believe the people pick  
25 the person.

1 Q. And so, you don't think -- am I  
2 understanding correctly that you would oppose  
3 gerrymandering for either Democrats or Republicans?

4 A. Absolutely.

5 Q. Okay. Returning to the November 12, 2021,  
6 meeting, and specifically the folks that spoke at  
7 the meeting, did any of the people speaking at the  
8 meeting express opposition to eliminating the only  
9 majority African-American -- excuse me, the only  
10 majority non-Anglo commissioners precinct?

11 A. One more time.

12 MR. RUSSO: Okay. Can you -- yeah,  
13 if you want to state your question again. I lost  
14 it.

15 Q. (BY MS. VALL-LLOBERA) Yeah. Did any -- any  
16 of the people speaking at the meeting express  
17 opposition to eliminating the only majority  
18 minority commissioners precinct?

19 A. Absolutely. I think they said -- thought  
20 that what we were doing was based on minorities.

21 Q. Did any of them express concerns that the  
22 map violated the Voting Rights Act?

23 A. None of them went into that detail, that I  
24 recall.

25 Q. Do you think this meeting, which occurred

1 | one day before the deadline to adopt the new maps,  
2 | provided a meaningful opportunity to consider  
3 | constituents' feedback?

4 | A. Absolutely.

5 | Q. Was there an opportunity for you and the  
6 | judge and the -- for the Commissioners Court to  
7 | reconsider the maps, based on the comments at the  
8 | hearing?

9 | A. No.

10 | Q. Do you recall Commissioner Holmes brought  
11 | two map proposals with him to the meeting?

12 | A. Well, now that you mention, maybe. Yes, I  
13 | seem to recall, but I can't recall what they looked  
14 | like.

15 | Q. Did you see them in the moment?

16 | A. Yes. He -- he put them up there and talked  
17 | about them, I believe.

18 | Q. Did you have an opportunity to consider  
19 | those map proposals that Commissioner Holmes  
20 | brought?

21 | A. Absolutely.

22 | Q. Do you recall Judge Henry saying, quote, We  
23 | don't have time. We must adopt a map by tomorrow,  
24 | according to Secretary of State, close quote?

25 | A. I don't recall it, but that was certainly a

1 fact.

2 Q. And you were all aware of the -- the  
3 deadline, correct? Is that right?

4 A. Yes. Hence, the special meeting.

5 MS. VALL-LLOBERA: I would like to  
6 introduce Tab 5 as the next exhibit. This is going  
7 to be Apffel Exhibit 25.

8 (Exhibit 25 is marked.)

9 Q. (BY MS. VALL-LLOBERA) So this cover page is  
10 just showing that this was a scanned document.

11 A. Okay.

12 Q. If you turn to the second page, here is the  
13 order establishing new Commissioner precinct  
14 boundaries.

15 Do you recognize this?

16 A. Yes.

17 Q. So who moves to adopt the map?

18 A. Judge Henry.

19 Q. And did you second?

20 A. I did.

21 Q. Why did you support Map proposal 2, over Map  
22 proposal 1?

23 A. Because of the Gulf Coast district.

24 Q. Returning once more to the public comment --  
25 excuse me, the statements made during the public

1 comment period of the meeting, did it give you --  
2 did it give you pause, at all, to consider the  
3 feedback that the maps would eliminate the only  
4 majority minority precinct?

5 A. I like Stephen Holmes as a commissioner, and  
6 as a person. And I think he's a wonderful man.  
7 Quite frankly, I wasn't sure how we could do what  
8 you-all are saying we didn't do without flipping it  
9 and gerrymandering it for him. And so --

10 Q. Had --

11 A. -- I didn't see any way to make it any  
12 different.

13 Q. Had you considered the effect on map -- of  
14 Map 2, before people mentioned it during that  
15 meeting?

16 Let me --

17 A. I think you're talking about Stephen Holmes  
18 in particular.

19 Q. Yes.

20 A. And I considered Stephen Holmes, always.  
21 But I saw him as no different than me.

22 Q. Were you aware that -- before this meeting,  
23 were you aware that the proposed maps were going to  
24 make it -- were going to affect his ability to stay  
25 in his seat?

1 A. No. For all the reasons I've stated to you.

2 MS. VALL-LLOBERA: All right. Okay.

3 I think -- I have one -- I think one more exhibit,  
4 and then a pause.

5 Tab 48. So introducing Apffel  
6 Exhibit 26.

7 (Exhibit 26 is marked.)

8 Q. (BY MS. VALL-LLOBERA) This was a cover  
9 e-mail from December 2021. It was produced by the  
10 Department of Justice, and it contains, embedded in  
11 the e-mail, a news article.

12 Have you seen this e-mail before?

13 A. I've got to look. But...

14 (The witness peruses the document.)

15 A. It was in the Galveston News. So, of  
16 course, I read it.

17 Q. (BY MS. VALL-LLOBERA) And I would just like  
18 to turn your attention to a specific section, which  
19 is going to be on page -- one, two, three -- on  
20 page 4 of the exhibit, there is a heading that  
21 says, Coastal District, about halfway down the  
22 page.

23 A. Okay. Let me get there.

24 (The witness peruses the document.)

25 A. Okay.

1 Q. (BY MS. VALL-LLOBERA) So towards the end of  
2 this page, under the heading, Coastal District, it  
3 says: Apffel said he didn't spend much time before  
4 Friday's meeting analyzing data about changes the  
5 map made to the racial makeover -- makeup of  
6 precincts.

7 A. I think my testimony has been consistent  
8 with that.

9 Q. And you are quoted in this article as  
10 saying, quote, I saw it, but just for a second, end  
11 quote.

12 Did I read that correctly?

13 A. Nope, I'm lost. I'm looking for that. Oh,  
14 right here, yeah.

15 Q. Is that still your recollection of -- of  
16 seeing the -- the data about the changes the map  
17 made to the racial makeup of precincts?

18 A. Yes, it's still my testimony.

19 Q. Okay. Thank you.

20 A. I saw it, but just for a second. Is that --  
21 what are they talking about there, a map, or -- I  
22 don't know what -- are they talking about racial  
23 data? I don't know what -- but that --

24 Q. The line before it -- I can re-read it.

25 A. Yeah, I see it. I mean, I'm just confused

1 | on what it -- what that -- what they're talking

2 | about.

3 | So my recollection is I didn't look at that.

4 | But maybe that's saying I did. If I did, it was

5 | just for a second.

6 | (Voices en sotto.)

7 | MS. VALL-LLOBERA: I think this is a  
8 | good stopping point for us to have a ten-minute  
9 | break. And...

10 | THE VIDEOGRAPHER: Counsel, are you  
11 | in agreement?

12 | MR. RUSSO: Yeah. Are you looking  
13 | to pass, or what are you doing with ten minutes?

14 | MS. VALL-LLOBERA: I still have a  
15 | couple more sections before passing.

16 | MR. RUSSO: Okay. You need a break?

17 | THE WITNESS: I'll take a little  
18 | break. It can't hurt.

19 | MR. RUSSO: Okay. Sounds good.  
20 | Okay. Thank you.

21 | THE VIDEOGRAPHER: With agreement of  
22 | counsel, we're off the record at 1544.

23 | (Break.)

24 | THE VIDEOGRAPHER: Back on the  
25 | record at 1601.

1 MS. VALL-LLOBERA: Okay. I would  
2 like to introduce the next exhibit. So this is  
3 going to be Tab 46. This is going to be Apffel  
4 Exhibit 27.

5 (Exhibit 27 is marked.)

6 Q. (BY MS. VALL-LLOBERA) So...

7 (Voices en sotto.)

8 Q. (BY MS. VALL-LLOBERA) So, Exhibit 27 is an  
9 October 26, 2021, e-mail. And the subject line  
10 says, Galveston Work Products.

11 Specifically, if you -- if you go to --  
12 there is a placeholder in this document for an  
13 Excel. It's towards almost the end of the  
14 document, and it ends in 11286.

15 A. Okay.

16 Q. So there are various documents attached to  
17 this e-mail, but the one we're going to talk about  
18 is actually the -- just this Excel document that's  
19 called, Galveston Analysis.

20 A. Okay.

21 Q. And so, the Excel itself is going to be an  
22 exhibit that we introduce only via Exhibit Share,  
23 because --

24 A. Yeah.

25 Q. -- it's a native Excel.

1 MS. VALL-LLOBERA: So we would like  
2 to introduce Tab 49. So I would like to introduce  
3 this as Exhibit 27-A.

4 (Voices en sotto.)

5 (Exhibit 27-A is marked.)

6 (Voices en sotto.)

7 Q. (BY MS. VALL-LLOBERA) Okay. While that's  
8 coming up, earlier in the -- before we went on  
9 break, you said that -- I understood you correctly  
10 to say that you wouldn't agree with drawing  
11 gerrymander maps that favor Democrats or  
12 Republicans, right?

13 A. Right.

14 Q. And you don't believe the law firm that the  
15 county hired drew gerrymandered -- politically  
16 gerrymandered maps.

17 Is that correct?

18 A. What -- what maps are you talking about?

19 Q. The --

20 A. Just in general, or the -- the maps -- the  
21 map that we approved?

22 Q. Do -- do you believe that the law firm,  
23 these two proposed maps, do you believe -- excuse  
24 me.

25 Do you believe that the law firm that you --

1 that Mr. Oldham and his staff drew politically  
2 gerrymandered maps on purpose?

3 A. Are you -- again, if you're talking about  
4 our map that we approved, I don't believe was a  
5 gerrymandered map.

6 In fact, I'm saying just the opposite. In  
7 order to protect Stephen Holmes, it would have had  
8 to have been a gerrymandered map.

9 Q. Okay. Let me turn your attention to  
10 Exhibit 27-A. And in particular -- or your  
11 counsel -- in particular, I'm in the tab that is  
12 called, pop pivot.

13 And actually while it's in front of you, I  
14 should ask you first.

15 Do you recognize this Excel?

16 A. So far, no.

17 Q. Can you turn to the tab called, pop pivot?

18 A. Okay.

19 Q. And specifically, looking at the numbers  
20 here, so do you see that there is some color-coded  
21 shading towards the right side of this?

22 A. Yes.

23 Q. I'll represent to you that VAP, V-A-P,  
24 stands for voting age population. BNA -- BNH  
25 percentage VAP means black non-Hispanic VAP, and

1 HISP, H-I-S-P, VAP, means voting age -- excuse me,  
2 Hispanic voting age population.

3 A. Okay.

4 Q. M-I-N VAP means minority VAP, so the  
5 minority voting age population.

6 Can you look at the numbers in this section  
7 of the Excel?

8 MR. RUSSO: Yeah. I just want to  
9 lodge an objection here, the document speaks for  
10 itself.

11 But you can ask the witness whether  
12 he's seen it or knows what those columns mean.

13 Q. (BY MS. VALL-LLOBERA) Have you -- have you  
14 seen this before?

15 A. Not that I recall, but possibly. But go  
16 ahead. So -- because I'm not sure what we're doing  
17 here.

18 Q. So is this the -- is this the racial data  
19 that you referenced in the article that we looked  
20 at before the break?

21 A. I just don't know.

22 Q. Do these numbers correspond with the try --  
23 labeled original map -- original Map 1, Map 2?

24 A. I don't know. I just think you better ask  
25 Dale about all this.

1 Q. Do you see on the left side -- on the left  
2 side column, it says, original, and you scroll --  
3 in row 2. And if you scroll down, row 15 refers to  
4 Map 1. And if you keep going, row 28 refers to  
5 Map 2.

6 A. Okay.

7 Q. So focusing on the percentage of minimum  
8 VAP, do you -- do you see minority age  
9 population -- voting age population? Excuse me.

10 A. In Map 2?

11 Q. So, towards the top of the original, when  
12 we're looking at the percentage of minority VAP,  
13 which is Column I, do you see that shaded coloring?

14 A. Yes. But are we still at the bottom --

15 Q. Does that -- does --

16 A. -- or are we up at the top?

17 Q. We're around rows 3 through 8.

18 A. Okay.

19 Q. Do those percentages mean anything to you?

20 A. They do not.

21 Q. Do -- if we scroll down to Map 1, which is  
22 rows 15 through 21, same column, do those  
23 percentages mean anything to you?

24 A. No.

25 Q. If we scroll down to Map 2, which is rows 28

1 through 34, in the same column, do those  
2 percentages mean anything to you?

3 A. No.

4 Q. Okay. Thank you.

5 Moving on from -- moving on from that  
6 spreadsheet, you ran for reelection in 2020,  
7 correct?

8 A. I did.

9 Q. Was the 2020 election contested?

10 A. Mine?

11 Q. Yes, yours.

12 A. In the beginning, when Kim Kitchen filed,  
13 but didn't have enough signatures.

14 Q. So --

15 A. So...

16 Q. -- was anyone else on the ballot in the --

17 A. Challenging me?

18 Q. -- March --

19 A. No.

20 Q. Did anybody run against you in the general?

21 A. No.

22 Q. So although you won the election in 2020  
23 under the old map, you currently represent a  
24 different geographic area under the current maps,  
25 correct?

1 A. Yes.

2 Q. And Precinct 1 lost a large portion of  
3 League City, including near where you live, right?

4 A. Oh, yes.

5 Q. And Precinct 1 gained all of Texas City, or  
6 it now -- or Precinct 1 now has all of Texas City.

7 Is that correct?

8 A. Okay.

9 Q. So, to be clear, those new constituents  
10 within your precinct have not had the opportunity  
11 to vote for or against you, correct?

12 A. That's correct.

13 Q. How has your constituency changed under the  
14 new map?

15 A. It hasn't. I mean, different. Some -- some  
16 folks are different.

17 Q. Is it more or less Republican?

18 A. I don't know. I thought -- I don't know.

19 Q. Economically, how --

20 A. I don't --

21 Q. -- has that shifted?

22 A. I don't -- I don't know. I would be  
23 interested to see.

24 Q. What about the racial makeup of your -- of  
25 your precinct? Is that different, under the new

1 map?

2 A. I don't know.

3 MS. VALL-LLOBERA: I would like to  
4 introduce Tab 36, which is a copy of the prior map,  
5 and refer back to Exhibit 18, which is the proposed  
6 maps, so that we can compare those.

7 THE WITNESS: Okay.

8 MR. RUSSO: Thank you.

9 MS. VALL-LLOBERA: So this is  
10 exhibit Apffel -- Apffel Exhibit 28.

11 (Exhibit 28 is marked.)

12 A. Okay. So I'm looking -- trying to get 18,  
13 you said?

14 Q. (BY MS. VALL-LLOBERA) Correct. It looks  
15 like this (indicating).

16 A. Yeah. It took me a while to dig it out.  
17 Okay.

18 Q. So, this is an image of the previous  
19 Galveston commissioners precinct lines.

20 Does this look accurate to you?

21 A. Yes.

22 Q. Okay. Comparing Precinct 1 in the previous  
23 map, and Precinct 1 as it was adopted, there are --  
24 there are a few differences, correct?

25 A. Yeah. I don't -- I'm not seeing them here.

1 But yes, I know there are. I mean, I see --

2 Q. Specifically, towards the -- towards the  
3 lower part of -- towards the lower part of your  
4 precinct in the current map, you gained some  
5 geographic area.

6 A. Okay.

7 Q. Do you know what those areas are?

8 A. It's that area you previously referenced,  
9 south of 9th Avenue in Texas City.

10 Q. Are you familiar with this -- with this  
11 neighborhood, or this area?

12 A. Absolutely. My JP office was in that  
13 neighborhood and area for 13 years.

14 Q. Socioeconomically, is this an affluent area  
15 or lower class or lower income?

16 A. I would say lower income to middle class --  
17 yeah, to middle class.

18 Q. And is this a majority minority  
19 neighborhood?

20 A. I don't know what that means.

21 Q. Is -- are the residents in this area -- does  
22 this area contain a -- a large number of  
23 African-Americans and Hispanic residents?

24 MR. RUSSO: Objection; calls for  
25 speculation.

1           A. Yeah, I don't know. I -- I mean, I can --  
2           as I sit here and think, I don't think, oh, that's  
3           a black neighborhood, or that's a -- that's a  
4           Hispanic neighborhood. I don't think of it like  
5           that.

6           Q. (BY MS. VALL-LLOBERA) You don't think of  
7           this area that way?

8           A. No.

9           Q. And to be clear, on the record, you don't  
10          know what percentage of your constituency  
11          identifies as African-American or Hispanic,  
12          correct?

13          A. It doesn't matter to me, as a  
14          representative.

15          Q. And so you don't know --

16          A. No, I don't know.

17          Q. -- what those numbers are?

18                 Do you feel like you're in a better position  
19                 to represent your current constituency, than the  
20                 constituency under the prior map that included  
21                 Bolivar?

22          A. In a better position? I don't understand.

23          Q. Are you better able to represent the people  
24                 who you currently represent, than the people you  
25                 represented under the prior map, which included

1 Bolivar?

2 A. I don't -- I don't draw any distinction.

3 It's just different -- different set of people.

4 Q. Do you know Dorthea Jones, the city  
5 commission -- of the city commission of Texas City?

6 A. Absolutely.

7 Q. Have you met her before?

8 A. Oh, yes. Consider her a friend.

9 Q. Have you worked with her?

10 A. Absolutely.

11 Q. Could you give an example?

12 A. Where -- how I've worked with her?

13 I'm just trying to think. We -- we were  
14 redoing Texas Avenue. And I believe part of Texas  
15 Avenue was in her precinct. In the county bond,  
16 that we identified that road with her, and for her,  
17 and -- for the -- the reconstruction of that --  
18 that roadway.

19 Q. This was under the current maps or -- you  
20 know, the time -- in terms of time frame, was that  
21 recent?

22 A. That would have been probably at or about  
23 the time of my reelection, which was -- and at or  
24 about the time of the -- the redrawing of the maps.

25 Q. Have you done any outreach specific to the

1 | new areas within your precinct, to -- to get to

2 | know those new constituents?

3 | A. I know those people. They know me.

4 | Q. So --

5 | A. Very well.

6 | Q. So you haven't done any specific outreach?

7 | A. No.

8 | Q. Have you -- I'll rephrase.

9 | When is your term up?

10 | A. December of '25.

11 | Q. Do you plan to seek reelection?

12 | A. In March of '24, yes.

13 | Q. Do you anticipate a primary challenger?

14 | A. I hope not.

15 | Q. A Democratic challenger?

16 | A. I don't know.

17 | Q. Have you had a Democrat -- a Democrat

18 | challenger as commissioner, in any of your races?

19 | A. No.

20 | MS. VALL-LLOBERA: I would like to

21 | introduce Tab 42. So Tab 42 is being introduced as

22 | Apffel Exhibit 29.

23 | (Exhibit 29 is marked.)

24 | Q. (BY MS. VALL-LLOBERA) This is a screen

25 | shot.

1 Does it -- does this appear to be a post  
2 from what was your Twitter account?

3 A. I don't know -- I didn't know I had a  
4 Twitter account.

5 Q. So you don't recall having a Twitter account  
6 at all?

7 A. No.

8 Q. Are you saying somebody impersonated you on  
9 Twitter?

10 A. Oh, no, no, no. Possibly -- this was way  
11 back in 2015, or '16, when I was running for office  
12 the first time. I know that, because of how skinny  
13 I was and the car that I drove.

14 So this was my initial run for election. So  
15 possibly, you know, someone was -- that worked --  
16 you know, we had a campaign Twitter, or something.  
17 I don't know.

18 Q. But you have no reason to believe that this  
19 was not your Twitter account, right?

20 A. You know, no, I don't have any reason -- no,  
21 because that's my -- that's everything on there,  
22 that -- the picture and all is me.

23 Q. Do you recall this post?

24 A. No.

25 Q. In this photo, you're using three hashtags.

1 The first one says, #OathKeepers. The second one  
2 says, #ThinBlueLine. And the third one says,  
3 #Vote4Apffel.

4 Is that right?

5 A. Uh-huh, that's correct.

6 Q. What does the #OathKeepers mean to you?

7 A. I -- I never heard of the Oath Keepers until  
8 the January 6th insurrection. That's the first I  
9 heard of them. If -- it's a group, isn't it?

10 And --

11 Q. So, you said you hadn't --

12 A. So I don't know anything about them --

13 Q. You haven't --

14 A. -- other than they're bad news, in my  
15 opinion.

16 Q. So you're saying you haven't -- you haven't  
17 heard of the Oath Keepers until the January 6,  
18 2021, insurrection?

19 A. And the days in the following, when they  
20 said that a bunch of these folks were members of  
21 the Oath Keepers, or something -- an organization  
22 called the Oath Keepers.

23 Q. But you used this hashtag --

24 A. I didn't use it.

25 Q. -- in 2015?

1           A. I didn't. Whoever wrote this tweet for me  
2 did.

3           Q. Would you have instructed your staff to use  
4 that hashtag?

5           A. No.

6           Q. And you didn't have to approve tweets or  
7 campaign messaging before these were published?

8           A. No, the buck stops with me. I -- I will  
9 accept it. But it's -- you know, like I said, I  
10 don't know any -- I don't -- still -- wherever you  
11 got this, is there still a Twitter account? But  
12 we'll -- I'll certainly let you know.

13          Q. And could you describe again what kind of  
14 organization the Oath Keepers is?

15          A. I don't -- I don't -- again, I don't know  
16 anything about them. I'm looking it up now.

17                   MR. RUSSO: Don't do that.

18          A. American far right antigovernment militia  
19 whose leaders have been convicted of violently  
20 opposing the government.

21                   So I -- until -- Jesus, God in heaven, if  
22 that's what they were talking about here, that's --  
23 you know, like I said, I never heard of them until  
24 the -- all those members of the --

25          Q. (BY MS. VALL-LLOBERA) I'll have to remind

1 you, you can't look it up right now.

2 A. Well, I just did, so -- you asked.

3 But anyway, that's -- I was right. I knew  
4 it was something crazy. So I don't identify with  
5 them.

6 Q. Turning -- turning to the second or -- oh,  
7 before doing that, did you think that having  
8 #OathKeepers would resonate with Republican voters?

9 A. I didn't know that it was even put out  
10 there.

11 Q. Turning to the second hashtag, that says  
12 Thin Blue Line, what does that hashtag mean to you?

13 A. I don't know what it means.

14 Q. What were you trying to convey?

15 A. I wasn't.

16 Q. So when you reviewed this post before it  
17 was -- before it was posted --

18 A. I -- I didn't. I didn't. I didn't even  
19 know I had that Twitter account.

20 Q. So you don't review the posts or messaging  
21 before it's published on your campaigns?

22 A. I didn't -- no, I do not. I did not. I  
23 apologize.

24 Q. And no one has ever told you, you have a  
25 Twitter account?

1           A. No one has ever told me I have a Twitter  
2 account. I will find out tonight and I will  
3 supplement the record, if it's still active and  
4 ongoing.

5           Q. And no one in the public has ever raised  
6 either the Oath Keepers or the Thin Blue Line to  
7 you?

8           A. Never.

9           Q. Okay. And you personally would not use  
10 these hashtags?

11          A. I would not.

12          Q. Thank you. All right.

13                   MS. VALL-LLOBERA: I would like to  
14 introduce tab --

15          A. You didn't ask me about the last one.  
16 That's a good one. Vote4Apffel.

17                   MS. VALL-LLOBERA: I would -- I  
18 would like to introduce Tab 41.

19                   Here you go. Here, Counsel. This  
20 is Apffel Exhibit 30.

21                   (Exhibit 30 is marked.)

22          Q. (BY MS. VALL-LLOBERA) This is also from  
23 your Twitter account. This post links to a news  
24 story, correct?

25          A. I don't know.

1 MR. RUSSO: Object to sidebar.

2 MS. VALL-LLOBERA: Is this a  
3 question about privilege?

4 MR. RUSSO: No, not at all. It's a  
5 question about the preface of your question, which  
6 is, this is a post from your Twitter account.

7 Q. (BY MS. VALL-LLOBERA) Do you recognize --  
8 do you recognize this?

9 A. No.

10 Q. Do you see that you used two hashtags in  
11 this post, as well?

12 A. Yes.

13 Q. And again, the first one says,  
14 #ThinBlueLine, and the second one is, Vote4Apffel.

15 Is that correct?

16 A. That's correct.

17 Q. Do you see that it's posting an article by  
18 the Houston Chronicle?

19 A. Yes, I do.

20 Q. What was the news story about?

21 A. Judge holds suspect in deputy slaying  
22 without bail.

23 Q. Are you familiar with this news story?

24 A. No.

25 Q. Do you have any recollection of this deputy

1 slaying?

2 A. No.

3 Q. Would you have chosen to tweet this  
4 yourself?

5 A. I don't know the -- the content of it.

6 Q. Do you know why someone on your staff or  
7 someone else might have tweeted this under your  
8 name?

9 MR. RUSSO: Objection; calls for  
10 speculation.

11 A. No, I have no idea. What I can tell you it  
12 wasn't, was a Black/White issue, because I'm not  
13 that kind of person.

14 Q. (BY MS. VALL-LLOBERA) Who were you hoping  
15 to appeal to with this post?

16 A. Like I say, ma'am, I'm sorry, but I don't --  
17 I don't know about it.

18 MR. RUSSO: Objection; calls for  
19 speculation.

20 A. I -- I do accept responsibility for them.  
21 But I don't -- again, they're -- other than this  
22 Oath Keepers over here, this one doesn't offend me.  
23 It's just -- it's just an article saying that they  
24 got the suspect.

25 Q. (BY MS. VALL-LLOBERA) And earlier we

1 discussed the County Commissioner vote over whether  
2 to remove a Confederate monument.

3 Do you recall that?

4 A. Yes.

5 Q. At the time, you couldn't recall the reason  
6 that residents wanted to remove the -- the  
7 monument.

8 Do you recall?

9 A. Yes.

10 Q. Sitting here right now, can you think of any  
11 reason that African-American constituents would  
12 want to remove a statue honoring Confederate  
13 soldiers?

14 A. Wait. Say it -- would I -- could I think of  
15 any reason that what?

16 Q. Can you think of any reason that  
17 African-American constituents would want to remove  
18 a statue honoring Confederate soldiers?

19 A. I mean, yeah. Yes, I get the gist of why.

20 Q. And what is that gist?

21 A. I don't -- I don't know the --

22 MR. RUSSO: Objection; calls for  
23 speculation.

24 A. -- the history of it all.

25 Q. (BY MS. VALL-LLOBERA) What do you mean by,

1 it all?

2 A. Of the Confederate --

3 MR. RUSSO: Objection; calls for  
4 speculation.

5 A. -- soldiers and the African-Americans, and  
6 the hate and the -- between the -- all of that.

7 Q. (BY MS. VALL-LLOBERA) Do you mean, does  
8 that include slavery?

9 A. Yes.

10 Q. And Jim Crow?

11 A. I don't know.

12 Q. When you talk about the -- the history, does  
13 that include the Jim Crow era?

14 A. I don't know.

15 Q. Do you have any sense for whether, in the --  
16 in the precinct election for County Commissioner,  
17 do you believe that you received a majority of the  
18 votes of African-American and Hispanic voters in  
19 your district -- in your precinct?

20 A. Yes.

21 Q. I would like to shift gears to the  
22 appointment of Commissioner Armstrong.

23 On May 8, 2022, the commissioner of  
24 Precinct 4, Ken Clark, died, leaving his seat open.

25 Do you recall that?

1 A. Absolutely.

2 Q. When did you learn of Commissioner Clark's  
3 death?

4 A. May 8, 2022.

5 Q. And when did you speak to the other  
6 commissioners about replacing him?

7 A. I didn't.

8 Q. On May 16, 2022, Judge Henry appointed and  
9 swore in Dr. Armstrong as the commissioner of  
10 Precinct 4.

11 Do you recall that?

12 A. Yes.

13 Q. Were you present?

14 A. I was.

15 Q. Between May 8, 2022, and May 16, 2022, did  
16 you have conversations with any of the  
17 commissioners regarding Commissioner Clark's vacant  
18 seat?

19 A. Possibly.

20 Q. But you don't recall any conversations with  
21 any of the commissioners?

22 A. If there was, it was about who gets the  
23 appointment. And it was determined that the judge  
24 makes that appointment, not the Commissioners  
25 Court. That's what I seem to recall, if I had any

1 discussions.

2 Q. And did you have conversations about how to  
3 fill the seat, with anybody?

4 A. No. None.

5 Q. And I -- I guess, specifically, did you have  
6 a preference about who to point for that seat?

7 A. I wasn't asked, so I didn't get -- I didn't  
8 get a preference.

9 Q. So Judge Henry didn't consult you?

10 A. No.

11 Q. And to your knowledge, did he consult with  
12 anybody else?

13 A. Not to my knowledge.

14 Q. And did you have conversations with anybody  
15 else about how you want -- would like to see the  
16 vacant seat filled?

17 A. No.

18 Q. Did you know Dr. Armstrong before his  
19 appointment?

20 A. I did.

21 Q. In what capacity?

22 A. Professional.

23 Q. Is he also an attorney?

24 A. A doctor.

25 Q. So, how did you know him?

1           A. Well -- and he's also -- he was also the --  
2           our SREC Senate Republican Executive Committeeman,  
3           for the State of Texas. And so, I knew him through  
4           politics.

5           Q. So was he involved in Republican -- in GOP  
6           politics, before his appointment?

7           A. As the Senate Republican Executive  
8           Committeeman.

9           Q. What was -- could you describe that role?

10          A. No.

11          Q. What did he do in that role?

12          A. I don't know.

13          Q. Was he involved in local Galveston politics?

14          A. As our local Senate Republican Executive  
15          Committeeman, he was over this region, district,  
16          whatever you want to call it.

17          Q. Are you aware of any other county-level  
18          minority candidates who have successfully run in a  
19          Republican primary?

20          A. Repeat the question.

21          Q. Are you aware of any county-level minority  
22          candidates who have successfully run in a  
23          Republican primary?

24          MR. RUSSO: Objection; vague.

25          A. No. But it's because of their affiliation

1 with a party versus the color of their skin.

2 Q. (BY MS. VALL-LLOBERA) Other than

3 Dr. Armstrong, can you identify any minority

4 Republican elected officials?

5 A. One more time.

6 Q. Other than Dr. Armstrong, can you identify

7 any elected officials who are both Republican, and

8 a racial minority, in the Galveston County area?

9 A. I -- no. Because if they hadn't run for

10 office, then they wouldn't be elected officials.

11 Q. So, no commissioner or Justice of the Peace

12 or county judges, district clerks, none come to

13 mind?

14 A. I'm -- no. I mean, I don't -- but you said

15 Republican, right?

16 Q. Right.

17 A. Yeah.

18 Q. Okay. I need one moment.

19 A. I mean, we had another SREC committeeman

20 which, I'm ashamed to say, I can't think of his

21 name.

22 Q. Okay. One moment.

23 (Voices en sotto.)

24 Q. (BY MS. VALL-LLOBERA) In general, there --

25 there used to be a lot more Anglo Democrats in

1 Galveston County.

2 Is that -- is that correct?

3 MR. RUSSO: Objection; calls for  
4 speculation.

5 You can answer if you know.

6 A. I'm going to answer it, Galveston County  
7 used to be a Democratic county.

8 Q. (BY MS. VALL-LLOBERA) Including --  
9 including yourself, right?

10 A. Absolutely, for all the reasons we  
11 discussed.

12 Q. Uh-huh. Are there any Anglo Democrats  
13 elected in county government currently?

14 MR. RUSSO: Objection; calls for  
15 speculation.

16 A. You're talking about Galveston County  
17 governments?

18 Q. (BY MS. VALL-LLOBERA) Yes.

19 A. I -- I just can't think of any.

20 Q. Okay. Right now, what elected Democrats are  
21 there in the Galveston County government?

22 A. Constable Rose and Judge Williams and  
23 Commissioner Holmes. I'm just running through it  
24 all. I guess that's it.

25 Q. Uh-huh. As you sit here today, do you

1 believe that there is racially polarized voting in  
2 Galveston County?

3 A. I don't know what that means. What -- I  
4 don't know what that means.

5 Q. Did you notice any difference in the racial  
6 composition of Democratic primary voters compared  
7 to Republican primary voters?

8 A. When? No, I don't -- like I say, I don't  
9 get into all that. Never have, never will.

10 Q. So, am I understanding correctly that you  
11 have no awareness at all about whether Anglos tend  
12 to vote at higher rates than non-Anglos, for  
13 Republican candidates?

14 MR. RUSSO: Objection; calls for  
15 speculation.

16 A. Say that -- they -- Anglos tend to vote  
17 for --

18 Q. (BY MS. VALL-LLOBERA) At higher rates, than  
19 non-Anglos for Republican candidates?

20 A. Yeah. I -- what -- one more time. Anglos  
21 tend to vote at a higher rate --

22 Q. Are -- yeah. Are -- are you saying that you  
23 have no awareness that Anglo voters -- a higher  
24 percentage of Anglo voters vote for Republicans  
25 than non-Anglos vote for Republican candidates?

1 MR. RUSSO: Objection; calls for  
2 speculation, incomplete hypothetical.

3 A. It wasn't the case with Trump. But -- so I  
4 don't know.

5 Q. (BY MS. VALL-LLOBERA) All right. Early in  
6 this deposition, you stated that you reviewed the  
7 responses to the interrogatories that Plaintiffs  
8 submitted to -- to the Defendants.

9 Is -- is that accurate?

10 A. I mean, I -- just cursory looked -- they  
11 said we have these, and I looked -- yeah, I  
12 looked -- looked through them, but I didn't read  
13 them.

14 Q. I'm sorry, you did or you did not?

15 A. No, I did not. I mean, I read parts of  
16 them, but I didn't -- I didn't -- I just scanned  
17 them. That's a better word.

18 MS. VALL-LLOBERA: Okay. All right.  
19 And -- well, let me make sure here.

20 Okay. So, I'm going to state for  
21 the record that NAACP Plaintiffs reserve the right  
22 to keep this deposition open, in light of  
23 pending -- pending discovery issues, and in  
24 particular, our privilege dispute.

25 Other than that, I am ready to pass

1 it on. I'm going take this off.

2 Do we want to take a break, or keep  
3 going?

4 THE WITNESS: No, let's rock. I've  
5 got to go.

6 MS. CHEN: Can we go off the record  
7 for a moment while we deal with the logistics?

8 THE VIDEOGRAPHER: Are we -- are we  
9 going to go off record or --

10 MS. CHEN: Is it all right to get  
11 logistics of virtual counsel?

12 MR. RUSSO: What -- what do we need?  
13 What's he need?

14 MS. CHEN: For counsel to be able  
15 to -- for him to be able to see counsel, I think.

16 MS. VALL-LLOBERA: Yeah, I think  
17 that makes sense.

18 MR. RUSSO: All right.

19 MS. VALL-LLOBERA: Are we going off  
20 the record for --

21 THE WITNESS: Well, let's just --

22 MR. RUSSO: I think I can get it --  
23 I think I can get it up in a second.

24 THE VIDEOGRAPHER: I can turn -- I  
25 can turn this one around.

1 MR. RUSSO: Oh, you've got it --  
2 you've got video up, right? That's what I asked  
3 you about.

4 THE VIDEOGRAPHER: Yeah. Let me  
5 turn it around.

6 Can you see this from here?

7 THE WITNESS: Me?

8 THE VIDEOGRAPHER: Yeah.

9 THE WITNESS: I can see, yeah.

10 MS. REYES: It will be me  
11 questioning. So can folks hear me on your end?

12 THE WITNESS: Yes, ma'am.

13 MS. REYES: (Unintelligible.)

14 THE REPORTER: I'm sorry, this is  
15 the court reporter. You're digital right now.  
16 Just a moment.

17 If you could repeat what you said.

18 This is the reporter again. I can't  
19 hear you.

20 Can we go off record for a moment,  
21 please, so we can take care of a technical issue?

22 MR. RUSSO: Yeah.

23 MS. VALL-LLOBERA: Yes.

24 THE VIDEOGRAPHER: Off the record at  
25 1642.

1 (Break.)

2 THE VIDEOGRAPHER: Back on the  
3 record at 1643. Please proceed.

4 EXAMINATION

5 BY MS. REYES:

6 Q. Okay. Good afternoon, Mr. Apffel. My name  
7 is Bernadette Reyes. And I am an attorney on  
8 behalf UCLA Voting Rights Project on behalf of the  
9 Petteway Plaintiffs.

10 We represent the Petteway Plaintiffs in this  
11 case, specifically Terry Petteway, the Honorable  
12 Barrett Rose, Michael Montez, Kenny Folks, and  
13 Sonny James.

14 I'm going to be asking you a few more  
15 questions today. And I'm going to be following up  
16 on some of the topics that we've already discussed.  
17 So excuse me if I jump around from topic to topic.

18 If you have any questions or don't  
19 understand my questions, please let me know and I  
20 will clarify.

21 A. Okay.

22 Q. Okay. Great. So, I wanted to talk about  
23 your -- your precinct.

24 Do you know the partisan breakdown of the  
25 precinct that you represent?

1 A. No.

2 Q. How about, of the county?

3 A. No.

4 Q. So is it safe to say that your vote for the

5 current adopted Galveston County Commissioners

6 Court map was not impacted by any partisan

7 (unintelligible)?

8 A. Correct.

9 Q. (Unintelligible).

10 THE REPORTER: I'm sorry. You're  
11 going to have to repeat that.

12 Q. (BY MS. REYES) You were asked about your  
13 constituency and the demographic breakdown --  
14 sorry.

15 Earlier today, you were asked about your  
16 constituency, and the racial and socioeconomic  
17 demographic breakdown. And you stated you did not  
18 know it.

19 Is that correct?

20 A. That's correct.

21 Q. Okay. Great. And you said that it -- those  
22 things don't really matter to you.

23 Could you explain why it doesn't matter to  
24 you?

25 A. Because my job is to represent all the

1 people, regardless of the color of their skin or  
2 their socioeconomic status. And my job is to  
3 convince the people to elect me because I will be a  
4 voice, and I will be their eyes and their ears,  
5 and...

6 Q. So, do you believe, then, that certain  
7 ethnic or racial minority groups face issues  
8 distinct from Anglo residents?

9 MR. RUSSO: Objection; calls for  
10 speculation.

11 A. I don't know that. But if they do, I can  
12 certainly represent them just like a person that's  
13 a different color of mine can.

14 Q. (BY MS. REYES) How about residents of  
15 certain socioeconomic classes? Do you think they  
16 face issues or have concerns distinct from -- from  
17 other (unintelligible)...

18 MR. RUSSO: Counsel, can you  
19 restate?

20 THE WITNESS: It's frozen.

21 Q. (BY MS. REYES) Socioeconomic -- sorry, you  
22 froze on my end. Okay. Sorry, yeah, you froze on  
23 my end, too. I apologize.

24 I was asking about socioeconomic groups.

25 Do you think members of a certain

1 | socioeconomic class face issues or have concerns

2 | distinct from other socioeconomic groups?

3 | MR. RUSSO: Objection; calls for

4 | speculation, incomplete hypothetical.

5 | A. Can't think of any.

6 | Q. (BY MS. REYES) And I wanted to ask, in

7 | terms of your constituents, do you know how many of

8 | them have Internet access?

9 | A. No.

10 | Q. So you're unaware of how many had access to

11 | the public comment portal?

12 | A. Yes, I'm unaware.

13 | Q. Now, I wanted to go back to the discussion  
14 | of Commissioner Holmes, and his precinct.

15 | Earlier, I believe you said it was  
16 | impossible to draw a map preserving Commissioner --  
17 | the demographics of Commissioner Holmes' district,  
18 | as is, based on the population changes.

19 | Is that correct?

20 | A. Yes.

21 | Q. Why do you think that?

22 | A. Because our county has gone so red with  
23 | people that the only -- when you equally divide the  
24 | population, you end up with a Republican majority.

25 | Q. And --

1 MR. RUSSO: Counsel, did you ask  
2 about demographics or partisanship?

3 MS. REYES: Just general  
4 demographics.

5 THE WITNESS: Oh. Well, I  
6 apologize.

7 MR. RUSSO: That's a different  
8 question.

9 MS. REYES: That's fine.

10 Q. (BY MS. REYES) So you mentioned the  
11 Republican -- the number of Republicans.

12 Where did you get that information from?

13 A. It's just common knowledge. It's -- I  
14 don't -- I -- I just know that in order to --

15 Q. Your -- go ahead.

16 A. It's -- we are majority Republican, the  
17 whole county.

18 Q. Did any of the other commissioners or  
19 Judge Henry tell you that it would be impossible to  
20 preserve Commissioner Holmes' district?

21 A. No. That's -- that's my belief, only.

22 Q. So no one -- no one else told you that it  
23 would be impossible?

24 A. They may think it, but you -- they didn't  
25 tell me.

1 Q. Now, you mentioned earlier that you recall  
2 that Commissioner Holmes had brought some maps  
3 during the November 12, 2021, special hearing.

4 Is that correct?

5 A. Correct.

6 Q. Did you, by chance, get a chance to look at  
7 those maps?

8 A. Yeah. I had forgotten about them until she  
9 reminded me. And so, yes. But I -- I still have a  
10 vague recollection, but I -- if he presented them,  
11 I looked at them and made a decision based on all  
12 of the maps that were presented.

13 Q. So, in looking at those maps, did you -- can  
14 you recall if Commissioner Holmes --  
15 Commissioner Holmes' district was preserved, in  
16 terms of demographics?

17 A. No.

18 Q. Do you have any reason to believe that  
19 Commissioner Holmes would present maps that would  
20 not preserve his district?

21 A. I -- I don't remember if they were  
22 gerrymandered like before or not.

23 Q. How do you define gerrymandered?

24 A. Lines drawn for -- up -- crazy, to circle a  
25 certain population.

1 Q. Are you -- are you saying that the maps then  
2 had, I guess, what you call crazy lines drawn?

3 A. Which maps?

4 Q. Commissioner Holmes'.

5 A. I -- that's -- no. I said unless. I  
6 don't -- I don't remember. You asked me did I  
7 know -- yeah.

8 Q. Okay. So you -- you can (unintelligible)?

9 THE REPORTER: I couldn't hear that.

10 Q. (BY MS. REYES) You cannot recall.

11 Is that correct?

12 A. His maps, no.

13 Q. What -- when you mentioned gerrymandered  
14 like before, what do you -- what are you referring  
15 to?

16 A. Like -- like I just said, drawing lines and  
17 making districts that just encompass and circle a  
18 certain type of people.

19 Q. What do you mean, certain type of people?

20 A. Well, you're the one referring to, for  
21 example, people of color, or minorities.

22 Q. Oh, so that's -- that's what you meant?

23 A. Yeah.

24 Q. So when you said gerrymandered like before,  
25 were you not -- were you referring to any prior

1 maps?

2 A. Yeah. I think the map that Stephen Holmes  
3 was under, the previous map, was a gerrymandered  
4 map.

5 Q. And what makes you think that?

6 A. Have you seen it? The people he represented  
7 lived down south and he lived up north. And it was  
8 this long skinny, to go up and catch his house --  
9 he didn't even live among the people. I don't have  
10 a current -- the current photo of the old map.

11 Q. Okay. Now, I am going to move on.

12 Do you know -- I'm sorry. Going back to  
13 that, do you know why his -- his district was drawn  
14 that way?

15 A. I do not.

16 Q. Now, I am going to go to an exhibit. I may  
17 have accidentally lost.

18 (Voices en sotto.)

19 Q. (BY MS. REYES) I think it should be showing  
20 up as Exhibit 31.

21 (Exhibit 31 is marked.)

22 Q. (BY MS. REYES) So are you familiar with  
23 this document?

24 A. No.

25 Q. Earlier in the -- in the -- in the

1 deposition, you mentioned that you were a Justice  
2 of the Peace, commissioner, correct?

3 A. Correct.

4 Q. And how many precincts were there?

5 A. The eight precincts, one with two places.

6 Q. So, would that be nine precincts total?

7 A. Eight precincts; one, two places.

8 Q. Okay. Okay. And can you --

9 A. It was -- yeah, best I can recall.

10 Q. To your -- to your recollection, was -- were  
11 there always -- prior to 2011, were there always  
12 eight precincts?

13 A. To my -- to my knowledge, yes.

14 Q. Are you familiar with why there were eight  
15 precincts?

16 THE VIDEOGRAPHER: Let me see if I  
17 can turn this up.

18 A. Am I familiar with why? No.

19 Q. (BY MS. VALL-LLOBERA) Can you take a look  
20 at Exhibit 31. And can you read the title for me?

21 A. Consent Judgment and Election Order.

22 Q. Great. And can you read the first sentence  
23 after introduction for me?

24 A. This voting rights case was filed on  
25 January 10th, allege -- '92, alleging that the

1 implementation of elections for the unprecleared  
2 voting changes for Justice of the Peace and  
3 constable precincts was in violation of Section 5  
4 of the Voting Rights Act.

5 Q. Thank you.

6 A. So we've been -- y'all have been doing this  
7 forever. We all been...

8 Q. And can you read the first sentence of the  
9 following paragraph for me, please?

10 A. The Plaintiffs in this action are  
11 African-American residents and registered voters of  
12 Galveston County, Texas, the county.

13 Q. Great. And I apologize. I'm going to have  
14 you read more of this document.

15 If you can go down to, purpose. And under  
16 No. 1, can you read that section?

17 A. The purpose of this order is to provide  
18 minority voters equal access to the political  
19 processes for electing Justices of the Peace and  
20 constables in Galveston County, and to enhance the  
21 political participation and awareness of all  
22 citizens.

23 Q. That's great. Now, if you go on to No. 2,  
24 can you read the first sentence -- the first few  
25 sentences for me?

1           A. It's ordered that it's created on Galveston  
2           Island a Justice of the Peace and constable in  
3           Precinct No. 2 for the election of one Justice of  
4           the Peace and one constable. Precinct 2 has a  
5           majority African-American population, and then  
6           shall consist of those voting precincts adopted by  
7           the Galveston County Commissioners Court on  
8           September 30th, '91.

9           Q. Okay. And then, if you can go to No. 3, and  
10          read the first two sentences for me as well.

11          A. It's further ordered that there's created on  
12          the Mainland Justice of the Peace and constable  
13          Precinct No. 3 for the election of one Justice of  
14          the Peace and one constable. Precinct 3 has a  
15          majority minority population, combined  
16          African-American and Hispanic, and shall consist of  
17          those voting precincts adopted by the Galveston  
18          County Commissioners Court on June 19, 1992,  
19          numbered as follows.

20          Q. Great. And can you read the last sentence  
21          of paragraph 5 for me?

22          A. Voting Precinct No. 369, as created by this  
23          Court on this date, and the form is set forth in  
24          Appendix A attached hereto, is ordered made a part  
25          of Justice of the Peace and constable in

1 Precinct 5.

2 Q. Okay. And then the last line, if you could  
3 just read the first sentence of No. 6, for me.

4 A. The creation of JP constable Precinct 2 and  
5 JP constable Precinct 3 will create the opportunity  
6 for minority voters to participate in the political  
7 processes, leading to the nomination and election  
8 of Justices of the Peace and constables in  
9 Galveston County.

10 Q. Okay. Thank you.

11 So, based on your reading of this document,  
12 is it fair to say that now your understanding of  
13 why there are eight precincts, is to allow for  
14 racial minorities to have a -- to be able to  
15 participate more fully in the Justice of the Peace  
16 elections?

17 MR. RUSSO: Objection --

18 A. There's not any more --

19 MR. RUSSO: Objection, the document  
20 speaks for itself, calls for speculation, and is an  
21 incomplete hypothetical.

22 You can answer.

23 A. There are not --

24 Q. (BY MS. REYES) You may answer. Sorry, go  
25 ahead.

1 A. There are not eight precincts.

2 Q. There are not eight -- what do you mean? I  
3 know. I'm just asking, at the time, 2011, and  
4 prior.

5 A. Yeah, it was clear that someone -- that some  
6 court or some -- however that worked, they created  
7 two precincts.

8 Q. Were you aware of this, when the 2011  
9 redistricting was happening to consolidate the  
10 Justice of the Peace precincts?

11 A. No, I don't think I was -- no. I'm not that  
12 much on history.

13 Q. Was that -- sorry?

14 A. I'm not much on history.

15 Q. Would that have impacted your opinion on  
16 the -- the consolidation of the maps -- of the  
17 precincts? I'm sorry.

18 A. One more time.

19 Q. Would that have impacted your opinion on the  
20 consolidation of the precincts?

21 A. No. I was against it then. Remember.

22 Q. So your position is that you were against  
23 the consolidation of the precincts, the Justice of  
24 the Peace, encompasses both precincts --

25 A. Yes.

1 Q. -- (unintelligible).

2 THE REPORTER: I'm sorry, you'll  
3 have to repeat that.

4 Q. (BY MS. REYES) Your position is that you  
5 were against the consolidation of the Justice of  
6 the Peace and constable precincts in 2011.

7 Is that correct?

8 A. Correct.

9 Q. And could -- can you elaborate on -- a  
10 little as to why you were against it?

11 A. Gosh, we took an hour in the deposition --

12 MR. RUSSO: Objection. Counsel,  
13 it's been asked and answered.

14 A. -- this morning.

15 Q. (BY MS. REYES) You may answer.

16 A. I refer to my first hour and 20 minutes of  
17 testimony.

18 Q. Okay. So, I'm going to ask you a little bit  
19 about the time after the November 12th hearing.

20 Did you -- did you speak to any of the other  
21 commissioners after the meeting, about the vote?

22 A. No.

23 Q. So you did not speak to Stephen Holmes about  
24 your vote?

25 A. Huh. I don't remember if I spoke to him

1 before or after. I don't -- I don't remember. I  
2 feel --

3 Q. Did you have -- (unintelligible).

4 A. I believe I feel like I did, but I don't  
5 remember.

6 THE WITNESS: Bless you.

7 MR. RUSSO: Bless you.

8 MS. VALL-LLOBERA: Thank you.

9 Q. (BY MS. REYES) So you think you might have  
10 spoken to him before or after, but you cannot  
11 recall?

12 A. Correct.

13 Q. Do you recall the (unintelligible) --

14 THE REPORTER: I'm sorry, you'll  
15 have to repeat that.

16 Q. (BY MS. REYES) Do you have a sense of your  
17 conversation?

18 THE REPORTER: The court reporter:  
19 Do you have a sense of the conversation?

20 Q. (BY MS. REYES) Do you recall the substance  
21 of your conversation?

22 A. No. But I've always tried to be direct and  
23 straight with Commissioner Holmes.

24 Q. Did you talk to any of your constituents,  
25 your...

1 A. One more time.

2 Q. Did you talk to any of your constituents  
3 about your involvement in the redistricting plan?

4 A. Other than all those that we talked about to  
5 this point, not that I recall.

6 Q. After (unintelligible) --

7 THE REPORTER: Can you repeat that?

8 Q. (BY MS. REYES) After the meeting, did you  
9 speak to Penny Pope?

10 A. No.

11 Q. After the meeting, did you speak to Terry  
12 Petteway?

13 A. I still speak to Terry Petteway, yes.

14 Q. Did you speak to him after the meeting about  
15 the redistricting vote?

16 MR. RUSSO: What's the question?

17 Can you repeat --

18 A. Did I speak --

19 MR. RUSSO: What do you have on the  
20 record?

21 THE REPORTER: Just a moment.

22 MR. RUSSO: Okay.

23 (The requested portion of the record  
24 was read by the court reporter.)

25 MR. RUSSO: Okay.

1 A. I don't recall specifically doing that.

2 Q. (BY MS. REYES) Did you speak to Michael  
3 Montez after the redistricting, specifically about  
4 the redistricting vote?

5 A. You talking about 2020, 2021?

6 Q. 2021, yes.

7 A. 2021.

8 Q. I'm sorry. The -- after the November 12th  
9 meeting, in 2021.

10 A. Yeah. I haven't seen Michael Montez since  
11 2016.

12 Q. What about Derrick Rose? I'm sorry if I  
13 asked you that. Did you speak to him after the  
14 November 12, 2021, meeting?

15 A. I -- I speak to him all the time, too. But  
16 I don't --

17 Q. Did you speak to him about the redistricting  
18 vote?

19 A. I don't recall if I did.

20 Q. And Sonny James, did you speak him?

21 A. I haven't --

22 Q. Sonny James? Sorry.

23 A. Yes, I have not see Judge James since 2013.

24 Q. Now moving on, I'm going to introduce  
25 another exhibit. Hopefully more quickly this time.

1 (Voices en sotto.)

2 THE WITNESS: Right there?

3 MR. RUSSO: Uh-huh.

4 Q. (BY MS. REYES) Okay. Did that work? Can  
5 you see the exhibit?

6 MR. RUSSO: Hold on one second,  
7 Counsel.

8 A. Okay.

9 (Exhibit 32 is marked.)

10 Q. (BY MS. REYES) Now, can you read the -- is  
11 that -- I'm sorry. This is Plaintiffs' Exhibit  
12 No. 32.

13 Does this document look familiar to you?

14 A. I mean, it looks like a -- a Zoom invite.

15 Q. And can you read the name of the organizer?

16 A. Organizer, Nathan Sigler.

17 Q. And the name of the attendee?

18 A. Me.

19 Q. And the date of the meeting?

20 A. November 18, 2021.

21 Q. Do you -- did you attend -- sorry. Did you  
22 attend the meeting with Nathan Sigler, on  
23 November 18, 2021?

24 A. I don't recall having this meeting. But  
25 possibly.

1 Q. I'm going to look further down. And if you  
2 could look at the to panel, can you read the names  
3 off of there?

4 A. Off of -- look at the what?

5 MR. RUSSO: The to.

6 A. Oh, Nathan Sigler, Ken Clark.

7 Q. (BY MS. REYES) At the bottom -- excuse me,  
8 yes?

9 A. Dloesq, and PGordon. I think I remember  
10 this meeting.

11 Q. Can you tell me who was present at the  
12 meeting?

13 A. No. But Commissioner Clark and -- so this  
14 was a follow-up, because -- I'm looking at  
15 Exhibit 7. They were trying to get -- after the  
16 map was adopted, they were still trying to fix the  
17 voting precincts, as they went through people's  
18 houses.

19 If you look at Exhibit 7, Cheryl Johnson  
20 said: We currently have residential properties  
21 split between two precincts. You can stand on any  
22 given corner in Galveston and have multiple --  
23 same, as well, multiple different voting precincts,  
24 for -- for one home.

25 So I think it had to do with cleaning up

1 the -- that, is what I recall. And so --

2 Q. So -- so it was about precincts.

3 Is that correct?

4 A. Whatever -- yeah, if that's -- yes.

5 Q. Do you recognize the e-mail in the to line?

6 A. I don't understand.

7 Q. I'm sorry. In the to line, there -- it says

8 Nathan Sigler, Ken Clark, and there are two

9 e-mails.

10 Do you recognize those e-mails?

11 A. I'm not sure I understand the question.

12 Q. Do you know who those e-mails belong to?

13 A. Oh, the other two, that D-L-O-E-S-Q at AOL

14 and --

15 Q. Yes.

16 A. I don't know who that is. I assume PGordon

17 was with the law firm. I don't recognize Jason

18 Torchinsky. And then the other two, I do.

19 Q. Who -- who are the other two?

20 A. Paul Ready is our general counsel. And Jed

21 Webb was in the judge's office at the time.

22 Q. So to -- to your recollection, all that was

23 discussed at this meeting was the changing of the

24 precincts?

25 MR. RUSSO: Objection; calls for

1 speculation, misstates prior testimony.

2 But go ahead.

3 A. Yes.

4 Q. (BY MS. REYES) And how often did you meet  
5 with Nathan Sigler?

6 A. This -- never.

7 Q. How often did you communicate with him?

8 A. Once.

9 Q. Once. Was -- was this meeting the only time  
10 you communicated with him?

11 A. If -- I don't recall communicating with him,  
12 in this meeting. I recall asking him to print --  
13 he -- printout the maps, for me to look at, one  
14 time. And that's it.

15 Q. Do you know why he would invite you to this  
16 meeting?

17 A. No.

18 Q. Do you know why the other commissioners were  
19 not invited to this meeting?

20 A. Because Ken Clark was the one in charge of  
21 cleaning up those lines. He had a working  
22 knowledge and understanding of the problem, with  
23 Nathan, and -- and that's why.

24 Q. Okay. Moving on. You mentioned, when we  
25 were discussing Dale Oldham, that you were aware

1 that he had assisted in the prior redistricting  
2 cycle.

3 Is that correct?

4 A. I became aware.

5 Q. You became aware. When did you become  
6 aware?

7 A. I think I said at or about the time we were  
8 looking to approve his employment contract.

9 Q. So you -- and were you aware of the -- the  
10 prior maps that he was involved with not being  
11 precleared by the Department of Justice?

12 A. Generally.

13 Q. And were you aware of an ongoing lawsuit  
14 regarding the Justice of the Peace and constable  
15 precincts --

16 A. Well, you say --

17 Q. -- concerning violation --

18 A. When you say was I aware of his maps, I --  
19 no, I wasn't -- I was aware that preclearance was  
20 rejected, or whatever you want to call it, way back  
21 in 2011.

22 But I didn't know that Dale Oldham was part  
23 of drawing those maps, et cetera.

24 Q. So what was your understanding of his  
25 involvement, in the 2011 redistricting cycle?

1 A. Well, yeah, I mean, after. I was aware  
2 of -- of the preclearance issue long -- years ago,  
3 at -- when the lawsuit was filed. But I had no  
4 idea that Dale Oldham was the guy that drew the  
5 maps, until much -- ten years later.

6 Q. Okay. So -- but you became aware -- I'm  
7 sorry. I'm just trying to understand.

8 So you became aware of this around the time  
9 you were considering hiring him for the 2021  
10 redistricting cycle.

11 Is that correct?

12 A. Yes. That's correct.

13 Q. And what's your understanding of the -- the  
14 prior 2011 preclearance denial by the Department of  
15 Justice?

16 A. I don't -- I don't -- my understanding is  
17 that was -- that was required then, and it's not  
18 required now.

19 Q. And what was your understanding of the 2011  
20 Justice of the Peace and constable precinct  
21 lawsuit?

22 A. That it went absolutely nowhere, and the  
23 judge and the Court ultimately ruled in favor of  
24 the county.

25 Q. Did you -- when you learned about

1 Mr. Oldham's involvement in the prior redistricting  
2 cycle, were you at all concerned about hiring him  
3 for this cycle?

4 A. No.

5 Q. Why not?

6 A. I -- I didn't have a concern.

7 Q. Okay.

8 A. My differences were not with the drawing of  
9 the maps. My differences were with the  
10 consolidation, as I've stated in my first hour of  
11 testimony.

12 MS. REYES: Okay. Let me just make  
13 sure -- okay. No further questions.

14 I -- I do -- I would like to note,  
15 actually, the same as my counsel before me, we do  
16 reserve the right to reopen the deposition, based  
17 on the prior privilege objections regarding Dale  
18 Oldham.

19 Thank you. Thank you, Mr. Apffel.

20 THE WITNESS: Thank you.

21 MS. REYES: I will pass it on to the  
22 department -- the United States.

23 EXAMINATION

24 BY MR. NEWKIRK:

25 Q. Good afternoon, Mr. Apffel. My name is

1 Zachary Newkirk. I'm one of the attorneys  
2 representing the United States. Can you hear me  
3 okay, or should I speak up as much as I can?

4 THE WITNESS: We can hear -- we can  
5 hear you better, actually.

6 Q. (BY MR. NEWKIRK) Excellent. Are you good  
7 on time, or would you like to take a brief break,  
8 or power on?

9 A. No, let's -- let's keep moving.

10 Q. All right. I know we've been going for a  
11 long time and I'll do my best to not repeat any  
12 ground my co-counsel has covered. So please bear  
13 with me as I jump from topic to topic.

14 First, would it be possible to pull up  
15 Exhibit 30, that the first Plaintiff group  
16 introduced?

17 A. Okay.

18 Q. Commissioner, when you were reviewing this a  
19 few minutes ago, you had mentioned that -- that  
20 this was not a, quote, black/white issue, because,  
21 quote, I'm not that sort of person.

22 Do you recall saying this?

23 A. Absolutely.

24 Q. And what did you mean by black/white issue?

25 A. I feel like y'all were trying to -- because

1 y'all keep speaking of African-American minorities,  
2 and -- as if they can't be adequately represented  
3 by me, or someone else.

4 And so, what I meant by that is my  
5 children's -- he was not family, but his name was  
6 Robert McGaskey. They called him uncle Robert.  
7 They grew up with a African-American surrogate  
8 uncle, named Robert McGaskey.

9 My clerk, during the -- at the JP office was  
10 Kevin Sandles, an African-American, who is one of  
11 my best friends today.

12 My constituents, Angela and Norman Bell, are  
13 African-American, and personal friends of me and  
14 our family, and hunt with us, and fish with us,  
15 and -- the black coalition of black -- the  
16 Coalition of Black Ministers are all personal  
17 friends of mine, in -- in the La Marque/Texas City  
18 area, and I believe would vouch for the kind of  
19 person I am.

20 So I feel like when I say I'm not that kind  
21 of person, or that kind, we do not see color in my  
22 family.

23 Q. As a long-time Galvestonian, is it accurate  
24 to say, though, that you possess some knowledge  
25 about the county's racial and ethnic demographics?

1 A. Old and new, yes.

2 Q. What do you mean by, old and new?

3 A. They've changed.

4 Q. And so, you have a rough idea of where

5 certain ethnic groups and racial groups live on the

6 county -- or in the county currently?

7 A. Yes.

8 Q. Okay. Okay. With regard to staffing, how  
9 many staff members do you have, as a commissioner?

10 A. Currently, none.

11 Q. Did you -- you previously had referenced an  
12 advisor.

13 A. Yes, I did.

14 Q. Was -- was that your only staff member, as a  
15 commissioner?

16 A. Yes.

17 Q. Okay. And do you have a chief of staff, or  
18 have you ever had a chief of staff?

19 A. No. My -- we only get one position, and we  
20 call them a policy and constituent advisor. The  
21 only chief of staff is for the judge.

22 Q. Okay. Does the judge have any additional  
23 staff members?

24 A. He has a communications director, and a  
25 governmental affairs position. So, yes, those two.

1 Q. Okay. Are you currently the only  
2 commissioner with the staff of just you?

3 A. Yes.

4 Q. Do you know if these other staff members'  
5 e-mails and records were searched for -- for  
6 documents responsive to the Plaintiffs' discovery  
7 requests?

8 A. Absolutely. I mean, mine -- I know mine  
9 were.

10 Q. And what does a -- a policy constituent  
11 advisor do or did?

12 A. It was real important for mine, because I --  
13 as I had previously indicated, I have 70 --  
14 70 percent unincorporated. So we get more  
15 constituent calls and complaints and concerns, than  
16 others, because others are calling their cities, or  
17 their mun -- their mayors, their councilmen.

18 They're not calling their county  
19 representative because they live in a city.  
20 Because mine didn't live a city, they would  
21 typically call our office.

22 So what a policy and constituent advisor  
23 does is, it's a glorified name to answering the  
24 phone and -- it's more constituent than it is  
25 policy.

1 Q. Going back to this morning, when we were  
2 discussing for a few minutes your time as JP and  
3 your opposition to the 2011 maps and your  
4 opposition to them, to that consolidation.

5 Besides Commissioner Dennard, who you  
6 identified, did you speak about your opposition  
7 with anybody else?

8 A. No.

9 Q. Did you --

10 A. I mean, on the Commissioners Court, no. I  
11 mean, among -- Petteway and Montez, and those other  
12 Plaintiffs, yes. Penny Pope, others, yes.

13 Q. Okay. Any other individuals that you can  
14 think of that you spoke about your opposition with?

15 A. I -- I can't think of anybody else.

16 Q. Did you ever speak to the U.S. Department of  
17 Justice about your opposition to the JP constable  
18 maps?

19 A. I don't -- if they reached out to me, I  
20 don't -- I didn't, like, reach out to them. But  
21 possibly they may have called. I don't recall.  
22 So, I don't know. It's a good question.

23 Q. In 2011, same -- when you were a JP, did you  
24 oppose the Commissioners Court's redistricting plan  
25 that the DOJ eventually did not preclear?

1 A. No, I'm not aware of that. So, no.

2 Q. Okay. So you -- you don't recall ever  
3 discussing your views on the 2011 Commissioners  
4 Court map with anybody?

5 A. No.

6 Q. Do you recall ever discussing your views on  
7 the 2011 Commissioners Court map with the U.S.  
8 Department of Justice?

9 A. No.

10 Q. Okay. Approximately how many races have you  
11 run for public office?

12 A. You mean, how many times have I been  
13 reelected? So --

14 Q. Or elected for the first time.

15 A. Yeah. So -- hold on. Five, three -- one  
16 election, and two reelections as JP, and one  
17 election and reelection as commissioner.

18 Q. Gotcha. And does that include uncontested  
19 elections?

20 A. Yes.

21 Q. And do you typically run your own campaign?

22 A. Yes, when -- yes. I didn't --

23 Q. Okay. Sorry.

24 A. Yeah. Yes.

25 Q. Going back to the five number, does that

1 include any races that you ran for and were  
2 unsuccessful in?

3 A. Oh, no, I forgot about that one. That's  
4 six.

5 Q. And which -- sorry to bring up bad memories,  
6 but which -- which race was this?

7 A. That was the -- after the JP precincts were  
8 consolidated, I ran against the one that I was  
9 consolidated with, Penny Pope.

10 Q. Right. When it comes to campaigning, do you  
11 ever hire a campaign manager or any staff members,  
12 or even unpaid interns?

13 A. I have not.

14 Q. Did you ever consider doing anything of the  
15 sort?

16 A. No. They said -- I've paid a consultant.  
17 I've paid a campaign consultant before, but not  
18 high --

19 Q. In what race?

20 A. The commissioner. I didn't --

21 Q. So --

22 A. Yes, go ahead.

23 Q. So 2016 and 2020?

24 A. 2016, I had a very good friend and -- and  
25 an associate lawyer assist me with that campaign.

1 2020, I hired a campaign consultant, and didn't  
2 have to use him.

3 Q. And who was that campaign consultant --

4 A. Tyler.

5 Q. -- in 2020?

6 A. Tyler Drummond.

7 Q. This is the same individual who is  
8 Judge Henry's chief of staff?

9 A. Yes.

10 Q. Going back to the 2016, if you did not have  
11 any staff members, is it fair to say that you ran  
12 your own Twitter account?

13 A. I didn't know that I had a Twitter account,  
14 unfortunately. But yes, it's fair to say that if  
15 that account was mine, and -- it's my account.

16 Q. Can you describe your campaign strategy when  
17 you ran for Justice of the Peace, in other words,  
18 as a Democrat?

19 A. To be a good listener of the people, and to  
20 follow the law.

21 Q. In terms of campaign tactics, did you --

22 A. There was none.

23 Q. -- (unintelligible).

24 Did you engage in any voter outreach in the  
25 Anglo community?

1 A. I really didn't have to.

2 Q. Why not?

3 A. I don't even know if Facebook was around in  
4 2004, when I started. But I was a dad. I was a  
5 coach, little league coach. I was a church member.  
6 I was a lawyer.

7 And so, I lived, worked, and played, in --  
8 in the precinct in which I ran. And so, I was  
9 appointed to fill the unexpired term, and then to  
10 run in -- in an election -- special election. And  
11 no one ran against me. And so -- but everyone knew  
12 me as that -- those descriptions.

13 Q. Did you engage in any voter outreach to the  
14 Hispanic community?

15 A. Living in Texas City, Texas, there was more  
16 Hispanics and African-Americans than there were  
17 white people.

18 Q. Yeah. My next question was whether you  
19 engaged in any voter outreach to the black  
20 community. And if so, what would that look like?  
21 What did that look like?

22 A. The black communities would come to me and  
23 ask for me to support their NAACP convention or  
24 dinner. And I would sponsor and attend and have a  
25 table.

1           The -- the LULAC and -- and -- I believe it  
2 was in Galveston, although that wasn't my  
3 precinct -- and that's what's confusing to me, when  
4 I mentioned it earlier -- asked that I come and  
5 visit with them, and talk with them.

6           Am I answering your question?

7           Q. Yes. Thank you. If you have more to say,  
8 please continue.

9           A. I -- no.

10          Q. Did -- you had mentioned the NAACP and  
11 LULAC.

12           Were there any other organizations in the  
13 black and Hispanic communities that reached out to  
14 you, or you reached out to, as a Justice of the  
15 Peace?

16          A. I won't say -- I'm going to say many, but  
17 that's probably an incorrect statement. Five or  
18 so.

19           But -- but I don't know the names of the  
20 organizations. But you can contact all those  
21 people in West Texas City and La Marque, and they  
22 will tell you what a great friend, supporter,  
23 judge, and commissioner I have been to them.

24          Q. Did you reach out to individual voters in  
25 the black and Hispanic community at any sort of

1 voter outreach event, or rally, or something to  
2 that effect?

3 A. No, I didn't -- I didn't do any of that.

4 Q. Did your campaign strategy change when you  
5 campaigned in these different communities?

6 A. Never.

7 Q. Shifting gears to your time as a  
8 commissioner, running for election and reelection,  
9 can you describe your campaign strategy, as a  
10 commissioner, on the Commissioners Court?

11 A. The very same. And as I told you,  
12 Texas City, a city of minority -- more -- more  
13 minorities, brought me to become a commissioner.

14 Q. And based on your experience living in  
15 Texas City, and your interactions with the black  
16 and Hispanic communities in Texas City, have you  
17 become -- or did you become familiar with the  
18 issues most pressing to those communities?

19 A. That's -- that's been asked. I don't --  
20 I -- I never was able -- I didn't identify any --  
21 any wants, needs, or desires, that those folks had.  
22 They would come to me. Then I would have handled  
23 them and addressed them. But I --

24 Q. Did you --

25 A. -- can't sit here and think of any.

1 Q. I was going to ask you if you can recall any  
2 specific examples of -- of those community members  
3 reaching out to you for an issue to address?

4 A. There were many, but I just can't think of  
5 one right now. But you can ask them.

6 Q. In your experience, as a long-time elected  
7 official, do you think that black voters tend to  
8 support the same candidates?

9 A. I don't understand the question.

10 MR. RUSSO: Objection; vague and  
11 ambiguous.

12 Q. (BY MR. NEWKIRK) Do you think that black  
13 voters tend to vote for the same candidates?

14 MR. RUSSO: Objection; calls for  
15 speculation.

16 A. I don't know. What's, the same candidate,  
17 mean?

18 Q. (BY MR. NEWKIRK) In your experience, I  
19 guess, as -- as a long-time elected official, do  
20 you believe that black voters tend to vote as a  
21 block -- as a -- as a block?

22 MR. RUSSO: Objection; calls for  
23 speculation.

24 A. I -- I don't -- I don't know what that  
25 means, either.

1 Q. (BY MR. NEWKIRK) In your view, what is the  
2 racial makeup of supporters of the Democratic party  
3 in Galveston County?

4 A. I would say primarily African-American and  
5 Latinos.

6 Q. Do you believe that African-Americans and  
7 Latinos usually vote together?

8 A. No. That was clear in the Trump race.

9 Q. Can you elaborate a little bit?

10 A. No. I don't know. I just know that the  
11 Latino vote, across the country, was for the  
12 Republican Trump.

13 Q. Is the Republican party in Galveston County  
14 predominantly white?

15 A. I don't know that. Not my party. Not the  
16 people that I -- vote for me.

17 Q. How do you know that?

18 A. Because I won.

19 Q. Have you done a post-election analysis to  
20 figure out the demographic?

21 A. I don't get into all that. I just know --  
22 the people know me and I know the people and I  
23 know -- I know my precinct.

24 Q. You know the demographics of your precinct?

25 A. No, I didn't say the demographics. I just

1 know the people, and the people know me. And  
2 anybody can win on any given day.

3 Q. All right. I'm just asking another way, how  
4 would you characterize the racial makeup of  
5 supporters for the Republican party in Galveston  
6 County?

7 A. I don't have -- I don't know.

8 Q. As the commissioner, do you believe it's  
9 important to be familiar with the pressing issues  
10 for particular communities?

11 MR. RUSSO: Objection; vague and  
12 ambiguous.

13 A. I mean, you've asked me that already. And  
14 I -- I -- I don't know -- I don't understand  
15 that -- y'all -- like, give me an example of a  
16 pressing issue that you would identify that --  
17 that -- I don't -- I don't understand that.

18 Q. (BY MR. NEWKIRK) Well, for example, earlier  
19 today, we discussed some of the issues related to  
20 the Bolivar Peninsula, such as the dunes, the  
21 coast, the raking of seaweed. You're very familiar  
22 with that.

23 Do you agree that it's important to be  
24 familiar with parallel issues in other communities?

25 MR. RUSSO: Objection; vague and

1 | ambiguous.

2 | A. I am -- yes, but that -- there's -- they're  
3 | all the same, after that, unfortunately, in  
4 | Galveston County.

5 | They're all roads, drainage, parks, law  
6 | enforcement, taxes. They're all the same. Black  
7 | people want to keep their taxes down just like  
8 | white people. Latinos want to keep their taxes  
9 | down just like white people.

10 | They both like parks. They like beautiful  
11 | parks that they can take their families and picnic  
12 | and enjoy.

13 | Q. (BY MR. NEWKIRK) How about the issue of  
14 | policing? Do you see any differences among the  
15 | communities on the issue of policing?

16 | A. None.

17 | Q. As a commissioner, do you believe it's  
18 | important to know specific demographic and  
19 | socioeconomic -- socioeconomic information about  
20 | constituents, like unemployment or poverty?

21 | A. It shouldn't matter, as a commissioner,  
22 | whether they're unemployed or -- or low  
23 | socioeconomic. So it -- it's not important to me.  
24 | But by golly, I got them.

25 | Q. What do you mean when you say, I got them?

1 A. I'm saying my precinct is so diverse, always  
2 has been, that -- and I previously described that  
3 for you.

4 Q. Based on what you just said, you're aware  
5 that your precinct is diverse and contains areas  
6 where unemployment and poverty differs.

7 Is that correct?

8 A. Yes.

9 Q. Okay. And so, you -- you're familiar with  
10 the various cities and neighborhoods are -- where  
11 areas might be poorer or contain more -- or higher  
12 levels of unemployment, correct?

13 MR. RUSSO: Objection; asked and  
14 answered.

15 A. Okay.

16 Q. (BY MR. NEWKIRK) Is there any correlation  
17 between those areas and whether they have a  
18 majority black or Hispanic population  
19 (unintelligible)?

20 MR. RUSSO: Just don't say anything.

21 Counsel, can you restate the  
22 question. It just didn't come through.

23 THE WITNESS: He's frozen.

24 Q. (BY MR. NEWKIRK) Sorry, am I frozen?

25 (Unintelligible)?

1 THE REPORTER: Sorry. This is the  
2 reporter. I didn't get any of that.

3 MR. NEWKIRK: Madam Court Reporter,  
4 can you hear me at this point?

5 MR. RUSSO: Yeah -- yeah, we can --

6 THE REPORTER: I can right now.

7 MR. NEWKIRK: Okay. Would you mind  
8 reading the last thing that I -- the last thing you  
9 caught for me -- from me.

10 THE REPORTER: Just a moment.

11 (The requested portion of the record  
12 was read by the court reporter.)

13 Q. (BY MR. NEWKIRK) Mr. Apffel?

14 MR. RUSSO: Objection; calls for  
15 speculation.

16 A. Correlation to what? I don't -- I guess I'm  
17 lost. I forgot the question before that.

18 Q. (BY MR. NEWKIRK) Discussing -- saying, I  
19 don't think -- in your precinct -- I'll start over.

20 In your precinct, is there a correlation  
21 between areas where there are higher concentrations  
22 of poverty and unemployment, and whether the  
23 population has a -- a large percentage or a  
24 majority black or Hispanic makeup?

25 A. No.

1 MR. RUSSO: Objection; calls for  
2 speculation.

3 Q. (BY MR. NEWKIRK) All right. Do you recall  
4 Hurricane Ike?

5 A. I do.

6 Q. Did it have an effect on Galveston County?

7 A. It did.

8 Q. Can you describe that impact?

9 MR. RUSSO: Objection; vague and  
10 ambiguous.

11 Q. (BY MR. NEWKIRK) Did it cause damage?

12 A. Much.

13 Q. Did it affect communities in Galveston  
14 city -- the City of Galveston?

15 A. Yes.

16 Q. How so?

17 A. The -- the people -- people all over the  
18 island had to relocate, to have a place to live.

19 Q. Did it affect communities on the Bolivar  
20 Peninsula?

21 A. It wiped it out.

22 Q. How about in Texas City, where I believe you  
23 were living at the time?

24 A. Yeah, I don't believe it did. There was a  
25 levy around the city, and no flooding occurred.

1 Q. (Unintelligible).

2 THE REPORTER: I didn't get that.

3 Q. (BY MR. NEWKIRK) Do you believe Hurricane  
4 Ike affected minority communities more so than  
5 other communities?

6 A. No.

7 Q. Okay. Based on your long-time residence in  
8 the county, and based on your experience as a  
9 commissioner, are there any economic differences  
10 between Bolivar Peninsula and the rest of the  
11 county?

12 A. I would say there's no -- or very little  
13 socioeconomic folks that live there.

14 Q. Apologies. I -- I didn't quite catch that.  
15 You said there was very little --

16 A. There's -- I would say there's very few, you  
17 know, poverty -- poverty or low income people that  
18 live there.

19 Q. What are some economic differences between  
20 Bolivar Peninsula and the rest of the county,  
21 besides the affluent -- relative affluency you just  
22 identified?

23 MR. RUSSO: This is nuts.

24 THE REPORTER: Can I read that back  
25 to you, please?

1 MR. NEWKIRK: Sure.

2 THE REPORTER: Just a moment.

3 (The requested portion of the record  
4 was read by the court reporter.)

5 MR. NEWKIRK: That's accurate.

6 A. Well, I don't -- I don't --

7 MR. RUSSO: Object, it's vague and  
8 ambiguous.

9 A. What's the question again?

10 THE REPORTER: Just a moment.

11 (The requested portion of the record  
12 was read by the court reporter.)

13 A. I can't think of anything else.

14 Q. (BY MR. NEWKIRK) Do the residents of  
15 Bolivar Peninsula have any issues or concerns that  
16 are unique to the peninsula?

17 A. Coastal issues.

18 Q. Besides proximity to the coast, what  
19 similarities does the Bolivar Peninsula have with  
20 the -- Galveston Island?

21 A. I don't -- I mean, sand. I don't -- you  
22 know, I mean, like I say, the taxes. They all  
23 complain about their taxes and want lower taxes.  
24 They all want beautiful parks. They all want  
25 drainage. They all want nice roads. They all want

1 | good law enforcement.

2 | And all of those things are the same

3 | everywhere else.

4 | Q. I'll ask a different way.

5 | Do any industries exist on Galveston Island?

6 | A. If you -- if you call UTMB industry, then,

7 | yes. That's what I -- and the port, the cruise

8 | ships.

9 | Q. Do any similar industries exist on Bolivar

10 | Peninsula?

11 | A. Pure tourism.

12 | Q. Following the release of the 2020 census

13 | data, as we discussed earlier, did the

14 | Commissioners Court hold any public hearings to

15 | address the population of a single coastal

16 | district?

17 | A. Define public hearings.

18 | Q. Any hearing in which any set or individual

19 | commissioner discussed this issue with members of

20 | the public.

21 | A. The placement of the maps on the Galveston

22 | County Web page and the comment period thereafter,

23 | to me, was a public -- was a public meeting.

24 | Q. Can you think of any others?

25 | A. The meeting when we adopted the -- the map.

1 Q. Okay. Are you aware of any commissioners  
2 creating surveys or polls to determine the public's  
3 interest in establishing a coastal district,  
4 following the release of the 2020 census data?

5 A. No.

6 Q. Are you aware of any county entity  
7 commissioning surveys or polls to gauge the  
8 public's interest in establishing a coastal  
9 district?

10 A. No.

11 Q. Based on your experience, what are some  
12 drawbacks of having a single coastal precinct on  
13 the Commissioners Court?

14 A. I can't think of any.

15 Q. Let me see one second.

16 Has anyone -- Commissioner Apffel?

17 A. Yes, I'm listening.

18 Q. Has anyone communicated any drawbacks of a  
19 single coastal district to you?

20 A. No.

21 Q. Shifting gears a little bit, what factors  
22 contribute to whether a Commissioners Court meeting  
23 is held at the county courthouse versus the Calder  
24 Road annex?

25 A. What I have observed is the unwritten rule,

1 | was the regular scheduled meetings were at the  
2 | Galveston County courthouse, at 722 Moody, and all  
3 | special meetings were always -- from the five years  
4 | I've been doing it, were always at Calder.

5 | That's changed a little bit now. Now, every  
6 | other meeting, even though it's a regular meeting,  
7 | is termed a special, because it's held at Calder.

8 | So, once a month, we're in Galveston, at a  
9 | regular. Once a month, we're in League City, at a  
10 | special.

11 | But at the time these maps were approved, we  
12 | had not gone to that. All regulars were in  
13 | Galveston. So twice a month we were in Galveston.  
14 | And any specials were held at Calder.

15 | Q. Prior -- when did this change occur, that  
16 | you're just describing?

17 | A. About October/November.

18 | Q. Of 2022?

19 | A. Yes, sir.

20 | Q. And before that, what change -- how many  
21 | special sessions did you experience, as -- as a  
22 | commissioner, since -- since your time on the  
23 | commissioner -- Commissioners Court?

24 | A. It's hard to gauge, but five to ten a year.

25 | Q. Based on your estimation, has that number

1 increased over the years that you've been on the  
2 Court, or has it remained relatively constant?

3 A. I would say it's about the same. Other than  
4 from what I'm now telling you, it's increased. But  
5 before, under the regular.

6 Q. In 2021, were there any public meetings of  
7 the Commissioners Court that were cancelled due to  
8 the COVID-19 pandemic?

9 A. I don't think we -- we cancelled one.

10 Q. Just real quick, remind me, you were  
11 appointed to the justice -- to be Justice of the  
12 Peace, correct?

13 A. Yes, sir.

14 Q. And do you recall what month and year?

15 A. October of '03.

16 Q. And earlier this morning, when you were  
17 describing your appointment, you had said that you  
18 had to file for reelection immediately.

19 Do you remember saying that?

20 A. Yes.

21 Q. Why did you have to file for reelection  
22 immediately?

23 A. Because -- I can't really tell you, other  
24 than the election cycle for the JP that resigned  
25 was up in '04. And so, it just was coincidental

1 his filing period was coming up for December of

2 '03, for the March of '04 primary.

3 He stepped down, to run for commissioner.

4 And so I was appointed for his unexpired term,

5 which gave me all -- the rest -- the two months of

6 '03 and the whole year of '04. But I was filing

7 for reelection immediately, because it was December

8 for the March primary for -- for '05.

9 Q. And that candidate qualifying period is set

10 by Texas law, correct?

11 A. Yes, sir.

12 Q. Going back to the most recent redistricting

13 cycle in 2021, did you ever personally reach out to

14 members of the black community to determine their

15 positions on proposed Maps 1 and 2?

16 A. Personally reach out, no.

17 Q. Any particular reason why not?

18 A. But speak with, yes.

19 Q. With whom did you speak?

20 A. The one I -- Reverend Daniels, I think --

21 that's the one that comes to mind. He -- just an

22 old friend. Lives in that precinct and, you know,

23 calls -- calls me, on occasion, to bend my ear.

24 Q. When you say, that precinct, which one are

25 you referring to?

1 A. The -- the -- my old precinct. He's now in

2 my new precinct.

3 Q. And what's his first name?

4 A. James Daniels, Reverend James Daniels.

5 Q. Did he support or oppose either of the maps?

6 A. I think he opposed.

7 Q. How did this meeting with Reverend Daniels

8 come about?

9 A. He called me.

10 Q. Do you know roughly when this meeting was?

11 A. No.

12 Q. Before the maps were passed, correct?

13 A. Yes.

14 Q. But after they were made public, correct?

15 A. Yes.

16 Q. How long did you meet?

17 A. We talked on the phone.

18 Q. But how long did you talk on the phone?

19 A. Five minutes, ten minutes.

20 Q. What were some of his concerns about the

21 maps?

22 A. That he just didn't like the way they were

23 redrawn.

24 Q. Did you find his concerns persuasive?

25 A. No. I tried to tell him that it -- the way

1 the population was, that they were going to have  
2 to -- in order to equalize that, it was going to  
3 take four quadrants, and his ability to elect  
4 Commissioner Holmes should not change.

5 Q. Did you ever personally reach out to the  
6 members of the Hispanic community to determine  
7 their positions on proposed Maps 1 and 2?

8 A. Not that I specifically recall, no.

9 Q. Did you consider reaching out to the  
10 Hispanic community, to determine their positions?

11 A. No, no.

12 Q. Are you aware of any other commissioners  
13 discussing outreach to the minority community  
14 during their redistricting process?

15 A. I'm not aware.

16 Q. Earlier, you were discussing your visit with  
17 the Bolivar Chamber of Commerce for the special  
18 session at Jose's Cantina.

19 Do you remember that?

20 A. Yes.

21 Q. Do you remember -- do you remember  
22 discussing that?

23 A. Yeah.

24 Q. Did you attend any meetings at any of the  
25 other chambers of commerce in Galveston County to

1 discuss the proposed plans?

2 A. The -- the League City chamber, the Texas  
3 City/La Marque chamber. And that's it, for me.

4 Q. Did they invite you to speak at their  
5 organizations?

6 A. No, no, I didn't speak like I did at the  
7 Bolivar chamber. I didn't speak like I did there.

8 Q. But did you discuss the proposed maps at  
9 these -- at these meetings --

10 A. I don't --

11 Q. -- with anybody?

12 A. I don't know. I mean, just -- again, that's  
13 just out and about. If people ask, I would  
14 discuss. But I don't have any independent  
15 recollection of specific discussions with them.

16 Q. I understand. So the only chamber that you  
17 spoke with about the redistricting plans, for that  
18 topic only, was the one on Bolivar Peninsula, at  
19 Jose's Cantina?

20 A. Yes, sir.

21 Q. Did you attend any other chambers of  
22 commerce meeting to discuss more broadly the idea  
23 of a coastal precinct?

24 A. No.

25 Q. Did you reach out to any of the local

1 | elected officials in Galveston city to discuss

2 | either of the proposed maps?

3 | A. No.

4 | Q. How about to discuss the idea of a coastal

5 | precinct?

6 | A. No.

7 | Q. Moving forward to the special session, do  
8 | you recall that a number of individuals made public  
9 | comments at that meeting?

10 | A. Are you talking about the public meeting  
11 | where the map was ultimately approved?

12 | Q. Yes, sir.

13 | A. Many.

14 | Q. And do you recall that the majority of  
15 | individuals who spoke testified against the  
16 | proposed plans?

17 | A. I would say that's correct.

18 | Q. Were you compelled by any of their  
19 | testimony, or concerns?

20 | A. Compelled? What -- what -- compelled --

21 | Q. (Unintelligible).

22 | A. No, I -- I found their comments and concerns  
23 | unfounded.

24 | Q. Why is that?

25 | A. Because I believe that Commissioner Holmes

1 could run for office under the new map, like I did,  
2 and win, by switching parties.

3 THE WITNESS: It froze.

4 Q. (BY MR. NEWKIRK) Sir, I think --

5 MR. RUSSO: Hey, Mr. Newkirk, did  
6 you pose a question?

7 MR. NEWKIRK: I think we were having  
8 some -- some freezing. The joy of depositions by  
9 Zoom.

10 MR. RUSSO: Right.

11 Q. (BY MR. NEWKIRK) I believe,  
12 Commissioner Apffel, you're still (unintelligible).

13 THE REPORTER: Can you repeat that?

14 MR. NEWKIRK: I -- I was asking if I  
15 was frozen on your end.

16 THE REPORTER: Yes, you were.

17 MR. NEWKIRK: But I'm unfrozen now?

18 THE REPORTER: Yes.

19 MR. NEWKIRK: Okay. Nearly done,  
20 sir.

21 Q. (BY MR. NEWKIRK) Should black and Hispanic  
22 residents in Galveston County have the opportunity  
23 to elect a candidate of their choice for the  
24 Commissioners Court?

25 A. Different from the rest of the county? No.

1 Q. You're saying that black and Hispanic  
2 residents in Galveston County should not have an  
3 opportunity to elect a candidate of their choice,  
4 for Commissioners Court?

5 MR. RUSSO: I -- I'm going to object  
6 to that question as harassing. That's not what he  
7 said. It misstates his testimony.

8 MR. NEWKIRK: I just couldn't hear.

9 A. I say, different from the rest of the  
10 county, I don't think so.

11 Q. (BY MR. NEWKIRK) If a redistricting plan  
12 eliminates that choice, would you support it?

13 A. I don't think it does.

14 MR. NEWKIRK: All right. At this  
15 point, I have no further questions. But similar to  
16 my co-counsel, we'll reserve the right to keep this  
17 deposition open, pending the resolution of the  
18 privileged issue.

19 Thank you so much for your time,  
20 sir.

21 THE WITNESS: How much time is left?

22 THE VIDEOGRAPHER: We're at 6:55.

23 MR. RUSSO: Okay. We'll reserve  
24 questions for trial.

25 So, we want to read and sign, also.

1 You can send us the deposition, and we'll get it  
2 back to you.

3 THE VIDEOGRAPHER: Is that -- does  
4 that conclude today's deposition?

5 MR. RUSSO: It concludes it from our  
6 perspective.

7 THE VIDEOGRAPHER: That concludes  
8 today's deposition. Off the record at 1801.

9 (The deposition concluded at  
10 P.M.)

COUNTY OF HARRIS

STATE OF TEXAS

REPORTER'S CERTIFICATE

I, AMY PRIGMORE, Certified Shorthand Reporter in and for the State of Texas, hereby certify that this transcript is a true record of the testimony given by the witness named herein, after said witness was duly sworn by me.

I further certify that the deposition transcript was submitted on \_\_\_\_\_, \_\_\_\_\_ to the witness or to the attorney for the witness for examination, signature, and return to me by \_\_\_\_\_.

I further certify the amount of time used by each party at the deposition is as follows:

- Diana C. Vall-llobera - (05h37m)
- Bernadette Reyes - (00h32m)
- Zachary Newkirk - (00h46m)
- Joseph R. Russo - (00h00m)

I further certify that I am neither attorney nor counsel for, related to, nor employed by any of the parties to the action in which this testimony was taken. Further, I am not a relative or employee of any attorney of record in this

1 cause, nor do I have a financial interest in the  
2 action.

3 SUBSCRIBED AND SWORN TO by the undersigned  
4 on this the 6th day of January, 2023.

3 January 6, 2023

4 RE: Honorable Terry Petteway Et Al v. Galveston County, Texas

5 1/5/2023, Darrell Apffel (#5628971)

6 The above-referenced transcript is available for  
7 review.

8 Within the applicable timeframe, the witness should  
9 read the testimony to verify its accuracy. If there are  
10 any changes, the witness should note those with the  
11 reason, on the attached Errata Sheet.

12 The witness should sign the Acknowledgment of  
13 Deponent and Errata and return to the deposing attorney.  
14 Copies should be sent to all counsel, and to Veritext at  
15 cs-ny@veritext.com

16  
17 Return completed errata within 30 days from  
18 receipt of testimony.

19 If the witness fails to do so within the time  
20 allotted, the transcript may be used as if signed.

1 THE VIDEOGRAPHER: We are now on the record. Today's

2 date is January 10, 2023. The time is 9:07 a.m.

3 Counsel, will you please introduce

4 yourselves for the record?

5 MS. LEEPER: Yes. My name is Simone

6 Leeper and I'm representing the Petteway Plaintiffs in

7 this matter.

8 MR. RUSSO: This is Joseph Russo, Jr.

9 here on behalf of the Defendants.

10 MS. LEEPER: All right. I think maybe

11 the folks are going to be asking questions later. We'll

12 speak up when it's their turn if that's all right.

13 Okay. So as I just said, Dr. Armstrong,

14 my name --

15 THE REPORTER: I've got to swear him in.

16 MS. LEEPER: Pardon?

17 THE REPORTER: I've got to swear him in.

18 MS. LEEPER: Oh, yes, of course.

19 DR. ROBIN ARMSTRONG,

20 having been duly sworn, testified to the following:

21 EXAMINATION

22 QUESTIONS BY MS. LEEPER:

23 Q Okay. Now that that's taken care of, as I

24 just said, my name is Simone Leeper and I am counsel for

25 the Petteway Plaintiffs in this matter.

1                   There are some attorneys, as we've noted,  
2                   that are going to be on zoom potentially asking  
3                   questions later and then obviously we have your counsel  
4                   in the room as well, Mr. Russo.

5                   I'm going to just go over a couple of  
6                   ground rules about depositions and sort of best  
7                   practices. That way, we can get a clear transcript but  
8                   before I do that, I just want to ask you if you've been  
9                   deposed before.

10                  A     Yes.

11                  Q     You have, okay. We'll talk more about that in  
12                  a little bit but, hopefully, that means you've got a  
13                  little bit of a starter for what I'm about to tell you.

14                         Best practice is that we don't talk over  
15                         each other. The court reporter here is taking down a  
16                         transcript. To get that as clean as possible, we'll  
17                         have to ignore some of the normal ways that we talk as  
18                         human where we run over each other a little bit and just  
19                         take a second after I ask my question and then go ahead  
20                         and answer yours and I'll do my best not to run over you  
21                         as well.

22                         Something else that we tend to do when  
23                         speaking normally is give nonverbal responses. You  
24                         might nod or shake your head to a question or say  
25                         something like nah-uh or uh-huh to an answer. And just

1 for a clear transcript, if can you make all your  
2 responses verbal and say yeses and nos so that it's  
3 clear what your answer is.

4 At some point, you might not understand a  
5 question that I ask you. That's totally okay. You can  
6 ask me for clarification if you don't understand what  
7 I'm asking, but if I ask you a question and you answer  
8 the question, I'm going to assume that you did  
9 understand the question. Does that make sense?

10 A Yes.

11 Q Okay. Hopefully we won't be taking too much  
12 of your time today but it's obviously going to be a bit  
13 of a lengthy conversation and so you might find yourself  
14 in need of a break. That makes total sense. I'll try  
15 to take regular breaks on the hour-ish but if you find  
16 yourself in need of a break, you need to get some water  
17 or something, just go ahead and let me know that. We  
18 can take a break.

19 My only request is that we not take a  
20 break while a question is pending. And if we're in the  
21 middle of a line of questioning, I'd love it if you gave  
22 the opportunity for us to just finish those and wrap it  
23 up before we go to break. Does that work for you?

24 A Yes.

25 Q Okay. Your attorney or some of the attorneys

1 present might object to a question that I ask. If they  
2 do that, that objection is noted for the record, but you  
3 still have to answer the question that I ask you unless  
4 you've been specifically instructed not to answer the  
5 question. Does that make sense?

6 A Yes.

7 Q Could you please state and spell your full  
8 name for the record?

9 A Robin Lynn Armstrong. R-o-b-i-n, L-y-n-n and  
10 Armstrong, A-r-m-s-t-r-o-n-g.

11 Q Okay. And is there something you prefer I  
12 call you today? Obviously it's Dr. Armstrong,  
13 Commissioner Armstrong. What's your preference?

14 A Whatever you want.

15 Q Okay.

16 A Robin's fine.

17 Q All right. Thank you.

18 A If you want.

19 Q I'll do my best. I tend to be a little bit  
20 formal so -- but you should feel free to call me Simone.  
21 Also for the record, what is your race?

22 A I am African American.

23 Q Are you Hispanic or Latino?

24 A No.

25 Q In today's deposition, I'm going to be using

1 the terms Hispanic and Latino interchangeably. And when  
2 I refer to White residents, I'm referring to White  
3 residents who do not identify as Hispanic or Latino. Do  
4 you understand that?

5 A Yes.

6 Q Do you understand that you are under oath  
7 today?

8 A Yes.

9 Q Is there any reason why you can't give me  
10 truthful answers to my questions?

11 A No.

12 Q Are you taking any medications that impair  
13 your memory?

14 A No.

15 Q And do you have any conditions that might  
16 impair your memory?

17 A No.

18 Q Part of the oath that you took today was to  
19 tell the whole truth, which means providing full and  
20 complete answers to the questions that I might ask you.  
21 Do you understand that?

22 A Yes.

23 Q Sometimes it might happen that later on in the  
24 deposition you remember a little bit more information  
25 about a question that I asked you earlier, and so I'd

1 ask at that time that you can clarify or tell me more  
2 about a previous answer if something pops into your head  
3 later on. Does that work for you?

4 A Yes.

5 Q All right. So is there any reason why you  
6 cannot give full, complete and accurate testimony  
7 today?

8 A No.

9 Q You mentioned earlier that you had been  
10 deposed before. How many times have you been deposed?

11 A Once.

12 Q And when was that?

13 A It's been a few years ago in a -- yes. It's  
14 been a few years ago.

15 Q Okay. And what was that case about?

16 A It was a med mal case.

17 Q All right. So it did not involve voting  
18 rights?

19 A No.

20 Q Did it involve racial discrimination in any  
21 way?

22 A No.

23 Q Did you testify at trial for that case?

24 A I did.

25 Q Okay. Have you ever been a party to a lawsuit

1 in your personal or official capacity?

2 A Yes.

3 Q How many times?

4 A Twice.

5 Q All right. Let's talk about the first

6 instance. What was that?

7 A That was a med mal case as well.

8 Q All right. We'll go past that one. How about

9 the second time?

10 A It was med mal also.

11 Q Okay. Have you ever been a party to a lawsuit

12 involving voting rights?

13 A No.

14 Q How about racial discrimination?

15 A No.

16 Q All right. I'm going to ask you some

17 questions about your preparation for this deposition and

18 I want to preface it by saying that at no point today am

19 I going to be asking you questions about the content of

20 the conversations that you've had with your attorney.

21 That's privileged information and I'm not trying to get

22 that from you. So just to sort of throw that out there

23 to start.

24 Did you meet in person by phone, by zoom

25 or otherwise with anyone to prepare for this deposition?

1 A Yes.

2 Q Who did you meet with?

3 A The defense attorneys.

4 Q Okay. Was anyone else on that call?

5 A No.

6 Q How many times did you meet with your

7 attorneys?

8 A Twice.

9 Q When was the first meeting?

10 A First meeting was probably -- I can't remember

11 the exact date. Maybe -- it was last Friday, I think,

12 whatever -- whatever date that was.

13 Q And the second meeting?

14 A Yesterday.

15 Q And how was each of those meetings held?

16 A How? In person. Is that what you mean?

17 Q Yes. In person?

18 A Yes.

19 Q Okay. How long did the first meeting last?

20 A About two, three hours. I'm not a watch time

21 person, so I'm -- timing is maybe off some.

22 Q Round about three hours?

23 A Round about three years, yeah.

24 Q Okay. And about how long was the meeting

25 yesterday?

1           A     Probably about the same.  Maybe a little less  
2     than that.

3           Q     Did you review any documents at the meetings  
4     with your attorneys?

5           A     Yes.

6           Q     Did you take any notes at the meetings with  
7     your attorneys?

8           A     No.

9           Q     Other than the meetings with your attorneys,  
10    did you discuss this deposition with anyone else?

11          A     No.  Well, my wife but. . .

12          Q     Did you discuss the deposition with any other  
13    members of the Galveston County commissioner's court?

14          A     No.

15          Q     Did you have any discussions with other  
16    members of the Galveston County commissioner's court  
17    about their depositions?

18          A     No.

19          Q     Have you had any written communications with  
20    anyone other than your attorneys to prepare for this  
21    deposition?

22          A     No.

23          Q     Besides during any of the meetings with your  
24    attorney, did you review any documents in preparation  
25    for this deposition?

1 A No.

2 Q Even if not in preparation for this  
3 deposition, have you reviewed any documents filed in  
4 this case?

5 A No.

6 Q So you haven't looked at the complaint?

7 A No.

8 Q Or the motion for preliminary injunction?

9 A I have not.

10 Q How about the Motion to Dismiss that was filed  
11 by your attorneys, have you read that?

12 A No.

13 Q Okay. Have you seen any discovery requests  
14 related to this case?

15 A No.

16 Q You hesitated there. What were you thinking?

17 A Well, I was thinking it was another instance,  
18 separate issue with the county.

19 Q Okay.

20 A Not to do with this one. So I was trying to  
21 make sure it was the right one. So no, I've not  
22 received any discovery request or anything for this  
23 case.

24 Q Okay. Have you been asked to conduct any  
25 severance as it relates to this case?

1 A No.

2 Q Besides any of the meetings that we've already  
3 discussed, what else did you do to prepare for this  
4 deposition?

5 A Nothing.

6 Q And so how long in total do you think you  
7 spent preparing for this deposition?

8 A I would say the addition of those.

9 Q Okay.

10 A That time I spent with the attorneys.

11 Q Roughly six hours?

12 A Roughly.

13 Q All right. Have you discussed this lawsuit  
14 with anyone apart from your attorneys?

15 A No.

16 Q Did you discuss this lawsuit with anyone prior  
17 to your appointment to the Galveston County  
18 commissioner's court?

19 A No.

20 Q When did you first become aware of this  
21 lawsuit?

22 A The first time I became aware was after I was  
23 appointed during an executive session of the  
24 commissioner's court. That's the first time I knew  
25 about this lawsuit.

1 Q And since then, other than meeting with your  
2 attorneys, what instances have you had to learn about or  
3 discuss the lawsuit?

4 A I really haven't discussed it at all with  
5 anyone.

6 Q Okay. What is your understanding of what this  
7 lawsuit is about?

8 A It's redistricting. It's about redistricting.

9 Q Anything else?

10 A I think that word sums it up pretty good, I  
11 think. Redistrict -- it's a redistricting lawsuit.

12 Q And what about redistricting?

13 A Redistricting those districts in Galveston  
14 County and whether they were done fairly. I suppose  
15 that's what the lawsuit's about.

16 Q And what do you mean when you say "fairly"?

17 A Well, it's a subjective term and that's  
18 just -- that's just my -- the word that came to mind.  
19 That's how I would describe the lawsuit -- what the  
20 lawsuit is about.

21 Q Fair to whom?

22 A Fairly. Fairly. Generally fair to everyone.

23 Q Do you have any other impressions of what this  
24 lawsuit is about?

25 A Impressions of what the lawsuit's about.

1 There's a disagreement on the districts, I know that.  
2 Disagreement on the precincts rather, the commissioner's  
3 precincts. That sums it up.

4 Q What do you understand that disagreement to  
5 be?

6 MR. RUSSO: And let me just remind the  
7 witness that do not disclose conversations or things  
8 that you learned from counsel or discussed with  
9 counsel.

10 THE WITNESS: Okay.

11 MR. RUSSO: Other than that --

12 THE WITNESS: Okay.

13 MR. RUSSO: -- you can continue.

14 Q (BY MS. LEEPER) Yeah. And like I said  
15 earlier, I don't want to know anything about  
16 conversations you've had with counsel. Here, I'm just  
17 asking about your understanding of what that  
18 disagreement is.

19 A Right. Well, it's -- it's really difficult  
20 for me to separate all the -- all the conversations I've  
21 had, so I'll try very hard not to, but the question one  
22 more time. What is the disagreement.

23 Q Yeah. What is the disagreement?

24 MR. RUSSO: Same --

25 A It's --

1 MR. RUSSO: Same objection with the  
2 privileged.

3 THE WITNESS: Sure.

4 A It's about the outline of the districts of the  
5 precincts.

6 Q (BY MS. LEEPER) What about that outline?

7 A One side wants them drawn one way, the other  
8 side wants them drawn another way, and there's a  
9 disagreement about how those districts were drawn.

10 Q All right. I'm going to go back to basics  
11 here. In which part of Galveston County do you  
12 correctly live?

13 A I live in Friendswood, Texas.

14 Q How long have you lived there?

15 A About six years. Six, seven years.

16 Q And where are you from?

17 A I'm from La Marque, Texas.

18 Q Is that where you grew up?

19 A I grew up in Texas City and La Marque, yes.

20 Q Have you ever lived outside of Galveston  
21 County?

22 A Yes.

23 Q When was that?

24 A That was from '87 to '91 and I was in -- do  
25 you want to know where?

1 Q Yeah.

2 A College Station.

3 Q And then in '91, where did you go to?

4 A After '91?

5 Q Yes.

6 A Oh, I came back home.

7 Q Where were you --

8 A In Galveston County.

9 Q I'm sorry. Could you repeat that? I  
10 apologize I talked over you.

11 A I came back home in Galveston County.

12 Q Got it. And so you said that you've been in  
13 Friendswood for six or seven years. Where were you in  
14 Galveston County between '92 and six or seven years ago?

15 A So -- so I was in -- I did take two trips to  
16 Africa on missionary trips. So I was out of the country  
17 for a few weeks twice during that time and, otherwise, I  
18 lived in Texas City -- do you want to go through all of  
19 them.

20 Q Yes, please.

21 A 'Cause I moved a lot -- I moved around a lot  
22 in the county. So I've been living in Texas City. I  
23 did medical school in Galveston and -- and communicated  
24 back and forth.

25 And then we moved to Galveston for a

1 brief time when I -- after I got married and -- and then  
2 we moved in -- moved to Dickinson, and -- and there  
3 probably was -- my wife started a residency in Houston.

4 So there was a brief time, actually, for  
5 probably half a year that we did live in Houston. So we  
6 were out of county for that brief time as well. So I  
7 forgot about that time, but we were in south Houston.  
8 So pretty close still. That's it.

9 Q Okay. And you just mentioned you went to  
10 medical school in Galveston.

11 A Correct.

12 Q Could you just give me an overview of your  
13 educational background?

14 A Sure. So I graduated from La Marque High  
15 School and then after that, I went off to college at  
16 Texas A&M in College Station and then I took a few years  
17 off. I actually worked in Galveston for a while and did  
18 research, went on two missionary trips, sorted out what  
19 I wanted to do with my life and then started medical  
20 school in Galveston and did residency in Galveston as  
21 well.

22 Q And what did you study at Texas A&M?

23 A Microbiology.

24 Q And now you've just mentioned some of it and  
25 so I'm just parsing it out. Could you give me a little

1 bit about your employment history and overview there?

2 A Okay. So I worked briefly, did research  
3 during the three years that I was off from -- from  
4 undergraduate. And after I finished medical school and  
5 residency, I've worked as a hospitalist, internal  
6 medicine, trained and so I did hospital -- inpatient  
7 hospital care.

8 And -- and I did that for, like, 15 years  
9 or so and then we broke off and started our own company.  
10 And so now I am the owner of Armstrong Medical Group and  
11 so it's a hospitalist company. We have hospitals --  
12 physicians and hospital, nurse practitioners, PAs and  
13 then we also have a large nursing home practice as well.

14 Q And you said, "We broke off." Was that you  
15 and --

16 A Myself and three other physicians.

17 Q Okay. And what is your current employment?

18 A Armstrong Medical Group, owner and a  
19 physician.

20 Q And so you've just said it a bit but what does  
21 that job involve?

22 A My job is -- is, in large part, administrative  
23 now but I see patients as well. I kind of fill myself  
24 in the schedule where that's needed. In the medical  
25 field, it's always needed so -- so that keeps me pretty

1 busy. So I see patients in hospitals, I see patients in  
2 nursing homes and then I manage the practice as well.

3 Q Okay. And is that a full-time job?

4 A It is. Less so now than it was before 'cause  
5 I'm not seeing patients as much.

6 Q Okay.

7 A But -- but yeah, I spent a lot of time in it.

8 Q Okay. Are you a member of any community or  
9 civic engagement groups?

10 A Community or civic engagement groups. Church.  
11 Is that part of -- is that part of what you're talking  
12 about?

13 Q That counts.

14 A Yeah, okay. So -- so yeah, I'm a member at my  
15 local church and my -- we do ministry stuff as well, my  
16 wife and I do. We -- we go to a foster care home every  
17 week with our kids. We take them there and I do lots of  
18 stuff with my medical practice as well just in the  
19 community also.

20 So yeah, we stay pretty -- I mean, we're  
21 very involved. You know, we've worked a food truck at  
22 our church and everything. So we stay pretty engaged  
23 with the community. I grew up there and then I  
24 obviously take care of a lot of people as well in the  
25 community.

1                   You know, I was -- our main practice  
2 started in the hospital where I was born. So I mean,  
3 I'm well known in the area.

4                   Q     Okay. So when you talk about doing stuff in  
5 the community with your medical practice, could you  
6 explain more about what you do through that?

7                   A     What we have done in the past is we've done  
8 medical talks at churches and the pastors would give us  
9 time to speak in the morning and so we would do that.  
10 That's been a long time ago. But we've done that and  
11 done medical screenings in the community as well.

12                  Q     Okay. And when is about the last time you  
13 talked -- you said you were doing those medical talks at  
14 churches. You said that was a long time ago. When  
15 about?

16                  A     It's been a while. Gosh, I don't know.  
17 That's probably been -- that's probably been ten years  
18 plus ago.

19                  Q     And you also mentioned house -- health  
20 screenings for the community. When do you think --

21                  A     Right.

22                  Q     -- you last did those?

23                  A     Okay. Usually those are in conjunction  
24 with -- with hospital screenings and stuff with the  
25 hospital where we are. I mean, it's -- so they're just

1 done randomly. I can't -- it's probably been years ago  
2 as well that we've done one of those hospital  
3 screenings.

4 Q And you'll have to forgive me. I know nothing  
5 about medicine. What do you mean by health  
6 screenings?

7 A Well, you take blood pressures, vital signs  
8 and stuff like that. That's a major problem in our --  
9 in -- in every community now is -- is hypertension.  
10 It's a risk factor for coronary disease, for heart  
11 disease.

12 So -- so we do blood pressure screenings  
13 and you know -- and then if the blood pressure's high,  
14 we have them follow-up with their physicians and so --  
15 or we -- or we establish them with a physician in the  
16 community.

17 Q Okay. And then you said also you take care of  
18 people in the community. Are you just -- are you  
19 referring to sort of your patients and the people that  
20 see you?

21 A Yes.

22 Q Okay.

23 A In the hospital and nursing homes.

24 Q Okay. All right. So that's all sort of  
25 through your health care capacity and business and you

1 talked about a bit about your church involvement and  
2 things do you with that.

3 Are there any other community or civic  
4 engagement groups that you're a part of?

5 A Probably but I'm probably not thinking of  
6 them. You know, I just, you know. . .

7 Q Yeah. Just none that you can recall at the  
8 moment?

9 A It may -- some may pop in my mind but none  
10 that I can recall right now.

11 Q Have you ever been involved with a chapter of  
12 the NAACP?

13 A I have. Now, it was when I was -- when I was  
14 in high school actually. I did a -- I went to a  
15 conference in -- in New York City actually where I  
16 submitted a poem and it was a big competition for that.  
17 So I was involved with that but that's when I was a kid,  
18 so it's been a hundred years ago.

19 Q Well, you'll have to forgive me. As lawyers,  
20 we ask rude questions. About what year was that?

21 A Let me see here. Let me see when I was born.  
22 I'm guessing probably around '85, '86. That's probably  
23 a pretty good guess actually.

24 Q Okay. And that's the last time that you did  
25 sort of an activity with the NAACP; is that --

1 A Correct.

2 Q -- right?

3 A Correct.

4 Q How long LULAC, have you ever been involved  
5 with that organization?

6 A No.

7 Q Are you aware of a annual backyard barbeque  
8 hosted by Commissioner Holmes, which benefits the  
9 nonprofit Galveston County Senior Citizens Activities,  
10 Inc.?

11 A I became aware of it this year.

12 Q Okay. Have you ever been attended?

13 A I have not.

14 Q Are you aware that it takes place in Precinct  
15 3?

16 A No.

17 Q And do you know who primarily attends that  
18 event?

19 MR. RUSSO: Objection, calls for  
20 speculation.

21 A Yeah. I'm -- it's an event, I think, as  
22 you -- the title states for seniors. So that would be  
23 my assumption.

24 Q (BY MS. LEEPER) Yeah. And I'll just --

25 A But I don't know for sure. I don't know that

1 for sure.

2 Q Yeah. And I'll throw in here, whenever I ask  
3 do you know something, you can say no, that you don't  
4 know something. I don't want you to be speculating.

5 A Sure.

6 Q And so hopefully that will clear up any  
7 confusion about those questions.

8 A So that would be no then to that answer.

9 Q Okay. Have you hosted any events of a similar  
10 nature to that before?

11 A No.

12 Q Do you have any plans to host any events for  
13 the community in that way?

14 A For sure, yes.

15 Q Any concrete plans?

16 A Well, I just got sworn in nine days ago. So  
17 nothing concrete yet. I've been in the position since  
18 May but I haven't done anything as of yet but -- but we  
19 certainly will do lots of things.

20 I -- that would be my pattern of  
21 activity. I mean, it's kind of been my MO in the  
22 community before I was elected official. It certainly  
23 will be my MO afterwards as well.

24 Q And when you say that's been your pattern in  
25 the community, what do you mean by that?

1 A I've been active in the community.

2 Q Okay. Have you previously attended sort of  
3 community events for the -- largely attended by the  
4 Black and Hispanic community in Galveston before?

5 A Yes.

6 Q What are some of those events that you've  
7 attended?

8 A I've gone to the Juneteenth events on many a  
9 different occasions, including this past year. I've  
10 gone to MLK, Martin Luther King, Jr. events as well,  
11 and -- and -- and my wife is Mexican. So whenever I  
12 have a large family gathering, it is one of those  
13 events, so -- I just did that over Christmas, so -- so  
14 yeah, I have, yes.

15 Q Okay. Have you ever campaigned for anyone in  
16 Galveston County?

17 A I have.

18 Q I imagine this might be a list but for whom  
19 have you campaigned in Galveston County?

20 A So --

21 MR. RUSSO: Let me -- can I just impose  
22 an objection, vague. Do you mean campaign for candidate  
23 running in Galveston County?

24 MS. LEEPER: Yes.

25 MR. RUSSO: Just if you could clarify, it

1 would be great.

2 MS. LEEPER: Yeah. I'm happy to  
3 clarify.

4 Q (BY MS. LEEPER) Campaigning, I generally  
5 understand to refer to as -- for elected officials or  
6 people that are running for office.

7 So now understanding that definition,  
8 have you ever campaigned for a candidate for office in  
9 Galveston County?

10 A I have. It's -- it's been a long time because  
11 a long -- it happened a long time ago but yes, I have.

12 Q And for whom do you remember campaigning?

13 A I remember campaigning when -- when the county  
14 was predominantly Democrat. I remember campaigning for  
15 Cheryl Johnson. I remember campaigning for Kim Clark.  
16 I remember campaigning -- those were the two main  
17 candidates. They were the only ones that were running  
18 back when I was involved politically on the local level.

19 Q And when was that?

20 A Probably during like medical school time.

21 Q I'm sorry. I couldn't hear that.

22 A Probably medical school. Probably I would  
23 say -- that would be '94 to '98.

24 Q And so that '94 to '98 is the last time you  
25 recall actively campaigning for candidates in Galveston

1 County?

2 A Yes. Yes.

3 Q Did you more recently campaign for Kim  
4 Clark?

5 A Not recently. I did -- I did endorse him for  
6 his primary race but I didn't campaign for him  
7 necessarily.

8 And kind of -- so define campaign for me,  
9 you know, 'cause it's a -- there's a fine line. Talk to  
10 people -- define campaign for me.

11 Q Yeah, I'd be happy to. Let's break it down.  
12 So let's start with endorsements.

13 A Okay.

14 Q So who do you recall endorsing for office in  
15 Galveston County?

16 A So I endorsed Kim Clark recently.

17 Q Okay.

18 A And in a -- that was the only race I really  
19 endorsed in -- in this past election cycle. I -- and  
20 then I -- do you want to go back in the past as well?

21 Q Yes, please.

22 A I've helped campaign for other people as well.  
23 I don't -- I don't have a lot of endorsements. There --  
24 there's a reason for that but I've been involved more on  
25 the national and state level than I have on the local

1 level. So I haven't done a lot of endorsements locally.

2 Q Okay. I want to get back to that in a little  
3 bit but let's go back to this idea of campaigning or  
4 supporting candidates.

5 What candidates -- Galveston County  
6 candidates do you recall door knocking for or making  
7 phone calls for?

8 A So that would be back in that '91 range, you  
9 know. That would probably be Lonnie Cox and Cheryl  
10 Johnson. That was back in the early days when the  
11 county was completely Democrat.

12 Q Okay. And you talked about how more recently  
13 you did endorse Kim Clark in the primary and that was in  
14 2022; is that correct?

15 A Correct.

16 Q And so what did you do as a part of that  
17 endorsement?

18 A Nothing. Just list my name. He could list my  
19 name on his material.

20 Q Okay. How did you come to be involved with  
21 Kim Clark's campaign in 2022?

22 A Well, I had -- well, I've known Kim for a  
23 long, long time. Like 25 years, you know, 20 plus  
24 years. So I've known Kim for a very long time. I  
25 became involved with that campaign when -- when he asked

1 if I would endorse him.

2 Q So he reached out to you to ask for an  
3 endorsement?

4 A Uh-huh. Correct.

5 Q And do you recall what method of  
6 communication? Was that in person, a phone call, a text  
7 message?

8 A I can't recall that.

9 Q Why did you decide to endorse Kim Clark?

10 A In the -- it was a primary. Because he had a  
11 really bad candidate running against him. Really bad,  
12 Republican candidate running against him.

13 Q And what made that person really bad in your  
14 book?

15 A I just knew him personally and he was not  
16 very -- not a very honest guy.

17 Q And what do you mean by that?

18 A He didn't tell the truth.

19 Q About anything in particular?

20 A About -- about, you know -- anything in  
21 particular, I mean, I -- he just wasn't an honest  
22 person.

23 Q Okay. And you had exchanges with him  
24 previously where you felt he was dishonest?

25 A The guy -- the guy that was running against

1 Kim, yes.

2 Q Yeah.

3 A Yes.

4 Q And what did you feel he was being dishonest  
5 about?

6 A Well, he's a physician so I've interacted with  
7 him on that level.

8 Q Okay. So you endorsed Kim Clark in the  
9 Republican primary. One reason was because you really  
10 didn't like his opponent. Were there any other reasons  
11 you chose to endorse Kim?

12 A 'Cause I'm good friends with Kim. I've known  
13 him for a long time.

14 Q What policies, if any, of Commissioner Clark  
15 align with your values?

16 A I think the main thing is he's a Christian.  
17 He's guided by his faith, his family is, and the fact  
18 that he is a -- he's a conservative minded individual,  
19 family values and those things were important to him and  
20 so -- and policies that promote that.

21 Q All right. I'm going to break that down.  
22 When you say "conservative minded," what does that mean  
23 to you?

24 A It means that -- it means that the most  
25 important thing is -- is life, the life issue. He's

1 pro-life is one thing. Another thing is -- is  
2 pro-nuclear family. Just not opposed to anybody but  
3 certainly promoting values, promoting policies that  
4 will, you know, help encourage the strength of a nuclear  
5 family. And those are -- those are two, probably the  
6 most, predominant things that I believe in and had in --  
7 in --

8 Q And what policies do you feel would help  
9 encourage the strength of a nuclear family?

10 A I think recognize -- encourage -- policies  
11 that would encourage a man to stay at home and take care  
12 of his -- his baby and her mother. I think policies  
13 that would promote that. I think policies that -- that  
14 promote -- promote marriage.

15 You know, I think that we should have  
16 public policy that -- that promote marriage between a  
17 man and a woman. I think society is stronger if we do  
18 that. I believe that -- that if we have policies that  
19 promote the -- the love and promotion of life, I think  
20 that's an important policy as well.

21 And so I think that -- that -- that if we  
22 denigrate life at any level, we denigrate life for  
23 everyone and so I believe in that as well. So I think  
24 those are -- those are policies that you can put into  
25 place that would -- would promote those things.

1 Q And so what policies that the Galveston County  
2 commission has in purview do you see? And I'm looking  
3 for sort of concrete things. Obviously, the things  
4 you're talking about don't have to do with roads and  
5 bridges.

6 A Right.

7 Q So what sort of policies would be put in place  
8 by Kim Clark on the county commission that would support  
9 those sorts of things?

10 A None of those.

11 Q Okay.

12 A Nothing. You know, so commissioner's court  
13 really is -- is -- doesn't -- you know, that's not their  
14 purview at all and so they're not going to really, you  
15 know -- but obviously, we do know that -- that these --  
16 you know, these are -- they're elected positions and how  
17 people carry themselves and how they believes affects,  
18 you know, their entire belief certainly. But the  
19 commissioner's court's not going to push any of those  
20 issues at all.

21 Q Okay. All right. So I'm going to go ahead  
22 and pull up our first exhibit. We practiced this  
23 earlier so hopefully it works. I'm going to be sharing  
24 a video with you.

25 A Okay.

1 Q And so let's hope that this functions. Do you  
2 see my screen here?

3 A I -- it -- my -- half of my head is cut off  
4 but I can see it.

5 Q That's -- that's how it is on mine too. So  
6 don't worry. I'm going to scroll down for you. All  
7 right. Do you see that this says kimclark.org; is that  
8 right?

9 THE VIDEOGRAPHER: In the top right, if  
10 you click stop speaker view, it'll screen it out.

11 THE WITNESS: You don't want me to touch  
12 the computer, do you? I'll crash it, I promise. I  
13 won't do the right thing.

14 MR. RUSSO: I think she's referring to  
15 here.

16 THE WITNESS: Okay.

17 Q (BY MS. LEEPER) All right. So do you see  
18 these website is kimclark.org?

19 A Yes.

20 Q Okay. And this particular page is entitled,  
21 "Dr. Robin Armstrong-Where Were They Then?"

22 A Uh-huh.

23 Q And this appears to be Kim Clark's re-election  
24 page; is that right?

25 A Yes.

1 Q All right. So I'm going to go ahead and show  
2 this video.

3 A Okay.

4 Q And --

5 A So when did I do this video?

6 Q I think I might be asking you some questions  
7 about that. Let's open up on YouTube so we can go full  
8 screen.

9 (Video displayed.)

10 Q (BY MS. LEEPER) All right. Does that at all  
11 reflect -- refresh your recollection about work you  
12 might have done on behalf of Kim Clark in the last  
13 election?

14 A I don't know. I mean, is the video -- is  
15 it -- is it -- so I've like made lots of videos for Kim  
16 Clark in the past. Lots of videos for a lot of people.  
17 So what is the date on the video.

18 If the date on the video says it was  
19 during the last campaign, then, yes. I would answer  
20 that yes.

21 Q Yeah.

22 A I have no way of knowing that, though.

23 Q Okay. So you say you've done lots of videos  
24 for Kim Clark. Do you --

25 A Not to -- well, probably not for Kim Clark but

1 I've done lots of videos just in general.

2 Q Okay.

3 A Yeah, for a lot of people.

4 Q Okay.

5 A So what was the date on that?

6 Q So I'll check and I'll look. I see that on  
7 YouTube, it appears this was posted four years ago.

8 So does that seem like it would square  
9 with your recollection about the Republican primary in  
10 2018?

11 A That was definitely me. So I guess I made  
12 that video and if you tell me the date was 2018, then I  
13 will take your word for it.

14 Q Okay. So you talked about how you've made  
15 videos of this sort to endorse other candidates; is that  
16 right?

17 MR. RUSSO: Can you read that back?

18 THE WITNESS: I'm sorry?

19 MR. RUSSO: I'm asking her to read that  
20 back.

21 (Page 40, Lines 15 - 17 read.)

22 A Yes. I have done that for other candidates  
23 but it's been a 25-year involvement in politics, so I  
24 would have to say yes.

25 Q (BY MS. LEEPER) Okay. So you said you --

1 A But. . .

2 Q Please, go ahead.

3 A I would say I didn't remember that video,  
4 so -- you know what I mean? So. . .

5 Q Okay. Do you recall making any videos like  
6 this endorsing or advertising a campaign for any other  
7 Galveston County races?

8 A I cannot remember making other videos but it  
9 doesn't mean I didn't. I don't know.

10 Q So the other ones that you recall, were those  
11 on the national and state level?

12 A Yes.

13 Q Zooming out from Galveston County, let's say  
14 in the last ten years, what candidates for public office  
15 do you recall endorsing or campaigning for?

16 A So I -- I traveled to Ohio for the Romney  
17 campaign way back when, whenever that was. I also --  
18 I've been on the Republican National Committee. So I've  
19 done things in the -- on the state and local level as  
20 well and I supported Greg Abbott.

21 I've done some -- I was in a couple of  
22 commercials for him this last cycle and so yeah. So  
23 I've been supporting candidates and -- I wouldn't say  
24 necessarily block walking for all of them but just  
25 supporting them on a more -- from an endorsement level

1 in all of that. Just to kind of -- supporting the  
2 workings of the party infrastructure more than anything.

3 Q When you say the "party infrastructure,"  
4 you're referring to the Republican party; is that  
5 correct?

6 A Correct. Correct. Yes.

7 Q Have you ever run for public office?

8 A I have not. Actually no, that's not true.  
9 I -- I ran for state senate recently in that primary but  
10 before that, no, I have not run for public office.

11 Q And that was the 2022 state senate primary?

12 A Correct.

13 Q And what district did you run for?

14 A 11.

15 Q And then you also were recently elected to the  
16 Galveston County commission as well; is that right?

17 A Correct.

18 Q But would you consider that -- did you not  
19 include that because you were unopposed?

20 A No. I -- I didn't include it because I -- I  
21 thought it was self evident.

22 Q Yes.

23 A So I --

24 Q Yeah. We have to ask a lot of those self  
25 evident kind of questions here.

1 A Right.

2 Q It's a little bit contrary to our --

3 A Right. So yes. So I guess technically state  
4 senate and then Galveston County commissioner.

5 Q Okay. Let's talk about your state senate  
6 race --

7 A Sure.

8 Q -- in 2022, the primary. Did you have a  
9 platform for that campaign?

10 A The things that I ran on, yeah.

11 Q What did you run on?

12 A I ran on -- one big thing that I ran on is  
13 that -- I ran on the fact that I stood up against, you  
14 know, what I believe to be the large medical industrial  
15 complex in COVID treatments. I certainly stood -- I  
16 certainly ran on that.

17 And I felt like we were -- I felt like  
18 there -- the whole establishment, including big pharma,  
19 large pharmaceuticals were -- were not completely honest  
20 with -- with a lot of what was happening. One -- that  
21 was one thing. I ran on that.

22 I ran on the fact that I've been involved  
23 with Republican party politics for many, many years,  
24 including my time on the Republican National Committee  
25 and time as vice chair of the Republican Party of Texas

1 and then worked locally in the district as well.

2 I ran on the fact that I was -- one, I  
3 lived in the district and the other guy did not. So I  
4 ran on those -- those things probably were the main  
5 things that I ran on, standing up for freedom and  
6 liberty and such during COVID.

7 Q Okay.

8 A Those are the things that I listed.

9 Q And the outcome of that race was that you did  
10 not emerge from the primary; is that correct?

11 A I lost.

12 Q I was trying to be delicate.

13 A Yeah, I know. I could tell.

14 Q Did you receive any endorsements from  
15 Galveston County elected officials for your state senate  
16 bid?

17 A I did -- I did get some precinct chair  
18 endorsements. I got some party official endorsements.  
19 A lot of the elected officials in Galveston County sort  
20 of stayed neutral in that race because of what I was  
21 running against.

22 Q And when you say "precinct chair," is that  
23 Republican precinct chair?

24 A Correct.

25 Q A role in the party?

1 A Correct.

2 Q Okay.

3 A Yeah. They were on -- they were on the  
4 primary ballot as well.

5 Q Okay. And you said that some of the Galveston  
6 County officials remained neutral in the primary because  
7 of who you were running against. Who was your opponent  
8 in that race?

9 A Mayes Middleton.

10 Q And why would Mayes Middleton's presence lead  
11 people to be neutral to your understanding?

12 A 'Cause he has a lot of money and he's -- he's  
13 well known in the county as well. I think it was a race  
14 where people were -- had heartburn over it 'cause I  
15 think people wanted to support both of us sort of  
16 deal.

17 Q And do you recall what your numbers were in  
18 that election?

19 A I don't recall. I think I came in -- it was  
20 four people running in that race. I think the guy that  
21 was in second got about like a hundred votes more than  
22 me is what I recall.

23 There was a big mistake made at first but  
24 the Secretary of State corrected that. So it was  
25 sort -- but me and the -- me and the second and third

1 place were kind of tied and then Mayes kind of won  
2 without runoff.

3 Q When you say a big mistake was made and the  
4 Secretary of State corrected it --

5 A Not a big mistake.

6 Q -- what are you referring to?

7 A Not a big mistake. But I think that the  
8 numbers weren't accurate at first and they corrected the  
9 numbers, I think.

10 Q Okay. And do you know what led to the numbers  
11 being wrong at first?

12 A No. It wasn't anything in Galveston County.

13 Q Okay.

14 A But I have no way of knowing that. It was --  
15 the numbers were reported wrong early on but I think it  
16 was maybe a computation -- not a computation error but  
17 more -- more of a -- someone filled in the wrong thing  
18 with one of the other counties. Some district levels  
19 has multiple counties. Part of Harris, part of -- lots  
20 of mistakes in Harris County. There was something  
21 computed wrong in Brazoria County as well.

22 Q Okay. What led you to run for state senate  
23 District 11?

24 A So Senator Larry Taylor had been a long-term  
25 senator there and had decided not to run.

1 Q Did anyone approach you and suggest that you  
2 should run or would be a good candidate?

3 A No. No. I generally don't -- politicians do  
4 that a lot but I don't think it's very genuine to do  
5 that. Run on your own. So no. No. No. I mean,  
6 people stated it that later but they didn't.

7 Q Okay. And what -- why did you feel qualified  
8 to fill that position?

9 A 'Cause I've lived in the district. I've  
10 served the people of the district for a long period of  
11 time and I, you know, had a -- you know, I have the  
12 right -- I have values that are in line with Senate  
13 District 11.

14 And so I think that -- and -- and so I  
15 think that I probably would be a -- would have  
16 represented that senate district well, I think, at  
17 the -- at the state level.

18 Q What values do you have that you feel are in  
19 line with Senate District 11?

20 A The -- I think the district as a whole is a --  
21 is a -- it's a fairly conservative district. It's one  
22 that I -- you know, obviously anyone can run but -- and  
23 it's -- it's all -- but I thought it was -- I thought  
24 it'd be -- I thought I'd be a good representative for  
25 that district just for that main reason.

1 Q Now, you talked about how the Senate District  
2 11 does span multiple counties and different areas.

3 A Correct.

4 Q Are there any areas in particular that you  
5 feel your values are particularly in line with?

6 A I think just with -- in the district as a  
7 whole. I mean, it's kind of -- you know, I think that  
8 certainly I was -- yeah, I think in the district as a  
9 whole.

10 Q Okay.

11 A I know there was -- you know, one thing that  
12 was -- that was -- would be different about me is there  
13 were certainly a lot of African American who know me who  
14 were very excited about me running as well, even on  
15 Republican side of the aisle.

16 So that was kind of a unique thing that I  
17 thought would certainly be helpful in the general  
18 election.

19 Q Did you receive any endorsements from African  
20 American community leaders for that race?

21 A No.

22 Q Did you seek any endorsement from African  
23 American community leaders?

24 A I did not in that race. I did have some  
25 support but it -- it -- it's -- it's difficult --

1 | it's -- it would put them in a bad spot to have them  
2 | endorsing in a Republican primary, Number 1. You know,  
3 | that would put them in a bad spot they don't want to be  
4 | in.

5 |                   It would actually put just -- and then it  
6 | wouldn't be necessarily helpful in the Republican  
7 | primary either to have their endorsement. So I think  
8 | there was -- there was some talk, actually, from some  
9 | local leaders, you know, of trying to maybe get African  
10 | Americans to vote in the Republican primary, you know,  
11 | but I thought that that would -- you know, I thought  
12 | that that would be unfair, you know, if -- I think -- I  
13 | didn't think that that would be fair to ask them to do  
14 | that. So I did not proceed down that.

15 |                   But I did have some meetings with  
16 | prominent African American leaders who were wanting to  
17 | help in some way.

18 |           Q     Okay. Let's break that down.

19 |           A     And that was not a -- that was -- you know,  
20 | that was not precipitated by me at all. That was  
21 | actually brought forth by -- by -- by them.

22 |           Q     Why did you think that it would be unfair to  
23 | ask African Americans to vote in the Republican  
24 | primary?

25 |           A     Well, 'cause it would probably put them in

1 a -- you know, because I think, generally, those guys  
2 are involved in the Democrat primary and they're --  
3 they're involved with Democrat party politics generally.  
4 Not all of them but certainly generally they are.

5 So I just felt like that was -- you know,  
6 I appreciated their making that gesture but -- but. . .

7 Q And when you say generally those guys are  
8 involved in Democratic party and Democratic party  
9 politics, those guys, are you referring to  
10 the African --

11 A African American.

12 Q -- American community leaders?

13 A Leadership, yeah.

14 Q Okay.

15 A Yeah. Well, my dad was one of them. You  
16 know, my dad was involved with them.

17 Q And so you said that it might put them in a  
18 bad spot to endorse in the Republican primary. What did  
19 you mean by that?

20 A Well, it would be uncomfortable. It'd be  
21 uncomfortable for them.

22 Q And why is that?

23 A Well, because they're Democrats getting  
24 involved in the Republican primary 'cause we have an  
25 open primary in Texas. So they could do that if they

1 chose.

2 Q And so you said you had some of these meetings  
3 with prominent African American leaders in the  
4 community. Could you give me some of those names?

5 A No.

6 Q I know it's a bit uncomfortable and I don't  
7 like to be put in this spot. Unfortunately, those  
8 conversations are not privileged. They don't fall under  
9 any sort of legal privilege and so I do have to ask you  
10 if -- if -- I know that you don't want to put anyone in  
11 an uncomfortable position.

12 A Yeah. It --

13 Q But I do have to ask for the names of those  
14 individuals.

15 A So yeah. I mean --

16 MR. RUSSO: Well, it -- to the extent  
17 you're, you know, concerned about the individual's sort  
18 of -- I don't know -- reputation or --

19 A Well, yeah. I mean, that's all it is. I  
20 don't -- I don't have a -- I don't have a -- personally  
21 have a problem with giving you the name.

22 Q (BY MS. LEEPER) Yeah.

23 A I just feel -- I don't want to put him in bad  
24 spot.

25 Q Yeah. Unfortunately, there's just no sort of

1 reputational privilege legally and so I'll just ask  
2 again. Sort of, what are the names of the African  
3 American leaders that you met with connection with your  
4 Senate District 11 campaign?

5 MR. RUSSO: Yeah. I don't -- do we have  
6 a protective order in place here?

7 MS. LEEPER: I don't believe that we do.  
8 We can talk about it after the fact. I don't want to  
9 make any sort of guarantees I can't follow-up on. I'm  
10 not going to be running out into the streets with a bull  
11 horn saying these people's names.

12 MR. RUSSO: Sure.

13 MS. LEEPER: It's just information I  
14 need.

15 MR. RUSSO: Okay.

16 MS. LEEPER: If you could provide me the  
17 names.

18 MR. RUSSO: Did -- so are you guys  
19 willing to agree -- and really, I'm going to have to get  
20 from most folks -- to use this only for purposes of  
21 this litigation?

22 MS. LEEPER: Yeah. I mean, I can't -- I  
23 can make promises on my behalf. I'm only going to use  
24 this for purposes of this litigation. You know,  
25 anything that goes into the public record, I can't

1 control. So I just don't want to make any -- I don't  
2 want to --

3 MR. RUSSO: Public record being?

4 MS. LEEPER: If for some reason this was  
5 filed with the court. You know, I don't -- I just  
6 don't --

7 MR. RUSSO: That's a different --

8 MS. LEEPER: -- want to make any promises  
9 that I can't --

10 MR. RUSSO: That's a totally different  
11 issue.

12 MS. LEEPER: Yeah. So I certainly won't  
13 be providing this information for any political  
14 purposes. I can tell you that personally.

15 MR. RUSSO: Maybe we can get the  
16 commitment from each of the -- counsel from each of  
17 these party groups --

18 MS. LEEPER: Yeah.

19 MR. RUSSO: -- that this -- this testimony  
20 is, again, only to be used for purposes of this  
21 litigation.

22 MS. LEEPER: So I obviously can't make  
23 any sort of guarantees on behalf of the other groups and  
24 I'd even have to consult my own counsel team to be sure.

25 Again, I'm -- I'm not going to use this

1 for any purposes outside of the purposes of this  
2 litigation. Unfortunately, just because it's not  
3 protected -- you know, we can definitely talk and we're  
4 not trying to get anyone in trouble.

5 That's certainly not my agenda or  
6 anyone's agenda on this call. It's just information.  
7 That's the purpose of the deposition. We've just got to  
8 do our information gathering and so --

9 MR. RUSSO: We all understand that.

10 MS. LEEPER: Yeah.

11 MR. RUSSO: The question is, are  
12 the other -- is there counsel on the zoom call that's  
13 willing to put on the record that they're willing to  
14 keep this part of his testimony, again, for -- protected  
15 for uses only in this litigation. I just need that -- I  
16 think I got it from you.

17 MS. LEEPER: Yeah. Let's -- let's hop  
18 off the record real quick.

19 MR. RUSSO: Well, we can put it on the  
20 record. I'm asking -- asking about the DOJ and someone  
21 from the organization.

22 MS. LEEPER: Yeah. I'm just saying let's  
23 just hop off so we're not burning time and we can figure  
24 it out. I also just frankly have to use the restroom.

25 THE VIDEOGRAPHER: Going off the record.

1 It's 10:05 a.m.

2 (Recess.)

3 THE VIDEOGRAPHER: We're back on the  
4 record. It's 10:24 a.m.

5 Q (BY MR. LEEPER) Okay. Just for the flow of  
6 conversation, we're going to put a pin in the previous  
7 question and circle back to it later.

8 A Okay.

9 Q So we were talking about your senate primary  
10 bid for District 11 in 2022; is that right?

11 A Yes.

12 Q Okay. Did you receive any endorsements from  
13 the NAACP?

14 A No.

15 Q Did you seek an endorsement from the NAACP?

16 A No.

17 Q Why not?

18 A Because it would not be helpful in the  
19 Republican primary.

20 Q Okay. And why would an endorsement from the  
21 NAACP not be helpful in the Republican primary?

22 A Because it's -- because they -- it's a  
23 Democrat organization. It's run by -- so that's. . .

24 Q And what -- what's the basis for your belief  
25 that the NAACP is a Democrat organization?

1           A     Based on the -- the leadership and who they  
2 endorse typically.

3           Q     And when you say "the leadership," are you  
4 referring to the national NAACP or Texas branch or a  
5 local branch? What do you mean by that?

6           A     I would say the leadership in all of the  
7 above.

8           Q     Okay. Did you seek an endorsement from  
9 LULAC?

10          A     No.

11          Q     Why not?

12          A     Because they would not give it. For the same  
13 reasons. Same reasons. I mean, they -- they tend to  
14 participate more in the Democratic process -- Democrat  
15 party process.

16          Q     And why do you believe that is?

17          A     I believe the leadership is engaged there for  
18 the same reasons as the NAACP leaderships engages in the  
19 Democrat party. I think there are lots of opportunities  
20 for the leadership of those organizations in the  
21 Democrat party.

22          Q     And what do you mean by that?

23          A     Opportunities for leadership -- for those  
24 leadership positions. Opportunities to grow in -- in --  
25 in -- or to be more involved with the Democrat party at

1 | higher and higher levels if you're involved with those  
2 | organizations.

3 | Q And are there less of those opportunities for  
4 | members of those organizations in the Republican party?

5 | A For the NAACP leadership and for the LULAC  
6 | leadership, there are probably no opportunities to -- to  
7 | rise to leadership in the Republican party.

8 | Q And why is that?

9 | A Because of those organization stance on many  
10 | issues.

11 | Q Which issues come to mind for you right now?

12 | A Pro-life is one.

13 | Q Any others?

14 | A Pro-family issues.

15 | Q And what are those?

16 | A Like marriage being defined as one man and one  
17 | woman. Those are two big issues that come to mind.

18 | Q Anything else?

19 | A I think those cultural issues are the two main  
20 | ones.

21 | Q Did you seek an endorsement from any other  
22 | minority community groups?

23 | A Minority community groups, no.

24 | Q Did you receive any endorsement from community  
25 | groups?

1 A No.

2 Q Did you seek endorsements from community  
3 groups?

4 A No.

5 Q Why not?

6 A Like I said previously, they generally are not  
7 involved in Republican primary.

8 Q And is that -- are you referring specifically  
9 to minority groups not being involved in the Republican  
10 primary? Is that what you're saying?

11 A No.

12 Q Just any community groups?

13 A I'm saying the community groups, the -- the  
14 organizations. I'm not talking about the minority  
15 community.

16 Q Yeah.

17 A I'm not talking about people. I'm talking  
18 about the organizations.

19 Q Got it. And so when I -- I was sort of  
20 broadening it out from minority community groups. I'm  
21 just asking about the general community groups like the  
22 Sierra Club or Rotary Club.

23 Did you seek any endorsements from groups  
24 like that?

25 A Oh, no.

1 Q Okay.

2 A Those either.

3 Q Okay. So I'd like to pull up another exhibit.

4 Before I do this actually, let me ask you a few more

5 sort of general questions.

6 What did you do as a part of your

7 campaign for Senate District 11?

8 A I spent way too much money for one. I -- my

9 wife would agree with that as well. I block walked. We

10 did television ads. We did YouTube ads. We did mail

11 pieces to residents. We did political forums.

12 I got endorsements from, you know, sort

13 of local community leaders in the -- that are

14 participating in the Republican primaries, so -- and

15 that's it. I raised money. I had to raise a lot of

16 money as well. Not enough but I raised some.

17 Q I know it can be expensive to run the

18 campaign.

19 A It can.

20 Q You said you spent lots of money. What would

21 you say are the top things that you spent money on?

22 A Probably advertising, TV advertising.

23 Q You mentioned block walking. Where did you do

24 that in the district?

25 A So I will knowledge I did not do a lot of

1 block walking, but mostly in -- in my neighborhood and  
2 in my community.

3 Q And that's Friendswood, you said?

4 A Correct. I didn't do a lot from time.

5 Q Did you choose to focus your block walking on  
6 any neighborhoods in particular?

7 A No.

8 Q How did you make the --

9 A As I said, I didn't do much.

10 Q How did you make the choices about where to do  
11 your block walking?

12 A You know, close to my house is what -- is what  
13 ended up happening, near as close to me physically.

14 Q You mentioned you sent out mailers; is that  
15 right?

16 A Correct.

17 Q How did you determine where to send those  
18 mailers?

19 A So what we do is -- we have a history of  
20 Republican primary voters and so what we do is we will  
21 mail to that universe with the assumption that they're  
22 going to vote in another Republican primary again.

23 Q And were -- did you look at those lists of the  
24 Republican primary voters at all?

25 A I didn't look at the list, no.

1 Q Okay. Were you told about them, I imagine, by  
2 your campaign staff?

3 A Yeah. So typically -- yes.

4 Q And did you have a campaign staff?

5 A No. I had a political consultant and that was  
6 it.

7 Q Do you know in which areas of the district the  
8 mailers were primarily going out to based on the  
9 location of those Republican primary voters?

10 A I do not.

11 Q You mentioned attending political forums; is  
12 that right?

13 A Correct.

14 Q Where were those forums being held?

15 A They were held all over the district by  
16 Republican groups, Republican organizations.

17 Q And what are some of those Republican groups  
18 and organizations that hosted political forums you  
19 attended?

20 A I went to one in Brazoria County. I can't  
21 remember the name of the group but the -- one was in  
22 Pearland. We did one in Texas City with the -- with the  
23 Republican club there. We did one in Lake Jackson,  
24 which we're going to have a lot of people at that event.

25 But Lake Jackson's actually not in the

1 district but it's going to be a lot of people in the  
2 district to attend that event. We did one in League  
3 City as well. And those are the ones that I can  
4 remember we were.

5 Q And do you have a recollection of the racial  
6 makeup of the crowd of these different forums?

7 A Who I saw there?

8 Q Yeah.

9 A Yes.

10 Q What's your recollection?

11 A What do you mean?

12 Q Of the racial makeup of the crowds?

13 A Predominantly Anglo, predominantly white with  
14 some -- some African Americans there, some Hispanic  
15 Americans there but predominantly white for sure.

16 Q And why do you think that is?

17 A I think tradition -- traditionally that group  
18 in certain times, the minority groups tended to sort of  
19 attend these events, attend -- attend events for the  
20 Democrat party.

21 Q And why do you think that was?

22 A Gosh, historically?

23 Q Yes, historically --

24 A What are you looking for exactly?

25 Q -- to the best of your knowledge.

1 | A It's hard to say. I mean, it's hard to say  
2 | why, you know, large groups of people vote a certain  
3 | way. I -- I think a lot of it has to do with  
4 | leadership. You know, A lot of the -- a lot of the  
5 | leadership that is in -- if the leadership's guiding a  
6 | certain direction, then I think a lot of people tend to  
7 | flow in that direction.

8 | Q And when you say "leadership," are you talking  
9 | about --

10 | A Leadership of organizations like NAACP or  
11 | LULAC or organizations you've talked about.

12 | Q Okay. And so you're saying that you think  
13 | it's tradition that's driving --

14 | A Yes.

15 | Q -- minorities to continue involvement more  
16 | with the Democratic party than the Republican party; is  
17 | that right?

18 | A Yes.

19 | Q And the tradition carrying over to today; is  
20 | that right?

21 | A That's not necessarily true in the Hispanic,  
22 | amongst -- amongst Latinos. It's certainly true amongst  
23 | African Americans.

24 | Q And when you say that's not true among  
25 | Latinos, what's your basis of that understanding?

1           A     Certainly the numbers of Latino voters in  
2 south Texas and in the State of Texas, they -- as many  
3 as 50 percent of Latinos are voting Republican now. So  
4 that's a change -- that's a significant change from  
5 previous.

6           Q     And what's your source for that statistic?

7           A     I've seen those numbers in different political  
8 meetings that I've been to and certainly our engagements  
9 of those groups has increased as well.

10          Q     And when you say "political means," you're  
11 referring the means of the Republican party?

12          A     Correct.

13          Q     And when you say "Our engagement of those  
14 groups," you're referring to the Republican party's  
15 engagement?

16          A     Correct. Correct.

17          Q     Have you seen any specific voting results  
18 broken down by race for Galveston County in particular?

19          A     I have not.

20          Q     Okay. I'd like to take look now at this  
21 exhibit. Let's see if the sound plays for you.

22                         (Exhibit 2 video displayed.)

23          Q     (BY MS. LEEPER) Okay. I'd like -- do you  
24 recognize that?

25          A     Yes.

1 Q What is it?

2 A It's an ad for my senate campaign.

3 Q And that was your primary campaign in 2022; is  
4 that right?

5 A Correct.

6 Q Okay.

7 MS. LEEPER: So I'd like to mark that as  
8 Deposition Exhibit 2. I realize that I actually failed  
9 to mark the previous video as Deposition Exhibit 1, so  
10 I'd like to retroactively do that now. My apologies.

11 MR. RUSSO: I was going to ask you about  
12 that.

13 MS. LEEPER: Yeah. All right. Thank  
14 you.

15 (Exhibit 1 and 2.)

16 Q (BY MS. LEEPER) Okay. So I'd like to ask you  
17 some questions about that video and breaking down sort  
18 of the policies that you mentioned in it.

19 You talk about fighting crime. How do  
20 you define fighting crime?

21 A Supporting policies that, you know, capture  
22 people who are committing crimes and -- and -- and then  
23 giving them a fair trial and putting them in jail if  
24 they're guilty. Preventing them from victimizing  
25 vulnerable communities.

1 Q And so what policies in particular do you  
2 support that you would see under the umbrella of  
3 fighting crime?

4 A Well, I think just -- I think elect --  
5 electing Republicans as district attorneys. You know,  
6 it's not -- that's not so much of a policy issue as it  
7 is a -- you know, a philosophical issue.

8 Q What do you mean by that?

9 A I think in large part, progressive district  
10 attorneys have allowed many criminals out of jail and  
11 they've victimized the communities even further.

12 And I believe that that's -- I think  
13 that's one way to fight crime is by having people in  
14 office who are about protecting the public as opposed to  
15 having a political philosophy.

16 Q And are there any other policies in particular  
17 you can think of that you would see under the umbrella  
18 of fighting crime that you would have pursued had you  
19 been elected to state senate District 11?

20 A Making sure that we support our police  
21 department and make sure that they're well financed and  
22 not defunded. Make sure that those police are well  
23 trained and make sure that they are -- helping support,  
24 keep communities safe -- vulnerable communities safe as  
25 opposed to, you know, demoralized and not. . .

1 Q Okay. So moving on. I'd like to ask, how do  
2 you define critical race theory?

3 A The way I define critical race theory is -- is  
4 teaching history in such a way that it -- it -- it sort  
5 of causes -- it sort of stirs up the offenses of the  
6 past.

7 You know, I think that certainly no one  
8 denies the past races in this country but I think  
9 that -- that -- that we've come a long way. I think  
10 critical race theory makes racial relations worse and  
11 that's why we're opposed to it.

12 Q Why did you highlight fighting critical race  
13 theory as one of your main platform points?

14 A 'Cause I think it's an issue that is extremely  
15 important to -- to many, many, many, many people today.  
16 I think it's an issue that adversely affects all  
17 communities.

18 Q Who were you trying to appeal to with your  
19 platform point of fighting critical race theory?

20 A I was -- Republican primary voters.

21 Q Did you consider how minorities might react to  
22 your platform point of fighting critical race theory?

23 A Did I consider it?

24 Q Yes.

25 A Yes.

1 Q What did you consider about it?

2 A I considered it would require explanation.

3 Q Why is that?

4 A Because the leadership's position is different  
5 than that. Leadership of NAACP, leadership of LULAC is  
6 opposed to that.

7 Q What is your understanding -- or why do you  
8 believe that the minority leadership of those groups is  
9 opposed to the idea of fighting critical race theory?

10 A Why do I think the leaders are opposed to the  
11 idea of fighting of political race theory. 'Cause  
12 there's a -- there's opportunities, you know, financial  
13 and otherwise in promoting an offense, past offense.

14 Q What kinds of opportunities are you referring  
15 to?

16 A Financial, political.

17 Q What do you mean by financial opportunities?

18 A Well, there's -- I think a lot of people have  
19 gotten very wealthy exploiting racial issues.

20 Q How so?

21 A Television programs, you know, television  
22 spots, political positions.

23 Q You said that -- and correct me if I'm wrong  
24 or misstating what you said earlier.

25 A Sure.

1 Q I think you said no one would deny history of  
2 racism in this country; is that right?

3 A Correct.

4 Q Do you think there's also a history of racism  
5 in Galveston County?

6 MR. RUSSO: Objection, vague and  
7 ambiguous.

8 A You're asking me that?

9 Q (BY MS. LEEPER) Yes.

10 A So what's -- ask me the question again,  
11 please.

12 Q Yeah. Do you believe there's a history of  
13 racism in Galveston County?

14 MR. RUSSO: Objection, vague and  
15 ambiguous.

16 A I haven't experienced it personally. I would  
17 have to make an assumption to say that.

18 Q (BY MS. LEEPER) Are you aware of a history of  
19 segregation in Galveston County?

20 A Yes.

21 Q What do you know about that history?

22 A My dad went to Lincoln High School.

23 Q And what does that mean for a judge who  
24 doesn't who doesn't know Lincoln High School is or what  
25 that is?

1 | A It was a segregated high school when he was a  
2 | boy.

3 | Q Did you ever have conversations with your  
4 | father about his experience going to a segregated high  
5 | school?

6 | A Yes.

7 | Q Did you ever have any conversations about how  
8 | that might have impacted him?

9 | A Yes.

10 | Q What's sort of the summary of -- of your  
11 | conversations there?

12 | A The summary of it was, certainly, they were  
13 | separate. They were not equal. He felt like he was  
14 | more disciplined and better educated there. That was  
15 | his opinion. Not that it was fair but. . .

16 | Q Are there any other instances of segregation  
17 | that you're aware of that took place in the past in  
18 | Galveston County?

19 | A No, that's it. That's a big one.

20 | Q It's a very big one, yeah.

21 | A That's it.

22 | Q All right. So headed back to this video that  
23 | we watched earlier. You also talked about securing our  
24 | border.

25 | What policies do you support that you

1 would see under the umbrella of securing our border?

2 A Clearly walls, barriers work. That would be  
3 one.

4 Q Anything else?

5 A Having a organized system by which we allow  
6 people into the country is another. You know, making  
7 sure that -- I think those are the main things, securing  
8 the border, making sure people don't come here  
9 illegally, but having a door by which they can get here.

10 Q Why did you highlight securing our border as  
11 one of your main platform points?

12 A I think that's a big national issue now. It  
13 certainly was during the primary.

14 Q Do you view that as a big issue specifically  
15 for Senate District 11?

16 A Yes.

17 Q Why is that?

18 A I think it's a big issue for all Americans and  
19 Senate District 11 is not any different way. We're in  
20 Texas. We're in a border state. So I think it affects  
21 everyone really. So Senate District 11 is a part of  
22 that.

23 Q So you talked about sort of what proactive  
24 things you want to do to secure the border, what  
25 policies would be included under that.

1                   What are you securing the border against?

2                   Like, what's the underlying purpose or reason that  
3                   that's a priority?

4                   MR. RUSSO:   Objection, asked and  
5                   answered.   You can answer again.

6                   Q       (BY MS. LEEPER)   You do have to answer the  
7                   question.

8                   MR. RUSSO:   He does if he has a different  
9                   answer than before.

10                  A       Well, I think it's stopping people from coming  
11                  here illegally.

12                  Q       (BY MS. LEEPER)   And what's the harm of people  
13                  coming here illegally, I guess, is what I'm asking?

14                  MR. RUSSO:   Objection, calls for  
15                  speculation.

16                  Q       (BY MS. LEEPER)   To your understanding, what  
17                  do you believe the harm of people coming here illegally  
18                  is?

19                  A       I think it's -- it's -- well, it's unfair to  
20                  the people who are here legally.   It's a big harm.   You  
21                  know, there -- there are lots of -- lots of government  
22                  services that we provide for people who are here  
23                  legally.

24                               If we have lots of people coming  
25                               illegally, then we are less able to provide those

1 services to people who are here legally.

2 Q Who are you trying to appeal to with your  
3 platform point of securing our border?

4 A Well, that appeals to a lot of people. That  
5 appeals to a lot of Latinos. That appeals to a lot of  
6 African Americans. That appeals to a lot of Republican  
7 primary voters as well. Certainly that ad is geared  
8 towards Republican voters.

9 Q Did you consider how minorities might react to  
10 your platform point of securing our border?

11 A No. I thought most of them would react  
12 positively.

13 MR. RUSSO: What did you say? Keep your  
14 voice up.

15 THE WITNESS: Sure.

16 Q (BY MS. LEEPER) But you said you didn't  
17 consider it at the time?

18 A No.

19 Q Okay. So I'd like to now jump to discussing  
20 your appointment to the Galveston County commission.

21 You were originally appointed to the  
22 Galveston County commissioner's court; is that correct?

23 A Correct.

24 Q And when was that?

25 A It was in May.

1 Q Of 2022?

2 A 2022.

3 Q How did you come to be appointed to the  
4 commissioner's court?

5 A Judge Mark Henry appointed me.

6 Q Do you know how Judge Henry came to consider  
7 you for the appointment?

8 A No.

9 Q Did you proactively reach out to Judge Henry  
10 to express your interest in the appointment?

11 A No.

12 Q So did he reach out to you to let you know  
13 that he was interested in appointing you?

14 A Yes.

15 Q Did he tell you that someone had recommended  
16 you or threw your hat in the ring?

17 A No.

18 Q Did he tell you why he wanted to appoint you?

19 A He said I was more than qualified to do it.

20 Q And what did he say your qualifications were?

21 A He didn't say that.

22 Q When did that conversation where Judge Henry  
23 reached out to you occur?

24 A I don't know exactly but it was a few days  
25 before the appointment.

1 Q Okay. So sometime in that --

2 A May.

3 Q May, okay.

4 A Yeah. It was May.

5 Q How did you respond in that conversation with  
6 Judge Henry?

7 A I said I would have to think about it, pray  
8 about it, talk to my family and I'll let you know.

9 Q And when did you let him know?

10 A Probably days later.

11 Q How long about did that conversation with  
12 Judge Henry last to your recollection?

13 A It was very short.

14 Q Okay.

15 A It was a very brief conversation.

16 Q Is there anything in that conversation that  
17 you recall that you haven't mentioned?

18 A I recalled how short it was. That -- that's  
19 it but nothing else.

20 Q Okay.

21 A Yeah.

22 Q Had you had any conversations with Judge Henry  
23 prior to your appointment?

24 A Like, did I know him?

25 Q Yeah.

1 A Yeah. So I did know him. We were not close.

2 Q Okay.

3 A Like close friends or anything.

4 Q When did you first become acquainted with  
5 Judge Henry?

6 A Probably when he ran for county judge and I --  
7 that must have been 2010, I think. I think that's  
8 right.

9 Q And how did you become acquainted?

10 A Just 'cause he ran for the office.

11 Q Did you have any conversations with him  
12 regarding that race?

13 A No, I did not.

14 Q And had you had occasion to speak with Judge  
15 Henry from 2010 until he called you up in 2022?

16 A Other than "Hello, you know, how are you?" We  
17 knew of each other. Like I say, we didn't talk a lot  
18 and so we just met and knew through the political  
19 process. So no, really had not had a conversation with  
20 him prior to that.

21 Q And you're not aware then of what led Judge  
22 Henry to consider you for the position; is that right?

23 A Correct.

24 Q Okay. What do you believe qualifies you for  
25 the role of county commissioner?

1           A     I think what qualifies me is -- is, I've been  
2 active in the district and I've been politically active  
3 in the district.

4                     And so I've served the public from a  
5 ministerial -- from ministry perspective, medical  
6 perspective and politically and so -- and I just have  
7 lots of relationships within the community. I think  
8 those are the most important things that qualify me for  
9 it.

10           Q     So earlier we spoke about some endorsements  
11 and campaigning you did on behalf of Kim Clark --

12           A     Okay.

13           Q     -- more recently in 2018 and 2022, and we  
14 also spoke about some campaigning for different  
15 Republican candidates for county commission in the  
16 1990s. Apart from --

17           A     So those weren't county commissioners, I'm  
18 sorry.

19           Q     Oh, excuse me. What roles were those?

20           A     One was Lonnie Cox as a district court  
21 judge.

22           Q     Okay.

23           A     And then one was Cheryl Johnson. She's --  
24 she's the tax assessor and collector.

25           Q     Okay. Thank you for that clarification.

1 A Sure.

2 Q So apart from those instances that we've  
3 already discussed, had you otherwise previously been  
4 involved in Galveston County government or elections?

5 A So I did chair one of the senate districts  
6 conventions that they had of the party.

7 Q So that was a senate district convention for  
8 District 11 --

9 A Correct.

10 Q -- the Republican party; is that right?

11 A Correct. Correct.

12 Q Anything else as it relates to Galveston  
13 County government?

14 A I don't think so, no.

15 Q Prior to your appointment, had you ever  
16 attended meetings of the Galveston County court of  
17 commissioners?

18 A Not very many, no.

19 Q Do you recall any particular instances of  
20 attending those meetings?

21 A I don't. I don't. It's been a while.

22 Q Do you recall ever submitting public comment  
23 to the county commission?

24 A No, not done that.

25 Q All right. So I'm going to introduce an

1 exhibit. This should be quick.

2 MS. LEEPER: And I'll drop it into the  
3 chat of the zoom so everyone has it, and I'll also open  
4 it up in screen share.

5 Q (BY MS. LEEPER) Do you see that document?

6 A I do.

7 Q Do you recognize it?

8 MR. RUSSO: Can you scroll it?

9 Q (BY MR. LEEPER) Yeah. I'm happy to scroll it  
10 and --

11 A Can you scroll down?

12 Q -- take as much time as -- yeah, there's  
13 nothing at the bottom except for the fax number.

14 A Okay.

15 Q And I'll scroll back up to the top so you can  
16 see from the top.

17 A So I haven't -- I haven't seen that, no.

18 Q Okay.

19 A But I mean, I -- I understand it. I haven't  
20 seen it.

21 Q Okay. And what do you understand it to be?

22 A "In the event of a vacancy in the office of  
23 Commissioner's -- have sole jurisdiction."

24 It says, "Whereas, I, County Judge Mark  
25 Henry, appoint Dr. Robin Armstrong as Galveston County

1 Commissioner, Precinct 4, to fulfill the remaining  
2 current term due to the untimely passing of Commissioner  
3 Ken Clark" dated May 17th -- May 4th. I mean, May 17th,  
4 I'm sorry. May 17th of 2022.

5 Q Okay.

6 MS. LEEPER: So I'll go ahead and mark  
7 this as Exhibit 3 to the deposition.

8 (Exhibit 3.)

9 Q (BY MS. LEEPER) I'm going to share one more  
10 exhibit now. Once again, feel free to take sort of as  
11 much time as you need and let me know when you want me  
12 to scroll down.

13 A (Witness examined document.) You can scroll  
14 down. All right. There we go. Okay. Got it.

15 Q Okay. Have you seen this document previously?

16 A I know that information. I can't say that  
17 I've seen this exact document. You know, I -- I -- this  
18 is press release here. So I, you know, approved the  
19 contents of it, but I've not seen this exact document.

20 Q And when you say you approved the contents of  
21 this document, did you provide this bio or information  
22 to the county for them to release?

23 A Yes.

24 Q And so did you draft this language and then  
25 provide it to the county?

1 A No. I didn't draft the language.

2 Q Okay. You just provided the information  
3 within it?

4 A Well, I gave them the cite to go to.

5 Q Okay. What's that cite?

6 A It was my senate district site.

7 Q Okay.

8 A It all had the information there. So I just  
9 kind of -- I just sent people there.

10 Q Okay.

11 A And they can cut and paste as they see fit.

12 Q Got it.

13 MS. LEEPER: I'm going to mark that as  
14 Deposition Exhibit 4 and I will also it drop in the chat  
15 so people can reference that in the future.

16 (Exhibit 4.)

17 MR. RUSSO: Counsel, just -- can you  
18 drop -- drop the exhibits down before you ask  
19 questions.

20 MS. LEEPER: Yes, I can. I apologize. I  
21 forgot to do it that time. That was just a mistake.

22 Q (BY MS. LEEPER) Okay. So you subsequently --  
23 you were originally appointed in May of 2022, correct?

24 A Yes.

25 Q And then you subsequently were elected in

1 November of 2022; is that right?

2 A Yes.

3 Q To represent Precinct 4?

4 A Yes.

5 Q Okay. What activities, if any, did you do for  
6 the campaign for your election to Precinct 4 in November  
7 of 2022?

8 A I did not do a lot for that campaign.

9 Q And why is that?

10 A 'Cause I didn't have an opponent.

11 Q You said you didn't do a lot. What did you  
12 do?

13 A I introduced myself to the leaders in the  
14 community. I went and met the mayor of La Marque and  
15 the mayor of Texas City and the mayor of Hitchcock and  
16 met with all of them and the mayor of Friendswood and  
17 the mayor of Santa Fe.

18 So I met with all the mayors. I also --  
19 just introducing myself. I, you know, just started  
20 doing the job as a -- as a -- as a county commissioner  
21 as well. So going to the different meetings, going to  
22 the different chamber meetings as well and so I started  
23 doing the job since I did not have an opponent in  
24 November.

25 Q You mentioned sort of introducing yourself to

1 leaders in the community. You mentioned the mayors.

2 Were there any other community leaders you introduced  
3 yourself to?

4 A Some of -- some of the local superintendents,  
5 school district folks as well and some city council  
6 members and such. Yeah. There was a -- there was a lot  
7 of people I met over the last few months and then  
8 leading up to November as well.

9 Q And were those primarily elected officials in  
10 the district, in the precinct?

11 A Predominantly, I think. Just introducing  
12 myself to them, how I might of service to them in their  
13 communities.

14 Q In those meetings with the different elected  
15 officials, did they make any particular request of you  
16 or state their policy priorities, things like that?

17 A No. I -- I certainly had some concerns, you  
18 know, that I brought up with them. I mean, my -- my  
19 goal as a commissioner is to, you know, make sure that I  
20 properly serve the people of La Marque and Texas City  
21 and Friendswood and Dickinson and League City.

22 So those persons in leadership there are  
23 the ones I met. You know, they -- I can't remember any  
24 particular concerns that they had but I certainly, you  
25 know, told them some things, I think, that certainly

1 could be -- you know, things that were coming on the  
2 horizontal that would be helpful to them.

3 Q And so what were some of those things that you  
4 brought up to them?

5 A Economic opportunity issues and -- and in  
6 particular Texas City with their port and so that --  
7 that mayor there, I was talking to him about some things  
8 and protecting his port 'cause that's a very important  
9 port for the City of Texas City.

10 And -- and then in -- in La Marque, just  
11 one of the big issues is crime, criminal -- criminal  
12 activity. So I wanted to be able to support him  
13 certainly since I grew up in that community. Support  
14 him in that. No particular policies, though. It was  
15 mostly introduction.

16 Q And you mentioned that you just started doing  
17 the job of commissioner and you mentioned going to  
18 meetings of the Galveston County commissioner's court --

19 A Correct.

20 Q -- and also chamber meetings. What else do  
21 you consider to be the job of a commissioner?

22 A Learning -- learning what the constituents of  
23 what those communities need and that was one of my  
24 reasons for going to -- talking to the different mayors.  
25 I think that -- that -- and speaking with the different

1 city council folks and going to different churches  
2 and met with some pastors as well.

3 So learning the needs of the community is  
4 just, you know, all encompassing. The more people you  
5 meet, the more people you're engaged with, I think  
6 you're going to be able to more effectively serve that  
7 community. I mean, that's my goal is to serve the  
8 community, so. . .

9 Q In your election campaign in 2022, I know you  
10 said you didn't do much. Did you seek any endorsements  
11 for that race?

12 A No.

13 Q Did you receive any endorsements for that  
14 race?

15 A No. But I did get 100 percent of the vote.

16 Q All right. What areas comprise the precinct  
17 that you represent?

18 A I'm sorry?

19 Q I apologize. I'll speak up. What areas  
20 comprise the precinct which you represent?

21 MR. RUSSO: Object as vague.

22 Q (BY MS. LEEPER) Which areas --

23 A Cities?

24 Q Cities, counties, neighbors, whatever --

25 A Okay.

1 Q -- you want to describe that comprise  
2 district -- Precinct 4.

3 A So I think it comprises part of Friendswood.  
4 It's where I live. Part of League City, part of  
5 Hitchcock, part of Santa Fe. There's some  
6 unincorporated areas in Algoa and around that area  
7 around Santa Fe and then part of La Marque and Texas  
8 City, so -- and Dickinson as well. Part of Dickinson's  
9 in it as well. So it touches almost every city in  
10 Galveston County other than Galveston. And I've lived  
11 in most of those cities as well.

12 Q You mentioned that those places -- it  
13 obviously touches on almost every city in Galveston  
14 County. Do those different cities have distinct  
15 priorities and concerns that would affect them?

16 A Yes.

17 Q What would you say some of the primary  
18 concerns for Friendswood are?

19 A Growth, drainage. Those are going to be  
20 two of the -- two of the biggest issues.

21 Q How long about League City?

22 A Growth, drainage, yeah. I think those are --  
23 those are probably two of the biggest issues there.

24 Q How about Hitchcock?

25 A Probably growth in Hitchcock as well and --

1 and with their schools and kind of -- that's one of the  
2 things that the mayor brought up and --

3 Q Okay. I'm going to keep going but I'm going  
4 to ask you to speak up for the people on the phone.

5 A Sure. Sure.

6 Q How about Santa Fe, what are the primary  
7 concerns of that community?

8 A Probably growth, drainage. Big issues there  
9 as well. School safety is a big issue. Had the  
10 incident there, so. . .

11 Q What about La Marque?

12 A La Marque, crime, big issue there and growth  
13 and drainage.

14 Q And how about Texas City?

15 A Growth, drainage, crime and schools. I  
16 would -- I would put schools in La Marque as well.

17 Q Are there any communities that I failed to  
18 mention?

19 A I think -- did you mention Dickinson?

20 Q I did not. How about Dickinson?

21 A Same. Drainage is a big issue for them,  
22 growth.

23 Q Do you know the demographics of Precinct 4?

24 A Not -- not definitively. I've not looked at  
25 demographics for Precinct 4 in detail. So no, I don't

1 know them fully.

2 Q Do you have a sense of them?

3 A General sense.

4 Q And what is that based on?

5 A Observation.

6 Q And what is your general sense of the

7 demographics of Precinct 4?

8 A Probably in the more southern part of my

9 district, there's more African Americans.

10 Q Do you have any other understandings of the

11 demographics of your precinct?

12 A There is a growing Hispanic, Latino

13 population.

14 Q And what do you base that information on?

15 A Just observation, conversation, observation.

16 I really don't know. That's a -- that could be wrong

17 but -- but I just -- just my observations.

18 Q Yeah. Since you've been in office in May,

19 have constituents reached out to you?

20 A Yes.

21 Q About how often?

22 A Not very often.

23 Q What have constituents reached out to you

24 about?

25 A Drainage and -- issues and then also just the

1 expense and the issues dealing with the bureaucracy in  
2 folks trying to build a home. Those are the main things  
3 that folks have engaged me about.

4 Q What do you mean by the expense and  
5 bureaucracy?

6 A Well, just dealing with -- dealing with the  
7 government getting permits, permitting and stuff like  
8 that. That's the main thing that people have reached  
9 out to me about.

10 Q And what have you done to be responsive to  
11 your constituents request about drainage?

12 A You know, I've told them the work that the  
13 county has done, which is we have a master drainage  
14 plan, and assure them that, you know, from federal and  
15 state organizations, we're trying to get, you know,  
16 funding to -- to -- to improve the drainage situation of  
17 the county. Retention ponds and all that, build that,  
18 so that's -- that's --

19 Q And what have you done to be responsive to  
20 your constituent's concerns or requests about expense  
21 and bureaucracy and getting permitting for building  
22 houses?

23 A Just try to personally help, have my assistant  
24 help them with that process.

25 Q How so?

1           A     Just kind of guide them to where they need to  
2 go, guide them in the process and usually -- usually  
3 they've made a mistake of some kind and so help them do  
4 that.

5           Q     Did you -- scratch that.

6                     Do you know what racially polarized  
7 voting is?

8           A     Racially polarized voting, no. How -- can you  
9 define it for me?

10          Q     No. I just wanted to know if you knew what it  
11 was. That was truly my question.

12          A     Okay.

13          Q     So answer is no. Have you reviewed election  
14 results for this region broken down by race?

15          A     No.

16          Q     Do you have any basis to believe that you were  
17 the minority candidate of choice to represent Precinct  
18 4?

19          A     Minority meaning race?

20          Q     Yes.

21          A     So repeat that question again. It's an odd  
22 question and kind of -- I don't understand it fully.

23          Q     Yeah. I can repeat it again and then if you  
24 don't understand it, I'm happy to rephrase.

25          A     Sure. Go ahead.

1 Q So the way that I said it before was: Do you  
2 have any basis to believe that you were the minority  
3 candidate of choice to represent Precinct 4?

4 A No.

5 Q Okay. I'm at a bit of break in questions and  
6 so I think it might be a good time to hop off the record  
7 for a ten-minute breather. Does that work for you?

8 A Sure.

9 MS. LEEPER: All right. Let's get off  
10 the record.

11 THE VIDEOGRAPHER: Going off the record.  
12 It's 11:19 a.m.

13 (Recess.)

14 THE VIDEOGRAPHER: Back on the record.  
15 It's 11:42 a.m.

16 Q (BY MS. LEEPER) Commissioner Armstrong, did  
17 you speak with anyone during the break apart from your  
18 attorney?

19 A Yes.

20 Q And who was that?

21 A One of the administrators of the hospital.

22 Q Okay. Did you speak about anything related to  
23 this deposition and apart from your attorneys?

24 A No, I did not.

25 Q Okay. Great. Just got to ask. Were you at

1 | all involved in the Galveston County commissioner

2 | court's redistricting process in 2021?

3 | A No.

4 | Q Why not?

5 | MR. RUSSO: Objection, calls for

6 | speculation.

7 | Q (BY MS. LEEPER) I don't want you to

8 | speculate. I'm asking why you personally did not become

9 | involved in the redistricting in Galveston County in

10 | 2021.

11 | A No particular -- I didn't know about it would

12 | be a -- I mean, I didn't know about it at the time.

13 | Q Were you aware of a November meeting that took

14 | place to hear public comments regarding proposed

15 | redistricting plans?

16 | A No.

17 | Q Do you have an opinion regarding the map that

18 | was adopted by the Galveston County county

19 | commissioner's court that is being challenged in this

20 | case?

21 | A No.

22 | Q Do you have an opinion regarding the prior map

23 | that was replaced in the 2021 redistricting?

24 | A No.

25 | MR. RUSSO: Objection, vague.

1 Q (BY MS. LEEPER) Do you have an opinion about  
2 the fact that under the new plan, Precinct 3 is no  
3 longer a majority minority district?

4 MR. RUSSO: Objection, calls for  
5 speculation, vague and ambiguous, misstate's the record  
6 but --

7 Q (BY MS. LEEPER) All right. So I'm going to  
8 state my question again.

9 Do you have an opinion about the fact  
10 that under the new plan, Precinct 3 is no longer a  
11 majority minority district?

12 MR. RUSSO: Objection, vague and  
13 ambiguous, assumes facts that are not evidence. To the  
14 extent you can answer the question, you can.

15 Q (BY MS. LEEPER) You can answer.

16 MR. RUSSO: To the extent you can answer.

17 A So I mean, I really -- an opinion, I don't  
18 think much about it, so I don't think I really have a --  
19 you have forced me to think about it by -- by calling me  
20 here but I -- I really had nothing to do with -- with  
21 any of that. I wasn't involved with it at all. So I  
22 don't have an opinion as to that.

23 Q (BY MS. LEEPER) Do you know Commissioner  
24 Holmes?

25 A I do.

1 Q Did you know him prior to joining the  
2 commissioner's court?

3 A I did.

4 Q Prior to joining the commissioner's court,  
5 what was your impression of Commissioner Holmes?

6 A I thought he was a nice guy, smart guy.

7 Q How about now, what's your impression of  
8 Commissioner Holmes?

9 A It hasn't changed.

10 Q Do you know what precinct you were in under  
11 the previous redistricting plan?

12 A I'm --

13 MR. RUSSO: Let me object as ambiguous.  
14 Are you saying the previous precinct?

15 MS. LEEPER: Yes. In the previous plan,  
16 where did he live. Like, in which precinct did he  
17 live.

18 MR. RUSSO: Okay. You just confused me  
19 with plan.

20 MS. LEEPER: Yeah. Yeah, of course.

21 Q (BY MS. LEEPER) So I'll rephrase. Under the  
22 previous districts or precincts, which precinct did you  
23 live in?

24 A I think I was in Precinct 4.

25 Q But you're not sure?

1 A I am pretty sure I was in Precinct 4.

2 Q Do you recall casting ballots for the  
3 Galveston County commissioner's court?

4 A Yeah. Yeah. That's what I'm thinking about  
5 and yes. I -- I -- I have -- we used to have -- you  
6 just fill in one letter, R, and it covers the ballot.  
7 So I voted full Republican. So there are time I didn't  
8 go all the way down the ballot.

9 Q And that's sort of the straight down the  
10 ticket --

11 A Correct.

12 Q -- voting?

13 A Correct.

14 Q Were you at all involved in the Galveston  
15 County commissioner's court redistricting process in  
16 2011?

17 A No.

18 Q And why did you not get involved in that  
19 process?

20 A Just -- I wasn't asked and I really didn't --  
21 wasn't involved at all in Galveston County.

22 Q Are you aware that Galveston County has been  
23 accused of violating the Voting Rights Act in the  
24 past?

25 A No.

1 Q This may go without saying but I'm just going  
2 to go through some questions specifically just to  
3 make --

4 A Sure.

5 Q -- sure you don't remember --

6 A Sure.

7 Q -- or aware of it. Are you aware of a  
8 lawsuit regarding the Galveston County commissioner's  
9 court 2011 redistricting?

10 A No.

11 Q Are you aware of a lawsuit regarding the 2013  
12 justice's the peace reduction?

13 A No.

14 Q Are you aware of a consent decree that  
15 Galveston County entered into with the Department of  
16 Justice in 1992 which created a majority minority  
17 district for the Galveston County justices of the  
18 peace?

19 A No.

20 Q Were you at all involved in any prior  
21 redistricting cycles in Galveston County?

22 A No.

23 Q Commissioner Armstrong, what makes you support  
24 a candidate for office?

25 MR. RUSSO: Object as vague and

1       ambiguous.

2           A       A person of integrity, conservative values as  
3       I outlined earlier. Those are the main things.

4           Q       (BY MS. LEEPER) Do you support candidates  
5       merely because their race is the same as yours?

6           A       No.

7           Q       Do you feel represented by an elected official  
8       just because their race is the same as yours?

9           A       No.

10          Q       Do you believe that you automatically  
11       represent your African American constituents just  
12       because you yourself are African American?

13          A       No.

14          Q       Switching gears a little bit. You were acting  
15       as a medical professional during the height of the  
16       COVID-19 pandemic, correct?

17          A       Yes.

18          Q       In your experience, how did COVID-19 impact  
19       the African American community?

20          A       It affected the African American community  
21       more because of risk factors such as diabetes and  
22       obesity and low Vitamin D levels. So we had a -- more  
23       of an impact in the African American community.

24          Q       And when you say more of an impact in the  
25       African American community, are you saying compared to

1 | the white community?

2 | A Compared to any community.

3 | Q Okay.

4 | A Also, it affected Latinos as well.

5 | Q And when you say it affected Latinos as well,

6 | are you saying it affected Latinos more than the

7 | white --

8 | A More so.

9 | Q -- community?

10 | A Generally, yes.

11 | Q Okay. You also were speaking about your

12 | previous experience working in Galveston County and

13 | doing health screenings and things of that nature.

14 | A Uh-huh.

15 | Q Are there any other health issues aside from

16 | COVID-19 that you, in your experience, have seen impact

17 | the African American community disproportionately?

18 | A Hypertension, diabetes, obesity.

19 | Q How about the Latino community?

20 | A Diabetes, probably obesity as well.

21 | Q Have you observed any differences in access to

22 | health care for the minority community?

23 | A Have I experienced it?

24 | Q Observed it.

25 | A Observed it?

1 Q Yes.

2 A Okay. I have observed it.

3 Q How so?

4 A I think that -- I think that the access is --  
5 is there. I think certainly if you lack, you know,  
6 health insurance coverage, you know, you may not have,  
7 you know, the -- sort of the level of care that you  
8 might want. I shouldn't say the level of care 'cause  
9 the level of care is there.

10 In my practice, we provide care for  
11 everyone irrespective of the insurance status but I  
12 think that, you know, maybe there's not as many clinics.  
13 There are -- there are health clinics that are there but  
14 I think certainly lack of insurance is a problem for  
15 everybody.

16 Q And have you observed that lack of insurance  
17 is a problem that impacts minorities at a greater  
18 rate?

19 A Generally.

20 Q You mentioned earlier that you had supported  
21 Lonnie Cox; is that correct?

22 A Yes.

23 Q And could you remind me what race that was  
24 in?

25 A He's a district court judge.

1 Q Are you aware of a lawsuit between Lonnie Cox  
2 and Galveston County?

3 A I am aware of it.

4 Q What do you know about that lawsuit?

5 A Well, it had to do with separation of powers  
6 between, I think, the judges and -- and the court,  
7 commissioner's court.

8 Q And what do you mean by that?

9 A I don't know the details.

10 Q Okay.

11 A I don't know the details. That's -- that's  
12 generally kind of what I know about it. I know it went  
13 to the supreme court but I don't -- I don't know the  
14 details of it.

15 Q If I told you it had to do with the  
16 termination of Boni Quiroga, would that ring any bells  
17 for you?

18 A That name is a -- Quiroga is a very common  
19 name in Galveston County for sure but I don't know. No,  
20 it doesn't.

21 Q Is there anything else about sort of that  
22 lawsuit or dispute that you know about that I haven't  
23 asked you yet?

24 A I know that it was -- you know, there's not  
25 anything in particular. It was a disagreement amongst

1       Republicans, I know that.

2           Q       And did you have a stance on sort of the  
3       separations of power dispute that was at issue there?

4           A       No. I didn't know it in that much detail.

5           Q       And do you have a stance on it now?

6           A       No, not really. It's -- I think it's over  
7       now. It's been settled, so. . .

8           Q       Okay. Okay. So I'm nearing the end of my  
9       questions now. So I'm going to go ahead and actually  
10      loop back to our discussion earlier.

11          A       Okay.

12          Q       And speaking about the individuals that you  
13      had spoken to in connection with your state senate  
14      District 11 bid and I -- I am just going to ask you if  
15      you could give me the names of those individuals.

16          A       It was -- it was an individual.

17          Q       Okay.

18          A       He was speaking with others as well. His name  
19      is Sam Collins.

20          Q       And what is his role?

21          A       His role?

22          Q       Does he have any particular role as a leader  
23      of a community group or pastor. What's his --

24          A       Yeah. He kind of -- he leads the -- he's --  
25      he leads the -- kind of the -- there's a mural in

1 Galveston, an African American mural, and he's like the  
2 head of the African American museum there in Galveston  
3 on the Strand and he's very active. Sam is a really  
4 good guy but he's -- he does very engage with the  
5 community.

6 Q And you said you had met with him. Was that  
7 on one occasion or more than one occasion?

8 A Just one occasion.

9 Q Okay. What was the substance of your  
10 discussion?

11 MR. RUSSO: Objection, asked and  
12 answered.

13 A Yeah. That -- that was -- that was it and  
14 then -- and then that was a brief part of the discussion  
15 and then we just talked about general things going on in  
16 the community.

17 Q (BY MS. LEEPER) Okay. And I just -- I'm not  
18 trying to make you answer again. I just want to make  
19 sure that we got the earlier. Your discussion was  
20 regarding potentially an endorsement in the Republican  
21 primary.

22 A Not an endorsement.

23 Q Not an endorsement, okay. Can you clarify.  
24 Sorry. I just don't want to muddle it since we talked  
25 about it earlier.

1 MR. RUSSO: Objection, asked and  
2 answered.

3 A Yeah. These were just the potential for a  
4 coordinated effort to get people to cross party lines to  
5 vote Republican primary.

6 Q (BY MS. LEEPER) Okay. And you ultimately did  
7 not pursue that?

8 A That did not happen. That did not -- it did  
9 not happen.

10 Q Okay. And you said that Sam Collins was  
11 speaking with others. Did he --

12 A I don't --

13 Q -- tell you specifically of any others he was  
14 speaking with?

15 A No, he did not.

16 Q Okay.

17 A I -- someone brought it up to him, you know,  
18 and so -- that's what he said, someone brought it up to  
19 him. So I don't --

20 Q But he didn't say who?

21 A No.

22 Q Okay. Well, that is all the questions that I  
23 have for you today. There are the other plaintiffs'  
24 group but I think that they had thought about maybe  
25 taking lunch before they asked you questions.

1 MS. LEEPER: So if we can hop off the  
2 record.

3 THE VIDEOGRAPHER: Going off the  
4 record --

5 MR. RUSSO: No, wait. Do you want to  
6 take lunch right now or keep going?

7 THE WITNESS: I would just as well keep  
8 going if we -- if we could.

9 MS. LEEPER: All right. Well, let's at  
10 least grab a break.

11 THE WITNESS: Okay.

12 MR. RUSSO: How much time do you need?

13 MS. LEEPER: For the break?

14 THE VIDEOGRAPHER: Do you want me to go  
15 off the record?

16 MR. RUSSO: No.

17 MS. LEEPER: Well, it's -- I'm going to  
18 pass the witness. So I would ask -- I'm not going to  
19 decide how long need this break needs to be. I think it  
20 would be one of the additional questioners and so I  
21 think you want to start talking with them now.

22 MR. RUSSO: Whoever's on the -- on the  
23 line, how long a break do you need, if any?

24 THE WITNESS: There's like 20 people on  
25 there.

1 MS. SPOTO: I think -- I mean, are you --  
2 are you opposed to taking a lunch break now?

3 MR. RUSSO: Yeah. The witness would  
4 rather just kind of keep going.

5 MS. SPOTO: Okay. Okay. Could we take  
6 maybe -- maybe a 15-minute break?

7 MR. RUSSO: No. The witness is here. I  
8 mean, if you need -- need to take five to get ready,  
9 that's fine but 15 minutes is -- I would rather not do  
10 that. We've got him here.

11 MS. SPOTO: How about 10?

12 MR. RUSSO: Five minutes.

13 MS. SPOTO: I want make sure -- we want  
14 to make sure --

15 MR. RUSSO: Five minutes.

16 MS. SPOTO: We want to make sure that we  
17 reduce overlap in questioning. We just want to be able  
18 to make sure that we can keep the witness here for a  
19 short amount of total amount of time as possible.

20 MR. RUSSO: Counsel, can you not come  
21 back in five minutes?

22 MS. LEEPER: I think the 10 --

23 MS. SPOTO: We would -- we would -- we  
24 would strongly prefer 10.

25 MR. RUSSO: Okay. Just let me get this

1 on the record. What I don't want to have happen is  
2 continued conferences with the various groups to come  
3 back and talk to the witness because you're wasting the  
4 witness's time.

5 He's here -- he's here to be examined and  
6 he's ready to go. So I don't understand why it would  
7 take 15 minutes to get ready for your own examination.

8 MS. LEEPER: Yeah. I'm happy to also put  
9 on the record, I think that the plaintiffs' group are  
10 seeking to make things better for the witness because we  
11 prepared separate outlines and so we want to insure that  
12 we're not repeating questioning.

13 And so our goal was actually to be  
14 courteous to the witness and save time by allowing  
15 counsel to go through their lines and take the time to  
16 insure that they're not going to be duplicating  
17 questions and getting asked and answered objections and  
18 so I think 10 minutes is pretty reasonable.

19 MR. RUSSO: Well, the reasonable way to  
20 do it is counsel goes after each other. That's how  
21 depositions are done.

22 MS. LEEPER: Uh-huh. Yeah.

23 MR. RUSSO: And so, again, you're wasting  
24 the witness's time by taking continued breaks.

25 MS. LEEPER: Well, I think 10 minutes is

1 more than fair. I think we're just going to go ahead  
2 and -- I'll hopping off the record and stepping out for  
3 10 minutes and I imagine that --

4 MR. RUSSO: Well, the witness is going to  
5 remain here then if that's --

6 MS. LEEPER: Okay.

7 MR. RUSSO: -- the way it's going to be.  
8 And we're going to keep -- stay on the record. So you  
9 guys can do whatever you want. If you want to walk out  
10 of the room and conference, go ahead. He'll -- he's  
11 here.

12 MS. LEEPER: I'll go ahead and allow the  
13 other plaintiffs' counsel to decide how to proceed but a  
14 10-minute break seems imminently reasonable to me.

15 MS. SPOTO: We definitely want to be off  
16 the record for this just to make sure -- we just want to  
17 keep things moving as quickly as we can for the  
18 witnesses.

19 THE VIDEOGRAPHER: I can't go off the  
20 record unless everybody agrees.

21 MS. LEEPER: Yeah. I mean, I will note  
22 that earlier when I asked to take a 10-minute break,  
23 you-all were gone for more than 20 minutes and so in  
24 terms of wasting the witness's time, we've attempted to  
25 be courteous.

1 MR. RUSSO: I get it. He was on a  
2 personal phone call dealing with work.

3 MS. LEEPER: Yeah.

4 MR. RUSSO: Which, again, is why he would  
5 like to get him done.

6 MS. LEEPER: Yeah.

7 MR. MANCINO: Are you saying you're going  
8 to -- the witness is going to abandon the deposition?

9 MR. RUSSO: Nope. I'm saying that we'll  
10 sit here on the record while -- I'm saying we'll sit  
11 here on the record while you-all decide how you want to  
12 change your questioning, I guess, is what -- what -- you  
13 know, what the problem is.

14 MS. SPOTO: I mean, ultimately we -- we  
15 strongly -- we want us to be off. We want to go off the  
16 record. Like I said, it won't take up the whole seven  
17 hours unless you keep arguing about this.

18 MR. RUSSO: Yeah. Okay.

19 MR. MANCINO: I think -- I think we  
20 should go off the record, take the break, come back and  
21 finish Mr. Armstrong as quickly as possible.

22 MR. RUSSO: Counsel, you've got 10  
23 minutes and we're going back on the record.

24 THE VIDEOGRAPHER: So we're all in  
25 agreement to go off the record?

1 MS. LEEPER: Yes. Thank you, sir.

2 MR. RUSSO: For ten minutes.

3 THE VIDEOGRAPHER: We're off the record.

4 It's 12:02 p.m.

5 (Recess.)

6 THE VIDEOGRAPHER: Back on the record.

7 It's 12:17 p.m.

8 EXAMINATION

9 QUESTIONS BY MS. SPOTO:

10 Q Okay, Dr. Armstrong. So my name is Adrienne  
11 Spoto. I'm an attorney representing the NAACP  
12 Plaintiffs in this case. I'm just going to have a few  
13 more questions for you. I'll try not to repeat any  
14 topics that we've already fully covered. Are you ready  
15 to start?

16 A Yes.

17 Q Great. And if you have any trouble hearing me  
18 'cause of the audio over zoom or anything, please do let  
19 me know.

20 So first of all, have you always  
21 identified as Republican?

22 A No.

23 Q Could you tell me about when it was that you  
24 didn't?

25 A Prior to going away to college, my dad was

1 very active in the community of the Democrat.

2 Q Okay. So before college -- now, how about  
3 when you went to college?

4 A I think my philosophy in life began to change  
5 probably in -- probably my sophomore year in college.

6 Q Okay. And now shifting a little bit over to  
7 your 2022 senate campaign. How would you describe your  
8 supporters or your base?

9 A My base was probably more conservative, more  
10 party folks involved with the party as opposed to  
11 elected officials probably more 'cause I've been  
12 involved with the party.

13 MS. SPOTO: Just a second, I think  
14 someone is off mute. If you could mute, please.

15 MS. LEEPER: I believe that the court  
16 reporter just muted him, so it should be good.

17 MS. SPOTO: Perfect.

18 Q (BY MS. SPOTO) Okay. So how would you  
19 describe your opponent's base in comparison to yours?

20 A Probably -- we were probably drawing from the  
21 same base, I think. Probably a pretty conservative  
22 base. I had more of the party people on my side and he  
23 probably had a substantial number of party folks on his  
24 side too but he just had more money.

25 Q Okay. What did you do to sort of build your

1 base or set yourself apart?

2 A So there was -- I had -- I had a natural base.  
3 I really didn't need to build one. I kind of had a  
4 natural base.

5 Q Earlier in the questioning, you mentioned that  
6 you attended various political forums as part of your  
7 campaign.

8 A Correct.

9 Q Do you remember where those forums occurred  
10 and particularly in Galveston County?

11 A Yeah. I think I mentioned I did one in League  
12 City. This should be on the record already. I think I  
13 answered this one. I did one in Texas City and in  
14 Galveston.

15 Q All right. When you were campaigning, did you  
16 ever campaign in any majority minority neighbors?

17 MR. RUSSO: Objection, calls for  
18 speculation.

19 A Majority minority neighbors. So my campaign  
20 really didn't divide neighborhoods like that. I didn't  
21 do a lot of block walking like I had spoken of earlier.

22 I mainly did block walking in my -- in my  
23 own neighborhood, which is where I live. That's why it  
24 was close. Otherwise, I did not do a lot of campaigning  
25 door-to-door outside of my neighborhood.

1 Q During -- during the campaign and leading up  
2 to the election, did you or your campaign receive any  
3 questions about voting precincts?

4 A No. Any questions about voting precincts? I  
5 don't understand that question.

6 Q Questions about, like, say what -- how to find  
7 their voting precinct, where they should be voting,  
8 how they should -- like how they go about voting, things  
9 like that?

10 A Oh, so did I get any questions from people  
11 asking me where they should vote?

12 Q Yes.

13 A Oh, gosh. So yes, I did.

14 Q Could you -- could you say maybe about how  
15 many?

16 A It -- it's hard to say. Everyone knows that  
17 I'm involved with the party so they tend to ask me  
18 questions like that all the time. So it's hard to say  
19 how many. I could guess but that's all I would be  
20 doing. I'm not sure.

21 Q Would you say more than ten?

22 A Generally in the -- in an election cycle, most  
23 Americans, unfortunately, are not -- don't know so they  
24 tend to call. These are usually friends and family that  
25 call.

1 Q All right. And then shifting -- shifting to  
2 sort of your overall perspective on the race. Why do  
3 you think you lost the race?

4 A Because my opponent spent a lot of money.

5 Q All right. The top two vote getters in the  
6 race were both Anglo; is that right?

7 A Correct.

8 Q Do you believe race played any role in the  
9 election results?

10 A No.

11 Q And what leads you to draw that conclusion?  
12 What do you base your opinion on?

13 A The fact that I've been elected to the party  
14 positions multiple times and I've -- I've been this race  
15 all my life and I've been elected to party positions  
16 multiple times and it hasn't ever been an issue.

17 Q So earlier in the questioning, you also  
18 mentioned that you had not ever run for another  
19 political office.

20 A Elected office.

21 Q Did you ever --

22 A Elected office.

23 Q Elected. Elected political office. Elected  
24 political office.

25 A Correct.

1 Q Had you ever considered running for one?

2 A Yes.

3 Q Which one?

4 A I have been asked to run for a state house  
5 seat.

6 Q And what made you decide not to run?

7 A I prayed about it and it wasn't the right  
8 decision for my family at the time.

9 Q Okay. Did you ever consider running for a  
10 local elected office, like commissioner's court, city  
11 council, school board?

12 A I had not, no.

13 Q And why not to that?

14 A No particular reason. I just hadn't thought  
15 about it.

16 Q All right. So shifting gears a little bit to  
17 your involvement in the Republican party. Were you  
18 involved in preparing the Republican Party of Texas  
19 platform for the 2022 year?

20 A Yes.

21 Q What was your role?

22 A I was on the platform committee.

23 Q So what did the other platform committee  
24 entail?

25 A Lots of meetings prior to the convention and

1 meeting on certain committees and preparing the party's  
2 platform and voting on that platform.

3 Q What was the process for preparing the  
4 platform?

5 A We -- we break it into sections and so each  
6 committee member is -- is -- there's -- our platforms  
7 has like 14 different sections or so. We have -- we  
8 break out and -- and not 14, probably more like 7. But  
9 we break out into those different committees and then we  
10 kind of vet the old platform and then come up with a new  
11 one, change things here and there. Voting process, it's  
12 a very deliberative process.

13 Q After you've broken up into sections and  
14 looked through it, does the full committee then consider  
15 the full platform?

16 A Correct. And then the full convention votes  
17 on the entire platform.

18 Q Which sections -- or which section or sections  
19 were you involved in as a member of the committee?

20 A So I was on the State Affairs committee and I  
21 actually chaired that committee at our last convention  
22 as a -- and I was on health -- I was on health and human  
23 services as well but I did not chair that.

24 Q What sort of issues or positions were  
25 encompassed in State Affairs committee?

1           A     State Affairs, you had life issues regarding  
2     abortion versus pro-life. You had marriage issues and  
3     defining marriage between one man and one woman. And so  
4     we -- and then we had -- and there was a lot of other  
5     issues that are -- that are involved in that section of  
6     the platform.

7           Q     Did you also give some examples of things that  
8     were covered in health and human services?

9           A     Certainly the COVID stuff was a big topic in  
10    that area and then just typical health care issues.  
11    Sort of talking about the best way to provide health  
12    care for -- for -- for America.

13                     And our platforms are very involved and  
14    very -- very wordy and so -- so there's -- there's a --  
15    but yeah. So that -- that's kind of what we talk about,  
16    just health care issues affecting people.

17          Q     And when was the platform officially approved  
18    and released?

19          A     So our convention is in June and so it's  
20    probably sometime -- sometime late June, I would  
21    imagine.

22          Q     And what were -- what were your thoughts on  
23    the final platform?

24          A     I think it was -- I think it's a very  
25    conservative platform. You know, there's -- you know,

1 | no one agrees with everything in their party's platform

2 | but -- but I think that was the consensus of our

3 | convention and so that's what came out.

4 | Q Would you say you agree with a large portion

5 | of it?

6 | A I would say I'd -- I agree with a large

7 | portion of our platform, yes, but there's -- there's a

8 | lot in there.

9 MS. SPOTO: So Plaintiffs are going to  
10 introduce an exhibit. It'll be Tab 3. I think my  
11 co-counsel, Sarah, is going to put it in the chat. In  
12 the meantime, I will figure out how to screen share.  
13 Hold on just a second.

14 All right. Hold on. I think those are  
15 froze on my end. Are they frozen on yours?

16 MR. RUSSO: Nothing's pulled up yet.

17 MS. SPOTO: Okay. Yeah. I think it's  
18 just a little -- it's taking it's time.

19 Q (BY MS. SPOTO) Let's see. Is there still  
20 nothing showing up?

21 A No.

22 Q Okay.

23 MR. RUSSO: I think I can get a copy in  
24 front of the witness. Are you making this as Exhibit 3?

25 MS. SPOTO: I think we're on Exhibit 5 --

1 MR. RUSSO: Exhibit 5.

2 MS. SPOTO: -- if I have the numbering  
3 written down right. But can we go off the record for  
4 just a little bit while we sort out these tech issues?

5 MR. RUSSO: Sure.

6 THE VIDEOGRAPHER: Going off the record.  
7 It's 12:32 p.m.

8 (Recess.)

9 THE VIDEOGRAPHER: Back on the record.  
10 It's 12:38 p.m.

11 (Exhibit 5.)

12 Q (BY MS. SPOTO) So what I'm showing right  
13 now -- which will be Plaintiff's Exhibit 5.

14 A Okay.

15 Q Deposition Exhibit 5 says -- it says at the  
16 top, "Platform and Resolutions as amended and adopted by  
17 the 2022 state convention of the Republican Party of  
18 Texas;" is that right?

19 A Yes.

20 Q And is this the 2022 Republican Party of Texas  
21 platform?

22 A Yes.

23 Q All right. And looking under the heading for  
24 2022 platform committee members, that's your name,  
25 Dr. Robin Armstrong listed as SD 11, correct?

1 A Yes.

2 Q All right. Could you turn the exhibit to Page  
3 28?

4 A Okay. I'm there.

5 Q Okay. Now, Dr. Armstrong, if you could look  
6 with me at Paragraph 201, "Historical Monuments." It  
7 says -- the document says, "We believe that all  
8 historical war memorials, including Confederate  
9 monuments, in Texas shall be protected from future  
10 removal or defacement, and we believe that those  
11 monuments that have been removed should be restored to  
12 their historical locations. We support the continuing  
13 allocation of funds that are necessary to preserve the  
14 USS Texas as a permanent monument to the ship, her crew  
15 of two world wars, and the history of State of Texas."  
16 Did I read that correctly?

17 A Yes. I read it with you.

18 Q Great. Now, on the subject of monuments, are  
19 you aware of the Confederate monument in front of the  
20 Galveston County courthouse?

21 A I have been made aware with all of these  
22 proceedings. So I was --

23 Q But you were not aware before?

24 A I was not prior.

25 Q And so then were you aware of any efforts to

1 | have that monument removed?

2 | A I was not.

3 | Q Were you -- were you made aware of those  
4 | efforts over the course of this litigation?

5 | A Yes.

6 | MR. RUSSO: Let me -- let me make sure  
7 | the witness understands. That does not include -- I  
8 | assume, Counsel, conversations between he and his  
9 | attorney, which are protected by attorney/client and  
10 | work product privileges.

11 | Q (BY MS. SPOTO) Based on your -- your knowledge  
12 | of the facts, Dr. Armstrong.

13 | A Ask the question again, please.

14 | Q You've become aware of the efforts to remove  
15 | the monument?

16 | MR. RUSSO: If you've become aware other  
17 | than through counsel, you can answer the question.

18 | A No.

19 | MS. SPOTO: And we'll reserve any  
20 | potential attorney/client issues as it relates to our  
21 | previous discussions -- previous issues with Dale  
22 | Oldham.

23 | Q (BY MS. SPOTO) Now that you know the monument  
24 | is there, do you believe that monument should be left  
25 | where it is?

1 A Yes.

2 Q All right. And why is that?

3 A Because I don't think that there is anything  
4 positive that is gained from tearing down statues of any  
5 type.

6 Q All right.

7 MS. SPOTO: And just to make sure the  
8 record is clear, like I said we are reserving on the  
9 attorney/client issue. We're also reserving based on  
10 our argument made previously that facts aren't  
11 privileged solely because they've come through counsel.

12 Q (BY MS. SPOTO) Now, turning back to the  
13 platform. Was this historical monument's platform  
14 point, was that under the purview of the State Affairs  
15 subcommittee that you had mentioned before?

16 A No.

17 Q Which -- which committee would have been  
18 responsible for this?

19 A I don't know.

20 Q All right. If we could turn the exhibit to  
21 Page 35, Paragraph 245.

22 A Okay. Okay.

23 Q Okay. So I'll go ahead and read this. If you  
24 could read along with me, Dr. Armstrong.

25 A Okay.

1 Q "Voting Rights. We support equal suffrage for  
2 all United States citizen of voting age. We oppose any  
3 identification of citizens by race, origin, creed,  
4 sexuality, or lifestyle choices, and oppose use of any  
5 such identification for purposes of creating voting  
6 districts. We urge that the Voting Rights Act of 1965,  
7 codified and updated in 1973, be repealed and not  
8 reauthorized." Did I read that correctly?

9 A You did.

10 Q Was this is an issue under the State Affairs  
11 subcommittee that you mentioned you were on?

12 A No.

13 Q Do you know which subcommittee was responsible  
14 for it?

15 A We had an election -- an election's committee.  
16 So I would be certain that that's where that would fall  
17 under.

18 Q And do you support repealing the Voting Rights  
19 Act?

20 A So I can't speak to that because I'm not sure  
21 that I know everything that's on the Voting Rights Act.  
22 Certainly if -- so yeah, I can't really speak to that.  
23 I don't know everything that's in it.

24 Q All right. If we could bring the exhibit back  
25 to Page 19.

1 A Okay.

2 MS. SPOTO: Could you scroll up -- could  
3 you scroll up a smidge more. Okay. That's perfect.

4 Q (BY MS. SPOTO) If you could read along with  
5 me, Dr. Armstrong, on that Subparagraph B towards the  
6 top of Page 19.

7 A Okay.

8 Q "We oppose any state formula funding or  
9 graduation requirements for devisive curricula  
10 inconsistent with the above, including Marxist,  
11 anti-American, Critical Race Theory, multiculturalism,  
12 or diversity-equity-inclusion courses." Did I read that  
13 correctly?

14 A Yes.

15 Q And was this issue under the purview or  
16 responsibility of the State Affairs subcommittee you had  
17 mentioned before?

18 A This was not under State Affairs, no.

19 Q All right. So during the process of working  
20 on the platform, did you solicit feedback from anyone in  
21 Galveston County?

22 A Yes.

23 Q Who?

24 A Well, mostly folks who were at the convention,  
25 Republicans who were there. Republicans who were at the

1 convention mostly.

2 Q Can you name any -- any specific people?

3 A I could name some people who I -- who were  
4 particularly interested. Would you like their names?

5 Q Yes, please.

6 A Sandra Tetley was one person and Kathy Rogers  
7 was another person and Carol Dean was another person who  
8 asked. They're very, very engaged. So they ask lots of  
9 questions.

10 Q Do you remember -- did Mark Henry ever reach  
11 out about the platform?

12 A No.

13 Q Any of the other commissioners on the  
14 commissioner's court?

15 A No.

16 Q All right. Of the people you did speak to, do  
17 you know which commissioners precinct they live in?

18 A Let me think. One of them lives in Precinct  
19 3. One lives in Precinct 4 and one lives in Precinct 2.

20 Q And do you know what race they identify as?

21 A They're all Anglo.

22 Q Okay. Did you reach out to any organizations  
23 about the platform positions?

24 A No.

25 Q All right. So let's be clear then. You

1 | didn't reach out to LULAC, for example?

2 | A No.

3 | Q And you didn't reach out to the NAACP?

4 | A No.

5 | Q Did any organizations reach out to you?

6 | A No.

7 | Q Do you know if LULAC has opinions about what  
8 | was in the platform that we just talked about about  
9 | monuments?

10 | A I don't know. I don't know that answer.

11 | Q Do you know if they have opinions on what was  
12 | in the platform on voting rights that we discussed?

13 | MR. RUSSO: Object, asked and answered.

14 | A I don't know.

15 | Q (BY MS. SPOTO) And do you know if NAACP has  
16 | opinions on what was in the platform on monuments?

17 | A I don't know of an official NAACP stance, no.

18 | Q And do you know of an official NAACP stance on  
19 | the Voting Rights Act?

20 | A No.

21 | Q So earlier you mentioned some other stances of  
22 | LULAC and NAACP on family issues, on abortion. What  
23 | informs your understanding of their stances on those  
24 | issues?

25 | MR. RUSSO: Objection, vague and

1       ambiguous. I think it misstates prior testimony but you  
2       can answer if you can.

3             A       So repeat the question again. I'm sorry.

4             Q       (BY MS. SPOTO) Yeah. And I can rephrase.  
5       Earlier you mentioned other stances of LULAC and NAACP  
6       on some particular issue areas. You identified family  
7       issues, you identified abortion. Where do you get your  
8       understanding of --

9             A       Actually I don't think that's correct.

10                    MR. RUSSO: Let me -- let me object to  
11       vague and ambiguous. It misstates the record. The  
12       record is what it is.

13             Q       (BY MS. SPOTO) What -- what informs your  
14       understanding of what their stances are? How do you --  
15       how do you -- where does that information come from for  
16       you?

17             A       I don't have any information on what their  
18       stances are 'cause I -- I don't have any idea what their  
19       stances on these -- on these individual issues.

20             Q       I think you did say their stances on certain  
21       issues. Those issues are the reasons -- reasons that  
22       they wouldn't have opportunities in the Republican  
23       party, didn't you?

24                    MR. RUSSO: Objection to the  
25       mischaracterization of the testimony.

1 A I don't remember saying that.

2 Q (BY MS. SPOTO) Do you have a general sense of  
3 LULAC or the NAACP's standing's on particular issues?

4 MR. RUSSO: Objection, asked and  
5 answered.

6 If you have a different answer, you can  
7 provide it.

8 Q (BY MS. SPOTO) We can -- we can go ahead and  
9 move on.

10 So a separate question related to your  
11 Republican Party involvement. Were you involved in  
12 litigation brought by Republican Party and Republican  
13 Party members over the 2022 elections in Texas?

14 A No.

15 Q All right.

16 MS. SPOTO: Sarah, if you could pull up  
17 Tab 4. I believe this will be deposition -- we'll have  
18 this marked as Deposition Exhibit 6.

19 (Exhibit 6.)

20 Q (BY MS. SPOTO) All right. Are you seeing  
21 that Dr. Armstrong?

22 A I can see this, yes.

23 Q Great, okay. So do you see at the top? It  
24 says, "In the Supreme Court of Texas," correct?

25 A Correct.

1 Q And you'll see the caption reads "In Re Steven  
2 Hotze, M.D.," a number of names after that, correct?

3 A Correct.

4 Q And do you see down towards the end of the  
5 fifth line, "Honorable Robin Armstrong, M.D."?

6 A I do see that, yes.

7 Q And is that referring to you?

8 A Yes.

9 Q And then you'll also see -- if you scroll down  
10 to Page 2 --

11 A Okay.

12 Q -- in Footnote 8.

13 A I'm not -- I don't think -- are these pages  
14 numbered? I'm not seeing that they're numbered.

15 Q They aren't numbered on the PDF, I don't  
16 think.

17 A Okay.

18 Q So just the second page of the PDF.

19 A Okay. Okay.

20 Q So Footnote 8 also --

21 A Okay.

22 Q -- identifies your name in there.

23 A I believe.

24 Q "Honorable Robin Armstrong, M.D."

25 A Yes.

1 Q "Texas Republican National Committeeman,"  
2 right?

3 A Yes.

4 Q So does this help refresh your recollection?

5 A It does. It does, yes.

6 Q Okay.

7 A And so I'll have to see now what I --

8 MR. RUSSO: Let her ask the question.

9 THE WITNESS: Oh, sure. Sure.

10 MR. RUSSO: There's no question pending.

11 A Okay.

12 Q (BY MS. SPOTO) So do you remember -- do you  
13 remember what your involvement in this was?

14 A Yes.

15 Q Could you share that?

16 A It was about extending early voting by a week.

17 Q How did you come to be involved in this  
18 litigation?

19 A I was asked by the person organizing it.

20 Q All right.

21 MS. SPOTO: Now, if you could scroll up a  
22 little bit. Okay. Great.

23 Q I'm going to read from this if you could read  
24 along with me, Dr. Armstrong. So --

25 A Where are you?

1 Q At the very bottom -- the first page where it  
2 says, "Governor Abbott issued." So "Governor Abbott  
3 issued" --

4 A Okay.

5 Q -- "a proclamation on March 13, 2020,  
6 certifying under the Texas Disaster Act of 1975, the  
7 Act, that the novel of coronavirus COVID-19 poses an  
8 imminent threat of disaster in all Texas counties. On  
9 July 27th, the Governor issued another proclamation  
10 again citing the Act, suspending two provisions of the  
11 Texas Election Code as they relate to the general  
12 election on November 3. One provision states that early  
13 voting by personal appearance begins on the 17th day  
14 before election day--this year, October 19. The other  
15 provision requires that a voter deliver a marked ballot  
16 in person to the early voting clerk's office only while  
17 the polls are open on election day. Under the July 27  
18 proclamation, early voting by personal appearance begins  
19 six days earlier, on October 13, and early voting  
20 ballots may be delivered to the clerk's office prior to  
21 and including on election day." Did I read that  
22 correctly?

23 A Yes.

24 Q So Governor Abbott's order sets a start date  
25 for early voting for November 2020 elections on October

1 13th rather than October 19th, correct?

2 A Correct.

3 Q And it allowed voters to deliver those early  
4 voting ballots to the clerk's office before election day  
5 rather than solely on election day, correct?

6 MR. RUSSO: Objection, calls for  
7 speculation.

8 Q (BY MS. SPOTO) From your understanding of the  
9 lawsuit.

10 A I will not comment on that second thing 'cause  
11 I'm not really sure of that. It was the early voting  
12 part that I knew about.

13 Q Okay. So looking further down, if we could  
14 scroll down a bit more on to Page 2.

15 So reading along again. It says, "On  
16 September 23, relators, including the Republican Party  
17 of Texas, voters, candidates and current and former  
18 state officials, initiated an original proceeding in  
19 this Court, seeking a writ."

20 MS. SPOTO: If we could scroll down to  
21 the next page.

22 Q "Seeking a writ of mandamus directing the  
23 Texas Secretary of State to conduct the November 3  
24 general election according to the statutory provisions  
25 suspended by the Governor's July 27 proclamation." Did

1 I read that right?

2 A Yes.

3 Q Okay. So to recap, you and the other relators  
4 were asking the Texas Supreme Court to prevent state  
5 officials from allowing those six extra days for early  
6 voting?

7 A That is correct.

8 Q Okay. Did you speak about this lawsuit with  
9 anyone in Galveston County?

10 A I did not.

11 Q Did you speak about this lawsuit with NAACP?

12 A No.

13 Q Or LULAC?

14 A No.

15 Q And do you remember what the results of the  
16 litigation was?

17 A Well, I -- I know that early voting proceeded  
18 earlier. So I know that.

19 Q Okay.

20 MS. SPOTO: Sarah, if you could pull up  
21 Tab 5 for screen share. Plaintiff's will introduce to  
22 be marked Deposition Exhibit 7.

23 (Exhibit 7.)

24 A Okay.

25 Q Are you seeing it, Dr. Armstrong?

1 A Yes.

2 Q So you'll see this is an article written by  
3 John Wayne Ferguson posted on September 23rd, 2020 in  
4 the Galveston Daily News. Headline, "Political Buzz:  
5 Galveston County Judge Henry joins GOP lawsuit to block  
6 earlier voting start." Does that sound right to you?

7 A Yeah. That's what it says.

8 Q Have you seen this article before?

9 A I've not seen this article, no.

10 Q So it sounds like it's discussing the same  
11 litigation that we were just talking about over the  
12 start to early voting for the November 2020 election,  
13 right?

14 MR. RUSSO: Objection, calls for  
15 speculation.

16 Q Based on your -- what you're seeing of the  
17 article?

18 A I think that's what it says.

19 Q And it says Judge Henry joined the litigation;  
20 is that right?

21 A It does say that.

22 Q Did you ever discuss this litigation with  
23 Judge Henry?

24 A No.

25 Q Okay. And we can stop screen sharing.

1 Do you remember an incident in 2019  
2 involving GOP County chair person, Yolanda Waters, using  
3 a racial slur in a text message.

4 A I am aware of that.

5 Q All right. What do you remember happened?

6 A I can't remember the details of it. I believe  
7 she had used a racial slur against a common friend but I  
8 don't remember the details of that.

9 Q All right.

10 MS. SPOTO: Sarah, if you could pull up  
11 Tab 12.

12 Okay. Plaintiff's will be introducing  
13 this exhibit to be marked as Deposition Exhibit 8.

14 (Exhibit 8.)

15 Q So are you able to see it, Dr. Armstrong?

16 A Yes, I can see this.

17 Q You'll see it's an article by John Wayne  
18 Ferguson on December 7th, 2019. Headline, "County GOP  
19 chairwoman's racist text prompts calls for resignation;"  
20 is that right?

21 A That's what the headline says, yes.

22 Q All right. And you can take a -- take a  
23 little bit to look over what you see of the article.

24 A (Witness examined document.) Okay.

25 Q So does this refresh your recollection about

1 it more about what happened?

2 A Not really. I kind of had the general gist of  
3 what had gone on. I mean, I -- so yes, it -- I remember  
4 it now.

5 Q Okay.

6 MS. SPOTO: Sarah, if you could scroll up  
7 a little bit more, I think.

8 Q So do you see there that it says the chairman  
9 of the State Republican Party and over a dozen local  
10 precinct chairs called for Ms. Walters to step down?

11 A Yeah. I knew that that was the case. I don't  
12 see that on here yet, but I'm not sure where you are but  
13 yeah, I do -- I do --

14 Q If you look at the second paragraph.

15 A Yeah. There we go. I see that.

16 Q Did you also call for her to step down?

17 A I wasn't involved in this particular issue,  
18 no. I mean, I don't get involved with every issue going  
19 on here. I was vaguely aware of this but, no, I did  
20 not.

21 Q Do you remember, was the slur that she used  
22 directed at the former SD 11 committee person?

23 A Yes.

24 Q And that was JT Edwards, right?

25 A Correct.

1 Q What are your thoughts on the overall handling  
2 of the incident?

3 MR. RUSSO: Objection, calls for  
4 speculation.

5 A I can't remember the results of what happened.  
6 I don't know -- I can't -- I can't remember exactly what  
7 happened with that. She was not the chair for long  
8 after that, I remember that.

9 But I don't remember exactly what  
10 happened. She's a Latino lady. So I -- I didn't  
11 really -- I didn't really -- I don't think I got  
12 involved in that personally but as I.

13 Q So --

14 A Go ahead.

15 Q Oh, no, go ahead. Finish your answer.

16 A No, I'm done. I'm finished.

17 MS. SPOTO: Sarah, we can go ahead and  
18 stop screen sharing.

19 Q Okay. So before you were appointed to the  
20 commissioner's court, had you ever met Dale Oldham?

21 A I don't know who that is. What's the name  
22 again?

23 Q Dale Oldham.

24 A I don't know who that is.

25 Q Or Dalton Oldham.

1           A     I don't know who that is either.

2           Q     And before you were appointed to the  
3 commissioner's court, had you ever met Thomas Bryant?

4           A     I still do not know who that is.

5           Q     In your role in the Republican party, did you  
6 have any involvement in strategy around redistricting?

7           A     No.

8           Q     Did you ever receive or review any policy or  
9 guidance papers on redistricting in that role?

10          A     No.

11          Q     Did you ever try to become involved with the  
12 redistricting in that role?

13          A     No.

14          Q     All right. We're going to shift gears a  
15 little bit to talk a bit more about your time on the  
16 commissioner's court.

17                   Do you remember when you were appointed,  
18 was there a ceremony or event that was held for that?

19          A     Well, we -- we did the swearing in and so the  
20 press was there. That was it.

21          Q     Who attended the swearing in?

22          A     My wife and kids and Judge Henry was there.  
23 And there were a few people in the audience but not that  
24 many. The reporter was there.

25          Q     Do you know if any representatives from

1 community organizations attended?

2 A I don't know. I don't know that they were  
3 there or not.

4 Q Any representatives from political  
5 organizations?

6 A No. I don't -- I don't know.

7 Q Do you remember speaking with anyone at the  
8 event?

9 A Yes. I spoke with the judge during the  
10 swearing in and -- a little bit before and -- and my  
11 family pretty much and then other than congratulations  
12 was -- that was the rest of the conversation.

13 Q So when you were initially appointed by Judge  
14 Henry, how long was your term supposed to last?

15 A I was just supposed -- until the end of  
16 December. So it would be a few months.

17 Q Okay. So since you're here today and still a  
18 commissioner, how did your term come to be extended?

19 A So there's a statutory process in the election  
20 code that Commissioner Clark actually passed away after  
21 he had won the Republican primary.

22 So because he passed away, there was an  
23 empty space on the ballot and so the precinct chairs  
24 within that particular precinct or -- or voting location  
25 or another seed, they get to choose which Republican

1 | they put on the ballot, and that's the process that we  
2 | do.

3 | Q So did you reach out to them to express your  
4 | interest --

5 | A Them?

6 | Q -- in that?

7 | A So once I was appointed -- is that what you  
8 | mean? After the appointment, did I --

9 | Q Yes.

10 | A Yes, I did. I did.

11 | Q Was this a formal process or just more  
12 | informal reachout?

13 | A Well, I mean, my reachout -- it was like a  
14 | small campaign. So it was -- I had to reach out to each  
15 | of them and there were three other people that ran in  
16 | the race as well and one -- one dropped out. One other  
17 | person was considering running as well. So -- so there  
18 | were people -- other people in the race also that did  
19 | the same campaigning that I did.

20 | Q Could you share who those other people were?

21 | A So -- so Larry Taylor was considering running  
22 | in the race but he -- he dropped out the last day.  
23 | Chris Enochs ran and then there's another guy. There's  
24 | two other people actually. There's -- I can't remember  
25 | their names, I'm sorry.

1                   There's two other people. There was a  
2 lady and I don't remember her name and there's a --  
3 there's a gentleman, who I can't remember his name  
4 either, but there were -- there were multiple people in  
5 the race.

6           Q     Okay. And in addition to that initial  
7 outreach that you mentioned, did you speak further with  
8 or meet with anyone from the Galveston County Republican  
9 Party during this process?

10          A     I did, yes, 'cause that was -- the precinct  
11 chairs are part of the party and so yeah, those were the  
12 people that I spoke with. I spoke with them on --

13          Q     How many times?

14          A     Multiple times. I mean, that was the -- that  
15 was the -- sort of the well defined electorate. So I  
16 and the others spoke with them multiple times.

17          Q     What kinds of things did you discuss with  
18 them?

19          A     Why they should vote for me.

20          Q     What kind of reasons did you give them?

21          A     Just -- I'm going to represent them, I'm going  
22 to be a strong conservative, I'll be an independent  
23 voice on the commissioner's court and I will work to  
24 serve the district.

25          Q     Did they have any specific questions for you

1 on issues or policy points?

2 A Yes, they did. Excuse me.

3 Q Could you give some examples?

4 A Well, they -- you know, they were all wanting  
5 different things. Many folks wanted me to be more of an  
6 independent voice and a -- and a counter balance to --  
7 to -- on the court to -- many people wanted just to know  
8 how much I knew about, you know, roads and bridges and  
9 drainage and all that.

10 A couple of people just wanted to know if  
11 I was going to be a conservative voice on the court and  
12 that's it.

13 Q When you say independent voice, could you  
14 explain a little more about what you mean?

15 A That I would represent -- I would represent  
16 Precinct 4 and Galveston County and not any one  
17 individual on the court.

18 Q Do you know if Judge Henry reached out to any  
19 of the precinct chairs or folks in the party to support  
20 you?

21 A He did not. He did not.

22 Q Do you know if there were opportunities or a  
23 process for Galveston County residents to share their  
24 opinion about who they thought should be nominated?

25 A So yeah, there was. There was -- there was

1 a -- they actually put it in the paper, you know, and  
2 made -- so it had to be made public to the community to  
3 open it up for anyone else who -- who want to -- who  
4 would consider running for the position.

5 So yeah, it was a very -- it was made  
6 public and they, you know, took applications and --  
7 and -- and they reviewed the applications and they had  
8 an interview process. And so it was a pretty -- pretty  
9 formal operation that they went through.

10 Q Do you know if any Galveston County residents  
11 who reached out to support you specifically?

12 A I think there were -- I had a lot of support  
13 amongst Galveston County residents. You know, I --  
14 there was quite a few.

15 Q Do you know what race they identify as of the  
16 folks you can think of?

17 MR. RUSSO: Object to speculation.

18 A I think there was some -- actually, it was --  
19 it was all races that was supported me. I had,  
20 certainly, family members who are African American. I  
21 had many friends in the community who are African  
22 American who supported me. I had Anglo Americans in the  
23 Republican party process that supported me as well and  
24 then I had Hispanics supporting me, my wife.

25 Q Do you know if any other commissioners reached

1 out and supported you?

2 A Let me think. Not during -- you're talking  
3 about the race with the precinct chairs? Not during  
4 that time, I don't think. They didn't -- they didn't  
5 come out publicly for -- for anyone in that race. So  
6 no.

7 Q Okay. And when you mentioned that Judge Henry  
8 had not reached out, how do you know that he did not  
9 reach out?

10 A Well, he had asked if -- if I wanted him to  
11 reach out and -- and I think my answer was no. And I  
12 think they decided it was -- it was -- it was -- because  
13 of some local political stuff, it was probably my best  
14 interest to just do this on my own. So that's how I  
15 know he did not.

16 Q So he was -- so he had expressed that he was  
17 interested in supporting you?

18 A Well, he appointed me. So he -- so he  
19 certainly wanted me to -- to be on the ballot again  
20 if -- if that was my desire and I told him it was. But  
21 yeah, he did not actively do anything to reach out.

22 Q And could you share what the local political  
23 stuff was that you mentioned, made you answer no?

24 A Say that -- repeat the question again.

25 Q You mentioned some local political stuff.

1 A In regards to what? What's the question?

2 Q That -- in regards to Mark Henry potentially  
3 reaching out and you answered no, that you didn't want  
4 him to reach out. Could you share more about what that  
5 local political stuff is?

6 A No, I don't know. I mean, I don't know. I --  
7 I -- I don't -- I don't know. I'm not sure. I don't  
8 know. I don't -- I don't know of any things I would  
9 have had him do. Is that what you're asking?

10 Q Yeah.

11 A So yeah, I don't -- I don't know.

12 Q Okay. Okay. And do you know if any Galveston  
13 County organizations reached out to the -- to precinct  
14 chairs to support you?

15 A I know some of the women's groups expressed  
16 their support but other than that, no.

17 Q Okay. So you mentioned several other people  
18 having applied. Do you know who their supporters were?

19 A I don't. I don't.

20 MS. SPOTO: Sarah, if we could pull up  
21 Tab 6. So we'll have this marked as Deposition Exhibit  
22 9.

23 (Exhibit 9.)

24 Q Dr. Armstrong, can you see it?

25 A I can see it, yes.

1 Q So this is an article by Keri Heath, July 27,  
2 2022. Headline, "Armstrong elected as GOP pick for  
3 Precinct 4 Commissioner." Did I read that right?

4 A Correct.

5 Q Have you seen this article before?

6 A I have not seen this article. It's my first  
7 time seeing it.

8 Q Okay. I'll give you a minute or two to look  
9 it over.

10 A Yeah. I've looked it over while you were  
11 talking. Yeah, I can see it.

12 Q Okay.

13 MS. SPOTO: Sarah, could you scroll  
14 down?

15 A Okay.

16 Q All right. Now that you've had a chance to  
17 look it over --

18 A Okay.

19 Q -- do you think this article accurately  
20 describes the process by which you became the Republican  
21 nominee for Precinct 4?

22 A I think they described the process -- so  
23 actually, no, it's not accurate. It says, "Under state  
24 law the county Republican Party Executive Committee is  
25 charged with choosing Clark's replacement." That is not

1 true.

2 It's -- it's not the Executive Committee  
3 that chooses. It's the Precinct 4 Executive Committee  
4 members, so that's inaccurate.

5 MR. RUSSO: Surprise.

6 THE WITNESS: Huh?

7 MR. RUSSO: Surprise The Daily News got  
8 it wrong.

9 A That's not accurate and they're -- they're  
10 not -- they're choosing my replacement on the ballot,  
11 not his replacement for the position.

12 Do you see what I'm saying? So -- so  
13 Judge Henry chooses the person that he appoints and --  
14 and they're not choosing my replacement. They chose --  
15 I replaced him on the ballot. That's the only thing the  
16 precinct chairs were doing for November. So that part  
17 is not accurate.

18 "Because no Democrat is running in  
19 general election, Armstrong will be the new  
20 commissioner." That is true. I will be the new  
21 commissioner and then "Galveston County Mark Henry  
22 appointed Armstrong, a physician." That is true as  
23 well. "Through -- through the end of Clark's term."  
24 December 31st would be the end of the term and that's  
25 it.

1 Q Thank you. So to make sure the record is  
2 clear, one of the lines that you -- you identified as  
3 accurate was this one, "Because no Democrat is running  
4 in general election, Armstrong will be the new  
5 commissioner for Precinct 4." That's right?

6 A Correct.

7 Q Okay.

8 MS. SPOTO: And then where it said -- if  
9 you scroll up a little bit, Sarah.

10 Q Where it said that you were selected by 9-6  
11 vote, is that accurate?

12 A Correct.

13 Q So the article -- the article identifies the  
14 same person you identified as one of the other people  
15 seeking the position, right, Billy Enochs?

16 A Correct.

17 Q Do you know why -- the article -- sorry. The  
18 article identifies six people who voted for Billy Enochs  
19 instead of you, correct?

20 A Correct.

21 Q So to your understanding based on your  
22 knowledge, why would those precinct chairs have  
23 supported Billy Enochs over you?

24 A I mean, I would be speculating. I don't  
25 really know.

1 MR. RUSSO: Objection, calls for  
2 speculation.

3 A I don't know for sure.

4 Q Do you have any sense of how his policy  
5 positions compare to yours?

6 MR. RUSSO: Vague and -- objection, vague  
7 and ambiguous. Are you talking about Enochs?

8 Q Yes, Billy Enochs. Let me rephrase. Do you  
9 have a sense of how Billy Enochs' policy positions  
10 compare to yours?

11 A I have -- I have a sense, yes.

12 Q And what is that sense?

13 A Fairly similar in philosophy.

14 Q Are there any key differences?

15 A Not -- not really in philosophy, no.

16 Q All right.

17 MS. SPOTO: And so, Sarah, if you could  
18 scroll down again just a little bit.

19 Q Okay. So we talked about because no Democrat  
20 is running in general election, Armstrong will be the  
21 new commissioner for Precinct 4.

22 So, Dr. Armstrong, since you were  
23 uncontested in the general election and there was no  
24 Democrat running, you were automatically declared  
25 elected without having to receive any votes, right?

1 A No. No.

2 Q Can you explain how that worked?

3 A So -- so you have to -- I was elected on -- on  
4 November 8th but the way Texas does it now is -- is  
5 since I did not have an opponent, my name simply is on  
6 the ballot as -- as, you know -- I don't know exactly  
7 what it says. Maybe "Going to win" or something. You  
8 know, "This person's already won 'cause he didn't have  
9 an opponent."

10 And then once that November -- once  
11 that -- once all that caucusing -- or the canvassing  
12 takes place, then -- then I'd be sworn on January 1st,  
13 which is what happened. But at that point, I was still  
14 serving the unexpired term of Commissioner Clark's  
15 through December.

16 Q So just to make sure the record's clear, so  
17 you would not have been required to receive any votes in  
18 order to win that uncontested election, right?

19 MR. RUSSO: Objection, asked and  
20 answered.

21 Q You can answer.

22 MR. RUSSO: Calls for speculation.

23 A Since there was no one on the ballot, the last  
24 legislative session changed the law.

25 Q Now, shifting a bit. When will your current

1 term that you're now serving as a commissioner end?

2 A It will end in -- it's a long time -- 2026.

3 Q Now, going back to when you were first  
4 appointed to commissioner's court. Did you have to  
5 complete any trainings before you started?

6 A Yes, I did.

7 Q And what trainings were those?

8 A There was some training with -- from the  
9 Attorney General's office and then there was another  
10 kind of general training that I had to do. And I  
11 remember the one from the AG's office and -- and there  
12 were two different trainings I had to complete.

13 Q Okay.

14 MS. SPOTO: Sarah, if you could pull up  
15 Tab 9 on screen share. So this is going to be marked as  
16 Plaintiffs' Exhibit -- Deposition Exhibit 10. This was  
17 previously produced as DEFS00029870 through 29872.

18 (Exhibit 10.)

19 Q Now, Dr. Armstrong, can you see the exhibit?

20 A I can see them, yes.

21 Q Great. So this was an e-mail from you to  
22 Linda Liechty sent on Monday, May 16th, 2022; is that  
23 right?

24 A Correct.

25 Q And the subject line reads, "AG certificates

1 for completed training for Robin Armstrong," right?

2 A Yes.

3 Q Do you remember this e-mail?

4 A I mean, I don't remember this particular  
5 e-mail. I remember sending it. I mean, I don't  
6 remember sending it but I do -- it's clear here. I can  
7 see that it was sent.

8 MS. SPOTO: Sarah, if you could scroll  
9 down two pages.

10 Q So do you remember sending these two pages?

11 A I believe so.

12 Q And do you remember why you sent them?

13 A Trying to complete all of the -- all of the  
14 training. Because my understanding was I had to have  
15 them completed by a certain time, you know, before I  
16 became a commissioner officially.

17 And so -- and so they were -- you know,  
18 typically people have lots of time to get this stuff  
19 done. If they're elected in November and then they took  
20 office in January, they've got -- but I had like a few  
21 days that I had to get everything done, and I had to do  
22 this before I became commissioner.

23 MS. SPOTO: Sarah, could you scroll up  
24 one page.

25 Q All right. So, Dr. Armstrong, this one is

1 labeled "Certificate of Course Completion, Public  
2 Information Act," right?

3 A Yes.

4 Q So what was this course about?

5 A Public Information Act, just -- you know, it  
6 was just sort of general information that all public  
7 officials have to complete.

8 I can't remember the exact -- you know,  
9 what it all went through but -- but I know they had an  
10 open records -- they talked about, you know, open  
11 meetings and such and we can't have a -- we can't have a  
12 quorum -- the commissioner's court can't -- can't  
13 discuss business outside of -- outside of commissioner's  
14 court and such. It was just those routine, legal  
15 matters.

16 Q Do you remember about how long the training  
17 was?

18 A I think -- I think it was about an hour but I  
19 don't remember exactly.

20 Q Do you remember how it was formatted? Like,  
21 was it videos, readings, quiz questions?

22 A Yes. It was -- it was a video and they had  
23 questions.

24 Q And it looks like from the date that this  
25 certificate's showing, it looks like you completed this

1 course on May 11th. Does that sound right to you?

2 A It says it's issued effective May 11th.

3 That's what it says.

4 Q All right.

5 MS. SPOTO: Sarah, if you could scroll

6 down one more page.

7 Q And this certificate is labeled the "Open  
8 Meetings Act." So could you share a little more about  
9 what the Open Meetings Act training involved?

10 A Open Meetings Act is the same thing. It's  
11 just -- it's -- it's talking about, you know, we  
12 can't -- if we -- if we have more than three  
13 commissioners in the same room, we have to -- that would  
14 be a quorum and so we're not allowed talk business of  
15 the county at that time.

16 Q Okay. So when you said that the training was  
17 about an hour, that was for both of these, the Public  
18 Information Act and the Open Meetings Act?

19 A I think so. I mean, I don't have an exact  
20 time limit but I think they were two hours total, I  
21 believe.

22 Q And you mentioned that this is required for  
23 all commissioners, right?

24 A Correct.

25 Q How often are these trainings required?

1 MR. RUSSO: Objection, call for  
2 speculation.

3 A Yeah, I'm not sure.

4 Q Have you only had to take them once?

5 A I've only taken them once.

6 Q And have you received any -- any other  
7 training on Open Meetings Act, the Public Information  
8 Act during your time as a commissioner?

9 A No, I don't think so.

10 MS. SPOTO: Sarah, you can stop screen  
11 sharing.

12 A I need to run to the restroom.

13 Q Did you have any -- I'm sorry. What was  
14 that?

15 A Is it a good time for a restroom break?

16 Q Oh, that's totally fine.

17 THE VIDEOGRAPHER: Going off the record.  
18 It's 1:34 p.m.

19 (Recess.)

20 THE VIDEOGRAPHER: Back on the record.  
21 It's 1:53 p.m.

22 Q (BY MS. SPOTO) All right. Dr. Armstrong, did  
23 you have any continuing education requirements as  
24 commissioner?

25 A I do.

1 Q All right. Could you -- could you share what  
2 those requirements are?

3 A It's like 16 hours a year.

4 Q Are they on any particular topics?

5 A No. They have -- well, I mean, there are  
6 topics that they have. There is a -- a -- the  
7 county chair -- not the county chair but the -- the  
8 county of -- what is it called? TAC, Texas Association  
9 of Counties. Texas Association of Counties has meetings  
10 where they will offer those continuing education hours.  
11 So yes, we do have to get those.

12 Q All right. And did you complete your hours  
13 for the past year?

14 A I did.

15 Q For the ones that you got, did those education  
16 hours include anything on the Voting Rights Act?

17 A I don't think so.

18 Q Did they include anything on the 14th  
19 Amendment?

20 A No.

21 Q How about redistricting?

22 A No.

23 Q How about the U.S. census?

24 A No.

25 Q Did you complete your required hours alongside

1 any of your fellow commissioners?

2 A Define alongside. I'm not sure what --

3 Q Sure. Were you with any of the other  
4 commissioners? Like, did you -- did you attend the same  
5 education hours?

6 A So we actually can go to different breakout  
7 sessions and so we could choose where we go. So we  
8 could be at the same, you know, sort of convention where  
9 hours are being offered but decide to go to different --  
10 different sessions.

11 So we're at the same convention. Not  
12 everyone was there. I think -- I can't remember the  
13 different commissioner's that were there but. . .

14 Q All right. Do you -- do you remember if  
15 anyone attended any of the same breakout sessions that  
16 you did?

17 A I can't remember that.

18 Q All right.

19 MS. SPOTO: Sarah, if you could pull up  
20 Tab 14?

21 Q All right. Are you able to see that,  
22 Dr. Armstrong?

23 A It says, "United States District Court,  
24 Southern District of Texas, Galveston Division," yes.  
25 Is that what you're talking about?

1 Q Yes.

2 A Yes, I can see that.

3 Q So does this appear to be a court document?

4 A It appears to be.

5 Q And if you look at the party names listed on  
6 the case, does it appear to be a court filing from this  
7 case specifically?

8 MR. RUSSO: Objection, calls for  
9 speculation. You can answer if you know.

10 A It says that the plaintiffs are Galveston  
11 County -- I mean, the defendants. Plaintiffs Petteway  
12 versus Galveston County. So I'm not sure that's it's  
13 regarding -- regarding this case.

14 Q I'll go ahead and represent to you that this  
15 is a filing --

16 A Okay.

17 Q -- from this case.

18 A Okay.

19 Q And so turning to the title of the document,  
20 I'm going read. It says, "Defendants', Galveston  
21 County's, Honorable Judge Mark Henry's and Dwight D.  
22 Sullivan's Motion to Dismiss First Amended Complaint of  
23 Dickinson Bay Area Branch NAACP, Galveston Branch NAACP  
24 Mainland Branch NAACP, Galveston LULAC, Council 151,  
25 Edna Courville, Joe A. Compian, and Leon Phillips." Did

1 I read that right?

2 A Yes.

3 Q All right. And if you look just below that,  
4 you'll see it says, "Filed on June 8th, 2022," right?

5 A Okay. Yeah. You just highlighted it for me.  
6 I see that.

7 Q Yeah.

8 A Yes. Thank you.

9 Q So that indicates it was filed about four  
10 weeks after your appointment to commissioner's court; is  
11 that right?

12 A Sure. Yes.

13 Q All right.

14 MS. SPOTO: Sarah, if you could scroll  
15 down to Page 16.

16 Q All right. Dr. Armstrong, do you see the  
17 heading 2 in bold? It says, "This case is moot because  
18 there are now two African-Americans serving as  
19 commissioners."

20 A Okay.

21 Q Did I read that right?

22 A I don't see -- I see on your document here but  
23 I don't see it on my document.

24 THE WITNESS: Is it further up?

25 MR. RUSSO: It's Page 16.

1 A 16, okay.

2 Q Are you seeing that now?

3 A I can see it, yes.

4 Q Okay. So you're welcomed, if you want, you  
5 can read over that last paragraph on Page 16 underneath  
6 the heading that we just read. It's just some legal  
7 standards?

8 A Okay.

9 Q But once you're ready, just let me know and we  
10 can turn to the next page.

11 A (Witness examined document.) Okay.

12 Q All right.

13 MS. SPOTO: Before we go further,  
14 Plaintiffs would like to mark this as Deposition EXHIBIT  
15 11.

16 (Exhibit 11.)

17 Q All right. So now we're on Page 17.  
18 Dr. Armstrong, would you be able to read allowed that  
19 first paragraph of Page 17 beginning "Plaintiffs'  
20 allege"?

21 A So "Plaintiffs allege that Commissioner  
22 Holmes, who is African American, is the only  
23 commissioner to vote in line with the wishes of a  
24 majority of the African American and Latino communities.  
25 County Judge Henry appointed Dr. Robin Armstrong, who is

1 African American, to the Commission to serve as  
2 Commissioner for Precinct 4. Of the five members  
3 anybody on the Commission, two are African American. 40  
4 percent of the Commission members are African American.  
5 Black and Latino residents in Galveston County account  
6 for 37.6 percent of the total population. Thus African  
7 American representation on the Commission is greater  
8 than the proportion of Black and Latino residents in  
9 Galveston County." Keep going?

10 Q That's it. Thank you, Dr. Armstrong. So were  
11 you aware that the county's counsel on this case is  
12 using your race as a defense in this lawsuit?

13 MR. RUSSO: Let me object as it calls for  
14 a legal conclusion. It's an improper hypothetical,  
15 assumes facts not in evidence, and vague and  
16 ambiguous.

17 A Yeah. So when this happened, I was made aware  
18 that that -- that this was going to happen, yes.

19 Q Do you remember when you were made aware?

20 A I do not know when. I remember having a brief  
21 conversation with our counsel but I don't remember when.

22 Q Do you remember --

23 MR. RUSSO: Let me instruct the witness  
24 not --

25 Q -- if it was before --

1 MR. RUSSO: Hold on, Counsel. Counsel,  
2 hang on a second. Let me make sure that we get on the  
3 record the objection to attorney/client privilege.

4 THE WITNESS: Right.

5 MR. RUSSO: To the extent your answer  
6 would involve --

7 THE WITNESS: Sure.

8 MR. RUSSO: -- disclosure of communication  
9 between you and counsel --

10 THE WITNESS: Okay.

11 MR. RUSSO: -- that's off the record.

12 THE WITNESS: Okay.

13 MR. RUSSO: It's attorney/client, work  
14 product privileges.

15 THE WITNESS: Got it.

16 MR. RUSSO: Okay. Sorry. Go ahead,  
17 Counsel.

18 Q So without disclosing any privileged  
19 communications with counsel, can you describe when you  
20 were made aware of this?

21 A No.

22 Q Do you remember if it was before June 8th?

23 A I -- I just don't know.

24 Q Do you remember if it was before you were  
25 appointed to the commissioner's court?

1           A     Well, it was definitely not that time 'cause I  
2     didn't know anything about it.

3     Q     All right. Just to double check to make sure  
4     the record's clear. You said earlier that you didn't  
5     learn of this case until an executive session of the  
6     commissioner's court; is that right?

7     A     Correct.

8     Q     Do you recall when that session was?

9     A     I -- we have an executive session with just  
10    about every commissioner's court meeting, not about this  
11    issue in particular but in many different issues that  
12    come in executive session. So I don't remember which  
13    one it was.

14    Q     Would that executive session be marked as an  
15    item on the meeting agenda?

16                   MR. RUSSO: Object, calls -- calls for  
17    speculation.

18    Q     Based on your knowledge.

19                   MR. RUSSO: It's vague and ambiguous.

20                   Counsel, let me clarify the question.

21    Are you asking for the -- about a first executive  
22    session after he was appointed? Is that what you're  
23    asking about?

24                   MS. SPOTO: I'm asking sort of generally.

25    I can rephrase.

1 Q Like in general, would this sort of executive  
2 session be marked on a commissioner's court agenda,  
3 let's say, consulting --

4 A Yes.

5 Q -- with consult about a lawsuit. Sorry.  
6 What was that?

7 A Yes.

8 Q And going back specifically -- let me  
9 rephrase. Scratch that.

10 Were you made aware of this argument  
11 regarding your racial identity during an executive  
12 session?

13 MR. RUSSO: Let me object to that as --  
14 you're getting into the executive privileges --  
15 legislative privileges that relate to executive  
16 sessions.

17 Let me advise the witness. To the extent  
18 counsel was present during the executive session having  
19 those communications with you-all, those conversations  
20 are off limits.

21 THE WITNESS: Okay.

22 MR. RUSSO: And if you can't answer the  
23 question without divulging the conversations between  
24 counsel, just let her know.

25 A I don't -- I can't.

1 Q Okay. We can move on. What was -- what was  
2 your reaction to this argument regarding a racial  
3 identity? What are your thoughts on it?

4 A From -- from a -- from a pathological  
5 perspective, I understand it to get rid of it but I  
6 didn't think that it had anything to do with -- with the  
7 appointment.

8 In retrospect, I understand using it but  
9 I didn't think it had anything to do with the  
10 appointment or the votes to put me on the ballot as  
11 well.

12 Q Did Judge Henry discuss this lawsuit with you  
13 during your appointment process for commissioner?

14 A No. He did not.

15 Q Did he discuss your race during the  
16 appointment process?

17 A No. He did not.

18 Q Has he discussed your race with you after your  
19 appointment?

20 A No.

21 Q Did anyone on Judge Henry's staff discuss this  
22 lawsuit with you --

23 A No.

24 Q -- during your appointment?

25 A No.

1 Q Did anyone on Judge Henry's staff discuss your  
2 race with you during your appointment process?

3 A No.

4 Q And to your knowledge when the GOP precinct  
5 chairs were in the process of selecting the Republican  
6 candidate for the 2020 general for Precinct 4, did the  
7 fact that your racial identity was being used as a  
8 defense in this lawsuit come up in any conversations to  
9 your knowledge?

10 A No.

11 Q And to your knowledge, was your race brought  
12 up at all in conversations with GOP precinct chairs?

13 A Not to my knowledge, no.

14 Q Let's talk a little bit more about Precinct 4  
15 and your work representing them. Could you describe the  
16 socioeconomic makeup of Precinct 4?

17 A I'm speculating but it's very diverse.

18 Q And how about the partisan makeup of your  
19 precinct?

20 A I haven't looked at the numbers but it is a  
21 Republican district or precinct.

22 Q Okay. And looking more at socioeconomics,  
23 could you identify what some of the poorer areas of your  
24 precinct are?

25 MR. RUSSO: Object as to the extent

1 you're calling for speculation but you can answer if you  
2 know.

3 A I would think probably the south part of the  
4 precinct, generally speaking.

5 Q And what do you base that information on?

6 A Just observation.

7 Q All right. And what areas would you say,  
8 based on observation, are more affluent in your  
9 precinct?

10 A Probably the north part of my precinct.

11 Q All right. And we already discussed in  
12 previous questioning the racial makeup of the precinct.

13 Do you know -- do you have any sense of  
14 what the racial makeup of Precinct 4 was before the 2021  
15 redistricting cycle?

16 A I do not.

17 Q So what kind of issues does the commissioner's  
18 court mainly focus on or address?

19 A Well, so we -- we established a budget for  
20 the -- for the county and for the sheriff's department,  
21 which is a large department.

22 We also, you know, handle much of the  
23 business for the unincorporated areas or all of them.  
24 We are their government for the unincorporated areas  
25 within the county and then we, you know, deal with

1 different payroll. We've got about 1200 employees in  
2 the county.

3 So we deal with payroll issues and we've  
4 got the Parks Department and -- and we've got a District  
5 Attorney's office and Sheriff's office and all those  
6 different offices that we kind of balance. The County  
7 Courts at law that we kind of help.

8 So that's generally what we do on a  
9 weekly basis. There's all sorts of different issues  
10 that come up.

11 MS. SPOTO: Sarah, you can stop screen  
12 sharing.

13 Q All right. So, Dr. Armstrong, what are  
14 your -- what are your priorities as a commissioner?  
15 Like, what issues are most important to you?

16 A You know, my priorities are to just kind of  
17 serve the community, be a -- be a voice for them on  
18 commissioner's court. And that's all the different  
19 people of my district, give them a voice and -- and  
20 learn what their priorities are.

21 You know, my -- you know, my priorities  
22 should reflect what my constituent's priorities are and  
23 so that -- that's my goal and my desire.

24 Q All right. You mentioned earlier that you  
25 have an assistant. Who is that assistant?

1 A His name is Chris Lane.

2 Q Chris Lane. And what is Chris Lane's race?

3 A He's African American.

4 Q Is he a county employee or is he your personal  
5 assistant?

6 A No. He's a county employee. Yeah, he's a  
7 county employee, constituent services.

8 Q And how long has -- how long has Chris been  
9 your assistant?

10 A I hired him probably, I guess, two, three  
11 months after I was appointed.

12 Q All right. And, also, you previously  
13 mentioned that you had a political consultant in your  
14 Senate District 11 race. Who was that political  
15 consultant?

16 A Robert Flanagan.

17 Q Have you used any other political consultants?

18 A No.

19 Q And can you describe --

20 A I do have --

21 Q -- that Robert Flanagan --

22 A I have -- I have used a guy that does my mail  
23 pieces, Spencer Newman, but he's the only other one.

24 Q When you say he did your mail pieces, does  
25 that mean designing them --

1 A Correct.

2 Q -- or sending them out?

3 A Correct. Both.

4 Q Okay. And can you describe what Robert

5 Flanagan did for your campaign?

6 A So he's a general consultant and so he put  
7 together the television ads that I did and he also does  
8 some sort of general consulting and -- and looks at all  
9 the voting population and all that stuff, where we need  
10 to be engaging voters and such.

11 Q All right. Shifting back to your work as a  
12 commissioner. How much time do you spend in like the  
13 different areas of your precinct? You mentioned it  
14 covers a wide area.

15 A It does. I probably spend most of the time  
16 where I live in the north precinct, Precinct 4. I spend  
17 quite a large amount of time in -- really all over the  
18 precinct. I'm in Texas City and La Marque quite a bit  
19 as well 'cause I have nursing homes that we go to as  
20 well in to those areas.

21 So I'm pretty much traveling all  
22 throughout the district just with my medical practice as  
23 well, administering that, and then also just talking  
24 with folks. So my -- my job naturally sort of moves me  
25 about -- about the district as well.

1 Q All right. Have you attended any NAACP events  
2 or local branch NAACP events during your time as a  
3 commissioner?

4 A Not as a commissioner, no.

5 Q Have you attended any LULAC events as a  
6 commissioner?

7 A No. Not as a commissioner, no.

8 Q Have you met with representatives of the NAACP  
9 or any of the local NAACP branches as a commissioner?

10 A I have not as a commissioner, no.

11 Q How about representatives of LULAC?

12 A No.

13 Q How about members of the NAACP --

14 A Oh, gosh.

15 Q -- or the local branches?

16 A Well --

17 MR. RUSSO: Objection, calls for  
18 speculation.

19 Q To your knowledge.

20 A I'm sure I've met with many members of the  
21 NAACP. You know, I mean I -- I -- you know, I'm -- I'm  
22 black. I know a lot of black people. So I'm sure  
23 I've -- I'm sure I've met with people who -- maybe I  
24 don't know that they're a member or not but I'm sure I  
25 have.

1 Q All right. And similar situation for LULAC  
2 members?

3 A Probably not as many in LULAC, I would imagine  
4 but. . .

5 Q All right. Before you were appointed to the  
6 commissioner's court, we've talked that you had already  
7 met County Judge Mark Henry but had you met -- I think  
8 we also covered Stephen Holmes. But had you met any of  
9 the other commissioners before your appointment?

10 A So I did not know Commissioner Giusty. I had  
11 not met him. I had interacted -- I had kind of  
12 interacted with him loosely and hadn't met him.  
13 Commissioner Apffel, I had met him before.

14 Q In what context had you met him before?

15 A Well, he's a lawyer and he was involved with a  
16 case against me.

17 Q That's awkward.

18 A Yeah. I know it's awkward. It was very  
19 awkward but --

20 Q I would imagine your relationship with him has  
21 changed a little bit since then?

22 A It's -- it's better now.

23 Q So what's your relationship like with the  
24 other commissioners?

25 A Well, it's okay with Apffel too now but --

1 it's okay with him now. I don't hold grudges, so -- but  
2 I think our relationships are actually pretty good. I  
3 mean, I -- with Commissioner Holmes as well.

4 Q How often do you meet with your fellow  
5 commissioners?

6 A So we don't meet on a personal level, like,  
7 outside of commissioner's court anywhere. You know, we  
8 might be at the same event. Usually there's not three  
9 of us because we would violate that -- that rule and we  
10 don't talk any business during those times.

11 But we're not meeting outside of  
12 commissioner's court very often unless it's a political  
13 event that we're going to.

14 Q Okay. And in terms of your work as  
15 commissioner and your voting, would you say you're more  
16 aligned with one commissioner or another or with Judge  
17 Henry?

18 A That's an interesting question. I see myself  
19 now as being a -- kind of a swing vote now. I kind  
20 of -- I think that most of the things that we -- most of  
21 the things we do in commissioner's court, the vote is  
22 5-0, everybody's agreeing, the judge and all four  
23 commissioners.

24 Rarely do we have a 3-2 vote and -- and  
25 then there are times on particular issues where we have

1 a 4-1 vote, but I'm -- I don't -- I don't know. That's  
2 a hard question to answer which side -- who I'm voting  
3 with mostly. It varies a lot.

4 Q All right. Setting aside those unanimous  
5 votes, how often would you say you find yourself voting  
6 opposite Judge Henry?

7 A I would say -- granted there's not a lot of  
8 non-unanimous votes, I probably voted opposite him --  
9 you want a percentage?

10 Q Yes.

11 A I'm sorry. I didn't hear you.

12 Q Yes.

13 A Okay. Okay. Percentage. I bet you -- I  
14 would say 30 percent of the time I vote against him.

15 Q Can you cite a particular example or do you  
16 remember a particular vote where you had different  
17 positions?

18 A I do. I do remember a vote.

19 Q Could you share more about that?

20 A It was a vote where we were trying to pay a  
21 couple of employees more to keep them on with the county  
22 and you know -- because we were down sizing one of the  
23 departments. We were downsizing the treasury  
24 department, so we were -- the treasury's office. So we  
25 were going to pay them more and we voted on opposite

1 sides on that one.

2 Q Okay. Can you remember any times when you  
3 voted with Stephen Holmes against the others? So the  
4 other three versus you two.

5 A No. That's not happened.

6 Q All right. You mentioned sort of generally  
7 being interested in your constituent's thoughts and your  
8 constituent's priorities.

9 Are there ever any, like, times or issues  
10 or circumstances where you're especially interested  
11 in -- in your constituent's views?

12 MR. RUSSO: Object as vague and  
13 ambiguous.

14 A You know, I'll tell you, I am always  
15 especially interested in their views. I think that's  
16 just wise.

17 MS. SPOTO: Sarah, could you pull up Tab  
18 10. All right. This is going to be -- Plaintiffs are  
19 going to mark this as Deposition Exhibit 12.

20 (Exhibit 12.)

21 Q Dr. Armstrong, are you able to see it?

22 A Yes, I can.

23 Q All right.

24 MS. SPOTO: So this was previously  
25 produces as DEFS00017137.

1 Q You'll see, Dr. Armstrong, it was from Linda  
2 Liechty to Angel Hernandez -- to ITShelp copying Angel  
3 Hernandez and Katina Gee sent on May 19th, 2022 via  
4 e-mail. Is that all right?

5 A That's what it looks like, yeah.

6 Q Have you seen this e-mail before?

7 A No.

8 Q All right. I'll give you a chance to look.  
9 If you look at the body of the e-mail under Number 1,  
10 sort of towards the --

11 A Yeah. Yeah. I see.

12 Q -- lower half middle of the screen, it  
13 says --

14 A "Due to the reconstruction."

15 Q Uh-huh. Yes.

16 A Okay.

17 Q So it says, "Due to the reconstruction at the  
18 Calder Annex, the Commissioner does not have a dedicated  
19 office. The above equipment can be delivered to the  
20 County Judge's office at 131 Pecan Drive in League  
21 City." Did I read that right?

22 A Yes.

23 Q So according to this e-mail, at least as of  
24 May 19th, you didn't have an office, right?

25 A Right.

1 Q And is that accurate information?

2 A Correct.

3 Q Do you have an office now in your role as  
4 commissioner?

5 A I do have an office. It's -- it's in the --  
6 sort of the temporary buildings that are set up for  
7 the -- until the new the annex is finished.

8 Q Okay. Where is that office located?

9 A It is located in League City.

10 Q Do you know, is that office located in  
11 Precinct 4 under the current maps?

12 A It is not.

13 Q Do you know why it isn't?

14 A I do.

15 Q Could you share that?

16 A I am supposed to move to the Texas City  
17 building and -- and -- and that office is currently  
18 occupied.

19 Q Okay. So to be clear, the Texas City building  
20 is in your precinct?

21 A Correct.

22 Q So who's currently occupying that building?

23 A Commissioner Holmes.

24 Q And do you know where his office will move to  
25 when he's no longer there and you move in?

1 A It'll be in his -- in his precinct in the --  
2 the new Calder Annex once that's built.

3 Q Do you know when he's scheduled to move?

4 A I don't know that he's going to move. So no,  
5 I do not know that.

6 Q Can you elaborate on that a bit more?

7 A What do you mean?

8 Q You don't know if he's going to move?

9 A No. What do you -- what -- I just don't know.

10 Q So -- so you don't know then when you'll be  
11 able to get into your Texas City office -- the future  
12 Texas City office?

13 A That is correct.

14 Q Okay. Is there another location where your  
15 constituents can come speak to you in person if they  
16 want?

17 A Yes.

18 Q And where is that?

19 A In my office, the -- sort of the temporary  
20 buildings until the Calder building is finished or, you  
21 know, in my -- my personal office that I used in League  
22 City, so either -- either one.

23 Q Okay. Your personal office in League City, is  
24 that in your precinct?

25 A It is not.

1 Q Okay. And have you shared that location with  
2 your constituents?

3 A No.

4 Q And have you shared the location of the  
5 temporary office with your constituents?

6 A Yes.

7 Q All right. During earlier testimony, you  
8 mentioned someone had asked you to run for state house.  
9 Who was that?

10 A It was one of my -- one of my political  
11 consultants.

12 Q Okay. So was that -- was it Robert  
13 Flanagan?

14 A No. It was Spencer Newman.

15 Q Sorry. Could you repeat that?

16 A It was Spencer Newman.

17 Q Okay. Now, shifting gears a little bit again.

18 MS. SPOTO: Sarah, we can stop screen  
19 sharing.

20 Q Dr. Armstrong, have you ever been to Carver  
21 Park or the Carver Community Center in Texas City?

22 A Yes.

23 Q Have you been to any community events in  
24 Carver Park?

25 A Yes.

1 Q What were those events?

2 A It's been a while. It's been a while but I  
3 have been to -- so Lincoln -- Lincoln High School was  
4 actually on the -- you know, right down the road from  
5 Carver Park.

6 It's where the segregated high school was  
7 and so we were -- my dad and I actually worked on  
8 restoring the auditorium at Lincoln. And we've done,  
9 you know, picnics and community events out at Carver  
10 Park in the past but it's been a long time.

11 Q Can you give an estimate of how long ago that  
12 was?

13 A Gosh, it's probably been -- I don't know -- 20  
14 years, 25 years or so. It's been a while.

15 Q All right. So it sounds like you're familiar  
16 with the historical significance of Carver Park to the  
17 African American community, right?

18 A And I grew up around there too. I grew up in  
19 that area, so yeah.

20 MS. RUSSO: Object as vague and  
21 ambiguous.

22 Q Are you aware of the historical significance  
23 of Carver Park specifically connected to voting?

24 A Explain that more.

25 Q Sure.

1           A     I guess I'm -- I guess I'm not -- I know it's  
2 a voting precinct. I do know that. Is that what you  
3 mean?

4           Q     Yes. Yes.

5           A     Yes, I do. Yeah. Yeah. We had -- yeah. We  
6 had signs there for senate race.

7           Q     And then are you aware that Carver Park was  
8 taken out -- are you aware that Carver Park used to be  
9 in Precinct 3 before the 2021 redistricting?

10          A     Yes.

11          Q     And are you aware that it was taken out of  
12 Precinct 3 during that 2021 redistricting?

13          A     Yes.

14          Q     Do you -- sorry. Scratch that.

15                     How did you become aware of Carver Park  
16 being taken out of Precinct 3?

17          A     Well, 'cause I knew that it was a part of my  
18 current precinct now.

19          Q     Do you have any opinions about the choice to  
20 remove Carver Park from Precinct 3?

21          A     No.

22          Q     All right. Are you familiar with -- sorry.  
23 Scratch that.

24                     Have you -- has anyone expressed to you  
25 concerns about removing Carver Park from Precinct 3?

1 A No.

2 Q Have you returned to Carver Park at all since  
3 you became a commissioner?

4 A No. Not since I've been a commissioner, no.

5 Q So are you familiar with Constable Derreck  
6 Rose?

7 A I don't know him personally.

8 Q But you're aware of him generally?

9 A Right.

10 Q Okay. Are you aware that his constable  
11 precinct is located in your precinct, Precinct 4?

12 A I was actually not aware of that but that  
13 makes sense.

14 Q Okay. And you said you don't know him  
15 personally. Have you spoken to him at all since you've  
16 taken office as commissioner?

17 A I have not.

18 Q All right.

19 MS. SPOTO: Sarah, if you could pull up  
20 Tab 1. I believe Plaintiffs will be marking this as  
21 Deposition Exhibit 13, I believe, is what we're up to.

22 (Exhibit 13.)

23 Q Dr. Armstrong, are you able to see the  
24 exhibit?

25 A Yes.

1 Q This PDF is a copy of your campaign website  
2 page. The page is titled, "Dr. Armstrong in the News,"  
3 and the website is RobinArmstrongforTexas.com. I'll  
4 represent to you that this copy was made on January 6,  
5 2023. Does it look like an accurate copy of your web  
6 page?

7 A Yes.

8 Q All right.

9 MS. SPOTO: And, Sarah, if we could just  
10 generally scroll a little bit through that.

11 Q You'll see there's a number of links to news  
12 article largely dealing with Hydroxychloroquine and  
13 COVID-19. Does that sound right to you?

14 A Yes.

15 Q So did you personally post these entries to  
16 the web page?

17 A No.

18 Q Who was responsible for posting them?

19 A The web master.

20 Q Did you select which articles would be linked  
21 to the website?

22 A No. I just sent -- sent all of them to him.

23 Q Okay. So you would send them to him and he  
24 would post the ones you sent?

25 A Correct.

1 Q All right. And so looking at the topics you  
2 mentioned that -- well, we covered it was a lot dealing  
3 with Hydroxychloroquine and COVID-19. Would you say  
4 that was a major focus of your campaign?

5 MR. RUSSO: Objection, vague and  
6 ambiguous to -- what do you mean by that? What was the  
7 focus?

8 MS. LEEPER: I'll rephrase.

9 Q Would you say issues around COVID-19,  
10 including potentially Hydroxychloroquine, were a major  
11 focus of your campaign?

12 A It probably was. It was a -- it was a  
13 highlight, I think. I got lots of national exposure on  
14 both sides for that. So it certainly was a highlight.  
15 I wouldn't necessarily say it was a focus.

16 Q Is it accurate to say that all of these  
17 entries on your page, Dr. Armstrong, in the news were  
18 dealing with COVID-19 and/or Hydroxychloroquine? Feel  
19 free to scroll through if you need.

20 A Oh, yeah. I think that's accurate to say  
21 that. One of these pictures is not from that but -- but  
22 a lot of them are. I mean, that -- that's -- that's  
23 what the news media seemed particularly interested in.

24 Q All right.

25 MS. SPOTO: And, Sarah, if you could also

1 pull up Tab 2. But if you could keep Tab 1, like, open  
2 on your computer in case we need to switch back to it.

3 A Okay.

4 MS. SPOTO: Plaintiffs will mark this as  
5 Deposition Exhibit 14.

6 (Exhibit 14.)

7 Q Dr. Armstrong, are you able to see it?

8 A Yes.

9 Q Okay. So this is an article from MPR by the  
10 Vanessa Romo. Headline, "COVID-19 Patients Given  
11 Unproven Drug in Texas Nursing Home in Disconcerting  
12 Move published April 10th, 2020." Did I read all that  
13 right?

14 A You read it correctly.

15 Q Okay. And if we look back at the previous  
16 exhibit -- if we scroll to Pages 7 through 8 of the PDF,  
17 it looks like this article that's linked here.

18 "COVID-19 Patients Given Unproven Drug in Texas Nursing  
19 Home in Disconcerting move, April 10th, 2020," it looks  
20 like that's the same article?

21 A Okay.

22 Q Right?

23 A Okay.

24 Q Okay. Had you seen this article before?

25 A I have seen the headline. I have not read the

1 article.

2 Q Okay. So you saw the headline and e-mailed it  
3 to be posted on your web page?

4 A Well, no. I mean, I -- I -- it was easy to  
5 find these in a search. I wasn't e-mailed these  
6 articles. These articles were out there. So, you know,  
7 some of these pictures -- okay. So the picture with us  
8 and Trump, that I e-mailed to the web person.

9 MR. RUSSO: I think she was just asking  
10 you about the article on the bottom.

11 A The article on the bottom. No, I did  
12 not e-mail to them. That was found in the search.

13 Q Okay. Did the web person identify this  
14 article and post it?

15 A Correct.

16 Q Okay.

17 MS. SPOTO: Sarah, if we could switch  
18 back to the article.

19 Q Okay. If we scroll to Page 4 of the PDF?

20 A Okay.

21 Q We can read towards the bottom. It's  
22 actually -- we'll read a little bit of the next page  
23 too. But you'll see at the very bottom of Page 4 and  
24 start at Page 5, it says, "He" -- referring to you from  
25 the previous paragraph Armstrong -- "acknowledged that

1 some families were not aware their relatives were put on  
2 the drug, saying that 'for the most part,' he consulted  
3 with each nursing home resident prior to giving them on  
4 the tablets." Is that an accurate -- sorry. Do you  
5 remember saying that?

6 A I don't remember saying that, no.

7 Q Does it sound like an accurate description of  
8 what happened?

9 A This is an inaccurate description of what  
10 happened.

11 Q Can you elaborate further?

12 A The families knew they were being treated.

13 Q All of the families knew?

14 A Yes, all the families were made aware. The  
15 families who were not made aware, the residents were of  
16 sound mind and body and were told, so. . .

17 Q And all of the nursing home patients gave  
18 consent to be treated?

19 A All -- all of the ones who were able to. The  
20 ones who were not able to, the families were made aware.

21 Q So you obtained the Hydroxychloroquine doses  
22 through your Republican party connections, right?

23 MR. RUSSO: Object as to vague and  
24 ambiguous, mischaracterizes his testimony but you can  
25 answer.

1 A Through knowledge from them.

2 Q Okay.

3 MS. SPOTO: Sarah, if you could pull up  
4 to just fully into page 4 of -- I think we want to be in  
5 top 2, sorry. So Page 4 of this PDF. Yeah.

6 Q So towards the middle of the page, you'll see  
7 it starts -- there's a paragraph that starts,  
8 "Armstrong, who is a prominent GOP activist, called  
9 Republican Lieutenant Governor Dan Patrick." He says,  
10 "Patrick reached out to Texas state Senator Bryan  
11 Hughes, also a Republican, who knew someone on the board  
12 of the New Jersey-based company Amneal Pharmaceuticals.  
13 The company, which makes and distributes the drug, had  
14 donated more than a million tablets nationwide,  
15 including to the states of Texas and Louisiana." Did I  
16 read that right?

17 A Correct.

18 Q And would you say this paragraph is an  
19 accurate description of what happened?

20 A Yes.

21 Q So did you have access to Hydroxychloroquine  
22 doses to treat COVID-19 patients without those  
23 connections to Lieutenant Governor Dan Patrick?

24 A Yes.

25 Q Could you elaborate?

1 MR. RUSSO: Objection, asked and  
2 answered.

3 Q To the extent there's anything more you can  
4 share.

5 A You know, that -- that -- you know, the  
6 tablets we got were from the Texas State Board of  
7 Pharmacy, which is where they were -- where they came  
8 from. That's where the million doses went to.

9 Q So why did you reach out to Lieutenant  
10 Governor Patrick to obtain Hydroxychloroquine?

11 A Because we had 55 very high risk patients, who  
12 were by all accounts, were likely to die from COVID.  
13 They were elderly and ill in the nursing home and the  
14 date at that time said -- this of March of 2020 said we  
15 could loose 20 to 30 percent of residents and I was not  
16 going to let that happen. So I was going to treat them  
17 with the standard of care at that time.

18 Q Was there a reason you reached out to  
19 Lieutenant Governor Patrick in particular?

20 A 'Cause I had his number and I -- that was a --  
21 that was a source that I had, you know. That was --

22 Q Okay. What made you think -- what made you  
23 think he could -- he was a source?

24 A Well, he's Lieutenant Governor of the state  
25 and actually as it turns out, he was actually very

1 helpful because he directed me to state senator, who  
2 then directed me to stock pile that had already been  
3 sent to the state.

4 So for whatever reason -- maybe divine  
5 intervention -- it turned out to be correct. I mean, no  
6 reason -- no reason for Patrick in particular. I mean,  
7 I'd have called the governor had I had his phone number.  
8 I would have called anybody who -- who I thought  
9 could have helped to get the medications to treat these  
10 patients.

11 Q All right.

12 MS. SPOTO: And, Sarah, if you could  
13 scroll up to Page 2 of the PDF.

14 Q Okay. So on that third paragraph, you'll  
15 see -- the article mentions that then President Donald  
16 Trump was, as it says, enthusiastic champion of  
17 Hydroxychloroquine, calling it a game changer.

18 Did you know about Trump's interest in  
19 Hydroxychloroquine at this time?

20 A At that time, I can't tell you that I knew  
21 about or didn't know about it. It was a while back but  
22 I can tell you it's -- it's -- it's absolute foolishness  
23 to think that that had anything basis -- had anything to  
24 do with our decision to use the drug. That's just  
25 silly. That probably angers me more than anything else

1 but I'll stop there.

2 Q All right.

3 MS. SPOTO: Sarah, you can go ahead and  
4 stop screen sharing.

5 With that, I think we are getting close  
6 to the end of NAACP Plaintiffs' questioning. So I'd  
7 like to get off the record for a quick five, ten minutes  
8 to consult notes and then, also, this might be a good  
9 time for a lunch break.

10 THE VIDEOGRAPHER: Going off the record.  
11 It's 2:47 p.m.

12 (Recess.)

13 THE VIDEOGRAPHER: Back on the record.  
14 It's 3:07 p.m.

15 Q (BY MS. SPOTO) All right. Dr. Armstrong, I  
16 just have one more question before we close. So we  
17 talked a little bit about your senate primary campaign  
18 for Texas senate District 11 and we talked a little bit  
19 about endorsements. But were you endorsed by Ken  
20 Paxton?

21 A Yes.

22 Q All right. And Ken Paxton is the Texas  
23 attorney general, right?

24 A Yes.

25 Q All right. With that, thank you so much,

1 | Dr. Armstrong, for your time. That's all the questions  
2 | that I have for you.

3 | MS. SPOTO: NAACP Plaintiffs do reserve  
4 | the right to keep the deposition open pending  
5 | determination of the attorney/client privilege issues  
6 | but other than that, we are ready to pass the witness.

7 | EXAMINATION

8 | QUESTIONS BY MS. SMITH:

9 | Q Hello, Dr. Armstrong. My name is K'Shaani  
10 | Smith. I'm an attorney at the Department of Justice,  
11 | and I'll be representing the United States in this  
12 | deposition.

13 | Good afternoon and thank you for spending  
14 | some time with us today. I have a few questions for you  
15 | and I don't think I'll keep everyone too long, but I'll  
16 | also be jumping around through several topics just to  
17 | make sure that there's no overlap or duplicative  
18 | questions.

19 | Firstly, I'd like to start with your  
20 | membership with the Republican party. For how long do  
21 | you believe that you've been a member of the Republican  
22 | party?

23 | A I probably voted in my first primary in --  
24 | it's been a -- it's been a long time. You're requiring  
25 | me to do math. 20 -- 28 years, 30 years maybe,

1 | somewhere around there. It's been a long time.

2 | Q You previously mentioned that you were a  
3 | Democrat before college and that you changed parties  
4 | throughout your sophomore year of college. Does that  
5 | sound familiar?

6 | A Yes.

7 | Q Could you elaborate on why you decided to  
8 | change parties?

9 | A Well, I started engaging my faith more and  
10 | after that, I -- there was one issue in particular  
11 | that -- that -- that sort of required me to change  
12 | parties at that point.

13 | Q And could you tell me what issue that is?

14 | A It was the -- the life issue.

15 | Q You previously mentioned that Black voters  
16 | traditionally vote for Democrats because of the  
17 | leadership in organizations like the NAACP. Does that  
18 | sound accurate?

19 | MR. RUSSO: Let me object as it  
20 | mischaracterizes testimony.

21 | A It's -- it sounds like -- yeah, something  
22 | similar to that is what I said.

23 | Q (BY MS. SMITH) Could you correct my  
24 | recollection. I apologize.

25 | A Okay. So repeat what you said again. I'm

1 | sorry.

2 | MS. SMITH: Can the court reporter please  
3 | repeat my last question?

4 | (Page 178, Lines 14 - 17 read.)

5 | A That -- that's certainly one of the reasons.  
6 | So I stated that is one of the reasons why.

7 | Q (BY MS. SMITH) And what are the other reasons  
8 | in your view?

9 | A Because of tradition. 'Cause of tradition and  
10 | how -- how the community has traditionally voted for --  
11 | for a Democrat party. The same -- the same reason that  
12 | I grew up a Democrat, just because it was out of  
13 | tradition and out of -- and that's it.

14 | Q Do you believe that it's true of Black voters  
15 | in Galveston County specifically?

16 | A Generally, yes. I'm not -- you know, I --  
17 | I -- I haven't really asked so I'm kind of speculating  
18 | but I think that generally, yes, that's probably the  
19 | case.

20 | Q You've previously mentioned that you are  
21 | involved in the Republican party and have been elected  
22 | to several party positions; is that correct?

23 | A Yes.

24 | Q Have you taken any actions to attract Black  
25 | voters to the Republican party?

1 A Yes.

2 Q What are those actions?

3 A We have done events in -- in Houston at the --  
4 at the Buffalo Soldiers Museum in Houston. We've done  
5 Juneteenth events there. We have done MLK there as  
6 well.

7 We have -- I've actually gone out to --  
8 flew out to North Carolina to do an event with -- with  
9 Clarence -- I think his name is Clarence Johnson. He  
10 was one of the folks that was at the Greensboro, North  
11 Carolina sit in and so I've done events out there with  
12 him.

13 So -- so yeah, we've done -- I've done  
14 quite a few events. I mean, there's probably too  
15 numerous to count trying to engage African American  
16 voters.

17 Q Do you have an estimation of when you engaged  
18 in these actions of engaging Black voters to the  
19 Republican party?

20 A Oh, gosh, I would say probably frequently over  
21 the last ten years.

22 Q How would you define frequently?

23 A I would define frequently as having particular  
24 events that are formatted for African American  
25 engagement, maybe, you know, twice a quarter or so,

1 every other month having specific events.

2 And then just -- just engaging, you know,  
3 the community where I am here. I mean, I certainly live  
4 in the community as well.

5 Q Why have you decided to -- or why had you  
6 decided to engage in actions to attract Black voters to  
7 the Republican party?

8 A 'Cause I believe it really hasn't been done.  
9 It hasn't -- certainly hasn't been done effectively and  
10 so I think that, you know, we just need to do that more.

11 I believe that there's a lot more of a  
12 concerted effort now engaging Hispanic Americans but  
13 that's why I think we also need to do that more with  
14 Black Americans.

15 Q Have you engaged in any actions to attract  
16 Hispanic voters to the Republican party?

17 A Yes.

18 Q What are those actions?

19 A Not as much. Not as much personally. I know  
20 that the Republican National Committee has engaged  
21 Hispanic voters. We've -- we've opened up community  
22 centers in the Rio Grand Valley -- two or three  
23 community centers in the Rio Grand Valley of Texas,  
24 which is heavily Latino/Latina.

25 And so we have engaged -- there's been

1 more of a concerted effort to engage, I think, Hispanic  
2 Americans at the RNC level and at the Republic Party of  
3 Texas level as well.

4 Q Why do you believe there is more -- more of a  
5 concerted effort to do that?

6 A Not on my part but on the -- on the Republican  
7 party. I think it's numbers. I think that it's just  
8 the -- the numbers are much higher for the -- for the  
9 Hispanics than there are for the African Americans.

10 Q With regard to any of your personal actions  
11 that you have taken to attract Hispanic voters, round  
12 about when do you believe you took those actions?

13 A You know, I would say intermittently, I've  
14 probably taken part. I -- I actually went down to  
15 McAllen, Texas to open up one of the community centers.  
16 That was sometime in 20 -- that was probably sometime in  
17 2022 but -- but yeah, so just -- just intermittently. I  
18 mean, I can't give you an exact frequency.

19 Q And you said McAllen, Texas?

20 A Yes.

21 Q Is that located in Galveston County?

22 A No, it's not. It's on the border. It's on  
23 the -- it's in -- it's in Cameron County, I believe, or  
24 it may be Hidalgo County. It's way on the border. It's  
25 many hours south of here on the border -- Mexican

1 border.

2 Q All right. Thank you. In your view, do you  
3 believe that candidates who are elected office seek to  
4 gain the support of voters in Galveston County  
5 elections?

6 A So repeat the question again.

7 Q Sure. In your view, do you believe that  
8 candidates who are elected office seek to gain the  
9 support of Black voters in Galveston County?

10 A Yes.

11 Q How do they go about doing that?

12 MR. RUSSO: Object to speculation. You  
13 can answer if you know.

14 A Just engaging, you know, certainly folks that  
15 they know. Engaging folks that they know first and --  
16 and gaining the confidence of them and then spreading  
17 out, encouraging them to talk to others.

18 Q What about actions for -- sorry. Let me start  
19 over.

20 In your view, do candidates who are  
21 elected office seek to gain the support of White voters  
22 in Galveston County?

23 A Yes, I believe.

24 Q How do they go about doing that in your  
25 view?

1 A Probably I would imagine much the same way.

2 You know, it's in much the same way.

3 I think that -- my personal view point is  
4 that politics is socioeconomic now much more than race.  
5 I think we're trending in that direction. So I think  
6 that's what you -- where you're going to see big  
7 differences in how people are treated.

8 Q What do you mean by politics are trending more  
9 towards socioeconomics in race?

10 A I think it's going -- it's becoming a greater  
11 determinant and that's how, you know, political  
12 campaigns are starting to move. It's rural and urban in  
13 Texas as well and it's socioeconomics.

14 And I believe that -- I believe that  
15 every -- every racial group will vote for the individual  
16 who is promising their family that they're going to  
17 engage them economically and improve their economic  
18 life-style.

19 And I believe that -- that -- that I  
20 think you can get people to vote for you if you're going  
21 to improve their life-style, give them a good education,  
22 allow them to go to good schools and all that. So I  
23 think that people are starting to move more towards  
24 those issues and away from race.

25 Q And to make sure I understand what you mean by

1       socioeconomics, could you define that based on your  
2       understanding in using the word?

3           A       It's -- it's how much people earn and -- and  
4       kind of who they're -- who they interact with in their  
5       communities.

6           Q       Does that include their employment status?

7           A       It could. That's part of it. It could. It  
8       could.

9           Q       Their education level?

10          A       That certainly plays a role.

11          Q       In your view, do you believe that candidates  
12       who are elected office seek to gain the support of  
13       Hispanic voters in Galveston County?

14          A       Yes.

15          Q       How do they go about doing that in your view?

16          A       You know, I think -- like I say, much the same  
17       way as we engage African Americans or -- or White  
18       voters. I think it's much the same way, craft a message  
19       that is appealing to that group.

20          Q       Shifting gears to your prior senate campaign  
21       or state senate District 11 campaign. You mentioned  
22       that you spent a great deal of money while campaigning.  
23       Do you recall how much you spent?

24          A       I spent probably about 160,000. I mean, I  
25       spent more than that but that's what I -- my personal --

1 you talking about personal money or raised or altogether  
2 or what?

3 Q Altogether.

4 A Altogether, we probably spent about 250,000  
5 altogether but I raised some of that. Some of that was  
6 personal.

7 Q And you spent that money on TV ads, mailers  
8 and signs; is that right?

9 A Yes.

10 Q Did you spend that money on anything else  
11 related to your campaign?

12 A I think that probably was the overwhelming  
13 majority.

14 Q Did you spend more money on TV ads, mailers or  
15 signs in any one part of the senate -- or state senate  
16 district than any other portion of the district?

17 A No. It's -- it's hard to do that with  
18 television. I mean, that's the -- that's the most  
19 expensive medium and -- and so -- so no, I didn't  
20 really -- you know, for our mailers, they were mailed  
21 to, you know, two Rs and three Rs, people who have voted  
22 in Republican primaries in the past and -- because those  
23 are the people that generally will vote for the  
24 Republican primary -- in the Republican primary again.  
25 So we were certainly targeting republican voters 'cause

1 it was a primary.

2 Q And pardon my ignorance, you said two Rs and  
3 three Rs?

4 A Yeah. So --

5 Q Is that right?

6 A Yeah, whoever's voted in two Republican  
7 primaries or three Republican primaries or one  
8 Republican primary. So it's just kind of how we -- how  
9 you can divide them up. If you have -- and it's  
10 based on -- it's based on the amount of the money you  
11 have.

12 Q And I apologize if I'm duplicating any  
13 question that's been asked today, but I believe you  
14 stated that you -- during your campaign fro state senate  
15 District 11, you engaged Hispanic voters; is that right?

16 A I don't think I said that.

17 Q I apologize.

18 A I -- I certainly -- so when you say engaged  
19 them, I engaged, you know, all races of people, you  
20 know, during the campaign for sure, but you're talking  
21 about a specific outreach for Hispanics? Is that what  
22 you mean?

23 Q Yes.

24 A Okay. So yeah. So I did not do a specific  
25 outreach for Hispanics in that race.

1 Q Did you do any specific outreach towards Black  
2 voters in that race?

3 A I did not.

4 Q During that race, did you experience  
5 personally any racially charged rhetoric or incident?

6 A I did not, no.

7 Q Did your campaign consultant ever inform you  
8 of any racially charged epithets or rhetoric or  
9 incidents during that campaign?

10 A No.

11 Q Did you have a plan for -- after you -- well,  
12 strike that.

13 Did you have a plan for your campaign if  
14 you won the Republican primary?

15 A Did I have a plan?

16 Q Yes.

17 A For the campaign if I had won -- won the  
18 primary?

19 Q Yes.

20 A Okay. So a plan for the general election?

21 Q Yes.

22 A Okay. I did not.

23 Q Moving on to your appointment to the  
24 commissioner's court. You briefly spoke about your  
25 knowledge of Judge Mark Henry and stated that you met

1 him around 2010. Does that sound correct?

2 A Yes.

3 Q I'd like to show you an exhibit. I believe  
4 we're on Exhibit 14.

5 MS. SMITH: Ms. Court Reporter, please  
6 let me know if that's correct or not.

7 THE REPORTER: This should be 15.

8 Q (By MS. SMITH) And I'll try to show it to  
9 you. I've never done this before, so pardon me. Can  
10 you see this document?

11 A I can.

12 Q Okay.

13 MS. SMITH: And I'll -- so I'll mark this  
14 as Exhibit -- sorry, 15? 13?

15 THE REPORTER: 15.

16 MS. SMITH: 15. And I'll share it in the  
17 chat.

18 (Exhibit 15.)

19 Q (BY MS. SMITH) So this identifies that -- it  
20 states at the top, "Physician appointed to fill Precinct  
21 4 commission seat in Galveston County;" is that  
22 correct?

23 A Yes.

24 Q Sorry. Can you still see this? Okay.  
25 Scrolling down a bit. It says it's written by John

1 Wayne Ferguson. Does that sound right?

2 A Yes.

3 Q For The Daily News; is that correct?

4 A Yes.

5 Q Okay. I'm going to scroll down a bit into the  
6 article. On Page 3 of this PDF, it mentions Henry.

7 A Okay.

8 Q Do you understand that to be John -- or Mark  
9 Henry?

10 A Yes.

11 Q Judge Mark Henry?

12 A Yes.

13 Q Okay. If you look at the fourth paragraph, it  
14 says, "Henry said he has known Armstrong for 19 years  
15 and called him a really smart, likable guy." Do you see  
16 where it says that?

17 A Yes.

18 Q Have you known -- well, can you say whether or  
19 not that's accurate?

20 A I guess it's pretty close. Let me see here.  
21 I would have said -- I referenced 2010 because that's  
22 when he ran for the judge's seat. You know, I may have  
23 known him, you know, prior to that, you know. I mean,  
24 I'm estimating.

25 I remember when he ran for office. I

1 know that was the first time we had had any sort of  
2 interaction with one another, but really, like, not  
3 close interaction but just campaign interaction. So  
4 it's -- it's -- I guess I would say 12, 13 years as  
5 opposed to 19.

6 Q Okay. And have you ever worked with Judge  
7 Henry before --

8 A No.

9 Q -- becoming a commissioner -- before becoming  
10 a commissioner?

11 A No.

12 Q Okay. Scrolling down a bit. You can see it  
13 states, "Henry called Armstrong about the only voice of  
14 reason in advising him during the pandemic." Do you see  
15 where it says that?

16 A I see where it says that.

17 Q Would you say that's an accurate statement?

18 A I would say that I wasn't giving a lot of  
19 advice during the pandemic to him directly. Maybe --  
20 maybe it was taking advice. I was doing a lot of media  
21 stuff at the -- a lot of media stories at the time.

22 So I wouldn't say there was personal  
23 advice that I was giving during the pandemic. I think  
24 he was getting that from his local officials who are  
25 appointed in those positions.

1 Q So you did not act as an unofficial advisor  
2 for Judge Henry during the pandemic?

3 A I did not.

4 Q Thank you. Stop sharing. Moving on to your  
5 November 2022 election nomination. You've discussed  
6 receiving report -- sorry.

7 You discussed receiving support from  
8 Galveston County residents when you were seeking to be  
9 selected as the Republican party nominee. Does that  
10 sound accurate?

11 A I'm not sure. Are you talking about with the  
12 precinct chairs?

13 Q No. I'm talking about Galveston County  
14 residents other than the precinct chair.

15 A No. I mean -- I mean, you're talking about  
16 when I was seeking to get the nomination?

17 Q Yes.

18 A So I'm just wondering -- I'm wondering  
19 which -- are you talking about when I was seeking to get  
20 appointed or when I was seeking to get the approval of  
21 the precinct chairs? Is that what you mean? Which one  
22 do you mean?

23 Q Okay. I'll rephrase to be more clear. When  
24 you were seeking to get selected by the precinct --  
25 chairs --

1 A Okay.

2 Q -- of the Republican party --

3 A Okay.

4 Q -- to be included on the November 2022

5 election ballot --

6 A Got it.

7 Q -- did you receive any support from Galveston  
8 County residents who were not precinct chairs?

9 A Oh, I did. I did but it was -- you know, it  
10 was not -- I did, yes.

11 Q Did you know of any opposition to your  
12 selection from Galveston County residents?

13 A Yes.

14 Q Do you recall what that opposition was or the  
15 nature of it?

16 A Yes.

17 Q Could you tell me what that opposition was?

18 A It was from other Republicans who were  
19 concerned that I was appointed by Mark Henry.

20 Q Why were they concerned in your view?

21 A 'Cause they've had issues in the past with the  
22 judge.

23 Q And these are the issues that you were asked  
24 about previously that you didn't know the details of; is  
25 that right?

1 A Yeah. I did not know the details of all that.

2 Q Did anyone else oppose your selection during  
3 that process?

4 A Not that I know of. I think it was pretty  
5 much that group of Republicans.

6 Q Moving on to your experience on the  
7 commissioner's court. Since you've been appointed and  
8 elected to the commissioner's court, where do the  
9 commissioners typically conduct their meetings?

10 A We do them in one of two places; either at the  
11 Galveston County Courthouse -- the old courthouse or we  
12 do it at the League City location in one of the  
13 temporary buildings until the Calder Annex is complete.  
14 It's under construction now.

15 Q How does the court determine where to have the  
16 meeting?

17 A Typically -- unless it's a statutory meeting  
18 that we have to have in Galveston at the county seat,  
19 typically we alternate.

20 Q I'd like to talk to you a bit about  
21 Commissioner Holmes, and I apologize again if I'm  
22 duplicate any questions.

23 How long have you known Commissioner  
24 Holmes?

25 A I've known him for a very, very long time.

1 Long before -- probably longer than I know any -- anyone  
2 else on the commissioner's court for sure.

3 Q Do you have a guess as to when you met him?

4 A Probably when I was in junior high school. It  
5 was a long time ago. I can --

6 Q How -- how would you describe your  
7 relationship with Mr. Holmes?

8 A It was cordial. It was cordial. It's cordial  
9 now and it -- and it has been. I mean, he was -- he was  
10 actually pretty close to our family as --

11 Q How --

12 A As was his assistant.

13 Q Sorry.

14 A As was his assistant.

15 Q When you say "our," you're referring to you  
16 and your wife, correct?

17 A Our family?

18 Q Yes.

19 A No. No. No. I'm talking about my mom.

20 Q Oh, okay.

21 A And my sister and me.

22 Q Thank you. Have you worked closely with  
23 Commissioner Holmes since your appointment?

24 A I have not but it's -- I haven't worked  
25 closely with -- with -- real closely with any of the

1 commissioners. It's been sort of a -- it's a -- it's a  
2 unique body with all sorts of rules and quorum rules and  
3 everything, so it doesn't allow you to really -- it's  
4 not like the legislative process at all. It's -- it's a  
5 little more limited.

6 Q Do you have a sense of Commissioner Holmes's  
7 reputation in the county?

8 A I do.

9 Q Could you describe his reputation?

10 A I think he's got a good reputation in the  
11 county. I think Commissioner Holmes, ironically enough,  
12 is -- votes pretty conservative on commissioner's court  
13 actually on a lot of issues.

14 And so -- and so he has a -- he has a  
15 good reputation, I think, on -- on both sides of the  
16 political spectrum.

17 Q And when you say "ironically enough," what do  
18 you mean?

19 A Well, 'cause he's a Democrat and -- and I say  
20 he votes conservative on a lot of issues. Sometimes  
21 fiscally more conservative than the other Republicans.

22 Q Are there any other issues that you deem to be  
23 conservative that he votes on?

24 A He votes conservative on fiscal issues and not  
25 wanting to waste the tax payer's money. So he

1 actually -- he actually votes pretty conservative on  
2 those issues, what I found since I've been there.

3 Q Do you tend to vote similarly on those issues  
4 as Commissioner Holmes when they're presented?

5 A We vote -- you know, the core as a whole  
6 votes -- most of our votes are probably 5 to 0.  
7 Everyone votes the same way. So I would say yes, that's  
8 the overwhelming majority of the time.

9 Q As you're aware, this matter concerns  
10 redistricting the commissioner's court precinct. Has  
11 anyone discussed the justifications for the  
12 commissioner's court that was approved other than your  
13 attorneys and outside the presence of your attorneys?

14 A No.

15 Q Concerning your role as a member of the  
16 commissioner's court, you previously identified a number  
17 of issues that concerned residents of your precinct.  
18 Does that sound accurate?

19 A Yeah. Yes.

20 Q So for instance, you mentioned drainage as an  
21 issue.

22 A Yes.

23 Q Does that sound right?

24 A Yes.

25 Q You also mentioned crime as an issue in La

1       Marque, and I was wondering if you could elaborate on  
2       what you define as crime and, perhaps, the concerns that  
3       have been brought to you by those residents.

4                       MR. RUSSO: Object as vague and ambiguous  
5       but you can answer.

6               A       I think I got that perspective from -- from  
7       speaking to -- to the mayor of La Marque. He kind of  
8       gave me that perspective.

9               Q       (BY MS. SMITH) What did the mayor say to  
10       you?

11              A       Pretty much the same as what I said. I mean,  
12       I didn't -- we didn't go into details about what --  
13       exactly what criminal activity was taking place but he  
14       did mention that crime was an -- was an issue in his --  
15       in his area and his city.

16              Q       You also mentioned that the issue of schools  
17       is a area of concern in La Marque. Can you describe  
18       what that issue of concern is exactly?

19              A       Well, I think that the La Marque Independent  
20       School District was forced by the Texas Education Agency  
21       to -- to -- to dissolve and come under the Texas City  
22       Independent School District. And so I think there's a  
23       big concern about that those schools were failing those  
24       students and so it's a big issue.

25                       I mean, education is the -- is the big

1 civil rights issue of our day and -- and we've got to be  
2 able to get people properly educated. So I think that's  
3 a huge issue certainly in La Marque and now Texas City  
4 has issues, you know, as a result of that. So it's a  
5 big issue, a serious issue.

6 Q Do you find that the issues of crime or  
7 schools, as we've discussed, present any areas of  
8 concern for residents in other parts of your precinct?

9 A Yes, I do.

10 Q And what parts of your precinct have you heard  
11 about these concerns?

12 A I think --

13 MR. RUSSO: Objection, asked and  
14 answered.

15 A Yeah. I --

16 MR. RUSSO: You can answer.

17 A Those concerns are all over the precinct,  
18 overall the county, all over the state, all over the  
19 country for that matter. I think that's a big concern  
20 for everybody.

21 Q (BY MS. SMITH) So is that a concern in  
22 Friendswood specifically?

23 A Sure. It is. Now -- now, the school problem  
24 is not as significant as it is in La Marque but -- but  
25 it is a concern.

1 Q Previously you were asked about the history of  
2 discrimination or racism, rather, in Galveston County.  
3 Do you recall that question?

4 A Yes.

5 Q In your opinion, are there current issues of  
6 racial discrimination in Galveston County?

7 MR. RUSSO: Let me object as speculative,  
8 improper hypothetical, incomplete facts, but you can  
9 answer if you know.

10 A I've not experienced them personally.

11 Q (BY MS. SMITH) Have your constituents  
12 expressed any concerns about racism or racial  
13 discrimination --

14 A Not --

15 Q -- to you?

16 A Not to me directly, not as a county  
17 commissioner.

18 Q Lastly, I'll move on to the senate -- the  
19 state senate campaign ad that was shown to you regarding  
20 fighting crime, critical race theory and securing our  
21 border. Do -- do you recall that campaign ad?

22 A Yes.

23 Q Are you aware of any actions that the  
24 county -- or the county courts specifically has taken to  
25 assist in securing the border?

1 A Yes.

2 Q What are those actions?

3 A There is some monies from Operation Lone Star.  
4 It's supposed to be a government grant that has been --  
5 it's not any -- I'm sorry? Did you say something?

6 It's not -- it's not county money but  
7 it's money that's come from the State and -- and we have  
8 had officers in our sheriff's department, constable's  
9 office that -- that -- that volunteer to go down to the  
10 border and help -- help with law enforcement down there.

11 Q Do you know whether the court is still sending  
12 funds and supporting services to secure the border?

13 A So we're not sending funds. So we've not sent  
14 any -- any funding to secure the border but -- but we  
15 have some personnel who have gone down to the border to  
16 help -- help law enforcement with those efforts.

17 Q Have you been involved in the decision to send  
18 officers to the -- to the border?

19 A Yes. I have -- I have voted, yes, as a  
20 commissioner.

21 Q Do you know the amount of funds that were  
22 dedicated to securing the border from the county?

23 A Like I just said, none of those were county  
24 funds. Those were mostly funds from the State and I  
25 can't give you a number off the top of my head.

1 Q Other than the police force services that you  
2 discussed, are there any other types of services that  
3 the county has dedicated to securing the border?

4 A No.

5 Q Have you spoken to any commissioners about the  
6 counties dispensing of services towards securing the  
7 border?

8 A No.

9 Q Have you read about this issue of sending  
10 funds to secure the border prior to becoming the  
11 commissioner?

12 MR. RUSSO: Let me object as it misstates  
13 prior testimony.

14 A No. And we haven't sent any funds but I did  
15 not know about the sending of personnel either prior to  
16 becoming a commissioner.

17 Q (BY MS. SMITH) I'd like to show you an  
18 exhibit. I'll attempt to share my screen again. This  
19 will be exhibit --

20 MR. RUSSO: Counsel, can you -- can you  
21 upload that to the chat somehow? I'm not sure how that  
22 even works.

23 MS. SMITH: Yeah. I don't know either,  
24 so I'll try it.

25 THE VIDEOGRAPHER: There's three dots in

1 the chat that she can attach the file. See the little  
2 paper looking thing?

3 MR. RUSSO: The videographer's saying  
4 there's -- click on the three dots.

5 THE VIDEOGRAPHER: The paper.

6 MR. RUSSO: Or the paper at the bottom of  
7 the chat room -- the chat.

8 MS. SMITH: I got it.

9 MR. RUSSO: -- bar.

10 MS. SMITH: So would you prefer to do  
11 this than sharing the screen?

12 MR. RUSSO: Yeah. It's just -- it's  
13 easier for him to have the document in front of him.

14 MS. SMITH: Okay. No problem. So I've  
15 uploaded -- uploaded what will be marked as Exhibit 16.

16 THE REPORTER: 16, yes.

17 (Exhibit 16.)

18 Q (BY MS. SMITH) Okay. Do you see it,  
19 Mr. Armstrong?

20 A Yes, I do.

21 Q And at the -- I suppose in the middle of this  
22 first page, it says, "Investigates, Galveston County law  
23 enforcement continues sending resources to the border."  
24 Does that sound right?

25 A Yes. It looks like it says that on the

1 screen.

2 Q Okay. And it says that it was published  
3 February 9th, 2022. Does that look right?

4 A Yeah. Yes.

5 Q I'd like to direct your attention to Page 5 of  
6 the PDF.

7 A Okay.

8 Q I'm sorry, Page 6 of the PDF.

9 A Okay.

10 Q It starts -- the paragraph starts with "Last  
11 June." Do you see that?

12 A I do.

13 Q Would you mind reading that paragraph? You  
14 can read it out loud or to yourself.

15 A Where it says, "Last June"?

16 Q Yes.

17 A So "Last June, Galveston County Mark Henry  
18 gave the green light to use some of the county's  
19 American Rescue funds -- Rescue Plan funds to support  
20 sending resources to the border. Amongst Henry's  
21 stipulations are only those who volunteer can be sent to  
22 the border, and law enforcement could not leave any  
23 patrol areas uncovered. All those KPRC 2 spoke with  
24 said they're using reserve deputies to fill in the gaps  
25 by those working on the border. Trochesset said he

1 foresees continuing the effort through June. In  
2 addition to ARP funds, the county is also using \$2  
3 million state grant to pay for the effort."

4 Q Does this paragraph look accurate based on  
5 your knowledge of those facts?

6 A Based on my knowledge of the facts, I wasn't  
7 aware of the 2 million dollar state grant. I did  
8 mention that we're not using county funds so that  
9 certainly is accurate here.

10 And -- and I mentioned that they -- they  
11 volunteer to go down to the border and so this is all --  
12 I don't agree with the term "sending resources to the  
13 border." I would strike "resources" from that paragraph  
14 and write "people" because that's what's -- you know,  
15 they say resources but I -- these are people that are  
16 going down there and that's it. I would not --

17 Q Thank you. If you could scroll down a bit.

18 A Okay.

19 Q Between -- or at the end of Page 6 and start  
20 Page 7 of the article.

21 A Okay.

22 Q Do you see a table where it starts, "Below is  
23 the breakdown of the county expenditures of the border  
24 since mid-August"?

25 A Okay.

1 Q Do you see that?

2 A I do see that.

3 Q And you -- you discussed striking the word  
4 "resources" from the previous paragraph and replacing it  
5 with "people."

6 Do you believe that this table  
7 demonstrates that the large majority of the money spent  
8 is on personnel?

9 A 1.1 million is what I see, correct?

10 Q Yes.

11 A Uh-huh. Yes.

12 Q Does this table look accurate based on your  
13 knowledge of the facts?

14 A Based on my very limited knowledge, I would  
15 have to give that over to you, yes, and say that could  
16 be accurate.

17 Q Okay. Are you aware of any opposition to  
18 sending services or personnel to secure the border while  
19 on Galveston County?

20 A Yes.

21 Q What is that opposition?

22 A Commissioner Holmes.

23 Q Do you recall what Commissioner Holmes stated  
24 in opposition?

25 A No. He just -- he just voted no every time.

1 Q Okay. Do you know whether any of the  
2 residents of Galveston County opposed any funds or --  
3 sorry not funds but services and personnel to the  
4 border?

5 A No.

6 Q Do you have a position on the county's actions  
7 regarding sending services and personnel to secure the  
8 border?

9 A For the Lone Star Grant award, I voted yes.  
10 It was 4 to 1 vote.

11 Q Why did you support sending fund -- or not  
12 funds, sorry.

13 Why did you support sending services and  
14 personnel?

15 A The first reason why is that this is --  
16 finances, services personnel that the county would not  
17 otherwise get in this Lone Star Grant award. So we're  
18 not sending -- we're not spending county tax payer funds  
19 on any of this, which is very important -- a very  
20 important point to break -- to bring out.

21 Another very important point is that I  
22 think that it's a -- it's an issue that affects  
23 certainly us and -- and Southeast Texas, you know, the  
24 border and -- and there's a lot of services that are --  
25 that are being used by folks who end up in the Houston

1 area, end up in the Galveston area.

2 And I believe that it is -- that we all,  
3 you know, should take part of the effort of -- of  
4 securing our border as best we can.

5 Q Based on your knowledge, did Black or Hispanic  
6 party residents oppose sending these services or  
7 personnel to securing the border?

8 MR. RUSSO: Let me object as vague and  
9 ambiguous and also speculative.

10 A Yeah, I have no knowledge of that.

11 Q (BY MS. SMITH) Based on your knowledge, did  
12 Black and Hispanic county residents support sending  
13 services and personnel to secure the border?

14 A I have no knowledge --

15 MR. RUSSO: Let me object to speculation.

16 THE WITNESS: Okay.

17 MR. RUSSO: That's it.

18 Q (BY MS. SMITH) Did you answer?

19 A Oh, no. I said I have no knowledge of that,  
20 no.

21 Q Okay. That's all I have. Thank you for your  
22 time.

23 MR. RUSSO: You're passing the witness,  
24 Counsel?

25 MS. SMITH: Yes.

1 MR. RUSSO: Okay. We'll reserve our  
2 questions for trial and we can get -- we'd like to read  
3 and sign. Send the transcript to us and we'll get it  
4 back. That's it.

5 MS. LEEPER: And I'll just note on the  
6 record real quick that we're reserving the right to keep  
7 the deposition open to the extent that any of the  
8 answers were incomplete based on privilege being  
9 asserted over communications with Dale Oldham.

10 But other than that, thank you very much  
11 for your time today.

12 THE WITNESS: Sure.

13 MS. LEEPER: And I think that's it for  
14 us. We'll go ahead and order in -- request a rush copy,  
15 if possible. Thank you.

16 THE VIDEOGRAPHER: Is everyone all ready  
17 to go off the record?

18 MR. RUSSO: Yes.

19 MS. LEEPER: I think so.

20 THE VIDEOGRAPHER: Going off the record.

21 It's 3:59 p.m.

22 (The deposition concluded at 3:59 p.m.)

REPORTER'S CERTIFICATE

ORAL AND VIDEO DEPOSITION OF DR. ROBIN ARMSTRONG

January 10, 2023

I, Bonnie L. Rodriguez, Certified Shorthand  
Reporter in and for the State of Texas, hereby certify  
to the following:

That the witness, DR. ROBIN ARMSTRONG, was duly  
sworn by the officer and that the transcript of the oral  
and video deposition is a true record of the testimony  
given by the witness;

I further certify that pursuant to the FRCP  
Rule 30(f)(1) that the signature of the deponent;

X  was requested by the deponent or a party  
before the completion of the deposition and returned  
within 30 days from date of receipt of the transcript.  
If returned, the attached Changes and Signature Page  
contains any changes and the reasons therefor;

1 \_\_\_\_\_ was not requested by the deponent or a  
2 party before the completion of the deposition.

3 I further certify that I am neither attorney  
4 nor counsel for, related to, nor employed by any of the  
5 parties to the action in which this testimony was taken.

6 Further, I am not a relative or employee of any  
7 attorney of record in this cause, nor do I have a  
8 financial interest in the action.

9 Subscribed and sworn to on this \_\_\_day of  
10 \_\_\_\_\_,2023.

P-R-O-C-E-E-D-I-N-G-S

THE DEPUTY CLERK: Please standby and wait for the signal.

Good morning. We're going on the record at 11:22 a.m., on April the 20th, 2023. Please note that this deposition is being conducted virtually. Quality of recording depending, depends on the quality of camera and Internet connection of the participants. What it seems -- excuse me.

What is seen from the witness and are heard on screen is what will be recorded. Audio and video recording will continue to take place unless all parties agree to go off the record.

This is media unit one of the video recorded deposition of Professor Matt Barreto in the matter of Terry Petteway, et al. plaintiff versus Galveston County, Texas, et al. defendants, filed in the United States District Court, Southern District of Texas, Galveston Division, Civil Action Number 3:22-CV-00057.

This, this deposition is being conducted remotely using virtual technology. My name is Shala Hollis representing Veritext Legal Solutions and I am the videographer. The court reporter is Ms. Linda Marshall from the firm of Veritext Legal Solutions.

Will the court reporter please swear in the witness and then, counsel may proceed.

MATTHEW BARRETO,

having been first duly sworn, was examined and testified as follows:

EXAMINATION

BY MR. SHEEHY:

Q Good morning. Professor Barreto, my name is Shawn Sheehy. I'm an attorney at the law firm of Holtzman Vogel in Washington, D.C. and I represent the defendants in this action.

Would you please state your name and spell your name for the record?

A Yes, my name is Matthew Barreto, M-A-T-T-H-E-W, B-A-R-R-E-T-O.

Q And if we could go around and just have everyone announce themselves for the record, please.

MR. SHEEHY: Would counsel for the Petteway plaintiffs please announce themselves?

MS. REYES: Yes. Bernadette Reyes, here on behalf of the Petteway plaintiffs and also being joined by Alexandra Copper and Valencia Richardson.

MR. SHEEHY: Anybody else from the Petteway plaintiffs?

Mr. Rios, I believe I saw you on. Mr. Rios, are you still on?

MR. RIOS: Yes. Michael Rios, one of the experts from Petteway.

1 MR. RUSH: This is Tye Rush. I'm one of the experts  
2 for Petteway.

3 MR. SHEEHY: Anybody else from the Petteway  
4 plaintiffs?

5 Would counsel for the Department of Justice please  
6 announce themselves?

7 MS. JAYARMAN: Good morning. This is Tharani  
8 Jayaraman and I'm joined by my colleague, K'Shaani Smith, on  
9 behalf of the United States.

10 MR. SHEEHY: And would counsel for the NAACP  
11 plaintiffs please announce themselves?

12 Is no one from the NAACP?

13 EXAMINATION

14 BY MR. SHEEHY:

15 Q Okay. Well, Professor Barreto, as I said, good morning and  
16 thank you for joining us today.

17 Where do you reside?

18 A In Agoura Hills, California.

19 Q And where are you taking your deposition today?

20 A Agoura Hills, California.

21 Q Are you in an office in Agoura Hills, California?

22 A Yes.

23 Q And is that office at the campus of UCLA?

24 A No.

25 Q Is that office at the Voting Rights Project?

1 A No.

2 Q Okay. Is this a personal office for you?

3 A Yes.

4 Q All right. And what is the address of that office?

5 A At my home.

6 Q Oh, okay. So you're at your home, in your home office,  
7 okay. Correct?

8 A Right. Yes.

9 Q Is anybody else in your home office with you?

10 A No.

11 Q Okay. And counsel, Ms. Reyes, is appearing from a separate  
12 location?

13 A Yes.

14 MR. SHEEHY: So for everybody on Zoom, I know we have  
15 a court stenographer but is anybody else on this call reporting  
16 in any other way? Okay, hearing no one. I'm going to take that  
17 as a no.

18 BY MR. SHEEHY:

19 Q Professor Barreto, I know Zoom has a mute function but I'm  
20 going to ask you not to use mute, unless it's clear that we've  
21 gone on break or you've stated that you need to speak with  
22 counsel to preserve a privilege. Do you understand?

23 A Yes.

24 Q Okay. So, please don't use the, the mute function unless  
25 we've gone on break or you need to speak with counsel about a

1 privilege.

2 Do you have any applications open on your computer right  
3 now?

4 A I do have my email because we were instructed to wait for  
5 an email from exhibit share but it is minimized, so I cannot see  
6 it. So, I can close that but that's the only thing I have open.

7 Q I'm going to request that you close your email, professor.

8 A Okay.

9 Q And if we get confirmation from Mr. Acosta that the exhibit  
10 share email has been sent, we can go ahead and just open up your  
11 email then.

12 A I have closed it.

13 Q Thank you. Any other applications open on your computer  
14 right now?

15 A I have a PDF reader open with copies of my two reports.

16 Q And the two reports you're referring to are your  
17 January 13th, 2023 report and your April 14th, 2023 rebuttal  
18 report?

19 A Yes, in this specific case.

20 Q Okay. Nothing else?

21 A Nothing else, Zoom.

22 Q Okay. So other than Zoom and your two expert reports, do  
23 you have any other applications open on your computer right now?

24 A I do not.

25 Q Okay. Do you have a phone or a tablet or any other device

1 within eyesight that someone could use to communicate with you?

2 A No, nothing within eyesight. I have a phone, but it's far  
3 away and the screen is black.

4 Q Do you have the privacy setting on your phone turned on, so  
5 that you can't receive messages?

6 A I have it on mute and it's upside down, so I can't see it  
7 and it's out of arms reach.

8 Q Okay. So let's go ahead and put up our, our first exhibit.  
9 Now, Professor Barreto, we're going to be sharing the screen  
10 with you and this is being marked as Exhibit One, and this is  
11 the deposition notice.

12 (Exhibit No. 1, marked for identification.)

13 BY MR. SHEEHY:

14 Q Do you see that in front of you, the document marked  
15 Exhibit One?

16 A Yes, I do.

17 Q Okay. We'll go ahead and scroll down for you. This is the  
18 deposition notice for taking your deposition today. Have you  
19 seen this document before?

20 A I think so, yes.

21 Q So just so you're aware, I'm going to be asking you a  
22 series of questions today about the opinions you expressed in  
23 your report from January 13th, 2023, as well as the report you  
24 submitted on April 14th, 2023. Do you understand that?

25 A Yes, I do.

1 Q Okay. If at any time my questions to you are unclear,  
2 please let me know and I can explain or rephrase my question.  
3 That sound fair?

4 A That sounds great.

5 Q But if you answer the question, I'm going to assume that  
6 you understood my question. That sound fair?

7 A Yes.

8 Q While I'm asking my questions today, Ms. Reyes may object  
9 to my questions but those objections are preserved and we can  
10 have discussions later. However, for today, despite the  
11 objection, you will still need to answer my question,  
12 understood?

13 A Yes.

14 Q The only exception being is that, if Ms. Reyes instructs  
15 you not to answer on the basis of any particular privilege. Is  
16 that understood?

17 A Yes.

18 Q Okay. And, professor, this is not a marathon. If you need  
19 to take a break at any time, please let me know. My only caveat  
20 to that is, is if I have a question pending, I'll ask that you  
21 answer the question fully before we go on break. That sound  
22 fair?

23 A Okay.

24 Q And I know that we're, kind of, at, in odd time zones at  
25 the moment, where it's 12:30 p.m. on the East Coast, 9:30 a.m.

1 on the West Coast. So we'll try to break at a reasonable time,  
2 where we can both have lunch. So it might be 2:30 our time,  
3 11:30 your time but, you know, we'll try to sync up as much as  
4 we can. So we're all having lunch at the same time. Does that  
5 sound good?

6 A That sounds good.

7 Q Okay. You understand that you're under oath today?

8 A Yes.

9 Q Do you understand that the oath you took has the same  
10 effect as if you were testifying in court?

11 A Yes, I do.

12 Q Is there any reason that you can think of today where you  
13 would not be able to answer truthfully and fully, to the fullest  
14 extent of your abilities?

15 A No.

16 Q Have you been deposed before?

17 A Yes.

18 Q Approximately, how many times have you been deposed?

19 A Dozens.

20 Q Dozens as in, more than 40 times?

21 A Probably, somewhere in that range, plus or minus.

22 Q All right. And all of those cases in which you've been  
23 deposed, have they been concerning racial polarized voting?

24 A No.

25 Q Okay. So, approximately, 40 depositions, out of those 40

1 depositions, approximately, how many of those depositions  
2 concerned racially polarized voting?

3 A Probably, most of them, but not all.

4 Q When you say, most of them, again, for approximating about  
5 40 depositions, approximately how many have involved testimony  
6 concerning racially polarized voting?

7 A Thirty or 35.

8 Q And what about the other cases, what did those cases  
9 involve?

10 A Survey research, primarily.

11 Q Anything else?

12 A I believe any other cases I've presented evidence as an  
13 expert on surveys or different types of surveys. Also  
14 concerning race, ethnicity, but not concerning racially  
15 polarized voting.

16 MR. SHEEHY: God bless you Ms. Reyes.

17 BY MR. SHEEHY:

18 Q Okay. So in all 40 depositions, approximately, you have  
19 been deposed as an expert witness?

20 A I have also been deposed in my personal capacity.

21 Q Okay. And what did those cases involve?

22 A Just once, a business dispute.

23 Q And were you a plaintiff or a defendant?

24 A I was a defendant.

25 Q And what were the allegations in that dispute?

1 A Related to a contract.

2 Q What were the allegations about that contract dispute?

3 A Related to whether or not a contract was breached in a  
4 business relationship.

5 Q Okay. Do you recall the name of that case?

6 A I don't.

7 Q Was it against you, as Mr. Barreto, or was it against a  
8 company that is yours?

9 A I think both, but I don't remember exactly the names, but I  
10 think both.

11 Q And what was the name of, of your company?

12 A The name of my consulting firm is called BSP Research.

13 Q Okay. All right. So, it was a breach of contract lawsuit?

14 A That's my understanding.

15 Q And what year was this lawsuit?

16 A Think it was filed in 2020.

17 Q And when was your deposition?

18 A I think, sometime in 2021, but I don't recall exactly.

19 Q Okay. And was that in federal court or state court?

20 A I believe, state.

21 Q And would that be Los Angeles County State Court?

22 A No.

23 Q Okay. Which, which state court was that in?

24 A Washington State.

25 Q Do you recall the county?

1 A I believe it was King.

2 Q King, K-I-N-G?

3 A Yes.

4 Q King County. All right. How did you prepare for your  
5 deposition today?

6 A I re-read my reports and had a short meeting with counsel.

7 Q Approximately, how long was your meeting with counsel?

8 A Couple hours.

9 Q So about two to three hours?

10 A Probably.

11 Q More than three hours?

12 A No.

13 Q Okay. When you say, you met with counsel, who are you  
14 referring to?

15 A Bernadette Reyes.

16 Q Anybody else?

17 A I believe Chad Dunn was present for part of it.

18 Q Was Chad Dunn meeting with you in person?

19 A Yes.

20 Q And Ms. Reyes was with you, was with you in person?

21 A Correct.

22 Q Anybody else?

23 A No, not for the purposes of this deposition preparation.

24 Q So, there were other people in the room, but for purposes  
25 other than this deposition?

1 A There were other meetings that were also had but there, for  
2 the purposes of this deposition preparation, I spoke with  
3 Ms. Reyes and Mr. Dunn.

4 Q Okay. So my question to you then is, who else was in the  
5 room during your deposition prep?

6 A Just us.

7 Q Just us being you, Ms. Reyes and Mr. Dunn?

8 A Right.

9 Q And was this at your home office?

10 A No.

11 Q Where was this meeting held?

12 A At UCLA.

13 Q At your faculty office?

14 A At a meeting room on campus.

15 Q At the Voting Rights Project?

16 A Correct.

17 Q Was anybody participating in the meeting virtually?

18 A No.

19 Q There wasn't a Zoom component to your deposition prep?

20 A No.

21 Q There wasn't a telephone conference call?

22 A No.

23 Q Did you speak with anyone other than your attorneys in  
24 preparation for your deposition today?

25 A No.

1 Q Now, I deposed Professor Oskooii last week and Mr. Rios  
2 attended that deposition. Did you and Mr. Rios talk about  
3 Professor Oskooii's deposition?

4 A Not that I recall.

5 Q So maybe you and Mr. Rios spoke about Professor Oskooii's  
6 deposition?

7 A I don't think so but Mr. Rios and I speak almost every  
8 single day. So, there's a lot of conversation but we didn't  
9 have any physical meeting or discussion about any other  
10 depositions.

11 Q Do you recall Mr. Rios telling you anything about  
12 Professor Oskooii's deposition?

13 A No.

14 Q Have you spoken about this case with anyone other than your  
15 attorneys?

16 A This case, Mr. Rios.

17 Q Okay. And what were your discussions with Mr. Rios,  
18 concerning this case?

19 A He's my co-author on the report, so we discussed the  
20 report.

21 Q And you discussed your rebuttal report as well?

22 A Yes.

23 Q Okay. Anybody else?

24 A I don't think so.

25 Q Did you speak to anyone to obtain facts that you expressed

1 in your expert report?

2 A Perhaps the attorneys.

3 Q Okay. Anybody else?

4 A I don't think so.

5 Q What facts did you receive from the attorneys?

6 A I believe we might have received shape files at some point  
7 to do some analysis.

8 Q Anything else?

9 A I don't think so.

10 Q In preparation for your January 13th, 2023 report, did you  
11 speak with Professor Jessica Trounstine?

12 A No.

13 Q Do you know Professor Trounstine?

14 A I know of her.

15 Q Have you met with Professor Trounstine on occasion?

16 A Possibly.

17 Q How frequently do you and Professor Trounstine talk?

18 A I probably talked to her at an academic conference, maybe,  
19 five years ago, would be my guess.

20 Q Do you email with Professor Trounstine?

21 A I don't believe I ever have, but I might have in  
22 preparation for our conference, over five years ago, but I don't  
23 think so.

24 Q Okay. How about Professor Oskooii, in preparation for your  
25 January 13th, 2023 report, did you talk with Professor Oskooii?

1 A No.

2 Q Do you know Professor Oskooii?

3 A Yes, I do.

4 Q Okay. How do you know Professor Oskooii?

5 A He's a voting rights expert and a political scientist who I  
6 have worked with before.

7 Q Did he study with you?

8 A Yes.

9 Q Was he one of your -- or I guess, was he a Ph.D student  
10 with you?

11 A He was a Ph.D student at the University of Washington.

12 Q So, is that a yes or a no to my question?

13 A Well, he did not enroll with me. So, it's a no to your  
14 question but he was a Ph.D student at the University of  
15 Washington.

16 Q Okay. Were you an advisor to him in any way?

17 A Yes.

18 Q Please describe your role as Professor Oskooii's advisor?

19 A I believe I was one of four dissertation committee members.  
20 Most students have four, so I don't exactly remember how many  
21 Dr. Oskooii had, but I was one of his dissertation committee  
22 members and I believe I was the chair of his dissertation  
23 committee.

24 Q How frequently to you talk with Professor Oskooii?

25 A It depends on cases that he and I might be working on.

1 Q Okay. How about in this case, have you spoken with  
2 Professor Oskooii?

3 A Not about this case.

4 Q Have you emailed with Professor Oskooii about this case?

5 A No.

6 Q Other than your attorneys, did you speak to anyone to  
7 obtain facts or data that you used in your reports, both your  
8 January 13th and April 14th reports?

9 A I don't think so, no.

10 Q With Professor Trounstine, just to make sure I have this,  
11 did you talk to her in preparation for your April 14th, 2023  
12 report?

13 A No.

14 Q And Professor Oskooii, did you talk to him in preparation  
15 for your April 14th, 2023 report?

16 A No.

17 Q Okay. When were you retained?

18 A I don't recall the date. Whenever -- sometime around the  
19 start of the litigation, I presume.

20 Q So, approximately, March, April of 2022?

21 A Could be, I don't recall the date.

22 Q Okay. When did you start working on your  
23 January 13th, 2023 report?

24 A I don't recall the specific date that I started working on  
25 it. It would have been months before that.

1 Q So would you say, approximately, September of 2022, you  
2 started working on your report?

3 A It could be, but I don't recall the exact date that I  
4 started working on it.

5 Q Well, if you were retained in March, April, would you have  
6 started working right away for a January 13th, 2023 report?

7 A It just depends.

8 Q Okay. Depends on what?

9 A How much work there is to do, I guess.

10 Q Well, you've submitted a report in this case, so you know  
11 the work that you put into your report. So, if you were hired  
12 in March, April, 2022, would you have started working right away  
13 in March, April, 2022?

14 A I don't recall the date that I was retained in this case  
15 and I don't recall the date that I first started working. I  
16 would have to see the contract or other materials to refresh my  
17 memory on that.

18 Q Okay. How many hours did you spend drafting your  
19 January 13th, 2023 report?

20 A I don't recall, off the top of my head.

21 Q Approximately, 50 hours on your report?

22 A I don't recall.

23 Q You submitted expert reports in other Section Two Voting  
24 Rights Act cases, correct?

25 A Yes.

1 Q Okay. What, how much time do you generally spend drafting  
2 Section Two reports?

3 A Well, every jurisdiction is unique and it has a different  
4 amount of requirements, so it can vary.

5 Q Okay. And what is the range that you typically spend in  
6 drafting Section Two, Voting Rights Act case expert reports?

7 A I would have to look at every invoice I've done to answer  
8 that. I don't know, off the top of my head.

9 Q Okay. How many hours did you spend drafting your rebuttal  
10 report?

11 A I don't recall the specific number of hours.

12 Q What were you instructed to do in this case?

13 A Investigate whether or not there is racial polarized voting  
14 or vote delusion in Galveston County.

15 Q And how do you define racially polarized voting?

16 A I think I have this outlined in my, my report pretty  
17 specifically but generally, if racial and ethnic groups are  
18 voting in different or opposite directions.

19 Q That's, that's your definition?

20 A If we open the report and look at it, specifically.

21 Q I just wanted to get your take sitting here today, just how  
22 you define racially polarized voting?

23 A My take, sitting here today is, what I wrote in my report.  
24 So, I would be more than happy to open that up and look at it  
25 and read through the paragraph in which we outlined what

1 racially polarized voting is.

2 Q Okay. Let's go ahead and put up Exhibit Two.

3 (Exhibit No. 2, marked for identification.)

4 BY MR. SHEEHY:

5 Q So we're placing in front of you the document that's been  
6 marked Exhibit Two. We can scroll down. This is your  
7 January 13th, 2023 report. If we can go to page 16. Is that a  
8 copy of your signature, Professor?

9 A Yes.

10 Q Okay. We can scroll back, you know, go back through the  
11 pages for you and as we're scrolling, my question to you is,  
12 does this appear to be a true and accurate copy of your  
13 January 13th, 2023 report?

14 A It looks like it, but I'll just let you scroll back up to  
15 page one.

16 Q Okay.

17 A Yes, that looks right.

18 Q Okay. And we also have the appendix election information,  
19 as well. Do you see this is page two of 188. So does that  
20 sound like the correct total number of pages for your  
21 January 13th, 2023 report?

22 A Yeah. I think it was a 187 pages but you've got an extra  
23 page here marked Exhibit Two. So, that sounds exactly right.

24 Q Okay. I know you filed a rebuttal report but setting your  
25 rebuttal report aside, is there anything in this

1 January 13th, 2023 report that you would modify?

2 A I don't think so, no.

3 Q Is there anything in this report, your January 13th, 2023  
4 report, that you, that you feel is missing?

5 A Well, I noted at the end that there was some data we were  
6 waiting on, but we were able to get to that in the rebuttal. So  
7 it was, we had hoped to analyze some additional data in the  
8 January, 2023 report, but were not given a chance to.

9 Q Okay. So again, setting aside your rebuttal report, is  
10 there anything in this report that you would add, that is not  
11 contained in this report?

12 A I don't think so.

13 Q Is there anything in this January, 2023 report, that you  
14 would remove?

15 A I don't think so.

16 Q Okay. And you did review your January 13th, 2023 report in  
17 preparation for your deposition today?

18 A Yes.

19 Q And you stand by the opinions expressed in your report?

20 A I do.

21 Q And the report for January, 2023 and your April 14th, 2023  
22 report, it captures all the opinions that you wish to express in  
23 this case?

24 A They capture all the opinions I had expressed to that  
25 point. If there was new data or information or some important

1 relevant factor that came before the court, I would probably  
2 offer analysis if it was relevant.

3 Q Okay. So, close of discovery is actually tomorrow. So, if  
4 there's no new data, do these two reports capture all of the  
5 opinions you intend to express in this case?

6 MS. REYES: Objection, form.

7 THE WITNESS: All the opinions I intend to express at  
8 this time, yes. I was only referring to, if some new  
9 information came out from Dr. Alford or other experts, I might  
10 have an opinion on that, but I haven't seen that yet. So yes,  
11 at this point, these are my opinions.

12 BY MR. SHEEHY:

13 Q And if we get to trial and we have not received an  
14 additional report from you, safe to say that these two reports,  
15 your January, 2023 and April 14th, 2023 reports, capture all the  
16 opinions you intend to express in this case?

17 MS. REYES: Objection, form.

18 THE WITNESS: I think that's fair, with the caveat  
19 that I've given in both reports, unless some new information  
20 came to light or we would just have to see what happened in the  
21 world but yes, this is what I intend to stick to.

22 BY MR. SHEEHY:

23 Q Okay. So I'd like to just understand a little bit more  
24 about the, the Voting Rights Project at UCLA. You co-founded  
25 the UCLA Voting Rights Project, is that correct?

1 A Yes.

2 Q And is the UCLA Voting Rights Project, is that a separate  
3 entity from the university?

4 A I'd say a research center at the university.

5 Q Okay. So it's part of the university, it's part of UCLA,  
6 is that correct?

7 A I guess. I don't know the legal definitions of what is and  
8 what is not, quote, a part of, but it is a research project  
9 there at the Luskin School of Public Affairs.

10 Q Okay. Is the, does the Luskin School of Public Affairs  
11 fund the Voting Rights Project?

12 A They have --

13 MS. REYES: Objection, form.

14 THE WITNESS: -- a variety of different funding  
15 streams like most projects.

16 BY MR. SHEEHY:

17 Q Is the Luskin School of Public Affairs one of those funding  
18 streams?

19 A I think we get some support from the Luskin School.

20 Q All right. Does it get funding from the university?

21 A I don't know exactly how that works.

22 Q What is your current position at the Voting Rights Project?

23 A As you said, I was a co-founder of it and --

24 Q Yes, as a co-founder, but what is your current role at the  
25 Voting Rights Project?

1 A I don't have a, specifically, outlined role. It's a  
2 research project.

3 Q What is your title at the Voting Rights Project?

4 A I think, I probably list co-founder. I don't know what my  
5 CV says. It's probably at the back of this report.

6 Q Is the Voting Rights Project a, is the Voting Rights  
7 Project organized under 501(c)(3)?

8 A I don't think so.

9 Q Do you know which tax code it is organized under?

10 A I have no idea.

11 Q Okay. You said that you are -- there are multiple other  
12 funding streams, what are some of the other funding streams,  
13 other than the Luskin School of Public Affairs?

14 A We apply for different research grants and contracts and  
15 sometimes, we receive gifts. And so those, those various like,  
16 like most research projects on different campuses, there's  
17 various funding streams.

18 Q Where do the research grants come from?

19 A A variety of different state and national organizations.

20 Q Can you give me an example?

21 A I don't have any of that material in front of me. So I  
22 just, I don't know right now.

23 Q So you know that state and national organizations give  
24 research grants to the Voting Rights Project but you don't know  
25 the names of any of those grant grantors?

1           A     I would have to look and see what had been applied for and  
2           received, but I don't have that committed to memory,  
3           unfortunately.

4                     MR. SHEEHY:  God bless you.  Are you alright?

5                     THE COURT REPORTER:  Uh-huh, thank you.

6                     MR. SHEEHY:  Now what about the --

7                     Would you like to take a break?  We can take a break.

8                     THE COURT REPORTER:  It just went down the wrong way.

9                     MR. SHEEHY:  That's fine.  Why don't we, why don't we  
10            just take a five-minute break, quickly?  You're alright?

11                    THE COURT REPORTER:  I'm okay.

12                    MR. SHEEHY:  You're okay?

13                    THE COURT REPORTER:  Uh-huh.

14           BY MR. SHEEHY:

15           Q     What about the, you mentioned --

16                    THE VIDEOGRAPHER:  I'm sorry, counsel, are we still  
17           going off the record?

18                    MR. SHEEHY:  You okay?

19                    THE COURT REPORTER:  I can go off for a second.

20                    MR. SHEEHY:  Why don't we go off the record for a few  
21           minutes.

22                    THE VIDEOGRAPHER:  Okay.  The time is 12:05 a.m. and  
23           we are going off the record.

24                    (Brief recess.)

25                    THE VIDEOGRAPHER:  Okay.  The time is 9:00 p.m. and we

1 are back on the record.

2 BY MR. SHEEHY:

3 Q Professor Barreto, do you understand you're still under  
4 oath?

5 A Yes, I do.

6 Q Okay. You mentioned that the Voting Rights Project also  
7 receives money from contracts. Who does the Voting Rights  
8 Project contract with?

9 A The only one I'm aware of is the Secretary of State of  
10 California but there may have been others, but I am aware of  
11 that one. It's a project we're working on right now.

12 Q Okay. And does that involve research into racially  
13 polarized voting?

14 A I don't think so. It just involves research into voting,  
15 in general.

16 Q Okay. And then you mentioned that the Voting Rights  
17 Project receives gifts. Are those corporate gifts?

18 A I don't recall exactly who.

19 Q But I guess my question is, do those include corporate  
20 gifts, not identifying which corporation, but do those include  
21 corporate gifts?

22 A I don't know who the gifts are from. That's not really my  
23 department, so I don't know.

24 Q What is the Voting Rights Project's annual budget?

25 A I don't know.

1 Q Do you have a, you have knowledge of what the approximate  
2 annual budget is?

3 A No.

4 Q Does the Voting Rights Project file a 990 Tax Return?

5 A I don't know what that is.

6 Q Okay. Is the Voting Rights Project considered a non-profit  
7 entity?

8 A I think so, but as I said, it's a research project at the  
9 Luskin School of Public Affairs, so.

10 Q Okay. So, let's go with, I think we have Exhibit Two up.  
11 So, let's go to page six, paragraph 21. And, professor, do you  
12 see paragraph 21 in front of you?

13 A Yes.

14 Q Do you see towards the end of that paragraph it says, in  
15 particular, Galveston County Commissioner Holmes shared a report  
16 on racially polarized voting by Mr. Rios at the  
17 November 12, 2021 commission meeting, documenting that patterns  
18 of racially polarized voting were present in Galveston at the  
19 time they were tasked with the 2022 re-districting process. Did  
20 I read that correctly?

21 A Sounds correct to me.

22 Q And the Mr. Rios that's mentioned in this paragraph, is  
23 that the same Mr. Rios that you co-authored your report with?

24 A Yes.

25 Q Okay. Did Commissioner Holmes ask the UCLA Voting Rights

1 Project to draft the racially polarized voting analysis?

2 A I don't believe so, but I don't know.

3 Q What is your understanding of how that report came to be?

4 MS. REYES: Objection, form.

5 THE WITNESS: I don't know how it came to be.

6 BY MR. SHEEHY:

7 Q Would you have directed Mr. Rios to put together that  
8 report?

9 MS. REYES: Objection, form.

10 THE WITNESS: I don't know anything about the origins  
11 of this report. I was not involved in it.

12 BY MR. SHEEHY:

13 Q So you don't know if Commissioner Holmes asked Mr. Rios to  
14 put together this report?

15 MS. REYES: Same objection.

16 THE WITNESS: I don't know.

17 BY MR. SHEEHY:

18 Q Did Chad Dunn ask you to put together a racially polarized  
19 voting analysis for Galveston, ahead of the November 12, 2021  
20 meeting?

21 MS. REYES: Objection, form.

22 THE WITNESS: No.

23 MS. REYES: I believe this gets into privileged  
24 communication.

25 BY MR. SHEEHY:

1 Q And the answer to my question was, no, Professor Barreto?

2 A The answer is, no, I did not speak with Mr. Dunn about the  
3 report in 2021.

4 Q Do you recall having conversations with Mr. Rios in  
5 November of 2021, about drafting this racially polarized voting  
6 analysis?

7 A I, as I sit here today, I don't recall having any of those  
8 conversations, no.

9 Q When you were drafting this report, did you ask Mr. Rios  
10 why he put together a racially polarized voting analysis for  
11 Galveston?

12 A No.

13 Q Have you spoken with Commissioner Holmes since the Fall of  
14 2021?

15 A I don't think so, no.

16 Q Have you communicated with Commissioner Holmes since the  
17 Fall of 2021?

18 A No.

19 Q Have you had any telephone calls with Commissioner Holmes  
20 since the Fall of 2021?

21 A Nope.

22 Q Has Mr. Rios communicated to you whether or not he has had  
23 communications with Commissioner Holmes since the Fall of 2021?

24 A He has not communicated anything to me about that.

25 Q Has Mr. Rios said anything to you about emailing

1 Commissioner Holmes since the Fall of 2021?

2 A No.

3 Q Did any of the attorneys representing the Petteway  
4 plaintiffs ask you to put together a racially polarized voting  
5 analysis for Commissioner Holmes?

6 MS. REYES: Objection.

7 THE WITNESS: When?

8 MS. REYES: Form.

9 THE WITNESS: I don't understand your question because  
10 I'm doing a racially polarized voting analysis as an expert in  
11 this case but my understanding is not, it's not for or on behalf  
12 of Commissioner Holmes. So, maybe you could rephrase the  
13 question with a date. I was a bit confused, I'm sorry.

14 BY MR. SHEEHY:

15 Q That's fine. That's why I said at the beginning, if you  
16 don't understand, just ask. So, focusing on paragraph 21, my  
17 question to you is, prior to the November 12th, 2021 meeting, do  
18 you know if any of the lawyers for the Petteway plaintiffs asked  
19 Mr. Rios to put together a racially polarized voting analysis  
20 for Commissioner Holmes?

21 A I have no idea.

22 Q Have you ever spoken with Commissioner Holmes?

23 A I don't think so.

24 Q Have you ever emailed with Commissioner Holmes?

25 A I don't think so, no.

1 Q And have you ever met with Commissioner Holmes?

2 A I don't think so. As I say in here, I was an expert in a  
3 previous case, ten years ago or so, and I don't know if he was,  
4 I can't recall if he was specifically involved in that or not,  
5 so but I don't think so.

6 Q Okay. Let's go to page two of your report and I'm going to  
7 ask you to take a look at paragraph nine and this, again, is  
8 your January 13th, 2023 report. Do you have paragraph nine in  
9 front of you?

10 A Yes, I see that.

11 Q Okay. I'd like you to focus on the last census -- the, the  
12 last sentence where it says, race and population data were  
13 obtained from the U.S. Census 2020 PL-94 redistricting files,  
14 U.S. Census Emergency Data Sets, as well as Spanish surname  
15 registered voters and Spanish surname turnout, which was  
16 obtained from the legislative counsel repository. Did I read  
17 that correctly?

18 A Mostly, yes.

19 Q And the one thing I changed was, you have in that sentence,  
20 TLC. And I just, for, to make the record clear said, Texas  
21 Legislative Counsel?

22 A That's correct.

23 Q Okay. So other than the Texas Legislative Counsel for TLC,  
24 everything else I read there was correct?

25 A Sounds like it matched that last sentence, yes.

1 Q So let's go to Exhibit Three, if we could please.

2 (Exhibit No. 3, marked for identification.)

3 BY MR. SHEEHY:

4 Q Do you see Exhibit Three in front of you, professor?

5 A Yes.

6 Q We'll go ahead and scroll down, kind of do the same thing  
7 as we did before. You can go ahead and keep scrolling.

8 This question I'm going to have for you, does this appear  
9 to be a true and accurate copy of your April 14th, 2023 rebuttal  
10 report? Is that your signature on page 23? Is that your  
11 signature on page 25?

12 A Yes, it is.

13 Q And does this appear to be a true and accurate copy of your  
14 April 14th, 2023 report?

15 A Yes, it looks correct.

16 Q Okay. I think this one is 25 pages and your initial  
17 report, your signature was on page 16, is that right?

18 A I think so, I would have to go back and look at the other  
19 one but it sounds like that might be right.

20 Q Okay. So we're back up at the top. I guess, first thing I  
21 noticed, you're the Gingles two and three expert for the  
22 Petteway plaintiffs?

23 A I don't know if they designated me in some court documents,  
24 in some sort of way but as part of my report, I did look at  
25 racially polarized voting.

1 Q Correct, but you're here as an expert on behalf of the  
2 Petteway plaintiffs, correct?

3 A Yes.

4 Q Okay. Do you notice the spelling error in the case  
5 caption?

6 A I think there might be an E, where there's supposed to be  
7 an A.

8 Q Well, it's P-E-T-T-E and you have an A?

9 A Right, right.

10 Q Just keeping it clear.

11 A Thank you.

12 Q You're welcome. You let me know if my question doesn't  
13 make sense. If I see a spelling goof, I'll point that out as  
14 well.

15 Let's go to page eight of this report, specifically  
16 paragraph 28. Do you see paragraph 28, professor?

17 A Yes, sir.

18 Q Okay. Here it says, at the time of our original report, we  
19 had not been provided the Official Galveston County Election  
20 History Voter files in a timely manner, for use by  
21 January 13th, 2023, when our report was due. Since receiving  
22 them, we have been able to update our ecological inference  
23 analysis utilizing the Bayesian Improved Surname Geo-coding to  
24 report estimates on county voters race and ethnicity. Further,  
25 we analyzed 29 federal, statewide and local elections from 2014

1 to 2022, countywide and within each adopted county commissioners  
2 court precinct as well as in the Petteway plaintiff's  
3 demonstrative precincts. Did I read that correctly?

4 A Yes.

5 Q Okay. So, it says here, you did not have the election  
6 history voter file in time for your January 13th, report,  
7 correct?

8 A Correct.

9 Q Are you aware that plaintiff's counsel didn't ask for this  
10 report until, approximately, mid-December?

11 MS. REYES: Objection, form.

12 THE WITNESS: I don't believe that that statement is  
13 true.

14 BY MR. SHEEHY:

15 Q What about that statement is not true?

16 A My understanding is that the file was first requested in  
17 October or November.

18 Q Okay. Are you aware that a Request for Production of the  
19 voter file was not submitted until early to mid-December?

20 MS. REYES: Objection, form, misstates the record.

21 THE WITNESS: My understanding is that, the file was  
22 requested and that the defendants refused to turn it over and  
23 so, more formal matters had to proceed.

24 BY MR. SHEEHY:

25 Q Okay. Well, I will dispute that, but that's fine.

1        Let me ask you this, had you received the voter history  
2        file on or around January 1st, 2023? Would you have been able  
3        to include your Bayesian Improved Surname Geo-coding in your  
4        report for January 13th?

5        MS. REYES: Objection, form.

6        THE WITNESS: I believe we would have liked to  
7        received it, at least, a full month before the due date of our  
8        report.

9        BY MR. SHEEHY:

10       Q     Okay. Once you have the voter listing file, how long does  
11       it take you to run the analysis?

12       A     It depends on the size of the file.

13       Q     And how long did it take you to run Galveston County's  
14       Voter History File for your Bayesian Improved Surname  
15       Geo-coding?

16       A     I don't recall specifically but it might have been  
17       somewhere, around two weeks before we had data that we could  
18       work with.

19       Q     Can you explain to me how that process works? You receive  
20       the voter history file and then, you use that voter history file  
21       to run a Bayesian Improved Surname Geo-coding Analysis. How  
22       does that process work from when you receive the voter history  
23       file?

24       A     I would look in at the next few paragraphs. If you could  
25       just scroll down a bit, it might be easier to follow along.

1 Q Well, that's fine. That's paragraph 29, we'll get to  
2 paragraph 29 but I guess, I'm wanting to know what did you do  
3 from when you received Galveston County Voter History File to  
4 when you produced your rebuttal report?

5 A Well, the first step is, making sure that the file that you  
6 receive is readable, that it is formatted in the correct manner.  
7 I don't recall in this specific instance, because he were doing  
8 other BISG and we had many back and forth with the county to  
9 make sure that the file was readable. But that's always the  
10 first step, to make sure the file is readable and it can come in  
11 and name and address are properly formatted. So that would be  
12 step one.

13 Q Okay. About how long does it take to complete step one?

14 A It just depends on how many observations there are and if  
15 the file that you've received is, in fact, readable or if any  
16 transformations might need to take place.

17 Q Okay.

18 A I don't recall in this specific instance how long that step  
19 took.

20 Q Okay. And then, what is your next step in the process?

21 A Once the file is imported, there are two components, as I  
22 outlined here in paragraphs 29 through 30, something. One  
23 component is to match the surname to every single voter and the  
24 second component is to match the address of every single voter  
25 to census data.

1 Q And how long did that process take for Galveston County,  
2 for your rebuttal report?

3 A That process can be quite time intensive. It depends on  
4 the availability of service space, the processor that you're  
5 using, how many records you're able to process at once and if  
6 all the records are gleaned and properly formatted. So, that  
7 can be a quite time-intensive process. I don't recall  
8 specifically how long this ran for all of the elections that  
9 they ran it in, in Galveston.

10 Q I mean, are we talking a couple of hours or are we talking  
11 a couple of days? What would you estimate?

12 A Well, it just depends. It can often take multiple days to  
13 run some of the first level of matching for this process. It  
14 depends on a variety of factors.

15 Q Okay. And so, approximately, how much time did it take to  
16 run the Galveston County files?

17 A I don't recall, specifically, but Mr. Rios is the primary  
18 data scientist that leads the BISG and so, I don't recall the  
19 date. I do recall that it took a while for Galveston.

20 Q And how are you defining, a while?

21 A Multiple days.

22 Q Okay.

23 A There were a lot of data sets. It has to be run each year  
24 and I believe we were working with data from across eight years  
25 or so.

1 Q 2014 to 2022?

2 A That sounds right.

3 Q Okay. So, maybe it took three to five days to run the  
4 BISG, the Bayesian Improved Surname Geo-coding, for Galveston  
5 County?

6 A It might have taken longer than that. I don't recall  
7 specifically how long it took. I know it was quite time  
8 intensive.

9 Q But you think, sitting here today, had you received the  
10 Galveston County voter, election history voter file on or about  
11 December 13th, you could have included it in your  
12 January 13th, 2023 report?

13 MS. REYES: Objection, form.

14 THE WITNESS: Sorry. Now, I, I just don't recall all  
15 of the projects that were on my plate and Mr. Rios' plate at the  
16 time. Just like yourself, I assume you're working on lots of  
17 different projects, it's hard to devote 100 percent of your time  
18 to only one project. And so, these are quite time-intensive  
19 statistical processes and we might have other things happening  
20 at the same time. And so, that's why we like to receive the  
21 file at least a month before when the report might due.

22 Q And that's because you think you would need a month,  
23 roughly, to do the Bayesian Surname Geo-coding Analysis?

24 A Well, as I said, it depends on each jurisdiction. If  
25 you've received that file before and you're replicating or if

1       you're starting anew. So there a lot of different variables  
2       involved in how quickly or how much time it takes in fully  
3       running it.

4       Q     Well, you worked on this report, rebuttal report. So, I  
5       guess, I'm just asking, given what you know about the voter file  
6       and this process, how much time did it take for you to take that  
7       report, take the voter file, run the geo-coding analysis and  
8       produce a report?

9       A     I think I've already said a few minutes ago that I, my  
10      recollection is that it was about a couple weeks, but that was  
11      back at the beginning of the year and so, I don't have detailed  
12      time sheets on any of that, but I know it was an intensive  
13      process.

14      Q     Okay. What was lacking, I guess? Because in your original  
15      report you got Spanish surname registered voters and surname  
16      turnout data from the Texas Legislative Counsel. What was  
17      lacking in that data that required you to have the Galveston  
18      County voter file?

19      A     Well, the TLC data is just an aggregate output that someone  
20      else has run. It's not the actual voter file. And the TLC  
21      output only gives you an estimate of the number of voters that  
22      have a Spanish surname. It doesn't allow you to say anything  
23      about any lower Black voters in comparison. So it's not as  
24      precise and it's only based on one of the tools, surname  
25      matching.

1 Q But the voter file from Galveston County gives you both  
2 surname and address, correct?

3 A Yes, both of those fields are necessary for BISG.

4 Q Okay. The 29 federal statewide and local elections that  
5 you analyzed from 2014 to 2022, that's the same, the same 29  
6 elections that you analyzed in your January 13th report?

7 A I think so, that's right.

8 Q Okay. I just want to make sure that you didn't analyze any  
9 different elections in your rebuttal report from the ones you  
10 analyzed in your original report?

11 A Not in the BISG section, no.

12 Q How about in any section of your rebuttal report?

13 A I do refer to other elections in other sections of the  
14 rebuttal report.

15 Q Such as the republican primary elections?

16 A Yes.

17 Q Other than the rebuttal -- republican primary elections,  
18 did you analyze any other elections in your rebuttal report?

19 A Not that I recall, no.

20 MS. REYES: Counsel, I'm wondering if now would be a  
21 good time to take a break? I know we had a really short one  
22 before but I think, we could have, maybe, a minute break to  
23 allow us to use the restroom.

24 MR. SHEEHY: Professor, would you like to take a  
25 break?

1 THE WITNESS: Yeah, if I could stretch my legs a  
2 little bit, it would be nice. I'll be sitting in this chair for  
3 the next few hours. It will be a long day, so but just ten  
4 minutes is totally fine, no more than that.

5 MR. SHEEHY: All right. Well, it's 1:43 pm on the  
6 East Coast. We'll come back at 1:53 pm on the East Coast and  
7 we'll try to push it to 2:30, 3:00 for lunch, sound good?

8 MS. REYES: Okay. Thank you.

9 MR. SHEEHY: Thank you.

10 THE DEPUTY CLERK: This is the end of media number  
11 one. We are going off the record. The time is 12:43 p.m.

12 (Brief recess.)

13 THE DEPUTY CLERK: The time is 12:54 p.m. and this the  
14 beginning, beginning of media labeled number two. We are back  
15 on the record.

16 BY MR. SHEEHY:

17 Q Professor Barreto, do you understand you're still under  
18 oath?

19 A Yes, I do.

20 Q And during the break, did you have any substantive  
21 conversations with anyone about your testimony?

22 A No, I did not.

23 Q Did you have conversations with anyone regarding your  
24 testimony while on break?

25 A Yes. I spoke with Ms. Reyes and she asked me if case was

1 okay and if I was doing okay break-wise and that was it.

2 Q Okay, fair enough.

3 We were talking about the Bayesian Improved Surname  
4 Geo-coding analysis, correct, before we went on break?

5 A Yes. I believe we were on paragraph 29 of the rebuttal  
6 report.

7 Q Yes. And you testified that for your analysis in  
8 Galveston, you had the names of the Galveston County registered  
9 voters, is that correct?

10 A From the voter file, we had the names and addresses.

11 Q With the addresses, you're able to then obtain the census  
12 block where the voter lives, is that correct?

13 A Yes. That's part of the geo-locating process, that it  
14 attempts to fit each address inside a census block.

15 Q Okay. You did not have the voter's party, registered  
16 party, correct?

17 A I don't believe so. I don't believe that's available.

18 Q I don't, I don't think Texas registers by party, correct?

19 A That's my understanding.

20 Q So names and addresses and from the address you get the  
21 census block, correct?

22 A From the address you geocode the file, to try to find out  
23 the census block that the voter lives in.

24 Q Okay. And the BISG, so we don't have to say it every time,  
25 so the Bayesian Improved Surname Geo-coding, BISG, this is

1 | intended to predict the race of individuals by using their,  
2 | surname and address, correct?

3 | A It creates a probability estimate for every observation and  
4 | it assigns them a probability of different racial or ethnic  
5 | groups.

6 | Q So it assigns a probability estimate for whether or not a  
7 | voter belongs to a certain racial or ethnic group. Am I  
8 | understanding that correctly?

9 | A More or less.

10 | Q Okay. What else am I missing?

11 | A The signs of probability that a voter might be of each of  
12 | the four main racial groups that the census provides a wide  
13 | amount of data on. So, for each row, which is a voter, it might  
14 | have given them a probability of being White, non-Hispanic,  
15 | Black, Hispanic, Asian-American or something else. So each  
16 | individual observation has multiple probabilities after running  
17 | the BISG.

18 | Q Now this paragraph 29, you say in the middle of it, that  
19 | the method relies on a combination of census surname analysis  
20 | and census block-level racial demographics, to provide an  
21 | overall probability assessment of the voters race or ethnicity.  
22 | Did I read that correctly?

23 | A Yes, I believe you did.

24 | Q Okay. And then you have a footnote nine that cites to an  
25 | article by Kosuke Imai and Kabir Khanna, improving ecological

1 inference by predicting individual ethnicity from voter

2 registration records and that's in Political Analysis 24, number

3 two, 2016, pages 263 to 272, correct?

4 A Kosuke is his first name --

5 Q Oh.

6 A -- but the rest of it was correct.

7 Q Thank you very much, Kosuke. Thank you. Well, let's go to  
8 Exhibit Four.

9 (Exhibit No. 4, marked for identification.)

10 MR. SHEEHY: And while we're putting that up, for the  
11 benefit of the court reporter that's, K-O-S-U-K-E, and then the  
12 last name Imai, I-M-A-I.

13 THE COURT REPORTER: Thank you.

14 (Exhibit No. 4, marked for identification.)

15 BY MR. SHEEHY:

16 Q So we have a copy of Exhibit Four in front of you,  
17 professor, and we'll go ahead and scroll down to page two. And  
18 this is the article that you were referencing, correct?

19 A That's what it looks like.

20 Q Okay. Let's go to page six, just maybe one more. Yes.

21 So here, in this article that you cite, there is a table  
22 here. The title is, The Empirical Validation Of Individual Race  
23 Classification using Florida Registration Records and on the top  
24 it has the type of information that you have. So you have name,  
25 name precinct, name block, name precinct party, name block party

1 across the top. And then you have an overall error rate for  
2 White, Black, Latino, Asian and other and the percentages next  
3 to White, Black, Latino, Asian and other, I believe, is the, the  
4 number -- or the percentage of registered voters by, by race on  
5 this chart.

6 So, if we look here, professor, we have on the top, there  
7 is a White false positive rate of 20 -- excuse me. Sorry, there  
8 is a false negative rate for African-Americans of 23.7, under  
9 name block and party, correct?

10 A Which line are you referring to? I don't know if you can  
11 use your cursor.

12 Q So, on the top panel; name, block, party. You see that on  
13 the right?

14 A Yes.

15 Q And if you go down just three, that is a block -- Black  
16 false negative rate of 23.7, correct?

17 A That's not correct.

18 Q Then, how are you reading this?

19 A That's referring to the White false positive rate, row  
20 three.

21 Q Oh, you know, the overall error rate got me. That's,  
22 that's why I was counting down three, yes. Yes, you're correct.  
23 So the White false positive rate is 23.7 percent, correct?

24 A That's the number in this table.

25 Q Okay. And what that means is, as a false positive, is that

1 the Bayesian Improved Surname Geo-coding falsely predicted a  
2 non-White person as being White 23.7 percent of the time. Is  
3 that correct?

4 A I don't believe that's correct, no.

5 Q Okay. What do you disagree with?

6 A Well, first of all, you would have to ask Kosuke and Kabir  
7 the specific questions about this table, they created it.

8 Secondly, I would like to have some time to read the paper

9 again. I did not read that yesterday in preparation to

10 understand exactly what this table is. But my takeaway from

11 there analysis, that they validated against the self-reported

12 race on the Florida voter file, was that when BISG --

13 (Inaudible) -- very, very low error rate.

14 Q So, Professor Barreto, I'm -- my apologies, we lost you for  
15 a moment. I don't believe we were able to pick up what you  
16 said.

17 A Okay. Can you hear me okay?

18 Q Yes. We can hear you just fine. So, you were explaining  
19 to me that, first --

20 A Ask Kosuke and Kabir of their article, which they wrote and  
21 what they meant with this table of numbers, that I did not

22 review this article yesterday, in my preparation and that I

23 would need time to read the entire article if we're going to

24 start interpreting specific numbers that are in a given table.

25 And that my overall takeaway from this article is that, they

1 conclude that BISG, when summed and aggregated to precinct  
2 levels and matched to the self-reported race, is an extremely  
3 close match to self-reported race.

4 Q Okay. But here, you only had the name of the voter and the  
5 address of the voter for which you were able to also establish  
6 the census block of the voter, correct?

7 A In Galveston County, I believe we had access to the name  
8 and the address of the people who had officially voted for each  
9 of those years that we analyzed it.

10 Q Okay. So, you would, you had the name and the address.  
11 And then, you geo-coded the address and were able to guess the  
12 census block, correct?

13 A We located the address inside of the census block.

14 Q Okay. So, you had the name and the address and you were  
15 able to geo-locate the person's address within a census block,  
16 correct?

17 A That's correct.

18 Q So you had the name in the block, correct?

19 A We had the name and the address. And then, we geo-located  
20 through the geo-coding process, the block that that address  
21 belonged to.

22 Q Okay. So here, in this table one, the name block has a  
23 higher error rate, generally, than the name block party line,  
24 correct?

25 A Like I said, your questions are best addressed to Doctors

1 Imai and Khanna on exactly what they meant to present in this  
2 table. And if you want to give me an half and hour or so and  
3 send me the full PDF, I can re-read the full paper and I can  
4 attempt to tell you what I think they meant to present in each  
5 of these tables. But I did not review this yesterday and so, I  
6 don't recall, off the top of my head, exactly what this one  
7 table out of context is supposed to mean.

8 Q You cited this paper as a description for the method that  
9 you applied to your BISG analysis in Galveston County, correct?

10 A Yes.

11 Q Okay. And this paper shows an error rate for false  
12 positives, for White voters at 23.7 percent when you have name  
13 block and party, correct?

14 MS. REYES: Objection, form.

15 THE WITNESS: That is the number in the final column.

16 BY MR. SHEEHY:

17 Q Okay. And when you have just name and block, like you, the  
18 false positive rate goes up to 26.6 percent, correct?

19 A That is a number that they record in this table, but I  
20 don't believe that they make any conclusions about the  
21 application of one or the other, in this specific case of  
22 Galveston. So, I'm not prepared to say whether it, quote, makes  
23 error rate go up or not.

24 Q Did you report an error rate with your BISG analysis in  
25 Galveston?

1 A Well, it's included in there, as I mentioned, it assigns  
2 probabilities of each different racial and ethnic group and then,  
3 we sum those to precincts.

4 Q And is your error rate -- well, no you're assigning  
5 probabilities, correct?

6 A Correct.

7 Q Probabilities and error rate is the same thing?

8 A Contained within the BISG estimate is some amount of  
9 variance. That's why there's probabilities for each of the  
10 different racial or ethnic groups. And then, we take those and  
11 sum them to aggregate precincts, which is the recommendation of  
12 all of the literature and the conclusion is that when you do  
13 that, at the aggregate level, the estimates are extremely close  
14 matches to self-reported validated race.

15 Q In table one you have footnote ten at the bottom of the  
16 page. It says, we examined the self-reported race of voters.  
17 We incorrectly classified as Whites i.e. false positives. We  
18 find that voters misclassified as Whites are 50-percent Black,  
19 18-percent Latinos, 7-percent Asians and 25-percent others.  
20 Among Black voters who are misclassified i.e. false negatives,  
21 94-percent are misclassified as Whites. Did I read that  
22 correctly.

23 A I don't know. It wasn't on the screen in front of me.

24 Q Oh, sorry about that. If we just scroll down a little bit  
25 to footnote ten. There you go.

1 So, did I read that correctly?

2 A I'm going to assume you did. I didn't have it in front of  
3 me but it sounds like you got it right.

4 Q Okay. So here, on this table one, if we can put that up,  
5 for Latinos it has a 16.2-percent false negative rate for  
6 Latinos, when you have name, block and party. Is that correct?

7 A I think you have correctly read the number in the final  
8 column but as I said, without having access to this article and  
9 being able to read it, I can't tell you exactly what they are  
10 trying to conclude in one table, in their analysis about the  
11 State of Florida.

12 Q And what the false negative just means is that, the BISG  
13 incorrectly predicted a Latino person as not being Latino 16.2  
14 percent of the time. Is that what that means?

15 A I don't know exactly, without reading their full article  
16 and their methodology, if they've described all of those  
17 details. So, I would need to have some time to, to read this  
18 and then I could give you a report on it.

19 Q Well, you cited this in your, in your report, as part of  
20 your method for how you conducted BISG in Galveston County,  
21 correct?

22 A Yes. I am using the methodology that they have outlined in  
23 applying it to Galveston County. I did not cite it for purposes  
24 of memorizing some tables about the State of Florida, though.

25 Q Well, and this was footnote nine in your rebuttal report

1 from April 14th, 2023, correct?

2 A Can you pull up the rebuttal?

3 Q Yes. So that's Exhibit Three.

4 Okay. So footnote nine in your rebuttal report from  
5 April 14th, 2023?

6 A I see that.

7 Q Okay. Do you make it a habit of citing reports that you  
8 don't fully comprehend what they're saying in their reports and  
9 their --

10 MS. REYES: Objection, form. Counsel, objection,  
11 form.

12 THE WITNESS: Can you restate that question?

13 BY MR. SHEEHY:

14 Q Of course. Do you make it a habit of submitting expert  
15 reports that cite political science journals, that you fully  
16 don't understand what those reports or those articles are  
17 saying?

18 MS. REYES: And objection, form.

19 THE WITNESS: I don't believe I ever said I don't  
20 comprehend the article. I said I wasn't prepared without giving  
21 myself a chance to read their article and only being shown one  
22 table to reinterpret it on the fly. That would not be  
23 consistent with good social science practice.

24 BY MR. SHEEHY:

25 Q You submitted --

1 A So that's not normal practice.

2 Q You submitted your expert rebuttal report six days ago.

3 So, I just find it curious that you're not able to discuss this  
4 table in a report -- or discuss this table when you cited this  
5 article in a report you filed six days ago?

6 MS. REYES: Objection, form. I think, I don't believe  
7 there's a question, counsel.

8 BY MR. SHEEHY:

9 Q Can you explain?

10 A What do you want me to explain?

11 Q You submitted this report six days ago and you cited this  
12 article as describing your method for doing BISG analysis, but  
13 you're not able to discuss this article that has error rates for  
14 the method you used in Galveston Texas. Just asking you to  
15 explain.

16 MS. REYES: Objection to form.

17 BY MR. SHEEHY:

18 Q I'm just asking you to explain that.

19 A Okay. I believe I've already explained but I'm happy to do  
20 so again. I don't know that I've read this six days ago. I  
21 trust that you're correct, that it was submitted six days ago  
22 but as we discussed earlier, we were probably working on the  
23 BS -- BISG portion earlier in the year. And my answer to your  
24 question was that, I was not prepared here, in the moment, to  
25 interpret a table only being shown one table and not being shown

1 by you any other portion of the article, and to interpret what  
2 other scholars meant in their table.

3 So, I would be happy to sit down, read the article and  
4 then, we could go through and go through all the tables, which  
5 would be the proper way, a social scientist, that we would read  
6 literature.

7 Q Okay. Are you familiar with the U.S. Census Bureau's  
8 differential privacy practices for the 2020 census?

9 A Generally.

10 Q Okay. What are you generally familiar with?

11 MS. REYES: Objection, form.

12 THE WITNESS: That in some small units of aggregation,  
13 some data that could reveal the personal identity of households  
14 might be hidden.

15 BY MR. SHEEHY:

16 Q Okay. Let's put Exhibit Five up, if we could please.

17 (Exhibit No. 5, marked for identification.)

18 BY MR. SHEEHY:

19 Q Do you see Exhibit Five in front of you, professor?

20 A I do.

21 Q Okay. Go down to the first page.

22 It says, from the Census Bureau disclosure avoidance for  
23 the 2020 census.

24 And go to page 17, let's try that and maybe go up one. I'm  
25 sorry, 13, sorry, and the top is fine.

1 Do you see where it says: Adding noise into the data is a  
2 trade off, adding more noise increases confidentiality  
3 protection but it also makes the data less accurate. With  
4 differential privacy, we can now quantify that trade off.

5 A I see that.

6 Q Okay. If we go to page 17 now, if we scroll down we  
7 should --

8 Do you see the table 2.2 in front of you, professor,  
9 hypothetical?

10 A Yes, some table.

11 Q Yeah, a hypothetical example of noise infusion for a Census  
12 block group. So it has the enumerated count with 25 population  
13 under 18, 75 population age 18 and over, total population of 100  
14 and then, the noise is injected. So, it removes four people  
15 under the age of 18. So, you have 25 population under 18 and 71  
16 age 18 and over, with a total population of 102. Do you see  
17 that top line?

18 A I see that top line.

19 Q So, are you aware that at the Census block level, due to  
20 differential privacy, the data becomes less accurate because of  
21 this practice?

22 A I wouldn't describe it as less accurate.

23 Q How would you describe it?

24 A As protecting the privacy of small cell households.

25 Q By removing some people from a block and moving them

1 elsewhere, correct?

2 A I'm not sure if they're moving any counts or just  
3 introducing some random noise into the --

4 Q In, in table 2.2, block one, four people aged 18 and over  
5 were removed from block one, correct?

6 A They were not enumerated at the aggregate level.

7 Q How is what you just said different from what I said?

8 A You said they moved them, like they put them somewhere  
9 else. That's not what happened.

10 Q I said, removed. They removed four people from block one  
11 and --

12 A Excuse me, I heard the word, move.

13 Q No, that's fine. So, they removed four people from block  
14 one, correct?

15 A That is what it appears. They have hidden those counts in  
16 this case.

17 Q Okay. So in your BISG analysis for Galveston County, how  
18 did you account for the Census Bureaus' use of differential  
19 privacy?

20 A There's no need to account for it in BISG.

21 Q Well, you're trying to ascertain information about people  
22 at the block level, correct?

23 A I'm trying to ascertain what block an address is located  
24 in.

25 Q And you're trying to ascertain the race of an individual at

1 the block level, correct?

2 A No.

3 Q You're not trying to create a probability estimate of an  
4 individuals race at the block level?

5 A I'm trying to create a probability estimate for the  
6 individual over all, combining their surname and the block that  
7 they live in.

8 Q And if differential privacy is removing African-Americans  
9 from one block and another to, moving them to another, how does  
10 BISG account for such practice?

11 A I don't believe it's moving anyone around. I think it's  
12 just hiding some pieces of information.

13 Q Okay. So how does BISG account for the Census Bureau's  
14 hiding of certain information?

15 A Well, the first is that it's an extremely small amount of  
16 changes that are being done in these blocks and it's done  
17 randomly. And so, there's no pattern of error in  
18 over-accounting for African-Americans or under accounting for  
19 African-Americans in any particular block. It's done completely  
20 at random and it's an extremely small amount.

21 And so BISG relies on the larger correlations at an  
22 aggregate level. And so, if you had a precinct -- excuse me, a  
23 block in Galveston that was 88-percent Anglo White, even after  
24 introducing some amount of noise, you might think that that  
25 block is between 87 or 89-percent White. So, it's only

1 introducing a very small amount of noise into the estimate and  
2 the BISG estimate is still going to return very accurate  
3 probabilities that we can then sum of race and ethnicity.

4 Q Well, what about for areas in Galveston, like, Dickinson?  
5 Dickinson has 48-percent Latino population and African-American  
6 population and about 45-percent Anglo population. So, how would  
7 you account for the Census Bureau's practice of differential  
8 privacy when analyzing voters from Dickinson, Texas?

9 A Well, I don't have any data to suggest that there was more  
10 or less differential privacy concerns in Dickinson, Texas. As  
11 far as we know, there may have been almost no adjustments done  
12 at the block level. As I explained above, this is primarily  
13 done in areas where there is a need to obscure the potential  
14 identity.

15 The most common place would be something like, an area  
16 where there's only one Asian-American household in an entire  
17 neighborhood and reporting that information might reveal the  
18 identity of a household in a block. When you have areas that  
19 are more racially diverse and there's lots of different racial  
20 groups occurring, the amount of noise applied by the Census  
21 might be relatively small or none. And so, there is no  
22 information that suggest that there is a differential privacy  
23 issue in this location.

24 Q In this location, you mean, Galveston County or Dickinson?

25 A In Dickinson, the location you were talking about.

1 Q How about in Galveston County?

2 A What's the question?

3 Q In Galveston County, do you believe that there is a  
4 differential privacy concern with the accuracy of the data that  
5 you needed to use for BISG?

6 A No, I do not.

7 Q Let's talk about the geo-location portion of your BISG  
8 analysis. How does that work? How do you geo-locate a person's  
9 address to a Census block?

10 A By using the address that they have listed, the first step  
11 is to create coordinates for that address of latitude and  
12 longitude. And then, to place that spatially within a Census  
13 block.

14 Q Okay. And then, how does where a voter live factor into  
15 predicting the race of the voter?

16 A Using the race reported estimates from the Census, you know  
17 a lot about different neighborhoods at the block level. And so  
18 if a voter lives in a neighborhood that is 78-percent  
19 African-American, we would start out, all things being equal,  
20 with an estimate that any randomly selected voter from that  
21 block had a 78-percent probability of being African-American.

22 Q Does the probability decrease then in a place like  
23 Dickinson, where you have relatively 50/50 population between  
24 African-American, Latino and White voters?

25 A Does what probability increase?

1 Q The probability that BISG generates about a voters' race?

2 A Well, it is assigns a probability to every voter based on  
3 their surname and their Census block. So it takes both of those  
4 pieces of information into account and in an area that is more  
5 diverse, it would look at the, first look at the surname of the  
6 voter. If the voter had a highly occurring surname that was  
7 Spanish or Hispanic, it would get assigned a probability, first,  
8 based on surname and that would understand the probability of  
9 distribution of the neighborhood and take those into account  
10 into returning overall probability of what was that voters race  
11 or ethnicity.

12 Q Okay. Okay. A person with the last name like Smith and  
13 Smith lives in Dickinson, does that, does a name like Smith,  
14 living in a diverse area, decrease the probability of accurately  
15 predicting a voters race?

16 A No.

17 Q Okay. Why?

18 A The first point is that, we're not concerned at the  
19 individual voter level of getting the exact probability of voter  
20 Smith. We're concerned at the precinct level, which is an  
21 ecological unit in a particular precinct, among the people who  
22 showed up and voted, what percentage of them are Latino, Anglo  
23 or Black, to use this example in Galveston. And so, if a voter  
24 Smith lived in a diverse area, BISG would first assign them a  
25 probability of being Hispanic, Black, Anglo or Asian just based

1 on their surname, and they would get a score.

2 We would then further look to the demographics, not of the  
3 city, but of the very specific neighborhood block that they  
4 lived in to determine, among the residents, what percentage of  
5 the residents in your neighborhood are Hispanic, Black, Asian or  
6 Anglo. And so, it would take both of those pieces of  
7 information and it would assign an ultimate probability to voter  
8 Smith.

9 That probability for voter Smith would be aggregated and  
10 summed with all of the other voters in that precinct, which they  
11 call VTD's there. And so, voter Smith might get a probability  
12 of .48 being White and a different voter, Miller, might get a  
13 probability of being .42 White. Each of those individual  
14 probabilities are summed down to the precinct, to tell us the  
15 estimated number of Black, White and Hispanic voters in a  
16 precinct. So the point of BISG is not necessarily the  
17 individual voter but the estimated number of voters in a  
18 precinct.

19 Q You used the term, summed. What do you, what do you mean  
20 by, summed to the precinct level?

21 A Well, every voter will result in a probability of being  
22 Hispanic, African-American or Anglo. And we then add those  
23 together to result in a total number of estimated voters of each  
24 race and ethnicity in the precinct aggregate. So if one voter  
25 has a 75-percent probability of being Hispanic and a second

1 voter only has a 25-percent probability of being Hispanic, we're  
2 fairly certain there's at least one Hispanic voter in that  
3 precinct, 75 plus 25 equals one, in terms of percentages.

4 So all of the probabilities are summed and added together  
5 to give us the ultimate estimate. This is the exact, correct  
6 application of BISG. It's meant to sum and aggregate two  
7 ecological units.

8 Q If an African-American voter with the last name Smith lives  
9 in Friends Wood, is there a risk that BISG will mis-predict that  
10 voter as White?

11 A It all depends on the exact demographics of their  
12 neighborhood, and it gives them a resulting probability of being  
13 of different racial or ethnic groups. And so at the individual  
14 voter level, any potential over or under assignment on a  
15 probability is largely irrelevant because it is the summation of  
16 those probabilities down to an ecological unit.

17 Q Okay. And you said you reported your error rates in your  
18 rebuttal report for BISG?

19 MS. REYES: Objection, form.

20 THE WITNESS: I said, they are included as part of our  
21 probability estimates and taken into account.

22 BY MR. SHEEHY:

23 Q Now when you say included in your probability estimates, if  
24 your, if your estimate says, an individual voter is 60 percent,  
25 probably, white. Does that mean there's a 40 percent chance

1 that they are not White?

2 A Generally, yes.

3 Q Okay. And what am I missing?

4 MS. REYES: Objection, form.

5 THE WITNESS: Well, it would give them a probability  
6 of being White, Latino, Black, Asian or other and so those, all  
7 of those probabilities combined should sum to, roughly, one or  
8 100 percent.

9 Q Okay. Let's look at page one of Exhibit Three, the  
10 rebuttal report.

11 Professor, how are you doing? You think we can go another  
12 20 minutes to lunch?

13 A Yeah, that sounds fine to me.

14 MR. SHEEHY: Court reporter, does that work for you?

15 THE COURT REPORTER: Yeah, sure. That's fine. Thank  
16 you.

17 BY MR. SHEEHY:

18 Q We placed in front of you, professor, page one and  
19 paragraph six of your rebuttal report. Do you see that?

20 A I do.

21 Q And this is paragraph six, you take -- you disagree with  
22 Professor Alford in his 75-percent threshold, is that correct?

23 A Yes, I think that is what this section is referring to.

24 Q And you say that a bright-line threshold, like that  
25 advanced by Dr. Dr. Alford, would be inconsistent with social

1 science practice and standards that typically look for standards  
2 across data, not one single specific threshold. Is that  
3 correct?

4 A Yes.

5 Q So to be clear, for Gingles Two, it's your position there  
6 is no bright-line threshold for at which cohesion exist?

7 A I know much jurisdiction is unique and that we need to come  
8 to each jurisdiction and understand what the patterns are. My  
9 preference is to look at the overall patterns across multiple  
10 elections and then, tell the court what I've seen in those  
11 patterns.

12 Q So you would disagree, so you do disagree with a 75-percent  
13 threshold that Dr. Dr. Alford --

14 MS. REYES: Objection, form.

15 THE WITNESS: Yes. I disagree that that should be  
16 applied to any sort of cohesion bright line.

17 BY MR. SHEEHY:

18 Q And you would disagree with 65-percent as being a cohesion  
19 bright line?

20 A Yes, I would --

21 MS. REYES: Objection, form.

22 THE WITNESS: I would disagree with any requirement  
23 for a specific bright line. I think it's better to look at the  
24 data as a whole and see what it tells us about the degree of  
25 cohesion.

1 BY MR. SHEEHY:

2 Q If Latinos are voting for Candidate A, at 50-percent plus  
3 one across five elections, would that be sufficient in your  
4 opinion to establish cohesion?

5 A In which elections are you talking about?

6 Q Just a hypothetical election, Latinos vote for Candidate A  
7 50-percent plus one in five election cycles, is that sufficient  
8 for cohesion?

9 A You're not talking about Galveston, specifically. You're  
10 just saying, if such a hypothetical happened to exist, is that  
11 right?

12 Q Yes. I mean, you're, you just mentioned that you would  
13 look at overall patterns of election results across multiple  
14 elections. My question to you is, is, A, across multiple  
15 elections, Latinos vote 50 percent plus one for Candidate A, is  
16 that sufficient for cohesion?

17 A So, I would say --

18 MS. REYES: Objection.

19 THE WITNESS: Excuse me.

20 MS. REYES: Sorry. Objection, form, sorry.

21 Go ahead.

22 THE WITNESS: The first is that, I'm not familiar with  
23 any real elections in which five times in a row Latinos voted 50  
24 plus one. And so, it's not something I'm familiar with running  
25 across in my analysis and it seems farfetched. It doesn't seem

1 like that's what's happening in this specific case at all.

2 Secondly, I would say, what I'm looking for is a  
3 pattern that demonstrates a racial or ethnic group as a  
4 candidate of choice, that if only they voted, who would they  
5 elect.

6 Q And if only Latinos voted and Latinos voted across five  
7 elections, 50-percent plus one, would you say that in that  
8 election Latinos were cohesive?

9 A Again, I think this, sort of, hypothetical is, is not what  
10 I'm seeing in the Galveston data at all. And I would say,  
11 whoever the community votes for is their candidate of choice,  
12 that we would leave it to the voters to decide who they'd look  
13 for, galvanize around. And so, if the same candidate won five  
14 elections in a row by one vote, we could say that that was the  
15 candidate of choice because they won the election from that  
16 racial or ethnic group.

17 MR. SHEEHY: Well, professor, I think I'm at a good  
18 stopping point for us to just go ahead and take a lunch break,  
19 if that works for you.

20 THE WITNESS: Okay, that makes sense.

21 MR. SHEEHY: All right. So let's come back, it's 2:49  
22 p.m. on the East Coast, let's just come back at 3:50 p.m. on the  
23 East Coast, 12:50 p.m. on the West Coast.

24 THE VIDEOGRAPHER: All right. This is end of media  
25 number two. The time is 2:49 p.m. and we're off the record.

1 (Lunch recess.)

2 THE VIDEOGRAPHER: The time is 2:54 p.m. and this  
3 begins media number three. We are on the record.

4 BY MR. SHEEHY:

5 Q Good afternoon, Professor Barreto. Do you understand  
6 you're still under oath?

7 A Yes, I do.

8 Q Did you have any substantive conversations with anyone  
9 about your testimony while on break?

10 A No.

11 Q Professor Barreto, I'd like to return to your BISG  
12 analysis, if we could please. I'd like to bring up page 11 of  
13 Exhibit Three, your rebuttal report. And we can scroll down,  
14 you can see table three.

15 So, Professor Barreto, my question to you is, is this the  
16 results of your BISG analysis?

17 A I think you broke up a little bit. Can you --

18 Q Yes.

19 A -- repeat?

20 Q Is table three the results of your BISG analysis?

21 A Can the person controlling the screen scroll up? It's  
22 right in the middle of the table. This is part of it. I  
23 believe there are at least three tables maybe, even four in this  
24 rebuttal report that include BISG, but this is one of them.

25 Q Okay. So table four on page 14, is this another table

1 containing your BISG analysis?

2 A Yes, I believe so, yes.

3 Q And then on page 17, is this another example of your BISG  
4 analysis?

5 A Yes.

6 Q Okay. And then table six on page 20, and is this another  
7 example of your BISG analysis?

8 A I believe so, yes. I'm sure the text says very  
9 specifically what type of analysis we used.

10 Q Well, here it doesn't say anything about BISG. It just  
11 says, iterative ecological inference candidate choice estimates  
12 by Petteway plaintiffs proposed county commissioners court  
13 precincts?

14 A Yeah, I'd note the text of the, of the report, itself,  
15 probably -- sometimes the tables, you know, only contain a  
16 certain amount of words. And so, I'm sure if we look at the, at  
17 the report, we list which type of data we're using in the  
18 narrative.

19 Q Right. Well, in table five on page 17, you do say using  
20 BISG for Anglo, Black, Hispanic voters 2014 to 2022, correct?

21 A Did you have a question or are you just telling me  
22 something else? I was confused.

23 Q I did say correct. I wanted to make sure that --

24 A Oh sorry, I didn't hear that.

25 Q So that's correct, all right.

1 A Is has the word, BISG, in it.

2 Q Okay. So, earlier we were talking about your probability  
3 estimates for BISG. Can you tell me where in this chart I can  
4 find your estimates?

5 A So that's, as we explained above, that's contained within  
6 the BISG analysis. We did not print out, we do not stop the  
7 process and print out separate probabilities.

8 Q So looking at table five, how am I to know what your error  
9 rate is?

10 A Well, the first thing to do would be to replicate the  
11 analysis and then, you would have all the information you needed  
12 based on the footnotes we provided. That would probably be the  
13 easiest way.

14 Q Okay. So I would need to have Dr. Alford replicate this  
15 analysis in order to know what your error rate is, correct?

16 A Or someone else, he certainly has done that before in other  
17 cases when I used BISG.

18 Q Okay. But in this, in this case, Dr. Alford is the expert  
19 you were responding to. So, I would need to have Dr. Alford  
20 replicate this analysis to know what your error rate is,  
21 correct?

22 MS. REYES: Objection, form.

23 THE WITNESS: Tell me what you mean, error rate.

24 BY MR. SHEEHY:

25 Q Well, we looked at the Imai and Khanna article that

1 | referenced error rate for the BISG analysis run in Florida,  
2 | right?

3 | A I remember looking at that article.

4 | Q So, in that article you, you cited that article as a way  
5 | of, as authority, I should say, as authority for the method you  
6 | used here in Galveston County for your BISG analysis, correct?

7 | A Correct.

8 | Q Okay. So, I guess what I would like to know is, is either,  
9 | A, what the error rate is for these numbers that you have here  
10 | on table five, or --

11 | MS. REYES: I'm sorry. Mr. Sheehy, you're cutting  
12 | out.

13 | THE WITNESS: I agree. Get the microphone a little  
14 | closer, maybe.

15 | BY MR. SHEEHY:

16 | Q Here we go.

17 | A All right. Great.

18 | Q Excellent. So, table five, I guess, what I would like to  
19 | know is, what your error rate is for the numbers that you show  
20 | on table five?

21 | A And I believe I heard you before but before I answer, I  
22 | want to clarify your question. So, please correct me if I'm  
23 | wrong. You're referring to a comparison to the table in the  
24 | Imai and Khanna article that we were looking at, is that right?

25 | Q Not making a comparison, I'm simply saying, the, there were

1 error rates reported in the Imai and Khanna article and I would  
2 like to know similar information for the numbers that you  
3 reported here, on table five?

4 A But I believe you were referring to a comparison to a BISG  
5 probability as compared to a self-reported race on the voter  
6 file, is that right?

7 Q Well, the self-reported for -- Texas doesn't have  
8 registration by race, correct?

9 A Right. So I believe you just answered your own question.  
10 It's not possible to replicate that in Texas because they don't  
11 have race on the voter file.

12 Q Okay.

13 A Therefore, we would not have completed such a table.

14 Q So, I would like to be able to see the probability  
15 estimates for the numbers that you have reported on table five  
16 in your rebuttal report?

17 A The main probability estimates for each individual voter in  
18 Galveston County?

19 Q Yes.

20 A Okay. So that can easily be done if you replicate the code  
21 that we've included in our footnotes, something that Dr. Alford  
22 has done before. When you run the BISG, you can tell it to stop  
23 at a certain point and extract those probabilities, and you can  
24 look at them.

25 Q All right. So let's go to page four of the rebuttal report

1 and paragraph 17. You have paragraph 17 in front of you,  
2 professor?

3 A Yes, I see that. Thank you.

4 Q You're welcome. On the second factor, there has never been  
5 a minority republican who has won a primary election to be the  
6 parties nominee for Galveston County judge or county  
7 commissioner. I read that correctly?

8 A Yes.

9 Q Can we pull up Exhibit Six, please?

10 (Exhibit Six No. 6, marked for identification.)

11 BY MR. SHEEHY:

12 Q All right. Professor, we put in front of you Exhibit Six.  
13 If you scroll down, this will be Professor Trounstine's expert  
14 report in this case. And if we could go to page 41, please?

15 MS. REYES: I'm sorry. Mr. Sheehy, you're still  
16 cutting out for me.

17 BY MR. SHEEHY:

18 Q Okay. So we're going to go to page 41 of Exhibit Six. See  
19 if we can scroll down.

20 So here, professor --

21 I think we need to scroll down -- up, sorry, page 17, up.

22 So here, professor, we have the general elections for  
23 county commissioners and I want you to look at the  
24 November 2nd, 2004 election, between Stephen Holmes and  
25 Lewis Parker, Junior. Do you see that race?

1 A Yes.

2 Q Do you see that Mr. Parker is coded as African-American?

3 A He's coded as having, what?

4 MS. REYES: I'm sorry, Mr. Sheehy, but you keep on  
5 cutting in and out. I'm having a difficult time hearing you and  
6 I believe Professor Barreto is as well.

7 THE WITNESS: Yeah, it was perfectly fine this morning  
8 but now, it's pretty much been every other word.

9 BY MR. SHEEHY:

10 Q Let's see what we can do here.

11 Are we back? Professor, are you able to hear me?

12 A Yeah, it's a little, it just sounds a little garbled.

13 Q Okay. If we move it further from me, do you hear me  
14 better?

15 A Worse.

16 Q Okay.

17 A Sorry.

18 Q No, it's fine. We all want a clear record.

19 A Yeah.

20 Q And how about now?

21 A We can try that.

22 Q Is this better?

23 A Seems like it right now. Sometimes when there's a longer  
24 question it, kind of, trails off but I'll let you know if I  
25 don't understand you.

1 Q That's fine and please, please do.

2 So looking at the Lewis-Parker election, do you see that  
3 Mr. Parker is African-American?

4 A I don't believe I've ever seen this table before. If I  
5 did, I don't recall it. I, so I need to look and see where it  
6 says that.

7 Q Well, it says Lewis Parker, Junior ethnicity?

8 A Yep, I see that now. Ethnicity B, which we're assuming  
9 means Black.

10 Q Yes, it means Black and party is R for republican, correct?

11 A Okay.

12 Q So when you say, on the second factor, there has never been  
13 a minority republican who has won a primary election to be the  
14 parties nominee for Galveston County judge or commissioner.  
15 Mr. Parker was the republican nominee for commissioner precinct  
16 three in November of 2004, correct?

17 MS. REYES: I'm sorry, Mr. Sheehy. It's still coming  
18 out very hard to understand. I'm not sure if it might be your  
19 Internet connection.

20 MR. SHEEHY: I mean, I'm hearing you perfectly. So,  
21 I'm not sure what the, the issue is and I do hear  
22 Professor Barreto perfectly.

23 THE WITNESS: Yeah, I heard about half of what you  
24 said but I don't know if we want to try to reconnect or what. I  
25 didn't have a single problem this morning but I don't know if

1 it's others or if it's just Ms. Reyes and I.

2 ATTORNEY3: Shawn, this is Valencia. I'm also having  
3 problems hearing you.

4 MR. SHEEHY: Let's take a break and see if we can  
5 figure out what the problem is. All right. Let's take a, take  
6 a 10-minute break. So at 4:20 we'll be back.

7 MS. REYES: Thank you, Shawn.

8 MR. SHEEHY: I'll be right here.

9 THE VIDEOGRAPHER: Okay. The time is 3:10 p.m. and  
10 we're off the record.

11 (Brief recess.)

12 THE VIDEOGRAPHER: Standby. Recording in progress.

13 The time is 3:20 p.m. and we're back on the record.

14 BY MR. SHEEHY:

15 Q Okay. Professor, we had Exhibit Six up in front of you on  
16 page A-17. You see down here, B is for Black, African-American.

17 Oh, we haven't shared the screen, yet. Sorry.

18 So we see here in the footnote that all tables race  
19 ethnicity codes are; W for White, L for Latino Hispanic and B  
20 for Black African-American. Do you see that?

21 A Yes, I see that.

22 Q So, if we scroll back up, we have the November 2nd, 2004  
23 election. Mr. Lewis Parker is Black and a republican. Do you  
24 see that?

25 A I see that.

1 Q Okay. So, he was the republican nominee for commissioner  
2 court precinct three, correct?

3 A That appears to be correct for 2004.

4 Q Okay. So, your statement in paragraph 17 of your rebuttal  
5 report, that there has never been a minority republican who has  
6 won a primary election, to be the party's nominee for Galveston  
7 County judge or county commissioner?

8 MS. REYES: Mr. Sheehy, yeah, we're having the same  
9 issue hearing you; I am, at least. I'm not sure if anybody else  
10 is.

11 THE VIDEOGRAPHER: Yes. Counsel, you may have to dial  
12 in. I don't know what's going on with your connection but it's  
13 definitely gotten a lot worse since the morning session.

14 MR. SHEEHY: All right. Well, let's go off the  
15 record, please.

16 THE VIDEOGRAPHER: Okay. The time is 3:22 p.m. and  
17 we're off the record.

18 (Brief recess.)

19 THE VIDEOGRAPHER: The time is 4:35 p.m. and we're  
20 back on the record -- excuse me, 3:35 p.m. and we're back on the  
21 record.

22 MR. SHEEHY: Thank you very much and thank you to  
23 everyone for your patience with the technical difficulties, and  
24 thank you to Ms. Norwood for handling the technical  
25 difficulties.

1 BY MR. SHEEHY:

2 Q So, Professor Barreto, we were reviewing Ms. Trounstine's  
3 report, Professor Trounstine's report where Mr. Lewis Parker,  
4 Junior was the republican nominee for commissioners precinct  
5 three, November 2nd, 2004, correct?

6 A That's where we were when we left off, yes.

7 Q And Mr. Lewis Parker is African-American on this, on  
8 Professor Trounstine's report?

9 A That's what she has indicated, yeah.

10 Q So you would agree with me that, at the very least, one  
11 republican was nominated to Galveston County commissioners  
12 court?

13 MS. REYES: Objection, form.

14 THE WITNESS: Well, I don't know. This appears to be  
15 a general election. So I don't know if he ran in a contested  
16 primary and won or if he was hand-picked and appointed, but I do  
17 see him on the line in a general election as a republican.

18 BY MR. SHEEHY:

19 Q So, given this, you don't know that you could say there has  
20 never been a minority republican who has won a primary election,  
21 correct?

22 MS. REYES: Objection, form.

23 THE WITNESS: I would say, in the period that I was  
24 studying, which was, I believe the first election we referenced  
25 is 2012 to present, that that statement is accurate.

1 BY MR. SHEEHY:

2 Q Well, believe the elections that you analyzed were 2014 to  
3 2022 but you don't have that preface here, in paragraph 17,  
4 correct?

5 A That's correct.

6 Q You just say there has never been a minority republican who  
7 has won a primary election, correct?

8 A That's what it says, I think. I don't have it in front of  
9 me, but I believe that's what it says.

10 Q All right. And here, Mr. Lewis Parker is the  
11 African-American candidate running as a republican in the  
12 November 2nd, 2004 commissioners precinct three election,  
13 correct?

14 A Yes, he is.

15 Q Okay. Do you understand Texas primary election practices?

16 A That's a fairly vague question. Do you mean something  
17 specific or just, have I ever?

18 Q Do you know how Galveston County republicans nominate their  
19 candidates?

20 A Well, in most cases, if there's more than one candidate,  
21 they have a primary election and then, if no candidate receives  
22 a majority, there's a run off.

23 Q Okay. If we can go back to Exhibit Three.

24 So, professor, are you now at paragraph 17 in front of you?

25 Are you amending your statement on the second factor, there has

1 | never been a minority republican who has won a primary election,  
2 | are you amending that to say, within the elections that you  
3 | analyzed?

4 | MS. REYES: Objection, form.

5 | THE WITNESS: Well, I would say two things. One, I  
6 | haven't seen any evidence that Lewis won a primary. I believe  
7 | we were just looking at a general. So, I don't know that he ran  
8 | against somebody in the primary and won or not but as I said, my  
9 | report is almost entirely about the decade leading up to the  
10 | 2021, 2022 redistricting. So, when I wrote this I had not gone  
11 | back 18 years to that election and I would agree with you, that  
12 | my report is mostly about the modern elections, following the  
13 | prior redistricting.

14 | BY MR. SHEEHY:

15 | Q Okay. Again, on this sentence here, you do not have that  
16 | limitation of 2012 to 2022, correct?

17 | A That's correct.

18 | MS. REYES: Objection to form.

19 | THE WITNESS: That's correct.

20 | BY MR. SHEEHY:

21 | Q But what you're telling me now is, is that what you mean is  
22 | on the second factor between 2012 and 2022, there has not been a  
23 | minority republican who has won a primary, correct?

24 | MS. REYES: Objection, form, misstates prior  
25 | testimony.

1 THE WITNESS: Yes, that's basically what my report is  
2 pertaining to, is the previous decade under consideration and I  
3 think that this sentence was not quite as precise as you have  
4 just indicated.

5 BY MR. SHEEHY:

6 Q Okay. The follow-up sentence, not the immediate next one  
7 but following, while Black Republican, Robin Armstrong now  
8 serves on the commission, he was appointed after a White  
9 Republican, Clark won the 2022 primary for precinct four and  
10 passed away. As there was no democratic nominee in the precinct  
11 Armstrong was uncontested in the November election. Did I read  
12 that correctly?

13 A Yes.

14 Q Are you aware that there was a contested intra-republican  
15 primary in Galveston County?

16 A Which specific election are you talking about?

17 Q For Commissioner Armstrong?

18 A I believe I have a table down below of all of the elections  
19 and so, we could look at that and see. You might be right, I  
20 just don't have that in front of me right now.

21 Q So table two, you have Galveston County commissioners court  
22 primary and general election results from 2014 to 2022, on page  
23 seven. Is that what you're referring to?

24 A Yes, I think so.

25 Q Okay. So my question to you is, are you aware that the

1 Galveston County republican party had to renominate Commissioner  
2 Holmes for the election in 2022?

3 A Had to renominate Commissioner Holmes?

4 Q I'm sorry, forgive me. Commissioner Armstrong, I was  
5 looking at Holmes on your sheet, Commissioner Armstrong. Are  
6 you aware that the Galveston County republican party had to  
7 renominate Commissioner Armstrong to be it's nominee in the 2022  
8 election?

9 A My understanding is that, the voters did not participate in  
10 that and that he was not on the ballot. And so, I couldn't  
11 comment on whether or not the voters of the county preferred or  
12 blocked him, in that he got appointed to this position after  
13 another candidate had passed away.

14 Q Are you aware that the republican party of Galveston County  
15 received multiple applications to be the nominee for  
16 commissioner precinct four in 2022?

17 A You're talking about after the primary was over, right?

18 Q No, I'm talking about applications to run as the republican  
19 nominee for commissioner precinct four in 2022.

20 A But you're referring to the period after the primary was  
21 over and the voters had already voted for Mr. Clark, is that  
22 right?

23 Q Yes.

24 A I did not do an analysis of nominations, petitions or  
25 applications.

1 Q Are you aware --

2 A I focused my split on the voters.

3 Q Are you aware that Commissioner Armstrong defeated a man by  
4 the name of William Enochs for the republican nomination, for  
5 the election in 2022?

6 A I don't believe that there was an election for the  
7 candidate, Armstrong, who ultimately appeared on the ballot. I  
8 believe it was done through a private selection process, that  
9 was not open to the voters in Galveston County. Therefore, I  
10 did not include it in my analysis of voting preference.

11 Q But this was held within the rules of the republican party  
12 of Galveston County, correct?

13 MS. REYES: Objection, form.

14 THE WITNESS: It's possible. They didn't consult me  
15 on how to do it, so I don't know what they did.

16 BY MR. SHEEHY:

17 Q Okay. But obviously, Commissioner Armstrong prevailed in  
18 that intra-republican party vote as the 2022 nominee, correct?

19 MS. REYES: Objection, form.

20 THE WITNESS: I don't believe there was any vote that  
21 was held, at least nothing that I could find on the Galveston  
22 County's website. I believe there was a selection that was done  
23 in private but I don't believe there was a vote.

24 BY MR. SHEEHY:

25 Q Well, the republican party leaders of Galveston County

1 | voted to renominate Commissioner Armstrong, correct?

2 | MS. REYES: Object, form.

3 | THE WITNESS: I don't know that. I have not seen any  
4 | data on the website showing the results of that election  
5 | process.

6 | BY MR. SHEEHY:

7 | Q But the republican party of Galveston County selected  
8 | Commissioner Armstrong to be its nominee for commissioner  
9 | precinct four in 2022, correct?

10 | A I believe that's how he got on the ballot in November, yes.

11 | Q Let's go back to paragraph 18 on page four.

12 | You have paragraph 18 in front of you, professor?

13 | A I do.

14 | Q Do you have, here you state that you looked at election  
15 | results in republican primaries to see if voters cast their  
16 | ballots, or see how Galveston County White voters had cast their  
17 | ballots for White republicans versus minority republicans in  
18 | statewide elections, correct?

19 | A Yes, that's the summary of paragraph 18.

20 | Q Okay. Now, the first one you mentioned here in 2022,  
21 | Hispanic Republican, George P. Bush, lost to Anglo Republican,  
22 | Ken Paxton, winning only 28-percent of the vote among Galveston  
23 | County republicans, is that correct?

24 | A That's correct. That's what the sentence says.

25 | Q Okay. Let's pull up Exhibit Seven, please.

1 | While we're putting the exhibit up, professor, do you know  
2 | when Ken Paxton was first elected to the office of attorney  
3 | general?

4 | A A couple of cycles ago.

5 | Q So he was running for reelection for a third term to the  
6 | office of attorney general?

7 | A That sounds right.

8 | Q Do you know how many people ran in this election, for  
9 | republican nomination for attorney general in 2022?

10 | A I believe there was a couple more --

11 | Q If we can go ahead and --

12 | A -- or there was a run-off, maybe.

13 | Q So this is Exhibit Seven that we're sharing with you. Do  
14 | you see it?

15 | A Yes, I see the words, Exhibit Seven, at the top.

16 | (Exhibit Seven No. 7, marked for identification.)

17 | BY MR. SHEEHY:

18 | Q Okay. Go ahead and scroll down. This is information we  
19 | pulled off of CNN about the republican primary in Texas. We can  
20 | scroll down to attorney general, that's governor, lieutenant  
21 | governor and this is attorney general.

22 | So you see here, there were four people running for the  
23 | republican nomination for attorney general?

24 | A I see that.

25 | Q Okay. And George P. Bush was in second place, correct?

1 | A I think this is the March primary statewide, is that right?

2 | Q Yes.

3 | A Yes. It looks like for the March primary statewide

4 | George P. Bush was in second place.

5 | Q With 22.8-percent of the vote?

6 | A That's right.

7 | Q So he actually did better in Galveston County, winning

8 | 28-percent of the vote, correct?

9 | A I believe I was referring to the run-off election. I think

10 | that might have been in June. I don't recall exactly when the

11 | run-off was. I believe the results of that were 71 to 28,

12 | something like that.

13 | Q I don't see you referenced the run-off election.

14 | MS. REYES: Objection, form.

15 | THE WITNESS: I'm almost certain that's what it was.

16 | BY MR. SHEEHY:

17 | Q Okay. Do you know who Luis Gomert is, who got last place?

18 | A I'm generally familiar with him. He was a former

19 | congressman from East Texas, I believe.

20 | Q And Congressman Luis Gomert is Anglo, correct?

21 | A That's correct.

22 | Q And we said earlier that Ken Paxton was running for his

23 | third term for attorney general, correct?

24 | A I think that's right.

25 | Q So don't you think incumbency advantage explains

1 Ken Paxton's win here, in the republican primary?

2 A I did not do --

3 MS. REYES: Objection, form.

4 THE WITNESS: I did not do a separate analyses of

5 exactly what Mr. Paxton or Bush were -- how they differentiated

6 themselves to voters. Simply to point out in paragraph 18 that,

7 Galveston County republicans had multiple opportunities in a

8 very recent election, to support or vote for minority candidates

9 and they didn't.

10 BY MR. SHEEHY:

11 Q Okay. But at least in this one, in this election for

12 attorney general, Ken Paxton had been attorney general for eight

13 years at this, up to this point, correct?

14 A I believe so, that's correct. And your little map

15 underneath shows where the different candidates won. You can

16 see quite clearly that Mr. Paxton was in first place in

17 Galveston County, right under the little circle where Houston

18 is.

19 Q Uh-huh.

20 A And you can see Mr. Bush was in first place in the Rio

21 Grand Valley down South, that is a heavily Latino population.

22 Mr. Gomert, it looks like he did well in his neck of the woods.

23 So, it would seem, even with his incumbency, Mr. Paxton did

24 not win every single county of Texas. Some voters ranked him

25 second or third or fourth but in Galveston he won and in the

1 run-off, he won over 70-percent.

2 Q And won his third term for attorney general, correct?

3 A That sounds right.

4 Q Okay. So next we can go up to the gubernatorial election

5 at the top. So, here you mentioned that a Black republican

6 candidate for governor, Allen West, received only 14-percent of

7 the vote among Galveston County republicans in the 2022 primary

8 election. Do you see in front of you that looks like one, two,

9 three, four, five, six, seven, eight candidates ran for governor

10 republican nominee -- nomination for governor?

11 A I see that.

12 Q And do you see that Mr. West won the, won second place?

13 A Yes, I see that.

14 Q And you don't report this breakout of votes per candidate

15 for Galveston County, do you?

16 A I report the percentage of the vote that the minority

17 candidates received in Galveston County.

18 Q Do you know the race of any of these other eight candidates

19 running for republican nominee, for governor of Texas?

20 A I don't. Perry might be Rick Perry, who is an Anglo. I

21 don't know the others.

22 Q How about Abbott who won?

23 A Abbott is Anglo.

24 Q But you don't know the race of anybody else on this chart?

25 A Mr. West is African-American.

1 Q Okay. Anybody else?

2 A I don't know.

3 Q And Galveston County republicans actually gave Allen West  
4 two percentage points more than statewide, correct?

5 A I think it was 14-percent. I don't remember the decimal  
6 but I believe he won 14 percent in Galveston.

7 Q Okay. And statewide, 12.3, so about 1.7 percent for  
8 Galveston County, correct?

9 A That's what it looks like.

10 Q Okay. And Governor Abbott was running for his third term  
11 for governor, correct?

12 A That's right.

13 Q You aware that in 2019, polls showed Governor Abbott was  
14 one of the most popular governors in the United States?

15 A I have no idea what poll you're referring to.

16 Q I'm referring to U.S. News and World Report, I think is  
17 where I saw that?

18 A If you show me, I can take a look at it.

19 Q Okay. So, but I guess by question to you is -- well, I  
20 guess the answer to my question is, no, you're not aware of  
21 polls showing Governor Abbott to be one of the most popular  
22 governors in the country?

23 A I'd have to see a poll of all 50 states and then, we would  
24 assess how each governor ranks.

25 Q Okay. The same question that I asked for Paxton, don't you

1 think that incumbency advantage played more of a role in

2 Governor Abbott's victory in the republican primary?

3 A Well, incumbents, you know, still have to run on their

4 record and make their case to voters. They don't always win and

5 so, all I was attempting to show here was that, when a minority

6 republican ran in a recent election, they did quite poorly.

7 They only got 14 percent of the vote in Galveston County.

8 Q Against a governor who is running for their third term as  
9 governor of Texas, correct?

10 A Yes, he was running for his third term.

11 Q Okay. The next election you discussed is the primary for  
12 land office. You have two Hispanic republicans ran and each  
13 received less than 10 percent of the vote from Galveston County  
14 republicans, with Westin Martinez winning seven percent and  
15 Victor Avila winning five percent in the primary?

16 A I don't see the report. That sounds familiar.

17 Q Yep. Do we have that in front of you?

18 A Not yet, something is coming up.

19 Q There you go. In paragraph 18 --

20 A Thank you. Yep, I see it.

21 Q Okay. If we can go back to, I think, it was Exhibit Seven  
22 was the election results. And if we can go to the land office,  
23 which is going to be towards the bottom.

24 So here we are, we have land commissioner Texas primary.

25 So we have one, two, three, four, five, six, seven, eight

1 candidates running in this election, correct?

2 A That looks right.

3 Q And Dawn Buckingham won the election, is that correct?

4 A Well, if he went to a run-off.

5 Q Actually, I think, Dawn Buckingham is a woman. She was a

6 senator in Texas. Are you aware that she is the, the first

7 woman to win Texas land commissioner?

8 A I'm not.

9 Q Are you aware that Dawn Buckingham, prior to running for

10 Texas land commissioner, was a Texas state senator?

11 A No.

12 Q Do you know if Westin Martinez ever campaigned for

13 statewide office, prior to campaigning for Texas land office?

14 A I only know in this election that Martinez and Lopez were

15 running for statewide office and got less than 10 percent of the

16 vote in Galveston County.

17 Q Okay. Do you know if Mr. Avila ever campaigned for

18 statewide office, before campaigning for the Texas land office?

19 A I don't know.

20 Q Do you know the race of Mr. Armenta, at the bottom?

21 A I do not.

22 Q Other than Mr. Avila and Mr. Martinez, do you know of any

23 race of any of the other candidates that ran for a republican

24 nominee of Texas land commissioner?

25 A I believe that Ms. Buckingham is Anglo but I do not know

1 all of the candidates races or ethnicities.

2 Q Okay. Don't you think that Ms. Buckingham's experience as  
3 a state legislator contributed to her success here?

4 MS. REYES: Objection, form.

5 THE WITNESS: No, not necessarily.

6 BY MR. SHEEHY:

7 Q All right. Well, do you know what explains

8 Ms. Buckingham's success in her campaign for Texas land  
9 commissioner?

10 A All I know is that the Hispanic candidate that ran received  
11 very few votes in Galveston County among the republican primary  
12 voters and did very poorly, and were not selected even though  
13 they had a chance to select him.

14 Q But you don't know the reason why Galveston County voters  
15 didn't select Mr. Avila or Martinez?

16 A That's correct. We just know that they were Hispanic  
17 candidates in the republican primary, received very few votes.

18 Q Okay. And for the last election that you discussed,  
19 primary election for State Board of Education, District Seven,  
20 Black Republican Abiloge Ayobami [ph] won only three percent of  
21 the vote from Galveston County voters, is that correct?

22 A I believe that's what it says.

23 Q So we can pull up Exhibit Eight.

24 (Exhibit No. 8, marked for identification.)

25 BY MR. SHEEHY:

1 Q Do you see Exhibit Eight in front of you?

2 A I do.

3 Q Let's go ahead and scroll down. This is from the Texas  
4 Tribune election results, how Texas voted in the 2022 primary.  
5 And these are the four republican candidates for the nomination  
6 for state Board of Education, district seven. Do you see that  
7 in front of you?

8 A Yes. I believe this is the statewide results or is this  
9 only with Galveston County?

10 Q This is statewide results?

11 A Okay. Or district-wide, I guess, this is just one  
12 district.

13 Q Yes, district-wide, yes.

14 So there were four candidates competing for Republican  
15 nomination for State Board of Education, District Seven?

16 A Yes.

17 Q And Julian Pickren won that election, Julie Pickren?

18 A That's what the screen indicates, yes.

19 Q All right. Do you know that prior to serving on the state  
20 Board of Education, she served on the Alvin Independent School  
21 District?

22 A No.

23 Q You don't know why voters in Galveston County voted for  
24 Ms. Pickren?

25 A All I know, as I said before, this section is just simply

1 | looking for minorities who ran as republicans, to determine how  
2 | well they faired in Galveston County and Mr. Ayobami received  
3 | only around three percent of the vote.

4 | Q Do you know if Mr. Ayobami had any prior or held any  
5 | elected office, prior to running for State Board of Education?

6 | A I do not know.

7 | Q Do you know anything about Mr. Ayobami and the campaign  
8 | that he ran?

9 | A I did not study the campaign.

10 | Q So, let's go to paragraph 19 of Exhibit Three, the rebuttal  
11 | report. You have this, of the 29 elections examined in our  
12 | initial report, one involved a minority republican, the 2018  
13 | election for the U.S. Senate, in which Ted Cruz, a Hispanic man  
14 | was the republican nominee. Notably, Senator Cruz received the  
15 | lowest share of the Galveston County White vote among any of the  
16 | 29 republicans candidates assessed, across the five election  
17 | cycles. Did I read that correctly?

18 | A Yes.

19 | Q So, let's go to Exhibit Two, your initial report and we'll  
20 | go to table two, page 21. Well, actually, if we can go, first,  
21 | to the top, page 20.

22 | Now you see this is Galveston County EI rows by column,  
23 | candidate choice estimates?

24 | A Yes.

25 | Q So, if we scroll down to page 21. Do you see 2018? Do you

1 see the Cruz, O'Rourke election?

2 A Yep.

3 Q Do you see that Cruz got 85.2-percent?

4 A Yep.

5 Q Of the Anglo vote?

6 A I believe that there's multiple Anglo columns, depending on  
7 the type of data but I believe that first column, maybe the  
8 third and maybe, the third to the last, might be Anglo columns,  
9 but I can't see that now.

10 Q Well, if we scroll up to page 20, so the previous page. So  
11 we have Anglo, non-Anglo. So, in the Anglo, non-Anglo column,  
12 Cruz receives 85.2 percent of the Anglo vote, correct?

13 A That's right, in the first column.

14 Q And if we go up just a little bit, same year, attorney  
15 general, Paxton receives 85-percent of the Anglo vote, correct?

16 A That's correct.

17 Q Okay. So, is it Cruz receiving more of the vote share than  
18 Paxton from Anglo voters?

19 A In that column, he is; in the third column, he is receiving  
20 less. It's probably, we would probably say those two are about  
21 the same, statistically.

22 Q When you say, we would probably say that those two are the  
23 same statistically, are you saying that, we would say that  
24 Paxton and Cruz got, roughly, the same in 2018, same Anglo vote  
25 in 2018?

1 A That's what it looks like.

2 Q Because here Cruz, in the first column, 85.2 of the Anglo  
3 vote, Paxton 85 of the Anglo vote and in the third column,  
4 Paxton has 82 and Cruz has 81.8.

5 A Okay.

6 Q So, I mean, it's not really true that he received the  
7 lowest share of the Anglo vote when Paxton is, statistically  
8 speaking, receiving the same, correct?

9 A In that one, they probably received about the same, as I  
10 said. I believe in all the other instances, prudent numbers  
11 were below the Anglo republican numbers.

12 Q Okay. Well, sticking just with that column, the first  
13 Anglo column, it looks like 86.4 for Paxton in 2022.

14 Go to the first page.

15 A Okay, I see that now.

16 Q Yeah, 87.6 for Judge Henry; 86.2 for Governor Abbot; 86 for  
17 Lieutenant Governor, Patrick; 87.4 for Weber, U.S. House of  
18 Representatives; 87.4 for District 122, Judge Jones; 88.1,  
19 District Attorney, Roti; Tro Cheset, County Sheriff, 88.3; Trump  
20 86.1; Cornan, U.S. Senate, 87.4; Weber, again, 87.9; 87.8,  
21 Robinson, District 405 Judge.

22 I mean, I don't think, I don't think either of us really  
23 want to go through and read all of these but I think my point is  
24 that, if you look at all these elections in the first column,  
25 they're all going to be between 85 and 91.1, correct?

1 A Now, if you scroll down a little bit more, I can at least  
2 glance at the rest of the elections. That sounds about right.  
3 Let's see. Yeah.

4 Q Okay. So isn't it, isn't it accurate to say that Cruz's 85  
5 was part of a consistent trend of Anglo vote for republicans?

6 A Well, I think the point of this statement was that, he was  
7 either the lowest or the second lowest that was ever recorded.  
8 And yeah, that across the 29 elections, I guess if you look at  
9 the next column, which must have been the next one I was looking  
10 at when I wrote that specific sentence where he had 81.8, he  
11 received less. I agree it's in a, somewhat, similar range but  
12 he certainly was not the leading republican contender across  
13 these 29 elections. He was, if anything, the least in both.

14 Q Well, the average of the Anglo vote for republicans in this  
15 first column, across your 29 elections that you studied is about  
16 87.8, with the range being 85 to 91.1. It just strikes me,  
17 professor, as a more of a consistent trend for Anglo voters and  
18 not any sort of disapproval of Senator Cruz. Do you agree with  
19 that?

20 A I agree with what I wrote, that he got the least votes of  
21 any republican amongst Anglo. I also agree that Anglos are  
22 block voting for their candidate of choice.

23 Q And -- okay.

24 A I mean, the 2018 election was extremely close. He barely  
25 beat Mr. O'Rourke. Typically, republicans win by a little bit

1 | more in Texas. So, seems as though he did not do as well as the  
2 | typical republican.

3 | Q Well, I mean, at least based upon your estimates, Cruz did  
4 | maybe two, two and-a-half points less than the average. I mean,  
5 | it just seems more like a consistent trend to me, to be getting  
6 | between 85 and 91.1 across 29 elections but that's fine. I  
7 | definitely understand your point. We don't have to keep arguing  
8 | about it.

9 | So if we go to page 10 of your report, Exhibit Two. You  
10 | start out paragraph 34 with, in what comes close to a consensus  
11 | in published empirical political science studies, scholarly work  
12 | supports the finding that discriminatory attitudes and racial  
13 | prejudice play a central role in driving White party  
14 | identification and this is especially strong in states such as  
15 | Texas.

16 | So, by starting by saying, what comes close to a consensus,  
17 | I'm assuming that there is not a consensus in published  
18 | empirical political science studies. Is that correct?

19 | A I did not poll all scholars in this domain to answer that  
20 | but I would say it comes, what I said there was, it comes very  
21 | close to a consensus. Scholars are often debating the degree in  
22 | which racial attitudes influence partisanship but there's not a  
23 | lot of scholarship adjusting that racial attitude do not  
24 | influence partisanship.

25 | Q Are you familiar with the work of Stephanie Ansoloberay?

1 A Stephen Insolobrair.

2 Q If that's how he pronounces it, thank you very much. Are  
3 you familiar with his work?

4 A He's probably written over 100 published articles, but I'm  
5 familiar with a lot of his work.

6 Q All right. Are you familiar with the work of  
7 Bernard Fraga?

8 A Which work?

9 Q His scholarly work?

10 A Well, he's got two books and probably, about 30 articles.

11 Q Okay. So are you familiar with his work?

12 A I'm familiar with Dr. Fraga and I'd like to know which work  
13 we're talking about and I can make out whether or not I read it.

14 Q Okay. Let's go ahead and put Exhibit Nine up.

15 (Exhibit No. 9, marked for identification.)

16 BY MR. SHEEHY:

17 Q I put Exhibit Nine up in front you. I'll scroll on down.  
18 There is an article entitled, Do Americans Prefer Co-Ethnic  
19 Representation. The impact of race on house incumbent  
20 evaluations, from 2016. Are you familiar with this article?

21 A I think I've read this before. I believe it comes from  
22 Dr. Ansolabehere's large CCES study, if I remember.

23 Q His large, what was that?

24 A CCES.

25 Q What was that study?

1 A I believe it's the Cooperative Congressional Election  
2 Study, at least it used to go by that name at some point.

3 Q Okay. Can we scroll down? That's good, that's good. Just  
4 at the abstract.

5 Do you see where it says, that we find that individuals  
6 strongly prefer representatives who share their ethnic  
7 background, yet partisanship explains most of the preference for  
8 co-ethnic representation. Controlling for party, Whites express  
9 a slight preference for White representation but Blacks and  
10 Hispanics express equal support for minority and White  
11 incumbents. The differential preference for White  
12 representation among White democrats is explained by a bias  
13 associated with attitudes about race-related policy. These  
14 findings suggest that legal and political theories of race,  
15 especially regarding the Voting Rights Act, must be tied to  
16 voters policy and party preferences, not merely their racial  
17 identity.

18 Did you review this article, prior to submitting your  
19 January 13th, report here?

20 A I probably read this article at some point in my career.  
21 So, I don't want to factually say, I didn't read it before,  
22 which would be the previous 20 years of my life, but I did not  
23 review this article explicitly. I don't believe I cite this or  
24 reference this in my report.

25 Q It's fair to say then that you did not consider this

1 article prior to submitting your January 13th, 2023 report?

2 MS. REYES: Objection, form.

3 THE WITNESS: Only that I did not consider it to be  
4 relevant, probably, because of the research design and what they  
5 were trying to do in this argument.

6 BY MR. SHEEHY:

7 Q Okay. Why don't you find this article relevant?

8 A Well, they were trying to attempt to see if they could  
9 prove the inverse of what was the growing consensus in political  
10 science, that racial attitudes expressly predict partisanship.

11 They were trying to say, controlling for both race and  
12 party, are there differences in terms of preference for  
13 co-ethnic representatives. And on one hand, they found out  
14 there were for White, that there was additional preferences.  
15 But this is, essentially, an academic exercise, to try to say,  
16 not if partisanship explained by race, but can we put a  
17 statistical model together in which we control for both factors  
18 to see if there's some sort of leftover residual that explains  
19 the desire for the co-ethnic representation.

20 The literature that I cite and rely on all attempt to model  
21 or understand partisanship, and it ask the question, is  
22 partisanship today a function of racial attitude? So the  
23 research design that these two scholars employed was not  
24 consistent with the type of questions that I was trying to  
25 answer. And I'm sure if you called them, they would agree with

1 that previous sentence I had in my report, that they're as close  
2 to a consensus.

3 Q So, did you actively choose not to cite this report or --  
4 let me rephrase. Did you actively choose not to consider this  
5 report in your January 13th, 2023 report that you filed in this  
6 case?

7 A No, that's not correct. As I stated, the research design  
8 that they employed made it so that it was not consistent with  
9 the question I was addressing. They're addressing a separate  
10 question about if you include additional control variables of  
11 model, what do you find?

12 That's not the question that I was addressing. The  
13 question I was addressing in my report is one that puts  
14 partisanship as the center variable trying to understand what  
15 has political science that we try to understand partisanship and  
16 partisan voting.

17 Here, they are using partisanship as a control variable.  
18 As they state right there in the middle, quote, controlling for  
19 party.

20 Q Mm-hmm.

21 A So they have a different research design and I would not  
22 have chosen to rely on this article because of that.

23 Q Given the research design, as you described that was used  
24 in this article, do you agree with its conclusions?

25 A I would need to sit down and re-read the whole thing to

1 tell you whether I agree with its conclusions. I can tell you  
2 if you call Bernard Fraga right now and put him under oath, he  
3 would tell you the sentence I wrote is accurate and true. I  
4 know him quite well.

5 (Exhibit No. 10, marked for identification.)

6 BY MR. SHEEHY:

7 Q Okay. Well, let's go ahead and put up Exhibit Ten. Do you  
8 see Exhibit Ten in front of you, professor?

9 A Yes, I do.

10 Q And when we scroll down, there's an article, Candidate  
11 Choice Without Party Labels, New Insights From Conjoined Survey  
12 Experiments, Patricia Kirkland and Alexander Coppeck. Are you  
13 familiar with this article?

14 A I think this might be one that I cited.

15 Q Okay. If we go to page 12 of this report. The effects of  
16 partisan election on candidate choice. If you -- I think it's  
17 right there, yeah, right in the first paragraph. It says,  
18 "Relative to a candidate with no political experience,  
19 respondents prefer candidates who are city council members,  
20 state legislators, mayors or representatives in Congress by a  
21 margin of 25 to 30 percentage points. Candidates who previously  
22 held a mayoral office were rewarded most for their political  
23 experience. By contrast, we observe relatively muted effects  
24 for the job experience, race, age and gender attributes,  
25 although our respondents do express a mild preference for

1 candidates who are female and non-white."

2 "In partisan elections, we observe a similar pattern,  
3 though the effects for the political experience variables are  
4 more muted. On average, our sample prefers independents to  
5 partisan candidates with either stripe, though this average  
6 masks some heterogeneity by respondent party identification, as  
7 we will explore in the next section."

8 Did you consider this study when preparing your  
9 January 13th, 2023 report?

10 A I don't recall off the top of my head, but you can either  
11 tell me or if I can have a moment to look at my January 13th  
12 report, I could answer you truthfully.

13 Q Okay.

14 A Do you know if this is one I considered or do you want me  
15 to spend some time reviewing my report?

16 Q Let me ask it this way. If you didn't cite it in your  
17 report, did you not consider this article for your January 13th,  
18 2023 report?

19 A I don't know the answer to that. I would need to be able  
20 to look at my January 13th report and re-read the section on  
21 partisanship and race to refresh my memory on which papers and  
22 published articles I was including, and which papers and  
23 published articles I might not have considered relevant. I'm  
24 familiar with the scholars' names and so that's why I'm not  
25 certain if this one is included or not. But I would be happy to

1 spend a little time re-reading that section and then we can have  
2 a more engaged discussion. But it's your time, not mine, so.

3 Q So, I guess -- I mean, really, all my question is, is if  
4 you didn't cite this article or just assuming that you didn't  
5 cite this article in your report, does that mean then you did  
6 not consider it?

7 A It would mean I wouldn't have found it relevant. I did not  
8 attempt to cite all the articles that have ever been written on  
9 the role of race and partisanship. There is probably 150. And  
10 what I attempted to do was to bring together what I considered  
11 to be the most relevant or the articles that are given the most  
12 weight by other political scientist because they have a lot of  
13 citations or they're often relied upon. And then use those to  
14 advance the point that partisanship and race are intertwined, if  
15 not racial attitudes predicted partisanship. That's what that  
16 section is about.

17 So, there's lots of articles written in political science  
18 and I can't sit here today and tell you, if you want to do a pop  
19 quiz why I included or didn't include one. I'd like to have  
20 time to read that section and then I can give you a more  
21 informed response.

22 Q Well, that's the only question that I have and, you know,  
23 as you've testified earlier, you reviewed your report in  
24 preparation for your deposition today. So, I mean, it's the  
25 only one question that I had about this article and I'm willing

1 to just keep going with the deposition, and I'll take your  
2 answer as is.

3 A Terrific.

4 MS. REYES: Counsel, I'm wondering if now is a good  
5 time for, like, a five or ten minutes break. We've been going  
6 about a hour.

7 MR. SHEEHY: Yes, that's fine. We can take a break  
8 for ten minutes. It's 5:37 on the east coast, so let's come  
9 back at 5:47 on the east coast.

10 THE VIDEOGRAPHER: The time is 4:37 p.m. and we're off  
11 the record.

12 (Brief recess.)

13 THE VIDEOGRAPHER: This begins media number four. The  
14 time is 4:50 p.m. and we're back on the record.

15 BY MR. SHEEHY:

16 Q Professor Barreto, you understand you're still under oath?

17 A Yes.

18 Q Do I understand your position correctly that primary  
19 elections in Galveston County are not particularly probative, is  
20 that correct?

21 A Generally, yes, I believe that's my position.

22 Q Not that primary elections in Galveston County have no  
23 probative value at all, correct?

24 A Depends on the question that we're trying to answer. And  
25 in this particular case, the question in my opinion before the

1 court is not one over contested primaries, but rather general  
2 elections. And so, that's the argument I have made, that  
3 general elections are the elections we should be focusing on.

4 Q Actually, my apologies. I will kind of go back to our  
5 discussion before we went off the record.

6 You mentioned that there were approximately 150 political  
7 science journals discussing the correlation between race and  
8 politics. Did I understand that correctly?

9 A Well, it was just a number I was stating off the top of my  
10 head. It could be more than that. I would be surprised if it's  
11 less, but there's a healthy amount of literature on this topic.

12 Q And is it your position that there is not a consensus  
13 within the political science community about causation, race,  
14 causation and politics?

15 A I don't understand your question.

16 Q It's your position that there is no consensus or that there  
17 is not a consensus within the political science community about  
18 the causal relationship between race and politics?

19 A I didn't make any statements about that in my report.

20 Q So, you don't know one way or the other that -- whether  
21 there is a political science consensus about the causal  
22 relationship between race and politics?

23 A I think if we were doing a literature review on causal  
24 analysis and causal models that we would look at a specific  
25 subset of the literature and we could go review that.

1 Q So, is that a, you don't know if there's a consensus or  
2 not?

3 A I'm stating that for this report, the question before me  
4 was not, what is the causal relationship, but rather is there an  
5 association. And some of the literature that I cite does use  
6 what we refer to as causal models. Some of the literature I  
7 cite relies on observational and associational analysis. So,  
8 it's a mix of both of those. And my conclusion is that the  
9 political science literature comes very close to a consensus  
10 that racial attitudes explain partisanship.

11 Q Okay. Now -- okay.

12 Now, does that include ideas that people espouse on issues  
13 concerning race, such as, for example, immigration?

14 A Some of the research articles that I cite refer to  
15 immigration attitudes. That might be one variable.

16 Q And how about other variables?

17 A Well, if we look at the list of papers, I can probably go  
18 through in detail. Generally, I describe them as racial  
19 attitudes. And so attitudes about race relations or racial  
20 resentment, some of these classic variables from the social  
21 sciences that we have been using to understand how Americans  
22 pick their party identification.

23 Q Okay. So, can you define for me what you mean by, racial  
24 resentment?

25 A Well, it's a social science concept that was developed

1 | decades ago by a scholar named David Sears and others have  
2 | advanced and replicated that work. And to ask Americans a  
3 | couple specific questions about views toward African-Americans  
4 | and then they can categorize people on a scale of racial  
5 | resentment.

6 | Q Okay. So, I guess I'm trying to understand what is meant  
7 | by racial resentment. And what I'm understanding from you is,  
8 | is that there was a study done by David Sears when?

9 | A I don't know off top of my head the first year that it was  
10 | published, but decades ago and attempting to understand  
11 | Americans attitudes toward African-Americans and whether or not  
12 | these racial attitudes played any sort of independent effect in  
13 | the way that Americans associated the rest of their politics.

14 | And so, the scale, ultimately, is more commonly today used  
15 | as a four question scale and it's probably in many of the papers  
16 | that I cited as one of the variables in understanding white  
17 | Americans' attitudes towards their affinity of the Republican or  
18 | Democratic party.

19 | Q And what are those four questions?

20 | A I don't have them in front of me. When we're off the  
21 | record, I could probably find them in about 30 seconds online,  
22 | but they are questions asking your views towards whether  
23 | African-Americans have faced discrimination, whether they are  
24 | just not trying hard enough to get ahead in America, whether  
25 | there have been things holding them back and topics like that.

1 And then the respondent will say whether they strongly  
2 agree, somewhat agree or all the way down to strongly disagree  
3 with the statement. And after understanding your answers to  
4 those four questions, it's been found that that item among  
5 others -- there's ones on immigration and lots of other things,  
6 this is just one example but your attitude on racial resentment  
7 are highly predictive of partisan attachment in vote choice.

8 I would say, probably, almost nobody disagrees with that in  
9 political science. It would be very hard to find someone who  
10 disagrees with the findings on racial resentment.

11 Q Okay. Now, did you cite any studies like the Sears study  
12 for voters in Galveston County?

13 A Now, voters in Galveston County are undoubtedly included in  
14 many of the studies. Some of the studies have over samples in  
15 Texas. Most are national studies in which all Americans in  
16 every county in the U.S. are randomly sampled to be included.  
17 Some of the studies do specifically have Texas over samples and  
18 sometimes they talk about that.

19 Q But do any of them mention samples taken from Galveston  
20 County?

21 A I would have to go back and look. Usually, they just  
22 describe them as national random samples, which would mean that  
23 everyone everywhere has an opportunity and is included. But  
24 most of the studies are either national in scope or tend to  
25 focus on southern states or states that used to be section five

1 | states.

2 | Q What is the response rate on those studies?

3 | A It varies. I mean, these are studies done over time and  
4 | with different methodology. They are all published in political  
5 | science journals and regularly relied upon by other social  
6 | scientists.

7 | Q If we can go to Exhibit Three, the rebuttal report.  
8 | So on page six of your rebuttal report, paragraph 26 and  
9 | table one, do you see that?

10 | A I see that.

11 | Q You say in paragraph 26, "Therefore, the local primary  
12 | elections would be less probative since voter turn out is  
13 | comparatively lower with few contests being contested and no  
14 | significant local elections are being decided."

15 | And then table one shows your turnout rates for both  
16 | general and primary elections, correct?

17 | A That looks right.

18 | Q So, in 2014, you had 12.7 percent for turnout in the  
19 | primary?

20 | A That's correct.

21 | Q And 27 percent in 2016 and 23.4 percent for 2020, correct?

22 | A Yes.

23 | Q It's your position that turnout rates between a low of  
24 | 12.7 percent and a high of 27 percent is too low to be  
25 | probative? Am I understanding your position correctly?

1 A No.

2 Q Okay, what am I missing?

3 A I'm not establishing or creating any sort of threshold.  
4 Nothing in the paragraph says that.

5 Q Okay.

6 A What I'm stating is that primary elections in Galveston  
7 County are, A, not regularly contested, so there's not a lot of  
8 action whether turnout is 100 percent or 0 percent. We can't  
9 learn a lot when they're not contested.

10 B, there is relatively low turnout, because there's not a  
11 lot of action and so these elections are not that informative to  
12 us. The voters who show up are not showing up to decide  
13 Galveston County politics. And the table demonstrates that in  
14 fact far less voters are showing up.

15 Q You could have analyzed Galveston County primary elections  
16 for statewide office, correct?

17 A There are statewide primary elections, that's true. We did  
18 not report the results of those because as I said before, the  
19 central question here is not whether or not this is a contested  
20 primary district, but whether rather or not it is a performing  
21 general election district.

22 Q But don't you need primary elections to analyze cohesion  
23 between Latino voters and African-American voters?

24 A No.

25 Q And why not?

1 A Because we can see that they are very cohesive in the  
2 general election when they are deciding which candidate they  
3 want to represent their community. And so we know by looking at  
4 those general elections that when these communities are making a  
5 decision on which candidate to either send to Austin or to the  
6 Galveston County Commissioners Court or other elections, that  
7 they are quite cohesive. They are voting together. They are  
8 quite unified.

9 And because that's the question here, whether or not this  
10 key district that Mr. Holmes has, the question is whether or not  
11 it will perform in November, not whether or not he can survive a  
12 primary. That is not the question at all. So, therefore, the  
13 November elections are the most relevant in proving  
14 cohesiveness.

15 Q Any other reasons why the primary elections in Galveston  
16 County would not be probative?

17 A All the ones I've laid out in my two reports.

18 Q Any other reasons?

19 A I think I'll stick to the ones that I've laid out and  
20 arguments I've made in these two reports.

21 Q Okay. If we can go to page four of your rebuttal report.  
22 You have that in front of you?

23 A Yes, I believe that's up. Paragraph 17, is that right?

24 Q Yes, if we can go to paragraph 22, though, please.

25 Here in paragraph 22 you say, "Returning to the

1 expectations for political. Science experts laid out in  
2 Gingles, expert analysis to assess the Gingles conditions is  
3 meant to focus on minority preferred candidate. It does not say  
4 to focus on a candidate who is a racial minority. While  
5 minority voters may prefer co-ethnic minority candidates in some  
6 instances, they are not required to only for, vote for other  
7 black or Latino candidates in order to prove a Section Two  
8 claim. Minority voters are allowed to vote for whichever  
9 candidate that prefer to represent their community. The  
10 properly analysis is meant to focus on how different racial  
11 group of voters cast their ballots, not to only focus on the  
12 race of the candidate." Did I read that correctly?

13 A Yes, you did.

14 Q Now, going back to the top it says, the expectations laid  
15 out in Gingles, expert analysis to assess the Gingles conditions  
16 is meant to focus on minority preferred candidates. It does not  
17 say to focus on a candidate who is a racial minority. Is the  
18 "it" in that sentence referring to Gingles?

19 A I believe so. That's my intention, I think, reading that  
20 here.

21 Q Okay. Let's put Exhibit 11 up please.

22 (Exhibit No. 11, marked for identification.)

23 BY MR. SHEEHY:

24 Q Okay. If we could go to page 125 please?

25 A What is this?

1 Q When we get to 125, you'll be able to see.

2 You may want to scroll a lot faster. There's a way to just  
3 write it in. Keep going, keep going. Now we can scroll up.

4 What I'm putting in front of you, professor, is a -- as  
5 Exhibit 11 is your report that you filed in a case in Baltimore  
6 Federal Court regarding elections in Baltimore County.

7 Scroll up to the top of his report.

8 A I see that.

9 Q Do you remember filing this report?

10 A Yeah.

11 Q Do you remember writing this report?

12 A Mostly. Not all the details of the -- of the report to go,  
13 but I remember this page.

14 Q Scroll to the next page. "In this matter, I was retained  
15 by plaintiffs' attorneys to assess voting patterns in Baltimore  
16 County, Maryland. I examined whether elections in Baltimore  
17 County that featured a minority candidate of choice were  
18 characterized by racially polarized voting."

19 Does that accurately reflect what you were tasked to do in  
20 this case?

21 A That looks right.

22 Q Go to paragraph ten, a little further down. It says here,  
23 "It's important to acknowledge that not every election contest  
24 contains a minority preferred candidate. In some elections  
25 voters are more or less agnostic about the candidates, while in

1 others elections voters have deep preferences for their  
2 candidates of choice. For African-American voters in Baltimore  
3 County, I focus on elections in which black candidates ran  
4 competitive elections against white candidates."

5 Did I read that correctly?

6 A Yes.

7 Q So, in Baltimore, in this case, you're focusing on the race  
8 of the candidate. But in Galveston, you're saying Gingles  
9 itself says not to focus on the race of the candidate. So, can  
10 you explain the discrepancy here, professor?

11 A Sure, these are extremely different cases. The Baltimore  
12 case was specifically about primary elections in Baltimore  
13 County and the contested elections for primary in Baltimore  
14 County featured black candidates against white candidates in  
15 this region of Baltimore. It was just one region of Baltimore  
16 County. And so, those were the elections that we had to focus  
17 on.

18 And the question in the Baltimore County lawsuit was  
19 whether or not an existing democratic district that voted  
20 democrat in the general election was able to be influenced by  
21 African-Americans or white. And the allegation that they feel  
22 you made was that Baltimore County had drawn a democratically  
23 performing district to reduce the number of black voters in it  
24 so that they could not constitute a majority in the primary  
25 election and their candidate of choice could not get elected.

1           And so, in reviewing the facts in this case in Baltimore,  
2           all of the elections in question featured black candidates in  
3           competitive elections against white candidates in democratic  
4           primary elections. And so, those were the ones that we were  
5           specifically asked to analyze because it was directly germane to  
6           the facts in that case.

7           Q     Okay. But in your rebuttal report you were saying that  
8           Gingles doesn't ask you to focus on the race of the candidate,  
9           correct, which I believe --

10          A     You're correct, the line that you have is that Gingles does  
11          not say to focus on a candidate who is a racial minority,  
12          correct?

13          A     That's correct.

14          Q     But here you are focusing on candidates who are the racial  
15          minority?

16          A     In the Baltimore instance, those were the elections that we  
17          had competitive primary elections in. So, we focused on them  
18          because they were the elections that existed. And based on the  
19          facts in this case, these were the candidates who represented  
20          and were candidates' choice in the black community. It's a very  
21          different case. It had to do just with the democratic primary  
22          in a democratic performing district.

23                 And so, the analysis that we did was entirely different in  
24                 order to answer the proper question. And these were the  
25                 elections that we had access to in Baltimore.

1 Q But this was also a Section Two Voting Rights Act  
2 challenge, correct?

3 A Yes, it was. It was a voting rights challenge to the  
4 composition of the primary electorate in a democratic performing  
5 district.

6 Q And the Supreme Court decision in Gingles controls the  
7 analysis here as well in Baltimore?

8 A Yes, my analysis here was consistent. I focused on the  
9 race of the voters in Baltimore. The candidates happened to be  
10 black candidates who were candidates of choice in the black  
11 community, but all of our analysis, if you go and look at the  
12 analyses in the tables is exactly the same. It focuses on the  
13 race of the voters in the precincts and who they preferred.

14 Q But it says in paragraph ten that I focused on elections  
15 where the race of the candidate was African-American in an  
16 election against a white candidate, correct?

17 A Those were the characteristics of the elections, that is  
18 correct.

19 Q So here you are focusing on candidates who are racial  
20 minorities, correct?

21 A In Baltimore County, the competitive elections in the  
22 democratic primary in which candidates of choice emerged were --  
23 happened to be elections where there were black candidates  
24 against white candidates. So we focused on those elections  
25 because they were the elections available in that case.

1           Our analysis is exactly the same. We focused on the race  
2 of the voters and did ecological inference analysis to determine  
3 who black voters and white voters preferred.

4           Q     Okay. So, sometimes under Gingles analysis, it's  
5 appropriate to analyze or to focus on elections involving  
6 minority candidates against white candidates, correct?

7           A     That's not what I stated.

8           Q     Okay. Here you are saying, though, that you focus on  
9 elections in which black candidates ran competitive elections  
10 against white candidates?

11          A     In the Baltimore primary case, those were the elections  
12 that we had access to, that black candidates had challenged  
13 white candidates and they had competitive contests. And so,  
14 those were the elections in which we could assess if any  
15 candidate of preference emerged.

16          Final analysis is exactly the same. Do African-American  
17 voters, in this case in Baltimore, support candidates of choice  
18 or not. If they didn't support any of these candidate, the  
19 analysis would show that.

20          Q     Let's scroll down to the tables if we could, please.

21                 So here -- if we could go up a little bit more.

22                 So, I mean, I think you're analyzing general elections too,  
23 correct?

24          A     In the second part of the report, we go on to analyze  
25 general elections and demonstrate that white democrats

1 oftentimes defect from the party to vote for a white republican  
2 if the opposition is a black democrat.

3 Q So, again, sometimes it's helpful to analyze how voters  
4 vote when one candidate is a minority and the other candidate is  
5 Anglo, correct?

6 A I would say my position is that the most important thing is  
7 who voters are telling us is their candidate of choice.  
8 Sometimes that is a racial or ethnic minority candidate and  
9 sometimes it is useful and helpful to understand those patterns.  
10 But it's not, especially in the case of Galveston which concerns  
11 general elections, a controlling or primary factor.

12 The most important thing is, what does the data tell us  
13 about the racial voters and who they prefer and who they want  
14 representing them.

15 Q Now, in this report, I did not see you report what the  
16 turnout numbers were in the primary election. Do you recall  
17 reporting the turnout numbers for the primary election in  
18 Baltimore County for United States Senate?

19 A I might have. There were, I think, five expert reports  
20 that we co-authored in this, but I don't recall exactly. As I  
21 said, this case was about primary elections as the centerpiece,  
22 which is why we focused on primary elections.

23 The question was, is the black population large enough in  
24 order to influence the outcome of this district, yes or no? So  
25 we had to look at primary elections to see whether or not blacks

1 and whites were cohesive or polarized in primary elections.

2 Baltimore did not change the general election outcome of a  
3 district. They left it as a democratically performing district,  
4 unlike Galveston. So, in this case we had to look specifically  
5 at the primaries, because those were the elections that we were  
6 interested in.

7 Q Okay. So, would turnout percentages matter to you in  
8 completing your report for this case in Baltimore County?

9 A The first question I have is, which elections are relevant.  
10 In this case, in Baltimore, it was about primary elections and  
11 so the primary election needed to be assessed to see whether or  
12 not there was polarization or cohesion between blacks and white  
13 in democratic primaries. So we had to take the available  
14 democratic primaries in which there were competitive contests.  
15 We had to analyze the voting patterns in them.

16 If there were not competitive primaries, a person ran  
17 virtually unopposed, then that would not have been probative and  
18 we would not have analyzed it. In fact, there were some  
19 elections we didn't include because data wasn't relevant.

20 So, the primary decision is not what is the turnout rate.  
21 That's a symptom. The primary question is, are there  
22 competitive elections where the voters are faced with meaningful  
23 decisions in which the votes they cast in this election are  
24 meaningfully impacting who will represent them.

25 In Baltimore, that's the central question in the case. As

1 I said, it was about primary elections. In Galveston, we don't  
2 have evidence of that. We don't have contested primary  
3 elections for County office.

4 Q But we do have competitive elections in Galveston County  
5 for statewide or congressional elections, correct?

6 A I don't believe there were many, not that we're meaningful  
7 to voters' decisions about who would represent them, no.

8 MR. SHEEHY: Let's go ahead and put Exhibit 12 up,  
9 please.

10 (Exhibit No. 12, marked for identification.)

11 BY MR. SHEEHY:

12 Q Did you analyze, Professor Barreto, whether split ticket  
13 voting was occurring in Galveston County?

14 A We did not. We analyzed each candidate independently.

15 Q We're putting up Exhibit 12 and we scroll down on Exhibit  
16 12. This is from the Georgia Secretary of State's office.  
17 These are just elections for United States Senate and for  
18 governor. I guess my question to you is and we'll go through  
19 these numbers here, but I'm just wondering how your politics  
20 correlates with race argument that you advance in your reports.  
21 How does it view split ticket voting.

22 So here, we have in the United States Senate -- I'm sorry.  
23 We have in the governor election from 2022, Brian Kemp,  
24 republican candidate for governor received 53.41 percent of the  
25 vote, but then Hershel Walker, the republican candidate for

1 senate received only 48.9 percent of the vote.

2 And from the democrats, Stacey Abrams, the democrat  
3 candidate for governor received 45.8 percent, 88 percent and  
4 Rafael Warnock, the democratic candidate for senate received  
5 49.44 percent.

6 So, looking at this, there are people who voted for Kemp  
7 who did not vote for Hershel Walker, and people who did not vote  
8 for Stacey Abrams voted for Raphael Warnock. And so, I'm just  
9 wanting to know how does your, politics correlates with race,  
10 argument respond to voters who split their votes along party  
11 lines?

12 MS. REYES: Objection, form.

13 THE WITNESS: I don't know what this has to do with  
14 Galveston County at all. I'm having a very hard time following  
15 this. In Galveston County there was not an election like this  
16 from what I can recall in my report. And so, I'm not sure what  
17 part of my analysis or which part of my report you want me to  
18 rely on to tell you why Hershel Walker did so poorly.

19 BY MR. SHEEHY:

20 Q Well, no, I'm not asking you, why did Hershel Walker do so  
21 poorly. I'm asking you how does your argument in your report  
22 that race and politics correlate, how does that respond to  
23 instances of split ticket voting. And I'm just providing an  
24 example from the 2022 elections. How does your, race correlates  
25 with politics, respond to voters who split their ticket?

1 A I guess --

2 MS. REYES: Objection to form.

3 Sorry -- objection, form. Go ahead.

4 THE WITNESS: I guess I would need to have some sort  
5 of application here to Galveston to understand where you're  
6 going with this, because you have identified a four-point  
7 difference or so, five-point difference. My recollection was  
8 that racial attitudes were extremely relevant in both of these  
9 elections and that for a variety of reasons, Mr. Walker  
10 underperformed Mr. Kemp. And they were not huge differences in  
11 the amount of support they got. These were both fairly close  
12 elections.

13 BY MR. SHEEHY:

14 Q So, we can put Georgia aside. You're familiar with the  
15 term, split ticket voting, correct?

16 A Yes.

17 Q How does your, race correlates with politics, argument  
18 respond to voters who split their ticket voting republican in  
19 some elections and democrat in other elections?

20 A I guess it would depend on what issues and statements the  
21 candidates were making. And then we could understand if we knew  
22 the voters degree of racial attitudes and policy attitudes why  
23 they might have supported one candidate or another. So we would  
24 need to know what the candidates were stating and how they were  
25 campaigning to the minority and white communities. And then we

1 could determine what subsection of the electorate that they're  
2 picking.

3 Q Okay. So, what about Republican voters who voted for their  
4 local Republican congressional candidate in, say, 2016, but cast  
5 their ballot for Hillary Clinton for President?

6 MS. REYES: Objection, form.

7 THE WITNESS: What's your question about them?

8 BY MR. SHEEHY:

9 Q My question is, how would your, race correlates with  
10 politics, respond to a scenario that I just gave you?

11 A Well, would depend on how the candidates position  
12 themselves on the issues. If it was a voter who had moderate  
13 views on race issues, they might listen to what the candidates  
14 are saying about those issues and see which candidate matched up  
15 with them better.

16 Usually, in these instances, you're talking about maybe  
17 5 percent of voters who split their ticket. So it's not a huge  
18 subset of either the Democratic or Republican voting electorate,  
19 but it would depend on what the candidates were saying, and we  
20 would want to know how the voters analyze those.

21 So, without knowing those specific candidates in the race,  
22 we're talking about two voters who voted Republican Congress and  
23 crossed over to vote for Hillary Clinton, were they  
24 independents? There's a lot of unknowns in the hypothetical.

25 Q Okay. Before you would be able to determine the, race

1 correlates with politics, effect on an individual voter's  
2 choices, you would need to know the candidate's position on  
3 certain issues. Am I understanding you correctly?

4 MS. REYES: Objection, form.

5 THE WITNESS: No.

6 BY MR. SHEEHY:

7 Q Help me understand your, race correlates with politics,  
8 argument as it applies to an individual voter?

9 A The hypothetical example you had been giving me was asking  
10 me to try to explain split ticket voters. It's an extremely  
11 small subset of voters. Now you appear to be asking me in  
12 general. And in general, as I reviewed in my report, mostly the  
13 January 15th report, voters form attitudes about racial and  
14 ethnic minorities and white over their lives. They then  
15 evaluate how the parties have positioned themselves. And the  
16 political science literature suggest that these racial  
17 attitudes, as well as attitudes toward immigrants, Latinos  
18 specifically, are highly predictive of their partisan choices  
19 and of their vote choice. They know what the parties are  
20 standing for and how the parties represent themselves on these  
21 issues and they align themselves on these racial attitudes with  
22 the parties.

23 Q All right. Now, you say, how the parties have positioned  
24 themselves on issues. Are you saying how the parties have  
25 positioned themselves on issues such as immigration, for

1 example?

2 A That might be one of the issues.

3 Q And what would other issues be?

4 A Issues specifically about treatment of racial, ethnic  
5 minorities, views on affirmative action or equity or equality  
6 policies; views on seriousness of beliefs, abuse issues in black  
7 communities; views on distribution of government services, who  
8 is eligible and under what criteria in minority communities.

9 The voters form racial attitudes independently and then  
10 they use those racial attitudes to inform their vote choice and  
11 partisanship, and partisan attachment or partisan strength in  
12 many instances.

13 Q Okay. So, voters identify with political parties,  
14 Republican or Democrat on the basis of their policy positions on  
15 issues such as immigration, affirmative action, policing,  
16 equity. I believe you've said a few more, but am I  
17 understanding your position correctly?

18 A That's part of it. That's part of the position that  
19 parties over time have signaled the voters their general  
20 positions on these and so voters draw inferences. But then  
21 voters also have attitudes toward other racial, ethnic  
22 minorities, such as the concept we discussed earlier of racial  
23 resentment.

24 This having very conservative and discriminatory, what  
25 people might say, bigoted views towards different groups.

1 People form these views in America. What the academic research  
2 has said and shown conclusively is that those racial views are  
3 highly correlated, if not predictive, of partisan attachment and  
4 strength of partisan attachment.

5 Q So, the Republican party, for example, has members such as  
6 Jeb Bush who has one view on immigration policy and Donald Trump  
7 who has very different view on immigration policy. How do you  
8 analyze someone who supports the Republican party, but may be  
9 more of the Jeb Bush wing on immigration and may have more  
10 libertarian economic views libertarian.

11 A Are talking about in a specific data set or are you just  
12 sort of, like, interested in my general --

13 Q Well, I'm trying --

14 A -- on republicans.

15 Q No, I'm trying to understand this politics correlates with  
16 race argument. You know, I'm trying to understand that. I mean  
17 Republican party has different views on immigration within it.  
18 Everything from, as I mentioned, Jeb Bush to Donald Trump. So,  
19 I'm just trying to understand how that, sort of, varied position  
20 on immigration is viewed by you in your politics correlates with  
21 race argument?

22 MS. REYES: Objection, form.

23 THE WITNESS: I would say, you know, just sort of  
24 speaking generally. This is not something that was in my report  
25 or is even in Galveston County, but just, sort of, speaking

1 generally as a political scientist who has studied these issues,  
2 we did see a number of Republicans move away from the Republican  
3 party during the Trump years and identify themselves as  
4 Independents or withhold their support for candidates.

5 To me, that's primary evidence that these racial  
6 attitudes are, in fact, impacting the way they are evaluating  
7 candidates. People like Jeb Bush and his brother, former  
8 governor of Texas eventually came out and said they weren't  
9 supporting the incumbent president in his reelection because  
10 they had disagreements over a long list of policies, but  
11 immigration might have been one that both of the Bush brothers  
12 were more moderate on.

13 And there is countless others, including high profile  
14 people, former candidate Haines, Faust and others that came out  
15 and said these things, that the racial and immigration politics  
16 pushed them away, so they were no longer associating themselves  
17 with the party. Others absolutely loved what Mr. Trump said and  
18 became stronger supporters.

19 Q Okay. Let's go back to Exhibit Two in your report. We'll  
20 go to table six, which is on page 32. Do you have page 32,  
21 table six in front of you, professor?

22 A Yes, I see that.

23 Q Okay. so, here you're reporting your EI rows by columns;  
24 candidate choice, confidence intervals, correct?

25 A That's what it looks like, yes.

1 Q And were you using a 95 percent confidence interval?

2 A I think so. It might say in the text, but it could be 90  
3 percent, but --

4 Q Okay.

5 A -- but it's probably 95.

6 Q Is it standard practice in the political science community  
7 to report confidence intervals for racially polarized voting  
8 analysis?

9 A Not necessarily.

10 Q Is it your standard practice to report confidence intervals  
11 when you're doing racially polarized voting analysis?

12 A Well, depends on the type of question we're attempting to  
13 answer, I would guess.

14 Q When wouldn't you report confidence intervals in racially  
15 polarized voting analysis?

16 A I have long stated that the most important piece of  
17 information that I can provide to the court is the point  
18 estimate and the patterns and consistency around the point  
19 estimate. So, that's where I tend to put most of my focus is in  
20 explaining the center of the distribution, the point estimate.

21 In some instances, if there is going to be questions around  
22 it, we report it. In other instances, it may not be reported  
23 just because it takes a considerable amount of extra work to  
24 create these tables. So there is no hard and fast rule, but as  
25 I said, I tend to put most of my emphasis and belief in the

1 point estimate and center of distribution.

2 Q Okay. Here for attorney general top race Paxton/Garza, you  
3 have the lower Anglo CVAP at 82.7 and the upper at 88.7,  
4 correct?

5 A I see that?

6 Q And that's for Paxton.

7 At the far right end of the table, you have the RxC black  
8 CVAP at 3.1 for Paxton in the upper end at 13.7, correct?

9 A Yes.

10 Q And then for Hispanic, you have 19.3 at the lower end and  
11 47.1 at the higher end, correct?

12 A That's right.

13 Q That's a 27 plus point difference, correct?

14 A That's right.

15 Q So, what explains the sizeable gap in the confidence  
16 interval for Hispanics in the Paxton election?

17 A The confidence interval is mostly a function of standard  
18 error. And the standard error is often a function of the amount  
19 of data available. And in this case, we don't have, using CVAP  
20 data, as much variation in the percentage Hispanic variable and  
21 we have a small sample size. The number of majority Hispanic  
22 precincts is relatively small in Galveston.

23 I believe it's a combination of those pieces of  
24 information. In places where you might have more variation, you  
25 tend to see lower or tighter distributions.

1 Q And does the 95 percent confidence interval mean that you  
2 are 95 percent confident that the number is somewhere between  
3 19.3 and 47.1?

4 A Generally speaking, that's what it means.

5 Q Okay. What else? What else does it mean?

6 A Well, it's giving us a -- it's really assigning probability  
7 around any independent point estimate. And so, we can, you  
8 know, in this case, the point estimate was probably 34,  
9 something like that, 33.

10 And so, the confidence interval is telling us probabilities  
11 that other point estimates might be occurring, and so in this  
12 case the lower bound -- assuming these are 95 percent confidence  
13 intervals and not 90. They look like they might be 95. It's  
14 telling us that that's one tail of the distribution, that 19.3,  
15 two and-a half-percent of the distribution falls lower than  
16 that.

17 And the upper is telling us a similar thing. It's saying  
18 at that point, the probability that it was as high as 47.1 is  
19 really only two and-a-half percent, because it's at the very  
20 tail of the distribution.

21 So, the confidence intervals are really to tell us about  
22 the probability or the likelihood that any specific estimate  
23 might emerge. And the highest likelihood is at the center of  
24 distribution, which is why I said before, I tend to focus on the  
25 point estimate, as we call it.

1 Q Okay. Do you see that the confidence intervals remained 20  
2 plus points difference between each other, the lower and higher  
3 end for the rest of this page?

4 A For Hispanic CVAP, you mean?

5 Q Yes, I do.

6 A Yeah, I see that.

7 Q And if we go to the next page, page 33, is that -- does  
8 that trend continue on to the next page?

9 A That's what it looks like, somewhere around a 20-point  
10 difference.

11 Q If we go to the next page, page 34, does that trend  
12 continues?

13 A For Hispanic feedback, yes.

14 Q Actually, you have one where the confidence interval for  
15 Commissioner Precinct Four Election, Clark versus Hutchins. You  
16 have 15.3 on the low end and 75.8 at the high end for Clark,  
17 correct?

18 A Yeah, I see that. That could be a typo or it could be in  
19 that case that it was a very wide range. I would have to go  
20 back and check. It appears to be an outlier.

21 Q And that difference, though, is also in the Hutchins  
22 confidence interval, correct, 24.2 to 84.7?

23 A Yes. I believe this is in just a very specific district  
24 within Galveston, which has a very small Hispanic and black  
25 population, which if that's the case it would make it more

1 | difficult to ascertain precise estimates. And looks like it's  
2 | referring to County Commissioner of Precinct Four, which I  
3 | believe is just one quarter of the county.

4 | Q And then, actually, it does look like the African-American  
5 | CVAP is also -- has a wide spread, correct, 22.3 to 88 and 12 to  
6 | 77.7?

7 | A Correct. My recollection is that there is a very small  
8 | number of racial minorities in the CVAP data in this particular  
9 | district.

10 | Q Okay.

11 | MS. REYES: Counsel, I'm wondering if now might be a  
12 | good time to take another break. We've been going for a little  
13 | bit over an hour.

14 | MR. SHEEHY: Professor, would you like to take another  
15 | break?

16 | THE WITNESS: We could finish with this table, if you  
17 | have more questions or --

18 | MR. SHEEHY: I think that would be my preference is  
19 | just to finish with this table. I don't think I'm going to take  
20 | much longer with it, but --

21 | MS. REYES: That's fine.

22 | MR. SHEEHY: Thank you.

23 | BY MR. SHEEHY:

24 | Q So, the reason why we're seeing such difference in the  
25 | confidence intervals for Hispanics with the exception of the

1 Commissioner Precinct Four election, which is both Hispanic and  
2 African-American, is because there is not a lot of concentration  
3 of Latinos in -- there's not a lot of concentrated voter  
4 tabulation districts with Latinos in Galveston County, is that  
5 -- am I understanding your explanation for why there's such a  
6 wide difference between the lower and upper confidence interval  
7 for Latinos?

8 A Not quite, but let me explain and see we might be talking  
9 about a similar concept.

10 In this case, because we're dealing with CVAP data, we  
11 don't have data on voters. And so, the voter data would be the  
12 most accurate, which is the BISG data that we provided.

13 In this case, we don't have as much variation. There are  
14 certainly concentrations of Latinos in Galveston County. They  
15 in some cases tend to live very adjacent to African-Americans.  
16 And so, in this case, we don't have as much variation, perhaps,  
17 between 0 percent Hispanic precinct all the way up to 90 percent  
18 Hispanic precinct.

19 And so, when you don't have as much variation and having  
20 more of those highly concentrated majority Latino voting  
21 precincts, the model will sometimes put a wider confidence band  
22 around the estimate, because it just hasn't seen as much data on  
23 the high end of the estimate as compared to the low end.

24 And so, my recollection of looking at demographics is that,  
25 while there certainly is a part of the, sort of, central parts

1 of Galveston that do have large Hispanic population, there's not  
2 as much variation in the high concentration as there is with the  
3 African-American population, which is a bit even more  
4 residentially segregated and fairly large in voting population.  
5 So, I think that's what we're seeing here on the CVAP  
6 confidence intervals, at least.

7 Q Okay. I think I'm done with this table. So, if you want  
8 to take a ten-minute break, it's 6:59. So why don't we come  
9 back at 7:10 p.m. on the east coast.

10 THE WITNESS: Okay.

11 MS. REYES: Thanks.

12 THE VIDEOGRAPHER: Okay. The time is 6:00 p.m. This  
13 completes media number four and we are off the record.

14 (Brief recess.)

15 THE VIDEOGRAPHER: The time is 6:11 p.m. and this  
16 begins media label number five. We are now on the record.

17 EXAMINATION (Continuing)

18 BY MR. SHEEHY:

19 Q Professor Barreto, do you understand you're still under  
20 oath?

21 A Yes.

22 Q Professor Barreto, I thank you very much for your time  
23 today. I don't have any additional questions for you at this  
24 time. I will, however, keep your deposition open so that  
25 Professor Alford can do that replication analysis on your BISG.

1 And, perhaps, I might have some additional questions to ask you  
2 once he's completed that replication analysis, but otherwise at  
3 this time --

4 MS. REYES: Mr. Sheehy --

5 MR. SHEEHY: -- otherwise, at this time I do not have  
6 any additional questions.

7 MS. REYES: Mr. Sheehy, we would object to keeping the  
8 deposition open. Given that discovery ends tomorrow, Professor  
9 Alford has had the files since, at least, when defendants  
10 provided plaintiffs with it. We would object to subjecting  
11 Dr. Barreto to yet another deposition.

12 MR. SHEEHY: Well, Professor Alford has had the BISG  
13 analysis that Professor Barreto included in his report for less  
14 than a week. So, I'm going to allow Professor Alford a few more  
15 days to run his replication analysis so that I can assess  
16 whether or not I have additional questions on the new analysis  
17 that was given to us less than a week ago.

18 So, that's my position. We can argue about that off  
19 line, but I am going to keep the deposition open for that  
20 purpose. And if we need to get a Court Order to have Professor  
21 Barreto sit for a second deposition, we will pursue that avenue  
22 if we need to, okay.

23 MS. REYES: And please note my objection to that for  
24 the record.

25 And we will reserve for trial and read and sign.

1 MR. SHEEHY: Okay. Thank you very much.

2 (Pause in proceedings.)

3 THE VIDEOGRAPHER. Okay. Let me just stop the video  
4 record.

5 Total number of media used was five tapes or five  
6 medias, and we'll be retained by Veritext. Thank you.

7 (The deposition concluded at 7:15 p.m.)

CERTIFICATE OF COURT REPORTER

I, Linda C. Marshall, certify that the foregoing is a correct transcript from the record of proceedings in the above-entitled matter.

<%28729,Signature%>  
Linda C. Marshall, RPR  
Official Court Reporter

1 Bernadette Samson Reyes, Esq.

2 bernadette@uclavrp.org

3 April 23, 2023

4 RE:Honorable Terry Petteway Et Al. v. Galveston County Et Al.

5 4/20/2023, Matthew Barreto (#5835146)

6 The above-referenced transcript is available for  
7 review.

8 Within the applicable timeframe, the witness should  
9 read the testimony to verify its accuracy. If there are  
10 any changes, the witness should note those with the  
11 reason, on the attached Errata Sheet.

12 The witness should sign the Acknowledgment of  
13 Deponent and Errata and return to the deposing attorney.  
14 Copies should be sent to all counsel, and to Veritext at  
15 cs-midatlantic@veritext.com

16  
17 Return completed errata within 30 days from  
18 receipt of testimony.

19 If the witness fails to do so within the time  
20 allotted, the transcript may be used as if signed.

21

22 Yours,

23 Veritext Legal Solutions

2 PROCEEDINGS

3 THE VIDEOGRAPHER: Good morning. We are  
4 going on the record at 9:39 a.m. on June 20, 2023.  
5 Please note that this deposition is being conducted  
6 virtually. Quality of recording depends on the quality  
7 of the camera and internet connection of participants.  
8 What is seen from the witness and what is heard on the  
9 screen is what will be recorded. Audio and video  
10 recording will continue to take place unless all  
11 parties agree to go off the record.

12 This is media unit 1 of the video recorded  
13 deposition of Mr. Thomas Bryan taken by counsel for  
14 plaintiff in the matter of Honorable Terry Petteway, et  
15 al. versus Galveston County, et al., filed in the  
16 United States District Court for the Southern District  
17 of Texas, Galveston division, case number  
18 3:22-CV-00057.

19 My name is Shala Hollis, representing  
20 Veritext Legal Solutions, and I'm the videographer.  
21 The court reporter is Ms. Ahuva Goldberger, from the

1 firm Veritext Legal Solutions. I am not authorized to  
2 administer an oath, I am not related to any party in  
3 this action, nor am I financially interested in the  
4 outcome. If there are any objections to proceeding,  
5 please state them at the time of your appearance.

6 Counsel and all present, including remotely,  
7 will now state their appearances and affiliations for  
8 the record, beginning with the noticing attorney.

9 MR. GABER: Good morning. This is Mark  
10 Gaber, on behalf of the Petteway plaintiffs. I am  
11 joined by my colleagues, Simone Leeper, Alexandra  
12 Copper, and Neil Baron.

13 MS. KLEIN: Good morning. This is Hilary  
14 Klein, from Southern Coalition for Social Justice, on  
15 behalf of the NAACP plaintiffs. I am joined in the  
16 room by my colleague, Diana Vall-llobera, and on Zoom  
17 by my colleagues, Richard Mancino and Adrienne Spoto.  
18 And our paralegal, Talia Ray, is also on the line, as  
19 well as Sarah Chen.

20 MS. MEZA: Good morning, Catherine Meza, on  
21 behalf of the United States. I am joined by my

1 colleague, Holly Berlin.

2 MR. SHEEHY: Good morning. My name is Shawn  
3 Sheehy, at the law firm of Holtzman Vogel, and I am  
4 here on behalf of the defendants.

5 THE VIDEOGRAPHER: Will the court reporter  
6 please swear in the witness, and then counsel may  
7 proceed.

8 Whereupon,

9 THOMAS BRYAN,  
10 called as a witness, having been first duly sworn to  
11 tell the truth, the whole truth, and nothing but the  
12 truth, was examined and testified as follows:

13 EXAMINATION BY MR. GABER:

14 Q. Good morning, Mr. Bryan. My name is Mark  
15 Gaber. As I mentioned, I'm an attorney with the  
16 Petteway Plaintiffs in this case, and I will be the  
17 first person taking your deposition today. I guess  
18 you've heard, there are three separate plaintiff  
19 groups, so after I conclude, there may be questions  
20 from my colleagues. But could you please state your  
21 name for the record?

1           A.    Thomas, T-H-O-M-A-S, Mark, M-A-R-K, Bryan,  
2    B-R-Y-A-N.

3           Q.    And Mr. Bryan, have you been deposed before?

4           A.    I have.

5           Q.    How many times, would you say?

6           A.    Four.

7           Q.    So I assume you know some of the ground  
8    rules for a deposition. But in a nutshell, important  
9    ones are that we not speak over each other, so if you  
10   could let me finish my question before you answer, I  
11   will endeavor to do the same for you.

12                    If your lawyer makes an objection, please go  
13   ahead and answer the question after the objection has  
14   been made, unless you are told not to answer. If you  
15   don't say otherwise, I will assume that you understand  
16   the question. Does that work for you?

17           A.    Yes.

18           Q.    If at some point you need a break, please  
19   let me know. I only ask that if there's a pending  
20   question, that you go ahead and answer that question  
21   before proceeding to the break. Otherwise, I'll plan

1 to take breaks every hour or so, you know, and let me  
2 know if I have missed that mark and you need a break.  
3 Okay?

4 The other important thing is that we have  
5 verbal answers, so a yes or a no. The court reporter,  
6 particularly in this quasi virtual, quasi in-person  
7 environment can't take down nonverbal answers, so  
8 please do say yes or no.

9 Is there any reason that you cannot -- that  
10 you can think of that you cannot fully and truthfully  
11 answer my questions today?

12 A. No.

13 Q. How are you employed, Mr. Bryan?

14 A. I am the president and owner of an expert  
15 witness company called Bryan GeoDemographics, which is  
16 otherwise known as BGD.

17 Q. And how long have you had that company?

18 A. More than 20 years.

19 Q. And during that time, have you been  
20 exclusively the expert witness or an owner and operator  
21 of this company, or have you held other jobs as well?

1 A. I held other positions.

2 Q. And what are those?

3 A. From 1998 to 2001, I worked for the US  
4 Census Bureau. 2001 to 2003, I worked for a software  
5 geographic information system company known as Esri,  
6 E-S-R-I. I worked for a marketing science company from  
7 2003 to 2005 named Third Way Research. I worked for  
8 Altria and Philip Morris International as a data  
9 scientist from 2005 to 2011. 2011 to 2012, I worked as  
10 a data scientist and analytic expert for Microsoft,  
11 focussed on Microsoft Office. 2012 to 2019, I was  
12 rehired by Altria to be the director of consumer  
13 research. After 2019, I've been working, leading BGD  
14 full-time.

15 Q. In this past redistricting cycles after the  
16 2020 census, we'll talk about Galveston obviously for  
17 the rest of the day, but how do you -- did you do math  
18 drawing for other jurisdictions in addition to  
19 Galveston?

20 MR. SHEEHY: Objection to form, but go  
21 ahead. I said go ahead. Go ahead. I just --

1 objection to form.

2 BY MR. GABER:

3 A. I did.

4 Q. And which jurisdictions did you draw maps  
5 for?

6 MR. SHEEHY: Objection to form.

7 BY MR. GABER:

8 A. I drew maps for the Texas legislature, and I  
9 drew draft maps and plans for the State of Virginia.

10 And I performed analysis of plans for other states,  
11 both in the process of drawing plans, as well as  
12 litigating plans for Kansas, for democratic counsel in  
13 Illinois, Michigan, Kansas, Arkansas, North Carolina,  
14 Florida, Mississippi and Louisiana.

15 Q. For the Texas legislature, was that an  
16 engagement by the legislature or by a house of the  
17 legislature? How did that come to be?

18 MR. SHEEHY: Objection to form.

19 BY MR. GABER:

20 A. I worked for counsel for the leadership of  
21 the Texas legislature. Counsel was Butler Snow, on

1 | [redacted] behalf of Todd Hunter and Speaker of the House

2 | [redacted] [indecipherable].

3 | [redacted] Q. And was that the state house plan that you

4 | [redacted] drew?

5 | [redacted] A. Yes.

6 | [redacted] Q. Did you work on either the Senate or the

7 | [redacted] congressional plan for Texas?

8 | [redacted] MR. SHEEHY: Objection to form. Relevance.

9 | [redacted] You may answer.

10 | [redacted] BY MR. GABER:

11 | [redacted] A. I performed analysis and assessments of the

12 | [redacted] Senate plan, as well as the congressional plan that was

13 | [redacted] drafted by the Texas Senate separately. I did no work

14 | [redacted] directly for the Texas Senate, and I did no work

15 | [redacted] directly on the development of their congressional

16 | [redacted] plan. Our work was completely separated, except for my

17 | [redacted] independent analysis of those plans for the Texas

18 | [redacted] legislature.

19 | [redacted] Q. And then you mentioned Virginia. Was that

20 | [redacted] on behalf of the commission or of body of the

21 | [redacted] legislature?

1 MR. SHEEHY: Objection to form, but go  
2 ahead.

3 THE DEPONENT: I'm sorry.

4 MR. SHEEHY: Objection. Form. Go ahead and  
5 answer.

6 BY MR. GABER:

7 A. So that work was on behalf of republican  
8 leadership of the State of Virginia.

9 Q. And then there's a list of other states. I  
10 wrote down Florida, Mississippi, Louisiana, Arkansas,  
11 North Carolina, Kansas, Illinois, and Michigan. Of  
12 those, which if any of them were you retained to draw a  
13 map, as opposed to analyzing a map?

14 MR. SHEEHY: Objection. Form. Vague.

15 BY MR. GABER:

16 A. I drew draft plans for the state of  
17 Virginia. And the other cases were making assessments  
18 of plans that were drawn previously for the state or by  
19 plaintiff's plans as part of litigation.

20 Q. And you mentioned Illinois. I think you  
21 said you were hired by the democratic -- by some sort

1 of democratic caucus. Is that right?

2 A. That's correct.

3 Q. Was that the Senate or the House or both?

4 MR. SHEEHY: Objection. Form. Go ahead.

5 BY MR. GABER:

6 A. That involved a review of all of their  
7 plans, but was primarily focussed on the US house draw.

8 Q. And who retained you?

9 MR. SHEEHY: Objection. Form.

10 BY MR. GABER:

11 A. It was counsel. Democratic counsel.

12 Q. And more specifically?

13 MR. SHEEHY: Objection. Form.

14 BY MR. GABER:

15 A. I don't recall his name.

16 Q. Now, in any of those states -- or I guess  
17 let me ask it this way. Are you currently surveying --  
18 or I'll take that back. In the 20 -- in this most  
19 recent redistricting cycle, which -- which if any  
20 states are you serving as an expert witness in  
21 litigation?

1 MR. SHEEHY: Objection. Form.

2 BY MR. GABER:

3 A. Are you asking which states I am serving as  
4 an expert in?

5 Q. Yeah. So just since the last census, and  
6 since this most recent redistricting cycle began, how  
7 many litigation matters have you served as an expert  
8 witness in, either writing a report or giving  
9 testimony?

10 A. You said the list of states that I gave you  
11 earlier are cases that I'm serving or have served as an  
12 expert in.

13 Q. Okay. So that's Florida, Mississippi,  
14 Louisiana, Arkansas, North Carolina, and Kansas,  
15 Illinois, and Michigan?

16 A. You may have said Indiana. I did not serve  
17 for the State of Indiana.

18 Q. Okay. I think I meant to say Illinois.

19 A. It would be for -- I did provide expert  
20 support for the State of -- democratic counsel for the  
21 State of Illinois.

1 Q. Do you intend to offer any expert testimony  
2 in this case, which is the case regarding the Galveston  
3 County Commission?

4 A. Yes.

5 Q. And I guess just to clarify, I understand  
6 that you were the map drawer for the Galveston County  
7 Commission. But separate and apart from that role,  
8 have you been retained as an expert witness in this  
9 case, aside from having drawn the map?

10 MR. SHEEHY: Objection. Form. Go ahead.

11 BY MR. GABER:

12 A. I've been retained in the case as a fact  
13 witness, not as a testifying expert.

14 Q. Okay. How did you become involved with  
15 being retained by Galveston County?

16 A. As is often the case, I got a phone call  
17 asking for my interest availability in participating in  
18 the case on or around October 14 of 2021.

19 Q. And who called you?

20 A. There were phone calls that day for -- to  
21 the best of my recollection, between Dale Oldham and

1 Phil Gordon.

2 Q. And had you worked with Dale Oldham before?

3 A. I had not.

4 Q. What about Phil Gordon?

5 A. I had, yes.

6 Q. And aside from the Galveston County matter,

7 are there other cases on this redistricting cycle in

8 which you were retained or worked with the Holtzman

9 Vogel law firm?

10 MR. SHEEHY: Objection. Relevance. You may

11 answer the question.

12 BY MR. GABER:

13 A. Yes, I can give two examples. I did work

14 for Holtzman Vogel in a matter of differential privacy

15 lawsuit in the State of Alabama. I did work for

16 Holtzman Vogel in drafting and analyzing plans for the

17 State of Virginia. And I did work for Holtzman Vogel

18 producing statistics for plans that were being drawn in

19 Florida. My work in Florida was limited exclusively to

20 producing statistics, and I had no role in the drawing

21 of plans in that state.

1 Q. Any other work with Holtzman Vogel that come  
2 to mind?

3 MR. SHEEHY: You can answer the question,  
4 Mr. Bryan, but I'm just going to caution you not to  
5 reveal any substantive communications with attorneys at  
6 Holtzman Vogel.

7 BY MR. GABER:

8 A. There may have been other work. I don't  
9 recall any other cases of it.

10 Q. Now, did you -- in your work for the  
11 Galveston County matter, did you have assistance or  
12 employees that helped you in completing your work for  
13 the map?

14 A. Yes.

15 Q. And who were they?

16 A. I am not going to name the people on my  
17 staff who assisted. I will tell you that I have  
18 employees who are analysts and experts in redistricting  
19 who support me in the development of analysis  
20 statistics and maps in support of my work directly  
21 under my leadership and supervision.

1 Q. Okay. How many employees do you have?

2 A. There were two employees who supported me in  
3 Galveston. I have approximately 20 experts who worked  
4 for me in total.

5 Q. And are these employees in the traditional  
6 sense? Or is this like an independent contractor  
7 arrangement?

8 A. They're all independent contractors.

9 Q. Okay. Now, you said that you weren't going  
10 to name the people. What is the reason for that?

11 A. It's their privacy. They're independent  
12 contractors, and their names don't have relevance to  
13 this case.

14 Q. So what about the two that worked with you  
15 on Galveston? What are their names?

16 A. I'm not divulging the names of the employees  
17 who worked on this case with me.

18 MR. SHEEHY: Mr. Gaber, yeah, I have to  
19 agree with Mr. Bryan. I don't see the relevance of  
20 people who provided assistance to Mr. Bryan in his work  
21 in Galveston County. He's here today to testify about

1 | what he did at Galveston County. We've produced  
2 | thousands of documents to you that you can put in front  
3 | of him, and he'll be able to testify to them truthfully  
4 | and accurately, without any assistance from other  
5 | individuals.

6 | MR. GABER: So I'm going to disagree. We're  
7 | entitled to know who worked on the map. Obviously we  
8 | have Mr. Bryan, but if he has two individuals that  
9 | aided him in producing the plan, then we're entitled to  
10 | know who that is. There's no privilege or protection  
11 | that I can think of that would shield that information  
12 | from discovery.

13 | MR. SHEEHY: I disagree with you, Mr. Gaber.  
14 | We can move on, and perhaps on break, we can discuss  
15 | further and return to it.

16 | BY MR. GABER:

17 | Q. Okay. There's one employee that you  
18 | mentioned that I saw a person by the name of Eric. Is  
19 | that someone who worked on the Galveston County matter?

20 | A. I'm not going to confirm or deny that.

21 | Q. All right.

1 MR. GABER: Well Mr. -- it's Mr. Sheehy,  
2 right? Is that who I --

3 MR. SHEEHY: Mr. Gaber -- Mr. Gaber, yes,  
4 it's Mr. Sheehy. Perhaps if you have a document that  
5 you want to put up in front of Mr. Bryan with the  
6 individual that you're referring to, maybe that's an  
7 easier way to get to this information and move on.

8 MS. KLEIN: Counsel, this is Hilary Klein  
9 for the NAACP Plaintiffs. I just want to join in the  
10 objection to withholding this information. I don't  
11 believe any privilege or other protection has been  
12 asserted by defendants that would prevent the witness  
13 from testifying to who was involved in drawing the  
14 Galveston map.

15 MR. SHEEHY: Thank you. And I don't know  
16 that Mr. Bryan has testified that other individuals  
17 were involved in drawing the map. But again, if  
18 Mr. Gaber would like to put a document up in front of  
19 Mr. Bryan to confirm some information, we can do that,  
20 and we can move on.

21 BY MR. GABER:

1 A. If you want to be precise about this, no one  
2 else worked in drawing the map but me.

3 Q. So I will put a document up, but whoever is  
4 the host is of the Zoom is going to need to give me  
5 screen sharing. Will be important throughout. I don't  
6 know if that's the reporter maybe or videographer.

7 THE VIDEOGRAPHER: Counsel, I think you  
8 should be able to screen share automatically.

9 MR. GABER: The screen share button is  
10 telling me that the host has disabled participant  
11 screen sharing.

12 THE VIDEOGRAPHER: All right. Give me one  
13 second. I'll look into it.

14 MR. GABER: Thank you. While --

15 THE VIDEOGRAPHER: Go ahead. Give it a shot  
16 now.

17 BY MR. GABER:

18 Q. Okay, Mr. Bryan. Can you see the screen?

19 A. Yes.

20 Q. And do you see an e-mail dated Friday  
21 December 17, 2021 from you to Phil Gordon and Jason

1 Torchinsky?

2 A. Yes.

3 Q. And Phillip Gordon and Jason Torchinsky,

4 those are two attorneys that you worked with at

5 Holtzman Vogel. Is that right?

6 A. Yes.

7 Q. And do you see the mention here to having

8 absorbed some costs on the Galveston matter with Eric's

9 time and geocoding?

10 A. Yes.

11 Q. Is Eric one of your contractors that worked

12 on the Galveston matter?

13 A. Eric performed geocoding work of registered

14 voters in support of the initiative.

15 Q. And do I have it right that you're not

16 willing to give me Eric's last name?

17 A. Per the agreement I have with my employees,

18 is their confidentiality. If I break that and I start

19 involving them with the cases, I'm not going to have a

20 company or any employees. My job is to protect my

21 employees. They help me. If they did something

1 material to help me develop a map, I'll bring up their  
2 names and talk about them in their role in drawing the  
3 maps.

4 No one did any work in support of me drawing  
5 these maps. My employees work in a capacity of  
6 analysts and expertise in helping to develop  
7 spreadsheets, or in this case, geocoding support. In  
8 that regard, their work is a commodity. It does not  
9 influence my analysis or my [indecipherable] from my  
10 draw of a map in any way.

11 Q. So I'm going to mark the e-mail that we just  
12 saw as Exhibit 1.

13 (Deposition Exhibit 1 was marked for  
14 purposes of identification.)

15 MR. GABER: Shawn, do you have a preference  
16 for how I transmit these? I can put them in the chat.  
17 I don't know if that works for you, if you have a  
18 computer there with you. Or I --

19 MR. SHEEHY: Mr. Gaber, thank you for  
20 asking. I don't have a computer with me. I think just  
21 go ahead and share them on the screen and just make

1           sure that Veritext has copies of these exhibits so that  
2           we have a record of what exhibits were shown to the  
3           witness today.

4                   MR. GABER: Okay. I'll go ahead and do  
5           that. I will keep a record as I go. And then, in  
6           addition to giving it to Veritext, I'll send, you know,  
7           all of them in one batch labeled at the end, if that  
8           works.

9                   MR. SHEEHY: Thank you. Yes.

10                   MR. GABER: Okay.

11           BY MR. GABER:

12           Q. Mr. Bryan, you said that Eric was one. You  
13           said there was another employee or contractor who  
14           helped you as well in Galveston?

15           A. Yes.

16           Q. What did that person do?

17           A. Helped me with developing spreadsheets that  
18           I used, which are work products that have been produced  
19           to you.

20           Q. And can you be a little bit more specific  
21           about developing the spreadsheet?

1 A. Building pivot tables to analyze the  
2 benchmark and draft lines.

3 Q. So for that work, did you have sort of a  
4 template spreadsheet that you provided to this person  
5 to work off of? Or did you give specific instructions  
6 for what to include over sort of -- take me through the  
7 steps of you communicating with this person to build  
8 the spreadsheets.

9 MR. SHEEHY: Objection to form, but go  
10 ahead.

11 BY MR. GABER:

12 A. Yeah. So your characterization of the  
13 workflow is inaccurate. I don't ever just completely  
14 turn over something to somebody and then they turn it  
15 back to me. We collaborate together and work closely  
16 together.

17 In this case, that process involves taking  
18 data that -- what we will refer to in the business as  
19 raw data, just tables with hundreds or thousands of  
20 numbers, and then using pivot tables to summarize and  
21 analyze those data in an organized way that enables us

1 | to look at individual variables. That's what's called  
2 | pivot tables. So, in the course of business for this  
3 | and all my other cases, we have a standard template  
4 | which we use to look at demographic data. And in the  
5 | course of building that analysis for the numerous plans  
6 | that we worked through, I know that my employee helped  
7 | in either updating or refreshing some of those pivot  
8 | tables for some of those plans. I could not tell you  
9 | which pivot table or which plan. I just know that  
10 | someone helped me at some point in updating and  
11 | refreshing the BGD standard template.

12 | Q. And did you say the BGD standard template?

13 | A. I will use the letters BGD to refer to my  
14 | company's template.

15 | Q. And just so I'm clear on the record, the  
16 | last letter is D, as in demographic. Is that right?

17 | A. Yeah, that's correct. G, as in geography or  
18 | geo. So Bryan Geo, G-E-O, Demo, D-E-M-O.

19 | Q. How many hours -- did the employee who  
20 | helped you on the spreadsheet, how many hours of work  
21 | was that roughly?

1 MR. SHEEHY: Objection to form. Foundation.

2 BY MR. GABER:

3 A. A handful. Not many. Less than ten.

4 Q. And -- go ahead.

5 A. Probably less than five. I don't recall  
6 exactly, but it was few.

7 Q. Did that person provide you any analysis or  
8 synthesis of the actual data in the spreadsheets or  
9 just create the changes to the pivot tables?

10 MR. SHEEHY: Objection. Form. Go ahead.

11 BY MR. GABER:

12 A. There was no -- for this analyst and many of  
13 the analysts on my teams, their role is just to provide  
14 technical support, update tables, or help in the  
15 publication of printed maps that reviewed my work  
16 product. This person did nothing to synthesize data,  
17 analyze data, or provide [indecipherable] of it to me.  
18 That's my role exclusively.

19 Q. So after you were first contacted by  
20 Mr. Gordon, and I believe you said Mr. Oldham, what did  
21 you do at that point to, you know, familiarize yourself

1 with the task?

2 MR. SHEEHY: Objection. Form.

3 BY MR. GABER:

4 A. When I was contacted, I was with my family  
5 on vacation 6,000 miles away from my office. So using  
6 the laptop that I have when I travel remotely, I looked  
7 at demographic data and some of the -- what we would  
8 call shape files that we use in our geographic  
9 information systems to familiarize myself with the  
10 population and the geographic landscape of Galveston.

11 Q. And so when you got the phone call, you were  
12 on vacation. Is that right?

13 A. Yes.

14 Q. And did you -- how did you get the first  
15 sort of map of -- like what did you do to obtain the  
16 map and the county, you know, lines, and the  
17 demographic information?

18 A. So as, you know, part of my company's  
19 infrastructure, we have demographic data for all of the  
20 states in the United States. We have all of the data  
21 that came out of what we call PL94171, the data that

1 | was published in September by the Census Bureau. So we  
2 | have that data. We have had that data in house as part  
3 | of our infrastructure. We also have a rigorous  
4 | geographic information system that also has virtually  
5 | all of the census shape files for different layers of  
6 | geography, what you would call summary levels, for most  
7 | of the states in the United States, and we have that  
8 | data available on our system for the State of Texas.

9 | Q. Is that through Esri or GIS? Is that right?

10 | A. The data that we use in our geographic  
11 | information system leverages the Esri ArcGIS software.  
12 | The source of the shape files that are used for these  
13 | cases is the US Census Bureau. US Census Bureau has a  
14 | name for the shape files that they produce that relate  
15 | to the data that they produced, and those are called  
16 | TIGER -- topologically integrated geography files.

17 | Q. And to familiarize yourself with -- so have  
18 | you done any work in Galveston before?

19 | A. Not specifically in Galveston, no.

20 | Q. And so do I have it right that you logged  
21 | into your Esri system and pulled up Galveston to

1 familiarize yourself before you started the line

2 drawing?

3 MR. SHEEHY: Objection. Form. Go ahead.

4 BY MR. GABER:

5 A. Yes, that's correct.

6 Q. And what sort of data did you look at to

7 familiarize yourself with the last case of Galveston

8 County?

9 A. The, you know, criteria for apportionment

10 and for redistricting, first and foremost, is

11 population balance. You know, you have plus or minus

12 five percent of the population in what we would call a

13 benchmark district. That is the district as they

14 existed as of the previous drop.

15 So our first assessment, and this is our

16 standard operating procedure, that we would use for any

17 county or place that asked us to help with

18 redistricting, would be to do an assessment of the

19 number of people in each district, here they're called

20 commissioner precincts in Galveston, to say, you know,

21 if or how much population needed to be moved in order

1 for those districts to be within plus or minus five  
2 percent of an exact 25 percent share of the total  
3 population reported by the 2020 census for Galveston.

4 Q. And what other demographic data did you look  
5 at to familiarize yourself with Galveston?

6 MR. SHEEHY: Objection. Form. Go ahead.

7 BY MR. GABER:

8 A. I did not look at any other demographic data  
9 to make an assessment of if or how the plan would need  
10 to be redrawn.

11 Q. So am I correct that this assessment is  
12 happening after you have loaded into the system the  
13 benchmark plan?

14 A. Yes.

15 Q. And how did you obtain the benchmark plan?

16 A. It was provided to me by counsel.

17 Q. In an electronic file or did you recreate it  
18 yourself?

19 A. I don't recall. We get those plans  
20 represented to us both in physical maps, as well as  
21 electronic shape files. I don't recall which one we

1 got for this because we received both all the time in  
2 different cases. I'm sorry.

3 Q. I will mark as Exhibit 2 a document that has  
4 Bates number Defendant's 00036191 --

5 (Deposition Exhibit 2 was marked for  
6 purposes of identification.)

7 BY MR. GABER:

8 Q. -- and show that to you on the screen. Now,  
9 this is a series of e-mails, Mr. Bryan, but do you see  
10 the top e-mail is dated as October 15, 2021, 1:28 p.m.  
11 from Phil Gordon to you and copies Jason Torchinsky?

12 A. Yes, I see that.

13 Q. And is that large enough on the screen or do  
14 you need me to zoom in?

15 A. I can see it fine. Thank you.

16 Q. And I'm going to scroll to the second page.  
17 And I'm just curious if this helps us to nail down  
18 [indecipherable] do you see an e-mail sort of in the  
19 middle of the page from Mr. Gordon to you with a link  
20 to the Galveston County website, and noting that he  
21 didn't think it was available as a shape file, but that

1           you could recreate it?

2                       MR. SHEEHY: And I'll just say, Mr. Bryan,  
3           if you need to review the whole document to assist you,  
4           just go ahead and ask Mr. Gaber to show it to you.

5           BY MR. GABER:

6                       Q. This is the first one, actually.

7                       A. So that's familiar. It is not uncommon for  
8           us to bill plans or to recreate benchmark plans based  
9           on precincts knowing under the condition that precincts  
10          are the building blocks of those plans. And as long as  
11          whole precincts are -- agree to be the building block  
12          of our plan, and we can see the boundaries of those  
13          precincts, and we know the boundaries of the  
14          commissioner precincts in a plan, then yes, that's what  
15          I would be referring to as creating the benchmark off  
16          of the precincts.

17                      Q. And does that business sound familiar to the  
18          process that you used here, based on this e-mail?

19                      MR. SHEEHY: Objection. Form.

20           BY MR. GABER:

21                      A. Yes.

1 Q. In addition to loading the benchmark plan  
2 into your Esri software, did you do any other research  
3 about Galveston County or the Galveston County  
4 Commission to learn about, you know, the job that you  
5 would be doing?

6 MR. SHEEHY: Objection. Form. Go ahead.

7 BY MR. GABER:

8 A. I did not. My family was plenty unhappy  
9 that I was working at all on our vacation.

10 Q. When did you get back from the vacation?

11 MR. SHEEHY: Objection. Form. Go ahead.

12 BY MR. GABER:

13 A. Approximately two days later. It's a  
14 20-hour flight. So probably back working on around the  
15 17th.

16 Q. And how long was your conversation with  
17 Mr. Gordon the first time you had to ask if you could  
18 work on this?

19 MR. SHEEHY: Objection to foundation.

20 Speculation.

21 BY MR. GABER:

1           A. I don't recall the length of that phone  
2 call.

3           Q. On the call, did you talk at all about  
4 Galveston County, or the commission, or any details  
5 beyond just asking if you could work on the map?

6           MR. SHEEHY: Same objection.

7           BY MR. GABER:

8           A. I recall the phone call was relatively  
9 brief. He was trying to be respectful of my time. And  
10 what he outlined for me is that there was a need to  
11 draw two plans. They needed to be drawn extremely  
12 fast. And he provided me the criteria that were  
13 necessary to get going and start drawing these two  
14 plans. And that was the best that I can remember.  
15 That was the extent of that engagement phone call.

16          Q. And what were the criteria that he provided?

17          MR. SHEEHY: Objection. Form. Go ahead.

18          BY MR. GABER:

19          A. So he asked if I could draw a draft  
20 preliminary plan that would be, you know, what we  
21 commonly refer to as a least change plan. Least change

1 has many different definitions and interpretations, but

2 he left that to me.

3 And then, secondly, he asked if I would be

4 able to draw a plan that was not a least change plan

5 but would use information on the political performance

6 in different parts of the county and use the political

7 performance data by precinct to rebalance the

8 commissioner precincts in such a way that it would make

9 the republican performance in each district more

10 equitable.

11 Q. And what do you mean by more equitable?

12 A. When we used the data that we had on the

13 precincts from the State of Texas, that state data

14 system provides the performance data for different

15 elections and candidates going back in time. So we

16 used some of the more recent voting data and political

17 performance by precinct to measure the percent

18 republican performance by district for the benchmark,

19 and there was a noticeable deviation. There were some

20 commissioner precincts that were performing very

21 strongly, and other commissioner precincts were

1 performing less strongly. So that's what I want to go  
2 on the record as saying. There was a difference  
3 between the best performing and the worst performing  
4 commissioner precincts. So the goal in drawing that  
5 second plan was to determine whether or not different  
6 precincts could be moved in or out of different  
7 commissioner precincts to make a republican performance  
8 in each commissioner precinct more equal, rather than  
9 having very high performance in one district and very  
10 low performance in another district.

11 Q. Did you -- at what point did you become  
12 familiar with the identity of the commissioners? Is it  
13 looking at the incumbent part of the process for you  
14 and where they live, for example?

15 MR. SHEEHY: Objection. Form.

16 BY MR. GABER:

17 A. In this particular case, the issue of  
18 incumbency was not brought before me or prioritized.  
19 Honestly, we were working very fast and remotely. My  
20 goal was just to try and draw two draft plans as  
21 quickly as I could. The identity and the political

1 background, any information about the incumbents, I was  
2 not aware of, and it didn't have any influence on how I  
3 started drafting my preliminary plans.

4 Q. So we're talking now about the preliminary  
5 plans. I gather that was sort of in the first --  
6 October 15th to 17th time frame. Is that right?

7 A. That's correct. But I can say, you know,  
8 throughout the map drawing process, I did not invest  
9 time in learning about the commissioners, or who they  
10 were, or what their political backgrounds were. I was  
11 -- my analysis strictly focussed on drawing the  
12 specifications that Phil and Dale had given me.

13 Q. And the locations of the homes, residencies  
14 of the four commissioners, was not among that  
15 information?

16 A. No, not that I remember.

17 Q. You met with the commissioners eventually.  
18 Right?

19 MR. SHEEHY: Objection. Form.

20 BY MR. GABER:

21 A. Yeah, there was a Zoom call, I think, about

1 five or six days into the exercise.

2 Q. And was that one Zoom call or did you have  
3 separate calls with different commissioners?

4 A. I know there was at least one. I do not  
5 recall if one stretched into a second call or not.  
6 There were a lot of moving pieces that day. We worked  
7 on the plan and talked to the commissioners most of the  
8 day that day.

9 Q. Okay. I'll come back to that topic later.  
10 And I am going to mark as Exhibit 3 a document that's  
11 Bates labeled defendant 00036816, and show that to you  
12 on the screen.

13 (Deposition Exhibit 3 was marked for  
14 purposes of identification.)

15 BY MR. GABER:

16 Q. Do you see a map labeled Galveston Texas  
17 Benchmark Plan?

18 A. Yes, we do. Thank you.

19 Q. And is this familiar to you as the map that  
20 you generated with the lines for the benchmark plan?

21 A. Yes, this looks familiar.

1 MR. SHEEHY: Looks like it says page 2 of 2.

2 Is there a top page, Mr. Gaber, that we could also look  
3 at?

4 MR. GABER: Not on my screen. Where do you  
5 see the 2 of 2?

6 MR. SHEEHY: Just at the top, above  
7 Galveston Texas Benchmark Plan. Looks like it says --

8 MR. GABER: Oh, is it a PDF?

9 MR. SHEEHY: Yes.

10 MR. GABER: All right. I don't know why  
11 it's doing that. There's only one page here.

12 MR. SHEEHY: Okay. That's fine. I just  
13 wanted to make sure if there's another page -- it's his  
14 testimony.

15 MR. GABER: No, I only see one.

16 MR. SHEEHY: Can you -- you're on 1. Can  
17 you go to 2, just to see if the numbers change at the  
18 bottom? Yes, they do change.

19 MR. GABER: Oh, they do. 815, 816. So  
20 perhaps there's two of the same thing. That's very  
21 strange. I don't know why that's happened.

1 MR. SHEEHY: That's new.

2 MR. GABER: But 815, 816 are both apparently  
3 the same thing, and it's not showing you -- it's not  
4 showing you the transition to the second page, so I  
5 don't know what that is about.

6 BY MR. GABER:

7 Q. When did you first -- sorry. Did you have a  
8 call -- was Dale Oldham on the phone with Mr. Gordon  
9 when you spoke the first time or did you meet with him  
10 separately to begin with?

11 MR. SHEEHY: Objection. Form.

12 BY MR. GABER:

13 A. Again, there were several phone calls, brief  
14 as I recall. And I don't recall the order of who was  
15 first, or who was on which call in which particular  
16 order. In fact, I know that I talked to both of them  
17 relatively early in the process. Whether that was  
18 individually or together, I'm sorry, I don't remember.

19 Q. Who did you view as your client in the case?

20 Was it Holtzman Vogel? Galveston County? Mr. Oldham?

21 Some other entity?

1 MR. SHEEHY: Objection. Form.

2 BY MR. GABER:

3 A. So the work that I was doing, the  
4 deliverables, were going to Dale Oldham. And Dale is  
5 who was primarily providing the direction of the types  
6 of maps that he wanted to see. And what Dale did with  
7 those maps, or who his client -- the extent of who his  
8 clients were, or what he did with them after I  
9 delivered to him, I don't know the extent of everyone  
10 he worked with or what he did after he got my maps.

11 Q. Did you have a written engagement letter or  
12 retainer for this matter?

13 A. No.

14 Q. Who paid you?

15 MR. SHEEHY: Objection. Form.

16 BY MR. GABER:

17 A. I submitted my invoices through Holtzman  
18 Vogel. I don't know who cut the check. And it's an  
19 important difference. I hope you understand. You  
20 know, who I send a bill to, and where the money comes  
21 from are almost always two different things, and I

1 don't always know where the source of the money comes  
2 from. I just know who I sent the invoice to. Does  
3 that help?

4 Q. Yes. In terms of the instructions that you  
5 received, were those coming exclusively from Dale  
6 Oldham, or in addition from Holtzman Vogel, or in  
7 addition from someone else?

8 A. The -- it was very clear the direction was  
9 coming from Dale Oldham, and that I would characterize  
10 the -- in the conversations that I've had with Phil  
11 Gordon is that that direction I was getting from Dale  
12 was reenforced by Phil. I don't recall there being  
13 extra or different input into my map drawing from Phil  
14 that I did not already receive from Dale.

15 Q. I'll put Exhibit 2 back up for you. Do you  
16 see the Bates stamp 36191 in the lower right there?

17 A. Yeah, I see that part, thank you.

18 Q. And then I want you to take a look, if you  
19 would, at the October 15th e-mail from you to  
20 Mr. Torchinsky and Mr. Gordon at 125. Can you just  
21 read that to yourself, and I'll have a couple questions

1 on it?

2 A. Yes, I'm familiar.

3 MR. SHEEHY: And, again, Mr. Gaber, if you  
4 can give Mr. Bryan an opportunity just to maybe read  
5 the top and bottom e-mails just to give him the full  
6 context.

7 MR. GABER: Sure.

8 BY MR. GABER:

9 Q. Do you see the top one there?

10 A. Yes.

11 Q. And the bottom ones, as we discussed  
12 earlier, where the hyperlink was sent to you, and to  
13 draw the benchmark plan.

14 In this e-mail, the October 15th e-mail at  
15 1:25, you discuss the -- you ask a question about the  
16 population deviation limits or instructions, and then  
17 you mention that the precincts are the lowest level of  
18 geography that you have voting data for. And then you  
19 made a comment that you never got disaggregated blocks  
20 from FairLines. Is that referring to the organization  
21 FairLines of America?

1 MR. SHEEHY: Objection. Form.

2 BY MR. GABER:

3 A. Yes.

4 Q. And tell me about that organization. What  
5 do you understand it to be?

6 MR. SHEEHY: Objection. Form.

7 BY MR. GABER:

8 A. They're an organization who collect, and  
9 manage, and analyze, and report political performance  
10 data for different states.

11 Q. And the executive director is Adam Kincaid.  
12 Is that your understanding?

13 MR. SHEEHY: Objection. Form.

14 BY MR. GABER:

15 A. I know that Adam Kincaid was the executive  
16 director. I have not done business with FairLines  
17 recently, and I do not know their current leadership  
18 team.

19 Q. And do you understand Mr. Kincaid, at least  
20 at the time, was also the head of the national  
21 republican redistricting trust?

1           A.    That's my understanding.

2                   MR. SHEEHY:  Objection.  Form.  Go ahead.

3  BY MR. GABER:

4           Q.    Do you know Mr. Kincaid?

5           A.    Not personally, no.

6           Q.    During this last redistricting cycle, were  
7 there matters in which you obtained this type of data  
8 from FairLines?

9                   MR. SHEEHY:  Objection.  Form.  Mr. Gaber,  
10 my only hesitation, I'm just working through the  
11 analysis in my head.  Your question is broad, and I'm  
12 concerned that if he answers the question, he might be  
13 revealing his work as an expert in other cases.  That's  
14 my only -- my only issue.

15                   So I guess, you know, I can't instruct you  
16 not to answer about other cases, Mr. Bryan.  But I'll  
17 just caution you not to reveal any sort of substantive  
18 work that you've done as an expert witness in other  
19 cases.

20  BY MR. GABER:

21           A.    I have access to FairLines data in some of

1 the work that I did for the state of Virginia.

2 Q. And what -- so I guess to back up here. So  
3 the reason for needing or mentioning disaggregated  
4 blocks, is that because the political data is only  
5 available at the precinct level in the official form?

6 A. Yes.

7 Q. And what is the -- in your work in Virginia,  
8 what is the methodology that was used to disaggregate  
9 the political data down to the block level?

10 MR. SHEEHY: Objection. And Mr. Gaber, I'm  
11 going to start drawing the line here at his work in  
12 other states. A, I don't see how it's relevant to what  
13 he did in Galveston. And I also would object on the  
14 grounds that he may have been doing expert work or  
15 otherwise protected work in Virginia. I don't know the  
16 extent of his work in Virginia, but I just don't see  
17 how it's relevant, and I caution Mr. Bryan to not  
18 reveal any confidences regarding his work in Virginia.

19 BY MR. GABER:

20 A. Disaggregation is a statistical technique.  
21 Each company has a proprietary way of doing it. I do.

1 It's my company's intellectual property as a  
2 disaggregation or the analytic techniques of FairLines  
3 would be. I don't know what methods they used to  
4 disaggregate, and they would not tell me or anybody  
5 else because that is their intellectual property, so I  
6 don't know.

7 Q. And in the Galveston matter, did you end up  
8 using any of FairLines's data or work from it?

9 A. No.

10 Q. Did you conduct your own disaggregation of  
11 the political data for Galveston County from the  
12 precinct level to the block level?

13 A. Yes, I did.

14 Q. And what was the methodology that you used  
15 to do that?

16 A. It was a proportionate allocation of the  
17 Cornyn race. And below that level, I'm going to site  
18 intellectual property or exactly what it was below  
19 that.

20 Q. And I'm sorry. The internet may have cut  
21 out for a second. You said proportionate allocation.

1 I missed what came after that.

2 A. The Cornyn. C-O-R-N-Y-N. The 2020 Cornyn  
3 race was the precinct data that I disaggregated to  
4 individual lots for analysis.

5 Q. Okay. And then I guess my question was what  
6 was the methodology or the formula or the outputs or  
7 the inputs to obtain that disaggregated political  
8 performance at the block level?

9 A. So our disaggregation technique is  
10 proprietary. It's part intellectual property, and I am  
11 not in a position to describe the exact mathematics  
12 that we used to get to that number. The outcome of  
13 that work, though, is an estimate of republican voters  
14 for Cornyn at a census block level.

15 Q. What input data is used to determine the  
16 output?

17 A. The precinct level low performance data for  
18 Cornyn, and then the demographic profile of each  
19 individual block.

20 Q. And what information is contained within the  
21 demographic profile?

1           A.    The total population, and the voting age  
2    population.

3           Q.    What about voting age population by race?

4           A.    That did not play a role in the  
5    disaggregation.

6           Q.    And when you say proportionate, what do you  
7    mean by that?

8                   MR. SHEEHY:  Object to form.  Go ahead.

9           BY MR. GABER:

10           A.    In a statistical context, proportion would  
11    be relative to the size of the population or the voting  
12    age population in a particular block.

13           Q.    And so is this assuming sort of an equal  
14    distribution across all of the census blocks or is it  
15    tied to the population of each census block?  What is  
16    the proportionate measure?

17                   MR. SHEEHY:  Objection.  Form.  Go ahead.

18           BY MR. GABER:

19           A.    Yeah.  I'm sorry.  That's getting into the  
20    details of our intellectual property and our  
21    proprietary method of block disaggregation and

1 allocation. So the exactly disaggregation methodology  
2 is I need to set that one aside. But I used the total  
3 population, voting age population, and I used the  
4 Cornyn precinct level performance to estimate block  
5 level Cornyn republican voters.

6 Q. And when you say voting age of population,  
7 are you just referring to the total number of people  
8 who are over the age of 18?

9 A. Yes, I am.

10 Q. Now, they would -- are there any other  
11 inputs into this analysis?

12 A. No.

13 Q. And I just want the record to be clear,  
14 you're not willing to say what the actual formula was  
15 to determine the analysis you did for this matter?

16 A. Yes, that's correct.

17 MR. SHEEHY: And I guess I'll also just put  
18 it in the record that the information is protected as  
19 proprietary, so --

20 MR. GABER: And I, you know, again, will  
21 object to withholding discoverable information on the

1 basis of no assertive privilege.

2 MR. SHEEHY: Information is protected by  
3 trade secret privilege. And I don't see how anything  
4 beyond what he has already testified to is relevant to  
5 your case. He's not here as an expert witness. He's  
6 here as a fact witness. He's told you what inputs and  
7 outputs he put in. I don't see why anything beyond  
8 that is going to be relevant to your case, Mr. Gaber.

9 BY MR. GABER:

10 Q. Mr. Bryan, I'm going to put back up on the  
11 screen Exhibit 3, which is the benchmark plan. Do you  
12 see that there?

13 A. Yes, I do. Thank you.

14 Q. Now, when you recreated this in Esri, can  
15 you describe for me what is on the screen? The tools,  
16 the information, the data that's available in the Esri  
17 program?

18 MR. SHEEHY: Objection. Form.

19 BY MR. GABER:

20 A. So there are several what we would refer to  
21 as layers in this map. This map is a PDF document that

1 would be an output of my software. The layers that you  
2 see in this map, you think about them from the bottom  
3 and surface of the earth working up, is that we have  
4 what is called a base map layer or a street map layer.  
5 And what that is is like a conventional paper map, it  
6 tells us, you know, the general landscape, the water  
7 features, major streets, thoroughfares, railroads,  
8 parks, major features that we would need to orient the  
9 reader of the map with Galveston's administrative  
10 geography.

11 So what you are looking at here are two  
12 layers in Esri's Arc map software representing the  
13 benchmark plan that are layered on top of the base map.  
14 So those two layers here are 1, which we would call a  
15 semitransparent thematic shape, are the colors which  
16 you can see through to the base map layer underneath  
17 it.

18 There is also another layer on top of this,  
19 which is a separate shape file, that I will refer to as  
20 an outline shape file. These layers reflect an  
21 aggregation of Texas precincts to each individual

1 commissioner's precinct. So this file was built as an  
2 aggregation of the 93 voting precincts that we had  
3 available that aligned with the boundaries of the  
4 benchmark plan that we were provided.

5 Q. And I guess perhaps I didn't say this  
6 clearly enough. I mean, the use of the exhibit here,  
7 it's sort of an illustration, as if you were drawing  
8 the plan in Esri, and not so much that this is an  
9 output PDF. But as you're actually drawing, say, the  
10 benchmark plan, that was the first thing you did,  
11 right, is you pretreated the benchmark plan?

12 MR. SHEEHY: Objection. Form.

13 BY MR. GABER:

14 A. That's the first step, yes.

15 Q. And so when you recreated the benchmark plan  
16 in Esri, what data is shown in Esri as you select each  
17 block? Is there a section of the website, or do you  
18 use the desktop version or the online version?

19 MR. SHEEHY: Objection form.

20 BY MR. GABER:

21 A. Yeah. So I'd like to be clear. But I do

1 not use Esri redistricting software at all. I never  
2 have, not even once.

3 Q. Okay.

4 A. I have my own code, my own analytic  
5 techniques that I have built based on my experience  
6 working for Esri and my experience working for the  
7 Census Bureau. So in building this plan, I didn't use  
8 demographic data at all. All I used was a map that  
9 said here is about what the outline of the existing  
10 commissioner precincts are. I looked at the 93  
11 precincts in Galveston County. And I said it looks  
12 like these precincts line up pretty good with the  
13 outline of the commissioner precincts.

14 So I assign each one of the precincts to the  
15 commissioner district that it belonged to. That's a  
16 manual process inside of my software.

17 Q. Does your software -- so you created a  
18 mapping software. Is that what I understand to be the  
19 case?

20 A. I have customized our own use and customized  
21 a technique within an Esri Arc map that does not

1 involve Esri redistricting software.

2 Q. Okay. Does your -- the software that you  
3 use, what data if any does it display on the screen as  
4 you're selecting which precincts to sign in to  
5 whichever districts?

6 MR. GABER: The witness is frozen on my  
7 screen. Does anyone else hear me?

8 MS. KLEIN: I can hear you, and he is frozen  
9 on my screen as well.

10 MR. GABER: So, for the record, we've had a  
11 bit of a minor technical malfunction. Is the reporter  
12 able to read back the question that I asked?

13 (The record was read as requested.)

14 MR. SHEEHY: Objection. Form. And sorry,  
15 Mr. Gaber, are we talking about when he recreated the  
16 benchmark plan just to get the time frame right that  
17 we're talking about here?

18 MR. GABER: Yeah. Let's start with the  
19 recreation of the benchmark plan.

20 BY MR. GABER:

21 A. There is no data on my screen while I'm

1 recreating the plans and creating the geographic  
2 representation that was my best estimate of the  
3 benchmark plan using 93 Texas voting precincts besides  
4 that.

5 Q. And so is it the case that the screen is  
6 just the base layer map of Galveston County, and then  
7 did you put your mouse to select the precincts on your  
8 software? Or how do you assign the precincts to a  
9 district?

10 MR. SHEEHY: Objection. Form. Just so the  
11 record is clear, because it's confusing, when you say  
12 precincts, Mr. Gaber, you're referring to voting  
13 precincts, and when you say district, you're referring  
14 to the commissioner court precincts. Correct?

15 MR. GABER: I am. I know it's confusing. I  
16 apologize.

17 BY MR. GABER:

18 Q. So I will try and say voting precincts. If  
19 I say districts, will you understand that to mean the  
20 commissioner precincts?

21 A. I'll try not to make the same mistake this

1 time.

2 Q. So I'll try to be more precise. On your  
3 screen, how do you assign voting precincts to  
4 commissioner precincts?

5 A. So I would do that by doing what's called  
6 activating the layer that has the 93 voting precincts.  
7 Every shape file has what is called an attribute file  
8 with either geographic characteristics or demographic  
9 characters of that particular shape file.

10 So what I would have done was create a  
11 variable in that precinct shape file, and that variable  
12 would have been something like benchmark, and I would  
13 have gone and populated that spreadsheet with an  
14 assignment of each one of those 93 precincts to the  
15 commissioner precincts that I believed that they belong  
16 to.

17 Q. And does this -- is this a manual process  
18 for inputting the data into the spreadsheet to assign  
19 the voting precincts to the commissioner precincts? Or  
20 can you interactively select them on your mapping  
21 software?

1 MR. SHEEHY: Object to the form.

2 BY MR. GABER:

3 A. It is possible to do it interactively. In  
4 this case, we would have done it manually because there  
5 were not that many pieces that needed to be assigned.

6 Q. So did your base layer have the voting  
7 precinct numbers shown on the map?

8 MR. SHEEHY: Objection to form.

9 BY MR. GABER:

10 A. I know there's going to be questions about  
11 the maps and the software, so I'm going to be very  
12 precise and deliberate when I talk about maps, versus  
13 shape files, versus what I see on my screen, because I  
14 want to make sure that everybody who may not be  
15 familiar with the software to know what I was seeing  
16 when I was doing my work. Fair?

17 Q. Yeah. And actually, this would be easier.  
18 So I think you probably understand what I'm trying to  
19 get at. I'm trying to understand what you were seeing,  
20 what the information on the screen was, and then how  
21 you translated that into either the block assignment

1 file, or the shape file that ultimately generated what  
2 we see as a PDF, or whatever output of a picture of a  
3 map.

4 So if you could just -- this is a broad  
5 question, but if you could just walk me through what  
6 all of that process is and what it looks like, I think  
7 that will be easier than me trying to guess what your  
8 software is and ask you questions about it.

9 A. So we'll do this one step at a time?

10 Q. Please.

11 A. So you asked me if I saw -- I think the  
12 precinct number on my screen, the precinct shape file  
13 has numerous variables, 20 or 30, so one of those  
14 variables would have been what the number of the  
15 precinct is for each row, combined with numerous other  
16 characters such as how big the precinct is, or what the  
17 latitude and longitude of its sense rate is.

18 So what I saw on the screen were all these  
19 characters of the precincts. I added a variable at the  
20 end of all those other variables that were already  
21 there, and then I would have populated that then empty

1 variable with an assignment of which precinct, which  
2 commissioner's precinct each one of the voting  
3 precincts then belonged to, and that was the end of  
4 that step of the exercise.

5 Q. And for the benchmark plan, you were  
6 recreating it from an image, right? Because you didn't  
7 have any sort of geographic file to upload for the  
8 benchmark plan. Is that right?

9 A. Yes, that's correct. So it was an estimate  
10 that we would need to validate and verify was correct  
11 later with the population data that we arrived at,  
12 which we did.

13 Q. And so, do you have the spreadsheet that  
14 will become the block assignment file? Is that term  
15 something that you use?

16 MR. SHEEHY: Objection. Form.

17 BY MR. GABER:

18 A. Not at that time, we didn't.

19 Q. So I guess how did you get from the screen  
20 that has the map to the spreadsheet that has the  
21 commissioner precinct assignments for each voting

1 precinct?

2 A. Can you repeat the question, please?

3 Q. Sure. How did you populate the spreadsheet  
4 with the commissioner precinct assignments for each  
5 voting precinct?

6 MR. SHEEHY: Objection. Form.

7 BY MR. GABER:

8 A. I'm not sure. It sounds like you're asking  
9 the question you asked previously, which is -- the  
10 answer to which is we manually assign each voting  
11 precinct to the commissioner precinct that it belonged  
12 to based on the visual image that I had separately of  
13 the benchmark plan.

14 Q. Okay.

15 A. Does that answer your question.

16 Q. It does. And so is it the case that your --  
17 the map you see on the screen in your software, it  
18 doesn't have any sort of demographic or population data  
19 shown at all, that that step happens in the spreadsheet  
20 to determine what that information is. Is that  
21 correct?

1           A. I want to be cautious with the word  
2 determine what that information is. It's a two-part  
3 question, so let me answer.

4           Q. Mr. Bryan, sorry. You froze. You wanted to  
5 be cautious, and then so let me answer. So if you  
6 don't mind repeating after so let me answer.

7           A. Sure. So what you asked was a two-part  
8 question. The first part is, you know, what numbers  
9 was I looking at, and then separately, you know, data  
10 that was determined. I want to be very precise and  
11 clear about the process.

12                   There is no demographic data on the screen  
13 when I'm working within my Esri environment. We do our  
14 mapmaking in Esri Arc map, and our process is then the  
15 data that is inside of those shape files, in this case  
16 the precinct assignments, that is connected to an Excel  
17 spreadsheet, and so the summary statistics about the  
18 plan are generated completely outside of the Esri  
19 operating environment in Excel. So it's a two-step  
20 process of editing a map, of building a map, and then  
21 separately assessing the characteristics of the map in

1 the Excel environment after we're done with a series of  
2 drafts is this.

3 MR. SHEEHY: Mr. Gaber, we've been going for  
4 about an hour and 20 minutes or so. Can we ask Mr.  
5 Bryan if he'd like to have a break at this point,  
6 stretch his legs?

7 MR. GABER: Yeah. Let's take a break if  
8 that works. How long do you think you need, Mr. Bryan?

9 THE DEPONENT: A few minutes. If you have a  
10 thread you're trying to wrap up, I'm happy to do that,  
11 but a short break would be nice.

12 MR. GABER: Let's take a short break, and we  
13 can come back in ten minutes, if that works. That  
14 would be 11:12 if that looks right. Let's say 11:15 to  
15 be even.

16 MR. SHEEHY: 11:15 it is. Thank you,  
17 Mr. Gaber.

18 THE VIDEOGRAPHER: The time is 11:02 a.m.,  
19 and we are off the record.

20 (A short break was taken.)

21 THE VIDEOGRAPHER: The time is 11:20 a.m.,

1 and we are back on the record.

2 BY MR. GABER:

3 Q. Mr. Bryan, before the break, we were talking  
4 about the information that is or is not on the screen,  
5 versus what's in the spreadsheet that you look at. Do  
6 you recall that?

7 A. Yes.

8 Q. And I wanted to ask whether your answers  
9 about the population information, is that the same with  
10 respect to the political performance data? Is that  
11 also not on the screen of the map as you're doing the  
12 mapping part of the process?

13 A. That's correct. It is not.

14 Q. And aside from the information that allows  
15 you to identify the voting precincts on the map, is  
16 there any other type of information that you would use  
17 for analysis of the plan that's available to you on the  
18 screen in your software?

19 MR. SHEEHY: Objection to form. Go ahead.

20 BY MR. GABER:

21 A. So in each one of these shape files, as I

1 | described earlier, there are data behind each one of  
2 | the shapes that are in the shape files. Every census  
3 | block, every census block group, every precinct, and  
4 | indeed for the whole county of Galveston. In a shape  
5 | file, a piece of it is a data set behind it that tells  
6 | you what the characteristics of each one of those in  
7 | this case what we would call polygon, that file tells  
8 | you what the characteristics of that particular piece  
9 | of geography is.

10 |           And in the case of this analysis, the shape  
11 | files that we use had all of the demographic data and  
12 | all of the political data in the background of those  
13 | shape files. So those data were available in the  
14 | software, but they were not reported to me or presented  
15 | to me as part of the software such as they would be in  
16 | Esri redistricting so that I can see as I do my draws  
17 | what the impact of the political performance of a  
18 | district would be.

19 |           Q.    And if you hover your mouse over a precinct,  
20 | a voting precinct, for example, does a dialogue box pop  
21 | up and give you some of that background information?

1 Or is there just no visibility to that information at  
2 all?

3 A. There is no visibility into that at all.  
4 You would have to go through a process and go look for  
5 that data that would be behind -- characters behind a  
6 particular polygon.

7 Q. Okay. And you did not do anything to see  
8 those characteristics as you were drawing the map?

9 MR. SHEEHY: Objection. Form. Go ahead.

10 BY MR. GABER:

11 A. That's a big question.

12 Q. What about it?

13 A. Can you clarify?

14 Q. I guess help me -- what causes you to say  
15 that's that's a big question? Like what --

16 A. That's the entire process.

17 Q. Okay. So what I mean is when you were  
18 drawing either the benchmark map or really any of the  
19 iterations of the plan, did you take any steps when you  
20 were in the mapping software to learn either the  
21 demographic or the political performance data that's

1 | loaded in the background of the shape files as you were  
2 | physically drawing the map in the program?

3 | MR. SHEEHY: Objection. Form.

4 | BY MR. GABER:

5 | A. In your earlier questioning, you missed a  
6 | step. I described to you how you join individual  
7 | voting precincts to the commissioner races. What I did  
8 | not tell you, you did not ask was how do you get block  
9 | level data. So there's a process to get precinct level  
10 | data associated with individual blocks.

11 | So in the creation of our block file, we had  
12 | to create political data at the block level. And the  
13 | way that you have to do that is by using a process  
14 | called a data join. So we use a data join to connect  
15 | the precincts in the block file to the precinct data  
16 | that we had in that shape file.

17 | So we knew for every block what precinct  
18 | that it belonged to and the political performance of  
19 | that voting precinct.

20 | Q. And when you say precinct there, you're  
21 | referring to the voting precincts. Right?

1 A. That's correct.

2 Q. And in addition to the political data  
3 disaggregated to the census block level within each  
4 voting precinct, you would have also had the  
5 demographic data for that census block in that same  
6 join. Is that right?

7 MR. SHEEHY: Objection. Form. And can we  
8 just have clarification, Mr. Gaber, on what exactly you  
9 mean by demographic information?

10 MR. GABER: Well, I'm going to ask  
11 Mr. Bryan.

12 BY MR. GABER:

13 A. We have the total population and population  
14 by race and ethnicity and the voting age population by  
15 race and ethnicity. That file is generated as part of  
16 a standard template that we create with custom  
17 statistical software and is a format and content that  
18 is identical for virtually every single case that we  
19 participate in, with very limited exceptions.

20 Q. Some mapping programs have, you know,  
21 shading on the screen, where you can shade by race, or

1 you can shade by political performance. I gather that  
2 your software doesn't have any of that for either of  
3 those categories?

4 A. The software is capable of generating  
5 thematic shading, what you would call it. I described  
6 it earlier as semi-transparent thematic shading, and I  
7 am confident that in the process of drawing what I  
8 would call the Four-R plan, I think we later referred  
9 to as map 2, that it is likely that I thematically  
10 shaded the Galveston map to identify where there were  
11 relatively higher or lower levels of republican  
12 performance around the county.

13 Q. And when you say it's likely, you just don't  
14 have a specific memory of doing that. Is that right?

15 A. I do not. You know, if the exercise is to  
16 rebalance republican performance around the county,  
17 then that is a technique that I would have used to  
18 identify where republican performance was relatively  
19 higher in some places, or lower in some places, to help  
20 me identify which voting precincts might be better for  
21 moving, and in between some different commissioner

1           precincts, and which might be better to be left alone  
2           and retained where they were.

3           Q.    Did you draw the -- I think on October 15th,  
4           sort of late that evening and into the early morning of  
5           the 16th is when you generated the first two maps.  
6           Does that sound right to you, the Four-R and the least  
7           change maps?

8           A.    That sounds right.

9           Q.    Which of the two of those did you draw  
10          first?

11          A.    I drew both of them more or less  
12          concurrently.

13          Q.    And the data join that you were just talking  
14          about to get the census blocks attributed to the voting  
15          precinct, was that the first step in the process before  
16          you started assigning census blocks to commissioner  
17          precincts?

18          A.    No.  That would have been later.  The first  
19          step we would have taken for the least change plan is  
20          just to identify populous geography that can be moved  
21          to create a least change plan as quickly as possible.

1 | And then prior to that data join that I explained to  
2 | you, we just looked at which precincts were more or  
3 | less republican, and just manually moved those  
4 | geographies around.

5 | That was the first step and the easy step  
6 | just to see what we could do as quickly as possible  
7 | prior to that join, which we executed shortly  
8 | thereafter.

9 | Q. And just for clarity, when you said which  
10 | precincts to move around based on republican  
11 | performance, that's voting precincts?

12 | A. Yes, that's correct, thank you.

13 | Q. At any point were you instructed with the  
14 | least change map which -- did that sort of ultimately  
15 | turn into map 1? Is that your understanding?

16 | A. That's correct.

17 | Q. Were you ever instructed to make that a  
18 | majority minority -- to have a majority minority  
19 | commissioner precinct, precinct number 3 in that map?

20 | MR. SHEEHY: Objection. Form. Go ahead.

21 | BY MR. GABER:

1 A. There were no instructions on race and  
2 ethnicity. The instructions were to minimize what we  
3 would call precinct splits. And what I mean by  
4 precinct splits are voting precinct splits.

5 And I later received direction that the  
6 conventional guardrails that we use for drawing a least  
7 change map are plus or minus five percent. I was asked  
8 to limit that deviation if possible to plus or minus  
9 two and a half percent. So those were the only two  
10 criteria that I considered in the drawing of map 1.

11 Q. So if there were a statement that the reason  
12 why the boundaries for map 1 were drawn was to create a  
13 majority and minority district, you're saying that  
14 would be an incorrect statement?

15 MR. SHEEHY: Objection form.

16 BY MR. GABER:

17 A. It's incorrect. The objective was minimize  
18 splits and minimize the deviation, the plus or minus  
19 two and a half percent.

20 Q. Okay. I'm going to mark as Exhibit 4 --

21 (Deposition Exhibit 4 was marked for

1 purposes of identification.)

2 BY MR. GABER:

3 Q. -- a spreadsheet that is Bates stamped  
4 Defendant's 00031696. And I'm going to screen share  
5 that.

6 MR. SHEEHY: This is Exhibit 4, Mr. Gaber?

7 MR. GABER: That's right.

8 BY MR. GABER:

9 Q. Okay. Mr. Bryan, do you see an Excel  
10 spreadsheet on your screen?

11 A. Is it possible for you to maybe move it or  
12 expand it? I'd like to see the name of the  
13 spreadsheet, and I'd like to see the tabs that are at  
14 the bottom of the spreadsheet. So if you can just  
15 change the height of it a little bit, please.

16 Q. Yeah. Let me try. Did that change anything  
17 for you?

18 A. It helps. I'm sorry. I'm not trying to be  
19 difficult. I just wanted to -- the screen doesn't fit  
20 our screen, so I'm just trying to see what you're  
21 seeing. So I apologize.

1 Q. No, that's fine. Has that changed anything?

2 A. It's back to where it started. So if you  
3 could make the top come down, the bottom come down,  
4 adjust the screen to shrink the top and bottom a little  
5 bit, please.

6 MR. SHEEHY: What you're wanting to see are  
7 the tabs at the bottom?

8 THE DEPONENT: Yes. There you go. Perfect.

9 MR. GABER: I was just moving around my  
10 desktop.

11 THE DEPONENT: You accidentally did it, so  
12 thank you, Mark.

13 BY MR. GABER:

14 Q. We'll leave it here. Okay. So the name of  
15 the file, whatever it was, has been replaced with the  
16 Bates number produced in litigation, but I can tell you  
17 that this is the spreadsheet that corresponds with the  
18 first two maps that you worked on, the 15th and the  
19 16th. Does that look right to you?

20 A. Yes.

21 Q. And so the first tab we have is 10\_15

1 blocks. And I gather that refers to the date, October  
2 15th, and the block assignments. Is that right?

3 A. This is the block assignment. That's  
4 correct.

5 Q. And assigned the -- the GEO ID column in  
6 Column A, those are the census block ID numbers. Is  
7 that correct?

8 A. It's the 2020 census blocks and the GEO ID  
9 name is a Census Bureau standard term.

10 Q. And then columns B, C, and D; B is the, I  
11 gather, is the benchmark commissioner precinct number  
12 assigned to each census block. Is that correct?

13 A. It is. And there's no significance to the  
14 name. As we started the project, we needed something  
15 convenient to call. It could have easily been named  
16 benchmark, but that was the benchmark assignment.

17 Q. And then C, I gather, is the least change  
18 proposal or draft, along with its corresponding  
19 commissioner precinct assignment for each census block?

20 A. Yes, that is correct.

21 Q. And then D is the Four-R draft map, and

1 again, with the commissioner precinct block  
2 assignments. Right?

3 A. Yes, that's correct. There should be  
4 approximately 7,000 rows or so. Maybe 7500 rows of  
5 block assignments in this particular tab.

6 Q. So one question that I have then is how do  
7 you get from -- is there a separate spreadsheet that  
8 has the voting precinct assignments for each  
9 commissioner precinct when you first drew the benchmark  
10 plan? Or how did it get to the census blocks?

11 A. So I apologize if I wasn't clear earlier.  
12 The block level assignment of voting data did not have  
13 it until later, probably three or four days into the  
14 exercise. At the early stage of our analysis, again,  
15 because we were going quickly, we were working with  
16 whole precincts, and so the whole precinct voting data  
17 at this stage of the analysis would have been  
18 completely captured in the orange tab of the VTDs, and  
19 VTD, if you look at the Galveston block tab in blue, I  
20 don't believe there was any political data  
21 disaggregated or joined to the blocks at this stage.

1 And if you go all the way to the right, please.

2 Q. Of the Galveston block table -- tab?

3 A. Go all the way to the right. Right. So we  
4 have the demographic characteristics, [indecipherable]  
5 characteristics, and then the block assignments from  
6 the earlier tab are -- should be identical to columns  
7 AH, AI, and AJ.

8 Q. And what was the word you said after  
9 demographic characters? It sounded like tunsing  
10 [phonetic], but I don't think that's right.

11 A. I'm sorry. I don't remember. It might have  
12 been another geographic assignment, but the important  
13 variables here are the block assignments in AH, AI, and  
14 AJ.

15 Q. And so earlier, when you described for the  
16 manual process of assigning a voting precincts to  
17 commissioner precincts, when you were drawing the map,  
18 where does that happen? Does that happen in this  
19 spreadsheet or is there a different spreadsheet?

20 A. So the assignment would have taken place in  
21 Esri Arc map, and then the data behind that is exported

1 into Excel, and then the analysis of those voting data  
2 would have started taking place here. So similar to  
3 how you have the Galveston blocks highlighted, and then  
4 there's a pop pivot tab, similarly the voting precinct  
5 political performance data would be in the orange VTD  
6 tab. That data doesn't really mean anything in that  
7 format, just acres of numbers. And so then we would  
8 take that and then create a VTD for the tab, which  
9 would summarize and organize this information for each  
10 one of the commissioner precincts. In this case, it  
11 was for the original, or what I'll refer to as the  
12 benchmark plan. There is also a summary here of my  
13 first attempt at a least change plan, and then third, a  
14 summary of the map, the Four-R plan.

15 So these are whole precincts. Some  
16 precincts are split, so this would, at this stage is an  
17 estimate, and is not 100 percent accurate.

18 Q. And so I guess I'm a little confused about  
19 one thing, which I maybe just didn't understand you  
20 earlier. When you say that the voting precincts were  
21 assigned to the commissioner precincts and Esri Arc

1 map. Is that what it's called?

2 A. Yes, that's correct.

3 Q. I had understood you to be sort of looking  
4 at the map, and then separately assigning the voting  
5 precincts to the commissioner precincts in Excel. Is  
6 there some automated which that happens in Esri Arc  
7 map?

8 A. I'm really sorry I didn't explain that  
9 clearly, Mark. The assignments took place in Esri. So  
10 we populated which commissioner precinct each voting  
11 precinct belonged to in Esri, and then exported that  
12 after we had done the voting precinct assignments out  
13 to Excel.

14 So if you click on the VTD tab, please, so  
15 please scroll all the way to the left, column B or C or  
16 D, for example, so the only information we had from the  
17 precincts without the data join would be whatever the  
18 VTD ID number is in column A.

19 All of these other data about the -- that  
20 are political performance statistics, those would have  
21 been joined in the Esri environment to those individual

1 VTDs, and then exported out into this Excel environment  
2 for our analysis.

3 Q. And how mechanically do you do the  
4 assignment in Esri Arc map? Are you clicking on the  
5 selector button for, like, commissioner precinct 1, 2,  
6 3, 4, then do you click the regions of the map that you  
7 want to assign to that? Or is it some other assignment  
8 process?

9 A. Yeah, fair question. It's very  
10 straightforward. We would select the pieces of  
11 geography that belong to, in this case, pieces of  
12 geography being voting precincts. We would select  
13 those precincts. They would show up as highlighted on  
14 my screen. And then you can select on a column in the  
15 Esri environment, and there's a button that says  
16 calculate. So you click on that button, and you  
17 calculate, and then you would enter the value that you  
18 want to assign for those selected pieces of geography.  
19 You would just iterate that for each one of the  
20 different commissioner precincts. Select the voting  
21 precincts. Calculate, select, calculate, until all of

1 the precincts were assigned.

2 Q. Okay.

3 A. Only after you had a complete assignment  
4 would we export this into the Excel environment for our  
5 political performance analysis there.

6 Q. So the -- what would be generated in the  
7 Excel, if you hadn't done any sort of data join, would  
8 just be a traditional block assignment file, let's say  
9 the census blocks, or -- would it be in the census  
10 block level or would it still be at the VTD?

11 A. We keep them separate. So in this case, all  
12 it would have been would be a VTD assignment. So  
13 without the political data, we have the VTD, and then  
14 this GalvDist least change for, you know, that --  
15 joining in the political data after we have what  
16 commissioner precincts each voter precinct has been  
17 assigned to.

18 Q. And does that join, the data join, for both  
19 the political data and the demographic and racial  
20 demographic data, does that happen in Esri itself? Or  
21 is that something you do separately in Excel?

1 MR. SHEEHY: Objection to form. Go ahead.

2 BY MR. GABER:

3 A. So those joins take place in the Esri  
4 environment. To the best of my knowledge, there's no  
5 way to do a geographic join in Excel. Maybe someone  
6 smarter than me has come up with a way, but I don't  
7 know. Way above my head. So that join of the  
8 geography join and the data join, all of that, you  
9 know, data development work takes place in the Esri  
10 environment, and then is exported after all these  
11 different kinds of joins are made into this environment  
12 that we're looking at to enable the analysis that we  
13 do.

14 Q. Okay. There's a note tab here. This one  
15 says there were 36 48039 blocks, and 748071 blocks in  
16 this originally.

17 A. That's correct.

18 Q. Do you know what that means?

19 A. I do. Unfortunately -- I laugh because it's  
20 painful. In the process of selecting blocks for  
21 Galveston, we selected the blocks using what is called

1 a spatial selection. And what that process did is  
2 inadvertently grabbed some irregularly shaped blocks  
3 around the border, the edge of Galveston County from  
4 count 48039 and 48071 and included them in our analysis  
5 as we got started.

6 It had, you know, about 40 blocks or so that  
7 should not have been there. So we subsequently reduced  
8 the blocks, only blocks that were in Galveston County.  
9 So it's just a minor GIS that we had to do to get the  
10 block file correct.

11 Q. The next tab is titled Galveston blocks, and  
12 this looks to me like it has all of the census block  
13 GEO IDs in column A, and then a host of columns with  
14 demographic data from the Census Bureau. Is that  
15 right?

16 A. Yeah. There are two different sets of  
17 demographic data in this file.

18 Q. Is that some from the American Community  
19 Survey and some from the census?

20 A. That's correct. Columns C through H are  
21 disaggregated American Community Survey data. I

1 | believe it was from the 2016 to 2020 vintage. Maybe  
2 | one year earlier, whatever the most recent was.  
3 | Started with column I. Those would be the beginning of  
4 | the PL 94171 block data. Those are not estimates.  
5 | Those are the actual data published by the bureau from  
6 | the 2020 census.

7 | Q. And for the ACS, if my memory serves, this  
8 | would have been the 2015 through 2019 data available in  
9 | the fall of 2021. Does that sound right to you?

10 | A. It's very possible, Mark. You know, we try  
11 | to update these as soon as they come out. And the  
12 | timing of the delivery of these files was impacted by  
13 | COVID. Since we processed all of them, it's very  
14 | possible that this was a 2015 to '19 vintage.

15 | Q. Then maybe you can help me with some of  
16 | these columns. So column C, it says ACS\_PP. What  
17 | would that be?

18 | A. That would be the population. So the total  
19 | population variable.

20 | Q. And then we have column D, ACS\_CV.

21 | A. So that would be the total citizen voting

1 population, or the CVAP variable.

2 Q. And then column E, we have AC\_WNH.

3 A. That would be the white non-Hispanic CVAP  
4 estimate.

5 Q. And then column F is AC\_BNH.

6 A. That's correct. That's the black not  
7 Hispanic CVAP estimate.

8 Q. Column G, I see AC\_ONH.

9 A. So that would be the other non-Hispanic  
10 variable. It is effectively a remainder or balance,  
11 which could include populations such as multi-race,  
12 some other race, or perhaps Asian. When you include  
13 that with the Hispanic estimate, which is in column H,  
14 the program is designed to ensure that the sum of each  
15 population by race and ethnicity equals the total CVAP  
16 estimate provided in column D.

17 Q. And when you say the program, what program  
18 are you referring to?

19 A. I have a statistical program that I've  
20 written that does the disaggregation. And part of the  
21 quality control of that software is to ensure that the

1 individual CVAP pieces by block sum to the total CVAP  
2 estimate by block. Our software guarantees that. Not  
3 all disaggregation estimates I have seen published by  
4 other experts ensure that level of accuracy.

5 Q. And so, as an example, the first census  
6 block that's listed has a total CVAP of 15, of zone 12,  
7 are white non-Hispanic, and column E and 3 are Hispanic  
8 from column FH. And that adds up to 15. And then so  
9 column -- starting with column I, all the way through  
10 is it column X, are the census data? Is that right?  
11 Or is this Y as well?

12 A. I'm sorry for interrupting. Go ahead, Mark.

13 Q. So I guess I just want to get clear. So we  
14 start with the census data in column I with the PL  
15 total. Is that right?

16 A. That is correct.

17 Q. And that's the total population in each  
18 census block?

19 A. That is.

20 Q. And I see that we go on for quite a few  
21 columns until we get to the block and size portion for

1 the precinct -- commissioner precincts, and it goes  
2 through A -- LAF column. What is F2020 POP?

3 MR. SHEEHY: Objection to form. Go ahead.

4 BY MR. GABER:

5 A. There is -- as you read from left to right,  
6 there are total population statistics through column M,  
7 and there are voting age population statistics, which  
8 you see starting in column O. Column O through T are  
9 replicates of the earlier columns. That is, column by  
10 column, all it is is the same definition, except for  
11 the voting age population, not the total population.

12 After that, you will see some housing unit  
13 statistics. And again, this is our standard template.  
14 We use the same variables, and the same data, and, you  
15 know, because there's cases where sometimes housing or  
16 households become important, so no matter what the case  
17 is, we always bring along all the housing unit, group  
18 quarters, household data just because that's what our  
19 template provides.

20 So if you scroll to the right from there,  
21 you'll see group porters. Group porters were a part of

1 the analysis, but it's more work to get rid of, you  
2 know, the housing data in GQ because it's part of our  
3 template. So just we bring all that data along.

4 Similarly, you know, we have statistics on  
5 percent of CVAP. So those statistics, again, are part  
6 of something we regularly produce in our template. The  
7 P80STNUM in column AD, I think that's a state  
8 legislative district assignment.

9 I think, if you scroll to the right, I'm  
10 sorry your picture is covering just the right part of  
11 the screen. So just scroll to the right, please.

12 The F -- to get to your question, column AF,  
13 the F 2020 population, that's a replicate of the total  
14 population variable. I will commonly put those out in  
15 the middle of a data set because we're now 50 columns  
16 to the right of where total population was originally,  
17 so it just helps me keep track of what the total  
18 population is.

19 And since the total population is what drove  
20 the definition of these commissioner precincts, it was  
21 important that I have that close to me while I was

1 doing the assignments, which you see is just to the  
2 right of those numbers.

3 Q. Column Z and column AA, those are the  
4 percent block CVAP and percent systemic CVAP for that  
5 census block. Is that right?

6 A. Yes, that's correct.

7 Q. And that -- I assume that's like a formula  
8 field? Does that link to the totals that were in  
9 earlier columns?

10 MR. SHEEHY: Objection to form. Go ahead.

11 BY MR. GABER:

12 A. Yes. And similarly CVAP and percent HVAP as  
13 well. There's -- in some places there's similarities  
14 or inconsistencies between these, so we will commonly  
15 look at these variables side by side if -- you know, if  
16 there's a need for it, we can determine whether they're  
17 consistent or inconsistent.

18 In this case we didn't need those statistics  
19 but, you know, because it's more work to get rid of  
20 data from our template than to bring it along, we just  
21 left that in there, just like the housing unit

1 household and GQ data.

2 Q. So the template that has like drop-down  
3 boxes at the top of each column, what is that? What's  
4 the purpose of that? What does it allow you to do?

5 A. It just enables us, for example, to -- it's  
6 an analytic feature of Excel. It's standard. It's  
7 nothing custom that I built. And what that would  
8 enable us to do, for example, would be create a subset  
9 of this field to examine more closely.

10 So in this case if we wanted to, you know,  
11 look at, for example, blocks, you know, what were the  
12 total population of blocks for the least change plan  
13 commissioner district 1, this would enable us to filter  
14 down to commissioner district one and do a visual  
15 examination of the total population of each one of the  
16 blocks in that district. That also enables us to do  
17 air checking and quality control work to make sure the  
18 data that we created is valid and reliable.

19 Q. I'm going to ask you about that mapping for  
20 a minute. When you got to the point -- so in the  
21 beginning you were just assigning full voting precinct

1 to each commissioner precinct in this first --

2 MR. SHEEHY: Objection. Objection. Form.

3 BY MR. GABER:

4 Q. Is that right?

5 MR. SHEEHY: Objection. Form.

6 BY MR. GABER:

7 A. Can you please restate, Mark?

8 Q. Sure. When you drew the least change and  
9 the Four-R map that are in this spreadsheet we're  
10 looking at, and I guess also the benchmark plan, you  
11 were at that point assigning full voting precincts to  
12 each commissioner precinct. Is that right?

13 MR. SHEEHY: Objection. Form. Go ahead.

14 BY MR. GABER:

15 A. There were two separate, you know,  
16 assignment exercises. You know, as I described  
17 earlier, there's a precinct assignment exercise, you  
18 know, where we have the 93 precincts, and we were able  
19 to assign each one of those voting precincts to a  
20 commissioner precinct. Separately, from that, you  
21 know, we needed to make a block assignment. So we had

1 a detailed block assignment file. This is more time  
2 consuming because there's 7500 pieces of geography we  
3 need to assign.

4 So the first step with this block file  
5 concurrent with the precinct work would be to create  
6 this individual block assignment file in each block and  
7 using a variety of techniques, assigning it to the  
8 commissioner district from the benchmark plan as a  
9 starting point, and then later as we began analyzing  
10 and developing our plans, we would start making block  
11 assignments for the least change and for the Four-R  
12 plans.

13 Q. And how do you make those block assignments?

14 Or how did you make those block assignments? Like I  
15 mean physically, how did that happen?

16 MR. SHEEHY: Objection form. And Mr. Gaber,  
17 your prior question referred to multiple maps, I think,  
18 the benchmark, least changes, and Four-R, so can we  
19 break those out or --

20 BY MR. GABER:

21 Q. So I guess I would ask Mr. Bryan is the

1 process different for the different maps such that we  
2 need to break them out individually or is it the same?

3 A. The process for blocks in general is  
4 similar, but I'm going to differentiate that from the  
5 precinct assignments, and here is why. Like I just  
6 showed you earlier in the note section, sometimes there  
7 can be irregularly shaped polygons, and so you can  
8 select a polygon based on where its centroid is, or  
9 where the center of the polygon is.

10 So sometimes it is the case unfortunately in  
11 a geographic information system that the majority of a  
12 polygon can be in one district, but the center of it  
13 could be in a different district, such as if it was  
14 following the contour of a river.

15 And when you are dealing with small pieces  
16 of geography such as blocks, as is the case in  
17 Galveston, this necessitates a two-step process to do a  
18 block assignment. The first step is you can just  
19 select blocks by where their centroid is, which is a  
20 standard functionality in Esri's software.

21 Subsequent to that, an analyst, myself,

1 someone would need to go look at those blocks along the  
2 edge just to make sure that that, in a broad strategy  
3 of assigning centroids, had done it correctly. And  
4 inevitably, there are always some blocks on the edge of  
5 a district, on the edge of a commissioner precinct that  
6 need to be manually reassigned.

7 So, in that regard, because there are many  
8 more pieces of geography, and they are smaller and more  
9 irregular than a precinct, it necessitates that longer,  
10 more laborious block assignment exercise, and it's just  
11 more time consuming and difficult, but it is critically  
12 important that it be accurate, because these block  
13 assignments are the record of what geography is in  
14 which commissioner precinct. Does that help?

15 Q. A little bit. I guess what I'm getting at  
16 or trying to get at is was this a manual process of  
17 assigning these blocks to the commissioner precincts  
18 for each of the dropped maps, or was it automatically  
19 generated?

20 MR. SHEEHY: Objection. Form. Go ahead.

21 BY MR. GABER:

1           A.    Again, I just described the process in  
2           detail.  It's a two-step process.  You can assign  
3           blocks by centroid, which is a standard Esri  
4           functionality.  And then there's a manual process  
5           involved after that to ensure quality control, and then  
6           all the blocks are assigned correctly.

7           Q.    And in terms of the quality control to  
8           ensure they're assigned correctly, what are you looking  
9           at to see that they are correctly assigned in this  
10          spreadsheet?

11          A.    So we would zoom in to the borders and look  
12          very, very carefully at these polygons, and see where  
13          exactly they are relative to the boundary of the  
14          commissioner precinct.

15                Unfortunately, in many cases with the census  
16          bureau TIGER shape files, there can be extremely small  
17          pieces of geography.  We refer to them as slivers,  
18          which could be a section of a highway, for example, and  
19          it's very difficult to determine, you know, if a  
20          polygon that's ten feet by 20 feet is on one side or  
21          another.  That's why the manual exercise is difficult.

1 But, again, it is critically important because this  
2 becomes the document of record of which geography  
3 belongs at which commissioner precinct.

4 Q. And so, if I understand then, and tell me if  
5 I have this right, first it's automatically generated  
6 using the centroid assignment feature. And then after  
7 that, you do the quality control by Zooming in in Esri  
8 to the map that's seeing the census block ID numbers,  
9 and then checking to ensure that in the spreadsheet  
10 they're correctly assigned to the right commissioner  
11 precinct in this Excel spreadsheet. Is that roughly  
12 correct?

13 MR. SHEEHY: Object to form.

14 BY MR. GABER:

15 A. It's roughly correct. I am cautious about  
16 using the word automatic. It's only automatic insofar  
17 as I would need to have gone in and told it what to go  
18 assign to what, and then the software would have done  
19 what I had told it to do. But you're -- conceptually,  
20 -- your construct is correct.

21 Q. And then in terms of locating the census

1 block within this spreadsheet that you're focussed on,  
2 to check to see that it's in the right place, are you  
3 using like control F and searching for the census block  
4 ID number?

5 MR. SHEEHY: Objection. Form.

6 BY MR. GABER:

7 A. Mark, are you asking about the second step,  
8 the manual assignment quality control?

9 Q. Yes.

10 A. Mark, all that work would have taken place  
11 inside of the Esri environment. Because there's no way  
12 to look at the spreadsheet and be able to tell, you  
13 know, where one block is relative to a boundary. So we  
14 would do that examination and quality control inside of  
15 the Esri software. And once we are sure or reasonably  
16 confident that we've got all the blocks correctly  
17 assigned to the right commissioner districts, we would  
18 then export the data behind that shape file into this  
19 environment to begin our analysis.

20 We try very to hard to make sure those  
21 assignments are correct, because if they're not

1 correct, any analysis we do downstream in this Excel  
2 environment will also not be correct.

3 Q. So the quality control, then, if I'm  
4 understanding, involves Zooming in on the map in Esri  
5 and ensuring that all of the census blocks are colored  
6 correctly from which commissioner precinct that they're  
7 assigned to?

8 MR. SHEEHY: Objection. Form.

9 BY MR. GABER:

10 A. Yes.

11 Q. Okay. Now I understand. So if there's a --  
12 there's a VTE tab in the spreadsheet, which we  
13 discussed, which has the voting precinct numbers, some  
14 political data, as well as, again, the block  
15 assignment. I guess in this case it's the VTD  
16 assignment to the commissioner precinct. Is that  
17 right?

18 A. Yes, that's correct.

19 Q. And then there's a POP pivot tab. And can  
20 you describe what this is?

21 A. So the pivot table functionality is one of

1 the most powerful analytic tools offered by Microsoft  
2 in Excel. What it enables us to do is summarize  
3 statistics and to create statistics by providing a  
4 variable, one or more variables, on an X axis, and one  
5 or more variables on a Y axis.

6 So what this pivot table is, is on the Y  
7 axis, it is an identification of each of the four  
8 commissioner districts. You'll see there's 1, 2, 3, 4,  
9 and then the total.

10 On the Y axis -- I'm sorry. On the X axis  
11 across the top, Y axis on the left, the Y axis is just  
12 a summary of every different demographic variable that  
13 we have. Everything that's possible. And as you can  
14 see, you know, we highlighted the total because that's  
15 the only variable, you know, for the purpose of this  
16 first round of drawing that we were concerned with.

17 You can see in rows 10, 11, and 12 that I  
18 created a two and a half percent what we will call  
19 guardrail above and below the population total for  
20 Galveston, which is 351,000 people. So the goal here  
21 is to create districts whose PL total population in

1 column G is within that 97.5 to 102.5 range.

2 Q. Okay. And then so this, I gather, has the  
3 number of columns, in addition to the total, that are  
4 not highlighted, that include voting age population  
5 data by race and ethnicity. Is that right?

6 MR. SHEEHY: Objection. Form. Go ahead.

7 BY MR. GABER:

8 A. I can't confirm one hundred percent accuracy  
9 of replication because, again, we were working very  
10 quickly, and the only number that mattered to us here  
11 was the total population. But as we work in this  
12 environment, you know, our template just kind of  
13 populates everything that we have, and then we zoom in  
14 and focus on the variables that are important to us.

15 So I believe that every one of these  
16 variables will align with the variables in the  
17 Galveston block table, but I cannot say with certainty  
18 that maybe one is missing.

19 Q. Do you -- on your screen, do you see the  
20 pivot table box on the right-hand side?

21 A. Which column?

1 Q. So it's not one of the columns. It's open  
2 in my Excel. I can move it to the left.

3 MR. SHEEHY: Your picture, Mark, covers  
4 about the right quarter of our screen, so anything off  
5 to the right that you can see, we cannot.

6 BY MR. GABER:

7 Q. How is that?

8 A. Better. Yes.

9 Q. Do you see pivot table fields where my mouse  
10 is?

11 A. Yes.

12 Q. Okay. And then, so selected here are ACS  
13 total CVAP, ACS white not Hispanic, ACS black not  
14 Hispanic, ACS other not Hispanic, and then ACS  
15 Hispanic. And then -- do you see all those?

16 A. Yeah. Pretty much just grabbed everything  
17 here.

18 Q. And then for the similar tab, it has the  
19 total from the census. Does that look right, for each  
20 of those categories?

21 A. Yes.

1 Q. And then again, same thing for the voting

2 age population by race. Those are all selected as

3 well. Do you see those?

4 A. That is correct.

5 Q. And then there's also a VTD pivot tab. Do

6 you see that?

7 A. That's correct.

8 Q. And then here we have again the original or

9 the benchmark plan, the least change in Four-R, with --

10 is this data from the Cornyn senate race?

11 A. Yes.

12 Q. Is this format of this particular

13 spreadsheet we're looking at, is this your standard

14 template spreadsheet for this type of analysis?

15 MR. SHEEHY: Objection. Form.

16 BY MR. GABER:

17 A. Mark, conventionally we would take

18 individual races and the contestants in those races and

19 sum up the votes, and then we would create a sum of the

20 total of the votes were cast. Often times it's

21 different than the number of actual registered voters,

1 I'm sure you know, and then we would create a percent  
2 republican estimate. In this case, by taking the count  
3 of the votes for Cornyn, divided by the sum of all  
4 votes that were cast within that district. And that's  
5 what is represented in column G. And this would be  
6 standard for any type of political analysis that we  
7 would do.

8 Q. And I meant to make my question a little bit  
9 more broadly, which is not specifically about that  
10 particular tab in the spreadsheet, but rather the  
11 spreadsheet as a whole. All of these tabs, and the  
12 political demographic data we've been looking at, and  
13 the block assignments, is this what represents your  
14 standard template for when you're doing analysis?

15 A. I would be more conservative and say that  
16 the population data, a block assignment file, and the  
17 population pivot, that's really what is standard here.  
18 The VTDs and the political data, those are something we  
19 would add on frequently because there's no standard in  
20 the census data for that. So, in a case like this,  
21 where political performance is important, we would add

1           that on. The foundation or the core of our standard  
2           template is really the demographic data. Anything else  
3           besides that kind of gets added to that template,  
4           depending on the case.

5           Q. Okay. Did Holtzman Vogel ask for an  
6           analytical spreadsheet like this or did you just  
7           produce that as part of your standard practice?

8           A. This is the standard template that I use.  
9           My client, Dale, did not ask for a specific format,  
10          like a report style, or specific content. He and Phil  
11          were interested in the outcome and the results, not in  
12          the format of the file that I produced for them.

13          And the template that we have here, and that  
14          I have in my other analytic spreadsheets, being our  
15          standard template, was sufficient for the analytic  
16          purposes of this exercise.

17          Q. Okay. I think I am going to take the  
18          spreadsheet, which was Exhibit 4, off the screen, and I  
19          am going to mark in a moment another exhibit, but I  
20          want to ask first, when you spoke with Mr. Gordon, when  
21          you were initially called, did he ask that you produce

1 the map -- the draft maps, as well as an analytical, in  
2 whatever form, you know, he wanted at the time, but  
3 some sort of analysis of those maps as well?

4 MR. SHEEHY: Objection. Form. Go ahead.

5 BY MR. GABER:

6 A. Mark, can you please restate that question?  
7 I want to make sure I'm really clear on what you're  
8 asking here.

9 Q. Sure. When you first spoke with Mr. Gordon  
10 about doing this work for Galveston, did he ask for  
11 both draft maps, as well as analysis of the  
12 characteristics of those maps?

13 MR. SHEEHY: Objection. Form. Go ahead.

14 BY MR. GABER:

15 A. I want to make sure that we're clear for the  
16 record that when I began the exercise, that, you know,  
17 I was -- my understanding is that I was primarily  
18 serving Dale, and that Phil was part of the team. So I  
19 don't want my answer to reflect an interpretation that  
20 I was doing this in response to Phil.

21 My response is I was doing this at the

1 request of Dale and Phil. And so in response to the  
2 needs of my client, yes, the interest was in create a  
3 work product that included both a map, you know, a  
4 picture of what the benchmark plan was, a map, a  
5 picture of what my maps would look like, as well as the  
6 statistics about the population deviation as was the  
7 case for a map point, and then the -- and I'll add to  
8 that, the -- later, the split precinct analysis. And  
9 then for map 2, the statistics that we needed again  
10 were to make sure that population deviation was within  
11 the two and a half percent. But in this case, in  
12 addition to the split precincts, we needed to know what  
13 the political performance was going to be of each one  
14 of those four districts under different scenarios. So  
15 those are the statistics that they told me that they  
16 needed in order to inform a decision about the  
17 development of those maps.

18 Q. And you didn't -- I think maybe I asked this  
19 already. You didn't know Mr. Oldham prior to this  
20 engagement. Right?

21 A. Had not met him. Did not know who he was.

1 Q. I am going to mark Exhibit 5.

2 (Deposition Exhibit 5 was marked for  
3 purposes of identification.)

4 BY MR. GABER:

5 Q. And this one does not have a Bates number  
6 because we generated it off of the least change block  
7 assignment file that was in the spreadsheet we were  
8 just looking at of Exhibit 4. Does this look familiar  
9 to you as the map that corresponds with the original  
10 least change block assignments?

11 A. Mark, it does. And the reason I can  
12 identify it as that is that this is an incomplete draft  
13 map with obvious discontinuous pieces of geography.

14 Q. Yeah. I noticed that as well. In the  
15 middle of -- for example, commissioner precinct 3,  
16 there's obviously a portion that was, you know,  
17 assigned to a different precinct. Is that right?

18 A. So the map, this least changed map and  
19 Four-R map that were the first drafts were never  
20 completed.

21 Q. So I have -- we added to this from -- ever

1 used Maptitude before?

2 A. I have not, but I'm very familiar with it.

3 Q. Okay. So this is the Maptitude population  
4 summary report that corresponds to that least change  
5 figure that's appended to the end of the map here. But  
6 this, I would -- assuming Maptitude and you have the  
7 same census data, that the percent has been 18 plus POP  
8 and the percent 18 plus block, that does correspond  
9 with what's in your Excel spreadsheet. Right?

10 MR. SHEEHY: Objection. Form. Go ahead.

11 BY MR. GABER:

12 Q. I missed the answer. Sorry?

13 A. Yeah, it's -- yes, they should. Since we  
14 have done so many cases where map issues have been  
15 involved, we very frequently will just check and  
16 reconcile and make sure our statistics are the same as  
17 other people for participating in the case, and they're  
18 always the same. I did not have the Maptitude data for  
19 this case, so I can't confirm that that quality control  
20 exercise would yield the same results.

21 Q. And then I'm going to mark -- give me one

1 moment so I can keep a record here -- as Exhibit 6 --

2 (Deposition Exhibit 6 was marked for

3 purposes of identification.)

4 BY MR. GABER:

5 Q. This will be the same concept, but this is

6 the map that was generated from the Four-R block

7 assignment field. Does that look familiar to you as

8 the Four-R map from the spreadsheet that we looked at

9 in Exhibit 4?

10 A. I believe it is. I can't say without

11 certainly, without looking at my work next to it.

12 Q. Do you see it still has the discontiguous

13 pieces as well?

14 A. Yes. Also, incomplete just like the least

15 change map preceding it.

16 Q. And like the last one, this contains the

17 Maptitude data that would correspond to the census data

18 in your spreadsheet. You said you didn't check

19 Maptitude for this project?

20 A. I have never seen the Maptitude report for

21 the project, so I don't know. But we invariably have

1 identical statistics, sometimes more statistics than  
2 what are published by Maptitude, so they should be  
3 consistent.

4 Q. When you were working on both the least  
5 change and the Four-R, is that the case that you  
6 started with the benchmark plan and then made changes  
7 from there?

8 A. Obviously for the least change map, by  
9 definition, sure, yes, we started with the benchmark  
10 plan. Also, with the Four-R plan, similarly, but the  
11 strategy, instead of working to, you know, how small of  
12 a change can you make in order to reduce deviation, the  
13 goal was instead to say, well, it may introduce more  
14 change, but is the output of the incremental change a  
15 different rebalancing of the republican performance of  
16 each district.

17 Q. Did you share the initial least change map  
18 and this Four-R map with anyone?

19 MR. SHEEHY: Objection. Form. Go ahead.

20 BY MR. GABER:

21 A. So I believe that on a Zoom call within a

1 | day or so of me making my first attempt at these two  
2 | maps, I shared these maps over with my clients.

3 | Q. Who was participating in that Zoom call?

4 | A. I am sure that Dale was on that call. I do  
5 | not remember if Phil was on that call or not. There  
6 | were -- obviously with a compressed time frame, many  
7 | calls. I just don't remember the inventory of who was  
8 | on or off each one, but Dale would have been.

9 | Q. And what was the feedback or response that  
10 | you got from Dale?

11 | MR. SHEEHY: And what date are we talking  
12 | about? Sorry, Mark. Just to have a clear record.

13 | MR. GABER: I don't know. But Mr. Bryan,  
14 | maybe you do.

15 | MR. SHEEHY: Well, I guess we're talking  
16 | about this map in front of us, October 15, Four-R,  
17 | so --

18 | BY MR. GABER:

19 | Q. Right. So my questions are about the Four-R  
20 | map, as well as the October 15th least change map. And  
21 | so a Zoom call about those first two draft maps.

1 A. It would have taken place pretty quickly.

2 Again, I was involved with some long distance travel at

3 the time, so I'm not sure right -- during before or

4 after that travel when that call took place, but it

5 would have been within a day or so of my work on this

6 on October 15th, I would have presented this

7 preliminary draft to Dale, and perhaps Dale and to

8 Phil.

9 Q. And then -- so I think the original question

10 was what was the feedback or comments that you received

11 from Dale about these two initial draft for our map and

12 least change map?

13 A. I did these maps on my own without any other

14 information or specific knowledge of Galveston. So

15 their reaction was that it was a good draft effort, and

16 they had some ideas how they wanted to adapt my work

17 and evolve this towards some ideas that they had about

18 what those two plans would look like, what their vision

19 was. It was an evolutionary process.

20 Q. And on that Zoom call, what were the ideas

21 that they, being Dale and possibly Mr. Gordon, that

1 | they shared?

2 | A. So, at this point, with Dale's knowledge of  
3 | the geography of Galveston, I would have received  
4 | direction to move certain polygons representing VTDs,  
5 | or maybe not move some of the VTDs that I had chosen.  
6 | So it was fairly precise direction, not just with the  
7 | high level direction I got for how to draw each plan,  
8 | but rather they had some ideas of specific parts of  
9 | Galveston that they thought were good for the moves  
10 | that they wanted to make, and they would have shared  
11 | that direction with me.

12 | Q. Do you recall any of the specifics of their  
13 | instructions?

14 | A. No, I really don't. But it would be  
15 | reflected in the next versions of these maps that we  
16 | see in the days following.

17 | Q. In providing the specific feedback about the  
18 | polygons to the move around the manhunt, were there any  
19 | thematic justifications or reasons given or was it just  
20 | like giving specific instructions about what to move  
21 | without explaining why?

1 MR. SHEEHY: Objection. Form. Go ahead.

2 BY MR. GABER:

3 A. Yeah, so it was very specific direction  
4 without justification. We were trying to move  
5 extremely fast. This was not one of those cases where  
6 you take a lot of time to talk about each neighborhood,  
7 or each move, or why we were doing things. It was a --  
8 we were given three or four days from starting the  
9 project to having complete plans.

10 MR. GABER: It is 12:30, I think. Do you  
11 want to stop now for lunch?

12 MR. SHEEHY: I think that sounds like a good  
13 idea.

14 MR. GABER: Okay. How long do you all want?

15 MR. SHEEHY: Do you want to say come back at  
16 1:15? 45 minutes.

17 MR. GABER: That works.

18 MR. SHEEHY: Okay. Excellent. We can go  
19 off the record.

20 THE VIDEOGRAPHER: All right. The time is  
21 12:30 p.m., and we are off the record.

1 (A lunch break was taken.)

2 THE VIDEOGRAPHER: The time is 1:20 p.m.,  
3 and we are back on the record.

4 BY MR. GABER:

5 Q. Good afternoon, Mr. Bryan. Before the  
6 break, we were talking about the Four-R and the least  
7 change map for October 15th. I'd like to move to the  
8 next set of maps that you produced, and I'm going to  
9 start showing you what I'll mark as Exhibit 7, and this  
10 is an e-mail with the Bates labeled Defendant'S  
11 00036194.

12 (Deposition Exhibit 7 was marked for  
13 purposes of identification.)

14 BY MR. GABER:

15 Q. And give me one moment. Okay. Do you -- on  
16 your screen, do you see an e-mail dated October 17,  
17 2021, 5:05 p.m. Central, from you to Jason Torchinsky,  
18 Phil Gordon, and Dale Oldham, with the subject line  
19 Galveston?

20 A. Yes.

21 Q. And I can scroll down a bit. Maybe I'll

1 start at the bottom so you can see where this  
2 conversation begins. You see it starts on October 16  
3 at 1:55 a.m.?

4 A. It was a long day.

5 Q. And that first e-mail, I gather, is about  
6 you discussing the Four-R map and the least change map  
7 that you did on the 15th. Right?

8 A. Yes.

9 Q. And then you had some discussions on  
10 scheduling coordination for setting up a meeting. Do  
11 you see that on the second page of this e-mail  
12 exchange?

13 A. I do.

14 Q. On October 16th, it looks like you're asking  
15 for Dale's name and contact info to roll. Does that  
16 refresh your recollection about whether -- that he  
17 wasn't on your first phone call you had with  
18 Mr. Gordon?

19 MR. SHEEHY: Objection. Form.

20 BY MR. GABER:

21 A. I don't know who was on the first phone

1 call. And if he was, I was just making sure I had  
2 clarity in who he was and what his role was in the  
3 project.

4 Q. Okay. So I gather at some point here, there  
5 was the Zoom conversation that we talked about earlier.  
6 Correct?

7 MR. SHEEHY: Objection. Vague.

8 BY MR. GABER:

9 A. I believe so.

10 Q. And then it looks to me at the top here that  
11 you're attaching some files and analysis spreadsheet  
12 dated October 17, and then a midline change plan for  
13 Galveston. Let's title it Galveston optimal deed plan  
14 and Galveston original plan. Do you see that?

15 A. Yes.

16 Q. And I'm going to -- so I'm going to mark  
17 this is Exhibit 7, 36194. I'm going -- attachments to  
18 this. So I'll mark as Exhibit 8 Defendant's 00036199  
19 and show you that.

20 (Deposition Exhibit 8 was marked for  
21 purposes of identification.)

1 BY MR. GABER:

2 Q. Do you see on your screen on the top titled  
3 Galveston Texas Draft Optimal D Plan?

4 A. I do.

5 Q. What does Optimal D stand for?

6 A. I don't know what the letter D was for. I  
7 think it may have represented just that it was a D for  
8 draft of the optimal plan. There wasn't any other  
9 special significance to the name.

10 Q. So you think it might have been draft?  
11 Optimal draft plan?

12 A. Could have been, yeah. There wasn't any  
13 other special meaning to it. Again, we were working  
14 very fast, and as fast as any name would come in my  
15 head, I would put it in as a name of a plan, and that's  
16 what it was.

17 Q. We talked a little bit earlier before the  
18 break about this. If we were to compare this next map,  
19 the optimal D plan, from the Four-R plan that we looked  
20 at earlier, the changes, the specific precinct, voting  
21 precinct changes, that direction came from Dale Oldham.

1 Is that correct?

2 A. Yeah, that's correct. And on these days,  
3 there was, I think, two or three different intermediate  
4 draft plans, and I don't think that any of these plans  
5 went any further than a preliminary or draft change.

6 Q. Did you title the maps or were those titles  
7 given by someone else?

8 A. I think I named these.

9 Q. I'm going to take the map down and mark as  
10 Exhibit 9 a spreadsheet which is Bates labeled  
11 Defendant's 00036197. And that's the spreadsheet that  
12 was attached to the e-mail we looked at that is Exhibit  
13 8.

14 (Deposition Exhibit 9 was marked for  
15 purposes of identification.)

16 BY MR. GABER:

17 Q. Do you see a spreadsheet on your screen?

18 A. Yes, I do.

19 Q. And can you see the whole thing or do I need  
20 to move it for you?

21 A. I mean, I can see it pretty well, but I

1 don't recognize the title of the file.

2 Q. Right. And that's -- that, of course, is  
3 the -- that's the Bates stamp that is given in the  
4 litigation to identify this document. So that way the  
5 title of the file would have been changed for that  
6 reason.

7 A. What was my name for the file?

8 Q. Say that again.

9 A. What was my name of this file?

10 Q. That would be from the e-mail, which let me  
11 look it up quickly for you.

12 A. 1017.

13 Q. I think so. Let me see.

14 MR. SHEEHY: It should also be in the  
15 metadata from the spreadsheet.

16 MR. GABER: Okay.

17 BY MR. GABER:

18 Q. The title on the e-mail is Galveston  
19 Analysis 101721. And you know the -- well, one thing I  
20 want to ask you, the creation date for all of the  
21 spreadsheets, I believe, that we received in discovery,

1 the analysis spreadsheets for all the plans all have an  
2 October 15, 2021 creation date. Is that related to  
3 when the original one was produced, and then the others  
4 were just iterations of that? Do you know why that  
5 would be --

6 MR. SHEEHY: Objection. Form. Go ahead.

7 BY MR. GABER:

8 A. I am sure that I just took the original  
9 file, loaded new data into it, loaded new analysis into  
10 it, and modified it.

11 Q. Okay.

12 A. I mean, like I said, we have a standard  
13 template. We just use it, and reuse it, and reuse it,  
14 rather than starting from scratch every time.

15 Q. Sure. Okay. So I have that up on the page,  
16 which is the spreadsheet you were just talking about.  
17 Between the first spreadsheet on the 15th and the  
18 second spreadsheet on the 17th, there appear to be some  
19 changes to the number of tabs, or the data contained  
20 within the tabs. Was a request made to change the type  
21 of data that was presented in the spreadsheet?

1 MR. SHEEHY: Objection. Form. And go

2 ahead.

3 BY MR. GABER:

4 A. I'm not sure the type of data changed.

5 There's demographic data, and there's -- by block. And

6 there's political data by VTD. There's not a repeat ab

7 on this tab because we resolved the block

8 mis-assignment by county problem.

9 Q. So still, in the block, the first tab, the

10 Galveston block data, we still have the BCS CVAP by

11 race and the census voting age follow population by

12 race. Is that right?

13 A. Yup.

14 Q. And then at the end of that, those columns,

15 is the block assignment for the precinct --

16 commissioner precinct block assignment. Do you see

17 that?

18 A. Mark, I can't see it. It's again kind of

19 behind your picture, off to the right-hand side. Can

20 you move the file a little to the left for me, please?

21 Q. Yes. Can you see it now?

1 A. Still not quite.

2 MR. SHEEHY: A little bit more.

3 THE DEPONENT: Shifted three columns to the  
4 left if we can.

5 MR. SHEEHY: There we go. Is that better?

6 BY MR. GABER:

7 A. Can you please expand those columns so I can  
8 see the name underneath it?

9 Q. Yes.

10 A. That's helpful, although you just moved  
11 under your picture.

12 Q. I'll move it again. It's all right. Okay.

13 Can you see the block assignments to the commissioner  
14 precinct to the draft plans?

15 A. Yes.

16 Q. And then there's a VTD data tab. Do you see  
17 that on your screen?

18 A. We do not. Not on this current  
19 presentation.

20 Q. Okay. Let me try this.

21 A. Now I can see it.

1 Q. It looks to me like there were some changes  
2 to the pop pivot tab in this iteration. Do you see the  
3 pop pivot tab on your screen?

4 A. Yes.

5 Q. And in this iteration, it looks like it's  
6 just the total population from the census, as well as  
7 the total population from the ACS citizen voting age.  
8 Do you see that?

9 A. Yes.

10 Q. And so absent -- and this iteration of the  
11 spreadsheet from the 17th of October is the population  
12 by race data. Do you see that?

13 A. Yeah. In this particular version, there was  
14 a population by race. You know, since we were moving  
15 quickly in this version, because we were kind of  
16 starting from every single thing that's out there  
17 that's possible, in this particular case all we wanted  
18 to do was narrow it down to check the deviation. So  
19 that's why I lost some of the data off of this one.

20 Q. And whose decision was that to remove that  
21 data?

1 A. It was mine. And it was a random spur of  
2 the moment decision just to really try and focus in on  
3 what the deviations were.

4 Q. Okay. So that wasn't a request that came to  
5 you from Dale or someone else?

6 A. No.

7 Q. All right. There was another map name in  
8 the discovery called optimal GEO. Do you know what  
9 that stood for?

10 A. It was just another name for an alternate  
11 optimal plan. And again, I was just kind of randomly  
12 naming these different versions of what a, quote,  
13 optimal plan could have been. There's no significance  
14 to the term geo no more than the letter D after the  
15 optimal D plan.

16 Q. Okay. Who -- eventually these became the  
17 least change and the optimal plan became maps 1 and 2.  
18 Is that right?

19 A. No, that's not correct.

20 Q. Okay. Tell me what I got wrong there.

21 A. Yeah. So there's a -- the least change map,

1 that was kind of one set of maps. There wasn't  
2 alternate versions, like optimal D or optimal GEO,  
3 things like that. So if you put the optimal map  
4 scheme, what we call the Four-R maps, there was kind of  
5 a little bit more variety of those in the beginning  
6 just exploring. You know, because we're trying to meet  
7 three different criteria instead of just two. So we  
8 kind of explored some different ways you could have  
9 potentially created that map.

10 So I think on or around the 17th, probably  
11 there was numerous different versions of these that we  
12 were working with. And then I think the optimal D and  
13 optimal GEO versions were dropped, and we focussed in  
14 on another plan that may have just been called optimal.

15 Q. Okay.

16 A. I think there were maybe at least three  
17 different, quote, optimal maps on the 17th, but only  
18 one of those progressed to become map 2.

19 Q. Okay. And map 1, was -- the idea was that  
20 was the least change?

21 A. Right.

1 MR. SHEEHY: Objection. Form. But go  
2 ahead.

3 BY MR. GABER:

4 Q. I'm going to mark as Exhibit 10 Bates  
5 stamped Defendant's 00036811. Show that to you on the  
6 screen.

7 (Deposition Exhibit 10 was marked for  
8 purposes of identification.)

9 BY MR. GABER:

10 Q. Do you see on that, the title Galveston  
11 Texas draft minimum change plan?

12 A. Yes. Can you again tell me what the  
13 original name of this file was?

14 Q. I'm sure there is a way I can do that. But  
15 I may need to ask someone else to help me perhaps --

16 A. In looking at this, you wanted seven  
17 different maps I drew that week because they were all  
18 minimum change plans.

19 Q. Well, I guess -- I think my question is  
20 perhaps a little broader that doesn't require us to  
21 nail down exactly which iteration it is. And the

1 question is. From the least change plan that you drew  
2 on the 15th, to this or, you know, even ultimately that  
3 one, one notable change is that the Bolivar Peninsula  
4 is added to precinct 3, and my question is who made the  
5 decision to add the Bolivar Peninsula to the minimum  
6 change plan?

7 A. My clients, the same people, were  
8 responsible for all of the decisions. Whoever was the  
9 leadership that they were representing, and whatever  
10 their decisions were about what to unify or what to  
11 exclude from different districts. I don't know who  
12 those people were, and I don't know how those decisions  
13 were made. I would have just received direction to  
14 unify the Bolivar Peninsula.

15 Q. And that would have come from Mr. Oldham or  
16 the Holtzman Vogel lawyers or who?

17 A. From, again, there were many calls. It  
18 would have been from Dale, or Dale and Phil together.  
19 Certainly Dale.

20 Q. Of the Holtzman Vogel lawyers, was it  
21 primarily Phil who you were having those Zoom meetings

1 or instructions were coming from, or were there others  
2 at Holtzman Vogel?

3 MR. SHEEHY: Objection. Form. Misstates  
4 some testimony. Go ahead.

5 BY MR. GABER:

6 A. Primarily Phil.

7 Q. Okay. I am going to mark as Exhibit 11  
8 Bates stamped Defendant's 00031181.

9 (Deposition Exhibit 11 was marked for  
10 purposes of identification.)

11 BY MR. GABER:

12 Q. And pull that up for you. Okay. You should  
13 have on your screen a calendar invite from you to  
14 Mr. Oldham dated October 22, 2021, sent at 8:42  
15 Central. Do you see that?

16 A. I do.

17 Q. And it's titled updated spreadsheet and  
18 attaches Galveston analysis 102121.XLXS.

19 Do you see that?

20 A. I do.

21 Q. Do you recall the purpose of this meeting?

1           A.    The purpose was the same as every one of our  
2           other daily updates during the week of developing this,  
3           which was to provide maps and analytics of the plan as  
4           it stood with the changes or developments.  And those  
5           changes and developments could be things that I had  
6           added to add information and clarity to the project as  
7           it evolved, as well as direction that I would have  
8           received directly from Dale and/or Phil.

9           Q.    I'm going to pull up the spreadsheet that  
10           was attached to this e-mail.  We'll mark that as  
11           Exhibit 12.

12           (Deposition Exhibit 12 was marked for  
13           purposes of identification.)

14           BY MR. GABER:

15           Q.    And that's Defendant's 00031182.  Let me  
16           close the other one so these don't get confused.  Okay.  
17           Do you see an Excel spreadsheet on your screen?

18           A.    I do.

19           Q.    And can you actually see the outline of the  
20           program?

21           A.    Yeah, Mark, I appreciate you asking that.

1 It's just funny how it fits sometimes. Yeah, I can see  
2 it all. Thank you.

3 Q. Okay. So this was attached to the meeting  
4 invite that was entitled updated spreadsheet. It looks  
5 to me as though there are a number of additional tabs  
6 on this spreadsheet, compared to the last one we looked  
7 at. Are these additional tabs the types of information  
8 that you were asked to -- I guess let me ask it this  
9 way.

10 What -- to you what are the differences, and  
11 which were ones that you came up with, and which were  
12 the ones that were requested of you?

13 MR. SHEEHY: Objection. Form. Go ahead.

14 BY MR. GABER:

15 A. Why don't we start in the leftmost tab, we  
16 can work across them left to right, and I can help you  
17 understand.

18 Q. Sure. So are we on Galveston block data or  
19 no?

20 A. So can you scroll all the way to the left,  
21 to column B?

1 Q. Yes.

2 A. So if you read from left to right, you know,  
3 some of the, you know, questions we would have gotten  
4 is, you know, someone looked at the data just to help  
5 understand what groups of these data were different,  
6 one from the next.

7 So, you know, so added some color coding  
8 just to help understand, you know, what was the ACS  
9 data, or what was the total, and what was the fact  
10 data. So just a couple of little visual cues to help  
11 understand this ocean of numbers. Can you scroll to  
12 the right?

13 Q. Sure. For the record, the ACS CVAP data in  
14 columns C through H. Is that right?

15 A. Yup.

16 Q. So those are in white.

17 A. Yes.

18 Q. Now we have the census data, the census  
19 noting -- sorry the census total population data by  
20 race is in columns I through N, and that's in sort of a  
21 tan color. Is that right?

1 A. Yes.

2 Q. And then we have the census voting age  
3 population by race has been put into a gray color. Is  
4 that right?

5 A. Yes.

6 Q. And that's columns O through T.

7 A. Yes.

8 MR. SHEEHY: Thank you. Yes.

9 BY MR. GABER:

10 Q. And then I gather the yellow ZAA and AB  
11 columns are the block assignments for the benchmark  
12 plan in column B, map one, and column AA in map two in  
13 column AB?

14 A. Mark, can you scroll a little to the right  
15 please?

16 Q. Yes. Does that work?

17 A. Yes, thank you.

18 Q. And so the yellow section that's the block  
19 assignment for the two draft plans and the benchmark  
20 plan?

21 A. Yes.

1 Q. And then you have a column in AC, is that  
2 the voting precinct ID number that corresponds to each  
3 census block?

4 A. Yes, it is. To be precise, that is the  
5 census VTE assignment, not the Texas precinct  
6 assignment. There's a subtle difference.

7 Q. Okay. And then column AD, there's a percent  
8 Cornyn. Is that the Cornyn estimated vote percentage  
9 for that census block?

10 A. Yes.

11 Q. And that was achieved through your  
12 disaggregation from the voting precinct?

13 A. Yes.

14 Q. And then there's an estimated R. What does  
15 that mean?

16 MR. SHEEHY: Can you scroll a little to the  
17 left, please?

18 BY MR. GABER:

19 Q. This is column AE. Do you see that?

20 A. Yes. You select cell like 83 for me,  
21 please? I got to remember what this was. So just

1 click on the cell. Like AE, for example. I can't see  
2 the formula here.

3 Q. I have clicked on one that says equals AD  
4 7466 times 0 7466. So AD times 0.

5 A. Right.

6 Q. Cornyn times population or [indecipherable].

7 A. So that would be the estimated republican  
8 VAP then, out of the percent Cornyn estimate.

9 Q. So I guess -- so in terms of the  
10 disaggregation to the block level, in column AD for  
11 this one, it's showing the 82 percent Cornyn, but  
12 obviously there's zero voting age population.

13 A. Yeah.

14 Q. How does that happen?

15 A. So there would be, in any given VTD, you  
16 could have numerous blocks that don't have any people  
17 in them. You know, Galveston is next to the water.  
18 There is, you know, there is water blocks, or there's  
19 beach block, and there's highway blocks next to the  
20 water. So, you know, the census bureau creates blocks  
21 even though many, many, many of them don't have any

1 population in them.

2 So in this case, you know, I would have had  
3 like a percent Cornyn estimate for that part of the  
4 county, but because there's no voting age population  
5 there, that wouldn't have resulted in an estimate of  
6 how many potential disaggregated republican voters  
7 there would be there. If there were that there, it  
8 would have generated an estimated R number.

9 Q. Is it your recollection that someone,  
10 Mr. Oldham or Mr. Gordon, asked for the color coding of  
11 the columns to help visually see the different sections  
12 in this first tab?

13 MR. SHEEHY: Objection. Form.

14 BY MR. GABER:

15 A. I would have added these colors on my own  
16 because we were at some point talking, you know, having  
17 a phone conversation and, you know, looking at some of  
18 the numbers, you know, maybe in one or two calls prior,  
19 and they were getting lost in all these columns, just  
20 for the sake of getting better customer service, I  
21 would have color coded them to help them just kind of

1 orient themselves to where they were in the  
2 spreadsheet. They didn't tell me I had to color code  
3 these.

4 Q. So the next tab, so the changes in the first  
5 tab look to be -- making it easier to see with the  
6 color coding. Right?

7 A. For sure.

8 Q. The next tab is the pop pivot tab. Do you  
9 see that on your screen?

10 A. Yes.

11 Q. And so the pop pivot tab in the last  
12 spreadsheet we looked at from 17 had been reduced down  
13 to the total population data. Do you recall that?

14 A. Yes, I do.

15 Q. And now, in this next version that we're  
16 looking at now, which is Exhibit 12, the VAP by race  
17 data is back in here. Do you see that?

18 A. You have to expand columns B through F,  
19 please, for me to be able to see those names.

20 Q. I will do that right now.

21 A. That looks good. Better. Team. That's

1 correct. Yeah.

2 Q. Okay. So we've got the total population,  
3 the total citizen voting age population, the total  
4 voting age population, and then in columns E and F, we  
5 have the total voting age population of black  
6 non-Hispanic, and the total voting age population of  
7 Hispanic. Is that right?

8 A. That's right.

9 Q. But did someone ask you to add these columns  
10 back in from your October 17th spreadsheet?

11 A. No. You know, the way that this process  
12 evolves, you know, with Galveston, as well as all of  
13 our clients, is that, you know, as -- in this  
14 particular case, you know, race didn't factor into the  
15 drawing of any of the plans. Bringing along all the  
16 data through the development of the plans just got in  
17 the way of what we were trying to focus on, which was  
18 deviation, as well as precinct splits.

19 By this point of the exercise, we were  
20 looking at the 21st now -- 21st to 22nd. You know, the  
21 draws were done. They were complete. And race hadn't

1 had any role in how we had drawn the plans or thought  
2 about the plans. So, you know, as we were getting  
3 close to being done, and blocking these plans, it would  
4 be standard practice for me, we started thinking about  
5 what are all the statistics, you know, what are all the  
6 characters of these districts as we're finalizing them,  
7 just so that clients are -- that I can understand, you  
8 know, what all the features and characteristics are of  
9 these districts now that we were done drawing them.

10 So that was my decision to implement a  
11 standard practice that we have for all of our analytics  
12 and all of our cases.

13 Q. And so it's your practice at the end of the  
14 drawing to add in -- well, I guess at the beginning of  
15 the drawing, this data was -- some of this data was in  
16 the first spreadsheet, but --

17 MR. SHEEHY: Go ahead and answer.

18 BY MR. GABER:

19 A. Yeah, all the raw data was, but there were  
20 no analytics of, you know, percentages, and like is  
21 there a majority in this district or not. And you

1 know, since the goal that we had was to assess the  
2 deviation, that's why if you look at spreadsheets from  
3 the 16th, and 17th, and 18th, and 19th, we just kind  
4 of, you know, got rid of the race data so we can really  
5 focus on the data that matters, which is the total.  
6 Once the drawing is done, you know, then, you can say,  
7 ah, you know, did these shake out in terms of race or  
8 ethnicity.

9 In other cases, you know, if race and  
10 ethnicity were important to the drawing of the plan,  
11 and I received that direction from the beginning, then,  
12 you know, these types of numbers, and this type of  
13 color coding would have been there through the entire  
14 exercise, rather than just at the end.

15 Q. And so I think my question, I think at some  
16 point I asked, did someone ask you to add, say, columns  
17 G, H, and I in here? The percentage black non-Hispanic  
18 voting age population, percent Hispanic voting age  
19 population, and the percent minority voting age  
20 population? Was that a request or was that something  
21 that you just did to provide the data?

1 MR. SHEEHY: Objection. Form. Go ahead.

2 BY MR. GABER:

3 A. Yeah, sure. I don't remember anyone ever  
4 asking me to do that. You know, it's my practice as a  
5 tomographer when I generate these plans that when I get  
6 to the conclusion of them, I provide a set of summary  
7 statistics, telling the client what the features of the  
8 plan were. So regardless if I had gotten direction or  
9 not direction to have done this, I would have done  
10 this, and I always do this for every plan and every  
11 district that I generate for a client.

12 Q. So in the columns G, H, and I, for the  
13 percentage black non-Hispanic VAP, Hispanic VAP, and  
14 minority VAP, there's color coding on a scale of green  
15 to red. Is that right?

16 A. Yes, that's correct.

17 Q. And I am not an expert at Excel, but my  
18 understanding is this comes from the conditional  
19 formatting function that I'm pointing at. Is that  
20 right?

21 A. You're more than expert than most people.

1 Q. And then if we go to the manage rules  
2 section, and then click on edit role, we can see that  
3 red is the lowest value and green is the highest value.

4 Is that right?

5 A. Right. Although that's not the process that  
6 I used to shade those cells, but conceptually you're on  
7 the right track.

8 Q. What was your process to shade them?

9 A. Yeah, so close that. Click on conditional  
10 formatting.

11 Q. Okay.

12 A. Okay. And then you go down to color scales.

13 Q. Okay.

14 A. This is really cool. If you just go over,  
15 if you just select a block of data, and you just click  
16 on one of those color scales, yeah, go ahead, select  
17 those numbers. For example, on conditional formatting,  
18 color scales, go pick one of those options. It just  
19 does it automatically. So what this enables you to do  
20 is see what some numbers are with different color  
21 schemes that some are higher, some are lower. I don't

1 | ever go to the effort of calculating the distribution  
2 | and standard deviations of these numbers so that I can  
3 | pick out red, or white, or green.

4 | The individual numbers don't have any  
5 | particular meaning. And let me show you what I mean by  
6 | that. Go to cell G8. You see where -- go over one.  
7 | H8. I'm sorry. You see how that's green?

8 | Q. Mm-hmm.

9 | A. And it's 22 percent. Right?

10 | Q. Right.

11 | A. Go over one cell and up one cell. You see  
12 | how that's red?

13 | Q. Yes.

14 | A. Green and red don't have AB, except within  
15 | this group that you're looking at, so 22 percent, for  
16 | Hispanic, math might be a little higher than average.  
17 | I just let Excel decide whatever the right coding is  
18 | for this.

19 | When you're looking at 23 percent, which is  
20 | a bigger number, Excel would say that's a red number,  
21 | that's a relatively small number. So those colors on

1 | their own don't have any particular meaning, except to  
2 | say relatively that some values might be higher, and  
3 | some values might be lower. There is no threshold or  
4 | special coding or programming that I do to decide what  
5 | those colors are or what the breaks are.

6 | Q. And they're in relation to each other in a  
7 | column. Right? So, for example, I4 through I7 or I8,  
8 | that's a total -- that's -- those are the ones that are  
9 | being scaled off each other in terms of green to red.

10 | Right?

11 | A. Yes, because they're different values. They  
12 | have a different scale range than either the blacks or  
13 | the Hispanics would, for example.

14 | Q. And so in column I here, this is the  
15 | benchmark plan, and it's the percentage minority VAP,  
16 | this is, by the way, this column, that's not -- that's  
17 | not from the census, right? That's a category  
18 | percentage minority VAP that you would have created by  
19 | having the sum of Hispanic plus black?

20 | A. Yes. So it's just a simple summary  
21 | statistic. In section 2, you know, it would be unusual

1 to combine multiple different minorities together, but  
2 this number kind of enabled me to see, like, all of --  
3 if you combine the two major minority groups in the  
4 county, in totality, like relatively how big or how  
5 small are they in different commissioner precincts.

6 Q. And when you say section 2, you're referring  
7 to section 2 the billing rights act?

8 A. Right.

9 Q. So in this column I, then, in precinct 3,  
10 the 61 percent, that's in green, and the others are in  
11 either red or white, and that's because there's a gulf  
12 between 61 and the 23, 28, 29 we see in the other  
13 precincts. Is that the reason behind the color  
14 differential?

15 MR. SHEEHY: Objection. Form.

16 BY MR. GABER:

17 A. So, you know, Excel decides what the brakes  
18 are. I'm a statistician. I would have the ability to  
19 go in and do this manually if I decided to take a lot  
20 of time. So I don't know how exactly Excel decided,  
21 like, one is green or lighter green. It just is a

1 relative number. But you're correct that the color  
2 coding indicates some amount of difference from high  
3 ranges to low ranges in this distribution.

4 Q. And if we look in particular at map 1 versus  
5 map 2 percent in the tab, we see, for example, column  
6 G, which is the percent black not Hispanic, and map 1,  
7 precinct 3 is in green, and the other precincts are in  
8 red, whereas in map 2, there's no precincts that are in  
9 green in the black not Hispanic percentage. Right?

10 MR. SHEEHY: Objection. Form.

11 BY MR. GABER:

12 A. Yes.

13 Q. And visually, what that would reflect is  
14 that in map 2, there isn't a commissioner's precinct  
15 that's terribly far away and it's black not Hispanic  
16 percentage from one of the other precincts in that same  
17 plan. Right? That's the idea behind this color coded  
18 formatting?

19 MR. SHEEHY: Objection. Form.

20 BY MR. GABER:

21 A. I mean, there's not -- I don't want to over

1 represent the thought process that went into the color  
2 coding or its interpretation. All it is is a sale  
3 that's between the column G and column H, how are some  
4 of those numbers, you know, relatively higher or  
5 relatively lower.

6 You know, when you look at the statistics  
7 for the black non-Hispanics on the left, you correctly  
8 state that they're either red or white. Similarly, if  
9 you look at the Hispanic population in column H, it's  
10 different than the Hispanic colors in the original and  
11 map 1. There's more bright green colors in the  
12 Hispanic population in map 2. So those numbers are  
13 really relative to each other, rather than having any  
14 specific individual significance.

15 Q. And they're relative in terms of the  
16 columns, right, that they're comparing in a column  
17 direction, not in a row direction?

18 A. I mean, in this particular case, it's my  
19 recollection that the black not Hispanic and the  
20 Hispanic map, I believe those were color coded  
21 together, and the total minority map was coded

1 | separately.

2 | Q. Okay.

3 | A. That, again, is why you can have a  
4 | redistricting plan where, you know, one race might turn  
5 | red, but the other one might turn much more  
6 | predominantly green. You rebalance the number of  
7 | blacks and Hispanics in different districts. Some are  
8 | naturally going to turn higher and more green, and  
9 | others are going to, you know, perhaps turn lower.

10 | Q. Was part of your engagement to do an  
11 | analysis of section 2 of the voting rights act for  
12 | Galveston?

13 | A. No.

14 | Q. Did you talk at all about section 2 with  
15 | Mr. Oldham or Mr. Gordon or anyone else?

16 | A. No.

17 | Q. Did you do any sort of racially  
18 | [indecipherable] voting analysis?

19 | A. No. I'm not a [indecipherable] two or three  
20 | expert. And I don't do that type of analysis.

21 | Q. In your conversations with Mr. Oldham or Mr.

1     Gordon, did you talk about the data we see here in  
2     columns G, H, and I, reporting the minority voting age  
3     population by black Hispanic and total minority?

4     MR. SHEEHY: Objection. Form.

5     BY MR. GABER:

6     A. I don't believe that we did.

7             Q. This spreadsheet also adds the TD splits and  
8     counts, tabs for map 1 and map 2. Do you see that?

9     A. Yes, I do.

10            Q. And what was the purpose of these tabs?

11            A. Mark, at this point in the analysis, what we  
12     needed to start doing is understanding the impact of  
13     each one of these two plans on the existing VTDs, to  
14     see if we accomplished our goal of minimizing those  
15     splits, and if we did have a split, how many pieces of  
16     geography were in each piece.

17            Q. In the last tab of the spreadsheet, which is  
18     the VTD political pivot, do you see that on your  
19     screen?

20     A. I do.

21            Q. VTD stands for voter tabulation district or

1 voting tabulation district. Is that right?

2 A. Yes, that's correct.

3 Q. And this has some political data. And then  
4 if you see on map 2, column N, do you see column N?

5 A. Yeah, there's a couple of notes there.

6 Q. So for commissioner precinct 1 in map 2, it  
7 notes that the republican performance, I'm assuming is  
8 probably lower. And then for precinct 4, it says  
9 probably higher. What is the basis for that note?

10 A. You know, what was interesting about that  
11 election is that there were some differences in  
12 republican voting up and down the ticket. And there  
13 were differences that I had seen overall in Texas  
14 between the results for the presidential election and  
15 then for Cornyn -- for Senate election. And it was my  
16 understanding that the Cornyn election, the Senate  
17 election, was more representative of republican voting  
18 in general in the State of Texas than the presidential  
19 election was.

20 And I think that was a phenomenon unique to  
21 Texas. So those notes show that for, you know,

1 districts, district 1, if you look at the percentage,  
2 republican for the Trump data, you see 65 percent,  
3 yeah, so then if you go to like G29, you see how the  
4 Cornyn percent number is lower? So what that note  
5 means is that even though we're looking at those  
6 presidential election results, that 65 percent, based  
7 on my analysis of the Cornyn race, the 65 percent is  
8 probably a little bit high. It was probably a little  
9 bit lower, more like 64 percent, which we show over in  
10 column G. You'll see that in row 30 and 31, the  
11 percent republican numbers between districts 2 and 3  
12 are basically identical. And then I think a fraction,  
13 when we look at district 4, the Cornyn number, if we  
14 push it out a couple of digits, I think it would be  
15 just a little bit higher than the Trump performance was  
16 in district 4.

17 So all those notes indicated that there was  
18 a little bit of difference between the presidential and  
19 the Senate republican turn out in Galveston in those  
20 districts.

21 Q. Okay. And the kind of split precincts,

1 those would already be accounted for by the  
2 disaggregation that you had done. Is that right?

3 MR. SHEEHY: Objection. Form. Go ahead.

4 BY MR. GABER:

5 A. These data are for the VTDs, not based on  
6 the disaggregated data. There is -- one of these many  
7 versions of this spreadsheet. There is a version that  
8 compares the VTD analysis with the disaggregated data  
9 analysis. I don't remember which one of these  
10 spreadsheets it was, but this is a VTD analysis.

11 Q. Okay. After -- we talked a little earlier  
12 about this, but at some point you met with at least  
13 some of the commissioners. Is that right?

14 MR. SHEEHY: Objection to form.

15 BY MR. GABER:

16 A. There was one day that there was a Zoom call  
17 with the commissioners.

18 Q. And do you recall meeting with commissioner  
19 Stephen Holmes?

20 A. I don't recall any individual commissioner  
21 from that day. I remember that it was a commissioner

1 meeting. Dale was on the Zoom, and I was on the Zoom.

2 Q. And you don't recall which other

3 commissioners you met with?

4 A. I honestly do not remember, no. I just

5 remember that it was a quorum.

6 Q. And so there's four commissioners, and one

7 county judge. Do you understand that?

8 A. Yes, I do remember that.

9 Q. Did you meet with Mark Henry, who is the

10 county judge about the matter?

11 A. Are you asking in the context of that call

12 or at any time?

13 Q. At any time.

14 MR. SHEEHY: Objection. Form. Go ahead.

15 BY MR. GABER:

16 A. I don't remember having a one off call with

17 Mr. Henry. I can't confirm or deny whether that call

18 or any call with anyone else besides Dale happened.

19 Q. Have you ever spoken to Mark Henry before?

20 A. I don't remember.

21 Q. Okay. But you do remember that there was a

1 Zoom call on which there was a quorum of the commission  
2 present?

3 MR. SHEEHY: Objection. Form.

4 BY MR. GABER:

5 A. Yes.

6 Q. And that would be -- is that three  
7 commissioners?

8 A. I believe --

9 MR. SHEEHY: Objection. Form.

10 BY MR. GABER:

11 A. I don't remember every one who was on the  
12 call that day.

13 Q. Did you get any requests or feedback from  
14 the commissioners you did meet with to -- about the  
15 map, the draft map, or potential changes to the draft  
16 map?

17 MR. SHEEHY: Objection. Form. Go ahead.

18 BY MR. GABER:

19 A. I remember that there was a general  
20 discussion about the features of each one of the maps,  
21 and since, you know, I was there in a supporting role,

1 just to be able to answer questions about the maps, if  
2 there were any. But Dale would have led that  
3 conversation and took the participants of that call  
4 through the maps and through their features. So the  
5 direction that I got, feedback I got was really what  
6 the commissioners thought about the maps that they  
7 channelled through Dale. And my recollection is there  
8 was very little direct feedback or, you know,  
9 discussion of adjusting things on the fly on those  
10 maps, it was kind of a reveal of what they were and  
11 what the futures of them were.

12 Q. And were you controlling the screen share or  
13 was Mr. Oldham doing that?

14 A. I am sure there was some point in that  
15 conversation when I shared my screen.

16 Q. In addition to the maps, is it the case that  
17 you also shared the analytic spreadsheet on the screen  
18 with the commissioners?

19 A. I am sure there were some numbers about the  
20 plans from those analytic spreadsheets that were shared  
21 with the audience.

1 Q. Do you recall any specific questions from  
2 any of the commissioners?

3 A. I do not.

4 Q. What about generally?

5 MR. SHEEHY: Objection. Form.

6 BY MR. GABER:

7 A. Questions that, you know, I remember  
8 getting, and that I was responsive to were questions  
9 about the guidelines that we used for the maps. You  
10 know, for map 1 was changed, you know, what's the  
11 deviation, what's the deviation relative to the  
12 original map, what are the splits, you know, those were  
13 the criteria for map 1, and those are the types of  
14 questions that I feel that are responsive to. For map  
15 2, there was questions about, again, aviation the  
16 number of splits, and then the political performance in  
17 particular, I'm sure that there was questions and  
18 interest in the political performance of map plan 2.

19 Q. And do you recall who asked questions about  
20 the political performance?

21 MR. SHEEHY: Objection. Form.

1 BY MR. GABER:

2 A. No. I'm sorry it was a fluid conversation.

3 Q. And were you asked questions about the  
4 racial demographic makeup of map 2?

5 A. I don't recall that I was, because those  
6 weren't any part of the criteria that we drew the maps  
7 to. We had them, if there was a question, or they were  
8 necessary, I don't recall that they were.

9 Q. So you don't recall any conversation with  
10 Commissioner Holmes about the demographic makeup, the  
11 racial demographic makeup of map 2?

12 MR. SHEEHY: Objection. Form.

13 BY MR. GABER:

14 A. I don't remember. There could have been. I  
15 just don't remember. I'm sorry.

16 Q. Do you have a specific memory of questions  
17 about the political performance and not a specific  
18 memory about the racial demographics? Or you offered  
19 the political performance. I'm just -- is that an  
20 actual specific memory you have of a political  
21 performance coming up?

1           A. I don't have a particular memory about it,  
2 but since that was the criteria we drew to for map 2,  
3 that's why there was interest in it. We didn't draw to  
4 any particular racial standards in map 1 or in map 2,  
5 so that's why I don't have a recollection of that being  
6 a point of the conversation. It wasn't what was  
7 relevant for drawing the maps that we drew.

8           Q. And the conversation with the commissioners  
9 about map 2, were the commissioners made aware of what  
10 the criteria were?

11           A. I don't know how to answer that question.  
12 The commissioners are in control of the process, and  
13 whatever conversations that they had with Dale,  
14 whatever was negotiated as the criteria for the plan  
15 happened before me, and outside of conversations that I  
16 was privy to, so I can't speak for them.

17           Q. So you don't know whether they were aware or  
18 told that political data was part of a consideration in  
19 drawing the second map. Is that fair?

20           MR. SHEEHY: Objection. Form. Go ahead.

21           BY MR. GABER:

1 A. My client, Dale, told me that that was the  
2 criteria for the second map draw. I didn't talk to the  
3 commissioners directly, not with Dale there. But if  
4 those were the criteria, then I don't know how they  
5 could not have known that that was the criteria that I  
6 was drawing their maps to.

7 Q. Okay. So when you were testifying a little  
8 bit ago about how there were questions about the  
9 deviation, and the splits, and the political  
10 performance, that is an assumption based on the fact  
11 that political performance was from Dale to you, one of  
12 the criteria that you were using to draw that plan. Is  
13 that correct?

14 A. Yes.

15 Q. And that's not based on a specific memory of  
16 an actual question from a commissioner about the  
17 political performance?

18 A. There was no specific questions from a  
19 specific commissioner that I remember. And I never  
20 interviewed any of the commissioners about what they  
21 thought that the rules were for me drawing my maps.

1 Q. Okay. How long would you say the meetings,  
2 the Zoom meeting -- was it one meeting or more than one  
3 meeting with commissioners?

4 A. I recall there were two Zoom meetings that  
5 were sent out. I only remember one. But it could have  
6 been one because it was a very long and engaging day  
7 with Dale, and I know there were conversations ongoing  
8 throughout that day. So I don't remember if the second  
9 Zoom call was a run-on, or how separate it was from the  
10 first conversation. And in my mind, it was all just  
11 one great big Zoom call. But it could have been  
12 separated into separate ones. I don't remember.

13 Q. I am going to mark as Exhibit 13 --

14 (Deposition Exhibit 13 was marked for  
15 purposes of identification.)

16 BY MR. GABER:

17 Q. Give me one moment. Mark as Exhibit 13 a  
18 document which is Bates labeled Defendant's 00036214.  
19 And Mr. Bryan, do you see on screen an e-mail dated  
20 October 22, 2021 from you to Mr. Gordon?

21 A. Yes.

1 Q. Do you recall this e-mail?

2 A. I do.

3 Q. Now, I don't know the details behind this,

4 but it appears to be some sort of issue between

5 Galveston County, and you and the attorneys. Can you

6 tell me more about whatever issues were being discussed

7 here?

8 MR. SHEEHY: Objection. Form. And also, I

9 don't know if you, Mr. Bryan, want to look further down

10 the message.

11 BY MR. GABER:

12 A. Yeah. Can you show me the whole?

13 Q. Sure. We'll start at the bottom. The first

14 one is an August 24, 2021 e-mail from Cheryl Johnson,

15 the Galveston County tax assessor collector. Do you

16 see those?

17 A. Scroll up. Yeah. Okay. Go ahead and move

18 up.

19 Q. And that's the top?

20 A. So --

21 MR. SHEEHY: I'll just -- objection to --

1 objection to form and foundation.

2 BY MR. GABER:

3 A. So, Mark, at this point of the exercise, the  
4 draw was done. When I say draw, you know, the two  
5 plans that may have turned out to be a couple of blocks  
6 of adjustment at the very end, the basic structure of  
7 these plans was done. And at this point in the  
8 exercise, the plan was pivoting towards doing in depth  
9 analysis basically of two things. One was the size of  
10 the population in the butter tabulation district. And  
11 again, that was part of the geocoding exercise we  
12 talked about earlier this morning.

13 And the other part was generating an  
14 analytic product that is conventionally at the end of a  
15 redistricting exercise known as a metes and bounds. A  
16 metes and bounds. And that's a really clinical  
17 forensic document that just basically says every turn  
18 and straightaway and intersection of a district, of a  
19 commissioner precinct district.

20 And, you know, we have -- my company has  
21 significant experience with the geocoding. We're very

1 |       capable of doing the VTD analysis and the butter  
2 |       analysis that were being asked of us, but there started  
3 |       at this stage to be a lot of questions about metes and  
4 |       bounds and other work products that were outside the  
5 |       scope of our expertise, and we were trying very hard  
6 |       with what we did have to meet the need of the client  
7 |       and to meet it as quickly as we possibly could.

8 |               And because we weren't familiar -- not  
9 |       expertly familiar with this type of analysis, we were  
10 |       struggling to meet their needs, so we were seeking at  
11 |       this point additional direction so we could best meet  
12 |       the needs of our client.

13 |              Q.   And I gather from this e-mail that, at least  
14 |       in your view, your primary clients were Mr. Gordon,  
15 |       Jason Torchinsky, and Jill -- is it Holtzman or Vogel?

16 |              A.   I'll explain it to you this way. I have  
17 |       worked for Senator Holtzman Vogel and Jason Torchinsky  
18 |       for many years on many projects and many cases. We  
19 |       have a close working relationship. And I expect that I  
20 |       will work on many more cases with them in the future.

21 |              In that sense, holistically, for my company

1 and my career, Jill, and Jason, and Shawn, and Phil are  
2 going to be globally my clients, and I hope will be for  
3 a very long time.

4 In this particular case, Dale was the client  
5 representing the commissioners. I didn't know who Dale  
6 was before this conversation. I didn't know what his  
7 role was. I didn't know his background. I didn't know  
8 anything, except he was leading the project.

9 So in a situation where I was struggling to  
10 fulfill the needs and the expectations of a client that  
11 I had been directed to by Holtzman Vogel, in the spirit  
12 and interest of providing the best possible service to  
13 those clients, I reached out to the people who I have a  
14 longstanding relationship with, and who know me and my  
15 company, and who know Dale and his relationship with  
16 the commissioners, to give me advice how to best do my  
17 job.

18 MR. SHEEHY: Mr. Gaber, we've been going  
19 about an hour, plus. I think we're about an hour and  
20 ten minutes. Is now a good time for us to stretch our  
21 legs and use the restroom?

1 MR. GABER: Yeah. If you don't mind, can we  
2 bring up one more exhibit and then we can take a break?

3 MR. SHEEHY: Works for me. Is that okay,  
4 Mr. Bryan?

5 THE DEPONENT: Yeah. I'm fine. Sure. Go  
6 ahead.

7 BY MR. GABER:

8 Q. Okay. So we'll mark as Exhibit 14 a  
9 document with the Bates labeled Defendant's 00031806.  
10 And we will put it up on the screen for you.

11 (Deposition Exhibit 14 was marked for  
12 purposes of identification.)

13 BY MR. GABER:

14 Q. You should see on your screen a print out of  
15 some text messages. Do you see that?

16 A. This is an export of my text messages with  
17 Phil Gordon.

18 Q. And then, if you see on the bottom of page  
19 1, you're in the blue. Right?

20 A. I am in the blue, yes.

21 Q. And then Phil Gordon is in the gray. And

1 you have a note that he works with Jason Torchinsky.

2 Is that right? I gather when Phil calls on your phone,

3 it pops up and says Phil works with Jason Torchinsky.

4 Is that right?

5 A. Yes.

6 Q. Okay. So it appears you're having

7 conversation on the 26th of October 2021 about some of

8 these issues with that sign, the Galveston County

9 Commission clients. Is that fair?

10 A. Not the commission. Just with Dale Oldham.

11 Q. Okay. Is Dale who you're referencing here,

12 for example, in this message at 6:27 p.m. on the 26th?

13 A. Yes, it is.

14 Q. And what were some of the difficulties that

15 you were experiencing with Dale?

16 A. It was the same technical difficulties with

17 expectations for things like metes and bounds analysis

18 that we didn't have the experience or background to

19 perform, let alone perform in the -- with the expertise

20 and the timing that we were being asked.

21 Q. Okay. Let's -- we can go ahead and take our

1 break now. Is 10 minutes good or 15? What would you  
2 guys like?

3 MR. SHEEHY: I think we just need 10. We're  
4 at, you know, an hour ten minutes here, so let's just  
5 take a ten-minute break, stretch our legs, and come on  
6 back.

7 MR. GABER: Okay. Let's come back at 2:40  
8 then.

9 MR. SHEEHY: Works for me.

10 THE VIDEOGRAPHER: The time is 2:29 p.m.,  
11 and we are off the record.

12 (A short break was taken.)

13 THE VIDEOGRAPHER: The time is 2:45 p.m.,  
14 and we are back on the record.

15 BY MR. GABER:

16 Q. Thank you. Welcome back, Mr. Bryan. I just  
17 wanted to note for the record I think I neglected to  
18 give the Bates number for the first exhibit. If that's  
19 the case, it was Defendant's 00031121. And I just want  
20 to make sure that that number was on the record.

21 MR. SHEEHY: 31121? Sorry.

1 MR. GABER: Yes. Yes. And that was Exhibit  
2 1, but otherwise I have no additional questions right  
3 now. I am going to turn it over, I believe, to  
4 Ms. Klein from the Southern Coalition For Social  
5 Justice. I think that's the order, unless DOJ is going  
6 next.

7 THE DEPONENT: Thanks, Mark.

8 MR. GABER: Thank you. It was nice to meet  
9 you.

10 THE DEPONENT: It was nice to meet you, too.

11 EXAMINATION BY MS. KLEIN:

12 Q. Thank you, Mr. Bryan. My name is Hilary  
13 Klein. I am one of the lawyers for the NAACP  
14 Plaintiffs. Thank you for being here today?

15 A. Thank you.

16 Q. Would it be possible for the court reporter  
17 to tell us just how much time is on the record?

18 THE COURT REPORTER: I would need the  
19 videographer to do that for you. My software doesn't  
20 compute it automatically.

21 MS. KLEIN: That's fine. Is the

1 videographer able to say how much time we've been on  
2 the record?

3 THE VIDEOGRAPHER: Give me one second.

4 MS. KLEIN: And we are back on the record.

5 Is that right?

6 THE VIDEOGRAPHER: Yes, we are. Counsel,  
7 we've been on the record for 3 hours and 42 minutes.

8 MS. KLEIN: Thank you.

9 BY MS. KLEIN:

10 Q. So, Mr. Bryan, I am going to ask you a bit  
11 of follow-up questions from discussion you've had with  
12 Mr. Gaber. I'll ask you about a few new topics. I  
13 might ask counsel to take a break just so I can maybe  
14 work on eliminating any duplication of questions you've  
15 already been asked. But we'll all try to go a little  
16 bit at least before we have to do that. So, Mr. Bryan,  
17 can you tell me, did you prepare for today's  
18 deposition?

19 A. I did.

20 Q. Can you tell me how you did that?

21 A. So I carefully reviewed the documents that

1 we had prepared and submitted as part of discovery,  
2 original work product that was sent out.

3 Q. And without telling me the content of those  
4 discussions, did you meet with counsel before the  
5 deposition to prepare for it?

6 A. I did.

7 Q. Can you tell me who you met with?

8 A. I met with Shawn Sheehy, who is sitting here  
9 with me.

10 Q. Anyone else?

11 A. No.

12 Q. About how many times did you meet with  
13 Mr. Sheehy?

14 A. We met yesterday morning, spent most of the  
15 day together, met briefly today before we got going.

16 Q. Other than documents produced I heard you  
17 say you reviewed, did you review any other documents  
18 that weren't produced in this matter as part of your  
19 preparation?

20 A. I had briefly reviewed the original  
21 complaint, and there was an expert report by someone.

1 I think her name was Dr. Traci Burch. And there were a  
2 number of other legal proceeding documents as part of  
3 the case that I briefly reviewed as well. I can't cite  
4 the individual documents that they were, but I just  
5 reviewed the legal course that the case has followed so  
6 far.

7 Q. Do you recall if those documents were filed  
8 with the court?

9 A. Yeah. Yes, they were. I don't know -- I  
10 don't know the status of Traci Burch's expert report.  
11 I know I saw the report, but the complaint and the  
12 other legal documents I saw were part of the history of  
13 the case.

14 Q. Other than Dr. Burch's report, do you recall  
15 reviewing any other expert reports in preparation for  
16 today's deposition?

17 A. I do not.

18 MR. SHEEHY: Objection to form. You're  
19 fine. You're fine. Just objection to form.

20 BY MS. KLEIN:

21 A. I do not.

1 Q. And outside of preparation, have you  
2 reviewed any other expert reports before sitting here  
3 in this deposition?

4 A. No, I have not.

5 Q. Have you viewed any of the plaintiff's  
6 demonstrative plans?

7 A. No, I have not. I'm sorry. Can I take that  
8 back? I reviewed a -- long after our exercise was  
9 done, I received a DOJ demonstrative plan in the spring  
10 of 2022, and was asked by counsel to look at that. I  
11 didn't look at any other plans besides the DOJ  
12 demonstrative file that I received.

13 Q. I'd like to ask you about a production that  
14 was made yesterday of three documents, and I'll  
15 represent all this to you. The Defendant's counsel  
16 produced three documents, one labeled Galveston blocks  
17 101521, one was labeled Galveston Four-R 101521  
18 outline, and one was labeled Galveston least change  
19 101521 outline.

20 So I'm going to ask you just a few questions  
21 down the line for each of these. But before I do that,

1 do you know which documents I'm referring to?

2 A. Yes, I do.

3 Q. Let's start with the Galveston blocks 101521  
4 final.

5 A. Okay.

6 Q. Can you tell me when this document was  
7 created?

8 A. Each one of those documents was Bates  
9 stamped with the date that it was created, so the 1015  
10 file is all the data and analytics we would have had  
11 done and created at the end of the business day on  
12 October 15 of 2021.

13 Q. And so is that the same for the other two  
14 files that I named?

15 A. No. Those two files are created separately  
16 on April 12 of 2023, just a few months ago.

17 Q. Why were they created in April of 2023?

18 A. So when I was working on developing the  
19 plans originally, because of the speed with which this  
20 case was developing, I did not take the time to create  
21 every piece of analytic infrastructure and every map

1 that I ordinarily would have if I had time to do so.  
2 And I realized as I was preparing for this in the early  
3 part of this year, that unlike some of the other plans  
4 that I had, for example, the day after, the day after  
5 that, the day after that, I had taken the time to do  
6 what's called a GIS dissolve, that is to take all the  
7 blocks and dissolve them into what's called an outline,  
8 so you can just see what the boundaries of a district  
9 are. You can't really do that very well just with a  
10 color coded block shape file.

11 So for the purposes of just reminding myself  
12 and familiarizing myself with, gosh, what was that  
13 first plan that I drew back on October 15th? I just  
14 took the data that I had from the October 15th block  
15 shape file, which is in that other zip shape file that  
16 you have, and I just created an outline to say what was  
17 the outline? What did that kind of look like for the  
18 least change and for the Four-R plans. Since those  
19 plans never went anywhere, they were immediately  
20 stopped, and I started work on other versions of those  
21 plans. There wasn't a need at the time that I was

1 working on it to create those. There was no analytic  
2 need. There was no value to them, except for just  
3 reminding me what do those plans look like kind of  
4 relevant to some of the subsequent plans we created.

5 Q. I'd like to follow up ask you a little bit  
6 more about a statement you just said, about how those  
7 plans, quote, I think I heard you say didn't go  
8 anywhere. Can you tell me a lit more about why those  
9 October 15th drafts never went anywhere, so to speak?

10 A. Hilary, yeah, I can't, you know, I can't  
11 explain to you on behalf of, you know, my client, Dale,  
12 why, you know, what particular things he liked or did  
13 not like about my plan. You know, I had one chance to  
14 -- and a very, very, very narrow window chance to draw  
15 two different plans on my own, and I had very little  
16 direction, besides go draw a least change and go draw a  
17 Four-R plan.

18 So, you know, between 24 and 36 hours later,  
19 when I showed those plans to the client, I can't say  
20 that I was terribly surprised. They had some ideas  
21 since they know Galveston and I did not, about, you

1 know, some other places that they would want those  
2 plans changed besides what I came up with, just based  
3 on the naive approach of just knowing the statistics  
4 about different parts of the county.

5 Q. So is it fair to say then that the October  
6 15th least change plan was an approach you took based  
7 upon the deviations that you saw in the benchmark and  
8 what needed to be rectified?

9 MR. SHEEHY: Objection to form.

10 BY MR. GABER:

11 A. I mean, it was honestly something I spent  
12 maybe a couple hours on, just trying to figure out as  
13 fast as I could how to move the fewest pieces in  
14 geography to get the deviation as small as possible. I  
15 wasn't considering anything else, except for how fast  
16 can I move the least pieces of geography to get that  
17 deviation number down. And since I don't know anything  
18 about Galveston, my clients do, then obviously, you  
19 know, when I submitted these draft plans, given what  
20 they know about Galveston that I don't, again, not a  
21 surprise that they had some other ideas of where a how

1 they wanted the benchmark plan updated to reflect what  
2 they know about Galveston.

3 Q. You discussed with Mr. Gaber earlier that  
4 one of those things that Dale asked to change in the  
5 least plan was adding Bolivar Peninsula to precinct 3.  
6 Do you remember that?

7 MR. SHEEHY: Objection. Form. Go ahead.

8 BY MS. KLEIN:

9 A. I remember the conversation, but I want to  
10 be careful and precise that the direction that I got  
11 from Dale Oldham would have been to move 20 different  
12 precincts, move things all over the place. There  
13 wasn't as if there was like one version of the map  
14 where you said go do this, go unify Bolivar, and that's  
15 the change for today.

16 There were numerous changes all over the  
17 map, and multiple changes sometimes over the course of  
18 one day. The change to Bolivar was one of many and a  
19 very fluid situation.

20 Q. I just want to narrow down the timing a  
21 little bit. And here I'm going to try to screen share.

1 I will admit right now I am not as technically savvy as  
2 Mr. Gaber, so you might have to bear with me as I kind  
3 of get into the flow of doing this.

4 But I just want to narrow down the timeline  
5 of between when you showed the October 15th maps to  
6 Mr. Oldham and maybe Mr. Gordon, and then afterwards  
7 sending the new revisions after you scrapped those  
8 versions. So I am going to -- I guess we are up to  
9 exhibit number --

10 MR. GABER: 14.

11 MS. KLEIN: Exhibit number 14?

12 MR. GABER: That's by my count. Or no. 15.

13 Sorry. By my count.

14 (Deposition Exhibit 15 was marked for  
15 purposes of identification.)

16 BY MS. KLEIN:

17 Q. So I am going to screen share in just one  
18 moment, and you'll tell me if you can see the entire  
19 document here.

20 MR. SHEEHY: Not yet.

21 BY MS. KLEIN:

1 Q. Is that visible to you, Mr. Bryan?

2 A. It is, yes, thank you.

3 Q. So here, I'm seeing Saturday October 16 at  
4 6:11 p.m. central time, you sent to Mr. Torchinsky,  
5 Mr. Oldham, and Mr. Gordon, a Zoom invite for the 17th  
6 of 11:00 a.m.?

7 A. That looks right.

8 Q. Do you recall that that meeting took place  
9 as planned?

10 A. I cannot say with certainty whether it did  
11 or did not.

12 Q. Do you recall that a meeting took place on  
13 the 17th?

14 A. Unfortunately, Hilary, I cannot think back  
15 to any one of those individual days and whether  
16 meetings took place or didn't or what time. I don't  
17 know if you were on the earlier part of the call, where  
18 I was in a part of the world six times zones different  
19 than east coast, traveling with my family.

20 So I traveled back to my office during the  
21 development of the project while working full-time, so

1           it regrettably is hard for me to remember through the  
2           course of all that travel and these different meeting  
3           invites what actually happened and when during that  
4           time. I am sorry.

5           Q. I absolutely understand. And I also  
6           understand this was a couple years ago. Assuming we  
7           never received -- it was never produced to us a  
8           cancellation of this Zoom invite, is it fair to say  
9           that a Zoom conversation took place on the 17th?

10           MR. SHEEHY: Objection to form.

11           BY MS. KLEIN:

12           A. You're suggesting that I would have had the  
13           time or made the effort to cancel one of these things  
14           is giving me way too much credit. It is entirely  
15           possibly, and I don't understand the line of  
16           questioning, but if the question is whether one of  
17           these meetings happened or not, there were phone calls  
18           that were happening intermittently throughout this  
19           exercise as well. So if I received a phone call that  
20           resolved the issue that we were meaning to discuss on  
21           this call, we would have just taken that phone call and

1 skipped this Zoom meeting without having sent out a  
2 cancellation.

3 Q. Okay. I think --

4 A. I'm sorry. I can't be more precise than  
5 that on this one meeting.

6 Q. All right. We can work in generalities,  
7 then, if the, you know, precise dates are hard for you  
8 to remember. After sending the -- just to make sure I  
9 understand the exchange that happened earlier with  
10 Mr. Gaber, after you devised the initial October 15  
11 versions --

12 A. Yes.

13 Q. -- over the course of the next few days, is  
14 it correct that you showed those maps to Mr. Oldham?

15 MR. SHEEHY: Objection. Form. Go ahead.

16 BY MS. KLEIN:

17 A. Because there was an extremely fast moving  
18 project, my goal was to just try and make a version of  
19 the map, and a version of the analytic spreadsheet that  
20 was the best I could come up with on each day as this  
21 evolved. So the goal would have been to work with

1 Mr. Oldham, and check in, and show how my drawing  
2 aligned with his expectations each day. So there would  
3 have either been a Zoom call to show him, or there  
4 would have been an e-mail chain with a spreadsheet and  
5 the maps included in it to update him on the progress.  
6 And I'm confident that there was either a Zoom or an  
7 e-mail or both on each one of those six or seven days.  
8 We went from nothing to a plan.

9 Q. Okay. I think I understand. I'm going to  
10 try to pull up what has been marked as Exhibit 4  
11 already by Mr. Gaber.

12 A. Okay.

13 Q. And this is the spreadsheet DEFS 00031696.  
14 And I will -- it should show up right now. And I'm  
15 going to try to zoom in here. Are you able to see --  
16 are you having any issues seeing any part of this  
17 spreadsheet?

18 A. If you can just shrink it down a little bit.  
19 Just like with earlier -- okay. That's helpful. Thank  
20 you very much.

21 Q. Sure. All right. I'm going to go to the

1 Galveston blocks tab.

2 A. Okay.

3 Q. And I'm going to -- I wanted to ask you  
4 about a few more columns. I'm not going to make you go  
5 through all of them again like you did with Mr. Gaber  
6 already. But I wanted to ask you about the column AK  
7 and AL. It says -- AK says leased flag and AL says  
8 Four-R flag. Can you tell me what the purpose of these  
9 columns are?

10 A. Of course. Can you select AK first, please?  
11 So these variables are variables that I would use kind  
12 of on the fly as diagnostic tools to flag and tell me  
13 the difference of how many blocks have changed between  
14 a new iteration of a map, and then the base map.

15 And so, again, these are dynamic variables.  
16 They change as, you know, we might go through different  
17 versions of the map. So you look at AK, what I would  
18 have done as I was working on this map, is I would have  
19 gone through and flagged blocks that were different  
20 between the least changed map and between the Galveston  
21 map, right, basically what was difference between AI

1 and AH. I would either keep those flags as I was  
2 working on the project, or I might just zero them out  
3 when I'm done working on it.

4 And it looks like for the purpose of this  
5 variable, I just zeroed everything out when I was done  
6 because I was done working on it. If you click over  
7 one to the Four-R flag, it looks like I kept some of  
8 the flags in the Four-R variable. So if you filter  
9 that, for example, and looked for the number 1, that  
10 would be an indicator that I was looking at -- if I  
11 compare the Four-R plan with the Gal -- this plan, it  
12 enabled me a quick way to kind of filter down to the  
13 individual blocks that were getting changed by that  
14 version of the plan.

15 So they're really just kind of on the fly  
16 diagnostic tools to help me examine what the moves are,  
17 and to which blocks as I'm developing the plan. Once  
18 I'm done with the plan, they don't have any other  
19 significance or meaning.

20 Q. Thank you. And what about the AO?

21 A. So do you see the sum? If you click on the

1 AO at the top, do you see how the sum is 350,000?

2 Earlier, when I was talking to Mark, I was explaining  
3 that the total population is the variable that we  
4 needed to really closely scrutinize on both of these  
5 plans to minimize the deviation.

6 So, in this case, what I did, because the PL  
7 total variable is about 30 columns to the left, I just  
8 brought an instance, or I brought a copy of it over to  
9 this far side of the spreadsheet so I didn't have to  
10 keep scrolling all the way back over to column C or D,  
11 or whatever it is all the way over there, when I was  
12 doing my analysis on this side of the spreadsheet with  
13 block assignments, there's nothing different, no  
14 significant meaning to that, except it was convenient  
15 for me to see how many people were on this side of the  
16 spreadsheet.

17 Q. Okay. Thank you. That's helpful.

18 A. Thank you.

19 Q. Do you remember when map 1 was finalized, in  
20 terms of where populated regions had been assigned to a  
21 precinct?

1 MR. SHEEHY: Objection to form. Just  
2 commissioner core precinct or voting precinct? Just so  
3 Im clear.

4 MS. KLEIN: Commissioner precinct.

5 BY MS. KLEIN:

6 A. It's a great question. The basic structure  
7 of the plans were finalized within a couple of days of  
8 us beginning, maybe the 19th or so. By the 19th, we  
9 were 99 percent of the way there.

10 I think I got a little bit of feedback on a  
11 couple of changes that needed to take place after the  
12 commissioner meeting. My recollection is that on map  
13 1, the least change map, there were some  
14 inconsistencies between the different precinct layers  
15 that made some water blocks necessary, and my  
16 recollection of both water blocks were not populous  
17 water blocks. They were just pieces of geography that  
18 needed to get moved into one plan or another because of  
19 a BTD [indecipherable.]

20 With plan 2, we'll call it map 2, my  
21 recollection is that in that plan, in the late stages,

1           there were some blocks that I may not have gotten  
2           correctly assigned to the right VTDs. I may have  
3           erroneously, you know, cut three or four blocks off of  
4           a VTD, and as part of our late stage quality control,  
5           maybe some feedback that Dale gave me in the late  
6           stage, there were some blocks. I think there were the  
7           late stage, there was maybe nine populous blocks that  
8           were moved in the map 2 plan. There really wasn't any  
9           significant moves after that. So the answer to your  
10          question directly, the maps were largely done on the  
11          17th and 18th. 99 percent done by the 19th. And then  
12          a couple of loose cleanups in the days following.

13                 Q. During the process, did you ever hear the  
14          term coastal precinct?

15                         MR. SHEEHY: Objection. Form, but go ahead.

16                 BY MS. KLEIN:

17                 A. It sounds vaguely familiar. I would be  
18          speculating just because I remembered hearing that term  
19          before. I probably did hear it in the context of this  
20          case, but I'm reluctant to confirm that or say anything  
21          specific about it.

1 Q. Do you remember whether you were told to  
2 consider particular communities of interest?

3 A. No. I remember, and I was not asked. So a  
4 two part question. Yeah. I do remember communities of  
5 interest are something that we, when asked to, we work  
6 very hard on. And in this case, those weren't part of  
7 the criteria we were asked to focus on.

8 Q. Do you remember from the benchmark plan  
9 where the under population and over population was that  
10 required redistricting?

11 MR. SHEEHY: Objection. Form. Go ahead.

12 BY MS. KLEIN:

13 A. I'm sorry. I don't remember well enough  
14 just from memory. I would be happy to take a survey,  
15 if you want to bring up one of the spreadsheets.

16 Q. So I'll actually show you -- you know what,  
17 scratch that. We'll move on.

18 A. I'm not trying to be difficult, but I don't  
19 want to make a mistake.

20 Q. No, I absolutely understand. No worries.  
21 We can just move on.

1 A. Okay. Thank you.

2 Q. Other than -- so we have talked about --  
3 today in this deposition, you have talked about, I've  
4 heard, the optimal plan, including two iterations of  
5 that, the optimal D, and the optimal GO. And we have  
6 talked about a least changed plan, which I have also  
7 heard referred to as a minimal change plan. So are  
8 there any other configurations other than those two we  
9 have discussed that you were asked to explore?

10 MR. SHEEHY: Objection. Form. Go ahead.

11 BY MS. KLEIN:

12 A. No.

13 Q. I'm going to pull up -- I'm going to pull up  
14 a -- Dave's Districting App screen. I don't think I  
15 will have to admit this as an exhibit, but if counsel  
16 wants me to do that, I can find a way to do that by  
17 taking a screen shot. Are you familiar with Dave's  
18 Redistricting App?

19 A. I am.

20 Q. Do you know it to be a reliable  
21 redistricting tool?

1           A.    It is not.

2           Q.    Can you tell me why?

3                   MR. SHEEHY:  Objection to form and also  
4           relevance.

5           BY MS. KLEIN:

6                   A.    I encountered Dave's Redistricting multiple  
7           times in the last redistricting cycle, and I have found  
8           mistakes in it.  There's almost a complete absence of  
9           definitions or documentation of it.  And several of  
10          their extensions, such as their compactness measures  
11          are calculated in a way that is inconsistent with best  
12          practices, and they're also not well documented.

13                   For those reasons, and because the quality  
14          and accuracy of the files that we use that are directly  
15          off of US Census Bureau files, and my knowledge that  
16          our files are exactly consistent with Maptitude, which  
17          is another redistricting software service provider,  
18          which is a very high quality and very reliable, that my  
19          preference is to stick with our software and the  
20          results from Maptitude and to stay away from the  
21          results from Dave's Redistricting.  It can be close

1 enough, but I would never take it to trial.

2 Q. What about Dave's Redistricting showing 2020  
3 VTDs?

4 MR. SHEEHY: Objection. Form. Relevance.

5 BY MS. KLEIN:

6 A. Hilary, this is an example where Dave's lack  
7 of accuracy and documentation is particularly  
8 problematic. VTDs and voting precincts are complex  
9 files, and they are dynamic. They're not stable. So  
10 overtime, a VTD or a precinct, they are slightly  
11 different but conceptually similar, the number of them  
12 can change, the boundaries of them can change, and  
13 depending whether you're using a census bureau  
14 definition, or whether in this case using the State of  
15 Texas definition, you can have very different results.

16 That is part of the reason why my company's  
17 practice is that we use both official forms of voting  
18 precincts or VTDs in all of our analysis so that we can  
19 be as complete company as possible, and make  
20 comparisons showing where similarities and differences  
21 are between different precinct and VTD files. I don't

1 know what precincts or VTD layers that Dave's provides,  
2 and I don't know what documentation they have, what  
3 fidgets they have, or how accurate they are, but I know  
4 mine are right.

5 Q. All right. Thank you for that. Then we'll  
6 scratch that exercise. Can you tell me whether you  
7 ever provided public commentary as something you should  
8 consider when you were drafting any of the proposed  
9 maps in Galveston?

10 MR. SHEEHY: Objection to form. Vague,  
11 ambiguous on that.

12 BY MS. KLEIN:

13 A. No.

14 Q. Can you tell me if you ever performed a core  
15 retention analysis on any of the maps you were drafting  
16 in Galveston?

17 A. Unusually, no, not this time.

18 Q. Tell me why you say unusually.

19 A. Because we have found core retention, and  
20 particularly an advancement of that tool, called a  
21 differential core retention, to be a very powerful and

1 accurate tool in assessing the movements of population  
2 in total, as well as by race and ethnicity between  
3 different districts in different draft redistricting  
4 plans.

5 When those types of differences and that  
6 type of analysis has been necessary to compare numerous  
7 alternate plans, it's very effective in assessing  
8 similarities or differences.

9 In this particular case, we didn't have time  
10 to run one of those analyses, but separately it may not  
11 have been called for, because I was not provided with  
12 plaintiff plans or any other alternate plans that I  
13 could have used to make a differential core retention  
14 analysis to say how similar or different the least  
15 change or the map to the Four-R plan was compared to  
16 other plaintiff plans. If we had that, and we had  
17 time, it's something we potentially could have done.

18 Q. Could you have done it just compared to the  
19 benchmark plan to see how many people would be  
20 switching who the incumbent would be in the next  
21 election under a draft plan?

1 MR. SHEEHY: Objection. Form. But go  
2 ahead.

3 BY MS. KLEIN:

4 A. I mean, we were really fortunate that in the  
5 least change plan, map 1, that it was fairly easy to  
6 make a small number of adjustments to achieve what you  
7 would call very small deviation.

8 You didn't have to make big changes. The  
9 plan was not that far out of alignment that we couldn't  
10 get it within the guardrails. So for map 1, I would  
11 say I wouldn't have bothered to run it, because I can  
12 just tell you, off the top of my head, core retention  
13 would have been 95 percent or higher, just knowing the  
14 moves that we made. It would have been very high. It  
15 would not have added value.

16 It could have added some benefit and value  
17 on map 2, because you may have been able to see, you  
18 know, if there were any differences in different kinds  
19 of population that were being moved around. But,  
20 again, since race and ethnicity were not a criteria  
21 consideration that I was given in the drawing of those

1 plans, until and unless that was a criteria, then I  
2 probably would not have run a GCRA for those reasons.

3 Q. And just so the record is clear, GCRA stands  
4 for what?

5 A. I'm sorry. A differential core retention  
6 analysis.

7 Q. You said that you thought, based on how the  
8 least change plan looked, that it would do very well on  
9 core retention high score, I think I heard you say.

10 A. Yes.

11 Q. Would you agree that the enacted plan, map  
12 2, would score worse than the least changed plan?

13 A. Yes.

14 Q. How do you think that that plan would have  
15 scored on a core retention analysis?

16 MR. SHEEHY: Objection to the form.

17 BY MS. KLEIN:

18 A. Because that plan had more moves. I'm  
19 reluctant to say off the top of my head just based on  
20 expertise what the percentages would have been. A core  
21 retention analysis is a complex statistical analysis,

1 and it's, you know, once you get beyond, you know,  
2 there's virtually no change to -- if there's some  
3 changes in different parts of the county, it's really  
4 hard to say how much of a difference it would have  
5 made.

6 But I will absolutely agree that there would  
7 have been core or core retention. I can't say how  
8 much, and I can't say if the differential core  
9 retention would have shown more or less movement of  
10 minorities than the total population or a like  
11 population. It's very hard to say without running the  
12 exercise.

13 Q. Do you agree that core retention is a  
14 traditional redistricting criteria that jurisdictions  
15 do use as common practice?

16 MR. SHEEHY: Objection. Calls for a legal  
17 conclusion.

18 BY MS. KLEIN:

19 A. In my history and research, such as the NCSL  
20 website, and other state and local websites that  
21 mention minimizing change, sometimes that guidance,

1 state and local guidance, as well as the guidance by  
2 NCSL, core retention is mentioned as a redistricting  
3 principal.

4 Sometimes, as in the case, there's a case in  
5 San Juan County, New Mexico, where a lot of change  
6 needed to happen because the county changed a lot. And  
7 so in some cases, if there is a lot of change that  
8 needs to happen, then core retention is effective in  
9 telling you how much and where those changes needed to  
10 happen.

11 But they happen because of necessity,  
12 because the plan was significantly out of balance. You  
13 know, in Galveston, the plan was not wildly out of  
14 balance. So the differences that a DCRA would have  
15 found in a place like Galveston would be much smaller  
16 than you would find in a county that needed a  
17 significant amount of rebalance.

18 Q. If you had been asked to prioritize core  
19 retention and create a coastal precinct, would that be  
20 a principal and approach you could have followed?

21 MR. SHEEHY: Objection to form.

1       Speculation.

2       BY MS. KLEIN:

3               A.    I am adept at applying a wide variety of

4       redistricting principles in different areas for

5       different reasons. They differ almost all the time.

6       So if a different set of rules had been given to me as

7       I get in different cases almost every week, I'm

8       confident we can apply a different set of rules, and it

9       would have come up with a different answer if we had

10      prioritized different redistricting criteria.

11               Q.    All right. Do you think we can go on a

12      brief break? Because I think that I might have

13      concluded most of my questioning, but I just want to

14      make sure. I tried to eliminate a lot over overlap

15      with Mr. Gaber, just in the interest of respecting the

16      witness's time. Could we take maybe a five to ten

17      minute break?

18               A.    Sure.

19               MR. SHEEHY: Yes. That's fine. We'll just

20      come back at 3:35 Eastern time. How does that sound?

21               MS. KLEIN: That's fine with me. Thank you.

1 MR. SHEEHY: Meet you halfway.

2 MS. KLEIN: Thank you.

3 THE VIDEOGRAPHER: Off the record.

4 (A short break was taken.)

5 THE VIDEOGRAPHER: The time is 3:38 p.m.,

6 and we are back on the record.

7 BY MS. KLEIN:

8 Q. Mr. Bryan, we were talking earlier about  
9 your payment for the Galveston matter. Do you remember  
10 how much you were paid for your work in Galveston?

11 MR. SHEEHY: Objection. Form.

12 BY MS. KLEIN:

13 A. It was a long time ago I think that that one  
14 week of work, I did 30 or 40 hours of work  
15 approximately, so I think that invoice was between 10  
16 and \$15,000. There has been other intermittent work  
17 over time since then, but relatively small numbers of  
18 hours that were sent.

19 I don't think I sent an invoice again until  
20 maybe a couple of months ago that would reflect that  
21 small number of extra hours that I've worked on this.

1 The first invoice for that week was between 10 and 15,  
2 to the best of my memory.

3 Q. And you -- of the 30 to 40 hours you  
4 estimate you worked on this matter, how many of those  
5 hours were in October of 2021?

6 A. I think most of them were in that week of  
7 the 15th through the -- right about roughly two weeks  
8 -- the last two weeks of October. The additional work  
9 that was done in November and December was relatively  
10 few hours, just working on, for example, cleaning up  
11 VTDs and doing geocoding work that was discussed  
12 earlier.

13 Q. Earlier you talked about geocoding. Can you  
14 remind me what you were talking about earlier, what you  
15 were referring to when you say geocoding work?

16 A. Yes, I will. As part of exercise of  
17 redistricting, one of the last steps inevitably is that  
18 there needed to be voting precincts or voting  
19 tabulation districts need to be drawn. And the reason  
20 for that is that typically voting precincts or voting  
21 tabulation districts can't be more than about 5,000

1 people. Some places have laws or laws. Others just  
2 have guidance, not more than 5,000 people because for  
3 the registrar's perspective, if you're trying to set up  
4 polling places and infrastructure to facilitate an  
5 election, having a VTD or a precinct with 10,000 people  
6 in it can really be burdensome.

7 So what our work did is we got a list of the  
8 photos in Galveston. There were approximately 228,000  
9 of them, and there was a analytic technique and  
10 geographic information systems that can change that  
11 address of where those photos are, to an actual point  
12 on the map.

13 So the work that we did, is we did the  
14 geocoding exercise to assign a latitude and longitude  
15 point on the map where all of the voters in Galveston  
16 were located, and then we counted up how many voters  
17 there were within the existing precincts, and then we  
18 delivered that information to our client to help inform  
19 decisions about where and how to draw new precinct  
20 boundaries because of the changes in the populations in  
21 the county.

1 Q. Do you recall when that happened?

2 MR. SHEEHY: Objection. Form. Go ahead.

3 BY MS. KLEIN:

4 A. There were three different versions of  
5 precincts that were sent to us for analysis. One was I  
6 believe in November. It was called V3. There was  
7 another one again two years ago. There was another one  
8 roughly in December. It was called V4. And then there  
9 was a third file that was delivered to us maybe in  
10 January or February that was called V4\_12.

11 And it's my understanding that the V4\_12  
12 version of that file was the file that was finalized,  
13 what is the current voting precinct now for Galveston.

14 Q. And for all of that work in Galveston, how  
15 many checks did you receive as compensation?

16 MR. SHEEHY: Objection. Form. Relevance.

17 BY MS. KLEIN:

18 A. How many checks did I receive?

19 Q. Yes. Did you receive one check for the  
20 whole engagement?

21 MR. SHEEHY: Objection. Form. Relevance.

1 Go ahead.

2 BY MS. KLEIN:

3 A. I remember sending an invoice for the work  
4 in October. There was -- after that, the amount of  
5 work that I did really tailed off because it was just  
6 some of this loose ends type of work, you know,  
7 assisting with the VTDs, looking at some of the DOJ'S  
8 analysis. It's possible that I got a check last year  
9 in 2022, but I don't remember. I sent an invoice  
10 earlier this year, and I think that invoice included  
11 about 12 months of -- the last 12 months of work.

12 Work was so infrequent and episodic, it  
13 wasn't enough in any given month to send an invoice in  
14 for it. So, to answer your question, there's two or  
15 perhaps three checks in total that I received or am  
16 supposed to receive for this work.

17 Q. Do you remember whose name was listed as  
18 payee on those checks?

19 MR. SHEEHY: Objection. Form. Relevance.

20 BY MS. KLEIN:

21 Q. I'm sorry. Let me rephrase. Do you

1 remember who the payer was on those checks?

2 MR. SHEEHY: Objection. Form.

3 BY MS. KLEIN:

4 A. Yeah, so I submitted my invoices to Holtzman  
5 Vogel. And again, I try to draw this distinction  
6 earlier with Mr. Gaber but, you know, I don't know  
7 where the money came from, but my recollection is that  
8 the check that I got came from Holtzman Vogel.

9 Q. The check was sent by them?

10 A. To me, yes.

11 MR. SHEEHY: Objection. Form.

12 BY MS. KLEIN:

13 Q. And the check was made out by them?

14 MR. SHEEHY: Objection. Form.

15 BY MS. KLEIN:

16 A. I believe so. It's been years, so it's hard  
17 for me to remember, but I think that's how it worked.

18 Q. You were talking about work related VTDs,  
19 and I want to ask you a little bit more about that.  
20 I'm going to pull up an exhibit. I think we are now on  
21 16.

1 (Deposition Exhibit 16 was marked for  
2 purposes of identification.)

3 BY MS. KLEIN:

4 Q. So I'm going to share my screen. Exhibit  
5 16, which is DEFS 00036233, for the record. This is an  
6 e-mail dated October 28. I'm correct that it's sent  
7 from your e-mail address?

8 A. That's right, yes.

9 Q. And you say Phil and Dale, please see  
10 updated maps per our discussion today. Note that the  
11 precinct maps are slightly modified using census VTDs  
12 instead of the State of Texas precinct in order to show  
13 block conformance. In almost all cases, there is no  
14 difference. I have also attached an updated analytic  
15 spreadsheet. Please let me know any questions. Tom.

16 Can you tell me why you sent this e-mail  
17 with its attachments?

18 MR. SHEEHY: Objection. Form.

19 BY MS. KLEIN:

20 A. Sure. So, at this point in the project,  
21 when we were trying to understand how well the existing

1 precinct map would perform, it was important to me, as  
2 it would be important in all cases, to be able to  
3 familiarize the client with both what the census bureau  
4 says are VTDs, because the census geography informs  
5 exactly to their VTD file.

6 Very often it is true in Texas they, have  
7 their own precinct file, and that file does not exactly  
8 conform to census geography. They may split blocks,  
9 for example, and they did here. So the purpose of this  
10 analysis was to familiarize the clients with the  
11 different VTD and voting precinct shape files to show  
12 that there was some differences, but not many. And I  
13 am sure that I attached an analytic spreadsheet with  
14 this to illustrate whatever those few differences were,  
15 to this help inform where we went with drawing new  
16 precinct efforts.

17 Q. I'd like to show you one of the attachments,  
18 and we can mark this as Exhibit 17.

19 (Deposition Exhibit 17 was marked for  
20 purposes of identification.)

21 BY MS. KLEIN:

1 Q. This is, for the record, DEFS 00035515.

2 MR. SHEEHY: 35515?

3 MS. KLEIN: Correct.

4 BY MS. KLEIN:

5 A. Is it okay if I stand up to take a closer  
6 look at the map?

7 Q. That's fine with me. And I'm also going to  
8 zoom in here a little bit. But just to confirm that  
9 I'm understanding this and that it's clear on the  
10 record, these numbers and lines are the census VTDs.  
11 Correct?

12 A. You know, I would -- since it says map 1  
13 with precincts, I honestly can't be sure because  
14 they're so close to each other whether this is the  
15 precinct or the VTD file. I think it might be  
16 precinct, because of the title of the map.

17 Q. Okay.

18 A. But I'm not sure.

19 Q. How about this? I'm going to ask you about  
20 specific precincts, and if you think it makes a  
21 difference whether we're talking about Texas voting

1 precincts or the census VTDs, please speak up. Does  
2 that sound fair?

3 A. Yes.

4 Q. Okay. But it sounds like, what I'm  
5 understanding to you, is that in almost all instances,  
6 they overlap?

7 A. Yeah. Monthly they do. There are some  
8 differences. I have to look at a map of the overlap to  
9 be able to say this precinct is one that didn't align,  
10 or this one did. You know, many of our, you know, out  
11 in like 305, 311, 105, the areas out in Galveston Bay  
12 that are water precincts, those don't tend to line up  
13 very well, but there were a couple of land based  
14 precincts that had slight differences as well. So  
15 without comparing one on top of the other, I can't say  
16 for certain whether there's a big difference or not.

17 Q. Is it true that the numbers at least will  
18 correspond to the same general geographic area between  
19 VTD and Texas voting district?

20 A. Yeah, generally, that's right.

21 Q. Okay. So I'm going to ask you, this is

1 Texas map 1 with precincts. And I'm just going to ask  
2 you if you were ever -- I would like to ask you if for  
3 any of the precincts, voting precincts I am going to  
4 ask you about, if you were asked to make these changes  
5 specifically at any point when you were drafting a map  
6 for Galveston. So I'll start with --

7 MR. SHEEHY: Objection to form, but go  
8 ahead.

9 BY MS. KLEIN:

10 Q. So precinct 192, up here, do you recall ever  
11 being asked to move precinct 192 into a specific  
12 commissioner's precinct?

13 A. I -- Hilary, I need to apologize and maybe  
14 help with all these questions. I am not going to be  
15 able to remember individual precincts, or where or how  
16 they have been moved. I really have to refer to my --  
17 the series of maps to see what I did here /I would be  
18 guessing and speculating if you pick them out one at a  
19 time.

20 Q. Okay. So let me ask you this.

21 A. Sorry.

1 Q. If you had been asked to move specific  
2 precincts by Mr. Oldham or Mr. Gordon, is it reasonable  
3 to believe those would have been reflected in the maps  
4 you exchanged with them during your work in Galveston?

5 MR. SHEEHY: Objection. Form. Speculation.

6 BY MS. KLEIN:

7 A. I followed the directions.

8 Q. Okay. That's all.

9 A. Thank you.

10 Q. I'll look over my notes very, very briefly,  
11 but I think that I -- I think that I may be finished.  
12 Let me just -- if you'll bear with me or grant me a  
13 little bit of one minute just to look over. All right.  
14 I think I am ready to pass the witness. Mr. Bryan,  
15 thank you so much for bearing with me in my limited  
16 technical abilities. I appreciate you. I will pass  
17 the witness to the Department of Justice, if they have  
18 any questions.

19 A. I hope I was helpful.

20 EXAMINATION BY MS. MEZA:

21 Q. I respect the Department of Justice in this

1 matter are you okay for going for a little while or  
2 would you like to take another quick break before I get  
3 started?

4 A. I'm going.

5 MR. SHEEHY: This is on you if you'd like to  
6 take a break.

7 EXAMINATION BY MS. MEZA:

8 Q. Good afternoon, Mr. Bryan. I will do my  
9 best not to duplicate any questions you've already  
10 answered. I don't anticipate going for very long. A  
11 lot of what I have prepared has already been asked. So  
12 I just want to start with your process in a typical  
13 redistricting matter.

14 So typically when you start a project where  
15 you have been asked to draw a redistricting plan, what  
16 information do you require a jurisdiction to give you  
17 to start that project?

18 MR. SHEEHY: Objection. Form.

19 BY MS. MEZA:

20 A. Catherine, usually the types of things that  
21 we will look for are, you know, depending on how new

1 | the case is, we try to get our hands on information, if  
2 | the case is in litigation. If we're just starting a  
3 | brand new redistricting plan, it's not a plan that's in  
4 | litigation. The most important things that we start  
5 | with are what we call the boundary or the outline files  
6 | of the existing districts, as well as a block  
7 | assignment file for which blocks belong to which of  
8 | those districts. And then we'll study the  
9 | redistricting rules or the redistricting laws that are  
10 | applicable to the jurisdiction that we are being hired  
11 | to work in.

12 | The specific rules that are given to us, and  
13 | often times the order of those rules, will be the road  
14 | map that we will use for the entire process of  
15 | developing draft plans and assessing the compliance of  
16 | a final plan that we will land on at the end of the  
17 | process.

18 | Q. And did you receive any of those items from  
19 | Galveston County?

20 | A. In this case, my recollection is I heard  
21 | that there were five or six redistricting rules. I

1 don't remember getting an inventory of those rules or  
2 the hierarchy of their importance in this case. The  
3 direction that we got was very direct, to fill map 1 in  
4 the manner I described earlier, and fill an alternate  
5 map 2, again, with the rules that I described earlier.

6 Q. So just going back to your initial call with  
7 either Mr. Gordon or Mr. Oldham, so you indicated in  
8 your testimony earlier that you were asked to create  
9 least change map. You were asked to create a plan that  
10 rebalanced the republican performance, and you were  
11 also asked to minimize splitting voting precincts. Is  
12 that correct?

13 MR. SHEEHY: Objection. Form.

14 BY MS. MEZA:

15 A. The guidance for both plans was to try to  
16 minimize the deviation. The guidance for the first  
17 plan was to minimize change in splits. Guidance for  
18 the second plan was minimize deviation, just like the  
19 first map, but then incrementally minimize splits and  
20 rebalance republican performance. I just want to be  
21 really precise what we did with each one.

1 Q. I appreciate that. Did either Mr. Oldham or  
2 anyone else, Mr. Gordon, relate to you any community  
3 concerns or priority that you should consider when  
4 building these maps?

5 MR. SHEEHY: Objection to form.

6 BY MS. MEZA:

7 A. Catherine, they did not.

8 Q. Were you asked to consider the residents of  
9 any incumbent commissioners when doing these maps?

10 A. I was not.

11 Q. Are you familiar with the term compactness  
12 and what it means related to map drawing?

13 A. Very much so.

14 Q. Okay. Did you consider how compact the  
15 commissioner precincts were when you were drawing any  
16 iteration of the plans?

17 A. I was not asked to, nor did I independently  
18 intend to run the compactness of the plans.

19 Q. So you testified earlier that at some point  
20 you were instructed to unify Galveston ION and the  
21 Bolivar Peninsula. Is that correct?

1 MR. SHEEHY: Objection. Form. Go ahead.

2 BY MS. MEZA:

3 A. Catherine, again, I want to be really  
4 careful in what I was asked to do. The direction I  
5 received was not go unify the peninsula. The direction  
6 I got would be move this precinct here, move that  
7 precinct here, move this one over here, move this, move  
8 that. Move all these precincts and these blocks around  
9 and tell us what the statistics are for the political  
10 performance of that plan.

11 The direction did not come down citing the  
12 names of specific pieces of geography, unify Galveston  
13 Island or unify Bolivar Peninsula. The moves that I  
14 was asked to make may very well have accomplished those  
15 things, but the direction was not draw the map any way  
16 that accomplishes this. It was move these pieces of  
17 geography around in the following way. Does that help?

18 Q. That was actually my follow-up question.  
19 What specific instruction were you given -- strike  
20 that.

21 A. I got ahead of you. I apologize.

1 Q. No, no, no. And I appreciate your  
2 description. Do you recall who gave the specific  
3 instruction that accomplished a unified precinct that  
4 included Galveston Island and the Bolivar Peninsula?

5 A. All of that very specific instruction came  
6 from Dale Oldham.

7 Q. And if I am understanding your testimony  
8 correctly, he -- you were -- in viewing your draft map,  
9 he specifically indicated please move this geography  
10 into these precinct and that geography into that  
11 precinct. Those were the type of instructions he was  
12 providing?

13 MR. SHEEHY: Objection to form. Go ahead.

14 BY MS. MEZA:

15 A. Catherine, if you mean move this geography  
16 into this precinct, as move this geography into this  
17 particular commissioner precinct, again, I'm just  
18 trying to be careful with the language. And yeah, that  
19 is exactly the kind of direction that I received in the  
20 development of those maps.

21 Q. Thank you.

1           A.    Thank you.

2           Q.    I apologize. I did not turn off these  
3 alerts. Let's see. So you also testified earlier that  
4 you recall having at least two Zoom calls, at which  
5 commissioners were present. Is that correct?

6           A.    I want to clarify that, please. There were  
7 two Zoom calls scheduled, I believe, on the 19th. The  
8 19th was a very long workday on this project. I do  
9 remember being on a Zoom call with the commissioners.  
10 I cannot say the names of the commissioners that were  
11 there, or who else may have been on that Zoom.

12                    Because of the density, and the speed, and  
13 the length of the day, I don't honestly remember if  
14 there were two separate distinct Zoom calls, or if it  
15 was more like one very long Zoom call that ran for some  
16 extended period of time. So I apologize I can't  
17 clarify if there was one, or two, or one big long one.  
18 But there was a commissioner call with other  
19 participants on the 19th that I participated in.

20           Q.    Do you recall whether you were instructed to  
21 make any specific changes to the draft maps following

1 these calls?

2 MR. SHEEHY: Objection to form, but go  
3 ahead.

4 BY MS. MEZA:

5 A. So, again, in the versions of the maps as  
6 they evolve, they were largely solidified by the time  
7 that we had had that call with the commissioners. As  
8 an outcome of the map -- of the meeting on the 19th,  
9 there were a couple of small changes that happened in  
10 map 1 and map 2. I don't remember from the day that  
11 those took place, but I know from looking at the  
12 version control of these documents that in map 1, the  
13 types of changes that were made were not populous,  
14 water blocks in Galveston Bay. There were some other  
15 adjustments to some blocks, and I think they were  
16 related to alignment with voting precinct batteries in  
17 the map 2 plan. But there was not a significant redraw  
18 or adjustments of those plans coming out of that  
19 meeting.

20 Q. So earlier you testified regarding the  
21 release of the PL 94171 data. Do you recall when that

1 data was released by the census bureau?

2 MR. SHEEHY: Objection to form.

3 BY MS. MEZA:

4 A. I'm very aware of when those data were  
5 released. There was a preliminary data release without  
6 documentation or file support in August, middle of  
7 August. There was a secondary data release in the  
8 middle of September that had extensive file  
9 documentation associated with it. So depending on  
10 their abilities, different municipalities would have  
11 had data two different times.

12 Q. Can you explain that a little further? You  
13 said different municipalities would have had -- you  
14 said would have had the data at different times. Do  
15 you mean would have received the data at different  
16 times?

17 A. Would have been made public at different  
18 times. So whoever is responsible for redistricting,  
19 depending on their awareness of the census bureau's  
20 data release schedule, or who was working on our  
21 redistricting for them, would have been aware 1 or 2 of

1           these different times. There's press releases and  
2           extensive communication from the census bureau about  
3           what was being released and when.

4           Q.   And that first set of data released in  
5           August, you said, did not have all the components of  
6           the data that released in September. Is that correct?

7           MR. SHEEHY:  Objection to form.  Go ahead.

8           BY MS. MEZA:

9           A.   It had all of the data. It was a one  
10          hundred percent data release. It did not come with  
11          technical documentation or information that would have  
12          been necessary for most users to be able to access or  
13          begin using the data.

14          Q.   Based on your expertise and all the  
15          experience you had using census data, are you a user  
16          that would have been able to use the earlier release  
17          data that data released in August?

18          A.   I am.

19          Q.   So your drawing of the Galveston County  
20          commissioner's court map, did the county, or did  
21          Mr. Oldham, or Mr. Gordon provide you the census data?

1 A. They did not.

2 Q. Where did you get the census data to draw  
3 the commissioner's court plan?

4 A. My company, as part of our standard business  
5 practice, procures all of the decennial census data  
6 from the census bureau's website. We process those  
7 data into our usual format for the redistricting work  
8 that we've been hired to do, and we use that system for  
9 statistical software, as well as our geographic  
10 information system software. It is completely built in  
11 currently by my company. We do not rely on an external  
12 third party software to procure and analyze the census  
13 data.

14 Q. You testified earlier that you've been hired  
15 by [indecipherable] redistricting cycle to draw their  
16 redirecting plan. Is that correct?

17 A. Yes.

18 Q. And there was a distinction between  
19 jurisdictions where you were drawing the map, versus  
20 jurisdictions for which you were acting as an expert  
21 for litigation purposes. Is that correct?

1           A. I would clarify the second category is just  
2 in general I was hired as an expert. In some cases it  
3 was for litigation. In some other cases it was in a  
4 consulting role, just to advise the use of census data  
5 and restricting analytics.

6           But you are right, it's basically a  
7 distinction of two different categories of work we were  
8 asked to do.

9           Q. And can you please remind me what  
10 jurisdictions you were hired to draw their plan?

11           MR. SHEEHY: Objection. Asked and answered.  
12 Go ahead.

13 BY MS. MEZA:

14           A. So, I was retained by the republican  
15 leadership of the State of Texas. It would be the  
16 redistricting share [indecipherable], and the speaker,  
17 [indecipherable].

18           I was retained through the law offices of  
19 Butler Snow in Mississippi to draw a legislative plan.  
20 I did not draw the Texas Senate or the Texas  
21 congressional plan, although I analyzed that in the

1 course of my work.

2 I also did a significant amount of  
3 redistricting map drawing for the State of Virginia.  
4 Outside of that, all of the other states that I listed  
5 earlier were states when I was retained as an expert to  
6 support them, either in their map drawing or litigation  
7 and understanding the census data to use for them.

8 Q. And can you tell me -- sorry. Go ahead.

9 A. I'm sorry.

10 Q. Were you finished with your answer?

11 A. No, I'm good. Go ahead. Thank you.

12 Q. No, no worries. Could you tell me when you  
13 started your engagement -- well, strike that. When you  
14 began to draw the plan for your work in Virginia,  
15 approximately when?

16 MR. SHEEHY: Objection. Form and relevance  
17 to this case. I guess I'll issue the same instruction  
18 that I issued earlier. You can answer I guess the  
19 precise question, relevance of which I don't  
20 understand, but don't reveal any substantive  
21 communications you had with anyone, particularly

1 | counsel, in your work with Virginia, but go ahead.

2 | BY MS. MEZA:

3 | A. Thank you. There was a data set known as  
4 | the American Community Survey, which we all sort of  
5 | heard of as the ACS. In the absence of census data  
6 | which was not delivered on time, areas such as Virginia  
7 | would have asked me to look at the characteristics of a  
8 | population in different parts of the state just to  
9 | understand at a high level where have people moved to  
10 | and from around the state so we can get a broad idea of  
11 | what we might be looking at when the census data  
12 | actually arrives.

13 | So in the timeframe when the census data was  
14 | supposed to have been released, maybe beginning of --  
15 | started in the middle part of 2021, I started exploring  
16 | and analyzing plans, just trying to figure out where  
17 | basic population is around the state. Middle --  
18 | beginning to middle part of 2021.

19 | Q. Okay. And you don't recall a specific month  
20 | in 2021 when that started?

21 | MR. SHEEHY: Objection. Form. Go ahead.

1 BY MS. MEZA:

2 A. I don't recall a specific month. We spent a  
3 significant amount of time as a company investing our  
4 own time and resources into the American Community  
5 Survey, into the year before, during, and after the  
6 decennial census was conducted to help us understand  
7 the landscape of some of the states, we expected there  
8 to be litigation, where expected map drawing to be,  
9 just to help us be ready.

10 So -- and it was really kind of a continuous  
11 process for between two or three years that we really  
12 started to learn, you know, what the big moves were  
13 going to be in some of these states. There wasn't one  
14 particular month we flipped the switch on and said go.

15 Q. And that was also the case for your work in  
16 Mississippi? Was that the case for your work in  
17 Mississippi as well?

18 MR. SHEEHY: Objection to form, relevance,  
19 and same cautionary instruction not to reveal  
20 confidential communications about your work in these  
21 other states.

1 BY MS. MEZA:

2 A. Sure. Those type of questions were coming  
3 from state representatives, all the states that I had  
4 mentioned earlier. There was a general interest in the  
5 absence of census data what were their states going to  
6 look like and what were the major moves going to be.

7 MR. SHEEHY: And I'll also add an objection  
8 on misstated testimony. Ms. Meza, I believe you  
9 mentioned Mississippi. I'm not sure the witness  
10 testified to that.

11 MS. MEZA: I may have misheard. I thought  
12 he said one of the plans he worked on this cycle was  
13 Mississippi. Apologies.

14 BY MS. MEZA:

15 A. It is not political -- [indecipherable]  
16 Mississippi. I am not in a political redistricting  
17 case in Mississippi related to Senate legislative or US  
18 House of Representative district drawing.

19 Q. Okay. I just want to go back again to your  
20 initial call regarding the project. Did Mr. Oldham or  
21 Mr. Gordon let you know what the timeline for drawing

1 the commissioner's court map was or for the project

2 was?

3 A. He did.

4 Q. What timeline did they relate to you?

5 A. Three days.

6 Q. Three days?

7 A. Yes.

8 Q. So from the initial call on October 14, they

9 indicated they wanted a plan by -- completed by October

10 17?

11 MR. SHEEHY: Objection. Form.

12 BY MS. MEZA:

13 A. The clock started on the 15th, and the goal

14 was to work through the 18th and have it deliverable,

15 ready to go on the 19th.

16 Q. So when you say a deliverable, was it the

17 understanding that that deliverable would be a draft,

18 not the final plan?

19 MR. SHEEHY: Objection. Form. But go

20 ahead.

21 BY MS. MEZA:

1 A. There was -- because we were moving so fast,  
2 there was no way of knowing which day would change to  
3 those maps, whether the work product that we were going  
4 to have on the 19th was going to be sufficient, subject  
5 to my modification or significant modifications. But  
6 the expectation is we needed to have a plan in three  
7 Dave's.

8 Q. So by the 18th, were any additional  
9 deadlines articulated to you?

10 MR. SHEEHY: Objection. Form. Go ahead.

11 BY MS. MEZA:

12 A. Not that I remember.

13 Q. Well, by the -- excuse me. By the 18th, did  
14 you make additional modifications to the draft plans  
15 after the 18th?

16 A. Yeah, I think there was a version in the map  
17 on the 21st. Maybe another one was on the 28th that  
18 were very minor edits and modifications. Again, coming  
19 out of the commissioner call, a couple of blocks needed  
20 to be moved because of quality control and double  
21 checking at the very end of the project. But the plans

1 were significantly finished by the end of the 18th.

2 Q. After the subsequent modifications to the  
3 draft plans following the 18th, were you given any  
4 specific deadlines? Or what were you told about timing  
5 of finishing the project?

6 MR. SHEEHY: Objection. Form. Go ahead.

7 BY MS. MEZA:

8 A. Once the plans were delivered to the client  
9 and there were no other changes, my understanding is  
10 that they posted those plans publically on a website,  
11 and I didn't have communications with the client for a  
12 short period there while they were socializing the  
13 plan, until I was contacted again to talk about the  
14 need to look at changing the VTD and pricing  
15 [indecipherable].

16 Q. And you testified a number of times  
17 throughout the day that the process was very rushed.  
18 Is that correct?

19 MR. SHEEHY: Objection to form.

20 BY MS. MEZA:

21 A. Yes.

1 Q. And what was your understanding of why the  
2 process was so rushed?

3 A. We rarely are sat down and they take the  
4 time to explain to us why we need to go so fast. We  
5 assumed there was a good reason.

6 Q. Were you ever informed that there was a  
7 deadline that the county was trying to meet?

8 A. The only deadline that I had was the  
9 deadline that I was given. It wasn't any relevance to  
10 what the county's deadline was, or what they desired.  
11 The only thing that's important to me is what my  
12 clients say they want, and if they want or need  
13 something in three days, that's our goal. Whatever  
14 other targets or dates that are outside of that from  
15 their clients or anyone else, doesn't really have any  
16 practical importance to me.

17 Q. I'm going to conclude my questioning there.  
18 Thank you so very much, Mr. Bryan, for your time today.  
19 We appreciate it. I think I am the last one today.

20 MR. SHEEHY: This is Shawn Sheehy, on behalf  
21 of the defendants. If we could take a ten-minute

1 break, come back at 4:33, I'm going to see if I have  
2 any follow-up questions.

3 MS. MEZA: That sounds good. Okay.

4 MR. SHEEHY: Thank you.

5 THE VIDEOGRAPHER: Going off the record.

6 The time is 4:24 p.m., and we are off the record.

7 (A short break was taken.)

8 THE VIDEOGRAPHER: The time is 4:37 p.m.,  
9 and we are back on the record.

10 MR. SHEEHY: Good afternoon. My name is  
11 Shawn Sheehy on behalf of the defendants, and we do not  
12 have any further questions at this time. We will  
13 reserve for trial, and we will read and sign the  
14 transcript. Thank you very much. And that concludes  
15 the deposition.

16 THE VIDEOGRAPHER: The time is 4:37 p.m.,  
17 and we are off the record.

18 MR. SHEEHY: For the court reporter, this is  
19 Shawn Sheehy, if it's possible to get a 24-hour  
20 turnaround on the transcript, please.

Case: Honorable Terry Petteway, et al. vs. Galveston  
County, et al.

Witness: Thomas Bryan Date: June 20, 2023

PAGE/LINE SHOULD READ REASON FOR CHANGE

5959793

1 State of Maryland

2 City of Baltimore, to wit:

3 I, Ahuva Goldberger, a Notary Public of the  
4 State of Maryland, City of Baltimore, do hereby certify  
5 that the within-named witness personally appeared  
6 before me at the time and place herein set out, and  
7 after having been duly sworn by me, according to law,  
8 was examined by counsel.

9 I further certify that the examination was  
10 recorded stenographically by me and this transcript is  
11 a true record of the proceedings.

12 I further certify that I am not of counsel  
13 to any of the parties, nor in any way interested in the  
14 outcome of this action.

15 As witness my hand and notarial seal this  
16 21st day of June, 2023.

3 RE: Honorable Terry Petteway, Et Al. v. Galveston County, Et Al.

4 DEPOSITION OF: Thomas Bryan (# 5959793)

5 The above-referenced witness transcript is  
6 available for read and sign.

7 Within the applicable timeframe, the witness  
8 should read the testimony to verify its accuracy. If  
9 there are any changes, the witness should note those  
10 on the attached Errata Sheet.

11 The witness should sign and notarize the  
12 attached Errata pages and return to Veritext at  
13 errata-tx@veritext.com.

14 According to applicable rules or agreements, if  
15 the witness fails to do so within the time allotted,  
16 a certified copy of the transcript may be used as if  
17 signed.

PROCEEDINGS

THE VIDEOGRAPHER: Today is March 31st, year 2023. We're going on the record, 9:08 a.m. We're here for the deposition of Joe Compian for a case filed in the United States District Court, the Southern District of Texas, Galveston Division.

Can the attorneys please introduce themselves and who they represent?

MR. RUSSO: Joseph Russo, Jr., and Jordan Rashke Elton here on behalf of the defendants, Galveston County and Judge Henry and other county-related individuals.

MS. VALL-LLOBERA: Diana Vall-Llobera and Molly Zhu on behalf of NAACP, plaintiffs.

JOE COMPIAN,  
having been first duly sworn, testified as follows:

EXAMINATION

BY MR. RUSSO:

Q. All right. Good morning, Mr. Compian.

A. Good morning.

Q. Thank you for being here. Just to sort of clarify, one of the things that the court reporter said is that you're here for your individual deposition, and that is true, but we're also here to cover the deposition on behalf of LULAC organization. Right?

1 A. Yes, sir.

2 Q. You're aware of that?

3 A. Yes, sir.

4 Q. Okay. So we'll do our best to cover both --  
5 both of those issues today -- both of those entities  
6 today because you're actually a plaintiff, individual  
7 plaintiff, in this case as well. Correct?

8 A. Yes, sir.

9 Q. All right. We talked a little bit off the  
10 record about how we'll try to handle it. I would like  
11 to try to get through the LULAC issues first.

12 Of course, we've got to go -- we'll go  
13 through some of your background first. I think it will  
14 be obvious that we're not talking about LULAC when we're  
15 speaking about your own personal background.

16 A. Okay.

17 Q. But -- and then we'll go into the background  
18 details of the organization itself. Does that work for  
19 you?

20 A. Yes, sir.

21 Q. Okay. Have you -- you understand I represent  
22 the County?

23 A. Yes, sir.

24 Q. Basically the defendants in the action. Yes?

25 A. (Nodding head.)

1 Q. Where -- where do you reside?

2 A. In -- are you asking for physical address?

3 Q. Yes, sir. What's your address?

4 A. 1020 Duroux Road in La Marque, Texas.

5 Q. How long have you lived at that address?

6 A. Approximately 60 years.

7 Q. 60 years?

8 A. Yes.

9 Q. Okay. That's a considerable amount of time.

10 A. Yeah.

11 Q. Seen a lot of changes in that time?

12 A. Amen. Yes.

13 Q. Okay. Have you ever had your deposition taken  
14 before?

15 A. Yes.

16 Q. How many times?

17 A. I don't recall.

18 Q. Okay. More than ten?

19 A. No. I don't think -- no.

20 Q. All right. Well, so we'll go through some of  
21 the deposition, you know, processes and procedures.

22 A. (Nodding head.)

23 Q. You've probably heard before, generally. We  
24 have to, you know, sort of -- although you've been  
25 through it before, I'll remind you that the court

1 reporter is writing down -- trying to write down  
2 everything we say, and she can't get both of us speaking  
3 at the same time. So if you could do your best to wait  
4 until I'm done with my question, and then I'll do my  
5 best to wait until you're done with your answer. That  
6 way we're not talking over each other and she's -- that  
7 makes her happy. Will that work?

8 A. Yes, sir.

9 Q. Okay. Now if we -- if you need a break, take a  
10 break at any time, just let me know.

11 A. Okay.

12 Q. The only thing I would ask is that if there's a  
13 question pending that we get the question taken care of  
14 and then absolutely take any breaks we need to. Will  
15 that work for you?

16 A. Yes. That will work.

17 Q. Okay. Perfect. The -- and I'm sure you've  
18 heard this before, but nods of the head and shakes of  
19 the head don't translate very well into the transcript,  
20 so do your best, if you can, to give verbal answers,  
21 yeses or nos.

22 A. Yes. I apologize if my Latin side...

23 Q. Oh, I'm Italian, man, so no problem.

24 A. Oh. I was going to say...

25 Q. Nevertheless, we'll work it out, again, it's

1 just a reminder --

2 A. Yes, sir.

3 Q. -- you know, the -- what processes work best  
4 for the deposition. If you -- there may come a  
5 situation where I ask you a question and if a document  
6 would provide a better answer than something from your  
7 memory, let me know that.

8 A. Okay.

9 Q. And then we can, you know, take a look at the  
10 document and hopefully make sure the record is clear.  
11 Will that work?

12 A. Yes, sir.

13 Q. Are you on any medications or anything today  
14 that might impact your ability to answer or understand  
15 my questions?

16 A. I don't believe so.

17 Q. Okay. And I'm not trying to pry.

18 A. Yeah.

19 Q. But I just want to make sure that, you know,  
20 later on when we get to trial and there's something I  
21 just didn't know about in terms of your ability to  
22 understand and answer my questions. You don't expect  
23 that to be the case?

24 A. Unless I go into diabetic coma. That's the  
25 only thing I say. I am diabetic.

1 Q. Okay. All right. Well, we'll do our best and  
2 certainly pray that none of that happens today.

3 A. Yeah.

4 Q. So -- but we'll do our best to sort of keep an  
5 eye out for that.

6 A. Thank you.

7 Q. Now you understand also that you've been sworn  
8 in by the court reporter which means that you're under  
9 oath, sworn to tell the truth, just as if you were in  
10 front of the court and jury?

11 A. Yes, sir.

12 Q. Right?

13 A. Yes, sir.

14 Q. Okay. So you talked about -- a little bit  
15 about having depositions taken in the past. What --  
16 when was the last time you were deposed that you recall?

17 A. That I can recall, to the best of my  
18 recollection, maybe more than 15 years ago.

19 Q. Okay.

20 A. Something like that. Maybe --

21 Q. A long time?

22 A. A long time.

23 Q. And what was the last case you were deposed  
24 about, do you remember?

25 A. To the best of my recollection, it was all part

1 of a real estate-related or franchise business.

2 Q. Was it a personal suit that you were involved  
3 in?

4 A. Quick answer, yes. I was named as an  
5 individual.

6 Q. Was the case filed in state court or federal  
7 court?

8 A. Best of my recollection, in the one -- the one  
9 I was deposed, state court.

10 Q. Okay. In Galveston?

11 A. No.

12 Q. Which county was it in, if you recall?

13 A. The county, I don't recall --

14 Q. Okay.

15 A. -- the county. What -- no, I don't recall.

16 Q. Was it in Texas?

17 A. Yes, sir.

18 Q. Give me just, if you could, two-second overview  
19 of what the case was about.

20 A. I was president of a real estate group called  
21 Re/Max, and we were the -- the statewide franchisor, and  
22 as a result of that position, we would have issues that  
23 arose either with the offices --

24 Q. Mm-hmm.

25 A. -- or transactions as a result of our agents.

1 Q. Okay. And that case had nothing to do with  
2 allegations of discrimination or redistricting. Is that  
3 accurate?

4 A. Oh. No, sir.

5 Q. Have you ever been involved in redistricting  
6 actions personally in the past?

7 A. Can -- I'm not too clear on the question.

8 Q. Okay. Yeah. And that's a great point, is if I  
9 ask you a question and you don't understand it,  
10 certainly ask me to rephrase it.

11 A. Yes.

12 Q. I appreciate that.

13 A. (Nodding head.)

14 Q. So this case relates to Galveston County's  
15 redistricting and redrawing of its precinct lines.  
16 Right?

17 A. Yes, sir.

18 Q. In 2021?

19 A. Yes, sir.

20 Q. So have you ever been involved in a similar  
21 case like that? Whether it be the city of Galveston,  
22 other cities, have you ever been involved in something  
23 related to redistricting efforts by a governmental  
24 entity?

25 A. And you're asking me personally, not --

1 Q. Yes.

2 A. -- LULAC?

3 Q. Yes. Yes. Yes.

4 A. No.

5 Q. Yeah.

6 A. No, sir.

7 Q. We're still -- this is background material.

8 A. Yes. No, sir.

9 Q. Okay. In the case that you talked about a  
10 second ago where you were deposed and you think it was  
11 15 years ago --

12 A. Or maybe longer but anyway.

13 Q. Was that the only lawsuit you've been involved  
14 in over the past 20 years?

15 A. Past 20 years? I guess I'm going to respond  
16 it's not the only lawsuit that I've been involved in,  
17 but I don't know if it's been in that time frame you're  
18 talking about.

19 Q. Understood. And let me ask you, are you -- it  
20 was an unclear question for me, I think.

21 Were you ever a party, plaintiff or  
22 defendant, to a lawsuit in the last 20 years other than  
23 this case you were talking about a minute ago with  
24 Re/Max?

25 A. I think, Mr. Russo, that 20-year time frame is

1 throwing me off. I don't -- I don't know. I don't  
2 know.

3 Q. Okay.

4 A. I have been involved, but I don't know that --

5 Q. I understand.

6 A. I can't --

7 Q. And this is simple stuff. I'm not trying to  
8 trip you up.

9 A. No.

10 Q. Let me see if I can clarify what you're telling  
11 me. It may have happened in the last 20 years that you  
12 were a party to a lawsuit, and you just don't know?

13 A. Yes, sir.

14 Q. Right? Okay. In the case that you're thinking  
15 about, what generally was that about?

16 A. I recall filing a lawsuit in Federal District  
17 Court with regard to the La Marque Independent School  
18 District.

19 Q. Okay.

20 A. But I don't know the time frame.

21 Q. Okay. Do you remember sort of the allegations  
22 made in the case?

23 A. No, sir.

24 Q. Did you see that case through?

25 A. It was ultimately -- we ultimately dropped the

1 lawsuit because -- we dropped the lawsuit.

2 Q. And do you not remember why?

3 A. I think the district was taken over or  
4 eliminated.

5 Q. Okay. All right. Well, we can touch back on  
6 that in a second.

7 All right. Continuing on, how did you --  
8 did you take steps to prepare for your deposition today?

9 A. Can you clarify the question?

10 Q. How did you prepare for your deposition today?  
11 Did you meet with counsel? Did you look at documents?

12 A. Yes, sir.

13 Q. Okay. So let's start with meetings with  
14 counsel.

15 A. Yes, sir.

16 Q. How many times did you meet with your lawyers  
17 in the case?

18 A. Best of my recollection, maybe three times.

19 Q. And were the meetings in Galveston County?

20 A. Yes, sir.

21 Q. Over Zoom?

22 A. Yes. That -- yes, sir.

23 Q. All right. Were there any meetings where your  
24 counsel was actually present with you or were they all  
25 where you were over the Zoom meeting?

1 A. The former, yes, sir.

2 Q. Okay. When was the last meeting you had?

3 A. Today is -- Wednesday.

4 Q. So the 28th -- Wednesday of this week?

5 A. Wednesday would have been --

6 Q. The 29th?

7 A. 29th. I think 29th.

8 Q. All right. And then how long was that meeting?

9 A. Best of my recollection, approximately two  
10 hours.

11 Q. Do you know who was in the meeting with you?

12 A. The two ladies here.

13 Q. Okay. The lawyers that are with --

14 A. Lawyers are -- yes.

15 Q. -- sitting here today were with you?

16 A. Yes, sir.

17 Q. Was there anyone else? Any nonlawyers?

18 A. No, sir.

19 Q. All right. And then the meeting prior to that,  
20 when do you think that occurred?

21 A. Perhaps the previous week, best of my  
22 recollection.

23 Q. All right. And then how long do you think that  
24 meeting was?

25 A. To the best of my recollection, approximately

1 two hours.

2 Q. All right. And then you had one more meeting,  
3 but it was before that one. Right?

4 A. As I said, three -- best of my recollection,  
5 three.

6 Q. Okay. And then is that another two hours, you  
7 think?

8 A. Best of my -- it may have been shorter, the  
9 first one.

10 Q. Okay. All right. And so this is kind of one  
11 of those two-part questions for -- it will be LULAC and  
12 you as well.

13 A. Okay.

14 Q. How did LULAC find its lawyers in this case, if  
15 you know? The people that are representing LULAC today.

16 A. How did they find? LULAC has traditionally  
17 taken a leading role as an organization, both a national  
18 and statewide organization, and then down to the local  
19 of -- of looking at redistricting plans.

20 Q. Mm-hmm.

21 A. And the -- there's different lawyers within the  
22 LULAC organization, and I'm not privy necessarily to  
23 their decisions, but I believe, to the best of my  
24 recollection, it was just a referral of -- as a result  
25 of conversations that occurred --

1 Q. Okay.

2 A. -- at the national level.

3 Q. Do you -- did you play a role in the retention  
4 of counsel?

5 A. No, sir.

6 Q. Do you know who did --

7 A. No.

8 Q. -- on behalf of LULAC?

9 A. No, sir.

10 Q. Okay. And do you know when approximately the  
11 retention occurred?

12 A. No, sir.

13 Q. All right. Now let's look at it from the  
14 individual side of things. You're also represented as  
15 an individual in this case. Correct?

16 A. Yes, sir.

17 Q. By the same counsel?

18 A. Yes, sir.

19 Q. Okay. And do you know who the firms are that  
20 represent you and -- LULAC and Joe Compian in this case?

21 A. There -- there are -- I call them the primary  
22 in my mind.

23 Q. Okay.

24 A. I'm sorry. I'm older now too. It helps. But  
25 the young lady here to my right is -- I consider my

1 primary counsel in this.

2 Q. Okay. Is that the same answer for LULAC as  
3 well?

4 A. Yes, sir.

5 Q. All right. And so part of your preparation  
6 should have related to the deposition notice sent to  
7 LULAC which was an organizational notice. Right?

8 A. Okay.

9 Q. Did you see that organizational notice before  
10 today?

11 A. Yes, sir.

12 Q. Okay. Let's go ahead --

13 A. And may I ask just to be clear, I think there  
14 are a couple of versions of that notice. Correct?

15 Q. Well --

16 A. Best of my recollection.

17 Q. We'll go with the latest one. I'll attach it  
18 here in a second if I can find it. Interesting. All  
19 right.

20 (Exhibit No. 1 was marked.)

21 A. Thank you.

22 MS. VALL-LLOBERA: Two copies?

23 THE WITNESS: I think so.

24 MR. RUSSO: We only need two. You can keep  
25 the other one or throw it away, whatever.

1 MS. VALL-LLOBERA: Do you need...

2 Q. (BY MR. RUSSO) All right. The court reporter  
3 has marked as Exhibit 1 -- can we refer to -- let's --  
4 can we refer to that as Compian 1? Will that work for  
5 you, Mr. Compian?

6 A. Yes, sir.

7 Q. We're going to refer to that exhibit as -- most  
8 of the exhibits are going to be Compian and then  
9 whatever the exhibit is. Okay?

10 A. Yes, sir.

11 Q. Have you seen that document before today?

12 A. Yes, sir.

13 Q. Okay. And that page, actual page, let me  
14 see -- Page 4?

15 A. Page 4 of this -- of this document?

16 Q. Yes.

17 A. There's no -- there's no Page 4.

18 Q. All right. Let me see that copy of what I gave  
19 you.

20 A. (Witness complies.)

21 Q. Oh, it's front/back.

22 A. Oh, front -- oh, okay. All right.

23 Q. All right? Fourth page of that document --

24 A. Oh, fourth page of this.

25 Q. -- contains a heading Topics for Examination.

1 A. Okay.

2 Q. Do you see that?

3 A. I see. Yes, sir.

4 Q. That's what I was trying to get to. We'll get  
5 there eventually.

6 So there's a list of topics that we've  
7 asked the LULAC entity to be prepared to discuss with us  
8 today, and you've seen that list before today?

9 A. Yes, sir.

10 Q. Okay. So -- and part of your preparation was  
11 to get familiar with those topics?

12 A. Yes, sir.

13 Q. Yes? And to the best of your knowledge, are  
14 you prepared to discuss those -- the topics listed there  
15 today?

16 A. To the best of my ability, yes, sir.

17 Q. Are there any topics there that you don't feel  
18 like you can cover, just don't have a handle on as we  
19 sit here?

20 A. I think I'm ready to respond to the best of my  
21 ability, yes, sir.

22 Q. Okay. And in preparation for your deposition,  
23 did you look at documents?

24 A. Some, yes, sir.

25 Q. Do you recall what you looked at?

1 A. Yes, sir.

2 Q. What specifically did you -- do you recall  
3 reviewing in preparation for your deposition?

4 MS. VALL-LLOBERA: And I'll just note for  
5 the record, I'll remind Mr. Compian that you can answer  
6 to the best of your ability as long as you don't reveal  
7 any attorney-client communications. You can answer  
8 other than that.

9 A. Okay. I do recall looking at our current  
10 membership roster for the LULAC Council 151.

11 Q. (BY MR. RUSSO) Okay.

12 A. And just some financial stuff affiliated with  
13 that, and that's about it.

14 Q. Okay. Did you look at the complaint filed in  
15 this case or the amended complaint?

16 A. The amended one, no, I haven't had.

17 Q. But you've seen the original complaint?

18 A. Original, yes, sir.

19 Q. Did you look at that as part of your review for  
20 deposition or did -- are you -- did you see it back  
21 before it was filed?

22 A. I saw that prior to it being filed.

23 Q. Okay. It wasn't one of the documents you  
24 looked at in preparation for today?

25 A. No, sir. No.

1 Q. Okay. And in looking at the membership roster,  
2 what was, if you recall, what was the purpose of looking  
3 at that?

4 A. I was curious as to our numbers after they were  
5 impacted by COVID.

6 Q. Understood.

7 A. Yeah.

8 Q. And so what do the numbers look like for today?

9 A. Approximately 100, a little over, members that  
10 have renewed for this year.

11 Q. When's the renewal period date, roughly?

12 A. It runs approximately end of December, and it  
13 goes through the first part of March.

14 Q. Okay. And the people who want to join, can  
15 they join outside of those dates?

16 A. Oh, yes, they certainly can join.

17 Q. Am I correct in saying that the time between  
18 December and March is the time when you're looking to  
19 renew?

20 A. To renew, yes, sir.

21 Q. Okay. Perfect. And so then for the 2023  
22 period, you think there were, what, a hundred renewals,  
23 roughly?

24 A. Yes, sir.

25 Q. And you said that you thought that was impacted

1 by COVID?

2 A. (Nodding head.)

3 Q. What gives you that idea?

4 A. We had a larger membership of over -- well, I  
5 personally can recall like 150 in terms of our  
6 membership roster --

7 Q. And you think that was --

8 A. -- pre-COVID.

9 Q. Okay. And that was prior to --

10 A. That and natural -- natural life events, i.e.  
11 deaths. We had some members that died.

12 Q. Okay. Okay. So then your feeling sitting here  
13 today is that, you know, prior to COVID impacting the  
14 organization, which probably would have been in 2020,  
15 you had more like 100 -- somewhere around 150 members?

16 A. To the best of my recollection, yes, sir.

17 Q. Okay. And do you have any of that feeling for  
18 what number of those members are, sort of, are of a  
19 Latino decent?

20 A. No, sir.

21 Q. Do y'all -- do you ask that of your membership?

22 A. No, sir.

23 Q. What about -- do you have any idea how many of  
24 those individuals are -- identify as African American or  
25 Black?

1 A. No, sir.

2 Q. What about White? Those that identify as  
3 White, any idea how many of those members you would  
4 have?

5 A. Clarity, I'm just --

6 Q. I appreciate it.

7 A. For clarity, I'm White, so that -- I don't --  
8 I'm just -- I don't have any idea but just -- just to  
9 know.

10 Q. Yeah. I appreciate that. So -- well, let me  
11 refer to it this way: How many -- do you have any clue  
12 how many of the -- your members you have that are not  
13 Latino and don't identify as Black, how many -- what  
14 percentage of the remainder of the membership would be?

15 A. I don't know.

16 Q. When did -- what's your position with LULAC  
17 today?

18 A. Today I chair the Equal Rights Committee -- or  
19 I'm cochair. I should say cochair.

20 Q. When did you start that position?

21 A. Mr. Russo, I -- once again, I don't recall the  
22 number of years I've -- I'm older now, but it's been a  
23 while. Probably -- honestly, I don't know. I don't  
24 know how long.

25 Q. Okay. Have you held other positions in LULAC

1 | over your time with the organization?

2 | A. Yes, sir.

3 | Q. Okay. So then prior to being chair of the  
4 | Equal Rights Committee, what -- what did you do?

5 | A. I served as parliamentarian for a period of  
6 | time.

7 | Q. All right. Did you have any other roles with  
8 | the organization?

9 | A. No.

10 | Q. So during your entire career with LULAC, you'd  
11 | been either a parliamentarian or chair of the Equal  
12 | Rights Committee. Is that correct?

13 | A. And they're not mutually exclusive; one can be  
14 | the cochair or chair -- at one time it was just the  
15 | chair --

16 | Q. Mm-hmm.

17 | A. -- and also the parliamentarian.

18 | Q. Okay. How long have you been a member of  
19 | LULAC?

20 | A. To the best of my recollection, Mr. Russo --  
21 | let me think -- since approximately 1986, and I don't  
22 | know how long that is.

23 | Q. All right. What is it about 1986 that makes  
24 | that date come -- or year come to mind in terms of your  
25 | joining the organization?

1 A. The -- what I recall was there was a lot of  
2 effort to build, rebuild, the local organization, and  
3 here in Galveston there were at one point three  
4 different LULAC Councils.

5 Q. Mm-hmm.

6 A. And I recall that it was a consolidation  
7 period. That's why I remember it, that time period.

8 Q. Okay. And so the LULAC organization that's in  
9 this suit is -- is it 151?

10 A. 151.

11 Q. Does that -- what area of the state of Texas or  
12 other states if it -- what's it -- what area does that  
13 encompass? Where do I have to live to be a member of  
14 LULAC 151?

15 A. Anywhere. Anywhere.

16 Q. In the United States?

17 A. Yes, sir.

18 Q. Do -- do you know where the majority of your  
19 memberships reside?

20 A. No, sir.

21 Q. Is there any -- within LULAC's organizational  
22 structure is there any sort of exclusivity areas for any  
23 different organization with its, you know, number?

24 A. No, sir.

25 Q. So if I wanted to join a LULAC organization, I

1 could join at any LULAC organization wherever it existed  
2 whenever I wanted to sign up. Is that what you're  
3 telling me?

4 A. Yes, sir.

5 Q. Okay. Are you only a member of No. 151?

6 A. Yes, sir.

7 Q. And why is that?

8 A. It's the one that I pay my dues to. That's  
9 historically the one that -- that I joined.

10 Q. Okay. Is -- do you know how the -- let me ask  
11 you this: Is there a LULAC national organization?

12 A. Yes, sir.

13 Q. And then it oversees all the lower  
14 organizations like 151?

15 A. I'm having difficulty with your question --

16 Q. Okay.

17 A. -- with the word "oversees."

18 Q. All right.

19 A. Can you clarify that, please, for me?

20 Q. What does the -- what is the --

21 A. What is your definition of that?

22 Q. Yeah. Well, let me ask you this: What does  
23 the national organization do for the -- for LULAC 151?

24 A. At the national level, they are first and  
25 foremost promoting civic -- our civic responsibilities.

1 Q. Mm-hmm.

2 A. Right? Because that was one of the foundations  
3 for LULAC, is when we were challenged and the  
4 unfortunate history of our country where, you know,  
5 "no" -- "no Ns and no dogs and no Mexicans" were on  
6 buildings, and people couldn't even be buried and they  
7 had fought for this country.

8 And so that was the bases for the  
9 beginning. So the national office continued that  
10 organized and became an advocacy group, you know -- and  
11 based in Washington D.C. -- for -- for these LULAC  
12 councils that began here in Texas and then in California  
13 as well.

14 Q. Okay. So if -- if -- does the LULAC 151  
15 Council report -- send any types of reports to the  
16 national organization on an annual basis or otherwise?

17 A. Yes, sir.

18 Q. What kind of reports do they -- do you forward  
19 to the national?

20 A. The membership roster and a portion of the  
21 dues.

22 Q. Okay. And if I wanted to start a LULAC  
23 Council, how would I go about doing that?

24 A. Just indicate you're interested in starting a  
25 LULAC Council.

1 Q. Do I need to draft up bylaws and start a  
2 corporation? How would that work?

3 A. You would seek guidance from the national  
4 office.

5 Q. Mm-hmm.

6 A. And inform them that you're interested, and  
7 they would assist you in that -- in that effort.

8 Q. Okay. And you mentioned that there at one time  
9 was three different LULAC Councils in Galveston?

10 A. Yes, sir. Yeah.

11 Q. Is that on Galveston Island?

12 A. Yes, sir, on Galveston Island.

13 Q. So why is there only one on Galveston Island  
14 now?

15 A. Because ultimately there were some individuals,  
16 and I among them, that said this is not working for us.  
17 Right? -- in terms of organizing. We need to put aside  
18 individual -- what is it? -- individual -- the word  
19 escapes me right now.

20 Q. Interests?

21 A. Interests. Right. That some interests that  
22 people have and work collaboratively, and so 151 being  
23 the oldest was the natural entity to bring us all  
24 together.

25 Q. Okay. Were you in favor of that?

1 A. Oh, yes, sir.

2 Q. Did you play a role in sort of facilitating it?

3 A. Encouraging it, yes, sir.

4 Q. Do you know what the differing interests were

5 of these three different LULAC organizations at the

6 time?

7 A. No, sir. I can't recall that right now.

8 Q. You don't remember the arguments made?

9 A. No. I don't remember, no.

10 MS. VALL-LLOBERA: Objection; misstates

11 prior testimony.

12 Q. (BY MR. RUSSO) You can answer.

13 A. I don't remember.

14 Q. Were they located in different sections of the

15 island?

16 A. Let me think. Let me think. Like, I mean, I

17 was born here, so what do you refer to sections? What's

18 your sections?

19 Q. Well, if you --

20 A. Define it. I don't know.

21 Q. To me there's a west end, an east end. I'm

22 just asking you what -- how did the -- how did the LULAC

23 three organizations differentiate themselves in terms of

24 locations?

25 A. There was no differentiation. There was none.

1 Q. All right. And -- but back then for an  
2 individual that wanted to join the organization of LULAC  
3 could join one or three or whatever he wanted -- he or  
4 she wanted to do. Is that true?

5 A. No. You could -- one.

6 Q. You could only join one?

7 A. Yes, sir.

8 Q. Okay. So that's -- is that true across th  
9 entire organization? That you only join one -- one  
10 branch or one council?

11 MS. VALL-LLOBERA: Objection; misstates  
12 prior testimony.

13 A. To my knowledge that's -- that is accurate.  
14 You can only join one.

15 Q. (BY MR. RUSSO) Okay. All right. What does it  
16 take to join LULAC today?

17 A. There is -- first and foremost pay your dues.

18 Q. What's the dues? How much are the dues?

19 A. \$40.

20 Q. A year?

21 A. A year, yes, sir.

22 Q. Okay. And then what else is it -- what other  
23 requirements are there?

24 A. There's a simple online form now as a result of  
25 COVID. Fill out information that you have, your

1 address.

2 Q. Mm-hmm.

3 A. I believe things of that nature. That's it.

4 Q. So is there -- when you apply to be a member of  
5 LULAC, is there -- do they -- is there a question that  
6 asks you what race you identify as?

7 A. No, sir.

8 Q. So is that's -- is there anybody at the LULAC  
9 Council 151 that would know the answer to the question  
10 of what percentage of your membership is Hispan- --  
11 Latin descent versus Black descent? Is there anybody  
12 that can answer that for me?

13 A. Mr. Russo, I'll be straightforward with you.  
14 Once again, historically, we were -- we, I'm speaking as  
15 a Mexi- -- as an American of Mexican descent --

16 Q. Mm-hmm.

17 A. -- we were categorized as White. Right? And  
18 that kind of -- at the inception that just -- everybody  
19 was White. Right? -- of -- of Mexican descent  
20 originally. Right? And that's kind of the history of  
21 it. It was -- that was our argument to get buried.  
22 Right? You know, we're not --

23 Q. Right.

24 A. That -- that was -- that's fundamentally what  
25 it was.

1 Q. Yeah. Well, is that the argument today?

2 A. Today it still goes on.

3 Q. Well, is the argument today that people who  
4 identify as Latino race are actually White?

5 A. No. That's -- that's how -- I didn't say  
6 that's the argument. It was how it evolved. Right?  
7 I'm just saying that's how we evolved here in Texas as  
8 we formed LULAC and the first club being formed in South  
9 Texas in Corpus Christi.

10 Q. Okay. So back to my -- the question, I guess,  
11 I'm trying to get an answer to is: Is there any -- is  
12 there anyone at the LULAC 151 organization that would be  
13 able to tell me, you know, give me a good estimate of  
14 the percentage of the different racial makeup of the  
15 membership?

16 A. I don't believe so, no, sir.

17 Q. Okay. Do you have any feel for that yourself?

18 A. No, sir.

19 Q. Why is that?

20 A. We can't go simply by Spanish surname because I  
21 could have a last name of Smith and consider myself  
22 Latino-Hispanic. See? So that's -- it's difficult.  
23 That's why we -- we don't -- if you wish to hold  
24 yourself out in some fashion, that's fine. Right? We  
25 come together for issues. Right? -- as all -- as all

1 Knights of Columbus, Catholic Church -- those issues.

2 Q. Okay. Well, let me ask it this way: When was  
3 the last LULAC meeting you attended?

4 A. We haven't had any because of COVID.

5 Q. When was the last one you attended?

6 A. The last one, pre-COVID.

7 Q. Okay. So it would have been prior to 2020?

8 And -- and --

9 A. During -- yes, prior to COVID.

10 Q. And let me clarify. Are you saying you've had  
11 no meetings at all? No online or anything?

12 A. There has not been a -- no -- there was an  
13 attempt to do online. It didn't work out very well.  
14 Some people don't have the Zoom and stuff, and mind you  
15 we have older members too like me. Right?

16 Q. So is it -- so then is it true that, since sort  
17 of the COVID pandemic shutdown, meetings in person that  
18 LULAC 151 has had no membership meetings since that  
19 time?

20 A. The executive committee continues to meet and  
21 then -- during this time period, and that was done on --  
22 via Zoom.

23 Q. Okay. So how often does the executive  
24 committee meet?

25 A. At least once a month, at least.

1 Q. All right. But you haven't gotten the entire  
2 membership together in I guess we're coming on about  
3 three years now?

4 A. Well, to be clear, I said official meetings,  
5 but everybody is free to join -- there's nothing -- the  
6 executive committee Zoom meetings. The invite goes out  
7 to everybody.

8 Q. Okay. So when was the last executive meeting  
9 roughly that you had with LULAC that you attended?

10 A. Perhaps at the end of -- at the end of -- at  
11 the end of last year.

12 Q. All right. And then what's your estimation --  
13 best estimate for when the last time y'all -- LULAC 151  
14 had an in-person meeting?

15 A. Best estimate -- well, with my knowledge -- is  
16 about midpoint of -- of last year in preparation for  
17 Cinco de Mayo, this past year, which was the first time  
18 it was held.

19 Q. Cinco de Mayo in 2022?

20 A. 2022, yes, sir.

21 Q. So you had an in-person meeting around May --  
22 before the May 5th --

23 A. Before. Yes, sir.

24 Q. -- function in 2022?

25 A. Yes, sir.

1 Q. Okay. I'm sorry. I was confused. I was  
2 thinking you said you hadn't had an in-person meeting  
3 since COVID started. That's not correct.

4 A. Well, that's correct in terms of calling a  
5 general meeting.

6 Q. Mm-hmm.

7 A. But I meant -- you're saying in person. There  
8 are in-person meetings going on with regard to the  
9 Cinco de Mayo committee effort, and that -- that  
10 involves everybody. We're not just blocked off.  
11 Anybody is welcome to join.

12 Q. Mm-hmm. All right. So you're saying you had  
13 sort of a sub-gathering for the Cinco de Mayo  
14 celebration. All members were invited, but it wasn't a  
15 general membership meeting.

16 A. Correct.

17 Q. Is that correct?

18 A. Correct.

19 Q. Well, so at this -- at this -- the pre-Cinco de  
20 Mayo meeting, can you tell me how many -- were there  
21 members there that were Black, that were Black citizens  
22 and members of LULAC that you know of?

23 MS. VALL-LLOBERA: Objection; calls for  
24 speculation.

25 A. I don't know.

1 Q. (BY MR. RUSSO) Okay. You don't -- do you  
2 recall seeing -- seeing people who you think you  
3 consider would probably identify as Black?

4 MS. VALL-LLOBERA: Objection; asked and  
5 answered.

6 A. I don't -- I don't know.

7 Q. (BY MR. RUSSO) No idea?

8 A. (Shaking head.) I don't -- at this point I  
9 have no idea.

10 Q. Okay. Is it -- is it --

11 A. I don't recall.

12 Q. Is it typical -- is it typical to see, at your  
13 membership meetings, individuals who identify as Black?

14 A. At what point?

15 Q. At any time.

16 A. Yes, sir. Yes.

17 Q. Okay. So --

18 A. Well, to clarify, I believe they're Black, but  
19 I don't know what they self-identify as. Let's put it  
20 that way. Okay?

21 Q. I understand. It's -- it's difficult these  
22 days. I get it. Things are changing as we speak.

23 A. Yes. That's all.

24 Q. Okay. But so, generally speaking, then, you do  
25 have people that are members -- that you believe are

1 members of LULAC 151 that, in your estimation, likely

2 identify as Black. Is that what you're telling me?

3 A. Yes, sir.

4 Q. Okay.

5 A. And let me interject. I just -- just to be  
6 clear, it's sometimes here now as you rightfully said  
7 it's a touchy subject because we have Afro-Latinos who  
8 do not consider themselves Black. I'm just being very  
9 straightforward with you there.

10 Q. I understand. Okay. Well, let me ask it this  
11 way: Based upon your attending the meetings, would you  
12 say the majority of members of LULAC 151 would identify  
13 as Latino?

14 A. I have no idea.

15 Q. None? You don't know whether it's half?

16 A. I have no idea.

17 Q. 20 percent? 10 percent? No clue?

18 A. I wouldn't even dare make a guess. I have no  
19 idea. I can honestly say to you I have no idea.

20 Q. Okay. Is there anybody at LULAC 151 who could  
21 provide me with that estimate?

22 MS. VALL-LLOBERA: Objection; asked and  
23 answered.

24 A. I don't know of anybody. I don't know of  
25 anybody.

1 Q. (BY MR. RUSSO) Okay. Now, I want to ask you a  
2 little bit about the organization itself and sort of the  
3 purpose. What is the -- what's the purpose of LULAC?  
4 What's its purpose? I mean, what's its goal?

5 A. The No. 1 goal, I said earlier, is promoting  
6 civic engagement. We are citizens of this country.  
7 Let's take a role and encourage anybody who has an  
8 interest in civic engagement to join with us in that  
9 effort.

10 It's -- then equal rights. It's to be a  
11 voice for equal rights as a mission.

12 It's also to be a voice for education.  
13 Let's encourage our youth. Let's encourage anyone that  
14 has a desire to -- to pursue their studies, to  
15 facilitate and encourage educational opportunity. Those  
16 are the three areas.

17 Q. Okay.

18 A. That we focus on.

19 Q. And I just want to make sure that -- that -- is  
20 it your understanding that LULAC's purpose whether it be  
21 civic engagement, equal rights, or education, it's  
22 geared towards this civil rights or equal rights or  
23 education of Latino Americans?

24 A. No, sir.

25 Q. That's not correct?

1           A. It's -- it's -- we -- I don't believe so. I  
2 don't believe so, no.

3           Q. Okay. Well, your complaint actually alleges  
4 that LULAC aims to advance the economic condition,  
5 educational attainment, political influence, housing,  
6 health, and civil rights of Latino Americans.

7           A. Yes, sir.

8           Q. Is that accurate?

9           A. I believe so as well, too. Latino, it's --  
10 it's a wide group.

11          Q. Well, the only group that was mentioned here  
12 was Latino Americans?

13          A. Who are, as we said earlier, who are White.

14          Q. I'm sorry. I don't understand what you're  
15 saying.

16          A. I -- I --

17          Q. Your complaint alleging that the LULAC  
18 organization --

19          A. Yes, sir.

20          Q. -- is -- it does these things.

21          A. Yes.

22          Q. But it qualifies it as you're looking at the  
23 rights of Latino Americans. Is that not accurate?

24          A. That's --

25                   MS. VALL-LLOBERA: Counsel, I don't want to

1 interrupt your questioning, but it may help clarify the  
2 record for you if you distinguish between ethnicity and  
3 race or -- Mr. Compian usually refers to  
4 Anglo-Americans, if that would help.

5 Q. (BY MR. RUSSO) Well, I guess what I'm asking  
6 about is what is alleged in your complaint by LULAC and  
7 Mr. Compian as well since he's an individual plaintiff.  
8 So I'm wondering what did that mean when you allege that  
9 you're involved with the civil rights of Latino  
10 Americans?

11 A. As an organization, regardless of your color,  
12 regardless of your ethnic background, you're free to  
13 join. You're free to join LULAC. All of us together  
14 focusing on the needs of Latino Americans. That's --  
15 that's simply.

16 Q. Understood. And I -- so maybe -- I guess maybe  
17 we're -- there's less confusion than I thought, in that,  
18 I get that -- we already discussed -- anybody that wants  
19 to be a member can be a member. True?

20 A. Oh, yes.

21 Q. Regardless of race, ethnicity. Correct?

22 A. Yes, sir. Yes, sir.

23 Q. But the goal of the organization is advancement  
24 of -- towards Latino Americans. Would you agree with  
25 me?

1 A. Yes, sir.

2 Q. Okay. That's all I was trying --

3 A. Mm-hmm.

4 Q. -- to discuss.

5 And the things that you mentioned, goals

6 that you mentioned, were promoting civil engagement.

7 Right?

8 A. Yes, sir.

9 Q. What does that mean? What do you mean by  
10 promoting civil engagement?

11 A. It is taking -- encouraging people of limited  
12 economic means who -- whose family originally immigrated  
13 from Mexico and to some from Spain at that time, too.

14 Right --

15 Q. Mm-hmm?

16 A. -- the -- the ones here in Texas. Remember  
17 LULAC started here in Texas. And take a role in  
18 government, take a role in local government, introduce  
19 people to how local government functions. That's  
20 what -- what's -- some of the things that are involved  
21 and, if necessary, file lawsuits.

22 Q. Okay. All right. And when you talk about --  
23 so civil engagement, is it -- am I accurate in saying  
24 that's engagement in sort of the governmental oversight  
25 type of situations, or is it something a bit broader

1 than that?

2 A. From my -- from my experience and my time, it's  
3 not just necessarily governmental because sometimes  
4 abuses occur within other structures such as churches.  
5 Okay? Such as private businesses. So it's -- it's not  
6 just focused on governmental.

7 Q. Okay. So is there -- is there a committee or  
8 let me -- strike that.

9 Is one of the goals, then, that the  
10 membership be sort of cognizant or work with religious  
11 organizations to make sure that they're, you know,  
12 working towards the benefit of Latino Americans as well?

13 MS. VALL-LLOBERA: Objection; misstates  
14 prior testimony.

15 A. I don't understand your question.

16 Q. (BY MR. RUSSO) Okay. Well, if you don't --

17 A. Yeah, I don't.

18 Q. -- ask me to rephrase it, and I will do my  
19 best.

20 You mentioned that -- you mentioned  
21 churches in particular when I asked you about civil  
22 engagement, and so I'm curious as to whether the LULAC  
23 organization sort of suggests or believes its membership  
24 should be involved in churches within the community.

25 A. I didn't -- your question was -- it was -- you

1 stated governmental, that something engagement in  
2 governmental. I said sometimes engagement, that's to  
3 say, being aware of items is not just a governmental  
4 entity, but it may be practices of a church. It may be  
5 practices of private businesses. That's all I would  
6 say.

7 Q. Okay. Yeah. I -- there's -- there's not a --  
8 there's no sort of religious, necessarily, connection  
9 between LULAC and the community. Is that true?

10 A. I would be dishonest with you to say as an  
11 American of -- Mexican American -- of Mexican descent to  
12 say that the church does not have a role because I went  
13 to Catholic schools. I went to Catholic undergraduate  
14 school and graduate school as well, too. So I would  
15 be -- I think I would be lying to you if I said that  
16 somehow or another faith was not involved in some way,  
17 but a sort of some -- officially? No. It's who -- it's  
18 just who we are.

19 Q. Okay.

20 A. But we don't -- but we don't discuss it. I  
21 mean, it's not -- it's not "Oh, we've got the church  
22 committee," you know. No, we don't have anything like  
23 that.

24 Q. Do you have any idea -- you personally have any  
25 idea or is the -- this is either or -- does the

1 organization have any idea of the number of members who  
2 identify as Catholic?

3 MS. VALL-LLOBERA: Objection; first  
4 amendment.

5 A. No, sir. No idea.

6 Q. (BY MR. RUSSO) No? And, again, I'm not asking  
7 for specific names of anybody.

8 A. Yeah. But --

9 Q. I'm just wondering if you have an idea of what  
10 the number would -- percentage would be.

11 A. No. No, sir. I have no idea.

12 Q. Yeah. Now you said you graduated from -- did  
13 you say from Catholic high school?

14 A. No. I went to a -- I started off here in  
15 Galveston as the only school that took people like  
16 myself, our Lady of Guadalupe School.

17 Q. I attended that school.

18 A. Oh. Did you go to -- oh, okay. Our Lady of  
19 Guadalupe. And -- but it was -- you're -- you're so  
20 young. I -- it was closed.

21 Q. No --

22 A. It closed when Reynaldo Lopez came; so...

23 Q. So I went -- I went through -- it was still  
24 there. I went through third -- third and fourth grade,  
25 and I think it was still there --

1 A. Okay.

2 Q. -- when I -- I could have stayed, but I ended  
3 up going to public school. Do you remember it closing  
4 earlier than that?

5 A. I kind of thought it -- because from there --  
6 was that about the time that -- Hurricane Carla came in  
7 in 60- -- '61.

8 Q. '61?

9 A. -- '61. And that's when we kind of  
10 transitioned over to Travis Elementary. I don't know  
11 the de- -- you know, I don't recall, being young. But I  
12 think it had to do something with Carla and maybe the  
13 condition of the school or something. I don't really  
14 remember.

15 Q. So how far did you -- what -- is there a grade  
16 level you made it through at Guadalupe?

17 A. Well, I started at pre-K at Our Lady of  
18 Guadalupe in Rosenberg, Texas.

19 Q. Okay.

20 A. Then my parents moved here and transferred to  
21 Our Lady of Guadalupe, and I did my first grade there  
22 and was starting second grade as well, too. And that --  
23 and then there was -- second grade, I know I remember  
24 finishing up at Travis --

25 Q. All right.

1 A. -- at that point.

2 Q. Is -- was it Travis High School?

3 A. No, Travis Elementary, which are now the Travis  
4 something apartments. Travis they're -- they're still  
5 called Travis, but that was a Travis Elementary School.

6 Q. Okay. So I'm trying to get to your high  
7 school. Where did you graduate high school from?

8 A. La Marque.

9 Q. La Marque?

10 A. Yeah. La Marque.

11 Q. How did you transition to La Marque from the  
12 island?

13 A. Carla hit in '61. The house got flooded. We  
14 were impacted by that event. Well, there were a lot of  
15 tornados really that --

16 Q. Yeah.

17 A. -- that -- and Dad decided that Galveston was  
18 not the best place to raise a family with those -- with  
19 those things going on.

20 Q. Mm-hmm.

21 A. It was great for being a young carpenter like  
22 him in terms of work, but... So he was able to find a  
23 property in La Marque in '63.

24 Q. Yeah.

25 A. -- and moved to La Marque.

1 Q. Okay. Did he tell you he wanted to get away  
2 from sort of the tidal issues that you see on the island  
3 like Carla and Ike?

4 A. Yeah. That was kind of the discussion that --  
5 it's not a good place to raise a young family.

6 Q. Because you don't see that in La Marque like  
7 you see it here on the island. True?

8 A. I -- if -- well, I -- I will tell you Harvey,  
9 my home flooded. So I was out of my home for one year.

10 Q. That's a different event, though. Right?

11 A. Yeah.

12 Q. Harvey, it was raining.

13 A. That was more of a rain; so but...

14 Q. Not tidal?

15 A. Not tidal.

16 Q. Those are two different things.

17 A. Yeah.

18 Q. All right. So then what year did you graduate  
19 roughly, do you know? Do you recall?

20 A. Yeah. Sure. I graduated in 1973 from  
21 La Marque High School.

22 Q. All right. And then where did you go after  
23 that?

24 A. Georgetown University -- no -- yeah,  
25 Georgetown. I tell you, it's terrible getting old.

1 Sorry.

2 Q. And then you graduated four or five years from  
3 Georgetown?

4 A. Yeah. I graduated from Georgetown in -- if you  
5 believe it, I used to be smart in those days. It's  
6 terrible, now I can't. I graduated from Georgetown in  
7 1977. Yes, sir.

8 Q. And then what did you do after that?

9 A. I --

10 Q. School-wise.

11 A. School-wise? I joined your co-counsel's father  
12 at first year at Texas Tech Law School.

13 Q. Okay. That's Fred Raschke?

14 A. Fred Raschke, yes, sir.

15 And I was there for one year.

16 Q. All right. And then where did you go after  
17 that?

18 A. Catholic University of Law school.

19 Q. Did you graduate?

20 A. Yes, sir.

21 Q. Okay. So you have a J.D. --

22 A. Yes, sir.

23 Q. -- license?

24 A. Yes, sir.

25 Q. Do you -- are you actually -- do you have your

1 law license?

2 A. No. No, sir.

3 Q. Did you ever have one?

4 A. No, sir.

5 Q. Why didn't you get a license to practice?

6 A. After -- at the time that I was graduating, I  
7 was working with a sole practitioner on the DuPont  
8 Circle area of D.C. who had a very -- let's call it I  
9 guess a boutique practice. He was originally here from  
10 South Texas and spoke Spanish. My godfather was an  
11 administrative judge for the -- I guess it was for  
12 NASA -- for NASA.

13 And he was up there. He introduced me to  
14 him while he was in law school, clerked with him. And  
15 the boutique business was -- he represented a lot of the  
16 embassies and the consulates on immigration matters --

17 Q. Mm-hmm.

18 A. -- and -- and business dealings. So once I  
19 graduated, there was a client -- and I also happen to  
20 speak French -- who had business dealings and had needed  
21 Switzerland. And I was asked to accompany the client to  
22 Switzerland, and I ended up staying there with --  
23 working with the classmate of mine over there.

24 Q. Okay. And did you ever have sort of -- when  
25 you were -- I guess after law school, did you have a

1 desire to practice law?

2 A. When I came back, I thought about it, but then  
3 I had another job offer here with the real estate group.

4 Q. Okay. That was the Re/Max group?

5 A. Yes, sir.

6 Q. And so how long did you work in the position  
7 you described to me after law school? How long did you  
8 stay in that position?

9 A. To the best of my recollection, about five  
10 years.

11 Q. All right. And that was over in Switzerland?

12 A. Yes, sir.

13 Q. And then you came back to the States after  
14 that?

15 A. Yes, sir.

16 Q. And that's when you started the Re/Max employ?

17 A. Yes, sir.

18 Q. So did you run -- were you sort of the  
19 operator -- manager at Re/Max, or were you employed as  
20 an agent?

21 A. No. I was on the management side.

22 Q. Okay. Did you have any ownership interest in  
23 that?

24 A. No, sir.

25 Q. All right. What did you do at Re/Max? What

1 were your responsibilities?

2 A. At that time the owner of the regional -- it's  
3 called regional franchise Texas rights -- was a fiery  
4 Italian American originally out of New York and -- Frank  
5 DeCicco. God bless him. And Mr. DeCicco was looking  
6 for someone that could write well, that could  
7 communicate well, and I don't even know how we were --  
8 how we came together honest -- that I don't remember at  
9 all. But I do remember then meeting him, and he made me  
10 an offer, and I joined that -- him originally as the  
11 corporate communications director basically and --  
12 writing. And at that time no one knew about Re/Max.

13 Q. Okay.

14 A. We -- it was a very unknown organization.

15 Q. Right. Did you stay in that position until you  
16 left Re/Max?

17 A. No, sir. In one year, then, I became -- he  
18 retired as president and became chairman of the board,  
19 and I became president of the organization.

20 Q. And how long were you president of the  
21 organization?

22 A. For 13 -- to the best of my recollection, about  
23 13 to 15 years, somewhere around there.

24 Q. Okay.

25 A. Yeah.

1 Q. Generally speaking, what were your  
2 responsibilities as president?

3 A. A franchise sales. I referenced those at some  
4 point -- those other lawsuits involvement -- selecting  
5 involvement -- outside counsel, you know, that, writing  
6 policies, involved at the time it was called RESPA --  
7 RESPA here in Texas, work that I was doing in Austin  
8 to -- basically I drafted that bill and the Real Estate  
9 Settlement Procedures Act.

10 Q. Mm-hmm.

11 A. And -- so it was, you know, management  
12 speaking, a lot of speaking.

13 Q. What year did you leave Re/Max?

14 A. That's where I -- best of my recollection, I  
15 was like 50 years old then. Perhaps the -- I want to  
16 say maybe in about '98, maybe, around that time frame --  
17 '98, '99.

18 Q. Mm-hmm.

19 A. Around that time frame.

20 Q. Okay. And then what did you do after that for  
21 employment?

22 A. Didn't -- I was fortunate that -- well, I  
23 really didn't have to work a lot at that time, and I  
24 would do occasional work with a legal temp agency, and I  
25 can't remember the name of the group but focused on real

1 estate transactions.

2 Q. Were they in the La Marque area?

3 A. No. In Downtown Houston.

4 Q. How did you find that position?

5 A. Once again, I was getting bored, but I didn't  
6 want to get involved in anything having to do with  
7 franchising or anything else.

8 Q. Mm-hmm.

9 A. And I reached out to some legal placement  
10 group. I don't even remember the name of it. And  
11 that's how -- they would send me to different jobs.

12 Q. Is -- how long did you do that?

13 A. Maybe another -- another year. About another  
14 year.

15 Q. One year?

16 A. I think so. Another year.

17 Q. Okay. And then any employment after that?

18 A. Then as a result of one of those placements, I  
19 was offered a job -- I was offered a job.

20 Q. Okay. Where?

21 A. With a group called MetroNational.

22 Q. And where are they located and what --

23 A. They're the owners of Memorial City Mall.

24 Q. So what did you do for them?

25 A. I was responsible for -- Memorial City Mall was

1 not the same mall that's there now.

2 Q. Mm-hmm.

3 A. It was under -- at that point involving --  
4 involved in a makeover, and what I had been originally  
5 asked to do was review all leases that the organization  
6 had that had not been updated in -- I guess since the  
7 owner -- it was a privately owned group -- had, and  
8 we're talking about doctor's offices, and there were  
9 various buildings that they had.

10 Q. Mm-hmm.

11 A. And -- and that's what I was doing. I was just  
12 providing lease summaries, reviewing their lease  
13 summaries.

14 Q. How long did you do that?

15 A. About another -- about another year. I think  
16 about another year.

17 Q. Okay. And then what did you do after that?

18 A. After that I said I don't want to work anymore.

19 Q. Did you retire?

20 A. Basically, yeah. And -- yes, sir.

21 Q. Okay.

22 A. I'm retired.

23 Q. Do you know -- so was that roughly 2001?

24 A. I want to say about 2000 -- 2000, yeah, that  
25 may -- that sounds about right.

1 Q. Okay. And have you remained retired since  
2 then?

3 A. Yes, sir. I -- I -- yes. I do now basically a  
4 lot of nonprofit work. That's how I got involved in  
5 nonprofit work.

6 Q. Great. What about, so can you -- can you --

7 A. And -- oh, sorry. Go ahead.

8 Q. Anything?

9 A. No. I'm fixing to have to take a restroom  
10 break here in a -- if it's all right.

11 Q. Okay. And I -- so here's what I want to do,  
12 and just let me know. I want to talk about just some of  
13 the organizations you're a part of.

14 A. Okay. Yeah. Sure.

15 Q. And then -- if we can sort of get through that  
16 list and then take a break if that works for you.

17 A. That's fine. That's fine.

18 Q. Okay. So, yeah, can you sort of give me an  
19 idea or list of organizations that you're -- have been a  
20 member in the past five years or so, let's say.

21 A. Past five years. So the Texas City ISD  
22 Foundation for the Future, which is the educational  
23 foundation.

24 Q. Mm-hmm.

25 A. I'm on the board there. I think I'm still on

1 | the board. I don't know.

2 | Q. Okay. Do they raise money for the school?

3 | A. For the schools.

4 | Q. All right. Got that one. Okay.

5 | A. Which is now La Marque as well. Right?

6 | Q. Right.

7 | A. That's where La Marque was consolidated.

8 | Q. Okay.

9 | A. I'm on the Catholic Charities advisory board  
10 | for Galveston County as well as the main Harris County  
11 | group.

12 | Q. Okay.

13 | A. I am a member of the Knights of Columbus in --  
14 | at the Queen of Peace Church. That's Knights Council --  
15 | I can't think of it right now, but I always call it the  
16 | Queen of Peace -- in La Marque.

17 | Q. Okay.

18 | A. Group. A member of LULAC, a member of NAACP,  
19 | the --

20 | Q. Which branch?

21 | A. It's the at large. I joined at large.

22 | Q. Okay.

23 | A. Keep going here. Let me stop and think. I  
24 | have to think of these.

25 | I'm a senior fellow with the American

1 | Leadership Forum. I'm a community leadership volunteer,  
2 | external relations governmental OPS supervisor for the  
3 | American Red Cross, and, slash, I also am a disaster  
4 | action team supervisor which we respond to fires and  
5 | natural weather events on properties.

6 | Q. Disasters?

7 | A. Disasters, yeah. Disasters.

8 | Q. Is that Red Cross also?

9 | A. Yes, sir.

10 | Q. Okay.

11 | A. Yeah. Most people don't realize that we  
12 | respond to more fires than we do disasters actually.  
13 | And between Wednesday -- I'm bragging about this --  
14 | there's only two of us here in Galveston County --  
15 | between Wednesday of last week as of last night, when I  
16 | was finishing this intake, we, between the both of us,  
17 | provided service to 16 families that were impacted by  
18 | home fire.

19 | Q. That's great.

20 | A. And let me see. Let me go on. LULAC. I'm a  
21 | parish social minister with the Archdiocese of  
22 | Galveston-Houston.

23 | Q. Okay. You said parish social?

24 | A. Yes, sir, parish social minister.

25 | Q. Does that mean that -- what does that --

1 | A. Parish social minister is an individual that  
2 | has gone through the training and -- to promote Catholic  
3 | social justice teachings.

4 | Q. Okay. All right.

5 | A. Let me think. What else? I'm a member of the  
6 | Georgetown University Alumni Association here -- club  
7 | here in Houston, and at one time, once again, up to  
8 | pre-COVID, I was a member of the Alumni Admissions  
9 | review group that did the interviews for individuals  
10 | locally --

11 | Q. All right.

12 | A. -- that had applied to Georgetown. And I kind  
13 | of think that's it right now. I'm sure I'm missing  
14 | something.

15 | Q. Okay.

16 | A. But --

17 | Q. I've seen some references --

18 | A. Oh. REACT. I'm a member of REACT which is  
19 | the -- that's a newer one. That's a emergency  
20 | communications group where I'm trying to learn how to  
21 | fly a drone and get my ham -- ham license.

22 | Q. OKAY.

23 | A. -- for emergency communications.

24 | Q. All right. I've seen some documentation in our  
25 | records --

1 | A. Oh, I'm sorry. I forgot. I'm also -- I  
2 | forget -- stupid me. I'm thinking I used to be smarter.  
3 | I'm sorry. I'm mayor pro tem and I'm a council member  
4 | of District B in the city of La Marque.

5 | Q. Okay.

6 | A. I forget about that. How could I forget?

7 | Q. All right.

8 | A. I'm embarrassed.

9 | Q. And you took that position -- were you elected  
10 | to that position?

11 | A. Yes, sir.

12 | Q. In '21?

13 | A. The election was in '20. That was that year --  
14 | I think the last year of the COVID. The term originally  
15 | was supposed to be May, but the elections were all  
16 | deferred to November.

17 | Q. Mm-hmm.

18 | A. So the election itself was in November, and I  
19 | started my term in December.

20 | Q. All right. And that -- how long are those  
21 | terms?

22 | A. Three years.

23 | Q. Three years?

24 | A. I'm up for reelection now.

25 | Q. Okay. Are you -- do you --

1 A. I'm sorry. I'm --

2 Q. Yeah. Go ahead.

3 A. I'm -- I'm -- it's coming back. It's all  
4 coming. I'm also the representative of -- of -- let me  
5 get this right -- one of three representatives of the  
6 home rule small city caucus, and that's cities with a  
7 population of less than 25,000 that have a home rule --  
8 city manager sort of government.

9 Q. Mm-hmm.

10 A. -- to -- to the Houston-Galveston Area Council  
11 of governments board.

12 Q. Is that a state entity -- organization?

13 A. It's -- it's -- it's -- it's one of --  
14 recognized as little area council of governments both by  
15 the feds and the state, like you've got one out in East  
16 Texas and South Texas, Dallas.

17 Q. Mm-hmm.

18 A. So they're council of governments, and they  
19 serve as -- well, more recently I was appointed by that  
20 same group, the Houston-Galveston Area Council board, to  
21 join one of -- one of -- let me get this right -- one of  
22 27 members to the transportation advisory committee  
23 which is basically the flow-through and approves and  
24 makes recommendations of all transportation projects in  
25 an eight-county area, including Galveston County.

1 Q. Okay.

2 A. May I take a break now? Did I do -- do you  
3 mind?

4 Q. Absolutely. Yeah, we can take a break.

5 A. I just need to take a quick restroom break.

6 Q. Something tells me we haven't gotten all the  
7 list, but we can --

8 A. Thank you.

9 THE VIDEOGRAPHER: Off the record, 10:23.

10 (Recess taken.)

11 THE VIDEOGRAPHER: Back on the record,  
12 10:45.

13 Q. (BY MR. RUSSO) All right. So when we broke we  
14 were talking about organizations that you are a member  
15 of in the past five years. There were quite a few.

16 A. Yeah.

17 Q. Are there -- are there any others that you can  
18 think of?

19 A. Yes, sir.

20 Q. Okay.

21 A. Give me a chance. There's a group called Gulf  
22 Coast Interfaith. It's a -- I'm a member of the board,  
23 and we'll call each other leaders -- leaders of that  
24 group. In the past five years. I'm sure I'm missing  
25 something, but -- there may be some ad hoc sort of

1 | committees that I've served on. I just don't recall  
2 | right now.

3 | Q. Okay.

4 | A. I know I was involved, come to think of it, at  
5 | various times the -- during COVID, the county health  
6 | authority would contact me to promote some of the  
7 | outreach with the Spanish-speaking community as well.

8 | Q. Okay. Makes sense.

9 | All right. So you mentioned that you are  
10 | mayor pro tem for La Marque. Did you have to campaign  
11 | for that position?

12 | A. As little as I could. Yes, sir.

13 | Q. But it is an elected position. Right?

14 | A. Yes, sir.

15 | Q. And the citizens of La Marque are the voters in  
16 | that instance?

17 | A. Yes, sir.

18 | Q. Did you have an opponent?

19 | A. Yes, sir.

20 | Q. Who was that?

21 | A. I had two. Laura Divine, and there was another  
22 | young lady, and her name escapes me at this time. I  
23 | can't think of her name right now.

24 | Q. Okay. Did you run as a Democrat or Republican,  
25 | or how did that work?

1 A. No, sir.

2 Q. Neither?

3 A. Neither. Non-partisan.

4 Q. Did either of your opponents have a party  
5 affiliation?

6 A. Not that I know of. I don't know.

7 Q. Okay. Do you have a party affiliation just in  
8 general? Do you consider yourself a Democrat or a  
9 Republican? How might you describe yourself on any  
10 given day?

11 MS. VALL-LLOBERA: And just to clarify for  
12 the record, this is in Mr. Compian's individual  
13 capacity. Right?

14 MR. RUSSO: It's going to have to be at the  
15 moment, yeah.

16 A. So could you clarify the question? Are you  
17 saying do I -- I don't -- just clarify the question. I  
18 don't understand.

19 Q. (BY MR. RUSSO) Do you typically vote in  
20 elections as -- on the Democrat -- let's start with  
21 primary. Do you typically vote in Democratic primaries  
22 or Republican primaries?

23 A. I typically vote in the Democratic primaries --

24 Q. And is that in --

25 A. -- technically.

1 Q. I'm sorry. Let you finish.

2 A. But I believe I voted in the Republican primary  
3 as well.

4 Q. Can you recall any specific primary that you  
5 voted in on the Republican primary ticket?

6 A. It may have possibly been -- yes, I think I can  
7 recall. When the son of an -- I consider him a family  
8 member -- was running for one of the judge's positions  
9 here. Donnie Quintanilla was running for one of the  
10 judge's positions.

11 Q. Mm-hmm. And he ran as a Republican as you  
12 recall?

13 A. Yes, sir.

14 Q. And did he win that election?

15 A. No.

16 Q. Do you know who his opponent was in the  
17 primary?

18 A. Wasn't it Jack Ewing?

19 Q. Might have been.

20 A. Isn't still Judge Ewing --

21 Q. Judge Ewing is on the --

22 A. The bench.

23 Q. County court, yes.

24 A. Yeah. That -- with the County -- with the  
25 County court. Because his father had held that

1 position, Roy.

2 Q. Roy. Yeah.

3 A. Yeah. And Roy is like a brother to me.

4 Q. So had you known -- you've known the Kenyas for  
5 a while, then?

6 A. Oh. That's -- like that's -- that's my --  
7 my -- the Kenyas and my parents were -- what they say  
8 compadres, like, you know, piasan in Italian. That's,  
9 you know, it's.

10 Q. Right.

11 A. Yeah, so, yeah.

12 Q. Okay. But -- so other than that race, we --  
13 you -- we typically -- you would typically vote in -- on  
14 the Democratic primaries. Would you agree with that?

15 A. Yes. I would agree, yes.

16 Q. Do you consider yourself a Democrat?

17 A. I vote by issues.

18 Q. Are you a member of the Democratic Party?

19 A. What does that mean? Can you clarify that?

20 What makes you a member?

21 Q. Well, do you -- are you a donor to the  
22 Democratic Party?

23 A. No.

24 Q. Have you ever donated to them?

25 A. Possibly. I don't recall. I don't recall.

1 Possibly. But I don't recall.

2 Q. All right. Are you generally aware that --  
3 the -- sort of the issues that separate the Republican,  
4 Democrat parties today?

5 A. I'd like to think so, yes.

6 Q. So would you consider yourself to be more in  
7 line with the Democratic line of thinking or -- the  
8 Democrat line of thinking or the Republican line of  
9 thinking?

10 A. That's -- fundamentally, I'm going to have to  
11 say I'm not -- I'm an independent in that regard. I  
12 look at issues. Right? Because there's some things  
13 that I find interesting on both parties.

14 Q. Mm-hmm.

15 A. So I'm an independent in that sense. I look at  
16 issues.

17 Q. Okay. So the issues are what drive your vote  
18 on any given election. Is that your testimony?

19 A. Yeah. Yes.

20 Q. All right. Did you have a -- back to your  
21 election for the La Marque position, did you have a sort  
22 of campaign stance, or, you know, how did you go about  
23 your campaign?

24 A. Yes, sir.

25 Q. What was it?

1           A. Let me recall that. One was maintain property  
2 taxes, not to increase them. A complete implementation  
3 of financial planning on the part of the City. Start  
4 first with a two-year plan, but ultimately come up with  
5 a five-year financial plan. We need to have -- we need  
6 to know where we're going as a city -- we're growing --  
7 that has not happened in La Marque.

8                       And then the other thing had to do with,  
9 since my district is the area with still a lot of  
10 available space on the west side, making sure that we  
11 had adequate work done on our ditches to clear them for  
12 other rain-type events so that water would run off.

13           Q. Drainage issues?

14           A. Drainage issues, correct.

15           Q. All right. Am I right that you're not -- you  
16 weren't elected at large -- in an at-large election in  
17 the entire city?

18           A. No, sir. No, sir.

19           Q. You had a specific set of people that voted for  
20 you?

21           A. Yes, sir.

22           Q. And they were generally located on the west  
23 side of La Marque?

24           A. Yes, sir.

25           Q. All right. Okay. You mentioned that you --

1 one of your platform items was no additional property  
2 taxes or keeping them steady?

3 A. Yes, sir.

4 Q. Do you consider that more of a conservative  
5 viewpoint?

6 A. For some.

7 Q. What do you think?

8 A. I consider it a common sense, especially as I  
9 become a senior. Right? It becomes -- it becomes -- it  
10 becomes important.

11 Q. Yeah. In terms of -- but would you think of  
12 that as more of a conservative politician type of  
13 concept, no new taxes type of thing?

14 A. It has been. Right? By something that people  
15 who self-identify as conservatives will talk about a  
16 lot.

17 Q. I understand. Okay. So you've got no -- the  
18 property tax issue, financial planning within the city,  
19 and then drainage improvement.

20 A. (Nodding head.) And then the other thing was  
21 my experience. It's -- let's -- let's -- let's do  
22 something different here in our city and elect someone  
23 that has some -- some experience.

24 Q. Were either of the people that you were running  
25 against an incumbent?

1 A. No.

2 Q. Who left the position you were looking to fill  
3 or that you actually did fill?

4 A. His name was Mr. Christopher Lane.

5 Q. What was your impression of him as a council  
6 member?

7 A. He's a dynamic young man, you know. He's a  
8 good friend as well, too, you know. He's family as  
9 well. So he -- he -- he decided to -- to not run.

10 Q. Mm-hmm.

11 A. Just like my own decision. If I should win  
12 reelection, this will be my last term if God permits me  
13 to serve it out. I'm not here for a long trip.

14 Q. I understand. And you mentioned that you voted  
15 for Donnie Quintanilla in his race. Do you know of  
16 other Latino individuals that also voted in that race  
17 because, you know, they wanted to vote for Donnie?

18 MS. VALL-LLOBERA: Objection; misstates  
19 prior testimony and calls for speculation.

20 A. I don't know.

21 Q. (BY MR. RUSSO) Do you -- you don't know of any  
22 other individuals who identify --

23 A. No. No. Not personally.

24 Q. Okay. Let me finish the question.

25 As you sit here today, you don't know of

1 any individuals in the Latino community that voted in  
2 the race, the primary race, that Donnie Quintanilla was  
3 in to have him elected as a county judge?

4 A. Well, certainly I -- this is an assumption. I  
5 don't -- his dad -- it was his dad.

6 Q. So you figured his dad voted for him?

7 A. I assume -- if you're asking me that question.

8 Q. We would hope so?

9 A. One would hope so.

10 Q. And do you have any idea how many of the sort  
11 of the Latino community turned out to vote in that --  
12 that particular election?

13 A. I have -- no, sir.

14 MS. VALL-LLOBERA: Objection; speculation.

15 A. I have no idea.

16 Q. (BY MR. RUSSO) None?

17 A. No, sir, none.

18 Q. Would you expect it to be a little higher --

19 MS. VALL-LLOBERA: Objection; calls for  
20 speculation.

21 Q. (BY MR. RUSSO) -- than normal?

22 A. I have no idea.

23 Q. (BY MR. RUSSO) No clue?

24 A. No clue.

25 Q. All right. So in your time and sort of

1 experience in voting and being in your community, you're  
2 not aware of any situation where Latino voters might  
3 vote for a Latino candidate at a higher percentage than  
4 they would if he were not in the race?

5 MS. VALL-LLOBERA: Objection; incomplete  
6 hypothetical.

7 A. Could you repeat the question?

8 Q. (BY MR. RUSSO) Well, let me simplify it.

9 Is it -- you know, based upon your  
10 experience with Latinos in the community, do you feel  
11 like they're more likely to vote in a race that has a  
12 Latino candidate in it?

13 MS. VALL-LLOBERA: Objection; calls for  
14 speculation.

15 A. I don't know for sure, but I would hope so.

16 Q. (BY MR. RUSSO) Yeah.

17 A. That's all I can say.

18 Q. Okay. Does your experience tell you that that  
19 is likely true?

20 MS. VALL-LLOBERA: Objection; asked and  
21 answered, Counsel.

22 Q. (BY MR. RUSSO) You can answer.

23 A. I -- I -- once again, I don't -- I don't know.  
24 I don't profess to know the answer to that.

25 Q. Well, let me ask you this: As sort of a

1 member -- or based on your knowledge of a Latino  
2 community -- well, strike that. We'll come back to that  
3 in a bit.

4 We talked a little bit earlier about the  
5 sort of allegations in the complaint in terms of LULAC's  
6 goals and the desire to sort of advance the civil rights  
7 of Latino Americans, and I'm curious if you can tell me  
8 how it is that LULAC would define a Latino?

9 A. Would define? Hmm. I don't know. Is there  
10 some particular document that you're looking at or  
11 something? I don't know what -- I don't have an answer  
12 for you. I don't know.

13 Q. Yeah. So the only -- I guess I'm referring to  
14 the allegation in the complaint, and, frankly, I don't  
15 think it's probably going to be a surprise that LULAC  
16 website also refers to Latino Americans.

17 A. Yeah.

18 Q. And I'm wondering how LULAC would define that.  
19 How do you -- how are we supposed to know whether, you  
20 know, we're dealing with a Latino voter or an African  
21 American voter, how do we know, in LULAC's view, that a  
22 voter is a Latino voter?

23 MS. VALL-LLOBERA: Objection; relevance.

24 Q. (By MR. RUSSO) You can answer.

25 A. A Latino voter? I'm just having difficulty

1 trying to --

2 Q. Sorry.

3 A. -- process your question. I think this goes  
4 back to part of our previous discussion in terms of my  
5 mind, is that we -- if you have an interest in making  
6 sure that individuals have access to the polls that  
7 happen to, at one point -- now at one point, back when  
8 -- LULAC was founded here in Texas -- that were then  
9 principally Spanish speaking. They were, in fact,  
10 Spanish speaking because we were the -- although we've  
11 been here. We've been here. Right? We've been here.

12 And if you have an interest in making sure  
13 that their policies permit access to these  
14 Spanish-speaking individuals at that time or giving them  
15 the respect that they had as serving in the military and  
16 being able to get buried and without denying them  
17 that -- that last -- those last rites, if -- if you are  
18 challenged or desire to see more individuals that are in  
19 my community to seek elected office, to engage  
20 themselves in -- somehow in activities that might be  
21 advocacy, then -- then a place for you is LULAC.

22 So, Mr. Russo, we welcome you. If you  
23 share those, then -- then we welcome you.

24 Q. And I appreciate that.

25 A. Yeah.

1 Q. I'm trying to, for purposes of our case,  
2 though, to determine --

3 A. Yes.

4 Q. -- how it is that LULAC determines what a  
5 Latino is, and maybe I can ask the other questions  
6 differently.

7 Does LULAC equate Hispanics -- people of  
8 Hispanic descent -- with Latino?

9 A. Well, it's -- I'm only speaking -- once again,  
10 I'm only speaking as Council 151 here. Right?

11 Q. Yes, sir.

12 A. But we have used the term "Hispanics" to refer  
13 as, you know, Joe is a Hispanic. Some have said that.  
14 Right? Others say Joe is a Mexican American. Right?  
15 So there's a variety of descriptive -- Joe is a son of a  
16 gun or bitch, whatever it is. But they've -- you know  
17 there's a variety of descriptions out there.

18 But we encourage anybody that has an  
19 interest in these areas to come together and run for  
20 office if that's for the case or...

21 Q. And generally speaking -- so you mentioned --  
22 so I guess Mexican Americans, would they be considered  
23 Latino, generally?

24 A. As an ethnic group, Latino.

25 Q. Right.

1 A. Yeah, as an ethnic group.

2 Q. They would be?

3 A. (Nodding head.)

4 Q. People that are sort of born in Mexico, would  
5 they be considered Latino under LULAC's definition?

6 A. I don't understand the question, Mr. Russo,  
7 really.

8 Q. Well, let's take Mexican Americans.

9 A. Right.

10 Q. You would agree with me that those are  
11 considered to be Latino individuals by virtue at LULAC?  
12 "Yes" or "no"?

13 A. Who's -- who's -- I just need some clarity if  
14 you could. Who are -- you're asking me is there someone  
15 making that determination?

16 Q. Well, someone is going to have to make the  
17 determination in the case because our -- the suit is  
18 over voting rights of Latino Americans.

19 A. Of Latinos.

20 Q. So I'm trying to figure out how do I determine  
21 who the set of Latino Americans is?

22 A. Well, I can perhaps help you out in this  
23 sense -- make it simple. In Galveston -- I can only  
24 talk about Galveston County. Right? Where we have  
25 memberships -- members who live all in Galveston County

1 in our LULAC Council.

2 But I can describe, of all things,  
3 interestingly enough, a Red Cross fire call that I was  
4 on last night at 8:30. And it was in the community in  
5 Dickinson, Texas off of California Street.

6 And if you were to get to know the  
7 community as I know it, you will immediately know that  
8 along California Street, there are various -- and I want  
9 to say probably more than 100 mobile homes in various  
10 parks.

11 And drive into those mobile homes, and you  
12 will see -- easy for you and I to both agree -- we found  
13 Latinos. Oh. Why? Because they're speaking in  
14 Spanish. They're speaking in Spanish.

15 Q. Okay.

16 A. That group is easy. Right? But then you have  
17 Latinos like me, and I hold myself out as -- I don't  
18 even use the term "Latino." My family origin is  
19 Mexican. Right?

20 Q. Okay.

21 A. But -- but -- and we are -- what we refer to in  
22 those pleadings is -- as Latino. Does that answer your  
23 question? I don't know.

24 Q. Well, you would also have situations where on  
25 California Street there are also non-Latinos on there as

1 well, correct?

2 MS. VALL-LLOBERA: Objection; calls for  
3 speculation.

4 A. I don't -- I don't know that for a fact. I  
5 don't know that. I don't know that.

6 Q. (BY MR. RUSSO) Okay. You didn't see any of  
7 them while you were there?

8 A. Not -- not that I --

9 MS. VALL-LLOBERA: Objection; asked and  
10 answered. He's already indicated LULAC doesn't track  
11 this information. You've asked in multiple times and  
12 multiple ways.

13 MR. RUSSO: That wasn't my -- that wasn't  
14 my question. My question was whether he saw any  
15 non-Latinos on California Street.

16 MS. VALL-LLOBERA: Objection; calls for  
17 speculation.

18 A. Yeah. I -- I don't -- oh.

19 Q. (BY MR. RUSSO) Yeah, you can answer that.

20 A. I don't know. I -- I -- the persons I saw were  
21 Latinos, speaking Spanish, were Spanish-speaking  
22 individuals. Let's put it that way.

23 Q. Mm-hmm.

24 A. The persons I saw were Spanish-speaking  
25 individuals. And mind you it's, you know, 8:30.

1 Q. What did you say?

2 A. 8:30.

3 Q. 8:30 --

4 A. In the evening.

5 Q. In the evening?

6 A. Yeah.

7 Q. Okay. Is there anywhere I can go to sort of  
8 find the definition of Latino Americans in LULAC  
9 literature?

10 A. I don't know.

11 Q. Okay. Do you identify as a Latino American?

12 A. Yes, sir.

13 Q. Do you yourself -- is there any way that you  
14 would define a Latino American?

15 A. I'm going to tell you -- I'll tell you a quick  
16 story. I think maybe this will help us both out. You  
17 know we were talking earlier -- and this is flipping to  
18 some -- I guess you were asking some questions about  
19 where I went to school.

20 When -- when we moved to La Marque and I  
21 went to Westlawn Elementary School, which no longer  
22 exists -- it's interesting; all these schools I went to  
23 no longer exist -- but went there, and the first day of  
24 school in Ms. Salvato's class -- God bless her,  
25 Ms. Salvato -- I get back, and my mother asked me, mijo,

1 how many Mexicans were in your class? And I thought  
2 about it just like I'm thinking about, you know, I'm  
3 truthfully answering your questions as best to my  
4 ability, and I thought about it, and I said, Mama, there  
5 were none.

6 And she looked at me, and she started  
7 laughing. She says you -- she says stupido, you are  
8 Mexican. You are Mexican. You are Mexican.

9 So I think it's a question of awareness.  
10 Right? That -- that -- that's what that told me because  
11 up to that point I was speaking Spanish, but I didn't  
12 know I was Mexican at that age. It's a question at some  
13 point we become aware.

14 Q. And you're aware today?

15 A. Today.

16 Q. And potentially since that conversation with  
17 your mother?

18 A. With my mother, yes.

19 Q. All right. Is it true, though, there's really  
20 not any way, sitting here today, for you to define what  
21 you would consider to be a Latino American?

22 MS. VALL-LLOBERA: Objection; misstates  
23 prior testimony.

24 A. Can you repeat that question?

25 Q. (BY MR. RUSSO) Is there any way for you to,

1 based -- to define what you consider to be a Latino  
2 American?

3 MS. VALL-LLOBERA: And to clarify, is this  
4 in his individual capacity or as representative of  
5 LULAC?

6 MR. RUSSO: I'm asking him as an  
7 individual.

8 A. Yeah. As -- and I think answered that,  
9 Mr. Russo, was there's just certain things that  
10 immediately pop up. Right? Speaking Spanish. It could  
11 be Portuguese as well, too.

12 Q. (BY MR. RUSSO) Mm-hmm.

13 A. Because I've dealt with Brazilian communities  
14 as well, too. We have some here. And they themselves  
15 call themselves Hispanic. So a lot of it, then, is just  
16 the language. How do you self-identify? It just comes  
17 down to that, how you self-identify.

18 Q. All right. All right. Bear with me for one  
19 second.

20 Okay. So are you -- has LULAC undertaken  
21 any sort of marketing efforts or membership drives in  
22 the past four years or so?

23 A. Is that during the COVID period? No.

24 Q. Okay.

25 A. Other than asking people to renew their

1 memberships.

2 Q. Is that just done through e-mail?

3 A. E-mail.

4 Q. Who sends out those e-mails?

5 A. The treasurer.

6 Q. And is there any -- so there's no specific  
7 marking effort to sort of drive new membership in that  
8 correspondence. Is that true?

9 A. That's true. You're right. Correct.

10 Q. Okay. When's the last time you can recall  
11 LULAC 151 undertaking any kind of sort of, you know,  
12 marketing to increase the membership rolls?

13 A. During the Cinco de Mayo events. Or the  
14 scholarship events.

15 Q. All right. And there was a -- we talked about  
16 a Cinco de Mayo event in 2022. Right?

17 A. Yes, sir.

18 Q. Okay. And so you consider part of that event  
19 is during the event there's sort of advocacy for -- to  
20 increase and become a LULAC member. That kind of thing?

21 A. Actually passing those forms out. Please join  
22 us.

23 Q. All right. Is there a flyer, or is it more  
24 just sort of an application that gets passed around,  
25 usually?

1           A. I -- I -- I'm not that -- I don't have an  
2 answer for either. I don't know the exact form that  
3 takes.

4           Q. Okay. Were there any -- any sort of marketing  
5 campaigns or increased -- or efforts to increase  
6 membership done as a result of the redistricting map  
7 that the County adopted in November of 2021?

8           A. I don't really understand the question and the  
9 context of -- was there an increased marketing? What  
10 does that mean? I mean, marketing?

11          Q. Well, as -- I mean you understand basically  
12 this case turns on the County's adoption of a map in  
13 November 2021. Right?

14          A. Right. Correct.

15          Q. So my question is: As a result of that, has  
16 LULAC done any additional marketing effort or outreach  
17 effort to increase membership?

18          A. No. Not that I'm aware of.

19          Q. Okay. You don't see any connection between the  
20 passing of the maps and, you know, additional efforts to  
21 drive membership to LULAC. Right?

22          A. I don't know.

23          Q. Okay. Who would I ask about that at LULAC?

24          A. I think -- I'll -- I don't know right now  
25 because I'm pretty informed. But understand during this

1 period of this, once again, it was COVID. So as I  
2 testified earlier, there was very limited -- we didn't  
3 want to endanger anybody's lives.

4 Q. Mm-hmm.

5 A. And that's always a priority there.

6 Q. Okay. But did y'all have a Cinco de Mayo  
7 celebration in 2021?

8 A. No.

9 Q. There was one in '22. Right?

10 A. '22.

11 Q. Do you recall any sort of material, marketing  
12 material, discussing the redistricting issues that are  
13 present in this case related to passing the county  
14 commissioner maps?

15 A. Are you referring at the Cinco de Mayo?

16 Q. Yes, sir.

17 A. No.

18 Q. All right. Any of those marketing efforts, as  
19 you sit here today, were part of the normal course of  
20 LULAC from your estimation. Is that true?

21 A. Our LULAC Council, and if you look at the  
22 records historically, has been at the forefront of  
23 litigation or complaints associated with redistricting.  
24 We began with the school district here on the island.  
25 We were the lead plaintiffs in that, when the school

1 district lines were challenged and we went to single  
2 member.

3 And we've constantly been involved -- prior  
4 to COVID then, we were involved in, collaboratively with  
5 other organizations, on the prior redistricting, prior  
6 to this last time. What is that? The 2000? 2001?

7 Q. Ten.

8 A. 2010. I'm sorry. 2010. Yeah.

9 Q. So do you know whether the -- you mentioned a  
10 challenge to the GISD, Galveston Independent School  
11 District lines. Was that from 2011 -- or 2011?

12 A. That was -- we were involved in challenging  
13 that, the redrawn lines then, and then -- but prior to  
14 that -- this is -- this is prior to that, when Galveston  
15 had an at-large system for their school district, we  
16 challenged that, and then the school district  
17 implemented single-member district.

18 Q. Do you remember when that was? When the  
19 challenge was?

20 A. That -- that would have been -- I -- something  
21 as significant as that, Mr. Russo, I should know like  
22 right on my brain, but I can't think of -- I can't give  
23 you -- I can't think of that right now.

24 Q. No problem. We may cover that.

25 A. But it was certainly prior to the 2010

1 | redistricting.

2 | Q. It was prior to 2010 redistricting?

3 | A. Yeah. This was -- Galveston ISD operated under  
4 | single -- under at large -- under at large, and we  
5 | challenged that.

6 | Q. All right.

7 | A. Successfully.

8 | Q. Okay. What -- what's your understanding of the  
9 | reason for bringing the lawsuit? What's this lawsuit  
10 | about from LULAC's perspective?

11 | A. Fundamentally, Mr. Russo, equity, fairness, and  
12 | keeping communities of interest together, and -- and  
13 | then there's another -- I want to call all these --  
14 | there's another subsection to this. It's a lack of  
15 | communication. Okay? There's been a lack of  
16 | communication.

17 | In the prior redistricting effort in the  
18 | 2010 census, our collaborating groups, collectively  
19 | called the Galveston County Collaborating Groups, were  
20 | involved in this redistricting effort. It was not  
21 | something that was hidden from us. In fact, I can think  
22 | of his name because it came up. I thought it was a  
23 | unique name. There was an attorney by the name of Nixon  
24 | involved, by last name, as I recall, if I'm correct.  
25 | Once again, I'm older now.

1 | But they were there in commissioners court  
2 | presenting the maps. It was a process. Please look at  
3 | them. We asked for the -- if they would share with us  
4 | the source documents. I was learning new language,  
5 | vernacular, associated with redistricting myself, didn't  
6 | even know what a source document was, but it was the  
7 | data that their demographer was using to draw. They  
8 | willingly shared the source documents with our  
9 | demographer, not to me but directly to the demographer.

10 | And we were able to come up with  
11 | suggestions of maps. Now -- and we were able to engage  
12 | in a dialogue, and I want to say a productive one. And  
13 | we tried our best. You know, we're not going to -- we  
14 | can still be friends at the end of the day, I hope.

15 | And so -- but that -- I want to say that  
16 | that's overall, that lack of communication, did not  
17 | happen here, and suddenly we wake up one day under the  
18 | new maps, and you see an article and oh, my God, this is  
19 | pending. And that was the first time that we really had  
20 | any idea of this. And that -- and there was no -- there  
21 | was no engagement like the previous time.

22 | And suddenly we see ourselves as a  
23 | community. The whole dynamics changed. And that's why  
24 | we're here today.

25 | Q. Okay. And the lack of communication, you feel,

1 | it's from the Galveston County Commissioners Court to  
2 | the community is what you're talking about?

3 | A. Well, Judge Henry, I think he's kind of driving  
4 | this -- what is it? Heading this railroad or driving  
5 | this railroad -- or driving this train, I should say.

6 | Q. So, basically, it sounds like you're telling me  
7 | that a lack of communication is a major issue for LULAC  
8 | in this situation in this case?

9 | A. Well, the lack of communication which resulted  
10 | in these caca maps, for lack of a better word.

11 | Q. Had the communication been better, do you think  
12 | we would be here today?

13 | MS. VALL-LLOBERA: Objection; incomplete  
14 | hypothetical and calls for speculation.

15 | A. I don't know. I don't know.

16 | Q. (BY MR. RUSSO) What's your best thought as an  
17 | individual?

18 | MS. VALL-LLOBERA: Objection; calls for  
19 | speculation and it's an incomplete hypothetical.

20 | Q. (BY MR. RUSSO) You can answer.

21 | A. You know, Mr. Russo, this is what's interesting  
22 | about my county here. I call Galveston County my  
23 | county. Right?

24 | Q. Fair.

25 | A. And you're part of my county, too. We all are.

1 | We all share that ownership. And I guess that's what it  
2 | fundamentally comes down to. We no longer feel, "we,"  
3 | "LULAC," "myself," that I feel I have any ownership.

4 | We're just as Precinct 3 as it existed  
5 | previously we had starting with Wayne Johnson, who was  
6 | my classmate at La Marque High School, we had this  
7 | opportunity to build leadership and Wayne was a dynamic.  
8 | You never met him. God bless him, too.

9 | But Wayne was dynamic. He convinced a  
10 | young Mexican kid to also think beyond his abilities.  
11 | "Joe, you're going to become the next student body  
12 | president here, and what you're going to do is go out  
13 | there and become the" -- he had a plan. He was -- I  
14 | learned a lot. It was a plan.

15 | And no one -- no one had really engaged me  
16 | in that -- in that fashion.

17 | Q. Mm-hmm.

18 | A. So it was building leadership and then that  
19 | continued on. Right? With Stephen Holmes and then  
20 | others stepping forth, other members as constables and  
21 | JPs. Right? And other city commission positions in  
22 | Texas City and La Marque, both in the African American  
23 | and Latino community. It was building -- building  
24 | leadership, where none existed, within those  
25 | communities.

1 | And what we have today here, which I  
2 | struggle with, is we have a map that has me with a  
3 | community that doesn't even look like me, that doesn't  
4 | even have my same income, that we have different values.  
5 | If we're going to talk about building affordable housing  
6 | for seniors, it -- I probably won't get a buy-in from  
7 | those commissioners that represent because of that  
8 | NIMBYism. Right? Not in my neighborhood.

9 | So those -- and we've seen that  
10 | historically. We've seen it. But we were -- in  
11 | La Marque we built using tax credits three -- two senior  
12 | housing, affordable housing developments, and one mixed  
13 | income development over there.

14 | There's been no further efforts of that.  
15 | Dickinson tried to do that. Suddenly that was not  
16 | successful on that side. So it's a different dynamic  
17 | under this -- the existing map.

18 | Q. So it sounds likes -- and with your mention of  
19 | Judge Henry, you put -- do you put more -- sort of  
20 | ascribe more blame to Mark Henry than the other  
21 | commissioners involved?

22 | MS. VALL-LLOBERA: Objection; misstates  
23 | prior testimony.

24 | A. I'm not privy to -- I don't know. I don't  
25 | know. Simple, I don't know. I don't know the dynamics

1 | there. All I know is that we work there to also

2 | participate in this process. That's all I know.

3 | Q. (BY MR. RUSSO) And that was a result of a lack

4 | of communication?

5 | A. Well --

6 | MS. VALL-LLOBERA: Objection; misstates

7 | prior testimony.

8 | A. I'm going to respond to -- actually I think

9 | it's important to say this, Mr. Russo. I referenced

10 | earlier, and this carries over to LULAC and myself

11 | individually, we're walking sometimes two lines here,

12 | but it's the same. When the county needed assistance in

13 | reaching out to the Latino community, they called me.

14 | When the county, after Hurricane Ike, and the work that

15 | was done there, the Ike and Harvey both, Gentilly

16 | (phonetic) was here at that time. Who did they call?

17 | They called me. "Joe, we need you." "Can you help us

18 | out?" "Can you help us out on that side?"

19 | It would have been nice to get that same

20 | phone call on something that's important as dividing us

21 | in this fashion.

22 | Q. (BY MR. RUSSO) Do you think they'll call you

23 | in the future?

24 | A. I have no idea. I don't know.

25 | Q. Can you think of any reason why they wouldn't?

1 A. I don't know. I don't -- I don't know.

2 Q. Have you spoken to any of the commissioners  
3 about your feelings on the map, you particularly?

4 A. I have not -- I've seen them. I have not  
5 spoken to them. As a matter of fact, I saw a majority  
6 of them on the legislative day for Galveston County. I  
7 saw Judge Henry. I saw his chief of staff, Tyler  
8 Drummond. I saw Joe Giusti, with the Knights of  
9 Columbus there in Hitchcock, and Commissioner Apfell.  
10 All three of them were -- all four of them were there  
11 for the -- as well as Cheryl Johnson was there on that  
12 legislative day. And we did not discuss anything about  
13 this.

14 Q. Was Commissioner Armstrong there as well?

15 A. No.

16 Q. So have you had any -- you personally, first,  
17 have you had any conversations with any -- with the  
18 county judge or commissioners since the vote in 2021?

19 A. No, sir. On this top- -- I've had  
20 conversations but not on this.

21 Q. Oh, okay.

22 A. Yeah.

23 Q. Well, what have your conversations with any  
24 those members been about? What have y'all talked about?

25 MS. VALL-LLOBERA: Objection; vague.

1           A. I don't -- in my role with the Red Cross, I'm  
2 governmental operations, external relations, so I  
3 maintain a relationship with the county judge office on  
4 questions of disaster response, needs. That's -- Tyler  
5 has reached out to us on -- actually, Joe Giusti and  
6 Tyler, there was an effort to reshape the Galveston  
7 County United Board of Health. They, I think, had it at  
8 one time at 11 members. I know because my cousin served  
9 on that, and they -- she's passed -- she's passed on.  
10 But they were reorganizing it to have 6 members. And  
11 per the bylaws that requires the approval of each of the  
12 jurisdictions here in Galveston County.

13                   They brought that to La Marque, and I was  
14 on counsel then, at that time. They brought that to La  
15 Marque as the last city to approve and thought it was  
16 going to be just a formality, and I asked how can you  
17 take a reduction and not have some representation of a  
18 community of color on this united board of health when,  
19 in fact, they're providing services to a significant  
20 portion of our members of our communities of color,  
21 because the initial applicants did not have any.

22                   And we -- we denied -- or we did not  
23 approve of the changes. There was a follow-up. That's  
24 where Commissioner Giusti came. That's where Tyler  
25 came, and another -- I can't think of his name. There

1 was another person that works with the County. I can  
2 see him, but I can't think of his name, and they came  
3 back and offered us -- and said we agree -- we agree  
4 that there will be -- there will be at least -- at least  
5 now -- at least one member of an impacted community,  
6 community of color on this 6-member board.

7 And there is, in fact -- they followed  
8 through on that. Ms. Jenkins is a member of the board.

9 Q. (BY MR. RUSSO) Okay. That was done at your  
10 request or La Marque's request?

11 A. That was my -- that was -- I led. I made the  
12 motion, and my fellow La Marque council members agreed  
13 with my perspective there.

14 Q. What year was this?

15 A. This is -- this is -- this would have been last  
16 year, '22.

17 Q. 2022?

18 A. When they reorganized.

19 Q. Did you speak particularly to any of the  
20 commissioners on this issue?

21 A. Right there when they -- when they came.  
22 Outside of that meeting, no. I expressed it in open  
23 session.

24 Q. Okay. There was no phone call to  
25 Commissioner Giusti or?

1 A. No, sir. No, sir.

2 Q. Have you personally had any phone calls with  
3 any of the commissioners court members since they voted  
4 on redistricting in November of '21?

5 A. I can't recall, Mr. Russo. I can't recall. I  
6 mean, I didn't -- calls to any of the commissioners.

7 Q. Okay. Do you recall a time when you first  
8 heard about potentially filing suit in this case?

9 MS. VALL-LLOBERA: To clarify, in his  
10 personal capacity or on behalf of LULAC?

11 MR. RUSSO: We'll start with LULAC.

12 A. Yes, sir.

13 Q. (BY MR. RUSSO) When was that?

14 A. About the time that the action was taken.

15 Q. In November of -- the November vote action?

16 A. The November vote action.

17 Q. How did you hear about that?

18 A. From --

19 Q. How did LULAC hear about that?

20 A. From my cochair at that time of the Equal  
21 Rights Committee, which I believe it was -- he was then  
22 also the president, Robert Quintero.

23 Q. And was it shortly after the vote, you began  
24 thinking about filing the lawsuit?

25 A. Yes, sir.

1 Q. And not before?

2 A. No. Not -- I was not aware of anything before.

3 Q. All right. And then what about you as an  
4 individual, Joe Compian? When did you hear about filing  
5 the lawsuit?

6 A. At the time of the vote as well. I mean after  
7 the vote as well. It got me mad.

8 Q. Do you recall how it was that you became sort  
9 of an individual plaintiff in this case?

10 MS. VALL-LLOBERA: I'll just remind  
11 Mr. Compian not to share any privileged attorney-client  
12 communications, but you can answer the question to the  
13 extent you can without revealing that.

14 A. All I -- at some point in the LULAC national --  
15 I'm talking about national, its involvement in a variety  
16 of redistricting, as well as at the state level. As a  
17 matter of fact, I think right now in Texas we're  
18 involved in challenging the Texas redistricting as well,  
19 too.

20 But they -- they provide summaries and  
21 things of this nature and -- and I think Robert made the  
22 point that, you know, a lot of times they're looking for  
23 individual plaintiffs, and I was asked would I be  
24 willing -- if -- if this is pursued, would I be willing  
25 to be an individual plaintiff. I said, yeah, sure,

1 certainly. That's how it came about.

2 Q. (BY MR. RUSSO) Was there any particular reason  
3 for you that you were willing to be an individual under  
4 it?

5 A. I live in the impacted precinct.

6 Q. That was the only -- was that the only reason?

7 A. For me, yeah. For me personally, yes.

8 Q. Okay. And so based on -- while we're on the  
9 subject, prior to adoption of the November 2021 maps,  
10 you voted in Precinct 3. Is that true?

11 A. Yes, sir.

12 Q. And then subsequent to adoption of the  
13 November 21 maps, you would be in Precinct 2. Is that  
14 true?

15 A. Would be in Mr. -- Dr. Armstrong's precinct.

16 Q. Okay.

17 A. Which is 2.

18 Q. Yeah, I think -- I think it's 4?

19 A. Oh. 4, 4, 4.

20 Q. Precinct 4.

21 A. Okay.

22 Q. So as you sit here today, you think where you  
23 live Dr. Armstrong is your representative commissioner  
24 at this point?

25 A. Yes, sir.

1 Q. And that's the district in which -- the  
2 precinct in which you would have to vote?

3 A. That's -- that's what it says on my card. But  
4 I will say it's a bit confusing because we have had both  
5 Commissioner Giusti as well as Commissioner Armstrong  
6 come to us at council which is a reflection of how La  
7 Marque in our community is divided. We're no longer a  
8 single community. Our voice has been diluted.

9 Q. Do you know why it was that -- wait. Let me  
10 strike that.

11 Your testimony is that Commissioner  
12 Armstrong has participated in events or made requests of  
13 La Marque City Council?

14 A. He's -- he's -- in terms of requests, I'm not  
15 aware of any requests, but he's come to city council.  
16 He's come to city council and introduced himself as the  
17 new commissioner.

18 Q. Do you know Commissioner Armstrong at all?

19 A. Yes.

20 Q. How do you know him?

21 A. I'm sorry to say I'm an old guy. But I first  
22 met Dr. Armstrong when he was a young resident working  
23 the emergency room -- well, I shouldn't say a  
24 resident -- yeah, he would have been -- no, not  
25 resident. What do you call him? I think he was a

1 resident then -- working the emergency room at Mainland  
2 Medical Hospital.

3 I know he -- and the reason I remember that  
4 because he was working for an independent agency and my  
5 dad ultimately had a heart attack -- a seizure, and he  
6 was transported to Mainland Medical. And Dr. Armstrong  
7 was the attending there at the ER, and that's how I  
8 first met Dr. Armstrong.

9 Q. What do you think of him as an individual?

10 A. He was a lifesaver at that point. Right? What  
11 could I think other than that. He was a lifesaver.

12 Q. Do you think he'll be a good commissioner,  
13 quality commissioner?

14 MS. VALL-LLOBERA: Objection; calls for  
15 speculation.

16 A. I have -- I have no idea.

17 Q. (BY MR. RUSSO) Do you think?

18 A. I'm serious, I have no idea. As a doctor -- I  
19 only know him as a doctor. I don't know him as a  
20 commissioner.

21 Q. Yeah. Would you -- would you vote for him if  
22 you're in Precinct 4?

23 MS. VALL-LLOBERA: Objection; it's an  
24 incomplete hypothetical.

25 A. I couldn't -- I don't know.

1 Q. (BY MR. RUSSO) Can you think of any reason,  
2 sitting here, why you wouldn't vote for Commissioner  
3 Armstrong?

4 A. The issue. The issues. Look at the issues.

5 Q. Have you looked at any of his stances on the  
6 issues?

7 A. Yeah. The ones I have -- no.

8 Q. You have not?

9 A. He's not running for anything right now. He  
10 was the only -- he was unopposed.

11 Q. So you haven't looked at any -- his stances on  
12 any issues at this point?

13 MS. VALL-LLOBERA: Objection; misleading.

14 A. I haven't seen any; he was unopposed. He was  
15 unopposed.

16 Q. (BY MR. RUSSO) Sir, are you aware of any of  
17 his political ideologies?

18 A. Yes.

19 Q. What are his ideologies?

20 A. I know he's a -- he has served on the executive  
21 committee of the Republican Party. I know that. I know  
22 that, as a doctor, he promoted, during COVID, the use  
23 of -- I may be mispronouncing the word but Invec- --  
24 Invectim (phonetic) -- Invectrim (phonetic). It was one  
25 of the COVID type of drugs that supposedly -- it was

1 utilizing and making news at the nursing home that he  
2 was the medical director there in Texas City. But  
3 that's what I know there. Other than that...

4 Q. Are those -- the things that you mentioned, are  
5 those positions that you agree with?

6 A. The latter, in terms of the drug, no. I wasn't  
7 concerned about that.

8 Q. You were concerned that he should not have used  
9 that drug in his medical practice?

10 A. Yeah. And with seniors. That was my view.

11 Q. Have you done --

12 A. But I'm not a medical doctor.

13 Q. Why do you think that?

14 A. It was just the news. Right? It was an  
15 experimental -- there were no studies done. That's all.  
16 And mind you as someone at my age, I was looking at  
17 everything. I'm vaxxed up to the max right now.

18 Q. So something in the news made you think that  
19 use of that drug wasn't appropriate for Dr. Armstrong?

20 A. Yeah. Yes. But, once again, I'm not a doctor,  
21 just my personal opinion.

22 Q. And you said that he was on a Republican  
23 committee. How does that make you feel about him?

24 A. Once again, I'm talking about my Galveston  
25 County. My Galveston County, we're all pretty good

1 people when we all sit down together. Our problems are  
2 when we let people outside of our area kind of take over  
3 our decision-making, and it concerns me. Whatever side  
4 you're on -- whatever side you're on, when you let  
5 parties be the decision makers and so when I -- that's  
6 all my observation there on that.

7 Q. Is it your feeling that the Republican Party is  
8 trying to take over Galveston County?

9 MS. VALL-LLOBERA: Objection; misstates  
10 prior testimony.

11 A. No, I didn't -- I didn't say anything like  
12 that.

13 Q. (BY MR. RUSSO) Well, who is it that is making  
14 decisions for Dr. Armstrong that are outside the county?

15 A. No. I just said when you're that high involved  
16 in party politics, then -- then, historically, you know,  
17 you're going to kind of toe the line. Whether you be on  
18 the Democratic side, if I go talk to the Democratic  
19 national committee person -- like he's a member I think  
20 of the Republican national committee -- they're going to  
21 each toe the line. And that concerns me on both sides.

22 Q. Okay. So -- and I don't know.

23 A. I'm not picking on Dr. Armstrong. It's just a  
24 general -- I'm saying, you know, that's -- that's a  
25 concern of mine.

1 Q. One of the concerns you have with Dr. Armstrong  
2 is his participation with -- and I guess level of  
3 participation with -- the Republican Party. Is that  
4 true?

5 A. No. It's issues. I go back to -- remember  
6 when we began? It's issues. What are the issues that a  
7 party is setting forth? And when you -- when you  
8 encourage the use of American rescue fund dollars and  
9 support that effort to send troopers, our own either --  
10 either monies to the state to send troopers to the  
11 border to undertake border surveillance, which is a  
12 federal responsibility, or you encourage Galveston  
13 County sheriffs who, quote, voluntarily are going down  
14 there and you cover expenses versus sending that money,  
15 as we asked -- as I asked, to commissioners court to  
16 social services here to help people pay their utility  
17 bills or to buy medicine, fill prescriptions, then  
18 that's -- those are the issues that I'm talking about.

19 Q. And the two -- the issues that you mentioned,  
20 would you consider those to be sort of Republican  
21 platform items?

22 A. No. I don't know. I really don't know if they  
23 are or not.

24 Q. From your understanding, do the Democrats --  
25 Democratic Party support sending funds to the border?

1 MS. VALL-LLOBERA: Objection; calls for  
2 speculation.

3 Q. (BY MR. RUSSO) For border relief?

4 A. I don't know.

5 Q. No understanding of that at all?

6 A. I don't know if they have or not. I'm not  
7 aware of.

8 Q. You're not aware of what?

9 A. Of articulating a position on that.

10 Q. You're saying that you're not aware of the  
11 Democratic Party articulating an issue on sending funds  
12 to the border for border relief? You're not aware of  
13 that?

14 A. For border -- I don't know -- I don't know what  
15 they're saying.

16 Q. Okay. Well, who was it that you believe sent  
17 funds to the border for border relief?

18 MS. VALL-LLOBERA: Objection; misrepresents  
19 prior testimony.

20 Q. (BY MR. RUSSO) In Galveston County?

21 MS. VALL-LLOBERA: Objection; misstates  
22 prior testimony.

23 Q. (BY MR. RUSSO) You can answer.

24 A. Galveston county commissioners.

25 Q. Okay. And is it your belief that that

1 | effort -- that decision was driven by the Republican  
2 | Party politics?

3 | MS. VALL-LLOBERA: Objection; calls for  
4 | speculation.

5 | A. Mr. Russo, I think that setting aside -- and  
6 | I'm focused on issues. Right? That's one of the  
7 | challenges of the existing map. When you have, under  
8 | these redrawn lines, a community that is -- the larger  
9 | one of League City of over 100,000 people there, the  
10 | interests of that community are probably not in line  
11 | with the interests of La Marque or Texas City or  
12 | Hitchcock and the priorities there.

13 | Q. (BY MR. RUSSO) Do you know that to be true?

14 | A. I believe -- I believe -- we've articulated  
15 | that at commissioners court.

16 | Q. That it's -- they're probably not aligned?

17 | A. They're -- they're not --

18 | Q. Or they're not aligned?

19 | A. They're not aligned. We believe -- we  
20 | believe -- it's our belief. We believe they're not  
21 | aligned.

22 | Q. And based on what?

23 | A. Our belief. We have the right to a belief.

24 | Q. Are there any facts you can tell me about that  
25 | sort of back up that belief?

1 A. Yeah. There's a need for -- to assist people  
2 to pay utility bills. There's a need to help people  
3 acquire medicine. We have still one of the highest  
4 uninsured rates in the county. We have issues  
5 associated with our homeless population and a lot of  
6 that -- cities can no longer -- we don't have any monies  
7 for that. We look for bigger brother or sister, in this  
8 case the county, for assistance.

9 Q. And all those issues you just mentioned relate  
10 to economic hardships, lower-income individuals. Would  
11 you agree?

12 A. Economic which, interestingly enough, are a lot  
13 of members in communities of color, our Latino  
14 communities, our African American communities.

15 Q. But it's not certainly -- I mean, you  
16 understand that issue is not solely, you know, connected  
17 to the minorities. Would you agree?

18 MS. VALL-LLOBERA: Objection; calls for  
19 speculation.

20 Q. (BY MR. RUSSO) The issue being having a low  
21 income.

22 A. Having a low income is not affiliated?

23 Q. Strike the question.

24 Socioeconomic issues, specifically having a  
25 low income, not being able to pay for healthcare, as you

1 mentioned earlier, those are not issues that are solely  
2 related to Latin Americans. Would you agree? Like,  
3 people who identify as White also experience having low  
4 income and may not be able to afford healthcare. Would  
5 you agree? In Galveston County.

6 MS. VALL-LLOBERA: Objection; calls for  
7 speculation. And objection; misstates prior testimony.

8 Q. (BY MR. RUSSO) You can answer.

9 A. I -- if -- if your question -- and I'm assuming  
10 this is what I heard. Now you tell me. If you're  
11 saying that there are poor persons of an Anglo  
12 background, I'll agree with that. They are.

13 Q. And --

14 A. If you're saying that I have -- I'm an  
15 undocumented individual who lives in Galveston County  
16 that has bought a house, that has family, kids, they're  
17 living here, and they have no place else to turn other  
18 than social charities or social services groups like the  
19 county, then that's a different situation. That is  
20 unique to that. And we have that in this county.

21 In La Marque, as a community -- you may not  
22 know -- look at the last census -- 25 percent of the  
23 individuals in La Marque said Spanish was their first  
24 language.

25 Q. Okay. Having Spanish as a first language

1 doesn't mean you're necessarily going to have problems  
2 with not being able to pay for healthcare, correct?

3 MS. VALL-LLOBERA: Objection; misstates  
4 prior testimony.

5 Q. (BY MR. RUSSO) The two aren't necessarily -- I  
6 mean, they're not equally correlated, are they?

7 MS. VALL-LLOBERA: Objection; calls for  
8 speculation.

9 A. I said -- I'm not suggesting that only because  
10 you speak Spanish. Right? That's what you're saying.

11 Q. (BY MR. RUSSO) That's exactly what I'm asking.  
12 My question --

13 A. And I -- and I agree.

14 Q. Wait. Wait. Wait.

15 A. Oh.

16 Q. Let me ask you a question.

17 A. Yeah.

18 Q. Is it your testimony that individuals who speak  
19 Spanish automatically have problems affording their  
20 health insurance?

21 A. No.

22 Q. Okay.

23 A. No.

24 Q. That was my question.

25 A. No.

1 Q. We talked earlier about identifying -- you said  
2 for it -- you deal with issues. One of the issues we  
3 were talking about at the time was border relief. Okay?  
4 My question to you is: Is this border -- sending funds  
5 to the border relief effort that the county  
6 commissioners approved of --

7 A. Yes, sir.

8 Q. Is that what you would consider an issue  
9 consistent with the Republican Party's platform?

10 A. It was an issue consistent with our own  
11 commissioners in Galveston County. That's all.

12 Q. That wasn't my question. My question is: Is  
13 sending border relief -- sending funds for border relief  
14 by Galveston County, is it consistent, under your  
15 understanding, with the Republican Party platform?

16 MS. VALL-LLOBERA: Objection to form.

17 A. I've not read the Republican Party. I don't  
18 know.

19 Q. (BY MR. RUSSO) You don't know?

20 A. I don't know.

21 Q. You never looked at the Republican Party  
22 platform?

23 A. I have not. I have not seen --

24 Q. And you have no understanding what the  
25 Republican Party's view is in dealing with issues at the

1 border. Is that what you're telling me?

2 A. Mr. Russo, you asked me if it was their  
3 platform. I don't know their platform.

4 Q. What I'm asking you -- well, let's strike that.

5 Let's ask it this way: Are you aware of  
6 the Republican Party's view of how to deal with whether  
7 there's a crisis at the border in Texas? Are you aware  
8 that there's an issue or not?

9 A. May I ask just a bit of clarity? What  
10 Republican Party are you referring to? Is there --  
11 because isn't -- that's just as diverse as --

12 Q. I'm referring to the Republican Party that you  
13 referred to earlier when you were saying that  
14 Commissioner Armstrong has a position in the national  
15 Republican Party. Do you recall that testimony?

16 A. Yes, I recall that.

17 Q. That's the Republican Party I'm talking about.  
18 Are you aware of that party's position in dealing --  
19 what they think should be done to deal with the border?

20 A. Number one, I'm not -- I haven't read the  
21 Republican Party's platform. Number two -- and perhaps  
22 this will be helpful and we can agree on this -- I have  
23 heard of national Republican leaders expressing that  
24 opinion.

25 Q. What's the opinion?

1           A. On -- of the need to send funding or troops to  
2 the border.

3           Q. Okay. So then my question to you is: On the  
4 issue of the Galveston County commissioners sending  
5 funding to the border for relief, is that consistent  
6 with your understanding of the Republican Party's  
7 position?

8                       MS. VALL-LLOBERA: Objection; asked and  
9 answered.

10          Q. (BY MR. RUSSO) You can answer.

11          A. I -- I -- I don't know the Republican Party's  
12 position. I know the position that's been expressed by  
13 leadership, leaders in D.C. of the Republican Party.

14          Q. And that -- and your understanding of those  
15 leaders' comments is consistent with the Galveston  
16 County's decision on sending funds to the border, is it  
17 not?

18          A. Well, I'll agree. I believe -- yeah -- yes.

19          Q. So is it -- do you have any belief as to  
20 whether you -- you know, do you think the Republican  
21 Party is playing a role in the decision-making that's  
22 going on in Galveston County on the commissioners court?

23                       MS. VALL-LLOBERA: Objection; calls for  
24 speculation.

25          Q. (BY MR. RUSSO) Just in general.

1 A. The -- the answer is yes.

2 Q. And why do you believe that?

3 A. Because they all are self-identified as  
4 Republicans.

5 Q. All right. So, I mean, as you sit here today,  
6 they're -- well, strike that.

7 Let me ask it this way.

8 A. Mm-hmm.

9 Q. I think we've covered it.

10 Turn back to you dealing with --

11 MR. RUSSO: Do you need a break?

12 MS. VALL-LLOBERA: Let me just check in if  
13 you're done with that line of questioning.

14 MR. RUSSO: Yeah. Yeah.

15 MS. VALL-LLOBERA: Mr. Compian, it's about  
16 noon now. Would you like a break? Would you like to  
17 press on? Do you want a short break, lunch break?

18 THE WITNESS: No.

19 Mr. Russo, if you want to go on a little  
20 bit more, I'm fine.

21 MR. RUSSO: Yeah. I'm good as well. And I  
22 can tell you we will need to take a lunch break. If we  
23 were going to finish in another hour, I wouldn't bother.

24 THE WITNESS: Oh, okay.

25 MR. RUSSO: But I don't think that's going

1 to happen, so we should plan on a lunch whenever y'all  
2 are ready.

3 MS. VALL-LLOBERA: Okay. So we can plan  
4 for that in a little bit?

5 THE WITNESS: That's okay.

6 MR. RUSSO: Okay. So we keep going for  
7 now?

8 MS. VALL-LLOBERA: Is there a specific time  
9 you have -- you know, 12:30?

10 THE WITNESS: No.

11 MS. VALL-LLOBERA: 12:45? Any favorite  
12 lunchtime or just...

13 THE WITNESS: No.

14 MS. VALL-LLOBERA: Okay.

15 THE WITNESS: I'm in intermittent fasting  
16 anyway; so...

17 MS. VALL-LLOBERA: As long as we're in that  
18 window, then.

19 THE WITNESS: Yeah.

20 Q. (BY MR. RUSSO) All right. Okay. So back to  
21 the -- related to -- we talked earlier about sort of  
22 filing of the complaint and participating in the  
23 complaint. It's probably 15 minutes ago now.

24 A. Yes.

25 Q. Do you recall any conversations with -- you

1 personally with the Department of Justice or individuals  
2 representing the Department of Justice --

3 MS. VALL-LLOBERA: Objection; vague.

4 MR. RUSSO: Let me finish.

5 Q. (BY MR. RUSSO) -- prior to filing the suit?

6 A. Prior to filing the suit? Hmm. Prior to  
7 filing the suit? I don't know if it was prior to filing  
8 the suit.

9 Q. Okay. Do you recall conversations with people  
10 who represented the Department of Justice related to the  
11 county's redistricting effort in November of 2021?

12 A. Yes, sir.

13 Q. Do you have any idea when about that happened?

14 A. Let's see. I don't really remember the time  
15 frame.

16 Q. Do you know who you spoke with?

17 A. Right now (Shaking head) no, sir.

18 Q. Okay. Was it attorneys? Investigators?

19 Nothing rings a bell with you?

20 A. I believe one person -- at least one was an  
21 attorney, I believe.

22 Q. Did they call you or you call them?

23 A. I think -- yeah, they called me. Yes.

24 Q. All right. And was your lawyer present during  
25 this conversation?

1 A. Yes. Yes, sir.

2 Q. All right. And best you can recall, this --  
3 well, I mean, you don't remember whether it was after or  
4 before the vote?

5 A. Yeah.

6 MS. VALL-LLOBERA: Objection; misstates  
7 prior testimony.

8 A. No. Yeah, that -- I didn't say about the vote.  
9 You said about filing the lawsuit.

10 Q. (BY MR. RUSSO) Oh. Okay.

11 A. Not the vote. You didn't say the vote.

12 Q. Okay. Well, so -- great. Let's clarify. Are  
13 you -- this conversation that occurred with the  
14 Department of Justice individuals, do you think it  
15 happened after the commissioners court approved the map  
16 in November of '21?

17 A. Best of my recollection, yes, sir.

18 Q. Okay. And do you have any idea how far away  
19 removed from that vote it was?

20 A. No, sir. I don't recall that now.

21 Q. Okay. On behalf of -- so the LULAC  
22 organization, do you know, did LULAC have conversations  
23 with the Department of Justice after the vote in  
24 November of '21?

25 A. I don't -- I don't know. That, I don't know.

1 Q. Okay. Well, then let's back up and go back to  
2 the beginning of -- between January of '21 leading up to  
3 the vote --

4 A. Mm-hmm.

5 Q. -- are you aware of any conversations that  
6 LULAC had with the department of justice leading up to  
7 the vote and taking census information and that kinds of  
8 thing?

9 A. Not our local group, no.

10 Q. Okay. What about you personally?

11 A. No, sir.

12 Q. Did you have any conversations prior to the  
13 vote in November of '21 with individuals who actually  
14 are other individual plaintiffs in your own case?

15 MS. VALL-LLOBERA: Objection; vague.

16 A. Not -- not that I can recall, Mr. Russo.

17 Q. (BY MR. RUSSO) Okay. And I guess there are  
18 three individuals in the actual lawsuit that you're a  
19 party?

20 A. Mm-hmm.

21 Q. That's Ms. Courville and Phillips?

22 A. Phillips. Yeah.

23 Q. Do you recall any conversations between the  
24 three of you related to the upcoming vote in November?

25 A. No, sir.

1 Q. What about after the vote in November of '21,  
2 did you speak to these two individuals related to filing  
3 suit?

4 A. No, sir. I can't recall any conversations with  
5 them.

6 Q. All right. Can you just, you know, describe  
7 for me the -- like what's your allegation in terms of  
8 how LULAC is injured? What injury did LULAC suffer by  
9 virtue of -- or what would you like rectified by the  
10 lawsuit?

11 MS. VALL-LLOBERA: Objection; lack of  
12 foundation.

13 A. I think that's set forth in the complaint. I'm  
14 going to kind of defer to my counsel there on the  
15 specifics.

16 Q. (BY MR. RUSSO) So if you were to answer that  
17 question, you'd -- I should refer to the complaint to  
18 find that answer?

19 A. I believe so, yes.

20 Q. Okay.

21 A. Yes, sir.

22 Q. There's not any sort of independent  
23 understanding you have related to the -- what injury  
24 LULAC suffered in this case?

25 MS. VALL-LLOBERA: Objection; misstates

1 prior testimony, and it's not clear whether you're  
2 asking on behalf of LULAC or his individual capacity.

3 MR. RUSSO: I'm asking on behalf of LULAC.

4 A. Is there something that you're specifically  
5 looking at that I can refresh my memory with?

6 Q. (BY MR. RUSSO) No, I'm trying to sort of get  
7 your understanding -- LULAC's understanding of what  
8 injury you'd like to have redressed by filing suit.

9 A. Well, I think I'm --

10 MS. VALL-LLOBERA: Objection; relevance.

11 A. I think it -- the pleadings.

12 Q. (BY MR. RUSSO) Okay. Refer to the petition is  
13 your response --

14 A. Refer to the petition, yes.

15 Q. -- or complaint, yeah. Okay. Fair enough.

16 Do you have any idea what you think -- I  
17 mean, what's the best sort of -- best case scenario for  
18 you in result? Like if you could pick your result in  
19 this case, what would you like to have happen?

20 MS. VALL-LLOBERA: Objection; incomplete  
21 hypothetical.

22 A. Mr. Russo, I'm not -- I'm not in a position to  
23 give you the remedy. I think that's -- I'm not in the  
24 position. If you want to make a settlement offer, I  
25 suggest you discuss it with counsel. I'm not...

1 Q. (BY MR. RUSSO) Yeah. What I was asking for is  
2 your understanding of, you know, what it is you'd like  
3 to see happen.

4 MS. VALL-LLOBERA: Objection; calls for  
5 speculation.

6 A. I would just, number one, like to see our  
7 communities of interest maintained.

8 Q. (BY MR. RUSSO) Anything else?

9 A. Well, I think that's -- that's a -- there are  
10 others that's set forth in the complaint.

11 Q. Okay. And what particular communities of  
12 interest are you referring to when you say you'd like  
13 them maintained?

14 A. Well, I'm -- I'm referring to, number one, of  
15 course, we have an interest in our -- as we said, the  
16 purpose of LULAC in our Latin American community, those  
17 who have interest in issues surrounding individuals  
18 that -- in that community, whether they speak Spanish,  
19 whether they don't, whether they -- however they  
20 self-identify themselves, but also then other -- as the  
21 fellow other plaintiffs in this litigation, you know,  
22 are African American communities as well.

23 Q. All right. And what makes them communities of  
24 interest? Is it just interest to LULAC or what -- you  
25 know, I'm curious as to what -- how you -- are you using

1 the term "community of interest"?

2 A. Let me see if I can -- I think perhaps part of  
3 this you can appreciate, Mr. Russo. When -- when  
4 Italian Americans -- Americans of Italian ancestry began  
5 their migration to the United States, they were met with  
6 a lot of the hate and the discrimination that we have  
7 right now in certain communities of Latin Americans, of  
8 Hispanics, however how you want to self -- and African  
9 Americans and others. It took a while because these --  
10 the Italians that immigrated started their little Italy,  
11 started their -- around churches. A lot of these  
12 communities developed around churches.

13 And gradually we had, as a result of that,  
14 as people learned how to speak English -- interestingly  
15 enough -- right? -- stepping forth and looking to  
16 create -- go after political offices. They started  
17 becoming part of the local boards, and kids were  
18 involved in schools, whether it be public schools or  
19 Catholic schools. But that was a community there.

20 And similarly here in our county, we began  
21 this effort here in Galveston and a lot of it -- some of  
22 it was around, as you and I discussed, was around  
23 schools, some of them church related. The Alamo school  
24 as well was largely Spanish speaking of Latin Americans  
25 as well, too, over on -- what is that? -- 50 -- 51st?

1 No, 55th is Alamo.

2 Q. You're talking about where Alamo is?

3 A. Alamo. Is it 55th? Where the McDonald's is at  
4 on Broadway? I think.

5 And -- and so similarly on the mainland in  
6 the Texas City, Hitchcock, and La Marque area, you see  
7 that. You see gradually a transition from all Anglo  
8 boards, all Anglo members of city council, all Anglo  
9 members of school boards, of the drainage districts.  
10 You had people now stepping forth and becoming involved  
11 as a community, that community, to assume its place as  
12 LULAC wants us to all do. Right? To become involved in  
13 the civic side of being a U.S. citizen.

14 And that's what I'm referring to as a  
15 community of interest. So now we have doctors, and we  
16 have lawyers, and we have other professionals, teachers,  
17 things that create -- and I can -- I can -- you know,  
18 share some similar cultural ideas or recipes and things.  
19 And that's how we create that.

20 Q. Well, does the community of interest relate to  
21 an area or a particular individual's circumstances or  
22 both?

23 A. It could be -- I think it could be both, but in  
24 our case it's -- we see a -- significant communities and  
25 that midcounty here in Galveston that we can say.

1                   And mind you we're talking about census.  
2           Those -- there's also information that the census was  
3           unreported which LULAC has certainly expressed an  
4           opinion in that there was not enough done on the census  
5           counting and there was underreporting that occurred in  
6           terms of our communities in the African American and  
7           especially in the Latino Spanish-speaking areas, people  
8           that were not willing to engage and understand the  
9           process.

10           Q.   What areas are you talking about specifically?

11           A.   Well, those --

12           Q.   Geographically?

13           A.   Geographically? Geographically, north side of  
14           Broadway, east end here, the -- when we drew the lines  
15           here in Galveston, the city, the midcity kind of like  
16           from about, what, about 55th, once again, this way, that  
17           area. Then Texas City, the Freddiesville area,  
18           Hitchcock. Hitchcock should be the east side of  
19           Highway 3 up to the La Marque line. La Marque --  
20           basically old La Marque, that's to say, the east -- the  
21           area that's east of the -- of Highway 45 --  
22           Interstate 45. Dickinson, that area that is -- that I  
23           referred to California Street and on, past the railroad  
24           tracks, in that area historically, and even part of that  
25           is still in Galveston County.

1 Q. And so --

2 A. But I can readily identify.

3 Q. And you refer to those areas as the community  
4 of interest?

5 A. Yes, sir.

6 Q. What makes those areas part of the community of  
7 interest?

8 A. Churches, stores. You can go in and buy  
9 tamales. You can go -- you know, you can buy fresh  
10 tortillas. You can -- it's just like -- it's just like  
11 what my cousin and his -- and her husband have done in  
12 Austin. They started the Italian market, David Mandola,  
13 and my cousin Trina, copied Mandola. They wanted to  
14 create the Italian community there in Austin, and so  
15 they started with over on 51st Street and Guadalupe.  
16 And that was his vision as well. So I speak to this as  
17 it's a community. Talk about, you know, his -- growing  
18 up in Houston and the Italian community.

19 So -- so it's no different with us. Give  
20 us that same opportunity. That's all.

21 Q. Is it -- I mean, is it true that that's  
22 where -- very generalized, is -- that's where Latino  
23 Americans are located, generally? Is -- that's what  
24 you're talking about as the community of interest?

25 MS. VALL-LLOBERA: Objection; misstates

1 prior testimony.

2 A. It's -- yeah. Yes.

3 Q. (BY MR. RUSSO) And isn't it true that there --  
4 I mean, there are Latino Americans that relocated all  
5 over the county. Wouldn't you agree?

6 A. Yes, sir.

7 Q. And they're not just in sort of the old -- what  
8 would be the old Precinct 3 area that was on the old  
9 map. Agreed?

10 A. Yes, sir.

11 Q. And Latino population has actually grown in the  
12 county since 2010. Agreed?

13 A. Well, yeah. Agreed.

14 Q. It's grown in other areas besides Precinct 3,  
15 what's the old Precinct 3. Right?

16 A. I'm not specifically aware of that. I just  
17 know -- and you make the statement the Latino population  
18 has increased, yes.

19 Q. Okay.

20 A. What area of where? I don't know.

21 Q. You're not aware of where they're moving to?

22 A. No.

23 Q. And haven't seen any demographics on that?

24 A. No.

25 Q. Is it your -- are you able to testify that --

1 of the growth of the Latino population in Galveston  
2 County between 2010 and 2020, are you able to tell me  
3 whether most of that growth occurred in the old  
4 Precinct 3 area?

5 MS. VALL-LLOBERA: To clarify, is this on  
6 behalf of LULAC or individually?

7 MR. RUSSO: LULAC.

8 A. I'm going to defer to our demographer involved  
9 in this. I don't have any unique skills that permit me  
10 to say this, this, this. No.

11 Q. (BY MR. RUSSO) Who's the demographer?

12 A. I'll leave that to counsel. I don't -- I don't  
13 know.

14 Q. Does LULAC have some independent demographer  
15 that looked at these issues other than what might be  
16 disclosed in this case as sort of an expert?

17 A. No, sir. Not that I'm aware.

18 Q. Okay. All right. So as far as you're aware,  
19 LULAC didn't do some study on the demographics prior --

20 A. (Shaking head.)

21 Q. -- let me finish -- prior to filing this  
22 lawsuit in 2022?

23 A. No, sir.

24 Q. All right. And just for clarity, for your own  
25 purposes -- we'll leave the LULAC side for a second.

1 A. Mm-hmm.

2 Q. For your purposes, do you have any independent  
3 understanding of the sort of demographic makeup as to  
4 where the growth of the Latino population occurred in  
5 Galveston County between 2010 and 2020?

6 A. I don't have any -- other than, once again, the  
7 census information, I don't have any specific knowledge.

8 Q. Okay. And you haven't reviewed the census  
9 information, or have you?

10 A. I just saw the numbers when they first came  
11 out.

12 Q. Okay. Did they tell you --

13 A. The growth.

14 Q. Sorry. Go ahead.

15 A. That's all right. Just the growth.

16 Q. All right. And they didn't tell you  
17 necessarily where?

18 A. No. No, sir.

19 Q. All right. Are you sticking sort of with this  
20 demographics and population, are you aware yourself of  
21 whether or not the population of Black individuals,  
22 citizens in Galveston County, grew or was reduced  
23 between 2010 and 2020?

24 A. Per the census, it went up a little bit.

25 Q. So it's your belief that the population of

1 Black residents in Galveston County increased between  
2 2010 and 2020?

3 A. From my recollection there was a bit of an  
4 increase.

5 Q. Okay. Do you have any idea of what the sort of  
6 percentage numbers looked like?

7 A. No, sir.

8 Q. And when I say percentage, I mean percentage of  
9 the Black population versus the other populations.

10 A. No, sir.

11 Q. What about as to the Latinos?

12 A. Same. I can't recall a specific number. No,  
13 sir.

14 Q. All right. And would the same be true for the  
15 LULAC testimony, that -- there's no independent person  
16 at LULAC who's running these numbers?

17 A. No, sir.

18 Q. All right. I want to talk about -- go back to  
19 discuss some of the communications with the  
20 commissioners and stick with LULAC for a bit. Has the  
21 organization -- can you tell me were there conversations  
22 with LULAC and any of the commissioners going up to the  
23 vote in November of 2021 related to redistricting?

24 A. See if I understood your question. Are you  
25 asking me if I'm aware of any one-on-one conversations

1 with commissioners?

2 Q. Yes.

3 A. No.

4 Q. All right. And I think I asked you this

5 already. Did you --

6 A. No.

7 Q. Did you have any conversations with them?

8 A. No, sir.

9 Q. When do you recall becoming aware -- well, let  
10 me -- strike that. Let me do this first.

11 A. Mm-hmm.

12 Q. Do you personally know Commissioner Giusti?

13 A. Personally? Yes.

14 Q. And you've known him for how long?

15 A. For a while back -- he and my uncles are -- my  
16 Uncle Marcy is involved in the Knights of Columbus, and  
17 my uncle was the -- I don't know the term, Mr. Russo,  
18 but the -- at one time the state knight -- statewide big  
19 knight.

20 Q. The head of the knights?

21 A. The head of knights, yes. I don't know the  
22 name. It's terrible.

23 Q. I understand.

24 A. I'm going to be excommunicated. And then -- so  
25 that -- that's where the knight became aware of it, when

1 he first ran for office actually.

2 Q. For county commissioner?

3 A. For county commissioner. Yeah, for county  
4 commissioner. He was a constable before. Right? As I  
5 recall or -- I forgot.

6 Q. Have you had any dealings with him since -- as  
7 you -- you know, as a resident of Galveston County?

8 MS. VALL-LLOBERA: Objection; vague.

9 A. I personally, other than -- no. Just -- no,  
10 sir.

11 Q. (BY MR. RUSSO) Have you heard -- what's your  
12 opinion of him?

13 MS. VALL-LLOBERA: Objection to form.

14 A. What can I say about a fellow knight, you know?  
15 We're all God's people, so that's all I can -- I have.  
16 That's all -- I can't -- I don't have a -- I really --  
17 what can I say? He's a -- he's a fellow Catholic and  
18 that's important, I think, you know.

19 Q. (BY MR. RUSSO) Yeah. And I think -- you know,  
20 is it -- do you believe that Commissioner Giusti  
21 acted and intended to discriminate against the minority  
22 communities when voting on the maps in November of 2021?

23 MS. VALL-LLOBERA: Objection.

24 Q. (BY MR. RUSSO) Do you think that was his  
25 intention?

1 MS. VALL-LLOBERA: Objection; calls for  
2 speculation.

3 A. I have no idea.

4 Q. (BY MR. RUSSO) Never thought about that before  
5 today?

6 MS. VALL-LLOBERA: Objection; misstates  
7 prior testimony.

8 A. What his thoughts were, I have no idea. I  
9 can't -- I can't -- I have no knowledge of his thoughts.

10 Q. (BY MR. RUSSO) Well, I'm asking you based upon  
11 what you know of the individual.

12 A. I have -- I have -- I can't even assume to, you  
13 know, put myself in his mind. Right? Just -- all I  
14 know is they didn't listen to what we were suggesting  
15 for that short period of time. That's all I know.

16 Q. Is it your belief that he intended to  
17 discriminate in adopting Map 2?

18 MS. VALL-LLOBERA: Objection; asked and  
19 answered.

20 A. I don't know his intention. I don't know his  
21 intention.

22 Q. (BY MR. RUSSO) What about Commissioner Apffel,  
23 do you know him?

24 A. Commissioner Apffel?

25 Q. Yes, sir.

1 A. I had the pleasure -- yes, sir.

2 Q. How did you meet him? Or when did you meet  
3 him?

4 A. I served as an intern Justice of the Peace in  
5 Precinct 3 and Commissioner Apffel was a JP at the time.  
6 I covered his docket one day or -- as I recall. That's  
7 how I became familiar with him.

8 Q. How did you get that role? How did you get  
9 that job? I don't know if it's a job. It sounds more  
10 like a burden.

11 A. Yeah.

12 Q. How did you become the, you know, the sort of  
13 an interim JP?

14 A. The then JP retired. I don't know. Because to  
15 draw his retirement, I guess. I don't know all the  
16 details, so I shouldn't even -- I just know he retired.  
17 Right? And there had to fill in for, as I recall, maybe  
18 from September to January a JP role.

19 And they were looking for applicants. I  
20 wasn't doing much, so I said sure I can fill in on  
21 there. The landlord, tenant issues and kind of -- and  
22 so I applied.

23 Q. Okay. Did you have any interactions with  
24 commissioner Apffel at the time when you were a JP?

25 A. Other than that one -- he had to just explain

1 that he had to disqualify himself because the -- it was  
2 a particular -- it had to do with a particular case  
3 where he had to disqualify himself because the person  
4 that was coming before him had allegedly robbed his  
5 home, so that's -- so he asked me if I could -- to sit  
6 in there.

7 Q. Is that your only interaction with Commissioner  
8 Apfell?

9 A. At that time and then -- it's here in Austin  
10 when I saw him again. Occasionally, we've seen each  
11 other at an elected officials' monthly group -- I  
12 shouldn't say monthly. There's a Galveston County  
13 elected officials' group that meets every quarter, I  
14 believe, and I've seen him a couple of times --

15 Q. Mm-hmm.

16 A. -- at those events, too.

17 Q. So did you say -- what -- do you have an  
18 opinion of Commissioner Apfell?

19 MS. VALL-LLOBERA: Objection; vague.

20 Q. (BY MR. RUSSO) I'm sorry. What was your  
21 answer?

22 A. I don't -- I don't have any particular opinion.

23 Q. Do you have any opinion as to -- or do you have  
24 any belief as to whether you think he intended to  
25 discriminate against the minority community in adopting

1 the map in November of 2021?

2 MS. VALL-LLOBERA: Objection; calls for  
3 speculation.

4 A. I have no idea as to his intentions.

5 Q. (BY MR. RUSSO) Okay. And then what about  
6 Judge Henry? Do you -- what are your interactions with  
7 him that you've had?

8 A. Working backwards, like I said, I saw him at  
9 the legislative day, and it's interesting. During  
10 weather events, like a hurricane or other situation --  
11 Harvey, the -- we find ourselves at times both being at  
12 the emergency management building basically staying  
13 there, and we're seated at a table like this. And he's  
14 at the head there, and I'm there representing the  
15 Red Cross, and so we're working collaboratively in that  
16 sense, but outside of that, he says very little to me.

17 Q. Have you -- how many times have the two of you  
18 sort of exchanged words?

19 A. Well, I'm going to tell you I don't even recall  
20 that we even exchanged words at the legislative day in  
21 Austin. He looked at me. I was going to say something.  
22 He just passed on by.

23 Q. And so is it true that the two of you really  
24 never had a conversation?

25 A. Oh, we -- in the room up there, yeah, on -- the

1 emergency management building. Yeah, we've had  
2 conversations there.

3 Q. Okay.

4 A. I'll call and check in on -- is there anything  
5 we can do on -- on Harvey they needed water. They had  
6 no water at the jail. We -- Red Cross provided the  
7 first water for the jailers. That was coordinated  
8 ultimately between Houston and Judge Henry, but a lot of  
9 the work is done through Tyler.

10 Q. That was going to be my next question, is that  
11 the conversations that you had, were they directly with  
12 Judge Henry or somebody else at his office related to  
13 Harvey?

14 A. At the emergency management building, directly  
15 with Judge Henry.

16 Q. Are those cordial conversations about, you  
17 know, just kind of your life, or are they more related  
18 to emergency management?

19 A. Just focused on emergency management.

20 Q. Okay. Do you have an opinion of Judge Henry as  
21 a county judge?

22 A. He is the county judge. I have -- I have -- I  
23 have no opinion.

24 Q. No idea? No thoughts on whether he does a good  
25 job or a bad job?

1 A. I have no opinion.

2 Q. Do you have any belief as to whether you think  
3 he intended to discriminate against the minority  
4 community in passing the map in November of '21?

5 MS. VALL-LLOBERA: Objection; calls for  
6 speculation.

7 A. Mr. Russo, once again, I have no idea of his  
8 intentions.

9 Q. (BY MR. RUSSO) What about Commissioner Holmes?  
10 I think you told me you met him pretty early.

11 A. Commissioner Holmes?

12 Q. Yes.

13 A. Yeah. Yes. Uh-huh. He's my commissioner,  
14 yeah.

15 Q. Yeah. So how did you meet -- how did you come  
16 to meet Commissioner Holmes?

17 A. Commissioner Holmes is a very outgoing  
18 commissioner. He goes to different community events.  
19 During the course of, at some point, many years ago, one  
20 of those community events, we became familiar with each  
21 other.

22 Q. Do you remember what the event was?

23 A. I have no idea, no.

24 Q. Or how long ago? What about how long ago?

25 A. Been long -- I'm sure many years.

1 Q. Was he a commissioner at the time?

2 A. Oh, yes, sir. Yeah.

3 Q. So it would have been within the last 20 years?

4 A. 20 -- yeah. And I've been around that long.

5 Yeah.

6 Q. How often do you speak to Commissioner Holmes?

7 A. Occasionally. We saw each other last time  
8 there in Austin at the legislative day. He was there.

9 Q. Did you speak to him then?

10 A. Yes, sir. Yeah.

11 Q. And what did y'all talk about?

12 A. Just said hello and his mom -- I knew his mom.  
13 "How's she doing?" I hadn't seen her. You know,  
14 catching up. There was a lot of talk about health, you  
15 know, and he knew my mom, and he's talking about my mom  
16 would have loved being up there, which is true, you  
17 know, and stuff like that. It was all just the same  
18 stuff that your colleague there talked about with her  
19 dad, you know, stuff like that, family.

20 Q. The -- I gather you more regularly would speak  
21 to Commissioner Holmes than the other commissioners or  
22 the county judge. Would that be true?

23 A. Well, he's my commissioner. If I had a  
24 concern, yeah.

25 Q. Have you ever called Commissioner Holmes about

1 | a concern that you had that was county related for him  
2 | to handle for you?

3 | A. Let me think. For me to pick up the phone and  
4 | call him? I can't recall any situation where I picked  
5 | up the phone and actually called him on a county issue.

6 | I -- to be clear, I want to say this: Over  
7 | the 20 years, we talked more, once again, after Harvey  
8 | because maybe perhaps that's the -- one of the times  
9 | that we did as part of our collaborating group. The  
10 | commissioners raised -- we were successful in getting  
11 | them to raise the -- unanimously, both Democrats and  
12 | Republicans -- to raise the -- what is it? -- the  
13 | qualifying level for the county's medically indigent  
14 | program from 30 percent -- I think was what we had it  
15 | at -- to 100 percent of the federal poverty level for  
16 | some maybe two years after, after Ike as I recall.

17 | That's probably a situation where I was  
18 | calling him -- right? -- encouraging him and...

19 | Q. And you said post Ike, so it was 2008 or -9?

20 | A. Yeah. It would have been 2000-something  
21 | probably 2000- -- you know, with the rebuild 2010,  
22 | maybe, around that time, 2010 -- there was a lot of  
23 | recovery stuff going on there.

24 | Q. Okay. Have you and -- are you and Commissioner  
25 | Holmes sort of friends? Do y'all do things socially?

1 A. No, sir.

2 Q. No?

3 A. (Shaking head.) He runs. I don't.

4 Q. You mean like run -- physically runs?

5 A. (Nodding head.) And obviously I don't.

6 Q. Has he -- is he your candidate of choice as a  
7 voter in Precinct 3?

8 MS. VALL-LLOBERA: Just clarifying that is  
9 this in Mr. Compian's individual capacity or on behalf  
10 of LULAC?

11 A. On my individual -- yeah.

12 Q. (BY MR. RUSSO) Individually.

13 A. Answer, yes. Simple yes.

14 Q. So you voted for him every time he's run?

15 A. Well, once again, he hasn't had an opponent.

16 Q. Do you typically vote in -- would you say you  
17 vote in every election?

18 A. I try to.

19 Q. Can you specifically recall instances in which  
20 you didn't vote in any particular elections?

21 A. I can't recall, Mr. Russo, but I don't want to  
22 be arrogant enough to say that, oh, yeah. I remember  
23 it. My memory is not crisp, you know; so...

24 I try to vote in every election.

25 Q. Yeah. Out of the -- out of all the

1 commissioners and county judge that serves on the court,  
2 do you think you have the best relationship with  
3 Commissioner Holmes?

4 A. I don't understand. Could you define best  
5 relationship? What does that mean?

6 Q. Well, do you think you know him better than you  
7 know the other commissioners?

8 A. Know better? No, I don't -- I know his mom.  
9 That's about the only thing I know better, but then I  
10 know Commissioner Giusti's family. I know Commissioner  
11 Apffel's wife. Right? And -- you know, things, so I  
12 don't know. I don't -- no. I'm going to say no. I  
13 have nothing -- it's about -- there's parity, I think.

14 Q. Okay.

15 A. Between everybody, I think.

16 Q. That's fair. In terms of LULAC, does LULAC  
17 support anybody for commissioners positions?

18 A. No, sir. We're nonpartisan.

19 Q. Okay. And have you ever sort of attended -- I  
20 understand Commissioner Holmes has a barbecue -- he used  
21 to be on an annual -- not an annual basis. He would  
22 throw it periodically in Texas City, I think. Are you  
23 aware of that?

24 A. Are you talking about the senior -- senior or  
25 something?

1 Q. I think seniors were invited, but I don't know  
2 that it's exclusively seniors that come to the barbecue.

3 A. I know there's some event that he does, but I  
4 thought it was seniors.

5 Q. Have you ever attended?

6 A. No, sir.

7 Q. Do you know if anyone from LULAC has ever  
8 attended?

9 A. No. I have no idea why.

10 Q. Has Commissioner Holmes ever asked the LULAC  
11 organization to extend the invitation to your  
12 membership?

13 A. I don't know. I don't think so. I don't know.  
14 No. I just want to say this. From my understanding,  
15 it's a ticket only. The commissioner hands out tickets.  
16 It's not an open invitation.

17 Q. Okay. So as far as you're aware, LULAC as an  
18 entity hasn't sort of been given a list of tickets or  
19 tickets to provide to its members?

20 A. No, sir. I'm not aware of anything like that.  
21 No, sir.

22 Q. All right. And you said you've never -- you  
23 haven't attended the event?

24 A. No, sir.

25 Q. Have you ever been invited?

1 A. No, sir. No, sir. I've never even gotten a  
2 ticket.

3 Q. Do you have any feeling as to whether -- well,  
4 you've seen the new map. Right? That was adopted in  
5 November of '21. Right?

6 A. I've seen it. Yeah, I've seen it.

7 Q. And, I mean, do you understand that Precinct 3  
8 is now sort of more the northern portion of the county?

9 A. It's that little block up -- yes. I'm -- yes.

10 Q. Do you have any feel for whether or not  
11 Commissioner Holmes can be reelected in his new  
12 precinct?

13 MS. VALL-LLOBERA: Objection; incomplete  
14 hypothetical.

15 A. I have no idea. I have no idea.

16 MR. RUSSO: All right. It's 12:40. Do you  
17 guys want to try to grab something to eat?

18 MS. VALL-LLOBERA: Yeah. Is this a good  
19 time for a break for you?

20 MR. RUSSO: Yeah. It's probably a good  
21 idea because if you guys were going to run upstairs, we  
22 need to do that.

23 THE VIDEOGRAPHER: Going off the record  
24 at 12:40.

25 (Recess taken.)

1 THE VIDEOGRAPHER: Going back on the  
2 record 1:48 p.m.

3 Q. (BY MR. RUSSO) All right. All right.  
4 Mr. Compian, you realize you're still under oath.  
5 Right?

6 A. Yes, sir. Yes, sir, Mr. Russo.

7 Q. All right. We talked a little bit about  
8 communications that LULAC had with the commissioners  
9 in 2021?

10 A. Okay.

11 Q. Do you recall that. Yeah?

12 A. Yes, sir.

13 Q. Do you know whether -- did the -- did LULAC  
14 attend any Zoom meetings with Commissioner Holmes prior  
15 to the vote scheduled for November of 2021?

16 A. I'm not aware of any.

17 Q. Are you aware that -- that actually Zoom  
18 meetings took place in November of 2021 with  
19 Commissioner Holmes?

20 A. No. I'm not aware.

21 Q. Is LULAC aware of that?

22 A. I'm not aware that anybody has ever mentioned  
23 it to me, no.

24 Q. Okay.

25 MR. RUSSO: Mark that.

1 (Exhibit No. 2 was marked.)

2 MR. RUSSO: 13.

3 THE WITNESS: Thank you.

4 Q. (BY MR. RUSSO) So the court reporter has  
5 marked Compian Exhibit 2. And you review as much of  
6 that as you would like to. Once you're done, let me  
7 know, and I'm going to ask you a couple of questions  
8 about it.

9 A. (Witness perusing document.) Okay. Go ahead.

10 Q. Okay. You ready? On Page 1 that's an e-mail  
11 from Roxy Williamson. Do you know Ms. Williamson?

12 A. At this point, no.

13 Q. Okay. So the e-mail is dated November 4th,  
14 2021. Do you see that?

15 A. I see that, yes.

16 Q. And do you see you're copied on that e-mail?

17 A. I do.

18 Q. All right. And that the subject is Galveston  
19 Redistricting Coalition?

20 A. Yes, sir.

21 Q. Were you -- was LULAC involved in a coalition  
22 with Ms. Williamson's organization, NAACP?

23 A. To the best of my recollection, Mr. Russo,  
24 there was never any formal affiliation with Ms. Roxy.  
25 She was providing information.

1 Q. To LULAC?

2 A. To all these recipients here.

3 Q. Okay. And you're a recipient there?

4 A. Yes, sir.

5 Q. Do you know, was she sending it for purposes of  
6 LULAC or to you as an individual? What's your knowledge  
7 of that?

8 MS. VALL-LLOBERA: Objection; speculation.

9 A. How she was sending it when I -- first comment,  
10 I don't read all my e-mails, Mr. Russo. If you were to  
11 ask me today how many unread e-mails I have, there are  
12 probably, you know, 55,000 or something like that, and  
13 that's just only one box. I -- so I got a lot of stuff  
14 like this that I don't even bother to read and...

15 Q. (BY MR. RUSSO) Okay. So do you remember  
16 seeing this e-mail at the time it was sent?

17 A. No.

18 Q. Do you remember seeing it as you sit here  
19 today?

20 A. No. Actually, no.

21 Q. All right. And generally speaking the  
22 middle -- the middle of the page and below, there's sort  
23 of a chain e-mail tied to the one she sent you. Down in  
24 the middle of the page, it says on Thursday,  
25 November 4, 2021. Do you see that?

1 A. On Thursday? Yes, sir.

2 Q. It's just below her title.

3 A. Uh-huh.

4 Q. And then it says there's an e-mail that was  
5 sent Thursday, November 4th, 2021, at 3:08 p.m. from  
6 Roxy Williams-- Williamson?

7 A. Yes, sir. I see that now, yes.

8 Q. All right. And then it says -- she wrote --  
9 and then there's, you know, some text there. Do you see  
10 that?

11 A. Yes, sir.

12 Q. And then it says -- the second full -- the  
13 second paragraph states that "Honorable County  
14 Commissioner Stephen Holmes will be speaking on  
15 redistricting this evening." Do you see that?

16 A. Yes, sir.

17 Q. All right. And then it goes on. "I'm hoping  
18 he can speak to the timelines of the hearing, especially  
19 opportunities for public comment during his  
20 presentation." Do you see that?

21 A. Yeah. Yes, sir.

22 Q. All right. It is still your testimony you  
23 don't recall seeing this e-mail back in November  
24 of 2021?

25 A. That is accurate.

1 Q. All right. Now is that because you don't check  
2 all your e-mails?

3 A. That's accurate.

4 Q. Had you received this e-mail, would you -- what  
5 would you have done with it?

6 MS. VALL-LLOBERA: Objection; incomplete  
7 hypothetical and calls for speculation.

8 Q. (BY MR. RUSSO) Let me strike the question and  
9 ask it again.

10 Had you seen the e-mail, what would you  
11 have done with it?

12 MS. VALL-LLOBERA: Objection; calls for  
13 speculation.

14 A. Probably not too much, just look at it because  
15 I really don't -- I wasn't that familiar with who this  
16 Roxy Hall Williamson was at that time. She was somebody  
17 new.

18 Q. (BY MR. RUSSO) All right. Did you  
19 subsequently come to know that she's with the NAACP  
20 Galveston branch?

21 A. I -- that's the first time I heard that. I  
22 have --

23 Q. No idea?

24 A. -- no idea.

25 Q. Well, what do you know of her today?

1 A. I haven't heard from her in a long time.

2 Q. But what do you know of her position, like  
3 involvement -- strike that question.

4 Have you learned since November of '21 that  
5 Ms. Williamson played a role in the redistricting  
6 challenge effort?

7 A. I had an --

8 MS. VALL-LLOBERA: Objection to form.

9 Q. (BY MR. RUSSO) You can answer.

10 A. I met Ms. Williamson one time, one time. And  
11 she introduced herself to say that she had been trying  
12 to reach me, reach out. And I said I'm sorry, and that  
13 was it. There was nothing much more.

14 Q. When was this?

15 A. I have no idea. I don't recall. That's -- it  
16 was -- I do recall it was at the Galvez Hotel. That's  
17 the only place I recall. I was there for something.

18 Q. Prior to the vote by the commissioners court on  
19 redistricting?

20 A. I don't recall. I don't recall.

21 Q. All right. Did she tell you what she did or  
22 why she was trying to reach you?

23 A. She -- she said she was working with a group, I  
24 guess, this Crowd fellow or some group. I wasn't -- I  
25 had never heard of the group. I didn't...

1 Q. Do you know who Crowd fellow is today?

2 A. No. I don't remember who that is.

3 Q. Okay. So -- let's see. I mean, it's clear,  
4 though, that Ms. Williamson in this e-mail stated that  
5 she's having a meeting -- there's a meeting with  
6 Commissioner Holmes on the 4th?

7 A. That's what the document says.

8 Q. All right. And she's hoping that he can talk  
9 to her about timelines, talk to the group about  
10 timelines and hearing on the map. True?

11 MS. VALL-LLOBERA: Objection to form.

12 Q. (BY MR. RUSSO) Yes?

13 A. That's what it says.

14 Q. So if you had opened this e-mail in November  
15 of 2021, would you have forwarded it to the LULAC  
16 members?

17 A. No.

18 MS. VALL-LLOBERA: Objection; incomplete  
19 hypothetical and calls for speculation.

20 And please give me a moment to lodge my  
21 objection.

22 THE WITNESS: Okay. Oh, yeah. Yes. I'm  
23 sorry.

24 Q. (BY MR. RUSSO) You do not believe you would  
25 have forwarded it to the LULAC membership?

1           A. I don't -- I don't -- I didn't know enough  
2 information about who was sending this.

3           Q. Okay.

4           A. I said I don't usually send something on like  
5 that.

6           Q. Sitting here today, do you think this would  
7 have been an important correspondence to you back in  
8 November of '21?

9           A. Not -- not necessarily. We're -- no. No.

10          Q. No? You expressed earlier that a lack of  
11 communication between the community and Galveston County  
12 was a concern for you. Right?

13          A. Yes, sir.

14          Q. And wouldn't you have liked to have known back  
15 on November 4th, 2021, there's a potential hearing to be  
16 set on the redistricting issue?

17          A. I already knew that.

18          Q. As of what date did you know that there was  
19 going to be a hearing on the redistricting map?

20          A. I don't recall the date the Galveston -- at  
21 that point it would have probably been consistent with  
22 the reporting of The Daily News. That's something I  
23 monitored on a daily basis.

24          Q. Do you know when The Daily News reported there  
25 would be a hearing?

1 A. I don't recall that right now.

2 Q. Do you know whether Commissioner Holmes  
3 discussed whether there would be a hearing in his  
4 comments on November 4th?

5 MS. VALL-LLOBERA: Objection; calls for  
6 speculation.

7 A. No, sir.

8 Q. (BY MR. RUSSO) You did not attend the call?

9 A. No, sir.

10 Q. And as far as you're aware, no one at LULAC did  
11 either?

12 A. I don't --

13 MS. VALL-LLOBERA: Objection; calls for  
14 speculation.

15 Q. (BY MR. RUSSO) As far as you're aware, no one  
16 forwarded this correspondence to the LULAC membership.  
17 Is that true?

18 MS. VALL-LLOBERA: Objection; calls for  
19 speculation.

20 A. I don't know.

21 Q. (BY MR. RUSSO) Looking at the talking points  
22 that she mentions here on the bottom of Page 1 and the  
23 back of Page 2, did you play any role in drafting those?

24 A. No, sir.

25 Q. Do you have any idea where they came from?

1 A. No, sir.

2 Q. Or who drafted them?

3 A. None at all.

4 Q. All right. Do you think this e-mail on  
5 November 4th would have provided you some knowledge of  
6 the potential hearing on the redistricting map?

7 MS. VALL-LLOBERA: Objection; calls for  
8 speculation. Objection; incomplete hypothetical.

9 A. I'm sorry. Repeat the question.

10 Q. (BY MR. RUSSO) Would this e-mail have provided  
11 you, had you read it, information on the hearing related  
12 to the redistricting maps?

13 MS. VALL-LLOBERA: Same objection.

14 Q. (BY MR. RUSSO) As to when they were going to  
15 occur, process that was in place, those kind of things?

16 MS. VALL-LLOBERA: Objection; calls for  
17 speculation and incomplete hypothetical.

18 A. No. It would provided me whatever information  
19 is listed here.

20 Q. (BY MR. RUSSO) Right. And that includes the  
21 potential hearing that is going to occur. Right?

22 A. Yes, sir.

23 Q. And she states that Commissioner Holmes was  
24 potentially going to provide opportunities for public  
25 comment during his presentation. Right?

1 A. That's what it says.

2 Q. Is there a reason why you don't open all of  
3 your e-mails?

4 A. Yes.

5 Q. And what is that?

6 A. It's -- they're overwhelming. They don't stop.

7 Q. There're a lot?

8 A. There're a lot, yeah.

9 Q. All right. So I take it that, since you didn't  
10 see this e-mail November 4th, at this point you didn't  
11 take any steps to prepare for any hearings in front of  
12 commissioners court. Is that true?

13 MS. VALL-LLOBERA: Objection; misleading.

14 Q. (BY MR. RUSSO) You can answer.

15 A. I didn't.

16 Q. What about LULAC?

17 A. I don't know.

18 Q. Who would I ask about that?

19 A. That I wouldn't even know either. Ultimately,  
20 I do know that Lillie Aleman attended the hearing. She  
21 was the president at that time.

22 Q. Of LULAC?

23 A. Of LULAC.

24 Q. Do you know was she copied on this e-mail?

25 A. I don't even know. Was she? No, I don't see

1 her e-mail address at all. In fact, it looks like I'm  
2 the only possible Latino listed here.

3 Q. You -- so the -- as far as you can tell, the  
4 other individuals listed on here, by their names,  
5 they're not Latinos, as far as you're aware?

6 MS. VALL-LLOBERA: Objection; calls for  
7 speculation.

8 A. Just from some of the names that I know, I know  
9 that they're not Latinos.

10 Q. (BY MR. RUSSO) Okay. And as far as you're  
11 concerned, this correspondence wasn't forwarded to  
12 LULAC, or at least you didn't forward it to LULAC?

13 A. I didn't forward it. Yes.

14 Q. Are you aware of whether or not  
15 Commissioner Holmes had any other conferences or  
16 discussions with any organizations in November of  
17 2021 --

18 MS. VALL-LLOBERA: Objection.

19 Q. (BY MR. RUSSO) -- related to redistricting?

20 MS. VALL-LLOBERA: Objection; calls for  
21 speculation.

22 A. No, sir, I don't.

23 Q. (BY MR. RUSSO) Do you know whether LULAC  
24 attended any other -- any Zoom hearings, meetings prior  
25 to the Galveston County's formal adoption hearing?

1 A. No, sir. No, sir, I don't.

2 Q. Do you know when it was -- I think I just asked  
3 you that. It's your belief that you would have become  
4 aware of the hearings through the paper?

5 A. Yes, sir.

6 MR. RUSSO: Mark that as 3.

7 (Exhibit No. 3 was marked.)

8 Q. (BY MR. RUSSO) That's a copy -- Exhibit 2 is a  
9 copy of interrogatory responses that have been provided  
10 by NAACP plaintiffs in this case.

11 THE REPORTER: Exhibit 3.

12 Q. (BY MR. RUSSO) Sorry. Exhibit 3 is a copy of  
13 those interrogatories. Have you seen those before  
14 today?

15 A. Yes, sir.

16 Q. All right. Do you recall in what context?

17 A. Just to review the answers. I believe I --

18 Q. If you look at the last pages, there's a  
19 certification signed.

20 A. I see -- now I -- yes, I recall that.

21 Q. That's your signature there. Right?

22 A. Yes, sir.

23 Q. December 19th, 2022?

24 A. Yes, sir.

25 Q. I am certifying the responses.

1                   If you will turn with me to page 24.

2           A.   Okay.

3           Q.   And I'm looking at -- let's see -- the fourth  
4 indented paragraph structure where it starts Edna  
5 Courville. Do you see that?

6           A.   I see that, yes.

7           Q.   And then the next -- second sentence there  
8 reads, "Joe A. Compian did not learn of the November  
9 12th, 2021 hearing until it was too late to prepare and  
10 attend."

11          A.   Yes, sir, I see that.

12          Q.   Do you see that?

13                   Do you maintain that's accurate today?

14          A.   I think that was accurate. That is accurate  
15 today.

16          Q.   All right. Do you know when it is you were  
17 notified of the hearing date?

18                   MS. VALL-LLOBERA: Objection; asked and  
19 answered.

20          A.   At this time I was dependent upon the  
21 newspaper. Am I saying that I read the newspaper every  
22 day? No. Just like those e-mails, no.

23          Q.   (BY MR. RUSSO) Okay. So it may have come to  
24 you in an e-mail before you read it in the paper, but  
25 you just don't know?

1 A. I don't know. I don't know.

2 Q. It could have come to you by e-mail, and you  
3 just didn't read it?

4 A. Didn't read it or hadn't read the newspaper  
5 that day either.

6 Q. Okay. So -- and you didn't attend the hearing.  
7 Correct? Right?

8 A. No, sir.

9 Q. Why didn't you attend the hearing on  
10 November 12th?

11 A. Because I really -- I didn't -- to the best of  
12 my recollection, I did not know what's happening.

13 Q. So it's your testimony you didn't know that the  
14 November 12th hearing was going on on the date that it  
15 occurred?

16 A. To the best of my recollection, I was now  
17 sitting on council as well --

18 Q. Of La Marque?

19 A. -- of La Marque --

20 Q. Okay.

21 A. -- in this time period.

22 Q. Mm-hmm.

23 A. Wasn't it the time period? Of '21. I joined  
24 council in '20, of the previous year.

25 And so I had some conflict. Usually with

1 regard to conflicts, I'm pretty good about trying to  
2 attend these things, as other events I've gone before  
3 commissioners will show historically, but for whatever  
4 reason this did not get -- I was not able to respond.

5 Q. Are you suggesting that it's potentially  
6 because you had a meeting at city council?

7 A. It could be. I have no idea. I don't recall.

8 Q. You don't remember?

9 A. I don't remember.

10 Q. All right. As you sit here today, do you  
11 recall knowing that the meeting was going to occur on  
12 November 12th, '21, before it happened?

13 A. I can't even -- I can't even say to you that  
14 I -- that I -- let me respond this way: I remember  
15 reading the newspaper article and saying, son of a gun,  
16 I missed the meeting. That's what I can recall.

17 Q. Okay. So the best of your recollection, you  
18 didn't realize the meeting was happening until it was  
19 already over. Correct?

20 A. That's -- that's -- that's the best of my  
21 recollection.

22 Q. Okay. Do you recall being -- were you in the  
23 country at the time?

24 A. Actually I don't know. I don't know.

25 Q. Is it possible you were in Costa Rica?

1 A. Could have been, actually.

2 Q. What was going on in Costa Rica in November  
3 of '21?

4 MS. VALL-LLOBERA: Objection; relevance.

5 A. I did go to Costa Rica. I go to Costa Rica  
6 pretty often, but I do know -- usually in November --  
7 November is my birthday, the 14th, and I try to get down  
8 there about my birthday. And sometimes, depending upon  
9 airfare and schedules and stuff, it could be a little  
10 before, a little after; so...

11 Q. (BY MR. RUSSO) Okay. Do you remember -- does  
12 this discussion refresh your recollection as to whether  
13 you were in the country at the time, November 12th,  
14 2021?

15 A. I don't recall right now. I don't recall.

16 Q. What do you think?

17 MS. VALL-LLOBERA: Objection; speculation.

18 Q. (BY MR. RUSSO) What do you believe?

19 A. There's a --

20 MS. VALL-LLOBERA: Objection; asked and  
21 answered. Objection; lack of foundation.

22 Q. (BY MR. RUSSO) You can answer.

23 A. Yeah. There's a possibility that I was out.

24 Q. A good possibility?

25 MS. VALL-LLOBERA: Objection to form.

1 A. I don't know.

2 Q. (BY MR. RUSSO) Okay. But as you sit here,  
3 it's possible that you were out of the country and  
4 that's why you missed the hearing. Correct?

5 A. It could be a possibility.

6 Q. We know, nothing else, we know you got an  
7 e-mail on November 4th of '21 offering a discussion with  
8 Commissioner Holmes on redistricting. Is that correct?

9 A. Yes, sir.

10 Q. Give me one second. It's always fun taking  
11 organization -- individual -- all right. I'll get it  
12 together in one second. All right.

13 MR. RUSSO: Is this 4?

14 THE REPORTER: Mm-hmm.

15 (Exhibit No. 4 was marked.)

16 Q. (BY MR. RUSSO) The court reporter is showing  
17 you Exhibit 4, Compian Exhibit 4.

18 A. Mr. Russo, are we finished with these? Pile  
19 them back there?

20 Q. We'll just leave them there so you can get them  
21 later.

22 A. All right. Exhibit 4?

23 Q. Yes, ma'am -- yes, sir. That's an e-mail dated  
24 Tuesday, November 9th, 2021. Do you see that?

25 A. November 9th. Okay.

1 Q. Again, from Ms. Williamson. Agreed?

2 A. Ms. Roxy D. Hall William [sic], yes.

3 Q. And also you see you're copied on that e-mail?

4 A. I do see my name on here, yes, sir.

5 Q. All right. The date on this is

6 November 9th, 2021. It says -- the e-mail states,

7 "Thank you so much for your response, support, and

8 advocacy. Please be advised the county commissioners

9 special meeting redistricting will be held Friday,

10 November 12th, 2021, 1:00 p.m. at the Galveston County

11 Annex." Do you see that?

12 A. Yes, sir.

13 Q. Okay. And it goes on to say, "Let's turn out

14 in record numbers." Right?

15 A. Yes, sir.

16 Q. Do you recall receiving this e-mail?

17 A. No.

18 Q. Did you forward the e-mail to -- as you recall,

19 to any LULAC members?

20 A. I don't recall doing that.

21 Q. What about the president?

22 A. I don't recall.

23 Q. It's Ms. Aleman?

24 A. Aleman.

25 Q. Do you see her e-mail on that list?

1 A. No, sir.

2 Q. Do you know what her e-mail is?

3 A. It is --

4 MS. VALL-LLOBERA: Objection; relevance --

5 Q. (BY MR. RUSSO) You can answer.

6 MS. VALL-LLOBERA: -- of this personal  
7 information.

8 Q. (BY MR. RUSSO) You can answer. If you know  
9 it.

10 A. I'm just trying to see if I recall it. I don't  
11 read the e-mails, and I honestly -- I'll use the pop-up  
12 when I'm sending e-mails.

13 Q. I do the same thing. I just didn't know if  
14 maybe you had an idea of what it was.

15 A. No. I'm not -- I'm not that brilliant.

16 Q. Okay. So, again, on -- in relation to this  
17 e-mail, had you read it in November of 2022, it would  
18 have let you know that the hearing was coming up in  
19 Galveston County Commissioners Court on the  
20 redistricting maps. Agreed?

21 MS. VALL-LLOBERA: Objection; calls for  
22 speculation. Objection; incomplete hypothetical.

23 Q. (BY MR. RUSSO) You can answer.

24 A. I would have had additional information, yes,  
25 sir.

1 Q. Had you read it, would you have prepared for  
2 the meeting?

3 MS. VALL-LLOBERA: Objection; incomplete  
4 hypothetical and calls for speculation.

5 Q. (BY MR. RUSSO) You can answer.

6 A. Probably. I -- probably.

7 Q. Do you believe, sitting here today, that you  
8 would have forwarded an e-mail to the LULAC membership  
9 or someone at the organization that could forward it to  
10 the membership?

11 MS. VALL-LLOBERA: Objection; incomplete  
12 hypothetical and calls for speculation.

13 But you can answer.

14 A. I probably would have done something like that,  
15 yeah.

16 Q. (BY MR. RUSSO) And would that have been the  
17 preferred way to handle the e-mail as opposed to just  
18 not reading it, do you think?

19 MS. VALL-LLOBERA: Objection; vague.

20 A. Preferably I would have known this Roxy person  
21 a long time before. Then I would have -- like if I got  
22 an e-mail from Joe Russo now, I'm going to probably open  
23 it. Right?

24 Q. (BY MR. RUSSO) Understood. But -- so I'm  
25 just -- I guess what my question is is -- I mean, part

1 of the reason why the LULAC Council didn't know about  
2 the hearing is they didn't receive notices which you  
3 could have provided. Do you agree?

4 MS. VALL-LLOBERA: Objection;  
5 mischaracterization and argumentative.

6 A. In which role, Mr. Russo?

7 Q. (BY MR. RUSSO) That's -- my question to you is  
8 you're a member of LULAC. Correct?

9 A. Yes, sir.

10 Q. And, I mean, perfectly reasonable for you to  
11 have forwarded the e-mail related to hearing  
12 information. Correct?

13 MS. VALL-LLOBERA: Objection to form.

14 A. Probably it's reasonable, yeah, probably  
15 reasonable.

16 Q. (BY MR. RUSSO) And that would have put the  
17 organization on notice of the hearing. Agreed?

18 MS. VALL-LLOBERA: Objection to form.

19 A. If they had opened the e-mail as well.

20 Q. (BY MR. RUSSO) And had they opened the e-mail,  
21 they would have known the hearing is coming up.  
22 Correct?

23 MS. VALL-LLOBERA: Objection to form.

24 A. I would assume so. If they read it, I would  
25 assume so.

1 Q. (BY MR. RUSSO) All right. So while we're on  
2 the topic of the hearing, have you -- well, let me --  
3 turn to page -- on the -- pull the interrogatories which  
4 is No. 3, I believe.

5 A. No. 3? Okay.

6 Q. And take a look at Page 15 if you would.

7 A. Okay.

8 Q. There's -- on Page 15 about the middle of  
9 the -- let's see. I'll give you the number in a second  
10 here, 1, 2, 3, 4 -- the fifth sentence in the full body  
11 paragraph, the fifth sentence, it's about midway through  
12 the paragraph. It starts approximately -- it says  
13 "approximately 150 to 200 people attended."

14 A. Oh, here it is, "approximately 150 to 200" --  
15 is that the one?

16 Q. Yes, sir.

17 A. In the middle. Okay.

18 Q. Yes, sir.

19 And it goes on to say that "150 to 250  
20 attended the November 12th, 2021 meeting." Do you see  
21 that?

22 A. Yes, sir.

23 Q. "Crowding into the meeting room which can only  
24 seat 70 people." Right?

25 A. Yes, sir.

1 Q. And may spill into the hallway?

2 A. Yes.

3 Q. Have you heard the complaint there were not  
4 enough seats at the county annex building where the  
5 meeting was held?

6 MS. VALL-LLOBERA: To clarify, in his  
7 individual capacity or as LULAC?

8 MR. RUSSO: Well, we can start with LULAC.

9 Q. (BY MR. RUSSO) you're aware of that allegation.  
10 Correct?

11 A. I have heard of it, yes. Yes, sir.

12 Q. Are you aware of anyone who did not have the  
13 opportunity to speak at the hearing that wanted to?

14 MS. VALL-LLOBERA: Objection; calls for  
15 speculation.

16 A. I don't know.

17 Q. (BY MR. RUSSO) Or "yes" or "no," are you aware  
18 of that? Have you ever talked to anyone who said I  
19 wanted to speak, but I couldn't show up?

20 A. No, sir.

21 Q. Or I wanted to speak, but I was in the hallway  
22 and couldn't get the microphone?

23 A. No, sir. I would have said I wanted to speak,  
24 but I didn't know about the meeting.

25 Q. What was that?

1           A. I wanted to speak, but I didn't know about the  
2 hearing.

3           Q. Okay.

4           A. None of those things happened, by the way.  
5 That's all I'm saying.

6           Q. Understood. Yeah. So you -- I mean, you  
7 haven't talked to anybody that said I wanted to be  
8 there, but I just didn't know about it. Correct?

9           A. No, sir.

10          Q. And -- so as far as you know, if an individual  
11 showed up at the meeting and wanted to speak, they had  
12 the opportunity to do so. Correct?

13                   MS. VALL-LLOBERA: Objection; speculation.

14          Q. (BY MR. RUSSO) As far as you're aware.

15          A. To the extent I'm aware, at previous times,  
16 people are -- who appear, even though there are a lot of  
17 them, get to speak.

18          Q. Right. And this is no different as far as you  
19 know?

20          A. I was not there, so I don't know.

21          Q. Again -- I just want to make sure we're clear.  
22 You haven't heard anybody complain otherwise. Correct?

23          A. Not to me.

24          Q. Well, have you heard somebody complain to  
25 someone else?

1           A. No. I'm just saying I can only speak to  
2 myself.

3           Q. Understood. Okay. I just wanted to make sure.

4           A. Yeah.

5           Q. Okay. And then you also are aware of the  
6 allegation that parking was insufficient or there was  
7 construction going on at the hearing at the meeting  
8 location?

9           A. It says -- yeah. It indicates here.

10          Q. As you sit here as the representative of LULAC,  
11 are you aware of any person that did not attend the  
12 meeting because they couldn't find a place to park?

13                   MS. VALL-LLOBERA: Objection; calls for  
14 speculation.

15          A. I know of no one myself personally.

16          Q. (BY MR. RUSSO) And are you qualifying that  
17 as -- I mean, you're here on behalf of LULAC. Can you  
18 not testify?

19          A. Well -- which -- which -- you're asking me on  
20 behalf of LULAC?

21          Q. Correct.

22          A. I did not receive any reports to that effect.

23          Q. All right.

24          A. No one brought that to my attention.

25          Q. All right.

1 A. That they did not -- let me -- just to be  
2 clear -- I'm getting tired right now. I'm sorry.

3 Q. I understand.

4 A. Oh, by the way, I know part of it. I haven't  
5 taken my -- excuse me -- my diabetes tablet. Just  
6 thought of that.

7 No one expressed to me that they could not  
8 park there. People have expressed complaints about the  
9 parking there. That's the distinction. Yes.

10 Q. Right. But my question was: Are you aware of  
11 any person who didn't find a place to park and left the  
12 meeting?

13 A. Like I said, no one has brought that to me.

14 Q. And you're comfortable testifying on behalf of  
15 LULAC on that point. Correct?

16 A. Yeah. Yes, sir.

17 Q. All right. Do you know what -- do you know  
18 what the phrase "racially polarized voting" means?

19 A. Where are you -- do you have a specific line?

20 Q. I'm sorry. Say that again?

21 A. Is that something in this document?

22 Q. Well, yeah. We can look at it. Look at  
23 Page 16.

24 A. I don't know what context you're...

25 Q. We can look at Page 16. It's used in your

1 interrogatory responses. If you look at page 16, second  
2 indention, the first sentence states, "There is legally  
3 significant racially polarized voting in Galveston."

4 A. Well, I concur with this. This is what I've  
5 spoken to earlier about communities now existing in  
6 sufficient numbers to become involved in government.

7 Q. Okay. So my specific question is: Do you know  
8 what racially polarized voting is?

9 A. Well, just by the -- do I have a dictionary  
10 definition? No.

11 Q. And if I were to say to you I want to discuss  
12 racially polarized voting, would you be able to do that?

13 MS. VALL-LLOBERA: Objection; incomplete  
14 hypothetical.

15 A. I believe you and I could have that  
16 conversation.

17 Q. (BY MR. RUSSO) Okay. What could you tell me  
18 about racially polarized voting and what the phrase  
19 means?

20 A. That there is a tendency for our -- for members  
21 of -- of our Black and Brown community to vote for  
22 people that look like them or share their interests on  
23 issues, to support issues that are of concern to them.

24 Q. Do you have any other understanding of what  
25 that phrase means?

1 A. No. That's all.

2 Q. All right. There's also the allegation in the  
3 same sentence -- I'm sorry -- the next sentence,  
4 specifically there's a geographically compact population  
5 of Black and Latino voters. Do you see that?

6 A. I do, yes.

7 Q. Do you know what the phrase "geographically  
8 compact population" is referring to?

9 A. I believe so.

10 Q. Okay. What's your understanding of that?

11 A. We have an area of community where there is a  
12 significant presence of members of communities of color.

13 Q. Is that it?

14 A. Yes, sir.

15 Q. All right. And then the sentence goes on to  
16 say "who constitute a majority of single-member  
17 commissioner -- a single-member commissioner precinct.  
18 These voters are politically cohesive." Do you see that  
19 phrase?

20 A. I do.

21 Q. Do you know what's meant by politically  
22 cohesive?

23 A. Once again, they vote based upon issues.  
24 Present me a candidate that has issues that I agree with  
25 and we have a shared interest in certain areas, the

1 Black and Brown voters, Latino voters.

2 Q. Do you have sort of an -- what's your  
3 understanding of what it takes to have a politically  
4 cohesive set of voters?

5 A. Once again, a shared interest in issues. We --  
6 we'll have a community that desires to build -- well,  
7 I'll go back even further.

8 We have a community with a long history  
9 where our infrastructure in our community is causing us  
10 to lose 60 percent of our water -- of our water. That  
11 community doesn't have the wherewithal financially to  
12 repair that infrastructure. If we have to compete  
13 against other wealthier parts of the county with a  
14 higher number of voters that are other than Brown and  
15 Black that live in this geographic area, then our  
16 concerns are ignored. We can't get any support to  
17 repair the infrastructure.

18 Q. Okay. Is that -- I mean, your testimony is  
19 that somehow relates to politically cohesive voting?

20 A. Yes. It's do we invest -- how we are going to  
21 invest in improving the safety of our water or the  
22 breaks -- the sewer breaks and where sewer is flowing  
23 into the -- into the ditches.

24 Q. Okay. So I'm trying to sum up here. Is it  
25 your testimony that politically cohesive voting deals

1 with how you deal, in this particular instance, with  
2 sewer problems?

3 A. It could be -- once again, there's a -- it  
4 could be that. It could be affordable housing. It's  
5 just a distinction between what we in a Black and Brown  
6 community think is important, such as this -- such as  
7 trying to elect people that look like us and --

8 Which, by the way, does not make it -- I  
9 don't know if you're assuming, Mr. Russo, or something  
10 that by electing people that look like us that we are  
11 less qualified in some fashion. I hope we're not saying  
12 that, are we?

13 Q. I'm not sure what you're saying. I'm just  
14 asking questions.

15 A. Okay. All right. I just -- the thought just  
16 occurred to me somehow that somehow the fact that Black  
17 and Brown seek to vote and support a person who also  
18 happens to be Black and Brown on these issues that --  
19 you know, as opposed to talking about -- I don't know --  
20 what do they -- what are they talking about in the north  
21 county? The library, how many library books to pull out  
22 of -- to pull out of the League City Library, which we  
23 share now a district.

24 Q. Did that relate to the League City Library  
25 somehow?

1           A. Yeah. That was the League City. It's going on  
2 now. They tried to bring it to our community; we said  
3 no way.

4           Q. So you said a couple of times that you would  
5 like to have, I guess, a representative that looked like  
6 you. Right?

7                       MS. VALL-LLOBERA: Objection; misstates  
8 prior testimony.

9           A. I'm going to be up front. Yeah, it would be  
10 helpful. Mm-hmm.

11           Q. (BY MR. RUSSO) Do you think that African  
12 American voters want the same thing?

13                       MS. VALL-LLOBERA: Objection; speculation.

14           A. I think they're comfortable and -- and I point  
15 to myself; I point to other members that previously  
16 served here in the old Precinct 3 as constables or --  
17 both Latino and African Americans. There's support of  
18 members of each community by others from the opposite  
19 community. Right? It's all -- we're focused on issues  
20 for our --

21           Q. (BY MR. RUSSO) So just so the testimony is  
22 clear, when you say you'd like a representative that  
23 looks like you, you're saying that's true if it's a  
24 Latino representative or an African American  
25 representative. Is that correct?

1 A. And they're -- they're articulating and  
2 advocating for issues that -- the color is not the  
3 primary concern. Right? I go back. I've said it over  
4 and over. It's the issues. Can we get behind someone  
5 with these issues? It's great if they happen to be  
6 Latino, African American member of communities of color  
7 in what we've built here locally.

8 Q. And do you believe voters generally vote for  
9 the issues in Galveston County or they overly worried  
10 about race here?

11 A. Some -- there's some that are overly worried  
12 about race.

13 Q. In your estimation, is that the majority of  
14 people in Galveston County --

15 A. Oh, I don't know.

16 Q. Or what do you think?

17 MS. VALL-LLOBERA: Objection; speculation.

18 Q. (BY MR. RUSSO) And I'm asking for your  
19 estimate.

20 A. Yeah. I don't know, Mr. Russo, except I can  
21 tell you this: There was a friend of mine running in  
22 the Republican primary who's very competent. Successful  
23 businessman. Successful medical doctor, who, as part of  
24 his campaigning effort, went knocking on doors and was  
25 told on more than one occasion that they would never

1 | vote for a Mexican. And he has a Spanish surname.

2 | Q. Where was this?

3 | A. League City.

4 | Q. The election was where?

5 | A. It was here in Galveston County. He was

6 | running for a position here, a house seat.

7 | Q. A Texas House?

8 | A. Texas House, yes.

9 | Q. The Congress?

10 | A. State.

11 | Q. State house?

12 | A. State house here.

13 | Q. And when did this conversation occur?

14 | A. The last primary.

15 | Q. So in '22?

16 | A. 20- -- 20- --

17 | Q. In 2022?

18 | A. Yeah, '22. Yeah. '22.

19 | Q. Do you know this, individual?

20 | A. Oh, yeah.

21 | Q. Or was this heard secondhand?

22 | A. No. Personal friend.

23 | Q. Did you hear the conversation personally?

24 | A. That -- they conveyed to me, he and his wife.

25 | They conveyed that personally to me.

1 Q. Right.

2 A. They -- I wasn't with them knocking on the  
3 door.

4 Q. Right. So you didn't actually hear the  
5 conversation between voter -- presumed voter or citizen  
6 of League City and your friend?

7 A. I'm just telling you what --

8 Q. They conveyed that to you secondhand?

9 A. Yes, sir.

10 Q. Have you ever heard that yourself? An  
11 individual say they would never vote for a Latino or a  
12 Mexican, in the past ten years?

13 A. Yes.

14 Q. You have?

15 A. Yes.

16 Q. Are you comfortable disclosing the  
17 circumstances of that?

18 A. Just in terms of knocking on doors for -- for  
19 candidates.

20 Q. Okay. Give me an example of when this  
21 happened.

22 A. When there was -- when there was a candidate  
23 for a city council race going door to door and we had  
24 teams and several of us were told by voters, I'll never  
25 vote for that -- well, some word, some other -- some

1 | used vulgar language or, I'm sorry, I'll never vote for  
2 | a Black person. But it's unfortunate. I'm not saying  
3 | it happened often, but it happened.

4 | Q. Would you call it rare?

5 | MS. VALL-LLOBERA: Objection;  
6 | mischaracterizes.

7 | A. I don't know -- I'm not saying it happened  
8 | often. It was during my knocking on doors.

9 | Q. (BY MR. RUSSO) I got it. Would you call that  
10 | experience rare, for you?

11 | MS. VALL-LLOBERA: Objection; vague.

12 | A. I don't know what your definition of rare is.

13 | Q. (BY MR. RUSSO) What's your definition of  
14 | often?

15 | A. If I hear it more than once, it's often. I  
16 | feel that we should be beyond that.

17 | Q. So then you're saying it hasn't happened often,  
18 | which means it didn't happen more than once?

19 | MS. VALL-LLOBERA: Objection;  
20 | mischaracterizes.

21 | A. I didn't say that. I said on more than one  
22 | occasion.

23 | Q. (BY MR. RUSSO) Right. But you said it hasn't  
24 | happened often. You told me that. You testified to  
25 | that, it hasn't happened often.

1 A. It hasn't?

2 Q. Correct.

3 A. I don't recall saying that. I'm sorry if I  
4 said that.

5 Q. Okay. So your testimony now is that it has  
6 happened often?

7 A. I said that. On more than one occasion, I  
8 heard that statement made.

9 Q. Okay. More than one occasion?

10 A. Mm-hmm.

11 Q. Do you consider that to be often?

12 A. Yes, sir.

13 Q. And do you think that is the -- that happens in  
14 the majority of doors you knocked on?

15 MS. VALL-LLOBERA: Objection; asked and  
16 answered.

17 A. No.

18 Q. (BY MR. RUSSO) Do you think it happened on 10  
19 percent of the doors you knocked on?

20 A. I can't answer that in terms of percentages  
21 because I don't know. I don't know.

22 Q. Okay. Best guess it happened, but we don't  
23 know how often?

24 A. Yeah. But I can't tell you percentage-wise.

25 MS. VALL-LLOBERA: Objection;

1 mischaracterizes.

2 Q. (BY MR. RUSSO) All right. I think we can come  
3 back to that.

4 MS. VALL-LLOBERA: It's been about an hour.  
5 Would you like to take a break?

6 THE WITNESS: No. I want to keep going.

7 MS. VALL-LLOBERA: Okay.

8 Q. (BY MR. RUSSO) Are you alleging in this case  
9 that White voters in Galveston County vote sufficiently  
10 as a block so as to defeat a candidate preferred by  
11 minorities?

12 MS. VALL-LLOBERA: Objection to form.

13 A. It's our belief that in this redrawn line  
14 that's exactly the case.

15 Q. (BY MR. RUSSO) In the what?

16 A. That's exactly the case. I'm sorry.

17 Q. The expectation is that the voters -- a White  
18 voter is going to outvote the minorities' candidate?

19 A. Yes, sir.

20 Q. What facts do you use to support that claim?

21 A. Voter turnout.

22 Q. So the -- by -- are you saying -- what do you  
23 mean voter turnout? Explain that to me.

24 A. There's a higher level of voter turnout in  
25 Anglo areas than there are in the Black and Latino

1 areas -- communities. And the lower income -- in the  
2 lower income communities as well.

3 Q. So then the fact that more of the -- you  
4 believe that more of the White voters show up to vote,  
5 that that contributes to minority candidates not winning  
6 those races?

7 MS. VALL-LLOBERA: Objection; misstates  
8 prior testimony.

9 A. I believe it is a factor, yes, sir.

10 Q. (BY MR. RUSSO) Just in general -- you bring up  
11 an interesting point.

12 Do you believe that, as a percentage of the  
13 voter -- percentage of the voting race -- okay? -- a  
14 percentage of Latino voters and Black voters and White  
15 voters, do you believe or understand that less Latino  
16 voters show up as a percentage of their population than,  
17 say, Black voters?

18 MS. VALL-LLOBERA: Objection; calls for  
19 speculation. And, Counsel, are you asking in his  
20 personal capacity --

21 MR. RUSSO: Yes.

22 MS. VALL-LLOBERA: -- or on behalf of  
23 LULAC?

24 Q. (BY MR. RUSSO) Yeah -- well, I'll ask LULAC in  
25 a minute, but, yeah, right now just you?

1 A. I'm bipolar today.

2 Could you -- I didn't quite comprehend all  
3 of that.

4 Q. Yeah. And, frankly, the question is pretty  
5 simple in form, but it's tough to articulate, so I'll  
6 try again.

7 Do you have any belief as to whether the  
8 Latino voters, as a population, go to the polls less  
9 percentage-wise than, say, of the Black population of  
10 voters? Is that true? Do you believe that to be true?

11 MS. VALL-LLOBERA: Objection; calls for  
12 speculation.

13 A. I don't know that -- no. I don't know that.

14 Q. (BY MR. RUSSO) Okay. I'm just wondering if  
15 you --

16 A. Yeah.

17 Q. -- if you thought about it?

18 A. No, I don't know that.

19 Q. Okay. Does that -- thinking about it now or  
20 hearing that question, does it make any sense to you  
21 that that might be true?

22 MS. VALL-LLOBERA: Objection; calls for  
23 speculation.

24 A. It's -- its not -- I think we look at numbers.  
25 In either myself or LULAC, we're looking at where's the

1 greatest turnout. Right? And we look at that. We look  
2 for that. So as the old Precinct 3, we could see that;  
3 we could see where our turnout -- highest turnout was.

4 And -- and then and under the new line, we  
5 can also see where the highest turnout is. It's in the  
6 north county of League City area.

7 Q. (BY MR. RUSSO) Okay. So do you know  
8 whether -- has LULAC done any kind of review or analysis  
9 of that that you're aware of in terms of who -- which of  
10 the White voter group, Latino voter group, Black voter  
11 group, which of them turns out more -- most as a percent  
12 of their population?

13 A. There's just past information, past the polling  
14 lines, but there's nothing new yet. Right? In terms  
15 of --

16 Q. Not unless you're clairvoyant.

17 A. Yeah, I guess so. Not yet anyway, under the  
18 new line.

19 Q. Okay. But you're aware of LULAC looking at  
20 historical figures?

21 A. Historically, we look at that. We can look at  
22 historical.

23 Q. And do -- as you sit here, do you know whether  
24 LULAC has a feel for which of the groups show up the  
25 most as a percentage of their population?

1 MS. VALL-LLOBERA: Objection; vague.

2 A. Anglos.

3 Q. (BY MR. RUSSO) Anglos show up the most?

4 A. (Nodding head.)

5 Q. And then is there -- can -- do you know of a  
6 difference between the Black voters and Latino voters?

7 MS. VALL-LLOBERA: Objection; calls for  
8 speculation.

9 A. Clarify -- supplement my answer, Anglo high  
10 income, those two. High-income voters in general turn  
11 out higher. And they happen to be predominantly Anglo  
12 in the high-income areas.

13 Q. (BY MR. RUSSO) And so -- and I asked about  
14 is -- is there any -- is LULAC aware of any difference  
15 in proportion -- proportional turnout between a Black  
16 voter and the Latino voter?

17 A. Not that I'm aware of, no.

18 Q. Have you done any -- any -- are you aware,  
19 LULAC speaking, are they aware of any sort of the  
20 political demographics within the specific areas of the  
21 county? And we'll start with, let's just say, La  
22 Marque. Is LULAC aware of sort of what the political  
23 makeup of La Marque looks like?

24 MS. VALL-LLOBERA: Objection; calls for  
25 speculation.

1 A. No, sir.

2 Q. (BY MR. RUSSO) What about Galveston? The city  
3 of Galveston?

4 MS. VALL-LLOBERA: Objection; calls for  
5 speculation. Also vague.

6 A. Yeah. I don't know what -- what do you mean by  
7 political?

8 Q. (BY MR. RUSSO) Well, are the residents of this  
9 particular city likely to vote Democrat or Republican?

10 MS. VALL-LLOBERA: Objection; calls for  
11 speculation.

12 Q. (BY MR. RUSSO) Or any other independent?

13 MS. VALL-LLOBERA: Objection; calls for  
14 speculation.

15 A. I don't -- I don't know. I don't know.

16 Q. (By MR. RUSSO) But I -- again, you know, I ask  
17 the questions. Is that true for any of the cities in  
18 Galveston County? Just no idea of what that political  
19 makeup would look like?

20 A. Don't know. We don't -- we look at turnout.  
21 We look at turnout, not the political makeup.

22 Q. But don't really have an idea whether the  
23 citizens of any particular city are voting for generally  
24 a Democratic candidate versus a Republican candidate?

25 A. No. We don't monitor that.

1 Q. All right. Okay. I think I asked -- did I --  
2 I think we talked about the racial makeup of various  
3 cities, but just to be sure, does LULAC maintain or  
4 analyze the data of the racial makeup of cities within  
5 Galveston County?

6 MS. VALL-LLOBERA: Objection; asked and  
7 answered.

8 Q. (BY MR. RUSSO) I think I did, but...

9 A. Yeah. No, sir.

10 Q. No?

11 A. No, sir.

12 Q. Is that true for all the cities in the county?

13 A. No, we don't.

14 Q. All right.

15 MR. RUSSO: Why don't we -- can we take a  
16 quick break? Is that all right with you?

17 THE WITNESS: Yeah. If you need to take a  
18 break, that's fine.

19 MR. RUSSO: I think I may have a document  
20 or two I need to grab, and it's probably a good time  
21 anyway.

22 THE WITNESS: That's good.

23 MR. RUSSO: Does that work for you?

24 THE WITNESS: That's good. I'm fine right  
25 now.

1 MS. VALL-LLOBERA: Yes.

2 THE VIDEOGRAPHER: Off the record at 2:52.

3 (Recess taken.)

4 THE VIDEOGRAPHER: Back on the record

5 at 3:15 p.m.

6 Q. (BY MR. RUSSO) All right. So, Mr. Compian --

7 A. Yes, sir.

8 Q. If you could take a look at -- Compian

9 Exhibit 3, which is the interrogatories again one more  
10 time.

11 A. All right.

12 Q. Specifically look at Page 14 for me if you  
13 could.

14 A. Okay.

15 Q. The very top sentence on that page, it reads,  
16 "The County did not include Commissioner Holmes in its  
17 redistricting plans."

18 A. Okay.

19 Q. Do you see that?

20 A. Yes, I see that.

21 Q. Is that the allegation that LULAC makes in this  
22 case?

23 A. That's what we -- yes.

24 Q. And my question is: What do you base that  
25 allegation on?

1 A. I think the statement by the commissioner  
2 himself.

3 Q. Okay. Is it that Commissioner Holmes stated he  
4 had no involvement in the process. Correct?

5 A. That's what I understand.

6 Q. Is there anything else, from your  
7 understanding?

8 A. No.

9 Q. Okay. All right. That was my question on  
10 that.

11 Are you doing okay?

12 A. Yeah. I'm fine. It's my nap time.

13 Q. Yeah. Mine as well. Do you believe that  
14 there's a history of official or governmental  
15 discrimination in Galveston County over the past ten  
16 years?

17 MS. VALL-LLOBERA: To clarify, LULAC or his  
18 personal capacity?

19 MR. RUSSO: Yeah, LULAC.

20 A. Official? Can you help me a bit?

21 Q. (BY MR. RUSSO) Yeah.

22 A. What do you define as official?

23 Q. Basically sort of a governmental type of  
24 entity, state entity, school organization, health  
25 district, I guess the entities in charge, generally

1 speaking. And based on your time in Galveston County,  
2 are you aware, sir, that --

3 A. Well, perhaps -- perhaps I can best answer that  
4 by focusing on issues and maybe that -- because you said  
5 if there was an official policy of discrimination?

6 Q. Yeah. Let me just phrase the question again  
7 for you and see if maybe we can get it answered that  
8 way.

9 Is it your belief that there's a history of  
10 official or governmental discrimination in Galveston  
11 County over the past ten years?

12 MS. VALL-LLOBERA: Objection; speculation.  
13 And clarifying again, this is LULAC?

14 MR. RUSSO: Absolutely it is.

15 A. I'm going to focus on the issues, and what we  
16 consider -- we, referring to LULAC -- knowing its  
17 advocacy, would be considered discriminatory; it's  
18 exceptional. The fact that you're willing to use tax  
19 dollars to, quote, enforce immigration laws that are the  
20 responsibility of the federal government, that's --  
21 that's -- that's picking -- that's -- on some -- on  
22 people that we shouldn't even be involved with.  
23 Notwithstanding the fact that LULAC is not in favor of  
24 open borders, mind you. We believe in border controls;  
25 we do believe in that. But we believe follow the law

1 | over there in terms of that's a federal responsibility  
2 | and now you've got this other individuals that are out,  
3 | you know, threatening people, at one time. And this is  
4 | within the past ten years, mind you. Shoot anybody that  
5 | comes across the borders.

6 | I actually went to commissioners court here  
7 | when there was -- there was a first effort, and I cannot  
8 | recall but on behalf of LULAC on behalf of Gulf Coast  
9 | Interfaith and there were some of us -- and this was at  
10 | a time where -- just words, how words can cause people  
11 | to take unreasonable actions that can result in people  
12 | hurting each other.

13 | And I said that -- that -- that rhetoric,  
14 | please understand that these words have ramifications.  
15 | Words of hate have negative outcomes, and we've seen  
16 | that. Yes.

17 | Q. (BY MR. RUSSO) So you mentioned the issue of  
18 | sending funds down to the border?

19 | A. Yes.

20 | Q. And we talked about that earlier?

21 | A. Yes.

22 | Q. It's your view that that's an example of  
23 | official discrimination by Galveston County?

24 | A. Yeah. It's discriminatory. That whole -- it's  
25 | picking on someone.

1 Q. And who are -- who is the County picking on in  
2 that instance?

3 A. On Latinos, in general. Latinos, in general.

4 Ah. I know the other area -- I just  
5 recalled now. Like I said, it's great I'm spending the  
6 time focusing on these things.

7 When -- and I don't really remember what --  
8 I think it was actually during the Obama administration  
9 truthfully, but I remember when the start of these  
10 immigration holds began.

11 And we went before commissioners -- I  
12 recall that -- and even encouraged the sheriff not to do  
13 that. Now, we believed that you should make sure that  
14 there's not some outstanding warrants on anyone that is  
15 undocumented, you know, some violence, some felony in  
16 some other jurisdiction. But a person who was simply  
17 stopped because they made a wrong -- made a left turn  
18 without signaling and arrested for that, who has a long  
19 work history here already, has family, has actually  
20 bought a house -- and these are instances where this had  
21 happened -- that's not deserving of being --

22 Q. Well, let me pause you right there. Are you  
23 talking about an actual incident, or are you talking  
24 about a hypothetical?

25 A. No. I'm talk -- no, this was an actual

1 incident.

2 Q. Where did this happen?

3 A. This happened here in Galveston County when the  
4 Galveston County Sheriff's Department implemented their  
5 participation. I want to think it's -- it's the 307  
6 hold or -- it's immigration hold; there's a number that  
7 goes with it. And sheriff's departments across -- and  
8 police departments across the country could either opt  
9 in or opt out.

10 Q. And then so your testimony is that Galveston  
11 County Sheriff's Department opted in at some point?

12 A. Yeah.

13 Q. Do you know when that occurred?

14 A. It was some discussion that occurred at  
15 commissioners court.

16 I don't recall, but I want to say maybe it  
17 was -- maybe about -- that's what I'm saying, back  
18 around the Obama administration, maybe ten years, ago  
19 something like that. It was during that time period.

20 Q. Did you -- you said you met -- went to  
21 council -- sorry -- not council --

22 A. I went to --

23 Q. -- but commissioners court meeting on that?

24 A. Yes, sir. I spoke out against it in the public  
25 comment section.

1 Q. Okay. And then that's in your view an example  
2 of discrimination against who?

3 A. Against -- against -- first of all, to stop a  
4 Brown person, it was just -- just people -- there was  
5 this -- this anti-immigrant, anti- -- I would call it  
6 anti-immigrant attitude that if you were Brown, you're  
7 considered undocumented. You know, I will tell you  
8 after -- after one of the elections --

9 Q. Wait, wait, wait. Let me stop you there.

10 A. Okay.

11 Q. Are you suggesting that there is a policy in  
12 place with the Galveston County to stop and pull over  
13 individuals that looked -- I don't know -- Brown or?

14 A. Oh, yeah.

15 Q. Latino?

16 A. (Nodding head.)

17 Q. Just because they look Brown or Latino?

18 MS. VALL-LLOBERA: Objection; misstates  
19 prior testimony.

20 Q. (BY MR. RUSSO) You can answer.

21 A. Yeah. We believe so, yes.

22 Q. You believe so?

23 A. We thought so. We said you shouldn't do this.

24 Q. But despite -- but you believe there is a  
25 policy implemented just like that?

1 A. Yeah. It was part of this anti-immigrant  
2 rhetoric at the time.

3 Q. And specifically it was stop and detain  
4 individuals who looked Latino?

5 A. (Nodding head.)

6 Q. Yes?

7 A. Looked Brown, yes.

8 Q. Okay. Is there anything else that you can  
9 think of that constitutes what you believe is official  
10 discrimination in Galveston County?

11 A. Well, those instances come to my mind, the  
12 immigration holds and those things. Give me time. I'll  
13 probably think of something else.

14 Q. Time we have, I guess.

15 A. Yes, sir.

16 Q. Has -- is LULAC, as an organization, aware or  
17 have they done studies of the socioeconomic condition of  
18 Galveston County residents, the disparities between  
19 different groups in Galveston County?

20 MS. VALL-LLOBERA: Objection; compound and  
21 vague.

22 A. Socioeconomic differences? No.

23 Q. (BY MR. RUSSO) You're not aware of any?

24 A. I'm not aware of any, no.

25 Q. Have there been any studies -- let me break it

1 down a little bit further -- related to sort of health  
2 or educational distinctions between what's provided for  
3 Latino citizens and others?

4 MS. VALL-LLOBERA: Objection; vague.

5 A. I -- well, only -- I -- the only thing that  
6 comes to my mind right now is that during COVID we were  
7 seeing and I received a call, once again, from the  
8 health authority that we need to encourage individuals  
9 who primarily spoke Spanish to come in and get  
10 vaccinated or to -- first of all, to get tested, COVID  
11 tested. Right?

12 Q. (BY MR. RUSSO) Right.

13 A. That began -- that was the first, to come in  
14 and have that terrible swab up your nose and -- you  
15 know, it was terrible.

16 Q. I'm laughing because of my kids' reaction to  
17 that. It was hilarious.

18 A. Oh. Oh. I can imagine.

19 Q. Go on. Sorry.

20 A. And -- and that they were seeing -- and you  
21 follow the dashboard that the County created for COVID  
22 and you could see -- and you go back -- I think they  
23 still have the information listed -- the greatest number  
24 of COVID-positive cases --

25 Q. Mm-hmm.

1 A. -- were Latino females. And that -- and so the  
2 ask was please help us reach out to this community. No  
3 one is going to -- no one is going to arrest them.  
4 Right? That's what the fear is, that "I'm going to get  
5 arrested" or "I'm going to be" -- no. Just come in  
6 and -- so...

7 Q. Yeah. In that instance the -- the, I guess,  
8 the problem, you're brought in to deal with the language  
9 barrier, I guess, that was -- that occurs between the  
10 Latino community and those who are trying to provide  
11 COVID relief?

12 A. No. It's not just a language barrier. It's  
13 the credibility, Mr. Russo. Right? Don't be fearful  
14 of -- there may be a policeman, a sheriff's deputy over  
15 there, but they're not there to arrest you. Right?  
16 "They're going to ask for my papers or this or that."  
17 No. It didn't happen.

18 Q. Right.

19 MR. RUSSO: I need that marked.

20 (Exhibit No. 5 was marked.)

21 THE WITNESS: Okay. Thanks. Ah. Here it  
22 is, COVID -- Pastor -- Pastor Gomez here. See there?

23 Q. (BY MR. RUSSO) Now, I've provided you a copy  
24 of what's been marked as Compian Exhibit 5. It's an  
25 article in the Galveston Daily News dated

1 June 29th, 2020.

2 A. Yes.

3 Q. And this article, generally speaking, reflects  
4 what you were just describing. Right?

5 A. Yes.

6 Q. COVID issues that the community needs some help  
7 with. Right?

8 A. Yes, sir.

9 Q. All right. I want to look at the page -- let's  
10 see -- 4 of the article. Again, read as much as you'd  
11 like to, but my main question is on Page 4.

12 A. Page 4, 4 of 6? Yes, I see that.

13 Q. And then under the heading it's language  
14 resource -- resource -- language, comma, resources  
15 barrier. Do you see that?

16 A. Yes. I saw that, yes.

17 Q. And there's a -- it's not a quote from you, but  
18 it looks like they have some information on you.

19 A. Right.

20 Q. Right? And it states that Joe Compian, cochair  
21 of the Civil Rights Committee for the Galveston's  
22 chapter of the League of United Latin American Citizens,  
23 said he has noticed an apparent lack of knowledge or  
24 caution at some events when he was interacting with  
25 immigrants or people who don't speak English.

1 A. Yes, sir.

2 Q. Do you see that?

3 A. Yes, sir.

4 Q. Yeah. And -- so dealing with this issue is a  
5 particular issue that Latinos faced in the community.

6 Correct?

7 A. Yes, sir.

8 Q. I mean, those are the barriers up against the  
9 individuals that we're talking about in the article on  
10 COVID, is those individuals needed to overcome the  
11 language differences, and what you also mentioned is the  
12 barrier being their willingness, I guess, to trust?

13 MS. VALL-LLOBERA: Objection; compound  
14 question. Objection; mischaracterizes.

15 Q. (BY MR. RUSSO) You can answer.

16 A. Yeah, the language issue, and I'll speak to  
17 the -- very generally that caution. They're fearful.  
18 There's this -- they're very cautious about coming in --  
19 right? -- and accessing these services.

20 Q. Okay. Are you aware whether or not problems,  
21 well, strike that question.

22 The problems we're talking about in terms  
23 of COVID and the Latinos we're dealing with is -- it  
24 doesn't necessarily include sort of the Black  
25 citizens -- citizens who are Black in the community.

1 | This is a Latino issue described in this article. Would  
2 | you agree?

3 | MS. VALL-LLOBERA: Objection; misleading.

4 | A. At -- I don't know if I would describe it as a  
5 | Latino issue. It was something that impacted a  
6 | significant amount of Latinos, but to call it a Latino  
7 | issue, I don't know that I'd go that far.

8 | Q. (BY MR. RUSSO) Well, would you --

9 | A. I don't know what --

10 | Q. Well, let me ask you this, just in a general  
11 | sense: You mentioned that, you know, the language  
12 | speaking -- individuals who speak Spanish was one of the  
13 | defining characteristics of a Latino individual.  
14 | Correct?

15 | A. That was one.

16 | MS. VALL-LLOBERA: Objection.

17 | THE WITNESS: I'm sorry.

18 | MS. VALL-LLOBERA: Misstates prior  
19 | testimony.

20 | Q. (BY MR. RUSSO) And that's -- the language  
21 | barrier is not something, generally, that the Black  
22 | residents of the county have to deal with. Would you  
23 | agree?

24 | A. If they speak English. Not all Black residents  
25 | speak English.

1 Q. Do you know of a considerable amount of  
2 residents or friends of yours -- Black residents of the  
3 community that have a language barrier due to speaking  
4 Spanish?

5 A. Yeah. Our Central American friends that are  
6 Afro-Latinos.

7 Q. Okay. And they had the same issues with --  
8 that you dealt with in COVID?

9 A. Yes.

10 Q. Are those individuals that you're thinking of,  
11 do you know whether they identify as Latin American or  
12 Black voters for purposes of this case?

13 MS. VALL-LLOBERA: Objection; speculation.

14 A. I don't know how they identified themselves.

15 Q. (BY MR. RUSSO) Okay. But you would agree that  
16 earlier we discussed how you would define Latinos and  
17 one of the issues was they spoke Spanish, generally.  
18 Correct?

19 MS. VALL-LLOBERA: Objection; misstates  
20 prior testimony.

21 Q. (BY MR. RUSSO) Is that true?

22 A. I said that was one factor, yes.

23 Q. Is it your belief -- and let me ask you this  
24 from the LULAC point of view first. Is it your belief  
25 that White Galveston County voters vote generally for

1 the same candidates?

2 MS. VALL-LLOBERA: Objection; calls for  
3 speculation.

4 A. That's the power of the incumbency. You see  
5 the same people in office so, yes.

6 Q. (BY MR. RUSSO) And is your -- I mean, I guess  
7 your personal view is the same as individual plaintiff?  
8 You would agree that you believe White Galveston County  
9 voters vote for the same -- same candidates?

10 MS. VALL-LLOBERA: Objection; calls for  
11 speculation.

12 A. Once again, they support the incumbent who  
13 happens to be Anglo.

14 Q. (BY MR. RUSSO) Okay. So you're -- does my  
15 question necessarily assume that there was an incumbent  
16 in place that was also White or Anglo decent? Or is  
17 your answer assuming that?

18 MS. VALL-LLOBERA: Objection to form.

19 A. Yeah, I'm saying -- do they support? I said  
20 they support the incumbents, which are Anglo.

21 Q. (BY MR. RUSSO) An incumbent, you mean somebody  
22 who has already had the seat over time?

23 A. Yes.

24 Q. And your view is -- to make sure that you're  
25 answering the question I think you're answering -- is --

1 A. Mm-hmm.

2 Q. -- that White voters tend to vote for  
3 incumbents?

4 MS. VALL-LLOBERA: Objection; misstates  
5 prior testimony.

6 A. I believe so. The records show -- yeah, I  
7 believe so. Yes.

8 Q. (BY MR. RUSSO) Okay. What about in situations  
9 where -- I don't know. Let's take your situation where  
10 you had a seat open, in that instance, is it your view  
11 that White voters generally vote for the same candidates  
12 amongst the voting population?

13 MS. VALL-LLOBERA: Objection; calls for  
14 speculation.

15 A. My race was a very interesting race. The west  
16 side of La Marque and then part of, at that time, old La  
17 Marque -- I call it old La Marque. Let's call it La  
18 Marque classic versus modern La Marque. And the -- the  
19 dynamics of the race were such that myself and  
20 Ms. Divine were, in fact, old family friends.

21 Ms. Divine and my younger brother, who has  
22 since died, were dear friends. And as a matter of fact,  
23 I think they were both trainers with -- somehow -- with  
24 the football team, as I was told the story. And then  
25 she's also good friends with another cousin of mine.

1                   So when -- unbeknownst to me -- I didn't  
2 know she was running. She's classic La Marque; I'm more  
3 west side La Marque.

4                   And after we both -- and, once again, there  
5 were three candidates -- right? -- in it. There was an  
6 African American, myself and -- half the time they don't  
7 know what I am -- I don't have a, quote, Spanish  
8 surname -- and then Ms. Divine.

9                   Ms. Divine and I -- Ms. Divine on the first  
10 time had the most votes; I came in second. Mind you  
11 this was a November race. Okay? November, greater  
12 number of people voting, not like a May race -- greater  
13 number of people voting.

14                   Ultimately, Ms. Divine and I met and said  
15 we did not want this -- our race to -- to divide our  
16 community any further in any way -- in any way. Right?  
17 In any way. We're -- we know each other; we know each  
18 other's families and stuff.

19                   And Ms. Divine decided to withdraw from the  
20 race and so I became the -- the --

21                   Q. You won by default?

22                   A. I won by default, exactly.

23                   MS. VALL-LLOBERA: Objection;  
24 mischaracterizes.

25                   Q. (BY MR. RUSSO) Was Ms. Divine, did she

1 identify as Anglo?

2 A. Yes.

3 Q. She's a White candidate?

4 A. Yes.

5 Q. And then there was a Black candidate also?

6 A. Yes.

7 Q. And we talked earlier, you know -- and you  
8 don't remember his name at this point, do you?

9 A. I don't -- it was a her. It was a she.

10 Q. She.

11 A. I don't -- I can't think of her name right now.  
12 Sorry.

13 Q. Okay. And so the initial election between the  
14 three of you, as you recall, Ms. Divine got the most  
15 votes in La Marque?

16 A. Right.

17 Q. And then were you second?

18 A. Yes, sir.

19 Q. And then the third candidate got the third  
20 place, and I guess he was, by virtue of that vote, was  
21 out of the race at that point?

22 A. Correct.

23 Q. And the two of you met together. For the sake  
24 of the community, she withdrew her candidacy, and you  
25 became mayor. True?

1 A. Yes, sir.

2 Q. Interesting. Did -- do you believe that the  
3 district in which you ran in for your seat -- and I'm  
4 calling it a district. It may not be a district.

5 A. Yeah, it's a district. Yes, sir.

6 Q. What's the demographics of that district? Do  
7 you have any idea?

8 MS. VALL-LLOBERA: Objection; calls for  
9 speculation.

10 Q. (BY MR. RUSSO) If you know?

11 A. Yes, sir. At that time it was the single  
12 district in the city -- and we had four -- that had the  
13 highest number of Anglos and then followed by Latinos  
14 and then African Americans.

15 Q. Did it have the highest percentage were  
16 Latino -- were Anglo citizens the highest percentage of  
17 residents in that district?

18 MS. VALL-LLOBERA: Objection; calls for  
19 speculation.

20 Q. (BY MR. RUSSO) To your knowledge.

21 A. Of -- yes, sir.

22 Q. And then next is --

23 A. Latinos.

24 Q. -- Latinos, and then third is the Black  
25 population?

1 A. That's right.

2 Q. All right. Has that changed now?

3 A. Yes.

4 Q. Why did it change?

5 A. Well, we undertook redistricting. And

6 District B was the largest district in the city and --

7 by almost -- well, most of our growth occurred in my

8 district, like, I want to say 5,000 because 3,000 people

9 participated in the November race -- voters. But in

10 terms of population, I think we're about 5,000 over, so

11 we had to split that.

12 So, ultimately, what happened with the new

13 line is District B is predominantly just the west side

14 of La Marque now. It's no more the -- I call it the La

15 Marque classic side or the original settlement of La

16 Marque.

17 Q. Well, just to clarify, District B was your

18 district?

19 A. Yes, sir.

20 Q. And it -- was it District B at the time you

21 ran? Same name?

22 A. District B, correct. Same name.

23 Q. All right.

24 A. But different geographic area.

25 Q. Understood. And did the population growth

1 require the change in the precinct -- or the district?

2 A. Yes, sir.

3 MS. VALL-LLOBERA: Objection; calls for  
4 speculation.

5 Q. (BY MR. RUSSO) Yes?

6 A. Yes, sir. We were off.

7 Q. Do you know, what -- was there -- do you  
8 have -- do you know what group, racial group, created  
9 the most growth in that district, District B?

10 MS. VALL-LLOBERA: Objection; calls for  
11 speculation.

12 Q. (BY MR. RUSSO) If you know.

13 A. It was both Anglos and Latinos in that area.

14 Q. Okay. Did you get any pushback for  
15 redistricting and that effort from the citizens of La  
16 Marque?

17 A. Yeah. People were pissed that they were losing  
18 me as their -- I'm sorry, pissed.

19 Q. That's okay.

20 A. They were perturbed -- perturbed. I should  
21 remember my foreign service. They were perturbed that  
22 they were losing me as their council person.

23 Q. And they liked you and the job you were doing,  
24 presumably?

25 A. At least that's what they were telling me in my

1 face. God knows what they...

2 Q. Okay.

3 A. I guess I'll find out this time around.

4 Q. Well, let's talk about the Latino voters. Do  
5 you think that they typically vote for the same  
6 candidate?

7 MS. VALL-LLOBERA: Objection; calls for  
8 speculation.

9 Q. (BY MR. RUSSO) In Galveston County.

10 MS. VALL-LLOBERA: Is this LULAC or his  
11 individual?

12 Q. (BY MR. RUSSO) As a LULAC representative, is  
13 it your view that Latino voters typically vote for the  
14 same candidate?

15 A. Once again, we tend to coalesce around a  
16 candidate that's supportive of our issues -- you know,  
17 of our issues, period.

18 Q. And just in general terms, are those issues  
19 that you mentioned -- is there any -- anything we could  
20 glean -- well, let me ask it this way: Do you know --  
21 or do you feel that -- that the Latino population votes  
22 more for Democrats or Republicans?

23 MS. VALL-LLOBERA: Objection; calls for  
24 speculation. Objection; asked and answered.

25 A. Yeah. Didn't we have this conversation?

1 Q. (BY MR. RUSSO) We might have.

2 A. Yeah, earlier. I don't -- I don't -- I don't  
3 know. I don't ask people the way -- ask them the way to  
4 vote.

5 Q. All right. The view is -- what type of  
6 candidate do you believe the Latino population voters  
7 would prefer?

8 MS. VALL-LLOBERA: To clarify, is this in  
9 his individual capacity or as LULAC?

10 MR. RUSSO: As LULAC.

11 MS. VALL-LLOBERA: Objection; calls for  
12 speculation.

13 A. We don't get involved in endorsements at all,  
14 so I couldn't -- I couldn't speak to that.

15 Q. (BY MR. RUSSO) Okay. As an individual, do you  
16 have a view then -- who do you believe -- what kind --  
17 type of candidate do you think the Latino population  
18 prefers?

19 MS. VALL-LLOBERA: Objection; calls for  
20 speculation.

21 A. I really have -- I can't believe -- I can't  
22 begin to describe what I -- I don't know. I don't know.

23 Q. (BY MR. RUSSO) Would that --

24 A. It's relations. Right? It's relations.

25 Q. Do you think that would be -- sorry. Go ahead.

1 Finish.

2 A. That's why I'm saying it's relational. How do  
3 you feel about? What are they saying? You know, I --  
4 that's all I...

5 Q. Do you think they'd be in favor of a candidate  
6 that would send funds down to the border --

7 MS. VALL-LLOBERA: Objection.

8 Q. (BY MR. RUSSO) -- for border relief?

9 MS. VALL-LLOBERA: Objection; calls for  
10 speculation.

11 Q. (BY MR. RUSSO) -- in Galveston County?

12 MS. VALL-LLOBERA: Excuse me.

13 Objection; calls for speculation, and it's  
14 an incomplete hypothetical.

15 A. Officially, as LULAC, that's not -- that's not  
16 part of, you know, our position. And we let people know  
17 that this person is not supportive of our issues.

18 Q. (BY MR. RUSSO) So LULAC's position is that you  
19 wouldn't be in favor of a candidate that favored that?

20 A. We don't say that. It's not a question of --  
21 we don't tell anybody to be in favor or against any  
22 candidate. We're just making them aware that the  
23 candidate does not support or is supportive of a  
24 particular LULAC position.

25 Q. What is LULAC's -- so does LULAC have a

1 position statement on particular issues that I can find  
2 on the web someplace?

3 A. If you go to the national LULAC site, you'll  
4 probably find some information there.

5 Q. And is it --

6 A. Resources, things of that nature.

7 Q. And is it your view that Latino voters in  
8 Galveston County are, you know, are generally going to  
9 go along with the issues that LULAC thinks are important  
10 to them?

11 MS. VALL-LLOBERA: Objection; speculation.

12 A. I think we start -- you know, we start talking.  
13 You know, just assuming that you were a candidate of  
14 Mr. Russo, and you were supportive of X, Y, and Z that  
15 happen to be something that was consistent with our --  
16 with our -- with our -- friendly to the issues of  
17 concern to us, then, you know, at my next, whatever,  
18 cafe -- coffee Sunday or coffee club meeting, whatever,  
19 hey, you know -- I'd say to someone at the Taco House --  
20 it used to be the Taco House -- I don't know what it is  
21 now, but at the Abuela's -- Abuelita's, say, hey, Joe  
22 Russo is a good guy. You know, he's got our back.  
23 That's kind of -- so we just go from there.

24 Q. (BY MR. RUSSO) But would you --

25 A. But it's not -- there's nothing formal.

1 Q. Yeah. Would you expect, though, that, as it  
2 would be your testimony, that Latino Americans in  
3 Galveston County would vote consistent with the sort of  
4 positions that LULAC takes and its position statement?

5 MS. VALL-LLOBERA: Objection; calls for  
6 speculation.

7 A. Like I said, I repeat, we let people know these  
8 are our issues, and it's almost a report card. Here's  
9 where people stand on these issues. You make up your  
10 own mind.

11 Q. (BY MR. RUSSO) Is it your belief that African  
12 American and Latino voters have the same concerns that  
13 should be -- that can be voiced or should be voiced to  
14 the Galveston County Commissioners Court?

15 MS. VALL-LLOBERA: Objection; calls for  
16 speculation.

17 A. Are you asking me individually or?

18 Q. (BY MR. RUSSO) As LULAC representative.

19 A. LULAC. Yeah. We share -- we've shared -- we  
20 share concerns and issues.

21 Q. Are there any -- any -- is there any sense of  
22 divergence where the issues part, where the two groups  
23 have different concerns?

24 MS. VALL-LLOBERA: Objection; vague.

25 A. I'm not aware of any. I'm not aware of any

1 right now, no.

2 Q. (BY MR. RUSSO) All right. What types of  
3 issues faced by both Blacks and Latinos exist which  
4 should be -- what you feel should be addressed with the  
5 commissioners court?

6 A. Well, we continue to push for collectively in  
7 terms of our different collaborations to once again  
8 return the -- the qualifying level for the medically  
9 indigent program here in the county to 100 percent of  
10 the federal poverty level. That's one area. We both  
11 collectively push for increased funding for the social  
12 services department of Galveston County.

13 We have -- I think this one we've been  
14 successful -- I think it's because of the director of  
15 the health authority here who's a professor at UTMB --  
16 been very successful in asking for additional outreach  
17 in different events by the county health authority, and  
18 that's been successful.

19 What else? I think all of us, too -- I say  
20 all of us, maybe that includes even -- even -- even  
21 Anglos, but we appreciate the fact that the County has  
22 attempted to -- to toe the line in terms of property tax  
23 increases and -- and so those are the ones that come to  
24 mind right now.

25 Q. And you're saying that the County has not

1 raised taxes is a good thing?

2 A. Yes. Is a good thing, yes.

3 Q. And that's -- you think the view is consistent  
4 amongst the Latino and African American community?

5 MS. VALL-LLOBERA: Objection; calls for  
6 speculation.

7 A. I believe we're on the same page on that.

8 Q. (BY MR. RUSSO) What -- what needs that the  
9 Latino community has that you believe are different than  
10 the Anglo community for purposes of, you know,  
11 county/government -- county -- that the county can help  
12 with?

13 MS. VALL-LLOBERA: Objection; calls for  
14 speculation.

15 A. Well, first and foremost, it comes to mind now  
16 that we've kind of eliminated an ability to perhaps  
17 impact electing individuals of similar background as  
18 ourselves in this new precinct -- but what immediately  
19 comes to mind is take a look at all the appointed  
20 positions by commissioners court, and you'll see very,  
21 very few Latinos on those appointed.

22 There is no Latino on the new United Board  
23 of Health, just because we were successful in saying and  
24 articulating a position that -- that at least one person  
25 would be, does not mean that we can't have more than

1 | one. Right?

2 | And then there are other appointments by  
3 | the commissioners court and the county judge to some of  
4 | the subject committees of the Houston-Galveston Area  
5 | Council of governments, such as those that deal with  
6 | senior services and the disabled, that -- that area --  
7 | those areas have traditionally not been appointments to  
8 | either Latinos or African Americans.

9 | So I think that that's an urgent need, that  
10 | we would all love to see that dynamic change.

11 | Q. (BY MR. RUSSO) And are you aware of any  
12 | situations where the, you know, elected Galveston County  
13 | officials have been unresponsive to the needs of  
14 | Latin -- of Latino Americans in Galveston County?

15 | MS. VALL-LLOBERA: To clarify, his  
16 | individual capacity or LULAC?

17 | MR. RUSSO: As LULAC.

18 | A. Try to get the -- say, within -- say, from  
19 | Hurricane Ike or from what point on?

20 | Q. (BY MR. RUSSO) 2010 forward.

21 | A. 2010. When was Harvey? 2011. Right?

22 | Q. '17?

23 | A. '17. Harvey was '17? '-8 was -- was Ike.

24 | Yeah.

25 | There was, I want to say, more with Harvey

1 | than -- on some of the -- Harvey was a federally  
2 | declared disaster, and there was an issue with regard to  
3 | where was the recovery focus going to occur. And the  
4 | feds sent down to the council of governments, HGAC, the  
5 | Harvey disaster mitigation dollars and that -- that --  
6 | that plan to divvy up those dollars was opposed by both  
7 | LULAC and, to some extent, NAACP, but Houston's our  
8 | 300-pound gorilla in the area, and so sometimes those  
9 | lines get a little fuzzy there.

10 | But the division plan ultimately did not  
11 | favor smaller communities like La Marque, like  
12 | Hitchcock, like Santa Fe. It was -- the majority of the  
13 | money went to Friendswood, League City, Dickinson.

14 | Why? For what reason? They used damage  
15 | estimates from those areas, and our value -- home values  
16 | are very different. Average home price in League City,  
17 | \$350,000. Average home price in La Marque, \$128,000.

18 | So La Marque, which has a -- we feel a  
19 | greater need, greater damage amount, certainly  
20 | property -- number of properties.

21 | Q. Mm-hmm.

22 | A. -- we only -- we ended up with a lesser amount  
23 | of dollars. So that was an issue that we found -- we  
24 | didn't find any support from the County.

25 | Q. So it was a feeling that the County was

1 unresponsive to the needs of La Marque in particular?

2 A. Well, to smaller communities with not as high  
3 as the value of property.

4 Q. Included in that, I think, you mentioned Santa  
5 Fe as well?

6 A. Yes, sir.

7 Q. Do you think that that situation was based on  
8 race or racial analysis by the County?

9 A. It -- I don't -- honestly, I don't know how to  
10 answer that question. Whether they recognized it or  
11 not, when you did the calculations and when all is said  
12 and done, hey, folks, by the way, this adversely impacts  
13 our Black and Brown communities, no one said, wow,  
14 that's interesting.

15 Q. Yeah. But my question was: Do you have a  
16 reason to believe that the decision was made based upon  
17 the racial makeup of the particular area being served?

18 A. I don't know. I don't --

19 MS. VALL-LLOBERA: Objection; speculation.

20 THE WITNESS: Sorry.

21 Q. (BY MR. RUSSO) Yeah. Based on your own  
22 knowledge.

23 A. I don't know.

24 Q. Do you have any reason to believe that?

25 A. I don't know.

1 Q. You don't know if you have a reason to believe  
2 it?

3 A. I have no bases for forming any -- you know,  
4 giving you any comment there.

5 Q. Okay. Let me go back in time a little bit. Do  
6 you recall dealing with the Jack Johnson statute -- or  
7 actually the wood carving that was in Galveston. It's  
8 still there actually but down at the Oaks?

9 A. It was originally -- it was originally at the  
10 Old Central, and it was moved ultimately to the Oaks, as  
11 I recall.

12 Q. Do you remember dealing with that --

13 A. On -- on the --

14 Q. -- situation with individuals at the Oaks --

15 MS. VALL-LLOBERA: To clarify --

16 Q. (BY MR. RUSSO) -- that they wanted to get rid  
17 of the statute or move it or?

18 MS. VALL-LLOBERA: To clarify, are you  
19 asking on behalf of LULAC or his individual capacity?

20 MR. RUSSO: I guess -- I guess it's  
21 individual capacity. I don't know if LULAC would have  
22 any knowledge of it but...

23 A. On the periphery it's part of the Galveston  
24 County collaborating organizations, Gulf Coast  
25 Interfaith and then -- I also -- oh, I forgot -- like I

1 said, I'm a joiner. I was also part of the Galveston  
2 Leon Phillips group. The -- that was the social.  
3 Galveston County -- I forgot their name -- it's  
4 terrible -- Coalition for Social Justice.

5 Q. (BY MR. RUSSO) Do you recall a situation where  
6 Galveston housing authority was considering getting --  
7 moving the statute -- statue?

8 A. I recall -- I don't recall all the details,  
9 Mr. Russo. I have to be up front with you. I don't  
10 recall.

11 Q. All right.

12 MR. RUSSO: Mark that.

13 (Exhibit Nos. 6 and 7 were marked.)

14 THE WITNESS: Thank you.

15 MR. RUSSO: Mm-hmm.

16 Q. (BY MR. RUSSO) So Exhibit 6 --

17 Sorry. Ready?

18 THE REPORTER: Mm-hmm.

19 Q. (BY MR. RUSSO) Exhibit 6 was -- is a copy of a  
20 Gulf Coast Interfaith weekend review from July of 2011?

21 A. Yes, sir.

22 Q. Do you recall seeing it before today?

23 A. Yes.

24 Q. And Exhibit 7 is an e-mail from you to several  
25 individuals, and maybe you can tell me who those people

1 are in terms of a group? Is that a Gulf Coast group, or  
2 is that a coalition, do you know?

3 A. These are members of our -- both Gulf Coast  
4 Interfaith and different collaborating groups,  
5 leadership of those groups, and some of them were  
6 nonprofit groups.

7 Q. Okay. And looking through the e-mail -- again,  
8 look over it as much as you want. I'm going to ask  
9 you -- to read through the second to last paragraph on  
10 the first page that starts "I think everyone needs to  
11 know."

12 A. (Witness perusing document.) Okay.

13 Q. And that -- the last sentence in that paragraph  
14 states, "I believe that unwittingly the association has  
15 become part of Mr. Stankowski's [sic] campaign against  
16 poor people"?

17 A. Mm-hmm.

18 Q. "And people of different racial and ethnic  
19 backgrounds." Do you see that?

20 A. Yes, sir.

21 I'm just going to stand up.

22 Q. We can wait.

23 A. No, no. I'm fine. We need to keep going. I'm  
24 just going to stand up a little bit.

25 Q. All right. But we can wait.

1 A. I think I'm still in your camera there.

2 MS. VALL-LLOBERA: I can adjust it.

3 THE WITNESS: Go ahead.

4 MS. VALL-LLOBERA: So you can stand up  
5 straight, Mr. Compian.

6 THE WITNESS: Oh, okay. Great. Thank you.

7 MS. VALL-LLOBERA: If you want, I can  
8 adjust the camera.

9 THE VIDEOGRAPHER: You're fine.

10 A. All right, Mr. Russo.

11 Q. (BY MR. RUSSO) Who is Mr. Stankowski?

12 A. Oh, Lord.

13 Q. Good friend of yours?

14 A. At times I thought we were friends. First of  
15 all, I don't know where he's at, if he still lives on  
16 the island or anything; so...

17 Q. Okay.

18 A. I don't know. But Mr. Stanowski, I think is  
19 how he is -- how he pronounced it.

20 Q. Stanowski.

21 A. Mr. Stanowski was an adamant opponent of any  
22 public housing being built/rebuilt here on Galveston  
23 Island after Hurricane Ike.

24 Q. Okay.

25 A. And opposed all efforts --

1 Q. All right.

2 A. -- in that regard.

3 Q. And based upon your correspondence here, it's  
4 your belief that he launched or had a campaign against  
5 poor people and people of different racial and ethnic  
6 backgrounds. Agreed?

7 A. He didn't believe it, but -- but, you know, if  
8 it quacks like a duck and looks like a duck, it is a  
9 duck.

10 Q. That was the conclusion you reached. Right?

11 A. That's -- unfortunately.

12 Q. And then the next sentence down, it says, "I  
13 have to wonder if that statue" -- statute, but I think  
14 you referred to statue --

15 A. Yes, sir.

16 Q. -- "was of Jesus Christ, would the association  
17 want it removed." Do you see that?

18 A. Yes, sir.

19 Q. And so the crux of the e-mail is letting the  
20 Interfaith group know -- or the coalition group know  
21 this guy may be making a push to remove the Jack Johnson  
22 statue. Correct?

23 MS. VALL-LLOBERA: Objection to form.

24 Q. (BY MR. RUSSO) Is that right?

25 A. Yes, sir.

1 Q. And the question you were asking is do we want  
2 to get ready for the meeting so you can then show up at  
3 GHA, Galveston Housing Authority, and let them know our  
4 feelings on it?

5 A. Yes, sir.

6 Q. And particularly the -- you had a belief that  
7 Mr. Stanowski, his view was that he wanted to remove the  
8 statue because of racial issues?

9 MS. VALL-LLOBERA: Objection to form.

10 A. Yes, sir.

11 Q. (BY MR. RUSSO) And I think the point in the  
12 last sentence you were making is if the statue was  
13 Jesus, we wouldn't be having this conversation. Right?

14 A. Yes, sir.

15 Q. All right. And if we go back -- do you know  
16 what happened as a result of this? Did y'all show up at  
17 the meeting?

18 A. I was just trying to think of that as you're  
19 asking me. I don't recall, Mr. Russo. I do recall that  
20 statue is there, at the Oaks still.

21 Q. All right. And so by virtue of it still being  
22 there, I think the GHA did not remove the statue. Is  
23 that correct?

24 A. Well, yes, sir. It's still there.

25 Q. I'm looking back at the copy on Exhibit 6.

1 A. Oh, 6. Okay.

2 Q. That's the Interfaith weekend review from  
3 July --

4 A. Yes, sir.

5 Q. -- of 2011. And I want to just refer you to  
6 the page that has a Bates number and here's -- the Bates  
7 number is down here on this little section.

8 A. Okay.

9 Q. That's Bates number -- the last three digits  
10 are 877.

11 A. Okay.

12 Q. Are you there?

13 A. Yes.

14 Q. All right. And so in the second paragraph in  
15 that -- on that page, it starts after an informal  
16 door-to-door survey. Do you see that?

17 A. Yes, sir.

18 Q. And the Galveston Housing Authority, Paul  
19 Neff --

20 A. Neff, yeah.

21 Q. -- and James Dennis found that only 2 of 16  
22 people they talked to opposed the placement of the  
23 statue?

24 A. Yes, sir.

25 Q. Right? And then the next sentence is, "While

1 this may not be a racially motivated action, it could be  
2 perceived that way by communities of interest." Do you  
3 see that?

4 A. Yes, sir.

5 Q. "And so in order to avoid" -- it goes on, "In  
6 order to avoid this perception of racism when no urgent  
7 or compelling reason exists to remove the Jack Johnson  
8 statue, GCI joined with other community groups in  
9 opposing the removal."

10 A. Yes, sir.

11 Q. Yes? Now -- so is it true then that the view  
12 of your original e-mail was that the removal of the  
13 statue was racially motivated?

14 MS. VALL-LLOBERA: Objection;  
15 mischaracterizes.

16 A. My view was Mr. Stanowski was trying to make it  
17 appear to be, you know, a racial...

18 Q. (BY MR. RUSSO) You thought that his  
19 involvement, and because you knew the man, it was a  
20 racially motivated move on his part?

21 A. Yeah. Looking for -- yes.

22 Q. Correct? Then in the statement under the Gulf  
23 Coast Interfaith printout is that while it may not be a  
24 racially motivated action, it could be perceived that  
25 way by communities of interest. Do you see that?

1 A. Yes, sir.

2 Q. And so is it -- is it -- is that a common  
3 occurrence, that individual -- situations that may not  
4 be racially motivated might appear that way to the  
5 communities of interest?

6 MS. VALL-LLOBERA: Objection; calls for  
7 speculation.

8 Q. (BY MR. RUSSO) You can answer.

9 A. Yes, sir.

10 Q. That happens. Correct?

11 A. It can, yes.

12 Q. Yeah. And that is one that Gulf Coast  
13 Interfaith pointed out can happen in this particular  
14 instance in July of 2011. Right?

15 MS. VALL-LLOBERA: Objection;  
16 mischaracterizes.

17 Q. (BY MR. RUSSO) True?

18 A. Yes, sir.

19 Q. Okay. I want to ask you one more thing about  
20 this printout if -- the Bates number page is 873.

21 There's a picture.

22 A. Okay.

23 Q. See it?

24 A. Yes.

25 Q. And it states -- what I'm interested in, the

1 second sentence in that paragraph, it states, "GCI now  
2 has available a redistricting software that has reduced  
3 costs and enables GCI to analyze redistricting."

4 A. Yes, sir.

5 Q. Do you see that?

6 A. Yes, sir.

7 Q. So where did y'all get the software, if you  
8 recall?

9 A. At this time one of our members, and mind you  
10 we're all volunteers -- correct? -- was a former state  
11 demographer who was a professor at the University of  
12 Texas Medical Branch here -- and my mind just went  
13 blank. Once again, I'm tired. I need to take that  
14 brain stuff. What was -- it was a state demographer.  
15 Was it Steve? No, not Steve McIntyre. It will come to  
16 me here in a moment, Mr. Russo, if you just proceed  
17 forward. But he's the one that had the software. He's  
18 the one that had the software.

19 Q. Okay. Was he the one that had it in his  
20 possession and used it at his computer?

21 A. It took a lot of memory and all this other  
22 stuff.

23 Q. Do you-all still have access to that today?

24 A. No. He -- he's no longer -- I don't even think  
25 he's still alive but, no.

1 Q. All right. Are you aware whether or not  
2 you-all used this software back in 2011 to analyze the  
3 County's efforts back in 2011?

4 A. Yeah. We did that.

5 Q. You did?

6 A. Or he did. He did. And the City of Galveston.

7 Q. All right.

8 A. And the school district.

9 MS. VALL-LLOBERA: And we've been going on  
10 for a while if there's a logical place in your  
11 questioning to take a break.

12 MR. RUSSO: Yeah. That's fine. We can  
13 take a break.

14 THE VIDEOGRAPHER: Going off the  
15 record, 4:13.

16 (Recess taken.)

17 THE VIDEOGRAPHER: Back on the  
18 record, 4:21.

19 (Exhibit Nos. 8 and 9 were marked.)

20 MR. RUSSO: Okay. The court reporter has  
21 marked what I -- is Exhibit 7.

22 THE REPORTER: 8 and 9.

23 MR. RUSSO: 8 and 9.

24 Q. (BY MR. RUSSO) All right. Exhibit 8 is an  
25 article in Galveston Daily News dated March 22nd, 2011.

1 Do you see that?

2 A. Yes, sir.

3 Q. And it relates to the prior Commissioners Court  
4 challenge in 2011 and 2012 by the Department of Justice.  
5 Is that correct?

6 A. Yes, sir.

7 Q. Do you recall that challenge to the  
8 Commissioners Court action related to the County  
9 redrawing of precincts back then?

10 A. Yes, sir.

11 Q. And you were involved in that?

12 A. Yes, sir.

13 Q. Were you a plaintiff in that case?

14 MS. VALL-LLOBERA: To clarify, in his  
15 individual capacity or as LULAC?

16 MR. RUSSO: That's a good point.

17 Q. (BY MR. RUSSO) As an individual, were you  
18 involved in it?

19 MS. VALL-LLOBERA: Objection; vague.

20 Q. (BY MR. RUSSO) As a plaintiff -- as a  
21 particular plaintiff?

22 A. Not as an individual plaintiff, no.

23 Q. Okay. All right. Are you aware whether LULAC  
24 was involved in that prior action?

25 A. I'm not aware that we were.

1 Q. Okay. Are you aware whether a lawsuit was  
2 actually filed in that case?

3 A. That's -- I'm thinking -- I don't recall a  
4 lawsuit.

5 Q. All right. Nevertheless, the article is  
6 discussing a -- what I think -- and I don't want to  
7 misstate anything -- a potentially -- a potential map  
8 revision to resolve differences between the Galveston  
9 County Commissioners Court and the Department of Justice  
10 in or about March of 2011 -- '12. Do you remember that?

11 A. Yes, sir, I do.

12 Q. Okay. And on Page 2 of the article, there is a  
13 quote from you. It states, "We are disappointed that  
14 the proposed settlement map information posted on the  
15 County's website is not citizen friendly." Do you see  
16 that?

17 A. Yes, sir.

18 Q. What did you mean by that?

19 A. Citizen friendly in the context of the clean  
20 lines. That's what we're following, roadways, and  
21 that's primarily -- making it easy, not splitting voting  
22 precincts, following major thoroughfares.

23 Q. And you go on to say, "The map boundaries are  
24 difficult to determine, and the demographic chart almost  
25 requires a mapping degree to understand the significance

1 of the numbers." Do you still stand by that statement  
2 today?

3 A. Yes, sir.

4 Q. To review, the clean lines plan that you  
5 submitted to the Department of Justice was a better plan  
6 for the County to implement. Would you agree?

7 A. We believe so, yes, sir.

8 Q. And, again, clean lines being that -- to help  
9 citizens understand what precinct they're in. Agreed?

10 MS. VALL-LLOBERA: Objection;  
11 mischaracterizes.

12 A. That's one factor.

13 Q. (BY MR. RUSSO) Would you agree that the way  
14 that -- that the citizens of Galveston, the city of  
15 Galveston --

16 A. Mm-hmm.

17 Q. -- now that the map is drawn the way that it's  
18 drawn and adopted the way that it's adopted, have a  
19 better awareness of what precinct they're in?

20 MS. VALL-LLOBERA: Objection; calls for  
21 speculation.

22 A. I wouldn't know what -- I don't -- I don't  
23 know.

24 Q. (BY MR. RUSSO) Well, it's -- do you agree with  
25 me that if you live on Galveston Island at this point

1 you know you're in Precinct 2. Correct?

2 MS. VALL-LLOBERA: Objection; calls for  
3 speculation.

4 A. Based upon going to look at the map, yeah.

5 Q. (BY MR. RUSSO) No doubt about it?

6 A. Right. Mm-hmm.

7 Q. Whereas the prior map, you'd have to examine it  
8 to know if you're in Precinct 3, or even 1. Correct?

9 A. There were several precincts, yes, sir.

10 Q. So in that respect, at least in terms of  
11 Galveston Island, the current map that was adopted by  
12 the Commissioners Court in November of '21 is actually  
13 cleaner than the old map for citizens of Galveston. Do  
14 you agree?

15 A. I didn't quite -- I'm sorry. I didn't get your  
16 question.

17 Q. Well, from the perspective that individuals who  
18 live on Galveston Island they don't have to ask  
19 questions about what precinct they're in anymore. They  
20 know. Right?

21 MS. VALL-LLOBERA: Objection; calls for  
22 speculation.

23 A. Yeah. They know they're -- yes.

24 Q. (BY MR. RUSSO) And once you cross the causeway  
25 or come over on the ferry, you're in Precinct 2.

1 Correct?

2 A. Once you cross the ferry. Okay.

3 Q. From that perspective, it's easier for a  
4 citizen of Galveston, city of Galveston to know what  
5 precinct they're in based on the new map?

6 A. Okay.

7 Q. True?

8 MS. VALL-LLOBERA: Objection; calls for  
9 speculation. Objection; asked and answered.

10 A. Yeah. Just look at lines; here it is.

11 Q. (BY MR. RUSSO) But there's not -- you don't  
12 have to look at lines in Galveston anymore, do you?

13 MS. VALL-LLOBERA: Objection; calls for  
14 speculation.

15 A. I'd have to look at the map in front of me  
16 to...

17 Q. (BY MR. RUSSO) Okay. But is it your -- what's  
18 your understanding of what precinct covers Galveston  
19 Island?

20 A. Right now I'm kind of -- it's a single  
21 precinct. I couldn't tell the number right now,  
22 Mr. Russo. I'm -- I'm just --

23 Q. Yeah. I'm not interested in which precinct it,  
24 although I'll tell you it's Precinct 2.

25 A. Okay.

1 Q. But are you -- is it your understanding that  
2 there's one precinct for the entire island?

3 A. I believe that's correct.

4 Q. Okay. Again, so in terms of which is cleaner,  
5 which is a cleaner plan for the citizens of Galveston,  
6 the current adopted map is cleaner for them, wouldn't  
7 you agree?

8 MS. VALL-LLOBERA: Objection; vague.

9 A. I would disagree. Not from the perspective of,  
10 once again, representation.

11 Q. (BY MR. RUSSO) Well, in terms of your  
12 discussion with the Department of Justice and comparing  
13 what you were telling the Department of Justice was  
14 important in terms of a clean-lines plan back in 2012,  
15 which was geographically drawn lines based upon certain  
16 land marks. Agreed?

17 MS. VALL-LLOBERA: Objection; misstates  
18 prior testimony.

19 A. I'm focusing on this statement here: The  
20 clean-lines plan was not only the simple boundaries, but  
21 they were also -- it was also developed recognizing the  
22 demographics so that we maintained and we did not dilute  
23 voting rights of our Black and Brown population.

24 Q. (BY MR. RUSSO) Right. And then the quote that  
25 is in the paper from you, what you stated was the map

1 boundaries are difficult to determine, and the  
2 demographic chart almost requires a mapping degree.  
3 Right?

4 A. Yeah. And -- yes, sir.

5 Q. Does that relate to a geographic issue,  
6 citizens understanding where -- what precinct they're in  
7 by virtue of geography?

8 MS. VALL-LLOBERA: Objection;  
9 mischaracterizes. And objection; asked and answered.

10 A. I want to say to the best of my recollection,  
11 the issue was more challenging on the mainland, on the  
12 lines that were there, still splitting precincts in half  
13 and those issues. But more importantly, once again,  
14 the -- diluting the -- the voting power of our -- of our  
15 Black and Brown population.

16 Q. (BY MR. RUSSO) And you are advocating, in this  
17 article, that the settlement map that was being  
18 considered by the Department of Justice -- and actually  
19 was adopted or allowed by the Department of Justice --  
20 wasn't fair. Would you agree?

21 MS. VALL-LLOBERA: Objection;  
22 mischaracterizes.

23 A. Which one are you referring to? This one  
24 that's -- our clean-lines plan or?

25 Q. (BY MR. RUSSO) Right now -- yeah. I'm just

1 looking at the article.

2 Was it your belief that the -- that the  
3 plan that was being submitted to the Department of  
4 Justice and was being considered for resolution between  
5 the Department of Justice and the Galveston County, was  
6 it your position that it was unfair to minorities?

7 MS. VALL-LLOBERA: Objection;  
8 mischaracterizes.

9 A. That was a factor.

10 Q. (BY MR. RUSSO) Your view was that that map was  
11 not fair to the minority community. Correct?

12 MS. VALL-LLOBERA: Objection; misstates  
13 prior testimony.

14 Q. (BY MR. RUSSO) Is that true?

15 A. I believe so.

16 Q. An, ultimately the Department of Justice in  
17 Galveston County resolved the case based upon that map.  
18 Correct?

19 A. That's where I'm not following you. Which map  
20 are you referring to?

21 Q. The map --

22 A. Our map? No.

23 Q. Ultimate --

24 A. That's where it says the alternative -- as it  
25 could have quite simply taken -- and amended consistent

1 with on an issue -- we are to avoid and adopt our clean  
2 lines map (reading to self).

3 So the alternative map was ultimately  
4 accepted by the Department of Justice. That's the map  
5 you're referring to?

6 Q. Correct.

7 A. Okay.

8 Q. And that's true. Right?

9 A. Yeah. That's --

10 MS. VALL-LLOBERA: Objection to form.  
11 Objection; confusing.

12 A. Yes, sir. That -- -

13 Q. (BY MR. RUSSO) Yes?

14 A. Yes.

15 Q. And that was the map, that map you thought, and  
16 you were telling the Department of Justice you thought  
17 that it did not reflect accurate representation of the  
18 minority community?

19 A. Correct.

20 Q. So look at Exhibit 9.

21 A. Okay.

22 Q. This is an e-mail from you to an individual  
23 named Lisa Berkower.

24 A. Lisa Berkower. Okay.

25 Q. And the subject line is Re: 2011-4317, and it

1 says, "Objection to proposed settlement of DOJ  
2 litigation section." Do you see that?

3 A. Mm-hmm. Yes, sir.

4 Q. Do you recall sending this -- preparing this  
5 e-mail?

6 A. Yes, sir.

7 Q. Okay. And what is it you're trying to convey  
8 to the Department of Justice in this e-mail?

9 A. Let me refresh my memory.

10 MS. VALL-LLOBERA: Counsel, do you have a  
11 clearer copy of this exhibit?

12 MR. RUSSO: You're talking about behind  
13 there?

14 MS. VALL-LLOBERA: Yeah, there's -- it's a  
15 long exhibit that he's going through with several images  
16 of maps and illegible charts.

17 MR. RUSSO: If there's something you  
18 need -- I don't think I have any backups -- that's  
19 produced by NAACP. But this came from USA.

20 MS. VALL-LLOBERA: This was not produced by  
21 NAACP.

22 MR. RUSSO: There's a copy from the NAACP.  
23 This is from US.

24 So if there's something in particular you  
25 want, I probably have a copy.

1 MS. VALL-LLOBERA: Just depends on what  
2 your questions are.

3 MR. RUSSO: That's exactly right.

4 A. (Witness perusing document.) Okay, Mr. Russo,  
5 once again, I think I kind of refreshed my memory here  
6 with this.

7 Q. (BY MR. RUSSO) Okay. Isn't this e-mail your  
8 objection to the Department of Justice and the Galveston  
9 County's potential settlement or resolution of the prior  
10 litigation?

11 A. Yes, sir.

12 Q. Okay. And your objection is -- well, let me  
13 just read from the e-mail. The second sentence here  
14 reads, "Based upon the remarks of the Galveston County  
15 attorneys" -- "the Galveston County's attorney  
16 attributed to the Department of Justice lawyers that the  
17 DOJ only asks about African American percentages, our  
18 Latino congregation and organizations are beginning to  
19 believe that the DOJ places a greater value on the  
20 voting rights of African Americans." Do you see that?

21 A. Yes, sir.

22 Q. So was it your concern that, based upon the  
23 settlement and the hearing related to the prior  
24 litigation, is it your brief that the Department of  
25 Justice had elevated the concerns and interests of the

1 African American community over those of the Latino  
2 community in Galveston County?

3 MS. VALL-LLOBERA: Objection;  
4 mischaracterization.

5 A. It was our belief that the considerations of  
6 the Department of Justice were inconsistent with the  
7 difference between the decade from 2000 to 2010 where  
8 our county added more than 41,000 individuals of  
9 whom 49 percent were Latino, 36 percent were  
10 non-Hispanic White, and the remainder 15 percent were  
11 African Americans or other minorities.

12 So the issue was the dilution -- the  
13 recognition -- the nonrecognition actually of the  
14 increased numbers of Latinos and their ability to impact  
15 and elect candidates of their choice.

16 Q. (BY MR. RUSSO) Yeah. And so your position was  
17 it appears from the settlement that the Department of  
18 Justice was, again, elevating the concerns or interests  
19 of the Black voters over those of Latinos voters. Would  
20 you agree?

21 A. No.

22 MS. VALL-LLOBERA: Objection; misstates  
23 prior testimony.

24 A. Yeah. I really don't know what the Department  
25 of Justice's ultimate reasoning was.

1 Q. (BY MR. RUSSO) I'm not asking what their  
2 reasoning was.

3 A. Mm-hmm.

4 Q. I'm asking what your -- what you're trying to  
5 convey here and what your belief was.

6 A. Well, I think it's self-explanatory. Yeah, you  
7 didn't take into consideration the greater the impact of  
8 the largest number of residents, new residents, in this  
9 county were Latinos.

10 Q. And instead the Department of Justice was only  
11 asking about the African American voters. Correct?

12 MS. VALL-LLOBERA: Objection;  
13 mischaracterizations.

14 Q. (BY MR. RUSSO) You can answer.

15 MS. VALL-LLOBERA: And misstates prior  
16 testimony.

17 Q. (BY MR. RUSSO) You can answer.

18 MS. VALL-LLOBERA: You can answer to the  
19 extent you understand the question.

20 A. Yeah, I mean -- once again, I don't -- I'm  
21 going by this document that I produced, and it stands on  
22 its -- it stands on its own, that their statement was  
23 that they appear to be placing a greater value on the  
24 African American vote.

25 Q. (BY MR. RUSSO) Right. And your concern at

1 that time was that the -- actually, the Latino American  
2 voters needed more consideration by the Department of  
3 Justice at this time. Would you agree?

4 MS. VALL-LLOBERA: Objection;  
5 mischaracterization. Objection; misstates prior  
6 testimony.

7 Q. (BY MR. RUSSO) You can answer.

8 MS. VALL-LLOBERA: You can answer to the  
9 extent you understand the question.

10 MR. RUSSO: Counsel, please.

11 A. And, once again, what was the question?

12 Q. (BY MR. RUSSO) The question was your concern  
13 was that the Department of Justice had not given Latino  
14 American voters enough consideration in Galveston County  
15 related to their resolution of this case.

16 MS. VALL-LLOBERA: Is that a question?

17 MR. RUSSO: Yes.

18 MS. VALL-LLOBERA: Objection;  
19 mischaracterization.

20 A. I think that's accurate.

21 Q. (BY MR. RUSSO) Did you ever hear back from the  
22 Department of Justice on those questions you were posing  
23 or concerns you raised?

24 A. Not that I'm aware of.

25 Q. Do you recall why it was that you -- strike

1 that.

2 I think -- I think the -- was the concern  
3 about a different -- over different treatment between  
4 the Latin American voters and Black voters, was it -- is  
5 it something attributable to a difference in interest  
6 between the two parties?

7 MS. VALL-LLOBERA: Objection;  
8 mischaracterization.

9 A. I don't -- I don't -- no.

10 MR. RUSSO: Mark that as an exhibit.

11 (Exhibit No. 10 was marked.)

12 Q. (BY MR. RUSSO) The court reporter has handed  
13 you Exhibit 10, and that's a Galveston Daily News  
14 article dated March 23rd, 2012. Do you see that?

15 A. 2012. Yes, sir.

16 Q. '12. And generally speaking, the article is  
17 reporting on the commissioners' approval redistricting  
18 map?

19 A. Okay.

20 Q. True?

21 MS. VALL-LLOBERA: Give him a moment to read  
22 it, Mr. Russo.

23 MR. RUSSO: Yeah. Absolutely.

24 Q. (BY MR. RUSSO) Take all the time you need to.  
25 My question was -- the article essentially is a report

1 on the Galveston Commissioners Court's approval of the  
2 new redistricting map?

3 MS. VALL-LLOBERA: And, Counsel, I'll note  
4 part of the article is cut off on the first page.

5 MR. RUSSO: Yeah. But if he needs to see  
6 it, we can print out another copy.

7 A. (Witness perusing document.)

8 MS. VALL-LLOBERA: I think if you're going  
9 to ask questions about the map, it would make sense to  
10 have the quotations that seem to be directly about the  
11 maps.

12 MR. RUSSO: Well, let me see if we can get  
13 through this, and if you want to lodge your objections,  
14 feel free.

15 A. Okay. All right.

16 Q. (BY MR. RUSSO) And so, again, the question  
17 being is this the article generally conveying a  
18 Galveston County Commissioners Court adoption of the new  
19 redistricting map in 2012?

20 A. It's a report from The Daily News.

21 Q. And -- right. And they're reporting on  
22 Commissioners Court?

23 A. It is a report from TJ Aulds.

24 Q. All right. And it basically -- it starts, "A  
25 split Commissioners Court approved a new redistricting

1 map Thursday that appears to have garnered the favor of  
2 federal officials." Do you see that?

3 A. Yes, sir.

4 Q. A settlement map which was approved on party  
5 lines did not find favor with minority groups, some of  
6 which called it unfair.

7 A. Okay.

8 Q. Are you one of the individuals who thought the  
9 settlement agreement was unfair?

10 A. One of them, yes.

11 Q. Okay. And then this article appears one day  
12 after the e-mail we just saw that you sent --

13 A. Mm-hmm.

14 Q. -- to the Department of Justice. Correct?

15 A. Mm-hmm.

16 Q. Yes?

17 A. Yes, sir.

18 Q. All right. And what I'm interested in is the  
19 last page of the article, Page 3. There's some  
20 quotations from you.

21 A. Okay.

22 Q. It starts, "The group" --

23 A. Excuse me.

24 Q. -- "the group, including the local chapters of  
25 NAACP, LULAC, and the Galveston County Coalition for

1 Justice sent a letter to the department -- the justice  
2 department during the meeting Thursday complaining that  
3 the map had a significant detrimental impact on minority  
4 voters."

5 Based upon the reading of that article,  
6 does that appear to be referencing your letter to the  
7 Department of Justice on March 22nd?

8 MS. VALL-LLOBERA: Objection;  
9 mischaracterizes prior testimony.

10 Q. (BY MR. RUSSO) You can answer.

11 A. The group in question?

12 MS. VALL-LLOBERA: Are you asking him  
13 about -- are you asking him as an individual or in his  
14 role as to LULAC? The prior questions were about him as  
15 an individual.

16 MR. RUSSO: This is about him as an  
17 individual.

18 A. Me as an individual, I didn't represent myself  
19 at any time as an individual.

20 Q. (BY MR. RUSSO) Okay. And you were sending all  
21 this correspondence on behalf of who?

22 MS. VALL-LLOBERA: Objection; misstates  
23 prior testimony.

24 A. This is part of the coalition.

25 Q. (BY MR. RUSSO) Okay.

1           A. Gulf Coast Interfaith and the other groups. We  
2 collectively viewed this as a problem.

3           Q. So it was sent on behalf of LULAC as one of the  
4 entities involved in the coalition?

5           A. LULAC, NAACP. It says it right there, first  
6 paragraph.

7           Q. Right. So, yeah, does the article seem to be  
8 referring to the letter --

9           A. Yes, sir.

10          Q. -- you sent to the --

11          A. Appears to, yes.

12          Q. -- DOJ? Okay.

13                        Now the second -- the second sentence on  
14 Page 3 states -- it's a quote from you -- "I thought I  
15 would never see the day where the value of the vote of  
16 one particular minority group has more value over  
17 another minority group." Do you see that?

18          A. Okay.

19          Q. And so --

20          A. Yes, sir.

21          Q. Clearly, at this point -- did you make that  
22 quotation to the paper, do you recall?

23          A. I don't recall at this point. I don't recall.

24          Q. Does it appear consistent with your view at the  
25 time?

1           A. I can't even recall that, Mr. Russo, at this  
2 point.

3           Q. Is there any reason to think that the paper  
4 misquoted you here?

5           A. I don't -- I don't even know.

6           Q. Okay.

7           A. I haven't -- I don't know.

8           Q. So can you testify whether you thought, at the  
9 time that this article was written, that the one  
10 particular minority group had been valued over another  
11 minority group?

12          A. Once again, as a group, that's how we -- that's  
13 what we felt.

14          Q. All right. And even though the Department of  
15 Justice approved the map, settlement map, between the  
16 parties, that group still complained that the map had a  
17 significant detrimental impact on minority voters.  
18 Agreed?

19          A. That's right. We have First Amendment rights  
20 to express our opinions, yes, sir.

21          Q. All right. And then the sentence after the one  
22 we just read states, "He complained the justice  
23 department and the County's redistricting law firm were  
24 focused on the Black populations within the precincts  
25 and paid little attention to the growing Hispanic

1 population." Do you see that?

2 A. Yes, sir.

3 Q. And you believe that to be true?

4 A. Yes, sir.

5 Q. You think the Department of Justice focused too  
6 much on the Black population in its resolution?

7 A. I think it's self-explanatory. Yes. That was  
8 the purpose of the letter -- of the collective group.

9 Q. All right. And was the concern at the time  
10 that the interests of Black voters were being -- well,  
11 strike that.

12 | Let me phrase it this way: Your concern  
13 | was the interests of the Latino voters were relegated to  
14 | the interests of Black voters. Agreed?

15 | MS. VALL-LLOBERA: Objection; asked and  
16 | answered and misstates prior testimony.

17 | Q. (BY MR. RUSSO) You can answer.

18 | A. The letter stands on its own. As a group, we  
19 | were concerned that there was not a recognition of the  
20 | increased growing Hispanic population in the final map,  
21 | settlement map.

22 | Q. And the Department of Justice had, in fact, not  
23 | considered the growing population?

24 | MS. VALL-LLOBERA: Objection; misstates  
25 | prior testimony and asked and answered, Counsel.

1 A. I think I answered that.

2 Q. (BY MR. RUSSO) Sitting here today, do you  
3 still have the feeling that the Department of Justice  
4 was -- erred when it allowed the Galveston County  
5 Commissioners Court to approve the 2012 map?

6 MS. VALL-LLOBERA: Objection; misstates  
7 prior testimony.

8 A. I think it was not only my -- our view, but as  
9 then Commissioner Doyle says, the plan -- the new  
10 precinct, which diluted minority representation in his  
11 precincts, was basically putting lipstick on a pig.

12 Q. (BY MR. RUSSO) Right. But my question was a  
13 little bit different than that.

14 Do you still have that view today?

15 A. Yes, sir.

16 Q. The view that the Department of Justice put  
17 Black voters' interests --

18 A. Department of Justice erred, and we,  
19 collectively, both Black and Brown groups, said you made  
20 an error, period. I can't say it any more, any other  
21 ways.

22 Q. Yeah. One more document here.

23 MR. RUSSO: And, Counsel, I don't have a  
24 copy of this, but I think she can pull it up on the --  
25 can you see it on the computer or not?

1 MS. VALL-LLOBERA: No.

2 Let her mark it, and then she'll give you a  
3 copy.

4 (Exhibit No. 11 was marked.)

5 MR. RUSSO: We're on 11. Right?

6 THE REPORTER: Yes.

7 Q. (BY MR. RUSSO) So, Mr. Compian --

8 A. Mm-hmm?

9 Q. The court reporter has handed you Exhibit  
10 Compian 11.

11 A. Yes, sir.

12 Q. It's an e-mail from you to Lillie Ann Aleman.

13 A. Yes, sir.

14 Q. She's -- is she the president of LULAC?

15 A. She was then, yes, sir.

16 Q. Okay. And there's an individual here cc'd  
17 named Bruce Gear. Do you know Bruce Gear?

18 A. Don't know him.

19 Q. No? His e-mail address is @usdoj.gov. Does  
20 that tell you anything?

21 A. (Shaking head.) Department of Justice, I  
22 assume. But I don't know who it is.

23 Q. Yeah. I just wondered if that jogged your  
24 memory?

25 A. No.

1 Q. Have you ever met Mr. Gear, do you think?

2 A. No. Not that I know of.

3 Q. All right. Well, so my -- my --

4 MS. VALL-LLOBERA: Excuse me, Counsel.

5 We're not able to pull up the exhibit. We seem to be  
6 having issues with the Zoom.

7 MS. ZHU: Yeah. I don't know why, I can't  
8 pull up a PDF, unfortunately.

9 MS. ELTON: I just opened it from the chat  
10 so -- if you want to...

11 MS. VALL-LLOBERA: If you'll just give us a  
12 moment to...

13 MR. RUSSO: Yeah. Absolutely. Take your  
14 time.

15 MS. ZHU: Yeah. I don't --

16 MS. VALL-LLOBERA: All righty. We can  
17 proceed. Thank you.

18 MR. RUSSO: You got it up?

19 MS. VALL-LLOBERA: No. But I've reviewed  
20 his version.

21 Q. (BY MR. RUSSO) Do you recall seeing this -- or  
22 writing this e-mail?

23 A. No.

24 Q. All right. It's dated April 26, 2022?

25 A. (Shaking head.)

1 Q. No?

2 A. (Shaking head.)

3 Q. There's an attachment here. It says  
4 "Los Angeles-2022Profile-VA4 [sic] final." Do you see  
5 that?

6 A. Where do you see that?

7 Q. It's under the attachments indication right  
8 here.

9 A. Attachments. Los Angeles. Oh, yes, I see  
10 that.

11 Q. Do you have any clue what's in that attachment?  
12 What was that?

13 A. Actually that I do recall. It was -- I was  
14 impressed by some work that was done by -- and I can't  
15 tell you who -- if it was LULAC it was -- or a Latina  
16 foundation out in that area -- on voting profile of the  
17 Latino voters.

18 Q. What kind of profile of Latino voters?

19 A. I don't recall. I just remember I was  
20 impressed with it. It was so -- it just impressed me.  
21 That's all. When I saw Los Angeles.

22 Q. Do you have a copy of that?

23 A. I don't think so. I would have sent it to her,  
24 I think. She --

25 Q. Because I don't think we have a copy of the PDF

1 attachment, so I'm wondering if you still have a copy in  
2 your possession.

3 A. I don't know. I don't --

4 MS. VALL-LLOBERA: This document was  
5 produced by the DOJ, wasn't it?

6 MR. RUSSO: Yeah. It's got a US tag on it,  
7 and I don't know if you-all had a copy or what, but this  
8 is the only one we have.

9 Q. (BY MR. RUSSO) Given the date on the e-mail,  
10 would you still have this? Would it have been subject  
11 to destruction based upon your typical manner of keeping  
12 retention?

13 A. I do go through them like at the end of the  
14 year just because, so I'll be more than happy to try to  
15 see if I can find it for you, Mr. Russo.

16 Q. I appreciate that.

17 A. I don't have any problem. I'll give it to my  
18 counsel and...

19 Q. Right. Yeah, I appreciate that. I just  
20 haven't seen it. I don't know what it is.

21 But then it goes on to state -- well, let  
22 me just clarify before you move on.

23 A. Mm-hmm.

24 Q. So your recollection of this -- this -- some  
25 kind of, rather, report is some report related to

1 profiles of Latino voters in Los Angeles?

2 A. To the best of my recollection, it was. It was  
3 organized -- I'll try to find it.

4 Q. Okay.

5 A. I just was impressed, I know. That's all.

6 Q. All right. And was the report of some expert,  
7 or was it by Los Angeles County?

8 A. No. It was a group, but I can't tell you what  
9 group. It was LULAC. It may have been LULAC because --

10 Q. Why did you think it was a good report or worth  
11 forwarding?

12 A. It's just kind of rare to see for me, and I do  
13 a prolific amount of reading. It's just rare to see  
14 information that's targeted on the Latino voter in  
15 general, you know, trends or things of that nature.

16 Q. Mm-hmm.

17 A. So I think that's what...

18 Q. Was it broken down by who -- candidates they  
19 vote for?

20 A. (Shaking head.)

21 Q. And by, what, the ethnic or racial vote --  
22 people that they voted for? I'm just...

23 A. I have no recollection.

24 MS. VALL-LLOBERA: Objection; calls for  
25 speculation.

1 Q. (BY MR. RUSSO) So the last sentence in this  
2 e-mail states, "I'm going to try and do a similar one  
3 for Galveston County." Do you see that?

4 A. Yeah. I was so excited, I thought I could.

5 Q. How were you going to pull that off?

6 MS. VALL-LLOBERA: Objection; vague.

7 A. I don't know. God's put me -- we've done  
8 things that others -- so --

9 Q. (BY MR. RUSSO) Did you undertake any effort  
10 to --

11 A. No.

12 Q. -- actually fulfill this statement?

13 A. No. No. No. Other than I was going to visit  
14 on this, and I recall this because somehow or other I  
15 got this being affiliated with the National Association  
16 of Latino Elected and Appointed Officials. That's kind  
17 of, I think, the way I received this or something.  
18 Actually, it may have been NALEO that produced the  
19 report.

20 So I was going to -- when I say I was  
21 trying to do something similar to reach out to NALEO to  
22 try and, perhaps, figure out how we can do something  
23 similar here.

24 Q. Okay.

25 A. That's -- that's kind of -- to the best of my

1 recollection, that's why NALEO is in there.

2 Q. All right. And you don't ever remember  
3 reaching out to them on the report?

4 A. I didn't because I went to the convention and  
5 get COVID. So I did not. It was left on the table  
6 there.

7 Q. So this is sometime after '22, you mean, after  
8 April?

9 A. Yeah. Yeah.

10 Q. All right. All right.

11 A. Actually, this is the 4th, and the NALEO  
12 conference was in June.

13 Q. Okay.

14 A. I managed to avoid COVID all that time other  
15 than going to this.

16 (Exhibit No. 12 was marked.)

17 MR. RUSSO: Yeah. So we're going to have  
18 the same issue with, like, three more documents -- four  
19 more documents.

20 MS. VALL-LLOBERA: That's okay.

21 MR. RUSSO: But, I mean, you know, we have  
22 no problem waiting until you look at it and just pull it  
23 up.

24 THE WITNESS: Just set this here, too?

25 MR. RUSSO: Yeah. It's just one page.

1 MS. VALL-LLOBERA: And could we get how  
2 much time has transpired on the record?

3 THE WITNESS: Do you see this?

4 MS. VALL-LLOBERA: It's been e-mailed to my  
5 e-mail --

6 And maybe we should go off the record for a  
7 few minutes so we can see if we can find a new efficient  
8 way to do this.

9 MR. RUSSO: That's fine.

10 THE VIDEOGRAPHER: Off the record, 5:02.

11 (Recess taken.)

12 THE VIDEOGRAPHER: Going back on the  
13 record, 5:08.

14 Q. (BY MR. RUSSO) So the court reporter has  
15 placed before you Compian Exhibit 12.

16 A. Yes, sir.

17 Q. It's an e-mail from you to Bruce Gear, and I'll  
18 represent to you that Bruce Gear is a Department of  
19 Justice attorney, and he's actually representing the  
20 Department of Justice in this case.

21 A. And as I read this, I recalled him. Now I have  
22 recollection of him.

23 Q. Okay. So you remember Mr. Gear?

24 A. An African American gentleman?

25 Q. He is.

1 A. Yes. Okay.

2 Q. Yes, sir.

3 A. Okay. Now I remember him, yes.

4 Q. Yeah. Do you recall meeting with him?

5 A. Yes.

6 Q. Was it before suit was filed in this case or  
7 after, or do you have any recollection?

8 MS. VALL-LLOBERA: And I'll interject to  
9 remind you not to reveal any privileged attorney-client  
10 communications.

11 THE WITNESS: Yes, ma'am.

12 MS. VALL-LLOBERA: Including with the other  
13 plaintiffs. You can answer otherwise.

14 A. I don't know when I met with him, you know,  
15 what the time frame was.

16 Q. (BY MR. RUSSO) Do you know the number of  
17 times?

18 A. I can only recall one time.

19 Q. Once? Okay. All right. So as of -- this  
20 e-mail is dated April 25th, 2022. Do you see that?

21 A. I'm sorry.

22 Q. That's all right.

23 A. I have so many out there. I'm sorry.

24 Q. No problem. The e-mail is dated April 25th?

25 A. April 25th, yes, sir.

1 Q. 2022. Yes?

2 A. Yes, sir.

3 Q. All right. And you start out stating, "Bruce,  
4 we are most grateful for the time you and your  
5 colleagues spent in our Galveston County community." Do  
6 you see that?

7 A. Yes, I see that.

8 Q. Do you know how long before this e-mail you had  
9 met Mr. Gear?

10 A. No, sir. I don't recall.

11 Q. Okay. And then you go on to say, "My role is  
12 to provide you as much local resource information to  
13 persuade the judge that these maps are wrong"?

14 A. Okay.

15 Q. Right? Yes?

16 A. Yes.

17 Q. Okay.

18 A. Yes.

19 Q. All right. And the next sentence says, "I went  
20 to bed Friday asking myself how would my Anglo community  
21 react if Galveston County commissioners were all Black  
22 and Brown except for one Anglo member and the  
23 commissioner precincts were drawn with overwhelmingly  
24 Black and Brown voters." Do you see that?

25 A. Yes, sir.

1 Q. How do you think your Anglo community members  
2 would react?

3 MS. VALL-LLOBERA: Objection; incomplete  
4 hypothetical, and it calls for speculation.

5 A. Just as I stated there. I know they would also  
6 be fighting for fairness and a voice in local county  
7 government.

8 Q. (BY MR. RUSSO) You think they would?

9 A. I think so, yeah.

10 Q. Based upon what?

11 A. By knowledge of them -- right? -- of  
12 communities, of how involved Anglo communities are;  
13 so...

14 Q. Right. So based upon -- is there anything  
15 specific factually that you are referring to or thinking  
16 about in making that statement?

17 A. No. Just voter turnout. We talked about these  
18 things. Right? Higher voter turnout, the principle  
19 we're going off.

20 Q. The fact that the higher voter -- the Anglos  
21 turn out at a higher rate than others leads you to  
22 believe that they would be fighting for fairness?

23 A. And --

24 MS. VALL-LLOBERA: Objection; misstates  
25 prior testimony.

1 Q. (BY MR. RUSSO) Correct?

2 A. I believe so, and, furthermore, let me  
3 interject this: They've had the benefit of  
4 understanding how to engage with government. That's  
5 also a very key right. We've come along slowly, and I'm  
6 appreciative. Right? And -- so I'm appreciative of the  
7 education I've received, and we're learning -- we're  
8 learning. We want to be at the table.

9 Q. And just -- you state "my Anglo community."  
10 Are you referencing any particular Anglo community?

11 A. Galveston County, I think, when I say that.

12 Q. Okay.

13 A. Who knows in my mind. Right? When I'm  
14 writing.

15 Q. I certainly don't. That's why I was asking.

16 A. Okay.

17 Q. But you think the reference is to the Anglo  
18 community in Galveston County?

19 A. In Galveston County, yes, sir.

20 Q. All right. Correct me if I'm wrong --

21 A. My Anglo community?

22 Q. Sorry. Go ahead and read -- do whatever you  
23 need.

24 A. How would my Anglo -- okay. Yes. Yes.

25 Mm-hmm.

1 Q. And so what -- can you tell me what message you  
2 were trying to convey to Mr. Gear with this e-mail?

3 MS. VALL-LLOBERA: Objection; vague.

4 A. Just -- we're all seeking equity, equality,  
5 fairness, whatever side of the table we're on.

6 Q. (BY MR. RUSSO) And is the important point,  
7 again, that, I think, that communities want to see a  
8 representative that looks like them?

9 MS. VALL-LLOBERA: Objection; misstates  
10 prior testimony.

11 A. I think that's a factor, yes, sir.

12 Q. (BY MR. RUSSO) And that's something you were  
13 thinking about when you posed your hypothetical to  
14 Mr. Gear?

15 A. Yes. But beyond that, is that the new maps  
16 take away what we have as -- as -- I noticed this in a  
17 previous exhibit here, on one of the -- I want to quote  
18 from -- he's no longer with us but...

19 Q. Tell me what -- just for the record -- which  
20 exhibit you're --

21 A. This is Exhibit 10.

22 Q. Okay.

23 A. The Galveston County Daily News article. I'm  
24 going to quote from deceased Commissioner Ken Clark, and  
25 he said it right and yet -- I don't know if he was there

1 or not -- well, he was actually. But, "From the very  
2 beginning, I think this court's intention was to comply  
3 with federal civil rights law," in parentheses, "to make  
4 sure we maintained the minority/majority status in  
5 Precinct 3 and build all the other districts around  
6 that." What happened here?

7 Q. I'm sorry. What was your point?

8 A. My point is that was -- that was our goal.  
9 That is our goal. Right? Maintain at least that. We  
10 no longer have that.

11 Q. All right. And at the time, again, that this  
12 article was written, the coalition, which you  
13 represented, didn't agree with the map as drawn and  
14 accepted by the Department of Justice?

15 MS. VALL-LLOBERA: Objection;  
16 mischaracterizes.

17 A. I don't understand your question -- or is that  
18 a question? What is that?

19 Q. (BY MR. RUSSO) The question was -- the  
20 question is: At the time that this article was written  
21 back in 2012, the groups that you represented, the  
22 NAACP, the LULAC, the Galveston County Coalition for  
23 Justice, those groups didn't agree with the map that was  
24 ultimately approved by the Department of Justice?

25 A. Okay. We expressed that was our opinion. But

1 that has nothing to do with maintaining what we had  
2 already, totally different.

3 And that's what Commissioner Clark is  
4 speaking to in his quote here. He is, as a  
5 commissioner, recognizes, you know, make sure we  
6 maintain the minority/majority status in Precinct 3. We  
7 no longer have a minority/majority status, period.

8 Q. Right. And in terms of your correspondence to  
9 Mr. Gear, what is it that -- it states -- your last  
10 sentence in the e-mail states, "Is it fair to deny a  
11 voice to the fastest-growing ethnic group for the next  
12 ten years by accepting these county maps?" Do you see  
13 that?

14 A. Yes, sir.

15 Q. Which group are you referring to?

16 A. In this particular one, I'm referring to -- he  
17 was interviewing me as -- as a Latino. Right? As Gear.  
18 I'm referring to Latinos there.

19 Q. Right. And the sentence is -- or your question  
20 to him was -- is that shouldn't the Latino group have a  
21 -- be given a voice since they're the largest-growing  
22 group in the county. Isn't that what you told him?

23 MS. VALL-LLOBERA: Objection;  
24 mischaracterizes. Also, I'll remind the witness that  
25 you can answer about facts but not to reveal any

1 privileged attorney-client communications and those  
2 include conversations with DOJ attorneys.

3 THE WITNESS: All right.

4 MS. VALL-LLOBERA: Or fellow plaintiffs.

5 MR. RUSSO: Well, you're claiming a  
6 privilege for the DOJ? They don't represent him.

7 MS. VALL-LLOBERA: We have a common  
8 interest agreement in this case.

9 MR. RUSSO: Where is it?

10 MS. VALL-LLOBERA: If you would like us to  
11 produce it, we can.

12 MR. RUSSO: It might be a good idea. When  
13 did the common interest document -- when was it agreed  
14 to?

15 MS. VALL-LLOBERA: It predates this e-mail.

16 MR. RUSSO: Are you suggesting that this  
17 needs to be -- this is a privileged document? The one  
18 that's marked Exhibit 12.

19 MS. VALL-LLOBERA: I am stating that he  
20 can't answer any questions about any legal advice or  
21 communications that he may have had with Mr. Gear.

22 MR. RUSSO: Okay.

23 Q. (BY MR. RUSSO) Just so we're clear on the  
24 record, this statement you're making to Mr. Gear is that  
25 from your expectations -- your expectations are that the

1 fastest-growing minority group, which is Latino, need to  
2 have -- let's see -- what was the language used? "Is it  
3 fair to deny a voice to the fastest-growing ethnic group  
4 for the next ten years by accepting these county maps,"  
5 and specifically you're referring to the Latino group.

6 Correct?

7 A. Yes, sir.

8 Q. It wasn't -- not a reference to African  
9 American minority groups in that sentence. Would you  
10 agree?

11 A. Stands on its own. It doesn't.

12 (Exhibit No. 13 was marked.)

13 THE WITNESS: Thank you.

14 Q. (BY MR. RUSSO) The court reporter has marked a  
15 one-pager.

16 A. Yes, sir.

17 Q. It's an e-mail from you to, again, Mr. Gear.  
18 Do you see that?

19 MS. VALL-LLOBERA: Yes. I have a copy.

20 Q. (BY MR. RUSSO) Sorry. Do you have it in front  
21 of you?

22 A. Oh. Yeah. I didn't know.

23 Q. I thought you had given it to your counsel.

24 A. Oh, no, no. I have it here, Mr. Russo.

25 Q. Okay. So Exhibit 13 is a short e-mail dated

1 April 20th, 2022, from you to Mr. Gear. Correct?

2 A. Mm-hmm.

3 MS. VALL-LLOBERA: Excuse me, Counsel, can  
4 we take a short break? And it's on privilege.

5 MR. RUSSO: Yeah. Sure.

6 MS. VALL-LLOBERA: Can we have ten minutes?

7 MR. RUSSO: Sure. Take whatever time you  
8 need.

9 THE VIDEOGRAPHER: Off the record, 5:22.

10 (Recess taken.)

11 THE VIDEOGRAPHER: Going back on the  
12 record, 5:48 p.m.

13 MR. RUSSO: Are we on 13?

14 THE REPORTER: Yes.

15 THE WITNESS: 13.

16 Q. (BY MR. RUSSO) Okay. So the court reporter  
17 has marked Exhibit 13. It's an e-mail dated April 20th,  
18 2022. Is that the one you have in front of you?

19 A. Yes, sir.

20 Q. Okay. So there's an attachment to that e-mail,  
21 and do you know what is in the attachment?

22 MS. VALL-LLOBERA: Objection; calls for  
23 speculation.

24 A. Not just -- I don't know. Just based upon what  
25 I see here, I don't know.

1 Q. (BY MR. RUSSO) Okay. Do you know whether it  
2 was data included in it or no idea?

3 MS. VALL-LLOBERA: Objection; asked and  
4 answered.

5 A. I think PPTX means PowerPoint.

6 Q. (BY MR. RUSSO) I think you're right.

7 A. I think.

8 Q. That's my understanding, too.

9 A. Yeah.

10 Q. So does that help your --

11 A. No.

12 Q. -- understanding of what was in the document?

13 A. No. No.

14 Q. Do you know why you sent this to Mr. Gear?

15 A. I just -- I guess -- no, I don't know why. The  
16 answer to why, no, I don't know why.

17 Q. Okay. Do you recall whether there was a --  
18 whether -- well, strike that.

19 We talked earlier about the clean-lines  
20 map?

21 A. Yes, sir.

22 Q. Right?

23 A. Yes, sir.

24 Q. And do you know whether the data or the actual  
25 product, the clean-lines map, was what is contained in

1 the PowerPoint?

2 MS. VALL-LLOBERA: Objection; calls for  
3 speculation and asked and answered.

4 A. I don't know.

5 Q. (BY MR. RUSSO) No idea?

6 A. No, I don't know.

7 Q. Okay. All right. Do you know, based upon your  
8 document retention period, would you still have a copy  
9 of this e-mail?

10 A. I don't know. I don't know.

11 Q. All right. Let's see. This is --

12 MS. VALL-LLOBERA: Thank you.

13 THE WITNESS: Okay. 14.

14 (Exhibit No. 14 was marked.)

15 Q. (BY MR. RUSSO) Okay. Compian Exhibit 14 is  
16 another e-mail from you to Mr. Gear?

17 MS. VALL-LLOBERA: Objection; lack of  
18 foundation.

19 Q. (BY MR. RUSSO) Strike that.

20 It doesn't have your name actually on it,  
21 but it's an e-mail to Mr. Gear. We don't know who it's  
22 from. Would you agree?

23 A. Yes, sir.

24 Q. All right. Dated April 20th of '22. Do you  
25 see that?

1 A. Okay.

2 Q. 9:40 p.m.?

3 A. Okay.

4 Q. Do you recall sending the -- well, strike that.

5 Let's start here. Look at the attachment  
6 and the name of the attachment on -- connected to the  
7 e-mail. Do you see it?

8 A. Yes, sir.

9 Q. It says county commissioner district,  
10 underscore, GCI.jpg?

11 A. Yes, sir.

12 Q. Do you recall sending anything like that or  
13 sending that document to Mr. Gear in about April of  
14 2022?

15 A. I probably did.

16 Q. Do you have any clue what was in the -- well,  
17 actually, you know what, I think this one we have the  
18 JPEG connected to it. It's on Page 2. Right?

19 A. I think that's what I did. Right?

20 Q. Yes. Does --

21 A. Looks like it's a clean lines, I think.

22 Q. Looks like the clean-lines map?

23 A. I don't know without the color.

24 MS. VALL-LLOBERA: Mr. Russo, since I have  
25 one in color, can I show that to him?

1 MR. RUSSO: Absolutely. Yeah. And I may  
2 have another copy of that.

3 By the way, are you -- can we supplement  
4 it -- or substitute?

5 MS. VALL-LLOBERA: Yes. That's fine.

6 MR. RUSSO: If that works for you.

7 A. It looks like our clean-lines map, I believe  
8 so.

9 Q. (BY MR. RUSSO) All right. So based upon a  
10 review of the colored map, it looks like that that's the  
11 clean-lines map that GCI created back in 2011?

12 A. To the best of my recollection, the clean-lines  
13 map was -- I believe there was a preferred map, but we  
14 had other, maybe, versions as well. I can't recall  
15 that, but maybe it's in here someplace, one of these.

16 Q. Well, do you know who -- who -- who prepared  
17 the clean-lines map? Was it the guy at UTMB?

18 A. Karl Eschbach; that's his name.

19 Q. How do you spell his last name?

20 A. Karl is K-A-R-L, but Eschbach, I believe, was  
21 with an E -- with an E, E-S -- Eschbach,  
22 E-S-C-H-B-A-C-H. As I remember, he was our former state  
23 demographer.

24 Q. Okay. And was it GCI that asked him to make  
25 this -- the clean-lines map, to your recollection?

1           A. Well, we requested, as I indicated previously,  
2           at that time with counsel for Galveston County. Yeah,  
3           it looks like the clean-lines map, yeah. The --  
4           Mr. Nixon -- Mr. Nixon was sharing the source documents  
5           with us from their demographer and shared with Karl, and  
6           Karl is the one that studied the numbers and developed  
7           this map.

8           Q. Okay. And from your recollection, it was  
9           from -- it was provided by Galveston County's counsel,  
10          basically?

11          A. Yes, sir.

12          Q. Prior to forwarding this to Mr. Gear, was any  
13          changes made to it?

14          A. No.

15                   MS. VALL-LLOBERA: Objection; calls for  
16          speculation.

17          A. I'm not aware of too many changes, no.

18          Q. (BY MR. RUSSO) Are you -- do you recall,  
19          sitting here today, of what was sort of the purpose of  
20          sending the clean-lines map to Mr. Gear in 2022? I  
21          guess would be more direct.

22          A. I can't recall what the purpose was, just  
23          sharing information -- I really don't know. I don't  
24          recall at this time.

25          Q. All right.

1 THE REPORTER: 15.

2 (Exhibit No. 15 was marked.)

3 THE WITNESS: Okay.

4 Q. (BY MR. RUSSO) The court reporter has marked  
5 Exhibit 15 to your deposition. Just in general terms, I  
6 want to ask you about -- well, we'll start here, the top  
7 of the document is an e-mail from Mr. Gear to you.  
8 Right?

9 A. Okay.

10 Q. Dated April 15th, 2022?

11 A. Yes, sir.

12 Q. The part I'm interested in is just the second  
13 of the string which is dated April 15th, 2022,  
14 at 4:41 p.m. Do you see that?

15 A. Okay.

16 Q. It looks like it's from Joe Compian. You wrote  
17 Mr. Gear an e-mail?

18 A. Yes, sir.

19 Q. And then it says, "Good afternoon,  
20 Bruce, 10:00 a.m. Friday at this address." And I think  
21 it refers to -- I think it's referring to a meeting. Is  
22 that -- is that right?

23 MS. VALL-LLOBERA: Objection; calls for  
24 speculation.

25 Q. (BY MR. RUSSO) If you know.

1 A. Yes, sir.

2 Q. All right.

3 A. That one face-to-face meeting.

4 Q. Yeah. And then if you go another -- streamline  
5 down on the same date, April 15th, 2022, Mr. Gear  
6 writes, "Joe, good morning. This is a reminder to send  
7 me the location for our meeting for Friday, April 22nd."  
8 Do you see that?

9 A. Yes, sir. Yes, sir.

10 Q. So it appears from this document that you-all  
11 had a meeting with Mr. Gear on April 22nd in Galveston  
12 presumably. Right?

13 A. We had the meeting, yes, sir, with Mr. Gear.

14 Q. Okay. You did have a meeting with him?

15 A. Yes, sir.

16 Q. I think you told me that earlier, but this  
17 document actually reflects a date of --

18 A. Okay.

19 Q. -- April 22nd. Is that consistent with sort of  
20 your memory?

21 A. I'll --

22 MS. VALL-LLOBERA: Objection; misstates the  
23 date.

24 Q. (BY MR. RUSSO) You can answer.

25 A. Friday, April 22nd.

1 Q. Yeah. And do you recall using that document --  
2 putting it to --

3 A. I recall this exchange, let's put it that way,  
4 yes.

5 Q. You do recall the exchange?

6 A. Yes, sir.

7 Q. Do you recall the meeting on or about  
8 April 22nd of 2022?

9 A. I recall the meeting, yes, sir.

10 Q. Okay. Did y'all meet face-to-face?

11 A. Yes, sir.

12 Q. Who was in attendance, if you recall?

13 A. I think Mr. Gear had another person with him.  
14 I don't know what role they have. I don't know. I  
15 think there was another person with Mr. Gear. And there  
16 was counsel on my side, Ms. Sarah Chen.

17 Q. Okay. So that's three, I think, Ms. Chen,  
18 Mr. Gear, and you?

19 A. I believe so.

20 Q. And then one other person from -- with  
21 Mr. Gear?

22 A. Yes. With Mr. Gear, yes.

23 Q. So four people?

24 A. Four people.

25 Q. From your recollection?

1 A. (Nodding head.)

2 Q. Do you know where it was?

3 A. Yes, sir.

4 Q. Was it at a public place?

5 A. It was in -- it was in Texas City, not a public  
6 place. It was...

7 Q. Okay. Was there anybody else involved in the  
8 meeting that wasn't an attorney or somebody who  
9 eventually became a plaintiff in this case?

10 MS. VALL-LLOBERA: Objection; vague.

11 A. I remember I was there. I can't recall anybody  
12 else other than people at the building that were there.

13 Q. (BY MR. RUSSO) Okay. But the people at the  
14 building weren't involved in the meeting -- or were  
15 they?

16 A. Let me think real quick. There was one of my  
17 friends there, yes. Involved in the meeting, best of my  
18 recollection. Yes.

19 Q. Who was that?

20 A. Think of her name. Alvarado -- Ms. Alvarado.  
21 I can't think of her first name, last name Alvarado.

22 Q. Was she -- was she there -- is she represented  
23 in this lawsuit?

24 A. No. That's whose office we were at. It was  
25 her office.

1 Q. Is she a lawyer?

2 A. No.

3 Q. Why did you meet in her office?

4 A. Because she's a friend of mine. It was a --  
5 she offered a meeting area. She had a meeting room to  
6 use.

7 Q. You just needed a location?

8 A. Yeah.

9 Q. All right. Okay, well, did she -- was she  
10 involved in any conversation?

11 MS. VALL-LLOBERA: Objection; vague.

12 A. She was there, I mean, I know she met -- she  
13 welcomed everybody.

14 Q. (BY MR. RUSSO) Did she participate in the  
15 conversation in terms of, you know, the meeting you were  
16 in?

17 A. Other than welcoming -- and Ms. Alvarado's  
18 first language is Spanish, so I may have translated just  
19 some things for her, but her first language is Spanish.

20 Q. What do you mean -- what would you have  
21 translated for her? Introductions, that kind of thing?

22 A. Introductions, what we were doing -- you know,  
23 Ms. Alvarado is a friend.

24 Q. Right. I understand that. But did she  
25 participate -- was she an active participant in the

1 conversation you were having with the meeting?

2 A. The majority of the meeting was myself and  
3 Mr. Greer -- Gear, Bruce. And Ms. Alvarado was there.

4 Q. Okay. All right. Okay. You can put that  
5 aside if it's in your way.

6 A. I'll put that right here.

7 Q. All right. Do you have -- on behalf of the  
8 LULAC organization, do you have a document retention  
9 schedule that would explain how long materials are held  
10 by the organization?

11 A. No, sir.

12 Q. Have they ever had something like that?

13 A. I'm not aware of one.

14 Q. Do you know how long -- well, how long are just  
15 general documents of the organization maintained? And  
16 I'm talking about 151.

17 A. Yes. Well, I know after Ike, we lost all the  
18 documents with the water --

19 Q. Mm-hmm.

20 A. -- in one of the houses.

21 Q. Yeah. And I'm more asking about a schedule  
22 that says after one year we got rid of these materials.

23 A. I think we leave it -- best answer that I can  
24 give you, we leave it up to our treasurer at the time;  
25 they decide what to keep, what we need.

1 Q. Do you know what -- how long she keeps things?

2 A. I don't. I don't know that.

3 Q. Does anyone that is either a member or an  
4 officer, president, do they have a LULAC e-mail address?

5 A. No, sir.

6 Q. So everybody uses their own personal e-mail?

7 A. Yes. Pretty -- yes, sir, best of my  
8 recollection. I've never seen an LULAC e-mail address.

9 Q. Okay. And is there any correspondence or  
10 request, requirement from the national LULAC  
11 organization that tells or suggests to the LULAC 151 how  
12 long you should keep documents?

13 A. I'm not aware of that.

14 Q. Do you know how long documents are generally  
15 kept?

16 A. No, sir.

17 Q. Who would know that?

18 A. The -- once again, our treasurer. And we  
19 generally try to comply with whatever the IRS rules are  
20 in terms of document retention. It's usually, to the  
21 best of my recollection, seven years. We try to do.

22 Q. Do you know where the materials would be  
23 stored?

24 A. Depending upon the officer. Right? Kind of  
25 follow the officer. Here are the records.

1 Q. I understand. Do you know what effort was  
2 undertaken to search and review LULAC files from  
3 materials relevant to this case?

4 A. E-mail searches were pretty well done for this  
5 case.

6 Q. Okay. Were they done by the individuals  
7 themselves, for example, you -- you're a member of  
8 LULAC --

9 A. (Nodding head.)

10 Q. -- were you -- did you run your own searches  
11 for documents on e-mails that were relevant?

12 A. Yes, sir.

13 Q. Okay. And as far as you're aware, the same  
14 process was followed by other LULAC -- officers or  
15 members?

16 A. Yes.

17 MS. VALL-LLOBERA: Objection; calls for  
18 speculation.

19 A. I believe they did. I don't know for sure.

20 Q. (BY MR. RUSSO) Okay. Did -- what about -- do  
21 you know whether the review was conducted on social  
22 media sites, Facebook -- for LULAC's Facebook -- I don't  
23 know -- their Twitter page?

24 A. I'm not aware of us having a Twitter page. We  
25 have limited social media pages except for activities,

1 like for events, Cinco de Mayo.

2 Q. Did you say a limited what? Web presence?

3 A. Limited presence.

4 Q. On the web?

5 A. On the web.

6 Q. All right. And what about text messaging? Did  
7 you search your phone for text messages to council  
8 members or other parties, people in the community, that  
9 might be relevant to this case?

10 A. Did I search text messages? I -- you know,  
11 Mr. Russo, I can't -- I can't recall if I did. I just  
12 did a search of everything, is what I did with my  
13 computer, with phones.

14 Q. So you're saying you think you did, but you  
15 don't specifically recall doing it?

16 A. I don't recall the moment that I did it on the  
17 phone because I'm constantly on this thing. Right?

18 Q. Okay.

19 A. So...

20 Q. Is it your belief, sitting here today, that any  
21 text messages you had on your phone that were related to  
22 the redistricting effort, or they were asked for, I  
23 guess, by us in this case, you've provided them to your  
24 counsel?

25 A. I did provide them. Understanding that my

1 messages -- text messages only last for 60 days.

2 Q. Is that a setting you have on your phone?

3 A. It's on my phone. Correct.

4 Q. Okay. Did you ever get a retention letter --

5 A. (Shaking head.)

6 Q. -- suggesting you should hold texts longer than  
7 that?

8 A. No, sir.

9 Q. Are your text messages right now are still  
10 rolling off your phone after 60 days?

11 A. They disappear. If I need them, I have to kind  
12 of take a photograph or something of them.

13 Q. Okay. So 60 days after the lawsuit was filed,  
14 all text messages that existed, as of the date the  
15 lawsuit was filed, are gone. Would you agree?

16 A. Probably. But I don't -- yeah.

17 Q. We talked about the documents. Is there  
18 anything else that you can think of in your possession  
19 that might be relevant to the case that's in your  
20 possession?

21 MS. VALL-LLOBERA: Objection; vague.

22 A. No, sir.

23 Q. (BY MR. RUSSO) Do you know what the -- do you  
24 have an agreement with the lawyers representing you in  
25 the case related to your representation?

1 MS. VALL-LLOBERA: Excuse me, Counsel. I  
2 think somebody is speaking on this Zoom, but I don't  
3 know if the sound should be coming out of here or out of  
4 there.

5 MR. RUSSO: Not on here.

6 MS. VALL-LLOBERA: If one of the remote  
7 participants is trying to say something --

8 THE VIDEOGRAPHER: Check the volume on  
9 there.

10 THE WITNESS: The volume is up.

11 MS. VALL-LLOBERA: Let's see. Okay.

12 MS. ZHU: Yeah, there might be an issue  
13 with --

14 MS. VALL-LLOBERA: There's a message  
15 from --

16 MR. GEAR: Can you hear me now?

17 MS. ZHU: Yes.

18 MS. VALL-LLOBERA: Yes.

19 MR. GEAR: Sorry. I -- for whatever  
20 reason, I could not get through during the deposition.

21 And I'm sorry to interrupt, Attorney Russo.

22 There are a number of documents that have  
23 been testified to that the United States intends to  
24 clawback, and we'll provide you with a clawback letter,  
25 specifically U.S. -- and I'll give the last four digits

1 of the documents -- 1300, 1422, 1322, and 1408. We  
2 believe that these documents are privileged and will set  
3 forth our position in a letter that we intend to send  
4 you.

5 MR. RUSSO: Okay. Thank you, Mr. Gear.

6 All right. Are we good? You good?

7 THE VIDEOGRAPHER: Yes, sir.

8 Q. (BY MR. RUSSO) Okay. Do you know is there an  
9 agreement between LULAC and its lawyers related to the  
10 representation in this case?

11 A. Yes, sir.

12 Q. Do you -- have you seen a copy of it?

13 A. Yes, sir.

14 Q. Do you know what rates the lawyers are charging  
15 LULAC for prosecution of this action?

16 A. I'm not aware of any rates.

17 Q. Have you seen any bills for work done to date?

18 A. No, sir.

19 Q. Received any -- do you know whether LULAC has  
20 received any expense -- invoices for expenses in this  
21 case as of today?

22 A. No, sir.

23 Q. You don't know?

24 A. We've not received any.

25 Q. Oh. You haven't -- y'all haven't received any?

1 A. (Shaking head.)

2 Q. All right. But you have seen a copy of an  
3 engagement letter?

4 A. Yes, sir.

5 Q. Do you know when about that was signed?

6 A. I can't tell you the date right now. I don't  
7 recall the exact date.

8 Q. All right. All right. Is it your intention to  
9 provide testimony about -- expert testimony in this  
10 case? You personally, not LULAC.

11 A. Expert? An expert in what sense? As a  
12 community member or what? I don't understand your  
13 question.

14 Q. Well, so one issue is that you have a J.D.  
15 degree?

16 A. Yes, sir.

17 Q. Right? And so one question I have for you is  
18 are you intending at this point to provide any opinions  
19 or expert advice to the court?

20 A. No.

21 Q. Or other fact finder as to the law in this  
22 case?

23 A. No, sir.

24 Q. All right. Are you aware of whether -- or have  
25 you been asked to provide opinion testimony as an expert

1 in this case as a nonlegal expert?

2 A. No, sir.

3 Q. Okay. So as of now, you don't have any  
4 intention to appear as an expert. Correct?

5 A. I --

6 Q. Legal or otherwise?

7 A. Legal or otherwise. (Shaking head.)

8 Q. Okay.

9 MR. RUSSO: Well, I appreciate your time,  
10 been a long day.

11 I pass the witness at this point.

12 THE WITNESS: Thank you.

13 MS. VALL-LLOBERA: Can we go off the record  
14 to take a short break? Just to make sure I...

15 THE VIDEOGRAPHER: Off the record, 6:15.

16 (Recess taken.)

17 THE VIDEOGRAPHER: Back on the  
18 record, 6:20 p.m.

19 EXAMINATION

20 BY MS. VALL-LLOBERA:

21 Q. Hi, Mr. Compian.

22 A. Yes, ma'am.

23 Q. Thank you for sitting with us today.

24 A. (Nodding head.)

25 Q. I'm just going to ask you a couple of questions

1 here, and then hopefully you'll be on your way.

2 A. Okay.

3 Q. So earlier in your testimony, you identified  
4 some issues that affect Latinos and African Americans,  
5 specifically you talked about raising the qualified  
6 indigent levels and asking for additional outreach at  
7 different events by the county health authority and not  
8 raising property taxes. Do you -- do you recall -- do  
9 you recall that testimony?

10 A. Yes, ma'am.

11 Q. Would it be fair to say that those issues  
12 disproportionately affect Latinos and African Americans?

13 A. Yes.

14 Q. Okay. Earlier in your testimony, you also  
15 testified that you searched your e-mail for documents as  
16 part of this case?

17 A. Yes.

18 Q. Do you recall that testimony?

19 A. Yes, ma'am.

20 Q. And to clarify, a vendor ran searches on your  
21 inbox to collect e-mails. Right?

22 A. Correct.

23 MS. VALL-LLOBERA: We'll reserve our  
24 remaining questions.

25 I would like to read and sign, and order a

1 copy of the transcript.

2 MR. RUSSO: I have another hour's worth of  
3 questions.

4 THE WITNESS: Did you see my eyes go?

5 THE VIDEOGRAPHER: Off the record, 6:21.

6 (Proceedings concluded.)

11 REPORTER'S CERTIFICATION  
 12 ORAL AND VIDEOTAPED DEPOSITION OF  
 13 JOE COMPIAN  
 14 APPEARING IN HIS INDIVIDUAL CAPACITY  
 15 AND AS CORPORATE REPRESENTATIVE OF  
 16 PLAINTIFF GALVESTON LULAC COUNCIL 151

MARCH 31, 2023

-----

17 I, Velma C. LaChausse, Shorthand Reporter and  
 18 Notary Public in and for the State of Texas, hereby  
 19 certify to the following:

20 That the witness, JOE COMPIAN, was duly sworn by  
 21 the officer and that the transcript of the oral  
 22 deposition is a true record of the testimony given by  
 23 the witness;

24 That the deposition transcript was submitted on  
 25 \_\_\_\_\_ to the witness or to the attorney  
 for the witness for examination, signature and return to

1 me by \_\_\_\_\_;

2 That pursuant to information given to the  
3 deposition officer at the time said testimony was taken,  
4 the following includes counsel for all parties of  
5 record:

6 Ms. Diana C. Vall-llobera, Counsel for NAACP Plaintiffs;

7 Mr. Joseph R. Russo, Jr., Counsel for Defendants;

8 That \$\_\_\_\_\_ is the deposition officer's  
9 charges to the Defendant for preparing the original  
10 deposition transcript and any copies of exhibits;

11 I further certify that I am neither counsel for,  
12 related to, nor employed by any of the parties or  
13 attorneys in the action in which this proceeding was  
14 taken, and further that I am not financially or  
15 otherwise interested in the outcome of the action.

16 Certified to by me this 15th of April, 2023.

2 The attorneys participating in  
3 this deposition acknowledge that the  
4 court stenographer is not physically  
5 present in the deposition room and that  
6 he will be reporting this deposition  
7 remotely.

8 They further acknowledge that,  
9 in lieu of an oath administered in  
10 person, the oath will be administered  
11 remotely. The parties and their counsel  
12 consent to this arrangement and waive any  
13 objections to this manner of reporting.

14 The attorneys have indicated  
15 their agreement to the above stipulation  
16 off the stenographic record.

17 It is stipulated and agreed to  
18 by and between counsel for the respective  
19 parties that all objections, except as to  
20 form of the question, are reserved to the  
21 time of trial.

THE VIDEOGRAPHER: Good morning.  
We are going on the record at 11:14 a.m.,  
on April 21st, 2023.

Please note that this deposition  
is being conducted virtually. Quality of  
recording depends on the quality of  
camera and internet connection of  
participants.

What is seen from the Witness  
and heard on screen is what will be  
recorded. Audio and video recording will  
continue to take place until all parties  
agree to go off the record.

This is Media Unit Number 1 of  
the video recorded deposition of  
William Cooper, taken by counsel for  
Defendant in the matter of  
Honorable Terry Petteway, et al., versus  
Galveston County, et al., filed in the  
United States District Court Southern  
District of Texas. Case Number  
3:22-CV-00057.

This deposition is being  
conducted remotely using virtual

1 technology.

2 My name is Larry Moskowitz,  
3 representing Veritext and I am the  
4 videographer. The court reporter is  
5 Beau Dillard, also from Veritext.

6 I am not authorized to  
7 administer an oath. I am not related to  
8 any party in this action, nor am I  
9 financially interested in the outcome.

10 If there are any objections to  
11 proceeding, please state them at the time  
12 of your appearance.

13 Counsel and all present,  
14 including remotely, will now state their  
15 appearances and affiliations for the  
16 record beginning with the noticing  
17 attorney.

18 MR. SHEEHY: Good morning. This  
19 is Shawn Sheehy on behalf of the  
20 Defendants.

21 MS. KLEIN: Good morning. This  
22 is Hillary Klein on behalf of the NAACP,  
23 Plaintiffs.

24 THE VIDEOGRAPHER: Will the  
25 Court Reporter please swear in the

1           Witness and then Counsel may proceed.

2                                 - - -

3                         WILLIAM COOPER, after having  
4           been first duly sworn, was examined and  
5           testified as follows:

6                                 - - -

7                                 EXAMINATION

8                                 - - -

9         BY MR. SHEEHY:

10                 Q.           Good morning, Mr. Cooper. My  
11           name is Shawn Sheehy and I'm one of the  
12           attorneys in this case, and I'm an attorney at  
13           the law firm of Holtzman and Vogel in  
14           Washington, D.C. and I represent the Defendants  
15           in this action.

16                                 How are you this morning?

17                 A.           I'm fine. Thank you.

18                 Q.           Mr. Cooper, would you please say  
19           and spell your name for the record?

20                 A.           Yes. My name is William Sexton  
21           Cooper. W-i-l-l-i-a-m. Sexton, s-e-x-t-o-n.  
22           Cooper, C-o-o-p-e-r.

23                 Q.           And, Mr. Cooper, where do you  
24           reside?

25                 A.           I reside in Bristol, Virginia,

1 right down Interstate 81 from where you are,  
2 but on the Tennessee line.

3 Q. Very well. Have you ever lived  
4 in Texas?

5 A. I have not.

6 Q. Have you ever visited  
7 Galveston County, Texas?

8 A. That is a very good question,  
9 I've wondered about that. Once I took a family  
10 trip with my parents when I was a kid and we --  
11 we visited relatives in Houston and we visited  
12 the Space Center and later that day my  
13 recollection is we were going to head to  
14 Galveston Beach, but it was getting late in the  
15 afternoon and we only went a little tiny ways,  
16 but we might have gotten into Galveston,  
17 because I do remember seeing the ship -- and on  
18 another occasion, I've been -- South Houston,  
19 this would be 1990, heading to -- in Mexico  
20 with some friends of mine.

21 And we stayed in South Houston  
22 for a couple days in an Mexican-American  
23 household and then went -- went to Brownsville  
24 via a state highway, so I've might have been to  
25 Galveston or very close to it on that trip as

1 well.

2 Q. Well, for you, Mr. Cooper, and  
3 for everybody else on Zoom, I know we have a  
4 Stenographer taking the record, but is anyone  
5 else on this call recording in any other way?

6 A. No. Or at least not from my  
7 end.

8 MS. KLEIN: This is  
9 Hillary Klein for NAACP Plaintiffs, we  
10 are not recording in any other way.

11 THE VIDEOGRAPHER: The  
12 Videographer is making a secondary  
13 recording via special software.

14 MR. SHEEHY: Counsel for the  
15 United States and how about Counsel for  
16 the Petteway Plaintiffs? Hearing none,  
17 nobody else is recording.

18 BY MR. SHEEHY:

19 Q. Mr. Cooper, I know that Zoom has  
20 a mute function, but I'm going to ask that you  
21 not use the mute function unless it is clear  
22 that we've gone on a break.

23 Is that understood?

24 A. That is understood.

25 Q. And the other exception I'll say

1 is if you need to go on mute to talk to your  
2 counsel to preserve a privilege.

3 Does that sound fair?

4 A. Sounds fair.

5 Q. Okay. Where are you taking the  
6 deposition right now?

7 A. At home.

8 Q. In Bristol, Virginia?

9 A. Yes.

10 Q. Is anyone else in the room with  
11 you that's not on camera?

12 A. No.

13 Q. Do you have any applications  
14 open on your computer right now?

15 A. Just Zoom.

16 Q. Do you have Internet Explorer  
17 open?

18 A. No. Well, maybe I do on the  
19 other computer, just to see the email when it  
20 comes in, but not on my laptop. Not -- not --  
21 I just have my email account open, that's all.

22 Q. Okay. I'm going to ask if you  
23 can turn off your email function while we're  
24 doing the deposition. We're going to be doing  
25 the Exhibit Share so you don't have to worry

1 about someone emailing you a link for the  
2 Exhibit Share.

3 A. Okay. We're good there. I just  
4 turned it off.

5 Q. Thank you very much. Do you  
6 have a phone or a tablet or any other device  
7 within eyesight that someone could use to  
8 communicate to you?

9 A. My phone is off. There's no  
10 other device that anyone could communicate with  
11 me.

12 Q. Okay. You don't have an iPad  
13 with an eyesight?

14 A. No. I don't use iPad.

15 Q. Okay. Do you have any other  
16 tablet within eyesight that someone could use  
17 to communicate with you?

18 A. Well, there's a Kindle, but  
19 nobody can communicate with me because it's  
20 just used for reading a book or something.

21 Q. Very well. I will be asking you  
22 a series of questions today about the opinions  
23 you expressed in your report dated  
24 January 13th, 2023. Does that sound fair?

25 A. Fair enough.

1 Q. And I'll also be asking you  
2 questions about your March 27th, 2023, rebuttal  
3 report today. Does that sound fair?

4 A. Very well.

5 Q. Okay. If at any time today my  
6 questions are unclear, Mr. Cooper, please let  
7 me know and I can explain or rephrase those  
8 questions. Does that sound fair?

9 A. That's fine.

10 Q. But if you answer the question,  
11 I'm going to assume that you understood my  
12 question. Does that sound fair?

13 A. Fair enough.

14 Q. Okay. While I'm asking  
15 questions today, your attorney may object to  
16 those questions but I'm still going to need an  
17 answer to my questions. Does that sound fair?

18 A. That's okay.

19 Q. The objections are preserved for  
20 later. We're not going to be dealing with  
21 those objections today. The only exception,  
22 Mr. Cooper, is if your attorney objects on the  
23 basis of privilege and instructs you not to  
24 answer. Does that sound fair?

25 A. Yes.

1 Q. Unless your attorney instructs  
2 you not to answer a question, I'll still need  
3 an answer to my questions.

4 Does that sound fair?

5 A. Fair.

6 Q. This is not a marathon,  
7 Mr. Cooper. If you need a break at any point  
8 today, please let me know, I'm happy to go on  
9 break. My only caveat to that is if I have a  
10 question pending, I'll ask that you answer my  
11 question before we take a break.

12 Does that sound fair?

13 A. Fair enough. That's fine.

14 Q. Okay. And I think we're all on  
15 the East Coast today, so, you know, we might be  
16 able to have a normal lunch hour today. So we  
17 had a couple depositions with folks in  
18 California and so we tried to go 'til about  
19 2:30, 3 o'clock on the East Coast to  
20 accommodate them, but don't think we'll have  
21 that issue today. Does that sound fair?

22 A. I had breakfast so I could go  
23 for a good while.

24 Q. Good. Very well. You  
25 understand that you're under oath today,

1 Mr. Cooper?

2 A. Yes.

3 Q. You understand that the oath you  
4 took today has the same effect as if you were  
5 testifying in court?

6 A. Yes.

7 Q. Is there any reason that you can  
8 think of today where you would not be able to  
9 answer truthfully and fully to the fullest  
10 extents of your abilities?

11 A. No.

12 Q. Have you had your deposition  
13 taken before?

14 A. Yes.

15 Q. Approximately, how many times  
16 have you had your deposition taken?

17 A. I think it's in the neighborhood  
18 of probably 75 times, at least.

19 Q. And approximately how many of  
20 those 75 depositions were you testifying as an  
21 expert witness?

22 A. I think it would have been all  
23 of them.

24 Q. You've never been deposed in a  
25 case where you were a non-expert witness?

1           A.           Not to my knowledge. I think  
2 the only times I've been deposed have been  
3 relating to cases involving voting or school  
4 desegregation cases.

5           Q.           Okay. How did you prepare for  
6 your deposition today?

7           A.           I reread my declaration and  
8 looked at Dr. Owens' report and reread the  
9 rebuttal declaration, talked a little bit with  
10 counsel, that was it.

11          Q.           How long did you speak with  
12 counsel in preparation for your deposition  
13 today?

14          A.           I think about an hour, maybe,  
15 45 minutes, I don't really specifically recall.  
16 It was yesterday. I wasn't really watching the  
17 clock.

18          Q.           And when you say counsel, who  
19 are you referring to?

20          A.           Ms. Klein.

21          Q.           Was anybody else on the call  
22 with you and Ms. Klein?

23          A.           No.

24          Q.           Was the call by telephone or was  
25 it on Zoom?

1 A. It was by Zoom.

2 Q. Have you spoken with anyone  
3 other than your attorneys in preparation for  
4 your deposition today?

5 A. No.

6 Q. Have you spoken about this case  
7 with anyone other than your attorneys?

8 A. No.

9 Q. Have you discussed the opinions  
10 expressed in your expert report with anyone  
11 other than your attorneys?

12 A. No.

13 Q. Other than your attorney, did  
14 you speak to anyone to obtain facts or data  
15 that you expressed in your expert report?

16 A. No.

17 Q. In the drafting of your expert  
18 report, your January 13th report and your  
19 March 27th report, did you speak to anyone to  
20 obtain facts for those reports?

21 A. No.

22 Q. In preparation of your  
23 January 13th, 2023, report and your  
24 March 27th, 2023, report, did you obtain facts  
25 from counsel?

1           A.           Well, yes, I think I provided  
2 footnotes in the reports regarding some  
3 documents and electronic shake files that I  
4 received from the attorneys for the Plaintiffs.

5           Q.           Did you receive any other facts  
6 from counsel for the Plaintiffs other than  
7 those that you identified in the footnotes of  
8 your January 13th, 2023, report?

9           A.           I don't think so. I think  
10 that's fairly comprehensive.

11          Q.           Mr. Cooper, when were you  
12 retained in this case?

13          A.           I believe it was in late  
14 September of 2022.

15          Q.           And when did you start working  
16 on your report?

17          A.           Well, I did some preliminary  
18 work there in the early part of October, but I  
19 didn't really start writing the report until  
20 mid December of 2022. I didn't do much between  
21 early October and December due to other  
22 priorities.

23          Q.           Approximately, how many hours  
24 did you spend drafting your January 13th, 2023,  
25 report?

1           A.           You know, I don't know right  
2 offhand. I did submit an invoice. I'm  
3 guessing -- you know, I mean, if you include  
4 things like preliminary work, developing draft  
5 plans and that sort of thing, I guess it's in  
6 the range of 80 hours. I don't recall  
7 specifically.

8           Q.           And approximately -- excuse me.  
9 Approximately, how much time did you spend  
10 preparing your March 27th, 2023, rebuttal  
11 report?

12          A.           Again, off the top of my head, I  
13 don't know. I think it was probably maybe  
14 20 hours. Again, I don't have -- I don't have  
15 that figure in my head. I guess you could get  
16 it from the invoices eventually.

17          Q.           Okay.

18                       MR. SHEEHY: Ms. Klein, have  
19 those invoices been produced to us, the  
20 Defendants?

21                       MS. KLEIN: I don't think so. I  
22 don't know that they have been requested.

23                       MR. SHEEHY: Well, I'll go ahead  
24 and make that request now and I can put  
25 it in writing later, if you'd like.

1 MS. KLEIN: Yeah. Please put it  
2 in writing. We can talk about that after  
3 this.

4 MR. SHEEHY: Very well. I will  
5 do that.

6 BY MR. SHEEHY:

7 Q. Mr. Cooper, we're going to try  
8 out the Exhibit Share here, we're sharing the  
9 screen. If you could put up Exhibit 1, please.

10 - - -

11 (Whereupon the document was  
12 marked, for identification purposes, as  
13 Exhibit Number 1.)

14 - - -

15 BY MR. SHEEHY:

16 Q. This will be a real easy one for  
17 us, just to practice with the technology.

18 A. I see Exhibit 1.

19 Q. Excellent. Mr. Cooper, we've  
20 placed in front of you, Exhibit 1. We'll go  
21 ahead and scroll down for you. This is a copy  
22 of your amended notice of oral and videotaped  
23 deposition for today.

24 I'll go ahead and scroll down  
25 for you just so you can see it. This is the

1 subpoena for your deposition today.

2 A. Okay. I'm here.

3 Q. Yes. Excellent. So,  
4 Mr. Cooper, I'd like to now put a copy of your  
5 January 13th, 2023, report in front of you.  
6 This will be Exhibit 2.

7 - - -

8 (Whereupon the document was  
9 marked, for identification purposes, as  
10 Exhibit Number 2.)

11 - - -

12 BY MR. SHEEHY:

13 Q. And we've placed Exhibit 2 in  
14 front of you and we'll go ahead and scroll down  
15 so you can see what it is.

16 This is your expert declaration  
17 and report of William S Cooper dated  
18 January 13th, 2023. And we can go ahead to  
19 Page 37. And is that a copy of your signature  
20 on Page 37?

21 A. Yes.

22 Q. We'll go ahead and we'll scroll  
23 up a little on the slow side for you just so  
24 you can take a look and my question is just  
25 going to be, is this a good and accurate

1 report -- or I'm sorry, does this appear to be  
2 a true and accurate copy of your  
3 January 13th, 2023, report?

4 A. It does appear to be, yeah, an  
5 accurate copy.

6 Q. Okay. And you said you reviewed  
7 your January 13th, 2023, report in preparation  
8 for your deposition today, correct?

9 A. Correct.

10 Q. Setting aside your rebuttal  
11 report for the moment, does this report provide  
12 all the opinions that you intend to express in  
13 this case?

14 A. All of the opinions to date.  
15 May be called upon to make some other opinion,  
16 but as of now, I have no further opinions to  
17 add beyond what I stated in my rebuttal report.

18 Q. Okay. If this case goes to  
19 trial and I haven't received an additional  
20 report from you, safe to say that this report  
21 and your rebuttal report express all the  
22 opinions you intend to express in this case?

23 A. I think that's safe to say. I  
24 reserve the right to express another one if  
25 I -- if for some reason in response to a

1 question you may have, I feel the need to make  
2 a statement regarding that opinion.

3 Q. And when you say in response to  
4 a question, I assume you mean in response to a  
5 question that I ask?

6 A. Yes.

7 Q. Or counsel for Defendants ask?

8 A. Or my counsel or the Judge.

9 Q. Okay. So absent a question from  
10 counsel -- counsel for defense or a question  
11 from the Judge at trial, these two reports,  
12 your expert report of January 13th and your  
13 March 27th report express all the opinions that  
14 you intend to express in this case?

15 A. At this point, yes.

16 Q. And, again, if I don't receive  
17 an additional written report prior to trial,  
18 safe to say that these two reports, your  
19 January 13th, 2023, report and your  
20 March 27th, 2023, report, express all the  
21 opinions you intend to express in this case?

22 A. I think that's safe to say.

23 Q. With your expert report, the  
24 NAACP Plaintiffs have proffered you as an  
25 expert to opine on whether it's possible to

1 satisfy the first Gingles precondition.

2 Is that correct?

3 A. Correct.

4 Q. And -- I'm sorry. What was  
5 that?

6 A. I said if there's no question,  
7 then it's possible to satisfy Gingle's --  
8 cases, it's clear and obvious.

9 Q. Well, we'll talk about that as  
10 we go forward, but my only question right now  
11 is, that's -- that's what you are being put  
12 forward to do, is to opine on whether it's  
13 possible to satisfy the first Gingles  
14 precondition in Galveston County, correct?

15 A. That is one facet. The other is  
16 I'm testifying as an expert on demographics,  
17 which I typically do in any -- case involved.

18 Q. Okay. What is your  
19 understanding of what the first Gingles  
20 precondition requires?

21 A. It's necessary to demonstrate  
22 that the minority population at issue can  
23 comprise a single member district in a plan  
24 that is at issue in this case, we were looking  
25 at Galveston County and the 4 district plan.

1 Q. Okay. And I -- I would say, I  
2 did have a little difficulty hearing you  
3 towards the end.

4 A. Maybe I can move the laptop up a  
5 little closer, be careful about that, though.

6 Q. Thank you, Mr. Cooper.

7 A. Would that help?

8 Q. I heard you very well there.

9 A. Okay.

10 Q. Thank you. Forgive me, just to  
11 make sure I obtained your complete answer, what  
12 is your understanding of what the first Gingles  
13 requirement is?

14 A. Well, my understanding is that  
15 Gingles requires a demonstration, Gingles 1, of  
16 the possibility of drafting and creating a  
17 majority, minority district, in this case, in  
18 Galveston County, where there are four  
19 districts we are showing that it's possible  
20 to -- to develop a vetting plan with one single  
21 member, majority Black plus Latinos, citizen  
22 voting age, population, just -- in any -- in  
23 any number of ways.

24 Q. And does Gingles 1 require  
25 anything else to your understanding?

1 A. What do you mean anything else?

2 Q. I'm just trying -- I just want  
3 to make sure that I've captured your complete  
4 understanding of the Gingles 1 requirement.

5 A. Well, it has -- if you do a  
6 plan, it needs to comply with -- for additional  
7 redistricting principles, one of which is the  
8 non-dilution of minority voting space.

9 Q. Anything else?

10 A. Well, that suffices for now. I  
11 think I made that clear in my report, so I  
12 stand by it in my report.

13 Q. Okay. So -- and you were tasked  
14 in this report to draw -- to see if it was  
15 possible, consistent with traditional  
16 redistricting principles to draw a commission  
17 report precinct that contained a Latino and  
18 African-American seeded out population that was  
19 greater than 50 percent, correct?

20 A. Yes.

21 Q. And to achieve that goal, you  
22 needed to use racial demographic data when  
23 drawing your -- plans, correct?

24 A. I used the data one normally  
25 uses in drawing a revision plan. The PL94171

1 file produced by the Census Bureau from the  
2 2020 census.

3 Q. And when you were drawing your  
4 illustrative plans to see if it was possible to  
5 draw a commissioner court precinct with  
6 50 percent plus 1 African-American Latino CVAP,  
7 you were using the racial data contained in the  
8 PL94 census report, correct?

9 A. Right. And the population data,  
10 voting age as well.

11 Q. Go ahead and introduce  
12 Exhibit 3, please.

13 - - -

14 (Whereupon the document was  
15 marked, for identification purposes, as  
16 Exhibit Number 3.)

17 - - -

18 BY MR. SHEEHY:

19 Q. Do you see Exhibit 3 in front of  
20 you, Mr. Cooper?

21 A. Yes. I see the word Exhibit 3.

22 Q. Okay. We'll go ahead and scroll  
23 down, kind of do the same thing we did before.

24 This is a copy of your rebuttal report from  
25 March 27th, 2023. We'll go ahead and scroll

1 down to Page 14.

2 As we're scrolling down, I'll  
3 just ask the same question, does this appear to  
4 be a true and accurate copy of your rebuttal  
5 report?

6 A. Yes.

7 Q. And is that a copy of your  
8 signature, Mr. Cooper?

9 A. Yes. It is.

10 Q. Okay. So let's go to Page 9 of  
11 this report. And specifically, we're looking  
12 at Paragraph 25, it says, I did not examine  
13 CVAP data at the block level.

14 Do you see that paragraph there?

15 A. Yes.

16 Q. At the end, it says, presumably,  
17 Dr. Owens is working with block level CVAP  
18 estimates disaggregated from block group ACS  
19 estimates, which in and of themselves have very  
20 high margins of error.

21 Do you see that there?

22 A. Yes.

23 Q. What is the margin of error of  
24 the CVAP estimates disaggregated from block  
25 group ACS estimates?

1           A.           Well, the -- the block group  
2 data that is produced by the Census Bureau and  
3 published on the Census Bureau's website has  
4 information about the margin of error for each  
5 individual block group depending upon  
6 population size, so that -- that actual margin  
7 of error, in terms of a count of -- of  
8 citizens, an estimate, it can be quite large  
9 for block groups.

10                       There is no data source for  
11 estimating CVAP at the block level, but when  
12 preparing a voting plan, because you are able  
13 to disaggregate through the block level and  
14 reaggregate back up to the district level, then  
15 most of the margin of error that would be  
16 present in a block group, provided it is a  
17 fairly large jurisdiction or district, would be  
18 washed out.

19           Q.           So did you check to see what the  
20 margins of error were for the block levels in  
21 Galveston County?

22           A.           I did not, because as I've  
23 indicated, there's a whole other another  
24 issue in -- what Dr. Owens is doing here and  
25 that is because block groups are split by -- by

1 VTD boundaries, no matter what he does, he can  
2 not come up with a number that is really  
3 reliable because he just -- it's just kind of a  
4 random calculation that may or may not have any  
5 real direct correlation with the actual number  
6 of citizens who are in that voting district.

7 Q. But did you --

8 A. Deeply flawed analysis of -- you  
9 can't -- the numbers he's produced just are not  
10 reliable.

11 Q. But you did not check what the  
12 error rate was that the Census Bureau reported  
13 at the block level for Galveston County?

14 A. The Census Bureau does not  
15 report block level data. It reports block  
16 group level data. I have looked at -- at the  
17 margin of error for block groups in other  
18 cases, generally it's quite high because block  
19 groups often have maybe only a couple hundred  
20 people in them, but -- but it's not a major  
21 factor when you aggregate all those block  
22 groups, then the margin of error is reduced and  
23 it becomes much less of an issue.

24 But at the block group level and  
25 especially -- especially at the block level, we

1 just don't know so his entire analysis is -- is  
2 just -- you cannot rely on -- on his citizen  
3 counts that he has in his declaration, they're  
4 just not -- they don't mean anything.

5 Q. Could you verify the error rate  
6 was lower for block levels aggregated up to a  
7 commissioner court precinct?

8 A. I did not, but it would be more  
9 because you're -- I think -- I think I have a  
10 number of block groups that are in the -- in  
11 the county somewhere in my declaration and so  
12 by aggregating all those block groups, you get  
13 a much more accurate CVAP figure.

14 Here we're talking about  
15 districts of, what is it, 87,000 or so for the  
16 four commissioner district, I don't have the  
17 numbers in front of me, versus maybe a few  
18 hundred people in some of the VTDS.

19 And some of those VTDS are split  
20 by three or four different block groups, so his  
21 numbers have no significance to me at all,  
22 they're just not reliable and you can't use  
23 them for anything.

24 Q. In Paragraph 26, you say that  
25 VTDS that are split by block groups containing

1 a high number of non-citizens of voting age can  
2 be a sign that disproportionate share of CVAP  
3 from a neighboring VTD and conversely, I see  
4 that VTDs to be a sign the disproportionate  
5 share of noncitizens.

6 A. Correct.

7 Q. All right. Is that the concern  
8 that you've been expressing about CVAP data at  
9 the block level?

10 A. Yeah. Yes. Yes, but at the VTD  
11 level, that's what -- that's what Dr. Owens is  
12 using, he's reaggregated the block back up to a  
13 VTD level, but VTDs and -- in Galveston County  
14 are -- are 92, some had very few voters, very  
15 -- very low populations, others have 3 or  
16 4,000, but you're still going to run into that  
17 issue of not really having an accurate account.  
18 It's -- it's a problem which can't be resolved.

19 Q. So let's put up Exhibit 4,  
20 please.

21 - - -

22 (Whereupon the document was  
23 marked, for identification purposes, as  
24 Exhibit Number 4.)

25 - - -

1 BY MR. SHEEHY:

2 Q. I've placed Exhibit 4, I'm  
3 placing Exhibit 4 in front of you, Mr. Cooper.  
4 Go ahead and scroll down. This is from your  
5 Exhibit D in your January 13th, 2023, report.  
6 And this is the socioeconomic data for  
7 Galveston County.

8 And if we go to Page 11, please,  
9 so here I'm putting in front of you  
10 Galveston County and it has African-American,  
11 Latino and White non-Hispanic citizen  
12 information.

13 And here, for the 18 year and  
14 over, African-Americans are -- 1.4 percent of  
15 African-Americans in Galveston County are not  
16 U.S. citizens and it looks like 1 percent of  
17 White, not Hispanics in Galveston, County, are  
18 not U.S. citizens.

19 So my question to you is, the  
20 concern that you express about the  
21 disproportionate share of noncitizens being  
22 placed in VTDs, is your concern therefore  
23 minimized when considering White CVAP and Black  
24 CVAP?

25 A. It is less of an issue, but it

1 can still be an issue. This particular source  
2 you're using, the 2015, 2019 ACS is not what I  
3 used for calculating CVAP in my report. I used  
4 it for the socioeconomic data and it is  
5 reporting not non-Hispanic Black, but also  
6 Hispanic Black as anybody who was single race  
7 Black regardless of ethnicity.

8 Q. Okay. So in Dr. Owens' report,  
9 when he's looking at block level data and  
10 reporting on African-American CVAP and White  
11 CVAP, you're not as concerned that there could  
12 be a high number of noncitizens being  
13 reassigned to different block groups, correct?

14 A. It would not be as big a factor  
15 for -- for non-Hispanic Whites and non-Hispanic  
16 African-Americans.

17 However, you still have  
18 something of an issue just due to the potential  
19 margin of error once you split block groups and  
20 assign voting age population. So I'm just  
21 saying that the numbers are just not reliable  
22 at that level of detail.

23 Q. Let's go to -- back to  
24 Exhibit 2, if we could, please. So if we go to  
25 Page 8 of your January 13th, 2023, report, this

1 is Figure 1 from your report. And this is the  
2 population data for Galveston County from 1990  
3 to 2020, correct?

4 A. Correct.

5 Q. Now, according to the numbers  
6 that you're displaying here in Figure 1, the  
7 2010 population, total population was 291,309,  
8 correct?

9 A. I believe so.

10 Q. And then the 2020 total  
11 population was 350,682, correct?

12 A. Correct.

13 Q. So -- you know, rough math,  
14 that's about, what, 59,000 population growth,  
15 total population growth between 2010 and 2020?

16 A. I think that's about right.  
17 Yes.

18 Q. Do you know where in the County  
19 that population growth occurred?

20 A. Yes. I think I have tables in  
21 there that -- that show that, perhaps --  
22 perhaps not, but, yes, there was growth in  
23 League City for sure.

24 Q. All right.

25 A. But I don't have that

1 information in front of me, so I can't help you

2 on that. I do know that League City did grow  
3 quite a bit from 2010 to 2020.

4 Q. Dr. Owens, in his report says  
5 that League City added 30,000 -- 30,802 new  
6 residents. Do you have any reason to dispute  
7 that number?

8 A. I haven't seen what part of his  
9 report you're discussing, because he's made  
10 another fatal error and analyzed League City  
11 and Texas City in the same -- as a single  
12 entity that is worthy of analysis, so could you  
13 show me that part of Dr. Owens' report?

14 Q. Sure. Actually, I think you  
15 said you have a copy of Owens's report?

16 A. Yeah. I do. Let me find it.

17 What page are you on?

18 Q. 4.

19 A. Is it a paragraph or a table?

20 Q. I think it was in a paragraph.

21 A. Well, I -- I don't seem to see  
22 any sign there that indicates that in Figure 4.

23 Q. That's fine. We can -- I mean,  
24 we can put up Professor Owens's report after  
25 the break, we can take a look at it there.

1           A.           Yeah. That's fine. I was just  
2 going to say, I mean -- League City grew in  
3 population. It has no impact on my opinion in  
4 this case. There is no question that there's  
5 sufficient Black and Latino citizen voting age  
6 population to create a single member majority,  
7 Black Latino -- it's just -- it's a done deal,  
8 you might as well not spend anymore time on the  
9 issue but proceed if you wish.

10           Q.           Thank you for your permission  
11 for me to proceed. Thank you.

12           A.           You're welcome.

13           Q.           So we'll come back to that then  
14 after the break. Page 12 of your January 13th  
15 report, looking at Figure 3, do you see that in  
16 front of you?

17           A.           Yes.

18           Q.           And this is the -- you're  
19 shading kind of the -- where population of  
20 African-American and Latino -- Latinos live.

21                        Is that correct?

22           A.           Yes.

23           Q.           So I guess -- I guess I want to  
24 make sure that I understand this chart. What  
25 this chart is showing is where the total

1 population of African-American and Latinos are  
2 concentrated in Galveston County.

3 Is that correct?

4 A. Well, it's not a chart, it's a  
5 map and it's --

6 Q. Or a map?

7 A. A thematic map that shows the  
8 percentages by municipality of the combined  
9 non-Hispanic -- Black population and the Latino  
10 population.

11 So you can see that the area  
12 there that is in -- what ultimately is my  
13 rebuttal report and basically refer to is  
14 Region B is shaded pink because that population  
15 is between 50 and 61 percent Black plus Latino,  
16 all ages.

17 Q. Okay. And that's what I wanted  
18 to clarify. It's all ages population, correct?

19 A. Well, of course. You draw  
20 district -- based on total population, not  
21 voting age population, certainly not citizen  
22 age population.

23 Q. Okay. No. I just -- just  
24 wanted to make sure I understood this chart,  
25 that this was showing all age population and

1 not limited to voting age population or citizen  
2 voting age population.

3 A. Okay. Well, I mean, I made that  
4 clear in Paragraph 37.

5 Q. Okay.

6 A. I'm sorry. Not -- not -- not  
7 Paragraph 37. Probably the -- the -- I have --  
8 you have to scroll up another page, but I think  
9 I made that clear. There is a table, Figure 4,  
10 that actually breaks things out by  
11 municipality, you get the -- the details.

12 Q. Correct. In Figure 4, you are  
13 reporting total population and not 18 and over  
14 voting age population or citizen voting age  
15 population, correct?

16 A. That's right, because one  
17 person -- meaning, that you have to look at the  
18 total population, not -- not voting age or  
19 citizen voting age.

20 Q. Now, if we look at pages --  
21 starts at 13, your Subsection D, Galveston  
22 County Socioeconomic Characteristics, and then  
23 it goes to 14 and 15, you have the  
24 socioeconomic statistics for Galveston County,  
25 correct?

1 A. Correct.

2 Q. And you're reporting income,  
3 education, employment and housing, correct?

4 A. Well, that just highlights, the  
5 document itself in Exhibit D has a wider range  
6 of variables available to analyze and I've  
7 not -- I've done that not only for Galveston  
8 County, but I also provided a link to  
9 breakouts, the exact same data set, but based  
10 on a municipalities that average at least 2500  
11 people, so -- seven or eight different sets of  
12 charts from those municipalities.

13 Q. Okay. Just so I understand,  
14 what you have here, Pages 13 through 15 is  
15 socioeconomic data for Galveston County,  
16 correct?

17 A. Correct.

18 Q. And then Exhibit D, you have the  
19 socioeconomic data for the municipalities,  
20 correct?

21 A. Yes. But -- but only for  
22 municipalities which have more than 2500  
23 people, so it is possible -- I have to go back  
24 to look at the population, there may be a  
25 couple of very small municipalities that would

1 not be included in it.

2 Q. Okay. Now, if we go back to  
3 Exhibit 3, your rebuttal report, Paragraph 12.  
4 So here in your rebuttal report, Paragraph 12,  
5 Page 5, do you have that in front of you?

6 The tables -- the tables and  
7 charts that I prepared in Exhibit D of my  
8 January 13th report analyze ACS data at the  
9 more granular municipality level.

10 Is that correct?

11 A. Right.

12 Q. Okay. All right. I understand  
13 what you're saying then. We can go ahead and  
14 put Exhibit D up, Exhibit 5.

15 - - -

16 (Whereupon the document was  
17 marked, for identification purposes, as  
18 Exhibit Number 5.)

19 - - -

20 A. You still there?

21 BY MR. SHEEHY:

22 Q. Yeah. We're putting up  
23 Exhibit 5 for you.

24 A. Oh, okay.

25 Q. We've put Exhibit 5 up. We'll

1 go ahead and scroll down. This was just taken  
2 from the website link that you had in your  
3 report. Is this the index to Exhibit D of your  
4 January 13th, 2023, report?

5 A. Yes.

6 Q. And Exhibit D contains the  
7 socioeconomic data for Bacliff, Bolivar,  
8 Dickinson, Friendswood, Galveston County,  
9 Galveston City, Hitchcock City, La Marque City,  
10 League City, San Leon, Santa Fe and Texas City,  
11 correct?

12 A. Right.

13 Q. Did you analyze the  
14 socioeconomic factors of the populations  
15 contained in your Illustrative Commissioner  
16 Precinct 3 maps?

17 A. I did not. That would require  
18 aggregating the block group level data to  
19 arrive at an estimate and I did not do that, I  
20 just worked with the -- the chart you see here.

21 In some cases, I think I  
22 included, you know, a whole -- virtually a  
23 whole municipality so we would know that  
24 component by looking at these charts.

25 Q. Let's go back to Exhibit 2, if

1 we could, please. We'll go to Page 178. We're  
2 putting up what is marked as Exhibit 2 for your  
3 deposition, but this is Cooper Exhibit K-3B to  
4 your report.

5                   And this is for your  
6 Illustrative Plan 3 that you submitted in your  
7 January 13 report. And if we scroll down,  
8 you'll see on the left you have you have  
9 district numbers, you have 1, 2, 3 and 4. And  
10 am I correct in saying that these district  
11 numbers are the commission report precinct  
12 numbers?

13           A.           For illustrative Plan 3. Right.

14           Q.           So if I'm looking at  
15 Commissioner Precinct 3, you have Dickinson,  
16 you have 72.06 percent of Dickinson, 15,023,  
17 correct?

18           A.           Correct.

19           Q.           And that's place --

20           A.           That's the population of  
21 Dickinson that is in Precinct 3.

22           Q.           Right. And then you have  
23 Hitchcock, so the population of Hitchcock that  
24 is in Commissioner Precinct 3 is 2,094 persons  
25 or 35.53 percent of Hitchcock, correct?

1 A. Right.

2 Q. And you didn't report the  
3 socioeconomic factors of this population in  
4 Hitchcock?

5 A. I did not, although, we can get  
6 the overall figures from the exhibits that we  
7 just reviewed in Exhibit D.

8 Q. Okay. League City, you included  
9 4,378 people from League City in illustrative  
10 Plan 3 or 3.98 percent of League City. You did  
11 not report the socioeconomic factors of this  
12 population included in you're illustrative  
13 Plan 3, correct?

14 A. I did not. I've never seen a  
15 report that did that in my years of doing  
16 redistricting work out. One of them could  
17 calculate that. I did, if you recall in my  
18 initial report, are we looking at my -- report?

19 You can see that I did overlay  
20 some socioeconomic data onto a map of the  
21 County showing block group level data, so you  
22 can see that almost all of Precinct 3 is in an  
23 area that has high levels of -- if not child  
24 poverty, near child poverty because all the  
25 block groups qualify for -- or almost all of

1       them qualify for special subsidies from USDA  
2       for some meal programs.

3               Q.           Okay. So that's Figure 5 in  
4       your January 13th, 2013, report on Page 16. We  
5       can go ahead and put that up.

6                       So you have that in front of  
7       you, so I'm looking back right now, again, at  
8       Illustrative Plan 3, we talked about and there  
9       are 2,594 people in Commissioner Precinct 3  
10      from Hitchcock.

11                      Looking at Figure 5 as you are,  
12      I can't -- you're not recording how many of  
13      these persons are on food stamps, correct?

14               A.           This is not food stamp, this is  
15      the summer meal program. Any household that  
16      has been -- well, any block group where --  
17      where 50 percent or more of the households with  
18      children between birth and age 19 who are under  
19      185 percent of poverty, when you aggregate that  
20      it's more than 50 percent in that block group,  
21      then they qualify for summer meal subsidies.

22                      They, being the school system or  
23      a nonprofit or some other organization going on  
24      summer meal program. It's also used for  
25      something called the Child Adult Care Food

1 Program for out care facilities year-round.

2 Q. But of the --

3 A. Precinct 3 is basically -- area,  
4 there are some areas that even extend up into  
5 League City that are qualifying block groups as  
6 well as some on Galveston Island and the  
7 Bolivar Pensacola, even.

8 Elsewhere, it's all agreeing  
9 that desert areas, that we have relatively  
10 lower poverty rates.

11 Q. So the 2,594 people from  
12 Hitchcock that you included in Commissioner  
13 Precinct 3, you did not report how many of  
14 these people are eligible for the USDA summer  
15 meal subsidiaries, did you?

16 A. No. I did not.

17 Q. If we go to Illustrative Plan 2,  
18 which is on Page 170. Do you see that in front  
19 of you, Mr. Cooper?

20 A. I do.

21 Q. Okay. And this is  
22 Cooper Exhibit J-3B, Illustrative Plan 2. And  
23 if we look down here we have the breakout of  
24 population for Commissioner Precinct 3.

25 We see Dickinson is listed first

1 with 8,286 persons, 39.75 percent of Dickinson  
2 is included in Commissioner Precinct 3.

3 You didn't report the  
4 socioeconomic factors of this population, did  
5 you?

6 A. Well, no. And I don't think it  
7 would be possible to really do so because,  
8 again, you're running into the issue of split  
9 block groups.

10 Q. We go down to see Hitchcock,  
11 again, is included in Commission Precinct 3,  
12 2,594 person, and you didn't report the  
13 socioeconomic factors of this population?

14 A. No. And I really couldn't have,  
15 to be clear, because there are split block  
16 groups that would be involved due to VTDs  
17 splitting block groups, so how would you  
18 allocate that to the block level? That's even  
19 more problematic, really, than CVAP  
20 calculations.

21 Q. Well, we were just talking about  
22 your Illustrative Map 3. And Illustrative Map  
23 3 only had three populated resorts, am I  
24 correct?

25 A. I think that's correct.

1 Q. Okay.

2 A. But this issue goes beyond VTD  
3 splits, because there are -- there are VTDS  
4 that are split by block groups.

5 So what I'm trying to tell you  
6 is that I don't think you can really come up  
7 with a reliable estimate of the number of  
8 households that are below poverty for a given  
9 component of any of these cities that are  
10 split.

11 And that's nothing unusual.  
12 I've never seen anyone attempt to do that, but  
13 it would be problematic if they did present the  
14 information.

15 Q. Go to Page 154 on the  
16 January 13th report. This is Cooper  
17 Exhibit H-3B, I've put in front of you.

18 Do you see that, Professor?

19 A. I do.

20 Q. I've been deposing a lot of  
21 professors recently so my apologies.

22 A. That's fine. I'm not a  
23 professor, that's for sure.

24 Q. My apologies. So I've put this  
25 in front of you. So here we have a clean

1 breakout of the population. Again, Hitchcock  
2 about 2,594 people. And you didn't report the  
3 socioeconomic data of this population, correct?

4 A. So reiterate, one cannot arrive  
5 at a reliable estimate by using the block group  
6 level data as it relates to socioeconomic  
7 factors.

8 Q. But when you sum up from the  
9 level to the commissioner report precinct  
10 level, the accurate -- the accuracy of the data  
11 increases, correct?

12 A. It -- it would potentially.  
13 Yes. However, these data sets are sliced and  
14 diced in a lot of different ways so you're  
15 looking at, you know, high margins of error at  
16 the block group level.

17 Q. But summed up to the  
18 commissioner report precinct level, those  
19 errors decrease, correct?

20 A. The margin of error would drop,  
21 yes.

22 Q. Let's go to the rebuttal report.  
23 Exhibit 3, Page 32. I'm putting up in front of  
24 you your Illustrative Plan 3A, this is  
25 Cooper Rebuttal Exhibit E-3B.

1                   Again, looking at the  
2                   composition of Commissioner Precinct 3, we see  
3                   League City, 4,378 persons, 3.91 percent of the  
4                   population. You didn't report the  
5                   socioeconomic data of this population, correct?

6                   A.           I did not. If by chance that  
7                   area is encompassed by a single block group,  
8                   one could then provide a -- a figure that would  
9                   have a high margin of error, probably, but it  
10                  was still be something that would be  
11                  recordable, but because VTDs are split by block  
12                  groups in so many instances in Galveston County  
13                  and it's not just a Galveston County problem,  
14                  it will be a problem in just about any  
15                  jurisdiction anywhere in the country.

16                  I don't think you can really  
17                  rely on a reliable estimate of socioeconomic  
18                  data at that granular level.

19                  Q.           But in this Illustrative Plan 3,  
20                  you only split three populated VTDs, correct?

21                  A.           Yes. But it's not just the  
22                  split of the VTD, it's the fact that oftentimes  
23                  VTDs are split by block groups, so even if  
24                  you're using an entire VTD, you're still  
25                  splitting block groups in most instances.

1 Q. And when you sum up to the  
2 commissioner precinct level, those errors  
3 decrease, correct?

4 A. They would.

5 Q. You said that you didn't talk to  
6 anyone to obtain facts for your expert report  
7 dated January 13th, 2023?

8 A. I did not.

9 Q. Did you conduct any analysis  
10 about the various municipalities within  
11 Galveston County beyond the socioeconomic  
12 factors we've discussed?

13 A. No. In my declaration, I just  
14 reported the basic population data, citizen  
15 voting age population and the socioeconomic  
16 statistics.

17 Q. Let's go to Page 18,  
18 Paragraph 48 of this January report, Exhibit 2.  
19 Do you have -- oh, sorry, Paragraph 48. Thank  
20 you.

21 Do you have your report in front  
22 of you, Mr. Cooper?

23 A. You mean on my desktop or just  
24 on the screen share?

25 Q. On the screen share. Yes.

1 A. Yes.

2 Q. Okay. So here you say,  
3 Precincts 1 and 4 were within the plus or minus  
4 five percent margin which is sufficient to meet  
5 one person, one vote requirements.

6 Did I read that correctly at the  
7 end of Paragraph 48?

8 A. Yes.

9 Q. What is the basis for that  
10 opinion?

11 A. It's my understanding after many  
12 years of working on redistricting plans in 40  
13 different states and -- or more, that plus or  
14 minus five percent is fairly considered to be  
15 the outer boundary of what would be acceptable  
16 while still complying with one person, one  
17 vote.

18 I have seen exceptions to that  
19 where for one reason or another the percentage  
20 would be higher, but normally plus or minus  
21 five percent is used and in some cases,  
22 jurisdictions have tighter requirements as part  
23 of the policy making during the redistricting  
24 process.

25 Q. If we can go to Paragraph 18? I

1 think it's on Page 7. Here you say the enacted  
2 map unambiguously violates a key tenant of  
3 traditional redistricting principles, the  
4 non-dilution of minority voting strength.

5 Do you see that there?

6 A. Yes. That's it in a nutshell.

7 Q. I'm sorry. You cut out at the  
8 end. What did you say? Sorry.

9 A. That's it in a nutshell. That  
10 was one of the requirements that the  
11 commissioners laid out in their document that  
12 was given to us in December to follow when  
13 drawing the voting plan and yet they ignored it  
14 entirely. Explain that.

15 Q. Now, I want to focus on the  
16 non-dilution of the minority voting strength.  
17 In your report, you don't provide any analysis  
18 of the African-American voting preferences in  
19 Galveston County, correct?

20 A. I'm not a political scientist  
21 and I don't do Gingles 2 and Gingles 3, so no,  
22 I have not. I've made the assumption that  
23 because a minority commissioner, in this case  
24 African-American, has been consistently elected  
25 from Precinct 3 going back to at least 1992, if

1 not before, minority voters in that part of the  
2 County can elect a commissioner of choice.

3 Q. But you're making the  
4 assumption?

5 A. This is history. This isn't  
6 even statistical analysis. We just know that  
7 as an observable fact.

8 Q. So based upon one official  
9 election, you conclude that the plan  
10 unambiguously violates traditional  
11 redistricting principles including the  
12 non-dilution of minority voting share. Am I  
13 understanding you correctly?

14 A. Oh, absolutely. It's just been  
15 plain as day that the commissioners decided to  
16 divide and fragment the Black and Latino  
17 population across four districts with, as they  
18 say so often these days, surgical precision.

19 Q. All right. You didn't analyze  
20 in your January 13th, 2023, report the voting  
21 preferences of Anglo voters in Galveston  
22 County, correct?

23 A. I did not. And, again, I was  
24 not asked to opine on that topic. I am here as  
25 an expert in redistricting and demographics and

1 I will leave the official opinions in that  
2 regard to other experts appearing on behalf of  
3 the Plaintiffs in this lawsuit.

4 Q. On Paragraph 17, if we go up a  
5 little further, you say the 2021 enacted plan  
6 is a textbook example of a racial, ethnic  
7 gerrymandering. How do you define a  
8 racial/ethnic gerrymandering?

9 A. Well, it's glaringly obvious in  
10 this case. There was already an existing  
11 majority Black plus Latino CVAP Precinct 3 that  
12 -- to bring it into compliance with one person,  
13 one vote really required shifting two VTDS.

14 Now, if someone has an issue  
15 with the compactness of that district, there  
16 are a multitude of possible districts that  
17 could be drawn that by any definition of the  
18 term compactness would be clearly compact.

19 And I offer as an example,  
20 Illustrative Plan 3 or the slight modification  
21 of Illustrative Plan 3A. There is no way on  
22 God's green earth that anyone would possibly  
23 argue that that district is not compact and  
24 reasonably --

25 Q. So I guess my question was -- is

1 maybe a little more simple, so I'll try it a  
2 different way.

3 How do you define -- how do you  
4 define a racial and ethnic gerrymandering?

5 A. Well, in this case it was real  
6 simple, scroll down to the enacted plan and  
7 let's look at the population percentages by  
8 CVAP. Do we have that in the table here? I  
9 think we do.

10 Q. We do. I guess --

11 A. Now, let's just look at those  
12 numbers and I'll call them out and then we'll  
13 go back and look at, say, the 2011 and then  
14 we'll look at the various plans that I've  
15 developed and obviously the other experts and  
16 you can see this is just egregious.

17 I don't think I've ever seen  
18 anything quite as egregious as this in any case  
19 I've ever been involved in, because you've  
20 taken a district -- you've taken a precinct  
21 that has been historically Black plus Latinos  
22 for more than 35 years, roughly 35 years and  
23 eliminated it all together, even though there  
24 were a multitude of other ways one could have  
25 drawn it while maintaining a Black plus Latino

1 CVAP district.

2 It is perplexing to me as I do  
3 not understand the rationale here.

4 Q. So --

5 A. I mean, if you can explain why  
6 that was done, please tell me.

7 Q. If -- if I'm understanding your  
8 statements here, your understanding of a racial  
9 ethnic gerrymander is whenever there is a  
10 longstanding majority, minority precinct in  
11 Galveston County Commissioner Court Precinct,  
12 any -- regardless of population shifts, the  
13 dismantling of the commissioner majority  
14 minority precinct would be a racial and ethnic  
15 gerrymandering. Am I understanding you  
16 correctly?

17 A. Well, I don't know what you mean  
18 by regardless of population shifts. There have  
19 been changes in the population in Galveston  
20 County over time, namely the population in  
21 Galveston County has become smaller for the  
22 Anglo population and larger for the Black and  
23 Latino population.

24 So it's even more -- there's an  
25 even more compelling case now than there would

1 have been in 1990 to draw a majority minority  
2 precincts.

3 Q. All right. What if the  
4 commissioner's -- what if the commissioners  
5 drew the map, the inactive map without racial  
6 data? Would you still say that this was a  
7 racial and ethnic gerrymander?

8 A. Yes. Because they know where  
9 the population lives, so they don't need to  
10 look at the numbers, they just have to look at  
11 the county that they know all so well because  
12 they live there and easily gerrymander it as  
13 they have done.

14 MS. KLEIN: Hey, Shawn, I want  
15 to object here because we haven't asked  
16 Mr. Cooper to opine on any intent in this  
17 matter and he's not an intent expert for  
18 Plaintiffs.

19 MR. SHEEHY: Okay. But I mean,  
20 he does opine in his report that this is  
21 a textbook racial and ethnic gerrymander,  
22 so if you're saying he's not proffered as  
23 an intent expert, then it would seem like  
24 that opinion is outside the scope of his  
25 expertise.

1 MS. KLEIN: I don't think that's  
2 the case, Shawn, and that's because on  
3 the one hand, there's, like, an  
4 intentional discrimination claims are one  
5 thing.

6 Racial and ethnic gerrymanders  
7 require just that race was a  
8 predominating factor and that's not  
9 necessarily an intent factor, it's just  
10 the factual determination of whether  
11 racial was a predominating factor.

12 And, Mr. Cooper, as I understand  
13 it, opines that given the metrics that  
14 he's analyzed with respect to that map,  
15 it's his opinion that it was, you know, a  
16 gerrymander along those lines.

17 I know that this might be a  
18 legal point that's in dispute between the  
19 parties, but I just want to make the  
20 record clear that we have not asked him  
21 to get in the heads of any of the map  
22 drawers on the other side.

23 We have asked, NAACP Plaintiffs  
24 have asked him whether using -- to  
25 analyze the enacted map as part of his

1 analysis, to understand, you know, which  
2 criteria might have been actually  
3 considered when it was drawn.

4 So I just want to make that  
5 record clear for the purposes of the  
6 deposition and any basis of any  
7 objections that questions are outside of  
8 the scope going forward.

9 MR. SHEEHY: Okay. Well, no,  
10 that is -- that is helpful for me then.  
11 And that honestly was actually my only  
12 question that would go to direct intent.

13 Okay.

14 MS. KLEIN: I'll also just add  
15 an objection to that question that it's  
16 an incomplete hypothetical as stated,  
17 just to preserve the objection.

18 MR. SHEEHY: That's fine. Why  
19 don't we go ahead and take a ten-minute  
20 break. Does that work for you,  
21 Mr. Cooper?

22 A. I'm fine.

23 MR. SHEEHY: Okay. So can we go  
24 off the record and take about a  
25 ten-minute break.

1 THE VIDEOGRAPHER: We are going  
2 off the record. The time is 12:38 p.m.

3 - - -

4 (Whereupon, a recess took place  
5 from 12:38 p.m. to 12:50 p.m.)

6 - - -

7 THE VIDEOGRAPHER: We are back  
8 on the record. The time is 12:50 p.m.

9 BY MR. SHEEHY:

10 Q. Mr. Cooper, you understand you  
11 are still under oath?

12 A. Yes. I do.

13 Q. Thank you, Mr. Cooper. I think  
14 earlier we were talking about Dr. Owens' report  
15 and the numbers he reported from League City,  
16 so we can go ahead and put that up, please.

17 We're putting in front of you  
18 Dr. Owens' March 31st report. This is his  
19 amended report from March 17th. And if we  
20 could go to Page 5, please?

21 - - -

22 (Whereupon the document was  
23 marked, for identification purposes, as  
24 Exhibit Number 6.)

25 - - -

1 BY MR. SHEEHY:

2 Q. So we have here Figure 1 on the  
3 next page, illustrates that League City  
4 predominantly contributed to Galveston County's  
5 growth with more than 30,802 new residents.

6 This area is shaded in red and  
7 you can scroll down to reflect that the  
8 population growth exceeded 20,000 individuals.  
9 Under the prior map, portions of League City  
10 were split between all four districts, but only  
11 one of League City's voting districts was in  
12 Commissioner Court Precinct 3.

13 Precinct 3 is under the  
14 benchmark map, was comprised of cities of lower  
15 population growths over the past decade, like  
16 Dickinson, 2,167 new residences and La Marque,  
17 3,521 new residences. Did I read that  
18 correctly, Mr. Cooper?

19 A. Well, you did. So what.

20 Q. My question to you is, do you  
21 have any reason to dispute these numbers?

22 A. Well, I've not reviewed the  
23 actual population change in those three  
24 jurisdictions so I can't sign off on it.

25 It's possible he made a mistake,

1 but he could be right, but it doesn't -- it  
2 wouldn't change my opinion in any way in this  
3 case.

4 Q. Thank you for that. We can go  
5 back to Exhibit 2. We've mentioned the term  
6 traditional redistricting principles a few  
7 times, correct, Mr. Cooper?

8 A. Yes.

9 Q. And I guess so that we're on the  
10 same page, you would agree with me that  
11 traditional redistricting principles would  
12 include intactness, respect for political  
13 subdivisions, continuity, communities defined  
14 by shared interests, incumbency protection and  
15 political affiliation.

16 Do you have the same  
17 understanding of traditional redistricting  
18 principles?

19 A. No. I do not. Another key  
20 tenant of redistricting principles is the  
21 non-dilution of minority voting strength and I  
22 would also add that protection of incumbents is  
23 kind of a background issue, it's always there,  
24 but it's not exactly -- traditional  
25 redistricting principle, in my opinion, but

1 normally one would try to avoid parent  
2 incumbents which is what I've done in these  
3 plans.

4 Had I not made that effort, all  
5 four of the -- well, all four of the plans that  
6 I've produced and given to you folks would have  
7 been more compact because it would have been  
8 easier to -- to draw more compact districts if  
9 I were not trying to -- codes.

10 (Whereupon the Court Reporter  
11 had a discussion with the Witness.)

12 A. Okay. I simply said in short  
13 that he reeled off a number of things that are  
14 understood to be traditional redistricting  
15 principles, but for whatever reason, failed to  
16 include one of the most important ones is that  
17 it was even identified by the Board of  
18 Commissioners, the non-dilution of minority  
19 voting strength and -- and -- and following the  
20 Voting Rights Act.

21 I don't have the actual text.  
22 It was given to me from the attorneys in front  
23 of me, but it was very clear that that was one  
24 of the six key points that the Board outlined  
25 as they entered into the redistricting process.

1                   And I also noted that protection  
2 of incumbent is not necessarily a conditional  
3 redistricting principle, but it's always in the  
4 background and I try to protect incumbents  
5 whenever possible.

6                   And I also noted in my previous  
7 statement that had I not made that effort, it  
8 would have been possible to have a much higher  
9 compactness score overall for the four plans  
10 I've drawn, because the new commissioner for  
11 Precinct 4 lives in -- and he's kind of way out  
12 of the way and it would be much easier to lock  
13 off that extension into Friendswood in the  
14 plans I've drawn and pair that incumbent with  
15 the incumbent in District 2, but I certainly  
16 didn't want to do that, but that does have an  
17 impact on compactness scores.

18               Q.           Okay. So let me add your  
19 addition, because I think we generally agreed,  
20 except for the one thing, so let me try this  
21 again.

22               A.           Yeah. Well, that's -- that's --  
23 if you break one of them, then you've got a  
24 problem and you folks have broken one of them,  
25 the non-dilution of minority voters.

1 Q. So your understanding of  
2 traditional redistricting principles would be  
3 compactness, respect for political  
4 subdivisions, continuity, communities defined  
5 by actual shared interest, incumbency  
6 protection, political affiliation and the  
7 non-dilution of minority vote.

8 Is that what you mean when you  
9 say traditional redistricting principles?

10 MS. KLEIN: Objection.

11 A. Almost. Almost. Go ahead.  
12 Ms. Klein, go ahead.

13 MS. KLEIN: Objection. Vague.

14 A. I think what you just repeated  
15 maybe were the principles annunciated by the  
16 Board or by the attorneys for the Board in the  
17 materials that were provided to the Plaintiffs'  
18 attorneys in December listing, I think, six  
19 different items that they had to take into  
20 consideration in the redistricting process.

21 One of them was partisan data,  
22 partisanship, that's not necessarily  
23 traditionally -- of principles, so I would not  
24 include that.

25 And I think you may have once

1 again have left out one of the six items that  
2 they -- they noted -- -- that you left out,  
3 which was to follow the Voting Rights Act. Let  
4 me -- if I may, can I just go back and look at  
5 my report and point out exactly what they said  
6 about that? Let me --

7 BY MR. SHEEHY:

8 Q. What I said, Mr. Cooper, was the  
9 non-dilution of minority vote, which I thought  
10 was the term you were using --

11 A. I'm sorry. -- but let me go to  
12 Exhibit I and just read exactly what they said,  
13 because it's just amazing that they ignore it  
14 and I want to make sure that's on the record.  
15 Hang on here. I think it's Exhibit I. I'll  
16 get to it.

17 Q. I think it's actually Exhibit L.

18 A. Exhibit L. Okay. Let's look at  
19 Exhibit L, if that's what it is then. Hang on.  
20 Okay. The first factor considered, I'm reading  
21 Page 5 in Exhibit L, the first factor  
22 considered was compliance and requirements  
23 under the 14th Amendment to the U.S.  
24 Constitution and the Voting Rights Act, in  
25 particular, the most important factor in

1 crafting the redistricting lines for the  
2 commissioner court precincts was the  
3 equalization of population and to make the  
4 fourth commissioner courts precincts  
5 geographically sound.

6 So then it goes on and indicates  
7 that the commissioners wanted to keep all of  
8 the Bolivar Peninsula and Galveston Island in a  
9 single district and so I respected that. I  
10 understood back in September that that was one  
11 thing that they wanted to do and that is why I  
12 developed Illustrative Plan 2.

13 I wouldn't have done  
14 illustrative plan, otherwise, because it splits  
15 some precincts, but because they indicated they  
16 wanted the district that was a coastal  
17 district, I went ahead and produced  
18 Illustrative Plan 2.

19 Q. Mr. Cooper, I think you mean  
20 Illustrative Plan 3, correct?

21 A. No. I mean, Illustrative Plan  
22 2. I created a coastal district that preserved  
23 Precinct 3 in -- in roughly the same area as  
24 the -- plan, but I also ensured that  
25 Galveston Island and the Bolivar Peninsula

1 would be combined into Precinct 2 except for  
2 the small part of the City of Galveston, which  
3 would remain in Precinct 3.

4 So it created a coastal district  
5 that would be entirely controlled by the  
6 commissioner in Precinct 2. Now, in  
7 precinct -- Election Plan 3, I united all the  
8 Bolivar Peninsula and all of Galveston County,  
9 including the City of Galveston in Precinct 1.

10 Q. So I'm looking at illustrative  
11 Plan 2, Cooper Exhibit J1, I'm not really sure  
12 what page this would be. We put up Exhibit 2,  
13 we can all take a look.

14 A. What are we looking at?

15 Q. We're going to look at  
16 Illustrative Plan 2, the map, and Illustrative  
17 plan 3. And that is going to be way down here.

18 A. Just a reminder, don't gloss  
19 over what I just said about the very first  
20 thing they mentioned was compliance of the  
21 Voting Rights Act. They -- the Board Of the  
22 Commissioners in their statement that was  
23 provided to us in December.

24 Q. All right. So we have  
25 Illustrative Plan 2 up. I mean, you're

1 splitting Galveston Island between two  
2 commissioner precincts, correct?

3 You have Commissioner Precinct 3  
4 and Commissioner Precinct 2 on Galveston  
5 Island, right?

6 A. That's right. The coast goes,  
7 all over the coast including Pelican Island,  
8 goes to Precinct 2 as well as the Bolivar  
9 Peninsula.

10 Galveston City itself, for the  
11 most part, is in Precinct 3 as it was under the  
12 2011 plan and presumably in the 2000 plan, the  
13 1990 plan as well, but I -- but the only reason  
14 for producing this plan was to give all of the  
15 coast to the commissioner in Precinct 2 as was  
16 accomplished in the enacted plan.

17 Q. Well, I mean, no, the enacted  
18 plan just had one commissioner for the entire  
19 Bolivar Peninsula and Galveston Island, it  
20 wasn't split like you have here in  
21 Illustrative Plan 2.

22 A. Right. So I did  
23 Illustrative Plan 3 to show that you could have  
24 made change of the minority, majority CVAP  
25 Precinct 3 while putting all of

1 Bolivar Peninsula and all of the Galveston  
2 Island and Pelican Island in Precinct 1.

3 So there was absolutely no  
4 reason to eliminate the majority, minority  
5 Precinct 3 as done in the enacted plan and  
6 that's why I call it a racial gerrymander of  
7 the highest order.

8 Q. Okay. Now, I want to take a  
9 step back.

10 A. Please do.

11 Q. And -- maps. Your maps, all of  
12 your illustrative plans ensured that none of  
13 the incumbent commissioners were paired  
14 together in any one commissioner's court  
15 precinct, correct?

16 A. I believe that's the case. If  
17 it's not the case, I'm sure another plan could  
18 be drafted that would correct that.

19 Q. And under the enacted plan,  
20 there were no two commissioners who were placed  
21 in the same commissioner court precinct,  
22 correct?

23 A. Correct.

24 Q. And all of your illustrative  
25 plans are contiguous, correct?

1           A.           I believe so. They're  
2 contiguous by -- by land, unquestionably by  
3 land and water. Precinct 3 -- sorry -- the  
4 Illustrative Plan 3, I must be need a new pair  
5 of glasses because I did not realize that --  
6 that one little area there around -- instead of  
7 a road going through, so that's why I produced  
8 Plan 3A, which is really is a better plan,  
9 Illustrative Plan 3, -- because it allowed  
10 to -- me to reduce a -- a split at Dickinson  
11 that wasn't necessary.

12                       So I'm now putting forth Plan 3A  
13 as an alternative Plan 3. Although Plan 3  
14 would work, it's not -- it's not -- it's not  
15 like it's an impossible hurdle to drive through  
16 one precinct on the same street to make a -- to  
17 go from one part of the precinct to the other.

18           Q.           And the enacted plan --

19           A.           I think -- it's not horrible to  
20 drive through about a mile through one election  
21 precinct or VTD, was what I probably should  
22 have said. I live in Virginia where we call  
23 VTDs precincts and as you know, you probably  
24 get confused on this too.

25                       When I say precinct, normally I

1 don't mean district as in Virginia, but it is  
2 actually a district, not a VTD.

3 Q. And the enacted plan -- the  
4 enacted plan is also contiguous, correct?

5 A. It's starts as being contiguous  
6 using -- check, all of these plans including  
7 Plan 3 checks out to be contiguous, but in fact  
8 it is, it' contiguous because you could walk  
9 across a slip bridge at Moses Lake.

10 Q. And you didn't conduct any sort  
11 of political performance analysis on the  
12 enacted plan commissioner court precincts?

13 A. No. I'm not a Generalist 2 or  
14 Generalist 3 expert and I'm not a political  
15 scientist, so no.

16 Q. And you didn't conduct  
17 preliminary performance studies on the  
18 illustrative plan commissioner court precincts?

19 A. I did not. I never did. I  
20 always rely on other experts for that form of  
21 analysis.

22 Q. Let's go to Exhibit 3, Page 8,  
23 Paragraph 22. Paragraph 22 in your rebuttal  
24 report, you state, the compactness scores for  
25 all three illustrative plans that I have

1 prepared are clearly within the form by Texas  
2 standards and about the same as the scores for  
3 the enacted plan.

4 Under illustrative Plan 3A,  
5 Precinct 3 scores even higher on the  
6 Polsby-Popper test and .36 on the Reock test.

7 Did I read that correctly?

8 A. Yes.

9 Q. If we go to Page 24 in your  
10 January 13th report, you state, I'll get that  
11 up for you. Sorry. Exhibit 2. Do you have  
12 Page 24 in front of you, Mr. Cooper? We're  
13 looking at Paragraph 65.

14 A. Paragraph 65? Yes. Okay.

15 Q. Okay. And there you say  
16 regarding the third factor listed the  
17 compactness of the commissioner court  
18 precincts, notes that the compactness scores  
19 are not particularly meaningful given that  
20 Galveston County's boundaries extend beyond the  
21 coast into the Gulf in Galveston Bay, thereby  
22 artificially skewing compactness calculations  
23 due to the inclusion of unpopulated water  
24 within coastal areas.

25 Did I read that correctly?

1 A. Yes.

2 Q. Okay. So by and large, it seems  
3 that your opinion is, is that compactness in  
4 Galveston County is somewhat difficult to  
5 measure just given the difficulty of the  
6 geography of Galveston County.

7 Do I understand Paragraph 65  
8 correctly?

9 A. Well, yeah, as it relates to the  
10 islands. I -- I -- I think maybe in the case  
11 of the island, the -- the census tracks extend  
12 beyond the shorelines so it does sort of smooth  
13 out the compactness scores, which is okay.

14 I don't really have any problem  
15 with compactness scores in the enacted plan,  
16 that's not the issue here, it's the failure to  
17 follow the Voting Rights Act as they laid out  
18 in their initial explanation of the factors  
19 that were under consideration for the -- plans.

20 Q. Let's go to Page 129 in  
21 Exhibit 2.

22 A. So we haven't lost the --

23 Q. Yeah. We're putting it back up  
24 for you.

25 A. Oh, okay.

1 Q. So this is Cooper Exhibit F3C  
2 for your January 13th, 2023, report, Exhibit 2  
3 to this deposition. This is the political  
4 subdivision split between districts for the  
5 2021 enacted plan in Galveston.

6 Here, you have the split counts  
7 and looks like you're saying here that there  
8 are seven voting district splits, three of  
9 those splits involve no population --

10 A. -- a factor four splits, four  
11 populated splits.

12 Q. I think if we go up one page,  
13 scroll up. There it is. Yeah. Right there.  
14 And then this has -- keeps whole towns and  
15 cities, keeps nine whole towns and cities  
16 whole. Is that correct?

17 A. That's -- that's correct.

18 Q. And then the town city splits  
19 are 17, 16, if you count with population.

20 Is that right?

21 A. That's correct.

22 Q. Okay. If we go to 154, this is  
23 the proposed Plan 1 or Map 1, and this plan  
24 keeps ten full towns and cities or keeps ten  
25 towns and cities whole and has what appears to

1 be 19 town and city splits. Is that correct?

2 A. Right. With three -- zero  
3 population. So --

4 Q. 16? Okay. So that's the same  
5 number of populated town/city splits as the  
6 enacted plan?

7 A. Yes.

8 Q. And then splits eight voter  
9 districts. If we go to the next page, splits  
10 eight voter districts and five of those splits  
11 have no population, so three populated VTD  
12 splits. Is that correct?

13 A. Right. Right.

14 Q. So compared to the enacted plan,  
15 Map Proposal of 1 has one more VTD split  
16 overall, but one less populated VTD split,  
17 correct?

18 A. Correct.

19 Q. And when it comes to the town  
20 and city splits, both the enacted plan in Map 1  
21 have 16 populated town/city splits, correct?

22 A. I think that's correct. Yes.

23 Q. Okay. Let's go to 162, please.

24 So this is Illustrative Map 1. It says that it  
25 keeps 11 whole -- keeps 11 towns and cities

1 whole. Is that correct?

2 A. Yes.

3 Q. So that would be two more than  
4 the enacted, correct?

5 A. Correct.

6 Q. And splits 17 cities and towns  
7 with two zero population splits, so 15  
8 populated city/town splits, correct?

9 A. -- right.

10 Q. One less, yes, than the enacted  
11 plan. But then it splits 12 or 13 voting  
12 districts on the next page?

13 A. But 12 of them are unpopulated,  
14 so the actual split is one.

15 Q. Okay.

16 A. So --

17 Q. So -- I think the VTD splits for  
18 the enacted plan was four?

19 A. Three. I believe it was three,  
20 so this is one better.

21 Q. Yeah. So four VTD splits in the  
22 enacted plan?

23 A. Four -- okay. Four -- four  
24 populated VTD splits and this is one populated  
25 VTD split.

1 Q. Okay. And then in the -- in the  
2 Illustrative Map 2, you have, at 170 --  
3 actually, let's go back to 162, if we could,  
4 please, and if we could scroll up? Up.

5 I think the total deviation on  
6 this one is 1.85. Is that correct?

7 A. For Illustrative Plan 1? Yes.  
8 That's fine.

9 Q. Yeah. So let's go to 170. And  
10 so here in Illustrative Map 2, there are nine  
11 voter tabulation district splits and they're  
12 all populated splits, correct?

13 A. Yes. And I want to be crystal  
14 clear about Illustrative Plan 2. Illustrative  
15 Plan 2 was to adhere to what appears to be the  
16 preference of the Board to give the coast to  
17 the incumbent in Precinct 2.

18 Mr. -- Dr. Owens accuses me of  
19 splitting precincts by race and CVAP and that  
20 is not what I was doing in -- in the -- with  
21 respect to those precincts. I was simply  
22 trying to make sure that the incumbent could  
23 drive from his home in Santa Fe or wherever it  
24 is, across the bridge and get to the  
25 Bolivar Peninsula and Galveston Island without

1 ever going outside of his district.

2 Q. And illustrative map --

3 A. -- that necessitated splitting a  
4 few precincts, a few VTDs. Please correct me  
5 when I start saying precincts, I'm in Virginia  
6 and I routinely say precinct, what I really  
7 mean is VTD in this case, because it confuses  
8 that with what I would call the districts in  
9 Virginia and I refer to as precincts in Texas.

10 I may have to -- I may have to  
11 change a few times I said precinct in my  
12 deposition when I read it just to correct that  
13 confusion.

14 Q. Well, as a fellow Virginian, I  
15 will -- I will keep that in mind.

16 A. That's right. Are you from  
17 Warrington?

18 Q. No. No. I'm not. I grew up in  
19 Fairfax.

20 A. You know -- you know we're the  
21 first voting plan I ever drew was? And I think  
22 it -- may have been the very plan I drew. It  
23 was in 1987, do you know what town?

24 Q. Nope.

25 A. Warrington.

1 Q. How about that.

2 A. First one, done with a paper map  
3 and a Lotus 123 spreadsheet.

4 Q. So if we go to Illustrative Map  
5 3 on Page 178. So here we have your  
6 Illustrative Plan 3 and you keep nine towns and  
7 cities whole, correct?

8 A. Yes.

9 Q. And that's the same as the  
10 enacted plan, correct?

11 A. Yes.

12 Q. And this has 19, yeah, 19  
13 town/city splits, correct?

14 A. Well, but 17 are populated, so  
15 it's -- it does split one more town or city  
16 than the enacted plan, but importantly it gives  
17 the commissioner in Precinct 2 control of the  
18 entire -- entire coast.

19 And, of course, most importantly  
20 it's preserves the minority, majority  
21 districts -- precincts, excuse me.

22 Q. And you mentioned that you don't  
23 really have a problem with the compactness of  
24 the enacted plan, correct?

25 A. The compactness scores are

1 reasonable given -- given that in the  
2 background, one tries to ensure the components  
3 are not fair.

4 And the complex geography and  
5 the fact that you have to use a very narrow  
6 corridor to get on the Bolivar Peninsula if  
7 you're splitting the Bolivar Peninsula two ways  
8 instead of -- instead of just one.

9 Q. We just went through split  
10 counts in your report. Do you really have a  
11 problem with the enacted plan's voter  
12 tabulation -- do you really -- do you have a  
13 problem with the enacted plan's split counts?

14 A. No. I think both the plans I  
15 developed excluding Illustrative Plan 2, have  
16 similar numbers of split VTDs. Although, I  
17 think -- didn't just look at one, what was  
18 that, Illustrative Plan 3. One of them just  
19 had one VTD split, populate VTD split.

20 But in general, I don't have a  
21 problem with that. It's -- it's -- the problem  
22 I have is the blatant, brazen destruction of an  
23 existing majority, minority district when it  
24 was entirely unnecessary to eliminate it.

25 I mean, I could see how under

1 certain circumstances with major demographic  
2 change, they would have no choice, but here, it  
3 was just plain as day obvious that it was not  
4 necessary to eliminate that precinct. I do not  
5 understand that rational. Maybe you do.

6 Q. Well, let's see.

7 A. Let the record note that he did  
8 not respond to that question.

9 Q. Well, let me tell you,  
10 Mr. Cooper, this is my examination and I'm  
11 examining you today and not the other way  
12 around.

13 A. I understand. I'm being half  
14 facetious because you really have no answer.

15 Q. Well, we'll find our answers  
16 before then.

17 A. I shouldn't be so combative. I  
18 apologize. You have to represent the interests  
19 of your Defendant.

20 Q. And as an Virginian to  
21 Virginian, no need to apologize.

22 A. That's okay.

23 Q. I want to start a new section,  
24 Mr. Cooper, but quite frankly I'm starting to  
25 get pretty hungry, so do you mind if we take a

1 break for an hour and grab some lunch and come  
2 back?

3 A. That's fine. Take all the time  
4 you want. I'm not under any time  
5 constraints at all, if you want to take a  
6 two-hour lunch and have a beer, go ahead.

7 MS. KLEIN: I'm just going to  
8 chime in here and say I would prefer not  
9 to take two hours. But I also am curious  
10 about how much longer you have, Shawn?

11 MR. SHEEHY: Well, let me take  
12 the hour for lunch and I can sort of  
13 assess that issue. Sound fair?

14 A. That's fine. You can always  
15 break it out and do more and more.

16 MS. KLEIN: That works for me,  
17 if it works for Bill.

18 A. That's fine. I apologize, I'm  
19 not thinking about you and the kid, that  
20 doesn't make a difference to me.

21 MS. KLEIN: And the Court  
22 Reporter, of course, if that works for  
23 the Court Reporter and the Videographer.

24 THE VIDEOGRAPHER: Can we go off  
25 the record?

1 MR. SHEEHY: Yes. We can go off  
2 the record.

3 THE VIDEOGRAPHER: We are going  
4 off the record. The time is 1:27 p.m.

5 - - -

6 (Whereupon, a recess took place  
7 from 1:27 p.m. to 2:38 p.m.)

8 - - -

9 THE VIDEOGRAPHER: We are back  
10 on the record. The time is 2:38 p.m.

11 BY MR. SHEEHY:

12 Q. Mr. Cooper, do you understand  
13 you're still under oath?

14 A. I do.

15 Q. And did you have any substantive  
16 conversations about your testimony with anyone  
17 during break?

18 A. I did not. I received a call  
19 from Hillary and just told her that I would get  
20 back to you that she was in the waiting room.

21 Q. Okay. We've placed in front of  
22 you, Mr. Cooper, Cooper Exhibit 11. And this  
23 is a PDF map of your Illustrative Plan 1.

24 Do you see that in front of you?

25 A. Yes.

1 Q. Okay. I'd like to draw your  
2 attention to Galveston Island, where we have  
3 Galveston Island and Bolivar Peninsula split  
4 between three commissioner court precincts,  
5 Commissioner Precinct 2,  
6 Commissioner Precinct 3 and  
7 Commission Precinct 1, correct?

8 A. Right. This is simply a plan, a  
9 restated plan that this requires shaping up,  
10 two VTDs and everything else in the whole  
11 County is held constant. So it's like -- plan  
12 it's like the benchmark plan except for the --  
13 I'm sorry two -- two voting districts, VTDs.  
14 I'll get that right eventually.

15 Q. Now, you've shaded Commissioner  
16 Precinct 1 in yellow, correct?

17 A. Yes.

18 Q. Okay. If we look down, do you  
19 see on Galveston Island, the number 168? Is it  
20 possible for us to zoom in on 168?

21 A. I don't see that. I'm not sure.

22 Q. He'll zoom in for you.

23 A. Oh, you mean, like, a highway  
24 number?

25 Q. Yes. I think that's

1 Highway 168.

2 A. Yes. It goes over that area.

3 Q. Yes. Now, do you see the sort  
4 of red line to the left of 168, it kind of goes  
5 up and down and there's bits of yellow and  
6 orange. Do you see that?

7 A. Yes.

8 Q. What was the rationale for  
9 splitting Commissioner Precinct 1 from  
10 Commissioner Precinct 3 in that area to the  
11 left of the 168 sign?

12 A. I do not know. This is a lease  
13 change plan and that's the way it was drawn, as  
14 I understand it, in the 2011 plan, benchmark  
15 plan. The red check lines are the old enacted  
16 plan.

17 Q. Yes. Correct. I understood  
18 that. Okay. Now, do you see up in around the  
19 Dickinson sign, if we zoom in on Dickinson, go  
20 a little bit further.

21 A. Yes.

22 Q. So do you see you have the old  
23 benchmark line just beneath Dickinson and it  
24 looks like there's a little bit of  
25 Commissioner Precinct 4 in between those lines,

1 and it's the orange of Commissioner Precinct 3.

2 Do you see that?

3 A. Not -- not exactly. That area  
4 is drawn exactly the way it was drawn in the  
5 enacted -- in the benchmark plan from 2011. I  
6 made no changes to it.

7 Q. Okay.

8 A. It's contiguous according to the  
9 map or two and if you zoom in, you can see that  
10 -- basically following an existing VTD, if I'm  
11 not mistaken.

12 Q. Let's go to Illustrative Plan 2.  
13 This is on 167. This is the PDF map for  
14 Illustrative Plan 2. And the same thing, if we  
15 zoom in on 168, Galveston Island, what was your  
16 rationale there for splitting Commissioner  
17 Precinct 2 from where you have Commissioner  
18 Precinct 3 to the left of highway sign 168?

19 A. To allow the commissioner  
20 representing Precinct 2, to drive uninterrupted  
21 through his district over Pelican Island.  
22 Previously under the old enacted plan, you can  
23 see how the boundary kind of goes up to -- up  
24 to Pelican Island, so I had to make a pathway  
25 there for the commissioner so that he would be

1 able to drive through without crossing into  
2 Precinct 3.

3           Of course, it wouldn't be that  
4 big of a deal had I just left it as is, but I  
5 wanted to ensure that he had complete access to  
6 the entire coast. So that's -- that's why that  
7 area is shaded green and it created another  
8 precinct split, I think, but that's the only  
9 reason I did that was just to provide a clear  
10 pathway.

11           The same thing on the beach  
12 side, you can see how I split a handful of  
13 precincts to allow for direct access in  
14 Precinct 2 from the south -- the south end of  
15 the Galveston Island, all the way up to the end  
16 of the Bolivar Peninsula there at High Bridge,  
17 I think it's called. So he doesn't have to  
18 drive out of his district. It's a complete  
19 coastal district.

20           Q.           Okay. If the commissioner for  
21 Precinct 2 were coming down I-45 through  
22 Boyou Vista and past Tiki Island onto the  
23 Galveston Island, if he wanted to go to the  
24 Bolivar Peninsula, wouldn't he need to go  
25 through Commissioner Precinct 3 to get there?

1           A.           I don't think so. I have it so  
2           that the area there would be still in  
3           Precinct 2. You can see that there's green  
4           there and in effect he's going to be able to  
5           get there by -- by road following, I guess,  
6           Highway 342. So he's still in the green.

7           Q.           Okay.

8           A.           I was going to so -- this was  
9           drawn, prioritizing the commissioner of  
10          Precinct 2, because apparently it is his  
11          preference or the Board's preference they have  
12          Galveston Island, Bolivar Peninsula, Pelican  
13          and, of course, on equal footing, I left as  
14          much of the city of Galveston in Precinct 3 as  
15          I could because that was in the majority,  
16          minority district originally.

17                        And there's a clear community of  
18          interest, I think, with the City of Galveston  
19          and the rest are of Precinct 3. For one thing,  
20          it's a historical site. It's the place where  
21          Juneteenth -- Juneteenth was first observed, so  
22          there's a lot of cultural importance to that  
23          particular area insofar as the African-American  
24          community is concerned in Galveston County.

25          Q.           I'm looking at Illustrative Plan

1 3 on 175, you have Commissioner Precinct 1 in  
2 control for Bolivar Peninsula and Galveston  
3 Island, correct?

4 A. Right. Everything -- the entire  
5 kit and caboodle is in Precinct 1. So this is  
6 to demonstrate that there was absolutely no  
7 need to split Galveston Island at all, but for  
8 the historical and cultural importance of the  
9 City of Galveston as it pertains to -- well,  
10 really the -- community, but particularly the  
11 Black community given it's importance in terms  
12 of the observation, initial celebration of  
13 Juneteenth.

14 But if all of -- if it's  
15 important for the Commission for all of  
16 Galveston Island and all of Pelican Island, all  
17 of the Bolivar Peninsula to be in a single  
18 district, then Illustrative Plan 3 is the one  
19 to consider.

20 Although, I would now suggest  
21 that they should consider Illustrative Plan 3A  
22 because it has one less split of municipality  
23 and there would be no issue at all about  
24 driving around that particular precinct without  
25 entering into another precinct.

1           In other words, that one VTD  
2           there in Texas City, that one would have to  
3           drive through although you can walk across the  
4           foot bridge, it's also -- it's contiguous by  
5           land, for sure, and there would just be that  
6           minor inconvenience of driving about a mile on  
7           the road there in that single precinct in Texas  
8           City, but Illustrative Plan 3 -- so really  
9           Illustrative Plan 3 is the operative plan.

10           Q.           Did you analyze the drive time  
11           from, say, Bacliff in Commissioner Precinct 1  
12           to High Island and Bolivar Peninsula?

13           A.           I did not, although, I think  
14           that does get analyzed in -- by Maptitude's  
15           methodology, right? I have the exhibit, I  
16           believe, it shows the drive time. Not from the  
17           -- it shows the drive time, the maximum drive  
18           time from one point to another.

19                       Now, the commissioner lives  
20           in -- in League City, so in order to put him  
21           into -- to ensure that he was in -- in this  
22           particular configuration, I did have to split a  
23           precinct up there by -- city, but he's -- that  
24           related to one person, one vote issue, not so  
25           much anything that -- necessitated a precinct

1 split, I believe, necessarily the populated  
2 area.

3 THE VIDEOGRAPHER: Can the  
4 Witness try to center himself in the  
5 shot?

6 A. I'm looking at the map, but yes.

7 MS. KLEIN: Sorry, Shawn. Bill,  
8 unless Defense Counsel is opposed to  
9 this, you should be comfortable however  
10 you're situated.

11 So you can move your laptop  
12 camera to accommodate however you want to  
13 sit, I don't think that's objectionable,  
14 but I want to make sure you're  
15 comfortable while you're providing  
16 testimony, so if there's a posture where  
17 you're more comfortable --

18 A. Yeah. That's bad posture. I'll  
19 try to sit up straight. I get too relax. I'm  
20 sorry. I am looking on a larger -- screen --

21 MS. KLEIN: I just want to make  
22 sure you're comfortable so we can  
23 concentrate on your testimony and you're  
24 not worrying about how you're sitting,  
25 you can always move your camera to

1           however you want to sit.

2           A.           Well, I will -- sit like this.

3 I was slouching and I shouldn't do that.

4                       MR. SHEEHY: I was just going to

5 say, I don't have any additional

6 questions for you at this time. Thank

7 you very much for your time today.

8           A.           Well thank you. I appreciate

9 your patience.

10                      MS. KLEIN: Shawn, I'd like to

11 ask him a few very few clarifying

12 questions about a few topics you touched

13 on.

14                      MR. SHEEHY: All right. Go

15 ahead.

16                      MS. KLEIN: And, Shawn, if you

17 don't mind, can you keep that exhibit up?

18                      MR. SHEEHY: That's fine.

19                               - - -

20                               EXAMINATION

21                               - - -

22 BY MS. KLEIN:

23           Q.           Just so the record is clear, I'm

24 Hilary Klein on behalf of the NAACP Plaintiffs.

25 Mr. Cooper, I just want to ask you a few

1 questions about some of the topics my colleague  
2 asked you about earlier.

3 You were asked earlier about  
4 Exhibit D to your January 13th report, which  
5 provides analysis of socioeconomic data by a  
6 municipality in CDP over 2,500 people. Do you  
7 recall that line of questioning?

8 A. Yes.

9 Q. Can you just explain why you  
10 chose to include that exhibit of breakdown by  
11 municipality in CDP over 2,500?

12 A. Well, initially, I -- I provided  
13 it with my report filed in January just for  
14 background information on socioeconomic  
15 characteristics in -- in the County, because  
16 they do vary widely.

17 And you have some of the  
18 municipalities that have fairly high poverty  
19 rates, lower median income, lower education  
20 levels, in some cases, language issues. And  
21 then in other areas like further in the  
22 northwest, it is more prosperous, the reverse  
23 is true.

24 I mean, for example, Friendswood  
25 is, like, 97 percent white and the median

1 income is about 150,000 or more and so, you  
2 know, all that gets kind of glossed over if you  
3 just look at the County metrics.

4 I was just trying to show  
5 socioeconomic differences by municipality,  
6 which is a better view of the County than you  
7 get from the County subdivision report that  
8 Dr. Owens presented, which is based on the way  
9 things were in the 1950s when Friendswood  
10 had -- Friendswood may not have been there, but  
11 League City only had a population of 11,000 and  
12 of course, now it's more than ten times larger.

13 So the map changes in the County  
14 over the past 70 years since those divisions  
15 were first established by the Census Bureau, so  
16 that's just an inappropriate way to compare  
17 socioeconomic characteristics, as far as I'm  
18 concerned, in Galveston County.

19 You really need a more granular  
20 approach or you could even go all the way down,  
21 all the way down to the block group level as I  
22 did in my report showing how most of the lower  
23 income neighbors are in the areas more  
24 generally -- by Precinct 1 and Precinct 3 in my  
25 Illustrative Plan 3.

1 Q. You talked about some variants  
2 just now in the socioeconomics. How does that  
3 match up to your illustrative plan, if at all?

4 A. Well --

5 MR. SHEEHY: Objection.

6 Objection to form. Go ahead, Mr. Cooper.

7 A. Well, it's just -- it's just  
8 that the areas that I included in Precinct 3  
9 into a certain extent, the central and southern  
10 part of Precinct 1 have higher levels of --  
11 of -- of folks who were not affluent, we might  
12 say, and you can see that from the map I  
13 prepared showing USDA eligibility for summer  
14 meal program, but you can also get the same  
15 picture by looking at the charts and tables in  
16 the dozen or so municipal exhibits I prepared  
17 based on the 2015/2019 ACS.

18 And to clarify, I'm presenting  
19 2015/2019 ACS data because it's untainted by  
20 whatever kinds of impact COVID-19 may have had  
21 on income levels and other factors. So this is  
22 the last true picture of -- of Galveston County  
23 before the Pandemic hit and that would  
24 obviously have some impact on income and  
25 socioeconomic issues, employment issues for

1 2020 even for part of 2021.

2 BY MS. KLEIN:

3 Q. I want to ask you one more line  
4 of questioning. You talked about with my  
5 colleague earlier and that was you were asked  
6 about your use of U.S. Census Data in drawing  
7 your illustrative plans. I'd just like to  
8 clarify that testimony a bit because there  
9 wasn't a lot of follow-up on it.

10 When using census data, did you  
11 need to subordinate any traditional  
12 redistricting criteria in drawing your  
13 illustrative plans in order to create a  
14 district or districts in your illustrative  
15 plans that were majority, minority Black and  
16 Latino CVAP?

17 MR. SHEEHY: Objection to form.

18 Objection to form.

19 A. Should I answer?

20 MR. SHEEHY: Yes.

21 MS. KLEIN: Yes.

22 A. No. I did not have to  
23 subordinate any traditional redistricting  
24 principles. It is incredibly easy to draw  
25 majority, minority citizen voting age

1 population district or precinct in -- in  
2 Galveston County and any consultant who would  
3 have been working for the County back in 2021  
4 or 2022, would have been aware of that.

5 In fact, Illustrative Plan 1 --  
6 not illustrative plan, but the County proposed  
7 Map 1 and that was just that. So the Board was  
8 aware that a district could be created, a  
9 precinct could be created that was majority,  
10 minority CVAP and failed to adopt it.

11 Q. Did you use anything like racial  
12 shading on the screen when you were drawing  
13 those illustrative plans?

14 A. No. I don't use -- I don't use  
15 shading like that. No.

16 Q. And my last question, does your  
17 expert report accurately describe the  
18 traditional redistricting criteria you applied  
19 in creating each of those illustrative plans?

20 MR. SHEEHY: Objection to form.

21 A. That's -- that's -- that would  
22 be my explanation for any Section 2 lawsuit.  
23 Normally, I'm trying to demonstrate that a new  
24 district can be created where one has never  
25 existed. This is unique in that it's a place

1 where a district exists and existed and yet for  
2 whatever reason, the County chose to just  
3 eliminate it.

4 MS. KLEIN: I have no further  
5 questions. Thank you, Mr. Cooper.

6 A. Thank you.

7 MR. SHEEHY: Thank you,  
8 Mr. Cooper. I don't have any follow-up  
9 questions for you.

10 A. Okay. Thank you very much. See  
11 you in Galveston County, I guess, unless we  
12 went on summary judgment.

13 MS. KLEIN: Bye, Bill. Thank  
14 you.

15 A. Thank you.

16 THE VIDEOGRAPHER: We are going  
17 off the record, the time is 3:00 p.m.

18 MS. KLEIN: Yeah. We'll order  
19 just a regular copy.

20 MR. SHEEHY: Yes. That's  
21 correct.

C E R T I F I C A T E .

COMMONWEALTH OF PENNSYLVANIA:

COUNTY OF PHILADELPHIA:

I, Beau Dillard, RPR, a Notary Public within and for the County and State aforesaid, do hereby certify that the foregoing deposition of WILLIAM COOPER was taken before me, pursuant to notice, at the time and place indicated; that said deponent was by me duly sworn to tell the truth, the whole truth, and nothing but the truth; that the testimony of said deponent was correctly recorded in machine shorthand by me and thereafter transcribed under my supervision with computer-aided transcription; that the deposition is a true record of the testimony given by the witness; and that I am neither of counsel nor kin to any party in said action, nor interested in the outcome thereof.

WITNESS my hand and official seal this 24th day of April, 2023.

Please read your deposition over carefully and make any necessary corrections. You should state the reason in the appropriate space on the errata sheet for any corrections that are made.

After doing so, please sign the errata sheet and date it.

You are signing same subject to the changes you have noted on the errata sheet, which will be attached to your deposition.

It is imperative that you return the original errata sheet to the deposing attorney within thirty (30) days of receipt of the deposition transcript by you. If you fail to do so, the deposition transcript may be deemed to be accurate and may be used in court.

PROCEEDINGS  
\*\*\*\*\*

THE VIDEOGRAPHER: Good morning, we're on the record. Today's date is Wednesday, March 8th, 2023, and the current time is 9:28 a.m. This is videotaped deposition of Edna Courville.

Counsel, will you please introduce yourselves and the witness will be sworn.

MS. OLALDE: Good morning, Angela Olalde and Jordan Raschke Elton for Defendants.

MS. CHEN: Sarah Chen for NAACP Plaintiffs and Ms. Courville.

THE VIDEOGRAPHER: Anybody else on -- no other counsel?

THE COURT REPORTER: Raise your right hand, please. Do you solemnly swear or affirm that the testimony you are about to give in this action will be the truth, the whole truth, and nothing but the truth under the penalties of perjury?

THE WITNESS: I do.

THE COURT REPORTER: Thank you.

EXAMINATION

BY MS. OLALDE:

Q. Good morning, Ms. Courville. We met just a little bit ago, but my name is Angela Olalde and I represent the defendants in this case with the law firm of

1 Greer, Herz & Adams. And I just wanted to run through a  
2 few background questions before we get started with your  
3 deposition. First, would you please state your name for  
4 the record.

5 A. My name is Edna Courville.

6 Q. Okay. And Ms. Courville, have you been deposed  
7 before?

8 A. Yes, I have.

9 Q. And how many times have you been deposed?

10 A. I think once before.

11 Q. Okay. What kind of a case was that?

12 A. It was a civil case.

13 Q. And when -- when did that occur?

14 A. That had to have been in 2015. 2015.

15 Q. Okay. And what was the subject matter of that  
16 case?

17 A. The subject matter was the closing of the school  
18 district, La Marque Independent School District.

19 Q. Okay.

20 A. Yes.

21 Q. And have you testified in other venues before or  
22 was it just that deposition?

23 A. I have testified in other venues before, not just  
24 that deposition, and there was a case in Texas City in  
25 which I served on a juror, as a matter of fact, but it was

1 a -- it was, like, a fender bender.

2 Q. Okay.

3 A. And traffic case, yes.

4 Q. Okay. Did you give testimony or were you there  
5 as part of the jury?

6 A. I was just there as part of the jury.

7 Q. Okay. Okay, great. But you haven't testified in  
8 court before?

9 A. Not to my knowledge.

10 Q. Okay.

11 A. Yes.

12 Q. Okay. Well, I'm just going to go through -- I  
13 know it's been a few years since the last time you were  
14 deposed, I'm just going to go through a few of the ground  
15 rules. You've probably talked about them with your  
16 counsel. But today we have the court reporter taking down  
17 both of our statements and your counsel's statements, and  
18 so we just need to be very careful not to talk other each  
19 other.

20 A. Sure.

21 Q. If I ask a question and you can't hear me because  
22 I -- sometimes I talk too soft, please just ask me to  
23 speak up or to repeat my question if you don't understand  
24 it. And then if you need a break, we can take a break  
25 anytime. I only ask that if I have asked you a question

1 that you answer it before we take a break.

2 A. Sure, no problem.

3 Q. Okay. Where do you live, Ms. Courville?

4 A. I live in Texas City, Texas.

5 Q. And what is your address?

6 A. 7401 Oriole Street, Texas City --

7 Q. How long --

8 A. -- 77591.

9 Q. I'm sorry, I didn't mean to interrupt.

10 A. That's okay.

11 Q. How long have you lived at that address?

12 A. I've lived at that address since 1970, so that  
13 will be 53 years in December of this year.

14 Q. And where did you live prior to moving into the  
15 Oriole Street home?

16 A. Before then I lived here in Galveston on 2728  
17 Avenue L.

18 Q. Okay. And how long did you live at that address?

19 A. I only lived there for 18 months trying to get  
20 off this island the whole while I was there.

21 Q. Why did you want to get off the island?

22 A. I didn't -- I did not like it. I just had never  
23 lived in a place that did not have hills and trees and  
24 hedges in the yard. That's just me being old fashioned,  
25 but that's why I didn't like it.

1 Q. Okay. Did you live in Texas before you had your  
2 address in Galveston?

3 A. I did, yeah. Larry and I -- Larry is my husband  
4 who's now deceased, he passed away --

5 Q. I'm sorry.

6 A. -- in 2015 I believe or 2014. The years are  
7 passing so fast but, yes, we lived in -- in fact, I  
8 attended school in Marshall.

9 Q. Okay.

10 A. Wiley College. I was there for four years, and  
11 then we moved to Daingerfield, Texas. Anybody ever heard  
12 of Daingerfield, Texas? Daingerfield, Texas is where I  
13 had my first job teaching school.

14 Q. Okay.

15 A. Yeah, elementary school.

16 Q. So let's back up just a little bit. Where were  
17 you -- I hate to ask this question, I am so sorry. Were  
18 you born in Texas?

19 A. I was born in Louisiana.

20 Q. Okay. Alright. And where in Louisiana were you  
21 born?

22 A. Minden, Louisiana. That's Minden.

23 Q. Is that central? Is it north?

24 A. It's extreme north.

25 Q. Okay.

1 A. And it's on the border of Louisiana --

2 Q. Okay.

3 A. -- Arkansas and Texas, that's where it is.

4 Q. And when did you first move to Texas?

5 A. In 1961 that was my first year at Wiley College,  
6 and that's when I moved to Texas then. And that's when I  
7 knew that I had to leave Louisiana. I wanted to live in  
8 Texas, yes.

9 Q. Okay. So you graduated high school in Louisiana,  
10 correct?

11 A. 1961, yes.

12 Q. And what was the name of the high school?

13 A. Webster High School.

14 Q. Okay. And you started at Wiley College right  
15 after?

16 A. Yes, in 1961.

17 Q. Okay. And did you complete your four years  
18 continuously, and when did you begin and end your college  
19 career?

20 A. 1961 to 1965 I graduated in '65 and it was  
21 continuously.

22 Q. Okay. And what was your degree in?

23 A. Sociology.

24 Q. And did you continue on with your education after  
25 college?

1 A. Yes.

2 Q. And what did you do?

3 A. After college I went into teaching because in  
4 that area, that part of Texas, that part of Louisiana,  
5 that part of the world, there was no such things as social  
6 workers.

7 Q. Okay.

8 A. And so, yes, I moved to Galveston in '68, 1968,  
9 and then I went to work at UTMB as a social worker -- a  
10 social worker's assistant, and in 1973, I believe, I went  
11 to U of H Graduate School of Social Work because I  
12 realized that I would not do anything with just that  
13 sociology degree working always as a social worker's  
14 assistance, I needed to get my degree.

15 And, in fact, my supervisor encouraged me to  
16 do that, so I did that. At U of H I drove into school  
17 every day from Galveston, that lasted for three years at  
18 that time. That's was a master's degree was, that's where  
19 I earned my master's degree.

20 Q. Okay. I'm going to stop you just one second.

21 A. Sure.

22 Q. Because there are a couple of -- couple of things  
23 I just wanted to follow up on.

24 A. Sure.

25 Q. So from your graduation in 1965 --

1 A. Um-hmm.

2 Q. -- until 1968, what were you -- you were just  
3 teaching or what --

4 A. I did, I taught -- yeah, I taught elementary  
5 school, yeah. That's about the same time when the Title  
6 9 programs came up for the social activities in school for  
7 -- and they made me the person to actually write the Title  
8 9 program for that particular little school. That school  
9 had kindergarten through 12th graders in one school.

10 Yeah, and so I did that and loved every  
11 minute of it. Had I been -- had I known anything at all  
12 about patenting things that you do --

13 Q. Um-hmm.

14 A. -- I taught physical education to the little kids  
15 and the big kids with music. Never heard of in -- in that  
16 part of the woods. You know, Daingerfield, Texas is a  
17 rural place. So I wrote the manual, taught physical  
18 education until Larry, my husband, who was a big-time  
19 coach wanted to get to Galveston so that he could really  
20 get a big-time job coaching in Galveston. And so that's  
21 exactly what happened.

22 And so in 1968 I followed him here, yeah. So  
23 that's how that all started. And UTMB was the only place  
24 where I could get a job working as social worker's  
25 assistant because in -- at that time, there were no social

1 workers working in school districts. So I'm kind of a  
2 pioneer there, too, but I did it.

3 Q. Okay. Did you teacher any other subject other  
4 than physical education?

5 A. In that little elementary school?

6 Q. Yes, ma'am.

7 A. No, I did not, some science. You know --

8 Q. Okay.

9 A. -- how they throw science with PE back then.  
10 There are a lot of walking through the woods on certain  
11 days. The weather was always gorgeous -- I mean the trees  
12 were always gorgeous. We would take little trips through  
13 the woods and find how many -- what student can pick up  
14 the most pine cones and those pecans. We made -- we made  
15 studying a game, and that's how -- that's how I did that,  
16 yeah, and I loved it every minute of that.

17 Q. Okay. And then flashing forward you came to  
18 Galveston to be with -- was he your husband at the time?

19 A. Yes. Yes.

20 Q. And so you came to Galveston to be with your  
21 husband. And how long before you decided that you needed  
22 to work at UTMB because the schools wouldn't employ a  
23 social worker?

24 A. That was only -- I was here for about -- oh, my  
25 God, when did I go to work at UTMB as a social worker's

1 | assistant specifically? I went to work right away. I  
2 | mean, I came down, like, in the summer and I was working  
3 | at -- in the summer. I don't know exactly what year, long  
4 | time.

5 | Q. Sure. How long -- and I apology just so that I  
6 | can recall. How long were you at UTMB as a social  
7 | worker's assistant?

8 | A. Ten years.

9 | Q. Oh, wow, okay. And what were the kind of things  
10 | that you did as a social worker's assistant?

11 | A. I worked with -- they called it the Children and  
12 | Youth Department. What I did as a social worker's  
13 | assistant in that particular job was make home visits to  
14 | the children who lives on this island who had parents who  
15 | either were not aware of programs to help them get the  
16 | kind of immunizations they needed so that they could be  
17 | protected from all kinds of diseases. I mean, and some  
18 | unheard of, some very simple, like measles, mumps,  
19 | chickenpox.

20 | There are actually people who were living --  
21 | and I'm sure they're still here today -- living on this  
22 | island at that time who had babies who did not know they  
23 | needed to be immunized to be safe and to be healthy. And  
24 | so that was my job. I was a teacher for those parents, I  
25 | would go out and do the little history, you know, they

1 always ask questions, and hook them up with UTMB, make  
2 appointments for them, and if I needed to carry them in to  
3 get those babies what they needed, their immunizations,  
4 that's exactly what I did and so to keep them healthy and  
5 to have it so that they could actually get in school.

6 Some of the little day care -- day cares they  
7 had to have those shots and things and some parents -- you  
8 know, and that's hard to believe, but there are parents  
9 who don't know that that's necessary.

10 Q. Yeah. They're -- when they were coming in for  
11 vaccinations, was it just to UTMB Hospital or were there  
12 surrounding clinics or where would they go?

13 A. It's basically UTMB. UTMB had a clinic and, of  
14 course, like -- like all areas, all -- most all areas they  
15 got satellite clinics later when they understood what the  
16 population look like. And when they understood where the  
17 children lived and when they understood how long it took  
18 some of the parents to get to the clinic, the main clinic  
19 at UTMB, which is where I was housed, I was in the main --  
20 main clinic there. And then they got satellite clinics.

21 Q. Right. Then for that entire ten-year period your  
22 focus was on Galveston Island, correct?

23 A. Basically, yes.

24 Q. Okay. And so since you lived on Galveston Island  
25 for about 18 months --

1 A. Um-hmm.

2 Q. -- a lot -- a lot of that time that you spent at  
3 UTMB you were traveling back and forth between your home  
4 at Oriole and the island. Is that correct?

5 A. I'm sorry?

6 Q. Oh, you were commuting from your home in  
7 Oriole --

8 A. Um-hmm.

9 Q. -- to the island for about eight years. Is that  
10 correct?

11 A. Oh, I commuted for 30 something odd years because  
12 I'm not done with the island working; yeah, but for UTMB,  
13 yes.

14 Q. Okay.

15 A. But the time was spent -- you know, the normal  
16 working hours here at that time and then I would go home  
17 every day, yeah.

18 Q. Okay. And when did you begin your master's  
19 program at U of H, what year?

20 A. That had to have been 1975-ish, I believe. I  
21 think I graduated with that degree in 1975 with my  
22 master's degree. So I had -- probably went to U of H in  
23 19 -- probably '70 -- no, probably '73. It was before '75  
24 because I sent my sister after I got out to the program --  
25 after I got out, I sent her to get her master's after she

1 | graduated.

2 | Q. Does she live in the area as well?

3 | A. She now lives in Friendswood, yes. She at that  
4 | time -- well, actually she was living with me at the time.

5 | Q. Okay.

6 | A. But, yeah. And she went in '75 and I had just  
7 | gotten out, so and it was a three-year program. So '73,  
8 | something like that.

9 | Q. Okay. And just so that I understand. For about  
10 | the last five years of your time at UTMB you would be  
11 | working a full day at Galveston and maybe going to U of H  
12 | at night to complete your master's?

13 | A. No.

14 | Q. Okay.

15 | A. What happened there --

16 | Q. Uh-huh.

17 | A -- I mean, I was -- the program at that time was  
18 | not as flexible as it is now. When I attended U of H to  
19 | get my master's degree I literally had to stop my job. I  
20 | had to quit work at UTMB because the hours would not allow  
21 | for that.

22 | The school, as a matter of fact, fixed your  
23 | first year schedule for you. You didn't have a choice,  
24 | and so by the time you got to the second year, you were  
25 | flexible, you could work in the daytime, have some

1 classes at night, but not a whole bunch. That came to be  
2 for U of H in about the '80s when you could do that. And  
3 so that's -- that's how I had to work it.

4 I did work in the evenings but not for UTMB.  
5 I worked for several children shelter programs here.  
6 Children would run away from home, children -- you may not  
7 believe this but I actually drove a big -- what do you  
8 call it? The big vans that would sleep -- we would sleep  
9 six kids, go down to the beach. That was job my job, go  
10 to beach in the evenings.

11 These would be kids who were running away  
12 from home most of them from like New York, they ran away  
13 from every where and they would be found on the beach.  
14 And we would be called from that program and I would just  
15 get in that big camper trailer thing, drive it down there,  
16 pick them up, and bring them in, get them clean clothes,  
17 get them cleaned up, and then we would refer them to some  
18 of the programs that U of H -- I mean, UTMB were running.  
19 I did that -- I did that program for about three years.

20 Q. What was the name of that program?

21 A. I just know it was a shelter program and it was  
22 housed on 29th Street, a big -- that house is still there.

23 Q. Okay.

24 A. Big house. And it was a shelter and Jim Busey,  
25 B-u-c-y, was the person who hired me to -- to run that

1 program, yeah.

2 Q. And you were there for three years?

3 A. About, um-hmm.

4 Q. Okay.

5 A. Yeah.

6 Q. Did you pursue any education after you received  
7 your master's degree in social work?

8 A. After I got my master's degree in social work I  
9 came back to UTMB and by then Bonnie who had been my  
10 supervisor was gone, and I took her position as the  
11 director of that program, as social worker director. And  
12 what I found out about myself, about Edna, was that I did  
13 not care at all at that time about working in a place  
14 where all I was doing was telling other people to go and  
15 do what I had gone to school for three years to learn how  
16 to do better, work with parents and work with kids.

17 So what happened was I looked around in 1975  
18 or '6, I believe, I went to school for the school  
19 district. At that time the State of Texas had decided  
20 that, yeah, hey, we can use social workers in the school  
21 system. And so I became one of the pioneers there for  
22 Galveston Independent School District. And I worked there  
23 for a long time.

24 In fact, I retired from there, and between  
25 that time I decided ten years after I'd been at the school

1 district I decided I needed to get a doctorate degree. So  
2 looked around, talked to Larry, said I needed this  
3 doctorate degree; and of course, he was the big-time coach  
4 then track, the whole thing. In fact, that's the stadium  
5 that they're tearing down now at Galveston ISD named after  
6 Larry's brother. You know, they were big-time coaches  
7 here and everybody knows -- well, if you were from here,  
8 you probably were taught by either Larry or Herman.  
9 Herman is the one, the older brother that the stadium was  
10 named for.

11 Long story short, I decided I needed a  
12 doctorate degree. I checked into doctoral programs that I  
13 could access, because the one thing I did know was that  
14 Larry was not going to leave GISD at all, nor did I want  
15 him to leave, that would have been so selfish of me. And  
16 as a social worker the one thing we don't want to be is  
17 selfish.

18 So I was not going to ask my husband to quit  
19 his job to follow me -- the closest program was in Austin,  
20 UT Austin was the only place around near here that had a  
21 doctoral program at that time in social work. So I  
22 couldn't do that. I just did not have it in me to ask him  
23 to move to Austin or to allow me to move to Austin just to  
24 get that degree so I didn't.

25 I thought, okay, there have to be another way

1 to get this doctorate degree so that's where law school  
2 came in. And they had programs that I could attend in the  
3 daytime, and I could attend at night at that time.

4 Q. So which law school did you attend?

5 A. I went to Thurgood Marshall.

6 Q. Okay.

7 A. At TSU. And again, ran into that whole thing  
8 there the first year, the administration chose your course  
9 of study. So I didn't have a choice. I had to do that,  
10 so I did it for the first -- for the first semester. I  
11 literally did not work for the school district. I  
12 attended law school every day.

13 When I found out in about the middle of that  
14 semester I didn't like it all, I didn't like -- I didn't  
15 like lawyering, I could not stand it, I did not like my  
16 instructors, I don't know if I chose the right place. I  
17 didn't like it.

18 So I said to Larry, I said, Larry, I don't  
19 like this lawyering thing, and so he said to me and he  
20 meant it, he said, You've never quit anything in your  
21 life, so you're not going to be able to tell me you're  
22 going to quit law school. So I thought about it, I didn't  
23 quit, so -- but I came back to work. I went back to work  
24 in January.

25 So I found a way where I could take some

1 classes at night and do my work in the daytime. So I  
2 continued to work and I went to law school, earned a  
3 degree in 1986, I believe, I got my law degree.

4 Q. Just one second. When did you begin at  
5 Thurgood --

6 A. Thurgood Marshall. 19 -- it had to have been --  
7 if I got the degree in 1986 it had to have been 1983, '82,  
8 '83 or that. Yeah, somewhere. I'm horrible with dates.

9 Q. That's okay.

10 A. I just do stuff and then I think about when I've  
11 done it after it's over.

12 Q. I get it.

13 A. So, yeah, but that's -- that's about the time,  
14 yeah.

15 Q. Okay. Do you have any other -- did you go to any  
16 other degree programs after you received your JD from  
17 Thurgood Marshall --

18 A. No.

19 Q. -- in approximately 1983?

20 A. No, I was so tired by the time I got out of law  
21 school. You won't believe this, I took all of those law  
22 books -- we have a pool table in our game room --

23 Q. Um-hmm.

24 A. -- I threw them under the pool table. I didn't  
25 look at them again for about, I know, four or five years.

1 Because, you know, life happens. Larry was ill by then,  
2 he got sick with diabetes and all the stuff that happens  
3 with diabetes.

4 Then I had a daughter who going to college.  
5 In fact, she graduated from Texas Southern and she's a  
6 school teacher, and then my other daughter -- we had two  
7 children, Larry and I did. The other daughter was at that  
8 time about to graduate -- was she about to graduate? No,  
9 they're ten years difference in ages of my two children.  
10 So all of that was going on all at one time, so I thought,  
11 auh, no, uh-huh, no, lawyering for me.

12 I honestly -- lawyers I have a lot of respect  
13 for all of them because I mean you-all just have to work  
14 really, really hard. It's hard work to do what you do.  
15 You know, I appreciate Sarah, I do. And I -- I was -- it  
16 was interesting when I was -- I loved it though, I loved  
17 being in school, that part of it, but I hated lawyering.  
18 I don't know what I could have gotten a degree in or  
19 better I would have liked. I have no idea.

20 Q. So I take it from your testimony that you didn't  
21 sit for the bar --

22 A. I did.

23 Q. -- to become licensed?

24 A. I sat for the bar and passed the first sitting.  
25 I passed the multiple choice going away. Flunk the other

1 parts of the -- SA part, just flunked it, and I thought,  
2 good Lord, this is -- this is just the opposite. I'm  
3 usually good at the writing, not good at multiple choice.

4           So I did that and studied with another  
5 friend, whom she lived in Austin to take the bar again.  
6 At that time you could only take it once a year, I believe  
7 or some kind of way, I can't remember. But we studied  
8 together. She and I were struggling, you know, together.  
9 Her life was totally different than mine, but still we  
10 were struggling to pass this bar thing. So it was just  
11 the opposite that time and I still didn't pass, and  
12 honestly after that I thought, uh-uh, God is trying to  
13 tell me something about this law stuff, give it up.

14           So -- and all at the same time I was still  
15 working the social worker, so -- and still enjoying that.  
16 So I just think that -- that's just my makeup.

17           Q. Okay.

18           A. Just doing good in whatever.

19           Q. And so no other licenses, certificates other than  
20 your J -- your law degree and your bar license -- or I'm  
21 sorry, your law degree?

22           A. Um-hmm. Um-hmm, that's it.

23           Q. Okay. I know that you had mentioned that you had  
24 worked with an organization for about three years where  
25 you would go and help children who were runaways.

1 A. Um-hmm.

2 Q. Where did you work after that?

3 A. I was still a social worker --

4 Q. You were still a social worker?

5 A. -- for the school district. Yeah, yeah --

6 Q. Okay, that's right.

7 A. -- I worked for the school district in different  
8 areas and, of course, worked my way up to be the director  
9 of that program when I retired. Yes.

10 Q. Okay. And that was located on Galveston Island?

11 A. Um-hmm. I worked for Galveston Independent  
12 School District.

13 Q. Do you remember what your title was originally  
14 when you first started working for GISD?

15 A. Social work -- school social worker.

16 Q. Did that title ever change over time a part from  
17 the director position?

18 A. No, not until I became that supervisor and that's  
19 when it -- that's when it changed.

20 Q. Okay.

21 A. Just the social worker.

22 Q. Okay. And what kind of -- can you describe some  
23 of the tasks that you would do on a day to day basis as a  
24 social worker for GISD?

25 A. Um-hmm, yeah. Walk in and usually there's a

1 stack of paper that I didn't complete the day before in  
2 terms of making home visits. A lot of my work dealt with  
3 working with the parents of students if students needed  
4 help that they were not getting. That was another thing  
5 to take a look at the paperwork for the -- that the school  
6 had prepared on these kids, making sure that they had all  
7 of the correct tests that they should have had, making  
8 sure for the sake of the school district that they were  
9 giving them what the state required them in the terms of  
10 extra help, resource help for kids who needed that.

11 Making sure that kids had medications if they  
12 needed that because they were on, what do they call them,  
13 spectrums now. You know, you have all of these autism,  
14 spectrums, different levels of that. I'm sure back then  
15 those kids had the same thing but they didn't call it  
16 that. They were all ADHD or whatever.

17 I -- long story short, what I did was worked  
18 with students, I worked with the teachers, all of these  
19 schools, ever last one of them had full time nurses in  
20 them. Work with the nurses, worked with the principals,  
21 the whole school administration. And then there would be  
22 days, hours, times within maybe perhaps a month where we  
23 would get together with the superintendent because they  
24 needed to be aware also of what we were doing. Especially  
25 with making home visits and that's what I did. I did that

1 a lot.

2 So that's primarily what it was, and I would  
3 have to collaborate with the teachers and the principals,  
4 parents, everybody to make sure that we all were on the  
5 same page with these kids.

6 Q. District-wide not just limited to one school,  
7 correct?

8 A. District-wide, yes.

9 Q. Did you work with other social workers at GISD or  
10 were you the sole social worker?

11 A. We had -- at the -- you wouldn't believe it, but  
12 at that time GISD had 12 social workers.

13 Q. Okay.

14 A. I worked with all 12 of them. And we all had  
15 spaces in schools where we were all housed in these  
16 schools and we would coordinate our efforts because what  
17 we found was that just because we were working with a  
18 third grader that, that third grade kid probably had a  
19 seventh grade sister or brother, a 12th grade sister or  
20 brother. So, yeah, we all worked -- we were working  
21 together in that way.

22 Q. When did you retire from that position?

23 A. From the school?

24 Q. Yes, ma'am.

25 A. I -- I retired in 2004, I believe. And I'll

1 double check that. You're going to have to double check

2 all my dates, but I think I retired in 2004.

3 Q. Okay.

4 A. Yes.

5 Q. Okay. And what did you do after you retired?

6 A. Well, when I retired I stayed home for a while  
7 making sure that Larry was okay because by then he had  
8 retired also. I thought, okay, so he's retired, I'm  
9 retired so maybe we can get some things done together.  
10 But his health didn't quite, you know, permit him to  
11 travel at all. I'm not a traveler, I don't like to travel  
12 and especially now, I don't. But back then I didn't like  
13 traveling because I didn't like to pack, I didn't like to  
14 unpack, I didn't like any of that.

15 So I stayed home with him and watched him  
16 with his golfing activities, he loved to golf, and after  
17 he retired, and -- even though he lost one leg and -- but  
18 he still -- he got a prosthetic leg, never stopped  
19 golfing.

20 And so did that for a while and then the  
21 walls in the house started closing in on me. I thought  
22 that I needed to get out of here. You know, you see how  
23 you're bowing your head, he was doing the same thing.  
24 Yes, you need to get out of here because he recognized  
25 that I was going nuts, too. So what I did I applied for a

1 job at Methodist, Houston Methodist in Baytown at San Jac.  
2 That's the name of the hospital, San Jac. I worked there  
3 as a social worker.

4 Q. How long were you with Methodist?

5 A. I was at Methodist for about -- I think seven  
6 years, seven or eight years before they tore the unit --  
7 they tore the building down. And everybody's been -- oh,  
8 my God, constructing since about that time. Constructing,  
9 destructing, and constructing. They tore that building  
10 down and so that job just kind of went away.

11 Q. Do you remember about what year you stopped  
12 working with Methodist?

13 A. I stopped working with Methodist -- I believe it  
14 was 20 -- 2011 when they tore that building down. I think  
15 20 -- so I worked there from about 2008, I think until,  
16 like, 2011 or longer. Yeah, I worked there for seven or  
17 eight years. I can't remember the actually -- the actual  
18 dates, but I was able to retire again, I retired from  
19 Methodist.

20 Q. Okay. And so your work as a social worker at  
21 Methodist, what typically would be your responsibilities?

22 A. Checking on the patients who were there. It was,  
23 like, in a rehab unit. I was on that unit, yeah. About a  
24 30 bed unit, 15 beds on either one of the hallways there.  
25 Those were my patients, and I did pretty much the same

1 thing with the patients at Methodist that I did at U of H  
2 in terms of just working with families helping them to get  
3 their needs prioritized, working as a resource person for  
4 them, seeing where their loves ones could go once they  
5 left the rehab center there, the skilled nursing unit they  
6 called it at San Jac, which is where I was and would help  
7 them find a place for their -- their loved ones.

8           And some people needed help with the  
9 application process, helped them fill out the paperwork  
10 for that, and did whatever came up in terms of helping  
11 these people get settled once -- once the patients left.  
12 Because they all had to leave, they had to go somewhere,  
13 so that was my job.

14           Q. Is it fair to say that when you were at Methodist  
15 that your work was pretty -- pretty close to the area of  
16 Baytown around the hospital when it came in terms of,  
17 like, placing people or helping people find other  
18 places --

19           A. That was --

20           Q. -- to go?

21           A. -- that was up to the family members.

22           Q. Okay.

23           A. Some wanted them close so that they could visit  
24 often, some wanted them far away because they didn't want  
25 to ever see them again, I guess. But at any rate, yes, I

1 just had to work with whatever -- whatever the situation  
2 dictated. You know, yeah, and I helped them with that.

3 Q. And so after your time, after your retirement  
4 from Methodist what -- did you have any other jobs?

5 A. Yeah, I've had several little jobs and they were  
6 all just like fun jobs for me. I worked at a center  
7 that's housed over on Texas Avenue in Texas City where  
8 that was, like, a grant program where I helped people --  
9 yeah, fill out the paperwork to get grants for housing.  
10 These were people who were being evicted from their houses  
11 and, of course, there were grant programs. And so I was a  
12 resource person there, too.

13 Q. Do you remember the name of that program?

14 A. Oh my God, no. I just know that it's in the big  
15 community center on the corner of 21st and Texas Avenue in  
16 Texas City.

17 Q. Do you know if it's still going on today or if  
18 it's still there today?

19 A. That program that I worked on kind of ended, but  
20 now because I was in a meeting just two days ago in which  
21 they're saying today they now have more money, the  
22 government has given them more money and so they're going  
23 to be helping people to gain with finding rent houses --  
24 places to rent.

25 Q. What was the meeting for? Who -- who held the

1 meeting?

2 A. Who held the meeting that, that came out? It was  
3 just a community meeting for information. Just -- just a  
4 meeting, though, a group of people. In -- in our  
5 community that's kind of how we work. And the information  
6 just came up, we discussed it; but I understand this  
7 program is back up and running again. And that just came  
8 from a person who was at the meeting.

9 Q. So the meeting that you were at a couple of days  
10 ago, where was it held?

11 A. It was on Zoom.

12 Q. It was on Zoom?

13 A. Um-hmm.

14 Q. Who organized it?

15 A. It was through the NAACP. It was part of the  
16 NAACP meeting.

17 Q. Was it Mainland Branch, or was it --

18 A. Mainland Branch, yeah.

19 Q. Alright. Alright.

20 A. That's the -- yeah, Mainland Branch meeting.

21 Q. Okay, gotcha.

22 A. On Zoom.

23 Q. After your time at this -- this center, this  
24 program, is that -- is -- let me back up. Did you go to  
25 work at this program when you retired from Methodist or

1 was there something in between?

2 A. I don't remember working in between. I did some  
3 volunteer stuff.

4 Q. Sure.

5 A. I don't remember actually having a job in  
6 between. I worked for that program for -- it was just  
7 some months because it went away, too, because it's a  
8 grant program. Maybe six months.

9 Q. Did you have any employment after that program  
10 ended?

11 A. Oh, yeah, as a matter of fact I'm sitting here  
12 now, I'm employed right now as a part-time social worker.

13 Q. And who's your employer?

14 A. La Marque Independent School District/Texas City  
15 ISD.

16 Q. Okay.

17 A. Um-hmm.

18 Q. So let's back up. So between today and the time  
19 the grant program ended -- let's just take it  
20 chronologically -- where did you go for employment after  
21 the grant program ended?

22 A. I didn't. I didn't work.

23 Q. Okay. How long --

24 A. You're talking about the grant program that's on  
25 21st --

1 Q. Yes, ma'am.

2 A. -- that was in that --

3 Q. Yeah. Yeah.

4 A. Yeah, I didn't -- I didn't work for a while.

5 Q. Okay. What was your next position after --

6 A. The one that I have now.

7 Q. Okay.

8 A. Yeah, because I didn't work. That was a space  
9 where I was not working. Yeah, and if I was working I was  
10 volunteering.

11 Q. When did you begin your current position?

12 A. Just this year -- well, no, October. It was in  
13 October 2022.

14 Q. Okay. And your title is a social worker,  
15 correct?

16 A. Yeah.

17 Q. And tell me a little bit about your daily tasks  
18 as a social worker.

19 A. My daily tasks there is pretty much my daily  
20 tasks at GISD. Employees will ask me to check on a  
21 family -- a student who belong to a family and with that I  
22 would have the child's profile where I would have names,  
23 addresses, phone numbers, teacher's name and so I would  
24 know -- I will know who the teachers are, what kind of  
25 **problems the children are having and then get with parents**

1 | and try to set up a conference, get the teachers to try to  
2 | see what it is we need to do to help this kid be  
3 | successful this school year. And that's primarily at La  
4 | Marque.

5 | Q. What where is your office?

6 | A. It's on the first floor in La Marque -- in the  
7 | building. I don't, have you ever?

8 | Q. I have not. Is it just in the administrative  
9 | building for the ISD?

10 | A. No, it's not in the administration building for  
11 | the ISD, the administration building is on Palmer Highway.

12 | Q. Um-hmm.

13 | A. No, this is in the building of La Marque school  
14 | where the kids are having school from nine through 12th  
15 | grade.

16 | Q. Okay, alright. And so I think that is a pretty  
17 | good picture of all of your employment and educational  
18 | experience --

19 | A. Um-hmm.

20 | Q. -- but I'd like to go back and talk about some of  
21 | the organizations that you're a member of.

22 | A. Um-hmm.

23 | Q. And so let's just start with today. You  
24 | mentioned the NAACP Mainland Branch, correct?

25 | A. Um-hmm. Um-hmm.

1 Q. What other organizations are you a member of?

2 A. Alpha Kappa Alpha Sorority. I belong to McKinney  
3 Memorial United Methodist Church and within the church I  
4 belong to the choir there. I've worked with senior  
5 citizens for Leah Perriman Group which is now struggling  
6 to get going again because with the virus a lot of the  
7 activities that we had going on under the umbrella of that  
8 particular organization had to -- we had to stop, stop it.

9 We couldn't meet face to face for senior  
10 citizens who were my age or older. A lot of them didn't  
11 know how to do Zoom, didn't know computers, didn't know any  
12 of that, so we didn't have it. So that has not stopped --  
13 that had not started up again.

14 And I also had a physical group, I mean  
15 exercising group with seniors in the mornings at that  
16 church. And we have not started that up again yet for the  
17 same reason so that's it. I probably belong to some other  
18 stuff but I can't remember what it is right now.

19 Q. That's okay. If you remember as we continue with  
20 the deposition would you just let me know?

21 A. Sure.

22 Q. Okay. What about political organizations? Are  
23 you involved in any political organizations?

24 A. I'm a -- no, I'm a democrat. If that's what  
25 you're asking.

1 Q. Are you involved in -- like, do you hold any  
2 offices? Do you go to any meetings for the democratic  
3 party locally or otherwise?

4 A. I'm invited to those meetings. They have them  
5 monthly, but I have a difficult time now driving at night,  
6 and so -- and they don't necessarily have them locally  
7 within the community like they used to. So I have not  
8 been to one of the meetings -- and also they were having  
9 theirs on Zoom and I did attend some of those when they  
10 were doing the Zooms, but now they're back face to face.  
11 So I have not attended a meeting in a while, it's been a  
12 while, a few months.

13 Q. Okay. And which organization is it because I  
14 know there's lots of different levels so which -- do you  
15 know?

16 A. That's the Galveston County, I want to call it,  
17 Coalition of Democrats. I want to say it's coalition in  
18 that title, but that is the one.

19 Q. Have you ever held any officer positions with  
20 that organization?

21 A. With that organization, no, I have not.

22 Q. Have you ever held any officer positions with any  
23 of the organizations that we've discussed so far?

24 A. With the Mainland chapter NAACP I have held -- I  
25 was the -- I am right now on one of the committees, I'm

1 trying to think of the name of it right now. Because,  
2 again, for, like, three years we didn't meet face to face,  
3 we were on Zoom or not meeting at all. Ask me that later  
4 on, it will come back to me exactly what my position is.  
5 It's a very small thing that I do there. It's no major  
6 position, I'm not, like, the president or vice president,  
7 not even a secretary.

8 Q. Okay.

9 A. Yeah.

10 Q. Okay. And what kind of things do you do with  
11 your sorority membership?

12 A. Well, I'll have a meeting Saturday, the first  
13 thing I have to do is -- I'm in charge of bringing the  
14 water. Saturday I'm on the committee for serving. The  
15 things we do there we'll -- we just have our eyes and ears  
16 open for what we can do to help our community either  
17 stabilize to get information when we get it out to people  
18 who we think can be helped. We do things like plant  
19 roses, flowers, whatever in the park, in -- in La Marque  
20 and Texas City.

21 I don't know, that's pretty much what we do.  
22 We just try to be visible, let people know that we are  
23 around and that we are -- we're there for them if they  
24 need us. Whatever that mean for the individuals who get  
25 the information, and that's pretty much what we do as a

1 sorority, we just support community people, groups, and  
2 whatever they are.

3 Q. Okay. Let me go, kind of switch gears a little  
4 bit. Just trying to kind of book-end everything. So,  
5 alright, so you a plaintiff in this lawsuit, right?

6 A. Yes.

7 Q. And can you tell me a little bit about what you  
8 believe this lawsuit is about?

9 A. I believe this lawsuit is about the -- the way  
10 that the maps have been constructed in terms of -- of our  
11 -- when I say "our and we," in this instance when I'm  
12 talking to you about that community, I am part of the  
13 community, and I'm telling you now if you were to ask  
14 anyone in the community who they would like to come and  
15 speak or any, I don't care what it is, any issue, any  
16 subject, my name will come up and one of the fellow's name  
17 will come.

18 That's been going on with me for years and  
19 for why I will never know, but -- and that's why when I  
20 say "we, us, our," I'm talking community because I am the  
21 community.

22 Q. Okay. And when you talk about the community,  
23 what area are you talking about?

24 A. I'm talking about the needs of the -- let me see,  
25 that's different levels, too. The needs of the people who

1 | actually live and who actually work in that community.

2 | You know, I'm an advocate, that's what I am. I'm an

3 | advocate. I'm an advocate for the young men of that

4 | community who may be struggling to find a job, don't know

5 | what to do. They can always ask me what do they need to

6 | do.

7 |                   And that's because the community -- the

8 | College of the Mainland. College of the Mainland is

9 | another organization, they have several. I was a meeting

10 | with a group of people of the College of the Mainland just

11 | a week or so ago because they're trying to pass a bond to

12 | build more buildings at that school, and they're all

13 | needed.

14 |                   So I would attend those meetings also, and if

15 | they send out communications today for anything, College

16 | of the Mainland, I'm going to get a copy of whatever

17 | they're sending out. And that's where a lot of my

18 | information comes from. So what was your original

19 | question?

20 |           Q. No problem. When you're talking about community,

21 | just so that it's clear in the deposition that we're all

22 | thinking about the same thing --

23 |           A. Um-hmm.

24 |           Q. -- what's the geographical area that you're

25 | talking about when you say "your community?"

1 | A. I'm talking about what they call the settlement  
2 | community. I'm talking about Texas City, the west end of  
3 | Texas City.

4 | Q. Okay.

5 | A. And that central area there and La Marque. The  
6 | reason for the La Marque and Texas City is because it's  
7 | hard to divide them. It's just one -- one street runs  
8 | there. On one side of the street you're in La Marque and  
9 | the other side of the street you're in Texas City. And so  
10 | with that -- with that being said that community --

11 | Q. Yeah.

12 | A. -- that's -- that's me. That's my community.

13 | Q. I'm going to hand you a map and see if this is  
14 | going to be big enough to kind of identify the community  
15 | that you were talking about.

16 | A. Okay.

17 | MS. OLALDE: I'm going to mark it  
18 | Exhibit 1.

19 | (Exhibit 1 was marked for  
20 | identification.)

21 | MS. OLALDE: And we've also sent it in  
22 | the chat. And we may need to use this document camera.

23 | Q. But Ms. Courville, I've handed you Exhibit No. 1.  
24 | Can -- is it possible with this document to kind of  
25 | outline what you mean when you say community?

1 A. Okay.

2 Q. We have highlighters if you prefer that or a  
3 Sharpie or a pen, it's up to you.

4 A. Ill just take this pen. I'm looking here at here  
5 -- you have it precincts, precincts. Okay, 336.

6 MS. CHEN: May I ask a clarification  
7 about this map? It looks like there are precinct numbers  
8 here.

9 MS. OLALDE: Um-hmm.

10 MS. CHEN: Are these current precinct  
11 numbers or precinct numbers from --

12 MS. OLALDE: So my understanding --

13 MS. CHEN: -- prior to 2021?

14 MS. OLALDE: -- yeah, I just put these  
15 together this morning. My understanding is this is prior  
16 and current.

17 MS. CHEN: So would the blue numbers be  
18 the prior and red numbers be current?

19 MS. OLALDE: That is my understanding,  
20 yes.

21 A. So the red -- so this 436 and 336 --

22 Q. Um-hmm.

23 A. -- those are precinct --

24 Q. Um-hmm.

25 A. Okay.

1 Q. They sure are. Yeah, but remember my question is  
2 really just for the community that we were talking about  
3 --

4 A. Um-hmm.

5 Q. -- where is that community just so that we -- I  
6 understand?

7 A. My community is -- it's the -- you know, I don't  
8 know if I told you how difficult it is for me to look at a  
9 map and understand exactly where I am, what map --

10 Q. No, I under --

11 A. -- but you have to write it out for me. But the  
12 336 precinct is -- they changed our precinct number to  
13 436, and I see both of them are here. So that would  
14 definitely be me and then the area --

15 MS. OLALDE: And, Sarah, do you mind  
16 turning on the document camera and that way we can all  
17 see?

18 MS. CHEN: Sure.

19 MS. OLALDE: Thank you.

20 A. This is La Marque and Vauthier. Yeah,  
21 Vauthier...

22 MS. CHEN: And can you give me just a  
23 second.

24 A. Yeah, Vauthier...

25 MS. CHEN: Turn on this document camera

1 | so that everybody can see. We can all take a look at what  
2 | you're looking at here. Would you mind putting it over  
3 | here --

4 | THE WITNESS: Oh.

5 | MS. CHEN: -- under this camera.

6 | A. Okay. So my community is that precinct 336, and  
7 | then, what's this, north? I can't make that out. Is that  
8 | Westward? That's my community, and over in La Marque that  
9 | Vauthier, Vauthier, that street runs right pass my  
10 | driveway, and that is exactly where the La Marque school  
11 | building in which I work, that is where that is.

12 | BY MS. OLALDE:

13 | Q. Will you put an X on the La Marque school  
14 | building where you work.

15 | A. Is the building on there?

16 | Q. Just approximately. Just approximately.

17 | A. And if this is Vauthier, golly, and you've passed  
18 | by the major highway there, Lake Road -- you know, this  
19 | whole area. La Marque is going to be on Vauthier before  
20 | Highway 3, so the building -- yeah, that building is going  
21 | to have to be about here. The school building.

22 | Q. Would you put a circle on approximately where  
23 | your house is.

24 | A. Oh, I moved this.

25 | Where my house is on Vauthier?

1 Q. Um-hmm.

2 MS. OLALDE: Sarah, if we put the map  
3 maybe right underneath and not on top of the computer that  
4 might help a little bit. And you can angle the top down  
5 to get closer if you need to. And zoom all those things.

6 A. My house is on Oriole, the actual address and  
7 Vauthier runs right passed my driveway.

8 Q. Sure.

9 A. When I either drive out because I'm facing the  
10 driveway --

11 Q. Um-hmm.

12 A. -- or back out, I'm on Vauthier. And so -- and  
13 that's -- this is Vauthier here going toward...

14 Q. And it doesn't have to be exact, maybe just an  
15 approximate.

16 A. I'm trying to figure it out --

17 Q. Sure, yeah.

18 A. -- where my house would be. Down from La Marque  
19 it's -- Vauthier runs passed La Marque also after you  
20 cross over -- is that 165? Yes, 165 -- Highway 165. Do I  
21 see 165 in here? Highway 3 -- I see Highway 3, I don't  
22 see Highway 165, but I am between.

23 Q. We can move on if you don't want --

24 A. Yeah, Monticello --

25 Q. Um-hmm.

1 A. -- and 165 and Vauthier, yeah, all of that, yeah.

2 Q. Yeah, if you don't know exactly where to put the  
3 circle --

4 A. Yeah.

5 Q. -- that's okay, we can move on.

6 A. Yeah.

7 Q. Is your church that you are a member of, is that  
8 close to your house?

9 A. It's exactly -- it takes me about six minutes to  
10 drive there so it's close.

11 Q. Okay.

12 A. Six minutes away. That's in La Marque.

13 Q. Okay.

14 A. That address of the church is in La Marque.

15 MS. OLALDE: And, Sarah, if you don't  
16 mind if we could look at the map that she's --

17 A. Texas Avenue --

18 MS. CHEN: Sorry, you wanted just --

19 MS. OLALDE: Um-hmm, I apologize.

20 A. That's the wrong way.

21 THE COURT REPORTER: Keep your voice up,  
22 ma'am.

23 THE WITNESS: Oh my voice, oh, I'm  
24 talking to myself. I'm just going, this is going the  
25 wrong way.

1           A. Trying to figure out where the church is. The  
2 church is right off of 165. Golly, four miles from my  
3 house maybe.

4 BY MS. OLALDE:

5           Q. Sure.

6           A. It takes me about five minutes to drive there.

7           Q. Do you mind if I look at -- do you mind -- may I  
8 see the map that you have marked up?

9                           MS. OLALDE: And, Sarah, if you want to  
10 give me the document just to make sure that everybody can  
11 see.

12           A. Okay, I just figured out what this is. This is  
13 Lake Road.

14                           MS. CHEN: Monticello over here.  
15 Monticello here, is that the one you were looking for?

16                           THE WITNESS: Do you see Monticello?

17                           MS. CHEN: Yes, I think that's this one  
18 here.

19                           THE WITNESS: Monticello would run.

20                           MS. CHEN: Likes it cross a ravine?

21                           THE WITNESS: Yeah, and it would cross  
22 Vauthier. Monticello crosses Vauthier. Um-hmm.  
23 Monticello cross Vauthier. Vauthier should be here. Down  
24 here, Monticello --

25                           MS. CHEN: But it isn't.

1 THE WITNESS: -- it crosses where that  
2 high -- where the middle school has been built. It  
3 crosses.

4 MS. CHEN: Yeah, it is difficult to see  
5 with so few streets --

6 THE WITNESS: Yeah.

7 MS. CHEN: -- marked and it's a small  
8 map.

9 MS. OLALDE: No problem. No problem.

10 BY MS. OLALDE:

11 Q. So Ms. Courville, what --

12 A. Yeah.

13 MS. CHEN: If we can move on.

14 Q. -- we're going to do, don't worry about marking  
15 up the map. May I see what you have? I believe that was  
16 Ms. Chen's map.

17 A. Yeah, that was --

18 Q. Sure. Sure. Sure.

19 A. She showed me where Monticello was on there --

20 Q. Um-hmm.

21 A. -- and I know that Monticello --

22 Q. No problem.

23 A. -- crosses Vauthier down where the middle school  
24 was built.

25 Q. Oh, you know what I'm seeing.

1 A. What?

2 Q. The map that you handed me is not the Exhibit 1,  
3 so would you do me a favor, I'll just mark this as Exhibit  
4 2 to make things go faster.

5 (Exhibit 2 was marked for  
6 identification.)

7 Q. And hold on just one second because I'll have a  
8 question for you in just a moment.

9 A. Okay.

10 Q. So Exhibit 1 is a map that has a blue Line that  
11 marks Monticello Street. Is that correct? And all I need  
12 is a yes or a no.

13 A. This blue line? This is not -- this wouldn't be  
14 Monticello here.

15 Q. Do you know what --

16 MS. CHEN: I believe she's referring to  
17 the pen marking.

18 A. Oh, you're talking about the pen marking down  
19 here, where I marked?

20 Q. Yes, ma'am.

21 A. Oh, yeah, that would be Monticello.

22 Q. Okay. So the only other question I have then is  
23 on Exhibit 2. The circle that you put on Exhibit 2, does  
24 that adequately reflect what you mean when you say "your  
25 community?" The geographical area?

1 A. We've got to include this Monticello here,  
2 though, because that's one of the schools have been built,  
3 yeah. And then the Delany Road -- the Delany Road area  
4 also -- work with a lot of those people who live on Delany  
5 Road, so that would be part of my -- see, I have a big  
6 neighborhood. Okay. A big community.

7 Q. Um-hmm.

8 A. And mostly I don't know if that's the north or  
9 south side of 146.

10 MS. OLALDE: Sarah, you can zoom out.  
11 There's a --

12 A. Oh, this -- oh, I'm sorry I didn't even know you  
13 were doing this.

14 Q. So, Ms. Courville, my --

15 A. Yes.

16 Q. -- my question is: Does the map in front of you,  
17 your marks on the map --

18 A. Um-hmm.

19 Q. -- does that adequately reflect the community  
20 that we were talking about?

21 A. I don't know about the word adequate but, yes.  
22 Yes, primarily, yeah.

23 Q. We'll use your word.

24 A. For the most part, yeah. Yeah, primarily that's  
25 my community, yes.

1 Q. Okay.

2 A. Um-hmm.

3 Q. Great, thank you.

4 A. Where meetings are held and all of that, that I  
5 go to periodically.

6 Q. Okay.

7 A. Yeah.

8 Q. Alright. So I think we can move on from the map.

9 A. This is 165. I just saw that 165, yeah, okay.

10 MS. CHEN: If you would like to add  
11 anything, you can return to this.

12 THE WITNESS: Okay.

13 MS. CHEN: When needed.

14 THE WITNESS: Yeah.

15 BY MS. OLALDE:

16 Q. Okay. So I am going --

17 MS. OLALDE: We can put the video off.

18 Q. Ms. Courville, what did you do to prepare for  
19 your deposition today?

20 A. I read newspaper art -- I had to go back.

21 Q. Sure.

22 A. And try -- I tired to find newspaper articles  
23 that dealt with leading up to the drawing of these maps  
24 and leading up to -- well, we didn't know about the  
25 meeting that they had in November -- but leading up to

1 those kind of social changes within the community. I read  
2 plenty newspaper articles. I read copies op-eds that I  
3 had written in the past because -- because I write, I  
4 write sometimes. And -- and I spoke with my attorney here  
5 once or twice and -- leading up to this.

6 Q. So I'm going to just time out for just one  
7 second, and just to let the deposition go a little bit  
8 faster --

9 A. Um-hmm.

10 Q. -- I'm just going to ask that we do a little bit  
11 more of a volleyball, so I'll ask a question, let's limit  
12 the answer to that question.

13 A. Oh, you bet.

14 Q. Yeah, it might just make things go a little bit  
15 faster.

16 A. Um-hmm.

17 Q. Alright. So how many times did you meet with  
18 Ms. Chen?

19 A. We've met totally about three times.

20 THE WITNESS: Is that right?

21 BY MS. OLALDE:

22 Q. She can't -- she's not allowed to answer for you.

23 A. Okay, about three times. About three times, yes.

24 Q. Okay. On the first meeting, about how long was  
25 that meeting?

1           A. The first meeting not very long, about twenty  
2 minutes.

3           Q. Sure.

4           A. About twenty minutes.

5           Q. And the second meeting about how long was that?

6           A. Sarah doesn't really keep me in meetings too  
7 long. About thirty minutes.

8           Q. Sure. And the final meeting, about how long was  
9 that?

10          A. Same time, about 30 minute.

11          Q. Sure. Did you review any documents with  
12 Ms. Chen?

13          A. Only, like, chatted with her about a couple of --  
14 of my op-eds. And the one document that we did go over  
15 were some talking points, but that was after I became a  
16 plaintiff in the case.

17          Q. Sure. So I don't want --

18                       MS. CHEN: And just -- yeah, quickly  
19 I'll caution you not to reveal anything --

20                       THE WITNESS: Sure, right.

21                       MS. CHEN: -- that we talked about, you  
22 know, regarding the lawsuit.

23                       THE WITNESS: Right.

24                       MS. CHEN: Attorney/client privilege.

25 BY MS. OLALDE:

1 Q. And just going forward, just if it's a  
2 conversation that you had with one of your attorneys, I  
3 don't want to -- I don't want to ask you about that, so  
4 we'll just limit it to maybe documents that you remember.

5 A. Right, that's it.

6 Q. Do you remember which op-eds you reviewed?

7 A. Just the one with -- oh, that I reviewed?

8 Q. Um-hmm.

9 A. Oh, op-eds that came from -- are you talking  
10 now -- I got to ask you.

11 Q. Sure.

12 A. Before or after I knew that I would be  
13 participating in a lawsuit?

14 Q. So I'm going to limit it to just getting ready  
15 for your testimony today.

16 A. Okay.

17 Q. Do you remember what op-eds you looked at in  
18 getting ready to testify for today?

19 A. The one I remember from -- I was quoted in a  
20 Mother Jones article, I was quoted in an online article  
21 for the Houston Chronicle, and I was quoted in another one  
22 and I can't think if -- I can't remember now the name of  
23 it.

24 Q. Do you remember any other documents that you  
25 looked at when you were getting ready for your testimony

1 today?

2 A. Just the newspaper articles and they were -- I  
3 was not a part of a lawsuit when that -- the ones that I  
4 was reading about, and then I also since the lawsuit I did  
5 read the one about Dr. Armstrong to refresh my memory,  
6 yeah.

7 Q. Okay. And do you know Dr. Armstrong?

8 A. I do know him.

9 Q. How do you know him?

10 A. I know him because he is a doctor in the  
11 community. Again, you know, his community is my  
12 community. I also know several of his family members. In  
13 fact, I was sitting right next to his niece in choir last  
14 Sunday. We belong to the same -- that's how close we  
15 are. The community when I say that. I can't -- I can't  
16 even go to the store without seeing some people that may  
17 be related to Dr. Armstrong.

18 Q. Do you -- what's your opinion of Dr. Armstrong?

19 A. Like him as a doctor. Like him. He's a nice  
20 person. He's a nice person and a very good physician.  
21 That's all I know about him, yeah.

22 Q. Is it fair to say that you would disagree with  
23 his politics?

24 A. I disagree with his politics because I don't know  
25 very much about his politics; but I know that he's very

1 | limited in doing politicking. But, you know, his  
2 | policies, we look at things differently, but as far as him  
3 | being a medical physician, no problem with him whatsoever.  
4 | Perfect.

5 | Q. This is a silly question but I have to ask it.  
6 | Have you ever used any GIS mapping software on the  
7 | computer?

8 | A. GIS mapping?

9 | Q. And if you don't know what it means then probably  
10 | the answer is no.

11 | A. It is no.

12 | Q. Okay.

13 | A. Because I don't know what you're talking about.

14 | Q. Okay. Do you ever look at the computer to look  
15 | at maps, like maybe on the Galveston website?

16 | A. Sometimes. I don't read maps very well, I just  
17 | never did. I think I said that earlier on. You know,  
18 | just write my directions, instructions write them out and  
19 | that -- yeah.

20 | Q. Okay. And you said very rarely you would look at  
21 | a map on the computer. When would you look at the map --  
22 | or when do you recall looking at a map on a computer?

23 | A. Oh, for sure we were on the computer with the  
24 | maps when all of the discussion about the maps, our voting  
25 | maps would be changed and how they would be changed, and

1 | there were several different ways to look at them.

2 | | Yeah, I did, I got on the computer for that,

3 | and also they publicized them in the newspaper and --

4 | well, I don't have to tell if they publicize in the

5 | newspaper, it was stretched from one page of the page to

6 | the other page of the paper -- paper. So, yeah, those

7 | maps, yeah.

8 | Q. Did you look at the proposed Map 1 and Map 2 on

9 | the Galveston County website?

10 | A. Um-hmm.

11 | Q. Okay. Have you looked at any maps on the website

12 | that you could make them bigger, smaller, or make

13 | different lines pop up?

14 | A. Yeah, we did that.

15 | Q. The interactive maps?

16 | A. Um-hmm.

17 | Q. And did you do that as a group with other people

18 | or individually?

19 | A. No, I have a friend that I do that with, but it's

20 | not as a group, yeah.

21 | Q. Is that friend also a member of an organization

22 | with you?

23 | A. Yeah, that friend is a member of several

24 | organizations. In fact, he's a minister of the church.

25 | Q. What is his name?

1 A. Reverend James E. Daniels.

2 Q. Okay.

3 A. Um-hmm.

4 Q. Okay. And is he a member of the NAACP Mainland  
5 branch as well?

6 A. He's a member of the NAACP Mainland branch.

7 Q. Okay. And do you remember about when you were  
8 looking at the maps with Dr. Daniels or Reverend Daniels?

9 A. We were really looking at those maps once we  
10 realized that these were going to be the maps and that.  
11 Especially that day that we had that meeting in November  
12 in League City and they voted -- when I said "they," I  
13 mean the commissioners voted, the judge and the  
14 commissioner of his group voted for that map to go into  
15 effect in terms of -- we call them the voting maps, the  
16 redistricting voting maps is -- that's my name for them.

17 Q. Okay. And I guess that's a really good point.  
18 When we talk about the maps we're talking about the  
19 commissioner precinct, the four precincts, right? Is that  
20 what you mean when you're --

21 A. Yeah.

22 Q. Okay. Because you're right there's so many  
23 different kinds of maps.

24 A. And at the same time that that map, those maps  
25 were going on, they were redistricting -- redistricting --

1 can't even say the word anymore -- things at the school  
2 board also. They were having to have to redo their lines  
3 because of the census. After the census they had to redo  
4 their lines also, and so I was in on those meetings with  
5 those maps and redrawing them and.

6 Q. Did you approve of the maps that the school board  
7 ended up adopting after the 2020 census?

8 A. Yeah, theirs made sense, yes.

9 Q. Okay.

10 A. Theirs made sense because they were able to --  
11 well, the school board members were there on the very last  
12 one that I've attended I believe, and they were able to  
13 say what could be done to make them fair, to make the maps  
14 fair as far as the school district and the population's  
15 concern, yeah. And they were in on it; so yeah, they  
16 included members of the community in that, and so it made  
17 perfect sense.

18 Q. Have you ever served as a director of a school  
19 board?

20 A. Not a director, I was vice president.

21 Q. Okay. And which school district was that?

22 A. La Marque Independent School District.

23 Q. Do you remember when you held a position with La  
24 Marque ISD, the years?

25 A. I believe it was 2012 to 2014. No, I was on that

1 school board when they closed the district, and so that  
2 was in 2015 and I had served for two years. So '13, 2013.  
3 So I was probably seated in 2012 and served in the 2013,  
4 2014. I think they closed the district in 2015. They  
5 closed it in 2015. I think they did in 2015.

6 Q. Okay.

7 A. Yeah, so I was there at that time.

8 Q. And after they closed the district, I guess, it  
9 was called annexation, they kind of made it into a big --  
10 a bigger district with Texas City. Is that correct?

11 A. That's kind of how -- that's the best way to look  
12 at it.

13 Q. And have you been involved with the district  
14 after that annexation happened?

15 A. Never stopped being involved.

16 Q. Okay. How are you -- or how did you maintain  
17 your involvement with the district?

18 A. I was involved in the district in the takeover  
19 part of that because they wanted people to be involved who  
20 were concerned with and who knew -- here we go again, the  
21 community -- who knew the community, was familiar with  
22 some of the parents and students, ministers, the whole  
23 bit.

24 And so I was invited to every last one of  
25 them. Right away when they decided that they were going

1 to have to do something with the facilities, I was on the  
2 facility's committees all of them and offering suggestions  
3 here there and everywhere about facilities what they  
4 needed to be, how many students were going to be excepted,  
5 the whole bit. That was -- that was me.

6 Q. Okay.

7 A. Um-hmm.

8 Q. Going backward in time when you served as vice --  
9 vice president?

10 A. Um-hmm.

11 Q. What did you do in your role as vice president  
12 for the La Marque ISD?

13 A. Oh, we were the stewards of that, of that  
14 district. We were the people who were responsible for  
15 hiring -- in fact, we had to hire a superintendent because  
16 when they -- yeah, when I was on the board the other  
17 superintendent, or superintendent that they had left. So  
18 we had to get a superintendent.

19 And we, of course, had to find somebody who  
20 could work with what was there as the faculty, as the  
21 parents, work with all -- yeah, the faculty and the kids  
22 and the instruction part of that what was needed, and we  
23 had a very good person. She was -- she was wonderful.

24 Q. What was her name?

25 A. Terri Watkins.

1 Q. How did you find Ms. Watkins?

2 A. Well, I had known Ms. Watkins since she was a  
3 principal here in Galveston. I worked with her.

4 Q. Okay.

5 A. She was a principal of more than one school, most  
6 principals are, you know, they move around. And I was a  
7 social worker, we met at that time, moving around. And so  
8 we -- we knew each other. We just knew each others -- the  
9 way we worked and we knew our philosophies, in -- in that,  
10 and what we had hopes for in terms of the district, yes.

11 And at the time she was -- when she was hired  
12 on as the superintendent for La Marque by the school board  
13 on which I -- I was involved, she was one of the  
14 principals -- or was she one of the superintendents  
15 because -- of Texas City. She came from Texas City to La  
16 Marque.

17 Q. Just one second. How long did she serve as the  
18 superintendent of La Marque?

19 A. I believe Terri was there two and a half to three  
20 years before they closed the district, yes.

21 Q. I'm going to hand you what's being marked as  
22 Exhibit 3.

23 (Exhibit 3 was marked for  
24 identification.)

25 MS. OLALDE: Try not to cover up any

1 text. It's in the chat for those on Zoom.

2 Q. Have you seen this article before.

3 A. I have not seen this particular article.

4 Q. Okay. And the date of it is October and 2015,  
5 correct?

6 A. The date of this article?

7 Q. Yes, ma'am.

8 A. Yes. Yes, it does say October 2015.

9 Q. Okay. From your perspective, what was the  
10 removal versus the resignation? What was that issue, what  
11 happened?

12 A. Well, the State of Texas, the commission of  
13 education had decided that they were going to close the  
14 school district, La Marque Independent School District.  
15 They claimed that it was because of the kids had been  
16 failing before academically, had academically unacceptable  
17 grades and all that.

18 Q. Did you agree with that?

19 A. They had, had in the past but actually when all  
20 this happened those kids had improved greatly under Terri.

21 Q. Um-hmm.

22 A. Terri really brought them back, yeah. So you  
23 asked me did I agree with them.

24 Q. Yeah.

25 A. They had been failing before but when she got

1 there, no, it changed. I didn't agree with then.

2 Q. Okay.

3 A. Um-hmm.

4 Q. And so what was this -- was she removed as  
5 superintendent? I was trying to figure out if that was  
6 true or what this article -- this article appears to  
7 contend that she was removed as opposed to resigning. And  
8 from your perspective what happened?

9 A. She resigned because the State of Texas was  
10 closing the school district down. When that happened,  
11 they removed the superintendent.

12 Q. Um-hmm.

13 A. And they also in that instance removed the board  
14 members. They put in what they call board managers; and  
15 according to me, the way they did that was not right.

16 Q. Why was it not right? What happened?

17 A. It was -- it was -- it was not right because even  
18 -- even as people who were going to be removed, we had  
19 been told by the commission, the commissioner of  
20 education, who at that time his name -- last name was  
21 Williams, I don't remember his first name -- that the  
22 people who would serve as managers, in other words, they  
23 would take our positions, the school board members, would  
24 be people from the community.

25 Q. Um-hmm.

1           A. They could not find enough people from the  
2 community who were willing to do that. So I kid you not,  
3 they had a lady serving who was from Houston. She was not  
4 from our community, we never met her before; and they  
5 brought in a fellow who was a -- and he still was there,  
6 and we talk, we're pretty good friends. But he came over  
7 and he was one of the planners for the City of Texas City.

8                       One of the people who plan to, I guess, build  
9 buildings or whatever and they put him on the board. He  
10 lived in Texas City but never should have served there.  
11 He never should have been on the board.

12           Q. Why should he never have served there?

13           A. Because he was working -- I think the city is one  
14 of the land planners. You know, La Marque had land. La  
15 Marque had plenty of land. Texas City was landlocked,  
16 they could not have built one more building anywhere. As  
17 it were at that time, they were landlocked, they didn't  
18 have any land, we had plenty. Yeah, so that's why he  
19 should not have been there.

20           Q. Do you think that his presence kind of -- strike  
21 that question.

22                       I'm going to give you just a second to review  
23 this article.

24           A. Um-hmm.

25           Q. And I just -- I really just want to know your

1 opinion of it and if you disagree with what it states.

2 A. Okay.

3 MS. CHEN: And for the record I'll  
4 object to this on relevance ground.

5 But you may answer, Ms. Courville.

6 THE WITNESS: Okay.

7 A. So what's the question?

8 BY MS. OLALDE:

9 Q. Do you agree with the statements in this article  
10 about her being removed as opposed to resigning?

11 A. She resigned.

12 Q. Okay.

13 A. We did not remove her. She resigned.

14 Q. Okay. The very last sentence on the second page  
15 seems to poke at what she's done or hasn't done for the  
16 community. In your opinion, she did a lot for the  
17 community --

18 A. She did.

19 Q. -- service, right?

20 A. She did a lot for that school district. Yes, she  
21 did.

22 Q. Okay. I'm going to hand you what's been marked  
23 as Exhibit 4.

24 MS. OLALDE: We'll drop it in the chat.

25 (Exhibit 4 was marked for

1 identification.)

2 A. Do you want this back?

3 Q. Oh, yes, please. And this is a couple of weeks  
4 after the Exhibit 3 article. Have you seen this article  
5 before?

6 A. Not to my knowledge I've not seen this one.

7 Q. Okay. And I know it's been a -- it's been a  
8 minute.

9 A. Um-hmm, yeah.

10 Q. Eight years. I wanted to ask because it looks  
11 like you're quoted on Page 2 of this article. And if you  
12 need --

13 A. This one?

14 Q. Yes, ma'am. If you need time to review it, take  
15 your time and just let me know when you're ready.

16 A. You're asking me if I agree with my statement or  
17 with my quote?

18 Q. Oh, no, I just wanted to know when you're ready  
19 to talk about the article. I just wanted to make sure you  
20 were comfortable with your time and being able to review  
21 it.

22 MS. CHEN: I'll just note the article it  
23 says it was updated on November 12th, 2015. It does seem  
24 to describe events that occurred before the previous  
25 exhibit.

1 Q. Ms. Courville.

2 A. Yeah.

3 Q. Are you ready to discuss or do you need a little  
4 bit more time?

5 A. You want to ask me something or was it something  
6 you need to know?

7 Q. Sure.

8 A. Okay.

9 Q. On the second page underneath this white block  
10 where it says advertisement you're quoted as saying that:  
11 Everyone is pleased with the fact that we did meet  
12 standards and they're pulling for us to do more and do  
13 better and be more stable. Did I read that correctly?

14 A. That's what it says, yes.

15 Q. And that was your true opinion at the time,  
16 correct?

17 A. Yes.

18 Q. Do you remember the time frame of when you would  
19 have given this statement?

20 A. Because they shut us down in 2015, it had to have  
21 been close to that time.

22 Q. Sure.

23 A. No, I don't know exactly when I said that.

24 Q. That's okay?

25 A. Yeah, I don't -- I don't know, yeah.

1 Q. But in your opinion prior to being shut down you  
2 believed that La Marque ISD had everything in order, they  
3 just needed a little bit more time, correct?

4 A. Yes.

5 Q. Okay. If you can flip to -- unfortunately these  
6 pages aren't numbered but the page that has this at the  
7 bottom. I think it's at Page 3 or 4. That third  
8 paragraph Ms. Corinthia Williams was quoted as saying:  
9 She feels the leadership we have right now is capable of  
10 bringing La Marque back but it's going to take time. Did  
11 I read that correctly?

12 A. I think so. There were a lot of people with that  
13 opinion.

14 Q. Do you know who else had that opinion?

15 A. Oh, I don't know the names.

16 Q. Sure.

17 A. But I just know in general.

18 Q. People from the community, right?

19 A. People from community in general really felt like  
20 -- as a matter of fact, let's me just say this about that  
21 shutting us down. When they sent the person who served as  
22 the interim superintendent -- I'm trying to remember his  
23 name now -- but he was on the phone with the commission of  
24 education every day as -- Maxey -- his name was Maxey,  
25 M-a-x-e-y.

1 He was on the phone every day calling them  
2 saying, this is not a school that you-all should be  
3 considering shutting down. This school is on, you know,  
4 on the incline. They are going very well. We had money  
5 in the bank, so we were solvent in every area. The kids  
6 were passing the scores.

7 I'm telling you, and I have always said this,  
8 Texas City wanted our land, Texas City needed, they didn't  
9 just want it, they needed our money and they got both.

10 Q. Hence the annexation?

11 A. In the annexation. And I know that because I was  
12 in a meeting, one of facilities meetings and one of the  
13 people who had served as a superintendent of the school  
14 said out loud -- and I don't know if she knew I heard her  
15 or not, but she said, We'll so happy that we were able to  
16 get La Marque because they had however 6. -- it was either  
17 5 or \$9 million in the bank and the newspaper had said  
18 that we didn't have any money.

19 And if we didn't have any money, not only  
20 that, we never would have been able to spend \$300,000  
21 suing the commissioner of education and the State of Texas  
22 for trying to shut us down. So none of that made sense.  
23 So I've always contended that they wanted -- Texas City  
24 ISD was the only district that said, yes, they would take  
25 us.

1                   Nobody else wanted us to shut down. They  
2 didn't want to take us. Hitchcock said no, Dickinson said  
3 no. Didn't even look at League City, and of course  
4 Galveston said no. So Texas City said, Oh, yeah, we want  
5 them. Sure they did. Yeah, because they wanted money and  
6 they wanted land. And there are really building now.

7                   MS. CHEN: Looks as if we've gone for  
8 like an hour and half or so --

9                   MS. OLALDE: Sure.

10                  MS. CHEN: -- I kind of need a break.  
11 Would that be alright?

12                  MS. OLALDE: Yeah, can I just ask one  
13 quick question and then -- and just, like very short.

14                  Q. In your time with Galveston ISD --

15                  A. Um-hmm.

16                  Q. -- what was your opinion of that school district?  
17 Was it -- did it have sufficient finances?

18                  A. Who Galveston?

19                  Q. Um-hmm.

20                  A. Oh, at the time, yeah, I thought so.

21                  Q. And did kids were making decent grades?

22                  A. At the time, yeah.

23                  Q. Okay. Alright. We can take a break.

24                  A. Yeah.

25                  THE VIDEOGRAPHER: Okay, we're off the

1 record. The time is 10:43.

2 (A short recess was taken.)

3 THE VIDEOGRAPHER: We're back on the  
4 record. The time is 10:53.

5 BY MS. OLALDE:

6 Q. Ms. Courville --

7 A. Yes.

8 Q. -- when did you first join the Mainland branch of  
9 the NAACP?

10 A. I -- in about 1970-ish when I first moved to the  
11 Mainland.

12 Q. Were there other divisions of the NAACP at that  
13 time for Galveston Island or other areas?

14 A. There still weren't -- no.

15 Q. And those organizations were -- or those  
16 chapters were in existence in the '70 whenever you joined  
17 the Mainland branch?

18 A. Probably, I don't know for sure.

19 Q. Okay. Have you ever held any positions with that  
20 organization?

21 A. No, just what I was trying to think of that  
22 I'm --

23 Q. Sure.

24 A. -- working now and I can't even remember what it  
25 is, but it's a minor position. Nothing major.

1 Q. How often -- and I'm just going to limit this to  
2 the past ten years.

3 A. Okay.

4 Q. How often would you say your organization the  
5 NAACP Mainland branch meets?

6 A. Once a month.

7 Q. Okay. And do you usually attend all of the  
8 meetings?

9 A. Yes.

10 Q. Are they live or by Zoom?

11 A. By Zoom now.

12 Q. Were they previously live before --

13 A. Yes.

14 Q. -- Covid?

15 A. Yes.

16 Q. Okay. And where did they take place?

17 A. In the Nessler Civic Center usually off of Palmer  
18 Highway in Texas City.

19 Q. The -- jumping around just a quick second. The  
20 annexed current school district, La Marque/Texas ISD --

21 A. Um-hmm.

22 Q. -- what's your opinion of its finances at this  
23 point or do you have one?

24 A. Oh, they're great.

25 Q. And student performance, do you have an opinion

1 of how the kids are doing?

2 A. They are average to above average. They're  
3 great.

4 Q. Okay. When was the last time you went to a  
5 meeting for the Mainland branch?

6 A. Monday.

7 Q. Okay. Did you have any speakers?

8 A. No.

9 Q. Do you usually have speakers for -- comment at  
10 the meetings or no?

11 A. Rarely.

12 Q. Okay. Who's the current president?

13 A. Barbara Anders.

14 Q. Okay, thank you. And you've never hold -- held  
15 any political offices? Is that true?

16 A. No, political offices, no. I've ran for one but  
17 I didn't win.

18 Q. Which office --

19 MS. RICHARD: I'm sorry to interrupt,  
20 but I think you've been on mute this hold time and we  
21 couldn't tell you.

22 THE COURT REPORTER: Who made that  
23 statement?

24 MS. OLALDE: Ms. --

25 THE COURT REPORTER: Russo?

1 MS. OLALDE: Valencia Richardson [sic].

2 THE COURT REPORTER: Okay.

3 MS. CHEN: I did not realize that you  
4 were muted so let me just --

5 Alright, should be unmuted now.

6 MS. RICHARD: Thanks so much, y'all.  
7 Sorry to interrupt again.

8 MS. OLALDE: No, I apologize. Thank  
9 you.

10 BY MS. OLALDE:

11 Q. Which office did you run for?

12 A. Commissioner At-large In Texas City.

13 Q. And when was that?

14 A. 1999. I think it was 1999.

15 Q. And who was your opponent?

16 A. It was at an At-large position, so there were  
17 about three of us I think running.

18 Q. Do you remember --

19 A. I don't remember -- I don't remember who they  
20 were.

21 Q. It was a partisan race, though, right?

22 A. Yes.

23 Q. And you were running as a democrat?

24 A. Yes.

25 Q. And -- so this was, for a lack of a better

1 explanation, like a primary, there were other democrats in  
2 the race as well?

3 A. Um-hmm.

4 Q. And were there any republicans in the race?

5 A. I believe so. Yeah, this was a general race in  
6 1999. I think so.

7 Q. Do you remember who was elected?

8 A. In my position?

9 Q. In the position that you ran for?

10 A. I believe it was -- the guy that became a mayor.  
11 Was it Garcia, Garza, or Garcia. I don't remember.

12 Q. Okay. Did you have, like, a campaign manager or  
13 staff?

14 A. Yes, my manager was Johnny Henderson.

15 Q. And who is Johnny Henderson?

16 A. He's deceased. He was -- he was one of the civic  
17 leaders at the time. And treasurer was Ed Ross. And who  
18 else did I have? That's pretty much it, I think.

19 Q. And who is Ed Ross?

20 A. He's also passed away. He was a tax person, did  
21 taxes --

22 Q. Sure.

23 A. -- in the community.

24 Q. And you knew both Mr. Henderson and Mr. Ross  
25 from --

1 A. Yes, I did.

2 Q. -- the community.

3 A. Um-hmm.

4 THE COURT REPORTER: Keep your voice up,  
5 please.

6 THE WITNESS: Oh, I'm sorry.

7 BY MS. OLALDE:

8 Q. Did you have a platform that you ran on?

9 A. I -- I did, don't ask me the name of it, I don't  
10 remember. But I do know it had to do with writing grants,  
11 getting grants written so that the City of Texas City  
12 could get grants and do some things for the community.

13 Q. Does the NAACP Mainland branch hold any, like,  
14 activities or events for the community?

15 A. We tried to before the virus, we have not been  
16 able to do that since.

17 Q. Okay. Are you guys thinking about maybe starting  
18 that up again or?

19 A. Talked about it.

20 Q. Okay. Prior to Covid what kind of events would  
21 you guys hold in the community?

22 A. Banquets.

23 Q. Okay.

24 A. Yeah, we did bring in speakers, notable speakers.  
25 And that -- usually that was the way we raised our money,

1 big banquets. So that was the primary focus, and it was  
2 for educating the community about whatever was going on.

3 Q. Can you give me a couple of examples of speakers  
4 who would have talked at some of the banquets?

5 A. I can't think of any of the names, but I do know  
6 we have a couple of state members of reps from the -- the  
7 state who would come and who would be the keynote speakers  
8 --

9 Q. Um-hmm.

10 A. -- for the banquets. That's how that -- that's  
11 how that works.

12 Q. Would there be anything like a -- maybe a topical  
13 area for a banquet? For example, did anyone ever come in  
14 and talk about redistricting?

15 A. No.

16 Q. Okay.

17 A. I don't remember.

18 Q. Okay. Is it fair to say that you regularly vote?

19 A. I regularly?

20 Q. Vote.

21 A. Oh, yes.

22 Q. Okay. And you've been continuously registered to  
23 vote in Galveston County since you arrived?

24 A. Yes.

25 Q. Okay. And has that -- and I apologize, but

1 that's always been with the democratic party?

2 A. Yes.

3 Q. Have you ever voted for a republican candidate?

4 A. He was not a republican candidate but -- I don't  
5 remember.

6 Q. Okay. Do you typically vote in primaries as well  
7 as general elections?

8 A. Yes.

9 Q. For the last time that you voted in Galveston  
10 County, do you remember what offices were open, just a  
11 couple of examples?

12 A. The major's office, we voted for major. There  
13 were a couple, I think, school board members, and all of  
14 this was on one ballot. Don't remember any of the others.

15 Q. Did your preferred candidates win?

16 A. One did and one didn't. One did, yes.

17 Q. Who was -- who was that?

18 A. His name was -- last name was -- oh my God, don't  
19 tell me I'm going to forget it now. He ran against the  
20 mayor. What's his name? Phillip. I don't remember, but  
21 he ran against the mayor, and I did not vote for the mayor  
22 who won, I voted for the other guy who lost.

23 Q. Okay. And the guy who lost --

24 A. Um-hmm.

25 Q. -- why did you prefer him over the current mayor?

1 A. His policies were close to mine. He was a person  
2 who had my trust and he had the trust of a lot of other  
3 community people. The mayor who we -- who we have and  
4 he's the active man now, we didn't know him that well.  
5 And I was concerned that he may not have been able to put  
6 in the time that was needed to bring Texas City forward  
7 because of his -- his work, his employment.

8 Q. Since he's held office, has your opinion changed  
9 of him?

10 A. In some areas, yes; some areas, no.

11 Q. How about the areas where your opinion has  
12 changed?

13 A. That would be gaining the trust of the community  
14 members, members of the community, yeah.

15 Q. Okay. And for the other candidate that you voted  
16 for who won, why was that candidate -- well, do you  
17 remember what office that was for?

18 A. That would have been school board.

19 Q. School board. And why -- and do you remember the  
20 name of the person who won?

21 A. That was Nickey Shapaul [sic].

22 Q. Okay. And why was Ms. Powell your preferred  
23 candidate?

24 A. Because she's just a good person for being a  
25 school board member and director, president, the whole

1 bit. Yeah, served with her in La Marque.

2 MS. CHEN: And let me just clarify.

3 That's Paul, P-a-u-l.

4 MS. OLALDE: P-a-u -- thank you.

5 THE WITNESS: Thank you.

6 BY MS. OLALDE:

7 Q. And we talked a little bit about -- going back to  
8 your educational background. You do hold a JD degree but  
9 you are not a licensed attorney in Texas, correct?

10 A. Got it.

11 Q. So just to make sure, you're not going to -- you  
12 don't intend to offer any legal opinions in this lawsuit,  
13 right?

14 A. Never do.

15 Q. Okay. Have to ask.

16 A. No, I never do that.

17 Q. I want to change gears and talk about what  
18 documents you might have that are relevant to this  
19 lawsuit. And so that's just the preference of the  
20 question. So the questions is, is: Did you, when this  
21 lawsuit was filed, did you have documents that were  
22 related to this subject matter in this lawsuit? Things  
23 like e-mails, meeting notes, calendar invites, things like  
24 that?

25 A. They were a few e-mails.

1 Q. Okay.

2 A. Yeah.

3 Q. And did you turn them over to counsel for  
4 production -- for a review?

5 A. Yes. When they -- I have turned over everything  
6 they asked me for, yes.

7 Q. Okay. You have an e-mail address, correct?

8 A. Yes.

9 Q. What is your e-mail address?

10 A. Ednacourville@yahoo.com.

11 Q. Okay. And do you have any other e-mail  
12 addresses?

13 A. No, that's the only one I have.

14 Q. Sure. When you were looking for e-mails that  
15 would be relevant to this case, how did you search for  
16 them?

17 A. Well, my attorney --

18 Q. Okay, if you didn't do it that's okay.

19 A. No, cause I couldn't do it, I didn't know --

20 Q. No worries.

21 A. -- my job.

22 Q. We can move on from that.

23 A. Yeah.

24 Q. What about a computer? Did you have a computer  
25 that may have had documents that were relevant to this

1 case?

2 A. And they were researched also.

3 Q. And that was by counsel?

4 A. Yes.

5 Q. Okay. Paper, did you have paper that was  
6 relevant?

7 A. Paper?

8 Q. Um-hmm.

9 A. Like newspapers?

10 Q. Oh, I apologize, let me rephrase. Did you have  
11 any printed documents that may have been relevant to the  
12 subject matter in this case?

13 A. No.

14 Q. Okay, nothing like --

15 A. Just e-mails.

16 Q. -- handwritten notes?

17 A. No.

18 Q. Okay. What about calendar, how do you keep your  
19 calendar?

20 A. The old fashion way. My calendar -- I have a  
21 calendar in my kitchen --

22 Q. Um-hmm.

23 A. -- you know, right as I open my pantry door  
24 that's where I mark all of my meetings. It's all marked  
25 up right now.

1 Q. Okay. Did you turn that over to your attorneys  
2 for review in this case?

3 A. Well, no, unless it was something in my phone or  
4 on the e-mail, no.

5 Q. Okay. Is it one of the calendars that's just the  
6 twelve months?

7 A. Um-hmm.

8 Q. Do you keep the older calendars?

9 A. Sometimes I do and sometimes I don't; and the  
10 reason I've been keeping them lately is because my  
11 daughter makes them and her family pictures on them.  
12 Those are the faces of my calendar.

13 Q. So is it -- do you have the 2021, 2021, and 2022  
14 calendars still?

15 A. The last two, yeah.

16 Q. The last two, okay.

17 A. Um-hmm.

18 MS. OLALDE: And, Counsel, do you mind  
19 if you could let me know if there's anything responsive in  
20 those documents would you --

21 MS. CHEN: Certainly.

22 MS. OLALDE: Okay. Thank you.

23 Q. What about your -- do you have a cell phone?

24 A. Yes.

25 Q. And do you text message?

1 A. Sometimes..

2 Q. Do you have a FaceBook account?

3 A. I do and I don't post anything. I just go in and  
4 read stuff. I never post.

5 Q. Do you ever do instant messenger?

6 A. No.

7 Q. Me either. Did you have any text messages that  
8 were about the subject of this case?

9 A. No.

10 Q. Okay. Do you text with members of the Mainland  
11 branch of the NAACP about matters?

12 A. No, just when is the next meeting.

13 Q. Okay. I want to turn to -- newspapers, right?

14 A. Um-hmm.

15 Q. What kind of -- which newspapers do you regularly  
16 read?

17 A. Galveston Daily.

18 Q. Okay. Anything else?

19 A. No. No.

20 Q. Do you read new online or is it in the paper  
21 format?

22 A. Mine is in the paper. The old fashion way.

23 Q. So you never look up, you know, CNN or any type  
24 of online news source?

25 A. I do, I watch both all the time, yeah. Yeah.

1 But I've watched them on TV, yeah; and I don't actually  
2 get on the computer to do any of those news things.

3 Q. Sure. What news sources do you look to whenever  
4 you're watching television?

5 A. CNN and MSNBC, Channel 13 basically.

6 Q. Like local news?

7 A. Yeah, that's where I get my local news. I heard  
8 about a three-car crash this morning.

9 Q. It's all the time.

10 A. Yeah, um-hmm.

11 Q. This might sound like a silly question but do you  
12 ever listen to any podcasts?

13 A. For me --

14 Q. Yeah.

15 A. -- no.

16 Q. Okay. You said for me what --

17 A. Because, you know, I know a lot of people who do  
18 podcasts, I don't.

19 Q. Okay. On your e-mail do you get -- and it might  
20 be from the NAACP Mainland branch or from other  
21 organizations -- do you get newsletters through your  
22 e-mail?

23 A. No.

24 Q. Okay. So for your e-mail with respect to the  
25 NAACP Mainland branch only, would -- is that how you would

1 get meeting information?

2 A. Um-hmm.

3 Q. Okay. Would there be an agenda?

4 A. They do have agendas, but our regular secretary  
5 has been so sick for years now and so, you know, there's  
6 been a break in that so, no.

7 Q. Okay. Do you follow the national political -- do  
8 you follow the national political elections?

9 A. I do until I get tired of them and that's MSNBC  
10 to me.

11 Q. Okay. Have you ever reviewed any statistics on  
12 voting in Galveston County or otherwise?

13 A. I'm sorry, I didn't understand the question.

14 Q. Sure. Like statistics about people who vote, and  
15 we'll just limit it to Galveston County.

16 A. Um-hmm.

17 Q. Have you reviewed any statistics about who's  
18 voting and for whom in this area?

19 A. Well, after the voting has been done.

20 Q. Sure. And so what information have you reviewed  
21 with respect to Galveston County?

22 MS. CHEN: Objection. Vague.

23 Q. Sure. What -- what voting statistic information  
24 have you seen with respect to Galveston County?

25 A. I'm trying to remember which -- what it was about

1 because there was a packet that I did receive. And you  
2 know what, it has -- it had to do with the bond issue.  
3 That's what it was. The bond issue for the school  
4 district, who voted for it, who didn't voted for, and who  
5 still needed to vote, yeah.

6 Q. And when -- when did that occur?

7 A. What is this? This is February. I think we  
8 voted on the bond issue last October -- last November.

9 Q. Okay.

10 A. Um-hmm.

11 Q. Were those statistics broken up by geography, by  
12 race, how were they --

13 A. All of the above.

14 Q. Okay. Did you notice any patterns?

15 A. No.

16 Q. Okay. Is it fair to say that you're pretty  
17 familiar with the racial demographics in your community?

18 A. Somewhat, it keeps changing.

19 Q. Okay. Tell me how it's changing.

20 A. It's changing because a lot of the senior  
21 citizens has passed way, kids are selling their homes, and  
22 I don't -- I'm not familiar with the people who are moving  
23 in, you know, on my street or any street in the  
24 neighborhood right now. There are a lot of people who are  
25 moving into vacant houses.

1 Q. Okay. So in 2020 did you feel like you were  
2 familiar with the racial demographics of your community or  
3 has the change been more recent?

4 A. The change has been more recent.

5 Q. And when I say -- or when you say "recent," can  
6 you tell me how --

7 A. This year.

8 Q. Just this year, okay.

9 A. Um-hmm.

10 Q. So in 2020 what was the racial -- what were the  
11 racial demographics of your community?

12 A. They may have been -- well, in 2020?

13 Q. Um-hmm, yes, ma'am.

14 A. You know, it could have been as equal as 33, 33,  
15 33 in terms of Hispanics, African Americans, and -- and  
16 whites.

17 Q. Okay.

18 A. It could have been that, I'm not sure if that's  
19 what it was.

20 Q. Sure.

21 A. Could have been, yeah.

22 Q. So in the Mainland branch of the NAACP, do you  
23 have any Hispanic or Latino members?

24 A. We may have but I don't know. I don't know.

25 Q. From your community would you know if anybody

1 from your community was a member of your organization who  
2 was not African Americans so White, Hispanic, Latino?

3 A. We probably have a few.

4 Q. Sure.

5 A. But because I don't necessarily pay attention to  
6 those records, I really can't speak to that.

7 Q. Okay, that's fair enough. Would you describe  
8 yourself as politically engaged?

9 A. Yes.

10 Q. Okay. Can you expound on that for me as to why  
11 you believe you're politically engaged?

12 A. I'm politically engaged because I've been a voter  
13 since I turned 18. Engaged because I try to find out  
14 who's running for what offices and what -- what their  
15 philosophies are in terms of education, in terms of  
16 housing, in terms of things that are going to help people.  
17 So, yeah, I'm engaged.

18 Q. Okay. And you also described yourself as an  
19 activist. Is that correct?

20 A. Yes, I am that.

21 Q. Can you describe some of things that you do as  
22 part of your activism?

23 A. Attend meetings --

24 Q. Okay.

25 A. -- advocate for people in -- in the community.

1 Try to see what the needs are. Let people who are in  
2 charge know what I see as needs, and then try to make  
3 think understand why I see it as a need for the people in  
4 the community.

5 Q. Okay. Anything else?

6 A. Not that I can think of right now.

7 Q. Can you give me a specific example of some of the  
8 work that you've done as an activist?

9 A. Yeah, I'm on the facilities committees, in  
10 schools, for my church, and building and stuff. Saying  
11 things like, You don't build a school for the number of  
12 children who are there right now, you're gonna build for  
13 growth. For advocating for safety things in the school,  
14 windows, doors, anything that's going to make the kids  
15 feel more secure I advocate for. Facial recognitions,  
16 everybody with a badge who's coming to the schools and  
17 that, yeah.

18 Q. Do you guys use door alarms in the La Marque  
19 Texas City district?

20 A. You know, I'm sure they would alarm, yeah, they  
21 have them because I have a badge that I have to use for  
22 access to the building.

23 Q. Have you ever worked or volunteered for a  
24 political campaign?

25 A. Yeah.

1 Q. Which campaign or campaigns?

2 A. I've worked for Billy Williams --

3 Q. Okay.

4 A. -- this last time. I've worked for a  
5 commissioner for the City of Texas City. Thelma Bowie  
6 I've worked for Thelma for the positions that she runs  
7 for. I'm trying to think of the names -- I forget the  
8 names but, yeah --

9 Q. Okay.

10 A. -- I have volunteered to help on campaigns.

11 Q. Has it been usually for local -- local people  
12 from the community or do you work with statewide elections  
13 ever?

14 A. I rarely but, yes, I do when I have time for  
15 that, yes.

16 Q. Okay. So for -- for example when you work with  
17 Billy Williams, what role did you help as a volunteer?

18 A. Oh, I was down in the community park where they  
19 were voting and stuff advocating for him. Away from --  
20 you know, you got to keep that 100 yard distance there. I  
21 did that and passing out literature for him, cards, push  
22 cards they call them and that kind of stuff.

23 Q. Were you ever involved in designing  
24 advertisements or anything?

25 A. I wish I could design but, no, design.

1 Q. Okay. When you volunteer to -- to assist in  
2 political campaigns, is that typically the work that you  
3 would do is boots on the ground, advocating?

4 A. Yes. Yes. Make phone calls.

5 Q. Sure. Anything else?

6 A. No.

7 Q. Were they all democratic can -- candidates?

8 A. That I worked for, yes.

9 Q. Okay. Do you feel like you have an understanding  
10 of how Black Galveston County voters vote in the whole of  
11 Galveston County?

12 MS. CHEN: Objection. Calls for  
13 Speculation.

14 MS. OLALDE: Sure.

15 Q. And I only want to know if you feel like you have  
16 an understanding, if not then you don't.

17 A. I understand.

18 Q. What is -- what is your understanding?

19 A. That for the most part they are -- well, there  
20 are some independence -- independent voters, and for the  
21 most part they're democrats.

22 Q. Okay. And is that -- that's true for your  
23 community, correct?

24 A. Yes.

25 Q. And that's based on -- can you tell me what

1 informs your understanding? Why -- why you have that  
2 understanding for people in your community?

3 A. I see them, I check with them, I call them, I  
4 talk with them. I remind them, you know, that the day for  
5 voting is coming up. I remind them if you're --  
6 especially for senior citizens -- if you're going to be  
7 the -- if you're going to vote from your home, have you  
8 called because you have to call now --

9 Q. Yeah.

10 A. -- to say that you want your ballot to be mailed  
11 to your home because if you don't do that, you don't get  
12 to vote. That's the kind of stuff I do.

13 Q. Okay. Do you do the same type of things for  
14 African American voters in Galveston County outside of  
15 your community?

16 A. Outside the community?

17 Q. Um-hmm.

18 A. Ask me that again. What are you saying?

19 Q. Sure. So the work that you just described, is  
20 that limited to the community that we identified on the  
21 map earlier today?

22 A. For the most part but not necessarily.

23 Q. Sure.

24 A. Because I will call people in Galveston to tell  
25 them that and I don't live here.

1 Q. Okay. Is there any other reason you would have  
2 that understanding about how African American voters vote  
3 in the entirety of Galveston County than what you just  
4 described?

5 MS. CHEN: Objection. Vague.

6 Q. If you don't understand I can rephrase.

7 A. I don't understand the question.

8 Q. Sure. No, no, I will -- it was a bad question,  
9 I'll rephrase. Why would you -- or you testified that you  
10 have an understanding of how Black voters in Galveston  
11 County vote generally, correct?

12 A. Democratically?

13 Q. Yes.

14 A. Yes.

15 Q. Yes. And we talked a little bit about what  
16 informs that decision for your community that we  
17 identified on the map, correct?

18 A. Yeah, I guess. Yeah.

19 Q. Right. Is there anything else that would -- that  
20 you would base that understanding on other than what we  
21 just talked about?

22 A. Not really, no.

23 Q. Sure. Okay. Do you have an understanding of how  
24 Hispanic or Latino voters in Galveston County vote?

25 A. An understanding of it?

1 Q. Um-hmm.

2 A. You mean which way they vote?

3 Q. Yeah.

4 A. Or you asking me if they democrats or  
5 independence or republican?

6 Q. Correct.

7 A. No, I accept that they're -- there are a mixture  
8 there.

9 Q. Okay.

10 A. Yeah. Yeah, I think it's a mixture.

11 Q. Okay. And when you say, "mixture," --

12 A. Of different cultures. I mean, you know, they're  
13 Hispanics but they still have different cultures within  
14 the Hispanic group.

15 Q. Absolutely.

16 A. Yeah.

17 Q. Do you have any understanding of whether or not  
18 the different cultures within a Hispanic or Latino group  
19 would vote similarly?

20 A. Yeah, they would, um-hmm.

21 Q. And what is the basis of that understanding?

22 A. Just watching them and then seeing the results.

23 That's all I can go on.

24 Q. Sure.

25 A. Um-hmm.

1 Q. After an election just here in Galveston County,  
2 do you look at statistics as to who was voting for which  
3 candidate?

4 A. Sometimes. Sometimes. Because it's in the paper  
5 usually.

6 Q. Okay, alright. And that's usually where you get  
7 your information from?

8 A. Um-hmm, primarily.

9 Q. Anything else?

10 A. Not that I can think of.

11 Q. Sure. Have you ever attended or do you regularly  
12 attend Galveston County Commissioner Court meetings?

13 A. No.

14 Q. Okay. I know that you attended the meeting on  
15 November 12th of 2021, correct?

16 A. Right.

17 Q. But apart from that meeting, can you recall any  
18 other meetings that you would have attended?

19 A. Not really because, you know, before then --  
20 yeah, before then with the virus and all, people weren't  
21 doing meetings so I don't know. And before then I really  
22 don't remember.

23 Q. Sure. Have you ever gone into -- have you gone  
24 to meetings after November 12th of 2021?

25 A. To the Galveston County commissioner's meetings,

1 no.

2 Q. Okay. So is fair to say that sitting here today  
3 that's the only time you remember going to a  
4 commissioner's court meetings?

5 A. That's not the only time that I've -- that I've  
6 been, but that's -- it's just the more recent one.

7 Q. Sure.

8 A. Yeah, um-hmm.

9 Q. Okay. When you've gone in the past, do you  
10 remember where you went?

11 A. In the courthouse.

12 Q. Okay.

13 A. In Galveston. Yeah, because they have a  
14 commissioner's room there. Yeah, a commissioner's meeting  
15 room there, yes.

16 Q. Do you -- can you estimate how many times you've  
17 been to a commissioner's court meeting in that location?

18 A. A couple.

19 Q. Just a couple?

20 A. Um-hmm.

21 Q. Do you remember when?

22 A. No.

23 Q. Do you every submit public information requests  
24 to, like, governmental bodies in Galveston County?

25 A. No, I did for the school district a lot at one

1 time; but, no, not recently.

2 Q. And that La Marque, correct?

3 A. No, I was --

4 Q. Oh.

5 A. -- requesting information from Texas City.

6 Q. Okay.

7 A. Yeah.

8 Q. Thank you. Do you have an understanding as to  
9 when commissioner court is -- let me strike that, that was  
10 a bad question.

11 Do you have an understanding as to where  
12 commissioner court meetings in Galveston County typically  
13 occurred?

14 A. They occurred in the -- in the courthouse on --  
15 what's that 21st? 21st Street. I think it's 21st.

16 Q. 722 Moody, something like that?

17 A. Yeah. I think that's 21st or 23rd.

18 Q. Okay.

19 A. 21st.

20 Q. Do you have any understanding as to any reasons  
21 why a commissioner's court meeting would occur in League  
22 City at the Calder Annex?

23 MS. CHEN: Objection. Speculative.

24 Q. Only if you know.

25 A. No, I don't know.

1 Q. Sure. Are you familiar with the Calder Annex  
2 location?

3 A. I know where it is.

4 Q. Had you been there before November 12th of '21?

5 A. I had been there, yeah.

6 Q. Did the --

7 A. I don't know what for, but I had been to that --  
8 yeah, to that place.

9 Q. Okay. Can you describe what it looked like on --  
10 from the outside on November 12th of 2021?

11 A. Torn up, the outside of it because they were  
12 redoing the parking lot or doing something. It was all  
13 torn up, more than half of it. The whole rear of the  
14 building was all torn up, the parking lot was. Is that  
15 what you're asking about that?

16 Q. Correct. Before --

17 A. A lot of construction was going on.

18 Q. Sure. Did you -- where did you park for the  
19 meeting?

20 A. I was able to get parking on the parking lot  
21 because I was early. I almost always am.

22 Q. Okay. And can you estimate maybe how many people  
23 that courtroom could hold?

24 A. Comfortably 40 maybe. 40.

25 Q. Okay. You said you'd been to the Calder Annex

1 | location before, were there any changes from the prior  
2 | visit to November 12th of 2021 that stood out to you?

3 | A. Yeah, overcrowdedness.

4 | Q. Okay. The number of people who were there for  
5 | the meeting?

6 | A. Yes.

7 | Q. Okay. Anything else?

8 | A. No.

9 | Q. Okay.

10 | A. They didn't make use of the teleprompters. They  
11 | didn't make use of any of that, that they had. It was  
12 | there and they didn't use it.

13 | Q. Okay. You said teleprompters but you mean --

14 | A. I mean, TVs whatever these things, the internet,  
15 | yeah.

16 | Q. Okay. Do you remember if there was a constable  
17 | present during the meeting?

18 | A. There was one gentleman who I'm assuming was a  
19 | constable. He was keeping order in terms when people  
20 | wanted to speak and stuff. He was the one saying, it's  
21 | your turn.

22 | Q. Okay. And you assume was it because of his  
23 | uniform or?

24 | A. I'm trying to remember if he had a badge or  
25 | something on, but he just had on khakis and a shirt that I

1 know of that I can remember.

2 Q. Okay. And you spoke at the meeting, correct?

3 A. Yes.

4 Q. Okay. Do you recall what you said at the  
5 meeting? Just generally.

6 A. I said it was disorganized, and I said that it  
7 was not done in a manner in which I would expect it to be  
8 done. It was a disrespectful meeting for the people who  
9 were in attendance. I do remember that, yeah.

10 Q. There were a lot of people who talked at that  
11 meeting, correct?

12 A. Yes, about 40.

13 Q. Do you know whether anybody was not allowed to  
14 speak?

15 A. I don't know.

16 Q. Sure. How long -- do you remember how long it  
17 went?

18 A. Good question. I think about an hour and a half,  
19 two hours maybe.

20 Q. Okay. And you were able to speak your -- your  
21 view at the meeting, correct?

22 A. Yes.

23 Q. Okay. How early did you arrive?

24 A. About 20 minutes before the meeting actually was  
25 scheduled to begin.

1 Q. Sure. Do you know who TJ Aulds?

2 A. Yes.

3 Q. Who is he?

4 A. He's a newspaper reporter. He used to work for  
5 the Galveston Daily News.

6 Q. Okay.

7 A. Now he owns his own paper.

8 Q. Okay. What paper does he --

9 A. Not paper, on online thing.

10 Q. -- what --

11 A. I45 North. I45 North I think is the name of it.  
12 The.

13 Q. Have you ever spoken with Mr. Aulds?

14 A. Years ago. I have not spoken with him.

15 Q. Recently?

16 A. No, not at all.

17 Q. Okay. Was it with respect to redistricting or  
18 what was it with respect to when you did talk to him?

19 A. We had some conversation about La Marque  
20 Independent District and how it was doing at that time,  
21 and I haven't -- haven't really spoken with him since I  
22 don't believe.

23 Q. Did he -- did he write an article based on after  
24 speaking to you?

25 A. Oh, I don't know.

1 Q. Okay.

2 A. If he wrote it, I didn't read it.

3 Q. Okay. Have you talked with anyone in the media  
4 about redistricting in Galveston County?

5 A. I was interviewed by Channel 13. They came to my  
6 house and we stood out in the front yard, you know. Other  
7 than that, I don't think anybody else interviewed me  
8 regarding it.

9 Q. Was that -- do you remember when that was?

10 A. Within days after the meeting, two or three days  
11 after.

12 Q. Okay. And how did you come to be involved in  
13 this particular lawsuit?

14 MS. CHEN: And I'll just caution you not  
15 to reveal any attorney/client privileged conversations.

16 Q. Is it -- okay, let me back up.

17 When did you first learn that there would be  
18 a lawsuit against the defendants in this case?

19 A. You know that's a good question. I -- I don't  
20 remember exactly when I learned that there would be and I  
21 joined. But -- because I wanted to be a part of making it  
22 right if I could. And I don't remember exactly when that  
23 was.

24 Q. Who asked you to join as a party to the lawsuit?

25 A. Who asked me? You know, I don't know. And I'm

1 not kidding. I don't remember who actually asked me to  
2 join the lawsuit.

3 Q. Would it have somebody maybe from the NAACP  
4 Mainland branch?

5 A. We probably talked about it. We didn't write it  
6 down, we just talked about it, would I join. Probably,  
7 yeah.

8 Q. Okay. And as an individual plaintiff in this  
9 lawsuit, what is your understanding of what you're -- what  
10 you bring to this lawsuit as a plaintiff?

11 MS. CHEN: Objection, vague and calls  
12 for a legal conclusion.

13 Q. You can answer if you understand.

14 A. Well, what was the question again?

15 Q. Sure. You know all of the plaintiffs in the --  
16 you know that the NAACP Mainland branch is one of the  
17 plaintiffs in lawsuit, correct?

18 A. Um-hmm. Um-hmm.

19 Q. But you've also joined individually, right?

20 A. Right, um-hmm.

21 Q. So do you have an understanding as to why it's  
22 important for you individually to be involved in this  
23 lawsuit as well as that organization?

24 A. I just want it to be known that we know -- when I  
25 say "we" in this case, I mean the community. When I tell

1 | you that I speak for the community, I mean that. That we  
2 | know that the purpose of that redrawing map thing that  
3 | I've seen two or three of them or whatever, the purpose of  
4 | it is to deny people their right to choose their  
5 | representatives, which is something that we deserve and we  
6 | have a right to do.

7 | That's -- that's been the law forever. We  
8 | should have that right. And the way these maps are drawn,  
9 | the only reason I see that the maps could be drawn is to  
10 | deprive us of that basic fundamental right, and I wanted  
11 | to be able to express that.

12 | Q. Okay. Person -- just you personally --

13 | A. Um-hmm.

14 | Q. -- did you ever have an idea as to how the lines  
15 | could be drawn that would be satisfactory to you in this  
16 | case?

17 | A. No, you know, I --

18 | Q. Sure. Okay.

19 | A. I don't understand maps.

20 | Q. I get it. I get it.

21 | A. But I understand my rights, yeah.

22 | Q. Do you know whether the NAACP Mainland branch has  
23 | -- had before this lawsuit was filed, had an understanding  
24 | of how the maps should have been drawn.

25 | MS. CHEN: Objection, calls for

1 speculation.

2 Q. If you know.

3 A. I don't know.

4 Q. That was a "no," correct?

5 A. Yes.

6 Q. Okay, thank you. Did you ever review the  
7 complaint in this lawsuit before it was filed? Did  
8 anybody give you a draft? And don't -- don't say what  
9 your attorney -- what you spoke with, but the physical  
10 document, did you ever see a draft of the complaint in  
11 this lawsuit?

12 A. A draft of the complaint?

13 Q. Um-hmm.

14 A. To my -- to my understanding. Yeah, I guess I've  
15 seen a draft of it.

16 Q. Okay. What facts did you provide to help in  
17 getting that document together, do you recall?

18 A. Just what I just said, if I said anything. If I  
19 had any input in getting it drawn up, that's -- that's how  
20 I felt about it.

21 Q. What we've discussed today?

22 A. Yes, just what I've just said. The intent of it,  
23 the lawsuit.

24 Q. Have you ever --

25 A. I mean the intent of the map being redrawn.

1 Q. I apologize. Have you reviewed the first amended  
2 complaint that was filed in this lawsuit? If you recall.

3 A. I reviewed it.

4 Q. Okay. And we can look at it in more detail in a  
5 little bit, but when you reviewed it, did you have any  
6 thoughts about, Hey, this is leaving something out?

7 MS. CHEN: Objection, vague.

8 A. And I don't remember.

9 Q. Okay. What was your impression of it? Did you  
10 think that it was -- it included most of the important  
11 facts?

12 MS. CHEN: Objection, calls for a legal  
13 conclusion.

14 Q. Just for your understanding or your opinion.

15 A. In leading -- leaning in that direction, yes.

16 Q. Sure.

17 A. Trying to get it together.

18 Q. Was there anything you felt that maybe could have  
19 been included?

20 A. No, I don't remember.

21 Q. Do you have any understanding as to what vote  
22 dilution means?

23 MS. CHEN: Objection, calls for a legal  
24 conclusion.

25 Q. Just if you have an understanding of what vote

1 dilution means and --

2 A. Vote delusioin? Are you saying d-e-l-u-s-i-o-n?

3 Q. No, d-i-l-u-t-i-o-n, dilution.

4 A. Oh, making it small, yeah, taking it away. You  
5 bet, yeah.

6 Q. Okay.

7 A. Diluting it, taking it away, yes.

8 Q. Anything else?

9 A. No.

10 Q. Sure. Do you think that -- do you think it was  
11 intentional the -- to take away peoples' vote when the  
12 commissioner's court voted on Map 2 in this case?

13 A. Yes.

14 Q. Can you tell me why?

15 MS. CHEN: Objection, calls for a legal  
16 conclusion.

17 Q. Can you -- from your understanding, I just want  
18 to know facts, I don't want to know legal conclusion  
19 anything. Can you tell me why you think it was  
20 intentional that the commissioner's court wanted to take  
21 away peoples' right to vote?

22 A. I think it's deliberate and intentional because  
23 this -- and I'm going to include the entire county and  
24 state want to remain red. That's their language.

25 Q. Okay.

1 A. They said that.

2 Q. Okay.

3 MS. OLALDE: And just for scheduling  
4 purposes we may need to take a lunch.

5 A. Um-hmm.

6 MS. OLALDE: So whenever you guys feel  
7 like you're ready to take one just we can work that out.

8 MS. CHEN: That will be up to you.

9 THE WITNESS: The lunch?

10 MS. OLALDE: Maybe around 12:00, another  
11 half hour if that's okay.

12 A. So we'll be going longer. Is that what you  
13 saying? I don't understand.

14 BY MS. OLALDE:

15 Q. Yeah -- that's okay, we'll move on. I'll ask you  
16 a question.

17 Have you ever talked with Commissioner Holmes  
18 about redistricting?

19 A. I didn't talk with him about redistricting. No,  
20 I have not talked with him about that.

21 Q. Okay. But you know Commissioner Holmes, right?

22 A. Yes.

23 Q. How long have you known him?

24 A. Long time. I can say 20 years, 30 years even.  
25 Long time.

1 Q. Okay. And he was your commissioner prior to the  
2 adoption of the new map, right?

3 A. Yes.

4 Q. And who is your commissioner now?

5 A. Robert Armstrong, Dr. Armstrong.

6 Q. Okay. Did you ever interact with Commissioner  
7 Holmes in his capacity as a commissioner for Galveston  
8 County before the maps were redrawn?

9 A. Yes.

10 Q. Okay.

11 A. Whenever we had concerns. When I say, "we," I  
12 mean the community. We had concerns that he -- we wanted  
13 him to bring to the commission so that they could maybe  
14 take a look at it, see what they could do to help us.  
15 Transportation for elderly, to help facilities, and that  
16 kind of stuff. Yes, that's what I talked with him about  
17 whenever we did talk, and senior citizen issues. Yeah.

18 Q. Okay. Apart from transportation to health  
19 facilities, can you give me more examples of what you  
20 talked with Commissioner Holmes about?

21 A. What could be done to assist in the area of  
22 education, and mostly my concerns in conversations with  
23 him dealt with issues centered around senior citizens,  
24 their needs, and what we could do to help them primarily.

25 Q. Okay. So breaking that down a little bit. With

1 | respect to education, what kind of questions would you  
2 | have for Commissioner Holmes about assisting the community  
3 | with education issues?

4 | A. What kind of questions would I have for him?

5 | Q. Right.

6 | A. I would ask him if he would -- if he knew whether  
7 | or not the commissioner's court had -- I'm just going to  
8 | say a pot of money, bucket of money that they could  
9 | probably use to help kids, for an example, who did not  
10 | have money to go to -- maybe to the zoo or whatever and if  
11 | he could look into that and see if we could not use it for  
12 | transportation for the kids to get to the zoo or for the  
13 | kids to go anywhere for educational purposes. And he  
14 | would at least listen.

15 | Q. Okay.

16 | A. Um-hmm.

17 | Q. Was he ever able to answer those types of  
18 | questions with an actual action and -- and providing funds  
19 | for the kids to get to the zoo?

20 | A. He would actually follow through that --

21 | Q. Sure.

22 | A. -- you know, trying to do that, yes. Yes.

23 | Q. Okay. Do you know if it actually happen? Like  
24 | if -- if the commissioner's court set aside funds to help  
25 | children take field trips?

1 A. I don't remember. Yeah, but I do know that he  
2 tried.

3 Q. Sure.

4 A. He would do that.

5 Q. Sure. That was with respect to education, but  
6 moving on to communications that you had with com --  
7 Commissioner Holmes about senior citizens needs.

8 A. Um-hmm. Um-hmm.

9 Q. You mentioned transportation for health care.

10 A. Um-hmm.

11 Q. What other types of needs would you talk to  
12 Commissioner Holmes about?

13 A. Getting that -- most recently getting the Wayne  
14 Johnson Senior Citizen Facility back up and running after  
15 it was so damaged by one of the hurricanes and one of the  
16 floods. And we felt like the court -- the commissioner's  
17 court or whoever had the money to get it fixed up and  
18 running again for senior citizens were dragging their  
19 feet. Discussions with him about that. And it's now  
20 operating.

21 Q. Okay.

22 A. So whether he did it, I don't know but it's  
23 operating.

24 Q. Okay. For the record where's the location of  
25 that center?

1           A. It's off of Highway 6 -- off of Main -- Main  
2 Street or Highway 6 in La Marque. It's in La Marque.

3           Q. Okay.

4           A. In a park, the Wayne Johnson Park I believe,  
5 yeah.

6           Q. So apart from the center and for transportation,  
7 is there anything else that you can think of that was a  
8 concern that you would have discussed with Commissioner  
9 Holmes?

10          A. No, not off hand I don't remember.

11          Q. Okay. Did you ever talk -- and I apologize if  
12 I've asked this, and it might draw an objection, but did  
13 you ever talk to Commissioner Holmes about redistricting?

14          A. No.

15          Q. Okay. Did you ever talk with any other  
16 commissioner about some of these concerns with education  
17 or the senior citizen apart from Commissioner Holmes?

18          A. No.

19          Q. Okay. Do you know any of the other  
20 commissioners, Joe Giusti, Darrell Apffel?

21          A. No.

22          Q. Okay. County Judge, do you know him? Like  
23 personally, have you spoken with him?

24          A. Mark Henry?

25          Q. Yes, ma'am.

1 A. Personally, no.

2 Q. Okay. Did Commissioner Holmes have a staff  
3 member that you would communicate with?

4 A. No.

5 Q. How would you get in touch with or -- or speak  
6 with Commissioner Holmes?

7 A. If I would of called the office, he would answer  
8 the phone.

9 Q. Sure.

10 A. Yeah. And I'm trying to remember her name and I  
11 can't right now.

12 Q. Were you involved at all in the prior  
13 redistricting in Galveston County that would have occurred  
14 in 2010, 2011?

15 MS. CHEN: Objection, vague as to which  
16 redistricting.

17 Q. If you can answer.

18 A. The question is was I involved with it? Not to a  
19 great extent, no. No.

20 Q. Okay. To what extent would you have -- do you  
21 recall being involved?

22 A. Well, probably just discussing it because he --  
23 in 2010 we had -- we had some protection with the Voters  
24 Rights Act. That was taken away in 2013. So didn't spend  
25 a whole lot of time on it because we knew that it probably

1 wouldn't happen. We thought it wouldn't happen.

2 Q. Okay.

3 A. So we didn't pay that much attention to it.

4 Q. Okay. So did you follow any votes on justice of  
5 the peace or county commissioner court redistricting line  
6 at the time in 2011?

7 A. In 2010?

8 Q. 2010, 2011.

9 A. No.

10 Q. Okay.

11 A. That's a long time ago.

12 Q. Yep. And you weren't involved with the prior  
13 lawsuit at all, right?

14 A. No.

15 MS. CHEN: Objection, vague.

16 Q. And when I say, "involved," mean did you speak  
17 with any of the parties who were involved in the prior  
18 lawsuit about the substance of the 2010, 2011 --

19 A. No, I don't remember any of that, no.

20 Q. Sure. Do you remember when you first saw Map 1  
21 and Map 2?

22 MS. CHEN: Objection, vague.

23 Q. I'll show you if that makes it easier.

24 MS. OLALDE: I think it's No. 25.

25 We're on Exhibit No. 5?

1 THE COURT REPORTER: Yes.

2 MS. OLALDE: I'm sorry.

3 THE COURT REPORTER: No, you're fine.

4 MS. OLALDE: I forget I'm tethered.

5 We'll drop it in the chat for those of you on  
6 Zoom.

7 (Exhibit 5 was marked for  
8 identification.)

9 BY MS. OLALDE:

10 Q. So when I say, "Map 1 and Map 2," this is what  
11 I'm referring to. Do you recall seeing these maps before?

12 A. If I saw these maps they were probably in the  
13 newspaper.

14 Q. Okay.

15 A. And they -- they didn't look this pretty.

16 Q. Would you have gone online to see these maps?

17 A. In one of our -- in one my discussions with -- I  
18 don't remember -- no -- probably not, no. No, not -- no.

19 Q. Okay. Did you have an opinion as to what Map 1  
20 would do to your community?

21 A. If I knew exactly who was all being cut through,  
22 yeah. What it does is it -- that's that diluting thing  
23 that you were discussing -- that you talked about. Taking  
24 away votes for sure. Yeah, taking away votes, making it  
25 difficult for people to vote. Well, not even having us

1 vote in our same precincts, changing the precincts. Yeah,  
2 that's it, um-hmm.

3 Q. Okay. When you saw these maps in the newspaper,  
4 did you ever look at it maybe a more blown up copy to  
5 see --

6 A. No.

7 Q. -- more detail?

8 A. No.

9 Q. Okay. If you'll flip to Page 2. Did you have  
10 the same opinion about Map 2 that you had about Map 1?

11 A. I'm trying to see what area this is actually. I  
12 need a magnifying glass over here. Is that Jamaica Beach  
13 here? I really...

14 Q. I have a magnifying glass if you need it. If it  
15 would help.

16 A. I'm trying to figure out what area this really  
17 is. Is this Precinct 3 or is this --

18 Q. Well, hold on, let's see.

19 MS. OLALDE: Sarah, if you want to try  
20 that if she needs to see it closer. See if that helps at  
21 all.

22 A. Is this actually Precinct 3, that's what I'm  
23 trying to --

24 Q. It has a little bar at the bottom to...

25 THE WITNESS: Can you understand the

1 words that you're looking at?

2 MS. CHEN: Yeah, this magnifying glass  
3 is still -- it's blurry and it might not be working. This  
4 here say La Marque.

5 THE WITNESS: Okay.

6 MS. CHEN: This says Texas City.

7 THE WITNESS: Um-hmm.

8 MS. CHEN: This says Santa Fe.

9 THE WITNESS: Yeah, I can't see any of  
10 that. Santa Fe?

11 MS. OLALDE: Okay.

12 MS. CHEN: This up here says League  
13 City.

14 MS. OLALDE: So hold on just one second.  
15 Did the Zoom thing it didn't help?

16 MS. CHEN: It's still quite blurry.

17 MS. OLALDE: Sorry about that.

18 BY MS. OLALDE:

19 Q. But you never looked at a Map 2 version that was  
20 blown up or had more details than this, correct?

21 A. No, not from my understanding of what it is --

22 Q. Sure.

23 A. -- I'm looking at, no.

24 Q. So did you have the same opinion about Map 2 that  
25 you had as about -- as your opinion of Map 1?

1 | A. Whichever one of these maps -- and I don't know  
2 | really looking at it which one it is that takes us to the  
3 | Santa Fe area, to the Friendswood area in that, that is  
4 | truly really diluting our votes. That's -- that's what I  
5 | can tell you.

6 | Now which one of these maps is doing that I  
7 | don't know because I can't read -- I just can't read that.

8 | Q. Is it your opinion that one map was better than  
9 | the other one then?

10 | A. The map that would not have Santa Fe on it, that  
11 | would not have Friendswood on it as part of my voting --  
12 | is that what this is, my voting district? Is that what  
13 | we're getting at?

14 | Q. These are commissioner -- I'll just represent to  
15 | you that these are commissioner court boundaries.

16 | A. Um-hmm, yeah. Yeah. Okay, it's the one that  
17 | would not include Santa Fe.

18 | Q. That one would have been better, right, in  
19 | your --

20 | A. Yeah.

21 | Q. -- just in your opinion?

22 | A. Yes, just in my opinion.

23 | Q. Okay. You never posted any comments online about  
24 | these maps, right?

25 | A. No, because I don't really understand them.

1 Q. Do you know anybody who might of or did?

2 A. Who did post?

3 Q. Post comments.

4 A. Uh-huh, nope.

5 Q. Okay. You provided your comments at the meeting,  
6 right?

7 A. Um-hmm.

8 Q. Do you believe Commissioner Holmes can be  
9 reelected today based on the current commissioner precinct  
10 boundaries?

11 A. He would never be, no.

12 Q. Can you tell me why you think that?

13 A. Because our vote would be diluted. As a matter  
14 of fact, he is not even in my district. If -- if it stays  
15 like it is, he -- I won't -- we wouldn't be able to vote  
16 for him.

17 Q. When you say "we," the community?

18 A. Yes, because he's not in our district.

19 Q. Do you have any understanding of whether the  
20 people in his current district would reelect him?

21 A. You mean in the district -- like, he's in  
22 Friendswood, you know, counted in Friendswood, no. No.

23 Q. No understanding of it?

24 A. No, I don't think that he would be reelected.

25 Q. Okay. And --

1 A. Not -- not with the new maps.

2 Q. -- and why do you think that?

3 A. Because the votes would be diluted because people  
4 don't really know him. Because I don't even know that  
5 they trust him. I don't know. I don't know what his  
6 relationship is to them.

7 Q. Okay. Part of -- my understanding of part of the  
8 complaint in this lawsuit -- and tell me if you disagree  
9 -- is that the plaintiffs do not like the process that was  
10 used to adopt these maps. Is that your understanding?

11 A. That is my understanding, and that is exactly  
12 what happened.

13 Q. Can you explain to me about what the dispute is  
14 over the process that was used to adopt the maps?

15 A. We had no --

16 MS. CHEN: Objection, legal conclusion.

17 Q. Just to your understanding.

18 A. We had no due process.

19 Q. Okay. And can you expound on that?

20 A. We had no real input, even though we were at the  
21 meetings and we spoke, nobody heard us. It was like we  
22 were not there. I spoke, I have not been heard not at  
23 all. Not at all. Minds were already made up. They had  
24 already done it, the maps were already done it [sic]. I  
25 don't even know if they bothered to signed it while we

1 | were there.

2 | And by the end of the meeting they were  
3 | sending it to Austin or Washington or wherever. That was  
4 | the word that we got. It had to be at its destination at  
5 | midnight that day.

6 | Q. Do you -- do you know why the meeting occurred on  
7 | November 12th and not some other day?

8 | MS. CHEN: Objection, speculation.

9 | Q. Just if you know.

10 | A. No.

11 | THE COURT REPORTER: I didn't get your  
12 | answer.

13 | THE WITNESS: I said, no.

14 | THE COURT REPORTER: Thank you.

15 | BY MS. OLALDE:

16 | Q. Did you attend any meetings in the 2010 or 2011  
17 | redistricting process that concerned redrawing map  
18 | boundaries in Galveston County?

19 | A. No, I did not.

20 | Q. Are you aware of whether there were other  
21 | jurisdictions in Texas that had redistricting issues  
22 | similar to Galveston County's?

23 | MS. CHEN: Objection, vague.

24 | A. No.

25 | Q. Okay. Do you know when the census data was

1 released for the -- the 2020 census data was released?

2 A. Do I know when it was released?

3 Q. Um-hmm.

4 A. No, I don't.

5 Q. Is it fair to say that you've never participated

6 politically with respect to redirecting issues in any

7 other jurisdiction in Texas?

8 A. It's fair to say that.

9 Q. Okay.

10 A. Because I haven't.

11 Q. What do you think is important when

12 redistricting? What factors do you think are important to

13 consider?

14 A. The voice of the people.

15 Q. Anything else?

16 A. No. The voice of the people, that's major.

17 Q. And I have to ask, but is there anything else

18 that you can think of?

19 A. That people have a right to choose their

20 representatives, that our legislators don't choose

21 representatives for us. That's backwards.

22 Q. It's fair to say that Texas is a largely

23 republican state?

24 A. Yeah, it is. I think we have one democratic

25 place in Texas in Dallas somewhere.

1 Q. And have living here for -- well, since the 60s,  
2 do you recall when Texas was controlled by democrats?

3 A. I do remember.

4 Q. Ann Richards was the governor?

5 A. Um-hmm.

6 Q. Did you agree with Texas policies generally at  
7 that time?

8 A. More than I --

9 MS. CHEN: Objection, vague. Ambiguous  
10 as to time.

11 A. I really don't know. And that's a long time ago.

12 Q. It is.

13 A. Yeah, because Ann Richards has been dead now for  
14 a long time.

15 Q. So do you recall when Galveston County was  
16 primarily democrat?

17 A. It was in the 60s, though, I believe.

18 Q. What about the 70s?

19 A. Maybe part of it. I can't remember.

20 Q. Sure.

21 A. I don't remember, let me just say that.

22 Q. No problem.

23 A. Yeah.

24 Q. I don't -- yeah, I don't want you to guess --

25 A. Yeah, I don't know.

1 Q. Okay. Is it fair to say you weren't politically  
2 active in the 80s?

3 MS. CHEN: Objection, misstates  
4 testimony.

5 A. Well, it also depends on what you mean when you  
6 -- politically active in terms of voting, yes, I was.

7 Q. Okay.

8 A. Politically active in terms of campaigning for  
9 people maybe not, I don't know.

10 Q. So in the 1980s in Galveston County how would you  
11 describe the break up of democrat versus republican?  
12 Which one was the majority in Galveston County?

13 MS. CHEN: Objection, speculation.

14 A. I don't know.

15 Q. You don't know?

16 A. I don't know.

17 Q. Okay. Do you have any understanding about --  
18 same question but for the 1990s?

19 MS. CHEN: Objection, speculation.

20 A. No.

21 Q. Okay. Same question but for the ops, the 2000 to  
22 2010 --

23 A. I really don't know because I hadn't --

24 MS. CHEN: Objection.

25 THE COURT REPORTER: Okay, we're talking

1 over each other.

2 THE WITNESS: I'm sorry.

3 THE COURT REPORTER: What was that  
4 objection, Counsel?

5 MS. CHEN: Speculation.

6 THE COURT REPORTER: Thank you.

7 And what was your answer?

8 A. I don't know.

9 BY MS. OLALDE:

10 Q. And from 2010 to 2020 do you think Galveston  
11 County was more democrat or more republican?

12 MS. CHEN: Objection, speculation.

13 A. Don't know.

14 Q. S. Have you ever -- are you familiar with any of  
15 the issues that the County would face with respect to  
16 beach maintenance?

17 A. I don't.

18 Q. Sure.

19 A. I don't know.

20 Q. Maybe just what you read in the paper or?

21 A. Yeah, um-hmm.

22 Q. Sure. Have you ever read any articles about  
23 beach re-nourishment in Galveston?

24 A. I'm sure I've read some article but I don't  
25 recall.

1 Q. Sure. Do you have an opinion about beach  
2 re-nourishment in Galveston?

3 A. No, but I know a lot of it is going on right now,  
4 but I hadn't thought about it.

5 Q. Okay. Is it fair to say that Commissioner Holmes  
6 was a really good commissioner for Precinct 3?

7 A. Yes.

8 Q. And the community liked him?

9 A. Yes.

10 Q. And felt that he listened to the community?

11 A. Yes.

12 Q. Do you believe that Dr. Robert Armstrong will  
13 listen as well?

14 A. No, I don't think he has the time, no.

15 Q. Okay.

16 A. The man's a doctor. That's what he does.

17 Q. Is there -- is there an example that you can give  
18 me about maybe to support that belief?

19 A. That he wouldn't have time to sit and listen to  
20 the community?

21 Q. Um-hmm.

22 A. No, I can -- no. No, except that I have a feel  
23 for his personality, and I have a feel for where his head  
24 is, and it's in the hospital working with patients, which  
25 he's very good at. And I think that that's where he needs

1 to be. When I think of Dr. Robert Armstrong trying to get  
2 into the political arena, I think of Ben Carson who jumped  
3 into the political arena as the HUD person.

4 And a good man, he just didn't know what he  
5 was doing. He should have been operating on brains  
6 because he was excellent. And that's Ben Carson.  
7 Excellent brain surgery, very poor politician.

8 Q. What --

9 A. From my -- my point of view.

10 Q. Okay. What office did Ben Carson hold?

11 A. He was over HUD for Trump.

12 Q. Okay. And do you remember when? Was it just  
13 during Trump's --

14 A. Just during his -- yeah, his era, his presidency  
15 when he was elevated to that -- in that position. Bless  
16 his heart, he didn't know what HUD meant.

17 Q. Going back to Dr. Armstrong. Do you have any  
18 specific complaints about his services to your current  
19 precinct?

20 A. I know that we don't know him.

21 Q. Okay. Have you attempted to reach out to  
22 Dr. Armstrong?

23 A. No, uh-uh. I -- I know him on a personal level,  
24 kind of; but, no, and I know he's a busy man. I know he's  
25 busy with the medical stuff.

1 Q. You never sent text messages or e-mails to  
2 Commissioner Holmes, right?

3 A. Not recently, no.

4 Q. Okay. When did you send text messages -- or when  
5 did you text with Commissioner Holmes?

6 A. I don't remember the dates. I don't remember the  
7 dates.

8 Q. Okay. Do you know what it would have been about?

9 A. No, if was not about the Wayne Johnson Senior  
10 Citizens place, no.

11 Q. Okay. How about e-mails? Do you remember when  
12 you would have been e-mailing Commissioner Holmes?

13 A. No.

14 Q. Okay. Or if you ever -- do you think you ever  
15 did?

16 A. I don't remember if I ever did, but I don't --  
17 and even if I did it, I don't know what it would have been  
18 for.

19 Q. Sure. Is it fair to say that your written  
20 communication with Commissioner Holmes would have been  
21 infrequent?

22 A. Very.

23 Q. Okay.

24 A. Very infrequent, yeah.

25 Q. Did the -- in your -- to your understanding, did

1 the NAACP Mainland branch support Commissioner Holmes with  
2 his campaigns?

3 MS. CHEN: Objection, speculation.

4 A. You know, and I can't answer that. I don't  
5 really know.

6 Q. Sure.

7 A. Because we don't -- the NAACP is not a partisan  
8 group. You know, we support fairness and equity, not  
9 politicians so to speak.

10 Q. Okay. You individually, did you ever work on any  
11 of his campaigns or support his campaigns?

12 A. No, because I don't think I was ever really  
13 asked, but he knows I support him -- I've supported him.

14 Q. Okay. Did you ever attend any events that  
15 Commissioner Holmes held?

16 A. Yeah, he have -- every year he does what is  
17 called Backyard Barbecue, and what that is a big event  
18 that he has at the Doyle Center or the -- whatever you  
19 call it that building, Nessler Center. And it's a senior  
20 citizen-type affair where he give prizes to seniors and  
21 they play bingo and he serve hot dogs and all of this is  
22 free and entertainment for senior citizens, and that's a  
23 yearly thing that he does.

24 Q. Do you remember what time of year that is?

25 A. Oh, God. It's usually in the spring.

1 Q. Okay.

2 A. I think, yeah.

3 Q. And during those events, the backyard barbecues,  
4 do you have a chance or an opportunity to have  
5 conversations with Commissioner Holmes?

6 A. If you wanted to, but I never did.

7 Q. Why not?

8 A. I didn't have to.

9 Q. Okay. And that's fair. That's fair.

10 A. Yeah.

11 Q. Did you ever see any other commissioners at those  
12 backyard barbecues?

13 A. If I saw them, you know, I didn't recognize them.  
14 Don't know them.

15 Q. Sure.

16 MS. OLALDE: This might be a spot for a  
17 good lunch break. You guys are ready we can take maybe 30  
18 minutes, 45 minute.

19 MS. CHEN: Do you have a sense of how  
20 much longer you'd want to go after lunch?

21 MS. OLALDE: I'm hoping that we can get  
22 it wrapped up in an hour or two.

23 MS. CHEN: Does that sound alright with  
24 you or would you like to push forward any longer? I don't  
25 want to --

1 THE WITNESS: If we could just go till  
2 we finish I'll be happy.

3 MS. CHEN: Would that be alright with  
4 y'all?

5 THE WITNESS: I could use a lunch break  
6 -- not a lunch break, a restroom break now.

7 MS. OLALDE: Sure, we can do that.

8 THE WITNESS: And get some water, and  
9 then we can just finish. Can we do that?

10 MS. OLALDE: Well, we can give it our --

11 THE WITNESS: And we don't have to --

12 MS. OLALDE: -- we can give it our best.

13 THE WITNESS: Okay.

14 MS. OLALDE: I can make no promises.

15 THE WITNESS: Okay.

16 MS. OLALDE: Let's go off the record.

17 THE VIDEOGRAPHER: We're off the record.

18 This time is 12:03.

19 (A short recess was taken.)

20 THE VIDEOGRAPHER: We're back on the

21 record. The time is 12:27.

22 BY MS. OLALDE:

23 Q. Okay. Ms. Courville, we just took a quick break.

24 You were able to get a little bit of food, right?

25 A. Right.

1 Q. Okay. Good.

2 A. I'm good.

3 Q. You said that your sister lives in Friendswood,  
4 right?

5 A. Right.

6 Q. Are you familiar with the Friendswood area at  
7 all?

8 A. Not a great -- not a -- not a whole lot, no.

9 Q. Okay.

10 A. I know where she lives.

11 Q. Okay, alright. And then you live in Texas City,  
12 right?

13 A. Um-hmm, yes.

14 Q. Can you identify any differences between Texas  
15 City and La Marque in terms of services that the community  
16 might need or anything else?

17 A. In La Marque and Texas City?

18 Q. Yes, ma'am.

19 A. Well, there are no -- well, there are some parks,  
20 I was about to say no.

21 Q. I'm so sorry, could you put your microphone on.

22 A. Oh, I'm sorry. I don't want to be heard.

23 THE WITNESS: Okay, I'm off mute. I  
24 mean, I'm on now? Okay.

25 A. So you're wanting to know the difference in?

1 MS. OLALDE: Would you read back,  
2 please.

3 THE COURT REPORTER: Sure.

4 (The requested portion was read by the  
5 court reporter.)

6 MS. OLALDE: I'll just re-ask the  
7 question.

8 THE COURT REPORTER: I'm sorry, okay.

9 BY MS. OLALDE:

10 Q. Okay. Can you identify any differences between  
11 Texas City and La Marque in terms of services that  
12 community members may need?

13 A. To my knowledge there are no communities centers  
14 in La Marque at all. You know, just the churches that are  
15 there, and that would be Hitchcock. I was thinking of the  
16 big Galilee Baptist Church, but that's not even in La  
17 Marque, that's in Hitchcock.

18 So that would be it, I think and -- because  
19 we do have the Carver Center and they don't have that, so  
20 the other kind of services that are there for people, I'm  
21 really not that familiar with --

22 Q. Sure.

23 A. -- in La Marque.

24 Q. What about other types of differences between  
25 Texas City and La Marque? Do you think that there are

1 differences in racial demographics between Texas City and  
2 La Marque?

3 A. I really wouldn't know.

4 Q. Okay.

5 A. I really would not know that.

6 Q. Okay. What about services that the communities  
7 may need? Would they need different types of services  
8 between Texas City and La Marque?

9 MS. CHEN: Objection, speculation.

10 A. And I don't know.

11 Q. Okay. Would you vote for Dr. Armstrong?

12 A. Would I vote for him?

13 Q. Um-hmm.

14 A. For what?

15 Q. For commissioner. If he ran again would you vote  
16 for him?

17 A. It depends on would he have an opponent. Like,  
18 would Holmes be an opponent?

19 Q. Taking that answer, is it fair to say that  
20 Commissioner Holmes is your candidate of choice?

21 A. Yes, he is my candidate of choice.

22 Q. You can't think of anybody else you'd prefer to  
23 have as your commissioner, right?

24 A. Not at the moment.

25 MS. CHEN: Objection, misstates

1 testimony. Calls for speculation.

2 Q. I'm sorry, your answer? No?

3 A. Not at the moment.

4 Q. Do you have any reason to believe that  
5 Friendswood voters would reject a candidate based on their  
6 race?

7 MS. CHEN: Objection, incomplete  
8 hypothetical.

9 A. I really don't know that.

10 Q. Okay. You don't have any reason to believe that  
11 they would?

12 A. I don't know.

13 Q. Okay. And if you had an idea or if you thought  
14 that Friendswood voters would reject a candidate based on  
15 their race, I mean, you would have a reason for it, right,  
16 that you could give me today?

17 MS. CHEN: Objection.

18 A. Well, you know, I don't know who they are. I  
19 don't know who the voters are in Friendswood.

20 Q. Sure. That's just an area that you're just not  
21 familiar with?

22 A. Right, yeah.

23 Q. Okay. Earlier we talked about Latino and  
24 Hispanic voters.

25 A. Um-hmm.

1 Q. And you made a distinction between -- just a very  
2 fair distinction that there are different cultures among  
3 Latinos in Galveston County, correct?

4 A. Um-hmm.

5 Q. And what -- what -- can you name some of the  
6 cultures that you were referring to or?

7 A. No, I just know that there are different  
8 cultures, and they all lump into that Latino category.

9 Q. Sure, okay. Are you aware of how different  
10 cultures would vote? The Galveston County voters who are  
11 Latino, do you know of any -- or cultural differences  
12 among their voting -- horrible question.

13 MS. CHEN: Objection --

14 MS. OLALDE: Horrible question.

15 MS. CHEN: -- speculation. Asked and  
16 answered.

17 A. And I don't know.

18 Q. Okay, fair enough. And I'll just -- for the  
19 record I'll just restated it because it was a bad  
20 question.

21 But you're not -- it's fair to say that  
22 you're not aware of any cultural differences in -- in  
23 voting preferences or candidate preferences?

24 MS. CHEN: Objection.

25 A. I...

1 Q. Wait, wait, wait, third times a charm. Third  
2 time's a charm.

3 It's fair to say you're not aware of any  
4 differences between Latino cultures and how they vote in  
5 Galveston County?

6 MS. CHEN: Objection, misstates  
7 testimony.

8 A. Yeah, no, I really don't -- I don't understand --  
9 I really don't understand the question.

10 Q. Sure. No, no, no. And let's try to dig down on  
11 Ms. Chen's misstates testimony because I want to make sure  
12 that the record is clear.

13 There are -- there are different cultures  
14 that comprise the Latino voting population in Galveston  
15 County. For example, you may have somebody from Columbia,  
16 you may have somebody from Venezuela, El Salvador, right?

17 A. Um-hmm.

18 Q. Are you familiar with those different  
19 communities?

20 A. No. No.

21 Q. Okay. And is it then fair to --

22 A. I just know that there are differences.

23 Q. Okay.

24 A. I don't know what they are.

25 Q. And so therefore it's fair to say that you

1 wouldn't know how they vote, right?

2 A. I don't.

3 MS. CHEN: Objection, speculation.

4 Q. You -- okay. Do you think it's more important to  
5 vote for a party or for somebody's racial background?

6 MS. CHEN: Objection, ambiguous.

7 A. I would never vote just because of a racial  
8 background. I don't know if that answers your question or  
9 not, but I would never vote that way.

10 Q. What about people in your community, do you have  
11 an impression as to what would be most important for them?

12 MS. CHEN: Objection, speculation.

13 A. No.

14 Q. Okay. Okay. It's fair to say that you believe  
15 that there is discrimination in Galveston County, correct?

16 A. Oh, yeah.

17 Q. Let's -- let's break that down a little bit. Do  
18 you think that there is a history of officials who  
19 discriminate in Galveston County based on race?

20 A. That's why we gotten where we are, yes.

21 Q. Okay. Can you give me some examples of -- of --  
22 to support that understanding?

23 A. Now the question is? I'm asking you, what is the  
24 question?

25 Q. Sure. Sure, I'll repeat it. Do you think that

1 there is a history in Galveston County of officials, let's  
2 just talk about elected officials, having or -- having  
3 discrimination among them -- and bad question.

4 Do you believe that history -- do you believe  
5 that there is history in Galveston County of officials  
6 discriminating against people based on race?

7 A. Based on race? You know, I really can't answer  
8 that --

9 Q. Sure.

10 A. -- because I don't know. I can't get into their  
11 head. I don't know.

12 Q. Okay. Now you can't think of any examples or  
13 anything like that?

14 A. That the officials in Galveston County voting  
15 based on race?

16 Q. Having -- discriminating against people based on  
17 race.

18 A. There is a history and, you know, that's  
19 documented. But I can't come up with -- you're asking me  
20 for an example of it or something. I can't come up with  
21 an example or something without going back into the -- you  
22 know, that school district thing. Because we were truly  
23 against the entire state.

24 It was not just Galveston County, it was not  
25 just Texas City, it was the entire State of Texas. So,

1 yes. Yeah, they have -- they have their ideas of who they  
2 want to let have power. I think that there's a big power  
3 hunger -- hunger thing here; and yeah, so they would vote  
4 against the person --

5 Q. Who's --

6 A. -- because they want power.

7 Q. -- who is they?

8 A. They -- they -- when I say "they want power," I  
9 mean the people who have the power. The legislators, the  
10 people who run the county, the county commissioners, yeah.

11 Q. Would that include Commissioner Holmes?

12 A. Well, Commissioner Holmes is not -- I don't  
13 believe power hunger, hungry. And if you will look at his  
14 voting record, you would see that a lot of times he did  
15 not vote with the other part of his commissioner's group.  
16 He was the lone naysay.

17 Q. Would that include Commissioner Giusti?

18 MS. CHEN: Vague, amb -- objection,  
19 ambiguous.

20 A. I don't -- he would be the only one that would  
21 say nay to the yays. Holmes would.

22 Q. Okay. Do you have an understanding as to whether  
23 Anglo voters in Galveston County vote for the same  
24 candidates?

25 MS. CHEN: Objection, speculation.

1 A. I don't know.

2 Q. Going back to racism in Galveston County. Is it  
3 fair to say that you believe that there's racism in  
4 Galveston County against Latino individuals in --  
5 regardless of culture?

6 A. Um-hmm.

7 MS. CHEN: Objection, speculation.

8 Q. Okay. And what's the basis for that opinion?

9 A. I think as I just said it, it's about the power.  
10 If they're -- if Latinos are not in power, then they would  
11 be left out, too. Now if they're powerful groups -- and  
12 when I say "power," I mean money and position, they'll be  
13 voted for.

14 Q. Do you have any examples?

15 A. No.

16 Q. Have you talked with anybody within the Latino  
17 community about this issue?

18 A. Have I talked with them, no.

19 Q. Okay. I'm turning to -- I believe we're on  
20 Exhibit 6.

21 THE COURT REPORTER: Yes.

22 MS. OLALDE: Thank you.

23 (Exhibit 6 was marked for  
24 identification.)

25 BY MS. OLALDE:

1 Q. Ms. Courville, have you seen this e-mail before?

2 A. I'm looking at it now.

3 Q. Sure. Just let me know when you're ready.

4 A. I remember it now.

5 Q. Okay. And you -- you sent this e-mail to

6 holness@ county web -- at a county e-mail address,

7 correct?

8 A. Yeah, looks like I did, yes.

9 Q. And it appears to be Commissioner Holmes' e-mail?

10 A. Right, yes.

11 Q. Sure. Why were you sending him an e-mail?

12 A. In 2010?

13 Q. Yeah.

14 A. It was because Sonny James was retiring or would

15 be out for a while, and I was sending this to him because

16 of I thought Joe Compian who is trusted by many people in

17 the community, my community, community of Texas City and

18 La Marque. And I know that he is a lawyer, and I knew

19 that he had time to do it then and he said he would. So I

20 asked Holmes would he -- would he support him, I think is

21 what I was asking. And that was it.

22 Q. Did you have a conversation with Commissioner

23 Holmes about Joe Compian?

24 A. No, this is it. This is my conversation with

25 him.

1 Q. Did he ever e-mail you back?

2 A. I don't believe he did. I don't believe he did.

3 No, I don't remember that he did.

4 Q. Do you know whether he ended up supporting Joe

5 Compian?

6 A. I'm sure he did, um-hmm.

7 Q. So how do you -- and is it -- it's Compian?

8 A. Compian, yes.

9 Q. Compian?

10 A. Yeah, um-hmm.

11 Q. Okay. How do you know Joe Compian?

12 A. Joe and I were -- we were in law school together,

13 actually. And Joe lives in La Marque, and he was always

14 involved with the school district. That's pretty much --

15 and Joe had a lot of experience in a lot of the areas, the

16 youth shelters, many of the churches, and other

17 organizations that I would dabble and dabble in. And so

18 his name was just kind of always out there.

19 Q. Okay. Is he also a member of the Mainland branch

20 of the NAACP?

21 A. I'm not sure he is, because I've not really

22 looked at the roster in terms of --

23 Q. Bless you.

24 A. -- all of the members.

25 Q. Um-hmm.

1 A. Yeah, but I know he -- he is politically active.

2 Q. And how long have you known him?

3 A. Ooh, 25 years maybe.

4 Q. Okay. And he -- like you said, he lives in Texas  
5 City, La Marque?

6 A. La Marque.

7 Q. Okay. Okay. Was there anybody else that you  
8 would have considered recommending to Commissioner Holmes?

9 A. No, if I didn't do it on here, no. This would  
10 have been the only one and the only e-mail, that I know  
11 of, that I've ever written to Holmes unless I wrote him  
12 for something about the senior citizens --

13 Q. Um-hmm.

14 A. -- center. This is it, yeah.

15 Q. And so when you refer to in this e-mail the GDN,  
16 are you referring to the Galveston Daily --

17 A. Galveston Daily News.

18 Q. Alright, I have to inter --

19 A. Yeah.

20 Q. -- I have to finish my question, otherwise we get  
21 yelled --

22 A. I'm sorry.

23 Q. Okay. Do you know whether Joe Compian ever  
24 served while Judge Sonny James was off of the bench?

25 A. I think he did. I think he did become the

1 interim person. I'm not sure.

2 Q. Okay.

3 A. I don't know.

4 Q. I'm going to mark this as Exhibit 7.

5 (Exhibit 7 was marked for

6 identification.)

7 Q. Did you ever speak with Mr. Compian about his

8 conversation with Stephen Holmes?

9 A. No.

10 MS. CHEN: Objection, vague.

11 Q. Okay.

12 A. Uh-huh.

13 Q. Did you ever speak with Joe Compian about filling  
14 in for the Honorable Sonny James?

15 A. That was the same -- yes, that was what that was  
16 about, yeah.

17 Q. Right. So you had -- would have had a  
18 conversation with him before reaching out to Commissioner  
19 Holmes, correct?

20 A. Yes, to see if he was willing --

21 THE COURT REPORTER: I'm sorry, if he  
22 was willing?

23 A. Willing to take the position if offered, yes.

24 THE COURT REPORTER: Thank you.

25 THE WITNESS: Um-hmm.

1 BY MS. OLALDE:

2 Q. And when we talked TJ Aulds previously in the  
3 deposition, was this the time that you would have been  
4 communicating with Mr. Aulds?

5 A. In about 2010?

6 Q. Um-hmm.

7 A. Yes, um-hmm.

8 Q. What was the Open Meetings Act violation that he  
9 was referencing in this e-mail?

10 A. Good question. I'm just looking at it --

11 Q. Sure.

12 A. -- trying to figure out what this was about. I  
13 don't know.

14 Q. Okay. You don't recall filing a lawsuit about  
15 an Open Meetings violation in May of 2010?

16 A. No.

17 Q. Do you currently serve as a volunteer or deputy  
18 registrar in Galveston County?

19 A. I am.

20 Q. Okay.

21 A. Well, I need to redo it. It's time to redo it  
22 for the upcoming elections, and I thought about it but I  
23 haven't done it.

24 Q. Do you intend to?

25 A. I don't -- I don't know because they're voting

1 pretty soon, right? I may not, yeah.

2 Q. Have you continuously served as a voter --  
3 volunteer deputy registrar since 2010?

4 A. Not continuously.

5 Q. Okay. Is there a time period in which you find  
6 that you were more active in -- in that position?

7 A. No.

8 Q. Okay. What were your duties as volunteer deputy  
9 registrar?

10 A. Getting people registered to vote.

11 Q. And what would --

12 A. Primarily.

13 Q. -- what would you do?

14 A. I would give them the little registration form  
15 that they have to fill out, and I would have to sign it, I  
16 believe, and make sure that it was turned in, the form  
17 itself within --

18 Q. Would --

19 A. -- within three days or however long it is that  
20 you have to turn them in.

21 Q. -- would you hold -- would you attend events or  
22 would you go door to door? How would you come in contact  
23 with people to help them register to vote?

24 A. Oh, usually I would put a table out at the church  
25 and when church was out if people wanted to register they

1 would stop by the table and just register. And that's  
2 pretty much what I did because the churches are always  
3 safe, so I did. Um-hmm.

4 Q. And would that be your church or --

5 A. My church.

6 Q. Okay. No other churches?

7 A. Not that I know of, no. I may have been there  
8 while others were doing it supporting them, but not  
9 actually registering people.

10 Q. Okay.

11 MS. OLALDE: We're on Exhibit No. 8.

12 THE COURT REPORTER: Uh-uh.

13 (Exhibit 8 was marked for  
14 identification.)

15 Q. Have you seen this document before?

16 A. I may have seen it, but I don't remember. When  
17 was it written?

18 Q. It doesn't have a date on the first page.

19 A. Yeah. Well, the second page has 2011. So it was  
20 probably 1010 [sic], 2011, also.

21 Q. And it appears -- if you look at the second  
22 page --

23 A. Um-hmm.

24 Q. -- down toward the bottom. It appears as though  
25 this was a petition that you signed, correct?

1 A. Um-hmm. I'm looking at it, yeah.

2 Q. Okay. Do you recall signing the petition?

3 A. I don't recall this information at all, and  
4 that's why I was looking for a date.

5 Q. I was just going to see if you knew -- knew who  
6 Mark was?

7 A. Mark?

8 Q. Um-hmm.

9 A. Where do you see Mark?

10 Q. Oh, on the first page he signs it.

11 A. Oh, Mark. No, I don't.

12 Q. Okay.

13 A. This is interesting.

14 Q. Yeah. Do you know who would have put this  
15 petition together?

16 A. I don't know that either.

17 Q. Do you recall having any conversations about it?

18 A. No, I don't know who Mark is.

19 Q. Do you know who the TXDMV board member was that  
20 was at issue in this petition?

21 A. Is it TX?

22 Q. TXDMV.

23 A. Oh, you know, that's probably Texas Department of  
24 Motor Vehicles.

25 Q. Do you know who he was referring to in this

1 petition?

2 A. No, I don't know what this was about.

3 Q. Okay. And you don't know why this petition was  
4 sent?

5 A. No, this is news to me.

6 Q. Okay.

7 A. It looks like people were just chosen based on  
8 just the city.

9 Q. That's okay, I'll ask another question. Just a  
10 second.

11 MS. OLALDE: We're up to 8?

12 THE COURT REPORTER: Yes.

13 MS. CHEN: This will be 9.

14 MS. OLALDE: 9. Thank you.

15 This is No. 8.

16 (Exhibit 9 was marked for  
17 identification.)

18 Q. My first question will just be if you recall  
19 seeing this e-mail before?

20 A. (Indecipherable.)

21 THE COURT REPORTER: I'm sorry?

22 THE WITNESS: Oh, I'm sorry. Thelma I  
23 just recognize who it was from.

24 BY MS. OLALDE:

25 Q. Okay. Do you recall seeing this e-mail before?

1 A. I don't.

2 Q. Okay. Do you know what the 1911 United Super Pac  
3 is?

4 A. No, I've never heard that before today.

5 Q. The Kappas and Omegas is -- those are  
6 fraternities, correct?

7 A. Yeah. I looked at that and I thought -- the  
8 first thing I did was underlined -- yeah, alright.

9 Q. The sorority that you are a member of, does it  
10 ever do any work with these fraternities?

11 A. I can't say never do work with them. We do --  
12 sometimes do things for kids for Christmas together as  
13 groups. You know, in order words, in putting money in to  
14 buy toys and that, then one of the organizations would  
15 have an affair and -- where they would give the little  
16 gifts and toys or whatever to the kids. End of story.  
17 But this -- I don't know what this political organization  
18 is at all.

19 Q. Sure. Sure. So you don't know who --

20 A. What this Super Pac is about, no.

21 Q. -- rjscmp@aol, you don't know who that is?

22 A. Yeah, I don't know, no. I just recognize Thelma.  
23 Thelma Bowie.

24 Q. Do you -- who is Thelma Bowie?

25 A. Thelma is a commissioner. Right now she serve as

1 the Commissioner At-large in Texas City, and she is the  
2 Major Pro-Tem I believe for Texas City.

3 Q. Okay. Do you know what position she would have  
4 held back in 2012?

5 A. She was probably on the commission then, I don't  
6 know.

7 Q. And it's a pretty long distribution list, but if  
8 you look about four lines down towards the middle.

9 A. Um-hmm.

10 Q. It indicates that you were one of the recipients  
11 of this e-mail, correct?

12 A. Um-hmm, yeah.

13 Q. You have no reason to believe you did not receive  
14 this e-mail, right?

15 A. I guess not. I didn't -- I don't remember  
16 reading it.

17 Q. Sure. Do you know who -- who this distribution  
18 list is, like if it's an organization?

19 MS. CHEN: Objection, speculation.

20 A. No, it's -- it's -- this a whole bunch of  
21 community folk --

22 Q. Okay.

23 A. -- whose names I recognize, but I don't  
24 necessarily know them.

25 Q. Is there anybody you do know?

1 A. On this list?

2 Q. Yes, ma'am.

3 A. Yeah, there's some, um-hmm.

4 Q. Who?

5 A. Well, I see Nakisha Paul's name on there.

6 Q. Okay. In 2012 Ms. Paul's what was her role? Do  
7 you know? Or did she have an elected position or --

8 A. I think she was -- yeah, she was a school  
9 board --

10 Q. Okay.

11 A. -- La Marque School Board.

12 Q. Okay.

13 A. President at that time, I think.

14 Q. Anybody else?

15 A. Whose name I recognize on here?

16 Q. Yes, ma'am.

17 A. Angela Dotson I just know her. She's a school  
18 teacher.

19 Q. Um-hmm.

20 A. That's how I know her.

21 Q. Um-hmm.

22 A. Annie Burton was a school board member?

23 THE COURT REPORTER: Who?

24 THE WITNESS: Annie Burton.

25 THE COURT REPORTER: Thank you.

1 A. I don't know where she is now.

2 MS. CHEN: I'd like to object to this  
3 line of questioning as irrelevant also.

4 BY MS. OLALDE:

5 Q. You can continue to answer.

6 A. But that's it. I know a few people, but to me  
7 they're not relevant to what I'm doing now at all.

8 Q. Right. No, I get that --

9 A. It's just community people, Bo Hunter is another  
10 one.

11 Q. Um-hmm. Um-hmm.

12 A. Chalon Mayes is a sorority member.

13 Q. Um-hmm. One of your sorority, correct?

14 A. Um-hmm. She's an AKA.

15 Q. Okay. Who else do you recognize on this list?

16 A. There's Dedrick Johnson, okay.

17 THE COURT REPORTER: What's the name?

18 THE WITNESS: Dedrick Johnson.

19 A. He's the major for Texas City right now. Gloria  
20 Britton, she's a church member. Harrilyn McMillan, school  
21 teacher. John Humphrey, he's always worked at funeral  
22 homes, that's how I know him. Joan Freeman [sic], retired  
23 school teacher and AKA. Jimmy Saldana, he's just a  
24 veteran that I know.

25 MS. CHEN: Do you need her to continue?

1 MS. OLALDE: I do.

2 A. Are you going to contact these people?

3 BY MS. OLALDE:

4 Q. I'm just asking if you know anybody on the list.

5 A. I'm looking. As I told you Nakisha Paul.

6 Q. Um-hmm.

7 A. I don't know who this Stephen Holmes is. I don't  
8 know if that's the commissioner or not. They have Holmes,  
9 Stephen on.

10 Q. Um-hmm. Are you aware of any other Stephen  
11 Holmeses?

12 A. No, I don't.

13 Q. Okay. Anybody else that you recognize?

14 A. I'm looking, I'm almost done. No, that's pretty  
15 much it.

16 Q. Okay. You don't recall if you donated to the  
17 Super PAC?

18 A. No.

19 THE WITNESS: Let me see, 2012, okay.

20 BY MS. OLALDE:

21 Q. Were you ever involved with the Galveston County  
22 Young Democrats?

23 A. No, I'm too old for that.

24 Q. I mean, in any capacity?

25 A. No.

1 Q. Right. Do you know Galveston Mayor Joe Jaworski,  
2 or former Galveston -- yeah, Joe Jaworski?

3 A. Not personally, I know the name.

4 Q. You ever talked with him?

5 A. No.

6 MS. OLALDE: Okay. I'll mark this as  
7 Exhibit 10.

8 This is No. 11.

9 (Exhibit 10 was marked for  
10 identification.)

11 Q. And just let me know when you're ready.

12 A. I'm done.

13 Q. Okay. Do you recall receiving this e-mail?

14 A. No, I really don't.

15 Q. The subject of it is: Pack The County  
16 Commissioner's Court on March 13 of 2012, correct?

17 A. That's what it is, yeah.

18 Q. Okay. Do you know in what capacity Thelma Bowie  
19 would have been sending these e-mails?

20 A. No --

21 MS. CHEN: Objection, speculation.

22 Q. Is she a member -- was she a member of the main  
23 branch of the NAACP, Mainland branch?

24 A. No, if she is I don't know. I've never seen her  
25 at a meeting.

1 Q. Okay. Did you go to this mediation?

2 A. It looks like it was going to be on the 13th. Do  
3 you know what day of the week that was on? And the other  
4 thing is, which makes me think I probably didn't show up  
5 because of that "if you are not working."

6 Q. From the e-mail it looks like it would have been  
7 on a Tuesday because it was the 13th --

8 A. I didn't go, I probably was working. I don't  
9 now. Yeah, at that time I was in -- was I still at  
10 Methodist? I can't remember. But I didn't go to this  
11 meeting.

12 Q. Okay. Did you hear about how it went?

13 A. No.

14 Q. Okay. Do you know if anybody went?

15 A. No.

16 Q. Who is Kimberley Yancy?

17 A. Kimberley is a counsel member in La Marque.

18 Q. Okay.

19 MS. OLALDE: I'm going to mark this as  
20 Exhibit 11.

21 This is No. 18.

22 (Exhibit 11 was marked for  
23 identification.)

24 Q. And just let me know when you're ready.

25 A. I'm ready. I'm done. I've read it.

1 Q. Sure. I am actually going to supplement this  
2 because it looks like -- and tell me if you disagree there  
3 was an info brochure that was attached to that e-mail.

4 A. That's what it says.

5 Q. Okay. As part of Exhibit 11, I'll hand you this  
6 is the -- does this appear to be the attachment you  
7 received with this a e-mail?

8 A. I don't remember this attachment, and I don't  
9 remember that e-mail. I don't remember this meeting. I'm  
10 trying to figure out what is this? This is the attachment  
11 that should have been here?

12 Q. Yes, ma'am. I'll represent to you that it was  
13 the next document that was produced by your attorneys in  
14 this case.

15 A. Let me see. When did... This has to be a  
16 meeting that I did not attend. I don't remember any of  
17 this.

18 Q. Let's turn back to the e-mail.

19 A. Not at all.

20 Q. Sure. That this with attached to.

21 A. Right.

22 Q. We don't have to go through everybody in the  
23 distribution list, but are the people in the distribution  
24 list members, to your knowledge, of the Mainland branch  
25 NAACP?

1 A. Some I recognize, some I don't. I don't.

2 MS. CHEN: And I also object on first  
3 amendment grounds on any disclosure of membership lists --

4 MS. OLALDE: Fair enough.

5 MS. CHEN: -- of the Mainland NAACP.

6 MS. OLALDE: Fair enough?

7 MS. CHEN: So if you receive a question  
8 again about the membership list --

9 THE WITNESS: Okay. I don't --

10 MS. CHEN: -- you can chose -- you can  
11 not answer.

12 BY MS. OLALDE:

13 Q. Okay. Without talking about who was a member of  
14 any organization, do you recognize these names as being  
15 people in your community?

16 A. These are community folks.

17 Q. All of them?

18 A. I don't know -- no, I can't say all of them  
19 because I don't know all of them.

20 Q. Sure. Can you tell me who -- just who you know  
21 from the community? Would you mind telling me that,  
22 please?

23 A. Nakisha Paul.

24 Q. Anybody else?

25 A. I see Joe Compian on here.

1 Q. Um-hmm.

2 A. Michael Lewis.

3 Q. Who's Michael Lewis?

4 A. He's a minister. I see Stephen Holmes name on  
5 here again. I see plenty of these people -- I'm asking  
6 myself.

7 Q. Sure.

8 S. I'm sorry, I forgot. I don't know who this was  
9 meant for, but these are not necessarily --

10 Q. Okay. Are they members of the community?

11 A. Yes, they are community members, the names that I  
12 called, but some of them I don't recognize or even that.

13 MS. CHEN: And may I ask a quick  
14 question? These past exhibits they have -- they don't  
15 have bates stamps --

16 MS. OLALDE: I got them from Disco, so  
17 whatever you guys would have produced because -- yeah.

18 MS. CHEN: Oh, you got them from Disco?

19 MS. OLALDE From our -- from the  
20 production --

21 MS. CHEN: Um-hmm.

22 MS. OLALDE: -- that you guys sent us.

23 MS. CHEN: They're -- they don't have  
24 any bates numbers, so it's hard to say who produced them  
25 or when. They don't have our production numbers on them,

1 so just kind of wanted to clarify exactly where they came  
2 from.

3 MS. OLALDE: I guess you have to look  
4 through the production to find the bate number that you're  
5 looking for.

6 MS. CHEN: Okay, thank you.

7 A. I really don't know what this is about.

8 BY MS. OLALDE:

9 Q. Do you know Terry Pettijohn?

10 A. Yes.

11 Q. Who's Terry Pettijohn?

12 A. Terry Pettijohn served on the board with me. He  
13 was one of the board members for La Marque Independent  
14 School District.

15 Q. Did you get along with him?

16 A. Oh, yeah.

17 MS. CHEN: And just to follow up to my  
18 question. Is it possible that in your Disco system these  
19 e-mails include -- includes e-mails from Commissioner  
20 Holmes' in-box that were not produced to us?

21 MS. OLALDE: You'd have to look at the  
22 -- you'd have to look them up. Right now we're just going  
23 to continue with the deposition.

24 MS. CHEN: We have no way of looking  
25 into your Disco system so.

1 MS. OLALDE: Well, here's the thing, I'm  
2 marking exhibits for the deposition, and if you want to  
3 power through -- I mean, if you want to take a break and  
4 try to find all of the exhibits with the -- the bates  
5 number that you want to find them with, you're more than  
6 welcome to.

7 MS. CHEN: We'll continue to search for  
8 them. I just wanted to seek clarification considering  
9 they currently don't have his information on them, which  
10 will be very useful. So you can continue right now.

11 MS. OLALDE: Marking Exhibit 12.

12 (Exhibit 12 was marked for  
13 identification.)

14 Q. My first question is if you recall this article  
15 that you wrote?

16 A. Voter suppression is alive and well, yeah.

17 Q. Yes, ma'am.

18 A. I do remember that.

19 Q. Did you read -- or I guess my first question is:  
20 You didn't produce this document to your attorneys, right,  
21 as it stands.

22 A. No, I don't -- I don't remember it, no.

23 Q. Okay.

24 A. Not like this. This looks like what's cut -- all  
25 of this came from the Galveston Daily News looks like.

1 Q. Um-hmm.

2 A. Yeah, and I know that would be a column that I  
3 wrote, an op-ed for the Galveston Daily News.

4 Q. Do you save your columns that you write?

5 A. Some I have, and some I don't.

6 Q. Okay.

7 A. Yeah.

8 Q. Did you provide any of those columns to counsel  
9 in this case?

10 A. If they were in my e-mails -- and I probably did  
11 e-mail this to the paper. Yeah, I did. That's op-eds --

12 Q. Okay. But --

13 A. -- for the Galveston Daily News. This was to the  
14 Galveston Daily News.

15 Q. -- but you wouldn't have submitted, like, paper  
16 clipping, newspaper clipping to --

17 A. Oh, no.

18 Q. -- to counsel? Okay.

19 A. No, I don't even know if I kept it. When I write  
20 stuff like this and it goes into the newspaper, okay, I'm  
21 done.

22 Q. Okay. Did you read the article about your  
23 comment?

24 A. Before or after?

25 Q. At the time that this was published.

1 A. No.

2 Q. Okay. Do you know who did the highlighting on  
3 this article?

4 A. No.

5 Q. There's some really faint underlining. Do you  
6 know who did the underlining on this article?

7 A. The article that's above my article? No. No, I  
8 have no idea, and I don't know Andy Mann.

9 Q. Okay. Going back to your voter suppression  
10 article, what prompted you to write this article?

11 A. Probably that very first sentence that I wrote on  
12 there is what I imagine how astonished I felt the morning  
13 of June 29th when I opened my paper and read the story  
14 about where to vote in Galveston County.

15 Auh, and they left off Carver Center. Now  
16 it's coming back. They left Carver Center off of the  
17 voting place, and that is -- I mean, that's the humbug for  
18 voting in -- in Texas City.

19 Q. Did you have any conversation --

20 A. For --

21 Q. Oh, I'm sorry.

22 A. -- for Precinct 336 at that time.

23 Q. Okay. Did you have any conversations with any  
24 elected officials about what you don't -- what you talk  
25 about in this comment?

1 A. Any conversation?

2 Q. Um-hmm.

3 A. I probably called Dwight Sullivan's office  
4 because that's what I would have done because Dwight  
5 Sullivan is the person who's over the voting in the area.

6 Q. Okay.

7 A. I probably called him.

8 Q. Do you recall having any conversations with  
9 Mr. Sullivan or his staff about this?

10 A. If I called that office they answered the phone  
11 and I did talk with somebody. I'm not sure who. I'm not  
12 sure if it was Sullivan himself or if I talked with one of  
13 the receptionists, but somebody answered the phone.

14 Q. Did you ever get an explanation as to why this  
15 voting location was not accessible at this time?

16 A. They didn't tell me.

17 Q. Okay. Were you --

18 A. They just opened it the last -- the next time we  
19 had -- there was voting it was opened again.

20 Q. Okay, good. For this cycle that you're referring  
21 in the 2020 comment, were you able to vote in that cycle?

22 A. Oh, yeah.

23 Q. Okay. Is there anybody in your community that  
24 was not able to vote?

25 MS. CHEN: Objection, speculation.

1 Q. That you're aware of?

2 A. That is speculation. No, I don't know.

3 Q. Okay. Who were you hoping would read this  
4 comment?

5 A. People who were getting the newspaper. People  
6 who vote. If they were voters, they voted every year.  
7 People who had a hard time trying to find where else they  
8 needed to go because I think they was sending the people  
9 to Texas City down on, like, I think they call it the  
10 Loop, on the loop. But in Texas City.  
11 Texas City where this place was so close to  
12 their homes. The other place they would have had to get a  
13 taxi, get a ride from somebody else and go to vote. So --  
14 and I don't know who was affected in that way.

15 MS. OLALDE: I'm going to mark Exhibit  
16 13.

17 (Exhibit 13 was marked for  
18 identification.)

19 Q. And my first question is just going to be whether  
20 or not you recall seeing this article before?

21 A. I did read this one. This was a comment based on  
22 my op-ed there I think, yeah.

23 Q. Do you know who Joseph Pelto is?

24 A. No, never spoke with him.

25 Q. Okay. When you read his comment, what was your

1 impression?

2 A. Let me refresh --

3 Q. Sure, absolutely.

4 A. -- my memory. This is his opinion. That's how I  
5 felt.

6 Q. Did you -- did you agree with it?

7 A. Agree with his opinion of why I wrote what I  
8 wrote?

9 Q. Did you agree with the opinions he expressed in  
10 his comment.

11 A. Well, see he was -- yeah, because that's -- those  
12 -- that was based on his experience. He had experienced  
13 that in Laredo, so I just read it as his opinion and I  
14 didn't think anything about it.

15 Q. What about did you have an opinion as to whether  
16 or not the same rational would apply in Galveston County?

17 A. Whose rational, his?

18 Q. The factors that he list in his article, his  
19 comment. For example, budget cuts.

20 A. No because that had not happened here at that  
21 time, no. I just said this is his opinion and, you know,  
22 when you write an op-ed for a newspaper, you can expect  
23 people to disagree with you. Anytime I write, I expect  
24 somebody to disagree with me; and if I don't, I'll wonder  
25 why.

1 Q. So going to Paragraph 4.

2 A. Um-hmm.

3 Q. Do you agree with his statement that voter  
4 suppression is used almost exclusively by the democratic  
5 party?

6 A. No, I don't agree with that.

7 Q. Okay.

8 A. But again, that's his opinion.

9 Q. Sure.

10 A. And he's also very opinionated when he said that  
11 voter suppression is used almost exclusively by the  
12 democratic party. I don't know what he's talking about.  
13 And I don't ever waste time trying to figure that out  
14 because everybody has an opinion. Yeah, and I respect his  
15 opinion.

16 MS. OLALDE: I'm going to mark Exhibit  
17 14.

18 (Exhibit 14 was marked for  
19 identification.)

20 Q. Do you recall writing this comment?

21 A. Oh, yes.

22 Q. Would you --

23 A. Yes.

24 Q. -- like time to review it?

25 A. Yeah, please.

1 Q. Sure.

2 A. Okay, I remember now.

3 Q. Okay. Do you recall what prompted your writing  
4 of this comment?

5 A. Yeah. Because there was a lot of talk -- well,  
6 I've said it right here that I resisted the urge to write  
7 at all about any of this until I read about something that  
8 the governor of Georgia, Brian Kemp, had done to voters  
9 probably in that state. And it just brought back all of  
10 those memories for me of the Jim Crow era because I was --  
11 I was a big girl when this was going on. I was born in  
12 '43.

13 And so bottom line is this -- I was just  
14 saying part of my experience in terms of my parents being  
15 able to vote in north Louisiana and their parent and then  
16 their -- my dad didn't have any sisters or brothers but my  
17 mother's sister and brothers, they would all gather at our  
18 house and the night before the voting took place they  
19 would have to literally remember the preamble to the  
20 Constitution in order to -- and they each would have to  
21 pay \$2 for poll tax. That was a lot of money back then  
22 for a family to come up with just to go and vote.

23 And they would study all night long the  
24 preamble -- not the Constitution, the preamble to it. And  
25 my mother would explain that, you know, it made her so

1 angry because she had to this. And she would say, "There  
2 will be -- and I'm just telling you what she would say --  
3 and this is specifically what my mother would say, "There  
4 would be" -- she said, "When I get down there, there will  
5 be a White man sitting down acting like he's reading with  
6 no teeth and he can't read a lick, and based on how he  
7 feels I recite the preamble to the Constitution I will  
8 either get the -- I will either be qualified to vote or  
9 not based on what he said."

10 And that's that. That's what made me write  
11 this because evidently Georgia's governor had done  
12 something similar to that, somebody had done something  
13 similar to this and it made me angry.

14 Q. Do you remember what the governor of Georgia did?

15 A. No, I don't remember. I don't remember any of it  
16 no more. I remember writing it, though. And, you know,  
17 the other side of that because of the way that I speak  
18 sometimes about my parents and grandparent experiencing --  
19 experiences with voting. What people don't know is that  
20 my -- my grandfather who loved us all, I'm the oldest of  
21 12 kids, he loved every last one of us.

22 He was White and he did not like himself at  
23 all. He lived his life as a Black guy because he didn't  
24 have a choice. He was too black -- no, I mean, too white  
25 to be Black; too black to be White. So if you ever heard

1 of a man with no -- no place in this world, he was one of  
2 them.

3 And my sisters and I we just all -- always  
4 said that he was a wonderful person, but he lived his life  
5 as a -- as a functionable alcoholic, he did, because he  
6 wanted to drown out who he was. He would never come into  
7 a room with any of us without long sleeves on. In the  
8 summertime he always wore long pants, and asked him time  
9 and time again, Why do you do that, Papa? And he always  
10 covered his neck with a -- with a kerchief. They called  
11 them kerchiefs, they were red and white and blue and  
12 white. The railroad men wore them. He said because I  
13 don't want you to see my blue veins because that's how  
14 white he was.

15 Q. Do you -- he lived in Louisiana?

16 A. Um-hmm. Yeah. And supported us all. I think he  
17 was the one who told me -- he got me started with all this  
18 advocacy, going to school. He told me one day, I was  
19 babysitting at his house all of my little sisters and  
20 brothers, they were running around playing. He said to me  
21 -- now this guy had a third grade education -- he looked  
22 at me and he said, "Edna Marie," you know, anybody called  
23 me Edna Marie that's some serious business following that.

24 I said, "Yes, sir." He said, "Do you see  
25 these youngings running around here?" I said, "Yes, sir."

1 He said, "For them, you are going to have to do the right  
2 thing." And I looked at him, I was 13, I never shall  
3 forget it. I looked at him and I said, "The right thing?"  
4 You know, all I was doing was babysitting, I didn't know  
5 what he was talking about.

6 He said, "You're going to have to do the  
7 right thing because whatever you do with your life from  
8 this day forward, they are going to follow you." So that  
9 said to me, you go to school to get all the education you  
10 can and you do what you can to help others. That's  
11 exactly what he meant. And he -- he was right there for  
12 me all -- all the times I ever went to school, ever needed  
13 anything, he was there him and my grandmother. Yes.

14 Q. Did any of your -- you have a sister who stayed  
15 with you for a while and who currently lives in  
16 Friendswood, right?

17 A. Um-hmm.

18 Q. Did anybody else from your family come to Texas  
19 after you did?

20 A. Oh, we're all in Texas.

21 Q. Okay.

22 A. I have one sister who still lives in Louisiana  
23 and two brothers --

24 Q. Okay.

25 A. -- who still live in Louisiana. Everybody else

1 is in Texas mostly in Dallas.

2 Q. Okay.

3 A. In the Dallas area. And every one of them went  
4 to college or military. We were afraid not to go. We  
5 thought we'd die. Somebody in our family would kill us if  
6 we didn't go to college. They just said, You're going to  
7 college, go. Where? Go. That was it.

8 Q. I'm going to hand you what's been marked as  
9 Exhibit 15.

10 (Exhibit 15 was marked for  
11 identification.)

12 Q. I'm just going to ask if you recall this  
13 document?

14 A. Oh, this is wonderful they -- that they  
15 attributed this to me, but this is not my letter.

16 Q. Do you know who wrote it?

17 A. Reverend Daniels.

18 Q. Do you know if you helped him get it to the  
19 people?

20 A. No, all I do for his letters is take them and I  
21 put them in the computer for him and send them because he  
22 doesn't do computers.

23 Q. Okay. And you --

24 A. That's what I do.

25 Q. -- you would have sent this to the newspaper?

1           A. To the newspaper. This was Galveston Daily News,  
2 but this is not my letter.

3           Q. Do you know whether or not they published it?

4           A. Yeah, they did. They publish most of his  
5 letters.

6           Q. Okay. And do you remember about what time they  
7 would have published this?

8           A. It was after the maps on Precinct 3. It had to  
9 have been after they voted for the map that they voted for  
10 and sent on, and he was not at that meeting because he was  
11 just getting out of the hospital.

12          Q. Is he the minister at your church?

13          A. No, he's the meeting -- I mean, he's the minister  
14 -- one of the associate ministers at the Rising Star  
15 Baptist Church.

16          Q. Okay. And it says he's the founder and chairman  
17 of The Eagle's Nest Community Organization.

18          A. Um-hmm.

19          Q. Is that one of the organizations you volunteer  
20 for?

21          A. No, I don't -- I don't -- you know, I kind of  
22 belong to the organization, but I don't do anything with  
23 it.

24          Q. What is -- what does the organization do?

25          A. That -- that deals with the community on the

1 other end -- on the other end. They call it the  
2 Settlement, and they call it the Settlement because slaves  
3 who were freed came to Texas City way back when. And this  
4 guy has all the history in his head and you can tell you  
5 all of that. That's where they -- they settled and  
6 started building homes and they all worked, according to  
7 him, at the plant, one of the plants.

8 Q. Was that west end of Texas City?

9 A. The Settlement is, yes, that area. That  
10 community, yes.

11 Q. And that's part of the community that --

12 A. Yes.

13 Q. -- we're discussing today?

14 A. Absolutely.

15 Q. Okay.

16 A. Um-hmm. Yeah, but I didn't write -- this is --  
17 these are not my words and I did not write this. I only  
18 sent it into the paper for Reverend Daniels.

19 Q. Did you read it before you sent it on?

20 A. Yeah, I read them, yeah.

21 Q. Okay. Did you provide any comments, feed backs,  
22 or edits to it?

23 A. No.

24 Q. Okay. Did you agree with what he wrote?

25 A. Yes.

1 Q. 100 percent?

2 A. 100 percent, I don't know.

3 Q. Okay.

4 A. I hadn't thought about it that strongly.

5 Q. Fair enough. Who's Mike Matranga?

6 A. Mike Matranga is a school board member right now  
7 at-large in Texas City.

8 Q. I'm going to mark what's been -- I'm going to  
9 hand you what's been marked as Exhibit 16.

10 MS. OLALDE: This is No. 27.

11 (Exhibit 16 was marked for  
12 identification.)

13 Q. And my first question will be: Do you recall  
14 reading this article?

15 A. No. I don't even remember seeing this, I didn't  
16 even know they put this in the paper. I don't know. I  
17 don't do FaceBook. I have -- I think I said that earlier.  
18 I have a FaceBook page, I've never posted anything.

19 Q. Do you recall the meeting?

20 A. I do.

21 Q. Okay.

22 A. The board meeting, yes.

23 Q. And you attended that meeting and you made  
24 comments, correct?

25 A. Yes.

1 Q. And he wasn't able to -- to respond to those  
2 comments --

3 A. No.

4 Q. -- right?

5 A. No.

6 Q. Just like on the November 12th meeting in 2021,  
7 the commissioners weren't allowed to respond to the  
8 comments, correct?

9 A. Auh --

10 MS. CHEN: Objection, speculation.

11 A. -- to each comment they didn't; but yeah, they  
12 did comment.

13 Q. Who commented?

14 A. Mark Henry did for sure.

15 Q. At the meeting as we were talking about?

16 A. Oh, yeah. Yeah, because he told us if we said  
17 anything else out loud after some of us said to him, We  
18 cannot hear you, can you speak up or use a mic? He made  
19 it clear he was not going to do either.

20 Q. Okay. But at this particular meeting were you  
21 able to have, like, a dialogue with Mr. Matranga?

22 A. No.

23 Q. Okay. So what was the substance of your comments  
24 at this meeting?

25 A. Oh, just letting him know all -- the word nigger,

1 you know, they were calling it the N word, the word nigger  
2 was being used by him and him family on this whatever.

3 Q. Tik-Tok?

4 A. Tik-Tok, YouTube, some kind of video, and I was  
5 just letting him know that, that was not an appropriate  
6 thing. And his kids are teenagers. And for him to assist  
7 them with using that word, I don't care what kind of song  
8 it was, I didn't know the author of the song. I've never  
9 even heard the song, but that just absolutely got -- it  
10 made my curly hair straight out and that says a lot.  
11 Yeah.

12 Q. Did you talk with other people in the community  
13 about this incident?

14 A. Oh, I didn't. I didn't have to talk with them  
15 about it, they were talking to me about it because they  
16 were the ones watching the Tik-Tok. I don't -- I don't do  
17 Tik-Tok, I don't do FaceBook, I don't do any of that  
18 social media stuff. Because some of it I can believe and  
19 some of it I can't. But this was just a little bit much.

20 Q. Did you -- did you ever see the video? Did  
21 anybody ever show it to you?

22 A. I did, yeah.

23 Q. Okay.

24 A. Um-hmm, I did see it. And I don't -- I don't  
25 ever -- I don't keep those things. When I get them, I

1 just look at them, and I don't even want them in my phone.

2 I delete them.

3 Q. Do you -- what was the video? What happened in  
4 the video?

5 A. It's a song. It's a song it just got with a  
6 person singing, whoever he was; and he was singing the  
7 song with his kids --

8 Q. Okay.

9 A. -- on the video.

10 Q. Okay.

11 A. And they were in, like, a community room, I can't  
12 remember if it was a school thing going on for those kids,  
13 his teenagers or what. But for him to be singing that  
14 song -- you know, and they keep saying using N words, and  
15 so my whole thing was, say the word. It's not the N word,  
16 the word's nigger. And that was my whole thing. And once  
17 I got that out of my system I was done with this whole  
18 thing.

19 Q. Do you know --

20 A. I never saw this.

21 Q. The article?

22 A. Uh-uh.

23 Q. Do you know whether the song had any other  
24 problems with it in terms -- or if anybody had any other  
25 problems with the song other than the use of that word?

1 MS. CHEN: Objection, speculation.

2 Vague.

3 A. I don't know.

4 Q. Okay. Do you know if the song was violent or  
5 promoted violence or anything like that?

6 A. I don't know.

7 MS. CHEN: Objection, vague.

8 Q. Okay. Is he still a --

9 A. He's a board member, um-hmm. I was not trying to  
10 get him off the board.

11 Q. No?

12 A. Uh-uh. In fact, I like Matranga.

13 Q. But do you have a -- an opinion of his work?

14 A. He's a good hard worker. Yeah, he got off that  
15 time. Yeah.

16 Q. Of the people who talked on November 12th, did  
17 you know most of them -- from the community?

18 A. Yeah, from the community, yeah, I knew them.  
19 But, no, I didn't know most of them, I knew a lot of them.

20 Q. Okay. You didn't drive in with anybody?

21 A. No, I drove myself.

22 Q. Okay. Did you ever see the Rachel Maddow show?

23 A. Oh, my God, I couldn't not see it because people  
24 were just calling me, Look at you, look -- well, look at  
25 me what? You know, I -- and that's what they were talking

1 about. The comments that were being made at the meeting  
2 and I was on there. And they were actually teasing me  
3 about just being all over the place all the time. I  
4 didn't know, I had no idea that, that video was going  
5 anywhere.

6 Q. So you -- you saw her show that talked about the  
7 November 12th meeting?

8 A. Yes.

9 Q. And your comments at the meeting?

10 A. Yes.

11 Q. Do you recall Rachel Maddow's characterization of  
12 what happened at the meeting before she played the video?

13 A. No, you know, it's like Rachel when she's comes  
14 on she's always telling a story that has happened before  
15 and she'll say wrap -- I think her words were, Wrap  
16 your -- wrap your mind around this.

17 Q. Um-hmm.

18 A. And she talked about Galveston County. And she  
19 talked about it in terms of being very racist in its  
20 attitude and its power struggles for those who have power  
21 basically. And so -- and the thing -- and I think the  
22 last thing she said on that was what's she's always saying  
23 is that is, Watch this space.

24 Q. Did anybody from her show call you for comment --

25 A. No.

1 Q. -- or talk to you about it?

2 A. No.

3 Q. Okay.

4 A. Absolutely not.

5 Q. Do you think that adoption of the current  
6 commission precinct map was racist?

7 A. Do I think it is? Yeah, and I think it was  
8 intentionally racist. Yeah --

9 Q. Okay.

10 A. -- to stop us from voting these people out of  
11 office or to make sure that this county along with this  
12 state remains red.

13 Q. Earlier you said that you were quoted in a Mother  
14 Jones article.

15 MS. OLALDE: And I'll mark Exhibit 17.

16 (Exhibit 17 was marked for  
17 identification.)

18 Q. Do you recall reading this article?

19 A. I do recall reading this article, yes.

20 Q. If you'd like to review it, just take your time  
21 and let me know when you're ready.

22 A. Well, I'm ready because I think it was just a  
23 snippet of what I said, and it was kind of in with other  
24 comments of other people. I didn't say very much, and I  
25 didn't know that Mother Jones had done anything with it.

1 Q. Had you read the Mother Jones publication before?

2 A. No.

3 Q. Okay. And have you ever had any conversations  
4 with Ari Berman?

5 A. No, and if I have I don't remember. No.

6 Q. Maybe just whenever he -- you said that you had  
7 been quoted in here, correct?

8 A. Yeah, I have a quote in here somewhere. I saw my  
9 name.

10 Q. Um-hmm.

11 A. It's under here under -- it's right here. It's  
12 just a statement.

13 Q. If you'll go to Page 3. I guess, it's the  
14 backside. It looks like this.

15 A. Yes.

16 Q. Okay. No sorry, this page, it is Page 5 or 6.  
17 Page 6 of the PDF. You didn't speak with the author of  
18 this article for this quote?

19 A. No.

20 Q. He was taking your words from the video of  
21 meeting, correct?

22 A. Probably.

23 Q. Okay. Do you agree with Pastor Jerry Lee's  
24 comment in the second paragraph on this article?

25 A. What is -- the only reason this is being done is

1 | because of his skin color. Is that -- whose skin color,

2 | Mark Henry's skin color?.

3 | Q. I believe that would have been Commissioner

4 | Holmes. I'll make that representation to you.

5 | A. What... I see what Reverend Jerry Lee said, and

6 | that's all he said. He said, "This will be because of his

7 | skin tone." And I wonder who's skin tone -- is he talking

8 | about --

9 | Q. Commissioner Holmes?

10 | A. -- Commissioner Holmes' skin tone? I'm confused.

11 | Q. Do you believe that the only reason the map for

12 | the commissioner presix [sic] -- precincts in 2021 was

13 | adopted was because of Commissioner Holmes's skin color?

14 | A. I believe it was because of his -- the fact that

15 | he's a democrat. And regardless of skin color, I think if

16 | he was white as a sheep because he was a democrat they

17 | would be getting rid of him. So, no, I don't believe it

18 | was because of his skin color.

19 | Q. You can put that one aside.

20 | A. We'll done with it? Okay.

21 | Q. Um-hmm.

22 | A. Thank you.

23 | Q. Okay. So do you recall having an issue with

24 | Galveston County or Galveston Independent School District

25 | making cost cuts back in 2017?

1 MS. CHEN: Objection, vague.

2 A. I really don't remember. I don't know what  
3 that's about.

4 Q. Okay. You weren't following up or keeping tabs  
5 on whether or not GISD was cutting costs?

6 A. No.

7 Q. Okay.

8 A. In 2017, no.

9 Q. Do you know who Tom Abrahams is?

10 A. Isn't he a reporter with the channel -- is it 13?

11 Q. I'll represent it's Channel 13.

12 A. Channel 13.

13 Q. And is that who you spoke with whenever he came  
14 to your house to interview you?

15 A. Yes.

16 Q. Do you know who Tierrishia Gibson is?

17 A. Tierrishia.

18 Q. Tierrishia, thank you.

19 A. I -- I do the same thing. She is the president,  
20 unless they've had another election, of the Galveston  
21 County democratic organization.

22 Q. Okay. And do you speak with Ms. Gibson or have  
23 any communication with her?

24 A. All I -- no.

25 Q. Okay. You attend any meetings that she presides

1 over?

2 A. I've attended one or two.

3 MS. OLALDE: I'm going to Mark 18.

4 (Exhibit 18 was marked for  
5 identification.)

6 Q. Do you recall reading this article?

7 A. I had to have seen it but, you know, I don't  
8 remember the details. Is there something in here -- I  
9 said something?

10 Q. Oh, just take your time.

11 MS. OLALDE: For those of you on Zoom  
12 we're trying to get it into the chat.

13 A. I'm done.

14 Q. We'll just wait for a second to get the exhibit  
15 to the people on Zoom.

16 A. Okay.

17 Q. While we're doing that just -- not a question  
18 about this exhibit but just in general. Do you agree that  
19 the party in power always seeks to strengthen that power.

20 MS. CHEN: Objection, incomplete  
21 hypothetical and speculative.

22 A. I don't know how to answer that. I really don't  
23 know how to answer that.

24 Q. Okay. When did you first -- apart from talking  
25 with anybody, you personally, when did you first think

1 that a lawsuit might happen over the commissioner precinct  
2 maps that were adopted?

3 A. The day that, that meeting happened I thought it  
4 would happen.

5 Q. What -- what made you think that a lawsuit would  
6 happen?

7 A. Now that's one time I -- maybe I forgot, but  
8 that's one time I really -- whenever Commissioner Holmes  
9 could settle down I asked him, Commissioner Holmes, are we  
10 going to sue? And so he just said, "I've spoken with  
11 lawyers" and that was it.

12 Q. Okay. And that was after the meeting?

13 A. That was -- yeah, we was still standing in that  
14 little room. I hadn't left yet.

15 Q. Did you have -- did you have any other  
16 conversation with him?

17 A. No.

18 Q. Okay.

19 MS. OLALDE: You should -- people on  
20 Zoom you should be getting an e-mail with the exhibit.

21 Q. But with respect to this exhibit, which is  
22 No. 18, you did read this -- this article, correct?

23 A. Um-hmm, I did.

24 Q. You talked with Tom Abrahams?

25 A. Yeah, he came when he interviewed me in my yard

1 that day.

2 Q. Okay. And what -- do you remember what questions  
3 he asked you?

4 A. Not really. He just wanted to know how I felt  
5 about the maps or why I thought they were offensive or I  
6 thought they would dilute our voting power. And I just  
7 told him exactly what I've said today.

8 Q. Sure. If you could turn the second page.

9 A. Okay.

10 Q. It references a related story about the  
11 Department of Justice suing Texas over redistricting. Do  
12 you see that? Toward the top of the second page.

13 A. Um-hmm. Where the republicans have sued?

14 Q. I'm sorry.

15 A. Is that what you're talking --

16 Q. I meant it's the back of the first page because  
17 it's two sides.

18 A. Oh, okay. When they're talking about?

19 Q. The related story.

20 A. Yeah. The DOJ sues -- okay.

21 Q. Do you remember the Department of Justice suing  
22 the State of Texas about redistricting?

23 A. No.

24 Q. Okay.

25 A. You know what, I did read articles on that, yes,

1 I did. That's when -- that was the map that they had to  
2 -- they threw it away because they couldn't use it. Is  
3 that the ones -- is that what I'm thinking about? No. If  
4 not, no. The answer is no.

5 Q. Okay. Okay. Towards the bottom of this page,  
6 the one that has the related story towards the second page  
7 of the article?

8 A. Okay.

9 Q. Is says that: The county's map is not entirely  
10 unlike what Harris County democrats, who hold the majority  
11 of seats on commissioner's court, did with its new map by  
12 limiting republican influence in future elections. Did I  
13 read that correctly?

14 A. That's what it says.

15 Q. Do you agree with that statement?

16 A. I -- I cannot really agree with this because  
17 they're comparing apples with oranges here. We cannot  
18 compare Galveston County with Harris County. There is no  
19 way. You're talking about apples and oranges. No way.

20 Q. Okay. And do you know what happened in Harris  
21 County?

22 A. No, I don't.

23 Q. Okay.

24 A. But I know that's never a comparison with Harris  
25 County and Galveston County just by the sheer population.

1 Q. Harris County is bigger, right?

2 A. Much bigger.

3 Q. Okay. Do you know whether -- do you -- did you  
4 follow whether there was a lawsuit by republicans against  
5 Harris County for their maps?

6 A. No, not in that instance.

7 Q. Okay. And Tierrishia -- Tierrishia Gibson --

8 A. Um-hmm.

9 Q. -- on the very last page of the article it states  
10 that: It's to the point where the politicians are picking  
11 the voters, not the voters picking the politicians. Did I  
12 read that correctly?

13 A. Yes.

14 Q. Do you agree with that statement?

15 A. That's where we're headed if we don't change  
16 things, yes.

17 Q. Okay.

18 MS. OLALDE: Let's take a quick break.

19 MS. CHEN: Okay.

20 Q. I'll review my notes and see if we can get you  
21 out of here pretty quickly.

22 A. Okay.

23 THE WITNESS: We're off the record. The  
24 time is 1:54.

25 (A short recess was taken.)

1 THE VIDEOGRAPHER: We're back on the  
2 record. The time is 2:17.

3 BY MS. OLALDE:

4 Q. Ms. Courville -- or Dr. Courville, have you ever  
5 worked with LULAC or any LULAC organization?

6 A. When you say "work with them," what -- what do  
7 you mean?

8 Q. Have you ever had any involvement in any capacity  
9 with LULAC?

10 A. Oh, with any capacity, yeah, I just call them  
11 for -- for a young woman to -- just to be a resource for  
12 her.

13 Q. Okay.

14 A. Who I felt like could use what they were  
15 offering.

16 Q. Okay.

17 A. And I did that -- not the last month, but it was  
18 -- it was -- it had nothing to do with the lawsuit, map,  
19 or none of this.

20 Q. Right.

21 A. It had everything to do with the fact that she  
22 needed some help.

23 Q. So apart from reaching out to LULAC to make a  
24 connection --

25 A. Right.

1 Q. -- have you had any work with them in terms of  
2 meetings, like going to -- attending --

3 A. I have not been to one of their meetings.

4 Q. Are you a member of any LULAC organization?

5 A. No.

6 Q. Have you ever supported any of their -- have you  
7 ever supported any of their programs?

8 A. I've seen -- what do you mean "support?" Yeah, I  
9 support them, yeah.

10 Q. Sure.

11 A. Yeah. They're a good group. They're a good  
12 resource group for people who need the help, yes. You  
13 know, and that's how I support them, I send them people.

14 Q. Um-hmm.

15 A. Um-hmm.

16 Q. Anything else?

17 A. No, not really.

18 Q. Okay. Has -- to your knowledge --

19 A. Um-hmm.

20 Q. -- has the Mainland NAACP branch ever paired with  
21 the LULAC, the local LULAC chapter, that's also a  
22 plaintiff in this case to work together for any kind of  
23 community interest?

24 A. I'm sure the officers have because that's what  
25 they do.

1 Q. Okay. But you don't know for sure?

2 A. No.

3 Q. Okay. Are you familiar with Bolivar? Like the

4 -- let's start with racial demographics. Are you

5 familiar with racial demographics in Bolivar?

6 A. No except that I think most of the folk who

7 live on -- on Bolivar are Anglo.

8 Q. Okay.

9 A. I don't think there are many minorities in

10 Bolivar at all.

11 Q. Okay. But on what -- what do you base that --

12 that opinion on?

13 A. When I was working for GISD and the kids who

14 lived in Bolivar basically they went to private schools.

15 They didn't even do public schools.

16 Q. Okay.

17 A. Even way back then, so I can imagine it's true

18 today. I don't know.

19 Q. Okay. What about the voting statistics from

20 Bolivar? Are you familiar with those? Do you have

21 personal knowledge of that?

22 A. No, I never paid any attention.

23 Q. Okay. Are you very familiar with the League City

24 area?

25 A. No.

1 Q. Okay. Are you very familiar with the Santa Fe  
2 area?

3 A. No. No, I'm not. That's one area -- yeah, no.

4 Q. Okay.

5 A. No. Not very nice to minorities in Santa Fe,  
6 especially when I first moved here.

7 Q. Okay.

8 A. They literally had signs on the road saying, you  
9 know, if you're Black don't go beyond this sign kind of  
10 thing for Santa Fe back then.

11 Q. That was in 1960s?

12 A. Um-hmm. Yeah, may be one over there now for all  
13 I know. I don't know.

14 Q. But you don't -- you haven't seen anything like  
15 that --

16 A. No.

17 Q. -- recently?

18 A. No, I have not.

19 Q. Thank goodness.

20 A. Yes.

21 Q. Okay. But is it fair to say that Santa Fe -- or  
22 let's do it a little bit broader. Is it fair to say that  
23 race relations have improved in Galveston County from the  
24 1960s to today?

25 MS. CHEN: Objection, speculation.

1 A. No, they're deteriorating. They're deteriorating  
2 now. I mean, they were beginning to be good maybe in the  
3 mid 70s, early 80s. Race relations are deteriorating,  
4 yeah, in this county, in this county period. There are so  
5 many mean people out there, kid you not.

6 Q. You said that they were better in -- race  
7 relations were better in the 70s, right?

8 A. 70s and 80s, um-hmm.

9 Q. 70s and 80s?

10 A. Um-hmm.

11 Q. And they started to deteriorate in the 90s?

12 A. I think so, yeah.

13 Q. Can you give me some examples of how things  
14 started to change or deteriorate?

15 A. Examples would be how -- how parents -- you know,  
16 most of my experiences have been with the school district,  
17 how parents respect or don't respect teachers anymore.  
18 How the kids pick up on their parents' behaviors and  
19 they're the same way. Right now I don't know that I could  
20 be a teacher because of the way that -- that children  
21 don't respect teachers anymore.

22 They don't respect authority, let me just put  
23 it that way. And according to me and with my experiences  
24 that kind of behavior comes from home. The first thing I  
25 would tell a parent, any parent, it doesn't matter the

1 color of their skin, when they get called in by me because  
2 their child has done something to a teacher, cursed a  
3 teacher and that parent sit before me and do like you're
