Clara Faatz, et al., Appellants vs. John Ashcroft, Missouri Secretary of State, Respondent.

Supreme Court No. SC100277

Oral Argument Date: Thursday, February 1, 2024 **9:00 a.m.**

Dear Counsel:

The above entitled cause has been docketed for oral argument. After examination of the file, the Court believes that the issues in this case may be adequately presented within the following time allowances:

Appellant - Allowed a maximum of 15 minutes for argument; of which a maximum of 3 minutes maybe reserved for rebuttal, in accordance with Rule 84.12. If the time allocated for the principal argument is exceeded, the rebuttal time will be reduced accordingly.

Respondent - Allowed a maximum of 15 minutes for argument.

Multiple attorneys arguing on the same side are obliged to agree upon a division of the maximum time allocated, and are responsible for tracking that division of time accordingly.

The Court will consider suggestions that the allotted time is inadequate. Suggestions should be communicated to the Clerk's Office immediately, and opposing counsel notified.

A copy of the Court's docket for February 1, 2024, and Notice to Counsel are enclosed.

Very truly yours,

BETSY AUBUCHON

NOTICE TO COUNSEL

The start time of oral arguments is listed in the attached docket and letter you received from the Court. **Counsel arguing before the Court must check in with the Deputy Clerk in the courtroom no later than 15 minutes prior to the start time of oral arguments.**

It is a tradition for attorneys who are arguing before this Court for the first time to be introduced briefly by an attorney who previously has argued before this Court. If possible, arrange to have another attorney who will be present to introduce you. Otherwise, please call the Clerk's office at (573) 751-4144 to arrange for your introduction.

If a party wishes to use a visual exhibit during oral argument whether demonstrative or part of the record, the use of such must be approved by the Clerk prior to oral argument.

Counsel will be advised in advance of the time allotted for argument. The time allowed for argument includes the time for questions from the Court. The appellant may divide the time between an opening and a rebuttal argument, but no more than one-fourth of the time allowed shall be reserved for rebuttal.

Cross-appeals shall be treated as one cause unless the Court otherwise directs. The plaintiff in the trial court shall have the time allowed to the appellant, and the defendant in the trial court shall have the time allowed to the respondent.

A timing device is mounted on the lectern. The GREEN light indicates argument is to commence. The YELLOW light appears when three (3) minutes remain. Counsel must stop when the RED light appears unless judges want to ask additional questions.

Divided arguments are not favored unless distinct interests are involved. The Court will not keep time for counsel sharing the argument.

Oral arguments are recorded on sound recording equipment for the use of the Court.

NOTICE TO PEOPLE WITH DISABILITIES

The Supreme Court of Missouri Building is accessible to handicapped individuals. Handicapped parking is available, and two separate entrances are wheelchair accessible. In addition, the courtrooms and law library are accessible via elevator. Please contact the Marshal at (573) 751-2117 for handicapped parking information, directions to accessible entrances, and for other assistance for you or your clients who have special needs. If you have special needs that may require modifications to the courtroom setting, please contact the office of the Clerk at (573) 751-3676 at least one week prior to argument.
