DEFENDANTS' MOTION FOR THE COURT TO TAKE JUDICIAL NOTICE

INTRODUCTION

Defendants State Board of Election Commissioners, Governor Tate Reeves, Attorney General Lynn Fitch, and Secretary of State Michael Watson (collectively, "Defendants") submit this their Motion for the Court to take Judicial Notice of the facts and information identified in and

attached to the Motion pursuant to Rule 201(b) and 201(c)(2) of the Federal Rules of Evidence. In support of this Motion, the Defendants would show as follows:

1. “The court must take judicial notice if a party requests it and the court is supplied with the necessary information.” FED. R. EVID. 201(c)(2). “The doctrine of judicial notice permits a judge to consider a generally accepted or readily verified fact as proved without requiring evidence to establish it.” *United States v. Berrojo*, 628 F.2d 368, 369 (5th Cir. 1980). Taking judicial notice of Census data is appropriate, relevant for this case, and will streamline the presentation of evidence at trial. *See Shelby County, Ala. v. Holder*, 570 U.S. 529, 535 (2013) (utilizing Census Bureau data to determine that “African-American voter turnout has come to exceed white voter turnout in five of the six States originally covered by § 5[.]”); *Hollinger v. Home State Mut. Ins. Co.*, 654 F.3d 564, 571-72 (5th Cir. 2011).

2. Defendants seek judicial notice of the following facts, as discussed below:

Census data from the U.S. Census Current Population Survey’s Reported Voting and Registration, by Sex, Race and Hispanic Origin, for States in 1986, 1988, 1990, 1992, 1994, 1996, 1998, 2000, 2002, 2004, 2006, 2008, 2010, 2012, 2014, 2016, 2018, 2020, and 2022.¹

3. Pursuant to Federal Rule of Evidence 1006, Defendants include, as Exhibit T, a table summarizing the data above.

4. In support of this Motion, the Defendants incorporate their supporting Memorandum being filed simultaneously with this Motion.

WHEREFORE, PREMISES CONSIDERED, the Defendants respectfully request the Court grant this Motion and take judicial notice of the above-listed facts as facts “generally known

¹ Attached as Exhibits A – S are the Tables from the Census Current Population Survey in 1986 through 2022, respectively.

within the trial court's territorial jurisdiction" and facts which "can be accurately and readily determined from sources whose accuracy cannot reasonably be questioned." FED. R. EVID. 201(b).

THIS the 7th day of February, 2024.

Respectfully submitted,

STATE BOARD OF ELECTION
COMMISSIONERS; TATE REEVES, IN HIS
OFFICIAL CAPACITY AS GOVERNOR OF
MISSISSIPPI; LYNN FITCH, IN HER OFFICIAL
CAPACITY AS ATTORNEY GENERAL OF

¹Population values shown in this table are derived from the CPS sample and may not match independently derived estimates of the population. See "State and Metropolitan Area Populations" in Appendix B for more information. Percent distribution of population by race and Hispanic origin may sum to more than the total population because persons of Hispanic origin may be of any race.

¹This figure added to or subtracted from the estimate provides the 90-percent confidence interval.

NOTE: The symbol (B) means that the base is less than 75,000 and therefore too small to show the derived measure.

NOTE: "-" Represents zero or rounds to zero.

Separate estimates for the race group "White Non-Hispanic Alone or in Combination," which were included in 2004, have been removed from this table. Please contact the Education and Social Stratification Branch if you have any questions (301-763-2468)

NOTE: The symbol (B) means that the base is less than 75,000 and therefore too small to show the derived measure.

NOTE: "-" Represents zero or rounds to zero.

Note: Federal surveys now give respondents the option of reporting more than one race. Therefore, two basic ways of defining a race group are possible. A group such as Asian may be defined as those who reported Asian and no other race (the race-alone or single-race concept) or as those who reported Asian regardless of whether they also reported another race (the race-alone-or-in-combination concept). This table shows data for people who reported they were the single race White and not Hispanic, people who reported the single race Black, and people who reported the single race Asian. Use of the single-race populations does not imply that it is the preferred method of presenting or analyzing data.
