

I have reviewed the most important recent documents in *Agee v. Benson* No. 1:22-cv-272 (three-judge court), including the Court Opinion and the recent Court Order to identify special masters. Based on this review, I can attest and affirm that I know of no non-disclosed grounds for disqualification under 28 U.S.C. § 455 that would prevent me from serving as the “Mapping Special Master” in this case.
