Brett and Andy,

A couple things I wanted to clarify:

1. Who are the other tenants on floor 12? **Only other tenant is State Employment Relations Board which occupies 15,000 sf.**
2. How many keys can we get for the space? **Please let us know how many you need. We typically provide what is needed initially (within reason)**
3. Since my client is with the State of Ohio, can are they still required to pay the property taxes associated with the rent? **Yes**
4. After hours building temperature? **Our building hours are 8:00-6:00 on M-F and Saturday 8:00-1:00. We have an after-hours charge for HVAC (if needed) but as you may imagine it takes time for temperature to change in a building this large. What hours did your client plan to work to?**
5. Who is the previous tenant? **It was the property management office.**

Thanks,

Nick Gaby

#1 - check

#2 - check

#3 - im assuming we meant "Sales Tax" not "Property Tax" please verify the answer is still ye and also verify if we did mean property taxes - what the cost of those taxes would be?

#4 What is the after hours charge for AC per hour? is it by floor or by suite or for the whole building? we definitely will not be a normal 8-5 operation. probably working late into the night/earlly am most nights

#5 check

is their current offer still 6 months at \$3,892.17 per month?

**RE: Proposal to Lease – Undisclosed Tenant  
65 East State Street  
Columbus, OH 43215**

Dear Nick,

Colliers International | Greater Columbus Region has been exclusively authorized by Group RMC, LLC to secure tenants and assist them in negotiations regarding the lease space at 65 E State Street.

In that regard, below is a proposal to Lease at 65 East State. We look forward to discussing this with you following your review.

<b>Tenant:</b>	Tenant to be named
<b>Building:</b>	65 East State Street Columbus, OH 43215
<b>Landlord Name:</b>	DPC1 LP
<b>Property Management:</b>	CBRE
<b>Premises:</b>	Landlord proposes Suite 1250, consisting of approx. 4246 SF (see attached Exhibit A).
<b>Lease Term:</b>	Lease to be MG. Landlord proposes a six month lease from full lease execution.
<b>Commencement:</b>	Upon full lease execution.
<b>Rental Rate:</b>	\$22.00 per square foot, however Landlord will only charge Tenant on half of the square footage (2,123 SF) and Tenant will have the use of all 4,246 SF.
<b>Operating Expenses:</b>	Tenant shall pay its proportionate share of the increases of Operating Expenses (definitions to be further addressed in the lease document) incurred each lease year to the extent such expenses exceed the Base Year Operating Expenses. Base Year Operating Expenses shall be those expenses incurred during the time period of January 1, 2021 through December 31, 2021. If the Building is less than 100% occupied, Operating Expenses, including the Base Year amount, shall be adjusted

---

HUFFMAN\_002868

to reflect the amount that would have been incurred if the Building were 100% occupied.

**Tenant Improvements:**

Tenant accepts Premises in as-is condition. Landlord will provide keys to the suite.

**Parking:**

The building is connected to the 833 car underground Columbus Commons Garage. In addition, the building is located directly across the street from 1,000 car State House Garage and is located immediately North of the 3,600 car Rich Street parking garage. The Landlord has strategic partnerships with many of the downtown parking providers and can assist the Tenant with putting together a comprehensive parking plan that meets their specific needs. Please advised how many spaces and what type of parking is required.

**Signage:**

No signage will be provided.

**Security Deposit:**

Landlord's proposal is contingent upon satisfactory review of Tenant's audited financial statements. Security Deposit to be determined once Landlord has reviewed Tenant's financials.

**Landlord Representation:**

Landlord and Tenant acknowledge Andrew Jameson and Brett Cisler of Colliers International represent the Landlord in this transaction.

**Tenant Representation:**

Landlord and Tenant acknowledge Brad McMahon and Nick Gaby with JLL, who represents the Tenant in this transaction. The commission to be paid 5% of the Gross on the initial term, 50% at lease execution and 50% at commencement date.

This proposal shall serve only to establish the basis of a future lease agreement between Landlord and Tenant and shall not create any commitment or obligation by Landlord to lease space in the building. Both parties may terminate discussions regarding a lease at any time and for any reason, and neither party shall have any further obligation to the other. Additionally, this proposal is subject to committee approval.

We look forward to discussing this proposal with you.

Hello John,

Senator Vernon Sykes, co-chair of the Ohio Redistricting Commission, would like to extend a personal invitation to President Huffman to meet with our map-drawing team that put together the plan presented at this week's commission meeting. This would be an opportunity for President Huffman to see a detailed view of our map, ask questions and provide input. We have given a similar presentation to Auditor Faber. Also, Senator Sykes would be willing to discuss your map ideas. Please let me know if President Huffman is interested and we can proceed with scheduling a meeting.

# Redistricting 2021 – Develop the Ohio Common and Unified Redistricting Database

## Progress Report: July 2021

Prepared by Michael Finney

George Voinovich School of Leadership and Public Affairs (GVS)

Month of July 2021

Prepared for the Ohio Legislative Services Commission (LSC) August 15, 2021

## Project Purpose and Background

This report summarizes activities conducted under the Redistricting 2021 contract between Ohio University and the Ohio Legislative Services Commission (LSC) for the month of July 2021. The scope of work for this project is based on the proposal prepared by Ohio University and submitted to LSC in early 2016. Work on the project has continued according to the defined tasks and subtasks as described in the scope of work within the proposal.

### Task VI Activities

During the month of July 2021, the GVS continued to check the Census GIS geography for linkage to raw Census Bureau P.L. 94-171 data and prepare for the release of the P.L. 94-171 data in August. In addition to this ongoing task, GVS conducted the following activities:

- Tested file transfer link provided by the LSC to their OneDrive folder. This secure link is the method OU will use to move the completed unified redistricting database to the LSC in August.
- Conference call with the Fair Districts team to explain the work that OU has done and is doing to create the unified redistricting database.
- Developed SQL database query routines for importing, reading, and disaggregating the P.L. 94-171 database into the various summary levels needed to match the geographic files provided by the Census Bureau.
- Tested the SQL database queries against the Providence Rhode Island sample P.L. 94-171 data.
- Refined and tested QA/QC processes and techniques to be run in the database software and through the GIS software.
- Tested QA/QC processes on the data extracted from the Providence Rhode Island sample P.L. 94-171 data.
- Set up folder structure and moved TIGER GIS files in preparation for the extracting of the P.L. 94-171 data and to facilitate the creation of the unified redistricting database.
- Conference call with Senator Vernon Sykes and his staff to explain the work that OU has done and is doing to create the unified redistricting database.

### Projected Activities Going Forward

During the next month (August), we expect to receive the P.L. 94-171 data in raw, legacy format. The GVS will complete the linkage of the data to the geographic shapefiles. We will also prepare the linkages to the 2020 election results data. The sets of files produced (the CURD) will be transferred to the LSC as soon as complete. Ongoing activities following transfer of the files will include responding to questions that

may arise from those using the CURD as they arise. User support will continue on an as-requested basis until the draft district maps are complete. Once the draft district maps are complete and approved the GVS will write and submit a final summary project report and the project will be completed.

# Redistricting 2021 – Develop the Ohio Common and Unified Redistricting Database

## Progress Report: August 2021

Prepared by Michael Finney

George Voinovich School of Leadership and Public Affairs (GVS)

Month of August 2021

Prepared for the Ohio Legislative Services Commission (LSC) September 2, 2021

### Project Purpose and Background

This report summarizes activities conducted under the Redistricting 2021 contract between Ohio University and the Ohio Legislative Services Commission (LSC) for the month of August 2021. The scope of work for this project is based on the proposal prepared by Ohio University and submitted to LSC in early 2016. Work on the project has continued according to the defined tasks and subtasks as described in the scope of work within the proposal.

### Task VI Activities

During the month of August 2021, the GVS conducted the following activities:

- Prepared, reviewed and finalized documentation to be included with the common unified redistricting database (CURD). The documentation explains how to link files, where to access database field definitions for the various files, sources of the data, and limitations of voting results files.
- Conducted several interviews with news media about our role in the preparation of the unified redistricting database for the State's redistricting mapmaking process.
- Finalized and retested SQL database query routines for importing, reading, and extracting the P.L. 94-171 population database into the various summary levels needed to match the geographic files provided by the Census Bureau by running the routines against the Providence Rhode Island sample P.L. 94-171 data.
- finalized and tested the QA/QC processes and techniques to be run in the database software and through the GIS software using the data extracted from the Providence Rhode Island sample P.L. 94-171 data.
- Tested the importing and linking of the data extracted from the Providence Rhode Island sample P.L. 94-171 data to the TIGER/Line shapefiles using Maptitude GIS software.
- Sent email alerting LSC, Republican, and Democratic staff contacts that the P.L. 94-171 data and the CURD may be available before the weekend of August 14<sup>th</sup> and 15<sup>th</sup> if the P.L. 94-171 data was in the same format as the Providence Rhode Island sample data.
- Downloaded the P.L. 94-171 data for Ohio when it was released by the Census Bureau at about 1:00 pm on August 12<sup>th</sup>.
- Imported and extracted the P.L. 94-171 data saving off database files for each of the summary levels corresponding to the redistricting TIGER/Line map data for Ohio.
- Executed QA/QC integrity checks on the P.L. 94-171 data. The data checks on the data were successful with all the totals matching for each of the summary levels. Executed GIS based data

checks for each of the summary levels and the redistricting TIGER/Line shapefiles. All the data checks were successful.

- Copied the uncompressed and compressed versions of the CURD to the LSC OneDrive folder. Completed the file transfer of the CURD at about 12:15 pm on August 13<sup>th</sup>.
- Emailed LSC, Republican, and Democratic staff contacts that the CURD was transferred to the LSC.
- Uploaded an update to the CURD on August 14<sup>th</sup> to the LSC OneDrive folder correcting a missing TIGER/Line shapefile for the unified school district layer. Notified LSC, Democratic and Republican staff contacts of the updated shapefile.
- Had numerous telephone conversations with Republican and Democratic staff contacts about the availability of statewide precinct maps that correspond to the 2018, 2016, 2014, and 2012 election results files provided in the CURD. Informed the staff members that the GVS did not specifically create statewide precinct maps that correspond to the five election results files.
- At the recommendation of the Democratic staff member, the GVS researched and found statewide precinct maps corresponding to the 2018 and 2016 elections on DavesRedistricting.org website. GVS staff downloaded the two maps and checked the correspondence of the number of precincts and the precinct names to the respective voting results database files. Conducted a rough cursory review of the maps as compared to the 2020 VTDs in the CURD. Staff at the GVS replaced the voting results in the 2018 and 2016 precinct maps with the voting results data that was included in the CURD so that there would not be any inconsistencies with the voting results that were joined to the 2018 and 2016 precinct maps and the voting results in the CURD.
- The GVS prepared documentation for the 2018 and 2016 precinct files. GVS staff, with the approval of the Republican and Democratic staff contacts, transferred the 2018 and 2016 statewide precinct maps to the LSC OneDrive folder as a supplement to the CURD.
- GVS staff were not able to find statewide precinct maps that correspond to the 2014 or 2012 election results.
- Responded to a few more media requests about the delivery of the CURD.

### **Projected Activities Going Forward**

During the next month (September), we will be responding to questions that may arise from those using the CURD. User support will continue on an as needed until the draft legislative and congressional district maps are completed and approved. Once the draft district maps are complete and approved the GVS will write and submit a final summary project report and the project will be completed.

Merle,

Thanks for your email. On behalf of Co-chair Sykes and Leader Sykes I would like to invite staff representatives for all the commission members to meet Friday morning at 10am in the Senate Minority conference room (2<sup>nd</sup> floor Senate building). This is the same room where we conducted briefings on our map earlier this week. We have a monitor set up there for viewing maps.

I look forward to your responses.

**Subject:** Next steps

Now that the commission has accepted a map, and ahead of the hearings beginning Sunday afternoon, Secretary LaRose and our staff are available and desirous to meet, either in person, by phone, or virtually, to understand where there is an opportunity to build consensus among the commission members.

Ray, Blake and Randall, as the three staff who have presented maps, do you have thoughts on how we proceed?

Christine and Mike, representing the co-chairs, are the co-chairs themselves or staff available tomorrow or Saturday before the next meeting on Sunday?

Thanks all!

Hi John and Clint,

Here's info and a quote for public submission software. It's a simplified version of Maptitude and would use the same data. We've been told that Kentucky is using it. You can see how the software functions by going to this test site:

Hi, Randall,

Thank you for your message. I was awaiting our pricing team's response on the pricing.

Maptitude for Online Redistricting (MORE) is our web-based (cloud) solution that offers a streamlined redistricting experience.

HUFFMAN003144

MORe has many capabilities including:

- Serving multiple users in a secure environment that provides access from any location using a desktop, laptop or tablet.
- Access to it is not operating system specific and works well with Microsoft Edge, Firefox, Google Chrome and Safari.
- You can have numerous implementations of the tool for different sets of users. For example, you may have an internal site for Legislators and another public-facing site for constituents.
- MORe is highly customizable and can be implemented as a full-featured public plan creation tool, as simple plan review and commenting tool, or anywhere in between.
- We can work with you to create tools that will automatically evaluate submitted plans to ensure they comply with minimum requirements for plan submission. You may even want the ability to run reports on submitted plans and conduct other plan analysis to evaluate fit and fitness.
- All customization is done to your specifications and billed at our standard hourly rates.
- MORe integrates with Maptitude for Redistricting for easy plan sharing, collaboration and analysis.

Our current pricing for a single instance of MORe Public is priced at \$80,000 for the first 12 months. Each instance can accommodate up to 50 concurrent users given suitable hardware. Pricing does not include hardware or hosting. If you would like to keep the site up for more than one year, there is a maintenance fee of 15% of the purchase price for each subsequent 12 month period. Our staff can provide their expertise in assisting with setup on your AWS instance at our standard hourly rates. I have attached a quote for your convenience.

Please let us know if we can be of further assistance.

Hello John,

Senator Vernon Sykes, co-chair of the Ohio Redistricting Commission, would like to extend a personal invitation to President Huffman to meet with our map-drawing team that put together the plan presented at this week's commission meeting. This would be an opportunity for President Huffman to see a detailed view of our map, ask questions and provide input. We have given a similar presentation to Auditor Faber. Also, Senator Sykes would be willing to discuss your map ideas. Please let me know if President Huffman is interested and we can proceed with scheduling a meeting.

Pursuant to Article XI, Section 8(C)(2) of the Ohio Constitution, the Ohio Redistricting Commission issues the following statement:

The Commission determined that the statewide preferences of the voters of Ohio predominately favor Republican candidates.

The Commission considered statewide state and federal partisan general election results during the last ten years. There were sixteen such contests. When considering the results of each of those elections, the Commission determined that Republican candidates won thirteen out of sixteen of those elections resulting in a statewide proportion of voters favoring statewide Republican candidates of 81% and a statewide proportion of voters favoring statewide Democratic candidates of 19%. When considering the number of votes cast in each of those elections for Republican and Democratic candidates, the statewide proportion of voters favoring statewide Republican candidates is 54% and the statewide proportion of voters favoring statewide Democratic candidates is 46%. Thus, the statewide proportion of voters favoring statewide Republican candidates is between 54% and 81% and the statewide proportion of voters favoring statewide Democratic candidates is between 19% and 46%. The Commission obtained publicly available geographic data for statewide partisan elections in 2016, 2018, and 2020. Publicly available geographic data for those elections was not available for elections in 2012 and 2014. Using this data, the Commission adopted the final general assembly district plan, which contains 85 districts (64.4%) favoring Republican candidates and 47 districts (35.6%) favoring Democratic candidates out of a total of 132 districts. Accordingly, the statewide proportion of districts whose voters favor each political party corresponds closely to the statewide preferences of the voters of Ohio.

The final general assembly district plan adopted by the Commission complies with all of the mandatory requirements of Article XI, Sections 2, 3, 4, 5, and 7 of the Ohio Constitution. The Commission's attempt to meet the aspirational standards of Article XI, Section 6 of the Ohio Constitution did not result in any violation of the mandatory requirements of Article XI, Sections 2, 3, 4, 5, and 7 of the Ohio Constitution.

I wanted more time to do this. I believed we were close. But I think all four legislative members of this committee had already decided where this would end tonight. We will be back in this room to do this again, and I can assure you the process will be different than what we've seen here.

You're going to be asked by the press for clarity on who wasn't operating in good faith.  
"This was a seven member committee, not just four legislators"

We received a proposed statement prior to receiving the map. Yet another failure of the process.

You're going to be asked by the press for clarity on who wasn't operating in good faith.  
"This was a seven member committee, not just four legislators"

I think when both the legislative D's and R's already had their statements written, it was pathetically clear that this ended where they all wanted it to.

It will be cited in the court against the GOP

Probably not worth it

This rationale is asinine

I should vote no

That was my intention

But yes. It's a temper tantrum vote for no reason

None the less it's asinine.

Second asinine thing I'm voting for tonight

## Article XI, Section 8(C)(2) Statement

Pursuant to Article XI, Section 8(C)(2) of the Ohio Constitution, the Ohio Redistricting Commission issues the following statement:

The Commission determined that the statewide preferences of the voters of Ohio predominately favor Republican candidates.

The Commission considered statewide state and federal partisan general election results during the last ten years. There were sixteen such contests. When considering the results of each of those elections, the Commission determined that Republican candidates won thirteen out of sixteen of those elections resulting in a statewide proportion of voters favoring statewide Republican candidates of 81% and a statewide proportion of voters favoring statewide Democratic candidates of 19%. When considering the number of votes cast in each of those elections for Republican and Democratic candidates, the statewide proportion of voters favoring statewide Republican candidates is 54% and the statewide proportion of voters favoring statewide Democratic candidates is 46%. Thus, the statewide proportion of voters favoring statewide Republican candidates is between 54% and 81% and the statewide proportion of voters favoring statewide Democratic candidates is between 19% and 46%. The Commission obtained publicly available geographic data for statewide partisan elections in 2016, 2018, and 2020. Publicly available geographic data for those elections was not available for elections in 2012 and 2014. Using this data, the Commission adopted the final general assembly district plan, which contains 85 districts (64.4%) favoring Republican candidates and 47 districts (35.6%) favoring Democratic candidates out of a total of 132 districts. Accordingly, the statewide proportion of districts whose voters favor each political party corresponds closely to the statewide preferences of the voters of Ohio.

The final general assembly district plan adopted by the Commission complies with all of the mandatory requirements of Article XI, Sections 2, 3, 4, 5, and 7 of the Ohio Constitution. #### ***Ratio of representation in house and senate.***

§2 Each house of representatives district shall be entitled to a single representative in each general assembly. Each senate district shall be entitled to a single senator in each general assembly.  
(1967, am. 2015)

#### ***Population of each House of Representatives district.***

§3 (A) The whole population of the state, as determined by the federal decennial census or, if such is unavailable, such other basis as the general assembly may direct, shall be divided by the number "ninety-nine" and by the number "thirty-three" and the quotients shall be the ratio of representation in the house of representatives and in the senate, respectively, for ten years next succeeding such redistricting.

(B) A general assembly district plan shall comply with all of the requirements

of division (B) of this section.

(1) The population of each house of representatives district shall be substantially equal to the ratio of representation in the house of representatives, and the population of each senate district shall be substantially equal to the ratio of representation in the senate, as provided in division (A) of this section. In no event shall any district contain a population of less than ninety-five per cent nor more than one hundred five per cent of the applicable ratio of representation.

(2) Any general assembly district plan adopted by the commission shall comply with all applicable provisions of the constitutions of Ohio and the United States and of federal law.

(3) Every general assembly district shall be composed of contiguous territory, and the boundary of each district shall be a single nonintersecting continuous line.

(C) House of representatives districts shall be created and numbered in the following order of priority, to the extent that such order is consistent with the foregoing standards:

(1) Proceeding in succession from the largest to the smallest, each county containing population greater than one hundred five per cent of the ratio of representation in the house of representatives shall be divided into as many house of representatives districts as it has whole ratios of representation. Any fraction of the population in excess of a whole ratio shall be a part of only one adjoining house of representatives district.

(2) Each county containing population of not less than ninety-five per cent of the ratio of representation in the house of representatives nor more than one hundred five per cent of the ratio shall be designated a representative district.

(3) The remaining territory of the state shall be divided into representative districts by combining the areas of counties, municipal corporations, and townships. Where feasible, no county shall be split more than once.

(D)(1)(a) Except as otherwise provided in divisions (D)(1)(b) and (c) of this section, a county, municipal corporation, or township is considered to be split if any contiguous portion of its territory is not contained entirely within one district.

(b) If a municipal corporation or township has territory in more than one county, the contiguous portion of that municipal corporation or township that lies in each county shall be considered to be a separate municipal corporation or township for the purposes of this section.

(c) If a municipal corporation or township that is located in a county that contains a municipal corporation or township that has a population of more than one ratio of representation is split for the purpose of complying with division (E)(1)(a) or (b) of this section, each portion of that municipal corporation or township shall be considered to be a separate municipal corporation or township for the purposes of this section.

(2) Representative districts shall be drawn so as to split the smallest possible

number of municipal corporations and townships whose contiguous portions contain a population of more than fifty per cent, but less than one hundred per cent, of one ratio of representation.

(3) Where the requirements of divisions (B), (C), and (D) of this section cannot feasibly be attained by forming a representative district from whole municipal corporations and townships, not more than one municipal corporation or township may be split per representative district.

(E)(1) If it is not possible for the commission to comply with all of the requirements of divisions (B), (C), and (D) of this section in drawing a particular representative district, the commission shall take the first action listed below that makes it possible for the commission to draw that district:

(a) Notwithstanding division (D)(3) of this section, the commission shall create the district by splitting two municipal corporations or townships whose contiguous portions do not contain a population of more than fifty per cent, but less than one hundred per cent, of one ratio of representation.

(b) Notwithstanding division (D)(2) of this section, the commission shall create the district by splitting a municipal corporation or township whose contiguous portions contain a population of more than fifty per cent, but less than one hundred per cent, of one ratio of representation.

(c) Notwithstanding division (C)(2) of this section, the commission shall create the district by splitting, once, a single county that contains a population

of not less than ninety-five per cent of the ratio of representation, but not more than one hundred five per cent of the ratio of representation.

(d) Notwithstanding division (C)(1) of this section, the commission shall create the district by including in two districts portions of the territory that remains after a county that contains a population of more than one hundred five per cent of the ratio of representation has been divided into as many house of representatives districts as it has whole ratios of representation.

(2) If the commission takes an action under division (E)(1) of this section, the commission shall include in the general assembly district plan a statement explaining which action the commission took under that division and the reason the commission took that action.

(3) If the commission complies with divisions (E)(1) and (2) of this section in drawing a district, the commission shall not be considered to have violated division (C)(1), (C)(2), (D)(2), or (D)(3) of this section, as applicable, in drawing that district, for the purpose of an analysis under division (D) of Section 9 of this article.

(1967, am. 2015)

#### ***Population of each Senate district.***

§4 (A) Senate districts shall be composed of three contiguous house of representatives districts.

(B)(1) A county having at least one whole senate ratio of representation shall have as many senate districts wholly within the boundaries of the

county as it has whole senate ratios of representation. Any fraction of the population in excess of a whole ratio shall be a part of only one adjoining senate district.

(2) Counties having less than one senate ratio of representation, but at least one house of representatives ratio of representation, shall be part of only one senate district.

(3) If it is not possible for the commission to draw representative districts that comply with all of the requirements of this article and that make it possible for the commission to comply with all of the requirements of divisions (B)(1) and (2) of this section, the commission shall draw senate districts so as to commit the fewest possible violations of those divisions. If the commission complies with this division in drawing senate districts, the commission shall not be considered to have violated division (B)(1) or (2) of this section, as applicable, in drawing those districts, for the purpose of an analysis under division (D) of Section 9 of this article.

(C) The number of whole ratios of representation for a county shall be determined by dividing the population of the county by the ratio of representation in the senate determined under division (A) of Section 3 of this article.

(D) Senate districts shall be numbered from one through thirty-three and as provided in Section 5 of this article.

(1967, am. 2015)

***Representation for each house and senate district.***

§5 At any time the boundaries of senate districts are changed in any general assembly district plan made pursuant to any provision of this article, a senator whose term will not expire within two years of the time the plan becomes effective shall represent, for the remainder of the term for which the senator was elected, the senate district that contains the largest portion of the population of the district from which the senator was elected, and the district shall be given the number of the district from which the senator was elected. If more than one senator whose term will not so expire would represent the same district by following the provisions of this section, the plan shall designate which senator shall represent the district and shall designate which district the other senator or senators shall represent for the balance of their term or terms.

(1967, am. 2015)

***Creation of district boundaries; change at end of decennial period.***

§6 The Ohio redistricting commission shall attempt to draw a general assembly district plan that meets all of the following standards:

(A) No general assembly district plan shall be drawn primarily to favor or disfavor a political party.

(B) The statewide proportion of districts whose voters, based on statewide state and federal partisan general election results during the last ten years, favor each political party shall correspond closely to the statewide preferences of the voters of Ohio.

(C) General assembly districts shall be compact.

Nothing in this section permits the commission to violate the district standards described in Section 2, 3, 4, 5, or 7 of this article.

***Boundary lines of House of Representatives districts.***

§7 Notwithstanding the fact that boundaries of counties, municipal corporations, and townships within a district may be changed, district boundaries shall be created by using the boundaries of counties, municipal corporations, and townships as they exist at the time of the federal decennial census on which the redistricting is based, or, if unavailable, on such other basis as the general assembly has directed.

(1967, am. 2015)

***Determination of number of House of Representatives districts within each county.***

§8 (A)(1) If the Ohio redistricting commission fails to adopt a final general assembly district plan not later than the first day of September of a year ending in the numeral one, in accordance with Section 1 of this article, the commission shall introduce a proposed general assembly district plan by a simple majority vote of the

commission.

(2) After introducing a proposed general assembly district plan under division (A)(1) of this section, the commission shall hold a public hearing concerning the proposed plan, at which the public may offer testimony and at which the commission may adopt amendments to the proposed plan. Members of the commission should attend the hearing; however, only a quorum of the members of the commission is required to conduct the hearing.

(3) After the hearing described in division (A)(2) of this section is held, and not later than the fifteenth day of September of a year ending in the numeral one, the commission shall adopt a final general assembly district plan, either by the vote required to adopt a plan under division (B)(3) of Section 1 of this article or by a simple majority vote of the commission.

(B) If the commission adopts a final general assembly district plan in accordance with division (A)(3) of this section by the vote required to adopt a plan under division (B)(3) of Section 1 of this article, the plan shall take effect upon filing with the secretary of state and shall remain effective until the next year ending in the numeral one, except as provided in Section 9 of this article.

(C)(1)(a) Except as otherwise provided in division (C)(1)(b) of this section, if the commission adopts a final general assembly district plan in accordance with division (A)(3) of this section by a simple majority vote of the commission, and not by the vote required to adopt a plan under division (B)(3) of Section 1 of this article, the plan shall take

effect upon filing with the secretary of state and shall remain effective until two general elections for the house of representatives have occurred under the plan.

(b) If the commission adopts a final general assembly district plan in accordance with division (A)(3) of this section by a simple majority vote of the commission, and not by the vote required to adopt a plan under division (B) of Section 1 of this article, and that plan is adopted to replace a plan that ceased to be effective under division (C)(1)(a) of this section before a year ending in the numeral one, the plan adopted under this division shall take effect upon filing with the secretary of state and shall remain effective until a year ending in the numeral one, except as provided in Section 9 of this article.

(2) A final general assembly district plan adopted under division (C)(1)(a) or (b) of this section shall include a statement explaining what the commission determined to be the statewide preferences of the voters of Ohio and the manner in which the statewide proportion of districts in the plan whose voters, based on statewide state and federal partisan general election results during the last ten years, favor each political party corresponds closely to those preferences, as described in division (B) of Section 6 of this article. At the time the plan is adopted, a member of the commission who does not vote in favor of the plan may submit a declaration of the member's opinion concerning the statement included with the plan.

(D) After a general assembly district plan adopted under division (C)(1)(a)

of this section ceases to be effective, and not earlier than the first day of July of the year following the year in which the plan ceased to be effective, the commission shall be reconstituted as provided in Section 1 of this article, convene, and adopt a new general assembly district plan in accordance with this article, to be used until the next time for redistricting under this article. The commission shall draw the new general assembly district plan using the same population and county, municipal corporation, and township boundary data as were used to draw the previous plan adopted under division (C) of this section.

(1967, am. 2015)

*When population of county is  
fraction of ratio of representation.*

§9 (A) The supreme court of Ohio shall have exclusive, original jurisdiction in all cases arising under this article.

(B) In the event that any section of this constitution relating to redistricting, any general assembly district plan made by the Ohio redistricting commission, or any district is determined to be invalid by an unappealed final order of a court of competent jurisdiction then, notwithstanding any other provisions of this constitution, the commission shall be reconstituted as provided in Section 1 of this article, convene, and ascertain and determine a general assembly district plan in conformity with such provisions of this constitution as are then valid, including establishing terms of office and election of members of the general assembly from districts designated in the plan, to be used until the next time for redistricting under

this article in conformity with such provisions of this constitution as are then valid.

(C) Notwithstanding any provision of this constitution or any law regarding the residence of senators and representatives, a general assembly district plan made pursuant to this section shall allow thirty days for persons to change residence in order to be eligible for election.

(D)(1) No court shall order, in any circumstance, the implementation or enforcement of any general assembly district plan that has not been approved by the commission in the manner prescribed by this article.

(2) No court shall order the commission to adopt a particular general assembly district plan or to draw a particular district.

(3) If the supreme court of Ohio determines that a general assembly district plan adopted by the commission does not comply with the requirements of Section 2, 3, 4, 5, or 7 of this article, the available remedies shall be as follows:

(a) If the court finds that the plan contains one or more isolated violations of those requirements, the court shall order the commission to amend the plan to correct the violation.

(b) If the court finds that it is necessary to amend not fewer than six house of representatives districts to correct violations of those requirements, to amend not fewer than two senate districts to correct violations of those requirements, or both, the court shall

declare the plan invalid and shall order the commission to adopt a new general assembly district plan in accordance with this article.

(c) If, in considering a plan adopted under division (C) of Section 8 of this article, the court determines that both of the following are true, the court shall order the commission to adopt a new general assembly district plan in accordance with this article:

(i) The plan significantly violates those requirements in a manner that materially affects the ability of the plan to contain districts whose voters favor political parties in an overall proportion that corresponds closely to the statewide political party preferences of the voters of Ohio, as described in division (B) of Section 6 of this article.

(ii) The statewide proportion of districts in the plan whose voters, based on statewide state and federal partisan general election results during the last ten years, favor each political party does not correspond closely to the statewide preferences of the voters of Ohio.

## **Article XII: Finance and Taxation**

---

### ***Poll taxes prohibited.***

§1 No poll tax shall ever be levied in this state, or service required, which may be commuted in money or other thing of value.

(1851, am. 1912)

### ***Limitation on tax rate; exemption.***

§2 No property, taxed according to value, shall be so taxed in excess of one per cent of its true value in money for all state and local purposes, but laws may be passed authorizing additional taxes to be levied outside of such limitation, either when approved by at least a

majority of the electors of the taxing district voting on such proposition, or when provided for by the charter of a municipal corporation. Land and improvements thereon shall be taxed by uniform rule according to value, except that laws may be passed to reduce taxes by providing for a reduction in value of the homestead of permanently and totally disabled residents, residents sixty-five years of age and older, and residents sixty years of age or older who are surviving spouses of deceased residents who were sixty-five years of age or older or permanently and totally disabled and receiving a reduction in the value of their homestead at the time of death, provided the surviving spouse continues to reside in a qualifying homestead, and providing for income and other qualifications to obtain such reduction. Without limiting the general power, subject to the provisions of Article I of this constitution, to determine the subjects and methods of taxation or exemptions therefrom, general laws may be passed to exempt burying grounds, public school houses, houses used exclusively for public worship, institutions used exclusively for charitable purposes, and public property used exclusively for any public purpose, but all such laws shall be subject to alteration or repeal; and the value of all property so exempted shall, from time to time, be ascertained and published as may be directed by law.
